A LETTER FROM THE PRESIDENT

Dear Alumni,

My first two years as your president have passed quickly. Thank you for the confidence you have given me by reelecting me.

By the time you read this you will have had the chance to vote on some of the issues which were brought up on Alumni Day. I sincerely hope you will all give us some good feedback. 1982 and the actual closing of our diploma school of nursing is just around the corner!

Wishing you all the very best,

Perma L. Davis

REPORT OF QUESTIONNAIRE RESPONSES

Dear Alumni,

We are happy to report that as of August 15, 1980 we have received 1058 returns to the questionnaire mailed in July. This represents a response of over one third and is considered excellent.

The responses to the five questions in the questionnaire are by a large margin "yes," this indicates that:

1. You do not wish the Baccalaureate Nursing Program to be known as the "School of Nursing" because this title has belonged to the Diploma Program since 1891.
2. The monies accumulated by the Alumni Association over the years are to be retained for the use of our Alumni as set up by our By-Laws.
3. We continue to have an Alumni Room.
4. We continue to have our Annual Alumni Day.
5. We continue to publish an Annual Bulletin.

In addition to the above, the following questions have been presented and we will make every effort to answer them to your satisfaction.

- Q. Why does The Allied Health Review have the initials DN after the diploma graduate names?
- A. This is done to identify the program since there are nine programs in the College of Allied Health Sciences, i.e., CT — Cytotechnology; MT — Medical Technology, etc.
- Q. Will the Diploma Program graduates be able to obtain a degree in conjunction with the new nursing program?
- A. For information on this subject please write to the Office of the Registrar, College of Allied Health Sciences, 1020 Locust Street, Philadelphia, PA 19107.
- Q. How will we be able to obtain pins, caps, transcripts and references?
- A. For this information refer to the last page in this Bulletin. As the changes occur in the phasing out process you will be kept informed through the Bulletin or by special mailings.
- Q. What positions will be available to graduates of the Diploma Program who are not presently working, but may wish to return to nursing after families are raised?
- A. The process will probably be the same as it is now; if you have not been employed for a great number of years, a refresher course would certainly be advisable; if it has only been a year or two, you would probably have on-the-job training. At the present time refresher courses are not offered at Jefferson.

Q. What is the job outlook for the graduate of the Diploma Program who does not have a B.S. in Nursing?

A. Literature indicates that in many positions experience and a good work record are of prime importance, when an applicant is being considered for hire. However, because of the future trends in nursing it would certainly be advisable for the young diploma graduate, with many work years ahead, to seek a B.S. in Nursing.

Q. Why is the Diploma School of Nursing being phased out?

A. This was elaborated on in the 1979 Bulletin in the articles written by Lewis W. Bluemle, M.D., President, Thomas Jefferson University and Doris E. Bowman, Director, School of Nursing. After re-reading both articles, one of the chief reasons for the phasing out is that not enough qualified young people are seeking admission to the program. If you have the 1979 Bulletin I would suggest that you re-read both articles.

Q. What about the future employment of the present nursing school instructors?

A. This is difficult to answer; but, no doubt, some will seek employment elsewhere and some will transfer to other positions in the University.

Q. Will we have a merged alumni association and will we still be considered graduates?

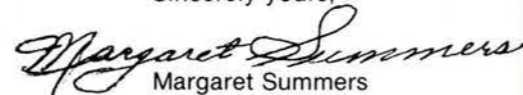

A. By virtue of the fact that we graduated from Jefferson we are members of one Alumni; however, as of now and in the foreseeable future, we, the Diploma graduates, plan to retain our identity as the Alumni Association of the Diploma Nursing Program. You will always be a graduate of the Diploma Program regardless of what other letters you place after your name.

The Diploma Graduates have a rich heritage and I am sure we are all proud of being a part of it. This is certainly evidenced by the continuing loyalty, interest and support for the Alumni Association, which is made known through communications from you. We hear not only from our younger graduates but also from our golden agers, some are ninety plus years young.

I hope this lengthy message has answered some of your concerns.

God bless you all.

Sincerely yours,

Margaret Summers
Second Vice President

SCHOOL OF NURSING

ANNUAL REPORT TO THE ALUMNI ASSOCIATION 1979-1980

It seems like only yesterday that I was informing you of the decision to close our school of nursing by 1982. As mentioned at that time, this was not an easy decision for us to make but, we felt, a timely one. The two major reasons being, first, the recommendations of our professional organization that by 1985 the entry level for the professional nurse would be the baccalaureate degree; and second, the decreasing number of qualified applicants being attracted to our school.

We continue to receive letters from our graduates and others in support of the school and expressing regret at our closing. It has been rewarding to us to receive such documentation of support for our program.

In September, we will not be taking a new class and during June and July, we will be saying farewell and "Thanks for a job well done" to a third of our faculty members. Some have been with us many years and have contributed considerably to the development of the school. These include the following:

Eva Bayard	— 5 years
Joyce E. Brown	— 5 years
Janice Cranmer	— 5 years
Perma Davis (1941)	— 18 years
Vida Johnson	— 18 years
Linda Kofroth	— 4 years
Margaret Mackenzie (1963)	— 15 years
Marlyn Miller (1955)	— 10 years
Ruth Rodenburg	— 8 years
Patricia Zarella (1951)	— 22 years

One of our last graduating classes had Commencement on June 4, 1980, in the Ballroom of the Benjamin Franklin Hotel. Seventy-four students received the diploma and pin of our school. Six additional members of this class have time to make up and will become members of the graduating class of June 1981.

I was reluctant to say "yes" to the class idea for a gift but finally gave in. As a result, my portrait was unveiled during Commencement Exercises and later displayed in the Scott Memorial Library. To each member of the class of 1980: I'm sorry that I gave you such a hard time (about the project, that is) but I do appreciate your time, effort, the kind words you expressed and your just being "you." Thanks again!

Students remaining in the school for the next academic year will include sixty seniors and thirty-eight juniors. Even though our last graduating class will be small, it will be somewhat larger than the first graduating class in 1893 — three graduates.

One of our projects during the stepping down process in 1981 will be to convert our graduate records to a more compact and efficient microfiche system compatible with the College of Allied Health Sciences system. This is no small undertaking when you consider that we will have to convert over 5,000 graduate records. In 1982, all records will be transferred to the office of the Registrar, College of Allied Health Sciences.

Number one among extracurricular activities still seems to be basketball, though this year our cheerleaders were not active. Mary Ann Maxwell, '80, led this year's team to the league championship. She also was the recipient of the Thomas Jefferson Award for Athletic Achievement.

The class of 1979 should be pleased to know that our students are doing well in CPR using their gift of Resusci-Anne. Thanks for making this experience possible.

Many hours are going into the preparation of our final report for continued accreditation by the National League for Nursing. The visit is scheduled for November 10-12, 1980. When the words don't come easily and the proofreading gets to be a drag, we do succumb to asking, "Is it worth it?" Remembering our past and present commitment to excellence, the immediate answer is "Yes."

On the heels of the NLN visit will be the Middle States visit for accreditation of the university. Everyone seems to be involved in some phase of preparing that report.

You may or may not be aware that SEPTA has moved its general office (600 employees) into our building. This has required shifting of some of our departments; however, we have been assured that the school of nursing is to remain in the same location until it closes.

With the phasing out of the diploma program and the closing of the practical school, by 1982 there will be only baccalaureate programs in the college — Baccalaureate Nursing, Cytotechnology, Dental Hygiene, General Studies and Medical Technology.

Although the prospects for me in the coming year seem a bit gloomy as our numbers get smaller, the future of nursing is bright — it is yours. By basking in your reflected glory as you impact on our profession, my future brightens considerably.

Director, School of Nursing

ANNUAL REPORT TO THE ALUMNI ASSOCIATION FROM THE CHAIRMAN OF THE STUDENT AFFAIRS COUNCIL OF THE SCHOOL OF NURSING

The school year 1979-80 showed that Student Affairs Council was once again involved in many activities. Projects included fund raising events, cultural projects, sporting activities and meetings.

May brought about the Senior party, which was well attended by members of all three classes. Gag gifts were awarded to members of the Senior class, illustrating outstanding characteristics displayed during their three years of dorm and class life. Pizza and soda were also provided, adding to the fun and success of this activity.

Revision of the Constitution of Student Affairs Council and the Student Handbook was the next task that the Council undertook in the spring. Members of the school also participated in the project by designing a new cover for the handbook. Although it was a time consuming endeavor, incoming students found the book to be helpful in familiarizing themselves with Jefferson and Philadelphia.

An activity questionnaire was prepared by Student Affairs Council and distributed to the student body to determine activities which would be of greatest interest to them. The Student-Faculty Picnic was one such activity that was enjoyed by both students and faculty. Also, Student Affairs, along with Martin House Council, co-sponsored a Christmas Party. All who attended enjoyed roast turkey, cold cuts and rolls, cakes and cookies. We look forward to enjoying another co-sponsored party next year.

Our largest fund raising activity this year was a "Night on the Town" which included dinner and the movies for two people. Money raised aided us in enjoying a Door Decorating Contest at Christmas which provided students with a chance to have fun during the Christmas season. Until October of 1979, we also continued to sponsor Albert, an American Indian Child, through the Lutheran Services.

The School of Nursing classes also kept busy throughout the year with various activities. In order to help finance the yearbook, seniors engaged in numerous bake sales, along with candy and hoagie sales. Two raffles were also conducted during the academic year. In addition, the class participated in a blood pressure screening program held at the Federal Reserve Bank, providing health care to its employees and the public. The senior class wishes to express its sincere thanks to the Thomas Jefferson University, College of Allied Health Sciences, School of Nursing (Diploma Program) Alumni Association and The School of Nursing Department of the Women's Board for their generous contributions which helped make the yearbook project a success. Perhaps the most meaningful project un-

dertaken during their three years, will be the presentation of the Class gift: a portrait of Miss Doris E. Bowman, Director of the School of Nursing.

Junior Students worked hard raising funds with some very profitable activities such as a turkey raffle, a Tupperware sale, Easter candy sale, and baked goods sales. They also planned and participated in a beautiful capping ceremony — a historic event, as it was the last such ceremony of the Diploma Program.

The School of Nursing is extremely proud of their first-place basketball team which worked hard but nevertheless had fun during their exciting season. They completed the year with a 14-1 record, only losing their initial game. The highlight for the team was the dinner and flowers they received from the School of Nursing Department of the Women's Board and the Faculty, which they fully appreciated.

The entire school wishes to express its gratitude to the School of Nursing Department of the Women's Board for the entertainment and cultural experiences that were provided for us, including the Freshmen Tea and complimentary tickets to the ballet, orchestra and theatre.

Margie Mullen, Kathleen O'Brien, and Suzanne Bradley represented the Student Body at the Dean's Student Advisory Committee where they attended many meetings and also helped to develop a successful semi-formal dance that was held in February.

In conclusion, the Student Affairs Council wishes the students success and good luck during their remaining years. Thanks to all for contributing to a great academic year.

Sincerely,

Margaret M. Mullen
Chairman
Student Affairs Council

COMMENCEMENT 1980

At Commencement Exercises — 1980, the graduating class presented to Thomas Jefferson University, a portrait of Doris E. Bowman with some of the following comments:

A member of the Jefferson Medical College Hospital School of Nursing, Class of 1942, Doris E. Bowman volunteered her services as a member of the Jefferson Hospital Army Hospital — the 38th General Hospital. After basic training in Bowie, Texas, the unit was shipped to Egypt.

Discharged in 1945, Miss Bowman returned to civilian life as a private duty nurse. Then, she enrolled at the University of Pennsylvania, receiving a Bachelor's degree in Nursing Education. After graduation, she left Philadelphia to teach Medical-Surgical Nursing, and later, Fundamentals of Nursing in a Northern New Jersey School. She returned to Philadelphia to enroll in graduate school at the University of Pennsylvania, earning a master's degree in Education.

With her M.S. in hand, she joined the faculty of her Alma Mater in 1954 as instructor in Pediatric Nursing. She later became Assistant Director of Nursing and when Nursing Service and the School of Nursing became separate departments in 1958, she was appointed to the position of Director of the School of Nursing. The School continued to function under the Hospital until 1969 when it became a unit under the College of Allied Health Sciences.

If you were to survey Miss Bowman's family, friends and colleagues to determine her outstanding characteristics, loyalty would no doubt top the list. Her loyalty to Jefferson is beyond question. She has given of her time, talent and energy to her position.

There is always time in her busy schedule to keep in touch with alumna and former faculty and staff. Nothing pleases her more than an unannounced visit of an alumni member with a babe in arms or toddler in tow.

She delights in playing with the child — it is obvious to all who witness this that Miss Bowman has never lost her love for children.

Much of her leisure time is devoted to her family — her brother and his wife and their two children. Her recreational program includes quilting, the theatre and more recently riding a bicycle along the Ocean City boardwalk.

"The students all appreciate the quality of their nursing program and therefore in deep appreciation we present to Thomas Jefferson University this portrait of Miss Bowman with the hope that those who see it in years to come will remember her and her dedication, and be reminded of all that Jefferson has contributed to our lives."

BENEFITS FOR MEMBERS OF JEFFERSON NURSES' ALUMNI ASSOCIATION

MEMBERSHIP TYPES

Active — Graduates of the Diploma Program who are currently engaged in nursing, or who wish to remain on an active status. The members are eligible for all benefits if they meet the requirements.

Associate — Graduates who are currently inactive in the nursing field, but who wish to retain membership in the Association. They may not vote nor hold office, but can serve as members of the various committees.

Life— Graduates who have been members of the Alumnae Association for forty consecutive years. These members are exempt from the payment of dues, but enjoy all privileges of active membership.

Honorary — Such persons elected to membership in recognition of some distinguished service to the nursing profession or for special merits. Such members are exempt from the payment of dues, and shall not vote, hold office, nor receive Relief Fund nor Scholarship Fund benefits.

YEARLY SOCIAL EVENTS

Alumni Luncheon held each May.

Dinner and White Elephant Auction sale held each March.

Requirements: Refer to By-Laws

Student — Given annually to a worthy student to pursue the course in the Diploma Program, no pre-set amount. The amount depends on the need of the student.

General Fund

Used to pay operating expenses, mailings, to send candidates to conventions, etc.

ALUMNI AWARDS

1. **The Alumni Association Prize** — to the member of the graduating class who attained the highest average during the three-year course. Prize \$100.00.

2. **Thomas A. Shallow Memorial Prize** — to the graduating student who demonstrated the greatest proficiency in Operating Room Nursing. In 1978 changed to the graduating student who has demonstrated the greatest proficiency in Surgical Nursing. Prize \$100.00.

3. **Student Recognition Award** — An award of \$300.00 yearly to the junior student for the highest academic rank.

MEMORABILIA

In the Alumni offices we have displayed nurses' pins, pictures, dolls dressed as nurses, scrap books with old clippings, diplomas, graduation programs, and alumni bulletins.

We also have memorabilia at the Nurses Museum located at Pennsylvania Hospital, 8th & Spruce Streets.

Addresses are kept current by requesting address changes from the Post Office on all mail sent out by the Alumni.

Currently we have between 2,500 and 3,000 active addresses.

THE BULLETIN

Many of the Alumni members have expressed a wish that the Bulletin include more news items about our graduates. We'd like to oblige them, but are dependent upon the members for articles about themselves and their activities.

We wish to express our thanks to all who contributed articles for this issue, for acquainting us with current information about nursing issues as well as telling us something about their own activities.

We regret, however, that others who are engaged in interesting fields of nursing could not contribute articles for your enjoyment this year. Did you know that one of our graduates is a Navy nurse assigned to the White House and travels with the President, or that another is working in the Frontier Nursing Service in Kentucky. There are many others who could help make the Bulletin a more informative and interesting journal. Please share your experiences with the Alumni members.

Our sincere congratulations to all of the new officers and members of the Board of Directors of the Alumni Association. We wish them well during their term of office.

Mabel C. Prevost, '29
Chairman

RESUMÉ OF MINUTES OF ALUMNI ASSOCIATION MEETINGS

September 11, 1979

18 members present

1. A letter was read regarding Faculty Club membership at Jefferson Hall. The office of president of the Alumni Association of the School of Nursing does not meet the requirement for membership in the Faculty Club.

2. The following recommendations were made and approved as follows:

(a) That the President respond to the Nursing Museum regarding Jefferson's donations.

(b) That an invitation be sent to the Nursing Museum to come to speak to the Alumni Association as a special program.

(c) That we contribute \$200.00 to the United Way.

(d) That we drop our insurance coverage with Inter-County. The President will notify all members of Inter-County to assure them they can continue coverage on their own, rather than through the Alumni.

October 9, 1979

14 members present

1. The nominating committee will meet 11/20/79 to plan the ballot for the following offices:

President
2nd Vice President
3 Board of Directors

2. The nominating committee consists of E. Hippenstrel (Chairman), Beverly Rupp and Dee Hughes.

3. The following recommendation was made and approved:

That we give \$150.00 as a Christmas Gift to those nurses who are in a nursing home or incapacitated in some way.

3. A guest speaker from the History of Nursing Museum presented a special program.

December 11, 1979

Christmas Party.

January 8, 1980

14 members present

1. The Christmas Party was held December 11, 1979 and enjoyed by everyone. There were 30 people present including, of course, Santa.

February 12, 1980

13 members present

1. The following recommendations were made and approved:

(a) That the \$300.00 Junior Scholarship be awarded to the appropriate Junior student - Patricia Lindenmuth.

2. That a cheese and punch party be held for the Senior students in the Faculty Club.

3. That the President seek legal counsel for the purpose of reviewing the Alumni Will which has not been done in 5 years.

March 1980

Dinner and Auction Sale

April 8, 1980

16 members present

1. 29 members attended the Dinner and Auction Sale in March. Proceeds from the Auction amounted to \$51.00.

(a) That Miss Prevost Chair the committee to review the Will.

(b) That a donation of \$150.00 be sent to the History of Nursing Museum.

(c) That Mrs. Perma Davis be sent to the ANA Convention June 8 - 13, 1980 in Houston, Texas.

Results of the election:

President — Mrs. Perma Davis
2nd Vice President — Margaret Summers
Board of Directors — Doris Bowman
Janet Hindson
Beverly Rupp

3. A special program on "Over-the-Counter Drug Abuse" was presented by a representative from Philadelphia

College of Pharmacy and Science.

May 13, 1980

13 members present

1. The following recommendations were made and approved:
 - (a) That the ballots be destroyed.
 - (b) That we give Mary Dickerson '44 full relief benefits.
 - (c) That we give Mary Culp financial help.
 - (d) That the Officers and Board of Directors conduct all business until September, 1980.
2. \$100.00 was added to the Treasury from sale of Alumni articles after the luncheon.
3. 321 people attended the luncheon and everyone reported a very good time. Flowers from the Head Table were given to Mary Dickerson '44 hospitalized at Jefferson.

Respectfully submitted,

Dee Hughes
Recording-Secretary

SCHOLARSHIP REPORT 1979-1980

Ten applications for scholarship assistance were sent; seven were returned and reviewed by the committee.

Joan L. Caruso (1976), Linda S. Bingaman (1975) and Suzanne M. Garbus were granted a scholarship for the Fall Semester of 1980 and Janet Walsh (1973) and Grace Spena (1971) were granted a scholarship for the Spring Semester of 1980.

The scholarship award for 1980, granted to the junior student who had demonstrated the highest level of achievement at the end of the second quarter, was granted to Patricia Lindenmuth.

Committee members wish to take this opportunity to encourage graduates enrolled full time in a program leading to a degree in nursing to apply for scholarship assistance, especially if financial problems interfere with the completion of the program.

Doris E. Bowman, '42
Chairman, Scholarship Committee

REPORT OF SICK AND WELFARE COMMITTEE

During the past twelve months, "get well" cards were sent to Alumni members who were patients at Jefferson, and known members who were ill elsewhere. We are happy to do this, if your illness is made known to us.

NURSING ALUMNI OFFICE

This coming year (1981) will be an interesting one for the Nursing Alumni. The School of Nursing will be ninety years old. When the School began, the first class of five students had a two-year program, graduating in 1893. Shortly after this the course was lengthened to a three-year program which has continued to the present time.

Another exciting date coming up in 1983 will be the fiftieth anniversary of the annual luncheon. Miss Helene Weber, Class of 1922, pioneered the idea during her term as president of the alumni, organizing and starting the tradition of the annual luncheon, which is the alumni's main event of the year.

Elizabeth Ent, class of 1932, has given the Alumni Office a lovely picture of the second luncheon held at the Adelphia Hotel on April 23, 1934. The picture is a document of the times when ladies wore hats and white gloves at social functions — come and see it!

Mae Breckin Boyle, Class of 1918, sent photographs of her classmates and interns taken in the children's ward for the Alumni Scrapbook. This memorabilia can be seen in the Alumni Office, M-2, Jefferson Alumni Hall. Many alumni and other visitors have enjoyed viewing these photographs.

Our number of active addresses is 3050. I appreciate the fact that so many of you responded by sending in changes of names and new addresses. Please keep sending them so you will continue to receive mail from both the Nurses' Alumni Association and Thomas Jefferson University.

If you wish to contact the Alumni Office in person or by telephone, the office is located in Jefferson Hall, 1020 Locust Street, on the Mezzanine level, Room M-2. The telephone number is (215) 928-8981. Miss Riland may be reached there every Tuesday from 10:00 A.M. to 4:00 P.M. She has Jefferson Cap charms available at a cost of \$12 in sterling silver (with a \$1.50 charge for mailing).

Calls or inquiries made other than on Tuesdays should be directed to the College of Allied Health Sciences Alumni Office, Room M-34, (215) 928-7709.

Secretary

SPECIAL REPORTS

JEFFERSON'S PROFILES IN COURAGE — 1980

Our 1979 Bulletin seems to have been circulated beyond the Alumni membership because our attention was called to a report in the journal "Nursing — 80," April issue. We learned that the author had read our Bulletin, and impressed by the courage of Vivian Moyer, made an appointment with her, and following an interview, published the following article:

Much to Teach

"RN Vivian Moyer, of Philadelphia, PA, tutors nursing school graduates who've failed the state board examination in medical/surgical nursing. Ms. Moyer, who has multiple sclerosis (MS), can also teach many of us about living life to the fullest.

A graduate of the Jefferson Hospital School of Nursing in 1943, Ms. Moyer served as an army nurse in England during World War II. In 1953, she received a BS in nursing education from the University of Pennsylvania. She taught at Jefferson, then at Philadelphia General Hospital, and, finally, in 1964, at Pennsylvania Hospital School of Nursing, at which time the diagnosis of multiple sclerosis was made.

"Actually, I had noticed a disturbance in my vision back in 1950 while I was doing some practice teaching," she told us. "But I was told it was probably due to my tensions from teaching. The problems passed, and I guess I had a remission for 15 years. Then I began having difficulty walking, and the MS was finally diagnosed.

Now I was faced with learning how to continue going back and forth to classrooms and teaching on the floors. Fortunately, I was offered the position of student health supervisor. I stayed in that job for 8 years. After a time, I had to use a walking stick. But even with the stick, I fell a number of times and suffered broken bones.

"In 1976, I had to begin using a wheelchair. Nobody pointed to it and said, 'Here, you're going to be in this wheelchair the rest of your life.' But I finally understood that this was going to be my life, and I'd better get used to it. I thought of the GIs we'd see on the ward after D day — paraplegics, quadriplegics, amputees. We'd wonder how they were going to handle the handicap for the rest of their lives. I found out for myself: You have to make adjustments."

Ms Moyer, who's able to walk short distances with the help of a walker, began tutoring students in her apartment about 2 years ago. "I started off teaching only registered nurses, but I've begun teaching practical nurses as well.

"Some people say I should charge more than I do, but I'm satisfied. I feel that I'm not only teaching, but also learning — that I'm still growing as a person. Everyone I've tutored has subsequently passed. If this is continuing contribution to nursing, I'm happy and proud."

We're sure we speak for everyone when we say the profession's proud of her.

CREDENTIALING IN NURSING

by
Anna Kuba, F'45

Thirty-five years ago I had my first experience in credentialing in nursing — I wrote the state board examination for licensure as a registered nurse in Pennsylvania. (Subsequently, I was licensed in Massachusetts and North Carolina by endorsement.) Later, as a faculty member and educational administrator, I became intimately acquainted with the approval process used by state boards of nursing for programs-preparing persons for licensure as nurses and national voluntary accreditation of educational programs. In the latter instance, I served as a member of the accreditation team to schools and colleges of nursing on numerous occasions and as a member of the Accreditation Review Board for the NLN Council on Baccalaureate and Higher Degree Programs as well as being on the receiving end of the process. Approval/accreditation of educational programs is another form of credentialing. More recently, while on the staff of the American Nurses' Association, I was involved in the certification programs offered by the ANA Division on Nursing Practice and served as the coordinator for the Council of State Boards of Nursing. Certification, too, is a kind of credentialing. As the executive director of a board of nursing (North Carolina), a member of the ANA National Accreditation Board for Continuing Education in Nursing, and a member of the Task Force on Credentialing in Nursing, my involvement in credentialing continues unabatedly. Therefore, it is indeed a pleasure to be addressing my fellow alumni on a subject of intimate, intense and far reaching concern to all of us — credentialing.

The action which ultimately set into motion a study of credentialing in nursing was the result of a territorial skirmish. A resolution was adopted by the 1974 ANA House of Delegates to examine the feasibility of ANA accrediting basic and graduate programs in nursing, a function then and now of the National League for Nursing. After a series of conferences involving representatives from nursing education, nursing practice, and experts in credentialing in other fields, a proposal emerged and was subsequently approved by the ANA to broaden the scope of the study to include all aspects of credentialing — accreditation, certification, and licensure — because it was realized that these mechanisms are inextricably tied together in the overriding purpose of providing quality assurance. The study was to include credentialing of all categories of individuals engaged in the occupation of nursing, as well as programs of nursing education and nursing service. The overall aim was to look at credentialing as it exists in nursing and to recommend future directions in credentialing for the profession.

The report, THE STUDY OF CREDENTIALING IN NURSING: A NEW APPROACH, was released at the end of January, 1979. A major finding, as you might suspect, was that the current system of licensure and certification of nurses and accreditation of nursing services and nursing education is uncoordinated, fragmented and duplicative. The recommendations of the Study Committee call for a restructuring of credentialing and the establishment of a national credentialing center.

What quickly becomes apparent in studying credentialing is that there are two undercurrents to be dealt with. While these currents are not divisible in practice, they may advantageously be separated out in attempting to deal as rationally and objectively as possible in developing solutions and in gaining rational and objective consideration of recommendations. One of these undercurrents is the territorial one of the control of the credentialing system and its various aspects. Again, one may identify separable questions and, thus, possible separable solutions. Who makes the definitions?, who sets the standards?, who conducts the process?, who awards the credential?, who establishes what the credential may be used for? The second undercurrent includes the more personal concerns of the credentiallee, whether it be an individual or an institution. What are the credentials?, what standards are required of the credentiallee?, what inhibitions and what entitlements accrue to the credentiallee?

To a large extent, three of the recommendations of the Study Committee roughly parallel these streams, one dealing with the credentials themselves and the other two with the credentialing system and its control.

In relation to the credentials, it is recommended that:

1. Licensure, as a mandatory, state governmental credentialing form, used to protect the public by assuring minimum level of professional competence, be required only of those individuals who are accountable for the full scope of practice.
2. Registration be the form of credentialing for assisting personnel, the second category of persons engaged in nursing, untitled but defined by education as associate degree prepared. Registration, as a national, non-governmental form of credentialing, by which individuals are listed on an official roster, would attest to employers an individual's ability to perform specific functions necessary to the practice of nursing, but which do not constitute the full scope of practice. (Under such a system, the term "registered," while conveying a different meaning from today's usage, would

preserve the familiar titular identification and public recognition of the majority of nurses and the use of a new title for the professional group eligible for licensure would call attention to the emergence of a new role for nursing.)

3. Certification be used exclusively to denote minimal competency in a field of nursing specialization and that licensure be required as a prerequisite.
4. Accreditation, a non-governmental form of credentialing, be available for all organizations of nursing services as well as nursing education programs and that state boards of nursing not be responsible for the approval or accreditation of schools of nursing.

To move on from the credentials themselves to the means of accomplishing credentialing in a comprehensive, cohesive, coordinated, efficient, and accountable manner, a free-standing nursing credentialing center is recommended. The center would bring together the community of interests in nursing for policy-making and coordination. In such a center, the functions of accreditation of programs of nursing education and nursing services, the certification of nursing specialists, and the registration of the yet untitled assisting per-

sonnel would be conducted, and the coordination of services for state licensing would be provided. The report proposes the characteristics of such a center, its purposes, functions, and structure.

Since nursing has had a sad history of revering and enshrining, but not implementing, its landmark studies, the Study Committee recommended a plan for follow-up which appears as an addendum to the report. They recommended the establishment of an independent task force to act as a catalyst and focal point for stimulating discussion aimed at broad acceptance of the study recommendations, including implementation of the nursing credentialing center and to develop additional data necessary for definitive decision-making by nursing organizations and credentialing bodies for committing themselves and their resources to such an endeavor.

Change, particularly in the direction of unification, is anxiety-producing. It is never easy. It requires some compromise for the common good. If nursing can carry this through for the benefit of the public as well as the profession, we will have created a model that other professions can emulate. How wonderful for nursing to act first, instead of reacting last.

WAYS AND MEANS COMMITTEE REPORT

May 31, 1979 - May 31, 1980

Another year has passed and it has been a busy year. We want to thank each and everyone of you for your generous giving and your continued support to your Alumni Association.

The contributions to the Relief and General Fund brought the total amount to \$8,240.00.

All contributions received after May 31, 1980 will be acknowledged in the Alumni Bulletin for 1980.

Following is a list of contributors according to classes:

THE 80's: DECADE FOR DECISION
A.N.A. CONVENTION REPORT
JUNE 8-14, 1980
HOUSTON, TEXAS 52nd BIENNIAL CONVENTION

Doris Bowman and I arrived in Houston International at 4:30 P.M. on Sunday, June 8, and were driven to the Lamar Hotel by Doris' cousin and his wife who live in Houston. It was the hottest day of the year — 99° with the humidity to go with it.

We walked the eight blocks to the Albert Thomas Convention and Exhibit Center in time to register. Our registration pins were admission to everything.

After a quick bite (standing in line was the order of the day since everything was closed for Sunday) at the Hyatt Regency, we went to the Coliseum to hear the keynote address of Rhetaugh G. Dumas, PHD, R.N., FAAN; deputy director, National Institute of Mental Health, Department of Health, Education and Welfare, Rockville, MD. Dr. Dumas is the first woman to hold this position.

Dr. Dumas has a great deal of enthusiasm for nursing in the 80's. The three major challenges, according to Dr. Dumas, are:

1. Improving the access and quality of health and mental health care for the underserved.
2. Controlling health and mental health care costs while assuring that nursing's contribution is not short-sightedly sacrificed, and
3. Shifting emphasis from a preoccupation with illness to a focus on prevention and health promotion.

During the 80's nurses should best be educated so they can greet tomorrow's health and care with confidence. The base for nursing practice is becoming more scientific with every passing year. Hands-on care giving has not become old fashioned and there will always be an important place in nursing for care of the whole person.

Tomorrow's nurse must be flexible and must be able to deal with high technology and sicker patients. She or he must be able to find solutions to problems for which no known techniques exist.

She or he must be able to assume leadership and responsibility and not be afraid of the increased accountability for decisions made.

"We are about to come together in the nursing profession and we will meet the challenges of the 1980's with renewed commitment to this great profession and with one voice — one audible coherent powerful voice."

Starting with early Monday morning, June 9, wherever we went we were bombarded with pins, pens, hats, candy and the literature for the candidates to be elected, but once again only 734 delegates elected the A.N.A. officers: I don't call that very democratic, but that's the way of the A.N.A.

Rising early and getting in early — 6:30 A.M. — breakfast was the rule of the day. Breakfasts were an event since the biscuits were freshly made and "grits" were part of each platter of eggs, etc.

Doris and I went to the Music Hall to the hearings on resolutions at 8:00 A.M. There was a lot of discussion and very little decision making at that meeting and we stayed for several hours.

In the afternoon I went to the continuing education program "Commitment to Self Care in the 80's" sponsored by the Division on Community Health Nursing Practice. The moderator, Raymond G. Cink, MPH, RN, Vice Chairperson, ExComm, A.N.A. Division on Community Health, St. Paul, Minnesota, presented the speakers (1) Dr. Toni Sullivan, associate professor and director, BSN program, Felician College, Lodi, New Jersey; (2) Jean McKibbin Smith, M.S., R.N., clinical instructor, staff development, Memorial Hospital, Gulfport, Mississippi; and (3) Dr. Carolyn Chambers Clark, director, The Wellness Institute, Sloatsburg, New York. None of the material was a new concept but an elaboration and in words that have been presented in the past few years in reference to handling stress either through diet or various self-care programs which these three presented.

After we went to the continuing education programs, we looked for the room to take the examination. It was filled with nurses taking examinations. The examination was pertinent to the program just presented and we were told the results would be forwarded to us in a few months.

Monday night we went to Brennans for dinner. The gardens and restaurant are lovely besides having good food. They are a branch of the same in New Orleans, Louisiana.

Tuesday morning while we were eating breakfast we met Dr. Harriet Werley. She was one of the moderators in a round table discussion we attended on "Behavioral Psychology." It was the first I knew that she publishes a magazine "Research in Nursing and Health."

Part of this day was spent in seeing the many worthwhile exhibits. It was surprising to see so many hospitals from all over the United States with booths. Most of the samples from drug companies were too large or cumbersome to bring back with us — such as a plastic yardstick.

Those of you on faculty remember Pat Tucker who taught Orthopedics. We spoke to her several times during the course of the convention. She is now an

editor with the magazine "Nursing 80." She hasn't changed a bit except maybe she's more fun to be with.

Tuesday afternoon another continuing education program was attended — "Impact of Alternative Modes of Care" sponsored by the Commission on Nursing Research with Nola Pender, commission member and professor, School of Nursing, Northern Illinois University. Elsie Weyrauch and Lynda Barnard Austin, nurse assessment team nurses for Alternative Health Services, Department of Medical Assistance, State of Georgia, Atlanta, presented first.

Because of the rapid growth in the number of elderly, Georgia Medicaid sponsored an alternative home health care research over a three year period. Objectives: (1) prevent unneeded institutionalization; (2) provide complete community health services at reduced costs, 1600 participants in 17 counties. Three means of accomplishment were: (1) Adult Day Rehabilitation with daily nursing visits, physical therapists, occupational therapists, prosthesis aids and transportation to and from centers — as needed. (2) Alternative learning services — as needed — with foster care, board and congregate care. Daily supervision of activities, meals, etc. was provided as needed. (3) Home delivered services. The cost advantage was a high volume of screening with an efficient rise of professionals. Services are less costly than rising institutions and clients (this word substituted for "patients" wherever you went at the convention) receiving this kind of care live longer.

Dr. Loretta Nowakowski, executive director, Institute for Personal Health, and adjunct assistant professor of nursing, Georgetown University, School of Nursing, Washington, D.C., advocates health promotion through self health care. The role of the nurse in this is (1) Administrator, (2) Designer, and (3) Implementer. The nurse must deliver what has been promised. Two responsibilities are (1) Marketing and (2) Research at a national level. There is a high fear of costly illness of the clients. Nursing has *not* identified its purpose. Doctors say "health" but mean disease. Clients want someone to listen — *not* Preach — to them.

Dr. Joan LeSage, chairperson, geriatric/gerontological nursing, Rush Presbyterian/St. Luke's Medical Center, Chicago, Illinois. These clients were divided into William Jones apartments built in 1963 with 144 people in 115 units providing complete care and the Johnston R. Bowman Health Care for the elderly built in 1977. The clients are transported from the apartment to the Health Care Center for care.

Tuesday evening we took a taxi to the Galleria and Sackowitz's. The Galleria is something like our malls but *much* bigger. There's a hotel in one section of it. We ate in a Chinese Restaurant that evening and thoroughly enjoyed it.

Before starting another interesting day let me tell you a little bit about Houston. One sees NO GRAFFITI anywhere. Each evening the sidewalks are "washed down"

with hoses and each day you arise to a bustling *CLEAN* city with very little public transportation and some problem crossing the wide, well-trafficked streets. The buildings look so new you'd think they'd just been built and most of them have been built within the last 10 years. There are underground shops and "commissaries" so that the workers in those buildings do not need to go out in the *humid hot* air for lunch. There are also underground parking areas. As the people arrive from outlying areas (except for hotels there is no living space in the downtown area) the traffic is *very* busy but this gradually subsides until about 4:30 P.M. when there is a mad exodus to their homes and apartments.

Wednesday "Decade of Diversity: Strategies for Nursing Education in the 80's, a basis for innovation in clinical Learning Experiences" sponsored by the Commission on Nursing Education. The moderator was Dr. Gloria Smith, dean and professor, College of Nursing, University of Oklahoma, Oklahoma City. "The Rural Community: A Setting for Clinical Learning," Dr. Darlene Meservy, director of continuing education, School of Nursing, University of Utah, Salt Lake City, began very hesitatingly to tell of their innovative program to give nurses in their community the help they needed to prepare for their future roles. We in the East have very little understanding of the difficulties some of these schools have providing this.

Characteristics of the area —

Wide distribution of population. 1/3 of population lives in 3 counties.

Transportation facilities are poor.

Nursing care needs as well as needs of students.

Students evaluate their own feelings about working in these areas.

Rural clinical experiences are more expensive. The students must provide own transportation and living expenses. Two hours driving time daily is needed.

Portapac TV unit to take on rural settings. These are shared with the students who do not participate in rural program.

Miss Rosemary Bell, MSN, R.N. "Innovative Approaches to Clinical Learning in the Urban Community." Associate professor, College of Nursing, and chief, Nursing Staff, Wayne State University, Detroit, Michigan.

There is a contract between the Detroit Institute and Wayne University.

Monies are constantly being sought through United Fund, Medicare, Pharmaceutical Companies.

Students spend 60% time in service, 40% time in teaching.

Education time is reimbursed through University.

Miss Bell quoted Dr. Christman as "Education plus service equals *power*."

Dr. Elizabeth Grossman, dean and professor, School of Nursing, Indiana University, Indianapolis. "Planning Clin-

ical Learning Experiences to Meet the Needs of Diverse Populations."

"The times change and we change with them."

Relevant curricula to keep abreast of changing needs of society.

1. Chronic and degenerative diseases have replaced infectious diseases.
2. Increased longevity.
3. Accidents are most frequent cause of death in ages 1 through 40.
4. Better educated population.

Medical Management.

Referral to diabetes, arthritis, hypertension, heart disease.

Wednesday at noon we picked up the A.N.A. history book which was a gift for registering early — "One Strong Voice" on our way out of the Albert Thomas Convention and Exhibit Center.

Wednesday we took a former housemother, Mrs. Bard, to a lunch at Vargas. As we drove up, two peacocks welcomed us and then promptly flew (did you know peacocks could fly? I hadn't known until I saw these!) to the top of the building. Our table was under a glass roof by a live tree and the view beyond was a small waterfall and stream with swans — black and white — ducks and geese calmly swimming by. What a beautiful restful place to eat a delicious lunch.

Wednesday evening we ate in the Hotel Lamar dining room because we were still full from lunch. Mr. Bard's daughter drove us around a section of Houston we hadn't seen before — Rice University on one side and the Medical Center and Zoo on the other side. The Medical Center was so overwhelming and hard to believe.

As dusk was falling, we walked to the Hyatt Regency and enjoyed a view of the city from the "Spindletop." There really wasn't much we missed! I felt like a little girl

again seeing so many new and different things!

Thursday morning Doris and I were one of the first to arrive to hear Dr. Jerome Lysaught, professor of Education, Medical Education and Preventive Medicine, University of Rochester, Rochester, New York.

All week I was worrying that I wouldn't have anything outstanding to tell you, until we heard Dr. Lysaught. He spoke for 2½ hours, was interrupted many times, but never used a note or lost his train of thought. He is thoroughly believable and why nursing hasn't followed his advice is hard for me to understand. Doris brought her tape and anyone who has a chance should take advantage of hearing it.

1966 the American Nurses' Foundation, American Nurses' Association, and National League for Nursing got funding from W. Kellogg Foundation, Mellon Fund and an Anonymous Benefactress.

Proposal developed:

1. Nurses should be represented but majority should *not* be nurses.
2. The Director of the study should *not* be a nurse.

At that time Dr. Lysaught was Acting Director of the Medical Division of Education at University of Rochester, Rochester. Emory Morris, head of the Kellogg Foundation, was to visit Evelyn Hall, Director of Nursing Education at Rochester and Dr. Lysaught set up a clinical setting for Mr. Morris to see. Mr. Morris remembered this when the head of the commission was to be appointed, and he insisted Dr. Lysaught be that person. Formal implementation period was 1970-73 with two series of regional meetings. 1978-79 — initial change was not to make nursing a greater profession but to improve delivery of health care.

Characteristics to demonstrate commitment to expanded delivery of nursing service.

History and origin of proposal:

1900 — Limited knowledge base for doctors and nurses.

1909 — Rockefeller Foundation appointed Abraham Flexnor to study and report. It was issued in 1910.

So long as American medicine provides care without a scientific base.

1. Develop a stronger knowledge base.
2. Increase the length of preparation period. Continue to learn and do research.

Abraham Flexnor — a biologist — established that doctors should be well paid and should be based on client's ability to pay.

1. Established accreditation and licenses rid of incompetents!
2. Relocate within the collegiate system into a collegiate setting.
3. Needs for college program as well as medical school.
4. Continuing education.

University of Rochester in 1921 was the first school to adopt Flexnor's model.

1923 — Nursing has not kept step with medicine.

Goldmark Commission on Nursing established because:

1. Public concern about influenza outbreak after World War I.
2. Medicine became more scientific than nursing.

Recommended:

1. American nursing follow lead of medicine's move into the collegiate system.
2. Nursing be developed for community, health nursing to prepare foundation for specialization in either community or hospital.

No action was taken:

1925 — Esther Lucille Brown report similar to Goldmark Commission recommendations — *nothing happened*.

1928 — Characteristics

1. Strong level of commitment.
2. Long and disciplined educational process.
3. Unique body of knowledge and skill.
4. Discriminatory authority and judgment.
5. Active and cohesive professional organization.
6. Acknowledged Social Work and service.

These studies were still not acted upon.

Reasons for nursing shortage:

1. Female high school graduates have a lot more choices. At the University of Rochester one in three are female applicants to Law school, engineering and management.
2. 1½ million maintain licenses but *never* practice nursing.
3. 1 in 4 work only part time.

Proposition:

1. As economists define a real manpower shortage, there is no nursing shortage.
2. In the face of the problem of nursing we have a tremendous problem of returning nurses for patient care.

Extrinsic or economic:

1. Nurses not paid well to direct patient care.
1978 — average salary for staff was \$6.00 per hour or \$12,000 per year.
Grocery clerks' union affords a stock boy \$11.87 an hour.
2. Nurses are not recognized and rewarded for work accomplished.

System has got to be changed.

In nursing schools:

What have you published

How much teaching

Clinical competence

Emphasize continuity of clinical excellence

Provide and teach others how to provide.

Greatest gift an instructor can provide is to demonstrate a role model of excellence.

Set up a program for:

reward

recognition

professional support

Primary nursing:

Full responsibility

Unification model to bring back concepts

Teaching

Research

After listening to Dr. Lysaught it was ever so clear why nursing needs to change to a better system such as Rochester, Rush and Case Western Reserve have adopted.

We were to vote after the morning sessions. As I stated earlier, we could only vote for those running from our section of A.N.A. — not the officers of the organization.

Thursday evening was spent with a friend and her family in her suburban home. They are transplanted Philadelphians and have adapted very well.

Friday morning I took the time to see NASA — the space center — which is readying the space shuttle for March 1981. The entire tour took 3 hours, but going and coming took 50 minutes each way.

As you have noticed, I didn't touch on the issues. Anna Kuba will tell you about credentialing and the American Journal of Nursing tells you better than I can about the other issues.

Thank you all very much for sponsoring this trip. It was thoroughly enjoyed, enlightening and very therapeutic.

Respectfully submitted,

Perma E. Davis

COLLEGE OF ALLIED HEALTH SCIENCES ACHIEVEMENT AWARD

The College of Allied Health Sciences Alumni Special Achievement Award was established in 1977 to recognize the accomplishments of allied health alumni.

The 1980 distinguished alumna was Barbara G. Schutt, Class of 1939. The award is given for her many accomplishments in many fields of nursing and in education.

Among these were general duty at Jefferson, College health, camp and private duty nursing while working towards a Bachelor of Arts degree at Bethany College, Bethany, West Virginia. After three years in the Army Nurse Corps, Lt. Schutt used her nursing experiences in the fields of public service and journalism.

As assistant, associate and executive director of the Pennsylvania Nurses' Association, a branch of the American Nurses' Association, Miss Schutt concerned herself with nursing services and education and the economic welfare of the members, and the advancement of nursing in the state. During this time, 1946-1958, she served as editor of *The Pennsylvania Nurse*.

Sandwiched among all of these activities, Barbara earned a Master of Science degree in Education at the University of Pennsylvania in 1949.

From 1958-1971, Miss Schutt was editor of the *American Journal of Nursing*, the official magazine of the American Nurses' Association with a circulation of 325,000.

Her active career was finalized in 1979 after serving as Director, Division of Nursing, Mohegan Community College in Norwich, Connecticut from 1974-79.

After such a busy and productive career in nursing, our best wishes go to Barbara C. Schutt for a happy retirement.

Congratulations, Barbara.

HARRIET WERLEY HONORED FOR CONTRIBUTION TO NURSING SCIENCE

Harriet Werley, Ph.D., FAAN, is the first recipient of the Award for Distinguished Contribution to Nursing Science given by the American Nurses' Foundation. The award was presented by Ray Showalter, ANF president, at a meeting of the Council of Nurse Researchers at the ANA convention in Houston.

Dr. Werley, who became associate dean at the School of Nursing, University of Missouri/Columbia in January, has been a researcher for 26 years. At the Walter Reed Army Institute of Research, she developed the department of nursing research, recognized as the first center for nursing research in the nation. At Wayne State University in Detroit, she developed the Center for Health Research, the first such program in the nation to be established in a college of nursing.

In accepting the award, she emphasized the importance of basing nursing's curricula on its own research. While the volume of nursing research has increased, many problem areas remain to be investigated, she said. "Nursing must marshal its talent and resources to be more research productive, so that nursing's investigative capabilities and results are more readily recognized by the scientific community.

Dr. Werley is founder and editor of *Research in Nursing and Health*, a national refereed journal. She is the author of 50 articles published since 1954.

The award was made possible by a grant from the Bristol-Myers Fund. Members of the selection committee were Susan Gortner, Ph.D., FAAN, Barbara Hansen, Ph.D., FAAN, and Ada Jacox, Ph.D. Twenty-seven nurse researchers were nominated.

THE CONCHOLOGISTS

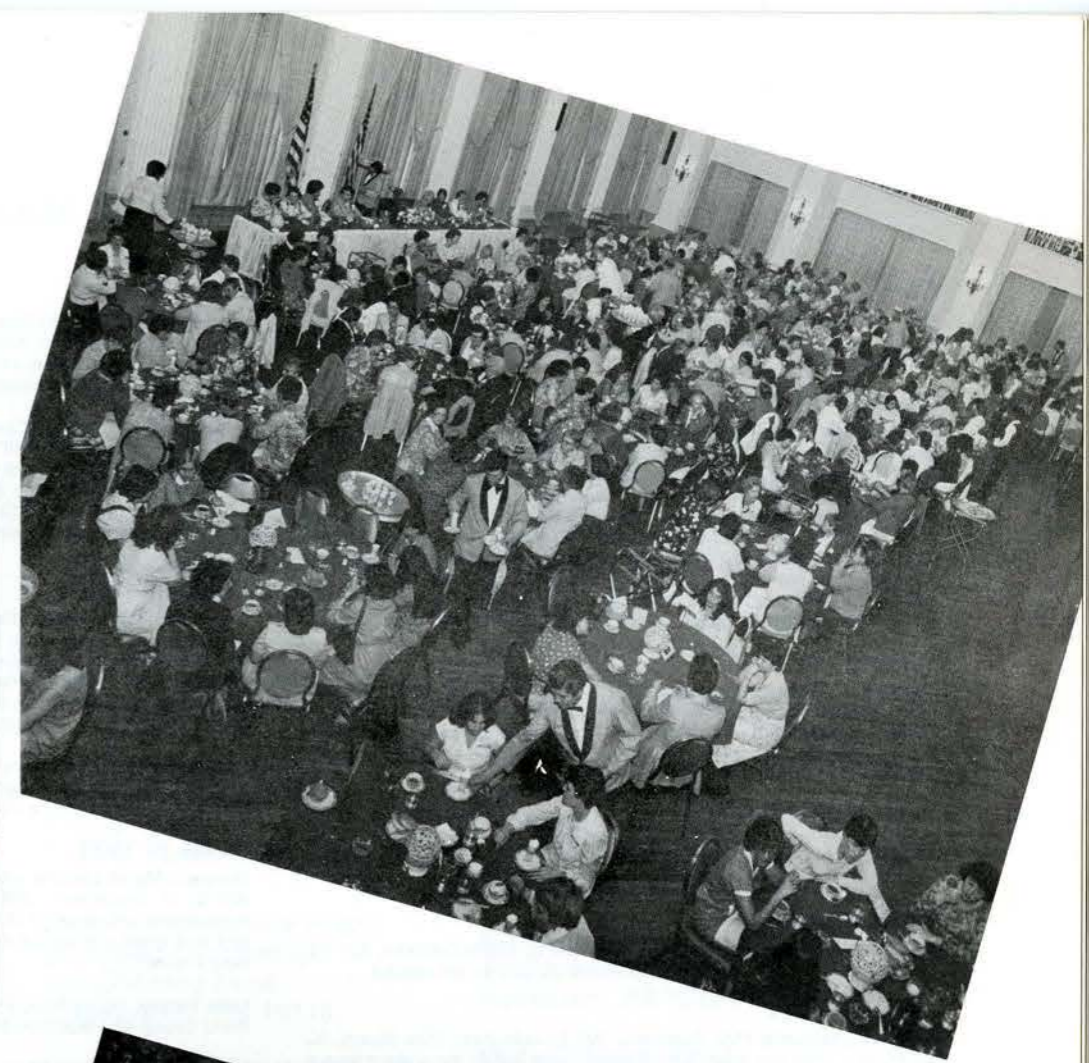

Two friends, Blanche Ford '31, and Emma Bahner '31, have for years shared a common hobby, conchology (shell collecting). They spent vacations at Sanibel Island, a place prolific in all varieties of shells. In addition to the collecting of these beautiful objects, they both used their shells to make jewelry, trays, boxes and other items. In addition, the shell motif is used throughout Emma's apartment — pillows, towels, pictures, etc.

Retirement has brought some enriching changes in both their lives. From all reports, their interest in conchology still persists, but both are contributing of themselves and their nursing skills in helping others.

Excerpted from an article in *The Islander*, a Sanibel newspaper — "It is Blanche's concern for other people that keeps her hustling today. — Today, as a resident of the Periwinkle Trailer Park, she keeps busy baking goodies for friends and neighbors, carpooling for her church choir, and taking blood pressures. She creates wonderful shell craft art, visits the ill, and mails out 200 birthday cards a year. "Everything I do, I do because I want to. It's my way of contributing." "

The pamphlet *Purely Personal*, April newsletter, reports, "Your reporter was lying in a hip-high broken-leg cast when she first heard Emma Bahner's mellow voice over the phone. "This is your friendly visitor from P.C.O.P. (Philadelphia Center for Older People)." That Emma had formerly been a nurse is just one reason she is our ideal comforter of the housebound. Her warmth and positive attitude add to her total aptness. Lately she has been volunteering in Crafts. Besides all this, there is Emma's alluring hobby of conchology. The minute you enter her apartment (like a warm museum) you feel transported to Florida's Captive or Sanibel Island. Sea shells confront you everywhere. Shells, as mysterious and varied as the myriad human faces in a crowd, but far more beautiful."

Blanche and Emma, in helping others, have enriched their lives and have endeared themselves to others. Keep going, Ladies!

CLASS NEWS

Class of 1909

Mary R. Robinson Godfrey (Robert — deceased), Ligonier, PA 15658. Thank you for The Bulletin and news of my friends at Jefferson, as well as the progress of nursing.

Class of 1915

Minerva Peters Bilger (Frank — deceased), 259 N. Union St., Middletown, PA 17057. Mrs. Bilger has been confined to the Polyclinic Medical Center for 12 years (along with Heckton Hall, an affiliate). She had a stroke Feb. 29, 1968, the result of a brother's sudden death. She is now 99 years of age and doing exceptionally well, though paralyzed on the right side. Her memory is very good and she eats well considering all the facets. In the meantime, she suffered a fractured hip as the result of improper care and the locking of her chair. All of which goes to prove most facilities and authorized personnel could care less. It's a new ball game since she learned the profession. Most care less. (Dorothy A. M. PETERS — niece)

Class of 1916

Florence J. (Bonnie) Browning, 29 E. Oak St., Oakland, MD 21550. Not much change in my life. I continue to spend two or three months in Portland, Oregon, some time after January — the springs are much earlier. I never get back for that first Saturday in May luncheon. I miss visiting with old friends — hope I will make it some time.

Frances Butler Pangburn, Lewisburg, PA 17837. No change in status, except a year older. Thanks for sending me The Bulletin. I will be in New Jersey at the luncheon date, so will be unable to attend. My eyes are very bad — do not go anywhere alone.

Class of 1920

Anna Campbell Trego (Albert L. — deceased), Maple Gardens, Apt. F3, Pottstown, PA 19464. Getting older — hardly able to get around.

Class of 1921

Florence Clendenin Platt (Norman), 926 Lincoln Ave., Pine Beach, NJ 08741. Mrs. Platt has been ill for several years and at the present time is recovering from a fall which caused a fracture of her right hip.

Elizabeth Garner Miller (John D.) Saunders House, City Line and Lancaster Ave., Philadelphia, PA 19151. Retired.

Class of 1923

Ruth Knoll Thompson, 233 Adams St., Pitman, NJ 08071. The enclosed check is from my sister, Mathilda Knoll Petersen, class of 1923, same address. We are both well and thankful we are able to take care of ourselves, also able to get to the table for our meals.

Mary Esther Bowser Benton (Perry Benton, Sr.), 920 W. New York Ave., Apt. 102-B, DeLand, FL 32720. Retired — "hospital-shop" volunteer.

Class of 1924

Kathryn Tash, 365 Newton Rd., Warminster, PA 18974 — D4. Just retired.

Lula Randels Kuntz (Frances E. Kuntz, Sr.), Mills Gap Rd., R.3, Arden, NC 28704. Retired 13 years. Celebrated our 51st Wedding Anniversary Nov. 1979.

Class of 1925

Clara I. Luchsinger, Mansfield, Ohio 44907. (306 James Ave., Apt. B-14). I was unhappy when I learned that the Diploma School of Nursing was being phased out, but knew it would happen sooner or later.

Delliah T. Hendricks Lloyd (Lawrence E.), 1214 Vista Way, Oceanside, California 92054. Did hospital staff duties until retirement in 1972.

Elizabeth Stewart Ewine (Murray J. — deceased), 202 Parkway, Elkton, MD 21921. Widow — 1953.

Class of 1926

Martha Bray Clark, 4026 Greensberg Pike, Pittsburgh, PA 15221. My daughter, Gwen, just returned from Florida — attended Chulter Training Center for Medical Technicians. She is employed in Hematology Lab. at St. Margaret's Hospital. I am still a member of Federation of Women's Clubs and active in Forest Hills A.A.R.P. and Senior Citizens Programs.

Alica Casper Wright (Burton), 199 W. Vine St., Apt. 42, Hatfield, PA 19440. My only daughter, Jean, is Dir. of Alumni Activities at the Un. of Miami. I spend my very pleasant winters with her in Coral Gables. My granddaughter is in Colorado and grandson at Emory Un. in Atlanta.

Ruth Evelyn Smith Davis (Chas. R. Davis — deceased), Box 705 Cokesbury Village, Hockessin, DE 19707. Am enjoying my life at Cokesbury Village — a Methodist built retirement village of 100 cottages, 158 apartments and private rooms. I am busy on the Social Service Committee and visit patients in the Health Care Center which has 50 beds. I also escort patients for check-up visits to outside surgeons who have repaired fractured hips and etc.

Class of 1927

Pauline McElwee Gillen (Dennis R. Gillen, M.D.), E. 506 Park Towne, Benjamin Franklin Parkway, Philadelphia, PA 19130. My husband — class of 1931 Jefferson Medical College, and I are happy to announce that our granddaughter, Nancy Gillen, is in the graduating class this June — Diploma School of Nursing. With two recent grandchildren born, we hope there will be more graduates from Jeff.

Filomena Tiracchia Doherty, 17 Lenape Rd., P.O. Box 732, Richboro, PA 18954. Nothing much except that at age 75 I am still working full time as Directress of Nurses of a 114 bed skilled nursing home.

Class of 1928

Margaret Martin Lauchle (Harry C.), 5909 Grand Ave., Downes Grove, IL 60515. In September 1979 my husband and I celebrated our 50th Anniversary with our four children and their spouses, eight grandchildren and one great grandchild (there are two now)! A really joyful occasion. Best wishes!

Lelia Yergey, 957 Hale St., Pottstown, PA 19464. Treasurer for Pottstown Blind Group and Business Manager.

Helen Rebert Murray (John A.), 456 Magee Ave., Patton, PA 16668. Am living in same house and fairly well. Wish I could see you all.

Beatrice Noll Smith (A. H.), P.O. Box 160, Pleasant Gap, PA 16823. Retired.

Margery E. Barger, 247 S. Juniper St., Phila., PA 19107. Now I have my second Life Membership card. The first one got away from me. Retired — nothing new.

Class of 1929

Hazel Besecker Beach (Justice), 3210 Over Brook, N. W. Canton, Ohio 44709. We celebrated our 50th Wedding Anniversary, Nov. 29, 1979. We are going by train to N. W. Canada this summer.

Zelda Rowe Mencer (Howard E.), 910 S. 30th St., Camp Hill, PA 17011. Both retired — doing less traveling — enjoying our home and garden.

Class of 1930

Lucile Marguette Clow (Howard), 1730 Loyalsock Drive, Williamsport, PA 17701. Life is still very much worth living!

Thelma McArthur Wolford (C. F. Wolford, DDS), 928 Church St., Indiana, PA 15701. I am a widow living alone. Have 3 children — 2 girls and 1 boy — none at home. I am not employed — living on a fixed income. Will not be able to be present for our 50th Anniversary Luncheon.

Edna Hannon Peters, 51 Logan St., Lewiston, PA 17044. Retired from Lewistown Hospital Nov. 15, 1971. Enjoy traveling. Spend my winters in Florida.

Elmira Sachs Hanges (Maurice), 5287 - 81st St., N. Apt. 2, St. Petersburg, FL 33709. My husband is deceased. I am happy to have had my nurse's training as I was able to care for him at home. I am planning to attend our 50th Anniversary Luncheon.

Virginia Miller Bruner (Elwin Christner), P.O. Box 548, Alamo, Texas 78516. Retired and enjoying life. Formerly 3 to 11 Supervisor and Assistant Director of Nurses, McAllen General Hospital, McAllen, Texas. Travelled 2020 miles to be here.

Hannah Griffiths Conner (John White Conner), 55 Lyon Drive, DeLand, FL 32720. Former married name — Mrs. Fred Detrick. Now — Mrs. John White Conner as of October 5, 1979. Dr. White was professor of Prosthetic Dentistry at University of Penn. from 1932-1962. A pre-med graduate of Haverford. Private practice in Frankford. Retired to DeLand.

Evelyn Reeser Arnold (Walter), 1201 Bahama Bend, H-1, Coconut Creek, FL 33066. We are both healthy, enjoying retirement. Looking forward to coming to Jefferson for our 50th Anniversary Luncheon.

Emma M. Bahner, 3615 Chestnut Street, Philadelphia, PA 19104. Looking forward to our 50th anniversary in 1981 with a special celebration at the Benjamin Franklin Hotel. Active in crafts at Philadelphia Center for Older People. Continues to be interested in collecting shells (Conchology).

Blanche Ford, Box 13, Periwinkle Park, Sanibel Island, FL 33957. Enjoys shelling and shellcraft, baking desserts, singing in the church choir and being with people. Sorry I cannot attend the luncheon, but best wishes to all!

Class of 1932

Adeline Roth Miller (Benjamin), 6704 Glen Ave., Glen Dale, MD 20769. For keeping all of us, including inactive senior members, well informed of alumni association news as well as Thomas Jefferson University activities, I thank you!

Erma Coup Painter, Pine Street, Box 231, Milton, R.D. #3, PA 17847. Kindest regards to my classmates and friends.

Mildred Garman Jeffers (Arthur W.), 306 W. 19th St., Ship Bottom, NJ 08008. Enjoy living on Long Beach Island, and hope if any friends are in the area — they will call or visit. The welcome mat is always there. Hope to attend the luncheon May 3rd.

Class of 1933

Marion Pollitt Carey (James), CR3, Box 1121, Lewes, DE 19958. Moved to above address June 1979, and live near our daughter, her husband, and three grandchildren. We enjoy them very much.

Katherine Kinch Leach (John E.), 60 Madison Place, Ridgewood, NJ 07450. Our son, Chris, will be finishing a course in thoracic surgery at Rochester General Hospital in June. Also he will marry Miss Patricia Ann Beale (a nurse from Rochester, NY), in June.

Carolyn Olson Kaltenstein, 2754 Emerald St., Philadelphia, PA 19134. Nothing new, suffering inflation blues like every one else. Hope you are all in good health at Jeff and stay that way.

Class of 1934

Mildred Myers Smith (Robert — deceased), 31 Stanford Place, Montclair, NJ 07042. Nothing special this year. Received a 30 year pin from Red Cross for Volunteer Service in Montclair.

Margaret Clayton Schellenger (E. A. Y. Schellenger, M.D.), 33 Fithian Ave., Merchantville, NJ 08109. Ed received his Golden Merit Award from Jefferson Medical College last spring (graduated 1929). We live on Lake Louisa, Claremont, Florida, during the winter months. Our children and grandchildren visited us there. We live on the edge of orange and grapefruit groves.

Elizabeth Piersol, 2601 Parkway, Apt. 852 C, Philadelphia, PA 19130. Planning on a tour to Oberammergau to see the Passion Play. Leave July 14th and will visit four countries. Enjoying my retirement — busy every day going on day trips and visiting new places.

Evelyn Wilson Frazier (E. W. dec.), 1308 Park Blvd., Cherry Hill, NJ 08002. Son, James, married Aug. 1979, moved into a new home in Dec. I continue various activities including volunteer work with the A.R.C. Taking an extended trip to Alaska and the Yukon in July, visiting Kitty Smulling Gair a few days, returning via a cruise to Vancouver, B.C.

Julia Tyler McCracken (A. W. dec.), 524 Revere Rd., Merion Sta., PA 19066. Nothing new in activities, continue church and club work, decoupage, golf, and etc. Evelyn Frazier and I are traveling through Alaska this summer, visiting the interior, Arctic Circle, Yukon Territory, Juneau and the inside passage.

Olga Dygan Mitchell (Charles J.), B 1220 Park Drive Manor, Philadelphia, PA 19144. Daughter, Susan M. Wise, presented us with a grandson, Michael Mitchell Wise, on September 5, 1979. Susan and her husband, Robert, live in Ozark, Alabama.

Harriet Kellner O'Conner (John), 6116 N. Franklin St., Philadelphia, PA 19120. I've had one horrible night-marish summer. Everyone is delighted with my progress but me. I miss seeing everyone. Perhaps I can make a meeting.

Mary Schwab Gregg (Lester), 952 Scio St., Elmira, NY 14901. Retired from School Nurse Teacher.

Class of 1940

Norma Zeigler Smith (Woodward), 1821 Glen Ridge Rd., Baltimore, MD 21234. Named March of Dimes Nurse of the Year (1979) for her outstanding efforts in raising the quality of nursing care to mothers and infants in Maryland. She is a special nursing supervisor for the Baltimore County Dept. of Health and received this honor during the Maryland Nurses Association convention in Oct. 1979.

Ellora Endicott Mayer (Frederick), 570 Panoramic Highway, Mill Valley, CA 94941. I retired from NJ State Dept. of Health in 1976 and we moved to California. Am presently doing counselling in a middle school in San Francisco. I also conduct a drama class for physically handicapped students there.

Esther Armitage Musselman (Larry — deceased), 132 Berwick Heights Rd., East Stroudsburg, PA 18301. Retired from nursing Oct. 1, 1979. My community, co-workers, friends, patients, family, honored me with a testimonial dinner on Nov. 3rd at the Pocono Hilton in Stroudsburg for 40 years of nursing. 230 persons were present.

Helen Job Enterline (Stevenson), 8 Church St., Matawan, NJ 07747. A flurry of activity last congressional election when Steve ran for U.S. Congress on the Libertarian ticket — TV and radio coverage and a few debates. This year he is a Trustee for the New Jersey party. We remain sane and well.

Martha (Polly) Irwin Reed (John F. Reed, M.D.), 381 Wolcott Hill Rd., Wetherfield, CT 06109. Husband — Chief of Staff — Hartford Hospital '76-'79; acting Chief of Surgery — before and between a full time chief. President, N.E. Surgical Society at present. Son — Maj. John F. Reed, Jr., U.S. Army, Ft. Hood, TX, has been notified he is to be in command of a field hospital.

Class of 1941

Roberta De Remer Coble (Truman), 852 Kent, Elmhurst, IL 60126. My husband will celebrate 40 years with Sears Roebuck & Co. in March. We have 3 children and 3 grandchildren. I'm the old fashioned one giving up nursing to care for our home and family. Now I keep busy with volunteer work.

Geraldine Chamberlain Topping (Felix), RD 2, Box 280 C, Montgomery, PA 17752. We are still leading very busy lives. My husband has his own business and I am secretary in an Interior Decorating Store. Very interesting! Would like to hear from classmates!

Margaret Elliott Wallett (Wilbert — deceased), 10746 Ave. "H", Chicago, IL 60617. Enjoying retirement, also enjoying six lovely grandchildren. My health is better than some, so I am very grateful. Hello to all my friends.

Frances L. Huston Rumberger (Walter), 2111 Yale Ave., Camp Hill, PA 17011. My husband retired on April 1, 1980 as Vice President of Marketing with Capital Blue Cross, Harrisburg, PA after 26 years of service.

Harriet H. Werley, 4013 Defoe Drive, Columbia, MO 65201. "On June 9, 1980, during the American Nurses' Association 52nd Convention at Houston, Texas, I was awarded the American Nurses' Foundation award for Distinguished Contribution to Nursing Science. This is the first year this award was given, and H. H. Werley was the unanimous choice of the selection committee which chose her from 27 researchers recommended for the award." (From letter to Ms. Janet Waxman from Harriet H. Werley, June 17, 1980).

Perma Ehrhart Davis, 158 Bickley Rd., Glenside, PA 19038. After 18 years with the School of Nursing, I will be starting at American Oncologic Hospital on September 15, 1980. All our children have homes of their own, but we see them frequently.

Class of 1942

Anna Alexander Krall (Robert P.), 47 Elm St., Eldred, PA 16731. Son, Robert A. Krall, M.D., will complete 4 year Pathology residency at Jefferson in June 1980, then go to Sloan Kettering Memorial Center, N.Y.C. for one year Fellowship in Surgical Pathology.

Gladys Reed White (Robert E.), 313 Rocky Court West, Chalfont, PA 18914. Bob bought into a Minuteman Press printing shop Nov. 1, 1979. Our son, Jack, and son-in-law, Gary Gross, are operating the shop. Bette Ann is a senior at Drexel University — on Co-op. I'm a housewife. My oldest Mary Sue Gross, works as assistant to admissions at Northwestern Institute of Psychiatry, Ft. Washington, PA.

Anna Kathryn Ericson McCormick (John H.), 4223 Glenwood Drive, Indianapolis, IN 46205. I retired last Sept. after working almost 15 years on orthopedic floor of Community Hospital. I miss the activity and my co-workers, but not the pressure!

Grace Jennings Dunkelberger (J. Roland), 201 Huston Ave., Stroudsburg, PA 18360. Still working full time. Expect to take a trip to Germany and Italy June-July this year.

Joyce Rose Sproch (Thomas), 307 Alta Vista, Greensburg, PA 15601. We have moved to a condominium, less work and we travel as much as possible. Three daughters are married; two grandsons. One son still not married. Doing some volunteer work to keep busy. Tom is talking of retiring to part time in Radiology soon. Will be in Montreal in May, so will be sorry to miss the luncheon.

Ruth Thorp West (George), 5726 Tackawanna, Philadelphia, PA 19135. I was married to George E. West on Nov. 18, 1979.

Ruth E. Moore MacAdam (Harold), 1034 5th Ave., Safford, AZ 85546. We have both retired from State Service in California.

Dorothy Rogal Nefong (Frank), Box 277, Clemmons, NC 27012. Received B.A. degree — Philosophy and Religion — Salem College, Winston-Salem, NC May 10, 1979.

Class of 1943

Marion Rutter Morris (Robert B. Morris, Jr.), Rt. 1, Box 73-6, Quinlan, TX 75474. Our son, David B. Morris, M.D., is a family physician in Atlanta, TX, after serving 2 years in the Army at Dwight D. Eisenhower Medical Center in Augusta, GA.

Anne Hare Inemer (Michael), Mill Bridge, Apt. 673, Clementon, NJ 08021. My son, Timothy, graduated from law school and is now a member of Pennsylvania Bar Association.

Class of 1944

Geraldine Schreffler Meyer (Roy), 2502 W. Calle Morado, Tucson, AZ 85705. Nothing special—still doing anesthesia at V.A. Hospital in Tucson. Three children—all at the University of Arizona.

Rosie Smith Jones (William E.), 1888 Delaware, Beaumont, TX 77703. Same employer — 25 years in June.

Kathryn Edna Fowler Hood (Ray — deceased), P.O. Box 759, Fort Pierce, FL 33450. I am an office nurse now after working many years in Emergency Room, Surgery, Recovery Room and Anesthesia work. My husband passed away in 1977 (coronary age 53). He was a school teacher. We have three children. Robin (26) in Citrus Management; William (24) in 2nd year Medical School at Univ. of Florida; Edna (15) Sophomore in High School. At present we own 80 acres of citrus grove.

Marjorie Fink Searing (Robert), 1613 Wight St., Wall, NJ 07719. Eight members of the class of 1944 attended the alumni luncheon on May 5, 1979 for our 35th anniversary. Marjorie Swindlehurst, Jean Middlesworth, Mary Brill, Mary Lou Stewart, and myself. Marjorie Searing represented the September class. Lorraine Priestly, Jean Koutsourous and Maureen McCool from the February class attended. We had a good time — missed our absent classmates!

Charlotte Stover Ellenbogen (William), 120 Leedom Drive, Media, PA 19063. No new information. However, I want to praise our Alumni Association for the helping hand they extend to former graduates who are ill. I have never been so touched as I was at Christmas ('79) by the generous check sent to me. Because I did not need the money at this time, I returned it to use for another graduate less fortunate.

Class of 1945

Marjorie J. Wilson, 8935 Willman Way, San Antonio, TX 78239. Have been retired from U.S. Army since July 1978 and love it!

Jane Elizabeth Bellis Mack, 341 S. Governor Prinz Blvd. Lester, PA 19113. Husband, William, retired this year.

Helge Zundt Michael, 730 Charington, Towson, MD 21204. Nothing exciting has happened.

Charlotte Cooper Phillips (Ernest), 201 Sierra Way, Auburn, GA 95603. Pleased to see Anna Kuba's picture in last month's Am. J. of Nursing. She and I came from the same hometown of Lansford and graduated together. Will be glad to write to any of my classmates who drop me a line. Any Skiers? We live at the foothills of the Sierra Range — 100 miles from our home to Reno.

Evelyn Louise White Collett (Milo J.), 269 E. 9545 South, Sandy, Utah 84070. Am working at the Alta View Emergency Room here in Sandy. Robyn still at B.Y.U. Alyson just graduated with a degree from B.Y.U. in nursing. Carolyn graduating 1980 from Jordan H.S.

Anna Kuba, 713 Millbrook Rd., Raleigh, NC 27609. On Nov. 26, 1979, I became Executive Director of the North Carolina Board of Nursing.

M. Faith Stewart Graham, 926 Meadowood Dr., Apt. 39, Lenoir, NC 28645. I graduated from Duke Univ. Sept. 1978 with a M.S.N. in Primary Care. Currently employed as a Nurse Practitioner by the County Health Dept., which has recently expanded its facilities and services to deliver primary care in addition to its traditional functions.

Mary Anne Saunders Port (George), R.D. #1, Box 14, Huntingdon, PA 16652. For almost two years now I have been helping my husband in our insurance agency, but am an active member of Private Duty Nurses and will not give up nursing completely. Our 2nd daughter, Beverly, graduated from Coatesville School of Nursing on 5/9/80 and won the Medical and Surgical Awards for Excellence in Performance.

Class of 1957

Georgann Jacobs Miller (C. David), 37 N. 17th St., Allentown, PA 18104. First child, Cynthia, being married June 21st. Second child, Collenn, begins her senior year as a student nurse at Allentown Hospital. Two younger children are in elementary school.

Class of 1958

Muriel Joan LeVan Keller (Arlan G.), R.D. 1, Box 428 B, Palmyra, PA 17078. My youngest child attends kindergarten this year which gives me a chance to help our school nurse on a voluntary basis. My husband will become Managing Partner of the Harrisburg Office of Main, Hurdman and Cranstoun (certified public accounting firm), effective April 1, 1980.

Lois Boechel Toomey (Alan), R.D. #1, Box 250, York Haven, PA 17370. I am attending York College on a part time basis working toward a B.S. in Nursing.

A. J. Sakella Daneman (Jay), 2934 Capri, Memphis, TN 38118. Will be married 18 years to the same man and have three normal healthy children. Work one day a week in nursing and have found time to do volunteer work at church and school, keeping busy.

Christina Rodgers, 114 Hall Mark House, Hershey, PA 17033. I am continually striving for independent living. Have a full time position as Nurse Recruiter at the Milton S. Hershey Medical Center of the Pennsylvania State Univ. Speaking to Women's Clubs, Rotaries, Kiwanis and church groups — "Positive Living".

Linda Doll Eppley (Samuel), 98 Church St., Enosburg Falls, VT 05450. My husband had a triple by-pass done at Jefferson In Jan. 1980. The two weeks we spent at the hospital were like returning home. The friendliness and concern expressed by everyone made a trying time much easier to bear. We were also very much impressed with the new hospital.

Darlene Stoudt Bleile, 131 S. Liberty St., Orwigsburg, PA 17961. Work as a Psychiatric Staff Nurse at Pottsville Hospital; am working toward a B.S.N. at Kutztown State College. Now in Continuing Ed. Program, best place to matriculate this fall. Two children: Paul age 16 — Melissa age 12.

Class of 1959

My oldest daughter, Janet, is a second year medical technology student at Edinboro State College, where our middle daughter, Judie will begin the degree program in nursing this fall. My husband teaches chemistry at the same college. Our youngest daughter, Jennifer, is 11 years old.

Judith Wright Bloes (Walter S. Bloes, M.D.), 9 Old Mill Rd., Jermyn, PA 18433. Son, Wally, is a soph. pre-med student at Tufts Univ., Medford, MA. Daughter, Lisa, graduates from H.S. this year and has been accepted at Cedar Crest College and will study nursing. Amy will be a Junior at the Choate School in Connecticut and Susy is a big third grader. Husband, Wally, is still a busy G.P. — in his 20th year of private practice.

Bernice Griff Catalano (Michael), R.D. #3, Margaret Ave., Dalton, PA 18414. Mike and I recently celebrated 18 years of marriage. He is still in business with his family (Catalano Imp. Co.) and they will mark 45 years in business this year. My Dad has retired as president of the Troyler Coyd. He since has been recognized in the newspapers and on T.V. as one of the area's leading sportsmen. Our seventeen year old daughter, Michelle, and I will be attending college together this year. Love and best wishes to everyone. — "Bunny"

Betty Rae Rockefeller Laird, R.D. #3, Box 66, Freehold, NJ 07728. Separated, planning divorce, active in many organizations — ANA, AORN, OWLA, RCA, YMCA. Have four daughters: Pamela (18), Susan (17), Diane (15), Ann (11). They swim and are active in sports, as is their mother.

Thelma Stiles Malecek, 539 Arlene Drive, Wood Dale, IL 60191. I have just completed 6 years in surgery. Our two children (ages 13 and 17) continue to pursue their study of the violin — together they have been playing a total of 11 years! I hope to make one of the luncheons in the future.

Class of 1960

Carolyn Ressler Goepfert (Joseph), 30 Miller Ave., Southampton, MA 01073. Still working full time as an occupational health nurse. I have started taking courses at the local community college and find learning is more fun at age 40! My girls are 11, 9 and 5. They make every day a new experience in learning!

Madeline Henly Glass (Fred), RD #2, Box 619, Pine Bush, NY 12566. My husband and I are still in Education, I as a school nurse teacher and he an elementary science teacher. Fred was recently voted "Teacher of the Year" by our local Kiwanis Club. Our oldest son, Andrew, will be entering East Stroudsburg State College in September, majoring in Elementary Education — of course, and son, Benjamin, will be entering High school in September.

Martina Mockaitis Martin (John H.), 17 Dartmouth Lane, Haverford, PA 19041. I'm in private practice of Rheumatology and Internal Medicine in Bryn Mawr, PA. My husband is Chief of Division of General Medicine at Jefferson. John H., Jr. and Jennifer are attending Millersville State College. Jeffrey is a senior at Haverford Senior High. My cat, Devil, will be 19 March 1980.

Sally Ann Giorgio Harris (John), 318 Homestead Drive, Harleysville, PA 19438. After many, many years, I have gone back to hospital nursing. I work part time as a "float" on the medical-surgical units in a local hospital. Things are different, but I enjoy being back again.

Judith Haas Stauffer (Robert), 3729 Meyer Lane, Hatboro, PA 19040. Bob and I are kept very busy with our sons' involvement in sports. Todd and Tim both play soccer, basketball and baseball. I am presently working on the Psychiatric Unit at Abington Hospital.

Bette Reaver Light, Amberlands, Apt. 26-M, Croton-on-Hudson, NY 10520. In 1979 I was licensed in New York State as a Nursing Home Administrator. New appointment — Assistant Administrator of The Wartburg Home, Mt. Vernon, NY (a 230 bed multi-level care facility for the aged).

Class of 1961

Barbara Jaszczalt Birney (John), 414 Scott Lane, Wallingford, PA 19086. Presently full time M/S Supervisor at Riddle Memorial Hospital.

Betty Lou Simonson Woods (Jay), 700 Floret Ave., Reading, PA 19605. One more year to our 20th — hardly seems possible — hope everyone can make it for our Anniversary!

Joyce Shaffer, 610 Willis Ave., A1J, Williston Park, NY 11596. I have completed a doctoral program in psychology and am currently employed full time in psychology.

Emily Lutz Hogan (Thomas), Rt. 1, Box 118, McRae, AR 72102. Moved from Alaska to Arkansas. Drove all the way. The drive down the Alaska Highway was beautiful and peaceful. Presently working part time at Arkansas Children's Hospital.

Barbara Greenawalt Eichorn (divorced), 19504 Worsham Ct., Gaithersburg, MD 20760. Office Manager/Nurse of a Holistic Health Center in Georgetown, Washington, DC.

Class of 1962

F. Suzanne Rumberger Carter (N.A.), 901 Quail Ave., Pittsburgh, PA 15202. I became a Registered Diagnostic Medical Sonographer (RDMS), in the Field of Echocardiography and was promoted to the Director of the Echocardiography Laboratory of West Penn Hospital in Pittsburgh, PA.

Patricia Ann Thomas Goetz (Oliver), P.O. Box 4, Greencastle, PA 17225. Still a housewife.

Leona Chambers Hansell (Robert), 584 King St., Woodbury, NJ 08096. Graduated Feb. 1979 with a B.A. from Glassboro State College with Certification in School Nursing. Began work in West Deptford School in elementary schools as School Nurse and I love it! I enjoy the children and teaching health in the classroom.

Sue Lehman Rice (Stephen), 1200 Seminole, Richardson, TX 75080. I am still working for the same doctor — full time now — it will be 14 years in July. In the fall of 1980 Sabrina will be in Junior High and Sarah will enter 5th grade. In January Steve started his own business — Energy Systems Products — going very well so far. This winter we had our first experience at snow skiing — we all really love it. Carole Aufferman Ferreebe just remarried in Dec. 1979.

Marcia Grieshaber Moore, 140 N. Rockburn St., York, PA 17402. November 1979 promoted to Endoscopy and Special Procedures Nurse at Memorial Osteopathic Hospital. Son, Mark (11), in 5th Grade and a student in Gifted Children's Program.

Theresa Lefchick Lamberth (Capt Billy C. Lamberth), 726 Pomona Ave., Coronado, CA 92118. Another very productive year has passed. I was appointed Director of Nursing and charged with re-doing a hospital (SNF). I converted a 51 bed rehab unit to long term care. No small task — to be

sure. And this year finds us preparing to pack our bags once again. In April we will holiday in Hawaii and Hong Kong (Hong Kong is one of the most exciting cities of the Orient and my favorite). Then in July we are moving to England for three years — and I will see all of Europe, I have no doubt. Am extremely interested in health care in Europe and expect to visit and be enlightened by them.

Class of 1963

Terry Camill Musitano (Jack), 42135 Mohave Rose Dr., Quartz Hill, CA 93534. We have lived in the "high-desert" (one hour north of L.A.) for 3 years. My husband is a Test Pilot/Project Engineer for Flight Systems Inc. Our family — 2 boys (Jacky age 8½ and Marc age 5) and one girl (Adriann age 19 months), is complete and I am planning to return to work or school in the fall of 1980.

Mary Elizabeth Speicher Gillin (James J.), 26 E. Langhorne Ave., Havertown, PA 19083. I am presently working 11 to 7 on three nights a week at Philadelphia College of Osteopathic Medicine Hospital in the Nursery.

Marjorie Haines Powell (Alfred), 131 Dawn Drive, Mt. Holly, NJ 08060. Am presently teaching Health Occupations at the Burlington Co. Vo-Tech. I have found teaching very rewarding and I am still able to maintain patient contact. In May I will receive a B.A. in Education and hope to continue in a Masters program.

Suzanne Vache' Blackburn (Robert), 2 Pershing Ave., Hightstown, NJ 08520. Still enjoy working part time in Obs. at local community hospital. I also volunteer time to planned parenthood of Mercer County. Bob and our "3 K's" (Keith 11, Kyle 7 and Kelly 3) keep me busy and happy.

Katherine Kingsley Kinsey (Dean), 501 New Albany Road, Moorestown, NJ 08057. I am full time student again! Enrolled at the U. of P. pursuing Masters in Community Health Nursing. Still work part time as Public Health Coordinator at Health Center in NJ. Dean is in practice here in Moorestown and on the staff at Burlington County Memorial Hospital and is enjoying private practice. Karen, age 6, is a wide eyed first grader. We built a contemporary home on 8 acres and it is hard to believe we are only twenty minutes from center city and Jefferson. We have deer, geese, ducks, raccoons, etc. — it's almost country. We do have a productive garden and have planted many tiny pine trees — hope to be selling them a few years hence for Christmas.

Dorothy Fanelle Brown (Douglas), 2310 N.W. 78th St., Lawton, OK 73505. We came to Lawton temporarily but will now be here for several years (we think). Doug is Manager of Engineering Staff at Goodyear here. Kim is almost 13 and is in Junior High School, and Kevin is 11. I am going to Cameron Univ. here for my B.S.N. and am enjoying it very much.

Mary Greenwood Schaal (Daniel A.), 725 Fountain Ct., Cinnaminson, NJ 08077. I am returning to Jefferson in Sept. 1980 as a student in the RN-BSN program.

Kay Levin St. Jean (David), 2494 Fraser Ct., Woodbridge, VA 22191. Have remarried — am active in nursing — will have 17 years in pediatrics — presently employed as staff nurse at Alexandria Hospital in Virginia.

Class of 1964

Barbara Nase Anderson (Robert), 2116 S. 145th Circle, Omaha, NE 68144. Bob is now an assistant hospital director trainee at the Omaha V.A. Hospital. We plan to be in Omaha a year. I worked part time in the float pool at St. Joseph's Hospital in Denver and plan to do the same here. Cheryl is 7 and David is 3 — both adjusted well to our move.

Jeraldine Marasco Kohut (Sylvester), 1330 Sherwood Lane, Cookeville, TN 38501. An addition to our family is Jeremy John Kohut who has already celebrated his 1st birthday April 8th. He is adorable! I completed my M.A. degree in Education May 1980 at Tennessee Technological University. Syl is fine and is happy as ever at the university (T.T.U.).

Mary Lou Woerner Schubel (Dave), 106 Glen Ave., West Chester, PA 19380. Dave is teaching Mechanics at a private trade school and loves it. Both of our boys are busy with school and extra curricular activities. David (15) is a super swimmer and Dan (13) is an all star soccer player. I'm trying to find us a new home as we just sold ours. I will be glad when we are all resettled.

Elizabeth Reed, 2036 Paradise Dr. #3, Tiburon, CA 94920. Am serving my last year on the National Board of Directors of the Association of Operating Room Nurses (AORN), while continuing as O.R. Supervisor at U.C.S.F. Then am planning on "retiring" from AORN for a while and spend more time with Photography, Backpacking and Sailing.

Marilyn Miller Long (John), 163 Cheyenne Tr., Medford Lakes, NJ 08055. I have finally returned to nursing after 11 years. I took a refresher course and am now employed as Staff Nurse at Burlington Co. Memorial Hospital.

Barbara Wilson Starmer (Anthony), 6206 White Hill Drive, Mechanicsburg, PA 17055. Husband "Stoney" transferred to Harrisburg to assume the post of District Staff Manager — Regulatory Matters for Bell of PA. I have been working as a substitute school nurse and taking some C.E. courses at local community college. Tony is 9 yrs and Kristin is 12 years — both very active in school and sports.

Vivian Mead Cacetes (Abraham), 340 Washington Ave., West Berlin, NJ 08091. Presently working part time as a staff nurse in a local hospital. We have two children under a year of age — Abraham Jr. and Elizabeth. We've spent a month in Mexico and I have done some translation work for a couple in Connecticut. There isn't time for much else. I do miss Jeff!!! Would like to hear from classmates!

Class of 1965

Dorothea Hamilton, 7203 Tember Lane, Falls Church, VA 22046. I remain on active duty in the U.S. Navy, entering my third year at the White House.

Barbara Ott Keller, 2383 Brookside Way, Indiatlantic, FL 32903. Divorced after 14 years of marriage to a neurosurgeon. My girls are ages 5, 6, 9, 11. I intend to resume working (after 10 years off) by the fall of 1980. I am taking some classes at a local college now.

Judith Abbott Getz (Donald), Edgewater, 1101 Airlie Rd., Wilmington, NC 28403. Don (Jeff '66) busy with orthopedics but we've got a boat large enough to get away on. It's a Tartan 34' and the children are getting interested in sailing, too. David (9), Travis (6½), Kira (4½). They keep me busy with PTA, soccer, ballet, piano, etc. This old house (150 years) keeps us busy also. Just restored bird's eye maple floors that had been covered with wall to wall.

Gail Wright Schutz, 321 Bellanca Road, Bricktown, NJ 08723. Decided to see what happens when our patients leave the hospital — so I am working in Public Health in Ocean County. My daughters are becoming young ladies — Kristine is 12 and Jennifer is 8. Through the A.O.R.N. I was a delegate at conventions in New Orleans, and St. Louis, MO — a fantastic experience!

Mary Bennett Kendrick, 1121 Albion #310, Denver, CO 80220. I finished my Masters in Business Administration at the Univ. of Denver in August 1979. At that time I was appointed Director of Nursing School at Presbyterian/St. Luke's Medical Center. I am President of the Board of Directors of my condo association. Can you believe this? I appeared in the January issue of Working Woman magazine. I am very busy but enjoy it.

Adrienne Lowe Daughenbaugh (Robert), 11 Forrest Drive, Northfield, NJ 08225. Received B.S. in Health Care Administration May 1979. Have been looking for a career opportunity to utilize degree but so far — nothing! Presently working full time night duty on staff at local hospital here and very much feeling throes of frustration and "burn out"! My daughter is 9 years of age and son is 6 years. Their activities keep me on the run.

Ellen May Whitehome (Joseph), Box 215, USAE, AFCENT, APO, NY 09011. Joe made Lt. Col. this year. We have been enjoying Europe for the last two years but will be ready to go "home" next year. Margie, I have lost your address!

Lois Russell Foxen (Gary), 246 W. Brentwood Ave., Orange, CA 92665. Dear Fellow Classmates: It's hard to believe that we graduated from Jefferson 15 years ago! I have worked full time during those 15 years; 13 of them in my chosen career in Nephrology. I am the Clinical Research Coordinator of the Renal Center at St. Joseph Hospital here in Orange and love my job! I became extremely active in my professional association, the American Association of Nephrology Nurses and Technicians, and served as its President 1978-79. This was a challenging and exciting opportunity, as I had the chance to travel world wide (Europe twice and South Africa) as well as all over the United States. I will be "retiring" from the Executive Committee of AANNT in April but will dedicate my energies to establishing an international congress for nephrology nurses in 1982. I am Chairperson of the Steering Committee for this event. I would love to hear from fellow Jeffersonians if you are ever in beautiful Southern California. My telephone number is 714-637-0412.

Sandra Schmidt Koldziej (John), 5524 Alakoko Place, Bay St. Louis, MS 39520. I am still working part time in Emergency Room at our local hospital. My husband is with Naval Oceanographic Command. Son, Chris, age 13, attends St. Stanislaus College and will be in the eighth grade. Kelly, age 11, and Karen, age 7, attend Bay Catholic and are very active in soccer, basketball, and cheer leading.

Janet Walker Respa (James), 3155 Nordman St., Ann Arbor, MI 48104. I have transferred to the outpatient surgery unit at University Hospital and am thoroughly enjoying the patient contact. We bought our first house last year and are busily redecorating. At present, we plan to remain in Michigan for another year.

Judith Snyder, 217 N. Ellsworth Avenue, San Mateo, CA 94401. I just started as a Clinical Educational Specialist — Med-Surg in a small hospital here. Life is quite different here but am enjoying the changes.

Class of 1966

Clare Marie Karabas, 3819 Harry Wurzbach #Z-8, San Antonio, TX 78209. Masters degree — Nursing Administration — Major in the Army Nurse Corps — Head Nurse Surgical Intensive Care Unit at Fort Sam Houston — due to be transferred Sept. 1981.

I'm involved in community and school volunteer work. Am returning to nursing temporarily for 12 weeks this spring as a clinical instructor in the school of nursing where I was last employed — 8 years ago.

Nancy Scull Brainard, Absecon Townhouse 2 F, Absecon, NJ 08201. One more year to go before graduation from Stockton State College with B.S.N. Hope to begin work for M.S.N. after settled into new job. I was a happy recipient of Jeff's Alumni Association Scholarship. Stephanie (11) and Aidan (8) growing too quickly!

Barbara Shermer Buehl (V. E. III), 531 Linden Ave., Doylestown, PA 18901. Expect to move to Buckingham PA early summer 1980. Husband promoted to CDR, USNR, March 1980. I have started back to work — part time, nights — at our local hospital. Our girls are now 8, 5 and 2 years.

Margaret Luccheci Connell (James), 778 S. Main St., Athens, PA 18810. I will receive my B.S. from S.U.N.Y., Binghamton, in May 1980. I have been accepted into the M.B.A. program in Health and Hospital Administration at Cornell University. I will begin my studies there in Sept. 1980.

Mona Kadushin Berch (Mark), 492 Naylor Place, Alexandria, VA 22304. I am now affiliated with the Center for Occupational Program for Employees. I provide consultation to organization on the establishment and operation of EAP (Employee Assistance Programs). I am a co therapist in group counseling of recovered alcoholics.

Agnes Halliwell Kirschner (Donald T.), 26 8th Ave., Haddon Heights, NJ 08035. We are in a new "old" house in Haddon Heights. Children are: Lara (11), Jan (10) and Megan (4). Don travels a lot for work now and I keep busy working and going to school — both part time. Have almost finished degree requirements.

Mary Lou Smith Lebsack (Milton), 19921 Estuary Lane, Huntington Beach, CA 92646. I was married to Milt May 19, 1979. He is a real estate appraiser and we enjoyed a wonderful honeymoon in Hawaii. I am presently employed by the Human Services Agency of Orange County working in the preventative medicine clinic of the Pulmonary Disease Service.

Jean F. Lashinski Strelzik (Raymond), 2049 Hawthorne Lane, Hatfield, PA 19440. Am presently Charge Nurse, Silver Unit, 3-11 — at Northwestern Institute of Psychiatry, Ft. Washington, PA. We are expecting our second child the beginning of August. My husband is still teaching Physics at Upper Dublin School District, Ft. Washington, and in addition, we are going into raising beef cattle in Susquehanna County.

Judith Lawrence Winckles (Richard), 13 Ave. Chevalier Jehan, 1300 Waure, Belgium. At the moment I am raising two babies — 3 years and 18 months, and am not working. All warm regards to "Jeff" nurses.

Judith Hartman Endriss (Carl), 1009 Anna Rd., West Chester, PA 19380. David Hee Sung, age 5, arrived from Seoul, Korea, on 10/27/79. We were all at Phila. International Airport to meet him. (Laura, age 12, Peter, age 9; Mark, age 4 — is also Korean). Carl and I are both very active in a busy adoptive parents group here in Chester County.

Class of 1967

Joan Heaton Hamp (Frederick), 57 Canterbury Lane, Longmeadow, MA 01106. Our third child, Patricia Anne, was born July 26, 1979. Heather (7) is in second grade while Freddie (4) is in nursery school. My husband is now head of ultra sound at Bay State Medical Center, Springfield Unit. This year I have taken on the position of scholarship chairwoman for the county medical auxiliary. In addition to that responsibility, I have become active in church work and was ordained a Deacon in January.

Joan Reed Darden (Arthur), 4402 N. Creek Ct., Albany, GA 31707. I am graduating with B.S.N., Georgia Southwestern College in March, 1980. I'm still Head Nurse of N.I.C.U. in Albany, GA.

Jane Kazella Kriebel (Charles R.), 8412 Boxwood Drive, Tampa, FL 33615. We are proud to announce the birth of our daughter, Elizabeth Jane, Jan. 17th, 1980. Our sons, Colin Thomas and Nicholas Adam, are now 5 and 1½ years of age.

Kathleen Raab Fitzgerald (James), 19 Juniper Drive, Richboro, PA 18954. Started back to college in January '80 at Bucks County Community College.

Sharon Rood Rajnic (Frank), 272 Yorkshire Drive, Newtown, PA 18940. Our daughter, Maura, 2½ years old, has a new brother, Michael — 6 months. Also moved into a new house this year. Working part time at present.

Linda Valentine Russell (William), 3307 Chippendale St., Phila., PA. Our fourth child, Timothy Michael, was born at home Aug. 29, 1979. Bill delivered him with coaching from me. We woke the other children after Timmy was OK. This was not planned, and as OB Nurse, I still do not approve of home deliveries. I am back working part time in L & D and very active with Bill in Church and School activities.

Karen Lawer Bedell (John), 1820 Cerra Vista Dr., Hollister, CA 95023. Graduated from University of California, San Francisco — M.S.N. Presently enrolled in Family Nurse Practitioner Program at University of California, Davis.

Class of 1968

Virginia Bozarth Waldron (Robert), 8803 Pensacola Place, Marlboro, MD 20570. I am currently attending a local branch of the University of Central Michigan and working toward a M.A. in Management and Supervision, complete my studies in June.

Elizabeth J. Masten Cahall (Arthur B. III), 120 West St., Harrington, DE 19952. We had our third child, a son, Andrew Brian, born May 17, 1979 — weighing 10 lbs Carol (8) and Kathy (4). My husband "Buck" is Mayor of Harrington for 2nd term. I have been under the weather, but should be "cured" soon.

Karen Barnum Kushto (Wilfred), 2032 Disston St., Phila., PA 19149. Graduated summa cum laude St. Joseph's Univ. — B.S. in Business Health Mgmt. and awarded (1) Michael Maher Medal for General Excellence and (2) Joseph Hickey Award for student who best exemplified the Jesuit philosophy of the total person.

Rosemary Anglim Dickson (Gary), 1539 S. Lee St., Lakewood, CO 80226. Presently working as an OB-GYN telephone screening nurse with the Kaiser Foundation Health Plan. This is essentially a physician extender role with schedule appointments triage patients, provide counseling, and treat minor problems under a physician's direction. Husband, Gary, in real estate. Son, Kirk, age 5.

Beth Korin Sherr (Mitchell), 4809 Live Oak Ct., Ft. Wayne, IN 46809. Moved to Fort Wayne in summer of 1979 and enjoy being a "Hoosier". Twin daughters, Eliza Rachel and Jennifer Gayla, were born Dec. 12, 1979, and our four year old daughter, Arrie, loves playing dolls with "real ones". Mitch is legal advisor for the Police Dept.

Shirley Dubis Poling (Jim), 237 Sacred Heart Lane, Reisterstown, MD 21136. Met the qualifications and passed examination — now a certified Operating Room Nurse (CNOR).

Halina Plekarska Warmbrod (Jim), Jackson TN 38301. Spent three weeks on the road last summer seeing the west, camped and hiked the Grand Canyon. Children had lots of fun. Stephanie is 9 now and on the gymnastics team. Monica is 7 and James is 4½. Both of them are also active in gymnastics. Jim is Chairman of the Board of our School and I stay busy with all the children's activities.

Sandra Payne Kenton (Edgar), "Shelton Blaine", 650 Cloverly Lane, Devon, PA 19333. Moved March 18th to "Shelton Blaine" — an old house with great potential. We are looking forward to all of the headaches. Adrienne is 9 years of age and Brian is 6.

Donna Buscher Libby (James), Limington, Maine 04040. We have had a busy year. Jim is now working for Century 21 — Kings Grant Realty, as well as teaching at Scarborough Junior High. I am working one night a week for the Community Health Services — long term care program. We now have three lovely children: Jimmy (8½), Mary (4), Kathryn (2½), and our latest addition — Kelly — a 2 year old Irish setter! If anyone gets up to "Vacationland", would love to hear from you. We are in the Portland book — listed as Limington, Maine. 207-637-2709.

Class of 1969

Irene Harris, 5018 A North Convent Lane, Phila., PA 19114. Staff Nurse Home Health Services of Greater Philadelphia.

Linda Lake Boyle (David T.), 14411 Allwood, San Antonio, TX 78233. We have been living in Texas since August '79 — it has been easy to give up the snow and ice! I really enjoy teaching — especially in the Flight Nurse Program. Although I do miss Philadelphia, I've never regretted joining the Air Force!

Marsha Ann Morrison Perry (Russ Perry, M.D.), 100 Esther Ave., New Smyrna Beach, FL 32069. Russ and I are enjoying living in Florida. We live on the intercoastal waterway about 10 miles south of Daytona Beach. Loads of sunshine — mostly radiating from our three sons: Rodney (6), Bradley (5), Brian (1). As for nursing — I kiss hurts and use superman bandaids!

Sharon Dudash Warycka (Mark), R-3B Lansing West, Ithaca, NY 14850. Married 5/15/76; presently on maternity leave from Cornell Univ. English Dept. Ph.D. Program. Husband newly promoted to Industrial Engineer for Borg-Warner Electronics. Son, Andrew, is now 11 months old — may well be the best baby ever born! Really sorry to see the diploma program being phased out nationally, but times change.

Linda Croasdale Eickhoff (Alan), 1190 Cambridge Rd., Warminster, PA 18974. In June 1979 I returned to Holy Redeemer Hospital, Meadowbrook, PA as an instructor in the Prepared Childbirth Program. This experience has proven to be one of growth and satisfaction for the entire family. We are also proud that my husband, Alan, an educator, was included in the 1979-80 Marquis Who's Who in the East for his accomplishments and dedication.

Kay Hitchens Jennings (Robert), RD #1, Box 285B, Milton, DE 19968. I am still at home being wife, mother and homemaker — doing some substituting as school nurse. We are expecting our 4th child in early May!

Anne Smith Hennessey (David H. Hennessey, M.D.), 321 N. Perry St., Titusville, PA 16354. We are very much enjoying small town life and I'm content with family and community activities (including Meals-On-Wheels, volunteer and 1980 Cancer drive work). David is now school physician for the Titusville School District. His pediatric practice is growing steadily and we are both learning to cope with the demands of solo practice. Lauren is now almost 9 years old and Paige is 7.

Kathleen Shanahan Huffman (Gerald), 110 Plymouth Place, Merchantville, NJ 08109. I am presently employed part-time in a very busy Pediatric Assoc. Our three daughters are growing up fast — ages 8, 7 and 4. My husband is presently pursuing his Master's in Engineering Management; and in a new job at Stone & Webster Engineering Division. We're spending lots of time remodeling our older home. Hi, to all my classmates.

Class of 1970

This is a voluntary non-profit member agency of the United Way. The Home Health Division is a Medicare-certified home health agency.

Kathleen Dooley Hyde (Jack), 833 Canal St., Turnersville, NJ 08012. Married. First child, Sarah Elizabeth, born Sept. 11, 1979. I work part time at Children's Hospital.

Gail Johnston Gallagher (Thomas N.), 4133 Buttercup Lane, Plymouth Meeting, PA 19462. Tom is very busy practicing law in Center City. The new house and my three children keep me very busy. Will start working part time in April.

Susan MacMillan Lloyd (Wayne), 1803 San Felipe Circle, Santa Fe, NM 87501.

Sandra Clark Hall (George), 4231 Valley Vista Court, Manchester, MD 21102. Our children are growing nicely. Sharon will be 5 in June and Bryan will be 2 next January. Sharon's chronic nephrosis seems to be well controlled. George was promoted to Corporal in the Maryland State Police last July. He now works in College Park which means 1½ hour drive to work each day. Hoping for a transfer nearer soon!

Lynn Roat Juel (John), 7754A Lucretia Mott Way, Elkins Park, PA 19117. John graduates from Drexel University in May. We will be moving to Spartansburg, South Carolina in early June. He is a Chemical Engineer and will be working for Milliken & Co. Since my notes from last year were not in the last issue of "The Bulletin", I will bring you up on the last couple of years. We have a beautiful little girl — 18 months old as of 2/23/80. Her name is Heather — who is our second child. We had a boy born March 1977, Sean, who died shortly after he was born. Needless to say, Heather is a real joy. I am working nights as a supervisor and will work part time when we move. Would love to hear from any of my classmates.

Helen (Sue Lin) Hom Hakowski (Stephen), 976 Keene Rd., Largo, FL 33541. Received B.S.N. from U.S.F. June 1979. Employed as instructor at St. Petersburg Junior College. Husband owns Pinch a Penny Pool and Patio Supplies.

Cynthia Stroup Beal (Earl Beal Jr.), R.D. #3, Lewiston, PA 17044. Rebecca will be two in May and keeps me very busy. I continue to work part time at Lewiston Hospital on Ob-Gyn and am also working with a mid-wife in our prenatal clinic which I really enjoy. My husband is still racing and training harness horses. I can't believe it has been 10 years since we graduated!

Linda Hook Garbrecht (Fred), 105 W. Cedar Ave., Oaklyn, NJ 08107. Second daughter, Sharon, born 8/10/79. Promoted to Ambulatory Surgery Coordinator developing short stay unit at Lourdes. Enjoying the change and also watching my babies grow.

Linda Fenning Johnson (Alan), 308 Richey Ave., Collingswood, NJ 08107. Our daughter, Rachel Anne, was born on April 6th. Our son, Christopher, will be 6 years old in May. I am slowly working towards my B.S.N.

Susan Burrell Sawula (Boris), 219 Sugartown Rd. (Apt. B 30), Wayne, PA 19087. I am working at Pennsylvania Hospital in the ICN where I have been for 2½ years. Boris and I were married on June 10, 1978. He is in his second year of residency in Ob-Gyn at Lankenau Hospital.

Betty Anne Berk Hedges (Paul), 9048 Convent Ave., Phila., PA 19136. Working toward my B.S.N. on part time basis at Community College of Phila. We are expecting our first baby in July.

Karen Mirecki, 27 Park Lane, Feasterville, PA 19047. I am planning to be married this June and hope to move from evening shift to day shift in medical/surgical area.

Andrea Rothman, 507 South St., Philadelphia, PA 19147. Working at TJUH Diploma School of Nursing as assistant instructor in Community Health-Emergency Room. Finished B.S.N. Dec. '79.

Karen Louise Richard Emerle (Robert), 505 Hancock Court, North Wales, PA 19454. On Feb. 14th at 5:53 A.M. I gave birth to our first child, a girl weighing 6 lbs. 2 oz. Her name is Kristina Lyn Emerle (Kristy for short).

Dori Lawson Conley (Larry), 1005 Spruce St., Phila., PA 19107. Larry graduates from Jefferson Medical College this June and will be interning at Bryn Mawr Hospital. I am I.V. Therapist at Pennsylvania Hospital. I recently published an article on patient teaching people with central venous hyperalimentation in the Am. J. of I.V. Therapy — to be printed in July/August issue.

Deborah Nyce Flanagan (Richard), 304 221 St. S.W., Bothell, WA 98011.

Meredith Ellen was born March 29, 1980. Now we have a boy and a girl. We bought a home in the Seattle area. Rich is working as a G.P. in the Naval Clinic. I plan to return to work part time in September.

Rae Matz Fierro (Maurice), 809 Willow Way, Somerdale, NJ 08083. After working 2½ years in E.N.T., I have started in the operating room — also at Jefferson. My husband just received a promotion as District Trainer in Ryder Systems, Inc.

Class of 1978

LuAnn Kopenhaver, 3 Wenark Drive, Apt. 4, Newark, DE 19711. I am currently (3/3/80) enrolled in my first year at the University of Delaware — open curriculum program — working toward my B.S.N. on a full time basis.

Lorraine McCullough, 42 Pembroke Drive, Haddonfield, NJ 08033. Attending college full time: goal B.S.N. Will work part time during the summer while attending school.

Joanne Marie Stock Petrelli (Eugene), 412 N. Alfred St. #7, Alexandria, VA 22314. My husband (Gene) was promoted to Captain (U.S.M.C.) last year and is now stationed at the Pentagon. I'm working in the I.M.C. at Alexandria Hospital and continuing school — hopefully full time in the fall. All I need now is Public Health toward my B.S.N.

Kathleen Tripple Holl (Robert), 148 - 21st St., Avalon, NJ 08202. Currently working in a Rehabilitation Hospital in South Jersey. I'm working on the spinal cord team which is interesting and challenging. My husband and I send greetings to TJU instructors, alumni and especially to the class of '78.

Linda Heinold, P.O. Box 64, Middletown, DE 19709. Working full time preparing to begin the summer session of nursing at Gwynedd Mercy College. I am engaged to be married on December 27, 1980 to Brian D. Muelenau.

I am now working the Coronary Care Unit at the University of Virginia Hospital and have just been promoted to a Head Nurse — A position. I have been working in the CCU since July 1979. Even though I love the South, there is a good possibility I'll be moving back to Delaware this September.

Jan Stasche Vanderveer (Harry), 1229-F Patrick Circle, Cary, NC 27511. We moved to NC as of August 1979 and I am working as a staff nurse in Pediatrics. I have gained a tremendous amount of experience in this field and have been exposed to the technical procedure in a Peds ICU. We plan to live in NC until at least Aug. 1981 at which time my husband graduates with a masters degree in Forest Soils.

Becky Speirs Harris (Hanlon), 1903 Delicious Way, Cherry Hill, NJ 08003. We have a baby boy — Hanlon Harris IV, born 2/28/80. I continue to work part time at West Jersey Eastern Division in Ob-Gyn.

John Hitchens, 200 Timber Trail Apt. 80, Bel Air, MD 21014. I graduate from Anesthesia School in August. Plans for the future involve: B.S. in Anesthesia and enjoying the rewards of five long years of school. Warmest regards to all!

Linda Parr, 421 S. Camac St., Phila., PA 19147. Primary Nurse at TJUH — 3 Central. Am looking into going back to school this year.

Leslie Wilkinson Stickley (William), Briarwood Apt. #910, Bensalem, PA 19020. Married Aug. 11, 1979. We are living in an apartment, hoping to buy a home this summer. After changing positions three times, I have finally found a rewarding position at Pinehill Rehab. Center in Northeast Phila., working with retarded children and adults. My husband is a manager for International House of Pancakes.

Sherry McNeal O'Brien (Thomas), 9910 Kingsbridge Dr., Fairfax, VA 22031. Hope all of my classmates are well and happy. My husband has been discharged from the Navy Officers' Corps for medical reasons. We have left the sunny south to settle in northern Virginia. I am a Certified Childbirth Educator and teach once a week. I am working in Ob-Gyn at Arlington Hospital and pursuing my B.S.N. part time at George Mason Univ. Tom works for a private consulting firm and is working on his M.B.S. Would love to hear from any of you in our area!

NOTICES

CLASS ADDRESS LISTS

Class address lists will be available from the Alumni Office Clerk-Typist at a charge of \$2.50 per list. Enclose a long self-addressed envelope.

ALUMNI BULLETIN

The Alumni Bulletin will be sent automatically to all association members; individuals who are not association members may obtain a copy of "The Bulletin" upon request at a cost of \$5.00 per copy. An order form will be mailed to non-member graduates in the Spring of 1980.

MAIDEN NAME — YEAR OF GRADUATION

Whenever you have occasion to write to your Alumni Association, please use your first name, maiden name, then married name, and the year you graduated.

EXAMPLE: Janice Smith Green — 1972

"Mrs. John Green" makes it very difficult for the association to locate your card in the files. You are urged to notify the Secretary of the Alumni Association of any corrections, marriages, deaths, or changes of address. Please help us keep errors at a minimum and our files accurate.

CAPS

Jefferson caps may be purchased from Student Profiles, Inc., 11 Jamestown Street, Philadelphia, PA 19127. The minimum order is for two caps at a cost of \$3.50 each, plus a one dollar postage and handling charge.

Identification and an order blank may be obtained by directing correspondence to the Director, School of Nursing, Thomas Jefferson University, 130 South Ninth Street, Eighth Floor, Philadelphia, PA 19107.

PINS

Jefferson pins may be purchased from J. E. Caldwell and Company, Chestnut and Juniper Streets, Philadelphia, PA 19107 (graduates prior to 1969) and from Neff Jewelers, 742 Sansom Street (graduates 1969 and after).

Identification may be obtained by directing correspondence to the Director, School of Nursing, Thomas Jefferson University, 130 South Ninth Street, Eighth Floor, Philadelphia, PA 19107.

THOMAS JEFFERSON UNIVERSITY SCHOOL OF NURSING

HELP US — HELP YOU

Want to help your Alumni Association save money?

We try to keep up to date, but with 3000 active members, it is really a big job.

The Postal Service returns every piece of Alumni mail that is not delivered; this costs us money, and the cost of returned mail may soon double.

Here Is How You Can Help Us — Help You!

Advise us if there has been any change whatsoever in the address we are currently using. Also send us the address of a classmate or friend who is not receiving mail from the Alumni Association.
