HIMAL and Himal Associates

Himal Associates is a newly established non-profit group of professionals in Kathmandu. Its objective is to provide a citizen's forum for discussion and action on all areas of Himalayan "development" broadly understood, including public health, the economy, the environment, education and culture.

The organization emphasizes the development of indigenous knowhow backed by appreciation of innovation worldwide. It supports small-scale research and applications which will directly help improve the quality of life.

Himal Associates publishes the magazine HIMAL because it takes seriously the slogan "Communications for Development". Public

Even though HIMAL is not a political newsmagazine aimed at the mass market, we expect it to ultimately earn its keep. Till then, as publisher, Himal Associates will continue to welcome contributions from individuals and foundations to help support this publication.

JOIN HIMAL !

As the need for common approaches to Himalayan development becomes increasingly obvious, so does the necessity of an open-minded, independent periodical to address the issues unique to the mountain environment of south-central Asia. This new bimonthly, HIMAL, will provide news and analysis of the issues that affect the people of the Himalayan crescent. HIMAL will bring out an interim issue in November 1988 before beginning regular bimonthly publication in January/February 1989.

Join us. Please send back the attached slip with the appropriate amount to receive a year's subscription to HIMAL (six issues).
