

## Solar Test Platform - DTU Orbit (09/11/2017)

### Solar Test Platform

#### General information

State: Published

Organisations: Solar Energy Programme, Risø National Laboratory for Sustainable Energy, Department of Energy Conversion and Storage

Authors: Krebs, F. C. (Intern)

Publication date: 2011

#### Publication information

Country: Denmark

Patent number: WO 2356477

Date: 17/08/2011

Original language: English

Polymer solar cells

Main Research Area: Technical/natural sciences

#### Relations

Projects:

Solar Test Platform

Publication: Research › Patent – Annual report year: 2011
