What did you accomplish during your internship?

Program Placement: I was assigned to conduct the Passport to Manhood program for 10-12 years old boys. The program was a success because I conducted and completed the 14 sessions of the Passport to Manhood program.

How did the internship benefit the student?

- This internship experience have immensely improved my skills in youth program curriculum development and program facilitation.
- It has also enhanced my ability to interface with diverse group of kids.

How did the internship benefit the agency?

We don't have all the resources in the world, so therefore we cannot hire unlimited staff but with the help of interns, we can run better programs, have better ratios, and build stronger relationships.

How does the internship benefit the community?

If we are able to teach the kids more, run better programs and be here more hours, we can teach the kids in this community things they may not have been exposed to otherwise.

(Student to complete) One quote that describes the experience gained from completing this internship (to be used for promotional materials; please specify author of quote)?

"I have one life and one chance to make it count for something... My faith demands that I do whatever I can, wherever I am, whenever I can, for as long as I can with whatever I have to try to make a difference." – Jimmy Carter

(Intern supervisor to complete) One quote that describes the impact the intern had on the community (to be used for promotional materials; please specify author of quote)?

" Without the help of interns like Stanley who consistently go above and beyond to run great programs for our kids, the club wouldn't have great impact and we wouldn't be doing our full job to ensure we are teaching our club members to be productive, responsible citizens in their community" – Nicole Recker
