**COMPILED FOR THE 50TH ANNIVERSARY CELEBRATIONS
OCTOBER 2002**

Dedicated to Mary Grigg

Secretary 1958-1985

Mary typed (with carbon copies) the 1970-1982 publications for a Review of the Fred and Eleanor Schonell Educational Research Centre. At that stage all publications were listed in different categories so it was not just a matter of listing them by year. Mary's publication list was meticulous, as was all her work. If there are any errors they must be ascribed to those who followed her. At some stage in the 80s, when computers first appeared, I transferred Mary's typed list to a computer document. It was only later that I took the easy way out and compiled the publications by year and no longer by category.

It should be acknowledged that, without Mary's original typed list, such a detailed and historical list of publications would not have been possible. Thanks Mary.
