April Blue

Joan McNerney

This is when we search for
color to transform cold grey.
Rainfall begins its magic
high lighting sky blue.

We see stacks of luminous clouds
as plants pop out and forsythia
bursts into sparkling yellow stalks.
Just today a breath of warmth
brought alive crepe myrtle buds.

Aromatic lilac bushes cluster in
soft bunches while birds and bugs
encircle them. Ten pretty trees
all dressed up in lustrous greens
boogie through noontime breezes.

Get ready for this blast-off of spring!
