# Forbidden Hearts

The sun settles in her nest in the west  
Having done her work for the day  
The moon takes his place, whitely dressed  
Waiting for his work, wishing away

Filled with hope, he sneaks a peak  
Missing her again, he frowns  
Darkness surrounds him, feeling so bleak  
Sinking down among the towns

As morning comes, he sees her smile  
Brightening, he shows his face  
Confidence lights his entire profile  
Her gleam, her gladness, her grace

From the moment they met, you could see in the skies  
Their love for each other, reflecting at every sunrise

## About Sarah Dignan

Hello, my name is Sarah Dignan. I am a Communications major from Warroad, MN, and this is my second year at UND. I currently work for UND in Marketing & Communications as a Graphic Design intern. In my spare time, I mentor a high school robotics team: FIRST Robotics Team 8188 Grand Force, like to hang out with my friends and family (and my pets, my turtle, Rango and my dog, Pepper), read a good book, binge watch *Grey's Anatomy*, or spend time outdoors (specifically bike riding, at the lake, fishing, or just going for a walk to enjoy the scenery).
