March 8, 1939

The Biology Club held its regular monthly meeting at 7:30 P.M. in Snell Hall on March 8, 1939.

The president called the meeting to order, the roll was called, and the minutes of the last meeting were read and approved. Six new members were elected to the club.

The constitution was then read for the benefit of the new members.

Mr. Watson was paid the fifty cents due him for winning the "Professor Quiz" contest at the last meeting.

Mr. Craft made a motion that the treasurer be empowered to purchase a new minute book out of the funds of the club. This motion was seconded and passed.

The president mentioned the spring outing to be held before school is out, and he suggested that we think over the matter and decide at the next meeting where we would go.

The president then appointed the following committees.

Special Committee -

Miss Nancy Scott - chairman

Miss Margaret Roemer

Mr. Frank Yarbrough

Program Committee -

Mr. H. A. Lund

Mr. Lester Brock

Miss Doris Hutchinson

Annual Committee -

Mr. Winfred Craft - chairman

Mr. Daryl Harvey

Miss Caroline Thatcher

The program was then turned over to the vice-president, who presented the following program.

A short talk by Mr. Robert Watson on "Origin of Birds"; a talk by Miss Mary Boehme on "Plastic Surgery" and "Neurotic Rats"; a talk by Mr. Winfred Craft on "The Lindberg Heart" and "Sulfonamides"; and a talk by Mr. L. W. Blakey on "The Development of Insecticides from Agricultural Sources."

Dr. Lancaster then made a few remarks to the club concerning the next spring outing.

There being no further business the club then adjourned ^{until} April 19, 1939.

Respectfully Submitted,
Daryl Harvey - Sec. - Treas.

April

May 19, 1939

The Biology Club held its regular monthly meeting on April 19, 1939 at 7:30 P.M. in Snell Hall. The president called the meeting to order, and he immediately turned the program over to Dr. W.D. Carson who made a talk on "Syphilis and ^{Other} Venereal Diseases."

After the talk, the club held its regular business session. The roll was called, the minutes of the last meeting were read and approved, the club then ^{voted} decided, after a very lengthy discussion, to go to the Todd County cliffs for our annual spring outing. The date decided on was May 6, 1939, and if the weather on that day was inclement, we would postpone the trip until May 20, 1939.

The president then appointed the social committee and the treasurer to collect the money for the trip. The amount of each member's assessment to

in proportion
 be proportionally to the mileage
 to and from the cliffs plus
 a twenty five cent charge for
 each meal while gone.

There being no further bus-
 iness, the club adjourned until
 the spring outing.

Respectfully Submitted,
 Daryl Harway - Sec. - Treas.

May 10, 1939

The Biology Club held its last meeting of the school year at 7:30 P. M. in Ogden Hall on May 10, 1939.

The president called the meeting to order, the roll was called, and the minutes of the previous meeting were read and approved.

A motion was made and carried that the Biology Club go to Mammoth Cave for the spring outing, and that we ~~leave~~ ^{leave} the Sunday morning of May 21, at 7:00^{o'clock} from the circle between Snell and Ogden Hall.

The following officers were elected pro-tempore by acclamation:
 James Lecky - President
 Russell Starr - Vice-President
 William Rinne - Sec. & Treas.

A motion was made & passed that we adopt resolutions thanking Dr. Lancaster and Dr. Stephen for sponsoring the club during the past year.

The program was then turned over to the vice-president who

Conducted a round-table discussion on evolution. Talks were made by Dr. Lancaster and Dr. Wilson.

There being no further business, the Club adjourned until the first meeting of the fall term.

Respectfully submitted,
William Rinne - Sec. - Treas.

Oct 11, 1939

The Biology Club held its first meeting of the fall term at 7:30 P. M. in Shell Hall on Oct. 11, 1939.

The president pro-tem. called the meeting to order. the roll comprising old members was called, and the minutes of the previous meeting were read and approved.

Sixteen members were elected to the club by acclamation. This was followed by the election of officers for the present semester, and the following officers were elected:

President - J. H. Lecky

Vice-President - Russell Star

Sec. - Treasurer - William Rime

Reporter - Caroline Thacher

Sergeant-at-arms - Charles Morris

There being no old Business to come before the club, the new business was dealt with, the first topic for discussion being the annual autumn outing. The motion was made and carried that the Biologists have a fish

by the following Wed. afternoon,
Oct. 18, at Sally's Rock.

Arrangements were made to leave from the circle, between Ogden & Snell Halls, at 4 and 5 P. M., in order that all the members might have a means of transportation.

The president appointed on the menu committee: Dick Cannon, Cornell McMurtry, and Louis Hutchison.

Dr. Lancaster, for fear that some of the Biologists would not reach Sally's Rock, laid out before the club the straight and narrow road, and warned of what would happen if any departed therefrom.

The meeting was then turned over to the vice-president, who called on Dick Cannon to present the program of the evening. Mr. Cannon through his moving pictures took the club on an interesting fifteen min. tour of the West describing some of the wonderful scenes that he had seen this past summer.

The club adjourned until its

next meeting on November 8.

Respectfully submitted,
William Dime - Sec. - Treas.

The Biology Club held its annual autumn outing at Sally's Rock on Wed., Oct. 18, 1939.

November 8, 1939

The Biology Club held its regular monthly meeting on November 8, 1939. The president called the meeting to order, the roll was called, and the minutes of the previous meeting were read and approved.

The social committee made up of Dorris Hutchison, Dick Cannon, and Cornell McMurtry was made permanent. Hazel Sublett and P. L. Queen were appointed to assist Russell Starr in arranging programs.

Five members were elected to the club by acclamation.

The program of the evening consisted of talks made by three different members of the Club on the subject of Allergy.

Miss Sublett gave a very good and interesting talk on "General aspects of Allergy." "Allergies and Hypersensitivity Due To Plants and Plant Products" was presented in a intellectual discourse by Mr. Page. Mr. Padgett

gave a most eloquent speech on the subject of "Allergies and Anaphylaxis Due To Animals and Animal products".

Perhaps superbness, intellectuality, and eloquence of the evening was was climaxed in the impromptu speech made by Mr. Hale, a former member of the Biology Club. He gave further enlightenment on the subject of allergy by saying that things to which one might be allergic are no respect of persons, that they can range from something immeasurably small to that of rather large proportions, and cited Dr. Lancaster as an example of one who is allergic to pigs.

The Club adjourned until its next meeting on December 13.

Respectfully submitted,
William Rinne - Sec. - Treas.

December 13, 1939.

The regular monthly meeting of the Biology Club was held at Snell Hall on December 13, 1939. The meeting was called to order by the president, and roll call and reading of the minutes followed.

Mr. Lecky gave us a talk on the "Origin and Development of the National Park Service and His Experience As a Ranger."

This discussion was followed by motion pictures on:

1. Fish and Fishing for Everyone.
2. Canoe Trails Through Mooseland.
3. Winter Sports In The Rockies.
4. Two reels on Yellowstone National Park.

Respectfully Submitted
William Rinne - Sec. - Treas.

January 10, 1940

The regular monthly meeting of the Biology Club was held at Snell Hall on January 10, 1940.

The meeting was called to order by the president, and roll call and reading of the minutes followed.

A motion was made and carried that our next meeting be in the form of a social. The Program and Social committees were to be in charge of the social meeting.

The program of the evening consisted of talks made by Geo. Wydner on Intestinal Parasites and John Withers on Coleicine and its Application.

The club adjourned until its next meeting on February 14.

Respectfully Submitted,
William Rinne - Sec. Treas.

February 14, 1940.

The Biology Club held its mid-winter social at the time of the regular monthly meeting on Feb. 14, 1940. A short business session was held for the election of officers. Those elected were President, Russell Starr, Vice-President, Vernon Lee, Sec. - Treas. Hazel Sublett, Sergeant-at-Arms, C. Lecky, Reporter, Crocker Eubank.

Respectfully submitted
Hazel Sublett, Sec. - Treas.

March 13, 1940

The Biology Club held its regular monthly meeting at Snell Hall on March 13, 1940. President Sarr called the meeting to order and the roll call and minutes of the last meeting were read.

There was a discussion of another picture being made for the *Salisman*, and it was decided that this matter should be held over until the next meeting, when Mr. Lee, Mr. Lecky, and Mr. Yarbrough should report to the club.

Dr. Lancaster told of the proposed plans for the joint club banquet and after a discussion by the club, it was voted that each member could attend individually but the Biology Club as a body would not participate.

There were eleven new members who were elected to the club. The President appointed Elizabeth Smith and Dennis Short to serve on the program committee with the vice-pres. and Caroline Thacher, Carl Courtmill, and Dorris Hutchison to compose the social committee.

Mr. Lee presented for the program Miss Johnson of the Psychology Dept. who showed a film "The Ape and the Child" and led a round table discussion on behavior as conditioned by heredity and environment.

The club then adjourned until its next meeting on April 10.

Respectfully submitted
Nazel Subert, Sec.

April 10, 1940.

The Biology Club met in regular session April 10 at 7:15 P.M. in Snell Hall. The President called the meeting to order, the minutes of the last meeting were read and roll called. Miss Geraldine Galloway and Mr. Boyd Roberts were admitted to membership in the club. It was voted that each person who appeared in the Talisman picture should pay 5¢ so that the picture could be paid for in full.

The Club decided to have the annual spring outing at Todd County Cliffs on May 5 if possible - if not to be May 12. Messrs. Lee and Lecky were appointed to work with the president on the finance committee. President Barrett and Mrs. Barrett were to be asked to go as guests of the club.

Mr. Glenn Carroll talked on "He Who Gets Sick" and Mr. Frank Yarbrough "Sulfuramide and its Derivatives."

The club then adjourned

until its next meeting.

May 8, 1940.

The regular monthly meeting of the Biology Club was held at Snell Hall on Wed. night, May 8, with the President presiding. The roll was called and minutes were read. The picnic which had been postponed from May 4 to May 19 was discussed and further plans were completed.

Mr. Roger Parrish was admitted as a new member of the Club.

Officers were elected ^{pro tempore} as follows: President Roger Parrish; Vice-Pres. Thomas Redgett; Sec. Treas. Mildred Peack; Sergeant-at-Arms Cornell McMurtry.

Dr. B. C. Cole was presented as speaker for the meeting and his topic was "Anaphylaxis." The meeting was adjourned until September.

Oct. 9, 1940

The Biology Club held its first meeting of the fall term at 7:30 P.M. in Snell Hall on October, 9, 1940.

The president pro tempore called the meeting to order, the roll of old members was called, and the minutes of the previous meeting were read.

The following officers for the present semester were elected:

President - Roger Parrish
Vice-president - Hazel Sublett
Secretary - Mildred Roach
Reporter - Cornell McMurtry
Sergeant-at-arms - Thomas Padgett

Twenty new members were elected to the club.

A program committee was appointed, consisting of: Hazel Sublett, Chairman, Richard Grise, Anne Coleman, James W. Vance, Glenn Caswell, and Mary Margaret Link.

It was voted by the club that "Palaeontology" be the subject of study by

the club during the year.

after discussion of the fall outing at Sally's Rock, the motion was made and carried that it be the following Sat. afternoon. The president appointed the members of the program committee, along with the Sec. Treas to serve on the Food Committee.

The club adjourned until its next regular meeting in November.

Respectfully submitted,
Mildred Roach, Sec.

The fall outing at Sally's Rock was indefinitely postponed, but was held on Thursday, Nov. 7, 1940.

November 13, 1940

The regular meeting of the Biology Club was held at Snell Hall Wednesday night, November 13, at 7:30.

In the absence of the president, the vice-president Miss Hazel Sublett, presided.

Miss Sublett, who was in charge of the program for the meeting presented the following program: "Theories as to the Formation of the Earth" by John Withers and "Fossils and Facilitation" by Miss Sublett and Curtis Brooks.

The motion was made and carried that the club follow the constitution and hold its regular meetings at 7:00 P.M.

Dr. Lancaster offered the suggestion that prizes be given at the end of the year to persons having learned the most from

the programs given during the year. The club was to think over the suggestion and decide about it later.

The club then adjourned until its next regular meeting in December.

Respectfully Submitted,
Mildred Road, Sec.

December 11, 1940

The Biology club held its regular monthly meeting at Snell Hall, Wed. night December 11.

Before the meeting was formally opened, Dr. Stevens read a paper which he had received on "a New Theory of Evolution."

The meeting was called to order by the president, and roll call and reading of the minutes followed.

Miss Lublett put before the club the suggestion of having individual pictures in the Talisman. Mr. Withers and Mr. Marshall were appointed as a committee to see Mr. Baker and report to the club the next meeting.

The discussion of the quiz was held over until next time.

The program was in the charge of Mr. Carwell, who discussed the Archezoic and Proterozoic eras. The early

Paleozoic era was discussed
by Miss Russell and the
Late Paleozoic by Mr. Padgett.

The club was then adjourned
until its next regular meeting
on January 8.

Respectfully submitted,
Mildred Roach, Sec.

January 8, 1941

The Biology club held
its regular meeting at the
Kentucky Building Wednesday
night January 8.

The regular order of
business was ~~discussed~~ ^{omitted}
~~with~~ and Dr. Lancaster
presented Mr. Artie Allen
to the club. Mr. Allen gave
a brief discussion of
graduate work at the
Lake Laboratory out of Ohio
State University. Then
he showed a group of
very interesting pictures
of persons, work, and
scenes connected with
the lab.

Refreshments were
served and a short social
hour followed.

Respectfully submitted,
Mildred Roach, Sec.

February 14, 1941

The Biology club met Friday night February 14 in Snell Hall Auditorium.

The regular order of business was dispensed with and the president introduced Dr. Thomas H. Langlois, who is director of the Franz Stone Biological Station at Putt-In-Bay, Ohio, as the speaker of the evening. Dr. Langlois, who is president of the American Society of Fishes spoke on the subject of "Conservation of Fish." at the close of Dr. Langlois' discussion, the club was adjourned until next regular meeting in March.

Respectfully submitted
Medred Roach. Sec.

Initiation fees - \$4.50

March 5, 1941.

A call meeting of the Biology Club was held at 4:00 in Odeon Hall on March 5, 1941.

The purpose of this meeting was the election of officers for the second semester.

The meeting was called to order by the president and the minutes of the previous meeting were read.

The following officers for the present semester were elected:

President - Charles Morris
Vice-President - Mary Margaret Dink
Secretary - Treas - Mary Frances Russell
Reporter - Mildred Roach
Sergeant-at-Arms - Cornell M. Murtug.

New members were voted into the club.

A discussion of the Soliman picture was brought before the club and it was decided that a group picture should be made.

The club then adjourned until its regular meeting

in March.

Respectfully submitted,
Mary Frances Russell.
Sec.

March 12, 1941.

The Biology Club met in Snell Hall, Friday, March 12, 1941.

The meeting was called to order by the president, the roll call and reading of the minutes followed. New members were voted into the club.

The program of the evening was in charge of Miss Mary Margaret Dink. The subject was The Mesozoic Era, which was divided into three periods. Mr. Ira Bell discussed the Triassic period, Miss Elizabeth Smith discussed the Jurassic period and Mr. Roger Parrish discussed the Cretaceous period.

The club was adjourned until its next monthly meeting in April.

Respectfully submitted,
Mary Frances Russell Sec.

April 14, 1941.

The Biology Club met in Snell Hall April 14, 1941.

The meeting was called to order by the president, the roll call and reading of the minutes followed.

The program of the evening was in charge of Albert Marshall. His topic was the Cenozoic era. Mary Margaret Sink discussed the Tertiary Period and Richard Grise the Quaternary Period.

The matter of the spring outing was brought before the club and several places were suggested as to where we might go. It was decided on by the club to wait until the next meeting, April 14, to decide where to go.

Respectfully Submitted,
Mary Frances Russell, Sec.

May 14, 1941.

The last regular meeting of the Biology Club was held Wednesday night May 14, in Snell Hall.

In the absence of the president, the vice-president, Mary Margaret Sink presided.

The following officers pro-tempore were elected:

President - George Higginson
 Vice-President - Albert Marshall
 Secretary - Treas. Mary Berry.
 Reporter - Betty Cooley
 Sergeant-at-Arms - Jimmy Goulding

The subject for the evening was The Origin and Distribution of Primitive Man. Dr. Stephens gave a discussion on "The Origin of Primitive Man" and Dr. Lancaster spoke on "The Distribution of Primitive Man".

It was voted to go to Dr. Lancaster's Cabin for the outing on Sunday May 18.

A call meeting was held May 15 to reconsider the idea of going to Dr. Lancaster's Cabin

and it was agreed upon
by the club to go to Mammoth
Cave May 18.

Respectfully submitted
Mary Frances Russell
Sec.

The Annual spring outing
of the Biology Club was held
at Mammoth Cave on Sunday
May 18.

On the way to the Cave a
stop was made at the
Jack Raymond Reptile Garden
where a lecture on the
snakes was enjoyed.

Approximately forty people
went on the outing.

October 11, 1941

The Biology Club held its first meeting and outing of the Fall term Saturday, Oct. 11, 1941 at Sally's Rock on the Barren River. The group, composed of old members and prospective members, enjoyed hiking, exploring the country, boat riding, and various other forms of amusement. A delicious picnic supper was served, and then an informal business meeting was held inside the cabin.

The president pro-tempore called the meeting to order. The following officers for the present semester were elected:

President - George Higginson
 Vice-President - Elizabeth Smith
 Secretary-treas. - Mary Berry
 Sergeant-at-Arms - Albert Marshall
 Reporter - Betty Cooley

The program for the coming year was discussed and the following subjects were suggested:

- (1) Cave life, (2) current literature
- (3) a quiz program.

It was decided that the new members be taken in at the next meeting.

The club expressed their appreciation to Dr. and Mrs. Lancaster for their gracious hospitality, and then adjourned until its next regular meeting on November 12.

Respectfully submitted,
Mary Berry, Sec.

The regular monthly meeting of the Biology Club was held at Snell Hall on Wednesday night, November 12.

President Higginson called the meeting to order and the minutes of the last meeting were read and approved.

The program committee was appointed, consisting of: Elizabeth Smith, Chairman,

Twenty-five new members were elected to the club.

The program for the evening was a battle of the sexes in the form of a biology quiz contest held by Dr. Stephens and Dr. Lancaster. The participants on the girls side were Alice Stith, Marjorie Arbogast, Geneva Cottrell, Elizabeth Smith, and Mary Berry. On the boys side were George Higginson, A. L. Whitt, Ira Bell, Glenn Cardwell, and Jimmy Spaulding. The final score - boys 165 points, girls, 145 points. Individual high-point girl - Alice Stith; boy - George Higginson. They both received a prize.

The club then adjourned until its next regular meeting in

December.

Respectfully submitted,
Mary Berry, Sec.

May 13, 1942

The Biology Club held its monthly meeting on Wednesday night, May 13, 1942, at Snell Hall. President Whitt called the meeting to order, the minutes were read, and the roll was called.

Plans for the Mammoth Cave outing on May 17, 1942, were completed. The following students were elected officers, pro-tem: Mary Berry, President; Pearl Dossy, Vice-President; Carolyn Howard, Secretary and Treasurer; and Geneva Cottrell, Sergeant at arms.

Mr. Lancaster presented several interesting films for the program. The first was on spiders, the next on frogs, toads, and salamanders, and the last on buffaloes, "The Monarch of the Plains."

The meeting was adjourned until the next meeting in

Oct. 14, 1942

The Biology club held its first monthly meeting at the Ky. Bldg. Wednesday, 7:30 p.m. Oct. 14.

The president pro-tempore called the meeting to order. The election of officers was held and the following were elected:

President - Wilfred Iltis

Vice pres. - Betty Cooley

Sec. Treas. - Mary Berry

Serjt. at Arms - Charles Watts

Reporter - Eleanor Ford

Mr. Lancaster introduced to the club Mr. Barber, the new teacher in the Biology dept.

Then Mr. Lancaster gave a brief talk on the plans for this year. The program for the year will be built around the war efforts. A prize will be given at the end of the regular school year to the student or students who have put on the best program. A time limit of one hour was for the program was voted on and passed.

Eleven new members were voted into the club.

The meeting was adjourned and all went to the kitchen for delicious refreshments which had been prepared by Mrs. Lancaster.

Following the refreshments the ~~students~~^{members} who had not been thru the museum before went upstairs and enjoyed looking at the different ~~things~~ preserved biological specimens.

Respectfully submitted,
Mary Berry, Sec.

Nov. 1942

The Biology Club held its regular monthly meeting at Snell Hall.

One new member was accepted to the club - Samuel Hammer.

Dr Lancaster introduced the speaker for the program - Mr. Barber. Mr. Barber's subject was "Amphibians". He had specimens in pans and jars for the club to look at. It was all very interesting.

The meeting was adjourned until the next monthly meeting.

The Biology Club held its organizational meeting at the Cedar House, on Thursday Oct. 21st, 8:00 P.M.

The meeting was called to order by the president pro tempore, and the following officers were elected for the Fall Quarter:

President — Martin Helton

Vice Pres. — Evelyn Keep

Sec. & Treas. — Dorothy Atkinson

Sergeant-at-arms — Carter Webb

Reporter — Mary Alice Blakeley

Following the election of officers, there was a brief discussion of the program for the coming year. It was suggested that surgical movies, and club-member demonstrations be included.

Carilyn Miller and Nipola Grady were appointed to serve on the program committee.

Twelve new members were

voted to the club.

The meeting adjourned to meet again Nov. 10.

A most enjoyable social hour followed the business session. After games, refreshments and presentation of prizes; many of the members, thinking unselfishly of their room-mate ????, tucked a square of Mrs. Lancaster's superb. Delicious ginger bread into a napkin and hurried on their way.

Respectfully submitted
Dorothy Atkinson
Sec. Treas.

Nov. 10, 1943

The Biology Club held its regular monthly meeting Wednesday evening, November 10, at Snell Hall. The Pres. presided at the business session.

The program was a "battle of the sexes" with Carolyn Miller and James Willoughby heading the two teams. On the "grand champion" team were: Lawrence Washburn, Charles Smith, Martin Wilson, Don Dudderar, Clemons Rick, and Reeves Morgan. On the losing team were: Grace Evelyn Keip, Nikola Brady, Mary Alice Blakey, Naomi Henderson, Thelma White, and Dorothy Atkinson.

The girl receiving the highest score was "General" Carolyn Miller. "General" Willoughby, the highest scoring participant received the grand prize, a rare specimen of "pecunia argenta" (a silver dollar).

Six new members were voted to the club.

The meeting adjourned to meet again Dec. 6.

Respectfully submitted
Dorothy Atkinson, Sec. & T.

Dec. 8, 1943

The Biology Club held its regular meeting Wednesday evening, Nov. 10, at Snell Hall. In the absence of the president, the business session was presided over by Grace Evelyn Keep.

The program was a group of four surgical movies:

1. Nephrectomy
2. Caesarean operation
3. Correction of prolapsed uterus
4. Appendectomy

The club adjourned to meet again Jan. 12, 1944.

April 11, 1945

The last regular 1945 meeting of the Biology Club was held in Snell Hall on April 11, at 7:30 P.M. Lawrence Jones, club president presided over the meeting. Jim Huter was appointed to the committee which was to prepare for the outing. Vice president read the constitution of the club and a symposium on malaria was conducted. Taking part in the presentation of points for discussion were Jim Huter, Louise Marcus, Gilbert Lyster, and Evelyn Thurmond. The club adjourned to meet again at the outing.

Respectfully submitted,
Helen Henry, Sec. - Treas.

Fall Quarter

Oct. 17, 1945

The Biology Club held its organizational meeting at the Ly. Building on Wed. Oct. 17, 1945.

The meeting was called together by the vice-pres. pro tempore, and the following officers were elected for the Fall Quarter:

President - Jim Hunter

Vice Pres. - Billy Brown

Sec. & Treas. - Melba J. Hunter

Sergeant at Arms - Buddy Hale

Reporter - Helen Henry

Following the elections of officers there was a brief discussion of the program for the coming year. Dr. Lane suggested that surgical manure and club members demonstrations be included.

A program committee composed of Jean Dodge, Betty Lou George, and Mary Nell Sparks was appointed by the Pres.

Seventeen new members were voted into the club.

The meeting adjourned to meet again Nov. 14.

A most enjoyable social hour followed the business session, which included games, refreshments and impromptu musical selections.

Respectfully submitted,

Melba J. Hunter
Sec. & Treas.

Jan 9, 1946

The Biology Club held its first meeting of the Winter Quarter at Ky. Building on Jan 9th.

The minutes of previous meeting were read and approved, and the Sec. then took charge since both Pres. and Vice-Pres were absent. The new officers for the Winter Quarter were then elected, and are as follows: Walter Morris - President, Helen Henry, Vice-Pres, Jean Hodges - Sec. - Treas, and Martha Pollard - Sgt. at Arms, and Maurine Morgan Reporter. A program committee consisting of Louise Markham, Betty Lou George, and Helen Henry, was appointed. ^{5 new members} were taken into the club.

A motion was then made and carried that sick members be accorded a quarter per quarter for refreshments. Those appointed on the refreshment committee are Ruth Klein, Maurine Morgan, and Paula McClure.

Dr. Lancaster then showed us several very interesting movies on behavior of child and Chimpanzee under similar conditions. Also one

one on behavior of dog after the
has been removed.

The club then adjourned to
meet again Feb. 13.

Respectfully submitted
Jean Hodges.

Feb. 13, 1946

The Biology Club held its regular
monthly meeting at Snell Hall on
January 13, 1946.

The meeting was called to order
by the president - Walter Morris, &
after the reading of the minutes
& roll call plans for a spring
outing were discussed. The president
appointed a committee to plan
for the outing, but nothing definite
was decided. Following the business
session the club picture for the
talisman was made by Dr.
Whitmer.

Dr. Lancaster then showed
two surgical movies. A thyroid
operation and ^{subtotal} gastrectomy. Dr. Neuman
explained the films and answered
questions concerning them. We
had several visitors present
and everyone enjoyed the
program immensely.

Respectfully submitted
Jean Hodges

The meeting was then adjourned
to meet again March 13. th

3.40 for refreshments

March 13, 1946

The Biology club held its regular monthly meeting at Ky. building on March 13. After the reading of the minutes the officers for the Spring quarter were elected. They are as follows.

Helen Henry - president
 Lutz Klein - vice pres
 Jean Hodges - sec - treas
 Tommy Boone - Sec. at arms
 Maurine Morgan - reporter.

The program consisted of three talks on recent developments in certain fields of science. Maurine Morgan discussed Tuberculosis, Jean Hodges typhoid, and Tommy Boone, . After this the meeting was adjourned & refreshments were served.

April 10, 1946

The biology club held its regular monthly meeting on April 10th at the Ky. Building. We first discussed the matter of spring outing. It was decided to be held at Dr. Lancaster's camp on May 11th. After the business session we continued with the program. Several interesting short talks were given by members of the club. Jack Day spoke on social Parasites among Birds, Stanley Weimer on the Absorption of Orally Administered Penicillin, Jack Corman on "Hemolytic Streptococcal Sore Throat," and Martha Pollard on "Can Chiropractic Cure?" After these interesting talks the meeting was adjourned and refreshments were served.

May 11, 1946

The Biology Club held its annual "Spring Outing" at Sally's Lick on May 11th. Including club members and guests we had a total of thirty four people. Among other interesting things Dr. Lancaster conducted a hike which lasted for about two hours and was immensely enjoyed by everyone. The hamburgers and all the food was simply delicious, and the food committee and Dr. & Mrs. Lancaster are to be complimented highly.

After everyone had finished eating the members of the club met on Sally's Lick and officers for the summer months were elected. They are as follows: Maurine Morgan - pres. H. W. Woodward - vice-pres. and Jack Corman - sec. tres. They members who are graduating this year told us their plans for the future. We were then adjourned to meet again in the Fall.

The Biology Club was called to order by President Maurine Morgan on Oct. 9 at 7:30 P.M.

The following officers were elected:

President George Nell
Vice President Albert Marshall
Secy and Treasurer Jack Cornan
Sgt. at Arms Ralph Bushong
Reporter Jean Hodges

President George Nell appointed the following committees:

Food Committee

1. Maurine Morgan
2. Walter Morris
3. Francis Arbogast

Membership Committee

1. Vern Escribde
2. Tom Pagent

Program Committee

1. Albert Marshall
2. Lynn Weller

New Members and members who were returning to the club introduced themselves.

The following new members were voted into the club:

1. Glen Howlingsworth
2. James Stutievill
3. Eugene Arnold
4. Richard Bartlett
5. John Bayles
6. Betty Jo Lloyd
7. James Logan

A motion was made by Tommie Boone to have a fall outing. There was discussion on an outing to Mammoth Cave and Pres. Nell appointed a committee to plan the outing composed of the following members:

1. Lynn Waller
2. Tommie Boone
3. H. W. Woodward

Dr Lancaster made a short talk and suggested that we lay out our program for the year dividing our time between

entertainment and educational activities. The meeting was adjourned.

The Biology Club held its ^{March 19, 1947} regular monthly meeting at Snell Hall on ~~March 17th~~ ^{March 19th}. The meeting was called to order by Pres. Eugene Arnold at 7:30. Roll was called and minutes of previous meetings were read.

A motion was made and carried that the May meeting of Biology Club be held at Sally's Rest in form of Spring Outing.

A motion was made that we meet at Snell Hall for all regular monthly meetings, there was then an amendment to the motion, that we would meet in Snell Hall for next two months, and if we didn't like it as well, we would then return to the Ky. Bldg. Both the amendment and the motion passed.

Fifteen new members were then admitted to the club, bringing the total membership to 37.

The program consisted of two surgical movies - shown by Dr. Lancaster. The first was a "intestinal resection", and the second a "Trans Cervical (Esarean) Section". Following each movie there was opportunity for questions and explanations concerning the previous operation. The program was

extremely interesting and thoroughly enjoyed by everyone. The meeting was then adjourned to meet again on April 9th.

The biology club held its regular monthly meeting at Small Hall on Wed. night April 4th. The meeting was called to order by Pres. Eugene Arnold at 7:30 P.M.

The roll was called and minutes of the previous meeting were read. The chairman of the "Outing" committee was absent so the plans that had been made toward the Spring Outing was not learned, but a motion was made and carried that the next regular monthly meeting be held at Sally's Rock on Sat. May 10th and food & transportation will be left up to a committee.

Four new members were taken into the club.

The program was to consist of a talk by Dr. Roy Neuman, but while we were waiting for him to come Jack Corman told us about his work with metal skull plates in Keating General Hospital in Memphis.

Dr. Neuman devoted most of his time to a discussion of x-ray therapy. He told about x-ray treatment of acute ear infections, Strep. infections of skin, lobar pneumonia, gas gangrene, fibroid tumors, and cancer.

The meeting was then adjourned.

May 17, 1947

The Biology Club held its annual spring outing at Sally's Rock on May 17, 1947. Dr.

Lancaster conducted a field trip on which he showed members and guests a log cabin which he was in the process of building. The field trip was very informative and enjoyable.

A few of the more virile members, who could probably trace their ancestry back to the polar bear, enjoyed a swim in the cool water of the Barren River.

The others present pitched horse shoes, played volley ball, or just enjoyed the beauty of the natural landscape.

Toward the end of the afternoon, the food committee assisted by

Dr. and Mrs. Lancaster prepared a meal that was delicious. Dr. Lancaster cooked hamburgers until everybody had had their fill.

A short meeting was called on Sally's Rock and the minutes of the previous meeting were read and approved. Jim Logan was elected temporary chairman for the summer vacation. Dr. Lancaster gave a short history of Sally's Rock and the meeting adjourned.

The Biology Club held its October meeting in Snell Hall October 8. The meeting was called to order by the temporary chairman "Deacon" Jones. He welcomed prospective members to the club and then asked Mr. Lancaster to say a few words. Mr. Lancaster urged the members to remain stable the entire school year. He also suggested that we abide strictly by the constitution and urged officers to emphasize it. He suggested that we map out a program for the year's agenda, an outstanding speaker for the general public, films of a scientific nature, the usual outing, and student participation. New members were voted on and accepted into the club. Then new officers were elected for the coming year:

Deacon Jones - President
 Keith Augustein - Vice President
 Betty Jo Lloyd - Secretary - Treasurer
 Proctor Rankin - Sergeant-at-arms
 Juanita McIntosh - Reporter

A financial report concerning a balance of \$7.10 brought forth from last year was made. The next meeting will be held Nov. 12 at 7:30. With this thought the body adjourned.

Respectfully submitted, B. Jo Lloyd: Sec.

The Biology Club met Wednesday, Nov. 12. President Jones called the meeting to order. He requested a reading of the minutes and the roll call. The announcement concerning Talisman pictures for the club was made. New members were accepted making the number 48. Because Mr. Augustein is no longer at Western, a vice-presidential election was in order. Mr. Jesse McCallan is the vice president. Prospective programs were discussed. Two members were elected to represent the club in the meetings of the school social committee. They are Mr. Proctor Rankin and Miss Juanita McIntosh. The program was presented by Mr. Wm. Russell Jr. and Mr. Bill Triplett. Mr. Russell spoke about Immunization and Mr. Triplett about Cancer. The meeting ^{was} adjourned.

Respectfully submitted
 B. Jo Lloyd: Sec.

The Biology Club held its regular monthly meeting December 10 at Snell Hall. The business session included minutes of the last meeting, roll call, and a report from the social representatives, Mr. Rankin, and Miss Mcintosh, and a discussion concerning a social event and the future meetings of the club. Two new members were accepted. Mrs. Jesse Mclellan, vice president conducted the business session. Dr. Lancaster gave a brief outline of animal behavior in connection with the films which he showed later. These films concerned the behavior of a human infant and a chimpanzee. The meeting was opened for a round table talk about the film. It was decided that election of new officers should be held at the January meeting. The meeting was adjourned.

The first meeting of the Biology Club for the winter quarter, 1948, was held January 14, in Snell Hall. President Jones called the meeting to order and introduced the guest speaker, Mr. Hay Newman, who gave a talk on "Acute Abdomen." At the close of his speech the business of the meeting was brought up. The minutes of the last meeting were read by the secretary, and the treasurer's report was read. Announcements were made by President Jones. One new member was admitted to the Club. Officers for the winter quarter were elected.

Proctor Rankin - President

Alice Jones - Vice-president

Shannon Trumbo - Sec. - Treas.

Carl Whitfield - Sergeant at arms

Regina Welch - Reporter

The meeting was adjourned -

Respectfully submitted,
Shannon Trumbo, Sec.

The Biology Club met February 11, 1948, for their regular monthly meeting. President Rankin called the meeting to order. The minutes for the last meeting were read, followed by the roll call. There were no candidates for admission into the Club. President Rankin introduced Dr. Lancaster, who made a few remarks concerning the program for the next meeting. It was moved that the president appoint a committee to make arrangements for the program. The motion carried. The business being completed, the group assembled in Room 1 to see sound movies on Heredity, Endocrine Glands, Plant and Animal Respiration, and Leaves. After the movies had been shown, it was voted that the meeting be adjourned.

Respectfully submitted,
Shannon Trumbo, Sec.

Treasurer's Report -

Balance from winter quarter	\$14.60
Dues collected	.25
Total	\$14.85
Expenses	.17
Balance	\$14.68

The regular monthly meeting of the Biology Club was held March 10 in Snell Auditorium. President Rankin called the group to order, and it was voted that all business be postponed to make way for the special program. The program was presented by Dr. Spofford of Vanderbilt University. It consisted of a series of unusual films and an accompanying talk on the Peregrine Falcon and Falconry. At the conclusion of his demonstration, Dr. Spofford answered questions on his subject. At the end of the question period, the meeting was adjourned.

Respectfully submitted,
Shannon Trumbo, Sec.

Treasurer's Report -

Balance from winter quarter	\$14.60
Dues collected	.25
Total	\$14.85
Expenses	3.17
Balance	\$11.68

The first meeting of the Biology Club ^{for the Spring quarter 1948} was held April 15 in Snell Hall. President Rankin opened the meeting and the minutes for the last two meetings were read by the secretary. The treasurer's report was given. The business of the meeting, which consisted of plans for the spring outing, was brought up and Dr. Lancaster made suggestions as to where it might be held. It was voted that the Spring outing be held at Sally's Park and President appointed committee to take care of refreshment and transportation. When the business session ended, a student program was presented. Rayce Dawson made a talk on Coronary Thrombosis and E. G. Gatten spoke on Branchology. At the conclusion of the program, it was voted that the meeting be adjourned.

Respectfully submitted
Shannon Irembo, Sec.

The Biology Club held its last meeting of the spring quarter at Sally's Room. Mr. Lancaster served hamburgers and everyone enjoyed ^{the eating} just before coming home, a business meeting was held, and Buster Brown was elected president pro tem to fill the office vacated by ~~Proctor~~ Rankin. Thus concludes the report for the year 1947-48.
