Ursinus Directors Confer at Meeting

Activities of College Reviewed in Reports of Treasurer, President, Dean

FACULTY MEMBERS PROMOTED

At the fall meeting of the Board of Directors of Ursinus College held at the College, Tuesday, November 27, a complete review of the activities of the institution during the past year was presented in the annual report of the dean, the treasurer, the president, and various committees.

Dean Kline reported the largest freshman class by one member ever admitted to the College. In 1926 the freshman class numbered 172 while this year's class numbers 173. However, in 1926, ten students were admitted to advanced standing while this year there were only 9 such students so that the total number of new students admitted in 1926 and 1934 were the same. The total enrollment this year was 466, an increase of five per cent over that of last year. The groups making the largest gains are the Chemistry-Biology and the History-Social Science groups—a perfectly normal development, considering the great interest prevailing at the present time in the natural and social sciences.

Pennsylvania Leads Enrollment

Pennsylvania leads in the enrollments with 388. New Jersey follows with 66. The Pennsylvania counties leading are: Montgomery, 137; Philadelphia, 59; York, 23; Schuylkill, 22; Chester, 21; and Berks, 20. There are 104 day students.

Of the religious bodies represented, the Evangelical and Reformed Church leads with 107. Other denominations having large representations are: Lutheran, 79; Presbyterian, 60, and Methodist, 53. In all, twenty different denominations are included in the present student body.

Departments Show Balance

The treasurer presented the balance sheet and supporting schedules given in the report of the auditor, William Henry McDade of Philadelphia. The report shows assets of \$2,768,140.42. All departments of the institution showed balances in the current operation except the farm. It is recognized, however, that this department carries a deficit which, if the department were abandoned, would have to be shouldered by other departments. An impending deficit in the current business of the institution as a whole was averted through economical management and by gifts aggregating nearly \$16,000. These contributions and those for capital accounts together amounted to \$22,880.36. These gifts came from hundreds of individuals and are regarded by the Board as a fine showing for a depression year. The budget for 1934-1935 of \$377,277 was adopted.

President Presents Activities Picture

The president in his report aimed to give the directors a picture of the institution as seen from the inside. He dwelt on the activities of the faculty, the plan for securing organic connection of the work in major courses throughout the four years and the tests to be applied in comprehensive examinations, the revision of requirements for admission and graduation, the determination with which the advanced position of the College has been maintained in spite of the recession which education in general has been made to suffer, the improvements and additions made to the equipment, and the support of the institution on the part of its friends. He also presented a retirement plan for consideration but not for action at this meeting.

An addition to the faculty was (Continued on page 4)

CHRISTMAS SEALS

The sale of Christmas seals on the campus has been placed by the Tuberculosis Society in the hands of Miss Helen M. Moll, Resident Nurse. Seals may be purchased from her at the Dispensary from now until the Christmas recess.

Dr. Fred B. Smith to Address Student Body

New York Minister, Author to Talk in Chapel Tuesday

SPEAKER PREACHED IN LONDON

Dr. Fred B. Smith of New York City will speak in chapel on December 4, at eleven o'clock. His subject will be "An Educated Man and Internationalism." Dr. Smith is connected with Ursinus College in that here he received his Doctor of Laws degree.

At the present time, Dr. Smith is chairman of the executive committee of the World Alliance for International Friendship Through the Churches, a position he has held since 1926. Under his leadership, this movement has had a far reaching effect on American life.

Early in 1927 he went to London especially to preach for several Sundays in the historic City Temple, while Dr. Fred B. Norwood was engaged in his extended crusade for peace in the British Isles.

For ten years, during the earlier part of his career, Dr. Smith was associated with the Johns-Manville Company.

In 1923 he organized the Citizens Movement, which rallied to the support of the Eighteenth Amendment and the Volstead Act. In connection with the World Alliance Movement, he has visited Europe practically every year, and in 1921-22 made a tour of the world, conducting conferences and conventions in the interest of international friendship.

Throughout his life the speaker has been associated with evangelistic work, and in 1910 he was the originator and leader in "The Men and Religion Forward Movement". Of the several books he has written, among the best known are: "Men Wanted", "In the Trail of the Peacemaker", and "Must We Have War?"

DEBATING FRATERNITY PLANS TO INITIATE NEW MEMBERS

Harbaugh, Schmidt, Straub to Join Honorary Organization

The local chapter of Tau Kappa Alpha, national honorary forensic fraternity, made plans for the initiation of several new members at its first meeting of the year, Monday, November 26.

Two men, E. Kermit Harbaugh '36, and Clyde Straub '35, members of last year's debating team, were given bids. The third man to be initiated this fall is Elmer Schmidt '36, who joined the organization last spring, but was unable to attend the initiation ceremonies held at the Spring Mountain House in May.

The following committees have been appointed by Jesse Heiges '35, (Continued on page 4)

DR. MAUCHLY TO SPEAK AT HALL CHEMICAL SOCIETY MEET

A talk by Dr. J. W. Mauchly, head of the physics department, on the subject, "Electrical Discharges Through Gases", will be the feature of the meeting of the Hall Chemical Society to be held on Monday, December 10.

The speaker, in this address, will present a picture of neon science and the phenomena which takes place when an electrical charge is sent through gas. During the course of the talk, Dr. Mauchly will perform several experiments to illustrate different points.

Club members as well as anyone interested are invited to attend.

Dr. Jesse Heiges Added to Faculty

Ursinus Honor Graduate of 1898 Elected by Directors to Education Department

INSTRUCTOR IS FORMER DEAN

Dr. Jesse Shearer Heiges, who on last Tuesday was elected Associate Professor of Education by the Board of Directors of Ursinus College, was graduated from Ursinus with honors in 1898. He subsequently pursued graduate studies in education at New York University and took his M. A. degree from that institution. On account of his professional attainments his Alma Mater conferred upon him in 1923 the honorary degree of Doctor of Pedagogy.

Upon completing his college course Dr. Heiges became a teacher in the public schools of Harrisburg, Pa., but was soon called to the then State Normal School at Shippensburg from which institution he had graduated before coming to college. Here he spent his entire teaching career up to the present. In 1911 he was made dean and took a large part in elevating the school to the rank of a teachers college several years ago.

Dr. Heiges is a thoroughly trained professional educator and bears the respect of thousands of teachers whom he has been instrumental in preparing for their life work. It is expected that at Ursinus his work will be along the same line. He will devote his service not only to co-operating with the present men of the department in giving training to prospective teachers, but will assist them in getting started on their teaching careers.

Ursinus Students To Attend Conference At Gettysburg

Dr. Daniel Poling and Dr. Chappel to Speak at Y. M. C. A. Conclave

A delegation of six Ursinus students, members of the local Y. M. C. A., will motor on Friday, December 7, to Gettysburg College, where there is being held on December 7, 8, 9, a Student-Faculty Conference under the auspices of the Pennsylvania State Student Council of State Young Men's Christian Associations.

The conclave, to be attended by representatives from most of the college Y. M. Associations in Pennsylvania, will have for its central theme the ultimatum "Christ or Chaos." It will be featured by talks given by Dr. Daniel A. Poling, Christian youth leader, and Dr. Merlyn A. Chappel, a student of the practical aspects of international misunderstanding.

Over the three day period will be held group discussions on vital present day questions, and an open forum with Dr. Poling presiding. There will be in addition a good fellowship meeting featuring college yells, a conference banquet at the Gettysburg Hotel, and a trip over the Gettysburg battlefield.

The delegations will have the privilege of hearing the Lincoln University colored quartette, and of seeing without charge the 1933 Pulitzer Prize play, "Both of Your Houses," to be presented by the Gettysburg Owl and Nightingale Club.

The following people constitute the Ursinus delegation: Gilbert Bartholomew '35, William Tempest '35, Robert MacLaughlin '36, Paul Shelley '36, Eugene Shelley '37, Lester Brown '38. Mr. Bartholomew is a member of the Conference Publicity Committee.

Socialized Medicine To Be Topic

"Resolved, that Pennsylvania should adopt a system of socialized medicine" is the subject to be debated at the meeting of the Women's Debating Club, to be held this evening.

The affirmative side of the question will be upheld by Marion Kern '35, Dorothy Barr '35, and Mildred Olp '37, Doris Snellinger '37, Kathleen Black '37, and Jane Stephen '35, will defend the negative side. This is one of the questions suggested for intercollegiate debating at the convention in Harrisburg early this fall.

Grizzlies Close Grid Season With Win Over Albright in Turkey Day Battle at Reading

Bassler and Lamore Score for Bears in First and Second Periods; Kepler Crosses Stripe for Lions

1935 Winter Schedules Released by Johnson

Wrestling Schedule Changed; Basketball Smaller

FROSH PLAY NINE CONTESTS

R. C. Johnson, Director of Athletics, has released for publication the schedules for the 1935 winter sports: wrestling, varsity basketball, and freshman basketball.

The varsity courtmen will open their season on January 5 against St. Joe's in Philadelphia, the only non-conference game on the schedule. Their schedule, closing on March 6, comprises 13 games; the only change from last year is that Villanova is not played. Practice will begin early this week, under the eye of Coach Chase.

After opening their season on January 12 with the Wyomissing Polytechnic Institute, a newcomer on their schedule, the frosh quintet will play eight other contests.

Haverford and Johns Hopkins take the places of Brooklyn Polytechnic and Rutgers on the varsity wrestling schedule, which comprises eight matches. Three of the meets, all on successive Saturdays in February, will take place in Collegeville.

Freshmen Basketball Schedule

Jan. 12—Wyomissing Pol. Ins., home
Feb. 1—Wyoming Sem., home
Feb. 5—Drexel Freshmen, away
Feb. 13—Villanova Freshmen, home
Feb. 20—Perkiomen Prep., home
Feb. 23—Hill School, away
Feb. 27—Drexel Freshmen, home
Mar. 6—Perkiomen Prep., away
Mar. 9—Wyoming Sem., away.

Wrestling Schedule

Jan. 12—(Pending), away
Jan. 19—Univ. of Penn., away
Feb. 6—Haverford, away
Feb. 9—Johns Hopkins, home
Feb. 16—Temple, home
Feb. 23—Gettysburg, home
Feb. 27—Lafayette, away
Mar. 2—F. and M., away.

STUDENT COUNCIL APPROVES CONSTITUTIONAL CHANGES

Proposed Changes To Be Submitted To Male Student Assembly

Action was taken upon the amendments to the constitution of the Men's Student Assembly at the last meeting of the Council, held on Tuesday, November 27. All amendments were passed, and will be put up to the Assembly for the final vote next week.

The amendments, which were formulated by a committee composed of Charles George '35, and Camille Kurtz '35, provide for three changes. Hereafter, the freshmen member of the Council will be elected immediately after Thanksgiving vacation and will have a vote and full power to introduce legislation. Other changes include the election of the president of the Council by the entire Men's Assembly, and the reduction of the

(Continued on page 4)

DEBATING CLUB DISCUSSES OPTIONAL CLASS ATTENDANCE

By a majority vote taken at its meeting last Monday evening, the Webster Forensic Club adopted a resolution to the effect that attendance at classes should be made optional for all students not on the ineligible list. This decision was arrived at after a lengthy debate participated in by all members of the club. H. Allen Cooper '35, served as chairman for the discussion.

"Resolved, that fraternities do more harm than good" will be argued by members of the club at this evening's meeting. The president, Jesse Heiges '35, has appointed Thomas Beddow '36, to act as chairman for the debate. At the following meeting on December 17, the munitions and socialized medicine questions will be discussed.

Jack McAvoy's Bears rolled down the curtain on their current grid season Saturday when they trounced the Albright Lions by a 13-7 count on a rain-soaked field. The Bears tallied in the first and second periods, while the Smithmen secured their lone touchdown in the second.

Battling ankle deep in the mire and through a driving rain, the alert Grizzlies gathered a six-point lead in the first half, and protected that margin through the educated toe of Vincent Bonkoski, sophomore halfback. A crowd of 2500 fans, defying the inclement weather, witnessed a fray that was especially fast-moving considering the sloppy playing conditions.

Grizzlies End 3-3-3 Season

With this victory, the McAvoy charges ended their season with a 3-3-3 record, victories being chalked up against Penn. F. and M., and Albright. The Bears' losses include the St. Joe's upset, the Villanova rout, and the closely contested Gettysburg fray. Tied games were played with Dickinson, Muhlenberg, and Drexel.

Bears Score First

It didn't take the Bears long to chalk up their initial touchdown. In the first few minutes Fittipaldi fumbled a punt and Johnson recovered for Ursinus on the Lions' 20. A pass, Price to Johnson, netted seven. Bassler made it first down through the line. With Price carrying the ball, Ursinus tore through the Lions' forward wall to the one-foot mark. Bassler plunged across, and Bonkoski kicked the extra point.

Albright Penalized

Penalties for offside play took the ball into Albright territory near the close of the first period. Price continued his line bucking and swept to the Lions' 12. On the initial play of the second quarter, Price passed to Lamore, who caught the ball on the one-yard mark and stepped across for the tally. Bonkoski's boot was wide of the posts.

Albright crashed through for a touchdown in the second period. In an exchange of kicks, Price fumbled one of Gass' punts on his own 24 and Woods recovered for the Lions. When two line plays gained only a few yards, Woods passed to Hepler on the Ursinus 11. Woods hit the middle for one, but Albright was penalized five for offside. Woods heaved another aerial into Sutcliffe's paws for a seven-yard gain. Woods sliced off three in two cracks at the line and then Hepler went over from the one-foot stripe. Gass converted with a place boot.

Bears on One-Foot Mark

The Lions were in a tight spot in the third period when Bassman got in the way of a Woods aerial on Albright's 15. A plunge and a pass Price to Johnson, put the oval on Albright's three. Price lunged into the Lions' forward twice without gain. Bassler carted the pigskin to the one-foot mark, but the Bears were offside and the ball went back five. Hepler batted down Price's desperate pass and Albright took the ball on downs as the period ended.

Felty, replacing Gass as the kicker as the final quarter opened, got off (Continued on page 4)

Editorial Comment

WHAT MORE?

"I don't like the council, because all it does is terrorize freshmen." "It's a good thing to have a student council, because when trouble arises it won't be so hard on the students as the faculty would be." Without attempting to deal with such trivial arguments, raised by the letter printed last week, we merely say that the discussion caused is a healthful one and should bring fruitful results.

We have only one question to bring up: In what specific ways should the Council take more action than it now does?

In addition to sponsoring a dance and enforcing penalties for the violation of freshman rules, it has: 1. made two checkups during freshman study hours; 2. investigated a freshman's departure from college; 3. appointed three men in Curtis hall to reduce noise and breakage; 4. taken action in the Drexel affair; 5. made a special effort to keep students off the grass; 6. "cleaned up" following the pajama parade; 7. attempted to reduce food-throwing in the dining room. 8. undertaken by its own volition a revision of rules to increase interest and to decrease politics in council elections.

The council has taken action, formally and informally, whenever a definite need was evident. It undoubtedly would be glad to receive constructive suggestions, by letter in the *Weekly* or otherwise, concerning additional matters with which the students of the College wish it to deal.

THE MILK IS SPILLED

At the end of another grid season, at the time when every college points with pride or disappointment to the successes or failures of its team, let us pause a moment to consider what our own grid warriors have done and left undone.

When the Bears administered a 7-6 upset whipping to Penn, football fans far and wide sat up and took notice. They were due for a surprise of a different kind next Saturday when the Grizzlies came out on the wrong end of an upset score in the game with St. Josephs. They were set to guessing the following weekend when Ursinus downed the powerful unbeaten Nevonian eleven. They continued to guess as the highly-touted McAvoy team was held to tie scores by Drexel, Muhlenberg and Dickinson, teams with records not especially startling. The G-burg Bullets decided the question for many people when they were one touchdown better than the Grizzlies. The victories over Penn and F. and M. were only lucky breaks. The question is, were they right?

We can safely answer that question in the negative, but it is much more difficult to say why the Bears went down into their midseason slump. It cannot be said that the Ursinus team was not well coached nor again that it loafed on the job. There is more truth in the opinion that student support was not what it should have been. Even if the loss to St. Josephs was the result of somewhat enlarged craniums, as some claim, that was no reason for the student body to get disgusted and lie down on the job. When support was needed most, it was most conspicuous by its absence. A team to be successful must be stimulated and urged on from the beginning of the season to the end.

Perhaps Ursinus should have won the Conference but she didn't, so why moan about it. Our season was not a failure by any stretch of the imagination. Insofar as the team did not do what they might have, it was as much the fault of the students as that of the team. Let us look forward to a better season next year and stick back of the team 100 per cent regardless of what happens.

GRIZZLY GLEANINGS

Much fluttering of the noble hearts of the inmates of Derr hall was evident from the time that said inmates got a sniffing that the lassies from South were preparing a column commonly known as "Gaff" in this very paper last week. But all fluttering and palpitations ceased abruptly when the column appeared in print—absolutely devoid of the reported scandalous articles which the master minds had created. The shock was terrific, and the remark was heard among the Derr hall inmates: "They're just trying to be cagey. They want us to wish them a Merry Xmas next issue and ask 'em to the senior ball."

But gentlemen, you are all wrong. The reason for the blank column is a dark and mysterious affair, and never will any of us commoners know what passed in those long secret sessions in South, debating "whether to print or not to print." Half the hall, it seems, waved the red flag of revenge and voted for the printed scandal. The other half, plus the two stuffed dogs in room 2 second floor, waved the black and blue flag of reconciliation with the yellow ball in the center and cried in unison, "No,

no, we cannot antagonize noble Derr. Who will buy our ice cream sodas if we anger them?"

After a bit of important tongue-wagging, the two wearied factions signed a truce, wished Derr a Happy Thanksgiving, and agreed to save the scandal articles for future date.

GAFF from the GRIZZLY

So you won't talk, South?

Introducing to our Gaff readers, "Peter Orwig", "Oliver", "Vulture", "Pee Wee", J. Wellington "Wimpy" Jones" Garrett.

"I'd rather be called 'Chocky' than 'one cell'", says Charley Dresch, "because my girl calls me that."

While commenting on the Bear-Bullet fray, Miss Peggy Chase, Bear line coach, stated that she believed her Grizzlies were "sitting down" on her.

Since the *Weekly* needs copy for this issue, we might as well mention that Rappoport has been elected (by himself) captain of the Stine hall chess team.

The Tower Window

IN forty countries throughout the world besides our own letters and mail parcels will bear during the next few weeks, the attractive little Christmas seals which mean millions of dollars for the war against tuberculosis. The seals of different countries vary in design but all bear the international

emblem of the anti-tuberculosis campaign—the double barred cross. The American Christmas seal this year bears the picture of a cottage in a setting of snow and pine trees and commemorates the work of Dr. Edward Livingston Trudeau who, fifty years ago, in a small sanatorium like the one depicted began the scientific treatment of this disease from which he rescued himself, in the region of Saranac Lake in the Adirondack mountains.

In other countries Christmas seals are issued by the millions but in the United States they are issued by the billions. The idea was originated by Einar Holboell, a mail carrier in Denmark in 1904. By 1907 it had reached America and from that year onward has increased mightily and with it has proceeded the eradication of tuberculosis. In recent years the number of deaths in the United States from this disease has been cut in half, and yet it still ranks first as the cause of death to persons between the ages eighteen and forty. Through scientific treatment, the use of sanatoria, hospitals and dispensaries, and especially through a better knowledge of prevention many thousands of persons are annually delivered from this dread enemy of health and happiness.

The war on tuberculosis is financed almost solely through the sale of Christmas seals. President Roosevelt has pointed out that by wise arrangement responsibility for the sale of these seals is a local one and the money secured is spent locally for the residents of each city, town, or county. The sale here is being conducted by the Montgomery County Tuberculosis and Public Health Society and the proceeds are used for the prevention and cure of tuberculosis in this county.

G. L. O.

THE MAIL BOX

To the Editor of the Weekly:

The appearance of Mr. Shelley's letter in the last issue of the *Weekly* undoubtedly calls for an answer. Mr. Shelley has presented one side of the situation very nicely, and he is to be commended for his action and his interest. However, I believe that since he has shown only one side, the other should likewise be presented.

Mr. Shelley states that "the Student Council does not carry out any voiced will of the campus". I believe, on the contrary, that the Council does do this to the best of its ability. By this statement, I have probably admitted that we have "won only scorn and disdain". If that be the case, I believe it casts a reflection upon the students and not upon the Council since students who would hold such opinions rather than attempt to remedy the evil are the ones at fault.

In regard to activities, I believe that Mr. Shelley is misinformed. Actions taken on freshmen cases are the most numerous and most noticeable, and naturally so. However, they are not the only activities nor the important ones. The Council handles them as a duty since the general student opinion seems to be in favor of them. In addition it carries out, in its opinion, the purposes of the Council as stated in the constitution, which I do not have room to discuss here. It sponsors several social activities, one a dance at the beginning of the year to furnish finances for the coming season, and others at times when they appear desirable and with as little cost to the students as possible. It might be noted that these activities are sponsored when no other organization comes forward to do so as in the case of the recent Hallowe'en party. It also makes band awards each year at considerable expense, a practice which, it must be admitted, has improved the band.

I believe Mr. Shelley is to be commended on his letter since his pur-

A NEW ERA IN SCIENCE

By Professor J. Harold Brownback

Mergers in the business world are well known, coalitions among well-defined branches of science are not clearly understood, for this reason, the recent union of biology and psychology, known as psychobiology, should deserve our serious consideration. Far-reaching and devastating has been the effect of preconceptions, inadequately founded beliefs and superstitions relative to the types and conditions of mind among the higher vertebrates, the primates and especially man. Century after century the irrational statement: "man is rational, brute, instinctive" has permeated our educational concept. Following a series of scientifically sound experiments performed not alone upon man, but closely related and widely removed phylogenetic forms, the psychobiologists substitutes the statement: Every living organism, by virtue of inherited structures and developmental tendencies, is instinctive and also in varying degrees capable of individual adaptations which are more or less definitely intelligent.

Our ability to survive and thereby coordinate with the physical, chemical and social environments has been approached in an unbiased scientific manner, clearly indicating that genetical and evolutionary relationship exists between more primitive and less primitive forms, especially noteworthy is the close agreement between mental and racial evolution.

Certain psychobiological phenomena of major importance, stand as criteria upon which individual and mental development are based. They include: (1) the psychobiological relation of organism to environment through the senses; (2) behavioral adaptivity, or the adjustment of the organism to environmental conditions, either blindly "trial and error", with insight or with foresight, these organic phenomena are distinctly psychobiological; (3) ideational processes, creative effort, adaptation through modification of the environment instead of self-adjustment, phenomena definitely related with the human specie and primates in general; (4) the use of symbols, development of language, the acquisition of speech; (5) inherited tendencies of a reactive and responsive nature, emotion, sentiments and ideals and finally, social relations and experience, organization and institution.

With further development of the new science the human race should benefit immeasurably, especially in adjusting itself to conditions suitable to our degree of mental development.

pose was, to my mind, honest and not simply a case of hostility. Nevertheless, I think his letter contained relatively little constructive criticism. We believe we are carrying out our purpose and would welcome advice showing us how to do it better.

In answer to Mr. Shelley's questions, we take our authority from the constitution and our supposed disregard for it will be explained in the coming meeting of the Student Assembly, which incidentally is composed of all male students and not only male resident students.

In conclusion let me say that I hope this coming meeting will be supported by the men of the College, if not, its purpose will be defeated.

Sincerely,
E. Wayne Covert

Grizzly Soccermen Defeat Ardmore In Season Final

Record Shows Three Victories, Three Losses and Two Tie Scores

The Ursinus booters brought to a conclusion the 1934 soccer campaign with a 1-0 victory over Ardmore, scored Saturday on the home field. The game was close throughout, with neither team able to break down the other's defense until half the game had been played. In the third period, "Russ" Fisher, playing his last bit of soccer as a Bear, took a pass from Shaffer and booted the ball past the opposite goalie for the sole and winning score. The last quarter ended as the first two, with the Grizzly kickers turning back the vicious charges of the Ardmore athletes to protect the slim margin that meant victory.

The Bear kick-artists started the current campaign rather inauspiciously, opening at home with a 6-6 tie with Girard, and following that with a loss to the seldom-beaten West Chester Teachers by a score of 4-1. A journey to Swarthmore changed their luck, however, and the Grizzlies turned back the Marooners, 1-0. Another trip, this time to Philadelphia, was not so successful. The game with Temple, however, lost by the Ursinus soccermen, 5-4, proved that glory comes to the losers, who extended the game to two extra periods before bowing to the bigger team. Gettysburg also administered a defeat to the kicking Bears on that fateful Saturday two weeks ago. The final score was 4-2 in favor of the Bullets. Once more taking to the highway, the Collegeville undergrads were held to a scoreless deadlock by Haverford, before the final victory over Ardmore.

After a season not outstandingly successful, nor in any way a failure, Coach Baker faces the task of replacing seven regulars who will be lost to him next year through graduation. Without the services of such reliables as Brian, Cooper, Ellis, Fisher, George, Stratton and Stoudt the 1935 team must find among the reserve players many replacements. Those remaining as a nucleus for the new club are Chestnut, Boysen, Burns, Cubberly, Fenstermacher, Spangler, Shaffer, and Trumbore. With so many

positions vacant the prospective competition among the seconds and freshmen will doubtless bring out capable footmen to fill the shoes of the graduates.

The Lineup of the Ardmore game:

Ursinus	Pos.	Ardmore
Cooper	G.	McCormick
Ellis	R. F. B.	Rohe
Trumbore	L. F. B.	Sampliner
Brian	R. H. B.	McDougal
Fenstermacher	C. H. B.	Bedger
George	L. H. B.	Davies
Shaffer	O. R.	McIntyre
Boysen	I. R.	Burnham
Fisher	C. F. B.	Westcott
Burns	I. L.	Breder
Chestnut	O. L.	Curren

Score by periods:
 Ursinus 0 0 1 0-1
 Ardmore 0 0 0 0-0

G-BURG AND F. & M. TIED FOR CONFERENCE HONORS

Although Franklin and Marshall whipped Gettysburg 19-0 in the last game of the conference schedule at Lancaster on Thanksgiving Day, F. and M. had to be content to share the final first place standing in the Eastern Pennsylvania Collegiate Conference with their G-Burg rivals.

The rivals battled through a scoreless first half. Wenrich finally turned the tide when he broke through the G-Burg line with a 12-yard plunge to the goal line. In the final quarter F. and M. scored two more touchdowns for good measure.

The F. and M. fate is the result of a 6-0 setback suffered at Collegeville early in the season when an inspired Ursinus team was on the war path. It was the same Ursinus team that later bowed to Gettysburg and was tied by Dickinson and Muhlenberg.

The Final Conference Standing

Team	W.	L.	T.	Points
Gettysburg	3	1	0	39
F. and M.	3	1	0	86
Ursinus	1	1	2	19
Dickinson	1	2	1	9
Muhlenberg	0	3	1	18

UR SINUS STICKSTERS CLOSE SEASON WITH 4-3-3 RECORD

With a record of four wins, three losses and three ties, the Ursinus women closed their hockey album for another season.

Although the maids exhibited good hockey in their "opener" with Bryn Mawr, they suffered a defeat for which they retaliated the following week by sending Saturday Morning Club home with a 6-0 setback.

In consistency on the part of the team and on the part of the players seemed to reign the remainder of the season for it was evident that the "old Ursinus fight" appeared and again disappeared. This resulted in a streak of ties and defeats which was not broken until the last week of play when the girls won two decisive victories.

With the close of the season, Captain Bups Francis and El Lyle vacate the forward ranks; Pru Dedrick is subtracted from the list of half backs; Janet Bardsley, the "last resort" on the team hands down her post, while Alice Richard has completed her work as fullback—all being seniors.

Manager Mildred Gring, another "guide" of the team, states that the official roundup of the team will be a banquet in its honor on Thursday night.

A detailed summary follows:
 Ursinus 1, Bryn Mawr 4.
 Ursinus 6, Saturday Morning Club 0.
 Ursinus 3, Alumni 3.
 Ursinus 2, Beaver 2.
 Ursinus 2, Germantown 3.
 Ursinus 2, Swarthmore 1.
 Ursinus 2, Phila. Country Club 2.
 Ursinus 10, Moravian 0.
 Ursinus 3, Drexel 0.

FROSH DOWN JUNIORS TO WIN INTER-CLASS HOCKEY CROWN

The freshman hockey team was crowned champion in the inter-class competition when the yearling lasses whipped their upper class opponents, the juniors, Monday afternoon to the tune of 8-2.

In the previous inter-class encounters the seniors had defeated their sister class; the frosh then took over the second year class. The championship finally rested on the outcome of the battle between the freshies and their sister class, the juniors.

Led by their manager, Alice Plunkett, the frosh girls were on the aggressive from the start and swept through to an easy victory, forcing their opponents to retire on the short end of an 8-2 score.

Folks seem to like it
 yes, and
 here's why—

We know that smoking a pipe is different from smoking a cigar or cigarette . . . and in trying to find the tobacco best suited for pipes . . .

We found out that the best tobacco for use in a pipe grows down in the Blue Grass Section of Kentucky, and it is called White Burley.

There is a certain kind of this tobacco that is between the tobacco used for cigarettes and the kind that is used for chewing tobacco.

This is the kind of tobacco that we use, year after year, for Granger Rough Cut.

We got the right pipe tobacco, made it by the right process . . . Wellman's Process . . . we cut it right . . . rough cut.

The big Granger flakes have to burn cool and they certainly last longer, and never gum the pipe.

. . . in a common-sense package—10c

a poor punt to his own 15. Again the Bears launched an assault only to have the Lions' brace. Bonkoski dropped back and tried a placement from the 24, but the kick was short.

Tom Hepler tried the booting game, but his punt was blocked and recovered by Bassler on the Lions' 24. Price took to the air on the first play. It was Red Woods who intercepted the pass to relieve the anxiety of the spectators. Felty got off a beautiful boot that traveled to the Ursinus 30.

Albright opened an offensive in the final minutes that took the ball to midfield, Wood's 27-yard run featuring. But the alert Bears held and Felty was forced to kick.

Six seniors made their last appearance on an Ursinus football team Saturday. They were Walt and Tom Price, Roy Johnson, Charlie Harvey, Ed Knudsen, Alex Kravitz. Captain Sammy Levin was unable to play because of an injury. Emmy Gill, who did not see any action in this game is also a senior.

Ursinus	Pos.	Albright
R. Johnson	left end	Haldeman
Michener	left tackle	Yentsch
Costello	left guard	Garnet
Rinehart	center	Moffett
Grimm	right guard	Lund
Kravitz	right tackle	Ross
Lamore	right end	Sutcliffe

FRATERNITY NOTES

Sigma Rho Lambda conducted a stag banquet at the Trappe Tavern on the evening of October 20, after the F. and M. game. On the same evening, Zeta Chi held a similar function at the Spring Mountain House. Zeta Chi has pledged one new member so far this year, Russell Jones '37.

Beta Sigma Lambda held a "dog-gie" roast at Lost Lake on October 14, at which a regular business meeting was conducted. Harold Holcombe '36, has recently been initiated into Beta Sigma Lambda.

The Alpha Phi Epsilon fraternity, which held a stag banquet at Salsford Station on November 18, has pledged Wilson Rahn '37, and Harry Marshall '37, since the beginning of the school year.

Demas enjoyed a stag banquet at the Old Sun Inn at Bethlehem on the night of the Muhlenberg game. This fraternity also held a dinner dance at the Spring Mountain House, last Saturday night, December 1. Frank Reynolds '37, and John Throne '37, have been initiated into Demas this year.

Further functions, such as dinner dances and pig roasts, are being planned by the various fraternities for the second semester.

DEBATING FRAT TO INITIATE

(Continued from page 1)

to serve at the initiation, which will be held before the Christmas vacation: Initiation Procedure—Rubin Levin '36, chairman; and Allen Cooper '35. Refreshments—Mildred Fox '35, chairman; and Nancy Pugh '36.

BOARD OF DIRECTORS HEARS REPORTS AT FALL MEETING

(Continued from page 1)

made in the election of Dr. J. S. Heiges as Associate Professor of Education, and the following promotions were authorized: Dr. Reginald S. Sibbald from Associate Professor to Professor; Dr. Donald G. Baker from Assistant Professor to Associate Professor and Miss Eleanor F. Snell from Instructor to Assistant Professor. Russell C. Johnson, Director of Athletics, was given the standing of Associate Professor.

Board Entertained at Dinner

A bounteous Thanksgiving dinner formed the climax of the day's meeting. The Board tendered a hearty vote of thanks to Mr. and Mrs. Price for the repast.

The members in attendance were: Rev. T. A. Alspach, D. D., Hon. Andrew R. Brodbeck, LL. D., Charles C. Burdan, Edward S. Fretz, Treasurer, Francis J. Gildner, Esq., Charles B. Heinly, Ped. D., A. H. Hendricks, Esq., Mrs. Rhea Duryea Johnson, Whorton A. Kline, Litt. D., Rev. J. W. Meminger, D. D., Ralph E. Miller, George L. Omwake, LL. D., Harry E. Paisley, LL. D., president, and Rev. Calvin D. Yost, D. D., secretary.

STUDENT COUNCIL APPROVES CONSTITUTIONAL CHANGES

(Continued from page 1)

number of senior members of the Council from six to five.

Any of these amendments which are passed by a majority vote of the Assembly will become a part of the constitution and go into effect at once.

The Council also decided that the annual tug-of-war and the Frosh-Soph football game would not take place this year.

SORORITY NOTES

Alpha Sigma Nu held a tea on Old Timers Day at which many alumnae were present. Carolyn Everingham '32 and Betty Luther '34, former presidents of the sorority, poured. Other alumnae present were: Geraldine Ohl Poff '29, Lois Strickler '32, Jane Price '32, Ruth Riegel

INTER-SORORITY COUNCIL PLANS FOR DECEMBER TEA

Inter-Sorority Council members discussed plans on November 27 for the tea to be held on December 9 at 4 o'clock for all sorority girls. Definite arrangements will be made after the Thanksgiving Holiday.

Evelyn Hoover '35 was named chairman of the constitutional committee which will amend the present constitution at some later date.

Gen. Hugh S. Johnson: "If I had the job to do over again I'd resign the first day."

they're quite mistaken

Many people think it's expensive to telephone far away friends. Actually few pleasures cost as little. You can call 100 miles for 35 cents; 300 miles for 80 cents; 1,000 miles for \$2.00 by Station to Station Night Rates (effective after 8:30 P. M. Standard Time).

The Bell Telephone Company of Pennsylvania

No. 26

They ought to know—

Harvesting tobacco and packing it in the barn for curing—and (below) a scene at a Southern tobacco auction.

MANY men of the South have been "in tobacco" for years—growing tobacco and curing it—buying it and selling it—until they know tobacco from A to Izzard.

Now folks who have been in tobacco all their lives, folks who grow it, know there is no substitute for mild ripe tobacco.

And down in the South where they grow tobacco and where they ought to know something about it—in most places Chesterfield is the largest-selling cigarette.
