

Registration Requirements

Registration for the 2021 Virtual Student Research Conference is from February 15th-March 15th at noon.

Registration materials include:

- Presentation format
- Title of your presentation (100 character limit)
- Abstract (200 word limit)

Eligibility Requirements to Present

- Must be a matriculated student at the University of Vermont (undergraduate, postbac, graduate, and medical students are accepted). If you would like to present, but graduated in December, please contact the SRC Coordinator within the registration timeline.
- Must have a faculty mentor at the University of Vermont; if your mentor is from another university, please contact the SCR Coordinator before registering.
- **The 2021 SRC will be conducted virtually**; there will not be a "live" component to the conference, however, participants will engage with their audience via VoiceThread (where their presentations/posters will be posted online). We ask that participants actively engage by responding to audience comments/questions via VoiceThread from 4/15/21-4/18/21.
- Registration submissions are due by March 15th, 2021 at noon.

Special, Invited, & Competitive Sessions

- The registration form includes the option to be considered for special, invited, and competitive sessions. This is not a requirement but can add to the overall experience of participating in the conference.
- **Special Sessions:** These are sessions held by an organization, office, center, program, etc. that center around a specific topic or interest. Special sessions may also be presentation format specific. Abstracts relevant to the topic of interest are delivered to the session affiliate and are selected by them to be included in the session. Participants will be informed of their selection to participate. If selected, this opportunity can be considered an invitation to participate in a panel for your resume or CV.
- **Competitive Sessions:** These sessions are hosted by the Office of the Vice President for Research and participants are judged by faculty and staff. Selecting to participate in these sessions on your registration form does not guarantee participation within a competitive session.
