OFFICE OF RESEARCH ADMINISTRATION

RESEARCH PROJECT INITIATION

Date: December 20, 1972

Project Title: Fabrication of a Window Combustion Bomb for Experimental Purposes

Project No: E-16-628

Principal Investigator: Dr. W. C. Strahle

Sponsor: Thiokol Chemical Corporation - Huntsville Division

Agreement Period: From December 6, 1972 Until May 15, 1973

Type Agreement: Contract No. C-3383-72 (Fixed-Price)

Amount: \$3,360.00

Reports Required: Monthly Progress Reports

Sponsor Contact Person (s): Technical Matters  
Dr. D. A. Flanigan  
Thiokol Chemical Corporation  
Huntsville Division  
Huntsville, Ala. 35807

Contractual Matters  
Mr. R. L. Webster  
Chief, Purchasing & Subcontr

Chief, Purchasing and Subcontracting  
Thiokol Chemical Corp.  
Huntsville Division  
Huntsville, Alabama 35807

SUBJECT: Summary Progress Report - Contract No. C-3383-72

The window combustion bomb to be fabricated under the subject contract has been completed. It has furthermore been pressure checked to 4000 psia. A telephone conversation with Dr. D. A. Flanigan of Thiokol has indicated a desire to deliver the end item. Dr. Flanigan has determined that the bomb will be delivered on April 9, 1973 to a Thiokol representative who will be in Atlanta on that date.
