Parallel with the increase in alumni giving to private colleges and universities, there is a growing interest and sense of responsibility on the part of the nation's leaders in business and industry. Throughout the country business and industry have steadily increased their contributions to the country's colleges and universities.

Reference has been made in previous issues of the *Alumni Journal* to the work being done by the Council for Financial Aid to Education (C.F.A.E.). In August of this year this group of educators and industrialists published a report comparing industrial aid to education in 1952 with the aid given in 1955. The survey shows an over all increase of 162% in the three year period. This rise represented a jump from \$8,176,455 to \$21,442,794.

It is also pointed out in the report that the giving is not only more ample in amount but more selective and discriminating. Of even greater importance to the colleges is the change in the nature of the contributions. In company preferences for specific purposes for which to give, "Unrestricted or general purposes" headed the list in both 1952 and 1955, but more important, the percentage earmarked for this purpose increased during this period. This would indicate the realization by industry of the importance of the need for unrestricted grants to the college and university administrators.

However, other studies made by CFAE have shown that companies generally prefer to make gifts for current operations rather than for endowment. Company preference, as shown in an article, *Voluntary Support*, was in the ratio of almost nine to one for current operations. Among the forty-nine companies which reported dollar totals during 1955, the amount that went to endowment was infinitesimal in relation to that designated for current operations.

The Council for Financial Aid to Education concludes its survey with the following observations: Manifestly, corporate aid to higher education is a *growth industry*. Companies gave during 1955 not only more money to higher education than they gave during 1952; they gave with broader understanding

of the problems involved, and with increasing sophistication. In place of the former requirement of a fairly direct *quid pro quo* there has grown a wider concept of what it is that constitutes a company's interest in helping—along with other constituents—to provide financial support for our colleges and universities. These institutions serve not only the companies themselves but the national interest as well. And companies find logically that what is in the national interest is also in their interest. As the General Electric Company has put it, after many years of active and thoughtful participation as a corporate citizen in many fields, especially higher education: "Our objectives are (1) new knowledge, through research and competent teaching, (2) an adequate supply of educated manpower, and (3) an economic, social and political climate in which companies like ourselves can survive and continue to progress."

The evidence of the CFAE's 1956 survey among eighty-one selected business concerns is that management is doing a good job. From the record of its growth in appreciation of higher education and of the ways in which it serves both business and the nation at large, it is evident that management from this time forward will continue to do the job even better.

Evening School Growing

The Evening School opened its fifth year on Monday, September 24, with 151 students, more than double last year's enrollment of 72. Of the present student body 116 are men and 35 are women. Veterans to the total of 80 are included in the Evening School census—79 men and 1 woman. The teaching staff this year numbers 16.

Twenty courses are being conducted. These include four that have not previously been available at night—College Algebra, Trigonometry and Analytical Geometry, Principles of Teaching and Learning, Elementary French, and Sociology. Nearly all of the courses currently being offered have large enrollments, and in two instances there were so many who wished to register

Dr. N. E. McClure receives the honorary degree of Doctor of Letters at the 69th commencement at Drexel Institute of Technology.

## President N. E. McClure Receives Honorary Degree

Dr. Norman E. McClure was cited "as an authority in the field of sixteenth-century English literature and as a distinguished spokesman for the liberal arts colleges", on June 16, 1956 when he received the honorary degree of Doctor of Letters at the 69th Commencement of Drexel Institute of Technology.

The citation included the following statement: "Dr. McClure is of Scottish ancestry, a fact attested by his name and by his one-time presidency of the St. Andrew's Society of Philadelphia. Throughout his career he seems to have marched instinctively to the distant pipes and drums of the Highlands, for he has exemplified in his scholarship, his teaching, and his college administration the highest educational standards and traditions of the universities of Scotland.

It is an apt illustration of the university in time and place of scholarship and learning that the college he leads perpetuates the name of a sixteenth-century scholar of the Universities of Wittenberg, Heidelberg, and Paris, Zacharias Ursinus, the author of the Heidelberg Catechism."

## Notes from The Dean's Office

As the welcome sounds of the new academic year rolled in, the last echoes of the Summer Session died out. The number of students enrolled in the summer school in 1956 was very close to that of last year and by all other means of measurement the session was considered to be a success. Eighty men and twenty-two women attended.

During the Summer we spent considerable effort in carrying out a study of the performance of our graduates of recent years who have continued their education. Our purpose was to determine the quality of their work in graduate school in the hope that it would bear some relationship to the quality of the preparation they had received at Ursinus, and we might conclude something about the degree of our success.

We were confident that the outcome would be such that we could report with pride, but the percentage of high grades exceeded our most extravagant hopes.

In the classes of 1954 and 1955, composed of a total of 282 graduates, the following continued their formal education:

39 entered Medical Schools

- 18 (a) entered specialized schools, physiotherapy, occupational therapy, medical technology, etc.
- (b) entered graduate schools to earn credits for teacher certificates in specialized fields.
- 15 were admitted to graduate schools of arts and sciences as candidates for advanced degrees.
- 13 were admitted to theological seminaries or divinity schools.
- 4 entered dental schools (several non graduates were also admitted).
- 2 entered law school.
- 1 was admitted to a school of veterinary medicine.
- 92 or 32.6% of the graduates.

Transcripts were obtained of the work of all members of the classes of 1954 and 1955 who had attended other institutions after leaving Ursinus. Exclusive of the graduates who had entered training in the healing arts, nearly six hundred courses have been taken by the graduates under study. The distribution of grades earned in graduate school follows:

	A	B	C	D	F	P*
No.	294	214	37	7	0	17
%	51.7	37.8	6.5	1.2	0.0	3.0

\*No grade assigned—passed.

The faculty sends its warm congratulations to the members of the classes of 1954 and 1955 who have converted hours of hard work into gratifying statistics.

## Messiah Presentation

The nineteenth annual presentation of Handel's *Messiah* by the college music department will take place on Thursday evening, December 6, at 8:15 o'clock in Bomberger Chapel.

Tickets at \$2.00 may be obtained now by writing to the music department. Make all checks payable to the Music Club of Ursinus College. Last year all available tickets were sold ten days before the concert. So to avoid disappointment, order your tickets now.

Alumni who plan to return to sing in the chorus should notify Dr. Philip before November 22 to be assured of a seat in the chorus.

## Dr. Alfred L. Creager Founders' Day Speaker

"One of the finest things about our campus is a concern for the whole person," Dr. Alfred L. Creager, college chaplain and minister of Trinity Evangelical and Reformed Church, declared during his Founders Day Address. "This makes a significant difference in how one teaches, how he deals with his students, the integrity he shows toward facts, the fearless courage he exercises in the pursuit of truth, goodness, beauty and holiness. Because Ursinus has this kind of faculty the classroom does not need self-conscious homilies to make it Christian. It is an old story that freedom, courage, kindness, self-discipline, reverence and the whole of a good life are 'caught' rather than consciously taught . . . Holiness is part of the wisdom we covet for Ursinus students." The theme of the address was "Our High Calling" and centered upon the long and fruitful relationship that has existed between Ursinus College and the Evangelical and Reformed Church. "The world is full of misery," Dr. Creager stated, "because people are at each other's throats, because they cannot live as neighbors, because immorality and gross behavior breed distress, because of bigotry, prejudice, callous indifference to human need . . . Every one of these things must be creatively dealt with here on campus, not only 'out there', so that we can honorably bear the name of a Christian college."

Those who received honorary degrees of doctor of laws were Malcolm Alderfer Schweiker, president of the American Encaustic Tiling Company of Lansdale, and William D. Reimert, '24, of Muncie, Pa.

Doctor of divinity honorary degrees were awarded to the Rev. Oliver W. Nace, of Selinsgrove, '27, and the Rev. R. Norris Wilson, executive director of the Department of Church World Service of the National Council of the Churches of Christ in the United States.

Dean of the College, William S. Pettit presented five candidates for the degree of Bachelor of Arts: Ruth Wilck Beekhuis, Morgan Benjamin Beemer, Charles David Hudnut, Frank Horn Kehler, and William Freed Tull. Miss Eleanor Anna Rapp received the degree of Bachelor of Science.

Bomberger Chapel was filled with students and friends of the recipients of degrees.

PROFESSOR MARTIN W. WITMER

## Professor Witmer Dies

Dr. Martin Weaver Witmer, emeritus professor of English in the College, died on Monday evening, October 8, at his home in Trappe. He was 79 years of age.

A native of Lancaster county, Dr. Witmer was graduated from Franklin and Marshall College in 1904. After teaching in the Union Seminary at New Berlin and Franklin and Marshall Academy, he came to Ursinus as instructor in English in 1920, rising to the rank of professor in 1928. Upon his retirement in 1947 he was made professor emeritus. In 1952 Franklin and Marshall College conferred on him the degree of Doctor of Pedagogy.

Many alumni will remember with gratitude Dr. Witmer's sound and thorough instruction in the arts of grammar and rhetoric. He was an enthusiastic coach of debating, and during his earlier years at Ursinus sponsored and directed the Ursinus College Interscholastic Debating League.

Dr. Witmer's concern for education extended beyond his personal duties as a teacher. He served as a member and officer of the Trappe School Board and of the merged Collegeville-Trappe Board which erected the present Collegeville-Trappe High School.

A devoted churchman, Dr. Witmer was for many years an elder of Trinity Evangelical and Reformed Church, Collegeville. In the larger interests of the denomination he was the founding editor of the Philadelphia Synod News. He was treasurer of the Board of Christian Education and Publication of the Evangelical and Reformed Church.

He is survived by his wife, Laura (Aurand) Witmer, his daughters, Dorothy '37 (Mrs. Charles B. Kinney, Jr.) and Charlotte '42, and five grandchildren.

## New Faculty Salary Scale Effective

The Board of Directors of Ursinus College on November 22, 1955 adopted a new salary scale for full-time members of the Faculty which was put into effect on September 1, 1956.

Each full-time member of the Faculty has received an increase of \$600 above the present salary and \$200 annual increments will follow until the maximum for each rank is reached. The exception to this pattern has been made in the cases of four members of the Faculty who are senior in years of service and who are nearest the retirement age. These members will receive an increase of \$800 above present salary for the twelve months beginning September 1st. The new salary scale is graduated as follows: Instructors will receive up to \$3800; Assistant Professors, \$4000 to \$4600; Associate Professors, \$4800 to \$5400; Professors \$5600 to \$6000; and Senior Professors, \$6200 to \$6400.

## Notes From the Office of The Dean of Women

Among the preceptresses who are serving this year on the administrative staff of the college is Pauline Davis Pearson, '20, widow of the late Lawrence H. Pearson. Before entering Ursinus College as a student, Mrs. Pearson attended the Phoenixville High School. In college she majored in mathematics. After graduation, for a period of eight years, she taught mathematics in Clayton, N. J., Haddonfield, N. J., and the Hawaiian Islands, and in the Lower Merion Jr. High School at Ardmore, Pa. In 1928 she married Mr. Pearson, a Thiel College graduate and World War I aviator. She has one son, who is working at the Nuclear Power Plant of Combustion Engineering, Inc. at Windsor, Conn. Mrs. Pearson is happy to be on the campus again and appreciates the many kindnesses that have been shown to her by the students and by her colleagues on campus.

**NOTICE TO ALUMNI**—No one but the officials of Ursinus College, Dr. Staiger, Alumni Executive Secretary, and the Ursinus Woman's Club is authorized to solicit or receive gifts for the College. Alumni should send their gifts to the Alumni Secretary.

## The Faculty Corner

By DR. ALLAN L. RICE  
Professor of German and Swedish

The Ursinus Brain Trusters have been puttering around as usual since last we told on them, and have raised a due amount of dust, which has settled sufficiently at the present writing to let us report on some of their more printable exploits.

Keen Dean Pettit and Mean Dean Pancoast attended the Pennsylvania Deans' Conference at Carlisle on October 7 and 8, and while no blow-by-blow report is as yet available as we go to press, we have it on good authority that these two worthies ably held up Ursinus's end.

Incidentally, did you know that Dean Pancoast is due to score an additional

MR. RAYMOND L. RAFETTO, JR.

point later in the month, too late for details here, when he goes to Pensacola (lucky lad) as a guest of the U.S. Naval Air Station at Willow Grove, Pa. The Affair, scheduled for 23 to 25 October, is planned to acquaint civilians with the Navy training program. A group of 25 observers from this area are going, and an old salt like our Sieb should be just the man for it.

The Faculty has lost two popular members since our last edition, and has welcomed two new ones. Dr. Lynn Hutchison (Biology) moved on to a new post at Connecticut State Teachers College near New Haven and Mr. James Herbsleb (Economics) is now head of the Economics Department at Monmouth College in Illinois. We will miss them and wish them well in their new lives, and at the same time are happy to welcome Mr. Robert C. Stein (Biology) and Mr. Raymond L. Rafetto (Economics), their replacements. Mr. Robert Stein joined the staff of the Biology Department as Assistant Professor. Mr. Stein is a graduate of St. Olaf

College and did his post graduate work at Cornell University under various fellowship grants. He holds an M.S. Degree and expects to complete his Ph.D. requirements this fall. He is a member of Phi Beta Kappa, Phi Kappa Phi, Sigma Xi and other honorary groups. Mr. Stein is married and has no children.

Mr. Rafetto is the new member of the Economics Department. He is a graduate of Temple University where he majored in Industrial Management in the School of Business and Public Administration. He has also completed work in the Graduate School of the University of Pennsylvania toward the Master of Arts degree in the field of labor and industrial relations, and work at Drexel Institute in accounting and business administration. Mr. Rafetto has had industrial experience as personnel director for the Yarnell-Waring Co. of Philadelphia and personnel director and manager for the Ludwig Honold Mfg. Co. of Folcroft, Penna. He has served in the U.S. Navy with the Rank of Lt. (jg) as a senior pilot and educational officer.

Mr. Rafetto is married and lives in Oreland, Penna.

Dr. Robert Ogren (Biology) is at it again, having attended the American Institute of Biological Science meetings at the University of Connecticut, in Storrs, Ct., this summer. They were unable to restrain him there, and he up and read a paper on "Embryonic Development of the Oncospheres of *Oochoristica symmetrica* before the American Society of Parasitologists.

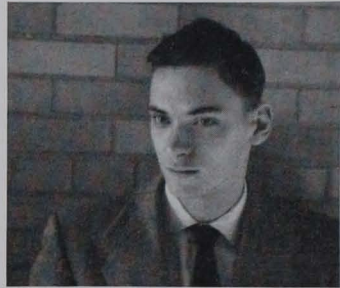

In fact, this gentleman seems to be turning into a confirmed parasite, for lo and behold, the other evening while skimming through the Journal of Parasitology looking for the funnies we stumbled on a racy bit on "Development and Morphology of the Oncosphere of *Mesocistoides corti*, a mammalian tapeworm." That had a familiar ring, for of course, as everyone knows, turn over a tapeworm and sure as shootin' there's Dr. Ogren's name stamped on the bottom. You oncosphere-lovers among our readers should keep an eye on friend Ogren. This particular article was a real corker, and presented certain concepts of development not previously recognized. It was one of the most extensive recent papers we've seen in its field, and we are proud that our Dr. Ogren has put Ursinus so prominently on the tapeworm map.

Our faculty wanderlusters have by now all been safely corralled back from distant climes. The record for distant

climbs was achieved by Prof. Wilcox (Romance Languages) who hoisted his family halfway up the Matterhorn in a two-pint Renault.

One projected tour we missed last time is by now history—your own editor, Dr. Roger Staiger (Chemistry) scampered off to Bermuda in September on the *Rijndam* with his family and got home safe and sound.

Speaking of 'Rog', he is the man who has been smelling up the place for fair with some special chemical projects as consultant for the Maumee Chemical Co. of Toledo, Ohio. It is amazing to think that people would come this far hunting for anybody smelly enough to gratify this masochistic craving. Rog is developing new methods of producing synthetic flavors and aromatic compounds. We on campus are learning to duck behind shrubbery at sight of this handsome young man approaching with

MR. ROBERT C. STEIN

a seeking eye and a fuming test-tube. He caught us one day and shoving our sniffer into his latest product asked, "What does that smell like?"

"Toothpaste", we managed to splutter.

He sounded disgusted as he corrected us. "Strawberry."

If you run across any jam at the supermarket labeled "Strawberry-Toothpaste", let your heart swell with pride for your own alma mater. The above should explain away rumors that Rog has started using cheap perfume. He isn't using it; he's mishearing it. He's real odoriferous.

To get back to earth from all this science-fiction stuff, Dr. Maurice Armstrong (History, as if anybody needed a reminder!) published an article on the "English, Scottish and Irish Presbyterians 1689-1717" in the *Presbyterian Historical Journal* for Spring, 1956.

During the summer Dr. Armstrong supplied the pulpit (Presbyterian for

## **Dormitory Construction Proceeding Rapidly**

The Ursinus Campus has a changing skyline with each successive day as construction progresses on the new Women's Dormitories. Alumni visitors at Old Timers' Day were amazed and pleased with the progress that is being made. The stone work is nearly completed on the east and west wings and is beautifully executed. The size of this new structure is the most impressive feature at this stage of its development. For those alumni who haven't seen this project, they are invited to stop by the campus and do some side walk superintending.

Mr. Samuel C. Bond, Jr., the architect, and Dr. Charles Lachman, chairman of the Building Committee, report that the construction of the three new dormitories for women is proceeding according to schedule. Barring unforeseen delays, the dormitories will be ready for use in September, 1957. The contractors for the erection of these buildings are Irwin and Leighton Inc. of Philadelphia, Penna.

The *Alumni Journal* for November, 1955, included the floor plans and the architect's drawing of the front elevation. The group of dormitories consists of three buildings that form three sides of a quadrangle, the open side of the quadrangle facing the drive from Main Street past the east side of the Library. The north—and largest—dormitory is Paisley Hall, named in honor of Dr. Harry E. Paisley, who is now serving his fiftieth year as a member of the Board

of Directors of Ursinus College and his forty-seventh year as president of the Board. The east dormitory is Stauffer Hall, named in honor of the Reverend George A. Stauffer, Class of 1894, and his wife, Laura M. Stauffer, whose gifts to the College have made possible the erection of this building. The west dormitory is Beardwood Hall, named in memory of Hannah Beardwood and her brother, Matthew Beardwood, M.D., Sc.D., who was Professor of Chemistry at Ursinus College from 1903 to 1940, and who bequeathed a large part of his estate to the College for a dormitory for women.

The three dormitories will house 250 students. As President McClure explained in his report to the Board of Directors, November 22, 1955, the new dormitories will enable the College to increase the number of resident students from the present total of 560 to the

## **Ursinus Forum**

The first meeting of the Ursinus Forum, Wednesday, October 10, featured an election debate between Congressman Samuel K. McConnell, who has represented Montgomery County in the United States Congress since 1944, and his Democratic opponent, Mr. Alfred M. Klein. Co-sponsors of the program were the Montgomery County Citizens for Eisenhower and the Montgomery County Democratic Committee. Mr. H. Ober Hess '33, chairman of the former organization, introduced the Republican candidate and Mr. Daniel T. Costello, Democratic county chairman, presented his contestant. Prof. Eugene H. Miller '33, chairman of the Forum Committee, presided over the question and discussion period. Students from neighboring colleges and townspeople joined the Ursinus family in a lively political rally.

Congressman McConnell is the senior Republican member of the important House Education and Labor Committee. This past summer he attended the meeting of the International Labor Organization in Geneva. Presently Mr. McConnell is deeply involved in the current campaign as Chairman of the Republican Campaign Committee for Pennsylvania and of the Montgomery County Republican Committee. He is an honorary alumnus of Ursinus, having been awarded the degree of Doctor of Laws in 1950.

Mr. Klein has been a practicing lawyer since 1926. His special assignments have included terms as associate counsel of the Kefauver Crime Committee in 1950 and 1951, Special Assistant City Solicitor for Philadelphia in 1953 and consultant counsel to the special United States Senate Committee to investigate juvenile delinquency. Presently Mr. Klein is a member of the Pennsylvania State Athletic Commission and is chairman of the National Boxing Association's Special Investigating Committee.

new total of 760. During the years from 1957 to 1960 the College plans to admit one hundred men and one hundred women above the present total, and to the teaching staff the additional teachers that will be needed.

Most of the houses that the women now occupy will be retained. Some of these houses will be used as dormitories for women; other houses will be converted into dormitories for men.

# ALUMNI ACTIVITIES

## Old Timer's Day Successful

"Among the finest of OLD TIMERS' DAYS: weather-wise, number-wise, and other-wise" was the feeling of many Ursinus grads who returned to the college on Oct. 20th.

Our red, old gold, and black coupled with nature's multi-colored robe gave us an extravaganza of color. And supplementing the naturally decorated campus were the dioramas which the creative Ursinus co-ed's erected in front of their respective dorms. According to these slogans, Swarthmore was SUNK, SWATTED, SUBMERGED, SUFFOCATED, SUBDUED, SCALDED AND SIZZLED. But the girls' bark was bigger than the boys' bite, for the grizzlies did everything to Swarthmore except BEAT her!

Duryea was the winner of the "best decorated dorm" trophy. With her "SCALD SWARTHMORE" theme she broke Glenwood's three-year winning streak. Taking their ideas from the witch's scene in MACBETH, with a washing machine disguised as the cauldron, and its center pole extended to depict a large stirring stick, which (while moving violently and continuously) was held by a large papier-maché witch, the realistic effect stopped traffic on Main St. for most of the day. Behind this elaborate stage setting was a loud-speaker, deafeningly and sonorously parodying Shakespeare's "Double, double toil and trouble."

Glenwood had an under-water "SEANER" with a seven-foot whale spouting water on life-sized dummies held by the tentacles of a huge octopus. A treasure chest lay near a sunken ship, the S.S. Swarthmore.

In third place, Maples announced that Swarthmore had "Gone to Pot". On their roof was a huge black kettle in which Swarthmore dummies were being boiled.

With the weather mild enough to leave top-coats in the car, the day's activities began at 9:30 with the Ursinus Alumnae hockey team scoring a 4 to 2 win over the Philadelphia Cricket Club.

Among those who played for the Alumnae were: Phyl Stadler '56; Erma Keyes '46; Marge Johnston Watson

'52; Adele Boyd '52; Elizabeth Mason '55; Jen Price Shillingford '53; Connie Warren Poley '49; Ginny Dulin '47; Betty Keyser Staurowsky '51; Joanne Kuhn '54 and Ruth Heller Alcott '56.

After the sorority luncheons, the campus became alive with small groups of Alumni in which such statements could be heard as the pleasant "You haven't changed a bit"; the knife-like "Golly! I hardly recognized you"; and the blushing "Ahhh—uuhhh let's see, Jim Gordon's the name, isn't it?" (It wasn't.)

The traditional soccer game was held, with the varsity booters clawing their way to a 4-0 victory over the aging alumni. According to Dr. Baker, among the former flashes who are now fading were dashing Dick Fink '48; Holy Jim Bright '54; former All-American Larry Zartman '56; acting captain "Dr." Joe Harrison '41; med student Ed Dawkins '55; Wayne Engle (last year's most valuable player); twinkletoes Floyd Fellows '54; Charlie Tricebock '56; Ken Fordham '49; John Powell '51; Al Sayre '55; Gerry Cox '55; Phil How '56; and Bob Lange '54.

The football game was one of those sadder sights that ought never to have been. Statistically speaking, we won, having 16 first downs to their 12; gaining 221 yards to their 211; and completing 9 out of 18 passes compared to their 3 for 9. The score: Swarthmore 48; Ursinus 13. If you can figure out this conundrum, please let us hear from you.

Not only were the stands filled to overflowing, but the area near the gym was the scene of countless small clusters of old friends renewing friendships long since formed. The free refreshments served in the gym after the game provided more time and further opportunity to reminisce. (It was even reported that some one managed to slide in edge-wise a personal testimony that sounded something like "I like Ike"). To extend the conversation even further, several fraternities invited their members to informal parties at near-by "Fernandos' Hideaways".

The varsity club dance climaxed the

day with a sweet-sounding band which played to an over-flowing and appreciative audience. There Deanne Farese '58 was crowned the "football queen" (the parade of campus beauties having taken place during the half-time of the afternoon game).

## York Alumni Hold Summer Meeting

On Sunday, September 9, 1956, the York County Alumni Association gathered for a picnic at the S. S. Lewis State Park, overlooking the Susquehanna River in York County. This event brought forth fifty Ursinus Alumni and their families, and included eighteen potential Ursinus students of the future. Eight of these show promise of being football material for the years between 1964 and 1974.

Enjoyed, in addition to the usual good picnic fare, was the bracing temperature of 60-odd degrees, accompanied by a stiff breeze from the Susquehanna, and the tantalizing odor of wood smoke. The occasion provided an opportunity for renewing acquaintances, and paved the way for an active year among the Association members.

A guest receiving warm greetings from all was Dr. Elizabeth B. White, formerly head of the history department and Dean of Women at the College.

The event was arranged through the leadership of Miriam Fissel Newbould '31, President of the local Association.

"Did you notice how much older everybody else is getting, dear?"

# Ursinus Alumni More Loyal Than Ever in 1956 L. F. Campaign

## Effectiveness of the 1956 Loyalty Fund Campaign Rises From 41% to 42%

### 1956 Loyalty Fund Report

The 1956 report covers the third year the Alumni Association has conducted the Annual Loyalty Fund Campaign. The Loyalty Fund Committee is proud to publish the fact that more Ursinus Alumni made a contribution to their College during this past year than ever before. This is a record which can be envied by most co-educational private colleges.

In the 1955 campaign, 1,580 graduates from the 3,854 alumni solicited made contributions to their College. In the 1956 campaign which closed this past June, 1,621 alumni made contributions from the 3,830 alumni solicited. This shows an increase in the percentage effectiveness of the campaign from 41.0% to 41.9%. This small but steady increase in the number of alumni is very encouraging to the graduates helping their college through their work on the Alumni Loyalty Fund Committee.

Dollarwise, this year does not match last year's total, because of the lack of exceptionally large benefactions, such as were received last year. A great portion of last year's total came from the Rev. George A. Stauffer, class of 1894.

This year the Committee's commendation goes to the following class chairman for exceptional achievement: Amos J. Heinly, who has maintained his 100% record for the third consecutive year for the class of 1911; Max Zeske, chairman of the class of 1941, for having the largest increase in the number of contributors for any class, going from fifteen contributors in 1955 to forty-four contributors in 1956, a 193% increase; and again to Bob Hartman, of the class of 1954, for having the greatest number of contributors, a total of one hundred and two.

The College and the Committee are also proud and pleased with the Century Club, consisting of those Alumni who have contributed \$100.00 or more to their College. This group with the stars beside their names has increased in number from thirty last year to forty-four this year, an increase of 47%. This year the average gift per alumnus is \$15.77.

A sincere thank you goes to each alumnus whose name appears in this report and whose contribution has helped to make Ursinus an outstanding private liberal arts college. It is hoped each will continue to serve in future years.

### It is, After All, The Alma That Maters

Dear Alumni Secretary: I was pleased, although not very,

To receive your full report about our team;

I am happy "we look great" and will "simply murder State"

And I'm gratified to learn that Czerniowski's lost some weight

And that "Coach" is seen quite frequently to beam.

Oh, I surely got a laugh from your second paragraph

(Where you talked about how Prexy lost his wig)

But I thought it somewhat sneaky, even just a little cheeky

That you'd pick this time to mention that the library is leaky

And beseech me to respond with "something big."

My reaction all this week has been to "let the darn thing leak,"

But I guess I'm just too loyal to be thrifty;

So I reasoned what the heck, and am forwarding my check

With no strings attached, of course, except that in the game with Tech

Please arrange it so I'm on or near the fifty.

### Old Timers' Day Committee

The Alumni Association Officers give a vote of thanks to this year's Old Timers' Day Committee for all their efforts and work to make the Reception in the Gym the success that it was.

Mrs. Richard Wentzel (Blanch Shirey '43) as chairman, with her husband Dick '49; Mr. and Mrs. Alfred Taxis '36; Mrs. Thomas Glassmoyer '40; Mrs. Ray K. Drum '56; Patricia Garrow '54; Virginia Tovey '46; and George Saurman '50 turned the new Gymnasium into a pleasant Reception Hall complete with tables, chairs and flowers.

C. Gordon Astheimer again deserves recognition for his generosity in supplying all of the hot chocolate from the Levegood Dairies.

### Women's Club Project

The Ursinus Women's Club has undertaken the project of helping to raise funds to furnish the new dormitories. As a fund raising means they have had made some very attractive ceramic ash trays or pin dishes with sketches of Freeland Hall and the Eger Gateway. These dishes are four and one-half inches in diameter, are white with a gold edge and have the drawing in black in the center. The picture on the back cover of the journal is a reproduction of that used on one of the dishes.

The drawings were made for the Women's Club by Mrs. Margaret Umstead, formerly of Collegeville. The price of a dish is \$1.00. They may be obtained through the Ursinus Women's Club.

## Faculty Corner

(Continued from page 5)

pinch-hit) at Llanerch Presbyterian Church, where Rev. Eli Wismer (Ursinus '41) formerly preached. The pulpit was left vacant when Mr. Wismer was appointed Assistant Secretary of Christian Education for the Presbyterian Church, U.S.A.

As if that weren't enough, Dr. Armstrong is also Chairman of the Social Sciences Staff of the Experimental Program in Teacher Education being conducted by Temple, Ursinus, Lebanon Valley, Muhlenberg, Albright, F. and M. and other colleges.

Dr. Paul Wagner (Biology) enjoyed (He was a stipend winner!) participating in the first annual Summer Institute for Teachers of Botany in Small Colleges, sponsored by the National Science Foundation and held this year at Cornell from July 2 to August 11. It was a sort of refresher course enabling small-college and high-school faculty members to catch up on new developments in the field.

Our popular chaplain, Dr. Alfred Creager, was reelected at the General Synod of the E. and R. Church to the Commission on Higher Education for an additional term of six years. Proud we are to learn that he was also elected to the Philadelphia Synod Committee on Church and Ministry.

He was also the Founders Day speaker at Ursinus on October 21.

Stop-press news—our erstwhile fellow faculty member, George Elser (Spanish) was married on June 29 in Mexico City to Christina Martinez of that city and is now busy teaching her to speak "Gringo". They will live at 6119 Harcourt Ave., Los Angeles 43.

Editors Note: Author Allan L. Rice alias "Eric Lanal" the veteran Ameri-

can railroad model fan, has completed translating into "Gringo" the *Liliput HO Electrobahn*, the Model Railroad Catalogue of the Liliput scale-model trains of Vienna, Austria, and *Gleisanlagen* (track layouts) which is a ninety-four page book for the Fleischmann Brothers, Manufacturers of toys and metal products of Nurnberg, Western Germany. To the elite who appreciate the finer things in scale model railroading "Eric Lanal" is an internationally famous character.

## Notes From

### The Office of Admissions

The academic year of 1956-57 is now under way with a total of 722 students. 151 Evening School students bring this to a grand total of 873 students of all categories now studying at Ursinus College.

Classes started on Wednesday, September 26th. 207 Freshmen and 26 other new students entered the College. From the appearance and spirited response of the new students, 1956-57 promises to be an outstanding year. From the high school records and entrance credentials, the Class of 1960 promises to be an outstanding class as well.

### Evening School Growing

(Continued from page 2)

that classes had to be closed.

As in previous years, classes are held in Pfahler Hall on Monday, Tuesday, and Thursday evenings. As a result the science building on each of these evenings is a place of considerable activity, every classroom on the first floor and in the basement being regularly occupied.

Following the resignation of Associate Professor of Economics James Herbsleb, Dr. Donald L. Helfferich consented

### Superior Tube Company Awards Scholarship

George Armstrong Jr., of Green Lane Road, Sanatoga, Pa., has received the scholarship awarded annually by Superior Tube Company, of Colledgeville, Pa., to a child of one of its employees. Armstrong is now a resident student at Ursinus majoring in chemistry. He has been awarded \$600 per year for each of four college years.

Superior Tube Company established the scholarship in 1954.

## Alumnae Hockey

The Ursinus Alumnae hockey team has won one and lost three in their current campaign. New to the squad this year is Phyl Stadler '56, right inner from Rumson, N. J. Returning to the squad are forwards; Adele Boyd '52 left inner, Erma Keyes '47 center forward, and Reb Mason '55 right wing. In the absence of a full compliment of line players, Winnie Leute ex 49 a fullback, has been playing at left wing, but hopes to resume her backfield duties with the return of Blanche Schultz '41 to the lineup. In the backfield are: Marge Watson '52 left halfback, Ruth Aucott '56 All American center halfback who recently toured with the United States team in Australia, Betty Straurowsky '51 right halfback, Ginny Dulin '47 right fullback, Joanne Kuhn '55 and Captain Connie Poley '49 fullback. All American goalkeeper Jen Shillingford '54 is again in the cage. Managed by Teddy Knopf '44 and coached by Eleanor Snell, the team is hoping to turn in a better than even record.

Three other Ursinus players are playing club hockey elsewhere. Jean Leety '52 is playing goal for the Great Lakes area.

Versatile Bunny Vosters '40 is backing up the line at center half for the Merion Cricket Club while Joanne Duncan '50 is lending her talents to the Royals Club.

## Varsity Hockey

Ursinus hockeyists, mourning the loss of their old hockey grounds despite their pride and satisfaction in the erection of the new dormitories, will continue to field three teams in a regular intercollegiate schedule. They will be handicapped by lessened practice time but they will give a good account of themselves.

An experienced and potentially strong varsity raises the curtain on its 1956 season on October 10th when it meets the Gettysburg College eleven on the Effie Brant Evans Field. It bows out against the University of Pennsylvania on November 16th when it plays away from home.

The 1955 hockey team suffered one loss and tied one game.

## The Ursinus Boosters

The Ursinus Boosters have been established as a permanent committee of the Alumni Association. George Saurman presented to the Executive Committee of the Alumni Association, a program by which alumni and friends of Ursinus can help support the Athletic Programs of the College through the activities of the Booster Committee. The Program consists at the present of the sale of season athletic tickets, entitling the purchaser to admission to all football and basketball events on campus for which there is an admission charge. The purchaser of a season ticket is also sent athletic schedules and is notified of the fall football banquet given to honor the team and the Varsity Club dinner in the spring.

The five dollar price for Booster membership allots four dollars to the Athletic Department and one dollar is reserved by the Booster Committee for mailing expenses. A special decal is also given to a member to display to indicate he is an Ursinus Booster.

Present members of the Booster Committee are: Chairman, George E. Saurman, Ray Gurzynski, Rev. Louis Mitchell, Harry Spangler, Bob Ziegler and Paul Neborak.

## 1956 Soccer Prospects

It is too early in the season to tell what kind of a soccer team will finally shape up at Ursinus, but not in several years have so many promising players appeared from the entering class,—a goalkeeper, two halfbacks, and two forwards, all with considerable ability.

Last year's fullbacks, Kinlock and Schmoyer, have returned together with veteran right half, Bill Rheiner, All-American Dave Burger (co-captain with Rheiner) is back in the goal, but may be playing halfback or forward as the season progresses. The gap left by the graduation of Wayne Engle, reliable centerhalf, is the most difficult to fill.

In a recent practice match with Hill School, five goals were scored by the Ursinus forwards. The line is fast and aggressive yet with more ball-control than usual. So all in all it looks like a good year coming up.

Haddonfield, N. J.

Guy A. Koons, teacher of history in the Steelton, Pa. High School and faculty manager of athletics, with Mrs. Koons, has just completed a rather unique hobby started a number of years ago. Together they have taken a number of trips to the graves of presidents of the United States. They have seen a lot of country and learned much history. Many of the memorials were designed by the man himself and are quite representative of the man. They have visited thirty graves in all—the last three during the past summer. They took pictures of most of them but some could not be taken.

Robert Barroll was ordained into the ministry of the Evangelical and Reformed Church in Palmerton, after his graduation from the Lancaster Theological Seminary. Rev. Barroll, who is blind, was installed as pastor of Woodcock Valley charge of the E. and R. Central Pennsylvania Synod.

Robert Juppe accompanied some journalists to London. They flew on BOAC's first flight from Detroit to London.

James T. Barbash received his Ph.D. from Temple University in June 1956, for work in the field of psychology. His thesis was written on *An Investigation of the Predictability of Prison Adjustment*. The work deals with a six year study, involving a population of over 5000 penitentiary inmates and a sample population of 250 subjects, in an effort (1) to evaluate the efficiency of predictions concerning prison adjustment that had been made and (2) to attempt to establish which of ten psychological factors

used for prediction to be the most valid and unique.

Subject to the limitations of this study, it appears that clinically determined psychological factors can be used effectively in predicting prison adjustment.

Jim has been Director of Treatment at the State Penitentiary, Graterford, Pa., since 1954. He is responsible directly to the warden for the coordination of the prison's rehabilitative services including psychological, medical, social, educational, religious, occupational and psychological therapy.

He is an instructor in the Art of Living Courses at the Philadelphia YMCA and a Consultant at the Devereaux Schools, Devon, Pa.

Thyrone R. Meeker has had published in the "Journal of the American Chemical Society" 78 1796 (1956) the results of his experimentation for his doctoral thesis at the University of Delaware. The paper entitled, "A Kinetic Study of the Reaction of Decaborane with Alcohols" deals with the formation of borate esters and hydrogen from the inter action of the boronhydride and low molecular weight alcohols. Specific bimolecular rate constants were determined for the variety of alcohols studied. A qualitative discussion is given of the results of this work with reference to the ionization energies and polarizabilities of the alcohols concerned. The effect of replacing hydrogen with deuterium in the decaborane and in

the alcohol, and the success of the Hirschenfelder calculation of the energy of activation for the reaction are discussed.

## All is in a Clean Bare Room

DAVID HUDNUT

All is in a clean bare room with its lucid, plain glass windows, a chair, a small brown table, a golden watch on a strong thin golden chain, and a book held open to a passage; and the slow voice quietly gathers up the years and holds them here, before us: this is the scholar in his work, raising up the past to meet the present, the old eyes seeing it all. This cognizance of past is the mesh of steel that keeps the hot flux of our material life contained.

## Gros and Dawkins Are Awarded WAA Blazers

Congratulations are in order to Vonnie Gros of Riverton, N. J., and Marjorie Dawkins of Drexel Hill, Pa., who were awarded blazers at the annual spring banquet of the Women's Athletic Association. This is the highest honor which the Women's Athletic Association can bestow and is made in recognition of outstanding achievement in women's sports. Only junior girls who have evidenced qualities of leadership, sportsmanship, scholarship, and character are eligible.

## Ursinus Women's Club

At a luncheon meeting of the Executive Board of the Ursinus Women's Club, held at Gimbels on Saturday, October 6th, plans were completed for the annual Christmas dinner on December 1st 1956.

The price of the dinner will be \$2.25, which includes the gratuity. A bazaar will be held simultaneously and a brief business meeting will be held after the dinner.

Reservations may be made early through Mrs. Richard Ballantyne, 31 E. Central Avenue, Moorestown, N. J.

## Notes From The Librarian

Returning students, Faculty, and visitors have been generous in their praise of the greatly improved lighting in the Library reading room. Modern incandescent fixtures set flush in the reading-room ceiling and above the skylight in the rotunda supplement the old lights to give a light-meter reading of at least 30 foot-candles (the figure recommended for library reading rooms) on all tables. Similar improvement is noted in the seminar, classroom, and offices, following replacement of the old fixtures by fluorescent units.

Notable among recent gifts to the Library is a set of Pennsylvania laws given by C. Arthur George '24. This set, which will prove rich in primary source material for American history students, consists of the compilation "Smith's Laws," covering the period 1700 to 1829, and the original, official editions for legislative sessions from 1829/30 to 1947.

## Rotary Club Gives Ursinus Scholarship

Louis A. Krug '37, chairman of the Lower Perkiomen Rotary Club's Scholarship Committee, announced the club's intention to present a \$300 a year scholarship to Ursinus College. The requirements are that the student live in the Collegeville-Trappe area served by the Rotary Club.

The Ursinus College authorities have announced the boy or girl receiving the scholarship award will receive a continuing \$300 scholarship each of three years until graduation, if conduct and scholarship standards qualify the student for continuance of the award. The total of \$1,200 amounts to about half the tuition charges for the four-year college course.
