## NEW LIBRARY ACCESSIONS

### READY FOR CIRCULATION

Reviews of Latest Addition in Fiction Show a Number of Worthwhile Books; Magazines Merge

### SOME ARE GIFTS

Many students have been inquiring at the circulation desk for new fiction and the library wishes to announce that the recent accessions are now circulating.

One of the most outstanding titles in the new list is "Night Flight" by that French author, Antoine de Saint-Eupery. The following is an excerpt from the book:—"While Riviere, the inexorable chief of the airport at Buenos Aires, watched the night through, the three mail planes from Paraguay, Chile, and Patagonia approached Buenos Aires reporting to him by radio a variety of weather—fair, moonlight, snow, and cyclone. Despite the tragic loss of Fabian, bringing the mail from the South, the European mail leaves on time. Discipline must be maintained."

Thoughtful students searching for a novel of high quality will find "The Fountain" by Charles Morgan very satisfactory. It is the story of an English officer, imprisoned in Holland, who welcomes his confinement because it means an opportunity for writing a history of the contemplative life. Then his rather commonplace existence is suddenly disturbed by his falling in love with the wife of a German soldier. But they are clear-headed, straight-thinking people and together they await honourably the return of the German husband from the war.

For lighter and more humorous reading there is the very delightful novel, "State Fair." A successful, intelligent, and contended Iowa family goes to the one big event of the year—the state fair at Des Moines. This year Blue Boy, the cherished hog, is judged the champion. Mrs. Frake's pickles win first prize, and Wayne and Marjorie learn a good deal about life and love.

Through a gift of Margaret Yost, graduate of the class of 1924, the library received the following books: "The Wave", "Round Up", "Little Caesar", "They Stood to Folly", and "Mamba's Daughters."

Beginning with the August 1932 issue, the "World's Work" merged with "The Review of Reviews." The first issue of the "World's Work" appeared in 1900 under the able management of Walter Hines Page.

Alfred E. Smith, former governor of New York State, is to be the editor-in-chief of "The New Outlook." This magazine is the successor of the "Outlook and Independent." It is to be a monthly periodical, beginning with the October issue, and will be devoted to a discussion of current national affairs.

## BIG AND LITTLE SISTERS

### ATTEND THEATER PARTY

A theater party was sponsored by the Y. W. C. A. on Wednesday evening, September 21, for the big and little sisters. This event took the place of the regular weekly meeting.

The group left Shreiner Hall at 7.00 p. m., in two special buses which were filled to capacity. The party was held at the Norris Theatre in Norristown where the picture, "What Price Hollywood," starring Constance Bennett, was playing.

On their return from Norristown the big sisters entertained their little sisters in Shreiner Hall. Dr. White was the honor guest. The refreshments consisted of sandwiches, salad, and grapejuice. Favors were given to the girls as souvenirs.

The evening was closed by singing several of the college songs.

## INTERNAT. RELATIONS CLUB

A brief resume of the summer's international affairs will be given at the first meeting of the International Relations Club at Shreiner Hall, Tuesday night. It is urged that every member of the club attend.

Sympathy is extended by the entire student body to Professor Sheeder on the death of his brother which occurred early Saturday morning.

## SENIOR CLASS OFFICERS

The Senior class has elected the following officers for the year 1932-33:

President ..... Jack Robbins  
Vice-President .... Mary Brendle  
Secretary ..... Gladys Ulrich  
Treasurer ..... Alfred Alspach

## STUDENT ACTIVITIES COUNCIL DISCUSSES CURRENT TOPICS

New James M. Anders Pre-Medical Society Now Represented in Organization

### WEEK-ENDS PLANNED

At the meeting of the Council on Student Activities on Wednesday night in Bomberger Hall, a member from the new student society on campus was admitted. This new society, which will be represented on the council by Benjamin Lee, '33 is the James M. Anders Pre-Medical Society. Professor Brownback explained the purpose of this society as that of attempting to deepen interest at Ursinus in pre-medical scientific work. The James M. Anders Pre-Medical Society plans to invite prominent physicians and scientific workers to the campus to discuss topics of a scientific nature.

It was decided by the Council to appoint a committee to provide hosts and hostesses for the recreation hall. Their duties will consist of opening and closing recreation hall at the designated times.

The importance of early scheduling of primary social events was stressed. All student organizations are urged to schedule such events with Miss Holt just as soon as dates are definitely fixed, in order to avoid conflicts at the last minute.

It has been suggested to the council that additional social events over week-ends are needed. The members were accordingly asked to consider this problem and present any suggestions which they might have at the next meeting.

## ENTHUSIASTIC AUDIENCE

### ATTENDS "PEP" MEETING

The first pep meeting of the year, that in preparation for the Villanova game, took place in Bomberger Hall last Thursday evening, September 22.

At that time the Ursinus band, consisting of thirty-three pieces, made its first public appearance of the year. Bernard Zamostein, '33 as master of ceremonies introduced the speakers who made short talks.

"Jing" Johnson, Ralph Chase, the captain of the team, Paul, '33, and Coach McAvoy took turns on the platform. Their speeches were enthusiastically received by the large student audience, nearly all boarding students attending the meeting.

The roll call of freshmen followed the singing of the Campus Song, which closed the proceedings for the evening.

## FROSH-SOPH TUG-OF-WAR

This afternoon at 4.15 p. m. the first gruelling Frosh-Soph grudge contest will be held—the annual tug-of-war. Both classes have formidable teams, both are confident of victory and ere this article appears in print the contest will be over and the victors crowned—not with laurel wreaths however, but with pieces of the battle-worn rope. At the same time, the losers (Heaven help them) will be soaked—not with water, but for the price of the rope. But after thinking the matter over again, maybe the water-soaking idea isn't so bad after all! Winning team, please note!

## RECREATION HALL NOTICE

The Council on Student Activities wishes to call the attention of the student body to the fact that the College rules do not permit smoking in or about the Library building. The authorities have filed complaint with the Council, and if this matter is not remedied immediately, the Recreation Hall will be closed. The Council desires that all frequenters of the hall show consideration and abide by the rule. The host and hostess have the power to enforce the regulation and will ask all offenders to leave.

## MILLION AND A HALF BRICKS USED IN NEW SCIENCE BLDG.

W. J. Burns, Engineer, Reveals Facts Concerning Tremendous Amount of Material Used in Building

### UPKEEP IS GREAT PROBLEM

More than fifteen miles of wire were used in the equipping of the new Science building. Enough to stretch between Collegeville and Norristown and back again. Thirty carloads of limestone were required for the erection of the structure! These are a few of the interesting statistics released by W. J. Burns, managing engineer in charge of the new edifice.

Few people, on entering the building, realize the tremendous amount of thought and care necessary in the running and upkeep of the latest addition to the Ursinus campus. What would happen, should a storm come up and the local electric supply be shut off temporarily?

The Exide emergency lighting system has been installed. It has a capacity of 7125 watts per 1½ hours. When the regular current is interrupted, the emergency system automatically switches into action. In the electrical control room are located sixty huge glass cells, having a total weight of three tons.

In the hot and cold water supply, 20 tons of copper pipe were used. Three tons of brass fittings, including over twelve hundred faucets in the laboratories, went into the building. All cold water pipes are covered by wool felt, tar-lined, canvas jacketed

(Continued on page 4)

## Nineteen Men Students Are Out For Cross Country Team

Nineteen prospective hill and dalers responded to the call for cross country candidates issued Monday. This squad, which is the largest ever to try out for the harrier team at Ursinus, registered with the Manager Tuesday, September 20th. Practice equipment was also issued on this day, with practice formally beginning on Wednesday.

On Thursday Dr. Rubin, fresh from his sojourn in Canada, met the squad for the first time. He conducted practice then, Friday afternoon, and Saturday morning. The coach stressed particularly "taking it easy" at this time of the season, cautioning the boys against unduly overworking themselves, a very common fault, to which inexperienced runners have an innate tendency. "Doc" urged the lads to devote the early season practice to attaining correct form in running, to which end some of the more seasoned men of the squad acted as examples.

Monday will find the squad going over the regular course for the first time. Heretofore the workouts had been confined to the track. After approximately two weeks of road work the team will be ready for its first taste of extra-mural competition—

(Continued on page 4)

## BAND LETTER REQUIREMENTS

1. All home games must be attended by band members.
  - 1b. No member of Band may cut a home game or any away game at which band is scheduled to play.
  2. Band members will be allowed one rehearsal cut and one pep meeting cut, or just two pep meeting cuts.
  3. Band members must be present at all rehearsals before an away game or band member cannot make trip.
  4. Color guard must present itself at each rehearsal. No cuts permitted.
- Awards this year will consist of the usual attractive letter for the first year, the charm for the second, and the sweater for four years of service. Manager Wenner is keeping an accurate roll and band members should keep posted on announcements for practice.

## COMING EVENTS

## Bears Inaugurate Grid Season With 26 - 2 Loss to Villanova

Captain Paul, Stellar End

## REV. GROTON OF WHITEMARSH ADDRESSES "Y" MEETING

In His Address, "Adaptability," the Speaker Recommends Self Sacrifice For Every Man

### "ROUGHING" TRIP PLANNED

The first meeting of the Young Men's Christian Association of Ursinus was held Wednesday evening, September 21, in Bomberger Hall, featuring as a speaker, the Rev. N. B. Groton of Whitemarsh, Pa. Despite rather poor attendance, due to the fact that there was a misunderstanding as to the time scheduled for the meeting, the current season may be recognized as having a most successful start, largely through the efforts of this most pleasing speaker.

Jerome Wenner, '33, president of the association, was in charge of the opening devotional exercises, which consisted of two hymns, a responsive reading, and a prayer.

Rev. Groton then addressed the group on the subject of "Adaptability," or the art of "fitting in." This trait, he stated, is not essential in everyone's life. He illustrated his point simply enough by using two stones, one piece of granite of excellent texture but rough and sharp on the surface; the other, a common cobblestone, but squared and shaped ready for any service that may be required of it. Thus, he pointed out, there are soft fine and pious people in all walks of life, yet they are not valuable in a group for they cannot "fit in." Often self sacrifice is required

(Continued on page 4)

## Frosh Football Candidates

### Drilling in Fundamentals

With the opening game less than two weeks away, the Freshman football team under Coach Don Sterner has begun to look more like a coordinate body and less like a group of individual stars working incoherently together. Practically all of last week was devoted to drilling in fundamentals. Besides acclimating the lads to the correct ways of blocking, tackling, and proper ball-carrying, the Cub mentor devoted much time to conditioning the boys for their oncoming campaign. Scrimmage will be deferred till some time this week.

As usual, the majority of the Frosh candidates aspire to be backfield men. The candidates for end positions are next largest in number. The battle for the tackle posts will be among about eight husky boys weighing between 170 and 195 pounds. Only a few of the candidates have played at center or guard during preparatory school days. However, Coach Sterner is expected to do a bit of experimenting in order to find the position to which the individuals are best suited.

Thus far no teams have been picked arbitrarily or otherwise. However, the Frosh team of this year promises to be the heaviest yearling squad to represent Ursinus in many years; most of the candidates have had some football experience; the past records of others speak for themselves. But this is all on paper; the fast approaching schedule will tell the real story.

## Wildcats Show Strength in Every Department; Grizzlies Strong in Pinches and Frequent Exchange of Punts

### 10,000 PEOPLE PRESENT

The Ursinus Grizzly succumbed to the Villanova Wildcat after a bitter struggle by the score of 26-2. The game, played under rather adverse football weather, attracted an unprecedented opening game crowd of 10,000.

Ursinus played a wonderful game for the first half. Captain Paul won the toss and elected to kick. Lodge, veteran halfback, kicked off to Villanova's 25 yard line, from where it was returned to the 35 yard line. Then followed a kicking duel, in which Lodge had the better yardage, a pass from Lodge to Paul gained 3 yards and a first down, after Tropp had knifed through tackle for two yards. Tropp was then thrown for a 5 yard loss on an attempted reverse play. Two grounded passes followed, and Lodge booted over the goal line.

With the ball on their own 20 yard line, Villanova gained 13 yards around right end, when Randour, a halfback replacement, was protected by beautiful interference. H. Levin then tossed Yorke for a 2 yard loss. Randour then kicked to Ursinus's 35, from where Shuman returned the ball to the 40.

Unable to penetrate the strong Villanova line, Lodge punted to the Wildcat's 34 yard line. Marion gained two yards. Randour then got off a quick which took the Bears by surprise, and the ball rolled to the 9 yard line, where it was downed by Rosen, Villanova tackle. A poor kick by Lodge followed. Randour and Beaudin crashed through right tackle for a first down. Randour, whose play was in the foreground throughout, circled right end for a touchdown. He also kicked the placement goal. Score: Villanova, 7; Ursinus, 0.

Lodge, Punting Specialist

Lodge kicked off over the goal line. Villanova was penalized for off sides. Smeigh stopped Marion for no gain. Randour kicked to Ursinus' 48 yard line. After three unsuccessful attempts to gain, Lodge kicked over the goal line. Deibler stopped W. Cavanaugh for a 2 yard loss. Randour punted to Shuman who returned to Villanova's 46. W. Cavanaugh intercepted Lodge's pass as the quarter ended on Villanova's 39 yard line.

### Second Quarter

During the brief intermission, Eachus replaced Shuman at quarter—

## Editorial Comment

### PUBLICITY FOR THE PUBLICITY COMMITTEE

On Tuesday and Wednesday of last week, days appointed for registration, every student filled in two blank cards concerning personal information about himself. Many students have been wondering why it was necessary to fill in two this year when in other years one seemed to be sufficient. And for their enlightenment, one of these blanks is kept on file in the Dean's office and the other will be used by the Ursinus News Bureau—wherein the questions are raised, what is the Ursinus News Bureau and why was it formed?

The bureau is composed of: Professor Sheeder, the nominal head; Mr. Russell C. Johnson, the athletic advisor; and Alfred Creager, the student director. Their purpose is to give legitimate publicity to Ursinus activities so that the college may become more widely known and, further, more accurately quoted. A recent newspaper article describes Ursinus as a "quaint medieval structure among the Oaks in Collegeville." It would seem that all we need is a drawbridge—although, come to think of it, where are the knights? It is the idea of this committee to give the newspapers and radio stations straight-hand material so that such imaginary descriptions will not occur. More than this, the committee wants to give all the information it can to the larger news agencies so that people may learn more of Ursinus and be impressed by her high standards of scholarship and moral character. It might be stated here that this bureau came about as a result of an editorial printed last year in the "Weekly."

So far, the bureau has made excellent progress. It now corresponds regularly with two hundred and twenty-five newspapers; and four radio stations are willing to broadcast any athletic news or special interest stories. This summer the committee sent out a mat of the new Science Building to many of the key papers throughout the State. In the future, questionnaires or censuses of various activities might be taken. It is hoped that the students will not, through any sense of false modesty, hold back anything that might be valuable information. Instead, it is urged that everyone cooperate with this committee and hand in all news, cuts, or pictures that might be of interest.

A. M. B. '33

### THE FROSH BANQUET

Unless we miss our guess, before long the freshmen will be boarding buses and leaving for the big social event of their first year at College. On that night, whenever it may be, the sophomores and upperclass men may need chaperones too.

Last year the stacking of rooms was negligible. This year it should be eliminated entirely. There were the "good old days" when the innocent yearling returned to find the contents of his room scattered over the back campus or else water-soaked and lying in a heap in the middle of the room. Thank goodness those times are past.

There is no fun in the destruction of property. This reflects a poor attitude on the part of the student body. This year should be free from this pernicious custom of the past. No stacking!

A. C. A. '33

### SMOKING IN THE RECREATION HALL

No smoking in the Recreation Hall! In another column of this issue will be found an article concerning the action taken by the Council on Student Activities relative to smoking in or about the Recreation Hall.

This notice, it seems, is self-explanatory. The College has decreed that there shall be no smoking in the recitation halls and in the library. The dictates of common sense should tell us that it is dangerous because of the great number of books, papers, and other articles in the building.

The library authorities have kindly given the students the use of the basement for social purposes. Some students, very few to be sure, are abusing the privilege. The College men and women will be faced with the task of finding another room if this practice is not stopped.

A little thought and care will go a long way. We do not want to see the Recreation Hall abandoned, but that is what will happen if public opinion does not rise up and say to the few offenders, "Stop that smoking!"

A. C. A. '33

### LARGE GROUP OF STUDENTS ENLIST IN COLLEGE BAND

Prospects for a bigger and better college band appear very favorable with the enlistment of a large number of freshmen. The band will be comprised of fifty or more members and will in a short time be fully equipped. The uniform this year, as before, will consist of red sweaters, black trousers, and black berets. Harold Horne will again lead the band and Jerome Wenner, '33 is manager. Dave Stephenson, '34, in addition to being assistant manager will strut once more as drum-major. The band will play as usual at all of the home games, and transportation will be provided for them to a number of the games played away.

### Varsity Club Elects Athletic Representative

At a meeting held Thursday noon, September 22, the Varsity Club elected Alvin Paul, '33, as student representative to the Athletic Council of the College.

Clark Sautter, '33, gave a detailed report of the progress the football program committee was making. He stated that the programs were nearly completed and plans were being made to place them on sale just before the first home football game, which incidentally is on October 15, with F. and M. The president of the club is to have charge of the selling of the programs.

John Reese, '33 acted as chairman of the meeting in the absence of the president, Joseph Diehl, '33.

## GAFF from the GRIZZLY

Dear old Brodbeck! First with the latest, always. This time it was a stag game of Spin the Plate.

It took a Lady of the Green Ribbon to discover that "Horny" had no philosophy of life.

And have you noticed some of those Frosh light fantastickers in Rec. Hall? It just bears out the fact that nature in the raw is seldom mild.

Our Will dropped in Thursday evening. Danny's hopes went up for a little while, but now they're lower than ever.

Maybe the Carnegie Football Investigators were right after all. That handsome guard mentioned by Betty Starr certainly doesn't go here.

Have you all heard Elmer's new story of the absent-minded broker?

Rugs Cleaned! Heck and Schnable. Endorsed by David (Stonewall) Burhans.

It has been suggested that Benny Zamostein might graft a little more dough if he promised to keep the band away from the games.

### SOCCER CANDIDATES TO VIE FOR VARSITY BERTHS

Dr. Baker, coach of soccer, is slowly rounding his candidates into shape. During the past week more candidates have reported and competition for varsity berths is keen.

At present two full teams have been scrimmaging and much time is spent on the fundamentals of the game—passing, picking, and heading the ball. Jim Rapp, Stoudt, Russ Fisher, George, Stratton, Alspach, Ellis, and Pote, from last year's squad are showing promise, while Schaeffer, Brian, and others are polishing off the rough spots and will break into the line-up.

There is still lots of time to report. Dr. Baker will gladly welcome any newcomers to the squad. Practice begins at 3.30 daily at the soccer field behind the gymnasium.

### WOMEN'S ATHLETIC COUNCIL ELECTS REPRESENTATIVES

The W. A. C. held its first meeting of the 1932-33 year on Thursday, September 22. The new class representatives were welcomed. They were: senior, Mary Rothenberger; junior, Sarah Mary Oederkirk; sophomore, Lillian Barnett. Elections for the managers were held and the following were chosen: Iris Lutz, baseball and track; Marion Blew, tennis; and Betty Neist, hiking. There was a discussion as to whether the constitution should be printed or in booklet form.

### LEVIN ELECTED TO COUNCIL

Samuel Levin, '35 was elected to the Men's Student Council by a meeting of the Sophomore men held last Tuesday noon. This place on the council was made vacant by the failure of the man previously chosen to return to college this fall.

### Y. W. TO SPONSOR "SING"

The regular Wednesday night meeting of the Y. W. C. A. will be given over to a "sing." It was planned to have the "sing" at Glenwood Memorial at 6.45 p. m. on Wednesday, September 28.

Glenwood Memorial has long been a favorite beauty spot of Collegeville, and should furnish ideal setting for the musical program which has been prepared.

The Y. W. cordially invites all the girls to be present.

### VESPERS

A well attended vesper service was held Sunday evening. The organ prelude, played by Alfred Alspach, '33, was followed by the main service, consisting of a hymn; the scripture reading by Henry Bille, '35; a duet, "The Lord Is My Shepherd," by Ruth Haines, '34 and Iris Lutz, '33. Dr. Lentz, the speaker of the evening, used as his topic "Religion in This Scientific Age," which was very interestingly handled. A prayer by Dr. Lentz, a hymn, and benediction concluded the service which was unique in that there was no leader, but printed programmes were distributed instead.

**The Tower Window**

It is a matter of interest to all Ursinus people that it was just one hundred years ago this fall that educational work was first started on the present grounds of Ursinus College, and that there has not been a year since in which youth have not come here to be educated. The history of that early start has never been exhaustively studied. Not many dates can be cited, but one whose one hundredth anniversary the publication date of the present number of the Weekly most nearly commemorates, may be taken as a significant one in the founding of that early school, namely September 24, 1832—the date of the indenture by which Andrew Todd and Hannah, his wife, deeded to a board of trustees a plot of land “for the special use and purpose of erecting and building a Schoolhouse thereon for the use of the neighborhood and its vicinity.” The document recites that on August 4, 1832, a meeting of citizens was held for the purpose of choosing trustees. These trustees were John Berck, Abraham Hunsicker, (afterwards founder of Freeland Seminary) John Todd (son of Andrew Todd), John Prizer and David Beard.

The tract of land in question is a strip lying directly opposite Super-house, the present home of the president of the College. It was part of a tract of 64 acres bought by Andrew Todd of John Reed, May 1, 1782. The surrounding lands were owned by Christian Schrack, Frederick Muhlenberg, Henry Tatweiler, Detrick Withler and Jonathan Meredith. At the time of the founding of the school Andrew Todd was in his eighty-first year. He died less than eight months after the deed for the land was executed. “Ten dollars or some part of it” is the consideration named in the deed which means that the grant was in fact a gift.

Andrew Todd is said to have come to America as a boy from Ireland. He doubtless was one of the so-called Scotch-Irish settlers who constituted so important a part of the early population of Pennsylvania. He was an elder in the Lower Providence Presbyterian Church. His daughter Isabella married Robert Hammill, a merchant of Norristown. The Hammills had three sons who became prominent Presbyterian ministers, and two daughters who married ministers. One of these was Rev. Charles William Nassau who was pastor of the Lower Providence Presbyterian Church, 1825-28, and two of whose sons became Presbyterian ministers—one a missionary to Africa.

The teacher in charge of the school which became known as Todd's School, was a son of Andrew Todd, William Tennant Todd, undoubtedly named after the Rev. William M. Tennant, grandson of the founder of the Log College at Neshaminy, who was pastor of the Lower Providence church from 1781 to 1811. My neighbor, the late Captain H. H. Fetterolf, said the building was a one-room structure built of stone and roughcast on the outside. It stood about 100 feet from the present curb of the street and about an equal distance eastward from the walk leading to the circle in front of Bomberger Hall. When the schoolhouse was built it presumably stood in the edge of a wood. It was sheltered by a large oak tree. A few companion oaks still stand to remind us of those pioneer days—one at the east corner of Derr Hall and another at the west corner of Stine. The large red oak near the path to the gymnasium is also a representative of the primeval forest.

In the comments of “50 Years Ago” published recently in the Norristown Times Herald, it is stated that there had just come to light “a document written and circulated in 1832 for the purpose of securing funds to build the school house that formerly stood on a portion of the ground now comprising the campus of Ursinus College. The paper bears the names of 168 signers with sums opposite varying from fifty cents to \$20. At that time (50 years ago) only sixteen of these subscribers were still living. They were Jacob Espenship, Joseph Buckwalter, Daniel D. Allen, Joseph Springer, Andrew Todd, Jr., Stroud Spare, Henry Loux, Joseph Schlichter, George Detwiler, Michael Alderfer, George Fronfield, Henry Landis, Abraham Espenship,

Frederick Zimmerman, George Buckwalter, and Henry Solomon. At the time Andrew Todd donated the land for Todd's School, a great, great grand niece, Mary Todd, was a school-girl fifteen years of age in Lexington, Kentucky, where her father was a state senator and banker. A little later Mary Todd went to Springfield, Illinois, where in 1842 she became the wife of Abraham Lincoln.

G. L. O.

**NEW CHEER LEADERS**

Several applicants have tried out for the positions of cheerleaders. Those who have thus far qualified are: Elmer Morris, '33 and James Russo, '34. Other prominent aspirants are Leonard Heck, '34, Lawrence Berardelli, '34, and H. Allan Cooper, '34. A uniform squad of four regulars and one alternate will be employed. The student body is urged to cooperate with the cheerleaders at pep meetings and particularly at the games. Two short new yells have been added to the repertoire, which may be learned by consulting the Freshman manual.

**ALUMNI NOTES**

'18—The Credit Executive, official publication of the New York Credit Men's Association, carries in its September number an excellent portrait of Wilbur K. McKee, who conducts the department of Business English in the publication. Professor McKee is a member of the faculty of the School of Commerce, New York University. He is also in charge of the Business English and Public Speaking classes of the New York Chapter of the National Institute of Credit.

'29—Among the Ursinus weddings which took place during the summer was that of Viola Sweigart to Cyrus E. Beekey of Myerstown. The ceremony was performed at Shillington. Harriet Kohler, '31 of Richlandtown was maid of honor and Rebecca Swope, '29 of Myerstown was bridesmaid. Mr. Beekey is a graduate of the Myerstown High School and Albright College and is engaged as teacher of biology in the Reading High School. Mrs. Beekey is a teacher in the community high school at West Lawn, Pa.

'28-'30—The engagement of Elizabeth M. Yahraes to Frederick M. Cornelius was announced during the summer. Miss Yahraes has been a teacher in the Easton High School for the past two years and Dr. Cornelius was graduated from Temple Medical School last June.

'30—Katherine B. Tower is assisting in the library at Haverford College, Haverford, Pa.

'30-'31—On Saturday, June 11, Joseph N. Pedrick, '30, and Margaret L. Strevig, '31, were married in Heidelberg Reformed Church at York, Pa. Dr. W. Sherman Kerschner and Rev. Evan C. Pedrick, a brother of the groom, performed the ceremony. Rev. and Mrs. Pedrick are living at Swainton, N. J., where Rev. Pedrick is the pastor of the Asbury and Avalon M. E. Churches. Both Rev. and Mrs. Pedrick are resident students at Drew University at Madison, N. J., during this year.

'31—John B. Lentz will again take up his studies in Engineering at Lehigh University.

ex-'31—The marriage of Mary Conety to Mr. Kennoch Daehler took place in Atlantic City, June 10. Mr. and Mrs. Daehler will reside at the Crystal Lake Country Club, Crystal Lake, Ill.

'32—Ann Landless has been elected to the teaching staff of the Wildwood Schools.

'32—Anne Uhrich is taking courses in Physical Education and assisting Coach Snell at Ursinus.

'32—Evelyn Reimel is teaching in the public schools at Metz, Pa.

'32—Beatrice Lesser is attending the McCann's School of Business in Hazleton, Pa.

'32—Doris Wagner is accompanying her father on a trip through the middle west.

'32—Mary Crawford is teaching History in Clifton Heights, Pa.

ex-'33—Helen Batdorff is attending the Women's Medical College in Philadelphia.

ex-'34—Allen Boyer is attending the Dental School of the University of Pennsylvania.

Among the visitors on campus during the week were: Henry Sellers, '25, Warren Hess, '31, Ray Coble, '31, George McBath, '31, and Lois W. Strickler, Evelyn Henricks, Scott Covert, Evelyn Reimel, Eleanor Mengel, Ruth Riegel, James Herron, Charles Soeder, and J. Wilbur Applegate, all of the class of '32.

**Coach Snell's Hockey Team Awaits Prosperous Season**

To the tone of batted balls and the smart of batted shins the Ursinus hockey players ran through their first practice last Tuesday. An eager squad of fifty batting hockey stars reported to Coach Snell's first call.

The girls are working hard in order to equal or better the splendid record of last year's team which lost only one game during the season and tied another. With the loss of six varsity players through graduation, Miss Snell confronts a real problem as she looks for girls to fill the positions of players, such as Toot Wismer, Anne Uhrich, Billie Strickler, Mickey Stenger, Esther Billet, and Polly Grove.

To fill these holes there is much quality as well as quantity among the enthusiastic candidates. Miss Snell, with the assistance of Anne Uhrich, one of last year's stars, feels optimistic as she plans to build a team around Captain Edith Walters, fast and clever half-back. The rest of the girls of last year's squad who have reported find all positions being closely contested by three or four other promising players who have shown a good knowledge of hockey. The frosh girls particularly offer a wealth of material exhibiting considerable speed and accuracy.

Because of the late opening of the colleges in and around Philadelphia, Manager 'Babe' Quay has experienced difficulty in scheduling games definitely. However the season will probably open on October 15th when the alumnae will offer competition. There is also a game scheduled for October 19th with Beaver.

**Bears Inaugurate Grid Season**

(Continued from page 1)

back for Ursinus. Villanova made a first down on two plays. Marion failed to gain on an off tackle thrust. A fumble followed, Villanova recovering for a 7 yard loss. Randour punted to Ursinus' 21 yard line.

Lodge and Eachus made 5 yards. Lodge kicked to Villanova's 45 where Paranak, snappy Ursinus guard, downed the ball. Randour reeled off 14 yards around right end. Weisenbaugh replaced Randour, and Cook replaced Marion for Villanova. Cook plunged through center for 7 yards. He gained four more on the next play, but fumbled, and Lodge recovered for Ursinus. Cox replaced Milne at right guard for Villanova.

Lodge Punted to Villanova's 30. Eachus intercepted Weisenbaugh's pass and ran 15 yards to Villanova's 45. Nowe replaced Gezzer at center for Villanova. After failing to gain, Lodge punted to Villanova's 15 yard line. Cook reeled off eight yards, but Villanova was detected holding, and penalized 15 yards. O'Donnell replaced Taylor for Ursinus. Donohue, was forced to kick from behind his own goal line. A bad pass from center sent the ball bouncing about in the end zone. Donahue kicked the loss ball and the officials ruled it a safety for Ursinus. Score Villanova, 7; Ursinus, 2.

Donahue punted from Villanova's 20 yard line to Eachus who ran the ball back to the 45 yard line. Two consecutive passes, Eachus to Captain Paul, netted 24 yards. The next pass grounded on the goal line as the half ended. Score 7-2.

**Third Quarter**

The teams came back on the field after the 20 minute intermission. Due to the fact that the Ursinus eleven threatened seriously at the end of the first half, much was expected from them the second half. But the reserve strength of the Wildcats proved too much for the tired Bears.

Lodge kicked off over the goal line. Villanova made a first down. An end run failed. Smeigh and O'Donnell tore through the opposing line, and were upon the Villanova kicker. The ball hit O'Donnell and after a scramble, Villanova recovered. Their next try was successful, and the ball was downed on the 45 yard line. After two ground plays had failed, an Ursinus pass was intercepted. Cook reeled off several long gains, and eventually scored from the 2 yard line. Score: Villanova, 19; Ursinus, 2. Sommers replaced Smeigh, and S. Levin replaced Diebler for Ursinus. Lodge kicked off. Villanova was held for downs and kicked to Ursinus' 34 yard line. Petroski replaced Paul for Ursinus. Villanova reeled off two first downs as the period ended.

**Fourth Quarter**

Ursinus sent in a new backfield Shuman, Harvey, Tinney and Seiple. Villanova was penalized 5 yards for being off side. Three plays netted the Wildcats 32 yards. They advanced to the Bear's 8 yard line, where a stubborn defense held Villanova for downs. Shuman kicked to Ursinus' 37 yard line. Two consecutive end runs for first downs, followed by off tackle thrust netted the final touchdown. Score: Villanova, 26; Ursinus, 2.

Villanova kicked off to Seiple who returned the ball from the goal line to Ursinus 30 yard mark. The play for the remainder of the game centered about midfield.

The lineup:  
Villanova Ursinus  
Donahue . . . . .left end. . . . . Paul (C.)  
Rosen . . . . .left tackle. . . . . Deibler  
Blanchard . . . . .left guard. . . . . Paranak  
Gezzer . . . . .center . . . . . Bennett  
Milne . . . . .right guard. . . . . Smeigh  
Hickey(C.) . . . . .right tackle. . . . . Breisch  
Grimberg . . . . .right end. . . . . Taylor  
Beaudin . . . . .quarterback. . . . . Shuman  
Randour . . . . .left halfback. . . . . Tropp  
Yorke . . . . .right halfback. . . . . Lodge  
Marion . . . . .fullback . . . . . Peterson

Score by periods:  
Villanova . . . . . 7 0 12 7—26  
Ursinus . . . . . 0 2 0 0—2  
Touchdowns—Villanova: Randour, Cook, Yorke and Patzsch. Tries for points—Villanova: Randour (replacement), Yalsh (placement), Safety—Ursinus (Donahue, of Villanova).

Substitutions—Ursinus: H. Levin for Breisch, Eachus for Shuman, T. Price for Bennett, O'Donnell for Taylor, T. Price for Bennett, Levin for Breisch, Sommers for Smeigh, Petroski for Paul, Seiple for Lodge, Harvey for Tropp, Shuman for Eachus, Tinney for Peterson, Kravitz for Levin, Farias for Paranak, Taylor for O'Donnell.

Villanova: Cavanaugh for Beaudin, Cook for Marion, Weisenbaugh for Randour, Cox for Milne, Malaney for Blanchard, Wetzler for Yorke, Nowe for Gezzer, Randour for Weisenbaugh, Milne for Cox, Blanchard for Malaney,

Yorke for Wetzler, Gezzer for Nowe, Zizac for Rosen, Nowe for Gezzer, Cox for Milne, Malaney for Blanchard, Sullivan for Hickey, Cavanaugh for Beaudin, McGee for Gumberg, Goggins for Donahue, Wetzler for Yorke, Weisenbaugh for Randour, Marion for Cook, Trosky for Cavanaugh, Jelovich for Goggins, Patzsch for Marion, Cox for Milne, Lee for McGee, Mahaffey for Nowe, Walsh for Weisenbaugh, Brodnicki for Sullivan, Foster for Cox, Conley for Wetzler.

Referee—J. T. Clinton, Yale. Umpire—Charles G. Eckles, W. and J. Field judge—F. R. Wallace, Washington. Head linesman—William Hollenback, Penn.

**FROSH FOOTBALL CANDIDATES DRILLING IN FUNDAMENTALS**

Most of the Ursinus Bear's football opponents will swing into action this week. The Haverford game was cancelled because of the infantile paralysis epidemic in the vicinity of Philadelphia.

Dickinson will not play this weekend. Franklin and Marshall will open its season with the tough University of Pennsylvania aggregation. In the last grid contest which the Nevonians played on Franklin Field, the game, which was doped by the sports writers to be a "breather," threw a decided scare into the Red and Blue ranks when the strongest Blue and White team in years was a continued threat.

This year the F. and M. mentor, Alan Holman, former Ohio State star, is building his attack around Ardell Passell, fleet-footed pass flinger and co-captain. Mike Karvasales, diminutive sophomore quarterback proved to be a real threat when his passing and open field running played an important part in F. and M.'s decisive 21-7 victory over Moravian. Gardecki, Barhight, Richards, Brubaker, and co-captain Cunningham, are the remaining first stringers who saw action against Ursinus last year.

Drexel expects to have a strong team this season.

LaBove, thorn in the Grizzly's flesh last year, has been graduated from the Philadelphia institution but Coach Halas is grooming others to take his place. A lightning aerial attack was a large factor in Drexel's 13-13 tie with Lehigh last Saturday. The Dragons meet the gridders from West Chester State Teachers' College this coming Saturday.

Muhlenberg plays Lafayette this week. The Allentown men had little trouble disposing of St. Joseph's but will have some tough sledding when they hit the Eastoners.

Gettysburg will encounter Juniata. The latter handed the Battlefield boys a surprising setback last year and the bullets are out to avenge the 6-0 loss handed them by the Huntingdon Indians. Hen Bream is hoping to find a suitable backfield combination. Jones, Eby, Olkewicz, Morris, Howard, McMillen, and McGinnis, are being groomed for positions. On the line, Captain "Bull" Stoner will be a tower of strength. As usual, Gettysburg will have a pair of flashy ends in McCarty and Eden, and the prospects for a successful season are very bright.

**NINETEEN MEN STUDENTS ARE OUT FOR CROSS COUNTRY TEAM**

(Continued from page 1)

Villanova at Villanova, scheduled for Saturday, October 8th. The coach hopes to enter the greater part of the squad in this meet.

The personnel of the cross country team is headed by Clark Sautter, '33, the captain. Sautter, who is starting his fourth season as a hill and daler, won a letter in the sport in his sophomore year. The dark-skinned captain is also one of the most capable long distance runners of the track team, being a two-miler. Although he had no running experience before coming to Ursinus, he last season earned the commendation of Coach Rubin as being the most consistent runner on the squad.

Irvin Sutin, 34 and Leonard Heck, '35 will be the only other lettermen of last year's Conference championship team to perform in the current campaign. Sutin is a veteran of two cross country seasons. He captained the harriers through the 1931 season. "By" Heck, who showed steady improvement last fall, is expected to be an important factor in calculating team strength.

The remainder of the squad, composed of a motley group of personalities, are for the greater part inexperienced. A few have done some cross country running; high school track work has been the forte of another sector. The 1932 cross country team, aside from last year's lettermen, will be picked from the following aspirants: Everett Danehover, '34, Norman Shollenberger, '34, Thom-

**The Collegiate Spotlight**

By M. L. H.

A senior co-ed, attending the All-University Prom in Boston, became indignant when a puny freshman cut in while she was dancing with one of the greatest athletes of the school. She addressed the freshman in such a way that he hung in head in shame and replied: "I'm sorry, lady, but you see I am working my way through school, and your partner was waving a five dollar bill at me."

Dr. Walter James of Massachusetts Institute of Technology, a geologist, says that women of today are no different than they were 10,000 years ago. Of six hundred skeletons recently dug up in Alabama, all the women had their mouths open. Most of the men were shut.

(With apologies to Joyce Kilmer and Coe College)

I think that I shall never see  
A "D" as lovely as a "B"  
A "B" whose rounded form is pressed  
Upon the records of the blessed  
A "D" comes easily—and yet  
It isn't easy to forget.  
"D's" are made by fools like me  
But only God could make a "B".

A professor out at Creighton University told his French class that the relation between a woman and a cravat is that they were both always around your neck.

But you can always take off your cravat.

A Boston University student has been ostracized from society for approaching an upper classman with the question "Are you a member of the student council, or do you accomplish things?"

Undergraduates at Yale are "the most pampered individuals in the world", in the opinion of P. M. Bissel, a student radical who edits the "Harkness Hoot."

At Bucknell the non-fraternity men organized themselves and became so powerful that the fraternity cliques were buffaloeed for several weeks before elections.

The motto of Muhlenberg College weekly is "of the students, by the students, for the students, thanks, Mr. Lincoln."

Administrators at Michigan State College are extremely thoughtful. They have ruled that all students attending the spring dance may cut their classes from three o'clock on the day of the dance and all those the morning after.

At the University of Missouri it was found after an investigation that less than twenty-five per cent of the students knew the name of their dean.

We heard that a student at the University of Alabama took a course entitled "How to Study," flunked it and passed all his other subjects with an average of B.

At Bucknell, a freshman walked into the gym and asked for a scrimmage line. When questioned, he revealed that he wanted it to tie up a charley-horse.

**REV. GROTON OF WHITEMARSH ADDRESSES "Y" MEETING**

(Continued from page 1)

of one to be able to help a situation in which he must adapt himself. Rev. Groton closed his talk by stating how pleased he was to return to Ursinus and be able to speak to the "Y" members again.

President Wenner followed with a few remarks to the group, first telling of plans for a week-end "roughing" trip the "Y" had planned to take in the near future, and seemingly, asking the members' opinions of a proposed Y. M. C. A. chorus, which he stated, would be a great boost both to the college and to the association. A closing hymn ended the meeting.

**WEEKLY CANDIDATES TO MEET**

All candidates for the Weekly Staff, including freshmen and upper classmen, will meet on Wednesday, October 5th in room 8, Bomberger Hall.

as Hepner, '35, George Givant, '35, Albert Stewart, '35, George Fissel, '36, Paul Williams, '36, William Berman, '36, Elvin Kates, '36, William Lee-brown, '36, William Hough, '36, Robert McLaughlin, '36, William Grove, '36, George Carvel, '36, Irving Rapaport, '36, and Jacob Krause, '36.

**MILLION AND A HALF BRICKS**

USED IN NEW SCIENCE BLDG.

(Continued from page 1)

protections. J. Frank Boyer of Norristown did the plmbing, heating, and electrical work.

**Pipes Marked by Code**

All piping is marked by painted stripes of different sizes and colors. A one-inch black band signifies to the trained observer that it is a gas pipe. If the color were red, it would mean that the duct carried compressed air. Steam pipes are marked with a large and a small stripe while the steam return, acid waste, hot and cold water pipes each have their own mark which designates them. By this manner the line can be traced throughout the whole building. Should any leakage occur, it could easily be traced.

**Million and a Half Bricks Used**

The number of bricks used in the structure is in excess of 1,550,000, according to the contractor. Every brick, of course, had to be laid by hand and with precision. No estimate of the total weight of the stones required for the structure is available at the present time.

**Remote Control for Ventilation**

The ventilation equipment used for expelling acid gases and foul air includes 21 motors, all of which are remotely controlled from the various laboratories in the building. Transite piping ranging from 8 inch to 24 inch in diameter leads the obnoxious odors up to the top of the building where they are forced out through large exhaust sleeves. The heating system includes 29 Universal Heating Cabinets, motor driven, which constantly change the air in the class rooms.

(This is the first of a series of articles concerning the new Science Building.)
