Open Access Mandate

LJMU supports the principle that the outcomes of research should be made available as widely as possible via the Open Access publishing model.

The full text of research outputs should be uploaded via the Symplectic Research Publications Database as close to publication as possible, in accordance with publishers' terms and conditions for Open Access publishing.

LJMU requires all researchers to deposit the full text of peer-reviewed journal articles and conference proceedings with an ISSN, subject to copyright provisions, in the institutional repository, LJMU Research Online.

Deposit of other full text research outputs is supported and encouraged. Where possible, the refereed or peer-reviewed version should be deposited.

The mandate applies to items accepted for publication after 7th October 2014.

Full repository policies are available at *LJMU Research Online:*

The mandate is endorsed by the University Research and Scholarship Committee.
