In Memoriam.....22

Dear Alumni and Friends:

With each new and returning student filling classrooms and hallways, the excitement of the new school year hangs heavy and electric in the air. I reflect upon the activities of the summer and look forward to the challenges that lie ahead.

The month of July was busy as I had the privilege of representing Loma Linda University School of Nursing at three meetings. The first was the Association of Seventh-day Adventist Nurses (ASDAN). The association held its annual retreat in Welches, Oregon, where I reported on my meeting with Ira Magaziner and the White Taskforce on Health. I also presented research completed by School of Nursing faculty.

Next, I attended the second Congress of Minority Nurse Leaders held in Washington, D.C., July 21 to 23. The first congress examined issues in nursing practice and nursing education, as well as policy and legislation. The major outcome of the first congress was the development of an action agenda for minority nurses and individual plans. The second congress built on the stepping stones of the first, with the theme "Caring for the Emerging Majority: Creating a New Diversity in Nurse Leadership."

I was encouraged and motivated as school representatives shared the progress they are seeing in their own schools, and I was pleased to share what we are doing. I told them about several programs, including a weekend retreat for faculty on "Appreciating Cultural Diversity" with speaker Dr. David Augsburg. Also, there is a standing committee on diversity which functions to increase cultural sensitivity and improve cross-cultural relationships. Other areas discussed at the congress included monitoring retention and attrition records, as well as attempts to increase diversity by recruiting minority faculty for teaching and leadership positions.

At the end of July, I returned to the West Coast for the AHCPWR Western Regional Invitational Conference in San Francisco, held July 30 and 31. This conference was designed to let nurse leaders know about a federal initiative for developing standards of care, including issues such as pain management after surgery, and prevention and care of pressure sores and urinary incontinence.

The School of Nursing is in the process of developing a new community-based family nurse practitioner program that will meet the needs of primary health-care programs as our country goes into health-care reform. I will keep you updated on our progress.

With so many possibilities for nurses, I am delighted to encourage students in their pursuit of this fine field, and I hope that you also have found genuine satisfaction in your chosen profession.

Sincerely,

Helen Emori King, PhD, RN

About the cover...

Lois Van Cleve, PhD, RN, (left), new associate dean for the School of Nursing Graduate Program, poses with Clarice Woodward, interim director of the graduate program, who recently retired (see stories on pages 3 and 4).

Graduate Program "Loses" Long-time Friend

Maybe Lois Van Cleve, RN, PhD, said it best when she wrote to the graduate alumni, "It seems inconceivable that Clarice Woodward is retiring, and we can't imagine the tremendous void she will leave behind."

Dr. Van Cleve continued, "However, she seems insistent, and, after 30 years of outstanding service, I suppose this change is inevitable."

Ms. Woodward made her transition to retirement on June 30, 1993. An esteemed member of the School of Nursing faculty since 1962, she has served in a number of faculty and administrative roles, fulfilling each role with distinction.

She moved up the professional ladder and, since 1975, has had the rank of professor with tenure. She has served as faculty in the undergraduate program, as well as contin-

uing education director, graduate program advisor, associate chair, and coordinator of clinical agencies for the School of Nursing.

She has had a key role on all of the important committees of the school and has coordinated new options within the graduate program.

Ms. Woodward has been the recipient of a number of awards including: Nurse of the Year (ASDAN, 1972); University Alumnus (LLU, 1985); in 1988, the Gamma Alpha Chapter of the Sigma Theta Tau nursing honor society established the "Clarice Woodward Award for Excellence in Writing," an award given annually; The Distinguished Service Award (LLU School of Nursing, 1992); Alumnus of the Year (LLU School of Nursing, 1993); and Emeritus

Professor (LLU, 1993).

A tireless leader and role model, Ms. Woodward's experience, wisdom, and grace have benefitted students and faculty.

At a special luncheon on June 11, 1993, attendees had the opportunity to recognize Ms. Woodward with words and gifts. Her daughters, Gwen Taylor and Cathy Kolin, as well as Dr. Van Cleve, gave tributes. Patty Pothier presented her with a scrapbook of memories, and Marilyn Herrmann, PhD, presented her with a gift from the School of Nursing faculty and staff.

Helen King, RN, PhD, dean of the school, ended with a special tribute and presented the newly established "Clarice Woodward Graduate Endowment Fund." Graduate alumni, faculty, friends, and family of Ms. Woodward gave \$10,000 in a few weeks' time to establish this endowment.

The fund was not restricted when presented so that Ms. Woodward could decide what she wanted to restrict the endowment funds for.

Later in the summer, an alumnus passed away, leaving a \$5,000 unrestricted gift to the School of Nursing which was added to the endowment fund. With just over \$15,000 total, this is the first endowment fund to be designated for the graduate program.

Ms. Woodward is dearly missed in the School of Nursing, but reports that she is enjoying the extra time she has for reading, gardening, and family activities. She says, "I'm just taking life a little slower."

Her life continues to focus on helping others. She volunteers at the new Loma Linda University Children's Hospital and plans to volunteer to help with an adult literacy program.

A Profile of the Incoming Class

This year, the School of Nursing boasts an enrollment of 273 students in the undergraduate program and 51 students in the graduate program.

Of the 273 undergraduates, 68 are new students. Following is a profile of the new class:

Ethnic Background

Caucasian	51%
Asian	22%
Hispanic	21%
Black	3%
Middle Eastern	1%
American Indian	1%

Gender

Female	78%
Male	22%

Previous Attendance at a Seventh-day Adventist or Non-SDA Institution

From SDA College	54%
From Non-SDA College	46%

Academic Status

Regular Status	56%
*RN→BS	19%
*BA/BS	18%
*Transfer	4%
*Non-Clinical	3%

*RN→BS: Registered nurses coming to complete a Bachelor of Science degree in Nursing. BA/BS: College graduates from other fields coming in to take nursing courses in what is known as the "fast track" program. Transfer: Students who began nursing elsewhere and are transferring into our program with some nursing units. Non-Clinical: Students who are taking only non-clinical nursing classes.)

New Associate Dean Appointed

On July 1, 1993, Lois Van Cleve, RN, PhD, was appointed associate dean and director of the graduate program in the School of Nursing.

A member of the faculty since 1976, Dr. Van Cleve has held various positions. She began working in the undergraduate program as an assistant professor and lead teacher in parent/child nursing.

In 1982, she received the rank of associate professor. Three years later, in 1985, she began teaching in the graduate program for "The Growing Family" major and was named chair of the department of parent/child nursing. In 1988, she received the rank of professor.

Dr. Van Cleve received her bachelor of science degree in nursing in 1961 from Columbia Union College in Takoma Park, Maryland, and her master of science degree in nursing from Loma Linda University in 1964. In 1985, she received her PhD in education from Claremont Graduate School.

Her areas of focus include: life cycle development, particularly for adolescent and adult women; family structure and dynamics; and economics of higher education.

From 1990 to 1992, she did post-doctoral studies at the University of California, San Francisco, School of Nursing, focusing on pain in children.

Active in research since 1985, Dr. Van Cleve's primary research focus has been in pain assessment and management in infants and children.

Most recent studies in which she was principle investigator have included: pain responses in hospitalized children, ages one month to twelve years, to IV starts and venipuncture; the responses of hospitalized neonates to IV starts and venipuncture; and "Pain Location: Validity and Reliability of Body Outline Markings by Hospitalized Four- to Seven-year-old Children."

A collaborative longitudinal study with the San Bernardino Health Department is examining teen-parenting competence, self esteem, and social support when an infant is one

month, six months, 12 months, and 18 months.

The recipient of a host of honors and awards, Dr. Van Cleve is active in many professional association and community activities. She has presented numerous papers and posters, and articles from her research have been published in peer-reviewed journals.

The School of Nursing is pleased to have someone as competent as Dr. Van Cleve to oversee the graduate nursing program.

The House of Thrift: An Update

Creative problem solving is nothing new for Joni Jones, manager of the House of Thrift (HOT), owned and operated by the Nurses Alumni Association.

HOT's main purpose is to accept donated items and sell them. Results are two fold: individuals can buy quality goods inexpensively, and the Nurses Alumni Association receives income to help the School of Nursing. The Association then awards student scholarships and helps to finance special projects.

By utilizing both volunteers and paid employees, HOT endeavors to maximize profits. However, finding volunteers can be a challenge.

Leave it to Ms. Jones to find a solution. She has begun using volunteers who are required by the State of California to do community service as punishment for non-violent crimes or to pay off fines. One lady had received a speeding ticket that she couldn't pay. As punishment, she was sent to HOT. She enjoyed the work so much and did such an excellent job that Ms. Jones ultimately hired her on as a full-time employee.

Unfortunately, Ms. Jones cannot pay everyone. She needs volunteers to make HOT financially feasible. Says Ms. Jones, "On the surface, working here isn't glamorous, but once you get into it, it is very

rewarding."

If you are interested in volunteer work, or know of someone else who might be interested, please call Ms. Jones at 796-2812.

HOT is always looking for donated items. "Many people only donate clothing, and while we appreciate clothing, we want people to know that our scope is much wider," Ms. Jones says.

HOT needs *working* electrical appliances (i.e. televisions, microwaves, and kitchen appliances), baby toys and furniture, books, dishes, lamps, paintings, and furniture (but no mattresses).

For the HOT boutique, Ms. Jones can always use old china, jewelry, and any antiques. She works closely with antique dealers in the Loma Linda area to find the best possible prices for valuable items.

Ms. Jones points out that it is sometimes more advantageous for people to donate their items to HOT rather than have a garage sale. When an item is donated, the donor can take 20 percent of the item's retail price as a tax deduction.

It really doesn't take very many items to have a sizable deduction. If, on the other hand, the individual holds a garage sale, he or she is required by law to claim any money made as income and could possibly pay taxes on it.

Twenty Nursing Students Receive Scholarships

The Loma Linda University School of Nursing hosted its annual Awards Celebration in June of 1993, awarding \$33,500 in scholarships to 20 nursing students.

The Class of '67 was pleased to award two \$500 scholarships, based largely on merit. Since the scholarship endowment is only three years old, this serves as a fine beginning.

The first scholarship was awarded to Susan McCoy because of her commitment to nursing excellence, concern for health promotion, and volunteerism. Faculty in the School of Nursing characterized Ms. McCoy as an outstanding student in both the clinical and theoretical components of nursing with an outstanding grade point average. She is involved in the community through volunteer work with the American Cancer Society.

The second recipient of a \$500 scholarship from the Class of '67 was Deborah Smoter. She was selected because the faculty viewed her as demonstrating leadership potential. She took seriously her position on the Undergraduate Faculty Council. A consistently high grade point average and a dedication to the nursing profession made Deborah a good candidate for this award.

The following awards were also presented:

Missi Rouhe, (center), a member of the Class of '67 who played a leading role in establishing the Class of '67 scholarship endowment fund, poses with scholarship recipients Susan McCoy, (right), and Deborah Smoter, (left). Each received a scholarship award of \$500 from the endowment fund.

A Big *Thank You*, Nursing Alumni and Friends

Thank you alumni and friends for generously supporting Loma Linda University School of Nursing each year.

When you give to scholarships, you allow students to receive a nursing education they could not otherwise afford. Last year, between your gifts and those of the Nurses Alumni Association, over \$96,500 was distributed in scholarships alone.

Some of you support the Learning Resource Center. These gifts make the transition from textbooks and theory to hands-on patient care a smoother process for the students. The biggest addition to the lab last year was more interactive video programs. Other additions included a blood pressure simulator, an IV arm and an accu-check 3 for measuring blood sugar levels as well as computer-assisted instruction. Finally, the purchase of an updated set of NCLEX review tapes helped students study for state board exams.

It is the school's goal to have all faculty doctorally prepared, and your gifts to Faculty Development bring this goal closer to completion.

Alumni and friends who support the Annual Fund and/or the Emori Endowment are greatly appreciated. You let the dean decide where your gift is most needed.

There are other endowments and scholarships that you support. For every gift, we are grateful.

Donors listed in this section have made gifts during the time between July 1, 1992 and June 30, 1993.

An asterisk () indicates that a donor belongs to the Kathryn Jensen Nelson Society because of an annual gift of \$100 or more.*

Monument Valley Hospital

4 ROCK DOOR CANYON DR. • P.O. BOX 360004
 MONUMENT VALLEY, UT 84536-0004 • (801) 727-3241

Monument Valley Hospital needs mission-minded nurses with obstetrics and surgical experience to fill critical vacancies on all shifts.

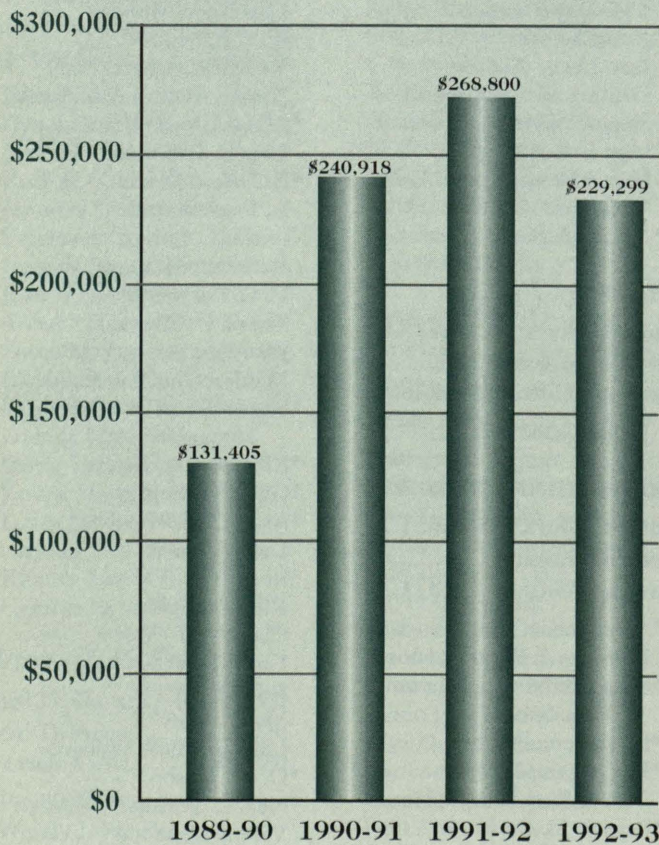

This is the Seventh-day Adventist Church's only North American medical mission and offers an excellent opportunity to share your talents with Navajo Indians in Southern Utah.

Contact Sue Sidmore, DON,
 at (801) 727-3241

Dear Alumni:

As promised, the Nurses Alumni Association is working diligently on the alumni directory. The names of our "missing alumni" are listed on the following pages. If you know the whereabouts of someone on the list, please contact the Nurses Alumni Association office by calling (909) 824-4360, extension 45437, or send the information to the address on the back page of this publication.

I'm looking forward to Alumni Weekend, April 8 to 11, and I hope you plan to attend. Listed below is a tentative schedule of events. Highlights of the weekend always include class reunions, the banquet, and the Alumni Institute.

Friday, April 8	Evening	Individual classes may plan vespers or get together as desired.
Saturday, April 9	9:30 a.m.	Sabbath School at Loma Linda University Church, planned by the Silver Anniversary Class of '69 (BS) followed by church.
	1:00 p.m.	Potluck lunch for all alumni.
Sunday, April 10	Evening	Class reunions, coordinated by individual classes.
	10:00 a.m.	Kathryn Jensen Nelson Society Brunch by invitation of the School of Nursing dean.
Monday, April 11	5:30 p.m.	Annual Homecoming Banquet. Honored Classes are 1944 WM & LL 1969 AS, BS, & GS, and 1984 AS, BS, & GS
	8:00 a.m.	Alumni Institute (continuing education credits available)

The Nurses Alumni Association board recently voted to combine the Alumni Institute with the Sigma Theta Tau Institute. The combination will allow the two organizations to work together, using the expertise of both. Also, it should be easier for alumni to attend just one meeting instead of two. Alumni have been forced in the past to choose between the two because of time and distance constraints.

You may be excited to know that the alumni board has voted to start a Nurses Alumni Association Loan Fund. This loan fund has the advantage of using alumni gifts to help students when they need it, and is repaid when students are employed, replenishing the fund to assist others. Implementation of this fund is planned for the Spring of 1994 when senior nursing students may need an extra boost for their last quarter. The size of the loan fund has not been determined, but by January, the board should have a better idea of the amount available to be loaned. I will keep you posted. For those of you who are wondering, scholarships will continue to be available as well.

Hope to see you at Alumni weekend!

Sincerely

June Jepson Hibbard, '57B
President

Near and Far

Newsnotes

Class of 1949 Meets for a Reunion (by Ethel Inaba). Forty-four years may seem like a long time, but not for the twelve members of the Class of 1949. They came from Maryland, Virginia, California, Arizona, and Washington for a joyous reunion and renewal of friendship at beautiful Glacier View Ranch in Colorado.

Some had not seen one another since graduation. But the enthusiastic greetings and hugs proved that camaraderie still exists among the gals of the class of 1949. Age does take its toll, I'll admit. Some have gotten thinner, some may be pleasingly plump. Most of us have added a few more lines to our faces and more silver in our hair, but everyone looked wonderful!

The Class of '49 Reunion took place at Glacier View Ranch, near Boulder, Colorado, August 20 to 22. Pictured here are those who attended the event. Lirlie Horner, left, coordinated the reunion. Barbara Taylor, keynote speaker for the Sabbath program, is pictured fifth from the right. Spouses accompanied the class members.

Affectionately known as the '49ers, members have kept the class alive with a class letter that has survived over the

past years. Although each one has not always attended every class reunion, the messages circulated through this letter has kept us in touch. News over the years has run the gamut from weddings to children and now, the inevitable—grandchildren.

Losses through death have saddened us. There will always be vacant spots for Dorothy Martin (Mart), Jualoma Powers Miles, and Clara Jackson Bailie whenever we gather for reunions. Spouses we will always miss also are Ken Krohne (Jean Krohne), Lonchy Kim (Helen Kim), Ollie Bailie (Jeanne Bailie), and Milton Corwin (Bernice Corwin).

Gracious hosts for the occasion on the weekend of August 20-22 were Dr. Bob and Lirlie Horner of Englewood, Colorado, who chauffeured some of the class from the airport to the ranch, made all arrangements for the delicious food, comfortable lodging, and planned activities.

Bob made an excellent guide and storyteller. He took the group on a hike Friday afternoon past the lake to the lookout to view the beautiful glaciers and majestic mountains towering above the evergreens. He also led a smaller group who braved the thunder and rain for a walk around the lake on Sabbath afternoon. Those who remained, engaged in a lively discus-

Loma Linda University School of Nursing Alumni

WHEREABOUTS ~~UNKNOWN~~

Finding a former classmate can be just like looking for the proverbial "needle in the haystack." But not anymore. Soon, an impressive director of our great alumni will be available to help you locate your old friends.

The new *Nurses Alumni Association Alumni Directory*, scheduled for release in August/September 1994, will be the most up-to-date and complete reference on more than 4,136 Loma Linda University School of Nursing alumni ever compiled! This comprehensive volume will include current names, addresses and phone numbers, academic data, and business information (if applicable), bound into a classic, library-quality edition.

The Alumni Association has contracted with the prestigious **Bernard C. Harris Publishing Company, Inc.**, to produce our directory. Harris will soon begin researching and compiling information to be printed in the directory by mailing a questionnaire to each alumnus. (If you prefer not to be listed in the directory, please contact the Alumni Office in writing as soon as possible).

The new *Nurses Alumni Association Alumni Directory* will soon make finding Loma Linda University School of Nursing alumni as easy as opening a book. Look for more details on the project in future issues.

sion in the lounge.

Lirlie coordinated all activities from Friday evening worship in the spacious chapel to the final breakfast on Sunday morning.

Featured speaker at our Sabbath church service was Ms. Barbara Taylor, a close friend of the Horners, and president of Between U.N. Me Inc. Cordminders. A successful business executive, she held our undivided attention as she related a fascinating and inspiring conversion experience.

As a gesture of appreciation for the meaningful weekend, class members contributed toward support of a medical student from South Africa whom the Horners are helping. He is presently attending medical school in Montemorelos, Mexico.

Our next 45th anniversary reunion will be in Loma Linda the spring of 1994. Those attending this reunion were: Bob and Lirlie Horner, Lowell and Helanjo Sheline, Karl and Betty Bahr, Homer and Hedy Dunford, Norm and Deanie Britton, Bill and Dorislee Norton, Sam and Ethel Inaba, Jean Krohne and son, Ted, James and Gloria Carroll, Helen Kim, Wanda Alves, and John and Marguerite McGraw.

Vivien Dee '66, PhD, director of nursing and associate hospital administrator at the UCLA Neuropsychiatric Institute and Hospital, received the 1992 Excellence in Psychiatric Nursing Award presented by the American Psychiatric Nurses Association.

Anita Pearson Schultz '65, RN, MS, believes that the public often underestimates the responsibilities of school nurses. Anita should know. She works at Fontana High School in Southern California where she makes sure the nurses office isn't just a "band-aid station."

However, Anita surpassed even the most optimistic expectations of a school nurse when she recently wrote and received a \$400,000 grant on behalf of the school from the State of California.

When the State of California made grant monies available to fund Healthy Start Programs, Anita decided to apply. The objective of Healthy Start is to make public services more easily accessible to multi-need families, and to have all services located in one place.

Fontana High School already has many components in place. For instance, a physician volunteers one day a week to diagnose and prescribe medications to students who are ill. There is a community center on campus where students and families can receive clothing. Furthermore, Anita had worked with the surrounding business community to work out special "deals." One example is Thrifty Drug, which has agreed to fill prescriptions for \$4 over cost, thus making health care more affordable for the students.

Fontana's application was one of 755 applications received from throughout the state. Fontana High School received one of the twenty-five operational grants that were given. Other grants were given for program planning. The \$400,000 grant will be paid over a three-year period.

The funds will enable the school to contract public services on campus to further help impoverished families. Included will be a full-time Community Liaison and a full-time Family Councilor. A family nurse practitioner will come two days a week. Also, an individual from child protective services, as well as the department of social services, will be available two days a week. Parenting and other classes will be offered. The plan is to serve 75 families the first year and 100 each year following. Anita will coordinate the program.

She credits much of the program's success to

administration. She says, "I am fortunate to work with a very supportive administration. If they weren't so progressive, this wouldn't be happening."

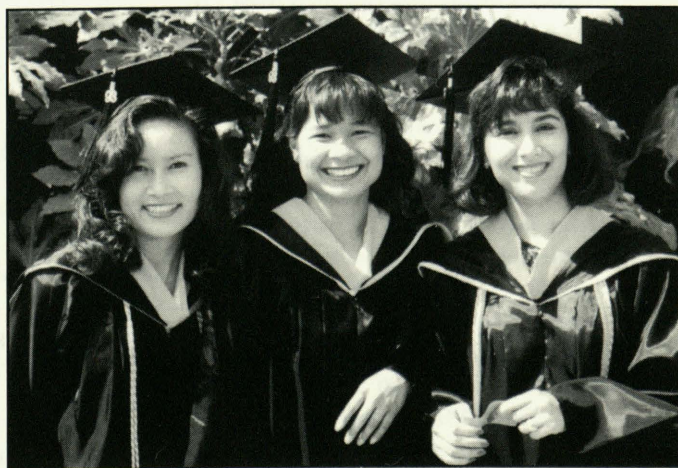

After graduating from Loma Linda University, Anita took 36 hours above her Bachelor of Science to become credentialed as a school nurse. This is a requirement for nurses working in California schools. In 1968, Anita received her masters in counseling and guidance from Andrews University. Next she received her masters in nursing administration from California State, Dominguz Hills. Anita has served the public school system for twelve years.

Anita is married to Mark Shultz. They have a 21 year old son, Monty, who is an engineering major at Walla Walla College. Their 18-year-old daughter, Angie, is studying at Bogenhofen, Austria, this year.

Research

Research: In each issue of Loma Linda Nurse, we will highlight the research abstract of a faculty member from the School of Nursing. This issue will focus on the research of Elizabeth Bossert, DNS, RN, associate professor and chair of the parent-child nursing department in the school's graduate and undergraduate programs.

Dr. Bossert '78MS, is working with Pauline Beccroft, PhD, RN, from Children's Hospital of Los Angeles.

Pictured from left to right, Rowena Luna, Angela Manicop, and Shalina Mehra smile for the camera while waiting to enter the University Church for graduation ceremonies.

Studies of the effectiveness of dilute heparin versus normal saline as a flush solution for maintaining patency in IV locks (heparin locks) in adults (prompted by concerns pertaining to heparin induced thrombocytopenia and drug incompatibilities) have demonstrated little difference in the effectiveness of the two solutions. However, this information cannot be assumed to be directly applicable to the care of hospitalized children, primarily due to the smaller catheter sizes needed by children. Currently, only four small studies have examined the use of dilute heparin versus normal saline in hospitalized children, with conflicting results.

Therefore, a multi-site study to compare saline to heparinized saline (10 units/ml) as a flush solution for maintaining patency of IV locks (heparin locks) in children has been developed. A nonprobability, consecutive sample of 1,250 children will be obtained from five hospitals in Southern California (Loma Linda University Medical Center, Children's Hospital of Orange County, Children's Hospital Los Angeles, Kaiser Permanente Los Angeles, and Queen of Angels-Hollywood Presbyterian). Eligible subjects will be 38 weeks gestation through 12 years of age inclusive, inpatients with an order for an IV lock, and will not be receiving investigational drug(s) or heparin for a medical diagnosis.

It is expected that the findings from this study will benefit sick children in the hospital by identifying which method of IV-lock care is more safe and effective. If normal saline is equally or more effective than heparinized saline, then the risk of exposing children to the side effects of heparin may be eliminated.

Missions

Jennifer Dysinger in Kibidula, Tanzania, East Africa, writes...

Thank you for the alumni missions committee's kind consideration of our needs at Kibidula. We appreciate the donation so very much as there is

always a need for additional funds. The work is going well in the community development program. One area of need we have is for our clinic. We are so pleased that our Sudanese daughter, Arvadia, came to visit us after she finished her nursing and midwifery in Lesotho. She has taken over operating the clinic since the sudden death of our medical assistant last August. It has been a real challenge for her as a new graduate. She is very talented and has already given our clinic a good reputation. Every department at Kibidula is self-supporting. It is difficult for the clinic to raise money when medicines are so expensive to procure, and the people (clients) are so poor. We are seeking ways to obtain medicines cheaply. Thank you for your kind consideration of our needs. May God bless your ministry.

Linda Russell in Zimbabwe, Africa, writes...

Thank you for your interest and support for us here in Zimbabwe. We are in the process of reviving the Better Living Center for community outreach. We have two young ladies in their early twenties who are living with us who are committed to the project. We have been involved in our first cooking school which was well received. The girls have given a program to the dorcas ladies; then last

week, they presented a program for the wives at workers meeting. God continues to guide and bless!

In Memoriam

F. Josephine Jones Paap, '27WM, recently passed away.

Doris Marie Byler, '28WM, died August 1, 1993, in Portland, Oregon. She was born in Kansas City, Missouri, September 25, 1906, to Edward and Elsie Byler. They lived on a small farm. Doris was an only child and spent a lot of time helping her father whom she adored. She described herself as a little tomboy. When she was 13, the family moved to Long Beach, California, where many of her cousins lived. As she grew older she chose to be a nurse. After training she served for several years at the White Memorial Medical Center, in Los Angeles. Her life was dedicated to her patients and her parents. She cared for her parents as they needed assistance, and her mother lived with her after her father died. Doris moved to the Glendale Adventist Hospital in 1937 where she worked until her retirement in 1970. During her retirement years she moved to Paradise, California, to be with friends and enjoy a smog-free atmosphere. In April 1989, Doris moved with Mr. and Mrs. Otis Krause to Portland, Oregon,

and became the first resident at Cherry Blossom Cottage. She had a very good memory until the very last and remembered many of the doctors and medical students she had worked with over the years.

Olive M. Peckover Foxeley, '33WM, was born April 25, 1909, and died on July 11, 1993.

Lydia Steinert, '34WM, died August 14, 1993, at the age of 88.

Esther L. Healzer, '37LL, was born January 9, 1912, in LaCrosse, Kansas, to John George and Lizzie Healzer. The 7th of 10 children, she attended country school in LaCrosse and later graduated from Broadview Academy in Illinois.

In 1934, Esther came from the mid-west to enter nurse's training at Loma Linda University. There were 16 students in her class. They were the first class that was required to have a year of college before admittance. Single students were required to live in the

dormitory. Chaperons on dates and long hair were part of the curriculum. Students wore the traditional uniform of stripes with a starched white apron. They worked eight hours and took three hours of class each day. Still they found time to have fun.

Some of her instructors were: Mrs. Bowers, Miss Voltz, Mrs. Graf, and Miss Freda Lutz, operating room supervisor, who showed a special interest and to this day is invited to class reunions.

After she graduated in 1937, Esther stayed in Loma Linda working as head nurse and clinical instructor. Her first salary was \$80 a month.

In January of 1944, she moved to Los Angeles taking a position as supervisor and clinical instructor at White Memorial Medical Center caring for patients on the EENT, Urology and Orthopedic Services. She was an excellent role model for the students and provided an environment where good nursing care was given. Esther was highly respected by the Medical Staff for her excellence in care. Dr. Clyde

Nash, an orthopedic surgeon, stated that Esther always wanted the best for her patients and was very skillful in the operation of orthopedic equipment. Esther's contribution to orthopedic medicine came through her device called "The Healer Sling" which was used for supporting an arm during surgery.

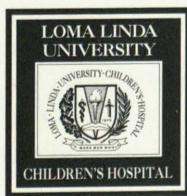

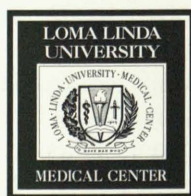

Her employees appreciated her support and interest. They placed confidence in her and saw that everyone did their part to make it easier for each one. Often she prepared treats for them at holiday time and many other occasions.

Grace Schaefer, Director of Nurses, said of Esther: "She was a super nurse and the patient's advocate. Esther was always immaculate in uniform and required the same of her staff. She was a very private person, not demonstrative, yet tenderhearted about others' misfortunes. A good giver but not a good receiver, Esther fought for others when necessary."

In 1950, Esther was given a leave of absence to obtain a bachelor of science degree in nursing at Pacific Union College. Finishing that in 1951, she returned to the White Memorial Medical Center. She was a long-time member and supporter of the White Memorial Church. She also became a member of the prestigious Kathryn Jensen Nelson Society.

In 1976, Esther retired in Loma Linda to be near her sister, Ruth. In her retirement years, she enjoyed many travelling experiences in and out of the United States. These were overshadowed only by applying for and receiving her first driver's license in 1991 at the age of 79, a long way from operating a tractor on the farm in Kansas.

We remember Esther as a fun-loving girl who liked to ice skate and had a reputation for "cutting a mean blade." She was an excellent cook—known for her German Chocolate Cake, Chocolate Chip Cookies, and "Lemon Lush" which she fixed for birthdays and special family occasions. Her sport was baseball. She later became a Dodger Fan. Many a story is

LOMA LINDA UNIVERSITY MEDICAL CENTER and the new **LOMA LINDA UNIVERSITY CHILDREN'S HOSPITAL** have a continuing need for registered nurses.

In Memoriam
Continued from previous page

told of her disappearance at a game and reappearance with a signed ball. She took an avid interest in current events and would discuss them in depth. Esther was loyal to the things she believed in.

May 31, 1993, we said "goodbye" to Esther. She will be remembered and missed by her family, classmates,

and relatives.

Esther Marie Smith (Roush) Nicodemus, '37WM, passed away February 13, 1992, the last survivor of five siblings (two brothers and two sisters). From a full Swedish family, Esther was born in Escondido, California, where her family had a 300-acre farm. The farm was where a large shopping center now sits. Later the family moved to Turlock, California, where they bought a new farm roughly the same size.

Esther attended Loma Linda University. After graduating, she served in the Armed Forces in World War II in the South Pacific in such places as New Guinea and Australia. During this time she contracted Dengue Fever and almost died. Interestingly her hair, which had always been dark, turned blond as a result of this strange disease. While in the military, she married and had children. Esther moved to Salinas in Spreckles where her sister, Florence Thomas, SN'11, and her husband, Hearley Homer Thomas, '29SM, lived.

Esther married Albert Nicodemus after the death of her first husband. She continued to work as a nurse for many years through the Monterey County system hospital in Salinas. Together they also managed apartments. The Nicodemus' often made trips to the Hoopa Indian Reservation near Medford, Oregon. They would

distribute loads of clothing, and Albert loved to fish the Yreka River near the reservation.

Genevieve Alexander Goodge, '38LL, died Saturday, August 28, 1993 at the age of 78.

Genevieve was one of the founders of Little Creek Sanitarium whose primary function is care of the elderly. Genevieve and her husband, Roger, came to Knoxville from Chattanooga to assist in the establishment of this sanitarium. Genevieve was nursing director for 40 years at Little Creek. She also was an avid gardener and kept her friends and neighbors supplied with vegetables.

Carol M. Campbell Morris, '44LL, passed away August 13, 1993 due to a massive cerebral infarction. She had been in poor health most of last and this year. Hypertension and cardiac problems bothered her.

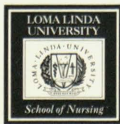

Marjorie Boettger Stough Anklam, '47WM, '62MS, passed away July 2, 1993.

Dorothy E. Weaver Brockman, '59BBS, died June 10, 1993, as a result of Lou Gehrig's Disease, ALS. Dorothy was born in 1927 in Sheridan, Illinois. After graduation from nursing school, she worked for the Long Beach Unified School District from 1959 until she retired in 1989. Dorothy was married to Francis C. Brockman.
