The Congress of Senate Faculty Leaders

Be it resolved that this body, the _____
direct its _____ and one other faculty
representative to work with the representatives from
the public universities of the Commonwealth for academic
and other faculty concerns; to share information; to
meet in an advisory capacity with the Council on Higher
Education to express these common concerns; and that
said group be self-directing and known as the Congress
of Senate Faculty Leaders.

(signed)

(The COSFL hopes that the various Senate bodies across the state will take action on this resolution as soon as possible. Some form of this resolution has already been passed by four state institutions: WKU, Northern, Murray, and the University of Louisville. Since the legality of the resolution involves only leadership of faculty bodies, rather than the bodies themselves, there should be no problem in its passage. Harry Snyder, director of the Council on Higher Education, has already requested a meeting with him and/or the Council; therefore, there is some degree of urgency in our achieving legitimacy. This resolution is being acted upon across the Commonwealth, and if any body attempted to amend the resolution it would then be more than one resolution and undone.)
