HOW COVID SPREADS

"it's in the air" COVID loves to travel by air and is shared from person by sneezing and coughing

Sneezing

From handshakes

Coughing

MYTH BUSTERS: MASK EDITION

"There's a hero in all of us" Every one of us can work together to make the world a safer place

"We're all in this together" Wearing mask and keeping social distance keeps our community safe

WEAR a MASK

"Mask Up" Wearing a mask keeps you and your loved ones safe

A majority of children do not experience any difficulty breathing while doing activities with masks!

Wearing a mask is fun- and can save your friends' and family's lives!
