

Delamination fractures in composite materials - DTU Orbit (08/11/2017)

Delamination fractures in composite materials

General information

State: Published

Organisations: Department of Wind Energy, Composites and Materials Mechanics

Authors: Sørensen, B. F. (Intern)

Pages: 213-240

Publication date: 2015

Host publication information

Title of host publication: Modelling Damage, Fatigue and Failure of Composite Materials

Publisher: Woodhead Publishing

Editors: Talreja, R., Varna, J.

ISBN (Print): 9781782422860

ISBN (Electronic): 9781782422983

Chapter: 11

Series: Woodhead Publishing Series in Composites Science and Engineering

Main Research Area: Technical/natural sciences

Publication: Research - peer-review › Book chapter – Annual report year: 2015
