## Thinking of and Praying for the Population in India.

Dear members of the Sacred Heart community,

Today I want to reach out to the Indian members of our community as a deadly second wave of COVID-19 is ravaging the country, leaving millions infected, many dying and putting stress on the country's health-care system—similar to what happened here in the United States early on in the pandemic. At that time, India sent aid to the U.S., and now the U.S.—and many other countries are doing the same for India.

Our hearts and prayers go out those in India and to the students, faculty and staff who have family and friends there. The population of India will be remembered at Masses this weekend.

John J. Petillo, Ph.D.  
President
