

ACCREDITATION HANDBOOK

Accreditation Unit

Faculty of Engineering
Universiti Malaysia Sarawak

PREFACE

This handbook is a reference for the faculty, academic and administrative staff on the process and procedures involved in preparing and obtaining accreditation. This handbook also serves as a valuable guide for the faculty to develop an assessment plan in the process of future accreditation.

GLOSSARY

DEFINITIONS

Board of Engineers Malaysia (BEM) registers graduates and professional engineers under the Registration of Engineers Act 1967 (Revised 2002).

Engineering Accreditation Council (EAC) is the body delegated by BEM for accreditation of engineering degrees. EAC is made up by representatives of BEM, IEM, MQA and JPA.

Self-Assessment Report (SAR) is an account of the university plan, implementation, assessment and evaluation of the programme conducted. It is a reflection on the processes with results obtained used in continual quality improvement at all level of the programme activities.
