Directors message

The distinctive program of Sydney College of the Arts develops several complementary perspectives on contemporary art practice. Within a context of conceptual and historical approaches, students experience the range of disciplines available here at SCA as well as pursuing their major interest, whether that lies in the broad areas of Media Arts (Electronic and Temporal Arts; Photomedia), Fine Arts (Painting; Printmedia; Sculpture, Performance and Installation), or Object Art + Design (Ceramics; Glass; Jewellery+Metal). The curriculum, though structured to achieve the balance of theory and practice, emphasises multidisciplinary. You have considerable flexibility in working out the emphases that best suit your individual interests and aptitudes, within a program which provides ongoing mentoring, and the opportunity for you to seek advice at all stages.

SCA's reputation for innovation in teaching contemporary visual arts practice is strong. Current grants are funding development of the Foundation program, and a new professional practice module. Other initiatives, centring around a University of Sydney Sesqui-centennial Lectureship in 2D and 3D Visualisation, concentrate on extending digital techniques and practices through all areas of the curriculum. Our graduates, through their professional activities, are influencing the shape of contemporary art, object design, and new media.

The academic staff have active careers as practising artists and scholars in their disciplines. You will be encouraged to exhibit your work, 'in house', and in the nearby student-run Newspace Gallery. The annual exhibitions by graduating students are major events in the Sydney art world calendar.

Sydney College of the Arts campus is an outstanding learning environment, located in Kirkbride, a substantial nineteenth-century building complex, converted into an award-winning project to serve the needs of a modern art school. The facilities, workshops and equipment are of international standard, located in harbourside parkland close to Sydney's centre and to the main campus of Australia's first University. A particular advantage of SCA is that you have the opportunity on this site to get to know academic and technical staff, as well as your fellow students in all years, both undergraduate and postgraduate. You are also able to draw on the resources and traditions of The University of Sydney as a whole.

Welcome to an exciting new phase in SCA's history. Be involved, ask questions, seek knowledge, and seize opportunities.

— Professor Margaret Harris.

1 Profile of SCA

History of SCA

Sydney College of the Arts, The University of Sydney, was the first tertiary art school of its kind in New South Wales. The basic concepts and ideals of what was to become the Sydney College of the Arts were first made explicit in the Gleeson Report of 1970, which drew attention to the need for the establishment in Sydney of '... a corporate college of advanced education ... for the purpose of providing tertiary education for persons preparing for professional careers in art and design'. As no such institution existed in Sydney at the time, the report concluded that 'an excellent opportunity exists to develop such an institution by grouping together resources for advanced education in art, design, art education, dramatic art, film and television, with the possible addition of other appropriate study areas'. Sydney College of the Arts was established on the recommendation of the Gleeson Report.

Of further influence upon the ultimate concepts behind the Sydney College of the Arts was the comprehensive report, 'The Crafts in Australia', made by a Committee of Enquiry under the auspices of the Australia Council. This committee found that '... training in the Crafts, particularly at a tertiary level, is the area of greatest need identified by the Crafts Enquiry. In nearly every capital city in the country, a young person can obtain training for the career of his choice; he cannot do this in the crafts'.

Sydney College of the Arts was constituted under Section 5 of the Colleges of Advanced Education Act, 1975, No. 11 (as amended). In 1976 SCA enrolled its first students when it took over responsibility for Design Diploma Courses previously conducted by the Department of Technical and Further Education. The Visual Arts Program commenced the following year as a completely new program.

Sydney College of the Arts, as originally constituted, was dissolved in January, 1988. The courses of the School of Design are now in the Faculty of Design, Architecture and Building at the University of Technology, Sydney. The School of Visual Art, retaining the name Sydney College of the Arts, became a semi-autonomous component of the New South Wales Institute of the Arts, under the NSW Institute of the Arts Act, 1987.

This was an interim phase in the Governance of SCA which, on 1 January 1990, led to its becoming an academic college of The University of Sydney with status equivalent to a faculty of the university. The founding concepts, ideals and ambitions, as well as the name are retained by SCA.

The provision of a flexible inter-disciplinary approach to education and training in the arts, focusing on practice and theory, is wholly appropriate to the University and context.

SCA mission

The mission of the Sydney College of the Arts is to educate and train those who will practice as makers or interpreters of contemporary art, craft, and design (the visual arts) to be skilled and knowledgeable, innovative and resourceful in their practice.

SCA is international in outlook and will be responsive to changing needs and developments at local, national and international levels appropriate to visual arts theory and practice and, through teaching, scholarship, research, and creative practice; exercising an independent role at the forefront of art education.

SCA Gallery

Sydney College of the Arts launched the SCA Gallery in April 1997 and since then there have been 25 exhibitions in an international and Australian program. The Gallery is physically and functionally at the centre of the campus in the SCA Hall which also houses the Auditorium and the Lecture Theatre. This provides a major facility for faculty programs, public interface and a venue for national and international conferences, symposia and exhibitions. SCA Gallery aims to become one of Sydney's most vibrant public contemporary art spaces. Exhibitions of an international standard present the best in contemporary art, craft

and design. Projects of an innovative and experimental nature are encouraged.

Sydney College of the Arts has two smaller galleries, two foyer exhibition spaces and a number of installation spaces each with their own unique character and features. These are used in addition to the SCA Gallery for large exhibitions and on their own for student or smaller scale exhibitions. The SCA Gallery and the various exhibition spaces contribute to the public profile of The University of Sydney and are a major asset.

SCA Board

The SCA Board determines all academic matters concerning the degrees at SCA. Detailed terms of reference are included in the University of Sydney Statutes and Regulations. These can be obtained through the Faculty Manager. The SCA Board chaired by the Dean or as appropriate a chair is elected by the Board every two years.

2 Overview of SCA

■ Group organisational structure and disciplines

Four organisational groups or teams include disciplines with common interests where specialist and interdisciplinary developments are encouraged - Art (Painting, Printmedia and Sculpture), Object (Ceramics, Glass and Jewellery+Metal), Media (Electronic & Temporal Art and Photomedia), Theory (Theories of Art Practice, including Studio Theory). The groups are designed to foster a team-based approach to course delivery focused on a particular visual arts direction, and cooperation between related visual art fields. In particular, the groups assist in coordinating aspects of the BVA program in Studio Theory, Foundation studio options and technical facilities. The groups are an essential part of the faculty communication process to focus the academic program, particularly through the Program Coordinators as group leaders.

■ Bachelor of Visual Arts (BVA)

The Sydney College of the Arts academic program is focused on achieving flexibility of study options leading to career choice by encouraging students to explore their potential in an interdisciplinary learning environment. Career outcome is fostered through the learning process and built on the premise that SCA is educating for a role in art and design through the teaching of skills, knowledge and practice rather than by providing narrow vocational preparation. Inventive and committed visual arts practice will arise from self-directed and motivated learners, able to negotiate more than one art discipline or to import relevant skills to a specific practice. In this sense, the traditional boundaries between art disciplines that used to separate art practice are irrelevant to contemporary practice, as are strict separation between art, design, craft, and so on.

The Bachelor of Visual Arts is a three year course with a fourth, Honours year offered in three major study streams - Fine Arts, Media Arts and Object Art and Design. In each semester students undertake study in 2 broad areas: Studio and Theory, supported by Technics in the first year. The Foundation Year introduces students to contemporary visual arts study, its theories, histories and studio practices and generic skills. Foundation Studies include an introduction to visual arts studio discipline, 2D, 3D and 4D fundamentals (colour, drawing, representation, building, carving, constructing, time-based processes of sound and video); the language of the two dimensional surface and means for constructing ideas in space and time. During the first year of the course students are introduced to more specialist facilities at SCA.

In years Two and Three, except for the core theory component of Theories of Art Practice, students undertake specialist study within a discipline, or broader interdisciplinary study within the faculty, or with other parts of the University, to pursue the development of supervised individual work through structured group or self-directed projects and undertake studio practice related study in Studio Theory.

Units of study and options are subject to quotas at each level of study. While SCA will attempt to meet preferences, this may affect choice of a discipline in second and third year.

The BVA degree major study streams

The three major study streams offered in the Bachelor of Visual Arts degree are intended to identify course outcomes that students wish to aim towards as their career ambitions. Each represents a different set of approaches and attitudes in the use of knowledge and skills gained in the BVA program. Each has a set of disciplines appropriate to it.

BVA (Fine Arts)

Painting, Sculpture and Printmedia

This stream provides an opportunity for the specialist or interdisciplinary study of contemporary fine arts for those

predominantly interested in becoming practising, exhibiting contemporary artists. Although a number of outcomes are possible through a fine arts education, for most who wish to establish careers as artists, resourcefulness and motivation are essential as it may take some period of dedicated studio work and exhibiting after graduation, and of exercising business skills, to establish a profile sufficient to live from the sale of art works alone. The BVA (Fine Arts) is offered in the following disciplines: Painting, Sculpture and Printmedia. It is also possible to combine study with other disciplines at SCA, or possibly with other units of study available through certain departments of the University of Sydney.

BVA (Media Arts)

Photomedia and Electronic & Temporal Art

This stream provides access to skills and knowledge applicable to various career outcomes in the visual media, gained within a broad arts context, such as in visual communication, broadly defined photo-journalism, film and video, and multimedia design and other digital processes. Disciplines within the BVA (Media Arts) stream are Photomedia and Electronic & Temporal Art. Students may focus on one discipline or explore multidisciplinary study within Media Arts or combine study with other disciplines at SCA, or possibly with other units of study available through certain departments of the University of Sydney.

BVA (Object Art and Design)

Ceramics, Glass and Jewellery+Metal

This stream provides an opportunity for the specialist or integrated study of Ceramics, Glass and Jewellery+Metal aimed at people who wish to become practicing object designers, artists/craftspeople, makers of hand-made functional objects or objects designed for manufacture. Graduates can establish studio/workshops, whether individually or on a cooperative basis, from which to design and make their work. Professional academic staff encourage self-directed learning, which is combined with the support of regular personal tutorials and the added stimulation of visiting artists and designers. It is also possible to combine study with other disciplines at SCA, or with other University of Sydney units of study. Students are encouraged to develop their ideas, to make objects or images in the context of contemporary art, craft and design practice. They gain an appreciation of the historical development of ceramics, glass, jewellery and the designed object.

■ Studios

The studios at SCA are Ceramics, Electronic & Temporal Art, Glass, Jewellery+Metal, Painting, Photomedia, Printmedia, and Sculpture. Quotas apply to studios as study options.

Ceramics

The Ceramics studio embraces a wide range of approaches which lead to various career development opportunities for students who wish to work with clay as a medium. Students interested in becoming exhibiting artists may wish to take a conceptual approach, developing sculptural and installation work. Whereas students wanting to become designer/makers of one-off or production work or work for architectural spaces are encouraged to develop their design skills, including the use of CAD/CAM as well as more traditional production skills such as throwing, mould making and casting.

The studio seeks to develop individual expression within the medium (or across various media) and to challenge the student to explore and expand her/his understanding of contemporary cultural and historical issues.

The development of a comprehensive set of skills and knowledge base of the ceramics medium is seen as essential, as this becomes the basis for a successful outcome. This includes use of kilns, various construction techniques, and surface

development technologies including use commercial materials and design of glazes.

Studies in Ceramics are largely hands-on and are supported by well-equipped workshops, giving students the opportunity to develop a personal visual vocabulary through explorations of concept and form. Tuition covers a wide range of techniques including hand-building, throwing, slip casting, mould making, surface technologies and firing.

Academic staff profiles

Gudrun Klix, Senior Lecturer, Ceramics

Gudrun Klix is a graduate of the University of Wisconsin - Madison and has been living in Australia since 1981. She brings to her teaching and practice a strong interest in sculpture and environmental issues. Her objects and mixed media installations seek to extend the possibilities of the ceramics medium through their wide-ranging use of materials and expressive quality of clay. Her work deals with aspects of the land and its human inhabitants and mythologies. Themes explored include the relationship of man to nature, notions of the feminine, alienation, loss of identity through migration, material and space. In addition to this she has an extensive knowledge of the ceramics medium and an interest in the vessel and associated technologies, including clay and glaze technology and firing. She exhibits widely and has been invited to participate in numerous international exhibitions, residencies, guest lectureships and symposia, including Europe, North and South America, Asia and New Zealand.

Mitsuo Shoji, Senior Lecturer, Ceramics

After graduating from Kyoto University of Arts, Japan, Mitsuo has lectured in Australia, the U.S. A, Europe and Japan. Mitsuo began teaching at SCA in 1978. His work in ceramics is broad, ranging from functional design ware to sculptural objects and experimental work. His main concern is to research traditional ceramics medium and explore his own work, experimenting in new aspects of ceramics and developing new techniques such as ceramic paintings. For the last four years he has been invited to participate in a series of international symposia to produce his work and exhibit, in the Czech Republic Lithuanian, Finland and Turkey. He won the purchase award at Faenza in Italy and the prime award at the Fletcher Challenge International ceramics competition, New Zealand. He is also a member of the International Academy of Ceramics.

Glass

The program of study focuses on designing and making objects with the goal of establishing and developing a contemporary visual practice through research, experimentation and an acquisition of skills. Each studio member is encouraged to realise the wide applications of glass in their work and the possibilities of resolving their ideas using the most appropriate materials and processes available.

The glass studio has access to extensive digital media facilities within the faculty that are available for research, development and refinement of work for one off pieces, limited production or manufacture. Students have access within the studio to an excellent hot glass and casting facility and fully equipped mould making and kiln rooms. There are flame working and sandblasting areas provided and a comprehensive range of cutting, grinding, engraving and polishing equipment.

Professional academic staff encourage self-directed learning, which is combined with the support of regular personal tutorials and the added stimulation of visiting artists and designers.

Academic staff profiles

Maureen Cahill, Senior Lecturer, Glass

Maureen Cahill has worked in the field of contemporary glass since 1972, specialising in architectural glass. Major large scale permanent glass installations include Parliament House, Canberra and World Congress Centre, Melbourne. Her work is in major national and international collections and she regularly exhibits at S.O.F.A. Chicago and New York, USA. She is currently a director of Craft Australia and is committed to promotions of Australian contemporary glass by curating touring exhibitions for national and international audiences.

Jewellery+Metal

Jewellery+Metal focuses on the designing and making of small-scale to large-scale work in the disciplines of contemporary jewellery and object design. Excellent facilities are provided,

including fully equipped casting, enamelling and metalsmithing rooms and the SCA Wood and Metal Workshop for larger scale work.

The program engages students in conceptual and practical investigations through specific and self initiated projects designed to develop their ideas through extensive research, experimentation and the acquisition of technical skills.

A broad range of appropriate materials and processes are engaged to realise ideas producing outcomes including work of a utilitarian and conceptual nature. The work itself may take the form of one-off pieces, small runs of production work to be placed in galleries and shops, design for manufacture, or commission work.

Academic staff profiles

Mark Edgoose, Lecturer, Jewellery+Metal

Through his commitment to teaching and his studio practice, Mark Edgoose has set out to rigorously challenge what constitutes contemporary object design and making. His extensive national and international experience brings an informed, broad and interdisciplinary understanding of the role of the object. Aligned with this is a desire to pursue skill, new and appropriate technology/material and thoughtful (sometimes playful) detail. Mark's applied knowledge of traditional and contemporary object design and making and interests in architecture and the objects location, connection and intervention in today's world allows for an independent and varied approach, where the languages of material and of process are inextricably linked to aesthetic and conceptual concerns.

Electronic & Temporal Art

Electronic & Temporal Art includes the time-based art practices and technologies of Video, Film, Sound and Multi-media/ Computer-generated Art. These practices have wide application and may form a basis for further career development. A general grounding is offered in preparation for the specialised practice in a particular medium, or for work utilising two or more technologies, or of work made in conjunction with other visual arts disciplines at SCA. The program focuses on the use of electronic and mechanical means for the production of time-based works of art. The orientation of the course is towards work appropriate in scale and means to the art context, incorporating skills and concepts that may have much broader applications.

Facilities include film editing, sound and video recording and editing rooms, film/video and sound recording studios and a computer laboratory to support multimedia, digital production.

Academic staff profiles

Mahalya Middlemist, Associate Lecturer, Electronic & Temporal Art

Mahalya is completing a CD ROM artwork in collaboration with media artist Justine Cooper. The project has been funded by the New Media Arts Fund of the Australia Council. Mahalya also has a history of collaboration with Sydney-based dancer Sue-Ellen Kohlar, in the production of both dance films and live performance works, which incorporate projected film and video. Mahalya is Academic Advisor to Year 2 in the Electronic & Temporal Art Studio and is a member of the SCA Research Committee.

Geoffrey Weary, Lecturer, Electronic & Temporal Art

Geoffrey Weary's art practice is based in film and photography in the context of digital media art production. He has exhibited widely in Australia and internationally. His recent work has involved an exploration of the space of the Museum as a psychological, emotional and physical entity. In 1998 he was awarded the Australia Council Rome Studio Residency. Geoffrey Weary is the Academic Advisor for Years 2 and 3 in the Electronic and Temporal Art Studio. He is also the Coordinator for Postgraduate Coursework Degrees at SCA.

Photomedia

In Photomedia, students may explore a variety of approaches to photography as a medium. The program emphasises conceptual and practical investigations through specific projects designed to promote the acquisition of technical skills and foster individual interpretations and aesthetic development.

Photomedia program includes chemical photography and electronic photomedia. It offers a wide range of theoretical and practical skills as a basis for contemporary art, gallery, advertising or editorial photography practice. A number of study

options are offered from the second year of the course covering a cross-section of photographic investigation: photo-installation, extended and alternative processes, photo-illustration, documentary photography and digital imaging: each dealing with specialised theoretical concerns and techniques. Whilst students are encouraged to explore a variety of approaches to the medium initially through assignments followed by self-initiated projects, an increasing degree of specialisation is expected of senior students. Facilities and instruction are available in B/W and colour developing and printing, mural enlarging, alternative processes and digital imaging.

Studies in Photomedia are supported by black/white and colour darkrooms, mural and copy rooms and a well-equipped lighting studio. The SCA Computer Laboratory augments the computer resources to support digital photography.

Academic staff profiles

Anne Ferrari, Lecturer, Photomedia

Anne Ferran is a former student of both Sydney College of the Arts and the College of Fine Arts, University of NSW. She works primarily in photomedia with incursions into video, installation art and writing. Her current work examines the residues of Australia's colonial past, especially in relation to the lives of women and children. This interest in fragments that have survived the effects of time has led her to work with archives, collections and sites in NSW and recently in Tasmania. She exhibits regularly and her work is represented in most major public collections in Australia. She was awarded the NSW Women and Arts Fellowship in 1999.

Steven Lojewski, Senior Lecturer, Photomedia

Steven Lojewski's photographic practice focuses on an exploration of cultural and geographic environments, attempting, through photography, to make sense of his surroundings. He deals with cultural aspects of Australian society, often depicting the mundane and ordinary in an approach which brings together an anthropological interest and an exploration of visual language. His photographic practice is not fixed on fine art expression, but equally sees its role as archiving and recording issues of historical and cultural significance.

Painting

Painting is addressed in its historical continuum and as a category of contemporary art. It is broadly defined as an extended practice with a broad range of representational and non-objective, material, spatial and intellectual possibilities. The object, colour and surface, installation and arrangement, the readymade, the role of typography, photography, digital processes and printmaking may each profoundly impact on painting as a contemporary practice. In the course these are explored through focused and self-initiated projects. As their studies progress, students are encouraged to develop their own approaches and set their own parameters to create a valid studio practice.

Whilst the studio is the primary site for the practice of painting, paint and stretcher preparation areas and an epidiascope and projection room are adjacent to the studios. The faculty workshops for wood and metal and other facilities, including the SCA Computer Laboratory, support the work of students focusing on painting.

Academic staff profiles

Brad Buckley, Associate Professor, Painting

Throughout the 1970s, Brad Buckley travelled widely throughout North America and Europe. Attending St Martin's School of Art in London and between 1980 and 1982 Rhode Island School of Design in Providence, USA where he graduated with a Master of Fine Arts. His work has been exhibited widely in Australia, Europe and America, most recently the CAST, Hobart, Kunsterhaus Bethanien, Berlin and Franklin Furnace, New York. Buckley is the recipient of various grants and scholarships and in 1990, he was awarded the PS 1 Institute for Contemporary Art Fellowship from the Australia Council. During 1997, he was Visiting Professor at the National College of Art and Design in Dublin and he is an Associate Professor in the Sydney College of the Arts, The University of Sydney. During 1999, he convened with John Conomos; a series of forums at Artspace Visual Arts Centre in Sydney titled 'The Republics of Ideas'. These forums explored the rhetorical, political and cultural implications of an Australian republic. In September 2001 Pluto Press published an anthology *The Republics of Ideas* edited by Buckley and John

Conomos. Brad Buckley is presently the Chair of the Board of Artspace Visual Arts Centre, Sydney.

Debra Dawes, Lecturer, Painting

Debra Dawes holds a Doctorate of Creative Arts from the University of Wollongong and a Graduate Diploma in Visual Arts from Sydney College of the Arts where she studied painting in the mid 1980s and was at the same time, co-director of Union Street Gallery in Sydney. In 1982 she was awarded a Diploma in Visual Art from the Newcastle College of Advanced Education. Dawes' work is represented in several collections including the Art Gallery of New South Wales, National Gallery of Victoria, Art Gallery of Western Australia, National Gallery of Australia and New England Regional Art Museum, Armidale. Debra Dawes has held solo shows since the early 1980s such as *Starlite* at the Art Gallery of New South Wales and Wollongong City Art Gallery. Her work has been shown in group exhibitions at the Art Gallery of New South Wales, The National Gallery of Victoria, University Art Museum, The University of Queensland, Institute of Modern Art, Brisbane and Monash University Gallery, Melbourne.

Matthys Gerber, Lecturer, Painting

Born in the Netherlands and in Australia since 1971, Matthys is an artist who works primarily with painting and photography. The work tends to hover uncomfortably between abstraction and representation, seeking out the failings of images and superimpositions of contradictory painting techniques. Any technique can be used, from photorealism to geometric abstraction. Matthys regularly exhibits in Australia and overseas and is represented by Sarah Cottier Gallery in Sydney.

Printmedia

The Printmedia Studio covers a range of print processes that extend from fine art printmaking through to digital graphics programs. Its core areas include Etching and Relief Printing, Digital Print, Screen Printing and Lithography.

The Studio program focuses on the development by each student of their own independent art or design practice. The course provides students with appropriate technical skills and an accompanying program of tutorials and lectures helps them to locate their work and creative thinking within a contemporary art and design context. Students are expected to work in an independent and exploratory way, developing their own ideas through an ongoing process of experimentation, research and creative intuition. Technical skills are taught in a series of studio based projects which cover all of the key print mediums. The studio offers courses in the digital imaging programs Photoshop and Illustrator.

Excellent workshop facilities support the core print mediums. Access to the College's Computer Laboratory and to digital colour printing facilities is structured into the course.

Academic staff profiles

Mirabel FitzGerald, Senior Lecturer, Printmedia

Graduated from The Byam Shaw School of Art, London, (NDD) and the UNSW, (MFA), Mirabel FitzGerald has been teaching in the visual arts since 1966 and exhibiting both in Australia and internationally. Her practice seeks to extend the possibilities of prints in relation to scale, surface and drawing. Influenced by research and travel in Asia, particularly China, Mirabel FitzGerald's current work employs ink rubbing on paper exploring the architectural fabric of buildings and their implied histories.

Justin Trendall, Associate Lecturer, Printmedia

Justin Trendall completed a Master of Visual Arts at Sydney College of the Arts in 1994. He works primarily within the mediums of digital graphics, screenprinting and photography, exploring the convergence of technology and cultural identity in the modern world. His visual influences include the contemporary urban landscape, the decorative traditions of pre-industrial societies and the aesthetics of text.

Sculpture

Sculpture is taught on the premise that it addresses the language of three-dimensional space through the manipulation of materials and objects and thus addresses a relationship between the body, the object and space. Contemporary sculpture may include temporal as well as spatial approaches: installation and performance, photography, film, video and audio works. It incorporates concepts and processes central to its history such as

casting, carving, welding and the assembling of objects and the building of structures that articulate space. Also included in the core program are new technologies such as the visualisation techniques of 3D computer modelling and digital imaging.

Studies in Sculpture are supported by several excellent technical facilities such as the SCA wood and metal workshops, computer laboratories, plaster/clay studios, stone and wood carving workshops and metal forge.

Academic staff profiles

Tom Arthur, Senior Lecturer, Sculpture

A graduate of the School of Boston Museum of Fine Arts and Tufts University, Tom Arthur is principally known as a conceptual installation artist, whose works incorporate a wide range of processes, materials and contextual sitings. Tom's work is included in many private and public collections, has been exhibited in Australia and abroad, including Project and Survey exhibitions in the Art Gallery of NSW, the National Gallery of Victoria, The Australian National Gallery, the Serpentine Gallery in London, and several international Biennales and the Australian Perspective. Tom is a long-standing advocate and collector of traditional and contemporary indigenous art of Oceania.

Michael Goldberg, Lecturer, Sculpture

Michael Goldberg graduated in 1976 with a Bachelor of Fine Arts (Hons.) from the Michaelis School of Fine Art, University of Capetown. He received a Master of Fine Arts (Hons.) from the UNSW College of Fine Arts in 1996. Currently he is enrolled in the PhD program at COFA. The current themes of Goldberg's practice have been informed by Australia's early colonial period with particular reference to locations of historical significance in the Sydney region. Site-responsive installations have been created for Elizabeth Bay House, Tusculum, the Royal Botanic Gardens and the Art Gallery of New South Wales. His work was most recently exhibited at the Bathurst Regional Art Gallery as part of the sesqui-centennial anniversary of the discovery gold in Australia. Curatorial projects are also of prime interest. 'Artists in the House!' and 'Swelter' were produced for the Historic Houses Trust of NSW and the Royal Botanic Gardens and Domain Trust, respectively. These exhibitions both featured present (Tom Arthur) and past (Nigel Helyer) SCA staff-members. In 2001 Goldberg was the recipient of an Australia Council Grant for New Work. Project proposals are being developed for Artspace, the Museum of Sydney and the old Government Mint.

Margaret Seymour, Lecturer, Sculpture

Margaret Seymour is an installation and new media artist. She completed a Master of Visual Art at Sydney College of the Arts in 1998 and has exhibited site-specific works in various artist run galleries and public buildings in Sydney. Margaret combines her interest in new media technologies - including 3D computer modelling, digital imaging, interactive and web based applications - within a hybrid practice incorporating installation, sound and digital video. Her teaching and research emphasise a critical engagement with new media and creating links between existing and emerging art traditions.

Theory units of study

The Theories of Art Practice program provides an introduction to contemporary and modern art, media, craft and object design history & theory. Theories of Art Practice is designed to be supportive of studio work. The program includes Core and Studio components which extend over the full four years of the undergraduate course.

Core Theory addresses **History, Criticism and Theory of Art and Design Practice, Critical Theory, and History of Ideas** and provides the central theoretical and historical framework of visual arts study.

Studio Theory addresses contemporary concerns particular to studio practices in Fine Arts, Media Arts and Object Art and Design. The focus of Studio Theory is on objects and artworks and the actions of artists. Consequently Studio Theory has a practical and actual aspect which bridges between studio practice and Theories of Art Practice.

The program is designed to develop students' written, verbal and critical skills through essays, class discussions and other projects. Students from all disciplines come together in lecture, tutorial and seminar programs. From time to time, the regular teaching program is augmented by field trips to art museums and galleries. Visits to exhibitions and other special events take

advantage of SCA's proximity to Sydney's active contemporary art scene.

Each strand is individually assessed.

Academic staff profiles

Eril Batty, Lecturer, Theories of Art Practice

Eril Baily combines a pre-academic career in advertising with an academic career in philosophy. Her primary fields of interest and research are analysing the effects of historic symbolic constructs on contemporary visual practice, and the impact of technology on concepts of subjects and culture. In her spare time, Eril writes baroque fictions.

Christina Davidson, Lecturer, Theories of Art Practice

Christina Davidson has published widely in the field of Contemporary Australian art and is currently researching contemporary German art. Her special interests include Postcolonial and Transcultural Theory; regional cultural exchange; relations between theory, criticism and practice in contemporary art.

Ann Elias, Senior Lecturer, Theories of Art Practice

Ann Elias lectures in the c-ore program of Theories of Art Practice. She has helped design undergraduate courses for arts practioners with the intention of demonstrating the connections of theory and practice. Her research concentrates on the area of still life and decorative aesthetics. She has written about objects that have been peripheral to traditional Art History, but have been part of mainstream culture, including flower painting, cake decorating and photography.

Studio units of study

Studio Major - 16 credit points

Students undertake study in a 16 credit-point studio-based discipline from second year on. The Studio Major provides a focussed study in one of the eight disciplines. Please note that quotas apply to all course components and that the outcome of the previous level of study may affect access to your choice of areas of discipline. From the second year of the course onward work is increasingly directed towards independent study through group tutorials working towards a specific student-identified course outcomes in Fine Arts, Media Arts or Object Art & Design.

Cross-disciplinary study and Studio Minors - 8 credit points

Work in one of the eight disciplines may be combined with units of study offered by other faculties of the University of Sydney from the second year of the BVA onwards. Generally, students who wish to pursue study in another faculty enrol in an 8 credit point Studio Minor.

It is also possible for students to undertake an interdisciplinary 'double minor'. Students who wish to pursue this option enrol in two individual 8 credit point studio minor units of study. This enables students to further tailor their study to their desired outcomes.

An 8 credit point Studio Minor may also be undertaken by students from other faculties of The University of Sydney subject to the availability of facilities.

Theory units of study

The Theories of Art Practice program provides an introduction to contemporary and modern art, media, craft and object design history & theory. Theories of Art Practice is designed to be supportive of studio work. The program includes Core and Studio components which extend over the full four years of the undergraduate course.

Core Theory addresses **History, Criticism and Theory of Art and Design Practice, Critical Theory, and History of Ideas** and provides the central theoretical and historical framework of visual arts study.

Technical instruction

Technics is an essential component of the undergraduate program at SCA. Technics involves technical workshops in specific core skills and processes and related occupational health and safety, to be further developed in studio-based learning. Foundation Technics includes skills and techniques related tuition, relevant to projects and facilities. Please refer to the Student Information section for details on Safety Equipment.

Time for completion

The minimum time within which you may become eligible for the Bachelor of Visual Arts is six (6) semesters unless this is adjusted for advanced standing.

The maximum number of semesters which you may take to complete requirements for the Bachelor of Visual Arts is eight (8) semesters (excluding periods of leave) unless this is adjusted for advanced standing. Requirements for a pass degree must be completed within eight (8) years of initial enrolment, including periods of leave.

■ Bachelor of Visual Arts (Honours)

The objective of the Honours year is to provide students who have qualified for or been awarded an undergraduate pass degree in visual arts (not more than three years previously) the opportunity to extend their potential in studio work and research skills. Students may continue to work in the area of their undergraduate study or undertake research in a different area. Honours study allows students to prepare for higher degree study by research in the field of creative practice. The course is pursued predominantly through studio-based work, supported by a Research Paper of 5000 words. It is also possible to undertake the course predominantly by dissertation of 15,000 words. In this case the program will provide an opportunity to develop a deeper understanding of the theoretical and critical issues that affect art making to prepare students for higher degree study in art history, theory or criticism. Students are expected to have developed a focus and direction in their work and be prepared for working in a tutorial environment with a supervisor. They also participate in seminars and attend lectures as required. Students are examined at the end of the course at the Degree Show. Entry to the Honours program is based on a minimum academic requirement of credit average and is competitive by proposal, interview and portfolio. Candidates nominate study by Studio Project and Research Paper or Dissertation and Minor Studio Project.

Admission to Honours year

You will need to have qualified for a Pass Degree in Visual Arts or have an equivalent qualification. Admission is competitive and not all eligible applicants can be offered candidature. Honours may be undertaken primarily by studio work with a research paper or by dissertation with a studio component.

To be eligible for admission, applicants would normally have a minimum average weighted grade of credit over the first three years of undergraduate study. The formula used can be obtained from the Student Administration office. You can apply up to 3 years after the completion of your Pass degree. You may be interviewed if you are not a current Third Year SCA student. Applicants are selected on the basis of their undergraduate grades and studio and paper project proposal. Application may be made for study in an inter-disciplinary mode, in which case an

application may be considered by more than one visual arts discipline. Interviews, if required, will take place in November. If you are offered a place, candidature cannot be deferred

External applications for Honours

Please contact Student Administration Office (02) 9351 1104 for details.

Honours supervisors

Each student is assigned a supervisor for the general supervision of studio and written work, seminar preparation and other requirements of the course studies, has the responsibility for maintaining regular contact with the appointed course supervisor, maintaining ongoing studies consultation and to a schedule of dates for the presentation of drafts. Meetings are expected to be at least fortnightly.

The supervisor will maintain a record of progress and at the end of first semester a summary of progress will be provided to the candidate and Postgraduate Convenor.

Honours examination

The final examination of candidature for B VA(Hons) will take place at the Degree Show at the end of the course.

Studio work and paper will be examined by a panel of two, one not being a member of SCA staff. The research paper or dissertation is normally assessed at the same time. You will need to include in your submission a supporting visual record of work completed during candidature and a notebook documenting the developmental process in the course.

Students who (by virtue of taking leave, or for any other reason) conclude their studies at mid-year, must submit their research paper or dissertation at that time, but will not be assessed until the Exhibition.

Following approval of examiners, SCA will arrange a meeting of the candidate and the examiner who is not a member of SCA staff, to familiarise the examiner with work to be submitted.

Levels of Honours

Percentages are calculated as weighted average mark (WAM). Student Administration Office can advise the formula. The following levels of Honours apply:

First Class: 80-100%

Second Class, Division 1: 75-79%

Second Class, Division 2: 70-74%

Third Class: 65-69%

Honours not to be awarded: less than 65%

■ BVA application procedures

Academic requirements

The basic academic requirement is the NSW Higher School Certificate or its interstate or overseas equivalent. The UAI (University Admission Index) is used as an indicator of ability to undertake studies at tertiary level and therefore SCA would not normally accept applicants with a UAI below 70. Mature age (21 by 1 March in the year of admission) applicants who have not satisfied the normal academic requirements may be eligible for admission to the Bachelor of Visual Arts program under provisions for mature age application.

Additional criteria

Applicants fulfilling the requirements above will be selected on merit based on portfolio presentation and interview, (see Selection Process below). Two or three unit Visual Art and HSC English and History are seen to be useful to this course.

Application procedures for local students

There are 3 steps in the application process for undergraduate study as follows:

1. You need to lodge an application listing one or more of the streams within the Bachelor of Visual Arts at Sydney College of the Arts as preferences with the University Admission Centre (UAC) by the due date
2. You need to also complete and submit an SCA Undergraduate Questionnaire to Sydney College of the Arts by the due date (normally the last business day in September in the year before entry). Questionnaire forms will be sent to all UAC applicants indicating a preference for SCA. Sample forms can be found on the SCA Web site at www.usyd.edu.au/sca/.

3. An interview and portfolio presentation will be arranged on the basis of the questionnaire. This is a requirement. These interviews will take place from mid-November. If you are from interstate or a country area, or there are other special circumstances which make attendance impossible, you may send your portfolio or slides with a brief commentary on your work. If you are a mature age applicant, you will also need to provide information about professional or other relevant experience pursued since leaving school. International students will need to send a portfolio for evaluation with your application.

Selection process - presentation of portfolio

Students are selected on the basis of the interview and portfolio presentation process. This is a single process and a score is given based on assessment of five criteria. It is the overall score out of 100 (20 for each component) that is used to rank applicants. The interview panels evaluate the applicants based on the following criteria:

- commitment/vocational interest
- cultural awareness
- intellectual/critical skills
- communication and literacy skills
- portfolio.

Portfolio requirements

You should bring up to ten (10) examples of work to the interview. Actual examples are preferred, however, photographs or slides of work are acceptable, particularly for works larger than 56 centimetres by 76 centimetres, or portfolios sent by mail. SCA recognises the differences of opportunity to acquire a body of work and prior experience in the preferred major study is not essential.

Provide items you believe are relevant and representative; not necessarily works which are related to your intended area of major study. School leavers are encouraged to include their Visual Arts Process Diary. The assessment of the portfolio is based on the following criteria: the potential for skill development, evidence of hand-eye skills, articulation of a sustained idea or concept and the demonstration of a high level of lateral or creative thinking or a high level of creative process.

Admission for Advanced Standing

You may be eligible for advanced standing for relevant tertiary study previously completed and exemption from equivalent SCA units to a maximum of 50 percent of the Course (72 credit points).

If you are granted exemption in units of study to the equivalent of one year of full time study (48 credit points) or more, you will be admitted on the basis of the questionnaire and interview.

Application procedures for international students

If you are NOT an Australian citizen, a permanent resident or a citizen of New Zealand, you will be considered as an international student, and can be accepted into the University only on a full-fee basis. Two applications are required: a current International Students' application form and a SCA Application, indicating the proposed program of study, together with slides of recent work and curriculum vitae.

Applications forms are available from SCA Student Administration office:

Sydney College of the Arts
 Locked Bag 15
 Rozelle NSW 2039 Australia
 Phone: Helen Sharpe, (02) 9351 1106.
 Fax: (02) 9351 1199
 Email: h.sharpe@sca.usyd.edu.au

Application forms for SCA are also available from The University of Sydney International Office. When completed, these forms must be sent to The University of Sydney International Office.

Instruction in The University of Sydney is in English. If it is not your first language, you must demonstrate a proficiency in English before admission can be confirmed. The following are the acceptable language qualifications for Sydney College of the Arts:

- TOEFL: 575 or better plus TWE (Test of Written English) at 4.5+
- IELTS: Overall band score of 6.5 or better
- Cambridge Certificate of Proficiency in English, Grades A or B.

Scores more than two years old cannot be accepted. Please note that if you are taking TOEFL, the TWE must also be taken. Results of the TOEFL examination must be sent directly to The University of Sydney, International Office from TOEFL/TSE Services at Princeton USA. TOEFL results cannot be accepted unless they are sent directly from Princeton.

Closing dates for international applications

For commencement in March semester, 31 October (of preceding year). Applications should be lodged with:

The International Office
G12 Services Building
Cnr Abercrombie & Codrington Streets
The University of Sydney NSW 2006 Australia
Phone: (02) 9351 4079

Special admission for educational disadvantage

The University's Special Admission Scheme provides a means of entry for people who have not satisfied the University's normal requirements, due to disadvantage. Applicants in the category will be required to provide evidence of a capacity to succeed at course work at University level and satisfy additional selection criteria outlined below.

Eligible local students are selected on the basis of the interview and portfolio presentation process. This is a single process and a score is given based on assessment of five criteria. It is the overall score out of 50 (10 for each component) that is used to rank applicants. The interview panels evaluate the applicants based on the following criteria:

- commitment/vocational interest
- cultural awareness
- intellectual/critical skills
- communication and literacy skills
- portfolio.

Persons applying under the Educational Disadvantage entry provisions should contact the Special Admissions Officer, University of Sydney, phone (02) 9351 3615, fax (02) 9351 4013, email info@io.usyd.edu.au.

■ Procedures and requirements

Any enquiries about procedures or requirements should be directed to the Student Administration Office. Please do not hesitate to ask questions if any information contained in this handbook is unclear or does not cover your particular situation.

Requirements for the award

Candidates for the BVA must complete at least 144 credit points as follows:

Foundation year

48 credit points as prescribed (24 credit points per semester)

2000 level

48 credit points as prescribed (24 credit points per semester). A maximum of 16 credit points may be undertaken in another Faculty with approval.

32 credit points in Studio. Up to 16 credit points may be undertaken in another Faculty with approval.

8 credit points in Theories of Art Practice and

8 credit points in Studio Theory or 8 credit points may be undertaken in another Faculty with approval from the July Semester.

3000 level

48 credit points as prescribed (24 credit points per semester). A maximum of 16 credit points may be undertaken in another Faculty with approval.

32 credit points in Studio up to 16 credit points may be undertaken in another Faculty with approval.

8 credit points in Theories of Art Practice and

8 credit points in Studio Theory or 8 credit points may be undertaken in another Faculty with approval.

Satisfactory progress

Candidates are expected to satisfactorily complete at least 50 per cent of the credit points in which they are enrolled each semester. Candidates, other than those who are completing their degree, who do not complete sufficient credit points, or who fail the same unit of study twice, may be asked by SCA Board to show cause why they should be allowed to re-enrol in the following year. If they are allowed to re-enrol, SCA Board may impose additional conditions on their re-enrolment.

If SCA Board does not accept a candidate's explanation for failure to complete the required number of credit points, SCA Board can exclude the student for a minimum of two years. After two years, the candidate can apply to SCA Board for re-admission and, if re-admitted, will be bound by the regulations then in force.

Absence

Students who, for medical or other reasons, are unable to attend for a period of five days or more, are asked to provide the Student Administration Office with medical certificates, or other documentation where appropriate, within seven days of their return. All information is held in absolute confidence. It is best to advise your lecturers directly by phone if you are missing classes. All staff have voicemail facilities on their phone extension so messages can be left at any time.

Students are discouraged from submitting certificates for absences totalling less than one week (although frequently recurrent short absences would need documentation).

While it is important to ask for a medical certificate for illness of longer than a few days duration at the time of the first visit, there is no need to submit it unless the illness becomes prolonged or further frequent absences are required.

Attendance requirements

You are required to attend 90 percent of classes. If you have been absent without approval or explanation, such as a medical certificate, from more than ten percent of the classes in any one semester in a particular unit, you may be considered to have failed to complete requirements and consequently to have failed the units of study.

Correspondence

All official correspondence with SCA should be addressed to SCA Faculty Manager, Locked Bag 15, Rozelle NSW 2039.

Progression

You must successfully complete at least twelve (12) credit points each semester before being eligible to proceed to the next level of study.

Show cause

The Sydney College of the Arts Board may require you to show good cause why you should be allowed to re-enrol in the degree if, in the opinion of the Board, you have not made satisfactory progress towards fulfilling the requirements.

A student who:

- a. has failed to gain at least twelve (12) units in a semester where twelve (12) units or more are attempted; or
- b. has failed to gain all units in a semester where less than twelve (12) units are attempted;
- c. has failed the same unit of study for the second time shall be deemed not to have made satisfactory progress.

Exclusion

In accordance with the Senate Resolutions relating to 'Restrictions upon re-enrolment', students will be excluded from re-enrolment for a period of two (2) years if they are deemed by SCA Board to have failed to establish a cause for the continuance of their course of study.

Students who have been required to show cause and who fail to do so, shall be automatically excluded.

Students who have been excluded and wish to re-enrol may re-apply for admission after a period of two (2) years.

Extensions

Extensions of time for submission of work must be approved in writing, on the appropriate form, with a signature from your lecturer. A penalty of 1 percent per day will apply to late submissions with no approval.

Extensions can only be granted by your lecturer up to a certain date (the Student Administration Office can advise you of this date). In cases of illness or for some other genuine reason you cannot attend your summation assessment meeting, you should notify the Student Administration Office immediately and provide medical certificates or other appropriate documentation. A new time must be made to complete assessment **before expiry of the above date**. You must discuss completion of assessment with your academic advisor as soon as possible.

External coursework and cross credit study

You may request to undertake units other than those specifically prescribed for the course either:

- in addition to the normal requirements (up to a max. of 32 credit points); or
- in place of some electives indicated (up to a max. of 32 credit points).

Please Note: this is not an option if you are undertaking an interdisciplinary major study involving units from another faculty.

These units may be offered by the University of Sydney or another institution. If credit is required, then approval must be obtained beforehand for the substitution or addition. You are advised to consider carefully the timetable implications and work requirements of study undertaken in other faculties or institutions. You will need to complete the appropriate form from Student Administration and attach course outlines of the intended study, in the semester prior to intended study. It is your responsibility to ensure you comply with any requirements of the other faculty or institution.

Finalising of results

Assessments for all units of study will be finalised at the end of each semester except where:

- The Unit is a full year study;
- an examiner is not able to recommend that an incomplete result becomes a Pass or Fail grade, the Board of Examiners may, in exceptional circumstances, extend the period for finalising the result;
- a student who has already completed six (6) semesters of full-time study towards the degree and is completing an outstanding unit to qualify for the award. If the examiner is not able to recommend that an incomplete result becomes a Pass or Fail grade, the Board of Examiners may extend the period for finalising the result.

Finalising of results - recommendation of grades

A grade is not recommended to the Board of Examiners until after the Review Summation at the end of the semester. The recommended grade is to be decided at a meeting of all academic staff in the Studio/Study Area involved with the implementation of the course and supervision of students. This assessment meeting should include a member of staff from another Studio/Study Area.

This meeting *may* be preceded by an interview between a student's Academic Adviser and a student in the manner of interim reviews, however this is not a requirement. If so, the inclusion of other academic staff in an interview with each student is not proscribed.

Finalising of results - grade queries and appeals

Following receipt of your results you may wish to discuss, query or appeal your grade.

In the first instance you should arrange a time to meet with your Year Convenor. These staff will have specified particular times for this purpose, normally in the case of first semester courses, during the first two weeks of the second semester or in case of the second semester courses, between the beginning of February and the end of second week of first semester the following year. You can make an appointment through the Student Administration Office. The review will not mean a re-examination of your work, but a detailed check of the assessment process to ensure that due academic process has taken place and that no part of your performance or circumstances have been overlooked.

At this meeting you should clarify:

- the basis of your query and reason for the requested amendment if applicable
- whether there was an oversight or mistake in grading
- the criteria used to determine the grade.

The staff member will advise Student Administration in writing if the grade is to be changed and you will receive a copy of the advice. If there is no amendment and you wish to appeal the decision then you will need to lodge a Grade Appeal with the Student Administration officer.

The appeal will then be considered by the Grade Appeals Committee (which is appointed each year by the Undergraduate and Teaching Committee), as soon as possible. This is a more formal process and you must be sure of documenting sufficient grounds for your case to be heard.

The Chair of the Appeals Committee will request from your Academic Adviser and Year Convenor:

- the relevant course outline
- written explanation of how the grade was determined
- any other relevant material

The Committee will convene and will interview all parties separately. You do not have to appear if you do not wish to.

The Committee will make a decision which will be communicated in writing to you including the reasons for the decision.

Information to be provided to students

Students should be provided with the following information at the commencement of each semester as appropriate to their level of study:

- name of *Academic Adviser*, days and times of availability for consultation
- frequency of *one-to-one tutorials* with Academic Adviser (approximately every two to three weeks)
- *course outline* and *timetable*
- a copy of the *assessment criteria* and *definition of grades*
- *attendance requirements* in each course
- *reading list* if appropriate
- *deadlines* for submissions of work if specified
- *other requirements* of the degree/course such as:
 - *minimum amount of work expected* and guides for it such as number of words, scale, complexity and sufficiency of number of works to judge development throughout the semester. For example, although the number of works required will depend upon the scale and complexity of each, one large work for a semester would not be considered adequate.
 - expectations for *participation* in tutorials/seminars or collaborative work
 - expectations regarding *method of submission* or presentation of work
 - expectations for *development of competence and innovation*
 - expectations for *quality* or standard of work in terms of critical awareness, and development
 - expectations regarding *self-motivation* in the course.

Keeping records of work

Students are required to maintain a workbook and to keep a visual record of work, both of which must be made available at assessment.

Leave

Leave during semester

If for reasons such as illness, family or financial difficulties or misadventure, you cannot attend classes and undertake course work during a particular period within the semester, you should apply for Special Leave of up to four (4) weeks. Work missed during the period of absence will need to be made up on your return.

Leave for a semester or longer

Leave of Absence (sometimes referred to as Suspension of Candidature) may be granted at the conclusion of a semester for a maximum of 2 semesters, provided you have successfully completed at least one semester of study. Applications for leave of absence may be lodged up to the first two (2) weeks of the semester.

Plagiarism

Plagiarism can be broadly defined as knowingly presenting another person's ideas, findings or written work as one's own by copying or reproducing them without due acknowledgement of the source.

Within this general definition, plagiarism may take several different forms. At its worst, plagiarism is theft. Plagiarism may involve copying the work of another student, or it may involve paraphrasing or copying a published author's text or argument without giving a reference.

Procedures for dealing with plagiarism will be consistent with the University Policy/Code of Practice and be consistent with the nature and severity of the alleged offence. (Please refer the Policy on Plagiarism on the University website.)

Students who plagiarise will receive substantial penalties and be referred to the Director.

Prerequisites and corequisites

You need to ensure you are enrolled correctly and that you take into account any prerequisites and corequisites specified as this will affect your progression through the course. All prerequisites and corequisites are indicated in the detailed units of study chapter.

Special consideration

Special consideration for illness or misadventure

Students who feel that their academic performance will be adversely affected by serious illness or misadventure can seek special consideration. Although it is impossible to outline in advance all the circumstances that would lead to decisions to allow latitude in submitting assignments or attending assessment reviews, it should be noted that only well-attested serious illness or misadventure during a semester or occurring at the time of assessment will warrant special consideration. Occasional brief or trivial illness would not normally be regarded as sufficient to explain an absence or a poor performance. The exact nature of misadventure will vary, but serious illness or death of a close family member, particularly at the time of assessment, would clearly warrant consideration.

Special consideration - application procedure

Special consideration forms are available from the Student Administration Office, and should be submitted to that office with all appropriate documentation. Any information provided in support of an application for special consideration is held in strict confidence, and only made available to the examiners, coordinator and Dean. In the first instance, if you because of serious illness or adverse circumstances, are prevented from attending classes for prolonged periods, you should seek an interview with the member of academic staff concerned.

Important Note: Even if the duration of your anticipated absence does not exceed any specified permitted length of time, you may need to consider whether your best academic interests are served by discontinuing with permission from the course until you are able to resume studies effectively.

Special consideration - what is satisfactory documentation?

Medical Certificates submitted in support of applications for special consideration should comply with the following conditions:

The certificate should be submitted and signed by your own medical practitioner or a practitioner from the University Health Service. The practitioner must have seen you during an illness or immediately afterwards, when it was first possible to seek help. Certificates signed by family members are not acceptable.

The certificate should indicate the date on which you first sought attention and further information about the duration of an illness or the after effects of an accident, and/or further visits if appropriate. Within the limits of confidentiality, the certificate should describe the nature and seriousness of your problem, so that an assessment of the possible effects of the illness or accident on performance can be made. The certificate should indicate the degree of incapacity and its duration or probable duration.

Certificates submitted in connection with assessment reviews should be submitted before the scheduled date of the review (or within one week of the scheduled date if the nature of the illness and the timing of its occurrence prevented submission of the certificate beforehand).

Other documentation will depend on the nature of the misadventure, but it should be provided to support your account of the circumstances and indicate the likely duration and the effect of the problem on the student's performance.

Important

Withdrawal and discontinuation-census dates

There are two *census dates* set by the Department of Education, Training & Youth Affairs (DETYA) in each year. These are 31 March and 31 August. You may withdraw from full-year and February semester units before 31 March and from July semester units before 31 August and not incur a HECS liability or academic penalty for the unit of study. After these dates, discontinuing your study in a unit will not delete the HECS liability and your academic transcript will show:

- 'Discontinued - Not to count as failure' when the discontinuation occurs after the relevant withdrawal period and up to the last day of the seventh week of teaching. The Director will determine that a discontinuation of enrolment

should be recorded as 'Discontinued - Not to count as failure' after this date only on the grounds of serious ill-health or misadventure.

- 'Discontinued - Fail' when the discontinuation occurs after the last day of the seventh week of teaching in a one-semester course.

If you discontinue enrolment in all units during first year, you may not re-enrol for the course unless the Director has agreed that you may re-enrol without reapplying for admission.

Variation of enrolment

Students should carefully check the statements of enrolment posted to the semester address registered with the University. All variations of enrolments must be made through the Student Administration office.

Advising the lecturer is not sufficient. Students have sometimes found themselves with an unwelcome result of Absent Fail or with an unnecessary HECS liability because they either did not check their enrolment carefully or forgot to advise the Student Administration office of a new semester address. Students are encouraged to check without delay if they believe their formal enrolment may not be correct.

Students wishing to vary their enrolment must do so at the Student Administration office by:

- the end of second week first semester (for first semester units of study)
- the end of second week of second semester (for second semester units of study)

You may vary your major study provided:

1. You have successfully completed Foundation Studies;
2. There is space and facilities available in the discipline you wish to study;
3. The discipline to which you wish to change is satisfied that you have appropriate skills for study in the particular discipline. This may be determined at an interview to discuss your work.

You will need to submit to the appropriate program coordinator, a Variation of Enrolment form which must be approved (in the case of major study), prior to the commencement of the semester for which the variation is to be effective - or by the end of the second week of any semester, in the case of other units.

MSTD 2241 **Painting C (Major)**

16 credit points. Associate Professor Brad Buckley, Dr Debra Dawes, Ms Lindy Lee and Mr Matthys Geber. Semester: 1. Classes: A two-hour weekly group tutorial and minium contact of a one-to-one studio tutorial meeting each week with the Academic Advisor. Prerequisite: MSTD 1101 and MSTD 1102. Corequisite THAP 2411 Also one of THAP 2421, THAP 2431 & THAP 2441. Assessment: Criteria Referencing is used as the assessment model at the Sydney College of the Arts. The six criteria are: Requirements, Competence, Development, Critical Awareness, Commitment and Innovation.

The course is a strategic balance or mix of seminar and studio teaching, where the student is encouraged to establish their own ideas and interests, to trust intuitions and with full critical awareness, to determine their own direction. In consultation with the academic advisor, the student is encouraged to progressively assume greater responsibility for his or her own program of studio work. It is a major objective of the course to foster that, which is unique, personally appropriate and of value in the student's creative work.

These aims and objectives are achieved in the program by the use of a tutorial system. An academic advisor is assigned to a group of combined second and third year students. This grouping fulfils the educational function of peer support and learning, allowing the increasing maturity of the students to be a

demonstrable outcome, which can be seen, by the students in second year. The academic advisor is responsible for the progress of those students throughout the semester. To provide access to different intellectual points of view these groups are remixed and rotated over the four semesters, to give the student the opportunity to have contact with each of the four lecturers in the Painting Studio. It also allows for a changing group dynamic that serves as a stimulus for the development and expansion of the student's intellectual experience. These weekly seminar groups are the central focus of teaching during the semester and are the student's first point of contact with their academic advisor.

The other important aspect of the course is the one - to - one studio tutorial, where the particular concerns and needs of the student are discussed. These tutorials allow for the tailoring of both technical information and theoretical knowledge in relation to the student's evolving work. Students are required to submit, at the beginning of each semester, an outline of their work program and that forms the basis of initial discussions. In the early part of the course, much emphasis is placed on experimentation and exploration of ideas and the development of appropriate technical skills.

MSTD 2341 Painting C (Minor)

8 credit points. Associate Professor Brad Buckley, Dr Debra Dawes, Ms Lindy Lee and Mr Matthys Geber. Semester: 1. Classes: A two-hour weekly group tutorial and minimum contact of a one-to-one studio tutorial meeting each week with the Academic Advisor. Prerequisite: MSTD 1101 & MSTD 1102. Corequisite: THAP 2411 Also one of THAP 2421, THAP 2431 & THAP 2441. Assessment: Criteria Referencing is used as the assessment model at the Sydney College of the Arts. The six criteria are: Requirements, Competence, Development, Critical Awareness, Commitment and Innovation.

The course is a strategic balance or mix of seminar and studio teaching, where the student is encouraged to establish their own ideas and interests, to trust intuitions and with full critical awareness, to determine their own direction. In consultation with the academic advisor, the student is encouraged to progressively assume greater responsibility for his or her own program of studio work. It is a major objective of the course to foster that, which is unique, personally appropriate and of value in the student's creative work.

These aims and objectives are achieved in the program by the use of a tutorial system. An academic advisor is assigned to a group of combined second and third year students. This grouping fulfils the educational function of peer support and learning, allowing the increasing maturity of the students to be a demonstrable outcome, which can be seen, by the students in second year. The academic advisor is responsible for the progress of those students throughout the semester. To provide access to different intellectual points of view these groups are remixed and rotated over the four semesters, to give the student the opportunity to have contact with each of the four lecturers in the Painting Studio. It also allows for a changing group dynamic that serves as a stimulus for the development and expansion of the student's intellectual experience. These weekly seminar groups are the central focus of teaching during the semester and are the student's first point of contact with their academic advisor.

The other important aspect of the course is the one - to - one studio tutorial, where the particular concerns and needs of the student are discussed. These tutorials allow for the tailoring of both technical information and theoretical knowledge in relation to the student's evolving work. Students are required to submit, at the beginning of each semester, an outline of their work program and that forms the basis of initial discussions. In the early part of the course, much emphasis is placed on experimentation and exploration of ideas and the development of appropriate technical skills.

In Studio Theory we investigate the various directions contemporary object/design practice has taken. We look at how key 20th century movements have impacted on object makers, including the fine arts, sculpture, design, architecture, issues of gender. We consider the expanded fields and interdisciplinary nature of practices and investigate the impact of new technologies and materials. We explore how issues of the 'virtual' engage and enable contemporary studio practice. This is achieved by focusing on the investigation of new materials and processes, the representation and dissemination of objects through various media and the relevance for object based practice.

MSTD 3141 Painting E (Major)

16 credit points. Associate Professor Brad Buckley, Dr Debra Dawes, Ms Lindy Lee and Mr Matthys Geber. Semester: 1. Classes: A two-hour weekly group tutorial and minium contact of a one-to-one studio tutorial meeting each week with the Academic Advisor. Prerequisite: MSTD 2241 and MSTD 2242. Corequisite: THAP 3301 and THAP 3321 or THAP 3331 or THAP 3341. Assessment: Criteria Referencing is used as the assessment model at the Sydney College of the Arts. The six criteria are: Requirements, Competence, Development, Critical Awareness, Commitment and Innovation.

The course is a strategic balance or mix of seminar and studio teaching, where the student is encouraged to establish their own ideas and interests, to trust intuitions and with full critical awareness, to determine their own direction. In consultation with the academic advisor, the student is encouraged to progressively assume greater responsibility for his or her own program of studio work. It is a major objective of the course to foster that, which is unique, personally appropriate and of value in the student's creative work.

These aims and objectives are achieved in the program by the use of a tutorial system. An academic advisor is assigned to a group of combined second and third year students. This grouping fulfils the educational function of peer support and learning, allowing the increasing maturity of the students to be a demonstrable outcome, which can be seen, by the students in second year. The academic advisor is responsible for the progress

of those students throughout the semester. To provide access to different intellectual points of view these groups are remixed and rotated over the four semesters, to give the student the opportunity to have contact with each of the four lecturers in the Painting Studio. It also allows for a changing group dynamic that serves as a stimulus for the development and expansion of the student's intellectual experience. These weekly seminar groups are the central focus of teaching during the semester and are the student's first point of contact with their academic advisor.

The other important aspect of the course is the one - to - one studio tutorial, where the particular concerns and needs of the student are discussed. These tutorials allow for the tailoring of both technical information and theoretical knowledge in relation to the student's evolving work. Students are required to submit, at the beginning of each semester, an outline of their work program and that forms the basis of initial discussions. In the early part of the course, much emphasis is placed on experimentation and exploration of ideas and expectations are matched to that. In third year, there is a greater expectation of consolidation and resolution of the projected aims and the development of the student's own work.

MSTD 3441 Painting E (Minor)

8 credit points. Associate Professor Brad Buckley, Dr Debra Dawes, Ms Lindy Lee and Mr Matthys Geber. Semester: 1. Classes: A two-hour weekly group tutorial and minimum contact of a one-to-one studio tutorial meeting each week with the Academic Advisor. Prerequisite: MSTD 2341 and MSTD 2342. Corequisite: THAP 3301 and one of THAP 3321, THAP 3331 and THAP 3341. Assessment: Criteria Referencing is used

as the assessment model at the Sydney College of the Arts. The six criteria are: Requirements, Competence, Development, Critical Awareness, Commitment and Innovation.

The course is a strategic balance or mix of seminar and studio teaching, where the student is encouraged to establish their own ideas and interests, to trust intuitions and with full critical awareness, to determine their own direction. In consultation with the academic advisor, the student is encouraged to progressively assume greater responsibility for his or her own program of studio work. It is a major objective of the course to foster that, which is unique, personally appropriate and of value in the student's creative work.

These aims and objectives are achieved in the program by the use of a tutorial system. An academic advisor is assigned to a group of combined second and third year students. This grouping fulfils the educational function of peer support and learning, allowing the increasing maturity of the students to be a demonstrable outcome, which can be seen, by the students in second year. The academic advisor is responsible for the progress of those students throughout the semester. To provide access to different intellectual points of view these groups are remixed and rotated over the four semesters, to give the student the opportunity to have contact with each of the four lecturers in the Painting Studio. It also allows for a changing group dynamic that serves as a stimulus for the development and expansion of the student's intellectual experience. These weekly seminar groups are the central focus of teaching during the semester and are the student's first point of contact with their academic advisor.

The other important aspect of the course is the one - to - one studio tutorial, where the particular concerns and needs of the student are discussed. These tutorials allow for the tailoring of both technical information and theoretical knowledge in relation to the student's evolving work. Students are required to submit, at the beginning of each semester, an outline of their work program and that forms the basis of initial discussions. In the early part of the course, much emphasis is placed on experimentation and exploration of ideas and expectations are matched to that. In third year, there is a greater expectation of consolidation and resolution of the projected aims and the development of the student's own work.

4 Postgraduate study

■ Degrees by research

Postgraduate study may be undertaken in any of the disciplines offered by Sydney College of the Arts: Ceramics, Electronic & Temporal Arts, Glass, Jewellery+Metal, Painting, Photomedia, Printmedia, Sculpture and Theories of Art Practice.

Doctor of Philosophy (PhD)

This degree is awarded for the successful completion of an approved program of supervised advanced research which constitutes an original contribution to knowledge. Undertaken by thesis or predominantly by thesis with supporting creative work.

At the completion of the PhD, you will have investigated and evaluated or critically studied an approved topic over not less than three years of full-time study resulting in an original contribution to knowledge. You will have demonstrated an understanding of research methods appropriate to the field, and will have presented the thesis perhaps with supporting creative work, to the satisfaction of the examiners.

Entry requirements

For admission to candidature, you should hold:

- the degree of Master; or
- the degree of Bachelor of Visual Arts with first or second class Honours, or equivalent, as provided by subsections 1(2) and 1(3) of the Resolutions of Senate relating to the degree of Doctor of Philosophy.

In addition to the academic qualifications, the SCA Research Committee must be assured that you have the necessary training and ability to pursue the proposed course of study and research, and that sufficient supervisory and other resources and facilities are available to enable successful completion of the program.

If English is not your first language you must also satisfy the SCA Research Committee that you can express yourself (in both written and spoken English) sufficiently well to pursue your research satisfactorily.

Application procedure

Applications should be submitted to the SCA Student Administration Office on the appropriate application form and should include a detailed synopsis of your proposed program of research, your proposed methods of investigation, an indication of source material already consulted, and evidence of your ability to carry out research.

Course structure and Requirements

The course is offered over three years full-time; or six years part-time. (International students may only study on a full-time basis.) The first year of candidature is a probationary year. Candidates deemed to be making unsatisfactory progress at the end of the first year will be given the option of converting to the Master of Visual Arts degree (MVA) if such a move is considered appropriate on academic advice. This option does NOT apply to candidates who already have an MVA.

- (i) In the first year of candidature, candidates who have not completed an MVA degree or its equivalence are required to attend the MVA Seminars and complete the appropriate tasks - one 2000-word essay per semester.
- (ii) In subsequent years, candidates are required to deliver one seminar paper on an aspect of their research per year in the seminar program which is open to all SCA staff and students.

If you are prevented from making progress with your program of research (because of ill-health or other circumstances), enrolment may be suspended with the agreement of the Research Committee, but not for more than one year at a time.

The SCA degree program gives emphasis to structured knowledge-based research expressed through a thesis of a substantial length, not normally exceeding 80,000 words, and a minimum of 50,000 words. The thesis which may be supported by research in a studio discipline, comprising works of art, design or communication in the form of originals, prototypes,

models, drawings, photographs, films, sound or vision recordings, or digital information. The relationship between the primary work of the thesis and the supporting creative work is at the discretion of the supervisor and Associate Dean, Postgraduate Studies.

Supervision and attendance

You will have a supervisor who will take primary responsibility for the conduct of your candidature and be responsible for the progress of your candidature. Associate supervisors may be appointed.

It is the responsibility of the supervisors to submit a progress report at the completion of each semester.

The nature and amount of supervision will be discussed with you.

Annual review

There will be a review of your work at the end of each academic year. Provided your progress in the unit is satisfactory, you will be permitted to proceed. The minimum composition for a Review Panel will be:

- the Director, or Associate Dean, Postgraduate Studies
- your supervisor.

An opportunity will be provided for the candidate to comment without the supervisor present.

Where one or more of the categories are filled by one person, the substitution of nominees will be approved by SCA Research Committee.

If your work is considered unsatisfactory by the panel, the panel may recommend that you be set a specific program of work to be submitted for assessment not later than 1 March of the following year. If this work is not satisfactory, your enrolment may be terminated. A candidate whose progress at any time during the year is unsatisfactory may be subject to the review process as described above.

Submission of work and examination

On completion of the program you will submit to the Registrar four copies of the thesis (in a form prescribed by the Academic Board), and four copies of a summary of the thesis (about 300 words in length).

The thesis may be submitted for examination with supportive creative studio work in a form agreed with the Associate Dean, Postgraduate Studies. A submission must be accompanied by a certificate from the supervisor stating whether, in the supervisor's opinion, the form of presentation of the submission is satisfactory.

You will be examined by at least three appropriately qualified examiners, at least one of whom is external to the University.

Master of Visual Arts (MVA)

The Master of Visual Arts by research provides an opportunity for graduates and professionally qualified visual artists to pursue studio and theoretical studies in depth and extend their knowledge, understanding and competence within their major field of endeavour.

Work is undertaken in a tutorial environment under the guidance of a supervisor and through participation in a seminar program. It is assumed that those entering this unit of study are trained and competent in their particular field and are seeking to extend their practice at a higher level. The unit emphasises an individual mode of advanced research in a particular studio discipline or across studio disciplines

As an applicant you will need to have achieved a level of proficiency, direction and focus to sustain self-directed study and produce work of an original and speculative nature in one of the forms described in the unit Requirements.

Full-time/part-time study

The Master of Visual Arts is normally undertaken full-time. As a full time candidate, you will be allocated a studio space at

Rozelle Campus and will be expected to complete in 2 (two) years. Generally speaking, you will be expected to devote the equivalent of 35 hour week to your research. Part-time candidature is available on a limited basis. Priority will be given to mid-career candidates who have a demonstrated professional practice over 5 or more years. Part-time candidates must complete requirements in 3 years and may not be allocated studio space within SCA.

1. Admission requirements

Applicants are expected to hold one of the following academic qualifications:

- a) An honours degree in Visual Arts
- b) Bachelor of Visual Arts and a Graduate Diploma in Visual Arts; or
- c) Other qualifications considered by SCA Board to be equivalent to 4 years tertiary study in visual arts.

In some circumstances, applicants without the above qualifications may be admitted provided there is evidence to the satisfaction of SCA Board of the possession of equivalent professional skills and experience and the capacity to successfully undertake higher degree study. This would include having actively practised and achieved at a high level for a significant time in the professional field.

As there are some limitations on places and space, not all eligible applicants can be offered candidature. Selection is competitive based on your study proposal, slides of recent work and resume.

Probationary admission

You may be admitted on a probationary basis for a period not exceeding one year. Upon completion of this probationary period, your work will be reviewed and your candidature confirmed or terminated.

Postgraduate qualifying/preliminary study

SCA may admit you to a period of preliminary study if the normal entry requirements have not been met. This may involve completing specified courses or carrying out a particular piece of research. A further application to the degree must then be made on completion of the preliminary program.

2. Requirements

You will be required to nominate one of the following methods:

- Studio Practice and Research Paper (10,000-12,000 words), culminating in a substantial exhibition, performance or installation of works in a joint show of candidates at the end of candidature, together with the Research Paper and oral presentation.
- Thesis (35,000-50,000 words) in the fields of art theory, art history, cultural studies or professional studies in visual art.

Over the first two semesters you will be required to attend a series of seminars. Part-time candidates must attend the seminars within the first two years, and in consecutive semesters. At the end of each semester you must submit a 2000 word paper prescribed by the academic staff members coordinating the seminar series. In the first two semesters, you may also be required to undertake study in research and professional practice. In the third and fourth semesters of the unit, you will complete your research paper. You are also required to attend a weekly presentation and present one paper on your research.

3. Supervision of study

You will be assigned a supervisor to be responsible for supervision of your studio and written research. This supervisor will be a member of SCA academic staff. There is also provision for associate supervision if appropriate. You will be expected to meet with your supervisor on a monthly basis during semester; that is, no less than 4 meetings each semester. It is your responsibility to maintain contact with your supervisor.

4. Annual review

There will be a review of your work at the end of each academic year. Provided your progress in the unit is satisfactory, you will be permitted to proceed. The minimum composition for a Review Panel will be:

- the Director, or Associate Dean, Postgraduate Studies
- your supervisor.

An opportunity will be provided for the candidate to comment without the supervisor present.

Where one or more of the categories are filled by one person, the substitution of nominees will be approved by SCA Research Committee.

If your work is considered unsatisfactory by the panel, the panel may recommend that you be set a specific program of work to be submitted for assessment not later than 1 March of the following year. If this work is not satisfactory, your enrolment may be terminated. A candidate whose progress at any time during the year is unsatisfactory may be subject to the review process as described above.

Submission and examination

By studio practice and research

You must mount/submit for examination:

- 1) a substantial exhibition, performance or installation of the work or works with supporting visual material of work completed during candidature and an explanation of the structure and mode of exhibition and developmental process, and;
- 2) a Research Paper in English, relevant to your work and its development, its cultural, historical or theoretical references.

The work or works of art and the Research Paper will be the result of original investigation in the approved study area.

By thesis

You must submit for examination:

- A thesis of between 35,000 and 50,000 words which is the result of an original investigation in the fields of art theory, art history, cultural studies or professional studies in visual art. You must identify those components of assessable work which are respectively your own, and that of others.

You need to advise of your expected submission date in writing (form is available from the Student Administration office) approximately 13 weeks in advance, so that appropriate examiners can be considered and other arrangements can be made in good time.

You will be examined by an examination panel consisting of at least two persons, who have not been your supervisor during your candidature and at least one is external to SCA. The Examination Panel will examine the exhibition, performance or installation and the associated written work at a meeting chaired in a non-voting capacity by the Director or member of staff appointed by the Director.

■ Degrees by coursework

Master of Contemporary Art for Educators (MCAE)

The Master of Contemporary Art for Educators is a one year postgraduate course designed for high school and tertiary art teachers seeking to re-engage with contemporary visual arts practice. Throughout the year, candidates will update and expand their practical and theoretical knowledge across a variety of disciplines.

A 13 week semesterised structure will enable students to enter the program in either semester. Four-week blocks in each of the five studio areas of photography, digital imaging, printmedia, ceramics and painting will enable candidates to develop studio projects for examination. Art theory lectures and seminars are delivered one evening per week for two hours. The practical component will be held on Saturdays for six hours.

Candidates are appointed an academic supervisor for each of the studio disciplines which are fully supported by technological facilities and technical staff.

Course objectives

To make available to teachers and other suitably qualified professionals the opportunity to work and study in an environment dedicated to the practice and theory of the visual arts. To provide an opportunity for those who want to re-engage with contemporary art practices and critical theory but do not necessarily have the time to commit to a full-time on campus program. To assist in the development of a visual arts based project that otherwise might not be realised due to the lack of a motivating, critically engaging environment and technical facilities.

Admission requirements

Admission to the Master of Contemporary Art for Educators program will require the applicant to

1. hold a bachelor's degree or furnish evidence which satisfies the SCA Board that the applicant has equivalent professional skills and experience
2. demonstrate to the satisfaction of the SCA board through the presentation of work, their ability to proceed.

Course structure and assessment

Studio Project: One completed studio project (including a series) in each of the five studio areas.

Assessment: At the completion of each studio area work will be assessed by a panel consisting of two appointed academic staff from SCA.

In addition to the Saturday weekly sessions, a three-week residential period at the completion of Semester 2 will provide students access to complete projects or to take the opportunity to develop new work. All courses in the program include discipline specific occupational health and safety training.

Advanced Art Theory 1 & 2

The weekly lecture/seminar is group-based providing candidates the opportunity to critically discuss and address key developments in contemporary art.

Assessment: Completion of a 5000 word essay in Semester 2 which demonstrates understanding of current concepts and issues in the contemporary art arena.

Seminar presentation

Candidates will present a seminar to the group in each semester and provide a written summary of their presentation.

Percentage weightings

Each studio project, seminar and research paper will equal 12.5% of the total mark.

Candidates must pass all strands of the course.

Master of Multimedia Design (MMDes)

The Master in Multimedia Design is a coursework degree, intended for people with some knowledge of digital media who hold an undergraduate degree or equivalent professional experience, and wish to upgrade and/or consolidate their skills for both personal and/or professional reasons. Admission requirements

Applicants are expected to hold one of the following academic qualifications:

- a) a relevant undergraduate qualification; or
- b) other qualifications considered by SCA Board to be equivalent; and
- c) evidence of ability to undertake the coursework demonstrated through application or interview.

Assessment

Assessment will be based on meeting attendance requirements at compulsory lectures, the completion of practical coursework objectives and a 2000 word essay for each semester. You will be awarded the degree with honours if you achieve a distinction or high distinction for both:

- Electronic Publishing: The Multimedia Canvas (1) and
- Online Design: The Multimedia Canvas (2)

Master of Studio Art (MSA)

The Master of Studio Art by coursework is a one year postgraduate course designed for those engaged in a professional visual arts practice who wish to undertake a further degree based primarily in Studio Practice.

Throughout the year candidates develop a studio project for examination as well as attend weekly postgraduate seminars and studio tutorials. Candidates also have the option of attending Theories of Art Practice lectures, however, this is not a requirement for the degree.

Candidates are appointed an academic supervisor who monitors progress and assists in the development of the project through dialogue and critical feedback. Candidates also have access to technological facilities on the Campus and the support of technical staff.

It is expected that local candidates will already have access to their own studio, however, for international and interstate candidates consideration will be given to the provision of a studio space on Campus.

In some cases, candidates working off campus attend an intensive 3 week program in July when they are expected to be on campus from 9 am to 5 pm, five days a week. Studio space on campus will be allocated for that period.

Course objectives

To make available to professional and other suitably qualified visual arts practitioners the opportunity to work and study in an environment dedicated to the practice and theory of the visual arts.

To provide an opportunity for those who want to re-engage with contemporary art practices and critical theory but do not necessarily have the time to commit to a full-time on campus program.

To assist in the development of a visual arts based project that otherwise might not be realised due to the lack of a motivating, critically engaging environment and technical facilities.

Course structure

Studio Project: One proposed studio project to be developed over the year. Assessment: Examination at the end of the year preferably by one examiner internal to SCA and one examiner who has had no supervisory relationship to the candidate and who may be external to SCA.

Masters' Seminar: A reading and discussion group attended by first year postgraduate candidates. A Seminar Reader is made available and candidates undertake to address one paper from the Reader per semester. The Masters' Seminar runs for 10 weeks each semester. Assessment: one 2000-word essay per semester, or other stipulated equivalent assignment.

Studio Tutorial: An art practice based group in which MVA and MSA candidates (and in some instances Honours students) critically discuss their studio work and theoretical issues related to their discipline with their peers and academic supervisors. Studio Tutorials are every fortnight per 14-week semester.

Assessment

One per semester, scheduled progress report on the rationale and critical development of the candidate's studio project supported by appropriate visual material.

Percentage weightings

Masters Seminar and Studio Tutorial: 30%
Studio Practice: 70%

Candidates must pass in both strands of the course. Candidates will be awarded the degree with honours if they achieve a distinction or above for both course components.

5. Commitment

Commitment and self-motivation are important to a student's successful study in the unit of study. The level of commitment to study in the academic program is reflected in: the development of self-motivation applied to individual, group or assignment based work; the degree of participation in the group work, project submission, essays or discussion; the development of a consistent work pattern, and the regularity and punctuality of attendance and submissions.

6. Innovation

Innovative and imaginative thinking, appropriate to the unit of study, is a measure of the quality of ideas underlying a student's work and of development in their studies.

Essays and other written work

Essays will be assessed according to the following criteria:

- Structural clarity, with concise introduction outlining both sequence and content
- Clear development of discussion and clear focus on the topic throughout
- Inclusion of relevant research material and demonstration that it is understood

- Demonstration of ability to process and order ideas/information
- Critical evaluation of material
- Formal bibliography that reflects the scope of research contained in the essay
- Accurate documentation of sources in footnotes
- Grammatical correctness and spelling
- Avoidance of unnecessary repetition.

Assessment guidelines

In general

Students receive knowledge and advice in their academic theory and studio work through lectures, group tutorials, seminars, one-to-one tutorials and the provision of technical advice. Some students will require more frequent guidance than others.

Students have the responsibility to communicate their intentions and to seek out assistance from Academic Advisers and Technical Supervisors as they identify the need; to select Technics workshops which support their studio work; to develop self-initiative and self-motivation and the ability for critical analysis.

Academic staff have the responsibility to monitor a student's progress with judgement and advice, to make themselves available to students through access periods identified on their timetables and to meet regularly with the students they supervise.

These guidelines should be read in conjunction with the Assessment Criteria and Grade Definition.

Attendance

Attendance at program sessions is a requirement for assessment. It is also one indicator of commitment. It is not the only assessable component for a graded unit of study. The expectation for attendance within the University is at least 90% of program sessions in a unit of study unless notified absent with reasonable cause - ie, 90% of lectures, tutorials or seminars in a theory unit; 90% of program studio days in a studio unit (for example, three per week for an 8 credit point unit, two days per week for a 6 credit point unit, and so on).

A student's progress, competence and awareness are exemplified in the work that each student produces. Thus objects that students produce are not assessed on their aesthetic merit alone.

Attendance records

Records are kept of student attendance by maintaining a roll for each assessed component of the course. Attendance in the Studio is also monitored. There may be differences of method between academic groups in the faculty. For example, a daybook which students can sign before 10 am each program studio day will satisfy this requirement.

A summary of attendance will be recorded for each assessment period.

Academic Adviser

Each student will have an Academic Adviser (supervisor/mentor) who will be responsible for monitoring a student's progress in the course (assessment/evaluation) and supervising a student's academic work (assistance/advice). The dual role of an Academic Adviser in supervising and evaluating is important to be made clear between a student and her/his Academic Adviser.

Academic Advisers are required to post times and days when they are available for consultation as well as set up regular patterns of one-to-one tutorials (in studios).

Each Academic Adviser is expected to meet regularly with all students supervised in a group tutorial, normally held each week. General attendance and study problems are normally monitored through this tutorial.

It is a responsibility of Academic Advisers and other academic staff involved with evaluation to acquaint students with the requirements of the course, their expectations in relation to

Common result grades

| Grade | Description | Mark range | Comments |
|--------------------------|--|------------|--|
| Permanent results | | | |
| HD | High Distinction | 85-100 | |
| D | Distinction | 75-84 | |
| CR | Credit | 65-74 | |
| P | Pass | 50-64 | |
| R | Satisfied Requirements | | This is used in Pass/Fail only outcomes. |
| UCN | Unit of study continuing | | Used at the end of a semester for units of study which have been approved to extend into a following semester. This will automatically flag that no final result is required until the end of the last semester of the unit of study. |
| PCON | Pass (Concessional) | 46-49 | Use of this grade is restricted to those courses which allow for a Concessional Pass of some kind to be awarded. A student may re-enrol in a unit of study for which the result was PCON. Each faculty will determine and state in its course regulations what proportion, if any, may count - eg, 'no more than on sixth of the total credit points for the course can be made up from PCON results'. |
| F | Fail | 0-49 | This grade may be used for students with marks from 46-49 in those faculties which do not use PCON. |
| AF | Absent Fail | | Includes non-submission of compulsory work (or non-attendance at compulsory labs, etc) as well as failure to attend an examination. |
| W | Withdraw | | Not recorded on external transcript. This is the result that obtains where a student applies to discontinue a Unit of Study by the HECS Census Date (ie. within the first four weeks of enrolment). |
| DNF | Discontinued - Not to count as failure | | Recorded on external transcript. This result applies automatically where a student discontinues after the HECS Census Date but before the end of the seventh week of the Semester (or before half of the unit of study has run in the case of units of study which are not semester-length). A faculty may determine that the result of DNF is warranted after this date if the student has made out a special case based on illness or misadventure. |
| DF | Discontinued - Fail | | Recorded on transcript. This applies from the time DNF ceases to be automatically available up to the cessation of classes for the unit of study. |
| Temporary results | | | |
| MINC | Incomplete with a mark of at least 50 | 50-100 | This result may be used when examiners have grounds (such as illness or misadventure) for seeking further information or for considering additional work from the student before confirming the final mark and passing grade. Except in special cases approved by the Academic Board [1], this result will be converted to a normal passing mark and grade, either: (a) by the dean following a review of examination results pursuant to Part 4(3)(5) of these Resolutions; or (b) automatically to the indicated mark and grade by the third week of the immediately subsequent academic session. |
| INC | Incomplete | | This result is used when examiners have grounds (such as illness or misadventure) for seeking further information or for considering additional work from the students before confirming the final result. Except in special cases approved by the Academic Board[1], this result will be converted to a normal permanent passing or failing grade, either: (a) by the dean at the review of examination results pursuant to Part 4 (3) (5) of these Resolutions; or (b) automatically to an AF grade by the third week of the immediately subsequently academic session. |

the subsequent evaluative process leading to assessment, and the criteria applied.

Consultations with students will identify work to be carried out including expectations regarding its quantity, scale, quality and appropriate timetable for completion or submissions. It is expected that students will communicate their intentions and develop self-critical analysis in this process.

An Academic Adviser is also responsible for monitoring work undertaken in other disciplines and will contribute to any interim assessment and the recommended result for the unit of study. The Academic Adviser will monitor for problems that students may experience in Theories of Art Practice - Core Theory and Studio Theory.

Theories of Art practice - core theory and studio theory

For theory units of study the requirements and procedures for assessment will be different from that for studio work and assessment notes or records will reflect this difference.

There are three distinct components of assessment. Not all may be applicable. Nevertheless, as a minimum, two of these components will apply to all theory study:

1. *Participation, including attendance.* Attendance at and participation in lectures, tutorials and other events organised as components of the unit of study
2. *Tutorial/seminar paper or its prescribed equivalent.* The satisfactory conduct of a tutorial on a student's work or other topic, or delivery of a seminar paper during a semester. This requirement may vary in its specific format from semester to semester or between theory course components. However, it is expected that there be such a requirement or its work load equivalent
3. *Essay/semester paper or its prescribed equivalent.* An essay or semester paper, usually due at the end of each semester. This requirement may vary in format, such that two papers may be required, or the specified length or nature of the paper may vary between theory course components. However, it is expected that there be an essay or its work load equivalent due at the completion of each semester.

The value given to each of the above components for assessment may vary from unit of study to unit of study. However, in general, an essay is given more weight than a seminar paper. Attendance is in itself not awarded marks towards assessment. Lecturers delivering theory units are expected to make themselves

available to students, and encourage students to approach them outside of formal class time.

- (i) A record will be maintained for attendance and active participation in Core Theory and Studio Theory.
- (ii) Assessment of the tutorial/seminar paper will be recorded as each student completes his/her presentation. Students are entitled to have access to comments made on a record regarding this presentation.
- (iii) Essay assessment will be recorded at the end of semester.
- (iv) The grade recommended following the summation review of the semester's work will be recorded after all other components have been assessed.

Material students must present for studio assessment

- Notebooks used to keep a record of ideas, projects, references and so on useful to visual arts study
- A visual record of studio work, in slides or photographs, produced during the period to be assessed, including work not available to be viewed during any final assessment process
- Examples of studio work completed.

■ Exchange programs

1. Introduction

An exchange student is one who exchanges places with a student of an overseas institution (host institution), to work under supervision for a stated period of time (normally one semester) without payment of fees. All exchanges require the agreement of both the home and the host institutions. Students remain enrolled at their home institution.

Exchanges are reciprocal and, if possible, simultaneous (ie, one incoming student replacing one outgoing student). Where no reciprocal arrangement exists between institutions, students are not exchange students, but visiting students who are liable to pay tuition fees.

Applicants should have successfully completed at least two years at SCA.

Students may apply for Sydney College of the Arts travelling scholarships. See Student Administration for application forms and closing dates.

Children brought onto the University's premises must be supervised by a parent or guardian at all times.

SCA recognises the need for dependent children of students to occasionally attend classes. Students should seek permission for a child or children to attend a class with them and when making such requests, should bear in mind the size of the tutorial rooms. Permission is given at the discretion of the lecturer or tutor concerned who must bear in mind the University's legal obligations not to put at risk the health and safety of both the children and the students. Children must be supervised at all times and must not disrupt the class.

Parents taking children into the Library occasionally, or other non-teaching areas, must ensure that other users are not inconvenienced.

Summer School

Most faculties at the University offer units of study from degree programs during January/February. As the University uses all of its HECS quota in first and second semester, these units are full fee-paying and entirely voluntary. However, Summer School units enable students to accelerate their degree progress, make up for a failed unit or fit in a unit which otherwise would not suit their timetables. New students may also gain a head start by completing requisite subjects before they commence their degrees. Units start on 2nd January and ran for up to six weeks (followed by an examination week). Notice of the Units available is contained in the various faculty Handbooks and is usually circulated to students with their results notices.

■ Occupational health & safety

Sydney College of the Arts is covered by the University of Sydney Occupational Health and Safety policy. In brief the policy states that: 'The University is committed to providing a healthy and safe workplace and to eliminating conditions and incidents which could result in personal injury or ill health. The University requires its activities to conform to relevant state and federal legislation and good, established practices including Australian Standards. The University will provide staff and students with guidelines on, and training in, safe work practices, as well as information on identification and control of hazards in the workplace'.

The University recognises that success depends on the commitment and cooperation of staff and students. Participation of and consultation with staff and students takes place through the Zone and Central Occupational Health and Safety (OHS) Committees.

The University expects staff and students to comply with its OHS policies, procedures and guidelines, and to conduct themselves in a safe manner, not placing themselves or others at risk. Members of staff are responsible for the health and safety of staff and students working under their direction.

As a teaching institution, with responsibilities to the wider community, the University is committed to providing its students with appropriate occupational health and safety instruction, practical work and role models.

Procedure for dealing with OHS issues

OHS issues should be raised first with a technical supervisor of the area or lecturer. If the matter cannot be resolved at this level then contact should be made with the Departmental Safety Officer.

If the matter has still not been resolved it should be referred to the Zone OHS Committee. Students can also refer OHS issues to their representative association for assistance.

Copies of all policies on specific issues, procedures and guidelines may be obtained by contacting the Risk Management Office, phone (02) 9351 2222, web www.usyd.edu.au/su/ohs/index.html.

Zone 12 OHS Committee

This committee represents both staff and students of SCA. It is the role of this committee to act in an advisory capacity to management to provide a safe working environment for all staff and students. There is provision for a student member of the committee elected by the student body.

Local safety and security conditions apply to all workshops and spaces on campus and are posted in the area.

■ Student Association

The Student Association of Sydney College of the Arts is the on-campus student organisation. The association provides an avenue of communication between the student body, SCA administration, the University administration and its various student bodies.

SASCA is active in the facilitation of both personal and political representation, and in generating cultural events. The Student Association is the recognised organisation representing the students enrolled at Sydney College of the Arts, and coordinating student services and activities. The membership fee is covered by the compulsory subscription paid by students on enrolment.

The Association is governed by a committee elected by and from the student body. The association has an active executive with studio representatives, and welcomes and encourages students to become involved on all levels and at all times throughout the year. An open program has been established by SASCA to encourage all SCA students to participate in cross-studio and cross-cultural artistic events.

SASCA meetings provide an open forum between the current committee members and students. SASCA is fuelled by student

participation and initiatives, and is as active and creative as student participation is willing.

SASCA operates Newspace, an off campus gallery in Rozelle to promote the education and professional development of the SCA students.

SASCA also provides services and funds for certain events and activities. More information about SASCA Services, meetings and activities can be obtained from the office in Building 15, phone (02) 9351 1027/8, fax (02) 9351 1085, or at the SASCA web site, splinter.sca.usyd.edu.au, and via email sasca@mail.usyd.edu.au.

Enrolment and pre-enrolment

Students entering first year

Details of the enrolment procedures will be sent with the UAC Offer of Enrolment. Enrolment takes place at a specific time and date, depending on your surname and the Faculty in which you are enrolling, but is usually within the last week of January. You must attend the University in person or else nominate, in writing, somebody to act on your behalf. On the enrolment day, you pay the compulsory fees for joining the Student Union, the Students' Representative Council and sporting bodies and nominate your preferred 'up front' or deferred payment for your Higher Contribution Scheme (HECS) liability. You also choose your first-year units of study, so it's important to consult the Handbook before enrolling.

All other students

A pre-enrolment package is sent to all enrolled students in late September, and contains instructions on the procedure for pre-enrolment.

Examinations

The Examinations and Exclusions Office looks after the majority of exam papers, timetables and exclusions. Some faculties, such as the Sydney Conservatorium of Music, make all examination arrangements for the units of study that they offer.

Freedom of Information

The University of Sydney falls within the jurisdiction of the NSW Freedom of Information Act, 1989. The Act requires information concerning documents held by the University to be made available to the public, to enable a member of the public to obtain access to documents held by the University and to enable a member of the public to ensure that records held by the University concerning his or her personal affairs are not incomplete, incorrect or out of date. By definition, a 'member of the public' includes staff or students of the University.

Application may be made for access to access University documents, however the Act provides some exemptions to particular documents. The Act contains review and appeal mechanisms which are required to be explained to applicants where applicable. The University is required to report to the public on its FOI activities on a regular basis. The two reports provided are the Statement of Affairs and the Summary of Affairs. The Statement of Affairs contains information about the University, its structure and function and the kinds of documents held. The Summary of Affairs identifies each of the University's policy documents and provides a contact list for those wishing to access these documents. Further information, and copies of the current reports may be found at www.usyd.edu.au/arms/foi/.

It is a requirement of the Act that applications be processed and a determination be made generally within 21 days. Determinations are made by the University's Registrar.

(Grievances) appeals

Many decisions about academic and non-academic matters are made each year and you may consider that a particular decision affecting your candidature for a degree or other activities at the University may not have taken into account all the relevant matters.

In some cases the by-laws or resolutions of the Senate (see University Calendar) specifically provide for a right of appeal against particular decisions; for example, there is provision for appeal against academic decisions, disciplinary decisions and exclusion after failure.

A document outlining the current procedures for appeals against academic decisions is available at the Student Centre, at the SRC, and on the University's web site at www.usyd.edu.au/su/planning/policy/.

Intranet

USYDnet is The University of Sydney's intranet. It provides easy access to staff and student directories, maps, software and useful resources for both staff and students. As well as delivering information, the intranet provides interactive services such as the calendar of events, where staff and students can enter events and publish them University-wide.

MyUni is the personalised section of USYDnet. All staff and students are provided with access to MyUni through a login name and password. This enables them to customise the information they see and also receive delivery of personal information such as exam results and seat numbers. MyUni is a portal from which students and staff can complete tasks that were previously only possible offline. Web enrolment variation is one of the first of many facilities that are helping to move the every day tasks of all members of the university online.

Part-time, full-time

Students are normally considered as full-time if they have a HECS weighting of at least 0.375 each semester. Anything under

this amount is considered a part-time study load. Note that some faculties have minimum study load requirements for satisfactory progress.

Privacy

The University is subject to the NSW Privacy and Personal Information Protection Act 1998 (the Act). Central to the Act is Part 2 which contains twelve Information Protection Principles (IPPs) which regulate the collection, management, use and disclosure of personal information.

In response to Section 33 of the Act the University has developed a Privacy Management Plan which includes a new University Privacy Policy incorporating the requirements of the IPPS. Both the Plan and the new University Privacy Policy were endorsed by the Vice-Chancellor on 28 June 2000. The Privacy Management Plan sets out the IPPs and how they apply to functions and activities carried out by the University.

Further information and a copy of the Plan may be found at www.usyd.edu.au/arms/privacy/. Any questions regarding the Freedom of Information Act, the Privacy and Personal Information Protection Act or the Privacy Management Plan should be directed to:

Student identity cards

In 1999 the University incorporated a photograph into the student identity card. This means that all students have to provide a colour, passport-sized, head and shoulders photograph when they attend on campus sites to have their student ID card laminated. University student ID cards also function as transport concession cards for eligible students, thus eliminating the need for a separate concession card. The endorsement for concession travel will take the form of a hologram sticker attached to the front of the student ID card.

Student Services

Student Services exists to help you achieve your educational goals by providing personal, welfare, and academic support services to facilitate your success at University. Many factors can impact on your well being while studying at University and Student Services can assist you in managing and handling these more effectively. Refer to Accommodation Service, Casual Employment Service, Child Care, Disability Service, Financial Assistance Office, Learning Centre, Mathematics Learning Centre. The web site is at www.usyd.edu.au/su/stuserv.

The Sydney Summer School

Most faculties at the University offer units of study from degree programs during January/February. As the University uses all of its HECS quota in first and second semester, these units are full fee-paying and entirely voluntary. However, Summer School units enable students to accelerate their degree progress, make up for a failed unit or fit in a unit which otherwise would not suit their timetables. New students may also gain a head start by completing requisite subjects before they commence their degrees. Units start on 2 January and run for up to six weeks (followed by an examination week). Notice of the units available is contained in the various faculty handbooks and is usually circulated to students with their results notices.

Timetabling Unit

The timetabling unit in the Student Centre is responsible for producing students' class and tutorial timetables. Students can obtain their Semester 1 timetables from the Wednesday of Orientation Week via the web.

The Sydney Conservatorium of Music operates in accordance with a local calendar of dates and produces a complete timetable

for all teaching that it delivers. The timetable is available on enrolment at the Conservatorium.

Glossary

This glossary describes terminology in use at The University of Sydney.

Academic Board

The Academic Board is the senior academic body within the University. In conjunction with faculties, the Academic Board has responsibility for approving, or recommending to Senate for approval, new or amended courses and units of study and policy relating to the admission of students. (For further information, see the University Calendar.)

Academic cycle

The academic cycle is the program of teaching sessions offered over a year. Currently the cycle runs from the enrolment period for Semester 1 through to the completion of the processing of results at the end of Semester 2. (See also *Stage*.)

Academic record

The academic record is the complete academic history of a student at the University. It includes, among other things, personal details, all units of study and courses taken, assessment results (marks and grades), awards and prizes obtained, infringements of progression rules, approvals for variation in course requirements and course leave, thesis and supervision details.

Access to a student's academic record is restricted to authorised University staff. A student's academic record is not released to a third party without the written authorisation of the student. (See also *Academic transcript*.)

Academic transcript

An academic transcript is a printed statement setting out a student's academic record at the University. There are two forms of academic transcript: external and internal. (See also *External transcript*, *Internal transcript*.)

Academic year

An academic year is a normal full-time program taken in a course in a year. Some courses consist of stages, which may readily be equated with academic year. Others use the aggregation of credit points to do this (eg, 48 credit points = an academic year). (See also *Academic cycle*, *Stage*.)

Addresses

All enrolled students need to have a current postal address recorded on FlexSIS to which all official University correspondence is sent. (See also *Business address*, *Permanent home address*, *Semester address*, *Temporary address*.)

Admission

Admission is governed by the University's admission policy and is the process for identifying applicants eligible to receive an initial offer of enrolment in a course at the University. Admission to most courses is based on performance in the HSC with applicants ranked on the basis of their UAI. Other criteria such as a portfolio, interview, audition, or results in standard tests may also be taken into account for certain courses.

Admission basis

The main criterion used by a faculty in assessing an application for admission to a course. The criteria used include, among other things, previous secondary, TAFE or tertiary studies, work experience, special admission and the Universities Admission Index (UAI).

Admission (deferment)

An applicant who receives an offer of admission to a course may apply to defer enrolment in that course for one semester or one academic cycle.

Admission mode

Admission mode is a classification based on how a student was admitted to a course, for example 'UAC' or 'direct'.

Admission period

The period during which applications for admission to courses are considered. The main admission period takes place before Semester 1, but there may also be an admission period for mid-

year applicants before the beginning of Semester 2 and other admission periods.

Admission reply

A code used by FlexSIS to indicate whether an applicant who has received an offer has accepted the offer or not.

Admission result

A code used by FlexSIS to indicate the result of a direct application to study at the University (eg, offer, unsuccessful, withdrawn).

Admission year

The year the student began the course.

Advanced diplomas

See *Award course*.

Advanced standing

See *Credit*.

Advisor

A member of academic staff appointed in an advisory role for some postgraduate coursework students. (See also *Associate supervisor*, *Instrumental supervisor (teacher)*, *Research supervisor*, *Supervision*.)

Annual Progress Report

The Annual Progress Report is a form issued by faculties which is used to monitor a research student's progress each year. The form provides for comments by the student, the supervisor, the head of the department and the dean (or nominee). The completed form is attached to the student's official file.

FlexSIS records that the form has been sent out and that it has been satisfactorily completed.

APA

Australian Postgraduate Awards. (See also *Scholarships*, *UPA*.)

Appeals

Students may lodge appeals against academic or disciplinary decisions. FlexSIS will record an academic appeal (eg, against exclusion) while they are under consideration and will record the outcome of the appeal. Disciplinary (that is, non-academic) appeals are not recorded on FlexSIS.

ARTS

Automated Results Transfer System. This system was developed on behalf of ACTAC (Australasian Conference of Tertiary Admissions Centres) to allow the electronic academic record of a student to be accessible, via an admission centre, between tertiary institutions.

Assessment

The process of measuring the performance of students in units of study and courses. The assessment of performance in a unit of study may include examinations, essays, laboratory projects, or assignments. (See also *Board of examiners*, *Result processing*, *Result processing schedule*.)

Associate supervisor

A person who is appointed in addition to the supervisor of a research student who can provide the day-to-day contact with the candidate or provide particular expertise or additional experience in supervision. (See also *Advisor*, *Instrumental supervisor (teacher)*, *Research supervisor*, *Supervision*.)

Assumed knowledge

For some units of study, a student is assumed to have passed a relevant subject at the HSC and this is called assumed knowledge. While students are generally advised against taking a unit of study for which they do not have the assumed knowledge, they are not prevented from enrolling in the unit of study. (See also *Prerequisite*.)

Attendance mode

A DETYA classification defining the manner in which a student is undertaking a course - ie, internal, external, mixed or offshore.

Attendance pattern/type

Refers to whether the student is studying part-time or full-time. For coursework students this is a function of course load - ie, the

proportion being undertaken by the student of the normal full-time load specified for the course in which the student is enrolled. To be considered full-time, a coursework student must undertake at least 0.75 of the normal full-time load over the academic cycle or at least 0.375 if only enrolling in half of an academic year. It is important to note, however, that, for some purposes, to be considered full-time a student may need to be enrolled in at least 0.375 in each half year. Research students, with the approval of their faculty, nominate whether they wish to study part-time or full-time. The attendance status is then recorded on FlexSIS as part of the application or enrolment process. (See also *Coursework*, *Student load*.)

AusAID

Australian Agency for International Development.

AUSCHECK

AUSCHECK is the software provided by Centrelink to validate data prior to reporting to Centrelink.

AUSTUDY

Replaced by Youth Allowance. (See also *Youth Allowance*.)

Award course

An award course is a formally approved program of study that can lead to an academic award granted by the University. An award course requires the completion of a program of study specified by course rules. (See also *Course rules?*) Award courses are approved by Senate, on the recommendation of the Academic Board. Students normally apply to transfer between Award courses through the UAC. The award course name will appear on testamurs. The University broadly classifies courses as undergraduate, postgraduate coursework or postgraduate research. The award courses offered by the University are:

- Higher doctorates
- Doctor of philosophy (PhD)
- Doctorates by research and advanced coursework
- Master's degree by research
- Master's degree by coursework
- Graduate diploma
- Graduate certificate
- Bachelor's degree
- Advanced diplomas
- Diplomas
- Certificates

(See also *Bachelor's degree*, *Course rules*, *Diploma*, *Doctorate*, *Major*, *Master's degree*, *Minor*, *PhD*, *Stream*.)

Bachelor's degree

The highest undergraduate award offered at the University of Sydney. A bachelor's degree course normally requires three or four years of full-time study or the part-time equivalent. (See also *Award course*.)

Barrier

A barrier is an instruction placed on a student's FlexSIS record that prevents the student from re-enrolling or graduating. (See also *Deadline (fees)*, *Suppression of results*.)

Board of examiners

A Board of examiners was a body appointed by a faculty or board of studies which met to approve the results of all students undertaking courses supervised by that faculty or board of studies. Boards of examiners were dis-established following revision of the University's examination procedures in 2000. (See also *Assessment*, *Result processing*, *Result processing schedule*.)

Board of studies

An academic body which supervises a course or courses and which is similar to a faculty except that it is headed by a chair rather than a dean and does not supervise PhD candidates.

Bursaries

See *Scholarships*.

Business address

FlexSIS can record a student's business address and contact details. (See also *Addresses*, *Permanent home address*, *Semester address*, *Temporary address*.)

Cadigal Program

The Cadigal Program is a University wide access and support scheme for Aboriginal and Torres Strait Islanders.

Campus

The grounds on which the University is situated. There are eleven campuses of the University of Sydney: Burren Street (Institute for International Health, Institute of Transport Studies),

Camperdown and Darlington (formerly known as Main Campus), Camden (Agriculture and Veterinary Science), Conservatorium (Conservatorium of Music), Cumberland (Health Sciences), Mallett Street (Nursing), Orange (Faculty of Rural Management), Rozelle (Sydney College of the Arts), St James (Law) and Surry Hills (Dentistry).

Census date

See HECS census date.

Centre for Continuing Education

The Centre for Continuing Education develops and conducts courses, conferences and study tours for the general public and professional groups. The Centre offers approximately 1,000 courses for approximately 20,000 students each year. Most of these courses are held over one of the four main sessions that are conducted each year, though the Centre is offering an increasing number of ad hoc courses in response to increased competition and changing demands. The Centre operates on a cost recovery/income generation basis. (See also *Continuing professional education?*)

Centrelink

Centrelink is the agency responsible for providing information and assistance on a range of Commonwealth Government programs including Youth Allowance. (See also *Youth Allowance*.)

Ceremony

See *Graduation ceremony*.

Chancellor

The non-executive head of the University. An honorary position, the Chancellor chairs meetings of the University's governing body, the Senate, and presides over graduation ceremonies amongst other duties.

Class list

A listing of all currently enrolled students in a particular unit of study. (See also *Unit of study*.)

Combined course

A course which leads to two awards. For example the Arts/Law course leads to the separate awards of Bachelor of Arts and Bachelor of Laws.

Combined degree

See *Combined course*.

Commencing student

A student enrolling in an award course at the University of Sydney for the first time. The DETYA glossary provides a more detailed definition.

Comp subs

See *Compulsory subscriptions*.

Compulsory subscription rates

There are two rates for some annual subscriptions: full-time and part-time. (See also *Compulsory subscriptions*.)

Compulsory subscription waiver provision

Certain students over a certain age or with disabilities or medical conditions may be exempted from the subscription to the sports body.

Students with a conscientious objection to the payment of subscriptions to unions of any kind may apply to the Registrar for exemption. The Registrar may permit such a student to make the payment to the Jean Foley Bursary Fund instead. (See also *Compulsory subscriptions*.)

Compulsory subscriptions

Each enrolled student is liable to pay annual (or semester) subscriptions as determined by the Senate to the student organisations at the University. These organisations are different on different campuses. There are different organisations for undergraduate and postgraduate students.

At the Camperdown/Darlington campus (formerly known as Main Campus), compulsory submissions depend on the level of study.

Undergraduate: the University of Sydney Union, Students' Representative Council (SRC) and the University of Sydney Sports Union or the Sydney University Women's Sports Association.

Postgraduate: the University of Sydney Union and the Sydney University Postgraduate Representative Association (SUPRA).

Student organisations at other campuses include: the Conservatorium Student Association, the Cumberland Student Guild, the Orange Agricultural College Student Association and the Student Association of Sydney College of the Arts.

(See also *Compulsory subscription rates, Compulsory subscription waiver provision, Joining fee, Life membership.*)

Confirmation of Enrolment form

A Confirmation of Enrolment form is issued to students after enrolment showing the course and the units of study they are enrolled in, together with the credit point value of the units of study and the HECS weights. Until all fees are paid, it is issued provisionally.

A new Confirmation of Enrolment form is produced every time a student's enrolment is varied.

For postgraduate research students the form also lists candidature details and supervisor information.

Where students have an appointed advisor, the advisor information is also shown.

Continuing professional education

The continuing professional education process provides a number of programs of continuing education courses for professionals as they move through their career. These programs are presently administered by the Centre for Continuing Education and a number of departments and Foundations across the University. This process supports the whole of life learning concept and requires/promotes the maintenance of a long term relationship between the student and the University. It is envisaged that the importance of this mode of education will increase in the future. (See also *Centre for Continuing Education.*)

Convocation

Convocation is the body comprising all graduates of the University.

Core unit of study

A unit of study that is compulsory for the course or subject area. (See also *Unit of study.*)

Corequisite

A corequisite is a unit of study which must be taken in the same semester or year as a given unit of study (unless it has already been completed). These are determined by the faculty or board of studies concerned, published in the faculty handbook and shown in FlexSIS. (See also *Prerequisite, Waiver.*)

Course

An award course or non-award course undertaken at the University of Sydney. (See also *Award course, Non-award course.*)

Course alias

Each course in FlexSIS is identified by a unique five-digit alphanumeric code.

Course code

See *Course alias*.

Course leave

Students (undergraduate and postgraduate) are permitted to apply for a period away from their course without losing their place, course leave is formally approved by the supervising faculty for a minimum of one semester and recorded on FlexSIS (leave for periods of less than one semester should be recorded internally by the faculty). Students on leave are regarded as having an active candidature, but they are not entitled to a student card. At undergraduate level leave is not counted towards the total length of the course. Students who are absent from study without approved leave may be discontinued and may be required to reapply formally for admission. The term 'suspension of candidature' was previously used to describe research students on course leave.

Course (research)

A classification of courses in which students undertake supervised research leading to the production of a thesis or other piece of written or creative work over a prescribed period of time. The research component of a research course must comprise 66% or more of the overall course requirements.

Course rules

Course rules govern the allowable enrolment of a student in a course; eg, a candidate may not enrol in units of study having a total value of more than 32 credit points per semester. Course rules also govern the requirements for the award of the course - eg, a candidate must have completed a minimum of 144 credit points. Course rules may be expressed in terms of types of units of study taken, length of study, and credit points accumulated. (See also *Award course.*)

Course suspension

See *Course leave*.

Course transfer

A course transfer occurs where a student changes from one course in the University to another course in the University without the requirement for an application and selection (eg, from a PhD to a master's program in the same faculty).

Course type

Course type is a DETYA code.

Coursework

Coursework is a classification used to describe those courses that consist of units of study rather than research work. All undergraduate courses are coursework programs. Postgraduate courses can be either research courses or coursework courses. (See also *Course (research).*)

Credit

The recognition of previous studies successfully completed at this or another recognised (by the University of Sydney) university or tertiary institution as contributing to the requirements for the award of the course in which the applicant requesting such recognition has been admitted.

Where the University agrees to recognise successfully completed previous studies, their contribution to the requirements for the award of the course, in which the applicant has been admitted, will be expressed as specific or non-specific credit.

Credit awarded to a credit applicant - whether specific or non-specific - will be recorded with a mark and grade of 50 pass, unless in individual cases the credit is assessed by the faculty as having a mark and grade greater than 50 pass. This equivalent mark and grade will be used for the purposes of calculating a student's weighted average mark and for the purposes of satisfying prerequisite rules where a level of passing grade is specified.

(See also *Precedents, Specific credit, Non-specific credit, Waiver, Weighted average mark (WAM).*)

Creditpoints

Credit points are a measure of value indicating the contribution each unit of study provides towards meeting course completion requirements stated as a total credit point value. Each unit of study will have a credit point value assigned to it, normally in the range 3 to 24. Resolutions of Senate set the number and level of credit points required for graduation.

Cross-institutional enrolment

Cross-institutional enrolment is an enrolment in units of study at one university to count towards an award course at another university. Cross-institutional enrolments incur a HECS liability or tuition fee charge at the institution at which the unit of study is being undertaken. Students pay compulsory subscriptions to one university only (usually their home university - ie, the university which will award their degree). (See also *Non-award course, Enrolment non-award.*)

DAC (Data Audit Committee)

DAC is a sub-committee of the VCAC Enrolment Working Party, chaired by the Registrar, with membership including the deans, the Student Centre, FlexSIS and the Planning Support Office. Its role is to oversee the integrity and accuracy of the course and unit of study data as strategic university data. It has a role in advising the Academic Board on suggested policy changes with relation to course and unit of study data.

Deadlines (enrolment variations)

See *Enrolment variations*.

Deadlines (fees)

The University has deadlines for the payment of fees (eg, HECS, compulsory subscriptions, course fees, etc). Students who do not pay fees by these deadlines may have their enrolment cancelled or they may have a barrier placed on the release of their record. (See also *Barrier.*)

Dean

The head of a faculty or the principal or director of a college (such as the Conservatorium of Music or the Sydney College of Arts).

Dean's certificate

A statement from the dean certifying that all requirements, including fieldwork and practical work, have been met and that the student is eligible to graduate. Not all faculties use dean's

certificates. In faculties that do, qualified students have 'dean's certificate' noted on their academic record.

Deferment

See *Admission (deferment), Leave*.

Degree

(See also *Award course, Bachelor's degree*)

Delivery mode

Indicates the mode of delivery of the instruction for a unit of study - eg, normal (ie, by attending classes at a campus of the University), distance (ie, remotely by correspondence or other distance means - eg, Web delivery). The delivery mode must be recorded for each unit as distinct from the attendance mode of the student - ie, an internal student may take one or more units by distance mode and an external student may attend campus for one or more units.

Department

For the purposes of FlexSIS, a department is the academic unit, which is responsible for teaching and examining a unit of study. It may be called a school, a department, a centre or a unit within the University.

DETYA

The Department of Education Training and Youth Affairs is the Commonwealth Government department responsible for higher education. The University is required to provide DETYA with information about its students three times a year. The Government in its funding deliberations uses this information.

Differential HECS

See *Higher Education Contribution Scheme (HECS)*.

Diploma

The award granted following successful completion of diploma course requirements. A diploma course usually requires less study than a degree course. Graduate diploma courses are only available to students who already hold an undergraduate degree. (See also *Award course*.)

Direct admissions

For some courses, applications may be made directly to the University. Applications are received by faculties or the International Office, registered on FlexSIS and considered by the relevant department or faculty body. Decisions are recorded on FlexSIS and FlexSIS produces letters to applicants advising them of the outcome. (See also *Admission, UAC admissions*.)

Disability information

Students may inform the University of any temporary or permanent disability, other than a financial disability, which affects their life as a student. Disability information is recorded in FlexSIS but it is only visible to particular authorised users because of its sensitive nature.

Discipline codes

Discipline codes are four-letter codes for each area of study available at the university (eg, CHEM Chemistry, ECON Economics).

Discipline group

A DETYA code used to classify units of study in terms of the subject matter being taught or being researched.

Discontinuation (course)

See *Enrolment variation*.

Discontinuation (unit of study)

See *Enrolment variation*.

Dissertation

A dissertation is a written exposition of a topic and may include original argument substantiated by reference to acknowledged authorities. It is a required unit of study for some postgraduate award courses in the faculties of Architecture and Law.

Distance and flexible learning

Distance and flexible learning affords the opportunity to provide higher education to a much wider market - including students from anywhere in the world- at times, locations and modes that suit them.

Doctor of philosophy (PhD)

See *Award course, Doctorate, PhD*.

Doctorate

The doctorate and the PhD are high-level postgraduate awards available at the University of Sydney. A doctorate course normally involves research and coursework; the candidate submits a thesis that is an original contribution to the field of

study. Entry to a doctorate course often requires completion of a master's degree course. Note that the doctorate course is not available in all departments at the University of Sydney. (See also *Award course, PhD*.)

Earliest date

See *Research candidature*.

EFTSU

The equivalent full-time student unit (EFTSU) is a measure of student load expressed as a proportion of the workload for a standard annual program for a student undertaking a full year of study in a particular award course. A student undertaking the standard annual program of study (normally 48 credit points) generates one EFTSU.

EFTYR

The effective full-time enrolment year (EFTYR) is a calculation of how long, in terms of equivalence to full-time years of enrolment, a student has been enrolled in a course. If a student has always been full-time, the calculation is straightforward (eg, the fifth year of enrolment is EFTYR 5). If the student has had a mixture of part-time and full-time enrolment, this can be equated with an EFTYR. (See also *Stage*.)

Enrolment

A student enrolls in a course by registering with the supervising faculty in the units of study to be taken in the coming year, semester or session. The student pays whatever fees are owing to the University by the deadline for that semester. New students currently pay on the day they enrol which is normally in early February. Students already in a course at the University re-enrol each year or semester; for most students pre-enrolment is required. (See also *Pre-enrolment*.)

Enrolment non-award

Non-award enrolment is an enrolment in a unit or units of study, which does not count towards a formal award of the University. Non-award enrolments are recorded in various categories used for reporting and administrative purposes. (See also *Cross-institutional enrolment, Non-award course*.)

Enrolment status

A student's enrolment status is either 'enrolled' or 'not enrolled'. An enrolment status is linked to an enrolment status reason or category.

Enrolment status reason/ category

Not enrolled status reasons/categories include: withdrawn, totally discontinued, cancelled, on leave (suspended), transferred, lapsed, terminated, qualified and conferred.

Enrolment variation

Students may vary their enrolment at the beginning of each semester. Each faculty determines its deadlines for variations, but HECS liability depends on the HECS census date. (See also *HECS*.)

Enrolment year

See *EFTYR, Stage*.

Examination

See *Examination paper code, Examination period, Supplementary exams*.

Examination paper code

A code that identifies each individual examination paper. Used to help organise examinations.

Examination period

The examination period is the time set each semester for the conduct of formal examinations.

Exchange student

An exchange student is either a student of the University of Sydney who is participating in a formally agreed program involving study at an overseas university or an overseas student who is studying here on the same basis. The International Office provides administrative support for some exchanges.

Exclusion

The faculty may ask a student whose academic progress is considered to be unsatisfactory to 'show cause' why the student should be allowed to re-enrol. If the faculty deems the student's explanation unsatisfactory, or if the student does not provide an explanation, the student may be excluded either from a unit of study or from a course. An excluded student may apply to the faculty for permission to re-enrol. Normally at least two years must have elapsed before such an application would be considered.

University policy relating to exclusion is set out in the University Calendar. (See also *Senate appeals*.)

Extended semesters

Distance learning students may be allowed more time to complete a module/program if circumstances are beyond the student's control - eg, drought, flood or illness, affect the student's ability to complete the module/program in the specified time.

External

See *Attendance mode*.

External transcript

An external transcript is a certified statement of a student's academic record printed on official University security paper. It includes the student's name, any credit granted, all courses the student was enrolled in and the final course result and all units of study attempted within each course together with the result (but not any unit of study which has the status of withdrawn). It also includes any scholarships or prizes the student has received. Two copies are provided to each student on graduation (one with marks and grades for each unit of study and one with grades only). External transcripts are also produced at the request of the student. The student can elect either to have marks appear on the transcript or not. (See also *Academic transcript*, *Internal transcript*.)

Faculty

A faculty, consisting mainly of academic staff members and headed by a dean, is a formal part of the University's academic governance structure, responsible for all matters concerning the award courses that it supervises (see the 2001 University Calendar, pp.140-141). Usually, a faculty office administers the faculty and student or staff inquiries related to its courses. The Calendar sets out the constitution of each of the University's 17 faculties. (See also *Board of studies*, *Supervising faculty*.)

Fail

A mark of less than 50% which is not a concessional pass. (See also *Results*.)

Fee-paying students

Fee-paying students are students who pay tuition fees to the University and are not liable for HECS.

Fee rate

Local fees are charged in bands, a band being a group of subject areas. The bands are recommended by faculties and approved by the DV-C (Planning and Resources).

Fee type

Fee type can be 'international' or 'local'.

Flexible learning

See *Distance* and *Flexible learning*.

Flexible start date

Full fee-paying distance students should not be restricted to the same enrolment time frames as campus-based or HECS students.

FlexSIS

FlexSIS is the computer-based Flexible Student Information System at the University of Sydney. Electronically FlexSIS holds details of courses and units of study being offered by the University and the complete academic records of all students enrolled at the University. FlexSIS also holds the complete academic records of many (but not all) past students of the university. For past students whose complete records are not held on FlexSIS, there will be a reference on FlexSIS to card or microfiche records where details are kept.

Full-time student

See *Attendance status*, *EFTSU*.

Grade

A grade is a result outcome for a unit of study normally linked with a mark range. For example, in most faculties, a mark in the range 85-100 attracts the grade 'high distinction' ('HD'). (See also *Mark*.)

Graduand

A Graduand is a student who has completed all the requirements for an award course but has not yet graduated. (See also *Graduation*, *Potential graduand*.)

Graduate

A graduate is a person who holds an award from a recognised tertiary institution. (See also *Graduand*, *Graduation*.)

Graduate certificate

See *Award course*.

Graduate diploma

See *Award course*.

Graduate register

The graduate register is a list of all graduates of the University. (See also *Graduation*.)

Graduation

Graduation is the formal conferring of awards either at a ceremony or in absentia. (See also *In absentia*, *Potential graduand*.)

Graduation ceremony

A graduation ceremony is a ceremony where the Chancellor confers awards upon graduands. The Registrar publishes annually the schedule of graduation ceremonies.

HECS

See *Higher Education Contribution Scheme (HECS)*.

HECS census date

The date at which a student's enrolment, load and HECS liability are finalised before reporting to DETYA. The following dates apply:

Semester 1: 31 March

Semester 2: 31 August.

HECS code

A code used by DETYA to identify the HECS status of a student (eg, 10 deferred, 11 upfront).

Higher doctorates

See *Award course*.

Higher Education Contribution Scheme (HECS)

All students, except international students, local fee-paying students and holders of certain scholarships are obliged to contribute towards the cost of their education under the Higher Education Contribution Scheme (HECS). HECS liability depends on the load being taken.

Current students, except possibly those who began their studies prior to 1997, have a HECS rate charged for each unit of study in their degree program which depends on the 'discipline group' it is in, and the 'band' to which the Government has assigned it. These are all determined annually by the Government.

Honorary degrees

A degree *honoris causa* (translated from the Latin as 'for the purpose of honouring') is an honorary award, which is conferred on a person whom the University wishes to honour.

A degree *ad eundem gradum* (translated as 'at the same level') is awarded to a member of the academic staff who is not a graduate of the University in recognition of outstanding service to the University. The award of an honorary degree is noted on the person's academic record.

Honours

Some degrees may be completed 'with Honours'. This may involve either the completion of a separate Honours year or additional work in the later years of the course or meritorious achievement over all years of the course. Honours are awarded in a class (Class I, Class II, Class III) and sometimes there are two divisions within Class II.

HSC

The HSC is the NSW Higher School Certificate, which is normally completed at the end of Year 12 of secondary school. The UAI (Universities Admission Index) is a rank out of 100 that is computed from a student's performance in the HSC.

In absentia

In absentia is Latin for 'in the absence of'. Awards are conferred in absentia when a graduand does not, or cannot, attend the graduation ceremony scheduled for them.

Those who have graduated *in absentia* may later request that they be presented to the Chancellor at a graduation ceremony. (See also *Graduation*.)

Instrumental supervisor (teacher)

All students at the Conservatorium of Music and BMus students on the Camperdown campus have an instrumental teacher appointed. (See also *Advisor*, *Associate supervisor*, *Research supervisor*, *Supervision*.)

Internal

See *Attendance mode*.

Internal transcript

An Internal transcript is a record of a student's academic record for the University's own internal use. It includes the student's

name, SID, address, all courses in which the student was enrolled and the final course result, and all units of study attempted within each course together with the unit of study result. (See also *Academic transcript, External transcript.*)

International student

An International student is required to hold a visa to study in Australia and may be liable for international tuition fees. Any student who is not an Australian or New Zealand citizen or a permanent resident of Australia is an international student. New Zealand citizens are not classified as international students but have a special category under HECS that does not permit them to defer their HECS liability. (See also *Local student, Student type.*)

Joining fee

Students enrolling for the first time pay, in addition, a joining fee for the University of Sydney Union or equivalent student organisation. (See also *Compulsory subscription.*)

Leave

See *Course leave.*

Life membership

Under some circumstances (eg, after five full-time years of enrolments and contributions) students may be granted life membership of various organisations, which means they are exempt from paying yearly fees. (See also *Compulsory subscription.*)

Load

Load for an individual student is the sum of the weights of all the units of study in which the student is enrolled. (See also *EFTSU, HECS.*)

Local student

A local student is either an Australian or New Zealand citizen or Australian permanent resident. New Zealand citizens are required to pay their HECS upfront. (See also *Fee type, HECS, International student.*)

Major

A major is a defined program of study, generally comprising specified units of study from later stages of the award course. Students select and transfer between majors by virtue of their selection of units of study. One or more majors may be prescribed in order to satisfy course requirements. Majors may be included on testamurs. (See also *Award course, Minor, Stream.*)

Major timetable clash

Used by FlexSIS to denote occasions when a student attempts to enrol in units of study which have so much overlap in the teaching times that it has been decided that students must not enrol in the units together.

Mark

An integer (rounded if necessary) between 0 and 100 inclusive, indicating a student's performance in a unit of study. (See also *Grade.*)

Master's degree

A postgraduate award. Master's degree courses may be offered by coursework, research only or a combination of coursework and research. Entry to the course often requires completion of an Honours year at an undergraduate level. (See also *Award course*)

Method of candidature

A course is either a research course or a coursework course and so the methods of candidature are 'research' and 'coursework'. (See also *Course, Course (research), Coursework.*)

Minor

A minor is a defined program of study, generally comprising units of study from later stages of the award course and requiring a smaller number of credit points than a major. Students select and transfer between minors (and majors) by virtue of their selection of units of study.

One or more minors may be prescribed in order to satisfy course requirements. Minors may be included on testamurs. (See also *Award course, Major, Stream.*)

Minor timetable clash

Used by FlexSIS to denote occasions when a student attempts to enrol in units of study which have some identical times of teaching.

Mixed mode

See *Attendance mode.*

Mode

See *Attendance mode* and *Delivery mode.*

Mutually exclusive units of study

See *Prohibited combinations of units of study.*

MyUni

MyUni is a personalised space for staff and students on the University of Sydney's intranet, called USYDnet. MyUni is used to deliver information and services directly through a central location, while also allowing users to customise certain information. Students are able to access such services as exam seat numbers, results, timetables and FlexSIS pre-enrolment and enrolment variations on MyUni. (See also *UsydNet.*)

Non-award course

Non-award courses are courses undertaken by students who are not seeking an award from the University. These may be students enrolled in an award course at another institution or students not seeking an award from any institution. Non-award courses are assigned a course code in the same way as award courses. A separate course code is assigned for each faculty, level (undergraduate or postgraduate) and method (research or coursework) which offers a non-award course. Various categories of non-award enrolment are recorded on FlexSIS for reporting and administrative purposes. (See also *Course, Cross-institutional enrolment, Enrolment non-award.*)

Non-award enrolment

See *Enrolment non-award.*

Non-specific credit

Non-specific credit is awarded when previous studies are deemed to have satisfied defined components of a course other than named units of study. These components include, but are not limited to:

- entire years in courses that progress through the successful completion of a set of prescribed units of study per year
- a set number of credit points within a particular discipline or level (ie, first, second or third year)
- one or more semesters for research courses.

(See also *Credit, Specific credit.*)

OPRS

Overseas Postgraduate Research Scholarship.

Orientation Week

Orientation or 'O Week', takes place during the week prior to lectures in Semester 1. During O Week, students can join various clubs, societies and organisations, register for courses with departments and take part in activities provided by the University of Sydney Union.

Part-time student

See *Attendance status, EFTSU.*

Permanent home address

The permanent home address is the address for all official University correspondence both inside and outside of semester time (eg, during semester breaks), unless overridden by semester address. (See also *Addresses, Business address, Semester address, Temporary address.*)

PhD

The Doctor of Philosophy (PhD) and other doctorate awards are the highest awards available at the University of Sydney. A PhD course is normally purely research-based; the candidate submits a thesis that is an original contribution to the field of study. Entry to a PhD course often requires completion of a master's degree course. Note that the PhD course is available in most departments in the University of Sydney. (See also *Award course, Doctorate.*)

Postgraduate

A term used to describe a course leading to an award such as graduate diploma, a master's degree or PhD, which usually requires prior completion of a relevant undergraduate degree (or diploma) course. A 'postgraduate' is a student enrolled in such a course.

Potential graduand

Potential graduands are students who have been identified as being eligible to graduate on the satisfactory completion of their current studies. (See also *Graduand, Graduation.*)

Precedents

Where a credit applicant has credit approved in terms of the granting of specific or non-specific credit on the basis of study previously taken, a precedent is established at system level. Any other credit applicant subsequently seeking credit on the basis of the same pattern of previous study will be eligible to have the item of credit to be immediately approved on the basis of the previously approved precedent. (See also *Credit.*)

Pre-enrolment

Pre-enrolment takes place in October for the following year. Students indicate their choice of unit of study enrolment for the following year. After results are approved, registered students are regarded as enrolled in those units of study they chose and for which they are qualified. Their status is 'enrolled' and remains so provided they pay any money owing or comply with other requirements by the due date. Re-enrolling students who do not successfully register in their units of study for the next regular session are required to attend the University on set dates during the January/February enrolment period. Pre-enrolment is also known as provisional re-enrolment. (See also *Enrolment!*)

Prerequisite

A prerequisite is a unit of study that is required to be completed before another unit of study can be attempted. (See also *Assumed knowledge, Corequisite, Waiver.*)

Prizes

Prizes are awarded by the University, a faculty or a department for outstanding academic achievement. Full details can be found in the University Calendar.

Probationary candidature

A probationary candidate is a student who is enrolled in a postgraduate course on probation for a period of time up to one year. The head of department is required to consider the candidate's progress during the period of probation and make a recommendation for normal candidature or otherwise to the faculty.

Progression

See *Course progression.*

Prohibition (prohibited combinations of units of study)

When two or more units of study contain a sufficient overlap of content, enrolment in any one such unit prohibits enrolment in any other identified unit. A unit related in this way to any other unit is linked in tables of units of study via use of the symbol N to identify related prohibited units.

Provisional re-enrolment

See *Pre-enrolment.*

Qualification

A qualification is an academic attainment recognised by the University.

Registrar

The Registrar is responsible to the Vice-Chancellor for the keeping of official records and associated policy and procedures within the University. (See the University Calendar for details.)

Registration

In addition to enrolling with the faculty in units of study, students must register with the department responsible for teaching each unit. This is normally done during Orientation Week.

Note that unlike enrolment, registration is not a formal record of units attempted by the student.

Research course

See *Course (research).*

Research supervisor

A supervisor is appointed to each student undertaking a research postgraduate degree. The person will be a full-time member of the academic staff or a person external to the University appointed in recognition of their association with the clinical teaching or the research work of the University. A research supervisor is commonly referred to as a supervisor. (See also *Advisor, Associate supervisor, Instrumental supervisor (teacher), Supervision.*)

Resolutions of Senate

Regulations determined by the Senate of the University of Sydney that pertain to degree and diploma course requirements and other academic or administrative matters.

Result processing

Refers to the processing of assessment results for units of study. Departments tabulate results for all assessment activities of a unit of study and assign preliminary results for each unit of study. Preliminary results are considered by the relevant board of examiners, which approves final results. Students are notified of results by result notices that list final marks and grades for all units of study. (See also *Assessment, Examination period.*)

Result processing schedule

The result processing schedule will be determined for each academic cycle. It is expected that all departments and faculties will comply with this schedule. (See also *Assessment, Examination period, Result processing.*)

Results

The official statement of the student's performance in each unit of study attempted, as recorded on the academic transcript, usually expressed as a grade:

| | | |
|------|--|--|
| HD | High distinction | a mark of 85-100 |
| D | Distinction | a mark of 75-84 |
| CR | Credit | a mark of 65-74 |
| P | Pass | a mark of 50-64 |
| R | Satisfied requirements | This is used in pass/fail only outcomes |
| UCN | Unit of study continuing | Used at the end of semester for units of study that have been approved to extend into a following semester. This will automatically flag that no final result is required until the end of the last semester of the unit of study. |
| PCON | Pass (concessional) | A mark of 46-49. Use of this grade is restricted to those courses that allow for a concessional pass of some kind to be awarded. A student may re-enrol in a unit of study for which the result was PCON. Each faculty will determine and state in its course regulations what proportion, if any, may count - eg, 'no more than one sixth of the total credit points for a course can be made up from PCON results'. |
| | Fail | This grade may be used for students with marks of 46-49 in those faculties which do not use PCON |
| AF | Absent fail | Includes non-submission of compulsory work (or non-attendance at compulsory labs, etc) as well as failure to attend an examination |
| W | Withdrawn | Not recorded on an external transcript. This is the result that obtains where a student applies to discontinue a unit of study by the HECS census date (ie, within the first four weeks of enrolment). |
| DNF | Discontinued - not to count as failure | Recorded on external transcript. This result applies automatically where a student discontinues after the HECS Census Date but before the end of the seventh week of the semester (or before half of the unit of study has run, in the case of units of study which are not semester-length). A faculty may determine that the result of DNF is warranted after this date if the student has made out a special case based on illness or misadventure. |
| DF | Discontinued - fail | Recorded on transcript. This applies from the time DNF ceases to be automatically available up to the cessation of classes for the unit of study. |

| | | |
|------|---------------------------------------|---|
| MINC | Incomplete with a mark of at least 50 | <p>This result may be used when examiners have grounds (such as illness or misadventure) for seeking further information or for considering additional work from the student before confirming the final mark and passing grade. Except in special cases approved by the Academic Board, this result will be converted to a normal passing mark and grade either:</p> <ul style="list-style-type: none"> • by the dean at the review of examination results conducted pursuant to section 2 (4) of the Academic Board policy 'Examinations and Assessment Procedures'; or • automatically to the indicated mark and grade by the third week of the immediately subsequent academic session. <p>Deans are authorised to approve the extension of a MINC grade for individual students having a valid reason for their incomplete status.</p> |
| INC | Incomplete | <p>This result is used when examiners have grounds (such as illness or misadventure) for seeking further information or for considering additional work from the student before confirming the final result. Except in special cases approved by the Academic Board, this result will be converted to a normal permanent passing or failing grade either:</p> <ul style="list-style-type: none"> • by the dean at the review of examination results conducted pursuant to section 2 (4) of the Academic Board policy 'Examinations and Assessment Procedures'; or • automatically to an AF grade by the third week of the immediately subsequent academic session. <p>Deans are authorised to approve the extension of a MINC grade for individual students having a valid reason for their incomplete status.</p> |
| UCN | Incomplete | <p>A MINC or INC grade is converted, on the advice of the dean, to UCN when all or many students in a unit of study have not completed the requirements of the unit. The students may be engaged in practicum or clinical placements, or in programs extending beyond the end of semester (eg, Honours).</p> |

Scholarships

Scholarships are financial or other forms of support made available by sponsors to assist Australian and international students to pursue their studies at the University. When a student's means are a criterion, scholarships are sometimes called bursaries. (See also *Prizes*.)

School

See *Department*.

SCR

System change request.

Semester

A semester is a session whose dates are determined by the Academic Board. Normally all undergraduate sessions will conform to the semesters approved by the Academic Board. Any offering of an undergraduate unit not conforming to the semester dates must be given special permission by the Academic Board.

Semester address

The semester address is the address to which all official University correspondence is sent during semester time, if it is different to the permanent address. Unless overridden by a temporary address all official University correspondence during semester (including Session 4 for students enrolled in Summer School) will be sent to this address. (See also *Addresses*, *Business address*, *Permanent home address*, *Temporary address*)

Senate

The Senate of the University is the governing body of the University. (See the University Calendar.)

Senate appeals

Senate appeals are held for those students who, after being excluded by the faculty from a course, appeal to the Senate for readmission. While any student may appeal to the Senate against an academic decision, such an appeal will normally be heard only after the student has exhausted all other avenues - ie, the department, faculty, board of study and, in the case of postgraduates, the Committee for Graduate Studies. (See also *Exclusion*.)

Session

A session is a teaching period that defines the offering of a unit of study. A session cannot be longer than six months. Session offerings are approved by the relevant dean, taking into account all the necessary resources, including teaching space and staffing. The Academic Board must approve variation to the normal session pattern.

Session address

See *Semester address*.

Special consideration

Candidates who have medical or other serious problems, which may affect performance in any assessment, may request that they be given special consideration in relation to the determination of their results.

They can obtain an official form from the Student Centre. The Student Centre stamps the form and the medical or other documentation. The student gives a copy of the material to the

Student Centre staff and takes copies to the relevant departments. The student retains the originals. The dates for which special consideration is sought are recorded on FlexSIS and printed on the examination register.

Special permission

See *Waiver*.

Specific credit

Specific credit is awarded when previous studies are entirely equivalent to one or more named units of study offered by the University of Sydney that contribute to the course in which the applicant has been admitted. (See also *Credit*, *Non-specific credit*.)

Sponsorship

Sponsorship is the financial support of a student by a company or government body. Sponsors are frequently invoiced directly.

SRS

SRS is the student record system responsible, prior to FlexSIS, for the processing of student records. The functions of SRS are gradually being incorporated into FlexSIS. (See also *FlexSIS*.)

Stage

For the purposes of administration, a course may be divided into stages to be studied consecutively. The stages may be related to sessions or they may relate to an academic cycle. Part-time students progress through a course more slowly and would often enrol in the same stage more than once.

Status

Status is a variable for students both with relation to course and unit of study. With relation to course, students can have the status of enrolled or not enrolled. 'Not enrolled' reasons can be: totally discontinued, withdrawn, suspended, cancelled, awarded, etc. With relation to unit of study, students can have the status of CURENR or WITHDN, discontinued, etc.

Stream

A stream is a defined program of study within an award course, which requires the completion of a program of study specified by the course rules for the particular stream, in addition to the core program specified by the course rules for the award course. Students enrolled in award courses that involve streams will have the stream recorded in their enrolment record. Students normally enter streams at the time of admission, although some award courses require students to enrol in streams after the completion of level 1000 units of study. Where permitted to do so by faculty resolution, students may transfer from one stream to another, within an award course, provided they meet criteria approved by the Academic Board on the advice of the faculty concerned. A stream will appear with the award course name on testamurs - eg, Bachelor of Engineering in Civil Engineering (Construction Management). (See also *Award course*, *Major*, *Minor*.)

Student ID card

All students who enrol are issued with an identification card. The card includes the student name, SID, the course code, and a library borrower's bar code. The card identifies the student as eligible to attend classes and must be displayed at formal

examinations. It must be presented to secure student concessions and to borrow books from all sections of the University Library.

Student identifier (SID)

A 9-digit number which uniquely identifies a student at the University.

Student load

See *Load*.

Study Abroad Program

A scheme administered by the International Education Office which allows international students who are not part of an exchange program, to take units of study at the University of Sydney, but not towards an award program. In most cases the units of study taken here are credited towards an award at their home institution. (See also *Exchange student*.)

Subject area

A unit of study may be associated with one or more subject areas. The subject area can be used to define prerequisite and course rules - eg, the unit of study 'History of Momoyama and Edo Art' may count towards the requirements for the subject areas 'Art History and Theory' and 'Asian Studies'.

Summer School

See *Sydney Summer School*.

Supervising faculty

The supervising faculty is the faculty which has the responsibility for managing the academic administration of a particular course - ie, the interpretation and administration of course rules, approving students' enrolments and variations to enrolments. Normally the supervising faculty is the faculty offering the course. However, in the case of combined courses, one of the two faculties involved will usually be designated the supervising faculty at any given time. Further, in the case where one course is jointly offered by two or more faculties (eg, the Liberal Studies course) a joint committee may make academic decisions about candidature and the student may be assigned a supervising faculty for administration.

The International Office has a supporting role in the administration of the candidatures of international students and alerts the supervising faculty to any special conditions applying to these candidatures (eg, that enrolment must be full-time). (See also *Board of studies*.)

Supervision

Supervision refers to a one-to-one relationship between a student and a nominated member of the academic staff or a person specifically appointed to the position. (See also *Advisor*, *Associate supervisor*, *Instrumental supervisor (teacher)*, *Research supervisor*.)

Supplementary examinations

Supplementary exams may be offered by faculties to students who fail to achieve a passing grade or who were absent from assessment due to illness or misadventure.

Suppression of results

Results for a particular student can be suppressed by the University for the following reasons:

- the student has an outstanding debt to the university
- the student is facing disciplinary action.

Suspension

See *Course leave*.

Sydney Summer School

Sydney Summer School is a program of accelerated, intensive study running for approximately 6 weeks during January and February each year. Both undergraduate and postgraduate units are offered. Summer School provides an opportunity for students at Sydney and other universities to catch up on needed units of study, to accelerate completion of a course or to undertake a unit that is outside their award course. All units are full fee-paying and enrolled students are also liable for compulsory subscriptions. Some fee-waiver scholarships are available.

Teaching department

See *Department*.

Temporary address

Students may advise the University of a temporary address. Correspondence will be sent to this address between the dates specified by the student. (See also *Addresses*, *Business address*, *Permanent home address*, *Semester address*.)

Testamur

A testamur is a certificate of award provided to a graduate usually at a graduation ceremony.

Thesis

A thesis is a major work that is the product of an extended period of supervised independent research. 'Earliest date' means the earliest date at which a research student can submit the thesis. 'Latest date' means the latest date at which a research student can submit the thesis.

Timetable

Timetable refers to the schedule of lectures, tutorials, laboratories and other academic activities that a student must attend.

Transcript

See *Academic transcript*.

Transfer

See *Course transfer*.

Tuition fees

Tuition fees may be charged to students in designated tuition fee-paying courses. Students who pay fees are not liable for HECS.

VAC

The Universities Admissions Centre (UAC) receives and processes applications for admission to undergraduate courses at recognised universities in NSW and the ACT. Most commencing undergraduate students at the University apply through UAC.

UAC admissions

Most local undergraduates (including local undergraduate fee payers) apply through the Universities Admission Centre (UAC).

The University Admissions Office coordinates the processing of UAC applicants with faculties and departments and decisions are recorded on the UAC system.

Applicants are notified by UAC and an electronic file of applicants who have been made offers of admission to courses at the University is loaded onto FlexSIS. (See also *Admission*, *Direct admissions*.)

UAI (Universities Admission Index)

The Universities Admission Index (UAI) is a number between 0.00 and 100.00 with increments of 0.05. It provides a measure of overall academic achievement in the HSC that assists universities in ranking applicants for university selection. The UAI is based on the aggregate of scaled marks in ten units of the HSC.

Undergraduate

A term used to describe a course leading to a diploma or bachelor's degree. An 'undergraduate' is a student enrolled in such a course.

Unit of study

A unit of study is the smallest stand-alone component of a student's course that is recordable on a student's transcript. Units of study have an integer credit point value, normally in the range 3-24. Each approved unit of study is identified by a unique sequence of eight characters, consisting of a four character alphabetical code which usually identifies the department or subject area, and a four character numeric code which identifies the particular unit of study. Units of study can be grouped by subject and level. (See also *Core unit of study*, *Course*, *Major*.)

Unit of study enrolment status

The enrolment status indicates whether the student is still actively attending the unit of study (ie, currently enrolled) or is no longer enrolled (withdrawn or discontinued).

Unit of study group

A grouping of units of study within a course. The units of study which make up the groups are defined within FlexSIS.

Unit of study level

Units of study are divided into Junior, Intermediate, Senior, Honours, Year 5, and Year 6. Most majors consist of 32 Senior credit points in a subject area (either 3000 level units of study or a mix of 2000 and 3000 level units of study).

University

Unless otherwise indicated, University in this document refers to the University of Sydney.

University Medal

A faculty may recommend the award of a University Medal to students qualified for the award of an undergraduate Honours degree or some master's degrees, whose academic performance is judged outstanding.

UPA

University Postgraduate Award.

USYDnet

USYDnet is the University of Sydney's intranet system. In addition to the customised MyUni service, it provides access to other services such as directories (maps, staff and student, organisations), a calendar of events (to which staff and students can submit entries), and a software download area. (See also *MyUni*.)

Variation of enrolment

See *Enrolment variation*.

Vice-Chancellor

The chief executive officer of the University, responsible for its leadership and management. The Vice-Chancellor is head of both academic and administrative divisions.

Waiver

In a prescribed course, a faculty may waive the prerequisite or corequisite requirement for a unit of study or the course rules for a particular student. Unlike credit, waivers do not involve a reduction in the number of credit points required for a course (See also *Credit*.)

Weighted average mark (WAM)

The Weighted Average Mark (WAM) is the average mark in the unit of study completed, weighted according to credit point value and level. The formulae used to calculate the WAMs are course-specific: there are many different WAMs in the University.

Year of first enrolment (YFE)

The year in which a student first enrolls at the University.

Youth Allowance

Youth Allowance is payable to a full-time student or trainee aged 16-24 years of age; and enrolled at an approved institution such as a school, college, TAFE or university, and undertaking at least 15 hours a week face-to-face contact. Youth Allowance replaces AUSTUDY.

Public transport

The 500, 502, 503 & 504 Ryde-area buses run from Circular Quay and Druiitt Street to Victoria Road and stop at the intersection of Balmain Road and Darling Street. The exception is the 501 which travels from Circular Quay to Victoria Road via Harris Street (past the Powerhouse Museum) and the Fish Markets. The 445 buses travel between Canterbury and Balmain along Balmain Road and Darling Street. The 440 buses from the City to Leichhardt and Rozelle travel along Parramatta Road, Norton Street and then along Balmain Road. The 440 bus links the Rozelle campus to the main campus at Camperdown.
