Replete with action from start to finish; thrilling, chilling, hilarious, the play was a succession of rapidly moving events which piled swiftly to a climax. Exceedingly good acting on the whole was supported by a variety of unusually realistic sound and lighting effects.

Kochenberger Outstanding Star

Laurels for the evening must necessarily go to H. Luke Kochenberger, as Teddie Deakin, the "sillyawss" Englishman, whose flippant wit and perennial yarn were continually popping up to relieve the tension of moments. Kochenberger threw himself into the part with reckless abandon, to produce gales of laughter from the audience.

# PROMINENT THEOLOGIAN TO SPEAK AT CHAPEL EXERCISES

Dr. Charles W. Gilkey of Chicago Will Be Here on May 15

Dr. Charles W. Gilkey, Dean of the Chapel and Professor of Practical Theology at the University of Chicago, will be the speaker at a special chapel service at 11.00 A. M. on Monday morning, May 15, in Bomberger. Dr. Gilkey comes to Ursinus from Princeton, where he is to be the Sunday preacher.

Dr. Gilkey is the author of numerous books, including one entitled, "Jesus and Our Generation," which is composed of a series of lectures he delivered in India, to the students of that country, some years ago. He is a frequent speaker at student gatherings in all parts of the United States. Professor Franklin I. Sheeder, who attended the University of Chicago, (Continued on page 4) says of Dr. Gilkey, "He has the ability of presenting in a popular form many of the great truths of religion.

# WOMEN STUDENTS PRESENT WAGNER PAGEANT SATURDAY

When the mothers of Ursinus students visit the campus next Saturday they will witness a pleasing and fanciful production, the Wagnerian Pageant, written by Louella Mullin '33 and enacted by the girls of the college under the direction of Mrs. Josephine X. Sheeder.

The townsfolk of the little German community where the pageant is staged open the celebration with two folk-dances, "Ach Ja", by the villagers, and a Trio by the Burgomeister's special friends. Musical notes and dancing during the interlude, show glimpses of the development of music.

The second episode is composed of opera scenes from de Walkurie and de Meistersinger, presented by the director of the fest, in honor of Wagner, while dances from well-known works of other famous musicians, including the Minuet, a Soldiers' Dance, Spring Song, and a Slumber Dance form the third episode.

The fourth episode includes the crowning of the May Queen, a Native Quadrille of the townsfolk, the Recessional, and a dance of the Muses, which closes the affair, except for the loosing of a white pigeon that flies as a benediction over the heads of the

Retiring President Welcomes New Council and Officers

The newly-elected officers of the Women's Student Government Association were installed into office in Bomberger hall, on Monday evening, May 2. Rena Grim '33, retiring president, was in charge of the service.

Miss Grim and Martha Moore '34, the incoming president, led their respective councils to their places upon the platform, and after the singing of the Ursinus hymn, the new council was welcomed by the outgoing president, who also spoke a word of farewell to the old members and of thanks to the student body for their support during the past year. Then, as president, Miss Grim administered the oath of office to the new council, and the individual oath to the new president, along with the cap and gown as the insignia of office.

Miss Moore spoke briefly following her installation, pleading for the cooperation and interested activity the student body, and outlining her plans for the coming year. She phasized the fact that the council is not to be considered a police force, but should be regarded as an essential campus organization. Dr. Elizabeth B. White, faculty ad-

### THE MANTLE FALLS

Either previous to or during this past week, nearly all of the campus organizations have selected, and in most cases installed, their officers for the next year. The few remaining groups which have not as yet done so will no doubt designate their new leaders within the next few days. It is appropriate, therefore, to consider the implications which the selection of this new leadership brings with it.

The mantle of authority within the various organizations has fallen from the shoulders of the present incumbents onto those of our fellows who are to assume the high places for the next term of office. It is to be these new officers who will rule and guide the activities of our institution for a year. Theirs is now the power—to be used, if we have chosen wisely—that each individual group and the College as a whole may make definite progress.

But there is more than authority vested within the togas of leadership. Along with the power of leadership go its very definite responsibilities. Not only are these newly-elected men and women to be the directing forces behind our activities, but they also are to be the ones responsible to their constituency and to the proper authorities for the right direction and success of activities. Wearing the mantle of leadership is more than an honor enabling one to rule and guide—it is a badge of responsibility, opening its wearer to the careful scrutiny of all who are interested in any way with the particular group which he leads.

Noting, then, that being a leader involves the work of directing and the acceptance of responsibility, what qualities can we expect from our leaders? It seems only reasonable to say that their exercise of the powers of office should be marked by tolerance and proper humility—tolerance of the opinions of others (as well as of their rights and feelings), and humility in the recognition of the fact that leadership is merely a temporary step from the ranks and not a permanent placing upon a pedestal. On the other hand, if our organizations are to progress as they should, leadership must be of a vital and progressive type, exercised even as much with firmness as with the aforementioned tolerance and humility. Of course, it is almost needless to say that integrity of opinion and of action is essential to the right use of the powers involved.

It is reasonably certain that, if the qualities set forth above are characteristic of our new leaders in the discharge of their powers, they will be not only willing but able to accept the responsibilities of office. Programs mapped out with integrity of purpose, and with tolerance and humility, and carried out with firmness, will be reasonably expected to stand the most critical

tions of a group are shackles binding the effectiveness of leaders. Therefore, it is for us of the constituency, we who follow our new officers, to discharge properly the duties which fall to our lot, if success is to result. Chief of these duties is, of course, cooperation. In addition to passive cooperation, however, let us lend active assistance—of mind and body—to those we have selected to lead. And there if I But more is involved in proper leadership than good leaders. No group may be able to rise above its leaders, but it is equally true that the limitative (Places to be announced later than the limitative of the l have selected to lead. And then, if Ursinus is to be a harmonious unity of organizations and not a mosaic of inharmonious groups, let each group, members and leaders, unite their efforts wherever possible to that end

Congratulations, new leaders-and may we be able to say, "Well done,"

at the expiration of your terms of office.

### \* \* \* MOTHERS' DAY

Saturday, May 13, has been set aside by the College as Mothers' Day. On this date the annual May Day festivities will also be celebrated and we feel that such an important day deserves special mention.

We, as college students, surely ought to realize the debt we mothers and the sacrifices that they are making to keep us in college, especially in trying days such as these. Certainly all thinking college students have, at some time or other, become aware of this fact and have tried to acknowledge their indebtedness. However, while we are enjoying the many advantages thrust before us, we are prone to forget our benefactors.

Every individual should of necessity realize that May Day is not merely a day to watch a few fancy dance steps but rather an opportunity for every son and daughter in college to show their college to their mothers with a sense of pride and at the same time proudly present them to the college. Let your mother become fully aware of the splendid opportunities that you are receiving because of her noble sacrifices. Write home now and be sure to extend a hearty invitation to your mother to come and spend this Saturday on our campus. It is your opportunity; make the most of this day.

# THE MAIL BOX

To the Editor of the Weekly:

It is the purpose of this letter to acquaint the students with the premise upon which the Y. M. C. A. will function next year. You doubtless know the "Y" is a Christian organization, having as its purpose the upbuilding of the student in his mental, physical, social, and spiritual activities. often the "Y" has been criticized as being an organization designed simply for ministerial students. It is natural that they should be concerned, but the "Y" is organized for all the students on the campus who are not afraid to think about life and its many problems. The meetings will not be of the dogmatic religious type, but a study of the underlying truths of life from which personal application may be drawn. In short, our definition of religion is not the traditional concept of a closed and dogmatic set of rules which must be followed, but it is an adjustment of our lives on the campus after the manner and spirit of Jesus, who perfectly ad-

justed his life to the universe.

My aim is not to limit the "Y" to a chosen few, but to get new folks to become actively interested and to change their opinion of the "Y" and of Christ.

In planning next year's activities, I shall keep foremost in mind the development of a three-fold life-mental, physical, and spiritual.

as a visitor at Ursinus, the mother of the President of the United States. Mrs. Sarah Delano Roosevelt, who as guest of the Huguenot Society Pennsylvania, spent the day on the Ursinus campus last Wednesday, Mrs. Roosevelt is a person of impressive personality. She possesses

a fine physique and graceful manner. She yielded readily to every demand of the occasion, now responding to the behests of a newspaper photographer, now writing autographs for students, and now shaking hands with the three hundred members of the Society as they filed into the dining room. When it was mentioned later that perhaps these demands on the part of the crowd were tiring to her she protested that one should never feel bored at anything.

She was quick to recognize personalities among the students and visitors, and commented favorably on various persons and performances in connection with the public exercises. A guest, on being introduced, addressed her with a pronounced French accent, whereupon she at once conversed freely with him in the French language. After a round of ringing applause from the audience on the bestowal upon her of the Huguenot Cross, she addressed the house briefly in appreciation of the honor with a sincerity that was felt by all.

To a reporter who questioned her about the President, she said that she did not bring him up to be president, but to be a man qualified for any responsibility that might come to him. She expressed confidence in his ability to meet successfully the problems that are before him.

As the mother of Sarah Delano Roosevelt is in a sense "mother" to the whole nation and one whom every citizen may hold in affectionate esteem.

# HUMOROUS DEBATE HELD AT MEETING OF FORENSIC CLUBS

"Resolved: that co-education should be abolished at Ursinus," was the subject of a humorous debate conducted by the men's and women's debating clubs at a combined meeting on Mon-day, May 1. The men upheld the affirmative and the women the negative side of the question. The debate was conducted in the Oregon style.

John Lloyd '36, presented the affirmative constructive speech and the affirmative cross-examination was conducted by H. Allen Cooper '35. Jane Evans '34, spoke for the negative and Jane Stephens '35 did the questioning. Much laughter aroused, especially by the questions and answers in the cross-examina-

# As long as We're Settling things

# **SUPPOSE YOU** TELL ME WHY YOU SMOKE **GRANGER**"

WELL, it's like this. Back in the old days, when men wore high hats and frock coats, they had plenty of time to think things out, and they had sense, too. They used to sit down on a log and take the time to whittle their tobacco from a plug, to be sure of having a cool smoke.

"In those days, a man named Wellman, right here in Quincy, Ill., made about the best tobacco you could get. He knew how to keep the flavor fine and mellow.

"Well, sir, the people who make this Granger Rough Cut acquired Mr. Wellman's method, and they must have known how the old boys used to whittle their tobacco to make it smoke cool. Yes, sir, this Granger is the real stuff. The same mellowness and fine flavor that Wellman used to hand out to his friends. And it's whittled into big shaggy flakes all ready for the pipe. 'Rough Cut' they call it-'cut rough to smoke cool' is the best way I can describe it.

"Regardless of price, Granger is about the best pipe tobacco I ever smoked. That's why I smoke it, and that's why they call it America's Pipe Tobacco, sir."

Now we wanted to sell Granger for 10¢. It was just a question of how to do it for the price. So we pack Granger in a sensible foil pouch instead of an expensive package, knowing that a man can't smoke the package. We give smokers this good GRANGER tobacco in a common-sense pouch for 10¢.

GRANGER has not been on sale very long, but it has grown to be a popular smoke. And there is this much about itwe have yet to know of a man who started to smoke it, who didn't keep on. Folks seem to like it.
