Writing Prompt: How did Covid-19 make this year different than other school years for you. Describe in detail examples of your experience this year.

Covid-19 made this year different. We had to wear masks and get tests every Friday. We had to stay six feet apart. When we ate inside we had to have privacy shields on our desks. There was no playground to play on so we only had grassy fields. A lot of my friends left so there was only six girls. We couldn't go into school through the hallway so we went outside and

This year, Covid-19 made things harder. With Covid-19, we have to wear masks on our faces. With Covid-19, we have to spread out our arms far to the sides to make sure we stay six feet away from our classmates. With Covid-19, we must stay with our own grade only. With Covid-19, we always have to complete a list of questions to make sure we do not have Covid-19 every morning. With Covid-19, every week, we have to get tested for Covid-19 by having a long swab stuck in our nose. With Covid-19, we have to have school days at home many times.

different

Covid made this year different from

the other years because we could play tag and other fun games at recess and we didn't have pods.

We didn't have to be 6 feet or

wear masks. Now that covid is a thing

we can't do in person field trips.

We would do a raffle and there

would be a brbaq with full food.

We used to be able to go to the

flash mob all the duffy center.

because of covid can't whisper

HOW COVID-19 MADE THIS YEAR DIFFERENT  
WAS THAT I HAD TO WEAR A MASK,  
I HAD TO STAY SIX FEET  
I COULDN'T BREATHE WITH A  
MASK. IT WAS HARD TO SEE  
AND BREATHE WITH A MASK.  
I HAD TO WEAR A MASK  
TO WEAR MASCARA. I WAS LUCKY  
THAT WHEN I GOT COVID-19  
I DIDN'T GET NEARLY ANY.  
IT IS A HARD WORK LIFE WITH  
COVID-19 AND NOT  
IN PREFERENCE TO ALL THE PEOPLE WHO

How Covid-19 made this year different for me is that we had to wear masks and social distance. Another reason is that sometimes we had to go online. Some more reasons are that we have to eat outside. Gym was also different because we couldn't play as many games as last year. We also couldn't hear each other as well as we could without the masks. We also had to do things like presentations and book club meetings outside. One more reason is that we couldn't do a lot of specials like art and Spanish because we needed to pass some things.

Writing Prompt: How did Covid-19 make this year different than other school years for you. Describe in detail examples of your experience this year.

Covid 19 has made this year different

than other school years is because

now we can't really play sports at recess. For

example when we're playing soccer we're

very close and it's hard to social distance.

Also when we're eating we can't be close

to each other. For example im eating with

one of my friends and I can't hear them

they can't really come closer because then

it wouldn't be social distancing.

Covid-19 made this year different than other years because everyone is wearing a mask and is staying 6 feet apart. Covid made life different in a lot of ways. Wearing a mask can be hard to recognize people. With Covid-19 if you go somewhere you need to quarantine for 2 weeks. Covid did not make everything different we can still play games like normally do and learn.

Writing Prompt: How did Covid-19 make this year different than other school years for you. Describe in detail examples of your experience this year.

This Year was different because I had to stay home and learn there. I had to be at the right place at the right time. I had to have the right things each time a new class began. I couldn't see any of my friends that were at school. But I eventually got used to being virtual.
