COMMITTEE REPORTS
(Regular Calendar)

CACR 15, relating to limitation on state and local taxation and spending increases. Providing that taxation and expenditures shall not exceed the previous year's levels by more than 5 percent unless approved by 2/3 vote. Inexpedient to Legislate.

CACR 15 would take away the control towns now have over their budgets. It inhibits flexibility in the budget making process. The constitution is not the place for economic theory. Vote 11-0. Rep. Dennis H. Fields for Constitutional Revision.

Report adopted.

CACR 20, relating to the amount in controversy required for a jury trial. Providing that the amount be determined by law. Ought to Pass with Amendment.

This proposal would allow the Legislature to set the dollar amount involved in a case to be heard by a jury. The present \$500 constitutional limitation in light of the impact of inflation has created a monumental case backlog. This legislative flexibility will help the courts. The amendment corrects a mistake in drafting which erroneously referred to Article 20 Part second. It is changed to Article 20 Part first. Vote 10-0. Rep. Peter F. Wells for Constitutional Revision.

Amendment

Amend the resolution by striking out paragraph I and inserting in place thereof the following:

I. Resolved, That article 20 of part first of the constitution be amended by striking out said article and inserting in place thereof the following:

Art. 20. Jury Trial in Civil Causes. In all controversies concerning property, and in all suits between 2 or more persons except those in which another practice is and has been customary and except those in which the value in controversy does not exceed a certain amount as determined by law and no title to real estate is involved, the parties have a right to a trial by jury. This method of procedure shall be held sacred unless, in cases arising on the high seas and in cases relating to mariners' wages, the legislature shall think it necessary to alter it.

Amendment adopted.

CACR 21, relating to the imposition of limits on state spending and increases in state spending and the establishment of a reserve fund. Providing that increases in state revenue shall not exceed the state's rate of economic growth, state spending shall not exceed 95 percent of the aggregate revenues of the current fiscal year, and a special fund reserve shall be established. Inexpedient to Legislate.

This proposal is a very complex and comprehensive attempt to limit state spending. Because of its experimental nature, the Committee feels strongly it should be tried as a statute first. Should flaws surface corrective action can be taken quickly whereas if it were in the Constitution it could take as long as two years to change. Vote 11-0. Rep. David J. Bouchard for Constitutional Revision.

Report adopted.

HB 643-FN, relative to fees, definitions and enforcement procedures relative to hazardous waste. Ought to Pass with Amendment.

This bill increases hazardous waste generator and facility application fees. The fees and fines levied will be paid into the hazardous waste cleanup fund. The amendment removes any fee on recycled hazardous waste in order to continue the incentive to recycle whenever possible.

Additional money is needed in the cleanup fund to be used as a match for the federal super fund and to clean up New Hampshire sites that do not qualify for super fund money.

The Committee commends the business community for its willingness to help in this important effort, but feels that the general public has a responsibility also. Therefore, the amendment states that any bonds or notes issued for the hazardous waste cleanup fund shall not be paid off from the fund itself. The amendment authorizes the local review committee to voluntarily engage a mediator during a siting proposal process.

The Committee wishes to make clear to the House that its amendment regarding no fees on recycled waste and the prohibition of payment on notes or bonds from the cleanup fund is contrary to the operating budget now in the Senate. This is a conflict that must be resolved. Vote 15-0. Rep. Barbara B. Bowler for Environment and Agriculture.

HB 453-FN, relative to disclosure of information by certain medical providers. Refer for Interim Study.

The disclosure of this information does have merit in protecting the various departments in expending state funds, but the procedures necessary to accomplish this while protecting, as well, the confidentiality which patients are entitled to caused the Committee to refer this matter for interim study. Vote 9-7. Rep. Frank J. Sylvia for Judiciary.

Referred for Interim Study.

HB 650-FN, relative to court procedures and the select commission to examine a unified court system. Ought to Pass with Amendment.

This bill makes several changes in court procedure and jurisdiction designed to ease the burden on the Superior Court and to reduce the costs of administering justice. Donna P. Sytek for Judiciary.

Amendment

Amend RSA 502-A:14, II-a as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

II-a. EXPANDED CONCURRENT JURISDICTION. The supreme court shall have the authority to increase the concurrent jurisdiction as provided in paragraph II of those district courts it selects, after consultation with the individual district courts, to hear civil actions in which the damages claimed do not exceed \$20,000, the title to real estate is not involved, and the plaintiff or defendant resides within the district where such court is located. In all such actions, unless trial by jury is claimed as provided in RSA 502-A:15, the parties shall be heard by the justice, associate justice or special justice; and the findings of fact shall be final. Questions of law may be transferred to the supreme court in the same manner as from the superior court.

Amend RSA 502-A:19-b, I and II as inserted by section 8 of the bill by striking out same and inserting in place thereof the following:

I. Such defendant shall receive, in addition to his summons, a uniform fine schedule entitled "Notice of Fine, New Hampshire District and Municipal Courts" which shall contain the normal fines for violations of the provisions of Title XXI on vehicles, excluding violations of RSA 265:79, 265:82 or any offense for which the penalty is a misdemeanor or felony. The defendant shall be given a notice of fine indicating the amount of his fine plus penalty assessment at the time the summons is issued; except if, for cause, the summoning authority wishes the defendant to appear personally. Defendants summoned to appear personally must do so on the arraignment date specified in the summons. Defendants who are issued a summons and notice of fine and who wish to plead guilty or nolo contendere shall enter their plea on the summons and return it with payment of the fine plus penalty assessment to the clerk of the court prior to the arraignment date or appear in court on the date of arraignment.

II. If a defendant does not enter such a plea by mail prior to the arraignment date and if he does not appear personally on that date, the court may determine what the fine would be upon a plea of guilty or nolo contendere and may impose an administrative processing fee in addition to the fine and penalty assessments. The amount of this administrative fee shall be determined by the New Hampshire supreme court in accordance with the provisions of paragraph V. The court may continue the case to a definite date for arraignment. The clerk shall forthwith mail or deliver to the defendant a waiver of hearing form, approved by the administrative committee of the district and municipal courts, to be completed and returned by the defendant, together with the fine assessed by the court, to the court no later than the date to which the arraignment has been continued.

488:1 Select Commission Established; Duties. A select commission is hereby established to examine the existing probate court system and to study the feasibility of creating a family court which would have jurisdiction over matters concerning annulment, divorce, separation, custody, alimony and support. The select commission shall also review the extent to which progress has been made in achieving a unified court system in New Hampshire.

13 Report on Probate Court System and Family Court. Amend 1979, 488:5 as amended by 1981, 562:8 by striking out said section and inserting in place thereof the following:

The commission shall continue in existence until July 1, 1985.

Amend the bill by striking out section 17 and inserting in place thereof the following:

17 Court Records. Amend RSA 599 by inserting after section 599:1-b the following new section:

599:1-c Records Required. Any person charged with any violation which does not provide a basis for enhanced penalties for subsequent convictions for the same offense or who is charged with any other offense which might result in a conviction for a violation which does not provide a basis for enhanced penalties for subsequent convictions for the same offense may, at least 5 days prior to trial, request the district or municipal court that a record be kept of all proceedings in his trial. If such a request made, the district or municipal court shall provide the record at no cost to the person requesting the record.

11. A person sentenced by a district or municipal court for a violation which does not provide a basis for enhanced penalties for subsequent convictions for the same offense may, at the time the sentence is declared or within 30 days thereafter, appeal therefrom to the supreme court. On any such appeal, the district or municipal court shall, at no cost to the person, provide to the supreme court the record requested under paragraph I.

18 Effective Date.

1. Sections 10, 11 and 17 of this act shall take effect 60 days after its passage.

II. Sections 13, 14, 15 and 16 of this act shall take effect June 30, 1983.

III. The remainder of this act shall take effect January 1, 1984.

Amend the bill by inserting the following new section after section 2 of the bill and then renumbering the original sections 3-18 to read as 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, and 19, respectively.

3 Cross Reference. Amend RSA 502-A:15 as inserted by 1963, 331:1 by striking out said section and inserting in place thereof the following:

502-A:15 Jury Trial. In cases in which the damages claimed exceed \$500 or the title to real estate is involved, if the defendant, upon the entry of any action for damages under RSA 502-A:14, II or II-a, within 5 days of the entry of the action or within such additional time as the district court for good cause may allow, files a written request for trial by jury, the cause shall be at once transferred to the superior court for the county in which the district is located, to be heard and tried as if originally entered in the superior court.

The original entry fee and cost of transferring the action shall be paid by the plaintiff but shall be recoverable as costs if the plaintiff prevails in the action.

HB 503-FN, creating a presumption that cardiovascular disease in police officers is occupationally related. Inexpedient to Legislate.

The Workmen's Compensation Law covering firefighters does offer an opportunity to the employer to show the cause is work-related; this bill does not. The measure does not adequately address the pre-existing physical condition of the police officers nor their habits and lifestyles, medical heredity, environmental exposure or work assignment. Vote 8-7. Rep. Robert S. Hawkins for Labor, Human Resources and Rehabilitation.

Resolution adopted.

HB 517-FN, relative to overtime pay. Refer for Interim Study.

The measure needs full indepth study relative to overtime pay of time and one-half for employees working in our state's recreational industry. Vote 11-6. Rep. Philip Weymouth for Labor, Human Resources and Rehabilitation.

Referred for Interim Study.

HB 743-FN, relative to certain retirement pay and unemployment compensation benefits. Ought to Pass with Amendment.

This measure would prohibit deductions from weekly unemployment compensation benefits of any weekly amount an individual would receive in a form of government, military or other pension, retirement or retired pay or annuity based on previous work. In 1976, federal law eliminated unemployment compensation to those with military retirements and other individuals with retirements, and then repealed it in 1979. The average military retiree of 20 years of service is 38 years of age. The amendment deals with an oversight of the "lockout" provision in RSA 282-A which was inadvertently left out in last session's recodification of the law. Vote 13-2. Rep. Philip H. Weymouth for Labor, Human Resources and Rehabilitation.

Amendment

HB 778, relative to employee benefits in the event of a business closing. Refer for Interim Study.

HB 782, relative to the public employee labor relations law. Ought to Pass with Amendment.

This bill adds matters regarding the principle of merit and collective bargaining to rules of procedure. It does not take away management rights, but provides equal rights with all employees. Vote 13-7. Rep. Merino Romoli for Labor, Human Resources and Rehabilitation.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Obligation of Organization to Bargain. Amend RSA 273-A:3, III as inserted by 1975, 490:2 by striking out said paragraph and inserting in place thereof the following:

III. Nothing herein shall be construed to diminish the authority of the state personnel commission or any board or agency established by statute, charter or ordinance to conduct and grade merit examinations from which appointments or promotions may be made, as long as such actions are taken under conditions of political neutrality and are based upon principles of merit and competence.

2 Bargaining. Amend RSA 273-A:9 as inserted by 1975, 490:2 by striking out said section and inserting in place thereof the following:

273-A:9 Bargaining by State Employees. Cost items and terms and conditions of employment, including those prescribed under RSA 98:8, 98:13 and 98:15 and rules adopted pursuant thereto, except those prescribed under RSA 98:18 and 19 and other items not otherwise prohibited by RSA 273-A:3, III, affecting state employees generally shall be negotiated by the state, represented by the negotiating committee set out below, with all interested bargaining units. For purposes of bargaining under this section, the state negotiating committee shall include representatives of the office of the attorney general, the department of administration and control and the department of personnel, and such other members of the executive branch as the governor may designate. The governor shall designate a chairman from among its membership.

HB 799-FN, relative to disqualification for unemployment benefits. Inexpedient to Legislate.

There are problems with the bill. It does not define immediate family. Unemployment compensation should be for those unemployed and willing to work, not for taking care of a member in the family. It would also pose a hardship on the employer as he would have no way of knowing how long he would have to

hold the job open. Vote 10-5. Rep. John E. Webster for Labor, Human Resources and Rehabilitation.

Resolution adopted.

HB 806-FN, relative to eligibility for unemployment compensation benefits for persons seeking part-time work. Inexpedient to Legislate.

This bill would have allowed a part-time worker to be eligible for unemployment compensation while only looking for part-time work. Vote 13-2. Rep. John E. Webster for Labor, Human Resources and Rehabilitation.

Resolution adopted.

HB 538-FN, relative to police presence at dances, carnivals and circuses. Ought to Pass with Amendment.

It is ridiculous to consider that only cities with a population of over 20,000 have the knowledge and expertise to determine, after consultation with the Chief of Police, with the Mayor and Board of Aldermen, that police officers are or are not required at public dances, carnivals, etc., in the cities. The Committee believes that every city and town, regardless of population, should be given the same rights, namely that the Chief of Police, in consultation with the Mayor and Board of Aldermen in a city, and the Chief of Police and the Board of Selectmen of a town, shall establish the policies and procedures for the attendance of police officers at public functions in the municipality. The consultations may result in a blanket authorization for the Chief to use best judgment, or a determination made on a case-by-case basis, as the need arises. Vote 9-3. Rep. Jon H. Perkins for Public Protection and Veterans Affairs.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to police presence at public meetings and functions.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Police Presence. Amend RSA 105:9 as amended by striking out said section and inserting in place thereof the following:

105:9 Public Meetings and Functions. The chief of police in any city or town, subject to the written approval of the mayor and board of aldermen, board of selectmen, or licensing board, shall decide whether it is necessary to detail police officers to attend a public meeting or function. If the chief of police decides that police attendance at such a function is necessary,

he shall detail one or more police officers to attend the same, whose services shall be paid for by the applicant. No person shall conduct a public meeting or function unless one or more police officers are in attendance, except in a case in which the chief of police has decided that such attendance is not necessary. Whoever violates the provision of this section shall be guilty of a misdemeanor.

2 Police Employment. Amend RSA 105:9-a as inserted by 1973, 532:20 by striking out said section and inserting in place thereof the following:

105:9-a Employing Police. The chief of police in any city or town may, in order to meet the requirements set forth in RSA 105:9, employ certified police officers of any other town in this state to preserve order among the persons attending any public meeting or function. Such officers shall have the powers there which they have in the towns for which they are appointed, and their services shall be paid for by the sponsor of the public meeting or function.

3 Repeal. RSA 105:9-b, relative to police presence at dances, carnivals and circuses, is hereby repealed.

4 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

COMMITTEE REPORTS (Regular Calendar)

HB 337, relative to cross-industry interstate banking and equalization of New Hampshire banking institutions. Majority: Refer for Interim Study. Minority: Ought to Pass with Amendment.

MAJORITY: The majority of the Committee felt more study was needed because this legislation is irreversible and the eventual impact to the State is uncertain. Vote 11-10. Rep. A. Leslie Burns for the Majority of Commerce, Housing and Consumer Affairs.

MINORITY: HB 337, as amended, would allow New Hampshire banks to compete more effectively and bring more financial resources to New Hampshire citizens. A long regulatory process would have to be satisfied before a New Hampshire bank could be acquired. National studies and analysis indicate interstate banking will create competition, efficiency, and greater capital resources within a state's banking system and also allow strong community banks to co-exist. (Reps. Elizabeth L. Crory, Catherine G. Lamy, George Michaelides, William Sullivan, Lawrence Guay, Roger R. Beliveau, C. Dana Christy, James L. Logan, Thomas Hynes, Gerald Vecchione for the Minority of Commerce, Housing and Consumer Affairs.)

Reps. Demers, Chardon and Michaelides spoke in favor of the motion.

Amendment adopted.

Ordered to third reading.

CACR 9, relating to succession to the office of governor and the taking of the oath of office by the governor. Providing that the legislature provide for the election of a new governor to fill the unexpired term of a governor who dies, resigns or is declared unable to continue in office, and that no person who temporarily succeeds to the office of governor shall forfeit his elective office, that a justice of a New Hampshire court shall administer the oath of office to a newly-elected governor. Ought to Pass with Amendment.

CACR 9, as amended, makes provision for how to proceed when there is a prolonged vacancy in the Governor's office due to physical or mental disability, a subject not currently addressed by our constitution. It keeps the current line of succession for temporary vacancies as it is. It provides for a special election under certain time frames. The Committee recognizes that the odds strongly favor these provisions, and will never be used, but feels it wise to have these remote possibilities covered in our constitution. Vote 11-0. Rep. Eleanor H. Stark for Constitutional Revision.

Amendment

Amend the title of the constitutional amendment - concurrent resolution by striking out same and inserting in place thereof the following:

relating to succession to the office of governor and the taking of the oath of office by the governor. Providing that in the event of a vacancy in the office of governor or the incapacity of the governor to perform his duties, the president of the senate, speaker of the house, secretary of state and state treasurer, in that order, shall be acting governor until the vacancy is filled or the incapacity removed; that if a vacancy in the office of governor for the remainder of the governor's term occurs before the commencement of the last year of his term, a special election for governor shall be held; that the incapacity of the governor shall be determined by his written declaration or by judgment of the supreme court; that the office of governor may be declared vacant by the general court when the governor or governor-elect has been incapacitated for a period of 6 months; and that a justice of a New Hampshire court shall administer the oath of office to a newly-elected governor.

Amend the constitutional amendment - concurrent resolution by striking out all after the resolving clause and inserting in place thereof the following:

I. Resolved, That article 49 of part second of the constitution be amended by striking out said article and inserting in place thereof the following:

Art. 49. President of Senate, etc., To Act as Governor When Office Vacant; Speaker of House To Act When Office of President of Senate Is Also Vacant. In the event of the death, resignation, removal from office, failure to qualify, physical or mental incapacity, absence from the state, or other incapacity of the governor, the president of the senate, for the time being, shall act as governor until the vacancy is filled or the incapacity is removed; and if the president of the senate, for any of the above-named causes, shall become incapable of performing the duties of governor, the same shall devolve upon the speaker of the house of representatives, for the time being, or in the case of the like incapacity of the speaker, upon the secretary of state, or in case of his like incapacity, upon the state treasurer, each of whom, in that order, shall act as governor, as hereinabove provided, until the vacancy is filled or the incapacity removed. Whenever a vacancy for the duration or remainder of the governor's term of office occurs before the commencement of the last year of such term, a special election for governor shall take place to fill the vacancy, as provided by law. Whenever the speaker of the house acts as governor, he shall act as such only until such time as the vacancy is filled or the

incapacity removed in either the office of governor or of president of the senate, whichever occurs first. Whenever either the secretary of state or the treasurer acts as governor, he shall act as such only until such time as the vacancy is filled or the incapacity removed in the offices of governor, of president of the senate or of speaker of the house, whichever occurs first. While acting as governor under this article, the president of the senate, speaker of the house, secretary of state or state treasurer, as the case may be, shall be styled Acting Governor, shall not be required to take an additional oath of office, shall have and exercise all the powers, duties and authorities of, and receive compensation equal to that of the office of governor; and the capacity of each such officer to serve as president of the senate as well as senator, speaker of the house of representatives as well as representative, secretary of state, or state treasurer, as the case may be, or to receive the compensation of such office, shall be suspended only. While the governor or an acting governor is absent from the state on official business, he shall have the power and authority to transact such business.

II. Resolved, That part second of the constitution be amended by inserting after article 49 the following new article:

Art. 49-A Prolonged Failure to Qualify; Vacancy in Office of Governor Due to Physical or Mental Incapacity, etc. Whenever the governor transmits to the secretary of state and president of the senate his written declaration that he is unable to discharge the powers and duties of his office by reason of physical or mental incapacity and until he transmits to them a written declaration to the contrary, the president of the senate, for the time being, shall act as governor as provided in article 49, subject to the succession provisions therein set forth. Whenever it reasonably appears to the attorney general and a majority of the council that the governor is unable to discharge the powers and duties of his office by reason of physical or mental incapacity, but the governor is unwilling or unable to transmit his written declaration to such effect as above provided, the attorney general shall file a petition for declaratory judgment in the supreme court requesting a judicial determination of the ability of the governor to discharge the powers and duties of his office. After notice and hearing, the justices of the supreme court shall render such judgment as they find warranted by a preponderance of the evidence; and, if the court holds that the governor is unable to discharge the powers and duties of his office, the president of the senate, for the time being, shall act as governor as provided in article 49, subject to the succession provisions therein set forth, until such time as the disability of the governor is removed or a newly elected governor is inaugurated. Such disability, once determined by the supreme court, may be removed upon petition for declaratory judgment to the supreme court by the governor if the court finds, after notice and hearing, by a preponderance of the evidence that the governor is able to

discharge the powers and duties of his office. Whenever such disability of the governor, as determined by his written declaration or by judgment of the supreme court, has continued for a period of 6 months, the general court may, by concurrent resolution adopted by both houses, declare the office of governor vacant. Whenever the governor-elect fails to qualify by reason of physical or mental incapacity or any cause other than death or resignation, for a period of 6 months following the inauguration date established by this constitution, the general court may, by concurrent resolution adopted by both houses, declare the office of governor vacant. The provisions of article 49 shall govern the filling of such vacancy, either by special election or continued service of an acting governor. If the general court is not in session when any such 6-month period expires, the acting governor, upon written request of at least 1/4 of the members of each house, shall convene the general court in special session for the sole purpose of considering and acting on the question whether to declare a vacancy in the office of governor under this article.

III. Resolved, That article 85 of part second of the constitution be amended by striking out said article and inserting in place thereof the following:

Art. 85. Before Whom Taken. The oaths or affirmations shall be taken and subscribed by the governor before a justice of a New Hampshire court, in the presence of both houses of the legislature, by the senators and representatives before the governor and council for the time being, and by all other officers before such persons and in such manner as the general court shall from time to time appoint.

IV. Resolved, That the above amendment proposed to the constitution be submitted to the qualified voters of the state at the state general election to be held in November, 1984.

V. Resolved, That the selectmen of all towns, cities, wards and places in the state are directed to insert in their warrants for the said 1984 election an article to the following effect: To decide whether the amendments of the constitution proposed by the 1983 session of the general court shall be approved.

VI. Resolved, That the wording of the question put to the qualified voters shall be:

Are you in favor of amending the Constitution to provide that in the event of a vacancy in the office of governor or the incapacity of the governor to perform his duties, the president of the senate, speaker of the house, secretary of state and state treasurer, in that order, shall be acting governor until the vacancy is filled or the incapacity removed; that if a vacancy in the office of governor for the remainder of the governor's term occurs before the commencement of the last year of his term, a special election for governor shall be held; that the incapacity of the governor shall be determined by his written declaration or by judgment of the supreme court; that the office of governor may be declared vacant by the general court when the governor or

governor-elect has been incapacitated for a period of 6 months; and that a justice of a New Hampshire court shall administer the oath of office to a newly-elected governor.

VII. Resolved, That the secretary of state shall print the question to be submitted on a separate ballot or on the same ballot with other constitutional questions. The ballot containing the question shall include 2 squares next to the question allowing the voter to vote "Yes" or "No." If no cross is made in either of the squares, the ballot shall not be counted on the question. The outside of the ballot shall be the same as the regular official ballot except that the words "Questions Relating to Constitutional Amendments proposed by the 1983 General Court" shall be printed in bold type at the top of the ballot.

VIII. Resolved, That if the proposed amendment is approved by 2/3 of those voting on the amendment, it becomes effective when the governor proclaims its adoption.

Rep. Jacobson spoke against the amendment.

Rep. Stark spoke in favor of the report and yielded to questions.

Rep. Sackett spoke in favor of the report.

Amendment adopted.

Question being on the Committee report, Ought to Pass with Amendment.

HB 374, relative to home rule for siting hazardous waste facilities. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: The majority of the Committee felt that this bill would not solve the problem of proper siting for facilities which are needed if we are to maintain the favorable business climate which is basic to our economy. It would instead be more apt to result in refusal by any town to allow a facility. This would be true even if one was environmentally acceptable since there is a very emotional and negative reaction, due to the general public perception of these facilities as dangerous beyond control. More properly they need to be considered as solutions to an existing severe problem for New Hampshire business activities. Properly regulated and controlled, they are absolutely required to keep New Hampshire what we want it to be. Lacking these proper solutions our industries may have to choose between excessively costly export costs or illegal disposals. Vote 11-7. Rep. Elizabeth A. Greene for the Majority of Environment and Agriculture.

Resolution adopted.

Rep. Kaklamanos notified the Clerk that he wished to be recorded in favor of the report of the Minority, Ought to Pass.

HB 553, relative to home rule for siting low level radioactive waste facilities.
Majority: Inexpedient to Legislate.
Minority: Ought to Pass.

MAJORITY: By a 12-5 vote the Committee rejected this legislation as a proper answer to the low level waste problem. It is not likely any town would permit a low level waste facility to be sited within its boundaries. Federal law requires us to offer a solution for this

state and there are real problems with joining a multi-state compact, even if we decide to site a facility for our own use. Passage of HB 553 might well result in preemption by federal action and dictated siting without any control or choice given to the state. Another possible solution could be allowing long-term storage on-site. It would be ironic indeed if Seabrook's support of HB 553 had this result. Vote 12-5.

Rep. Elizabeth A. Greene for the Majority of Environment and Agriculture. MINORITY: This bill ought to pass as it offers those most likely affected by siting a low level radioactive waste facility a voice in the decision. Reps. Victor J. Joos, Roberta Pevear, Harold Chisholm, Jack LoFranco, John Sherburne and Ellen Cressy for the Minority of Environment and Agriculture.

Rep. Joos moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, Inexpedient to Legislate, and spoke to his motion.

Rep. Whittemore spoke against the motion.

Rep. Keenan spoke in favor of the motion and yielded to questions.

Reps. Shepard and Greene spoke against the motion and yielded to questions.

Rep. Newman spoke in favor of the motion.

Rep. Russell moved the previous question. Sufficiently seconded. Adopted.

Resolution adopted.

Rep. Kalamanos notified the Clerk that he wished to be recorded in favor of the Minority report, Ought to Pass.

HB 45, to increase the penalty for refusal to take the chemical testing to determine alcoholic content of blood. Ought to Pass with Amendment.

After deliberating on 21 different bills dealing with the subject of Driving While Intoxicated, this Committee extracted vital sections of most of these bills and condensed them into HB 45 with amendment. This approach was used to help members of the House focus onto this very important concern of all citizens. Vote 15-0. Rep. Robert G. Holbrook for Judiciary.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to driving while intoxicated.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Director to Approve Alcohol Awareness Programs. Amend RSA 172-B by inserting after section 2 the following new section:

172-B:2-a Alcohol Awareness Programs.

I. The director shall be responsible for approving the alcohol awareness programs which persons convicted under RSA 265:82 shall attend in order to regain their driver's licenses or driving privileges, but the director shall not approve any alcohol awareness program unless such program:

(a) Is incorporated as a voluntary corporation in the state and duly registered in the office of the secretary of state;

(b) Is operated independently of the department of safety;

(c) Files a current schedule of fees with the director; and

(d) Is conducted without cost to the state.

II. The director shall adopt such rules as he deems necessary, pursuant to RSA 541-A, relative to:

(a) Any other qualifications which alcohol awareness programs shall meet in order to be approved; and

(b) Any other matter related to the proper administration of this section.

2 Habitual Offenders. Amend RSA 262:19 and RSA 262:20 as inserted by 1981, 146:1 by striking out said sections and inserting in place thereof the following:

262:19 Transcript. The director shall either certify 3 transcripts or abstracts of the conviction record, as maintained in the office of the division, of any person whose record brings him within the definition of an habitual offender as defined in RSA 259:39 to the attorney general who shall review the same and prepare an habitual offender petition and any other necessary documents, or the director shall review the same himself and prepare an habitual offender petition and any other necessary documents. Either the attorney general or the director shall forward said petitions and documents together with said transcripts or abstracts to the county attorney for the county in which such person resides, or in the event such person is a nonresident of this state, to the Merrimack county attorney. The transcript or abstract shall be admitted as evidence. Such transcript or abstract shall be prima facie evidence that the person named therein was duly convicted, by the court wherein such conviction or holding was made, of each offense shown by such transcript or abstract; and if such person shall deny any of the facts as stated therein, he shall have the burden of proving that such is untrue. For purposes of this subdivision, a plea of nolo contendere shown on such transcript or abstract shall not make the same inadmissible in evidence.

262:20 Commencement of Civil Proceeding. The county attorney, upon receiving the aforesaid petitions and documents from the attorney general or director, shall commence a civil proceeding against the person named in said petition by filing said petitions in the superior court for the county in which said person resides. If such person is a nonresident of this state, the Merrimack county attorney shall file said petition against such person in the superior court of the county of Merrimack.

3 Driving after DWI Revocation or Suspension. Amend RSA 263:64 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

263:64 Driving After Revocation or Suspension.

I. Any person who drives a motor vehicle in this state after the director or the justice of any court has suspended or revoked his license to drive, or after his driving privilege has been so suspended or revoked, shall be guilty of a misdemeanor regardless of whether such person has a license on the effective date of his suspension or revocation.

II. Any person who drives a motor vehicle in this state after the director or the justice of any court has suspended or revoked his license to drive, or after his driving privilege has been suspended or revoked for a violation of RSA 265:82, shall be guilty of a misdemeanor and shall be sentenced to imprisonment for a period of not less than 7 consecutive 24 hour periods to be served within 6 months of the conviction, shall be fined not more than \$1000, and shall have his license or privilege revoked for an additional year. No portion of the minimum mandatory sentence of imprisonment shall be suspended by the court. No case brought to enforce this

paragraph shall be continued for sentencing for longer than 35 days. No person serving the minimum mandatory sentence under this paragraph shall be discharged pursuant to authority granted under RSA 651:18, released pursuant to authority granted under RSA 651:19, or in any manner, except as provided in RSA 623:1, prevented from serving the full amount of such minimum mandatory sentence under any authority granted by Title LXII or any other provision or law.

4 Revocation for Driving While Intoxicated in Another State. Amend RSA 263:65 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

263:65 Revocation for Reckless Driving or Driving While Intoxicated. Upon a conviction of a violation of RSA 265:79 or 82, the court shall report to the department and shall immediately revoke the license or driving privilege of the person so convicted, or the right of a nonresident so convicted to drive within the state of New Hampshire, and said court in the case of holders of New Hampshire licenses shall return such license with its findings marked thereon, together with the court return, to the department; and the department may revoke the license of any person who shall be convicted of a similar offense by a court of any other state in a criminal proceeding, or who shall be found to have committed a similar act by a court of any other state in a civil proceeding.

5 Attendance at Alcohol Awareness Programs Required. Amend RSA 263 by inserting after section 65 the following new section:

263:65-a Attendance at Alcohol Awareness Program Required. The director shall not restore the license or driving privilege of any person whose license or privilege has been revoked or suspended pursuant to RSA 265:82 until such person has furnished proof of successful completion of an alcohol awareness program which is:

I. Approved by the director of the office of alcohol and drug abuse prevention pursuant to RSA 172-B:2-a; or

II. Approved by the court, in the case of a person who is not a resident of this state.

6 Restoration of License. Amend RSA 263:71 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

263:71 License Restored Upon Expiration of Revocation Period. Whenever any court revokes or suspends a license pursuant to RSA 265:79 for a stated period of time, the department shall restore said license immediately upon the expiration of the period of revocation or suspension ordered by the court unless such person's license has been suspended or revoked for any other purpose.

7 Reckless Driving Resulting in Death. Amend RSA 265:79 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

265:79 Reckless Driving; Minimum Penalty. Whoever upon any way drives a vehicle recklessly, or so that the lives or safety of the public shall be endangered, or upon a bet, wager or race, or who drives a

vehicle for the purpose of making a record, and thereby violates any of the provisions of this title or any rules adopted by the director, shall be, notwithstanding the provisions of Title LXII, fined not less than \$100 nor more than \$500 and his license shall be revoked for a period of 60 days on the first offense and from 60 days to one year on a second offense. If the death of any person results from reckless driving of a vehicle, the person convicted of such reckless driving shall be guilty of a class B felony, and the court may revoke the license or driving privilege of the convicted person for up to 7 years.

8 Blood Alcohol Content Offense; License Revocation. Amend RSA 265:82 (supp) as inserted by 1981, 146:1 as amended by striking out said section and inserting in place thereof the following:

265:82 Driving Under Influence of Drugs or Liquor; Driving with 10/100 Percent Blood Alcohol Content.

I. No person shall drive or attempt to drive a vehicle upon any way:

(a) While he is under the influence of intoxicating liquor or any controlled drug; or

(b) While there is 10/100 percent or more by weight of alcohol in his blood.

II. A person arrested for a violation of the provisions of paragraph I may be charged with either the offense specified in subparagraph (a) or the offense specified in subparagraph (b), but shall not be charged with both such offenses.

III. Any person who shall be convicted of an offense under paragraph I of this section shall, notwithstanding the provisions of Title LXII, be guilty of a violation and fined not more than \$1,000; and his license or driving privilege shall be revoked for a period not less than 90 days; and, if the person holds an out of state driver's license, said person shall not drive on any ways of the state for a period of not less than 90 days; and, in either situation, at the discretion of the court, this revocation of a driver's license or driving privilege and revocation of driving privileges of an out of state driver may be extended for a period not to exceed 2 years. Upon conviction based on a complaint which alleges that the person has had one or more prior convictions in this state or another state and said prior conviction or convictions are proven and said prior conviction or convictions were within the 7 years preceding the date of the second or subsequent offense, such person shall be guilty of a misdemeanor and shall be sentenced to imprisonment for a period of not less than 7 consecutive 24 hour periods to be served within 6 months of the conviction and fined not more than \$1,000. Further, the driving privilege or driver's license of a person who had one prior conviction within the 7 year period shall be revoked, and he shall be ineligible for a license for the next 3 calendar years; and, if the person is an out of state driver, his privilege to drive in the state shall be suspended for the next 3 calendar years. The driving privilege or driver's license of a person who had 2 or more prior convictions

within the 7 year period shall be revoked indefinitely, and he shall be ineligible for a license for at least the next 3 calendar years; and, if the person is an out of state driver, his privilege to drive in the state shall be suspended indefinitely, for at least the next 3 calendar years. No portion of the minimum mandatory sentence of imprisonment and no portion of the mandatory sentence of the period of revocation shall be suspended by the court. No case brought to enforce this section shall be continued for sentencing for longer than 35 days. No person serving the minimum mandatory sentence under this paragraph shall be discharged pursuant to authority granted under RSA 651:18, released pursuant to authority granted under RSA 651:19, or in any manner, except as provided in RSA 623:1, prevented from serving the full amount of such minimum mandatory sentence under any authority granted by Title LXII or any other provision of law.

IV. Upon a conviction under the provisions of paragraph I, the state shall present to the court a certified copy of the defendant's motor vehicle record. Failure to produce such a record shall be presumed to mean that such a record is nonexistent.

V. Notwithstanding the provisions of RSA 263:71, the director shall not restore a license or driving privileges to a person whose license or driving privileges have been revoked pursuant to RSA 265:82 until such person has furnished proof of financial responsibility as required by other provisions of the law.

VI. Notwithstanding the provisions of RSA 651:5, no court shall order an annulment of any record of conviction of an offense under paragraph I until 7 years after the date of conviction.

VII. Notwithstanding any other provision of law to the contrary, in any case in which a person is arrested for and charged with an offense under paragraph I and that charge is reduced from a second or subsequent offense to a first offense, or in which the original charge is reduced to or in any manner substituted with another charge or a nolle prosequi entered in exchange for an agreement to plead guilty or nolo contendere to another charge, the prosecutor shall submit to the attorney general a written report describing such agreement. All such written reports shall be submitted to the attorney general on a monthly basis. The report shall contain such information as the attorney general shall prescribe; provided, however, that he shall not be subject to the provisions of RSA 541-A in prescribing such information. The report required by this paragraph shall be a public record and shall be available for public inspection as provided in RSA 91-A:4.

VIII. Notwithstanding any other provision of law to the contrary, if a person is arrested for driving or attempting to drive a motor vehicle upon any way while he is under the influence of intoxicating liquor or drugs or while there is 10/100 percent or more by weight of alcohol in his blood, no prosecutor shall enter into any agreement with such person or such person's

attorney if such agreement would result in a charge that removed the case from consideration under any provision of RSA 259-RSA 266. The provisions of this paragraph, however, shall not prevent the bringing of any charge under RSA 630:2 or RSA 630:3.

9 Implied Consent. Amend RSA 265:84 as inserted by 1981, 146:1 as amended by striking out said section and inserting in place thereof the following:

265:84 Implied Consent of Driver of Motor Vehicle to Submit to Chemical Testing to Determine Alcoholic Content of Blood. Any person who drives a vehicle upon the ways of this state shall be deemed to have given consent to a chemical or infrared molecular absorption test or tests of his blood or breath or both, for the purpose of determining the alcoholic or controlled drug content of his blood if arrested for any offense arising out of acts alleged to have been committed while the person was driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or controlled drugs or while there was 10/100 percent or more by weight of alcohol in his blood. The test or tests shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a vehicle upon the ways of this state while under the influence of intoxicating liquor or controlled drugs or while there was 10/100 percent or more by weight of alcohol in his blood. A copy of the report of any such test shall be furnished by the law enforcement agency to the person tested within 48 hours of receipt of the report by the agency by certified mail directed to the address shown on such person's license or other identification furnished by the person. Results of a test of the breath shall be furnished immediately in writing to the person tested by the law enforcement officer conducting the test.

10 Testing for Blood Alcohol Content. Amend RSA 265:85 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

265:85 Administration of Blood Alcohol Content Tests.

I. Only a duly licensed physician or qualified medical laboratory technician acting at the request of a law enforcement officer may withdraw blood for the purpose of a test required by RSA 265:84. Such physician or qualified medical laboratory technician shall not be liable for damages or otherwise to the person from whom blood is withdrawn for any act performed in connection with such withdrawal if the physician or qualified medical laboratory technician acts with ordinary care.

II. All such blood tests made under the direction of a law enforcement officer shall be conducted in the laboratory of the division of public health services.

III. Tests of the arrested person's breath, to be considered valid under the provisions of this chapter, shall have been performed by a person certified for this purpose by the director of the division of public health services according

to methods approved by the director of the division of public health services.

IV. No tests authorized by RSA 265:84 shall be considered as evidence in any proceeding before any administrative officer or court unless such test is performed in accordance with methods prescribed by the director of the division of public health services.

11 Additional Tests. Amend RSA 265:86 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

265:86 Additional Tests. Any person to whom RSA 265:84 is applicable shall have the right at his own expense to have a similar test or tests made by any person of his own choosing and shall be so informed by the law enforcement officer at the same time as the person is requested to permit a test under the provisions of RSA 265:84. The failure or inability of an arrested person to obtain an additional test shall not preclude the admission of the test or tests taken at the direction of a law enforcement officer. Nothing herein shall require the release from custody of the arrested person for the purpose of having such additional test made. For the purpose of this section, the sample of blood taken pursuant to RSA 265:84 shall be of sufficient quantity to allow 2 tests; and the testing laboratory shall retain for a period of 30 days subsequent to the test conducted pursuant to RSA 265:84 a quantity of said sample sufficient for another test, which quantity shall be made available to the respondent or his counsel immediately upon request.

12 Other Evidence. Amend RSA 265:88 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

265:88 Effect of Evidence of Blood Alcohol Content Test. The provisions of this subdivision do not limit the introduction of any other competent evidence bearing on the question of whether a person charged with the violation of RSA 265:82, I(a) was under the influence of intoxicating liquor.

13 Admissibility of Evidence. Amend RSA 265 by inserting after section 88 the following new section:

265:88-a Evidence of Refusal to Take Blood Alcohol Content Test. If a person refuses to submit to a test as provided in RSA 265:84, such refusal may be admissible into evidence in a civil or criminal action or proceeding arising out of an act alleged to have been committed by that person while driving or attempting to drive a motor vehicle while under the influence of intoxicating liquor or any controlled drug.

14 Blood Alcohol Content. Amend RSA 265:89 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

265:89 Evidence.

I. Upon complaint, information, indictment or trial of any person charged with the violation of RSA 265:82, I(a), the court may admit evidence of the amount of alcohol in the defendant's blood at the time alleged, as shown by a test of his breath or blood as provided in RSA 265:84.

Evidence that there was, at the time alleged, 5/100 percent, or less, by weight of alcohol in his blood is prima facie evidence that the defendant was not under the influence of intoxicating liquor. Evidence that there was, at the time alleged, more than 5/100 percent and less than 10/100 percent by weight of alcohol in his blood is relevant evidence but is not to be given prima facie effect in indicating whether or not the defendant was under the influence of intoxicating liquor; but such fact may be considered with other competent evidence in determining the guilt or innocence of the defendant. Evidence that there was, at the time alleged, 10/100 percent or more by weight of alcohol in his blood is prima facie evidence that the defendant was under the influence of intoxicating liquor. The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether or not the defendant was under the influence of intoxicating liquor.

II. Upon complaint, information, indictment or trial of any person charged with the violation of RSA 265:82, I(b), the court shall admit evidence of the amount of alcohol in the defendant's blood at the time alleged, as shown by a test of his breath or blood as provided in RSA 265:84 if there has been compliance with the provisions of RSA 265:85-87.

15 Repeal. RSA 265:89-a, relative to double damages in civil cases against intoxicated drivers, is hereby repealed.

16 Refusal. Amend RSA 265:92 as inserted by 1981, 146:1, as amended by striking out said section and inserting in place thereof the following:

265:92 Refusal of Consent.

I. If a person under arrest for any violation or misdemeanor under RSA 265 refuses upon the request of a law enforcement officer to submit to a test designated by the law enforcement officer as provided in RSA 265:84, none shall be given, but:

(a) If this is the first refusal with no prior driving while intoxicated offenses:

(1) The director shall revoke his license to drive or nonresident driving privilege for a period of 90 days; or

(2) If the person is a resident without a license or permit to drive a motor vehicle in this state, the director shall deny to the person the privilege to drive and the issuance of a license for a period of 90 days after the date of the alleged violation.

(b) If the person has a prior driving while intoxicated conviction or more than one refusal of consent under this section:

(1) The director shall revoke his license to drive or nonresident driving privilege for a period of 1 year; or

(2) If the person is a resident without a license or permit to drive a motor vehicle in this state, the director shall deny to the person the privilege to drive and the issuance of a

license for a period of 1 year after the date of the alleged violation.

II. The 90 day or 1 year revocation period or denial of issuance period imposed pursuant to this section shall not run concurrently with any other penalty imposed under the provisions of this title. Any such revocation or denial of a license or privilege to drive shall be imposed in addition to any other penalty provided by law, subject to review as hereinafter provided, and shall be imposed only upon the receipt of a sworn report of the law enforcement officer containing the following:

- (a) That he had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a vehicle upon the ways of this state as defined in RSA 259:125, II, while under the influence of intoxicating liquor or controlled drugs or while there was 10/100 percent or more by weight of alcohol in his blood;
- (b) The facts upon which the reasonable grounds to believe such are based;
- (c) That the person had been arrested;
- (d) That the person has refused to submit to the test upon the request of the law enforcement officer;
- (e) That he informed the arrested person of his right to have a similar test or tests conducted by a person of his own choosing; and
- (f) That he informed the arrested person of the fact that refusal to permit the test would result in revocation of his license or driving privilege.

17 Purpose. The intent of section 18 of this act is to eliminate the arrest of persons who may appear to a law enforcement officer, for medical or other justifiable reasons, to be intoxicated but who, as a result of the pre-arrest test for alcohol authorized by this act, are found to have only minimal alcohol in their blood or no alcohol whatsoever. It is intended that the pre-arrest test be administered only on the spot and only when the officer, because of acts committed in his presence, has probable cause to believe that the operator has alcohol in his body. The person whom the officer suspects of having alcohol in his body may refuse to take the test and will not be penalized for this refusal. Evidence of the refusal may not be used in any subsequent proceeding. The results of the test are not under any circumstances to be used to establish probable cause for an arrest, nor are they to be used by the prosecution as evidence in any subsequent proceeding. The pre-arrest test authorized by this act is intended as a preliminary screening test to prevent the arrest of persons who are not violating the law which prohibits a person from driving while under the influence of intoxicating liquor or any controlled drug. Use of the pre-arrest test is not mandatory but rather optional and discretionary.

18 Pre-arrest Breath Test to Determine Alcoholic Content of Blood. Amend RSA 265 by inserting after section 92 the following new section:

265:92-a Preliminary Breath Test.

I. Any police officer, who has been certified by the police standards and training council according to standards for such certification contained in rules adopted by said council pursuant to RSA 541-A, having reasonable grounds to believe that a person has been driving or operating a vehicle on a way while under the influence of intoxicating liquor or controlled drug or while there was 10/100 percent or more by weight of alcohol in his blood may, without making an arrest, request that such person submit to a preliminary breath test to be administered by the officer. The results of this test shall not be admissible in evidence by the prosecution, and failure to submit to the test shall not constitute a violation of this chapter. Nothing contained in this section shall be construed to prevent or require a subsequent test pursuant to RSA 265:84. The police officer requesting the test shall advise orally and in writing the person to be tested that his failure to take the test or his taking of the test shall not be construed to prevent or require a subsequent test pursuant to RSA 265:84. The results of the test shall be furnished immediately in writing to the person tested by the police officer administering the test.

II. No device may be used to give a chemical test under the provisions of this section unless it has been approved as to type and make by the division of public health services of the department of health and welfare.

19 Effective Date.

I. Sections 1 and 5 of this act shall take effect on January 1, 1984.

II. The remainder of this act shall take effect 60 days after its passage.

Amendment adopted.

Rep. Daniel Eaton offered an amendment.

(b) Any other matter related to the proper administration of this section.

2 Habitual Offenders. Amend RSA 262:19 and RSA 262:20 as inserted by 1981, 146:1 by striking out said sections and inserting in place thereof the following:

262:19 Transcript. The director shall either certify 3 transcripts or abstracts of the conviction record, as maintained in the office of the division, of any person whose record brings him within the definition of an habitual offender as defined in RSA 259:39 to the attorney general who shall review the same and prepare an habitual offender petition and any other necessary documents, or the director shall review the same himself and prepare an habitual offender petition and any other necessary documents. Either the attorney general or the director shall forward said petitions and documents together with said transcripts or abstracts to the county attorney for the county in which such person resides, or in the event such person is a nonresident of this state, to the Merrimack county attorney. The transcript or abstract shall be admitted as evidence. Such transcript or abstract shall be prima facie evidence that the person named therein was duly convicted, by the court wherein such conviction or holding was made, of each offense shown by such transcript or abstract; and if such person shall deny any of the facts as stated therein, he shall have the burden of proving that such is untrue. The county attorney, upon receiving the aforesaid petitions and documents from the attorney general or director, shall commence a civil proceeding against the person named in said petition by filing said petitions in the superior court for the county in which said person resides. If such person is a nonresident of this state, the Merrimack county attorney shall file said petition against such person in the superior court of the county of Merrimack.

3 Driving after DWI Revocation or Suspension. Amend RSA 263:64 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

263:64 Driving After Revocation or Suspension.

I. Any person who drives a motor vehicle in this state after the director or the justice of any court has suspended or revoked his license to drive, or after his driving privilege has been so suspended or revoked, shall be guilty of a misdemeanor

regardless of whether such person has a license on the effective date of his suspension or revocation.

II. Any person who drives a motor vehicle in this state after the director or the justice of any court has suspended or revoked his license to drive, or after his driving privilege has been suspended or revoked for a violation of RSA 265:82, shall be guilty of a misdemeanor and shall be sentenced to imprisonment for a period of not less than 7 consecutive 24 hour periods to be served within 6 months of the conviction, shall be fined not more than \$1000, and shall have his license or privilege revoked for an additional year. No portion of the minimum mandatory sentence of imprisonment shall be suspended by the court. No case brought to enforce this paragraph shall be continued for sentencing for longer than 35 days. No person serving the minimum mandatory sentence under this paragraph shall be discharged pursuant to authority granted under RSA 651:18, released pursuant to authority granted under RSA 651:19, or in any manner, except as provided in RSA 623:1, prevented from serving the full amount of such minimum mandatory sentence under any authority granted by Title LXII or any other provision or law.

4 Revocation for Driving While Intoxicated in Another State. Amend RSA 263:65 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

263:65 Revocation for Reckless Driving or Driving While Intoxicated. Upon a conviction of a violation of RSA 265:79 or 82, the court shall report to the department and shall immediately revoke the license or driving privilege of the person so convicted, or the right of a nonresident so convicted to drive within the state of New Hampshire, and said court in the case of holders of New Hampshire licenses shall return such license with its findings marked thereon, together with the court return, to the department; and the department may revoke the license of any person who shall be convicted of a similar offense by a court of any other state in a criminal proceeding, or who shall be found to have committed a similar act by a court of any other state in a civil proceeding.

5 Attendance at Alcohol Awareness Programs Required. Amend RSA 263 by inserting after section 65 the following new section:

263:65-a Attendance at Alcohol Awareness Program Required. The director shall not restore the license or driving privilege of any person whose license or privilege has been revoked or suspended pursuant to RSA 265:82 until such person has furnished proof of successful completion of an alcohol awareness program which is:

I. Approved by the director of the office of alcohol and drug abuse prevention pursuant to RSA 172-B:2-a; or

II. Approved by the court, in the case of a person who is not a resident of this state.

6 Restoration of License. Amend RSA 263:71 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

263:71 License Restored Upon Expiration of Revocation Period. Whenever any court revokes or suspends a license pursuant to RSA 265:79 for a stated period of time, the department shall restore said license immediately upon the expiration of the period of revocation or suspension ordered by the court unless such person's license has been suspended or revoked for any other purpose.

7 Reckless Driving Resulting in Death. Amend RSA 265:79 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

265:79 Reckless Driving; Minimum Penalty. Whoever upon any way drives a vehicle recklessly, or so that the lives or safety of the public shall be endangered, or upon a bet, wager or race, or who drives a vehicle for the purpose of making a record, and thereby violates any of the provisions of this title or any rules adopted by the director, shall be, notwithstanding the provisions of Title LXII, fined not less than \$100 nor more than \$500 and his license shall be revoked for a period of 60 days on the first offense and from 60 days to one year on a second offense. If the death of any person results from reckless driving of a vehicle, the person convicted of such reckless driving shall be guilty of a class B felony, and the court may revoke the license or driving privilege of the convicted person for up to 7 years.

8 License Revocation. Amend RSA 265:82, I (supp) as inserted by 1981, 146:1 as amended by striking out said paragraph and inserting in place thereof the following:

I. Any person who shall be convicted of driving or attempting to drive a vehicle upon any ways while he is under the influence of intoxicating liquor or any controlled drug shall, notwithstanding the provisions of Title LXII, be guilty of a violation and fined not more than \$1,000; and his license or driving privilege shall be revoked for a period not less than 90 days; and, if the person holds an out of state driver's license, said person shall not drive on any ways of the state for a period of not less than 90 days; and, in either situation, at the discretion of the court, this revocation of a driver's license or driving privilege and revocation of driving privileges of an out of state driver may be extended for a period not to exceed 2 years. Upon conviction based on a complaint which alleges that the person has had one or more prior convictions in this state or another state and said prior conviction or convictions are proven and said prior conviction or convictions were within the 7 years preceding the date of the second or subsequent offense, such person shall be guilty of a misdemeanor and shall be sentenced to imprisonment for a period of not less than 7 consecutive 24 hour periods to be served within 6 months of the conviction and fined not more than \$1,000. Further, the driving privilege or driver's license of a person who had one prior conviction within the 7 year period shall be revoked, and he shall be ineligible for a license for the next 3 calendar years; and, if the person is an out of state driver, his

privilege to drive in the state shall be suspended for the next 3 calendar years. The driving privilege or driver's license of a person who had 2 or more prior convictions within the 7 year period shall be revoked indefinitely; and he shall be ineligible for a license for at least the next 3 calendar years; and, if the person is an out of state driver, his privilege to drive in the state shall be suspended indefinitely, for at least the next 3 calendar years. No portion of the minimum mandatory sentence of imprisonment and no portion of the mandatory sentence of the period of revocation shall be suspended by the court. No case brought to enforce this section shall be continued for sentencing for longer than 35 days. No person serving the minimum mandatory sentence under this paragraph shall be discharged pursuant to authority granted under RSA 651:18, released pursuant to authority granted under RSA 651:19, or in any manner, except as provided in RSA 623:1, prevented from serving the full amount of such minimum mandatory sentence under any authority granted by Title LXII or any other provision of law.

9 Implied Consent. Amend RSA 265:84 as inserted by 1981, 146:1 as amended by striking out said section and inserting in place thereof the following:

265:84 Implied Consent of Driver of Motor Vehicle to Submit to Chemical Testing to Determine Alcoholic Content of Blood. Any person who drives a vehicle upon the ways of this state shall be deemed to have given consent to a chemical or infrared molecular absorption test or tests of his blood or breath or both, for the purpose of determining the alcoholic or controlled drug content of his blood if arrested for any offense arising out of acts alleged to have been committed while the person was driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or controlled drugs. The tests shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a vehicle upon the ways of this state while under the influence of intoxicating liquor or controlled drugs. A copy of the report of any such test shall be furnished by the law enforcement agency to the person tested within 48 hours of receipt of the report by the agency by certified mail directed to the address shown on such person's license or other identification furnished by the person. Results of a test of the breath shall be furnished immediately in writing to the person tested by the law enforcement officer conducting the test.

10 Testing for Blood Alcohol Content. Amend RSA 265:85 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

265:85 Administration of Blood Alcohol Content Tests.

I. Only a duly licensed physician or qualified medical laboratory technician acting at the request of a law enforcement officer may withdraw blood for the purpose of a test required by RSA 265:84. Such physician or qualified medical laboratory technician shall not be liable for damages

or otherwise to the person from whom blood is withdrawn for any act performed in connection with such withdrawal if the physician or qualified medical laboratory technician acts with ordinary care.

II. All such blood tests made under the direction of a law enforcement officer shall be conducted in the laboratory of the division of public health services.

III. Tests of the arrested person's breath, to be considered valid under the provisions of this chapter, shall have been performed by a person certified for this purpose by the director of the division of public health services according to methods approved by the director of the division of public health services.

IV. No tests authorized by RSA 265:84 shall be considered as evidence in any proceeding before any administrative officer or court unless such test is performed in accordance with methods prescribed by the director of the division of public health services.

11 Additional Tests. Amend RSA 265:86 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

265:86 Additional Tests. Any person to whom RSA 265:84 is applicable shall have the right at his own expense to have a similar test or tests made by any person of his own choosing and shall be so informed by the law enforcement officer at the same time as the person is requested to permit a test under the provisions of RSA 265:84. The failure or inability of an arrested person to obtain an additional test shall not preclude the admission of the test or tests taken at the direction of a law enforcement officer. Nothing herein shall require the release from custody of the arrested person for the purpose of having such additional test made. For the purpose of this section, the sample of blood taken pursuant to RSA 265:84 shall be of sufficient quantity to allow 2 tests; and the testing laboratory shall retain for a period of 30 days subsequent to the test conducted pursuant to RSA 265:84 a quantity of said sample sufficient for another test, which quantity shall be made available to the respondent or his counsel immediately upon request.

12 Admissibility of Evidence. Amend RSA 265 by inserting after section 88 the following new section:

265:88-a Evidence of Refusal to Take Blood Alcohol Content Test. If a person refuses to submit to a test as provided in RSA 265:84, such refusal may be admissible into evidence in a civil or criminal action or proceeding arising out of an act alleged to have been committed by that person while driving or attempting to drive a motor vehicle while under the influence of intoxicating liquor or any controlled drug.

13 Blood Alcohol Content. Amend RSA 265:89 as inserted by 1981, 146:1 by striking out said section and inserting in place thereof the following:

265:89 Evidence. Upon complaint, information, indictment or trial of any person charged with the violation of RSA 265:82, the court may admit evidence of the amount of alcohol in the defendant's blood at the time alleged, as shown by a test of

of his breath or blood as provided in RSA 265:84. Evidence that there was, at the time alleged, 5/100 percent, or less, by weight of alcohol in his blood is prima facie evidence that the defendant was not under the influence of intoxicating liquor. Evidence that there was, at the time alleged, more than 5/100 percent and less than 10/100 percent by weight of alcohol in his blood is relevant evidence but is not to be given prima facie effect in indicating whether or not the defendant was under the influence of intoxicating liquor; but such fact may be considered with other competent evidence in determining the guilt or innocence of the defendant. Evidence that there was, at the time alleged, 10/100 percent or more by weight of alcohol in his blood is prima facie evidence that the defendant was under the influence of intoxicating liquor. The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether or not the defendant was under the influence of intoxicating liquor.

14 Repeal. RSA 265:89-a, relative to double damages in civil cases against intoxicated drivers, is hereby repealed.

15 Refusal. Amend RSA 265:92 as inserted by 1981, 146:1, as amended by striking out said section and inserting in place thereof the following:

265:92 Refusal of Consent.

I. If a person under arrest for any violation or misdemeanor under RSA 265 refuses upon the request of a law enforcement officer to submit to a test designated by the law enforcement officer as provided in RSA 265:84, none shall be given, but:

(a) If this is the first refusal with no prior driving while intoxicated offenses:

(1) The director shall revoke his license to drive or nonresident driving privilege for a period of 90 days; or

(2) If the person is a resident without a license or permit to drive a motor vehicle in this state, the director shall deny to the person the privilege to drive and the issuance of a license for a period of 90 days after the date of the alleged violation.

(b) If the person has a prior driving while intoxicated conviction or more than one refusal of consent under this section:

(1) The director shall revoke his license to drive or nonresident driving privilege for a period of 1 year; or

(2) If the person is a resident without a license or permit to drive a motor vehicle in this state, the director shall deny to the person the privilege to drive and the issuance of a license for a period of 1 year after the date of the alleged violation.

II. The 90 day or 1 year revocation period or denial of issuance period imposed pursuant to this section shall not run concurrently with any other penalty imposed under the provisions of this title. Any such revocation or denial of a license or privilege to drive shall be

imposed in addition to any other penalty provided by law, subject to review as hereinafter provided, and shall be imposed only upon the receipt of a sworn report of the law enforcement officer containing the following:

(a) That he had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a vehicle upon the ways of this state as defined in RSA 259:125, II, while under the influence of intoxicating liquor or controlled drugs;

(b) The facts upon which the reasonable grounds to believe such are based;

(c) That the person had been arrested;

(d) That the person has refused to submit to the test upon the request of the law enforcement officer;

(e) That he informed the arrested person of his right to have a similar test or tests conducted by a person of his own choosing; and

(f) That he informed the arrested person of the fact that refusal to permit the test would result in revocation of his license or driving privilege.

16 Purpose. The intent of section 17 of this act is to eliminate the arrest of persons who may appear to a law enforcement officer, for medical or other justifiable reasons, to be intoxicated but who, as a result of the pre-arrest test for alcohol authorized by this act, are found to have only minimal alcohol in their blood or no alcohol whatsoever. It is intended that the pre-arrest test be administered only on the spot and only when the officer, because of acts committed in his presence, has probable cause to believe that the operator has alcohol in his body. The person whom the officer suspects of having alcohol in his body may refuse to take the test and will not be penalized for this refusal. Evidence of the refusal may not be used in any subsequent proceeding. The results of the test are not under any circumstances to be used to establish probable cause for an arrest, nor are they to be used by the prosecution as evidence in any subsequent proceeding. The pre-arrest test authorized by this act is intended as a preliminary screening test to prevent the arrest of persons who are not violating the law which prohibits a person from driving while under the influence of intoxicating liquor or any controlled drug. Use of the pre-arrest test is not mandatory but rather optional and discretionary.

17 Pre-arrest Breath Test to Determine Alcoholic Content of Blood. Amend RSA 265 by inserting after section 92 the following new section:

265:92-a Preliminary Breath Test.

I. Any police officer, who has been certified by the police standards and training council according to standards for such certification contained in rules adopted by said council pursuant to RSA 541-A, having reasonable grounds to believe that a person has been driving or operating a vehicle on a way while under the influence of intoxicating liquor or controlled drug may, without making an arrest, request that such person submit to a

preliminary breath test to be administered by the officer. The results of this test shall not be admissible in evidence by the prosecution, and failure to submit to the test shall not constitute a violation of this chapter. Nothing contained in this section shall be construed to prevent or require a subsequent test pursuant to RSA 265:84. The police officer requesting the test shall advise orally and in writing the person to be tested that his failure to take the test or his taking of the test shall not be construed to prevent or require a subsequent test pursuant to RSA 265:84. The results of the test shall be furnished immediately in writing to the person tested by the police officer administering the test.

II. No device may be used to give a chemical test under the provisions of this section unless it has been approved as to type and make by the division of public health services of the department of health and welfare.

18 Effective Date.

I. Sections 1 and 5 of this act shall take effect on January 1, 1984.

II. The remainder of this act shall take effect 60 days after its passage.

Hearing no objection the Chair advised the Clerk to dispense with the reading of the amendment.

Rep. Eaton explained the amendment.

Rep. Lane spoke against the amendment and yielded to questions.

Rep. Sytek spoke against the amendment. A division was requested.

SULLIVAN: Brodeur, Converse and Susan Lawrence, and the Committee report was adopted.

Ordered to third reading.

HB 588-FN, allowing employees to receive privately financed layoff benefits without a reduction in their unemployment compensation benefits. Inexpedient to Legislate.

The subject of privately financed layoff benefits has been before the Committee in past legislative sessions and failed to gain passage. The sponsor said an identical bill had been heard in the Senate. It was proven that decisions of the Attorney General relative to privately financed layoff benefits by a company were wages. Vote 9-6. Rep. Robert S. Hawkins for Labor, Human Resources and Rehabilitation.

Rep. Baker moved that the words, Ought to Pass, be substituted for the Committee report, Inexpedient to Legislate, and spoke to his motion.

Rep. Warburton spoke against the motion and yielded to questions.

Rep. Skinner spoke against the motion.

Rep. Vartanian moved the previous question. Sufficiently seconded. Adopted. Motion lost.

Resolution adopted.

HB 618-FN, requiring binding arbitration in resolving labor disputes involving police and fire employees of certain cities. Ought to Pass.

This is a home rule bill affecting only Manchester. For the bill to become operative, the voters in Manchester will have to approve binding arbitration for the police and firefighters in that city in the case of an impasse. Vote 16-4. Rep. Wilfred Burkush for Labor, Human Resources and Rehabilitation.

Ordered to third reading.

HB 696-FN, amending the workmen's compensation laws to update language and rectify other matters. Ought to Pass.

HB 696 is the product of 3 1/2 years of effort by the Advisory Council on Workmen's Compensation to amend and update the language in RSA 281. The process in which this agreed bill developed included input from labor, management, insurance companies and the Legislature. It shows the need to balance costs against the benefit levels and will greatly strengthen the New Hampshire Workmen's Compensation Law. Vote 11-3. Rep. Calvin Warburton for Labor, Human Resources and Rehabilitation.

Ordered to third reading.

HB 779-FN, relative to binding arbitration for public employees. Majority: Ought to Pass with Amendment. Minority: Inexpedient to Legislate.

MAJORITY: This measure deals with a procedure to have a final resolution of disputes for the public employees. The amendment addresses the method of arbitration to be used and the time frame for accomplishing the same. Vote 11-9. Rep. Merino Romoli for the Majority of Labor, Human Resources and Rehabilitation.

MINORITY: No matter what the specific terms of this bill, it is still binding arbitration, where an outside person determines how much the taxpayers will pay employees, in wages and benefits and takes the authority and responsibility of appropriating money away from the voters in towns and their elected representatives in cities. New Hampshire does not need a Binding Arbitration Law, at this time. Binding arbitration runs counter to a growing public despair over citizens' ability to regain responsiveness, accountability and control over costs of operation of their government. (Reps. John E. Webster, Avis B. Nichols, Jean H. Duffett, Calvin Warburton, William W. Moore, Philip H. Weymouth, J. Arthur Tufts, Rita C. McAvoy, Robert S. Hawkins for the Minority of Labor, Human Resources and Rehabilitation.)

Rep. Skinner moved that the report of the Minority, Inexpedient to Legislate, be substituted for the report of the Majority, Ought to Pass with Amendment, and spoke to her motion.

Reps. Hickey and Reidy spoke against the motion.

Rep. Skinner yielded to questions.

Rep. Robert Hawkins spoke in favor of the motion and yielded to questions.

Rep. McGlynn spoke against the motion and yielded to questions.

Reps. Duggan and Nichols spoke in favor of the motion.

Rep. Romoli spoke against the motion.

Rep. Russell moved the previous question. Sufficiently seconded. Adopted.

On a voice vote the Speaker was in doubt and requested a division.

170 members voted in the affirmative and 88 in the negative.

Lacking the constitutional requirement of two-thirds of the membership, HB 779 is subject to further action.

Rep. Cote notified the Clerk that he inadvertently voted yea and meant to vote nay.

HB 348, prohibiting municipalities from subcontracting for police and fire protection. Ought to Pass with Amendment.

This bill strengthens home rule by enabling a referendum in the cities relative to vital fire and police services. Vote 10-7. Rep. Arnold W. Peters for Municipal and County Government.

Rep. Mann moved that the words, Refer for Interim Study, be substituted for the Committee report, Ought to Pass with Amendment, and spoke to his motion.

Reps. Demers and Arnold Peters spoke against the motion.

Rep. Hennessey spoke in favor of the motion and yielded to questions.

Rep. Lamprey spoke in favor of the motion.

Motion adopted.

Referred for Interim Study.

HB 266-FN, requiring sellers of liquor to file an annual report. Majority: Inexpedient to Legislate. Minority: Refer for Interim Study.

MAJORITY: The Committee voted 14-7 to recommend that this bill be inexpedient to legislate. It studied more than three amendments to the bill, but none of them solved the confusion as to just what expenses would have to be reported, and who would have to report. The majority of the Committee felt that the information required in the bill was already available if necessary and that reporting of a salesperson's salary or expenses would not solve the problems which this bill was meant to address. As written the bill would impose requirements on one segment of people doing business with the State that is not required of others. Rep. John W. Hynes for the Majority of Regulated Revenues.

MINORITY: The minority of the Committee feels this bill has many good points, but is in need of study to clarify and further research the intent and result of this legislation. (Reps. James D. Phelps, Robert P. Mason, Marian R. Harrington, Robert N. Kelley, and Raymond F. Hennessey for the Minority of Regulated Revenues.)

Resolution adopted.

HB 281-FN, increasing the beer tax. Ought to Pass with Amendment.

This bill, if no subsequent bottle legislation is adopted, will enhance our beer tax revenue by roughly \$3.8 million without losing our advantage in sales over surrounding states. The amendment eliminates limit of six beer licenses to one holder. Vote 11-6. Rep. Roger C. Heath for Ways and Means.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the beer tax and to off-sale permits.

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Off-Sale Permits. Amend RSA 181:22, II (supp) as amended by striking out said section and inserting in place thereof the following:

II. No holder of an on-sale or off-sale permit shall have in his employ, in any capacity, any person who is the holder of any permit provided by this chapter, except that the holder of an on-sale permit may employ the holder of an off-sale permit in an entertainment capacity. No holder of a manufacturer's permit, wholesaler's permit, solicitor's permit or a certificate of approval shall, in any wise, contribute or pay any money or anything in lieu thereof to any on-sale or off-sale permittee, his agent, his employees, or to any group, association or organization thereof. Nothing in this section shall prohibit any permittee from being a member of a club holding a permit or license under this chapter, nor prohibit the sale or purchase, for resale, of merchandise or beverages for the conduct of the business of any on-sale or off-sale permittee.

4 Effective Date. This act shall take effect 60 days after its passage.

Reps. Chase, D'Amante and Gerald R. Smith spoke against the amendment.

Reps. Parrish, Heath and Spirou spoke in favor of the amendment.

Rep. William Roberts spoke against the amendment and yielded to questions.

Rep. Scamman spoke in favor of the amendment and yielded to questions.

Rep. Townsend moved the previous question. Sufficiently seconded. Adopted.

Question being on the Committee amendment, a roll call was requested. Sufficiently seconded.

HB 690, requiring that churches be billed for electricity at residential rates. Inexpedient to Legislate.

The Committee felt this subject material should be left to the Public Utilities Commission because it concerns changing rate charges. Vote 12-0. Rep. A.

Leslie Burns for Commerce, Housing and Consumer Affairs.

Resolution adopted.

HB 790, requiring all telephone calls within New Hampshire to be charged at local service rates during night and weekend hours. Inexpedient to Legislate.

Resolution adopted.

HB 811, relative to the protection of tenants in conversion of rental units. Refer for Interim Study.

The Committee felt that SB 35 would be a more acceptable bill in this session, but also felt that the added protection afforded for tenants in HB 811 should be studied in the interim. Vote 14-0. Rep. Harold V. Lynde for Commerce, Housing and Consumer Affairs.

HB 463, transferring the licensing and enforcement duties of the state liquor commission to the department of safety. Ought to Pass with Amendment.

The amendment removes the group II retirement clause of inspectors and retains the tax auditing function in the Liquor Commission. Vote 18-1. Rep. Harold W. Watson for Executive Departments and Administration.

Notwithstanding any law to the contrary, an officer executing an inspection warrant may be accompanied by suitable assistants, including a sheriff or his deputy, any state police officer, or any constable or police officer of any city or town.

The homestead right created by this chapter shall exist in manufactured housing, as defined by RSA 31:118, which is owned and occupied as a dwelling by the same person but shall not exist in the land upon which the manufactured housing is situated if that land is not also owned by the owner of the manufactured housing.

16 Reference Deleted. Amend RSA 528:2 (supp) as amended by striking out said section and inserting in place thereof the following:

528:2 Goods. Goods and chattels taken on execution shall be safely kept by the officer, at the expense of the debtor, 4 days at least; shall be advertised for sale by posting notices of the time and place of sale at 2 of the most public places in the town where the sale is to be 48 hours before the expiration of said 4 days; and shall be sold at auction to the highest bidder.

Amend the following sections and paragraphs of sections of RSA by striking the words "mobile home," "house trailer," "travel trailer" and "trailer" and inserting in place thereof the following (manufactured housing) and by making any necessary grammatical corrections so that said sections and paragraphs as amended shall refer to manufactured housing: RSA 36-C:2, IX; RSA 47:22-a; RSA 72:7-a; RSA 72:7-b; RSA 73:16-a; RSA 75:4; and RSA 205-A.

HB 286-FN, relative to a 4 percent tax on income and making an appropriation therefor. Inexpedient to Legislate.

The subject matter of this bill will be considered under HB 299-FN which needs further study. Vote 15-2. Rep. Barbara Zeckhausen for Ways and Means.

Rep. Daniell moved that the words, Ought to Pass, be substituted for the Committee report, Inexpedient to Legislate, and spoke to his motion.

Rep. Zeckhausen spoke against the motion.

Rep. Scamman moved that HB 286 be laid upon the table.

266 members having voted in the affirmative and 59 in the negative, the motion was adopted.

HB 286 was laid upon the table.

HB 290-FN, relative to revenue enhancement and disbursement. Inexpedient to Legislate.

This bill would repeal the business profits tax and impose a sales and income tax. It was not clearly presented and would have totally changed the tax structure of the state. The revenue estimates were also not substantiated to the extent that the Committee could seriously consider the bill. Vote 16-0. Rep. Barbara Zeckhausen for Ways and Means.

Resolution adopted.

HB 309-FN, relative to the sale of fireworks and imposing a tax thereon. Inexpedient to Legislate.

This bill proposes the sale of Class C fireworks on a year-round basis to persons age 20 or over with a 25% tax on sales. The majority of the Committee feels that it is extremely unlikely that the use and possession of fireworks could be restricted to only persons age 20 and above. Numerous state and local fire safety and police officers appeared in opposition, citing statistics on fireworks, injuries to children and fire explosion damage to property. The sponsor revenue estimates of \$20 million in New Hampshire sales could not be validated, based on nationwide gross sales of \$100 million annually. Vote 13-6. Rep. Robert L. Jones for Ways and Means.

Rep. Daniel Eaton moved that HB 309 be laid upon the table.

Adopted.

HB 432-FN, to extend the road toll increase. Ought to Pass.

HB 432 makes the gas tax passed in the budget a permanent law. The Committee felt that this should be a permanent law so that the department can plan better for the future. This will also make borrowing money easier for them. Vote 16-3. Rep. W. Douglas Scamman, Jr. for Ways and Means.

Ordered to third reading.

Rep. Barber notified the Clerk he wished to be recorded against HB 432.

Rep. Rounds offered the following:

RESOLVED, that in accordance with the list in the possession of the clerk, House Bills numbered 845 and 846, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

HOUSE JOURNAL 21

Tuesday, 26Apr83

The House assembled at 1:00 p.m., and was called to order by the Speaker.

Prayer was offered by guest Chaplain, Rev. Robert W. Thurston.

Eternal God, we thank You for the faith which sustains us, the hope which inspires us, and the light by which we daily walk.

Help us to correct our mistakes. Cause us to look within ourselves and to see there all that we condemn in others.

Give to every State and Nation that which we seek for our own State and Nation--concern for the needs of everyone, sensitivity to moral issues, deliverance from cynicism and despair, strength to be free and to carry the burden of freedom, and readiness to accept responsibility, rather than to evade its consequence.

Let us go through today's work with faithfulness, strong to do justly, to love mercy, and to walk humbly with you. Amen.

HB 641-FN, requiring the state of New Hampshire to pay interest on all bills and obligations of the state paid more than 45 days after payment was due. Inexpedient to Legislate.

This bill was presented to mandate the state of New Hampshire to pay 8 percent interest on vendors' bills paid more than 45 days after payment due. The small businessmen recommended this action. The Committee felt that this bill would increase the expenses to the state. Vote 16-0. Rep. Margaret A. Ramsay for Appropriations.

This bill allows towns with a population of 24,000 or more to be eligible for state contributions of 20% if they decide to proceed without federal funding for wastewater treatment facilities. HB 302-FN, providing credits for legacy and succession taxes paid on prior transfers between brothers and sisters. Inexpedient to Legislate.

HB 418-FN, establishing a diesel fuel tax study commission. Ought to Pass with Amendment.

The amendment strikes the appropriation. The Committee felt the study was important and should be done in House without an appropriation. Vote 19-0. Rep. W. Douglas Scamman for Ways and Means.

HB 523-FN, amending the meals and rooms tax and certain powers of the collections division of the department of revenue administration. Ought to Pass with Amendment.

The bill as amended gives precedence to holders of first and second mortgages over the Department of Revenue Administration. The Commissioner concurs with this. In addition, the amendment limits bonding to one year. Bonds are not available for a longer period. Vote 16-0. Rep. Marjorie Y. Peters for Ways and Means.

HB 572, as amended, sets the interest rate charged by the Department of Revenue Administration at 15% or 1-1/4% per month. At present, the Department's interest rates are tied to the federal interest rates which change twice a year, requiring reprinting of forms. Keeping the rate high encourages timely payment. Vote 15-1. Rep. Marjorie Y. Peters for Ways and Means.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

IV. Notwithstanding the provision of paragraphs I, II, and III, and subject to the special rule for larger business organizations provided in paragraph V, the penalty with respect to any installment shall not be imposed if the total amount of all payments of estimated tax made on or before the last date prescribed for the payment of such installment equals or exceeds the amount which would have been required to be paid on or before such date if the estimated tax were whichever of the following is the lesser:

D. For the first 9 months or for the first 11 months of the taxable year, in the case of the installment required to be paid in the twelfth month of the taxable year.

(2) For purposes of this paragraph, the taxable income shall be placed on an annualized basis by:

A. Multiplying by 12 the taxable income referred to in subparagraph IV(c)(1), and

B. Dividing the resulting amount by the number of months in the taxable year, whether 3, 5, 6, 8, 9, or

11, as the case may be, referred to in subparagraph IV(c)(1).

V. Large business organizations shall pay a minimum percentage of current year tax as follows:

All assessments made under this section shall be subject to the same right of appeal as provided in RSA 77:25, and nothing contained in this section shall be construed to limit the power of the commissioner of revenue administration to make a later assessment under RSA 71-A:34 and to seek penalties for fraudulent returns as provided by RSA 77:30.

Any decrease ordered by the commissioner shall, with interest pursuant to RSA 71-A:39 from the date the tax was paid, be credited against any unpaid tax then due from the taxpayer; and any balance due the taxpayer shall be certified to the state treasurer who shall pay the balance to the taxpayer. Such credit and payment together may not exceed the amount of the tax originally paid.

In addition to the provisions of RSA 91-A, the board shall tape record the proceedings of any taxation hearing before it and shall make such tape recording available to the public for inspection and recording from the date of the hearing to a date which is 15 working days after the board has made a final decision on the matter which is the subject of the hearing, or, if an appeal is made from such decision, the date upon which the matter has been finally adjudicated, whichever date is later.

Question being on the Committee report as amended.

Adopted.

Ordered to third reading.

Rep. Barber notified the Clerk that he wished to be recorded against HB 400.

HB 245-FN, amending the disposition of transfer tax funds. Refer for Interim Study. Purchase of the agricultural rights to prime farmland is being funded by bonds. The Committee would like to keep this bill alive to find an ongoing source of revenue for this project. Vote 18-0. Rep. Marjorie Y. Peters for Ways and Means.

Referred for Interim Study.

HB 317-FN, amending the business profits tax by limiting the depreciation deduction to the amount allowable before the Economic Recovery Tax of 1981. Ought to Pass with Amendment.

The Committee recognizes that there has been a negative impact on the Business Profits Tax revenues caused by the passive acceptance of federal tax policy on depreciation. This bill changes the treatment of depreciation to what it was prior to the 1981 federal tax changes, and helps protect present revenue estimates. New Hampshire would join 25 other states which have chosen to protect their revenues from eroding as a result of the accelerated depreciation law. Vote 10-8. Rep. W. Douglas Scamman for Ways and Means.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Depreciation Deduction from Gross Business Profits. Amend RSA 77-A by inserting after section one the following new section:

77-A:1-a Adjustment to Gross Business Profits. For the 1983 tax year, in the case of a business organization whose tax liability under this chapter is based upon a taxable year ending on or after July 1, 1983, and for the 1984 tax year, a business organization shall adjust its gross business profits, as defined in RSA 77-A:1, III, by adding an amount equal to 20 percent of the amount by which its gross business profits for the taxable year were reduced by any accelerated depreciation taken on its federal income tax returns under the provisions of the United States Internal Revenue Code (1954) as amended effective after December 31, 1980.

Amendment adopted.

Ordered to third reading.

HB 228-FN, relative to the sweepstakes fund. Inexpedient to Legislate.

A majority of the Committee felt that any change in the present status of the use of sweepstakes money would be better done in the supplemental budget. Vote 12-4. Rep. Andrea A. Scranton for Appropriations.

Rep. Michael King moved that HB 228 be recommitted to the Committee on Appropriations.

Rep. Kidder spoke to the motion. Motion adopted.

HB 267-FN, relative to distribution from the sweepstakes fund. Inexpedient to Legislate.

The Committee felt this subject matter is now covered by other legislation. Vote 18-0. Rep. W. Douglas Scamman for Ways and Means.

Rep. Daniell moved that the words, Ought to Pass, be substituted for the Committee report, Inexpedient to Legislate, and spoke to his motion.

Rep. Flint spoke against the motion and yielded to questions.

Rep. Scamman spoke against the motion. Motion lost. Resolution adopted.

HB 814-FN, creating an exemption from the meals and rooms tax for nonprofit social clubs and fraternal organizations. Inexpedient to Legislate.

The Committee found this bill should be reported as Inexpedient to Legislate. There is no basis for exempting customers of private nonprofit clubs. The Department of Revenue Administration has estimated that this tax bill would reduce revenue collected from the rooms and meals tax by a total of \$2,300,000. Vote 16-0. Rep. Barbara E. Arnold for Ways and Means.

Rep. Zajdel moved that the words, Refer for Interim Study, be substituted for the Committee report, Inexpedient to Legislate, and spoke to his motion.

Rep. Peters spoke in favor of the motion. Motion adopted.

Referred for Interim Study.

HB 838-FN, correcting the over-apportionment made in the 1981 tax rate for the town of Bartlett. Ought to Pass with Amendment.

Everyone appearing agreed this was a just and fair solution to a mistake on the State's apportionment. No objection from Conway was heard. Vote 16-0. Rep. Roger C. Heath for Ways and Means.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

I Adjustment in Tax Assessments for Bartlett and Conway. Notwithstanding any other provisions of law to the contrary, the department of revenue administration is hereby authorized to adjust the 1983 tax rates to be established and approved by the commissioner for the towns of Bartlett and Conway. The adjustments shall be made in order to correct an over-apportionment made by the department in the 1981 tax rate established for the town of Bartlett. The following amounts shall be subtracted from the 1983 tax established for the town of Bartlett, and they shall be added to the 1983 tax established for the town of Conway, in order to correct the over-apportionment made by the department:

I. The Kearsarge lighting precinct, a variance of \$647.13.

II. The North Conway water precinct, a variance of \$9,816.02.

III. The Intervale lighting precinct, a variance of \$283.45.

Dear Heavenly Father, help us to keep our dreams alive. Our dreams of a "religious democracy" where our society is of the mutually concerned, where grown-ups really mature, and children are loved, and the doors of opportunity swing freely.

Help us to stand strong against those who would take our dreams away or tell us they were not worth it. Lead us around the detours and past the pot holes that would slow our determination. Let us have the hope that even this day's work will make our dream of a valued government even more possible. Amen.

First, second reading and referral

HR 35, for a balanced budget. (Spirou of Hillsborough Dist. 31 - To Legislative Administration)

COMMITTEE REPORTS
(Regular Calendar)

HB 200-FN, creating a state funded unified court system and making an appropriation therefor. Ought to Pass with Amendment.

As amended HB 200 contains adequate funding to create a unified court system without committing any additional highway funds from existing sources. Part of the additional funding required for HB 200 comes from the new revenues contained in Section 4 of SB 143 and from the savings in jurors' fees already contained in HB 36. The remaining funds are already contained in HB 500, but because of the new funds raised in HB 200, all the highway funds presently contained in HB 500 will not be needed. Adoption of the amendment will thus free up additional funds for highway use. The amendment also provides that judicial branch revenues and expenditures will have legislative oversight through the Fiscal Committee. Vote 20-0. Rep. Caroline L. Gross for Appropriations.

Amendment

Amend RSA 502-A:19-b, V as inserted by section 38 of the bill by striking out same and inserting in place thereof the following:

The compensation system shall be approved by the legislature prior to becoming effective if the legislature is meeting in regular session. If the legislature is not meeting in regular session, the compensation system shall be approved by the legislative fiscal committee prior to becoming effective. The salary and grievance procedures shall be established by administrative order of the supreme court.

Amend the bill by striking out section 66 and inserting in place thereof the following:

66 Appropriation.

1. There is hereby appropriated to the supreme court for the purposes of this act the following sums:

Total	\$ 8,081,401	\$16,705,328

Estimated source of funds for court system		
General funds	\$ 7,318,093	\$15,152,961
Highway funds	<u>763,308</u>	<u>1,552,367</u>
Total	\$ 8,081,401	\$16,705,328

II. The governor is authorized to draw his warrants for said sums hereby appropriated.

III. If HB 500 of the 1983 regular session, "An act making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 1984, and June 30, 1985," becomes law, the appropriations in this section shall be in lieu of any appropriations to the judicial branch made in HB 500, but not including any appropriations made to the judicial council.

IV. Notwithstanding the provisions of RSA 99:4, 9:17, 9:17-a, and 9:17-d or any other law to the contrary, for the fiscal years 1984 and 1985, the supreme court may transfer the appropriations made in paragraph I among the designated class line appropriations after prior approval by the legislative fiscal committee.

Amend the bill by striking out all after section 71 and inserting in place thereof the following:

263:56-a Suspension for Default or Nonpayment of Fine.

(b) Appearance by such person, payment of his fine, or compliance with the order of the director, as applicable, or upon demonstration that such person is financially unable to pay the fine or to comply with the order.

Any court which has ordered a suspension pursuant to paragraph II shall vacate the order and so notify the director and the affected person immediately after such person has appeared or paid his fine, as applicable or has demonstrated that he is financially unable to pay the fine or to comply with the order.

IV. No license or driving privilege suspended under this section shall be reinstated before the expiration of any other period of suspension or revocation in effect.

V. Nothing shall prevent any person affected by this section from obtaining a prompt review or hearing, upon showing just cause, before either the court or director for appropriate relief.

SB 49, permitting the hunting of wild boar with a limit of one boar per hunter per season. Inexpedient to Legislate.

SB 32, eliminating the waiting period for amending a legal separation decree to one of divorce. Ought to Pass.

This bill amends the statutes concerning legal separation by eliminating the four-year waiting period before filing for divorce. It is compatible with New Hampshire's philosophy of "no fault" divorce. Vote 15-0. Rep. Geraldine Watson for Judiciary.

SB 177, relative to the sale of deadly weapons to minors. Inexpedient to Legislate. As written, SB 177 is dangerously vague and would allow persons to be charged with a misdemeanor for selling a baseball bat. Vote 11-3. Rep. Daniel A. Eaton for Judiciary.

SB 48-FN, relating to the issuance of bonds and notes by municipalities and counties. Ought to Pass.

securities in nominee name in a bank trust department. Vote 13-0. Rep. Eugene W. Clark for Municipal and County Government.

SB 134-FN, relative to the payments by towns and cities to counties. Inexpedient to Legislate.

SB 66, relative to state guarantees for water pollution control projects and state contributions for the construction of pollution control systems. Ought to Pass with Amendment.

This bill makes all towns eligible for the twenty percent state contribution to the costs of water pollution control measures regardless of the size of the community. Vote 14-0. Rep. Mary Ann Lewis for Resources, Recreation and Development.

This alternate contribution shall consist of the payment of 20 percent of the annual amortization charges, meaning principal and interest, on the original costs resulting from the acquisition and construction of the sewage disposal facilities. The word "construction" shall include engineering services, in addition to the construction of new sewage treatment plants, pumping stations, and intercepting sewers; and the altering, improving or adding to existing treatment plants, pumping stations and existing intercepting sewers, provided that the construction has been directed by the water supply and pollution control commission or is a voluntary undertaking designed to control or reduce pollution in the ground and surface waters of the state, as defined in RSA 149:1, and provided that the plan for the facilities is approved in accordance with RSA 148:25. The term "original costs" as used in this section shall mean the entire cost of the construction as defined above, excluding land acquisition, easements, and rights of way necessary to the project.

SUSPENSION OF RULES

Reps. Rounds and Spirou moved that the Rules be so far suspended as to permit consideration at the present time of House Resolution 36, requesting an opinion of the justices on HB 674-FN, without referral, public hearing, committee report and the required two-day notice in the Calendar. Adopted by the necessary two-thirds.

HOUSE RESOLUTION NO. 36

requesting an opinion of the justices on HB 674-FN.

WHEREAS, there is presently pending before the House of Representatives HB 674-FN, An Act relative to a uniform business tax, to which there has been proposed an amendment subsequent to the Opinion of the Justices, dated May 6, 1983, and

WHEREAS, HB 674-FN, if said amendment is adopted, would impose a tax on business organizations which are currently subject to a tax on their net income under the business profits tax, RSA 77-A, and

WHEREAS, HB 674-FN with said proposed amendment does not repeal the business profits tax, RSA 77-A, but provides for a credit against the tax imposed pursuant to RSA 77-A for the uniform business tax paid pursuant to RSA 77-E, and

WHEREAS, HB 674-FN with the proposed amendment establishes a distinct class of property defined as the business organization's "tax base" with respect to which the uniform business tax is imposed which is intended to be distinct from "taxable business profits" or "net profits" which are currently subject to taxation under RSA 77-A, and

WHEREAS, the stated purpose of the bill is to spread the burden of taxation more

equally among all business organizations,
now therefore be it

RESOLVED, by the House of
Representatives that the Justices of the
Supreme Court be respectfully requested to
give their opinion upon the following
questions:

1. Would the establishment of a class
of property known as "tax base" as provided
for in HB 674-FN with said amendment create
a class of property distinct from "taxable
business profits" or "net profits" as
defined in RSA 77-A so as to allow each
class to be taxed differently without
violating the provisions of Part I, Article
12 and Part II, Article 5 of the New
Hampshire Constitution?

2. Would enactment of HB 674-FN with
the proposed amendment, which would impose a
uniform business tax on a business
organization's tax base and provides for a
credit for all taxes paid pursuant thereto
against the business organization's tax
imposed by RSA 77-A, violate the provisions
of Part I, Article 12 and Part II, Article 5
of the New Hampshire Constitution?

3. Would enactment of HB 674-FN with
said proposed amendment violate any other
provision of the New Hampshire Constitution?

That the Clerk of the House transmit 7
copies of this resolution to the Justices of
the Supreme Court together with an equal
number of copies of HB 674-FN and the
proposed amendment.

Rep. Scamman spoke in favor of the
resolution.

Ordered to third reading.

SB 47, allowing military recruiters access to all public or publicly funded schools. Ought to Pass.

SB 47 is nearly identical to HB 827-FN, which has already passed the House and is currently before the Senate. SB 47 has been reported favorably by the Committee purely as an "insurance policy" until it is seen what the fate of HB 827 may be in the Senate. It is intended by the Committee to ask that SB 47 be tabled in the event of its passage to that end. The initial vote of 10-9 Ought to Pass was merely over a question whether "Ought to Pass - tabled" or "Inexpedient - tabled" was the proper "insurance policy" to buy. Rep. William A. Riley for Education.

Rep. Daniell moved that the words, Inexpedient to Legislate, be substituted for the Committee report, Ought to Pass, and spoke to his motion.

Rep. William Boucher spoke against the motion.

Rep. William Riley moved that SB 47 be laid upon the table.

Adopted.

SB 28-FN, relative to driving while intoxicated. Inexpedient to Legislate. This subject matter is already covered in HB 45, currently before the Senate. Vote 13-0. Rep. Daniel A. Eaton for Judiciary.

SB 87, relative to the criminal threatening of property. Ought to Pass. This bill prohibits threatening of other persons' property. Rep. Thomas U. Gage for Judiciary.

SB 123, relative to holding executive sessions under the right to know law. Ought to Pass with Amendment.

The Committee felt that a body subject to the "right to know law" should state in their motion to go into executive session which exemption under the statute they are claiming. Vote 17-1. Rep. Kendall W. Lane for Judiciary.

Amendment

Amend the bill by striking out section 2 and renumbering section 3 to read as section 2.

SB 137-FN, relative to an increase in recording charges. Ought to Pass with Amendment.

The Committee felt this bill was a reasonable simplification of the fees for recording in the Registry of Deeds. Vote 12-0. Rep. Kendall W. Lane for Judiciary.

Amendment

Amend RSA 478:17-g, I as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

1. For recording each document, \$8 for the first recorded page, plus \$3 for each additional recorded page, except for the complete discharge of a mortgage, filings pursuant to RSA 382-A, or a lien, for which the fee shall be \$8. Said charges shall include all charges for information furnished in compliance with RSA 478:14.

SB 151-FN, relative to the payment of unpaid fines relating to violations, misdemeanors and felonies. Inexpedient to Legislate.

SB 151 would make it twice as difficult to collect unpaid fines due to the fact it would double the fines themselves. It would also have the possibility of increasing county expenses by more people being sent to jail for non-payment of fines. Vote 12-0. Rep. Daniel A. Eaton for Judiciary.

SB 165, relative to the execution of wills. Inexpedient to Legislate. The existing law has proven to be acceptable and is widely used and understood, such that there is no good reason to make a change at this time. Vote 11-5. Rep. Frank J. Sylvia for Judiciary.

SB 167, establishing an advisory commission on rules of evidence. Ought to Pass with Amendment.

The need for establishing this commission is to provide a means to introduce legislation to resolve conflicts between the proposed rules of evidence and the existing statutes and thus it should be a legislative committee which the amendment provides. Vote 14-1. Rep. Frank J. Sylvia for Judiciary.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

establishing an advisory committee on rules of evidence.

Amend the bill by striking out all after section 1 and inserting in place thereof the following:

2 Committee Established. There is hereby established the advisory committee on rules of evidence. The members of the committee shall be:

I. Five members of the house judiciary committee appointed by the speaker of the house.

II. Two members of the senate judiciary committee appointed by the president of the senate.

3 Appointments. The appointments of members enumerated in section 2 of this act shall be made within 60 days of the effective date of this act.

4 Officers. The members of the committee shall choose from their number a chairman and a vice-chairman.

5 Duties. The committee shall study the rules of evidence proposed by the New Hampshire bar association and the current Revised Statutes Annotated which affect rules of evidence in order to identify conflicting provisions. The committee shall study any conflicts between the statutory rules and the proposed rules and make recommendations for proposed legislation. Such recommendations shall be submitted to the speaker of the house and the president of the senate by December 15, 1984.

6 Compensation. The members of the committee shall serve without compensation, but shall receive mileage at the legislative rate when attending to the duties of the committee.

SB 116, relative to the appeal rights of discharged employees covered by certain collective bargaining agreements. Ought to Pass.

This measure deals with the appeal rights of discharged employees of county institutions who are covered by a collective bargaining contract to have the rights of appeal as granted under RSA 273-A and provisions of the

collective bargaining agreement. Vote 18-0. Rep. Wilfred Burkush for Labor, Human Resources and Rehabilitation.

SB 126, relative to the number of signatures for a representative election for public employees. Ought to Pass.

The present law grants a collective bargaining unit, who wishes to call for a representative election, to present signature cards equal to 30 percent of the unit or 100, whichever is less to be presented to the Public Employee Labor Relations Board. This means 100 signatures out of more than 3400 employees can force an election. This measure removes the 100-signature provision. Vote 16-1. Rep. Philip H. Weymouth for Labor, Human Resources and Rehabilitation.

SB 132-FN, relative to eligibility for unemployment compensation benefits. Ought to Pass with Amendment.

This bill takes care of the current loophole in RSA 282-A:31 dealing with between-term denial which allows employees of academic institutions not be granted unemployment compensation during periods of the year which they never intended to work, and are hired under such conditions. The amendment is relative to the effective date, making it upon passage. Vote 16-1. Rep. Calvin Warburton for Labor, Human Resources and Rehabilitation.

Amendment

Amend section 4 of the bill by striking out same and inserting in place thereof the following:

4 Effective Date. This act shall take effect upon its passage.

SB 193-FN, providing for suggestion and incentive awards. Ought to Pass with Amendment.

This establishes a much-needed program for suggestion and incentive awards for state employees making beneficial suggestions or performing extraordinary services in the interest of the state. Often such suggestions are cost effective and will bring greater efficiency to state government. The total of the awards granted in any fiscal year shall not exceed \$5,000. The amendment includes safety on original suggestions to improve government operation, and also permits certified bargaining representatives to submit lists of names for consideration as nominees to the Board. Vote 19-0. Rep. John E. Webster for Labor, Human Resources and Rehabilitation.

Amend RSA 99-E:1 as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

SB 199, authorizing the city of Manchester to phase in the optional fiscal year in 3 years, to establish a central business district revitalization reserve fund and to establish a parking facilities reserve fund. Ought to Pass.

This bill authorizes the City of Manchester to phase in an optional fiscal year over a 3-1/2 year period. The adoption of the fiscal year could take effect only upon a two-thirds vote of the Mayor and Aldermen. This bill gives authority to establish a reserve fund for parking and revitalization of downtown. Vote 13-0. Rep. Lawrence Cronin for Municipal and County Government.

SB 206, relative to town paupers and county paupers. Inexpedient to Legislate. The goals of the bill are laudable; however, if this bill were enacted into law it would do more damage than good. Vote 13-0. Rep. Paul A. Golden for Municipal and County Government.

This is required by law and part of the funding of this action is presently in place. Vote 17-0. Rep. Charles M. Nute for Public Works.

Referred to Appropriations.

SB 148-FN, relative to a one way toll system on the New Hampshire turnpikes. Inexpedient to Legislate.

This proposal would be very expensive to administer. It would result in a decrease of approximately \$500,000 per year on the central New Hampshire Turnpike alone. Vote 17-0. Rep. James C. Chamberlin for Public Works.

SCR 5, urging the department of public works and highways to place a high priority on a bypass around the town of Dublin. Ought to Pass.

Although this resolution is perhaps unnecessary it will place more emphasis on the need for improvement on Route 101. Vote 16-0. Rep. James C. Chamberlin for Public Works.

This bill clears up the election process for the Secretary of State and State Treasurer. Vote 9-0. Rep. Natalie S. Flanagan for Statutory Revision.

SB 104, relative to the definition of a moped. Ought to Pass.

This bill eliminates in RSA 259:57, under the definition of moped, the requirement of foot pedals to permit muscular propulsion. It continues the restrictions of a maximum speed of 30 miles per hour and the piston displacement shall not exceed 50 cubic centimeters in an internal combustion engine. Vote 13-0. Rep. George A. Soucy for Transportation.

SB 122, permitting the operation of retail fuel oil delivery trucks by persons 18 years of age or older. Ought to Pass.

This bill allows persons 18 years of age or older to operate trucks for the purpose of delivering home heating oil within the state. Passage of this bill will remove an unwarranted hardship currently imposed upon local suppliers. Vote 12-0. Rep. Elmer H. York for Transportation.

Ordered to third reading.

SB 70, relative to interstate banking.
Majority: Ought to Pass with Amendment.
Minority: Refer for Interim Study.

MAJORITY: SB 70, as amended, will allow interstate banking in December, 1984. Upon application, and after satisfying a rigorous review process to insure financial soundness, a New Hampshire bank may acquire or be acquired by an out-of-state bank located in a state with reciprocal legislation. Response to the growing capital needs of the New Hampshire business community and better services to customers through increased competition will result. One amendment will allow a phased-in protection to unit banks in smaller communities through 1987. A second amendment clarifies business practices by banks in the area of insurance. Vote 15-5. Rep. Elizabeth L. Crory for the Majority of Commerce, Housing and Consumer Affairs. MINORITY: The Minority of the Committee felt the ramifications of SB 70 are so extensive and affects every consumer, small as well as large businesses that we could learn from observation what has happened in other states. As of now, interstate banking is allowed only in 6 states, and the Minority feels there is no hurry to adopt legislation in New Hampshire. Our financial institutions should be controlled in New Hampshire rather than the money centers of the United States. This bill is fundamentally the same as HB 337 and should be put in interim study. (Reps.

Tom Longworth, A. Leslie Burns, Peter F. Wells, Barbara B. Pressly, Edward J. Allgeyer for the Minority of Commerce, Housing and Consumer Affairs.

Rep. A. Leslie Burns moved that the report of the Minority, Refer for Interim Study, be substituted for the report of the Majority, Ought to Pass with Amendment, spoke to her motion and yielded to questions.

CACR 5, relating to the state mandating and assigning programs and responsibilities to towns and other political subdivisions. Providing that funding shall accompany any such mandate or assignment. Refer for Interim Study.

The Committee was of the unanimous opinion that CACR 5 has merit, but has ramifications which need further investigation. Legal questions relative to future change in existing mandates require answers lest the state inherit excessive responsibilities under already difficult conditions. Vote 14-0. Rep. Russell C. Chase for Constitutional Revision.

Referred for Interim Study.

CACR 22, relating to the term of office of senators. Providing that senators be elected to 4 year terms. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: The majority of the Committee felt since the House and Senate have essentially the same powers, there is no reason for senators to have a longer term than House members. A four-year term could also be a deterrent to potential candidates with limited time and financial resources. Vote 10-4. Rep. Roland D. Martineau for the Majority of Constitutional Revision.

MINORITY: The House passed a 4-year term for Governor earlier in this session. With the Senate experiencing turnover at an average rate of one-third, and district campaign costs at an alarming rate, the minority felt the 4-year term would create continuity in office and encourage a wider field of candidates. Rep. Joseph F. Duggan for the Minority of Constitutional Revision.

Rep. Duggan moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, Inexpedient to Legislate, and spoke to his motion.

Rep. Martineau spoke against the motion. Rep. Bangs spoke in favor of the motion. Rep. Duggan requested a division.

42 members having voted in the affirmative and 269 in the negative, the motion lost lacking the necessary three-fifths of the membership.

Question being on the report of the Majority, Inexpedient to Legislate.

Report adopted.

SB 75-FN, relative to workmen's compensation for part-time members of police department. Inexpedient to Legislate.

It was felt that this measure was similar to HB 533 which was Inexpedient to Legislate. This bill deals with only part-time and special police officers.

It was asking that the average weekly wage of these part-time workers be applied for maximum workmen's compensation benefits. These part-time employees could earn more in compensation than a regular full-time police officer. Vote 9-8. Rep. Jean H. Duffett for Labor, Human Resources and Rehabilitation.

Rep. Skinner moved that SB 75 be recommended to the Committee on Labor, Human Resources and Rehabilitation and spoke to her motion.

Adopted.

SB 184, prohibiting employers from using or giving truth sensing devices to employees as a condition of employment. Refer for Interim Study.

The majority of the Committee felt this bill needs more study as there are several questions left unanswered. Vote 14-3. Rep. John W. Flanders for Labor, Human Resources and Rehabilitation.

Referred for Interim Study.

SB 207-FN, providing the inclusion of tips and gratuities in the definition of "wages" only to the extent such tips and gratuities are used by the employing unit to satisfy the minimum wage law. Inexpedient to Legislate.

This measure would require tips and gratuities in the definition of wages under Unemployment Compensation Laws. It would provide an 8% cap on tips or gratuities to be up to the rate of minimum wage of \$3.35. It also places a cap on \$7,000 of payroll earnings. It was felt that this measure was unfair to all workers who work for tips. Federal law now mandates them to report their tips. Vote 10-8. Rep. Frank J. Reidy for Labor, Human Resources and Rehabilitation.

Rep. Powers moved that the words, Ought to Pass, be substituted for the Committee report, Inexpedient to Legislate, and spoke to his motion.

Reps. Skinner, Demers and Reidy spoke against the motion.

Motion lost.

Resolution adopted.

SB 12, increasing the minimum age for purchase, sale and consumption of alcoholic beverages to 21 years. Majority: Ought to Pass with Amendment. Minority: Ought to Pass with Amendment.

MAJORITY: The Subcommittee and standing Committee were guided by the report of the Governor's Task Force on Alcoholism that recommended a uniform age of 21 in all New England states; therefore, the amendment does raise the New Hampshire drinking age to 21 when Massachusetts and Maine raise theirs. Vote 16-5. Rep. Robert P. Mason for the Majority of Regulated Revenues.

MINORITY: Age of Majority is 18; maybe it should be 21. The Minority of the Committee is very much concerned about

border hopping into Vermont to buy beverages and enjoy the dining and dancing in their lounges and hotels and driving back to New Hampshire. The Minority does not want to make young adults disrespect the law, or take the glamour of TV commercials out of sports and weekends. Raising the drinking age is not the solution. The Vermont accident and death rates have decreased, while New Hampshire's, at 20, have increased. Rep. Carmine F. D'Amante for the Minority of Regulated Revenues.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

increasing the minimum age for purchase, sale and consumption of alcoholic beverages to 21 years when Massachusetts and Maine have increased their minimum age to 21 years.

Amend the bill by striking out section 12 and inserting in place thereof the following:

12 Age in Massachusetts and Maine. The provisions of sections 1 through 11 of this act shall not take effect until the minimum age for the purchase, sale and consumption of alcoholic beverages in effect in the states of Massachusetts and Maine is at least 21 years of age.

13 Effective Date. This act shall take effect upon its passage.

Rep. Jacobson moved that the words, Inexpedient to Legislate, be substituted for the report of the Majority, Ought to Pass with Amendment, spoke to his motion and yielded to questions.

Rep. Newman spoke against the motion and yielded to questions.

Rep. D'Amante spoke in favor of the motion and yielded to questions.

Rep. Dickinson moved the previous question. Sufficiently seconded. Adopted.

Rep. Thomas Gage requested a roll call. Sufficiently seconded.

HOUSE JOURNAL 25

Tuesday, 24 May 83

The House assembled at 1:00 p.m., and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

Dear God, we do not find it hard to make decisions between right and wrong. It is the decision between one right and another right that make us hesitate. What to do with waste for example, be it around our middle, along our roadsides, into our rivers, or in our drinking water. So many easy answers are suggested. So many rights are claimed, so many groups affected. Help us discern what is best for our State. Help us have the courage of our convictions. Help us to vote the right most in accord with Your Will. Amen.

PERSONAL PRIVILEGE

Rep. Joseph Eaton addressed the House under personal privilege.

Mr. Speaker, I rise to a point of personal privilege because on May 18th, the Manchester Union Leader called members of my committee "leeches" with "specious arguments." A leech is a worm and specious means dishonest, and the term "dishonest worm" is an opprobrious epithet.

In the General Court, we do not use insulting language. Our debates never include personal attacks; they are based on legitimate issues raised by Democrats and Republicans, Conservatives and Liberals, and even by the Dishonest Worms.

The New Hampshire Press generally observes a high standard of decency. Newspapers in Concord, Keene, Portsmouth, and in fact all over the state take a forthright stand on controversial issues without name-calling animosity.

For the one exception to responsible journalism, the Manchester Union Leader, I quote the words of a poet, "The Wind is Weary -- The Light is Dead -- The Trumpet Lies in the Dust."

Rep. Rounds moved that Rep. Joseph Eaton's remarks be printed in the Journal. Adopted.

COMMITTEE REPORTS (cont.) (Regular Calendar)

CACR 23, relating to the imposition of limits on state spending and increases in state spending and the establishment of a reserve fund. Providing that increases in state revenue shall not exceed the state's rate of economic growth and state spending shall not exceed 95 percent of estimated revenues of the current fiscal year, except upon a 2/3 vote of the general court in the event of an emergency, and providing for the establishment of a special fund reserve. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: This proposal is a very complex and comprehensive attempt to limit state spending. Because of its experimental nature the majority of the Committee feels it should be tried as a statute first. Should flaws surface corrective action can be taken quickly whereas if it were in the Constitution, it could take as long as two years to change. Vote 10-4. Rep. Russell C. Chase for the Majority of Constitutional Revision.

MINORITY: Approximately 37 states presently have constitutional provisions in debt restrictions in balanced budget appropriations. This proposed amendment in no way limits how the state can raise its revenue. In case of a true emergency, the Legislature can override these limitations by a 2/3 vote. Rep. Geraldine S. Bangs for the Minority of Constitutional Revision.

Rep. Ahrens moved that the report of the Minority, Ought to Pass, be substituted for

the report of the Majority, Inexpedient to Legislate, and spoke to his motion.

Reps. Joseph Eaton, Demers, Jacobson, Sackett and Chase spoke against the motion.

Rep. Bangs spoke in favor of the motion and yielded to questions.

Reps. Wells, Sytek and Duggan spoke in favor of the motion.

Rep. Russell moved the previous question. Sufficiently seconded. Adopted.

SB 182, relative to discretionary easements. Ought to Pass with Amendment. This bill, as amended, clarifies the discretionary easement procedure requested by the City of Keene. It also increases the penalty if land is withdrawn before 10 years and provides that if an easement is denied a written

explanation of the reason for the denial will be given. Vote 19-0. Rep. Elizabeth A. Greene for Environment and Agriculture.

Amendment

Amend the bill by striking all after the enacting clause and inserting in place thereof the following:

1 Criteria for Granting Permit for Discretionary Easements. Amend RSA 79-A:15, II (supp) as inserted by 1981, 561:3 by striking out said paragraph and inserting in place thereof the following:

II. If the planning board determines that the planned use of such land is consistent with one or more of the open space objectives as established by the master plan of the city or town; or is consistent with the provisions of the zoning ordinance of the municipality; or confers a benefit upon the residents of the municipality, including needed open space, recreational areas, or passive recreational areas; or will permit the study of flora and fauna; or provides other similar benefits, the board shall approve the application, grant a permit, and recommend to the selectmen or the mayor and council that a discretionary easement be acquired by the town or city.

2 Written Explanation. Amend RSA 79-A:17, II (supp) as inserted by 1981, 561:4 by striking out said paragraph and inserting in place thereof the following:

II. If the selectmen or the mayor and council deny the application to grant an easement to the town or city, such denial shall be accompanied by a written explanation if only the easement is denied.

Ordered to third reading.

SB 22, authorizing the financing of life-care or continuing care facilities for the elderly under the New Hampshire higher educational and health facilities authority. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: This bill would have expanded the New Hampshire Higher Educational and Health Facilities Authority bonding to a new category of construction including facilities not offering medical care, such as sheltered care, life care, and continuing care. There is no way of knowing how broad this category might become or of how it might affect the

state bond rating. Vote 12-5. Rep. Eugene S. Daniell, Jr. for the Majority of Health and Welfare.

MINORITY: This bill is enabling legislation which would save senior citizens at one home in Nashua alone \$2.5 million in unnecessary interest charges without costing the state one penny nor tying up one dollar of the state's bonded indebtedness. Many other non-profit institutions serving the needy and the elderly located in Concord, Manchester, Portsmouth, Dover, Laconia and Berlin could also benefit from this bill. It was intended to apply only to non-profit institutions, but Committee discussion has been confused by attempts to amend the bill to include private, for-profit institutions. Rep. Mary J. Sullivan for the Minority of Health and Welfare.

Rep. Head moved that the words, Refer for Interim Study, be substituted for the report of the Majority, Inexpedient to Legislate, and spoke to her motion.

VETO MESSAGE ON HB 193

Honorable Members of the General Court

I hereby veto House Bill 193 which permanently establishes into law the designation of the second week of October as Earth Care Week. I realize that this bill appears to be innocuous on its first reading. However, there are serious procedural and substantive errors in this bill which should not be incorporated into the law of our State.

This bill takes the unusual step of codifying into law the designation of a week urging citizens to become involved "in the protection and preservation of the State of New Hampshire in particular and the planet earth in general." The "Declaration of Purpose" section of the bill discusses armed conflicts among nations, the threat of nuclear confrontation, the search for alternatives to nuclear war, as well as a discussion of peace and its relationship to our citizens' continued sustenance and nourishment. Such political and philosophical comments are not appropriate for codification into New Hampshire law.

I believe that for procedural grounds alone this bill should be vetoed. The designation of a week such as Earth Care Week should be established by each succeeding Chief Executive in a manner consistent with his or her own beliefs and philosophy. It would be my intention to designate the second week of October, 1983 as Earth Care Week, in honor of the late Governor Hugh J. Gallen. However, I believe this legislation is not the appropriate mechanism for dealing with this issue and I

urge the House and Senate to consider the precedent impact that passage of this legislation would create on the statutes of New Hampshire.

John H. Sununu, Governor

Question being, notwithstanding the Governor's veto, shall HB 193 pass.

Reps. Krasker, Flanagan, Joseph MacDonald, Rounds and Spirou spoke in favor.

(Speaker presiding)

Amend RSA 415:23, I and II as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

I. Notwithstanding any other provision of law, and except as provided in this section, any person or other entity which provides coverage in this state for medical, surgical, chiropractic, physical therapy, speech pathology, audiology, professional mental health, dental, hospital or optometric expenses, whether such coverage is by direct payment, reimbursement, or otherwise, shall be presumed to be subject to the jurisdiction of the department unless the person or other entity shows that, while providing such services, it is subject to the jurisdiction of another agency of this or another state or of the federal government. The provisions of this section shall not apply to dental service corporations established by 1961, 345 or vision service corporations established by 1969, 614.

II. A person or entity may show that it is subject to the jurisdiction of another agency or department of this or another state or of the federal government by providing to the commissioner the appropriate certificate or license issued by the other governmental agency which permits or qualifies it to provide those services for which it is licensed or certificated.

SB 113, relative to domestic and foreign insurers. Ought to Pass with Amendment.

This bill, requested by the Insurance Department, is essentially a housekeeping measure, implementing some recommendations made during the Sunset Process, removing provisions already

addressed in other sections of the statute, removing a section found by the courts to be unconstitutional, etc. The amendment raises the definition of "accident" found in RSA 412:18-c where personal injury results from \$50 to \$250. Vote 16-0. Rep. B. P. Smith for Commerce, Housing and Consumer Affairs.

Amendment

Amend RSA 415:6, II(4) as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

(4) A provision in all nongroup policies as follows: Insurance with Other Insurers: If there be other valid coverage, not with this insurer, providing benefits for the same loss on a provision of service basis or an expense incurred basis, payment shall not be prorated or reduced. If such a case, the insured shall be entitled to payment from both insurers. Provided, however, that the provisions of this subparagraph shall not prohibit the issuance of a "benefits deductible" on policies determined by the insurance commissioner as major medical policies. The term "benefits deductible," as used herein, means the value of any benefits provided on an expense incurred basis which are provided with respect to covered medical expenses by any other hospital, surgical or medical insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan, or any other plan or program whether on an insured or uninsured basis. Provided, however, that the term "benefits deductible" shall not mean the value of benefits provided with respect to

medical or liability insurance offered under either a general liability insurance policy or an auto insurance policy.

HB 844, providing for a host community siting process for low-level radioactive waste disposal and making an appropriation therefor. Refer for Interim Study.

The Committee is unanimously recommending Interim Study for this legislation. The problem of balancing adequate protection of local concerns, and, at the same time, solving the problem the state faces under the federal mandates and the deadline for action, will not be readily or easily solved. Interim Study will give a chance to examine the Committee's options. Vote 16-0. Rep. Eleanor M. Anderson for Environment and Agriculture.

SB 110-FN, establishing a state historic marker commission. Refer for Interim Study.

The Committee felt that the intent of this bill was good; however, recreating the Historical Commission at this time would present many problems. Therefore, further study to draft a more complete bill is needed. Vote 21-2. Rep. Craig A. Downing for Executive Departments and Administration.

SB 164, to provide that the term of the chairman of the liquor commission shall be coterminous with the term of the governor. Ought to Pass with Amendment.

This bill provides that the term of the Chairman of the Liquor Commission shall be coterminous with that of the Governor. In addition, the expiration or termination of the Commission members' term of office as the chair shall in no way affect the length of his term as a Commission member. Finally, the present Chairman shall serve as the chair until June 30, 1985, the point at which the present Chairman's term expires. Vote 21-0. Rep. V. The annual

salary of each member of the commission shall be as specified in RSA 94:1-a, and the commissioners shall receive their reasonable expenses while traveling in the performance of their duties, provided that they shall not be allowed as expenses travel between their places of residence and their office in Concord, nor shall they be allowed board or lodging while in Concord.

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Current Chairman. Notwithstanding any other provision of law to the contrary, the term of the present chairman of the state liquor commission as chairman and as a member of the commission shall expire on June 30, 1985.

SB 168, relative to the licensing of alarm installers. Ought to Pass with Amendment.

The Committee felt that creating a new board of alarm installers was too drastic a step at this time. However, the Committee deemed that some type of regulation was needed to protect the public. The amendment provides this protection within the structure of the Electricians' Board. Vote 22-0. Rep. Craig A. Downing for Executive Departments and Administration.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

This bill is relative to salvage certificates of title and salvage vehicle tags to salvage vehicles. The tags will be replaced by a decal which will indicate the salvage vehicles' status. In addition, consumer protection is enhanced by providing that removal, or causing the decal to be removed, will be a misdemeanor under RSA 261:22, V. Vote 18-0. Rep. V. Michael Hutchings for Executive Departments and Administration.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Salvage Certificates of Title; Salvage Vehicle Decals. Amend RSA 261:22, II, III, IV, V and VI as inserted by 1981, 479:18 by striking out said paragraphs and inserting in place thereof the following:

II. Any insurance firm or representative thereof who shall declare a motor vehicle other than an exempt vehicle as provided in RSA 261:3 as having been a total loss shall make application for a salvage certificate of title within 20 days of the total loss payment. Such application shall be accompanied by:

- (a) Any certificate of title;
- (b) Any other information and documents the director reasonably requires to establish ownership of the vehicle and the existence or nonexistence of security interest in it; and

The department shall file each application received and when satisfied as to its genuineness and regularity and when satisfied that the applicant is entitled to the issuance of a salvage certificate of title shall issue a salvage certificate of title of the vehicle to the owner. The salvage certificate of title shall serve as proof of ownership and shall contain a legend indicating that the vehicle has been declared a total loss. The department may adopt rules relative to the circumstances, if any, under which a salvage certificate of title should reflect any legend pertaining to recovered theft.

IV. If a vehicle upon which a salvage certificate of title has been issued

VI. For purposes of this section, a total loss vehicle shall mean either an unrecovered stolen vehicle or one which has sustained damage or injury so extensive that it is physically or economically impractical to repair.

2 Effective Date. This act shall take effect 60 days after its passage.

SB 59-FN, placing a surcharge on all hunting licenses to establish a deer management program. Refer for Interim Study. The Committee feels this bill needs further study as it would increase hunting license fees by \$3.00 and the Committee plans to study fees in the future. Vote 17-1. Rep. Laura Pantelakos for Fish and Game.

SB 55, relative to shooting human beings while on a hunting trip or shooting in the woodlands. Ought to Pass with Amendment.

This bill, as amended, brings the penalties under the Fish and Game statutes into conformity with those under the criminal code. Vote 11-3. Rep. Donna P. Sytek for Judiciary.

Amen dment

Amend RSA 207:37 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

207:37 Shooting Human Beings. Any person who, while on a hunting trip, or in pursuit of wild animals or wild birds, negligently shoots and wounds any human being shall be guilty of a misdemeanor; if said person negligently shoots and kills any human being, he shall be guilty of a class B felony; and, in addition thereto in either case, his license shall be revoked and he shall not be granted a license to hunt for a

period of 10 years. After 10 years from the date of revocation, his license to hunt may be restored at the discretion of the executive director and the commission. Any person while in woodlands as defined in RSA 207:33 who negligently shoots and wounds or kills any human being shall not be issued a license to hunt; or, if he holds a hunting license, said license shall be revoked and he shall not be granted a license to hunt for a period of 10 years. After 10 years from the date of revocation, he may be granted a license to hunt at the discretion of the executive director and the commission. Persons convicted of shooting and wounding or killing a human being while hunting in another state shall not be issued a license to hunt in this state for a period of 10 years from the date of conviction in such other state.

3 Abandoning a Wounded Person. Amend RSA 207:38 (supp) as amended by striking out said section and inserting in place thereof the following:

207:38 Abandoning a Wounded or Killed Human Being. Any person who knows that he has shot and wounded or killed a human being as set forth in RSA 207:37 shall forthwith render necessary assistance to the injured person and report immediately to the nearest conservation officer or law enforcement officer giving his name, address, date of birth, hunting license number and any other information needed to identify that person. Upon conviction of violation of the provisions of this section, the person shall be guilty of a class B felony and his license to hunt shall be revoked for life. The penalty for conviction under this section shall be in addition to any penalty imposed under RSA 207:37.

SB 158, relative to the good samaritan law regarding hazardous waste. Inexpedient to Legislate.

The existing statute provides adequate protection for those who assist in good faith with respect to hazardous waste and this bill, as amended in the Senate, would reduce some of this protection. Vote 16-0. Rep. Frank J. Sylvia for Judiciary.

SB 208, relative to business corporations. Ought to Pass.

The Committee agreed this bill provides some necessary technical corrections to the Business Corporations Act. Vote 16-0. Rep. Kendall W. Lane for Judiciary.

SB 75, relative to workmen's compensation for part-time members of police department. Refer for Interim Study.

This bill originally came to the floor Inexpedient to Legislate (9-8) and it was recommitted. The issue in this bill is currently before the Supreme Court. To pass anything at best could be unnecessary and, at worst unduly complicating. Also there are elements which treat persons in an uneven manner. Vote 12-0. Rep. Calvin Warburton for Labor, Human Resources and Rehabilitation.

SB 97-FN, relative to the senate clerk. Ought to Pass with Amendment.

The majority of the Committee agrees that the current clerk should be included in the State Retirement System, but believes he should contribute into the retirement fund. His contribution, back to the day of eligibility, plus interest would have been \$16,933. During this period his pay increases did not reflect the pay increases enjoyed by other state employees because he was a per diem employee. The shortfall in income that resulted from this discrepancy amounted to approximately \$12,999. The Committee feels that a lump sum contribution of \$4,000 would be appropriate; a member of the Senate has offered an amendment to that effect. Vote 14-0. Rep. Beverly A. Gage for Legislative Administration.

Amendment

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Current Senate Clerk. The person holding the position of senate clerk on the effective date of this act shall be construed to be a full time legislative employee and shall remain eligible for all fringe benefits as provided for full time employees for as long as he holds the position of senate clerk. For the purposes of RSA 14:19, II, the person holding the position of senate clerk on the effective date of this act is deemed to have been working in such position in a full time capacity since July 31, 1976. In order to obtain the benefits under RSA 14:19, II, the person holding the position of senate clerk on the effective date of this act shall, in addition to the contribution requirements of RSA 14:19, II, contribute an amount equal to \$4,000 to the New Hampshire retirement system, representing the employee share of the group I assessment for his prior service.

Referred to Appropriations.

SB 186-FN, relative to the sunset termination date of the joint legislative committee on review of agencies and programs. Inexpedient to Legislate.

The Committee feels the Sunset Process should go through a complete cycle before it is changed. Vote 14-0. Rep. Beverly A. Gage for Legislative Administration.

7. SB 50-FN, relative to bingo and lucky Ought to Pass with Amendment. It was the feeling of the Committee that there are problems with the present Bingo Laws, and they needed to be changed and tightened up, and this bill, as amended, does this. Vote 19-0. Rep. Peter M. Simon for Regulated Revenues.

To this end the committee shall consider but not be limited to:

(a) The rulemaking and other activities of the water supply and pollution control commission in view of its charge under RSA 149-E, 149-B, 146-A, 147, 148-A, 148-B, 149 and other statutes relative to

(d) The degree to which the commission's rules reflect current technical knowledge and the experience with measures for achieving the statutory goals of protecting the water resources of the state. III. Municipal systems involving water supply or pollution shall be specifically excluded from the study which is authorized by this section.

SB 129-FN, relative to the housing finance authority. Refer for Interim Study. This bill has seven separate sections which amend the current statute dealing with the New Hampshire Housing Finance Agency. Three sections will change the scope of this Agency from being required to provide low and moderate cost housing to being allowed to provide more financially feasible middle income housing. Another section will increase the agency's bonding capacity by \$500 million (some the moral obligation of New Hampshire). Another section will allow the sale of taxable bonds for housing with no consideration of meeting a "public purpose." By a vote of 16-3 interim study was recommended, to allow proper study of the necessary response as federal subsidies and tax-exempt bonds are eliminated. Rep. Elizabeth L. Crory for Commerce, Housing and Consumer Affairs.

Referred for Interim Study.

AN ACT

providing for returnable beverage containers and authorizing the town of Hampton to establish a solid waste management district.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Chapter. Amend RSA by inserting after chapter 130-A the following new chapter:

CHAPTER 130-B
RETURNABLE BEVERAGE CONTAINERS

130-B:1 Definitions. As used in this chapter, the following words and phrases shall have the following meanings unless the context clearly indicates otherwise:

I. "Beverage" means beer or other malt beverages and mineral waters, soda water and carbonated soft drinks in liquid form intended for human consumption excluding wine, liquors, dairy products or natural fruit juices. "Beverage" includes noncarbonated soft drinks and iced tea when sold in containers of the type used for soft drinks.

II. "Beverage container" means the individual separate sealed glass, metal or plastic bottle, can, jar or other container which contains one gallon or less of a beverage as defined by paragraph I.

III. "Consumer" means every person who purchases a beverage in a beverage container for consumption or for any use other than resale.

IV. "Dealer" means a person in this state who sells or offers to sell beverages in beverage containers to a consumer. "Dealer" includes, but is not limited to, an operator of a vending machine containing beverages in beverage containers.

V. "Dealer's place of business" means the location at which a dealer sells or offers for sale to consumers beverages in beverage containers.

VI. "Director" means the director of the division of public health services, department of health and welfare.

VII. "Distributor" means a person who engages in the sale of beverages in beverage containers to a dealer in this state and includes a manufacturer who engages in such sales.

VIII. "Manufacturer" means a person who bottles, cans or otherwise places beverages in beverage containers for sale to distributors or dealers.

IX. "Nonrefillable" means a beverage container which, after being used by a consumer, is not to be reused as a beverage container by a distributor.

X. "Operator of a vending machine" means an owner of a vending machine, the person who refills it, or the owner or lessee of the property upon which it is located.

XI. "Person" means an individual, partnership, joint venture, corporation or any group of the foregoing organized or united for a business purpose.

XII. "Redemption center" means a center established under RSA 130-B:6 at which consumers may return empty beverage containers.

XIII. "Refillable" means a beverage container which, after being used by a consumer, is to be refilled with a beverage by a distributor.

XIV. "Recycle collection operator" means a person who obtains authorization from the director under RSA 130-B:7 to pick up empty containers collected at collection centers and disposes of them through recycling. A distributor shall not be a recycle collection operator, nor shall he have or acquire ownership directly or indirectly in a recycle collection operation.

130-B:2 Policy. The purpose of this chapter is to provide an incentive to consumers, container collectors and recycling operators to design and erect a voluntary system for container pick up and disposal without imposing the cost of such system upon retail and wholesale dealers of beverages, without adding unrefundable costs to the process of collection and disposal, and without adding such costs to the price of beverages to the end that neither consumers nor the state is burdened by the impact of the incentive system.

130-B:3 Refund Value. Every beverage container sold or offered for sale in this state shall have a refund value of not less than \$.05 if less than 32 ounces or a comparable amount in liters, or \$.10 if 32 ounces or greater or a comparable amount in liters.

130-B:4 Purchases Outside this State. Whenever beverage containers are purchased outside this state for sale to consumers in this state, the provisions of this chapter shall apply.

130-B:5 Container to Show Refund Value.

I. Except as provided in paragraph II, the refund value and the words "New Hampshire" or the abbreviation "N.H." shall be clearly indicated in not less than 1/4 inch type size on every refundable beverage container sold or offered for sale by a dealer in this state by embossing, stamping, labeling or other method of secure attachment to the beverage container. The refund value shall not be indicated on the bottom of the container. Metal beverage containers shall be embossed or stamped on the top of the container.

II. Glass beverage containers having a refund value of \$.05 or more prior to the effective date of this chapter and permanently marked with a brand name shall not be required to indicate the refund value as provided in paragraph I. Whenever a container filled with a beverage is transferred to a distributor or dealer by a manufacturer, said refund amounts shall be paid to the director within 10 days of said transfer. Said funds shall be maintained by

the director for distribution to recycle collection operators when satisfactory disposition or recycling of said containers has been accomplished. Funds received but not paid out shall be held in a special nonlapsing fund by the director as a reserve against collection contingencies in future years. Upon declaration by the director of adequate contingency reserves, such funds held as are in excess of said adequate reserves may be distributed to towns or solid waste management districts in the form of special grants in support of litter pickup or education programs deemed unique and worthwhile by the director. The director shall publicly report the status of the special nonlapsing fund on a quarterly basis. Should the director determine that the return rate of containers is such as would, if continued, produce a deficit in the special fund, the director may adopt rules under RSA 130-B:11, VI to reduce the rate of payment to redemption centers and to recycle collection operators specified in RSA 130-B:7, IV and V. The director may revise such reductions in rates and shall terminate such reductions upon a determination that their continued application is no longer necessary.

130-B:6 Redemption Centers.

I. No local redemption center may be established or operated without the express authorization of the director. Any municipality, any solid waste management district, or any person, except distributors, may apply for authorization to establish and operate a local redemption center at which consumers may return empty beverage containers.

II. Application for authorization of a redemption center shall be filed with the director within 60 days of the effective date of this chapter. The application shall state the name and address of the person responsible for the establishment and operation of the center, its hours and method of operation, its staffing and sorting program, a statement of limitations of any kind on size, brand, condition of container to be accepted, the area and dealers proposed to be served by the applicant, merchandise or products to be made available for sale, if any, at such collection and storage premises, a statement of financial capacity to own and operate the local redemption center described in the application for the period of the franchise sought by the application and such other information as the director may require. In the case of applications from municipalities or regional solid waste management districts or cooperatives, the director may waive the requirement for such information listed above as would not be applicable. In considering applications for redemption center franchises, the director shall give first preference to applications from municipalities and solid waste management districts and to applications from municipalities or solid waste management districts. Subsequently, in considering applications from dealers, the director shall consider the potential of adverse economic impact on similarly situated dealers and shall not issue any franchise to

an applicant if he determines that an adverse economic impact would result.

III. Upon authorizing a local redemption center, the director shall designate the area to be served, the hours of service and any other requirements consistent with the purposes of this chapter. No local redemption center other than one operated by an authorized applicant shall be permitted to operate in the area designated in the authorization. An authorized local redemption center may apply during the term of its franchise authorization permit for such modification to said franchise and collection procedure; and such modification shall be granted to the extent it is deemed by the director to be consistent with the purposes of this chapter.

IV. The director may withdraw authorization from a local redemption center on 30 days notice if said center does not comply with the terms of its franchise authorization or if the redemption center no longer provides a convenient service to the public.

130-B:7 Recycle Collection Operators.

I. A recycle collection operator shall accept and transport from every redemption center in his franchise area any empty and unbroken beverage container which has been collected by said centers and is marked pursuant to RSA 130-B:5.

II. Application for a recycle collection operation franchise shall be filed with the director within 90 days of the effective date of this paragraph and shall state the name and address of the person responsible for its operation, the area to be served by such operation, the experience, financial stability, means and methods of operation including equipment and prospective employees, number of scheduled pickups, and capacity and program for reporting amount and type of pickup to the director on a periodic basis and such other information as the director may require.

III. An approved authorization for a franchise for a recycle collection operation shall confer upon the franchisee exclusive operating rights within the area covered by the approval. No other person shall be permitted to conduct business as a recycle collection operator within said area for the term of the franchise so conferred. After 60 days' notice and a hearing the director may withdraw and cancel the franchise of a recycle collection operator if the recycle collection operator does not comply with the terms of its franchise authorization.

IV. For each container collected and received at a local redemption center, the recycle collection operator shall pay the local redemption center as follows:

(a) From January 1, 1984, to December 31, 1984, \$.02 per container.

(b) From January 1, 1985, to December 31, 1985, \$.01 per container.

(c) From January 1, 1986, and thereafter, \$.0075 per container.

V. For each container collected and disposed of by refilling or recycling, the director shall pay the recycle collection operator as follows:

(a) From January 1, 1984, to December 31, 1984, \$.03 per container.

(b) From January 1, 1985, to December 31, 1985, \$.02 per container.

(c) From January 1, 1986, and thereafter, \$.015 per container.

VI. Proper evidence and verification of eligibility for payment under paragraphs IV and V shall be the sole responsibility of the recycle collection operator who shall on request report his methods and computations to the director. Any disputes regarding said payments or computations shall be resolved by the director.

130-B:8 Recycling. All beverage containers received by a recycle collection operator shall be either recycled or refilled and shall not become part of any disposal project unless express approval for such disposal is obtained from the director.

130-B:9 Prohibition of Certain Types of Containers and Holders. No beverage container shall be sold or offered for sale to consumers in this state:

I. In a metal container constructed so that part of the container is designed to be detached from such container; or

II. With containers connected to each other by a separate holding device constructed of plastic rings or other device or material which has not been classified as biodegradable by the director.

130-B:10 Penalties.

I. Any person violating any section of this chapter shall be guilty of a violation if a natural person or guilty of a misdemeanor if any other person.

II. Each day that a violation exists shall constitute a separate offense.

130-B:11 Rulemaking Authority. The director shall adopt rules, pursuant to RSA 541-A, relative to:

I. Licensing and operation of local redemption centers.

II. Sorting and storage of returned beverage containers.

III. Responsibilities of recycle collection operators making pickups from redemption centers, including, but not limited to:

(a) Standards for acceptance of containers;

(b) Payment of pickup expenses; and

(c) Redemption of containers of discontinued brands.

IV. Recycling of returned beverage containers by recycle collection operators.

V. Refillable glass beverage containers.

VI. Other matters related to the proper administration of this chapter.

130-B:12 Exception for Beverage Containers Used on Commercial Flights. This chapter shall not apply to any beverage container sold to an airline and containing a beverage intended for consumption on an aircraft flight originating or terminating in another state or in a foreign country.

SB 141, reinstating the option of appealing to the superior court in lieu of appealing to the board of tax and land appeals. Ought to Pass with Amendment. SB 100-FN, allowing employees to receive payments for certain supplemental plans without a reduction in their unemployment compensation benefits. Ought to Pass with Amendment.

The majority of the Committee feels that the amendment to this bill returns the sections deleted by the Senate to the original bill, SB 100. Vote 10-2. Rep. Larry Converse for Labor, Human Resources and Rehabilitation.

Amendment

Amend RSA 282-A:14, III(a) as inserted by section one of the bill by striking out same and inserting in place thereof the following:

III.(a) For the purposes of paragraphs (I) and (II): The term "wages" shall include compensation for temporary partial disability under the workmen's compensation law of any state or under a similar law of the United States, payments in lieu of notice, a sickness or separation allowance, payment of accrued leave or sums of whatever type or nature except those specifically excluded elsewhere in this subparagraph, payments upon discharge from military service from either the state or federal government, or both, and earnings from self-employment. "Wages" shall not mean and shall not include payments from a supplemental unemployment plan as defined in RSA 282-A:3-a. Wages or earnings or both shall be deemed to have been received in such week or weeks in which earned or, if not clearly identifiable, then for such week or weeks as the commissioner may find such can be reasonably said to apply. An individual's maximum weekly benefit amount shall be reduced by all wages and earnings in excess of 20 percent, rounded to the nearest dollar, of his weekly benefit amount. Benefits shall not be reduced in any part by pay for a New Hampshire legal holiday or for any full day which management, under a contract or otherwise, observes as a so-called holiday with a

general closing of its business, provided that the number of paid legal holidays and paid so-called holidays does not exceed in a calendar year the total number of legal holidays; and, with respect to such days as are not legal holidays, the provisions of RSA 282-A:31, I(c) shall not apply.

Amend RSA 282-A:3-a as inserted by section 5 of the bill by striking out same and inserting in place thereof the following:

282-A:3-a Supplemental Unemployment Plan. For the purposes of this chapter "supplemental unemployment plan" shall mean a plan, system, trust or contract by the terms of which an individual will receive from the employer, trustees of the plan or trust, union or other agency, payments supplemental to unemployment compensation or based on or to be paid in conjunction with unemployment compensation, which are available to the employees generally but not available in advance, in a lump sum or for loan, to be paid only during periods of unemployment except payments for vacations, bonuses, profit sharing plans and severance pay or separation pay.

Amend the bill by striking out all after section 5 and inserting in place thereof the following:

6 Maximum Amount. Amend RSA 282-A:27 (supp) as inserted by 1981, 408:3 by striking out said section and inserting in place thereof the following:

282-A:27 Maximum Amount. The maximum amount of unemployment compensation payable for any week containing a holiday shall be the difference, rounded to the nearest dollar, between the total holiday pay, or other nonwork pay, paid or payable for said week plus any remuneration paid or payable for service performed during said week and 5 times one full day's holiday pay, all other provisions of this chapter to the contrary notwithstanding. Neither "holiday pay" nor "other nonwork pay" nor "remuneration" as used in the preceding sentence shall mean or include payments from a supplemental unemployment plan as defined in RSA 282-A:3-a.

7 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Ordered to third reading.

HR 35, for a balanced budget. Inexpedient to Legislate.

As HB 500 and HB 180 are in the Senate at the present time, the majority of the Committee felt that this resolution would not accomplish its intent. Vote 8-5. Rep. Marshall French for Legislative Administration.

Report adopted.

SB 3, recodifying the state planning and zoning laws. Ought to Pass with Amendment. In 1979, the General Court established a committee to study planning and zoning legislation in order to identify areas

of concern and to recodify the numerous statutes into one section of law. The Committee was extended in 1981. The new statute aimed at bringing all planning and zoning laws into focus, thus forming a good basis for future consideration of substantive changes. In its review of SB 3 the Committee scrutinized the recodification for consistency with both present and new legislation. The amendment resulted from this review. Almost all testimony urged the passage of SB 3. The Committee feels that this bill accomplishes its purposes and unanimously recommends its passage. Vote 13-0. Rep. Richard A. Grodin for Municipal and County Government.

No zoning ordinance or building code shall be established or amended at a town or village district meeting until after the planning board holds at least one public hearing, on the proposed ordinance, code, or amendment. Notice for the time and place of each public hearing shall be the same as that provided in RSA 675:7.

III. After the public hearing the planning board shall, by vote, determine the final form of the ordinance, amendment, or amendments to be presented to the town or village district, which ordinance or amendment may include editorial revisions and textual modifications resulting from the proceedings of that hearing.

IV. An additional public hearing shall be held if the proposal is substantively altered by the planning board after public hearing. Subsequent public hearings shall be held at least 14 days after the prior public hearing and with the notice provided in RSA 675:7.

V. Official copies of the final proposal to adopt or amend the zoning ordinance or building code shall be placed on file and made available to the public at the town or village clerk's office 4 weeks prior to the date when action is to be taken. In the event that there shall be more than a single proposed amendment to be submitted to the voters at any given meeting, the issue as to the several amendments shall be put in the following manner: "Are you in favor of the adoption of Amendment No. ___ as proposed by the planning board for the town (village district) zoning ordinance (building code) as follows: (Here insert topical description of substance of amendment.)?" If such action is to be taken at a meeting other than the one at which officers are to be elected, the clerk shall prepare a special ballot containing the question or questions above stated; and the meeting shall open not later than noon and shall remain open at least 8 hours. If such action is to be taken at a meeting in a town or village district which has not adopted an official ballot, the clerk shall likewise prepare a special ballot for the use of voters in voting on the question. If a majority of the voters present and voting on any question as herein provided shall vote in the affirmative, the ordinance or amendment thereto shall be declared to have been adopted. When submitting any question to the voters under this section, the form of the ballot shall be as prescribed by RSA 656:13.

Notice for the time and place of the public hearing shall be the same as that provided in RSA 675:7.

III. Each petitioned amendment shall be placed on the ballot. A notation on the ballot stating the planning board's approval or disapproval shall immediately follow the question's description. Any petitioned question receiving an affirmative vote of a majority of the legal voters present and voting shall be adopted, except as provided in RSA 675:5.

Amend RSA 675:5, II as inserted by section one of the bill by striking out same and inserting in place thereof the following:

(a) The owners signing the petition shall identify themselves on the petition by name and address, and by address of the property involved, or lot, and map number, or by whatever other means is used within the town or village district to identify the land in question, so that the selectmen or commissioners may identify such owners as interested and affected parties; and

(b) The signed protest petition shall be submitted to the selectmen or village district commissioners at least 7 days prior to the town or village district meeting; provided, however, that each protest petition shall apply to only one article on the warrant. A notice of receipt of the protest petition shall be posted at the polling place, and the moderator shall announce at the opening of the town meeting that a protest petition has been received.

Amend RSA 675:6 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

II. The planning board may adopt the master plan, regulation or amendment upon completion of the public hearing by an affirmative vote of a majority of its members.

III. No subdivision or site plan review regulation, amendment, or exception adopted under this section shall be legal or have any full force and effect until copies of the regulation, amendment, or exception are certified by a majority of the planning board members and filed with the city or

town clerk and the board of selectmen or city or town council.

Amend RSA 675:7, I as inserted by section one of the bill by striking out same and inserting in place thereof the following:

I. Notice shall be given for the time and place of each public hearing held under RSA 675:2-4 and RSA 675:6 at least 10 calendar days before the hearing. The notice required under this section shall not include the day notice is posted or the day of the public hearing. Notice of each public hearing shall be published in a paper of general circulation in the municipality and shall be posted in at least 2 public places.

Boards in towns that do not have an office of the board that has regular business hours shall file copies of their decisions with the town clerk.

Amend RSA 676:4, I(d) as inserted by section one of the bill by striking out same and inserting in place thereof the following:

Notice shall be mailed at least 10 days prior to submission. Notice to the general public shall also be given at the same time by posting or publication as required by the subdivision regulations. The notice shall include a general description of the proposal which is the subject of the application and shall identify the applicant and the location of the proposal. For any public hearing on the application, the same notice as required for notice of submission of the application shall be given. If notice of public hearing has been included in the notice of submission or any prior notice, additional notice of that hearing is not required nor shall additional notice be required of an adjourned session of a hearing with proper notice if the date, time and place of the adjourned session was made known at the prior hearing. All costs of notice, whether mailed, posted or published, shall be paid in advance by the applicant. Failure to pay such costs shall constitute valid grounds for the planning board to terminate further consideration and to disapprove the plat without a public hearing.

Amend RSA 676:4, IV as inserted by section one of the bill by striking out same and inserting in place thereof the following:

IV. Jurisdiction of the courts to review procedural aspects of planning board decisions and actions shall be limited to consideration of compliance with applicable provisions of the constitution, statutes and regulations. The procedural requirements specified in this section are intended to provide fair and reasonable treatment for

all parties and persons. The planning board's procedures shall not be subjected to strict scrutiny for technical compliance. Procedural defects shall result in the reversal of a planning board's actions by judicial action only when such defects create serious impairment of opportunity for notice and participation.

Amend RSA 676:6, I as inserted by section one of the bill by striking out same and inserting in place thereof the following:

I. The historic commission district shall file a certificate of approval or a notice of disapproval pursuant to RSA 676:8, III within 45 days after the filing of the application for the certificate, unless the applicant agrees to a longer period of time.

676:8 Building Permits Required. After a municipality has adopted a building code, any person who intends to erect or remodel any building in the municipality shall submit the plans to the building inspector for his examination and approval prior to commencement of the planned construction.

Amend RSA 676:10, I as inserted by section one of the bill by striking out same and inserting in place thereof the following:

I. The building inspector shall not issue any building or occupancy permit for any proposed construction, remodeling, or maintenance which will not comply with any or all zoning ordinances, building codes, or planning board regulations which are in effect.

Amend RSA 676:14 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

676:14 Fines. Any violation of this title may be made punishable by a fine of not more than \$100 for each day that such violation continues after the conviction date; provided, however, that the total fines imposed for any single violation shall not exceed \$500.

Amend RSA 676:15, III as inserted by section one of the bill by striking out same and inserting in place thereof the following:

III. The certificate by a licensed land surveyor shall be in the following form:

Any person who violates any local ordinance, code or regulation adopted pursuant to this title shall be guilty of a misdemeanor if a natural person or of a felony if any other person. Any fine up to \$500 shall inure to the municipality for such uses as the municipality may direct; provided, however, that in the event HB 200 of the 1983 regular session of the general court is passed into law, the provisions of this section relative to fines inuring to municipalities shall have no force and effect.

Amend RSA 676 as inserted by section one of the bill by inserting after section 4 the following new sections 5, 6 and 7 and by renumbering the existing sections 5-16 to read as 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, and 19, respectively:

576:5 Appeals to Board of Adjustment. Appeals to the board of adjustment may be taken by any person aggrieved or by any officer, department, board, or bureau of the municipality affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time, as provided by the rules of the board, by filing with the officer from whom the appeal is taken and with the board a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken.

676:6 Effect of Appeal to Board. An appeal stays all proceedings under the action appealed from unless the officer from whom the appeal is taken certifies to the board of adjustment, after notice of appeal shall have been filed with him, that, by reason of facts stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed otherwise than by a restraining order which may be granted by the board or by the superior court on notice to the officer from whom the appeal is taken and cause shown.

676:7 Public Hearing; Notice.

I. Prior to exercising its appeals powers, the board of adjustment shall hold a public hearing. Notice of the public hearing shall be given as follows:

(a) The appellant and every abutter shall be notified of the hearing by

certified mail, return receipt requested, stating the time and place of the hearing; and such notice shall be given not less than 5 days before the date fixed for the hearing of the appeal. The board shall hear all abutters desiring to submit testimony and all nonabutters who can demonstrate that they are affected directly by the proposal under consideration. The board may hear such other persons as it deems appropriate.

(h) A public notice of the hearing shall be placed in a newspaper of general circulation in the area not less than 5 days before the date fixed for the hearing of the appeal.

II. The public hearing shall be held within 30 days of the receipt of the notice of appeal.

III. Any party may appear in person or by his agent or attorney at the hearing of an appeal.

IV. The cost of notice, whether mailed, posted, or published, shall be paid in advance by the applicant. Failure to pay such costs shall constitute valid grounds for the board to terminate further consideration and to deny the appeal without public hearing.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Application of Existing Laws. Each municipality shall have 2 years from the date upon which this act becomes effective to make its master plan and its zoning ordinances conform with the relevant provisions of this act.

The town clerk, with the approval of the moderator, shall determine the terms to be filled at the 1984 town election and shall notify the existing planning board members accordingly. The vacancies determined to exist shall be filled by election of the voters at the 1984 town election in accordance with the provisions of this act.

II. The terms of appointed members of planning boards, zoning boards of adjustment, and building code boards of appeals in office on the effective date of this act shall not be affected by this act. However, when the term of each member expires, each new member who is appointed shall be appointed for a term of 3 years by the appointing authority in order to comply with the provisions of this act.

Amendment adopted.
Ordered to third reading.

SB 144, relative to the illegal purchase of alcoholic beverages by underage persons. Ought to Pass with Amendment.

The bill makes it a crime to loan a driver's license to an underage person for the purpose of allowing him to purchase alcohol. It further imposes a fee of \$20.00 for reinstatement of any license which has been suspended. Vote 10-6. Rep. Kendall W. Lane for Judiciary.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Operator's License Suspended. Amend RSA 263 by inserting after section 57 the following new sections:

263:57-a Suspension for Illegal Use of Operator's License. Any person 20 years of age or older who knowingly loans his operator's license to another person under the legal age of 20 years for use as identification to enable the underage person to purchase or consume any liquor or beverage as defined by RSA 175:1, shall upon conviction, have his license or his right to operate a motor vehicle suspended for a period of at least 30 but not more than 120 days.

Amendment adopted.

Rep. Ellyson spoke to the Committee report.

Ordered to third reading.

SB 145, relative to licensee and permittee violations of certain liquor commission laws and rules. Ought to Pass with Amendment.

This bill grants to our courts the power to adjudicate and punish liquor establishments for the violation of our state's liquor laws and/or liquor regulations by granting them the power to levy fines for violations and, in the case of subsequent offenses, the power to suspend liquor licenses. Rep. Gregory J. Ahlgren for Judiciary.

Rep. Sytek moved that the words, Refer for Interim Study, be substituted for the Committee report, Ought to Pass with Amendment, and spoke to her motion.

Adopted.
Referred for Interim Study.

SB 131, relative to certain retirement pay and unemployment compensation benefits. Inexpedient to Legislate.

The Committee voted Inexpedient because the same subject matter is contained in HB 743, now before the Senate. Vote 10-2. Rep. John W. Flanders for Labor, Human Resources and Rehabilitation.

Resolution adopted.

HBI 2003, relating to the costs of search and rescue missions in the White Mountains. Inexpedient to Legislate.

The Committee agrees with the sponsor of HBI 2003 as to the importance of maintaining an ongoing dialogue with the federal government relative to the costs to the State of New Hampshire, both in financial terms and in terms of loss of life, of search and rescue missions in the White Mountain National Forest. However, the Committee does not believe that it is the proper vehicle for pursuing the problem with the federal government since it would duplicate the efforts of the Governor's Committee on Search and Rescue headed by former Senator Raymond Conley, which has been in existence for two years. The Conley Committee is in the process of being reestablished by Executive Order. A copy of this report and HBI 2003 will be forwarded to the Conley Committee. Vote 18-0. Rep. Phoebe A. Chardon for Resources, Recreation and Development.

Rep. Ingram moved that the words, Ought to Pass, be substituted for the Committee report, Inexpedient to Legislate, and spoke to her motion.

Rep. Chardon spoke against the motion.

A roll call was requested. Sufficiently seconded.

OPINION OF THE JUSTICES

May 6, 1983

The following request of the House of Representatives for an opinion of the justices was adopted April 20, 1983, and filed with the Supreme Court on April 22, 1983:

WHEREAS, there is presently pending before the House of Representatives HB 674-FN, An Act relative to a uniform business tax, to which there has been proposed an amendment subsequent to the Opinion of the Justices, dated May 6, 1983, and

WHEREAS, HB 674-FN, if said amendment is adopted, would impose a tax on business organizations which are currently subject to a tax on their net income under the business profits tax, RSA 77-A, and

WHEREAS, HB 674-FN with said proposed amendment does not repeal the business profits tax, RSA 77-A, but provides for a credit against the tax imposed pursuant to RSA 77-A for the uniform business tax paid pursuant to RSA 77-E, and

WHEREAS, HB 674-FN with the proposed amendment establishes a distinct class of property defined as the business organization's "tax base" with respect to which the uniform business tax is imposed which is intended to be distinct from "taxable business profits" or "net profits" which are currently subject to taxation under RSA 77-A, and

WHEREAS, the stated purpose of the bill is to spread the burden of taxation more equally among all business organizations, now therefore be it

RESOLVED, by the House of Representatives that the Justices of the Supreme Court be respectfully requested to give their opinion upon the following questions:

1. Would the establishment of a class of property known as "tax base" as provided for in HB 674-FN with said amendment create a class of property distinct from "taxable business profits" or "net profits" as defined in RSA 77-A so as to allow each class to be taxed differently without violating the provisions of Part I, Article 12 and Part II, Article 5 of the New Hampshire Constitution?

2. Would enactment of HB 674-FN with the proposed amendment, which would impose a uniform business tax on a business organization's tax base and provides for a credit for all taxes paid pursuant thereto against the business organization's tax imposed by RSA 77-A, violate the provisions of Part I, Article 12 and Part II, Article 5 of the New Hampshire Constitution?

3. Would enactment of HB 674-FN with said proposed amendment violate any other provision of the New Hampshire Constitution?

That the Clerk of the House transmit 7 copies of this resolution to the Justices of the Supreme Court together with an equal number of copies of HB 674-FN and the proposed amendment.

The following answers were returned:

To the House of Representatives: The Justices of the Supreme Court submit the following answers to your questions with respect to House Bill 674. Interested parties were permitted to file memoranda until May 2, 1983; however, none were received.

House Bill 674 would repeal the "business profits tax," RSA chapter 77-A, and replace it with a "uniform business tax." The bill, like House Bill 316, is aimed both at equalizing the tax burden borne by New Hampshire business organizations and at providing additional State revenues.

House Bill 674 would impose a tax of one percent upon what is called the "tax base" of every business organization in this State. "Tax base" is defined as "taxable income," reduced by a method of apportionment, and increased or decreased by certain adjustments, including a \$25,000 blanket deduction. See House Bill 674, proposed RSA 77-E:1, IV. The bill also provides credits for State franchise, banking and insurance taxes. See House Bill 674, proposed RSA 77-E:5. It should be noted that the general statutory scheme and most of the specific deductions, the apportionment formula, and the credits provided in House Bill 674 have been adopted verbatim from RSA chapter 77-A. The most significant difference between the bill and the current taxation scheme is that the bill disallows any deductions for compensation and benefits in calculating taxable income. A comparison of the existing scheme under RSA chapter 77-A and that proposed in House Bill 674 reveals how this is accomplished.

The current tax is imposed on "taxable business profits," which, as we stated in Part I of this opinion, is essentially "net" taxable business income. "Taxable business profits" is calculated from a starting base called "gross business profits," RSA 77-A, IV (Supp. 1981). "Gross business profits" is defined separately for each type of business organization; namely, corporations, partnerships, proprietorships, and trusts and estates. RSA 77-A:1, III (a)-(d) (Supp. 1981 & 1982). The most significant feature of these separate definitions is the differing treatment of compensation paid to corporate officers or executives, and that paid to partners and proprietors.

In calculating "gross business profits," corporations begin with what is shown as "taxable income" on their federal income tax returns. Federal "taxable income" already takes into account deductions for compensation paid to corporate officers. Proprietorships begin with what would be shown as federal "net profit," which does not include a deduction for the proprietor's compensation. Partnerships start with their

federal "ordinary income," increased by the amount paid to partners and items of income or deductions specifically allocated to partners.

In order to equalize the disparity inherent in these definitions of "gross business profits," however, RSA chapter 77-A provides a special deduction for partnerships and proprietorships, in an amount "equal to a fair and reasonable compensation for the personal services of the proprietor or partners . . ." RSA 77-A:4, IV (Supp. 1981). The justices of this court have previously advised that such a deduction is not only reasonable, but necessary in order to avoid discrimination against certain business organizations "by placing a partner or sole proprietor on a par with the salaried executive . . ." Opinion of the Justices, 110 N.H. at 123, 262 A.2d at 295.

As previously mentioned, House Bill 674 defines the starting base for businesses as being "taxable income," see House Bill 674, proposed RSA 77-E:1, IV. The definitions of "taxable income" have been taken almost verbatim from the current scheme's definitions of "gross business profits." Compare RSA 77-A:1, III (a)-(d) (Supp. 1981 & 1982) with House Bill 674, proposed RSA 77-E:1, III (a)-(d). In other words, corporations would begin with their federal "taxable income" reflecting the prior deduction of executive salaries and compensation, whereas partnerships begin with federal "ordinary income," but are required to add to that figure all compensation paid to partners; proprietorships begin with "net profits."

In contrast to the existing scheme under RSA chapter 77-A, House Bill 674 equalizes the initial disparity by means of an adjustment, which requires the addition of all compensation and benefits deducted by the taxpayer in arriving at "federal taxable income." See House Bill 674, proposed RSA 77-E:4, II(c). Corporations thus appear to be put on an equal footing with partnerships and proprietorships, through a uniform disallowance of deductions for compensation or benefits.

We note in passing that we have construed the terms "taxable income" and "federal taxable income," in the section providing for adjustments, as being synonymous. Compare House Bill 674, proposed RSA 77-E:4, with id. :4, I & II. A contrary interpretation would render the section unconstitutional. Specifically, if use of the term "federal" made the adjustments section applicable solely to corporations, whose federal "taxable income" is used elsewhere in the statute as a term of art, the section would not make the adjustments uniformly available to all business organizations.

We turn now to the first question presented, namely, whether "tax base" is a taxable class of property under part two, article six of the New Hampshire Constitution. We stated in Part I, with respect to House Bill 316's proposed alternate business profits tax, that "alternate business profits," if defined simply as gross business income, would be a

constitutionally taxable class of property, and that the constitutional validity of taxing "alternate business profits" as a class of property depended upon the specific adjustments, deductions, and credits used in arriving at it. Insofar as the adjustments to "taxable income" under House Bill 674, proposed RSA 77-E:4, II, equalize the starting bases of all business organizations under the uniform business tax scheme, our inquiry here is no different.

In addition to their role in equalizing the "tax base," the adjustments contained in House Bill 674, proposed RSA 77-E:4, II, appear to be a reasonable means of enlarging the taxable class of property beyond the narrower base existing under the present business profits tax. The evident purpose of taxing businesses before compensation and benefits are deducted is to spread the burden of taxation more fairly throughout the State, by including those taxpayers who may currently avoid the business profits tax through distribution of profits in the form of "compensation." The respective adjustments for depreciation deductions by those businesses owning property, and for lease deductions by those businesses renting property, are similarly designed to enable the State to tax business property more broadly than is possible under the current system, due to generous deductions provided by the federal income tax laws.

House Bill 674, proposed RSA 77-E:4, I, provides for adjustments to taxable income in the form of allowable deductions, the most significant of which appears to be the blanket \$25,000 deduction. This deduction appears to meet constitutional requirements, as its amount is reasonable and uniform, and it is available to all businesses. We perceive no constitutional infirmities in the other deductions provided, which correspond largely to deductions allowed under RSA chapter 77-A, as they avoid either double taxation or possibly unconstitutional taxation of United States government securities. See Memphis Bank & Trust Co. v. Garner, 103 S.Ct. 692 (1983) (State tax scheme under which income from State obligations is exempted from tax base but income from federal obligations is included, is impermissible under 31 U.S.C. Section 742 and U.S. Constitution.)

The apportionment provided for in proposed RSA 77-E:3, also a carry-over from the business profits tax, is necessary in order to comply with the due process and commerce clauses of the United States Constitution, see, e.g., Mobil Oil Corp. v. Commissioner of Taxes, 445 U.S. 425, 436-37 (1980), and appears to be a reasonable means of allocating business income earned within and without New Hampshire.

Finally, the credits for State franchise, banking, and insurance taxes allowed in House Bill 674, proposed RSA 77-E:5, apply uniformly to all businesses for the purpose of preventing double taxation and merely correspond to credits now provided under RSA chapter 77-A.

For the foregoing reasons, we conclude that "tax base" as defined in House Bill 674 is a taxable class of property under part two, article six of the New Hampshire

Constitution. We therefore answer the first question in the negative.

The second question presented is whether imposition of a tax on a business organization's tax base, which is determined after the blanket \$25,000 deduction, but without regard to any compensation and benefits deductions, impermissibly classifies taxpayers under our Constitution. As discussed in Part I, this question requires a determination of whether the same class of property is being taxed differently so that taxpayers who ought to be treated equally are in fact being subjected to disparate schemes of taxation and to differing tax burdens. Unlike House Bill 316, which seeks to establish alternate taxation of the same class of property, House Bill 674 would establish a uniform percentage tax on the "tax base" of all business organizations. We conclude, therefore, that, to the extent the formula for calculating "tax base" treats all business organizations in a substantially equivalent manner, House Bill 674 does not impermissibly classify taxpayers under part one, article twelve or part two, article five of the State Constitution.

The references to Opinion of the Justices, 106 N.H. 202, 208 A.2d 458 (1965), both in this request for an opinion of the justices and in that with respect to House Bill 316, appear to be based upon a possible misconception of the import of that opinion. The bill at issue there would have taxed business income derived from "personal services;" however, it excluded the income derived from the personal services of employees. As a result, proprietors and other self-employed individuals would have paid a tax on income from their own personal services, but income derived from the personal services of employees would have been tax-exempt. The justices of this court determined that such a tax was not only unconstitutional because it favored corporations, but also irrational, as the targeted self-employed professional could simply incorporate his business, become an "employee," and thereby avoid payment of the tax. The justices also stated that, just as the businesses of individuals could not be unequally burdened, so "a tax imposed on corporations, while allowing individuals engaged in like businesses or vocations to go free, is unconstitutional." Id. at 206, 208 A.2d at 461.

In other words, the legislature could not tax a certain type of business activity, or even business activities in general, but then exempt certain forms of business organizations from payment of the tax. This is an entirely different proposition from the legislature's unquestionable right to classify a "sufficiently distinctive class" of property, for example, petroleum products, and subject all producers of that product to a uniform tax. Opinion of the Justices, 117 N.H. 749, 755, 379 A.2d 782, 786 (1977); Opinion of the Justices, 114 N.H. 174, 177, 317 A.2d 568, 570 (1974).

In short, the Opinion of the Justices in 106 N.H. 202, does not stand for the proposition that a tax on business income constitutionally must allow business organizations to deduct compensation and

benefits. Previous opinions of the justices require merely that, to the extent a certain deduction or exemption, for example a deduction for compensation paid, is allowed, it must be available to all business organizations. Thus, if corporations are allowed to deduct executive salaries, partnerships and proprietorships must also be allowed a compensation deduction for the salaries of persons occupying similar positions.

We understand the legislative concern here to be that the proposed tax, while a tax on business income in the form of "tax base," might have the practical effect of being a tax on the income of sole proprietors or partners, since the personal income of such individuals is essentially the net profit derived from their businesses' income. We are not, however, dealing with personal income tax schemes in the proposed bills, which would require us to examine whether certain classes of individuals were being exempted from tax payments, or being singled out for disparately burdensome payments.

The tax proposals before us relate to business organizations and business incomes. As was earlier stated, "business income may reasonably be classified separately from salaries, wages, and unearned income of individuals." Opinion of the Justices, 110 N.H. at 123, 262 A.2d at 295. While it is true that under House Bill 674, for example, the self-employed plumber whose business had a taxable income in excess of \$25,000 would be subject to a tax, whereas the salaried plumber would not, it is equally apparent that the latter individual works for an entity that is being taxed - namely the business which employs him.

In summary, we believe that taxation of a business organization's "tax base" determined after a uniform \$25,000 deduction, but without any compensation deductions, does not impermissibly classify taxpayers in violation of the New Hampshire Constitution. Accordingly, we answer question two in the negative.

The final question presented is whether imposition of a uniform percentage tax on a business organization's "tax base" violates the requirements of equality and proportionality under part one, article twelve and part two, article five of our Constitution. Unlike the \$250.00 minimum business profits tax struck down in Johnson & Porter Realty Co. v. Commissioner of Revenue Administration, the uniform business tax would not "result // in a tax at a graduated rate, since it is not assessed "without reference to . . . gross income . . ." 122 N.H. at 698, 448 A.2d at 436. For this reason, and in light of our responses to questions one and two, we believe that imposition of a percentage uniform business tax as proposed in House Bill 674 would satisfy the equality and proportionality mandates of the State Constitution. We answer question three in the negative.

OPINION OF THE JUSTICES

May 18, 1983

The following resolution of the House of Representatives for an opinion of the justices was adopted May 12, 1983, and filed with the Supreme Court on May 12, 1983.

WHEREAS, there is presently pending before the House of Representatives HB 674-FN, An Act relative to a uniform business tax, to which there has been proposed an amendment subsequent to the Opinion of the Justices, dated May 6, 1983, and

WHEREAS, HB 674-FN, if said amendment is adopted, would impose a tax on business organizations which are currently subject to a tax on their net income under the business profits tax, RSA 77-A, and

WHEREAS, HB 674-FN with said proposed amendment does not repeal the business profits tax, RSA 77-A, but provides for a credit against the tax imposed pursuant to RSA 77-A for the uniform business tax paid pursuant to RSA 77-E, and

WHEREAS, HB 674-FN with the proposed amendment establishes a distinct class of property defined as the business organization's "tax base" with respect to which the uniform business tax is imposed which is intended to be distinct from "taxable business profits" or "net profits" which are currently subject to taxation under RSA 77-A, and

WHEREAS, the stated purpose of the bill is to spread the burden of taxation more equally among all business organizations, now therefore be it

RESOLVED, by the House of Representatives that the Justices of the Supreme Court be respectfully requested to give their opinion upon the following questions:

1. Would the establishment of a class of property known as "tax base" as provided for in HB 674-FN with said amendment create a class of property distinct from "taxable business profits" or "net profits" as defined in RSA 77-A so as to allow each class to be taxed differently without violating the provisions of Part I, Article 12 and Part II, Article 5 of the New Hampshire Constitution?

2. Would enactment of HB 674-FN with the proposed amendment, which would impose a uniform business tax on a business organization's tax base and provide for a credit for all taxes paid pursuant thereto against the business organization's tax imposed by RSA 77-A, violate the provisions of Part I, Article 12 and Part II, Article 5 of the New Hampshire Constitution?

3. Would enactment of HB 674-FN with said proposed amendment violate any other provision of the New Hampshire Constitution?

That the Clerk of the House transmit 7 copies of this resolution to the Justices of the Supreme Court together with an equal number of copies of HB 674-FN and the proposed amendment.

The following answers were returned:

To the House of Representatives:

The undersigned Justices of the Supreme Court reply as follows to the questions contained in your resolution adopted May 12, 1983, regarding certain amendments to House Bill 674. Interested parties were permitted to file memoranda until May 16, 1983; however, none was received.

In our recent opinion of May 6, 1983, we advised you regarding both House Bill 674 and House Bill 316, the latter of which would have established a one percent tax on "alternate business profits." We expressed our opinion that a one percent tax on "alternate business profits," defined in House Bill 316 as a business' gross income subject to reasonable and uniform credits, deductions, and adjustments, would constitute a constitutionally taxable class of property under part two, article six of the New Hampshire Constitution.

We also expressed our opinion, however, that "alternate business profits" as defined in House Bill 316, and "taxable business profits" as defined in RSA chapter 77-A were both essentially classifications of one class of property; namely, business income. For that reason, we said that taxation of "alternate business profits" and "taxable business profits" at differing rates would be unconstitutional and also, that to require the payment of taxes on both, could result in double taxation in a manner not permitted under our constitution.

We were of the opinion that a one percent tax on "tax base," as defined and outlined in House Bill 674, would be a legitimate exercise of the legislature's power to classify property under our constitution. Because House Bill 674 would have replaced the existing scheme, RSA chapter 77-A, with a new scheme, RSA chapter 77-E, the bill raised no problems with respect to either double taxation or imposition of taxes at differing rates on the same class of property.

The proposal now before us would retain the eight percent tax imposed on "taxable business profits" under RSA chapter 77-A, and would also impose a one percent tax on "tax base" as defined in House Bill 674, proposed RSA chapter 77-E. The tax paid pursuant to proposed RSA chapter 77-E would be allowed as a credit against any tax due under RSA chapter 77-A.

"Tax base" as defined in House Bill 674 is substantially similar to "alternate business profits" as defined in House Bill 316. It is apparent that both are simply slightly different and broader definitions of business income than is "taxable business profits" under RSA chapter 77-A. For the reasons stated in our advice with respect to House Bill 316, we therefore do not believe that a one percent tax on "tax base" can be imposed at the same time as an eight percent tax on "taxable business profits." To do so would similarly result in the imposition of differing rates of tax on essentially the same class of property.

The proposed amendments to House Bill 674 would, in addition, run afoul of the double taxation prohibition in our constitution. As we noted in our May 6,

1983 opinion, most of the provisions of House Bill 674, proposed chapter 77-E, were taken verbatim from the existing scheme, RSA chapter 77-A, including the federally based definitions of "taxable income," "ordinary income," and "net income" as starting points for the computation of the tax, the various credits and deductions, and the apportionment system. The only difference of significance between proposed RSA chapter 77-E and existing RSA chapter 77-A is the requirement that amounts previously deducted from "taxable business profits" for leases, depreciation, compensation and benefits be included in the computation of "tax base."

Under House Bill 674, as amended, the current tax on "taxable business profits" pursuant to RSA chapter 77-A would be retained, apparently because of a concern that for some businesses, the present eight percent tax on "taxable business profits" would exceed the proposed one percent tax on "tax base." In order to avoid this potential revenue shortfall, two taxes would be imposed, but a credit for the amount paid pursuant to proposed RSA chapter 77-E, would be allowed against that levied pursuant to RSA chapter 77-A. It is equally apparent, however, that this gives rise to the precise double taxation problem we adverted to in our response to House Bill 316.

A business organization which would be required to pay any tax pursuant to RSA chapter 77-A, would be paying tax on property which had already been included and taxed in "tax base" under proposed RSA chapter 77-E. This is because, as we stated above, the only difference between "tax base" and "taxable business profits" is the inclusion in "tax base" of sums previously deducted from "taxable business profits" for leases, depreciation, compensation and benefits. House Bill 674 as amended would therefore result in unconstitutional double taxation.

That is not to say, however, that if a separate tax were imposed on items such as compensation or payroll, to the extent that they are not presently taxed under RSA chapter 77-A, a constitutional problem would arise. Similarly, provision of a credit for the amount of that tax against the tax due under RSA chapter 77-A, would be within the broad powers allotted to our legislature. As long as all business organizations in this State were subject to both tax schemes, and as long as the credit, if so provided, were available to all on a uniform and equal basis, such legislative action would not violate the constitutional requirements of reasonableness and uniformity.

As we have previously stated:

"The power of the legislature to classify property as taxable or non-taxable is a broad one, Classification of property by kind has always been recognized as proper. So, too, classification by use is said to be permissible. So long as there is a reasonable line of demarcation, and there is no attempt to make taxability depend upon a classification of owners, the legislative power in this matter is supreme." Opinion of the Justices, 84 N.H. 559, 569, 149 A. 321, 326 (1930) (citation omitted); quoted in Havens v. Attorney-General, 91 N.H. 115, 118, 14 A.2d 636, 638 (1940).

Justices of this court have previously found a wide variety of tax schemes to be constitutional so long as the property being taxed was "sufficiently inclusive to constitute a distinctive class." Opinion of the Justices, 114 N.H. 174, 177, 317 A.2d 568, 570 (1974). In Opinion of the Justices, 111 N.H. 136, 139-40, 276 A.2d 821, 822-23 (1971), justices of this court indicated that a three percent tax on personal incomes could co-exist with a six percent tax on "taxable business profits." It was stated there that since "the personal income to be taxed would not include income taxable under RSA chapter 77-A (supp.) as business profits, but would include income from wages, salaries, and unearned income," and because the tax would "differ in its essential characteristics" from the tax imposed under RSA chapter 77-A, no constitutional problem was thus posed by the bill. Id. 276 A.2d at 823.

Accordingly, our answer to question one is "no," our answer to question two is "yes;" and in light of the answers given, we need not address question three.

OPINION OF THE JUSTICES

May 6, 1983

The Honorable House of Representatives has requested opinions of the justices concerning the constitutionality of two legislative proposals that would modify or replace the current scheme of taxation of business profits in this State, RSA chapter 77-A. Because the proposals raise similar issues, we are responding to the requests in one opinion.

Whereas, HB 316 would establish an alternate tax on business organizations which are currently subject to a tax on their net incomes under the business profits tax, RSA 77-A; and

Whereas, HB 316 establishes a class of property, "alternate business profits," intended to be distinct from "taxable business profits," or net profits, which are currently subject to taxation under RSA 77-A; and

Whereas, "alternate business profits," as defined in HB 316 means gross business income of the business organization, reduced by an adjustment, an apportionment factor and certain limited deductions, all as defined in the bill and in a proposed amendment; and

Whereas, HB 316 would impose a tax at a uniform rate of one percent on "alternate business profits," to be paid in the event the resulting tax, less allowable credits,

exceeds the tax that would be payable by a business organization on its "taxable (net) business profits;" and

Whereas, the stated purpose of the bill is to spread the burden of taxation more equally among all business organizations; now therefore, be it

Resolved by the House of Representatives:

That the Justices of the Supreme Court be respectfully requested to give their opinion upon the following questions:

1. Would establishment of "alternate business profits" as a class of property, as proposed and defined in HB 316, exceed a reasonable exercise of the General Court's power to classify property for purposes of taxation, under Part II, Article 6 of the New Hampshire Constitution?

2. Would enactment of HB 316 which provides for taxation of "alternative business profits," which is determined with no specific compensation deductions as an alternative to taxation of the business profits under RSA 77-A which allows a "reasonable compensation deduction," have the effect of impermissibly classifying taxpayers under Part I, Article 12 and Part II, Article 5 of the New Hampshire Constitution and as discussed by this Court in Opinion of the Justices, 106 N.H. 202 (1965)?

3. If the answer to questions 1 and 2 are in the negative, would imposition of a tax on "alternate business profits" at the uniform rate set forth in HB 316 offend the requirements for equality and proportionality mandated by Part I, Article 12 and Part II, Article 5 of the New Hampshire Constitution?

4. If the answers to questions 1, 2 and 3 are in the negative, would the requirements of Part I, Article 12 and Part II, Article 5 of the New Hampshire Constitution be offended by the requirement of HB 316 that the tax on "alternate business profits" be paid if, after allowable credits, it would exceed the tax that would be payable by the business organization on "taxable (net) business profits" under RSA 77-A?

That the clerk of the House transmit 7 copies of this resolution to the Justices of the Supreme Court along with an equal number of copies of HB 316 and the proposed amendment to HB 316.

The following answers were returned:

To the House of Representatives: The Justices of the Supreme Court make the following reply to your request for advice with respect to House Bill 316. Interested parties were permitted to file memoranda until April 18, 1983. A memorandum on behalf of the Government Fiscal Policy Committee of the New Hampshire Business and Industry Association was received.

The stated purpose of House Bill 316 is to spread the burden of taxation more equitably, because under the current scheme, RSA chapter 77-A, the burden falls on only a limited number of business organizations. The present business profits tax is imposed on "taxable business profits," which are, in

effect, the "net" taxable income of a business. RSA 77-A:2 (Supp. 1981); see Johnson & Porter Realty Co. v. Comm'r of Rev. Admin., 122 N.H. 696, 697, 448 A.2d 435, 436 (1982). House Bill 316, with its proposed amendments, would modify RSA chapter 77-A by creating an alternative tax on the "alternate business profits" of business organizations. Under this bill, a business organization would be required to pay the greater of: (1) a tax of 8.75 percent on its "taxable business profits;" or (2) a tax on 1 percent on its "alternate business profits."

The bill defines "alternate business profits" as being the gross income of a business for federal income tax purposes reduced by an adjustment, certain limited deductions, and a method of apportionment described in RSA 77-A:3 (Supp. 1981). The adjustment allows for the deduction of the greater of either twenty percent of the business organization's gross business income, or the amount attributable to merchandise bought for manufacture or sale by the business organization during the taxable period. In the event the business organization suffers a "loss," as determined by the statute, a deduction is allowed for the loss. In addition, one-half of in-State energy costs and the sum of \$50,000 may be deducted from gross business income. Finally, in addition to the credits specified in RSA 77-A:5, the bill provides a credit for capital investment.

The first question presented is whether "alternate business profits" is a taxable class of property. Gross income is a class of property taxable under part two, article six of the New Hampshire Constitution. Opinion of the Justices, 110 N.H. 117, 122, 262, A.2d 290, 295 (1970); Opinion of the Justices, 95 N.H. 537, 539, 64 A.2d 320, 321 (1949). If "alternate business profits" was defined simply as being the gross income of a business, such classification would be valid for purposes of taxation. The class of property proposed to be taxed under the statute, however, is the gross income of a business with an adjustment, and the various deductions and credits mentioned above. Therefore, the specific adjustment, deductions, and credits provided must be considered to determine whether the proposed class of taxable property violates part two, article six of the State Constitution.

The legislature may create reasonable exemptions such as adjustments, deductions, and credits, on a uniform basis. Opinion of the Justices, 117 N.H. 512, 517, 374 A.2d 964, 967 (1977); cf. Opinion of the Justices, 110 N.H. 206, 266 A.2d 111 (1970). House Bill 316 would allow one adjustment, for either twenty percent of a business' gross business income or an unlimited amount attributable to merchandise bought for manufacture or sale by the business organization, whichever is greater. As a result, a labor intensive business whose purchases of merchandise for manufacture or sale are less than twenty percent of its gross business income, would be limited to an adjustment of twenty percent, whereas a business organization with extensive purchases of merchandise

bought for manufacture or sale, would have an unlimited adjustment. Accordingly, the resulting adjustment does not satisfy the requirement of uniformity.

Our review of the proposed deductions is limited by our inability to anticipate all possible applications, but at the present time the deductions appear to be valid. The deduction, applicable to all businesses which suffer a "loss," is both reasonable and uniform because it applies uniformly to all business organizations and its purpose is to recognize the impact of an actual loss on a business' ability to pay taxes. The bill's deduction for one-half of a business' energy costs also appears to be valid, as it is uniform in rate and available to all business organizations. The flat deduction of \$50,000 recognizes the impact that low-volume has on a business' ability to pay taxes, and it, too, is uniform in its application.

The credit for capital investment appears to be uniform, in that it is available to all business organizations. While on its face the credit does not appear to be unreasonable, this conclusion is necessarily speculative, as we have not yet had an opportunity to view its actual fiscal impact.

In summary, then, it is our opinion that the legislative establishment of "alternate business profits" as a taxable class of property, with the exception of the adjustment provision, appears to be constitutional, and our answer to the first question is therefore in the negative.

The next question is whether enactment of House Bill 316, providing for the taxation of "alternate business profits" as an alternative to taxation of the "taxable business profits" under RSA 77-A:2 (Supp. 1981), would impermissibly classify taxpayers under the New Hampshire Constitution, pt. I, art. 12; pt. II art. 5. Justices of this court have consistently interpreted the New Hampshire Constitution as requiring that all property within a given class be taxed at a uniform rate. Opinion of the Justices, 117 N.H. at 515, 374 A.2d at 966; see Johnson & Porter Realty Co. v. Comm'r of Rev. Admin., 122 N.H. at 698, 448 A.2d at 436. The proposed bill establishes differing rates of taxation, namely a 1 percent tax on "alternate business profits" and a 8.75 percent tax on "taxable business profits." The question presented is whether "alternate business profits" are sufficiently distinguishable from "taxable business profits" to constitute two separate classes of property taxable at different rates. See Opinion of the Justices, 117 N.H. at 515, 374 A.2d at 966; see also Opinion of the Justices, 110 N.H. at 122-23, 262 A.2d at 295.

In our opinion the statutory classifications of "alternate business profits" and "taxable business profits" are essentially classifications of business income. See Johnson & Porter Realty Co. v. Comm'r of Rev. Admin., 122 N.H. at 698, 448 A.2d at 436. Although it is not contemplated in the proposed legislation, taxation of one business entity under both methods could, in fact, result in double

taxation in a manner not permitted under our Constitution. Opinion of the Justices, 106 N.H. 202, 207, 208 A.2d 458, 462 (1965); N.H. CONST. pt. I, art. 12; pt. II, art. 5.

The effect of the legislation would be to establish two distinct classes of taxpayers: those who would be required to pay a 1% tax on their "alternate business profits," and those who would pay a 8.75% tax on their "able business profits." Predictably, smaller business corporations, proprietorships, and partnerships would fall into the first class, whereas larger corporations would fall into the second. While the legislature may, as we have noted above, attempt to remedy the disparity in the tax burden borne by different business entities in this State, it must substantially treat all business entities uniformly and equally. See Johnson & Porter Realty Co. v. Comm'r of Rev. Admin., 122 N.H. at 698, 448 A.2d at 436-37. It may not create alternative systems of taxation which inevitably result in two classes of taxpayers, paying differing rates of tax on essentially the same class of property, business income. Question two therefore is answered in the affirmative.

In view of our answers to questions one and two, we need not address the remaining questions.

HB 386-FN, requiring the state to pay for out-of-state placement of juveniles. Recommended but to be Laid on the Table because not funded.

If funded this bill would require \$7.4 M in general funds. The problem of out-of-state placement of juveniles is a major one for this state. However, it is a policy problem which is not the purpose of the Committee. If money becomes available and this is a top priority of the House, perhaps it can be funded. Vote 10-7. Rep. William F. Between the authorization of refunding bonds and the use of their proceeds to redeem bonds, such refunding bonds shall not be included in the net indebtedness of the municipality or county for the purpose of determining its borrowing capacity. UNANIMOUS CONSENT

Rep. Bardsley addressed the House under by consent.

Thank you. I've got five sentences only. It came as no surprise in terms of the budgetary questions we had to handle this afternoon. Nevertheless, it was a frustrating afternoon for me and I think it was for many of you also. I recognize the efforts the Ways and Means Committee made to raise monies, although under their own limitations of areas they would look. I appreciate the work that the Appropriations Committee did in trying to make those funds stretch as far as possible. I would, however, like to go on record and state that although I was not opposed to House Bill 674-FN and the limited supplemental package as recommended by the Appropriations Committee, I do feel that these programs do not go far enough to serve the needs of New Hampshire people. Therefore, I also believe that the House will be remiss and perhaps irresponsible if it does not consider additional means of raising revenue to serve these needs. And further, that an income tax measure specifically should come before the House for this purpose. Thank you.

Rep. Bowler moved that Rep. Bardsley's remarks be printed in the Journal.

Rep. Rounds moved that the House stand in recess for the purpose of Introduction of Bills and Enrolling Reports only.

Adopted.

The House recessed at 7:17 p.m.

2 Funding of Death and Disabilities Benefits on a One Year Term Basis. Amend RSA 100-A:16, II(d) (supp) as inserted by 1967, 134:1 as amended by striking out said subparagraph and inserting in place thereof the following:

(d) commencing with the date of establishment and until the amount of the unfunded accrued liability has been established, the board of trustees shall determine the percentage normal contribution rate on account of each member classification as the uniform and constant percentage of the earnable compensation of the average new entrant member which, if contributed on the basis of his earnable compensation throughout his entire period of active service, would be sufficient to provide for the payment of any state annuity payable on his account from contributions by the employer. Commencing with the valuation as of June 30, 1969, the percentage normal contribution rate shall be determined after each actuarial valuation as the rate percent of earnable compensation of all members obtained by deducting from the total liabilities of the state annuity accumulation fund on account of each member classification the amount of unfunded accrued liability and the total amount of the funds in hand to the credit of the respective member classifications in that fund and dividing the remainder by one percent of the value of future compensation of all members within the appropriate member classification, except that in the case of death and disability benefits as provided by RSA 100-A:6, 100-A:8, and 100-A:9, such funding shall be determined on a one year term basis. Until the actuarial valuation as of June 30, 1969, has been prepared, the normal contribution rate for employee members shall be 3-2/10 percent, for teacher

members shall be 3-1/2 percent, for permanent policemen members shall be one percent, and for permanent firemen members shall be one percent. Commencing with the valuation as of June 30, 1983, the actuary in determining the percentage normal contribution rate may include a projection of the membership, earnable compensation and assets of the retirement system from the valuation date to the beginning of the year to which such percentage normal contribution rate is applicable.

3 Use of Reserves. The reserves created by the amendment of RSA 100-A:16, II(d) contained in section 2 of this act shall be available to pay benefits, provided that a portion of said reserves shall be used to fund the additional contribution for unfunded accrued liability caused by any change in the rate of earnings assumption, and provided further that any portion attributed to political subdivisions shall be applied to their normal contribution rate as calculated by the actuary commencing July 1, 1983. In no event, however, shall the use of reserves to provide funding for death and disability benefits on a one year term basis as provided in this section exceed \$964,635 in fiscal year 1984 and a like amount in fiscal year 1985.

4 Appropriation. In addition to the use of reserves as provided in section 3 of this act, the sum of \$450,071 is hereby appropriated to the New Hampshire retirement system for the purposes of this act for the fiscal year ending June 30, 1984, and the sum of \$450,071 is appropriated for said purposes for the fiscal year ending June 30, 1985. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

5 Application. The increase in the retirement allowance rate for group I and

group II members created by the amendment of RSA 100-A:42-b, II contained in section one of this act, and the reserves created to provide funding for death and disability benefits on a one year term basis by the amendment of RSA 100-A:16, II(d) contained in section 2 of this act shall have full force and effect for the biennium ending June 30, 1985. Beginning July 1, 1985, the provisions of RSA 100-A:42-b, II and RSA 100-A:16, II(d) prior to their amendment by this act shall once again become effective.

6 Picking Up Employee Contributions. Amend RSA 100-A:16, I by inserting after subparagraph (d) the following new subparagraph:

(e) With respect to all employees of any employer, such employer may pick up the employee contributions required by this section for all compensation earned after July 1, 1983; and the contributions so picked up shall be treated as employer contributions in determining federal tax treatment under the United States Internal Revenue Code; however, each employer shall continue to withhold federal income tax based upon these contributions until the Internal Revenue Service, or the federal courts, rule that, pursuant to section 414(h) of the United States Internal Revenue Code (1954), as amended, these contributions shall not be included as gross income of the employee until such time as they are distributed or made available. The employer shall pay these employee contributions from the same source of funds which is used in paying earnings to the employee. The employer may pick up these contributions by a reduction in the cash salary of the employee. Employee contributions picked up shall be treated for all purposes of this section in the same manner and to the same extent as employee contributions made prior to the date picked up.

7 Effective Date. This act shall take effect July 1, 1983.

Hearing no objection, the Speaker advised the Clerk to dispense with the reading of the amendment.

Rep. Ramsay explained the amendment. Amendment adopted.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

I am frightened, dear Father, by the insecurities about me. I am sorely tempted to run for my life, to take refuge in foolish escapades that dim the vision and drug the soul. There is no escape from the realities of this world. But there is a place of refuge. You, dear God are in our midst. You are aware of our fears and apprehensions and treat us like beloved children. Let the brightness of this morning and the kindness of our friends and the call to be in this place remind us of Your caring. Let us be on with our day's work in faith. Amen.

HOUSE JOURNAL 31

Tuesday, 14Jun83

The House assembled at 10:00 a.m., and was called to order by the Speaker Pro Tem.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

Dear Almighty, our vocabulary is full of words that deal with fighting. We take sides, we are antagonists, adversaries. We seek to win making another lose. Forgive us for our warring tendencies. Help us learn from the Prince of Peace. Let us work in the spirit of unity and concord. Let reason prevail. Let the name of our Capital City be more than a place on the map. Let it be a right spirit within each of us. Amen.

Rep. Logan led the Pledge of Allegiance.

(Speaker in the Chair)

The Speaker addressed the House.

The Chair would like to thank the member from Meredith, Speaker Pro Tem, for presiding over this morning's session.

I would like to speak to the House just briefly before the recess relative to Committee of Conference reports and particularly the fact that we are continuing our work in attempting to achieve a Committee of Conference report on an operating budget for the State of New Hampshire and I would like to address that particular subject matter at this time. Not in great detail, but just briefly.

It is important to understand that in this Committee of Conference on the budget, it is the intent of the conferees on the part of the House, myself and four members from the Appropriations Committee, each one of whom is the head of a division of Appropriations, and we are attempting to secure, not the personal desires or feelings of myself or the other conferees, but are attempting to secure as much of the House position, the position of the New Hampshire House of Representatives as possible. I have a deep respect for this institution, and I know that you do, and I know that you share that with me. There may be some inside or outside of this process who either fail to understand the nature of this institution, but do not hold it in respect or in honor. And it is critical to bear that in mind that we are not simply talking about dollar figures, concepts or ideas, but there are also Constitutional questions involved and there are also questions of the separation of powers, there is the question of two separate, but equal branches of the Legislative Branch of government and it is particularly imperative that the members of this House continue to give support to the conferees on the part of the House.

This state does indeed need an operating budget for the coming biennium. It does not need a continuing resolution or any other similar manifestation of trying to hold things together on a temporary basis. I am personally committed, the conferees on the part of the House are committed and I am

confident that the members of this House are committed to securing an operating budget for the coming biennium and that's what we are going to do.

In this process, I have to recognize the desires of the Governor and the desires of the Senate, the desires of the state employees, the desires of the general public as well as the general desires of the members of this House. And we have to look at all of those legitimate genuine concerns no matter how much they may be in agreement or disagreement with any position that we may have. But it is critical that we recognize that an operating budget will only come about if all of the four mentioned compromise. Compromise is a requirement on the part of all parties to reach a consensus that enables us to go forward. Now we are at a crossroads in this process at the present time. We are going to continue to work at it. We hope we will have a product for you to vote up or down. Hopefully it will be a product that you can support and we will have an operating budget and the session will be brought to a conclusion. But we are at a crossroads in this process. I appreciate your patience. I hope you equally appreciate mine and we will continue to work toward a solution. All I ask from you is that you stick with us, bear up under it all, tend to your jobs, remain calm, cool and collected, deal with the Committee of Conference reports that are coming in and we will continue to try to do ours. I appreciate the work that you people have been doing on Committee of Conferences and I appreciate now the work that you are doing in dealing with those Committees of Conference reports. As I told you a week or so ago, we are entering a time of high emotion, tensions run wild, the weatherman has decided for some reason to bless us with the highest temperatures of the season during the week when we least need them, we could have been using cooling rain throughout this week rather than the excessive heat and humidity and the rest, but that is the way it is. And we will deal with it. But I need your support and I need you to recognize that these issues are going to be resolved through the democratic process, the legislative process that we have in our possession under the Constitution of this state and these issues are not going to be resolved in response to editorials, newspaper headlines, or lack of editorials or newspaper headlines, or any other outside interference. They are going to be decided on the best interests of the state of New Hampshire through the process in our possession. And I appreciate you taking time from your much deserved recess to hear from me. Thank you very much.

Rep. Rounds moved that the Speaker's remarks be printed in the Journal. Adopted.

Rep. Spirou addressed the House.

Thank you, Mr. Speaker. Mr. Speaker, as we try to finalize the end product of a legislative session that has all of us concerned, I wish to give the Chairmen of

all Committees of Conference our fullest support as he and the rest of the Committee members attempt to reconcile the differences that exist between the two chambers.

I do wish, Mr. Speaker, to add that I very much resent newly appointed staff members in the Executive Branch of government who fly to the State House with helicopters and get picked up with 45-foot limousines, taking the opportunity to rip the presiding officer of the chamber apart in the newspapers. I resent those that have implied that it is the House's problem. I resent and I am sure the vast majority of the House membership does as well, the inference that this chamber has been irresponsible for the last six months. Most of us swallowed hard to pass a budget that we all knew was inadequate. And those of us who opposed the process do now know that everybody attempted to do it for the citizens of the State of New Hampshire. Deadlines have passed and many more will. And the end product of the Committee of Conference may not be to the acceptability of the majority of this House and we have to pass judgment on it when that comes by. But to suggest either through the press or particularly what gets me is the staff members who as I said come up here with their air-conditioned limousines to tell us when the Speaker has to work until 9 o'clock on Saturday and some of us have to stay up here until 1 o'clock every night for the last couple of months of this session for two hundred dollars a year while they are collecting \$500,000 and \$400,000 as salaries where they work is absolutely an absurd suggestion and they may have accessibility to some newspapers in this state to say whatever they want to, but this chamber ought to understand that they sat on their duffs on the other side for five months and they finally decided the state needed a budget and now we have to reconcile not the budgetary matters, but who is going to appoint a commissioner, who is going to be a judge, who is going to be appointed to any position in the state. We are dealing with this kind of political involvement. And this chamber cannot be pushed around, either through its presiding officer or through the Committee or through individual Committees as we try to work to reconcile differences. We have been right on the money on reorganization and we have tried to give the Governor a budget that he could run the state with. This is not a dictatorship. No one got appointed dictator last November and his staff ought to understand exactly that. We are the elected officials and the Constitution of this state talks about this chamber and this side of the aisle as being independent and separate from the Executive Branch of government. And it might be well that the Governor send some of his staff members to learn manners on how to address the elected officials of this state number one, and then to learn the Constitutional process as a second thing and then maybe we can get down to do the people's business.

Rep. Krasker moved that Rep. Spirou's remarks be printed in the Journal.

Adopted.

V. A person who endangers the welfare of a child or incompetent by violating paragraph III of this section is guilty of a class B felony. All other violations of this section are misdemeanors.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Promotion of Sexual Performance by Children. Amend RSA by inserting after chapter 649 the following new chapter:

CHAPTER 649-A

Child Pornography

649-A:1 Declaration of Findings and Purposes.

I. The legislature finds that there has been a proliferation of exploitation of children through their use as subjects in sexual performances. The care of children is a sacred trust and should not be abused by those who seek to profit through a commercial network based upon the exploitation of children. The public policy of the state demands the protection of children from exploitation through sexual performances.

II. It is the purpose of this chapter to facilitate the prosecution of those who exploit children in the manner specified in paragraph I. In accordance with the United States Supreme Court's decision in New York v. Ferber, this chapter makes the dissemination of visual representations of children under the age of 16 engaged in sexual activity illegal irrespective of whether the visual representations are legally obscene; and the legislature urges law enforcement officers to aggressively seek out and prosecute those who violate the provisions of this chapter.

649-A:2 Definitions. In this chapter:
I. "Child" means any person under the age of 16 years.

II. "Disseminate" means to import, publish, produce, print, manufacture, distribute, sell, lease, exhibit or display.

III. "Sexual activity" means human masturbation, the touching of the actor's or other person's sexual organs in the context of a sexual relationship, sexual intercourse actual or simulated, normal or perverted, whether alone or between members of the same or opposite sex or between humans and animals, any lewd exhibitions of the genitals, flagellation or torture. Sexual intercourse is simulated when it depicts explicit sexual intercourse which gives the appearance of the consummation of sexual intercourse, normal or perverted.

IV. "Visual representation" means any pose, play, dance or other performance, exhibited before an audience or reproduced in or designed to be reproduced in any book, magazine, pamphlet, motion picture film, photograph or picture.

649-A:3 Offenses.

I. A person is guilty of an offense if he:

(a) Sells, delivers or provides, or offers or agrees to sell, deliver or provide, any visual

representation of a child engaging in sexual activity; or

(b) Presents or directs a visual representation of a child engaging in sexual activity, or participates in that portion of such visual representation which consists of a child engaging in sexual activity; or

(c) Publishes, exhibits or otherwise makes available any visual representation of a child engaging in sexual activity; or

(d) Possesses any visual representation of a child engaging in sexual activity for purposes of sale or other commercial dissemination.

II. The offense shall be:

(a) A class B felony if such person has had no prior convictions in this state or another state for the conduct prohibited by this section;

(b) A class A felony if such person has had one or more prior convictions in this state or another state for the conduct prohibited by this section.

649-A:4 Exemption. A person shall not be guilty of a violation under this chapter if he is a librarian, or a paid or volunteer member of a library staff working under the supervision of a librarian, engaged in the normal course of his employment, or if he is regularly employed by anybody as a motion picture projectionist, stage employee or spotlight operator, cashier, doorman, usher, candy stand attendant, porter or in any other nonmanagerial or nonsupervisory capacity in a motion picture theatre; provided that he has no financial interest, other than his employment, which employment does not encompass compensation based upon any proportion of the gross receipts, in the promotion of a sexual performance for sale, rental or exhibition or in the promotion, presentation or direction of any sexual performance, and provided further that he is not in any way responsible for acquiring such material for sale, rental or exhibition.

649-A:5 Justifiable Dissemination. It is an affirmative defense to prosecution under this chapter that dissemination was restricted to institutions or persons having scientific, medical, educational, governmental or other similar justification for possessing a visual representation of a child engaging in sexual activity.

3 Committing Obscenity When a Child is Involved. Amend RSA 650:2, II (supp) as inserted by 1977, 199:2 by striking out said section and inserting in place thereof the following:

II. A person who commits any of the acts specified in subparagraphs (a) through (e) of paragraph I with knowledge that such act involves a child in material deemed obscene pursuant to this chapter is guilty of:

(a) A class B felony if such person has had no prior convictions in this state or another state for the conduct described in this paragraph;

(b) A class A felony if such person has had one or more prior convictions in this state or another state for the conduct described in this paragraph.

4 Contribution to Delinquency. Amend RSA 169-B:41, II (supp) as inserted by 1979, 361:2 by striking out said paragraph and inserting in place thereof the following:

II. Notwithstanding the provisions of paragraph I, any parent, guardian or person having custody or control of a minor, or anyone else, who shall knowingly or willfully, encourage, aid, cause or abet, or connive at, or has knowingly done any act to produce, promote or contribute to the utilization of a minor in any acts of sexual conduct as defined in RSA 650:1, VI, in order to create obscene material, as defined in RSA 650:1, IV, of the minor engaged in such conduct, shall be guilty of:

(a) A class B felony if such person has had no prior convictions in this state or another state for the conduct described in this paragraph;

(b) A class A felony if such person has had one or more prior convictions in this state or another state for the conduct described in this paragraph.

5 Effective Date. This act shall take effect 60 days after its passage.

HB 225-FN, relative to apple marketing.

RSA 341-A:20, to advise the commission on matters relating to this

Amend the bill by striking out sections 3 and 4 and inserting in place thereof the following:

3 Application of Receipts. Amend RSA 6:12, I by inserting after subparagraph (q) the following new subparagraph:

(r) Money received under RSA 341-A:18, which shall be credited to the apple marketing account.

4 Consolidation of Provisions. The director of legislative services is authorized to consolidate and integrate the changes in RSA 6:12 made in this act with the changes in RSA 6:12 made by all other acts of the 1983 session of the general court which become law. Such authority shall be subject to the approval of the president of the senate and the speaker of the house, shall not include the power to make any substantive change and shall expire upon printing of the 1983 session laws.

5 Effective Date. This act shall take effect 60 days after its passage.

The first amendment corrects an internal reference.

The second amendment is necessary to avoid duplicate numbering of subparagraphs in RSA 6:12, I, because several bills which are pending amend this section by inserting new subparagraphs.

Adopted.

HB 273-FN, requiring presidential primary checklists to be deposited at the state archives and with the clerk of the federal district court and making certain other changes in the election laws.

Amendment

Amend RSA 654:28 as inserted by section 2 of the bill by striking out line 8 and inserting in place thereof the following:

Amend section 13 of the bill by striking out same and inserting in place thereof the following:

13 Clarification of Office. Amend RSA 668:4 (supp) as inserted by 1979, 436:1 by inserting in line 4 after the words "United States representative," the following (executive) so that said section as amended shall read as follows:

668:4 Offices Voted For. The offices for which inhabitants of unorganized places are entitled to vote shall include: Electors of the president and vice-president of the United States, United States senator, United States representative, executive councilor, state senator, state representative, and county offices. Amend the bill by striking out section 23 and inserting in place thereof the following:

23 Change in Time for Additions or Corrections to Checklist. Amend RSA 654:28 (supp) as inserted by 1979, 436:1 by striking out said section and inserting in place thereof the following:

654:28 Procedure. The supervisors of the checklist shall hear all applications for a correction of the checklist and the evidence submitted thereon and shall correct it according to their best knowledge so that it contains only the names of those persons qualified to vote at said election. The names of all persons not qualified to vote at the time of any session, but who shall clearly be qualified to vote on election day, may be added to the checklist at that session. Any session which is held on the Saturday 10 days prior to election day shall be held as a minimum requirement between 11:00 a.m. and 12:00 p.m. and at the discretion of the supervisor for additional hours. No additions or corrections shall be made after 6:00 p.m. on the session day which is held on the Saturday 10 days prior to election day, except as provided in RSA 659:12. The additions and corrections resulting from such sessions shall be made to the previously posted checklist on or before midnight on the succeeding Friday either by additions or corrections to said checklist or by posting a new corrected checklist. Notice of such additions or corrections to the checklist shall also be given to the town or city clerk.

24 Conditional Provision. If HB 426 of the 1983 regular session, "An Act amending certain checklist practices," becomes law, section 23 of this act shall take effect and section 2 of this act shall be null and void and of no effect. If HB 426 does not become law, section 23 of this act shall be null and void and of no effect.

25 Effective Date. This act shall take effect 60 days after its passage.

This amendment inserts a word omitted by typographical error, corrects an error in amending language and incorporates a change to RSA 660:7 made in 1983, 175:6.

It also adds a contingent provision relating to changes made in RSA 654:28 by HB 426.

Adopted.

HB 310-FN, relative to construction of the central New Hampshire turnpike and making an appropriation therefor.

Amendment

Amend the bill by striking out section 6 and inserting in place thereof the following:

6 Consolidation of Provisions. The director of legislative services is authorized to consolidate and integrate the changes in RSA sections made in this act with the changes in the same RSA sections made in this act with the changes in the same RSA sections made by all other acts of the 1983 session of the general court which become law. Such authority shall include the ability to make necessary cross reference changes in other sections of the same acts and shall be exercised only in conjunction with the legislative budget assistant. In addition, such authority shall be subject to the approval of the president of the senate and the speaker of the house, shall not include the power to make any substantive change and shall expire upon printing of the 1983 session laws.

7 Effective Date. This act shall take effect upon its passage.

This amendment eliminates possible duplication of numbering in the RSA and insures the proper integration of complementary materials in the statutes.

Adopted.

HB 341-FN, consolidating the office space study committee with the capital planning committee.

Amendment

Amend section 4 of the bill by striking out line 2 and inserting in place thereof the following:

inserting after chapter 17-L the following new chapter:

7 Contingency. If House Bill 1 of the 1983 regular session does not become law, all references to RSA 17-M in this act shall be changed to read RSA 17-L.

8 Effective Date. This act shall take effect 60 days after its passage.

This bill rennumbers the new RSA chapter, because HB 1 inserted RSA 17-L. If HB 1 does not become law, the chapter designation will be RSA 17-L.

Adopted.

HB 361, requiring the checklist used at any state election to include the full name, address, and political affiliation of each

voter, and allowing candidates to be nominated by more than one party under certain circumstances.

Amendment

Amend section 3 of the bill by striking out lines 3, 4, and 5 and inserting in place thereof the following:

law, sections 1 and 2 of that act are hereby repealed. If such act does not become law, this section and section 4 of this act shall be null and void and of no effect.

The amendment prevents two sections of RSA from having the same number.

Adopted.

HB 366-FN, establishing a joint administrative rules committee.

Amendment

Amend section 13 of the bill by striking out same and inserting in place thereof the following:

13 Conditional Authority. If HB 657 of the 1983 regular session, "An Act relative to the administrative procedures act," becomes law, the director of legislative services is authorized to consolidate RSA provisions, to renumber RSA provisions and to correct cross references in the provisions of RSA 541-A as made necessary by the passage of HB 657 and this act. Such authority shall be subject to the approval of the president of the senate and the speaker of the house, shall not include the power to make any substantive change and shall expire upon printing of the 1983 session laws.

14 Effective Date. This act shall take effect 60 days after its passage.

This amendment corrects a stylistic error and deletes some redundant words. The amendment also inserts a conditional authority section which permits the consolidation and renumbering of RSA 541-A provisions if HB 657 becomes law.

Adopted.

HB 394-FN, amending various provisions of the motor vehicle laws.

II. For the purposes of this section, the lists of assessed property shall be committed by the selectmen with a warrant under their hands and seal directed to the collector of such town no later than May 15. The collector shall mail all the bills for this partial payment no later than June 15. Partial payment of taxes assessed under this section shall be due and payable on July 1. The collector shall receive such payments, give a receipt therefor, and credit the amount paid toward the amount of the taxes eventually assessed against the property, in the same manner as prepayments under RSA 80:52-a. A payment of the remainder of the taxes assessed April 1, minus the payment due on July 1 of that year, shall be due and payable December 1. Interest charged on all taxes not paid on or before the date they are due shall be as prescribed in RSA 76:13, except that, when bills for the partial payment under this section are mailed on or after June 1, interest shall not be charged until 30 days after the last bill is mailed. VETO MESSAGE ON HB 816

To the Honorable Members of the General Court

I have this day vetoed House Bill 816 relative to the election of Representatives

to the General Court and the election of delegates to the state party conventions from the city of Keene.

HB 816 calls for a very complicated system of representation which did not give equal wards equal representation. Other cities in New Hampshire have treated equal wards equally, and Keene should not be treated in any lesser fashion.

On June 2, 1983, the City Council of Keene forwarded a Resolution asking that each of Keene's representative districts be equally represented so that each vote cast by a citizen of Keene will have the same weight and effect. HB 816 did not reflect the substance of their Resolution.

I hope that future legislation will provide fair representation and reflect the interests and will of the city of Keene.

Sincerely,

John H. Sununu, Governor

Rep. Rounds moved that further consideration of the veto message on HB 816 be made a Special Order for Tuesday, June 28, at 10:01 a.m.

Adopted.

VETO MESSAGE ON HB 740

To the Honorable Members of the General Court

After considerable deliberation I hereby veto House Bill 740.

The bill as written is unclear, possible of more than one interpretation, and would cause a tremendous amount of confusion among credit grantors and consumers in the State. It could also add significantly to the costs to both seller and consumer.

One example of the confusion created by the language of this bill can be seen in the section dealing with billing procedures. The bill specified certain action to be taken in reference to "purchases (made) during any current billing cycle." Since purchases are virtually always made during a current billing cycle the bill inevitably will be construed to mean that no finance charges could ever be imposed on purchases or leases. This obviously was not intended by the sponsors of the bill.

I regret that my attempt to have this legislation recalled to clear up the confusion was not successful.

This bill if enacted into law would be adverse to the best interest of the consumers in the State.

Sincerely,

John H. Sununu, Governor

Rep. Spirou moved that further consideration of the veto message on HB 740 be made a Special Order for Tuesday, June 28, at 10:02 a.m.

Adopted.

VETO MESSAGE ON HB 75

To the Honorable Members of the General Court

After considerable deliberation I have decided to veto House Bill 75 the so-called "Living Will" or "Right to Die" bill. I do so with respect for the motives of those who

have sponsored this bill, and for those who have supported it. I believe, however, that the citizens of our State will not be best served by this legislation.

I am well aware that many of us may disagree concerning the issues of death and dying. As the Chief Executive of this State I cannot sign into law a bill that in my opinion diminishes the sanctity of life and, perhaps unknowingly, glamorizes the procedures for the taking of that life.

I am most troubled that this legislation invades and institutionalizes the physician-patient relationship. By doing so it demeans what is truly one of the most privileged relationships that exist in our society. I do not feel that the state should become an intervener in the physician-patient relationship, and as Governor I cannot support a measure that transforms an understanding based on mutual trust to one dependent on contractual formality.

Under present common law in New Hampshire a patient is not forced to accept any unwanted medical treatment if excessively burdensome or of doubtful medical benefit. In contrast, one of the complexities created by this legislation can be seen by the sample instrument, section H:3, which recommends that a terminally ill person "be permitted to die naturally with only the administration of medication or the performance of any medical procedure deemed necessary to provide (the terminally ill person) with comfort care." Yet the bill does not define the critical terms "medication," "medical procedure," or "comfort care." Its failure to do so only serves to cloud an area already responsibly addressed by principled physicians and family members. Furthermore, any bill that must disclaim that the actions it legitimatizes "should at no time be construed as a suicide for any legal purpose" raises more questions than it answers.

Sincerely,

John H. Sununu, Governor

Rep. Rounds moved that further consideration of the veto message on HB 75 be made a Special Order for Tuesday, June 28, at 10:00 a.m.

Adopted.

VETO MESSAGE ON HB 328

To the Honorable Members of the General Court

I hereby veto House Bill 328 authorizing local governments to establish general reserve funds for any purpose for which a town may raise money.

I cannot support the levying of taxes for the creation of "general reserve" funds. Such action raises serious Constitutional problems since these assessments could be characterized as an unreasonable confiscation or expropriation of private resources without adequate description of the expenditure to the affected taxpayers. This bill permits local governments to create an open-ended fund at the expense of the taxpayers.

The authority proposed in this bill allowing towns to set up "general reserve funds" for any and all purposes for which they can raise and appropriate funds could ultimately add an extremely burdensome financial responsibility on current taxpayers. This bill would force taxpayers to finance not only their respective share of current government expenses, but it would also force them to provide funds to defray expenses for future years.

I believe that the function of government is to provide essential public services required for the present general welfare of its citizens. I am not opposed to establishing reasonable reserve funds if such funds are designated to meet specific anticipated community needs. For example, I did not veto the establishment of a reserve fund for expenditures associated with the education of educationally handicapped children. I believe that the bill responsibly addressed a particular problem in a constructive manner. It is general reserve fund appropriations that cannot be permitted.

The State of New Hampshire has long recognized that current operating and maintenance expenses should be financed by currently available resources. We have historically required that budgets should be balanced annually only in amounts sufficient to provide the funds necessary to achieve that purpose. This method of financing local governmental operations has proven to be effective over the years.

I would encourage the Legislature to continue to impose reasonable restrictions on the purposes and amounts for which local governments may exact taxes against their constituents. The taxpayers of our State deserve such fundamental fairness.

Sincerely,
John H. Sununu, Governor

Rep. Spirou moved that further consideration of the veto message on HB 328 be made a Special Order for Tuesday, June 28, at 10:03 a.m.

Adopted.

UNANIMOUS CONSENT

Rep. Benton addressed the House by unanimous consent.

A FAREWELL MESSAGE FROM THE GREAT MEN ON THE WALL

For many years now we've looked down on
this hall
And we've come to admire all who here
dwell
The time grows short till the final gavel
We are sad that this means farewell.

Some of you come and remain a short time,
While others we've been friends with for
long
The Reps. and the Dems. and the ladies
in slacks,
May you all return to this hall.

We will miss you all, this is for sure,
Even those who loud and long orate,

For we know that you all have one thing
in common,
Devotion and love for the Granite State.

To greet you, and those who follow
Here we remain evermore,
We'll continue in silence to listen and
watch
The actions of our friends down on the
floor.

When you've pressed the green button and
stand adjourned
And you're making your last farewells,
Glance up at us for one last time,
Our lips are still, but our eyes say to
you all,
Godspeed friends, and a safe return
From your admirers high on the wall.

Rep. Chase moved that Rep. Benton's
remarks be printed in the Journal.
Adopted.

Rep. Rounds moved that the House now
adjourn from the early session, that the
business of the late session be in order at
the present time, that the reading of bills
be by title only and resolutions by caption
only and that all bills ordered to third
reading be read a third time by this
resolution, and that all titles of bills be
the same as adopted, and that they be passed
at the present time, and when the House
adjourn today it be to meet Tuesday, June
28, at 10:00 a.m.

Adopted.

Adopted by the necessary two-thirds.

COMMITTEE REPORT

HR 37, relative to the impact of acid rain in New Hampshire. Ought to Pass with Amendment.

The Committee unanimously (16-0) approved this resolution as amended. This reinforces the statement made by the House in 1981 when it passed HR 38 by a vote of 273-5. Whereas, in 1981, House Resolution No. 38, recognizing the impact of acid rain in New Hampshire, was passed by the House of Representatives by a vote of 273 to 5; and

Whereas, the citizens of New Hampshire expressed their concern over acid rain this past spring by passing at 197 of 221 town meetings a resolution calling for a substantial reduction in sulfur dioxide emissions and conclusion of an acid rain treaty with Canada; now, therefore be it

Amend the resolution by striking out the first paragraph after the resolving clause and inserting in place thereof the following:

That the appropriate agencies of state and federal government are strongly encouraged to continue research into the cause and effects of acid rain, and alternative techniques for its reduction, in New Hampshire and New England, including its economic impact; and

Amend RSA 204-C:22, II as inserted by section 11 of the bill by striking out same and inserting in place thereof the following:

II. Such mortgagor's equity shall remain constant as long as the authority's mortgage shall be outstanding.

VETO MESSAGE ON HB 237

To the Honorable Members of the General Court

I hereby veto House Bill 237, relative to employment termination.

This bill would require any employer who is so requested to state in writing the reasons the employee is being terminated. This bill applies to employers in both the private and public sector and unreasonably restricts their prerogatives in dealing with difficult employment situations.

The entire burden in this bill is placed on the employer to specify and then defend

his or her decision to terminate--even during a critical probationary period. Employees will certainly challenge the written statement provided and the statement may even subject the employer to civil liability arising out of the reason stated.

As school districts are well aware, the probationary period of employment is a critical element in properly managing and administering the quality of education. This is similarly true in countless other occupational areas and this bill destroys the concept of a trial period of employment and thereby creates many more problems than it attempts to solve.

I have stated publicly on numerous occasions that I believe this state has a healthy employee-employer environment that produces fine results for the benefit of the economy in our state. This bill clearly upsets this delicate balance and will cause considerable problems for both managers and the working men and women of our state.

John H. Sununu, Governor

Question being, notwithstanding the Governor's veto, shall HB 237 pass.

Rep. Murphy spoke in favor.

Rep. Robert Hawkins spoke in favor and yielded to questions.

VETO MESSAGE ON HB 265

To the Honorable Members of the General Court

After considerable deliberation and discussion, I have decided to veto House Bill 265, a bill which limits the grounds for the evictions of tenants from rental units and eliminates the appeals to the Superior Court in landlord/tenant cases. I veto this bill because I believe it unreasonably restricts both the rights of tenants and the rights of property owners.

In the case of property owners, this bill attempts to remove New Hampshire from the overwhelming majority of states which rely on broad, common-law provisions governing the eviction of tenants from rental units. This legislation insists that a landlord evict a tenant only when the landlord can specifically state that the reason for eviction is one of the enumerated reasons listed in the bill. If the landlord has any other reason for wishing to evict an unwanted tenant, he must provide notice in writing and then wait a full year before any action may be taken.

While I am sure considerable attention was paid by responsible legislators to providing the list of reasons for termination of a tenancy, the bill specifies that an owner of property may terminate such a tenancy "only for one of the following reasons." This not only establishes an unreasonable restraint upon the contractual rights of the parties, but it also places a significant burden of proof on the property owner to prove in court the specific reason for termination. Anyone who has participated in a landlord/tenant court recognizes the unreality of attempting to bring tenants into court to testify against tenants, forcing the elderly to appear in court to testify as witnesses, and the other problems associated with the clogged and cumbersome landlord/tenant judicial process.

Finally, I am troubled that in an effort to establish a list that will limit the grounds for evictions, tenants under this bill have given up an important right in their search for equal justice under law. This bill eliminates the right of a tenant who believes that he has been denied due process of law from appealing the judgment of a District or Municipal Court to the Superior Court for a jury trial. Under this bill, an individual under no circumstances would be permitted to have a jury trial since the only appeal possible would be to the New Hampshire Supreme Court. I believe that tenants under certain circumstances should be permitted to have a de novo trial by a jury of their peers.

I am cognizant of the time spent in attempting to provide responsible legislation in this important area, and I am disappointed that this specific bill fails to meet several critical criteria and must, therefore, be vetoed. I am willing to work with both tenant groups and property owners in drafting legislation to achieve an equitable result in this important area.

John H. Sununu, Governor

Question being, notwithstanding the Governor's veto, shall HB 265 pass.

Reps. Pressly, Lynde, Wayne King and Spirou spoke in favor.

Reps. Vecchione, Vartanian and Ahlgren spoke against.

Reps. Michael King and Quimby spoke in favor and yielded to questions.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

VETO MESSAGE ON HB 526

To the Honorable Members of the General Court

I hereby veto House Bill 526 relative to energy conservation in new building construction. While I am sure this bill was well-intentioned, I believe that the language of the legislation creates bureaucratic confusion and dilutes important decision-making authority.

Under present law, the Council on Energy has the overall responsibility to review and approve state plans relative to certain conservation measures and construction standards for any new construction in the state. Further, the present energy code primarily governs the conduct of architects, engineers, general contractors, and builders and the use of all energy which may be utilized in new construction projects including oil, propane, solar and photovoltaics.

The Energy Office is at the forefront of all innovations in the energy field that could affect the Granite State. Not only does this office have accurate, up-to-date information on the rapidly changing developments in this field, and it has already undertaken efforts to assume strict compliance with energy codes that provide standards for new construction.

This bill would remove all these activities from the Energy Office and place them within the jurisdiction of the already over-burdened Public Utilities Commission. The Public Utilities Commission should not be saddled with a function that can be more adequately administered by an agency which has already proven itself in this area. I do not believe that the utility rate payers should be expected to pay the cost of administering these unnecessary changes to the energy code at this time when energy costs are a recurring problem to the consumer.

VETO MESSAGE ON HB 618

To the Honorable Members of the General Court

I hereby veto House Bill 618, a bill requiring binding arbitration to resolve labor disagreements involving police and fire employees in any city with a population more than 80,000. I believe that enactment of this legislation would remove from the elected officials of the affected cities a critical element in establishing their budgets. It is clearly the beginning of the end of local control over labor matters of this type.

Enactment of this legislation would mean that the local tax rate in the affected cities could be established by out-of-state arbitrators. Since there is no appeal from this procedure, local officials could never determine in advance the amount needed to balance their budget. This would mean that the voters in the affected cities would have no control over this major cost item which will adversely affect the tax structure in that community. For example, when the City of Oakland, California attempted similar binding arbitration for firefighters in 1975 the arbitrator ordered the City to reinstate 36 positions which had been reduced during a

government reorganization project. The arbitrator further ordered the City to reduce the work period by 4 hours for these positions and ordered the City to hire 66 additional firefighters to absorb the workload. The cost of this arbitrator's decision was \$3,000,000. Arlington, Massachusetts had a similar experience when arbitrators awarded police officers and firefighters increases totalling \$365,000 more than had been appropriated for salary increases in the 1976 town meeting.

A binding arbitration decision in Hartford, Connecticut cost the City of Hartford over \$1,000,000 and the compulsory binding arbitration law was eventually declared unconstitutional by Judge Joseph H. Goldberg, of the Hartford Superior Court. His decision held that the binding arbitration law improperly delegated power to determine contracts to an arbitration panel which was not politically accountable to the elected officials or taxpayers of the state. I agree with that decision.

I believe that the local taxpayers and the local officials of our state should have ultimate authority on this important issue. I urge legislators to maintain this local option. Once the door has been opened, I am convinced that other cities and eventually all New Hampshire communities will face similar binding arbitration proposals.

VETO MESSAGE ON HB 783

To the Honorable Members of the General Court

I hereby veto House Bill 783, a bill which seeks to change the make-up of the State Negotiating Committee and the manner in which cost items may be treated within a negotiated agreement.

Currently, New Hampshire law provides that cost items of a negotiated agreement between the state and state employees may be accepted, rejected or modified by the legislative body. RSA 276-A:3, 11(b) I believe that this provision, which permits the General Court to modify cost items as well as merely accepting or rejecting them, gives the legislature latitude which is necessary in coming to a appropriate determination. Under HB 783 the General Court loses the modification provision and the legislature is forced either to accept or reject the entire cost item package.

I believe that this position unnecessarily limits the legislature in exercising its responsible judgment and in expediting the final cost package in any negotiated agreement.

Under the language of this bill, if the cost package is rejected, bipartisan legislative leaders become members of the negotiating committee. Current law already provides for a Joint Committee on Employee Relations composed of the legislative leadership of the House and Senate. This Committee has the authority to meet with the State Negotiating Committee and to discuss the state's objectives in the bargaining process.

I believe that the provisions of HB 783 will actually set back the timetable of the negotiating process. By the time any negotiated package is presented to the General Court 5 months of negotiations have already occurred. In my opinion it is unlikely that there will be unanimity of agreement on a bipartisan committee given the extensive workload of legislative leaders during a session on other matters. This delay could be most harmful to the process.

I believe that passage of HB 783 will dilute the negotiation process and both the state and state employees will suffer.

John H. Sununu, Governor

VETO MESSAGE ON HB 512

To the Honorable Members of the General Court

I hereby veto House Bill 512, a bill changing the definition of "sending district" for purposes of funding handicapped children's special education programs. This is a difficult and important area of the law, and I believe that statutes must be clear and concise as well as fair and equitable. House Bill 512 does not meet that standard.

Currently, the law defines residence for handicapped children and provides financial relief to school districts with group homes that house a large number of handicapped, foster children. The "receiving district" where a group home is located is entitled to reimbursement from the "sending district" for certain special education costs. The law defines "sending district" for children who are in the legal custody of the New Hampshire Division of Welfare, as the district where the child last "resided"

outside of a foster home, group home health care facility or State Institution.

In contrast to the above, House Bill 512 changes the definition of residence and makes the definition of the term "resided" a subjective definition. Under HB 512, the term "residence" would depend upon the intent of the parents to remain in a district permanently or for the foreseeable future. This change, if enacted, would make it difficult, if not impossible, for receiving districts to identify sending districts. Three examples of potential difficulties come to mind.

First, a situation could occur in which the parents of a handicapped child are living with the child in a community where they do not intend to remain for the indefinite future. This child would not be a bona fide resident and since some parents of handicapped children suffer from the same disability as the child in question, the intent needed for permanent residency could be further confused. Second, the question of parental intent to remain for the foreseeable future is placed in jeopardy in those cases where a court places a child on a temporary basis with a relative. Third, uncertainty will exist in those cases where a court grants an adoption petition stating that the adoption is temporary for a one-year period and thereafter becomes permanent.

I am convinced that enormous legal fees will be generated attempting to determine these definitions in the specific instances cited above.

History confirms that a subjective definition of such terms is unworkable. In 1955, a similar cost-shifting mechanism was established for students in foster homes. That statute gave a host district the right of reimbursement from the district where the child was last "domiciled" before entering the foster home. In 1971, these sections of law had to be deleted because it was so difficult to determine the domicile of a child who came from a broken home.

Finally, the New Hampshire Supreme Court currently has before it a case entitled Leahy v. Brunelle, which will define the term "resided" as found in RSA 193:27 IV. Extensive briefs have been presented by the parties in this case concerning objective as opposed to subjective definitions of residence. I believe that the Supreme Court should be permitted to render its determination on this matter and thereby establish a definition which will enable receiving districts to identify sending districts with a minimum of administrative time, bureaucratic decision making, and legal expense.

Question being, notwithstanding the Governor's veto, shall HB 512 pass.

VETO MESSAGE ON SB 156

To the Honorable Members of the General Court

I hereby veto Senate Bill 156, a bill which purports to establish an incentive program to attract out-of-state students to New Hampshire's public and private post-secondary educational institutions.

I am vetoing this bill because this legislation, in effect, establishes an unfunded mandate on the post-secondary educational system in our state to carry out a program to attract out-of-state students without any appropriation therefor. The bill appropriates the sum of one dollar for Fiscal Year 1983, and the sum of one dollar for Fiscal Year 1984 to fund the activities of the Post-Secondary Education Commission in carrying out the mandate of this legislation.

I have stated on numerous occasions that I believe the overriding concern for

post-secondary institutions in our state is providing quality education to the sons and daughters of New Hampshire residents. I am, of course, aware that our state receives significant sums of money from out-of-state students who attend our educational institutions. I cannot, however, sign into law a bill which purports to provide an incentive for attracting these out-of-state students to our state and then makes no appropriation whatsoever for doing so. I believe that qualified, out-of-state students will be attracted to New Hampshire's post-secondary educational institutions without the efforts of committees and bureaucracies, however well-intentioned, and that as a state we should turn our attention to the quality of education at the post-secondary level and for spending sums appropriated in a manner that provides for that quality education.

I ask that you all join me in refusing to legislate this unfunded mandate.

John H. Sununu, Governor

Question being, notwithstanding the Governor's veto, shall SB 156 pass.

Reps. William Riley, Scranton, William Boucher and Sackett spoke in favor.

Rep. French moved the previous question. Sufficiently seconded. Adopted.

Rep. Ingram addressed the House by unanimous consent.

Mr. Speaker and members of this House, I don't mean to brag but I have had three terms of perfect attendance. But this is possibly the last time I'll be in this beautiful, noble chamber.

I wish to thank the Speaker for his kindness and courtesy and patience with me. I think he is the best Speaker ever. With his dignity and good humor he presides evenly and fairly for which we should all be very grateful. It has been a privilege to serve under him. I wish to thank the members of the House for their kindness and friendliness to me. I love you all.

If I am not here next session I would like someone to introduce a resolution or a

bill to have the Star Spangled Banner added to the House's opening ceremony every morning. Since we are different in many ways, such as having more women than any other legislative body in the world, let us be the first to have this country's anthem sung at the opening of every session. I thank you.
