RESOLUTION #21

Discrimination

Whereas, the University takes the stance that they will not discriminate on the basis of sex, religion, race, etc., and

Whereas, we feel that the University is not upholding this policy, and

Whereas, discrimination runs directly converse to state guidelines for allocation of money and university control,

Therefore, the Associated Student Government feels that in practice the university should not allow any form of discrimination as listed above, and

Further more they should do everything in their power to provide a dissentive to any organization on campus that discriminates,

The dissentive should take the form of:

1. That University publications should not recognize such events as "Western" events
2. That the Title "Western" not be allowed to be used on discrimanatory basis
3. That University facillilities would not be available for such

Some forms of discrimination are:

Miss Black Western
Mt. Laurel Representative
United Black Greeks

It is our belief that discrimination manifests in the form of eligibility, more over discrimination is not a function of color vs. color or male vs. female, but rather a function of all colors or sexes being eligible for all University sponsored or University allowed events.
