Project title: Pedestrian Lighting Upgrade
Amount granted: \$38,000.00
Amount spent: \$38,000.00

The LED Pedestrian Project has been completed. This sustainability grant award has allowed for the continuous upgrade of our campus lighting. The goal of this project was to provide increased light levels for the safety of our faculty, staff, and students as well as reduce energy cost. This project has produced a safe environment along the pedestrian as well as a reduction in energy cost for exterior lighting.

The LED upgrades from HID has proven to increase light levels and reduce energy cost by 33%. These particular fixture upgrades has also proven not only to produce safe light levels and reduce energy consumption but to reduce maintenance cost. The safety aspect of these upgrades has been tremendous. The LED's provide a safe environment for our campus community along the pedestrian while meeting our sustainability goals.
