

Introduction - DTU Orbit (08/11/2017)

Introduction

General information

State: Published

Organisations: Department of Energy Conversion and Storage, Proton conductors

Authors: Jensen, J. O. (Intern), Hjuler, H. A. (Intern), Aili, D. (Intern), Li, Q. (Intern)

Pages: 1-4

Publication date: 2016

Host publication information

Title of host publication: High Temperature Polymer Electrolyte Membrane Fuel Cells : Approaches, Status, and Perspectives

Place of publication: Switzerland

Publisher: Springer

Editors: Li, Q., Aili, D., Hjuler, H. A., Jensen, J. O.

ISBN (Print): 978-3-319-17081-7

ISBN (Electronic): 978-3-319-17082-4

Main Research Area: Technical/natural sciences

DOIs:

10.1007/978-3-319-17082-4_1

Publication: Research › Book chapter – Annual report year: 2016
