2013-2014 Undergraduate Catalog

(July 1, 2013 - June 30, 2014)

Welcome to Eastern Michigan University's Online Catalog

A new year and a new catalog! As you can see the look of the catalog has changed. The new face-lift has refreshed the left side navigation along with adding quicker and easier access to Eastern's main web pages. The catalog has also become an annual publication, allowing changes to programs and courses to occur more quickly. As the catalog is the contract with the student, our goal is to always stay accurate and up to date with changes you need to know about. The links below are just another way the catalog has improved to meet your needs with more information beneficial to you.

2011-2012 University Calendar

Fall Semester 2011

Aug. 27, Sat.	Freshmen Residence Hall Move-In Day
Aug. 28-29, Sun., Mon.	Upperclass Residence Hall Move-In Days
Aug. 27-30, Sat., Sun., Mon., Tues.	Freshmen Orientation
Aug. 31, Wed.	Classes Begin
Sept. 5, Mon.	Labor Day no Classes- University Closed
Nov. 22, Tues. by 10 PM	Residence Halls Close
Nov. 23, Wed.	No Classes - University Open
Nov. 24-27, Thurs., Fri., Sat., Sun.	Thanksgiving Recess - University Closed
Nov. 28, Mon.	Classes Resume
Dec. 12, Mon.	Last Day of Classes
Dec. 13-19, Tues., Wed., Thurs., Fri., Sat., Sun., Mon.	Final Examinations
Dec. 18, Sun.	Commencement
Dec. 19, Mon. by 10 PM	Residence Halls Close
Dec. 19, Mon.	Close of Fall Semester
Dec. 23-Jan. 2	University Closed

Winter Semester 2012

Jan. 2-3, Mon., Tues.	University Closed
Jan. 8, Sun.	Move-In Day and Winter Orientation

Jan. 9, Mon.	Classes Begin
Jan. 16, Mon.	MLK Jr. Day - No Classes; Campus-Wide Celebration
Feb. 24, Fri. by 10 PM	Residence Halls Close
Feb. 27-March 4, Mon., Tues., Wed., Thurs., Fri., Sat., Sun.	Winter Recess - No Classes; Campus Open
March 5, Mon.	Classes Resume
April 6-8, Fri., Sat., Sun.	Spring Recess - University Closed
April 23, Mon.	Last Day of Classes
April 24-30, Tues., Wed., Thurs., Fri., Sat., Mon.	Final Examinations
April 29, Sun.	Commencement
April 30, Mon. by 10 PM	Residence Halls Close
April 30, Mon.	Close of Winter Semester

Spring Session 2012

May 6, Sun.	Move-In Day
May 7, Mon.	Classes Begin
May 28, Mon.	Memorial Day - University Closed
June 18, Mon.	Last Day of Classes - 6 Week
June 27, Wed.	Last Day of Classes - 7½ Week
	Final Exams will be held during the last scheduled class session
June 27, Wed. by 10 PM	Residence Halls Close
June 27, Wed.	Close of Spring Semester

Summer Session 2012

July, Sun.	Move-In Day
July 2, Mon.	Classes Begin
July 4, Wed.	Independence Day - University Closed
Aug. 10, Fri.	Last Day of Classes - 6 Week

Aug. 22, Wed.	Last Day of Classes - 7½ Week
	Final Exams will be held during the last scheduled class session
Aug. 22, Wed. by 10 PM	Residence Halls Close
Aug. 22, Wed.	Close of Summer Semester

2012-2013 University Calendar

Fall Semester 2012

Sept. 1, Sat.	Freshmen Residence Hall Move-In Day
Sept. 2-3, Sun., Mon.	Upperclass Residence Hall Move-In Days
Sept. 1-4, Sat., Sun., Mon., Tues.	Freshmen Orientation
Sept. 5, Wed.	Classes Begin
Nov. 20, Tues. by 10 PM	Residence Halls Close
Nov. 21, Wed.	No Classes - University Open
Nov. 22-25, Thurs., Fri., Sat., Sun.	Thanksgiving Recess - University Closed
Nov. 26, Mon.	Classes Resume
Dec. 12, Wed.	Last Day of Classes
Dec. 13-15, 17-19 Thurs., Fri., Sat., Mon., Tues., Wed.,	Final Examinations
Dec. 16, Sun.	Commencement
Dec. 19, Wed. by 10 PM	Residence Halls Close
Dec. 19, Wed.	Close of Fall Semester
TBA*	University Closed

Winter Semester 2013

Jan. 2, Wed.	University Opens
Jan. 6, Sun.	Move-In Day and Winter Orientation

Jan. 7, Mon.	Classes Begin
Jan. 21, Mon.	MLK Jr. Day - No Classes; Campus-Wide Celebration
March 1, Fri. by 10 PM	Residence Halls Close
March 4, Mon., Tues., Wed., Thurs., Fri., Sat., Sun.	Winter Recess - No Classes; Campus Open
March 11, Mon.	Classes Resume
March 29-31, Fri., Sat., Sun.	Spring Recess - University Closed
April 19, Fri.	Last Day of Classes
April 20, 22-26 Sat., Mon., Tues., Wed., Thurs., Fri.	Final Examinations
April 28, Sun.	Commencement
April 26, Fri. by 10 PM	Residence Halls Close
April 26, Fri.	Close of Winter Semester

Spring Session 2013

May 5, Sun.	Move-In Day
May 6, Mon.	Classes Begin
May 27, Mon.	Memorial Day - University Closed
June 17, Mon.	Last Day of Classes - 6 Week
June 26, Wed.	Last Day of Classes - 7½ Week
	Final Exams will be held during the last scheduled class session
June 26, Wed. by 10 PM	Residence Halls Close
June 26, Wed.	Close of Spring Semester

Summer Session 2013

July 30, Sun.	Move-In Day
July 1, Mon.	Classes Begin - 7 1/2 Weeks
July 4, Thurs.	Independence Day - University Closed
July 8, Mon.	Classes Begin - 6 Weeks

Aug. 16, Fri.	Last Day of Classes - 6 Week
Aug. 23, Fri.	Last Day of Classes - 7½ Week
	Final Exams will be held during the last scheduled class session
Aug. 23, Fri. by 10 PM	Residence Halls Close
Aug. 23, Fri.	Close of Summer Semester

Eastern Michigan University Mission

Eastern Michigan University is committed to excellence in teaching, the extension of knowledge through basic and applied research, and creative and artistic expression. Building on a proud tradition of national leadership in the preparation of teachers, we maximize educational opportunities and personal and professional growth for students from diverse backgrounds through an array of baccalaureate, master's and doctoral programs. We provide a student-focused learning environment that positively affects the lives of students and the community. We extend our commitment beyond the campus boundaries to the wider community through service initiatives and partnerships of mutual interest addressing local, regional, national and international opportunities and challenges.

Institutional Values

- Teaching and learning
- Excellence
- Human dignity and respect
- Diversity
- Scholarship and intellectual freedom
- Public engagement
- Leadership and participatory decision-making
- Integrity

Guiding Principles

- Accessibility
- Relevancy
- Responsiveness to change
- Flexibility
- Quality
- Collaboration
- Accountability
- Affordability

Eastern Michigan University Creed

We believe the **Integrity** of our work and the **Respect** we show for our fellow students, faculty, alumni and staff are an integral part of our ongoing **Education**. We believe that the **Relationships** we have and those we continue to develop will support us as we learn and grow together as a community.

University Profile and History

Eastern Michigan University is a comprehensive University whose roots date back to 1849, when the Michigan Legislature designated it as Michigan's first institution to educate teachers to serve the public schools. At that time the Detroit school system was only 10 years old and the transition from one-room school houses had just begun.

Graduate education was inaugurated in 1938, when the programs were conducted in cooperation with the University of Michigan. In 1953 Eastern gained approval to offer its own graduate programs.

During its first 100 years, Michigan State Normal School, as it was originally called, certified thousands of teachers and developed the broad-based academic curricula that prepared it for its evolution to University status in 1959. Within the University, three colleges emerged: the College of Education, the College of Arts and Sciences, and the Office of Graduate Studies and Research. The University has expanded three more times: in 1964 with the College of Business; in 1975 with the College of Health and Human Services; and in 1980 with the College of Technology.

New colleges created a need for additional acreage. The University campus spread from its original 275 acres on the south side of the Huron River to encompass an additional 182 acres west of the campus where student residences, athletic facilities and the Convocation Center are located. Among the newest buildings are the Porter College of Education building (1999); the Marshall College of Health and Human Services building (2000); and the University House (2004).

Today's student body reflects the national trend of mature adults returning to college to continue their education and prepare for new careers in a changing society. Women compose approximately 65 percent of the student body. Most students are from the state of Michigan, but 45 states and 93 countries are also represented. In fall 2006, 23,000 undergraduate and 4,650 graduate students were enrolled at Eastern Michigan University.

EMU's perspective has also grown, not only in on-campus program development, but also in online courses offered through the Office of Extended Programs and Educational Outreach.

Eastern Michigan University is known worldwide for its educational contributions. Its 105,000 living graduates are scattered among many countries as well as coast-to-coast in the United States, both strengthening and supporting the foundation that is the University in Ypsilanti.

Accreditations of Colleges and Departments

The University is fully accredited by the Higher Learning Commission, a subcommittee of the North Central Association of Colleges and Schools. In 2001 the University received an unqualified accreditation for a period of 10 years.

Eastern Michigan University also retains membership in these organizations: American Association of Colleges for Teacher Education; American Music Therapy Association; Association of Baccalaureate Social Work Program Directors; Council on Hotel, Restaurant and Institutional Education; Michigan Coalition of Schools/Departments offering the MSW; Michigan Historic Preservation Network; National Association of Deans and Directors of Schools of Social Work; National Council for Preservation Education; National Trust for Historic Preservation; and The Pioneer America Society.

Colleges and Departments

College of Arts and Sciences

- Department of African American Studies
- Department of Art
- Department of Biology
- Department of Chemistry (*accredited by the American Chemical Society*)
- Department of Communication, Media and Theatre Arts
- Department of Computer Science

- Department of Economics
- Department of English Language and Literature
- Department of Geography and Geology (*historic preservation accredited by the National Council for Preservation Education; urban and regional planning accredited by the Association of Collegiate Schools of Planning and by the Planning Accreditation Board; historic preservation affiliated with the Association for Preservation Technology, Michigan Historic Preservation Network, Pioneer America Society, Vernacular Architecture Forum and the National Trust for Historic Preservation*)
- Department of History and Philosophy
- Department of Mathematics
- Department of Music and Dance (*accredited by the National Association of Schools of Music and the American Music Therapy Association*)
- Department of Physics and Astronomy
- Department of Political Science (*public administration accredited by the National Association of Schools of Public Affairs and Administration*)
- Department of Psychology (*accredited by the Association for Behavior Analysis, American Psychological Association and Council of Applied Master's Programs in Psychology*)
- Department of Sociology, Anthropology and Criminology
- Department of Women's and Gender Studies
- Department of World Languages

College of Business

(Accredited by the Association to Advance Collegiate Schools of Business)

- Department of Accounting and Finance
- Department of Computer Information Systems
- Department of Management
- Department of Marketing

College of Education

(All professional educator preparation programs of EMU are accredited by the National Council for the Accreditation of Teacher Education and approved by the Michigan Department of Education.)

- Department of Leadership and Counseling (*community, college and school counseling programs accredited by the Council for Accreditation of Counseling and Related Educational Programs*)
- Department of Special Education (*speech-language pathology program accredited by the American Speech-Hearing Association; hearing impaired program accredited by the Council on Education for the Deaf*)
- Department of Teacher Education (*accredited by the National Council for the Accreditation of Teacher Education*)

College of Health and Human Services

- School of Health Promotion and Human Performance (*athletic training accredited by the Commission on Accreditation of Allied Health Education Programs and the Joint Review Committee on Education Planning and Athletic Training; health education accredited by the Michigan Department of Education/National Council for the Accreditation of Teacher Education; orthotics and prosthetics accredited by the National Commission on Orthotics and Prosthetics Education; physical education accredited by the National Association of Sport and Physical Education/National Council for the Accreditation of Teacher Education*)

- School of Health Sciences (*clinical laboratory sciences program accredited by the National Accreditation Agency for Clinical Laboratory Sciences; occupational therapy accredited by the Accreditation Council for Occupational Therapy Education; dietetics accredited by the Commission on Accreditation for Dietetics Education of the American Dietetic Association*)
- School of Nursing (*accredited by the Commission on Collegiate Nursing Education*)
- School of Social Work (*accredited by the Council on Social Work Education*)

College of Technology

- School of Engineering Technology (*construction management accredited by the American Council for Construction Education; computer-aided design, manufacturing technology and polymers and coatings technology accredited by the National Association of Industrial Technology; interior design accredited by the Foundation for Interior Design Education and Research*)
- School of Technology Studies (*aviation management, communication technology and industrial distribution accredited by the National Association of Industrial Technology; hospitality management program accredited by the Council on Hotel, Restaurant and Institutional Education; legal assistant [paralegal studies] program accredited by the American Bar Association; network and information technology administration, marketing education, technology education - folio approved by the National Council for Accreditation of Teacher Education/International Technology Educational Association/Council on Technology Teacher Education*)
- Military Science and Leadership

General Information

Director: Chris Foreman

E-mail: cforeman@emich.edu

Web site: <http://www.emich.edu/gened>

General education is the core of an undergraduate education. It is general in that it provides students with a comprehensive educational experience and prepares them for study within their major. General education teaches students to think critically and communicate effectively; it provides an introduction to the methodologies and practices of the academic disciplines; it promotes intellectual curiosity and a love of learning. General education is the heart of an EMU education and a source of institutional pride.

Curriculum Categories

Area I: Effective Communication

- Communication is frequently cited as employers' number one concern with college graduates. Education in speaking and writing is essential in helping students think clearly and in helping them organize and present their thoughts effectively. Individuals need to be able to communicate effectively for their own advancement and for their engagement with the world.

Area II: Quantitative Reasoning

- Quantitative reasoning skills are required in almost every major and professional program, as well as in personal and professional life. Students need quantitative literacy to function in society. Common examples include managing one's own finances (e.g., credit card debt), reading and understanding the newspaper, and informed voting.

Area III: Perspectives on a Diverse World

- **Global Awareness**
 - Because of the interconnectedness of nations, very few organizations function solely in the U.S. We all need to understand the world in which we live; to be informed citizens, we need to be able to think about and understand other cultures. By studying a number of nations or one nation in depth, students learn the skills for understanding other cultures.
- **U.S. Diversity**
 - College is often the first place where students are placed in an environment with people unlike them. We all need to learn respect for other persons, and such respect comes with knowledge. An understanding of and appreciation for diversity is central in employment, civic participation, and life more generally.

Area IV: Knowledge of the Disciplines

- Because each discipline offers a different perspective for understanding the world, understanding anything well requires some understanding of all of them. Students employ critical thinking skills to develop questions of inquiry that reflect an understanding of different disciplinary perspectives.

Area V: Learning Beyond the Classroom (LBC)

- A university education is about more than just classes. Students involved in activities outside of the classroom have higher retention rates and more positive educational experiences. Learning Beyond the Classroom encourages students to obtain hands-on experience and to learn about professionalism; it also provides a way to apply classroom knowledge.

Waiver, Placement and Substitutions

- Students may choose to complete ENGL 120 as an elective to prepare for the required ENGL 121 course. Students will decide this by completing the *Guided Self-Placement (GSP) Student Survey* located at: www.emich.edu/english/gsp/. Students with an ACT English sub-score of 29 or higher, or an SAT Verbal sub-score of 640 or higher, are *waived* from this requirement.
International students may use ESLN 412 to meet the ENGL 121 requirement Area I, #1.
- Students with a very strong background in oral communication (public speaking and critical listening) may contact the Communication and Theatre Arts department at 124 Quirk, 734.487.3131, for a possible *waiver* of the required CTAS 124 course. *Waivers are granted only on a case-by-case basis.*
- Students with an ACT Math sub-score of less than 19, or an SAT Math sub-score of less than 520, are encouraged to take MATH 097/098 in preparation for MATH 110. However, students may take the Math Placement Test to place into MATH 110. (*NOTE: MATH 097 and 098 do NOT count toward the minimum 124 hours required for graduation. Students who complete MATH 097 and/or 098 will be required to complete additional hours over the minimum of 124 hours to graduate.*)
- Students with
 - an ACT Math sub-score of 19-22, or an SAT Math sub-score of 520-570, are eligible to take MATH 110 based on that test score.
 - an ACT Math sub-score of 23-27, an SAT Math sub-score of 580-660, or a CLM score of 53-92 may take MATH 110 *or* another course designated as a quantitative reasoning (QR) course.
 - an ACT Math sub-score of 28 or higher, an SAT Math sub-score of 670 or higher, or a CLM score 93 or higher are *waived* from the Math 110 requirement.
- Upon a student's initial enrollment at EMU, the Academic Advising Center (734.487.2171) has the authority to exercise professional judgment when accepting transfer courses for the General Education Program. Credits earned through the Advanced Placement (AP), College-Level Examination Program (CLEP), International Baccalaureate (IB), and the military are treated as transfer credit and the scores/credits are evaluated by the following departments:
 - AP - College of Arts and Sciences, Dean's Office, 734.487.4344
 - CLEP - Academic Advising Center, 734.487.2171
 - IB - Office of Admissions, International Admissions, 734.487.0205
 - Military credit -Veterans Services, 734.487.3119
- After their initial enrollment at EMU, students who wish to receive General Education approval to take, at another institution, courses not accepted as direct (course-to-course) equivalencies to the General Education Program, must receive prior approval from the General Education Director (734.487.0439).
- Waivers and substitutions for courses taken at EMU and not approved for the General Education Program can only be granted by the General Education Director (734.487.0439) and cannot be approved for General Education credit by academic departments. NOTE: Exceptions to this are the courses in Area I and II whose guidelines appear above.

QRChoice Category Information

Students under the new General Education Program are placed into a Quantitative Reasoning (QR) category based upon their ACT or SAT math score. Students with an ACT math score greater than or equal to 23 or an SAT math score greater than or equal to 580 are in the "QRChoice" category; they can take any approved QR course (or may be waived from the requirement* if the score is 28+ for ACT or 670+ for SAT). All other students, including those without an ACT or SAT score, must take MATH 110 or MATH 110E (for Elementary Education certification) as the requirement for the General Education Program.

Students who are not eligible for QRChoice may test into this category by using the College Level Math section (CLM) of the mathematics placement test. Testing into QRChoice can only be done under the following conditions:

1. A student must obtain a form designated for this purpose from the Academic Advising Center, 301 Pierce. (This is not the same as the pink math placement authorization form.)
2. The score on the CLM must be 53 or higher. *No exceptions will be made to this cutoff.*
A score of 93 or higher will earn the student a QR waiver**.
3. The student cannot take the CLM test more than two times. This includes times that the test is taken for initial placement purposes.
4. A student must wait a minimum of 30 days between a first attempt and a second attempt.
5. The test must be taken within one calendar year from the beginning of the student's first term at EMU with an *application decision* of "regular admit." This applies also to a second attempt.
6. To take the QRChoice test, a student must have a minimum math score on the ACT of 19 or on the SAT of 520 or have passed the Elementary Algebra placement test with a minimum score of 83.

Students should consider getting the QRChoice Category Request to Test Form if this situation applies to them.

QRChoice Category Request to Test Forms will be returned to the Academic Advising Center through a secure route, and kept on file there. Students who successfully test into QRChoice will have a code entered onto their record by the Academic Advising Center to be used for graduation audit purposes. A study guide can be found at <http://math.emich.edu/placement.html>

*A QR waiver means that the QR requirement for the General Education Program is deemed to have been satisfied. A student may still have to take one of the designated QR courses if his/her program (major, minor or curriculum) requires it or if it is needed as a prerequisite to another course he/she wishes to take.

General Education Transfer Guidelines

Transfer students with MACRAO* will need to meet three requirements:

1. **QR requirement**
A course transferring in as MATH 105, MATH 112, or any course on the QR list, will meet this requirement if taken before the first semester at EMU with an *application decision* of "regular admit." If not, the student must satisfy the QR requirement by a course at EMU or a course-for-course transfer (see General Education Program, Area II).
2. **Perspectives on a Diverse World**
One course is required and may be in either Global Awareness or U.S. Diversity; it can be transferred if taken before the first semester at EMU with an *application decision* of "regular admit."
3. **Learning Beyond the Classroom**
Only one course or experience is required and must be completed at EMU.

Transfer students without MACRAO* but with 30 or more transferable hours will need to satisfy:

1. **All General Education requirements**
Requirements may be met by transferred courses if taken before the first semester at EMU with an *application decision* of "regular admit."
2. **QR requirement (exception)**
A course transferring in as MATH 105, MATH 112, or any course on the QR list will meet the requirement if taken before the first semester at EMU with an *application decision* of "regular admit." If not, the student must satisfy the QR requirement by a course at EMU or a course-for-course transfer (see General Education Program, Area II).
3. **Perspectives on a Diverse World (exception)**
One course is required and may be in either Global Awareness or U.S. Diversity; it can be transferred if taken before the first semester at EMU with an *application decision* of "regular admit."
4. **Learning Beyond the Classroom (exception)**
Only one course or experience is required and must be completed at EMU.

Transfer students without MACRAO* and with less than 30 transferable hours will need to satisfy:

1. **All General Education requirements**
Requirements may be met by transferred courses if taken before the first semester at EMU with an *application decision* of "regular admit."

2. **QR requirement (exception)**

A course transferring in as one of MATH 105, MATH 112, or any course on the QR list will meet the requirement if taken before the first semester at EMU with an *application decision* of “*regular admit*.” If not, the student must satisfy the QR requirement by a course at EMU or a course-for-course transfer (see General Education Program, Area II).

3. **Learning Beyond the Classroom (exception)**

Only one of the two LBC requirements may be an equivalent course that is transferred if taken before the first semester at EMU with an *application decision* of “*regular admit*.” The other LBC must be completed at EMU.

*MACRAO may be completed after initial enrollment at EMU

To receive credit for transfer courses completed after the first term of enrollment at EMU with an *application decision* of “*regular admit*,” the courses must be direct equivalencies (course-to-course) to EMU’s General Education Program in order to be applied to General Education requirements. Questions regarding course-to-course equivalencies should be directed to the Director of the General Education Program at 734.487.0439.

Co-Curricular Programs

Co-curricular programs are programs that "complement, but are not a part of the regular curriculum." Eastern Michigan University offers many of these opportunities for students.

- **Academic Service-Learning** A teaching and learning strategy that integrates meaningful community service with instruction and reflection as a means for helping students gain a deeper understanding of course objectives, acquire new knowledge and engage in civic activity.
- **Area V: Learning Beyond the Classroom (LBC)** A university education is about more than just classes. Students involved in activities outside of the classroom have higher retention rates and more positive educational experiences. Learning Beyond the Classroom encourages students to obtain hands-on experience and to learn about professionalism; it also provides a way to apply classroom knowledge. Learning Beyond the Classroom is a sub-section of the General Education curriculum.
- **The Nonprofit Leadership Alliance Program.** Designed for students from all majors and minor interested in being involved in the community, NLA provides students with a National Certification in Nonprofit Management and Leadership and the corresponding Certified Nonprofit Professional (CNP) credential. By meeting the ten core NLA competencies our students are well prepared for successful careers in the nonprofit sector. The link to the NLA program is www.emich.edu/nonprofi. Check out this video about the NLA program.

Academics

Degrees

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

Basic undergraduate degrees conferred by the Board of Regents on recommendation of the president and faculty are the bachelor of science (B.S.) and the bachelor of arts (B.A.) degrees. Both degrees require completion of University general education requirements, a major and a minor, and a minimum total of 124 hours. The bachelor of arts degree includes in that total one year of college credit in a foreign language. The bachelor of science degree provides greatest flexibility in selection of the major and minor and in the use of electives.

Bachelor's degrees are also awarded in fine arts (B.F.A.) and art education (B.A.E.) - see Department of Art, College of Arts and Sciences; business administration (B.B.A.) - see College of Business; bachelor of business administration and bachelor of arts in language and world business (B.B.A./B.A.) - see College of Business or Department of World Languages, College of Arts and Sciences; business education (B.B.E.) - see School of Technology Studies, College of Technology; music education (B.M.E.), music-performance (B.M.U.), and music therapy (B.M.T.) - see Department of Music and Dance, College of Arts and Sciences; nursing (B.S.N.) - see School of Nursing, College of Health and Human Services.

Many students also select preprofessional fields of study such as medicine, dentistry and forestry (listed in departments) or seek certification and/or licensing in teaching, medical technology and similar fields (listed at the end of this section). These preprofessional fields of study do not culminate in an EMU degree.

Graduate degrees offered by this University are master of arts (M.A.), master of science (M.S.), master of fine arts (M.F.A.), master of business administration (M.B.A.), master of public administration (M.P.A.), master of business education (M.B.E.), master of individualized studies (M.I.S.), master of social work (M.S.W.), master of nursing (M.N.), master of occupational therapy (M.O.T.) and master of liberal studies (M.L.S.). In addition, there is a specialist in arts degree (S.A.) and doctorates in educational leadership (Ed.D.), psychology (Psy.D.) and technology (Th.D.). All are listed in the graduate catalog.

Bachelor's degree programs require students to take courses in various subject areas as specified both in the general education requirements and in departmental majors and minors.

Majors/Minors

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

Each student must complete a major subject of at least 30 credit hours and a minor subject of at least 20 credit hours with the following exceptions:

1. A student in the elementary teaching curriculum may present three minors of at least 20 credit hours - each of which is a subject field taught in the elementary grades.
2. A student who completes a self-contained curriculum of 50-60 hours will automatically satisfy major/minor requirements.

Hours of credit counted toward a minor may not be applied to a major or another minor or vice versa. General education courses may be applied toward a major or a minor where appropriate.

Professional education courses do not count toward majors and minors except in cases in which such courses are specifically required or indicated as permissible as part of a major or minor.

All students, including transfer students, must complete at Eastern Michigan University the following minimum requirements in advanced courses numbered 300 or above in their majors and minors, unless specifically exempted by the department concerned:

1. At least nine hours in majors.
2. At least six hours in minors.
3. At least 15 additional hours in curricula that encompass both major and minor requirements.

Degree Requirements

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area may be applied towards the minimum of 124 hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses; that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program adviser.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas; do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education Program website: <http://www.emich.edu/gened>

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

Alternative Credit Options

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

Eastern Michigan University offers students the opportunity to earn academic credit by examination and/or by portfolio. In some instances, students may enroll immediately in advanced courses through alternative programs. Especially high test scores may warrant additional academic credit and/or higher placement.

These programs include:

Advanced Placement (AP). Students who have taken Advanced Placement high school courses, and earn at least a three on the corresponding Advanced Placement tests, will be granted at least two hours of credit in each subject area in which they have earned that score. The Advanced Placement Credit Available by Departments table lists departments and courses for which credit can be earned.

International Baccalaureate (IB). Students who submit their IB scores to Eastern Michigan University will receive at least two hours of academic credit for a score of four or higher on the higher-level IB exam. The International Baccalaureate Diploma does not equate automatically with sophomore standing, nor does it automatically waive general education requirements.

College Level Examination Program (CLEP). Students may receive academic credit for certain EMU courses by achieving a minimum score on a test available through the College Level Examination Program. The courses for which CLEP tests are available, and the minimum score needed to receive credit, are listed in the CLEP Credit Available by Departments table.

Academic credit earned by means of AP, IB or CLEP test scores may not be duplicated for separate tests. Also, AP, IB or CLEP credit will not be awarded when EMU credit has already been earned or transfer credit awarded for courses covering the same subject matter.

Credit by Examination. Students may also receive academic credit for certain courses where CLEP tests are not available by achieving a minimum score on a departmentally administered examination. Credit by Examination is subject to the following limitations:

- Students must have been admitted to Eastern Michigan University.
- Credit normally will not be awarded for any course for which a student has credit or in which the student is currently enrolled.
- Credit by Examination is not available for workshops, special topics courses, seminars and directed studies, or any other course excluded by an academic department.

Validation. Validation may be required to earn transfer credit for courses, taken at a two-year college, whose content is sufficiently similar to that of 300- and 400-level EMU courses. Validation will be considered only after all other transfer credit earned at accredited two-year colleges has been awarded and recorded on the student's official EMU record. Validation may be achieved in either of two ways:

- Satisfactory completion of the next more advanced course as designated by the head of the appropriate department or school.
- Passing a comprehensive examination or equivalent activity in the course for which EMU validation is requested.

The following procedures must be followed to earn Credit by Examination or to validate a course by examination:

1. The student must obtain an Application for Credit by Examination/Validation at the Office of Records and Registration, 303 Pierce Hall.
2. The student should submit the application to the head of the department/school in which the course is offered. The department head will evaluate the request and determine whether to grant or deny permission for Credit by Examination/Validation or to hold the request for further investigation.
3. Once permission has been granted, the student will make arrangements with the department for a time and place for the examination or equivalent activity, and a supervising faculty evaluator.
4. Prior to the agreed-upon time, the student will validate the permission form by paying the fee to the EMU Cashier's Office. The fee will be equivalent to one credit hour of tuition for each undergraduate examination attempted.
5. The student will present the validated permission form to the faculty evaluator prior to the examination or equivalent activity.
6. After the faculty member evaluates the student's performance and indicates P/F on the permission form, a copy of the written examination or explanation of the activity as well as the instructor's total evaluation will be placed on file in the office of the department head. The department head will sign the permission form indicating receipt of the faculty member's evaluation.
7. The department head will forward the permission form to the Office of Records and Registration for posting to the student's record.

6. Portfolio-assisted Prior Learning Assessment (PLA). Portfolio-assisted Prior Learning Assessment is available through participating academic departments when CLEP, Credit by Examination and Validation are not appropriate for assessing a student's previous learning. Credit may be awarded for general education or for courses in majors, minors or concentrations. Departments or schools may choose to participate on a case-by-case basis or may designate selected courses available via PLA. Additional information is available through the Office of Prior Learning Assessment at 734.487.9801 or 800.777.3521.

CLEP Credit Available by Departments

Department	Exam/Subject	Minimum Score	Credit Awarded

Prior Learning Assessment

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

Academic standards for portfolio-assisted Prior Learning Assessment:

- Credit is given only for learning and not for experience.
- College credit is awarded only for college-level learning.
- Credit is awarded only for learning that has a balance, appropriate to the subject, between theory and practical application.
- The determination of competence levels and credit awards is made by academic experts in the appropriate subject matter.
- Credit is appropriate to the academic context in which it is accepted.

Procedures for portfolio-assisted Prior Learning Assessment:

1. The student contacts the PLA Office for information about the PLA process.
2. The student must be admitted to Eastern Michigan University.

3. The student must complete a free workshop and review syllabi to determine whether to attempt earning credit through the PLA process.
4. The student compiles portfolios to present for assessment within one year of completion of the workshop. Each portfolio to be presented to a faculty assessor contains all portfolio elements including appropriate documentation. The master portfolio contains each portfolio element including all learning statements and all documentation lists but no copies of documentation.
5. The student must present the master portfolio and departmental portfolios to the Office of Prior Learning Assessment for review. Upon successful review, the PLA office issues appropriate portfolio registration forms.
6. The student pays the required assessment fee to Eastern Michigan University as part of portfolio registration.
7. The Office of Prior Learning Assessment distributes portfolios to heads of departments or schools for assignment to faculty assessors.
8. Faculty assessors evaluate the portfolios; faculty assessors may request additional demonstrations of competence.
9. Faculty assessors return portfolios and assessments to the Office of Prior Learning Assessment.
10. The Office of Prior Learning Assessment notifies the student of credit award or denial and also notifies the Office of Records and Registration of awarded credit for posting to the student's record.

Graduation

Baccalaureates

Most students in the college pursue one of the two basic undergraduate degrees, bachelor of science (B.S.) or bachelor of arts (B.A.). Both degrees require completion of University general education requirements, a major and a minor and a minimum total of 124 hours. The bachelor of arts degree includes in that total one year of college credit in a foreign language. The bachelor of science degree provides greatest flexibility in selection of the major and minor and in the use of electives.

Additionally, specialized degrees are offered through each college. Detailed information regarding these specialized degrees can be found within individual departments.

Graduation Requirements

To graduate from Eastern Michigan University, a student must earn a bachelor of science degree, a bachelor of arts degree or one of the bachelor's degrees pertinent to the field of study. To accomplish this, students must fulfill general education requirements; a major of 30-36 hours and a minor of 20-24 hours or a self-contained program of 50-60 hours; and electives to equal the minimum total of 124 college-level credits.

The catalog requirements in effect at the time of a student's initial registration at a college or University or the requirements of a subsequent catalog, including those in effect at the time of the student's graduation, may be used to complete graduation requirements. In the event the student does not complete degree requirements within seven years of the date of his/her original registration, the student may be required to have his/her credits re-evaluated by the Office of Records and Registration in keeping with more recent catalog requirements. (See special time requirements in the description of the nursing program.)

Graduation Audit

Students who have completed 95 credit hours or more should request a graduation audit by completing the required form at the Office of Records and Registration, 303 Pierce Hall, or completing the form usually printed in the class schedule book each semester.

The form requires students to record their expected date of graduation, legal name, student number and major(s) and minor(s) elected. In addition, a check list is provided for degree expected and teacher certification expected. Accurate information is essential.

Forms are filed in the Office of Records and Registration and processed according to expected graduation date. A graduation auditor checks the credit hours taken and records the credit hours still needed. One copy of this audit is mailed to the student and another copy is filed. Students should receive their audits a semester before they apply for graduation. A graduation audit does not take the place of regular, thorough advising.

Students may return the forms by mail or in person to Room 303 Pierce Hall. Time is required by the office staff for processing, and immediate responses to requests for information cannot be made at the time of the request.

Commencement

Commencement at Eastern Michigan University represents the culmination of a student's academic achievement. It is a time of celebration and reflection for students, families, faculty and staff. It brings together a diverse community to share in the joy of the accomplished goals of students.

The commencement ceremony at Eastern Michigan University serves a dual purpose: to mark a point of accomplishment, thus completing a chapter in the lives of students and those who support them, and to encourage continued pursuit of education and personal fulfillment.

Commencement eligibility includes students who have submitted an application for graduation by the posted deadline (beginning of the semester) for the indicated semester. Commencement ceremonies are held in April and December only. June and August graduates will participate in the December ceremony following their graduation date.

Academic distinction is awarded at graduation to students whose cumulative grade point average merits special recognition. A 3.9-4.0 grade point average is accorded summa cum laude; a 3.7-3.89, magna cum laude; and 3.5-3.69, cum laude on the diploma and permanent transcript record.

Academic Assessment

The Higher Learning Commission of the North Central Association of Colleges and Schools (NCA), EMU's regional accrediting body, has mandated that every college and University in the region have a plan for assessing both general education and each existing academic major for all students enrolling in the fall 1995 semester and later. EMU endorses this mandate and believes that the University will benefit by identifying the key skills and concepts that academic programs are developing and how well these skills and concepts are being developed in our students.

Because it is important to assess a representative sample of students, Eastern Michigan University considers involvement in this assessment mandatory for students asked to participate.

In some cases all students will be asked to participate. In other cases where it is impractical to assess all students, a representative sample will be selected. In either case, the above stated requirement will apply.

General education will be assessed through use of the Educational Testing Service's "Tasks in Critical Thinking." Between 200-250 students will take this test each year and students who participate in academic assessment activities will be helping Eastern Michigan University continually refine and improve its excellent academic programs and further enhance the reputation of all degrees awarded.

Educational Opportunities

Academic Service-Learning

Academic Service-Learning is a teaching methodology which engages students in community service as a means of helping them gain a deeper understanding of course objectives, acquire new knowledge and engage in civic activity.

The Office of Academic Service-Learning provides a resource center that features journals, books, other publications related to academic service-learning. Research opportunities are also available for faculty and students. AS-L Faculty Fellow Seminars are offered each fall and winter. Over 150 EMU faculty have participated in a semester-long weekly seminar examining academic service-learning theory, implementation and assessment. For a full list of EMU faculty trained in the ASL Faculty Fellow Seminar, please visit: www.asl.emich.edu

To get involved in Academic Service-Learning, students should contact our office:

- **Office of Academic Service-Learning**
Campus Address: 219 Rackham Hall
Phone: 734.487.6570
Web site: www.asl.emich.edu

TEDU350 Curriculum in Technology and Vocational Education

The office of Academic Service Learning also has several grant-based Outreach Programs including:

- **Ypsilanti Youth Empowered to Act (YYEA)**- YYEA seeks to change the way the youth voice is heard by taking action and promoting engagement and decision making in the community.
- **CrossTown Theatre Troupe**- CrossTown Theatre Troupe is a program designed to help stimulate the youth voice through the use of theatre.
- **The B. Side: The Business Side of Youth**- The B. Side develops business and professional skills and encourages creative and intelligent risk taking and instills financial independence and community responsibility in youth ages 13-20.

American Humanics

Address: 215 Rackham

Phone: 734.487.1612

Fax: 734.487.8514

E-mail: humanics@emich.edu

Web site: www.americanhumanics.emich.edu

The American Humanics: The Nonprofit Scholars Program at EMU is a place for developing theoretical knowledge and practical skills. The program is part of the American Humanics Inc., a national alliance of colleges, universities and nonprofit organizations dedicated to educating, preparing and certifying professionals to strengthen and lead nonprofit organizations. To date, American Humanics Inc. is affiliated with more than 18 nonprofit agencies and numerous collaborating professional organizations and foundations, including American Red Cross, Girl Scouts, YMCA and Boys and Girls Clubs of America.

Undergraduate students earn an American Humanics certificate additionally to the bachelor degree. Students earn the certificate by:

1. Achieving 14 competencies;
2. Completing 300 hours of field-based experiences at a local nonprofit;
3. Participating in the American Humanics Student Association;
4. Attending one American Humanics Management Institute. The American Humanics certificate is provided by American Humanics, Inc. and it is recognized nationwide. The certificate gives students an edge on the job market.

The American Humanics competencies serve as a comprehensive, yet flexible framework to guide students toward certification, while providing nonprofit agencies with a pool of graduates highly qualified for employment. Examples of competencies include: marketing, management, program planning, board/committee development, human resource management and fundraising. There are two ways to achieve the competencies: by completing a portfolio or by enrolling in the interdisciplinary minor in nonprofit administration. The interdisciplinary minor in nonprofit administration is the structured way, while the portfolio is the more independent way to achieve the competencies. The interdisciplinary minor in nonprofit administration is administered by the Department of Political Science.

American Humanics certification provides significant benefits to student. It rewards students who are already volunteering with and working in the community organizations with national recognition, and introduces students who have limited or no community service experiences to the challenging life of nonprofit organizations. Most importantly, the American Humanics certification provides students with a job market advantage and networking opportunities. The nonprofit sector is the fastest growing sector of the economy, for example, in Michigan, every 11th job is in the nonprofit sector. American Humanics graduates are highly sought on the job market to fill in positions such as program directors, fundraisers, human resource directors, volunteer coordinators and other positions. American Humanics graduate have an outstanding record of job placement - nearly 100 percent for those students who complete the requirements.

CSIE Program

Address: 218 Rackham Hall

Phone: 734.487.0281

E-mail: csie.info@emich.edu

Web site: www.emich.edu/csie

Facebook Group: [CSIE@EMU](https://www.facebook.com/CSIE@EMU)

The Creative Scientific Inquiry Experience (CSIE) Program is funded through a grant from the National Science Foundation. The purpose is to increase the number of graduates with science, technology, engineering and mathematics (STEM) and related majors. The program offers unique integrated clusters of STEM courses called CSIEs, anchored by a one- or two-credit CSIE seminar.

Each CSIE features the following benefits:

- Deeper exploration of class content related to a common interdisciplinary theme through academic service-learning* (AS-L) experiences which often include community-based research projects;
- Intensive mentoring and advising by CSIE faculty and program staff to help students plan their academic careers and engage in early research experiences;
- Opportunity to learn with professionals from local industries, government organizations and non-profit agencies, through shadowing experiences, guest speaker interviews, facility tours, field work and the AS-L experiences;
- Free book loan program and of subsidized lab manuals and course supplies;
- Opportunity to satisfy general education requirements[†] for learning beyond the classroom (LBC) through 15 hours of service and/or presenting research at the Undergraduate Symposium[‡] or professional meetings or conferences.

CSIE clusters are published each term in the course schedule books and online at the program website and Facebook group. Students can enroll directly through normal registration procedures - no special permissions, restrictions or overrides. Only department-defined skill and course prerequisites apply; no additional academic requirements are mandated for the program. Students do not need a declared STEM major to participate.

Learn more about the program, read examples of previous CSIE clusters, and view upcoming offerings by going to www.emich.edu/csie.

**See The Office of Academic Service Learning for a definition and examples of AS-L experiences.*

† See General Education to learn about the LBC requirements.

‡ See Undergraduate Symposium to learn about undergraduate research and experiences.

First Year Experience Programs

EMU offers practical, yet innovative, programs for its first-year students to enhance learning experiences in the classroom, increase academic performance, improve student connections to the campus and community and aid in student retention and persistence towards an undergraduate degree.

First-Year Interest Groups (FIGs)

FIGs are learning communities in which freshmen explore common interests, develop critical thinking skills and build lasting friendships. FIG students take up to three college-level courses with the same peer group. All courses satisfy general education, program or elective credit towards graduation. FIG instructors are experienced in teaching, mentoring and developing the strengths of first year students.

Promoting Academic Success and Survival (PASS)

The PASS program is designed to challenge and support freshmen who fall just below regular admission criteria and addresses issues students face as they transition to college. The program is based on the assumption that students are willing to work hard to succeed and that effective academic programs and teaching methods can bring them to the standards expected of college students. Among the benefits of the PASS program are learning community scheduling, free academic workshops, development of study skills as well as academic monitoring, individualized instruction and advising assistance.

Institute for the Study of Children, Families and Communities

David L. Clifford Ph.D., director

Address: 203 Boone Hall

Phone: 734.487.0372

Fax: 734.487.0284

E-mail: david.clifford@emich.edu

Web site: www.iscfc.emich.edu

The Institute for the Study of Children, Families and Communities is an interdisciplinary applied research unit. It organizes teams of faculty, staff and community partners to carry out research, demonstration projects, technical assistance, consultation, training, assessment and policy analysis and advocacy. The institute executes its mission through its three centers.

The Center for Applied Research (CAR) provides a full range of research services including needs assessments, asset mapping, survey research, program monitoring and evaluation, data collection and analysis, and policy impact analysis. The CAR includes a state-of-the-art computer assisted telephone interviewing facility, the CATI Lab. Director: Peggy Wienczek, M.S., e-mail: peggy.wienczek@emich.edu

The Center for Child and Family Programs (CCFP) focuses on vulnerable children, families and marginalized youth. The CCFP conducts applied research and program evaluation, develops training curricula, provides technical assistance and develops policy recommendations at the local, state and national levels. Director: Valerie Polakow, Ph.D., e-mail: valerie.polakow@emich.edu

The Center for Community Building and Civic Engagement (CCBCE), operationally extends EMU's mission into the greater community. Through projects such as the HUD Community Outreach Partnership Center and the U.S. Department of Justice capacity building grant, it promotes community capacity building, youth violence reduction and a range of community-University collaborations. Director: Elvia R. Krajewski-Jaime, Ph.D., e-mail: ekrajewski@emich.edu

Celebration of Student Writing

At the end of every fall and winter semester, the approximately 1200 students enrolled in English 121 classes display their written work at the semi-annual Celebration of Student Writing. For the celebration, sponsored by the Department of English Language and Literature, students create products representing the research they do in their 121 classes. Students who display

their work are joined at the Celebration by EMU faculty and administrators, students from other EMU courses and visitors ranging from prospective EMU students to students in writing courses from other colleges. Attendees wander the room and talk with student authors about their Celebration projects and their research work for the semester.

Diversity in the Curriculum

The Diversity in the Curriculum program promotes the development of a curriculum of inclusion within the colleges, departments and programs of the Division of Academic Affairs at Eastern Michigan University. Our objective is to translate the growing scholarship on diversity and multiculturalism into educational practices that reflect the most constructive aspects of cultural pluralism. Eastern Michigan University is nationally recognized for a high level of diversity in its student population. The purpose of diversity in the curriculum is to ensure that our faculty and staff become characterized by an equally high level of multicultural expertise, as reflected in our curricular offerings and co-curricular services.

ElderQuest

Address: 217 Rackham Hall

Phone: 734.487.0227

E-mail: ElderQuest@emich.edu

Web site: www.emich.edu/elderquest

The ElderQuest program provides a welcoming environment for persons 50 years and older and offers the opportunity to fully participate in campus programs and activities. ElderQuest provides leadership in the identification of various pathways into the University community including building University awareness and support for programming and services targeted for the elder population. ElderQuest office staff assists the elder participant in designing an exciting and challenging plan that fits his or her needs. There are many ways that an ElderQuest participant may be involved in University life including: serving as a guest lecture, working part-time on campus, assisting with special campus events, and mentoring students.

Writing Across the Curriculum

Students at EMU experience a coordinated approach to writing instruction that begins in their first year with ENGL 120/ENGL 121, that is supported through workshops and tutoring offered by the University Writing Center and Academic Project Center, and that is continued in their majors with the Writing-Intensive courses that are now a graduation requirement for all students. The Writing Across the Curriculum program provides the outcomes for and assesses the WI courses. It supports faculty members who teach the Writing-Intensive courses as well as faculty who use writing in both their General Education and other major courses. These faculty elect to participate in summer institutes that focus on the teaching of writing in the disciplines. Students benefit directly from these faculty members' dedication to the development of their critical thinking and communication skills.

University Library

Bruce T. Halle Library

Rachel J. Cheng, University librarian

Address: 955 West Circle Drive

Phone: 734.487.0020 ext. 2200

Fax: 734.484.1151

Web site: www.emich.edu/halle

The Bruce T. Halle Library supports the academic mission of the University through its state-of-the-art services, collections, technologies, facilities and equipment.

The Library is a vital component of the University's educational mission. It houses more than one million items including books, journal subscriptions, microforms, audio visual materials and U.S. Government Documents. The library has a rapidly growing collection of state-of-the-art electronic indexes and full-text ejournals and ebooks. The library contains special collections of faculty publications, children's literature, maps, African-American history and also houses the University Archives. These extensive collections are focused to provide strong support for the instructional programs of the University. More information about the library's collections, hours, and services is available at www.emich.edu/halle.

In addition to its collections, Halle Library provides the campus with venues where people can gather to share ideas and learn including meeting/classrooms, computer labs, a 90-seat auditorium, group study rooms, a TV studio, and the Paradox Café. The Library provides hundreds of public access computers. A unique feature of the Library is the Automated Retrieval Collection (ARC). The ARC's massive robot cranes locate and move the hundreds of bins that hold more than a half-million books, videos and other items from the Library's collection. Materials from the ARC can be in your hands within ten minutes.

Materials, including reserved reading materials assigned for use in course work, are checked-in and out on the main floor at the Circulation Desk. The Information Desk is located in the center of the first floor atrium and is the place where all library users may get assistance in using the collections and locating sources. For off-campus class students, the library offers reference assistance and instruction, access to research tools and access to materials. For more information, visit www.emich.edu/halle/offcampusclasses.

Collections on the main floor include the references, legal reference collections and maps. The second floor contains the journals, newspapers, government documents and children's literature collections and provides space for collaborative study. The third floor contains the circulating book collection and is the Quiet Study Floor.

Librarians offer a comprehensive range of orientation, reference and instructional services and are available to consult with users concerning their information needs, and to assist in developing search strategies and accessing resources. Subject-specialist librarians assist teaching faculty by working with them to design tours and instructional sessions for their classes. Appointments can be scheduled with individual librarians through the Information Services Office (734.487.0020, ext. 2100).

The Academic Projects Center (Halle Room 104), is a new venture offering one-to-one writing, research, and technology assistance for all EMU students. The APC is a collaboration between the University Library, Academic Technology and Computing Services, the University Writing Center, and the Writing Across the Curriculum and First Year Writing Programs. The APC offers point-of-need help with research, writing, and technology to students working on research papers and other academic projects. University Writing Center consultants, Halle Librarians, and technologists work together in the center to provide project-oriented support.

Division of Information Technology

To learn more about all the technology services provided for students, faculty and staff, please visit the Division of Information Technology web site at <http://it.emich.edu/>

Computers on Campus

Lab locations:

Morell D. Boone Computing Commons

Address: G07 Bruce T. Halle Library

Phone: 734.487.2121

Multimedia Commons

Address: Bruce T. Halle Library, first floor

Phone: 734.487.2687

Computer Lab

Address: 2nd Floor Student Center Union

Phone: 734.487.1365

Owen Computing Lab

Address: 101 Owen Building

Phone: 734.487.2241

Pray-Harrold Computing Lab

Address: 327 Pray-Harrold

Phone: 734.487.3271

Some of the colleges and departments have specialty labs available for different uses. Your professor will tell you about using these specialty labs. If you would like to know more visit the web site of your specific college or department.

Division of Information Technology Computer Help Desk

Address: 106 Halle Library

Phone: 734.487.2120

Web site: <http://it.emich.edu/>

The Division of Information Technology Computer Help Desk can assist with problems accessing EMU's Internet-based resources such as my.emich or the residence hall network (ResNet). Check the Division of Information Technology Help Desk web site for more information on protecting your computer from viruses and other malicious programs.

my.emich Portal Account

my.emich is Eastern Michigan University's personal portal. It is a common form of communication with EMU. This secure site provides students, faculty and staff with world-class intranet and Internet services including a 20 MB e-mail account and calendar. It is where you can check e-mail, access EMU's Web, register for classes and check your grades. For complete information on setting up your account, visit the my.emich web site at: <http://my.emich.edu> and click on "How Do I Get my user name and password."

EMU Computer Store

Address: EMU Student Center, Room 101a

Phone: 734.487.2400

Web site: www.emich.edu/computerstore

Eastern Michigan University's Computer Store is the location for students, faculty and staff to purchase computers, software, and related products at an educational discount. The Division of Information Technology Computer Store web site provides information on hardware, software, special promotions and details about the computer refresh program.

ResNet

ResNet is Eastern Michigan University's residence hall network service. ResNet uses dedicated Ethernet wiring to connect students to the University network and the Internet, and works much like DSL or cable modem. Service is provided free of charge to students living in University Housing residence halls.

Advantages of ResNet: ResNet is convenient; it requires no modem or phone line to connect; it is fast; and ResNet is a 10Mbit/sec Ethernet network.

To sign up for ResNet, after you arrive on campus, plug in and go through the simple registration process. For more detailed information about ResNet, visit the Division of Information Technology web site at <http://it.emich.edu/>.

Wireless Networking

Wireless networking is available to students, faculty and staff in select locations on campus. Wireless networking allows anyone with a wireless compatible laptop computer, and a my.emich user name and password, to connect to the campus network without being "plugged in." For more details about the EMU Wireless network and responses to frequently asked questions, visit the Division of Information Technology web site at <http://it.emich.edu/wireless/>.

Registration & Grading

Return To: Academic Policies

Registration and Grading

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

Click on a link to be taken to the entry below.

- Registration and Grading
 - Academic Year

 - Corequisites
 - Concurrent Prerequisites
 - Final Examinations
- Grades
 - Pass/Fail
 - Credit/Noncredit Grading
 - Incomplete
 - Grade Changes
 - Repeats
 - Grade Reports
 - Grade Point Average (GPA)
 - Academic Probation and Dismissal
- Drops/Withdrawals from Individual Classes
- Withdrawals from the University

Academic Year

The academic year is divided into fall, winter, and summer semesters of 15 weeks each. The new student may be admitted to the University for any semester or session. The University calendar linked on the left-side navigation of the catalog.

Evening courses and Extended Programs and Educational Outreach courses permit scheduling options within each semester or session. Two-week workshops and weekend seminars provide additional course credit opportunities.

Academic Course Load

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

Academic course load is the number of hours that a student carries in a semester or session. The recommended full-time course load is 12-16 hours (15 with student teaching). Students must register for a minimum of 12 credit hours to qualify as full time for University purposes, including financial aid.

Occasionally an increased academic load is found to be necessary or desirable. Before registering for more than the recommended hours, the student is asked to consult an adviser. The following two restrictions are placed on increased academic load:

1. First semester freshmen may not take more than the recommended full-time academic load without special permission from the University Advising and Career Development Center (UACDC), 200 McKenny.
2. Students on academic probation may not take more than the recommended full-time academic load without special permission from the University Advising and Career Development Center (UACDC), 200 McKenny.

Qualified continuing students taking over 19 credit hours should consult carefully with an academic adviser. The registration system will prevent registration for more than 19 credit hours. Request assistance at the Records and Registration service counter to add classes in excess of 19 credits. No person is allowed to attend class unless officially registered on a credit or audit basis with appropriate fees paid or, as full-time staff or faculty auditing under the staff benefits program. No credit will be given for work in courses not officially enrolled in by the mid-point of the term or session.

Auditing Courses

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

Courses may be audited subject to the approval of the head of the department offering the course. Audit applications may be obtained at, and returned to, the Office of Records and Registration, 303 Pierce Hall. No credit hours or grade points are awarded for a class audit. However, registration and payment of all fees is required for the class. Tuition and fees for auditing are the same as for the course in which credit is elected. Check the University calendar for deadlines to declare or remove audits.

Under provisions of the University staff benefits program, full-time staff, faculty and faculty spouses may audit classes by completing an approval process initiated at the Benefit Programs Office, McKenny. These students do not register for class and there is no transcript of their attendance.

Credit Hours/Class Levels/Course Numbers

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

Credits are determined by the units of work completed. One credit hour is the credit granted in a course that meets 50 minutes per week for 15 weeks. Credits earned on the term or quarter-hours basis at other institutions are converted to EMU credit hours by multiplying by two-thirds.

Class levels are determined by the academic hours completed as follows:

<u>Class</u>	<u>Semester Hours</u>
Freshman	0-24
Sophomore	25-55
Junior	56-84
Senior	85 or over

Administrative class levels that are not affected by academic hours completed:

Guest	GS
Non degree	ND
Second bachelor's	SB
Post-degree teaching certificate	TC

Course numbers indicate the academic level of the course as follows:

Course Number	Level of Difficulty*
100-199	Introductory
200-299	Intermediate
300-499	Advanced

Note: *Introductory courses are appropriate for students who have had no course work at the University level in the discipline in question. Intermediate courses presuppose that the students enrolled are familiar with and able to work with the content or methods, or both, of the discipline as presented in the introductory course. Advanced courses presume that students enrolled are familiar with and able to work with content, concepts and methodology of the discipline at a level appropriate to that of undergraduate majors in the discipline.

Courses numbered 500-599 are intended primarily for graduate students but are open in some cases to seniors. To be eligible, an undergraduate student must have successfully completed 85 hours or more of undergraduate credit, have a cumulative grade point average of 2.5 or better, and receive approval from the instructor and the Graduate School. Request forms are available at the Office of Records and Registration, 303 Pierce Hall. The maximum number of graduate hours that an advanced undergraduate can take is 15. Courses numbered in the 600s and 700s are exclusively for graduate students. Should an undergraduate student register in a 600 or higher class, they will be dropped without prior notice.

Prerequisites

Prerequisites designated in the catalog description of courses state requirements that must be completed with credit or are necessary to the understanding of the course selected. Any student not meeting prerequisites or other restrictions, unless waived by instructor's permission, may be prevented from registering for or required to drop the course. Courses at the 200-, 300- and 400-levels that carry no prerequisites are taught at the academic levels described above.

Corequisites

Corequisites designated in the catalog description of courses state requirements that must be completed at the same time of the course selected. Any student not meeting Corequisites or other restrictions, unless waived by instructor's permission, may be prevented from registering for or required to drop the course.

Concurrent Prerequisites

Concurrent Prerequisites designated in the catalog description of courses state requirements that must be completed before or at the same time as the course selected. Any student not meeting concurrent prerequisites or other restrictions, unless waived by instructor's permission, may be prevented from registering for or required to drop the course.

Final Examinations

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

Final examinations are given by instructors to help evaluate a student's achievement in a course. Whether or not that evaluation shall include the final examination shall be determined by the instructor in line with departmental and University policy. If a final examination is not given, the scheduled examination period shall be used for other class activity.

If a final examination is given, students shall take the examination with their own class and at the hour indicated on the examination schedule. Failure to take the examination at the scheduled time will result in a grade of F in the course, except when the requisite conditions for granting an I are present.

If a student finds that he/she has three examinations scheduled on one day, he/she may request the instructor of the class having the first examination of the day to arrange to offer the examination at another time. If he/she finds that he/she has four examinations scheduled for one day, he/she may request the instructors of the first two examinations to make arrangements so that no more than two are scheduled in one day. He/she may appeal to the head of the department in which the course is offered if a satisfactory solution is not reached.

Students who for religious reasons find that they are not able to follow the examination schedule should make special arrangements with their instructors. If arrangements are not satisfactory, a student may appeal to the head of the department in which the course is offered.

Any deviation from the student's examination schedule, other than to limit the exams to two in one day or to observe religious mandates, must be approved in advance by both the instructor and the department head, and will be granted only in cases of extreme emergency.

Failure to take an examination at the scheduled time without prior arrangement will result in a grade of F in the course.

Grades

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

The grades used by the University, with their corresponding values in points, are as follows:

<u>Grade</u>	<u>Significance</u>	<u>Grade points per credit hour</u>
A	Exceptionally high order	4.0
A-		3.7
B+		3.3
B	Distinctly above the average	3.0

B-		2.7
C+		2.3
C	Average	2.0
C-		1.7
D+		1.3
D	Below Average	1.0
D-		0.7
F	Unsatisfactory (denoting failure)	0.0
I	Incomplete	0.0
CR	Passing grade in credit/noncredit courses	0.0
NC	Failing grade in credit/noncredit courses	0.0
S	Passing grade in pass/fail elections	0.0
SC	Credit for certification in student teaching courses	0.0
PN	Passing grade in student teaching but not at level sufficient for certification	0.0
U	Failing grade in pass/fail	0.0
UN	Failing grade in student teaching elections	0.0
IP	In Progress	0.0
W	Withdrawal	0.0
2YR	E Forgiven - out of school two years	0.0
AUD	Audit	0.0
N	No grade submitted	0.0

Credits earned by student teaching, credit/noncredit classes or pass/fail options are not accorded grade points.

An F grade will be assigned for any course when the student stops attending a class without officially withdrawing from the course. Credit for courses in which either F or U grades have been received can be earned only by repeating the course at Eastern Michigan University. See repeat policy for exceptions.

A W grade is assigned only when an official withdrawal has been completed. (See Withdrawals below.)

Pass/Fail

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

The pass/fail option is available to students who wish to experiment in an unfamiliar field without jeopardizing their grade point averages or for other reasons. Limitations to the option are:

1. It may be exercised only by juniors and seniors who are in good academic standing (at least 2.0 at EMU).
2. It may be applied only to free electives, that is, to courses which are outside the student's major, minor, curriculum, general education requirements or a prerequisite to a required course.
3. A maximum of six such courses may be applied toward graduation.
4. Students shall indicate their intention to take a course by filing out an application with the University Advising and Career Development Center (UACDC), 200 McKenny, prior to the end of the program adjustment period. Approval or denial is available in two working days.

5. Students who elect to take a course on pass/fail may cancel the option and accept a letter grade up to the last day of class before the official University scheduled final examinations (the option for pass/fail may then be used for another course).
6. The instructor will not be notified of the student's election of this option. The regular letter grade reported by the instructor will be converted on grade reports and transcripts as follows:
 - a. Grades of A, B, C or D, including D-, will be converted to S, and shall count as credit toward graduation.
 - b. The grade of F will be converted to U, and shall not count toward graduation.
7. A course taken under this option shall not be used in any way in the computation of the student's grade point average. Thus, a pass/fail election shall not be approved for a course in which the student previously received a letter grade.

Students should be aware that for some scholarships offered by the University pass/fail courses are not considered part of the minimum required load for scholarship. Students also should be fully aware of the possible implications of this option for acceptance into graduate schools and competition for financial aid. It has been ascertained that most graduate schools will accept students who have elected to take some courses on a pass/fail basis, but that if courses taken on this basis are sufficient in number on the transcript, Graduate School Examinations may be utilized to determine the student's acceptability. Graduate schools, in general, do tend to favor those applicants who have good letter grades on their transcripts.

Credit/Noncredit Grading

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

A credit/noncredit option is utilized by departments in courses where the standard letter grades do not seem appropriate. Such courses will be designated as CR/NC in the class schedule book. All students taking such courses will receive either CR or NC in place of letter grades. Neither CR nor NC will have any effect on a student's grade point average. Courses for which the CR is received will count towards graduation requirements, and there is no limit to the number of such courses that may be taken by an individual student. The CR/NC courses taken by students do not count in the number of pass-fail courses that can be elected.

Incomplete

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

An I (incomplete) grade is awarded only when a student has completed the majority of the work of a course and the student's work has been of acceptable quality (C or better), but the required amount of work has not been completed because of illness, necessary absence or other satisfactory reasons. It is never applied to poor work or to absence from class by the student. The student must inform the instructor of the reason for the requested incomplete, and the instructor may at his or her discretion agree to the request.

An I grade must be removed within one calendar year from the end of the semester or session in which that grade was given. The time for removal of an I may be extended upon written recommendation of the instructor and approval of the dean of the college. Such extension will be granted only under unusual circumstances.

The initiative for conversion of an I to a letter grade rests with the student. If not converted to a grade by the end of the one-year period, the I will remain as a permanent part of the student's academic record. Students and faculty are encouraged to establish a written agreement on the work and time needed to remove the incomplete.

Grade Changes

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

When a letter grade (excluding I for incomplete grade or IP for in progress grade) is posted to a student's permanent record, it will be considered final unless an error was made in assigning the grade. Permitting a student to submit missing work or extra credit to improve a grade after the grade has been posted is not acceptable.

If an instructor error is identified, the instructor must file a grade change form, explaining the error. This form requires the approval of the department head. The appropriate dean will review and approve grade changes to ensure consistency with academic policies. All changes in letter grades (except from an I or IP grade) will require the signature of the dean of the college. The grade change is then submitted to and processed by personnel in the Office of Records and Registration. One year after the end of the relevant semester all grade changes from I or IP will require the permission of the dean of the college.

It is the responsibility of the student to call the instructor's attention to a possible grading error in a timely manner, but not more than 12 months after the questionable grade is posted. Three years following the close of any term of enrollment, the student's transcript will be considered to be the final indisputable record of academic achievement. Specifically, at the end of three years, grades are considered final, and no changes will be made to transcripts (e.g., no term or individual withdrawals, no grade omissions, no recalculated grades based on mathematical or clerical error, no incomplete removals). The only exception to this rule will be for master's specialist and doctoral field-based research, internships and dissertation hours.

Please Note: For the latest information on how these and other policies affect your Financial Aid, click on this link to their website.

Repeats

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

Students who meet the prerequisites and all other conditions for enrollment may repeat courses. All grades earned will be retained on the student's permanent record, with repeats indicated. Credit and grade point calculations for repeated courses are determined by the following rules:

Credit Earned:

1. Unless otherwise noted in the course description, credit for any repeated course (including all attempts at EMU and transfer credit granted) will apply only once toward all degree requirements.
2. The rules below do not apply to courses (such as Independent Studies) that can be taken for credit more than once. Multiple attempts in such courses are not considered repeats, and all grades received will be used in determining the student's grade point average.
3. A student who earned a passing grade in a course or who has previously received transfer credit for the course will lose the credit if he or she subsequently retakes the course and receives an F. If a student receives an Incomplete in the final attempt of a repeated course, the most recent earlier grade is the grade of record until the course work is completed and the I is replaced by the grade earned.

Repeated Courses and Grade Point Average (GPA):

1. Courses that are dropped or from which a student has withdrawn are not counted as attempts for purposes of this policy.

2. If a student repeats a course up to two times (for a total of three attempts), only the last grade received will be used in determining the student's grade point average. As stated above, all course attempts with repeats indicated will remain on the permanent record, even if not used to determine the grade point average.
3. There are no restrictions on the number of times that a student may repeat a course, however, the grades earned in the third and all subsequent attempts will be used in determining the student's grade point average unless explicit permission to have previous grades for the course eliminated from the calculation is granted by the head of the department or director of the school in which the course is offered. The student must contact the department head or school director prior to the end of the semester in which the course is repeated to obtain this permission. Such permission is required for every attempt beyond the third.
4. There are no restrictions on the number of different courses that a student may repeat, however, if a student repeats more than ten different courses, grades for ALL attempts (from the first on) for the eleventh and all subsequent courses will be used in determining the student's grade point average unless explicit permission to repeat the course is granted by the Academic Standards Committee in advance. The student must contact the University Advising and Career Development Center to request permission.
5. Such permission is required for every attempt of every course beyond the tenth.
A student repeating a course may not elect a Pass/Fail grading option if the grade of record for the course is a letter grade.

Transfer Courses as Repeats:

1. If a student has credit for a course taken at EMU with a passing grade as the grade of record and subsequently transfers an equivalent course from another institution, the transfer credit will be treated as if it were another attempt at EMU, and the rules above will be applied. The grades received in previous attempts at EMU will not be used in determining the student's grade point average provided the total number of attempts, including the transfer, does not exceed three (3) and this repeat does not exceed the limit of ten (10) repeated courses. (Note that students receive credit, but not grades for transfer courses, so no grade for the course would be used in determining the student's grade point average in this case.)
2. If the grade of record is a passing grade, but the transfer course constitutes the fourth or later attempt, or if the student has already repeated ten or more courses, the grades received at EMU will be used in determining the student's grade point average as outlined in the previous section unless explicit permission is granted by the EMU Registrar to exclude the EMU grades once the transfer credit has been posted.
3. Advance permission from the EMU Registrar is required for student who want to transfer credit for a course equivalent to a course that the student has taken at EMU and for which the grade of record is a failing grade.

Note: Second admission programs and graduate programs may calculate grade point averages according to their own internal rules; for example, many specify that grades received in all attempts be used in the calculation. This policy does not apply to those admissions processes.

Grade Point Average (GPA)

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

The scholarship index or grade point average is the total number of Eastern Michigan University grade points acquired divided by the total number of Eastern Michigan University credit hours taken that carry grade points. When a course is repeated, only the last grade is used in the computation of the cumulative grade point average.

Transfer credit from another accredited institution is allowed for all transferable courses in which a grade of C or better is received, but is not included in computation of the GPA.

Calculation of GPA for returning former students who have not attempted any college or University work for at least two calendar years does not include courses in which a grade of less than D- was assigned. F grades will be changed to 2YR to reflect academic forgiveness.

Academic Probation and Dismissal

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

An undergraduate student is placed on academic probation when his/her cumulative grade point average at EMU, is less than 2.00 (a "C" average) and/or his/her cumulative completion rate at EMU is less than 67%. Placement on academic probation is automatic and applies even if the student states that official notification of such probation has not been received from the University.

The University's action of placing a student on academic probation should make the student aware that satisfactory progress is not being made toward completing degree requirements. The student should also realize the need to take steps, such as seeking additional help and advice, to improve the quality of his/her academic performance.

A student will be removed from academic probation only when his/her cumulative grade point average at EMU is at least 2.00 (a "C" average) and his/her cumulative completion rate at EMU is at least 67%.

Within the first thirty days of a semester -and preferably within the first week of a semester -the student on academic probation is required to have a conference with his/her assigned academic adviser to review the student's program of classes and his/her plans for the semester. Further conferences may be required, or the student's academic course load may be restricted, or the student may be informed of special conditions stipulated by a designated academic review committee to help ensure satisfactory progress toward graduation.

Students on academic probation who fail to achieve the required grade point average and completion rate in each term of enrollment at EMU while on probation will be subject to dismissal for academic reasons.

Exceptions to the above policies may be made under the following conditions: A student on academic probation who earns less than the required grade point average and completion rate in an enrollment period may be retained on academic probation provided this is the recommended judgment of the designated academic review committee.

This policy is academic in nature and is not intended to have any application to the eligibility of any student to participate in any Eastern Michigan University extracurricular activity (e.g., marching band, varsity athletics, forensics team, etc.). All Eastern Michigan University extracurricular activities shall be free to define and implement their own standards for participation, independent of the policy.

Readmission

A student who is academically dismissed will normally not be eligible for reinstatement for one calendar year following the dismissal. Readmission is not automatic; an application for readmission must be submitted along with supporting documentation. A readmission interview will normally be required.

The student applying for readmission will be required to support his or her eligibility for readmission through:

- Documentation of his or her activities during the dismissal period which relate to the reasons for dismissal and which support his or her readiness to resume his or her academic career at Eastern Michigan University.
- Earning a minimum grade point average of 2.00 ("C" average) if courses are taken at other accredited collegiate institutions.
- A student who is readmitted and is dismissed a second time normally will not be readmitted again.

Drops/Withdrawals from Individual Classes

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

Drops/Withdrawals from Individual Classes

When withdrawal from a class, or from all classes, brings students' academic loads below the minimum number of hours necessary to qualify as full-time students for University housing, scholarship aid, student loans or any other benefits they enjoy for which academic enrollment was a prerequisite, the University may, at its option, take any or all of the following steps:

1. Deny permission to withdraw.
2. Cancel the benefits as of that date.
3. Declare the student ineligible for present and/or future benefits of a similar nature.
4. Deny permission to re-enroll in subsequent semesters.

Drops/withdrawals from class are permitted according to the following schedule (fall and winter):

Drop

- First eight days: All student-initiated drops during this period may be processed through the registration system. Such drops are not recorded on the student's permanent record.

Withdrawal

- Ninth day through tenth week: all student-initiated withdrawals are accepted automatically and recorded as a W (however, first semester freshmen must check with the University Advising and Career Development Center before withdrawing from courses). A withdrawal may be processed through the registration system or by submitting a withdrawal form to the Office of Records and Registration, 303 Pierce Hall.

Administrative Withdrawal

- After 10th week until beginning of final exam period: students can withdraw only if they have specific extenuating circumstances, of recent occurrence, which clearly prevent them from completing the course in question. **Withdrawals are not automatic and documentation is required.** Make application for Administrative Withdrawal at the Office of Records and Registration, 303 Pierce Hall. The decision will be communicated to the student and the instructor in question. Students must not stop attending class until they have received notification that the administrative withdrawal has been approved. If a student stops attending class and does not take the final exam without being withdrawn, University policy requires that the instructor assign a grade of F for the course.

Note:

These procedures and University withdrawal procedures also apply to spring and summer sessions, though the time frame is more condensed. The exact withdrawal and deadline dates are printed in the current Class Schedule Book for the session concerned.

Withdrawals from the University

These policies are governed by the Eastern Michigan University Board of Regents and are subject to change. For the latest Board policies please see the Board of Regents Policy Manual by clicking [here](#).

The following University procedure is subject to change in accordance with regulatory changes initiated by the United States Department of Education.

A credit adjustment of 100 percent of tuition and fees for the fall and winter semesters, less a registration fee, will be made to those students who completely cancel their registration or withdraw from the University through the eighth business day of the semester. For the spring and summer semesters, a 100-percent credit adjustment, will be made through the first four business days of the semester. Actual dates are printed in the Class Schedule Book for each semester.

A credit adjustment for total withdrawals after the eighth day of fall and winter semesters, or the fourth day of spring and summer semesters, will be made according to the following schedule:

Withdrawal by the following day of the semester

Credit Adjustment	Fall/Winter	Spring/Summer
50-percent	19th	10th
25-percent	38th	19th
0-percent	Last day before finals	Last day before finals

Actual dates are printed in the class schedule book for each semester and session. No credit adjustments will be made after the above stipulated dates.

Retroactive Withdrawal

Retroactive withdrawal from the University may be requested by a student when unexpected circumstances arise after the completion of classes for a term. Normally, the request will be considered only for the preceding term.

The retroactive withdrawal policy is dependent on one or both of the following reasons:

1. *Administrative.* Through an administrative problem or error, the student received an F grade.
2. *Mental or physical stress.* Subsequent to awarding the term grades, the student claims that severe physical or psychological stress was present during the semester. Documentation must be presented by or on behalf of the student, and a consultation may be required. In this case, the decision will affect all the classes the student was registered for during the term in question. In cases of severe mental or physical stress, it is usually assumed that students are so incapacitated they were not able to carry on with University responsibilities.

In either situation, the student must initiate the request at the Office of Records and Registration, 303 Pierce Hall. Upon review of the documented evidence and possible further consultation, the director or designee will recommend action to the vice president for undergraduate studies or designee.

The approval of a retroactive withdrawal does not constitute approval of a tuition refund. Grades of W will be posted on the official academic record.

Student Conduct/Grievances

Grade grievance procedures may be obtained from the academic department involved. Student employment grievance procedures may be obtained from the University Advising and Career Development Center, 200 McKenny Hall.

Undergraduate Policies and Information

University Governance and Individuals' Rights

Board of Regents: www.emich.edu/regents

Eastern Michigan University is an autonomous University governed by an eight-member board of regents appointed by the governor of Michigan and subject to the approval of the Michigan Senate. Financial support for the University comes from student tuition and fees, and support provided by the citizens of Michigan.

Policies on Nondiscrimination

Eastern Michigan University shall not discriminate against any person because of race, color, creed, religion, national origin, gender, age, disability or sexual orientation. Further, the University shall work for the elimination of improper discrimination in the areas listed above in organizations recognized by the University and from non-University sources where students and employees of the University are involved.

Equal Opportunity and Affirmative Action Policies

Eastern Michigan University admits students of either sex, and any race, color or national or ethnic origin to all the rights, privileges, programs and activities accorded to students at this University. The University does not discriminate against students on the basis of sex, race, color or national or ethnic origin in the administration of its educational policies, admissions policies, scholarships and loan programs and athletic and other University-administered programs. Further, it is the policy and practice of Eastern Michigan University to take affirmative action in all personnel matters.

Gender Equality

It is the policy of Eastern Michigan University to comply with Title IX of the Education Amendments of 1972 and its regulations, which prohibit discrimination on the basis of sex. Anyone who believes that in some respect Eastern Michigan University is not in compliance with Title IX and its regulations should contact the executive director of Human Resources.

Nondiscrimination of the Disabled and/or Challenged: www.emich.edu/diversity/

In its programs, activities and employment, Eastern Michigan University does not discriminate on the basis of physical or other disabilities. Anyone who believes that in some respect Eastern Michigan University is not in compliance with the Rehabilitation Act and its regulations should contact the executive director of Human Resources. Prospective students with disabilities who are otherwise qualified for admission are invited to apply. Students encountering difficulty with access to full participation in University activities should contact the ombudsman.

Statement on Campus Violence

In accordance with the education mission of Eastern Michigan University, the University adopts this policy statement to promote a safe campus environment. The statement reflects the nonviolent spirit of the relationship between students, staff, administrators, faculty, contractors and visitors at Eastern Michigan University.

The safety and security of our students, staff, administrators, faculty, contractors and visitors is extremely important to Eastern Michigan University. Threats, acts of aggression and threatening or violent behavior are not tolerated by or toward students, staff administrators, faculty, contractors or visitors. All reports of incidents will be taken seriously and will be dealt with appropriately.

Threats can be direct and immediate or indirect and implied; threats can occur verbally, non-verbally or in writing. Acts of aggression include, but are not limited to, abusive behavior, stalking and tampering with property and are intended to intimidate, create fear, imply harm or destroy property. Threatening or violent behavior is behaving in such a way that poses an immediate threat to self or others by acts of physical harm.

All students, staff, administrators, faculty, contractors and visitors are strongly encouraged to report threats, acts of aggression and threatening or violent behavior to the Campus Police (911 for all emergencies, 487.1222 for all other calls), Human Resources (487.0083), and/or your department head or supervisor, to help ensure the safety of our campus community.

Transfer Student Information

Click on a link to be taken to the entry below.

- [Community College Relations](#)
- [The MACRAO Agreement](#)
- [Articulation Agreements](#)

Community College Relations

Pat Cygnar, Director

E-mail: pat.cygnar@emich.edu

Trish Molloy

E-mail: pmolloy@emich.edu

Address: 229 Rackham Building

Phone: 734.487.6577

Web site: www.emich.edu/ccr

The Office of Community College Relations works collaboratively with the faculty and staff of EMU and community colleges to enhance the educational transition process for community college students. Our purpose is to promote a seamless transfer process that minimizes the loss of academic credit and time in obtaining a bachelor's degree. Many EMU academic programs have signed program articulation agreements with community colleges, that ensure the transfer of credit from an associate degree program to a bachelor's degree program. Students who use an articulation agreement may receive credit for courses or blocks of courses that do not transfer outside of the agreement. The agreement also provides a curriculum guide that, makes it easier to select courses that satisfy the program and institutional requirements at both schools. Community college students should check with their counselor or program adviser about the availability of articulation agreements, or visit the CCR web site (www.emich.edu/ccr).

CCR activities include:

- Facilitating the development of program articulation agreements;
- Facilitating collaborative arrangements with community colleges (such as faculty meetings and professional workshops, joint promotion of articulated programs and joint sponsorship of student activities);
- Maintaining and updating articulation agreements;
- Maintaining a web site with articulation curriculum guides and information on the status of articulation agreements;
- Providing support to community college faculty and staff regarding transfer student issues including articulation and transfer equivalency;
- Working with the EMU Transfer Services to facilitate course credit equivalency for transfer students;
- Providing articulation information to the EMU Advising Centers;

- Collaborating with the Admissions Office in sponsoring Community College transfers events and activities;

Please also refer to the transfer website for more details on transferring to EMU.

The MACRAO Agreement

Eastern Michigan University is a signer of the MACRAO (Michigan Association of Collegiate Registrars and Admissions Officers) agreement. The purpose of this agreement is to ensure that students who complete a specified distribution of general education courses at a Michigan community college will have satisfied all or most of the general education requirements at signatory four-year colleges. Eastern Michigan University accepts the MACRAO agreement with the following provision:

Students who have been certified by a signatory community college as having satisfied the general education requirements of the MACRAO agreement will be required to fulfill only the three additional requirements now a part of Eastern Michigan University's general education requirements: a quantitative reasoning course (unless waived by ACT or SAT scores), a U.S. diversity or global awareness course, and a learning beyond the classroom experience or course. This agreement applies only to general education and does not exempt community college students from meeting all curriculum and graduation requirements.

Articulation Agreements

Articulation agreements between Eastern Michigan University and certain two-year colleges allow students to complete an associate degree and transfer into a related bachelor's degree program with minimum duplication of coursework and loss of credit. Articulation agreements list the courses that will transfer to Eastern Michigan University and show how they fulfill requirements toward completion of the bachelor's degree program. Articulation Agreement Guides are available online at www.emich.edu/ccr.

To see a complete list of current colleges with program articulation agreements with EMU, please [click here](#).

Financial Assistance

During the 2004-2005 school year, Eastern Michigan University provided \$126,256,977 in financial aid to more than 14,500 students in the form of scholarships, grants, awards, GA tuition/stipends, athletic grants-in-aid, part-time employment and fellowships.

The federal government, State of Michigan, Eastern Michigan University and private sources provide program funding. While most awards are based on financial need, scholarships often have academic achievement requirements or other eligibility criteria.

Federal and state aid is awarded to help pay college costs based on the assumption that parents and students will contribute as much as they are financially able. To the extent that the family does not have sufficient resources to meet the costs of higher education, students may qualify for need-based financial aid.

Academic Scholarships (see chart below)

- New freshmen who are admitted by Mar. 1 and transfer students by May 15 for the following fall are considered for scholarships through the EMU Admission application.
- Continuing students apply annually, by completing the University Scholarship Application. Applications are available online in the Office of Financial Aid section in October and are due in January.

Presidential Scholarship - Four-year award that pays 30 credit hours per year of in-state tuition, housing, food allowance and mandatory fees. Awards are based on a competitive exam. Requires an additional application, available at high schools beginning each September. Sixteen awards are made per year. Minimum 3.5 GPA for renewal. Recipients must live in University residence halls their first two years. Deadline to apply is generally November 20 of each year.

Regents Gold Scholarship - Four-year award that pays 30 credit hours per year of in-state tuition and fees. Awarded only to participants in the Presidential Scholarship Competition.

Regents Scholarship - Four-year award that pays \$3,000 per year. High school seniors must have a 3.7 GPA with a 25 ACT or 1150 SAT. Minimum 3.5 for renewal. Must be admitted by Mar. 1 for the fall semester (or May 15 for transfer).

Recognition of Excellence Scholarship - Four-year award that pays \$2,000 per year. High school seniors must have a 3.5 GPA with a 21 ACT or 1000 SAT. Minimum 3.3 for renewal. Must be admitted by Mar. 1 for the next fall semester (or May 15 for transfer).

National Scholars Program - Four-year award that pays 30 credit hours per year (15 per semester) of out-of-state tuition differential. High school seniors must have a 3.0 GPA with a 20 ACT or 950 SAT. Minimum 3.0 for renewal. Must be admitted by Mar. 1 for the next fall semester.

Wade McCree Scholarship - Eastern Michigan University participates in this scholarship program. The program originates at the high school and determines the student eligibility. Students receiving the scholarship should contact the program administrator about activating their scholarship or transferring remaining scholarship eligibility to EMU. The value of this scholarship is the full cost of tuition less any tuition specific scholarships or grants.

Eagle Scholarship - Four-year award to freshmen that pays \$1,500 per year. Requires 12 credit hours enrollment each semester and 2.75 GPA to renew.

Leader Award - One-year award of \$1,000. Continuing EMU students must have a GPA of 2.0 and must show volunteer involvement at EMU or in the community for consideration.

Community College Scholarship - One-year award of \$1,000. Transfer students must have completed at least 30 credit hours with a minimum cumulative 3.5 college GPA and must be admitted by May 15 for the next fall semester.

Departmental Scholarship - Award amounts vary and are made by departments. Selections can be based on academic as well as representative talent within that department or major.

Music Service Awards - Award amounts vary. Awards are made to students who perform in EMU's music programs or provide outstanding service to the Music and Dance Department. Deadline is June 1 for the next fall semester.

Communication/Theatre Arts Service Awards - Awards are made to students who perform in forensics or theatre arts programs, or make outstanding contributions to the Communication/Theatre Arts Department.

Army and Air Force ROTC Scholarships are also available. Contact the ROTC office at 734.487.1020 for more information.

Many academic scholarships are provided by external sources, including community agencies, service organizations, charitable organizations, civic groups and foundations. Students should investigate these potential resources by checking with public and University libraries for scholarship resource books and by contacting the agencies directly.

Undergraduate Academic Scholarships

Awarded	Minimum Requirements	Amount	Freshman Housing Requirement	Renewal Criteria	Deadline
Presidential Scholarship	Participate in the Presidential Scholarship Competition (PSC)	30 credit hours per year of in-state tuition, housing, food allowance and mandatory fees 4 years	Residence halls for first two years	3.5 Cumulative GPA 15 credit hours each semester	November 20
Regents Gold Scholarship	Participate in the PSC. Top 30 Test Scores (Preschol alt)	30 credit hours per year of in-state tuition and fees 4 years	Residence halls for first two years	3.5 Cumulative GPA 15 credit	November 20

				hours each semester	
Regents Scholarship	Freshman Participate in the PSC or be admitted by March 1 and 3.7 High School GPA and 25 ACT/1150 SAT Transfer Student 3.7 College GPA and 30 transferable credit hours	\$3,000 per year 4 years	No	3.5 Cumulative GPA 15 credit hours each semester	November 20 or must be admitted to EMU by March 1 for fall semester or May 15 for transfer students
Recognition of Excellence Scholarship	Freshman 3.5 High School GPA and 21 ACT/1000 SAT Transfer Student 3.5 College GPA and 30 transferable credit hours	\$2,000 per year 4 years	No	3.3 Cumulative GPA	Must be admitted to EMU by March 1 for fall semester or May 15 for transfer students
National Scholars Program	Freshman 3.0 High School GPA and 20 ACT/950 SAT Transfer Student 3.0 College GPA	30 credit hours per year of out-of-state tuition differential 4 years	No	3.0 Cumulative GPA	Must be admitted to EMU by March 1 for fall semester or May 15 for transfer students
Wade McCree Scholarship	Start program in high school. See program adviser for further requirements and more info.	The full cost of tuition less any tuition specific scholarships or grants	No	2.5 Cumulative GPA	
Eagle Scholarship	3.0 High School GPA	\$1,500 per year 4 years	No	2.75 Cumulative GPA 12 credit hours per semester	Must be admitted to EMU by March 1
Leader Award	2.5 Cumulative GPA for continuing EMU students. Volunteer at EMU or in the community	\$1,000 1 year	No		None

Communication/Theatre Arts Service Award	See an adviser from the Communication and Theatre Arts Department for more info.				
Army and Air Force ROTC Scholarship	Contact the ROTC office at 734.487.1020 for more info.				

Federal and State Financial Aid

To be considered for federal and state aid programs, students complete the Free Application for Federal Student Aid (FAFSA) available at www.fafsa.ed.gov beginning each January. The FAFSA must be filed every year to determine eligibility for the upcoming academic year.

Priority funding will be offered to students who receive their Student Aid Report from the FAFSA processor dated March 1 or earlier. To meet this deadline, applications should be filed by February 15.

General Eligibility Requirements for Financial Aid

By completing the FAFSA, eligible students will be considered for all federal and state aid programs. To receive aid, a student must:

- Be enrolled in an eligible program;
- Be a U.S. citizen or an eligible noncitizen;
- Demonstrate need;
- Make satisfactory academic progress toward a degree;
- Not be in default on a federal student loan;
- Not owe a refund on any Federal Title IV, state or University aid program.

The FAFSA application collects information about family income and assets, family size and the number of family members attending college at least half time. Based on an analysis of this data, the federal government determines the expected family contribution that is identified on the Student Aid Report. The expected family contribution is subtracted from the University's cost of education to determine whether there is a difference between the family's ability to pay and the college budget. Most federal and state programs are awarded based on a student's need.

The cost of education consists of an estimate of direct and indirect expenses. The direct costs are tuition, fees and room and board. The indirect costs are books and supplies, transportation and miscellaneous personal expenses. The cost of education at EMU is determined annually.

The cost of education* for undergraduate students for fall and winter 2008-2009 semesters:

On-campus	\$17,590
Off-campus	\$17,590
Commuter	\$13,070

Note:

**Estimated and subject to change.*

Determination of Need-based Financial Aid Awards

The award process for the upcoming academic year begins in March. Aid is awarded to students once they have been officially admitted to the University and EMU receives the institutional record of the Student Aid Report from the federal government. Once the Office of Financial Aid has determined the aid package, a Financial Aid Award Statement will be made available to the student applicant. The award statement contains information regarding the type and amount of aid, disbursement information and other instructions necessary to complete the aid process.

Financial aid awards are processed and funds disbursed in compliance with established federal, state and institutional policies.

Federal Financial Aid Programs

The maximum amounts of aid described below are subject to change by federal and state regulations or University policy.

Federal Pell Grant - Annual awards of up to \$4,731 are available to undergraduate students who are enrolled and have demonstrated financial need.

Federal Supplemental Educational Opportunity Grant - Awards range from \$100 to \$2,000 per year. Priority is given to students who receive Federal Pell Grants.

Federal Academic Competitiveness Grant (ACG) - \$750 for first-year and \$1,300 for second-year undergraduate students. To be considered, a student must have completed a rigorous secondary (high school) program of study after Jan. 1, 2006, and must be Pell Grant eligible and a U.S. citizen.

Federal SMART Grant - \$4,000 per year for full time third- and fourth-year undergraduate students majoring in science, computer science, technology, math and some foreign languages. Students must have 3.0 GPA, and be Pell Grant eligible and U.S. citizens.

Federal Perkins Loan - Annual awards are available to undergraduate and graduate students who are enrolled at least half-time and have demonstrated financial need. Undergraduates may borrow up to \$4,000 per year (\$20,000 maximum) and graduate students may borrow \$6,000 per year (\$40,000 maximum including loans borrowed as an undergraduate). Priority is given to students who receive Federal Pell Grants.

Federal Subsidized and Unsubsidized Loan Program - Loans are provided through the U.S Department of Education. Following is the maximum annual amount a dependent student may borrow, based on academic level:

Freshman	\$5,500
Sophomore	\$6,500
Junior/Senior	\$7,500

Federal PLUS Loan Program

The Federal Parent Loan for Undergraduate Students (PLUS) is a loan from private lenders to parents of dependent students. Parents may borrow up to the cost of education less any other financial aid (including the Unsubsidized Stafford Loan amount). The PLUS loan is available to parents after a credit check to determine ability to repay. Interest rates are determined by the bond equivalent rate of the 91-day Treasury Bill plus 3.10 percent, not to exceed nine percent. A three percent origination fee is paid directly to the federal government from the loan proceeds. Repayment begins within 60 days after loan disbursement. Repayment may take up to 10 years. Minimum monthly payment is \$50.

Submit a pre-application online at www.emich.edu/finaid/ for a credit check. Upon successful completion of a promissory note, the loan funds are made payable to the parent and Eastern Michigan University. The funds are sent electronically to EMU in two disbursements.

Federal PLUS Loan for Graduate Students

Graduate students may apply for the Graduate PLUS Loan in addition to the Federal Stafford Loan.

Michigan Financial Aid Programs

Michigan Competitive Scholarships - This state-funded scholarship program is based on a combination of ACT tests score and financial need, as determined by completing the FAFSA. Students initially apply by taking the ACT no later than October of their senior high school year. The second step of the application process is to submit the FAFSA. The state has a deadline of March 1 for students to receive a processed FAFSA. Students may annually renew the scholarship by maintaining a 2.0 GPA and demonstrating continued financial need.

Michigan Adult Part-Time Grant - Need-based gift aid available to undergraduates who are enrolled on a part-time basis. Students must meet independent criteria as indicated on the FAFSA. Grants of up to \$600 are available for a maximum of two years.

Michigan Educational Opportunity Grant - Need-based gift aid to undergraduates enrolled at least half time. Students who meet the basic requirements for the Michigan programs are eligible. Grants of up to \$1,000 per year are available.

Michigan Work-Study Program - Need-based program that provides work opportunities for undergraduates. Both nonprofit and profit-based employers may sign agreements with Michigan colleges to participate in this program. Students who meet the basic requirements for the Michigan programs are eligible. Awards range from \$900 to \$3,000 per year.

Verification of Financial Aid Application Information

Applicants selected for verification must provide documentation to prove the accuracy of certain items reported on the FAFSA before aid is disbursed. Major items verified may include:

- Copies of federal income tax returns with schedules
- W-2 forms
- Verification Worksheet
- Most recent year-end statements for:
 - Child support
 - Social security benefits
 - Other forms of income/benefits not included on a W-2
 - Benefits received from other federal and state agencies
- Documentation of Orphan or Ward of the Court status

The deadline by which verification documentation must be submitted is published annually by the Office of Financial Aid but no later than the student's last date of enrollment for the fiscal year. Failure to submit required documents by the due date will result in the cancellation of financial aid offers.

Payment of Financial Aid

A financial aid file must be complete and verified, if required, before aid is paid to a student's account. The following aid is paid directly to a student's account:

- Federal Pell and Supplemental Educational Opportunity grants
- State of Michigan grants and scholarships
- University grants and scholarships
- Outside scholarships
- Federal Subsidized and Unsubsidized Stafford loans with electronic funds transfer

- Federal Perkins Loans
- Federal Parent (PLUS) Loans

Federal and state college work-study checks are issued directly to students for hours worked on a bi-weekly basis.

Students will be issued refunds through their EagleOne accounts for aid applied to an account that exceeds the charges on that account. Financial aid will not pay for library fines, late/installment fees, hang tags or telephone charges.

Satisfactory Academic Progress (SAP)

Federal regulations require that students progress satisfactorily toward graduation. Satisfactory Academic Progress is evaluated using three factors: grade point average, percentage of attempted courses completed and maximum credits of eligibility in which to complete a degree. Students who fail to maintain SAP may lose eligibility to receive funds from federal Title IV, state or University need-based aid programs.

Students must maintain the following requirements:

- **Undergraduate:** overall GPA of 2.0 or better;
- **Graduate:** overall GPA of 3.0 or better;
- Completion of 67 percent of all attempted credit hours;
- Completion of program of study within the maximum of 150 percent of the total program hours, including transfer credits.

Students who do not meet the SAP requirements will be put on probation. Failure to improve SAP while on probation will result in cancellation of future financial aid eligibility.

Students who had extenuating circumstances that resulted in failure to maintain SAP may appeal the cancellation. Students must submit a letter of appeal addressed to the Financial Aid Review Committee and attach third party documentation, as appropriate.

Repayment Policy

Some students who withdraw from all classes before the end of the semester and who have received federal or state aid may be required to repay all or a portion of aid paid.

Financial aid is used for expenses incurred while attending school. Any portion allocated to the weeks the student did not attend classes must be repaid.

Students are notified when funds are returned to their lender and/or when they are required to repay aid. Consult the Office of Financial Aid before dropping a class or withdrawing from all classes to determine whether aid and/or scholarships will be repaid, reduced or cancelled.

Loans without a FAFSA

Students may apply for the following loans without a FAFSA:

University Short Term Loans (USTL) - Available to part-time and full-time students who:

1. are currently enrolled at the University;
2. have earned previous credit at Eastern;
3. qualify academically (minimum GPA of 2.0 "C" undergraduate, GPA of 3.0 "B" graduate);
4. have no past due obligations;
5. have repaid previous loans satisfactorily.

Students may borrow up to \$250 without a co-signer or up to \$500 with a co-signer. Applications may be obtained at the Student Loan Accounting Office, 203 Pierce Hall. Loans are processed within 24 hours, Monday-Friday.

The Small Loan Fund - Provides 30-day, short-term, interest-free loans to \$15 maximum to help students meet emergencies. Loans are available at the Cashier's Office, Pierce Hall.

Tax Information

Grants and scholarships received in excess of qualified tuition, fees, books, supplies and equipment may be taxable income. Students who do not earn enough money to file income tax returns may need to determine if their financial aid makes a difference in their tax filing status. EMU will issue 1098T and 1098E forms to assist in determining taxable income and eligibility to claim the Hope or Lifetime Learning Tax Credits for Student Loan Interest deduction. Contact the IRS with any questions regarding tax issues.

Financial Information and Student Accounts

Tuition and Fees

All University fees and assessments are subject to change without notice at any time by action of the Board of Regents.

Registration

Students must be registered before attending class. The registration fee is \$43 for each semester. This service fee is assessed at the time the student registers.

An additional late registration fee of \$120 per semester is charged to students who do not complete registration prior to the official first day of classes each semester. The last day to register is at the mid-point of the term or session.

Financial obligations must be met by students by the posted due dates in order for students to be eligible for the next registration period (or graduation). Transcripts, diplomas or other statements of record will be withheld and students will be ineligible for further registration until obligations have been fulfilled.

Cancellation of registration by a student who decides not to return to EMU after registering in advance for classes must be initiated by the student on a signed cancellation-of-registration form either in person or by mail to the Office of Records and Registration, 303 Pierce Hall. If students have applied for University housing, they also must cancel the contract in the Housing Office. This is necessary for cancellation of room and board assessments.

Failure to withdraw may leave students with responsibilities for payment of tuition, fees and housing charges that will not be paid by financial aid.

Tuition

Tuition is assessed for all credit hours for which the student is registered. Regardless of student class level, undergraduate tuition is assessed for all courses through the 400-level; graduate tuition is assessed for all courses 500-level or above.

Off-campus tuition rates are the same as on-campus tuition rates (online courses, which are offered at in-state tuition rates, cost an additional \$43 per credit hour).

Tuition for auditing classes is the same as for-credit classes.

2008-2009 Michigan and Ohio resident rates, per credit hour:

Undergraduate courses up to 499	\$229.50
Graduate courses lower level (500-699)	\$401.50

Doctoral assessment upper level (700 and above)	\$462.00
2008-2009 nonresident rates, per credit hour:	
Undergraduate courses up to 499	\$676.00
Graduate courses lower level (500-699)	\$791.50
Doctoral assessment upper level (700 and above)	\$756.35

Residence Classification for Tuition Purposes Policy

I. Regulations for determining residence classification

A person enrolling at Eastern Michigan University shall be classified as a resident or a nonresident for tuition purposes. A student's residence status shall be determined at the time of his/her initial admission to the University. In order to determine the domicile of a student, the following regulations will be utilized:

A. Establishment of Residence

No student shall be eligible for classification as a resident for tuition purposes unless the student has demonstrated that he/she has established domicile in Michigan.

B. Minors and Dependents over 18

The domicile of a student who is not yet 18 years of age follows that of the student's parents or legal guardian. If that student's parents or legal guardian would qualify in accordance with the University's regulations for determining residence classification, that student shall be considered a Michigan resident for tuition purposes.

Students 18 years of age or older who are claimed as dependents for federal income tax purposes by their parents or guardians at the time of registration and for the tax year preceding the year in which they register will be classified for tuition purposes as though they were minors.

C. Nondependent Students

An independent student 18 years of age or older is considered eligible for residence classification if the student has demonstrated that he/she has established domicile in Michigan.

D. Spouse

The domicile of a student who otherwise would be classified as a nonresident for tuition purposes will follow that of the student's spouse, if the spouse is eligible for classification as a Michigan resident for tuition purposes (applicable only to U.S. citizens or to aliens admitted to the United States in accordance with Subsection E).

E. Aliens

An alien (noncitizen) student shall be eligible for classification as a Michigan resident for tuition purposes if he/she is domiciled in the United States and also qualifies in accordance with the University's Regulations for Determining Residence Classification.

In order to demonstrate that he/she is domiciled in the United States, the student must be a permanent resident, or an alien with one of the following visa classifications, or an alien with other documentation from the Immigration and Naturalization Services that reflects such status:

Visa classifications:

- E-1 - treaty trader, spouse, and children;
- E-2 - treaty investor, spouse, and children;
- G-4 - international organization officer or employee and members of immediate family;

- H-1 - temporary worker of distinguished merit and ability;
- H-2 - temporary worker performing services unavailable in the U.S.;
- H-3 - trainee;
- H-4 - spouse or child of H-1, H-2, or H-3;
- J-1 - exchange visitor (limited to persons engaged as trainees, teachers, professors or research scholars);
- J-2 - spouse or child of J-1 as limited above;
- L-1 - intracompany transferee;
- L-2 - spouse or child of L-1.

F. Migrants

Migrant status is one factor considered when determining if a student is domiciled in Michigan for tuition purposes. Michigan migrants are defined as individuals who have made their livelihood in seasonal work in the state of Michigan, and have traveled interstate for this purpose. Migrant students shall be considered Michigan residents for tuition purposes if they, or their parents or legal guardian, were employed in Michigan for at least two months during each of three of the preceding five years. Verification of employment as migrant workers should be secured from the Michigan Farm Labor and Rural Manpower Services Office. Other appropriate evidence also may be used by migrant workers to establish their status.

G. Spouse or Dependent of a U.S. Military Service Person

The spouse or dependent of a person currently serving in a branch of the U.S. military service (excluding reserve programs) or of a person who died while serving in a branch of the U.S. military service shall be eligible for classification as a Michigan resident for tuition purposes if that military service person qualified in accordance with the University's regulations for determining residence classification immediately before entering the military service as a Michigan resident.

H. U.S. Military Service Veteran

A veteran of a branch of the U.S. military service (excluding reserve programs) shall be eligible for classification as a Michigan resident for tuition purposes if that person qualifies in accordance with the University's regulations for determining residence classification immediately before entering the military service as a Michigan resident.

II. Guidelines And Criteria For Determining Residence Classification

Since a student normally comes to Eastern Michigan University for the primary or sole purpose of attending the University rather than to establish domicile in Michigan, students who enroll in the University as nonresidents shall continue to be so classified throughout their attendance as students, unless and until they demonstrate that their previous domicile has been abandoned and a Michigan domicile is established.

The following guidelines and criteria shall be applied when reviewing a student's classification. It is recognized that no one of the following criteria shall, standing alone, necessarily be controlling. All factors indicating an intent to make Michigan the student's domicile will be considered by the University in classifying a student.

A. The following facts and circumstances, although not necessarily conclusive, have probative value in support of a claim for residence classification:

1. Domicile in Michigan of family, guardian or other relatives or persons legally responsible for the student.
2. Former domicile in Michigan and maintenance of significant connections therein while absent.
3. Self-supporting reliance upon Michigan sources for financial support (verification of Michigan income tax liability must be provided).
4. Continuous presence in Michigan during periods when not enrolled as a student.
5. Long-term military commitments in Michigan.
6. Acceptance of an offer of permanent employment in Michigan (in a position not normally filled by a student).
7. Ownership of real estate in Michigan.

B. Please note: The following circumstances, standing alone, shall not constitute sufficient evidence of domicile to effect classification of a student as a resident under these regulations:

1. Voting or registration for voting.
2. Employment in any position normally filled by a student.

3. The lease of living quarters.
4. A statement of intention to acquire a domicile in Michigan.
5. Automobile registration, driver's license.
6. Birth records or other public records.

III. Reclassification of Residence Status

A student's residence status may be reviewed at each subsequent registration. If a student's circumstances should change to the extent that he/she would no longer be considered a Michigan resident for tuition purposes, as herein described, that student shall be reclassified as a nonresident for tuition purposes 12 months thereafter.

It shall be the responsibility of all students, prior to registering, to raise questions in the Student Business Services regarding their right to be registered as a resident for tuition purposes.

The administration is authorized to establish procedures and delegate authority for determining the residence status of students for tuition purposes.

A tuition reciprocity agreement with Ohio, entered into by the Michigan State Board of Education and the Ohio Board of Regents in 1980, allows an Ohio resident to attend Eastern Michigan University at Michigan resident tuition rates. Monroe County residents can attend the University of Toledo at Ohio resident tuition rates.

Tuition and Fee Payment

1. Log into your my.emich.edu e-mail account, or your forwarded my.emich mail. (If you use a forwarded e-mail address, keep it current.) Each month, you will receive an e-mail notifying you that your bill has been posted. It is the student's responsibility to check e-mail monthly.
2. You will need your E-ID and Personal Identification Number (PIN) to access Ebill, EPay and Payment Plans. At my.emich.edu on the bottom of the first page are instructions to access your E-ID and PIN.
3. View your bill and click on "Current Account Activity" to view transactions that are posted after the bill is issued. You can also go to your profile and add an alternate e-mail address.
4. Pay your bill with your checking account routing number (ACH), MasterCard, American Express or Discover Card via PayPath. You may pay your bill in person or by mail at 201 Pierce Hall, Ypsilanti MI, 48197. Please write your E-ID on your check payment.
5. Allow access to parents or other parties by setting them up as authorized users. All you need is their e-mail address. This will allow them to access your bill, pay your bill, and set up a payment plan. An e-mail is automatically sent to the authorized user with sign-in details. The authorized user will create a new password once in the site.
6. The University offers a payment plan to help manage the cost of education. The cost of the plan is \$29 and is added to your installment payments. The plan automatically adjusts as payments or charges are added to your account. To enroll, simply log into the Ebill site at ebill.emich.edu. Click on "Payment Plan," at the bottom of the Ebill site, and follow the four simple steps to enroll in the plan. We hope you enjoy this added convenience and we welcome any questions you may have.
7. If you have any questions about the system, please send your e-mail to ebill@emich.edu.

EMU's optional payment plan is offered in the fall and winter semesters only and is applicable to tuition and room and board. A minimum of 50 percent must be paid initially and the remainder by the eighth week of the semester. An installment service fee of \$29 is assessed with the first installment billing and a late payment fee of \$36 per month is assessed on past-due balances.

If a student's account is past due for a current semester, enrollment, University housing and other University services (such as the release of transcripts) are subject to suspension until the account is brought into current status. Payment of assessments for a current semester does not relieve the student of obligation for payment of any balance from a prior semester.

Program Adjustment Fee

Beginning with the start of classes, a program adjustment fee of \$11 per drop transaction will be assessed for each student-initiated program adjustment.

For final adjustment deadlines and coordinate fee schedules, see the Class Schedule Books or on the Web at www.emich.edu/controller/sbs.

No program adjustment fees will be assessed for changes required as a result of University actions.

Credit Adjustment for Total Withdrawal

A credit adjustment of 100 percent of tuition and fees for the fall and winter semesters, less the \$40 nonrefundable registration fee, will be made to those students who cancel their registration or withdraw from the University through the eighth class day. For the spring and summer sessions, a 100 percent credit adjustment, less the \$40 nonrefundable registration fee, will be made during the first four days of classes. Actual dates are printed in the class schedule book for each semester and session or on the Web.

A credit adjustment of 50 percent of tuition and fees for the fall and winter semesters, less the \$40 nonrefundable registration fee, will be made to those students who withdraw from the University (all classes) from the ninth through the 19th class day. For the spring and summer sessions, a 50 percent credit adjustment, less an administrative fee, will be made from the fifth through 10th class day of the session. Actual dates are printed in the class schedule for each semester and session.

A credit adjustment of 25 percent tuition and fees for the fall and winter semesters, less the \$40 nonrefundable registration fee, will be made to those students who withdraw from all classes between the 20th through the 38th class day. For the spring and summer sessions, a 25 percent credit adjustment, less an administrative fee, will be made from the 11th through 19th class day of the session. Actual dates are printed in the class schedule for each semester and session.

No credit adjustment will be made after the above stipulated dates.

Decrease in Academic Load

For the fall and winter semesters, 100-percent tuition credit, less an \$11 program adjustment fee, will be processed for those students who decrease their academic load through the eighth day of classes. For the spring and summer sessions, a 100 percent credit adjustment, less a \$11 program adjustment fee, will be made during the first four days of classes. Actual dates are printed in the class schedule for each semester and session.

No credit adjustments will be made after the above stipulated dates.

If a student feels that individual circumstances warrant exceptions from the credit adjustment or University withdrawal adjustment policy:

1. Obtain a Tuition Appeal Application from the Student Business Services in 201 Pierce Hall. Complete and return the application along with an explanation of the extraordinary circumstances involved and supporting documentation of those circumstances. An approval or denial will be issued in writing by return mail. If the application is denied:
2. Appeal in writing to the Director of Student Business Services at the address above. Be sure to include any additional pertinent information with your written appeal.

Tuition and fee appeal applications must be submitted as early in the semester as possible. Applications received later than 15 calendar days after the close of the semester may be denied.

The General Fee

EMU has the responsibility to maintain certain services and facilities on campus for the comfort and convenience of students, and to maintain academic accreditation. Examples are improvements to academic facilities, Snow Health Center, learning technology labs, athletic facilities, performing arts facilities and Student Government. These are funded through a general fee of \$21 per credit hour and assessed to all students. Not every supported service or facility is used by every student, but the overall good of the student body is served.

The Program Fee

Students in upper-level and graduate courses in certain areas of study will be charged program fees. A complete list of program fees can be found at www.emich.edu/controller/sbs.

Student Union Fee

A student union fee of \$3.00 per credit hour is charged to all students to service the debt on the new student union building.

The Technology Fee

Each student will be charged a technology fee of \$10 per credit hour to update the technology of the University. This fee applies to any on-campus, off-campus and online classes.

Service Fees

Room and board fees are published by the Housing Office and are set by action of the Board of Regents.

A \$90 graduation fee is charged to each student who makes application for graduation. It covers the cost of mailing of diplomas and other specific graduation items. The fee is assessed once for each degree and is non-refundable.

Parking your motor vehicle in University parking lots requires the proper parking permit. To purchase your parking permit, you must first register your motor vehicle with the Public Safety Department, located on the ground floor of the parking structure. The application will indicate whether the permit will be mailed to you or whether you must pick it up in person.

Motor vehicle rates:

Commuter Permits (per semester)

FA and WI	\$75
SP and SU	\$37.50

Resident Permits (per semester)

Apartment housing FA and WI	\$150
Apartment SP and SU	\$25
Residence Hall FA and WI	\$150
Residence Hall SP and SU	\$75
Brown-Munson FA and WI	\$100
Brown-Munson SP and SU	\$50
Graduate Assistant FA and WI	\$40
Graduate Assistant SP and SU	\$20

All students meeting the requirements of the law are eligible to operate and maintain motor vehicles on campus. Motor vehicles are required to be operated within the provisions of the traffic, parking and pedestrian ordinances of the University and the city of Ypsilanti.

Further details are available in the parking and traffic regulations brochure available from campus police. Permit cost is subject to change.

Special Fees

Music fees are charged for private lessons according to the following schedule:

Music majors: \$60 per semester (maximum) for all instruction.

Other University students: \$60 per semester for one-hour lesson, \$30 per semester for half-hour lesson.

For students from public schools, the community and EMU staff and families, lessons are available through the EMU Community Music School. Fees vary depending on the length of the lesson and the instructor. Call the Department of Music and Dance for details.

Lessons are arranged through the Department of Music and Dance.

The applied music fee is assessed to each student's account at the close of the program adjustment period. This fee is not refundable after the first lesson.

Student Expenses

Estimated Academic Year Costs

(Residence Hall and Commuter Students)

The following budget represents typical expenses for a freshman student, Michigan or Ohio resident, taking a total of 30 undergraduate credit hours during fall and winter semester, living in a University residence hall or off-campus apartment and attending the full academic year (fall and winter semesters).

Tuition and fees	\$7,590
Books and academic supplies	\$900
Residence hall room and board	\$7,220
Estimated additional costs of personal, transportation and miscellaneous expenses	\$1,880

Personal expenses include clothing allowance, medical/dental expenses, recreation, personal hygiene articles. Out-of-state students should allow for additional tuition and transportation costs.

Students can anticipate the following total costs: tuition and fees, books, room and board, personal and miscellaneous expenses and transportation for an eight-month academic year:

On-campus student \$17,590

Off-campus student \$17,590

Commuter student \$13,070

The above budgets are based on financial aid average costs for 2008-2009.

Extended Programs and Educational Outreach offers flexible, innovative and exciting credit courses and program options. Courses offered through Extended Programs and Educational Outreach are available at times and locations and in formats that are convenient for students balancing full- or part-time jobs, co-curricular activities and/or family responsibilities with their college education. Credit earned in Extended Programs and Educational Outreach courses and programs is regular University academic credit.

Each semester, Extended Programs and Educational Outreach publishes a course bulletin listing the courses available that semester. These bulletins are available at the Extended Programs and Educational Outreach Office in Boone Hall, online at www.ep.emich.edu and in display racks in various locations around the EMU campus. In addition, all EPEO course offerings are listed in the University's online class schedule at <http://insight.emich.edu/Students/ocsb/index.cfm>. Since some courses are scheduled after the EPEO course bulletin and the University class schedule are published, refer to the University's online class schedule for updates. As with all EMU courses, your academic adviser is the person best equipped to guide you and answer specific questions about which courses will meet the requirements of your program of study.

Mission Statement

It is the mission of Extended Programs and Educational Outreach to provide leadership in dissolving traditional campus boundaries through collaborative programs that complement and extend the educational, research and public service activities of the University, as understood in the context of our identity as a metropolitan and publicly engaged University. Extended Programs and Educational Outreach also engages individuals across their life span, from high school, through traditional University years, to adult working years, through individual professional development and educational/training programs for business, government and nonprofit agencies. We work to extend the reach and impact of the University not only to the State of Michigan but globally, recognizing that our students live and work in the context of a closely interconnected world.

The most important asset of any institution, corporation or business is the people that make things happen. With advanced

education and training, they become better positioned to meet the individual and collective challenges that lie ahead.

Eastern Michigan University Extended Programs and Educational Outreach is committed to helping meet these challenges. We offer flexible and innovative applied academic experiences in the State of Michigan, nationally and internationally.

Through EMU's Extended Programs and Educational Outreach units, it is now possible for individual adult students, businesses, and government and social agencies to access the tremendous resources of one of Michigan's leading universities. Using alternative formats and teaching technologies, we deliver education, applied research, training and consultation services. Ongoing research initiatives and collaborations ensure that our programs respond to changing needs in a changing environment.

Off-Campus Locations

Extended Programs and Educational Outreach offers full degree programs and certificates at convenient off-campus locations throughout Michigan. For a complete list of programs, contact the locations listed below or visit www.ep.emich.edu.

EMU-Online

Phone: 734.487.0407

E-mail:

When you're ready to learn, EMU is ready to teach. Online courses make it easy for you to learn around your schedule, in a location convenient for you. A wide range of courses are available online as an alternative to attending class on campus. They've been developed by EMU faculty and meet the same high standards as on-campus offerings. The course offerings and registration information are available at www.emuonline.edu.

Independent Learning

Phone: 734.487.0407

E-mail: emuonline@emich.edu

Satisfy general education requirements and earn college credits through self-paced instructional courses via EMU's Independent Learning program. You may register at any time, and you have up to six months to complete coursework. You'll receive instructional tapes, study guides and book lists to begin your lessons. Professors are available for consultation and to grade assignments that you send through regular mail or fax. There are proctored examinations for each course.

Prior Learning Assessment

Receive up to 30 hours for learning you've gained outside the classroom - including seminars, training completed on the job and knowledge acquired independently in a particular field. Through Prior Learning Assessment, you'll identify and analyze learning, document your experience, match the learning to EMU courses and compile a written portfolio to submit for evaluation. Credits earned through portfolio-assisted prior learning may be applied toward any degree for which they are appropriate. Students seeking credit for prior learning must attend a free required workshop.

One-Week Courses

Earn credit during EMU's winter break by taking a one-week course offered in northern Michigan.

EMU-Winter Break
Phone: 877.368.8289

E-mail: winter.break@emich.edu

Earn credit during the spring and summer by taking a one-week course offered on the campus of Northwestern Michigan College in Traverse City.

EMU-Traverse City

Extended Programs and Educational Outreach's Professional Programs and Training offers programs and services for working individuals seeking professional development, ongoing educational opportunities, executive development, workshops and special events of interest to the EMU community and beyond. For a complete list of professional programs and training opportunities, visit www.ep.emich.edu/ppat.

Professional Certificates, Training and CEUs

Professional societies and organizations develop programs and award certificates to encourage members to update their knowledge and skills. The CEU (Continuing Education Unit) is a national standard of measurement to recognize participation in a wide range of organized non-credit educational activities (conferences, seminars, workshops, etc.) in all fields. Opportunities for CEUs, certificates and training include:

- Michigan State Board - Continuing Education Units (SB-CEUs)
- Certified Financial Planning
- Certificate in Information Security Systems
- SHRM Human Resource courses and certificates
- American Payroll Association courses
- Specialist Certificates in Occupational Health and Safety
- Specialist Certificates in Quality Management
- Six Sigma Green and Black Belt certification
- Online test preparation workshops

Centers for Corporate Training

- Center for Quality
- Center for Organizational Risk Reduction
- OSHA Training Institute

Web sites: www.centerforquality.org and www.emuosha.org

The Centers for Corporate Training are nationally known for designing and providing a wide range of training, technical assistance and consulting services for hundreds of companies each year in health, safety, security and quality. Our clients include automotive and non-automotive manufacturers and their suppliers, plastics and electronics producers, the construction industry, healthcare providers and government agencies.

Each of the centers works, in its own way, to help individuals and organizations reach and maintain excellence. We are dedicated to helping companies not only survive but prosper during rapid organizational, technological and economic change. We meet our customers where they are, providing on-site instruction and facilitation to help create efficiencies and help them become more

effective for their customers.

By developing customized programs, innovative training and effective, practical consulting, the centers support organizations as they improve the quality of their products, the productivity of their processes and the safety of their workplaces. Our partners are workers, supervisors, managers and executives who will create and succeed in the global marketplace.

The Centers for Corporate Training have served thousands of people in hundreds of companies in North America, Asia, Europe and South America, providing innovative education and training programs around the globe.

The Professional Education Center

Web site: www.emich.edu/public/cob/pec/index.htm

Today's business challenges require organizations to provide equally innovative and applied training and development programs. The Professional Education Center (PEC) in the College of Business at Eastern Michigan University provides customized technical and leadership training programs to help businesses and individuals meet challenges and build technical and leadership skills. Students benefit from training and professional coaching from EMU's world-class College of Business and external instructors and consultants.

The PEC tailors training programs to meet your unique organizational challenges bringing innovative and applied programs to the workplace. We can bring to your organization programs to enhance management and business skills and to support leader development including:

- Management Certificate Program – Developing the Leader in You Workshop series
- Emotional Intelligence and Leadership
- Business Skills – Finance, Marketing, Statistics, Business Communication
- Project Management – Introduction and Certificate Programs
- Biz World 101- for new business professionals

Academic Programs Abroad

In today's interconnected world, a global perspective is increasingly important and valuable for all students. The Office of Academic Programs Abroad provides opportunities for EMU students to internationalize, diversify and enrich their University education through a variety of study abroad programs, including winter break, spring and summer, intensive language immersion, and exchanges and other semester and academic year opportunities. Some programs offer graduate credit.

Abroad Student Services

The Office of Academic Programs Abroad provides EMU students with:

- Comprehensive study abroad advising
- Study Abroad Orientation
- Health and safety information
- International student identity cards
- International health insurance

- Financial aid coordination and scholarship advice
- Innovative and affordable study abroad programs

In addition to EMU programs, the Office of Academic Programs Abroad maintains a library of information on hundreds of study abroad programs sponsored by universities all over the world. Students may browse the library and make appointments for advising Monday through Friday throughout the school year. Information on EMU programs abroad can be found at www.emich.edu/abroad.

Winter Break Programs

EMU students earn credit while studying abroad with EMU faculty during the break from campus. Classes are scheduled midway through the winter semester. Recent programs include:

- Art in Mexico
- Hospitality Management in London and Paris
- British Studies in London
- Power, Place and Image in Florence and Rome
- Art and History in Prague and Munich

Spring and Summer Programs

- The Cultural History Tours are unique travel-study programs that visit multiple countries throughout Europe and Asia. Five- and 10-week programs are offered. Students and professors study major historic and cultural sites while pursuing in-depth academic work in an interdisciplinary context. Since their beginnings in 1974, the Cultural History Tours have become a leader in innovative travel-study abroad, drawing students from EMU as well as other colleges and universities. The Emanuel Fenz Endowed Fund provides a competitive scholarship available to EMU students with financial need, applicable to either the Cultural History Tours or Adventures Abroad programs.
- Adventures Abroad Programs are short-term, low-cost travel-study tours that offer EMU students the opportunity to travel with EMU faculty to Europe or the Mediterranean while earning three credits in literature, art or another discipline. The Adventures Abroad program is a short-term module embedded within the longer Cultural History Tours. Students with financial need may apply for the Emanuel Fenz Scholarship applicable to this program.
- EMU students may choose from a variety of spring and summer travel and residence programs that carry credit in such fields as art, biology, business, community practice, education, history and political science. EMU faculty-led programs include such destinations as Ecuador and the Galápagos Islands, Mexico and the Americas, Europe and Asia. Several spring and summer programs are three weeks or less and designed to be especially affordable for EMU students.

Summer Intensive Language Programs

Intensive French, Spanish, German and Japanese language programs are available in France, Mexico, Spain, Germany and Japan, respectively, in settings of cultural immersion. Faculty coordinate additional instruction and provide supervision and cultural exercises. All levels of instruction are available. These programs are offered in cooperation with the Department of World Religions.

Semester/Year Exchange Programs

Eastern Michigan University students may attend one of our Exchange Partner schools for one or two semesters for a cost equivalent to that of Eastern Michigan University. Students pay for EMU tuition and fees, plus a modest program fee. The courses taken appear on the EMU transcript as EMU courses. Students may select courses to count towards a major, minor, general education or elective credit.

- United Kingdom exchanges include University of Derby, England, and Oxford-Brookes University, England.
- Other exchange programs include:
 - University of Groningen, Netherlands (English-language courses offered)

- ESIDEC - Metz, France
- Karlsruhe University, Germany
- Reutlingen University of Applied Sciences, Germany
- Kansai Gaidai University, Japan
- Business majors at EMU may participate in the Regional Area Mobility Program (RAMP) during fall and winter semesters. Courses are taught in the language of the host institution: Spanish at Mexican Universities; English or French at Canadian Universities. Proficiency in the relevant language is required.
- The Japan Center for Michigan Universities (JCMU) in Hikone, Japan, offers Japanese Language and Culture courses open to all majors; no prior knowledge of Japanese is required.
- Affiliated programs include Curtin University of Technology, Australia, and Université Catholique de l'Ouest, France.

Policies

- University Alcohol and Other Drug Policy
- EMU Policy on Notification to Parents of Drug and Alcohol Violations
- Tobacco Use Policy
- Acceptable Use of Information Technology Resources

In this section you will find the FERPA law, the Student Code of Conduct, the EMU Alcohol and Other Drug Policy, the Tobacco Use Policy, the Student Involuntary Administrative Withdrawal Policy, the Grade Grievance Procedures, Class Attendance Policy, the EMU Policy on Sexual Harassment and the Residence Hall Eligibility Policy.

These policies will not only serve as an important reference during your University experience, but they will also help you as a student to make informed choices.

Undergraduate Policy on Probation/Dismissal/Readmission

If, at the end of any term of enrollment, an undergraduate's cumulative grade point average (GPA) falls below 2.0, having previously been at or above 2.0 (or if new to the University), that student will be placed on academic probation (PRB1). The student will then have three terms of enrollment (spring/summer count as one) to raise the cumulative GPA to 2.0 or higher. At any time that the student's cumulative GPA reaches 2.0, the student will be restored to good academic standing (GOOD). Unless the cumulative GPA has been raised to 2.0 by the end of the third term of probation (PRB3), the student will be subject to academic dismissal.

Exceptions to this policy are as follows:

1. Any student whose first term of probation is the result of a semester of all Es must earn better than 0.0 (all Es) in the first term of probation or face dismissal immediately.
2. Students who have been readmitted (READ is equivalent to PRB1) after a dismissal will be placed on PRB2 after their first term, if their cumulative GPA remains below 2.0. They will have two terms to raise their cumulative GPA average to 2.0 or they will face a second and final dismissal.
3. All initial dismissal actions are subject to appeal. Procedures and deadlines for such appeals will be included in notices of academic dismissal, sent to students at the conclusion of a term of enrollment. If an appeal is successful, the student will be reinstated, which means the dismissal does not count. Students who are reinstated after an appeal will be given one more term to raise the GPA to 2.0 or they will be dismissed.

Students dismissed from the University for the first time must remain away from Eastern Michigan University for one calendar year. They can then apply for readmission through the Academic Advising Center. Procedures and deadlines for readmission are available in the Academic Advising Center (301 Pierce Hall); contact the Assistant Director for Academic Actions. Students dismissed more than once (excluding reinstatement) are usually not eligible to return to the University. On occasion, when students have been away from the University for at least 10 years, a request may be submitted, through the Assistant Director for Academic Actions, to the Academic Standards Committee, who will make the final decision in such a case.

While remaining out of the University due to a dismissal, students may choose to attend another institution. Certain rules apply to course work taken elsewhere. Refer to the repeat policy in the catalog and consult with Academic Records on transfer of courses.

While on academic probation, a student may meet with the Assistant Director for Academic Actions or any adviser in the Academic Advising Center. In addition, students may seek help in developing successful strategies for academic performance through the Holman Learning Center, the Counseling Services Center and the Career Services Center.

Notification of Student Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. **The right to inspect and review the student's education records within 45 days of the day EMU receives a request for access.**
2. Students should submit to Eastern Michigan University's Office of Records and Registration written requests that identify the record(s) they wish to inspect. A University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
3. **The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.**
Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

4. **The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.**
One exception which permits disclosure without consent is disclosure to school officials with legitimate education interests. A school official is a person employed by EMU in an administrative, supervisory, academic, research or support staff position (including law enforcement unit personnel and health staff); a person or company with whom EMU has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Regents; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll. The University may, without the student's permission, release certain information to parents or guardians of students under the age of 21 found responsible for violating any law, rule or University policy pertaining to drugs or alcohol.

EMU has designated the following items as directory information and these items may be included in publications or disclosed upon request without consent: the student's name; address; telephone listing; electronic-mail address; date and place of birth; major field of study; participation in recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received (including, but not limited to, the Dean's List); and the most recent previous educational agency or institution attended by the student.

EMU reserves the right to make directory information public unless a student's written objection (specifying the category of information not to be made public without prior consent) is filed at the Office of Records and Registration within 14 days after each term begins.

Students who do not want to be included in the annual EMU Student Directory should either complete a directory exclusion card or request directory exclusion through the touch tone registration system (734.487.3309) by Sept. 15. Cards can be picked up from University Publications, Campus Life, Office of Records and Registration, Academic Advising Center, Office of Admissions or a residence hall information desk. They must be turned in by September 15 to Public Information, 18 Welch Hall. Requesting directory exclusion will remove your name, address and phone number from the current and subsequent telephone directories.

5. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by EMU to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:**
Family Policy Compliance Office
U.S. Department of Education
400 Maryland Ave. SW
Washington, D.C. 20202-4605

Applicable Laws for Americans with Disabilities

1973 Vocational Rehabilitation Act, Section 504

Colleges and universities nationwide have been protecting the rights of students with disabilities since the 1973 Vocational Rehabilitation Act, specifically Section 504, which states:

No otherwise qualified handicapped individual in the United States shall, solely by reason of handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

Americans with Disabilities Act (ADA)

Unlike Section 504 of the Rehabilitation Act, the ADA applies to employers, public services, public accommodations, communication providers and transportation providers regardless of whether they receive or benefit from federal funding.

The ADA defines a person with a disability to mean a person who: (1) has a physical or mental impairment that substantially limits one or more major life activities; (2) has a record of such an impairment; or (3) is regarded as having such an impairment.

The ADA provides coverage in five different areas:

Employment
Public services/transportation
Public accommodations/transportation
Telecommunications
Miscellaneous

Residence Hall Eligibility Policy

Policy Statement

All first year unmarried students shall be required to live in University residence halls, contingent on space availability. Sophomore students may be required to live on campus as well, space permitting. Exceptions may be granted to students who are:

- a. commuting from the permanent home of their parents/guardian;
- b. 21 years of age or older; or
- c. veterans who have served on active duty.

All students living in University residence halls assume responsibility for their own hours.

University Practice

Occupancy in a University residence hall is restricted to currently enrolled students at Eastern Michigan University. Occupants other than currently enrolled Eastern students are allowed on an exception basis. However, priority will be maintained for current Eastern students. Each resident is required to make application and sign a contract for the appropriate term. As such, the resident agrees to make the designated prepayment and agrees to the payment of fees as established for the term(s) of occupancy according to the current payment schedule. Additionally, the residents are responsible for compliance with all terms and conditions set forth in the contract and the Residence Hall Handbook.

Responsibility for Implementation

Housing management staff is responsible for implementing this policy and for granting waivers in a fair and consistent manner within policy guidelines.

Scope of Policy Coverage

This policy shall apply to first year and sophomore students.

EMU Policy on Sexual Harassment

The University's Mission Statement and accompanying Institutional Values and Guiding Principles reflect our collective commitment to providing an environment that positively affects the lives of all individuals who are part of the EMU community. The University's Sexual Harassment Policy affirms our shared values and responsibility to respect all individuals, and prohibits any member of the University community from engaging in sexual harassment activities that demean or diminish an individual in any way. Such activity is prohibited by law and by this policy. The rights and responsibilities inherent in this policy apply to all employees, students, guests and outside contractors. One of the strengths of Eastern Michigan University is that we value and

respect human dignity and the rights of all people. Each of us shares the responsibility for ensuring that sexual harassment will not be tolerated and that we strictly adhere to the tenets of this policy. Copies of the policy and procedures are posted on the web sites of the Office of Diversity and Affirmative Action, the Office of Judicial Services, Human Resources and the Office of the Assistant Vice President for Academic Affairs.

Policy on Sexual Harassment

It is the policy of Eastern Michigan University to provide an educational, employment and business environment free of unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by state and federal statutes.

Prohibited Acts

No member of the University community shall engage in sexual harassment. Persons who engage in sexual harassment are subject to disciplinary action, up to and including dismissal for employees and/or suspension or dismissal for students. Sexual harassment is defined as unwelcome advances, requests for sexual favors or other behavior of a sexual nature when:

- Submission to such conduct is made explicitly or implicitly a term or condition of an individual's employment or status in a course, program or activity.
- Submission to, or rejection of, such conduct is used as a basis for a decision affecting an individual's employment or participation in a course, program or activity.
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work or performance in a course, program or activity, or of creating an intimidating, hostile or offensive environment in which one engages in employment, a course, a program or an activity.

Confidentiality

To the extent permitted by law, the confidentiality of each party involved in a sexual harassment investigation, complaint or charge will be observed, provided it does not interfere with the University's ability to investigate the allegations or take corrective action.

Examples of Sexual Harassment

- Physical assault
- Threats or insinuations which cause the victim to believe that sexual submission or rejection will affect his/her reputation, education, employment, advancement, or any conditions which concern the victim's standing at the University.
- Direct propositions of a sexual nature
- Subtle pressure for sexual activity, an element of which may be conduct such as unwelcome sexual leering
- Conduct (not legitimately related to the subject matter of the work, course, program, or activity in which one is involved) intending to or having the effect of discomforting and/or humiliating a reasonable person at whom the conduct is directed. This may include, but is not limited to, comments of a sexual nature or sexually explicit statements, questions, jokes or anecdotes, and unnecessary touching, patting, hugging or brushing against a person's body. Depending upon the circumstances, any of the above types of conduct may be sexual harassment and subject to disciplinary action, even if that conduct only occurs once.

Consensual Sexual Relationships:

Professor and student:

The ideal professor demonstrates respect for students as individuals and serves as students' mentor, intellectual guide and model of honest academic conduct. The professor acts to ensure academic evaluations of students that reflect each student's true merit. He or she respects the confidential nature of the relationship between professor and student and avoids all forms of exploitation, harassment and discriminatory treatment of students.

Sexual relations (which includes contact of a sexual nature) or requests for sexual relations between students and faculty members with whom they also have a current instructional or evaluative relationship are fraught with the potential for exploitation and must be avoided, and are prohibited. The respect and trust accorded a professor by a student, as well as the power exercised by the professor in an instructional or evaluative role, make voluntary consent by the student suspect. In their relationships with students, members of the faculty are expected to be aware of their professional responsibilities and to avoid apparent or actual conflict of interest, favoritism or bias.

Seeking Assistance for Filing a Complaint

Students, faculty and staff who believe they are the victims of sexual harassment may seek information and assistance from the Office of Student Judicial Services (204 King Hall), Jennifer Schraze, director, 734.487.2157, or the Diversity and Affirmative Action Office (11 Welch Hall), 734.487.1166. If the student, faculty member or staff member wishes to file a complaint, she/he may take the following action(s):

- If the alleged harasser is a staff or faculty member, the affected individual(s) may contact the Diversity and Affirmative Action Office (11 Welch Hall).
- If the alleged harasser is a student, the affected individual(s) may contact the Office of Student Judicial Services (204 King Hall).

Note: EMU has the obligation to investigate all complaints of sexual harassment.

Seeking Assistance Outside of the University

Persons who believe they are the victims of sexual harassment may also seek assistance from: the Equal Employment Opportunity Commission, or the Michigan Department of Civil Rights.

Awareness

Members of the University community are responsible for knowing and understanding the University's policy prohibiting sexual harassment. Students who do not understand the policy should contact the Office of Student Judicial Services at 487.2157. Faculty and staff who do not understand the policy should contact their department head or director. Department heads or directors who need assistance in understanding, interpreting or applying the policy should contact the Diversity and Affirmative Action Office at 487.1166. Persons who make false allegations subject themselves to the possibility of disciplinary action.

If You Are Accused of Sexual Harassment

You will have an opportunity to hear and respond to the charges brought against you. All situations are treated as confidential matters to the extent permitted by law. Judgments are not made nor action taken until the investigation is complete. Employees represented by collective bargaining agents may enlist assistance from their union as necessary.

Grade Grievance Procedure for the EMU Community

Timeline for Steps in the Grade Grievance Procedure

(This timeline is derived from appropriate sections in the Grade Grievance Procedure.
The page number from which it is taken is underlined in parentheses following each item.)

Step I

- The student must contact the instructor within ten (10) working days after the start of the following semester: i.e., the semester following the one in which the disputed grade was given.

Step II

- A written grievance must be filed within twenty (20) working days after the start of the next semester following the one in which the disputed grade was given.
- Within ten (10) working days after receipt of the written grievance, the department head must schedule a hearing before the Department/College Grievance Committee.
- The Committee hearing shall be open unless the student or instructor requests a closed hearing. This request should be conveyed in writing to the department head prior to the hearing (After the hearing) The committee will meet in executive session and will present its findings, in writing, to the department head within ten (10) working days.
- The department head will forward the committee's written decision to the student and the instructor within five (5) working days of this committee's decision/recommendation.

Step III

- Either the instructor or the student grievant may submit a written appeal of the prior decision at Step II by the Department/College Grade Grievance Committee within ten (10) working days of written receipt of that decision, if at least one of three conditions is met:
 1. The Office of the Provost determines that there is evidence that established procedures for Step II were violated; or
 2. There was at least one dissenting vote at the Step II level; or
 3. New evidence or new witnesses not previously considered or heard at Step II become available.
- Within twenty (20) working days of the receipt of the appeal, the University Grade Grievance Committee shall issue a written Step III decision to both the instructor and the student.

A. Introduction

The Grade Grievance Procedure provides each student with the opportunity to appeal formally a final grade in a course because he or she believes that the grade has been awarded capriciously or unfairly. Capricious or unfair-grading may include but is not limited to the assignment of a course grade to a student: (1) on some basis other than relevant performance in the course; (2) by resorting to standards different from those which were applied to other students in that course; or (3) by an unreasonable and/or unannounced substantial departure from the instructor's previously articulated standards.

This procedure is not intended to handle disputes that may arise about the grading of individual exams or assignments during the semester. When such disputes arise, the student should contact the instructor immediately, rather, than waiting until the end of the semester. Class action grievances by one student on behalf of several students or an entire class are not permitted.

B. Step I

If a student wishes to appeal a final grade, the student must contact the instructor within ten (10) working days after the start of the following semester: i.e., the semester following the one in which the disputed grade was given (see General Notes #3, p. 9, for the spring-summer policy). If the instructor is teaching on campus the next semester, but is temporally unavailable or simply cannot be reached during this ten-day period, then the student should deliver a written request for an appointment with him/her, stating the reason, to the department head no later than the ten (10) day period. With the aid of the department head in scheduling an appointment, the instructor and the student must then meet as soon as possible and discuss the disputed grade privately. In the event that the department head has difficulty in assisting the student in scheduling the appointment, a detailed written record of communication or attempts to communicate between the department head and the instructor will be maintained by the department

head. Whenever possible, conflicts over grades should be resolved informally between the instructor and the student as a result of this Step I discussion.

If the instructor has left the University permanently, or is not available for a period of sixty (60) days or more (e.g., if the instructor is away on a sabbatical leave, medical leave; or in his/her "off semester" on a Plan C appointment), then the department head shall act on his/her behalf and make a decision either in support of or against the grievance. In making this decision, the department head shall review all available grade records, discuss the matter with the student, and with written consent of the student, request and evaluate within ten (10) working days a written statement by the instructor concerning the disputed grade, when possible. The department head cannot act in this manner on behalf of the instructor during the spring-summer period because the instructor is not teaching during either the spring or summer session, unless the disputed grade affects the student's plans to graduate that year.

C. Step II

If the grade dispute is not resolved in Step I to the student's satisfaction and he or she still believes that the grievance has merit based on facts of the case, the student has the right to file a formal written grievance with the department head. In the written grievance, the student must indicate whether he/she requests that the case be heard by a Departmental or College Grade Grievance Committee. The department head will forward the written grievance immediately to the chairperson of the appropriate (Department or College) Grade Grievance Committee.

Guidelines for filing a formal grievance are as follows:

1. A grievance must be based on evidence that the instructor has been capricious and/or unfair in awarding a grade. The written grievance must describe specifically the perceived capricious or unfair action of the instructor. The student also should present all other evidence or documentation in support of his or her allegations. Disagreement with an instructor's judgment in and of itself is not a basis for a grievance, nor is disagreement with an instructor's grading standards, if such standards have been described in advance for the class, and have been applied fairly to all students in the class.
2. A written grievance must be filed within twenty (20) working days after the start of the next semester following the one in which the disputed grade was given.

Within ten (10) working days after receipt of the written grievance, the department head in consultation with the chairperson of the Department/College Grade Grievance Committee will schedule a hearing before the Committee. The department head cannot simply make a personal judgment that the grievance is without merit, and thus refuse to give it to the Department/College Grade Grievance Committee. However, after scheduling the hearing; the department head may request a closed three-person meeting in his/her office with just the instructor and the student, to discuss informally the disputed grade one final time. If either the instructor or the student refuses to attend such a meeting, the department head cannot require his/her attendance, and the grievance is then held as previously scheduled. If a closed meeting is held, the department head shall act only as a facilitator or a mediator. His/her role is restricted solely to promoting further discussion, not to imposing his/her judgment and/or making a decision in the case. If the dispute is resolved in this meeting, the written grievance shall be withdrawn and the scheduled hearing canceled. The student will provide written verification of withdrawal of the grievance to the instructor and department head at the conclusion of the meeting. If the dispute is not resolved, the grievance is then held as previously scheduled. In such cases, the department head shall not communicate his/her opinions/judgments regarding the grievance and/or the discussion at the closed meeting to the members of the Department/College Grade Grievance Committee.

The Department Grade Grievance Committee shall be composed of three (3) faculty members and two (2) students. The faculty members shall be selected by appropriate department procedures. In undergraduate student grievances, the student representatives shall be selected from the list of representatives designated annually (no later than October 15 each year) by Student Government for each department in that particular college. In graduate student grievances, the student committee members must be graduate students. The graduate student representatives will be selected from the list of representatives designated annually (no later than October 15) by the Graduate School for each department in that particular college.

The College Grade Grievance Committee shall be composed of three (3) faculty members and two (2) students. One faculty person and one student must be from the department from which the grievance originated. The other faculty and student representatives must be from different departments within the college. The dean of the college in which the grievance originates

will select the appropriate faculty and student representatives to serve on a particular grievance committee from the approved designated lists. The faculty approved to serve on the committee shall be designated by the College Council from a list of faculty submitted by each department by October 15 each year. In undergraduate student grievances, the student representatives shall be selected from the list of representatives designated annually (no later than October 15 each year) by Student Government for each department in that particular college. In graduate student grievances, the student committee members must be graduate students. The graduate student representatives will be selected from the list of representatives designated annually (no later than October 15) by the Graduate School for each department in that particular college.

The student grievant may, however, request in advance of the hearing in writing that the two (2) students be excused and that his or her grievance be heard only by three (3) faculty members.

This option applies regardless of whether the grievance is being heard by the Department or College Grade Grievance Committee. The committee shall conduct a hearing according to the following guidelines:

1. Prior to the hearing, any written information in support of either the student or the instructor shall be distributed to committee members by the department head. In addition, both the student grievant and the instructor shall be provided with copies of these same written materials. All available written information shall be presented at this time.
2. A detailed record shall be kept of the hearing, preferably a taped sound recording. If a written record is kept, that record shall be signed by the Grievance Committee asserting that the written record is a true record of the hearing proceedings.

Written or recorded records of any Step II grievance shall be kept on file in the college dean's office and copies shall be provided, upon request, to the student who has filed the grade grievance or the faculty member against whom the grievance was filed. Costs associated with duplicating grade grievance records shall be borne by the individual(s) requesting copies.

3. The hearing shall be open unless the student or instructor requests a closed hearing. This request should be conveyed in writing to the department head prior to the hearing.
4. Both the student and instructor shall be permitted an adviser at the hearing. Advisers must be members of the University community, i.e., students in good standing or full-time faculty or staff members.
5. The Department/College Grade Grievance chair shall begin the hearing by beginning the tape recorder (or announcing the name of the person who will be taking minutes) and reviewing the guidelines and procedures under which the hearing shall be conducted.

The committee chair will then announce, "This Step Level II Grade Grievance Hearing is being held on (date). (Name of student) is grieving the grade of (grade) received during the (semester) in (class prefix, number, and section identification number) taught by (instructor). The following committee members are in attendance today: (members give their names)."

6. In order, the student and the instructor will present their cases. Both the student and the instructor may call witnesses, and the student, instructor, adviser(s), and committee members all have the right to question any witnesses that are called. The student and the instructor should be asked for brief closing statements.
7. The chair will then close the hearing with, "This Step Level II Grade Grievance Hearing is now concluded." The committee will meet in executive session and will present its findings, in writing, to the department head within ten (10) working days. The written decision/recommendations- will be signed by the members of the committee. The department head will forward the committee's written decision to the student and the instructor within five (5) working days of this committee's decision/recommendation.
8. If determined through the grievance process that a student's grade is to be changed, the following process will be used:
 - a. The Chair of the grade grievance committee will forward the committee's recommendation for the change of grade to the faculty member, Department Head and the student (grievant).
 - b. The faculty member shall have ten (10) working days from the issuance of the committee's recommendation to file a grade change or respond otherwise to the committee.
 - c. If the faculty member fails to change the grade or appeal the decision within the allotted time or notifies the committee of his/her intent not to comply with the recommendation to do so, the department head will file the grade change form in accordance with the committee's recommendation.
 - d. The student, faculty member, Department Head, and Grievance Committee Chairperson will receive copies of the completed grade change form.

9. Either the student or the instructor may appeal the decision/recommendations of the Department/College Grade Grievance Committee to the University Grade Grievance Committee under the conditions listed below. This appeal must be filed within ten (10) working days of receipt of the decision.

D. Step III

Either the instructor or the student grievant may submit a written appeal of the decision at Step II by the Department/College Grade Grievance Committee within ten (10) working days of written receipt of that decision, if one of the following conditions is met:

1. The Office of the Provost determines that there is evidence that established procedures for Step II were violated; or
2. There was at least one dissenting vote at the Step II level; or
3. New evidence or new witnesses not previously considered or heard at Step II become available.

In the absence of 1, 2, or 3 above, simple disagreement with the decision rendered at Step II is not sufficient basis for an appeal. In other words, there is no automatic right of appeal in every case requiring that the University Grade Grievance Committee reconsider the entire grievance case. If the appeal is based on new evidence or new witnesses, the written appeal statement must explain precisely how this evidence or testimony relates directly to the alleged unfair or capricious awarding of the disputed grade. If said evidence or witnesses had been available prior to the Step II hearing, the hearing shall be remanded back to the Step- II departmental committee. Only newly discovered evidence and/or witnesses may be introduced at the Step- III hearing level (it shall be the responsibility of the petitioner to demonstrate that the evidence and/or witnesses were not available at Step II).

The appeal shall be submitted to the provost or his/her designee with a copy to the dean of the appropriate college. The University Grade Grievance Committee shall be chaired by the provost or his/her designee and shall have the following additional members: the dean of the involved college or his/her designee; two (2) faculty members, one of whom is from the involved college, but not from the department in which the grievance originated; and one (1) student appointed by Student Government (in the case of undergraduate grievance) or by the Graduate School (in the case of graduate grievances). The two faculty members shall be selected by the provost or his/her designee from an available pool of nominees representing all colleges.

The University Grade Grievance Committee shall review all written documents that were available to the Department/College Grade Grievance Committee, the written or taped recording of the Step II hearing, and the final report and decision of the Step II Committee. The University Grade Grievance Committee may reconvene the participants in the Step II hearing to answer questions, if desired.

Within twenty (20) working days of the receipt of the appeal, the University Grade Grievance Committee shall issue a written Step III decision to both the instructor and the student. This decision shall be final; no further appeal is possible.

E. Records

When the Grade Grievance Procedure results in an instructor's grade being changed without his or her agreement, then all University records containing that grade in which the name of the instructor appears shall be identified by an asterisk (*). On these records, the asterisk will be footnoted with the following statement: "This grade is a result of an appeal procedure." On those records in which the instructor's name does not appear, the grade will not be asterisked, nor will there be any other indication that the original grade was changed.

F. General Notes

1. The time limits/deadlines for submitting grievances/appeals, holding meetings, making decisions are to be followed by all parties. However, extensions of the limits may be requested in writing by any of the involved parties. Such requests must originate prior to the expiration of the stated time limit. The dean of the involved college will make the decision to approve or to deny each request for a time limit extension at Step I or Step II. Decisions regarding Step III time limit extensions will be made by the Office of the Provost.

2. For Department Grade Grievance Committees, each academic department shall select the faculty members for the Department Grade Grievance Committee annually by October 15. The committee will hear all Step II grade grievances during the next twelve months in cases where the student requests the hearing at the departmental level. Substitute members shall be selected to replace any committee member who is personally involved in a grade grievance. Also, substitute members shall be selected to replace any faculty member who is unavailable for an extended period of time (e.g., spring and/or summer). For College Grade Grievance Committees, annually by October 15, each academic department shall select faculty members to serve on the College Grade Grievance Committee (at least one person to serve as a regular member of the Committee and one as an alternate). The Committee will hear all Step II grade grievances during the next twelve months in cases where the student requests the hearing at the college level. Substitute members shall be selected to replace any committee member who is personally involved or has a conflict of interest in a grade grievance. Also, substitute members shall be selected to replace any faculty committee member who is unavailable for an extended period of time (e.g., spring and/or summer, sabbatical, etc.).
3. Each college shall select two (2) faculty members plus one (1) alternate who are available during a twelve-month period for assignment to the Step III University Grade Grievance Committee. These selections shall be made by the appropriate college-level faculty advisory council/committee at the beginning of the academic year (by October 15). Unlike the Department/College Grade Grievance Committee, this Step III University Grade Grievance Committee may, of necessity, have a different membership for each grievance.

Grievances relating to grades awarded for the winter semester ending in April or for the Spring term ending in June shall normally be pursued the next fall, measuring all stated deadlines with respect to the start of the fall semester in September. However, if the instructor is teaching on campus during the spring or summer session and the student is enrolled on campus during the same session, then with their mutual agreement, the grievance can be pursued during the spring or summer. However, should either the instructor or the student prefer to wait, then action of the grievance will be postponed until the fall semester. The only exception in which the grievance shall be pursued during the spring or summer session without the consent of the instructor who is teaching on campus is for any case in which the disputed grade affects the student's plans to graduate that year. In such cases, if the instructor is unwilling to participate, the department head may act on his/her behalf.

4. Throughout this procedure, the title "department head" shall be interpreted to include program directors or program coordinators for appropriate academic units in which there is no administrator with the title of "department head."

Class Attendance Policy Works for You

Students

Regular class attendance and active participation in classes are important elements in the learning process. Students are at the University primarily for the sake of their intellectual growth and development. Attendance and participation provide appropriate opportunities for the evaluation of the student's progress.

Each student is personally responsible for the satisfactory completion of the course work prescribed by his/her instructors. This means specifically that he/she is expected to attend classes regularly, and that he/she is responsible for the work assigned in class, the material covered in class and for participation in class activities (including discussion and listening) designed by the instructor as part of the learning experience. However, physical attendance shall not be the sole criterion for determining the student's course grade.

Faculty

Faculty members should notify their department heads when they are going to be absent from regularly scheduled classes. Written notification of circumstances causing prolonged absences should be sent to the dean of the college. Faculty members are expected to arrange, through their department head, for a qualified substitute when they are absent from class.

Cancellation

Classes may be cancelled by the Office of the President through the Office of the Vice President for Academic Affairs. Off-campus classes are cancelled only by the dean of Extended Programs and Educational Outreach.

Changes

Faculty may not change the time or room of a class printed in the University class schedule unless the change is approved by the department head and the dean of the college.

At the End of the Semester

Classes are taught through the last teaching day of the semester as indicated in the University calendar.

Near Holidays

Students are expected to attend all classes, and faculty members are not permitted to cancel classes or excuse students prior to any holiday.

Student Involuntary Administrative Withdrawal

It is the policy of Eastern Michigan University to establish a Student Involuntary Administrative Withdrawal Policy for the purpose of maintaining a campus environment that is conducive to learning, protects the university's educational purposes, maintains reasonable order on campus, and protects the rights and safety of all members of the university community. The University may order the involuntary withdrawal of a student from the University or from University Housing in accordance with University policy, as described in the full text of this policy.

Standards for Withdrawal

In accordance with university policy, and applicable federal and state laws prohibiting discrimination based on disability, a student may be involuntarily withdrawn from the University and/or University Housing, either temporarily or permanently, if it is determined that a student suffers from a mental disorder as defined by the current American Psychiatric Association Diagnostic and Statistical Manual, and as a result of the disorder:

- Engages, or threatens to engage, in behavior which poses a danger of causing physical harm to self or others, and/or
- Engages, or threatens to engage, in behavior which would cause significant property damage, which directly and substantially impedes the lawful activities of other members of the University, and/or
- Demonstrates an inability to satisfy personal needs (e.g., nourishment, shelter) such that there is a reasonable possibility that serious physical harm or death might occur within a short period of time, and/or
- Commits a violation of the University's Student Conduct Code and lacks the capacity to comprehend and participate in the University's disciplinary process, and/or
- Commits a violation of the University's Student Conduct Code and did not understand the nature or wrongfulness of the conduct at the time of the offense.

The full Student Involuntary Administrative Withdrawal Policy, including procedures, is available at the Student Judicial Services website (www.emich.edu/sjs/). For more information, visit Student Judicial Services in 250 Student Center, or by phone at 734.487.2157.

Student Conduct Code and University Disciplinary Process

It is the policy of Eastern Michigan University to establish a student conduct code, to be administered by the Office of Student Judicial Services, for the purpose of maintaining a campus environment that is conducive to learning, protects the university's

educational purposes, maintains reasonable order on campus, and protects the rights of all members of the University community. The Eastern Michigan University Student Conduct Code and the accompanying student disciplinary processes are intended to foster ethical development, personal accountability and civility toward others.

UNIVERSITY PRACTICE

The Student Conduct Code, below, outlines the practices to be utilized in administering the student disciplinary system at Eastern Michigan University.

Section 1: Purpose

In support of the overall goals of Eastern Michigan University, the purpose of the Student Conduct Code, administered by the Office of Student Judicial Services, is to maintain a campus environment that is conducive to learning, protects the university's educational purposes, maintains reasonable order on campus, and protects the rights of all members of the University community. The Student Conduct Code and the accompanying student disciplinary processes are intended to foster ethical development, personal accountability and civility toward others.

The Code embraces several core philosophies: preservation of the rights of free speech and peaceable assembly; respect for freedom of inquiry and constructive criticism; a conviction that honesty and integrity are key values to the University community; and the belief that all members of the University should be part of a campus environment that respects differences of culture, gender, religion, race, age, lifestyle, or ability.

Section II: Responsibility for Implementation

The President, as Chief Executive Officer of the University, has overall responsibility for implementation of the Student Conduct Code and the student disciplinary process and has delegated its overall management to the Vice President for Student Affairs and the Director of Student Judicial Services. The Student Judicial Services office is directly responsible for the daily administration of the University's student judicial system.

Section III: Jurisdiction

The University will have jurisdiction over misconduct that occurs on University premises and/or at University-sponsored activities but may also address off-campus behavior if the University determines that the behavior, or the continued presence of the student, impairs, obstructs, interferes with or adversely affects the mission, processes or functions of the University.

A student committing a criminal offense off-campus that is also a violation of the Student Conduct Code may be subject to University discipline.

The University may pursue disciplinary action against a student at the same time the student is facing criminal charges for the same offense, even if the criminal prosecution is pending, has been dismissed or the charges have been reduced.

Section IV: Definitions

A. For purposes of the Student Conduct Code only, the following definitions apply:

1. FACULTY MEMBER means any person hired by the University to conduct classes.
2. INSTITUTION or UNIVERSITY means Eastern Michigan University.
3. MEMBER OF THE UNIVERSITY COMMUNITY includes any person who is a student, faculty member, University official or any other person employed by the University.
4. STUDENT includes all persons enrolled for courses through or at EMU, both full-time and part-time, and those who attend educational institutions other than EMU but who reside in EMU residence halls. Persons who are not officially enrolled for a particular term but whose EMU record indicates a continuing relationship with the University are considered "students." Persons who have been accepted into EMU but have not yet enrolled for courses are considered "students."
5. STUDENT GROUP means a number of students who are associated with each other and have not complied with University requirements for registration as an organization.

6. STUDENT IN GOOD STANDING means a student who is in good academic standing AND who is not presently under any University disciplinary sanctions.
7. STUDENT ORGANIZATION means a number of students who have complied with University requirements for registration and/or recognition.
8. UNIVERSITY PREMISES includes all land, buildings, facilities, and other property in the possession of or owned, used, or controlled by the University.
9. UNIVERSITY SPONSORED ACTIVITY means any activity on or off campus, which is initiated, aided, authorized or supervised by the University.

Section V: Violations

The following behavior is subject to disciplinary action under this Code. An individual, a group of individuals or a student organization may be charged with any of the violations. In cases where a violation is committed by an individual member of a student organization, the entire organization may be held responsible, in addition to the individual member, when those members not directly involved participate in the activity by encouraging, witnessing or condoning the act in any manner.

A. Academic Dishonesty

Engaging in academic dishonesty in any form with respect to examinations, course assignments, research projects, grades, and/or academic records, including, but not limited to the following:

1. **Cheating** - using or attempting to use unauthorized materials, information or study aids in any academic assignment. Examples of cheating are: looking on someone else's paper; using any kind of "cheat" sheet or other enhancement during a test; allowing someone else to take an exam in your place; submitting the same work more than once for credit; using someone else's homework or lab assignments; collaborating with another student on any assignment or take-home test if told that collaboration was not allowed; assisting another student in committing an act of academic dishonesty by allowing another student to copy homework or an exam; taking an exam for someone else; or giving test information to students in other sections of the same class.
2. **Falsification** - intentional and unauthorized falsification or invention of any information or citation in an academic assignment. Examples of falsification are: making up data on an assignment; making up a source to cite in a paper; altering then resubmitting returned academic work; giving false information to a faculty or staff member to increase one's grade; or attempting to change, actually changing, altering grades or any other unauthorized tampering with grades.
3. **Plagiarism** - deliberate and knowing use of someone else's work or ideas as one's own. Examples of plagiarism are: quoting a source verbatim, or paraphrasing text from a given source, without properly citing the source; turning in a research paper that was written by someone else; or in any other way passing off someone else's work as one's own; or failing to give credit for ideas or materials taken from someone else.

B. Alcohol Violations

1. Possession or consumption of alcoholic beverages by persons under the legal drinking age as defined by Michigan law.
2. Dispensing, selling or supplying alcoholic beverages to a person under the legal drinking age as defined by Michigan law.
3. Possession or consumption of alcoholic beverages in violation of federal, state and local laws.

NOTES:

1. Transportation in sealed containers to and from an authorized area or place is permissible if the person in possession is of legal age to possess alcoholic beverages as allowed by Michigan law.
2. Use of alcohol and controlled substances by Greek Organizations is covered under Student Conduct Code Section XI: Special Provisions Governing the University Recognition and Conduct of Greek Letter Social Organizations." Those provisions should be used to address alcohol violations committed by a Greek organization.

C. Computer Misuse

1. Unauthorized access, entry or use of a computer, computer system, network, software, password, account or data.
2. Unauthorized alteration or tampering with computer equipment, software, network, or data.
3. Unauthorized copying or distribution of computer software or data.
4. Use of computing facilities or equipment to send obscene, harassing or abusive messages.
5. Use of computers to falsify records, tamper with records or commit any act of academic dishonesty.
6. Any other act in violation of law and/or University policies and guidelines regulating computer-related use.

D. Discrimination by Student Organizations

Selecting its membership upon the basis of restrictive clauses involving race, religion, color, national origin, gender, age, sexual orientation or disability unless any given student organization's membership restriction is shown to be specifically allowed by law.

E. Disruptive Conduct

1. Actions that impair, interfere with, or obstruct the normal operations of the University and/or interfere with the rights of other members of the University community or visitors. This includes intentional occupation of or blocking the entry or exit of University facilities, including but not limited to buildings, classrooms, offices, hallways, entryways, conference rooms and campus grounds.
2. Actions that impair, interfere with, or obstruct the orderly conduct, processes and functions within any classroom or other instructional setting. This includes interfering with a faculty member's or instructor's role to carry out the normal academic or educational functions of his/her class.
3. Participating in, leading or inciting others to disrupt scheduled and/or normal campus activities, events and programs.
4. Intentional obstruction of the free flow of pedestrian or vehicular traffic on University premises or at University sponsored or supervised functions.
5. Disturbance of any member of the University community or visitor.
6. Solicitation on campus without prior approval from appropriate University officials. This includes, but is not limited to, the disbursement of any forms of promotional/informational material on University property or on items (e.g. motor vehicles) on University property, requests for donations, or the selling or vending of any merchandise or services.

F. Drugs

1. Possession or use of narcotics, prescription drugs or other controlled substances in violation of local, state or federal drug or narcotic laws.
2. Distribution, delivery or sale of narcotics, prescription drugs or other controlled substances in violation of local, state or federal drug or narcotic laws.
3. Possession or use of drug paraphernalia.

G. Failure to Comply

1. Failure to comply with a lawful order of a University official, including a campus police officer, in the performance of his/her duty.
2. Failure to comply with the sanctions rendered during the student judicial process.
3. Failure to comply with a request to be interviewed by a University judicial officer during the investigation of a conduct code violation. (Students may choose not to appear and present testimony at a student judicial proceeding after meeting with the judicial officer.)

H. Falsification/Fraud/False Testimony

1. Furnishing false information to the University, including false reporting of emergencies, knowingly making false accusations or giving false testimony during the disciplinary process.
2. Misuse, reproduction, alteration or forgery of any University related documents, records, identification, keys, access codes or property.
3. Providing a worthless check or money order in payment to the University or to a member of the University community.

I. Fire and Safety

1. Damage to, removal of or tampering with any fire safety systems, firefighting equipment or other emergency warning equipment.
2. Intentional or reckless burning or setting fire to any building or piece of property owned or controlled by the University.

J. Gambling

Gambling or participation in games of chance on campus for money or other things of value except as provided by law.

K. Guests

Students are responsible for informing their guests about campus regulations and may be held accountable for the behavior of their guests.

L. Harassment/Stalking

1. Conduct (not of a sexual nature) that creates an intimidating, hostile, or offensive campus, educational or work environment for another person or group.
2. Conduct (not of a sexual nature) that threatens, intimidates, humiliates, or otherwise harms another person or group.
3. Stalking, defined as following or otherwise contacting, via any means, another person repeatedly for no legitimate purpose, so as to put that person in fear for his/her life or personal safety, or to cause that person substantial emotional distress. Stalking includes:
 - a. Repeatedly following or harassing another person.
 - b. Contacting a person after being asked or ordered not to contact the person.
 - c. Violating any provision of the Michigan Stalking Law.

M. Hazing

1. Any action or activity, committed by either active members, associate members or pledges of an organization, which inflicts or intends to cause physical or mental harm or anxieties, or which may demean, degrade, or disgrace any person, regardless of location, intent or consent of participants. Hazing includes, but is not limited to:
 - a. Interference with a student's academic or work performance.
 - b. Forced consumption of any food, alcohol, other drugs, or any other substance.
 - c. Forced physical activity.
 - d. Deprivation of food or sleep.
 - e. Physical acts such as branding and paddling.
 - f. Requiring participation in any activity that violates University policies or any local, state or federal law.
 - g. Other violations as outlined in the Interfraternity Council, Panhellenic Council or National Pan-Hellenic Council Constitutions.
2. Any action or situation which intentionally or unintentionally endangers a student who is attempting admission into or affiliation with any student organization.

NOTES:

1. In cases where the activity is performed by an individual member of a student organization, the total organization may be held responsible, when those members not directly involved participate in said activity by encouraging, witnessing, or condoning the act in any manner.
2. Any individual and/or organization found guilty of hazing will be subject to a minimum penalty of suspension.

N. Physical Abuse and Endangerment

1. Physical violence or attempted physical violence toward another person or group.
2. Threat of physical violence against another person or group.
3. Any action that endangers the health, safety or welfare of a person or group.
4. Attempt to harm, or actual harm to, oneself.

O. Property/Facilities/Services

1. Theft of University property or property of a member of the University or visitor.
2. Damage, destruction, or defacement of University property or property of a member of the University or visitor, including littering.
3. Wrongful appropriation of University property or property of a member of the University or visitor.
4. Public posting, selling of, or in any other way, distribution of notes of class lectures, course handouts and outlines, and/or any other University-supplied materials without the express written permission of the instructor.
5. Unauthorized possession and/or use of University property or property of a member of the University or visitor, including knowingly being in possession of stolen goods. This includes unauthorized use of vehicles, equipment, services, the University name and logo.
6. Unauthorized entry into University facilities, including but not limited to buildings, classrooms, hallways, entryways, conference rooms, and campus grounds.
7. Bringing animals and/or pets into University buildings, except where properly authorized. Use or operation of rollerblades, skates, skateboards, bicycles, and similar items inside University facilities, unless expressly permitted.
8. Violation of any policy or guidelines pertaining to specific usage of a University facility.

P. Sexual Misconduct/Sexual Harassment

1. Any sexual act that occurs without the consent of the other person or occurs when the other person is unable to give consent.
2. Conduct of a sexual nature that creates an intimidating, hostile or offensive campus, or educational or working environment, for another person. This includes unwelcome sexual advances or requests for sexual favors, inappropriate sexual or gender-based activities, comments or gestures, or other forms of verbal or physical conduct or communications constituting sexual harassment.
3. Obscene or indecent behavior, which includes, but is not limited to, indecent exposure or the display of sexual behavior that would reasonably be offensive to others.

Q. Weapons/Firearms/Explosives

1. Possession, storage or use of firearms and other weapons, including non-lethal weapons such as pellet guns and paintball guns.
2. Possession, storage or use of firecrackers, gunpowder, ammunition, explosives or incendiary devices, or other articles or substances which could endanger health or safety.

R. Other Violations

1. Violation of any other published or posted University regulations not specifically mentioned in this Section, including, but not limited to, the EMU Policy Manual(s); EMU'S Alcohol and Other Drug Policy; Residence Hall Contract and the Guide to Campus Living; Campus Life Council regulations and guidelines for organizations; Student Government monetary allocation guidelines; EMU published undergraduate and graduate catalogs; EMU'S Athletics Alcohol and Other Drug Education and Testing Policy; and ORD Research Guidelines.
2. Aiding and abetting another in any violation of laws and/or University policies.
3. Attempt or intent to commit any violation outlined in the Student Conduct Code.
4. Off-Campus Conduct as described in the Student Conduct Code, Section III: Jurisdiction.

Section VI: Sanctions for Misconduct

The purpose of University discipline is to be corrective and educational as well as punitive. The disciplinary experience is intended to make clear to students the limits of acceptable behavior and to give students who violate the rules an opportunity to more fully understand the rules and incorporate the experience into their overall development. Assigned discipline may include a combination of sanctions for a particular incident. The sanctions which may be incurred include, but are not limited to, the following:

A. Sanctions for Students and/or Student Groups

1. Verbal Warning: notice that continuation or repetition of prohibited conduct may be cause for additional disciplinary action.
2. Formal Reprimand: an official written statement of the University's disapproval of a student's actions and a warning that any future violation(s) will be dealt with more severely.
3. Disciplinary Probation: an official notice that the student's conduct is in violation of the Student Conduct Code but does not warrant suspension or permanent dismissal. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student commits another conduct code violation during the probationary period. During the Probation period, a student will be considered "not in good standing" and may be excluded from some programs and curricular or extracurricular activities, including running for and/or holding office in any student organization.
4. Suspension: an involuntary separation of the student from the University for a definite period of time and/or until certain conditions for readmission are met. The student is not guaranteed readmission at the end of such period of time, but is guaranteed a review of the case and a decision regarding eligibility for readmission. (Suspension requires administrative review and approval by the President or his/her designee.)
5. Deferred Suspension: the sanction of suspension may be placed in deferred status provided that the student completes other assigned sanctions by the specified deadline dates. Failure to complete all sanctions and provide proof of completion by the deadline date(s) will result in the automatic enactment of the suspension without charges or hearing. If a student is found responsible for another violation of the Student Conduct Code during the period of deferred suspension, the student may be permanently dismissed from the University.
6. Permanent Dismissal: an involuntary permanent separation from the University. (Permanent dismissal requires administrative review and approval by the President or his/her designee.)
7. Delay and/or Denial of Degree Award: during the period disciplinary charges are pending against a student, the University may deny and/or delay issuance of a degree. Further, the University may refuse to issue a degree to a student who is serving a suspension or has been permanently dismissed from the University.
8. Revocation of Degree: an awarded degree may be revoked for violations of the Student Conduct Code, which occur prior to the award of the degree but are discovered after the degree has been awarded, where the violation is sufficient to justify the suspension or permanent dismissal of the student. (Revocation of a degree requires administrative review and approval by the President or his/her designee.)
9. Other secondary sanctions may be imposed instead of or in addition to those specified above. Secondary sanctions include, but are not limited to:
 - a. Restitution (compensation for loss, damage or injury)
 - b. Fines (for alcohol or drug violations) First Offense = \$100; Second Offense = \$200; Third Offense = \$300
 - c. Community Service
 - d. Educational Activities such as a reflective writing assignment or attendance at an event directly related to the violation committed. (e.g., alcohol/drug workshop, diversity awareness training)

- e. Restrictions (temporary or permanent loss of privileges or the use of a University facility or service)

B. Sanctions for Student Organizations

1. Verbal Warning: notice that continuation or repetition of prohibited conduct may be cause for additional disciplinary action.
2. Formal Reprimand: an official written statement of the University's disapproval of a student organization's actions and a warning that any future violation(s) will be dealt with more severely.
3. Disciplinary Probation: an official notice that the student organization's conduct is in violation of the Student Conduct Code but does not warrant suspension of or permanent termination of the organization's University status. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student organization commits another conduct code violation during the probationary period. During the Probationary period, a student organization may also be excluded from campus activities, forfeit student monetary allocations and lose Campus Life status.
4. Suspension: an involuntary withdrawal of student organization status from the University for a definite period of time and/or until certain conditions for renewal of recognition are met. During this time, the University will not in any way recognize nor support the continued operation of said student organization. The student organization must reapply to the University for renewed recognition following any period of suspension. The suspension shall be reported to said organization's national office, if applicable. (Suspension requires administrative review and approval by the President or his/her official designee.)
5. Deferred Suspension: the sanction of suspension may be placed in deferred status provided that the student organization completes other assigned sanctions by the specified deadline dates. Failure to complete all sanctions and provide proof of completion by the deadline date(s) will result in the automatic enactment of the suspension without charges or hearing. If a student organization is found responsible for another violation of the Student Conduct Code during the period of deferred suspension, the student organization may have its University status permanently terminated.
6. Permanent Termination of University Status: an involuntary permanent withdrawal of student organization status from the University. The University will not in any way recognize nor support the continued operation of said student organization. The permanent termination shall be reported to said organization's national office, if applicable. (Permanent termination requires administrative review and approval by the President or his/her official designee.)
7. Other secondary sanctions may be imposed instead of or in addition to those specified above. Secondary sanctions include, but are not limited to:
 - a. Restitution (compensation for loss, damage or injury)
 - b. Fines (for alcohol or drug violations) First Offense = \$300; Second Offense = \$400; Third Offense = \$500
 - c. Community Service
 - d. Educational Activities such as a reflective writing assignment or attendance at an event directly related to the violation committed. (e.g., alcohol/drug workshop, diversity awareness training)
 - e. Restrictions (temporary or permanent loss of privileges or the use of a University facility or service)

C. Enhanced Sanctions

Any violation of the Student Conduct Code against any individual, group or student organization which is shown to be motivated by the individual's, group's or student organization's racial identity, religion or religious beliefs, disability, national origin, gender, sexual orientation or other personal characteristic will subject a student/student organization to a more severe sanction than would ordinarily accompany that violation.

D. Counseling Assessments and Counseling

In addition to any sanctions assigned, a student may also be required to undergo a counseling assessment and/or participate in counseling. Issuance of sanctions may be postponed pending the results of the counseling assessment.

Section VII: Organization of the University Judicial System

A. University Judicial Board

1. Composition - The University Judicial Board will consist of five enrolled students and two alternates; two full-time faculty members and one alternate; and two full-time members of the University community and one alternate. A student member must be a student in good standing in order to be selected for and remain on the University Judicial Board.
2. Selection of Board Members - In consultation with the Director of Student Judicial Services, student members will be appointed by the Student Government; faculty members will be selected by Faculty Council; and the full-time members from the University community will be selected by the President or his/her designee.
3. Terms of Office - Board members will be appointed for a two-year term. They may be reappointed by the person or body who appointed them. A Chief Justice will be elected by a majority vote of all of the University Judicial Board members.
4. Removal from Office - A board member may be removed from the board for poor attendance by a simple majority vote of the total University Judicial Board.
5. Jurisdiction - The University Judicial Board will serve as the panel to hear the case of any student(s)/student organization seeking resolution of the case through the formal hearing process.
6. Procedural Considerations
 - a. Selection of the University Judicial Board members for any given case depends on the availability of the members at the time scheduled for the hearing.
 - b. A quorum for a given hearing will exist with the presence of any five members. During vacation periods or summer session, the University Judicial Board has the authority to convene a disciplinary hearing with only three justices, provided that at least one of those justices is a student.
 - c. The Chief Justice will exercise control over the proceedings.

B. Judicial Appeals Board

1. Composition - The Judicial Appeals Board will consist of two enrolled students; two full-time faculty members; and two full-time members of the University community. A student member must be a student in good standing in order to be selected for and remain on the Judicial Appeals Board.
2. Selection of Board Members - In consultation with the Director of Student Judicial Services, student members will be appointed by the Student Government; faculty members will be selected by Faculty Council; and the full-time members from the University community will be selected by the President or his/her designee.
3. Terms of Office - Board members will be appointed for a three-year term. They may be reappointed by the person or body who appointed them. A Chief Justice will be elected by a majority vote of all of the Judicial Appeals Board members.
4. Removal from Office - A board member who is consistently unavailable for appellate reviews may be removed from the board by a simple majority vote of the total Judicial Appeals Board.
5. Jurisdiction - The Judicial Appeals Board will serve as the panel to review decisions rendered by the University Judicial Board during the formal hearing process. Both the charged party and the University will have the right to appeal a University Judicial Board decision.
6. Procedural Considerations
 - a. Selection of the Judicial Appeals Board members for any given case depends on the availability of the members at the time scheduled for the appeal.
 - b. A quorum will exist with the presence of the Chief Justice and any two other Judicial Appeals Board members, except that any three Judicial Appeals Board members may hear the appeal if the Chief Justice can not be available within a reasonable time, not to exceed 14 work days from the date of receipt of the written appeal.

Section VIII: Rights of Charged Student(s)/Student Organizations in Disciplinary Proceedings

The following rights apply to a student conduct proceeding that has reached the level of a formal hearing, **except** that Rights One through Four apply also to any investigative meeting held with Student Judicial Services and to the Informal Disposition Conference. Student(s)/student organizations will have the right to:

1. Remain silent and not have that silence used against them.
2. Have a voluntary adviser present who may participate in the proceedings. The adviser must be a member of the University community, and if the adviser is another EMU student, she/he must be a student in good standing.
3. Engage an attorney, at the student/student organization's own expense, only when criminal prosecution is pending on charges stemming from the same incident. The attorney may appear at the proceedings with the student(s) to provide advice, but may not represent the student(s)/student organization, directly question or cross-examine witnesses, or, in any other way, participate in the proceedings.
4. Be given a written statement of the charges against them, in accordance with the provisions of Section IX.B. of the Student Conduct Code.
5. Adequate notice of dates set for all hearings, and related conferences and meetings.
6. Reasonable review of the disciplinary case file maintained by Student Judicial Services prior to a formal hearing and/or appeal.
7. Question and cross-examine the complainant and all witnesses.
8. Present witnesses and submit any pertinent, supportive documentation. The hearing board, by a 2/3 vote of members present at the hearing, may limit the number of witnesses in order to avoid dilatory tactics.
9. An open or closed hearing. A hearing will be considered open if no person is excluded until the room's capacity has been reached except that a person may be removed if his/her behavior is disruptive to the hearing process. A closed hearing will include only the charged student(s)/student organization, Student Judicial Services official(s), witnesses and members of the particular judicial board hearing the case.
10. Challenge a judicial board member on the grounds of bias, conflict of interest or any other factor that could preclude the board member from rendering an impartial and fair decision. The board member may be disqualified upon majority vote of the remaining members of the board present at the hearing, conducted by secret ballot. If the board votes to exclude the challenged board member from that particular hearing, the hearing will continue with the remaining board members present, even if the number of board members remaining is less than the number required by the Student Conduct Code to reach a quorum for that hearing.
11. A written statement of the outcome of the proceeding, and a description of the appeal procedure.
12. Make a taped recording of the proceeding at their own expense.
13. Appeal the decision of the University Judicial Board, subject to the provisions of the Student Conduct Code, Section IX.E: Appeal of Formal Hearing Results.

Section IX: University Disciplinary Procedures

A. Reporting

Any member of the University community may initiate a complaint against a student or student organization for an alleged violation of the Student Conduct Code through the Student Judicial Services office. A complainant shall submit the complaint to the Student Judicial Services office within a reasonable amount of time from the date he/she becomes aware of the alleged violation. For purposes of this Code, an incident report generated by the Department of Public Safety or an incident report generated by University Housing will be considered a complaint to be reviewed by Student Judicial Services for possible Student Conduct Code violations.

B. Charges and Notice

1. Student Judicial Services will investigate each complaint, and if the circumstances surrounding the complaint indicate that a violation of the Student Conduct Code may have occurred, disciplinary charges may be issued. The student(s)/student organization will be notified of the charges in writing. Notice of the charges will be considered adequate if it is sent to the student(s)/student organization's last known address registered with the University or to the

address given by a student on either an EMU Department of Public Safety's Incident Report or on a Housing Incident Report.

2. Proper written notice to a student/student organization will include the following:
 - a. Recitation of facts surrounding the incident, in as sufficient detail as possible as to date, time, and location;
 - b. Statement of the specific Conduct Code provision(s) violated;
 - c. Any penalty assigned or other action taken;
 - d. Amount of time the student(s)/student organization has to respond to the notice;
 - e. Ramifications of not responding to the notice within the time limit; and
 - f. Copy of "Rights of Charged Students/Student Organizations in Disciplinary Proceedings."
3. Student Judicial Services may place a judicial hold on a student's academic record, and/or may go forward with disciplinary action against a student/student organization in either of the following situations:
 - a. The student or student organization fails to respond to a charge letter sent by Student Judicial Services within the applicable time limit.
 - b. The student withdraws from the University after allegedly committing a violation, whether or not Student Judicial Services has yet had the opportunity to charge the student with a Conduct Code violation.
 - c. The student/student organization fails to appear at the scheduled formal hearing or appeal hearing.

C. Disposition of Cases

1. disciplinary case may be handled in one of the following two formats:
 - a. Informal Disposition Conference - The student(s)/student organization representative and a Student Judicial Services judicial officer will meet informally to discuss the alleged violation(s). If the substantive facts and sanction(s) can be agreed upon by the judicial officer and the charged student(s), a disciplinary action agreement will be prepared and signed by both sides. A signed disciplinary action agreement will constitute a waiver of the right to a formal hearing and any appeal, and an acceptance of the finding(s) and sanction(s). The President or his/her designee must approve any suspension, permanent dismissal or permanent termination of a student organization's University status.
 - b. Formal Hearing - If, during the informal disposition conference, the student(s)/student organization disputes the findings by Student Judicial Services that a violation has occurred or if an appropriate sanction(s) cannot be agreed upon, the case will be referred to the University Judicial Board for a formal hearing.

D. Procedures for Formal Hearings

1. Notice of Hearing - After the formal hearing is scheduled, Student Judicial Services will notify the student(s)/student organization involved of the date, time and place of the hearing and of the pre-conference.
2. Pre-conference - At least two days prior to the formal hearing, a pre-hearing conference will be scheduled by Student Judicial Services for any charged student(s)/student organization. The two day requirement may be modified by mutual consent of the charged student(s)/student organization and Student Judicial Services. The conference will include the presiding officer of the University Judicial Board or a designee, the Director of Student Judicial Services or a designee, any individual designated to represent the University, and the charged student(s)/student organization and their adviser.

The purpose of the prehearing conference will be to identify those issues and facts which will be presented at the hearing, to exchange information as to witnesses likely to be called, to answer procedural questions, and to settle those matters which may be agreeably concluded. The conference will not be used to settle the issue of whether or not the violation was committed or to challenge any recommended sanctions. Failure of the charged student(s)/student organization or the adviser to appear will in no way affect any of their procedural rights and will not prohibit a hearing from being set and being held.

3. Formal Hearing Premises - The following premises will govern any formal hearing:
 - a. The focus of inquiry in a University hearing will be the determination of whether a violation of University rules occurred, and such decision will be totally unrelated to any criminal or civil decisions against the student(s)/student organization arising from the same incident.

- b. Formal rules of evidence will not apply to University proceedings, nor will deviations from these prescribed procedures necessarily invalidate a decision or proceeding unless significant prejudice to the charged student(s)/student organization or the University may result.
 - c. The charged student(s)/student organization will be presumed to have not violated the Student Conduct Code until it is proven otherwise.
 - d. The burden of proof during a formal hearing will rest with the University. The University must prove its case by a preponderance of the evidence, meaning that the evidence, considered in its entirety, indicates that, more likely than not, the charged student(s)/student organization committed the violation(s).
 - e. The Student Judicial Services officer may recommend a sanction to the University Judicial Board during the formal hearing, but the University Judicial Board will have the authority to reject the recommendation and issue any sanction(s) deemed appropriate.
 - f. All formal hearings will be tape-recorded. Tapes will remain the property of the University and will serve as the official record of the proceedings.
4. Disposition of the Case
- a. University Judicial Board decisions as to culpability of the charged student(s)/student organization and sanctions to be issued will be made by a simple majority of the University Judicial Board members present at the hearing. After hearing the case, board members will go into closed session to reach a decision.
 - b. Decisions of the University Judicial Board will be in writing. The decision will state what rule was violated, the behavior constituting the violation, and any sanctions issued. Within two working days, the written decision will be submitted to the Director of Student Judicial Services. If the recommended sanction is not a suspension, permanent dismissal of the student or permanent termination of University status, the Director of Student Judicial Services will mail the decision to the student(s)/student organization within two working days after being submitted to that office by the University Judicial Board.
 - c. If the recommended sanction is either a suspension, permanent dismissal or permanent termination of University Status, the Director of Student Judicial Services will submit the decision to the President or his/her designee for review. The President or his/her designee will either accept or reject the University Judicial Board's decision to suspend, permanently dismiss the student, or permanently terminate the University status of a student organization. If the decision is rejected, the President or his/her designee will provide to Student Judicial Services a written rationale for the rejection of the University Judicial Board's sanction. A rejection of the University Judicial Board's sanction will constitute an automatic appeal to the Judicial Appeals Board.
 - d. The President or his/her designee will have five working days after submission of the University Judicial Board's decision to take action. If no action is taken during that time, the University Judicial Board's decision will be considered approved.
 - e. Student Judicial Services will mail the written decision to the student(s)/student organization within one working day following any presidential action. If the five working days lapse without the President or his/her designee taking action, Student Judicial Services will mail the University Judicial Board's written decision to the student(s)/student organization on the sixth working day following the submission of the decision to the President or his/her designee for review.

E. Appeal of Formal Hearing Results

1. Right to Appeal - Student(s)/student organizations or the University (represented by Student Judicial Services) may request that the University's Judicial Appeals Board review the decision rendered at the conclusion of the formal hearing process. Student(s)/student organization(s) may challenge the finding of the University Judicial Board that a violation occurred and/or the sanction(s) assigned. Conversely, the University may challenge the finding of the Board that no violation occurred or that the sanction(s) issued were not severe enough for the violation committed.
2. Appeal Process for Student(s)/Student Organizations - The following steps should be followed by student(s)/student organizations in order to file an appeal:
 - a. A written request for an appeal must be submitted to Student Judicial Services within seven working days from the date of the written decision from the formal hearing. The appeal will be immediately forwarded to the Judicial Appeals Board for consideration. Unless extenuating circumstances can be shown, failure to appeal within the allotted time will render the University Judicial Board's decision final.

- b. The written request for an appeal must state the grounds for appeal (citing the appropriate grounds from the "Grounds for Appeal" list below); a discussion of the evidence and facts in support of the appeal; and a recommended solution.
 - c. The request for an appeal must be typed and should include any supporting documentation that should be considered by the Judicial Appeals Board.
 - d. Grounds for Appeal - The following will be considered the only grounds for an appeal:
 1. There were procedural errors in the case or in the interpretation of University rules and regulations serious enough to deny the student(s)/student organization a fair hearing.
 2. There is new evidence of a substantive nature not previously available at the time of the hearing, which would have materially affected the decision.
 3. The severity of the sanction is disproportionate to the violation(s) committed.
 4. The decision of the Board was not supported by the evidence presented at the hearing.
3. Appeal Process for the University - The following steps should be followed by the University in order to file an appeal:
 - a. A written request for an appeal must be submitted by Student Judicial Services to the Judicial Appeals Board within seven working days from the date of the written decision from the formal hearing. A copy of the appeal will also be made available to the student(s)/student organization. Unless extenuating circumstances can be shown, failure to appeal within the allotted time will render the University Judicial Board's decision final and conclusive.
 - b. The written request for an appeal must state the grounds for appeal (citing the appropriate grounds from the "Grounds for Appeal" list below); a discussion of the evidence and facts in support of the appeal; and a recommended solution.
 - c. The request for an appeal must be typed and should include any supporting documentation that should be considered by the Judicial Appeals Board.
 - d. Grounds for Appeal - The following will be considered the only grounds for an appeal:
 1. There were procedural errors in the case or in the interpretation of University rules and regulations serious enough to affect the University's chance of proving its case.
 2. The sanction is too lenient given the violation(s) committed.
 3. There is new evidence of a substantive nature not previously available at the time of the hearing, which would have materially affected the decision.
 4. The decision of the Board was not supported by the evidence presented at the hearing.
4. Scheduling an Appeal
 - a. The Judicial Appeals Board will convene an appeal hearing as soon as possible after receiving the written appeal. A quorum will exist with the presence of the Chief Justice and any two other board members, **except** that any three board members may handle the appeal if the Chief Justice cannot be available within a reasonable time, not to exceed 14 calendar days from the receipt of the written appeal.
 - b. After the appeal is scheduled, Student Judicial Services will notify the student(s)/student organization involved of the date, time and place of the hearing.
5. Appeal Hearing Premises - The following premises will govern any appeal hearing:
 - a. Deviations from these prescribed procedures will not necessarily invalidate a decision or proceeding unless significant prejudice to the charged student(s)/student organization or the University may result.
 - b. On appeal, the burden of proof rests with the appellant to clearly exhibit that one of the four grounds for an appeal has been met; this is not a rehearing of the entire case.
 - c. All appeal hearings will be tape-recorded. Tapes will remain the property of the University and will serve as the official record of the proceedings.
 - d. Any sanction(s) issued by the University Judicial Board will not take effect until the appeal process is completed.
6. Disposition of the Appeal
 - a. Prior to the appeal hearing, the Judicial Appeals Board will meet in closed session to review the written decision of the University Judicial Board, the written appeal, any supporting documentation provided by the Appellant, and the tape recording of the formal hearing.
 - b. After reviewing the case materials, the Judicial Appeals Board will convene the Appeal Hearing and call in both parties to the appeal. The student(s)/student organization may bring an adviser to the Hearing who may speak on their behalf. The adviser must be a member of the University community, and if the adviser is a student, he/she must be a student in good standing.

- c. The party who filed the appeal will be allowed 15 minutes to present his/her case to the Judicial Appeals Board. The Board members may then ask questions of the appellant. The opposing side will then be given 15 minutes to present its counter-arguments, after which the Board members can ask questions of that party.
- d. The Judicial Appeals Board will again go into closed session to reach a decision in the case, then reconvene the Hearing and read its decision. The decision will be made by a simple majority of the Judicial Appeals Board members present at the hearing.
- e. The Judicial Appeals Board may take one of the following actions:
 - 1. Uphold the decision of the University Judicial Board in its entirety.
 - 2. Alter the sanctions imposed by the University Judicial Board **except** that the Board cannot increase the severity of the sanctions if the appeal was filed by the student(s)/student organizations.
 - 3. Send the case back to the University Judicial Board for a new hearing only if there were errors in procedures or interpretation of University rules and regulations or there is new evidence in the case. A decision issued by the University Judicial Board in a case sent back to it by the University Appeals Board may not be appealed again and will be the final decision, pending approval by the President or his designee in accordance with sub-section F below.
 - 4. Dismiss the case against the student(s)/student organization.
- f. In cases where the Judicial Appeals Board, or the University Judicial Board upon a rehearing of the case, issues a suspension, permanent dismissal of the student or permanent termination of University status of a student organization, the decision will be sent to the President or his/her designee for review. The President or his/her designee will have five working days after submission of the decision to either affirm or alter the decision. This decision will be final. If no action is taken during that time, the appellate decision, or the decision from a re-hearing, will be considered approved.
- g. Student Judicial Services will mail the written decision to the student(s)/student organization within one working day following any presidential action. If the five working days lapse without the President or his/her designee taking action, Student Judicial Services will mail the written decision to the student(s)/student organization on the sixth working day following the submission of the decision to the President or his/her designee for review

Section X: Special Disciplinary Provisions Governing Acts of Academic

Dishonesty

- A. Academic dishonesty is both an academic matter between a student and his/her faculty member and a violation under the Student Conduct Code subject to University disciplinary action. An act of academic dishonesty may and should be handled by the faculty member, the student, and, if appropriate, the faculty member's department head and/or the dean over that particular academic department. Sanctions that can be assigned by a faculty member range from giving a reduced grade on the particular work in question to failing the student for the entire course. In addition, some academic departments and programs have their own policies for dealing with academic dishonesty and/or violations of Professional Codes of Ethics which allow the department or program to impose sanctions ranging from probation to program dismissal. A sanction assigned by a faculty member and/or an academic department or program is an academic, not a disciplinary, sanction.
- B. If the matter is resolved satisfactorily between the student and the faculty member, and the faculty member decides not to refer the student for University disciplinary action, the faculty member may still report the incident to Student Judicial Services. Student Judicial Services will maintain a record of the reported incident and may elect to pursue University disciplinary action against a student who is reported to that office for a subsequent act of academic dishonesty.
- C. If the faculty member decides that a stronger sanction is needed instead of or in addition to any academic sanctions assigned by that faculty member, the incident may be referred to Student Judicial Services for review and possible University disciplinary action. Once the referral is made to Student Judicial Services, the incident will be handled in the same manner as would any other allegation under the Student Conduct Code.
- D. In cases where the student denies the allegation of academic dishonesty, the faculty member may elect to postpone assigning any academic sanctions until after the student has gone through the University disciplinary process. If, at the end of that process, the charge of academic dishonesty is upheld, the faculty member may then assign an academic sanction. The academic sanction is independent of any disciplinary actions taken against the student by the University.

- E. Academic sanctions assigned by the faculty member in agreement with the student or assigned by the faculty member after the charge of academic dishonesty has been validated through the University disciplinary system cannot be grieved under the University's Grade Grievance Procedure.

Section XI: Special Provisions Governing the University Recognition and Conduct of Greek Letter Social Organizations

- A. Because of the importance of the Greek social system and because of the unique circumstances under which it operates, the following conditions have been established between the University and the Greek social organizations. These provisions set out the requirements for maintaining University recognition and good standing and delineate specific violations that may be handled through the Greek system's own judicial process rather than under the University's Student Conduct Code.
- B. The University reserves the right to retain jurisdiction over cases in which the conduct violates both these provisions and the University's Student Conduct Code **and** the University determines that the misconduct is of such severe nature as to impair, obstruct, interfere with or adversely affect the mission, processes or functions of the University.
- C. The University may take action against an individual member of a student organization for misconduct that is a violation both of this provision and of the Student Conduct Code, regardless of any separate disciplinary action taken against the student organization.
- D. This section of the Student Conduct Code applies only to the relationship between the University and the Greek social organizations and has no bearing on relations between chapters and national and/or alumni agreements.
- E. Good standing must be maintained in order for Greek social organizations to participate in Greek-sponsored activities. Failure to do any of the following will constitute a violation of these provisions of the Student Conduct Code and will subject the Greek social organization to disciplinary action, including possible loss of good standing, as described within these provisions under subsections F and G:
 - 1. Registering annually as a recognized student organization with the Office of Campus Life;
 - 2. Participating in the appropriate Greek governing bodies (Greek Council and either Black Greek Council, Interfraternity Council or Panhellenic Council);
 - 3. Submitting roster and grade release forms for active members and pledges/associates during the first month of the semester;
 - 4. Following all rules and guidelines for Greek Rush; and
 - 5. Abiding by all terms and conditions of the alcohol and controlled substance guidelines below:
 - a. The possession, use and/or consumption of alcoholic beverages while on chapter premises during an official event or in any situation sponsored or endorsed by the chapter or organization must be in compliance with any and all applicable laws and University rules and policies.
 - b. No chapter or organization members, collectively or individually, shall purchase for, serve to, or sell alcoholic beverages to anyone under the legal drinking age.
 - c. The possession, sale, and/or use of any illegal or controlled substance at any chapter, organization or University-sponsored event are strictly prohibited.
 - d. Alcohol or controlled substances will be prohibited at any and all rush activities.
 - e. Open parties where alcohol is provided by the host chapter, meaning those with unrestricted access by nonmembers of the organization without specific invitation, will be prohibited.
 - f. All organizations must provide, at no charge, an alternative nonalcoholic beverage and food at any event where alcohol is provided.
 - g. There will be no solicitation or encouragement of alcohol consumption by contest or promotion at any chapter event where alcoholic beverages are present.
- F. Greek organizations whose members are in violation of this policy, regardless of whether the individuals are identified, will be subject to one or more of the sanctions listed in the Student Conduct Code, Section VI.B: Sanctions for Student Organizations.
- G. The following process will be utilized in any incident alleging a violation of these policy provisions by a Greek social organization:
 - 1. The incident will be referred to the respective Greek Judicial Board for hearing and original adjudication (i.e., sorority cases will be handled by the Panhellenic Council, fraternity cases will be heard by IFC, and black Greek cases will be heard by the Black Greek Council). Each Greek Council will establish its own judicial

board and its own set of hearing procedures for handling the incident. The chair of the respective Greek Judicial Board will immediately inform Student Judicial Services about any incident referred to it.

2. A decision rendered by the respective Greek Judicial Board may be appealed either by the party alleging the violation or by the Greek social organization being accused of a violation. The appeal will be made to the Greek Council Judicial Board, which may accept, modify or reject any sanction issued by the Greek Judicial Board.
3. Student Judicial Services will receive written transcripts of all final judicial decisions, whether from the respective Greek Judicial Board (if there was no appeal of its decision) or from the Greek Council Judicial Board (for decisions that were appealed). Student Judicial Services will review the decision and may accept or reject the proposed sanctions.
4. In the event Student Judicial Services rejects the final decision, the Director will provide a written explanation of the rejection and a recommended alternative.
5. In the event that Student Judicial Services and the Greek board rendering the final decision cannot reach an agreement, the case will be referred to the Eastern Michigan University Judicial Appeals Board as outlined in the Eastern Michigan University Student Conduct Code. In this instance Student Judicial Services will notify the national or international headquarters of the organization involved. In the case of local organizations, the Alumni Association will be notified.

Section XII: Interim Suspensions and Other Interim Sanctions

- A. For alleged violations of this Code, interim sanctions, including but not limited to interim suspension, reassignment to alternate housing, limitation of access to designated University housing facilities and/or campus facilities by time and location, and limitation of privilege to engage in specified University activities, may be imposed by the President or his/her designee. Such interim sanctions are to be utilized only when there is reason to believe that the student(s)/student organization's conduct poses a substantial threat of harm to oneself or others, threatens or endangers University property, or disrupts the stability and continuance of normal University operations and functions.
- B. For interim suspensions only, a student will be denied access to the residence halls, and/or to the campus (including classes), and to all other University activities or events which the student might otherwise be eligible to participate in or attend. A student organization will lose its University student organization status and will be denied access to any University activities or events which the student organization might otherwise be eligible to participate in or attend.
- C. A student/student organization will be notified of an interim sanction or interim suspension, orally, by written notice served on the student/student organization or by written notice sent to the last address on record. The interim sanctions or interim suspension take effect the day issued by the President or his/her designee.
- D. A student/student organization issued an interim suspension or interim sanctions will be given an opportunity to appear before the Vice President of Student Affairs or a designee within three working days in order to discuss the following issues only:
 1. the reliability of the information concerning the student/student organization's alleged misconduct.
 2. whether the conduct and surrounding circumstances reasonably indicate that the continued presence of the student on University premises poses a substantial and immediate threat to himself/herself, to others, or to property.
- E. The Vice President for Student Affairs or his/her designee may affirm or alter the interim sanctions or interim suspension based on the discussion with the student/student organization. If the decision is affirmed, the Vice President or his/her designee will inform the student/student organization of that decision at the conclusion of the discussion. Regardless of whether the interim sanctions or interim suspension is affirmed or altered, the Vice President or his/her designee will direct that a formal hearing before the University Judicial Board take place within 10 days. If the University fails to schedule the formal hearing within the 10 day period, the interim sanctions or interim suspension will cease although the original charges will not be dropped and will still be handled through the University's disciplinary process.

Section XIII: Emergency Powers of the President

- A. The President, as Chief Executive Officer of the University, is charged with the maintenance of that degree of order and safety necessary to the successful continuation of the University's lawful mission, and he/she is further charged with the authority to protect the members of the University community and University property.

- B. When faced with mass disruptions, activity of a violent and destructive nature, or other dangerous violations of University rules of a serious enough nature to threaten the University, the President, after consultation with and approval of the Board of Regents, may declare a "state of emergency" and do any of the following:
1. Impose and have enforced a curfew on all or portions of the University campus.
 2. Curtail or suspend services.
 3. Close the University or portions of the University entirely for the period of emergency.
 4. Issue an emergency suspension and forbid the presence on campus of any student(s)/student organization(s) if they have been sufficiently identified to him/her as participants in activities which violated University policy and led to the conditions described above. Suspensions issued under this section of the code are effective immediately upon notice to the student(s)/student organization(s).
 5. Appoint a Special Hearing Board on an ad hoc or extraordinary basis to make a recommendation as to whether any emergency suspensions issued should be continued. The Special Hearing Board will convene and make its recommendations to the President within seven calendar days from the effective date of the emergency suspension. Regardless of the recommendation to the President as to the continuation of the emergency suspension, the President will direct Student Judicial Services to convene a formal hearing before the University Judicial Board within 10 days of the date of the Special Hearing Board's recommendation to the President in order to rule on the original charges brought against the student(s)/student organization(s).
 6. Take other actions that may be explicitly stated in or implied by any laws governing the authority of the University and/or the President in emergency situations.
- C. **Note:**
Due to the unique circumstances and severe conditions that would lead the President to exercise any of his/her emergency powers, an emergency suspension issued under this section of the Code is to be considered different from an interim suspension issued under the conditions stated in Section XIII. The issuance and review of an emergency suspension will be handled in accordance with the procedures outlined above in subsections 4 and 5.
- D. The Board of Regents, regardless of granting any emergency powers to the President, in no way restricts its own powers and prerogative to carry out its obligations and duties as imposed by the Constitution and laws of the state of Michigan.

Section XIV: Student Disciplinary Files and Records

- A. Student Judicial Services will establish a student disciplinary file whenever a case is referred for investigation of a possible Conduct Code violation. A student or student organization's file will be destroyed if the investigation indicates that no violation occurred. The file of a student/student organization found to have violated the Conduct Code will be retained for four years from the date of the sanction or until the student's graduation from the University, whichever comes first. Student conduct records may be retained longer or permanently if the student was suspended or permanently dismissed or if there is reason to believe the case could result in future litigation.
- B. A notation will be made on the student's official University transcript if the student was suspended, permanently dismissed or given an "E" grade in a course as a result of academic dishonesty.
- C. The release of student disciplinary records will be governed by applicable federal and state laws governing the privacy of educational records.

Section XV: Review of the Student Judicial System

- A. Student Judicial Services will convene a Student Judicial System Review Committee at least every four years that will be responsible for carrying out the following tasks:
1. Reviewing the goals and effectiveness of the University's disciplinary system;
 2. Reviewing the effectiveness of the types of sanctions issued;
 3. Recommending changes to the Student Conduct Code;
 4. Recommending changes in the judicial processes and procedures established and followed by Student Judicial Services; and
 5. Recommending training sessions and publications on topics related to the mission of Student Judicial Services to educate the campus community about student conduct and the campus judicial processes.
- B. The Committee will be appointed and chaired by the Director of Student Judicial Services and will include one representative from the following areas: Ombudsman; Legal Affairs; Housing; Health Services; Counseling Services; Student Government; Faculty Council; Department of Public Safety; Chief Justice of the University Judicial Board; and

Chief Justice of the Judicial Appeals Board.

Amendments to the Student Conduct Code that receive the support of the Review Committee will be forwarded, in accordance with University procedures, to the Board of Regents for approval.

University Alcohol and Other Drug Policy

The University is committed to promoting and maintaining a work and academic environment that is free from illegal alcohol and drug use and abuse, in accordance with all federal, state, and local laws. Students and employees are prohibited from reporting to work or working under the influence of alcohol or drugs.

Employees may not consume, possess, distribute, or be under the influence of alcoholic beverages on University property or while on University business (except at University functions at which use of alcohol is approved). Employees, students, and campus visitors aged twenty-one (21) years or older, consuming alcohol at University functions or while on University business, where such use is approved, are expected to use alcohol responsibly and not engage in illegal, unprofessional, or disruptive behavior.

Students and campus visitors who have attained the legal drinking age of twenty-one (21) years of age may possess and consume alcoholic beverages only at approved University functions or in residence hall rooms of students who have attained the legal drinking age. Those under twenty-one (21) years of age are not permitted to consume or possess alcoholic beverages at any time.

Students, employees and visitors are prohibited from dispensing, selling or supplying alcoholic beverages to a person under the legal drinking age as defined by Michigan law.

Students, employees, and visitors are prohibited from possessing, consuming, manufacturing, dispensing, or being under the influence of illegal drugs or engaging in improper self-medication while on University property or University business.

Any member of the University community who violates this policy is subject to both prosecution and punishment under federal, state and local laws and to disciplinary proceedings by the University.

This policy is not designed to punish people for seeking rehabilitation. All information about those individuals who voluntarily avail themselves of drug or alcohol counseling or rehabilitation services will remain confidential. Seeking counseling or rehabilitation will not be used as a basis for disciplinary action or be used against an individual in any way.

University employees and students who violate this policy shall be informed about and referred to services to assist them in determining whether they are abusing drugs and alcohol or are chemically dependent. If a problem is found to exist, the individual will be referred to resources to assist him/her in overcoming the drug or alcohol abuse pattern. This referral or assessment shall not limit the University's ability to pursue appropriate disciplinary action, up to and including termination or expulsion, when an employee or student has violated this policy or any other University policy.

This policy shall not add to or supersede union contracts or established employee work rules.

Health Risks of Alcohol and Other Drugs

- **ALCOHOL** Loss of concentration and judgment, slowed reflexes; disorientation leading to higher risk of accidents and problem behavior; risk of liver and heart damage, malnutrition, cancer and other illnesses; can be highly addictive to some persons.
- **AMPHETAMINES** Can cause rushed, careless behavior - pushing beyond your physical capacity, leading to exhaustion; tolerance increases rapidly; causes physical and psychological dependence; withdrawal can result in depression and suicide; continued high doses can cause heart problems, infections, malnutrition, and death.
- **CANNABIS** Causes permanent damage to lungs, reproductive organs and brain function; slows reflexes; increases forgetfulness; alters judgment of space and distance.
- **COCAINE** Causes damage to respiratory and immune systems; induces malnutrition, seizures and loss of brain function. Some forms (such as "crack") are highly addictive.

- **HALLUCINOGENS** (PCP, LSD, Ecstasy) Causes extreme distortions of what's seen and heard; induces sudden changes in behavior, loss of concentration and memory; increases risk of birth defects in user's children; overdose can cause psychosis, convulsions, coma, and death. Frequent use can cause permanent loss of mental function.
- **NARCOTICS** (Heroin, morphine, opium, codeine) Tolerance increases rapidly; causes physical and psychological dependence; overdose can cause coma, convulsions, respiratory arrest, and death; leads to malnutrition, infection and hepatitis; sharing needles is a leading cause of the spread of HIV and Hepatitis; highly addictive.
- **SEDATIVES** Tolerance increases rapidly; produces physical and psychological dependence; causes reduced reaction time, and confusion; overdoses can cause coma, respiratory arrest, convulsions, and death; withdrawal can be dangerous; in combination with other controlled substances can quickly cause coma and death.

Sanctions for Violations of Laws & Policies:

The laws of the State of Michigan and Eastern Michigan University's policies and rules prohibit the consumption or possession for personal consumption of alcoholic beverages by persons less than 21 years of age. Further, Michigan laws and University policies prohibit the sale, service or giving of alcoholic beverages to persons under the age of 21. Eastern Michigan University's policies and rules, local ordinances and laws, state laws and federal laws also prohibit the unlawful possession, use and/or distribution of illicit drugs and alcohol.

Community Sanctions:

Violations of laws and ordinances may result in misdemeanor or felony convictions accompanied by the imposition of legal sanctions which include, but are not limited to, the following:

- Fines as determined under local, state or federal laws.
- Imprisonment, including up to life imprisonment, for possession of more than 650 grams or trafficking in drugs such as Heroin and Cocaine.
- Forfeiture of personal and real property.
- Denial of federal benefits such as grants, contracts, and student loans.
- Loss of driving privileges.
- Required attendance at substance abuse education or treatment programs.
- Federal laws prohibit possession, use, distribution, manufacture or dispensing.

A full description of federal sanctions for drug felonies can be found at: www.usdoj.gov/dea/agency/penalties.html

University Sanctions:

Violation of University policies and rules will be subject to campus disciplinary review and action, as follows:

Faculty and Staff:

Disciplinary action will be taken as per applicable collective bargaining agreements and University policy up to and including termination of employment.

Information about violations related to tobacco use can be found under EMU Tobacco Use policy.

Students:

Disciplinary action will be taken by Student Judicial Services under the Student Conduct Code and may include sanctions ranging from formal reprimand to permanent dismissal, in addition to counseling and/or referral to a substance abuse

educational/intervention program. In certain circumstances, parents of a student under 21 years old will be notified about the drug or alcohol violation, as per Eastern Michigan University's policy on Parental Notification. The FERPA policy can be found at www.emich.edu/registrar/ferpa.htm.

Information about violations related to tobacco use can be found under EMU Tobacco Use policy.

In addition to University-level action taken under the Student Conduct Code, other University departments maintain internal policies and rules regarding alcohol and other drugs and may impose sanctions against students and/or student groups which violate these policies. For example, University Housing, Athletics, Greeks, Study Abroad and several academic departments have policies addressing alcohol and other drugs. Any action taken under one policy does not prevent action being taken under any other policy.

Employee Reporting Requirement:

Under the Drug Free Schools and Communities Act Amendments of 1989, a faculty or staff member employed under a federal grant or contract must notify the University (Human Resources, Employee Relations, 734.487.0083; or Academic Human Resources, 734.487.0076, in writing, of his or her arrest or conviction for violation of any criminal drug statute occurring in the workplace or while on University business no later than five days after such arrest or conviction.

Review of EMU's Alcohol and Other Drug Abuse Prevention Program:

The University will review its Alcohol and Other Drug Abuse Prevention Program every 2 years to determine its effectiveness and implement changes to the program as needed and to ensure that the disciplinary sanctions applied by the University are consistently enforced.

EMU Policy on Notification to Parents of Drug and Alcohol Violations

1. When the University has determined that a student has committed a second disciplinary violation with respect to campus rules regarding the use or possession of drugs or alcohol, the University will disclose to parents or legal guardians such information if the student is less than 21 years of age.
2. Parents will be notified of a first disciplinary violation with respect to campus rules regarding the use or possession of drugs or alcohol if (a) the incident also involves another serious offense; or (b) if there is reason to believe that a student's health and well-being are in jeopardy; or (c) the violation results in a sanction of either housing probation or higher or University-level probation or higher. In cases where the drug or alcohol violation also involves another serious offense, the University will only release details of the drug or alcohol violation to the parents or legal guardians.
3. At the point at which it is determined that parental notification is permitted under the provisions of this policy, the student will be given twenty-four (24) hours to make the initial contact with the parents or legal guardians prior to the University notifying the parents or legal guardians.
4. Within the twenty-four (24) hour time period that a student has to notify his/her parents or legal guardians, the student may submit documentation or a written statement indicating that there are special circumstances that make parental notification inappropriate. The University's designee will consider the request and make a determination as to notification on a case-by-case basis.
5. Parental notification is in addition to any other sanctions issued by the University.

Tobacco Use Policy

University Policy Statement

The University is committed to promoting and maintaining a healthy work and academic environment that is as close to tobacco free as practicably possible and in accordance with all federal, state and local laws. Students, employees and visitors are prohibited from using tobacco throughout all University buildings (exception University Apartments), University vehicles and outside of buildings within 25 feet of any entrance, air intake duct and/or window.

- The use of tobacco products is prohibited in all University buildings and leased spaces. This prohibition applies to any area enclosed by the perimeter (outermost) walls of the building, including restrooms, warehouses, storage spaces, atriums, balconies, stairwells and other similar building features considered “within a building.”
- The use of tobacco products is prohibited within 25 feet of any building entrance, air intake duct and window.
- Specific outside areas for tobacco use will not be established or identified.
- The University will install ashtrays and other appropriate tobacco litter appliances beyond 25 feet from buildings.
- Individuals who use tobacco products will be responsible for their proper disposal.
- The use of tobacco products is prohibited in University vehicles. This prohibition includes passenger vehicles and all other state-owned mobile equipment, including light and heavy duty trucks, cargo and passenger vans, buses, golf carts and any other mobile equipment.
- The use of tobacco products is prohibited in outdoor areas where seating is provided.
- The use of tobacco products is prohibited on the grounds of the Children’s Institute.
- University Health Services will provide educational information and programs on tobacco use cessation.
- Vice presidents, deans, directors and department heads are responsible for informing the campus community of the tobacco use policy and overseeing day-to-day compliance. The appropriate administrative division will address violations and habitual offenders of this policy.

Sanctions for Violations of Laws & Policies

The laws of the State of Michigan and Eastern Michigan University’s policies and rules prohibit the use of tobacco in public buildings.

Community Sanctions:

- Violations of the Michigan Clean Indoor Air Act are subject to civil fines of not more than \$100 for the first violation and not more than \$500 for second or subsequent violations.
- Violations of the smoking prohibition at child care centers and child care institutions are subject to a stricter penalty of a fine not less than \$100 and not more than \$1,000.

University Sanctions:

Violation of University policies and rules will be subject to campus disciplinary review and action as follows:

Faculty and Staff:

Disciplinary action will be taken as per applicable collective bargaining agreements and University policy up to and including termination of employment for habitual repeat offenders.

Students:

Students who violate this policy are subject to disciplinary action in accordance with the provisions of the Student Conduct Code. Sanctions for violations may include verbal warning, formal reprimand, probation, suspension or dismissal.

Visitors:

Violation of University rules and regulations by visitors could result in permanent removal from EMU properties.

Health Effects of Tobacco Use

Smoking

- Cigarette smoking increases the risk for many types of cancer, including cancers of the lip, oral cavity, and pharynx; esophagus; pancreas; larynx; lung; uterine cervix; urinary bladder; and kidney.
- Cigarette smokers are 2 – 4 times more likely to develop coronary heart disease than nonsmokers.
- Cigarette smoking approximately doubles a person's risk for stroke.
- Cigarette smoking has many adverse reproductive and early childhood effects, including an increased risk for infertility, preterm delivery, stillbirth, low birth weight, and sudden infant death syndrome.

Second-Hand Smoke

- Second-hand smoke is associated with an increased risk for lung cancer and coronary heart disease in nonsmoking adults. Second-hand smoke is a known human carcinogen (cancer-causing agent).
- Because their lungs are not fully developed, young children are particularly susceptible to second-hand smoke. Exposure is associated with an increased risk for sudden infant death syndrome, asthma, bronchitis, and pneumonia in young children.

Smokeless Tobacco

- Smokeless tobacco contains 28 cancer-causing agents (carcinogens). It increases the risk of developing cancer of the oral cavity.
- Smokeless tobacco use can lead to nicotine addiction and dependence.

Acceptable Use of Information Technology Resources

Statement of Policy

Information technology resources are provided by Eastern Michigan University (EMU) to its students, faculty and administration in support of the University's mission. These resources include, but are not limited to, technologies and information resources required for information processing, storage, and communication, whether individually controlled or shared, stand-alone or networked. This includes in-lab and classroom technologies, electronic resources, and computing and electronic communication devices and services, both wired and wireless such as, but not limited to, computers, printers, hand held devices, e-mail, instant messages, blogs, Voice over Internet Protocol (VoIP), fax transmissions, voice, data, and video communication networks, multi-media, instructional materials, and academic and administrative systems. Personal equipment connected to the University

network is also subject to this policy. These guidelines apply to any user of any information technology resource provided by the University and attached to the University or Merit network.

This policy outlines your responsibility in the use of these resources and is based upon the following principles:

- Electronic resources are provided for the purpose of carrying out the mission of the University.
- Your use of information resources must comply with University policies and the law.
- Your use of these resources does not cause harm to others or the electronic resources themselves.
- You are expected to use these resources ethically and responsibly.

Access

A. Ownership

Information technology resources, systems, and services are the property of EMU. These include all components of the electronic communications, physical infrastructure, and any electronic communications address, number, account, or other identifiers associated with the University.

B. ACCESS

EMU provides and maintains an EMU Access ID for each registered student, faculty, staff and affiliates (upon special approval). EMU reserves the right to withdraw the service from anyone who misuses the system. Access to specific resources may be provided by appropriate academic departments. Third Party individuals may be provided access to EMU information technology resources through sponsorship by an appropriate University administrator.

C. USE

Those who use EMU electronic communications services are expected to do so responsibly. They must comply with state and federal laws, with this and any other University policies and procedures, and with normal standards of personal courtesy and conduct.

Expectations

As a user of information technology resources at EMU, you can expect:

A. PROTECTION OF INBOUND AND OUTBOUND E-MAIL AND ATTACHMENTS

Information Technology (IT) makes reasonable efforts to scan inbound and outbound e-mail and attachments for spam. IT also routinely scans all e-mail for anything that could be a threat to the system such as viruses and Trojans. The scanning for threats may lead to a modification of e-mail headers, non-delivery of messages containing viruses or Trojan Horses (Trojans), deleting of attachments, and blocking of messages. IT reserves the right to block e-mail that exhibits characteristics of spam, viruses, Trojans or anything else that could threaten the University's network infrastructure or services.

B. ELECTRONIC COMMUNICATIONS AND FILES

EMU follows generally accepted security measures, but cannot guarantee electronic communications are completely protected from unauthorized access by individuals who possess the skill and desire to breach security measures. Therefore, e-mail and other types of electronic communications should not be used to communicate confidential or sensitive matters.

The University reserves the right to inspect, monitor and/or disclose electronic

communications in transit or storage without consent of the holder:

- When required by and consistent with law (i.e., search warrants, subpoenas, freedom of information requests).
- When there is a reason to believe a violation of law, University policy, rules, regulations or procedures has taken place.
- To maintain the security or performance of the infrastructure.

Employees must be aware that electronic communications.

- May be accessed and monitored in the normal course of business by system administrators.
- May be released to the public (as may be requested through the Freedom of Information Act).
- May require special measures for privacy protection.
- Are subject to discovery proceedings in legal actions.

Responsibilities

Protecting EMU's systems, data, and networks is the responsibility of everyone in the university community.

A. PROTECTING IT RESOURCES FROM PHYSICAL ACCESS

You are responsible for the physical security of information technology devices you use and the data they contain. Keep doors locked to protect equipment. Portable equipment such as notebook computers, Personal Digital Assistants (PDAs), and mobile phones must be secured whether on campus, traveling, or at home. Confidential or sensitive documents and data should be encrypted.

Keep your account secure by preventing others from getting access to your computer, or to the access port assigned to you.

B. PROTECTING IT RESOURCES FROM ELECTRONIC ACCESS

It is your responsibility to use effective passwords and to safeguard those passwords. Persons attempting to gain unauthorized access to a system often do so through user accounts, and your password is a safeguard against such access.

C. USE E-MAIL AND OTHER ELECTRONIC COMMUNICATIONS RESPONSIBLY

All University electronic communications are to be used in an ethical and responsible manner.

Messages such as e-mail should meet the same standards for distribution or display as if they were hard copy documents. Identify yourself clearly and accurately in all electronic communications.

Electronic communication files are owned by someone. They are assumed to be private and confidential unless the owner has explicitly made them available. If by accident you receive a confidential file, you should not share it with anyone else.

D. USING RESOURCES RESPONSIBLY, EFFICIENTLY, AND FAIRLY

Each user should make efficient use of network resources. Use high resource activities such as streaming media at high bit rates, at non-peak times. Do not use your computer as a server.

EMU faculty and staff may use the university information technology resources for incidental personal purposes provided such use does not:

- Directly or indirectly interfere with the University operations and services.
- Burden the University with noticeable incremental cost.
- Interfere with the user's employment or other obligations to the University.
- Violate the law, University policies or procedures, or reasonable standards of decency and civility.

Electronic records arising from such personal use may, however, be subject to the presumption of being a University Electronic Record.

E. COMPLYING WITH UNIVERSITY POLICIES, RULES, AND STATE AND FEDERAL LAWS

Users of EMU information technology resources agree to comply with applicable federal and state laws and the policies, standards, and procedures of the University and of Merit Network, Inc., the Internet service provider for the University.

Users shall abide by the EDUCOM code regarding ethical and legal use of software.

Respect for intellectual labor and creativity is vital to academic discourse and enterprise. This principle applies to works of all authors and publishers in all media. It encompasses respect for the right to acknowledgment, right to privacy, and right to determine the form, manner, and terms of publication and distribution.

All EMU employees and students shall use software only in accordance with the license agreement. To transfer the possession without permission, of any copy, modification or merged portion of any licensed program, whether gratuitously or for gain, violates this policy and is prohibited. Anyone who makes, acquires, or uses unauthorized copies of computer software or otherwise violates this policy shall be subject to disciplinary action in accordance with University policy. They may also be subject to personal liability under copyright law. Anyone using personal software on University devices must demonstrate evidence of ownership. See University policy 4.4 Copyright for more detail. To learn more about copyright and fair use visit Halle Library's Copyright at Eastern Michigan University web page.

Rules for Acceptable Use

Use only your account and password. Do not share them with anyone else. If you suspect someone may have discovered your password, change it immediately. Never use another user's account and password.

You are responsible for all activity on your account. This includes destructive or illegal activity by someone using your account identity.

Use EMU electronic communication systems legally. Do not use university-provided computing resources to do something illegal, threatening, or deliberately destructive or harmful. All complaints will be investigated. Student Judicial Services investigates complaints regarding students; the Chief Information Officer in conjunction with Human Resources' or other appropriate offices will investigate complaints regarding EMU faculty and staff. The police and the FBI and other federal law enforcement agencies investigate violations of state or federal law. Violations can result in disciplinary action, civil penalties, and criminal charges.

Obey copyright laws. Copyright protected materials include but are not limited to, software, music, written works, audio and videos, photographs, and electronic books (e-books). Do not use the intellectual property rights of another without written permission. Do not install, duplicate, download, store, transmit, or use software without a valid license. Do not distribute music, video, or other files illegally. Do not use your computer or other electronic device to copy, display, store, transmit, or distribute copyrighted or illegal materials.

Protect data that is protected, confidential or restricted.

- Confidential or restricted information must not be distributed or made available to persons who are not authorized to access the information. This applies to originals, copies, and new materials, which contain all or part of the information, and to oral communication of information. When restricted information is distributed, restrictions on its future distribution must be clearly stated, and followed.
- Provide physical security for information technology devices. Doors shall be locked to protect equipment when areas housing them are unattended. Portable equipment such as laptop computers, PDAs, and mobile phones must be secured. Particular care is needed when traveling and at home to protect these devices.
- Confidential or restricted information stored in a place, which is accessible by any unauthorized person, or on or in any media or device out of your office or off-campus must be protected by encryption using University standards.
- Report violations of University policies regarding use and/or disclosure of confidential or restricted information to the Information Security Office (487-0101).

Do not send or publish threatening or harassing communications or anything which may be reasonably classified as "hate" messages. If someone asks you to stop sending mail, stop sending it. If you fail to do so, the person can file a complaint, and you may be disciplined. If you believe you are being harassed, contact Student Judicial Services at 487-2157, or contact the Information Security Office. If you are concerned for your safety, call the EMU police at 911 or 734.487.1222.

Examples of inappropriate use of communication resources are listed below (this is not intended to be an exhaustive list). These actions may result in disciplinary action.

DO NOT:

- Send unsolicited e-mail messages, including the sending of "junk mail" or other advertising material to individuals who did not specifically request such material (e-mail spam).

- Solicit e-mail for any other e-mail address, other than that of the poster's account, with the intent to harass or to collect replies.
- Create or forward spam or e-mail bombing attacks (intentional e-mail transmissions that disrupt normal e-mail service).
- Send "chain mail" or send e-mail repeatedly that misuses or disrupts resources.
- Create or intentionally send viruses or other harmful programs or files.

Do not falsify or forge authentication, e-mail headers or other postings. Sending or posting electronic mail or other communications while misrepresenting or concealing the true identity of the sender or author is prohibited by this policy and may also be a violation of the law if done with intent to cause harm, commit fraud, conceal the sender of unsolicited commercial email, or otherwise violate the law.

Do not install or attempt to install malicious computer code on the device of another or on any University owned electronic resources.

Do not try to access a computer, the EMU system, or other devices without appropriate permission and without following proper login procedures. Do not try tapping

a network or running a "sniffer" program. Do not use software tools that attack Information Technology resources. Do not cause or allow access, modification or destruction of any files, programs, settings, or data transmitted or stored by any device without permission.

You may not receive or cause any personal financial or other gains from the use of any university-provided computing resources or from any output produced resulting from such use. You may not promote any commercial or non-university activity using university resources.

ALL activities listed above can result in severe penalties, including disciplinary action by Student Judicial Services, Human Resources, or the Offices of the President and Provost.

Consequences

Any employee found to violate federal or state of Michigan laws, EMU policies, procedures or standards of conduct, will be subject to disciplinary action under University policy. Any suspected violation of State or Federal laws will be reported to the appropriate legal authority for investigation.

Consequences for violations (in no particular order) include, but are not limited to:

- Verbal warnings.
- Revocation of access privileges.
- Disciplinary actions up to and including discharge.
- Criminal prosecution.

Any student found to violate federal or state of Michigan laws, EMU policies, procedures or standards of conduct, will be subject to disciplinary action under EMU's Student Code of Conduct. Any suspected violation of State or Federal laws will be reported to the appropriate legal authority for investigation.

Consequences for violations (in no particular order) include, but are not limited to:

- Verbal warnings.
- Revocation of access privileges.
- Disciplinary actions up to and including suspension or expulsion from school.
- Criminal prosecution.

If you break the law, you can be prosecuted. Even if you are not charged criminally, you can be held personally liable, and you can be suspended or dismissed from the University, or fired if you are an employee.

The University reserves the right to protect its electronic resources from threats of immediate harm. This may include activities such as disconnecting an offending computer system from the campus network, terminating a running job on a computer system, or taking other action.

Reporting an Incident

If an incident is a threat to personal safety, contact Campus Police at the Department of Public Safety, emergency 911 or non-emergency 734.487.1222.

To report an incident involving the misuse of Information Technology resources contact (by e-mail, letter or telephone) the Chief Information Officer (CIO) or the IT Security Office, the incident will be handled by staff at the appropriate University office.

Departmental administrators responsible for managing University information technology resources may temporarily disable user accounts or workstations connected to the network if violations of this policy are suspected and they must notify the CIO of all such actions.

When an incident is reported, the CIO, IT Security Office and/or the Campus Police may as needed and appropriate consult with the Office of the President, the Office of Legal Affairs, Staff and Academic Human Resources Offices, and other University Offices/Departments.

Authoritative Source

The authority for this policy is Eastern Michigan University policy 15.2 "Information Technology Security and Confidentiality" and the responsibility for its implementation rests with the Chief Information Officer.

December 2008

EDUCOM Code

Respect for intellectual labor and creativity is vital to academic discourse and enterprise. This principle applies to works of all authors and publishers in all media. It encompasses respect for the right to acknowledgment, right to privacy and right to determine the form, manner and terms of publication and distribution. Because electronic information is volatile and easily reproduced, respect for the work and personal expression of others is especially critical in computer environments. Violations of authorial integrity, including plagiarism, invasion of privacy, unauthorized access and trade secret and copyright violations, may be grounds for sanctions against members of the academic community.

Using Software: A Guide to the Ethical and Legal Use of Software for Members of the Academic Community issued by EDUCOM and ADAPSO

Software enables us to accomplish many different tasks with computers. Unfortunately, in order to get their work done quickly and conveniently, some people justify making and using unauthorized copies of software. They may not understand the implications of their actions or the restrictions of the U.S. copyright law.

Here are some relevant facts:

1. Unauthorized copying of software is illegal. Copyright law protects software authors and publishers, just as patent law protects inventors.

2. Unauthorized copying of software by individuals can harm the entire academic community. If unauthorized copying proliferates on a campus, the institution may incur a legal liability. Also, the institution may find it more difficult to negotiate agreements that would make software more widely and less expensively available to members of the academic community.
3. Unauthorized copying of software can deprive developers of a fair return for their work, increase prices, reduce the level of future support and enhancement and inhibit the development of new software products.

Respect for the intellectual work and property of others has traditionally been essential to the mission of colleges and universities. As members of the academic community, we value the free exchange of ideas. Just as we do not tolerate plagiarism, we do not condone the unauthorized copying of software, including programs, applications, data bases and code.

Therefore, we offer the following statement of principle about intellectual property and the legal and ethical use of software. This "code"--intended for adaptation and use by individual colleges and universities-- was developed by the EDUCOM Software Initiative.

Software and Intellectual Rights

Respect for intellectual labor and creativity is vital to academic discourse and enterprise. This principle applies to works of all authors and publishers in all media. It encompasses respect for the right to acknowledgment, right to privacy, and right to determine the form, manner, and terms of publication and distribution.

Because electronic information is volatile and easily reproduced, respect for the work and personal expression of others is especially critical in computer environments. Violations of authorial integrity, including plagiarism, invasion of privacy, unauthorized access, and trade secret and copyright violations, may be grounds for sanctions against members of the academic community.

Questions You May Have about Using Software

- A. *What do I need to know about software and the U.S. Copyright Act?*
Unless it has been placed in the public domain, software is protected by copyright law. The owner of a copyright holds exclusive right to the reproduction and distribution of his or her work. Therefore, it is illegal to duplicate or distribute software or its documentation without the permission of the copyright owner. If you have purchased your copy, however, you may make a back-up for your own use in case the original is destroyed or fails to work.
- B. *Can I loan software I have purchased myself?*
If your software came with a clearly visible license agreement, or if you signed a registration card, read the license carefully before you use the software. Some licenses may restrict use to a specific computer. Copyright law does not permit you to run your software on two or more computers simultaneously unless the license agreement specifically allows it. It may, however, be legal to loan your software to a friend temporarily as long as you do not keep a copy.
- C. *If software is not copy-protected, do I have the right to copy it?*
Lack of copy-protection does not constitute permission to copy software in order to share or sell it. "Non-copy-protected" software enables you to protect your investment by making a back-up copy. In offering non-copy-protected software to you, the developer or publisher has demonstrated significant trust in your integrity.
- D. *May I copy software that is available through facilities on my campus, so that I can use it more conveniently in my own room?*
Software acquired by colleges and universities is usually licensed. The licenses restrict how and where the software may be legally used by members of the community. This applies to software installed on hard disks in microcomputer clusters, software distributed on disks by a campus lending library and software available on a campus mainframe or network. Some institutional licenses permit copying for certain purposes. Consult your campus authorities if you are unsure about the use of a particular software product.
- E. *Isn't it legally "fair use" to copy software if the purpose in sharing it is purely educational?*

No. It is illegal for a faculty member or student to copy software for distribution among the members of a class, without permission of the author or publisher.

Alternatives to Explore

Software can be expensive. You may think that you cannot afford to purchase certain programs that you need. But there are legal alternatives to unauthorized copying.

Site Licensed and Bulk-Purchased Software

Your institution may have negotiated agreements that make software available either to use or to purchase at special prices. Consult your campus computing office for information. Software available through institutional site licenses or bulk purchases is subject to copyright and license restrictions, and you may not make or distribute copies without authorization.

Shareware

Shareware, or "user-supported" software, is copyrighted software that the developer encourages you to copy and distribute to others. This permission is explicitly stated in the documentation or displayed on the computer screen. The developer of shareware generally asks for a small donation or registration fee if you like the software and plan to use it. By registering, you may receive further documentation, updates and enhancements. You are also supporting future software development.

Public Domain Software

Sometimes authors dedicate their software to the public domain, which means that the software is not subject to any copyright restrictions. It can be copied and shared freely.

Software without copyright notice is often, but not necessarily, in the public domain. Before you copy or distribute software that is not explicitly in the public domain, check with your campus computing office.

A Final Note

Restrictions on the use of software are far from uniform. You should check carefully each piece of software and the accompanying documentation yourself. In general, you do not have the right to:

1. Receive and use unauthorized copies of software, or
2. Make unauthorized copies of software for others.

If you have questions not answered by this brochure about the proper use and distribution of a software product, seek help from your computing office, from the software developer or publisher.

MichNet Policies

MichNet Acceptable Use Policy

30 May 2006

Purpose

This Policy is a guide to the acceptable use of Merit Network facilities and services (Services). Any Member or Affiliate organization or individual connected to Merit's network in order to use it directly, or to connect to any other network(s), must comply with this policy and the stated purposes and Acceptable Use policies of any other network(s) or host(s) used.

Each Member and Affiliate organization is responsible for the activity of its users (including guests and other temporary users) and for ensuring that its users are familiar with this policy or an equivalent policy. In addition, each Member and Affiliate is encouraged to maintain and enforce its own Acceptable Use policies. The provisions of this policy govern all use of the Services, including any unsupervised anonymous network access offered by Members or Affiliates.

The following guidelines will be applied to determine whether or not a particular use of the Services is appropriate:

1. Users must respect the privacy of others. Users shall not intentionally seek information on, or represent themselves as, another user unless explicitly authorized to do so by that user. Nor shall Users obtain copies of, or modify files, other data, or passwords belonging to others.
2. Users must respect the legal protection applied to programs, data, photographs, music, written documents and other material as provided by copyright, trademark, patent, licensure and other proprietary rights mechanisms.
3. Users must respect the integrity of other public or private computing and network systems. Users shall not intentionally develop or use programs that harass other users or infiltrate any other computer, computing system or network and/or damage or alter the software components or file systems of a computer, computing system or network.
4. Use should be consistent with guiding ethical statements and accepted community standards. Use of the Services for malicious, fraudulent, or misrepresentative purposes is not acceptable.
5. The Services may not be used in ways that violate applicable laws or regulations.
6. The Services may not be used in a manner that precludes or significantly hampers network access by others. Nor may the Services be used in a manner that significantly impairs access to other networks connected to Merit.
7. Connections which create routing patterns that are inconsistent with the effective and shared use of the Services may not be established.
8. Unsolicited advertising is not acceptable. Advertising is permitted on some Web pages, mailing lists, news groups and similar environments if advertising is explicitly allowed in that environment.
9. Repeated, unsolicited and/or unwanted communication of an intrusive nature is strictly prohibited. Continuing to send e-mail messages or other communications to an individual or organization after being asked to stop is not acceptable.

The intent of this policy is to identify certain types of uses that are not appropriate, but this policy does not necessarily enumerate all possible inappropriate uses. Using the guidelines given above, Merit may at any time make a determination that a particular use is not appropriate.

Merit will not monitor or judge the content of information transmitted via the Services, but will investigate complaints of possible inappropriate use. In the course of investigating complaints, Merit staff will safeguard the privacy of all parties and will themselves follow the guidelines given in this policy and in Merit's Privacy Policy. Merit will only release sensitive, confidential or personally identifiable information to third parties when required by law, or when in Merit's judgment, release is required to prevent serious injury or harm that could result from violation of this policy.

Remedial Action

When Merit learns of possible inappropriate use, Merit staff will notify the Member or Affiliate responsible, who must take immediate remedial action and inform Merit of its action. Merit will assist the Member or Affiliate in identifying the nature and

source of the inappropriate use and in implementing remedial action if requested. Provided the Member or Affiliate implements remedial action promptly, Merit will take no further action. If Merit is unable to contact the Member or Affiliate, or if the Member or Affiliate is unable to implement remedial action, Merit reserves the right to pursue remedial action independently. Wherever possible, Merit will pursue remedial action with the least impact to the overall service for the Member or Affiliate.

Should the situation be considered an emergency, and Merit deems it necessary to prevent further inappropriate activity, Merit may temporarily disconnect a Member or Affiliate from the network. An emergency is defined as: "Serious security incidents that require immediate attention to prevent harm to an individual, to protect information from loss or damage that would be difficult or impossible to correct or to deal with serious on-going denial of service attacks."

If temporary disconnection is deemed necessary by Merit staff, every effort will be made to inform the Member or Affiliate prior to disconnection, and every effort will be made to re-establish the connection as soon as it is mutually deemed safe.

Any determination of inappropriate use serious enough to require disconnection shall be promptly communicated to every member of the Merit Board of Directors through an established means of publication.

Campus Services

Career Services Center

Career Services Center

Address: 200 McKenny Hall

Phone: 734.487.0400

Fax: 734.487.0940

Web site: <http://career.emich.edu>

Satellite Office

College of Business

Address: 210 Owen Building

Phone: 734.487.4099

The Career Services Center (CSC) helps students plan their careers, develop job search skills, obtain career-related work experience during their academic career and secure jobs upon graduation. Programs and services include student employment, cooperative education, job fairs, résumé referral, and on-campus recruiting. In the area of career planning, CSC provides personality, interest and values inventories, computerized career guidance services and personal career counseling. In addition, CSC offers an assortment of reference materials on career opportunities, self-assessment, employer literature and many other career-related items. These services are available at CSC's main office in McKenny Hall with a more limited range of services at the COB satellite location.

CSC focuses on helping students select majors and occupational fields early in their academic careers. Assistance is provided

through self-assessment, information about occupations and opportunities to secure employment and volunteer experience in career-related fields. Through its nationally recognized Professional Experience Programs (PEP), CSC assists students in obtaining such career-related work experiences as internships and cooperative education placements. These experiences help students gain exposure to their chosen career fields and gain the hands-on work experience that most employers now expect from college graduates. Academic credit can be earned for many of the PEP jobs. Students should begin participation in PEP as early as their freshman year.

Additional job opportunities are offered through CSC's student employment area. This is the central clearinghouse for all on-campus job openings for students as well as for job openings near campus and in surrounding communities. CSC also maintains an extensive listing of summer employment jobs available with camps, parks, resorts, businesses and government agencies throughout the country. As with other student employment positions, these jobs give students practical work experience and a chance to earn money toward college expenses. The Career Services Center also assists seniors, graduate students and alumni in seeking employment after graduation and obtaining professional advancement throughout their careers. Available services include:

- Resumé, interviewing and job search strategy workshops
- *Job Choices* manual available to all seniors
- EagleCareers.erecruiting.com online posting service
- On-campus recruiting interview program
- Resumé referral program
- Three large annual job fairs that attract hundreds of employers plus several other smaller fairs
- Free drop-off resumé critiquing service

Finally, each year CSC posts more than 30,000 job listings and has more than 250 employers who participate in the on-campus interview program.

Students with Disabilities Office

Address: EMU Student Center, Room 220

Phone: 734.487.2470

TTY: 734.487.2470

Web site: www.emich.edu/disabilities

Students with physical, learning or psychological disabilities, sensory impairments or chronic health conditions must register with the Students with Disabilities Office (SWDO) in order to receive accommodations. Typical accommodations include extended time for examinations, the ability to take examinations in a distraction-free environment, access to adaptive technology, sign language interpreters, books on tape and note takers. However, all accommodations are determined on a case-by-case basis according to each student's documented limitations. The SWDO also works closely with faculty members and other University departments, such as Housing and Campus Life, to ensure that students with disabilities receive the accommodations they need to participate in all University programs, services, and activities. All disability information is strictly confidential and students are encouraged to contact the SWDO to discuss their individual needs.

Children's Institute

Address: 103 Rackham Hall

Phone: 734.487.2348

Fax: 734.487.0286

Web site: www.emich.edu/uhs/children.html

Hours: Monday-Friday, 7:30 a.m. to 5:30 p.m.

The EMU Children's Institute, accredited by the National Association for the Education of Young Children, offers high-quality early childhood education programming to families of Eastern Michigan University and surrounding communities. We offer varied programs designed to meet the needs of students and working families.

The Institute provides high-quality care and education for children ages 18 months through six years. Full and half-day programs are available for toddlers, preschoolers, and kindergartners. A special arrangement with the Ypsilanti Public School System provides transportation to and from Perry Child Development Center for the morning kindergarten program. We also offer a full-day kindergarten program at the Children's Institute.

The EMU Children's Institute serves as the practicum placement site for students preparing to be early childhood education teachers. Practicum students are closely supervised by professional classroom teachers and University faculty members.

Flights of Imagination, the summer day camp program at the Children's Institute, offers exciting and varied programs for children entering kindergarten and first grade, supervised by professional teaching staff, with EMU students as camp counselors. Camp is offered as eight weekly sessions.

Activities at the Children's Institute are play-based and developmentally appropriate, and designed to meet the needs of each child in the group. Teaching staff have completed coursework and hold degrees/advanced professional degrees in early childhood education. Staff training and in-service days are conducted throughout the year.

Cooperative Education

The Program

Cooperative education (co-op) is a unique educational plan designed to enhance academic studies and assist students in attaining career goals. The Career Services Center and academic departments cooperate with business and industry as well as private and public agencies in developing work assignments that parallel the student's academic program. Co-op provides direct, hands-on experience while adding practical dimensions to the student's academic background. Students typically earn wages and academic credit for each co-op job assignment. (For Career Services Center locations [click here](#).)

Benefits to the Student

- Increases employment opportunities upon graduation. Approximately 70 percent of co-op participants are offered permanent jobs by their employers upon graduation.
- Awards college credit while the student is being paid to work. Co-op students also earn wages significantly higher than most student employment opportunities offer.
- Increases earning and promotional potential. Co-op students start between five and 10 percent above normal entry-level salaries after graduation.
- Offers on-the-job training related to course of study. Co-op students typically perform professional level assignments.
- Links classroom and work place. Co-op placements provide the opportunity to apply academic studies while bringing career goals into focus.

Eligibility/Application

Most students must be at least of junior standing with 12-15 credit hours or prerequisites completed in the major. The College of Business (COB) and the College of Health and Human Services (CHHS) will consider second-semester sophomores in selected majors. Note that eligibility and prerequisites vary based on major/minor and that departmental approval is required in most cases. A first step in pursuing a co-op is to speak with an advisor in your program of study to determine application procedures.

Grade Point Average

A 2.5 cumulative GPA is required unless waived by faculty sponsor. Students on academic probation are not eligible to participate.

Academic Credit

Generally three credits are awarded for each placement, but this may vary by major and department. Work experiences are graded on a credit/non-credit basis.

Internships

Students interested in an internship are encouraged to seek information from their departmental office regarding placement assistance and application materials. Requirements may vary by department and academic discipline. The Career Services Center provides listings for internships at EagleCareers.eRecruiting.com and also has print materials about internship opportunities at their main office in 200 McKenny Hall. Students are encouraged to identify opportunities, seek departmental approval and apply directly.

Pre-Professional Internships

The Career Services Center facilitates the Pre-Professional Internship (PPI) program which is available for freshmen and sophomores in all academic majors at any class level. This program offers up to six elective credits for work experience that has allowed students to explore career options. For additional information go to <http://career.emich.edu>.

Counseling Services

Address: 313 Snow Health Center

Phone: 734.487.1118

Fax: 734.481.0050

Web site: www.emich.edu/uhs/counseling.html

Hours: Monday – Friday, 8 a.m. to 5 p.m.

Counseling Services provides:

- Free, confidential, personal counseling for EMU students
- Informative, interactive workshops and presentations in classrooms and other locations on topics including managing depression, resolving communication and relationship problems, building self esteem, addressing anger and test anxiety, among others
- Crisis response and support
- Screening for depression and other concerns
- Consultation with faculty and staff about student and classroom issues
- Self-help lending library

Professional, licensed psychologists and counselors provide services. Graduate students completing internships also provide services under professional staff supervision.

All registered EMU students are eligible for services. Appointments can be made by phone or in person. Counseling is confidential and at no cost to students.

Health Education and Wellness Programs

Address: Snow Health Center, Third floor

Phone: 734.487.2226

Fax: 734.481.0050

Web site: www.emich.edu/uhs/healthed.html

Health Education provides comprehensive health and wellness services and programs aimed toward the enhancement of academic achievement and the promotion of healthy lifestyles. Some of the services include:

- Alcohol, tobacco, and other drug prevention and education programs, screenings and assessments
- Checkpoint Program
- HIV counseling/testing and referral services
- Health Resource Library

- Classroom and workshop presentations
- CloseUP Theatre Troupe
- Violence Intervention Program (VIP)
- CPR/First Aid certification classes

Holman Learning Center

Peg Carter, director

Judy Mack, Learning Center specialist/Tutor Coordinator

Art Hoover, project coordinator

Sally Hattig, Supplemental Instruction coordinator

Rebekah McDow, office supervisor

Address: Bruce T. Halle Library, Room G04

Phone: 734.487.2133

TTY: 734.487.2482

E-mail: learning.center@emich.edu

Web site: www.tlc.emich.edu

Holman Learning Center (TLC) provides students with a campus-wide network of learning assistance programs designed to develop independent learning skills necessary for academic success.

Tutor Programs

TLC provides the following tutoring assistance programs: 1) Individual tutors available to undergraduate students who wish to work one-on-one with a peer tutor to improve their understanding of a particular course. Individual tutoring is nonremedial and free. 2) Supplemental Instruction (SI) to assist students who are enrolled in a first-year large lecture course to develop effective study strategies. A SI leader will lead small discussions on note-taking, study strategies and test-taking and relate the skills to the specific large lecture course.

Student Academic Success

TLC focuses on the academic success of each student during their career at Eastern Michigan University. The office continues to create new and innovative programs focusing on new students to the University and students referred to the office by other departments or faculty. These programs include the following: 1) First-Year Academic Support Program links students, faculty and parents to facilitate the student's transition into higher education and to maximize academic success. 2) Skill-building workshops expose students to information on test-taking strategies, time management, how to efficiently take notes in class and preparing for final exams. Workshops are presented in freshman residence halls, the Student Center and Halle Library. 3) Peer support sessions offer students an opportunity to talk to graduate students to get help navigating the University environment and charting a positive, goal-oriented plan for academic success.

Pre-College Programs

Pre-college programs also provide an avenue for promoting academic achievement and success. TLC coordinates the following pre-college programs: 1) Martin Luther King, Jr./César Chávez/Rosa Parks (KCP) College Days programs brings eighth- through 12th- grade students to campus and exposes them to college life. The program builds self-esteem and motivation and introduces participants to a variety of career options. 2) The Wade McCree Scholarship program awards 20 general fund scholarships each fall to underrepresented students entering the ninth grade. 3) The Summer Incentive Program (SIP) offers high school seniors showing potential for academic success an opportunity to take three college courses, live on campus and work in the campus office during the summer. Participants who successfully complete the summer program are admitted to EMU in the fall.

Retention Tracking

Retention research provides the University with the information required for strategic planning and creation of new and effective University-wide programs aimed at retention and student success. The programs and student populations TLC currently tracks

are all first time in any college (FTIAC), first-year interest groups (FIGs), and the Promote Academic Survival and Success (PASS) populations. Programming for these student populations is a collaborative effort involving both Enrollment Management and Academic Affairs.

The EMU Student Center

Address: 900 Oakwood St., Rm. 370, Ypsilanti, MI 48197

Phone: 734.487.1157

Fax: 734.487.0493

Web site: <http://www.emich.edu/studentcenter>

The EMU Student Center is the interactive heart of student life at Eastern. The building's concave east side architecturally declares the Student Center's intent to "embrace" the campus and act as a unifying force in the daily life of Eastern. This unifying mission is further reinforced in the Student Center's mix of facilities, services, and programs designed to create an environment to attract and serve students, faculty, staff, and the local community. The Student Center helps build a powerful and positive, diverse and collegiate, academic community at EMU. The Student Center is immediately adjacent to the Halle Library on the south and the Recreation/Intramural building on the southeast, and is near the academic core of the campus. The east side of the Student Center is a three-story glass wall that overlooks University Park.

The EMU Student Center's first floor consists of the EMU Bookstore operated by Follett, fireplace lounge, state of the art 250-seat auditorium, food court with comfortable seating for 450, Wendy's, Subway, Taco Bell/KFC, Sbarro's, Green Market Bistro, convenience store, TCF Bank, Eagle Card Office, Apple store, ticket office, and a gaming center. The second floor consists of the grand ballroom with banquet-style seating for 650, pre-function fireplace lounge, University Art Gallery, Student Center Art Gallery, Admissions Welcome Center, University Information Center, Service EMU, Office of International Students, New Student Programs, Student Judicial Services, Students with Disabilities Office, 24/7 computer lab, Commuter Central and lounge, and Starbucks Coffee. The third floor consists of meeting rooms including the Native American inspired Kiva Room, Event Planning Office, Student Center Administration, and the Center for Student Involvement that includes Student Government, Greek organizations, student organizations, Campus Life, Diversity and Community Involvement Programs, and VISION. For additional information about the EMU Student Center visit www.emich.edu/studentcenter. The Campus Information Center on the second floor of the Student Center can provide more information on the Center's programs and services. Call the friendly staff at 734.487.1157.

Campus Life

Address: 345 EMU Student Center

Phone: 734.487.3045

FAX: 734.480.1927

Web site: www.emich.edu/campuslife

Campus Life offers student-centered learning, development and involvement activities that challenge and support the unique gifts, needs, experiences and interests of our students, our professional staff members and members of the broader campus community.

- **Arts, Intellectual, Cultural and Entertainment Programs**

Offering social engagement and aesthetic literacy experiences through a variety of activities including late night/evening/weekend programs, intellectual/cultural experiences, guest speakers and artists, student performances, films and more.

- **Commuter Life**

Providing access to an array of services designed to support commuter students including Service EMU, temporary and one-night campus housing for commuters, commuter scholarships and Student Legal Services. Also serving the transition, student involvement and engagement needs of commuters through commuter orientation, the Commuter Student Association, and campus activities.

- **Leadership and Student Involvement**
Providing students with opportunities to enhance their personal and professional skills through student volunteer boards, student employment experiences, and an array of leadership development programs.
- **Orientation and Transition Programs**
Offering programs, services and resources assisting students to transition successfully into and through their college career including Fusion: New Student Orientation for freshmen, transfer and adult students, the MyFY Website, First Year Mentor Program, and Real Beginnings.
- **Student Organizations and Greek Life**
Providing programs, services, resources and advocacy for student organizations, including fraternities and sororities, to function safely and effectively, contributing positively to the EMU community.

Department of Diversity and Community Involvement

Diversity Programs

Address: EMU Student Center, 3rd Floor

Phone: 734.487.3118

Fax: 734.487.6910

Web site: www.emich.edu/dci

Volunteerism and Community Service

EMU Student Center, 3rd Floor

Phone: 734.487.3045

Fax: 734.480.1927

Web site: www.emich.edu/vision

The **Department of Diversity and Community Involvement (DCI)** offers numerous opportunities for engagement and learning beyond the classroom. DCI provides opportunities for students, faculty, and staff to get involved in social justice education, programming, and activism.

Diversity and Community Involvement comprises four centers: the **Center for Multicultural Affairs**, the **Lesbian, Gay, Bisexual, Transgender Resource Center (LGBTRC)**, **VISION** (Volunteers Incorporating Service into our Neighborhoods), and the **Women's Center**. The Center for Multicultural Affairs, LGBTRC and the Women's Center offer a variety of programming and services promoting diversity and inclusion. The Centers recognize, support, and celebrate diverse student populations; promote academic, personal, social and professional development of diverse student populations; provide information, resources, and referral services; and help faculty and staff teach effectively in a diverse University setting. Examples of our programming include Cultural Heritage Celebration Months, Out Month, Lavender Role Models and Mentors, Take Back the Night, and *The Vagina Monologues*.

VISION Volunteer Center – the fourth of DCI's Centers – offers opportunities for students to get involved in service. **VISION** helps students learn about social issues, address community needs and strengthen community partnerships. Our student-led programs include Alternative Breaks, America Reads, Best Buddies, GREEN, Habitat for Humanity, Jumpstart, Kid Konnection, Students Against Hunger and Homelessness, and One-Day Events.

Office of International Students

Address: 244 EMU Student Center

Phone: 734.487.3116

Web site: www.emich.edu/ois

The Office of International Students extends a welcome to all international students pursuing educational goals at Eastern Michigan University. Concerned, responsible and professional staff is available to assist students in any matter, including orientation, advice on immigration issues, academic, financial, employment and personal concerns. The staff also provides the preparation of documents needed to maintain favorable status in this country.

This office serves as a consultant to faculty and staff on international student affairs, acts as a catalyst for the development of various international connections in the University and/or community to promote international education and understanding, and initiates enhancement programs such as cross-cultural activities on and off-campus.

International students are encouraged to make regular contact with the office.

Ombudsman

Address: 112 Welch Hall

Phone: 734.487.0074

Fax: 734.487.7170

Web site: www.emich.edu/ombuds

The ombudsman facilitates the resolution of individual complaints which do not have a formal avenue of redress through official University channels. The ombudsman advises students on University policy and procedures, identifies and recommends changes to current practices, and communicates student concerns/issues to appropriate University officials. In addition, the ombudsman presents workshops, conducts needs assessments and mediates disputes.

In the event of an emergency, the ombudsman is the main contact between the student, the student's family and the University. When a student emergency exists, the ombudsman has the responsibility for notifying the student's instructors, and for contacting family members and other appropriate personnel.

University Health Services

Address: Snow Health Center Main Floor

Phone: 734.487.1122

Fax: 734.487.2342

Web site: www.emich.edu/uhs

Hours: Monday-Friday 8 a.m. to 5 p.m.

The center is closed during official university closings. Appointments are preferred, but walk-ins can usually be accommodated.

All currently enrolled students, faculty, staff and their spouses at Eastern Michigan University are eligible for services.

Medical Services provides treatment as well as preventive services for a wide range of acute, episodic and ambulatory medical conditions, some of which include:

- Evaluation and treatment for minor illness and injury
- Physical examinations
- Allergy shots, immunizations, meningitis shots, TB testing and flu shots
- Women's health care including annual exams, diagnosis and treatment for infections, birth control and pregnancy tests
- X-ray and laboratory tests

Snow Health Center is a fully staffed medical facility. The professional team includes physicians, nurse practitioners, nurses and technologists who have specialized in the health and lifestyle concerns of young adults. In addition, faculty and residents from St. Joseph Mercy Hospital work with the staff in a collaborative program to provide services.

The EMU Student Health Insurance policy, sponsored by Student Government, is accepted in full for covered services after co-pays are met. The EMU policy can be reviewed and purchased online at www.uhesr.com

Pharmacy

Address: Snow Health Center, Main Floor

Phone: 734.487.1125

Fax: 734.487.0273

Web site: www.emich.edu/uhs

The pharmacy is licensed by the State of Michigan and provides quality pharmaceutical services with an emphasis on patient counseling regarding your medication(s), issues involving possible drug interactions, proper use and storage of your medication(s), dosage and side effects. The pharmacy can fill prescriptions written by licensed physicians in Michigan as well as most prescriptions written by out-of-state licensed providers. We participate with many prescription insurance plans. The pharmacy also maintains a variety of over-the-counter products, including no-prescription medications.

Student Government

Governed by the President (elected each spring)

Address: 342 EMU Student Center

Phone: 734.487.1470

Web site: www.emich.edu/studentorgs/studentgov

Student Government at EMU is committed to improving the quality of student life on campus. The student body each spring elects a president, vice president and 24 senators who, along with representatives appointed from various organizations, compose the Student Senate. The executive officers and members provide input to the administration of the University to help solve problems and improve programs and services. Student Government also sponsors campus-wide events and trips to Lansing to meet with state legislators.

Not only do student representatives get valuable experience in the process of government, but they also represent the University on local, state and national levels. Any EMU student may run for a Student Government position. Interested students are also welcome to serve on Student Government committees and University advisory groups.

University Student Identification Card

EagleOne Card Office

Address: EMU Student Center, First Floor

Phone: 734.487.3176

Web site: <http://it.emich.edu/eagleonecard/>

A valid Eastern Michigan University identification card is required for many services on campus including the use of special facilities. To obtain a University identification card, students must be registered for at least one class for the current or upcoming semester. You will need one piece of valid picture identification and a copy of your class schedule. Visit the EagleOne Card Office web site for office hours and updated information.

Veteran Services Office

Shaftone Dunklin, Director

Address: 246 McKenny Hall

Phone: 734.487.3119

Fax: 734.487.5060 Web site: www.emich.edu/veterans

The Veteran Services Office (VSO) coordinates all campus services for veterans who are pursuing their education at EMU. It is the resource center for veterans' benefits; veterans must report successful academic progress, class drops and adds, and/or relevant changes in personal status to the VSO in order to maintain benefits.

The office assists veterans in housing and financial aid, and works closely with disabled veterans to provide full educational benefits. Veterans should direct all questions to a representative of this office.

Campus Living

Housing

Address: Housing and Dining Services Office (lower level, The Commons)

Phone: 734.487.1300

Fax: 734.487.8513

E-mail: housing@emich.edu

Web site: www.emich.edu/housing/halls.php

Hours: Monday-Friday, 8 a.m. to 5 p.m.

Residence Halls

Eastern Michigan University's residence system provides housing for over 3,000 students, staff and faculty. Housing options include both traditional residence halls and apartments. Our 12 residence halls offer six room layouts to choose from. You can live in a double room, co-ed hall or upperclass single hall. Features include laundry and kitchen facilities, TV and study lounges, cable television, local telephone service and recreational amenities. All halls feature reception desk services and in-room network connections for Internet and e-mail service. Residence hall staff provide educational and recreational programs and promote the safety and welfare of residents.

According to Eastern Michigan University policy, all first-year unmarried students shall be required to live in University residence halls, contingent on space availability. Sophomore students may be required to live on campus as well, space permitting. Please see "Policies Affecting You" in the Indices for the complete policy.

Academic and Personal Success

Studies show that students are more likely to succeed academically and personally if they live in a residence hall. Part of the reason is the variety of academic and student support programs offered. Our Residence Education Program promotes staff organized study skills workshops and provides a nightly study center that creates a quiet, spacious atmosphere for studying.

Residence hall staff also conduct a number of informative programs on such topics as financial aid, health, fitness and personal relationships as well as recreational programming designed to promote community development and enhance your residence life experience.

Make Your Room Special

You'll be amazed at what you can do with your residence hall room. We'll supply the basic furnishings: desk, chairs, bed, dressers and window treatments. Part of the fun of living in a hall is making it feel like home. Check www.emich.edu/housing/whattobring for specific details.

Get Involved in Your Hall

What's a great way to make new friends and have fun? Get involved in residence hall programs. There are so many things to do throughout the academic year. Residence hall staff and Leadership and Advisory Boards traditionally sponsor events such as Lil' Sibs Weekend and a number of activities during Homecoming. Often individual floors and halls will organize bowling parties, volleyball games, sport outings, movie nights and live entertainment.

Residents take an active role in planning and organizing events. You can learn great leadership and organizational skills by participating on a planning committee or by getting involved in Leadership and Advisory Boards. The Residence Hall Association, the residence hall student governing board, gives you an opportunity to represent your hall or floor. So get involved! After all, it's your home away from home!

At Your Service

You can stop by your hall front desk to pick up your mail, make change or check out vacuums and recreational equipment.

Our custodial and maintenance staff will repair any permanent fixtures in your room, such as the heat, plumbing or light fixtures, as well as clean hall corridors, lounge areas and community bathrooms.

Residence hall students also enjoy the convenience of having shuttle bus stops right in front of many halls. You can catch a ride around campus, head to the College of Business in downtown Ypsilanti or go shopping in nearby Ann Arbor.

To reserve a room, students must:

1. Apply online from our web site at www.emich.edu/housing/main.php;
2. Read the contract carefully and thoroughly. The contract contains important information you need to know before reserving a room;
3. Select a meal plan;
4. Select your residence hall program:
 - First-Year Experience Halls: Phelps/Sellers, Walton/Putnam, Best (new incoming freshmen only)
 - Honors Hall (members of Honors College)
 - Upperclass hall (sophomores and above only)
 - Single Room halls (reserved for returning students, new upperclass, transfer and graduate students)
5. Make a \$200 prepayment online or print the contract and mail to:

Cashier's Office

Address: 201 Pierce Hall

Eastern Michigan University

Apartments on Campus

Eastern Michigan University offers traditional residence halls as well as apartment living options for students. Three apartment complexes are available to serve your housing needs. These include Brown/Munson, Cornell Courts and Westview apartments.

Eligibility

Applicants must be:

- enrolled in 12 undergraduate credit hours or
- enrolled in six graduate credit hours, or
- actively engaged in an internship, or writing a master's, specialist's or doctoral thesis, or
- upperclass or nontraditional first-year students

Amenities

University Apartments include:

- locations convenient to classes, the library and athletic events;

- utilities included in rent (gas, electric, water and trash collection);
- basic cable service;
- laundry rooms in each building;
- storage facilities at some locations;
- community rooms for complex activities;
- leasing options;
- Internet in Brown/Munson

Students must submit an application to be considered for an apartment. Applications are available from the apartment office and require a \$20 nonrefundable processing fee.

Assignments are made by the leasing coordinator according to the date the application is received. Applicants are notified when their application has been approved and a unit is available for occupancy. Apartments are leased as they become available.

According to Eastern Michigan University policy, the maximum number of individuals allowed to live in a two-bedroom apartment is four. The maximum number of individuals in a one-bedroom unit is two.

You will never get bored eating the same old food in the same old place at EMU. There are more than 20 locations campus-wide (including four convenience stores). All locations are open to students, faculty, staff, parents and invited guests. Various meal plan memberships which may be purchased by the university community have been designed to complement lifestyles and budgets. Meal plan memberships may be charged to student accounts, or purchased by cash, check or charge card (Visa/MasterCard). Memberships may be purchased at the Housing & Dining Services Office; Eagle Express may also be purchased at the Eagle OneCard Office in the Student Center. Following are the available meal plan memberships.

Required for all freshmen living in residence halls:

PLATINUM - 18

- 3 meals daily Monday-Friday
- 2 meals Saturday
- 1 meal Sunday
- 2 guest meal passes
- \$75 E-Dollars per semester for use at any EMU campus-operated location

GOLD - 13

- 2 meals daily Monday-Saturday
- 1 meal Sunday
- 4 guest meal passes
- \$150 E-Dollars per semester for use at any EMU campus-operated location

SILVER - 8

- 8 meals any time Monday-Sunday
- 8 guest meal passes
- \$250 E-Dollars per semester for use at any EMU campus-operated location

Available only to upperclassmen returning to the residence hall program or transferring with a minimum of 24 credit hours:

SUPER FLEX

- Debit account with total flexibility
- An additional 25% administration fee will be required

BASIC FLEX

- Debit account with total flexibility
- An additional 25% administration fee will be required

Additional memberships available to all non-residence hall students, faculty and staff:

APARTMENT RESIDENTS FLEX

- Debit account with total flexibility

THE COMMONS BLOCK PLAN

- Designed for those who enjoy The Commons' experience of all-you-care-to-eat buffet dining
- Monday-Friday, lunch and dinner
- Always fresh - many healthy options
- Wireless internet access
- Purchase in blocks of 5 meals = \$40
- Purchase 25 meals and receive 2 free meals
- Balance rolls over semester to semester

EAGLE EXPRESS

- **5% discount at all EMU operated facilities available to faculty, staff and students**
- Used in all dining locations campus-wide including 4 convenience stores
- Pre-paid debit card means safety and convenience without carrying cash
- Excellent way to supplement your meals 24/7
- Minimum beginning balance is \$25 and balance will roll over from semester to semester

NOTE: Posted hours will vary pending holidays and academic calendar. Some dining locations will remain open during unscheduled shutdowns such as snow emergencies. Contact each area for specific hours.

• The Commons

Formerly known as Dining Commons ONE. Diners will enjoy an all-you-care-to-eat self-serve food court featuring home cooked entrees, pasta and stir fry lines, soups, popular fast foods, an extensive salad bar, desserts, and the very popular make-your-own Belgium waffles. Accessible through Downing Residence Hall. 734.487.2442

• Eastern Eateries

High-tech fast food mall with 6 shops featuring 5 national franchises: Jump Asian Cuisine, A & W, Sbarro, Sunset Strips and Freshens. Sundays from 1-6 pm enjoy one-time walk through all-you-care-to-eat Buffet Extravaganzas. Conveniently located between Phelps-Sellers and Walton-Putnam Residence Halls. 734.487.0444

While at the Eateries check out the QuickFixx convenience store located on the lower level. This little store has it all: groceries, toiletries, snacks, greeting cards and video rentals. 734.487.0122

• **CrossRoads MarketPlace**

Home of the first room service venue in the country for residents "on the hill," this is a unique food court and full service grocery store concept featuring Einstein Bros. Bagels shop plus Hot Off The Grill (entrees) and Panini Grill (deli). Also featured is an extensive video rental and greeting card selection. Located in the Hoyt Conference Center. 734.487.3066

• **EMU Student Center Food Court**

Features the Lobby Shop (snack shop), Taco Bell Express, KFC Express and Starbucks. This year an exciting new GreenMarket Bistro opened its doors featuring The Garden Bistro (the first all vegetarian venue on campus), Dog Daze gourmet hot dogs, Jet Smoothies and Sbarro. 734.487.6416

Satellite Operations - all shops provide sandwiches, soups, salads, pastries and beverages.

- **Cafe Crescendo** located in Alexander Hall. 734.487.8450
- **Common Ground Cafe** located in the Marshall Building. 734.487.3412
- **Courtside** located in the Rec/IM. 734.487.6693
- **Flying Eagles** located in Pray-Harrod (northeast end). Also serves Starbucks coffee. 734.487.6965
- **Food For Thought** located in Sill Hall. 734.487.6965
- **Paradox Cafe & Commons** located in Halle Library. Also serves Starbucks coffee. 734.487.4550
- **The Bottom Line** located in the College of Business (downtown Ypsilanti). 734.487.5609
- **TO BE Cafe** located in Quirk-Sponberg Theatres. 734.487.6699

Student Rights and Responsibilities

The Office of Student Judicial Services works to create an effective living and learning environment by designing policies such as the Student Code of Conduct, providing a disciplinary process and conducting programs that foster ethical development, personal accountability and civility toward others.

For information concerning student rights and responsibilities contact:

Office of Student Judicial Services

Address: 250 EMU Student Center, 2nd Floor

Phone: 734.487.2157

Fax: 734.487.4376

University Governance and Individuals' Rights

Board of Regents

Eastern Michigan University is an autonomous University governed by an eight-member board of regents appointed by the governor of Michigan and subject to the approval of the Michigan Senate. Financial support for the University comes from student tuition and fees, and support provided by the citizens of Michigan.

Current members of the board of regents are Thomas W. Sidlik, Ann Arbor, chair; Roy E. Wilbanks, Ypsilanti, vice chair; Floyd Clack, Flint; Gary D. Hawks, Okemos; Philip A. Incarnati, Clarkston; Mohamed Okdie, Detroit; Francine Parker, St. Clair Shores; and James F. Stapleton, Ann Arbor.

Policies on Nondiscrimination

Eastern Michigan University shall not discriminate against any person because of race, color, creed, religion, national origin, gender, age, disability or sexual orientation. Further, the University shall work for the elimination of improper discrimination in the areas listed above in organizations recognized by the University and from non-University sources where students and employees of the University are involved.

Equal Opportunity and Affirmative Action Policies

Eastern Michigan University admits students of either sex, and any race, color or national or ethnic origin to all the rights, privileges, programs and activities accorded to students at this University. The University does not discriminate against students on the basis of sex, race, color or national or ethnic origin in the administration of its educational policies, admissions policies, scholarships and loan programs and athletic and other University-administered programs. Further, it is the policy and practice of Eastern Michigan University to take affirmative action in all personnel matters.

Gender Equality

It is the policy of Eastern Michigan University to comply with Title IX of the Education Amendments of 1972 and its regulations, which prohibit discrimination on the basis of sex. Anyone who believes that in some respect Eastern Michigan University is not in compliance with Title IX and its regulations should contact the executive director of Human Resources.

Nondiscrimination of the Disabled and/or Challenged

Sharon Abraham, director
Diversity and Affirmative Action
Address: 11 Welch Hall
Phone: 734.487.1166

In its programs, activities and employment, Eastern Michigan University does not discriminate on the basis of physical or other disabilities. Anyone who believes that in some respect Eastern Michigan University is not in compliance with the Rehabilitation Act and its regulations should contact the executive director of Human Resources. Prospective students with disabilities who are otherwise qualified for admission are invited to apply. Students encountering difficulty with access to full participation in University activities should contact the ombudsman.

Statement on Campus Violence

In accordance with the education mission of Eastern Michigan University, the University adopts this policy statement to promote a safe campus environment. The statement reflects the nonviolent spirit of the relationship between students, staff, administrators, faculty, contractors and visitors at Eastern Michigan University.

The safety and security of our students, staff, administrators, faculty, contractors and visitors is extremely important to Eastern Michigan University. Threats, acts of aggression and threatening or violent behavior are not tolerated by or toward students, staff administrators, faculty, contractors or visitors. All reports of incidents will be taken seriously and will be dealt with appropriately.

Threats can be direct and immediate or indirect and implied; threats can occur verbally, nonverbally or in writing. Acts of aggression include, but are not limited to, abusive behavior, stalking and tampering with property and are intended to intimidate, create fear, imply harm or destroy property. Threatening or violent behavior is behaving in such a way that poses an immediate threat to self or others by acts of physical harm.

All students, staff, administrators, faculty, contractors and visitors are strongly encouraged to report threats, acts of aggression and threatening or violent behavior to the Campus Police (911 for all emergencies, 487.1222 for all other calls), Human Resources (487.0083), and/or your department head or supervisor, to help ensure the safety of our campus community.

Family Education Rights and Privacy Act

In compliance with the Family Education Rights and Privacy Act (FERPA), Eastern Michigan University assures that any person who is or has been in attendance as a student at EMU has access to his/her educational records. Furthermore, such individual's rights to privacy are assured by limiting the transferability of records without the student's consent.

The following are matters of public record and may be included in directory publications or disclosed upon request without consent: the student's name, address, telephone listing, e-mail address, date and place of birth, major field of study, participation in recognized activities and sports, weight and height (if a member of an athletic team), dates of attendance, degree and awards received (including but not limited to the Dean's List) and most recent previous educational agency or institution. Registration documents of student organizations that contain the names and addresses of the officers and the statement of purpose of the organization also are considered public information. These documents are available in the Office of Campus Life Programs.

EMU reserves the right to make directory information public unless a student files a written request to withhold information with the University Communications Office within 14 days after the semester begins. Once such a request is filed, the information will remain private until the student requests the University Communications Office to release it.

Individuals who believe the University is not in compliance with FERPA and its regulations should contact the executive director of Human Resources.

Notification of Student Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. **The right to inspect and review the student's education records within 45 days of the day EMU receives a request for access.**

Student should submit written requests to the EMU Office of Records and Registration, identifying the record(s) they wish to inspect. A University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. **The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.**

Students may ask the University to amend records that they believe are inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify what is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. **The right to consent to disclosures of personally identifiable information contained in the student's education record, except to the extent that FERPA authorizes disclosure without consent.**

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by EMU in an administrative, supervisory, academic or research or support position (including law enforcement personnel and health staff); a person or company with whom EMU has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Regents; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

The University may also disclose, without the student's permission, to parents and legal guardians when the student is under 21, any violation of existing alcohol or drug laws or University policy.

EMU has designated the following items as directory information and these items may be included in publications or disclosed upon request without consent: the student's name; address; telephone listing; e-mail address; date and place of birth; major fields of study; participation in recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received (including, but not limited to, Dean's List); and the most recent previous educational agency or institution attended by the student.

EMU reserves the right to make directory information public unless a student's written objection (specifying the category of information not to be made public without prior consent) is filed with the University Communications Office within 14 days after each term begins.

Students who do not want to be included in the annual EMU Student Telephone Directory should complete a Directory Exclusion form. Forms can be picked up from University Publications, Housing and Dining Services, Records and Registration and the Library Copy Center. They must be turned in by Sept. 15 to the Library Copy Center or to University Publications. Completing the exclusion form will remove the student's name, address and phone number from the current and subsequent telephone directories.

4. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by EMU to comply with requirements of FERPA. The name and address of the office that administers FERPA is:**
Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, DC 20202-4605

Stille, Lee (1998) Associate Professor; Ph.D.; University of Minnesota
Sturgis Hill, Judy (1992) Assistant Professor; M.A.; Eastern Michigan University
Tanner, Christine (2002) Assistant Professor; Ph.D.; Brigham Young University
Tew, Michael A. (1989) Professor; Ph.D.; Wayne State University
Watson, Mary Ann (1990) Professor; Ph.D.; University of Michigan
Zimmer, Patricia Moore (1980) Professor; M.F.A.; Florida State University

Computer Information Systems

Ahmad, S. Imtiaz (1981) Professor; Ph.D.; University of Ottawa
Chou, David C. (2001) Professor; Ph.D.; Georgia State University
Chung, Sock (2002) Assistant Professor; Ph.D.; Auburn University
Esteva, Juan C. (1990) Associate Professor; Ph.D.; Wayne State University
Farah, Badie N. (1982) Professor; Ph.D.; Ohio State University
Gibson, Fiason (2006) Assistant Professor; Ph.D.; Carnegie Mellon University
Lee, Huei (2001) Associate Professor; Ph.D.; Georgia State University
Mrdalj, Stevan (1987) Professor; Ph.D.; University of Belgrade, Serbia and Montenegro
Saxon, Charles S. (1976) Professor; Ph.D.; University of Michigan
Schoenherr, Tobias (2005) Assistant Professor; Ph.D.; Indiana University
Sokkar, Fathi F. (1971) Professor; Ph.D.; University of Illinois
Tang, Hung-Lian (2000) Professor; Ph.D.; University of Nebraska-Lincoln
Tummala, Rao V.M. (1981) Professor; Ph.D.; Michigan State University
Wu, Nesa L. J. (1974) Professor; Ph.D.; Purdue University

Computer Science

Bahorski, Zenia (1990) Instructor; M.S.; Eastern Michigan University
Chaudhuri, Ranjan (1984) Professor; Ph.D.; University of South Florida
Evelt, Matthew (1999) Associate Professor; Ph.D.; University of Maryland
Haynes, Susan M. (1992) Associate Professor; Ph.D.; University of Michigan
Höft, Hartmut F.W. (1970) Professor; Ph.D.; University of Houston
Ikeji, Augustine C. (1988) Associate Professor; Ph.D.; Wayne State University
Keller, Benjamin (2002) Assistant Professor; Ph.D.; Virginia Polytechnic Institute and State University
Maniccam, Suchindran (2001) Associate Professor; Ph.D.; State University of New York at Binghamton

McMillan, William W. (1984) Professor; Ph.D.; Case Western Reserve University
Moore, Pamela A. (1985) Instructor; M.S.; Michigan State University
Narayanan, Krishnakumari (2002) Assistant Professor; Ph.D.; Oakland University
Poh, Elsa S. (2001) Associate Professor; Ph.D.; University of Toledo
Sverdlik, William (1999) Associate Professor; Ph.D.; Wayne State University
Tehranipour, Aby (1990) Professor; Ph.D.; University of Nebraska
Zeiger, Michael (1979) Assistant Professor; Ph.D.; University of Michigan
Zhang, Li (2004) Assistant Professor; Ph.D.; State University of New York at Buffalo

Economics

Crary, David B. (1982) Associate Professor; Ph.D.; University of Maryland
Dewan, Abdullah (1984) Professor; Ph.D.; University of Kentucky
Edgren, John (1979) Professor; Ph.D.; University of Michigan
Erenburg, Sharon J. (1986) Professor; Ph.D.; University of Illinois
Hanna, Raouf S. (1973) Professor and Department Head; Ph.D.; Indiana University
Hayworth, Steven C. (1977) Associate Professor; Ph.D.; Massachusetts Institute of Technology
Moreland, Kemper (1980) Professor; Ph.D.; University of Wisconsin
Pearson, Donald W. (1970) Professor; Ph.D.; University of Texas
Rice, Jennifer (2004) Assistant Professor; Ph.D.; Indiana University
Thornton, James (1991) Professor; Ph.D.; University of Oregon
Vogt, Michael G. (1978) Professor; Ph.D.; University of Wisconsin
Woodland, Bill M. (1981) Professor; Ph.D.; Purdue University

Engineering Technology

Baghdachi, Jamil (1997) Professor; Ph.D.; University of Mississippi
Bari, Mohamad J. (Jamal) (2000) Associate Professor; Ph.D.; University of Arkansas
Benedict, Dozie Ilozor (2006); Associate Professor; Ph.D.; University of Technology, Sydney
Brake, Mary (2004) Professor; Ph.D.; Michigan State University
Chapman, Robert E. (1992) Assistant Professor; Ph.D.; Yale University
DeLaski-Smith, Deborah (1978) Professor and Interim Dean, Graduate Studies; Ph.D.; Michigan State University
Fields, Daniel J. (1986) Professor and Department Head; Ph.D.; Michigan State University
Greenfield, M.C. (2005) Assistant Professor; MS; Southern Illinois University
Jones, Louise (1990) Professor; Ph.D.; University of Michigan
Kanagy, Max E. (1986) Professor; Ph.D.; Ohio State University
Lahidji, Bob (Behrooz) (1994) Professor and Director; Ph.D.; University of Missouri-Columbia
Lin, Su-Chen Jonathon (1988) Professor; Ph.D.; The Iowa State University
Lokensgard, Erik (1986) Professor; Ph.D.; The Iowa State University
Love, Dian (2002) Assistant Professor; M.S.; University of Michigan
Lu, Jiang (2003) Assistant Professor; Ph.D.; Indiana University
Lyons, Harvey (1998) Associate Professor; Ph.D.; Ohio State University
Mannari, Vijaykumar(2002) Assistant Professor; Ph.D.;Sadar Patal University
Mitchell, James G. (Greg) (2000) Associate Professor; Ph.D.; Wayne State University
Moylan, William (2001) Instructor; Ph.D.; Capella University
Rufe, Phillip (1990) Instructor; M.S.; Eastern Michigan University
Shay, Tony F. (1990) Professor; Ph.D.; The Iowa State University
Sipos, Maria (2005) Assistant Professor; M.A.; Eastern Michigan University
Soyster, Thomas G. (1982) Associate Professor; Ed.D.; Temple University
Speelman, Pamela (1990) Professor; Ed.D.; Wayne State University
Stein, James (1990) Associate Professor; Ph.D.; Wayne State University
Texter, John (2002) Professor; Ph. D.; Lehigh University

Tillman, Tracy S. (1990) Associate Professor; Ph.D.; Purdue University
Tucker, Walter W. (1978) Professor; Ph.D.; University of Michigan
Wang, Jianhua (2002) Assistant Professor; Ph.D.; University of Iowa

English Language and Literature

Adler-Kassner, Linda (2000) Associate Professor; Ph.D.; University of Minnesota
Allen, Nancy (1991) Professor; Ph.D.; Purdue University
Aristar, Anthony (2006) Professor; Ph.D.; University of Texas at Austin
Aristar-Dry, Helen (1991) Professor; Ph.D.; University of Texas at Austin
Arrington, Phillip (1984) Professor; Ph.D.; University of Louisville
Baker, William Douglas (2001) Associate Professor; Ph.D.; University of California at Santa Barbara
Barr, Mark (2006) Assistant Professor; Ph.D.; Vanderbilt University
Benninghoff, Steven (2002) Assistant Professor; Ph.D.; Purdue University
Blakeslee, Ann (1996) Professor; Ph.D.; Carnegie-Mellon University
Bruss, Paul S. (1969) Professor; Ph.D.; University of Rochester
Burlingame, Lori (1997) Associate Professor; Ph.D.; University of Rochester
Cassidy, Cheryl (1990) Professor; Ph.D.; University of Michigan
Coykendall, Abigail (2002) Assistant Professor; Ph.D.; State University of New York at Buffalo
Csicsila, Joseph (2000) Associate Professor; Ph.D.; University of Nevada at Las Vegas
Cunningham, Charles (2004) Assistant Professor; Ph.D.; Carnegie-Mellon University
Daeumer, Elisabeth (1992) Professor; Ph.D.; Indiana University
Dionne, Craig (1995) Professor; Ph.D.; Carnegie-Mellon University
Duncan, Jeffrey L. (1971) Professor; Ph.D.; University of Virginia
Eiss, Harry E. (1987) Professor; Ph.D.; University of North Dakota
Fleischer, Catherine (1990) Professor; Ph.D.; University of Michigan
Garrett, Edward (2003) Assistant Professor; Ph.D.; UCLA
Geherin, David J. (1969) Professor; Ph.D.; Purdue University
George, Laura (1994) Professor and Department Head; Ph.D.; Ohio State University
Goodman, Beverly (1996) Associate Professor; Ph.D.; Cornell University
Grondona, Veronica (2000) Associate Professor; Ph.D.; University of Pittsburgh
Hendrix, Lolita (1994) Professor; M.A.; Eastern Michigan University
Hume, Christine (2001) Associate Professor; Ph.D.; University of Denver
Kaston, Andrea (2000) Associate Professor; Ph.D.; University of Wisconsin
Kauffman, Janet (1988) Professor; Ph.D.; University of Chicago
Knapp, James (1998) Associate Professor; Ph.D.; University of Rochester
Kovacevic, Natasa (2006) Assistant Professor; Ph.D.; University of Florida
Krause, Steven (1998) Associate Professor; Ph.D.; Bowling Green University
Larson, Russell R. (1970) Professor; Ph.D.; University of Michigan
Lucy, Robin (2002) Assistant Professor; Ph.D.; McMaster University
Miller, Bernard A. (1987) Professor; Ph.D.; Purdue University
Morris, Tracie (2005) Assistant Professor; Ph.D.; New York University
Most, Sheila (1971) Professor; Ph.D.; Northwestern University
Motschall, Melissa (1995) Professor; Ph.D.; Wayne State University
Neff, Heather (1993) Professor; Ph.D.; University of Zurich
Neufeld, Christine (2003) Assistant Professor; Ph.D.; McGill University
Norton, Alexandra M. (1989) Professor; Ph.D.; University of California-Berkeley
Parker, Jeff (2004) Assistant Professor; M.F.A.; Syracuse University
Pinson, James (1990) Professor; Ph.D.; University of Missouri- Columbia
Schlagheck, Carol (1995) Professor; Ph.D.; Bowling Green University
Seely, Daniel T. (1988) Professor; Ph.D.; University of Massachusetts at Amherst
Shichtman, Martin B. (1984) Professor; Ph.D.; University of Iowa
Simmons, Charles (1997) Professor; J.D.; Georgetown

Sipe, Rebecca (1997) Associate Professor; Ed.D.; Boston University
Tracey, Christine (2005) Assistant Professor; Ph.D.; Rensselaer Polytechnic Institute
Tucker, William (1993) Professor; Ph.D.; Boston College
Wannamaker, Annette (2005) Assistant Professor; Ph.D.; Bowling Green University
Wojcik-Andrews, Ian (1990) Professor; Ph.D.; University of Connecticut

Geography and Geology

Bradley, Michael D. (1995) Associate Professor; Ph.D.; University of Utah
Cheren, Gabriel J. (1987) Professor; Ph.D.; University of Michigan
Clark, Christine (2002) Assistant Professor; Ph.D.; University of Manitoba, Canada
Jones, Robert A. (2003) Assistant Professor; Ph.D.; Portland State University
Kasenow, Michael (1989) Professor; Ph.D.; Western Michigan University
Ligibel, Ted (1991) Professor; Ph.D.; Bowling Green State University
LoDuca, Steven T. (1992) Professor; Ph.D.; University of Rochester
Mayda, Chris (1999) Associate Professor; Ph.D.; University of Southern California
Nazzaro, Andrew (1969) Professor; Ph.D.; Michigan State University
Poli, Serena M. (2000) Associate Professor; Ph.D.; University of Padova, Italy
Rutherford, Sandra (2003) Assistant Professor; Ph.D.; University of Western Ontario, Canada
Semple, Hugh (2002) Assistant Professor; Ph.D.; University of Manitoba, Canada
Sickels-Taves, Lauren (1998) Associate Professor; Ph.D.; University of Edinburgh
Tyler, Norman R. (1990) Professor; Ph.D.; University of Michigan
Welsh, William (2005) Assistant Professor; Ph.D.; UNC-Chapel Hill
Xie, Yichun (1994) Professor; Ph.D.; State University of New York-Buffalo

Health Promotion and Human Performance

Bedford, Eddie (1989) Assistant Professor; M.S.; University of Wisconsin
Bretting, Michael (1993) Associate Professor and Associate Dean, College of Education; Ph.D.; University of Maryland
Chiasson, Victor (1991) Assistant Professor; M.A.; Central Michigan University
Colon, Geoffrey (1998) Associate Professor; Ph.D.; Michigan State University
Conley, Kathleen (1999) Professor; Ph.D.; Southern Illinois University at Carbondale
Cowdery, Joan (2006) Assistant Professor; Ph.D.; University of Alabama
Faust, Roberta (2000) Assistant Professor; Ph.D.; Ohio State University
Johnson, Jodi (1998) Assistant Professor, M.S.; University of Florida
Karshin, Christine M. (2001) Associate Professor; Ph.D.; The Pennsylvania State University
Levine, Shel (1999) Associate Professor; M.S., M.S.A., C.E.S.; Syracuse University
McCarthy, Susan K. (2001) Associate Professor; Ph.D.; University of Toledo
McGregor, Stephen (2000) Associate Professor; Ph.D.; University of Toledo
Moreno, A. (2004) Assistant Professor; Ph.D.; Michigan State University
Moyer, Steve W. (1988) Professor; Ed.D.; Temple University
Nair, Muralidaran (2000) Associate Professor; Ph.D.; University of Virginia
Paciorek, Michael (1981) Professor; Ph.D.; Peabody College of Vanderbilt University
Pendleton, Sharon Y. (1988) Instructor; M.A.; Oklahoma University
Ricciardo, Jerry (1988) Associate Professor; Ph.D.; Texas A&M University
Riemer, Brenda (2004) Assistant Professor; Ph.D.; Michigan State University
Woodiel, Kay (1998) Assistant Professor; Ph.D.; University of Arkansas
Zelnik-Geldys, Suzanne Marie (1990) Assistant Professor; M.A.; University of Pittsburgh

Health Sciences

Brooks, Judith (1999) Associate Professor; Ph.D.; Oklahoma State University
Clifford, David (1986) Professor; Ph.D.; University of Michigan
Croxall, Colleen L. (1996) Associate Professor; Ph.D.; Wayne State University
Douglass, Richard (1987) Professor; Ph.D.; University of Michigan
Francis-Connolly, Elizabeth (1991) Professor; Ph.D.; University of Michigan
Gossett, Andrea (2008) Assistant Professor; OTD; University of Illinois, Chicago
Hammerberg, Gary (1984) Assistant Professor; Ed.D.; Western Michigan University
Hansen, Ruth (1976) Professor Emeritus; Ph.D.; Wayne State University
Haque, Rubina (2006) Assistant Professor; Ph.D.; Wayne State University
Howells, Valerie (1998) Professor; Ph.D.; Cambridge Graduate School of Psychology
Lemerand, Pamela (2005) Assistant Professor; Ph.D.; University of Michigan
Liepa, George U. (1995) Professor; Ph.D.; Iowa State University
Mistry, Anahita (2005) Assistant Professor; Ph.D.; University of Hyderabad, India.
Olson, Judith (1991) Professor Emeritus; Ph.D.; Wayne State University
Rainville, Alice Jo (1998) Professor; Ph.D.; University of Texas-Houston
Reeves, Gretchen D. (2001) Associate Professor; Ph.D.; University of Michigan
Shetron-Rama, Lynne (2007) Assistant Professor; Ph.D.; Wayne State University
Silverman, Deborah W. (1979) Assistant Professor; M.S.; University of Cincinnati
Sonstein, Stephen (1984) Professor; Ph.D.; Hahneman Medical College
Thomas, David (1997) Associate Professor; Ed.D.; Temple University
Walsh, Pamela (2005) Assistant Professor; M.A.; Wayne State University
Yaczak, Jayne (2008) Instructor; MS, Eastern Michigan University

History and Philosophy

Bruya, Brian (2004) Assistant Professor; Ph.D.; University of Hawaii
Cassar, George H. (1968) Professor; Ph.D.; McGill University
Chamberlain, Kathleen P. (2001) Associate Professor; Ph.D.; University of New Mexico
Citino, Robert (1991) Professor; Ph.D.; Indiana University
Crouch, Margaret (1987) Professor; Ph.D.; University of Minnesota
Delph, Ronald (1993) Associate Professor; Ph.D.; University of Michigan
Dieterle, Jill Marie (1998) Associate Professor; Ph.D.; Ohio State University
Egge, James (2002) Associate Professor; Ph.D.; University of Chicago
Engwenyu, Joseph (1994) Instructor; ABD; University of Dalhousie
Graves, Pamela (1989) Associate Professor; Ph.D.; University of Pittsburgh
Higbee, Mark (1995) Professor; Ph.D.; Columbia University
Holoka, James P. (1974) Professor; Ph.D.; University of Michigan
Homel, Michael W. (1970) Professor; Ph.D.; University of Chicago
Jones, Michael T. (1973) Professor; Ph.D.; Ohio State University
Long, Roger D. (1990) Professor; Ph.D.; University of California
McCurdy, John (2004) Assistant Professor; Ph.D.; Washington University
Mehuron, Kate (1989) Professor; Ph.D.; Vanderbilt University
Moss, Walter G. (1970) Professor; Ph.D.; Georgetown University
Murcher, Stephen (2003) Assistant Professor; Ph.D.; University of Michigan
Nation, Richard F. (2001) Associate Professor; Ph.D.; University of Michigan
Nelson, Gersham A. (1997) Professor; Ph.D.; University of Illinois-Chicago
Olwell, Russell B. (1999) Associate Professor; Ph.D.; Massachusetts Institute of Technology
Pritchard, Linda K. (2002) Professor; Ph.D.; University of Pittsburgh
Ramold, Steven (1999) Assistant Professor; Ph.D.; University of Nebraska
Reed, Michael H. (1987) Professor; Ph.D.; University of Minnesota
Schmitz, Philip C. (1993) Associate Professor; Ph.D.; University of Michigan
Schott, Linda K. (2003) Professor; Ph.D.; Stanford University

Vinyard, JoEllen (1986) Professor; Ph.D.; University of Michigan
Watson, Paula Lori (2004) Assistant Professor; Ph.D.; University of Illinois-Chicago

Leadership and Counseling

Ametrano, Irene M. (1981) Professor; Ed.D.; Rutgers University
Anderson, David (1999) Associate Professor; Ed.D.; University of Michigan
Barott, James E. (1998) Associate Professor; Ph.D.; University of California-Santa Barbara
Berry, James E. (1991) Professor; Ed.D.; University of Missouri-Columbia
Bleyaert, Barbara A. (2005) Assistant Professor; Ed.D.; Eastern Michigan University
Broughton, Elizabeth (1997) Associate Professor; Ed.D.; University of Florida
Burton, Ella (2000) Associate Professor; Ed.D.; Wayne State University
Callaway, Yvonne L. (1992) Professor; Ph.D.; Wayne State University
Choudhuri, Devika (2001) Associate Professor; Ph.D.; Syracuse University
Dugger, Suzanne M. (1998) Associate Professor; Ed.D.; Western Michigan University
Flowers, Ronald D. (2006) Assistant Professor; Ed.D.; Eastern Michigan University
Francis, Perry (2005) Associate Professor; EdD; University of Northern Colorado
Marx, Gary (2005) Assistant Professor; EdD; Wayne State University
Parfitt, Diane (2006) Assistant Professor; Ph.D.; University of Toledo
Price, William J. (1991) Professor; Ph.D.; Michigan State University
Stickel, Sue A. (1991) Professor; Ph.D.; University of Wyoming
Tack, Martha W. (1990) Professor; Ph.D.; University of Alabama
Tracy, Jaclynn C. (1992) Professor and Department Head; Ph.D.; Michigan State University
Williamson, Ronald D. (2001) Professor; Ed.D.; Eastern Michigan University
Zamani-Gallaher, Eboni M. (2001) Associate Professor; Ph.D.; University of Illinois

Management

Banerji, Kunal (1992) Assistant Professor, Ph.D.; University of Kentucky
Blanchard, Nick P. (1979) Professor; Ph.D.; Wayne State University
Bush-Bacelis, Jean (1984) Professor; Ph.D.; Wayne State University
Camp, Richaard R. (1979) Professor; Ph.D.; Wayne State University
Chowdry, Pradeep (1980) Associate Professor; Ph.D.; University of Arkansas
Chowdhury, Sanjib (1999) Associate Professor; Ph.D.; University of North Texas
Endres, Megan (1998) Assistant Professor; Ph.D.; University of North Texas
Frye, Crissie M. (2000) Assistant Professor; Ph.D.; University of Iowa
Hill, Raymond E. (1978) Professor; Ph.D.; Purdue University
Huszczo, Gregory E. (1978) Professor; Ph.D.; Michigan State University
Isenhour, Linda (2004) Assistant Professor; University of Central Florida
McEnery, Jean M. (1980) Professor; Ph.D.; Wayne State University
Milner, Morgan (2004) Assistant Professor; Ph.D.; Michigan State University
Newell, Stephanie E. (1994) Associate Professor; Ph.D.; University of Massachusetts-Amherst
Schulz, Eric (2000) Associate Professor; Ph.D.; Rutgers University
Tanguay, Denise (1986) Professor; Ph.D.; University of Michigan
Tubbs, Stewart L. (1986) Professor; Ph.D.; University of Kansas
Victor, David A. (1985) Professor; Ph.D.; University of Michigan
Vielhaber, Mary E. (1977) Professor; Ph.D.; University of Michigan
Wagner-Marsh, Fraya C. (1982) Professor and Department Head; D.B.A.; Memphis State University
Waltman, John L. (1985) Professor; Ph.D.; University of Texas
Wong, Diana (1999) Associate Professor; Ph.D.; University of Massachusetts

Marketing

Allbright, David E. (2005) Assistant Professor; Ph.D.; University of Georgia
Barton, Daryl L. (1975) Associate Professor; J.D.; University of Michigan
Chao, Paul (2004) Professor; Ph.D.; University of Washington
Davis, Judy (1993) Professor; Ph.D.; Michigan State University
Defebaugh, Sandra J. (1987) Associate Professor; J.D.; Detroit College of Law
Edwards, Elizabeth A. (1992) Professor; Ph.D.; University of Michigan
Fullerton, Sam (1982) Professor; Ph.D.; Michigan State University
McCullough, Tammy M. (1994) Professor; Ph.D.; University of Washington
McSurely, Hugh B. (1981) Professor; Ph.D.; Syracuse University
Merz, G. Russell (1982) Professor; Ph.D.; Michigan State University
Neuhaus, Colin F. (1969) Professor; Ph.D.; University of Michigan
Percy, Dawn H. (2002) Assistant Professor; Ph.D.; Florida State University
Persinger, Elif (2002) Assistant Professor; Ph.D.; Michigan State University
Sachdev, Harash (1991) Professor; Ph.D.; Georgia State University
Sasser, Sheila L. (2006) Assistant Professor; Ph.D.; Wayne State University
Sauber, Matthew H. (1990) Professor; Ph.D.; University of Texas
Victor, Gary M. (1974) Professor; J.D.; University of Toledo
Zboja, James (2006) Assistant Professor; Ph.D.; Florida State University

Mathematics

Ahlbrandt, Gisela E. (1984) Professor; Ph.D.; University of Illinois-Chicago
Al-Khafaji, Mahmoud (1983) Assistant Professor; Ph.D.; New Mexico State University
Britton, Barbara (1997) Associate Professor; Ph.D.; Illinois State University
Calin, Ovidiu (2002) Associate Professor; Ph.D.; University of Toronto
Caniglia, Joanne (1994) Professor; Ph.D.; Kent State University
Carroll, Timothy B. (1986) Professor; Ph.D.; Western Michigan University
Chattopadhyay, Rita (1984) Professor; Ph.D.; University of South Florida
Chu, Shenghui (1986) Professor; Ph.D.; University of Michigan
Curran, John (2004) Assistant Professor; Ph.D.; Brown University
Folk, David B. (1987) Professor; Ph.D.; University of Michigan
Gardiner, Christopher J. (1984) Professor; Ph.D.; University of Illinois-Urbana-Champaign
Ginther, John L. (1965) Professor; Ph.D.; University of Illinois
Green, Geraldine A. (1989) Professor; Ph.D.; University of Michigan
Han, Xiaoxu (2005) Assistant Professor; Ph.D.; University of Iowa
Howard, Paul E. (1970) Professor; Ph.D.; University of Michigan
Jones, Joan Cohen (1998) Professor; Ph.D.; Georgia State University
Leapard, Barbara (2000) Associate Professor; Ph.D.; University of Toledo
Liu, Jiuqiang (1993) Professor; Ph.D.; Western Michigan University
Parry, Walter (1984) Professor; Ph.D.; University of California-Berkeley
Ramanathan, Jayakumar (1990) Professor; Ph.D.; University of Chicago
Rescorla, Kim L. (1985) Professor; Ph.D.; University of Utah
Ross, Andrew (2006) Assistant Professor; Ph.D.; University of California-Berkeley
Shapla, Tanweer (2006) Assistant Professor; Ph.D.; Bowling Green State University
Shiskowski, Kenneth M. (1983) Professor; Ph.D.; Lehigh University
Tayeh, Carla (1989) Professor; Ph.D.; Southern Illinois University
Wang, Bingwu (2002) Assistant Professor; Ph.D.; Wayne State University
Warren, Bette (1984) Professor and Department Head; Ph.D.; Indiana University

Music and Dance

Amos, Charles N. (1975) Professor; Ph.D.; University of Iowa
 Babcock, Donald J. (2001) Assistant Professor; D.M.A.; Michigan State University
 Boerma, Scott (2004) Assistant Professor; M.M.; University of Michigan
 Brandon, Ernest M. (1975) Associate Professor; M.M.; Northwestern University
 Cole-Luevano, Kimberly (1996) Associate Professor; D.M.A.; Michigan State University
 Dorsey, John F. (1997) Assistant Professor; M.M.; University of Michigan
 Eggers, Carter J. (1967) Professor; M.M.; Ithaca College
 Foster, Daniel L. (1987) Associate Professor; M.M.; University of Michigan
 Gajda, Anne B. (1979) Professor; M.M.; University of Michigan
 Hornbach, Christina (2005) Assistant Professor; Ph.D.; Michigan State University
 Iannaccone, Anthony J. (1971) Professor; Ph.D.; Eastman School of Music University of Rochester
 Jerome, Sherry (1999) Assistant Professor; M.F.A.; Texas Christian University
 Kirkland, Glenda E. (1973) Professor; M.A.; Eastern Michigan University
 McGuire, Michael G. (1983) Professor; M.M.; State University of New York
 McNamara, Joann (1986) Professor; Ph.D.; Texas Women's University
 Meretta, Kristy L. (1987) Professor; M.A.; University of Michigan
 Miller, Kevin (1991) Associate Professor; M.M.; University of Michigan
 O'Brien-Pedersen, Julianne (1998) Assistant Professor; M.F.A.; Ohio State University
 Patrick, Louise Rose (1990) Professor; Ph.D.; Michigan State University
 Pedersen, Garik (1989) Professor; D.M.A.; University of Iowa
 Pierce, David (1990) Professor; D.M.A.; University of Illinois-Urbana-Champaign
 Plank, Max E. (1968) Professor; D.M.A.; University of Michigan
 Prince, J. Whitney (1981) Professor; D.M.A.; University of Colorado
 Ruiters-Feenstra, Pamela (1996) Associate Professor; D.M.A.; University of Iowa
 Saker, Marilyn N. (1993) Associate Professor; Ph.D.; University of Wisconsin-Madison
 Schoenhals, Joel (2001) Assistant Professor; D.M.A.; Eastman School of Music University of Rochester
 Simmons, Phil (2006) Assistant Professor; M.F.A.; University of Georgia
 Smith, John R. (1969) Assistant Professor; M.A.; Eastern Michigan University
 Stone, Julie (1994) Associate Professor; D.M.A.; University of Maryland-College Park
 Waymire, Mark (2006) Assistant Professor; M.M.; Sam Houston State University
 Winder, Diane (1988) Professor; D.M.; Florida State University
 Woike, David O. (1990) Professor and Department Head; Ph.D.; Ohio State University
 Zirk, Willard D. (1981) Professor; D.M.A.; University of Michigan

Nursing

Beard, Betty J. (1976) Professor; Ph.D., R.N.; University of Michigan
 Berry, Linda M. (1994) Associate Professor; Ph.D., R.N.; University of Michigan
 Bigelow, April (2004) Assistant Professor; M.S.N., R.N.; University of Michigan
 Branson-Hillegas, Kathleen (1981) R.N./B.S.N. Coordinator, Associate Professor; M.S.; University of Michigan
 Ervin, Naomi E. (2006) Professor and Director; Ph.D., R.N., A.P.R.N., B.C., F.A.A.N.; University of Michigan
 Fox, Diane (2004) Assistant Professor; M.S.N., R.N.; Eastern Michigan University
 Kao, Tsui-Sui (2006) Assistant Professor; M.S.N., R.N.; University of Michigan
 Lan, Virginia (1997) Associate Professor; Ph.D., R.N.; University of Michigan
 Nelson, Sandra (1990) Associate Professor; Ph.D., A.P.R.N., BC.; Michigan State University
 Pfoutz, Susan (1998) Professor; Ph.D., R.N.; University of Michigan
 Riley, Janice (2002) Lecturer; M.S., R.N.; Eastern Michigan University
 Rubenfeld, Marlene G. (1986) Associate Professor; R.N., M.S.; Ohio State University
 Scheffer, Barbara K. (1976) Professor; Ed.D., R.N.; Eastern Michigan University
 Tanicala, Martha (1999) Associate Professor; Ed.D., R.N.; Bowling Green University
 Trewn, Peggy (1998) Associate Professor; Ph.D., R.N.; Wayne State University
 Williams, Michael (1998) Associate Professor; M.S.N., R.N.; Grand Valley State University
 Wilson, Lorraine (1988) Professor; Ph.D., R.N.; Wayne State University

Wiswell, Lisa (2005) Assistant Professor; Ed.D., R.N.; University of California
Wu, Tsu-Yin Stephanie (1999) Associate Professor; Ph.D., R.N.; University of Michigan

Physics and Astronomy

Behringer, Ernest R. (1995) Associate Professor; Ph.D.; Cornell University
Carroll, James J., III (1998) Associate Professor; Ph.D.; West Virginia University
Jacobs, Diane A. (1985) Professor; Ph.D.; University of Texas-Austin
Koehn, Patrick L. (2005) Assistant Professor; Ph.D.; University of Michigan.
Oakes, Alexandria (1987) Professor and Department Head; Ph.D.; Lehigh University
Porter, James C. (1967) Professor; Ph.D.; Purdue University
Sharma, Natthi L. (1986) Professor; Ph.D.; Ohio University
Sheerin, James P. (1991) Professor; Ph.D.; University of Michigan
Shen, Weidian C. (1991) Professor; Ph.D.; Wayne State University
Thomsen, J. Marshall (1986) Professor; Ph.D.; Michigan State University
Trochet, Daniel P. (1968) Professor; Ph.D.; University of Michigan
Wylo, Bonnie (1988) Professor; Ph.D.; University of Michigan

Political Science

Bernstein, Jeffrey (1997) Assistant Professor; Ph.D.; University of Michigan
Carroll, Bruce (2006) Assistant Professor; Ph.D.; University of Houston
Krause, Volker (2005) Assistant Professor; Ph.D.; University of Michigan
Kullberg, Judith (2004) Assistant Professor; Ph.D.; University of Michigan
Longworth, Rhonda (1994) Associate Professor and Interim Assistant Vice President for Academic Affairs; Ph.D.; University of Iowa
Lottie, Adrian J. (1992) Associate Professor; Ph.D.; Wayne State University
Martin, Elaine F. (1984) Professor; Ph.D.; University of Oklahoma
Monsma, Charles (1971) Professor; Ph.D.; University of Michigan
Ohren, Joseph F. (1985) Professor; Ph.D.; Syracuse University
Petrescu, Claudia (2002) Assistant Professor; Ph.D.; University of Pittsburgh
Pfister, James Wilber (1970) Associate Professor; Ph.D.; University of Michigan
Pyle, Barry (1997) Associate Professor; Ph.D.; University of Missouri-St. Louis
Rosenfeld, Raymond A. (1983) Professor and Department Head; Ph.D.; Emory University
Sabki, Mohammad Hisham (1969) Professor; Ph.D.; Indiana University
Scott, Joanna V. (1990) Professor; Ph.D.; University of Strathclyde, Scotland
Sidlow, Edward (1995) Professor; Ph.D. Ohio State University
Sneed, Bethany (2004) Assistant Professor; Ph.D.; Wayne State University
Stahler-Sholk, Richard (1997) Associate Professor; Ph.D. University of California-Berkeley
Zhao, Zhirong "Jerry" (2005) Assistant Professor; Ph.D.; University of Georgia

Psychology

Bonem, Marilyn K. (1987) Associate Professor; Ph.D.; Utah State University
Byrd, Michelle R. (2002) Assistant Professor; Ph.D.; University of Nevada at Reno
Delprato, Dennis J. (1969) Professor; Ph.D.; Michigan State University
Fish, Barry A. (1970) Professor; Ph.D.; Wayne State University
Freedman-Doan, Carol R. (1995) Professor; Ph.D.; Wayne State University
Gordon, Norman G. (1975) Professor; Ph.D.; Wayne State University
Hodges, Kay V. (1989) Professor; Ph.D.; University of Maryland
Hoodin, Flora (1998) Associate Professor; Ph.D.; Wayne State University
Huprich, Steven (2004) Assistant Professor; Ph.D.; University of North Carolina at Greensborough

Huth-Bocks, Alissa (2005) Assistant Professor; Ph.D.; Michigan State University
Jeffersom, Stephen (2006) Assistant Professor; Ph.D.; Michigan State University
Knapp, John R. (1971) Professor; Ph.D.; University of Denver
Koch, Ellen (2003) Assistant Professor; Ph.D.; Western Michigan University
Lajiness-O'Neill, Renee (2005) Assistant Professor; Ph.D.; Brigham Young University
Lauterbach, Dean (2001) Professor; Ph.D.; Purdue University
McManus, John L. (1981) Associate Professor; Ph.D.; Ohio State University
Penix, Tamara (2006) Assistant Professor; Ph.D.; University of Nevada at Reno
Rusiniak, Kenneth W. (1981) Professor; Ph.D.; University of California at Los Angeles
Saules, Karen K. (2001) Professor; Ph.D.; Wayne State University
Todd, James T. (1990) Professor; Ph.D.; University of Kansas
Von Kluge, Silvia (1990) Professor; Ph.D.; Michigan State University
Westman, Alida S. (1972) Professor; Ph.D.; Cornell University
Witkow, Melissa (2006) Assistant Professor; Ph.D.; University of California at Los Angeles

Social Work

Bombyk, Marti (1996) Professor; Ph.D.; University of Michigan
Brown-Chappell, Betty (1996) Associate Professor; Ph.D.; University of Chicago
Davis, Laura (1994) Associate Professor; Ph.D.; Cornell University
Gray, Sylvia Sims (1988) Associate Professor; Ph.D.; Wayne State University
Gunther, John (2001) Professor; Ph.D.; Tulane University (1979)
Krajewski-Jaime, Elvia (1985) Professor; Ph.D.; University of Texas
Kurtz, Linda Ferris (1989) Professor; Ph.D.; University of Georgia
Lewis, Ronald (1992) Professor; Ph.D.; University of Denver
Loppnow, Donald (1976) Professor and Senior Executive for Institutional Effectiveness; Ph.D.; University of Michigan
Massie, Enos (1989) Associate Professor; Ph.D.; University of Michigan
Mills, Crystal (1992) Professor; Ph.D.; University of Michigan
Nybell, Lynn (1983) Associate Professor; Ph.D.; M.S.W.; University of Michigan
Ragg, Mark (1996) Associate Professor; Ph.D.; Case Western Reserve
Schuster, Elizabeth Oates (1986) Professor; Ph.D.; University of Michigan
Smith, Harrison Y. (1994) Professor; Ph.D.; University of Denver
Wedenoja, Marilyn (1992) Professor; Ph.D.; University of Michigan
Weinberg, Sylvia (1996) Associate Professor; Ph.D.; University of Texas
Ziefert, Marjorie (1981) Professor and Department Head; M.S.W.; Columbia University

Sociology, Anthropology and Criminology

Adams, Anthony Troy (1985) Associate Professor; Ph.D.; University of Michigan
Ajrouch, Kristine (2000) Assistant Professor; Ph.D.; Wayne State University
Barak, Gregg (1991) Professor; Ph.D.; University of California-Berkley
Cao, Liqun (1994) Professor; Ph.D.; University of Cincinnati
Cerroni-Long, Liza (1987) Professor; Ph.D.; University of California at Los Angeles
Corsianos, Marilyn (2002) Assistant Professor; Ph.D.; York University
Kern, Roger (1998) Assistant Professor; Ph.D.; Vanderbilt University
Leighton, Paul (1997) Associate Professor; Ph.D.; American University
Moaddel, Mansoor (1987) Professor; Ph.D.; University of Wisconsin
Orange, Robert M. (2001) Assistant Professor; Ph.D.; University of Texas
Reiling, Denise (2000) Assistant Professor; Ph.D. Michigan State University
Richardson, Barbara (1991) Professor; Ph.D.; Cornell University
Simoes, Solange (2006) Assistant Professor; Ph.D. University of London
Sinclair, Karen (1976) Professor; Ph.D.; Brown University

Tomaszewski, E. Andreas (2001) Assistant Professor; Ph. D.; Carleton University
Weinstein, Jay (1986) Professor and Interim Department Head; Ph.D.; University of Illinois
Westrum, Ronald (1972) Professor; Ph.D.; University of Chicago

Special Education

Burton-Hoyle, Sally (2006) Assistant Professor; Ed.D; University of Idaho
Cameron, S. (2004) Assistant Professor; J.D.; University of Toledo
Carney, Karen (2002) Assistant Professor; Ph.D.; Arizona State University
Cupples, Willie P., Jr. (1994) Professor; Ph.D.; Northwestern University
Doster, Brenda (2006) Assistant Professor, Ph.D.; University of Michigan
Ginsberg, Sarah (2002) Assistant Professor; Ed.D; Eastern Michigan University
Gorenflo, Carole (1988) Professor; Ph.D.; Michigan State University
Hoodin, Ronald (1988) Professor; Ph.D.; Pennsylvania State University
Hric, Kathleen (2005) Assistant Professor; Ph.D.; University of Michigan
Koh, Myung-Sook (2005) Assistant Professor; Ph.D.; University of Memphis
Lee, Lidia (2002) Associate Professor; Ph.D.; Indiana University
Li, Tsai-Ping (Alicia) (1995) Assistant Professor; Ed.D.; University of Northern Colorado
McGinnis, Jacqueline (2002) Assistant Professor; Ph.D.; University of Nebraska-Lincoln
Orr, A. (2004) Assistant Professor; Ed.D.; University of Michigan
Parker, Kathlyn (1999) Assistant Professor; Ph.D.; Teacher's College- Columbia University
Polter, L. (2004) Assistant Professor; Sp.A.; Eastern Michigan University
Rocklage, Lynne A. (1991) Professor and Department Head; Ph.D.; Southern Illinois University
Schulte, K. (2004) Assistant Professor, Sp.A.; Eastern Michigan University
Smith, P. (2004) Assistant Professor; Ed.D.; University of Vermont
Stevens, Lizbeth (1998) Associate Professor; Ph.D.; Wayne State University
Stiefel, G. (2004) Assistant Professor; Ph.D.; University of Michigan
Tonkovich, John (2000) Associate Professor; Ph.D.; University of Tennessee

Teacher Education

Baiyee, Martha (1998) Associate Professor; Ph.D.; Virginia Tech
Beauvais, Kathleen (1991) Professor; Ph.D.; University of Michigan
Bednar, Anne (1991) Professor; Ed.D.; Indiana University
Bennion, Donald (1993) Professor and Department Head; Ph.D.; Ohio University
Bigler, Mary (1977) Professor; Ph.D.; University of Michigan
Bishop, J. Joe (2002) Associate Professor; Ph.D.; University of Iowa
Burke, Wendy (2000) Associate Professor; Ph.D.; University of Illinois at Urbana-Champaign
Burns, Carolyn M. (2001) Assistant Professor; M.A.; University of Michigan
Carter, Carolyn J. (2001) Associate Professor; Ph.D.; Wayne State University
Copeland, Nancy (2002) Assistant Professor; MBE; Wayne State University
Daisey, Peggy (1994) Professor; Ph.D.; Kansas State University
Dichtelmiller, Margo L. (2000) Associate Professor; Ph.D; University of Michigan
Dokes-Brown, Marion A. (2001) Associate Professor; Ph.D.; Texas Women's University
Finch, Carolyn (1999) Professor; Ph.D.; University of Maryland
Gordon, Jane (1992) Professor; Ph.D.; University of Miami
Gould, Caroline (1997) Assistant Professor; M.A.; University of Michigan
Grossman, Sue (1995) Associate Professor; Ph.D.; Michigan State University
Gwaltney, Thomas (1964) Professor; Ph.D.; Southern Illinois University
Harmon, Deborah (2000) Assistant Professor; Ph.D.; Colorado State University
Huyvaert, Sarah (1986) Professor; Ed.D.; Indiana University
Johnson, Elizabeth (1994) Associate Professor; Ed.D.; Wayne State University

Jones, Sylvia (1992) Professor; Ph.D.; University of Michigan
Jones, Toni Stokes (1999) Associate Professor; Ph.D.; Wayne State University
Jose-Kampfner, Cristina (1991) Professor; Ph.D.; University of Michigan
Kinney-Sedgwick, Martha (1987) Associate Professor; Ph.D.; University of Iowa
Langer, Georgea (1985) Professor; Ph.D.; Stanford University
Lewis-White, Linda (1996) Professor; Ph.D.; East Texas State University
Lowenstein, Ethan (2002) Assistant Professor; Ph.D.; New York University
Margerum-Leys, Jon (2000) Associate Professor; Ph.D.; University of Michigan
Martusewicz, Rebecca (1988) Professor; Ed.D.; University of Rochester
Maylone, Nelson (2000) Assistant Professor; Ed.D.; Eastern Michigan University
Moore-Hart, Margaret (1988) Professor; Ph.D.; University of South Florida
Nelson, Olga (1991) Professor; Ph.D.; Kent State University
Paciorek, Karen (1981) Professor; Ph.D.; Peabody College of Vanderbilt University
Pietig, Jeanne (1988) Professor; Ph.D.; University of Minnesota
Pokay, Patricia (1988) Professor; Ph.D.; University of Michigan
Polakow, Valerie (1988) Professor; Ph.D.; University of Michigan
Quilter, Shawn (1996) Associate Professor and Associate Dean of Academic Accountability, College of Education; Ph.D.; University of South Carolina
Rearick, Mary (2001) Associate Professor; Ed.D.; University of Massachusetts
Shellhorn, Bette (2005) Assistant Professor Ph.D. Michigan State
Skaggs, Kathryn (1997) Assistant Professor; M.S.; Peabody College of Vanderbilt University
Starko, Alane (1986) Professor; Ph.D.; University of Connecticut
Williams-Boyd, Patricia (1996) Associate Professor; Ed.D.; University of Kansas

Technology Studies

Adamski, Anthony (1997) Associate Professor; Ph.D.; Wayne State University
Becker, Pamela (2004) Assistant Professor; M.L.S.; Eastern Michigan University
Bellamy, Al (1996) Professor; Ph.D.; Purdue University
Boone, Morrell D. (2001) Professor and Interim Dean Ph.D.; Syracuse University
Boyle, John E. (1977) Associate Professor and Interim Director; M.A.; Eastern Michigan University
Buchanan, Polly (1980) Professor and Interim Associate Dean of the College of Technology; Ph.D.; University of Michigan
Cardon, Phillip (1999) Associate Professor; Ph.D.; Ohio State University
Dugger, John C. (2001) Professor; Ph.D.; Texas A&M University
Fulkert, Ronald (1997) Associate Professor; Ph.D.; University of Toledo
Ghosh, Subhas (2002) Professor; Ph.D.; University of Manchester, England
Gore, David K. (1983) Assistant Professor; M.S.; Eastern Illinois University
Gregory, Susan (2002) Professor; Ed.D.; Temple University
Haddad, Carol (1993) Professor; Ph.D.; University of Michigan
Harbour, Nancy (2005) Assistant Professor, Ph.D.; University of Detroit
Jogarathnam, Giri D. (1996) Professor; Ph.D.; Virginia Polytechnic Institute and State University
Kalian, Seema (2004) Associate Professor; Ph.D.; Michigan State University
Kinczkowski, Linda (2000) Associate Professor, Ph.D.; Wayne State University
Kustron, Konnie G. (1994) Professor; J.D.; Detroit College of Law
Kuwik, Paul D. (1980) Professor; Ph.D.; Ohio State University
Lawver, Gerald V. (1987) Associate Professor; Sp.A.; Eastern Michigan University
Leapard, David W. (1992) Professor; Ph.D.; University of South Carolina
Majeske, Paul (1997) Associate Professor; M.L.S.; Eastern Michigan University
Park, Jaehong (2005) Assistant Professor; Ph.D.; George Mason University
Pilato, Denise (2002) Professor; Ph.D.; Michigan State University
Preston, John M. (1983) Associate Professor; M.S.; Eastern Michigan University
Remp, Ann M. (1984) Professor; Ph.D.; Michigan State University
Tartalone, Phillip (2005) Assistant Professor; Ph.D.; Michigan State University

Teehan, Robert (2006) Assistant Professor; Ph.D.; Capella University
Van Der Velde, Robert (2002) Professor; J.D.; Cleveland-Marshall College of Law
Welker, Kelly (1999) Associate Professor; Ph.D.; Florida State University
White, Darcelle D. (1995) Professor; J.D.; University of Detroit

Women's and Gender Studies

Haddad, Carol (1993) Professor and Interim Director; Ph.D.; University of Michigan
Mehuron, Kate (1989) Professor and Academic Adviser; Ph.D.; Vanderbilt University
Simoës, Solange (2006) Assistant Professor; Ph.D. University of London

World Languages

Aebersold, Jo Ann (1984) Professor; Ph.D.; University of Michigan
Cere, Ronald C. (1985) Professor; Ph.D.; New York University
Cline, William J. (1970) Professor; Ph. D.; State University of New York
Cullen, Thomas J. (1994) Professor; Ph.D.; Klagenfurt University
Damiano, Carla A. (2001) Assistant Professor; Ph.D.; University of Oregon
Day, Catherine E. (1982) Professor; Ph.D.; University of Illinois
Dugan, Sanford J. (1974) Professor; Ph.D.; Washington University, Missouri
Holoka, James P. (1974) Professor; Ph.D.; University of Michigan
Illingworth-Rico, Alfonso (1994) Associate Professor; Ph.D.; University of Arizona
Kirby, Steven D. (1991) Professor; Ph.D.; University of Kentucky
Kubota, Sayuri (2005) Assistant Professor; Ph.D.; Purdue University
Mihaly, Deanna (2005) Assistant Professor; Ph.D.; Tulane University
Morgan, Elisabeth (1991) Professor and Department Head; Ph.D.; University of New York at Buffalo
Nerenz, Anne G. (1986) Professor; Ph.D.; University of Wisconsin
Oketani-Lobbezoo, Hitomi (1996) Associate Professor; Ph.D.; University of Toronto
Palmer, Benjamin W. (1970) Professor; Ph.D.; Northwestern University
Peden, Genevieve (1992) Professor; Ph.D.; Michigan State University
Popko, Alexander Jeffrey (2005) Assistant Professor; Ph.D.; University of Northern Arizona
Tabuse, Motoko (1992) Professor; Ph.D.; Ohio State University
Vosteen, Thomas R. (1991) Professor; Ph.D.; University of Iowa
Voght, Geoffrey M. (1971) Professor; Ph.D.; University of Michigan
Wang, Wendy (1999) Associate Professor; Ph.D.; University of Toronto
Zinggeler, Margrit (1999) Associate Professor; Ph.D.; University of Minnesota

Course Prefixes

A department prefix or code is used to identify courses offered by Eastern Michigan University:

Academic Affairs Division	UNIV
Creative Inquiry Experience	CSIE
Honors	HNRS
Study Abroad	SABR
College of Arts and Sciences	CASI
African American Studies	AAS
Art	ART
Biology	BIOL
Botany	BOTN
Elementary Science	ESCI
Microbiology	MICR
Zoology	ZOOL
Chemistry	CHEM
Communication and Theatre Arts	
Activity	CTAA
Communication	CTAC
Interpretation/Performance Studies	CTAO
Theatre and Educational Drama	CTAR
Fundamentals of Speech	CTAS
Telecommunications and Film	CTAT
Computer Science	COSC
Economics	ECON
English Language and Literature	
Creative Writing	CRTW
English Composition	ENGL
Journalism and Public Relations	JRNL
Linguistics	LING
Literature	LITR
Geography and Geology	
Earth System Science	ESSC
Geography	GEOG
Geology	ESCI

Historic Preservation	GHPR
Urban and Regional Planning	GPLN

History and Philosophy

History	HIST
Philosophy	PHIL

Mathematics	MATH
-------------	------

Music and Dance

Dance	DANC
Music	MUSC

Applied Music has a prefix for each instrument.

Refer to the class schedule book for the codes.

Physics and Astronomy

Astronomy	ASTR
Physics	PHY
Physical Science	PSCI

Political Science	PLSC
-------------------	------

Psychology	PSY
------------	-----

Sociology, Anthropology and Criminology

Anthropology	ANTH
Criminology	CRM
Sociology	SOCL

Women's and Gender Studies	WGST
----------------------------	------

World Languages	WGST
-----------------	------

Classics	CLAS
English for International Students	ESLN
French	FRNH
General Foreign Language and Bilingual-Bicultural Education	FLAN
German	GERN
Greek	GREK
Japanese	JPNE
Language	LNGE
Latin	LATN
Spanish	SPNH
Teaching English as a Second Language (TESOL)	TSLN

College of Business	COB
----------------------------	------------

Accounting and Finance

Accounting	ACC
Decision Science	DS
Finance	FIN
Computer Information Systems	IS
Production/Operations Management	POM
Management	MGMT
Marketing	MKTG
International Business	IB
Law	LAW
Supply Chain Management	SCM

College of Education

Leadership and Counseling

Counseling	COUN
Educational Leadership	EDLD

Special Education

General	SPGN
Cognitive Impairment	SPCI
Emotional Impairment	SPEI
Hearing Impairment	SPHI
Learning Disabilities	SPLI
Physical and Health Impairment	SPPI
Speech/Language Pathology	SPSI
Visual Impairment	SPVI

Student Teaching	EDUC
------------------	------

Teacher Education

Curriculum	CURR
Early Childhood Education	ECE
Educational Media	EDMD
Educational Media and Technology	EDMT
Educational Psychology	EDPS
Educational Technology	EDTC
Field Experience	FETE
Reading	RDNG
Social Foundations	SOFD

College of Health and Human Services

Health Promotion and Human Performance

Athletics	ATHL
Athletic Training	ATTR
Health Education	HLED

Physical Education	PHED
Physical Education Activity - General	PEGN
Recreation Courses	RECR
Exercise Science and Athletic Training	SPMD
Health Sciences	AHPR
Clinical Laboratory Sciences	CLSC
Human, Environmental and Consumer Resources	HECR
Health Administration	HLAD
Dietetics	DTC
Occupational Therapy	OCTH
Therapeutic Recreation	THRC
Nursing	NURS
Social Work	SWRK
Gerontology	GERT
College of Technology	COT
Engineering Technology	SET
Computer Aided Design/Manufacturing	CADM
Computer Engineering Technology	CET
Construction Management	CNST
Electronic Engineering Technology	ELEC
Engineering Technology	ET
Facility Management	FMGT
Interior Design	IDE
Mechanical Engineering Technology	MET
Manufacturing	MFG
Polymers and Coatings	PC
Quality Technology	QUAL
Military Science and Leadership	MSL
Technology Studies	STS
Apparel, Textiles and Merchandising	ATM
Aviation Technology	AVT
Business Management Marketing and Technology	BMMT
Communication Technology	CMT
Career, Technical and Workforce Education	CTWE
Hotel and Restaurant Management	HRM
Information Assurance	IA
Industrial Distribution	ID
Information Security	ISEC
Legal Assistant (Paralegal)	LEGL
Network and Information Technology Studies	NITA
Public Safety	PS
School of Staff and Command	SSC
School of Technology Studies	STS

Technology Education
Technology Management

TEDU
TM

What's New!

New Programs:

Majors

- Entertainment Design and Technology Major (Effective Fall 2013)

Minors

- Computer Engineering Minor (Effective Fall 2013)
- Entertainment Design and Technology Minor (Effective Fall 2013)
- Social Studies Minor (Effective Fall 2013)
- Polymers and Coatings Minor (Effective Fall 2013)

Undergraduate Certificates

- Undergraduate Certificate in Transportation Planning and Modeling (Effective Fall 2013)

Updated Programs:

A

- Aging Studies Minor (Title Change, effective Fall 2013)
- Applied Technology Major (ELEC 200 added as a required course, effective Fall 2013)
- Arts and Entertainment Management Major (Title Change, effective Fall 2013)
- Athletic Training Major (Title Change, effective Fall 2013)

C

- Computer Engineering Technology Major (effective Fall 2013)
- Computer Science - Applied Major (effective Winter 2014)
- Secondary Education Computer Science Education Minor (effective Winter 2014)
- Computer Science Minor (effective Winter 2014)
- Communication Technology Major (effective Fall 2013)
- Construction Management Major (effective Fall 2013)

E

- Exercise Science Major (Updated Admissions Requirements; ATTR 295 and ATTR 296 added as restricted electives, effective Fall 2013)

H

- Human Nutrition Minor (Changes to Required and Restricted elective courses, effective Fall 2013)
- Human Sexuality Minor (effective Fall 2013)

I

- Industrial Distribution Major (Changes to "Distribution Operations & Technical Sales, effective Winter 2014)

L

- Group Major in Language and International Careers - French (effective Fall 2013)
- Group Major in Language and International Careers- German (effective Fall 2013)
- Group Major in Language and International Careers - Spanish (effective Fall 2013)

M

- K-12 Music Education Major (Vocal) (effective Fall 2013)
- Music Performance Major (Vocal) (effective Fall 2013)

N

- Nonprofit Administration Minor (effective Winter 2014)
- Nursing Major - B.S.N. Completion (effective Winter 2014)

P

- Philosophy Major (New Writing Intensive Courses added, effective Fall 2013)
- Philosophy Minor (New Writing Intensive Courses added, effective Fall 2013)
- Public Relations Major (Interdisciplinary - Communication) (effective Fall 2013)
- Public Relations Major (Interdisciplinary - English) (effective Fall 2013)
- Psychology Major (effective Winter 2014)

S

- Sport Management Major (effective Winter 2014)

W

- Writing Minor (effective Fall 2013)

New Courses:

A

- ANTH 462 - Archaeological Theory

B

- BIO 416 - Behavioral Ecology

C

- CET 215 - Computer Hardware and Software (Winter 2014)
- CET 273 - Unmanned Vehicle Systems (Winter 2014)
- CET 364 - Computer Embedded Systems (Winter 2014)
- CET 374 - Sensors, Control, and Data Acquisition (Winter 2014)
- CET 375 - Robotics Engineering (Winter 2014)
- CET 384 - Computer Interfacing Programming (Winter 2014)
- CET 385 - Data and Computer Communications (Winter 2014)
- CET 435 - VHDL & FPGA Design (Winter 2014)
- CET 449 - Cloud Computing (Winter 2014)
- COSC 107 - Introduction to Software Engineering (Winter 2014)
- COSC 206 - Academic Programming II (Winter 2014)
- CRM 410 - Forensic Science Evidence in Criminal Cases (Winter 2014)
- CTAR 255 - Stage Management
- CTAR 268 - Portfolio Development
- CTAR 352 - Drafting for the Entertainment Industry
- CTAR 353 - Digital Design for Theatre and the Entertainment Industry
- CTAR 365 - Costume Draping (Winter 2014)
- CTAR 366 - Advanced Stage Make-up
- CTAR 368 - Applied Entertainment Design and Technology I
- CTAR 468 - Applied Entertainment Design and Technology II

D

- DTC 120 - TRANSFORM-U (Winter 2014)

E

- ENGL 370 - Peer Tutoring (Winter 2014)
- ESLN 002 - Foundations in ESL Writing
- ESLN 004 - Foundations in ESL Reading
- ESLN 006 - Foundations in ESL Speaking/Listening
- ESLN 008 - Foundations in ESL Vocabulary
- ESLN 018 - Beginning ESL Vocabulary
- ESLN 028 - Intermediate ESL Vocabulary
- ESLN 041 - Advanced ESL Vocabulary
- ESLN 049 - Academic ESL Vocabulary

- ESLN 120 - Beginning ESL Vocabulary
- ESLN 219 - Intermediate ESL Vocabulary
- ESLN 320 - Advanced ESL Vocabulary
- ESLN 419 - Academic ESL Vocabulary Seminar

G

- GERN 111 - Introduction to German Language and German-Speaking Cultures (Winter 2014)

H

- HLAD 200 - Introduction to Epidemiology (Winter 2014)
- HIST 438 - Nazi Germany (New Course)
- HIST 490 - Senior Seminar (Winter 2014)
- HLED 242 - Theoretical Foundations of Health Behavior
- HLED 260 - Introduction to Community Health (Winter 2014)
- HLED 371 - Injury and Violence Prevention

J

- JRNL 221 - Fundamentals of Social Media (Winter 2014)
- JRNL 317 - Crisis Management in Public Relations (Winter 2014)
- JRNL 333 - Integrated Campaigns (Winter 2014)
- JRNL 403 - The Agency (Winter 2014)

M

- MUSC 110 - Vocal Diction I: English and Italian (Winter 2014)
- MUSC 111 - Vocal Diction II: German and French (Winter 2014)

N

- NURS 369 - Essentials of Poster, Podium & APA Paper Presentations
- NURS 370 - Issues in Men's Health
- NURS 373 - Introduction to Healthcare Quality Improvement
- NURS 452 - Healthy Environments for Patient Care

R

- RECR 284 - Backcountry First Aid

P

- PHIL 420 - Ethical Theory
- PHIL 481W - Philosophy of the Life Sciences

S

- SPNH 111 - Introduction to Spanish Language and Hispanic Cultures (Winter 2014)

T

- TEDU 110 - Teaching Impacts of Design, Engineering and Technology (Winter 2014)
- TEDU 340 - Teaching Introduction to Engineering Design (Winter 2014)

Updated Courses:

A

- All "AAS" courses are now "AFC", effective Fall 2013
- AFC 301 - Research Methods in African American Studies (Title and Number change, effective Summer 2013)
- AFC 302W - Writing for African American Studies (Change in Number, effective Summer 2013)
- ANTH 437 - Kinship, Marriage, and Social Organization (Change to Title and Description, effective Summer 2013)
- ARTH 467 - Art of Korea and Japan (Change to Title, Description, and Prerequisite, effective Summer 2013)
- ARTS 101 - Introduction to Art (Change in Major Restrictions, effective Summer 2013)
- ARTS 127 - Foundations Digital Media (Change in Prerequisite, effective Summer 2013)
- ARTS 352 - Intermediate Graphic Design I (Change in Prerequisite, effective Summer 2013)
- ARTS 452 - Advanced Graphic Design (Change in Prerequisite, effective Summer 2013)
- All GERT courses are now AGIN (Change in Prefix, effective Summer 2013)

B

- BIO 226 - Global Ecology and the Environment (BIO 106 added as a prerequisite option, effective Winter 2014)
- BIO 252 - Human Anatomy and Physiology II (BIO 106 added as a prerequisite option, effective Winter 2014)
- BIO 326 - Human Physiology (BIO 106 added as a prerequisite option, effective Winter 2014)
- BIO 328 - Introductory Microbiology (BIO 106 added as a prerequisite option, effective Winter 2014)

C

- CNST 125 - Introduction to Construction (Change in Credit Hour, effective Summer 2013)
- CNST 387 - Cooperative Education in Construction Management (Credit Hour Change, effective Winter 2014)
- CNST 403 - Production Control (Change in Credit Hour, effective Summer 2013)
- CNST 427 - Industrial Construction (Change in Credit Hour, effective Summer 2013)
- CNST 437 - Environmental Construction Contracting (Change in Credit Hour, effective Summer 2013)

D

- DTC 155 - Fundamentals of Healthy Lifestyles (Change to Course Description, effective Winter 2014)
- DTC 203 - Nutrition for Health Professionals (Change to Course Description and Prerequisites, effective Winter 2014)
- DTC 204 - Sports Nutrition (Change to Course Description and Prerequisites, effective Winter 2014)
- DTC 251 - Experimental Foods (Change to Course Description, effective Winter 2014)

- DTC 302 - Nutrient Metabolism: Macro-nutrients (Change to Course Description and Prerequisites, effective Winter 2014)
- DTC 330 - Nutrition Therapy I (Change to Course Description and Major Restrictions, effective Winter 2014)
- DTC 331 - Nutrition Therapy I Experience (Change to Course Description , BIO 252, SPMD 202, and SPMD 269 now prerequisite options, DTC 330 now a co-requisite, effective Winter 2014)
- DTC 350 - Foodservice Systems Management I (Change to Course Title and Description, effective Winter 2014)
- DTC 351 - Foodservice Systems Management I Experience (Change to Course Title and Description, effective Winter 2014)
- DTC 370 - Nutrition Therapy II (Change to Course Description, effective Winter 2014)
- DTC 371L - Nutrition Therapy II Experience (Change to Course Description, effective Winter 2014)
- DTC 372 - Nutrition of the Life Cycle (Change to Course Description, effective Winter 2014)
- DTC 422 - Nutrient Metabolism: Micro-nutrients (Change to Course Description, effective Winter 2014)
- DTC 430 - Community Nutrition (Change to Title, Description and prerequisites, effective Winter 2014)
- DTC 431W - Community Nutrition Experience (Change to Title and Description, effective Winter 2014)
- DTC 450 - Foodservice Systems Management II (Change to Title and Description, effective Winter 2014)
- DTC 451 - Foodservice Systems Management II Experience (Change to Title and Description, effective Winter 2014)
- DTC 459 - Development of the Entrepreneurial Dietitian (Change to Title, Class and Major Restriction, effective Winter 2014)
- DTC 470 - Nutrition Therapy III (Change to Title and Prerequisites, effective Winter 2014)
- DTC 471 - Nutrition Therapy III Experience (Change to Title and Prerequisites, effective Winter 2014)

E

- ESLN 012 - Beginning ESL Writing (Change to Description and Credit Hours, effective Summer 2013)
- ESLN 014 - Beginning ESL Reading (Change to Description, effective Summer 2013)
- ESLN 026 - Intermediate ESL Speaking and Listening (Change to Description and Credit Hours, effective Summer 2013)
- ESLN 032 - Advanced ESL Writing (Change to Description and Credit Hours, effective Summer 2013)
- ESLN 034 - Advanced ESL Reading (Change to Description and Credit Hours, effective Summer 2013)
- ESLN 036 - Advanced ESL Speaking and Listening (Change to Description and Credit Hours, effective Summer 2013)
- ESLN 112 - Beginning ESL Writing (Change to Description and Credit Hours, effective Summer 2013)
- ESLN 114 - Beginning ESL Reading (Change to Description and Credit Hours, effective Summer 2013)
- ESLN 116 - Beginning ESL Speaking and Listening (Change in Description and Credit Hours, effective Summer 2013)
- ESLN 212 - Intermediate ESL Writing (Change to Description and Credit Hours, effective Summer 2013)
- ESLN 214 - Intermediate ESL Reading (Change to Description and Credit Hours, effective Summer 2013)
- ESLN 216 - Intermediate ESL Speaking and Listening (Change to Description and Credit Hours, effective Summer 2013)
- ESLN 312 - Advanced ESL Writing (Change to Description and Credit Hours, effective Summer 2013)
- ESLN 314 - Advanced ESL Reading (Change to Description and Credit Hours, effective Summer 2013)
- ESLN 316 - Advanced ESL Speaking and Listening (Change to Description and Credit Hours, effective Summer 2013)
- ESSC 320 (Change to Prerequisite, effective Summer 2013)
- ESSC 325 - Geomorphology (Change to Description and Lab Hours, effective Winter 2014)
- ESSC 370 - Glacial and Quaternary Geology (Change in Lab Hours, effective Summer 2013)

G

- GEOG 150 - Thinking Sustainably (Change in Title, effective Summer 2013)

H

- HLED 210 - First Aid and CPR Certification (Change in Title, effective Summer 2013)

J

- JRNL 455 - Journalism Law and Ethics (Senior Standing Removed, effective Summer 2013)

M

- MUSC 274 - Functional Guitar (Change in Credit Hour, effective Summer 2013)

P

- PHY 456 - Electronics for Scientists (Change to Prerequisite, effective Summer 2013)

S

- SAG 175 - Graphics for Simulation I (Change to Description, effective Summer 2013)
- SMGT 255 - Sports in Society (Change to Title and Description, effective Summer 2013)
- SMGT 305 - Applied Sport Psychology for Sport Management Professionals (Change in number, previously listed as 405, effective Summer 2013)
- SOCL 250 - Quantitative Applications in Sociology (Change to Prerequisite, effective Summer 2013)
- SPEI 301 - Children and Adolescents with Emotional Impairment (Change in description and prerequisite, effective Summer 2013)
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Change to Title and Description, effective Summer 2013)

General Education:

Writing Intensive

- ANTH 465W - Political Economy in Anthropology (effective Summer 2013)
- PHIL 420W - Ethical Theory (effective Summer 2013)
- PHIL 481W - Philosophy of the Life Sciences(effective Summer 2013)

Area III Perspectives on a Diverse World

Global Awareness

- MUSC 108 - World Music (effective Summer 2013)
- WGST 210 - Gender in a Transnational World (effective Summer 2013)

U.S. Diversity

- BMMT 205 - Women in Business (effective Winter 2014)
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (effective Winter 2014)
- WGST 205 - Women in Business (effective Winter 2014)

Area IV Knowledge of the Disciplines

Arts

- MUSC 108 - World Music (effective Summer 2013)

Humanities

- LITR 180 - Rebels and Outsiders in Literature (effective Winter 2014)

Africology and African American Studies Programs

Africology and African American Studies

Major

African American Studies Major

Africology and African American Studies Department Information:

Department Head: Victor O. Okafor

Department Contact: vokafor@emich.edu

Website: <http://www.emich.edu/aas/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 33 hours

Required Course: 15 hours

- AFC 101 - Introduction to African American Studies (Gen Ed Area III) 3 hrs
- AFC 201 - Foundations of Knowledge in African American Studies 3 hrs
- AFC 301 - Research Methods in African American Studies 3 hrs
- AFC 302W - Writing for African American Studies (Gen Ed Area I, W) 3 hrs
- AFC 402 - African American Studies Internship Seminar 3 hrs

Restricted Electives: 18 hours

Pick two courses from each of the following three subject areas: "Society" (6 hrs), "Systems, Institutions & Institutional Processes" (6 hrs), and "Culture & Arts" (6 hrs)

Society: 6 hours

Pick two courses from the following

- AFC 102 - Introduction to African Civilization (Gen Ed Area III) 3 hrs
- AFC 221 - African American Social Movements 3 hrs
- AFC 311 - The African Diaspora 3 hrs
- AFC 312 - African Civilization 3 hrs
- AFC 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III) 3 hrs
- Any relevant 3 credit course with Department permission 3 hrs

Systems, Institutions & Institutional Processes: 6 hours

Pick two courses from the following

- AFC 231 - Race, Urbanization and the Policy Mindset 3 hrs
- AFC 232 - Politics in the African American Experience (Gen Ed Area III) 3 hrs
- AFC 233 - Public Policy and African Americans 3 hrs
- AFC 243 - Black Women: Politics and Racism 3 hrs
- AFC 351 - The Social Context of African American Health (Gen Ed Area IV) 3 hrs
- AFC 441 - Law in the African American Experience 3 hrs
- Any relevant 3 credit course with Department permission 3 hrs

Culture & Arts: 6 hours

Pick two courses from the following

- AFC 272 - Hip Hop Lyricism in African American Culture 3 hrs
- AFC 361 - The African American Family 3 hrs
- AFC 362 - Black Women: Religion and Sexism 3 hrs
- AFC 370 - Films of the African American Experience 3 hrs
- Any relevant 3 credit course with Department permission 3 hrs

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Note:

Any change to this program must be approved and proper paper work submitted before that change can be considered for graduation.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

African American Studies Minor

Catalog Correction | This minor was modified on January 25, 2017, to correct an error. AFC 351 is now listed as a restricted elective under "Systems, Institutions & Institutional Processes"

Africology and African American Studies Department Information:

Department Head: Victor O. Okafor

Department Contact: vokafor@emich.edu

Website: <http://www.emich.edu/aas/>

Required Courses: 12 hours

- AFC 101 - Introduction to African American Studies (Gen Ed Area III) 3 hrs
- AFC 201 - Foundations of Knowledge in African American Studies 3 hrs
- AFC 301 - Research Methods in African American Studies 3 hrs
- AFC 302W - Writing for African American Studies (Gen Ed Area I, W) 3 hrs

Restricted Electives: 9 hours

Pick one course from each of the following three subject areas: "Society" (3 hrs), "Systems, Institutions & Institutional Processes" (3 hrs), and "Culture & Arts" (3 hrs)

Society: 3 hours

Pick one course from the following

- AFC 102 - Introduction to African Civilization (Gen Ed Area III) 3 hrs
- AFC 221 - African American Social Movements 3 hrs
- AFC 311 - The African Diaspora 3 hrs
- AFC 312 - African Civilization 3 hrs
- AFC 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III) 3 hrs
- Any relevant 3 credit course with Department permission 3 hrs

Systems, Institutions & Institutional Processes: 3 hours

Pick one course from the following

- AFC 231 - Race, Urbanization and the Policy Mindset 3 hrs
- AFC 232 - Politics in the African American Experience (Gen Ed Area III) 3 hrs
- AFC 233 - Public Policy and African Americans 3 hrs
- AFC 243 - Black Women: Politics and Racism 3 hrs

Certificate

Undergraduate Certificate in African Studies

Add a specialty to your degree with an undergraduate certification in African Studies. Gain a special insight into ancient and contemporary Africa from a scholarly perspective. The certificate program encompasses such areas of African affairs as history, political economics, geography, politics, and arts. It serves as a means by which the student can enhance his/her awareness of the diversity that characterizes human existence.

In sum, this program is designed to prepare and equip students with:

1. Inter-cultural sensitivity
2. The ability to develop social policies and cultural competencies applicable to their careers

3. Knowledge of key epistemological issues in African Studies
4. Research, critical thinking and critical writing skills

Admission Requirements

In order to be admitted to this undergraduate certificate in African Studies, you have to meet any of the following conditions. One, you must be either pursuing an undergraduate degree at EMU in any field of study or you can apply as a post-baccalaureate degree holder. You can also be admitted if you are a graduate student or a graduate degree holder, and you wish to obtain the undergraduate certificate in African Studies. To apply for admission, click on the following link: [online admission forms](#).

Career Opportunities

Students who are still working towards their undergraduate degrees or many professionals with degrees in a variety of educational arenas may find this certification program a means of achieving an edge above the competition. The certificate is intended to complement careers in a wide-variety of fields, including education, social work, international jobs, health care and political science. Those with careers or majors in international relations, economic and political affairs, public policy and administration, public relations, journalism, community outreach, social services, human resources and cultural diversity, may find this certificate particularly helpful.

Online & Non-online Courses

Note that for both required and restricted electives categories, online and non-online versions of the approved courses are acceptable.

Advising

If you have questions or need advising, contact Dr. Victor Oguejiofor Okafor either by email, vokafor@emich.edu or by telephone, (734)487-3460.

Africology and African American Studies Department Information:

Department Head: Victor O. Okafor

Department Contact: vokafor@emich.edu

Website: <http://www.emich.edu/aas/>

Required Courses: 12 hours

The certificate in African Studies requires completion of the following 12-credit hour requirement. Note that only 300-level or above courses can be applied towards this certificate program, and such courses must be completed at Eastern. In addition, credits applied to this certificate program cannot be used towards the satisfaction of any major or minor requirement.

Core Courses: 6 hours

- AFC 312 - African Civilization 3 hrs
- AFC 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III) 3 hrs

Restricted Elective Courses: 6 hours

Select six credit hours from the following:

- AFC 379 - Special Topics 3 hrs
or
- AFC 499 - Independent Study 3 hrs
- ARTH 470 - Arts of Africa 3 hrs

- GEOG 322 - Geography of Africa 3 hrs
- HIST 347 - Sub-Saharan Africa to 1885 3 hrs
- HIST 348 - 20th-Century Africa 3 hrs
- HIST 349 - South Africa, 1500-Present 3 hrs
- PLSC 372 - African Politics 3 hrs

Certificate Total: 12 hours

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

Art Programs and Courses

Art

Major

Art History Major

This 36-hour major prepares students for graduate study, for gallery or museum work, or, with the addition of science and studio courses, for a career in conservation.

Art history majors should note that one year of college credit in a foreign language is required for the B.A. degree in art history. Most graduate programs in art history require reading proficiency in at least two foreign languages. Teacher certification in art is not obtainable using this major.

Art Department Information:

Department Head: Colin Blakely

Department Contact: cblakely@emich.edu

Website: <http://www.emich.edu/art/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 36 hours

Students in this program are granted a waiver of the University requirement that students may not earn "more than 60 credit hours in one subject area (prefix)."

Required Courses: 18 hours

- ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 263 - Survey of Western Art II 3 hrs
- ARTH 264W - Survey of Western Art III (Gen Ed Area I, W) 3 hrs
- ARTH 361W - Art History Seminar (Gen Ed Area I, W) 3 hrs
- ARTS 121 - Two-Dimensional Design 3 hrs

Elective Courses: 15 hours

Students must choose one course from each of the following sub-sections below.

Pre-Renaissance Art

One course from the following:

- ARTH 368 - History of Classical Art 3 hrs
- ARTH 468 - Medieval Art History 3 hrs

Renaissance/Baroque Art

One course from the following:

- * ARTH 151 - Reason and Revolution (Gen Ed Area IV) 3 hrs
- ARTH 369 - History of Renaissance Art 3 hrs
- ARTH 469 - Baroque Art 3 hrs

Modern and Contemporary Art

One course from the following:

- ARTH 374 - American Painting and Sculpture 3 hrs
- ARTH 472 - History of American Architecture 3 hrs
- ARTH 473 - Women in Art 3 hrs
- ARTH 475 - Seminar in Modern and Contemporary Art 3 hrs

Non-Western or Women's Art

One course from the following:

- ARTH 267 - History of Asian Art (Gen Ed Area IV) 3 hrs
- ARTH 467 - Art of Korea and Japan 3 hrs
- ARTH 470 - Arts of Africa 3 hrs
- ARTH 471 - Mesoamerican Art 3 hrs
- ARTH 476 - Art of China 3 hrs

Elective

Any 300-level or higher art history course not taken to fulfill another requirement

Cognate: 3 hours

Choose one of the following courses:

- AFC 102 - Introduction to African Civilization (Gen Ed Area III) 3 hrs
- AFC 311 - The African Diaspora 3 hrs
- AFC 312 - African Civilization 3 hrs
- AFC 370 - Films of the African American Experience 3 hrs
- ANTH 150 - Introductory Archaeology (Gen Ed Area IV) 3 hrs
- ANTH 236 - Peoples and Cultures of Africa 3 hrs
- CASI 240 - Reel Women/Real Women 3 hrs
- CHL 351 - World Mythology 3 hrs

- CLAS 106 - Rome and America (Gen Ed Area IV) 6 hrs
- CLAS 181 - The Legacy of Greece 3 hrs
- CLAS 301 - Classical Mythology 3 hrs
- CLAS 321 - Women and Gender in the Ancient World 3 hrs
- CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs
- CTAT 245 - A Survey of American Cinema 3 hrs
- CTAT 335 - Studies in Film 3 hrs
- HIST 100 - The Comparative Study of Religion (Gen Ed Area IV) 3 hrs
- HIST 106 - Asian and African Civilizations 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 116 - Intro to American Indian History (Gen Ed Area III) 3 hrs
- HIST 151 - Reason and Revolution (Gen Ed Area IV) 3 hrs
- HIST 201 - The Religions of South and East Asia 3 hrs
- HIST 202 - Religions in Conflict and Dialogue: Judaism, Christianity, and Islam (Gen Ed Area III) 3 hrs
- HIST 303 - History of American Religion 3 hrs
- HIST 306 - Hinduism 3 hrs
- HIST 307 - Buddhism 3 hrs
- IDE 226 - History of Interiors from 1800 to Present 3 hrs
- LITR 106 - Rome and America (Gen Ed Area IV) 6 hrs
- LITR 181 - The Legacy of Greece 3 hrs
- LITR 251 - The Bible as Literature 3 hrs
- LITR 361 - Studies in Native American Literature 3 hrs
- PHIL 212 - Philosophy of Art (Gen Ed Area IV) 3 hrs
- PHY 101 - Physical Science in the Arts (Gen Ed Area IV) 4 hrs
- WGST 321 - Women and Gender in the Ancient World 3 hrs

Foreign Language Requirement: 6-10 hours

Any two sequential courses in a single foreign language

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

* Students may contract with art history faculty to include lower-numbered art courses for elective credit, with additional work.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Art Major

Catalog Correction | This major was modified on March 29, 2017, to correct an error. The "All courses must be passed with a grade of "C" or above" requirement" only applies to the *Graphic Design Concentration*.

The Bachelor of Science in Art is designed to allow students to explore Studio Art and Art History within a diverse liberal arts context. Foundation courses give students a basic skill set in both Art History and Studio practices, and a 9-credit area of concentration allows for a more in depth exploration in a medium of the student's choosing.

Art Department Information:

Department Head: Colin Blakely
Department Contact: cblakely@emich.edu
Website: <http://www.emich.edu/art/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 39 hours

Students in this program are granted a waiver of the University requirement that students may not earn "more than 60 credit hours in one subject area (prefix)."

Required Course (Foundations): 21 hours

- ARTS 121 - Two-Dimensional Design 3 hrs
- ARTS 122 - Three-Dimensional Design 3 hrs
- ARTS 123 - Foundations Drawing I 3 hrs
- ARTS 126 - Foundations Drawing II 3 hrs
- ARTS 127 - Foundations Digital Media 3 hrs
- ARTH 165 - Postmodern and Contemporary Art 3 hrs
- ARTS 390W - Studio Concepts (Gen Ed Area I, W) 3 hrs

Art History (6 Credit Hours)

Students must select 2 of the following courses:

- ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
 - ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
 - ARTH 263 - Survey of Western Art II 3 hrs
- *students must complete ARTH 162 prior to ARTH 263.

Area of Concentration: 9 hours

Select a sequence of 3 courses (as outlined under the Bachelor of Fine Arts degree) in one of the following areas listed below. Six credit hours must be at the 300-level or above.

Ceramics Concentration

Drawing Concentration

Fibers Concentration

Furniture Design Concentration

Graphic Design Concentration

Metalsmithing Concentration

Painting Concentration

Photography Concentration

Printmaking Concentration

Sculpture Concentration

Watercolor Concentration

Elective Courses: 3 hours

3 credit hours from art studio and/or art history courses selected in consultation with an advisor.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

Bachelor of Fine Arts

Catalog Correction | This major was modified on August 8, 2016, to correct an error. The "All courses must be passed with a grade of "C" or above" requirement" only applies to the *Graphic Design Concentration*.

The Bachelor of Fine Arts is designed to encourage students to develop a personal focus and direction as well as learn to function professionally as artists.

An extensive range of foundation courses, culminating in ARTS 290 - Studio Concepts and the accompanying Foundations Review provides students with the basic skills they need to be successful in upper-level courses. The required area of concentration allows students to gain a level of expertise in a specific medium and use that expertise to refine their own artistic vision. Art elective requirements allow students to gain practical knowledge in a range of media as well as to engage in experiences that support their area of concentration. A Capstone course provides direction for their future professional careers and gives students an immersive experience by requiring them to exhibit and disseminate their work.

Art Department Information:

Department Head: Colin Blakely

Department Contact: cblakely@emich.edu

Website: <http://www.emich.edu/art/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 81 hours

Students in this program are granted a waiver of the University requirement that students may not earn "more than 60 credit hours in one subject area (prefix)." *Students may apply up to, but not exceed 63 hours in one subject area (prefix) toward their degree.*

Foundations: 21 hours

- ARTH 165 - Postmodern and Contemporary Art 3 hrs
- ARTS 121 - Two-Dimensional Design 3 hrs
- ARTS 122 - Three-Dimensional Design 3 hrs
- ARTS 123 - Foundations Drawing I 3 hrs
- ARTS 126 - Foundations Drawing II 3 hrs
- ARTS 127 - Foundations Digital Media 3 hrs
- ARTS 290 - Studio Concepts 3 hrs

Art History: 15 hours

- * One upper-level Art History course (3 hrs)

- ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 263 - Survey of Western Art II 3 hrs
- ARTH 264W - Survey of Western Art III (Gen Ed Area I, W) 3 hrs

Studio Courses: 45 hours

Required Studio Courses: 6 hours

- ARTS 205 - Beginning Life Drawing 3 hrs
- ** ARTS 490W - Capstone (Gen Ed Area I, W) 3 hrs

Area of Concentration: 15-21 hours

Choose from one of the concentrations below:

Ceramics Concentration

Drawing Concentration

Fibers Concentration

Furniture Design Concentration

Graphic Design Concentration

Metalsmithing Concentration

Painting Concentration

Photography Concentration

Printmaking Concentration

Sculpture Concentration

Time-Based Media Concentration

Watercolor Concentration

Arts Studio Electives: 18-24 hours

Select from studio arts courses in consultation with an advisor.

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

* *Students in Graphic Design must take ARTH 474 - History of Graphic Design*

** *Course must be taken concurrently with the final course in chosen Area of Concentration. Capstone is a Writing Intensive class and meets the requirements of the General Education Program.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

K-12 Arts Education

The K-12 Bachelor of Arts in Arts Education program is designed to prepare students to develop proficient skills in studio work, art inquiry, and teaching the visual arts. The program meets the Michigan Standards for Visual Arts Education programs and the National Art Education Standards for Teacher Preparation Programs.

Successful completion of this course of studies, in the context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Elementary-Secondary Provisional Certificate endorsed in art, certification code LQ. The Michigan Test for Teacher Certification (MTTC) covering this field is #095, "Visual Art Education."

Art Department Information:

Department Head: Colin Blakely
 Department Contact: cblakely@emich.edu
 Website: <http://www.emich.edu/art/>

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 57 hours

Students in this program are granted a waiver of the University requirement that students may not earn "more than 60 credit hours in one subject area (prefix)." *Students may apply up to, but not exceed 63 hours in one subject area (prefix) toward their degree.*

Foundations: 36 hours

- ARTE 355 - Interpreting Art in Visual Arts Education 3 hrs
- ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 165 - Postmodern and Contemporary Art 3 hrs
- ARTH 263 - Survey of Western Art II 3 hrs
- ARTH 264W - Survey of Western Art III (Gen Ed Area I, W) 3 hrs
- ARTS 121 - Two-Dimensional Design 3 hrs
- ARTS 122 - Three-Dimensional Design 3 hrs
- ARTS 123 - Foundations Drawing I 3 hrs
- ARTS 126 - Foundations Drawing II 3 hrs
- ARTS 127 - Foundations Digital Media 3 hrs
- ARTS 290 - Studio Concepts 3 hrs

Studio Courses: 21 hours

Arts Studio Electives: 12 hours

Select from studio arts courses in consultation with an advisor. Students must choose a minimum of two electives in a 3-dimensional media and a minimum of two electives in a 2-dimensional media. All electives must be within different areas of concentration.

Area of Concentration: 9 hours

Select three courses in one of the concentrations below:

Ceramics Concentration

Drawing Concentration

Fibers Concentration

Furniture Design Concentration

Graphic Design Concentration

Metalsmithing Concentration

Painting Concentration

Photography Concentration

Printmaking Concentration

Sculpture Concentration

Time-Based Media Concentration

Watercolor Concentration

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 10 hours

Prerequisite: Sophomore standing or higher.

- ARTE 357 - Introduction to Visual Arts Education 3 hrs
- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 12 hours

Prerequisite: Completion of Pre-Admission Phase is required.

- ARTE 358 - Curriculum and Assessment in Visual Arts Education 3 hrs
- ARTE 359 - Practicum in Visual Arts Education 3 hrs
- ARTE 360 - Technology in Visual Arts Education 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 10 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- ARTE 460 - Approaches to Teaching Visual Arts Education 4 hrs
- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 12 hours

All Visual Arts Education students (including double majors, second bachelors and additional endorsements) will be responsible for fulfilling student teaching requirements in visual arts.

- EDUC 496 - Student Teaching 6 hrs
- EDUC 497 - Student Teaching 6 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Notes:

* *Students in Graphic Design must also take ARTH 474*

** *Course must be taken concurrently with the final course in chosen Area of Concentration. Capstone is a Writing Intensive class and meets the requirements of the General Education Program.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Art History Minor

Students with an art major who elect the art history minor must replace ARTH 162, ARTH 263, and ARTH 264W in the major with studio courses.

Art Department Information:

Department Head: Colin Blakely
 Department Contact: cblakely@emich.edu
 Website: <http://www.emich.edu/art/>

Required Courses: 15 hours

- ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 263 - Survey of Western Art II 3 hrs
- ARTH 264W - Survey of Western Art III (Gen Ed Area I, W) 3 hrs
- ARTH 475 - Seminar in Modern and Contemporary Art 3 hrs

Restricted Elective Courses: 6 hours

Six hours from art history courses selected in consultation with art history minor advising coordinator. At least 3 hours must be at the 300-level or above.

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.

institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

Art Minor

Art Department Information:

Department Head: Colin Blakely

Department Contact: cblakely@emich.edu

Website: <http://www.emich.edu/art/>

Required Courses: 9 hours

- One art history (ARTH) course (3 hrs)
- ARTS 121 - Two-Dimensional Design 3 hrs
- ARTS 123 - Foundations Drawing I 3 hrs

Elective Courses: 12 hours

Twelve hours in studio art or art history, including art courses for non-majors, of which at least six hours must be at the 200-level or above.

Minor Total: 21 hours

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

Art Education

ARTE 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: ART 177

Last Updated: 03/2011

ARTE 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: ART 178

Last Updated: 03/2011

ARTE 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: ART 179

Last Updated: 03/2011

ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV)

Teacher candidates will develop the basic skills to meaningfully integrate the visual arts across the elementary school curricula by learning approaches to guide K-12 students to 1) create images that express their own views, 2) interpret images from diverse artistic traditions that address important life issues across time and place, and to 3) explore the differences and the commonalities that the visual arts share with other art disciplines, the humanities and the sciences.

Credit Hours: 3 hrs

Major Restrictions: Non-Art majors only

Previously Listed As: ART300, ART220

Last Updated: 03/2011

ARTE 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: ART 277

Last Updated: 03/2011

ARTE 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: ART 278

Last Updated: 03/2011

ARTE 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: ART 279

Last Updated: 03/2011

ARTE 355 - Interpreting Art in Visual Arts Education

The goal of this course is to teach strategies for interpreting possible meanings of visual images and objects from diverse cultural contexts as an integral and meaningful part of learning about art. It targets pre-service visual arts education students and is open to any interested students.

Credit Hours: 3 hrs

Prerequisite: ARTH 161 and one of the following: ARTH 162, ARTH 165, ARTH 263 or ARTH 264W

Class Restrictions: Sophomore standing or higher only

Previously Listed As: ARTE 458

Last Updated: Course Revision 12/2011, effective Winter 2012

ARTE 357 - Introduction to Visual Arts Education

Focuses on a comprehensive approach to art education and will include library research, readings, writings and discussions of current events aided by presentations of guest speakers. Final requirement: the development of a written personal philosophy

pertaining to the teaching of art and the formulation of a general curriculum.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or above, and department permission

Previously Listed As: ART317

Last Updated: effective winter 2011

ARTE 358 - Curriculum and Assessment in Visual Arts Education

This course is designed to prepare visual arts teacher candidates to engage K-12 students of diverse backgrounds and abilities in meaningful experiences using the visual arts. Candidates explore prevailing approaches for developing curriculum and assessment tools in Visual Arts Education and then design units that facilitate students' construction of meaning.

Credit Hours: 3 hrs

Prerequisite: ARTE 357, ARTE 360, EDPS 322, admission to the Initial Teacher Preparation Program, and department permission

Corequisites: ARTE 359

Major Restrictions: BFA with K-12 certification and Bachelor of Visual Arts Education students only

Last Updated: New Course 05/2011, effective Spring 2011; Prerequisites/Concurrent Prerequisites/Corequisites 05/2011, effective Fall 2011

ARTE 359 - Practicum in Visual Arts Education

In this practicum, teacher candidates are provided extended opportunities to observe, practice, teach and reflect on their experiences in visual arts classrooms at both elementary and secondary levels. Field placements in diverse school communities are arranged and supervised by VAE faculty in collaboration with practicing visual arts educators.

Credit Hours: 3 hrs

Prerequisite: ARTE 357, ARTE 360, EDPS 322, admission to the Initial Teacher Preparation Program, and department permission

Corequisites: ARTE 358

Major Restrictions: BFA with K-12 certification and Bachelor of Visual Arts Education students only

Last Updated: New Course 05/2011, effective Spring 2011; Prerequisites/Concurrent Prerequisites/Corequisites 05/2011, effective Fall 2011

ARTE 360 - Technology in Visual Arts Education

This course prepares pre-service art teachers for technology applications in art education. These applications include artmaking, inquiry, classroom management, communication, assessment, professional development and arts advocacy. Students will learn hardware and software as well as critically and creatively apply educational concepts and principles in technology integration for meaningful art learning.

Credit Hours: 3 hrs

Concurrent Prerequisite: ARTE 358

Major Restrictions: Visual Arts Education Majors only and admission to the College of Education

Previously Listed As: ART 331

Course Revisions:

Course Revisions: This course will have a prerequisite change from "CURR 305; department permission" to "none," effective Winter 2013. The revision also includes a corequisite change from "none" to "ARTE 358 and department permission."

Last Updated: Prerequisite and Corequisite Change 05/2012, effective Winter 2013

ARTE 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: ART 377

Last Updated: 03/2011

ARTE 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: ART 378

Last Updated: 03/2011

ARTE 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: ART 379

Last Updated: 03/2011

ARTE 460 - Approaches to Teaching Visual Arts Education

This professional education course is designed to prepare visual art teacher candidates for engaging K-12 students of different backgrounds and abilities in meaningful visual art learning experiences. Teacher candidates investigate significant contemporary visual art education approaches and issues, and design units of instruction for elementary and secondary levels. This course includes an extended hands-on academic service learning experience at Riverside Art Center.

Credit Hours: 4 hrs

Prerequisite: ARTE 357, and department permission

Class Restrictions: Junior standing

Major Restrictions: Admission to the Initial Teacher Preparation Program

Previously Listed As: ART 416

Course Revisions:

Course Revisions: This course will have a prerequisite change from "ARTE 357, and department permission" to "ARTE 357, ARTE 358 and department permission," effective Winter 2013. The revision also includes a class restriction change from "Junior standing" to "none."

Last Updated: Prerequisite and Class Restriction Change 05/2012, effective Winter 2013; Credit Hours 07/2011

ARTE 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission
Previously Listed As: ART 477
Last Updated: 03/2011

ARTE 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission
Previously Listed As: ART 478
Last Updated: 03/2011

ARTE 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission
Previously Listed As: ART 479
Last Updated: 03/2011

Art History

ARTH 100 - Art Appreciation (Gen Ed Area IV)

The aim is to acquaint students with art philosophies, their elements, principles and values.

Credit Hours: 3 hrs
Previously Listed As: ART100

Area IV: Knowledge of the Disciplines

ARTH 100 Art Appreciation [was FA 100]

Visual culture is an important means of expression and communication in the contemporary world. From advertisements to traffic signs, from television shows to food packaging, visual communication is used today to inform, manipulate and record social, political and economic values of our society. The visual culture of today is an extension and evolution of the visual culture of the past. Art is a primary means by which people throughout the world have been recording and relating their cultural values, philosophies, social identities and historical development. Art appreciation is the skill by which one can read, understand and enjoy these works of art. Through an understanding of important works of art, and the great artists who produced them, this course will be of value in the critical and intellectual understanding of the evolution of our history.

A student who successfully completes this course will learn how aesthetics, history, the visual vocabulary of art, the relationship between content and form and the dynamics of the visual language are the necessary means by which we increase our knowledge and awareness of ourselves, our culture and the world in which we live. Through the examination of important works of art, students will learn the essential descriptive vocabularies of the visual arts, how formal properties (style) shape and inform the content of a given work of art. Students will develop an ability to decode iconographic symbols and stylistic conventions that are culturally and historically specific, as well as symbols and intentions specific to particular artists and their work.

Last Updated: 07/2010 Effective 2010

ARTH 151 - Reason and Revolution (Gen Ed Area IV)

An examination of the transition in political history, philosophy, art, literature and music from Puritan England and Louis XIV's France to Napoleon. Team taught by members of the Art and History departments.

Credit Hours: 3 hrs

Previously Listed As: ART151

[Honors Only]

Area IV: Knowledge of the Disciplines

ARTH 151 Reason and Revolution [effective Fall 2008]

This inter-disciplinary course in history and art history is intended to introduce students to the works of art, philosophy and literature associated with a major turning point in European and world history- the Enlightenment and the French Revolution. It will offer students the opportunity to study the ideas that found their first political expression in the American Constitution, from their beginnings in the 17th century France and England through through the turmoil of revolution and war. The course will encourage students to analyze and write about a variety of artistic, philosophical and literary works in a specific historical context, and to understand how political events influenced humanistic thought and how the humanities shaped political and social change.

ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV)

An introductory historical survey of the visual arts and architecture of cultures not directly linked to the artistic and cultural traditions of Western Civilization. Art works by the native inhabitants of Africa, Oceania, Asia and the Americas are examined for their historical and cultural significance.

Credit Hours: 3 hrs

Previously Listed As: ART109

Area III: Perspectives on a Diverse World

Since the dawn of humanity human societies have been driven to create and embellish material objects giving visual expression to cultural values, social identities, religious beliefs, and individual concerns. Since art is a cultural phenomenon integral to the lives of people throughout the globe the study of it is a great way to gain timely and substantive insight into diverse cultures and the issues that concern them. Art from other places and times can also reveal ways of looking and thinking about the world and the place of humans in it that are different than one's own. For these reasons this course, which is concerned with the study of artworks created by artists whose primary cultural affiliations and ethnic heritages lie outside the greater European cultural context, meets the Global Awareness category of the General Education program. Through the study of artworks, the contexts in which they were created, and the people who made them, one will gain a foundational knowledge of diverse cultures throughout the globe and help one develop an awareness and sensitivity to different viewpoints on local and global issues and concerns that are voiced by artists from cultural backgrounds beyond the Western world.

Area IV: Knowledge of the Disciplines

ARTH 161 Survey of Non-Western Art

The visual arts of non-western cultures are an important part of our world heritage. Art is an expression of cultural values, social identities and a means by which people throughout the globe have used to make meaning and sense of their world. A knowledge

of non-western art should be no less important as part of a student's general education program than an understanding of great artworks and famous artists of western civilization. In the increasing interconnectedness and globalizing world of the present it is important that recognition be given to artistic achievements of other cultures as well as how those achievements relate to the art of ones own culture and that of others make meaning through art. Through the examination of non-western artworks students will learn the essential descriptive vocabularies of the visual arts, how formal properties (style) shape and inform the content of a given work of art; they will develop an ability to decode iconographic symbols and stylistic conventions that are culturally and historically specific. Students will also become more aware of the interrelationships among different cultures and the historic dynamics that have shaped the world and how an understanding of art can reveal cultural biases and help to better appreciate global diversity.

Last Updated: 12/2010

ARTH 162 - Survey of Western Art I (Gen Ed Area IV)

A survey of the development of the visual arts of the western world, from Paleolithic times art through the late Gothic period.

Credit Hours: 3 hrs

Previously Listed As: ART107

Area IV: Knowledge of the Disciplines

ARTH 162 Survey of Western Art I [was FA 107]

ARTH 162 allows students to learn the content and methodologies by which one can understand the meaning presented in the visual arts. Through lectures and discussion, students will learn the essential descriptive vocabulary of the visual arts, and how formal properties (style) shape and inform the content of a given piece of art or architecture. In addition, they will develop an ability to decode iconographic symbols and stylistic conventions that are culturally and historically specific and significant. For example, a comparison between the art of Akenaton's kingdom and both earlier and later periods of ancient Egypt, students will see the important changes wrought in the culture and religion of the Late Kingdom. Students will also become more aware of the interrelationships among different cultures and the historical dynamics that have shaped the world and its visual expression.

ARTH 165 - Postmodern and Contemporary Art

This course, an introduction to the major trends and movements in recent art, is designed to help students learn and think critically about prevalent attitudes and theories about contemporary visual culture as well as to recognize the increasingly vital role played by the mass media and technology in the creation and dissemination of art. New media, such as video and digital art, and innovative forms of visual expression, such as conceptual and environmental art, will be investigated. Art will be examined as a response to current social, cultural, political and gender issues as will the reasons why artists make the shift from modernist to post-modernist strategies for making their work.

Credit Hours: 3 hrs

Previously Listed As: ART440

ARTH 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: ART 177

Last Updated: 03/2011

ARTH 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: ART 178

Last Updated: 03/2011

ARTH 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: ART 179

Last Updated: 03/2011

ARTH 255 - Visual and Cinematic Arts Since 1900

This is an interdisciplinary course that explores the similarities and differences among the visual and cinematic arts as well as their influences on one another since 1900. Students will see paintings, drawing, photographs, and films representative of key artistic movements of the last century and explore the social, economic, political, and aesthetic factors that influenced their creation.

Credit Hours: 3 hrs

Cross-Listed with: CTAT 255

Last Updated: New Course 10/2012, effective Winter 2013

ARTH 263 - Survey of Western Art II

A continuation of the survey of western art from the Renaissance to 1880.

Credit Hours: 3 hrs

Prerequisite: ARTH 162

Previously Listed As: ART 108

Last Updated: 2/18/2011

ARTH 264W - Survey of Western Art III (Gen Ed Area I, W)

A continuation of the survey of western art from 1880 to the present day.

Credit Hours: 3 hrs

Prerequisite: ARTH 263

Last Updated: Removed "Previously Listed As" 02/2012

ARTH 267 - History of Asian Art (Gen Ed Area IV)

A survey of Far Eastern art, with emphasis on the artistic and cultural traditions of South Asia, China and Japan. Works of art are examined for their cultural and historical significance.

Credit Hours: 3 hrs

Previously Listed As: ART 221

Area IV: Knowledge of the Disciplines

History of Asian Art

In this course art is treated as an expression of cultural values, social identities and a means through which the people of Asia have made meaning and sense of their world. Across the continent of Asia many rich and long lasting artistic traditions have emerged and still play an important role in the lives of the people who live there. Through the examination of Representative artworks and architectural monuments of Asia students will learn the essential descriptive vocabularies of the visual arts, how formal properties (style) shape and inform the content of a given work of art; they will develop an ability to decode iconographic symbols and stylistic conventions that are culturally and historically specific. Although this course focuses on the art of Asia the concepts and methods for understanding art learned in this class are also applicable to understanding art in other contexts. Students will also become more aware the interrelationships among different cultures and the historical dynamics that have shaped the cultural and political landscape of Asia and how an understanding of art can reveal cultural biases and help one better appreciate global diversity.

Last Updated: 2/15/2011

ARTH 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: ART 277

Last Updated: 03/2011

ARTH 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: ART 278

Last Updated: 03/2011

ARTH 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: ART 279

Last Updated: 03/2011

ARTH 361W - Art History Seminar (Gen Ed Area I, W)

This junior seminar will serve as the writing intensive course for the Art History major. Topics will vary. Students will be introduced to reading scholarly literature, research, writing art historical analyses, and presenting finds in a discipline-specific form.

Credit Hours: 3 hrs

Prerequisite: ARTH 161, ARTH 264W and department permission

Previously Listed As: ARTH 361

This course is offered as a part of the General Education Program and satisfies the Writing Intensive requirement.

Last Updated: Gen Ed Approval 03/2012, effective Fall 2012; New Course 12/2011

ARTH 368 - History of Classical Art

A study of the art and architecture of the classical civilization of Greece and Rome.

Credit Hours: 3 hrs

Prerequisite: ARTH 162 or department permission

Previously Listed As: ART 340

Last Updated: 2/18/2011

ARTH 369 - History of Renaissance Art

A history of Italian art from the Proto-Renaissance (about 1250 A.D.) through the period of mannerism (1600).

Credit Hours: 3 hrs

Prerequisite: ARTH 263 or department permission

Previously Listed As: ART 341

Last Updated: 2/18/2011

ARTH 374 - American Painting and Sculpture

A survey of American art, including the impact of European Art.

Credit Hours: 3 hrs

Prerequisite: ARTH 263 or department permission

Previously Listed As: ART 335

Last Updated: 2/18/2011

ARTH 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: ART 377

Last Updated: 03/2011

ARTH 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: ART 378

Last Updated: 03/2011

ARTH 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: ART 379

Last Updated: 03/2011

ARTH 467 - Art of Korea and Japan

A survey of the visual arts of Japan and Korea from the ancient to the contemporary, with emphasis on the unique characteristics of the visual arts traditions in Japan and Korea, as well as, the cultural linkages and artistic exchanges between them.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ARTH 467 Art of East Asia; ART 422

Course Revisions: Title Change from Art of East Asia, ARTH 161 removed as a prerequisite and Course Description Change 2/2013, effective Summer 2013

Last Updated: Title, Prerequisite and Description change 2/2013, effective Summer 2013; Graduate Credit 07/2011; 2/18/2011

ARTH 468 - Medieval Art History

The development of medieval art from the Early Christian through Gothic periods.

Credit Hours: 3 hrs

Prerequisite: ARTH 162 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 426

Last Updated: Graduate Credit 07/2011; 2/18/2011

ARTH 469 - Baroque Art

Principal developments in Italian and northern art of the 17th century. Emphasis on major themes and aesthetic problems.

Credit Hours: 3 hrs

Prerequisite: ARTH 263 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 427

Last Updated: Graduate Credit 07/2011; 2/18/2011

ARTH 470 - Arts of Africa

Examines the visual arts of sub-Saharan Africa. Analyzes and investigates the content, materials, techniques and aesthetics of traditional African art within its cultural context. Includes the integration of function and ritual, as evidenced in the tribal objects and artifacts.

Credit Hours: 3 hrs

Class Restrictions: Junior or Senior standing or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART425

Last Updated: Graduate Credit 07/2011

ARTH 471 - Mesoamerican Art

A survey of the art of Mesoamerica, the civilization that existed in Mexico and Central America from about 1500 B.C.E. until the coming of Cortés in 1519. The major emphasis of the course will be on urban planning architecture and monumental sculpture. Significant attention will also be devoted to painting, ceramics, small-scale sculpture, textiles and jewelry.

Credit Hours: 3 hrs

Prerequisite: Junior/senior standing or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART430

Last Updated: Graduate Credit 07/2011

ARTH 472 - History of American Architecture

Exploration of styles and techniques in American architecture from the colonial period to the present, with special emphasis on the sources in foreign traditions. Major figures, including Thomas Jefferson, Louis Sullivan, Frank Lloyd Wright, and Eero Saarinen and major stylistic trends, such as Greek Revival and the International Style, will be traced back through their origins and development.

Credit Hours: 3 hrs

Prerequisite: ARTH 263 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 429

Last Updated: Graduate Credit 07/2011; 2/18/2011

ARTH 473 - Women in Art

A survey of the contributions of female artists in the history of art. Discussions will include the history of women as patrons of the arts and the uses of the female image in art.

Credit Hours: 3 hrs

Prerequisite: ARTH 263 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: WGST 436

Last Updated: Graduate Credit 07/2011; 2/18/2011

ARTH 474 - History of Graphic Design

This course presents a survey of the history of graphic design from ancient to modern. The subject is investigated in the context of relevant historical and cultural events such as the origins of the alphabet, the invention of typesetting and printing, the industrial revolution, and the digital revolution. Although the course focuses on graphic design and communication systems, it

stresses connections between history of graphic design and history of architecture, the decorative arts, and product design.

Credit Hours: 3 hrs

Prerequisite: ARTH 263 and department permission

Class Restrictions: Sophomore standing or above

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 459

Last Updated: Graduate Credit 07/2011; 2/18/2011

ARTH 475 - Seminar in Modern and Contemporary Art

Readings, reports, and group discussions on modern and contemporary art. Topics may vary.

Credit Hours: 3 hrs

Prerequisite: ARTH 264W or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 428

Last Updated: Graduate Credit 07/2011; 2/18/2011

ARTH 476 - Art of China

A survey of the visual arts of China from the ancient to the contemporary taught from a social historical perspective with emphasis on the characteristics of the visual arts of China and the interconnections between art and Chinese society.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit Approval 01/2012, effective Winter 2012; New Course 12/2011

ARTH 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: ART 477

Last Updated: 03/2011

ARTH 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Art Studio

ARTS 101 - Introduction to Art (Gen Ed Area IV)

An introductory course designed to develop understanding of the formal and conceptual aspects of the visual arts. Students will become familiar with art and artists from historical, contemporary, stylistic, and aesthetic perspectives. Emphasis will be on basic studio practices as a means of understanding visual language. No previous experience in art expected.

Credit Hours: 3 hrs

Major Restrictions: Bachelor of Fine Arts majors are to be excluded from enrolling in this course.

Previously Listed As: ART101

Area IV: Knowledge of the Disciplines

ARTS 101 Introduction of Art [was FA 101]

The visual arts communicate, express, record, capture, affect and reflect the world around us. The knowledge of how and why art has been created, how art relates to history and contemporary culture and understanding creative processes are an important part of any student's general education program. In this course, students will learn how a variety of visual art is produced. They will become familiar with the visual creative process as a means of understanding and appreciating the visual arts. Investigation of contemporary art practices will lead to an understanding of form and content. This will be achieved through hands-on projects, research and writing elements. Lectures, demonstrations, discussions and studio activities will be the primary means of investigation. No previous experience in the arts is expected.

Last Updated: Change in Major Restrictions 1/2013, effective Summer 2013

ARTS 102 - Jewelry for Nonmajors

A hands-on approach to provide students with the opportunity to develop artistic and technical skills with metal and other jewelry materials.

Credit Hours: 3 hrs

Previously Listed As: ART167

ARTS 103 - Ceramics for Nonmajors (Gen Ed Area IV)

A hands-on approach to provide students with the opportunity to develop skills and aesthetic understanding in forming, glazing and firing. The emphasis in this beginning course is on hand building forms; however, the use of the potter's wheel will be introduced.

Credit Hours: 3 hrs

Previously Listed As: ART166

Last Updated: Gen Ed Approval 11/2011, effective Fall 2011

ARTS 104 - Graphic Design for Nonmajors (Gen Ed Area IV)

Problems will explore fundamental design and basic production considerations and the development of a professional design thought process.

Credit Hours: 3 hrs

Previously Listed As: ART165

Area IV: Knowledge of the Disciplines

ARTS 104 Graphic Design for Non-Majors [effective Winter 2009]

Graphic design is a crucial component of visual communication. yet it is often "invisible" to those who encounter it, we are used to reading text without thinking about the impact of the typography- the visual vehicle by which information is transmitted. Visual communication rivals verbal communication in its ability to communicate. The correspondence between content and form is intrinsic to graphic design- design is structured around the communication of information from client and designer to a target audience. The formal material of graphic design, typography and image, must work together effectively in order to communicate the specific content of a project. Through the creation of design artifacts, students will learn the essential descriptive vocabularies of graphic design, and how a designer's choices about type and image in a piece shape the content of design. Through examination and analysis of professional graphic design, students will become familiar with the relationship between creative process and critical thinking. Graphic design offers audiences visual communicative data- in the form of type and image- that reflect, and also orchestrate, an array of cultural concerns. Understanding and experiencing how effective visual communication is produced offers students, insight into the role visual media play in molding the character of a culture.

ARTS 105 - Photography for Non-Majors (Gen Ed Area IV)

This is an introductory course in film-based art black and white photography. It covers the basic tools of the medium, including camera use, film developing, and printing. The class is designed to allow students to become familiar with visual arts and the artistic process using the camera as a tool for personal expression.

Credit Hours: 3 hrs

Notes: Students must supply their own 35 mm film camera.

Previously Listed As: ART168

Area IV: Knowledge of the Disciplines

ARTS 105 Photography for Non-Majors

The visual arts communicate, express, record, capture, affect and reflect the world around us. The knowledge of how and why art has been created, how art relates to history and contemporary culture and an understanding of creative processes are an important part of any student's general education program. This course allows students to become familiar with the visual arts and the artistic process through an in-depth exploration of a single media (photography) and the tools/concepts associated with it.

ARTS 106L - Watercolor for Non-Majors (Gen Ed Area IV, V LBC)

This course will introduce students to traditional and experimental watercolor techniques and processes. This course will provide students with studio experiences and art-making and will explore both contemporary and historical watercolor painting through slides and lectures.

Credit Hours: 3 hrs

Previously Listed As: ART169L

Area IV: Knowledge of the Disciplines

ARTS 106L Watercolor for Non-Major (also fulfills Area V, Group 3, Option III)

Visual art is an important tool for communication both in public and personal contexts. Making art as well as learning to interpret both historical and contemporary art teaches students to be more visually aware, and gives them a richer understanding of visual media in both fine arts and contemporary culture. Watercolor painting is a visual art medium that has an historical presence in world art, while continuing to play a role in contemporary painting and drawing and in popular culture. This course provides students with a hands-on experience in studio art, beyond the classroom activities in the form of arts, lectures and gallery experiences, and exposure to knowledge and skills important for both creating visual pieces and for understanding how visual art, specifically painting communicates. In this course, students learn both traditional and experimental watercolor technique and processes and explore ways to combine the formal visual elements of their work with the content. Importantly, these experiences will help to increase awareness and understanding of visual art in contemporary culture, while empowering students to investigate different and creative means of expression.

Last Updated: Links 03/2011

ARTS 121 - Two-Dimensional Design

A foundation course dealing with an analytical approach to the study of the elements of design: color, line, shape, value and texture.

Credit Hours: 3 hrs

Previously Listed As: ART122

ARTS 122 - Three-Dimensional Design

Basic study of three-dimensional structures and systems.

Credit Hours: 3 hrs

Previously Listed As: ART131

ARTS 123 - Foundations Drawing I

Introduction to drawing fundamentals with an emphasis on object and spatial representation through descriptive and expressive means. Individual problems assigned to foster the development of competent observational skills in a variety of media and to expose students to basic terminology. Group discussions and critiques are frequent.

Credit Hours: 3 hrs

Previously Listed As: ART123

ARTS 126 - Foundations Drawing II

Further exploration of drawing fundamentals with an emphasis on interpretive skills and composition. Extensive experimentation in basic drawing media, pictorial organization, and idea generation are stressed. Subjects such as the human figure are introduced and group discussions and critiques are frequent.

Credit Hours: 3 hrs

Prerequisite: ARTS 121 and ARTS 123

Previously Listed As: ART 124

Last Updated: 2/18/2011

ARTS 127 - Foundations Digital Media

This course is an introduction to the use of the computer as an art-making tool. Through readings, lectures, and discussions students will explore a wide range of approaches to digital media as well as its larger cultural implications. Exposure to contemporary artists who use the computer at some point in their process will give students insight into its applications across all media.

Credit Hours: 3 hrs

Prerequisite: ARTS 121, ARTS 122, and ARTS 123 and basic computer literacy (Note: students with insufficient computer skills are strongly encouraged to take COSC 101 or other comparable experience prior to enrolling in this course)

Previously Listed As: ART 330

Last Updated: Prereq change 1/2013, effective Summer 2013

ARTS 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: ART177

ARTS 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: ART178

ARTS 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may take this course more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: ART179

ARTS 201 - Painting I

An introductory course stressing the basics of oil and/or acrylic painting, with major emphasis on an observational approach to subject matter. Students are provided opportunities to experiment with a variety of techniques and materials, and they are introduced to conceptual and formal aspects of painting as they pertain to their work and the works of various artists throughout history.

Credit Hours: 3 hrs

Prerequisite: ARTS 121 and ARTS 126

Previously Listed As: ART 313

Last Updated: 5/2/2011 - Prerequisites

ARTS 205 - Beginning Life Drawing

Study of the human figure through the use of predominantly nude models. The dynamic and complex structure of the human figure is explored in a variety of materials and exercises designed to nurture a fluent understanding of the active and passive nature of the human body.

Credit Hours: 3 hrs

Prerequisite: ARTS 126, and department permission

Previously Listed As: ART 210

Last Updated: 2/18/2011

ARTS 210 - Screen Printing I

An introductory course that covers paper screen printing processes. Processes to be covered are reductions, transparencies, photographic processes, and methods of monoprinting. Students are expected to develop concepts and pursue a greater understanding of contemporary art.

Credit Hours: 3 hrs

Prerequisite: ARTS 121, ARTS 122, ARTS 123, and department permission

Previously Listed As: ART 305

Last Updated: 2/18/2011

ARTS 215 - Watercolor I

Introduction to watercolor techniques and processes with an emphasis on formal elements such as composition, color and value. Projects for the course are designed to encourage the exploration of a variety of subject matter and content. Individual and group critiques are frequent.

Credit Hours: 3 hrs

Prerequisite: ARTS 126

Previously Listed As: ART 314

Last Updated: 5/2/2011 - Prerequisites

ARTS 216 - Watermedia-Mixedmedia

The focus of this course is on connecting content with process. Students develop ideas for work and use water-based pigments with other materials to create mixed-media pieces. The class will focus on contemporary artists and ideas. Group and individual critiques are incorporated in all assignments for this course.

Credit Hours: 3 hrs

Prerequisite: ARTS 121 and ARTS 123

Previously Listed As: ART 250

Last Updated: 5/2/2011 - Prerequisites

ARTS 221 - Beginning Photography

An introduction to photography as an art form. Basic camera and darkroom techniques are covered, with an emphasis on using these tools to a creative end.

Credit Hours: 3 hrs

Prerequisite: ARTS 121, ARTS 123, and department permission

Notes: Students must furnish their own manual cameras, as well as additional supplies.

Previously Listed As: ART 304

Last Updated: 2/18/2011

ARTS 225 - Beginning Ceramics

Beginning ceramics emphasizes hand-building techniques using earthenware and stoneware clays. The focus includes sculptural and utilitarian form; portrait busts, storage jars, platters, and cups are some of the assignments. Students learn to build forms using slabs, molds, modeling, and extruding techniques; alter surfaces, apply slips and glazes; and fire in electric and gas kilns.

Credit Hours: 3 hrs

Prerequisite: ARTS 122 and department permission

Previously Listed As: ART 307

Last Updated: 2/18/2011

ARTS 230 - Metalsmithing I

The course uses the media of metal and related materials to communicate ideas. Students work on pieces of adornment (jewelry), small sculpture and/or utilitarian items. This course applies the vocabulary of art to the understanding of metalsmithing in critiques and professional work. Students will learn to work with a myriad of tools, test their time management skills, focus on details and learn to work through a strict technical process for success in this media.

Credit Hours: 3 hrs

Prerequisite: ARTS 122 and department permission

Previously Listed As: ART 320

Last Updated: 2/18/2011

ARTS 235 - Beginning Sculpture

Beginning Sculpture further emphasizes the formal and technical processes and unique qualities of three dimensions. We look closely at sculpture's connection to the human scale and architectural relationships. We cover the very basic use of materials and their plastic qualities.

Credit Hours: 3 hrs

Prerequisite: ARTS 122 and department permission

Previously Listed As: ART 310

Last Updated: 2/18/2011

ARTS 240 - Introduction to Fibers

An introduction to fibers focusing on a broad range of fiber processes and techniques including surface design, weaving and three-dimensional fibers. This course will introduce a contemporary approach to the fibers field, which will emphasize fundamental fiber processes and the creative development of ideas.

Credit Hours: 3 hrs

Prerequisite: ARTS 121, ARTS 122, and department permission

Previously Listed As: ART 235

Last Updated: 2/18/2011

ARTS 245 - Introduction to Furniture Design

This course introduces students to the tools and materials of furniture making, focusing on the physical characteristics of wood and ways to shape, cut, and join it. The course will also introduce design methodology, furniture design history, and drawing techniques.

Credit Hours: 3 hrs
Prerequisite: ARTS 122 and department permission
Previously Listed As: ART 280
Last Updated: 2/18/2011

ARTS 250 - Introduction to Graphic Design I

Projects examine two-dimensional typographic space; language sequence and information hierarchy; type families and their structure; typographic aesthetic; typographic history. Introduces appropriate tools.

Credit Hours: 3 hrs
Prerequisite: ARTS 121, ARTS 123, one Art History (ARTH) course, and department permission
Previously Listed As: ART 201
Last Updated: Prerequisite Change 02/2012, effective Fall 2012

ARTS 255 - Introduction to Time-based Media

This course introduces students to basic concepts and methods commonly used in the production of time-based media as it is employed in an art context. The course provides a technical foundation for subsequent time-based media courses by introducing students to a variety of techniques used for the creation of screen-based works of art such as non-linear video editing, sound, and video compositing. The course also introduces students to historic and contemporary practitioners.

Credit Hours: 3
Prerequisite: ARTS 127
Last Updated: 7/7/2011

ARTS 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission
Previously Listed As: ART277

ARTS 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission
Previously Listed As: ART278

ARTS 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: ART279

ARTS 290 - Studio Concepts

Studio Concepts is a foundation course that emphasizes ideas and conceptual thinking as the nexus of contemporary studio practice. The course is not discipline or media specific. Contemporary themes and "large ideas" will be presented to students, who will create artworks in response to those themes using a wide variety of media and strategies. Written work, both in preparation for and in response to the completed studio projects, will assist students in building a vocabulary for communicating about visual and material language and art-related concepts. As the final studio experience within the foundation group of courses, Studio Concepts is designed to prepare students for the more rigorous conceptual thinking and self-directed work required by upper-level studio classes.

Credit Hours: 3 hrs

Prerequisite: ARTS 121, ARTS 122, and ARTS 123

Concurrent Prerequisite: ARTS 126, ARTS 127, ARTH 165

Last Updated: 2/18/2011

ARTS 300 - Color Theory

This is an introductory course in which students learn the basics of subtractive color. A series of lectures and related studio problems are utilized to develop an understanding of color systems, the characteristics of color, and how to control the visual aspects of color through both mixture and juxtaposition. As students gain a greater understanding of the subject matter, more individualized assignments may be introduced.

Credit Hours: 3 hrs

Prerequisite: ARTS 126 and department permission

Last Updated: 2/18/2011

ARTS 301 - Intermediate Painting: Surface, Process & Concept

This intermediate painting course will stress conceptual motivations for making paintings and focus upon the material and procedural means by which paintings are constructed. Emphasis will be placed on non-observational approaches to painting. Students will have the opportunity to experiment with a variety of techniques, materials and supports beyond those used in Beginning Painting. They will also be introduced to a range of modern and contemporary painters/artists for whom process, materials and conceptual strategies are primary concerns. This course is a studio-based workshop supplemented with lectures, discussions, readings and demonstrations. Written assignments may also be required.

Credit Hours: 3 hrs

Prerequisite: ARTS 201, ARTS 290 and completion of foundations portfolio review

Last Updated: 5/2/2011 - Prerequisites

ARTS 302 - Figurative Painting

This course investigates the human form through painting, primarily using nude models for subject matter. Students will investigate a variety of formal and technical approaches to painting the figure. Students will also be introduced to contemporary and historic artists and issues specifically related to figurative works.

Credit Hours: 3 hrs

Prerequisite: ARTS 201, ARTS 290 and completion of foundations portfolio review

Previously Listed As: ART 480

Last Updated: 5/2/2011 - Prerequisites

ARTS 305 - Intermediate Life Drawing

Further study of the human figure as a subject in various media with an emphasis on the expressive use of the figurative motif.

Credit Hours: 3 hrs

Prerequisite: ARTS 205

Previously Listed As: ART 316

Last Updated: 5/2/2011 - Prerequisites

ARTS 306 - Intermediate Drawing

Further studies in drawing with an emphasis on history, theory, and practice. Drawing techniques from previous courses will be integrated in expanded studies which focus on various concepts such as: the visual environment, narrative, and sequential art in order to establish a broad based understanding of the relationship between form and content.

Credit Hours: 3 hrs

Prerequisite: ARTS 126

Last Updated: 5/2/2011 - Prerequisites

ARTS 307 - Drawing: Contemporary Methods and Materials

Intensive study and investigation of the relationship between space, form, and content. Emphasis is placed on media and methods as a means of exploring non-traditional approaches to drawing and as a tool for problem solving ideas through drawing as a process. Students will be exposed to contemporary issues and ideas through the use of research assignments, reading, and large scale projects to expand their understanding of an artists process of conceptualization.

Credit Hours: 3 hrs

Prerequisite: ARTS 205, ARTS 290 and successful completion of Foundations Portfolio Review

Last Updated: 7/7/2011

ARTS 310 - Screen Printing II

A supplementary course on paper screen printing processes. Processes to be covered are photographic processes, CMYK, and monoprinting. Students are expected to develop concepts, work independently and pursue a greater understanding of contemporary art.

Credit Hours: 3 hrs

Prerequisite: ARTS 210, instructor approval, and department permission

Previously Listed As: ART 405

Last Updated: 2/23/2011

ARTS 311 - Etching and Intaglio

An introductory course that covers intaglio printmaking processes. Processes to be covered are drypoint, aquatint, monotyping, and etching. Students are expected to develop concepts and pursue a greater understanding of contemporary art.

Credit Hours: 3 hrs

Prerequisite: ARTS 121, ARTS 122, ARTS 123, and department permission

Previously Listed As: ARTS 311 - Relief and Intaglio, ART 306

Last Updated: Title and Description Change 10/2012, effective Winter 2013

ARTS 312 - Lithographic Printing

An introductory printmaking course dealing with image, design, and concepts as they relate to Lithography. Processes to be covered are stone lithography, reduction printing methods, color printing, and methods of monoprinting. Students are expected to develop concepts, and pursue a greater understanding of the contemporary art.

Credit Hours: 3 hrs

Prerequisite: ARTS 121, ARTS 122, ARTS 123, and department permission

Last Updated: 2/23/2011

ARTS 313 - Relief Printmaking

An introductory course that covers relief printmaking processes. Processes to be covered are linoleum relief prints, color reduction, woodcut and multiple block printing. Students are expected to develop concepts and pursue a greater understanding of contemporary art.

Credit Hours: 3 hrs

Prerequisite: ARTS 121, ARTS 122, ARTS 123 and foundations review

Class Restrictions: Sophomore standing and above

Major Restrictions: BFA in Studio Art, BS in Studio Art and BA in Visual Arts Education students only

Last Updated: New Course 10/2012, effective Winter 2013

ARTS 315 - Watercolor II

Further exploration of concepts and techniques introduced in Watercolor I. Projects and assignments are designed to help students refine and expand watercolor technique and processes as well as foster individual research and the development of personal direction. Individual and group critiques are frequent.

Credit Hours: 3 hrs

Prerequisite: ARTS 215, ARTS 290 and completion of foundations portfolio review

Previously Listed As: ART 414

Last Updated: 5/2/2011 - Prerequisites

ARTS 316 - Watercolor III

This course builds on concepts and techniques from Watercolor I and II. Focus is on pursuing an individual direction and establishing practices and processes for developing related series of paintings. Individual and group critiques are frequent.

Credit Hours: 3 hrs

Prerequisite: ARTS 315

Previously Listed As: ART 423

Last Updated: 5/2/2011 - Prerequisites

ARTS 321 - Intermediate Photography I

An investigation of intermediate and advanced black and white techniques. Student continue to explore a conceptual approach to the medium while beginning to develop their own personal vision. The work of other photographers is considered to give students a better understanding of the photographic language.

Credit Hours: 3 hrs

Prerequisite: ARTS 221, ARTS 290, passed foundation review, and department permission

Previously Listed As: ART 325

Last Updated: 2/23/2011

ARTS 322 - Intermediate Photography II

A continued investigation of techniques used in fine art photography with a particular focus on computer imaging. Students continue working to develop a personal style in preparation for the portfolio classes.

Credit Hours: 3 hrs

Prerequisite: ARTS 221, ARTS 290, passed foundation review, and department permission

Previously Listed As: ART 326

Last Updated: 2/23/2011

ARTS 323 - Intermediate Photography III

This is a second/third/fourth semester course in photography. It is designed to give students a better understanding of the technical aspects of photography while challenging them to refine their own artistic vision and critical abilities. Instruction will include technical lectures and demonstrations, open lab sessions for addressing problems on an individual level, critiques of class work, slide and reading discussions.

Credit Hours: 3 hrs

Prerequisite: ARTS 221, ARTS 290, passed foundation review, and department permission

Concurrent Prerequisite: ARTS 322

Last Updated: 2/24/2011

ARTS 325 - Intermediate Ceramics I

Further experiences in handbuilding with clay, in addition to beginning throwing on the wheel. A continuation of both sculptural and utilitarian ceramic assignments with an emphasis on craftsmanship; more work done at stoneware temperatures.

Credit Hours: 3 hrs

Prerequisite: ARTS 225, ARTS 290, passed foundation review, and department permission

Previously Listed As: ART 308

Last Updated: 2/24/2011

ARTS 326 - Intermediate Ceramics II

Continuing exploration of the clay medium with more emphasis on larger scale and increasingly complex sculptural and utilitarian forms. Alternative firing techniques are available -- salt, wood, and soda firings. Throwing is included. Introduction to glaze and clay testing methods.

Credit Hours: 3 hrs

Prerequisite: ARTS 325 and department permission

Previously Listed As: ART 407

Last Updated: 2/24/2011

ARTS 330 - Metalsmithing II

The course introduces complex fitting and soldering, cold forging, and small-tool making for chasing and repousse. Box construction is emphasized. The students improve their skills learned in Metalsmithing I and will begin to design with a personal style and meaning in their work.

Credit Hours: 3 hrs

Prerequisite: ARTS 230, ARTS 290, passed foundation review, and department permission

Previously Listed As: ART 321

Last Updated: 2/24/2011

ARTS 331 - Metalsmithing III

This course will focus on skills such as the use of the correct hammers for forming, raising, planishing, forging and texturing. Students learn to control a form in metal by making a template and raising according to the template. The students will also learn to increase the speed at designing and will experiment with a new technique to complete a three piece set of objects. The course will continue to develop style and meaning in student work while building a portfolio of exhibition work. Additional skills to be developed will be patina application, stick soldering, alternative finishes and hinges and photographing work.

Credit Hours: 3 hrs

Prerequisite: ARTS 330 and department permission

Previously Listed As: ART 442

Last Updated: 2/24/2011

ARTS 335 - Intermediate Sculpture

This course expands mainly on the vast number of materials, techniques and processes necessary to execute finished sculptures. Major aspects of wood and metal fabrication and mold-making are covered in depth. All of the assignments also deal with the conceptual aspects of sculpture.

Credit Hours: 3 hrs

Prerequisite: ARTS 235, ARTS 290 and completion of foundations portfolio review

Previously Listed As: ART 311

Last Updated: 5/3/2011 - Prerequisites

ARTS 340 - Weaving

An intermediate fibers class focusing on concepts using woven structures to explore historical and contemporary weaving. Fabrics will be investigated and created on the floor loom, which will be used as a tool for personal expression.

Credit Hours: 3 hrs

Prerequisite: ARTS 240, ARTS 290, passed foundation review, and department permission

Previously Listed As: ART 355

Last Updated: 2/24/2011

ARTS 341 - Intermediate Surface Design: Screen Printing

Intermediate fibers class focused on developing concepts through technical and creative solutions utilizing a broad range of materials and techniques. The techniques will range from low-tech to complex applications incorporating transparent and opaque textile pigments, thickened dye and discharge pastes.

Credit Hours: 3 hrs

Prerequisite: ARTS 240, ARTS 290, passed foundation review, and department permission

Previously Listed As: ART 356

Last Updated: 2/24/2011

ARTS 345 - Intermediate Furniture Design

Intermediate Furniture Design will focus on advanced woodworking processes along with their structural and aesthetic implications. These processes will include turning, laminate bending, vacuum bending, veneering, and relevant joinery methods. Students will design and build multiple furniture projects using these techniques.

Credit Hours: 3 hrs

Prerequisite: ARTS 245, ARTS 290, passed foundation review, and department permission

Last Updated: 2/24/2011

ARTS 350 - Introduction to Graphic Design II

Projects examine type methodology; complex typographic systems; rhetorical devices; word-image structures; typographic history and theory. Introduces appropriate tools.

Credit Hours: 3 hrs

Prerequisite: Grade of "C" or better in ARTS 250, ARTS 290 and completion of foundations portfolio review

Previously Listed As: ART 205

Last Updated: 5/3/2011 - Prerequisites

ARTS 351 - Image Making I

Image making as it applies to the materials and processes of communicating specific visual concepts. Introduces a wide variety of materials and imaging methods.

Credit Hours: 3 hrs

Prerequisite: Grade of "C" or better in ARTS 250, and department permission

Previously Listed As: ART 301

Last Updated: 2/24/2011

ARTS 352 - Intermediate Graphic Design I

Deals intensively with conceptual and technical issues; explores topics relevant to audience demographic; presents theories, philosophies, aesthetics and techniques related to mass-audience communication. Introduces appropriate methodologies.

Credit Hours: 3 hrs

Prerequisite: Grade of "C" or better in ARTS 350, ARTS 351, and department permission

Major Restrictions: Art Majors Only

Previously Listed As: ART 302

Last Updated: Prereq change 1/2013, effective Summer 2013; 2/24/2011

ARTS 353 - Intermediate Graphic Design II

Course analyzes symbol codes as learned and interpreted messages. Projects explore audience; context; sequence; and theories, philosophies, aesthetics, techniques and cultural references in symbol language message building. Introduces appropriate methodologies.

Credit Hours: 3 hrs

Prerequisite: Grade of 'C' or better in ARTS 352, ARTS 290, passed portfolio review, and department permission

Previously Listed As: ART 303

Last Updated: 2/24/2011

ARTS 355 - Introduction to Web and Interactive Media

This course introduces students to the fundamentals of web-based and interactive works of art. The course introduces students to appropriate scripting languages used to create web-based and interactive work. Conceptual and methodological approaches to web and interactive media are discussed. No previous programming experience is necessary.

Credit Hours: 3

Prerequisite: ARTS 127

Last Updated: 7/7/2011

ARTS 356 - Installation and Performance

This course examines methods and materials for the creation and documentation of site-specific and performative works of art. Students create work that explores the integration of video, interactivity, and performance within a physical environment. Concepts of corporeality, duration/endurance, material methodologies and space are discussed as they pertain to visual art.

Credit Hours: 3

Prerequisite: ARTS 255, ARTS 355, or instructor approval.

Last Updated: 7/7/2011

ARTS 357 - Intermediate Time-based Media

This course introduces students to advanced concepts and methods used in the production of time-based media as it is employed in an art context. Narrative, non-narrative, and performance structures are further explored. Additional methods of production, such as experimental animation, are introduced. The exhibition of scree-based work, both within the gallery and alternative venues, is further investigated.

Credit Hours: 3

Prerequisite: ARTS 255

Last Updated: 7/7/2011

ARTS 358 - Intermediate Web and Interactive Media

This course further explores web-based and interactive works of art. Conceptual and methodological approaches to web and interactive media are further discussed. The course explores web memes and their role in visual art. Interactive environments and physical computing are introduced. The exhibition of interactive and net-based work, both within the gallery and alternative venues, is further investigated.

Credit Hours: 3

Prerequisite: ARTS 355

Last Updated: 7/7/2011

ARTS 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: ART377

ARTS 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: ART378

ARTS 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: ART379

ARTS 387 - Cooperative Education in Art

Employment in a graphic design firm, studio, or agency with an opportunity for practical design experience. Placement approval required by graphic design area.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: ART387

ARTS 390W - Studio Concepts (Gen Ed Area I, W)

Studio Concepts addresses conceptual/methodological approaches/practices for the making of art. The course is designed to expose students to conceptualization, visual production and meaning within the art world. It will examine contemporary artist works and writings as well as larger critical theories.

Credit Hours: 3 hrs

Prerequisite: ARTS 121, ARTS 122, ARTS 123, ARTH 165 and departmental permission

Concurrent Prerequisite: ARTS 126, ARTS 127, ARTH 165

Previously Listed As: ARTS 390

Area I: Effective Communication

ARTS 390W Studio Concepts

The Writing Intensive components in the Studio Concepts course are designed to give students experience writing within the field of visual art. Specific assignments include written artist statements, short narratives for the purpose of planning and describing upcoming projects, and written critiques and evaluations of peer work. For these writing assignments, students will be required to effectively bring together and utilize concepts and vocabulary introduced in prerequisite and co-requisite courses. Studio Concepts will provide students with practical writing skills in critical activities such as how to create an effective artist's statement, an ability studio artists need as they prepare for exhibitions and other professional events. The capacity to use writing to plan specific projects is also a critical skill; professional artists frequently apply for exhibitions, projects, and grants for which clearly written documents are essential to success. Finally, being able to write thoughtful and effective critiques of visual work is key to an artist's ability to analyze his or her own work and is important if an individual is to grow and develop effectively as an

artist.

Last Updated: Gen Ed Approval 12/2011, effective Winter 2012; New Course 04/2011, effective Spring 2011

ARTS 401 - Advanced Painting I

Emphasizes the individual student's development of a personal direction in his/her work, which is supported by a sound conceptual foundation and is executed through appropriate technical means. There is a greater expectation of intellectual growth and focused skill development at this level.

Credit Hours: 3 hrs

Prerequisite: ARTS 301 and ARTS 302

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 413

Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 403 - Advanced Painting II

The culmination of the five-course painting sequence. By the end of this course, students are expected to present a cogent body of work that is conceptually and technically sound and at a level that demonstrates they are reasonably situated to proceed to master's level work, or to enter society as a working artist. A greater emphasis on research and writing may be included in the curriculum at this level.

Credit Hours: 3 hrs

Prerequisite: ARTS 401 and ARTS 300

Corequisites: ARTS 490W

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 481

Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 405 - Advanced Life Drawing

Investigation of contemporary approaches to the human figure as a subject. Emphasis is placed on interpretive skills and the development of a personal direction, which is supported by sound technical and conceptual foundation. Group discussions and critiques are frequent.

Credit Hours: 3 hrs

Prerequisite: ARTS 290, ARTS 305 and completion of foundations portfolio review

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 419

Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 406 - Advanced Drawing

Intensive studio work in selected perceptual or conceptual problems. Emphasis is on independent research and the development of a personal direction, which is supported by a sound technical and conceptual foundation. Group discussions and critiques are frequent.

Credit Hours: 3 hrs

Prerequisite: ARTS 205 and ARTS 306

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 432

Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 407 - Advanced Life Drawing II

Intensive studio work involving the human figure as subject in selected projects and drawing media. Emphasis is on independent research and the development of a cogent body of work that is technically and conceptually sound. Group discussions and critiques are frequent.

Credit Hours: 3 hrs

Prerequisite: ARTS 300, ARTS 307 and ARTS 405

Corequisites: ARTS 490W

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 439

Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 408 - Advanced Drawing II

Further intensive studio work in selected perceptual or conceptual problems. Emphasis is on independent research and the development of a cogent body of work that is technically and conceptually sound. Group discussions and critiques are frequent. Students will explore personal and aesthetic issues through independently driven assignments, class critiques, and visual and written materials, in the pursuit of creating an individual portfolio representative of a body of work.

Credit Hours: 3 hrs

Prerequisite: ARTS 300, ARTS 307 and ARTS 406

Corequisites: ARTS 490W

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; 2/24/2011

ARTS 410 - Intermediate Printmaking

Intermediate level course that focuses on combining previous processes and taking a non-traditional approach. The course places an emphasis on working independently and conceptual development. This course will also include more in-depth critiques, research and presentations.

Credit Hours: 3 hrs

Prerequisite: ARTS 290; Three of the following courses: ARTS 210, ARTS 310, ARTS 311, or ARTS 312; and have passed foundation review

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 406

Last Updated: Graduate Credit 07/2011; 2/24/2011

ARTS 411 - Advanced Printmaking

An advanced printmaking course that pushes the understanding of earlier processes. Students develop thematic work and are expected to push the dialogue to a more advanced level. Students are also expected to work independently on projects agreed upon by the instructor.

Credit Hours: 3 hrs

Prerequisite: ARTS 410 and department permission

Corequisites: ARTS 490W

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; 2/24/2011

ARTS 416 - Watercolor IV

Continuing development of an individual direction through research, planning, and process. Students focus on depth of content and self-evaluation. Preparation for the Senior Exhibition is emphasized. Individual and group critiques are frequent.

Credit Hours: 3 hrs

Prerequisite: ARTS 300, ARTS 306 and ARTS 316

Concurrent Prerequisite: ARTS 216

Corequisites: ARTS 490W

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 424

Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 421 - Photography Portfolio I

Development of a unified body of work representing the undergraduate photographic experience.

Credit Hours: 3 hrs

Prerequisite: ARTS 321, ARTS 322, ARTS 323, and department permission

Previously Listed As: ART 449

Last Updated: 2/24/2011

ARTS 422 - Photography Portfolio II

This is a sixth semester course in photography. As a continuation of Portfolio Photography I, it is designed to give students the tools necessary to continue the pursuit of fine art photography on their own. Instruction will be based primarily around in-class critiques and discussion of student work, but will also include reading and slide discussions as well as technical demos and "workshops".

Credit Hours: 3 hrs

Prerequisite: ARTS 421 and department permission

Corequisites: ARTS 490W

Last Updated: 2/24/2011

ARTS 425 - Advanced Ceramics I

Emphasis is placed on the development of personal style. The student will concentrate on sculptural or utilitarian work, handbuilt or thrown. Further training in glaze and clay development. Emphasis is on individual style, production techniques, studio management and exhibition programs.

Credit Hours: 3 hrs

Prerequisite: ARTS 326 and department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 408

Last Updated: Graduate Credit 07/2011; 2/24/2011

ARTS 426 - Advanced Ceramics II

Further emphasis is placed on the development of personal style with choices made: will the student concentrate on sculptural or utilitarian work, handbuilt or thrown? Further training in glaze and clay development. The summation of the undergraduate ceramics program; emphasis on individual style, production techniques, studio management and exhibition programs.

Credit Hours: 3 hrs

Prerequisite: ARTS 421

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 430 - Metalsmith IV

The students will be responsible for developing a proposal for three exhibition pieces. This proposal will contain a theme, a list of experimental techniques to be tested and a procedural plan. At this point students are able to multitask in the studio. This way they can work on several pieces at once. All work will be photographed in a professional manner.

Credit Hours: 3 hrs

Prerequisite: ARTS 331

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 443

Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 431 - Metalsmithing V

This course is designed to allow students design complex metals pieces and encourage individual exploration of advanced techniques. Techniques include but are not limited to: blacksmithing, enameling, stone setting, die making, lathe work, electroforming, casting, patina exploration, hydraulic press work, photo etching, mold-making and commercial exploration or limited production work. Students will select a particular technique, research and experiment the technique, and complete three exhibition quality works.

Credit Hours: 3 hrs

Prerequisite: ARTS 430 and department permission

Corequisites: ARTS 490W

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; 2/24/2011

ARTS 435 - Advanced Sculpture I

The students in advanced sculpture are allowed to pursue a concept or technique from ARTS 335 as the beginning of their self-directed studio experience. Many types of mold making are explored. Leads to bronze and other metal casting processes. Extensive experimentation in chose technique(s) is expected.

Credit Hours: 3 hrs

Prerequisite: ARTS 335 and department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 410

Last Updated: Graduate Credit 07/2011; 2/24/2011

ARTS 436 - Advanced Sculpture II

The students in advanced sculpture are directed to continue working on a concept or technique from their sculpture experiences and begin to explore and create a body of work. Students are encouraged and challenged to create a strong studio work ethic and an ability to begin to make self-directed choices.

Credit Hours: 3 hrs

Prerequisite: ARTS 435 and department permission

Previously Listed As: ART 411

Last Updated: 2/24/2011

ARTS 437 - Advanced Sculpture III

The students in advanced sculpture are directed to continue working on a concept or technique from their sculpture experiences and begin to explore and create a body of work. The students are required to write an artist statement, photograph their work, and build a digital portfolio.

Credit Hours: 3 hrs

Prerequisite: ARTS 436 and department permission

Corequisites: ARTS 490W

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 412

Last Updated: Graduate Credit 07/2011; 2/24/2011

ARTS 440 - Three-Dimensional Fibers

This course will focus on the investigation of traditional and nontraditional three-dimensional fiber processes using a broad range of materials and processes. Sculptural approaches to fiber structures will be enhanced through an investigation of material and concept exploration.

Credit Hours: 3 hrs

Prerequisite: ARTS 240 and department permission

Concurrent Prerequisite: ARTS 340

Previously Listed As: ART 458

Last Updated: 2/24/2011

ARTS 441 - Digital Printing for Fibers

Advanced fibers class focusing on digital printing onto a variety of fabrics using digital photography and computer programs as a tool for further manipulation. The investigation of concepts and use of pattern, imagery and meaning onto fabrics will further transform and manipulate the fabric surface.

Credit Hours: 3 hrs

Prerequisite: ARTS 340, ARTS 341, and department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 450

Last Updated: Graduate Credit 07/2011; 2/24/2011

ARTS 442 - Embellished Surfaces

This class introduces many different forms of embellishing that enhance a wide variety of surfaces. Processes will include: applique, reverse applique, beading, hand and machine sewing all on a variety of constructed surfaces. The course challenges students to develop concepts and ideas that expand the traditional boundaries of embellishment.

Credit Hours: 3 hrs

Prerequisite: ARTS 240, ARTS 290, passed foundation review, and department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; 2/24/2011

ARTS 443 - Advanced Fibers

The primary focus is on developing a strong body of work created by using fiber or fiber related techniques culminating in portfolio development.

Credit Hours: 3 hrs

Prerequisite: ARTS 340; ARTS 341; and one of the following: ARTS 440, ARTS 441, or ARTS 442; and department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 455

Last Updated: Graduate Credit 07/2011; 2/24/2011

ARTS 445 - Advanced Furniture Design I

Advanced Furniture Design I will focus on non-wood fabrication processes, along with their structural and aesthetic implications. Materials used will include aluminum, steel, fiberglass, and plastics. Students will learn welding, casting, and fiberglass lay-up processes, and will design and build multiple furniture projects using these techniques.

Credit Hours: 3 hrs

Prerequisite: ARTS 345 and department permission

Last Updated: 2/24/2011

ARTS 446 - Advanced Furniture Design II

Advanced Furniture Design II will focus on chair design, ergonomics, and upholstery methods along with their structural and aesthetic implications. Students will design and build multiple chair projects combining previous methods/materials with these concepts.

Credit Hours: 3 hrs

Prerequisite: ARTS 445 and department permission

Last Updated: 2/24/2011

ARTS 447 - Furniture Design Portfolio

Furniture Design Portfolio will focus on the design and execution of each student's degree project and the preparation of a professional portfolio. Students will conduct research and/or data collection relative to the nature of each project. Projects will demonstrate a personal style of mode of expression.

Credit Hours: 3 hrs

Prerequisite: ARTS 446 and department permission

Corequisites: ARTS 490W

Last Updated: 2/24/2011

ARTS 451 - Image Making II

Image making as applied to advanced communication concepts. Students are exposed to theories, philosophies, aesthetics, techniques and experiences used in visual message building.

Credit Hours: 3 hrs

Prerequisite: Grade of "C" or better in ARTS 352 and completion of foundations portfolio review

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 462

Last Updated: Graduate Credit 07/2011; Prerequisites 05/2011

ARTS 452 - Advanced Graphic Design

Advanced work in visual communications; students are exposed to theories, philosophies, aesthetics, techniques and experiences used in complex visual communication environments.

Credit Hours: 3 hrs

Prerequisite: Grade of "C" or better in ARTS 353, ARTS 451 and ARTH 474

Corequisites: ARTS 490W

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 460

Last Updated: Prereq change 1/2013, effective Summer 2013; Graduate Credit 07/2011; 05/2011

ARTS 454 - Graphic Design Practicum

This course gives students direct experience in the field of graphic design by working on client-based projects. Projects vary each term and include both on and off campus clients.

Credit Hours: 3 hrs

Prerequisite: ARTS 352, department permission, and instructor approval

Previously Listed As: ART 348

Last Updated: 2/24/2011

ARTS 455 - Advanced Time-based Media I

Intensive studio that students begin to explore personal and aesthetic issues through independently driven assignments, class critiques, and visual and written materials, in the pursuit of creating a body of work or larger work. Students must demonstrate a conceptual, technical, and methodological understanding of time-based media. Work produced can explore any genre of time-based media including but not limited to: web media, digital video, experimental animation, interactive installation, and performance art.

Credit Hours: 3

Prerequisite: ARTS 357, ARTS 358

Last Updated: 7/7/2011

ARTS 456 - Advanced Time-based Media II

Intensive studio furthering the exploration of personal and aesthetic issues that students begin in ARTS 455 Advanced Time-based Media I. Students must demonstrate a conceptual, technical, and methodological understanding of time-based media. Work produced can explore any genre of time-based media including but not limited to: web media, digital video, experimental animation, interactive installation, and performance art. Course to be taken concurrently with ARTS 490 Capstone.

Credit Hours: 3

Prerequisite: ARTS 455

Last Updated: 7/7/2011

ARTS 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: ART477

ARTS 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: ART478

ARTS 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: ART479

ARTS 487 - Cooperative Education in Art

Employment in a graphic design firm, studio or agency with an opportunity for practical design experience. Placement approval required by graphic design area.

Credit Hours: 3 hrs

Prerequisite: ARTS 387; approval by graphic design area; department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ART 487

Last Updated: Graduate Credit 07/2011; 02/2011

ARTS 490W - Capstone (Gen Ed Area I, W)

This course is taken in conjunction with the last course in each student's area of concentration. It is designed as the culminating learning experience for students in the BFA curriculum and will help provide direction for their future professional careers. The course will focus on preparation for a required senior exhibition, the development of a professional portfolio, and the creation necessary written documents to support one's professional career.

Credit Hours: 3 hrs

Prerequisite: department permission

Corequisites: Students must be enrolled in the last course of their area of concentration: ARTS 403, ARTS 407, ARTS 408, ARTS 411, ARTS 416, ARTS 422, ARTS 426, ARTS 431, ARTS 437, ARTS 443, ARTS 447, ARTS 452, or ARTS 456

Class Restrictions: Senior standing only

Previously Listed As: ARTS 490

Last Updated: 2/24/2011

ARTS 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not have regular course work.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: ART497

ARTS 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not have regular course work.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: ART498

ARTS 499 - Independent Study

Advanced study on an individual basis in areas in which the department does not have regular course work.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: ART499

Biology Programs and Courses

Biology

Major

Biology Major

Majors should start with BIO 110 followed by BIO 120 in their freshman year. Chemistry courses should also be started in the freshman year in order to fulfill the requirements for the 300- and 400- level biology courses. The core biology lectures and laboratories should be completed no later than the end of the junior year. Since BIO 301 is a pre- or corequisite for both BIO 305 and BIO 315, it should be completed as soon as possible to avoid any delay in graduation. The 15 semester hours of electives allow a student to specialize or to take a variety of biology courses. Although some electives can be taken as early as the sophomore year, most will be taken in the junior and senior years. Students are strongly advised to elect the remaining core course as one of the electives.

Biology Department Information:

Interim Department Head: Daniel Clemans
Department Contact: dclemans@emich.edu
Website: <http://www.emich.edu/biology/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 63-65

Biology: 36 hours

Required Foundation Courses: 13 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 301 - Genetics 3 hrs

Biology Core Courses: 6 hours

Two courses from the following:

- BIO 305 - Cell and Molecular Biology 3 hrs
- BIO 310 - Ecology 3 hrs
- BIO 315 - Evolution 3 hrs

Biology Core Labs: 3 hours

One course from the following:

- BIO 306W - Cell and Molecular Biology and Genetics Laboratory (Gen Ed Area I, W) 3 hrs
- BIO 311W - Laboratory in Ecology (Gen Ed Area I, W) 3 hrs

Restricted Electives: 14 hours

Choose an additional 14 semester hours at the 300- and 400-level in biology. At least one course must be at the 400 level. All courses must have a minimum prerequisite of BIO 120. BIOT courses cannot be counted toward the biology major. No more than six hours of BIO 387 - Cooperative Education in Biology and BIO 497-BIO 499 - Undergraduate Research in Biology can be counted toward the major.

Chemistry: 16-17 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr

Select either option I or option II:

Option I:

- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs

Option II:

- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr

One course from the following:

- CHEM 351 - Foundations of Biochemistry 4 hrs
- CHEM 451 - Biochemistry I 3 hrs

Physics: 8 hours

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

Math: 3-4 hours

One course from the following:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Options are BIO 306W and BIO 311W.

Students who plan to pursue graduate work in biology or who are in a pre-professional program should select Option I: CHEM 371/372/373 Organic Chemistry I-II with lab.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Biology Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in biology, certification code DA and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Science Teachers Association. The Michigan Test for Teacher Certification (MTTC) covering this field is #017, "Biology."

Biology Department Information:

Interim Department Head: Daniel Clemans
 Department Contact: dclemons@emich.edu
 Website: <http://www.emich.edu/biology/>

Advisor Information:

Program Advisor: Jamin Eisenbach
Email: jeisenbac@emich.edu
Phone: 734.487.4242

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.

7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 57-59 hours

Required Foundation Courses: 29 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 301 - Genetics 3 hrs
- BIO 305 - Cell and Molecular Biology 3 hrs
- BIO 310 - Ecology 3 hrs
- BIO 315 - Evolution 3 hrs
- BIO 326 - Human Physiology 3 hrs
- * BIO 406 - The Nature of Science 1 hr

One course from the following:

- BIO 306W - Cell and Molecular Biology and Genetics Laboratory (Gen Ed Area I, W) 3 hrs
- BIO 311W - Laboratory in Ecology (Gen Ed Area I, W) 3 hrs

Elective Courses: 1 hour

One hour at the 300-level or above in biology selected in consultation with a biology advisor. The courses must have a minimum prerequisite of BIO 120. BIOT courses may not be counted toward a biology major.

Chemistry: 16-17 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr

Select either option I or option II:

Option I:

- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs

Option II:

- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr

One course from the following:

- CHEM 351 - Foundations of Biochemistry 4 hrs
- CHEM 451 - Biochemistry I 3 hrs

Physics: 8 hours

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

Math: 3-4 hours

One course from the following:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Biology Majors take:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Options are BIO 306W and BIO 311W.

* PHY 406, CHEM 406 or ESSC 406 may be substituted for BIO 406

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for

college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Biology Minor

Minors should start with BIO 110 - Introductory Biology I (Gen Ed Area IV) followed by BIO 120 - Introductory Biology II in their freshman or sophomore year. Minors without high school biology should take BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) before taking BIO 110. (Although BIO 105 will not count toward the biology minor, credit earned in this course will count toward the 124 hours required for graduation.)

Students need to take CHEM 121/CHEM 122 and CHEM 123/CHEM 124 to satisfy the prerequisites for BIO 305.

Biology Department Information:

Interim Department Head: Daniel Clemans

Department Contact: dclemans@emich.edu

Website: <http://www.emich.edu/biology/>

Required Courses: 13 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 301 - Genetics 3 hrs

Restricted Elective Courses: 3 hours

One course from the following:

- BIO 305 - Cell and Molecular Biology 3 hrs
- BIO 310 - Ecology 3 hrs
- BIO 315 - Evolution 3 hrs

Elective Courses: 6 hours

Six hours at the 300- or 400-level in biology selected in consultation with a biology advisor. All elective courses must have a minimum prerequisite of BIO 120. BIOT courses may NOT be counted toward a biology minor. Students are strongly advised to select other restricted electives to fulfill this requirement. No more than six hours of BIO 387 - Cooperative Education in Biology and BIO 497-499 - Undergraduate Research in Biology can be counted toward the minor.

Minor Total: 22 hours

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. - For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Conservation and Resource Use Minor

This program is administered jointly by the heads of the Department of Biology, the Department of Economics, The Department of Geography and Geology and the Department of Sociology, Anthropology and Criminology.

Students electing this minor must confer with the advising coordinator for conservation and resource use to obtain an approved schedule of electives. Substitutions on the approved program will count only if approved by the advisor.

Students are strongly urged to take PLSC 202 - State and Local Government (Gen Ed Area IV)

Biology Department Information:

Interim Department Head: Daniel Clemans
 Department Contact: dclemons@emich.edu
 Website: <http://www.emich.edu/biology/>

Required Courses: 13-14 hours

- BIO 107 - Introduction to Environmental Science (Gen Ed Area III) 3 hrs
or
- ESSC 107 - Introduction to Environmental Science (Gen Ed Area III) 3 hrs

- * BIO 226 - Global Ecology and the Environment 4 hrs
- ** ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs

One course from the following:

- *** ESSC 108 - Earth Science for Nonscience Majors (Gen Ed Area IV) 3 hrs
- *** ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs

Elective Courses: 9 hours

Nine hours from the following selected in consultation with the advising coordinator:

- BIO 130 - Biology of Plants 4 hrs
- BIO 140 - Biology of Animals 4 hrs
- BIO 215 - Plants and People (Gen Ed Area III) 3 hrs
- BIO 310 - Ecology 3 hrs
- BIO 311W - Laboratory in Ecology (Gen Ed Area I, W) 3 hrs
- BIO 410 - Limnology 3 hrs
- BIO 413 - Wetland Ecosystems 3 hrs
- BIO 414 - Terrestrial Ecosystems 3 hrs
- BIO 455 - Plant Evolution and Classification 3 hrs
- BIO 456 - Freshwater Algae 3 hrs
- BIO 457 - Aquatic Plants 3 hrs
- BIO 458 - Trees and Shrubs 3 hrs
- BIO 460 - Plant Anatomy 3 hrs
- BIO 480 - Natural History of Invertebrates 3 hrs
- BIO 481 - Natural History of Vertebrates 3 hrs
- BIO 482 - Ichthyology 3 hrs
- BIO 483 - Mammalogy 3 hrs
- BIO 484 - Herpetology 3 hrs
- BIO 485 - Ornithology 3 hrs
- BIO 486 - Entomology 3 hrs
- CHEM 115 - Chemistry and Society (Gen Ed Area IV) 3 hrs
- CHEM 415 - Environmental Chemistry 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 336 - Economics of Environment and Natural Resources 3 hrs
- ECON 337 - Energy Economics and Policies 3 hrs
- ESSC 114 - Geology of the National Parks (Gen Ed Area IV) 4 hrs
- ESSC 208 - Natural Environmental Hazards 3 hrs
- ESSC 229 - Rocks and Minerals 3 hrs
- ESSC 320 - Oceanography 3 hrs
- ESSC 324 - Weather 3 hrs
- ESSC 327 - Soil Science 4 hrs
- ESSC 424 - Climatology 3 hrs
- ESSC 495 - Environmental Assessment and Planning 3 hrs
- GEOG 235 - Economic Geography 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs

- GEOG 332 - Urban Geography 3 hrs
- GEOG 361 - Geography of Population 3 hrs
- GEOG 405 - Aerial Photo Interpretation 3 hrs
- URP 215 - Introduction to Urban and Regional Planning 3 hrs
- URP 495 - Environmental Assessment and Planning 3 hrs
- SOCL 306 - The Urban Community 3 hrs
- SOCL 334 - Population 3 hrs

Minor Total: 22-23 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

** Biology majors minoring in conservation will take BIO 310 and BIO 311W on the major and substitute additional approved electives on the minor.*

*** Students who prefer to elect ECON 201-202 to satisfy general education requirements may count ECON 201 as an elective on the minor. Students who are required to take ECON 201-202 for other purposes on their curricula, as in business administration, may not count it on this minor and must substitute an additional elective for ECON 202.*

**** Students required to take ESSC 108 - Earth Science for Nonscience Majors (Gen Ed Area IV) on a major or minor in the Geography and Geology Department will take an additional four hours of electives on this minor from the approved list.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a

minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Human Biology Minor

The Human Biology minor is open to all majors including Biology.

Required courses provide students with a background in biology with electives that highlight contemporary issues in human biology.

Biology Department Information:

Interim Department Head: Daniel Clemans
Department Contact: dcleman@emich.edu
Website: <http://www.emich.edu/biology/>

Required Courses: 4-5 hours

One course from the following:

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs

Elective Courses: 15-16 hours

15 to 16 hours of the following:

- BIO 251 - Human Anatomy and Physiology I 4 hrs
- BIO 255 - Human Genetics 3 hrs
- BIO 256 - The Biology of Cancer 2 hrs
- BIO 257 - Human Embryonic Development 3 hrs
- BIO 258 - Germs, Plagues and Human Infections 3 hrs
- BIO 259 - Biology of Aging 2 hrs
- BIO 269 - Biology of Sex and Gender 3 hrs
- BIO 328 - Introductory Microbiology 3 hrs
- BIO 330 - Neuroanatomy 4 hrs

No more than one course from the following:

- * BIO 252 - Human Anatomy and Physiology II 4 hrs
- * BIO 326 - Human Physiology 3 hrs

Minor Total: 20 hours

Due to the unique numbering system in place in the Department of Biology, it has been determined by the University that completion of the Human Biology Minor as written in the catalog meets the requirements for graduation.

Note:

Minors should start with either BIO 105 or BIO 110.

** For students choosing to take an additional course in human physiology after completing BIO 251, they may choose either BIO 252 or BIO 326, but not both.*

The Human Biology Minor is open to the biology major, however these students will not be able to apply BIO 110 toward the Human Biology Minor because it must be applied to the biology major. Instead, these students are required to make up 4 credit hours from the above electives or consult with an adviser for details.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Plant Biology Minor

Open to both Biology majors and non-majors. The minor is intended to provide students with opportunities to study plants from a variety of perspectives, ranging from molecular to ecological levels of organization. Students who are not majoring in biology will not have the necessary prerequisites for certain courses, so it is important to meet with a Plant Biology Minor advisor early in their program.

Biology Department Information:

Interim Department Head: Daniel Clemans
 Department Contact: dclemons@emich.edu
 Website: <http://www.emich.edu/biology/>

Required Course: 4 hours

- * BIO 130 - Biology of Plants 4 hrs

Restricted Electives: 16 hours

16 hours from the following:

- BIO 215 - Plants and People (Gen Ed Area III) 3 hrs
- BIO 226 - Global Ecology and the Environment 4 hrs
- ** BIO 412 - Biogeography 3 hrs
- BIO 455 - Plant Evolution and Classification 3 hrs
- BIO 456 - Freshwater Algae 3 hrs
- BIO 457 - Aquatic Plants 3 hrs
- BIO 458 - Trees and Shrubs 3 hrs
- BIO 459 - Mycology 3 hrs
- BIO 460 - Plant Anatomy 3 hrs
- ** BIO 461 - Plant Physiology 3 hrs
- ** BIO 462 - Plant Biotechnology 3 hrs

Minor Total: 20 hours

Notes:

All minors must have at least six hours of course work at the 300 level or above.

** No credit will be given to students who have completed BIO 120. Biology majors electing the plant biology minor must take an additional four credits of restricted electives in place of BIO 130.*

*** These courses have additional prerequisites other than BIO 130. Consult with adviser for details.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Biology Minor

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in biology, certification code DA. The Michigan Test for Teacher Certification (MTTC) covering this field is #017, "Biology."

Biology Department Information:

Interim Department Head: Daniel Clemans
Department Contact: dclemans@emich.edu
Website: <http://www.emich.edu/biology/>

Advisor Information:

Program Advisor: Jamin Eisenbach
Phone: 734.487.4242
Email: jeisenbac@emich.edu

Required Courses: 25 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 301 - Genetics 3 hrs
- BIO 310 - Ecology 3 hrs
- BIO 326 - Human Physiology 3 hrs

One course from the following:

- ** BIO 305 - Cell and Molecular Biology 3 hrs
- BIO 315 - Evolution 3 hrs

One course from the following:

- BIO 306W - Cell and Molecular Biology and Genetics Laboratory (Gen Ed Area I, W) 3 hrs
- BIO 311W - Laboratory in Ecology (Gen Ed Area I, W) 3 hrs

Minor Total for Science Majors: 25 hours

Students minoring in Biology with secondary certification, but not majoring in a science teaching program must take the following courses:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
- * BIO 406 - The Nature of Science 1 hr

Minor Total for Non-Science Majors: 29 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

** CHEM 406, ESSC 406, or PHY 406 may be substituted for BIO 406.*

*** Students need to take CHEM 121/122 and CHEM 123/124 to satisfy the prerequisites for BIO 305.*

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Zoology Minor

Biology Department Information:

Interim Department Head: Daniel Clemans
Department Contact: dclemans@emich.edu
Website: <http://www.emich.edu/biology/>

Minor Total: 20 hours

Open only to students majoring in biology. Students electing this minor must file an approved program of required/elective courses with a faculty advisor and with the Department of Biology undergraduate coordinator. Any program changes require prior written approval of the faculty advisor and the Department of Biology undergraduate coordinator.

This minor is not to be considered as a teaching minor for prospective elementary or secondary teachers. Prospective teachers who wish to elect this minor must complete a second minor outside of the Biology Department to satisfy the current requirements for teacher certification.

Note:

All minors must have at least six hours of course work at the 300 level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Biology

BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV)

A study of the basic concepts of modern biology common to all organisms with an emphasis on human systems and issues. Designed for students who are not majoring or minoring in biology.

Credit Hours: 4 hrs

Lecture/Lab Hours: The course consists of two 75-minute lectures and three hours of laboratory each week

Notes: This course is not open to students with credit in BIO 110 and/or BIO 120.

Previously Listed As: BIOL 105

Area IV: Knowledge of the Disciplines

BIO 105 Introduction to Biology for Non-Majors

BIO 105 is designed to enable students who are not biology majors to understand the fundamental concepts, principles and processes upon which all life is based, the relationship between biology and their day-to-day world; how scientists acquire scientific knowledge; and how this methodology is used to address questions important to health and environmental issues

around the world. This information provides students with the tools to enable them to become responsible, scientifically literate global citizens and voters. Students who successfully complete BIO 105 have the ability to critically evaluate popular press articles and other media reporting on technological, health-related and environmental issues. This ability empowers students to make better, scientifically-informed life decisions.

Last Updated: Links 02/2011

BIO 106 - Biology from a Human Perspective (Gen Ed Area IV)

This course is an introductory course that emphasizes human biology for the non-major in lecture and a laboratory that includes dissections. We cover the fundamental concepts, principles, and processes upon which life is based and the use of the scientific method through the application of these principles, concepts and processes.

Credit Hours: 4 hrs

Equivalent Courses: BIO 105

Area IV: Knowledge of the Disciplines

BIO 106 Biology From a Human Perspective

BIO 106 is designed to enable students who are not biology majors to understand the following: the fundamental concepts, principles, and processes upon which life is based; the relationship between biology and their day-to-day world; how scientists acquire scientific knowledge; and how this methodology is used to address questions important to health and environmental issues around the world. This information provides students with the tools to enable them to become responsible, scientifically literate global citizens and voters. Students who successfully complete BIO 106 have the ability to critically evaluate popular press articles and other media reporting on technological, health-related and environmental issues. This ability empowers students to make better, scientifically-informed life decisions. As such, BIO 106 meets the requirements of a Natural Science Course in the Knowledge of the Disciplines portion of the new General Education program.

Last Updated: Gen Edu Approval. 6/2012, effective Winter 2013; Change in Equivalency 05/2012, effective Fall 2012; New Course 04/2012

BIO 107 - Introduction to Environmental Science (Gen Ed Area III)

An introduction to the basic biological, physical and chemical processes that control today's environmental conditions. The global ecosystem is presented as a structure that includes human society. The understanding of local and global environmental problems and discussion of potential solutions are emphasized.

Credit Hours: 3 hrs

Cross-Listed with: ESSC 107

Previously Listed As: BIOL 107

Area III: Perspectives on a Diverse World

BIOL/ESSC 107 Introduction to Environmental Science

This course gives students an understanding of important challenges to the integrity of the global ecosystem and begins to explain many of the scientific and social issues that surround them. Globally, human health and economic well-being can only be sustained under amenable environmental conditions, which depend on climate, atmosphere, water, forests, agricultural soils, human population density and biodiversity. Every bit of the surface of Earth is influenced by human activities; the global connectedness of our economic activities means that many of our everyday decisions impact far-flung corners of the planet. The goal of this class is for students to gain a better understandings of the workings of the global ecosystem and how the expanding

human population interacts with it and depends on it. Learning the basics of environmental science will allow students to make informed decisions about individual and collective actions that impact the present and future state of the environment, both locally and globally.

Last Updated: 2/28/2011

BIO 110 - Introductory Biology I (Gen Ed Area IV)

The basic concepts of biology upon which students can begin to develop a conceptual framework of the discipline will be developed in this course and reinforced in upper-level courses. Cell structure and function, molecular biology, Mendelian and population genetics, evolutionary theory and ecology will be covered in this first semester of a two-semester sequence. Inquiry-oriented laboratory exercises and inquiry-oriented methods will be emphasized in lecture and discussion sections.

Credit Hours: 5 hrs

Lecture/Lab Hours: Course meets for two 75-minute lectures, one hour of discussion and three hours of laboratory each week

Prerequisite: MATH 098 or above or Math level 2 with concurrent registration in MATH 098

Notes: BIO 110 is required for students taking a major or minor in biology.

Previously Listed As: BIOL 110

Area IV: Knowledge of the Disciplines

BIO 110 Introduction to Biology I

BIO 110 is designed to enable students to understand the fundamental concepts, principles and processes upon which all life is based; the relationship of the course material to their day-to-day world; and how to apply the scientific method. Students are provided with the tools to enable them to become responsible, scientifically literate global citizens and voters. Students who successfully complete BIO 110 have the ability to read critically a biologically relevant popular press article and to evaluate the reporting of technological, health-related and environmental issues. The ability empowers students to make better, scientifically-informed life decisions.

Last Updated: Links 02/2011

BIO 120 - Introductory Biology II

The basic concepts of biology upon which students can begin to develop a conceptual framework of the discipline will be developed in this course and reinforced in upper-level courses. Plant physiology, development and diversity; and animal physiology, development, diversity and behavior, will be covered in this second semester of a two-semester sequence. A continued emphasis on inquiry-oriented laboratory exercises and inquiry-oriented methods will be applied to lecture and discussion sections.

Credit Hours: 5 hrs

Lecture/Lab Hours: Course meets for two 75-minute lectures, one hour of discussion and three hours of laboratory each week

Prerequisite: C or better in BIO 110

Notes: BIO 120 is required for students taking a major or minor in biology.

Previously Listed As: BIOL 120

Last Updated: 2/28/2011

BIO 130 - Biology of Plants

An introduction to the plant kingdom for non-biology majors. The biology of plants is explored from the cellular through whole-organism levels of organization, focusing on the roles of diverse plant groups in our environment.

Credit Hours: 4 hrs

Lecture/Lab Hours: Two 75-minute lectures plus three hours of laboratory experience.

Notes: Does not count toward the biology major or minor.

Previously Listed As: BOTN 130

Last Updated: 2/16/2011

BIO 140 - Biology of Animals

With three hours of lecture and three hours of combined recitation/demonstration and laboratory this course will focus on the biology and impact of the diverse animal groups in their interaction with humans. Diseases caused, new medical contributions, economic costs and benefits and ecological roles of repressive animals will be studied.

Credit Hours: 4 hrs

Notes: Does not count toward the Biology major or minor.

Previously Listed As: ZOOL 140

BIO 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: BIOL 177

BIO 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: BIOL 178

BIO 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: BIOL 179

BIO 205 - Field Biology

A lecture, laboratory and field course in the behavior, ecology and broad classification of plants and animals, giving training in recognition of common plants and animals of Michigan. Gives background material to the nonspecialist interested in outdoor life, and to the elementary school teacher.

Credit Hours: 4 hrs

Previously Listed As: BIOL 205

BIO 215 - Plants and People (Gen Ed Area III)

A study of the characteristics, cultural history, and current uses of plants that yield food, fiber, pharmaceuticals, and industrial products. Emphasis is placed on the roles of plants in the development of civilization. Topics such as genetically engineered food and sustainable agriculture are also discussed.

Credit Hours: 3 hrs

Cross-Listed with: BIOT 504

Previously Listed As: BOTN 215

Area III: Global Perspectives on a Diverse World

BIO 215 Plants and People

We frequently encounter the plant kingdom in our daily lives - in food, shelter, textiles, medicines, drugs, pesticides and perfumes. In this course we will learn about the fascinating interactions between plants and humans. We will investigate how plants are named and classified in various cultures, how plants played an important role in the origins of civilization, and how plants may likely be the solution to serious global issues like hunger, malnutrition, and our current energy crisis. Topics will include: crop domestication (how did we get the rice and wheat all humans now depend on?); the evolution and conservation of genetic and biological diversity (why is it important to conserve the Amazon forest before it disappears?); biotechnology (is it ethically acceptable to export a crop that we manipulated in the lab that we, Americans, are reluctant to consume?); drugs and alcohol (should Michigan residents be allowed to use Marijuana for medicinal purposes?); natural dyes (how do we make blue jeans blue?); the movement of plants among cultures around the world (coffee and tea are not native to North America and yet we depend on them to start our day) and biofuel alternatives (will we all be driving cars fueled by algae soon?). These topics are selected for both their local and global impacts in order to help students become critical thinkers on important issues that have direct influence on their daily lives. With the successful completion of this course students will see plants, the campus, their world and their decisions in a new light. As such, BIO 215 meets the requirements of a Global Awareness Course in the General Education program.

Last Updated: General Education Approval 02/2012, effective Fall 2012

BIO 226 - Global Ecology and the Environment

This course is an introduction to basic ecological principles and their application to current global environmental issues and conservation practices. The effect of the human population explosion on the conservation and use of resources and biodiversity is emphasized.

Credit Hours: 4 hrs

Prerequisite: BIO 107/ESSC 107, BIO 105, or BIO 110 or BIO 106

Previously Listed As: BIOL 226

Course Revisions: BIO 106 - Biology from a Human Perspective added as prerequisite option, effective Winter 2014

Last Updated: Prerequisite option added 4/2013, effective Winter 2014; 2/28/2011

BIO 251 - Human Anatomy and Physiology I

An intensive lecture and laboratory course investigating human anatomy and physiology with emphasis on both normal and pathological conditions, in a two-semester sequence. First semester will cover the basic structure and functions of the integumentary, muscular, skeletal, nervous and endocrine systems.

Credit Hours: 4 hrs

Prerequisite: High school Biology

Previously Listed As: ZOOL 201

BIO 252 - Human Anatomy and Physiology II

An intensive lecture and laboratory course investigating human anatomy and physiology with emphasis on both normal and pathological conditions, in a two-semester sequence. The second semester will cover circulation, metabolism, the cardiovascular, digestive, excretory and reproductive systems, and the integration of the systems of the body.

Credit Hours: 4 hrs

Prerequisite: BIO 251 and either BIO 105 or CHEM 120 or BIO 106

Previously Listed As: ZOOL 202

Course Revisions: BIO 106 - Biology from a Human Perspective added as prerequisite option, effective Winter 2014

Last Updated: Course added as a prerequisite option 4/2013, effective Winter 2014; 03/2011

BIO 255 - Human Genetics

A lecture course emphasizing fundamental concepts of human genetics specifically designed to provide the non-biology major a framework to understand and assess recent advances and ethical issues concerning medical genetics, molecular diagnostics and genetic engineering.

Credit Hours: 3 hrs

Prerequisite: BIO 105 or BIO 110

Previously Listed As: BIOL 201

Last Updated: 03/2011

BIO 256 - The Biology of Cancer

Introduces the types, characteristics, putative causes and current treatments of cancer.

Credit Hours: 2 hrs

Prerequisite: BIO 105 or BIO 110

Previously Listed As: BIOL 204

Last Updated: 03/2011

BIO 257 - Human Embryonic Development

A study of the embryonic development of humans from fertilization to birth, with emphasis on the development of the major organ systems and the birth defects that occur when development occurs abnormally.

Credit Hours: 3 hrs

Prerequisite: BIO 105, BIO 110 or BIO 251

Previously Listed As: BIOL 223

Last Updated: 03/2011

BIO 258 - Germs, Plagues and Human Infections

This course provides the nonscientist with a basic understanding of the biology of human infectious diseases. The course uses lecture, discussion and small group activities to examine the biology of microbes and of human defenses, the evolution of infectious disease, the history of epidemics and current issues in infectious diseases.

Credit Hours: 3 hrs

Prerequisite: BIO 105 or BIO 110 or BIO 251

Previously Listed As: BIOL 228

Last Updated: 03/2011

BIO 259 - Biology of Aging

The study of the aging process at the molecular, cellular, tissue and systems level of organization. Theories of aging will be considered.

Credit Hours: 2 hrs

Prerequisite: BIO 105

Previously Listed As: BIOL 239

Last Updated: 03/2011

BIO 269 - Biology of Sex and Gender

Lectures will address the biology of sex and gender from early stages of development throughout life. Anatomy and physiology of gender and behaviors in humans and other animals will be discussed. Topics include: sexual differentiation, puberty, reproductive patterns and the effects of aging on the sexual response.

Credit Hours: 3 hrs

Prerequisite: BIO 105, BIO 110 or BIO 251

Cross-Listed with: WGST 269

Previously Listed As: BIOL 269

Last Updated: Links 03/2011

BIO 277 - Special Topics

An examination of topics in biology not covered in other department offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: BIOL 277

BIO 278 - Special Topics

An examination of topics in biology not covered in other department offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: BIOL 278

BIO 279 - Special Topics

An examination of topics in biology not covered in other department offerings. Students may elect this course more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: BIOL 279

BIO 301 - Genetics

A lecture course emphasizing the basic principles of inheritance with their application to plants and animals.

Credit Hours: 3 hrs

Prerequisite: C or better in BIO 120

Previously Listed As: BIOL 301

Last Updated: 03/2011

BIO 305 - Cell and Molecular Biology

A lecture course that examines the basic unit of structure and function in life, the cell. The course uses concepts of molecular biology to survey aspects of cellular function, such as metabolism, intercellular communication and cell division.

Credit Hours: 3 hrs

Prerequisite: CHEM 123 and CHEM 124 and C or better in BIO 301

Previously Listed As: BIOL 305

Last Updated: 03/2011

BIO 306W - Cell and Molecular Biology and Genetics Laboratory (Gen Ed Area I, W)

This laboratory course provides students with an opportunity to use molecular and cellular techniques to probe aspects of gene inheritance and expression. Students will develop critical reasoning and laboratory skills in preparation for advanced laboratory studies, independent research projects at the sub-organismal level, as well as for cooperative learning internships.

Credit Hours: 3 hrs

Concurrent Prerequisite: BIO 305

Previously Listed As: BIOL 306

Last Updated: Prerequisite change 12/2012

BIO 310 - Ecology

A lecture course introducing the concepts involved in the study of terrestrial and aquatic communities, their physical environment, and their integration into ecosystems. Emphasis will be on properties at the ecosystems, community and population levels.

Credit Hours: 3 hrs

Prerequisite: C or better in BIO 120

Previously Listed As: BIOL 310

Last Updated: 03/2011

BIO 311W - Laboratory in Ecology (Gen Ed Area I, W)

A laboratory and field course with two main objectives: (1) to introduce students to the methods and concepts involved in the study of the distribution and abundance of organisms, and (2) to familiarize students with the structure and function of aquatic and terrestrial communities.

Credit Hours: 3 hrs

Concurrent Prerequisite: Grade of C or better in BIO 310

Previously Listed As: BIOL 311

Last Updated: 03/2011

BIO 315 - Evolution

This lecture and discussion class examines basic concepts of evolutionary biology emphasizing evolutionary theory, evolutionary processes and contemporary topics in evolutionary biology. An integrative approach at the cell and molecular, organismal, population and higher taxonomic levels will be incorporated to understand the role of evolution as the organizing principle of all levels of biology and life.

Credit Hours: 3 hrs

Prerequisite: C or better in BIO 301

Previously Listed As: BIOL 315

Last Updated: 03/2011

BIO 326 - Human Physiology

A study of the functioning of the human body. Lecture, laboratory and demonstration.

Credit Hours: 3 hrs

Prerequisite: BIO 105 or BIO 106 or BIO 120 or BIO 140

Previously Listed As: ZOOL 326

Course Revisions: BIO 106 - Biology from a Human Perspective added as a prerequisite option, effective Winter 2014

Last Updated: Course added as a prerequisite option 4/2013, effective Winter 2014; 03/2011

BIO 328 - Introductory Microbiology

Introduction to the biology of bacteria and other microbes; transmission of infectious diseases; and principles of, control of, and immunity to infectious diseases. A lecture/lab course.

Credit Hours: 3 hrs

Prerequisite: BIO 105 or BIO 106 and CHEM 121; or BIO 251; or SPMD 202; or BIO 120 and all prerequisites require a C or better grade

Notes: This course does not apply on the curriculum in clinical laboratory sciences, but will count as an elective towards the biology major or minor

Previously Listed As: MICR 328

Course Revisions: BIO 106 - Biology from a Human Perspective added as a prerequisite option, effective Winter 2014

Last Updated: Course added as a prerequisite option 4/2013, effective Winter 2014; 03/2011

BIO 330 - Neuroanatomy

A lecture/laboratory course concerned with the study of the human nervous system, lesions and resulting disabilities.

Credit Hours: 4 hrs

Prerequisite: BIO 252 or BIO 326

Previously Listed As: ZOOL 316

Last Updated: Credit Hour 03/2012; 03/2011

BIO 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: BIOL 377

BIO 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: BIOL 378

BIO 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: BIOL 379

BIO 387 - Cooperative Education in Biology

Four or six months of full-time employment at an industrial firm or laboratory specially chosen for imparting a practical educational experience in biology of technology. The program consists of two work experiences (BIO395/495) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Class Restrictions: Junior Standing

Notes: Admittance to program by application only. Graded on a credit/no-credit basis.

Previously Listed As: BIOL 387

BIO 406 - The Nature of Science

This course examines the nature of scientific evidence, inquiry, hypothesis, models and laws. The development of science is put in the context of the structure and history of the scientific community. Interactions among scientists and between scientists and the rest of society are studied from an ethical perspective.

Credit Hours: 1 hr

Prerequisite: C- or better in BIO 301

Major Restrictions: Department permission required for science majors or minors from other programs.

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: CHEM 406 and ESSC 406

Previously Listed As: BIOL 406

Last Updated: Cross-Listed 09/2011; Graduate Credit 07/2011; 03/2011

BIO 410 - Limnology

A lecture, laboratory and field course dealing with physicochemical and biological interrelationships in standing waters.

Credit Hours: 3 hrs

Prerequisite: BIO 310 and BIO 311W

Cross-Listed with: BIO 510

Previously Listed As: BIOL 410

Last Updated: Links 03/2011

BIO 411 - Animal Physiological Ecology

A lecture, laboratory and discussion course covering thermoregulation, metabolic rate, torpor, water flux, and specific adaptations for life in the cold, deserts, high altitude and great depths. Laboratory work emphasizes computerized data acquisition.

Credit Hours: 3 hrs

Prerequisite: BIO 305 or BIO 310

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: BIO 511

Previously Listed As: ZOOL 439

Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 412 - Biogeography

A lecture course involving the descriptive and historical aspects of plant and animal distribution and the basic principles governing their natural distribution in both space and time.

Credit Hours: 3 hrs

Prerequisite: BIO 120 and ESSC 108, ESSC 202, ESSC 110 or ESSC 111

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: BIOL 412

Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 413 - Wetland Ecosystems

Advanced field ecology course in the theory and methods of study of wetland ecosystems.

Credit Hours: 3 hrs

Prerequisite: BIO 310 and BIO 311W

Cross-Listed with: BIO 513

Previously Listed As: BIOL 435

Last Updated: Links 03/2011

BIO 414 - Terrestrial Ecosystems

Advanced field ecology course in the theory and methods of study of the structure and dynamics of terrestrial ecosystems.

Credit Hours: 3 hrs

Prerequisite: BIO 310 and BIO 311W

Cross-Listed with: BIO 514

Previously Listed As: BIOL 436

Last Updated: Links 03/2011

BIO 415 - Microbial Ecology

Interactions among microbes (fungi, bacteria, some phages), other living organisms and the environment, with emphases on parasitism, mutualism, commensalism and biogeochemical recycling of matter. Includes both laboratory and field exercises.

Credit Hours: 3 hrs

Prerequisite: BIO 425

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: MICR 442

Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 416 - Behavioral Ecology

How animals use behavior to meet the demands of their lives in nature. We will examine behavioral aspects of survival, foraging, dispersal, habitat selection, mating, and parenting within the life histories of organisms. Students will be expected to discuss primary scientific literature and conduct original research in groups.

Credit Hours: 3 hrs

Prerequisite: BIO 310

Class Restrictions: Junior, Senior, Second Bac, Post Bac. Tchr. Cert.

Last Updated: New Course 1/2013, effective Summer 2013

BIO 425 - General Microbiology

A lecture and laboratory course on the nature and biology of bacteria and other microbes, their physiological relationships in natural and controlled environments, and the interactions of pathogenic microorganisms with their hosts. Laboratory includes an introduction to the techniques of isolating, cultivating, and identifying bacteria and other microbes, and their physiological, serological and pathological properties.

Credit Hours: 5 hrs

Prerequisite: C- or better in BIO 301; and CHEM 270 or CHEM 372

Notes: Not open to those who take BIO 328. CHEM 451 is highly recommended.

Previously Listed As: MICR 329

Last Updated: Links 03/2011

BIO 426 - Immunobiology

Cellular and molecular responses to immunogens; primary and peripheral immune organs; T-cells and B-cells in cell-mediated and humoral immunity, immune regulation and mechanisms; hypersensitivity; immunity against microbial infectious agents; antigen/antibody reactions in vitro used in research and diagnostics.

Credit Hours: 3 hrs

Prerequisite: BIO 425

Class Restrictions: Junior standing

Cross-Listed with: BIO 526

Last Updated: Links 03/2011

BIO 429 - Bacterial Pathogenesis

A lecture course that examines the mechanisms of bacterial pathogenesis. Emphasis will be placed on host-bacterial interactions that lead toward bacterial infection.

Credit Hours: 3 hrs

Prerequisite: BIO 425

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: MICR 455

Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 443 - Developmental Biology

A course on the molecular aspects of early development, cytodifferentiation, cell communication, morphogenesis, pattern formation and developmental genetics.

Credit Hours: 3 hrs

Prerequisite: BIO 305

Class Restrictions: Junior standing

Cross-Listed with: BIO 543

Last Updated: Links 03/2011

BIO 446 - Genome Analysis

An introductory course to the field of genomics. This involves the study of genome data and exploration of the organization, dynamics and evolution of genes and genomes. The laboratory component involves analyses of genes, genomic variation/DNA fingerprinting, DNA sequences and molecular evolution.

Credit Hours: 4 hrs

Prerequisite: BIO 305, BIO 306W or BIO 548

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: BIO 546

Previously Listed As: BIOL 401

Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 447 - Scanning Electron Microscopy

A lecture-laboratory course that provides the basic theory and practice of scanning electron microscopy. Lectures are coordinated with individualized instruction on laboratory equipment. Students design and conduct an original research project that is presented in both written and oral forms at the end of the semester.

Credit Hours: 3 hrs

Prerequisite: department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: BIOL 418

Last Updated: Graduate Credit 07/2011

BIO 455 - Plant Evolution and Classification

Classification and identification of plants, including methods of collection and preservation of vascular plants. Lectures will introduce processes of evolution that have influenced the diversity and relationships among plant groups.

Credit Hours: 3 hrs

Prerequisite: BIO 120 or BIO 130

Cross-Listed with: BIO 555

Previously Listed As: BOTN 455

Last Updated: Links 03/2011

BIO 456 - Freshwater Algae

A survey of the freshwater algal divisions; their morphology, taxonomy, ecology and economic importance. Lectures emphasize an evolutionary approach. Laboratory work stresses the identification of representative algal taxa. Class field collections are made.

Credit Hours: 3 hrs

Prerequisite: BIO 120 or BIO 130

Cross-Listed with: BIO 556

Previously Listed As: BOTN 451

Last Updated: Links 03/2011

BIO 457 - Aquatic Plants

Analysis of vascular aquatic and wetland plants and habitats. Lectures stress physical and biological habitat features and plant adaptations. Laboratories stress identification of aquatic and wetland species.

Credit Hours: 3 hrs

Prerequisite: BIO 120 or BIO 130

Cross-Listed with: BIO 557

Previously Listed As: BOTN 450

Last Updated: Links 03/2011

BIO 458 - Trees and Shrubs

A taxonomic field course on the biology, classification and identification of native trees and shrubs in winter and summer conditions.

Credit Hours: 3 hrs

Prerequisite: BIO 205 or BIO 120 or BIO 130

Cross-Listed with: BIO 558

Previously Listed As: BOTN 354

Last Updated: Links 03/2011

BIO 459 - Mycology

A lecture-laboratory course on the study of molds, rusts, mildews, edible and poisonous mushrooms, and other fungi. Their life history, economic importance, method of identification and preservation are considered.

Credit Hours: 3 hrs

Prerequisite: BIO 120 or BIO 130

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: BOTN 404

Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 460 - Plant Anatomy

A basic lecture-laboratory course in plant histology emphasizing recognition of primary and secondary tissues as variously combined in root, stem, leaf and flower of a wide variety of representative seed plants.

Credit Hours: 3 hrs

Prerequisite: BIO 120 or BIO 130

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: BOTN 412

Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 461 - Plant Physiology

A detailed study of major plant functions with emphasis on growth and development presented by lecture, demonstration and experimentation in laboratory and greenhouse.

Credit Hours: 3 hrs

Prerequisite: BIO 305 and BIO 306W; and CHEM 270 or CHEM 372

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: BOTN 442

Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 462 - Plant Biotechnology

A hands-on exploration of the techniques used in plant biotechnology and their application to agricultural biotechnology and basic science. State-of-the-art molecular biology techniques are applied to genetic engineering of plants and plant products. Lecture and discussion provide the theoretical basis for the techniques used.

Credit Hours: 3 hrs

Prerequisite: BIO 305 and BIO 306W

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: BOTN 445

Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 472 - Parasitology

A survey of animal parasites that affect other animals including the human.

Credit Hours: 3 hrs

Prerequisite: BIO 120 or BIO 140

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: BIO 572

Previously Listed As: ZOOL 462

Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 473 - Concepts in Animal Physiology

Central themes in physiology (circulation, metabolism, water balance, temperature regulation, communication, movement, reproduction) will be studied. Class activities will examine strategies used by vertebrates and invertebrates with regard to these physiological concepts. Current literature, experiments and case studies will be used to demonstrate the diverse physiological responses of animals.

Credit Hours: 3 hrs

Prerequisite: BIO 305

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ZOOL 445

Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 474 - Comparative Anatomy of Vertebrates

The anatomy of the vertebrate organ systems is studied on a comparative basis, which emphasizes the evolutionary development of the groups. Laboratory work includes detailed dissection of a shark and cat.

Credit Hours: 4 hrs

Lecture/Lab Hours: Three one-hour lectures and two two-hour laboratory periods per week.

Prerequisite: BIO 120 or BIO 140

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: ZOOL 431

Last Updated: Graduate Credit 07/2011; Links 03/2011

BIO 476 - Mammalian Histology

A lecture/laboratory course dealing with the structure and properties of mammalian organs and their component tissues.

Credit Hours: 3 hrs

Prerequisite: BIO 120 or BIO 140

Cross-Listed with: BIO 576

Previously Listed As: ZOOL 404

Last Updated: Links 03/2011

BIO 480 - Natural History of Invertebrates

A field course in the recognition, collection, identification and preservation of common invertebrates of Michigan, exclusive of the insects, with emphasis on their natural history, ecology and economic importance.

Credit Hours: 3 hrs

Prerequisite: BIO 120 or BIO 140

Cross-Listed with: BIO 580

Previously Listed As: ZOOL 300

Last Updated: Links 03/2011

BIO 481 - Natural History of Vertebrates

A survey of vertebrates, emphasizing their adaptations and their natural history. Laboratory work will stress the taxonomic classification, identification and distribution of local and other forms. Fieldwork will emphasize accurate observation and permanent recording of original data on local species.

Credit Hours: 3 hrs

Prerequisite: BIO 120 or BIO 140

Cross-Listed with: BIO 581

Previously Listed As: ZOOL 310

Last Updated: Links 03/2011

BIO 482 - Ichthyology

A study of the biology, classification, distribution and evolution of fishes. Attention is given to the morphology, physiology, behavior, natural history and ecology of fishes through work in lecture, laboratory and in the field. Specific experience in the identification of the freshwater fishes of the Great Lakes region is provided in addition to a general survey of some marine fish families.

Credit Hours: 3 hrs
Prerequisite: BIO 120 or BIO 140
Cross-Listed with: BIO 582
Previously Listed As: ZOOL 422
Last Updated: Links 03/2011

BIO 483 - Mammalogy

Some aspects of the biology of mammals: origins and evolution, anatomy, classification, adaptations and zoogeography. Natural history and aspects of their ecology are studied in the field. A collection of study specimens of different species is required of each student.

Credit Hours: 3 hrs
Prerequisite: BIO 120 or BIO 140
Cross-Listed with: BIO 583
Previously Listed As: ZOOL 485
Last Updated: Links 03/2011

BIO 484 - Herpetology

Taxonomy, distribution, life histories, behavior and ecology of amphibians and reptiles with an emphasis on local species.

Credit Hours: 3 hrs
Prerequisite: BIO 120 or BIO 140
Cross-Listed with: BIO 584
Previously Listed As: ZOOL 474
Last Updated: Links 03/2011

BIO 485 - Ornithology

A course in bird biology for the secondary teacher and students with advanced interest in biology. Field identification and census methods will be used to introduce the study of bird populations, behavior and ecology.

Credit Hours: 3 hrs
Prerequisite: BIO 120 or BIO 140
Cross-Listed with: BIO 585
Notes: A student field project will be required. A survey of major North American bird families will be made in the laboratory.
Previously Listed As: ZOOL 425
Last Updated: Links 03/2011

BIO 486 - Entomology

A survey of the world of insects, their structure, function, behavior and ecology. The identification and classification of local insects will be stressed. A student field project will be required.

Credit Hours: 3 hrs
Prerequisite: BIO 120 or BIO 140
Cross-Listed with: BIO 586
Previously Listed As: ZOOL 421
Last Updated: Links 03/2011

BIO 487 - Cooperative Education in Biology

Four or six months of full-time employment at an industrial firm or laboratory specially chosen for imparting a practical educational experience in biology or technology. The program consists of two work experiences (BIO395/495) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: BIO 395

Notes: Admittance to program by application only. Graded on a credit/no-credit basis

Previously Listed As: BIOL 487

Last Updated: Links 03/2011

BIO 488 - Biology of Arachnids

Lecture, lab and field course addressing principles of arachnid biology. Course covers morphology, physiology, behavior, natural history and ecology. Identification and classification of major arachnid families supported by collections and observations of organisms from southern Michigan.

Credit Hours: 3 hrs

Prerequisite: BIO 120 or BIO 140

Class Restrictions: Sophomore standing

Last Updated: Links 03/2011

BIO 490 - Special Topics

An examination of advanced topics in biology not covered in other department offerings.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: BIOL 490

BIO 491 - Special Topics

An examination of advanced topics in biology not covered in other department offerings.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: BIOL 491

BIO 492 - Special Topics

An examination of advanced topics in biology not covered in other department offerings.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: BIOL 492

BIO 497 - Undergraduate Research in Biology

Independent, original research in biology involving extensive library, computation, field, and/or laboratory study, under the guidance of a biology faculty member. May be elected more than once upon approval.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: BIOL 497

BIO 498 - Undergraduate Research in Biology

Independent, original research in biology involving extensive library, computation, field, and/or laboratory study, under the guidance of a biology faculty member. May be elected more than once upon approval.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: BIOL 498

BIO 499 - Undergraduate Research in Biology

Independent, original research in biology involving extensive library, computation, field, and/or laboratory study, under the guidance of a biology faculty member. May be elected more than once upon approval.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: BIOL 499

Biology Teaching

BIOT 303 - Life Science for Elementary Teachers

Major biological concepts and best practices for teaching science, including inquiry and the "discovery" approach, will be covered. Class configuration — methods or fieldwork and web-based instruction involving inquiry, resource evaluation and recitation. Concluding course in the elementary science sequence.

Credit Hours: 3 hrs

Prerequisite: CURR 304 and ESSC 202

Major Restrictions: Admission to the Initial Teacher Preparation Program

Previously Listed As: BIOL 303

Last Updated: Links 03/2011

BIOT 403 - Methods for Teaching Secondary Biology

A lecture-laboratory course providing knowledge, training and practice in the presentation of biological principles, analysis of texts, selection of course content, effective classroom methods and preparation of classroom materials used in the teaching of biology.

Credit Hours: 3 hrs

Prerequisite: BIO 120, CURR 305 and EDPS 340

Major Restrictions: Admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: BIOL 403

Last Updated: Graduate Credit 7/2011; Links 03/2011

BIOT 407 - Nature of Science for Elementary Teachers

This course examines the nature of scientific evidence, inquiry, hypotheses, models and laws. The development of science is put in the context of the structure of the discipline, its history, and interactions with society. Discussions of modern theories and laws will integrate scientific concepts with the processes of how science works. The class will also provide students with activities to demonstrate these concepts.

Credit Hours: 2 hrs

Prerequisite: ASTR 105, BIO 105, PHY 311, CHEM 312 and ESSC 311

Class Restrictions: Junior standing

Major Restrictions: Elementary Integrated Science Majors only

Last Updated: Links 03/2011

Phone: 734.487.0106
Email: spernecky@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 69 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- * BIO 301 - Genetics 3 hrs
- * BIO 476 - Mammalian Histology 3 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs
- CHEM 361 - Fundamentals of Physical Chemistry 3 hrs
- CHEM 381W - Instrumentation for Chemical Technology (Gen Ed Area I, W) 2 hrs
- CHEM 411 - Toxicology I 2 hrs
- CHEM 412 - Toxicology II 3 hrs
- CHEM 413 - Toxicology Laboratory 2 hrs
- CHEM 451 - Biochemistry I 3 hrs
- CHEM 452 - Biochemistry II 3 hrs
- CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

One course from the following:

- * BIO 305 - Cell and Molecular Biology 3 hrs
- * BIO 326 - Human Physiology 3 hrs

One course from the following:

- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- PSY 205 - Quantitative Methods in Psychology 3 hrs

Toxicology cooperative education project:

At least two hours from a toxicology cooperative education project.

- CHEM 487 - Cooperative Education in Chemistry 1 hr
- CHEM 488 - Cooperative Education in Chemistry 2 hrs
- CHEM 489 - Cooperative Education in Chemistry 3 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

** Completion of BIO 110, or equivalent coursework, is required for Biochemistry students to obtain Biology departmental permission for 300- and 400-level biology courses.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

General Biochemistry Major

This curriculum is design for students with an interest in biochemistry but who require a less extensive background than that presented in the professional biochemistry curriculum. It is often selected by students in premedical and pre dental programs.

The program includes a group minor composed of the required courses in biology, mathematics and physics. No other minor is needed to meet graduation requirements.

Chemistry Department Information:

Department Head: Steven Pernecky
Department Contact: spernecky@emich.edu
Website: <http://www.emich.edu/chemistry>

Advisor Information:

Program Advisor: Steve Pernecky
Phone: 734.487.0106
Email: spernecky@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 55-57

Required Coures: 50-52 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- * BIO 301 - Genetics 3 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- ** CHEM 270 - Survey of Organic Chemistry 4 hrs
- ** CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs
- CHEM 361 - Fundamentals of Physical Chemistry 3 hrs
- CHEM 381W - Instrumentation for Chemical Technology (Gen Ed Area I, W) 2 hrs
- CHEM 451 - Biochemistry I 3 hrs
- CHEM 452 - Biochemistry II 3 hrs
- CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

One course from the following:

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One course from the following:

- PHY 222 - Electricity and Light 4 hrs
- PHY 224 - Electricity and Light 5 hrs

Elective Courses: 5 hours

* Five credits from any 300-level or above biology courses.

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

** Completion of BIO 110, or equivalent coursework, is required for Biochemistry students to obtain Biology departmental permission for 300- and 400-level biology courses.*

*** Premedicine and predentistry students should substitute CHEM 371, CHEM 372, and CHEM 373 to satisfy the requirements for organic chemistry of most medical and dental schools.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. University Information: Consult the online catalog at catalog.emich.edu.

General Chemistry Major

The general chemistry major is for students who seek work in the chemical or pharmaceutical industry, who are preparing for careers in health fields such as medicine or dentistry, or who are interested in a career combining chemistry with fields such as business, patent law, technical writing or industrial health and safety. Students who are interested in graduate training in chemistry should elect the professional chemistry curriculum.

Email: spernecky@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 12-14 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

One course from the following:

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One course from the following:

- PHY 222 - Electricity and Light 4 hrs
- PHY 224 - Electricity and Light 5 hrs

Major Requirements: 30 hours

Required Courses: 25 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs
- CHEM 361 - Fundamentals of Physical Chemistry 3 hrs
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- CHEM 381W - Instrumentation for Chemical Technology (Gen Ed Area I, W) 2 hrs

Elective Courses: 5 hours

Five hours from 300- and 400-level courses in chemistry.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Professional Biochemistry Major

The professional biochemistry curriculum prepares students for graduate study or a research career in biochemistry. With the appropriate elective (CHEM 332 or CHEM 432), it meets the requirements established for certification by the American Chemical Society. The program includes a group minor composed of the required courses in biology, mathematics and physics. No other minor is needed to meet graduation requirements.

Chemistry Department Information:

Department Head: Steven Pernecky
 Department Contact: spernecky@emich.edu
 Website: <http://www.emich.edu/chemistry>

Advisor Information:

Program Advisor: Steve Pernecky
Phone: 734.487.0106
Email: spernecky@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 78 hours

Required Courses: 71 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- * BIO 301 - Genetics 3 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- CHEM 451 - Biochemistry I 3 hrs
- CHEM 452 - Biochemistry II 3 hrs
- CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs
- CHEM 461 - Chemical Thermodynamics and Kinetics 3 hrs
- CHEM 463W - Physical Chemistry Laboratory (Gen Ed Area I, W) 2 hrs
- CHEM 465 - Quantum and Statistical Mechanics 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs

Two hours from the following:

- CHEM 487 - Cooperative Education in Chemistry 1 hr
- CHEM 488 - Cooperative Education in Chemistry 2 hrs
- CHEM 489 - Cooperative Education in Chemistry 3 hrs
- CHEM 497 - Undergraduate Research in Chemistry 1 hr
- CHEM 498 - Undergraduate Research in Chemistry 2 hrs
- CHEM 499 - Undergraduate Research in Chemistry 3 hrs

Elective Courses: 7 hours

- *Three hours from any courses in biology 300-level or above and...*

Four hours from the following:

- ** CHEM 332 - Inorganic Chemistry 2 hrs
- CHEM 411 - Toxicology I 2 hrs
- CHEM 412 - Toxicology II 3 hrs
- CHEM 413 - Toxicology Laboratory 2 hrs
- ** CHEM 432 - Advanced Inorganic Chemistry 3 hrs
- CHEM 433 - Inorganic-Organic Synthesis Laboratory 2 hrs
- CHEM 475 - Introduction to Polymer Chemistry 3 hrs
- CHEM 477 - Special Topics 1 hr
- CHEM 478 - Special Topics 2 hrs
- CHEM 479 - Special Topics 3 hrs
- CHEM 481 - Instrumental Analysis 4 hrs
- CHEM 485 - Introduction to Radiotracer Techniques 2 hrs
- CHEM 487 - Cooperative Education in Chemistry 1 hr
- CHEM 488 - Cooperative Education in Chemistry 2 hrs
- CHEM 489 - Cooperative Education in Chemistry 3 hrs
- CHEM 497 - Undergraduate Research in Chemistry 1 hr
- CHEM 498 - Undergraduate Research in Chemistry 2 hrs
- CHEM 499 - Undergraduate Research in Chemistry 3 hrs
- CHEM 551 - Macromolecular Biochemistry 2 hrs
- CHEM 554 - Protein Structure and Function 2 hrs
- CHEM 555 - Neurochemistry 3 hrs
- CHEM 572 - Spectrometric Organic Structure Determination 4 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

** Completion of BIO 110, or equivalent coursework, is required for biochemistry students to obtain biology departmental permission for 300- and 400-level biology courses.*

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

*** Certification by the American Chemical Society requires appropriate selection of electives from among those indicated with "**."*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Professional Chemistry Major

This curriculum provides the necessary background for those planning to become professional chemists. The professional chemistry curriculum meets the requirements established for certification by the American Chemical Society. Students successfully completing the curriculum are prepared to undertake graduate study in chemistry or enter technical positions in industrial and governmental research. The program includes a group minor composed of the required courses in mathematics and physics. No other minor is needed to meet graduation requirements.

For students planning graduate study in chemistry (especially organic chemistry), 10 hours or an equivalent reading knowledge of a foreign language, preferably German, is recommended

Chemistry Department Information:

Department Head: Steven Pernecky
 Department Contact: spernecky@emich.edu
 Website: <http://www.emich.edu/chemistry>

Advisor Information:

Program Advisor: Steve Pernecky
 Phone: 734.487.0106
 Email: spernecky@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 69-70 hours

Required Courses: 67-68 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs

- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- CHEM 432 - Advanced Inorganic Chemistry 3 hrs
- CHEM 433 - Inorganic-Organic Synthesis Laboratory 2 hrs
- CHEM 461 - Chemical Thermodynamics and Kinetics 3 hrs
- CHEM 463W - Physical Chemistry Laboratory (Gen Ed Area I, W) 2 hrs
- CHEM 465 - Quantum and Statistical Mechanics 3 hrs
- CHEM 481 - Instrumental Analysis 4 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs

One course from the following:

- CHEM 351 - Foundations of Biochemistry 4 hrs
- CHEM 451 - Biochemistry I 3 hrs

Two hours from the following:

- CHEM 487 - Cooperative Education in Chemistry 1 hr
- CHEM 488 - Cooperative Education in Chemistry 2 hrs
- CHEM 489 - Cooperative Education in Chemistry 3 hrs
- CHEM 497 - Undergraduate Research in Chemistry 1 hr
- CHEM 498 - Undergraduate Research in Chemistry 2 hrs
- CHEM 499 - Undergraduate Research in Chemistry 3 hrs

Elective Courses: 2 hours

Chemistry

- CHEM 411 - Toxicology I 2 hrs
- CHEM 412 - Toxicology II 3 hrs
- CHEM 413 - Toxicology Laboratory 2 hrs
- CHEM 415 - Environmental Chemistry 3 hrs
- CHEM 452 - Biochemistry II 3 hrs
- CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs
- CHEM 475 - Introduction to Polymer Chemistry 3 hrs
- CHEM 477 - Special Topics 1 hr
- CHEM 478 - Special Topics 2 hrs
- CHEM 479 - Special Topics 3 hrs
- CHEM 485 - Introduction to Radiotracer Techniques 2 hrs
- CHEM 487 - Cooperative Education in Chemistry 1 hr

- CHEM 488 - Cooperative Education in Chemistry 2 hrs
- CHEM 489 - Cooperative Education in Chemistry 3 hrs
- CHEM 497 - Undergraduate Research in Chemistry 1 hr
- CHEM 498 - Undergraduate Research in Chemistry 2 hrs
- CHEM 499 - Undergraduate Research in Chemistry 3 hrs
- CHEM 551 - Macromolecular Biochemistry 2 hrs
- CHEM 554 - Protein Structure and Function 2 hrs
- CHEM 555 - Neurochemistry 3 hrs
- CHEM 561 - Quantum Chemistry and Spectroscopy 2 hrs
- CHEM 562 - Statistical Mechanics and Chemical Kinetics 2 hrs
- CHEM 565 - Nuclear Chemistry 3 hrs
- CHEM 571 - Advanced Organic Chemistry 3 hrs
- CHEM 572 - Spectrometric Organic Structure Determination 4 hrs
- CHEM 574 - Advanced Organic Chemistry Topics 2 hrs
- CHEM 581 - Advanced Analytical Chemistry 3 hrs

Mathematics and Computer Science

- Other 400-level courses with department permission
- MATH 325 - Differential Equations 3 hrs
- MATH 425 - Mathematics for Scientists 3 hrs

Physics

- Other 400-level courses with department permission
- PHY 450 - Electricity and Magnetism II 3 hrs
- PHY 452 - Electrical Measurements 4 hrs
- PHY 456 - Electronics for Scientists 4 hrs
- PHY 471 - Atomic and Nuclear Physics 3 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Chemistry Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in chemistry, certification code DC, and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Science Teachers Association. The Michigan Test for Teacher Certification (MTTC) covering this field is #018, "Chemistry."

Chemistry Department Information:

Department Head: Steven Pernecky
Department Contact: spernecky@emich.edu
Website: <http://www.emich.edu/chemistry>

Program Advisor: Larry Kolopajlo
Email: lkolopajl@emich.edu
Phone: 734.487.0106

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of “C” or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 12-14 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

One course from the following:

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One course from the following:

- PHY 222 - Electricity and Light 4 hrs
- PHY 224 - Electricity and Light 5 hrs

Major Requirements: 32 hours

Required Courses: 29-30 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs
- CHEM 361 - Fundamentals of Physical Chemistry 3 hrs
- CHEM 371 - Organic Chemistry I 3 hrs
- CHEM 372 - Organic Chemistry II 3 hrs
- CHEM 373 - Organic Chemistry Laboratory 2 hrs
- CHEM 381W - Instrumentation for Chemical Technology (Gen Ed Area I, W) 2 hrs
- CHEM 406 - The Nature of Science 1 hr
or equivalent (see course description)

One course from the following:

- CHEM 351 - Foundations of Biochemistry 4 hrs
- CHEM 451 - Biochemistry I 3 hrs

Elective Courses: 2-3 hours

Two to three hours from 300- and 400-level courses in chemistry.

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Chemistry Majors take one of:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.

institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Biochemistry Minor

Chemistry Department Information:

Department Head: Steven Pernecky

Department Contact: spernecky@emich.edu

Website: <http://www.emich.edu/chemistry>

Advisor Information:

Program Advisor: Steve Pernecky

Phone: 734.487.0106

Email: spernecky@emich.edu

Required Courses: 22-23 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- * CHEM 270 - Survey of Organic Chemistry 4 hrs
- * CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs
- CHEM 453W - Biochemistry Laboratory (Gen Ed Area I, W) 2 hrs

One course from the following:

- CHEM 351 - Foundations of Biochemistry 4 hrs
- CHEM 451 - Biochemistry I 3 hrs

Minor Total: 22-23 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

** The CHEM 371/372/373 sequence may be substituted for CHEM 270/271 if a stronger background is desired.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

Chemistry Minor

Chemistry Department Information:

Department Head: Steven Pernecky
 Department Contact: spernecky@emich.edu
 Website: <http://www.emich.edu/chemistry>

Advisor Information:

Program Advisor: Steve Pernecky
 Phone: 734.487.0106
 Email: spernecky@emich.edu

Required Courses: 17 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- * CHEM 270 - Survey of Organic Chemistry 4 hrs
- * CHEM 271 - Organic Chemistry Laboratory 1 hr

- CHEM 281 - Introduction to Analytical Chemistry 4 hrs

Elective Courses: 3 hours

Three hours from courses numbered above 200 in chemistry.

Minor Total: 20 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

** The CHEM 371/372/373 sequence may be substituted for CHEM 270/271 if a stronger background is desired. CHEM 371/372/373 cannot be used as elective hours in chemistry.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Chemistry Minor

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in chemistry, certification code DC. The Michigan Test for Teacher Certification (MTTC) covering this field is #018, "Chemistry."

Chemistry Department Information:

Department Head: Steven Pernecky
 Department Contact: spernecky@emich.edu
 Website: <http://www.emich.edu/chemistry>

Advisor Information:

Program Advisor: Larry Kolopajlo
 Phone: 734.487.0106
 Email: lkolopajl@emich.edu

Required Courses: 24 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs

- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- * CHEM 270 - Survey of Organic Chemistry 4 hrs
- * CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs

Choose one option from the following:

Option I

Electives: Three hours in Chemistry from courses numbered above 200. If a student is a nonscience major, then that student will take CHEM 325 or PHY 325 (3 hrs) as an elective course and either BIO 406, CHEM 406, ESSC 406, or PHY 406 (1 hr).

- CHEM 351 - Foundations of Biochemistry 4 hrs

Option II

Four elective hours in chemistry from courses numbered above 200. If a student is a nonscience major, then that student will take CHEM 325 or PHY 325 (3 hrs) as an elective course and either BIO 406, CHEM 406, ESSC 406, or PHY 406 (1 hr).

- CHEM 451 - Biochemistry I 3 hrs

Minor Total: 24 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

** The CHEM 371/372/373 sequence may be substituted for CHEM 270/271 if a stronger background is desired. The 8 hour sequence CHEM 371/372/373 will also count for three hours of electives for science majors. Non-science majors who take CHEM 371/372/373 must still take CHEM 325 and CHEM 406.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses**

will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

Communication, Media and Theatre Arts Programs and Courses

Communication, Media and Theatre Arts

Major

Arts and Entertainment Management Major

The Arts and Entertainment management curriculum provides career training and practical experience for those with a passion for the arts and whose talents are in the field of administration, marketing and/or entrepreneurship. The arts manager not only must develop a variety of management skills but also must maintain a high degree of sensitivity to aesthetics.

Students are provided a broad background in all of the arts with an opportunity to study a specific art in more depth. Additionally, each student gains vital practical experience working in the arts during internships on the University campus and with an approved off-campus professional arts organization, creative business or artist.

Training in the arts is combined with the development of skills in accounting, advertising, personnel management, labor relations and various other areas of business through a program of study that includes management, marketing and entrepreneurship. Graduates are equipped to enter the arts management field or to pursue further study in arts administration.

Because the arts management field is rapidly evolving, it is advantageous for students to maintain regular contact with an advisor during their entire program to avoid unnecessary difficulties before and after completion of the program. Arts institutions vary in their personnel needs.

EMU's arts management curriculum is divided into four sections: general education requirements, arts management major, a management or marketing minor (see College of Business) and two internships.

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey
Department Contact: kstacey@emich.edu
Website: <http://www.emich.edu/cta/>

Advisor Information:

Susan Booth
Associate Professor

Communication, Media and Theatre Arts
306 King Hall
(734) 487-1883
sbooth1@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 47 hours

Arts Management: 15 hours

- CTAR 317 - Case Studies in Arts Management 3 hrs
(Course may be repeated if topic is different)
- CTAR 313 - Contemporary Issues in Arts Management 3 hrs
(Course may be repeated if topic is different)
- CTAR 452 - Arts Management 3 hrs
- CTAR 453W - Marketing the Arts (Gen Ed Area I, W) 3 hrs
- CTAR 454 - Law, Public Policy and the Arts 3 hrs

Internships: 2 hours

Internships are designed with advisor's approval

- CTAR 487 - Internship in Arts Management 1 hr
- CTAR 488 - Internship in Arts Management 2 hrs
- CTAR 489 - Internship in Arts Management 3 hrs

Restricted Electives: 12 Hours

Catalog Correction: CTAC 359 - Small Group Communication and CTAT 334 - Radio-Television News are also a restricted elective option.

- ARTS 104 - Graphic Design for Nonmajors (Gen Ed Area IV) 3 hrs
- CTAC 354 - Organizational Communication 3 hrs
- CTAR 426 - Fund Raising in the Arts 2 hrs
- CTAR 427 - Grant Writing for the Arts 2 hrs
- CTAT 335 - Studies in Film 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs
- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MGMT 481 - Managing the Entrepreneurial Venture 3 hrs

Art Fundamentals: 18 hours

Required Art Fundamental Courses: 12 hours

You must take the following 4 courses:

- ARTH 100 - Art Appreciation (Gen Ed Area IV) 3 hrs
- CTAR 150L - Introduction to Theatre (Gen Ed Area IV) 3 hrs
- CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs
- MUSC 107 - Music Appreciation (Gen Ed Area IV) 3 hrs

Restricted Elective Courses: 6 hours

Remaining 6 credits are at the discretion of the student, but must be a class chosen from the following list:

- ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 165 - Postmodern and Contemporary Art 3 hrs
- ARTH 263 - Survey of Western Art II 3 hrs
- ARTS 102 - Jewelry for Nonmajors 3 hrs
- ARTS 103 - Ceramics for Nonmajors (Gen Ed Area IV) 3 hrs
- ARTS 105 - Photography for Non-Majors (Gen Ed Area IV) 3 hrs
- ARTS 106L - Watercolor for Non-Majors (Gen Ed Area IV, V LBC) 3 hrs
- ARTS 121 - Two-Dimensional Design 3 hrs
- ARTS 122 - Three-Dimensional Design 3 hrs
- ARTS 123 - Foundations Drawing I 3 hrs
- CTAR 140 - Script Analysis for Theatre Artists 3 hrs
- CTAR 151 - African American Theatre: An Introduction (Gen Ed Area III) 3 hrs
- CTAR 152 - Technical Theatre: Scenery and Lighting 3 hrs
- CTAR 153 - Technical Theatre: Costume and Makeup 3 hrs
- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
- CTAT 130 - Introduction to Electronic Media 3 hrs
- CTAT 235 - International Cinema (Gen Ed Area III) 3 hrs
- DANC 100 - Ballet I (Gen Ed Area IV) 3 hrs
- DANC 101 - Jazz I 2 hrs
- DANC 102 - Modern Dance Fundamentals (Gen Ed Area IV) 3 hrs
- DANC 103 - Tap I 2 hrs
- DANC 105 - African Dance 2 hrs
- MUSC 100 - Music Fundamentals (Gen Ed Area IV) 3 hrs
- MUSC 105 - Appreciating Jazz: America's Music (Gen Ed Area IV) 3 hrs
- MUSC 131 - University Choir 1 hr
- MUSC 149M - Marching Band 1 hr
- MUSC 151 - Class Piano 2 hrs
- MUSC 244 - Jazz Ensemble 1 hr
- MUSC 248 - University Orchestra 1 hr
- MUSC 250 - Jazz Combo 1 hr
- MUSC 271 - Beginning Classical Guitar 2 hrs

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Minor Requirements:

Arts Management students are required to take a minor in the College of Business either: Management Minor - (For nonbusiness majors) or Entrepreneurship Minor or Marketing Minor - (For nonbusiness majors)

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.

institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Communication and Theatre Arts Major with Concentrations

The comprehensive major allows each student to develop a variety of communication skills with one or two areas of concentration (12 to 18 credit hours each). Within the 36 credit hours, at least nine must be in 300- and 400-level courses. Majors should plan their course selections carefully with a departmental advisor and present a copy of this plan to Academic Records and Certification when requesting senior checkout.

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey

Department Contact: kstacey@emich.edu

Website: <http://www.emich.edu/cta/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 33-45 hours

Required Courses: 6 hours

- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- CTAO 205 - Voice and Articulation 3 hrs

Restricted Elective Courses: 15 hours

At least three credits from each of the five following concentrations

I. Communication

- CTAC 224 - Public Speaking 3 hrs
- * CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- * CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
- CTAC 350 - Persuasion 3 hrs
- CTAC 354 - Organizational Communication 3 hrs
- CTAC 359 - Small Group Communication 3 hrs

II. Interpretation/Performance Studies

- * CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs

III. Electronic Media and Film Studies

- CTAT 130 - Introduction to Electronic Media 3 hrs
- CTAT 131 - Introduction to Audio Production and Direction 2 hrs
- CTAT 132 - Introduction to Video Production and Direction 2 hrs
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs
- * CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs

IV. Theatre Arts

- * CTAR 150L - Introduction to Theatre (Gen Ed Area IV) 3 hrs
- * CTAR 151 - African American Theatre: An Introduction (Gen Ed Area III) 3 hrs
- CTAR 152 - Technical Theatre: Scenery and Lighting 3 hrs
- CTAR 153 - Technical Theatre: Costume and Makeup 3 hrs
- CTAR 155 - Producing Theatre 3 hrs
- * CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs

V. Educational Drama

- * CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
- CTAR 322 - Theatre for Children 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs
- CTAR 327 - Plays for the Young 3 hrs

Concentration: 9-15 hours

*At least one concentration (above) selected in consultation with advising coordinator (hours here are in addition to the restricted elective courses above). *Course satisfies both General Education and Program Requirements. Each student must choose a writing intensive course as part of major completion requirements. Writing intensive course must correspond to concentration area. Consult your advisor for course options.*

Elective Courses: 3-9 hours

Three to nine hours selected from areas outside the concentration

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Communication Major

Advisor Information:

Dennis Patrick

Professor

Communication, Media & Theatre Arts
124 Quirk
(734) 487-3131
dpatrick1@emich.edu

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey
Department Contact: kstacey@emich.edu
Website: <http://www.emich.edu/cta/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 36 hours

Foundation Courses: 15 hours

- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs

Cultural Communication: 3 hours

One course from the following:

- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
- CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III) 3 hrs

Public Communication: 3 hours

One course from the following:

- CTAC 224 - Public Speaking 3 hrs
- CTAC 340 - Communication Ethics 3 hrs
- CTAC 350 - Persuasion 3 hrs
- CTAC 356 - Argumentation and Debate 3 hrs

Relational Communication: 3 hours

One course from the following:

- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 226 - Nonverbal Communication (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs

Organizational Communication: 3 hours

One course from the following:

- CTAC 354 - Organizational Communication 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAC 370 - Nonprofit Organizational Communication 3 hrs

Advanced Theory and Research: 6 hours

Two courses from the following:

- CTAC 440W - Public Discourse Analysis (Gen Ed Area I, W) 3 hrs
- CTAC 460 - Theories of Speech Criticism 3 hrs
- CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs
- CTAC 485W - Communication Theory (Gen Ed Area I, W) 3 hrs

Capstone Experience: 3 hours

This course is restricted to Communication Majors only.

- CTAC 495L - Communication Capstone (Gen Ed Area V LBC) 3 hrs

Restricted Elective Courses: 12 hours

Twelve hours from the list of restricted elective courses below that were not selected as a required course above:

- CTAC 224 - Public Speaking 3 hrs
- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 226 - Nonverbal Communication (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
- CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III) 3 hrs
- CTAC 310 - Health Communication 3 hrs
- CTAC 340 - Communication Ethics 3 hrs
- CTAC 350 - Persuasion 3 hrs
- CTAC 352 - Communication in Negotiation 3 hrs
- CTAC 354 - Organizational Communication 3 hrs
- CTAC 356 - Argumentation and Debate 3 hrs
- CTAC 357 - Interviewing as Communication 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAC 370 - Nonprofit Organizational Communication 3 hrs
- CTAC 372 - Assertive Communication 3 hrs
- CTAC 373 - Family Communication 3 hrs
- CTAC 376 - Communication and Conflict Resolution 3 hrs
- CTAC 379 - Special Topics 3 hrs
- CTAC 440W - Public Discourse Analysis (Gen Ed Area I, W) 3 hrs
- CTAC 460 - Theories of Speech Criticism 3 hrs
- CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs
- CTAC 485W - Communication Theory (Gen Ed Area I, W) 3 hrs

No more than six credit hours from the following courses:

- CTAA 166 - Forensics 1 hr
- CTAA 266 - Forensics 1 hr
- CTAA 366 - Forensics 1 hr
- CTAA 466 - Forensics 1 hr
- CTAC 387 - Cooperative Education in Communication 1 hr
- CTAC 388 - Cooperative Education in Communication 2 hrs
- CTAC 389 - Cooperative Education in Communication 3 hrs
- CTAC 407 - Directing the Secondary Communication and Theatre Co-Curriculum 3 hrs
- CTAC 487 - Internship in Communication 1 hr
- CTAC 488 - Internship in Communication 2 hrs
- CTAC 489 - Internship in Communication 3 hrs
- CTAC 497 - Independent Study 1 hr
- CTAC 498 - Independent Study 2 hrs
- CTAC 499 - Independent Study 3 hrs

Alternate department courses. No more than three credit hours substituted for a restricted elective:

- CTAO 205 - Voice and Articulation 3 hrs
- CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs
- CTAT 241 - Announcing Techniques for Electronic Media 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Electronic Media and Film Studies Major

This major was modified on November 1, 2016, to correct an error. CTAT 235 is now listed as an option under Restricted Elective Courses - Theory Courses.

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey

Department Contact: kstacey@emich.edu

Website: <http://www.emich.edu/cta/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 30-34 hours

Students must earn a "C" or better grade in each required course for this major

Required Courses: 11 hours

- CTAT 130 - Introduction to Electronic Media 3 hrs
- CTAT 131 - Introduction to Audio Production and Direction 2 hrs
- CTAT 132 - Introduction to Video Production and Direction 2 hrs

One course from the following:

- CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs
- CTAT 236 - History and Criticism of Radio and Television 3 hrs

One course from the following:

- CTAA 165 - Television Laboratory 1 hr
- CTAA 169 - Radio Station WQBR 1 hr

Restricted Elective Courses: 16-18 hours

Production Courses: 6 hours

Six hours from the following, at least three hours must be at the 300- or 400-level:

- CTAT 231 - Audio Recording Techniques 3 hrs
- CTAT 232 - Lighting for TV and Film 3 hrs
- CTAT 233 - Digital Video Editing 3 hrs
- CTAT 241 - Announcing Techniques for Electronic Media 3 hrs
- CTAT 331 - Intermediate Radio Production and direction 3 hrs
- CTAT 332 - Intermediate Television Production and Direction 3 hrs
- CTAT 333 - Fundamentals of Electronic Moviemaking 3 hrs
- CTAT 341 - Radio-Television-Film Dramatic Performance 3 hrs
- CTAT 431 - Advanced Radio Production and Direction 3 hrs
- CTAT 432 - Advanced Television Production and Direction 3 hrs
- CTAT 433 - Advanced Electronic Moviemaking 3 hrs
- CTAT 434 - Documentary Film Production 3 hrs

Writing Courses: 3 hours

Three hours from the following:

- CTAT 334 - Radio-Television News 3 hrs
- CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W) 3 hrs
- CTAT 444 - Dramatic Scriptwriting for Visual Media 3 hrs

Theory Courses: 6 hours

Six hours from the following, three hours must be at the 400-level:

- CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs
- CTAT 235 - International Cinema (Gen Ed Area III) 3 hrs
- CTAT 236 - History and Criticism of Radio and Television 3 hrs
- CTAT 245 - A Survey of American Cinema 3 hrs
- CTAT 335 - Studies in Film 3 hrs
- CTAT 336 - Studies in Electronic Media 3 hrs
- CTAT 345 - American Film Genres 3 hrs
- CTAT 445 - Film Theory and Criticism 3 hrs
- CTAT 446 - Contemporary Problems in Electronic Media 3 hrs
- CTAT 447 - Radio-Television Station Management 3 hrs
- CTAT 479 - Special Topics 3 hrs

Internship or Cooperative Education: 1-3 hours

- CTAT 387 - Cooperative Education in Radio-TV-Film 1 hr
- CTAT 388 - Cooperative Education in Radio-TV-Film 2 hrs
- CTAT 389 - Cooperative Education in Radio-TV-Film 3 hrs
- CTAT 487 - Internship in Radio-TV-Film 1 hr
- CTAT 488 - Internship in Radio-TV-Film 2 hrs
- CTAT 489 - Internship in Radio-TV-Film 3 hrs

Elective Courses: 3-5 hours

Three hours from Electronic Media and Film Studies and the remaining hours from Communication, Media and Theatre Arts courses, excluding CTAC 124 - Foundations of Speech Communication.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Electronic Media and Film Studies Major with a Concentration in Film Studies

This major was modified on November 1, 2016, to correct an error. CTAT 235 is now listed as an option under Restricted Elective Courses - Theory Courses.

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey
 Department Contact: kstacey@emich.edu
 Website: <http://www.emich.edu/cta/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 30 hours

Students must earn a "C" or better in each course required for this major

Required Courses: 13 hours

- CTAT 130 - Introduction to Electronic Media 3 hrs
- CTAT 131 - Introduction to Audio Production and Direction 2 hrs
- CTAT 132 - Introduction to Video Production and Direction 2 hrs
- CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs
- CTAT 445 - Film Theory and Criticism 3 hrs

Restricted Elective Courses: 12 hours

Production Courses: 3 hours

- CTAT 333 - Fundamentals of Electronic Moviemaking 3 hrs

Writing Courses: 3 hours

- CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W) 3 hrs
- CTAT 444 - Dramatic Scriptwriting for Visual Media 3 hrs

Theory Courses: 6 hours

Six hours from the following:

- CTAT 235 - International Cinema (Gen Ed Area III) 3 hrs
- CTAT 245 - A Survey of American Cinema 3 hrs
- CTAT 335 - Studies in Film 3 hrs
- CTAT 345 - American Film Genres 3 hrs

Internship or Cooperative Education: 1-3 hours

- CTAT 387 - Cooperative Education in Radio-TV-Film 1 hr
- CTAT 388 - Cooperative Education in Radio-TV-Film 2 hrs
- CTAT 389 - Cooperative Education in Radio-TV-Film 3 hrs
- CTAT 487 - Internship in Radio-TV-Film 1 hr
- CTAT 488 - Internship in Radio-TV-Film 2 hrs
- CTAT 489 - Internship in Radio-TV-Film 3 hrs
- CTAT 497 - Independent Study 1 hr
- CTAT 498 - Independent Study 2 hrs
- CTAT 499 - Independent Study 3 hrs

Elective Courses: 4-2 hours

Elective courses may be taken in electronic media and film studies or courses in other departments, selected in consultation with an advisor.

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Entertainment Design and Technology Major

Revised Program, Effective Winter 2014

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey

Department Contact: kstacey@emich.edu

Website: <http://www.emich.edu/cta/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 35-41 hours

Students must earn a C or better on individual courses for major requirements. At least nine hours must be 300-level or above courses.

Foundation Courses: 15 hours

- ARTS 122 - Three-Dimensional Design 3 hrs
- CTAA 167 - Theatre Practice 1 hr
- CTAA 267 - Theatre Practice 1 hr
- CTAA 367 - Theatre Practice 1 hr
- CTAR 140 - Script Analysis for Theatre Artists 3 hrs
- CTAR 152 - Technical Theatre: Scenery and Lighting 3 hrs
- CTAR 153 - Technical Theatre: Costume and Makeup 3 hrs

Production Courses: 12 hours

Choose any four of the following courses:

** One of the courses chosen must be media/technology intensive*

- CTAR 252 - Stagecraft: Scenery & Props 3 hrs
- * CTAR 253 - Stagecraft: Lighting & Sound 3 hrs

- CTAR 255 - Stage Management 3 hrs
- CTAR 256 - Costume Construction and Crafts 3 hrs
- * CTAR 351 - Scene Design 3 hrs
- * CTAR 352 - Drafting for the Entertainment Industry 3 hrs
- * CTAR 353 - Digital Design for Theatre and the Entertainment Industry 3 hrs
- * CTAR 362 - Lighting Design: Stage and Beyond 3 hrs
- CTAR 364 - Stage Costume: Design and Construction 3 hrs
- CTAR 366 - Advanced Stage Make-up 3 hrs

Writing Intensive Course: 3 hours

Choose one of the following (this requirement may be fulfilled by taking one of the courses designated with a W in the History Courses category below):

- CTAR 453W - Marketing the Arts (Gen Ed Area I, W) 3 hrs
- CTAR 455W - Dramaturgy (Gen Ed Area I, W) 3 hrs
- CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W) 3 hrs
- DANC 350W - History of Dance: Prehistoric to Renaissance (Gen Ed Area I, W) 3 hrs
and
- DANC 351W - History of Dance: Romanticism to the Present (Gen Ed Area I, W) 3 hrs
Both History of Dance courses must be taken to fulfill the Writing Intensive requirement.

History Courses: 4-6 hours

Choose any two of the following courses (courses marked with W will also fulfill the Writing Intensive requirement above):

- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 165 - Postmodern and Contemporary Art 3 hrs
- CTAR 363 - Stage Costume: History and Theory 3 hrs
- CTAR 450 - History of the Theatre to 1642 3 hrs
- CTAR 451 - History of the Theatre 1642 to the Present 3 hrs
- DANC 350W - History of Dance: Prehistoric to Renaissance (Gen Ed Area I, W) 3 hrs
- DANC 351W - History of Dance: Romanticism to the Present (Gen Ed Area I, W) 3 hrs
Both History of Dance courses must be taken to fulfill the Writing Intensive requirement.
- IDE 225 - History of Interiors from Antiquity to 1800 3 hrs
- IDE 226 - History of Interiors from 1800 to Present 3 hrs

Professional Development Courses: 5 hours

- CTAR 268 - Portfolio Development 1 hr
- CTAR 368 - Applied Entertainment Design and Technology I 1 hr
- CTAR 468 - Applied Entertainment Design and Technology II 1 hr
- CTAR 396 - Career Seminar 2 hrs

Cognate Elective Courses: 9 hours

Choose any nine hours from the following offerings outside of chosen minor:

** One of the courses chosen must be media/technology intensive*

Apparel, Textiles and Merchandising

- ATM 135 - Cultural Study of Dress 3 hrs
- ATM 212 - Textile Science I: Fibers & Yarns 3 hrs
- ATM 271 - Woven Structures and Design 3 hrs
- ATM 312 - Textile Science II: Fabric Formation, Dyeing and Finishing 3 hrs
- ATM 372 - Design and Production of a Fashion Show 3 hrs
- ATM 392 - Pattern Design 3 hrs
- ATM 404 - Textiles for Merchandising 3 hrs

Art

- ARTH 161 - Survey of Non-Western Art (Gen Ed Area III, IV) 3 hrs
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 165 - Postmodern and Contemporary Art 3 hrs
- ARTS 104 - Graphic Design for Nonmajors (Gen Ed Area IV) 3 hrs
- ARTS 121 - Two-Dimensional Design 3 hrs
- ARTS 123 - Foundations Drawing I 3 hrs
- ARTS 235 - Beginning Sculpture 3 hrs
- ARTS 240 - Introduction to Fibers 3 hrs
- ARTS 245 - Introduction to Furniture Design 3 hrs

Communication Technology

- CMT 121 - Graphic Communication 3 hrs
- CMT 131 - Introduction to Computer Graphic Systems 3 hrs
- CMT 204 - Photographic Communication 3 hrs
- * CMT 205 - Digital Photo-Technology 3 hrs
- * CMT 301 - Multimedia Authoring Techniques 3 hrs

Electronic Media and Film Studies

- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs
- * CTAT 231 - Audio Recording Techniques 3 hrs
- CTAT 241 - Announcing Techniques for Electronic Media 3 hrs
- * CTAT 332 - Intermediate Television Production and Direction 3 hrs
- * CTAT 333 - Fundamentals of Electronic Moviemaking 3 hrs

Management

- MGMT 202 - Business Communication 3 hrs
- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MGMT 450 - Leadership Theories and Practice 3 hrs

Marketing

- MKTG 261 - Contemporary Selling 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- MKTG 363 - Retailing 3 hrs
- MKTG 425 - Sports and Event Marketing 3 hrs

Music

- MUSC 100 - Music Fundamentals (Gen Ed Area IV) 3 hrs
- MUSC 107 - Music Appreciation (Gen Ed Area IV) 3 hrs

Simulation, Animation and Gaming

- * SAG 105 - Introduction to Simulation, Animation and Gaming 3 hrs
- * SAG 175 - Graphics for Simulation I 3 hrs
- * SAG 225 - Graphics for Simulation II 3 hrs
- * SAG 235 - Flash I 3 hrs
- * SAG 245 - Story Development 3 hrs
- * SAG 275 - Texturing and Mapping 3 hrs
- * SAG 305 - Environment Design 3 hrs
- * SAG 355 - Lighting and Camera Techniques 3 hrs

Theatre, Interpretation, Performance and Drama

- CTAR 155 - Producing Theatre 3 hrs
- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 355 - Play Direction 3 hrs
- CTAR 452 - Arts Management 3 hrs
- CTAR 453W - Marketing the Arts (Gen Ed Area I, W) 3 hrs

Minor Requirements:

This major requires a minor. Select a minor from the following:

- Apparel, Textiles and Merchandising Minor
- Art Minor
- Electronic Media and Film Studies Minor
- Entrepreneurship Minor
- Graphic Communication Minor
- Music Minor
- Management Minor - (For nonbusiness majors)

- Marketing Minor - (For nonbusiness majors)

(Or other minors as approved by the CMTA adviser)

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Public Relations Major (Interdisciplinary - Communication)

Revised Program, effective Fall 2013

Admission to the program will require a 2.8 GPA, which must be maintained in the major as well as in the minor selected. Admission is granted by the Department of English Language and Literature. Courses from both the Department of English Language and Literature and the Department of Communication, Media and Theatre Arts are offered as requirements and restricted elective courses.

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey
 Department Contact: kstacey@emich.edu
 Website: <http://www.emich.edu/cta/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 45 hours

Required Fundamental Courses: 21 hours

- CMT 336 - Electronic Publishing Technology 3 hrs
- JRNL 201 - Public Relations and Public Responsibility (Gen Ed Area IV) 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 221 - Fundamentals of Social Media 3 hrs
- JRNL 312 - Introduction to Public Relations 3 hrs
- JRNL 314 - Writing for Public Relations 3 hrs

One course from the following:

- CTAC 354 - Organizational Communication 3 hrs
- CTAC 370 - Nonprofit Organizational Communication 3 hrs

Required Advanced Courses: 18 hours

- CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs
- JRNL 333 - Integrated Campaigns 3 hrs
- JRNL 403 - The Agency 3 hrs
- JRNL 408W - Case Studies in Public Relations (Gen Ed Area I, W) 3 hrs

One course from the following:

- CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W) 3 hrs
- JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs

One course from the following:

- JRNL 487 - Cooperative Education in Journalism/Public Relations 3 hrs
- JRNL 490 - Internship in Journalism/Public Relations 3 hrs

Restricted Elective Courses: 6 hours

- ARTS 104 - Graphic Design for Nonmajors (Gen Ed Area IV) 3 hrs
- CMT 204 - Photographic Communication 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- CTAC 350 - Persuasion 3 hrs
- CTAC 357 - Interviewing as Communication 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs
- ENGL 323W - Writing in the Professional World (Gen Ed Area I, W) 3 hrs
- JRNL 307 - Copy Editing 3 hrs
- JRNL 317 - Crisis Management in Public Relations 3 hrs
- JRNL 379 - Special Topics 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Communication and Theatre Arts Teaching Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in speech, certification code BD, and, depending on the minor selected, an additional endorsement. The Michigan Test for Teacher Certification (MTTC) covering this field is #004, "Speech." At least nine credit hours must be taken at the 300-400 level.

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey

Department Contact: kstacey@emich.edu

Website: <http://www.emich.edu/cta/>

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of

transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 39 hours

- CTAC 224 - Public Speaking 3 hrs
- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- CTAC 356 - Argumentation and Debate 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAC 407 - Directing the Secondary Communication and Theatre Co-Curriculum 3 hrs
- CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs
- CTAR 150L - Introduction to Theatre (Gen Ed Area IV) 3 hrs
- CTAR 155 - Producing Theatre 3 hrs
- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs
- CTAT 130 - Introduction to Electronic Media 3 hrs
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Communication, Media and Theatre Arts Teaching Majors take:

- CTAC 307 - The Teaching of Speech 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors. Language, Literature and Writing Minor strongly recommended.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Students will declare a teaching major or minor in conjunction with their CTA program - there is no restriction on General Education course selections - students complete standard College of Education Initial Teacher Preparation Program.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Theatre Arts Major

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey

Department Contact: kstacey@emich.edu

Website: <http://www.emich.edu/cta/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 48-51 hours

Core Courses: Foundation: 15 hours

- CTAR 140 - Script Analysis for Theatre Artists 3 hrs
- CTAR 152 - Technical Theatre: Scenery and Lighting 3 hrs
- CTAR 153 - Technical Theatre: Costume and Makeup 3 hrs
- CTAR 155 - Producing Theatre 3 hrs
- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs

Applied Study: 4 hours

Majors are required to take four hours of applied theatre participation. Classes may be taken out of sequence. Students may not register for more than two Theatre Practice credits in a single semester.

- CTAA 167 - Theatre Practice 1 hr
- CTAA 267 - Theatre Practice 1 hr
- CTAA 367 - Theatre Practice 1 hr
- CTAA 467 - Theatre Practice 1 hr

Restricted Electives: Applied Technique: 11 hours

- CTAR 355 - Play Direction 3 hrs
- CTAR 396 - Career Seminar 2 hrs

Two of the following courses:

- CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs
- CTAR 252 - Stagecraft: Scenery & Props 3 hrs
- CTAR 253 - Stagecraft: Lighting & Sound 3 hrs
- CTAR 256 - Costume Construction and Crafts 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs
- CTAR 358 - Characterization 3 hrs

History & Theory: 9 hours

- CTAR 450 - History of the Theatre to 1642 3 hrs
- CTAR 451 - History of the Theatre 1642 to the Present 3 hrs
- CTAR 455W - Dramaturgy (Gen Ed Area I, W) 3 hrs

Electives: Advanced Specialization: 9-12 hours

In consultation with an advisor, students will select an additional nine to twelve hours of 200-, 300- or 400-level coursework from CTAR or CTAO areas. This will permit students to concentrate studies in any one or combination of the following areas:

- Acting
- Technical Theatre
- Directing
- Theatre for the Young
- Interpretation & Performance Studies

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. Communication Minor

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey
Department Contact: kstacey@emich.edu
Website: <http://www.emich.edu/cta/>

Required Courses: 21 hours

Foundation Courses: 15 hours

- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs

Public Communication: 3 hours

One course from the following:

- CTAC 224 - Public Speaking 3 hrs
- CTAC 340 - Communication Ethics 3 hrs
- CTAC 350 - Persuasion 3 hrs
- CTAC 356 - Argumentation and Debate 3 hrs

Relational Communication: 3 hours

One course from the following:

- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 226 - Nonverbal Communication (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs

Organizational Communication: 3 hours

One course from the following:

- CTAC 354 - Organizational Communication 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAC 370 - Nonprofit Organizational Communication 3 hrs

Cultural Communication: 3 hours

One course from the following:

- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
- CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III) 3 hrs

Advanced Theory and Research: 3 hours

One course from the following:

- CTAC 440W - Public Discourse Analysis (Gen Ed Area I, W) 3 hrs
- CTAC 460 - Theories of Speech Criticism 3 hrs
- CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs
- CTAC 485W - Communication Theory (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 3 hours

Three hours from the list of restricted elective courses below that were not selected as a required course above:

- CTAC 224 - Public Speaking 3 hrs
- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 226 - Nonverbal Communication (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
- CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III) 3 hrs
- CTAC 350 - Persuasion 3 hrs
- CTAC 352 - Communication in Negotiation 3 hrs
- CTAC 354 - Organizational Communication 3 hrs
- CTAC 356 - Argumentation and Debate 3 hrs
- CTAC 357 - Interviewing as Communication 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAC 370 - Nonprofit Organizational Communication 3 hrs
- CTAC 372 - Assertive Communication 3 hrs
- CTAC 373 - Family Communication 3 hrs
- CTAC 376 - Communication and Conflict Resolution 3 hrs
- CTAC 379 - Special Topics 3 hrs
- CTAC 440W - Public Discourse Analysis (Gen Ed Area I, W) 3 hrs
- CTAC 460 - Theories of Speech Criticism 3 hrs
- CTAC 475W - Research in Speech Communication (Gen Ed Area I, W) 3 hrs

- CTAC 485W - Communication Theory (Gen Ed Area I, W) 3 hrs

No more than six credit hours from the following courses:

- CTAA 166 - Forensics 1 hr
- CTAA 266 - Forensics 1 hr
- CTAA 366 - Forensics 1 hr
- CTAA 466 - Forensics 1 hr
- CTAC 387 - Cooperative Education in Communication 1 hr
- CTAC 388 - Cooperative Education in Communication 2 hrs
- CTAC 389 - Cooperative Education in Communication 3 hrs
- CTAC 487 - Internship in Communication 1 hr
- CTAC 488 - Internship in Communication 2 hrs
- CTAC 489 - Internship in Communication 3 hrs
- CTAC 497 - Independent Study 1 hr
- CTAC 498 - Independent Study 2 hrs
- CTAC 499 - Independent Study 3 hrs

Alternate department courses. No more than three hours substituted for a restricted elective:

- CTAO 205 - Voice and Articulation 3 hrs
- CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs
- CTAT 241 - Announcing Techniques for Electronic Media 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Drama/Theatre for the Young Minor

The undergraduate minor in drama/theatre for the young is designed to serve students wishing to prepare for a variety of careers — some already existing, others emerging — involving work with and for the young through drama and communication. The minor is useful in conjunction with many other minors and majors including early childhood, elementary and secondary education, special education, language and literature, history and social studies, art, music, dance, social work, sociology, psychology, recreation, business management, counseling, library science, communication, gerontology, theatre and applied theatre.

It provides a strong base and, at the same time, flexibility is ensured through freedom in choosing from a wide range of electives.

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey
Department Contact: kstacey@emich.edu
Website: <http://www.emich.edu/cta/>

Required Courses: 15 hours

- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
- CTAR 322 - Theatre for Children 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs
- CTAR 324 - Oral Interpretation of Children's Literature 3 hrs

Elective Courses: 5 hours

Five hours from the following:

- Any course in dramatic literature
- Any communication or theatre arts course
- CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- CTAA 168 - Interpretation 1 hr
- CTAA 268 - Interpretation 1 hr
- CTAA 368 - Interpretation 3 hrs
- CTAA 468 - Interpretation 1 hr
- CTAR 326 - Drama/Theatre for Persons with Disabilities 2 hrs
- CTAR 327 - Plays for the Young 3 hrs
- CTAR 329 - Performing Theatre for the Young 3 hrs
- CTAR 377 - Special Topics 1 hr
- CTAR 378 - Special Topics 2 hrs
- CTAR 379 - Special Topics 3 hrs
- CTAR 429 - History and Theory of Developmental Drama/Theatre 3 hrs
- CTAR 497 - Independent Study 1 hr
- CTAR 498 - Independent Study 2 hrs
- CTAR 499 - Independent Study 3 hrs
- * CTAR 504 - Performing Youth Literature 3 hrs
- * CTAR 522 - TIE: Theatre-in-Education 2 hrs
- * CTAR 523 - Puppetry: Catalyst in Human Development 3 hrs
- * CTAR 524 - Developmental Drama/Theatre for Persons with Disabilities 2 hrs
- * CTAR 525 - Developmental Drama/Theatre in Recreational Settings 2 hrs
- * CTAR 528 - Developmental Drama/Theatre in Religion 2 hrs
- * CTAR 565 - Studies in Educational Drama and Theatre 3 hrs

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300 level or above.

* All 500-level courses are available for undergraduate credit to qualified seniors.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

Interdisciplinary Film Studies Minor

Film is the most interdisciplinary of all the arts in that it represents a synthesis of literature, theatre, painting, photography, music, and video. It borrows from all of them to create the most powerful, persuasive, and popular art form of the past 120 years. As a narrative art, it closely resembles painting and photography. As a time art, it is structured much like music.

In their borrowing from other arts, motion pictures naturally embrace a diversity of themes and address a multitude of complex issues. They take students to other times and places and encourage them to consider viewpoints beyond their immediate circumstances. Through the study of films, students develop a greater appreciation for cultural diversity and a better knowledge of human history.

The purpose of this program is to encourage students to understand the relationship between film and other arts and to gain an appreciation for those motion pictures that address diverse themes and reflect the values of other cultures.

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey

Department Contact: kstacey@emich.edu

Website: <http://www.emich.edu/cta/>

Required Courses: 9 hours

Students must earn a "C" or better in each course required for this minor.

- CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV) 3 hrs
- CTAT 245 - A Survey of American Cinema 3 hrs
- CTAT 445 - Film Theory and Criticism 3 hrs

Restricted Electives: 12 hours

Choose at least one course from each of the following categories:

Related Arts:

- Approved Special Topics courses
- * CTAT 335 - Studies in Film 3 hrs

- CTAR 358 - Characterization 3 hrs
- CTAR 370 - Audition 3 hrs
- CTAR 464 - Style for the Actor 3 hrs

Music Majors: 17 hours

This set of classes is for students with a Music major:

- DANC 100 - Ballet I (Gen Ed Area IV) 3 hrs
- DANC 200 - Ballet II 2 hrs
- DANC 478 - Special Topics 2 hrs

One course from the following: 2 hours

- DANC 101 - Jazz I 2 hrs
- DANC 201 - Jazz II 2 hrs

Eight credits from the following: 8 hours

- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 254 - Stage Makeup 1 hr
- CTAR 358 - Characterization 3 hrs
- CTAR 370 - Audition 3 hrs

- CTAR 464 - Style for the Actor 3 hrs

Theatre Majors: 17 hours

This set of classes is for students with a Theatre major:

- DANC 100 - Ballet I (Gen Ed Area IV) 3 hrs
- DANC 200 - Ballet II 2 hrs
- DANC 478 - Special Topics 2 hrs
- MUSC 100 - Music Fundamentals (Gen Ed Area IV) 3 hrs
- MUSC 232 - Voice Class 1 hr

Four credits from the following: 4 hours

Level of classes will be determined by audition.

- AMUS 115A - Secondary Applied Music 1 hr
- AMUS 115B - Secondary Applied Music 2 hrs
- AMUS 116A - Principal Applied Music 2 hrs
- AMUS 116B - Principal Applied Music 4 hrs
- AMUS 415A - Secondary Applied Music 1 hr
- AMUS 415B - Secondary Applied Music 2 hrs
- AMUS 416A - Principal Applied Music 2 hrs
- AMUS 416B - Principal Applied Music 4 hrs

One course from the following: 2 hours

- DANC 101 - Jazz I 2 hrs
- DANC 201 - Jazz II 2 hrs

Advanced Core: 8 hours

Select eight credit hours from the following:

- CTAR 380 - Musical Theatre Acting 2 hrs
- CTAR 421 - Musical Theatre Styles 2 hrs
- CTAR 463 - The American Musical Stage 3 hrs
- CTAR 471 - Musical Theatre Workshop 1 hr
- * This course is cross-listed with MUSC571
- DANC 110 - Modern Dance I for Dance Majors/Minors 3 hrs
- MUSC 228 - Basic Music Literature 3 hrs
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr
- MUSC 253 - Functional Piano 1 hr
- MUSC 254 - Functional Piano 1 hr

Minor Total: 25 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Communication and Theatre Arts Teaching Minor

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in speech, certification code BD. The Michigan Test for Teacher Certification (MTTC) covering this field is #004, "Speech." At least six hours must be taken at the 300-400 level.

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey

Department Contact: kstacey@emich.edu

Website: <http://www.emich.edu/cta/>

Required Courses: 24 hours

- CTAC 225 - Listening Behavior (Gen Ed Area IV) 3 hrs
- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- * CTAC 307 - The Teaching of Speech 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- CTAC 407 - Directing the Secondary Communication and Theatre Co-Curriculum 3 hrs
- CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs
- CTAR 150L - Introduction to Theatre (Gen Ed Area IV) 3 hrs
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs

Minor Total: 24 hours

Note:

Students will declare a teaching major or minor in conjunction with their CTA program - there is no restriction on General Education course selections - students complete standard Initial Teacher Preparation Program professional education coursework.

All minors must have at least six hours of course work at the 300-level or above.

** Majors take CTAC 307 as part of the Initial Teacher Preparation Program.*

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

Theatre Arts Minor

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey

Department Contact: kstacey@emich.edu

Website: <http://www.emich.edu/cta/>

Required Courses: 15 hours

- CTAR 140 - Script Analysis for Theatre Artists 3 hrs
- CTAR 155 - Producing Theatre 3 hrs
- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 355 - Play Direction 3 hrs

One course from the following:

- CTAR 152 - Technical Theatre: Scenery and Lighting 3 hrs
- CTAR 153 - Technical Theatre: Costume and Makeup 3 hrs

Applied Study: 2 hours

- CTAA 167 - Theatre Practice 1 hr
- CTAA 367 - Theatre Practice 1 hr

History & Theory: 3 hours

Students select one of the following courses:

- CTAR 450 - History of the Theatre to 1642 3 hrs
- CTAR 451 - History of the Theatre 1642 to the Present 3 hrs

Elective Courses: 3-5 hours

Students choose three to five hours of CTAR coursework beyond the 100-level.

Minor Total: 23-25 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

Communication

CTAC 124 - Foundations of Speech Communication (Gen Ed Area I)

This course develops students' public speaking skills and introduces students to foundational concepts in communication studies.

Credit Hours: 3 hrs

Previously Listed As: CTAC 124 - Fundamentals of Speech

Area I: Effective Communication

CTAC 124 Foundations of Speech Communication or *departmental waiver* [was CTAS124]

The ability to communicate is fundamental to human life. We spend more time communicating than doing anything else. The ability to communicate effectively has a profound impact on an individual's personal, social, academic, professional and civic life. Developing the skills of speaking and listening effectively is a critical not only to the individual, but also to the successful functioning of a growing and increasingly diverse democratic society.

Successful accomplishment of the Fundamentals of Speech course will enable students to prepare, present and evaluate speeches; thus enhancing and developing their ability to communicate effectively. Students will receive the appropriate instruction and have multiple opportunities to demonstrate the ability to conceptualize, analyze and research a topic; organize information; adapt to the audience' craft the message with an introduction; body, and a conclusion' create speaking notes; utilize a variety of audio-visual material' make appropriate choices in both verbal and nonverbal communication during the presentation' manage speech anxiety' and listen both critically and emphatically. This course will assist the university in meeting the charge of the Boyer Commission when it stressed in 1998 that "Undergraduate education must enable students to acquire strong communication skills and thereby create graduates who are proficient in both written and oral communication."

Last Updated: Title and Course Description Change 04/2012, effective Fall 2012

CTAC 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAC 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAC 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAC 224 - Public Speaking

The characteristics of various types of speeches and speech situations and practice in the preparation and delivery of speeches for various occasions.

Credit Hours: 3 hrs

Prerequisite: CTAC 124

Last Updated: Links 04/2011

CTAC 225 - Listening Behavior (Gen Ed Area IV)

The study of the behavior, processes and theory of human listening; practice in improving listening skills.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

CTAC 225 Listening Behavior

While people often think of communication as primarily what is spoken, what is heard is equally important. Social scientists have

estimated that approximately 85% of what people know has been learned through listening. In our field, we study and investigate individual communication behaviors such as listening, which in turn influence and change organizational, societal and cultural behavior. As a result, communication researchers have investigated, measured and analyzed listening behaviors in various contexts. Students will investigate the complexity of listening through assignments designed to provide experience with social science methods utilized to conduct qualitative and quantitative research, and read the existing social scientific research in listening behavior; and be able to evaluate their proficiency levels in various listening situations using instruments commonly used in the communication discipline. Students will also formulate research questions and investigate human listening behavior through discussion, reading assignments and interactive exercises.

CTAC 226 - Nonverbal Communication (Gen Ed Area IV)

An examination of nonverbal and situational behaviors, relationships, objects and events surrounding speech communication acts.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

CTAC 226 Nonverbal Communication

Social scientists have estimated that 60-70% of what we communicate to one another is through the nonverbal channel. Nonverbal communication is the primary mode of expressing emotion, creating and managing impressions and communicating messages of attraction, liking, distance and dominance. This course is designed to introduce students to the social scientific study and analysis of nonverbal communication. For this reason the emphasis of CTAC 226 is on scientific knowledge rather than anecdotal experience. The course will cover both classic and current theories and research related to nonverbal communication. From Darwin's seminal work on the study of emotional expression in humans to current methods of conversational analysis, the field of nonverbal communication has a long history of research from a social scientific perspectives.

CTAC 227 - Interpersonal Communication (Gen Ed Area IV)

Study and practice of the basic elements of interpersonal communication with emphasis on perception, meanings, attention, listening, feedback and communication barriers. Particular attention is given to improving interpersonal communication skills. This course may not substitute as the fundamentals of speech requirement in general education.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

CTAC 227 Interpersonal Communication

Interpersonal communication is the exchange of symbols used to achieve self-presentation, relational and instrumental goals. In other words, how we present ourselves and manage our image to others, how we develop, maintain and terminate relationships and how we use communication to develop and obtain resources. Interpersonal communication is the foundation upon which all relationships, organizations and societies are built. Interpersonal communication is often taken for granted. We assume since we engage in interpersonal interactions on a daily basis we understand what it is. Students will move from their personal understanding of interpersonal communication to the social scientific perspective existing within the discipline. This course is designed to introduce students to the social scientific study and analysis of interpersonal communication. Theories such as attribution, expectancy violation, uncertainty reduction, social exchange, coordinated management of meaning and cognitive dissonance and research methods such as experimental design, conversational analysis, content analysis and ethnography will be explored.

CTAC 260 - Gender Communication (Gen Ed Area III)

Exploration of the multifaceted ways communication, culture, and gender are interconnected and the influences of each. Critical analysis of gender communications "differences" as they are influenced by culture and our everyday communication.

Credit Hours: 3 hrs

Cross-Listed with: WGST 260

Area III: Perspectives on a Diverse World

CTAC 260 Gender Communication [was CTAC/WGST 360]

Gender Communication is communication *about* and *between* men and women. It is communication *about* men and women because gender communication is reflected in everything around us. From the time we are born important people in our life communicate our society's gender expectations to us. While individuals vary in the extent to which they accept or reject those messages, we all "do gender" by expressing our views about what we believe is normal or natural for a member of our sex. Since gender is a social construction that changes over time, it is important that we systematically study it to determine how it affects us, the people with whom we interact, and the world in which we live. Gender communication is also communication *between* men and women. In the United States interactions between women and men occur every hour of every day. The sheer number of contacts we have with the opposite sex heightens the need to study the effects of gender on the communication process.

CTAC 260 meets the U.S. diversity requirement of general education because it allows students to examine their gender identity and relate it to the gender identity of others. This ultimately leads to an understanding of the many different ways people view gender and communication in the United States. Attention is also focused on the communication-related causes and consequences of social intolerance toward individuals who deviate from normative sex and gender roles, and how that intolerance relates to racism, ethnocentrism, and exclusion in the United States. Last but not least, students explore the association between gender and income distribution, economic opportunities, political participation and the U.S. democratic process, and how those variables impact communication between and within the sexes.

Last Updated: Links 04/2011

CTAC 265 - Communicating and LGBT Community

Communication and LGBT Community examines communication about and within diverse Lesbian, Gay, Bisexual, and Transgender identity communities. Patterns in social movement, issue advocacy, group identity expression, and media representation are reviewed and evaluated. The course explores questions of intolerance, stereotyping, and intersectionality, applying perspectives drawn from communication and queer theories.

Credit Hours: 3 hrs

Cross-Listed with: WGST 265

Last Updated: New Course 12/2011, effective Winter 2012

CTAC 274 - Intercultural Communication (Gen Ed Area III)

Analysis of processes and problems of communication as affected by national cultures; effects of differences in verbal and nonverbal communication, values, meaning, perception and thought.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

CTAC 274 Intercultural Communication [was CTAC 374]

The modern world is characterized by a dramatic increase in communication between people of different cultural backgrounds. Students are now graduating into a world where intercultural communication is increasingly common. Business, science, education, mass media, entertainment, tourism, politics, war and the internet all provide opportunities and challenges

associated with intercultural encounters. CTAC 274 is designed to help students better understand their own cultural communication style and those of other people, groups and nations. Upon completion of this course students will have a better understanding of cultures that differ from their own, develop a universalistic, realistic, worldview and learn how culture impacts communication at both the interpersonal and societal levels.

CTAC 275 - Interracial/Interethnic Communication (Gen Ed Area III)

The analysis of how ethnocentric attitudes toward perceived racial/ethnic minority group speakers/listeners influence interpersonal communication transactions.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

CTAC 275 Interracial/Interethnic Communication [was CTAC 375]

CTAC 275 Interracial/Interethnic Communication meets the U.S. diversity requirement of general education because it prompts students to consider and evaluate the foundations of race/ethnicity based identities and assumptions in the context of interpersonal interacting. Attitudes about racially and ethnically different "others" are both developed and expressed through conversation (Debra J. Dickerson, *The End of Blackness: Returning the Souls of Black Folk to their Rightful Owners*). The persistent issue of racial and ethnic inequality in the United States becomes visible in the language and non-verbal expression of people between and within diverse identity groups. When viewed through the lens of communicative interaction, we understand how interpersonal interaction offers socially and persuasively constructed identities, social roles and status. The increasingly racially and ethnically diverse fabric of American Culture suggests that our interaction with "others" is near constant. The need to understand how race and ethnicity inform our communication choices, shape our understanding of messages and clarify our individual and group relationship to a changing world is vital.

CTAC 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAC 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAC 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAC 307 - The Teaching of Speech

Emphasizes the analysis and construction of courses of study, evaluation of textbooks and teaching materials, methods of directing co-curricular speech activities and demonstrations of teaching methods. Required of students majoring in communication and theatre arts in the junior or senior high school teaching curriculum. Does not count toward the major or minor. Not open to students on academic probation.

Credit Hours: 3 hrs

Prerequisite: CTAC 124, CURR 305 and admission to College of Education

Last Updated: Links 04/2011

CTAC 310 - Health Communication

Examines the nature, contexts, theories, and selected research within the field of health communication. Topics include physician-patient interactions, public health awareness/prevention/intervention campaigns, media images of health, cultural constructions of health, and hospital and health-care organizations.

Credit Hours: 3 hrs

Last Updated: New Course 10/2012, effective Winter 2013

CTAC 340 - Communication Ethics

This course will examine frameworks for ethics guiding human communication conduct in various contexts including public, interpersonal and organizational settings. Freedom of Speech will be explored as a privilege and responsibility of American life. Historical cases and contemporary trends will be examined in both free speech and ethical studies.

Credit Hours: 3 hrs

Prerequisite: CTAC 124

Last Updated: Links 04/2011

CTAC 350 - Persuasion

The study of the basic elements inherent in persuasion; the analysis of representative persuasive speeches; practice in securing the acceptance of ideas through psychological appeals as well as logical reasoning.

Credit Hours: 3 hrs

Prerequisite: CTAC 124

Last Updated: Links 04/2011

CTAC 352 - Communication in Negotiation

The course emphasizes the principles and practice of negotiation strategies and techniques in interpersonal and group interactions, grievance handling and collective bargaining.

Credit Hours: 3 hrs

Prerequisite: CTAC 124 or department permission

Last Updated: Links 04/2011

CTAC 354 - Organizational Communication

The course examines the relationship between organizational structures and communication patterns with an emphasis on individual communication strategies appropriate in different organizational settings.

Credit Hours: 3 hrs
Prerequisite: CTAC 124
Last Updated: Links 04/2011

CTAC 356 - Argumentation and Debate

Emphasizes the principles of logical reasoning and oral presentation of reasoned discourse in group situations. Exercise in debate and in general argumentative speaking.

Credit Hours: 3 hrs
Prerequisite: CTAC 124
Last Updated: Links 04/2011

CTAC 357 - Interviewing as Communication

The principles and practices of the interview as they relate to communication elements; the interview process, structure, functions and techniques explored from both the perspective of the interviewer and the interviewee.

Credit Hours: 3 hrs
Prerequisite: CTAC 124 or department permission
Last Updated: Links 04/2011

CTAC 359 - Small Group Communication

The course provides students with an understanding of theory and research in small group interaction. Practical dimensions of group communication are emphasized through group projects and exercises.

Credit Hours: 3 hrs
Prerequisite: CTAC 124
Last Updated: Links 04/2011

CTAC 370 - Nonprofit Organizational Communication

A critical examination of the fundamental differences between communication in a for-profit organization and communication in a nonprofit organization. Students will learn and apply communication skills necessary to effectively and efficiently communicate in a nonprofit organization.

Credit Hours: 3 hrs

CTAC 372 - Assertive Communication

Individualized approach to study and training in effective assertive communication for social, conversational and career-oriented situations.

Credit Hours: 3 hrs
Prerequisite: CTAC 124 or department permission
Last Updated: Links 04/2011

CTAC 373 - Family Communication

Descriptive and theoretical study of communication in families with emphasis on the influence of family communication on individuals.

Credit Hours: 3 hrs

Prerequisite: CTAC 124 and CTAC 227

Last Updated: Links 04/2011

CTAC 376 - Communication and Conflict Resolution

This course explores communication dynamics, processes and applications of conflict resolution procedures to the areas of interpersonal and organizational communication interactions. Emphasis will be on the theory and practice of the communication principles involved in these processes.

Credit Hours: 3 hrs

CTAC 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAC 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAC 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAC 387 - Cooperative Education in Communication

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 1 hr

Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

CTAC 388 - Cooperative Education in Communication

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 2 hrs

Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

CTAC 389 - Cooperative Education in Communication

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 3 hrs

Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

Notes: One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

CTAC 407 - Directing the Secondary Communication and Theatre Co-Curriculum

The course provides an exploration of the philosophy, pedagogy, organization and administration of co-curricular activities associated with communication and theatre arts at the secondary level. Students will study current trends in the Michigan secondary education communication and theatre co-curriculum and acquire skills essential to directing such programs.

Credit Hours: 3 hrs

Prerequisite: CTAC 124

Last Updated: Credit Hour Change 04/2012, effective Fall 2012; Links 04/2011

CTAC 440W - Public Discourse Analysis (Gen Ed Area I, W)

The course provides a critical study of public communication focusing on the role of advocates and their messages in an open society.

Credit Hours: 3 hrs

Prerequisite: CTAC 124

Class Restrictions: Junior or Senior standing

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAC 460 - Theories of Speech Criticism

A study of the theoretical and critical works from various eras of western culture.

Credit Hours: 3 hrs

Prerequisite: CTAC 124

Class Restrictions: Junior or Senior standing

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAC 475W - Research in Speech Communication (Gen Ed Area I, W)

An examination of methods currently employed in speech communication, as well as a review of the many types of application now being made. Course includes analysis of speech communication behavior.

Credit Hours: 3 hrs

Prerequisite: CTAC 124

Class Restrictions: Junior or Senior standing

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAC 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAC 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAC 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAC 485W - Communication Theory (Gen Ed Area I, W)

Communication Theory offers an analysis and application of classic and current theories in the communication discipline.

Credit Hours: 3 hrs

Prerequisite: CTAC 124

Class Restrictions: Junior or Senior standing

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAC 487 - Internship in Communication

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

<http://www.emich.edu/cta/opp-career.html>

Credit Hours: 1 hr

Prerequisite: 20 credit hours of concentration courses and department permission

CTAC 488 - Internship in Communication

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

<http://www.emich.edu/cta/opp-career.html>

Credit Hours: 2 hrs

Prerequisite: 20 credit hours of concentration courses and department permission

CTAC 489 - Internship in Communication

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

<http://www.emich.edu/cta/opp-career.html>

Credit Hours: 3 hrs

Prerequisite: 20 credit hours of concentration courses and department permission

CTAC 495L - Communication Capstone (Gen Ed Area V LBC)

This course requires students to integrate knowledge obtained throughout the degree program and demonstrate communication competency through the development of a significant academic service-learning project. Students will also assess their own knowledge and skills and begin preparing for life after graduation.

Credit Hours: 3 hrs

Prerequisite: CTAC 124 and one of the following: CTAC 440W, CTAC 460, CTAC 475W or CTAC 485W

Class Restrictions: Senior standing

Major Restrictions: Communication Majors only

Rationale: This course allows students to integrate knowledge obtained throughout the degree program and demonstrate communication competency. Students will also reflect on their learning and begin framing and applying their degree program for life after graduation. The course will be focused around a significant Academic Service- Learning project. Through identifying a community need, designing and implementing a project based on that need, and then presenting that project to the larger campus community, CTAC 495 requires students to draw on their broad communication knowledge, find and evaluate specific and relevant research, and demonstrate appropriate and effective leadership, interpersonal, small group, organizational and public communication skills.

Last Updated: 02/2011; effective Fall 2011

CTAC 497 - Independent Study

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 1 hr

Prerequisite: 20 credit hours of concentration courses and department permission

CTAC 498 - Independent Study

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 2 hrs

Prerequisite: 20 credit hours of concentration courses and department permission

CTAC 499 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 3 hrs

Prerequisite: department permission

Communication and Theater Arts

CTAA 165 - Television Laboratory

Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in one activity or in several. Admission to the activity does not ensure credit.

Credit Hours: 1 hr

Prerequisite: CTAT 130, CTAT 131 and CTAT 132; or department permission

Last Updated: Links 04/2011

CTAA 166 - Forensics

Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in one activity or in several. Admission to the activity does not ensure credit.

Credit Hours: 1 hr

Prerequisite: department permission

CTAA 167 - Theatre Practice

Students will receive one hour of graded credit for either active co-curricular participation on a production running crew or performing major or supporting role in a faculty-directed production. Admission to the activity does not ensure credit.

Credit Hours: 1 hr

Prerequisite: department permission

Last Updated: Course Description Change 02/2012, effective Fall 2012

CTAA 168 - Interpretation

Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in such activities and the credit may be earned in one activity or in several activities. Admission to the activity does not ensure credit. (Available with a focus on oral interpretation of literature for the young.)

Credit Hours: 1 hr

Prerequisite: CTAO 210 or department permission

Last Updated: Links 04/2011

CTAA 169 - Radio Station WQBR

Students who participate in co-instructional programs may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in such activities, and the credits may be earned in one activity or in several activities. Admission to the activity does not ensure credit.

Credit Hours: 1 hr

Prerequisite: CTAT 130 and CTAT 131; or department permission

Last Updated: Links 04/2011

CTAA 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1hr

Prerequisite: department permission

CTAA 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

CTAA 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

CTAA 265 - Television Laboratory

Students who participate in co-instructional activities may, with the approval of the professor in charge and the department head, receive one hour of credit in a single activity during one semester. Students may earn up to four hours credit in one activity or in several. Admission to the activity does not ensure credit.

Credit Hours: 1 hr

Prerequisite: CTAT 130, CTAT 131 and CTAT 132; or department permission

CTAA 499 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 3 hrs

Prerequisite: department permission

CTAR 255 - Stage Management

Principles and practices of stage management, including rehearsal coordination, prompt book and preparation and director/designer/cast/crew relationships during the production process for theatre, and events. Classroom instruction will be reinforced with practical experiences. Students assistant-stage manage for actual productions and events during the semester and participate in rehearsals and performances.

Credit Hours: 3 hrs

Prerequisite: CTAR 155

Last Updated: New Course 12/2012, effective Summer 2013

CTAR 268 - Portfolio Development

Techniques for design, creation, and presentation of a portfolio for use in the entertainment design and technology industry.

Credit Hours: 1 hr

Class Restrictions: Undergraduate Sophomore and above

Last Updated: New Course 12/2012, effective Summer 2013

CTAR 352 - Drafting for the Entertainment Industry

A studio course offering an applied approach to creating draftings for the entertainment industry - both hand and computer-aided drafting (CAD). Course outcomes are focused on learning and executing drafting according to standards for the entertainment industry: theatre; dance; television/film; display; etc.

Credit Hours: 3 hrs

Prerequisite: CTAR 152

Last Updated: New Course 12/2012, effective Summer 2013

CTAR 353 - Digital Design for Theatre and the Entertainment Industry

Methods of techniques for the use of digital tablets and pixel-based and vector-based software, tailored for design in the theatre and entertainment industries.

Credit Hours: 3 hrs

Prerequisite: CTAR 150L or CTAR 152 or CTAR 153 or permission of instructor

Last Updated: New Course 12/2012, effective Summer 2013

CTAR 365 - Costume Draping

Techniques for patternmaking using the draping method. Students will use muslin and dressforms to create patterns for basic and advanced garments and learn to evaluate both logistical and aesthetic factors in patternmaking.

Credit Hours: 3 hrs

Prerequisite: CTAR 153 or ATM 118 or instructor permission

Class Restrictions: All Undergraduates

Last Updated: New Course, 4/2013, effective Winter 2014

CTAR 366 - Advanced Stage Make-up

Study and practice of advanced two- and three-dimensional makeup materials and techniques for various entertainment venues.

Credit Hours: 3 hrs

Prerequisite: CTAR 153

Last Updated: New Course 12/2012, effective Summer 2013

CTAR 368 - Applied Entertainment Design and Technology I

A laboratory course in which students will fulfill a major technical or design role in a main-stage production within the department or other approved on-campus production.

Credit Hours: 1 hr

Prerequisite: CTAA 167 and CTAR 268

Last Updated: New Course 12/2012, effective Summer 2013

CTAR 468 - Applied Entertainment Design and Technology II

An advanced laboratory course in which students will fulfill a major technical or design role in a main-stage production within the department or other approved on-campus production. Particular emphasis will be placed on documenting the student's work for use in their professional portfolio.

Credit Hours: 1 hr

Prerequisite: CTAR 368 and CTAA 267

Last Updated: New Course 12/2012, effective Summer 2013

Interpretation/Performance Studies

CTAO 102 - Voice Development

A laboratory for developing strength and control of the speaking voice through physical and tonal exercises and choral speaking. Two regularly scheduled hours each week and additional sessions as arranged.

Credit Hours: 1 hr

CTAO 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

CTAO 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

CTAO 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

CTAO 202 - Voice Development

Advanced laboratory exercises and specialized projects: pronouncing foreign terms for professional speaking.

Credit Hours: 1 hr

Prerequisite: department permission

CTAO 205 - Voice and Articulation

An introductory course for improving personal speaking habits. Emphasis is placed on regular practice to develop relaxed tone support, efficient articulation and vocal variety. Recording and listening laboratory hours arranged.

Credit Hours: 3 hrs

CTAO 210 - Interpretative Reading (Gen Ed Area IV)

The fundamentals of oral interpretation; developing poise and ease before an audience, a clear, forceful and flexible voice, and discrimination in interpreting thought to others. Selections will be prepared and presented in class.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

CTAO 210 Interpretative Reading

In CTAO 210 Interpretative Reading students examine literature as a means of confronting, challenging and comprehending diverse histories, perspectives, cultural values and modes of expression. Through analysis and performance of literary texts students investigate a multiplicity of viewpoints, both similar to and divergent from their own. Ultimately, students seek to better understand literature as well as what it means both to be human and live in our world. Students will analyze literary texts and their intellectual, aesthetic and human dimensions through the methodology of solo performance. They will participate in activities aimed at developing skills in textual analysis, sensory and cultural responsiveness, vocal and physical expression, and enhance their ability to make and communicate interpretive choices to others.

CTAO 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

CTAO 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

CTAO 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

CTAO 302 - Voice Development

Advanced laboratory exercises and specialized projects: energetic vocal skills for theatre/interpretation.

Credit Hours: 1 hr

Prerequisite: department permission

CTAO 310 - Ensemble Interpretation

Ensemble Interpretation explores literary text from the group perspective. The emphasis is on staging literature through multiple bodies and voices utilizing presentational modes of performance, including reader's theater and chamber theater.

Credit Hours: 3 hrs

Prerequisite: CTAO 210 or department permission

Last Updated: Links 04/2011

CTAO 314 - Interpretation of Drama

Specific problems involved in interpreting dramatic literature. Emphasis placed on selection of materials, cutting and arrangement of materials, dialogue, characterization and character placement. Students will work individually and collectively in interpreting scenes from plays.

Credit Hours: 3 hrs

CTAO 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAO 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAO 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAO 387 - Cooperative Education in Oral Interpretation

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 1 hr

Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

CTAO 388 - Cooperative Education in Oral Interpretation

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 2 hrs

Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

CTAO 389 - Cooperative Education in Oral Interpretation

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 3 hrs

Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

CTAO 402 - Voice Development

Advanced laboratory exercises and specialized projects: skills, theory and individualized projects.

Credit Hours: 1 hr

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

CTAO 404 - Dynamic Speaking Skills

Projects emphasizing intensive application of voice and articulation theory and professional diction standards for actors, broadcasters, educators, forensic speakers, interpreters and other professional communicators. Laboratory hours arranged.

Credit Hours: 3 hrs

Prerequisite: Three courses in the department including either CTAO 102 or CTAO 205; or take CTAO 402 concurrently

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAO 405 - Voice and Dialects

Advanced projects in preparing oral presentations and characterizations in regional and foreign dialects.

Credit Hours: 3 hrs

Prerequisite: CTAO 205 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAO 411 - Adapting and Directing Literature

Analysis, adaptation, and direction of literature, particularly prose fiction, for group performance and theatre. This course explores group performance as dramatic enactment, interrogation, cultural and critical expression as well as experimentation in emergent forms.

Credit Hours: 3 hrs

Prerequisite: three hours in CTAO (interpretation/performance studies) or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Title and Prerequisite Change 06/2011, effective Fall 2011

CTAO 412 - Oral Interpretation of Poetry

The application of the principles of oral interpretation to the reading of poetry, with emphasis on modern and contemporary poetry.

Credit Hours: 3 hrs

Prerequisite: CTAO 210

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAO 415 - Performing Oral Narratives

This course explores the nature of oral narratives, both personal and historical, and the development of skills necessary for their collection. The focus is on primary sources, including interviewing, transcribing, scripting and staging for performance, as well as ethical considerations.

Credit Hours: 3 hrs

Prerequisite: Three credit hours in CTAO (interpretation/performance studies) or department permission

CTAO 418 - Performing Shakespeare I

Foundational course in approaching the performance of Shakespeare's texts. Emphasis placed on language devices and structures, unique challenges for characterization and exploring his drama in and out of context. Students will work individually and collectively with Shakespeare's Histories and Comedies.

Credit Hours: 3 hrs

CTAO 419 - Performing Shakespeare II

Workshop in approaching the performance of Shakespeare's tragedies. Emphasis placed on individual proficiency in the use of his language and group exploration of his dramas.

Credit Hours: 3 hrs

Prerequisite: CTAO 418 or instructor permission

Last Updated: Links 04/2011

CTAO 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAO 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAO 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAO 487 - Internship in Interpretation

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 1 hr

Prerequisite: 20 credit hours of concentration courses and department permission

CTAO 488 - Internship in Interpretation

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 2 hrs

Prerequisite: 20 credit hours of concentration courses and department permission

CTAO 489 - Internship in Interpretation

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 3 hrs

Prerequisite: 20 credit hours of concentration courses and department permission

CTAO 497 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 1 hr

Prerequisite: department permission

CTAO 498 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 2 hrs

Prerequisite: department permission

CTAO 499 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 3 hrs

Prerequisite: department permission

Telecommunications and Film

CTAT 130 - Introduction to Electronic Media

An introduction to electronic media systems in the United States. Emphasis on development of electronic media industries including radio, television, cable and the Internet. Programming, technologies, government regulation, financial support and social effects are covered.

Credit Hours: 3 hrs

CTAT 131 - Introduction to Audio Production and Direction

For majors and minors only. This course emphasizes basic skills, concepts and strategies for audio production projects including radio ads, sound pictures, air checks and actualities. This is a required course for all majors and minors and a prerequisite to other production courses.

Credit Hours: 2 hrs

CTAT 132 - Introduction to Video Production and Direction

For majors and minors only. Class meets three times a week and emphasizes studio television production. Students learn the process of writing, producing and directing of commercials, news and talk shows in a multiple camera studio setting.

Credit Hours: 2 hrs

Prerequisite: CTAT 131

Last Updated: Links 04/2011

CTAT 141 - Audio and Video Production for Nonmajors

For non-majors and nonminors. A study and application of the technical elements of audio and video production with an emphasis on the operation of studio equipment. In addition to the hands-on participation, emphasis will be placed on theory, writing, and pre-production.

Credit Hours: 3 hrs

CTAT 145 - Introduction to Film Appreciation (Gen Ed Area IV)

An introduction to understanding the moving image as a medium of artistic expression and persuasion. The course will consider the principal components of film/video language including photography, writing, performances, editing, mise-en-scène and major classification systems such as genres and auteurism. It will include an historical overview of the development of film/video industries, major theoretical approaches, and an analysis of the moving image's effects on audiences.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

CTAT 145 Introduction to Film Appreciation

Motion pictures are one of the most dominant, dynamic and influential art form of the past 100 years, and a knowledge of how they are made, their modes of style and methods of shaping content, and their interaction with the culture that produces them are an important part of any student's general education program. In studying motion pictures, students learn about key issues that are found in all the arts. These include the relationship between style and content, the influence of technology on form and substance, the effect of cultural norms, the definition of time and space, the creation of order and coherence, and stylistic change over time. In this course, students will learn how motion pictures are made and will become familiar with the creative processes used to shape content to the unique requirements of film art. They will develop the critical skills necessary to evaluate films from an historical perspective and compare them to related art forms. They will learn to judge a motion picture's success in using visual design, narrative structure, language, music and performance to create an effective and meaningful cinematic experience.

CTAT 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAT 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAT 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAT 231 - Audio Recording Techniques

An introduction to the practical problems of recording music ensembles from soloists to symphony orchestras. A professional audio engineer will supervise on-site recording sessions and all postproduction work.

Credit Hours: 3 hrs

Lecture/Lab Hours: Two regular lecture hours and two hours of laboratory per week. Fieldwork projects arranged. Laboratory fee.

Prerequisite: CTAT 130 and CTAT 131; or department permission

Last Updated: Links 04/2011

CTAT 232 - Lighting for TV and Film

Lighting for TV and Film is a course in lighting design, distribution and implementation. It addresses the needs of studio-based television production and remote operations as well as the requirements of electronically-based cinematography.

Credit Hours: 3 hrs

Prerequisite: CTAT 132 or CTAT 141

Class Restrictions: Sophomore standing or higher

Last Updated: New Course 10/2012, effective Winter 2013

CTAT 233 - Digital Video Editing

This course is designed to teach the basic aesthetics and mechanics of digital video editing. The course covers editing theories as well as practice in using industry-standard software. The student will complete several editing projects using digital video files.

Credit Hours: 3 hrs

Prerequisite: CTAT 130 and CTAT 131

Concurrent Prerequisite: CTAT 132

Last Updated: New Course 10/2012, effective Winter 2013

CTAT 235 - International Cinema (Gen Ed Area III)

An exploration of cinema produced in other countries, including essential films, directors, and production systems; an introduction to the study of international films by analyzing their influence on film history, investigating important cultural issues and the depiction of those issues, and comparing films of other nations to US cinema.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

CTAT 235 International Cinema

Film is one of the most dominant, influential, and message intensive art forms of the past 100 years. Knowledge of international cinema allows for students to use moving pictures as a catalyst to critique social and cultural issues in different cultures and investigate how history has changed nations and shaped the world.

In this course, students will learn the major motion pictures made in a variety of countries and will become familiar with the important cinematic movements from each country, including the most influential directors. They will develop the critical skills necessary to evaluate international films from an historical perspective and compare them to the dominant American cinematic style. Finally, they will learn to evaluate the messages within a motion picture and its success in using visual design, narrative structure, language, music and performance to create an effective and meaningful cinematic experience that speaks to cultural and social issues of that nation's cinema both in history and contemporarily. Students will learn how international films can be used to investigate global perspectives on world history, political systems, and national issues within specific countries. As the number of international film productions increases, these skills are an important part of any student's global perspectives knowledge. As such, CTAT 235 International Cinema satisfies the Global Awareness area of the General Education Program.

Last Updated: Gen Ed Approval 12/2011, effective Winter 2012; New Course 06/2011, effective Fall 2011

CTAT 236 - History and Criticism of Radio and Television

An historical and critical survey of radio and television entertainment and public affairs programming with an emphasis on how the networks' offerings were received by a select number of social and cultural critics of the two media.

Credit Hours: 3 hrs

Prerequisite: CTAT 130

Last Updated: Links 04/2011

CTAT 241 - Announcing Techniques for Electronic Media

A study of the various types of radio and television nondramatic speaking such as news, commercials, interviews and documentaries. Practice and evaluation of announcing types and styles.

Credit Hours: 3 hrs

Previously Listed As: CTAT Radio-Television-Film Announcing

Last Updated: Title change 5/2012

CTAT 245 - A Survey of American Cinema

This course is a chronological survey of the development of American cinema with an emphasis on the roles played by technological innovations, corporate development, government intervention and the emergence of a dominant mode of film production practice. Key films by important directors from the entire period will be screened and discussed.

Credit Hours: 3 hrs

Prerequisite: CTAT 145 or department permission

Last Updated: Links 04/2011

CTAT 255 - Visual and Cinematic Arts Since 1900

This is an interdisciplinary course that explores the similarities and differences among the visual and cinematic arts as well as their influences on one another since 1900. Students will see paintings, drawing, photographs, and films representative of key artistic movements of the last century and explore the social, economic, political, and aesthetic factors that influenced their creation.

Credit Hours: 3 hrs

Cross-Listed with: ARTH 255

Last Updated: New Course 10/2012, effective Winter 2013

CTAT 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAT 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAT 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAT 331 - Intermediate Radio Production and direction

This course focuses on the production of nondramatic radio programming including promotional spots, advertisements, documentaries and air checks in a variety of formats. Emphasis is on advanced production skills and developing broader knowledge of the industry.

Credit Hours: 3 hrs

Prerequisite: CTAT 130, CTAT 131 and CTAT 132 or CTAT 141; or department permission

Last Updated: Links 04/2011

CTAT 332 - Intermediate Television Production and Direction

The fundamentals of nondramatic ENG single camera and studio style production are explored as well as basic electronic video editing. More advanced production techniques and theory are applied in both studio and field settings.

Credit Hours: 3 hrs

Prerequisite: CTAT 130, CTAT 131 and CTAT 132; or department permission

Last Updated: Links 04/2011

CTAT 333 - Fundamentals of Electronic Moviemaking

An introduction to the principles of digital video production. Course offers theory and practice of digital video continuity, master sequencing, narrative and non-narrative editing. Two short video projects will be required.

Credit Hours: 3 hrs

Prerequisite: CTAT 130, CTAT 131 and CTAT 132; or department permission

Last Updated: Links 04/2011

CTAT 334 - Radio-Television News

A study of the principles, techniques and forms of broadcast journalism. Emphasis is placed on broadcast news writing, editing, and delivery.

Credit Hours: 3 hrs

Prerequisite: JRNL 215

Major Restrictions: Journalism Majors and Minors only

Last Updated: Links 04/2011

CTAT 335 - Studies in Film

Students will examine non-Hollywood films including European, Asian and Third World theatrical film or documentary, animated and experimental films or film music. The topics will alternate over terms to allow for an in-depth approach.

Credit Hours: 3 hrs

Prerequisite: CTAT 145

Last Updated: Links 04/2011

CTAT 336 - Studies in Electronic Media

In this course, students will be able to study a variety of different electronic media topics including media literacy, international broadcasting and electronic media regulation. Other topics may be introduced.

Credit Hours: 3 hrs

Prerequisite: CTAT 130 or department permission

Last Updated: Links 04/2011

CTAT 341 - Radio-Television-Film Dramatic Performance

A study of types and styles of dramatic speaking for radio, television and film. Practice in the basic techniques of acting for the three media.

Credit Hours: 3 hrs

Prerequisite: CTAR 158 or CTAT 241 or department permission

Last Updated: Links 04/2011

CTAT 344W - Continuity Writing for Electronic Media (Gen Ed Area I, W)

A study of the nondramatic writing forms for electronic media, including commercials, public service announcements, interview programs and documentaries.

Credit Hours: 3 hrs

Prerequisite: department permission

CTAT 345 - American Film Genres

This course examines key American film genres, both past and present, identifies their unique narrative and stylistic properties and shows their important economic, social, psychological and symbolic functions. Genres to be considered include westerns, musicals, horror films, science fiction films, the "woman's" film, detective films, African American films and sequels.

Credit Hours: 3 hrs

Prerequisite: CTAT 145 or department permission

Last Updated: Links 04/2011

CTAT 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAT 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAT 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAT 387 - Cooperative Education in Radio-TV-Film

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 1 hr

Prerequisite: nine hours in concentration, approval by Cooperative Education Office and department permission

CTAT 388 - Cooperative Education in Radio-TV-Film

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 2 hrs

Prerequisite: nine hours in concentration, approval by Cooperative Education Office and department permission

CTAT 389 - Cooperative Education in Radio-TV-Film

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 3 hrs

Prerequisite: nine hours in concentration, approval by Cooperative Education Office and department permission

CTAT 431 - Advanced Radio Production and Direction

A continuation of CTAT 331. Advanced theory and practical experience in production of longer, more complex dramatic and nondramatic material for radio.

Credit Hours: 3 hrs

Prerequisite: CTAT 130 and CTAT 132

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAT 432 - Advanced Television Production and Direction

Principles, practices, and techniques of directing and producing dramatic and entertainment-style material for television. Major television formats are discussed and analyzed. Blue screen applications are explored. In-depth practical experience is provided for each student. Laboratory fee.

Credit Hours: 3 hrs

Prerequisite: CTAT 332 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Description Change 10/2012, effective Winter 2013; Graduate Credit 07/2011; Links 04/2011

CTAT 433 - Advanced Electronic Moviemaking

This course guides students through the intensive process of pre-production and production management. Emphasis will be placed on traditional single-camera, film-style production, employing multiple set-ups and professional level procedures and techniques.

Credit Hours: 3 hrs

Prerequisite: CTAT 333 and department permission

Last Updated: Description Change 10/2012, effective Winter 2013; Links 04/2011

CTAT 434 - Documentary Film Production

This course covers the theory, aesthetics, process, and content of documentary film production. While completing a short documentary film working in an Academic Service Learning capacity with a non-profit organization in southeast Michigan, students will learn the necessary steps for research, content development, pre-production, production, filming concerns, post-production, and editing.

Credit Hours: 3 hrs

Prerequisite: CTAT 332 or CTAT 333

Last Updated: New Course 10/2012, effective Winter 2013

CTAT 444 - Dramatic Scriptwriting for Visual Media

This course introduces the fundamentals, both form and content, of writing fiction for the screen. Principles and conventions of episodic drama, situation comedy, made-for-TV movies, and full-length films will be covered. Models of excellence will be

viewed and discussed. Students will be assigned several writing exercises and will write an original 30-minute script.

Credit Hours: 3 hrs

Prerequisite: ENGL 121

Last Updated: Links 04/2011

CTAT 445 - Film Theory and Criticism

An intensive study of the key theories of film structure, historical development and sociological function. Emphasis upon theories of editing, auteur criticism, genres and textual analysis.

Credit Hours: 3 hrs

Prerequisite: CTAT 145

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAT 446 - Contemporary Problems in Electronic Media

A study of contemporary issues and problems affecting the electronic media industries, including cultural influences, programming, new technologies, government regulation and research.

Credit Hours: 3 hrs

Prerequisite: CTAT 130

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAT 447 - Radio-Television Station Management

Study of station management in the areas of advertising, programming, personnel, applied research and public relations.

Credit Hours: 3 hrs

Prerequisite: CTAT 130

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

Theatre and Educational Drama

CTAR 106 - Introduction to the Performing Arts (Gen Ed Area IV)

A survey of the arts of dance, theatre and music, developing an understanding and appreciation of representative works in the three fields. The place of these arts in contemporary society and their contribution to a richer life receive special emphasis. Attendance required at specific on-campus performances. Not open to those with credit in MUSC 106/DANC 106.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

CTAR 106 Introduction to Performing Arts

Introduction to the Performing Arts meets the general education requirement for Arts in the knowledge of the disciplines. The performing arts provide knowledge about the world and ways of experience that contribute to an understanding that is both unique and different from those gained through other disciplines. The arts present insights about personal experiences common to us all- experiences such as birth, love, conflict and death. They also convey cultural meanings and values, such as patriotism and war. In the arts, personal and cultural meanings go far beyond the enjoyment of beauty. The arts convey knowledge and meaning not learned through the study of other subjects. In this course, students will learn how the performing arts convey personal and cultural meaning in lived space and time through qualities such as movement and sound that are unique to dance, music and theatre, they will discover the rich and unique ways that meaning in the performing arts takes shape in specific mediums, genres and styles.

Last Updated: Links 06/2011

CTAR 140 - Script Analysis for Theatre Artists

This course concentrates on the techniques of analyzing dramatic texts for theatre students prior to their approach to characterization, conceptualization, and creation of a tangible visual score for a play.

Credit Hours: 3 hrs

Last Updated: New Course 02/2012, effective Fall 2012

CTAR 150L - Introduction to Theatre (Gen Ed Area IV)

A lecture-demonstration course with the purpose of fostering appreciation of theatre through an understanding of its production components, its forms and styles, and its historical development. Attendance required at select EMU theatre productions. Required of theatre arts majors and minors.

Credit Hours: 3 hrs

Notes: This course will count as credit for Learning Beyond the Classroom.

Area IV: Knowledge of the Disciplines

CTAR 150L Introduction to Theatre (also fulfills Area V #3 Group C)

Theatre is an integral component of human experience. The study of theatre promotes reflection, collaboration and individual expression. As a reflector of cultural traditions, theatre illuminates customs, mores and behaviors. As a collaborative endeavor it encourages both critical and creative thinking. As a method of individual expression it facilitates the articulation of intellectual and emotional experience. Since theatrical production involves literature, music, movement and design it is an ideal vehicle for the study of the arts.

CTAR 151 - African American Theatre: An Introduction (Gen Ed Area III)

An introductory survey of the roots, purposes and contemporary manifestations of theatre and drama reflecting the African American experience. Emphasis will be placed on the reading, analysis and discussion of representative African American plays.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

CTAR 151 African American Theatre: An Introduction

CTAR 151- African American Theatre is a study of African American drama and theatre arts in the United States and its evolution from the nineteenth century to contemporary expressions. In examining African American drama and theatre arts from historical and contemporary viewpoints, through reading, viewing, discussion and writing about plays, the course also compares and contrasts the African American experience with other cultural groups in the United States. This Afrocentric approach to drama and theatre arts develops an appreciation for "ideas, concepts, events, personalities and political and economic process from a standpoint of black people as subjects, and not as objects, basing all knowledge on the authentic interrogation of *location*." In this course, students will further read, view, discuss and write about plays applying the concepts of Afrocentric perspective, dispelling stereotypes, theatre production, script analysis and specific examples. CTAR151 meets the U.S. diversity requirement of general education because it uses the African Americans' experiences in the plays read, and the participants' contributions to drama and theatre arts, as a means to explore the diversity of the American experience. This course provides students with a multicultural perspective on the development of American drama and theatre arts, and also exposes them to the diversity of the American condition, which is often ignored. Students are encouraged by this course to continue their pursuit of critical-thinking discussion and writing skills, as well as developing an increased appreciation for African American drama and theatre arts. When Afrocentric productions are presented on campus, students will be required to see a live theatrical production.

CTAR 152 - Technical Theatre: Scenery and Lighting

The comprehensive study and application of design fundamentals and basic technology for theatrical scenery and lighting.

Credit Hours: 3 hrs

CTAR 153 - Technical Theatre: Costume and Makeup

The comprehensive study and application of design fundamentals and basic technology for theatrical costuming and makeup.

Credit Hours: 3 hrs

CTAR 155 - Producing Theatre

A comprehensive introduction to theatrical production organization: business management, direction and technical production. Laboratory hours by appointment.

Credit Hours: 3 hrs

Prerequisite: CTAR 150L strongly recommended for majors and minors

Last Updated: Links 04/2011

CTAR 157 - Beginning Acting

This course is designed for nontheatre majors desiring basic knowledge and practice of acting skills as related to the stage. Nonmajors will gain experience in self-awareness, relationships, character analysis, improvisation, scene study and acting exercises. Attention will be given to overcoming stage fright. For nontheatre majors only.

Credit Hours: 3 hrs

CTAR 158 - Fundamentals of Acting (Gen Ed Area IV)

A study of the fundamental theories and techniques of acting. Major emphasis on theatre acting, but consideration given to radio and television acting. Laboratory hours by arrangement.

Credit Hours: 3 hrs

Area IV: Knowledge of the Discipline

CTAR 158 Fundamentals of Acting

Theatre is central to reflecting and critiquing the human condition. Acting is a vital and core component of this discipline. This course enhances an appreciation of acting as art form, and develops fundamental knowledge and abilities necessary both to the craft of acting and other professions where proficiency in self-expression and clear communication are deemed valuable. Students learn to analyze the physical, cultural and emotional lives of characters in order to create honest portrayals for both peers and audience. This examination and reflection of the human condition engenders enthusiasm for continued pursuit of knowledge and learning as well as an increased appreciation of the arts.

CTAR 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAR 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAR 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV)

A study of dramatic experience as intrinsic in human development. An introduction to spontaneous dramatic games and exercises as a way of sharpening imagination, deepening interpersonal relations and strengthening individual identity. Integration of such experience in learning and growth is emphasized.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

CTAR 222 Drama & Play in Human Experience

Theatre reflects, challenges and celebrates the human experience. The first stepping-stones to understanding the human experience and the art of theatre reside universally in childhood. Here we learn and practice our ability to imitate others, transform reality and create meaning from our lives. Theatre artists use the same fundamental skills learned in childhood to create theatre productions. CTAR222 demystifies the theatre experience by directly teaching this relationship between play in childhood and theatre through participation in games and dramatic activities, lectures, readings, papers, journals, theatre attendance and participatory projects. This demystification process will reawaken skills in students that have often been buried or discarded in adulthood and provide students with the vocabulary to talk about their own and others dramatic experience. A critical viewpoint for analysis and a historical context of both play and theatre is founded on Aristotle's six elements of drama: (1)plot, (2) character, (3) thought (or theme), (4) dialogue, (5) rhythm, and (6) spectacle. As students develop skills in identifying and using these elements, their ability to generate and understand creative theatre products will increase.

CTAR 227 - Grant Writing for the Arts

This course provides students with the knowledge and skills needed to be successful in the development and submission of proposals to public and private funding agencies in support of arts and cultural programs. In this class students develop contemporary grant writing skills by participating in all phases of the grant process from research to program assessment.

Credit Hours: 2 hrs

Last Updated: Course active; 03/2012

CTAR 251 - African American Theatre: Creative Problems

A practical consideration of those creative aspects of the theatre production particular to African American theatre. Emphasis will be placed on the presentation of scenes from African American theatre.

Credit Hours: 3 hrs

CTAR 252 - Stagecraft: Scenery & Props

An intermediate exploration of stagecraft practices related to scenery and props for the entertainment industry. The course will explore scenic construction, interpreting technical drawings, and properties techniques. Emphasis will be placed on the use of tools and technology and their practical application.

Credit Hours: 3 hrs

Prerequisite: CTAR 152

Previously Listed As: CTAR 252 - Stagecraft

Last Updated: Course Revision 02/2012, effective Fall 2012; Links 04/2011

CTAR 253 - Stagecraft: Lighting & Sound

An intermediate exploration of stagecraft practices related to lighting and sound for the entertainment industry. The course will explore lighting design/technology and sound design/engineering. Emphasis will be placed on equipment use and practical application through projects.

Credit Hours: 3 hrs

Prerequisite: CTAR 152

Last Updated: New Course 02/2012, effective Fall 2012

CTAR 254 - Stage Makeup

The theory and techniques of theatrical makeup. Laboratory hours to be arranged.

Credit Hours: 1 hr

CTAR 256 - Costume Construction and Crafts

A study and application of the techniques and materials associated with costume construction and crafts.

Credit Hours: 3 hrs

Prerequisite: CTAR 153 or permission of instructor

Last Updated: New Course 02/2012, effective Fall 2012

CTAR 258 - Movement for Actors

This is a performance-oriented survey of techniques exploring styles, history and theory of movement for actors. The class will include physical preparation, preparation of production materials, scripting movement design and actual performance.

Credit Hours: 3 hrs

CTAR 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAR 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAR 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAR 300 - Integrated Arts

This course will expose students to multiple strategies on how to use the arts (drama, dance, music and visual arts) as means of fostering greater comprehension of any subjects within non-art disciplines.

Credit Hours: 3 hrs

Prerequisite: ARTE 220, DANC 220, MUSC 220

Major Restrictions: Elementary Education (all concentrations) and Special Education students only

Last Updated: Links 04/2011

CTAR 313 - Contemporary Issues in Arts Management

The influence of *Arts and Entertainment* in the economy, education, public policy and regional planning are critical to the growth of this discipline. Contemporary Issues allows students to develop a broad array of skills and knowledge in this uniquely diverse field.

Credit Hours: 3 hrs

Prerequisite: departmental or instructor permission required

Last Updated: New Course 06/2011, effective Fall 2011

CTAR 317 - Case Studies in Arts Management

This is a course that shares the benchmark events, artists and organizations that form the history of American arts management. In-depth study in specific subject areas such as the Creative Economy, Artist Live Work Spaces or Public Art Management will be covered. Specific subject areas will change each semester.

Credit Hours: 3 hrs

Prerequisite: department or instructor permission required

Last Updated: New Course 06/2011, effective Fall 2011

CTAR 322 - Theatre for Children

An introductory study of the development, philosophy and techniques of theatre for the young.

Credit Hours: 3 hrs

CTAR 323 - Improvising and Role-Play

Exploration of spontaneous dramatic play through intensive exercise and dramatic games meant to generate greater individual freedom and self-discipline, as well as to expand resources and techniques for teaching and directing.

Credit Hours: 3 hrs

CTAR 324 - Oral Interpretation of Children's Literature

Selection and evaluation of literature for oral interpretation with and for young people. Focus is on the use of narrative prose and folktales.

Credit Hours: 3 hrs

CTAR 326 - Drama/Theatre for Persons with Disabilities

Study of principles, theories and practices of developmental drama/theatre as related to physically challenged persons. Application to educational, recreational and institutional settings stressed.

Credit Hours: 2 hrs

CTAR 327 - Plays for the Young

A study of dramatic literature for the young from developmental and artistic viewpoints in the total educational experience of children and adolescents.

Credit Hours: 3 hrs

CTAR 329 - Performing Theatre for the Young

Students will gain practical experience in play development and performance for young audiences. A theatre production designed for touring will be performed at area schools and other community sites.

Credit Hours: 3 hrs

CTAR 351 - Scene Design

The history of design in terms of stage scenery; an investigation of current trends, techniques and media of scene design and the practical execution of models and sketches by the student.

Credit Hours: 3 hrs

Prerequisite: CTAR 252, CTAR 155 or department permission

Last Updated: Links 04/2011

CTAR 355 - Play Direction

An intensive study of the process of directing plays. Whenever possible, students in the course will direct a one-act play for public presentation. Laboratory hours by arrangement.

Credit Hours: 3 hrs

Prerequisite: CTAR 155 or department permission

Last Updated: Links 04/2011

CTAR 358 - Characterization

The creation of character and characterization by the actor. Analysis, development and performance of roles studied in depth.

Credit Hours: 3 hrs

Prerequisite: CTAR 157 or CTAR 158

Last Updated: Links 04/2011

CTAR 360 - Playwriting

An examination of the elements of dramatic structure through the analysis and composition of works of varying scope. Emphasis on adult plays for the stage; the special problems of drama for children and for the various broadcast media also considered.

Credit Hours: 3 hrs

Prerequisite: department permission

Previously Listed As: CTAR 360 Dramatic Composition

Last Updated: Title change 5/2012

CTAR 361 - Dramatic Writing

Intensive concentration on the writing of a significant example of adult or children's drama for the stage or the broadcast media.

Credit Hours: 2 hrs

Prerequisite: department permission

CTAR 362 - Lighting Design: Stage and Beyond

The theory and practice of lighting design, primarily for the stage, but also in areas of dance, entertainment design, architectural lighting, music, clubs and restaurant lighting design. Topics will include basic electrical theory, lighting instruments, lighting consoles and dimmers, color theory, drafting light plots, and practices in stage lighting.

Credit Hours: 3 hrs

Prerequisite: CTAR 152

Last Updated: Links 04/2011

CTAR 363 - Stage Costume: History and Theory

A survey of the principles and practices of stage costuming from antiquity to the present.

Credit Hours: 3 hrs

Prerequisite: department permission

CTAR 364 - Stage Costume: Design and Construction

The fundamentals of designing theatrical costumes and a study of specific construction problems found in the making of period costumes.

Credit Hours: 3 hrs

Prerequisite: department permission

CTAR 370 - Audition

Intensive study in the preparation of audition material for a wide range of stylistic demands that exist within the professional theatre.

Credit Hours: 3 hrs

Prerequisite: CTAR 157, CTAR 158, CTAR 358, CTAR 380 or CTAR 464

Previously Listed As: CTAR 457

Last Updated: Number change 5/2012; Links 04/2011

CTAR 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied

Credit Hours: 1 hr

CTAR 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAR 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAR 380 - Musical Theatre Acting

Analysis and application of the performance skills needed by the actor/singer in musical theatre.

Credit Hours: 2 hrs

Prerequisite: nine hours in theatre arts or department permission

Previously Listed As: CTAR 461

Last Updated: Course Number Change 04/2012, effective Fall 2012; Graduate Credit Removal 04/2012; Graduate Credit 07/2011

CTAR 387 - Cooperative Education in Arts Management

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 1 hr

Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

CTAR 388 - Cooperative Education in Arts Management

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 2 hrs

Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

CTAR 389 - Cooperative Education in Arts Management

One semester of supervised work in concentration area. An evaluation is required at the end of the employment period.

Credit Hours: 3 hrs

Prerequisite: nine credit hours in concentration, approval by Cooperative Education Office and department permission

CTAR 396 - Career Seminar

This course will address challenges inherent to pursuing a career in the professional theatre. Students will conduct comprehensive and unified investigations of job opportunities, professional unions, and networking skills within the profession in general and relevant to unique specializations.

Credit Hours: 2 hrs

Class Restrictions: Junior standing or higher, or department permission

Previously Listed As: CTAR 496 - Senior Seminar

Last Updated: Course Revision 02/2012, effective Fall 2012

CTAR 421 - Musical Theatre Styles

Musical Theatre Styles is a performance course in which students address specific genre, style, or specific period of Musical Theatre with regard to performance. Students match their existing skills and talents with the chosen genre, style, or period through research, presentations, rehearsal and technique development - culminating in a showcase performance for an invited audience.

Credit Hours: 2 hrs

Prerequisite: CTAR 380; department permission

Notes: This course may be repeated for credit.

Last Updated: Links 04/2011

CTAR 426 - Fund Raising in the Arts

Fund Raising in the Arts provides a comprehensive analysis of what students need to know about securing donations for Non-profit Art Organizations. Units include: managing the giving process, securing the gift, relationship building, donor research, volunteer involvement, and ethical accountability.

Credit Hours: 2 hrs

Class Restrictions: Sophomore, Junior or Senior standing

CTAR 427 - Grant Writing for the Arts

This course provides students with the knowledge and skills needed to be successful in the development and submission of proposals to public and private funding agencies. In this class students develop contemporary grant writing skills by participating in all phases of the grant process from research to program assessment.

Credit Hours: 2 hrs

CTAR 429 - History and Theory of Developmental Drama/Theatre

An introductory study of the history and theory of developmental drama/theatre. Students will become familiar with the current thinking of major practitioners in the field of developmental drama/theatre and consider the current research that involves the development of new or the validation of existing knowledge relating to history and/or theory of developmental drama/theatre.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

CTAR 450 - History of the Theatre to 1642

This course provides a culturally based survey of historical trends in world theatre, from antiquity to 1642. Specific attention will be paid to performance style, production practice, theatre architecture and dramatic literature. The course will investigate how theatre both reflects and has evolved via respective historical periods.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

CTAR 451 - History of the Theatre 1642 to the Present

This course provides a culturally based survey of historical trends in world theatre, from 1642 to the present. Specific attention will be paid to performance style, production practice, theatre architecture and dramatic literature. The course will investigate how theatre both reflects and has evolved via respective historical periods.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

CTAR 452 - Arts Management

A study of managerial practices of arts organizations and agencies. Emphasis on facility planning, personnel, income sources, promotion, budget development and management.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

CTAR 453W - Marketing the Arts (Gen Ed Area I, W)

Relates traditional marketing practices to arts administration and provides experience in applying marketing skills to the arts. The study of marketing in the arts and information relating to past market analysis; research and preparation of a specific market plan for an arts organization; presentation of market plan.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

CTAR 454 - Law, Public Policy and the Arts

Examination of the impact of public policy and law on arts organizations and the individual artist. Particular attention is paid to tax policy, copyright, arts advocacy and contract law.

Credit Hours: 3 hrs

Prerequisite: 12 hours in arts management or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

CTAR 455W - Dramaturgy (Gen Ed Area I, W)

Theoretical and applied investigation of dramatic texts in historical, literary and performative contexts as it contributes to collaborative production of theatre. Special attention will be given to research strategies, modes of textual analysis, genres of writing for/about theatre and dramaturgy's utility within various aspects of production.

Credit Hours: 3 hrs

Prerequisite: CTAR 450 or CTAR 451 or department permission

Class Restrictions: Junior or Senior standing

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAR 462 - Directors on Directing

Study of select, noted stage directors past and present.

Credit Hours: 2 hrs

Prerequisite: CTAR 355 and nine hours in theatre arts or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAR 463 - The American Musical Stage

Character, production, style in the American musical including concept musicals, operetta, golden age, rock, and musical revues. Historical survey and production workshop format.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or above

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

CTAR 464 - Style for the Actor

This course will address the challenge of matching the actor's personal methods with a wide range of stylistic demands that exist in the theatrical repertory. The student will discover that acting means translating the text into a series of actions and that physical actions take on a particular shape or style in accordance with the given circumstances of the text.

Credit Hours: 3 hrs

Prerequisite: CTAR 158 or CTAR 157

Class Restrictions: Open to Senior, Junior and Graduate students with permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

CTAR 471 - Musical Theatre Workshop

This course is a laboratory-performance course in which students prepare performances of landmark musicals. The course promotes the development of skills necessary for students to effectively address the technical and stylistic demands of musicals as defined by period or genre. Particular attention is given to contemporary performance standards in structured production. The class culminates in a public performance.

Credit Hours: 1 hr

Prerequisite: CTAR 380

Notes: May be repeated for credit.

Last Updated: Links 04/2011

CTAR 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CTAR 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CTAR 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CTAR 487 - Internship in Arts Management

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 1 hr

Prerequisite: 20 credit hours of concentration courses and department permission

CTAR 488 - Internship in Arts Management

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 2 hrs

Prerequisite: 20 credit hours of concentration courses and department permission

CTAR 489 - Internship in Arts Management

One semester of practical, on-the-job work experience and training (four hours per week minimum) at select on-campus or off-campus facilities.

Credit Hours: 3 hrs

Prerequisite: 20 credit hours of concentration courses and department permission

CTAR 497 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 1 hr

Prerequisite: department permission

CTAR 498 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 2 hrs

Prerequisite: department permission

CTAR 499 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 3 hrs

Prerequisite: department permission

CTAR 504 - Performing Youth Literature

Emphasis on the study and practice of performing story, poetry, mythology, mythmaking and oral interpretation of adolescent literature for multi-age audiences.

Credit Hours: 3 hrs

Notes: This is a graduate course in an undergraduate program.

CTAR 522 - TIE: Theatre-in-Education

A study of the origin, principles and forms of TIE: Theatre-in-Education. Students will have opportunities to plan and evaluate TIE sessions.

Credit Hours: 2 hrs

Notes: This is a graduate course in an undergraduate program.

CTAR 523 - Puppetry: Catalyst in Human Development

Consideration of puppetry as a medium for learning and creative expression. Experience in constructing puppets for purposeful work with people. Examination of the applications of puppetry to many disciplines.

Credit Hours: 3 hrs

Notes: This is a graduate course in an undergraduate program.

CTAR 524 - Developmental Drama/Theatre for Persons with Disabilities

Study of principles, theories and practices of developmental drama/theatre for persons with disabilities. Applications to educational, recreational and institutional settings will be stressed.

Credit Hours: 2 hrs

CTAR 525 - Developmental Drama/Theatre in Recreational Settings

An exploration of the theory and practice of developmental drama/theatre in various recreational settings, such as camps, parks, community centers, Girl Scouts, 4-H Clubs.

Credit Hours: 2 hrs

Notes: This is a graduate course in an undergraduate program.

CTAR 528 - Developmental Drama/Theatre in Religion

Consideration of and experience in uses of developmental drama/theatre for various religious settings and purposes.

Credit Hours: 2 hrs

Notes: This is a graduate course in an undergraduate program.

CTAR 565 - Studies in Educational Drama and Theatre

Studies and practice of significant trends, movements and theory in educational drama and theatre.

Credit Hours: 3 hrs

Prerequisite: CTAR 322 or CTAR 323 or CTAR 501 or CTAR 504 or CTAR 529 or CTAR 657 or CTAR 658

Notes: This is a graduate course in an undergraduate program.

Last Updated: Links 04/2011

Computer Science Programs and Courses

Computer Science

Major

Computer Science - Applied Major

Revised Program, effective Winter 2014

Successful completion of this major satisfies one of the requirements for graduation with a bachelor of science or bachelor of arts degree with a major in computer science. Graduates will be able to pursue advanced graduate degrees. The applied computer science major offers a mix of practice and theory that prepares students for career employment in computer science fields such as systems programming and analysis, software development and maintenance, as well as applications programming.

Computer Science Department Information:

Augustine Ikeji
Department Head
aikeji@emich.edu

Computer Science
511D Pray Harrold
(734) 487-1063

Website: <http://www.emich.edu/compsci/>

Advisor Information:

Advisor: Dr. Michael Zeiger
Phone: 734.487.3203
Email: mzeiger@emich.edu

Advisor: Pamela Moore
Phone: 734.487.3205
Email: pamela.moore@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 11 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

- MATH 205 - Mathematical Structures for Computer Science 4 hrs
- MATH 360 - Statistical Methods 3 hrs

Major Requirements: 36 hours

Required Courses: 24 hours

- COSC 111 - Introduction to Programming 3 hrs
- COSC 211 - Programming Data Structures 3 hrs
- COSC 221 - Computer Organization I 3 hrs
- COSC 231 - Internet-based Computing 3 hrs
- COSC 311 - Algorithms and Data Structures 3 hrs
- COSC 314 - Computational Discrete Structures 3 hrs
- COSC 341 - Programming Languages 3 hrs
- COSC 481W - Software Engineering and Senior Project (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 12 hours

Four courses from the following:

- COSC 315 - Symbolic Computing 3 hrs
- COSC 321 - Computer Organization II 3 hrs
- COSC 405 - Switching Theory 3 hrs
- COSC 421 - Systems Programming 3 hrs
- COSC 422 - Introduction to Microprocessors 3 hrs
- COSC 423 - Computer Operating Systems 3 hrs
- COSC 436 - Web Programming 3 hrs
- COSC 439 - Computing Network Principles 3 hrs
- COSC 444 - Foundations of Automata and Languages 3 hrs
- COSC 445 - Compiler Construction 3 hrs
- COSC 456 - Computer Graphics 3 hrs
- COSC 457 - Computer Game Programming 3 hrs
- COSC 461 - Heuristic Programming 3 hrs
- COSC 471 - Database Principles 3 hrs
- COSC 374 - Applied Cryptography 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Computer Science Major

Revised Program, effective Winter 2014

The curriculum offers graduates an extensive background in the major fields of computer science. Graduates will have received the highest degree of preparation for either the pursuit of a graduate degree in the field, or for a career in the computer industry.

Computer Science Department Information:

Augustine Ikeji
Department Head
aikeji@emich.edu

Computer Science
511D Pray Harrold

Email: mzeiger@emich.edu

Advisor: Pamela Moore
Phone: 734.487.3205
Email: pamela.moore@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Comprehensive Computer Science Curriculum Major: 77-81 hours

Required Courses: 39 hours

- COSC 111 - Introduction to Programming 3 hrs
- COSC 211 - Programming Data Structures 3 hrs
- COSC 221 - Computer Organization I 3 hrs
- COSC 231 - Internet-based Computing 3 hrs
- COSC 311 - Algorithms and Data Structures 3 hrs
- COSC 314 - Computational Discrete Structures 3 hrs
- COSC 321 - Computer Organization II 3 hrs
- COSC 341 - Programming Languages 3 hrs
- COSC 423 - Computer Operating Systems 3 hrs
- COSC 439 - Computing Network Principles 3 hrs
- COSC 444 - Foundations of Automata and Languages 3 hrs
- COSC 471 - Database Principles 3 hrs
- COSC 481W - Software Engineering and Senior Project (Gen Ed Area I, W) 3 hrs

Elective Courses: 6 hours

Any 400-level computer science courses not already taken or select two from the list of courses below:

- COSC 315 - Symbolic Computing 3 hrs
- COSC 374 - Applied Cryptography 3 hrs
- COSC 405 - Switching Theory 3 hrs
- COSC 421 - Systems Programming 3 hrs
- COSC 422 - Introduction to Microprocessors 3 hrs
- COSC 436 - Web Programming 3 hrs
- COSC 445 - Compiler Construction 3 hrs
- COSC 456 - Computer Graphics 3 hrs
- COSC 457 - Computer Game Programming 3 hrs
- COSC 461 - Heuristic Programming 3 hrs

Mathematics Requirements: 17-18 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 205 - Mathematical Structures for Computer Science 4 hrs
- MATH 360 - Statistical Methods 3 hrs

One course from the following:

- Any 200- or higher level course offered by the Mathematics Department not oriented specifically toward a teaching specialization (3 hrs)
- MATH 121 - Calculus II 4 hrs

Science Requirements: 15-18 hours

Four science classes are required.

1. Three of these (with prefix BIOL, CHEM, PHY, or ESSC) must be intended for majors in their respective disciplines, with two classes having the same prefix (e.g., CHEM) and being in sequence.

The various sequences are:

- BIO 110 followed by BIO 120
- CHEM 121/CHEM 122 followed by either CHEM 123/CHEM 124 or CHEM 125/CHEM 126
- ESSC 110 followed by ESSC 111
- PHY 223 followed by PHY 224

2. The third class intended for majors must have a different prefix (e.g., if the sequence of two were in CHEM, the third would be in BIOL, ESSC, or PHY).

3. Additionally, a fourth science class is required. This class need not be intended for majors in that discipline. This fourth course should have a prefix of BIOL, CHEM, PHY, or PSY (not ESSC).

Option I: Biology

- An additional course from the Biology, Chemistry, Physics or Psychology department. This course need not be intended for majors in that discipline (3-5 hrs)
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs

Option II: Chemistry

- An additional course from the Biology, Chemistry, Physics or Psychology department. This course need not be intended for majors in that discipline (3-5 hrs)
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr

Select one of the following options:

- CHEM 123 - General Chemistry II 3 hrs
and
- CHEM 124 - General Chemistry II Laboratory 1 hr
- or
- CHEM 125 - Honors General Chemistry II (Lecture) 3 hrs
and
- CHEM 126 - Honors General Chemistry II (lab) 1 hr

Option III: Geology

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs

Option IV: Physics

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Computer Science Minor

Revised Program, effective Winter 2014

Successful completion of this minor satisfies one of the requirements for graduation with a bachelor of science or a bachelor of arts degree. Students pursuing majors in other fields such as mathematics, the physical and social sciences, the arts or business will learn the practical tools for applying current computer technology to their major areas of study.

Computer Science Department Information:

Email: mzeiger@emich.edu

Advisor: Pamela Moore
Phone: 734.487.3205
Email: pamela.moore@emich.edu

Required Courses: 15 hours

- COSC 111 - Introduction to Programming 3 hrs
- COSC 211 - Programming Data Structures 3 hrs
- COSC 221 - Computer Organization I 3 hrs
- COSC 231 - Internet-based Computing 3 hrs
- COSC 311 - Algorithms and Data Structures 3 hrs

Restricted Elective Courses: 6 hours

Two courses from the following:

- COSC 314 - Computational Discrete Structures 3 hrs
- COSC 315 - Symbolic Computing 3 hrs
- COSC 321 - Computer Organization II 3 hrs
- COSC 341 - Programming Languages 3 hrs
- COSC 374 - Applied Cryptography 3 hrs
- COSC 405 - Switching Theory 3 hrs
- COSC 421 - Systems Programming 3 hrs
- COSC 422 - Introduction to Microprocessors 3 hrs
- COSC 423 - Computer Operating Systems 3 hrs
- COSC 436 - Web Programming 3 hrs
- COSC 439 - Computing Network Principles 3 hrs
- COSC 444 - Foundations of Automata and Languages 3 hrs
- COSC 445 - Compiler Construction 3 hrs
- COSC 456 - Computer Graphics 3 hrs

- COSC 457 - Computer Game Programming 3 hrs
- COSC 461 - Heuristic Programming 3 hrs
- COSC 471 - Database Principles 3 hrs
- COSC 481W - Software Engineering and Senior Project (Gen Ed Area I, W) 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Computer Science Education Minor

Revised Program, effective Winter 2014

Successful completion of this program, in conjunction with other teacher education requirements, qualifies students for recommendation for endorsement in computer science, certification code NR and an additional endorsement dependent on the major selected. The Michigan Test for Teacher Certification (MTTC) covering this field is #050, "Computer Science."

Students must be accepted into the Initial Teacher Preparation Program before enrolling in COSC 342 - Programming Languages for Educators, COSC 303 - Applications in Computer Science and COSC 306 - Methods of Teaching Computer Science in the Secondary Schools.

Additional Requirements: 3 hours

- COSC 306 - Methods of Teaching Computer Science in the Secondary Schools 3 hrs

Required Courses: 21 hours

- COSC 101 - Computer Science Concepts and Practical Applications 3 hrs
- COSC 111 - Introduction to Programming 3 hrs
- COSC 211 - Programming Data Structures 3 hrs
- COSC 221 - Computer Organization I 3 hrs
- COSC 303 - Applications in Computer Science 3 hrs
- COSC 311 - Algorithms and Data Structures 3 hrs
- COSC 342 - Programming Languages for Educators 3 hrs

Minor Total: 24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Computer Science

COSC 101 - Computer Science Concepts and Practical Applications

The course emphasizes the uses and capabilities of computers in our society. Students will be exposed to several popular applications through hands-on lab activities. No previous experience with computers is assumed.

Credit Hours: 3 hrs

Notes: Counts toward the computer science minor if taken prior to or concurrently with COSC111 Introduction to Programming.

COSC 104 - Web Science

Empirical study of the global, emergent systems facilitated by the World Wide Web. Computing infrastructure that enables entities to interact and share information via dynamic, virtual systems. Theoretical foundations such as chaotic and complex systems, computational thinking, and virtual interaction spaces. Empirical methods. Forming hypotheses from general principles and testing them through data collection and analysis.

Credit Hours: 3 hrs

Last Updated: New Course 10/2012, effective Winter 2013

COSC 105 - Everyday Computing and Social Responsibility

Two hours lecture/discussion, two hours lab. This course combines extensive exploration of ethical issues faced by everyday computer users with hands-on practice using a broad variety of online and computer productivity tools to support socially responsible computer use.

Credit Hours: 3 hrs

Course Revisions: General Education Approval 10/2013, effective Winter 2014. Area III - Global Awareness

Last Updated: General Education Approval 10/2013, effective Winter 2014

COSC 106 - Explorations in Robotics (Gen Ed Area II)

Introduction to the theory of robotics and autonomous agents. Students will be exposed to technical and social aspects of robots in society. Students will complete selected readings, write several short papers and design and program simple robots. Rudiments of computer science topics as applied to robotics will be covered.

Credit Hours: 3 hrs

Last Updated: Gen Ed Approval 11/2009, effective Winter 2010

COSC 107 - Introduction to Software Engineering

For students in any discipline who will make decisions about the acquisition or design of software, this course imparts basic knowledge of and skills in software engineering, including software life cycles, requirements engineering, risk assessment, interaction methods, software structures, delivery methods, system integration, verification, and validation. No programming is required.

Credit Hours: 3 hrs

Last Updated: New Course 5/2013, effective Winter 2014

COSC 111 - Introduction to Programming

An introduction to computers, programming, algorithm development and a high-level language such as Java. In particular, strategies for problem solving, problem analysis, algorithm representation and algorithm verification are balanced with actual program development using good design and documentation techniques. The first course in the computer science major and minor, but open to all students.

Credit Hours: 3 hrs

Prerequisite: MATH 104 or equivalent

Course Revisions: COSC 112 (New Course) is now a Concurrent Prerequisite for this course, effective Winter 2014

Last Updated: Links 04/2011

COSC 120 - Computational Principles for Mathematics and the Sciences

A hands-on introduction to programming and computational principles; use of programming and mathematical modeling to solve computational problems. Variables, types, data imprecision, arrays, conditionals, iteration, functions, recursion, file I/O, scripting, and documentation. Data analysis simulation and visualization. MATLAB or similar environment.

Credit Hours: 3 hrs

Prerequisite: (MATH 105 and MATH 107) or (MATH 112) or (MATH 107 and MATH 210) or placement*

Notes: *Math placement exam level 5 (ACT math ≥ 26 , SAT math ≥ 640 , MPT3 ≥ 73)

Last Updated: Placement scores 01/2012; Links 04/2011

COSC 145 - Introduction to FORTRAN Programming

An introductory course for persons wishing to learn programming and applications of computers. Using the FORTRAN language, students develop and run programs to solve a variety of problems.

Credit Hours: 3 hrs

Prerequisite: minimum ACT score of 19, minimum SAT score of 520 or math placement test in elementary algebra greater than or equal to 53

Major Restrictions: Does not count toward Computer Science Major or Minor

Notes: Credit will not be given for more than one of COSC145 and COSC245.

COSC 146 - Applied Programming

Introduction to computer programming for the non-major. Introduces students to integrated development environments such as Visual Basic and other application tools. Students work in a combination of lectures and supervised computer labs.

Credit Hours: 3 hrs

Major Restrictions: Does not count towards the Computer Science Minor, Major or Curriculum

COSC 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hrs

COSC 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

COSC 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hrs

COSC 205 - Computer Hardware and Software Systems

An applied introduction to computers including: computer hardware, operating systems, Web design, networking, trouble shooting and maintenance of computers. Lab projects include: Taking apart computers, installing operating systems, building a network and creating a web page.

Credit Hours: 3 hrs

Prerequisite: CADM 105 or COSC 101

Last Updated: Links 04/2011

COSC 206 - Applied Programming II

A continuation of COSC 146 for the non-major. Advanced programming topics including file I/O, elementary data structures, and process management. Students work in a combination of lectures and supervised computer labs. Does not count towards the computer science minor, major or curriculum.

Credit Hours: 3 hrs

Prerequisite: COSC 146 and (MATH 104 or MATH 170)

Last Updated: New Course, 4/2013, effective Winter 2014

COSC 211 - Programming Data Structures

The second course in an introductory sequence for the computer science major, minor and others. Continues software engineering methodology through specification, design, coding and program correctness. Nested procedures and functions, scope and recursion. Introduction to data structures such as stacks, queues, linear lists, trees, sets and files. Analysis of sorting and searching algorithms.

Credit Hours: 3 hrs

Prerequisite: COSC 111

Course Revisions: COSC 212 (New Course) is not a concurrent prerequisite for this course, effective Winter 2014

Last Updated: Links 04/2011

COSC 215 - Scientific Simulation

An introductory, non-calculus based, interdisciplinary course in simulation for the sciences, gaming, and engineering. Modeling dynamically changing systems. Approximations and errors. Single scale and multi-scale models. Grid and particle systems. May be team taught by faculty in computer science, physics, chemistry, earth science, biology and others.

Credit Hours: 3 hrs

Prerequisite: (PHY 221 or CHEM 117 or ESSC 110 or BIO 105) and (COSC 111 or COSC 246)

Last Updated: Links 04/2011

COSC 221 - Computer Organization I

Following an introductory course in computer programming, this course covers basic concepts of computer hardware and organization including; computer structure, machine language, instruction execution, traps and interrupts, digital representation of data, computer systems organization, elementary digital circuits, including memory and arithmetical. Students will write several programs in an assembly language.

Credit Hours: 3 hrs

Prerequisite: COSC 111 or COSC 146 or COSC 246

Last Updated: Change in description and prerequisites 06/2012, effective Winter 2013; Links 04/2011

COSC 231 - Internet-based Computing

Programming for the Internet, including GUI design and development, event-driven programming, web page design and construction, programming for current Internet and Web technologies. Ethical issues on the Internet.

Credit Hours: 3 hrs

Prerequisite: COSC 111

Concurrent Prerequisite: COSC 211

Last Updated: Links 04/2011

COSC 245 - Computer Programming and Numeric Methods

An introductory programming course focusing on numerical algorithms fundamental to scientific computer work. Discussion of polynomial interpolation, numerical integration, solutions of systems of equations and error analysis. Using the FORTRAN language, students develop and run programs to solve a variety of problems.

Credit Hours: 3 hrs

Concurrent Prerequisite: MATH 121

Major Restrictions: Does not count toward Computer Science Major or Minor

Notes: Credit will not be given for more than one of COSC 145 and COSC 245

Last Updated: Links 04/2011

COSC 246 - Programming in C++

Introduction to computers, programming techniques and integrated development environments using C and C++. Students work in a combination of lectures and supervised computer labs. Emphasis is on problem solving using good design principles and documentation techniques. Does not count towards the computer science minor, major or curriculum.

Credit Hours: 3 hrs

Prerequisite: COSC 101 or COSC 111 or COSC 145 or COSC 146 or MATH 105 or MATH 107 or MATH 118 or MATH 119 or MATH 120 or an ACT score of 26, a minimum SAT score of 640 or math placement test in elementary algebra greater than or equal to 73.

Last Updated: Links 04/2011

COSC 255 - Computer Hardware and Software Systems

An applied introduction to computers including: computer hardware, operating systems, web design, networking, trouble shooting and maintenance of computers. Lab projects include: Taking apart computers, installing operating systems, building a network, and creating a web page.

Credit Hours: 3 hrs

Prerequisite: CADM 105 and COSC 101

Last Updated: Links 04/2011

COSC 277 - Special Topics

A 200-level course in a specific area of computer science, to be determined by the field of specialization of the instructor and the interest of the students.

Credit Hours: 1 hr

COSC 278 - Special Topics

A 200-level course in a specific area of computer science, to be determined by the field of specialization of the instructor and the interest of the students.

Credit Hours: 2 hrs

COSC 279 - Special Topics

A 200-level course in a specific area of computer science, to be determined by the field of specialization of the instructor and the interest of the students.

Credit Hours: 3 hrs

COSC 303 - Applications in Computer Science

Information systems, simulation, graphics, audio communication, artificial intelligence, instruction and training, and communications. The student will write or use previously written programs in each of the above areas using microcomputers. These programs will use many languages and programs including LOGO, PASCAL, BASIC, electronic spreadsheet and a database program.

Credit Hours: 3 hrs

Prerequisite: COSC 101 and COSC 211

Class Restrictions: Junior standing

Last Updated: Links 04/2011

COSC 306 - Methods of Teaching Computer Science in the Secondary Schools

Computer science programs in the high school, information and materials needed to prepare students for the teaching of computer science in these schools. Organization and content, methods of teaching and learning, security and maintenance of equipment, professional journals and magazines available for future growth, copying software and the legality of software duplication, dealing with diversity of abilities, problem-solving skills and strategies for debugging programs. This methods class does not count toward the major or minor.

Credit Hours: 3 hrs

Prerequisite: COSC 342, CURR 305 and admission to the Initial Teacher Preparation Program

Last Updated: Links 04/2011

COSC 311 - Algorithms and Data Structures

Linear lists, strings, arrays and orthogonal lists. Representation of trees and graphs. Storage systems, structures, storage allocation and collection. Symbol tables, searching and sorting techniques. Formal specification of data structures and data management systems.

Credit Hours: 3 hrs

Prerequisite: COSC 211 and COSC 221

Last Updated: Links 04/2011

COSC 314 - Computational Discrete Structures

Relations and algebraic structures, counting techniques, graphs, automata and languages and number theoretical algorithms. This course emphasizes discrete mathematical algorithms, their applications to problems in computer science and their implementations.

Credit Hours: 3 hrs

Prerequisite: COSC 211 and MATH 205

Last Updated: Links 04/2011

COSC 315 - Symbolic Computing

Symbolic computations and graphic representations in a computer algebra system such as mathematical; design of interactive notebooks; extensive use of electronic communications; applications from various areas of computer science, mathematics and the natural sciences; oral presentation of a project in an electronic classroom is required; lectures (two hours) and supervised lab (two hours).

Credit Hours: 3 hrs

Prerequisite: COSC 111 and MATH 122

Last Updated: Links 04/2011

COSC 321 - Computer Organization II

Basic digital circuits, data representation and transfer, digital arithmetic. Digital storage and accessing, control functions, input-output facilities, systems organization, reliability, simulation techniques. Multiprogramming, multiprocessing and real-time systems.

Credit Hours: 3 hrs

Prerequisite: COSC 211 and COSC 221

Last Updated: Links 04/2011

COSC 341 - Programming Languages

Formal definition of programming languages; structure of statements; global properties of algorithmic languages; data description; run time representation of programs; procedural languages such as C or C++ and nonprocedural languages such as lisp or prolog.

Credit Hours: 3 hrs

Prerequisite: COSC 211 and COSC 221

Notes: Credit will not be given for both COSC 341 and COSC 342

Last Updated: Links 04/2011

COSC 342 - Programming Languages for Educators

Formal definition of programming languages; structure of simple statements; global properties of algorithmic languages; structure of list processing, string manipulation, data description and simulation languages; run-time representation of program and data structures. Special emphasis will be placed on education-oriented languages.

Credit Hours: 3 hrs

Prerequisite: COSC 211 and COSC 221

Notes: Credit will not be given for both COSC 341 and COSC 342

Last Updated: Links 04/2011

COSC 374 - Applied Cryptography

An introduction to cryptography and its relationship to secure systems. Making and breaking codes and ciphers. Encryption, authentication, public-key encryption, digital signatures, cipher text and plain text, block ciphers, hash functions, RSA, key management. Cryptographic protocols as a part of securing digital systems.

Credit Hours: 3 hrs

Prerequisite: (MATH 170 or MATH 205) and COSC 211

Last Updated: Links 04/2011

COSC 377 - Special Topics

Covers topics not considered in other courses when the immediate needs of the field, interests of the students and expertise of the faculty coincide.

Credit Hours: 1 hrs

Prerequisite: COSC 211, COSC 221 and department permission

Last Updated: Links 04/2011

COSC 378 - Special Topics

Covers topics not considered in other courses when the immediate needs of the field, interests of the students and expertise of the faculty coincide.

Credit Hours: 2 hrs

Prerequisite: COSC 211, COSC 221 and department permission

Last Updated: Links 04/2011

COSC 379 - Special Topics

Covers topics not considered in other courses when the immediate needs of the field, interests of the students and expertise of the faculty coincide.

Credit Hours: 3 hrs

Prerequisite: COSC 211, COSC 221 and department permission

Last Updated: Links 04/2011

COSC 388 - Cooperative Education in Computer Science

Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in computer science. The program consists of two work experiences (COSC388/COSC 488) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: Any 300-level course in computer science; admittance to program by application; department permission

Class Restrictions: Junior or Senior standing

Major Restrictions: Computer Science Majors only

Notes: Graded on a credit/no-credit basis

Last Updated: Links 04/2011

COSC 403 - Seminar and Project Design for Educators

Major project design and more formalized, structured programming. Each student will work on two original major programs, one of which will be a group project. The student will report on both projects (written and oral) and give a formal presentation of the individual project to the University community in the form of a public lecture.

Credit Hours: 3 hrs

Prerequisite: COSC 311 and COSC 342

Class Restrictions: Senior standing

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate credit 07/2011; Links 04/2011

COSC 405 - Switching Theory

Switching algebra, gate network and sequential circuit analysis and synthesis. Boolean algebra, sequential circuit state and combinational circuit minimization, hazards and races, elementary number systems and codes.

Credit Hours: 3 hrs

Prerequisite: COSC 211 and COSC 221

Class Restrictions: Juniors and Seniors only

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 421 - Systems Programming

Batch-process systems programs, components and operating characteristics. Implementation techniques for parallel processing and interrupt handling. Overall structure of multiprogramming systems. Addressing techniques, file system design and management. Interprocess communication, design of system modules and interfaces.

Credit Hours: 3 hrs

Prerequisite: COSC 221, COSC 311 and COSC 341

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 422 - Introduction to Microprocessors

The fundamentals of small-system software development as it applies to microprocessors and minicomputers. Introduction to microprocessors and peripheral hardware; software and software development; applications. Students will have access to both

microcomputers and a minicomputer to gain first-hand knowledge of this field.

Credit Hours: 3 hrs

Prerequisite: COSC 221 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 423 - Computer Operating Systems

Computer operating systems functions and concepts. Processor allocation: multiprogramming and scheduling algorithms. Memory tasks and data management. The deadlock problem. Virtual memory, allocation strategies and analysis of their algorithms. Design, implementation and protection of I/O files. Survey of available computer operating systems.

Credit Hours: 3 hrs

Prerequisite: COSC 221 and COSC 311

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 436 - Web Programming

Students will learn how to set up and configure a web server and associated services. Topics covered will include: CGI, JavaScript, Web security tools, server-side programming multfiles applets, data description languages, database connectivity, scripting languages and distributed applications. Exposure to security and efficiency issues.

Credit Hours: 3 hrs

Prerequisite: COSC 231, COSC 311 and COSC 341

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 439 - Computing Network Principles

The basic concepts of computer communication systems with particular emphasis on communication hardware and microcomputer networks. Students will be involved in the development and writing of software components of communications such as terminal emulators and file transfer packages. Basic communication theory and terminology, communication hardware devices, communication protocols and microcomputer networks.

Credit Hours: 3 hrs

Prerequisite: COSC 221 and COSC 311; COSC 314 recommended

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 444 - Foundations of Automata and Languages

A review of finite automata. A rigorous treatment of regular languages including closure properties and the Pumping Lemma. An investigation of context-free languages, context-free grammars, simplification of grammars, normal forms and related topics. Turing machines and the Halting Problem. Applications to lexical analysis.

Credit Hours: 3 hrs

Prerequisite: COSC 311 and COSC 314

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 445 - Compiler Construction

Review of programming language structures, translation, loading, execution and storage allocation. Compilation of simple statements. Organization and overall design of a compiler. Use of compiler writing languages.

Credit Hours: 3 hrs

Prerequisite: COSC 311 and COSC 314 and COSC 341

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 456 - Computer Graphics

An in-depth exploration of fundamental concepts of 2D and 3D computer graphics. Topics include: geometric transformations, lighting and shading models, texture mapping, animation, solid modeling, ray-tracing, hidden-surface removal and the use of graphics in visualization and computer gaming. Course is project oriented, including interactive 3D animations.

Credit Hours: 3 hrs

Prerequisite: COSC 311 and either the completion of MATH 122 or MATH 205

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 457 - Computer Game Programming

Introduces the central components of 3D computer game programming: game design, using a 3D graphics engine (lighting, shading, textures, etc.), terrain modeling, solid modeling, kinematics, collision detection, real-time animation, simple AI agency, sound integration.

Credit Hours: 3 hrs

Prerequisite: COSC 311

Class Restrictions: Junior or Senior standing

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 461 - Heuristic Programming

Programming techniques for problems with large-state spaces or uncertain knowledge: searches, heuristic evaluation, rule-based inference, approximate reasoning and adaptation using neural nets, genetic algorithms and reinforcement learning.

Credit Hours: 3 hrs

Prerequisite: COSC 311 and COSC 314

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 471 - Database Principles

A technical review of the theory and principles of database design and organization. The concepts and structures necessary to design and implement a database management system. Network, hierarchical and relational database models. Data normalization, data description languages, query languages, data integrity and security.

Credit Hours: 3 hrs

Prerequisite: COSC 311 and COSC 314 and COSC 341

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 477 - Special Topics

Covers topics not considered in other courses when the immediate needs of the field, interests of the students and expertise of the faculty coincide.

Credit Hours: 1 hr

Prerequisite: department permission

Class Restrictions: Senior standing

Major Restrictions: Computer Science Majors only

COSC 478 - Special Topics

Covers topics not considered in other courses when the immediate needs of the field, interests of the students and expertise of the faculty coincide.

Credit Hours: 2 hrs

Prerequisite: department permission

Class Restrictions: Senior standing

Major Restrictions: Computer Science Majors only

COSC 479 - Special Topics

Covers topics not considered in other courses when the immediate needs of the field, interests of the students and expertise of the faculty coincide.

Credit Hours: 3 hrs

Prerequisite: department permission

Class Restrictions: Senior standing

Major Restrictions: Computer Science Majors only

COSC 481W - Software Engineering and Senior Project (Gen Ed Area I, W)

This capstone course surveys the fundamentals of software engineering, including requirements analysis, design, disciplined implementation and evaluation. Students will work on a semester-long software project that employs principles learned in other computer science classes.

Credit Hours: 3 hrs

Prerequisite: COSC 311 and department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

COSC 485 - Senior Projects in SAG

The application of simulation, animation and gaming techniques for the completion of a team based final project. Also covered will be a discussion of necessary skills for career success. Guest speakers and site visitations will be part of the class.

Credit Hours: 3 hrs

Prerequisite: SAG 470

Class Restrictions: Junior or Senior standing

Cross-Listed with: SAG 485

Last Updated: Links 04/2011

COSC 486 - Cooperative Education in Computer Science

Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in computer science. The program consists of two work experiences (COSC 388/COSC 488) alternating with full-time attendance at the University.

Credit Hours: 1 hrs

Prerequisite: COSC 388 and department permission

Notes: Use on computer science major subject to department permission. Graded on a credit/no-credit basis.

Last Updated: Links 04/2011

COSC 487 - Cooperative Education in Computer Science

Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in computer science. The program consists of two work experiences (COSC 388/COSC 488) alternating with full-time attendance at the University.

Credit Hours: 2 hrs

Prerequisite: COSC 388 and department permission

Notes: Use on computer science major subject to department permission. Graded on a credit/no-credit basis.

Last Updated: Links 04/2011

COSC 488 - Cooperative Education in Computer Science

Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in computer science. The program consists of two work experiences (COSC 388/COSC 488) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: COSC 388 and department permission

Notes: Use on computer science major subject to department permission. Graded on a credit/no-credit basis.

Last Updated: Links 04/2011

COSC 497 - Independent Study

A report or project on an approved subject in the field of computer science under the guidance of the staff of the Department of Computer Science.

Credit Hours: 1 hr

Prerequisite: department permission

Class Restrictions: Junior or Senior standing

Major Restrictions: Computer Science Majors only

COSC 498 - Independent Study

A report or project on an approved subject in the field of computer science under the guidance of the staff of the Department of Computer Science.

Credit Hours: 2 hrs

Prerequisite: department permission

Class Restrictions: Junior or Senior standing

Major Restrictions: Computer Science Majors only

COSC 499 - Independent Study

A report or project on an approved subject in the field of computer science under the guidance of the staff of the Department of Computer Science.

Credit Hours: 3 hrs

Prerequisite: department permission

Class Restrictions: Junior or Senior standing

Major Restrictions: Computer Science Majors only

Economics Programs and Courses

Economics

Major

Actuarial Science and Economics Major - Economics

Actuarial science and economics is a joint program of the Mathematics and Economics departments. In addition to following a prescribed series of courses, students are expected to pass the first two actuarial examinations. The examinations are sponsored by leading actuarial societies and administered in numerous U.S. locations. MATH 372 and MATH 472 are designed to prepare students for these examinations.

All majors must meet with the undergraduate advising coordinator in the Department of Mathematics to fill out a program sheet before graduation. At least 15 credit hours in the program, at the 300 level or above, must be taken at Eastern Michigan University.

Assistant Professor

703 Pray Harrold

(734) 487-3395

jsaunori@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 61 hours

Required Courses: 12 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs

One course from the following:

- COSC 111 - Introduction to Programming 3 hrs
- COSC 120 - Computational Principles for Mathematics and the Sciences 3 hrs

One course from the following:

- ECON 361 - Financial Economics 3 hrs
- FIN 350 - Principles of Finance 3 hrs

Required Mathematics Courses: 25 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 370 - Probability and Statistics I 3 hrs
- MATH 372 - Problems in Actuarial Studies I 2 hrs
- MATH 471 - Probability and Statistics II 3 hrs
- MATH 472 - Problems in Actuarial Studies II 2 hrs

Required Economics Courses: 18 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ECON 411 - Intermediate Macroeconomic Analysis 3 hrs
- ECON 412 - Intermediate Microeconomic Analysis 3 hrs
- ECON 405 - Economic Analysis for Business 3 hrs
- ECON 415 - Introduction to Econometrics 3 hrs

Restricted Elective Courses: 6 hours

Any combination of electives from:

- Courses at the 300-level or above in mathematics
- ECON 340 - Money and Banking 3 hrs
- ECON 445W - Economic Fluctuations and Forecasting 3 hrs
- ECON 455W - Cost-Benefit Analysis (Gen Ed Area I, W) 3 hrs

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Economics Major

The Economics major in the College of Arts and Sciences is designed to prepare students for administrative or research careers in business, finance, government and social service agencies. The Economics major is also an excellent preparation for students planning to attend Law School. Students in this major are encouraged to consider a minor or second major in Finance, General Business (or other business field), Mathematics, Political Science, or Philosophy to match their specific career goal. Students planning to pursue graduate studies in Economics are strongly encouraged to complete a minor in Mathematics.

Economics Department Information:

Interim Department Head: Dr. Abdullah Dewan
Department Contact: adewan@emich.edu
Website: emich.edu/economics

703 Pray-Harrold
734-487-3395

Advisor Information:

James Saunoris, Ph.D.
Assistant Professor

703 Pray Harrold
(734) 487-3395
jsaunori@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 3-4 hours

One course from the following:

Note: If pursuing a BBA, please see note below before selecting a course in this section.

- MATH 118 - Linear Models and Probability (Gen Ed Area II) 3 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Major Requirements: 30 hours

Required Courses: 15 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ECON 411 - Intermediate Macroeconomic Analysis 3 hrs
- ECON 412 - Intermediate Microeconomic Analysis 3 hrs

One course from the following:

If pursuing a BBA in Economics:

Students who take DS 265 first, may not take ECON 310 for credit toward the major. Instead they must take another economics class, ECON 415 preferred.

Students who take ECON 310 first will be excused from the requirement of completing DS 265 in the Business Core (in this case, a COB waiver may be required for graduation audit).

- ECON 310 - Economic Statistics 3 hrs
- ECON 415 - Introduction to Econometrics 3 hrs

Elective Courses: 15 hours

Although any 15 credit hours of 300-level or above electives in economics will complete the requirements for the major, students should choose courses related to the career path they wish to pursue. Inquire at the Department of Economics regarding suggested concentrations, suggested career paths and course selection.

For students pursuing a BBA in Economics: *Although any 15 credit hours of 300-level or above electives in economics will complete the requirements for the major, students should select courses most closely related to business applications. Students selecting this economics major are encouraged to include at least one 400-level course offered in the College of Business as an elective.*

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Bachelor of Business Administration in Economics

Students who wish to earn a Bachelor of Business Administration in Economics, can do so by completing the above requirements of the Economics Major in addition to the following requirements:

Business Foundation: 36 Hours

Catalog Correction: Courses 6 through 12 must be completed with a minimum earned grade of C- (C required for transfer courses) in each

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- MGMT 490 - Business Policy 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Minor

Economics Minor

An Economics minor provides a useful combination with majors in Business, Mathematics, Political Science, Pre-Law, Philosophy and related fields.

- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs

Elective Courses: 14 hours

Fourteen hours from any 300-level and above economics courses. ECON 411 and ECON 412 are highly recommended.

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses**

will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Economics

ECON 100 - Introduction to Economic Problems and Policies (Gen Ed Area IV)

A nontechnical introduction to basic problems facing the U.S. economy and different opinions over economic policy choices. Analysis of the controversial role of government in a private market economy.

Credit Hours: 3 hrs

Notes: Not recommended for business students. Not open to students with ECON201/202.

Area IV: Knowledge of the Disciplines

ECON 100 Introduction to Economics

Students in the course acquire a basic understanding of both the subject of economics and the approach used by economists in their study of economic questions. Thus students learn about both the content and the methodology of economics. The contemporary international economic environment is characterized by globalization and competition. This reality confronts the USA and its people with a number of economic challenges and opportunities. Economics 100 presents students with an opportunity to read about, think about and discuss these issues. In a series of written assignments, students are asked to apply their developing knowledge of the content and methodology of economics to an analysis of a variety of economic problems, as well as to an evaluation of government policy measures designed to respond to these problems. In summary, Economics 100 students learn the following: (1) The basic concepts and principles of economics, such as efficiency and productivity, markets and prices; (2) The "economic way of thinking", that is, identifying measuring, quantifying and comparing costs and benefits as a basis for informed decision-making; (3) How to apply both of the above to real-world economic problems, such as the outsourcing of jobs to low-wage countries and the escalating costs of prescription drugs.

ECON 103L - Economics for Living (Gen Ed Area V LBC)

This course develops the tools and skills needed to survive and thrive in daily life. Focus is on understanding the economy and on how to evaluate costs and benefits related to everyday choices like student loans, the use of banks and credit, healthcare insurance options, and retirement plan participation.

Credit Hours: 3 hrs

Notes: This course will count as credit for Learning Beyond the Classroom.

Last Updated: Links 03/2011

ECON 108 - Introduction to the Global Economy (Gen Ed Area III)

An introductory-level course accessible to student who have had no prior exposure to economics. It explains the basic concepts and principles of global economics in a non-technical, non-mathematical manner. Students learn about the challenges and the opportunities that are presented by the globalization of the world economy.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

ECON 108 Introduction to the Global Economy

Students in the course acquire a basic understanding of, and appreciation for, the variety of economic systems, economic models and economic policies that have been adopted by different nations to guide their respective paths of economic growth and development. Students also receive an introduction to the web of economic relations that tie nations ever more tightly in the globalizing world economy.

The globalization of the world economy implies increasing interaction among the economies of different nations. Economic interrelationships are complex and dynamic. Our competitors in the globalized world economy, such as China, India and Japan,

are at the same time our partners. This reality poses both challenges and opportunities. The possibility of achieving positive, peaceful outcomes is enhanced by a thorough understanding of the differences among the economies of the world.

ECON 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

ECON 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

ECON 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

ECON 200 - The American Economy

Survey of the principles of economics; the basic knowledge of the functioning of the present-day American economy.

Credit Hours: 3 hrs

Notes: Not open to students with ECON201/202.

ECON 201 - Principles of Macroeconomics (Gen Ed Area IV)

The first half of basic principles of economics. Emphasizes macroeconomic concepts of national income, fiscal and monetary policy, and problems of unemployment, inflation and economic growth.

Credit Hours: 3 hrs

Prerequisite: Level 3 Math Placement or (at least a C in MATH 098 or above)

Area IV: Knowledge of the Disciplines

ECON 210 Principles of Macroeconomics

Economics is one of the fundamental social sciences because it systematically investigates the economic relationships and interactions among people living in society. In the course acquire a basic understanding of both the subject of economics and the tools used by economists in their study of economic questions. (1) macroeconomics looks at how people and societies make choices, while weighing the costs and benefits of those choices. The basic assumption is that normal economic behavior is guided by a process of always seeking to get the maximum benefit at minimum cost; (2) introduces students to concepts such as supply and demand, business cycles, inflation and unemployment, money and banking, and taxing and government spending. Here students learn how economics research develops and uses numbers and models (simplifications) to explain changes in these concepts; (3) introduces students to some of the different interpretations of the desirability of changes and their outcomes. One

school of thought explored focuses on "what is," with no value judgments implied. Another school of thought focuses on "what ought to be," based on value judgments about the social desirability of outcomes.

Last Updated: Links 04/2011

ECON 202 - Principles of Microeconomics (Gen Ed Area IV)

Second half of an introduction to basic principles of economics. Emphasizes microeconomic concepts of demand, supply and problems relating to prices and resource allocation.

Credit Hours: 3 hrs

Prerequisite: Level 3 math placement or above, or MATH 098 or above.

Area IV: Knowledge of the Disciplines

ECON 202 Principles of Microeconomics

Economics is one of the fundamental social sciences because it systematically investigates the economic relationships and interactions among people living in a society. Students in the course acquire a basic understanding of both the subject of economics and the approach used by economists in their study of economic questions. Thus, students learn about both the content and the methodology of economics. The contemporary international economic environment is characterized by globalization and competition. This reality confronts the USA and its people with a number of economic challenges and opportunities. Economics 202 presents students with an opportunity to read about, think about and discuss these issues. In discussions and exams students are asked to apply their developing knowledge of the content and methodology of economics to an analysis of a variety of economic problems, as well as to an evaluation of government policy measures designed to respond to these problems.

Last Updated: Links 04/2011

ECON 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: one 100- or 200-level course in economics

ECON 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: one 100- or 200-level course in economics

ECON 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: one 100- or 200-level course in economics

ECON 300 - Contemporary Economic Issues

Analysis of contemporary economic problems. Topics may change each semester as the interests and/or problems change.

Credit Hours: 3 hrs

Prerequisite: one 100-, 200- or 300-level course in economics

ECON 303 - Consumer Economics

This course focuses on the analysis of consumer economic behavior, the public and private institutions designed to protect consumer's interests and the evolution as well as the effectiveness of consumer education. This course will also include emphasis on buying skills, money management and consumer-citizenship responsibility.

Credit Hours: 3 hrs

Prerequisite: one 100-200 or 300-level course in Economics

ECON 310 - Economic Statistics

Introduction to the statistical measurement and analysis of data with applications to economics. Elements of descriptive statistics, probability, random samples, point and interval estimation, hypothesis testing and regression analysis are examined.

Credit Hours: 3 hrs

Prerequisite: MATH 105, MATH 118, MATH 119 or MATH 120

Last Updated: Links 04/2011

ECON 320 - Labor Economics

Analysis of the theory of wage determination, with attention to labor supply and labor demand, human resource development, trade unions and labor market institutions.

Credit Hours: 3 hrs

Prerequisite: ECON 201 and ECON 202

Last Updated: Links 04/2011

ECON 321 - Minority Workers in the Labor Market

Special problems and unique employment situations of minority workers (racial and ethnic minorities, women, handicapped) involving historical and market influences, and employer, union and government policies. Recent and proposed legislation affecting the labor force status of minorities.

Credit Hours: 3 hrs

Prerequisite: one 100-, 200- or 300-level course in economics

ECON 325 - Collective Bargaining

Major problems in present-day collective bargaining including the negotiation of collective agreements, practical aspects and economic implications.

Credit Hours: 3 hrs

Prerequisite: one 100-, 200- or 300-level course in economics

ECON 327 - Economics of Poverty, Inequality and Discrimination

An economic analysis of poverty and income inequality in the U.S., including the effects of discrimination. Examining U.S. income maintenance programs, including social security. Includes international comparisons.

Credit Hours: 3 hrs

Prerequisite: one 100-, 200- or 300-level course in economics

ECON 328 - Economics of Women

The changing economic role of women in the labor force. Analysis of policies affecting earnings, employment, and work and family issues in traditional and nontraditional occupations. Includes some international comparisons.

Credit Hours: 3 hrs

Prerequisite: one 100-, 200- or 300-level course in economics

Cross-Listed with: WGST 328

Last Updated: Links 04/2011

ECON 329 - Economics of Crime

The use of economic concepts and tools to analyze economic causes of crime and economic policies relevant to crime.

Credit Hours: 3 hrs

Prerequisite: ECON 202 or equivalent

Last Updated: Links 04/2011

ECON 332 - Urban Economics

The level, distribution, stability and growth of urban income and employment. Analysis of contemporary urban problems, such as inner-city poverty, housing-land use, transportation and local public services with special reference to economic efficiency and programs.

Credit Hours: 3 hrs

Prerequisite: ECON 202 or equivalent

Last Updated: Links 04/2011

ECON 336 - Economics of Environment and Natural Resources

The application of economic concepts and analysis to problems of environment and management of natural resources.

Credit Hours: 3 hrs

Prerequisite: ECON 202 or equivalent

Last Updated: Links 04/2011

ECON 337 - Energy Economics and Policies

Introduction to the economics of energy in the U.S. and world economies, including a critical analysis of the policies of the governments involved.

Credit Hours: 3 hrs

Prerequisite: ECON 202 or equivalent

Last Updated: Links 04/2011

ECON 340 - Money and Banking

The nature and role of money and credit, the banking system and other financial institutions, and the relation of monetary policy to the level of economic activity.

Credit Hours: 3 hrs

Prerequisite: ECON 201 and ECON 202

Last Updated: Links 04/2011

ECON 350 - Government Finance

This course examines the role of government in market economies. We analyze current government expenditure programs, such as welfare, health, environmental, housing, education and social security programs. We also analyze equity and efficiency effects of taxes including personal income, corporate income, sales, property and Social Security taxes.

Credit Hours: 3 hrs

Prerequisite: ECON 202 or equivalent

Last Updated: Links 04/2011

ECON 361 - Financial Economics

This course provides an introduction to the fundamentals of modern financial economics and their applications in managing financial health and performance, time and resource allocation, household decisions, asset valuation and pricing, risk and efficiency, and corporate finance.

Credit Hours: 3 hrs

Prerequisite: one 100-, 200- or 300-level course in economics

Previously Listed As: ECON 361 - Corporation Finance

Last Updated: Title and Description 07/2011

ECON 370 - Comparative Economic Systems

Alternative approaches to organizing economic activity, emphasizing advantages and disadvantages as compared to the U.S. economic system. Illustrations are taken from non-capitalist economies such as Cuba and China.

Credit Hours: 3 hrs

Prerequisite: one 100-, 200- or 300-level course in economics

ECON 375 - Economic History of the United States

Analyzes economic history of the United States including colonial relationships; regional specialization; slavery; property rights; technology; transportation; industrialization; trade flow; monetary and fiscal policy and income distribution.

Credit Hours: 3 hrs

Prerequisite: one course in economics or department permission

ECON 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: ECON 201 and ECON 202

Last Updated: Links 04/2011

ECON 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: ECON 201 and ECON 202

Last Updated: Links 04/2011

ECON 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: ECON 201 and ECON 202

Last Updated: Links 04/2011

ECON 385 - Economic Development

The causes, the consequences and possible solutions of economic problems facing the developing countries of Latin America, Africa and Asia. Emphasis on mass poverty, food shortages, overpopulation, unemployment and unequal income distribution.

Credit Hours: 3 hrs

Prerequisite: one 100-, 200- or 300-level course in economics

ECON 386 - Technology and Economic Growth

The nature of technology and its importance for contemporary economic growth. Includes technological change and its effects on society and the individual.

Credit Hours: 3 hrs

Prerequisite: one 100-, 200- or 300-level course in economics

ECON 387 - Cooperative Education in Economics

Provides practical experience in the student's major field for four to six months of full-time employment at an individual employer. The program consists of one or two work experiences (ECON 387/ECON 487) alternating with full-time attendance at the University. A written report is required at the end of each employment period..

Credit Hours: 3 hrs

Prerequisite: ECON 201, ECON 202 and department permission

Notes: Admittance to program by application only. Graded on a credit/no-credit basis. Credits do not count towards the economics major or minor

Last Updated: Links 04/2011

ECON 401 - Use of Quantitative Methods in Economics

Introduction to Contemporary National Databases and current econometric computer packages. Special attention is given on how to do empirical research: formulating hypotheses, estimating relationships, testing hypotheses, and dissemination of findings.

Credit Hours: 3 hrs

Prerequisite: ECON 411 and ECON 310 or equivalent

Class Restrictions: Only open to Juniors, Seniors and MA in Trade Development students

Last Updated: Removal of Graduate Credit 07/2011; Links 04/2011

ECON 402 - Computer Applications in Microeconomics

Applied linear and nonlinear models of the consumer and the firm. Estimates demand functions (for example housing demand and energy demand), cost functions and production functions.

Credit Hours: 3 hrs

Prerequisite: ECON 412 and ECON 310 or equivalent

Last Updated: Links 04/2011

ECON 405 - Economic Analysis for Business

Analytical tools and methods of economic theory used in business management, focusing on production, cost, pricing and investment. Application includes demand estimation and economic forecasting.

Credit Hours: 3 hrs

Prerequisite: ECON 201 and ECON 202

Last Updated: Removed Grad Credit 07/2011; Links 04/2011

ECON 406W - History of Economic Thought (Gen Ed Area I, W)

A review of the development of economic thought from the age of mercantilism to present times, with the particular emphasis on landmark contributions of writers such as Adam Smith, Karl Marx, Alfred Marshall, J. M. Keynes and significant 20th-century economists.

Credit Hours: 3 hrs

Prerequisite: ECON 201 or ECON 202

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ECON 407 - Economic Analysis and Law

The application of economic analysis to the law, including property law, contract law, family law, torts, criminal law, constitutional law, antitrust and environmental law.

Credit Hours: 3 hrs

Prerequisite: ECON 201 and ECON 202

Last Updated: Removed Graduate Credit 07/2011; Links 04/2011

ECON 411 - Intermediate Macroeconomic Analysis

Examines macroeconomic theories of the determination of national income, employment, the price level, interest rates and economic growth; and linkages between the domestic and international economies. Topics include unemployment, inflation,

monetary and fiscal policy, and the policy positions of various schools of thought. Standard analytical tools, such as IS-LM and aggregate demand and supply are examined.

Credit Hours: 3 hrs

Prerequisite: ECON 201, ECON 202 and either MATH 105, MATH 118, MATH 119 or MATH 120

Previously Listed As: ECON 301

Last Updated: Links 04/2011; Course Number Change 06/2011, effective Fall 2011

ECON 412 - Intermediate Microeconomic Analysis

Analyzes contemporary theories of consumer and firm behavior, prices, and resource allocation. Examines firm behavior for several market structures, and evaluates the efficiency and equity implications of market outcomes.

Credit Hours: 3 hrs

Prerequisite: ECON 201, ECON 202, and either MATH 105, MATH 118, MATH 119 or MATH 120

Previously Listed As: ECON 302

Last Updated: Links 04/2011; Course Number Change 06/2011, effective Fall 2011

ECON 415 - Introduction to Econometrics

Introduction to the mathematical formulation of economic theories. The use of statistical procedures to measure the theoretical relationships and to verify or reject the theories. Quantitative predictions, measurements and statistical test of the predictions.

Credit Hours: 3 hrs

Prerequisite: ECON 201, ECON 202, and either ECON 310, MATH 360, MATH 370 or DS 265

Last Updated: Removed Graduate Credit 07/2011; Links 04/2011

ECON 436 - Health Economics

The production, distribution, supply and utilization of health care resources, especially in the United States. Relevant tools of economic analysis and empirical studies, allocation of resources to the health care sector.

Credit Hours: 3 hrs

Prerequisite: ECON 202 or equivalent

Last Updated: Removed Graduate Credit 07/2011; Links 04/2011

ECON 440 - Money, Credit, and Monetary Policy

An analytical study of the theories of money demand and money supply. Also studied are commercial banking and the operations and conduct of Federal Reserve monetary policy under alternative policy procedures and economic disturbances. The subject is viewed from both domestic and international perspectives.

Credit Hours: 3 hrs

Prerequisite: ECON 411 or ECON 340

Last Updated: Links 04/2011

ECON 445W - Economic Fluctuations and Forecasting

Study of the history, nature and causes of economic fluctuations. Also included are alternate approaches to economic forecasting used by business and government including econometric forecasting; and the role of monetary and fiscal policies, supply shocks, international factors and structural change in generating economic fluctuations.

Credit Hours: 3 hrs

Prerequisite: ECON 201, ECON 202 and ECON 411

Last Updated: Gen Edu Credit 12/2012, effective Winter 2013; Prerequisites 07/2011; Links 04/2011

ECON 455W - Cost-Benefit Analysis (Gen Ed Area I, W)

Cost-benefit analysis techniques and their application to evaluating economic efficiency of government expenditure programs. Determination and distribution of benefits and costs in specific public projects.

Credit Hours: 3 hrs

Prerequisite: ECON 201 and ECON 202

Last Updated: Links 04/2011

ECON 460 - Industrial Organization

Monopoly, competition, mergers, concentration and antitrust, and other public policies affecting private enterprise in the United States.

Credit Hours: 3 hrs

Prerequisite: ECON 201 and ECON 202

Last Updated: Links 04/2011

ECON 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: ECON 201 and ECON 202

Last Updated: Links 04/2011

ECON 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: ECON 201 and ECON 202

Last Updated: Links 04/2011

ECON 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: ECON 201 and ECON 202

Last Updated: Links 04/2011

ECON 480W - International Economics (Gen Ed Area I, W)

Analysis of theory and economic problems of international trade factor movements, exchange mechanisms, balance of payments, regional economic integration, assistance agencies, and adjustments to changing conditions.

Credit Hours: 3 hrs

Prerequisite: ECON 201 and ECON 202

Last Updated: Links 03/2011

ECON 487 - Cooperative Education in Economics

Provides practical experience in the student's major field for four to six months of full-time employment at an individual employer. The program consists of one or two work experiences (ECON 387/ECON 487) alternating with full-time attendance at the University. A written report is required at the end of each employment period.

Credit Hours: 3 hrs

Prerequisite: ECON 387

Notes: Admittance to program by application only. Graded on a credit/no-credit basis. Credits do not count towards the economics major or minor.

Last Updated: Links 04/2011

ECON 491 - Research Seminar in Economics

Selected issues in economic methodology, research procedures, and techniques with the preparation of a major research paper and group analysis of its findings.

Credit Hours: 3 hrs

Prerequisite: ECON 411 and ECON 412

Last Updated: Links 04/2011

ECON 497 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work. Restricted to economics majors and minors.

Credit Hours: 1 hr

ECON 498 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work. Restricted to economics majors and minors.

Credit Hours: 2 hrs

ECON 499 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work. Restricted to economics majors and minors.

Credit Hours: 3 hrs

ECON 585 - Economic Growth and Development

Conditions, causes and consequences of growth and development; instruments of expansion and control, and important theories and models of growth. Economic growth in both the United States and underdeveloped countries.

Credit Hours: 3 hrs

Prerequisite: ECON 411 and ECON 412, or equivalent

Notes: This is a graduate course in an undergraduate program.

Last Updated: Links 04/2011

English Language and Literature Programs

English Language and Literature

Major

Creative Writing Major

The Creative Writing Major (30 hours) and Minor (21 hours) emphasize interdisciplinarity and experimentation through the exploration of poetry, fiction, hybrid genres, and multimedia literature. The curriculum incorporates a comprehensive approach to creative writing and critical reading, as well as experience with new media. Students learn to draw from a range of contemporary artistic practices to explore the relationship between language and aesthetic structures. We offer a sequence of workshops introducing students to a wide variety of writing styles, methods, and forms while enabling students to focus on selected areas of interest. The major in Creative Writing concludes with a Capstone Project and student performance of original work.

The Creative Writing Program promotes community engagement while guiding students' exploration of the personal and social roles of language and literature. By reading and critiquing their peers' works, students engage in a culture of collaboration and review. In addition, through classroom visits, specialized workshops, and our BathHouse Events series, students enter into dialogue with authors, publishers, translators, editors, performers, and new media artists.

Elective courses broaden students' interaction in a larger arena of the arts while providing the expertise required for interdisciplinary approaches to writing. The Program encourages students to consider Art, Philosophy, Communication, Media, Literary Studies, and Theatre Arts as possible minors.

The Creative Writing Program prepares students for a range of writing possibilities and language-centered endeavors.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 33 hours

Required Courses: 24 hours

- CRTW 201 - Introduction to Creative Writing (Gen Ed Area IV) 3 hrs
- CRTW 300 - Gateway to the Creative Writing Program 3 hrs
- CRTW 335W - Creative Writing (Gen Ed Area I, W) 3 hrs
- CRTW 422W - Writer's Workshop (Gen Ed Area I, W) 3 hrs
Students are required to take CRTW 422W twice under different topic subtitles, for a total of 6 hrs.
- CRTW 426 - Contemporary Forms 3 hrs
- CRTW 490 - Capstone Project 3 hrs
- ENGL 300W - Writing About Literature (Gen Ed Area I, W) 3 hrs

One of the following:

- LITR 360 - Recent Trends in British and American Literature 3 hrs
- LITR 400 - Narrative in Literature and Film 3 hrs
- LITR 422 - Studies in the Novel in Global Perspective 3 hrs

Restricted Electives: 6 hours

Any 300 or 400 level course. The CRTW faculty recommend the following courses:

- ARTH 475 - Seminar in Modern and Contemporary Art 3 hrs
- CRTW 335W - Creative Writing (Gen Ed Area I, W) 3 hrs
- CRTW 422W - Writer's Workshop (Gen Ed Area I, W) 3 hrs
- CTAO 411 - Adapting and Directing Literature 3 hrs
- CTAR 360 - Playwriting 3 hrs
- CTAR 361 - Dramatic Writing 2 hrs
- LITR 310 - Modern American Literature 3 hrs
- LITR 470 - Studies in Poetry 3 hrs
- LITR 480 - Studies in Literature and Culture 3 hrs
- PHIL 460W - Philosophy of Language (Gen Ed Area I, W) 3 hrs

Minor Requirements:

This program requires a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Creative Writing Majors are required to take CRTW 422W twice under different topic subtitles. Both CRTW 422W and CRTW 335W can be repeated multiple times by both Majors and Minors as restricted electives so long as topic subtitles are different.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

- LITR 430 - Studies in Drama 3 hrs

- LITR 440 - Genre Studies 3 hrs
- LITR 470 - Studies in Poetry 3 hrs

One course from Literature and Culture:

- LITR 400 - Narrative in Literature and Film 3 hrs
- LITR 443 - Women in Literature 3 hrs
- LITR 445 - Sexualities in Literature and Culture 3 hrs
- LITR 480 - Studies in Literature and Culture 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a

minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

Secondary Education Language, Literature and Writing Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in English, certification code BA, and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Council of Teachers of English. The Michigan Test for Teacher Certification (MTTC) covering this field is #002, "English."

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of

transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 36 hours

Required Courses: 9 hours

- ENGL 300W - Writing About Literature (Gen Ed Area I, W) 3 hrs
- ENGL 328W - Writing, Style and Technology (Gen Ed Area I, W) 3 hrs
- LING 201 - An Introduction to Linguistics 3 hrs

Restricted Elective Courses: 27 hours

One course from Genre:

- LITR 411 - Studies in Epic and Romance 3 hrs
- LITR 420 - Studies in the British Novel 3 hrs
- LITR 421 - Studies in the American Novel 3 hrs
- LITR 422 - Studies in the Novel in Global Perspective 3 hrs
- LITR 430 - Studies in Drama 3 hrs
- LITR 440 - Genre Studies 3 hrs
- LITR 470 - Studies in Poetry 3 hrs

- LING 310 - African American Language 3 hrs
- LING 340 - Language and Culture 3 hrs

One course from Writing Pedagogy:

- ENGL 408W - Writing for Secondary Teachers (Gen Ed Area I, W) 3 hrs

One course from Young Adult Literature:

- CHL 455 - Adolescent Literature 3 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Language, Literature and Writing Majors take:

- ENGL 409 - Teaching English in the Secondary Schools 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Written Communication Major

English Language and Literature Department Information:

Department Head: Mary K. Ramsey
Department Contact: mramsey6@emich.edu
Website: <http://www.emich.edu/english/>

Advisor Information:

Program Advisor: Ann Blakeslee
Email: ann.blakeslee@emich.edu

Program Advisor: Bernie Miller
Email: berniemill@aol.com

Program Advisor: Steve Krause
Email: skrause@emich.edu

Program Advisor: Phil Arrington
Email: parringto@emich.edu

Phone Number for Advisors: 734.487.4220

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 18 hours

Choose one option from the following:

Option I: Technical Communication Courses: 18 hours

- ENGL 324W - Principles of Technical Communication (Gen Ed Area I, W) 3 hrs
- ENGL 424 - Technical Writing 3 hrs

- ENGL 427 - Technical Editing 3 hrs
- ENGL 428 - Writing Computer Documentation 3 hrs
- ENGL 444 - Writing for the World Wide Web 3 hrs
- ENGL 484W - Seminar in Written Communications (Gen Ed Area I, W) 3 hrs

Option II: Professional Writing Courses: 18 hours

- ENGL 323W - Writing in the Professional World (Gen Ed Area I, W) 3 hrs
- ENGL 424 - Technical Writing 3 hrs
- ENGL 484W - Seminar in Written Communications (Gen Ed Area I, W) 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 312 - Introduction to Public Relations 3 hrs

One course from the following:

- ENGL 354 - Critical Digital Literacies 3 hrs
- ENGL 427 - Technical Editing 3 hrs
- ENGL 428 - Writing Computer Documentation 3 hrs
- ENGL 444 - Writing for the World Wide Web 3 hrs

Option III: Writing Studies Courses: 18 hours

- ENGL 328W - Writing, Style and Technology (Gen Ed Area I, W) 3 hrs
- ENGL 417 - Rhetoric and the Written Word 3 hrs
- ENGL 484W - Seminar in Written Communications (Gen Ed Area I, W) 3 hrs

One course from the following:

- ENGL 310 - Writing and Civic Literacy 3 hrs
- ENGL 354 - Critical Digital Literacies 3 hrs

One course from the following:

- ENGL 424 - Technical Writing 3 hrs
- ENGL 427 - Technical Editing 3 hrs
- ENGL 444 - Writing for the World Wide Web 3 hrs

One course from the following:

- CRTW 335W - Creative Writing (Gen Ed Area I, W) 3 hrs
- JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 12 hours

Choose three courses from the following; however to fulfill this requirement, students cannot choose a course they took in their Major Requirement Option.

- CRTW 335W - Creative Writing (Gen Ed Area I, W) 3 hrs
- ENGL 310 - Writing and Civic Literacy 3 hrs
- ENGL 323W - Writing in the Professional World (Gen Ed Area I, W) 3 hrs
- ENGL 324W - Principles of Technical Communication (Gen Ed Area I, W) 3 hrs
- ENGL 326 - Research Writing 3 hrs
- ENGL 328W - Writing, Style and Technology (Gen Ed Area I, W) 3 hrs
- ENGL 354 - Critical Digital Literacies 3 hrs
- ENGL 387 - Cooperative Education in English 3 hrs
- ENGL 417 - Rhetoric and the Written Word 3 hrs
- ENGL 424 - Technical Writing 3 hrs
- ENGL 427 - Technical Editing 3 hrs
- ENGL 428 - Writing Computer Documentation 3 hrs
- ENGL 444 - Writing for the World Wide Web 3 hrs
- ENGL 488 - Internship in Technical Writing 1 hr
- ENGL 489 - Internship in Technical Writing 2 hrs
- ENGL 490 - Internship in Technical Writing 3 hrs
- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs
- JRNL 312 - Introduction to Public Relations 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Creative Writing Minor

The Creative Writing Major (30 hours) and Minor (21 hours) emphasize interdisciplinarity and experimentation through the exploration of poetry, fiction, hybrid genres, and multimedia literature. The curriculum incorporates a comprehensive approach to creative writing and critical reading, as well as experience with new media. Students learn to draw from a range of contemporary artistic practices to explore the relationship between language and aesthetic structures. We offer a sequence of workshops introducing students to a wide variety of writing styles, methods, and forms while enabling students to focus on selected areas of interest. The major in Creative Writing concludes with a Capstone Project and student performance of original work.

The Creative Writing Program promotes community engagement while guiding students' exploration of the personal and social roles of language and literature. By reading and critiquing their peers' works, students engage in a culture of collaboration and review. In addition, through classroom visits, specialized workshops, and our BathHouse Events series, students enter into dialogue with authors, publishers, translators, editors, performers, and new media artists.

Elective courses broaden students' interaction in a larger arena of the arts while providing the expertise required for interdisciplinary approaches to writing. The Program encourages students to consider Art, Philosophy, Communication, Media, Literary Studies, and Theatre Arts as possible minors.

The Creative Writing Program prepares students for a range of writing possibilities and language-centered endeavors.

English Language and Literature Department Information:

Department Head: Mary K. Ramsey
 Department Contact: mr Ramsey6@emich.edu

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

Jewish Studies (JSTS) Minor

Mission Statement

Eastern Michigan University's Interdisciplinary Jewish Studies program offers courses concerned with the history of the Jewish people, a story of survival under extraordinary circumstances. It considers the cultural and intellectual gifts Jews have given the world. It also focuses on the Jewish faith, its richness, its intricacy, its demands, as well as its complex and fascinating relationships with other religions. This program draws on faculty expertise from throughout the College of Arts and Sciences - ultimately it will draw on such expertise from throughout the university. It engages students in a wide realm of co-curricular activities including lectures and study abroad opportunities. EMU's program in Jewish Studies provides a gathering place for EMU's numerous ethnic communities to learn more about Jews and Judaism, a space to build bridges, to open and engage in discourse, to create new understandings between Jews and the many other groups that comprise the diverse culture of southeast Michigan.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Literature Minor

Phone Number for Advisors: 734.487.4220

Required Courses: 3 hours

- ENGL 300W - Writing About Literature (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 15 hours

One course from the following:

- LITR 361 - Studies in Native American Literature 3 hrs
- LITR 362 - Studies in African American Literature 3 hrs

One course from the following:

- LITR 309 - The Development of American Literature 3 hrs
- LITR 310 - Modern American Literature 3 hrs
- LITR 312 - English Literature in the Middle Ages 3 hrs
- LITR 314 - English Renaissance Prose and Poetry 1500-1660 3 hrs
- LITR 315 - Restoration and 18th-Century Literature 3 hrs
- LITR 316 - Romantic Rebellion in Britain 1798-1832 3 hrs
- LITR 317 - Victorian and Edwardian Literature 1832-1914 3 hrs
- LITR 360 - Recent Trends in British and American Literature 3 hrs

One course from the following:

- LITR 405 - Shakespeare 3 hrs
- LITR 413 - The Poetry of Chaucer 3 hrs
- LITR 450 - Major Authors 3 hrs

One course from the following:

- LITR 411 - Studies in Epic and Romance 3 hrs
- LITR 420 - Studies in the British Novel 3 hrs
- LITR 421 - Studies in the American Novel 3 hrs
- LITR 422 - Studies in the Novel in Global Perspective 3 hrs
- LITR 430 - Studies in Drama 3 hrs
- LITR 440 - Genre Studies 3 hrs
- LITR 470 - Studies in Poetry 3 hrs

One course from the following:

- LITR 400 - Narrative in Literature and Film 3 hrs
- LITR 443 - Women in Literature 3 hrs
- LITR 445 - Sexualities in Literature and Culture 3 hrs
- LITR 480 - Studies in Literature and Culture 3 hrs

Elective Courses: 3 hours

Choose any additional course from the restricted electives above or one course from the following:

- LITR 210 - Introduction to Shakespeare (Gen Ed Area IV) 3 hrs
- LITR 251 - The Bible as Literature 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

Phone Number for Advisors: 734.487.4220

Required Courses: 15 hours

- ENGL 300W - Writing About Literature (Gen Ed Area I, W) 3 hrs
- ENGL 328W - Writing, Style and Technology (Gen Ed Area I, W) 3 hrs
- ENGL 408W - Writing for Secondary Teachers (Gen Ed Area I, W) 3 hrs
- ENGL 409 - Teaching English in the Secondary Schools 3 hrs
- LING 201 - An Introduction to Linguistics 3 hrs

Restricted Elective Courses: 15 hours

Multicultural Literature:

One course from the following:

- LITR 361 - Studies in Native American Literature 3 hrs
- LITR 362 - Studies in African American Literature 3 hrs

Period Literature:

One course from the following:

- LITR 309 - The Development of American Literature 3 hrs
- LITR 310 - Modern American Literature 3 hrs
- LITR 312 - English Literature in the Middle Ages 3 hrs
- LITR 314 - English Renaissance Prose and Poetry 1500-1660 3 hrs
- LITR 315 - Restoration and 18th-Century Literature 3 hrs
- LITR 316 - Romantic Rebellion in Britain 1798-1832 3 hrs
- LITR 317 - Victorian and Edwardian Literature 1832-1914 3 hrs
- LITR 360 - Recent Trends in British and American Literature 3 hrs

Young Adult Literature:

One course from the following:

- CHL 455 - Adolescent Literature 3 hrs

Major Author, Genre, or Culture:

One course from the following:

- LITR 400 - Narrative in Literature and Film 3 hrs
- LITR 405 - Shakespeare 3 hrs
- LITR 411 - Studies in Epic and Romance 3 hrs
- LITR 413 - The Poetry of Chaucer 3 hrs
- LITR 420 - Studies in the British Novel 3 hrs
- LITR 421 - Studies in the American Novel 3 hrs
- LITR 422 - Studies in the Novel in Global Perspective 3 hrs
- LITR 430 - Studies in Drama 3 hrs
- LITR 440 - Genre Studies 3 hrs
- LITR 443 - Women in Literature 3 hrs
- LITR 450 - Major Authors 3 hrs
- LITR 470 - Studies in Poetry 3 hrs
- LITR 480 - Studies in Literature and Culture 3 hrs

Language Study

One course from the following:

- LING 401 - Introduction to Linguistic Science 3 hrs
- LING 402 - Modern English Grammar 3 hrs
- LING 421 - The History of the English Language 3 hrs

Minor Total: 30 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

 Email: berniemill@aol.com

Program Advisor: Steve Krause
 Email: skrause@emich.edu

Program Advisor: Phil Arrington
 Email: parringto@emich.edu

Phone Number for Advisors: 734.487.4220

Required Courses: 9 hours

One course from the following:

- ENGL 323W - Writing in the Professional World (Gen Ed Area I, W) 3 hrs
- ENGL 324W - Principles of Technical Communication (Gen Ed Area I, W) 3 hrs
- ENGL 328W - Writing, Style and Technology (Gen Ed Area I, W) 3 hrs

One Course from the following:

- ENGL 310 - Writing and Civic Literacy 3 hrs
- ENGL 326 - Research Writing 3 hrs
- ENGL 354 - Critical Digital Literacies 3 hrs

One course from the following:

- ENGL 370 - Peer Tutoring 3 hrs
- ENGL 417 - Rhetoric and the Written Word 3 hrs
- ENGL 424 - Technical Writing 3 hrs

Restricted Elective Courses: 12 Hours

Choose four courses from the following; however, to fulfill this requirement, students cannot choose courses they have taken in the required option:

- CRTW 335W - Creative Writing (Gen Ed Area I, W) 3 hrs
- ENGL 225 - Writing in a Changing World 3 hrs
- ENGL 310 - Writing and Civic Literacy 3 hrs
- ENGL 323W - Writing in the Professional World (Gen Ed Area I, W) 3 hrs
- ENGL 324W - Principles of Technical Communication (Gen Ed Area I, W) 3 hrs
- ENGL 326 - Research Writing 3 hrs
- ENGL 328W - Writing, Style and Technology (Gen Ed Area I, W) 3 hrs
- ENGL 354 - Critical Digital Literacies 3 hrs
- ENGL 370 - Peer Tutoring 3 hrs
- ENGL 387 - Cooperative Education in English 3 hrs
- ENGL 417 - Rhetoric and the Written Word 3 hrs
- ENGL 424 - Technical Writing 3 hrs
- ENGL 427 - Technical Editing 3 hrs
- ENGL 428 - Writing Computer Documentation 3 hrs
- ENGL 444 - Writing for the World Wide Web 3 hrs
- ENGL 488 - Internship in Technical Writing 1 hr
- ENGL 489 - Internship in Technical Writing 2 hrs
- ENGL 490 - Internship in Technical Writing 3 hrs

- JRNL 215 - News Writing and Reporting 3 hrs
- JRNL 306W - Feature Writing (Gen Ed Area I, W) 3 hrs
- JRNL 312 - Introduction to Public Relations 3 hrs

Minor Requirements: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. Geography and Geology Programs and Courses

Geography and Geology

Major

Earth Science Major

The earth science major is designed for those interested in pursuing a career as an earth science technician or interested in combining a background in earth science with other fields, including surveying and spatial analysis or even journalism and law. Students pursuing careers as professional earth scientists or considering graduate studies in this area should follow the Geology Major Professional Concentration and carefully select elective courses within that program, in consultation with an advisor, to provide complementary training in either the atmosphere, hydrosphere, or biosphere, or some combination there of, depending on the student's specific area of interest. Numerous minors complement the earth science major. These include, but are not limited to, the following: coastal environments, environmental analysis, chemistry, biology, physics and math.

Geography and Geology
205 Strong Hall
(734) 487-0218

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 12-13 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One of the following:

Either

- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- or**
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs
- and**
- MATH 107 - Plane Trigonometry 2 hrs

or

- MATH 112 - Topics in Precalculus Mathematics 4 hrs

or

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Major Requirements: 34-35 hours

Required Courses: 31 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- ESSC 300 - Introduction to Hydrology 3 hrs
- ESSC 320 - Oceanography 3 hrs
- ESSC 324 - Weather 3 hrs
- ESSC 425W - Severe and Unusual Weather (Gen Ed Area I, W) 3 hrs

One of the following:

- ESSC 325 - Geomorphology 4 hrs
- ESSC 370 - Glacial and Quaternary Geology 4 hrs

One of the following:

- ESSC 228 - Mineralogy 4 hrs
- ESSC 229 - Rocks and Minerals 3 hrs

Restricted Elective Courses: 3-4 hours

Three to four credit hours from the following:

- ESSC 325 - Geomorphology 4 hrs
- ESSC 326 - Structural Geology 4 hrs
- ESSC 327 - Soil Science 4 hrs
- ESSC 329 - Igneous and Metamorphic Petrology 4 hrs
- ESSC 330 - Sedimentology and Stratigraphy 4 hrs
- ESSC 331 - Paleontology 4 hrs
- ESSC 370 - Glacial and Quaternary Geology 4 hrs
- ESSC 422 - Environmental Geochemistry 3 hrs
- ESSC 424 - Climatology 3 hrs
- ESSC 430 - Petroleum Geology 3 hrs
- ESSC 448 - Hydrogeology 3 hrs
- ESSC 450 - Lake and Coastal Processes 3 hrs
- ESSC 466W - Global Tectonics (Gen Ed Area I, W) 3 hrs
- ESSC 497 - Independent Study 1 hr
- ESSC 498 - Independent Study 2 hrs
- ESSC 499 - Independent Study 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Geography Major

The geography major includes the study of physical landscapes, their origins and the processes that alter them; the imprint of human activity on the earth's surface; the complex relationships among places; and the application of technology to human resource identification, conservation and management.

Geography and Geology
205 Strong Hall
(734) 487-0218

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 33-34 hours

Required Courses: 18 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 227 - Topographic Maps 2 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 276 - Principles of Geographic Information Systems 3 hrs

One course from the following:

- GEOG 100 - Introduction to Geospatial Sciences and Technology 3 hrs
- GEOG 235 - Economic Geography 3 hrs
- GEOG 360 - Cultural Geography 3 hrs

Specialization Courses: 9-10 hours

Three courses from one of the following areas of specialization:

Geographic Techniques

- ESSC 303 - Field Geography 3 hrs
- ESSC 485 - Introduction to Remote Sensing 3 hrs
- GEOG 376 - Spatial Analysis 3 hrs
- GEOG 476 - Geodatabases and GIS Client Applications 3 hrs
- GEOG 480 - Geographic Information Systems Projects 3 hrs

Physical Geography

- ESSC 250 - Introduction to Coastal Processes 3 hrs
- ESSC 300 - Introduction to Hydrology 3 hrs
- ESSC 320 - Oceanography 3 hrs
- ESSC 324 - Weather 3 hrs
- ESSC 325 - Geomorphology 4 hrs
- ESSC 327 - Soil Science 4 hrs
- ESSC 350 - Biogeography 3 hrs
- ESSC 424 - Climatology 3 hrs
- ESSC 425W - Severe and Unusual Weather (Gen Ed Area I, W) 3 hrs
- ESSC 450 - Lake and Coastal Processes 3 hrs

Human Geography

- GEOG 212 - Geography of Travel and Tourism 3 hrs
- GEOG 332 - Urban Geography 3 hrs
- GEOG 333 - Settlement Geography 3 hrs
- GEOG 361 - Geography of Population 3 hrs
- GEOG 405 - Aerial Photo Interpretation 3 hrs
- GEOG 441 - Transportation Geography and Planning 3 hrs
- GHPR 335 - Historic Preservation 3 hrs
- URP 215 - Introduction to Urban and Regional Planning 3 hrs

Regional Geography

- GEOG 314W - Geography of Russia and Neighboring States (Gen Ed Area I, W) 3 hrs
- GEOG 318 - Geography of Asia 3 hrs
- GEOG 319 - Geography of Europe 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- GEOG 321 - Geography of Latin America 3 hrs
- GEOG 322 - Geography of Africa 3 hrs

Restricted Elective Courses: 6 hours

Select two departmental courses outside of the selected area of specialization.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.

institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Geography Major - Geo-Tourism Concentration

A geographic approach to tourism represents a distinctly different emphasis from the traditional business approach to the travel industry. The traditional business approach to travel necessarily sees an industry that must be efficiently managed for maximum sustainability of profit. The tourism geography approach, by contrast, focuses upon the physical and human geographic setting of the tourism experience. In addition, it focuses upon the intimate connection of the "internal" tourist experience with the "external" geography of the destination.

The geo-tourism specialist asks, "Specifically, what geographic images and expectations might the tourist carry internally, images and expectations that will color their transactions with the physical setting and culture of that destination? Further, what planning and presentational means will most successfully allow the tourist to fully experience and remember the destination's unique geography?"

This geo-tourism approach represents an excellent example of applied human geography. Upon completion of the concentration, students will be well prepared as geo-tourism specialists.

Geography and Geology
205 Strong
(734) 487-0218

Major Requirements: 57 hours

Required Courses: 30 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 227 - Topographic Maps 2 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 276 - Principles of Geographic Information Systems 3 hrs
- GEOG 360 - Cultural Geography 3 hrs

One course from the following:

- GEOG 100 - Introduction to Geospatial Sciences and Technology 3 hrs
- GEOG 235 - Economic Geography 3 hrs

One course from the following:

- GEOG 332 - Urban Geography 3 hrs
- GEOG 441 - Transportation Geography and Planning 3 hrs
- GHPR 335 - Historic Preservation 3 hrs
- URP 215 - Introduction to Urban and Regional Planning 3 hrs

Two courses from the following:

- GEOG 314W - Geography of Russia and Neighboring States (Gen Ed Area I, W) 3 hrs
- GEOG 318 - Geography of Asia 3 hrs
- GEOG 319 - Geography of Europe 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- GEOG 321 - Geography of Latin America 3 hrs
- GEOG 322 - Geography of Africa 3 hrs

Concentration Courses: 21 hours

- GEOG 112 - Introduction to Travel and Tourism 3 hrs
- GEOG 113 - Foundations of Guest Service 3 hrs
- GEOG 212 - Geography of Travel and Tourism 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- GEOG 336 - Tourism and Socioeconomic Development 3 hrs
- GEOG 445 - Cultural Tourism Resources 3 hrs
- GEOG 446 - Heritage Interpretation and Tourism 3 hrs

Elective Courses: 6 hours

Six hours from the following:

- COSC 101 - Computer Science Concepts and Practical Applications 3 hrs
- CTAC 274 - Intercultural Communication (Gen Ed Area III) 3 hrs
- ESSC 114 - Geology of the National Parks (Gen Ed Area IV) 4 hrs
- ESSC 324 - Weather 3 hrs
- ESSC 424 - Climatology 3 hrs
- GEOG 115 - Observing the Human Landscape 2 hrs
- GEOG 387 - Cooperative Education in Geography 3 hrs
- GEOG 487 - Cooperative Education in Geography 3 hrs
- GEOG 488 - Internship 4 hrs
- HLED 210 - First Aid and CPR Certification 2 hrs
- HRM 103 - Introduction to the Hospitality Industry 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- THRC 100 - Foundation and Advancement of the Therapeutic Recreation Profession 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

Geology Major - General Geology Concentration

This concentration is for those who seek a general liberal arts education in geology or who are interested in a career combining geology with fields such as business, patent law, technical writing or industrial health and safety. Students planning to pursue a career as a professional geologist or who are interested in graduate training in geology should elect the professional concentration.

Geology Major - Hydrogeology Concentration

The hydrogeology concentration prepares students for graduate study or employment in the hydrogeology industry. It focuses on those aspects of geology and related sciences that pertain to the occurrence, movement, supply and quality of water. The program is designed to provide a strong technical base. Students will be educated in skills that are required to gather and process data with particular attention to water-related problems. The program includes a group minor composed of the required courses in mathematics, chemistry and physics. No other minor is needed to meet graduation requirements.

One course from the following:

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One course from the following:

- PHY 222 - Electricity and Light 4 hrs
- PHY 224 - Electricity and Light 5 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

** The hydrogeology field course may be selected from a number of universities with approval from a geology adviser.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Geology Major - Professional Concentration

This concentration provides the necessary background for students planning to become professional geologists. Students who successfully complete the curriculum are prepared to enter positions in industry or to undertake graduate study in geology. The program includes a group minor composed of the required courses in mathematics, chemistry and physics. No other minor is needed to meet graduation requirements. Required courses and elective courses in science and mathematics are listed below. Additional general education and elective courses totaling 124 hours are required to complete a degree.

Geography and Geology
205 Strong Hall
(734) 487-0218

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 69-74 hours

Required Courses: 60-62 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- ESSC 228 - Mineralogy 4 hrs
- ESSC 326 - Structural Geology 4 hrs
- ESSC 329 - Igneous and Metamorphic Petrology 4 hrs
- ESSC 330 - Sedimentology and Stratigraphy 4 hrs
- ESSC 331 - Paleontology 4 hrs
- ESSC 355 - Field Geology I 2 hrs
- ESSC 356 - Field Geology II 3 hrs
- ESSC 466W - Global Tectonics (Gen Ed Area I, W) 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs

One course from the following:

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

One course from the following:

- PHY 222 - Electricity and Light 4 hrs
- PHY 224 - Electricity and Light 5 hrs

Elective Courses: 9-12 hours

Three courses from the following:

- ESSC 300 - Introduction to Hydrology 3 hrs
- ESSC 320 - Oceanography 3 hrs
- ESSC 325 - Geomorphology 4 hrs
- ESSC 327 - Soil Science 4 hrs
- ESSC 370 - Glacial and Quaternary Geology 4 hrs
- ESSC 387 - Cooperative Education in Geoscience 3 hrs
- ESSC 422 - Environmental Geochemistry 3 hrs
- ESSC 428 - Optical Mineralogy 3 hrs
- ESSC 430 - Petroleum Geology 3 hrs
- ESSC 439 - Economic Geology 3 hrs
- ESSC 448 - Hydrogeology 3 hrs
- ESSC 450 - Lake and Coastal Processes 3 hrs
- ESSC 459 - Aquifer Analysis 3 hrs
- ESSC 460 - Contaminant Hydrology 3 hrs
- ESSC 470 - Quantitative Methods in Geography and Geology 3 hrs
- ESSC 487 - Cooperative Education in Geoscience 3 hrs
- ESSC 488 - Internship 4 hrs
- ESSC 489 - Internship 5 hrs
- ESSC 490 - Internship 6 hrs
- ESSC 499 - Independent Study 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Earth Science Major

Correction - This program was revised on May 2, 2019, to correct an error. Under "Major Requirements," "BIOT 403" was replaced with "BIO 406."

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in earth/space science, certification code DH. The Michigan Test for Teacher Certification (MTTC) covering this field is #020, "Earth/Space Science." Consult a department advisor before you declare this major.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.

6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 16-17 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs

Major Requirements: 36 hours

Required Courses: 36 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- ESSC 229 - Rocks and Minerals 3 hrs
- ESSC 300 - Introduction to Hydrology 3 hrs
- ESSC 320 - Oceanography 3 hrs
- ESSC 324 - Weather 3 hrs
- ESSC 331 - Paleontology 4 hrs
- * ESSC 406 - The Nature of Science 1 hr
- * PHY 406, CHEM 406, or BIO 406 may be substituted for ESSC 406.

One course from the following:

- ESSC 325 - Geomorphology 4 hrs

- ESSC 370 - Glacial and Quaternary Geology 4 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Earth Science Majors take:

- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.

2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Required Courses: 48 hours

These courses cannot be taken separately in any way and form a single integrated program of study.

- ECON 375 - Economic History of the United States 3 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 276 - Principles of Geographic Information Systems 3 hrs
- GEOG 311 - History and Geography of the Modern World 3 hrs
or
- HIST 311 - History and Geography of the Modern World 3 hrs
- GEOG 313 - Geography of Michigan 2 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs
- HIST 416 - American Environmental History 3 hrs
- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

Geography/History Electives: 15-18 hours

- Three Geography (GEOG) or Earth System Science (ESSC) courses at 200-level and above.
- Three upper-level History (HIST) courses (3 credits each, 300-level and above): one in United States or Canada (Area A), one in Europe (Area B), and one in Africa, Asia or Latin America (Area C).

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Geography/History Comprehensive Majors take:

- HIST 481 - The Teaching of Social Studies 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Urban and Regional Planning Major

This interdisciplinary major studies the current situation in urban and regional planning, including land use, zoning, problems of urban growth and local decision-making. The program is designed to prepare students for positions in public planning agencies, private planning firms or other positions where planning skills are needed and relevant. Courses provide necessary skills to develop zoning ordinances, analyze site plans, critique general development plans, administer local planning regulations as well as prepare and review grant applications, environmental impact statements and policy planning programs.

Geography and Geology
205 Strong Hall
(734) 487-0218

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 36 hours

Required Courses: 30 hours

- PLSC 270 - Public Administration 3 hrs
- URP 215 - Introduction to Urban and Regional Planning 3 hrs
- URP 216 - Readings in Urban Planning 2 hrs
- URP 276 - Principles of Geographic Information Systems 3 hrs
- URP 306 - Comprehensive Planning and Zoning 3 hrs
- URP 401 - Planning/Preservation Graphics 3 hrs
- URP 410L - Site Planning Studio (Gen Ed Area V LBC) 4 hrs
- URP 415W - Methods of Planning Analysis (Gen Ed Area I, W) 3 hrs
- URP 435 - History of Urban Form and Function 3 hrs
- URP 495 - Environmental Assessment and Planning 3 hrs

Restricted Elective Courses: 6 hours

Six hours from the following selected in consultation with the advising coordinator:

- ESSC 303 - Field Geography 3 hrs
- GEOG 332 - Urban Geography 3 hrs
- GEOG 376 - Spatial Analysis 3 hrs
- GEOG 405 - Aerial Photo Interpretation 3 hrs
- GEOG 441 - Transportation Geography and Planning 3 hrs
- GEOG 476 - Geodatabases and GIS Client Applications 3 hrs
- GHPR 335 - Historic Preservation 3 hrs
- URP 387 - Cooperative Education 3 hrs
- URP 487 - Cooperative Education 3 hrs
- URP 488 - Internship 4 hrs
- URP 489 - Internship 5 hrs
- URP 490 - Internship 6 hrs
- URP 497 - Independent Study 1 hrs
- URP 498 - Independent Study 2 hrs
- URP 499 - Independent Study 3 hrs
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs

- URP 409 - Professional Practice for Planners 2 hrs
- URP 452 - Infrastructure Planning and Policy 3 hrs
- URP 456 - Zoning and Land Development Regulation 2 hrs
- URP 459 - Planning/Preservation Studio 3 hrs

Minor Requirements: 20 hours

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

Minor

Cartography and Remote Sensing Minor

Cartography (map-making) is an ancient science designed to depict the earth's features and human activities. Today maps are made with several significant functions in mind to understand spatial phenomena, to store information and to analyze areal relationships.

Remote sensing uses space-age technology to sense, record and transmit information about the biosphere and atmosphere. Satellite imagery is an important element in collecting remote sensing data. Remote sensing information is often used in constructing modern maps, whether by hand or through the use of computer mapping and geographic information systems software.

The goal of the minor is to provide an employment track for undergraduates to entry-level positions as cartographers and remote sensing technicians. The minor provides balanced training between traditional cartographic work and computer maps. Emphasis is on map properties, spatial concepts, mapping techniques, drafting skills, graphic storage and display of data. A strongly recommended aspect of this training is the internship or cooperative education experience at nearby private and public agencies.

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Website: emich.edu/geo

205 Strong Hall
(734) 487-0218

Note: If no advisor information is given, please contact the department for advising.

Required Courses: 15 hours

- ESSC 485 - Introduction to Remote Sensing 3 hrs
- GEOG 276 - Principles of Geographic Information Systems 3 hrs
or
- URP 276 - Principles of Geographic Information Systems 3 hrs
- GEOG 376 - Spatial Analysis 3 hrs
- GEOG 405 - Aerial Photo Interpretation 3 hrs
- GHPR 401 - Planning/ Preservation Graphics 3 hrs
or
- URP 401 - Planning/Preservation Graphics 3 hrs

Restricted Elective Courses: 5 hours

Five hours from the following:

- ARTS 104 - Graphic Design for Nonmajors (Gen Ed Area IV) 3 hrs
- CADM 231 - Computer Graphic Programming for Industry 3 hrs
- CMT 121 - Graphic Communication 3 hrs
- CNST 206 - Surveying 3 hrs
- ESSC 227 - Topographic Maps 2 hrs
- ESSC 355 - Field Geology I 2 hrs
- ESSC 387 - Cooperative Education in Geoscience 3 hrs
- ESSC 487 - Cooperative Education in Geoscience 3 hrs
- ESSC 488 - Internship 4 hrs
- ESSC 489 - Internship 5 hrs
- ESSC 490 - Internship 6 hrs
- IS 417 - Systems Analysis and Design 3 hrs
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs

One course from the following:

- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- IS 215 - End-User Computing 3 hrs

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

- GEOG 476 - Geodatabases and GIS Client Applications 3 hrs

Minor Total: 20-21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Environmental Analysis Minor

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
 Department Contact: rsambroo@emich.edu
 Website: emich.edu/geo

205 Strong Hall
 (734) 487-0218

Note: If no advisor information is given, please contact the department for advising.

Required Courses: 24 hours

- ESSC 459 - Aquifer Analysis 3 hrs
- ESSC 460 - Contaminant Hydrology 3 hrs
- ESSC 470 - Quantitative Methods in Geography and Geology 3 hrs

- ESSC 495 - Environmental Assessment and Planning 3 hrs
or
- URP 495 - Environmental Assessment and Planning 3 hrs

- GEOG 376 - Spatial Analysis 3 hrs
- GEOG 405 - Aerial Photo Interpretation 3 hrs
- URP 215 - Introduction to Urban and Regional Planning 3 hrs

One course from the following:

- ESSC 250 - Introduction to Coastal Processes 3 hrs
- ESSC 485 - Introduction to Remote Sensing 3 hrs

Minor Requirements: 24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

Geographic Information Systems Minor

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Website: emich.edu/geo

205 Strong Hall
(734) 487-0218

Note: If no advisor information is given, please contact the department for advising.

Required Courses: 15 hours

- GEOG 276 - Principles of Geographic Information Systems 3 hrs
or
- URP 276 - Principles of Geographic Information Systems 3 hrs

- GEOG 376 - Spatial Analysis 3 hrs
- GEOG 405 - Aerial Photo Interpretation 3 hrs
- GEOG 476 - Geodatabases and GIS Client Applications 3 hrs
- GEOG 480 - Geographic Information Systems Projects 3 hrs

Restricted Elective Courses: 6-7 hours

One course from the following:

- ESSC 108 - Earth Science for Nonscience Majors (Gen Ed Area IV) 3 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs

One course from the following:

- ESSC 485 - Introduction to Remote Sensing 3 hrs
- GEOG 361 - Geography of Population 3 hrs
- URP 215 - Introduction to Urban and Regional Planning 3 hrs

Minor Total: 21-22 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

Geology Minor

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
 Department Contact: rsambroo@emich.edu
 Website: emich.edu/geo

205 Strong Hall
 (734) 487-0218

Note: If no advisor information is given, please contact the department for advising.

Required Courses: 20 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- * ESSC 228 - Mineralogy 4 hrs
- * ESSC 326 - Structural Geology 4 hrs

One of the following:

- ESSC 329 - Igneous and Metamorphic Petrology 4 hrs
- ESSC 330 - Sedimentology and Stratigraphy 4 hrs

Elective Courses: 3-4 hours

Three or four hours at the 300-level or above in ESSC, selected in consultation with a geology advisor.

Minor Total: 23-24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

** Students will need to take CHEM 121/122 to satisfy the prerequisites for ESSC 228; students need to take either MATH 107, MATH 112, MATH 120 or MATH 122 to satisfy the prerequisites for ESSC 326.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. Historic Preservation Minor

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
 Department Contact: rsambroo@emich.edu
 Website: emich.edu/geo

205 Strong Hall
 (734) 487-0218

Note: If no advisor information is given, please contact the department for advising.

Required Courses: 23 hours

- ARTH 472 - History of American Architecture 3 hrs
- GEOG 332 - Urban Geography 3 hrs
- GEOG 333 - Settlement Geography 3 hrs
- GEOG 360 - Cultural Geography 3 hrs
- GHPR 335 - Historic Preservation 3 hrs
- GHPR 475 - Architectural Nomenclature 2 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs

Restricted Elective Courses: 4-6 hours

Students, in consultation with the program advisers, may choose other elective courses not listed below.

Two courses from the following:

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 150 - Introductory Archaeology (Gen Ed Area IV) 3 hrs
- CNST 201 - Construction Systems 3 hrs
- CNST 228 - Construction Graphics 3 hrs
- GEOG 235 - Economic Geography 3 hrs
- GEOG 313 - Geography of Michigan 2 hrs

- GEOG 345 - Geography of Resorts 2 hrs
- GHPR 401 - Planning/ Preservation Graphics 3 hrs
- HIST 305 - Native American History 3 hrs
- HIST 313 - Michigan History 3 hrs
- HIST 362 - United States Urban History 3 hrs
- IDE 226 - History of Interiors from 1800 to Present 3 hrs
- PSY 350 - Environmental Psychology 3 hrs
- SOCL 306 - The Urban Community 3 hrs
- TEDU 105 - History of Industrial Technology 3 hrs
- URP 215 - Introduction to Urban and Regional Planning 3 hrs
- URP 401 - Planning/Preservation Graphics 3 hrs

Minor Requirements: 27-29 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Students, in consultation with the program advisers, may choose other elective courses not listed above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Earth Science Minor

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in earth/space science, certification code DH. The Michigan Test for Teacher Certification (MTTC) covering this field is #020, "Earth/Space Science." Consult a department advisor before you declare this minor.

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
 Department Contact: rsambroo@emich.edu
 Website: emich.edu/geo

205 Strong Hall
 (734) 487-0218

Note: If no advisor information is given, please contact the department for advising.

Advisor Information:

Program Advisor: Thomas Kovacs
Email: tkovacs@emich.edu
Phone: 734.487.0218

Program Advisor: Michael Kasenow
Email: mkasenow@emich.edu
Phone: 734.487.0218

Required Courses: 28-31 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- ESSC 229 - Rocks and Minerals 3 hrs
- ESSC 300 - Introduction to Hydrology 3 hrs
- ESSC 320 - Oceanography 3 hrs
- ESSC 324 - Weather 3 hrs
- * ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
- ** ESSC 406 - The Nature of Science 1 hr

Minor Total: 28-31 hours

Notes:

All students minoring in Earth Science with secondary certification need to be majoring in a science or math teaching program. No other teaching program majors will be allowed due to the low pass rate of the MTTC test.

All minors must have at least six hours of course work at the 300-level or above.

* This course is only required if one of the following courses has not been taken: BIOT 403, CHEM 325 or PHY 325.

** BIO 406 or CHEM 406 or PHY 406 may be substituted for ESSC 406.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

Tourism Geography Minor

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Website: emich.edu/geo

205 Strong Hall
(734) 487-0218

Note: If no advisor information is given, please contact the department for advising.

Required Courses: 21 hours

- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 112 - Introduction to Travel and Tourism 3 hrs
- GEOG 113 - Foundations of Guest Service 3 hrs
- GEOG 212 - Geography of Travel and Tourism 3 hrs
- GEOG 445 - Cultural Tourism Resources 3 hrs
- GEOG 446 - Heritage Interpretation and Tourism 3 hrs

One course from the following:

- ESSC 108 - Earth Science for Nonscience Majors (Gen Ed Area IV) 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- GEOG 332 - Urban Geography 3 hrs
- GEOG 336 - Tourism and Socioeconomic Development 3 hrs
- GEOG 441 - Transportation Geography and Planning 3 hrs
- GHPR 335 - Historic Preservation 3 hrs
- URP 215 - Introduction to Urban and Regional Planning 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

Urban and Regional Planning Minor

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook

Department Contact: rsambroo@emich.edu

Website: emich.edu/geo

205 Strong Hall
(734) 487-0218

Note: If no advisor information is given, please contact the department for advising.

Required Courses: 11 hours

- URP 215 - Introduction to Urban and Regional Planning 3 hrs
- URP 216 - Readings in Urban Planning 2 hrs
- URP 306 - Comprehensive Planning and Zoning 3 hrs
- URP 435 - History of Urban Form and Function 3 hrs

Restricted Elective Courses: 9 hours

Nine hours from the following selected in consultation with the advising coordinator.

- ESSC 303 - Field Geography 3 hrs
- GEOG 332 - Urban Geography 3 hrs
- GEOG 376 - Spatial Analysis 3 hrs
- GEOG 441 - Transportation Geography and Planning 3 hrs
- GHPR 335 - Historic Preservation 3 hrs
- URP 387 - Cooperative Education 3 hrs
- URP 488 - Internship 4 hrs
- URP 489 - Internship 5 hrs
- URP 490 - Internship 6 hrs
- URP 497 - Independent Study 1 hrs
- URP 498 - Independent Study 2 hrs
- URP 499 - Independent Study 3 hrs
- PLSC 270 - Public Administration 3 hrs
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs

- URP 276 - Principles of Geographic Information Systems 3 hrs
- URP 401 - Planning/Preservation Graphics 3 hrs
- URP 409 - Professional Practice for Planners 2 hrs
- URP 410L - Site Planning Studio (Gen Ed Area V LBC) 4 hrs
- URP 452 - Infrastructure Planning and Policy 3 hrs
- URP 456 - Zoning and Land Development Regulation 2 hrs
- URP 459 - Planning/Preservation Studio 3 hrs
- URP 495 - Environmental Assessment and Planning 3 hrs

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

Certificate

Undergraduate Certificate in Transportation Planning and Modeling

The goal of the Certificate in Transportation Planning and Modeling is to offer courses in a topic that is very relevant to today's mobile society and prepare students for a career with many possibilities of employment.

Admissions

Admission will be available for EMU undergraduate students from any discipline and practitioners with an acceptable undergraduate degree who wish to enhance their credentials in this field.

Critical Information regarding Certificates

Undergraduate certificates may only be offered in conjunction with or subsequent to a baccalaureate degree. They cannot be 'stand alone' certificates, offered to students who are not pursuing or do not have a bachelor's degree. For students pursuing an undergraduate certificate concurrent with a bachelor's degree, the certificate will be awarded upon graduation.

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook

Advisor Information:

Norman Tyler
Professor
Geography and Geology
202 Strong Hall
ntyler@emich.edu

Required Courses: 15 hours

- GEOG 441 - Transportation Geography and Planning 3 hrs
- URP 215 - Introduction to Urban and Regional Planning 3 hrs
- URP 276 - Principles of Geographic Information Systems 3 hrs
- URP 452 - Infrastructure Planning and Policy 3 hrs
- URP 460 - Transportation Modeling Systems 3 hrs

Restricted Electives: 3 hours

Select one course from the following:

- CNST 304 - Construction Estimating and Bidding 3 hrs
- ECON 310 - Economic Statistics 3 hrs
- ESSC 470 - Quantitative Methods in Geography and Geology 3 hrs
- GEOG 376 - Spatial Analysis 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- URP 415W - Methods of Planning Analysis (Gen Ed Area I, W) 3 hrs

Certificate Total: 18 hours

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Earth Systems Science

ESSC 101 - Introduction to Weather and Forecasting (Gen Ed Area IV)

Students learn the scientific basis for using weather observations to make predictions of the future weather, the technology used to obtain weather observations and how these observations are presented for public information. Weather forecasting will focus on real-time local and significant weather impacts.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: 3 hours per week, Lab: 1 2-hour period per week.

Area IV: Knowledge of the Disciplines

ESSC 101- Introduction to Weather and Forecasting

Students will be divided into several different groups throughout the semester to tackle a small part of each unit independently. These groups will be defined in the online discussion groups and will also determine groups within lab. Each student group will be required to discuss, through online threaded discussions, their topic with guided questions provided by the instructor. For example, in the first unit one group will discuss temperature, another group will discuss wind, etc. Once each group develops an expertise in their topic they will split up into different groups with student from other groups to teach each other about their topic and to analyze a set of problems assigned by the instructor. This activity is commonly called a jigsaw puzzle activity because each student will bring to each group a piece of the puzzle and will be required to analyze or solve problems that require multiple students' knowledge (multiple parts of the puzzle). Often these discussions will be extensions of the laboratory exercises.

During lecture students will get an introduction to topics and discussion from the instructor on more difficult topics. The instructor will also discuss the student-led on-line discussions. Lecture time will also be used to assign groups and allow groups some time to get together in class, though most work of the groups is expected to be completed in laboratories and within on-line discussions.

Last Updated: New Course 02/2012, effective Fall 2012, Gen Ed Approval, effective Winter 2013

ESSC 105 - Climate Change in Human Times (Gen Ed Area III)

An introduction to the study of climate and its' variability through time. We will discuss how the climate system works, examine past climate changes and possible causes, investigate the current global warming and its effect on the environment and human population, and analyze the predicted changes for the future and possible solutions.

Credit Hours: 3 hrs

ESSC 107 - Introduction to Environmental Science (Gen Ed Area III)

An introduction to the basic biological, physical and chemical processes that control today's environmental conditions. The global ecosystem is presented as a structure that includes human society. The understanding of local and global environmental problems and discussion of potential solutions are emphasized.

Credit Hours: 3 hrs

Cross-Listed with: BIO 107

Notes: Does not count toward the Biology major or minor

Area III: Perspectives on a Diverse World

BIO/ESSC 107 Introduction to Environmental Science

This course gives students an understanding of important challenges to the integrity of the global ecosystem and begins to explain many of the scientific and social issues that surround them. Globally, human health and economic well-being can only be sustained under amenable environmental conditions, which depend on climate, atmosphere, water, forests, agricultural soils, human population density and biodiversity. Every bit of the surface of Earth is influenced by human activities; the global connectedness of our economic activities means that many of our everyday decisions impact far-flung corners of the planet. The goal of this class is for students to gain a better understanding of the workings of the global ecosystem and how the expanding human population interacts with it and depends on it. Learning the basics of environmental science will allow students to make informed decisions about individual and collective actions that impact the present and future state of the environment, both locally and globally.

Last Updated: Links 04/2011

ESSC 108 - Earth Science for Nonscience Majors (Gen Ed Area IV)

This class provides a basic understanding of the nature of the lithosphere, hydrosphere and atmosphere for nonscience majors. Emphasis is on understanding the dynamic processes that affect the earth and how to apply this knowledge to everyday life.

Credit Hours: 3 hrs

Corequisites: ESSC 109

Notes: Does not count towards major or minor.

Area IV: Knowledge of the Disciplines

ESSC 108 Earth Science for Non-science Majors & Lab [was GESC 108]

Earth scientists view the entire Earth as a complex system in which a number of components dynamically interact on different timescales. Because the human race is entirely dependent on the resources of the Earth System, because the dynamic nature of the Earth System has a profound impact on individual and societal well-being, and because human activities in turn influence the delicate equilibrium of this system, it is essential to produce a citizenry that has a meaningful understanding of Earth System Science. Students will learn the procedures, practices, methodologies and assumptions that are fundamental to a scientific understanding of the Earth System. The overarching goal of the course is to create scientifically literate citizens that are both willing and able to participate responsibly in a global community by: (1) carefully applying the scientific method as a tool for problem solving, in general; (2) critically evaluating the scientific merit of anything that is presented as science (is it really science?), especially in the area of Earth System Science; and (3) thoroughly incorporating Earth System Science in important decisions and issues at the personal, local, national and global levels.

Last Updated: Links 04/2011

ESSC 109 - Earth Science Laboratory for Non-Science Majors (Gen Ed Area IV)

The laboratory class to accompany ESSC 108. Applications of the scientific method of inquiry as applied to earth sciences to reinforce basic concepts as taught in ESSC 108.

Credit Hours: 1 hr

Corequisites: ESSC 108

Notes: Does not count towards major or minor

Area IV: Knowledge of the Disciplines

ESSC 109 Earth Science for Non-science Majors & Lab [was GESC 108]

Earth scientists view the entire Earth as a complex system in which a number of components dynamically interact on different timescales. Because the human race is entirely dependent on the resources of the Earth System, because the dynamic nature of the Earth System has a profound impact on individual and societal well-being, and because human activities in turn influence the

delicate equilibrium of this system, it is essential to produce a citizenry that has a meaningful understanding of Earth System Science. Students will learn the procedures, practices, methodologies and assumptions that are fundamental to a scientific understanding of the Earth System. The overarching goal of the course is to create scientifically literate citizens that are both willing and able to participate responsibly in a global community by: (1) carefully applying the scientific method as a tool for problem solving, in general; (2) critically evaluating the scientific merit of anything that is presented as science (is it really science?), especially in the area of Earth System Science; and (3) thoroughly incorporating Earth System Science in important decisions and issues at the personal, local, national and global levels.

Last Updated: Links 04/2011

ESSC 110 - The Dynamic Earth System (Gen Ed Area IV)

An introduction to the Earth System and its components. Utilizes the scientific method to address composition of the earth system, fundamental processes within the earth system and linkages between all components of the system. Includes consideration of how humans impact and are impacted by, the Earth System.

Credit Hours: 4 hrs

Area IV: Knowledge of the Disciplines

ESSC 110 The Dynamic Earth System

In this course, the Earth is viewed as a single, dynamic system, composed of four principal components: Geosphere (the solid Earth), Atmosphere (the gaseous outer envelope of the Earth), Hydrosphere (the liquid water component of the Earth), and Biosphere (the living component of the Earth). This course provides a detailed overview of how the scientific method is applied, in the context of the fundamental laws of physics and chemistry, to understand the Earth System, with particular emphasis being placed on the Geosphere component. The overarching goal of the course is to create scientifically literate citizens that are both willing and able to participate responsibly in a global community by: (1) carefully applying the scientific method as a tool for problem solving, in general (2) critically evaluating the scientific merit of anything that is presented as science (is it really science?), especially in the area of Earth System Science; and (3) thoroughly incorporating Earth System Science in important decisions and issues at the personal, local, national and global levels.

ESSC 111 - The Earth System through Time

The origin, development and succession of earth materials, surface and life forms, culminating in one present scene and organic population. Field trips and reports may be required. Required for Geology and Earth Science majors and minors.

Credit Hours: 4 hrs

Prerequisite: ESSC 110

Last Updated: Links 04/2011

ESSC 114 - Geology of the National Parks (Gen Ed Area IV)

An introduction to the geology of U.S. National Parks and Monuments. Application of the scientific method of inquiry to the basic geologic processes responsible for their formation.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: one two-hour period per week

Notes: Does not count towards major or minor

Last Updated: Credit Hour and Course Description Change 04/2012, effective Fall 2012

ESSC 120 - Dinosaurs, Mammoths and Trilobites: An Introduction to Paleontology (Gen Ed Area IV)

An introduction to Paleontology designed for students who are not majoring or minoring in science. Includes exploration of the scientific method in the context of Paleontology, with hands-on lab-based activities, plus overviews of major groups of life, key ecosystems, and mass extinction events during the history of the biosphere.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week; Laboratory: one two-hour period per week.

Area IV: Knowledge of the Disciplines

ESSC 120 Dinosaurs, Mammoths & Tilobites: An Introduction to Paleontology [was GEOL 120 The Fossil Record]

This course provides a detailed overview, including inquiry based modules, of how the scientific method is applied to understand: (1) the organic origin of fossils, (2) the key components of the process of fossilizations, (3) the Biosphere, and (5) mass extinction events in the history of the Biosphere, including their consequences and possible causes. Through these efforts the overarching goal of the course is to create scientifically literate citizens that are both willing and able to participate responsibly in a global community by: (1) carefully applying the scientific method as a tool for problem solving, in general; (2) critically evaluating the scientific merit of anything that is presented as science (is it really science?), especially in the area of Paleontology; and (3) thoroughly examining key issues pertaining to interactions between humans and their environment by employing the unique perspective that only a full and complete understanding of the history of the Biosphere, including our place in that history, can provide.

Last Updated: Credit Hour and Course Description Change 04/2012, effective Fall 2012

ESSC 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

ESSC 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

ESSC 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV)

Lectures and laboratory deal with earth science concepts and teaching methodology. Nationally used elementary science curricula acquaint the student with techniques of teaching basic earth science concepts. Emphasis on student-centered, process-oriented approaches widely used in elementary classrooms.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: one two-hour period per week.

Prerequisite: CHEM 101

Notes: Equivalent to ESSC 108.

Area IV: Knowledge of the Disciplines

ESSC 202 Earth Science for Elementary Teachers

This course is an introduction to the study of the geosphere, hydrosphere, atmosphere and exosphere or space, providing students with earth science content knowledge and a hands-on minds-on experience to understand that knowledge. The content knowledge will help the student to be able to teach the elementary Earth Science Michigan Curriculum Framework standards and benchmarks. These benchmarks are required for teaching by in-service teachers. The earth science knowledge will also help the student pass the Michigan Test for Teacher Certification (MTTC). The course supplies students with the necessary skills required to understand the scientific method of inquiry. It provides students with experience doing laboratories that they may be able to modify for their own elementary classrooms. The students work on a DLESE: Digital Library for Earth System Education project which helps the students build a portfolio of earth science activities for use later as an elementary in-service teacher.

Last Updated: Links 04/2011

ESSC 208 - Natural Environmental Hazards

Analysis of devastating earthquakes, volcanic eruptions, floods, violent storms, freezes and other environmental catastrophes, emphasizing their causes and human adjustments to these events.

Credit Hours: 3 hrs

Prerequisite: ESSC 105 or BIO 107/ESSC 107 or ESSC 108 or ESSC 110 or ESSC 114 or ESSC 202

Last Updated: Links 04/2011

ESSC 212 - Weather, Climate and the Earth System

An examination of earth-sun relationships, the nature of atmospheric processes, weather, and climate.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: two hours per week.

Prerequisite: ESSC 110

Last Updated: Links 04/2011

ESSC 215 - Aviation Weather

This course provides the student with an introduction to the properties and processes that create weather and addresses aviation specific weather topics to prepare the student for Federal Aviation Administration examinations. Topics include types of weather that adversely affect flight operation and aviation weather services.

Credit Hours: 3 hrs

Major Restrictions: Aviation Flight Technology and Aviation Management Majors and Minors only

Cross-Listed with: AVT 215

Last Updated: Links 04/2011

ESSC 227 - Topographic Maps

Interpretation of distances, slopes and terrain features as shown on topographic contour maps. Preparation of contour maps from numerical data and of topographic profiles from contour maps; the correlation of landforms and landform patterns with the geologic materials and processes responsible for them.

Credit Hours: 2 hrs

Prerequisite: ESSC 110 or ESSC 202

Last Updated: Links 04/2011

ESSC 228 - Mineralogy

A study of the crystallography, crystal chemistry and identification of the most important rock forming and economic minerals of the crust of the earth.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: one two-hour period per week

Prerequisite: ESSC 110

Concurrent Prerequisite: CHEM 121 and CHEM 122 and ESSC 111

Last Updated: Links 04/2011

ESSC 229 - Rocks and Minerals

The identification and classification of rocks and minerals with special emphasis on characteristics used in the field.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: one two-hour period per week.

Prerequisite: ESSC 110

Last Updated: Links 04/2011

ESSC 250 - Introduction to Coastal Processes

Description and analysis of the physical and biogeographical processes of ocean and lake coasts. Distribution and origins of coastal environments. Natural and human modification of beach, river valley, estuary, marsh, delta and coral reef environments by waves, currents and tides. Classroom demonstrations and field trips.

Credit Hours: 3 hrs

Prerequisite: ESSC 110 or ESSC 202

Last Updated: Links 04/2011

ESSC 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

ESSC 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hr

ESSC 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

ESSC 300 - Introduction to Hydrology

Study of physical, chemical and biological elements of rivers, lakes, wetlands and groundwater, and the economic, social, political and legal issues currently associated with these systems. Required for the hydrogeology major.

Credit Hours: 3 hrs

Prerequisite: ESSC 110

Last Updated: Links 04/2011

ESSC 303 - Field Geography

Techniques in the observation and analysis of geographic features in the field. Emphasizes individual and group problem formulation, problem solving of geographic questions by using the scientific method and combining traditional field exploration with the use of library aids.

Credit Hours: 3 hrs

Prerequisite: ESSC 110

Last Updated: Links 04/2011

ESSC 307 - Essentials of Oceanography for Elementary Teachers

A course designed to prepare Elementary Education majors to conduct classes using marine-based materials. Ocean processes including marine geology, sediments, seawater properties, currents, waves, tides, coastal environments and marine organisms will be discussed. Students will receive hands-on activities created to directly engage K-6 pupils in the scientific method of investigation.

Credit Hours: 3 hrs

Prerequisite: ESSC 202

Last Updated: Links 04/2011

ESSC 311 - Weather and Climate for Elementary Teachers

Elementary investigation of weather and climate in their geographical distributions and relationships with other components of the earth system. Earth science principles and methods applicable to an elementary classroom using simple materials are stressed. Class activity includes simple hands-on demonstrations, application of the scientific method, field trips and analyses of weather and climate maps.

Credit Hours: 3 hrs

Prerequisite: ESSC 202 or department permission

Last Updated: Links 04/2011

ESSC 312 - Essentials of the Geosphere for Elementary Teachers

Investigation of plate tectonics; the dynamic processes that causes earthquakes, volcanoes, and mountain building; including earth materials and their relationships with other components of the earth system. Earth science principles and methods applicable to an elementary classroom using simple materials are stressed. Class activity includes simple hands-on demonstrations, and the application of the scientific method.

Credit Hours: 3 hrs

Prerequisite: ESSC 202

Last Updated: Links 04/2011

ESSC 315 - Water and the Environment for Elementary Teachers

This course, designed for elementary education majors, is an introductory through intermediate-level examination of earth science, emphasizing fresh water environments, supply and demand and their relationship to the depletion of natural resources. Students will receive hands-on training designed to directly engage K-6 pupils in the scientific method of investigation.

Credit Hours: 3 hrs

Prerequisite: ESSC 202

Last Updated: Links 04/2011

ESSC 320 - Oceanography

A study of the world's oceans, including coasts, waves, currents, tides, sediments, marine geology, properties of seawater, the energy balance, oceanographic research techniques and marine resources, stressing physical oceanography.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week; Lab: one two-hour period per week.

Prerequisite: ESSC 111 or ESSC 212

Course Revisions: ESSC 212 added as a prerequisite option, effective Summer 2013

Last Updated: Change in Prerequisite, effective Summer 2013; Links 04/2011

ESSC 324 - Weather

Introduction to the properties and processes that create weather, including an analysis of conditions aloft, the formation of storms, and methods and problems of weather forecasting.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: two hours per week.

Prerequisite: ESSC 212 and (MATH 105 or MATH 112 or MATH 119 or MATH 120)

Cross-Listed with: ESSC 562

Last Updated: Prerequisite and Concurrent Prerequisite Change 02/2012, effective Fall 2012; Links 04/2011

ESSC 325 - Geomorphology

A detailed study of surface features and the degradational, aggregationa; and structural processes by which they are formed. Worldwide examples are used extensively.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: one three-hour period per week.

Prerequisite: ESSC 111 and ESSC 110

Course Revisions: Change to course description, "The study of landforms and the processes that create them. Erosional and constructional landforms are discussed in the context of prevailing surficial processes, tectonic activity, climate, and environment. Three hours lectures and two hours laboratory per week. Weekend Field trip and report required." and change to

Lab Hours "Lecture: three hours per week. Laboratory: one two-hour period per week." 5/2013 effective Winter 2014
Last Updated: Description and Lab Hour Change 5/2013, effective Winter 2014; Links 04/2011

ESSC 326 - Structural Geology

Introduction to the terminology, geometry, kinematics and mechanics of rock deformation. Laboratory emphasizes geometric techniques of structural analysis.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: one two-hour period per week.

Prerequisite: ESSC 111 and either MATH 107, MATH 112, MATH 120 or MATH 122

Last Updated: Links 04/2011

ESSC 327 - Soil Science

This course will introduce methods of soil description and classification, and discuss processes and products of weathering, processes of soil formation, and factors influencing soil formation from a geologic and geographic perspective. Through classroom and laboratory/field experiences students will learn practical applications of soils in geologic and environmental studies. Lecture:3 hours per week. Lab: one 2 hour period per week.

Credit Hours: 4 hrs

Prerequisite: ESSC 110, and any of the following ESSC 111 or BIO 310 or ANTH 150

Last Updated: 6/29/2011

ESSC 329 - Igneous and Metamorphic Petrology

A study of the texture, chemistry, classification, origin and evolution of igneous and metamorphic rocks.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: one two-hour period per week.

Prerequisite: ESSC 111 and ESSC 228

Last Updated: Links 04/2011

ESSC 330 - Sedimentology and Stratigraphy

The properties, description and classification of sedimentary rocks; processes and environments of sediment deposition; principles and techniques of stratigraphy. Field trips and reports required.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: four hours per week.

Prerequisite: ESSC 111 and ESSC 228

Last Updated: Links 04/2011

ESSC 331 - Paleontology

Origin and development of life on earth and the environments in which animal assemblages lived. Study of the principles involved in the interpretation of fossils. Systematic study of the features of the organisms most important in the fossil record.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week; laboratory: one two-hour period per week.

Prerequisite: ESSC 120, ESSC 111 or BIO 120

Last Updated: Links 04/2011

ESSC 347 - Methods for Teaching Secondary Earth Science

This class will introduce the student to the techniques of teaching laboratory-centered earth science, science content standards, hands-on activities, demos, laboratory organization and safety in the classroom, projects, assessments, writing in science, technology, and presentation skills. As a requirement for teacher certification, the preservice teacher should leave the class prepared to student teach in earth science, geology and physical geography.

Credit Hours: 3 hrs

Prerequisite: CURR 305 and ESSC 212; Admission to the College of Education and the Initial Teacher Preparation Program

Major Restrictions: Earth Science Secondary Teaching Major or Minor or Secondary Integrated Science Major students only

Notes: Not open to students on academic probation. Students majoring in Earth Science must take ESSC347; students only have the choice of a methods class if they are an Integrated Science Major.

Last Updated: Links 04/2011

ESSC 350 - Biogeography

Analysis of the distribution, geologic setting and ecological function of inland freshwater lakes and Great Lakes coasts. Emphasis on sediment, vegetation, wildlife, waterfowl and fisheries resources.

Credit Hours: 3 hrs

Prerequisite: ESSC 110

Last Updated: Links 04/2011

ESSC 355 - Field Geology I

Theory and practice of precision mapping using tape, alidade, plane table and stadia rod in local area. With ESSC 356, satisfies the field requirement for major in geology. May include field study in a quarry.

Credit Hours: 2 hrs

Prerequisite: ESSC 326, ESSC 329 and ESSC 330

Last Updated: Links 04/2011

ESSC 356 - Field Geology II

Instruction and practice in pace-traverse mapping, measurement of stratigraphic sections and a mapping of areal geology and geologic structure. With ESSC 355, satisfies field requirement for geology major.

Credit Hours: 3 hrs

Prerequisite: ESSC 326, ESSC 329 and ESSC 330

Last Updated: Links 04/2011

ESSC 370 - Glacial and Quaternary Geology

The study of Quaternary glacial and non-glacial environments and deposits. Topics include glacial flow, melt-water production, glacial erosion and deposition, formation of landforms, causes of the ice ages, and environmental reconstructions. Three hours lecture and two hours laboratory per week. Weekend field trip and report required.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: two-hour period per week.

Prerequisite: ESSC 111

Previously Listed As: ESSC 370 - Glacial Geology

Last Updated: Change in Lab hours 1/2013, effective Summer 2013; Change in Title and Course Description 06/2012, effective Winter 2013; Links 04/2011

ESSC 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

ESSC 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

ESSC 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

ESSC 387 - Cooperative Education in Geoscience

Four to six months of full-time employment at a firm or agency, chosen for imparting a practical educational experience in geoscience. A written report is required at the end of the employment period.

Credit Hours: 3 hrs

Prerequisite: department permission

Notes: Graded on a credit/no-credit basis

ESSC 406 - The Nature of Science

This course examines the nature of scientific evidence, inquiry, hypothesis, models and laws. The development of science is put in the context of the structure and history of the scientific community. Interactions among scientists and between scientists and the rest of society are studied from an ethical perspective.

Credit Hours: 1 hr

Prerequisite: ESSC 110 and ESSC 111

Major Restrictions: Department permission required for Non-Earth Science Majors or Minors

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit in the Earth Science Education program only.

Cross-Listed with: BIO 406 and CHEM 406

Last Updated: Cross-Listed 09/2011; Graduate Credit 07/2011; Links 04/2011

ESSC 407 - Nature of Science for Elementary Teachers

This course examines the nature of scientific evidence, inquiry, hypotheses, models and laws. The development of science is put in the context of the structure of the discipline, its history, and interactions with society. Discussions of modern theories and laws will integrate scientific concepts with the processes of how science works. The class will also provide students with activities to demonstrate these concepts.

Credit Hours: 2 hrs

Prerequisite: ASTR 105, PHY 100, CHEM 101, ESSC 202, BIO 105, PHY 311, CHEM 312 and ESSC 311

Class Restrictions: Junior standing or above

Major Restrictions: Elementary Integrated Science Majors only

Cross-Listed with: BIOT 407, CHEM 407, PSCI 407

Last Updated: Links 04/2011

ESSC 414 - Teaching Science with Dinosaurs

This course provides pre- and in-service teachers with the content and skills necessary to use dinosaurs as a focus group to teach the scientific method (i.e., science) at the K-12 level. Students will receive hands-on training in numerous dinosaur-based activities designed to directly engage K-12 pupils in all aspects of the scientific method, including data collection, hypothesis formulation and hypothesis testing.

Credit Hours: 3 hrs

Prerequisite: ESSC 108, ESSC 110 or ESSC 202

Last Updated: Links 04/2011

ESSC 422 - Environmental Geochemistry

An introduction to the principles of geochemistry designed for upper-level science majors. Focus will be on interactions between the natural environment and anthropogenic activities as well as discussion of current research in various aspects of geochemistry.

Credit Hours: 3 hrs

Prerequisite: ESSC 110 and CHEM 123/CHEM 124 and (MATH 105 or MATH 107 or MATH 112 or MATH 119 or MATH 120 or MATH 122)

Class Restrictions: Junior standing or above

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; 03/2011 effective Spring 2011

ESSC 424 - Climatology

An analysis of the world's climate types, including characteristics, classification, controls and their effects on world soils and natural vegetation.

Credit Hours: 3 hrs

Prerequisite: ESSC 324

Last Updated: Links 04/2011

ESSC 425W - Severe and Unusual Weather (Gen Ed Area I, W)

Analysis of cyclones, blizzards, thunderstorms, tornadoes, hurricanes and other catastrophic weather phenomena. Their environmental impact and prediction.

Credit Hours: 3 hrs

Prerequisite: ESSC 324

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 428 - Optical Mineralogy

A study of the optical properties of minerals and the use of the petrographic microscope to identify common minerals in thin section.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: two hours per week.

Prerequisite: ESSC 228

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 430 - Petroleum Geology

A study of the origin, migration and accumulation of petroleum; reservoir analysis, exploration and development techniques.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: two hours per week.

Prerequisite: ESSC 111 and any ESSC 300-level class or above

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 439 - Economic Geology

A study of the geochemical behavior of metallic elements; the origin, processes, controls and classification of ore deposits.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: two hours per week.

Prerequisite: ESSC 329

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 448 - Hydrogeology

Subsurface water occurrence, distribution, relationships to surface water and precipitation; subsurface flow, especially as related to well water production; tests of aquifers; well drilling and installation; ground water exploration and recharge; legal problems.

Credit Hours: 3 hrs

Prerequisite: ESSC 300 and either MATH 105 or MATH 107 or MATH 112 or MATH 120 or MATH 122

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 450 - Lake and Coastal Processes

Analysis of the geological and physical processes of North American coasts including the Great Lakes. WE will discuss the origin and distribution of coastal environments; past, current, future natural and anthropogenic modifications and related environmental issues; potential energy resources like waves, tides and currents.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: one hour per week.

Prerequisite: ESSC 320 or ESSC 307

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: Lake and Coastal Management

Last Updated: Graduate Credit 07/2011; 06/2010 effective winter 2011

ESSC 459 - Aquifer Analysis

Study of the analysis of aquifer parameters and groundwater flow using analytical, numerical and statistical computer methods.

Credit Hours: 3 hrs

Prerequisite: ESSC 448

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 460 - Contaminant Hydrology

Study of hydrochemistry, pollution pathways and transport of contaminants.

Credit Hours: 3 hrs

Prerequisite: CHEM 121 and CHEM 122 and ESSC 448

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 466W - Global Tectonics (Gen Ed Area I, W)

A study of the tenets of plate tectonic theory, building on material from previous classes. Included is an investigation into the plate tectonic make-up and evolution of key aspects of the North American plate. This class is designed as a capstone course for upper-level Geology and Earth Science majors and graduate students. This class meets the requirements for a Writing Intensive course in the General Education Program.

Credit Hours: 3 hrs

Prerequisite: ESSC 111 and (ESSC 228 or ESSC 229) and (ESSC 300 or ESSC 320 or ESSC 324 or ESSC 325 or ESSC 326 or ESSC 329 or ESSC 330 or ESSC 370)

Class Restrictions: Junior standing

Last Updated: Links 04/2011

ESSC 470 - Quantitative Methods in Geography and Geology

Introduction to current techniques and methods applicable to geographic and geologic problems. An applied course emphasizing statistical analyses and computer applications.

Credit Hours: 3 hrs

Prerequisite: ESSC 110 and either MATH 104, MATH 105, MATH 107, MATH 112, MATH 120 or MATH 122

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

ESSC 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

ESSC 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

ESSC 485 - Introduction to Remote Sensing

Introduction to remote sensing techniques and types of imagery, including multispectral, thermal and radar images. Emphasis on image enhancement and interpretation in regard to land-use planning and resource management.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

ESSC 487 - Cooperative Education in Geoscience

Four to six months of full-time employment at a firm or agency chosen for imparting a practical educational experience in geoscience. A written report is required at the end of the employment period. Graded on a credit/no-credit basis.

Credit Hours: 3 hrs

Prerequisite: department permission

ESSC 488 - Internship

Supervised internship in some aspect of geology, earth science or land use that is of mutual interest to the qualified student and the place the student will work. This experience is designed to integrate academic training with practical application.

Credit Hours: 4 hrs

Prerequisite: department permission

Notes: May be taken only once for credit.

ESSC 489 - Internship

Supervised internship in some aspect of geology, earth science or land use that is of mutual interest to the qualified student and the place the student will work. This experience is designed to integrate academic training with practical application.

Credit Hours: 5 hrs

Prerequisite: department permission

Notes: May be taken only once for credit.

ESSC 490 - Internship

Supervised internship in some aspect of geology, earth science or land use that is of mutual interest to the qualified student and the place the student will work. This experience is designed to integrate academic training with practical application.

Credit Hours: 6 hrs

Prerequisite: department permission

Notes: May be taken only once for credit.

ESSC 495 - Environmental Assessment and Planning

An examination of the program elements of environmental impact statements. Geobased data sources are explored and analyzed. Impact statements are prepared by the class and existing impact statements are evaluated.

Credit Hours: 3 hrs

Prerequisite: ESSC 110 or URP 215

Cross-Listed with: URP 495

Last Updated: Links 04/2011

ESSC 497 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 1 hr

Prerequisite: department permission

ESSC 498 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 2 hrs

Prerequisite: department permission

ESSC 499 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 3 hrs

Prerequisite: department permission

Geography

GEOG 100 - Introduction to Geospatial Sciences and Technology

This course is an introduction to the geospatial sciences and popular geospatial technologies that are widely used for mapping and analyzing geographic patterns of human activities and natural phenomena. Students will be exposed to basic concepts, techniques and practical skills in Cartography, Global Positioning Systems (GPS), Geographic Information Systems, and Remote

Sensing. No previous exposure to GIS or mapping is necessary for enrollment in this course.

Credit Hours: 3 hrs

Previously Listed As: GEOG 100 - Human Geosciences

Last Updated: Title and Course Description Change 04/2012, effective Fall 2012

GEOG 107 - Introduction to Geography (Gen Ed Area IV)

A survey of the major concepts and subfields in modern geography. Physical, cultural, economic, political and social geography are among the major areas explored.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

GEOG 107 Introduction to Geography

GEOG 107 *Introduction to Geography* addresses the five fundamental themes of geography: location, place, relationship within places, movement and regions. The course is intended as the first step in the development of lifelong geographic literacy and as an introduction to the social sciences.

GEOG 110 - World Regions (Gen Ed Area III)

Geographic evaluation of the human imprint on the world, focusing on how peoples of various societies have approached the problems of living in their natural environments and with each other. A requirement for both the major and minor in geography.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

GEOG110 World Regions

GEOG110 World Regions is designed to increase global awareness by systematically examining major world geographic regions and key places therein -- including absolute and relative locations, physical and human characteristics and interrelationships within the global community. The course explores how culture and experience influence people's perceptions and regions; encourages awareness and tolerance of other regional cultural realities; explores global patterns and networks of economic, political, and cultural interdependence; and illustrates how cooperation and conflict among people influence the division and control of Earth's surface; and illustrates balanced regional and global decision-making toward overall human development. The course emphasizes that virtually all geographic areas of the globe are increasingly interrelated in their effects upon one another. It emphasizes that to be a tolerant global citizen, one must be aware of the weak as well as the strong points of one's own cultural, political and economic realities in the context of global diversity. This course is intended as the first step in the development of lifelong geographic literacy as a requisite for global awareness.

Last Updated: Edited 02/2012

GEOG 111 - Regions and Resources

A comparative analysis of the economic resources of major regions of the world. The relationships among countries, corporations and multiple levels of technology are examined.

Credit Hours: 3 hrs

Prerequisite: GEOG 110

Last Updated: Links 04/2011

GEOG 112 - Introduction to Travel and Tourism

An introduction to the travel and tourism industry, including traditional and emerging careers; the ethical, behavioral and logistical aspects of the travel experience; traveler needs and motivations; futuristic travel directions; and travel-related organizations.

Credit Hours: 3 hrs

GEOG 113 - Foundations of Guest Service

Analysis of guest-host service concepts and interactions in the travel and tourism industry, emphasizing the requisite attitudes and role of the professional host. The course will improve student motivation and skills toward providing positive guest experiences.

Credit Hours: 3 hrs

GEOG 115 - Observing the Human Landscape

A geography course for students of any curriculum designed to enlighten travel experiences by developing observational awareness and perceptual appreciation of human landscapes and by enhancing sensitivity to the personality of places.

Credit Hours: 2 hrs

GEOG 150 - Thinking Sustainably (Gen Ed Area III)

This course will provide students with a comprehensive and broad-based introduction to the world of sustainability by exploring its origins, philosophy, proponents and detractors, and its wide-reaching applications according to the valuation system of the "triple bottom line", which takes into account environmental, economic, and social equity factors when providing a measure of success.

Credit Hours: 3 hrs

Previously Listed As: GEOG 150 Sustainable Development

Course Revisions: Title Change, effective Summer 2013

Area III: Perspectives on a Diverse World

GEOG 150 Thinking Sustainably

We live in a world today that shows us with ever-growing frequency that it is no longer an option for conscientious people to remain ignorant of the fact that all life on this planet is interconnected. From the heights of advanced technology to the ecosystems of underwater plant life, the actions of one entity affect many others and nowhere are these connections more evident than in the area of sustainability.

GEOG 150 - Thinking Sustainably satisfies the Global Awareness category of the General Education program. This course will provide students with an accessible and informative introduction to the world of sustainability as described through its philosophy and origins, its practitioners and naysayers, and through its many varied applications as both a field of study and an area for entrepreneurship. Students will be exposed to topics and themes that will form a complete introductory outline of sustainability; the study of the causes, effects, and remedies for the issues we face today as a global culture in relation to our environmental footprint and dwindling natural resources, our societal well-being and ability (and also willingness) to take care of the least among us, and our ability to prosper in the future and our failure to do so in the past as measured by the "triple bottom line" evaluation method. The "triple bottom line" benchmark for assessing the relative success of any of the decisions we make is one that takes into account not only the potential economic benefits or pitfalls, but also measures the environmental and social

equity aspects of the equation. Students will also be encouraged to link sustainable principles and practices to their personal areas of interest, as sustainability can be practiced in some way in almost all disciplines.

Last Updated: Title Change 1/2013, effective Summer 2013, General Education 03/2012, effective Fall 2012

GEOG 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

GEOG 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

GEOG 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GEOG 212 - Geography of Travel and Tourism

A review of the philosophy, historical development and geographical distribution of travel and tourism. The economic, social and environmental impacts of these activities; case studies illustrating their significance from all regions of the world.

Credit Hours: 3 hrs

GEOG 235 - Economic Geography

Systematic treatment of economic activities in select world locations. Areal factors included in the evaluation, production and distribution of goods and services.

Credit Hours: 3 hrs

GEOG 276 - Principles of Geographic Information Systems

Introduction to the concept of computer mapping. Accessing online sources of spatial data; creating digital maps and charts using online data sources; vector and raster data models, spatial data entry and editing; coordinate systems and methods of georeferencing digital maps; elementary database management and spatial analysis. (Required for GIS minors and Urban and Regional Planning majors. Also suggested for teachers who would like to incorporate digital mapping into their teaching. Appropriate for all other disciplines using spatial mapping.)

Credit Hours: 3 hrs

Prerequisite: (GEOG 107 or GEOG 110) and (ESSC 108 or ESSC 110)

Cross-Listed with: URP 276

Last Updated: Links 04/2011

GEOG 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

GEOG 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

GEOG 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GEOG 311 - History and Geography of the Modern World

This course provides an interdisciplinary study of global history and geography from 1500 to the present. It addresses key issues in global history and geography (such as the Colombian exchange, colonialism, global war) across several different world regions.

Credit Hours: 3 hrs

Prerequisite: GEOG 110, HIST 110

Cross-Listed with: HIST 311

Last Updated: New Course 10/2012, effective Winter 2013

GEOG 313 - Geography of Michigan

Detailed analysis of the natural setting, population and settlement characteristics, industry, recreation and agriculture in the state.

Credit Hours: 2 hrs

Prerequisite: GEOG 110

Last Updated: Links 04/2011

GEOG 314W - Geography of Russia and Neighboring States (Gen Ed Area I, W)

A systematic and regional study of physical, cultural and economic factors in Russia and other states of the former Soviet Union. Distribution of natural resources, population and ethnic questions, environmental problems and political evolution will be

emphasized.

Credit Hours: 3 hrs

Prerequisite: GEOG 110

Previously Listed As: GEOG 314

Last Updated: Gen Ed Approval 10/2011, effective Winter 2012; Links 04/2011

GEOG 315 - Travel and Tourism: The European Scene

Consideration of Europe as the most significant continent for modern tourism. Emphasis is on the natural, cultural and historical factors that form the foundation of this industry; and on the major economic, social and environmental impacts that can be attributed to tourism.

Credit Hours: 3 hrs

Prerequisite: GEOG 112 and GEOG 212

Last Updated: Links 04/2011

GEOG 316 - History and Geography of Modern Europe

An interdisciplinary geographical-historical study of modern Europe with the geographical component emphasizing information of an urban, demographic, occupational and environmental nature and the historical component stressing major political, social and cultural developments. Must be taken concurrently with HIST 316.

Credit Hours: 3 hrs

Prerequisite: GEOG 110 and either HIST 101, HIST 102 or HIST 103

Last Updated: Links 04/2011

GEOG 317 - History and Geography of Spanish America

An interdisciplinary presentation of the history and geography of Spanish America with emphasis on political, cultural and socioeconomic forces from the conquest to the present. Similarities and differences within and among nations are stressed as are the special relationships that exist between the nations and the United States.

Credit Hours: 3 hrs

Prerequisite: GEOG 110 and one of HIST 101/HIST 102/HIST 103

Concurrent Prerequisite: HIST 317

Last Updated: Links 04/2011

GEOG 318 - Geography of Asia

A regional treatment of natural setting, distribution of the people, important occupations and problems of future development in each of several regions.

Credit Hours: 3 hrs

Prerequisite: GEOG 110

Last Updated: Links 04/2011

GEOG 319 - Geography of Europe

Systematic treatment of the natural setting, cultural patterns, economic activities and developmental problems of the continent; selected significant regions analyzed in detail.

Credit Hours: 3 hrs
Prerequisite: GEOG 110
Last Updated: Links 04/2011

GEOG 320 - Geography of the United States and Canada

A regional treatment of natural setting, distribution of the people, important occupations and problems of future development in each of several regions.

Credit Hours: 3 hrs
Prerequisite: GEOG 110
Last Updated: Links 04/2011

GEOG 321 - Geography of Latin America

A regional treatment of natural setting, distribution of the people, important occupations and problems of future development in each of several regions.

Credit Hours: 3 hrs
Prerequisite: GEOG 110
Last Updated: Links 04/2011

GEOG 322 - Geography of Africa

A human ecological treatment of the African continent, involving resource identification and use as well as the varied nature of evolving human landscapes.

Credit Hours: 3 hrs
Prerequisite: GEOG 110
Last Updated: Links 04/2011

GEOG 332 - Urban Geography

A study of geographic principles related to distribution, function, structure and regional setting of urban centers.

Credit Hours: 3 hrs
Prerequisite: GEOG 110
Last Updated: Links 04/2011

GEOG 333 - Settlement Geography

Cultural, functional and ecological factors underlying human settlement patterns.

Credit Hours: 3 hrs
Prerequisite: GEOG 110 or GEOG 115
Last Updated: Links 04/2011

GEOG 336 - Tourism and Socioeconomic Development

Socioeconomic impacts of tourism; national and international development strategies.

Credit Hours: 3 hrs

Prerequisite: GEOG 112 or GEOG 212

Last Updated: Links 04/2011

GEOG 345 - Geography of Resorts

Historical and systematic study of resorting and the resort as a functionally specialized settlement type; major resort areas of the world.

Credit Hours: 2 hrs

Prerequisite: GEOG 110 and GEOG 212

Last Updated: Links 04/2011

GEOG 348 - Teaching Social Studies in Elementary Schools

Survey of the social studies and evaluation of methods commonly used in the teaching of social studies in the elementary grades, with special emphasis on inquiry. Types of activities most effective in the presentation of materials and the use of visual aids are featured. A study of maps and globes, controversial issues, social values, environmental education, consumer education, global education and ethnic groups is included.

Credit Hours: 3 hrs

Prerequisite: one course in geography

Notes: Not open to students on academic probation.

GEOG 360 - Cultural Geography

Human landscape patterns; emphasis upon the processes concerned with their origins, locations and persistence.

Credit Hours: 3 hrs

Prerequisite: GEOG 110

Last Updated: Links 04/2011

GEOG 361 - Geography of Population

An analytical study of population characteristics and growth, world patterns of fertility, mortality and migration. Major attention is given to human population problems, including ecology, resources depletion and impacts of urbanization.

Credit Hours: 3 hrs

Prerequisite: GEOG 110

Last Updated: Links 04/2011

GEOG 376 - Spatial Analysis

Intermediate concepts and techniques in vector and raster GIS. Topics include thematic mapping, exploratory spatial data analysis, use of inferential statistics in GIS, point pattern analysis, regression modeling in GIS, modeling environmental and human geographic processes, surface interpolation and terrain analysis, map algebra, and network analysis.

Credit Hours: 3 hrs

Prerequisite: GEOG 276 or URP 276

Previously Listed As: GEOG 376 - Geographic Information Systems Analysis

Last Updated: Title and Course Description Change 02/2012, effective Fall 2012; Links 04/2011

GEOG 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

GEOG 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

GEOG 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GEOG 387 - Cooperative Education in Geography

Four to six months of full-time employment at a firm or agency, chosen for imparting a practical educational experience in geography. The program consists of two work experiences (GEOG387/487) alternating with full-time University attendance. A written report is required at the end of each employment period.

Credit Hours: 3 hrs

Prerequisite: Admittance by application only

Class Restrictions: Completion of Sophomore year

Major Restrictions: Geography Majors only

Notes: Graded on a credit/no-credit basis.

GEOG 405 - Aerial Photo Interpretation

Analysis of black and white and color infrared photographs for land use planning, environmental assessment, geology and resource management. Weekly lab exercises. Optional field trip.

Credit Hours: 3 hrs

Prerequisite: GEOG 276 or URP 276

Notes: Not open to students with credit in ESSC 575.

Last Updated: Links 04/2011

GEOG 441 - Transportation Geography and Planning

Explores the evolution of transportation in American society, with special attention paid to the impact of railroads, the automobile and the airline industry. Topics include an introduction to techniques for modeling transportation system demand.

Credit Hours: 3 hrs

Prerequisite: GEOG 235, GEOG 212 or URP 215

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

GEOG 445 - Cultural Tourism Resources

Survey of the relationships between cultural heritage resources and tourism. The tourism potentials of cultural centers and museums, archeological sites, folk crafts and foodways, regional cultural mannerisms, ethnic landscapes, architecturally significant buildings, historic cities and towns, and other types of historic landscapes will be covered.

Credit Hours: 3 hrs

Prerequisite: GEOG 212 or GEOG 336

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

GEOG 446 - Heritage Interpretation and Tourism

Evolution of the private sector tour-guiding and the public sector heritage interpretation concepts. Practice in the application of interpretive technique to cultural and natural tourism resources. Strategies for the integrative use of interpretive methods, including tours, demonstrations, talks, person-to-person experiences, publications, exhibits, signage and audiovisuals.

Credit Hours: 3 hrs

Prerequisite: GEOG 445

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

GEOG 476 - Geodatabases and GIS Client Applications

This course introduces students to current technologies used to develop and manage geodatabases. Emphasis is on the conceptual, logical and physical design aspects of geodatabases; managing personal and enterprise geodatabases; and desktop and web mapping clients that utilize geodatabases.

Credit Hours: 3 hrs

Prerequisite: GEOG 376

Previously Listed As: GEOG 476 - Advanced Geographic Information Systems

Last Updated: Title and Course Description Change 02/2012, effective Fall 2012; Links 04/2011

GEOG 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

GEOG 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

GEOG 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

GEOG 480 - Geographic Information Systems Projects

A study of different ways in which GIS is being used to resolve problems in the public and private sectors and in academia. Emphasis is on how GIS technology is being used in areas such as facility management, natural resource management, urban planning, environmental modeling, historical preservation, geology, health planning, etc. By working on a number of small, but realistic, projects students learn how to conceptualize GIS solutions to problems and how to professionally implement GIS projects.

Credit Hours: 3 hrs

Prerequisite: GEOG 376

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

GEOG 487 - Cooperative Education in Geography

Four to six months of full-time employment at a firm or agency chosen for imparting a practical educational experience in geography. The program consists of two work experiences (GEOG 387/GEOG 487) alternating with full-time attendance at the University. A written report is required at the end of each employment period.

Credit Hours: 3 hrs

Prerequisite: GEOG 387; Admittance by application only

Class Restrictions: Completion of Junior year

Major Restrictions: Geography Major

Notes: Graded on a credit/no-credit basis

Last Updated: Links 04/2011

GEOG 488 - Internship

Supervised internship in some aspect of geography that is of mutual interest to the qualified student and the place the student will work. Designed to integrate academic training with practical application.

Credit Hours: 4 hrs

Prerequisite: department permission and placement

Notes: May be taken only once for credit.

GEOG 489 - Internship

Supervised internship in some aspect of geography that is of mutual interest to the qualified student and the place the student will work. Designed to integrate academic training with practical application

Credit Hours: 5 hrs

Prerequisite: department permission and placement

Notes: May be taken only once for credit.

GEOG 490 - Internship

Supervised internship in some aspect of geography that is of mutual interest to the qualified student and the place the student will work. Designed to integrate academic training with practical application

Credit Hours: 6 hrs

Prerequisite: department permission and placement

Notes: May be taken only once for credit.

GEOG 497 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 1 hr

Prerequisite: department permission

GEOG 498 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 2 hrs

Prerequisite: department permission

GEOG 499 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 3 hrs

Prerequisite: department permission

GEOG 513 - South American Lands

A regional study of the countries of South America; resources, people and national cultures are stressed.

Credit Hours: 2 hrs

Prerequisite: GEOG 321 or equivalent

Notes: This is a graduate course in an undergraduate program.

Last Updated: Links 04/2011

GEOG 518 - Problems of Sub-Saharan Africa

Individual research in selected problems in the geography of Sub-Saharan Africa.

Credit Hours: 2 hrs

Prerequisite: GEOG 322 or equivalent

Last Updated: Links 04/2011

Historic Preservation

GHPR 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

GHPR 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

GHPR 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GHPR 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GHPR 387 - Cooperative Education in Historic Preservation

Four to six months of full-time employment at a firm or agency, chosen for imparting a practical educational experience in historic preservation, historic administration or heritage interpretation. The program consists of two work experiences (GHPR 387/GHPR 487) alternating with full-time University attendance. A written report is required at the end of each employment period.

Credit Hours: 3 hrs

Prerequisite: Admittance by application only

Class Restrictions: Completion of Sophomore year

Major Restrictions: Historic Preservation or related Minor

Notes: Graded on a credit/no-credit basis

Last Updated: Links 06/2011

GHPR 401 - Planning/ Preservation Graphics

A lecture-laboratory course in graphics techniques of mapmaking, topographic analysis, communication of data and presentation. Media explored will include pen and ink, colored pencil and markers, and digital photography.

Credit Hours: 3 hrs

Prerequisite: URP 215

Cross-Listed with: URP 401

Last Updated: Links 04/2011

GHPR 436 - Historic Preservation Field Project

Specially arranged, supervised field experiences and application of theoretical viewpoints to field problems in historic preservation.

Credit Hours: 3 hrs

Prerequisite: department permission

GHPR 437 - Historic Preservation Field Project

Specially arranged, supervised field experiences and application of theoretical viewpoints to field problems in historic preservation.

Credit Hours: 6 hrs

Prerequisite: department permission

GHPR 475 - Architectural Nomenclature

The language and terms of architecture are the focus of this course. The history and development of architectural terminology from the Old World to America will be covered in the first half and the application of same to follow.

Credit Hours: 2 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Supervised internship in some aspect of historic preservation, historic administration or heritage interpretation that is of mutual interest to the qualified student and the place the student will work. This experience is designed to integrate academic training with practical application

Credit Hours: 4 hrs

Prerequisite: department permission and placement

Notes: May be taken only once for credit.

GHPR 489 - Internship

Supervised internship in some aspect of historic preservation, historic administration or heritage interpretation that is of mutual interest to the qualified student and the place the student will work. This experience is designed to integrate academic training with practical application.

Credit Hours: 5 hrs

Prerequisite: department permission and placement

Notes: May be taken only once for credit.

GHPR 490 - Internship

Supervised internship in some aspect of historic preservation, historic administration or heritage interpretation that is of mutual interest to the qualified.

Credit Hours: 6 hrs

Prerequisite: department permission and placement

Notes: May be taken only once for credit.

GHPR 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 1 hr

Prerequisite: department permission

GHPR 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 2 hrs

Prerequisite: department permission

GHPR 499 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 3 hrs

Prerequisite: department permission

Urban and Regional Planning

URP 115 - The American City (Gen Ed Area IV)

This course includes a systematic study of cities as incubators of change, how cities are planned and grow, and their social and political structures. Students will gain an understanding of how cities impact their lives by studying topics such as suburbanization, transportation and land use, and urban lifestyles.

Credit Hours: 3 hrs

Previously Listed As: GPLN 115

Area IV: Knowledge of the Disciplines

URP 115 The American City [was GPLN 115]

The course provides an introduction to a variety of social science methods and ways of studying the complex relationships that exist between American cities and suburbs, and the people that inhabit them. Students in this course will explore how the urban experience has transformed the American landscape in recent years, and how our changing understandings of the issues of urban racial and ethnic identities, social class structures, and personal lifestyles have helped to reshape what the American city is in the 21st century. Students will gain an appreciation of various theoretical perspectives that have provided insights on how the city is

both physically and socially structured. Sources of information about cities will also be discussed, and students will gain a fundamental understanding of how the various social sciences develop and utilize data in understanding urban phenomena.
Last Updated: Course Prefix Change 03/2012, effective Fall 2012

URP 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Previously Listed As: GPLN 177 - Special Topics

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Previously Listed As: GPLN 178

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Previously Listed As: GPLN 179 - Special Topics

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 215 - Introduction to Urban and Regional Planning

An introduction to community planning at local and regional levels, including an overview of issues and techniques for land use planning. Topics include purpose of community plans, housing and community development, environmental planning, transportation, historic preservation, economic development, and urban design. Included is discussion of planning as a career.

Credit Hours: 3 hrs

Previously Listed As: GPLN 215

Last Updated: Course Prefix and Class Restriction Change 03/2012, effective Fall 2012

URP 216 - Readings in Urban Planning

A lecture/seminar course in which students read and discuss classic readings in urban planning. This course serves as an introduction to important writers and topics in the field.

Credit Hours: 2 hrs

Class Restrictions: Sophomore standing

Previously Listed As: GPLN 216

Course Revisions:

Course Revisions: This course will have a class restriction change from "Sophomore standing" to "none," effective Winter 2013.
Last Updated: Course Description and Class Restriction Change 05/2012, effective Winter 2013; Course Prefix Change 03/2012

URP 276 - Principles of Geographic Information Systems

Introduction to the concept of computer mapping. Accessing online sources of spatial data; creating digital maps and charts using online data sources; vector and raster data models, spatial data entry and editing; coordinate systems and methods of geo-referencing digital maps; elementary database management and spatial analysis. (Required for GIS minors and Urban and Regional Planning majors. Also suggested for teachers who would like to incorporate digital mapping into their teaching. Appropriate for all other disciplines using spatial mapping.)

Credit Hours: 3 hrs

Prerequisite: GEOG 107, GEOG 110, ESSC 108 or ESSC 110

Cross-Listed with: GEOG 276

Previously Listed As: GPLN 276

Last Updated: Course Prefix Change 03/2012, effective Fall 2012; Links 04/2011

URP 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Previously Listed As: GPLN 277

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Previously Listed As: GPLN 278

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Previously Listed As: GPLN 279

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 306 - Comprehensive Planning and Zoning

A course studying issues of comprehensive planning, zoning and land-use regulation. Topics include preparation of a general development plan, current and recent zoning issues, land use legislation and the drafting and use of state and local zoning ordinances. A base course for Urban and Regional Planning students as well as a valuable perspective to anyone interested in rural, urban or regional development issues.

Credit Hours: 3 hrs

Prerequisite: URP 215

Previously Listed As: GPLN 306

Last Updated: Course Prefix Change 03/2012, effective Fall 2012; Links 04/2011

URP 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Previously Listed As: GPLN 377

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Previously Listed As: GPLN 378

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Previously Listed As: GPLN 379

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 387 - Cooperative Education

Four to six months of full-time employment at a firm or agency, chosen for imparting a practical educational experience in urban and regional planning. The program consists of two work experiences alternated with full-time University attendance. A written report is required at the end of each employment period.

Credit Hours: 3 hrs

Prerequisite: Admittance by application only

Class Restrictions: Completion of Sophomore year

Major Restrictions: Urban and Regional Planning Major

Cross-Listed with: URP 487

Notes: Offered on a credit/no-credit basis

Previously Listed As: GPLN 387

Last Updated: Prefix Change 4/2013, effective Fall 2013; Links 04/2011

URP 401 - Planning/Preservation Graphics

A lecture-laboratory course in graphics techniques of mapmaking, topographic analysis, communication of data, and presentation. Media explored will include pen and ink, colored pencil and markers, and digital photography.

Credit Hours: 3 hrs

Prerequisite: URP 215

Cross-Listed with: GHPR 401

Previously Listed As: GPLN 401

Last Updated: Course Prefix Change 03/2012, effective Fall 2012; Links 04/2011

URP 409 - Professional Practice for Planners

Presentation and discussion of topics relating to professional practice in planning and related areas. Readings, case studies, simulations, and guest speakers are used to expose students to professional activities, including public hearings, dealing with community controversies, and professional-level communication techniques. Topics also deal with issues of professional ethics, job searching, and certification.

Credit Hours: 2 hrs

Prerequisite: URP 306 and URP 415W

Previously Listed As: GPLN 409

Last Updated: Description, Prerequisite, Corequisite and Restriction Change 10/2012, effective Winter 2013; Course Prefix Change 03/2012; Links 04/2011

URP 410L - Site Planning Studio (Gen Ed Area V LBC)

A studio course in urban planning, gives hands-on experience in developing a site plan. Using an actual site and client, a project will be taken through the various stages of plan development. Activities include program analysis, data collection, development of alternative solutions, and selection and presentation of a final site plan.

Credit Hours: 4 hrs

Prerequisite: URP 215 and URP 306

Class Restrictions: Senior standing

Previously Listed As: GPLN 410L

Last Updated: Course Prefix Change 03/2012, effective Fall 2012

URP 415W - Methods of Planning Analysis (Gen Ed Area I, W)

This course will help students navigate through an urban planning research project from start to finish. Students learn the basics of research design, engage actively in gathering data using several data collection techniques, develop analytical skills to interpret the collected data, and learn to communicate results graphically, orally and in writing.

Credit Hours: 3 hrs

Prerequisite: URP 215, URP 276 and URP 306

Concurrent Prerequisite: URP 401

Class Restrictions: Sophomore standing

Previously Listed As: GPLN 415W

Rationale: Learning to communicate clearly and succinctly in written form and in a variety of styles is an important component of a professional planner's job. While courses in composition can provide you with the basics of writing, this class will teach you to write to a particular audience. Urban planners communicate information in a variety of ways: books, journal articles, refereed conference papers, reports, grant proposals, grant reviews, book reviews, plan reviews, plans, ordinances, memos, public announcements and flyers. While we will not be able to address these all within this course, you will be challenged with a number of these different methods of communication so that you can begin to develop an understanding of the conventions in the field. In this course, you will learn to not only formulate different types of research projects but also to present the results of your research in several ways that are accepted in the field: basic memo writing; persuasive writing; report writing, creative writing;

and grant writing. In other words, this course will train you for your everyday job as a planner who creates flyers, writes professional memos, writes planning reports, and pursues grants. You will do this by accessing several data sources including city and county planning data; plans and ordinances; census data; GIS data; and academic literature. While you will also learn to present your ideas verbally, the primary emphasis will be on written communication.

Last Updated: Course Prefix Change 03/2012, effective Fall 2012

URP 435 - History of Urban Form and Function

Historically important periods of urban planning are analyzed in select cities throughout the world and in the United States. Comparisons are made between city plans from other cultures and our own.

Credit Hours: 3 hrs

Prerequisite: URP 215 and URP 216

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Notes: GEOG 332 is recommended.

Previously Listed As: GPLN 435

Last Updated: Course Prefix Change 03/2012, effective Fall 2012; Graduate Credit 07/2011; Links 04/2011

URP 452 - Infrastructure Planning and Policy

This course gives students an understanding of the major urban and rural infrastructure systems, as well as the role capital budgeting plays in the financing of these systems. Students should be able to recognize and quantify municipal infrastructure needs and understanding the planner's role in the provision.

Credit Hours: 3 hrs

Prerequisite: URP 215

Equivalent Courses: URP 552

Last Updated: New Course 11/2012, effective Winter 2013

URP 456 - Zoning and Land Development Regulation

A seminar course exploring zoning, subdivision, and other regulatory tools used in the planning profession to direct and control land development in urban, suburban, and rural areas. Course includes discussion of associated constitutional and legal issues surrounding property development, as well as alternatives to typical zoning regulation.

Credit Hours: 2 hrs

Prerequisite: URP 215 and URP 306, or permission of instructor

Concurrent Prerequisite: URP 306

Class Restrictions: Sophomore, Junior, and Senior

Last Updated: New Course 11/2012, effective Winter 2013

URP 459 - Planning/Preservation Studio

An interdisciplinary planning and preservation studio in which student teams analyze a neighborhood, development area, or street corridor in a local community. Students collect and analyze data, create future development proposals, and present their proposals at a public meeting.

Credit Hours: 3 hrs

Prerequisite: URP 215 or instructor permission

Concurrent Prerequisite: URP 306

Class Restrictions: Sophomore standing or above

Equivalent Courses: URP 559 PLanning/Preservation Studio

Last Updated: New course 11/2012; effective Winter 2013

URP 460 - Transportation Modeling Systems

This course provides skills necessary for being an effective transportation planner. It introduces students to the most common modeling software through lectures and exercises. Combined with other courses in the Undergraduate Certificate in Transportation Planning, it enhances their career choices in the field of transportation planning and engineering.

Credit Hours: 3 hrs

Prerequisite: GEOG 441 and GEOG 276

Equivalent Courses: URP 560

Last Updated: New Course 12/2012, effective Winter 2013

URP 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: GPLN 477

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Previously Listed As: URP 478

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Previously Listed As: URP 479

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 487 - Cooperative Education

Four to six months of full-time employment at a firm or agency, chosen for imparting a practical educational experience in urban and regional planning. The program consists of two work experiences alternated with full-time University attendance. A written report is required at the end of each employment period.

Credit Hours: 3 hrs

Prerequisite: Admittance by application only
Class Restrictions: Completion of Sophomore year
Major Restrictions: Urban and Regional Planning Major
Cross-Listed with: URP 387
Notes: Offered on a credit/no-credit basis
Previously Listed As: GPLN 487
Last Updated: Prefix change 4/2013, effective Fall 2013; Links 04/2011

URP 488 - Internship

Supervised internship in some aspects of urban and regional planning that is of mutual interest to the qualified student and the place the student will work. Designed to integrate academic training with practical application.
<http://www.emich.edu/public/geo/plng.frameset.html>

Credit Hours: 4 hrs
Prerequisite: department permission
Class Restrictions: Sophomore standing
Previously Listed As: GPLN 488
Last Updated: Prefix Change 4/2013, effective Winter 2014

URP 489 - Internship

Supervised internship in some aspects of urban and regional planning that is of mutual interest to the qualified student and the place the student will work. Designed to integrate academic training with practical application.
<http://www.emich.edu/public/geo/plng.frameset.html>

Credit Hours: 5 hrs
Prerequisite: department permission
Class Restrictions: Sophomore standing
Previously Listed As: GPLN 489
Last Updated: New Course, 4/2013, effective Fall 2013

URP 490 - Internship

Supervised internship in some aspects of urban and regional planning that is of mutual interest to the qualified student and the place the student will work. Designed to integrate academic training with practical application.
<http://www.emich.edu/public/geo/plng.frameset.html>

Credit Hours: 6 hrs
Prerequisite: department permission
Class Restrictions: Sophomore standing
Previously Listed As: GPLN 490
Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 495 - Environmental Assessment and Planning

An examination of the program elements of environmental impact statements. Geo-based data sources are explored and analyzed. Impact statements are prepared by the class, and existing impact statements are evaluated.

Credit Hours: 3 hrs
Prerequisite: URP 215 or URP 276
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: ESSC 495

Previously Listed As: GPLN 495

Last Updated: Course Prefix Change 03/2012, effective Fall 2012; Graduate Credit 07/2011; Links 04/2011

URP 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 1 hrs

Prerequisite: department permission

Class Restrictions: Sophomore standing

Previously Listed As: GPLN 497

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 2 hrs

Prerequisite: department permission

Class Restrictions: Sophomore standing

Previously Listed As: GPLN 498

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 499 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 3 hrs

Prerequisite: department permission

Class Restrictions: Sophomore standing

Previously Listed As: GPLN 499

Last Updated: Prefix Change 4/2013, effective Fall 2013

URP 505 - Seminar in Methods and Research

Basic research design and techniques applicable to Geography, Planning, and Geographic Information Systems students. Course work includes location and identification of source materials, statement and analysis of problems, and preparation of results of research.

Credit Hours: 2

Class Restrictions: Senior Standing Only

Last Updated: New Course 5/2012, effective Winter 2013

History and Philosophy Programs and Courses

History and Philosophy

Major

History Major

Through the study of history, students gain an understanding of the past as well as several widely transferable skills. History majors learn how to think critically and to write clearly. Students also learn how to conduct research, interpret sources, and create compelling arguments and intriguing narratives. Students of history also bring a historical and cross-cultural perspective to discussions of current affairs and can participate in public life as an informed, thoughtful, and articulate citizen and leader.

Majors in History take a class in historical research and writing and at least one upper-level course in the history of each of the following: the United States and Canada; Europe; and Africa, Asia, and Latin America. Beyond these basic requirements, the program allows students freedom to design a course of study focused on their own interests.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 30 hours

Required Courses: 12 hours

- HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs

One course from the following:

- HIST 101 - Western Civilization to 1648 (Gen Ed Area IV) 3 hrs
- HIST 102 - Western Civilization, 1648 to World War II (Gen Ed Area IV) 3 hrs
- HIST 103 - 20th-Century Civilization (Gen Ed Area III) 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs

One course from the following:

- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs

An additional course to complete one of the following sequences:

- HIST 101 - Western Civilization to 1648 (Gen Ed Area IV) 3 hrs
- HIST 102 - Western Civilization, 1648 to World War II (Gen Ed Area IV) 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs

Restricted Elective Courses: 15 hours

Six credit hours of history courses 300-level or above in two of the following areas and three hours in the remaining area.

- United States and Canada
- Europe (includes Russia and ancient Greece and Rome)
- Africa, Asia, Latin America (includes Middle East and ancient Near East)

One of these courses must be designated as emphasizing "Historical Writing" (HW).

Elective Courses: 3 hours

HIST 481 - The Teaching of Social Studies may not be counted toward the major.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Philosophy Major

The Philosophy major provides basic knowledge in the general field of philosophy and strikes a balance between topical philosophical groups. The program supplements those in many other disciplines, such as teaching, literature, the performing arts and the sciences. A philosophy major also prepares students for graduate work in philosophy, law, theology, literature, political science and other related liberal arts subjects. It is a nonteaching major.

The Philosophy major consists of 33 credit hours, 24 of which must be at the 200 level or above. Majors must satisfactorily complete at least one course in each of the following five core areas, with a minimum of twelve credit hours at the 300 or 400 level.

History and Philosophy Department Information:

Department Head: Richard F. Nation
 Department Contact: richard.nation@emich.edu

Advisor Information:

Brian Bruya
 Associate Professor
 701 Pray Harrold
 (734) 487-1018
bbruya@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 33 hours

Students must select a minimum of three hours from each of the five core areas:

I. Logic and Reasoning: 3-9 hours

At least one course from the following:

- * PHIL 120 - Introduction to Critical Reasoning (Gen Ed Area IV) 3 hrs
- * PHIL 130 - Introduction to Logic 3 hrs
- PHIL 181 - Logic and Model Theory (Gen Ed Area III) 3 hrs
- PHIL 281 - Symbolic Logic 3 hrs

II. History of Philosophy: 3-9 hours

At least one course from the following:

- PHIL 330W - History of Philosophy: Ancient (Gen Ed Area I, W) 3 hrs
- PHIL 331W - History of Philosophy: Modern (Gen Ed Area I, W) 3 hrs
- PHIL 332W - History of Philosophy: 19th Century (Gen Ed Area I, W) 3 hrs

III. Values: 3-24 hours

At least one course from the following:

- PHIL 212 - Philosophy of Art (Gen Ed Area IV) 3 hrs
- PHIL 220 - Ethics (Gen Ed Area IV) 3 hrs
- PHIL 221 - Business Ethics (Gen Ed Area IV) 3 hrs
- PHIL 223 - Medical Ethics (Gen Ed Area IV) 3 hrs
- PHIL 224 - Ethics and Food (Gen Ed Area IV) 3 hrs
- PHIL 225 - Political Philosophy (Gen Ed Area IV) 3 hrs
- PHIL 229 - Environmental Ethics (Gen Ed Area IV) 3 hrs
- PHIL 260 - Existentialism (Gen Ed Area IV) 3 hrs
- PHIL 310W - Aesthetics (Gen Ed Area I, W) 3 hrs
- PHIL 326W - Philosophy & Sexuality 3 hrs
- PHIL 355W - Philosophy of Law (Gen Ed Area I, W) 3 hrs
- PHIL 370W - Philosophy and Narrative (Gen Ed Area I, W) 3 hrs
- PHIL 420W - Ethical Theory 3 hrs
- ** PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- PHIL 429W - Topics in Environmental Philosophy 3 hrs
- PHIL 470W - Twentieth Century European Philosophy (Gen Ed Area I, W) 3 hrs

IV. Epistemology and Metaphysics: 3-27 hours

At least one course from the following:

- PHIL 215 - Philosophy of Religion (Gen Ed Area IV) 3 hrs

- PHIL 325W - Theory of Knowledge (Gen Ed Area I, W) 3 hrs
- PHIL 375W - Metaphysics (Gen Ed Area I, W) 3 hrs
- PHIL 480W - Philosophy of Science (Gen Ed Area I, W) 3 hrs
- PHIL 390W - Phenomenology (Gen Ed Area I, W) 3 hrs
- ** PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- PHIL 442W - Philosophy of Mind (Gen Ed Area I, W) 3 hrs
- PHIL 460W - Philosophy of Language (Gen Ed Area I, W) 3 hrs
- PHIL 471W - Early Analytic Philosophy (Gen Ed Area I, W) 3 hrs
- PHIL 475W - Philosophy of Mathematics (Gen Ed Area I, W) 3 hrs
- PHIL 481W - Philosophy of the Life Sciences 3 hrs

V. Eastern/Global: 3-9 hours

At least one course from the following:

- PHIL 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs
- PHIL 228 - Global Ethics (Gen Ed Area III, IV) 3 hrs
- PHIL 291 - Introduction to Asian Philosophy (Gen Ed Area III) 3 hrs
- PHIL 391W - Early Chinese Philosophy (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 18 hours

Philosophy 100 - 499 if not already taken to complete the required 33 hours.

<i>Course</i>	Credit Hour

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Only one of PHIL 100 - Introduction to Philosophy or PHIL 110 - Philosophies of Life may be counted toward the major.

** Only one of PHIL 120 - Introduction to Critical Reasoning or PHIL 130 - Introduction to Logic may be counted toward the major.*

*** This course satisfies either area III or IV, depending on its specific content. It may only be used to satisfy one area requirement.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and

the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education History/Geography Comprehensive Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in history certification code CC and geography certification code CB. This program of study meets all requirements of the National Council for Social Studies. The Michigan Test for Teacher Certification (MTTC) covering these fields are #009 History and #008 Geography.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.

2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.

8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Required Courses: 48 hours

These courses form a single integrated program of study and cannot be taken separately in any way.

- ECON 375 - Economic History of the United States 3 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs

- GEOG 100 - Introduction to Geospatial Sciences and Technology 3 hrs
OR
- GEOG 276 - Principles of Geographic Information Systems 3 hrs

- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 313 - Geography of Michigan 2 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- GEOG 360 - Cultural Geography 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs

- HIST 311 - History and Geography of the Modern World 3 hrs
OR
- GEOG 311 - History and Geography of the Modern World 3 hrs

- HIST 416 - American Environmental History 3 hrs

- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
OR
- PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs

History/Geography Electives: 12-13 hours

- One Geography (GEOG) or Earth System Science (ESSC) course at 300-level and above.

- Three upper-level History (HIST) courses (3 credits each, 300-level and above): one in United States or Canada (Area A), one in Europe (Area B), and one in Africa, Asia or Latin America (Area C).

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

History/Geography Comprehensive Majors take:

- HIST 481 - The Teaching of Social Studies 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Social Studies /Economics Comprehensive Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in social studies, certification code RX. This program of study meets all requirements of the National Council for the Social Studies. The Michigan Test for Teacher Certification (MTTC) covering this field is #084, "Social Studies;" this course of study will also lead to an endorsement in economics (CA) MTTC #007.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.

4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 69 hours

Core Courses: 69 hours

- ECON 103L - Economics for Living (Gen Ed Area V LBC) 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ECON 340 - Money and Banking 3 hrs
- ECON 350 - Government Finance 3 hrs
- ECON 375 - Economic History of the United States 3 hrs
- ECON 385 - Economic Development 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs
- GEOG 100 - Introduction to Geospatial Sciences and Technology 3 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs

- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Social Studies/Economics Comprehensive Majors take:

- HIST 481 - The Teaching of Social Studies 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a

minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Social Studies /Geography Comprehensive Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in social studies, certification code RX. This program of study meets all requirements of the National Council for the Social Studies. The Michigan Test for Teacher Certification (MTTC) covering this field is #084, "Social Studies;" this course of study will also lead to an endorsement in geography (CB) MTTC #008.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:

1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 62 hours

Core Courses: 62 hours

- One Geography (GEOG) elective at 300-level or above (3 hrs)
- ECON 103L - Economics for Living (Gen Ed Area V LBC) 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- GEOG 100 - Introduction to Geospatial Sciences and Technology 3 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 313 - Geography of Michigan 2 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- GEOG 360 - Cultural Geography 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs
- HIST 311 - History and Geography of the Modern World 3 hrs

OR

- GEOG 311 - History and Geography of the Modern World 3 hrs
- HIST 416 - American Environmental History 3 hrs
- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

- HIST 481 - The Teaching of Social Studies 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

- GEOG 311 - History and Geography of the Modern World 3 hrs

- HIST 416 - American Environmental History 3 hrs

- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Restricted Elective Courses: 9 hours

Nine credit hours of history courses 300-level or above, three hours in each of the following areas.

- United States and Canada
- Europe (includes Russia and ancient Greece and Rome)
- Africa, Asia, Latin America (includes Middle East and ancient Near East)

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Social Studies/History Comprehensive Majors take:

- HIST 481 - The Teaching of Social Studies 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 69 hours

Core Courses: 57 hours

Catalog Correction: GEOG 311 - History and Geography of the Modern World or HIST 311 - History and Geography of the Modern World are required courses for this major. HIST 316 and GEOG 316 are not required for this major

- ECON 103L - Economics for Living (Gen Ed Area V LBC) 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs

- GEOG 100 - Introduction to Geospatial Sciences and Technology 3 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs

- GEOG 316 - History and Geography of Modern Europe 3 hrs
- OR**
- HIST 316 - History and Geography of Modern Europe 3 hrs

- GEOG 320 - Geography of the United States and Canada 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs
- HIST 416 - American Environmental History 3 hrs
- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Restricted Elective Courses: 12 hours

Students must choose four courses from two of the three following groups:

I. American Politics, Public Law and Administration:

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs

- PLSC 314 - Civil Mock Trial and Legal Process 3 hrs
- OR**
- PLSC 316 - Criminal Mock Trial and Legal Process 3 hrs

- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 335 - Labor in American Politics 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 357 - Campaigns and Elections 3 hrs
- PLSC 358 - Political Parties and Interest Groups 3 hrs
- PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs

- PLSC 364 - Legislative Process 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 386 - U.S. Supreme Court Simulation 3 hrs
- WGST 243 - Black Women: Politics and Racism 3 hrs

II. Comparative Politics and International Relations:

- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 345 - War and Peace in the Nuclear Age 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 355 - European Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
- PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

III. Political Theory and Methods:

- PLSC 306 - Contemporary Political Thought 3 hrs
- PLSC 307 - Democracy and Power 3 hrs
- PLSC 309 - American Political Theory 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 320 - Political Science in Literature and Film 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Social Studies/Political Science Comprehensive Majors take:

- HIST 481 - The Teaching of Social Studies 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for

college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Social Studies Major

Phased-Out Program, Effective Winter 2014

The Social Studies program, formerly called Social Science, serves students who intend to declare a major in Social Studies for Secondary Teaching. This major may also be elected by students seeking an interdisciplinary course of study in the social sciences.

History and Philosophy Department Information:

Department Head: Richard F. Nation
Department Contact: richard.nation@emich.edu
Website: <http://www.emich.edu/historyphilosophy/>

Advisor Information:

Program Advisor: Robert Duke
Email: rduke@emich.edu

Program Advisor: James Egge
Email: jegge@emich.edu

Phone Number for Advisors: 734.487.1018

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 36 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- * HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs

- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- **OR**
- PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs

- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Minor in Economics, Geography, History or Political Science: 20-24 Hours

Substitute Classes

Because some of the required classes in the major can also be counted towards the minor, students will be required to take anywhere from one to four substitute classes for the major. Additional substitute courses, if needed, can be taken in any of the four disciplines, at any level.

One of the classes must be taken from the following list:

Economics:

- ECON 321 - Minority Workers in the Labor Market 3 hrs
- ECON 327 - Economics of Poverty, Inequality and Discrimination 3 hrs
- ECON 328 - Economics of Women 3 hrs
- ECON 332 - Urban Economics 3 hrs
- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 385 - Economic Development 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

Geography:

- GEOG 235 - Economic Geography 3 hrs
- GEOG 317 - History and Geography of Spanish America 3 hrs
- GEOG 318 - Geography of Asia 3 hrs
- GEOG 321 - Geography of Latin America 3 hrs
- GEOG 322 - Geography of Africa 3 hrs

History:

- HIST 201 - The Religions of South and East Asia 3 hrs
- HIST 202 - Religions in Conflict and Dialogue: Judaism, Christianity, and Islam (Gen Ed Area III) 3 hrs
- HIST 304 - Early Judaism 3 hrs
- HIST 306 - Hinduism 3 hrs
- HIST 307 - Buddhism 3 hrs
- HIST 310 - France since 1789 3 hrs
- HIST 315 - History of Black Americans 3 hrs
- HIST 321 - Women and Gender in the Ancient World 3 hrs
- HIST 335 - History of Women in Europe 3 hrs
- HIST 336 - History of Women in the United States and Great Britain, 1800 to the Present 3 hrs
- HIST 339 - Arab-Israeli Conflict 3 hrs
- HIST 341 - The Middle East, 1798 to the Present 3 hrs
- HIST 342 - North Africa, 1798 to the Present 3 hrs
- HIST 347 - Sub-Saharan Africa to 1885 3 hrs
- HIST 348 - 20th-Century Africa 3 hrs
- HIST 349 - South Africa, 1500-Present 3 hrs
- HIST 355 - Latin America: Colonial Period 3 hrs
- HIST 356 - Latin America: National Period 3 hrs
- HIST 375 - Modern India 3 hrs
- HIST 352 - East Asia to 1800 3 hrs
- HIST 438 - Nazi Germany 3 hrs
- HIST 442 - Modern China 3 hrs
- HIST 443 - Modern Japan 3 hrs
- HIST 444 - China and its Nomadic Neighbors 3 hrs
- HIST 457 - History of Mexico 3 hrs

Political Science:

- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 215 - Civil Rights and Liberties in a Diverse US (Gen Ed Area III) 3 hrs
- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 330 - Urban Politics 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs

- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Students who declared a Social Science major before Fall 2008 have until 2014 to complete their degrees under the old requirements, or they may elect to complete the new requirements.

* History advisors may substitute for HIST 300W Writing Intensive research methods courses from other programs or institutions as they judge reasonable.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor

- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. pschmitz@emich.edu

Required Area Courses: 14 hours

- ECON 385 - Economic Development 3 hrs
- GEOG 318 - Geography of Asia 3 hrs
- HIST 555 - Studies in Far Eastern History 2 hrs
- PLSC 374 - Asian Politics 3 hrs

One course from the following:

- HIST 352 - East Asia to 1800 3 hrs
- HIST 442 - Modern China 3 hrs

Area Elective Courses: 6 hours

Certain independent study courses and special topics courses may be counted as restricted elective courses or elective courses with the approval of the advising coordinator of area studies. No more than three of the seven courses in the minor may be chosen from a single discipline.

Six hours from the following:

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 336 - Social and Cultural Change 3 hrs
- ARTH 267 - History of Asian Art (Gen Ed Area IV) 3 hrs
- HIST 201 - The Religions of South and East Asia 3 hrs
- HIST 306 - Hinduism 3 hrs
- HIST 307 - Buddhism 3 hrs
- HIST 326 - History and Geography of Modern Asia 3 hrs
- HIST 352 - East Asia to 1800 3 hrs
- HIST 442 - Modern China 3 hrs

Minor Requirements: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

(734) 487-1018
jegge@emich.edu

Philip Schmitz

Professor

701 Pray Harrold
(734) 487-1018
pschmitz@emich.edu

Required Area Courses: 6 hours**One course from the following:**

- HIST 101 - Western Civilization to 1648 (Gen Ed Area IV) 3 hrs
- HIST 102 - Western Civilization, 1648 to World War II (Gen Ed Area IV) 3 hrs
- HIST 103 - 20th-Century Civilization (Gen Ed Area III) 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs

One course from the following:

- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs

History Courses: 12 hours

Six hours of history courses at the 300-level or above in one of the following areas and three hours in each of the other two areas:

- A. United States and Canada
- B. Europe (includes Russia and ancient Greece and Rome)
- C. Africa, Asia, Latin America (includes Middle East and ancient Near East)

Unrestricted Elective Courses: 2 hours**Minor Total: 20 hours****Notes:**

HIST 481 may not be counted toward this minor. Secondary education certification requires at least eight hours of United States history.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Philosophy Minor

The philosophy minor consists of 24 credit hours. 15 of those hours must be at the 200-level or above. Minors must satisfactorily complete at least one course in each of the following five core areas, with a minimum of nine credit hours at the 300- or 400-level.

History and Philosophy Department Information:

Department Head: Richard F. Nation

Department Contact: richard.nation@emich.edu

Website: <http://www.emich.edu/historyphilosophy/>

Advisor Information:

Brian Bruya

Associate Professor

701 Pray Harrold

(734) 487-1018

bbruya@emich.edu

Minor Requirements: 24 hours

Students must select a minimum of three hours from each of the five core areas:

I. Logic and Reasoning: 3-6 hours

At least one course from the following:

- * PHIL 120 - Introduction to Critical Reasoning (Gen Ed Area IV) 3 hrs
- * PHIL 130 - Introduction to Logic 3 hrs
- PHIL 181 - Logic and Model Theory (Gen Ed Area III) 3 hrs
- PHIL 281 - Symbolic Logic 3 hrs

II. History of Philosophy: 3-9 hours

At least one course from the following:

- PHIL 330W - History of Philosophy: Ancient (Gen Ed Area I, W) 3 hrs
- PHIL 331W - History of Philosophy: Modern (Gen Ed Area I, W) 3 hrs
- PHIL 332W - History of Philosophy: 19th Century (Gen Ed Area I, W) 3 hrs

III. Values: 3-12 hours

At least one course from the following:

- PHIL 212 - Philosophy of Art (Gen Ed Area IV) 3 hrs
- PHIL 220 - Ethics (Gen Ed Area IV) 3 hrs
- PHIL 221 - Business Ethics (Gen Ed Area IV) 3 hrs
- PHIL 223 - Medical Ethics (Gen Ed Area IV) 3 hrs
- PHIL 224 - Ethics and Food (Gen Ed Area IV) 3 hrs
- PHIL 225 - Political Philosophy (Gen Ed Area IV) 3 hrs
- PHIL 229 - Environmental Ethics (Gen Ed Area IV) 3 hrs
- PHIL 260 - Existentialism (Gen Ed Area IV) 3 hrs
- PHIL 310W - Aesthetics (Gen Ed Area I, W) 3 hrs
- PHIL 326W - Philosophy & Sexuality 3 hrs
- PHIL 355W - Philosophy of Law (Gen Ed Area I, W) 3 hrs
- PHIL 370W - Philosophy and Narrative (Gen Ed Area I, W) 3 hrs
- PHIL 420W - Ethical Theory 3 hrs
- ** PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- PHIL 429W - Topics in Environmental Philosophy 3 hrs
- PHIL 470W - Twentieth Century European Philosophy (Gen Ed Area I, W) 3 hrs

IV. Epistemology and Metaphysics: 3-12 hours

At least one course from the following:

- PHIL 215 - Philosophy of Religion (Gen Ed Area IV) 3 hrs
- PHIL 325W - Theory of Knowledge (Gen Ed Area I, W) 3 hrs
- PHIL 375W - Metaphysics (Gen Ed Area I, W) 3 hrs
- PHIL 480W - Philosophy of Science (Gen Ed Area I, W) 3 hrs
- PHIL 390W - Phenomenology (Gen Ed Area I, W) 3 hrs
- ** PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- PHIL 442W - Philosophy of Mind (Gen Ed Area I, W) 3 hrs
- PHIL 460W - Philosophy of Language (Gen Ed Area I, W) 3 hrs
- PHIL 471W - Early Analytic Philosophy (Gen Ed Area I, W) 3 hrs
- PHIL 475W - Philosophy of Mathematics (Gen Ed Area I, W) 3 hrs
- PHIL 481W - Philosophy of the Life Sciences 3 hrs

V. Eastern/Global: 3-9 hours

At least one course from the following:

- PHIL 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs

- PHIL 228 - Global Ethics (Gen Ed Area III, IV) 3 hrs
- PHIL 291 - Introduction to Asian Philosophy (Gen Ed Area III) 3 hrs
- PHIL 391W - Early Chinese Philosophy (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 9 hours

Philosophy 100 - 499 if not already taken to complete the required 24 hours.

Minor Total: 24 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

Only one of PHIL 100 - Introduction to Philosophy or PHIL 110 - Philosophies of Life may be counted toward the major.

** Only one of PHIL 120 - Introduction to Critical Reasoning or PHIL 130 - Introduction to Logic may be counted toward the major.*

*** This course satisfies either area III or area IV, depending on its specific content. It may only be used to satisfy one area requirement.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

(734) 487-1018
pschmitz@emich.edu

Required Area Courses: 3 hours

- HIST 100 - The Comparative Study of Religion (Gen Ed Area IV) 3 hrs

Restricted Elective Courses: 12 hours

Four courses from the following:

- ANTH 338 - Anthropology of Religion 3 hrs
- HIST 201 - The Religions of South and East Asia 3 hrs
- HIST 202 - Religions in Conflict and Dialogue: Judaism, Christianity, and Islam (Gen Ed Area III) 3 hrs
- HIST 204 - Introduction to the History of Judaism (Gen Ed Area IV) 3 hrs
- HIST 303 - History of American Religion 3 hrs
- HIST 304 - Early Judaism 3 hrs
- HIST 306 - Hinduism 3 hrs
- HIST 307 - Buddhism 3 hrs
- LITR 251 - The Bible as Literature 3 hrs
- PHIL 215 - Philosophy of Religion (Gen Ed Area IV) 3 hrs
- PSY 225 - Psychology of Religion 3 hrs
- SOCL 320 - Sociology of Religion 3 hrs

Elective Courses: 5-6 hours

Certain independent study courses and special topics courses may be counted as restricted elective courses or elective courses with the approval of the advising coordinator of religious studies. No more than three of the seven courses in the minor may be chosen from a single area: fine arts, literature and history.

Two courses from the restricted elective courses list or from the following:

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ARTH 162 - Survey of Western Art I (Gen Ed Area IV) 3 hrs
- ARTH 368 - History of Classical Art 3 hrs
- ARTH 369 - History of Renaissance Art 3 hrs
- CHL 351 - World Mythology 3 hrs
- CLAS 301 - Classical Mythology 3 hrs
- HIST 327 - Europe in Early Middle Ages 400-1050 3 hrs
- HIST 328 - Europe in Late Middle Ages 1050-1400 3 hrs
- HIST 330 - Europe in the Renaissance and Reformation 3 hrs
- LITR 309 - The Development of American Literature 3 hrs
- LITR 314 - English Renaissance Prose and Poetry 1500-1660 3 hrs
- PHIL 220 - Ethics (Gen Ed Area IV) 3 hrs
- PHIL 260 - Existentialism (Gen Ed Area IV) 3 hrs

Minor Total: 20-21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

Social Studies Minor

New Minor, effective Fall 2013

Program Admission

Students must major in Economics , Geography, History or Political Science in order to complete this minor.

History and Philosophy Department Information:

Department Head: Richard F. Nation

Department Contact: richard.nation@emich.edu

Website: <http://www.emich.edu/historyphilosophy/>

Required Courses: 24 Hours

Eight courses from the following:

- ECON 103L - Economics for Living (Gen Ed Area V LBC) 3 hrs
 - ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
 - ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
 - GEOG 100 - Introduction to Geospatial Sciences and Technology 3 hrs
 - GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
 - GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
 - GEOG 320 - Geography of the United States and Canada 3 hrs

 - GEOG 311 - History and Geography of the Modern World 3 hrs
- or

- HIST 311 - History and Geography of the Modern World 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs
- HIST 416 - American Environmental History 3 hrs
- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
or
- PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Minor Total: 24 hours

Note:

- All minors must have at least six hours of course work at the 300-level or above.
- None of the courses counted towards a major can be counted towards the minor
- Students must take at least two courses from each discipline besides their major.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

History

HIST 100 - The Comparative Study of Religion (Gen Ed Area IV)

An introduction to the systematic study of religious experience and expression; organized around representative motifs, phenomena and institutions, and illustrated with relevant examples from the various historical religious traditions.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

HIST 100 The Comparative Study of Religion

This General Education course is an introduction to the academic discipline of religious studies. Religious studies is an interdisciplinary field that draws on approaches from both the humanities and the social sciences. Because this course focuses primarily on the questions and methods of the humanities, it counts toward the Knowledge of the Disciplines requirement in the Humanities area. Students in this class will develop their ability to interpret religious texts and other religious expressions, to analyze religious ideas about human existence and the nature of the world, and to understand religions as historical traditions characterized by conflict and change.

HIST 101 - Western Civilization to 1648 (Gen Ed Area IV)

A topical survey of western civilization from its Greco-Roman origins to the 17th century. Cultural development and institutional growth are emphasized. Greco-Roman contributions, the Judeo-Christian heritage, Byzantine and Islamic cultures, European expansion and militarism, the Renaissance and the Reformation are among the major topics considered.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

HIST 101 Western Civilization to 1648

History 101 explores the cultural development of Western Europe from the classical world through the religious reformation of the sixteenth century, through the examination of literary, philosophical and religious texts. Students in this class will be given a solid grounding in the major political and social developments of the civilizations that flourished across Europe and the Mediterranean prior to 1648. This context will prepare them to explore various literary, philosophical and religious texts, to understand how they were both products of their age and powerful shapers of their cultures. Many texts will reflect how political and social power was structured and projected, and these texts will offer students ample opportunity to reflect upon issues of class, gender and race. Through an exploration of philosophical and religious writings students will gain an understanding of how men and women in various western societies viewed human nature and attempted to make sense out of good and evil, life and death. Students will leave this course having gained an appreciation for the past cultures of Western Europe and will have developed a sensitivity to the dynamic interplay between social and cultural institutions and values, and the writing and thought produced within the framework of those values and institutions.

HIST 102 - Western Civilization, 1648 to World War II (Gen Ed Area IV)

A survey of western history from the 17th century to World War II. Major themes include the rise of modern states, the emergence of science, the impact of European colonialism on the non-European world, upheavals in the arts and philosophy, and the origins and consequences of total war.

Credit Hours: 3 hrs

Previously Listed As: HIST 102 - Western Civilization, 1648 to World War I

Area IV: Knowledge of the Disciplines

HIST 102 Western Civilization 1648 to WWI

History 102 explores the development of Western Europe from the mid-seventeenth century until World War I. through the examination of literary, philosophical and religious texts. Students in this class will be given a solid grounding in the major political, social and economic developments of early modern and modern Europe. This context will prepare them to explore various literary, political, philosophical and religious texts, to understand how they were both products of their age and powerful shapers of European thought, culture and society. Many texts will reflect how political and social power was structured and

projected in this formative era of European history, and these texts will offer students ample opportunity to reflect upon issues of class, gender and race. Through an exploration of philosophical and scientific writings, students will explore the tremendous paradigm shift which occurred with the scientific revolution in early modern Europe, a shift which fundamentally altered the way in which men and women viewed nature, the universe and human nature. The study of religious and philosophical texts will also allow students to examine the repercussions of this paradigm shift in religious thought and practice as well. Finally, numerous literary works and texts will offer students an understanding of the mentality and values of bourgeois society in nineteenth century Europe, and help them grasp the terrible clash of war brought about by nationalism and bourgeois values in 1914. Students will leave this course having gained an appreciation for early modern and modern Western Europe culture and society, and will have developed a sensitivity to the dynamic interplay between social and cultural institutions and values, and the writing and thought produced within the framework of those values and institutions.

Last Updated: Title and Course Description Change 02/2012, effective Fall 2012

HIST 103 - 20th-Century Civilization (Gen Ed Area III)

An examination of the international developments of the 20th century, with particular emphasis on the interactions between the West and other world cultures.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

HIST 103 Twentieth Century Civilization

HIST 103 fulfills the General Education Program's Global Awareness requirement for Perspectives on a Diverse World by providing the background necessary to understand today's chief global occurrences, especially the interactions between the Western world and other world cultures. This course examines not only the main political developments of the twentieth century, but also the era's chief trends in science and technology, economics, social changes and cultural and religious developments, and how these various trends interrelate with one another. After completing this course students should at a minimum be able to identify the most important individuals and terms of the twentieth century and know the causes and effects of the era's most important events. They should also have a better understanding of such world-wide problems as nationalism, imperialism, militarism, globalization, ideological and cultural conflict and the varying causes of wars and violence.

HIST 104 - Quest for Power: Famous Figures in History

An examination of the lives and times of selected leaders from the ancient and modern worlds. Examples of figures to be covered are Pericles, Nero, Napoleon I and Adolf Hitler. Major literary monuments of the periods will be examined as well. Taught by a member of the History Department and a classicist.

Credit Hours: 3 hrs

Cross-Listed with: CLAS 104

Notes: This course satisfies one literature or one history requirement. See honors humanities courses

Last Updated: Links 04/2011

HIST 106 - Asian and African Civilizations

The civilizations of the Moslem world, Africa, India and East Asia in historical perspective. Philosophical outlook, cultural development and technological advances are emphasized with attention also being given to social and economic changes in the period since 1500.

Credit Hours: 3 hrs

HIST 109 - World History to 1500

A survey of world civilizations (Africa, Asia, Europe, Western Hemisphere) from prehistory to 1500. The course will emphasize the diversity and interrelationships of world cultures and civilizations.

Credit Hours: 3 hrs

HIST 110 - World History since 1500 (Gen Ed Area III)

A survey of world civilizations (Africa, Asia, Europe, Western Hemisphere) from 1500 to the present. The course will emphasize the diversity and interrelationships of world cultures and civilizations.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

HIST 110 World History since 1500

History 110 meets the Global Awareness requirement of the Perspectives on a Diverse World, because it seeks to give students knowledge and understanding of the political organization, religious beliefs, and cultural practices of the world's peoples, and their interconnections over half a millennium. They will be encouraged to think globally so that they can see how events or new ideas that developed in one area, affected another, how America's cultural practices related to those of other societies, how wars and imperialism produced radical political and economic changes and why social, cultural and racial intolerance existed in so many countries. In the process, students will work on their skills of reading and interpreting historical material, asking the questions that historians ask, and responding to questions both verbally and in writing. The most important goal of the course is to give students the knowledge and understanding of the past that they need to interpret the contemporary world.

HIST 115 - Making American Society: Race, Ethnicity and Gender in Historical Perspective (Gen Ed Area III)

Through historical perspective, students will understand the difficult questions about diversity that have confronted people of every generation and the accommodations made through law, institutions and changed social habits. By understanding past tragedies, successes, mistakes and wise choices, students will be better citizens of the present and guardians of the future.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

HIST 115 Making American Society: Race, Ethnicity & Gender in Historical Perspectives

To Understand most clearly the issues surrounding diversity in the United States, one of the key goals of the General Education program at Eastern Michigan University, historians believe that students must understand the historical development of diversity: how the categories of race, ethnicity, gender, class and sexuality, among others, have been constructed and re-constructed over time. *History 115* will explore why, throughout four centuries of the development of the United States. Americans have struggled over how (or whether) to make the words of democracy into reality in a land of diversity. Accordingly, the class will examine the conflicts presented when people of so many diverse backgrounds, values and options try to accomplish their separate and collective ambitions within a framework of democracy and capitalism. We will examine why too many men and women in each era were denied equality, and we will examine the slow but steady progress toward a "more perfect union" that gives voice, extends toleration and offers equal opportunity to all of its people regardless of color, race, creed, national origin, gender and sexuality.

Through historical perspective, students will understand the difficult questions that have confronted people of every generation and the accommodations made through law, institutions and changed social habits. By understanding past tragedies, success's, mistakes and wise choices, students will be better citizens of the present and guardians of the future. Therein is the primary goal.

HIST 116 - Intro to American Indian History (Gen Ed Area III)

This course is a study of American Indian history and culture with an emphasis on the twentieth century. This course examines how interaction between native peoples and the diverse peoples of the U.S. has over time created a complex society and raised such issues as the theft of natural resources, poverty, the use of Hollywood stereotypes, inferior health care and educational opportunities and the need to redefine traditional cultures within the mainstream America.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

HIST 115 Making American Society: Race, Ethnicity & Gender in Historical Perspectives

To Understand most clearly the issues surrounding diversity in the United States, one of the key goals of the General Education program at Eastern Michigan University, historians believe that students must understand the historical development of diversity: how the categories of race, ethnicity, gender, class and sexuality, among others, have been constructed and re-constructed over time. *History 115* will explore why, throughout four centuries of the development of the United States. Americans have struggled over how (or whether) to make the words of democracy into reality in a land of diversity. Accordingly, the class will examine the conflicts presented when people of so many diverse backgrounds, values and options try to accomplish their separate and collective ambitions within a framework of democracy and capitalism. We will examine why too many men and women in each era were denied equality, and we will examine the slow but steady progress toward a "more perfect union" that gives voice, extends toleration and offers equal opportunity to all of its people regardless of color, race, creed, national origin, gender and sexuality.

Through historical perspective, students will understand the difficult questions that have confronted people of every generation and the accommodations made through law, institutions and changed social habits. By understanding past tragedies, success's, mistakes and wise choices, students will be better citizens of the present and guardians of the future. Therein is the primary goal.

HIST 123 - The United States to 1877 (Gen Ed Area IV)

A study of United States history through the Reconstruction following the Civil War.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

HIST 123 The US to 1877

This course provides an introduction to a variety of social science methodologies while emphasizing history's unique contribution to the social sciences, the notion that any period develops from the periods preceding it. In pursuit of that aim, you will gain the foundational content knowledge needed to understand and interpret the major trends, people, ideas and events that have shaped the United States before 1877. Second you will acquire and use the unique methods historians employ to critically select and evaluate evidence from the past, assess its significance and analyze the interpretive accounts that give this past meaning.

HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV)

A study of United States history from the end of Reconstruction to the present.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

HIST 124 The US 1877-Present

This course provides opportunities to acquire the procedures, practices, methodologies and fundamental assumptions of history in two ways. First, you will gain the foundational content knowledge needed to understand and interpret the major trends, people, ideas and events that have shaped the United States since 1877. Second you will acquire and use the unique methods historians employ to critically select and evaluate evidence from the past, assess its significance, and analyze the interpretive accounts that give this past meaning. In this iterative process, you will discover that the discipline of history places unique demands on those who aim to interpret and communicate a strange past- a past that is difficult to truly know and articulate. The application of historical thinking skills will help you discover much of the meaning, mystery, controversy and drama of history. This process of discovery requires that you question how historians view the relationship between evidence and historical accounts. you Will learn to create interpretive accounts of the past by framing useful historical problems, marshalling and evaluating relevant evidence, detecting authorial bias, contextualizing or "historicizing" the past, assessing significance both in primary sources and in narrative accounts, debating competing theories of causation, using counter historical examples to critique narratives and exploring how theories of hegemony and human agency influence our understanding of the past.

HIST 151 - Reason and Revolution (Gen Ed Area IV)

An examination of the transition in political history, philosophy, art, literature and music from Puritan England and Louis XIV's France to Napoleon. Team taught by members of the Art and History departments. This course satisfies one art or one history requirement. Note: see honors humanities courses.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

HIST 151 Reason and Revolution [effective Fall 2008]

This inter-disciplinary course in history and art history is intended to introduce students to the works of art, philosophy and literature associated with a major turning point in European and world history- the Enlightenment and the French Revolution. It will offer students the opportunity to study the ideas that found their first political expression in the American Constitution, from their beginnings in 17th century France and England through the turmoil of revolution and war. The course will encourage students to analyze and write about a variety of artistic, philosophical and literary works in a specific historical context, and to understand how political events influenced humanistic thought and how the humanities shaped political and social change.

HIST 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hrs

Prerequisite: department permission

HIST 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

HIST 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

HIST 201 - The Religions of South and East Asia

A comparative and historical survey of the native religious traditions of South and East Asia, showing the interaction of folk religion with the developing concepts and institutions of Hinduism, Buddhism, Confucianism, Daoism and Shinto.

Credit Hours: 3 hrs

Previously Listed As: HIST301

Last Updated: Links 04/2011

HIST 202 - Religions in Conflict and Dialogue: Judaism, Christianity, and Islam (Gen Ed Area III)

This is an historically-oriented analysis of the Semitic or Near Eastern monotheisms (Judaism, Christianity and Islam) from their common roots in the sacred stories of the patriarch Abraham to their often contentious and ecumenical relationships as global communities in the contemporary world.

Credit Hours: 3 hrs

Previously Listed As: HIST302

Last Updated: 03/2011; effective Spring 2011

HIST 204 - Introduction to the History of Judaism (Gen Ed Area IV)

An introductory history of Judaism and the Jewish people. Surveys Judaism from archaic roots in ancient West Asia to the present, from religious ideas and practices of the Hebrew Bible (Old Testament) to the development of Jewish religious, social, and intellectual life in Christian, Islamic, medieval, and modern societies.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines-Humanities

HIST 204 Introduction to the History of Judaism

This course is an introduction to the academic discipline of Jewish Studies, an interdisciplinary field that draws on approaches from both the humanities and the social sciences. This course focuses primarily on the questions and methods of the humanities, because of this it counts toward the Knowledge of the Disciplines requirement in the Humanities area. Students in this class will develop their ability to interpret religious texts and other religious expressions, to analyze religious and historical ideas about human existence and the nature of the world, and to understand religions as historical traditions characterized by conflict and change.

To appreciate this educational requirements, it helps to recognize why the humanities are a distinct field of learning. As the label implies, the humanities start with human experience, human activities and experience through time. The humanities recognize cultural differences as both the results and the causes of human activities. The humanities consider both the actual and the possible. The humanities encourage thinking from multiple perspectives.

The chief tool for describing and explaining in the humanities is narrative. Whether spoken or written, a narrative is essentially a story. In the humanities, explanatory narratives appeal to sources (in speech, writing, and experience) and logic to construct arguments about meaning.

Last Updated: Gen Edu Approval 12/2012, effective Winter 2013; New Course 06/2011, effective Fall 2011

HIST 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: one course in history or department permission

HIST 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: one course in history or department permission

HIST 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

HIST 290 - Introduction to the History of Technology

An introduction to western technology from medieval times to the present. Examines the process of technical change, the nature of technological systems, the diffusion of technological improvements and the role of technology in broader historical movements.

Credit Hours: 3 hrs

HIST 300W - Researching and Writing History (Gen Ed Area I, W)

An introduction to the historian's skills. Exercises include compiling a bibliography, writing book reviews and preparing a research paper.

Credit Hours: 3 hrs

Major Restrictions: Certification; Social Studies; Social Studies for Secondary Teacher Certification; Social Science; Area Studies;SSET;SSGT;SSHT;SSPT;GHT;HGT

Notes: Required for the history major

Last Updated: Major Restrictions Added 11/2012, effective Winter 2013

HIST 303 - History of American Religion

A survey of religious institutions and ideas in relation to American culture from colonial times to the present.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

HIST 304 - Early Judaism

This course is a survey of the origin and historical development of Judaism in the Persian, Hellenistic, and Roman periods.

Credit Hours: 3 hrs

Prerequisite: HIST 100 or HIST 101 or HIST 109 or equivalent

Last Updated: Links 04/2011

HIST 305 - Native American History

An ethnohistory of America's indigenous peoples and nations from before contact to the present.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

HIST 306 - Hinduism

This course is a thematic and historical study of Hinduism and the related Indian religions of Jainism and Sikhism. The course traces the development of religion in South Asia from prehistory to the present and examines the diverse ideas, values and ways of life that make up Hinduism today.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

HIST 307 - Buddhism

This course is a thematic and historical study of the Buddhist tradition. It traces the development of Buddhism from its origins in ancient India to the present and examines the diverse ideas, values and ways of life that make up Buddhism today.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

HIST 308 - Integrated Elementary Social Studies Methods

Social studies is the integrated study of the social sciences and humanities to promote civic competence inherent in group life. This course explores the teaching of social studies in the elementary school. It is organized to cover a variety of teaching methods to acquire skills through lectures, discussions, activities, and presentations.

Credit Hours: 3 hrs

Prerequisite: CURR 304 and admission to the Initial Teacher Preparation Program

Class Restrictions: Junior standing or above

Major Restrictions: Elementary Education Majors only

Cross-Listed with: CURR 308

Last Updated: 03/2011; effective Spring 2011

HIST 309 - France to 1789

A study of the main currents in early modern times with special emphasis on the impact of the Protestant Revolt and the Renaissance on French society, the rise of absolutism and the political and intellectual background of the French Revolution.

Credit Hours: 3 hrs

HIST 310 - France since 1789

An examination of the major trends in French history since the start of the Revolution. Stresses cultural, social, economic, intellectual and political trends, and treats the ways in which France has been a seedbed for new movements in Europe.

Credit Hours: 3 hrs

Prerequisite: HIST 102 or department permission

Last Updated: Links 04/2011

HIST 311 - History and Geography of the Modern World

This course provides an interdisciplinary study of global history and geography from 1500 to the present. It addresses key issues in global history and geography (such as the Colombian exchange, colonialism, global war) across several different world regions.

Credit Hours: 3 hrs

Prerequisite: HIST 110, GEOG 110

Cross-Listed with: GEOG 311

Last Updated: New Course 10/2012, effective Winter 2012

HIST 313 - Michigan History

A survey of major economic, social and political developments in Michigan from prehistoric times to the present. Emphasizes the period prior to the 20th century.

Credit Hours: 3 hrs

Prerequisite: HIST 123 or HIST 124

Class Restrictions: Sophomore standing or higher

Last Updated: Prerequisite/ Restriction change 5/2012, effective WINTER 2013.

HIST 315 - History of Black Americans

A history of Americans of African ancestry from colonial times to the present. Emphasizes slavery, the post-Civil War South, northward migration and urban settlement, and philosophies of racial progress.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

HIST 316 - History and Geography of Modern Europe

An interdisciplinary and geographical-historical study of modern Europe with the geographical component emphasizing information of an urban, demographic, occupational and environmental nature, and with the history component stressing major political, social and cultural developments. A requirement for majors in language and international trade.

Credit Hours: 3 hrs

Prerequisite: GEOG 110 and either HIST 101, HIST 102 or HIST 103

Concurrent Prerequisite: GEOG 316

Last Updated: Links 04/2011

HIST 317 - History and Geography of Spanish America

An interdisciplinary geographical-historical study of Spanish America, emphasizing political, cultural and socioeconomic forces from the conquest to the present. Stresses similarities and differences within and between nations and the special relationships that exist between the nations and the United States. A requirement for majors in language and international trade.

Credit Hours: 3 hrs

Prerequisite: GEOG 110 and either HIST 101, HIST 102 or HIST 103

Concurrent Prerequisite: GEOG 317

Last Updated: Links 04/2011

HIST 319 - The Civil Rights Movement in the United States

Focusing on the 20th-century history of the African American struggle for equality, this course examines the rise of de jure racial segregation as a social system; the origins and early history of the Civil Rights movement; the movement's development from the 1920s through the 1950s and its historic victories over segregation in the 1950s and 1960s.

Credit Hours: 3 hrs

Prerequisite: HIST 124, HIST 315 or department permission

Last Updated: Links 04/2011

HIST 321 - Women and Gender in the Ancient World

An investigation of conditions of life for women in antiquity, focusing on the sex-gender system of Greek and Roman societies. Literary, inscriptional and other evidence will be studied to disclose the classical roots of western beliefs and attitudes about women.

Credit Hours: 3 hrs

Prerequisite: one course in history

Cross-Listed with: CLAS 321, WGST 321

Last Updated: Links 04/2011

HIST 323 - Greek History

Examines the Greeks' achievements from the Bronze Age to the Roman conquest, focusing on the period after 800 B.C.E. Emphasizes political, social and economic developments; also considers literary, intellectual and artistic accomplishments.

Credit Hours: 3 hrs

Prerequisite: one course in history

Last Updated: Links 04/2011

HIST 324 - Roman History

Examines the Romans' achievements from earliest times to the German conquest, focusing on the period 500 B.C.E.-C.E. 500. Emphasizes political, social and economic developments; also considers literary, intellectual and artistic accomplishments.

Credit Hours: 3 hrs

Prerequisite: one course in history

HIST 325 - History of Sexuality

A topical approach to the role that sex and sexuality has played in American history; topics include the family, gender, interracial relations, the birth control movement, origins of the gay community, politics of abortion, and sexually transmitted infections.

Credit Hours: 3 hrs

Cross-Listed with: WGST 325

Last Updated: Links 04/2011

HIST 326 - History and Geography of Modern Asia

An interdisciplinary geographical-historical study of modern Asia. The geography component emphasizes urban, demographic, occupational and environmental trends and developments; the history component stresses major political and social developments and international relations. A requirement for majors in the Japanese program in language and international trade.

Credit Hours: 3 hrs

Prerequisite: GEOG 110 and either HIST 103 or HIST 106

Last Updated: Links 04/2011

HIST 327 - Europe in Early Middle Ages 400-1050

Analyzes emergence of common European culture from fusion of Roman, Germanic and Christian elements. Includes examination of Merovingian and Carolingian culture, Anglo-Saxon Britain, Ottonian Germany, medieval Christianity and medieval women. Cultural institutions of Celts, Moslems and Vikings also explored.

Credit Hours: 3 hrs

HIST 328 - Europe in Late Middle Ages 1050-1400

Examines local feudalism and rise of French and English feudal monarchies. Special emphasis on crusades, medieval Christianity and heresy, women and Paris and Venice in late middle ages. Culture explored through extensive use of contemporary literature and art.

Credit Hours: 3 hrs

HIST 329 - Power, Place and Image in Florence and Rome

Students will travel to Florence and Rome where they will investigate the dynamics of political, social, and religious power, and the relationships between men and women that characterized life in these cities in the late Middle Ages and Renaissance eras. We will explore how political, social, and religious power and cultural values were expressed in monuments, palaces, city walls, churches, and works of art.

Credit Hours: 3 hrs

HIST 330 - Europe in the Renaissance and Reformation

A survey of the political, cultural, religious and economic history of Europe from the Italian Renaissance to the Peace of Westphalia.

Credit Hours: 3 hrs

HIST 332 - Modern Europe 1815-1919

A study of the development and conflicts of the national states of Europe from the Congress of Vienna to the Treaty of Versailles.

Credit Hours: 3 hrs

HIST 333 - Europe since 1919

A history of Europe since Versailles with emphasis upon the Communist, Fascist and Nazi revolutions and their impact on the world, the origins and outbreak of the Second World War, and the post-1945 era.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 335 - History of Women in Europe

A study of the history of women and views of women in western society from the 18th century to the present. Emphasizes the struggles, setbacks and achievements of the women's movements in the context of modern European history.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

Cross-Listed with: WGST 335

Last Updated: Links 04/2011

HIST 336 - History of Women in the United States and Great Britain, 1800 to the Present

A comparative study of the history of women in the United States and Great Britain. Examines the ideology of the nature and role of women, the history of women's lives, the impact of industrialization and the feminist movements of the 19th and 20th centuries.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

Cross-Listed with: WGST 335

Last Updated: Links 04/2011

HIST 338 - German History Since 1815

Considers unification and Empire, World War I, the Weimar Republic, the rise of National Socialism, World War II and postwar Germany.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 339 - Arab-Israeli Conflict

Course covers a major, ongoing issue in 19th- and 20th-century history, namely the conflicts between Arabs and Israelis in the Middle East.

Credit Hours: 3 hrs

Prerequisite: one course in history or one course in political science or department permission

HIST 341 - The Middle East, 1798 to the Present

A survey of the political, economic and social history of the Middle East, including Turkey and Iran, with emphasis on the growth of independence movements within the area.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 342 - North Africa, 1798 to the Present

A survey of the political, economic and social history of North Africa, Egypt and the Sudan, emphasizing the internal movements for independence from colonial powers.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 343 - Russia to 1855

A survey of political, economic and cultural trends in the history of Russia from Rurik to the death of Tsar Nicholas I, with special emphasis on the growth of tsarist absolutism.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 344 - Russia since 1855

A survey of the political, economic and diplomatic history of imperial Russia and the Soviet Union from the great reforms of the 1860s to the present.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 347 - Sub-Saharan Africa to 1885

The historical evolution of sub-Saharan African civilizations including their origins, interrelations and responses to European colonialism.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 348 - 20th-Century Africa

A detailed examination of black Africa's response to the historical experience of European colonialism, along with the evolution of those responses, forms and patterns applicable not only to Africa, but also to the entire non-Western world.

Credit Hours: 3 hrs

HIST 349 - South Africa, 1500-Present

Examines the evolution of a multi-racial society: the Khoisan foragers, Bantu agro-pastoralists, European colonists, mixed blood "coloreds" and Asian indentured immigrants. Explores capitalists development and race relations arising from the mineral revolution of the late 19th century. The emergence and operations of the policies of segregation and apartheid are covered completely.

Credit Hours: 3 hrs

Class Restrictions: Junior standing

HIST 350 - History of Canada

A survey of the development of Canada from prehistoric times to the present with an emphasis on social and economic topics.

Credit Hours: 3 hrs

HIST 352 - East Asia to 1800

A study of the history of China, Korea and Japan from ancient times to the beginning of the 19th century, stressing political, cultural and social developments and the dominant role of China.

Credit Hours: 3 hrs

Prerequisite: One history course

Previously Listed As: HIST 441

Last Updated: 7/7/2011

HIST 355 - Latin America: Colonial Period

Surveys the history of Spanish America and Portuguese America from the conquest to the independence era, stressing political, social and economic aspects.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 356 - Latin America: National Period

Surveys the history of Latin America from the independence era to the present, stressing political, social, intellectual and economic topics.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 360 - Civil War: Combat, Culture, and Place

A course that takes students to important Civil War sites as part of a wider exploration of the events related to the cause, conduct, and consequence of the American Civil War. This travel course emphasizes the experience of the common soldier and civilian during the Civil War, and provides the student the opportunity to conduct primary research at a major document repository.

Credit Hours: 3 hrs

Prerequisite: HIST 123 or HIST 124

Last Updated: Links 04/2011

HIST 362 - United States Urban History

The development of United States cities from the commercial town of colonial times to the industrial metropolis of today. Emphasizes urban economic activities, boss and reform politics, immigrant and racial minorities, and city and suburban expansion.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 364 - United States Military History

A study of the origins and developments of military institutions, traditions, and practices in the United States from the colonial period to the present, with attention given to the interrelationship between military history and political, social and economic conditions in the United States and the world. A requirement for cadets in ROTC programs.

Credit Hours: 3 hrs

Prerequisite: one course in history

HIST 365 - The Old South

The South from the colonial foundations to the formation of the Confederacy in 1861.

Credit Hours: 3 hrs

Prerequisite: HIST 123 or department permission

Last Updated: Links 04/2011

HIST 370 - History of American Sport

A study of American sports, recreation and leisure from the colonial period to the present day. The course discusses the role that sports has played in the development of American culture that participates in these activities. The course also examines the role of sport in defining social identities, gender roles, class distinctions, regional variations and statements of individual and collective achievement.

Credit Hours: 3 hrs

Prerequisite: HIST 123 or HIST 124

Last Updated: Links 04/2011

HIST 375 - Modern India

The development and maturing of British rule in India against the background of Indian culture. Examines the rise and development of Indian nationalism, the struggle for independence and the problems faced by India since 1947.

Credit Hours: 3 hrs

Prerequisite: one course in history

HIST 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: one course in history or department permission

HIST 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: one course in history or department permission

HIST 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

HIST 380 - American Colonies

A survey of American history from contact to the Seven Years' War; special attention will be paid to European exploration and settlement, relations between Native Americans and the colonists, gender, the origins of African American Slavery, and the maturation of American Society.

Credit Hours: 3 hrs

Prerequisite: HIST 123 or department permission

Last Updated: Links 04/2011

HIST 383 - The Age of Jackson

A study of the United States from the end of the War of 1812 through the Mexican War, with the major emphasis on the transportation revolution, sectionalism, the second American party system, "Manifest Destiny" and the social movements of the era.

Credit Hours: 3 hrs

Prerequisite: HIST 123

Last Updated: Links 04/2011

HIST 385 - Civil War and Reconstruction

A study of the United States from the Mexican War through the era of Reconstruction. Examines the sectional tensions leading to the Civil War; the political, social, military and economic aspects of the war; the problems of reconstruction and the rise of the solid South.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 387 - Cooperative Education in History

Four to six months of full-time employment in a business or industry chosen to provide practical experience in the student's major field. The program consists of one or two such work experiences alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: Admittance to program by application only; department permission

Class Restrictions: Junior standing

Major Restrictions: History and Social Studies Majors only

HIST 411 - England to 1689

The general history of England to the Revolution of 1688, with emphasis on its cultural and constitutional contributions to the modern world.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 412 - England 1689 to Present

England in the period of imperial expansion, its industrial and social revolutions and its transition into a modern socially minded nation.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Notes: A continuation of HIST411

Last Updated: Graduate Credit 07/2011

HIST 414 - The Automobile Industry and Modern America

An examination of the European and American origins of the automobile industry, the emergence of Michigan's dominant position in the industry, and the social, economic and general cultural influence that the automobile and the industry have exerted on 20th-century America.

Credit Hours: 3 hrs

HIST 415 - Sexual Communities in American History

This class addresses the history of sexuality and the development of communities based on sexual identity in the United States. Topics include the origins of scientific theories of sexuality, the development of social movements around sexual issues and social responses to sexual minorities.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: WGST 415

Last Updated: Approved for Graduate Credit 04/2012, effective Fall 2012; Links 04/2011

HIST 416 - American Environmental History

The history of the United States has in dramatic ways been a history of its inhabitants' relationships with the natural world. This course will examine how Americans, from the pre-Columbian period to the present, have perceived the natural world and acted on it and how that natural world has acted on them.

Credit Hours: 3 hrs

Prerequisite: (HIST 123 or HIST 124) or (BIO 107 or ESSC 107)

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 10/2011, effective Winter 2012; 03/2011, effective Spring 2011

HIST 424 - The United States from 1917 to 1941

A study of United States history from World War I through U.S. entry into World War II. The course covers foreign affairs, national government and politics, economic developments and social trends. World War I, modernization and cultural conflict of the 1920s and the Great Depression, and New Deal of the 1930s receive special attention.

Credit Hours: 3 hrs

Prerequisite: HIST 124 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

HIST 425 - The United States from 1941 to 1963

A study of United States history from entry into World War II to the death of President John F. Kennedy. The course covers national government and politics, foreign policy and social history of the American people. World War II diplomacy and home front; Cold War; Truman, Eisenhower and Kennedy administrations; Red Scare; civil rights; suburbanization; mass culture; and other postwar social and cultural trends receive special attention.

Credit Hours: 3 hrs

Prerequisite: HIST 124 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

HIST 426 - The United States from 1963 to the Present

A study of United States history from the presidency of Lyndon B. Johnson to the present. The course covers national government and politics, foreign policy and social history of the American people. The Great Society; Vietnam War; protest movements of the 1960s; Nixon administration and Watergate; economic, social and cultural trends of the 1970s and 1980s; the conservative resurgence; and the Reagan Revolution and its aftermath are among topics that receive special attention.

Credit Hours: 3 hrs

Prerequisite: HIST 124 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

HIST 427 - Europe from Absolutism to Revolution, 1648-1815

A political, social and cultural study of Europe from the Peace of Westphalia through the Napoleonic Era. Emphasizes the development of absolutism in France, constitutionalism in England, the Enlightenment and the French Revolution.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 435 - Italy since 1815

The political, social and economic development of Italy from the Congress of Vienna to the present. Emphasizes the unification movement, domestic and foreign problems of the 19th and 20th centuries, World War I and its effects, Mussolini and Fascism,

World War II and the new liberal republic.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 438 - Nazi Germany

An in-depth exploration of the National Socialist (Nazi) government of Germany and its policies. In addition to the Second World War and the Holocaust, due attention will be given to less well-known aspects of the Nazi period, such as the electoral strategies of the early Nazi movement; the sterilization and murder of the disabled by the National Socialist regime; and the impact of the Nazis' biological theories on the arts and culture in the Third Reich.

Credit Hours: 3 hrs

Last Updated: New Course 1/2013, effective Summer 2013

HIST 442 - Modern China

China from 1800 to the present: traditional Confucian China in crisis, impact of the West, reform and revolution. Republican China, the Communist revolution, China since 1949.

Credit Hours: 3 hrs

Prerequisite: one history course

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 443 - Modern Japan

Japan from 1800 to the present: collapse of the shogunate, 19th-century reforms, rise of the empire to great power status, defeat in World War II, postwar changes. Political, economic and cultural developments are considered.

Credit Hours: 3 hrs

Prerequisite: one course in history

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 444 - China and its Nomadic Neighbors

This course traces the evolution of relations between the Chinese empire and the peoples of northern and central Asia between 100 BCE-1700 CE. It will include the economics and geographical factors that influenced the interactions between sedentary Chinese and nomadic peoples.

Credit Hours: 3 hrs

Prerequisite: one course in history

Class Restrictions: Junior standing

HIST 450 - European Military History, 1815-1945

This course will examine the European art of war from Napoleon to the end of World War II. Topics include the Boer War, Russo-Japanese War, World War I, Spanish Civil War and World War II. A key question will be the role played by new

"hardware," such as rifles, machine guns and the tank.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 451 - History of the First World War 1914-1918

This course will offer a detailed look at the origins, course, and results of the so-called "Great War" from 1914-1918, a conflict better known today as the First World War. Special attention will be paid to the military campaigns of the war, with particular emphases on the role of the new industrial technology upon military tactics and operations.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 452 - Military History: Blitzkrieg to Desert Storm, 1940-2003

A study of warfare from the stunning German victory in the West in 1940 to the current U.S. War in Iraq. Topics include operational analysis of all the major armies that fought World War II; the Arab-Israeli Wars; the potentialities for a U.S. Soviet conflict in the decades after World War II; the problems encountered by the U.S. military in Vietnam; the post-Vietnam renaissance in U.S. military doctrine that culminated in Operation Desert Storm; and the U.S. reaction to 9/11 that resulted in Operation Iraqi Freedom.

Credit Hours: 3 hrs

HIST 456 - Europe since 1945

Study of the political, economic, social and diplomatic history of Europe since the end of World War II, with emphasis on the Cold War, economic recovery and decline, the European integration movement, solidarity and dissension within the communist bloc, stability and unrest within the democracies, and the impact of U.S.-Soviet detente.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 457 - History of Mexico

An introduction to Mexican history from the Amerindian period through the recent past. Examines political, social, economic and cultural developments in the area comprising the present day nation as well as those areas in North America once included in Mexico.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 461 - Foreign Relations of the United States

A survey of the foreign relations of the United States emphasizing the diplomacy of the period after the Civil War.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 463 - United States Labor History

A history of workers in the United States from colonial times to the present with special emphasis on developments occurring between 1820 and 1940. Considers working-class life and culture, labor unions, government-labor relations and the impact of economic change.

Credit Hours: 3 hrs

Prerequisite: one course in history

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 464 - The Old West, 1540-1890

A study of Spanish settlement, the fur trade, great explorations, settlement and expansion, transportation and mining frontiers, the cattle industry and cowboy culture, and the impact on the Indians.

Credit Hours: 3 hrs

Prerequisite: one course in history

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 465 - United States Constitutional History

A history of the development of the American Constitution from English and American colonial origins to the present.

Credit Hours: 3 hrs

Prerequisite: HIST 123 or HIST 124 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

HIST 468 - The American Mind to the Civil War

Ideas and culture in America during the 17th, 18th and early 19th centuries. Includes such subjects as Puritanism, the Enlightenment and Romanticism/Transcendentalism, together with their general cultural implications.

Credit Hours: 3 hrs

Prerequisite: HIST 123

Class Restrictions: Junior standing

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

HIST 471 - Social and Intellectual History of 19th-Century Europe

A detailed study of the original concepts of Europe's 19th-century intellectuals whose works were of major influence in the 19th and 20th centuries.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: one course in history or department permission

HIST 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: one course in history or department permission

HIST 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

HIST 480 - The American Revolution

A survey of the transformation of the colonies into the United States of America, with emphasis on British policies and colonial response, the military and diplomatic conduct of the War for Independence, and the impact of the independence on the thirteen states. Attention to historical interpretations will be stressed.

Credit Hours: 3 hrs

Prerequisite: HIST 123

Class Restrictions: Junior standing

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

HIST 481 - The Teaching of Social Studies

For intending teachers in junior and senior high schools. Examines the nature of the subjects included in social science in the public schools and the problems related to the teaching of history and other social studies. Not open to students on academic probation.

Credit Hours: 3 hrs

Prerequisite: CURR 305 and admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

HIST 482 - The Age of Washington and Jefferson

The formation of the new nation during the War for Independence, the creation of the Constitution, the Federalist era, the Republican administration through Madison's term in office, the War of 1812 and postwar diplomacy.

Credit Hours: 3 hrs

Prerequisite: HIST 123 or equivalent

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

HIST 486 - The United States as an Emerging World Power

The passing of the frontier after the Civil War, the Industrial Revolution, the big city and its problems, Populist revolt and Progressive reform, Imperialism and World War I.

Credit Hours: 3 hrs

Prerequisite: HIST 123, HIST 124 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 488 - Internship

Credit Hours: 3 hrs

HIST 489 - Internship

Credit Hours: 3 hrs

HIST 490 - Senior Seminar

A capstone experience for students completing the History Major. Students will complete a major research project and explore comparative, synthetic, and/or innovative historical themes. The specific topic of the course will vary based on the expertise of the instructor.

Credit Hours: 3 hrs

Prerequisite: HIST 300W

Major Restrictions: History Major and Minor

Course Revisions: Approved for General Education as a Writing Intensive course 10/2013, effective Winter 2014

Last Updated: New Course, 4/2013, effective Winter 2014

HIST 497 - Independent Study

Study on an individual basis in areas in which the department does not currently offer formal courses. These courses are restricted to highly proficient students. Students are limited to a maximum of three hours of independent study in history during any semester or session.

Credit Hours: 1 hr

Prerequisite: department permission

HIST 498 - Independent Study

Study on an individual basis in areas in which the department does not currently offer formal courses. These courses are restricted to highly proficient students. Students are limited to a maximum of three hours of independent study in history during any semester or session.

Credit Hours: 2 hrs

Prerequisite: department permission

HIST 499 - Independent Study

Study on an individual basis in areas in which the department does not currently offer formal courses. These courses are restricted to highly proficient students. Students are limited to a maximum of three hours of independent study in history during any semester or session.

Credit Hours: 3 hrs

Prerequisite: department permission

HIST 543 - Nationalism and Modernization in the Middle East and North Africa

The development of nationalism and modernization in the Middle East and North Africa from World War I to the present; political and social changes occurring in this developing area.

Credit Hours: 3 hrs

Notes: This is a graduate course in an undergraduate program.

HIST 547 - 19th Century Ideological Background of the Russian Revolution

Russian thought from the accession of Nicholas I (1825) until the Bolshevik Revolution. Major themes to be treated are the Slavophiles and Westernizers, socialism, anarchism, nihilism, populism, liberalism and conservatism.

Credit Hours: 3 hrs

Prerequisite: one course in modern European history
Notes: This is a graduate course in an undergraduate program.

HIST 550 - 20th Century Russia

Political, diplomatic, social and cultural developments in Russia from 1894 to the present.

Credit Hours: 2 hrs
Notes: This is a graduate course in an undergraduate program.

HIST 555 - Studies in Far Eastern History

Study of selected eras and topics in Far Eastern history. The topic selected will be announced in the time schedule.

Credit Hours: 2 hrs
Prerequisite: one course in Far Eastern history
Notes: This is a graduate course in an undergraduate program.

HIST 560 - Studies in Latin American History

An intensive investigation of selected political, economic, social and cultural topics in Latin American history. The specific topics and chronological coverage are announced in the class schedule.

Credit Hours: 2 hrs
Notes: This is a graduate program in an undergraduate program.

Philosophy

PHIL 100 - Introduction to Philosophy (Gen Ed Area IV)

An introduction to philosophy by the study of important philosophical thinkers, problems and methodologies.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 100 Introduction to Philosophy

For at least the preceding 2500 years, philosophical reflection has extended to all aspects of life, from politics, art and morality, to the very nature of knowledge and of existence itself. This course introduces students to the methods and strains of philosophical thinking that underlie the full range of human experience. Through the analysis of original philosophical texts, as well as the rich tradition of commentary on those texts, students in this course explore such fundamental questions as "What is the nature of truth?", "What is the ultimate nature of existence, e.g., is everything physical?", "How may a society best achieve justice?", and "What should be the role of art in our lives?". Introduction to Philosophy is also a skills course in that the serious investigation of issues such as those just listed enhances the analytic and critical skills required to address the intellectual and other challenges that inevitably complicate, and enrich, the lives of thoughtful human beings.

PHIL 110 - Philosophies of Life (Gen Ed Area IV)

An introduction to differing accounts of what constitutes a meaningful life and how an individual can attain it. Representative topics include the notions of pleasure, love, empathy and power as discussed by such writers as Plato, Epicurus, Nietzsche, Lao Tse and Buddha.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 110 Philosophies of Life

The traditions and methodology of philosophy can be introduced by the study of any of a number of specific fields within philosophy. This course, by probing the meaning of life, introduces students to the major methods and areas of philosophical thinking. This course permits students to study philosophical texts from around the world as well as the rich tradition of commentary on these texts. As an introduction to the discipline of philosophy, this course provides students with the opportunity to learn what the discipline of philosophy provides to one's overall intellectual development. More generally, its method is critical and analytical reasoning- habits of mind that everyone needs - and it addresses some of the most fundamental concepts in human

thought- the nature of human reality , the meaning of life, and the life well-lived. Both the skills and concepts addressed in this course help students in their educations, careers and personal lives.

PHIL 120 - Introduction to Critical Reasoning (Gen Ed Area IV)

An introduction to the techniques of identifying and evaluating arguments. The emphasis will be on the enhancement of reasoning skills through the study of arguments in their natural setting in newspapers, political speeches, advertising, etc. The course also may include such related topics as fallacies, inductive reasoning and the logic of explanation in the social sciences.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 120 Introduction to Critical Reasoning

Critical reasoning is the methodology of philosophy, and philosophy is one of the central disciplines of the humanities. Critical reasoning is useful to everyone. it is the primary method used to analyze and evaluate the information we encounter daily. In this course, students learn to analyze written text from a variety of sources, to distinguish rhetoric from reason, and to distinguish good reasoning from bad. They are given opportunities to critique persuasive text from the history of philosophy to the rhetoric of talk television and to create arguments that stand up to vigorous critique. PHIL 120 *Introduction to Critical Reasoning* introduces students to philosophy by way of critical reasoning.

PHIL 130 - Introduction to Logic

An introduction to the analysis of arguments using the theory and techniques of formal logic. The theory underlies most formal systems, including computer applications. Students learn such concepts as deduction and induction and how to prove that arguments are valid or invalid.

Credit Hours: 3 hrs

PHIL 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

PHIL 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

PHIL 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

PHIL 181 - Logic and Model Theory (Gen Ed Area III)

This course is designed to teach students the methods and principles of mathematical and philosophical logic, both deductive and inductive. Students will learn model theory, natural deduction, formal methods of proof and the methods and principles of inductive logic and probability.

Credit Hours: 3 hrs

Last Updated: Gen Ed 11/2011

PHIL 212 - Philosophy of Art (Gen Ed Area IV)

Can "art" be defined? Do artists owe a responsibility to society? Should works of art be primarily analyzed as "significant form" or as an expression of the artist's personality? Can we isolate a uniquely "aesthetic" attitude? Through considering such questions, the course introduces the student to philosophical reasoning and analysis.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 212 Philosophy of Art

In this course, students are introduced to a number of "theories of art" deriving from the Western Philosophical tradition, beginning with Plato's "Imitation Theory." Questions such as, "What makes something a work of art?", "What are the proper standards for judging works of art?", and, "What is the relation of art to the rest of society?," are explored. Through the study of competing answers to these and related questions, students learn about and learn to apply, the reflective and critical methodologies of Western Philosophy, e.g., conceptual analysis, criteria for the evaluation of explanatory theories and an array of critical thinking skills.

PHIL 215 - Philosophy of Religion (Gen Ed Area IV)

A philosophical study of the nature, goals and proper function of religion. Some possible topics are traditional arguments for the existence of God, grounds for disbelief in God, immortality, religious experience, the nature of religious language, the relation of science to religion, the role of faith and revelation, the connection between religion and ethics.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 215 Philosophy of Religion

Philosophy of Religion is an introduction to philosophy through the study of various aspects of religious belief, many of which have a direct bearing on the lives we choose to live. PHIL 215 *Philosophy of Religion* fulfills the humanities requirement of the *Knowledge of the Disciplines* category of the General Education Program because it is an introduction to the discipline of philosophy which enables students to discover what and how the content and methods of philosophical inquiry contribute to ones overall intellectual development. Generally, philosophic method develops ones critical reasoning abilities- skills transferable to many areas of ones life= and the philosophy of religion, in particular, applies these skills to some of the fundamental concepts involved in religious belief: whether God exists, and what difference our answer to this question plays in decisions we make regarding how we live our life.

PHIL 220 - Ethics (Gen Ed Area IV)

An introduction to the basic ethical theories and ethical problems in the Western philosophical tradition. Such problems may include: the nature of value, the justification of ethical decisions, the idea of obligation and the concept of human rights. Applications of ethical theory to specific ethical issues may concern both personal relationships and important contemporary issues.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 220 Ethics

PHIL 220 *Ethics* is an introduction to philosophy through the study of ethics, the area of philosophy that examines morality- right and wrong, good and evil, and the good life. This course introduces basic ethical theories from the Western philosophical tradition, comparing and contrasting their positions on contemporary moral issues. PHIL 220 *Ethics* fulfills the Humanities requirement of the Knowledge of the Disciplines category of the General Education Program because it is an introduction to the discipline of philosophy provides to ones overall intellectual development. more generally, its method is critical reasoning - a habit of mind that everyone needs- and it addresses some of the most fundamental concepts in human thought- the right and the good. Both the skills and concepts addressed in this course help students in their educations, careers and personal lives.

PHIL 221 - Business Ethics (Gen Ed Area IV)

A consideration of ethical questions regarding business practices in a global environment. Students will be introduced to ethical theory and critical reasoning. They will use these tools to critically examine the market system itself, as well as practices of multinational business. Students will explore the ethical responsibilities of corporations with regard to employees, consumers and other stakeholders.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 221 Business Ethics

PHIL 221 introduces students to the practices, methodologies and fundamental assumptions of philosophy through the study of global business ethics. Ethics is the area of philosophy that examines morality, and business ethics applies ethical theory to specific problems involving businesses. Students will formulate questions about the role of business in the world and its ethical responsibilities to employees, consumers and other stakeholders. PHIL 221 is a general education course because it is an introduction to philosophy through the study of global business ethics. It gives students the opportunity to learn what the study of philosophy provides to ones intellectual development. The methodology of the course is critical reasoning- a habit of mind that everyone needs- and the course addresses some of the most fundamental concepts in human thought- the right and the good. Both the skills and concepts addressed in this course help students in their educations, careers and personal lives.

PHIL 223 - Medical Ethics (Gen Ed Area IV)

An examination of the relationships between contemporary values in the medical profession and traditional ethical values. Students will investigate various ethical theories and critically examine controversial issues in medicine.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 223 Medical Ethics

PHIL 223 introduces student to the practices, methodologies and fundamental assumptions of philosophy through the study of

medical ethics. Ethics is the area of philosophy that examines morality and medical ethics applies ethical theory to specific ethical problems within the practice of medicine. PHIL 223 is a general education course because it is an introduction to philosophy through the study of medical ethics. It gives students the opportunity to learn what the study of philosophy provides to ones intellectual development. The methodology of the course is critical reasoning - a habit of mind that everyone needs- and the course addresses some of the most fundamental concepts in human thought- the right and the good. Both the skills and concepts addressed in this course help students in their educations, careers and personal lives.

PHIL 224 - Ethics and Food (Gen Ed Area IV)

This course is an introduction to ethical issues involving food, its production and its distribution. After studying several ethical theories, students will apply those theories to food related ethical issues. Students will examine the industrialization of food production, the organic movement, the push for locally grown food, and the issue of global food distribution.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 224 Ethics and Food

PHIL 224 Ethics and Food introduces students to the practices, methodologies and fundamental assumptions of philosophy through the study of ethics and the application of ethics to our food choices. Whether we know it or not, every food choice we make has ethical implications. Ethics is the are of philosophy that examines morality, and *Ethics and Food* applies ethical theory to specific ethical problems surrounding food. PHIL 224 *Ethics and Food* is an introduction to philosophy through the study of ethics. It gives student to opportunity to learn what the study of philosophy provides to ones intellectual development. The methodology of the course is critical reasoning - a habit of mind that everyone needs - and the course addresses some of the most fundamental concepts in human thought- the right and the good. Both the skills and concepts addressed in this course help students in their educations, careers and personal lives.

Last Updated: Updated Gen Ed 03/2012

PHIL 225 - Political Philosophy (Gen Ed Area IV)

Examines the philosophical bases of political ideology and theory through analysis of a variety of political theories, their component parts, and their basic assumptions. Examples may be taken from the works of such writers as Plato, Aristotle, Hobbes, Locke, Rousseau, Mussolini, Marx and Thoreau.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 225 Political Philosophy

Political philosophy is an area within the discipline of philosophy that examines concepts such as: the nature and extent of legitimate political authority, how to define political subjects and activities, theories of human nature, freedom, justice, equality, citizenship, power and the relationship between morality and the law. This course is a general education course in the Knowledge of the Disciplines, Humanities category, because it provides an introduction to the discipline of philosophy, its methodology and its contribution to the body of human knowledge. Students will acquire skills of critical reasoning and develop skills for evaluating and creating substantive arguments to support philosophical postilions. Developing such skills is central to the process of higher-education. Moreover, such skills will serves students throughout their educations across all disciplines, in their careers or in pursuing graduate or professional degrees, and in exercising their civic duties.

PHIL 226 - Feminist Theory (Gen Ed Area III, IV)

A consideration of philosophical issues concerning the nature and status of women. Readings from both traditional and contemporary sources. Topics may include scientific and religious views, the ideal society and women's place in it, varieties of feminism, views on sexuality, family and reproduction, and work and the economy.

Credit Hours: 3 hrs

Cross-Listed with: WGST 226

Area III: Perspectives on a Diverse World

PHIL 226 Feminist Theory [was PHIL/WMST226]

Gender is one of the principal characteristics determining identity and life experience for human beings. This course takes a philosophical approach to gender, examining beliefs about women and men from a wide variety of cultural and political perspectives. We consider both traditional justifications of the differential treatment of women and men in such institutions as marriage and family, as well as theories that challenge these traditional views. *PHIL226 Feminist Theory* fulfills the Global Awareness requirement of the General Education Program because it considers a wide range of practices and beliefs about gender from across the globe, with an emphasis on the intellectual and ethical complexities of understanding and judging gendered practices in cultures other than our own. Gender is one of the principal characteristics determining identity and life experience for human beings. This course takes a philosophical approach to gender, examining beliefs about women and men from a wide variety of cultural and political perspectives. We consider both traditional justifications of the differential treatment of women and men in such institutions as marriage and family, as well as theories that challenge these traditional views. This course is a general education course in the knowledge of the disciplines because it provides an introduction to the discipline of philosophy through the concept of gender, its methodology and its contribution to the body of human knowledge. Students will acquire skills or critical reasoning and develop skills for evaluating and creating substantive arguments to support philosophical positions. Developing such skills is central to the process of higher-education. Moreover, such skills will serve students throughout their educations across all disciplines, in their careers or in pursuing graduate or professional degrees and in exercising their civic duties.

Area IV: Knowledge of the Disciplines

PHIL 226 Feminist Theory [was PHIL/WMST 226]

Gender is one of the principal characteristics determining identity and life experience for human beings. This course takes a philosophical approach to gender, examining beliefs about women and men from a wide variety of cultural and political perspectives. We consider both traditional justifications of the differential treatment of women and men in such institutions as marriage and family, as well as theories that challenge these traditional views. This course is a general education course in the knowledge of the disciplines because it provides an introduction to the discipline of philosophy through the concept of gender, its methodology, and its contribution to the body of human knowledge. Students will acquire skills of critical reasoning and develop skills for evaluating and creating substantive arguments to support philosophical positions. Developing such skills is central to the process of higher-education. Moreover, such skills will serve students throughout their educations across all disciplines, in their careers or in pursuing graduate or professional degrees and in exercising their civic duties.

PHIL 228 - Global Ethics (Gen Ed Area III, IV)

An exploration of major ethical traditions from around the world in their application to particular moral issues such as reproduction, the environment, war, punishment, human rights, development, biomedical issues and euthanasia.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

PHIL228 Global Ethics

Philosophy is one of the fundamental disciplines of the Humanities. The traditions and methodology of philosophy can be introduced by the study of any a number of specific fields within philosophy. *PHIL228 Global Ethics* is an introduction to philosophy through the study of ethics, the area of philosophy that examines morality - right and wrong, good and evil, and the good life. This course focuses on a wide range of ethical systems from around the world, comparing and contrasting their positions on contemporary moral issues. *PHIL228 Global Ethics* fulfills the Humanities requirement of the knowledge of the disciplines category of the General Education Program because it is an introduction to the discipline of philosophy that provides students the opportunity to learn what the discipline of philosophy provides to one's overall intellectual development. More generally, its method is critical reasoning, a habit of mind that everyone needs, and it addresses some of the most fundamental concepts in human thought, the right and the good. Both the skills and concepts addresses in this course help students in their educations, careers and personal lives.

Area IV: Knowledge of the Disciplines

PHIL 228 Global Ethics

Philosophy is one of the fundamental disciplines of the humanities. PHIL 229 - Environmental Ethics (Gen Ed Area IV)

A course addressing ethical and other philosophical issues concerning the environment. The course introduces philosophical perspectives on the environment from a variety of traditions and perspectives, and applies these perspectives to such issues as climate change, animals rights, preservation, pollution, sustainability, population, energy and future generations.

Credit Hours: 3 hrs

Last Updated: Gen Ed Approval 11/2011, effective Fall 2011; New Course 03/2011, effective Spring 2011

PHIL 260 - Existentialism (Gen Ed Area IV)

An examination of contemporary existentialist thought about the nature of reality and human existence as reflected in the works of such philosophers as Marcel, Heidegger, Sartre and Camus and the sources of existentialism as found in the works of Kierkegaard and Nietzsche.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 260 Existentialism

This course is an introduction to philosophy by the study of Existentialism. Existentialism explores major topics in the field of philosophy: the nature of humanity, the possibilities of human freedom, the meaning of life and the nature of reality. Existentialism is a story of significant philosophical rebellions, united by common themes throughout the nineteenth and

twentieth centuries. In the quest to redefine human nature and human freedom, existential texts challenge the authority of Judeo-Christian religion, traditional views of the laws of nature, conventional and philosophical notions of truth and the notion of objective morality. Students study the social context of these philosophical rebellions and discover the ways that existentialism continues to transform society by its persistent challenge to ideological authority and to mass social movements. The traditional method of philosophy, critical and analytical reasoning is taught in this course. Students develop habits of mind and writing skills that enable them to develop and critique philosophical arguments.

PHIL 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

PHIL 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

PHIL 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Last Updated: Removed Gen Ed 03/2012

PHIL 281 - Symbolic Logic

An introduction to the notation and proof procedures of symbolic logic with emphasis upon the clarification and development of the notion of a formal language.

Credit Hours: 3 hrs

PHIL 291 - Introduction to Asian Philosophy (Gen Ed Area III)

This course is an overview of the rich philosophical traditions of South and East Asia. The course will introduce a number of major philosophers, texts, and movements across Hindu, Buddhist and Chinese/Japanese Traditions.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

PHIL291 Introduction to Asian Philosophy

Rationale for inclusion in Global Awareness: Global awareness courses are designed to expose students to issues influencing diverse cultures around the world. In this course, we will go beneath specific issues to address the very foundations of cultures. Specific issues within a culture arise within a specific cultural milieu and this milieu stands on philosophical foundations that distinguish it from other cultures. We will isolate the philosophical presuppositions of a variety of Asian cultures, focusing on

their assumptions about the make-up of the world, how human beings fit into this make-up, how knowledge is formed within this framework, what the optimal goals of the human being are, and how, based on these presuppositions, human beings should best act in the world in order to achieve their goals. It will be important to discern how these philosophical foundations can play a role when covering specific contemporary issues and the roles they play when two cultures with contrasting philosophical foundations meet. Introduction to Asian Philosophy provides students with the opportunity to study the foundational cultures of several Asian societies. These cultures are based on philosophical assumptions that differ radically and in important ways form the common assumptions that people from other cultural traditions bring to living in the world. By understanding these philosophies, students will achieve both a foundational knowledge of the cultures and a sensitivity to diverse points of view. We will directly engage the texts of these traditions, which are broadly: Hinduism, Buddhism, Confucianism and Daoism.

PHIL 310W - Aesthetics (Gen Ed Area I, W)

A study of philosophical issues relating to works of art and other aesthetic objects. Possible topics include the nature of aesthetic attitude, evaluation, aesthetic meaning and truth, expression in art, the nature of a work of art and basic value of art, the kinds of concepts used to talk about the arts.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130

Last Updated: Links 04/2011

PHIL 325W - Theory of Knowledge (Gen Ed Area I, W)

An investigation of the nature, scope and limits of knowledge. Some possible topics are the connection between belief and knowledge, knowledge of other people's minds, the reliability of memory, the possibility of certainty in knowledge, theories of truth.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130; recommended: PHIL 330W or PHIL 331W

Last Updated: Links 04/2011

PHIL 326W - Philosophy & Sexuality

This course applies philosophical methods to ethical, political, and conceptual questions related to sexual preference and identity, including: What is the ethical status of homosexuality? Should same sex marriage be legal? What groups does/should "LGBT"(etc)"seek to identify? Who is "queer"? What is the relation between feminism and the liberation of sexual minorities?

Credit Hours: 3 hrs

Prerequisite: One PHIL course excluding PHIL 120 and PHIL 130

Cross-Listed with: WGST 326W

Last Updated: Gen Edu Approved 12/2012, effective Winter 2013; New Course 11/2012, effective Winter 2013

PHIL 330W - History of Philosophy: Ancient (Gen Ed Area I, W)

A study of important philosophical developments in western thought from the pre-Socratics through Aristotle. Covers the pre-Socratics, Socrates, Plato and Aristotle.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130

Last Updated: Links 04/2011

PHIL 331W - History of Philosophy: Modern (Gen Ed Area I, W)

A study of important philosophical developments in Europe from the Renaissance to the early 19th century. Covers such figures as Descartes, Spinoza, Leibnitz, Hobbes, Locke, Berkeley, Hume and Kant.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130

Last Updated: Links 04/2011

PHIL 332W - History of Philosophy: 19th Century (Gen Ed Area I, W)

An introduction to the major philosophical themes of the 19th century that dominate 20th century European thought. These themes include the collapse of German Idealism and Romanticism, the death of God, the nature of historical process, evolutionary theory and the implications of these themes for the concept of human freedom.

Credit Hours: 3 hrs

Prerequisite: one course in philosophy other than PHIL 120 or PHIL 130; recommended: PHIL 330W or PHIL 331W

Last Updated: Links 04/2011

PHIL 355W - Philosophy of Law (Gen Ed Area I, W)

A consideration of philosophical questions about the law such as: What sorts of behavior should be illegal? What is punishment supposed to accomplish? When are we justified in punishing a person? How do judges arrive at decisions? Are there really legal principles that cover all the hard cases judges must deal with or do they use their own personal moral values? What is a legal system and how does it differ from a moral code?

Credit Hours: 3 hrs

Last Updated: Links 04/2011

PHIL 370W - Philosophy and Narrative (Gen Ed Area I, W)

This course will focus on philosophical issues relevant to one or more of the following topic areas: philosophical issues in literature and film, theories of drama and performance, the politics of narrative, and recent hermeneutical theory.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130; recommended: PHIL 260, PHIL 332W or PHIL 390W

Last Updated: Links 04/2011

PHIL 375W - Metaphysics (Gen Ed Area I, W)

A study of questions concerning basic structure and ultimate nature of reality. Possible topics include universals and particulars, space and time, determinism and freedom, the self, materialism, idealism, substance and process.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130

Last Updated: Links 04/2011

PHIL 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

PHIL 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PHIL 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PHIL 390W - Phenomenology (Gen Ed Area I, W)

The course attempts to trace the history and development of the phenomenological movement from its origins in the notion of the intentionality of consciousness, beginning with the work of Edmund Husserl and continuing with the later "existential" developments in the field by such thinkers as Heidegger, Sartre and Merleau-Ponty. The course also will study the impact of phenomenology on such varied fields as psychology, sociology and literature.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130; recommended: PHIL 331W or PHIL 260

Last Updated: Links 04/2011

PHIL 391W - Early Chinese Philosophy (Gen Ed Area I, W)

This course is an in-depth study of the major Chinese philosophical texts, which were seminal with regard to the subsequent 2000 years of Chinese thought and culture and which are still relevant to contemporary philosophical concerns. Possible texts include: Sunzi's Art of War, the Yijing, Confucius' Analects, Laozi Daodejing, Zhuangzi, Mencius and Xunzi.

Credit Hours: 3 hrs

Previously Listed As: Philosophy of Early China

Rationale: Students will complete frequent, short writing assignments tied to daily reading assignments, and two of those short writing assignments will be expanded into longer term papers. In the writing assignments, students will pose and answer questions regarding the content of the readings. Students will have the opportunity to also present these questions and answers orally in class and will choose from among these issues for development into standard analytic expository essays, which will also be presented in summary form orally in class.

Historically, there are many kinds of philosophical writing, from analytical essays, to aphorisms, to dialogues, but only one kind is generally accepted in academic circles today: defending a thesis. There are many kinds of these, such as interpreting a concept, refuting an argument in print elsewhere, offering a new perspective on a controversy or concept, and problematizing a generally accepted viewpoint or presupposition. In this class, students will work on the process of developing and defending a thesis.

Last Updated: 2/11/11; effective Fall 2011

PHIL 420W - Ethical Theory

A systematic study of different approaches to ethical theorizing focused primarily on the Western philosophical tradition. Specific topics may include: the objectivity, rationality, and authority of ethical norms; theories of what is good and why; accounts of moral standing; varieties of consequentialism and deontology; neo-Kantian and contractualist views; virtue theory; feminist ethics; existentialist ethics.

Credit Hours: 3 hrs

Prerequisite: Two courses in philosophy other than PHIL 120 or PHIL 130

Previously Listed As: PHIL 420

Last Updated: Writing Intensive Credit 2/2013, effective Summer 2013; New Course 1/2013, effective Summer 2013

PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W)

An examination of gender and its relationship to other issues from a philosophical perspective. Possible topics include rationality, sexuality, aesthetics, ethics and political theory.

Credit Hours: 3 hrs

Prerequisite: Two courses in philosophy other than PHIL 120 or PHIL 130

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: WGST 426W

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHIL 429W - Topics in Environmental Philosophy

An advanced course that explores the philosophical aspects of topics related to nature, the environment, and/or animal life. Possible topics include: justice and the environment, ethical aspects of climate change, sustainability, conceptions of nature, the human place in nature, the philosophy of ecological restoration, and/or animals.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

PHIL 429W Topics in Environmental Philosophy

This course is a writing intensive course in the philosophy program. Students will compose at least two essay exams and write a substantial philosophical paper. The essay exams will be devoted to understanding and critiquing arguments put forward by the

authors studied in class. The substantial paper is a reasoned defense of a thesis. To fulfill the requirements of the paper, students will choose an issue with clear philosophical significance relating to the content of the course, formulate a thesis with respect to the issue, and defend that thesis.

A writing intensive course in philosophy offers students a unique opportunity to hone their analytical skills and to refine their capacity for self-expression through writing. The capstone term paper for this course provides a context for students to penetrate beyond superficial analyses of philosophical problems and to sort out their own view on some interesting, and often difficult, questions and problems. Although it takes many years to achieve deep understanding of philosophical questions and problems, this course is intended to provide a supportive context for students to make meaningful progress toward that goal.

Last Updated: Gen Ed Approval 08/2012, effective Winter 2013; New Course and Graduate Credit 03/2012

PHIL 442W - Philosophy of Mind (Gen Ed Area I, W)

A philosophical study of the nature of mind. Examines the logical relations among mental concepts such as consciousness, choice, intention, emotion, feeling, the unconscious; also treats human action, and the possibility and meaning of an adequate explanation of psychological phenomena.

Credit Hours: 3 hrs

Prerequisite: Two courses in philosophy other than PHIL 120 or PHIL 130

Last Updated: Links 04/2011

PHIL 460W - Philosophy of Language (Gen Ed Area I, W)

An examination of the philosophically important aspects of language. Possible topics include theories of meaning, analysis of referring and predication, the relation between language and reality, analysis of vagueness and metaphor, the role of language in philosophical method, the relation between language and necessary truth.

Credit Hours: 3 hrs

Prerequisite: Two courses in philosophy

Last Updated: Links 04/2011

PHIL 470W - Twentieth Century European Philosophy (Gen Ed Area I, W)

An exploration of recent developments in European thought. Possible topics include post-structuralist evaluations of Western institutions and ideas, post-Marxist critical theory, the hermeneutic effort to establish interpretation as the basis of philosophical understanding, and the effect of deconstructive thought on philosophy and literature.

Credit Hours: 3 hrs

Prerequisite: two courses in philosophy other than PHIL 120 or PHIL 130; recommended: PHIL 332W, PHIL 260 or PHIL 390W

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHIL 471W - Early Analytic Philosophy (Gen Ed Area I, W)

An examination of some of the major philosophical developments in England and the United States since approximately 1900. Considers logical atomism, logical positivism, pragmatism and ordinary language philosophy as reflected in the works of such philosophers as Russell, Carnap, Ayer, James, Dewey, Ryle, Austin, Quine and Wittgenstein.

Credit Hours: 3 hrs

Prerequisite: two courses in philosophy other than PHIL 120 or PHIL 130; recommended: PHIL 331W

Last Updated: Links 04/2011

PHIL 475W - Philosophy of Mathematics (Gen Ed Area I, W)

This course focuses on philosophical issues in mathematics. What, if anything, is mathematics about? Are there mathematical truths? If so, how can we know them? What is the correct methodology of mathematics? Are the principles of mathematics independent of mind and language? Students will read both classic and contemporary works in the philosophy mathematics.

Credit Hours: 3 hrs

Prerequisite: PHIL 130, PHIL 281, or department permission

Last Updated: Links 04/2011

PHIL 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

PHIL 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PHIL 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PHIL 480W - Philosophy of Science (Gen Ed Area I, W)

A systematic examination of the main philosophical problems raised by the results and methods of the physical and social sciences. Topics include the problem of meaning, measurement, the interpretation of probability statements, the justification of induction, the concept of cause, the laws of nature, description and explanation, determinism and indeterminism.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130; recommended: PHIL 325W

Previously Listed As: PHIL 380W - Philosophy of Science

Last Updated: Course Number Change 02/2012, effective Fall 2012; Links 04/2011

PHIL 481W - Philosophy of the Life Sciences

This course will focus on philosophical issues relevant to one or more of the following topic areas: the concepts and methods of the Life Sciences (e.g. Biology, Psychology, and Environmental Sciences), the biological possibility of altruism, the nature of selection, whether there are biological laws, whether there are psychological laws, the nature of empathy, the reducibility of mental phenomena, and the nature of explanation, justification, and methods of inquiry in the life Sciences.

Credit Hours: 3 hrs

Prerequisite: Two courses in Philosophy other than PHIL 120 or PHIL 130.

Last Updated: New Course and Gen Edu Approved 12/2012, effective Summer 2013

PHIL 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course. Restricted to juniors and seniors majoring or minoring in philosophy.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

PHIL 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course. Restricted to juniors and seniors majoring or minoring in philosophy.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PHIL 499 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course. Restricted to juniors and seniors majoring or minoring in philosophy.

Mathematics Programs and Courses

Mathematics

Major

Actuarial Science and Economics Major - Mathematics

Actuarial science and economics is a joint program of the Mathematics and Economics departments. In addition to following a prescribed series of courses, students are expected to pass the first two actuarial examinations. The examinations are sponsored by leading actuarial societies and administered in numerous U.S. locations. MATH 372 and MATH 472 are designed to prepare students for these examinations.

All majors must meet with the undergraduate advising coordinator in the Department of Mathematics to fill out a program sheet before graduation. At least 15 credit hours in the program at the 300 level or above must be taken at Eastern Michigan University.

Mathematics Department Information:

Department Head: Christopher Gardiner
Department Contact: cgardiner@emich.edu
Website: www.emich.edu/math/

Advisor Information:

Program Advisor: John Curran
Email: jcurran3@emich.edu
Phone: 734.487.1444

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 61 hours

Required Courses: 12 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs

One course from the following:

- COSC 111 - Introduction to Programming 3 hrs
- COSC 120 - Computational Principles for Mathematics and the Sciences 3 hrs

One course from the following:

- ECON 361 - Financial Economics 3 hrs
- FIN 350 - Principles of Finance 3 hrs

Required Mathematics Courses: 25 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 370 - Probability and Statistics I 3 hrs
- MATH 372 - Problems in Actuarial Studies I 2 hrs
- MATH 471 - Probability and Statistics II 3 hrs
- MATH 472 - Problems in Actuarial Studies II 2 hrs

Required Economics Courses: 18 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ECON 411 - Intermediate Macroeconomic Analysis 3 hrs
- ECON 412 - Intermediate Microeconomic Analysis 3 hrs
- ECON 405 - Economic Analysis for Business 3 hrs
- ECON 415 - Introduction to Econometrics 3 hrs

Restricted Elective Courses: 6 hours

Any combination of electives from:

- Courses at the 300-level or above in mathematics
- ECON 340 - Money and Banking 3 hrs
- ECON 445W - Economic Fluctuations and Forecasting 3 hrs
- ECON 455W - Cost-Benefit Analysis (Gen Ed Area I, W) 3 hrs

Minor Requirements:

This program does not require a minor.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Course Rotation Schedule

Click [here](#) to access the Course Rotation Schedules page for the courses required for this program.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Elementary Education Mathematics Major

Elementary Teacher Certification

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. This program of study meets all requirements of the National Council of Teachers of Mathematics. At least nine hours of the major must be completed at Eastern Michigan University. The Michigan Test for Teacher Certification (MTTC) covering this Certification, is Elementary Education test #103.. The endorsement test for Mathematics Elementary is MTTC #089.

Phone Number for Advisors: 734.487.1444

General Education Requirements:

For specific requirements refer to the General Education Program.

Liberal Arts Major Requirements: 48 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Note: Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 313 - Michigan History 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

One course from the following:

- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Content Requirements: 30 hours

Required Courses: 22 hours

- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 210 - Algebra for Elementary/Middle School Teachers 3 hrs
- MATH 240 - Geometry for Elementary/Middle School Teachers 3 hrs
- MATH 301 - Advanced Topics in Elementary Mathematics 3 hrs

One of the following:

- * MATH 401 - Mathematics and Its History for Elementary/Middle School Teachers 3 hrs
- * MATH 403 - Current Research in Elementary School Mathematics 3 hrs

Restricted Elective Courses: 8 hours

Eight hours from the following, with at least three hours at the 300-or 400-level:

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 118 - Linear Models and Probability (Gen Ed Area II) 3 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs

- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- MATH 382 - Technology in the Mathematics Classroom 3 hrs
- * MATH 401 - Mathematics and Its History for Elementary/Middle School Teachers 3 hrs
- * MATH 403 - Current Research in Elementary School Mathematics 3 hrs

Course Rotation Schedule

Click [here](#) to access the Course Rotation Schedules page for the courses required for this program.

Professional Elementary Education Sequence

Pre-Admission Phase: The Learner and the Community: 11 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment, and the Social Context: 18 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** EDPS 340 needs to be taken with or after CURR 304.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- * PRCT 310 - Practicum II: Elementary 3 hrs

- * RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

* MATH 401 and MATH 403 may each only be taken for credit in this major once. Each course may be taken as either a required course or a restricted elective; these courses do not double-count.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Mathematics Major

All majors must fill in a program sheet before graduation — see the undergraduate advising coordinator. At least nine credit hours in the major, at 300-level or above, must be taken at Eastern Michigan University.

Phone Number for Advisors: 734.487.1444

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 3 hours

One course from the following:

- COSC 111 - Introduction to Programming 3 hrs
- COSC 120 - Computational Principles for Mathematics and the Sciences 3 hrs

Major Requirements: 36 hours

Required Courses: 24 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 370 - Probability and Statistics I 3 hrs

One course from the following:

- MATH 411 - Abstract Algebra 3 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs

Restricted Elective Courses: 12 hours

Twelve hours from the following:

- MATH 311W - Mathematical Problem Solving (Gen Ed Area I, W) 3 hrs
- MATH 319 - Mathematical Modeling 3 hrs

- MATH 325 - Differential Equations 3 hrs
- MATH 341 - College Geometry 3 hrs
- MATH 372 - Problems in Actuarial Studies I 2 hrs
- MATH 407 - Elementary Number Theory 3 hrs
- MATH 409 - Cryptology 3 hrs
- MATH 411 - Abstract Algebra 3 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 418 - Modeling with Linear Algebra 3 hrs
- MATH 419W - Introduction to Stochastic Mathematical Modeling (Gen Ed Area I, W) 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs
- MATH 424 - Introduction to Complex Variables 3 hrs
- MATH 425 - Mathematics for Scientists 3 hrs
- MATH 430 - Introduction to Stochastic Calculus 3 hrs
- MATH 436 - Introduction to Numerical Analysis 3 hrs
- MATH 460 - Applied Survey Sampling 3 hrs
- MATH 461 - Linear Regression Analysis 3 hrs
- MATH 462 - Design and Analysis of Experiments 3 hrs
- MATH 468 - Introduction to Biostatistics 3 hrs
- MATH 469 - Introduction to Categorical Data Analysis 3 hrs
- MATH 471 - Probability and Statistics II 3 hrs
- MATH 472 - Problems in Actuarial Studies II 2 hrs
- MATH 474W - Applied Statistics (Gen Ed Area I, W) 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Course Rotation Schedule

[Click here to access the Course Rotation Schedules page for the courses required for this program.](#)

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Any change to this program must be approved and proper paper work submitted before that change can be considered for graduation.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 3 hours

One course from the following:

- COSC 111 - Introduction to Programming 3 hrs
- COSC 120 - Computational Principles for Mathematics and the Sciences 3 hrs

Major Requirements: 36 hours

Required Courses: 27 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 360 - Statistical Methods 3 hrs

- MATH 461 - Linear Regression Analysis 3 hrs
- MATH 462 - Design and Analysis of Experiments 3 hrs
- MATH 474W - Applied Statistics (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 9 hours

At least nine hours from the following electives, with at least six hours from the statistics electives:

Statistics Elective Courses

- MATH 370 - Probability and Statistics I 3 hrs
- MATH 468 - Introduction to Biostatistics 3 hrs
- MATH 469 - Introduction to Categorical Data Analysis 3 hrs
- MATH 471 - Probability and Statistics II 3 hrs

Mathematics Elective Courses

- MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 319 - Mathematical Modeling 3 hrs
- MATH 372 - Problems in Actuarial Studies I 2 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 419W - Introduction to Stochastic Mathematical Modeling (Gen Ed Area I, W) 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs
- MATH 436 - Introduction to Numerical Analysis 3 hrs
- MATH 472 - Problems in Actuarial Studies II 2 hrs

Course Rotation Schedule

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Mathematics Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in mathematics, certification code EX, and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Council of Teachers of Mathematics. The Michigan Test for Teacher Certification (MTTC) covering this field is #022, "Mathematics (Secondary)."

All majors must fill in a program sheet before graduation — see the undergraduate advising coordinator. At least nine hours in the major, at 300-level or above, must be taken at Eastern Michigan University.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 36 hours

Required Area Courses: 30 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 305 - Technology as a Problem Solving Tool for Secondary Teachers 3 hrs
- MATH 341 - College Geometry 3 hrs
- MATH 360 - Statistical Methods 3 hrs
- MATH 411 - Abstract Algebra 3 hrs

Restricted Elective Courses: 6 hours

Six hours from the following:

- MATH 319 - Mathematical Modeling 3 hrs
- MATH 325 - Differential Equations 3 hrs
- MATH 372 - Problems in Actuarial Studies I 2 hrs
- MATH 400 - History and Development of Mathematics 3 hrs
- MATH 407 - Elementary Number Theory 3 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs
- MATH 424 - Introduction to Complex Variables 3 hrs
- MATH 425 - Mathematics for Scientists 3 hrs
- MATH 471 - Probability and Statistics II 3 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Mathematics Majors take:

- MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements: 20-24 hours

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Course Rotation Schedule

Click here to access the Course Rotation Schedules page for the courses required for this program.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Elementary Education Mathematics Minor

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. This program of study meets all requirements of the National Council of Teachers of Mathematics. At least nine hours of the major must be completed at Eastern Michigan University. The Michigan Test for Teacher Certification (MTTC) covering this certification is Elementary Certification test #103. The endorsement test for Mathematics Elementary is MTTC #089.

Advisor Information:

Program Advisor: Barbara Britton
 Email: bbritton@emich.edu

Program Advisor: Carla Tayeh
 Email: ctayeh@emich.edu

Phone Number for Advisors: 734.487.1444

Required Courses: 15 hours

- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- MATH 210 - Algebra for Elementary/Middle School Teachers 3 hrs
- MATH 240 - Geometry for Elementary/Middle School Teachers 3 hrs
- MATH 301 - Advanced Topics in Elementary Mathematics 3 hrs

Restricted Elective Courses: 5 hours

Five hours from the following, with at least three hours at the 300-or 400-level:

- MATH 118 - Linear Models and Probability (Gen Ed Area II) 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- MATH 382 - Technology in the Mathematics Classroom 3 hrs
- MATH 401 - Mathematics and Its History for Elementary/Middle School Teachers 3 hrs
- MATH 403 - Current Research in Elementary School Mathematics 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs

Minor Total: 20 hours

Program Advisor: Tim Carroll
Email: tcarroll@emich.edu

Phone Number for Advisors: 734.487.1444

Additional Requirements: 3 hours

One course from the following:

- COSC 111 - Introduction to Programming 3 hrs
- COSC 120 - Computational Principles for Mathematics and the Sciences 3 hrs

Required Courses: 14 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs

One course from the following:

- MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 360 - Statistical Methods 3 hrs
- MATH 370 - Probability and Statistics I 3 hrs

Restricted Elective Courses: 6 hours

Six credit hours from the following:

- * MATH 205 - Mathematical Structures for Computer Science 4 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 311W - Mathematical Problem Solving (Gen Ed Area I, W) 3 hrs
- MATH 319 - Mathematical Modeling 3 hrs
- MATH 325 - Differential Equations 3 hrs
- MATH 341 - College Geometry 3 hrs
- ** MATH 360 - Statistical Methods 3 hrs
- ** MATH 370 - Probability and Statistics I 3 hrs

- MATH 372 - Problems in Actuarial Studies I 2 hrs
- MATH 407 - Elementary Number Theory 3 hrs
- MATH 409 - Cryptology 3 hrs
- MATH 411 - Abstract Algebra 3 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 419W - Introduction to Stochastic Mathematical Modeling (Gen Ed Area I, W) 3 hrs
- MATH 418 - Modeling with Linear Algebra 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs
- MATH 424 - Introduction to Complex Variables 3 hrs
- MATH 425 - Mathematics for Scientists 3 hrs
- MATH 430 - Introduction to Stochastic Calculus 3 hrs
- MATH 436 - Introduction to Numerical Analysis 3 hrs
- MATH 460 - Applied Survey Sampling 3 hrs
- MATH 461 - Linear Regression Analysis 3 hrs
- MATH 462 - Design and Analysis of Experiments 3 hrs
- MATH 468 - Introduction to Biostatistics 3 hrs
- MATH 469 - Introduction to Categorical Data Analysis 3 hrs
- MATH 471 - Probability and Statistics II 3 hrs

Minor Total: 23 hours

Course Rotation Schedule

[Click here to access the Course Rotation Schedules page for the courses required for this program.](#)

Note:

* *Students can not count both MATH 205 and MATH 211 toward the minor.*

** *It is not permitted to count both MATH 360 and MATH 370 on the minor.*

Critical Graduation Information:

Additional Requirements: 3 hours

One course from the following:

- COSC 111 - Introduction to Programming 3 hrs
- COSC 120 - Computational Principles for Mathematics and the Sciences 3 hrs

Required Courses: 14 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs

One course from the following:

- MATH 360 - Statistical Methods 3 hrs
- MATH 370 - Probability and Statistics I 3 hrs

Restricted Elective Courses: 9-10 hours

Nine hours from among the following, at least six of which must be taken from the statistics elective courses:

Statistics Elective Courses

- MATH 460 - Applied Survey Sampling 3 hrs
- MATH 461 - Linear Regression Analysis 3 hrs
- MATH 462 - Design and Analysis of Experiments 3 hrs
- MATH 468 - Introduction to Biostatistics 3 hrs
- MATH 469 - Introduction to Categorical Data Analysis 3 hrs
- MATH 471 - Probability and Statistics II 3 hrs
- MATH 474W - Applied Statistics (Gen Ed Area I, W) 3 hrs

Mathematics Elective Courses

- * MATH 205 - Mathematical Structures for Computer Science 4 hrs
- * MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs

Minor Total: 26-27 hours

Secondary Education Mathematics Minor

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in mathematics, certification code EX, and, depending on the major selected, an additional endorsement. This program of study meets all requirements of the National Council of Teachers of Mathematics. The Michigan Test for Teacher Certification (MTTC) covering this field is #022, "Mathematics (Secondary)."

All minors must fill in a program sheet before graduation - see the undergraduate advising coordinator. At least six hours in the major at 300-level or above, not including MATH 306W, must be taken at Eastern Michigan University.

Required Courses: 26 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 305 - Technology as a Problem Solving Tool for Secondary Teachers 3 hrs
- MATH 341 - College Geometry 3 hrs
- MATH 360 - Statistical Methods 3 hrs

One course from the following:

- MATH 304 - Middle School Mathematics Methods and Content 3 hrs
- MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 3 hours

Three credit hours from the following:

- MATH 223 - Multivariable Calculus 4 hrs
- MATH 319 - Mathematical Modeling 3 hrs
- MATH 325 - Differential Equations 3 hrs
- MATH 400 - History and Development of Mathematics 3 hrs
- MATH 407 - Elementary Number Theory 3 hrs
- MATH 411 - Abstract Algebra 3 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs
- MATH 424 - Introduction to Complex Variables 3 hrs

Minor Total: 29 hours

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that

they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Course Rotation Schedule

Click [here](#) to access the Course Rotation Schedules page for the courses required for this program.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Mathematics

MATH 091 - Basic Mathematics Review

This basic math review course is for highly motivated students who need only a short review of basic math concepts before attempting to place in to a developmental algebra course. Topics include principles and applications of decimals, fractions, percents, proportions, and order of operations. The course covers concepts in an intense, fast-paced setting.

Note: Credit for this course will not count towards graduation. This course is credit/no-credit, students will not receive a letter grade.

Credit Hours: 1

Prerequisite: Arithmetic Placement Score of 60-99 points

Last Updated: New Course 3/2013, effective Fall 2013

MATH 097 - Pre-College Mathematical Concepts

A mastery-based developmental mathematics course designed to prepare students for a developmental algebra course; covers beginning mathematical concepts and skill development in a supportive but structured setting; includes help with math study skills and reducing math anxiety.

For more information about this course, review the MATH 097 Course Outline.

Credit Hours: 5 hrs

Prerequisite: program placement

Notes: Credit for this course will not count toward graduation

Last Updated: added course outline 10/2012

MATH 097A - Pre-College Mathematical Concepts — Part I

The first part of a mastery-based developmental mathematics course designed to prepare students for a developmental algebra course; covers beginning mathematical concepts and skill development in a supportive but structured setting; includes help with math study skills and reducing math anxiety.

Credit Hours: 3 hrs

Prerequisite: program placement

Notes: Credit for this course will not count toward graduation

MATH 097B - Pre-College Mathematical Concepts — Part II

The second part of a mastery-based developmental mathematics course designed to prepare students for a developmental algebra course; covers beginning mathematical concepts and skill development in a supportive but structured setting; includes help with math study skills and reducing math anxiety.

Credit Hours: 3 hrs

Prerequisite: grade of 'C' or better in MATH 097A or program placement

Notes: Credit for this course will not count toward graduation.

Last Updated: Links 04/2011

MATH 098 - Pre-College Introductory Algebra Concepts

A mastery-based developmental mathematics course designed to prepare students to succeed in a college-level mathematics course; covers beginning algebra concepts and skill development in a supportive but structured setting; includes help with math study skills and reducing math anxiety.

For more information about this course, review the MATH 098 Course Outline

Credit Hours: 4 hrs

Prerequisite: (at least C in either of the following courses: MATH 097 or MATH 097B) and placement score

Notes: Credit for this course will not count toward graduation.

Last Updated: added Course Outline 10/2012; Links 04/2011

MATH 098B - Pre-College Introductory Algebra Concepts — Part II

The second part of a mastery-based developmental mathematics course designed to prepare students to succeed in a college-level mathematics course; covers beginning algebra concepts and skill development in a supportive but structured setting; includes help with math study skills and reducing math anxiety.

Credit Hours: 3 hrs

Prerequisite: (at least C in MATH098A) or placement

Notes: Credit for this course will not count toward graduation

Last Updated: 2/23/11

MATH 104 - Intermediate Algebra

A review of elementary algebra and a continuation into the study of functions, graphs and quadratic equations.

For more information about this course, review the MATH 104 Course Outline.

Credit Hours: 3 hrs

Prerequisite: placement or (at least C in either of the following courses: MATH 098 or MATH 098B)

Last Updated: added Course Outline 10/2012, Links 04/2011

MATH 105 - College Algebra (Gen Ed Area II)

A study of functions and their graphs, including polynomial, rational, exponential and logarithmic functions; inverse functions; equations and inequalities; and applications.

Credit Hours: 3 hrs

Prerequisite: placement or (at least a C in MATH 104)

Area II: Quantitative Reasoning

MATH 105 College Algebra

This course will help students refine and extend fluency with algebraic skills. Additionally, the focus of this course is on the conceptual understanding of functions. The course makes the case for using functions to model physical phenomena and simultaneously teaches methods to analyze these functions in a meaningful way. The course presents a catalog of functions - linear, power, quadratic, polynomial, rational, absolute value, exponential and logarithmic functions. By the end of the course students should know the basic properties and graphs of these functions along with using them as models for real world applications. For these reasons, MATH 105 will count for the **Quantitative Reasoning** requirement in the General Education program *Education for Participation in the Global Community*.

Last Updated: Gen Ed approval 06/2011, effective Fall 2011

MATH 107 - Plane Trigonometry

An elementary course in plane trigonometry. Students who have good records in high school courses including trigonometric identities, trigonometric equations, and oblique triangles should not take the course.

Credit Hours: 2 hrs

Prerequisite: placement or (at least a C in MATH 104 (B or better strongly recommended)) or (passing grade in any of the following courses: MATH 105, MATH 119 or MATH 210)

Last Updated: Links 04/2011

MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers

The course examines topics in the elementary school mathematics curriculum from an advanced standpoint, with an emphasis on conceptual understanding and problem solving. Topics include number theory, real number systems and their properties, algebra concepts and functions. Required of all students in the elementary education program. Open only to prospective elementary teachers.

Credit Hours: 3 hrs

Prerequisite: placement or (at least a C in any of the following courses: MATH 098, MATH 098B, MATH 104, MATH 105, MATH 107, MATH 110E or MATH 118)

Last Updated: Links 04/2011

MATH 110 - Mathematical Reasoning (Gen Ed Area II)

An introduction to quantitative reasoning, with the aim of developing the capacity to comprehend and analyze the quantitative information that is prevalent in modern society. Topics include mathematical modeling, basic probability and statistics and practical applications.

Credit Hours: 3 hrs

Prerequisite: placement or (at least C in either of the following courses: MATH 098 or MATH 098B) or (passing grade in any of the following courses: MATH 104, MATH 105, MATH 107 or MATH 112)

Major Restrictions: Restricted to students who have not declared Elementary Education intent; who are not in any Elementary Education program; and who are not in the Special Education Elementary program

Area II: Quantitative Reasoning

MATH 110 Mathematical Reasoning [was MATH150]

This course will provide students with ways to approach the quantitative information that they are certain to encounter in later coursework at Eastern Michigan University, throughout their careers, and in daily life. The emphasis is on learning methods for comprehending, analyzing and using quantitative information and on techniques for using data to inform decisions about real world events and problems. For these reasons, MATH110 will count for the **Quantitative Reasoning** requirement in the General Education *Program for Participation in the Global Community*.

Last Updated: Links 04/2011

MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II)

An introduction to quantitative reasoning, with the aim of developing the capacity to comprehend and analyze the quantitative information that is prevalent in modern society. Topics include mathematical modeling, basic probability and statistics, geometry and practical applications for elementary education majors.

Credit Hours: 3 hrs

Prerequisite: Placement or (at least a C in either of the following courses: MATH 098 or MATH 098B), or (passing grade in any of the following courses: MATH 104, MATH 105, MATH 107, MATH 108, or MATH 118)

Major Restrictions: Enrollment in Elementary Education Intent or Elementary Education or Special Education for Elementary

Area II: Quantitative Reasoning

MATH 110E Mathematical Reasoning: *Applications for Elementary School Teachers (Elementary Education majors only)* [was MATH 109]

This course will provide students with ways to approach the quantitative information that they are certain to encounter in later coursework at Eastern Michigan University throughout their careers, and in daily life. The emphasis is on learning methods for comprehending, analyzing and using quantitative information and on techniques for using data to inform decisions about real world events and problems.

In addition, MATH110E is specifically designed to meet the needs of students that are looking toward becoming elementary school teachers. While the content of this class mirrors that of MATH 110, the examples, applications and projects are designed to help you make connections to the K-5 classroom and help you to begin to think about how you will teach young children to make sense of some beginning mathematical concepts.

Last Updated: Links 04/2011

MATH 112 - Topics in Precalculus Mathematics

Provides a thorough preparation for calculus for students who are insufficiently prepared in college algebra and trigonometry or who need to review these subjects. Emphasis will be on topics from college algebra and trigonometry that are used in calculus.

Credit Hours: 4 hrs

Prerequisite: placement or MATH 105

Notes: Some knowledge of trigonometry is assumed.

Last Updated: Links 04/2011

MATH 118 - Linear Models and Probability (Gen Ed Area II)

Linear models, systems of linear equations, linear regression, probability theory, probabilistic simulations, decision theory, descriptive statistics; combinatorics and/or financial models as time permits.

Credit Hours: 3 hrs

Prerequisite: placement or (at least C in either of the following courses: MATH 098 or MATH 098B) or (passing grade in any of the following courses: MATH 104, MATH 105, MATH 107, MATH 110, MATH 110E or MATH 120)

Last Updated: Links 04/2011; Gen Ed Approval 12/2006, effective Winter 2007

MATH 119 - Applied Calculus (Gen Ed Area II)

Introduction to the concepts and applications of differential and integral calculus: behavior and properties of algebraic, logarithmic and exponential functions, derivatives and rates of change, optimization and definite integral as accumulation. Emphasis on problem setup, interpretation and applications.

Credit Hours: 3 hrs

Prerequisite: placement or (at least a C in MATH 104 (B or better strongly recommended)) or (passing grade in either of the following courses: MATH 105 or MATH 210)

Last Updated: Links 04/2011; Gen Ed Approval 04/2008, effective Spring 2008

MATH 120 - Calculus I (Gen Ed Area II)

Calculus of functions of a single variable; differential calculus, including limits, derivatives, techniques of differentiation, the mean value theorem and applications of differentiation to graphing, optimization and rates. Integral calculus, including indefinite integrals, the definite integral, the fundamental theorem of integral calculus, and applications of integration to area and volume.

Credit Hours: 4 hrs

Prerequisite: placement or (at least a C in any of the following group of courses: (MATH 105 and MATH 107) or in (MATH 112) or in (MATH 210 and MATH 107))

Last Updated: Links 04/2011; Gen Ed Approval 03/2007, effective Spring 2007

MATH 121 - Calculus II

Calculus of functions of a single variable continued; additional applications of definite integration to moments, centroids, arc length, surface area and work. Transcendental functions, infinite series, methods of integration, review of conic sections.

Credit Hours: 4 hrs

Prerequisite: at least a C in MATH 120

Last Updated: Links 04/2011

MATH 122 - Elementary Linear Algebra

Vectors and matrices, operations on matrices, determinants, systems of linear equations, linear independence, linear transformations, applications.

Credit Hours: 3 hrs

Prerequisite: (at least a C in MATH 105) or (passing grade in either of the following courses: MATH 120 or MATH 112) or placement

Last Updated: Links 04/2011

MATH 140 - Applied Trigonometry and Calculus I for Technology (Gen Ed Area II)

Plane trigonometry and trigonometric functions; complex numbers; basic identities. Single-variable calculus: limits, derivatives, rate of change, applications of differentiation to optimization. Integral calculus, including indefinite and definite integrals; integrals as accumulation. Applications will focus on electronics and other engineering fields.

Credit Hours: 4 hrs

Prerequisite: MATH 105 with a C or better or math placement level 5

Equivalent Courses: MATH 119

Last Updated: Links 03/2011

MATH 141 - Applied Calculus II for Technology

Single-variable calculus continued; Transcendental functions, applications of integrals to moments and work. Methods of integration. Applications will focus on electronics and other engineering fields.

Credit Hours: 3 hrs

Prerequisite: MATH 140

Last Updated: Links 04/2011

MATH 170 - Elementary Statistics (Gen Ed Area II)

An introduction to standard methods in statistics, emphasizing the rationale behind them and their application to problems in a variety of fields. Data summary and representation, measures of center and dispersion, correlation and regression, basic probability, point and interval estimation, and hypothesis testing.

Credit Hours: 3 hrs

Prerequisite: placement or (at least a C in either of the following courses: MATH 098 or MATH 098B) or (passing grade in any of the following courses: MATH 104, MATH 105, MATH 107, MATH 110E, MATH 118, MATH 119 or MATH 120)

Last Updated: Links 04/2011; Gen Ed Approval 12/2006, effective Winter 2007

MATH 177 - Special Topics

These special topics courses will be used to teach some aspects of mathematics at an elementary level that would not be regularly offered. This course does not count on a regular major or minor in mathematics.

Credit Hours: 1 hr

Prerequisite: department permission

MATH 178 - Special Topics

These special topics courses will be used to teach some aspects of mathematics at an elementary level that would not be regularly offered. This course does not count on a regular major or minor in mathematics.

Credit Hours: 2 hrs

Prerequisite: department permission

MATH 179 - Special Topics

These special topics courses will be used to teach some aspects of mathematics at an elementary level that would not be regularly offered. This course does not count on a regular major or minor in mathematics.

Credit Hours: 3 hrs

Prerequisite: department permission

MATH 205 - Mathematical Structures for Computer Science

Propositional and predicate logic, sets and operations, discrete functions, sequences, finite summations, function growth, elementary number theory, matrices and applications, proof techniques, elementary combinatorics, discrete probability, relations.

Credit Hours: 4 hrs

Prerequisite: MATH 120

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 210 - Algebra for Elementary/Middle School Teachers

Interpreting and applying graphical and algebraic representations of functions, including linear, polynomial, rational, exponential, and logarithmic functions. Connections to teaching algebra in grades K-8 will also be examined.

Credit Hours: 3 hrs

Prerequisite: MATH 108 and MATH 110E

Major Restrictions: Prospective Elementary Teachers only

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 211 - Introduction to Mathematical Proof

A transition to upper-level mathematics courses. This course highlights various types of mathematical thinking including direct, indirect and inductive proofs with careful treatment of quantified statements. Topics include sets, number theory and relations. Development of ability to write a precise mathematical proof is the primary goal.

Credit Hours: 3 hrs

Prerequisite: MATH 121 and MATH 122

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 223 - Multivariable Calculus

Vector products, lines and planes in three-dimensional space, quadric surfaces, cylindrical and spherical coordinates. Differential calculus of vector functions of a single variable: velocity and acceleration vectors, curvature. Partial differentiation, gradient, chain rule, directional derivatives, tangent planes, application to optimization. Multiple integration, change of coordinates, applications. Taylor's Theorem for Functions of Several Variables, line and surface integrals, Stokes' Theorem, Gauss' Theorem.

Credit Hours: 4 hrs

Prerequisite: at least a C in both MATH 121 and MATH 122

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 240 - Geometry for Elementary/Middle School Teachers

Informal geometry of the plane and space, congruence and measurement, elementary theorems and proof, and plane coordinate geometry.

Credit Hours: 3 hrs

Prerequisite: MATH 108 and MATH 110E

Major Restrictions: Prospective Elementary Teachers only

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

MATH 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

MATH 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

MATH 301 - Advanced Topics in Elementary Mathematics

Acquaints prospective elementary teachers with new topics in the elementary mathematics curriculum such as algebraic systems, conic sections, trigonometry, statistical procedures and topics in number theory.

Credit Hours: 3 hrs

Prerequisite: MATH 108 and MATH 110E; or MATH 210; or MATH 240

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 304 - Middle School Mathematics Methods and Content

Consideration of the mathematics program in middle school and junior high school, its organization and content, methods of teaching and learning.

Credit Hours: 3 hrs

Prerequisite: MATH 240 or MATH 120

Notes: Not open to freshmen, sophomores or students on academic probation

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 305 - Technology as a Problem Solving Tool for Secondary Teachers

Focus on how using technology can lead to new and deeper insights into mathematical concepts and problems in the high school mathematics curriculum.

Credit Hours: 3 hrs

Prerequisite: MATH 120 and MATH 122

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W)

Consideration of the mathematics program in the high school, its organization and content, methods of teaching and learning.

Credit Hours: 3 hrs

Prerequisite: MATH 120 and CURR 305; admission to the Initial Teacher Preparation Program

Class Restrictions: Junior standing or above

Notes: Not open to students on academic probation.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 03/2011

MATH 311W - Mathematical Problem Solving (Gen Ed Area I, W)

Problem solving strategies including deduction, argument by contradiction, induction, symmetry, the extreme principle, the pigeonhole principle and invariants. These strategies are exemplified by tackling open-ended problems in the areas of algebra, combinatorics, number theory and calculus.

Credit Hours: 3 hrs

Prerequisite: MATH 211

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 319 - Mathematical Modeling

The modeling process; model building and evaluation, techniques of modeling; model fitting and models requiring optimization; empirical model construction — experimental models, dimensional analysis, simulation models, dynamic models; use of derivatives in the modeling process, single and multivariable dynamic models.

Credit Hours: 3 hrs

Prerequisite: MATH 120 and MATH 122

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 325 - Differential Equations

First and second order differential equations with applications, linear differential equations, power series solutions, Laplace transforms.

Credit Hours: 3 hrs

Prerequisite: MATH 121 and MATH 122

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 341 - College Geometry

An introduction to several geometries such as affine, projective, space-time and non-Euclidean.

Credit Hours: 3 hrs

Prerequisite: MATH 211

Terms Offered: Course Rotation Schedules

Last Updated: link 5/2005; Links 04/2011

MATH 360 - Statistical Methods

A comprehensive overview of statistical methods and analysis with applications. Topics include descriptive statistics, probability theory, random variables and probability distributions, sampling distributions, estimation and testing hypotheses, correlation and regression, introduction to computer-assisted statistical analysis.

Credit Hours: 3 hrs

Prerequisite: MATH 120

Terms Offered: Course Rotation Schedules

Last Updated: link 5/2012; Links 04/2011

MATH 370 - Probability and Statistics I

Basic concepts of probability; expectation, variance, covariance distribution functions; bivariate, marginal and conditional distributions; central limit theorem. Applications to problems in science and/or social science are emphasized.

Credit Hours: 3 hrs

Prerequisite: MATH 223

Terms Offered: Course Rotation Schedules

Course Revisions: This course decreased in credit hours from 4 hrs to 3 hrs, effective Winter 2012.

Last Updated: Link 5/2012; Links 04/2011; Revision 07/2011

MATH 372 - Problems in Actuarial Studies I

Applications of mathematics to actuarial science. Particular attention paid to subject matter not covered in the regular mathematics curriculum and to special techniques of problem solving appropriate to actuarial science. (This course can be useful in preparing for the Society of Actuaries Exam P: Probability.)

Credit Hours: 2 hrs

Prerequisite: Department permission only; minimum GPA in mathematics of 3.4 is strongly recommended

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012

MATH 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

MATH 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

MATH 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

MATH 381 - Teaching Mathematics in Elementary School

Learning how to teach mathematics to students in the elementary grades, with an emphasis on problem solving and concept development. Attention is focused on learning/teaching situations and effective use of learning aids. Required of all prospective elementary teachers.

Credit Hours: 3 hrs

Prerequisite: MATH 108, MATH 110E and CURR 304; admission to the Initial Teacher Preparation Program

Notes: Not open to students on academic probation

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 382 - Technology in the Mathematics Classroom

An introduction to way in which calculators and computers can be used effectively to enhance instruction in the elementary and middle school mathematics classroom.

Credit Hours: 3 hrs

Prerequisite: MATH 210

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 387 - Cooperative Education in Mathematics

Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in mathematics. The program consists of two work experiences (MATH 387/MATH 487) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: MATH 223

Class Restrictions: Junior or Senior standing

Major Restrictions: Mathematics Majors only

Notes: Admittance to program by application only; department permission; Use on mathematics major subject to department permission. Graded on a credit/no-credit basis.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 400 - History and Development of Mathematics

The course presents topics in the evolution of mathematics — the historical development of algebra, geometry and calculus provides the major focus. Problems will be assigned that reflect the content and methods of this development.

Credit Hours: 3 hrs

Prerequisite: MATH 121 and MATH 122

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Graduate Credit 07/2011; Links 04/2011

MATH 401 - Mathematics and Its History for Elementary/Middle School Teachers

Topics in the evolution of mathematics from ancient times through the present, with an emphasis on connections with the elementary school curriculum. Development of numeration systems, algebra, different geometries, calculus; including the contributions of different cultures in the development of mathematics.

Credit Hours: 3 hrs

Prerequisite: MATH 240 and MATH 301

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 403 - Current Research in Elementary School Mathematics

A brief history of mathematics education, 1890 to present. Special emphasis on important recent research studies. Consideration of various textbook series, use and evaluation of supplementary materials, the place and value of teaching aids. Professional journals will be utilized throughout the course.

Credit Hours: 3 hrs

Prerequisite: MATH 301 and CURR 304

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 407 - Elementary Number Theory

Primes, Euclidean algorithm and prime factorization, congruences, multiplicative functions, quadratic residues and reciprocity, continued fractions, Diophantine equations, possible applications to cryptology and/or primality testing.

Credit Hours: 3 hrs

Prerequisite: MATH 211

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 409 - Cryptology

An introduction to cryptology, the science of making and breaking codes and ciphers. Primes, modular arithmetic, probability, Euler's phi-function, factoring algorithms, cryptographic and cryptanalytic techniques for classical and modern cryptographical systems including public key cryptography.

Credit Hours: 3 hrs

Prerequisite: MATH 205 or MATH 211

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 411 - Abstract Algebra

An introduction to the theory and concepts of abstract algebra. Topics from group theory: subgroups, cosets, Lagrange's Theorem, homomorphisms. Also selected topics from ring theory and field theory.

Credit Hours: 3 hrs

Prerequisite: MATH 211

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Graduate Credit 07/2011; Links 04/2011

MATH 416 - Linear Algebra

Theoretical aspects of linear algebra: vector spaces, linear transformations and matrices, systems of linear equations, diagonalization, inner product spaces.

Credit Hours: 3 hrs

Prerequisite: MATH 122 and MATH 211

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Graduate Credit 07/2011; Links 04/2011

MATH 418 - Modeling with Linear Algebra

Topics in linear algebra such as linear transformations, eigenvalues, eigenvectors and inner products. Applications may include rotations in space and 3-D graphics, stochastic processes, systems of linear ODEs, Fourier series, orthogonal polynomials and projection methods for solving overdetermined systems.

Credit Hours: 3 hrs

Prerequisite: MATH 121 and MATH 122

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 419W - Introduction to Stochastic Mathematical Modeling (Gen Ed Area I, W)

Models of randomness in a variety of fields: actuarial studies, economics, biology, engineering and others as appropriate for student population. Discrete time Markov chains, Poisson processes and generalizations, time series, Brownian motion, and dynamic programming. An important part of the course is an opportunity for a student to become involved in an actual modeling problem.

Credit Hours: 3 hrs

Prerequisite: (MATH 223, MATH 311W, MATH 319, MATH 360 or MATH 370) and MATH 122

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 420 - Introduction to Real Analysis

A rigorous introduction to the foundations of calculus: real numbers, elementary topology of the real line, sequences and series, limits, continuity, uniform continuity, introduction to differentiation.

Credit Hours: 3 hrs

Prerequisite: MATH 211

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 424 - Introduction to Complex Variables

Complex numbers, analytic functions, elementary functions and their mapping properties, conformal mapping and applications; contour integrals, Cauchy-Goursat Theorem and its consequences, Taylor and Laurent series, calculus of residues.

Credit Hours: 3 hrs

Prerequisite: MATH 211 and MATH 223

Last Updated: Link 5/2012; Links 04/2011

MATH 425 - Mathematics for Scientists

The scientific applications of mathematics. Topics chosen will reflect the interests of the class. Possible areas of study include Fourier series and transforms, complex variables, generalized functions, Laplace transform, Bessel functions, curve fitting, partial differential equations and the calculus of variations. A record of topics studied each semester will be kept in the mathematics files.

Credit Hours: 3 hrs

Prerequisite: MATH 223

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 430 - Introduction to Stochastic Calculus

An introduction to stochastic processes, stochastic integration and differentiation, solving stochastic differential equations, martingale calculus, and martingale measures.

Credit Hours: 3 hrs

Prerequisite: MATH 223 , MATH 325 , and MATH 370

Last Updated: New Course 11/2012, effective Winter 2013

MATH 436 - Introduction to Numerical Analysis

Introduces the theory and application of numeric methods and error analysis; solution of nonlinear equations, interpolation and approximation, numerical integration, numerical solution of differential equations, numerical methods for solving large linear systems.

Credit Hours: 3 hrs

Prerequisite: MATH 121 and MATH 122; and one of the following: COSC 145, COSC 111 or COSC 245

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 448 - Differential Geometry with an Introduction to General Relativity

Curve and surface theory in three-dimensional space: introduction to special and general relativity. Not open to students with credit in MATH 548 Introduction to Differential Geometry.

Credit Hours: 3 hrs

Prerequisite: MATH 223 and MATH 325

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 460 - Applied Survey Sampling

A course in principles of sampling for assessment of data in business, social sciences or natural resource management. Sampling problem, selection of samples, designing questionnaires, estimation of means and variances, ratio, regression and difference methods, simple and stratified random sampling, systematic sampling, cluster sampling, probability proportional to size sampling. A special survey software package is used.

Credit Hours: 3 hrs

Prerequisite: MATH 360 or MATH 370

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MATH 461 - Linear Regression Analysis

Topics include modeling a response as a simple or multiple regression model, validity of assumptions, using models for estimation and prediction, multicollinearity, auto-correlation of error terms, residual analysis and stepwise regression. A statistical software package (SAS) is used extensively.

Credit Hours: 3 hrs

Prerequisite: MATH 122 and either MATH 360 or MATH 370

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 462 - Design and Analysis of Experiments

A basic course in principles of experimental designs and analysis: randomized blocks and Latin squares, nested experiments, experimental and sampling errors, fixed and random effects models, factorial and fractional designs. A statistical software package (SAS) is used extensively.

Credit Hours: 3 hrs

Prerequisite: MATH 360 or MATH 370

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 468 - Introduction to Biostatistics

This course introduces statistical concepts and analytical methods as applied to data encountered in biomedical sciences. Topics include sensitivity, specificity, ROC curve, nonparametric tests, Chi-square goodness-of-fit test, risk measures and survival

analysis.

Credit Hours: 3 hrs

Prerequisite: MATH 360

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; New Course 07/2011

MATH 469 - Introduction to Categorical Data Analysis

An introduction to hypothesis testing strategies in measuring associations between a categorical response and a set of explanatory variables in a contingency table setting. Nonparametric methods and some regression analysis techniques such as logistic regression, Poisson regression and loglinear models will be considered.

Credit Hours: 3 hrs

Prerequisite: MATH 360

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; New Course 07/2011

MATH 471 - Probability and Statistics II
