Academic Exercises Open Sixty-Third Year at Ursinus College

Dr. Omwake Pays Fitting Tribute To The Foresight of The College Directors

PROF. THUNDER ENTERTAINS

Emphasizing the advantages of greater personal contact between faculty and students now possible since the completion of the Science Building, Dr. Omwake formally opened the Sixty-third Academic year of Ursinus in exercises in Bomberger Hall last Thursday night, September 15.

At Dr. Omwake's suggestion, the student body and faculty gave a standing tribute to the Board of Directors for their foresight in developing Ursinus to the high place it holds to-day. "Our Board of Directors," Dr. Omwake said, "especially during my administration have been most alert to see and take care of the needs of the college. We owe them a special debt of gratitude."

In this speech on "What and How in Our New Era," Dr. Omwake explained that the "new era" is just beginning with the completion of the Science Building. Probably no Science Building on this continent is better equipped for college research and instruction than ours.

"The success of this college, as well as of all others, depends primarily on the students, and secondarily on the faculty. The faculty can only stimulate and direct the minds of the students if the latter are enthusiastic in their work."

The speaker went on to explain that the new building gave more space to all departments of the college. Adequate conference rooms were made part of the new edifice; others were provided in Bomberger Hall.

"We hope," stated Dr. Omwake, "that the students will feel free to discuss their problems with the teachers in their conference rooms, so that the teachers may even have to increase the number of hours spent in the conference rooms. Ursinus has for the last forty years encouraged close intellectual contact between students and teachers."

The program of the evening was balanced by music. Professor Thunder, head of the music department played several selections on the piano. The College Choir under the direction of Miss Hartenstine sang an anthem.

The singing by the students of the Ursinus Alma Mater, written by Benjamin F. Paist, '99, brought the opening exercises to a close.

MEN'S STUDENT COUNCIL

HOLDS INITIAL MEETING

The first meeting of the Men's Student Council was held last Friday afternoon and tentative plans for the coming year were made.

It was found that there are two vacancies on the council because two of the members failed to return to college, one in the junior class, and one in the sophomore class. President "Jack" Reese, '33 announced that an election would be held at an early date and the vacancies will be filled.

The ruling in the freshman handbook stating that freshman shall be in their room from 7.30 till 9.30 will be rigidly enforced and a careful check up will be made to see that all freshmen take advantage of this study period.

Plans for a student council dance in the near future were made and a date for this affair will be submitted to the council on social activities when it meets next Tuesday.

COLLEGE CALENDAR

Secretaries of all organizations are requested to sign up the time and date of their meetings in the book in Dr. Omwake's office in the Science Building. This is necessary both to prevent overlapping and to enable the Weekly to print a complete list of activities.

The Weekly joins the College in extending sympathy to George B. Carvel on the death of his sister.

STUDENT GOV'T'S. TAKE PART IN ORIENTATION PROGRAM

Prof. Sheeder Delivers Welcoming Address; John Reese and Rena Grim Discuss College Life

JOHNSON SPEAKS ON ATHLETICS

The Freshmen Orientation program proceeded further last Monday evening when the class assembled in Bomberger Hall to hear several short talks on college and campus life, rules of the campus, and college athletics.

Prof. F. I. Sheeder opened the evenings ceremonies with a welcoming address and then proceeded to point out facts which all students must face and battle in order to overcome any obstacles which may arise. The first step for an incoming Freshman to learn, he stated, was how to study. Work, play, love, and worship were the four standards which a college student should try to uphold and practice as much as possible.

The second speaker of the evening was the "silver-tongued" president of the Men's Student Council, none other than Jack Reese, '32, who, greatly aided by groups of balcony "rah-rah boys," explained to the newcomers why Ursinus College campus life was so delightful and what customs, that were always followed, made it such. Our system of dormitory life, he said, is one of the finest things about the College. He then laid down the rules of the Student Council to the men students.

Rena B. Grim, '33, president of the Women's Student Council, talked mostly to the women students about some of the exceptionally quaint and lovely traditions and campus customs of the College. She stated that it was these customs and a spirit of genuine friendliness which seemed to exist everywhere on the campus which made Ursinus College campus life rank with the finest of any school's today.

The closing speech of the evening was delivered by Russell C. "Jing" Johnson, director of athletics, who gave his annual sports talk to first year students. After stating the significance of the College emblem, the "Grizzly Bear," "Jing" went on to point out the athletic policy of the school in all branches of sport, boosted the clean playing of Ursinus teams and urging freshmen to try out for them, but at the same time discouraged any tendency to remember former high school athletic glory when trying for the team. Mr. Johnson proudly displayed Ursinus sports record and showed that 70% of our students are interested in varsity or freshmen athletics in some manner.

Sophs Give Freshmen

A Rigid Inspection

"Step lively, freshmen! Name and home!" So it was the "Sophs" who asserted their authority and put into effect officially the "Frosh" customs. At noon, September 15, the newcomers were assembled before Freeland Hall and provided entertainment to suit the whims and desires of the second-year men.

History was remade when the Olympic crew gave a fine demonstration. The entire student body was relieved of a great problem when the difference between tomatoes was explained—a truly great revelation! The three quarter hour entertainment was as good as had been expected.

In the evening after the opening exercises, the freshmen were again called together and they staged a colorful pajama parade. They marched to the various girls "dorms", where they rendered serenades of no mean merit and were strangely affected by the moon.

The only drawback was that the Sophs, greatly outnumbered by the motley frosh, could not enforce their orders and after the celebration (and tomatoes) at Glenwood, the newcomers took heels, or wings, and ran home. The Sophomores, dismayed, decided to continue activities with the frosh in "bull sessions" and consequently went to bed also.

Y. M.-Y. W. C. A. STAGE ANNUAL RECEPTION FOR FROSH

Jerome Wenner, Pres. of Y. M. C. A. and Helen Van Sciver, Y. W. C. A. Head, Sponsor Program

ENJOYABLE DANCING FOLLOWS

Tuesday night was a gala night for the Freshman as it started their social career on the campus. Claude Lodge, '33 as master of ceremonies opened the Y. M.-Y. W. C. A. reception by forming the friendship circle which permitted the students to learn the names and residences of the other students. After this a German band composed of about ten members and led by Jerry Wenner, '33, played a few selections in and out of tune. Helen Van Sciver, '33 president of the Y. W. C. A., gave a short talk welcoming the Freshmen and urging their cooperation in the work of the Y. W. C. A. this year.

Jerry Wenner, '33, president of the Y. M. C. A. also welcomed the Freshmen and impressed upon them that the Y. M. C. A. is a live organization with a definite purpose of making life on the campus more enjoyable, spiritually and socially. A trio selection, "The Barefoot Trail," by Wiggers was sung by Ruth Haines, '34, Iris Lutz, '33, and Marion Hageman, '34, which brought the entertainment part of the program to a close. The rest of the evening was given over to dancing, music being furnished by the Parodians.

Cross Country Candidates

Will Report Today

The first call for cross country candidates was issued today. A large squad of prospective hill and dalers were expected to report to Captain Sautter to fill in the few open places left by the failure of several members of last year's team being available. However, with the pre-season interest shown by runners of the Freshman class, it is predicted that members of last season's championship squad may encounter difficulty in retaining their places.

Dr. Rubin, mentor of the hill and dale runners, will not meet his squad till Wednesday. On that date he is expected to return to Collegeville from his home, St. John, N. B., where he has spent his vacation visiting with his parents. It was in his native Canada that "Doc" attained fame as a runner. As an undergraduate at McGill University in Montreal, the Ursinus' cross country coach became an outstanding middle distance and distance runner. He reached the pinnacle of his career as an active track participant in 1927. In that year he won the Dominion mile championship of Canada.

James E. Palm, cross country manager, has the schedule for the current campaign practically complete. There are at present only two open dates. As already presented, the schedule has all the earmarks of being the hardest yet encountered by an Ursinus hill and dale team. The squad will taste its first competition on October 8. Villanova will be met on its home course then. One week later F. and M. will send its distance

(Continued on page 4)

Special Busses to Villanova

The Philadelphia and Western Co. is announcing special bus service to the Villanova football game this coming Saturday. Special busses will be furnished by the P. and W. which will transport students to the terminal at Norristown for the sum of 40c from which point they will be carried free of charge on the electric train to the Villanova stadium, provided that they purchase the football ticket at the trolley station.

This service is to be included in the price of the reserved seat ticket, \$1.10, federal tax included. This ticket can be purchased at the P. and W. office at Norristown or any other of the company's offices. In other words, for the sum of \$1.50, a person can board a special bus at Collegeville, see the game from a reserved seat, and return to the College.

Bears Show Promise in Scrimmage; Favorable Prospects for Season

Review of Past Seasons Assures Fans of Hard Fought Battles and Championship Team

VILLANOVA OPENS SEASON

With the Villanova game opening the schedule, the McAvoy-Chase football machine will be in action practically every Saturday till Thanksgiving Day, the date of the Albright game. With the Haverford game off the schedule, the Bear cohorts will have two full weeks, following the Villanova tussle, to prepare for their first Conference game—Dickinson at Carlisle. Last year Ursinus was the victor in this annual fray by the slight margin of one point, 7-6, in a hard fought battle on Patterson Field. Dickinson, it is claimed, has lost none of its last season's regulars through graduation. The outcome of the Dickinson game may be a good indication as to who will be Conference champions in 1932.

October 15th will find the Bear's traditional rival, Franklin and Marshall coming to Patterson Field for that annual classic fray. The Lancaster lads will be more determined than ever to bring the Bearskin back with them. The Ursinus victory in the past three consecutive years almost justifies their hunger, especially since the F. and M. lads in recent years were newspaper favorites before the game. Muhlenberg will be the Grizzily foe the following Saturday at Allentown. Although the Mules strength this year is a matter of conjecture, the Muhlenberg boys have been known to upset the plans of the best-balanced teams. The Muhlenberg game will be of further significance than the individual victory and the Conference standing. The records since 1906, the beginning of the Muhlenberg-Ursinus series, show seven victories, and two tie games for each of the institutions. This year's game will be a virtual playoff.

Patterson Field on October 22nd will be the scene of the Gettysburg-Ursinus battle. And anyone who has witnessed a Gettysburg game of re-

(Continued on page 4)

Band to Organize

For Football Season

Again the football season has rolled around, and again the band will organize to do its part both on the athletic field and in the pep meetings. The first practice of the band will be held in Bomberger Hall, room 7 at 7.30 this Tuesday evening. Everyone in the College who plays a brass, woodwind, or percussion instrument is expected to be on hand at that time in order to be prepared for the pep meeting to be held later in the week.

Mr. Harold Horn of Norristown, the capable leader of the band for the past two years, has again graciously consented to head that organization. Jerry Wenner, '33 will assume the responsibility of manager while Dave Stevenson '34 will again wield the lustrous baton. It has further been decided to elect two freshmen to the positions of librarians. Here's your chance freshmen—those trips the band takes are a lot of fun.

WANTED—CHEER LEADERS

All freshmen and upper classmen interested in cheerleading should report to Walt Welsh, '33 within the next few days. Due to the fact that our regular cheer leaders this year are seniors there is an opportunity for freshmen to take part in this activity. The first pep meeting will be held this coming Friday and, desiring an especially snappy meeting, new students are urged to report promptly.

MR. WILLAUER MARRIED

Mr. and Mrs. Thomas N. Rutter of Omaka, Nebraska, have announced the marriage of their daughter, Emily T. Rutter, to Mr. Philip Willauer on June 10, 1932. The newly-weds are living at 233 South 40th street, in Philadelphia. Mrs. Willauer was head of the history department in the high school at West Bridgewater, Massachusetts, last year.

Scrimmage With Holy Saviour Team of Norristown Show Bear's Strong Points

THREE TEAMS SEE ACTION

Saturday found the Ursinus football squad completing its second week of practice under the watchful eyes of Coaches McAvoy and Chase. On this day the Bears tasted their first bit of foreign scrimmage playing a practice game with Benny Scirica's Holy Saviour team of Norristown.

The small crowd, composed mostly of students and followers of the Norristown team, witnessed the Ursinus boys in fairly good shape. The double wing-back system employed by the Bears was often throughout the scrimmage deceptive to the opponents. Lodge and Tropp were the outstanding ball-carriers of the day. The chunky halfbacks were consistent in their ground-gaining and the opposing team found them difficult lads to stop. Through the line and oft times around the ends the cooperation and mechanical interference of the Ursinus line was also commendable.

Saturday's scrimmage was only another step in the preparation for the coming game with Villanova. With practice every day last week the squad is rapidly being whipped into shape. Shortcomings and deficiencies, as well as the unexpected present themselves. Although the work of the squad has been kept to the ground, punting and passing may at times prove the team's nemesis. Lodge thus far looms as the most worthy successor to Hy Miller, last year's captain. In the punting department; Shuman and Tropp have also been delegated to this job at times. Not enough practice has been had in throwing and receiving forward passes to warrant further criticism in that department.

With the Villanova game in the offing, conversation and conjecture as to the starting Ursinus lineup becomes the talk and gossip of the campus. It is too early in the season to attempt to pick out weak and strong departments of the eleven. Injuries and other disabilities, which annually take their toll cannot be calculated beforehand.

(Continued on page 4)

New Football Programs

Will Appear Soon

Football programs—the means that facilitates and makes more enjoyable the watching of a football game, besides enabling pleasant reminiscences later—are now in the making. The Varsity Club, comprised of the lettermen of the College, have been given full charge of the publishing and distributing of the programs.

There will be many new features in this season's program over that of other years. Outstanding of these changes will be the featuring of cuts and advance information of the opposing teams. The program for each game will be set up differently. Repeition of material as practiced in other years is hoped to be eliminated.

D. Clark Sautter and Irving E. Sutin represent the committee of the Varsity Club in charge of composing the programs. They have been working during the summer and more intensively within the past several weeks selling advertising space and preparing all other intricate details prerequisite to the publication of the periodicals. The programs for the first home game will be on sale on the Friday evening preceding that game.

HAVERFORD GAME CANCELLED

The football game scheduled with Haverford College for October 1 has been cancelled, according to advice received from that college by Russell C. Johnson, athletic director. Because of the epidemic of infantile paralysis in that section the college opening was postponed from September 22 to September 29.

Johnson has been trying all week to secure a team to fill the open date but was unsuccessful, consequently Haverford will play Ursinus at Collegeville in 1933.

IMPROVED DINING ROOM SERVICE

The student body at Ursinus owes a vote of thanks to the culinary department for the improvement in dining room service. Within the past few years we have all heard the cry against the rush that has characterized the lunch and dinner hours. But this year promises to be different. Mrs. Rice, the College dietitian, has asked all waiters to see that service is less speedy and more painstaking. In other years the slogan seemed to be speed all around, both on the part of the patrons and waiters. As it is now, only a few more minutes are required to eat and it is more desirable to all concerned. Several changes have also been made in the kitchen force and a real efficient staff is now at work in this department. Let us then, in appreciation of the efforts made to please us, give them our hearty cooperation and do everything possible to make this a real success.

D. L. G. '34

GIVE THE FRESHMEN A CHANCE

The Freshmen rules, number five to be explicit, require that all first year men be in their rooms or in the Library every night but Friday, Saturday and Sunday between the hours of 7.30 and 9.30 P. M. This regulation was added for a distinct purpose.

Rule five is designed to help to bridge the gap between the restricted high school life and the freedom of college by forcing the first year men to observe study hour during the first semester. After that, it is presumed that they will know how to regulate their time to best advantage.

The Freshmen will doubtless be conscientious about observing the rule, but the fault rests with the upperclassmen who loaf in the frosh rooms. Many a man has come to grief after a semester at College and blames it upon the fact that his room became a general lounge and reception room for all who had nothing to do except play bridge, discuss sports, women, and other such timely subjects.

Our plea is that consideration be shown to the yearlings so that when the time for study hour rolls around, they may be allowed to be alone in their rooms. It would do no small amount of good if the upperclassmen would set aside that time for study also.

The freshmen do not like to ask persons to leave the room, or feel rather bashful about doing so, even if they think it best. Give the new men a chance to become adjusted. Be considerate!

A. C. A. '33

COLLEGE SUNDAY SCHOOL PLANS FOR COMING YEAR

Should Sunday School play a part in an undergraduates life? This question has come up for the consideration of almost all college students, and, if we are to face facts we must admit that it has its place in a Christian College.

The College Sunday School group, in order to attract students, has been organized and has mapped out courses that are designed to be both interesting and informative to all college students. A committee under the guidance of Professor Sheeder drew up plans for the courses and the outcome of this has been three separate courses.

The first group will discuss "Jesus, the Prophet of Galilee." As yet there is nothing definite concerning the teacher, but by next Sunday one will be ready to take charge of this section. Another group which promises to be quite interesting is to be led by Professor Sheeder. The topic for discussion in his group is "Prayer in a World of Science." A third group, led by Mrs. Sheeder, will discuss "Art in Religion." This course will deal chiefly with paintings and should be especially interesting to students interested in art. There are also tentative plans under way for a leadership training course. This course will be very beneficial to those who plan to teach Sunday School classes. Upon the completion of this course the department of religious education, a national organization, will give a credit for each semester's work that is satisfactorily completed. The groups have organized as a whole and elected officers for the coming year. D. L. Gregory, '34,

has been elected president, John Clark, '34, vice-president, and Bertha Francis, '35, secretary-treasurer. The group will hold social gatherings from time to time throughout the year and the loyal support of all the students in college is desired.

Y. M. C. A. ALL SET FOR YEAR'S ACTIVITIES

This year the Y. M. C. A. cabinet and officers, headed by president Jerry Wenner, have mapped out a program which is certain to interest every student on the campus and to place the organization again in the position it once held on this campus. However, this year, with every man on the campus a member, and with sufficient financial backing to assure a worth-while program, it is ready to go ahead.

A new feature this year is the Freshman discussion groups, which are to be conducted by members of the faculty. Monday evening the Frosh will meet in Bomberger and suggest topics for discussion. Each Freshman will choose the question in which he is most interested and join a group to discuss it. These groups will meet once a week during the first semester.

The Program Committee has been very fortunate in obtaining as this week's speaker, Mr. A. J. County, Vice-President of the Pennsylvania Railroad, whose subject will be "Christian Living in the Business World." The meeting will be held in Bomberger on Wednesday evening, September 21, at 7 P. M. Let's see all of you Big Brothers with your Little Brothers at the meeting.

URSINUS COLLEGE ALMA MATER

Tune—St. Peter's Oxford

Ursinus, alma mater, hear
The hymn of faith we sing,
As cherished thoughts of thee draw near
To voice the praise we bring.

From thee the light of knowledge shone
Along the path of youth,
Thy gracious leadership made known
The hidden depths of truth.

We know thy struggles and the fears
That marked thine upward way,
The Fathers, who through misty years
Could see a better day.

Thy men were souls heroic, kind,
Who taught the truth they knew;
And searched in earnest hope to find
The still more glorious view.

And we today will gladly give,
Ursinus, unto thee
Wher-e'er these changeful lives we live,
Our dearest loyalty.

When from these friendships we have passed
To heed life's urgent call,
Our memories will hold thee fast,
Ursinus, friend of all!

Benjamin F. Paist, '99

STUDENT COUNCIL SPONSORS RECEPTION FOR FRESHMEN

The Freshman class was entertained by the Women and Men's Student Government Associations on Wednesday evening, September 14, in the Thompson-Gay gymnasium.

The evening was spent in dancing to the music of "The Arcadians," an orchestra from Norristown. Everyone had a good time. The freshmen became better acquainted with the upperclassmen and their own class members.

Rena Grim, '33, president of W. S. G. A., and Jack Reese, '33, president of M. S. G. A., greeted the members of the Freshman class.

The chaperones for the affair were Dr. White, Rev. and Mrs. Lentz, Professor and Mrs. Sheeder, and Dr. and Mrs. Barnard.

GAFF FROM THE GRIZZLY

Back to good old Ursinus! Almost all my friends and Claghorn are back.

A dispatch from Lakewood states that our own Bob Dresch knocked a man twenty feet across the dance floor. Which proves that either chivalry is not dead or that Rudy started something.

Speaking of Valee, has anyone noticed the collars that Profs. Tyson and Boswell are affecting?

For the benefit of the incoming class GAFF is announcing the rate schedule. It costs a half a buck to put something in this column, and just twice that much to keep something out. Danny, please note.

Among the gentlemen of the downy mugs, we find Groucho Hubert outstanding.

And have you heard about the freshman who registered as a Communicant, because he drove back and forth to Norristown? It really happened.

Somehow the Thursday night festivities reminded me of a small boy holding a very big goat by the tail, and trying to figure out whether or not to let go.

Song of the Science Building:
Pants is Pants,
Vest is Vest,
And never the twain shall meet.

Another Reese is with us. Uncle John and Nephew are doing nicely, thank you.

The firm of Winkler & Hill is slaying 'em again this year. Are you shaving, father?

Stan Omwake, the perpetual Sophomore, is on the campus again. Oh, well, if the Tower Window can stand it, I don't see why GAFF should kick.

Biglow says that from now on he will be just a big, bad boy.

Roy Johnson reminisces about last year's baseball season. Are you telling me?

The Tower Window

HE thanks of the College are due the Ursinus Woman's Club for their action in furnishing the day-study for women students in Bomberger Hall and in adding much needed equipment in the reception rooms of a number of the women's residence halls. The day-study has been restored by the College to its original size by the removal of the biology laboratories which for several years occupied the greater part of the space originally set apart for the use of woman day students. A committee from the Woman's Club has given attention to the requirements of the place and has invested the money appropriated for the purpose with rare appreciation of the needs of the students.

At the same time the College has furnished a small women's lounge on the main floor of the Science Building so that adequate facilities for women students are provided in that building also. Another retreat for women will be found at the south end of the corridor on the second floor of the Science Building. This has been provided especially for women students working in the anatomy and physiology laboratories.

The Day Study in Bomberger is for the use not only of day students but may be enjoyed by other women students who may have an hour or two to spend between class periods in that building. The Woman's Club has had in mind requirements for both study and rest. The room is also adapted to social events of a modest character.

No one has come forward to take a similar interest in the day study for men students, but the College itself has taken an interest in these quarters. The place has been brightened up with a fresh coat of paint, and excellent work tables removed from the laboratories recently vacated on the floors above are being set up in this place.

The day students of Ursinus, the number of whom is larger this year than usual, will observe that the institution is really solicitous for their welfare. I speak for them in tendering thanks to the Woman's Club and to the College authorities for the provision that is being made for their needs.

G. L. O.

FRESHMAN DISCUSSIONS ARE SPONSORED FOR GIRLS

A new idea is being carried out on the campus, that of Freshman discussions. The plan, it is hoped, will ease the abrupt transition from high or preparatory school to college, and will direct the newcomers to a clearer notion of campus life, customs and traditions. Also the group will provide a place for the Freshman girl to come for information on any campus question, for help on individual problems, and an opportunity for her to air her private views.

This group will cooperate with the Sophomore Rules Committee and the Inter-Sorority Council.

NEW PHYSICS COURSE OFFERED TO FRESHMEN

There will be offered this year a new arrangement in the physics department. In previous years, there was but one elementary physics course designed for students in the mathematics and science groups. Dr. Klingaman, in order to give the students the advantage of a real basic elementary course, has now created a physics A, B, course, which will be offered to all incoming Freshmen, and will be a pre-requisite for Physics 1, 2.

No previous college mathematics is required for this new course, however calculus is required for Physics 1, 2. This may be taken previous or parallel to Physics 1, 2.

Pre-medical students must take both Physics A, B, and Physics 1, 2, to satisfy their graduation requirements as well as medical school entrance requirements.

There will be presented to the Physics A, B, student, a fundamental course, one embodying all the basic principles upon which the science of Physics is built. Many students have taken advantage of this change. This course is open to students of all groups.

There will be no change in the advanced Physics courses, 3, 4, and 5, 6.

MANY CAMPUS IMPROVEMENTS MADE DURING SUMMER

As the old students gradually filed back into college during the past week, a great transformation of the west campus suddenly greeted their eyes, eyes that had long looked upon piles of dirt and stone and had hitherto regarded the land about the new Science Building as a blight to the college campus. But now, although not quite entirely completed, we see a beautifully terraced campus before the new Science Building and a network of fine macadam drives and paths so arranged that this new structure will be easily accessible from any direction.

The drive running from Main street to the rear of the building and connecting the drive that runs behind Curtis and Brodbeck has been widened considerably, and a large circular parking and turning space has been provided for on the north side of the building, with a circular grass plot in the center.

There is now a continuous macadam path running from the west entrance in Bomberger to the main door of the Science Building, while another macadam path branches off the main drive near Eger Gateway and runs cross-campus to the walk which surrounds the North, East, and South sides of the building.

Still another path runs from the Freeland drive cross-campus in semi-circular fashion to the walk in front of the new boy's dormitories and then back again to the walk around the building. Where this path meets the cement walk between Curtis and Brodbeck, it branches off between the two buildings and continues over to the tennis courts. All paths are lighted with the same type of lamps that light the East campus. The remaining paths run from Main street to the South entrance of the Science Building.

All banks have been sodded and plans are now being made to plant shrubbery and trees in the bare campus that is the result of the forced removal of several large trees during construction of the building. All wiring systems, both electric and telephone, are entirely underground and now thoroughly connect all buildings on the campus.

SOCCER BEGINS ITS SECOND YEAR AT URSINUS

Soccer, starting its second year on the Ursinus sport curriculum is due for a highly successful season. We are most fortunate in having a coaching staff equal to that of any school. Dr. Baker, professor of Greek, will take the reins as head coach. Dr. Baker is a former All-American soccer player, having been named for that mythical team while at Haverford College. Following his graduation from Haverford, Dr. Baker enrolled at Harvard, where he obtained his Ph. D. While at Harvard he assisted in coaching the soccer team.

Dr. Baker is to be assisted by Reddington, another former All-American, and a player well known in professional soccer circles about Philadelphia. Dr. Gerney's services are also available if necessary.

The coaches have nine men who played last year, Rapp, Alspach, Ellis, Pote, George, Stoudt, Stratton, Fisher, and Hubert. Thus far the following new men have reported for practice: Donald H. Koche, Paul Shelby, Harold Holcombe, Meredith Neiman, Gordon Spangler, Harry Brian, Thomas Pilkington, Charles Sheaffer, Thomas Hepner, and Mark Stoudt.

The coaches expect quite a few more to report in the next few days, and with such an able coaching staff there promises to be an interesting and successful season. All those wishing to participate may report to Wm. Snagg, '33 at the soccer field, 3.30 o'clock every day, but Saturday.

Y. W. MAKES PLANS FOR COMING YEAR AT BREAKFAST

The Y. W. C. A. began its working year with a breakfast, down Shreiner Lane, Tuesday morning, the 13th.

After the morning repast a discussion period was held, in which Helen Van Seiver presided. Mrs. Sheeder, the association's advisor, and Dr. White were present to aid in the formation of plans for the ensuing year.

Among the many things outlined for the social year were a Treasure Hunt, and a Big-Little Sister trip to Norristown. Plans to make the regular Y. W. meetings more interesting have been laid and the coming presidential elections will be enacted as they progress. The vespers will be held not only after dinner, but at sunset and by moonlight.

ALUMNI NOTES

'28—W. Earl Bracken of South Fork, Pa., and E. Alabell Lerry, Fort Worth, Texas were married August 27, 1932. Mr. Bracken is teaching at Glen-Nor High School, Glenolden, Pa. Mr. and Mrs. Bracken will be at their new home 851 13th Avenue, Prospect Park, Pa., after September 15th.

'28—Mr. and Mrs. Joseph DePue Smith of North Coventry, announce the marriage of their daughter Eleanor Elizabeth to Mr. Harold Wiand on Saturday, September 10, 1932, at Collegeville, Pa. Mr. and Mrs. Wiand will reside in Phoenixville. Mr. Wiand is connected with the reportorial staff of the Phoenixville Republican.

'31—Anne Connor holds a position on the teaching staff of Cape May Court House High School, Cape May, N. J.

'32—Ruth Wismer is teaching English and Physical Training in the Amityville High School.

'32—Vivian Davies is on the faculty of the High School in Portland, Pa.

'27—Naomi Brong Werkheiser of Coplay, Pa., was on the faculty of the Reformed Missionary Conference held at Ursinus College during August.

Visitors on campus during the week included: Thomas Kochenderfer, '30, Daniel Stephenson, '31, Lloyd Myers, '31, Rhona Lawrence, '32, Evelyn Glazier, '32, Anne Uhrich, '32, Vivian Washburn, ex-'33, Lela Felver, ex-'34.

There were all kinds of smoking tobaccos

... tobaccos made for cigarettes and pipes; granulated tobaccos. But there was plenty of room for a tobacco made solely for pipes.

If you look, you will find that a great many tobacco packages say "for pipe and cigarettes." But the Granger package says:

GRANGER ROUGH CUT
Pipe Tobacco

Granger is made by Wellman's Method and cut right for pipes—rough cut. Burns slower and cooler. Just try it!

FROSH GRIDDERS PRACTICE

Over Forty Freshmen Grid Candidates Report to Coach Sterner

Coach Sterner worked out with the Freshmen football candidates on Friday. Forty Frosh reported, and displayed evidences of some high calibre football, which with a bit of coaching should develop into a winning combination.

Three weeks of intensive drill are outlined in preparation for playing a five game schedule, the first game being October 8 with Williamson Trade School.

The following is a list of Freshmen who have reported for practice together with their High or Prep School, their height, weight, and position.

ALUMNI NOTES

'31—Theodore R. Moore won a scholarship and is continuing his studies at Oglethorpe University in Georgia where he will take work leading to his master of Arts degree.
'32—Gladys Stenger is taking religious education courses at the Andover-Newton Theological Seminary in Newton, Mass.
'32—Lois Strickler and Evelyn Glazier will take graduate courses at Columbia. Miss Strickler will study for a Master's degree in Physical Education and Miss Glazier will study for one in English.
'32—Katherine Hand and Dorothy Geiser will work for Master's degrees at the University of Pennsylvania.
'32—Ruth Beddow is teaching in the Frackville High School.
'32—Mary Reider is teaching English in the Pottstown Junior High School.
ex-'33—Herbert Harris is going to Temple University.
ex-'33—Dorothy Mallory is finishing her academic studies at Randolph-Macon College.
ex-'34—Leila Felver is attending Katherine Gibbs School in New York City.
ex-'35—Helen Weitlauf is going to Temple University.
ex-'35—Jane Huhn will continue her studies at the University of Pennsylvania.

CROSS COUNTRY CANDIDATES

WILL REPORT TODAY

(Continued from page 1)

runners to Collegeville in that traditional meet preceding the F. and M. Ursinus football clash. The Bear runners were easily the victors at Lancaster a year ago; however, the F. and M. boys expect to come back this year with a much improved team. Lehigh University will be met at Bethlehem in the only other dual meet at present scheduled.

November 12th will find the harrriers travelling to Carlisle, the home of Dickinson College, as defending champions in the Central Pennsylvania Cross Country Conference. Ursinus already has two legs on this trophy and a victory this year will give the College permanent possession of the cup. Shortly following the Conference meet Dr. Rubin's proteges will go to New York City to compete in the spectacular Middle Atlantic States Cross Country run.

The schedule:

Oct. 8—Villanova at Villanova
Oct. 15—F. and M. at Collegeville
Oct. 22—Lehigh at Bethlehem
Oct. 29—Open
Nov. 5—Open
Nov. 12—Central Pennsylvania Conference at Carlisle
Nov. 21—Middle Atlantic at N. Y.

BEARS SHOW PROMISE IN

SCRIMMAGE LAST SATURDAY

(Continued from page 1)

Captain Alvin Paul leads the team on the score sheet as well as on the field. He is certain to be in the opening lineup against the Wildcats in the Main Line Stadium. Don Breisch, '34, a husky Slatington lad, and Dick Parunak '33, the campus truckman, will be Paul's partners on the left side of the line. On the right side of the line, the combination of Bob Taylor '35, "Virgie" Deibler '34, and Jerry Smeigh '33 will probably be intact at the opening whistle. Bob Bennett '34, a hardy lad from the Wyoming Valley coal region, is holding his own in the center position, his fort of last season.

The renovated backfield will find Mickey Shuman '34, calling signals. This is a new position for the scrappy little backfielder, having been at half and fullback in the 1931 season. Wally Tropp '34 and "Klunker" Lodge '33, two young men who need no introduction, will be at the half-back posts. "El" Peterson '35, a husky and hard hitting back from Paoli, is expected to start in the full-back position.

In reserve strength the squad has many veterans as well as many of the outstanding members of last season's Frosh squad. Herb Levin '33, Jack Eachus '33, Bill Lawrence '33, and Elmo Sommers '34 are the available lettermen in this department and will undoubtedly see much service. "Willie" O'Donnell '34 is a newcomer to this year's squad and is counted on to perform at an end position at which he starred at Lansdale High School before coming to Ursinus. Jack Reese '33, "Minnie" Seiple '34, Jimmy Wharton '34, Ralph Sumpman '33, and Marty Tolomeo '34 are among the members of last year's squad who have shown up well in practice.

Tom Price '35 has been proving an apt understudy to Bennett at the center post, while his brother Walt of the same class shows much at his backfield post. Charlie Harvey and "Tiny" Tinney, sophomores, are expected to be of varsity caliber before the close of the season. John Petroski of Kingston, despite his lightness, will undoubtedly see much service in the end positions. Other members of last season's Frosh team who are making the upper classmen step to retain their berths are: Roy Johnson, Howard Gill, Matty Farias, Al Kravitz, Don Mowrey, and Sam Levin.

VESPERS

Approximately one hundred persons attended Vesper services Sunday evening. Sara Mary Ouder Kirk, '34 was in charge of the program. Dora Evans, '36 read the scripture lesson. "Meditation," a selection on the pipe organ was rendered by Coreta Nagle, '33. Dorothy Patterson, '35 favored the group with several selections of poetry. "Creation," a negro sermon, was among those read. The services were concluded by a hymn sung by the group, and a prayer led by Sara Mary Ouder Kirk.

CORRECTION

Jerome A. Wenner '33 is president of the Brotherhood of St. Paul. The name was mixed up in the "Who's Who" in the last issue of the Weekly.

The Collegiate Spotlight

By M. L. H.

One hundred and fifty co-eds invaded the leap year dance at the University of Oklahoma and formed an active stag line.

A recent balloting at Franklin and Marshall showed that fifty per cent of the seniors wore garters.

According to a recent survey conducted at the University of Washington "Ballyhoo" and "Hooley" occupy second place in student sales; the first is held by the "Saturday Evening Post."

Jewish leaders of four nations joined recently in celebrating the seventh anniversary of the founding of the Hebrew University in Jerusalem.

The entire student body of the Mexican Indian Agricultural School went on strike as a protest against new methods of studies, whereupon the school immediately advertised for a new student body.

Just as a debate at St. Mary's College was about to begin, it was discovered that both teams had prepared the affirmative arguments.

"The University Hatchet" of George Washington University published a rotogravure supplement showing pictures of the campus and prominent members of the student body.

According to statistics recently published, the wrestling team had the highest scholastic average of any athletic school at Lafayette College. The football team had the lowest.

The English department at the University of Miami collected and classified all current student slang words. The results of the survey show 103 words that designate inebriation and the degree thereof; 56 ways of directing undesirables to take their leave; 174 deficient mental conditions, and 62 names for Fords.

A frosh at the University of Chicago was taking an exam. The frosh had been marathoning and couldn't stop doing mental cartwheels. In desperation he handed in one sentence: "Only God knows the answers to these questions." That, he thought, was the end of that. But no! When the examination papers were returned, there appeared on his paper in the professor's handwriting this comment: "God gets an 'A'; you get an 'F'."

A neophyte of a University of Texas sorority stopped a street car, thanked the conductor very kindly and returned to the chapter house.

Here's the dumbest co-ed trick we've heard of in a long time—a sweet young thing at the University of Utah tripped into the library and requested a copy of "Horse's Oats." After an unsuccessful but thorough search, the librarian returned empty-handed. It finally developed that the book she was really looking for was "Horace's Odes."

FROSH-SOPH TUG OF WAR

The annual frosh-soph tug of war will take place next Monday afternoon at 4.00 p. m. behind the tennis courts. Each team will be composed of ten men, none of whom may be football players. The winning side may divide the rope as a token of victory, while the losers will have to pay for the rope. The contest will be under the supervision of the Men's Student Council.

PRIVATE MUSIC LESSONS

Professor William Sylvano Thunder will be at the piano in Bomberger Hall this coming Thursday afternoon to see all students desirous of taking organ or piano lessons. Dr. Goepf will meet at 2 p. m. that day all enrolled in the courses in music appreciation and harmony and counterpoint.

Miss Hartenstine will be in her studio daily to meet all students interested in voice lessons, choral, and glee club work.

FAVORABLE PROSPECTS

FOR COMING SEASON

(Continued from page 1)

cent years would safely vouch that these frays may be safely termed battles. The Gettysburg boys point for the Ursinus game. A victory over the Collegeville lads means more to the Battlefield College than any other single victory of the year. Never is this game a walk-away for either team.

The Gettysburg game closes for Ursinus the Conference schedule. Whether Ursinus will remain Conference champions—the title it has won for the past two years—remains a moot question. The Ursinus players are confident that the glory will be theirs for another year; the coaches a bit skeptical; the student body, as ever, hopeful. However, only time will tell the tale.

The end of the Conference schedule, by no means, brings to a close the Bear football program. Three traditional games remain on the slate. Drexel, Swarthmore, and Albright will be met in the order named. Although not in the formal Conference, a similar, if not more intense rivalry, persists in the relationships with Ursinus and these institutions. Drexel, as most of us remember, broke the Ursinus winning streak last season—one of football's greatest upsets of 1931 in the Philadelphia district. Any other reasons we may give to go out for their scalps, more determined than ever, would be merely incidental.

Having first met Swarthmore on the gridiron in 1895, this game has been one looked forward to by many alumni of both institutions. The boys from the Main Line never fail to offer a stubborn battle. They have the greater part of last season's team back and ready for duty; a prediction in this game in the current campaign will certainly be difficult.

After an absence from the Ursinus schedule for many years, Albright College of Reading comes back, we hope, as a regular opponent. This game promises to be a genuine football feast for sport lovers in Eastern and Central Pennsylvania. This Thanksgiving Day game will be held in Reading and is already becoming a topic of conversation for the fans, alumni of the rival colleges, as well as the students. It is very fitting that this game brings the Bear schedule to a close.

URSINUS COLLEGE
Collegeville, Pennsylvania

George L. Omwake, LL. D.

President

A residential college for young men and young women devoted to the liberal arts and sciences. URSINUS is accredited by the leading standardizing agencies, including the Association of American Universities and the Association of Colleges and Secondary Schools of the Middle States and Maryland.

The curriculum offerings are of a pre-professional and professional nature, and lead to the A. B. and B. S. degrees. Courses are arranged for students who desire to prepare themselves for positions in the following fields: Teaching, Business, Laboratory Research, and Physical Education. Students interested in Medicine, Religion, Law, Journalism, Social Service and Library work will find URSINUS offerings adapted to their needs.
