Wouldn't We Kick Ourselves?

On Wednesday next the ratepayers go to the polls to approve or reject the proposal that the city borrow \$80,000 for fire fighting purposes. The money would install a new alarm system and increase the fire-fighting equipment. If the bylaw is passed, a reduction of ten per cent in the fire insurance rates has been promised.

The present method of advising brigade members of the whereabouts of a fire will be wiped out with the installation of the dial telephone system next spring. Therefore a new alarm system is required. The only other alternative is changing the present efficient volunteer brigade into a full-time brigade. This, it is estimated would cost an additional \$52,000 a year! It would seem logical, therefore, that if the present system can be retained, it would be sound economics to do so. But, to do so, a new alarm system is imperative.

All the money will not go to providing an alarm system. A new pumper truck, of considerably greater capacity than the one purchased 23 years ago, is needed. A new engine is needed for the ladder truck. These things are the major items for which the money will be spent. They would improve the fire protection in Kelowna enough to warrant a reduction of ten per cent in the fire insurance rates, the insurance underwriters have announced. That statement alone would seem to indicate that, for our own protection, the bylaw should pass.

Should the bylaw be passed it must be financed by the city, of course. However, the cost of that financing will be partially offset, as far as the individual taxpayer is concerned, by a reduction in fire insurance rates. It has been figured out that a man with a \$10,000 house on a \$500 lot would have a net cost of about \$1.00 a year. That, surely, is not much to pay for the improved fire protection.

Fire protection, like insurance, seems somewhat like a waste of money until we need it and then how very, very glad we are that we have it. If we vote against this bylaw and defeat it, and then have a fire which could have been put out had there been an adequate warning system and efficient equipment—well, then, surely, we would deserve to kick ourselves for our mistake in defeating this bylaw.

Slaves To Convention

The warm days of the past few weeks prompts one to wonder what happened to the fashion predictions of five and six years ago.

Remember? Men were through suffering in the summer heat. They were going to cast off their conventional business suits and emerge in cool, knee-length shorts and light shirts open at the neck.

The fashion experts were sure this was going to be the case because they believed men returning from the services were prepared to rebel against heavy clothing in the hot months. Also the ex-servicemen at that time were accustomed to summer issue uniforms designed for comfort in hot weather.

But those who predict fashion trends failed to reckon with the conservative being that is the Canadian male. He displayed courage in battle but it takes a different brand of courage to stroll down Bernard Avenue in trousers that expose bony knees and hairy legs.

A leader failed to arise in the school of featherweight clothes and the Canadian businessman continues to be miserable in his conventional business suit, complete with necktie.

True, in small towns such as Kelowna many men do discard the coat, but few have the courage to leave off the necktie. Just yesterday, indeed, we heard the Mayor of Kelowna taken to task for appearing without a necktie.

The Canadian woman knows summer comfort in cotton and linen with a weight of mere ounces while her husband perspires in pounds of wool wrapped around him. (Pity the poor males at the Regatta garden parties!) Wise in the ways of heat control, Miss and Mrs. Canada wear the light, loose clothing prescribed by both fashion experts and medical men. There's no doubt heavy clothing is a poor way to avoid heat exhaustion.

Another factor in favor of Canadian women's comfort is their readiness to adopt a style or custom from another country if it suits their idea of fashion. But the male continues in his conventional clothes and probably will for years to come.

Carpenters' Strike Now In 3rd Week

W. J. Baker, representative of the Brotherhood of Carpenters and Joiners has refused to refer the latest offer of contractors to the union membership, a spokesman for the building contractors claimed this morning.

An offer of a wage increase from \$1.53 to \$1.85 per hour from the day they start work, was made to the union on Saturday.

"We wish all union members to know of this offer and also that their representative, W. J. Baker, definitely refused to consider the offer or refer it back to the union membership for consideration," a spokesman for the contractors stated.

ANOTHER PROPOSAL

Last Thursday, the union made another proposal to the contractors, but this was also rejected two days later. It proposed the following procedure to end the strike which is now entering its third week: "The union and employer sign an interim wage agreement to provide for an interim wage of not less than \$1.85 per hour dated from July 1, 1951, carpenters to be available for work immediately upon signing said agreement.

"Question of wage differential of 15 cents per hour as exists between the rate of \$1.85 per hour provided by this agreement and the rate of \$2 per hour, paid to carpenters hired from Pacific Coast region. The same to be submitted by joint application of both parties to this agreement to the Hon. Gordon McGregor Sloan, whose decision shall be final and binding on both parties to this agreement."

LABOR MINISTER HEADS BACK TO HOTEL ROOM

Officials of the Kelowna Yacht Club Thursday afternoon missed a distinguished visitor, Hon. J. Cates, who was to officially present the B.C. government at the 45th annual water show. Lt. Governor Clarence Wallace was present along with other invited guests. A half dozen members of the Brotherhood of Carpenters and Joiners, currently on strike, picketed the B.C. government at the 45th annual water show.

Unknown to the yacht club officials, the minister of labor did arrive — but he refused to cross the picket line. He drove up to the front of the premises — saw the pickets, wheeled his car around, and headed back to his hotel.

Apparently Mr. Cates was not going to get mixed up with any union dispute.

"Aqua-Rhythms Of '51" Outstanding Pageant

"AQUA-RHYTHMS OF '51" will go into the record books as the most spectacular and colorful production ever presented in Kelowna.

Mexican, Hawaiian, Apache and Can-Can dance sequences were blended with brilliantly lit water ballet and diving to produce an entirely new type of regatta entertainment. Presented Friday and Saturday nights, it had all the color and dazzle of Hollywood, and was highlighted by the appearance of a 30-foot painted plastic, wire and string Ogopogo in the final of a fast-moving show that blazed with color on an outdoor stage unique on the North American continent.

Script was written by Mrs. W. J. Logic and directed by Ian Dobbie of Vancouver. Mara McBirney, of Vancouver directed the dancing. Swimmers were trained by Margaret Hutton of Hollywood. All talent, except singing star, Harvey Hodgins and the directors were amateurs from Kelowna.

The bulging grandstand filled with more than 3,500 spectators cheered the 75 actors, swimmers and divers who had never had a dress rehearsal.

SEARCH FOR OGOPOGO

Mrs. Logic is well known to Kelowna Little Theatre and other dramatic circles, both for her acting and writing ability. She conceived the idea for the highly-imaginative pageant which was entitled the "Saga of Oka and Nagan."

Ogopogo played an important part in the plot which follows the age-old story of two beautiful lovers who have to go around the world in search of the famous monster, before they can be united.

It was a spectacular show combining stage and water ballet, with the beautiful lighting effects adding to the already naturally beautiful setting of lake and colorfully decorated stage — against a backdrop of mountains under a cloudy sky. The gay lilting tunes, the interesting pattern of the

Herb Capozzi In Italy

Italian Motor Scooter Popular Type Of Vehicle Used In Touring Country

(EDITOR'S NOTE—Following is another in a series of articles written by Harold (Herb) Capozzi for The Kelowna Courier. Capozzi is at present studying at the University of Perugia, north of Rome, after being awarded a Rotary Foundation Scholarship.)

Several months ago I tried to describe the Italian traffic for you. I listed all the types of Italian automobiles and gave you as well as I could a description of the different makes of Italian cars. What I didn't describe, however, was the most outstanding characteristic of modern day Italian traffic and the aspect that creates the most impressions on visitors. That is the phenomena of the motor scooters.

Technically speaking the Italian motor scooter is a two wheeled vehicle running on tiny balloon tires, powered by a two stroke four-horse power motor that goes more than 100 miles on a gallon of gas and has a velocity of about 40 miles an hour.

In the technical field the Italian motor scooter with its simplicity of construction, and its compactness has created a truly new means of transportation.

But its effect in the social field is even more pronounced. The motor scooter is for Italy what the model T was for America.

The motor scooter has created a vehicle for the common man of Italy, a low priced means of transportation that even Italians with their low salaries can buy and af-

ford to run. It is a machine that is usable by all; without the frightening speed of the motorcycle and without the fear of dirtying one's clothes.

MANY CHANGES
Today the scooter has become an unobtainable means of transportation for those that need an individual vehicle that is practical and economical.

The greatest number of users are clerks, and laborers, but the scooter is found amongst all classes, doctors, lawyers, students and even housewives have found it an ideal means of transportation. In fact the gentle sex has taken to it with the greatest enthusiasm for the absence of a center bar makes it perfect for the feminine dress.

(The success of the scooter has brought about a great many other changes. For example along the

1951 Show Surpasses Previous Efforts

by AL DENEGRIE

WHEN looking back over the illustrious history of Kelowna's Regatta, the men and women behind it wonder how they can ever keep up the tradition of coming up with another that can possibly surpass its predecessor.

But somehow, much to their gratification, they've done it again. They're not quite sure how it all happened, but the forty-fifth Kelowna Regatta, boosted to a three-day water parade of attractions, thrills and entertainment galore for the first time, was heads above even the 1950 effort, which, as everyone recalls, was undoubtedly the finest in history.

The record-shattering "Greatest Water Show in Canada" concluded Saturday night but the gay, carefree carnival atmosphere that pervaded the city ever since Wednesday carried right over the week-end.

In every department, whether in the day or night, in the pool or out in open water, the 1951 Regatta made history. Thousands who had seen many previous Regattas attested to that; thousands of others who saw the Regatta for the first time acclaimed it.

While actual attendance figures and receipts will not be known until an accurate tally is made, top officials are confident all previous records have been broken. Crowds in the daytime were below capacity but the bulging in the stands during the excellent night shows helped to make up for it.

In the pool where many of the continent's finest swimmers and divers left nothing to be desired in the way of emotional appeal, excitement and spectacle, another first was registered by one of the smallest teams entered.

Only four in number but every one a top-rater in his or her own right, the Portland Aero Club team captured team aggregate honors to make it the first time these laurels went across the line since the aqua classic began back in 1907.

TEAM HONORS
Standouts Sally Becker, Beverley Graham, Gilbert Westwell and Dan Cramer captured the team honors, which in the past several years—ever since outside teams began competing here—have been shared almost exclusively by Vancouver Amateur Swimming Club and Victoria Y.

Also to Portland went the prized Hiram Walker Cup, held several times by illustrious Irene Strong of Vancouver and last year by the young Kay McNamee. New holder of the women's aggregate championship is Sally Becker, 17-year-old sensation in both sprints and distance events.

Miss McNamee, Canadian freestyle champion, was second, while Portland's Miss Graham was third, tied with Victoria's Pat Morgan.

There was no mistaking ownership of the coveted Blackwell Cup for the men's aggregate for the year: It was VASC's Gerry McNamee, 17-year-old brother of Kay, who also holds several Canadian freestyle championships, gained a short time before at the national championships held in North Vancouver.

Gerry copped the pennant even though he was upset in the 100 (Turn to Page 3, Story 4)

Kelowna Will Get Gov't Building, Says Mayor

"Kelowna's long-awaited government building will be built. While the exact date is not known, it will be as soon as possible."

Mayor W. B. Hughes-Games made this statement at the Kelowna Board of Trade pre-Regatta dinner-meeting on Wednesday evening.

"Mr. Carson wishes to discuss plans, almost immediately with me," added the Mayor with obvious elation.

This unexpected but welcome news was one of the highlights of the dinner meeting.

With thirty government offices scattered over the city, Kelowna is the only major city in British Columbia without a proper government building. It is something that the Kelowna Board of Trade, mayor and council, the press and political representatives have long fought for.

Property was set aside in an exchange agreement with the government some time ago. This is at the corner of Mill Avenue and Water street, opposite the City Hall.

This area will be landscaped in the near future. It is also hoped that a continuation of the sea wall will be built.

Fronting the city hall, and adjacent to the Kelowna Yacht Club, the setting here is one of unmatched beauty. The location is ideal; it is doubtful whether government employees anywhere will enjoy a view such as will develop here.

POLICE REPORT CELEBRATION 'PEACEFUL'

From a police standpoint the three-day celebrations during the Kelowna Regatta were carried out in a fairly peaceful manner.

Most celebrants behaved themselves, according to one Royal Canadian Mounted Police officer, who added there were six persons arrested on drunkenness charges, four of whom were Indians.

Police reported two accidents in the city, in one of which a 35-year-old motorcycleist was injured. In hospital still is Chester Wozeniusk, 609 Harvey Avenue, suffering from internal injuries and facial and arm lacerations.

RCMP described his condition this morning as "fair."

Wozeniusk was injured when his motorcycle was in collision at noon Saturday at Bernard and Bertram with an auto driven by Miss Kay Sealy of Okanagan Mission. Property damage was described as "fairly heavy."

In the other mishap, occurring at midnight Saturday, auto driven by A. W. Tucker of Benvenuto and A. H. Hoffman of Rutland collided at Bernard and Ellis. No one was hurt, police said, nor was any estimate of damage immediately available.

PARADE PRIZE WINNERS NAMED

Winners in the 1951 Regatta Parade, which was cheered by thousands on Friday, were given plenty of competition.

First prize in the Industrial division went to Lavery Preston of the Rutland Hardware. He won the Kelowna Builders Supply trophy and \$15 in cash.

Second prize, \$10, went to McGavin Bakery.

Third prize, \$5, was won by Kelowna Growers Exchange.

Judges in this division were C. N. Compton and Miss Gwynne Foulds.

Ben Gant, Physicians Prescription Pharmacy, was a repeat winner in the commercial class, winning the T. Eaton Co. trophy and \$15 in cash.

Brown's Prescription Pharmacy was awarded \$10 for placing second. Mc and Mc (Kelowna) Ltd. came third to take the \$5 prize.

THREE CANDIDATES

are running for aldermanic honors in the by-election to be held next Wednesday, to fill the vacant council seat caused through the resignation of Alderman Jack Jennings.

Cost of maintaining the volunteer brigade is around \$32,000, whereas a full-time brigade would be around \$57,000. If ratepayers approve the bylaw, insurance companies have stated there will be a ten per cent reduction in insur-

ance premiums, as Kelowna would jump from a fifth class to a fourth class fire risk.

Voting will take place in the Scout Hall from 8 a.m. to 8 p.m.

At the same time, ratepayers will also vote on a \$80,000 fire department bylaw (see story on page 6). Kelowna's fire department is rated as one of the most efficient volunteer brigades in Western Canada.

EIGHTEEN-YEAR-OLD FAYE WEEKS was chosen 1952 Lady-of-the-Lake at the colorful pageant presented Thursday night at the 45th International Regatta. Representing Kelowna Gyro Club, Miss Weeks and her two mermaids, Miss Nola Lockhart, Pentiction, and Miss Janice Cahoon, are shown in an informal pose after officially opening Friday afternoon's show. Miss Lockhart represented Pentiction 20-30 Club, and Miss Cahoon, Kelowna Rotary Club.

Faye Weeks Chosen 1952 Lady-Of-Lake

ATTRACTIVE 18-YEAR-OLD FAYE WEEKS, "Miss Kelowna Gyro" Thursday night was crowned Lady-of-the-Lake by retiring Lady Joan McKimley, who reigned successfully over the 1950 Regatta festivities. Before a sell-out audience of 3,500 distinguished visitors, tourists, and local residents, two other mermaids were also chosen to complete Miss Weeks' royal court. They were Janice Cahoon, "Miss Kelowna Rotary Club," and Nola Lockhart, "Miss Pentiction Club 20-30."

"PULCHRITUDO OMNIA REGIT"—"Beauty Reigns Over All"—was the inscription on the tall Roman archway in the background.

Written and produced by Don Haines, this year's pageant presented an interesting panorama of events on a typical Roman holiday,

when from a field of 14 lovely "slave girls" one girl is chosen to reign as queen, with two princesses to attend her. The girls so honored receive their "freedom." Mrs. Doris Anderson was director, while Jaycee director in charge was Craig Brodie. Jim Doran was assistant, while the musical direction was in the capable hand of Mrs. Wilma Dohler. Mark Rose was in charge of procuring the musical arrangements. Miss Joan Campbell played the organ accompaniment.

Besides the successful candidates, other girls who took part in the colorful pageant were Elaine Jantz, "Miss Aquatic Ladies' Auxiliary," Merna Gray, "Miss Vancouver Amateur Swimming Club"; Beverley Clarke, "Miss Pentiction Teen Town"; June Minette, "Miss BP OE"; Phyllis Markewich, "Miss Kinsmen"; Elizabeth Reese, "Miss Kelowna Lions"; Marlene Thorarinson, "Miss Salmon Arm JCC"; Romella Dodson, "Miss Wenatchee JCC"; Joan Mandel, "Miss Trades and Labor"; Evelyn Sauer, "Miss Rutland"; and Joyce Harding, "Miss Kelowna Aquatic."

In order that the Lady of the Lake candidates could meet the

The Victoria Merry-Go-Round

By JIM NESBITT

VICTORIA—We might well have a husband and wife team in the Legislature.

Mrs. Andrew Whisker has decided to run in the forthcoming Esquimalt by-election as an independent. Her husband is the member for the adjoining riding of Cowichan-Newcastle.

Mrs. Whisker might stand a good chance. There's a lot of discontent in Esquimalt. The people are annoyed because the government has left their legislative seat vacant so long—nearly a year. A vote for Mrs. Whisker would be a vote against the Government and yet would not give any aid and comfort to the C.C.F.

If we get a husband and wife team we'll have quite a legislature, unique in Canada. For already we have a father and son team—Opposition leader Harold Winch and his dad Ernie.

There's a lot of talk about Premier Johnson retiring from office before the next election. If he does that the Liberals won't have nearly as good a chance at the polls. The Premier has a tremendous campaign personality, a happy faculty of running around the country and getting to know everyone. It was largely his personality that so overwhelmingly won for the Coalition two years ago.

The Conservatives, of course, hope Mr. Johnson will get fed up with politics and quit before the next election. With the Premier

out of the way the Tories would have a better chance of winning.

This observer would say now that the Premier won't quit. There is a strong streak of the stubborn deep down in him and he'd like to see what he could do as a pure Liberal Premier, freed of the strings that have tied him to the Conservatives.

Johnson stays the Liberals have a pretty good chance of forming the government; if he goes the Tories could well win, for Herb Anscomb's personality on the public platform is no mean one. He knows how to swing votes too, by turning on the charm.

The son of a noted B.C. Conservative family is out campaigning in Victoria these days for the Tories. He's A. E. deB. McPhillips, son of the late Mr. Justice A. E. McPhillips, who was the Attorney-General, the first Conservative administration in B.C. in 1903, under Premiers of Sir Richard McBride. Burke McPhillips is a great-grandson of Dr. J. C. Davie, member of a Legislative Assembly of Vancouver Island, and a grandson of Hon. A. E. B. Davie, and grand-nephew of Hon. Theodore Davie, both of whom served as Attorney-General and Premier of B.C. before the turn of the century. He is a first cousin of E. Davie Fulton, M.P. for Kamloops.

With a Conservative background like that, Burke McPhillips could well be a formidable opponent in Victoria, though he tried several times to get elected in Vancouver, but could never quite make it. He's a lawyer and has come back to Victoria to live, thinking he has a better political chance here.

ONE OF THE HIGHLIGHTS of the evening shows at the 45th annual Regatta, was the presentation of rhythmic swimming and the water ballet. Weeks of hard work and training under the tutelage of

Margaret Hutton, of Los Angeles, culminated with the presentation of the water-borne extravaganza. Here the girls are shown forming one of the intricate designs.

highways have sprung up scooter garages. The service stations sell a special scooter mix of oil and gas, and the sale of scooter accessories has become big business. Another interesting aspect is the development of scooter clubs in all the big cities.

These clubs are the centre of activity for the scooterists. They arrange scooter picnics in which all the members head out for the country in groups of two or three hundred strong. There are scooter races, and scooter endurance competitions and they hold big scooter rallies in many of the big cities.

To get an idea of the extensiveness of these scooter clubs, it's only necessary to tell you about Vespa Day. Vespa, which means wasp in Italian, is the name of only one of the many types of scooters, but on Vespa Day last May in all the major cities of Italy, over 20,000 vespa-ti staged huge parades almost com-

pletely blocking normal traffic.

BUZZING MONSTERS

But it wouldn't be right to tell you about the scooters without pointing out the bad things about them. The worst fault is the noise. Every motor scooter makes a noise like a small outboard motor and you only have to let your imagination run to understand what several hundred of these buzzing monsters can do to the calm and serenity of a small village.

In addition they represent probably one of the worst traffic hazards imaginable. Their ability to whip in and out of the traffic makes them a real menace when in the hands of daredevils.

But regardless of all, the scooter is here to stay. The scooter has opened up the Italian countryside for the Italians. It has given the people a taste of the open road. It has brought the seaside to the cities. It has made the lakes and mountains available to all.

simple story as it wove itself out through a series of visits to many countries around the world, with the final discovery of the Okanagan's famed Ogopogo, the cast of stars plus the added interest of excellent local talent all combined to make the show an outstanding success.

Under the direction of Vancouver Little Theatre's Ian Dobbie, two well-known local young people were cast in the roles of the lovers. Miss Lorraine Marklinger, was "Oka," while Brian Weddell played the part of "Nagan."

Oliver Jackson was the Ancient, and Bert Johnston, the artist.

SINGING ROLES
Starred in singing roles were Harvey Hodgins, noted Canadian baritone, and Joyce Perkins, English soprano.

In a series of imaginative scenes, the young couple travelled to many countries throughout the world in search of "Ogopogo," after they had been put to sleep by pretty Apple Blossom Fairy, Dorothy Longden, local dancer who is studying in Vancouver. Trained by Miss M. Pratten, the apple blossoms were Patricia Hume, Barbara and Kenna Wyman, Antoinette and Brenda Carr-Hilton.

As the journey sped on several divers added to the show by their exhibitions from the 10-metre tower. They were Pat McCormick, U.S. Women's Champion, John McCormick, U.S. Men's Champion, Paula Jean Meyers, Tom Halstead, Ed Lucett, Leo Bigand and Dr. George Athans.

Soloists in the water ballet were Margaret Hutton, North American professional water ballet, little hold-on, and Irene Athans, noted Canadian ornamental swimmer. The 38 local swimmers in the spectacular show were Marletta Anderson, Beth Cameron, Shirley Cameron, Bernice Coutts, Jenn Coutts, Carol Dunaway, Alice dePuyffer, Marle dePuyffer, Betty Egg, Janet Egg, Diane Fumerton, Thelma Gagnon, Linda Ghezzi, Marlene Herbst, Mary Lou Hou, Audrey James, Sidney Kelly, Barbara Ann Lander, Sandra Lipsett, Mary MacKenzie, Margaret McCormick, Joan McDougall, Karen Oldenberg, Mary Lou Rannard, Nancy Rannard, John Shaw, Jenn Shilcock, Georgina Steele, Jane Stirling, Lois Underhill, June Wiens, Jerry Wilson, Mary Lou Woolrich, Tony Griffin, Royce Moore, Glenn Mervyn, Jackie Tucker, and Eric Weyenberg.

Rumba and Samba dancers were Marie Walrod, Caroline Fugger, Margaret Ritch, Jack Liddle, Art Schmidt, Murray Conklin. Miss Joan Campbell was organist, while Mrs. Kay Dunaway, was pianist. Comic relief was provided by Harry Cox, as the clown.

Heading the backstage committees were: scenery, Mrs. J. Thomas, Colin Griffiths, R. Scott, Miss M. Bull, and Mr. and Mrs. Frank Bishop; construction, Verne Ahrens and crew; Ogopogo, Mr. and Mrs. R. Ocean Falls' brilliant boys' team carried off both junior and juvenile laurels, with Ron Gilchrist winning the former aggregate and the Percy Norman Cup and Allan Brew the juvenile crown.

VASC's aggregation of youthful stars pulled down girls' aggregate laurels, with Dot Cook gaining the junior and Helen Stewart the juvenile. Dot also has possession for the next year of the Percy Norman Cup, donated by her own VASC coach.

Balding, broad-shouldered, Ed Lucett of Los Angeles won the Nicol Cup and the aggregate in the men's open diving over such other ace performers as Bill Patrick of Calgary (now studying with the VASC clan) and Tom Hairebedian of Los Angeles.

Pat McCormack, holder of several U.S. titles, and the finest female diver ever to appear in Kelowna, walked off with the ladies' diving aggregate, followed by Paula Jean Myers, also of Los Angeles, and considered runner-up to Mrs. McCormack in U.S. National honors. lated thousands of spectators and some of the finest speedboats on the Pacific Coast fired the blood of Regatta patrons as never before, the weatherman was in a benign mood. In fact a little too much so from a turnstile standpoint. The blazing sun kept hundreds away from the daytime treats. Regatta officials hope by next year to have at least some sort of covering between the spectators and Old Sol.

The mercury hit 90 or better on all three days, with only a slight breeze most of the time. Only signs of rough water came late Saturday afternoon, which hampered to some extent the final rowing event of the program.

Friday's 83 equalled the season's high.

CIVIL DEFENCE

LEARN—AND LIVE

SCHOOLS

Dear Parents:

This letter is to inform you concerning the procedures we plan to follow in the training and education of all school personnel (teachers and pupils) regarding the best protective measures in the unhappy, and we hope unlikely, event that the area in which we live is subjected to enemy bombing—either atomic or conventional type.

Like you we sincerely hope that all of our plans for school Civil Defence activities will prove to have been unnecessary but like parents we feel that so long as there is any possibility of such danger, every available precaution must be taken. We prefer caution to complacency.

To this end we are putting into effect a simple programme of training and protective drills which utilizes the best available information on the subject and provides the maximum protection under each of several conditions. For example, should the need arise, the young people will be moved to the safest location in the school.

As devastating as the atomic bomb is, there is no justification for a feeling of hopelessness in the event of such bombing. Relatively slight obstacles offer considerable protection and in general the type of construction used in our schools is a definite item in our favour.

It is our intention, without causing alarm, so to impress these simple facts and instructions permanently in the minds of both teachers and pupils, that immediate response will become a habit. Only by constant repetition and drill can we assure universal and complete compliance. When this state is reached we think that children will be just as safe with us as they would be at home. We are sure that with this explanation you will understand any excitement and comments which your child may bring home concerning this subject.

Yours sincerely,

Principal of your local school.

BOATS CRASH; CAPREE AGAIN SIDELINED

Tommy Capozzi's speedboat, the Capree, must be jinxed. Saturday afternoon the Capree rammed into the side of Darby Hayes' boat, doing around \$300 damage to the former. Darby's boat received a few

cracked boards. John McAllister, driving the Capree, was slightly injured when the two boats crashed, while Darby Hayes sustained a few minor bruises. About two weeks ago, the Capree rammed into a floating timber and was badly holed. Damage was estimated at \$400.

Bob Snyder of Vancouver Caplans was the first Western International Baseball League pitcher to win 20 games this year.

Year 1951 Proves Dismal For Kelowna Rowing Club

Kelowna stocks in the skulking world plummeted like an anchor into the sea during the three-day Regatta. Chances of capturing the glories of the forty-fifth Regatta looked none too bright before the water show began but no one thought the Kelowna Rowing Club would be unable to chalk up at least one victory against outside competitors.

But such was the case — a power dive from the pinnacle of supremacy held by KRC the past few years, in this province at least.

It all started in the first race of the Regatta, during Friday mid-afternoon. Three teams were entered in the junior fours, and with Vancouver Rowing Club not bringing a shell as expected, the race had to be run in heats, with Penticton drawing a bye into the final. St. George's School rowers from Vancouver, comparatively new at the game, but with schoolboy enthusiasm and vigor, defeated Kelowna's crew to earn the right to meet Penticton in the final.

On the winning crew, coached by Edmund McAllister, were: Graeme McDougall, Skip McCarthy, Art Lander (of Kelowna, and largely responsible for St. George's coming here) and Tom Croil. The Kelowna crew consisted of Jack Weddell, Terry O'Flaherty, Bob Scott and John McAllister.

ST. GEORGE'S WIN
St. George's, incidentally, captured the junior fours' crown Saturday afternoon by beating Penticton Rowing Club. On the latter were: John Duncan, Ted Smith, Laurie Peaker and Peter Hatfield.

KRC's second loss came later Friday afternoon when Vancouver won the senior doubles championship of Okanagan Lake and the McLaren Cup. Coast crew of Graham Watson and Dick Kadia outclassed Kelowna's Alf Gerein and Jim Stewart.

The pattern continued Saturday, though Kelowna's loss to the ever-powerful University of Washington Huskies in the Okanagan Lake senior fours championship was not an upset. The Huskies have held the title for the past 10 years.

Representing the Huskies this year were: Stu Barker, Eric Fonkalsrud, Tom Thies and Charlie Wynn. Kelowna's four were Jim Stewart, Alf Gerein, Russ Ensign and Bob Lennie.

BOTH SWAMPED
The final race of the Regatta, the junior doubles final, was another Kelowna loss but it was a gallant fight against more than a Vancouver crew. A sharp breeze whipped the water into a rougher state than oarsmen care to handle.

Both boats in the race, which came off at 3:30 Saturday after the grandstand had been emptied, were shipping water all along the mile course. Both crews were pressing hard when Kelowna swamped about 50 yards from the finish.

The winning Vancouver pair just barely made the finish line when they got a ducking. Winners were Charlie Wynn and Jim Byres, while upholding Kelowna's end were Dunc Whillis and Bob Lennie.

Earlier, on Friday afternoon, Whillis and Lennie won the right to meet Vancouver in the juniors' doubles final by outstriking Brian Casey and Ken Lipsett.

Despite a poor showing, local oarsmen are not depressed. "It was just one of those years that happens occasionally" was the consensus. "Things'll be different next year, they promised."

Ken Amundrud Hurls Elks To Win Over Loop Leaders

Puckster Ken Amundrud, brother of better-known Howie Amundrud of the Packers, injected new life into the veins of Kelowna Elks yesterday as he hurled them to a 9-4 win over the front-running Kamloops Elks in an Okanagan-Mainline Baseball League fixture at Elks Stadium.

Only a small crowd was on hand to witness the homers of Larry Schlosser come from behind in the sixth inning and go on to a decisive triumph. Kelowna Elks had their hitting eye out of hook in the sixth as they slashed out singles and doubles to push across five runs.

Earlier Don Peters electrified the patrons with a home run in the fourth inning.

Lon Gatin went all the way for the visitors, pitching a steady game apart from the blow-up in the sixth, partly attributable to an error in judgment he made at the start of the inning.

MAYOR'S COUSIN ON TOURING CRICKET TEAM
Mayor W. B. Hughes-Games, of Kelowna, has received word from England that his cousin, Michael Walford, will be one of the party of 14 cricketers which the Marlyle Cricket Club is sending to their current tour of Canada.

The M.C.C. is sending a strong team, and this will be the first time in history that a game has been scheduled for the Valley. The game, against a picked team from Vernon, Kelowna and Naramata, will be played at Vernon on Wednesday, August 22.

Information as to the game, and how to obtain tickets, is in the hands of Doug Carr-Hilton, 543 Bernard Ave., Kelowna, phone 1147 or from any member of the Farmers or Legion teams in Vernon.

A strong cricket team from Vancouver will be touring the Valley next week, and games will be played in Vernon on August 7 and 9, Kelowna, August 8 and 10, and Naramata on August 11. The cricketers will make their headquarters in Kelowna for the week, and the team includes Ron Brierley, an English County player, who was brought to Vancouver for the training and development of cricketers at the Coast. These games will all start at 1:30 p.m.

Elks Stop Canucks; Kelowna Has to Default to Oliver
Kamloops Elks defeated Vernon Canadians 13-9 in an Okanagan-Mainline Baseball League fixture at Vernon Wednesday.

A second midweek contest, billed for Oliver, was defaulted when Kelowna Elks arrived with only eight men. Kelowna borrowed another man and played the Oliver nine an exhibition with Oliver winning 6-1.

ROVERS RETAIN SOFTBALL TITLE IN 2 STRAIGHT

Rutland Rovers retain their city and district men's softball title for at least another year after they squeezed by Black Bombers Wednesday night, 6-5, in the second game of the best-of-three final.

They won the first encounter 10-6 Monday.

Bombers put up a gallant fight, coming from behind in the second inning to force usually untouchable Jake Runner out of the box.

They led most of the way by a narrow margin until the eighth when Rovers moved out by a pair of runs when Vic Welder had trouble finding the plate.

Bombers got one back in their half of the eighth and seriously threatened in the last of the ninth. They had the tying run on second base but relief hurler Al Manasin bore down to strike out the next two batters and win the ball game.

Paul Bach's Rovers next assignment is a series against Copper Mountain for the South Okanagan-Similkameen title.

Brother And Sister, Kay And Gerry Being Trained For Olympics
KAY and Gerry McNamee will be groomed seriously for next year's Canadian Olympic trials.

The two Vancouver youngsters, who swept the national championships in North Vancouver last week, and who were being watched with interest at the 45th Regatta here, stand on the eve of great swimming careers.

Percy Norman, veteran Vancouver Amateur Swimming Club coach, made this statement here in an interview with a

The dark-eyed, Vancouver girl, 20, and her husky brother, 17, have captured the imagination of the galleries here. "They are magnificent swimmers, in a part of the country that is heavily populated with aquatic experts."

"Kay and Gerry are on the eve of great careers," said Norman, "perhaps the greatest any Canadian swimmers have ever had."

"We have been training Gerry to a careful pace. We are anxious to see what pace the American swimmers use."

"We will then go back this winter and start boosting his pace. We will get him up and then see what we can get out of him in addition."

"I want to work on the 400 metres, which is the true racing length, where you are neither a distance swimmer nor a sprinter but both. When we get Gerry's pace right, we will then work him up to a 50-yard sprint at the end."

"He has done the 400 yards in 4:28. Now how want to get a whole of 60 seconds per 100 yards for the first 200."

"Gerry is at the age now where he has become ambitious. This, on top of his great natural ability, will make him a great competitor, we feel. Before, when he was 14 and 15 he had the feeling all boys have at that age, 'Well, I can do that easily,' and he was inclined to take it easy."

Norman said he was proud of Kay's flawless stroke, an easy beat in which legs and arms share the load evenly, the system which Norman teaches and tries to get in his kids.

"Kay will do the 100 in 60 seconds or better within the next year," he said.

"She is just coming into the great age of her life. Sue Zimmerman and Anne Curtis, the American stars, set all their records when they were 23."

There is no reason why Kay can't do the same.

RUTLAND DROPS PLAYOFF OPENER; CYO LOSES TOO

Copper Mountain and Vernon went one-up in the Okanagan-Interior softball semi-final yesterday, at the expense of Rutland Rovers and Kamloops Music Centre respectively.

Rovers were edged 2-1 at Copper Mountain while Vernons' Knight's Wolves won 8-5 at Kamloops. Rutland-Copper Mountain series resumes here next Sunday while the other semi-final moves to Vernon.

Third games, if needed, will be played the same day.

In a return exhibition game at Wenatchee, Kelowna CYO yesterday dropped a 7-2 verdict to the Wells and Wade aggregation.

Local Athletes To Try Fortunes at Seattle And B.C. Junior Meet
Sixty-fifth annual Caledonian Games came off in Vancouver Saturday but there were no Kelowna thinclads competing in the track and field events.

Middle distance runner Fred Turner, however, intends taking in the Caledonian Games at Seattle this coming Saturday.

High jumper Brian Weddell proposes to compete in the B.C. Junior Championships at Vancouver Aug. 18. Another probable entrant in the junior class is sprint star Marilyn Oatman.

BONDS? STOCKS? Or BOTH?

In our opinion Investment Portfolios should include Bonds and Debentures which are convertible into Common shares or which carry subscription privileges.

These securities enable the investor to a considerable extent to protect himself against major decline in the stock market and at the same time allow him to participate in any substantial increase in prices of the Common share. A long range view for Common stocks probably justifies expectation of higher prices. Nevertheless, possible international developments and their consequent effect upon our economy make it most difficult to project the immediate pattern in Common share prices.

The following securities give the investor the preferred security of Bonds or Debentures and at the same time provide the option of converting into the Common stock of the companies at fixed prices:—

CANADIAN PACIFIC RAILWAY

3 7/8% COLLATERAL TRUST BONDS — DUE 1970

Convertible at the option of the holder at anytime commencing April 1, 1952, and terminating April 1, 1959, into four common shares per \$100.00.

Approximate market—BONDS \$116.50—\$118.50
STOCK \$29.50—\$29.75

ABITIBI POWER & PAPER COMPANY

4 7/8% CONVERTIBLE DEBENTURES — DUE 1961

Convertible at holder's option into four common shares per \$100.00.

Approximate market—DEBENTURES \$105.00—\$106.50
STOCK \$19.50—\$19.75

DOMINION STEEL AND COAL CORPORATION LTD.

4% CONVERTIBLE DEBENTURES — DUE 1961

Convertible at holder's option into five common shares per \$100.00 until August 15, 1955 and at varying amounts thereafter.

Approximate market—BONDS \$103.25—\$104.50
STOCK \$18.25—\$18.50

BRITISH AMERICAN OIL COMPANY LIMITED

3 7/8% CONVERTIBLE DEBENTURES — DUE 1961

many prominent Regatta visitors,
and also to allow the judges of the
contest to meet the girls prior to
the show, a coffee party was ar-
ranged for Thursday morning. Dur-
ing the pageant judging took place
quickly, as the girls had all pre-
viously been judged for personal-
ity and poise etc. Judges were
Mrs. T. A. H. Taylor, wife of the
commanding officer of the Pacific
Coast Rangers, Mrs. Beth Wilson,
proprietor of a ladies' ready-to-
wear store, and A. W. Moscarella,
publisher of the Vancouver Provin-
ce. Announcement of the winner
and presentation of the prizes was
made by W. Alan Whyte, general
freight agent, C.N.R., B.C. district.

An entertaining spectacle from
beginning to end, this year's Lady-
of-the-Lake pageant, sponsored an-
nually by the Kelowna Junior
Chamber of Commerce, took the
form of a Roman holiday scene.
Featuring for the most part local
talent, it was highlighted by the
parade of beautiful "slave girl"
contestants. Others in the cast
were beggar Tony Tozer, and dan-
cer Sheilaigh Harrison, who at-
tempted a love-making scene, were
thwarted by the determined action
of the armor-clad Roman sol-
diers.

A mixed chorus assembled from
various Kelowna choirs portrayed
the townsfolk who sang to Nero's
glory as he approached in his boat
from the water.

Surrounded by beautiful hand-
maidens and dark-skinned slaves,
Nero, played by Joe Camozzi, dis-
embarked from his gaily-decorated
river boat, and was seated on a
luxurious couch to witness the fe-
stivities. A gay story told in song
and dance, the songsters were
headed by Harvey Hodgins, who
portrayed the part of the auction-
eer. "It's a job I'm paid for but
I'd do it for nothing at all," he
sang as the fourteen lovely slaves
appeared on stage balancing water
jugs on their heads.

Several solos were sung by Mr.
Hodgins, who was greeted with en-
thusiastic applause, before the final
appearance of the contestants in
bathing costume, and the formal
ceremony of crowning the new
Lady of the Lake.

Performing her last official duty,
lovely, blonde-haired Joan McKin-
ley, who probably has travelled
farthest so far of any of the ladies
to advertise Kelowna's famed Re-
gatta, placed the sparkling crown
on the head of her successor, and
draped the rich royal wine velvet
cape about her shoulders.

As Miss Weeks slowly mounted
the podium steps, she made a truly
regal picture. Flanked on either
side by her two attendants, Miss
Graham and Miss Lockhart, the
royal party was a colorful spec-
tacle of royalty never to be forgot-
ten by spectators and participants
alike.

Authentic Roman costumes,
which added greatly to the effec-
tiveness of the pageant, were de-
signed by Mrs. Norman Rogers,

Insurance Premiums Will Be Reduced If Ratepayers Pass \$80,000 Fire Bylaw

KELOWNA ratepayers will go to the polls next Wednesday to elect a new alderman to fill a vacant seat on the council, and will also vote on a \$80,000 fire department bylaw.

If the taxpayers approve the bylaw, insurance companies have promised a ten per cent reduction in insurance premiums. Purchase of a new truck, installation of a modern fire alarm system, extension of the fire department building, and purchase of other equipment would raise Kelowna fire risk status from fifth to fourth place.

Kelowna has probably the most efficient volunteer fire department in the interior, and time and again, the local fire-fighters have won top honors in fire fighting schools.

In view of the fact the Kelowna telephone exchange will go "dial" next spring, it is necessary to re-vamp the fire alarm system. In the past, the telephone operator has notified the fire department of the location of the fire, but this will not be possible under the new system.

Fifty alarm boxes will have to be installed at various points in the city. Under this new system, one can send in an alarm by phone or by fire alarm box method. By means of a large air horn on the fire hall, and a coded block number signal, the volunteer firemen are called immediately to the location of the blaze.

ISSUE STATEMENT

Following is a statement which has been mailed to ratepayers by the volunteer fire brigade:

"You will shortly be casting your vote on the fire protection bylaw for \$80,000. To help you somewhat in making your decision as to why you are being asked to spend this money, we, the members of the Kelowna Volunteer Fire Brigade would like to give you the following information about this bylaw.

These are the requirements:

1. Fire truck with 750 g.p.m. pumper.
2. Fire alarm system.
3. Alteration and addition to fire hall.
4. Replacement engine on ladder truck.

The present pumping equipment is only a 400-gallon pump on the ladder truck which was purchased 23 years ago in 1928, and not of sufficient capacity for fire fighting today with the increased building in the last ten years.

VOLUNTEER BRIGADE

"You may not be aware of the fact that the Kelowna Volunteer Fire Brigade is a volunteer brigade composed of 32 members, principally

Why does the present system have to be changed? When the new phone dial system is installed in Kelowna next March, there will then be no phone operators, and therefore, the volunteer firemen will be unable to obtain the location of the fire, unless there is a proper alarm system, which means that it will be necessary to install 50 alarm boxes throughout Kelowna. With this system, you either send in your alarm by phone or by the fire alarm box to the fire hall. By means of a large air horn on the fire hall, and a coded block number signal, the volunteer firemen are called immediately to the location of your fire. With no alarm system in the future can mean the loss of your family or property.

REMEMBER—SECONDS COUNT!
"The addition to the fire hall is necessary to adequately house the alarm system, a fireproof building for the main mechanical parts, a storage battery room (to operate the system in case of a power failure) and an air compressor and tank to operate the coded signal air horn.

"Because of the fact that the engine in the ladder and pumper truck is now 23 years old and worn out, it is necessary to put in a new replacement engine.

IMPROVE RATING

"At the present time, the City

of Kelowna has a fifth class rating from the Fire Underwriters Association. They have stated that if this equipment is installed, Kelowna will improve to a fourth class rating with a consequent 10% reduction in fire insurance rates on your property and contents.

"We feel sure that unless a fire alarm system is installed we can foresee the breakdown of this volunteer fire brigade. To put in a fully paid fire brigade would cost the taxpayers additional salaries of more than \$52,000 yearly, and if on a paid fire brigade basis, would still require an alarm system.

"Your Kelowna Volunteer Fire Brigade urges you to vote:
"For a new fire alarm system.
"For new fire fighting equipment.
"For efficient fire fighting at a minimum cost.
"For lower fire insurance rates.
"Vote yes on the fire protection system bylaw, 1951, at the Scout Hall, Wednesday, August 8, 1951."

Okanagan Crops Sizing Well, Report Indicates

ALL crops in the Okanagan are progressing favorably; apricot crop has passed its peak; Rochester peaches and Bartlett pears will be ready for harvesting in the southern area of the valley by next week; tomatoes are moving but volume has not been as great as expected, and a pick-to-order has been instituted on cucumbers.

These were the highlights of the fortnightly news letter released this week by the provincial department of agriculture. Apples are sizing well, but winter injury is in evidence on some trees as fruit is sizing more slowly.

SALMON ARM AND SORRENTO

As reported July 23. Since our last report the weather has been hot and dry with temperatures in the low 90's being common. An electrical storm on the 17th brought only a light rain shower but fortunately no hail fell.

McIntosh and Wealthies continue to size satisfactorily but sizing of Delicious is causing some concern. Weakened trees are continuing to die back, branch by branch. Infestations of green apple aphid are becoming serious in many orchards. Considerable damage is becoming evident in non-sprayed orchards from the codling moth larvae. Apple scab is not a problem so far this season.

The strawberry deal is about wound up with the crop in the Salmon Arm area exceeding expectations. Raspberry picking is just commencing with a good crop in prospect. Scattered infestations of the raspberry fruit worm have been noted this year. An excellent crop of black currants is being harvested in the Sorrento area this year.

Vegetable crops are making fair progress but further rain would be very beneficial. Winter wheat is ripening off but cutting will not be general for some time yet.

ARMSTRONG, VERNON, OYAMA WINFIELD, OKANAGAN CENTRE

As reported July 25. Since our last report weather conditions have been very hot and dry.

Tree fruits are slowing up a little in size at the present due to the extremely hot and dry weather. Yellow Transparent of good quality are now being shipped as cookers. A few Ducks are now coming in to the packing house and picking will be general this coming week. Transcendent Crabs should be ready by the early part of August. Strawberries are over and raspberries are past their peak. It is likely that both of these fruits will be below the estimates due to the weather conditions. Black currant picking will be finished by the

ther has prevailed since the issue of our last News Letter. Daytime maximum temperatures of 94 degrees in the shade were recorded at the Experimental Station on July 12 and 23.

Cherry harvest is now completed. Some districts harvested considerably more cherries than they had originally anticipated. Yellow Transparents have been picked and apricots are now moving in a small volume to the packing houses. The peach crop continues to size well. A prune crop at least as good as that of 1949 is now expected in most areas. Both pears and apples are sizing well. It is quite probable that the 1951 pear tonnage may exceed anything in previous years. Mature green tomatoes are now being harvested in the Westbank district.

Second brood codling moth adults are now being taken on the front benches at Summerland. Sprays for second brood worms will be commencing in the next few days. Warmer weather is beginning to stimulate mite activity. European red mite and Willamette mite are now showing up. Grasshoppers are becoming a pest in some soft fruit orchards.

PENTICTON, NARAMATA, KALEDEN AND KEREMEOS
As reported July 24. Warm clear days with temperatures in the high eighties or nineties have prevailed for the past two weeks. Orchards are looking exceptionally good for this time of year. All fruits continue to size well. The cherry season is over and apricots are now moving in volume. This movement is slow but steady with a product of fine quality and good size.

With the warmer and more settled weather insect activity has

been very active. The past two weeks the weather has been very warm with a high of 100 degrees and somewhat more in Osoyoos. The growers have started their second brood codling moth sprays where mites and woolly aphis require control and the rest of the growers will be commencing shortly. Sprays are being applied on cherries and pears for slugs which have done a noticeable amount of damage. The call for material for grasshopper control is the highest in a number of years. No damage has been done to the fruit as yet but they have been feeding heavily on the cover crop. In many peach blocks where parathion has not been applied.

The apricot crop has passed the peak. Rochester peaches and Bartlett pears should be ready for harvesting prior to the next news letter.

Pick-to-order has been instituted on cucumbers. At the same time some of the plantings have blown up due to the heat. Tomatoes are moving but the volume has not been as great as was expected. Cantaloupes should be moving in limited numbers before the end of the week.

Mrs. Aldred received a cup and saucer, bought by the Institute while Mrs. Avenarius became the possessor of the charming blotter-book, donated by Mrs. W. Newton of Vernon. A delightful tea was served at tables on the veranda by Mrs. R. Tucker assisted by Mrs. G. Parker and Mrs. H. Byatt. Miss P. Davidson and Miss M. Rounce served cold drinks to the youngsters. Mrs. D. May, assisted by Mrs. H. Duggan, Mrs. A. S. Towgood, and Mrs. H. Avenarius were in charge of the kitchen. Mrs. S. M. Kates arranged for a lovely hand-embroidered picture made and donated by Mrs. W. Dobson of Vernon. Miss Jean Norman was the lucky winner. G. Arnold assisted by L. Norman transported the chairs and tables used for the affair.

At a recent general meeting of the Oyama Community Club members to discuss the Community Club becoming directors of the Oyama cemetery a resolution was passed to the effect that the Community Club was willing to accept but with no restrictions attached. This resolution has been sent to the Anglican Diocesan Board.

A meeting was held in the Oyama Memorial Hall last Wednesday, July 25 for making plans for the defence. The meeting was called by the Oyama Branch of the Canadian Legion. C. Gallagher was in the chair. It was decided to set up a committee comprised of representatives from the Community Club, the Legion, and the Women's Institute. The committee is to be in sole charge of civil defence for Oyama and to hold the position till the next general meeting of the Community Club when an election for the position will be held.

KELOWNA GIRL'S NAME PLACED ON HONOR ROLL

Word that their daughter, Miss Rosemary Evans, has been placed on the honor roll of the State College of Washington, was received by Mr. and Mrs. M. J. Evans, Abbott Street. This will be the second time in two years a Kelowna student has won the coveted honor. Last year Miss Maureen Brown's name appeared on the honor roll.

A letter from the president's office informed Mr. and Mrs. Evans that in recognition of superior quality of scholarship, Rosemary Lambert Evans is on the honor roll of the State College of Washington, Pullman, Wash.

Entering her senior year, Miss Evans is majoring in art.

COFFEE PARTY HELD FOR CONTESTANTS

An innovation adopted during this 45th Regatta was the coffee party sponsored by the Kelowna Junior Chamber of Commerce last Thursday morning for contestants and judges in the Lady-of-the-Lake pageant. To provide the judges an opportunity to meet and talk with the girls, and base part of their decisions on poise and personality, Mr. and Mrs. Roy Winsby, entertained about 40 guests at the Golf Club.

Judges were Mrs. Beth Wilson, proprietor of a ladies' ready-to-wear store; Mrs. T. A. H. Taylor, wife of the commanding officer of the Pacific Coast Rangers; and Mr. Arthur W. Moscarella, publisher of the Vancouver Province. Contestants were Elaine Jantz, "Miss Aquatic Ladies' Auxiliary"; Merna Gray, "Miss Vancouver Amateur Swimming Club"; Beverly Clarke, "Miss Penticton Teen Town"; Nola Lockhart, "Miss Club 20-30, Penticton"; June Minette, "Miss BPOE"; Phyllis Markewich, "Miss Kinsmen"; Elizabeth Reeco, "Miss Kel-

Also guests at the coffee party were Mr. Phil Meek, president of the Kelowna Aquatic Association, and Mrs. Meek; the Wenatchee Royal Party; Mr. and Mrs. James Spurgeon, Queen Lily Jo Hammans, Princess Barbara Bell, and Princess Odette Hamilton.

In attendance, too, were Jaycee chairmen of the different committees connected with the Lady of the Lake pageant, and their wives, which included Mr. and Mrs. Craig Brodie, Mr. and Mrs. Don Haines, Mr. and Mrs. James Doran, Mr. and Mrs. Don Roberts, and Mr. and Mrs. D. Monteith.

Many Distinguished Guests Are Present At Official Opening

Prior to the colorful aquacade and Lady-of-the-Lake pageant Thursday night, the official opening of Kelowna's 45th International Regatta, took place. This year's Commodore, Honorable Clarence Wallace, CBE, Lieutenant-Governor of B.C., in making the official proclamation at first-night festivities, remarked he'd had no idea of the grand scale on which the Regatta was built.

"I congratulate all the officials," he said, and then added a compliment on "the wonderful calibre of talent you are able to attract."

"As your Commodore, I extend a warm welcome to all visitors, from north, east, west, and south, and wish you all success in this 45th Regatta which I now declare open."

Following His Honor's short address, Mayor W. B. Hughes-Games thanked him, and added a few words of welcome to visitors, as did Kelowna Aquatic Association president, Phil Meek.

OFFICIAL OPENING

Following the official opening, and prior to the actual Lady-of-the-Lake pageant, the capacity crowd was entertained by a short, but interesting and lovely, aquacade. Featured in the pool was Mrs. Irene Athans, wife of Kelowna's famed "Diving Doctor," George Athans, and noted rhythmic swimmer. Wearing an attractive pink suit, her water ballet to the music of the "Syncopated Clock" was definitely a crowd-pleaser.

Those who love to watch divers in action had a chance Thursday night to see some of the highest-calibre divers of the continent perform. Taking part in the many crowd-pleasing exhibition dives were Mrs. Linda (Adams) Hunt, a former favorite at Kelowna Regattas; Bill Patrick, of Calgary, runner-up for the Canadian championship at Vancouver recently; Tom Hairebedian, Los Angeles, another champ who also performed with

Robert Brian Emslie, 27 year old son of Mr. and Mrs. J. H. Emslie, Kelowna, has completed his four year term at the University of Toronto.

Prior to attending the Toronto dental college, he took two years pre-dental training at the University of British Columbia following senior matriculation. There were 152 in the class, ninety-eight percent being veterans.

A married man, his wife is the former Mona Herbert, daughter of Mr. and Mrs. G. D. Herbert of this city.

He saw two and a half year's service in the navy overseas, aboard the frigate Loch Alvie.

Dr. George Athans, introduced by emcee Jim Pantone, they executed many beautiful and intricate dives from all three boards.

A slight pause in water events came when Harold Long led everyone in the singing of the "Regatta Song," enjoyed by the entire audience who joined in.

The glitter of a sparkly blue and silver swim suit combined with the poetry of motion in water ballet expertly executed when Margaret Hutton, of Hollywood, demonstrated why she is acclaimed "champion of champions" wherever she goes. The added innovation of underwater lighting made her act even more attractive, as she showed how she can propel herself in the water entirely without the use of her feet.

Rutland Blue Caps' junior edition and the Kelowna Chiefs will meet in a baseball exhibition game at Rutland Park 6:30 p.m. Wednesday.
