Dear Former Students,

It was indeed a pleasant surprise to receive the very fine tribute to me from you. You will not understand until later in life how pleasant it is for a teacher to receive the commendation of former students. Nothing is more welcome.

Above all, I am glad to know that you are in love with History, something I have always tried to inculcate in my students, but have very often failed in doing. History is, of course, not the only subject one needs, but it is the primary essential one which deals with the records, in our sense, with human achievement. As such, it is so very necessary in understanding human behavior in success and failure.

I am extending to all members of the History Club, your sponsor and the history staff, my thanks for the pretty tie you sent me at Christmas time. I am wearing it only on special occasions. With all best wishes, I am,

Sincerely yours,

A.M. Stickles
