MCom 70, Visual Communication Assignment
“Coronavirus Chronicles”

The long-term assignment: Find something positive about how life has changed since the coronavirus pandemic began. Illustrate that story of **resilience** in a 2:30 video. Interviews cannot be more than 50% of the story. Use video and natural sound to **show**, not tell. The whole team should meet to decide on the topic and jobs.

Videos may be shown at the "**Pandemic Pandemonium Promenade**" conducted by the College of Humanities and Arts. The criteria for successful entries are **originality, creativity and depth of analysis**.

For this plan, complete a table listing each team member's responsibility with deadlines.
