published in *Psihologija* 49(3), 301–311

The authors informed us that the original publication contained an error that does not affect any of the findings. Tatjana Mentus and Slobodan Marković failed to include a footnote denoting that the research reported in the publication in question was presented at 38th European Conference on Visual Perception that took place in Liverpool, August 23.–27., 2015. The authors deeply regret this omission.
