

## Nacelle Transfer Function - DTU Orbit (08/11/2017)

### Nacelle Transfer Function

The report describes measurements carried out on a given turbine. A comparison between wind speed on the met mast and Nacelle Wind speed are made and the results are presented on graphs and in a table. The data used for the comparison are the data that are same as used for the power curve report. The measurements have been performed using DTU's measurement equipment, the analysis and quality control has been performed by DTU.

### General information

State: Published

Organisations: Department of Wind Energy, Test and Measurements

Authors: Gómez Arranz, P. (Intern), Vesth, A. (Intern)

Number of pages: 108

Publication date: 2015

### Publication information

Publisher: DTU Wind Energy

Original language: English

Series: DTU Wind Energy WTT I

Number: 1117(EN)

Main Research Area: Technical/natural sciences

DTU Wind Energy WTT I-1117(EN), WTT-I-1117, WTT-I-1117(EN)
