Nature of statistics; distributions, measure of central value and dispersion; sampling; statistical inference, estimation and tests of hypothesis. Methods of computation, applications and data analysis will be stressed. Nonparametric statistics: sequential tests, analysis of variance.

Credit Hours: 3 hrs

Prerequisite: MATH 370

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 472 - Problems in Actuarial Studies II

Applications of mathematics to actuarial science. Particular attention paid to subject matter not covered in the regular mathematics curriculum and to special techniques of problem solving appropriate to actuarial science. (This course can be useful in preparing for the Society of Actuaries Exam FM: Financial Mathematics.)

Credit Hours: 2 hrs

Prerequisite: Department permission; a minimum GPA in mathematics of 3.4 is strongly recommended

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012

MATH 474W - Applied Statistics (Gen Ed Area I, W)

This course stresses the empirical approach to statistics: Monte Carlo methods to generate samples and to model distributions; tests of fit to assumed distributions; medians vs. means and range vs. standard deviations; demonstrations of basic theorems; randomness and independence.

Credit Hours: 3 hrs

Prerequisite: MATH 360 or MATH 370

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 477 - Special Topics

A senior-level course in a specific area of mathematics. The area to be studied will be determined by the field of specialization of the staff member teaching the course and the interest of the students enrolled.

Credit Hours: 1 hr

Prerequisite: undergraduate grade point average in mathematics 3.0 or above and department permission

MATH 478 - Special Topics

A senior-level course in a specific area of mathematics. The area to be studied will be determined by the field of specialization of the staff member teaching the course and the interest of the students enrolled.

Credit Hours: 2 hrs

Prerequisite: undergraduate grade point average in mathematics 3.0 or above and department permission

MATH 479 - Special Topics

A senior-level course in a specific area of mathematics. The area to be studied will be determined by the field of specialization of the staff member teaching the course and the interest of the students enrolled.

Credit Hours: 3 hrs

Prerequisite: undergraduate grade point average in mathematics 3.0 or above and department permission

MATH 487 - Cooperative Education in Mathematics

Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in mathematics. The program consists of two work experiences (MATH 387/MATH 487) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: Admittance to program by application only; MATH 387; department permission

Class Restrictions: Junior or Senior standing

Major Restrictions: Mathematics Majors only

Notes: Use on mathematics major subject to department permission. Graded on a credit/no-credit basis.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 497 - Independent Study

A report on an approved subject in the field of mathematics under the guidance of the Mathematics Department staff.

Credit Hours: 1 hr

Prerequisite: undergraduate grade point average in mathematics 3.0 or above and department permission

MATH 498 - Independent Study

A report on an approved subject in the field of mathematics under the guidance of the Mathematics Department staff.

Credit Hours: 2 hrs

Prerequisite: undergraduate grade point average in mathematics 3.0 or above and department permission

MATH 499 - Independent Study

A report on an approved subject in the field of mathematics under the guidance of the Mathematics Department staff.

Credit Hours: 3 hrs

Prerequisite: undergraduate grade point average in mathematics 3.0 or above and department permission

MATH 571 - Mathematical Statistics I: Probability Theory

Set theory, Borel sets, Sigma field of events, probability measures on a sigma field, axioms, finite and countable spaces, random variables and distributions, functions of random vectors, derived distributions, generating and characteristic functions, limit theorems, modes of convergence, law of large numbers. Completion of courses in real analysis and calculus-based probability and statistics is assumed.

Credit Hours: 3 hrs

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012

MATH 574 - Applied Statistics

An empirical approach to statistics: generate samples and model distributions; tests of fit to specified distributions; tests of assumptions of randomness (trend); independence (association); biostatistics; product and system reliability. Not open to students with credit in MATH 474W. Completion of a calculus-based probability and statistics course is assumed.

Credit Hours: 3 hrs

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

Music and Dance Programs and Courses

Music and Dance

Major

Dance Major

Dance Curriculum-Bachelor of Arts/Bachelor of Science

This curriculum leads to either a Bachelor of Arts or a Bachelor of Science degree. (Students who complete one year of foreign language will be awarded the Bachelor of Arts degree.) Each degree offers students a choice of three career-track options: (1) pre-dance therapy, (2) studio management and (3) performance and choreography. Students in the studio management track will also complete a minor in the College of Business.

Students planning admission to the dance major must officially enroll in the program at the Academic Advising Center and complete the following:

1. An audition into the program.
2. An application into the dance program is available at N101 Alexander or online at www.emich.edu/dance/html/dance_future.html.
3. A course of study is planned with a dance advisor upon admission into the dance program.

All students must meet the General Education Requirements and the other courses specified in each area below. Suitable adjustments can be made in consultation with a dance faculty advisor. Some of the track required courses can be used to fulfill General Education Requirements.

Dance majors and minors are encouraged to enroll in a technique class every semester while attending Eastern Michigan University. Ballet or modern technique classes may be repeated for no credit.

Music and Dance Department Information:

Department Head: Diane Winder
Department Contact: diane.winder@emich.edu
Website: <http://www.emich.edu/musicdance/>

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 63-77 hours

Dance Core: 40 hours

- DANC 107 - Rhythmic Analysis and Dance Accompaniment 3 hrs
- DANC 208 - Classical Ballet Technique III 3 hrs
- DANC 209 - Classical Ballet Technique IV 3 hrs
- DANC 210 - Modern Dance Technique III 3 hrs
- DANC 211 - Modern Dance Technique IV 3 hrs
- DANC 245 - Elements of Dance Composition 3 hrs
- DANC 255 - Dance Production 3 hrs
- DANC 320 - Dance Workshop 1 hr
- DANC 350W - History of Dance: Prehistoric to Renaissance (Gen Ed Area I, W) 3 hrs
- DANC 351W - History of Dance: Romanticism to the Present (Gen Ed Area I, W) 3 hrs
- DANC 354 - Methods and Materials in Teaching of Dance 3 hrs
- DANC 422 - Dance Workshop 2 hr
- DANC 450 - Advanced Dance Composition 4 hrs
- DANC 455 - Seminar in Dance 2 hrs
- DANC 497 - Directed Study 1 hr

Select from one of the following tracks:

Track I: Pre-Dance Therapy (DANC PTHY): 32 hours

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- PHED 200 - Anatomy and Physiology 5 hrs
- PHED 204 - Kinesiology (Biomechanics of Physical Activity) 3 hrs
- PSY 309 - Social Psychology 3 hrs
- PSY 360 - Abnormal Psychology 3 hrs
- THRC 250 - Fieldwork in Recreation Therapeutic Recreation 1 hr

Choose 12 hours from the following courses:

- MUSC 103 - Introduction to Music Therapy 3 hrs
- PHED 330 - Adapted Physical Education 3 hrs
- PSY 321 - Child Psychology 3 hrs
- PSY 322 - Psychology of Adolescence 3 hrs
- PSY 323 - Psychology of Human Aging 3 hrs
- PSY 362 - The Psychology of Stress and Relaxation 3 hrs
- PSY 365 - Behavior Modification 3 hrs
- THRC 200 - Recreation for Persons with Disabilities 3 hrs

One course from the following:

- DANC 331 - Service Teaching–Ballet 1 hr
- DANC 333 - Service Teaching–Modern Dance 1 hr

Track II: Studio Management (DANC STMG): 37 hours

The studio management track must select a minor from the college of business with advisor approval (21 credit hours).

- DANC 103 - Tap I 2 hrs
- DANC 331 - Service Teaching–Ballet 1 hr
- DANC 333 - Service Teaching–Modern Dance 1 hr
- DANC 456 - Creative Dance for Children 2 hrs
- PEGN 102 - Aerobic Dance 1 hr
- PEGN 103 - Ballroom Dance 1 hr
- PHED 200 - Anatomy and Physiology 5 hrs
- PHED 204 - Kinesiology (Biomechanics of Physical Activity) 3 hrs

Track III: Performance (DANC PERF): 23 hours

- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 370 - Audition 3 hrs
- CTAR 380 - Musical Theatre Acting 2 hrs
- DANC 103 - Tap I 2 hrs
- DANC 201 - Jazz II 2 hrs
- DANC 320 - Dance Workshop 1 hr
- DANC 422 - Dance Workshop 2 hr
- PHED 200 - Anatomy and Physiology 5 hrs
- PHED 204 - Kinesiology (Biomechanics of Physical Activity) 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

K-12 Music Education Major (Instrumental)

Successful completion of this course of study, which leads to the Bachelor of Music Education degree, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in music education (K-12), certification code JQ. The Michigan Test for Teacher Certification (MTTC) covering this field is #099, "Music."

Music and Dance Department Information:

Department Head: Diane Winder
Department Contact: diane.winder@emich.edu
Website: <http://www.emich.edu/musicdance/>

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Advisor Information:

Program Advisor: Dr. David Pierce
Email: david.pierce@emich.edu
Phone: 734.487.4380

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.

3. A grade of “C” or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Music Courses: 70-75 hours

Core Courses: 41 hours

- MUSC 101 - Music Theory I 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 119 - Aural Skills I 1 hr
- MUSC 129 - Aural Skills II 1 hr
- MUSC 201 - Music Theory III 3 hrs
- MUSC 202 - Music Theory IV 3 hrs
- MUSC 211 - Basic Brass Class 1 hr
- MUSC 219 - Aural Skills III 1 hr
- MUSC 228 - Basic Music Literature 3 hrs
- MUSC 229 - Aural Skills IV 1 hr
- MUSC 232 - Voice Class 1 hr
- MUSC 241 - Percussion 1 hr
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr
- MUSC 253 - Functional Piano 1 hr
- MUSC 254 - Functional Piano 1 hr

- MUSC 261 - Basic String Class: Violin 1 hr
- MUSC 281 - Basic Woodwind Class 1 hr
- MUSC 301W - History of Music to 1750 (Gen Ed Area I, W) 4 hrs
- MUSC 302 - History of Music 3 hrs
- MUSC 326 - Conducting 2 hrs
- MUSC 327 - Instrumental Conducting 2 hrs
- MUSC 413 - Orchestration 2 hrs

Two courses from the following: 2 hours

- MUSC 212 - Brass Class 1 hr
- MUSC 262 - String Class: Viola 1 hr
- MUSC 263 - String Class: Cello and Double Bass 1 hr
- MUSC 282 - Woodwind Class 1 hr
- MUSC 283 - Woodwind Class 1 hr

Major Instrumental Ensembles: 8-11 hours

Wind and Percussion Principals: 11 Hours

- MUSC 249 - University Band 1 hr
Students are required to take 8 hrs of MUSC 249, only one credit hour will be counted towards the degree each semester.
- MUSC 149M - Marching Band 1 hr
Students are required to take 3 hours of MUSC 149M, only one credit hour will be counted towards the degree each semester.

String Principals: 8 Hours

- MUSC 248 - University Orchestra 1 hr
Students are required to take 8 hours of MUSC 248, only one credit hour will count towards the degree each semester.

Elective Courses (string principals only): 3 hours

Applied Music Courses: 16 hours

Senior recital approval is required. Students must enroll in Applied Music during the semester the recital is performed.

Music majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.

Keyboard and guitar principals must take AMUS 115A - Secondary Applied Music/AMUS 115B - Secondary Applied Music (wind/percussion/string instrument) (total of 4 hrs).

- AMUS 116A - Principal Applied Music 2 hrs
4 semesters (minimum): 8 hours
- AMUS 416A - Principal Applied Music 2 hrs
4 semesters (minimum): 8 hours

Improvisation Requirement: 0-2 hours

Students in this degree must meet an improvisation requirement. This requirement may be met in one of the following ways:

- MUSC 244 - Jazz Ensemble 1 hr
- MUSC 250 - Jazz Combo 1 hr
- MUSC 305 - Keyboard Skills 2 hrs
- Other approved improvisation course (see an adviser for details)
- Contract in Applied Music for at least one Fall or Winter semester. An improvisation Contract must be completed by the student and approved by the applied music instructor and department head at the beginning of the semester. A written evaluation of the student's improvisation work must be provided by the applied music instructor and approved by the department head at the completion of the semester. Applied music improvisation projects can be in any style (jazz, classical, world music, etc.) and should be equivalent to one credit of independent study.

Professional Studies: 34 hours

Pre-Admission Phase: The Learner and the Community: 7 hours

The following courses may be taken before formal admission to the Initial Teacher Preparation Program:

- 100 clock hours of approved prestudent teaching field experiences (0 hrs)
- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and Social Context: 6 hours

- MUSC 332 - Instrumental Music in the Public Schools 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content Methods, Literacy and Technology: 9 hours

- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

One course from the following:

- MUSC 333 - Orchestral Methods 3 hrs
- MUSC 334 - Band Methods 3 hrs

Phase III: Capstone Experience: 12 hours

All Bachelor of Music Education students must pass a program specific screening exam before being approved for student teaching.

- EDUC 496 - Student Teaching 6 hrs
- EDUC 497 - Student Teaching 6 hrs

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Note:

Recital Attendance Requirement

Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. The number of events that transfer students and students seeking a second bachelor's degree must attend will be prorated, based on the number of semesters of work remaining at the time of their matriculation. Normally each semester the student will attend at least ten musical events, of which five are usually the Department of Music and Dance weekly student recitals. Credit will be received for attendance at any Department of Music and Dance event. Students must be present for an entire event to receive credit. The cards are collected at the end of the program. A student who is performing in an event may receive recital attendance credit for that event if the student performs in less than 50 percent of the event. Attendance at many non-departmental musical events may be credited toward the recital attendance requirement. To obtain credit, bring a ticket stub and program to the music office. The Head of the Department of Music and Dance will determine whether or not the event qualifies for recital credit.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

K-12 Music Education Major (Vocal)

Program Revised, effective Fall 2013

Successful completion of this course of study, which leads to the bachelor of music education degree, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in music education, K-12 certification code JQ. The Michigan Test for Teacher Certification (MTTC) covering this field is #099, "Music."

At the time of admission, students with voice as a principal instrument must study keyboard and demonstrate the required level of proficiency for graduation; students with keyboard as a principal instrument must study voice and demonstrate the required level of proficiency for graduation; and students with guitar as a principal instrument must study both voice and piano, demonstrating the required level of proficiency on both for graduation.

Music and Dance Department Information:

Department Head: Diane Winder
Department Contact: diane.winder@emich.edu
Website: <http://www.emich.edu/musicdance/>

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Music Courses: 69–77 hours

Core Courses: 45 hours

- MUSC 101 - Music Theory I 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 110 - Vocal Diction I: English and Italian 1 hr
- MUSC 111 - Vocal Diction II: German and French 1 hr
- MUSC 119 - Aural Skills I 1 hr
- MUSC 129 - Aural Skills II 1 hr
- MUSC 201 - Music Theory III 3 hrs
- MUSC 202 - Music Theory IV 3 hrs
- MUSC 219 - Aural Skills III 1 hr
- MUSC 228 - Basic Music Literature 3 hrs
- MUSC 229 - Aural Skills IV 1 hr
- MUSC 241 - Percussion 1 hr
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr
- MUSC 253 - Functional Piano 1 hr
- MUSC 254 - Functional Piano 1 hr
- MUSC 274 - Functional Guitar 1 hr
- MUSC 301W - History of Music to 1750 (Gen Ed Area I, W) 4 hrs
- MUSC 302 - History of Music 3 hrs
- MUSC 305 - Keyboard Skills 2 hrs
- MUSC 326 - Conducting 2 hrs
- MUSC 328 - Choral Conducting 2 hrs
- MUSC 413 - Orchestration 2 hrs

One course from the following:

- MUSC 211 - Basic Brass Class 1 hr
- MUSC 212 - Brass Class 1 hr

One course from the following:

- MUSC 261 - Basic String Class: Violin 1 hr
- MUSC 262 - String Class: Viola 1 hr
- MUSC 263 - String Class: Cello and Double Bass 1 hr

One course from the following:

- MUSC 281 - Basic Woodwind Class 1 hr
- MUSC 282 - Woodwind Class 1 hr
- MUSC 283 - Woodwind Class 1 hr

Major Vocal Ensemble: 8 hours

Must include at least four semesters of MUSC 131. Only one hour per semester counted toward degree.

- MUSC 131 - University Choir 1 hr

Applied Music Courses: 16–24 hours

Number of credit hours is determined by audition and principal instrument of choice.

Music majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.

Principal Instrument Courses (Keyboard, Voice or Guitar): 16 hours

Senior recital approval is required. Students must enroll in applied music during the semester a degree recital is performed.

- AMUS 116A - Principal Applied Music 2 hrs
4 semesters (minimum): 8 hours
- AMUS 416A - Principal Applied Music 2 hrs
4 semesters (minimum): 8 hours

Secondary Instrument Courses (Keyboard, Voice or Guitar): 0–8 hours

One option from the following:

Option I: 0–4 hours

If voice is the principal instrument, take AMUS 115 (keyboard) until the prerequisite for AMUS 415 (keyboard) is met.

Option II: 0–4 hours

If keyboard is the principal instrument, take AMUS 115 (voice) until the prerequisite for AMUS 415 (voice) is met.

Option III: 0–8 hours

If guitar is the principal instrument, take AMUS 115 (keyboard) and AMUS 115 (voice) until the prerequisite for AMUS 415 is met in both instruments.

Improvisation Requirement: 0-2 hours

Students in this degree must meet an improvisation requirement. This requirement may be met in one of the following ways:

- MUSC 244 - Jazz Ensemble 1 hr
- MUSC 250 - Jazz Combo 1 hr
- MUSC 305 - Keyboard Skills 2 hrs
- Other approved improvisation course (see an adviser for details)
- Contract in Applied Music for at least one Fall or Winter semester. An improvisation Contract must be completed by the student and approved by the applied music instructor and department head at the beginning of the semester. A

written evaluation of the student's improvisation work must be provided by the applied music instructor and approved by the department head at the completion of the semester. Applied music improvisation projects can be in any style (jazz, classical, world music, etc.) and should be equivalent to one credit of independent study.

Professional Studies: 34 hours

Pre-Admission phase: The Learner and the Community: 7 hours

The following courses may be taken before formal admission to the Initial Teacher Preparation Program:

- 100 clock hours of approved prestudent teaching field experiences (0 hrs)
- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 6 hours

- MUSC 330 - Music Education in the Elementary School 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content Methods, Literacy and Technology: 9 hours

- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- MUSC 331 - Music Education in the Secondary School 3 hrs
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 12 hours

All Bachelor of Music Education students must pass a program specific screening exam before being approved for student teaching.

- EDUC 496 - Student Teaching 6 hrs
- EDUC 497 - Student Teaching 6 hrs

Minor Requirements:

This program does not require a minor.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Note:

Recital Attendance Requirement

Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. The number of events that transfer students and students seeking a second bachelor's degree must attend will be prorated, based on the number of semesters of work remaining at the time of their matriculation. Normally each semester the student will attend at least ten musical events, of which five are usually the Department of Music and Dance weekly student recitals. Credit will be received for attendance at any Department of Music and Dance event. Students must be present for an entire event to receive credit. The cards are collected at the end of the program. A student who is performing in an event may receive recital attendance credit for that event if the student performs in less than 50 percent of the event. Attendance at many non-departmental musical events may be credited toward the recital attendance requirement. To obtain credit, bring a ticket stub and program to the music office. The Head of the Department of Music and Dance will determine whether or not the event qualifies for recital credit.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a

minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Music Major

Students must complete the requirements for the Bachelor of Arts or Bachelor of Science degrees by including the academic major below and a different minor subject of 20 to 24 hours in some other department. Bachelor of Arts degrees include one year of foreign language. *Students will not earn a teaching certificate by completing this major.*

Music and Dance Department Information:

Department Head: Diane Winder

Department Contact: diane.winder@emich.edu

Website: <http://www.emich.edu/musicdance/>

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Advisor Information:

Program Advisor: Dr. David Pierce
Email: david.pierce@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 52–53 hours

Core Courses: 30 hours

- MUSC 101 - Music Theory I 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 119 - Aural Skills I 1 hr
- MUSC 129 - Aural Skills II 1 hr
- MUSC 201 - Music Theory III 3 hrs
- MUSC 202 - Music Theory IV 3 hrs
- MUSC 219 - Aural Skills III 1 hr
- MUSC 228 - Basic Music Literature 3 hrs
- MUSC 229 - Aural Skills IV 1 hr
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr
- MUSC 253 - Functional Piano 1 hr
- MUSC 254 - Functional Piano 1 hr
- MUSC 301W - History of Music to 1750 (Gen Ed Area I, W) 4 hrs
- MUSC 302 - History of Music 3 hrs

Two courses from the following: 4–5 hours

- MUSC 315 - Introduction to Digital Music 2 hrs
- MUSC 317 - Music Composition 2 hrs
- MUSC 341 - Contrapuntal Techniques 2 hrs
- MUSC 401 - Music Theory-Literature V 2 hrs
- MUSC 402 - Music Theory-Literature VI 2 hrs
- MUSC 404 - Psychology of Music 3 hrs
- MUSC 413 - Orchestration 2 hrs

Major Ensemble: 6 hours

Only one hour per semester counted toward degree.

Applied Music (principal instrument): 12 hours

Music majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.

- AMUS 116A - Principal Applied Music 2 hrs
4 semesters (minimum): 8 hours
- AMUS 416A - Principal Applied Music 2 hrs
2 semesters (minimum): 4 hours

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Bachelor of Arts degrees include one year of foreign language.

Students must also complete University Electives to bring the total credits taken to be 124.

Recital Attendance Requirement

Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. The number of events that transfer students and students seeking a second bachelor's degree must attend will be prorated, based on the number of semesters of work remaining at the time of their matriculation. Applied Music: 32 hours

Both a junior and a senior recital are required. Students must enroll in Applied Music during the semester each recital is preformed.

Music majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.

- AMUS 116B - Principal Applied Music 4 hrs
4 semesters (minimum): 16 hours
- AMUS 416B - Principal Applied Music 4 hrs
4 semesters (minimum): 16 hours

Improvisation Requirement: 0-2 hours

Students in this degree must meet an improvisation requirement. This requirement may be met in one of the following ways:

- MUSC 244 - Jazz Ensemble 1 hr
- MUSC 250 - Jazz Combo 1 hr
- MUSC 305 - Keyboard Skills 2 hrs
- Other approved improvisation course (see an adviser for details)
- Contract in Applied Music for at least one Fall or Winter semester. An improvisation Contract must be completed by the student and approved by the applied music instructor and department head at the beginning of the semester. A written evaluation of the student's improvisation work must be provided by the applied music instructor and approved by the department head at the completion of the semester. Applied music improvisation projects can be in any style (jazz, classical, world music, etc.) and should be equivalent to one credit of independent study.

Courses Chosen According to Area of Specialization: 13-16 hours

Area I: Guitar

- Ensembles (8 hrs)
Only one hour per semester counted toward degree.
- Any elective courses in music (5-8 hrs)

Area II: Keyboard

- Ensembles (8 hrs) (may include up to two credit hours of accompanying)
Only one hour per semester counted toward degree.
- Elective courses in music (5-8 hrs)

Area III: Strings

- Elective courses in music (4–7 hrs)
- MUSC 248 - University Orchestra 1 hr
8 semesters (minimum): 8 hours Only one hour per semester counted toward degree.

One course from the following:

Violin principal:

One course from the following:

- AMUS 115A - Secondary Applied Music 1 hr
- MUSC 262 - String Class: Viola 1 hr

Viola principal:

One course from the following:

- AMUS 115A - Secondary Applied Music 1 hr
- MUSC 261 - Basic String Class: Violin 1 hr

Cello principal:

One course from the following:

- AMUS 115A - Secondary Applied Music 1 hr
- MUSC 263 - String Class: Cello and Double Bass 1 hr

String Bass principal:

One course from the following:

- AMUS 115A - Secondary Applied Music 1 hr

- MUSC 263 - String Class: Cello and Double Bass 1 hr

Area IV: Wind and Percussion

- Electives courses in music (5-8 hrs)
- MUSC 249 - University Band 1 hr
8 semesters (minimum): 8 hours

Minor Requirements:

This program does not require a minor.

Note:

Recital Attendance Requirement

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Music Performance Major (Vocal)

Program Revised, Effective Fall 2013

The bachelor of music degree curriculum is available for students who wish to pursue a career in performance. All general education requirements must be completed, including one approved course in cross-cultural or international studies.

Music and Dance Department Information:

Department Head: Diane Winder
Department Contact: diane.winder@emich.edu
Website: <http://www.emich.edu/musicdance/>

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Advisor Information:

Program Advisor: Dr. David Pierce
Email: david.pierce@emich.edu
Phone: 734.487.4380

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 90-93 hours

Core Courses: 40-41 hours

- MUSC 101 - Music Theory I 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 110 - Vocal Diction I: English and Italian 1 hr
- MUSC 111 - Vocal Diction II: German and French 1 hr
- MUSC 119 - Aural Skills I 1 hr
- MUSC 129 - Aural Skills II 1 hr
- MUSC 201 - Music Theory III 3 hrs
- MUSC 202 - Music Theory IV 3 hrs
- MUSC 219 - Aural Skills III 1 hr
- MUSC 228 - Basic Music Literature 3 hrs
- MUSC 229 - Aural Skills IV 1 hr
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr
- MUSC 253 - Functional Piano 1 hr
- MUSC 254 - Functional Piano 1 hr
- MUSC 301W - History of Music to 1750 (Gen Ed Area I, W) 4 hrs
- MUSC 302 - History of Music 3 hrs
- MUSC 305 - Keyboard Skills 2 hrs
- MUSC 326 - Conducting 2 hrs

Two courses from the following: 4-5 hours

- MUSC 315 - Introduction to Digital Music 2 hrs
- MUSC 317 - Music Composition 2 hrs
- MUSC 341 - Contrapuntal Techniques 2 hrs
- MUSC 401 - Music Theory-Literature V 2 hrs
- MUSC 402 - Music Theory-Literature VI 2 hrs
- MUSC 404 - Psychology of Music 3 hrs
- MUSC 413 - Orchestration 2 hrs

Major Vocal Ensemble: 8 hours

Only one hour per semester counted toward degree.

Applied Music: 32 hours

Both a junior and a senior recital are required. Students must enroll in Applied Music during the semester each recital is performed.

Music majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.

- AMUS 116B - Principal Applied Music 4 hrs
4 semesters (minimum): 16 hours
- AMUS 416B - Principal Applied Music 4 hrs
4 semesters (minimum): 16 hours

Improvisation Requirement: 0-2 hours

Students in this degree must meet an improvisation requirement. This requirement may be met in one of the following ways:

- MUSC 244 - Jazz Ensemble 1 hr
- MUSC 250 - Jazz Combo 1 hr
- MUSC 305 - Keyboard Skills 2 hrs
- Other approved improvisation course (see an adviser for details)
- Contract in Applied Music for at least one Fall or Winter semester. An improvisation Contract must be completed by the student and approved by the applied music instructor and department head at the beginning of the semester. A written evaluation of the student's improvisation work must be provided by the applied music instructor and approved by the department head at the completion of the semester. Applied music improvisation projects can be in any style (jazz, classical, world music, etc.) and should be equivalent to one credit of independent study.

World Language Requirements: 10 hours

- FRNH 121 - Beginning French (Gen Ed Area IV) 5 hrs
- FRNH 122 - Beginning French (Gen Ed Area IV) 5 hrs

- GERN 121 - Beginning German (Gen Ed Area IV) 5 hrs
- GERN 122 - Beginning German (Gen Ed Area IV) 5 hrs

Minor Requirements:

This program does not require a minor.

Note:

Recital Attendance Requirement

Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. The number of events that transfer students and students seeking a second bachelor's degree must attend will be prorated, based on the number of semesters of work remaining at the time of their matriculation. Normally each semester the student will attend at least ten musical events, of which five are usually the Department of Music and Dance weekly student recitals. Credit will be received for attendance at any Department of Music and Dance event. Students must be present for an entire event to receive credit. The cards are collected at the end of the program. A student who is performing in an event may receive recital attendance credit for that event if the student performs in less than 50 percent of the event. Attendance at many non-departmental musical events may be credited toward the recital attendance requirement. To obtain credit, bring a ticket stub and program to the music office. The Head of the Department of Music and Dance will determine whether or not the event qualifies for recital credit.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Music Therapy Major

Successful completion of the requirements for the Bachelor of Music Therapy degree makes students eligible to sit for the Certification Examination given by the Certification Board for Music Therapists.TM

The Bachelor of Music Therapy degree is awarded on completion of this curriculum. The degree program is approved by the American Music Therapy Association.

Certification in Music Therapy

The Certification Board for Music Therapists (CBMT) mandates that candidates for board certification must have successfully completed the academic and clinical training requirements for music therapy, or their equivalent, as established by the American

Music Therapy Association. Candidates who pass the CBMT examination are allowed to use the credential "Music Therapist-Board Certified" (MT-BC).

Admission

Students must submit a 3-page double-spaced essay on the topic of "Why I wish to pursue a degree in music therapy." Include personal perspectives and motivations as well as current understanding of the field of music therapy and how you see yourself within the field. All essays are to be saved as a Word (.doc or .docx) document and sent as an attachment to Dr. Theresa Merrill, Director of Music Therapy at tmerrill@emich.edu.

Minor

Dance Minor

Students planning admission to the dance minor must complete the following:

1. An audition into the program.
2. An application at www.emich.edu/dance/html/dance_future.html.
3. A course of study planned with a dance advisor upon admission into the program.

Music and Dance Department Information:

Department Head: Diane Winder

Department Contact: diane.winder@emich.edu

Website: <http://www.emich.edu/musicdance/>

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Minor Requirements: 32 hours

- Two levels of Modern Dance Technique I–IV
(DANC 110, DANC 111, DANC 210 and DANC 211) (6 hrs)
- Two levels of Classical Ballet Technique I–IV
(DANC 108, DANC 109, DANC 208 or DANC 209) (6 hrs)
- One level of Jazz I-II
(DANC 101 or DANC 201) (2 hrs)
- DANC 107 - Rhythmic Analysis and Dance Accompaniment 3 hrs
- DANC 245 - Elements of Dance Composition 3 hrs

- DANC 255 - Dance Production 3 hrs
- DANC 351W - History of Dance: Romanticism to the Present (Gen Ed Area I, W) 3 hrs
- DANC 450 - Advanced Dance Composition 4 hrs
- DANC 455 - Seminar in Dance 2 hrs

Minor Total: 32 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and

the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Music Minor

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available at: emich.edu/music/apply. Applications must be submitted at least seven days in advance of the requested audition day.

Music and Dance Department Information:

Department Head: Diane Winder
Department Contact: diane.winder@emich.edu
Website: <http://www.emich.edu/musicdance/>

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Advisor Information:

Program Advisor: Dr. David Pierce
Email: david.pierce@emich.edu
Phone: 734.487.4380

Required Area Courses: 14 hours

- Ensembles (2 hrs)
Only one hour per semester counted toward degree.
- AMUS 115A - Secondary Applied Music 1 hr
2 semesters (minimum): 2 hours
- MUSC 101 - Music Theory I 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 119 - Aural Skills I 1 hr
- MUSC 129 - Aural Skills II 1 hr
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr

Electives: 6 hours

Any music courses for which the student meets the prerequisites.

Minor Total: 20 hours

Due to the unique numbering system in place in the Department of Music and Dance, it has been determined by the University that completion of the Music minor as written in the catalog meets the requirements for graduation.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Certificate

Music Therapy Equivalency Certificate

The Music Therapy Post-Baccalaureate Certificate Program is for students with a music degree from a National Association of Schools of Music accredited institution (or an equivalent institution outside of the United States) and an interest in specialized studies that will lead to meeting the eligibility requirements to take the certification examination in music therapy administered by the Certification Board for Music Therapists. Successful passing of this examination leads to the person being credentialed as a music therapist-board certified. The courses within this equivalency certificate program are approved by the American Music Therapy Association, and accredited by the National Association of Schools of Music.

Admission

Students must satisfy admission requirements of the University, the Department of Music and Dance and the Music Therapy Program. Please note that an audition is not required unless students want to take applied music lessons on their principal instrument while completing this certificate. Applied music may be required in secondary instruments to prepare the student to pass the EMU Music Therapy Competencies. Students must be admitted into the music therapy post-baccalaureate certificate

program before enrolling in required course work. Requirements for admission into this certificate program include the following:

1. Submission of the completed application, nonrefundable application fee and all official undergraduate and graduate transcripts to undergraduate admissions in the Office of Admissions.
2. The earned equivalent of a U.S. bachelor's degree in music from an accredited college or University.
3. Submission of a 3-page double-spaced essay on the topic of "Why I wish to pursue a degree in music therapy." Include personal perspectives and motivations as well as current understanding of the field of music therapy and how you see yourself within the field. All essays are to be saved as a Word (.doc or .docx) document and sent as an attachment to Dr. Theresa Merrill, Director of Music Therapy at tmerrill@emich.edu.
4. A personal interview with the coordinator of music therapy is required. This interview will explore the applicant's (1) interest in and general knowledge of music therapy, (2) music skills and (3) personal potential for being a successful music therapist.
5. Applicants whose native language is not English must demonstrate English language proficiency.

Certificate Requirements

The Post-Baccalaureate Music Therapy Equivalency Certificate Program must consist of all music therapy courses required for the bachelor of music therapy degree.

Courses in the sciences and in other areas to meet the American Music Therapy Association's educational standards are required.

Students must successfully demonstrate the EMU music therapy competencies in guitar, piano and voice before being eligible to enter the required clinical training (internship). Copies of the criteria for the competencies can be obtained from the coordinator of music therapy.

A specific program of study will be developed by the coordinator of music therapy, in consultation with the student, once the student is admitted into the equivalency certificate program.

Critical Information regarding Certificates

Undergraduate certificates may only be offered in conjunction with or subsequent to a baccalaureate degree. They cannot be 'stand alone' certificates, offered to students who are not pursuing or do not have a bachelor's degree. For students pursuing an undergraduate certificate concurrent with a bachelor's degree, the certificate will be awarded upon graduation.

Music and Dance Department Information:

Department Head: Diane Winder
Department Contact: diane.winder@emich.edu
Website: <http://www.emich.edu/musicdance/>

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Advisor Information:

Program Advisor: Dr. David Pierce
Email: david.pierce@emich.edu
Phone: 734.487.4380

Music Therapy Courses: 31 hours

- MUSC 103 - Introduction to Music Therapy 3 hrs
- MUSC 109 - Music Therapy Improvisation Ensemble I 1 hr
- MUSC 209 - Music Therapy Improvisation Ensemble II 1 hr
- MUSC 225 - Voice Skills with Special Populations 1 hr
- MUSC 226 - Guitar Skills with Special Populations 2 hrs
- MUSC 236 - Pre-internship Clinical Training in Music Therapy I 1 hr
- MUSC 237 - Pre-internship Clinical Training in Music Therapy II 1 hr
- MUSC 238 - Methods and Materials in Music Therapy 3 hrs
- MUSC 303 - Music Therapy Clinical Approaches 2 hrs
- MUSC 304 - Music Therapy Professional Skills 2 hrs
- MUSC 309 - Music Therapy Improvisation Ensemble III 1 hr
- MUSC 323 - Pre-internship Clinical Training in Music Therapy III 1 hr
- MUSC 324 - Pre-internship Clinical Training in Music Therapy IV 1 hr
- MUSC 404 - Psychology of Music 3 hrs
- MUSC 405 - Music Therapy Research 3 hrs
- MUSC 409 - Music Therapy Improvisation Ensemble IV 1 hr
- MUSC 427 - Pre-internship Clinical Training in Music Therapy V 1 hr
- MUSC 428 - Pre-internship Clinical Training in Music Therapy VI 1 hr
- MUSC 488 - Clinical Training Internship in Music Therapy 2 hrs

Additional Requirements: 0–12 hours

Other courses may be required depending on the course content of the student's previous degree(s). Additional courses that are often required are:

- PEGN dance activity courses or DANC course (2 hrs)
- MUSC 326 - Conducting 2 hrs
- MUSC 413 - Orchestration 2 hrs
- PSY 360 - Abnormal Psychology 3 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

Certificate Total: 31–43 hours

The number of required hours for the certificate depend upon the student's undergraduate degree.

Note:

Recital Attendance Requirement

Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. The number of events that transfer students and students seeking a second bachelor's degree must attend

will be prorated, based on the number of semesters of work remaining at the time of their matriculation. Normally each semester the student will attend at least ten musical events, of which five are usually the Department of Music and Dance weekly student recitals. Credit will be received for attendance at any Department of Music and Dance event. Students must be present for an entire event to receive credit. The cards are collected at the end of the program. A student who is performing in an event may receive recital attendance credit for that event if the student performs in less than 50 percent of the event. Attendance at many non-departmental musical events may be credited toward the recital attendance requirement. To obtain credit, bring a ticket stub and program to the music office. The Head of the Department of Music and Dance will determine whether or not the event qualifies for recital credit.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Applied Music

AMUS 115A - Secondary Applied Music

Secondary applied music. May be repeated for credit.

Credit Hours: 1 hr

AMUS 115B - Secondary Applied Music

Secondary applied music. May be repeated for credit.

Credit Hours: 2 hrs

AMUS 116A - Principal Applied Music

Lower-level principal applied music. May be repeated for credit.

Credit Hours: 2 hrs

AMUS 116B - Principal Applied Music

Lower-level principal applied music. May be repeated for credit.

Credit Hours: 4 hrs

AMUS 415A - Secondary Applied Music

Upper-level secondary applied music. May be repeated for credit.

Credit Hours: 1 hr

Prerequisite: First semester of 400-level Applied Music must be approved by applied music teacher.

AMUS 415B - Secondary Applied Music

Upper-level secondary applied music. May be repeated for credit.

Credit Hours: 2 hrs

Prerequisite: First semester of 400-level Applied Music must be approved by applied music teacher.

AMUS 416A - Principal Applied Music

Upper-level principal applied music. May be repeated for credit.

Credit Hours: 2 hrs

Prerequisite: First semester of 400-level Applied Music must be approved by applied music teacher.

AMUS 416B - Principal Applied Music

Upper-level principal applied music. May be repeated for credit.

Credit Hours: 4 hrs

Prerequisite: First semester of 400-level Applied Music must be approved by applied music teacher.

Dance

DANC 100 - Ballet I (Gen Ed Area IV)

Introduces the theory and technique of classical ballet at the beginning level for the non-major student. Develops and maintains classical ballet technique at the beginning level and fosters understanding of ballet as an historical and contemporary art form.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

DANC 100 Ballet Fundamentals

Dance is the unspoken language of the human body common to all people in the global community. It existed as a means of communication before even the development of language. Ballet is the codification of western classical dance with its structure rooted deep in history and tradition and the forerunner of the other established dance forms. The study of ballet involves all the arts including music, theatrical production and visual elements. Students in DANC 100 will actively participate by dancing in a traditional classical ballet class. Through this participation and supplemental lectures, discussions, video viewings, students will learn how to critically view their own ballet performances and those of others: learn codified ballet vocabulary and how to embody that vocabulary kinesthetically; how to creatively and critically problem-solve with ballet movement; and the history of the art form.

Last Updated: Fall 2010; effective Winter 2011

DANC 101 - Jazz I

Introduces the theory and technique of jazz dance at the beginning level for the nonmajor student. Develops and maintains jazz style and technique for the student at the beginning level and fosters a critical understanding of jazz as an historical and

contemporary art form.

Credit Hours: 2 hrs

DANC 102 - Modern Dance Fundamentals (Gen Ed Area IV)

Introduces the theory and technique of modern dance at the beginning level for the non-major student. Designed to give students introductory experiences in modern dance as a contemporary performing art and fosters the critical understanding of modern dance as an historical and contemporary art form.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

DANC 102 Fundamentals of Modern Dance

Modern Dance Fundamentals for non-majors meets the general education requirements for Arts in the knowledge of the disciplines. In this course, students will be introduced to the methodologies unique to the art form of modern dance. Modern dance, a form of human movement, provides a highly organized system for experiencing, organizing, creating, interpreting and evaluating the world around us. Modern dance embodies and perpetuates cultural values and traditions in a manner that is direct, universal and different from verbal forms of communication. In its close association with the human body, movement, space and time, modern dance can convey knowledge and meaning not learned through the study of other subjects. Modern dance communicates experiences common to all, and can convey contemporary cultural values such as those associated with the environment, patriotism, war or spirituality. In modern dance, personal and cultural meanings go far beyond mere, codified technique and entertainment. Through lectures, observation and experiential modes, students will learn how modern dance conveys personal and cultural meaning through qualities that are unique to modern dance.

Last Updated: Fall 2010; effective Winter 2011

DANC 103 - Tap I

Introduces the theory and technique of tap at the beginning level for the non-major student. Will develop and maintain tap technique and foster critical understanding of tap as an historical and contemporary art form.

Credit Hours: 2 hrs

DANC 104 - Hip-Hop Dance

An introduction to the theory and technique of hip-hop dance at the beginning level for the non-dance major student. Develops hip-hop technique and fosters understanding of hip-hop as a contemporary art form. Taught as a lecture/laboratory course.

Credit Hours: 2 hrs

DANC 105 - African Dance

The theory and technique of beginning African dance for the nonmajor dance student. Introduces students to African culture through traditional dance and music. Taught as a lecture/laboratory course.

Credit Hours: 2 hrs

DANC 106 - Introduction to the Performing Arts (Gen Ed Area IV)

A survey of the arts of dance, theatre and music; developing an understanding and appreciation of representative works in the three fields. The place of these arts in contemporary society and their contribution to a richer life. Attendance required at specific on-campus performances. This is a team taught course.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

DANC 106 Introduction to Performing Arts

Introduction to the Performing Arts meets the general education requirement for Arts in the knowledge of the disciplines. The performing arts provide knowledge about the world and ways of experience that contribute to an understanding that is both unique and different from those gained through other disciplines. The arts present insights about personal experiences common to us all- experiences such as birth, love, conflict and death. They also convey cultural meanings and values, such as patriotism and war. In the arts, personal and cultural meanings go far beyond the enjoyment of beauty. The arts convey knowledge and meaning not learned through the study of other subjects. In this course, students will learn how the performing arts convey personal and cultural meaning in lived space and time through qualities such as movement and sound that are unique to dance, music and theatre, they will discover the rich and unique ways that meaning in the performing arts takes shape in specific mediums, genres and styles.

DANC 107 - Rhythmic Analysis and Dance Accompaniment

The study of rhythm, sound and music literature as related to the teaching and performing of dance. Assigned listening experiences and designated explorations of pertinent elements of music.

Credit Hours: 3 hrs

DANC 108 - Classical Ballet Technique I for Dance Majors/Minors

A lecture/laboratory class that introduces the theory and technique of beginning/intermediate classical ballet and fosters critical understanding of ballet as an art form at the dance major/minor level.

Credit Hours: 3 hrs

DANC 109 - Classical Ballet Technique II for Dance Majors/Minors

A lecture/laboratory class that introduces the theory and technique of intermediate classical ballet and fosters critical understanding of ballet as an art form at the dance major/minor level.

Credit Hours: 3 hrs

Prerequisite: DANC 108 or equivalent and/or permission

Major Restrictions: Dance major or minor only

Course Revisions: Major Restriction Removed 10/2013, effective Winter 2014

Last Updated: Fall 2010; effective Winter 2011

DANC 110 - Modern Dance I for Dance Majors/Minors

A lecture/laboratory class that introduces the theory and technique of modern dance and fosters critical understanding of modern as an art form at the dance major/minor level.

Credit Hours: 3 hrs

Course Revisions: Change to Major restrictions 10/2013, effective Winter 2014 only Music Major and Music Minor students

can enroll in this course.

Last Updated: Course Revision note added 10/2013

DANC 111 - Modern Dance II for Dance Majors/Minors

A lecture/laboratory class that develops the theory and technique of modern dance and fosters critical understanding of modern as an art form at the dance major/minor level.

Credit Hours: 3 hrs

Prerequisite: DANC 110 or equivalent and/or permission

Major Restrictions: Dance major or minors only

Last Updated: Fall 2010; effective Winter 2011

DANC 112 - Pilates Mat Exercises

The theory and technique of beginning level Pilates technique for both the dance major/minor and nonmajor student. This course is designed to familiarize students with the technical, conceptual and historical foundations of Pilates, as applied to Pilates techniques.

Credit Hours: 2 hrs

Lecture/Lab Hours: Class is conducted in a lecture/laboratory format.

DANC 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: 02/2011

DANC 200 - Ballet II

The continuance of beginning/intermediate ballet technique and theory for the nonmajor student.

Credit Hours: 2 hrs

Prerequisite: DANC 100 and/or instructor permission

Last Updated: Links 04/2011

DANC 201 - Jazz II

The continuance of beginning/intermediate jazz theory and technique for the nonmajor student.

Credit Hours: 2 hrs

Prerequisite: DANC 101 and/or instructor permission

Last Updated: Fall 2010; effective Winter 2011

DANC 202 - Modern Dance II

The continuance of beginning/intermediate modern theory and technique for the nonmajor student.

Credit Hours: 2 hrs

Prerequisite: DANC 102 and/or instructor permission

Last Updated: Links 04/2011

DANC 208 - Classical Ballet Technique III

Theory and technique of intermediate classical ballet.

Credit Hours: 3 hrs

Prerequisite: DANC 109 or equivalent and/or permission

Major Restrictions: Dance major and minors only

Course Revisions: Change to Major Restriction 10/2013, effective Winter 2014, Dance Major & Minor Restriction to be removed.

Last Updated: Fall 2010; effective Winter 2011

DANC 209 - Classical Ballet Technique IV

A continuation of the theory and technique of advanced and intermediate classical ballet.

Credit Hours: 3 hrs

Prerequisite: DANC 208 or equivalent and/or permission

Major Restrictions: Dance majors and minors only

Course Revisions: Major Restriction to be removed 10/2013, effective Winter 2014

Last Updated: Fall 2010; effective Winter 2011

DANC 210 - Modern Dance Technique III

A continuation of DANC 111. The theory and technique of intermediate modern dance.

Credit Hours: 3 hrs

Prerequisite: DANC 111 or equivalent, and/or department permission

Major Restrictions: Dance major and minors only

Last Updated: Fall 2010; effective Winter 2011

DANC 211 - Modern Dance Technique IV

A continuation of DANC 210. The theory and technique of modern dance.

Credit Hours: 3 hrs

Prerequisite: DANC 210 or equivalent, and/or department permission

Major Restrictions: Dance major and minors only

Last Updated: Fall 2010; effective Winter 2011

DANC 214 - Pointe and Variations

A study of beginning pointe techniques in classical ballet for students with a strong technical ballet base. Classical ballet variations with appropriate technique, theory, and history will also be learned. Taught as a lecture/laboratory.

Credit Hours: 2 hrs

DANC 220 - Dance for the Elementary School Teacher

In this course students will learn both the theoretical and historical underpinnings of dance as well as the practical applications of dance and creative movement to the implementation of elementary school instruction.

Credit Hours: 3 hrs

DANC 245 - Elements of Dance Composition

An introduction to the fundamentals of choreography, including the use of improvisation and the development of compositions. Exploration and manipulation of the elements of dance.

Credit Hours: 3 hrs

Prerequisite: DANC 107, DANC 111 or department permission

Last Updated: Links 04/2011

DANC 255 - Dance Production

A study of the fundamentals of dance production including publicity, planning and organization, set design and construction, stage lighting, sound effects, recording, costuming and stage makeup. Laboratory projects coordinated with dance productions.

Credit Hours: 3 hrs

DANC 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 320 - Dance Workshop

The Dance Workshop is proposed as an integral part of the dance curriculum because it synthesizes experiences from dance theory, technique and composition in the act of performance. As a practicum in rehearsal and performance, workshops are considered essential to the balance of the total curriculum.

Credit Hours: 1 hr

DANC 331 - Service Teaching–Ballet

Service teaching is designed to provide practical experience for students to assist in dance technique classes in the dance program. This experience should be under the direction of a qualified instructor and must be approved prior to registering.

Credit Hours: 1 hr

Course Revisions: Major Restriction added 10/2013, effective Winter 2014 Music Majors & Minors may only enroll this course.

Last Updated: Course Revision note added 10/2013

DANC 333 - Service Teaching–Modern Dance

Service teaching is designed to provide practical experience for students to assist in dance technique classes in the dance program. This experience should be under the direction of a qualified instructor and must be approved prior to registering.

Credit Hours: 1 hr

Course Revisions: Major Restriction added 10/2013, effective Winter 2014 Only Music Major Students may enroll in this course

Last Updated: Course Revision note added 10/2013

DANC 350W - History of Dance: Prehistoric to Renaissance (Gen Ed Area I, W)

A study of the historical development of Western theatrical dance from prehistoric times to the Renaissance, as well as the aesthetic, political, social and cultural contexts associated with the dances of these periods. Satisfies the first semester of a two semester writing for dance majors.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or instructor permission

DANC 351W - History of Dance: Romanticism to the Present (Gen Ed Area I, W)

A study of the historical development of Western theatrical dance from the Romantic era to the present, as well as the political, social and cultural contexts associated with the dances of these periods.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or instructor permission

DANC 354 - Methods and Materials in Teaching of Dance

A study of the methods and the use of materials in the teaching of dance idioms K-12. Modes and models that facilitate learning, lesson planning and vertical progression. Experiences in teaching and field observations.

Credit Hours: 3 hrs

Course Revisions: Major Restriction added 10/2013, effective Winter 2014; Only Music Majors may enroll in this course

Last Updated: Fall 2010; effective Winter 2011

DANC 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 422 - Dance Workshop

The Dance Workshop is proposed as an integral part of the dance curriculum because it synthesizes experiences from dance theory, technique and composition in the act of performance. As a practicum in rehearsal and performance, workshops are considered essential to the balance of the total curriculum.

Credit Hours: 2 hr

DANC 450 - Advanced Dance Composition

An extension of the principles explored in DANC 245 with emphasis on structural development and experiences in the use of thematic materials, selected dance idioms, multimedia resources and group choreography. A choreographic work will be required of students.

Credit Hours: 4 hrs

Prerequisite: DANC 245

Last Updated: Fall 2010; effective Winter 2011

DANC 455 - Seminar in Dance

Current literature and dance research, trends in dance education and developments in contemporary concert dance. Lecture-discussion.

Credit Hours: 2 hrs

Prerequisite: DANC 245, DANC 450 or department permission

Last Updated: Links 04/2011

DANC 456 - Creative Dance for Children

Goals, concepts, materials and experiences to teach children's creative dance.

Credit Hours: 2 hrs

DANC 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

DANC 497 - Directed Study

An opportunity for directed study in areas not provided in other course offerings, or greater depth of study in areas in which the student has a continuing interest. Students will be assigned to select faculty members for direction, consultation and evaluation of the completed study or project. Open only to department majors and minors who have attained junior standing, with a GPA of 3.0 or above, and who have completed the appropriate background courses.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 498 - Directed Study

An opportunity for directed study in areas not provided in other course offerings, or greater depth of study in areas in which the student has a continuing interest. Students will be assigned to select faculty members for direction, consultation and evaluation of the completed study or project. Open only to department majors and minors who have attained junior standing, with a GPA of 3.0 or above, and who have completed the appropriate background courses.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 499 - Directed Study

An opportunity for directed study in areas not provided in other course offerings, or greater depth of study in areas in which the student has a continuing interest. Students will be assigned to select faculty members for direction, consultation and evaluation of the completed study or project. Open only to department majors and minors who have attained junior standing, with a GPA of 3.0 or above, and who have completed the appropriate background courses.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

Music

MUSC 100 - Music Fundamentals (Gen Ed Area IV)

Designed for the nonmusic major, an introduction to the basic elements of music: notation of pitch and rhythm, intervals, scales, chords, tonality, and form. Includes beginning aural training. A preparatory course for the music major or minor deficient in music theory and aural skills.

Credit Hours: 3 hrs

Major Restrictions: Non-Music Majors

Area IV: Knowledge of the Disciplines

MUSC 100 Music Fundamentals

Music Fundamentals (MUSC 100) meets the Arts requirement for Knowledge of the Disciplines because students in this course learn the basic elements of music through the exploration of the underlying properties of organized sound. Enhanced critical perception is achieved through aural, verbal, and visual analysis, and accompanied by an understanding of historical, cultural, and stylistic influences. Through this course, students develop basic skills in musicianship and gain a multifaceted understanding of the musical arts.

Last Updated: Gen Ed Approval 12/2011, effective Winter 2012; Title and Course Description Change 10/2011, effective Winter 2012

MUSC 101 - Music Theory I

Integrated theory course dealing with perception, writing, analysis and performance of basic musical materials; stylistic comprehension of music of all periods.

Credit Hours: 3 hrs

Corequisites: MUSC 119

Major Restrictions: Music Majors and Minors only

Last Updated: Links 04/2011

MUSC 102 - Music Theory II

Continuation of MUSC 101.

Credit Hours: 3 hrs

Prerequisite: MUSC 101 (with a grade of C or better) and MUSC 119 (with a grade of C or better)

Corequisites: MUSC 129

Major Restrictions: Music Majors and Minors only

Last Updated: Links 04/2011

MUSC 103 - Introduction to Music Therapy

Introductory survey of the various clientele served by music therapists, current career opportunities and exploration of interventions utilized by music therapists to achieve specific music therapy goals. Observation of Board Certified Music Therapists in hospital, clinical and school settings is required.

Credit Hours: 3 hrs

MUSC 105 - Appreciating Jazz: America's Music (Gen Ed Area IV)

Starting with the American Nineteenth Century, this course will examine the ways in which jazz evolved from vernacular and folk styles into an internationally recognized form of art music. Students will learn to aurally recognize performers and compositions from all of the major stylistic periods in jazz history and to recognize common song structures.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

MUSC 105- Appreciating Jazz: America's Music

Through this course, students will achieve a deeper understanding of how jazz is uniquely an American art music, learn how it came into being, and develop the skills and knowledge to appreciate the art and its practitioners. Student will also learn the

fundamentals of music through the exploration of the underlying properties of organized sound such as melody, harmony, rhythm, texture and form.

Last Updated: Gen Ed Approval 5/2012, effective Winter 2013; Course Number Change 03/2012; New Course 01/2012, effective Winter 2012

MUSC 106 - Introduction to the Performing Arts (Gen Ed Area IV)

A survey of the arts of dance, theatre and music, that seeks to develop an understanding and appreciation of representative works in the three fields and an awareness of the place of these arts in contemporary society. Attendance required at specified on-campus performances.

Credit Hours: 3 hrs

Major Restrictions: Not open to Music Majors, Dance Majors or Theater Majors

Area IV: Knowledge of the Disciplines

MUSC 106 Introduction to Performing Arts

Introduction to the Performing Arts meets the general education requirement for Arts in the knowledge of the disciplines. The performing arts provide knowledge about the world and ways of experience it that contribute to an understanding that is both unique and different from those gained through other disciplines. The arts present insights about personal experiences common to us all- experiences such as birth, love, conflict and death. They also convey cultural meanings and values, such as patriotism and war. In the arts, personal and cultural meanings go far beyond the enjoyment of beauty. The arts convey knowledge and meaning not learned through the study of other subjects. In this course, students will learn how the performing arts convey personal and cultural meaning in lived space and time through qualities such as movement and sound that are unique to dance, music and theatre, they will discover the rich and unique ways that meaning in the performing arts takes shape in specific mediums, genres and styles.

MUSC 107 - Music Appreciation (Gen Ed Area IV)

Guides the student in listening to and understanding various types, forms and styles of instrumental and vocal music of the world. Representative works of all periods and cultures, including contemporary developments, will be studied. Attendance at some concerts and recitals required.

Credit Hours: 3 hrs

Major Restrictions: Students in the following majors can not enroll in this course: Choral Music; Music Education-Undecided; Music Education, Instrumental; Music Education, Vocal; Music Performance; Music Education; Piano Pedagogy; Music; Music Theory - Literature.

Area IV: Knowledge of the Disciplines

MUSC 107 Music Appreciation

Music is a window into the values and identity of a culture- past and present. To understand a culture's music is to gain insight into the people who created it, who express themselves through it, and identify with it. Aesthetic education distinguishes people who have a university education. From the time of the ancient Greeks, music has been recognized as essential in the training of the mind, body and soul. Today, appreciation of music as an art form, and deeper understanding of the art of music, leads people to perceive qualities not found in the other arts.

MUSC 107 Music Appreciation guides the student in listening to and understanding various types, forms and styles of instrumental and vocal music of the world, representative works of all periods and cultures, including contemporary developments.

MUSC 108 - World Music (Gen Ed Area III, IV)

Designed for the non-music major, a study of the World's music. Basic musical concepts are used to explore diverse musical styles and their functions in cultures throughout the world. This course assumes no prior formal musical training.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

MUSC 108 - World Music

In prehistoric times, every culture conceived of the idea of using their voices and creating instruments to communicate; yet each culture's conception of music differed wildly. In this course, each selected musical tradition is traced from its point of origin to wherever its individual pathway of continuity and transformation may have led. Through this "music-cultural" lens, students view not only the creators of the music, but also how each unique musical tradition relates to diverse and intersecting planes of geography, history, identity and cultural worldview and practice. Global issues such as religious and ideological conflicts, Diasporas, militarism, and nationalism have always been vividly illustrated by a culture's music. Students will gain the ability to see past and present world events from the vantage point of the people who were and are directly affected by them. For these reasons, this course meets the Global Awareness category of the General Education program.

Area IV: Knowledge of the Disciplines

MUSC 108 - World Music

The world's diverse and ever-changing forms of music can foster an appreciation for the inherent qualities of creativity and shared global perspectives teaches students to approach its diversity with an open mind, open ears, thoughtfulness, and engagement. By learning to identify the building blocks of music, and how they are organized in each unique culture, students develop the tools to increase their appreciation and enjoyment of music overall. Moreover, these tools provide students with a productive lens through which to view how music undergoes a process of creative transformation that reflects cultures as they change, grow, intersect and adapt. Upon achieving these objectives, students gain the capacity to enhance their appreciation for cultural diversity and intercultural tolerance. For these reasons, this course meets the Arts Discipline category of the General Education program.

Last Updated: Gen Ed Approval 1/2013, effective Summer 2013; New Course 6/2012, effective Winter 2013

MUSC 109 - Music Therapy Improvisation Ensemble I

This introductory course will explore instrumental, vocal and movement improvisations. The student will gain insight into making personal-musical decisions and begin to explore the possible uses of improvisation in music therapy clinical practice.

Credit Hours: 1 hr

Prerequisite: MUSC 103

Major Restrictions: Students in Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency program only

The teaching and playing of oboe and bassoon.

Credit Hours: 1 hr

Major Restrictions: Music Majors and Minors only

MUSC 301W - History of Music to 1750 (Gen Ed Area I, W)

Chronological study of western music in its historical and cultural setting. Recognition of idioms, changing sound, styles and forms of music in medieval, Renaissance and Baroque periods, approximately through 1750. In this course, you will accumulate music history vocabulary, concepts, and understanding as a basis for your developing musicianship and as a foundation of your professional expertise in music.

Credit Hours: 4 hrs

Prerequisite: MUSC 228

Class Restrictions: Junior standing

Major Restrictions: Students in MUSC, MUTR, MEDI, MEDV or MPRF programs only

For music majors, MUSC 301 History of Music satisfies the General Education Writing Intensive requirement. The course has been designed to use writing as a central aspect of the pedagogy, that is, you will write to learn music history. In addition, as an upper level course for music majors, a significant goal for the course is preparation for professional writing in the field of music.

Last Updated: 03/2009; effective Fall 2010

MUSC 302 - History of Music

A continuation of MUSC 301W (History of Music from 1750 to present), but without the Writing Intensive component.

Credit Hours: 3 hrs

Prerequisite: MUSC 301W

Last Updated: Links 04/2011

MUSC 303 - Music Therapy Clinical Approaches

Provides an exploration of the music therapy literature as it relates to people who are diagnosed with various dysfunctions. Developed are music therapy leadership skills that are necessary to implement goal oriented sessions.

Credit Hours: 2 hrs

Prerequisite: PSY 101 and PSY 103 and (MUSC 238 passed with at least a C-)

Class Restrictions: Junior standing or above

Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: Prerequisites 07/2011; Links 04/2011

MUSC 304 - Music Therapy Professional Skills

Exploration of professional skills needed by music therapists in a variety of clinical settings. Includes examination of music therapy literature, development of professional presentational skills and creation of a professional portfolio.

Credit Hours: 2 hrs

Prerequisite: MUSC 303 and MUSC 323

Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: Links 04/2011

MUSC 305 - Keyboard Skills

Develops skills in sight reading, harmonization, transposition, improvisation and score reading.

Credit Hours: 2 hrs

Prerequisite: MUSC 102 and MUSC 254 or department permission

Major Restrictions: Music Majors and Minors only

Last Updated: Links 04/2011

MUSC 309 - Music Therapy Improvisation Ensemble III

This course applies previously learned improvisatory skills to various approaches used in music therapy, including Orff Music Therapy, Nordoff-Robbins Music Therapy and music therapy in conjunction with other creative arts.

Credit Hours: 1 hr

Prerequisite: MUSC 209

Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: Links 04/2011

MUSC 315 - Introduction to Digital Music

An introduction to the application of music technology in the studio and classroom. Hands-on lecture demonstrations and projects using digital instruments and software. For musicians interested in gaining a basic knowledge of digital technology.

Credit Hours: 2 hrs

Prerequisite: MUSC 202

Major Restrictions: Music majors only

Last Updated: 05/2011

MUSC 317 - Music Composition

Original writing and analysis of music, beginning with the smaller forms. May be repeated for credit.

Credit Hours: 2 hrs

Prerequisite: MUSC 202 and department permission

Last Updated: Links 04/2011

MUSC 323 - Pre-internship Clinical Training in Music Therapy III

Intermediate fieldwork experience in clinical or educational settings.

Credit Hours: 1 hr

Prerequisite: MUSC 237 and MUSC 238

Class Restrictions: Junior standing or above

Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: 05/11 - prerequisites; effective 05/11

MUSC 324 - Pre-internship Clinical Training in Music Therapy IV

Continuation of MUSC 323.

Credit Hours: 1 hr

Prerequisite: MUSC 323

Class Restrictions: Junior standing or above

Major Restrictions: Students in Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: Links 04/2011

MUSC 326 - Conducting

Fundamentals of conducting technique, score reading and interpretation of instrumental and vocal music.

Credit Hours: 2 hrs

Class Restrictions: Junior standing or above

Major Restrictions: Music Majors and Minors only

MUSC 327 - Instrumental Conducting

A practical course in instrumental conducting: score preparation, conducting technique and technical and musical issues pertaining to conducting instrumental works.

Credit Hours: 2 hrs

Prerequisite: MUSC 326

Major Restrictions: Music Majors and Minors only

Last Updated: Links 04/2011

MUSC 328 - Choral Conducting

A practical course in choral conducting: score preparation, conducting technique and technical and musical issues pertaining to conducting choral works.

Credit Hours: 2 hrs

Prerequisite: MUSC 326

Major Restrictions: Music Majors and Minors only

Last Updated: Links 04/2011

MUSC 330 - Music Education in the Elementary School

Organization, planning and teaching of elementary music, and examination, evaluation and preparation of materials based on child growth and development principles. Concurrent placement in schools for observation and prestudent teaching experience.

Credit Hours: 3 hrs

Prerequisite: MUSC 202, MUSC 254, MUSC 326 and Applied Music: AMUS 416A or AMUS 416B status (principal) and AMUS 415A or AMUS 415B status (secondary); requires admission into the College of Education; no students on academic

probation.

Class Restrictions: Junior standing or above

Major Restrictions: Music Education Majors only

Terms Offered: Course Rotation Schedule

Last Updated: Link 10/12; Links 04/2011

MUSC 331 - Music Education in the Secondary School

Classification and training of voices; song interpretation; organization and administration of choral ensembles; evaluation of materials suitable for choral organizations and other classes in the secondary school; psychology and philosophy of music education.

Credit Hours: 3 hrs

Prerequisite: MUSC 202, MUSC 254, MUSC 326, MUSC 328 and Applied Music: AMUS 416A or AMUS 416B status (principal) and AMUS 415A or AMUS 415B status (secondary); requires admission into the College of Education; no students on academic probation

Class Restrictions: Junior standing or above

Major Restrictions: Vocal Music Education Majors only

Terms Offered: Course Rotation Schedule

Last Updated: Link 10/2012; Links 04/2011

MUSC 332 - Instrumental Music in the Public Schools

Prepares students to teach instrumental music: organization of beginning classes, selection of materials, techniques of teaching, public relations, and other areas of interest. Special emphasis placed on music for grades four through nine.

Credit Hours: 3 hrs

Prerequisite: MUSC 326; require admission into the college of Education; no students on academic probation

Class Restrictions: Junior standing and above

Major Restrictions: Music Education Majors only

Terms Offered: Course Rotation Schedule

Last Updated: Link 10/2012; Links 04/2011

MUSC 333 - Orchestral Methods

Designed to assist students in their preparation as orchestra directors; special problems relevant to the string orchestra, string ensembles, and the string curriculum in the secondary schools.

Credit Hours: 3 hrs

Prerequisite: MUSC 327; requires admission into the College of Education; no students on academic probation

Class Restrictions: Junior standing or above

Major Restrictions: Instrumental Music Education Majors only

Terms Offered: Course Rotation Schedule

Last Updated: Link 10/2012; Links 04/2011

MUSC 334 - Band Methods

Designed to assist students in their preparation as band directors in secondary schools; charting and drills for marching band; rehearsal procedures and selection of suitable materials for the concert band.

Credit Hours: 3 hrs

Prerequisite: MUSC 327; requires admission into the College of Education; no students on academic probation

Class Restrictions: Junior standing or above
Major Restrictions: Instrumental Music Education Majors only
Terms Offered: Course Rotation Schedule
Last Updated: Link 10/2012; Links 04/2011

MUSC 341 - Contrapuntal Techniques

Writing in polyphonic forms with concomitant analysis.

Credit Hours: 2 hrs
Prerequisite: MUSC 202
Last Updated: Links 04/2011

MUSC 351 - Collegium Musicum

Early music ensemble. Open to all students by audition.

Credit Hours: 1 hr
Prerequisite: Audition
Last Updated: Links 04/2011

MUSC 361 - Music for Piano Instruction

Study of method books and materials suitable for use with beginning- and intermediate-level students.

Credit Hours: 2 hrs
Major Restrictions: Music Majors and Minors only

MUSC 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: Department permission
Last Updated: Links 04/2011

MUSC 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: Department permission
Last Updated: Links 04/2011

MUSC 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

MUSC 387 - Cooperative Education in Music

A cooperative work experience in the field of music.

Credit Hours: 3 hrs

MUSC 401 - Music Theory-Literature V

Integration of previous studies in theory-literature and music history; continued study and analysis of music from all periods; original, creative composition with special emphasis on contemporary style.

Credit Hours: 2 hrs

Prerequisite: MUSC 202 (with a grade of C or better) and MUSC 229 (with a grade of C or better)

Last Updated: Links 04/2011

MUSC 402 - Music Theory-Literature VI

Continuation of MUSC 401.

Credit Hours: 2 hrs

Prerequisite: MUSC 401

Last Updated: Links 04/2011

MUSC 404 - Psychology of Music

Exploration of physiologic, neurologic, social, affective and aesthetic influences of music on human behavior. Initial development of research ideas, topics and questions.

Credit Hours: 3 hrs

MUSC 405 - Music Therapy Research

Introduction to evaluation of empirical research in the field; examination of the continued need for investigation and documentation in the profession of music therapy. Completion of a quantitative research proposal.

Credit Hours: 3 hrs

Prerequisite: MUSC 404

Class Restrictions: Junior standing or above

Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: Links 04/2011

MUSC 409 - Music Therapy Improvisation Ensemble IV

This advanced-level course develops musical accompanying and verbal processing skills used in psychodynamic music therapy approaches.

Credit Hours: 1 hr

Prerequisite: MUSC 309

Class Restrictions: Junior standing or above

Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: Links 04/2011

MUSC 413 - Orchestration

Practical work in setting compositions for full orchestra and various other instrumental ensembles.

Credit Hours: 2 hrs

Prerequisite: MUSC 202 (with a grade of C or better) and MUSC 229 (with a grade of C or better)

Last Updated: Prerequisite Change 04/2012, effective Fall 2012; Links 04/2011

MUSC 427 - Pre-internship Clinical Training in Music Therapy V

Advanced fieldwork experience in clinical or educational settings.

Credit Hours: 1 hr

Prerequisite: MUSC 324

Class Restrictions: Junior standing or above

Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: 03/2011

MUSC 428 - Pre-internship Clinical Training in Music Therapy VI

Advanced fieldwork experience continued.

Credit Hours: 1 hr

Prerequisite: MUSC 427

Class Restrictions: Junior standing or above

Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: Links 04/2011

MUSC 448 - Opera Workshop

A laboratory-performance course that deals with performance of opera scenes and, when feasible, complete works. Open to all students by audition.

Credit Hours: 1 hr

Prerequisite: Audition

Last Updated: Links 04/2011

MUSC 475 - Chamber Music Performance

Study and performance of literature for small chamber groups. May be repeated for credit.

Credit Hours: 1 hrs

Last Updated: Credit hour change 05/2011, effective Fall 2011

MUSC 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

MUSC 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

MUSC 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

MUSC 488 - Clinical Training Internship in Music Therapy

A minimum of 900 clock hours of supervised training in an approved hospital, clinical or educational setting.

Credit Hours: 2 hrs

Prerequisite: MUSC 428; Completion of all other music therapy curriculum requirements and successful completion of guitar, keyboard and voice competency demonstrations

Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: Links 04/2011

MUSC 490 - Honors Course in Music

Provides superior students with the opportunity for an intensive program of independent study, original composition, performance or research.

Credit Hours: 2 hrs

Prerequisite: Cumulative GPA of 3.5 in music courses and 3.2 in general education courses; regulations governing honors courses must be followed

Class Restrictions: Senior standing

MUSC 492 - Honors Course in Music

Provides superior students with the opportunity for an intensive program of independent study, original composition, performance or research.

Credit Hours: 4 hrs

Prerequisite: Cumulative GPA of 3.5 in music courses and 3.2 in general education courses; regulations governing honors courses must be followed

Class Restrictions: Senior standing

MUSC 497 - Independent Study

Independent study, under the supervision of a department member, in areas in which the department does not offer a course.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

MUSC 498 - Independent Study

Independent study, under the supervision of a department member, in areas in which the department does not offer a course.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

MUSC 499 - Independent Study

Independent study, under the supervision of a department member, in areas in which the department does not offer a course.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

Physics and Astronomy Programs and Courses

Physics and Astronomy

Major

Engineering Physics Major

Students following this program will earn a bachelor of science degree with a major in physics and will have a strong background in engineering mechanics. Graduates will be well qualified to fill engineering-oriented positions. No minor is required.

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes
Department Contact: aoakes@emich.edu
Website: <http://www.emich.edu/physics>

Advisor Information:

Program Advisor: Dr. Alexandria Oakes
Email: aoakes@emich.edu
Phone: 734.487.8647

Program Advisor: Dr. Weidian Shen
Email: wshen@emich.edu
Phone: 734.487.8797

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 62 hours

Required Math Courses: 18 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 325 - Differential Equations 3 hrs

Required Physics Courses: 26 hours

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

- PHY 224 - Electricity and Light 5 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr
- PHY 420W - Capstone Project (Gen Ed Area I, W) 3 hrs
- PHY 456 - Electronics for Scientists 4 hrs

Required Engineering Mechanics Courses: 11 hours

- PHY 229 - Strength and Elasticity of Materials 4 hrs
- PHY 230 - Engineering Dynamics 4 hrs
- PHY 485 - Fluid Dynamics 3 hrs

Physics Elective Courses: 7 hours

Seven hours from the following:

- PHY 332 - Mechanics Laboratory 1 hr
- PHY 350 - Electricity and Magnetism I 3 hrs
- PHY 431 - Intermediate Mechanics II 3 hrs
- PHY 436 - Vibration and Sound 4 hrs
- PHY 442 - Optics and Optics Laboratory 4 hrs
- PHY 444 - Applied Optics 2 hrs
- PHY 458 - Electronic Devices for Scientists 4 hrs
- PHY 471 - Atomic and Nuclear Physics 3 hrs
- PHY 475 - Introduction to Quantum Mechanics 3 hrs
- PHY 481 - Mathematical Physics 3 hrs
- PHY 497 - Independent Study — Physics 1 hr
- PHY 498 - Independent Study — Physics 2 hrs
- PHY 499 - Independent Study — Physics 3 hrs

Additional Requirements: 11 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- COSC 111 - Introduction to Programming 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

Students desiring a mathematics minor must take MATH 211 - Introduction to Mathematical Proof (3 hrs) or MATH 360 - Statistical Methods (3 hrs) or MATH 370 - Probability and Statistics I (4 hrs) to complete the minor.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.

institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

General Science Comprehensive Major

This 56-hour major and minor combination encompasses five areas of study: biology, chemistry, earth science, mathematics and physics. Students must follow regular department requirements to complete a 20-hour cognate minor in one of the areas listed above and a 36-hour group major composed of courses from the other four areas.

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes

Department Contact: aoakes@emich.edu

Website: <http://www.emich.edu/physics>

Advisor Information:

Program Advisor: Dr. Bonnie Wylo

Email: bwylo@emich.edu

Phone: 734.487.8642

Program Advisor: Dr. Beth Kubitskey

Email: mkubitske1@emich.edu

Phone: 734.487.8798

General Education Requirements:

For specific requirements refer to the General Education Program.

Group Major (32-36 hrs) with Cognate Minor (20-22): 52-58 hours

Cognate minor in one of the following five science areas: 20-22 hours

- Biology (22 hrs)
- Chemistry (20–21 hrs)
- Earth science (21 hrs)
- Mathematics (20 hrs)
- Physics (21 hrs)

Select courses for your minor in consultation with an advisor in the appropriate department.

Group Major: 32-36 hours

With a biology minor, take the following for a group major:

- Approved elective courses in chemistry, earth science, mathematics and physics (8 hrs)
*see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

With a chemistry minor, take the following for a group major:

- Approved elective courses in biology, earth science, mathematics and physics (4 hrs)
*see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

With an earth science minor, take the following for a group major:

- Approved elective courses in biology, chemistry, mathematics and physics (7 hrs)
*see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs

- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

With a mathematics minor, take the following for a group major:

- Approved elective courses in biology, chemistry, earth science and physics (5 hrs)
*see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

With a physics minor, take the following for a group major:

- Approved elective courses in biology, chemistry, earth science and mathematics (5 hrs)
*see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

* *Approved Elective Courses:*

This list is not complete; consult with the general science advisor for other possible courses.

- ASTR 204 - Astronomical Investigations (Gen Ed Area IV) 1 hr
- BIO 205 - Field Biology 4 hrs
- BIO 130 - Biology of Plants 4 hrs
- BIO 140 - Biology of Animals 4 hrs
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- ESSC 114 - Geology of the National Parks (Gen Ed Area IV) 4 hrs
- ESSC 228 - Mineralogy 4 hrs
- ESSC 229 - Rocks and Minerals 3 hrs
- ESSC 320 - Oceanography 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
- PSCI 305 - Energy and Society 3 hrs
- PSCI 309 - Thermal Science and Heat Transfer 3 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Physics Major

This major is provided for students who desire a general cultural education with an emphasis on physics, who are preparing for work in another field such as premedicine or prelaw, or who are interested in combining physics with an allied field such as biology, chemistry, astronomy, geology or with the field of business.

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes
Department Contact: aoakes@emich.edu
Website: <http://www.emich.edu/physics>

Advisor Information:

Program Advisor: Dr. Marshall Thomsen
Email: jthomsen@emich.edu
Phone: 734.487.8794

Program Advisor: David Pawlowski
Email: dpawlows@emich.edu
Phone: 734.487.8644

Program Advisor: Diane Jacobs
Email: djacobs@emich.edu
Phone: 734.487.8646

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 33 hours

Required Courses: 29 hours

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 332 - Mechanics Laboratory 1 hr
- PHY 350 - Electricity and Magnetism I 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr
- PHY 420W - Capstone Project (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 2-4 hours

One Laboratory course from the following:

- PHY 436 - Vibration and Sound 4 hrs
- PHY 442 - Optics and Optics Laboratory 4 hrs
- PHY 444 - Applied Optics 2 hrs
- PHY 456 - Electronics for Scientists 4 hrs

Elective Courses: 0-2 hours

Only physics or astronomy undergraduate courses numbered greater than 299 can be used as electives on this major, excluding ASTR 311, PHY 311, PHY 312 and PHY 325 which cannot be used on this major.

Additional Requirements: 18 hours

- COSC 111 - Introduction to Programming 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors. A mathematics minor is highly recommended.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Physics Research Major

The physics research major provides the necessary background for those planning to become professional physicists. The requirements listed below ensure adequate depth and breadth of subject matter in both theoretical and experimental physics and in mathematics. Students successfully completing this major are prepared to enter technical positions in government or industrial research, or to undertake graduate study in physics. Further work at the graduate level is highly recommended. No minor is required.

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes
Department Contact: aoakes@emich.edu
Website: <http://www.emich.edu/physics>

Advisor Information:

Program Advisor: Dr. Patrick Koehn
Email: pkoehn@emich.edu
Phone: 734.487.8795

Program Advisor: Dr. Natthi Sharma
Email: nsharma@emich.edu
Phone: 734.487.8645

Program Advisor: Weidian Shen
Email: wade.shen@emich.edu
Phone: 734.487.8797

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 7 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- COSC 111 - Introduction to Programming 3 hrs

Major Requirements: 57 hours

Required Mathematics Courses: 18 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 325 - Differential Equations 3 hrs

Required Physics Courses: 32 hours

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 332 - Mechanics Laboratory 1 hr
- PHY 350 - Electricity and Magnetism I 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs

- PHY 372 - Modern Physics Laboratory 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr
- PHY 420W - Capstone Project (Gen Ed Area I, W) 3 hrs
- PHY 475 - Introduction to Quantum Mechanics 3 hrs

Restricted Elective Courses: 2-4 hours

One of the following laboratory courses:

- PHY 436 - Vibration and Sound 4 hrs
- PHY 442 - Optics and Optics Laboratory 4 hrs
- PHY 444 - Applied Optics 2 hrs
- PHY 456 - Electronics for Scientists 4 hrs

Elective Courses: 3-5 hours

Only ASTR and PHY undergraduate courses numbered greater than 299 can be used as electives on this major, excluding ASTR 311, PHY 311, PHY 312 and PHY 325 which can never be used on this major. For those planning to pursue graduate studies in physics, PHY 450 - Electricity and Magnetism II is strongly recommended.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

Students desiring a mathematics minor must take MATH 211 - Introduction to Mathematical Proof (3 hrs) or MATH 360 - Statistical Methods (3 hrs) or MATH 370 - Probability and Statistics I (4 hrs) to complete the minor.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Integrated Science Comprehensive Group Major

The preparation of Integrated Science teachers includes courses in the three major categories of science identified in the Michigan Curriculum Framework: life, physical and Earth/space science. Candidates who apply for the secondary integrated science endorsement must pass the Michigan Test for Teacher Certification in integrated science at the secondary level. Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in integrated science, certification code DI. The Michigan Test for Teacher Certification (MTTC) covering this field is #094, "Integrated Science (Secondary)."

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes
Department Contact: aoakes@emich.edu
Website: <http://www.emich.edu/physics>

Advisor Information:

Phone: 734.487.8798

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Comprehensive Major Requirements: 57 hours

Life Sciences Courses: 14 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 226 - Global Ecology and the Environment 4 hrs

Physical Sciences Courses: 20 hours

- CHEM 120 - Fundamentals of Organic and Biochemistry (Gen Ed Area IV) 4 hrs

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

Earth/Space Sciences Courses: 18 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- ASTR 315 - Observational Astronomy 3 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs

Additional Required Courses: 5-6 hours

Choose one option from the following:

Option I:

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option II:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

And one course from the following:

- BIO 406 - The Nature of Science 1 hr
- CHEM 406 - The Nature of Science 1 hr
- ESSC 406 - The Nature of Science 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Integrated Science Comprehensive Group Majors take one of:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

The below requirement for students to complete a minimum number of credits at the 300-level or higher is waived for this major. The requirement is met through the Initial Teacher Preparation Program (ITPP).

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Physical Science Comprehensive Major

A comprehensive Secondary Physical Science Endorsement prepares candidates to teach physical science courses as identified in the Michigan Curriculum Framework. A minor is not required in this comprehensive group major. The preparation of physical science teachers includes courses in all of the major categories of science with a strong focus on basic chemistry and physics. Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in Physical Science (DP). The Michigan Test for Teacher Certification (MTTC) covering this field is #097, "Physical Science."

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.

5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 54-55 hours

Required Physical Science Courses: 54-55 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs
- CHEM 351 - Foundations of Biochemistry 4 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
- PSCI 305 - Energy and Society 3 hrs
- PSCI 309 - Thermal Science and Heat Transfer 3 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one of the following:

- CHEM 406 - The Nature of Science 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

One from the following:

- ASTR 315 - Observational Astronomy 3 hrs
- ESSC 111 - The Earth System through Time 4 hrs

Additional Requirements: 8-9 hours

Life Science Course: 4 hours

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs

Mathematics Course(s): 4-5 hours

One of the following options:

Option I:

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option II:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs

- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Physical Science Comprehensive Majors take one of:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose writing intensive courses as part of major completion requirements. Consult your advisor for course options.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Physical Science Group Major

A Secondary Physical Science endorsement prepares candidates to teach physical science courses as identified in the Michigan Curriculum Framework. The preparation of physical science teachers includes courses in all of the major categories of science with a strong focus on basic chemistry and physics. Coupling this group major with a minor in one of the sciences (biology, chemistry, earth science or physics), as required, additionally qualifies a student to apply for certification in that subject at the secondary level. Successful completion of this course of studies, in context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in Physical Science (DP). The Michigan Test for Teacher Certification (MTTC) covering this field is #097, "Physical Science."

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 44-52 hours

Option I: With a Physics teaching minor (PHYT-21 hrs), complete the following courses:

Required Physical Science Courses: 36-37 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs
- CHEM 351 - Foundations of Biochemistry 4 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one from the following:

- CHEM 406 - The Nature of Science 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

Choose one from the following:

- ASTR 315 - Observational Astronomy 3 hrs
- ESSC 111 - The Earth System through Time 4 hrs

Additional Requirements: 8-9 hours

Life Science Course: 4 hours

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs

Mathematics Course(s): 4-5 hours

One of the following options:

Option A:

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option B:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Option II: With a Chemistry teaching minor (CHMT-24 hrs), complete the following courses:

Required Physical Science Courses: 37 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- ASTR 315 - Observational Astronomy 3 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
- PSCI 305 - Energy and Society 3 hrs
- PSCI 309 - Thermal Science and Heat Transfer 3 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one of the following:

- CHEM 406 - The Nature of Science 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

Additional Requirements: 8-9 hours

Life Sciences Course: 4 hours

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs

Mathematics course(s): 4-5 hours

One of the following options:

Option A:

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option B:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Option III: With a Biology teaching minor (BIOT-24 hrs), complete the following courses:

Required Physical Science Courses: 39 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
- PSCI 305 - Energy and Society 3 hrs
- PSCI 309 - Thermal Science and Heat Transfer 3 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one of the following:

- CHEM 406 - The Nature of Science 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

Additional Requirements: 9-10 hours

Life Science Course: 5 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs

Mathematics Course(s): 4-5 hours

One of the following options:

Option A:

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option B:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Option IV: With an Earth Science teaching minor (ESCT-21 hrs), complete the following courses:

Required Physical Science Courses: 43 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs
- CHEM 351 - Foundations of Biochemistry 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
- PSCI 305 - Energy and Society 3 hrs
- PSCI 309 - Thermal Science and Heat Transfer 3 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one of the following:

- CHEM 406 - The Nature of Science 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

Additional Requirements: 8-9 hours

Life Science Course: 4 hours

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs

Mathematics Course(s): 4-5 hours

One of the following options:

Option A:

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option B:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Physical Science Group Majors take one of:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

Students must select either a physics, chemistry, earth science or biology minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose writing intensive courses as part of major completion requirements. Consult your advisor for course options.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Physics Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in physics, certification code DE, and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Science Teachers Association. The Michigan Test for Teacher Certification (MTTC) covering this field is #019, "Physics."

An active articulation agreement exists between this program and a community college. To see a complete list of current colleges with program articulation agreements with EMU, please [click here](#).

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes

Department Contact: aoakes@emich.edu

Website: <http://www.emich.edu/physics>

Advisor Information:

Program Advisor: Dr. Diane Jacobs

Phone: 734.487.8794

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.

4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 35 hours

Required Courses: 31 hours

- ASTR 204 - Astronomical Investigations (Gen Ed Area IV) 1 hr
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 332 - Mechanics Laboratory 1 hr
- PHY 350 - Electricity and Magnetism I 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

Restricted Elective Courses: 2-4 hours

One of the following laboratory courses:

- PHY 436 - Vibration and Sound 4 hrs
- PHY 442 - Optics and Optics Laboratory 4 hrs
- PHY 444 - Applied Optics 2 hrs
- PHY 456 - Electronics for Scientists 4 hrs

Elective Courses: 0-2 hours

Select elective courses in physics and astronomy to complete the 35 hour requirement. Only ASTR and PHY undergraduate courses numbered greater than 299 can be used as electives on this major, excluding ASTR 311, PHY 311, PHY 312 and PHY 325, which can never be used on this major.

Additional Requirements: 26 hours

- COSC 111 - Introduction to Programming 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs

One course from the following:

- CHEM 115 - Chemistry and Society (Gen Ed Area IV) 3 hrs
and
- CHEM 116 - Chemistry and Society Laboratory (Gen Ed Area IV) 1 hr

- CHEM 117 - Fundamentals of Chemistry-Lecture (Gen Ed Area IV) 3 hrs
and
- CHEM 118 - Fundamentals of Chemistry Laboratory (Gen Ed Area IV) 1 hr

- CHEM 120 - Fundamentals of Organic and Biochemistry (Gen Ed Area IV) 4 hrs

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
and
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr

One course from the following:

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- BIO 130 - Biology of Plants 4 hrs
- BIO 140 - Biology of Animals 4 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Physics Majors take:

- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors. Mathematics is highly recommended.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose writing intensive courses as part of major completion requirements. Consult your advisor for course options.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.

institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Astronomy Group Minor

This minor is designed to give the student a basic knowledge of astronomy and related fields. It is recommended that students wishing to undertake graduate work in astronomy complete the research major in physics with a minor in either mathematics or astronomy. Electives used to fulfill the astronomy minor cannot be used to complete any other major or minor.

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes

Department Contact: aoakes@emich.edu

Website: <http://www.emich.edu/physics>

Advisor Information:

Program Advisor: Dr. Patrick Koehn

Email: pkoehn@emich.edu

Phone: 734.487.8795

Required Courses: 11 hours

- ASTR 204 - Astronomical Investigations (Gen Ed Area IV) 1 hr
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- ASTR 315 - Observational Astronomy 3 hrs
- ASTR 370 - Astrophysical Concepts 3 hrs

Restricted Elective Courses: 13 hours

Choose 13 credits from approved courses in physics, astronomy, mathematics or chemistry in consultation with the advising coordinator for astronomy.

Minor Total: 24 hours

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

University Information: Consult the online catalog at catalog.emich.edu.

Group Minor in General Science

A group minor in general science (24 credit hours) must be combined with an academic major in biology, chemistry, earth science, mathematics or physics.

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes
 Department Contact: aoakes@emich.edu
 Website: <http://www.emich.edu/physics>

Advisor Information:

Program Advisor: Dr. Bonnie Wylo
 Email: bwylo@emich.edu
 Phone: 734.487.8642

Program Advisor: Dr. Beth Kubitskey
 Email: mkubitske1@emich.edu
 Phone: 734.487.8798

With a major in biology, take the following courses:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

- Others as approved by general science adviser
- CHEM 123 - General Chemistry II 3 hrs
and
- CHEM 124 - General Chemistry II Laboratory 1 hr
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- PHY 222 - Electricity and Light 4 hrs

With a major in chemistry, take the following courses:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

- Others as approved by general science adviser
- BIO 226 - Global Ecology and the Environment 4 hrs
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- PHY 222 - Electricity and Light 4 hrs

With a major in earth science, take the following:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

- Others as approved by general science adviser
- BIO 226 - Global Ecology and the Environment 4 hrs
- CHEM 123 - General Chemistry II 3 hrs
and

- CHEM 124 - General Chemistry II Laboratory 1 hr
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- MATH 121 - Calculus II 4 hrs
- PHY 222 - Electricity and Light 4 hrs

With a major in geology, take the following courses:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

- Others as approved by general science adviser
- BIO 226 - Global Ecology and the Environment 4 hrs
- CHEM 123 - General Chemistry II 3 hrs
and
- CHEM 124 - General Chemistry II Laboratory 1 hr
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- PHY 222 - Electricity and Light 4 hrs

With a major in mathematics, take the following courses:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

- Others as approved by general science adviser
- BIO 226 - Global Ecology and the Environment 4 hrs
- CHEM 123 - General Chemistry II 3 hrs
and
- CHEM 124 - General Chemistry II Laboratory 1 hr
- ESSC 212 - Weather, Climate and the Earth System 3 hrs

- PHY 222 - Electricity and Light 4 hrs

With a major in physics, take the following courses:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

One course from the following:

- Others as approved by general science adviser
- BIO 226 - Global Ecology and the Environment 4 hrs
- CHEM 123 - General Chemistry II 3 hrs
and
- CHEM 124 - General Chemistry II Laboratory 1 hr
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs

Minor Total: 24-26 hours

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Physics Minor

The Physics Major is provided for students who plan to work in industry, business, or government in an area where physics is useful, such as medicine, law, technical analysis and financial analysis.

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes

Department Contact: aoakes@emich.edu

Website: <http://www.emich.edu/physics>

Advisor Information:

Program Advisor: Dr. Marshall Thomsen
Email: jthomsen@emich.edu
Phone: 734.487.8794

Program Advisor: David Pawlowski
Email: dpawlows@emich.edu
Phone: 734.487.8644

Program Advisor: Diane Jacobs
Email: djacobs@emich.edu
Phone: 734.487.8646

Required Courses: 21 hours

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr

Additional Requirements: 15 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs

Minor Total: 36 hours

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses**

will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Physics Minor

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in physics, certification code DE. The Michigan Test for Teacher Certification (MTTC) covering this field is #019, "Physics."

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes

Department Contact: aoakes@emich.edu

Website: <http://www.emich.edu/physics>

Advisor Information:

Program Advisor: Dr. Diane Jacobs

Email: djacobs@emich.edu

Phone: 734.487.8799

Program Advisor: Dr. Beth Kubitskey

Email: mkubitske1@emich.edu

Phone: 734.487.8798

Program Advisor: Dr. David Pawlowski

Email: dpawlows@emich.edu

Phone: 734.487.8644

Required Physics and Astronomy Courses: 21 hours

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr

Additional Requirements: 15 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs

Minor Total for Science Majors: 36 hours

Minor Total for Non-Science Majors: 40 hours

Students minoring in Physics with secondary certification, but not majoring in a science teaching program, must take the following courses:

- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs
- * PHY 406 - Ethical Issues in Physics 1 hr

Note:

* BIO 406, CHEM 406, or ESSC 406 may be substituted for PHY 406.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. - For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Astronomy

ASTR 105 - Exploration of the Universe (Gen Ed Area IV)

An introductory astronomy course for students in any curriculum. The solar system, stars, galaxies, cosmology and the history of astronomy are covered.

Credit Hours: 3 hrs

Major Restrictions: Cannot be applied toward a Physics Major or Minor

Previously Listed As: ASTR 203

General Education: ASTR204 must be taken concurrently with this course to meet General Education requirements. Students may not receive General Education credit for both ASTR105 and ASTR205.

Area IV: Knowledge of the Disciplines

ASTR 105 Exploration of the Universe [effective Winter 2009]

Students will obtain an understanding of basic astronomy and our place in space by studying the structure of the universe. They will learn to make astronomical observations and use them to stimulate inquiry about our local space environment and to help them understand how our ancestors viewed the sky. Students will become literate scientific citizens by reading primary source articles, producing critical responses and by writing to elected officials to express their views on the doing and funding science in the United States. As such, ASTR 105 meets the requirements of a Natural Science Course in the Knowledge of the Disciplines

portion of the new General Education program when taken concurrently with ASTR 204.

Last Updated: 2/28/2011

ASTR 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

ASTR 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

ASTR 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

ASTR 204 - Astronomical Investigations (Gen Ed Area IV)

A laboratory course for the beginning astronomy student. The techniques and concepts of astronomy.

Credit Hours: 1 hr

Lecture/Lab Hours: two hours of laboratory per week.

Corequisites: ASTR 203 or ASTR 205

Area IV: Knowledge of the Disciplines

ASTR 204 Exploration of the Universe [effective Winter 2009]

Students will obtain an understanding of basic astronomy and our place in space by studying the structure of the universe. They will learn to make astronomical observations and use them to stimulate inquiry about our local space environment and to help them understand how our ancestors viewed the sky. Students will become literate scientific citizens by reading primary source articles, producing critical responses, and by writing to elected officials to express their views on the doing and funding of science in the United States. As such, ASTR 105 meets the requirements of a Natural Science Course in the Knowledge of the Disciplines portion of the new General Education program when taken concurrently with ASTR 204.

Last Updated: 2/28/2011

ASTR 205 - Principles of Astronomy (Gen Ed Area IV)

A survey of astronomy and astrophysics for Science, Integrated Science and Secondary Education majors and minors. The course covers the solar system, stars, galaxies, elementary celestial mechanics, light and cosmology. Students will solve

appropriate problems and develop models that pertain to the topics.

Credit Hours: 4 hrs

Prerequisite: MATH 110 or placement

General Education: ASTR 204 must be taken concurrently with this course for General Education credit. Students may not receive General Education credit for both ASTR 105 and ASTR205.

Area IV: Knowledge of the Disciplines

ASTR 205 Principles of Astronomy [effective Winter 2009]

Students will obtain an understanding of basic astronomy and our place in space by studying the structure of the universe. They will learn to make astronomical observations and use them to stimulate inquiry about our local space environment and to help them understand how our ancestors viewed the sky. Students will become literate scientific citizens by reading primary source articles, producing critical responses and by writing to elected officials to express their views on the doing and funding of science in the United States. As such, ASTR 205 meets the requirements of a Natural Science Course in the Knowledge of the Disciplines portion of the new General Education program when taken concurrently with ASTR 204.

Last Updated: 2/28/2011

ASTR 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

ASTR 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

ASTR 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

ASTR 297 - Independent Study-Astronomy

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 1 hr

Prerequisite: approval of the faculty member and department permission

ASTR 298 - Independent Study-Astronomy

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 2 hrs

Prerequisite: approval of the faculty member and department permission

ASTR 299 - Independent Study-Astronomy

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 3 hrs

Prerequisite: approval of the faculty member and department permission

ASTR 311 - Astronomy Projects for Elementary Teachers

A hands-on course designed to provide elementary teachers with experience doing projects, in the elementary classroom, to teach astronomy. The course will integrate grade-level appropriate mathematics and writing to investigate and solve astronomical problems. Students also will study human endeavors in space exploration and their impact on societal and technological issues.

Credit Hours: 3 hrs

Prerequisite: ASTR 105 or ASTR 205

Last Updated: 2/28/2011

ASTR 315 - Observational Astronomy

The practical aspects of astronomy emphasizing advanced amateur observational practices such as identification of astronomical objects using charts and references, telescopes, imaging and darkroom techniques, and computer applications.

Credit Hours: 3 hrs

Prerequisite: ASTR 105 or ASTR 205

Last Updated: 2/28/2011

ASTR 370 - Astrophysical Concepts

The emphasis is on the theoretical understanding and analytical treatment of topics in astrophysics. These topics include celestial mechanics, astronautics, planetary atmospheres, stellar structure, stellar evolution, galaxies and cosmology.

Credit Hours: 3 hrs

Prerequisite: PHY 224; or PHY 222 and MATH 121

Last Updated: 2/28/2011

ASTR 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hrs

Prerequisite: department permission

ASTR 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

ASTR 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

ASTR 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hrs

Prerequisite: department permission

ASTR 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied

Credit Hours: 2 hrs

Prerequisite: department permission

ASTR 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

ASTR 497 - Independent Study-Astronomy

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 1 hr

Prerequisite: approval of the faculty member and department permission

ASTR 498 - Independent Study-Astronomy

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 2 hrs

Prerequisite: approval of the faculty member and department permission

ASTR 499 - Independent Study-Astronomy

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 3 hrs

Prerequisite: approval of the faculty member and department permission.

Physical Science

PSCI 110 - The Science of Everyday Life (Gen Ed Area IV)

This course is designed to give students a background in the principles of physics as applied to everyday living - a qualitative discussion of the key physical principles and how they relate to modern living and informed decisions about science and society. The laboratory experiments are hands-on experiences to provide evidence in support of underlying physical principles.

Credit Hours: 4 hrs

Lecture/Lab Hours: Four lecture hours and one one-hour laboratory.

Notes: Does not count toward a physics major or minor.

Area IV: Knowledge of the Disciplines

PSCI110 The Science of Everyday Life [was PHY 110]

This course is a general introduction to the physical laws that govern everyday experiences and activities. Examples include the laws of mechanics which govern how motor vehicles behave and how sound is transmitted and perceived. The laws of thermodynamics in part determine our home fuel bills and why layered clothing can keep us warmer. Knowledge of the laws governing the flow of electricity can help us to avoid home electrical fires. Understanding the structure of atoms and of the atomic nucleus sheds light on the properties of a wide range of materials as well as one of the reasons for the prodigious energy released by nuclear weapons and the benefits and dangers of nuclear reactors.

PSCI 270 - Relativity, Atomic and Nuclear Physics

This course completes the introductory sequence in college-level, algebra-based physics. Topics include relativity, quantum physics, atomic structure and models, molecules, nuclear fusion and cosmology. Applications include lasers, holography, scanning tunneling microscopes and magnetic resonance imaging. Emphasis is placed on understanding and comprehension as well as the ability to solve relevant mathematical problems.

Credit Hours: 3 hrs

Prerequisite: PHY 222 or PHY 224

Last Updated: Links 04/2011

PSCI 305 - Energy and Society

This course is designed particularly for teachers in physical science as an elementary study of energy concepts and the various relationships between energy and society. The focus is on simple experimental projects, followed by class discussions. Most of the apparatus will be made from materials available in the home or at a variety store.

Credit Hours: 3 hrs

Prerequisite: PHY 222 or PHY 224

Last Updated: Links 04/2011

PSCI 309 - Thermal Science and Heat Transfer

Basic course in the fundamental principles of thermodynamics and heat transfer. Topics include temperature scales, open and closed systems, properties of pure substances, change of state, P-V diagrams, specific heat, enthalpy, entropy, heat engine cycles, heat conduction, convection and radiation. Emphasis is placed on understanding and comprehension as well as the ability to solve relevant mathematical problems.

Credit Hours: 3 hrs

Prerequisite: PHY 222 or PHY 224

Last Updated: Links 04/2011

PSCI 340 - Milestones in Physics and Astronomy for Teachers

A course designed to give students an understanding of the contributions made by selected male and female scientists, from diverse racial and ethnic backgrounds, to the development of physics and astronomy, and the relationship of their ideas to the period in which scientists lived.

Credit Hours: 3 hrs

Prerequisite: PHY 222 or PHY 224 and ASTR 205

Last Updated: Links 04/2011

PSCI 407 - Nature of Science for Elementary Teachers

This course examines the nature of scientific evidence, inquiry, hypotheses, models and law. The development of science is put in the context of the structure of the discipline, its history, and interactions with society. Discussions of modern theories and laws will integrate scientific concepts with the processes of how science works. The class will also provide students with activities to demonstrate these concepts.

Credit Hours: 2 hrs

Prerequisite: ASTR 105, BIO 105, PHY 311, CHEM 312 and ESSC 312

Class Restrictions: Junior standing

Major Restrictions: Elementary Integrated Science Majors only

Cross-Listed with: BIOT 407, CHEM 407, and ESSC 407

Last Updated: Links 06/2011

Physics

PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV)

Designed to stimulate interest in physics by the use of simple and inexpensive equipment to demonstrate scientific principles. Motion, forces, sound, light, heat, electricity and magnetism.

Credit Hours: 3 hrs

Notes: Does not count toward a physics major or minor. Open only to students pursuing any curriculum for elementary teachers.

Area IV: Knowledge of the Disciplines

PHY 100 Physics for Elementary Teachers

This course includes 3 hours of lecture and 1 hour of laboratory each week. In this course all elementary education students are introduced to the core knowledge used in physics to understand phenomenon. This knowledge is an important foundation for

studying the other sciences required of the elementary teacher and shows very practically both how physics manifests in our everyday lives and how these concepts can be presented in the elementary classroom. This core knowledge is the same core knowledge used by scientists in every laboratory in the world. The appropriate terminology is introduced and students are shown how to "scale it down" to the elementary student's vocabulary. The assumptions and shortcomings of models are highlighted. Whenever possible, appropriate simple demonstrations are used. Students are asked to estimate results, mathematics and models are used to predict results, and the results are compared with the student's intuition. Modern applications are discussed to guide students to become scientifically literate citizens who are capable of making informed decisions about scientific information.

PHY 101 - Physical Science in the Arts (Gen Ed Area IV)

This course is designed to give students a general background in the basic principles of physics, as applied to art, music and dance, with an emphasis on exploring the nature of music and its production. Laboratory experiments complement the lecture by providing hands-on experiences to verify and demonstrate those principles.

Credit Hours: 4 hrs

Lecture/Lab Hours: Three lecture hours and one two-hour laboratory per week.

Notes: Does not count toward a physics major or minor.

Area IV: Knowledge of the Disciplines

PHY 101 Physical Science in the Arts

Few of us would ever suspect that underlying much of what we experience in our world can be attributed to a handful of basic physical principles. The reason why an ice skater can spin faster when drawing in his arms at the end of a routine is the same reason why the planets orbiting the sun will have different speeds along their orbital paths. This course is a general introduction to the basic physical principles that scientists use to describe the world around you. The purpose of this course is to explore, test and apply the laws, governing many practical aspects of architecture, dance, sounds and musical instruments, light and color, and even planetary motion. This course is a journey to a much fuller understanding of our world through an eclectic approach to science.

PHY 177 - Special Topics

This special topics course will be used to teach aspects of physics at an elementary level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 1 hr

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 178 - Special Topics

This special topics course will be used to teach aspects of physics at an elementary level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 2 hrs

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 179 - Special Topics

This special topics course will be used to teach aspects of physics at an elementary level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 3 hrs

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV)

The first course of an introductory two course sequence in college-level physics. Topics include particle motion, Newton's laws of motion, conservation laws, gravitation, rotation, harmonic motion, sound and thermodynamics. Laboratory: two consecutive hours, one day per week. All physics majors, minors and pre-engineers must elect PHY 223.

Credit Hours: 4 hrs

Prerequisite: (MATH 105 or MATH 119) and MATH 107, or MATH 140 with a C or better in each course; or MATH 112; or MATH 120

Area IV: Knowledge of the Disciplines

PHY 221 Mechanics, Sound and Heat

The purpose of this course is to introduce, explore, test and apply the principles of physics that predict the motion of an object. Today when we take a flight from Detroit to Los Angeles, we expect the arrival time to be within five minutes of predicted time. Such predictions are based on the principles of physics and the tools of mathematics. Other practical applications of these principles include the flight of a baseball, the putting of a golf ball, the motion of the Earth around the sun, the rotation of a bicycle wheel, the setting of bones to allow healing, the vibration of the string on a violin, the flow of air across an airplane wing, and the conduction of heat through a window. PHY 221 presents in detail the foundational principles of motion that all scientists use in their research.

Last Updated: Prereqs. 07/2011; Links 04/2011

PHY 222 - Electricity and Light

A continuation of PHY 221. Topics include electrostatics, fields, potentials, current, magnetism, DC and AC circuits, and geometrical and physical optics. Laboratory: two consecutive hours, one day per week. All physics majors, minors and pre-engineers must elect PHY 221.

Credit Hours: 4 hrs

Prerequisite: PHY 221 or PHY 223; (MATH 105 or MATH 119) and MATH 107, or MATH 140 with a C or better in each course; or MATH 112; or MATH 120

Last Updated: Prereqs. 07/2011; Links 04/2011

PHY 223 - Mechanics and Sound (Gen Ed Area IV)

A basic, calculus-based course in physics for students majoring in physical science and those on a pre-engineering curriculum. Topics include kinematics, Newton's laws, work and energy, conservation laws, rotational motion, oscillations and sound.

Credit Hours: 5 hrs

Lecture/Lab Hours: Laboratory: two consecutive hours, one day per week.

Prerequisite: MATH 120

Area IV: Knowledge of the Disciplines

PHY 223 Mechanics and Sound

The purpose of this course is to introduce, explore, test and apply the principles of physics that predict the motion of an object.

Today when we take a flight from Detroit to Los Angeles, we expect the arrival time to be within five minutes of the predicted time. Such predictions are based on the principles of physics and the tools of mathematics. Other practical applications of these principles include the flight of a baseball, the putting of a golf ball, the motion of the Earth around the sun, the rotation of a bicycle wheel, the setting of bones to allow healing, the building of bridges, the vibration of the string on a violin and the flow of air across an airplane wing. PHY 223 presents in detail the foundational principles of motion that all scientists use in their research.

Last Updated: Links 04/2011

PHY 224 - Electricity and Light

A continuation of PHY 223. Static and current electricity, magnetism and light.

Credit Hours: 5 hrs

Lecture/Lab Hours: Laboratory: two consecutive hours, one day per week.

Prerequisite: PHY 223 and MATH 121

Last Updated: Links 04/2011

PHY 229 - Strength and Elasticity of Materials

Fundamental principles of mechanics applied to solids. Equilibrium, elasticity, stress and strain, generalized Hooke's Law, tension, torsion, shear, bending, deflection of beams, theory of columns and strain energy.

Credit Hours: 4 hrs

Lecture/Lab Hours: Four lecture-recitation periods per week. Laboratory required.

Prerequisite: PHY 223 and MATH 121

Last Updated: Links 04/2011

PHY 230 - Engineering Dynamics

Vector representation of physical quantities. Statics of rigid bodies. Friction, kinematics of particles and rigid bodies. Dynamics of particles and rigid bodies. Work and energy.

Credit Hours: 4 hrs

Lecture/Lab Hours: Four lecture-recitation periods per week.

Prerequisite: PHY 223; MATH 121; MATH 122

Last Updated: Links 04/2011

PHY 277 - Special Topics

This special topics course will be used to teach aspects of physics at an intermediate level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 1 hr

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 278 - Special Topics

This special topics course will be used to teach aspects of physics at an intermediate level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 2 hrs

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 279 - Special Topics

This special topics course will be used to teach aspects of physics at an intermediate level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 3 hrs

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 297 - Independent Study

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 1 hr

Prerequisite: Approval by the faculty member and department permission

Last Updated: Links 04/2011

PHY 311 - Teaching Elementary Physical Science

Designed particularly for teachers in elementary science. An elementary study of motion, forces, energy, matter, heat, sound, light, magnetism and electricity. Focus is on simple experimental projects, followed by class discussions. Most of the apparatus will be made from materials available in the home or at a variety store. Offered only to elementary education students.

Credit Hours: 3 hrs

Prerequisite: PHY 100

Last Updated: Links 04/2011

PHY 312 - Electricity Experiments for Elementary Teachers

A practical course designed to help elementary teachers learn the basics of electricity and electrical safety. Students will use grade-level appropriate mathematics, equipment and measurement devices to investigate simple circuits. Electrical energy production, use and conservation will be discussed with reference to U.S. consumers in a global context. Only open to elementary education students.

Credit Hours: 3 hrs

Prerequisite: PHY 100

Last Updated: Links 04/2011

PHY 325 - Methods of Teaching the Physical Sciences

A study of strategies and procedures used in secondary school teaching. Students will be provided with the opportunity to familiarize themselves with the newer science curricula; visit secondary school classrooms; present classroom demonstrations and conduct laboratory work; learn to use modern teaching aids, especially the computer, in classroom teaching; and develop means of evaluating cognitive and affective learning. Two recitation and two laboratory hours per week. Open to prospective teachers following the junior-senior high school curriculum who are majoring or minoring in integrated science or a physical science.

Credit Hours: 3 hrs

Prerequisite: CURR 305; or department permission

Class Restrictions: Junior standing

Major Restrictions: Admission to the Initial Teacher Preparation Program

Notes: Not open to students on academic probation. Students only have the choice of a methods class if they are an Integrated Science Major.

Last Updated: 2/16/2011

PHY 330 - Intermediate Mechanics I

The statics and dynamics of a particle, projectiles with air resistance, central forces, dynamics of a system of particles, vibrational motion and pendulums.

Credit Hours: 3 hrs

Prerequisite: PHY 224; MATH 121; MATH 122

Last Updated: Links 04/2011

PHY 332 - Mechanics Laboratory

A laboratory course providing experimental studies in intermediate mechanics.

Credit Hours: 1 hr

Lecture/Lab Hours: Three hours of laboratory per week.

Concurrent Prerequisite: PHY 330

Last Updated: Links 04/2011

PHY 350 - Electricity and Magnetism I

An introductory course dealing mainly with electrostatics and magnetostatics. The following topics will be covered: vector calculus; Coulomb's law; Gauss's and Ampere's law; electric and magnetic fields; potentials and potential energies; solution of Laplace's equation for rectangular, cylindrical and spherical geometries in the presence of conductors, dielectrics and magnetic materials; electric and magnetic susceptibilities; resistance; capacitance; inductance; electromotive force; and electromagnetic induction.

Credit Hours: 3 hrs

Prerequisite: PHY 224; MATH 223

Last Updated: Links 04/2011

PHY 360 - Heat and Thermodynamics

An intermediate course in the study of heat and thermodynamics. The course will include an introduction of the fundamental concepts followed by specific topics, including thermal expansion, specific heat, change of state, elementary kinetic theory, thermodynamics laws, entropy and other thermodynamic functions. No prior knowledge of thermodynamics is presumed.

Credit Hours: 4 hrs

Prerequisite: PHY 222 or PHY 224; MATH 223

Last Updated: Links 04/2011

PHY 370 - Introduction to Modern Physics

An introduction to modern physics and relativity. The qualitative interpretation, according to the modern quantum theory, of experimental results in atomic and nuclear physics.

Credit Hours: 3 hrs

Prerequisite: MATH 121; PHY 222 or PHY 224

Last Updated: Links 04/2011

PHY 372 - Modern Physics Laboratory

A laboratory course providing experimental studies in such areas as late classical, relativistic, quantum, and nuclear physics.

Credit Hours: 1 hr

Lecture/Lab Hours: Three hours of laboratory per week.

Concurrent Prerequisite: PHY 370

Last Updated: Links 04/2011

PHY 377 - Special Topics

This special topics course will be used to teach some aspects of physics at an advanced level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 1 hr

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 378 - Special Topics

This special topics course will be used to teach some aspects of physics at an advanced level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 2 hrs

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 379 - Special Topics

This special topics course will be used to teach some aspects of physics at an advanced level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 3 hrs

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 387 - Cooperative Education in Physics

Four to six months of full-time employment at an industrial firm specially chosen for imparting a practical educational experience in physics. The program consists of two work experiences (PHY387/487) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: Admittance by application only

Class Restrictions: Junior standing

Notes: Use toward a physics major or minor subject to department permission. Offered on a graded credit/no-credit basis

PHY 390 - Physics Project

A suitable project in physics is to be done on an individual basis. Arrangements must be made with a physics faculty member before the beginning of the semester.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PHY 391 - Physics Project

A suitable project in physics is to be done on an individual basis. Arrangements must be made with a physics faculty member before the beginning of the semester.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PHY 397 - Independent Study

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 1 hr

Prerequisite: Approval by the faculty member and department permission

Last Updated: Links 04/2011

PHY 398 - Independent Study

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 2 hrs

Prerequisite: Approval by the faculty member and department permission

Last Updated: Links 04/2011

PHY 399 - Independent Study

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 3 hrs

Prerequisite: Approval by the faculty member and department permission

Last Updated: Links 04/2011

PHY 406 - Ethical Issues in Physics

Ethical issues that a career physicist may encounter are studied and discussed. Historical accounts and essays are used to illustrate potential ethical conflicts associated with interactions within the scientific community as well as interactions between the scientific community and society at large.

Credit Hours: 1 hr

Prerequisite: PHY 222 and PHY 224

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 417 - Undergraduate Research Laboratory

Laboratory work of a research nature done under the direction of a staff member working on a research problem. One problem will extend through the semester, with a comprehensive report required. Six hours are to be spent in the laboratory each week. Arrangements must be made with the department before the beginning of the semester.

Credit Hours: 2 hrs

Prerequisite: Department permission

Class Restrictions: Open to Seniors nearing completion of a Physics Major

Major Restrictions: Physics Major

Last Updated: Links 04/2011

PHY 420W - Capstone Project (Gen Ed Area I, W)

This course provides the opportunity to synthesize knowledge of a wide range of physics and engineering topics into a research or design project, from concept development, through test and analysis, to final report. Assessment and development of concept knowledge and practical skills are integral to this course.

Credit Hours: 3 hrs

Prerequisite: (PHY 230 or PHY 330), PHY 360 and PHY 370

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 431 - Intermediate Mechanics II

A continuation of PHY 330. Mechanics of a rigid body, generalized coordinates, the Lagrangian and Hamiltonian functions, relative motion.

Credit Hours: 3 hrs

Prerequisite: PHY 330, MATH 223

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 436 - Vibration and Sound

Detailed studies of vibration and wave motion with specific emphasis on acoustic waves in air and other media. Reflection, refraction and interference of sound; vibrating strings and air columns; electroacoustic transducers; architectural acoustics.

Credit Hours: 4 hrs

Lecture/Lab Hours: Laboratory required. Laboratory meets once per week for three hours.

Prerequisite: PHY 222 or PHY 224; MATH 223

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 442 - Optics and Optics Laboratory

An intermediate course with a laboratory dealing with fundamentals of geometrical, physical and quantum optics. Topics covered include: reflection, refraction, lenses and optical instruments, spectrometers and spectra, interference, diffraction and polarization.

Credit Hours: 4 hrs

Lecture/Lab Hours: Three hours of laboratory per week.

Prerequisite: PHY 222 or PHY 224; MATH 121

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 444 - Applied Optics

A combined lecture/laboratory course covering applications of optics. Applications include, but are not limited to, polarized light devices, laser operation, holography, image processing and fiber optics.

Credit Hours: 2 hrs

Lecture/Lab Hours: Lecture: one hour per week. Laboratory: three consecutive hours per week.

Prerequisite: PHY 224

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 450 - Electricity and Magnetism II

A brief review of electrostatics and magnetostatics. The following topics will be covered: Faraday's Law, displacement current, Maxwell's equations, Poynting vector, plane wave solutions, polarization, wave propagation in dielectrics and conductors, dispersion, Fresnel's equations, guided waves, dipole radiation, Lienard-Wiechert potentials, and radiation theory.

Credit Hours: 3 hrs

Prerequisite: PHY 350; MATH 325

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 452 - Electrical Measurements

An intermediate course in electricity. The fundamental principles involved in measuring electric and magnetic quantities, the use of high-grade electrical apparatus. Experiments include studies of galvanometers, Wheatstone bridges of various forms, potentiometers and standard cells, vacuum tubes, magnetic measurements and methods of measuring capacitance and inductance.

Credit Hours: 4 hrs

Lecture/Lab Hours: Laboratory: four consecutive hours, one day per week.

Prerequisite: PHY 221/PHY 223 and PHY 222 or PHY 224

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 456 - Electronics for Scientists

Theory and application of passive and semiconductor circuit elements. Analog and digital circuit analysis and design problems.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: three hours per week.

Prerequisite: PHY 224; PHY 230 or PHY 330; MATH 121 or Departmental Permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Change in Prerequisites 2/2013, effective Summer 2013; Graduate Credit 07/2011; Links 04/2011

PHY 458 - Electronic Devices for Scientists

Electronic devices used in electronic instruments: transistors, logic gates, and interface circuits. Interface techniques with applications to measurements.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: three hours per week.

Prerequisite: PHY 456

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 462 - Kinetic Theory and Statistical Mechanics

An introduction to the kinetic theory of gases and statistical mechanics. For students concentrating in physics and those contemplating advanced study in related fields of science and engineering. Maxwell-Boltzman distribution law, entropy and probability, transport phenomena, quantum statistics, Bose-Einstein and Fermi-Dirac statistics, the connection between statistical mechanics and thermodynamics, the equation of state, the elementary electron theory of metals and statistical methods in nuclear physics.

Credit Hours: 3 hrs

Prerequisite: PHY 224; MATH 223

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 471 - Atomic and Nuclear Physics

Topics include basic nuclear structure, nuclear decay and radioactivity, nuclear reactions and particle physics.

Credit Hours: 3 hrs

Prerequisite: PHY 370, MATH 121

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 475 - Introduction to Quantum Mechanics

The fundamental ideas of the quantum theory; the dual nature of matter, wave equations and wave packets, observable and linear operators, the application of the Schroedinger and Heisenberg equations to elementary systems, Pauli's theory of electron spin.

Credit Hours: 3 hrs

Prerequisite: PHY 370 and MATH 223

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 477 - Special Topics

This special topics course will be used to teach aspects of physics at an advanced level that would not regularly be offered.

Credit Hours: 1 hr

Prerequisite: see department for prerequisites

PHY 478 - Special Topics

This special topics course will be used to teach aspects of physics at an advanced level that would not regularly be offered.

Credit Hours: 2 hrs

Prerequisite: see department for prerequisites

PHY 479 - Special Topics

This special topics course will be used to teach aspects of physics at an advanced level that would not regularly be offered.

Credit Hours: 3 hrs

Prerequisite: see department for prerequisites

PHY 481 - Mathematical Physics

Advanced mathematical topics for the physics student, with applications drawn from the field of physics. Vectors, matrices, tensors, partial differential equations, contour integration, calculus of variations, integral equations and transforms, eigenvalue functions, perturbation and group theory, special functions.

Credit Hours: 3 hrs

Prerequisite: MATH 325 and PHY 330

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 485 - Fluid Dynamics

An introduction to the statics and dynamics of real and ideal fluids: properties of fluids, mathematical models, dimensional analysis, boundary layer flow, flow in pipes, compressible, incompressible, laminar and turbulent flow.

Credit Hours: 3 hrs

Prerequisite: PHY 230 or PHY 330; PHY 360

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 487 - Cooperative Education in Physics

Four to six months of full-time employment at an industrial firm specially chosen for imparting a practical educational experience in physics. The program consists of two work experiences (PHY 387 and PHY 487) alternating with full-time attendance at the University..

Credit Hours: 3 hrs

Prerequisite: PHY 387; admittance by application only

Notes: Use toward a physics major or minor subject to department permission. Offered on a graded credit/no-credit basis

Last Updated: Links 04/2011

PHY 491 - Special Problems (Honors Courses)

An original experimental or theoretical problem in some area of physics investigated on an individual basis. Arrangements must be made with a staff member before the beginning of the semester.

Credit Hours: 2 hrs

Prerequisite: 20 hours of physics, a B average in physics and department permission

PHY 495 - Readings in Physics (Honors Course)

Designed to give individual students a planned intensive reading program in some field of physics, the subject being chosen jointly by the student and the instructor. A part of this course will be the presentation of an hour-long talk in the chosen subject at an open meeting of the Department of Physics staff and students.

Credit Hours: 1 hr

Prerequisite: 20 hours of physics and department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

PHY 497 - Independent Study — Physics

An extensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 1 hr

Prerequisite: Approval by the faculty member and department permission

Last Updated: Links 04/2011

PHY 498 - Independent Study — Physics

An extensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 2 hrs

Prerequisite: Approval by the faculty member and department permission

Last Updated: Links 04/2011

PHY 499 - Independent Study — Physics

An extensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 3 hrs

Prerequisite: Approval by the faculty member and department permission

Last Updated: Links 04/2011

Political Science Programs and Courses

Political Science

Major

Combined Bachelor's Degree in Political Science and Master's of Public Administration Degree

The Combined Bachelor's Degree in Political Science (PLPA) and Master's of Public Administration Degree is an accelerated five year program in which exceptional students will earn both undergraduate and graduate degrees. Students will spend their first three years engaged in undergraduate studies and their final two completing the graduate program. The total number of credits needed for the program will be 150. At the undergraduate level, students will complete their General Education requirements, a minor and an abbreviated version of the undergraduate Political Science major. Starting their fourth year, students will complete all 40-46 hours of the M.P.A. program, and a portion of the credits will double count toward the undergraduate B.S. degree.

The curriculum requires two internships, one as part of the undergraduate major, the second in the M.P.A. portion. Thus, students will have substantial field experience in public administration upon completing the full B.S./M.P.A. program.

http://www.emich.edu/polisci/Internship/undergrad_majors.html

Admission

Students will be invited to apply to the Combined Degree Program by Feb. 1 of their junior year, and will be offered admission by March 1 of their junior year. Applications will require letters of recommendation, a personal statement focusing on career goals and reasons for applying to the program, and an interview with the M.P.A. Director (or a designate). A minimum 3.3 grade-point average will be required for entry to this program.

Political Science Department Information:

Department Head: Arnold Fleischmann
Department Contact: afleisch@emich.edu
Website: <http://www.emich.edu/polisci/>

Advisor Information:

Program Advisor: Dr. Gregory Plagens
Email: gplagen1@emich.edu
Phone: 734.487.3113

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 3 hours

One of the following:

- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs

Undergraduate Requirements: 30 hours

Required Core Courses: 9 hours

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II*) 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs

Restricted Electives: 6 hours

Two courses from the following:

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs

Distribution Requirements: 9 hours

Three courses from the groups listed below, including at least one course from each group:

I. Comparative Politics and International Relations

- PLSC 120 - Global Issues (Gen Ed Area III) 3 hrs
- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 345 - War and Peace in the Nuclear Age 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
- PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

II. Political Theory and Methods:

- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs
- PLSC 320 - Political Science in Literature and Film 3 hrs
- PLSC 306 - Contemporary Political Thought 3 hrs
- PLSC 307 - Democracy and Power 3 hrs
- PLSC 309 - American Political Theory 3 hrs

Graduate Courses Toward Undergraduate Major: 6 hours

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Graduate Courses Toward MPA Only: 34-40 hours

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Combined Bachelor's Degree in Public Administration and Master's of Public Administration Degree (PAPA)

The Combined Bachelor's Degree in Public Administration (PAPA) and Master's of Public Administration Degree is an accelerated five year program in which exceptional students will earn both undergraduate and graduate degrees. Students will spend their first three years engaged in undergraduate studies and their final two completing the graduate program. The total number of credits needed for the program will be 150. At the undergraduate level, students will complete their General Education requirements, a minor and an abbreviated version of the undergraduate Public Administration major. Starting their fourth year,

students will complete all 40-46 hours of the M.P.A. program, and a portion of the credits will double count toward the undergraduate B.S. degree.

The curriculum requires two internships, one as part of the undergraduate major, the second in the M.P.A. portion. Thus, students will have substantial field experience in public administration upon completing the full B.S./M.P.A. program.

http://www.emich.edu/polisci/Internship/undergrad_majors.html

Admission

Students will be invited to apply to the Combined Degree Program by Feb. 1 of their junior year, and will be offered admission by March 1 of their junior year. Applications will require letters of recommendation, a personal statement focusing on career goals and reasons for applying to the program, and an interview with the M.P.A. Director (or a designate). A minimum 3.3 grade-point average will be required for entry to this program.

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 3 hours

- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
or
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs

Undergraduate Requirements: 30 hours

Required Core Courses: 9 hours

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II*) 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs

Restricted Electives: 15 hours

Five courses from the following:

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 334 - Personnel Administration in Government 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 431W - Theories of Public Organization (Gen Ed Area I, W) 3 hrs

Graduate Courses Toward Undergraduate Major: 6 hours

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Graduate Courses Toward MPA Only: 34-40 hours

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

International Affairs Major

This curriculum (which counts as a combined major and minor) provides students with an opportunity to develop an understanding of both area and global issues. It is intended to prepare students for participation in a global society, including work with government, business and non-government organizations. It is intended for students who are interested in diplomacy, international affairs and international service.

There are two tracks within this curriculum: **Cognate Option A** does not have a foreign language requirement and is directed to students who either already possess an adequate level of foreign language proficiency or who anticipate employment in which such proficiency is not expected. This curriculum requires 54 hours. **Cognate Option B** includes a foreign language requirement and is strongly recommended for individuals who are seeking work outside the United States or work in which some familiarity with foreign language may be an asset such as the foreign service. This curriculum requires 61-64 credit hours.

Political Science Department Information:

Department Head: Arnold Fleischmann
Department Contact: afleisch@emich.edu
Website: <http://www.emich.edu/polisci/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Required Courses: 12 hours

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II*) 3 hrs
- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs

Comparative Politics Courses: 9 hours

Three courses from the following:

- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 355 - European Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 405 - British Law and Politics 3 hrs

International Politics Courses: 6 hours

Two courses from the following:

- PLSC 341 - International Law 3 hrs

- PLSC 342 - International Organizations 3 hrs
- PLSC 343L - Model United Nations (Gen Ed Area V LBC) 3 hrs
- PLSC 345 - War and Peace in the Nuclear Age 3 hrs
- PLSC 346 - International Political Economy 3 hrs
- PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
- PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

Cognate Option A: 24 hours

Students will select courses from at least two disciplines from an approved list of courses in history, economics, anthropology, geography, african american studies and world language (formerly known as foreign language and bilingual studies, FLABS). If a foreign language is selected, students will consult with a world languages advisor to select an appropriate sequence of classes.

Cognate Option B: 19-23 hours

Students will take an appropriate sequence of courses in a foreign language - French, German, Spanish, Japanese, Chinese, Arabic or Russian - and will select four courses from two disciplines from an approved list of courses in history, economics, anthropology and geography.

Capstone: 3 hours

Students may select one of the following options:

- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs
- PLSC 499 - Independent Study 3 hrs
can be taken either as an undergraduate thesis course or study abroad.

Cognate Courses

African American Studies

- AFC 311 - The African Diaspora 3 hrs
- AFC 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III) 3 hrs

International Economics Perspective

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ECON 411 - Intermediate Macroeconomic Analysis 3 hrs
- ECON 412 - Intermediate Microeconomic Analysis 3 hrs
- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 385 - Economic Development 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

International Geography Perspective

- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 111 - Regions and Resources 3 hrs
- GEOG 235 - Economic Geography 3 hrs
- GEOG 314W - Geography of Russia and Neighboring States (Gen Ed Area I, W) 3 hrs
- GEOG 316 - History and Geography of Modern Europe 3 hrs
- GEOG 318 - Geography of Asia 3 hrs
- GEOG 319 - Geography of Europe 3 hrs
- GEOG 321 - Geography of Latin America 3 hrs
- GEOG 322 - Geography of Africa 3 hrs

International Historical Perspective

- HIST 103 - 20th-Century Civilization (Gen Ed Area III) 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
After one 100-level class, students may select from the following:
- HIST 316 - History and Geography of Modern Europe 3 hrs
- HIST 333 - Europe since 1919 3 hrs
- HIST 339 - Arab-Israeli Conflict 3 hrs
- HIST 341 - The Middle East, 1798 to the Present 3 hrs
- HIST 342 - North Africa, 1798 to the Present 3 hrs
- HIST 344 - Russia since 1855 3 hrs
- HIST 347 - Sub-Saharan Africa to 1885 3 hrs
- HIST 348 - 20th-Century Africa 3 hrs
- HIST 349 - South Africa, 1500-Present 3 hrs
- HIST 350 - History of Canada 3 hrs
- HIST 356 - Latin America: National Period 3 hrs
- HIST 375 - Modern India 3 hrs
- HIST 426 - The United States from 1963 to the Present 3 hrs
- HIST 442 - Modern China 3 hrs
- HIST 443 - Modern Japan 3 hrs
- HIST 456 - Europe since 1945 3 hrs
- HIST 457 - History of Mexico 3 hrs
- HIST 461 - Foreign Relations of the United States 3 hrs

International Social/Cultural Perspective

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 233 - Cultures of Mesoamerica and the Caribbean (Gen Ed Area III) 3 hrs
- ANTH 236 - Peoples and Cultures of Africa 3 hrs
- ANTH 248 - Peoples and Cultures of the Pacific 3 hrs
- ANTH 336 - Social and Cultural Change 3 hrs
- ANTH 385 - Culture of Japan 3 hrs

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Political Science Major

For more information regarding internships visit the department site here:
http://www.emich.edu/polisci/Internship/undergrad_majors.html

To fulfill the requirements for a major in political science, students must complete at least 30 hours in the major as specified below, complete at least four courses in the major numbered 300 or above and attain at least a C average in the major. Students are further encouraged to take PLSC 112/PLSC 113, as a general education course, prior to the required core courses. A maximum of three credit hours of independent study or internship/cooperative education courses may be applied to the 30 credit hours required for the major. Students should consult a departmental advisor for guidance about applying these and special topics courses towards the major.

Political Science Department Information:

Department Head: Arnold Fleischmann
 Department Contact: afleisch@emich.edu
 Website: <http://www.emich.edu/polisci/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 30 hours

Required Core Courses: 9 hours

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II*) 3 hrs

Two courses from the following:

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
- PLSC 215 - Civil Rights and Liberties in a Diverse US (Gen Ed Area III) 3 hrs

Area of Concentration: 21 hours

*Seven courses from the three groups listed below, including at least one course from each group. **At least one of the courses must be Writing Intensive, indicated by a "W"***

I. American Politics, Public Law and Administration

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs

- PLSC 314 - Civil Mock Trial and Legal Process 3 hrs
or
- PLSC 316 - Criminal Mock Trial and Legal Process 3 hrs

- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 335 - Labor in American Politics 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 357 - Campaigns and Elections 3 hrs
- PLSC 358 - Political Parties and Interest Groups 3 hrs
- PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
- PLSC 360 - American Politics and the Media 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 386 - U.S. Supreme Court Simulation 3 hrs

II. Comparative Politics and International Relations:

- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 345 - War and Peace in the Nuclear Age 3 hrs
- PLSC 346 - International Political Economy 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 355 - European Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
- PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

III. Political Theory and Methods:

- PLSC 306 - Contemporary Political Thought 3 hrs
- PLSC 307 - Democracy and Power 3 hrs
- PLSC 309 - American Political Theory 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 320 - Political Science in Literature and Film 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs

Public Administration Major

Public administration is a broad-ranging discipline that combines theory and practice, and focuses on the organization of government structure, policies and programs, and the performance of officials. Public administration encourages public policies that are more responsible to human, social and economic needs and that are more efficient and effective.

The public administration major involves a core of course work in public administration and a choice of electives. It may be combined with any number of minors appropriate to the career interests of the student. Students who major in public administration enter a broad range of careers in government service (federal, state or local), nonprofit organizations or business. Some go on to graduate or professional schools in political science, public administration, public policy, business administration or law.

A minor is to be selected in consultation with a public administration advisor. Recommended choices include: Computer Science, Economics, General Business, Management, Writing, Communication, Conservation and Resource Use, Criminology and Criminal Justice, Aging Studies, Historic Reservation, Journalism, Health Administration, Environmental Analysis, Military Science and Leadership, Nonprofit Administration, Public Law and Government, Social Work, and Urban and Regional Planning.

Students are encouraged to take PLSC 112/PLSC 113 American Government as a General Education course prior to the required core courses. With permission of the public administration advisor, six credit hours of internship credit (PLSC 480, PLSC 486/PLSC 488/PLSC 489) or six credit hours of cooperative education credit (PLSC 387/PLSC 487) may be applied to the major. Students should consult an advisor about including these and special topics courses as a part of their program of study.

For more information regarding internships visit the department site here: <http://www.emich.edu/polisci/internships/index.php>

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 3 hours

- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
or
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs

Major Requirements: 36 hours

Required Courses: 21 hours

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II*) 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 334 - Personnel Administration in Government 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 431W - Theories of Public Organization (Gen Ed Area I, W) 3 hrs
- * PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs

Elective Courses: 15 hours

Five courses from the following:

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 470 - Seminar in Political Science 3 hrs
- * PLSC 486 - Internship in Political Science/Public Administration 3 hrs

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Minor Requirements:

This program requires a minor. A minor is to be selected in consultation with a public administration advisor. Recommended choices include: Computer Science, Economics, General Business, Management, Writing, Communication, Conservation and Resource Use, Criminology and Criminal Justice, Aging Studies, Historic Reservation, Journalism, Health Administration, Environmental Analysis, Military Science and Leadership, Nonprofit Administration, Public Law and Government, Social Work, and Urban and Regional Planning.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

** Up to six semester hours of internship credit (PLSC 480, PLSC 486, PLSC 488 or PLSC 489) or cooperative education credit (PLSC 387 and PLSC 487) may be applied to the major.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Public Law and Government Major

The Public Law and Government major focuses student attention on issues related to constitutional, criminal, comparative and international law, legal systems at the state, federal and international levels, and judicial process and behavior as well as alternative methods of dispute resolution. Students who major in public law and government may participate in Mock Trial competitions and typically continue on to law school prior to a career practicing law. Students are encouraged to take PLSC 112/PLSC 113 as a General Education course prior to the required core courses. Students shall complete at EMU at least three courses in the major numbered 300 or above, and attain at least a C average in the major. A maximum of four credit hours of independent study or internship/cooperative education courses, or a combination of both, may be applied to the 30 credit hours required for the major.

For more information regarding internships visit the department website here:
http://www.emich.edu/polisci/Internship/undergrad_majors.html

Political Science Department Information:

Department Head: Arnold Fleischmann
Department Contact: afleisch@emich.edu
Website: <http://www.emich.edu/polisci/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 30 hours

Required Area Courses: 12 hours

- PLSC 385 - Judicial Process and Behavior 3 hrs

One course from each of the following three areas of public law:

Area I:

- PLSC 301 - American Legal System 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Area II:

- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs

Area III:

- PLSC 341 - International Law 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs

Public Law Elective Courses: 9 hours

Students may not double count courses taken in the Required Area Course Requirements.

- ECON 407 - Economic Analysis and Law 3 hrs
- HIST 465 - United States Constitutional History 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs
- PLSC 314 - Civil Mock Trial and Legal Process 3 hrs
- PLSC 316 - Criminal Mock Trial and Legal Process 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 386 - U.S. Supreme Court Simulation 3 hrs
- PLSC 387 - Cooperative Education in Political Science 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 456 - Criminal Law I 3 hrs
- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs
- PLSC 486 - Internship in Political Science/Public Administration 3 hrs
- PLSC 487 - Cooperative Education in Political Science 3 hrs
- PLSC 488 - Internship in Political Science/Public Administration 6 hrs
- PLSC 489 - Internship in Political Science/Public Administration 9 hrs
- PLSC 497 - Independent Study 1 hrs
- PLSC 498 - Independent Study 2 hrs
- PLSC 499 - Independent Study 3 hrs

Restricted Elective Courses: 9 hours

Select one course from each of the following three groups:

I. American Politics and Administration

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 335 - Labor in American Politics 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 357 - Campaigns and Elections 3 hrs
- PLSC 358 - Political Parties and Interest Groups 3 hrs
- PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
- PLSC 360 - American Politics and the Media 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs

II: Comparative Politics and International Relations

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 345 - War and Peace in the Nuclear Age 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 346 - International Political Economy 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

III: Political Theory and Methods

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II*) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
- PLSC 306 - Contemporary Political Thought 3 hrs
- PLSC 307 - Democracy and Power 3 hrs
- PLSC 309 - American Political Theory 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 320 - Political Science in Literature and Film 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Courses may not be counted toward more than one requirement within the major.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Public Safety Administration Major

The public safety administration program is an interdisciplinary program involving course work in three departments from two colleges within the University. The curriculum is intended to meet the professional development needs of in-service and entry-level personnel in public safety organizations including those involved in law enforcement, public safety, fire protection, private security, disaster and emergency management and corrections, with a competency-based curriculum resting on a strong liberal arts foundation.

The public safety manager's focus is on leadership, public policy, politics and administration. The public safety manager is concerned with issues such as the causes of crime, the nature and impact of criminal behavior, threats to public safety arising from environmental and natural disasters and the nature and operation of correctional institutions. The administrator's responsibilities extend to addressing how the public safety organization develops a response to these problems, the nature of the response and how resources — budgets and personnel — are obtained, utilized and evaluated in responding to problems.

This program builds on the public administration major. Courses are drawn from five groups:

- An interdisciplinary, skills-focused, foundation group

- An administration group directed toward developing an understanding of public and of nonprofit organizations and related personnel, budgeting and administrative skills
- A public safety administration group that addresses conditions, strategies and practices found particularly in public safety agencies
- An area concentration
- An academy or internship component

The program combines both major and minor requirements, and graduating students will be awarded a bachelor's degree in public administration.

Transfer students from associate degree programs in related fields may matriculate into the program. Students transferring from another college must, however, complete all general education course work as required by the University for the bachelor's degree.

An active articulation agreement exists between this program and several community colleges. To see a complete list of current colleges with program articulation agreements with EMU, please [click here](#).

Political Science Department Information:

Department Head: Arnold Fleischmann
 Department Contact: afleisch@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 63-64 hours

Foundation Group: 12 hours

At-least one of the courses must be Writing Intensive, indicated by a "W" within the course number.

One course from the following:

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
- SOCL 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs

One course from the following:

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 330 - Urban Politics 3 hrs

One course from the following:

- CRM 300 - Criminal Justice 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs

One course from the following:

- CTAC 352 - Communication in Negotiation 3 hrs
- CTAC 354 - Organizational Communication 3 hrs

Administration Group: 12 hours

- PLSC 270 - Public Administration 3 hrs
- PLSC 334 - Personnel Administration in Government 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs

One course from the following:

- HSEM 412 - Administration of Public Safety Agencies 3 hrs
- PLSC 431W - Theories of Public Organization (Gen Ed Area I, W) 3 hrs

Public Safety Administration Group: 18 hours

- HSEM 380 - Planning and Decision-Making for Public Safety 3 hrs
- HSEM 381 - Public Relations and Public Safety 3 hrs
- HSEM 438 - Human Resource Management for Public Safety Agencies 3 hrs
- HSEM 439 - Managing Critical Incidents for Homeland Security 3 hrs

One course from the following:

- HSEM 453 - Management/Leadership for Public Safety 3 hrs
- PLSC 450 - Managing Public Safety Agencies 3 hrs

One course from the following:

- HSEM 454 - Managing Technology for Public Safety Agencies 3 hrs
- PLSC 451 - Seminar in Public Safety Administration 3 hrs

Area of Concentration: 15-16 hours

Five courses from the following:

- CRM 431 - Policing in Society 3 hrs
- ESSC 324 - Weather 3 hrs
- ESSC 325 - Geomorphology 4 hrs
- HSEM 255 - Emergency Preparedness Planning 3 hrs
- HSEM 306 - Issues in Emergency Preparedness 3 hrs
- HSEM 309 - Natural Hazard Mitigation 3 hrs
- HSEM 433 - Arson Investigation 3 hrs
- HSEM 434 - Hazardous Materials 3 hrs
- HSEM 435 - Incident Command 3 hrs
- HSEM 452 - Current Trends in Emergency Management 3 hrs
- HSEM 475 - Managing Correctional Agencies and Facilities 3 hrs

Academy or Internship/Co-op Experience: 6 hours

Preservice students must complete an internship or cooperative education placement or an accredited academy program; in-service students may substitute credits from an accredited academy program.

- PLSC 488 - Internship in Political Science/Public Administration 6 hrs

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Minor Requirements:

This program does not require a minor.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Nonprofit Administration Minor

Revised Program, effective Winter 2014

The Nonprofit Administration minor provides an opportunity for students to develop the knowledge and skills related to administrative responsibilities in the nonprofit sector. It is linked to and enables a student to fulfill the Nonprofit Leadership Program's foundation and professional development competencies, and to earn a National Certification in Nonprofit Management and Leadership and the corresponding Certified Nonprofit Professional (CNP) credential. The Nonprofit Administration Minor requires that students without work experience in a nonprofit organization complete an internship for credit in a 501(c)3 organization. Upon graduation, students may go on to work in such organizations as the American Red Cross, Boysville of Michigan, United Way, ACCESS, Freedom House and any of the multitudes of nonprofit human social service, arts/cultural, health care and political nonprofit organizations.

- PLSC 435 - Nonprofit Management and Leadership 3 hrs
- SOCL 462 - Complex Organizations 3 hrs

One course from Human Resource Development and Supervision:

- CTAC 370 - Nonprofit Organizational Communication 3 hrs
- MGMT 384 - Human Resource Management 3 hrs
- PLSC 334 - Personnel Administration in Government 3 hrs

Elective Courses: 6-9 hours

Two or three courses (depending on whether an internship is required) from the following not previously been taken.

- AFC 231 - Race, Urbanization and the Policy Mindset 3 hrs
- AFC 351 - The Social Context of African American Health (Gen Ed Area IV) 3 hrs
- CTAC 370 - Nonprofit Organizational Communication 3 hrs
- EDPS 325 - Life Span Human Growth and Development 4 hrs
- JRNL 314 - Writing for Public Relations 3 hrs
- JRNL 408W - Case Studies in Public Relations (Gen Ed Area I, W) 3 hrs
- LAW 393 - Law of Business Enterprises 3 hrs
- LAW 403 - Employment Law 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- PLSC 434 - Nonprofit Board Development 3 hrs
- PLSC 436 - Fundraising for Nonprofits 3 hrs
- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs
- PSY 321 - Child Psychology 3 hrs
- PSY 322 - Psychology of Adolescence 3 hrs
- SOCL 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
- SOCL 303 - Sociology of Childhood and Youth 3 hrs

Minor Total: 21-24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Political Science Minor

Students are encouraged to take PLSC 112/PLSC 113 as one of their general education courses, prior to the required core courses and to complete PLSC 112/PLSC 113 and the required core courses within the first nine hours of political science course work.

Political Science Department Information:

Department Head: Arnold Fleischmann
Department Contact: afleisch@emich.edu
Website: <http://www.emich.edu/polisci/>

Required Core Courses: 6 hours

Two courses from the following:

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II*) 3 hrs
- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
- PLSC 215 - Civil Rights and Liberties in a Diverse US (Gen Ed Area III) 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs

Area of Concentration: 15 hours

Five courses from two of the three following groups:

I. American Politics, Public Law and Administration:

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs

- PLSC 314 - Civil Mock Trial and Legal Process 3 hrs
or
- PLSC 316 - Criminal Mock Trial and Legal Process 3 hrs

- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 335 - Labor in American Politics 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 357 - Campaigns and Elections 3 hrs
- PLSC 358 - Political Parties and Interest Groups 3 hrs

- PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 386 - U.S. Supreme Court Simulation 3 hrs
- WGST 243 - Black Women: Politics and Racism 3 hrs

II. Comparative Politics and International Relations:

- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 345 - War and Peace in the Nuclear Age 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 355 - European Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
- PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

III. Political Theory and Methods:

- PLSC 306 - Contemporary Political Thought 3 hrs
- PLSC 307 - Democracy and Power 3 hrs
- PLSC 309 - American Political Theory 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 320 - Political Science in Literature and Film 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs
- PLSC 314 - Civil Mock Trial and Legal Process 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 386 - U.S. Supreme Court Simulation 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 456 - Criminal Law I 3 hrs
- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs
- PLSC 486 - Internship in Political Science/Public Administration 3 hrs
- PLSC 487 - Cooperative Education in Political Science 3 hrs
- PLSC 488 - Internship in Political Science/Public Administration 6 hrs
- PLSC 489 - Internship in Political Science/Public Administration 9 hrs
- PLSC 497 - Independent Study 1 hrs
- PLSC 498 - Independent Study 2 hrs
- PLSC 499 - Independent Study 3 hrs

Elective Courses: 6 hours

Select two courses from two of the three following groups:

I. American Politics, Public Law and Administration

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 335 - Labor in American Politics 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 357 - Campaigns and Elections 3 hrs
- PLSC 358 - Political Parties and Interest Groups 3 hrs
- PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs

II. Comparative Politics and International Relations:

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 345 - War and Peace in the Nuclear Age 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 355 - European Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
- PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

III. Political Theory and Methods:

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II*) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs
- PLSC 320 - Political Science in Literature and Film 3 hrs

- PLSC 306 - Contemporary Political Thought 3 hrs
- PLSC 307 - Democracy and Power 3 hrs
- PLSC 309 - American Political Theory 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for

college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Political Science

PLSC 112 - American Government (Gen Ed Area IV)

An overview of the structure and function of American national government, focusing on how government is designed, how individuals form and act on their political preferences, how these preferences are transmitted to government, and how government acts (and does not act) on what its citizens want.

Credit Hours: 3 hrs

Notes: Not open to those with credit in PLSC113; offered on a credit/no-credit basis.

Area IV: Knowledge of the Disciplines

PLSC 112 American Government

This course provides students with critical exposure to the methods used by social scientists in creating knowledge. Political Science 112 provides a thorough grounding in American government. It also provides a strong introduction to the discipline of political science. In this course, students gain exposure to how knowledge is generated in the social sciences through the lens of one content area, that of American government. Through material covered in the course, students gain practice in asking important questions about the political world and answering them using the methods practiced in this social science discipline.

Last Updated: 03/2011; effective Spring 2011

PLSC 113 - American Government Honors (Gen Ed Area IV)

An enhanced overview of the structure and function of American national government, focusing on how government is designed, how individuals form and act on their political preferences, how these preferences are transmitted to government, and how government acts (and does not act) on what its citizens want.

Credit Hours: 3 hrs

Notes: Not open to those with credit in PLSC112.

Area IV: Knowledge of the Disciplines

PLSC 113 American Government *Honors*

This course provides students with the critical exposure to the methods used by social scientists in creating knowledge. Political Science 113 provides a thorough grounding in American government. It also provides a strong introduction to the discipline of political science. In this course, students gain exposure to how knowledge is generated in the social sciences through the lens of one content area, that of American government. Through material covered in the course, students gain practice in asking important questions about the political world and answering them using the methods practiced in this social science discipline.

PLSC 120 - Global Issues (Gen Ed Area III)

This course examines global concerns that transcend boundaries of local and national communities. It emphasizes global perspectives and approaches to analyzing and solving world problems. Each semester will focus on a particular contemporary global issue (such as terrorism, genocide, human rights, global gender issues, ethnic identity/conflict, migration, and democratization).

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

PLSC 120 Global Issues [effective Spring 2008]

People of diverse cultural and national backgrounds and experiences are relating to each other much more frequently and intensively, all around the world, than ever before. Global trade, the Internet, climate, migration, terrorism and concepts of human rights are just a few of the many types of interactions that are bringing distant people together in ways that may involve conflict or collaboration. This course will help develop awareness of the changing global context in which we live, of the importance of appreciating diverse perspectives and of the need for building bridges of communication and tolerance to address shared global challenges. Many global issues are controversial and subject to varying perspectives. Each semester, the course will focus on a particular contemporary global issue (such as terrorism, genocide, human rights, global gender issues, ethnic identity and conflict, migration and democratization), not to find a single "correct" solution, but rather to develop skills in analyzing diverse interpretations and considering our own roles and civic responsibilities on a global scale.

PLSC 177A - Topics in American Politics

An examination of a topic in American Politics not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

Credit Hours: 1 hr

Previously Listed As: PLSC 177 - Special Topics

Last Updated: Course Number and Title Change 05/2012, effective Fall 2012

PLSC 177B - Topics in Public Law

An examination of a topic in Public Law not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

Credit Hours: 1 hr

Previously Listed As: PLSC 177 - Special Topics

Last Updated: Course Number and Title Change 05/2012, effective Fall 2012

PLSC 177C - Topics in Public Administration

An examination of a topic in Public Administration not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

Credit Hours: 1 hr

Previously Listed As: PLSC 177 - Special Topics

Last Updated: Course Number and Title Change 05/2012, effective Fall 2012

PLSC 177D - Topics in Nonprofit Administration

An examination of a topic in Nonprofit Administration not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

Credit Hours: 1 hr

PLSC 202 - State and Local Government (Gen Ed Area IV)

A study of the forms and functions of state and local governments with special emphasis on the government of Michigan. Especially valuable for teachers of social studies in senior and junior high schools.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PLSC 202 State and Local Government [effective Winter 2009]

State and Local Government course looks at the critical exposure to the methods used by social scientists in creating knowledge. It provides a thorough grounding in sub-national governments in the American federal governmental system. It also provides a strong introduction to the discipline of political science. In this course, students gain exposure to how knowledge is generated in the social sciences through the lens of one content area, that of state and local government. Through material covered in the course, students gain practice in asking important questions about politics and government and answering them using the methods practiced in this social science discipline.

PLSC 210 - Introduction to Political Analysis (Gen Ed Area II*)

An introduction to techniques for using data to test a wide range of theories regarding how the political world operates. Focus is on building skill in using quantitative and qualitative techniques to understand political phenomena ranging from individual voting behavior to international cooperation and conflict.

Credit Hours: 3 hrs

Notes: *General Education credit is only available to students who meet QR Choice requirements

Last Updated: Gen Ed Approval 06/2006, effective Summer 2006

PLSC 211 - Introduction to Comparative Government (Gen Ed Area III)

Develops conceptual tools for comparative analysis of diverse political systems, examining selected nation-states to identify and explain similarities and differences in regime types and patterns of politics. Also examines the interaction of global forces (such as colonialism, the Cold War, and global markets) with domestic social and political change.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

PLSC 211 Comparative Politics

From the fall of the Berlin Wall to the rise of ethnic and religious nationalisms to the new challenges of a global marketplace, the world's politics are in transition. As people and events around the world become more interconnected, it is increasingly vital to understand the dramatic political changes going into the 21st century in order to gain global awareness and perspectives on the diverse world in which we live. This course offers an introduction to the study of politics and political issues in countries around the world, with particular focus on cases selected to reflect the diversity of societies and political systems. In comparing specific national responses to common problems, we will be learning not only about how governments work and how people change their form of government, but also about methods of comparative analysis (i.e., how to gain perspective through comparison) and about how the global context shapes and interacts with diverse peoples and governments. The course materials is organized thematically' countries of diverse economic, social and cultural types will be compared regarding a variety of topics (such as democracy, authoritarianism, capitalism, socialism, nationalism, development and globalization).

Last Updated: Format change 10/2012

PLSC 212 - Introduction to International Politics (Gen Ed Area IV)

An introduction to major theories and approaches in the study of international relations. The course considers the character of the international system, causes of conflict and war, foreign policy decision-making, determinants of economic development, and global environmental degradation. It also examines current issues such as terrorism, the protection of human rights, and globalization.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PLSC 212 Introduction to International Politics

Political Science 212 introduces students to the study of international relations (IR), one of the main fields of political science. This course emphasizes how political scientists acquire and share knowledge about the world. The course requires students to use the theoretical frameworks of the study of IR - realism, neo-realism, liberals, and feminism - to pose and address questions about contemporary issues and problems, including interstate disputes and wars, economic globalization, the increasing inequality among rich and poor nations, protection of human rights, threats to environmental quality and population growth. Through examination of research on such topics, students become familiar with the process of research and acquire the ability to critically evaluate the design of, and results from, research. The course also provides students with the opportunity to gather, examine and interpret data and to report the findings of their research, thus contributing to their understanding of how inquiry is conducted and knowledge is disseminated in political science. In sum, the course prepares students for citizenship in a global community by not only giving them basic factual knowledge of international relations and global processes, but also by providing them with the tools necessary to understand and explain international events and global patterns of change.

PLSC 213 - Introduction to Political Thought (Gen Ed Area IV)

Fundamental concepts, language and arguments in Western political thought from the Classical to the contemporary post 9/11 world will be analyzed focusing on the basic themes of: liberty, equality, justice, fairness, representation and authority. This course meets the GE Requirement in the Humanities as well as being one of the core courses for the major in Political Science, Public Law and Public Administration.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PLSC 213 Political Theory

This course introduces students to the philosophical approach to the discipline of political science. Through careful and exacting readings of primary texts, students are introduced to the body of philosophical thought on politics and governing that has developed over 2500 years, learn how philosophical knowledge of politics is developed and disseminated, and learn to develop their own questions and a method for seeking answers to those questions in the discipline. Through a combination of close readings of the texts and placing the text in the historical context, students will gain a basic knowledge of selective works in political philosophy including the ideas or doctrines contained in the practices and approaches used in this long tradition of political reflection.

PLSC 215 - Civil Rights and Liberties in a Diverse US (Gen Ed Area III)

We will survey how a wide variety of groups and individuals sought and currently seek legal protection and recognition through the Constitution, judicial interpretation and legislation. Exposure to these struggles will allow the student to experience a wide range of perspectives and critique how the legal system and society has dealt with clashes between diverse elements of the U.S.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

PLSC 215 Civil Rights and Liberties

This course introduces students to issues of diversity in American society, workplace, schools and community through an examination of the historical development of civil liberties and civil rights in the United States. As such, it fulfills the I.S. Diversity requirement of the General Education curriculum. The course explores how many different groups and individuals have used the guarantees of liberty and equal protection of the laws provided for in the U.S. Constitution and its amendments to challenge unjust laws, break down social intolerance, prejudice and stereotypes, advance their socioeconomic interests and participate more fully in the political and economic life of the nation. By reading and analyzing the decisions of the federal

courts, particularly the Supreme Court, in key civil liberties and civil rights cases, students will acquire an understanding of the experiences of the various groups and cultures that have struggled, and continue to struggle, for freedom equality and justice in the United States. They will also explore the social and ideological causes of the intense conflicts over civil liberties and rights that have shaped American history as well as those which shape our politics today. As a result of the study of major legal cases, students will leave the course with an understanding of the cultural complexity of American society as well as a deeper sense of their own civic and cultural identity.

PLSC 216 - Municipal Government

A study of forms and functions of municipal government.

Credit Hours: 3 hrs

PLSC 221 - America at War: From Vietnam to Iraq

Course explores the causes and effects of recent U.S. military interventions from Vietnam to the present. Particular attention will be given to the development and features of the military industrial complex as well as comparison of the geopolitical and military strategies of the Cold War and the Global War on Terror.

Credit Hours: 3 hrs

PLSC 242 - Black Women: Politics and Racism

An analysis of American politics as it relates to African American women. The course examines ways in which political issues affect Black women differently than African American men, white men and white women. Considerable attention is given to the definition of the political realm as opposed to the non-political realm when discussing groups traditionally marginalized or excluded from political life.

Credit Hours: 3 hrs

Cross-Listed with: AAS 242

Last Updated: 2/17/2011

PLSC 243 - Black Women: Politics and Racism

An analysis of American politics as it relates to African American women. The course examines ways in which political issues affect Black women differently than African American men, white men and white women. Considerable attention is given to the definition of the political realm as opposed to the nonpolitical realm when discussing groups traditionally marginalized or excluded from political life.

PLSC 297 - Independent Study

Approved studies on an individual basis in areas in which the department does not offer formal courses.

Credit Hours: 1 hr

PLSC 298 - Independent Study

Approved studies on an individual basis in areas in which the department does not offer formal courses.

Credit Hours: 2 hrs

PLSC 299 - Independent Study

Approved studies on an individual basis in areas in which the department does not offer formal courses.

Credit Hours: 3 hrs

PLSC 301 - American Legal System

A survey of various substantive components of the American system of law and its function in a democratic society. Special emphasis is placed upon problems of law enforcement, legal agencies and the processes involved in the administration of criminal justice.

Credit Hours: 3 hrs

PLSC 305 - Law and Policy in a Constitutional Democracy

This course explores the political and legal processes that shape the development and interpretation of major constitutional principles. We will discuss the sources and context for American law and examine how actors in the legal and political systems across all levels of government contribute to the laws that govern American society.

Credit Hours: 3 hrs

Class Restrictions: Open to Sophomores, Juniors, Seniors and Post-Baccalaureate students

PLSC 306 - Contemporary Political Thought

An examination of 20th and 21st century political theories and ideologies around the world including: liberal democracy and its conservative critics; varieties of fascism, socialism and communism; globalization and its critics; national and ethnic ideologies; international religious fundamentalism; and global environmentalism.

Credit Hours: 3 hrs

PLSC 307 - Democracy and Power

An analysis of citizen democracy and its relation to the power and legitimacy of governments around the world, both past and present, using classic writings, current journalistic and scholarly literature. The focus will be on: the scope and limits of governmental power; socio-economic, racial, gender and regional inequalities; and challenges to democratic politics in time of war, mass media and virtual communication.

Credit Hours: 3 hrs

PLSC 308 - Political Violence and Revolution

Examines political violence and revolution in comparative and international perspective. Considers theories and cases of structural violence rooted in social injustice; diverse forms and motives of political violence (such as war, rebellion, terrorism, ethnic conflict, national liberation); patterns and cycles of violence and non-violent alternatives; and the dynamics of revolution.

Credit Hours: 3 hrs

PLSC 309 - American Political Theory

An analysis of what makes American political thought and values both exceptional and reflective of Western political culture, from 18th century Founding to the post 9/11 21st century. Classic writings, journalism and other media, and contemporary scholarship by Americans and non-American observers, will be emphasized.

Credit Hours: 3 hrs

PLSC 310 - Methods of Political Research

Continued exploration of political analysis techniques introduced in PLSC 210. Attention is paid to data gathering and hypothesis testing, with an emphasis on applying these techniques to real-world political problems. Possible applications include doing applied research work for local municipalities or developing and implementing public opinion surveys.

Credit Hours: 3 hrs

Prerequisite: PLSC 210

Last Updated: Links 04/2011

PLSC 311 - Politics of the Developing World

An examination of politics in developing countries, highlighting the relation between economic development and social/political change. The course investigates the colonial legacy and contemporary sociopolitical conditions, focusing on themes such as race/ethnicity and religion, gender, social polarization, role of the military, nationalisms, democratization, states and markets, globalization.

Credit Hours: 3 hrs

PLSC 312 - Constitutional Law: Institutions and Process

This course focuses on the foundations, adoption and development of the US Constitution and its impact on the development and operation of American governmental institutions and economic liberty. The course introduces students to landmark cases that interpret and implement the American Constitutions.

Credit Hours: 3 hrs

PLSC 313 - Constitutional Law: Civil Rights and Liberties

This course focuses on the foundations, adoption and development of the US Constitution and its impact on the development of civil rights and liberties in American law. Special emphasis is placed on the Bill of Rights, the 14th amendment and the right to privacy. The course introduces students to landmark cases that interpret and implement the American Constitution.

Credit Hours: 3 hrs

PLSC 314 - Civil Mock Trial and Legal Process

This course covers the basics of the actual trial process, the specifics of mock trial competition and rules, and introduces the fundamental elements of the legal research process. Legal methodology will be introduced and developed throughout the course. This course is intimately connected with the University's Mock Trial Team and is used as a vehicle to train and practice for competition. Students may take the course without participating on the University's team.

Credit Hours: 3 hrs

PLSC 316 - Criminal Mock Trial and Legal Process

This course covers the basics of the actual trial process, the specifics of mock trial competition and rules, and introduces the fundamental elements of the legal research process. Legal methodology will be introduced and developed throughout the course. This course is intimately connected with the University's Mock Trial Team and is used as a vehicle to train and practice for competition. Students may take the course without participating on the University's team.

Credit Hours: 3 hrs

Last Updated: Course Number Change 01/2012, effective Winter 2012

PLSC 320 - Political Science in Literature and Film

A discussion and analysis of political theories, institutions, and practices utilizing a storehouse of insightful and articulate materials not normally tapped in traditional political science courses: the works of essayists, aphorists, dramatists, pamphleteers, poets and novelists.

Credit Hours: 3 hrs

Prerequisite: At least nine hours of political science course work completed

Class Restrictions: Junior or Senior standing or department permission

Major Restrictions: Political Science Majors or Minors only

Previously Listed As: PLSC 410

Last Updated: 01/2009; effective Fall 2009

PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W)

This course explores the content and conduct of American foreign policy. It examines American foreign policy history, theories of decision making, foreign policy actors inside and outside government, as well as specific policy areas including national security, economic prosperity, the environment, and human rights.

Credit Hours: 3 hrs

Rationale: The course will not only enhance students' ability to think critically about American foreign policy, it will also help them to develop and express their ideas through the modes of writing used in the discipline of political science. By completing the writing assignments, students will become proficient in the forms and conventions of writing in the discipline and thus strengthen a variety of skills essential for research, including reading comprehension, the formulation of research questions, review of the scholarly literature, identification of appropriate sources of information and data, accurate summarization of complex arguments and information, analysis of data, and argumentation. Through conducting their own research and writing a research paper, students will strengthen their understanding of how scholars create knowledge of the world.

Last Updated: 2/11/11; effective Fall 2011

PLSC 330 - Urban Politics

An examination of the urban political environment in the United States; structure, processes, power relationships, ethnic considerations, fiscal constraints and select, specific policy areas are considered.

Credit Hours: 3 hrs

PLSC 332 - Intergovernmental Relations and Federalism

A study of intergovernmental relations in the United States focusing on recent trends in the federal system. Examines significant developments and alternatives in shared governmental responsibilities, such as metropolitan reorganization, grant programs and regionalism.

Credit Hours: 3 hrs

PLSC 334 - Personnel Administration in Government

An examination of the basic personnel management practices of public bureaucracies. Topics include the development of the merit system and the civil service; public sector requirements for hiring, promotion, pay and benefits; discipline and grievance handling; the development and impact of public-sector collective bargaining.

Credit Hours: 3 hrs

Last Updated: Links 09/2011

PLSC 335 - Labor in American Politics

An examination of the role played by American labor as a political pressure group and as an agent of voter mobilization; American labor voting patterns; the political impact of labor organization on the civil service; American role in international union affairs.

Credit Hours: 3 hrs

PLSC 336 - Foundations of the U.S. Nonprofit Sector

This course provides students with a grounding in the historical and philosophical foundations of the nonprofit sector in American Society. Using an interdisciplinary approach, this course will help students understand the evolution of the nonprofit sector, its capacities and limitations, as well as its distinctiveness.

Credit Hours: 3 hrs

PLSC 341 - International Law

A study of the development of international law and world society over time. Examinations of the effect of treaties, customary law, and equity on the role of the United Nations Security Council, international courts, human rights, the law of the sea, war crimes, and other selected topics.

Credit Hours: 3 hrs

PLSC 342 - International Organizations

The theory and practice of various types of international organizations (including intergovernmental and nongovernmental). Examines their efforts to create collective solutions to problems such as security, human rights and humanitarian issues, environmental and resource challenges, and global economic governance.

Credit Hours: 3 hrs

PLSC 343L - Model United Nations (Gen Ed Area V LBC)

Explores the structure and function of the United Nations in a changing global context. Course includes an in-depth simulation of varying countries and their positions, aims and role within the UN. Students learn about foreign policy analysis, multilateral diplomacy, international organizations, and contemporary global issues.

Credit Hours: 3 hrs

Prerequisite: PLSC 211 or PLSC 212 and department permission

Notes: This course can be taken more than once. The second enrollment is PLSC 344(L).

Last Updated: Links 03/2011

PLSC 344L - Model United Nations (Gen Ed Area V LBC)

Explores the structure and function of the United Nations in a changing global context. Course includes an in-depth simulation of varying countries and their positions, aims and role within the UN. Students learn about foreign policy analysis, multilateral diplomacy, international organizations, and contemporary global issues.

Credit Hours: 3 hrs

Prerequisite: PLSC 211 or PLSC 212 and department permission

Last Updated: Links 03/2011

PLSC 345 - War and Peace in the Nuclear Age

This course is about international security, war, and policies to foster peace under the shadow of nuclear weapons. After investigating power distributions, military strategies, deterrence, arms control and disarmament, great-power concerts, collective security, and multilateralism, as well as negotiation and mediation, the course focuses on nuclear proliferation and international peacekeeping.

Credit Hours: 3 hrs

Previously Listed As: PLSC 222

Last Updated: Course Number Change 10/2011, effective Winter 2012

PLSC 346 - International Political Economy

This course examines the impact of politics on the global economy. This course discusses broad ideas such as capitalism, socialism and communism, and how they have shaped the global economy. The course also attempts to understand a better understanding of major global challenges (such as movements for democracy, oil diplomacy, environmental degradation, international conflict etc.) due to economic globalization.

Credit Hours: 3 hrs

Concurrent Prerequisite: PLSC 210 or PLSC 211 or PLSC 212

Last Updated: New Course 06/2012, effective Winter 2013

PLSC 352 - Politics of Government Budgeting

An analysis of the political significance and the procedures of governmental budgeting in the United States.

Credit Hours: 3 hrs

PLSC 354 - Canadian Politics

Analysis of the Canadian political system in terms of historical background; political environment; constitutional structure; legislative, executive, and judicial processes; political parties and pressure groups; public opinion and voting behavior; political problems and trends.

Credit Hours: 3 hrs

Last Updated: Title Change 05/2011, effective Fall 2011

PLSC 355 - European Politics

This course examines the development and performance of the European model of representative democracy, variations in European model, the patterns of social cleavage and resulting party systems in various European nations, and the factors that have contributed to national wealth and economic growth in the continents.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing or above

PLSC 357 - Campaigns and Elections

An analysis of presidential and congressional elections. Topics include campaign strategies, role of the media and the impact of political action committees (PACS). Attention given to how individuals decide how to participate in the process, whether election results reflect the will of the people and to elections in other democracies.

Credit Hours: 3 hrs

PLSC 358 - Political Parties and Interest Groups

This course addresses a variety of issues related to the formation, maintenance and behavior of organized political groups. Primary focus is on political parties and interest groups in the United States. However, cross-national comparisons will be included whenever possible.

Credit Hours: 3 hrs

PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W)

Examines how individuals form their political opinions and on how these opinions are measured (primarily through public opinion polling) and transmitted to government (primarily through elections). Considers the role public opinion plays in policy-making, and grapples with questions of the role it ought to play.

Credit Hours: 3 hrs

Last Updated: Links 04/2011

PLSC 360 - American Politics and the Media

This course examines the relationship between the media and American politics. We consider the various delivery mechanisms of news and information, and the impact of that information on both citizens and policy makers. From the earliest newspapers to the most contemporary digital information flow, the dynamic role of the media and its relationship to politics provide the basis for this course.

Credit Hours: 3 hrs

Concurrent Prerequisite: PLSC 112 or PLSC 113

Last Updated: New Course 01/2012, effective Winter 2012

PLSC 361 - Russian Politics

Course explores the continuing political, economic, and social transformation of Russia, the largest and most powerful successor state of the Soviet Union. Current political patterns and trends are analyzed within the broader context of Russian and Soviet political history and compared to democratic transformations in other post-communist states.

Credit Hours: 3 hrs

Last Updated: Title change 05/2011, effective Fall 2011

PLSC 362 - Black Women: Religion and Sexism

An introduction to the social and political role of Black women in African American religious institutions. Particular attention will be placed on how African American religion has limited the power of women. Additionally, the course will examine the historical evolution of the various major black denominations in America and their political and social roles in African American communities.

Credit Hours: 3 hrs

Cross-Listed with: AFC 362/WGST 362

Last Updated: Links 04/2011

PLSC 364 - Legislative Process

A study of the agencies, procedures, and influences in the formation of public policy by Congress, state legislatures and administrative agencies.

Credit Hours: 3 hrs

PLSC 365 - Women and Politics

A study of the role of women in American politics as voters, activists, and candidates, with consideration of how the political behavior of women relates to their economic, social and religious roles. Comparisons are made with select European and Asian political systems.

Credit Hours: 3 hrs

Cross-Listed with: WGST 365

Last Updated: Links 04/2011

PLSC 367 - Latin American Politics

A study of patterns and selected cases in Latin American politics, with special attention to social movements and grassroots perspectives. Students develop a comparative framework for analyzing domestic and international forces affecting politics and regime change. Themes include neocolonialism, authoritarianism and democracy, reform and revolution, indigenous and women's movements, globalization.

Credit Hours: 3 hrs

PLSC 371 - Middle East Politics

The course focuses on the politics of several countries of the Middle East, devoting particular attention to the Arab- Israeli conflict, Iran's nuclear ambitions, the Israeli nuclear program, secularism, Al Qaeda and terrorism, and the meaning of jihad.

Credit Hours: 3 hrs

Last Updated: Title change 05/2011, effective Fall 2011

PLSC 372 - African Politics

An approach to comparative politics through the examination of patterns of politics in Africa, including colonialism and decolonization, nationalist movements, ethnic conflict, transition to multiracial politics, challenges of state formation and regime change in sub-Saharan Africa.

Credit Hours: 3 hrs

Last Updated: Title change 05/2011, effective Fall 2011

PLSC 374 - Asian Politics

A study of the politics of Asia, including various regime types (such as liberal democratic, communist, and authoritarian capitalist). Comparative analysis will include themes such as political culture and ideology, political history, and changing roles of Asian countries in global politics and international political economy.

PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III)

This interdisciplinary course examines international connections between poverty, human rights, and health, focusing on how social/political structures and public policies affect human well being. Prerequisite for PLSC 391/HLAD 391, experiential learning through a class trip to a developing country to meet community organizers and policy specialists working on poverty and health issues.

Credit Hours: 3 hrs

Class Restrictions: Sophomore, Junior or Senior standing

Cross-Listed with: HLAD 390

Area III: Perspectives on a Diverse World

PLSC 390 Poverty, Human Rights and Health [effective Spring 2008]

Poverty is a central, if not the central, global problem of our time: it is connected to, or underlies, multiple problems and issues such as pandemics, regime instability, civil strife, terrorism and war. This course addresses the extent and causes of global economic inequality as well as the effects of profound poverty on health, human rights, human development and the quality of individual life. It explores the patterns of social, political and economic domination that sustain poverty and limit the opportunities of the very poor. Particular attention is devoted to the role of international economic institutions, multinational corporations and the advanced industrial nations, including the United States, in shaping the politics and economic development of countries and peoples in the global South. The course will also introduce students to international standards of human rights and the institutions and organizations that seek to protect those rights.

Last Updated: Links 04/2011

PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health

Interdisciplinary course offering experiential learning through travel abroad to a developing country to meet community organizers and policy specialists working on poverty and health issues. Examines connections between poverty, human rights, and health, focusing on how social/political structures and public policies affect human well being.

Credit Hours: 3 hrs

Prerequisite: PLSC 390/HLAD 390

Class Restrictions: Sophomore, Junior or Senior standing

Last Updated: Links 04/2011

PLSC 405 - British Law and Politics

An analysis of the British Legal and Political systems as they relate to political environment; institutional design; legislative, executive, and judicial processes; political parties and pressure groups; public opinion and voting behavior; and current political problems and trends.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W)

An analysis of the issues involved in comparing and contrasting legal systems around the world. Specific attention will be focused on institutional structure and sources of law examined against the historical background in which these laws and institutions were formed. Select legal systems will be compared and contrasted for illustration.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PLSC 431W - Theories of Public Organization (Gen Ed Area I, W)

An introduction to theories of organization as related to public bureaucracies in a democratic political context.

Credit Hours: 3 hrs

Prerequisite: PLSC 270

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PLSC 434 - Nonprofit Board Development

This course covers the best practices of nonprofit boards, board performance assessment, volunteer management and trends in board development. Board composition, recruiting, evaluation, leadership and board-staff relationships are discussed with an eye toward assembling and maintaining the most effective board possible.

Credit Hours: 3 hrs

PLSC 435 - Nonprofit Management and Leadership

This course explores major issues in the nonprofit sector including operations, board selection and development, strategic planning, marketing and governmental relations. The course emphasizes identification of critical management and leadership competencies through theory and practice, and the course has an Academic Service Learning component.

Credit Hours: 3 hrs

PLSC 436 - Fundraising for Nonprofits

This course provides the fundamentals in understanding of how nonprofits raise funds and prepare students who are interested in working in the nonprofit sector as fundraisers, and managers. It is part of the Nonprofit Administration minor and fulfills an American Humanities competency.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

Last Updated: Prerequisite change 12/2011, effective Winter 2012; Links 04/2011

PLSC 450 - Managing Public Safety Agencies

Analysis of public-sector management elements, including planning, organizing, leading, controlling, and communicating, presented in the context of, and applied to, internal police/fire and corrections administration.

Credit Hours: 3 hrs

Prerequisite: PLSC 431W

Last Updated: Links 04/2011

PLSC 451 - Seminar in Public Safety Administration

A capstone seminar in the public safety administration concentration; integrates previous course work in law, management and politics by focusing on contemporary problems and issues in public safety operations, including attention to leadership, organizational conflict and resource allocation/utilization; utilizes a case approach.

Credit Hours: 3 hrs

Class Restrictions: Senior standing

PLSC 456 - Criminal Law I

A study of criminal law currently in use in the United States with emphasis upon the way its basic concepts function; its principal components and problems central to its impact upon the political system.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

PLSC 462 - Russian Foreign Relations

An examination of Russia's international relations and foreign policy from the tsarist period to the present. Particular attention is given to how Russia's turbulent domestic politics shapes its foreign policy and international behavior, Russia's contemporary international role, its relations with other post-Soviet states, and interactions with major powers, including the U.S.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

PLSC 467 - Advanced International Relations

The course will explore, through case studies, the ways in which ideas, cultural differences and different political systems combine to produce the international politics of today. Special attention will be paid to the United States in this process as well as the role of economics and international organization. Limit: 25 students.

Credit Hours: 3 hrs

Prerequisite: PLSC 212

Last Updated: Links 04/2011

PLSC 470 - Seminar in Political Science

Examination and utilization of research techniques in the preparation of a major seminar paper in political science, public administration or public law and government.

Credit Hours: 3 hrs

PLSC 477A - Topics in American Politics

An examination of a topic in American Politics not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

Credit Hours: 1 hr

Previously Listed As: PLSC 477 - Special Topics

Last Updated: Course Number and Title Change 05/2012, effective Fall 2012

PLSC 477B - Topics in Public Law

An examination of a topic in Public Law not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

Credit Hours: 1 hr

Previously Listed As: PLSC 477 - Special Topics

Last Updated: Course Number and Title Change 05/2012, effective Fall 2012

PLSC 477C - Topics in Public Administration

An examination of a topic in Public Administration not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

Credit Hours: 1 hr

Previously Listed As: PLSC 477 - Special Topics

Last Updated: Course Number and Title Change 05/2012, effective Fall 2012

PLSC 477D - Topics in Nonprofit Administration

An examination of a topic in Nonprofit Administration not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

Credit Hours: 1 hr

Previously Listed As: PLSC 477 - Special Topics

Last Updated: Course Number and Title Change 05/2012, effective Fall 2012

PLSC 477E - Topics in Comparative Politics

An examination of a topic in Comparative Politics not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

Credit Hours: 1 hr

Previously Listed As: PLSC 477 - Special Topics

Last Updated: Course Number and Title Change 05/2012, effective Fall 2012

PLSC 477F - Topics in International Relations

An examination of a topic in International Relations not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

Credit Hours: 1 hr

Previously Listed As: PLSC 477 - Special Topics

Last Updated: Course Number and Title Change 05/2012, effective Fall 2012

PLSC 477G - Topics in Theory and Methods

An examination of a topic in Theory and Methods not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

Credit Hours: 1 hr

Previously Listed As: PLSC 477 - Special Topics

PLSC 480 - Field Seminar in Political Science/Public Administration

Designed to help students relate their field experience to some aspect of political science or public administration.

Credit Hours: 3 hrs

Prerequisite: Department Permission

Last Updated: Links 04/2011

PLSC 486 - Internship in Political Science/Public Administration

Extends classroom learning through practical experience with legislative, administrative, and other public-sector agencies at all levels of government.

http://www.emich.edu/polisci/Internship/undergrad_majors.html

Credit Hours: 3 hrs

Prerequisite: Department permission

Major Restrictions: Political Science and Public Administration Majors and Minors only

Last Updated: Links 04/2011

PLSC 487 - Cooperative Education in Political Science

Four to six months of full-time employment in the public sector intended to provide practical experience in government, politics or administration. The program consists of two directed work experiences (PLSC 387/PLSC 487) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: PLSC 387 or departmental recommendation required

Class Restrictions: Senior standing

Notes: Applications of credit toward political science programs subject to department approval. Graded on a credit/no-credit basis.

Last Updated: Links 04/2011

PLSC 488 - Internship in Political Science/Public Administration

Extends classroom learning through practical experience with legislative, administrative, and other public-sector agencies at all levels of government.

http://www.emich.edu/polisci/Internship/undergrad_majors.html

Credit Hours: 6 hrs

Prerequisite: Department permission

Major Restrictions: Political Science and Public Administration Majors and Minors only

Last Updated: Links 04/2011

PLSC 489 - Internship in Political Science/Public Administration

Extends classroom learning through practical experience with legislative, administrative, and other public-sector agencies at all levels of government.

http://www.emich.edu/polisci/Internship/undergrad_majors.html

Credit Hours: 9 hrs

Prerequisite: Department permission

Major Restrictions: Political Science and Public Administration Majors and Minors only

Last Updated: Links 04/2011

PLSC 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer formal courses.

Credit Hours: 1 hrs

Prerequisite: Department permission

Class Restrictions: Senior standing

Major Restrictions: Normally restricted to Political Science Majors

Last Updated: Links 04/2011

PLSC 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer formal courses.

Credit Hours: 2 hrs

Prerequisite: Department permission

Class Restrictions: Senior standing

Major Restrictions: Normally restricted to Political Science Majors

Last Updated: Links 04/2011

PLSC 499 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer formal courses.

Credit Hours: 3 hrs

Prerequisite: Department permission

Class Restrictions: Senior standing

Major Restrictions: Normally restricted to Political Science Majors

Psychology Programs and Courses

Psychology

Major

Psychology Major

Revised Program, effective Winter 2014

The major in psychology is designed to provide a general and in-depth survey of the fields in the science of psychology and to prepare students to work with people in several career areas. Further study beyond the baccalaureate is required to enter professional career work.

Psychology Department Information:

Department Head: Carol Freedman-Doan
Department Contact: cfreedman@emich.edu
Website: <http://www.emich.edu/psychology/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 32 hours

Required Courses: 14 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- PSY 103 - General Psychology Laboratory (Gen Ed Area IV) 1 hr
- PSY 205 - Quantitative Methods in Psychology 3 hrs
- PSY 301W - Introductory Experimental Psychology (Gen Ed Area I, W) 4 hrs
- PSY 453 - History and Systems of Psychology 3 hrs

Restricted Elective Course: 12 hours

Select one course from each of the following categories:

I. Adjustment and Personality:

- PSY 360 - Abnormal Psychology 3 hrs
- PSY 451 - Dynamics of Personality 3 hrs

II. Biological:

- PSY 357 - Sensation and Perception 3 hrs
- PSY 457 - Physiological Psychology 3 hrs
- PSY 458 - Comparative Animal Behavior 3 hrs

III. Learning and Motivation:

- PSY 304 - Learning 3 hrs
- PSY 356 - Motivation and Emotion 3 hrs

IV. Development and Social:

- PSY 309 - Social Psychology 3 hrs
- PSY 321 - Child Psychology 3 hrs

Psychology Elective Courses: 6 hours

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Human Sexuality Minor

Program Revised, effective Fall 2013

Psychology Department Information:

Department Head: Carol Freedman-Doan
Department Contact: cfreedman@emich.edu
Website: <http://www.emich.edu/psychology/>

Required Courses: 9 hours

(Note: PSY 101 is a prerequisite course for all PSY courses)

- PSY 240 - Psychology of Sex Part I 3 hrs
- PSY 380 - Psychology of Sex II: Identity, Sex, and Gender 3 hrs
- PSY 480 - Psychology of Sex III: Atypical Sexual Behavior 3 hrs

Restricted Electives: 12 hours

- AFC 362 - Black Women: Religion and Sexism 3 hrs
- ANTH 355 - Anthropology of Women 3 hrs
- ANTH 437 - Kinship, Marriage, and Social Organization 3 hrs
- BIO 269 - Biology of Sex and Gender 3 hrs
- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- ECON 328 - Economics of Women 3 hrs
- HIST 325 - History of Sexuality 3 hrs
- HIST 415 - Sexual Communities in American History 3 hrs
- HLED 130 - Healthy Sexuality 3 hrs
- HLED 302 - From Host to Host: The Communicable Diseases 1 hr
- HLED 460 - Concepts in Sexuality Education 3 hrs
- PSY 242 - Psychology of Women 3 hrs
- PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
- PSY 397 - Individual Reading in Psychology 1 hr
- PSY 398 - Individual Reading in Psychology 2 hrs
- PSY 399 - Individual Reading in Psychology 3 hrs
- PSY 477 - Special Topics 1 hr
- PSY 478 - Special Topics 2 hrs
- PSY 479 - Special Topics 3 hrs
- PSY 497 - Individual Research in Psychology 1 hr
- PSY 498 - Individual Research in Psychology 2 hrs
- PSY 499 - Individual Research in Psychology 3 hrs
- SOCL 204 - Marriage and Family 3 hrs
- SOCL 344 - Sociology of Gender 3 hrs
- SWRK 462 - Practice with Lesbian, Gay, Bisexual and Transgender Persons 3 hrs
- WGST 202 - Introduction to Gender and Sexuality (Gen Ed Area III) 3 hrs
- WGST 242 - Psychology of Women 3 hrs
- WGST 260 - Gender Communication (Gen Ed Area III) 3 hrs
- WGST 269 - Biology of Sex and Gender 3 hrs
- WGST 325 - History of Sexuality 3 hrs
- WGST 328 - Economics of Women 3 hrs
- WGST 344 - Sociology of Gender 3 hrs
- WGST 355 - Anthropology of Women 3 hrs

- WGST 362 - Black Women: Religion and Sexism 3 hrs
- WGST 415 - Sexual Communities in American History 3 hrs
- WGST 462 - Practice with Lesbian, Gay, Bisexual and Transgender Persons 3 hrs

Minor Total: 21 hours

Note:

Students may not take more than six credits of PSY courses as electives.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

Psychology Minor

The minor provides students entering many career fields a fuller scientific understanding of human experience, behavior, needs, desires and potentialities. The minor is flexible; within limits it may be designed to meet the needs of each student.

Psychology Department Information:

Department Head: Carol Freedman-Doan
Department Contact: cfreedman@emich.edu
Website: <http://www.emich.edu/psychology/>

Required Courses: 3-4 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
or
- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
and
- PSY 103 - General Psychology Laboratory (Gen Ed Area IV) 1 hr

Elective Courses: 16-17 hours

Sixteen to seventeen hours selected in consultation with an advising coordinator.

Minor Requirements: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Psychology Minor

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in psychology, certification code CE. The Michigan Test for Teacher Certification (MTTC) covering this field is #011, "Psychology."

Psychology Department Information:

Department Head: Carol Freedman-Doan
Department Contact: cfreedman@emich.edu
Website: <http://www.emich.edu/psychology/>

Required Courses: 3-4 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
or
PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
and
- PSY 103 - General Psychology Laboratory (Gen Ed Area IV) 1 hr

Elective Courses: 16-17 hours

Sixteen to seventeen hours selected in consultation with an advising coordinator.

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

University Information: Consult the online catalog at catalog.emich.edu.

Psychology

PSY 101 - General Psychology Lecture (Gen Ed Area IV*)

Principles, theories and methods evolving from the scientific analysis of behavior. *PSY 103 must be completed in addition to PSY 101 to satisfy four credits of the Knowledge of the Disciplines - Natural Science portion of the General Education program.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: three hours per week

Area IV: Knowledge of the Disciplines

PSY 101 General Psychology (*PSY 103 must be completed in addition to count for this General Education credit)

General Psychology Lecture and its required companion laboratory course (PSY 103) present basic principles of psychology that have been established by applications of the scientific method. They will also examine key historical developments that will help illustrate how knowledge and theories in science are dynamic. In the laboratory portion of the course, students generate data designed to provide an introduction to scientific discovery to demonstrate particular scientific principles, and how to reach conclusions based on controlled observations.

In this course, students will study basic principles of psychology that have been established by applications of the scientific method. They will also examine key historical developments that will help illustrate how knowledge and theories in science are dynamic. Students will generate data designed to demonstrate particular principles and how to reach conclusions based on controlled observations. Because of its focus on the scientific method and on applications of scientific methodology.

Last Updated: Links 06/2011

PSY 103 - General Psychology Laboratory (Gen Ed Area IV)

Laboratory demonstrations and experiments illustrating concepts presented in PSY 101 lectures. PSY 101 must be completed in addition to PSY 103 to satisfy four credit hours of the Knowledge of the Disciplines - Natural Science portion of the General Education program.

Credit Hours: 1 hr

Lecture/Lab Hours: Laboratory: two hours per week

Concurrent Prerequisite: PSY 101

Area IV: Knowledge of the Disciplines

PSY 101 General Psychology

General Psychology Lecture and its required companion laboratory course (PSY 103) present basic principles of psychology that have been established by applications of the scientific method. They will also examine key historical developments that will help illustrate how knowledge and theories in science are dynamic. In the laboratory portion of the course, students generate data designed to provide an introduction to scientific discovery to demonstrate particular scientific principles, and how to reach conclusions based on controlled observations.

In this course, students will study basic principles of psychology that have been established by applications of the scientific method. They will also examine key historical developments that will help illustrate how knowledge and theories in science are dynamic. Students will generate data designed to demonstrate particular principles and how to reach conclusions based on controlled observations. Because of its focus on the scientific method and on applications of scientific methodology, PSY 101 and 103 together, meet the requirements of a natural science courses in the Knowledge of the Disciplines portion of the General Education Program.

PSY 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 203 - Self-analysis and Control

Behavioral principles and techniques that can be applied to behavioral self-analysis and self-management. Student-initiated self-improvement projects encouraged.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 205 - Quantitative Methods in Psychology

Basic concepts and methods used in the analysis of psychological data. Methods of describing and drawing inferences from sets of data.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and one of: MATH 104, MATH 105, MATH 110, MATH 118, MATH 120, MATH 170 (with a grade "C" or better in these Math courses) or College-Level Math Placement (53 or higher), MATH placement Level 4.

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 207 - Psychology of Adjustment

Systematic presentation of issues, concepts, principles and theories of human adjustment.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 225 - Psychology of Religion

The application of psychological theory, principles and method to the study of religious behavior. The relationships between religion and personality, health/pathology, social behavior and intense emotional experience.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 240 - Psychology of Sex Part I

Survey of the psychological research concerned with human sexuality from a psychological point of view with an emphasis on research findings.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Title Change 06/2011, effective Fall 2011; Links 04/2011

PSY 242 - Psychology of Women

Theories and empirical research concerning personality development in females. Examination of the origins of the behavior of women.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Cross-Listed with: WGST 242

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 301W - Introductory Experimental Psychology (Gen Ed Area I, W)

Design, control and measurement techniques employed in the scientific investigation of behavior; e.g., motivation, emotion, perception and learning.

Credit Hours: 4 hrs

Prerequisite: PSY 205

Last Updated: Links 04/2011

PSY 304 - Learning

Includes learning theories and empirical research as developed by Pavlov, Thorndike, Guthrie, Tolman, Hull, Skinner, Mowrer and others, plus select contemporary topics.

Credit Hours: 3 hrs

Prerequisite: PSY 301W

Last Updated: Links 04/2011

PSY 309 - Social Psychology

The order and regularity underlying processes of human interaction. Motives and attitudes, social norms and roles, the socialization process, personality and group membership. The effect of group membership upon individual behavior.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Notes: Not open to those with credit in SOCL 308.

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 321 - Child Psychology

The development of human behavior from conception to adolescence. Analysis of developmental processes involved in cognition, socialization, emotion and personality, relying on research and theory; emphasis on developmental trends. Not open to students in early elementary education curriculum.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 322 - Psychology of Adolescence

An opportunity to formulate, examine and understand a comprehensive, balanced picture of the physical, mental, emotional, social, and ideological developments and adjustments during adolescence.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 323 - Psychology of Human Aging

Aging individuals in the context of their life span; the special problems of the aged in modern American society. Intellectual functioning, socialization and personality, environmental effects, and the problems of isolation and institutionalization.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Class Restrictions: Junior or Senior standing or Second Bachelor's students only

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 340 - Psychological Perspectives on Prejudice and Discrimination

The psychological processes underlying the phenomena of prejudice and discrimination. A review of materials on personality and development relevant to the practice of discrimination and to the experience of prejudice on the part of both minority and majority group individuals.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Class Restrictions: Sophomore standing

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 350 - Environmental Psychology

The psychological effects of various environmental settings and configurations on human behavior. Select qualities of architectural spaces, urban environments and natural settings.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 351 - Industrial Psychology

Applications of psychological methods and principles to industrial problems.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Class Restrictions: Junior or Senior standing

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 356 - Motivation and Emotion

Review and analysis of theory and research in the areas of motivation and emotion.

Credit Hours: 3 hrs

Prerequisite: PSY 301W

Last Updated: Links 04/2011

PSY 357 - Sensation and Perception

Analysis of the psychological literature relating to sensory and perceptual experience.

Credit Hours: 3 hrs

Prerequisite: PSY 301W

Last Updated: Links 04/2011

PSY 358 - Cognitive Processes

A review of the theoretical and empirical developments concerned with cognitive processes, such as concept formation, memory and retrieval from memory, language acquisition, thought, problem solving, imagination, and creativity.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 360 - Abnormal Psychology

Modern theories of the origin of mental disorders and personality disturbances, nature and mechanism of the various forms of abnormal behavior, prevention and treatment, social significance of aberrations.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 361 - Psychotherapy

Survey of therapeutic systems and research on psychotherapy.

Credit Hours: 3 hrs

Prerequisite: PSY 360

Last Updated: Links 04/2011

PSY 362 - The Psychology of Stress and Relaxation

An introduction to the theoretical aspects of stress, stress reactions, stress assessment, and stress management and prevention.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 365 - Behavior Modification

For students in psychology, special education, social work, nursing and related fields. Techniques for coping with problem behaviors. Training in practical observation and recording procedures, program evaluation designs, and behavior change principles.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 366 - Health Psychology/Behavioral Medicine

The application of behavioral-science theory, principles, and techniques to understanding of health and illness, and to prevention, diagnosis, treatment, rehabilitation and health care delivery.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and department permission
Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 380 - Psychology of Sex II: Identity, Sex, and Gender

This course is an advanced study in the psychological aspects of human sexuality. It is intended to help students develop an increased awareness of how their various social identities (e.g., their sex, gender, sexual orientation, physical abilities, etc.) influence their understanding of sex, sexuality, and their behaviors in and attitudes about society.

Credit Hours: 3 hrs
Prerequisite: PSY 101 and PSY 240
Last Updated: New Course 06/2011, effective Fall 2011

PSY 387 - Cooperative Education in Psychology

Four months of full-time employment at an individual employer chosen to provide practical experience in the student's major field. The program consists of two work experiences (PSY 387/PSY 487) alternating with full-time attendance at the University.

Credit Hours: 3 hrs
Prerequisite: two 300-level psychology courses and department permission
Last Updated: Links 06/2011

PSY 388 - Psychology in the Field Setting

A practical work experience in a supervised mental health setting that integrates scholarly and practical aspects of psychology. Approximately three hours of fieldwork each week and completion of a journal of goals and experiences.

Credit Hours: 2 hrs
Prerequisite: PSY 101
Concurrent Prerequisite: A three-hour psychology class and/or department permission
Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 397 - Individual Reading in Psychology

Supervised reading on psychological problems.

Credit Hours: 1 hr
Prerequisite: PSY 101 and prior department approval of a planned reading program
Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 398 - Individual Reading in Psychology

Supervised reading on psychological problems.

Credit Hours: 2 hrs
Prerequisite: PSY 101 and prior department approval of a planned reading program
Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 399 - Individual Reading in Psychology

Supervised reading on psychological problems.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and prior department approval of a planned reading program

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 445 - Consumer Psychology

A survey of psychological principles, theories and methodology relating to consumer behavior.

Credit Hours: 2 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 448 - Seminar in Psychology

A synthesis of various approaches to the study of psychology. Development, presentation, and critical appraisal of individual student projects.

Credit Hours: 2 hrs

Class Restrictions: Senior standing

Major Restrictions: Psychology Majors or Minors only

PSY 451 - Dynamics of Personality

Physiological, psychological and cultural determinants of human personality; analysis of select theories of human personality.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Class Restrictions: Junior or Senior standing or Second Bachelor's students only

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 453 - History and Systems of Psychology

Historical development of modern psychological theories; contemporary systems, including functionalism, behaviorism, phenomenology, psychoanalysis and dynamic psychologies.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and PSY 301W

Class Restrictions: Junior or Senior standing or Second Bachelor's students only

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 457 - Physiological Psychology

Analysis of the relationships among brain functions, physiological processes and behavior. Open to junior and senior science majors with department permission.

Credit Hours: 3 hrs

Prerequisite: PSY 301W; recommended: BIO 105 or BIO 140

Last Updated: Links 04/2011

PSY 458 - Comparative Animal Behavior

Modern solutions to the innate versus learned behavior controversy; species differences with respect to behavior and behavioral capacities.

Credit Hours: 3 hrs

Prerequisite: PSY 301W

Last Updated: Links 04/2011

PSY 460 - Psychology of Film

The psychology of film and audience. Viewer psychology, presentation of psychology, family, violence and sexuality in film.

Credit Hours: 3 hrs

Class Restrictions: Junior standing and/or two courses in Psychology

PSY 477 - Special Topics

An examination of topics in psychology not covered in other department offerings. May be elected more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 478 - Special Topics

An examination of topics in psychology not covered in other department offerings. May be elected more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 479 - Special Topics

An examination of topics in psychology not covered in other department offerings. May be elected more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 480 - Psychology of Sex III: Atypical Sexual Behavior

This course is a survey course of atypical sexual cognition and behavior, the paraphilias, and criminal sexual behaviors. This course builds on a strong foundational knowledge of psychology and explores how it applies to atypical sexual development, expression, and consequences.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and PSY 240

Last Updated: New Course 06/2011, effective Fall 2011

PSY 487 - Cooperative Education in Psychology

Four months of full-time employment at an individual employer chosen to provide practical experience in the student's major field. The program consists of two work experiences (PSY 387/PSY 487) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: PSY 387 and department permission

Last Updated: Links 04/2011

PSY 497 - Individual Research in Psychology

Supervised investigation of psychological problems.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

PSY 498 - Individual Research in Psychology

Supervised investigation of psychological problems.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PSY 499 - Individual Research in Psychology

Supervised investigation of psychological problems.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PSY 551 - Psychology of Death and Dying

Study of attitudes toward, theories about, and empirical data concerning human mortality and suicide and its relevance to life adjustment, aging, religion and other areas.

Credit Hours: 2 hrs

Prerequisite: PSY 101 or equivalent

Notes: This is a graduate course in an undergraduate program.

Last Updated: Prerequisites 07/2011; Links 04/2011

Sociology, Anthropology and Criminology Programs and Courses

Sociology, Anthropology and Criminology

Major

Anthropology Major

The program in anthropology advances the goals of humanistic education, prepares students for successfully operating in a multicultural society and provides majors with a foundation for graduate study. Anthropology is the comparative study of human behavior, both in terms of its development and in terms of its culture-specific expressions. The University's program in anthropology gives particular attention to the sociocultural subfield.

Sociology, Anthropology and Criminology Department Information:

xfeng@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 30 hours

Required Courses: 12 hours

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 140 - Introduction to Physical Anthropology 3 hrs
- ANTH 150 - Introductory Archaeology (Gen Ed Area IV) 3 hrs
- ANTH 210 - History of Anthropological Theory 3 hrs

Restricted Elective Courses: 12 hours

Two anthropology courses at the 400-level (6 hrs) in addition to the following:

One Culture Area Course:

Three hours selected from this list.

- ANTH 233 - Cultures of Mesoamerica and the Caribbean (Gen Ed Area III) 3 hrs
- ANTH 236 - Peoples and Cultures of Africa 3 hrs
- ANTH 237 - Native North American Cultures (Gen Ed Area III) 3 hrs
- ANTH 248 - Peoples and Cultures of the Pacific 3 hrs
- ANTH 351 - Mexico: The Route of Cortez 3 hrs
- ANTH 385 - Culture of Japan 3 hrs

One Methodology Course:

Three hours selected from this list.

- ANTH 337 - Applied Anthropology 3
- ANTH 345 - Ethnographic Methods 3 hrs
- ANTH 361 - Archaeological Fieldwork 5 hrs
- ANTH 362 - Artifact Analysis 3 hrs

Elective Courses: 6 hours

Two anthropology courses, of which at least one must be at the 300-level or above (6 hrs)

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Exit Interview:

Majors must register with an anthropology Faculty Mentor, who will administer their Exit Interview.

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Criminology and Criminal Justice Major

Revised Program, effective Winter 2014

The criminology and criminal justice curriculum provides students with a multidisciplinary understanding of crime and justice within the framework of broader social processes. This curriculum is a three-tiered structure composed of general education, a core curriculum and selected concentrations. The typical student will move from general education to the core of the program and then into one of four specialized concentrations, where he or she will be introduced to courses on the principles and application of the chosen specialty.

The curriculum for general education includes introductory courses in the fundamental social science disciplines of sociology and psychology. The core of the curriculum consists of a number of related courses that will build a foundation of social science education emphasizing analytical and conceptual skills. The pivotal course is CRM 301 - Criminology, a multidisciplinary perspective on the nature, extent and causes of crime. CRM 300 - Criminal Justice and CRM 301 - Criminology should be the first core courses taken by the typical student. The third and final tier of the curriculum consists of 21 hours in one of four concentrations. These concentrations contain some courses without criminological content that provide students with professionally relevant occupational knowledge and skills.

Students completing the curriculum will have satisfied all major and minor requirements for graduation. No additional minor is required.

An active articulation agreement exists between this program and a community college. To see a complete list of current colleges with program articulation agreements with EMU, please [click here](#).

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 3 hours

One course from the following:

- PHIL 120 - Introduction to Critical Reasoning (Gen Ed Area IV) 3 hrs
- PHIL 130 - Introduction to Logic 3 hrs

Major Requirements: 70 hours

Core Requirements: 12 hours

- SOCL 105 - Introductory Sociology (Gen Ed Area IV) 3 hrs
- SOCL 202 - Social Problems 3 hrs
- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs

One course from the following:

- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs

Criminology and Criminal Justice Courses: 24 hours

- CRM 300 - Criminal Justice 3 hrs
- CRM 301 - Criminology 3 hrs
- CRM 331 - Introduction to Corrections 3 hrs
- CRM 354 - Juvenile Delinquency 3 hrs
- CRM 370 - White Collar Crime 3 hrs
- CRM 431 - Policing in Society 3 hrs
- CRM 447W - Senior Seminar in Criminology (Gen Ed Area I, W) 3 hrs

One course from the following:

- CRM 333 - Violence and Society 3 hrs
- CRM 337 - Deviance and Society 3 hrs
- SOCL 333 - Violence and Society 3 hrs
- SOCL 337 - Deviance and Society 3 hrs

Research Methods: 6 hours

* see note

- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs
- SOCL 304 - Methods in Sociological Research 3 hrs

Sociology/Anthropology Courses: 12 hours

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
- SOCL 308 - Social Psychology 3 hrs
- SOCL 462 - Complex Organizations 3 hrs

Concentration Requirements: 15 hours

Select one from the following four concentrations:

I. Legal Studies (CRM LGST)

- CRM 412 - Law and Society 3 hrs
- CRM 460 - Criminal Law II 3 hrs

Nine hours from the following:

- AFC 441 - Law in the African American Experience 3 hrs
- CRM 277 - Special Topics 1 hr
- CRM 278 - Special Topics 2 hrs
- CRM 279 - Special Topics 3 hrs
- CRM 321 - Cooperation and Conflict in Society 3 hrs
- CRM 377 - Special Topics 1 hr
- CRM 378 - Special Topics 2 hrs
- CRM 379 - Special Topics 3 hrs
- CRM 488 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CRM 489 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CTAC 357 - Interviewing as Communication 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- PHIL 120 - Introduction to Critical Reasoning (Gen Ed Area IV) 3 hrs
- PHIL 130 - Introduction to Logic 3 hrs
- PHIL 355W - Philosophy of Law (Gen Ed Area I, W) 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 456 - Criminal Law I 3 hrs

II. Law Enforcement (CRM LAWE):

One course from the following:

- CRM 432 - Police Organization 3 hrs
- PLSC 450 - Managing Public Safety Agencies 3 hrs

Nine hours from the following:

- CRM 320 - Criminal Investigation 3 hrs

- CRM 321 - Cooperation and Conflict in Society 3 hrs
- CRM 460 - Criminal Law II 3 hrs
- CRM 488 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CRM 489 - Field Internship in Criminology and Criminal Justice 3 hrs each

One course from the following:

- CRM 277 - Special Topics 1 hr
- CRM 278 - Special Topics 2 hrs
- CRM 279 - Special Topics 3 hrs
- CRM 377 - Special Topics 1 hr
- CRM 378 - Special Topics 2 hrs
- CRM 379 - Special Topics 3 hrs

- HLED 490 - Drug Use and Abuse 3 hrs
- OR**
- SWRK 431 - Substance Abuse 3 hrs

- PLSC 301 - American Legal System 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 456 - Criminal Law I 3 hrs
- PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
- PSY 360 - Abnormal Psychology 3 hrs
- SOCL 306 - The Urban Community 3 hrs
- SWRK 120 - Introduction to Social Work Services and Professional Roles 3 hrs

III. Corrections (CRM CORR)

- CRM 321 - Cooperation and Conflict in Society 3 hrs
- CRM 332 - Community Corrections 3 hrs

Nine hours from the following:

- COUN 450 - An Introduction: Counseling Concepts and Skills 3 hrs
- CRM 277 - Special Topics 1 hr
- CRM 278 - Special Topics 2 hrs
- CRM 279 - Special Topics 3 hrs
- CRM 377 - Special Topics 1 hr
- CRM 378 - Special Topics 2 hrs
- CRM 379 - Special Topics 3 hrs
- CRM 488 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CRM 489 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CTAC 357 - Interviewing as Communication 3 hrs
- HLED 490 - Drug Use and Abuse 3 hrs
- PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
- PSY 360 - Abnormal Psychology 3 hrs

- PSY 365 - Behavior Modification 3 hrs
- SWRK 120 - Introduction to Social Work Services and Professional Roles 3 hrs
- SWRK 431 - Substance Abuse 3 hrs

IV. Criminal Justice Administration (CRM ADM)

- CRM 332 - Community Corrections 3 hrs

One course from the following:

- CRM 432 - Police Organization 3 hrs
- PLSC 450 - Managing Public Safety Agencies 3 hrs

Nine hours from the following:

- ANTH 345 - Ethnographic Methods 3 hrs
- CRM 277 - Special Topics 1 hr
- CRM 278 - Special Topics 2 hrs
- CRM 279 - Special Topics 3 hrs
- CRM 320 - Criminal Investigation 3 hrs
- CRM 321 - Cooperation and Conflict in Society 3 hrs
- CRM 377 - Special Topics 1 hr
- CRM 378 - Special Topics 2 hrs
- CRM 379 - Special Topics 3 hrs
- CRM 420 - Drugs, Crime and Criminal Justice 3 hrs
- CRM 488 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CRM 489 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CTAC 357 - Interviewing as Communication 3 hrs
- LAW 403 - Employment Law 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 334 - Personnel Administration in Government 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 456 - Criminal Law I 3 hrs
- PSY 301W - Introductory Experimental Psychology (Gen Ed Area I, W) 4 hrs
- PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
- SOCL 307 - Sociology of Work 3 hrs
- SOCL 321 - Cooperation and Conflict in Society 3 hrs
- SOCL 345 - Ethnographic Methods 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

** SOCL 341 - Quantitative Methods of Social Research I and SOCL 342 - Quantitative Methods of Social Research II may be substituted for SOCL 250 and SOCL 304.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

Sociology Major

Sociologists are uniquely poised to contribute to a variety of productive activities in an increasingly diverse and socially and technologically complex workplace. The Sociology Program at EMU offers both major and minor degree programs in general and applied Sociology. The sociology curriculum offers a broad education that emphasizes the social and cultural basis of human lived experiences, interactions, and motivation, along with the development of flexible analytical reasoning skills and tools for data management and analysis. This major prepares students for work within non-profit, governmental, and social service agencies, as well as within medicine, law, and business.

Sociology, Anthropology and Criminology Department Information:

Department Head: Anders Linde-Laursen
 Department Contact: alindela@emich.edu
 Website: <http://www.emich.edu/sac/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 33 hours

Required Courses: 18 hours

- SOCL 105 - Introductory Sociology (Gen Ed Area IV) 3 hrs
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs
- SOCL 304 - Methods in Sociological Research 3 hrs
- SOCL 308 - Social Psychology 3 hrs
- SOCL 403W - Modern Sociological Theory (Gen Ed Area I, W) 3 hrs

- SOCL 405 - Senior Seminar in Sociology 3 hrs

One option from the following:

Option I: General Sociology: 15 hours

Required Courses: 3 hours

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs

Restricted Elective Courses: 6 hours

Two courses from the following:

- ANTH 336 - Social and Cultural Change 3 hrs
- SOCL 307 - Sociology of Work 3 hrs
- SOCL 310 - Social Stratification 3 hrs
- SOCL 311W - Aging and the Life Course (Gen Ed Area I, W) 3 hrs
- SOCL 312 - Medical Sociology 3 hrs
- SOCL 336 - Social and Cultural Change 3 hrs

Elective Courses: 6 hours

Choose from courses in sociology, anthropology, criminology. Must be at the 300-level or above.

Option II: Applied Sociology: 15 hours

Required Courses: 9 hours

- SOCL 230 - Introduction to Applied Sociology 3 hrs
- SOCL 310 - Social Stratification 3 hrs
- SOCL 489 - Internship in Sociology 3 hrs

Restricted Electives: 6 hours

Students must take two courses from one of the following four areas:

Family/Health/Aging Concentration:

- SOCL 303 - Sociology of Childhood and Youth 3 hrs
- SOCL 311W - Aging and the Life Course (Gen Ed Area I, W) 3 hrs
- SOCL 312 - Medical Sociology 3 hrs
- SOCL 450 - The Family 3 hrs

Public/Private Sector Concentration:

- SOCL 306 - The Urban Community 3 hrs
- SOCL 307 - Sociology of Work 3 hrs
- SOCL 321 - Cooperation and Conflict in Society 3 hrs
- SOCL 334 - Population 3 hrs
- SOCL 462 - Complex Organizations 3 hrs

Deviance Concentration:

- CRM 301 - Criminology 3 hrs
- CRM 337 - Deviance and Society 3 hrs
- CRM 354 - Juvenile Delinquency 3 hrs
- CRM 370 - White Collar Crime 3 hrs
- CRM 412 - Law and Society 3 hrs
- SOCL 333 - Violence and Society 3 hrs

Media/Technology Concentration:

- CMT 425 - Communication Technology and Social Change 3 hrs
- SOCL 440 - Sociology of Technology 3 hrs
- STS 495 - Technology, Values, and the Future 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. Minor

Anthropology Minor

Sociology, Anthropology and Criminology Department Information:

Department Head: Anders Linde-Laursen

Department Contact: alindela@emich.edu

Website: <http://www.emich.edu/sac/>

Required Courses: 12 hours

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 140 - Introduction to Physical Anthropology 3 hrs
- ANTH 150 - Introductory Archaeology (Gen Ed Area IV) 3 hrs
- ANTH 210 - History of Anthropological Theory 3 hrs

One Culture Area Course: 3 hours

One course from the following:

- ANTH 233 - Cultures of Mesoamerica and the Caribbean (Gen Ed Area III) 3 hrs
- ANTH 236 - Peoples and Cultures of Africa 3 hrs
- ANTH 237 - Native North American Cultures (Gen Ed Area III) 3 hrs
- ANTH 248 - Peoples and Cultures of the Pacific 3 hrs
- ANTH 385 - Culture of Japan 3 hrs

Elective Courses: 5 hours

- One course at the 300- or 400-level (3 hrs)
- Two additional credit hours in anthropology (2 hrs)

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

Criminology/Criminal Justice Minor

Sociology, Anthropology and Criminology Department Information:

Department Head: Anders Linde-Laursen
Department Contact: alindela@emich.edu
Website: <http://www.emich.edu/sac/>

Advisor Information:

Program Advisor: Marilyn Horace-Moore
Email: mhoracem@emich.edu
Phone: 734.487.0012

Required Core Courses: 9 hours

- CRM 300 - Criminal Justice 3 hrs
- CRM 301 - Criminology 3 hrs
- PLSC 301 - American Legal System 3 hrs

Restricted Criminology Elective Courses: 6 hours

Two courses from the following:

- CRM 331 - Introduction to Corrections 3 hrs
- CRM 354 - Juvenile Delinquency 3 hrs
- CRM 370 - White Collar Crime 3 hrs
- CRM 412 - Law and Society 3 hrs
- CRM 420 - Drugs, Crime and Criminal Justice 3 hrs
- CRM 431 - Policing in Society 3 hrs
- CRM 460 - Criminal Law II 3 hrs

Restricted Social Science Elective Courses: 6 hours

Two courses from the following:

- HLED 490 - Drug Use and Abuse 3 hrs
- PHIL 355W - Philosophy of Law (Gen Ed Area I, W) 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 456 - Criminal Law I 3 hrs
- PSY 360 - Abnormal Psychology 3 hrs
- SOCL 462 - Complex Organizations 3 hrs
- SWRK 431 - Substance Abuse 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Sociocultural Perspectives on the Family Interdisciplinary Minor

This minor combines the perspectives of anthropology and sociology by examining the sociocultural determinants and consequences of the family in the United States and other cultures. Students in such diverse fields as business, law, teaching, communication, nursing and technology learn how the family is integrated into the segment of society in which they intend to work. The program is designed for students planning to work directly with families as social workers, family life professionals or clinical psychologists.

Sociology, Anthropology and Criminology Department Information:

Anthropology

ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV)

The study of human adaptations to natural and cultural environments focusing upon a variety of societies. The basic institutions of human society such as kinship, religion, law, politics and economics will be examined.

Credit Hours: 3 hrs

Area III: Global Perspectives on a Diverse World

ANTH 135 Introduction to Cultural Anthropology

Anthropology is the global comparative study of human societies, both in terms of their development and in terms of their culture-specific expressions. Students learn how an anthropological cross-cultural perspective can improve understandings of cultural diversity, especially when addressing topics and perspectives that are difficult to understand from a purely western perspective. The course covers a broad range of topics traditionally approached by anthropologists, which address each of the outcomes for the Global Awareness requirement. By better understanding the factors contributing to cross-cultural similarities, differences and interconnections, students learn to appreciate global diversity in development, ethnicity, language, subsistence, modes of gender, kinship, sexuality, religion, forced and voluntary migration and how contemporary globalization is influencing each of these topics.

Last Updated: General Education Areas 07/2011

ANTH 140 - Introduction to Physical Anthropology

A survey of the evolution of primates and hominids and a general introduction to physical anthropological themes relating to prehistoric and living humans.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Last Updated: 2/17/2011

ANTH 150 - Introductory Archaeology (Gen Ed Area IV)

A general survey of the field of archeology; the methodologies and analyses employed in the study of prehistoric cultures.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

ANTH 150 Introductory Archaeology

The course is designed as an introduction to the anthropological subfield of archaeology. In addition to general social science methods, the student will learn about archaeological survey and excavation techniques, the kinds of quantitative and qualitative data these produce, cross-cultural analyses, and social science theories that are tested with archaeological data. The course covers a broad range of topics traditionally approached by archaeologists, which contribute to an understanding of the human past and lessons for some of today's major global issues. In the process of learning about archaeology, students also learn to appreciate how social science methods, in general, can produce knowledge and provide perspectives on social and political organization, power relationships, social change and contemporary global problems. Course assignments allow students to use general social science techniques with archaeological data to address these topics.

Last Updated: Minor edit 1/2013

ANTH 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

ANTH 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

ANTH 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

ANTH 208 - Minority Women in the United States (TO BE DELETED)

This course surveys the situation of and the conditions that affect the lives of four groups of minority women in the United States who are from diverse cross-cultural backgrounds: African American, Asian-American, Latin American and Native American. It focuses on the contemporary situation of these women and compares the four groups in terms of demographics, economic and occupational situations, education, family lives and relationship to the feminist movement.

Credit Hours: 3 hrs

Prerequisite: SOCL 105 or ANTH 135

Cross-Listed with: SOCL 208 and WGST 208

Course Revisions:

Course Revisions: This course will be deleted, effective Winter 2013.

Last Updated: Course Deletion 05/2012, effective Winter 2013

ANTH 210 - History of Anthropological Theory

A survey of various theoretical approaches within the field of cultural anthropology. The course will span the period from the mid-19th century to the present, covering theoretical perspectives that have dominated European and American schools of anthropology.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Last Updated: 2/17/2011

ANTH 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III)

An introduction to the study of U.S. diversity with particular reference to the African American and Hispanic, and European and Asian immigrants in the United States; racial myths, doctrines and movements; conflict and accommodation of majority and minority people; and proposed solutions of ethnic problems.

Credit Hours: 3 hrs

Cross-Listed with: SOCL 214

Area III: Perspectives on a Diverse World

ANTH214 U.S. Racial and Cultural Minorities

This course is an introduction to the study of U.S. diversity in reference to majority-minority relations. Students will examine the characteristics of the racial, ethnic and subcultural factors leading to the emergence of specific minority groups in American society. The dynamics of discrimination and assimilation will be studied as they apply to major American ethnic and subcultural groups, and issues related to separatism vs. multiculturalism will be discussed in a cross-cultural, comparative framework.

This course provides students with the conceptual tools to analyze their own experience of minority-majority status, and to trace the roots of such an experience by placing it in the context of American culture. Also, by applying social-science models to the understanding of the cultural, racial, ethnic and subcultural diversity found in the U.S. students will be able to more clearly assess the complexity of in-group and out-group perspectives on identity and discrimination, particularly in reference to intercultural competence.

Last Updated: 2/17/2011

ANTH 219 - Around the World in 80 Years: Adult Development Across Culture (TO BE DELETED)

Through the study of adult development, students will consider how the aging of the world's population is affecting diverse cultures, societies - and families - across the globe. Issues of social justice and empowerment related to population aging will be addressed, particularly the social, economic, political and policy consequences.

Credit Hours: 3 hrs

Course Revisions:

Course Revisions: This course will be deleted, effective Winter 2013.

Last Updated: Course Deletion 05/2012, effective Winter 2013

ANTH 233 - Cultures of Mesoamerica and the Caribbean (Gen Ed Area III)

A regional, historical and topical survey of Mesoamerica (Mexico, Guatemala, Belize, El Salvador and Honduras) and Caribbean cultures.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

Rationale: Mesoamerica and the Caribbean have diverse nations and cultures interacting in the global community that are confronting many of the same major issues as in other world regions. Students explore and compare cultures in both macro-regions, and further compare those cultures with cultures of North America. This course also emphasizes North American political and economical interconnections with Mesoamerica and the Caribbean: how those relationships have influenced the creation and character of national governments, alliances and conflicts, and grass-roots cultural reactions. By studying Mesoamerican and Caribbean cultures, students learn the diverse ways that cultures create and classify races, classes, and genders, and how these differ from classifications in North America. Students are exposed to culture-specific and cross-cultural patterns in the causes and consequences of social, cultural, and racial intolerance. Students successfully completing this course learn how to analyze and synthesize diverse sources of information to make informed decisions on major issues confronting Mesoamerica, the Caribbean, and other world regions experiencing similar issues.

Last Updated: 2/11/11; effective Fall 2011

ANTH 236 - Peoples and Cultures of Africa

A regional, historical and topical survey of African cultures.

Credit Hours: 3 hrs
Prerequisite: ANTH 135
Last Updated: 2/18/2011

ANTH 237 - Native North American Cultures (Gen Ed Area III)

A regional, historical and topical survey of aboriginal North American cultures.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

ANTH 237 Native North American Cultures

This course introduces students to the diverse political economic and belief systems of indigenous North American cultures (primarily within the U.S. but also in Canada) and the historical and modern impacts of European colonial and U.S. government policies toward Native American peoples. Emphasized throughout the course are the differences among Euro-American political economies and associated ideologies and those of different Native American cultures. Students will learn and understand the historic creation and modern perpetuation of social intolerance, institutionalized racism, ethnocentrism, stereotyping and exclusion. In addition to outlining the causes and consequences of ethnic cleansing, genocide and refugee migrations in North America, the course also explores institutionalized attempts at forced "westernization" of Native Americans through reservation-allotment, missionaries, educational systems and other policies resulting in impoverishment, erosion of social organizations, and loss of culture. Students develop awareness and explanations for alternative cultural identities and values by comparing the varying social experiences and civil rights movements of Native Americans with those of other minority groups.

ANTH 248 - Peoples and Cultures of the Pacific

A regional, historical and topical survey of indigenous Pacific cultures.

Credit Hours: 3 hrs
Prerequisite: ANTH 135
Last Updated: 2/18/2011

ANTH 250 - World Prehistory

An overview of human prehistory, from the earliest hominids to early state societies. Course topics include data, theories, and knowledge from anthropological archaeology on hominid material culture, social organization, and dispersals; transitions from foraging societies to Neolithic farming village societies; and the development of different types of state societies.

Credit Hours: 3 hrs
Last Updated: Corrected typo in description 4/2016

ANTH 261 - Introduction to Archaeological Fieldwork

One week of training in archaeological fieldwork.

Credit Hours: 3 hrs
Prerequisite: ANTH 135, ANTH 140 and departmental permission
Last Updated: Number Change 04/2012

ANTH 277 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum. Students may elect this course several times, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 278 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum. Students may elect this course several times, provided different topics are studied.

Credit Hours: 2 hrs

Last Updated: 2/18/2011

ANTH 279 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum. Students may elect this course several times, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 309 - Culture and Personality

An analysis of the manner in which group and cultural factors influence the growth and change of personality. The impact of personality types on group life.

Credit Hours: 3 hrs

Prerequisite: SOCL 105 or ANTH 135

Notes: Not open to those with credit in SOCL 309

Last Updated: 2/18/2011

ANTH 329 - Medical Anthropology

Ways in which various cultures define, explain, and treat physical and psychic illness. Different approaches to curing including witchcraft, sorcery, spiritual and psychic healing, and the use of hallucinogens compared with contemporary medical practices.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 or department permission

Last Updated: 2/18/2011

ANTH 330 - Anthropology of Law and Politics

Comparative study of political systems in various societies, local-level politics, government and law; examined from an anthropological perspective.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Class Restrictions: Sophomore standing

Last Updated: 2/18/2011

ANTH 336 - Social and Cultural Change

A survey of the theories and problems of change as they affect at the global, national and subcultural levels.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 or SOCL 105

Notes: Not open to those with credit in SOCL 336

Last Updated: 2/18/2011

ANTH 337 - Applied Anthropology

The application of anthropological knowledge and methods to address contemporary human problems.

Credit Hours: 3

Prerequisite: ANTH 135, and Sophomore standing or above.

Last Updated: Prereq Update 7/26/2011; Created 7/22/2011

ANTH 338 - Anthropology of Religion

The cross-cultural study of religious belief and ritual in various societies.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Class Restrictions: Sophomore standing

Last Updated: 2/18/2011

ANTH 340 - Language and Culture

A study of the relation of language to social behavior and modes of thought in unilingual and multilingual speech communities.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 or LING 201 or LNGE 223

Cross-Listed with: LING 340

Previously Listed As: ANT 340

Last Updated: Cross-listed Course Update 01/2012

ANTH 345 - Ethnographic Methods

A review and examination of social science research methods that entail fieldwork, participant observation, naturalistic experimentation and the analysis of cultural data.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 or SOCL 105 or department permission

Cross-Listed with: SOCL 345

Notes: Not open to those with credit in SOCL 345.

Previously Listed As: Qualitative Methods

Last Updated: 2/18/2011; effective Spring 2011

ANTH 350 - Ancient Civilizations of Mesoamerica

A chronological and regional survey of the ancient civilizations of Mexico and northern Central America, including the Olmecs, Maya, Toltecs and Aztecs. Course themes include Mesoamerican archaeology, early state development and decline, social organization, economy and ecology, and the legacy of ancient Mesoamerica.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Class Restrictions: Sophomore standing

Last Updated: 2/18/2011

ANTH 351 - Mexico: The Route of Cortez

Follow the route of Cortez through Southern and Central Mexico. The course emphasizes cultural history, globalization, and gender themes from anthropological perspectives. This is a 1-week study abroad program with educational tours in the states of Tabasco, Veracruz, and Mexico. Students must apply for registration through the EMU Academic Programs Abroad Office.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 and department permission

Last Updated: New Course 12/2011, effective Winter 2012

ANTH 355 - Anthropology of Women

This course focuses on the lives of women and theories of their positions in diverse cultural contexts. Issues of gender are also explored.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Cross-Listed with: WGST 355

Last Updated: 2/18/2011

ANTH 361 - Archaeological Fieldwork

Intermediate training in archaeological fieldwork.

Credit Hours: 5 hrs

Prerequisite: ANTH 135, ANTH 140 and departmental permission

Last Updated: Number Change 04/2012

ANTH 362 - Artifact Analysis

Principles and practical experience in archaeological laboratory recording and analysis of artifact attributes to address basic questions on chronology, site function and spatial patterns.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 and ANTH 150

Last Updated: 2/18/2011

ANTH 377 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum in which the distinctive perspective and methodology of anthropology are emphasized. Students may elect this course several times, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 378 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum in which the distinctive perspective and methodology of anthropology are emphasized. Students may elect this course several times, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 379 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum in which the distinctive perspective and methodology of anthropology are emphasized. Students may elect this course several times, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 385 - Culture of Japan

An analysis of Japanese culture from a comparative perspective. The course presents the ethnological approach to cross-cultural understanding as applied to the study of Japanese culture. By contrasting and comparing insider and outsider analyses of Japanese behavior, the dynamics of cross-cultural research are documented and discussed.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 or department permission

Cross-Listed with: JPNE 385

Last Updated: 2/18/2011

ANTH 387 - Cooperative Education in Anthropology

Practical experience in industrial, business or government settings that provides job skills..

Credit Hours: 3 hrs

Prerequisite: 12 hours of anthropology, six of which must be at the 300-level or above

Notes: Offered on a credit/no-credit basis.

ANTH 430 - Museum Anthropology

This course is a practicum in museology, aimed at clarifying the foundational role of anthropology in Museum Studies. Through this course students will acquire a fuller understanding of the theoretical and methodological issues at the core of conservation in general and cultural heritage interpretation in particular. The outcome of the course will be a capacity to apply the theoretical underpinnings of museum studies in the professional exercise of research exhibit-and-presentation practice.

Credit Hours: 3 hrs

Last Updated: New Course 07/2011, effective Fall 2011

ANTH 437 - Kinship, Marriage, and Social Organization

This course emphasizes Variation in family groups, larger descent groups, marriage systems, and kin terminology, with an emphasis on how these strategies are related to property ownership, labor, and gender. The course also emphasizes the historic and ongoing factors behind changing kinship strategies.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 and ANTH 210

Previously Listed As: Kinship and Social Structure

Last Updated: Title and Description Change 2/2013, effective Summer 2013; Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011

ANTH 439W - Seminar in Anthropological Theory (Gen Ed Area I, W)

An intensive examination of theoretical approaches to the study of cultural phenomena. Emphasis will be placed upon the critical reading of primary source materials seminal to the development of various theoretical stances within the discipline of anthropology. This course will be organized around written and oral presentations by students.

Credit Hours: 3 hrs

Prerequisite: Four courses in anthropology including ANTH 210

Class Restrictions: Senior standing

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Gen Ed Approval 12/2011; Graduate Credit 07/2011

ANTH 445W - Culture Analysis Seminar (Gen Ed Area I, W)

A culminating course examining "culture" - the key subject matter of cultural anthropology - in reference to the foundational disciplinary perspectives of holism, comparativism, relativism. The course gives particular attention to the acquisition of cultural reflexivity, and to the distinction between ethnography and ethnology as it affects both research practice and its rhetorical expressions in discipline-specific writing.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Previously Listed As: ANTH 445

Course Revisions:

Course Revisions: This undergraduate course will be available to graduate students for graduate credit, effective Winter 2013.

Last Updated: Grad Credit approved 02/2012, effective Winter 2013; Gen Ed approved 04/2011

ANTH 461 - Advanced Archaeological Fieldwork

Intensive training in archaeological fieldwork.

Credit Hours: 6 hrs

Last Updated: Number Change 04/2012

ANTH 462 - Archaeological Theory

A history of archaeological thought and the development of different theoretical trends in contemporary archeology.

Credit Hours: 3 hrs

Prerequisite: ANTH 150 and ANTH 210

Course Revisions: Approved for Writing Intensive 10/2013, effective Winter 2014

Last Updated: New Course 1/2013, effective Summer 2013

ANTH 465W - Political Economy in Anthropology

This history of how political economy has been used in anthropological research and a survey of political economic approaches to major anthropological topics.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 and ANTH 210

Class Restrictions: Sophomore standing

Criminology

CRM 200 - Introduction to Crime and Justice (Gen Ed Area IV)

An introduction to policy issues, theories and strategies regarding the fields of criminal justice and criminology.

Credit Hours: 3 hrs

CRM 222 - Pornography and Crime

The course will focus on the legal definitions of pornography, censorship versus freedom of speech, the types of pornography that are policed (e.g. violent, and child pornography), police strategies, criminal versus social action, as well as the relationship between harm, consent, criminal behavior and hate crimes.

Credit Hours: 3 hrs

CRM 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CRM 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CRM 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CRM 300 - Criminal Justice

A critical view of the entire spectrum of criminal justice. The police, courts and corrections studied as interrelated institutions in the process of defining criminals.

Credit Hours: 3 hrs

CRM 301 - Criminology

The nature, incidence and prevalence of crime. Theory of crime and delinquency causation.

Credit Hours: 3 hrs

CRM 320 - Criminal Investigation

Introduction to the science of criminal investigations, including the methodology of crime scene investigations, evidence collection, preservation and analysis. Other topics include the constitutional, legal and historical concerns relevant to procedural issues of investigation.

Credit Hours: 3 hrs

Concurrent Prerequisite: CRM 300

Last Updated: Links 04/2011

CRM 321 - Cooperation and Conflict in Society

The principles of cooperation, cooperation in our competitive-individualistic society, cooperative skills and forms of mutual aid are examined. Students learn cooperation through doing, as well as reading and writing, including a variety of group projects, exercises and discussion.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: SOCL 321

Last Updated: Links 04/2011

CRM 331 - Introduction to Corrections

An examination of corrections/punishment in contemporary society, its historical development, structural dependency, relationship to the system of justice and problems of effectiveness.

Credit Hours: 3 hrs

Prerequisite: CRM 300

Last Updated: Links 04/2011

CRM 332 - Community Corrections

An examination of the limitations of incarceration and the potential of community based alternatives.

Credit Hours: 3 hrs

Prerequisite: CRM 300

Last Updated: Links 04/2011

CRM 333 - Violence and Society

An introduction to and survey of the multi-disciplinary study of violence and society. Issues specifically examined are mass institutions of media, culture and identity formation.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: SOCL 333

Last Updated: Links 04/2011

CRM 337 - Deviance and Society

An introduction to the scientific study of deviance, society's reaction to deviance and the social strategies for managing deviance.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: SOCL 337

Last Updated: Links 04/2011

CRM 338 - Women, Crime and Justice

This course will offer a critical analysis of gender and criminal justice as it relates to women as victims, offenders and agents of the criminal justice system. Additionally, the social conditions of criminality, intervention strategies as well as social action and criminal justice policy reform will be examined.

Credit Hours: 3 hrs

Cross-Listed with: WGST 338, SOCL 338

Last Updated: Links 04/2011

CRM 362 - Ethics for Criminal Justice Professionals

This course provides the basic materials for analyzing ethical situations in criminal justice professions. Case studies of misconduct and its effects, and various policy issues, such as discretion and due process in law enforcement, the courts and corrections will be examined.

Credit Hours: 3 hrs

Last Updated: New Course 02/2012, effective Fall 2012

CRM 370 - White Collar Crime

An examination of the definitions, laws, causes and policy responses that shape crimes by corporations, government agencies, professionals and others engaged in legitimate occupations.

Credit Hours: 3 hrs

CRM 377 - Special Topics

A single topic is covered each semester, selected as the interest and/or problems change. Students may elect a special topics course several times, provided different topics are studied, but only twice for credit toward a major or minor in criminology.

Credit Hours: 1 hr

CRM 378 - Special Topics

A single topic is covered each semester, selected as the interest and/or problems change. Students may elect a special topics course several times, provided different topics are studied, but only twice for credit toward a major or minor in criminology.

Credit Hours: 2 hrs

CRM 379 - Special Topics

A single topic is covered each semester, selected as the interest and/or problems change. Students may elect a special topics course several times, provided different topics are studied, but only twice for credit toward a major or minor in criminology.

Credit Hours: 3 hrs

CRM 387 - Cooperative Education in Criminal Justice

Practical experience in agencies or government settings to provide job skills.

Credit Hours: 3 hrs

Prerequisite: department permission

Class Restrictions: Junior standing

Notes: Offered on a credit/no-credit basis

CRM 410 - Forensic Science Evidence in Criminal Cases

A study of scientific evidence in criminal cases, the standards used to prevent "junk science", the reliability of common forms of evidence (fingerprints, handwriting, hair, bite marks, ballistics, fire and Arson, blood stains, and social sciences testimony), and the impact of DNA exonerations on the reliability of forensic science evidence.

Credit Hours: 3 hrs

Prerequisite: CRM 300

Last Updated: New Course 5/2013, effective Winter 2014

CRM 412 - Law and Society

Law as a social and cultural product; the interrelationships between law and social institutions.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: SOCL 412

Notes: Not open to those with credit in SOCL 412.

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 04/2011

CRM 420 - Drugs, Crime and Criminal Justice

Analysis of legal and illegal drugs and their relation to crime, costs associated. With drug use and abuse, methodologies to collect data on drug theories, as well as drug control policies like D.A.R.E. and the War on Drugs and regulatory strategies as are applied to legal substances.

Credit Hours: 3 hrs

Prerequisite: CRM 300 and CRM 301

Class Restrictions: Sophomore standing

Last Updated: Links 04/2011

CRM 431 - Policing in Society

The social and historical origin of the police; police culture, role and career; police in the legal system; police discretion; ethical development of police; police and the community; police organization and community control.

Credit Hours: 3 hrs

Prerequisite: CRM 300

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 04/2011

CRM 432 - Police Organization

An examination of the major theories of police organization and how these theories can enhance our understanding of policing and help solve problems facing the police in everyday life.

Credit Hours: 3 hrs

Prerequisite: CRM 300

Last Updated: Links 04/2011

CRM 447W - Senior Seminar in Criminology (Gen Ed Area I, W)

Summations and integrations of the various bodies of criminological knowledge and their applications to policies of crime prevention and control.

Credit Hours: 3 hrs

Prerequisite: CRM 300, CRM 301, SOCL 250 and SOCL 304

Class Restrictions: Senior standing

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 04/2011

CRM 460 - Criminal Law II

The social, political, and historical evolution of criminal procedure with an emphasis on its application with regard to law enforcement and the judiciary.

Credit Hours: 3 hrs

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011

CRM 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CRM 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CRM 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CRM 487 - Cooperative Education in Criminal Justice

Practical experience in agencies or government settings to provide job skills.

Credit Hours: 3 hrs

Prerequisite: department permission

Notes: Offered on a credit/no-credit basis.

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011

CRM 488 - Field Internship in Criminology and Criminal Justice

A minimum of ten hours per week in a governmental or private agency dealing with the crime problem. The agency and the field instructor provide supervised learning experiences.

Credit Hours: 3 hrs each

Class Restrictions: Junior standing and department permission; second semester Juniors may be admitted by department permission

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011

CRM 489 - Field Internship in Criminology and Criminal Justice

A minimum of ten hours per week in a governmental or private agency dealing with the crime problem. The agency and the field instructor provide supervised learning experiences.

Independent study, under the supervision of a department member, in areas in which the department does not offer a course.

Credit Hours: 3 hrs

Prerequisite: department permission

Sociology

SOCL 105 - Introductory Sociology (Gen Ed Area IV)

Basic sociological concepts are used to analyze social systems, socialization, social inequality, deviance and conformity, and the process of social change with focus on family, educational, religious, governmental and economic institutions.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

SOCL 105 Introductory Sociology

This course provides a critical introduction to key concepts and ideas common to all sociological endeavor, as well as the methods by which sociologists advance social scientific knowledge. Students will be introduced to major theoretical perspectives, as well as key concepts, such as culture, socialization and social interaction, all of which guide the practice of sociology. Students will also come to understand the nature of major societal institutions, including family, education, economy and government, along with the formal and informal dimensions of race, social class and gender within the field. For each segment of the course, students will examine the challenges associated with conducting social research. *Introduction to Sociology* focuses on comparing and contrasting the potential for using various research methods to generate knowledge, with a special emphasis on comparing

quantitative and qualitative methods. Students will also come to explore the benefits of employing a sociological perspective to the analysis of contemporary events and, in the process, will be socialized into becoming critical consumers of reporting in the mass media, much of which is increasingly based on social science research.

Last Updated: Minor edit 1/2013

The position and significance of the family in our changing society. Courtship, mate selection and problems of marital adjustment from sociological and social-psychological perspectives.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 208 - Minority Women in the United States

This course surveys the situation of and the conditions that affect the lives of four groups of minority women in the United States who are from diverse cross-cultural backgrounds: Black, Asian-American, Latin-American and Native American. It focuses on the contemporary situation of these women and compares the four groups in terms of demographics, economic and occupational situations, education, family lives and relationship to the feminist movement.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: ANTH 208, WGST 208

Last Updated: Links 03/2011

SOCL 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III)

An introduction to the study of U.S. diversity with particular reference to the black and Hispanic, and European and Asian immigrants in the United States; racial myths, doctrines and movements; conflict and accommodation of majority and minority people; and proposed solutions of ethnic problems.

Credit Hours: 3 hrs

Cross-Listed with: ANTH 214

Area III: Perspectives on a Diverse World

SOCL214 U.S. Racial and Cultural Minorities

This course is an introduction to the study of U.S. diversity in reference to majority-minority relations. Students will examine the characteristics of the racial, ethnic and subcultural factors leading to the emergence of specific minority groups in American society. The dynamics of discrimination and assimilation will be studied as they apply to major American ethnic and subcultural groups, and issues related to separatism vs. multiculturalism will be discussed in a cross-cultural, comparative framework.

This course provides students with the conceptual tools to analyze their own experience of minority-majority status, and to trace the roots of such an experience by placing it in the context of American culture. Also, by applying social-science models to the understanding of the cultural, racial, ethnic and subcultural diversity found in the U.S. students will be able to more clearly assess the complexity of in-group and out-group perspectives on identity and discrimination, particularly in reference to intercultural competence.

SOCL 219 - Around the World in 80 Years: Adult Development Across Culture

Through the study of adult development, students will consider how the aging of the world's population is affecting diverse cultures, societies - and families - across the globe. Issues of social justice and empowerment related to population aging will be addressed, particularly the social, economic, political and policy consequences.

Credit Hours: 3 hrs

Cross-Listed with: ANTH 219, AGIN 219

Last Updated: Links 03/2011

SOCL 230 - Introduction to Applied Sociology

This course will be geared towards those students interested in applying the core elements of sociology to business, government and social service organizations. The tools of sociology, including theory and methods, will actively inform the study of various issues in a range of professional settings.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II)

Introduction to the evaluation and interpretation of numerical and categorical data using descriptive and inferential statistical techniques.

Credit Hours: 3 hrs

Prerequisite: MATH 104 (with a grade of C or better) or MATH 110 or level 4 math placement (math ACT score greater or equal to 23 or SAT Math score greater or equal to 580 or at least 53 on the College Level Math part of the Mathematics placement test).

Last Updated: prerequisite added 1/2/13, effective Summer 2013 Gen Ed Approval 08/2007, effective Winter 2008

SOCL 277 - Special Topics

A single topic is covered each semester, selected as the interest and/or problems change. Students may elect this course several times, provided different topics are studied, but only twice for credit toward a major or minor in sociology.

Credit Hours: 1 hr

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 278 - Special Topics

A single topic is covered each semester, selected as the interest and/or problems change. Students may elect this course several times, provided different topics are studied, but only twice for credit toward a major or minor in sociology.

Credit Hours: 2 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 279 - Special Topics

A single topic is covered each semester, selected as the interest and/or problems change. Students may elect this course several times, provided different topics are studied, but only twice for credit toward a major or minor in sociology.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 303 - Sociology of Childhood and Youth

Childhood and youth as elements of social organization. The relationship between social structure and the emergent personality of the individual; normality and deviance as social processes.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 304 - Methods in Sociological Research

Methods used in sociological research and their various applications. Participation in conducting a survey.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 306 - The Urban Community

Ecological and social organization of urban life. The metropolitan trend in the United States and the social problems created by it.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 307 - Sociology of Work

This course addresses the dynamics of paid, unpaid, and marginalized work; managerial control and worker resistance; work and family conflicts; connections between local and global economies; and how gender; race/ethnicity, social class, age, citizenship, and sexuality shape the opportunities and rewards of work.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Previously Listed As: SOCL 307 - Sociology of the Workplace

Last Updated: Title and Description change 11/2012, effective Winter 2013; Links 03/2011

SOCL 308 - Social Psychology

Introductory study of the order and regularity underlying processes of human interaction. Motives and attitudes, social norms and roles, the socialization process, personality and group membership. The effect of group membership upon individual behavior.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Notes: Credit cannot be earned in both SOCL 308 and PSY 309.

Last Updated: Links 03/2011

SOCL 309 - Culture and Personality

An analysis of the manner in which group and cultural factors influence the growth and change of personality. The impact of personality types on group life.

Credit Hours: 3 hrs

Prerequisite: SOCL 105 or ANTH 135

Notes: Not open to those with credit in ANTH 309.

Last Updated: Links 03/2011

SOCL 310 - Social Stratification

This course focuses on the social factors of inequality, the process of status attainment, and social mobility in contemporary societies. These aspects of stratification are examined on both the national and global levels. Course materials address the

differential distribution of and access to resources including issues of race, class and gender.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 311W - Aging and the Life Course (Gen Ed Area I, W)

Aging is viewed as a life course process. We focus on social and cultural aspects, noting attitudes toward aging, assessing how aging experiences are affected by social location (gender, race/ethnicity, class), and elaborate the social construction of age including implications of population aging for individual and societal well-being.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Title and Course Description Change 10/2011, effective Winter 2012; Links 03/2011

SOCL 312 - Medical Sociology

Social behavior and social organization as factors in disease distribution. The sociological analysis of medical care, organization and practitioners.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 320 - Sociology of Religion

A sociological analysis of religious organizations and the institution of religion including the interaction between religious organizations and other institutions and associations, and the role of religion in social movements and social change.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 321 - Cooperation and Conflict in Society

The principles of cooperation, cooperation in our competitive-individualistic society, cooperative skills and forms of mutual aid are examined. Students learn cooperation through doing, as well as reading and writing, including a variety of group projects, exercises and discussion.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: CRM 321

Last Updated: Links 03/2011

SOCL 333 - Violence and Society

An introduction to and survey of the multidisciplinary study of violence and society. Specifically examined are mass institutions of media, culture and identity formation.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Cross-Listed with: CRM 333
Last Updated: Links 03/2011

SOCL 334 - Population

Population size and composition, and their impact on society; determinants and consequences of natality, mortality and migration; the relationship between human numbers and resources and its politico-economic implications; population theories and policies of population control.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Last Updated: Links 03/2011

SOCL 336 - Social and Cultural Change

A survey of the theories and problems of change as they affect at the global, national and subcultural levels.

Credit Hours: 3 hrs
Prerequisite: SOCL 105 or ANTH 135
Notes: Not open to those with credit in ANTH 336.
Last Updated: Links 03/2011

SOCL 337 - Deviance and Society

An introduction to the scientific study of deviance, society's reaction to deviance and the social strategies for managing deviance.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Cross-Listed with: CRM 337
Last Updated: Links 03/2011

SOCL 338 - Women, Crime and Justice

This course will offer a critical analysis of gender and criminal justice as it relates to women as victims, offenders and agents of the criminal justice system. Additionally, the social conditions of criminality, intervention strategies, as well as, social action and criminal justice policy reform will be examined.

Credit Hours: 3 hrs
Cross-Listed with: WGST 338, CRM 338
Last Updated: Links 03/2011

SOCL 339 - Sociology of Love

A sociological examination of love, emphasizing typologies, scientific research and cross-cultural comparisons. Special attention is given to the analysis of love in terms of feelings, thoughts, behaviors and attitudes.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Last Updated: Links 03/2011

SOCL 341 - Quantitative Methods of Social Research I

Examination and review of research methods in behavioral sciences and the nature of empirical data, organization of univariate and bivariate data.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Notes: Not open to those with credit in SOCL 250 or SOCL 304. Must be followed by SOCL 342.

Last Updated: Links 03/2011

SOCL 342 - Quantitative Methods of Social Research II

Further review and applications of research methods and introduction to statistical inference.

Credit Hours: 3 hrs

Prerequisite: SOCL 341

Notes: Not open to those with credit in SOCL 250 or SOCL 304.

Last Updated: Links 03/2011

SOCL 344 - Sociology of Gender

Analysis of past, present and future sex roles; the changing roles of women and men, and the conflicts and consequences of these changes on marriage and family systems in the United States.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: WGST 344

Last Updated: Links 03/2011

SOCL 345 - Ethnographic Methods

A review and examination of social-science research methods that entail fieldwork, participant observation, naturalistic experimentation and the analysis of cultural data.

Credit Hours: 3 hrs

Prerequisite: SOCL 105 or ANTH 135 or department permission

Cross-Listed with: ANTH 345

Notes: Not open to those with credit in ANTH 345.

Previously Listed As: Qualitative Methods

Last Updated: 2/16/2011; effective Spring 2011

SOCL 352 - Sociology of Education

Using the traditional lecture method combined with small-group interactive exercises, this course will systematically examine the institution of American public education by focusing on the interplay between education, its social history, gender and race, environment, social control, ideology, the school in a global economy, and social structure in the formation and procession of schooling through a variety of theoretical scopes.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 375 - Political Sociology

The structure of political systems analyzed from an individual and social system perspective.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 387 - Cooperative Education in Sociology

Practical experience in industrial, business, or government settings to provide job skills.

Credit Hours: 3 hrs

Prerequisite: Department permission

Notes: Offered on a credit/no-credit basis

Last Updated: Links 03/2011

SOCL 402 - Group Dynamics

Structure and interaction processes of small groups. Cohesiveness, group standards, conformity and deviance, leadership, group emotion, communication, group roles and sociometrics.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 403W - Modern Sociological Theory (Gen Ed Area I, W)

The rise and development of sociological thought from Comte to the present. The works of various European and American schools analyzed and critically appraised in terms of their value in empirical research.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Area I: Effective Communication

SOCL 403W Modern Sociological Theory

This course is organized to have students develop and employ successful, flexible writing and reading strategies that support sustained inquiry in sociology. The course will culminate in a research project where students will use writing strategies designed to increase knowledge of how sociological theory has evolved to aid our understanding of pressing issues facing our contemporary world by formulating research questions, and responding to them by searching library data bases as well as incorporate assigned readings to conduct a literature review. This course will lead to the student learning to communicate, disseminate, and interpret information within sociology. Finally, this research project will be a process where student work is supported through intermediate steps with opportunities for feedback and revision.

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Gen Ed Approval 12/2011; Graduate Credit 07/2011; Links 03/2011

SOCL 405 - Senior Seminar in Sociology

The purpose of this course is to integrate sociological knowledge, theory and methods, and relate them to applications within the student's discipline and profession.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Class Restrictions: Senior standing

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 412 - Law and Society

Law as a social and cultural product; the interrelationships between law and social institutions.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: CRM 412

Notes: Not open to those with credit in CRM 412.

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 440 - Sociology of Technology

A study of social factors involved in the creation, innovation, distribution, evaluation and social effects of technology.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 448 - Collective Behavior

Spontaneous, transitory and volatile collective behavior contrasted with the relatively stable, institutionalized patterns of interaction. Analysis of rumor transmission, crowd behavior, mass behavior, and the emergence of organized social movements.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 450 - The Family

The family as a basic social institution. Various types of family systems throughout the world with special emphasis on the American family.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 451 - Sociology of Work and Occupations

Social aspects of work. Recruitment, career patterns, professionalization, sociology of the workplace and labor force.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 456 - Global Women: A Cross-Cultural Approach

An overview of how globalization processes - economic, cultural and political - impact women and gender inequalities across countries and cultures. The course examines the intersections of gender and work, race, ethnicity, family, religion, and political participation from an international comparative approach, and how the internationalization of women's rights and organizations has been redefining feminism worldwide.

Credit Hours: 3 hrs

Class Restrictions: Senior, Graduate Certificate or Masters standing

Cross-Listed with: WGST 456, WGST 556, SOCL 556

Last Updated: Links 03/2011

SOCL 462 - Complex Organizations

An examination of several types of large organizations, with emphasis on the nature of bureaucratic organizations. Theoretical and empirical studies of organizational growth, recruitment, control and relations between organizations.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 465 - Sociology of Revolution

This course surveys major theoretical perspectives that have been used by social scientists to interpret and explain revolutions. With the aid of the best available theories, the course will examine a series of historical instances, ranging from the French Revolution of the 18th century, through the Russian and Chinese Revolutions, to recent revolutions in post-colonial or dependent countries, such as the Iranian Revolution.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 477 - Special Topics

A single topic is covered each semester, selected as interest and/or problems change. Students may elect this course several times, provided different topics are studied, but only twice for credit toward a major or minor in sociology.

Credit Hours: 1 hr

Prerequisite: SOCL 105

Women's and Gender Studies Programs and Courses

Women's and Gender Studies

Major

Women's and Gender Studies Major

The Women's and Gender Studies Program offers an interdisciplinary academic major and minor to provide intellectual perspective and life-enriching skills for women and men. Professors have designed technology, politics and health courses that document the contributions of women to history, literature, science, education, family and work in a cultural context. Insights into the psychology of women, the impact of women on social structures and how women influence contemporary society will be valuable to students in their personal and professional lives.

Individual courses in the Women's and Gender Studies Program can be taken as electives to enrich any major.

Women's and Gender Studies Department Information:

Phone: 734.487.1177

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 30 hours

Core Courses: 12 hours

- WGST 200 - Introduction to Women's Studies (Gen Ed Area III) 3 hrs
or
- WGST 202 - Introduction to Gender and Sexuality (Gen Ed Area III) 3 hrs

- PHIL 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs
or
- WGST 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs

- WGST 300 - Feminist Inquiry 3 hrs

- WGST 400W - Capstone Seminar 3 hrs

Restricted Elective Courses: 12 hours

Three hours from each of the following four groups. Special Topics/Independent Study substitutions need to be approved by advisor.

I. Arts and Humanities

- ARTH 473 - Women in Art 3 hrs
- CASI 240 - Reel Women/Real Women 3 hrs
- CHL 353 - Genders and Sexualities in Literature for Young Readers 3 hrs
- CLAS 321 - Women and Gender in the Ancient World 3 hrs
- HIST 321 - Women and Gender in the Ancient World 3 hrs
- HIST 325 - History of Sexuality 3 hrs
- HIST 335 - History of Women in Europe 3 hrs
- HIST 336 - History of Women in the United States and Great Britain, 1800 to the Present 3 hrs
- HIST 415 - Sexual Communities in American History 3 hrs
- PHIL 326W - Philosophy & Sexuality 3 hrs
- PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- LITR 443 - Women in Literature 3 hrs
- LITR 445 - Sexualities in Literature and Culture 3 hrs
- WGST 321 - Women and Gender in the Ancient World 3 hrs
- WGST 325 - History of Sexuality 3 hrs
- WGST 326W - Philosophy & Sexuality 3 hrs
- WGST 335 - History of Women in Europe 3 hrs
- WGST 336 - History of Women in the United States and Great Britain, 1800 to the Present 3 hrs
- WGST 340 - Transgenre; Genre, Gender and Sex (A Queer Poetics) 3 hrs
- WGST 353 - Genders and Sexualities in Literature for Young Readers 3 hrs
- WGST 415 - Sexual Communities in American History 3 hrs
- WGST 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- WGST 436 - Women in Art 3 hrs
- WGST 443 - Women in Literature 3 hrs
- WGST 445 - Sexualities in Literature and Culture 3 hrs

II. Social and Physical Sciences

- AFC 243 - Black Women: Politics and Racism 3 hrs
- AFC 362 - Black Women: Religion and Sexism 3 hrs
- ANTH 355 - Anthropology of Women 3 hrs
- BIO 269 - Biology of Sex and Gender 3 hrs
- CRM 338 - Women, Crime and Justice 3 hrs
- ECON 328 - Economics of Women 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PSY 242 - Psychology of Women 3 hrs

- SOCL 338 - Women, Crime and Justice 3 hrs
- SOCL 344 - Sociology of Gender 3 hrs
- SOCL 450 - The Family 3 hrs
- WGST 242 - Psychology of Women 3 hrs
- WGST 243 - Black Women: Politics and Racism 3 hrs
- WGST 269 - Biology of Sex and Gender 3 hrs
- WGST 328 - Economics of Women 3 hrs
- WGST 338 - Women, Crime and Justice 3 hrs
- WGST 344 - Sociology of Gender 3 hrs
- WGST 355 - Anthropology of Women 3 hrs
- WGST 362 - Black Women: Religion and Sexism 3 hrs
- WGST 365 - Women and Politics 3 hrs

III. Multicultural and Cross-Cultural Studies

- AFC 243 - Black Women: Politics and Racism 3 hrs
- AFC 361 - The African American Family 3 hrs
- AFC 362 - Black Women: Religion and Sexism 3 hrs
- ANTH 355 - Anthropology of Women 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs
- PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
- WGST 210 - Gender in a Transnational World (Gen Ed Area III) 3 hrs
- WGST 243 - Black Women: Politics and Racism 3 hrs
- WGST 355 - Anthropology of Women 3 hrs
- WGST 362 - Black Women: Religion and Sexism 3 hrs
- WGST 370 - Women's and Gender Studies Abroad 3 hrs
- WGST 450 - Topics in Women's and Gender Studies 3 hrs
- WGST 456 - Global Women: A Cross-Cultural Approach 3 hrs

IV. Communities

- BMMT 205 - Women in Business (Gen Edu Area III) 3 hours
- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- CTAC 265 - Communicating and LGBT Community 3 hrs
- LEGL 418 - Women and Law 3
- STS 420 - Women and Technology 3 hrs
- SWRK 413 - Women and Aging 3 hrs
- SWRK 462 - Practice with Lesbian, Gay, Bisexual and Transgender Persons 3 hrs
- WGST 205 - Women in Business (Gen Edu Area III) 3 hrs
- WGST 230L - Conversations with Girls (Gen Ed Area V LBC) 4 hrs
- WGST 260 - Gender Communication (Gen Ed Area III) 3 hrs
- WGST 265 - Communicating and LGBT Community 3 hrs
- WGST 305 - Queer Studies 3 hrs
- WGST 387 - Cooperative Education in Women's Studies 3 hrs
- WGST 413 - Women and Aging 3 hrs
- WGST 418 - Women and the Law 3 hrs

- WGST 420 - Women and Technology 3 hrs
- WGST 462 - Practice with Lesbian, Gay, Bisexual and Transgender Persons 3 hrs
- WGST 487 - Internship in Women's and Gender Studies 3 hrs

Elective Courses: 6 hours

Students may choose any WGST course for their elective requirements

300/400 Level Course Requirement

WGST majors must complete at least 15 credit hours of course work at the 300 level or above

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Special topics courses (WGST 279/378/379/478/479) and independent study (WGST 497/498/499) offerings may be substituted for either restricted or other electives with department permission.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Queer Studies Minor

The minor in Queer Studies will foster critical and creative thinking about sexual and gender norms, identities, bodies, and experiences in global, national, and local contexts. Through examining and contextualizing debates in the field, students will

develop skills that inform approaches to lesbian, gay, bisexual, transgender, and queer history and politics, enabling participation in communities and scholarship.

Women's and Gender Studies Department Information:

Department Head: Jacqueline K. Goodman
Department Contact: jgoodma9@emich.edu
Website: <http://www.emich.edu/wgstudies/>

Required Courses: 6 hours

- WGST 202 - Introduction to Gender and Sexuality (Gen Ed Area III) 3 hrs
- WGST 305 - Queer Studies 3 hrs

Restricted Electives: 15 hours

Students must take two course from two of the lists below, and one course from the remaining list for a total of 15 credit hours.

Please note that only one course with the same non-WGST prefix will count towards the minor. (ex. You can not count two HIST courses to the Minor)

Movements, Identities and Communities

- CTAC 265 - Communicating and LGBT Community 3 hrs
- HIST 325 - History of Sexuality 3 hrs
or
- HIST 415 - Sexual Communities in American History 3 hrs
- SOCL 344 - Sociology of Gender 3 hrs
- WGST 265 - Communicating and LGBT Community 3 hrs
- WGST 325 - History of Sexuality 3 hrs
- WGST 344 - Sociology of Gender 3 hrs

Theory and Culture

- CHL 353 - Genders and Sexualities in Literature for Young Readers 3 hrs
- PHIL 326W - Philosophy & Sexuality 3 hrs
- LITR 445 - Sexualities in Literature and Culture 3 hrs
- WGST 326W - Philosophy & Sexuality 3 hrs
- WGST 340 - Transgenre; Genre, Gender and Sex (A Queer Poetics) 3 hrs
- WGST 353 - Genders and Sexualities in Literature for Young Readers 3 hrs
- WGST 445 - Sexualities in Literature and Culture 3 hrs

Application and Practice

- BIO 269 - Biology of Sex and Gender 3 hrs

- HLED 130 - Healthy Sexuality 3 hrs
- PSY 240 - Psychology of Sex Part I 3 hrs
- SWRK 462 - Practice with Lesbian, Gay, Bisexual and Transgender Persons 3 hrs
- WGST 269 - Biology of Sex and Gender 3 hrs
- WGST 462 - Practice with Lesbian, Gay, Bisexual and Transgender Persons 3 hrs

Program Total: 21 hours

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

Women's and Gender Studies Minor

For all of the following listed courses, note the relevant department's or program's course prerequisites. For availability of any of the following courses, check the class schedule of the term for which you register. Also, consult the Women's and Gender Studies Program Director or the undergraduate advisor for other approved women's and gender studies courses offered in the term for which you register.

Women's and Gender Studies Department Information:

Department Head: Jacqueline K. Goodman
 Department Contact: jgoodma9@emich.edu
 Website: <http://www.emich.edu/wgstudies/>

Advisor Information:

Program Advisor: Dr. Deanna Mihaly
 Email: dmihaly@emich.edu
 Phone: 734.487.1177

Required Courses: 3 hours

- WGST 200 - Introduction to Women's Studies (Gen Ed Area III) 3 hrs

Restricted Elective Courses: 12 hours

Select six hours from each of the following groups:

I. Arts and Humanities

- ARTH 473 - Women in Art 3 hrs
- CLAS 321 - Women and Gender in the Ancient World 3 hrs
- HIST 321 - Women and Gender in the Ancient World 3 hrs
- HIST 335 - History of Women in Europe 3 hrs
- HIST 336 - History of Women in the United States and Great Britain, 1800 to the Present 3 hrs
- LITR 443 - Women in Literature 3 hrs
- PHIL 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs
- PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- WGST 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs
- WGST 305 - Queer Studies 3 hrs
- WGST 321 - Women and Gender in the Ancient World 3 hrs
- WGST 335 - History of Women in Europe 3 hrs
- WGST 336 - History of Women in the United States and Great Britain, 1800 to the Present 3 hrs
- WGST 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- WGST 436 - Women in Art 3 hrs
- WGST 443 - Women in Literature 3 hrs

II. Social and Physical Sciences

Catalog Correction: WGST 210 - Gender in a Transnational World is a course option in this section.

- AFC 243 - Black Women: Politics and Racism 3 hrs
- AFC 362 - Black Women: Religion and Sexism 3 hrs
- ANTH 355 - Anthropology of Women 3 hrs
- CRM 338 - Women, Crime and Justice 3 hrs
- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- ECON 328 - Economics of Women 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PSY 242 - Psychology of Women 3 hrs
- SOCL 338 - Women, Crime and Justice 3 hrs
- SOCL 344 - Sociology of Gender 3 hrs
- WGST 242 - Psychology of Women 3 hrs
- WGST 243 - Black Women: Politics and Racism 3 hrs
- WGST 260 - Gender Communication (Gen Ed Area III) 3 hrs
- WGST 328 - Economics of Women 3 hrs
- WGST 338 - Women, Crime and Justice 3 hrs
- WGST 344 - Sociology of Gender 3 hrs
- WGST 355 - Anthropology of Women 3 hrs
- WGST 362 - Black Women: Religion and Sexism 3 hrs
- WGST 365 - Women and Politics 3 hrs
- WGST 456 - Global Women: A Cross-Cultural Approach 3 hrs

Elective Courses: 6 hours

Six hours from the following elective courses, Unused Group courses, Special Topics courses (WGST 279/378/379/478/479) and Independent Study (WGST 497/498/499) may be approved for Elective by Program Advisor.

- BMMT 205 - Women in Business (Gen Edu Area III) 3 hours
- LEGL 418 - Women and Law 3
- PHED 405 - Women in Sports 3 hrs
- PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
- STS 420 - Women and Technology 3 hrs
- SWRK 413 - Women and Aging 3 hrs
- WGST 202 - Introduction to Gender and Sexuality (Gen Ed Area III) 3 hrs
- WGST 205 - Women in Business (Gen Edu Area III) 3 hrs
- WGST 230L - Conversations with Girls (Gen Ed Area V LBC) 4 hrs
- WGST 300 - Feminist Inquiry 3 hrs
- WGST 370 - Women's and Gender Studies Abroad 3 hrs
- WGST 387 - Cooperative Education in Women's Studies 3 hrs
- WGST 405 - Women in Sports 3 hrs
- WGST 413 - Women and Aging 3 hrs
- WGST 418 - Women and the Law 3 hrs
- WGST 420 - Women and Technology 3 hrs
- WGST 450 - Topics in Women's and Gender Studies 3 hrs
- WGST 487 - Internship in Women's and Gender Studies 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. - For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Women and Gender Studies

WGST 177 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 1 hr

Prerequisite: department permission

WGST 178 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 2 hrs

Prerequisite: department permission

WGST 179 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 3 hrs

Prerequisite: department permission

WGST 200 - Introduction to Women's Studies (Gen Ed Area III)

This course provides an overview of the main issues confronting women in the United States today. Topics covered may include patriarchy and oppression, media images, violence, work, sexuality, feminism and commonalities and differences of women from different racial/ethnic and class backgrounds.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

WGST 200 Introduction to Women's Studies [was WMST200]

Introduction to Women's Studies introduces students to diversity in the United States by examining the lives of women from diverse racial/ethnic and class backgrounds. The course explores constructions of difference- whether based on race, ethnicity, gender, sexuality or class- and helps students understand how these constructions have been and continue to be fundamental to life in the U.S.

WGST 202 - Introduction to Gender and Sexuality (Gen Ed Area III)

This course will introduce students to the way in which society constructs gender and sexual identity, and the way in which, in turn, gender and sexuality shape our understanding of the world and ourselves. Topics will include femininity and masculinity, as well as lesbian, gay, bisexual, transgender history and experience.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

WGST 202 Introduction to Gender and Sexuality

Introduction to Gender and Sexuality meets the requirements of the General Education Program in the U.S. Diversity area by demonstrating the ways in which gender and sexual conditioning influence the experiences of men and women and shape their sense of identity as it intersects with different classes, racial or ethnic groups and sexualities. The course helps students to

understand and explore the ways in which these complex constructions and attitudes towards gender and sexuality lead to prejudice in the spheres of family, education, employment, health, politics and the media.

WGST 205 - Women in Business (Gen Edu Area III)

Social and business conditions that support the entry of women to executive positions in business; career opportunities at the professional and executive levels of business.

Credit Hours: 3 hrs

Cross-Listed with: BMMT 205

Area III- Perspectives on a Diverse World - U.S. Diversity

WGST 205 - Women in Business

This course fulfills the requirement for General Education in the area of Perspectives of a Diverse World- U.S. Diversity, as it reviews the role of women in business from the perspective of the individual and the manager. It traces the development of women's roles in the workforce starting with the dramatic influx of women in manufacturing during World War II. Then it looks at the changing social and business conditions from the 1960's through today that have added to the growing numbers of women workers. Laws enacted to eliminate gender discrimination in employment are reviewed, as well as legislation only applicable to women (such as with pregnancy). This course also examines masculine, feminine and androgynous management and leadership styles, and the unique work challenges faced by women of color. The challenges of global job assignments are reviewed, particularly as they relate to women in children. Lastly, the course introduces students to organizations that provide support for women pursuing business careers.

Last Updated: Gen Edu Approval 5/2013, effective Winter 2014; Links 03/2011

WGST 208 - Minority Women in the United States

This course surveys the situation of and the conditions that affect the lives of four groups of minority women in the United States who are from diverse cross-cultural backgrounds: Black, Asian-American, Latin-American and Native American. It focuses on the contemporary situation of these women and compares the four groups in terms of demographics, economic and occupational situations, education, family lives and relationship to the feminist movement.

Credit Hours: 3 hrs

Cross-Listed with: ANTH 208, SOCL 208

Last Updated: Links 03/2011

WGST 210 - Gender in a Transnational World (Gen Ed Area III)

This course introduces students to a comparative framing of gender issues through a cross-national and inter-sectional approach. Course topics- the social construction of gender relations, the gendered family, gendered media and popular cultures, religion and gender, the gendered body, and the violence of gender - will be taught cross-culturally and cross-nationally. An inter-sectional approach - the interconnections of gender with class, race, ethnicity, sexual orientation, and location - will be explored throughout course topics. Students will critically analyze gender issues by situating them in a transnational world. Globalization will be presented as both a *gendered* and *multidimensional*- cultural, economic, and political - process.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

WGST 210 Gender in a Transnational World

Gender relations have been increasingly impacted by economic, cultural and political globalization processes. This has led to new dynamics between the local and global in the construction and transformation of gender. By contextualizing and comparing gender issues across-cultures and socio-economic contexts this course fosters global understanding and values, as well as it builds necessary skills and knowledge to improve gender relations and combat gender inequalities within and among local and global locations. Critically understanding gender relations from a cross cultural perspective becomes central to one's full participation as citizens and workers in increasingly globalized gendered communities and workplaces. As such, WGST 210 *Gender in a Transnational World* meets the outcomes for a course in the Global Awareness category of the General Education Program. **Last Updated:** Gen Edu Approval 1/2013, effective Summer 2013; New Course 11/2012, effective Winter 2013

WGST 226 - Feminist Theory (Gen Ed Area III, IV)

A consideration of philosophical issues concerning the nature and status of women. Readings from both traditional and contemporary sources. Topics may include scientific and religious views, the ideal society and women's place in it, varieties of feminism, views on sexuality, family and reproduction, and work and the economy.

Credit Hours: 3 hrs

Cross-Listed with: PHIL 226

Area III: Perspectives on a Diverse World

WGST 226 Feminist Theory [was PHIL/WMST226]

Gender is one of the principal characteristics determining identity and life experience for human beings. This course takes a philosophical approach to gender, examining beliefs about women and men from a wide variety of cultural and political perspectives. We consider both traditional justifications of the differential treatment of women and men in such institutions as marriage and family, as well as theories that challenge these traditional views. *PHIL226 Feminist Theory* fulfills the Global Awareness requirement of the General Education Program because it considers a wide range of practices and beliefs about gender from across the globe, with an emphasis on the intellectual and ethical complexities of understanding and judging gendered practices in cultures other than our own. Gender is one of the principal characteristics determining identity and life experience for human beings. This course takes a philosophical approach to gender, examining beliefs about women and men from a wide variety of cultural and political perspectives. We consider both traditional justifications of the differential treatment of women and men in such institutions as marriage and family, as well as theories that challenge these traditional views. This course is a general education course in the knowledge of the disciplines because it provides an introduction to the discipline of philosophy through the concept of gender, its methodology and its contribution to the body of human knowledge. Students will acquire skills or critical reasoning and develop skills for evaluating and creating substantive arguments to support philosophical positions. Developing such skills is central to the process of higher-education. Moreover, such skills will serve students throughout their educations across all disciplines, in their careers or in pursuing graduate or professional degrees and in exercising their civic duties.

Area IV: Knowledge of the Disciplines

WGST 226 Feminist Theory [was PHIL/WMST 226]

Gender is one of the principal characteristics determining identity and life experience for human beings. This course takes a philosophical approach to gender, examining beliefs about women and men from a wide variety of cultural and political perspectives. We consider both traditional justifications of the differential treatment of women and men in such institutions as marriage and family, as well as theories that challenge these traditional views. This course is a general education course in the knowledge of the disciplines because it provides an introduction to the discipline of philosophy through the concept of gender, its methodology, and its contribution to the body of human knowledge. Students will acquire skills of critical reasoning and develop skills for evaluating and creating substantive arguments to support philosophical positions. Developing such skills is central to the process of higher-education. Moreover, such skills will serve students throughout their educations across all disciplines, in their careers or in pursuing graduate or professional degrees and in exercising their civic duties.

Last Updated: Links 03/2011

WGST 230L - Conversations with Girls (Gen Ed Area V LBC)

This course provides practice-based theory and methodology about educational mentoring relationships. Students are required to apply theory and methodology learned in the classroom to work with a community agency that is directly relevant to the focus of the course.

Credit Hours: 4 hrs

Last Updated: Links 03/2011

WGST 242 - Psychology of Women

Theories and empirical research concerning personality development in females. Examination of the origins of the behavior of women.

Credit Hours: 3 hrs

Prerequisite: PSY 101 or PSY 103

Cross-Listed with: PSY 242

Last Updated: Links 03/2011

WGST 243 - Black Women: Politics and Racism

This course examines American politics as it relates to African American women. The course analyzes ways in which political issues affect black women differently than African American men, white men and white women. Considerable attention is given to the definition of the political realm as opposed to the nonpolitical realm when discussing groups traditionally marginalized or excluded from political life.

Credit Hours: 3 hrs

Cross-Listed with: AFC 243, PLSC 243

Last Updated: Links 03/2011

WGST 260 - Gender Communication (Gen Ed Area III)

Exploration of the multifaceted ways communication, culture, and gender are interconnected and the influences of each. Critical analysis of gender communications "differences" as they are influenced by culture and our everyday communication.

Credit Hours: 3 hrs

Cross-Listed with: CTAC 260

Area III: Perspectives on a Diverse World

CTAC 260 Gender Communication [was CTAC/WGST 360]

Gender Communication is communication *about* and *between* men and women. It is communication *about* men and women because gender communication is reflected in everything around us. From the time we are born important people in our life communicate our society's gender expectations to us. While individuals vary in the extent to which they accept or reject those messages, we all "do gender" by expressing our views about what we believe is normal or natural for a member of our sex. Since gender is a social construction that changes over time, it is important that we systematically study it to determine how it affects us, the people with whom we interact, and the world in which we live. Gender communication is also communication *between* men and women. In the United States interactions between women and men occur every hour of every day. The sheer number of contacts we have with the opposite sex heightens the need to study the effects of gender on the communication process.

CTAC 260 meets the U.S. diversity requirement of general education because it allows students to examine their gender identity and relate it to the gender identity of others. This ultimately leads to an understanding of the many different ways people view gender and communication in the United States. Attention is also focused on the communication-related causes and consequences of social intolerance toward individuals who deviate from normative sex and gender roles, and how that intolerance relates to racism, ethnocentrism, and exclusion in the United States. Last but not least, students explore the association between gender and income distribution, economic opportunities, political participation and the U.S. democratic process, and how those variables impact communication between and within the sexes.

Last Updated: Links 03/2011

WGST 265 - Communicating and LGBT Community

Communication and LGBT Community examines communication about and within diverse Lesbian, Gay, Bisexual, and Transgender identity communities. Patterns in social movement, issue advocacy, group identity expression, and media representation are reviewed and evaluated. The course explores questions of intolerance, stereotyping, and intersectionality, applying perspectives drawn from communication and queer theories.

Credit Hours: 3 hrs

Cross-Listed with: CTAC 265

Last Updated: New Course 09/2012, effective Winter 2012

WGST 269 - Biology of Sex and Gender

Lectures will address the biology of sex and gender from early stages of development throughout life. Anatomy and physiology of gender and behaviors in humans and other animals will be discussed. Topics include: sexual differentiation, puberty, reproductive patterns and the effects of aging on the sexual response.

Credit Hours: 3 hrs

Prerequisite: BIO 105, BIO 110 or BIO 251

Cross-Listed with: BIO 269

Last Updated: 03/2011

WGST 277 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 1 hr

Prerequisite: department permission

WGST 278 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 2 hrs

Prerequisite: department permission

WGST 279 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 3 hrs

Prerequisite: department permission

WGST 300 - Feminist Inquiry

This course examines the concept of knowledge, traditional methods for the construction of knowledge, and feminist critiques of these traditional methods. Both multidisciplinary and interdisciplinary methodologies employed in women's and gender studies and explored and applied.

Credit Hours: 3 hrs

Prerequisite: WGST 200 or WGST 202

Last Updated: New Course 11/2012, effective Winter 2013

WGST 305 - Queer Studies

Queer Studies explores scholarship, activism, and culture production by and about lesbian, gay, bisexual, transgendered, and queer people and communities. This course examines scholarly research in the social sciences and humanities along with fiction, poetry, and film in order to address how people build knowledge about queer lives.

Credit Hours: 3 hrs

Prerequisite: WGST 202

Last Updated: New Course 11/2012, effective Winter 2013

WGST 321 - Women and Gender in the Ancient World

An investigation of life for women in antiquity, focusing on the sex-gender system of Greek and Roman societies. Literary, inscriptional and other evidence will be studied to disclose the classical roots of western beliefs and attitudes about women.

Credit Hours: 3 hrs

Prerequisite: one 100-level course in history

Cross-Listed with: CLAS 321, HIST 321

Last Updated: Links 03/2011

WGST 325 - History of Sexuality

A topical approach to the role that sex and sexuality has played in American history; topics include the family, gender, interracial relations, the birth control movement, origins of the gay community, politics of abortion, and sexually transmitted infections.

Credit Hours: 3 hrs

Cross-Listed with: HIST 325

Last Updated: Links 03/2011

WGST 326W - Philosophy & Sexuality

This course applies philosophical methods to ethical, political, and conceptual questions related to sexual preference and identity, including: What is the ethical status of homosexuality? Should same sex marriage be legal? What groups does/should "LGBT"(etc)"seek to identify? Who is "queer"? What is the relation between feminism and the liberation of sexual minorities?

Credit Hours: 3 hrs

Prerequisite: One PHIL course excluding PHIL 120 and PHIL 130

Cross-Listed with: PHIL 326W

Last Updated: Gen Edu Approval 12/2012, effective Winter 2013; New Course 11/2012, effective Winter 2013

WGST 328 - Economics of Women

The changing economic role of women in the labor force. Analysis of policies affecting earnings, employment, and work and family issues in traditional and nontraditional occupations. Includes some international comparisons.

Credit Hours: 3 hrs

Prerequisite: one 100-, 200- or 300-level course in economics

Cross-Listed with: ECON 328

Last Updated: 03/2011

WGST 335 - History of Women in Europe

A study of the history of women and views of women in western society from the 18th century to the present. Emphasizes the struggles, setbacks and achievements of the women's movements in the context of modern European history.

Credit Hours: 3 hrs

Prerequisite: one course in history

Cross-Listed with: HIST 335

Last Updated: 03/2011

WGST 336 - History of Women in the United States and Great Britain, 1800 to the Present

A comparative study of the history of women in the United States and Great Britain. Examines the ideology of the nature and role of women, the history of women's lives, the impact of industrialization and the feminist movements of the 19th and 20th centuries.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

Cross-Listed with: HIST 336

Last Updated: 03/2011

WGST 338 - Women, Crime and Justice

This course will offer a critical analysis of gender and criminal justice as it relates to women as victims, offenders and agents of the criminal justice system. Additionally, the social conditions of criminality, intervention strategies, as well as, social action and criminal justice policy reform will be examined.

Credit Hours: 3 hrs

Cross-Listed with: CRM 338, SOCL 338

Last Updated: 03/2011

WGST 340 - Transgenre; Genre, Gender and Sex (A Queer Poetics)

This course provides an introduction to the relation between literary genre theory and social systems of gender, sex and race through a rigorous investigation of “transgenre” literary texts (forms that transgress genre conversations) across periods and cultures. In addition, the course offers a creative writing workshop with an emphasis on the transgenre themes and forms.

Credit Hours: 3 hrs

Prerequisite: WGST 202

Class Restrictions: Undergraduates 2nd year and above

Last Updated: New Course 11/2012, effective Winter 2013

WGST 344 - Sociology of Gender

Analysis of past, present and future sex roles; the changing roles of women and men, and the conflicts and consequences of these changes on marriage and family systems in the United States.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: SOCL 344

Last Updated: 03/2011

WGST 353 - Genders and Sexualities in Literature for Young Readers

Students in this course will read, discuss, research and write about works of literature written for children and young adults and focused on issues of sexuality and gender.

Credit Hours: 3 hrs

Cross-Listed with: CHL 353

Last Updated: New Course 11/2012, effective Winter 2013

WGST 355 - Anthropology of Women

The role of women in diverse cultural contexts. Theories dealing with the position of women. Life histories of women constitute the basic reading in this course.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 or department permission

Cross-Listed with: ANTH 355

Last Updated: 03/2011

WGST 362 - Black Women: Religion and Sexism

An introduction to the social and political role of Black women in African American religious institutions. Particular attention will be placed on how African American religion has limited the power of women. Additionally, the course will examine the historical evolution of the various major black denominations in America and their political and social roles in African American communities.

Credit Hours: 3 hrs

Cross-Listed with: AFC 362, PLSC 362

Last Updated: 03/2011

WGST 365 - Women and Politics

A study of the role of women in American politics as voters, activists and candidates, with consideration of how the political behavior of women relates to their economic, social and religious roles. Comparisons are made with select European and Asian political systems.

Credit Hours: 3 hrs

Cross-Listed with: PLSC 365

Last Updated: 03/2011

WGST 370 - Women's and Gender Studies Abroad

This course involves short-term travel and study outside the United States. Topics in women's and gender studies will be explored in the context of transnational feminism, with examination of issues related closely to the place of study.

Credit Hours: 3 hrs

Prerequisite: program director approval

Last Updated: New Course 05/2012, effective Winter 2013

WGST 377 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different, but no more than two such courses may be counted toward the minor in women and gender studies.

Credit Hours: 1 hr

Prerequisite: department permission

WGST 378 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different, but no more than two such courses may be counted toward the minor in women and gender studies.

Credit Hours: 2 hrs

Prerequisite: department permission

WGST 379 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different, but no more than two such courses may be counted toward the minor in women and gender studies.

Credit Hours: 3 hrs

Prerequisite: department permission

WGST 387 - Cooperative Education in Women's Studies

This course provides students with an opportunity to deal directly with issues affecting women by working with agencies and local organizations.

Credit Hours: 3 hrs

Prerequisite: department permission

WGST 400W - Capstone Seminar

A culminating experience designed to enable students to understand, demonstrate and improve skills acquired as majors or minors in the program, and to facilitate the integration of interdisciplinary knowledge.

Credit Hours: 3 hrs

Prerequisite: WGST 200 and WGST 226/PHIL 226

Last Updated: Gen Edu Approval 12/2012, effective Winter 2013

WGST 405 - Women in Sports

Patterns, problems and conditions associated with women's sports involvement in selected world cultures; the sportswoman in American society.

Credit Hours: 3 hrs

Cross-Listed with: PHED 405

Last Updated: 03/2011

WGST 413 - Women and Aging

Designed to provide social work, women's studies, and gerontology students with the skills and sensitivity to understand the issues, needs, and positive attributes of women as they grow older. Students will examine the lives of women in special groups, such as older minority women, caregivers, widows and institutionalized elderly women. Students will learn skills to provide effective services to older women in a variety of human service settings.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: SWRK 413

Last Updated: Graduate Credit 07/2011; 03/2011

WGST 415 - Sexual Communities in American History

This class addresses the history of sexuality and the development of communities based on sexual identity in the United States. Topics include the origins of scientific theories of sexuality, the development of social movements around sexual issues and social responses to sexual minorities.

Credit Hours: 3 hrs

Cross-Listed with: HIST 415

Last Updated: 03/2011

WGST 418 - Women and the Law

A critical analysis how gender, as an element of the American legal system, impacts the lives of women. Major U.S. cases and state and federal laws will be evaluated and challenged as appropriate.

Credit Hours: 3 hrs

Prerequisite: One of the following: LAW 293, LEGL 211, PLSC 301 or WGST 200

Cross-Listed with: LEGL 418

Last Updated: 03/2011

WGST 420 - Women and Technology

This course surveys gender issues surrounding technology development, transfer and use. We will examine the gender implications of technologies used in everyday life, particularly those that apply to work, health, reproduction, education, and communication. Historical and cross-cultural/global perspectives will be integrated into course themes.

Credit Hours: 3 hrs

Cross-Listed with: STS 420

Last Updated: 03/2011

WGST 426W - Topics in Gender and Philosophy (Gen Ed Area I, W)

An examination of gender and its relationship to other issues from a philosophical perspective. Possible topics include rationality, sexuality, aesthetics, ethics and political theory.

Credit Hours: 3 hrs

Prerequisite: two courses in philosophy or instructor permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: PHIL 426W

Last Updated: Graduate Credit 07/2011; 03/2011

WGST 436 - Women in Art

A survey of the contributions of female artists in the history of art. Discussions will include the history of women as patrons of the arts, and the uses of the female image in art.

Credit Hours: 3 hrs

Prerequisite: ARTH 263 or department permission

Cross-Listed with: ARTH 473

Last Updated: Links 06/2011

WGST 443 - Women in Literature

A study of women and their experiences as described in literature.

Credit Hours: 3 hrs

Prerequisite: two courses in literature

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: LITR 443

Last Updated: Graduate Credit 07/2011; 03/2011

WGST 445 - Sexualities in Literature and Culture

A seminar devoted to theorizing and articulating the relationships between literature and culture, focusing on the diverse and shifting forms of sexuality manifested in the cultural imagination across several literary periods.

Credit Hours: 3 hrs

Prerequisite: Six hours of 300-level course work in one of the following prefixes-ENGL, LITR, HIST, PHIL - or Department Permission

Cross-Listed with: LITR 445

Last Updated: New Course 11/2012, effective Winter 2013

WGST 450 - Topics in Women's and Gender Studies

An examination of various topics in women's and gender studies. Possible topics include sexuality, transnational feminism, popular culture, social media and activism.

Credit Hours: 3 hrs

Prerequisite: WGST 200 or WGST 202

Course Revisions:

Course Revisions: This is a new course, effective Winter 2013.

Last Updated: New Course 05/2012, effective Winter 2013

WGST 456 - Global Women: A Cross-Cultural Approach

An overview of how globalization processes - economic, cultural and political - impact women and gender inequalities across countries and cultures. The course examines the intersections of gender and work, race, ethnicity, family, religion, and political participation from an international comparative approach, and how the internationalization of women's rights and organizations has been redefining feminism worldwide.

Credit Hours: 3 hrs

Class Restrictions: Senior, Graduate Certificate or Masters students only

Cross-Listed with: WGST 556, SOCL 456, SOCL 556

Last Updated: 02/2011

WGST 462 - Practice with Lesbian, Gay, Bisexual and Transgender Persons

This course exposes students to a wide array of life experiences of lesbian, gay, bi-attractional and transgender persons by listening to their own words — spoken, written, on film and through personal interviews. It develops a deeper contextual knowledge and understanding of life courses taken by sexual minorities.

Credit Hours: 3 hrs

Cross-Listed with: SWRK 462

Last Updated: 02/2011

WGST 477 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 1 hr

Prerequisite: department permission

WGST 478 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 2 hrs

Prerequisite: department permission

WGST 479 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 3 hrs

Prerequisite: department permission

WGST 487 - Internship in Women's and Gender Studies

This course provides students with an opportunity to deal directly with issues affecting women by working with agencies and local organizations.

Credit Hours: 3 hrs

Prerequisite: department permission

Last Updated: Title Change 05/2012, effective Winter 2013

WGST 497 - Independent Study

Advanced study on an individual basis in areas in which the program does not offer formal courses. These courses are restricted to juniors and seniors.

Credit Hours: 1 hr

Prerequisite: department permission

WGST 498 - Independent Study

Advanced study on an individual basis in areas in which the program does not offer formal courses. These courses are restricted to juniors and seniors.

Credit Hours: 2 hrs

Prerequisite: department permission

WGST 499 - Independent Study

Advanced study on an individual basis in areas in which the program does not offer formal courses. These courses are restricted to juniors and seniors.

Credit Hours: 3 hrs

Prerequisite: department permission

World Languages Programs and Courses

World Languages

Major

French Major

Depending on initial placement, students may need to take up to 22 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

It is recommended that students specializing in French, or planning to continue with graduate work, carry their undergraduate study beyond the minimum requirements listed below. Many graduate schools require additional course work in literature.

World Languages Department Information:

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Website: <http://www.emich.edu/worldlanguages/>

General Education Requirements:

For specific requirements refer to the General Education Program .

Major Requirements: 30 hours

Group I: Language Development: 12 hours

- FRNH 343 - French Composition 3 hrs
- FRNH 344 - French Conversation 3 hrs
- FRNH 443W - Advanced French Grammar and Composition (Gen Ed Area I, W) 3 hrs
- FRNH 444 - Advanced French Conversation 3 hrs

Group II: Civilization and Literature: 12 hours

- FRNH 345 - French Culture and Civilization 3 hrs
- FRNH 346 - 20th-Century French Civilization 3 hrs
- FRNH 441 - Survey of French Literature I 3 hrs
- FRNH 442 - Survey of French Literature II 3 hrs

Group III: Immersion Experience: 6 hours

- FRNH 490 - Intensive French Abroad 6 hrs

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

German Language and Literature Major

Depending on initial placement, students may need to take up to 22 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

Group Major in Language and International Careers - French

Revised Program, Effective Fall 2013

The major in language and international careers is designed to integrate the study of modern foreign languages and cultures with preparation in an international career. The major objective of the program is to provide students with the skills, knowledge and understanding needed to function in a foreign environment and in professional dealings with people and clients who speak foreign languages. Students completing this group major will have met the major and minor requirements for graduation. The minor is included in the major requirements.

Qualified students in French may have the option of participating in a cooperative work exchange in an area of the world where French is spoken.

World Languages Department Information:

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Website: <http://www.emich.edu/worldlanguages/>

- CTAC 376 - Communication and Conflict Resolution 3 hrs

Economic Courses

- ECON 108 - Introduction to the Global Economy (Gen Ed Area III) 3 hrs
- ECON 385 - Economic Development 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

Geography Courses

- GEOG 212 - Geography of Travel and Tourism 3 hrs
- GEOG 235 - Economic Geography 3 hrs

- GEOG 314W - Geography of Russia and Neighboring States (Gen Ed Area I, W) 3 hrs
- GEOG 315 - Travel and Tourism: The European Scene 3 hrs
- GEOG 318 - Geography of Asia 3 hrs
- GEOG 319 - Geography of Europe 3 hrs
- GEOG 321 - Geography of Latin America 3 hrs
- GEOG 336 - Tourism and Socioeconomic Development 3 hrs

History Courses

- HIST 316 - History and Geography of Modern Europe 3 hrs
- HIST 317 - History and Geography of Spanish America 3 hrs
- HIST 326 - History and Geography of Modern Asia 3 hrs
- HIST 355 - Latin America: Colonial Period 3 hrs
- HIST 356 - Latin America: National Period 3 hrs
- HIST 442 - Modern China 3 hrs
- HIST 443 - Modern Japan 3 hrs
- HIST 456 - Europe since 1945 3 hrs
- HIST 457 - History of Mexico 3 hrs
- HIST 461 - Foreign Relations of the United States 3 hrs

Political Science Courses

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs

Field Experience: 3-6 Hours

Consult with LIC Advisor for one of the following:

- FRNH 490 - Intensive French Abroad 6 hrs
- FLAN 489 - Internship in Language and International Trade 3 hrs
- FLAN 387 - Cooperative Education in Foreign Language 3 hrs
- FLAN 487 - Cooperative Education in Foreign Language 3 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Recommendation for the Minor (21 Hours)

In consultation with an advisor in LIC and an appropriate areas, students can chose a minor to receive concentrated training in a wide variety of professional disciplines, such as Economics, Political Science, Geography, History, Business for non-business majors, Communication, Computer Science, International Affairs, Journalism, Public Law and Government, Health Administration, School Health Education, Social Work, Social Services, Public Administration, Hotel and Restaurant Management, Sociology, Tourism, Military Science and Leadership (ROTC).

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more that one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for

college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Group Major in Language and International Careers - Spanish

Revised Program, Effective Fall 2013

The major in language and international careers is designed to integrate the study of modern foreign languages and cultures with preparation in an international career. The major objective of the program is to provide students with the skills, knowledge and understanding needed to function in a foreign environment and in professional dealings with people and clients who speak foreign languages. Students completing this group major will have met the major and minor requirements for graduation. The minor is included in the major requirements.

Qualified students in Spanish may have the option of participating in a cooperative work exchange in an area of the world where Spanish is spoken.

World Languages Department Information:

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Website: <http://www.emich.edu/worldlanguages/>

General Education Requirements:

For specific requirements refer to the General Education Program .

Language, International, and Cultural Studies: 33-36 Hours

Language Courses: 24 Hours

Students must complete a minimum of 24 credit hours in Spanish. Depending on initial placement, beginning students may need to take SPNH 121 , SPNH 122 , SPNH 201 , SPNH 202 , or SPNH 322.

Required Courses: 18 Hours

- SPNH 343 - Spanish Grammar and Composition 3 hrs
- SPNH 344 - Spanish Conversation and Composition 3 hrs
- SPNH 361 - Spanish for International Trade 3 hrs

- SPNH 411 - The Cultures of Spain 3 hrs
or
- SPNH 412 - The Cultures of Spanish America 3 hrs

- SPNH 446 - Business Spanish I 3 hrs
- A Special Topics in Translation course 3 hrs

Elective Courses: 6 Hours

- SPNH 420 - Introduction to Translation 3 hrs
- SPNH 423 - Hispanic Linguistics 3 hrs
- SPNH 430 - Spanish Phonetics and Phonology 3 hrs
- SPNH 447 - Business Spanish II 3 hrs

International and Cultural Courses (Restricted Electives): 6 Hours

Select 2 required elective courses from the following lists in consultation with an advisor.

Note: students may need to take prerequisites for some courses listed here. Some of these 200-level course may also be used to satisfy EMU general education requirements. Courses selected to fulfill the LIC 6-hour minimum in international and cultural studies cannot also be counted toward the minor.

Anthropology Courses

Recommendation for the Minor (21 Hours)

In consultation with an advisor in LIC and an appropriate areas, students can chose a minor to receive concentrated training in a wide variety of professional disciplines, such as Economics, Political Science, Geography, History, Business for non-business majors, Communication, Computer Science, International Affairs, Journalism, Public Law and Government, Health Administration, School Health Education, Social Work, Social Services, Public Administration, Hotel and Restaurant Management, Sociology, Tourism, Military Science and Leadership (ROTC).

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Group Major in Language and International Trade - Japanese

Depending on initial placement, students may need to take up to 16 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. The major in language and international trade is designed to integrate the study of modern foreign languages and cultures with preparation in the field of international business.

The major objective of the program is to provide students with the skills, knowledge and understanding needed to function in a foreign environment and in professional dealings with business people and clients who speak foreign languages. Students completing this group major will have met the major and minor requirements for graduation. The minor is included in the major requirements.

Qualified students in Japanese may have the option of participating in a cooperative work exchange in an area of the world where Japanese is spoken.

Advisor Information:

Program Advisor: Motoko Tabuse
Email: mtabuse@emich.edu
Phone: 734.487.3346

General Education Requirements:

For specific requirements refer to the General Education Program .

Major Requirements: 60-63 hours

Additional Required Business Courses: 6 hours

- MKTG 460 - International Marketing 3 hrs

One course from the following

- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

Language and Area Studies Courses: 30 hours

- One JPNE at the 300- or 400-level (3 hrs)
- One JPNE at the 400-level (3 hrs)
- JPNE 343W - Japanese Composition (Gen Ed Area I, W) 3 hrs
- JPNE 344 - Japanese Conversation 3 hrs
- JPNE 361 - Japanese for International Trade 3 hrs
- JPNE 446 - Business Japanese I 3 hrs

- JPNE 447 - Business Japanese II 3 hrs

One Political Science course from the following:

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs

One option from the following:

Option I: Geography and History: 6 hours

- One 300/400 level GEOG course of the geography of Japan.
- One 300/400 level HIST course of the history of Japan.

Option II: Geography and Foreign Language: 6 hours

- One 300/400 level GEOG course of the geography of Japan.
- One additional 300/400 level JPNE course.

Option III: History and Foreign Language: 6 hours

- One 300/400 level HIST course of the history of Japan.
- One additional 300/400 level JPNE course.

Field Experience: 3-6 hours

Consult with LIT Advisor.

One course from the following:

- FLAN 387 - Cooperative Education in Foreign Language 3 hrs
- FLAN 487 - Cooperative Education in Foreign Language 3 hrs
- FLAN 489 - Internship in Language and International Trade 3 hrs
- JPNE 490 - Intensive Japanese Abroad 6 hrs

Business Minor: 21 hours

Students must complete requirements for a minor in an operational area of business of their choosing. These areas include: economics, marketing, management, accounting, finance, business computer systems and general business, among others. Special combinations of business courses equivalent to a minor are possible in consultation with an advisor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Japanese Language and Culture Major

Depending on initial placement, students may need to take up to 20 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

World Languages Department Information:

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Website: <http://www.emich.edu/worldlanguages/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 33 hours

Group I: Language Development: 18 hrs

- JPNE 343W - Japanese Composition (Gen Ed Area I, W) 3 hrs
- JPNE 344 - Japanese Conversation 3 hrs
- JPNE 361 - Japanese for International Trade 3 hrs
- JPNE 444 - Advanced Japanese Conversation 3 hrs
- JPNE 446 - Business Japanese I 3 hrs
- JPNE 447 - Business Japanese II 3 hrs

Group II: Literature: 3 hrs

- JPNE 445 - Survey of Japanese Literature 3 hrs

Group III: Culture: 3 hrs

Choose one of the following:

- ANTH 385 - Culture of Japan 3 hrs
- JPNE 448 - Readings on Japanese Culture 3 hrs

Group IV: Immersion Experience: 6 hrs

- JPNE 490 - Intensive Japanese Abroad 6 hrs

Group V: Capstone Seminar: 3 hrs

- JPNE 494 - Seminar in Japanese Studies 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

K-12 French Teaching Major

This major was revised on February 14, 2019, to correct an error. FLAN 411 and FLAN 412 were removed from the Professional Secondary Education Sequence.

Depending on initial placement, students may need to take up to 16 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

Successful completion of this course of study, in the context of other program and NCATE requirements, qualifies the student for recommendation for the Michigan Department of Education K-12 Provisional Certificate in French, certification code FA, and, depending on the minor selected, an additional endorsement. The Michigan Test for Teacher Certification (MTTC) covering this field is #23, "French." In addition, all students must pass the Oral Proficiency Interview (OPI) for French.

World Languages Department Information:

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Website: <http://www.emich.edu/worldlanguages/>

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.

2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program .

Major Requirements: 30 hours

Group I: Language Development: 12 hours

- FRNH 343 - French Composition 3 hrs
- FRNH 344 - French Conversation 3 hrs
- FRNH 443W - Advanced French Grammar and Composition (Gen Ed Area I, W) 3 hrs
- FRNH 444 - Advanced French Conversation 3 hrs

Group II: Civilization and Literature: 12 hours

- FRNH 345 - French Culture and Civilization 3 hrs
- FRNH 346 - 20th-Century French Civilization 3 hrs
- FRNH 441 - Survey of French Literature I 3 hrs
- FRNH 442 - Survey of French Literature II 3 hrs

Group III: Immersion Courses: 6 hours

- FRNH 490 - Intensive French Abroad 6 hrs

K-12 Foreign Language Methods Core: 12 hours

- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

- FLAN 412 - Methods of Teaching Modern Languages in the Elementary Grades 3 hrs
- FLAN 441 - Practicum in World Language Instruction - Secondary 3 hrs
- FLAN 442 - Practicum in World Language Instruction - Elementary 3 hrs

Professional K-12 Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 12 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 12 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 489 - Student Teaching 12 hrs
In order to meet NCATE standards, candidates who:
- major in a language shall complete more than half of their student teaching contact hours in that language.
- double major in a language and in another content area shall complete a portion of the student teaching experience in that language.
- double major in two languages shall student teach in each language.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

K-12 German Language and Literature Major

This major was revised on February 14, 2019, to correct an error. FLAN 411 and FLAN 412 were removed from the Professional Secondary Education Sequence.

Depending on initial placement, students may need to take up to 16 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

Successful completion of this major, in the context of other program and NCATE requirements, qualifies the student for recommendation for the Michigan Department of Education K-12 Provisional Certificate in German, certification code FB. The Michigan Test for Teacher Certification (MTTC) covering this field is #024, "German." In addition, all students must pass the Oral Proficiency Interview (OPI) for German.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.

8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program .

Major Requirements: 30 hours

Group I: Language Development: 12 hours

- GERN 343 - German Composition on Cultures and Civilization 3 hrs
- GERN 344 - Principles of German Phonetics and Conversation 3 hrs
- GERN 443W - German Syntax and Advanced Composition (Gen Ed Area I, W) 3 hrs
- GERN 444 - Advanced German Conversation 3 hrs

Group II: Literature: 6 hours

- GERN 441 - Survey of German Literature 800-Enlightenment 3 hrs
- GERN 442 - Survey of German Literature: Enlightenment to 1945 3 hrs

Group III: Culture: 6 hours

- GERN 366 - The Cultures of German-Speaking Europe 3 hrs
- GERN 428 - German Literature and Film from 1945 to the Present 3 hrs

Group IV. Immersion Experience: 6 hours

- GERN 490 - Intensive German in Europe 6 hrs

K-12 Foreign Language Methods Core: 12 hours

- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs
- FLAN 412 - Methods of Teaching Modern Languages in the Elementary Grades 3 hrs
- FLAN 441 - Practicum in World Language Instruction - Secondary 3 hrs
- FLAN 442 - Practicum in World Language Instruction - Elementary 3 hrs

Professional K-12 Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 12 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 12 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 489 - Student Teaching 12 hrs
In order to meet NCATE standards, candidates who:
- major in a language shall complete more than half of their student teaching contact hours in that language.
- double major in a language and in another content area shall complete a portion of the student teaching experience in that language.
- double major in two languages shall student teach in each language.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

K-12 Japanese Language and Culture Teaching Major

This major was revised on February 14, 2019, to correct an error. FLAN 411 and FLAN 412 were removed from the Professional Secondary Education Sequence.

Depending on initial placement, students may need to take up to 16 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

Successful completion of this course of study, in the context of other program and NCATE requirements, qualifies the student for recommendation for the Michigan Department of Education K-12 Provisional Certificate in Japanese, certification code FL. The Michigan Test for Teacher Certification (MTTC) covering this field is #100, "Japanese." In addition, all students must pass the Oral Proficiency Interview (OPI) for Japanese.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.

8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 33 hours

Group I: Language Development: 18 hours

- JPNE 343W - Japanese Composition (Gen Ed Area I, W) 3 hrs
- JPNE 344 - Japanese Conversation 3 hrs
- JPNE 361 - Japanese for International Trade 3 hrs
- JPNE 444 - Advanced Japanese Conversation 3 hrs
- JPNE 446 - Business Japanese I 3 hrs
- JPNE 447 - Business Japanese II 3 hrs

Group II: Literature: 3 hours

- JPNE 445 - Survey of Japanese Literature 3 hrs

Group III: Civilization and Culture: 3 hours

Choose one from the following:

- ANTH 385 - Culture of Japan 3 hrs
- JPNE 448 - Readings on Japanese Culture 3 hrs

Group IV. Immersion Experience: 6 hours

- JPNE 490 - Intensive Japanese Abroad 6 hrs

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and

the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education French Major

Depending on initial placement, students may need to take up to 16 additional credit hours of 100 and 200 level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

Successful completion of this course of study, in the context of other program and NCATE requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate in French, certification code FA, and, depending on the minor selected, an additional endorsement. The Michigan Test for Teacher Certification (MTTC) covering this field is #023, "French." In addition, all students must pass the Oral Proficiency Interview (OPI) for French.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of

transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program .

Major Requirements: 30 hours

Group I: Language Development: 12 hours

- FRNH 343 - French Composition 3 hrs
- FRNH 344 - French Conversation 3 hrs
- FRNH 443W - Advanced French Grammar and Composition (Gen Ed Area I, W) 3 hrs
- FRNH 444 - Advanced French Conversation 3 hrs

Group II: Civilization and Literature: 12 hours

- FRNH 345 - French Culture and Civilization 3 hrs
- FRNH 346 - 20th-Century French Civilization 3 hrs
- FRNH 441 - Survey of French Literature I 3 hrs
- FRNH 442 - Survey of French Literature II 3 hrs

Group III: Immersion Course: 6 hours

- FRNH 490 - Intensive French Abroad 6 hrs

Foreign Language Education Methods Core: 6 hours

- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs
- FLAN 441 - Practicum in World Language Instruction - Secondary 3 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

World Languages Majors take:

- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of “C” or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program .

Major Requirements: 30 hours

Group I: Language Development: 12 hours

- SPNH 343 - Spanish Grammar and Composition 3 hrs
- SPNH 344 - Spanish Conversation and Composition 3 hrs

- SPNH 443 - Advanced Spanish Grammar and Composition 3 hrs

One of the following:

- SPNH 423 - Hispanic Linguistics 3 hrs
- SPNH 430 - Spanish Phonetics and Phonology 3 hrs
- SPNH 444 - Advanced Spanish Conversation and Composition 3 hrs

Group II: Literature: 6 hours

- SPNH 401 - Advanced Readings in Spanish Literature 3 hrs
- SPNH 402 - Advanced Readings in Spanish American Literature 3 hrs

Group III: Civilization and Culture: 6 hours

- SPNH 411 - The Cultures of Spain 3 hrs
- SPNH 412 - The Cultures of Spanish America 3 hrs

Group IV. Immersion Experience: 6 hours

- SPNH 490 - Intensive Spanish 6 hrs

Foreign Language Education Methods Core: 6 hours

- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs
- FLAN 441 - Practicum in World Language Instruction - Secondary 3 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

World Languages Majors take:

- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

The minimum residency requirement for transfer students seeking a minor in Spanish for teaching is 12 hours taken through EMU, including SPNH 343 and 344 (or SPNH 442 and 44, if appropriate) plus SPNH 490.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Spanish Major

Depending on initial placement, students may need to take up to 24 additional credit hours of 100- and 200-level classes in the language before they can begin courses required in the major. Students with prior language study or knowledge will be placed at an appropriate level in consultation with an advising coordinator.

The courses listed below meet the minimum requirements only; it is recommended that students specializing in Spanish, or planning to continue with graduate work, carry their undergraduate study beyond the minimum. Many graduate schools require additional course work in literature.

World Languages Department Information:

Minor

Business German Minor

Examinations listed under the major in business German also may be taken by students minoring in this subject.

World Languages Department Information:

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Website: <http://www.emich.edu/worldlanguages/>

Advisor Information:

Program Advisor: Margrit Zinggeler
Email: mzinggele@emich.edu
Phone: 734.487.1995

Required Courses: 12 hours

- GERN 361 - German for International Trade 3 hrs
- GERN 443W - German Syntax and Advanced Composition (Gen Ed Area I, W) 3 hrs

One course from the following:

- GERN 441 - Survey of German Literature 800-Enlightenment 3 hrs
- GERN 442 - Survey of German Literature: Enlightenment to 1945 3 hrs

One course from the following:

- GERN 446 - Business German I 3 hrs
- GERN 447 - Business German II 3 hrs

Restricted Elective Courses: 8 hours

Eight hours in German at any level selected in consultation with an adviser.

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

Classical Studies Minor

World Languages Department Information:

Department Head: Rosemary Weston-Gil
 Department Contact: rweston3@emich.edu
 Website: <http://www.emich.edu/worldlanguages/>

Advisor Information:

Program Advisor: James Holoka
 Email: jholoka@emich.edu
 Phone: 734.487.2283

Required Courses: 12 hours

- ARTH 368 - History of Classical Art 3 hrs
- HIST 323 - Greek History 3 hrs
- HIST 324 - Roman History 3 hrs
- PHIL 330W - History of Philosophy: Ancient (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 12 hours

**see note*

One of the following groups:

Group A (Greek Language): 12 hours

- GREK 101 - Beginning Ancient Greek I 3 hrs
- GREK 102 - Beginning Ancient Greek II 3 hrs
- GREK 201 - Intermediate Ancient Greek I 3 hrs
- GREK 202 - Intermediate Ancient Greek II 3 hrs

Group B (Latin Language): 12 hours

- LATN 101 - Beginning Latin I 3 hrs
- LATN 102 - Beginning Latin II 3 hrs
- LATN 201 - Intermediate Latin I 3 hrs
- LATN 202 - Intermediate Latin II 3 hrs

Group C (Classical Culture and Heritage): 12 hours

Choose 12 hours from the following:

- CHL 351 - World Mythology 3 hrs
- CLAS 106 - Rome and America (Gen Ed Area IV) 6 hrs
- CLAS 181 - The Legacy of Greece 3 hrs
- CLAS 301 - Classical Mythology 3 hrs
- CLAS 321 - Women and Gender in the Ancient World 3 hrs
- HIST 202 - Religions in Conflict and Dialogue: Judaism, Christianity, and Islam (Gen Ed Area III) 3 hrs
- HIST 321 - Women and Gender in the Ancient World 3 hrs
- HIST 327 - Europe in Early Middle Ages 400-1050 3 hrs
- HIST 328 - Europe in Late Middle Ages 1050-1400 3 hrs
- HIST 330 - Europe in the Renaissance and Reformation 3 hrs
- LING 205 - English Words 3 hrs
- LNGE 134 - Etymology 3 hrs
- WGST 321 - Women and Gender in the Ancient World 3 hrs

Minor Total: 24 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

** Certain independent study and special topics courses may be counted as restricted elective courses with the approval of the advising coordinator.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Elementary Education French Language Minor

Successful completion of this minor, in the context of other program and NCATE requirements, qualifies the student for recommendation for endorsement in French, certification code FA. The Michigan Test for Teacher Certification (MTTC) covering this field is #023, "French." In addition, all students must pass the Oral Proficiency Interview (OPI) for French.

World Languages Department Information:

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Website: <http://www.emich.edu/worldlanguages/>

Required Courses: 12 hours

- FRNH 343 - French Composition 3 hrs
- FRNH 344 - French Conversation 3 hrs
- FRNH 443W - Advanced French Grammar and Composition (Gen Ed Area I, W) 3 hrs
- FRNH 444 - Advanced French Conversation 3 hrs

Required French Language and Culture Immersion Program: 6 hours

- FRNH 490 - Intensive French Abroad 6 hrs

Restricted Elective Courses: 6 hours

Choose six credit hours from the following:

One course from the following:

- FRNH 345 - French Culture and Civilization 3 hrs
- FRNH 346 - 20th-Century French Civilization 3 hrs

One course from the following:

- FRNH 441 - Survey of French Literature I 3 hrs
- FRNH 442 - Survey of French Literature II 3 hrs

Foreign Language Education Methods Core: 6 hours

- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs
- FLAN 441 - Practicum in World Language Instruction - Secondary 3 hrs

Minor Total: 30 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and

the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

English as a Second Language for Non-Native Speakers of English Minor (ESL)

This minor is limited to international students who are non-native speakers of English and conditionally admitted to the University on the basis of English language proficiency. It is administered jointly by the Department of World Languages and the Department of English Language and Literature.

Students who have placed in the 300 level ESL classes will complete all of the following required courses. Students who have placed at the 400 level will begin this minor by taking ESLN 412 - Academic ESL Writing (Gen Ed Area I), ESLN 414 - Academic ESL Reading and ESLN 416 - Academic ESL Speaking and Listening. These students must choose six credit hours from the restricted elective courses or other courses with the permission of the advisor.

World Languages Department Information:

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Website: <http://www.emich.edu/worldlanguages/>

Required Courses: 21 hours

- ENGL 225 - Writing in a Changing World 3 hrs
- ENGL 326 - Research Writing 3 hrs
- ESLN 412 - Academic ESL Writing (Gen Ed Area I) 3 hrs
- ESLN 414 - Academic ESL Reading 3 hrs
- ESLN 416 - Academic ESL Speaking and Listening 3 hrs

One course from the following:

- ESLN 310 - Advanced ESL Grammar 3 hrs
- ESLN 312 - Advanced ESL Writing 4 hrs

One course from the following:

- ESLN 314 - Advanced ESL Reading 4 hrs
- ESLN 316 - Advanced ESL Speaking and Listening 4 hrs

Restricted Elective Courses: 3 hours

One course from the following:

- Other English language or linguistics course (written permission required) (3 hrs)
- Other speech communication course (written permission required) (3 hrs)
- Other advanced (speech) courses not including theatre arts courses, with written permission from the ESL coordinator
- CTAC 224 - Public Speaking 3 hrs
- CTAC 350 - Persuasion 3 hrs
- CTAC 356 - Argumentation and Debate 3 hrs
- CTAC 359 - Small Group Communication 3 hrs
- LING 201 - An Introduction to Linguistics 3 hrs
- LING 402 - Modern English Grammar 3 hrs

Minor Total: 24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Foundations in Spanish Translation Minor

Translation and interpretation are intellectual activities that aim to bridge the gap between individuals and groups with different languages. The main goal of such activities is to bring people together that would otherwise remain strangers so they can communicate orally and in writing for multiple everyday and/or professional purposes. Thinking of translation and interpretation in widest sense, it can be seen that they not only happen when different languages come into contact, but rather on any occasion when individuals or groups with different backgrounds and/or lifestyles come into contact - even if they communicate in a common language. For example, the expression "economic crisis" has different means for different peoples not only worldwide but also in the United States.

We are now aware that translation and interpretation are preformed daily by many of us at different levels. As such, they quite spontaneously overflow the four walls of a classroom or the campus of a university, to find themselves at work in various settings. Extensive and intensive reflection on translation, interpretation, and services learning provide students with the professional tools needed to the most adequate translations and interpretations. Such work is based on deep linguistic, knowledge of the target audience (i.e. the Spanish translation of the source texts, as well as the interpretation of conversations), and their social, political, cultural, educational and linguistic uses. Both this knowledge base as well as the necessary related skills needed to be proficient will be achieved in the minor in Foundations in Spanish Translations via extensive practice, both in and outside of the classroom (internships and service learning contracts will be sought for students) as they pertain to professional fields, but, especially, to those of business, education, health, and law.

- SPNH 467 - Introduction to Spanish Interpretation 3 hrs

Restricted Electives: 9 hours

- SPNH 411 - The Cultures of Spain 3 hrs
- SPNH 412 - The Cultures of Spanish America 3 hrs
- SPNH 423 - Hispanic Linguistics 3 hrs
- SPNH 444 - Advanced Spanish Conversation and Composition 3 hrs

- SPNH 490 - Intensive Spanish 6 hrs
- or an additional 3 credit Spanish course approved by faculty

Minor Total: 21 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.

institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

Required Courses: 12 hours

- JPNE 343W - Japanese Composition (Gen Ed Area I, W) 3 hrs
- JPNE 344 - Japanese Conversation 3 hrs
- JPNE 361 - Japanese for International Trade 3 hrs
- JPNE 444 - Advanced Japanese Conversation 3 hrs

Restricted Elective Courses: 8 hours

Eight hours in Japanese at any level selected in consultation with an adviser.

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education French Language Minor

Successful completion of this minor, in the context of other program and NCATE requirements, qualifies the student for recommendation for endorsement in French, certification code FA. The Michigan Test for Teacher Certification (MTTC) covering this field is #023, "French." In addition, all students must pass the Oral Proficiency Interview (OPI) for French.

World Languages Department Information:

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Website: <http://www.emich.edu/worldlanguages/>

Required Courses: 12 hours

- FRNH 343 - French Composition 3 hrs
- FRNH 344 - French Conversation 3 hrs
- FRNH 443W - Advanced French Grammar and Composition (Gen Ed Area I, W) 3 hrs
- FRNH 444 - Advanced French Conversation 3 hrs

Required French Language and Culture Immersion Program: 6 hours

- FRNH 490 - Intensive French Abroad 6 hrs

Foreign Language Education Methods Core: 6 hours

- FLAN 411 - Theory and Methods of Modern Language Teaching 3 hrs
- FLAN 441 - Practicum in World Language Instruction - Secondary 3 hrs

Restricted Elective Courses: 6 hours

Choose six credit hours from the following:

One course from the following:

- FRNH 345 - French Culture and Civilization 3 hrs
- FRNH 346 - 20th-Century French Civilization 3 hrs

And one course from the following:

- FRNH 441 - Survey of French Literature I 3 hrs
- FRNH 442 - Survey of French Literature II 3 hrs

Minor Total: 30 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Teaching English to Speakers of Other Languages Minor (TESOL) - Elementary, Secondary, and non-certification

This minor is designed for individuals who intend to teach English as a second language in any setting - schools, corporations, community centers, etc. - and can be combined with any major program of study. Successful completion of this minor, in context of other program and NCATE requirements, qualifies the student for recommendation for endorsement in English as a Second Language, certification code NS. The Michigan Test for Teacher Certification (MTTC) covering this field is #086, "English as a Second Language."

World Languages Department Information:

Department Head: Rosemary Weston-Gil
Department Contact: rweston3@emich.edu
Website: <http://www.emich.edu/worldlanguages/>

Advisor Information:

Program Advisor: Jeff Popko
Email: apopko@emich.edu
Phone: 734.487.0130

Required Courses: 24 hours

- LNGE 202 - Grammar for ESL Teachers 3 hrs
- LNGE 223 - Introduction to Language 3 hrs
- LNGE 325 - Second Language Acquisition 3 hrs
- TSLN 330 - TESOL Methodology: Literacy 3 hrs
- TSLN 332 - Methodology: Listening and Speaking 3 hrs
- TSLN 410 - TESOL Methodology: Content-Based Approaches 3 hrs
- TSLN 420 - SLA Testing and Assessment 3 hrs

One course from the following:

- LNGE 240 - Linguistic and Cultural Diversity in the U.S. 3 hrs
- LNGE 242 - Linguistic and Cultural Diversity: Global Englishes 3 hrs

Minor Requirements: 24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

Chinese

CHNE 121 - Beginning Chinese I (Gen Ed Area IV)

This is an introductory course in Mandarin Chinese. Students will communicate in a variety of practical contexts, analyze the cultural practices, products and perspectives shaping everyday situations, develop oral communication skills, read and write simplified versions of characters and gain exposure to the traditional characters.

Credit Hours: 5 hrs

CHNE 122 - Beginning Chinese II (Gen Ed Area IV)

This is the second introductory course in Mandarin Chinese. Students will communicate in a variety of practical contexts, analyze the cultural practices, products and perspectives shaping everyday situations, develop oral communication skills, read and write simplified versions of characters and gain exposure to the traditional characters.

Credit Hours: 5 hrs

Prerequisite: CHNE 121

Last Updated: Links 04/2011

CHNE 211 - Beginning Chinese III (Gen Ed Area IV)

This is the third introductory course in Mandarin Chinese. Students will communicate in a variety of practical contexts, analyze the cultural practices, products and perspectives shaping everyday situations, develop oral communication skills, read and write simplified versions of characters and gain exposure to the traditional characters.

Credit Hours: 5 hrs

Prerequisite: CHNE 122

Last Updated: Links 04/2011

CHNE 212 - Beginning Chinese IV (Gen Ed Area IV)

The is the fourth introductory course in Mandarin Chinese. Students will communicate in a variety of practical contexts, analyze the cultural practices, products and perspectives shaping everyday situations, develop oral communication skills, read and write simplified versions of characters and gain exposure to the traditional characters.

Credit Hours: 5 hrs

Prerequisite: CHNE 211

Last Updated: Links 04/2011

Classics Courses

CLAS 104 - Quest for Power: Famous Figures in History

An examination of the lives and times of select leaders from the ancient and modern worlds. Examples of figures to be covered are Pericles, Nero, Napoleon I and Adolf Hitler. Major literary monuments of the periods will be examined as well. Team taught by a member of the History Department and a classicist. This course satisfies one literature or one history requirement.

Credit Hours: 3 hrs

Cross-Listed with: HIST 104

Notes: See honors humanities courses

Last Updated: Links 04/2011

CLAS 106 - Rome and America (Gen Ed Area IV)

An investigation into problems and pressures comparing the people and culture of ancient Rome and modern America, considering individual hopes and ideals, religious beliefs and ideas about death, government, morality, love and sex. Team taught by a member of the English Department and a classicist. These courses must be taken concurrently and satisfy two literature requirements..

Credit Hours: 6 hrs

Cross-Listed with: LITR 106

Notes: See honors humanities courses

Area IV: Knowledge of the Disciplines

CLAS 106 Rome & America (Honors ONLY) [effective Spring 2008]

This course introduces students to the humanities disciplines of the study of American literature and of ancient Roman literature. By its strong emphasis on comparative analysis, the course facilitates a clear understanding of the literary concept of genre (e.g., satire, epic, lyric, novel, etc.). Besides issues of literary theory, the course also encourages the appreciation of continuity in major themes, such as the definition of "heroism" or of the "successful" life, the gender system of the relevant cultures, and social class distinctions, as well as the techniques (e.g., parody, irony, allegory, symbolism, etc.) common to the literatures of classical Roman antiquity and present-day American. By examining literary works from two cultures remote in time and place from each other, students learn to grasp and evaluate what is traditional and what is innovative in each.

Last Updated: Links 04/2011

CLAS 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

CLAS 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

CLAS 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

CLAS 181 - The Legacy of Greece

An introduction to Greek epic, drama, poetry, history and philosophy, illustrating the influence of the Greek tradition on western civilization. The literature is read in English translation. Representative examples of Greek architecture and sculpture also are examined. Team taught by a classicist and/or a member of the English Department. This course satisfies one literature requirement.

Credit Hours: 3 hrs

Cross-Listed with: LITR 181

Notes: See Honor's humanities courses

Last Updated: Links 04/2011

CLAS 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

CLAS 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

CLAS 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

CLAS 301 - Classical Mythology

An examination of classical Greek and Roman mythology, chiefly through the study of literary and artistic works. The influence of classical mythology in later literature will also be considered.

Credit Hours: 3 hrs

CLAS 321 - Women and Gender in the Ancient World

An investigation of life for women in antiquity, focusing on the sex-gender system of Greek and Roman societies. Literary, inscriptional and other evidence will be studied to disclose the classical roots of western beliefs and attitudes about women.

Credit Hours: 3 hrs

Prerequisite: HIST 321, WGST 321

Last Updated: Links 04/2011

CLAS 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied

Credit Hours: 1 hr

Prerequisite: department permission

CLAS 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

CLAS 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

CLAS 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hrs

Prerequisite: department permission

CLAS 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

CLAS 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

CLAS 497 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 1 hr

Prerequisite: department permission

CLAS 498 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 2 hrs

CLAS 499 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 3 hrs

Prerequisite: department permission

English for International Students

ESLN 002 - Foundations in ESL Writing

This course develops basic writing skills including appropriate use of selected vocabulary and grammar at the foundational level. Students will produce accurate sentences and progress to short and simple paragraphs on topics related to their personal and everyday life.

Credit Hours: 6 hrs

Prerequisite: Department Permission

Last Updated: New Course 3/2013, effective Summer 2013

ESLN 004 - Foundations in ESL Reading

Students learn basic reading, vocabulary, and grammar skills. Students will be able to recognize basic parts of a sentence and understand the main idea. Students will be able to understand short and simplified reading passages related to their daily life and community.

Credit Hours: 6 hrs

Prerequisite: Department Permission

Last Updated: New Course 3/2013, effective Summer 2013

ESLN 006 - Foundations in ESLN Speaking/Listening

This course builds basic speaking and listening skills in personal contexts. Student practice simple phrases and sentences such as asking and answering simple questions on personal and daily topics. Students learn vocabulary and grammar, improve pronunciation, and develop fluency and confidence.

Credit Hours: 6 hrs

Prerequisite: Department Permission

Last Updated: New Course 3/2013, effective Summer 2013

ESLN 008 - Foundations in ESL Vocabulary

This course is designed to expand students' knowledge of general vocabulary and improve their use of strategies for vocabulary learning. Students learn to recognize new vocabulary in reading passages and listening excerpts at the beginning level, and use it correctly in speaking and writing activities.

Credit Hours: 3 hrs

Prerequisite: Department Permission

Last Updated: New Course 3/2013, effective Summer 2013

ESLN 010 - Beginning ESL Grammer

This course focuses on the knowledge and skills necessary to produce grammatically accurate simple and compound sentences in conversation and simple writing assignments. Students will examine the parts of speech, the basic verb tenses, questions and negative forms in sentences and paragraphs.

Credit Hours: 3 hrs

Prerequisite: department permission

Corequisites: ESLN 012

Cross-Listed with: ESLN 110

Last Updated: Links 04/2011

ESLN 012 - Beginning ESL Writing

This course builds on students' knowledge of sentence writing and leads them through the process of writing paragraphs. Students write, revise, and edit paragraphs on a variety of personal topics. Students develop their use of basic vocabulary and grammar.

Credit Hours: 6 hrs

Prerequisite: department permission

Corequisites: ESLN 010

Cross-Listed with: ESLN 112

Last Updated: Course description and credit hour change 03/2013; effective SUMMER 2013; Links 04/2011

ESLN 013 - American Pronunciation I

Students will learn to recognize and correct those aspects of pronunciation that hinder overall oral and aural comprehensibility through listening, analyzing, repeating, and correcting both recorded examples and their own production. Students will focus on

consonant and vowel sounds, and will be able to discriminate and produce these sounds.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores on either the TOEFL, MELAB, or IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

Cross-Listed with: ESLN 113

Last Updated: Links 04/2011

ESLN 014 - Beginning ESL Reading

This course teaches students to read simplified texts on general topics of interest. Students learn to identify the structure, main ideas, and supporting details of texts. Students use knowledge of grammar and vocabulary to comprehend meaning in readings and to respond effectively through written or spoken assignments.

Credit Hours: 6 hrs

Prerequisite: department permission

Cross-Listed with: ESLN 114

Last Updated: Credit hour and course description change 03/2013; effective SUMMER 2013: Links 04/2011

ESLN 015 - Study Skills for the English Language Learner I

The purpose of this course is to provide international students with the information and language skills that help make the transition to an American college more successful. Students learn how to effectively use their syllabus, determine their own learning styles and ESL study techniques, how to manage their time and prioritize tasks based on importance, and how to prepare for ESL classes and language tests.

Credit Hours: 3 hrs

Prerequisite: department permission

Last Updated: Links 04/2011

ESLN 016 - Beginning ESL Speaking and Listening

This course builds speaking and listening skills in social settings. Students learn and practice short conversations on personal topics. Students develop vocabulary and improve fluency, using understandable pronunciation and grammar.

Credit Hours: 6 hrs

Prerequisite: department permission

Cross-Listed with: ESLN 116

Last Updated: Credit hour and course description change 03/2013; effective SUMMER 2013: Links 04/2011

ESLN 017 - American Language and Culture I

This course introduces students to broad themes in American Culture and targeted issues related to the academic culture of American universities. The course uses reading, media, and external oral assignments to provide international students with knowledge, skills, and cultural capital needed to understand America and to succeed in the university.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores on either the TOEFL, MELAB, or IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

Cross-Listed with: ESLN 117

Last Updated: Links 04/2011

ESLN 018 - Beginning ESL Vocabulary

This course is designed to expand students' knowledge of general vocabulary and improve their use of strategies for vocabulary learning. Students learn to recognize new vocabulary in reading passages and listening excerpts at the pre-intermediate level, and use it correctly in speaking and writing activities.

Credit Hours: 3 hrs

Prerequisite: Department Permission

Last Updated: New Course 3/2013, effective Summer 2013

ESLN 019 - Community and Current Events I

This course focuses on integrating students into the American university and surrounding community by promoting cultural knowledge. Students have opportunities to interact with Ypsilanti citizens during community participation. Through regular contact with native speakers, the international students practice listening, speaking and vocabulary in an informal environment with supplemental technology use.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores on either the TOEFL/MELAB/IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

Cross-Listed with: ESLN 119

Last Updated: Links 04/2011

ESLN 020 - Intermediate ESL Grammar

This course focuses on the knowledge and skills necessary to produce grammatically accurate, coherent texts in speaking and writing assignments on personal topics. Students review basic grammar components and clause structure and study the concepts of time and aspect in verb tenses, comparisons, modals, infinitives, gerunds and passive voice.

Credit Hours: 3 hrs

Prerequisite: department permission

Corequisites: ESLN 022

Cross-Listed with: ESLN 210

Last Updated: Links 04/2011

ESLN 022 - Intermediate ESL Writing

This course teaches students how to write different kinds of paragraphs with good support. Students write a series of paragraphs and short essays on personal and general interest topics. Students learn how to use intermediate grammar and new vocabulary to write clearly.

Credit Hours: 6 hrs

Prerequisite: department permission

Corequisites: ESLN 020

Cross-Listed with: ESLN 212

Last Updated: Credit hour and course description change 03/2013; effective SUMMER 2013; Links 04/2011

ESLN 024 - Intermediate ESL Reading

This course teaches students to read intermediate texts on general topics of interest. Students learn to identify the structure, main ideas, and supporting details of texts. Students use knowledge of grammar and vocabulary to comprehend meaning in intermediate-level readings and to respond effectively through written or spoken assignments.

Credit Hours: 6 hrs

Prerequisite: department permission

Cross-Listed with: ESLN 214

Last Updated: Credit hour and course description change 03/2013; effective SUMMER 2013: Links 04/2011

ESLN 026 - Intermediate ESL Speaking and Listening

This course teaches students to speak fluently and understand informal spoken English. Student improve their ability to talk about personal and informal topics in social and academic settings. Students learn pronunciation, spoken vocabulary and grammar.

Credit Hours: 6 hrs

Prerequisite: department permission

Cross-Listed with: ESLN 216

Last Updated: Credit hour and course description change 03/2013; effective Summer 2013: Links 04/2011

ESLN 028 - Intermediate ESL Vocabulary

This course is designed to expand students' knowledge of general vocabulary and improve their use of strategies for vocabulary learning. Students learn to recognize new vocabulary in reading passages and listening excerpts at the intermediate level, and use it correctly in speaking writing activities.

Credit Hours: 3 hrs

Prerequisite: Department Permission

Last Updated: New Course 3/2013, effective Summer 2013

ESLN 030 - Advanced ESL Grammar

This course focuses on the knowledge and skills necessary to produce grammatically accurate, coherent texts in spoken and written assignments on general academic topics. Students review intermediate grammar structures and study advanced structures, including parallelism, less frequently used verb tenses, complex sentences and clauses.

Credit Hours: 3 hrs

Prerequisite: department permission

Corequisites: ESLN 032

Cross-Listed with: ESLN 310

Last Updated: Links 04/2011

ESLN 032 - Advanced ESL Writing

This course introduces students to composition writing in the academic context. Students read and write effective compositions in multiple genres and develop their ability to analyze and critique peer writing. Students will improve their use of advanced vocabulary and grammar structures.

Credit Hours: 4 hrs

Prerequisite: department permission

Corequisites: ESLN 030

Cross-Listed with: ESLN 312

Course Revisions: Change in Course Description and Credit Hours (from 3hrs to 4hrs) 2/2013, effective Summer 2013

Last Updated: Change in Description and Credit Hours 2/2013, effective Summer 2013; Links 04/2011

ESLN 033 - American Pronunciation II

Students practice recognizing and producing fundamental patterns of stress in advanced-level phrase structures as well as rhythm, sentence stress and intonation as they occur in extended conversation and informational media sources. Attention is given to reinforcing accurate pronunciation of vocabulary targeted at this level.

Credit Hours: 3 hrs

Prerequisite: department permission

Cross-Listed with: ESLN 313

Last Updated: Links 04/2011

ESLN 034 - Advanced ESL Reading

This course teaches students to comprehend authentic, informational texts. Students identify main and supporting ideas, summarize information, pose critical questions and infer the meaning of new vocabulary from context. Students practice skills in intensive and extensive reading, and will use skills in academic vocabulary and grammar to build reading fluency.

Credit Hours: 4 hrs

Prerequisite: department permission

Cross-Listed with: ESLN 314

Course Revisions: Change in Course Description and Credit Hours (from 3 hrs to 4 hrs) 2/2013, effective Fall 2013

Last Updated: Change in Description and Credit Hours 2/2013, effective Fall 2013; Links 04/2011

ESLN 036 - Advanced ESL Speaking and Listening

This course improves oral skills for participation in academic and social settings. Students practice listening and speaking skills in classroom presentations and discussions. Students learn note-taking skills from talks featuring a variety of accents. Student learn to use informal versus academic vocabulary and grammar form appropriately in context.

Credit Hours: 4 hrs

Prerequisite: department permission

Cross-Listed with: ESLN 316

Course Revisions: Change in Course Description and Credit Hours (from 3hrs to 4hrs) 2/2013, effective Summer 2013

Last Updated: Change in Description and Credit Hours 2/2013, effective Summer 2013; Links 04/2011

ESLN 037 - American Language and Culture II

Students explore themes in American society and pop culture. Using reading, media, and oral assignments, international students develop American cultural capital to help them better understand America's people and society. The focus is on building the four linguistic communicative competencies through practice and application.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores on either the TOEFL/MELAB/IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

Cross-Listed with: ESLN 317

Last Updated: Links 04/2011

ESLN 038 - Study Skills for the English Language Learner II

The purpose of this course is to provide international students with the information and skills that help make the transition to an American college more successful. Students learn how to effectively use their syllabus, determine their own learning styles and study techniques, how to manage their time and prioritize tasks based on individual goals, and to live and learn in a multicultural environment.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores on either the TOEFL/MELAB/IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

Cross-Listed with: ESLN 313

Last Updated: Links 06/2011

ESLN 039 - Community and Current Events II

This course provides students with practice in the English listening/speaking skills necessary to succeed in the American university. It also will provide students with the chance to combine critical thinking with practical experience as they make an active contribution with community-based projects. Students will learn about themselves and their community.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores on either the TOEFL, MELAB, or IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

Cross-Listed with: ESLN 319

Last Updated: Links 04/2011

ESLN 040 - Academic ESL Grammar

This course focuses on the knowledge and skills required to produce grammatically accurate and coherent texts in extended academic oral and written discourse. Students practice less frequently used verb tense sequencing, modifications to adjective and adverb clauses and multiple forms of noun clauses in various complex sentences.

Credit Hours: 3 hrs

Prerequisite: department permission

Corequisites: ESLN 042

Cross-Listed with: ESLN 410

Last Updated: Links 04/2011

ESLN 041 - Advanced ESL Vocabulary

This course is designed to expand students' knowledge of academic vocabulary and improve their use of strategies for vocabulary learning. Students learn to recognize new vocabulary in reading passages and listening excerpts at the high-intermediate level, and use it correctly in speaking and writing activities.

Credit Hours: 3 hrs

Prerequisite: Department Permission

Last Updated: New Course 3/2013, effective Summer 2013

ESLN 042 - Academic ESL Writing

This course focuses on academic inquiry and writing with an emphasis on American conventions for non-native speakers of English. Students utilize critical reading and thinking skills to engage in the process of writing researched essays.

Credit Hours: 3 hrs

Prerequisite: department permission

Corequisites: ESLN 040

Cross-Listed with: ESLN 412

Last Updated: Links 04/2011

ESLN 044 - Academic ESL Reading

Students in this course will explore various strategies when reading university-level academic texts. Students will compare and synthesize different points of view and recognize and respond to the rhetorical techniques and structures used by writers to achieve their purpose. Students further develop their academic vocabulary skills and strategies.

Credit Hours: 3 hrs

Prerequisite: department permission

Cross-Listed with: ESLN 414

Last Updated: Links 04/2011

ESLN 046 - Academic ESL Speaking and Listening

This course improves speaking and listening skills for active participation in academic settings. Student practice comprehending lectures on academic topics, taking notes and effectively participating in informal and formal classroom speaking activities. Students continue to build and use academic vocabulary in oral discourse.

Credit Hours: 3 hrs

Prerequisite: department permission

Cross-Listed with: ESLN 416

Last Updated: Links 04/2011

ESLN 048 - American Pronunciation for Professionals

Students recognize and correct those aspects of pronunciation that hinder overall oral and aural comprehensibility by analyzing, repeating, and monitoring both recorded examples of speech in academic and professional contexts and their own production. They also develop oral control of the academic vocabulary in their field of study.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores on either the TOEFL, MELAB, or IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

Cross-Listed with: ESLN 418

Last Updated: Links 04/2011

ESLN 049 - Academic ESL Vocabulary

This course is designed to expand students' knowledge of academic vocabulary and improve their use of strategies for vocabulary learning. Students learn to recognize new vocabulary in reading passages and listening excerpts at the advanced level, and use it correctly in speaking and writing activities.

Credit Hours: 3 hrs

Prerequisite: Department Permission

Last Updated: New Course 3/2013, effective Summer 2013

ESLN 052 - Academic Writing for International Graduate Students

Students engage in extensive critical reading and analysis of discipline-specific topics and compose well-documented papers on the basis of their research using standard English conversations and documentation. Attention is given to grammatical accuracy and language usage in written assignments.

Credit Hours: 3 hrs

Prerequisite: department permission

Corequisites: ESLN 040

Cross-Listed with: ESLN 512

Last Updated: Links 04/2011

ESLN 110 - Beginning ESL Grammar

This course focuses on the knowledge and skills necessary to produce grammatically accurate simple and compound sentences in conversation and simple writing assignments. Students will examine the parts of speech, the basic verb tenses, questions and negative forms in sentences and paragraphs.

Credit Hours: 3 hrs

Prerequisite: department permission

ESLN 112 - Beginning ESL Writing

This course builds on students' knowledge of sentence writing and leads them through the process of writing paragraphs. Students write, revise, and edit paragraphs on a variety of personal topics. Students develop their use of basic vocabulary and grammar.

Credit Hours: 6 hrs

Prerequisite: department permission

Corequisites: ESLN 110

Course Revisions: Change in Course Description and Credit Hours (from 3hrs to 6hrs) 2/2013, effective Summer 2013

Last Updated: Change in Description and Credit Hours 2/2013, effective Summer 2013; Links 04/2011

ESLN 113 - American Pronunciation I

Students will learn to recognize and correct those aspects of pronunciation that hinder overall oral and aural comprehensibility through listening, analyzing, repeating, and correcting both recorded examples and their own production. Students will focus on consonant and vowel sounds, and will be able to discriminate and produce these sounds.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores on either the TOEFL, MELAB, or IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

ESLN 114 - Beginning ESL Reading

This course teaches students to read simplified texts on general topics of interest. Students learn to identify the structure, main ideas, and supporting details of texts. Students use knowledge of grammar and vocabulary to comprehend meaning in readings and to respond effectively through written or spoken assignments.

Credit Hours: 6 hrs

Prerequisite: department permission or placement exam

Course Revisions: Change in Course Description and Credit Hours (from 3hrs to 6hrs) 2/2013, effective Summer 2013

Last Updated: Change in Description and Credit Hours 2/2013, effective Summer 2013

ESLN 115 - Study Skills for the English Language Learner

The purpose of this course is to provide international students with the information and language skills that help make the transition to an American college more successful. Students learn how to effectively use their syllabus, determine their own learning styles and ESL study techniques, how to manage their time and prioritize tasks based on importance, and how to prepare for ESL classes and language tests.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores on either the TOEFL, MELAB, or IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

ESLN 116 - Beginning ESL Speaking and Listening

This course builds speaking and listening skills in social settings. Students learn and practice short conversations on personal topics. Students develop vocabulary and improve fluency, using understandable pronunciation and grammar.

Credit Hours: 6 hrs

Prerequisite: department permission

Course Revisions: Change in Course Description and Credit Hours (from 3hrs to 6hrs) 2/2013, effective Summer 2013

Last Updated: Change in Description and Credit Hours 2/2013, effective Summer 2013

ESLN 117 - American Language and Culture I

This course introduces students to broad themes in American Culture and targeted issues related to the academic culture of American universities. The course uses reading, media, and external oral assignments to provide international students with knowledge, skills, and cultural capital needed to understand American and to succeed in the university.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores on either the TOEFL, MELAB, or IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

ESLN 119 - Community and Current Events I

This course focuses on integrating students into the American university and surrounding community by promoting cultural knowledge. Students have opportunities to interact with Ypsilanti citizens during community participation. Through regular contact with native speakers, the international students practice listening, speaking and vocabulary in an informal environment with supplemental technology use.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores

on either the TOEFL, MELAB, or IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

ESLN 120 - Beginning ESL Vocabulary

This course is designed to expand students' knowledge of general vocabulary and improve their use of strategies for vocabulary learning. Students learn to recognize new vocabulary in reading passage and listening excerpts at the pre-intermediate level, and use it correctly in speaking and writing activities.

Credit Hours: 3 hrs

Prerequisite: Department Permission

Last Updated: New Course 3/2013, effective Summer 2013

ESLN 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission or placement exam

ESLN 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission or placement exam

ESLN 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission or placement exam

ESLN 210 - Intermediate ESL Grammar

This course focuses on the knowledge and skills necessary to produce grammatically accurate, coherent texts in speaking and writing assignments on personal topics. Students review basic grammar components and clause structure and study the concepts of time and aspect in verb tenses, comparisons, modals, infinitives, gerunds and passive voice.

Credit Hours: 3 hrs

Prerequisite: department permission

ESLN 212 - Intermediate ESL Writing

This course teaches students how to write different kinds of paragraph with good support. Students write a series of paragraphs and short essays on personal and general interests topics. Student learn how to use intermediate grammar and new vocabulary to write clearly.

Credit Hours: 6 hrs

Prerequisite: department permission

Corequisites: ESLN 210

Course Revisions: Change in Course Description and Credit Hours (from 3hrs to 6hrs) 2/2013, effective Summer 2013

Last Updated: Change in Description and Credit Hours 2/2013, effective Summer 2013; Links 04/2011

ESLN 214 - Intermediate ESL Reading

This course teaches students to read intermediate texts on general topics of interest. Students learn to identify the structure, main ideas, and supporting details of texts. Students use knowledge of grammar and vocabulary to comprehend meaning in intermediate-level readings and to respond effectively through written or spoken assignments.

Credit Hours: 6 hrs

Prerequisite: department permission or placement

Course Revisions: Change in course description and credit hours (from 3hrs to 6hrs) 2/2013, effective Summer 2013

Last Updated: Change in description & credit hours 2/2013, effective Summer 2013

ESLN 216 - Intermediate ESL Speaking and Listening

This course teaches students to speak fluently and understand informal spoken English. Students improve their ability to talk about personal and informal topics in social and academic settings. Students learn pronunciation, spoken vocabulary, and grammar.

Credit Hours: 6 hrs

Prerequisite: department permission or placement

Course Revisions: Change in Course Description and Credit Hours (From 3hrs to 6hrs) 2/2013, effective Summer 2013

Last Updated: Change in Description & Credit Hours 2/2013, effective Summer 2013

ESLN 219 - Intermediate ESL Vocabulary

This course is designed to expand students' knowledge of general vocabulary and improve their use of strategies for vocabulary learning. Students learn to recognize new vocabulary in reading passages and listening excerpts at the intermediate level, and use it correctly in speaking writing activities.

Credit Hours: 3 hrs

Prerequisite: Department Permission

Last Updated: New Course 3/2013, effective Summer 2013

ESLN 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

ESLN 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

ESLN 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

ESLN 310 - Advanced ESL Grammar

This course focuses on the knowledge and skills necessary to produce grammatically accurate, coherent texts in spoken and written assignments on general academic topics. Students review intermediate grammar structures and study advanced structures, including parallelism, less frequently used verb tenses, complex sentences and clauses.

Credit Hours: 3 hrs

Prerequisite: department permission

ESLN 312 - Advanced ESL Writing

This course introduces students to composition writing in the academic context. Students read and write effective compositions in multiple genres, and develop their ability to analyze and critique peer writing. Students will improve their use of advanced vocabulary and grammar structures.

Credit Hours: 4 hrs

Prerequisite: department permission

Corequisites: ESLN 310

Course Revisions: Change in Course Description and Credit Hours (From 3hrs to 4hrs) 2/2013, effective Summer 2013

Last Updated: Change in Description and Credit Hours 2/2013, effective Summer 2013; Links 04/2011

ESLN 313 - American Pronunciation II

Students practice recognizing and producing fundamental patterns of stress in advanced-level phrase structures as well as rhythm, sentence stress and intonation as they occur in extended conversation and informational media sources. Attention is given to reinforcing accurate pronunciation of vocabulary targeted at this level.

Credit Hours: 1 hr

Prerequisite: department permission

ESLN 314 - Advanced ESL Reading

This course teaches students to comprehend authentic, informational texts. Students identify main and supporting ideas, summarize information, pose critical questions and infer the meaning of new vocabulary from context. Students practice skills in academic vocabulary and grammar to build reading fluency.

Credit Hours: 4 hrs

Prerequisite: ESLN 214, department permission or placement

Course Revisions: Description and Credit Hour change from 3 to 4 credits, 2/2013, effective Summer 2013

Last Updated: Description and Credit Hour Change, 2/2013, effective Summer 2013; Links 04/2011

ESLN 315 - Study Skills for the English Language Learner II

The purpose of this course is to provide international students with the information and skills that help make the transition to an American college more successful. Students learn how to effectively use their syllabus, determine their own learning styles and study techniques, how to manage their time and prioritize tasks based on individual goals, and to live and learn in a multicultural environment.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores on either the TOEFL, MELAB, or IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

ESLN 316 - Advanced ESL Speaking and Listening

This course improves oral skills for participation in academic and social settings. Students practice listening and speaking skills in classroom presentations and discussions. Students learn note-taking skills, especially from talks featuring a variety of accents. Students learn to use informal versus academic vocabulary and grammar forms appropriately in context.

Credit Hours: 4 hrs

Prerequisite: ESLN 216, department permission or placement

Course Revisions: Change in Course Description and Credit Hours from 3 to 4, 2/2013, effective Summer 2013

Last Updated: Change in Description & Credit Hours 2/2013, effective Summer 2013; Links 04/2011

ESLN 317 - American Language and Culture II

Students explore themes in American society and pop culture. Using reading, media, and oral assignments, international students develop American cultural capital to help them better understand America's people and society. The focus is on building the four linguistic communicative competencies through practice and application.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores on either the TOEFL, MELAB, or IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

ESLN 319 - Community and Current Events II

This course provides students with practice in the English listening/speaking skills necessary to succeed in the American university. It also will provide students with the chance to combine critical thinking with practical experiences as they make an active contribution with community-based projects. Students will learn about themselves and their community.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores on either the TOEFL, MELAB, or IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

ESLN 320 - Advanced ESL Vocabulary

This course is designed to expand students' knowledge of academic vocabulary and improve their use of strategies for vocabulary learning. Students learn to recognize new vocabulary in reading passages and listening excerpts at the high-intermediate level, and use it correctly in speaking and writing activities.

Credit Hours: 3 hrs

Prerequisite: Department Permission

Last Updated: New Course 3/2013, effective Summer 2013

ESLN 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

ESLN 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

ESLN 410 - Academic ESL Grammar

This course focuses on the knowledge and skills required to produce grammatically accurate and coherent texts in extended academic oral and written discourse. Students practice less frequently used verb tenses, verb tense sequencing, modifications to adjective and adverb clauses and multiple forms of noun clauses in various complex sentences.

Credit Hours: 3 hrs

Prerequisite: department permission

ESLN 412 - Academic ESL Writing (Gen Ed Area I)

This course focuses on academic inquiry and writing with an emphasis on American conventions for non-native speakers of English. Students utilize critical reading and thinking skills to engage in the process of writing researched essays.

Credit Hours: 3 hrs

Prerequisite: department permission

Corequisites: ESLN 410

Area I: Effective Communication

ESLN 412 Academic Writing

In ESLN 412, EMU students develop the foundation for writing, research and critical thinking strategies that they will use throughout their college careers and in the workplace. Writing is both a means of communication, and a tool for developing new ideas. Good writers are flexible. They know how to assess the expectations of a variety of audiences with whom they want to communicate and how to draw on or develop different writing strategies to meet those expectations. Good writers also understand that different kinds of writing have different conventions and they can move fluidly between those conventions. ESLN 412 students develop these strategies that are key to effective communication throughout the course. Students write

between 50-70 pages of draft work and between 20-30 pages of polished, final-draft work during the course of the semester, and that work is supported and directed by frequent feedback from the instructor.

Last Updated: Links 04/2011

ESLN 414 - Academic ESL Reading

Students in this course will explore various strategies when reading university-level academic texts. Students will compare and synthesize different points of view and recognize and respond to the rhetorical techniques and structures used by writers to achieve their purposes. Students further develop their academic vocabulary skills and strategies.

Credit Hours: 3 hrs

Prerequisite: ESLN 314, department permission or placement

Last Updated: Links 04/2011

ESLN 416 - Academic ESL Speaking and Listening

This course improves speaking and listening skills for active participation in academic settings. Students practice comprehending lectures on academic topics, taking notes and effectively participating in informal and formal classroom speaking activities. Students continue to build and use academic vocabulary in oral discourse.

Credit Hours: 3 hrs

Prerequisite: ESLN 316, department permission or placement

Last Updated: Links 04/2011

ESLN 418 - American Pronunciation for Professionals

Students recognize and correct those aspects of pronunciation that hinder overall oral and aural comprehensibility by analyzing, repeating, and monitoring both recorded examples of speech in academic and professional contexts and their own production. They also develop oral control of the academic vocabulary in their field of study.

Credit Hours: 3 hrs

Prerequisite: Placement by the ESL Advisor according to on-campus placement test through the ESL Office or by the sub-scores on either the TOEFL, MELAB, or IELTS exam (at the time of application, students have the option of providing a TOEFL/MELAB/IELTS score, or taking a placement test upon arrival); department permission

ESLN 419 - Academic ESL Vocabulary Seminar

This course is designed to expand students' knowledge of academic vocabulary and improve their use of strategies for vocabulary learning. Students learn to recognize new vocabulary in reading passages and listening excerpts at the advanced level, and use it correctly in speaking and writing activities.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: New course 03/2013; effective Summer 2013

ESLN 477 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

ESLN 478 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

ESLN 479 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

ESLN 497 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 1 hrs

Prerequisite: department permission

ESLN 498 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 2 hrs

Prerequisite: department permission

ESLN 499 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 3 hrs

Prerequisite: department permission

ESLN 512 - Academic Writing for International Graduate Students

Students engage in extensive critical reading and analysis of discipline-specific topics and compose well-documented papers on the basis of their research using standard English conventions and documentation. Attention is given to grammatical accuracy and language usage in written assignments.

Credit Hours: 3 hrs

Prerequisite: department permission

Corequisites: ESLN 410

Last Updated: Links 04/2011

ESLN 515 - Graduate ESL Seminar in Academic Communication

This course is designed for non-native speakers of English to improve their oral communication skills for participation in graduate-level classes in their degree program. Students read authentic academic texts and develop skills and strategies for oral presentations and critical response. A major emphasis is on having students learn academic vocabulary and enhance reading skills.

Credit Hours: 3 hrs

Prerequisite: department permission

French

FRNH 111 - Introduction to French and the French-Speaking World (Gen Ed Area III)

An introduction to the thirty plus countries where French is spoken. Survey of their cultures, history, geography, religions, politics, economy, literature and arts. Comparison of cultural practices in daily life and the professional world. Acquisition of basic language skills.

No prerequisites. Does not count for FRNH major or minor. *In English and French.*

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

FRNH 111: Introduction to French and the French-Speaking World

The study of French-speaking countries, including France, their cultures, is critical for students to expand their understanding of global cultural dynamics and critically compare their own culture to others. French is spoken as a native, official or business language in more than 30 countries in the world. This course aims at furthering the internationalization of EMU students by addressing some of the issues that have been at the forefront of EMU's Administrators' recent campaign in that regard. It will help students adapt for the future in a global society, develop a philosophy of inclusion, become aware of a great variety of cultures other than their own, fight cultural stereotypes, expand their comfort zones with cultural differences, adopt positive attitudes towards and avoid discriminating against others. It will also help them develop a sense of self and understand their own place in the global community.

Last Updated: New Course 12/2011, effective Winter 2012, Gen Ed Approval 5/2012, effective Winter 2013

FRNH 121 - Beginning French (Gen Ed Area IV)

Introductory course including practice in listening, speaking, reading and writing in French. Sessions in the language laboratory are part of regular assignments.

Credit Hours: 5 hrs

Area IV: Knowledge of the Disciplines

FRNH 121 Beginning French I

To be able to communicate in French and appreciate linguistic and cultural similarities and differences, FRNH 121 students learn to produce through speaking and writing, and to understand through reading and listening, the elements of the French language necessary to be able to function at a basic level in a French-speaking environment. Instruction in FRNH 121 provides examples

of speaking and writing that native speakers use to accomplish real tasks; students learn to master these structures while developing a new perspective on their own language, and an appreciation of a foreign cultural viewpoint.

FRNH 122 - Beginning French (Gen Ed Area IV)

Introductory course including practice in listening, speaking, reading and writing in French. Sessions in the language laboratory are part of regular assignments.

Credit Hours: 5 hrs

Prerequisite: FRNH 121 or by placement exam

Area IV: Knowledge of the Disciplines

FRNH 122 Beginning French II

To be able to communicate in French and appreciate linguistic and cultural similarities and differences, FRNH 122 students learn to produce through speaking and writing, and to understand through reading and listening, the elements of the French language necessary to be able to function at a basic level in a French-speaking environment. Instruction in FRNH122 provides examples of speaking and writing that native speakers use to accomplish real tasks; students learn to master these structures while developing a new perspective on their own language, and an appreciation of a foreign cultural viewpoint.

FRNH 221 - Intermediate French (Reading) (Gen Ed Area IV)

Rapid reading of large quantities of French. Materials include readings in literature and civilization. Students who plan to continue in French should take this course concurrently with FRNH 233.

Credit Hours: 3 hrs

Prerequisite: FRNH 122 or by placement exam

Last Updated: Gen Ed Approval 04/2012, effective Fall 2012; Links 04/2011

FRNH 222 - Intermediate French (Reading) (Gen Ed Area IV)

Rapid reading of large quantities of French. Materials include readings in literature and civilization. Students who plan to continue in French should take this course concurrently with FRNH 234.

Credit Hours: 3 hrs

Prerequisite: FRNH 221 or by placement exam

Last Updated: Gen Ed Approval 04/2012, effective Fall 2012; Links 04/2011

FRNH 233 - Intermediate French Conversation, Composition and Grammar (Gen Ed Area IV)

A review of grammar; practice in writing and speaking. Sessions in the language laboratory are available. Students who plan to continue in French should take this course concurrently with FRNH 221.

Credit Hours: 3 hrs

Prerequisite: FRNH 122 or by placement exam

Last Updated: Gen Ed Approval 04/2012, effective Fall 2012; Links 04/2011

FRNH 234 - Intermediate French Conversation, Composition and Grammar (Gen Ed Area IV)

A review of grammar; practice in writing and speaking. Sessions in the language laboratory are available. Students who plan to continue in French should take this course concurrently with FRNH 222.

Credit Hours: 3 hrs

Prerequisite: FRNH 233 or placement exam

Last Updated: Gen Ed Approval 04/2012, effective Fall 2012; Links 04/2011

FRNH 261 - Introduction to Professional Language Study

This course introduces students to the application of professional languages in a variety of settings focusing on oral and written communication. Students acquire the vocabulary and phrases of basic professional interactions, learn to translate documents of different professions and acquire basic interpreting techniques. Students with interests in other careers will find the course helpful and they can complete special projects.

Credit Hours: 3 hrs

Prerequisite: FRNH 121, FRNH 122, FRNH 221, FRNH 222, FRNH 233, FRNH 234

Last Updated: Links 04/2011

FRNH 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

FRNH 343 - French Composition

A review and expansion of the elements of the grammar, idioms and deep structures of French. English to French translation exercises provide practice and clarification of the relationship between morphology and syntax. Written compositions on a wide choice of topics are assigned to demonstrate students' mastery of acquired linguistic competence. In French.

Credit Hours: 3 hrs

Prerequisite: FRNH 234 or department permission

Last Updated: Description 07/2011; Links 04/2011

FRNH 344 - French Conversation

Builds on the foundation in speaking skills acquired in previous courses. Emphasizes pronunciation, acquisition of vocabulary and idioms for daily life, basic sentence structures and the development of greater oral proficiency. Presentation and practice of phonological principles. In French.

Credit Hours: 3 hrs

Prerequisite: FRNH 234 or department permission

Last Updated: Links 04/2011

FRNH 345 - French Culture and Civilization

A study of French history and civilization. All major pre-World War I historical periods and cultural movements will be covered. In French.

Credit Hours: 3 hrs

Prerequisite: FRNH 222 and FRNH 234

Previously Listed As: FRNH 467

Last Updated: Links 04/2011

FRNH 346 - 20th-Century French Civilization

A study of the main events of the 20th century. The major historical and social movements will be covered. *In French.*

Credit Hours: 3 hrs

Prerequisite: FRNH 345

Previously Listed As: FRNH 476

Last Updated: Links 04/2011

FRNH 361 - French for International Trade

This course is intended for students who already have a solid intermediate-level command of French and who wish to acquire minimum professional competence in the French language as it is used in the world of international business. It includes practice in various forms of business communication, both oral and written. *In French.*

Credit Hours: 3 hrs

Prerequisite: FRNH 343 or department permission

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied. *In French.*

Credit Hours: 3 hrs

Prerequisite: department permission

FRNH 388 - Internship

Provides an opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors. *Credit/no-credit. In French.*

Credit Hours: 1 hr

Prerequisite: department permission

FRNH 441 - Survey of French Literature I

Survey of French Literature from the Middle Ages to the end of the 18th Century. Readings, textual analysis, study of genres, cultural and literary comparisons, interpretations of representative texts, and study of culture lead students to a target proficiency level of Intermediate High on the ACTFL scale for standards 1.3, 2.2, 3.1, 3.2, and 5.2.

Credit Hours: 3 hrs

Prerequisite: FRNH 346

Previously Listed As: FRNH 341

Last Updated: Links 04/2011

FRNH 442 - Survey of French Literature II

Survey of French Literature from the beginning of the 19th Century to the present. Readings, textual analysis, study of genres, cultural and literary comparisons, interpretations of representative texts, and study of culture lead students to a target proficiency level of Intermediate High on the ACTFL scale for standards 1.3, 2.2, 3.1, 3.2, and 5.2.

Credit Hours: 3 hrs

Prerequisite: FRNH 346

Previously Listed As: FRNH 342

Last Updated: Links 04/2011

FRNH 443W - Advanced French Grammar and Composition (Gen Ed Area I, W)

An advanced study of the morphology and syntax of French. Students will further develop their knowledge of the deep structure and lexicon of the language through translation and compositions on a wide variety of topics, demonstrating mastery of idioms, stylistic levels, textual comprehension and an awareness of the distinction between English and French. In French.

Credit Hours: 3 hrs

Prerequisite: FRNH 343

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Description 07/2011; Graduate Credit 07/2011; Links 04/2011

FRNH 444 - Advanced French Conversation

Development of advanced oral proficiency. Emphasizes pronunciation, acquisition of vocabulary and idioms for daily life, advanced sentence structures. Advanced presentation and practice of phonological principles. Includes a formal proficiency assessment in French.

Credit Hours: 3 hrs

Prerequisite: FRNH 343 and FRNH 344 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

FRNH 445 - French Phonetics

Study of the sound system of the French language including both theory and practice. Major focus on the International Phonetic Alphabet as it applies to French. Lecture and practical exercises in class. In French.

Credit Hours: 3 hrs

Prerequisite: FRNH 344

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

FRNH 446 - Business French I

Study of principles and practices of business communication in France with emphasis on business correspondence and translation. Introduction to the French economy including business law, industry, business and services. In French.

Credit Hours: 3 hrs

Prerequisite: FRNH 361 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

FRNH 447 - Business French II

Further study of business practices, business law and the French economy. Emphasis on business correspondence and translation and on French ties with the European economic community, the U.S., the East, developing countries and Francophone countries. Prepares student for language proficiency examinations (CCIP diplomas). In French.

Credit Hours: 3 hrs

Prerequisite: FRNH 446 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

FRNH 450 - French Civilization in Film

The purpose of this course is to study a number of French films and distinguish between fiction and reality as portrayed in the film. Students will research the era and compare the events shown in the film with the societal or historical facts found in their research.

Credit Hours: 3 hrs

Prerequisite: FRNH 343 and FRNH 344

Last Updated: Links 04/2011

FRNH 451 - Readings in French

Special projects in directed readings for majors and minors who have completed the available offerings in French or who, because of most unusual circumstances, are granted department approval to substitute one or both of these for the regular courses.

Credit Hours: 1 hr

Prerequisite: FRNH 441, FRNH 442 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

FRNH 452 - Readings in French

Special projects in directed readings for majors and minors who have completed the available offerings in French or who, because of most unusual circumstances, are granted department approval to substitute one or both of these for the regular courses.

Credit Hours: 2 hrs

Prerequisite: FRNH 441, FRNH 442 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

FRNH 466 - French Speaking Cultures of the World

Survey of the more than two dozen different cultures of the world that make up "la Francophonie." Language and cultural variations that one must know in order to understand and to communicate successfully with people in those cultures. In French.

Credit Hours: 3 hrs

Prerequisite: FRNH 343 and FRNH 344

Last Updated: Links 04/2011

FRNH 477 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 1 hr

FLAN 387 - Cooperative Education in Foreign Language

Four to six months of full-time employment in a position designed to give practical experience in a field related to the student's foreign language major. The program ordinarily consists of two work experiences (FLAN 387/FLAN 487) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: Admission to the program by application only

Class Restrictions: Junior standing

Notes: Offered on a credit/no-credit basis.

Last Updated: Links 06/2011

FLAN 388 - Internship

An opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors.

Credit Hours: 1 hr

Prerequisite: department permission

Notes: Offered on a credit/no-credit basis.

FLAN 411 - Theory and Methods of Modern Language Teaching

The history, theory and techniques of modern language teaching. Not counted in the language area of the degree requirements, nor toward a major in any modern language. Should be taken during the fall semester prior to student teaching. Not open to students on academic probation.

Credit Hours: 3 hrs

Prerequisite: FRNH 343, SPNH 343, GERN 343 or department permission

Corequisites: FLAN 441

Class Restrictions: Junior standing

Major Restrictions: Admission to the Initial Teacher Preparation Program

Last Updated: Co-requisite update, 07/2012; Links 04/2011

FLAN 412 - Methods of Teaching Modern Languages in the Elementary Grades

This course is designed to prepare students who have already earned secondary teaching certificates in French, German, Japanese and Spanish for careers as foreign language teachers in elementary (K-6) school settings.

Credit Hours: 3 hrs

Prerequisite: FLAN 411; department permission

Corequisites: FLAN 442

Class Restrictions: Senior standing

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Corequisite update 08/2012; Graduate Credit 07/2011; Links 04/2011

FLAN 421 - History and Theory of Bilingual Education

Sociolinguistic and psycholinguistic aspects of bilingualism, language acquisition and cognitive development in the bilingual child, different instructional models for bilingual education programs, and school and community relations. A minimum of 24 hours of field experience required. Not open to students on academic probation.

Credit Hours: 3 hrs

FLAN 422 - Teaching Hispanic Culture and Language

The techniques and materials for teaching the language and culture of Hispanic groups within the bilingual classroom. Techniques and materials for teaching other subject-matter areas in Spanish. A minimum of 24 hours of field experience in a bilingual classroom required. Not open to students on academic probation.

Credit Hours: 3 hrs

Major Restrictions: Admission to the Initial Teacher Preparation Program

Last Updated: Links 04/2011

FLAN 441 - Practicum in World Language Instruction - Secondary

Students apply concepts and theories learned in FLAN 411 to teach varied lesson designs in mentored, weekly small group micro-teaching sessions.

Credit Hours: 3 hrs

Prerequisite: Successful completion of Phase I of the Initial Teacher Preparation Program, and department permission

Corequisites: FLAN 411

Last Updated: New Course 04/2012, effective Fall 2012

FLAN 442 - Practicum in World Language Instruction - Elementary

This course prepares teacher candidates for careers as world language teachers in elementary schools. Students participate in weekly guided discussion sessions based on concepts and theories learned in FLAN 412 and complete a minimum of 45 hours of observation in approved K-5 auxiliary, elementary, exploratory, and immersion world language programs.

Credit Hours: 3 hrs

Prerequisite: FLAN 411, FLAN 441, successful completion of Phase I of the Initial Teacher Preparation Program, and department permission

Corequisites: FLAN 412

Last Updated: New Course 04/2012, effective Fall 2012

German

GERN 111 - Introduction to German Language and German-Speaking Cultures

This course introduces student to the German language as well as the cultures of the German-speaking world through interactive participation, films, readings, and extracurricular cultural activities. Student will gain basic knowledge of German language. Does not count toward German major or minor. Taught in German and English.

Credit Hours: 3 hrs

Last Updated: New Course 4/2013, effective Winter 2014

GERN 121 - Beginning German (Gen Ed Area IV)

Instruction includes pronunciation, aural-oral pattern practice, the fundamentals of grammar, written exercises and reading.

Credit Hours: 5 hrs

Area IV: Knowledge of the Disciplines

GERN 121 Beginning German I

Beginning German qualifies as a General Education course for the Humanities because it satisfies the outcome requirements for Foreign Language courses: 1. Communicate at a basic functional level in a language other than their own native tongue; 2. Demonstrate a basic understanding of the relationship between culture and language; and 3. Use basic forms and structures of a language in communicating in that language. Students learn to produce, through speaking and writing, and to understand, through reading and listening, the elements of the German language necessary to be able to function on a basic level in a German-speaking environment.

GERN 122 - Beginning German (Gen Ed Area IV)

The goals of the two-course Beginning German sequence are the development of oral and written communication through the use of verbal and nonverbal symbols. The emphasis is on communicative competence (both spoken and written) through the mastery

of vocabulary and grammar appropriate to given communicational situations. Besides gaining communicative skills in German, the student can expect to gain some familiarity with modern German culture.

Credit Hours: 5 hrs

Prerequisite: GERN 121 or by placement examination

Area IV: Knowledge of the Disciplines

GERN 122 Beginning German II

The second semester course of Beginning German satisfies the outcome requirements for Foreign Language courses. To be able to communicate in German and appreciate linguistic and cultural similarities and difference, GERN 122 students learn to produce through speaking and writing, and to understand through reading and listening, the elements of their German language necessary to be able to function at a basic level in a German-speaking environment. Instruction in GERN 122 provides examples of speaking and writing that native speakers use to accomplish real tasks; students learn to master these structures while developing a new perspective on their own language, and an appreciation of a foreign cultural viewpoint.

Last Updated: Links 04/2011

GERN 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

GERN 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

GERN 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GERN 221 - Intermediate German Reading (Gen Ed Area IV)

This course consists of readings in German literature and civilization. Students who plan to continue in German should take GERN 233 concurrently with GERN 221, and GERN 234 concurrently with GERN 222.

Credit Hours: 3 hrs

Prerequisite: GERN 122 or by placement examination

Area IV: Knowledge of the Disciplines

GERN 221 Intermediate German Reading

As a language course sequence, GERN 221 and GERN 222 are designed to strengthen and improve students' language skills (speaking, reading, listening and writing) at the appropriate level. The contents of the course enable students to develop an appreciation and understanding of other cultures (German-speaking countries of Europe), in the domains of literature, films, the arts, as well as linguistic, cultural and societal differences. The students are expected to express their knowledge and understanding of these topics in German.

Last Updated: Links 04/2011

GERN 222 - Intermediate German Reading (Gen Ed Area IV)

This course consists of readings in German literature and civilization. Students who plan to continue in German should take GERN 233 concurrently with GERN 221, and GERN 234 concurrently with GERN 222.

Credit Hours: 3 hrs

Prerequisite: GERN 122 or by placement examination

Area IV: Knowledge of the Disciplines

GERN 222 Intermediate German Reading

As a language course sequence, GERN 221 and GERN 222 are designed to strengthen and improve students' language skills (speaking, reading, listening and writing) at the appropriate level. The contents of the course enable students to develop an appreciation and understanding of other cultures (German-speaking countries of Europe), in the domains of literature, films, the arts, as well as linguistic, cultural and societal differences. The students are expected to express their knowledge and understanding of these topics in German.

Last Updated: Links 04/2011

GERN 233 - Intermediate German Conversation, Composition and Grammar (Gen Ed Area IV)

This course requires the student to practice spoken and authentically correct language in the social cultural situations that occur in German-speaking Europe.

Credit Hours: 3 hrs

Prerequisite: GERN 122 or equivalent

Area IV: Knowledge of the Disciplines

GERN 233 Intermediate German Conversation, Composition and Grammar [effective Winter 2009]

As a language course sequence, GERN 233 and GERN234 are designed to develop and improve students' language skills (speaking, reading, listening and writing) at an intermediate level. The contents of the course enable the students to develop an appreciation and understanding of other cultures (German-speaking countries of Europe), in the domains of literature, films, the arts, as well as linguistic, cultural and societal differences. Students are expected to express their knowledge and understanding of these topics in German at an intermediate level of proficiency.

Last Updated: Links 04/2011

GERN 234 - Intermediate German Conversation, Composition and Grammar (Gen Ed Area IV)

This course requires the student to practice spoken and authentically correct language in the social cultural situations that occur in German-speaking Europe.

Credit Hours: 3 hrs

Prerequisite: GERN 233 or equivalent

Area IV: Knowledge of the Disciplines

GERN 234 Intermediate German Conversation, Composition and Grammar [effective Winter 2009]

As a language course sequence, GERN 233 and GERN234 are designed to develop and improve students' language skills (speaking, reading, listening and writing) at an intermediate level. The contents of the course enable the students to develop an appreciation and understanding of other cultures (German-speaking countries of Europe), in the domains of literature, films, the arts, as well as linguistic, cultural and societal differences. Students are expected to express their knowledge and understanding of these topics in German at an intermediate level of proficiency.

Last Updated: Links 04/2011

GERN 261 - Introduction to Professional Language Study

This course introduces students to the application of professional languages in a variety of settings focusing on oral and written communication. Students acquire the vocabulary and phrases of basic professional interactions, learn to translate documents of different professions and acquire basic interpreting techniques. Students with interests in other careers will find the course helpful and they can complete special projects.

Credit Hours: 3 hrs

Prerequisite: GERN 121, GERN 122, GERN 221, GERN 222, GERN 233 and GERN 234

Last Updated: Links 04/2011

GERN 277 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

GERN 278 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

GERN 279 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GERN 343 - German Composition on Cultures and Civilization

A detailed examination of German cultures and historical and contemporary German, Austrian and Swiss life. A systematic grammar review accomplishes process-oriented composition writing.

Credit Hours: 3 hrs

Prerequisite: GERN 234 or department permission

Last Updated: Links 04/2011

GERN 344 - Principles of German Phonetics and Conversation

Students learn where and how German language sounds are formed and articulated. Pronunciation exercises and applied German phonetics are the basis for improved speaking competence in combination with vocabulary and idiom building. Readings, tapes, video, the Internet and film provide conversation stimulus.

Credit Hours: 3 hrs

Prerequisite: GERN 234 or department permission

Last Updated: Links 04/2011

GERN 361 - German for International Trade

Develops working knowledge of commercial material including economics and business in multinational setting. Cross-cultural references provide opportunity for comparative and contrastive analysis of American and German cultural patterns in a business setting. In German.

Credit Hours: 3 hrs

Prerequisite: GERN 343 or department permission

Last Updated: Links 04/2011

GERN 366 - The Cultures of German-Speaking Europe

Compares and analyzes the history, the culture, and regional varieties of German in Germany, Austria, Switzerland, Lichtenstein, Northern Italy, parts of Belgium, Luxembourg and Romania. Students will compare the societal and historical facts and their implications in the European Union. Discussions, presentations and papers. In German.

Credit Hours: 3 hrs

Prerequisite: GERN 343 and GERN 344

Last Updated: Links 04/2011

GERN 451 - Readings in German

Special projects in directed reading for majors and minors who have completed the available offerings in German or who, because of most unusual circumstances, are granted department approval to substitute this for the regular courses.

Credit Hours: 1 hr

Prerequisite: department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

GERN 452 - Readings in German

Special projects in directed reading for majors and minors who have completed the available offerings in German or who, because of most unusual circumstances, are granted department approval to substitute this for the regular courses.

Credit Hours: 2 hrs

Prerequisite: department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

GERN 456 - Technical German I

Specialized vocabulary and jargon used in selected fields of technology. Basic technical concepts and terminology that students may encounter in German industry. Development of oral and reading facility as well as accurate translation of technical documents. Selected aspects of electronics, wood and metalworking, metallurgy, brake systems, computers, robotics, and auto production. Content areas will occasionally be changed and updated in order to keep pace with changed student needs and changes in technology.

Credit Hours: 3 hrs

Prerequisite: GERN 343 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

GERN 457 - Technical German II

Specialized vocabulary and jargon used in selected fields of technology. Basic technical concepts and terminology that students may encounter in German industry. Development of oral and reading facility as well as accurate translation of technical documents. Selected aspects of internal combustion engines, fuel systems, and the petroleum industry. Content areas will occasionally be changed and updated in order to keep pace with changed student needs and changes in technology.

Credit Hours: 3 hrs

Prerequisite: GERN 456 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

GERN 477 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

GERN 478 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

GERN 479 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GERN 488 - Internship

An opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors.

Credit Hours: 2-3 hrs

Prerequisite: department permission

Notes: Offered on a credit/no-credit basis.

GERN 489 - Internship

An opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors.

Credit Hours: 2-3 hrs

Prerequisite: department permission

Notes: Offered on a credit/no-credit basis.

GERN 490 - Intensive German in Europe

An intensive linguistic and cultural immersion experience of at least six weeks' duration in a German-speaking country. Instruction at many different levels. May be repeated for credit. In German.

Credit Hours: 6 hrs

GERN 493 - Reading Knowledge of German

This course (taught in English) teaches students how to read, understand and translate a variety of authentic German texts, including scientific writings based on the majors of the participants. Students will learn basic German grammar and the most important principles of translation as well as how to use dictionaries.

Credit Hours: 3 hrs

GERN 497 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 1 hrs

Prerequisite: department permission

GERN 498 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 2 hrs

Prerequisite: department permission

GERN 499 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 3 hrs

Prerequisite: department permission

Greek

GREK 101 - Beginning Ancient Greek I

For students with a strong interest in archaic and classical Greek culture. Acquaints students with sufficient ancient Greek grammar, vocabulary and syntax to facilitate the reading of the masterpieces of Greek literature.

Credit Hours: 3 hrs

GREK 102 - Beginning Ancient Greek II

As a follow-up to GREK 101, this course will continue to introduce students to ancient Greek grammar, vocabulary and syntax to facilitate the reading of the masterpieces of Greek literature.

Credit Hours: 3 hrs

Prerequisite: GREK 101

Last Updated: Links 04/2011

GREK 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

GREK 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

GREK 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GREK 201 - Intermediate Ancient Greek I

As a follow-up to GREK 101-GREK 102, this course will complete a full survey of the elements of the grammar and syntax of ancient Greek. It will also introduce students to the reading of original passages of major authors, especially prose writers such as Herodotus, Plato, Xenophon and the Evangelists.

Credit Hours: 3 hrs

Prerequisite: GREK 102
Last Updated: Links 04/2011

GREK 202 - Intermediate Ancient Greek II

As a follow-up to GREK 201, this course will review basic and finer points of the grammar and syntax of ancient Greek during the reading of major authors such as Homer, Thucydides, Plato, Lysias, Sophocles, Euripides and Aristophanes.

Credit Hours: 3 hrs
Prerequisite: GREK 201
Last Updated: Links 04/2011

GREK 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission

GREK 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Japanese

JPNE 121 - Beginning Japanese I (Gen Ed Area IV)

Practice in elementary conversation with special attention to reading and writing the two Japanese syllabaries and basic ideographs.

Credit Hours: 5 hrs

Area IV: Knowledge of the Disciplines

JPNE121 Beginning Japanese I

To be able to communicate in Japanese and appreciate linguistic and cultural similarities and differences, JPNE 121 students learn to produce through speaking and writing, and to understand through reading and listening, the elements of the Japanese language necessary to be able to function at a basic level in a Japanese speaking environment. Instruction in JPNE 121 provides examples of speaking and writing that native speakers use to accomplish real tasks; students learn to master these structures while developing a new perspective on their own language, and an appreciation of a foreign cultural viewpoint.

JPNE 122 - Beginning Japanese II (Gen Ed Area IV)

Instruction includes practice in elementary conversation with special attention to reading and writing the two Japanese syllabaries and basic ideographs.

Credit Hours: 5 hrs

Prerequisite: JPNE 121 or department permission

Area IV: Knowledge of the Disciplines

JPNE 122 Beginning Japanese II

To be able to communicate in Japanese and appreciate linguistic and cultural similarities and differences, JPNE 122 students learn to produce through speaking and writing, and to understand through reading and listening, the elements of the Japanese language necessary to be able to function at a basic level in a Japanese speaking environment. Instruction in JPNE 122 provides examples of speaking and writing that native speakers use to accomplish real tasks; students learn to master these structures while developing a new perspective on their own language, and an appreciation of a foreign cultural viewpoint.

JPNE 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

JPNE 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

JPNE 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

JPNE 211 - Intermediate Japanese I (Gen Ed Area IV)

Practice in intermediate Japanese conversation, with heavy emphasis on reading and writing common ideographs in nontechnical text.

Credit Hours: 5 hrs

Prerequisite: JPNE 122 or department permission

Last Updated: Gen Ed Approval 04/2012, effective Fall 2012; Links 04/2011

JPNE 212 - Intermediate Japanese II (Gen Ed Area IV)

Instruction includes practice in intermediate Japanese conversation, with heavy emphasis on reading and writing common ideographs in nontechnical text.

Credit Hours: 5 hrs

Prerequisite: JPNE 211 or by placement examination

Last Updated: Gen Ed Approval 04/2012, effective Fall 2012; Links 04/2011

JPNE 261 - Introduction to Professional Language Study

This course introduces students to the application of professional languages in a variety of settings focusing on oral and written communication. Students acquire the vocabulary and phrases of basic professional interactions, learn to translate documents of different professions and acquire basic interpreting techniques.

Credit Hours: 3 hrs

Prerequisite: JPNE 212 or department permission

Last Updated: Links 04/2011

JPNE 343W - Japanese Composition (Gen Ed Area I, W)

Writing for a variety of purposes and a review of kanji (ideographs) and grammar constitute the core of the course. Frequent written assignments.

Credit Hours: 3 hrs

Prerequisite: JPNE 212 or department permission

Last Updated: Links 03/2011

JPNE 344 - Japanese Conversation

Emphasizes acquisition of an active vocabulary for daily life and greater oral facility. Intensive study of casual or familiar levels of speech as well as polite forms and honorifics. About 80 percent in Japanese.

Credit Hours: 3 hrs

Prerequisite: JPNE 212 or department permission

Last Updated: Links 04/2011

JPNE 361 - Japanese for International Trade

Introduction to Japanese business culture and business communication in Japanese. The course provides opportunity for comparative analysis of American and Japanese cultural patterns in business settings.

Credit Hours: 3 hrs

Prerequisite: JPNE 344 or department permission

Last Updated: Links 04/2011

JPNE 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

JPNE 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

JPNE 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

JPNE 385 - Culture of Japan

An analysis of Japanese culture from a comparative perspective. The course presents the ethnological approach to cross-cultural understanding as applied to the study of Japanese culture. By contrasting and comparing insider and outsider analyses of Japanese behavior, the dynamics of cross-cultural research are documented and discussed.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 or department permission

Cross-Listed with: ANTH 385

Last Updated: Links 04/2011

JPNE 444 - Advanced Japanese Conversation

The course aims to develop advanced conversational fluency. Students are expected to participate actively in group discussion. Instruction includes extensive vocabulary building for discussing a variety of subjects in Japanese.

Credit Hours: 3 hrs

Prerequisite: JPNE 344 or department permission

Last Updated: Links 04/2011

JPNE 445 - Survey of Japanese Literature

Guides students to an understanding of the value and role of literary and cultural texts and uses them to interpret and recognize distinctive Japanese cultural perspectives over time.

Credit Hours: 3 hrs

Prerequisite: JPNE 444 or department permission

Last Updated: Links 04/2011

JPNE 446 - Business Japanese I

The course aims to increase proficiency in business communication in Japanese and to develop knowledge of Japanese economy, industry and foreign trade. Extensive work on the vocabulary and idiom of Japanese economy and business. In Japanese.

Credit Hours: 3 hrs

Prerequisite: JPNE 361 or department permission

Last Updated: Links 04/2011

JPNE 447 - Business Japanese II

The course provides an overview of the system of organization, managerial style and personnel relations of Japanese companies. Study of business communication focuses on business correspondence. In Japanese.

Credit Hours: 3 hrs

Prerequisite: JPNE 446 or department permission

Last Updated: Links 04/2011

JPNE 448 - Readings on Japanese Culture

This is a course of study designed to introduce contemporary Japanese culture and civilization through reading.

Credit Hours: 3 hrs

Prerequisite: JPNE 444 or department permission

Last Updated: Links 04/2011

JPNE 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

JPNE 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

JPNE 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

JPNE 490 - Intensive Japanese Abroad

An intensive linguistic and cultural immersion experience of at least one academic semester duration offered in Japan. Instruction at many different levels. May be repeated for credit

Credit Hours: 6 hrs

Notes: In Japanese.

JPNE 494 - Seminar in Japanese Studies

Required of students majoring in teaching Japanese language and culture. Extensive study and discussion of issues related to Japanese society and to language structures. Students are required to apply Japanese language skills in research, presentations and papers.

Credit Hours: 3 hrs

Prerequisite: JPNE 446 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

JPNE 497 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 1 hr

Language

LNGE 134 - Etymology

Greek and Latin words and roots that are current in English forms are studied in order to enlarge the vocabulary and to produce a more discriminating use of words.

Credit Hours: 3 hrs

LNGE 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

LNGE 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

LNGE 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

LNGE 202 - Grammar for ESL Teachers

The main purpose of this course is to help students to develop: (a) an explicit understanding of the most frequently occurring English structures, (b) a working knowledge of prescriptive and descriptive rules, (c) sensitivity to learners' developmental errors and (d) the analytical skills needed to teach grammar to English language learners.

Credit Hours: 3 hrs

LNGE 223 - Introduction to Language

The basic principles of linguistic structure as they apply to the western European languages taught in the department.

Credit Hours: 3 hrs

LNGE 240 - Linguistic and Cultural Diversity in the U.S.

Students explore the nature of language and its relationship to culture as it impacts the classroom. Special emphasis will be placed on the dissemination and use of English in the U.S., the role of geography, ethnicity, and social status in language diversity, and the impact of language choice as they impact TESOL.

Credit Hours: 3 hrs

Last Updated: 04/2006; effective Summer 2007

LNGE 242 - Linguistic and Cultural Diversity: Global Englishes

Students will explore the nature of language and its relationship to culture as it impacts the classroom. Emphasis will be on the dissemination of Englishes around the world through TESOL, the role of geography, ethnicity, and social status in language diversity, and the impact of language choice within educational settings.

Credit Hours: 3 hrs

Last Updated: 04/2006; effective Summer 2007

LNGE 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

LNGE 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

LNGE 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

LNGE 325 - Second Language Acquisition

Students examine the nature of learning a second language simultaneously with, or subsequent to, one's first language. Linguistic, cognitive, affective, cultural and social factors influencing the acquisition of another language are explored. Focus includes various age and English ability levels.

Credit Hours: 3 hrs

Prerequisite: LNGE 223 and LNGE 202

Last Updated: Links 04/2011

Spanish

SPNH 111 - Introduction to Spanish Language and Hispanic Cultures

This course introduces students to the Spanish Language as well as the cultures of the Spanish - Speaking world through interactive participation, films, readings and extracurricular cultural activities. Students will gain basic knowledge of Spanish language. Does not count towards SPNH major. Taught in English and Spanish.

Credit Hours: 3 hrs

Class Restrictions: All Undergraduates

Last Updated: New Course, 4/2013, effective Winter 2014

SPNH 121 - Beginning Spanish I (Gen Ed Area IV)

First semester of beginning Spanish covering basic principles of grammar. Practice in elementary conversation, pronunciation, composition and reading. Regular use of language laboratory and ancillaries (e.g., workbook, compact discs, tapes and publisher Internet resources).

Credit Hours: 5 hrs

Area IV: Knowledge of the Disciplines

SPNH 121 Beginning Spanish I

To be able to communicate in Spanish and appreciate linguistic and cultural similarities and differences, SPNH 121 students learn to produce through speaking and writing, and to understand through reading and listening, the elements of the Spanish language necessary to be able to function at a basic level in a Spanish-speaking environment. Instruction in SPNH 121 provides examples of speaking and writing that native speakers use to accomplish real tasks; students learn to master these structures while developing a new perspective on their own language, and an appreciation of a foreign cultural viewpoint.

SPNH 122 - Beginning Spanish II (Gen Ed Area IV)

Second semester of beginning Spanish covering basic principles of grammar. Practice in elementary conversation, pronunciation, composition and reading. Regular use of language laboratory and ancillaries (e.g., workbook, compact discs, tapes and publisher Internet resources).

Credit Hours: 5 hrs

Prerequisite: SPNH 121 or by placement exam

Area IV: Knowledge of the Disciplines

SPNH 122 Beginning Spanish II

To be able to communicate in Spanish and appreciate linguistic and cultural similarities and differences, SPNH 122 students learn to produce through speaking and writing, and to understand through reading and listening the elements of the Spanish language necessary to be able to function at a basic level in a Spanish speaking environment. Instruction in SPNH 122 provides examples of speaking and writing that native speakers use to accomplish real tasks; students learn to master these structures while developing a new perspective on their own language, and an appreciation of foreign cultural viewpoint.

SPNH 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPNH 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPNH 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPNH 201 - Intermediate Spanish I (Gen Ed Area IV)

First semester of second-year Spanish focusing on a review of Spanish grammar, composition, and oral work. Regular use of language laboratory and ancillaries (e.g., workbook, compact discs, tapes and publisher Internet resources). In Spanish.

Credit Hours: 4 hrs

Prerequisite: SPNH 122 or by placement exam

Area IV: Knowledge of the Disciplines

SPNH201 Intermediate Spanish I

Intermediate Spanish prepares students to communicate effectively through both oral and written language comprehension and production, by offering a thorough review of elementary structures along with an introduction to and practice of more complicated grammatical concepts and more sophisticated vocabulary terms. The course meets four hours weekly, which provides students continuing contact with the language and consistent exposure to the cultural components of language acquisition, including: study of the customs and history of Spanish-speaking places, knowledge of linguistic developments, exposure to works of art, music and literary selections produced within a Hispanic context, and a global awareness through knowledge of particular social and political issues affecting Spanish-speaking populations in the United States and abroad.

Last Updated: Links 03/2011

SPNH 202 - Intermediate Spanish II (Gen Ed Area IV)

Second semester of second-year Spanish focusing on a review of Spanish grammar, composition, and oral work. Regular use of language laboratory and ancillaries (e.g., workbook, compact discs, tapes and publisher Internet resources). In Spanish.

Credit Hours: 4 hrs

Prerequisite: SPNH 201 or by placement exam

Area IV: Knowledge of the Disciplines

SPNH 202 Intermediate Spanish II

Intermediate Spanish II prepares students to communicate effectively through both oral and written language comprehension and production, by offering an introduction to and practice of complicated grammatical concepts and sophisticated vocabulary terms. The course meets four hours weekly, which provides students continuing contact with the language and consistent exposure to the cultural components of language acquisition including: study of the customs and history of Spanish-speaking places, knowledge of linguistic developments, exposure to works of art, music and literary selections produced within a Hispanic context, and global awareness through knowledge of particular social and political issues affecting Spanish-speaking populations in the United States and abroad.

SPNH 277 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPNH 279 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPNH 322 - Introduction to Hispanic Literature

An introduction to literature through the reading and discussion of works from Hispanic writers representative of various periods, genres, countries and cultures. Analysis of works with attention to literary techniques and critical approaches. In Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 202 or by department permission

Previously Listed As: SPNH 222

Course Revisions: No longer offered for General Education credit, effective Summer 2013.

Last Updated: Removal from Gen Edu 3/2013, effective Summer 2013; Number and Prerequisite change 11/2012, effective Winter 2013; Gen Ed Approval 04/2012, effective Fall 2012; Links 03/2011

SPNH 343 - Spanish Grammar and Composition

Practice in writing for a variety of purposes and a systematic review of Spanish grammar. Frequent written assignments.

Credit Hours: 3 hrs

Prerequisite: SPNH 202 or department permission

Last Updated: Prerequisite change 11/2012, effective Winter 2013; 03/2011

SPNH 344 - Spanish Conversation and Composition

Emphasis on improved pronunciation, acquisition of vocabulary and idioms for daily life, frequent written compositions and the development of greater oral proficiency.

Credit Hours: 3 hrs

Prerequisite: SPNH 202 or department permission

Last Updated: Prerequisite change 11/2012, effective Winter 2013; Links 03/2011

SPNH 361 - Spanish for International Trade

This course is intended for students who already have a solid intermediate-level command of Spanish and who wish to acquire minimum professional competence in the Spanish language as it is used in the world of international business. It includes practice in various forms of business communication, both written and oral.

Credit Hours: 3 hrs

Prerequisite: SPNH 343 or department permission

Last Updated: Links 03/2011

SPNH 377 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPNH 378 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPNH 379 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPNH 388 - Internship

Provides an opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors.

Credit Hours: 1 hr

Prerequisite: Department permission

Notes: Offered on a credit/no-credit basis.

Last Updated: Links 03/2011

SPNH 401 - Advanced Readings in Spanish Literature

Students will read, analyze and discuss in class a selection of representative and challenging works of Spanish literature from a variety of genres (poetry, prose, theater), and from a variety of historical periods. Course readings will be discussed in their historical, cultural and social contexts, and with regard to related literary trends and critical theories. In Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 343 or departmental permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Course Revisions:

Course Revisions: This course will have a prerequisite change from "SPNH 343 or department permission" to "SPNH 322 or department permission," effective Winter 2013.

Last Updated: Prerequisite Change 05/2012, effective Winter 2013; Graduate Credit 07/2011; Links 03/2011

SPNH 402 - Advanced Readings in Spanish American Literature

Students will read, analyze and discuss a selection of representative and challenging works of Spanish-American literature from multiple historical periods and genres (poetry, prose, theatre). Course readings will be discussed in their historical, cultural and social contexts, and with regard to related literary trends and critical theories. In Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 343 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Course Revisions:

Course Revisions: This course will have a prerequisite change from "SPNH 343 or department permission" to "SPNH 322 or department permission," effective Winter 2013.

Last Updated: Prerequisite Change 05/2012, effective Winter 2013; Graduate Credit 07/2011; 03/2011

SPNH 411 - The Cultures of Spain

A comprehensive study of the peoples of Spain, their cultures, environment and way of life, covering the evolution of Spain's society throughout history and its current configuration, including natural and human resources, politics, economics, ethnic, linguistic and religious minorities, international relations, literature, the arts, and leisure activities.

Credit Hours: 3 hrs

Prerequisite: SPNH 343 or SPNH 344 or SPNH 361

Previously Listed As: SPNH 301

Last Updated: Number, prereqs. 07/2011; 03/2011

SPNH 412 - The Cultures of Spanish America

A comprehensive study of the peoples of Spanish America, their cultures, environment and way of life, covering the evolution of Hispanic societies in the New World and their current configuration, including natural and human resources, politics, economics, ethnic, linguistic and religious minorities, international relations, literature, the arts, and leisure activities. *In Spanish.*

Credit Hours: 3 hrs

Prerequisite: SPNH 343 or SPNH 344 or SPNH 361

Last Updated: Course Number,description, and prereqs. 07/2011; 03/2011

SPNH 420 - Introduction to Translation

Students will learn basic translation theory and its techniques and processes. They will undertake written exercises on all aspects of translation and will also translate sample documents from various professional fields, from English into Spanish and Spanish into English. The professional subject matter will change each time the course is offered.

Credit Hours: 3 hrs

Prerequisite: SPNH 343, SPNH 344, SPNH 443, and department permission

Concurrent Prerequisite: SPNH 443

Last Updated: New Course 07/2011

SPNH 423 - Hispanic Linguistics

Introduction of the core components of Spanish linguistics, including the sound system (phonetics and phonology), word formation (morphology), formation of phrases and sentences (syntax), the use of the language to convey meaning (semantics and pragmatics), the history of the language and regional and social varieties of Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 343, SPNH 344, and Departmental Permission.

Notes: In Spanish

Previously Listed As: SPNH 422

Last Updated: Number Change 08/2011, effective Winter 2012; Departmental Permission 7/26/2011; Created 7/22/2011

SPNH 430 - Spanish Phonetics and Phonology

Introduction to the sounds of Spanish: their place and manner of articulation (phonetics) as well as how they pattern with respect to each other and are influenced by morphological and syntactic factors (phonology). Practice in transcription. Comparisons are made between English and Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 343, SPNH 344, and Departmental Permission.

Notes: In Spanish

Last Updated: Departmental Permission 7/26/11; Created 7/22/2011

SPNH 443 - Advanced Spanish Grammar and Composition

Extensive written practice for a variety of purposes integrating advanced grammatic structures. Frequent written assignments.

Credit Hours: 3 hrs

Prerequisite: SPNH 343 and SPNH 344 or department permission

Last Updated: Links 03/2011

SPNH 444 - Advanced Spanish Conversation and Composition

Emphasis on greater oral facility, acquisition of additional vocabulary and idioms, advanced sentence structures and frequent written compositions.

Credit Hours: 3 hrs

Prerequisite: SPNH 343 and SPNH 344 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; 03/2011

SPNH 445 - Spanish-American Prose

A study of selected topics in Spanish-American literature. May be repeated for credit if the material of the course is in another area. In Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 402 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; 03/2011

SPNH 446 - Business Spanish I

Required of students majoring in business Spanish. Practice with Spanish commercial correspondence, translation of Spanish business documents and reading of foreign periodical publications on economics and international trade. An overview of international economic organizations and trade agreements related to Spanish-speaking countries and a review of existing bibliography on commercial Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 361 or department permission

Last Updated: Title Change, 9/2012 effective Winter 2013

SPNH 447 - Business Spanish II

Continuation of Business Spanish I. Required of students majoring in Business Spanish. Practice with Spanish commercial correspondence, translation of Spanish business documents and reading of foreign periodical publications on economics and international trade. An overview of international economic organizations and trade agreements related to Spanish-speaking countries and a review of existing bibliography on commercial Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 446 or department permission

Last Updated: Description and Prerequisite Change 09/2012, effective Winter 2013

SPNH 448 - Modern Drama

The development of modern Spanish drama and its various types. Works of the principal dramatists of the 19th and 20th centuries. In Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 401 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; 03/2011

SPNH 449 - Romanticism

A study of the major works of Hispanic Romanticism.

Credit Hours: 3 hrs

Prerequisite: SPNH 401 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Notes: In Spanish.

Last Updated: Graduate Credit 07/2011; 03/2011

SPNH 450 - Spanish-American Theatre

A study of the theatre in Spanish America from its beginning to the present. In Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 402 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; 03/2011

SPNH 454 - Modernism in Spanish America

A survey of the literary movement known as "modernismo" in the literature of Spanish America. In Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 402 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; 03/2011

SPNH 455 - The Generation of 1898

A study of the works of the main authors of the generation of 1898, from Unamuno to Ortega y Gasset. In Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 401 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; 03/2011

SPNH 456 - Scientific and Technical Spanish I

Study of the fundamental Spanish terminology required for scientific and technical contexts, including basic vocabulary for mathematics, geometry and physics. In-depth study of at least one scientific or technical field (e.g., automobile industry, automated processes). Students will explore the vocabulary and resources in their chosen fields.

Credit Hours: 3 hrs

Prerequisite: SPNH 343 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPNH 457 - Scientific and Technical Spanish II

Study of the fundamental Spanish terminology required for scientific and technical contexts, including basic vocabulary for computers, chemistry and biology. In-depth study of at least one scientific or technical field (e.g., data processing, nutrition). Students will explore the vocabulary and resources in their chosen fields.

Credit Hours: 3 hrs

Prerequisite: SPNH 456 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPNH 463 - Don Quixote

The universal qualities of both the book and its author, as well as their relation to Spanish life and literature of the period. In Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 401 or department permission

Last Updated: 03/2011

SPNH 464 - Drama of the Golden Age

The drama of the 16th and 17th centuries. Works of the major authors will be read and discussed. In Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 401 or department permission

Last Updated: 03/2011

SPNH 465 - Modern Novel

Study of the development of the modern novel in Spain during the 19th and 20th centuries. Representative novels will be read and discussed. In Spanish.

Credit Hours: 3 hrs

Prerequisite: SPNH 401 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; 03/2011

SPNH 467 - Introduction to Spanish Interpretation

Introductory course in consecutive interpreting for the professions. Compare modes of express of expression and introduce theoretical aspects and practical techniques of interpreting using simulations. Students interpret from English to Spanish and from Spanish to English. Professional area changes each time offered. Students also do a field project and write a research paper on an aspect of interpreting.

Credit Hours: 3 hrs

Prerequisite: SPNH 443

Last Updated: New Course 11/2012, effective Winter 2013

SPNH 471 - Culture and Literature of the Hispanic Groups in the United States

A study of the cultures of the major Hispanic groups in the U.S. The study of representative literary works is intended to lead to an increased appreciation of the cultural roots and current life styles of these groups. In Spanish. A minimum of 24 hours of field experience required.

Credit Hours: 3 hrs

Prerequisite: SPNH 322, or Department Permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Course Revisions:

Last Updated: rerequisite added 11/2012, effective Winter 2013; Graduate Credit 07/2011

SPNH 477 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPNH 478 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

SPNH 479 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPNH 482 - Language of the Hispanic Groups in the United States

A survey of present-day social and regional variations in the Spanish spoken in the U.S. and the historical background of these variations. In Spanish. A minimum of 24 hours of field experience required.

Credit Hours: 3 hrs

Prerequisite: An introductory course in linguistics or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPNH 488 - Internship

Provides an opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors.

Credit Hours: 2 hrs

Prerequisite: Department permission

Notes: Offered on a credit/no-credit basis

Last Updated: Links 03/2011

SPNH 489 - Internship

Provides an opportunity for the student to extend theoretical classroom learning through working experience in an appropriate setting. Field experience will be supplemented by regular meetings with the faculty supervisors.

Credit Hours: 3 hrs

Prerequisite: Department permission

Notes: Offered on a credit/no-credit basis.

Last Updated: Links 03/2011

SPNH 490 - Intensive Spanish

An intensive linguistic and cultural immersion experience of at least six weeks' duration in a Spanish-speaking country. Instruction at many different levels. May be repeated for credit. In Spanish.

Credit Hours: 6 hrs

SPNH 497 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPNH 498 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 2 hrs

TESOL

TSLN 330 - TESOL Methodology: Literacy

This course teaches recent literacy theory and its application to pedagogy, including research-based concepts of literacy and their relationship to practical aspects of language acquisition. The course builds teacher candidates' understanding of language and literacy development with an emphasis on teaching English to speakers of other languages.

Credit Hours: 3 hrs

Prerequisite: LNGE 325

Last Updated: Links 03/2011

TSLN 332 - Methodology: Listening and Speaking

This course connects recent language theory and research-based concepts of the teaching of oral/aural language to practical aspects of language acquisition and teaching. The course builds teacher candidates' understanding of oral/aural language development with an emphasis on teaching English to speakers of other languages.

Credit Hours: 3 hrs

Prerequisite: LNGE 325

Last Updated: Links 03/2011

TSLN 410 - TESOL Methodology: Content-Based Approaches

This course focuses on applying principles of English language instruction within content courses. Emphasis is placed on teaching students to use research-based methods of teaching language components (i.e. grammar, vocabulary and pronunciation)

and integrating the 4-skills (listening, speaking, reading and writing) with teaching specific content (e.g. science, social studies).

Credit Hours: 3 hrs

Prerequisite: TSLN 330 and TSLN 332

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

TSLN 420 - SLA Testing and Assessment

This course teaches students the basics of testing English speakers of other languages (ESOL) based on current second language acquisition theory, reviews existing tests used with ESOL students, develops tests and alternative assessments for ESOL students, and practices administering ESOL test used in public schools.

Credit Hours: 3 hrs

Prerequisite: TSLN 330 and TSLN 332

Concurrent Prerequisite: TSLN 410

Last Updated: Links 03/2011

TSLN 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

TSLN 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

TSLN 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

TSLN 497 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 1 hr

Prerequisite: department permission

TSLN 498 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 2 hrs

Prerequisite: department permission

TSLN 499 - Independent Study

Advanced study on an individual research basis in areas not covered in formal course work.

Credit Hours: 3 hrs

Interdisciplinary Programs

Interdisciplinary Programs

Major

Communication Technology Major

Revised Program, Effective Fall 2013

Communication Technology is a joint program offered by the School of Technology Studies and the Department of Communication, Media and Theatre Arts. This curriculum is designed to provide the background necessary for graduates to find employment as managers in communication-based industries. The program emphasis is on having the student acquire those business, manufacturing, media, computer and communication skills necessary for employment in today's communication technology industries and business organizations.

An active articulation agreement exists between this program and a community college. To see a complete list of current colleges with program articulation agreements with EMU, please click [here](#).

School of Technology Studies Information:

Matthew Evett

School Director (I)

122 Sill Hall
(734) 487-1161
mevett@emich.edu

Communication, Media and Theatre Arts Department Information:

Interim Department Head: Kathleen Stacey

Department Contact: kstacey@emich.edu

Website: <http://www.emich.edu/cta/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 65 hours

Media Production: 9 hours

- CTAT 130 - Introduction to Electronic Media 3 hrs
- CTAT 141 - Audio and Video Production for Nonmajors 3 hrs

One course from the following:

- CTAT 331 - Intermediate Radio Production and direction 3 hrs
- CTAT 332 - Intermediate Television Production and Direction 3 hrs

Transmission Systems: 9 hours

- CMT 305W - Communication Transmission Systems (Gen Ed Area I, W) 3 hrs
- CMT 408 - Telephone Technology 3 hrs
- ELEC 120 - Principles of Electrical Theory 3 hrs

Computer Technology: 12 hours

Choose one option from the following:

Option I: Computer Programming

- COSC 111 - Introduction to Programming 3 hrs
- COSC 211 - Programming Data Structures 3 hrs

Pick One Course Group

Pick one course group from the following two choices

- COSC 146 - Applied Programming 3 hrs
&
- COSC 206 - Applied Programming II 3 hrs
or
- COSC 221 - Computer Organization I 3 hrs
&
- COSC 231 - Internet-based Computing 3 hrs

Option II: Information Management

- IS 215 - End-User Computing 3 hrs
- IS 247 - Introduction to Web Application Development 3 hrs
- IS 320 - Business Data Communications and Information Security 3 hrs
- IS 380 - Introduction to Databases 3 hrs

One course from the following:

- IS 417 - Systems Analysis and Design 3 hrs
- IS 442 - Information Resource Management 3 hrs

Option III: Graphic Applications

- CMT 205 - Digital Photo-Technology 3 hrs
- CMT 301 - Multimedia Authoring Techniques 3 hrs
- CMT 421 - Web Publishing Technology 3 hrs
- CMT 427 - Digital Imaging and Reproduction 3 hrs

Communication Theory and Practice: 6 hours

- CTAC 227 - Interpersonal Communication (Gen Ed Area IV) 3 hrs
- CTAC 354 - Organizational Communication 3 hrs

Business and Investment Skills: 6 hours

- MKTG 360 - Principles of Marketing 3 hrs
- PSY 205 - Quantitative Methods in Psychology 3 hrs

Management Skills: 6 hours

- ACC 130 - Accounting for Nonbusiness Majors 3 hrs
- CMT 336 - Electronic Publishing Technology 3 hrs

Interdisciplinary Technology: 17 hours

- CMT 121 - Graphic Communication 3 hrs
- CMT 131 - Introduction to Computer Graphic Systems 3 hrs
- CMT 387 - Co-operative Education 3 hrs
- CMT 409 - Emerging Technologies in Storage and Retrieval 3 hrs
- CMT 425 - Communication Technology and Social Change 3 hrs
- CMT 470 - Senior Seminar in Communication Technology 2 hrs

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Interdisciplinary Environmental Science and Society (IESS)

Program Revised, Effective Fall 2013

The Interdisciplinary Environmental Science and Society (IESS) program is an interdisciplinary program designed to provide broad knowledge of the interaction between humans and the environment from various points of view. Students can tailor their curriculum by following one of several concentrations and sub-concentrations to gain a deeper understanding of an environmental issue depending on their interest. Currently, concentrations in *Environmental Science* and *Environment and Society* are available, but more can be developed in the future. All IESS students will learn how population growth and increased economic activity affect our environment and how GIS can be used as a tool to present environmental data. Students choosing the *Environmental Science* concentration learn the concepts needed to understand the "Grand Challenges in Environmental Science" as identified by the National Academies of Science including biodiversity and ecosystem functioning, climate variability, hydrologic forecasting, land-use dynamics, and biogeochemical cycles. Students choosing the *Environment and Society* concentration learn how environmental policies and regulations have economic, political, and social impacts.

Students completing the program will be competitive to enter careers such as environmental technician, environmental advocate, hydrologist, resource manager, and environmental lobbyist. Research institutions, regulatory agencies, nonprofit organizations, and consulting firms will be the main source of employment for graduates of the program. Although, as with many science baccalaureate degrees, many of the jobs available to students who complete the *Environmental Science* concentration are entry-level, experience and graduate work can allow students to advance to environmental management positions. The environmental science degree, in consultation with an advisor, prepares students to enter a graduate degree or graduate certificate program in a specific environmental science such as atmospheric scientist, ecologist, or hydrogeologist.

General Education Requirements:

For specific requirements refer to the General Education Program.

ureinhard@emich.edu
(734) 487 - 4398

Required Core Courses: 32-34 hours

- ENVI 105 - Introduction to Environment and Society 3 hrs
- ENVI 305 - Current Topics in Environmental Science and Society 3 hrs
- ENVI 405 - Capstone Seminar 1 hr
- GEOG 276 - Principles of Geographic Information Systems 3 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- PHIL 229 - Environmental Ethics (Gen Ed Area IV) 3 hrs

One of the following:

- BIO 107 - Introduction to Environmental Science (Gen Ed Area III) 3 hrs
- ESSC 107 - Introduction to Environmental Science (Gen Ed Area III) 3 hrs

One of the following:

- * BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 226 - Global Ecology and the Environment 4 hrs

One of the following:

- CHEM 115 - Chemistry and Society (Gen Ed Area IV) 3 hrs
AND
 - CHEM 116 - Chemistry and Society Laboratory (Gen Ed Area IV) 1 hr
- OR**
- * CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
AND
 - * CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr

One of the following:

- ESSC 108 - Earth Science for Nonscience Majors (Gen Ed Area IV) 3 hrs
AND
 - ESSC 109 - Earth Science Laboratory for Non-Science Majors (Gen Ed Area IV) 1 hr
- OR**
- * ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs

Choose a Concentration:

Students must choose from either the Environmental Science concentration or the Environment and Society concentration.

Environmental Science Concentration: 45-58 hours

Students choose an emphasis from the list below. Students must complete all the requirements of the emphasis chosen.

Atmosphere and Climate Emphasis

Environmental Biology Emphasis

Environmental Chemistry Emphasis

Environmental Geoscience Emphasis

Environmental Hydrology Emphasis

Environment and Society Concentration: 30 hours

Required Concentration Courses: 15 hours

- ESSC 495 - Environmental Assessment and Planning 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- HIST 416 - American Environmental History 3 hrs
- LAW 456 - Environmental Law 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs

Concentration Electives: 15 hours

Students choose 5 courses from the following:

- ECON 336 - Economics of Environment and Natural Resources 3 hrs
- ENGL 310 - Writing and Civic Literacy 3 hrs
- GEOG 150 - Thinking Sustainably (Gen Ed Area III) 3 hrs
- PHIL 224 - Ethics and Food (Gen Ed Area IV) 3 hrs
- PHIL 429W - Topics in Environmental Philosophy 3 hrs
- PLSC 336 - Foundations of the U.S. Nonprofit Sector 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 435 - Nonprofit Management and Leadership 3 hrs

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Minor Requirements:

This major does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Interdisciplinary Major in Children's Literature and Drama/Theatre for the Young

English Language and Literature Department Information:

Department Head: Mary K. Ramsey
 Department Contact: mr Ramsey6@emich.edu
 Website: <http://www.emich.edu/english/>

Advisor Information:

Program Advisor: Annette Wannamaker
 Phone: 734.487.4220
 Email: awannamak@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 36 hours

Required Courses: 21 hours

- * CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- * CHL 208 - Multicultural Children's Literature (Gen Ed Area III) 3 hrs
- CTAR 327 - Plays for the Young 3 hrs

One course from the following:

- CHL 351 - World Mythology 3 hrs
- CHL 352 - Folk Literature: Ballads and Folk Tales 3 hrs

One course from the following:

- CHL 450W - Children's Literature: Criticism and Response (Gen Ed Area I, W) 3 hrs
- CHL 451W - Writing about Controversy in Literature for the Young (Gen Ed Area I, W) 3 hrs

One course from the following:

- * CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs

One course from the following:

- CTAR 322 - Theatre for Children 3 hrs
- CTAR 324 - Oral Interpretation of Children's Literature 3 hrs

Restricted Elective Courses: 15 hours

Courses not chosen to fulfill program requirements above may be taken as restricted electives.

Occasionally special topics courses may be offered (such as children's film, storytelling, or puppetry) which may be substituted for a restricted elective with departmental permission. Qualified seniors may, with an advisors permission, substitute appropriate 500- level course.

- CHL 137 - Harry Potter: Literary Allusion, Children's Literature and Popular Culture (Gen Ed Area IV) 3 hrs
- CHL 209 - Global Children's Literature (Gen Ed Area III) 3 hrs
- CHL 351 - World Mythology 3 hrs
- CHL 352 - Folk Literature: Ballads and Folk Tales 3 hrs
- CHL 353 - Genders and Sexualities in Literature for Young Readers 3 hrs
- CHL 450W - Children's Literature: Criticism and Response (Gen Ed Area I, W) 3 hrs
- CHL 451W - Writing about Controversy in Literature for the Young (Gen Ed Area I, W) 3 hrs
- CHL 453 - Illustrated Texts: Picture Books, Comics, and Graphic Novels 3 hrs
- CHL 455 - Adolescent Literature 3 hrs
- CHL 456 - Jewish Children's and Adolescent Literature 3 hrs
- CHL 497 - Independent Study 1 hr
- CHL 498 - Independent Study 2 hrs
- CHL 499 - Independent Study 3 hrs
- * CTAO 210 - Interpretative Reading (Gen Ed Area IV) 3 hrs
- * CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
- CTAR 322 - Theatre for Children 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs
- CTAR 324 - Oral Interpretation of Children's Literature 3 hrs
- CTAR 326 - Drama/Theatre for Persons with Disabilities 2 hrs
- CTAR 327 - Plays for the Young 3 hrs
- CTAR 329 - Performing Theatre for the Young 3 hrs
- CTAR 497 - Independent Study 1 hr
- CTAR 498 - Independent Study 2 hrs
- CTAR 499 - Independent Study 3 hrs

Capstone Experience

At the conclusion of the program, the students will submit a portfolio of three papers/projects/performances which the student believes are representative of his/her best work produced for the major. By the middle of the student's final semester, he/she will consult with his/her advisor about the materials to be submitted and the date that they are due. All materials must be submitted at

least on month prior to the close of the semester in question. This portfolio will be evaluated by a committee composed of members of the English Department's Children's Literature faculty and Drama/Theatre for the Young faculty from the Department of Communication, Media and Theatre Arts. Portfolios will be maintained by the Children's Literature faculty. Students whose portfolios are found to be deficient will be asked to make up that deficiency and submit new materials.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Accounting and Finance Programs

Accounting and Finance

Major

Accounting Information Systems Major

Accounting information systems is a four-year program designed to provide a bachelor's degree with a concentration in accounting and computer information systems. The program combines the course work required for a degree in accounting with several computer information systems courses.

Eastern Michigan University is one of only a few universities in the country offering this unique degree. Accounting information systems majors who obtain this degree are well prepared for careers in a dynamic and ever-changing environment, where knowledge of both accounting and computer information systems is mandatory. Possible career choices include computer systems design, computer assurance services, computer security analysis, internal auditing, public accounting, nonprofit accounting and strategic managerial accounting.

Upon graduation, accounting information systems majors who plan to become certified public accountants, certified management accountants, certified internal auditors or certified information systems auditors can qualify to sit for national certification examinations. In Michigan, CPA candidates can qualify to sit for the exam upon graduation, but they need 150 hours of education for licensure in Michigan. However, many states require CPA candidates to have earned 150 hours of credit, or possibly a master's degree, before sitting for the exam. Be sure you know the requirements for your state.

The general requirements for the bachelor of business administration degree, the academic major requirements below and sufficient electives to meet the minimum of 124 hours for graduation, must be completed.

Accounting and Finance Department Information:

Interim Department Head: Zafar Khan
Department Contact: zkhan@emich.edu
Website: www.acccfin.emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

Business Foundation: 36 Hours

Catalog Correction: All courses must be completed with a minimum earned grade of C- (C required for transfer courses) in each

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs

Major Requirements: 69 hours

Business Core: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- * MGMT 490 - Business Policy 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

Discipline: 33 hours

- ACC 296 - The Accounting Cycle and Profession 3 hrs
- ACC 340 - Intermediate Accounting 3 hrs
- ACC 342 - Managerial Cost Accounting 3 hrs
- ACC 344 - Principles of Taxation 3 hrs
- ACC 356 - Accounting Information Systems 3 hrs
- ACC 496W - Financial Management and Controllorship (Gen Ed Area I, W) 3 hrs
- ACC 548 - Information Systems Audit and Control 3 hrs
- IS 247 - Introduction to Web Application Development 3 hrs
- IS 315 - Object-Oriented Application Development 3 hrs
- IS 320 - Business Data Communications and Information Security 3 hrs

One course from the following:

Choose one course from the following; however permission is needed to take IS 380.

- ACC 510 - Contemporary Accounting Information Systems 3 hrs
- IS 380 - Introduction to Databases 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Notes:

. All 200-level core courses listed above must be completed prior to admission to the College of Business.

** All 300-level core courses listed above must be completed before enrollment in MGMT 490 - Business Policy.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a

minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Accounting Major

Students majoring in accounting develop competencies necessary for professional careers in:

Controllership and Financial Management in Industry, which may lead to careers as Certified Management Accountants (CMA). Managerial accountants perform tasks within a business, such as strategic cost management, performance measurement, budget analysis and internal and operational auditing. The strategic managerial accountant generates and interprets operating and financial data that help management make decisions.

Internal Auditing, which may lead to careers as Certified Internal Auditors (CIA). Internal auditors are engaged within large corporations to provide independent objective assurance and consulting activities designed to add value and improve an organization's operations.

Public and Nonprofit Sector Accounting, which may lead to careers as Certified Government Financial Managers (CGFM). Government accountants work in federal, state and local governmental entities to provide information and accountability to

taxpayers and other resource providers. Accountants in nonprofit organizations provide similar information to donors, grantors and other resource providers.

Through an optional internship program, students with good academic records have an opportunity to work in public accounting or industry. These paid (at market wages) internships provide education, exposure to professionals and opportunities to network.

Upon graduation, accounting majors who plan to become Certified Public Accountants (CPA), Certified Management Accountants (CMA) or Certified Internal Auditors (CIA) can qualify to sit for national certification examinations. In Michigan, CPA candidates can qualify to sit for the exam upon graduation, but they need 150 hours of education for licensure. However, many states require CPA candidates to have earned 150 hours of credit, or possibly a master's degree, before sitting for the exam. Be sure you know the requirements for your state.

The general requirements for the bachelor of business administration degree, the academic major requirements below and sufficient electives to meet the minimum of 124 hours for graduation, must be completed.

- ACC 510 - Contemporary Accounting Information Systems 3 hrs
- ACC 511 - Accounting for E-Commerce 3 hrs
- ACC 540 - Corporate Financial Reporting 3 hrs
- ACC 541 - Advanced Financial Accounting 3 hrs
- * ACC 546 - Public and Nonprofit Sector Accounting 3 hrs
- ACC 548 - Information Systems Audit and Control 3 hrs
- ACC 560 - Fraud Examination 3 hrs
- ACC 584 - Tax Research Methods, Practice and Problems 3 hrs

- ACC 585 - Business Tax Planning 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Note:

All 200-level core courses listed above must be completed prior to admission to the College of Business.

** Students who intend to sit for the CPA examination in Michigan must elect ACC 546 - Public and Nonprofit Sector Accounting and should consider the MSA graduate program as ACC 540, ACC 546 and ACC 567 should be taken at a minimum, in order to sit for the CPA exam.*

*** FIN 350, MGMT 386 and MKTG 360 must be completed before enrollment in MGMT 490 - Business Policy.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Bachelor's-Master's Degree in Accounting

This combined degree program prepares students for careers in public accounting, industry and governmental and nonprofit entities. CPA candidates must have completed 150 hours of education before being admitted as members of the American Institute of Certified Public Accountants and to be licensed in most states.

Admission Requirements

Following are the minimal standards for admission to the combined B.B.A and M.S.A. degree program in accounting. Generally, each item should be satisfied, though the candidate's overall record is considered. Transfer credits and grades will be evaluated in terms of Eastern Michigan University equivalency.

Initial admission is dependent on:

1. completion of 90 hours of undergraduate course work including College of Business requirements, General Education requirements and ACC 340 - Intermediate Accounting;
2. a cumulative GPA of 3.0 on a 4.0 scale;
3. the candidate's written statement of personal goals; and
4. an interview with the program advisor.

Admission to the graduate level requires:

1. completion of 120 hours of undergraduate course work including course content noted under initial admission above and the undergraduate components (i.e., required and restricted electives);
2. a GMAT score of 500 or higher or GRE score of 306 or higher (must be taken during the fourth year, so that the candidate's score is received before admission to the fifth year)
3. a cumulative G.P.A. of 3.0 or a 4.0 scale; and
4. completed application and payment of fee to the Graduate School.

Candidates should apply to the graduate program at the beginning of their senior year and take the Graduate Management Admission Test (GMAT) during that same year.

- DS 265 - Business Statistics I 3 hrs
- * FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- * MGMT 386 - Organizational Behavior and Theory 3 hrs
- * MGMT 490 - Business Policy 3 hrs
- * MKTG 360 - Principles of Marketing 3 hrs

- OM 374 - Introduction to Operations Management 3 hrs

Discipline: 24 hours

Required Courses: 12 hours

- FIN 354 - Investments 3 hrs
- FIN 357 - Financial Markets and Institutions 3 hrs
- FIN 359 - Intermediate Financial Theory 3 hrs
- FIN 450W - Problems in Financial Management (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 12 hours

Twelve hours from the following:

- ACC 358 - Analysis of Financial Statements 3 hrs
- ECON 445W - Economic Fluctuations and Forecasting 3 hrs
- FIN 352 - Financial Management for Entrepreneurs 3 hrs
- FIN 370 - International Business Finance 3 hrs
- FIN 451 - Introduction to Speculative Markets 3 hrs
- FIN 453 - Commercial Banking 3 hrs
- FIN 454 - Mortgage Banking 3 hrs
- FIN 479 - Special Topics 3 hrs

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

All 200-level core courses listed above must be completed prior to admission to the College of Business.

** FIN 350, MGMT 386 and MKTG 360 must be completed before enrollment in MGMT 490 - Business Policy.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Accounting Minor - (For nonbusiness majors)

Accounting and Finance Department Information:

Interim Department Head: Zafar Khan
 Department Contact: zkhan@emich.edu
 Website: www.accfin.emich.edu

Required Courses: 18 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- ACC 296 - The Accounting Cycle and Profession 3 hrs
- ACC 340 - Intermediate Accounting 3 hrs
- ACC 342 - Managerial Cost Accounting 3 hrs
- ACC 356 - Accounting Information Systems 3 hrs

Restricted Elective Course: 3 hours

One course from the following:

- ACC 344 - Principles of Taxation 3 hrs
- ACC 442 - Advanced Cost Accounting 3 hrs
- ACC 450 - Internal Auditing 3 hrs
- ACC 475 - International Accounting 3 hrs
- ACC 479 - Special Topics 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Students pursuing a COB minor must have a minimum cumulative GPA of 2.0 to enroll in 300/400 Business classes.

Students must be of junior status (completion of 56 credit hours) to enroll in 300/400 Business classes.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

Computer Information Systems Programs and Courses

Computer Information Systems

Major

Computer Information Systems Major

The CIS program provides a learning environment where the students design, develop and deploy a wide range of integrated, end-to-end business applications and services in order to enable small, medium and large organizations to become more connected with customers, employees, partners and suppliers. Students learn about interoperability and explore road maps with products and technologies such as instant messaging, live communications, workflows and portals. Students also learn how to integrate the organizations' applications and processes, how to perform business-to-business communications and how to develop comprehensive and reliable e-business solutions.

Computer Information Systems Department Information:

Interim Department Head: La Verne Higgins, Associate Dean

Department Contact: lhiggins@emich.edu

Website: www.cis.emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

Business Foundation: 36 Hours

Catalog Correction: All courses must be completed with a minimum earned grade of C- (C required for transfer courses) in each

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- IS 215 - End-User Computing 3 hrs

- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs

Major Requirements: 66 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs

- * MGMT 490 - Business Policy 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

Discipline: 30 hours

- IS 247 - Introduction to Web Application Development 3 hrs
- IS 315 - Object-Oriented Application Development 3 hrs
- IS 320 - Business Data Communications and Information Security 3 hrs
- IS 380 - Introduction to Databases 3 hrs
- IS 413 - IT Infrastructure and Network Security 3 hrs
- IS 417 - Systems Analysis and Design 3 hrs
- IS 421 - Enterprise Database Application 3 hrs
- IS 425 - IS Project and Risk Management 3 hrs
- IS 449W - Information Systems Integration (Gen Ed Area I, W) 3 hrs

One course from the following:

- IS 350 - Enterprise Resource Planning 3 hrs
- IS 410 - Business Intelligence 3 hrs
- IS 416 - System Software Administration 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options. All 200-level core courses listed above must be completed prior to admission to the College of Business.

** All 300-level core courses listed above must be completed before enrollment in MGMT 490 - Business Policy.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Information Security

IS 439 - Search Marketing Practicum

Students will manage a Non-Profit's Adwords campaign and analyze account performance using Google Analytics. They will develop an online professional Networking presence using a personal blog, Twitter, LinkedIn and Google+ to gain direct experience using online social networking to gain search visibility. Successful students may qualify for professional certification.

Credit Hours: 3 hrs

Prerequisite: IS 239 and department permission

Class Restrictions: All Undergraduates, Second Bacc

Terms Offered: Course Rotation Schedules

Last Updated: New Course 05/2012, effective Winter 2013

Information Systems

IS 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 215 - End-User Computing

Computers are being used more extensively by managers and professionals. This revolution is known by the name "End-User Computing" or EUC. Students learn traditional information systems, and business problem-solving. In addition, a wide-range of applications including decision support systems, executive information systems, Non-clerical Office Automation, Data Communications, and local area networks, are covered. These applications cover all the functional areas of businesses. Course work includes conceptual material as well as laboratory material.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 215

Last Updated: Links 07/2011

IS 219 - File Processing and COBOL Programming

COBOL programming is an important skill for business application developers. In this class, students will learn to program in COBOL while also learning the basic algorithms for producing reports with multiple control breaks and for processing sequential and random files. All students will design, write, debug and test COBOL programs using good design techniques and software engineering principles. Intended for computer information systems majors and others.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 219

Last Updated: Links 07/2011

IS 239 - Google AdWords and Web Page Design

In this course students learn how to manage a significant search engine advertising budget. In particular, the course teaches students the fundamentals of business search visibility and web page design to capitalize on search driven traffic to web sites.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 247 - Introduction to Web Application Development

This course introduces students to the tools and techniques used for building Web-based applications. Students will gain an understanding in the fundamental workings of the Web. Students will be taught how to develop Web applications using client-side tools such as HTML and JavaScript and server-side tools such as ASP.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules
Previously Listed As: ORI 247
Last Updated: Links 07/2011

IS 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

IS 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

IS 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

IS 280 - Introduction to Expert Systems in Business

This course covers concepts of decision support systems and expert systems as they are applied to practical business problems. Students will learn methods of artificial intelligence and decision analysis, and gain practical experience using DSS and AI software tools for designing business solutions.

Credit Hours: 3 hrs
Prerequisite: IS 215
Terms Offered: Course Rotation Schedules
Previously Listed As: ORI 280
Last Updated: Links 04/2011

IS 315 - Object-Oriented Application Development

This course provides an introduction to object-oriented programming. The course uses an application driven and step-by-step tutorial approach to teach students the basics of programming. It enables students to create applications and components ranging from services, business objects to system-level applications. The course gives students the foundation in programming principles.

Credit Hours: 3 hrs

Prerequisite: IS 215

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 315, CSC 239, ORI 415

Last Updated: Prerequisite Change 01/2012, effective Winter 2012; Links 04/2011

IS 320 - Business Data Communications and Information Security

This course discusses the technologies and applications of data communications, computer networking, and information security. Topics include communications standards, network operating systems, planning and operation of organizational data communication networks, information security, as well as management and control of servers and wireless systems. This course also discusses information security to ensure confidentiality, integrity, availability and authorized use of the system.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

Terms Offered: Course Rotation Schedules

Previously Listed As: IS 420, ORI 420

Last Updated: Links 07/2011

IS 339 - Google Analytics and Landing Page Optimization

This course is the second of two courses in a sequence with the following goal: To help you achieve mastery of the algorithmic business models that dominate the web today, the most important of which are search and search marketing. To that end, this particular course focuses on optimizing landing pages for targeted search engine marketing campaigns using Google AdWords.

Credit Hours: 3 hrs

Prerequisite: (IS 239 or IS 279 or IS 247) or permission of the instructor

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

IS 350 - Enterprise Resource Planning

This course facilitates students to understand what an enterprise resource planning (ERP) system is and how the ERP system can be used for an organization. Students will learn how to configure ERP systems. Also, students will learn how to build an ERP system similar to those found in industry.

Credit Hours: 3 hrs

Prerequisite: IS 215

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

IS 375 - Advanced Software Design and Programming

Software development methods and tools are constantly changing, and it is imperative that developers keep up with recent trends. This course concentrates on creating real-world programs using the latest tools and techniques. Students will gain practical experience in various aspects of programming, including graphic interfaces, database manipulation, object-oriented techniques and internetworking. In this project-oriented course students will be exposed to modern development environments, and will build on the skills learned in the earlier programming classes.

Credit Hours: 3 hrs

Prerequisite: IS 315

Terms Offered: Course Rotation Schedules
Previously Listed As: ORI 375
Last Updated: Links 04/2011

IS 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

IS 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hr
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

IS 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

IS 380 - Introduction to Databases

This course covers basic concepts of database design and implementation, primarily focusing on desktop database applications. This is a hands-on, practical course concentrating on use of desktop DBMS software. Topics covered include: overview of data models, introduction to SQL and QBE, practical applications of database technology.

Credit Hours: 3 hrs
Prerequisite: IS 215
Terms Offered: Course Rotation Schedules
Previously Listed As: ORI 380, ORI 419
Last Updated: Links 04/2011

IS 387 - Cooperative Education in Information Systems

Four months of full-time employment at a business or public organization to impart practical experience in computer information systems disciplines.

Credit Hours: 3 hrs

Prerequisite: Completion of three hours in computer information systems area and department permission

Notes: Admittance by application only. Offered on a credit/no-credit basis. For general elective credit only

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 410 - Business Intelligence

Business intelligence is the user-centered iterative process of accessing data (ideally stored in the data warehouse) and analyzing it to derive insights, draw conclusions and communicate finding that support an enterprise's decision-making processes. This course includes topics that discuss technologies and applications for front-end analytical tools, on-report analysis, ad hoc query and reporting, data warehouse, online analytical processing, enterprise portals, data visualization and data mining.

Credit Hours: 3 hrs

Prerequisite: IS 380 or IS 215 and department permission

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 410

Last Updated: Links 04/2011

IS 413 - IT Infrastructure and Network Security

This course examines the network infrastructure security to ensure confidentiality, integrity, availability and authorized use of network. It explores conceptual, and technological aspects of network infrastructure and security. The services and technologies presented in the course include activity directory, web application servers, messaging, and wireless services and technologies. Security issues such as security protocols, cryptographic systems, router, intrusion detection/prevention systems, and firewalls are also discussed.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 413

Last Updated: Links 07/2011

IS 416 - System Software Administration

This course introduces students to the features and capabilities of a multi-user operating system through "hands-on" exercises. Topics include: functions of an operating system, operating system commands, filters, pipes, redirection, file system structure, text editors, file processing, file security, shells, Internet communication and file transfers, shell programming and system administration.

Credit Hours: 3 hrs

Prerequisite: IS 247 and IS 320

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

IS 417 - Systems Analysis and Design

This course introduces students to processes, principles, guidelines, tools and techniques for systems analysis and design of information systems. Topics include information systems development life cycle, requirements gathering, methods and techniques for system modeling, user interface design and tools for automation of the system analysis and design. The major thrust of the course is to aid the communication process that must take place between the system developers and users. This is facilitated by the use of projects as a vehicle for effectively communicating the content of this course.

Credit Hours: 3 hrs
Prerequisite: IS 315
Terms Offered: Course Rotation Schedules
Previously Listed As: ORI 417
Last Updated: Links 04/2011

IS 421 - Enterprise Database Application

This course covers advanced SQL, normalization, detailed discussion of relational data models, hierarchical models and network models, client server databases (front-end and back-end), distributed DBMS and data warehousing. It involves intensive use of advanced DBMS tools.

Credit Hours: 3 hrs
Prerequisite: IS 247 and IS 380
Terms Offered: Course Rotation Schedules
Previously Listed As: ORI 421
Last Updated: Links 04/2011

IS 425 - IS Project and Risk Management

This course introduces concepts and practices in project management, information technology governance and risk assessment. Topics covered range from planning and selection of project, scheduling tasks, allocating resources, monitoring progress and ensuring on-time delivery, within budget, to on-target in meeting the requirements. Topics include risk management, risk assessment, risk reduction, and risk transfer, privacy and ethical issues.

Credit Hours: 3 hrs
Class Restrictions: Sophomore standing
Terms Offered: Course Rotation Schedules
Previously Listed As: ORI 425
Last Updated: Links 07/2011

IS 426 - Advanced Structured COBOL Programming

Students work in teams developing integrated information systems in structured COBOL. Searches, reporting, subprograms, random files, indexed sequential files, various sorting routines, debugging techniques, programming style, optimization techniques, structured and modular programming concepts, transferability and portability strategies, and documentation, including writing program specifications and users' manuals.

Credit Hours: 3 hrs
Prerequisite: IS 417
Terms Offered: Course Rotation Schedules
Last Updated: Links 04/2011

IS 427 - Business Process and Identity Management

The purpose of this course is to discuss enterprise applications control and identity management. In particular, it discusses ABAP, Role Management, Business-Driven Identity Management, Compliance and Auditing, Password Management, Connectivity and Services for a major ERP system (i.e. SAP).

Credit Hours: 3 hrs
Class Restrictions: Sophomore standing

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 437 - Introduction to Business Information Technology Audit

This course introduces the basics of the information technology audit and control function. The concepts and techniques used in information technology audits will be reviewed. Students will learn the process of defining a control structure with goals and objectives, audit an information technology infrastructure against it, and establish a systematic remediation procedure for any inadequacies.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 442 - Information Resource Management

Most organizations use computers for operations, control and planning, and for office automation. While computers facilitate and enhance the functioning of organizations, they also add to the responsibilities of managers. In this course, students learn how to acquire, organize, monitor and control information resources. The course also discusses problems unique to the management of information resources.

Credit Hours: 3 hrs

Prerequisite: Nine credit hours of IS courses from 219 and above

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 442

Last Updated: Links 07/2011

IS 449W - Information Systems Integration (Gen Ed Area I, W)

This is a capstone course. The course introduces concepts, technologies and methodologies currently used for building information systems through selection and integration of available components and applications. Students will also learn how to customize available components and build new components when required. The course covers enterprise application integration (EAI) and business-to-business (B2B) integration.

Credit Hours: 3 hrs

Prerequisite: IS 413, IS 417 and IS 421

Terms Offered: Course Rotation Schedules

Previously Listed As: IS 449, ORI 449

Last Updated: Links 03/2011

IS 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 487 - Cooperative Education in Information Systems

Four months of full-time employment at a business or public organization to impart a practical experience in computer information systems disciplines.

Credit Hours: 3 hrs

Prerequisite: IS 387 and department permission

Notes: Admittance by application only

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

IS 489 - Internship

Directed full-time work experience in the business computer systems units of a business organization.

Credit Hours: 3 hrs

Prerequisite: major and department permission

Notes: This course may be repeated for a maximum of six hours.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 497 - Independent Study

Directed study of a problem or group of problems in production systems or management science.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 498 - Independent Study

Directed study of a problem or group of problems in production systems or management science.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 499 - Independent Study

Directed study of a problem or group of problems in production systems or management science.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 510 - Introduction to Object-Oriented Programming

In this course, you gain a solid foundation in object-oriented and component-based development, positioning you to move seamlessly into the strategic application of these technologies — including tools, languages and methodologies — to meet your business needs.

Credit Hours: 3 hrs

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 510

Last Updated: Links 07/2011

Operations Management

OM 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Management Programs and Courses

Management

Major

Entrepreneurship Major

The general requirements for the bachelor of business administration degree, the academic major requirements below and sufficient electives to meet the minimum of 124 hours for graduation must be completed.

Management Department Information:

Department Head: Fraya Wagner-Marsh
Department Contact: fwagnerm@emich.edu
Website: <http://www.mgt.emich.edu/>

General Education Requirements:

For specific requirements refer to the General Education Program.

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

Business Foundation: 36 Hours

Catalog Correction: All courses must be completed with a minimum earned grade of C- (C required for transfer courses) in each

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs

Major Requirements: 60 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- ** MGMT 490 - Business Policy 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- ** OM 374 - Introduction to Operations Management 3 hrs

Discipline: 24 hours

- MGMT 384 - Human Resource Management 3 hrs
- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs
- MGMT 481 - Managing the Entrepreneurial Venture 3 hrs
- MGMT 488L - Field Studies in Entrepreneurship (Gen Ed Area V LBC) 3 hrs

One course from the following:

- MKTG 363 - Retailing 3 hrs
- MKTG 374 - Business to Business Marketing 3 hrs
- MKTG 430 - Marketing of Services 3 hrs
- MKTG 473 - Marketing and Product Innovation 3 hrs
- MKTG 479 - Special Topics 3 hrs

Two courses from the following:

- ACC 342 - Managerial Cost Accounting 3 hrs
- ACC 344 - Principles of Taxation 3 hrs
- FIN 352 - Financial Management for Entrepreneurs 3 hrs
- MGMT 460 - Management Skills 3 hrs
- * MKTG 363 - Retailing 3 hrs
- * MKTG 374 - Business to Business Marketing 3 hrs
- * MKTG 430 - Marketing of Services 3 hrs

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Minor Requirements:

This program does not require a minor.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options. All 200-level Core Courses listed above must be completed prior to admission to the College of Business.

** Students may select one of these courses if not previously taken to meet marketing requirement*

*** All 300-level Core Courses listed above must be completed before enrollment in MGMT 490 - Business Policy. OM 374 can be taken concurrently with MGMT 490.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

General Business Major

The major in general business has been designed for students seeking a broad business background rather than specialization in any one functional area of business. The program for the general business major includes a minimum of 124 hours for graduation as stipulated in the catalog.

Management Department Information:

Department Head: Fraya Wagner-Marsh
 Department Contact: fwagnerm@emich.edu
 Website: <http://www.mgt.emich.edu/>

General Education Requirements:

For specific requirements refer to the General Education Program.

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

Business Foundation: 36 Hours

Catalog Correction: All courses must be completed with a minimum earned grade of C- (C required for transfer courses) in each

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs

Major Requirements: 60 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- ** OM 374 - Introduction to Operations Management 3 hrs
- ** MGMT 490 - Business Policy 3 hrs

Discipline: 24 hours

- MGMT 384 - Human Resource Management 3 hrs
- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MGMT 460 - Management Skills 3 hrs
- * MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs

Students must also complete twelve hours of restricted electives selected from at least two different functional areas (ACC, FIN, IS, MGMT, MKTG, LAW, SCM, IB, OM) in the College of Business. (12 hours)

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Minor Requirements:

This program does not require a minor.

Note:

All 200-level core courses listed above must be completed prior to admission to the College of Business.

*** All 300-level core courses listed above must be completed before enrollment in MGMT 490 - Business Policy. OM 374 can be take concurrently with MGMT 490.*

Extended Programs

This program is offered at an EMU off-campus location. For a list of locations, please click [here](#).

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. - Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Management Minor - (For nonbusiness majors)

Management Department Information:

Department Head: Fraya Wagner-Marsh
 Department Contact: fwagnerm@emich.edu
 Website: <http://www.mgt.emich.edu/>

Required Courses: 6 hours

- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs

Elective Courses: 15 hours

Five courses from the following:

- At least three MGMT courses not listed as a required course (9-15 hrs)
- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- IS 215 - End-User Computing 3 hrs
- MKTG 261 - Contemporary Selling 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Students pursuing a COB minor must have a minimum cumulative GPA of 2.0 to enroll in 300/400 Business classes.

Students must be of Junior status (completion of 56 credit hours) to enroll in 300/400 Business classes.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. MGMT 381 - Cooperative Education in Management

Use on a management major or minor not permitted.

Credit Hours: 1 hr

Prerequisite: MGMT 202, department permission

Notes: Admittance by application only.

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 382 - Cooperative Education in Management

Use on a management major or minor not permitted.

Credit Hours: 2 hrs

Prerequisite: MGMT 202, department permission

Notes: Admittance by application only.

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 384 - Human Resource Management

Industrial relations functions in business organization. Recruitment, selection, placement, training, motivation and appraisal of personnel; the scientific approach to the solution of practical problems of industrial manpower utilization.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules
Previously Listed As: MGT 384
Last Updated: Links 07/2011

MGMT 386 - Organizational Behavior and Theory

A survey of the theory and practice of Organizational Behavior to better understand and manage people at work through an interdisciplinary examination of individual, group and organizational issues. Critical topics are ethics, groups and teams, motivation, leadership, feedback, culture, diversity, organizational design and change.

Credit Hours: 3 hrs
Terms Offered: Course Rotation Schedules
Previously Listed As: MGT 386
Last Updated: Links 07/2011

MGMT 387 - Cooperative Education in Management

Four months of full-time employment at a business or public organization in a management position chosen for imparting practical experience in management.

Credit Hours: 3 hrs
Prerequisite: MGMT 202 and department permission
Major Restrictions: Use on a Management Major or Minor is not permitted
Notes: Offered on a credit/no-credit basis. Admittance by application only.
Terms Offered: Course Rotation Schedules
Last Updated: Links 04/2011

MGMT 388 - Introduction to Entrepreneurship

This course emphasizes the role of the entrepreneur in making integrated managerial and growth decisions for a start-up enterprise. The focus will be on developing a business plan for a new venture.

Credit Hours: 3 hrs
Terms Offered: Course Rotation Schedules
Previously Listed As: MGT 388
Last Updated: Links 07/2011

MGMT 402 - Business Report Writing

Study of principles and practices of business report writing in business, industry, education and government. Concepts, their illustrations, and applications. The creative and functional aspects in understanding the problem, gathering and organizing data, and presenting reports for management, employees and the public.

Credit Hours: 3 hrs
Prerequisite: MGMT 202
Terms Offered: Course Rotation Schedules
Last Updated: Links 04/2011

MGMT 403 - Managerial Communication: Theory and Application

A theoretical framework of key managerial communication concepts; skills used to diagnose communication problems and to communicate corporate policies.

Credit Hours: 3 hrs

Prerequisite: MGMT 202 or department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 450 - Leadership Theories and Practice

Leadership theories and practice will provide students with knowledge of the theories of leadership as well as practice in leadership and management. Several diagnostic techniques will be used to help students understand their own leadership strengths and areas to be developed.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MGMT 457 - The Merlanti Corporate Ethics Seminar

The Merlanti seminar seeks to provide future business leaders (in part through case studies and mentoring from practitioners) with the advanced knowledge and business skills needed to identify, analyze and resolve pressing contemporary issues in corporate social responsibility and ethics.

Credit Hours: 3 hrs

Prerequisite: department permission is required

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MGMT 460 - Management Skills

This course will provide students with extensive practice in critical management skills such as group facilitation, project management, supervising employees and individual career management. Multiple participative techniques will be used such as case study, exercises, group projects and student presentations.

Credit Hours: 3 hrs

Prerequisite: MGMT 384 and MGMT 386

Terms Offered: Course Rotation Schedules

Previously Listed As: MGT 360, MGT 281

Last Updated: Links 04/2011

MGMT 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MGMT 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MGMT 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W)

Social, legal and moral pressures of external and community groups on business operations; management's role of responsibility and leadership in interacting with these forces, and reducing and resolving conflicts with them.

Credit Hours: 3 hrs

Class Restrictions: Senior standing or department permission

Notes: MGMT457 can be used as a substitute for this course.

Terms Offered: Course Rotation Schedules

Previously Listed As: MGMT 480, Management Responsibility in Society, MGT 480

The Writing Intensive communication activities woven into this course's activities will give you practical experiences that apply and reinforce the written and oral communication tools you'll need as a business professional for active, ethical participation in the global community. You'll communicate through individual written and oral presentations on business ethics and corporate social responsibility case studies. Additionally, you'll work on a case study report, a team project, and will keep a journal which lets you review and reflect on the readings, cases, and daily experiences that mirror (and occasionally) contradict what the course covers. Through staged written assignments in the project, you'll demonstrate your understanding and ability to apply and communicate what you have learned in this class as well as in other management courses in terms of human resource management and leadership.

Last Updated: Links 06/2012

MGMT 481 - Managing the Entrepreneurial Venture

This course focuses on managing an entrepreneurial venture in an increasingly professional manner. Topics include: management control systems, integrating short and long-range plans, financial planning, developing and implementing human resource systems, and developing a management team.

Credit Hours: 3 hrs

Prerequisite: MGMT 388 or department permission

Terms Offered: Course Rotation Schedules

Previously Listed As: MGT 481

Last Updated: Links 04/2011

MGMT 482 - Compensation Administration

Basic concepts of design and methodology for wage and salary administration in an organization. Fundamental considerations in evaluating jobs and positions. Compensation methods and wage incentive systems.

Credit Hours: 3 hrs
Prerequisite: MGMT 384
Terms Offered: Course Rotation Schedules
Previously Listed As: MGT 482
Last Updated: Links 04/2011

MGMT 483 - Staffing Organizations

The staffing of organizations; skills needed in human resource planning, recruitment, job analysis, selection techniques and evaluation.

Credit Hours: 3 hrs
Prerequisite: MGMT 384
Terms Offered: Course Rotation Schedules
Last Updated: Links 04/2011

MGMT 484 - Management-Union Relations

Management strategy and techniques for conducting effective management-union relationships and negotiations; contract administration for both industrial and nonindustrial organizations.

Credit Hours: 3 hrs
Prerequisite: MGMT 384
Terms Offered: Course Rotation Schedules
Last Updated: Links 04/2011

MGMT 485 - Human Resource Development

Determination of training needs; development of training objectives; selection and development of resources for appropriate training experiences; implementation of training program evaluation.

Credit Hours: 3 hrs
Prerequisite: MGMT 384 or department permission
Terms Offered: Course Rotation Schedules
Previously Listed As: MGT 485
Last Updated: Links 04/2011

MGMT 486 - Organizational Change and Team Building

A practical approach to creating the organizational changes necessary for effective team-based, continual-improvement work systems. Students learn how to manage change effectively, providing a foundation for learning how to build teams and work effectively within teams. The course provides knowledge and critical skills needed for initiating and managing change and for building effective teams.

Credit Hours: 3 hrs
Prerequisite: MGMT 386 or department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 04/2011

MGMT 487 - Cooperative Education in Management

Four months of full-time employment at a business or public organization in a management position chosen for imparting practical experience in management.

Credit Hours: 3 hrs

Prerequisite: MGMT 387; department permission

Major Restrictions: Use on a Management Major or Minor is not permitted

Notes: Offered on a credit/no-credit basis. Admittance by application only.

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 488L - Field Studies in Entrepreneurship (Gen Ed Area V LBC)

This course puts student teams into entrepreneurial firms to study and analyze the problems of an actual business. A comprehensive final report to the firm is required.

Credit Hours: 3 hrs

Prerequisite: MGMT 388 or department permission

Notes: This course will count as credit for Learning Beyond the Classroom.

Terms Offered: Course Rotation Schedules

Previously Listed As: MGMT 488

This is a real-world field study of an entrepreneurial venture. It presents special opportunities for learning and imposes special responsibilities since we are dealing with real organizations and real people and what we do may have real impact. Therefore, students participate in development, maintenance, and/or change of community standards and norms because they will be proposing real business solutions to the firms they are working with.

Last Updated: Links 06/2012

MGMT 489 - Management Internship

Approved on-the-job experience of students in the management internship program supplemented by seminars as appropriate.

Credit Hours: 3 hrs

Prerequisite: department permission

Major Restrictions: Open only to students formally enrolled in Management

Notes: Students can only take this course during their terms of supervised work experience. Offered on a credit/no-credit basis.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MGMT 490 - Business Policy

Integration and analytical application of fundamental areas of business-to-case problems. Policy issues in the identification and resolution of problem situations.

Credit Hours: 3 hrs

Concurrent Prerequisite: OM 374

Class Restrictions: Senior standing (Senior standing implies completion of the College of Business core: FIN 350, MKTG 360 and MGMT 386)

Major Restrictions: Business Administration Majors only or department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 492 - Managing World Business Communication

This course focuses on such issues as global management in a cultural context, breaking down international business barriers, motivation in a global context, management of culture shock, international conflict management, management and cultural synergy, and business communication practice and traditions in specific national settings.

Credit Hours: 3 hrs

Prerequisite: MGMT 202 or department permission

Terms Offered: Course Rotation Schedules

Previously Listed As: MGT 492

Last Updated: Links 04/2011

MGMT 495 - International Management

Comparisons of management concepts, processes, and practices in various countries with their differing educational, sociological, legal-political and cultural constraints. The evolution of management, and the transfer of managerial philosophy and practices to other countries.

Credit Hours: 3 hrs

Prerequisite: MGMT 386 or department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 496 - Current Issues in Human Resource Management

A practical application of HR management techniques to current business issues; specially designed workshop-type sessions for prospective managers, supervisors and personnel specialists.

Credit Hours: 3 hrs

Prerequisite: MGMT 384

Terms Offered: Course Rotation Schedules

Previously Listed As: MGT 496

Last Updated: Links 04/2011

MGMT 497 - Independent Study

Directed study of a problem in management not otherwise treated in department courses.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MGMT 498 - Independent Study

Directed study of a problem in management not otherwise treated in department courses.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MGMT 499 - Independent Study

Directed study of a problem in management not otherwise treated in department courses.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Marketing Programs and Courses

Marketing

Major

International Business Major

The international business major offers a multidisciplinary focus within the College of Business that prepares students for careers in international business and related fields. The IB major is multidisciplinary, involving material from all areas of the College of Business as well as economics and foreign language required components. While the IB program is administratively housed in the Marketing Department, the IB prefix is an interdisciplinary prefix taught by professors from all business disciplines. Student advising for the IB program is handled by the Director of International Business Programs.

The IB degree is undertaken with an existing College of Business B.B.A. degree major (accounting, accounting information systems, computer information systems, economics, entrepreneurship, finance, general business, management, marketing, or supply chain management). Additionally, all IB students must fulfill a study abroad experience and prove proficiency in a second language or complete a foreign language sequence. The major varies from 124-139 hours depending on the major chosen to combine with IB.

All students must take the required courses carrying an IB prefix. Additionally, students must take the international course offering within their functional business area (e.g., an IB major in finance would require FIN 370 - International Business Finance).

The IB program of study prepares students for careers in an increasingly integrated world economy. The IB major is designed to appeal to students who favor an interdisciplinary approach to professional business studies. The major should also be appealing to international students or students who are already bilingual. The program of study emphasizes both broad-based business knowledge in international business (including a required course in international business ethics) as well as specific geographical areas of expertise (through seminars on doing business in specific nations or regions).

Marketing Department information:

Department Head: Anne L. Balazs
Department Contact: abalazs@emich.edu
Website: <http://www.mkt.emich.edu/>

General Education Requirements:

For specific requirements refer to the General Education Program.

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

Business Foundation: 36 Hours

Catalog Correction: All courses must be completed with a minimum earned grade of C- (C required for transfer courses) in each

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs

Major Requirements: 60-66 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- *** MGMT 490 - Business Policy 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

Area Studies Requirements: 4.5 hours

Required Courses:

- ACC 296 - The Accounting Cycle and Profession 3 hrs
- ACC 340 - Intermediate Accounting 3 hrs
- ACC 342 - Managerial Cost Accounting 3 hrs
- ACC 344 - Principles of Taxation 3 hrs
- ACC 356 - Accounting Information Systems 3 hrs
- ACC 456 - Accounting Information Systems Implementation and Projects 3 hrs
- ACC 496W - Financial Management and Controllership (Gen Ed Area I, W) 3 hrs
- ACC 548 - Information Systems Audit and Control 3 hrs
- IS 247 - Introduction to Web Application Development 3 hrs
- IS 315 - Object-Oriented Application Development 3 hrs
- IS 320 - Business Data Communications and Information Security 3 hrs
- IS 380 - Introduction to Databases 3 hrs

III. Computer Information Systems: 30 hours

Required Courses:

- IS 247 - Introduction to Web Application Development 3 hrs
- IS 315 - Object-Oriented Application Development 3 hrs
- IS 320 - Business Data Communications and Information Security 3 hrs
- IS 380 - Introduction to Databases 3 hrs
- IS 413 - IT Infrastructure and Network Security 3 hrs
- IS 417 - Systems Analysis and Design 3 hrs
- IS 421 - Enterprise Database Application 3 hrs
- IS 425 - IS Project and Risk Management 3 hrs
- IS 449W - Information Systems Integration (Gen Ed Area I, W) 3 hrs

Restricted Electives:

Choose one course from the following:

- IS 350 - Enterprise Resource Planning 3 hrs
- IS 410 - Business Intelligence 3 hrs
- IS 416 - System Software Administration 3 hrs

IV. Entrepreneurship: 24 hours

Required Courses:

- MGMT 384 - Human Resource Management 3 hrs
- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs
- MGMT 481 - Managing the Entrepreneurial Venture 3 hrs
- MGMT 488L - Field Studies in Entrepreneurship (Gen Ed Area V LBC) 3 hrs

Choose one course from the following:

- MKTG 363 - Retailing 3 hrs
- MKTG 374 - Business to Business Marketing 3 hrs
- MKTG 430 - Marketing of Services 3 hrs
- MKTG 479 - Special Topics 3 hrs

Choose two courses from the following: (Marketing choices selected above cannot be selected here)

- ACC 342 - Managerial Cost Accounting 3 hrs
- ACC 344 - Principles of Taxation 3 hrs
- FIN 352 - Financial Management for Entrepreneurs 3 hrs
- MKTG 363 - Retailing 3 hrs
- MKTG 374 - Business to Business Marketing 3 hrs
- MKTG 430 - Marketing of Services 3 hrs
- MKTG 460 - International Marketing 3 hrs
- MKTG 473 - Marketing and Product Innovation 3 hrs
- MGMT 460 - Management Skills 3 hrs

V. Economics: 24 hours

Required Courses:

- ECON 310 - Economic Statistics 3 hrs
- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 411 - Intermediate Macroeconomic Analysis 3 hrs
- ECON 412 - Intermediate Microeconomic Analysis 3 hrs
- ECON 415 - Introduction to Econometrics 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

Restricted Electives:

Choose two courses from any 300-400 level economics course. Choose one course if you chose ECON 370 under international business restricted electives. ECON 480W is required to fulfill the international business restricted electives. (Business related topics are suggested.)

VI. Finance: 24 hours

Required Courses:

- FIN 354 - Investments 3 hrs
- FIN 357 - Financial Markets and Institutions 3 hrs
- FIN 359 - Intermediate Financial Theory 3 hrs
- FIN 370 - International Business Finance 3 hrs
- FIN 450W - Problems in Financial Management (Gen Ed Area I, W) 3 hrs

Restricted Electives:

Choose three courses from the following: (FIN 370 is required to fulfill the international business restricted electives)

- ACC 358 - Analysis of Financial Statements 3 hrs
- ECON 445W - Economic Fluctuations and Forecasting 3 hrs
- FIN 352 - Financial Management for Entrepreneurs 3 hrs
- FIN 451 - Introduction to Speculative Markets 3 hrs
- FIN 453 - Commercial Banking 3 hrs
- FIN 454 - Mortgage Banking 3 hrs
- FIN 479 - Special Topics 3 hrs

VII. General Business: 24 hours

Required Courses:

- MGMT 384 - Human Resource Management 3 hrs
- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MGMT 460 - Management Skills 3 hrs
- MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs

Restricted Electives:

Choose four courses from at least three different departments in the College of Business. At least two courses must be at the 300-400 level. (The restricted elective requirement may be fulfilled by completing the international business restricted elective requirements.)

VIII. Management: 24 hours

Required Courses:

- MGMT 384 - Human Resource Management 3 hrs

- MGMT 460 - Management Skills 3 hrs
- MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs
- MGMT 486 - Organizational Change and Team Building 3 hrs
- MGMT 492 - Managing World Business Communication 3 hrs
- MGMT 495 - International Management 3 hrs

Restricted Electives:

Choose two courses from the following:

- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MGMT 403 - Managerial Communication: Theory and Application 3 hrs
- MGMT 450 - Leadership Theories and Practice 3 hrs
- MGMT 479 - Special Topics 3 hrs
- MGMT 481 - Managing the Entrepreneurial Venture 3 hrs
- MGMT 482 - Compensation Administration 3 hrs
- MGMT 483 - Staffing Organizations 3 hrs
- MGMT 484 - Management-Union Relations 3 hrs
- MGMT 485 - Human Resource Development 3 hrs
- MGMT 496 - Current Issues in Human Resource Management 3 hrs

IX. Marketing: 24 hours

Required Courses:

- MKTG 261 - Contemporary Selling 3 hrs
- MKTG 365 - Consumer Behavior 3 hrs
- MKTG 368W - Marketing Strategy (Gen Ed Area I, W) 3 hrs
- MKTG 375 - International Business Transactions 3 hrs
- MKTG 460 - International Marketing 3 hrs
- MKTG 470 - Marketing Research 3 hrs
- MKTG 475 - Marketing Planning and Management 3 hrs

Restricted Electives:

Choose one course from the following:

- MKTG 363 - Retailing 3 hrs
- MKTG 369 - Advertising 3 hrs
- MKTG 374 - Business to Business Marketing 3 hrs
- MKTG 425 - Sports and Event Marketing 3 hrs
- MKTG 430 - Marketing of Services 3 hrs
- MKTG 444 - Direct and Interactive Marketing 3 hrs
- MKTG 461 - Sales Management 3 hrs
- MKTG 473 - Marketing and Product Innovation 3 hrs
- MKTG 474 - Promotional Strategy 3 hrs
- MKTG 479 - Special Topics 3 hrs

- MKTG 499 - Independent Study 3 hrs
- SCM 380 - Introduction to Supply Chain Management 3 hrs
- SCM 385 - Logistics 3 hrs

X. Supply Chain Management: 27 hours

Required Courses:

- IB 210 - Fundamentals of Global Business (Gen Ed Area III) 3 hrs
- SCM 380 - Introduction to Supply Chain Management 3 hrs
- SCM 385 - Logistics 3 hrs
- SCM 386 - Purchasing and Supply Management 3 hrs
- SCM 465W - Global Supply Chain Management (Gen Ed Area I, W) 3 hrs

Restricted Electives: (Choose four from the following)

- ID 346 - Industrial Climate 3 hrs
- IS 350 - Enterprise Resource Planning 3 hrs
- LAW 350 - International Business Law 3 hrs
- MKTG 363 - Retailing 3 hrs
- MKTG 368W - Marketing Strategy (Gen Ed Area I, W) 3 hrs
- MKTG 374 - Business to Business Marketing 3 hrs
- SCM 420 - Operations Planning and Scheduling in Supply Chain 3 hrs
- SCM 464 - Advanced Logistics 3 hrs
- QUAL 320 - Industrial Quality Control 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

** All 200-level core courses listed above must be completed prior to admission to the College of Business.*

*** Foreign language credits may be used to satisfy general education requirements I.3 and IV.1. Students who have learned English as a second language may have minimum requirements of French, German, Japanese or Spanish waived.*

**** All 300-level core courses listed above must be completed before enrollment in MGMT 490 - Business Policy.*

***** Students must take IB 375 three times to fulfill requirements as course content will change each semester to a different country or subregion within the broader area of study.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Marketing Major

The marketing major offers career preparation in sports marketing, advertising and sales promotion, international business, marketing research, purchasing and materials management, retailing, marketing channels, and sales and sales management. Students may select any nine-hour combination of eligible marketing electives, but they are encouraged to focus on their anticipated career path.

The general requirements for the bachelor of business administration degree, the academic major requirements below and sufficient electives to meet the minimum of 124 hours for graduation must be completed.

Marketing Department information:

Department Head: Anne L. Balazs
 Department Contact: abalazs@emich.edu
 Website: <http://www.mkt.emich.edu/>

General Education Requirements:

For specific requirements refer to the General Education Program.

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

Business Foundation: 36 Hours

Catalog Correction: All courses must be completed with a minimum earned grade of C- (C required for transfer courses) in each

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs

Major Requirements: 60 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs

Minor

International Business Minor

Most EMU Students will pursue careers that have an international dimension to them. This is true even for students choosing to stay within Southeastern Michigan. An International Business Minor will allow EMU graduates to raise their consciousness

about the impact of globalization on their professions and their communities. It will promote discourse and understanding both during students' time at EMU and beyond.

Required Courses: 12 hours

- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
 - IB 210 - Fundamentals of Global Business (Gen Ed Area III) 3 hrs
 - IB 370 - International Business Ethics 1.5 hrs
 - IB 375 - Doing Business in Countries/Regions 1.5 hrs
- * Students need to complete three IB 375 courses

Restricted Electives: 3 hours

One course from IB Restricted Electives (with necessary prerequisites if applicable):

Note: IB 479 and LAW 350 have no prerequisites.

- ACC 475 - International Accounting 3 hrs
- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs
- FIN 370 - International Business Finance 3 hrs
- FLAN 489 - Internship in Language and International Trade 3 hrs
(by permission of Director, IB Programs Only)
- IB 475 - International Business: Study Abroad Perspective 3 hrs
- IB 479 - Special Topics 3 hrs
- LAW 350 - International Business Law 3 hrs
- MGMT 492 - Managing World Business Communication 3 hrs
- MGMT 495 - International Management 3 hrs
- MKTG 375 - International Business Transactions 3 hrs
- MKTG 444 - Direct and Interactive Marketing 3 hrs
- MKTG 460 - International Marketing 3 hrs

Language or Study Abroad: 6 hours

Either six credit hours of Foreign Language OR six credit hours of relevant Study Abroad

Minor Total: 21 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

Students pursuing a COB minor must have a minimum cumulative GPA of 2.0 to enroll in 300/400 Business classes.

Students must be of junior status (completion of 56 credit hours) to enroll in 300/400 Business classes.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Marketing Minor - (For nonbusiness majors)

Marketing Department information:

Department Head: Anne L. Balazs
Department Contact: abalazs@emich.edu
Website: <http://www.mkt.emich.edu/>

Required Courses: 6 hours

- MKTG 261 - Contemporary Selling 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs

Restricted Elective Courses: 15 hours

Five courses from the following, at least three must be in marketing (all five may be in marketing).

- ACC 240 - Principles of Financial Accounting 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- MKTG 363 - Retailing 3 hrs
- MKTG 365 - Consumer Behavior 3 hrs
- MKTG 368W - Marketing Strategy (Gen Ed Area I, W) 3 hrs
- MKTG 369 - Advertising 3 hrs
- MKTG 374 - Business to Business Marketing 3 hrs
- MKTG 375 - International Business Transactions 3 hrs
- MKTG 425 - Sports and Event Marketing 3 hrs
- MKTG 426 - Sponsorship 3 hrs
- MKTG 430 - Marketing of Services 3 hrs
- MKTG 444 - Direct and Interactive Marketing 3 hrs
- MKTG 460 - International Marketing 3 hrs
- MKTG 461 - Sales Management 3 hrs

- MKTG 470 - Marketing Research 3 hrs
- MKTG 473 - Marketing and Product Innovation 3 hrs
- MKTG 474 - Promotional Strategy 3 hrs
- MKTG 475 - Marketing Planning and Management 3 hrs
- SCM 380 - Introduction to Supply Chain Management 3 hrs
- SCM 385 - Logistics 3 hrs
- SCM 386 - Purchasing and Supply Management 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

College of Business approval is required for students planning to enroll in 300- to 400-level business courses. All students must meet the specific course prerequisites for enrollment in any College of Business course.

Students pursuing a COB minor must have a minimum cumulative GPA of 2.0 to enroll in 300/400 Business classes.

Students must be of junior status (completion of 56 credit hours) to enroll in 300/400 Business classes.

- SCM 465W - Global Supply Chain Management (Gen Ed Area I, W) 3 hrs

Minor Total: 21 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

Students pursuing a COB minor must have a minimum cumulative GPA of 2.0 to enroll in 300/400 Business classes.

Students must be of junior status (completion of 56 credit hours) to enroll in 300/400 Business classes.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

International Business

IB 210 - Fundamentals of Global Business (Gen Ed Area III)

Focuses on the globalization phenomenon and its impact on business. Critical country factors such as economic, political, legal, social and cultural factors as well as developmental issues of technology, environment and infrastructure and their relevance in global business will be discussed. The course also looks at the integrated and interdependent nature of business relations among

nations and people. It examines components of global business such as global trade and foreign direct investment.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Area III: Perspectives on a Diverse World

IB 210 Fundamentals of Global Business

IB210 introduces students to cultural, social, economic and political perspectives that influence commerce today. The focus of IB210 is placed on awareness and understanding the perspectives and assumptions required by a pluralist global community. Global awareness requires that students understand and appreciate the ways, economic, social and cultural differences and similarities structure human experiences and knowledge. To achieve this, students will read articles, discuss cases, view videos, attend lectures and complete exercises which examine the globalization of cultures, economies and political, legal, social, technological and ecological systems and their impact on businesses, organization and people worldwide. Students also discuss the integrated and interdependent nature of business relations among nations and citizens of the world. They examine components of global business such as global trade and investment as well as human exchange. As part of their general education, EMU undergraduate students should understand that the world is no longer circumscribed by the boundaries of nations and continents.

IB 370 - International Business Ethics

This course examines business ethics as applied internationally. The course focuses on compliance with laws mandating ethical standards in international business situations; business ethics as applied globally relative to different cultures and countries; and

global corporate social responsibility.

Credit Hours: 1.5 hrs

Concurrent Prerequisite: IB 375

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

IB 375 - Doing Business in Countries/Regions

This seminar addresses how to conduct business in the indicated region or country, addressing its specific business environment, culture and business operations, using U.S. corporate practice as the point of comparison. The central purpose of this course is to provide a practical basis for effective business practice for the business person involved in the designated market. The subject nation or region rotates (e.g., doing business in Germany; doing business in Japan, etc.), although the structure for the course remains consistent. In this way, students approach doing business in several nations or regions using a common frame or reference.

Credit Hours: 1.5 hrs

MKTG 360 - Principles of Marketing

Marketplace exchanges; the relationship between marketing activities of the organization and the consumer.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MKTG 363 - Retailing

The practices of retail store management: store location, layout, organization, buying systems, sales promotion activities, customer services and store operating expenses.

Credit Hours: 3 hrs

Prerequisite: MKTG 360

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MKTG 365 - Consumer Behavior

The study of the basic factors influencing consumer behavior, including the roles of affect, cognition, behavior and the environment. Models designed to explain consumer behavior will be explored, as well as implications for public policy and the development of marketing strategies.

Credit Hours: 3 hrs

Prerequisite: MKTG 360 and PSY 101

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MKTG 368W - Marketing Strategy (Gen Ed Area I, W)

Advanced policies and practices in marketing. Case analysis of marketing problems pertinent to product, price, promotion and channels of distribution policies.

Credit Hours: 3 hrs

Prerequisite: MKTG 360 and ACC 240

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MKTG 369 - Advertising

Advertising as a communication tool in marketing management. The role of advertising in the marketing mix and in society. Emphasis on problem-based decision making including the appropriate use of research in establishing advertising objectives, allocating advertising budgets, determining target audiences, developing creative strategies, selecting media and determining advertising effectiveness.

Credit Hours: 3 hrs

Prerequisite: MKTG 360

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MKTG 374 - Business to Business Marketing

Concepts, procedures, and problems encountered when one business or organization markets its products or services to another. Emphasizes the marketing practices employed by industrial organizations. Topics include: customer relationship management, market analysis, organizational buying behavior, purchasing procedures, pricing and negotiation, selling and marketing planning.

Credit Hours: 3 hrs

Prerequisite: MKTG 360

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MKTG 375 - International Business Transactions

How goods and services are moved internationally. Transportation concepts and systems, the shipping scene, various documents needed to expedite the international movement of goods.

Credit Hours: 3 hrs

Prerequisite: MKTG 360

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MKTG 425 - Sports and Event Marketing

This course includes topics germane to marketing activities associated with sports and a variety of events. It looks at the marketing of spectator and participation sports as well as events such as the arts, local festivals and charity events. The course also examines the use of such events as marketing tools. This component will look at issues such as endorsements, licensing, naming rights and sponsorship linkages.

Credit Hours: 3 hrs

Prerequisite: MKTG 360

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MKTG 426 - Sponsorship

This course looks at sponsorship as an element of the organization's integrated marketing communications (IMC) plan. It covers traditional sponsorship and the three special forms of sponsorship: licensing, venue naming rights, and endorsements. It addresses all six primary areas for sponsorship as defined by the International Events Group (IEG): sports; cause-related marketing; festivals, fairs and annual events; the arts; entertainment, tours and attractions; and associations and membership organizations.

Credit Hours: 3 hrs

Prerequisite: MKTG 360

Terms Offered: Course Rotation Schedules
Last Updated: New Course 06/2011, effective Fall 2011

MKTG 430 - Marketing of Services

Study of marketing practices as applied to the service industry. Special emphasis is placed on the marketing concept and customer satisfaction in the service industry.

Credit Hours: 3 hrs
Prerequisite: MKTG 360
Terms Offered: Course Rotation Schedules
Last Updated: Links 04/2011

MKTG 444 - Direct and Interactive Marketing

This course provides a comprehensive examination of direct and interactive marketing concepts, methods, techniques, tools and applications. It covers the foundations of direct and interactive marketing, integrated and multi-channel marketing communications, and response measurement and evaluative metrics.

Credit Hours: 3 hrs
Prerequisite: MKTG 360
Terms Offered: Course Rotation Schedules
Last Updated: New Course 06/2011, effective Fall 2011

MKTG 460 - International Marketing

International marketing and its role in the multinational corporation. Appraising international opportunities; product, price, promotion and distribution policies; foreign marketing environments.

Credit Hours: 3 hrs
Prerequisite: MKTG 360
Terms Offered: Course Rotation Schedules
Last Updated: Links 04/2011

MKTG 461 - Sales Management

Planning, organizing, directing and controlling the sales force. Recruiting, selecting, training, evaluating, compensating and supervising.

Credit Hours: 3 hrs
Prerequisite: MKTG 261 and MKTG 360
Terms Offered: Course Rotation Schedules
Last Updated: Links 04/2011

MKTG 470 - Marketing Research

Skills and attitudes required to specify and utilize market and buyer information in defining marketing problems and making marketing decisions. Applied marketing research problems.

Credit Hours: 3 hrs
Prerequisite: MKTG 360 and DS 265

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MKTG 473 - Marketing and Product Innovation

Marketing and product successes and failures, environmental influences, market/product plans, and the new product planning process. Development of the project, starting with product-idea and continuing through offering a new product/service.

Credit Hours: 3 hrs

Prerequisite: MKTG 360

Terms Offered: Course Rotation Schedules

Last Updated: Linked 04/2011

MKTG 474 - Promotional Strategy

Problems of advertising and other promotional tools in the context of Integrated Marketing Communications theory. Topics include interactive promotions, direct marketing promotions, sales promotions and public relations. Emphasis on problem-based decision making and development of promotional campaigns.

Credit Hours: 3 hrs

Prerequisite: MKTG 369

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

SCM 380 - Introduction to Supply Chain Management

This course introduces students to business processes of Supply Chain Management. It examines the managerial issues within firms and value added activities that occur when firms purchase, produce, source, and distribute goods and services to satisfy customer needs. The role of IT in SCM will be discussed.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

SCM 385 - Logistics

Students will be introduced to the different components of logistics (transportation, warehousing, material handling, order-processing, inventory, packaging, customer service) and its applications to different industries including not-for-profit organizations. Operational issues, fundamental management techniques, and technological issues will be discussed.

Credit Hours: 3 hrs

Prerequisite: MKTG 360

Terms Offered: Course Rotation Schedules

Last Updated: Links 03/2011

SCM 386 - Purchasing and Supply Management

This course focuses on implementation of the entire purchasing process from evaluating purchasing need to effective supplier management. Topics will be presented in three major areas: tactical, strategic, and electronic. Particular emphasis is placed on supplier selection/evaluation, in/outsourcing decisions, supplier relationships, and ethical issues in purchasing and supply management.

Credit Hours: 3 hrs

Class Restrictions: Junior standing

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

SCM 420 - Operations Planning and Scheduling in Supply Chain

This course integrates operations planning and scheduling activities for manufacturing and service operations in a supply chain management system. Topics include: ERP, demand management, production planning, master production scheduling, resource requirements planning, capacity management, inventory management and detailed scheduling. Hands on computer exercises using MS Excel and SAP/R3 are included.

Credit Hours: 3 hrs

Prerequisite: OM 374

Class Restrictions: Junior standing

Terms Offered: Course Rotation Schedules

Last Updated: Links 03/2011

SCM 464 - Advanced Logistics

This course provides an in-depth understanding of the strategic and operational challenges involved in developing and implementing a firm's logistic strategy. Particular emphasis will be placed on logistics as a value-added process in the areas of warehousing, transportation, and global logistics decisions.

Credit Hours: 3 hrs

Prerequisite: SCM 385

Class Restrictions: Junior standing

Leadership and Counseling Programs and Courses

Leadership and Counseling

Counseling

COUN 100L - Career Exploration and Decision-Making (Gen Ed Area V LBC)

Self-exploration (values, interests, goals) as it relates to careers and the world of work. Presentation in an experimental format of career exploration and personal decision-making strategies and processes. Investigation of career planning and resources (people and materials).

Credit Hours: 2 hrs

This is an introduction course in career exploration and decision-making. The purpose is to gain an overview of the world of work and to use reflective and structured methods of self-discovery to achieve a tentative career choice. This course provides students the opportunity to consider their interests and goals in order to help in planning a rewarding career as one pursues their degree at Eastern Michigan University.

Career Exploration and Decision Making provides students with the knowledge, resources, and strategies for making career and professional decisions. Students will learn about professional opportunities connected to their academic interests (historic preservation, counseling, nursing marketing, information technology, etc.) through experiential assignments and class discussions. Various decision-making strategies and goal setting exercises also will be explored.

Last Updated: 02/2011

COUN 450 - An Introduction: Counseling Concepts and Skills

Introduction to basic concepts of counseling relationships; training in basic counseling skills; experiential learning activities which focus on self-development, interpersonal relationships and related issues; and initial exposure to counseling theory and process.

Credit Hours: 3 hrs

Class Restrictions: Junior or Senior standing or by department permission

Notes: Recommended for those planning a career in the helping professions.

COUN 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Special Education Programs and Courses

Special Education

Major

Special Education Major K-12 Cognitive Impairment Endorsement - Elementary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Cognitive Impairment. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #056, "Cognitive Impairment." Students are required to regularly meet with their program area faculty advisor to expedite their program of study.

Students selecting Elementary Certification must complete a second major in Liberal Arts for Elementary Education. In addition, those selecting Elementary Certification must pass the MTTC "Elementary Education" certification test, #103.

Special Education Department Information:

Advisor Information:

Please contact the Department of Special Education

128 Porter Building
Phone: 734.487.3300

General Education Requirements:

For specific requirements refer to the General Education Program.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of

transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Major Requirements: 42 hours

* PHED 257 and SPGN 491 are considered to be major requirements although they are listed as part of the professional sequence.

K-12 Special Education Core: 23 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Teachers of Students with Cognitive Impairment Endorsement: 19 hours

- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPCI 350L - Introduction to Cognitive Impairment (Gen Ed Area V LBC) 3 hrs
- * SPCI 429 - Education for Teachers of Individuals with Mild Cognitive Impairment in Inclusive Settings 4 hrs
- * SPCI 483 - Education of Students in Programs for Moderate or Severe Cognitive Impairment 4 hrs
- * SPLI 468 - Education of Children with Learning Disabilities 2 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs

Policy Change

Students combining the Liberal Arts in Elementary Education with Special Education Major who take and pass the elementary certification test but are not immediately successful in taking their disability specific test are still eligible for recommendation for the elementary certification.

Liberal Arts Major Requirements - Special Education: 42 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

One of the following:

- PRCT 304 - Practicum I: Elementary 3 hrs
- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPPI 240 - Preclinical Experiences — POHI 3 hrs

Phase II: Content and Methods and Teaching: 15 hours

Prerequisite: Completion of Phase I is required.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

Phase III: Capstone Experience: 16 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs
- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

** Admission to the Initial Teacher Preparation Program required.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Cognitive Impairment Endorsement - Secondary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for a Michigan Provisional Secondary Teaching Certificate with a K-12 endorsement as a Teacher of Students with Cognitive Impairment, certification code SA and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #056, "Cognitive Impairment." Students are required to regularly meet with their program area faculty advisor to expedite their program of study.

Students selecting Secondary Certification must select a teachable minor from the approved list, and students must pass the certification test related to the minor in order to be recommended for endorsement in the minor field.

Special Education Department Information:

Phone: 734.487.3300

General Education Requirements:

For specific requirements refer to the General Education Program.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of

transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Major Requirements: 42 hours

* SPGN 491 is considered a major requirement although it is listed as part of the professional sequence.

K-12 Special Education Core: 25 hours

- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Teachers of Students with Cognitive Impairment Endorsement: 21 hours

- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPCI 350L - Introduction to Cognitive Impairment (Gen Ed Area V LBC) 3 hrs
- * SPCI 429 - Education for Teachers of Individuals with Mild Cognitive Impairment in Inclusive Settings 4 hrs
- * SPCI 483 - Education of Students in Programs for Moderate or Severe Cognitive Impairment 4 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs
- SPLI 468 - Education of Children with Learning Disabilities 2 hrs

Professional Secondary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 4 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs

Phase I: Curriculum, Assessment, and the Social Context: 6 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 305 - Curriculum and Methods: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 6 hours

Prerequisite: Completion of Phase I is required.

- Methods Teaching Course in Minor area of concentration (3 hrs)
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 16 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs
- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

** Admission to the Initial Teacher Preparation Program required.*

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Emotional Impairment Endorsement - Elementary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for the K-12 endorsement as a Teacher of Students with Emotional Impairment. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #059, "Emotional Impairment". Students select Secondary or Elementary Teacher Certification. Students selecting Elementary Certification must complete a second major in Liberal Arts for Elementary Education. In addition, those selecting Elementary Certification must pass the MTTC "Elementary Education" certification test, #103.

 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

K-12 Special Education Core: 23 hours

*These courses require formal admission to the Initial Teacher Preparation Program.

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Emotional Impairment Endorsement: 19 hours

*These courses require admission to the Initial Teacher Preparation Program.

- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPEI 301 - Children and Adolescents with Emotional Impairment 4 hrs
- * SPEI 401L - Programming, Methods and Curriculum for Elementary Students with Emotion Impairment (Gen Ed Area V LBC) 4 hrs
- * SPEI 449 - Beyond Behavior 3 hrs
- * SPLI 468 - Education of Children with Learning Disabilities 2 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs

Policy Change

Students combining the Liberal Arts in Elementary Education with Special Education Major who take and pass the elementary certification test but are not immediately successful in taking their disability specific test are still eligible for recommendation for the elementary certification.

Liberal Arts Major Requirements - Special Education: 42 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

Professional Elementary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 8 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 304 - Curriculum and Methods: Elementary 3 hrs
- GEOG 348 - Teaching Social Studies in Elementary Schools 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

One of the following:

- PRCT 304 - Practicum I: Elementary 3 hrs
- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPPI 240 - Preclinical Experiences — POHI 3 hrs

Phase II: Content and Methods and Teaching: 15 hours

Prerequisite: Completion of Phase I is required.

- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Emotional Impairment Endorsement - Secondary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for the K-12 endorsement as a Teacher of Students with Emotional Impairment. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #059, "Emotional Impairment". Students selecting Secondary Certification must complete a teachable minor for the approved list, and must pass the certification test for that minor in order to be recommended for endorsement in the minor field.

Special Education Department Information:

Janet Fisher, Ph.D.
Department Head
128 Porter Bldg
(734) 487-2716
jfisher3@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

K-12 Special Education Core: 23 hours

*These courses require formal admission to the Initial Teacher Preparation Program.

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Emotional Impairment Endorsement: 19 hours

*These courses require formal admission to the Initial Teacher Preparation Program.

- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPEI 301 - Children and Adolescents with Emotional Impairment 4 hrs
- * SPEI 401L - Programming, Methods and Curriculum for Elementary Students with Emotion Impairment (Gen Ed Area V LBC) 4 hrs
- * SPEI 449 - Beyond Behavior 3 hrs
- * SPLI 468 - Education of Children with Learning Disabilities 2 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs

Professional Secondary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 4 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs

Phase I: Curriculum, Assessment, and the Social Context: 6 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 305 - Curriculum and Methods: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 6 hours

Prerequisite: Completion of Phase I is required.

- Methods Teaching Course in Minor area of concentration (3 hrs)
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 16 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs
- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Physical and Other Health Impairment Endorsement - Elementary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Physical Impairment and Students with Other Health Impairment (SC). This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #058, "Physically or otherwise Health Impaired." Students selecting Elementary Certification must complete a second major in Liberal Arts for Elementary Education. In addition, those selecting Elementary Certification must pass the MTTC "Elementary Education" certification test, #103.

Special Education Department Information:

Janet Fisher, Ph.D.
 Department Head

jfisher3@emich.edu

Advisor Information:

Program Advisor: Ann Orr Email: aorr@emich.edu Phone: 734.487.3300 Important Note: Please see your advisor prior to selecting any general education courses not listed in the Liberal Arts Major below. Most students will need to add one U.S. Diversity course and one Humanities course.

General Education Requirements:

For specific requirements refer to the General Education Program.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of

transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Major Requirements: 47-49 hours

* PHED 257 and SPGN 491 are considered major requirements although they are listed in the professional sequence.

K-12 Special Education Core: 26 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Teacher of Students with Physical and Other Health Impairment Endorsement: 21-23 hours

- An approved course in Human Anatomy and Physiology (4-5 hrs)
- An approved course in Human Disease Process (3-4 hrs)
- SPCI 350L - Introduction to Cognitive Impairment (Gen Ed Area V LBC) 3 hrs
- * SPLI 468 - Education of Children with Learning Disabilities 2 hrs
- SPPI 240 - Preclinical Experiences — POHI 3 hrs
- * SPPI 412 - Ancillary Services and Health Procedures for Teachers of Physically Impaired 2 hrs
- * SPPI 414 - Educational Strategies for Teachers of the Physically Impaired 4 hrs

Policy Change

Students combining the Liberal Arts in Elementary Education with Special Education Major who take and pass the elementary certification test but are not immediately successful in taking their disability specific test are still eligible for recommendation for the elementary certification.

Liberal Arts Major Requirements - Special Education: 42 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs

- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

Professional Elementary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 8 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 304 - Curriculum and Methods: Elementary 3 hrs
- GEOG 348 - Teaching Social Studies in Elementary Schools 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

One of the following:

- PRCT 304 - Practicum I: Elementary 3 hrs
- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPPI 240 - Preclinical Experiences — POHI 3 hrs

Phase II: Content and Methods and Teaching: 15 hours

Prerequisite: Completion of Phase I is required.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

Phase III: Capstone Experience: 16 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs
- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

** Admission to the Initial Teacher Preparation Program required.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Physical and Other Health Impairment Endorsement - Secondary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Physical Impairment and Students with Other Health Impairment (SC). This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #058, "Physically or otherwise Health Impaired." Students are required to regularly meet with their program area faculty advisor to expedite their program of study. Students selecting Secondary Certification must select a teachable minor from the approved list, and students must pass the certification test related to the minor in order to be recommended for endorsement in the minor field.

Special Education Department Information:

Janet Fisher, Ph.D.

Department Head
128 Porter Bldg

Phone: 734.487.3300

General Education Requirements:

For specific requirements refer to the General Education Program.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Major Requirements: 52-54 hours

* SPGN 491 is considered a major requirement although it is listed in the professional sequence.

K-12 Special Education Core: 26 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs

- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Teacher of Students with Physical and Other Health Impairment Endorsement: 23-25 hours

- An approved course in Human Anatomy and Physiology (4-5 hrs)
- An approved course in Human Disease Process (3-4 hrs)
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- SPCI 350L - Introduction to Cognitive Impairment (Gen Ed Area V LBC) 3 hrs
- * SPLI 468 - Education of Children with Learning Disabilities 2 hrs
- SPPI 240 - Preclinical Experiences — POHI 3 hrs
- * SPPI 412 - Ancillary Services and Health Procedures for Teachers of Physically Impaired 2 hrs
- * SPPI 414 - Educational Strategies for Teachers of the Physically Impaired 4 hrs

Professional Secondary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 4 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs

Phase I: Curriculum, Assessment, and the Social Context: 6 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 305 - Curriculum and Methods: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 6 hours

Prerequisite: Completion of Phase I is required.

- Methods Teaching Course in Minor area of concentration (3 hrs)
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 16 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs
- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

** Admission to the Initial Teacher Preparation Program required.*

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Speech/Language Pathology Endorsement - Elementary

The professional entry-level credential in speech-language pathology is the master's degree in the field.

Successful completion of this course of study, in the context of other program requirements, with respect to K-12 teacher licensure, satisfies the undergraduate portion of the requirements for the professional entry-level credential at the master's degree level. This program leads toward, but does not satisfy, the requirements for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Speech and Language Impairment, certification code SB, and Michigan Provisional Elementary Teaching Certificate.

This program of study meets all requirements of the Council for Exceptional Children and of the American Speech-Language-Hearing Association. The Michigan Test for Teacher Certification (MTTC) covering this field is #057, "Speech and Language Impairment." Students selecting Elementary Certification must complete a second major in Liberal Arts for Elementary Education. In addition, those selecting Elementary Certification must pass the MTTC "Elementary Education" certification test, #103.

Students are required to regularly meet with their program area faculty advisor to expedite their program of study.

Certificate in Speech Pathology

The American Speech-Language-Hearing Association issues Certificates of Clinical Competence to individuals who present satisfactory evidence of their ability to provide independent clinical services to persons who have disorders of communication (speech, language and/or hearing). An individual who meets these requirements may be awarded a Certificate in Speech Pathology or in Audiology, depending upon the emphasis of his or her preparation. Note: The program at Eastern Michigan University prepares individuals to meet the requirements in speech pathology only. Specific requirements may be obtained from the advisors in speech pathology.

Note: *Students must have and maintain a 3.0 GPA in order to be admitted into and take SPSI courses.*

 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

K-12 Special Education Core: 15 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Teachers of Students with Speech and Language Impairment Endorsement: 31 hours

- * RDNG 300 - Early Literacy 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- SPHI 392 - Introduction to Audiology 3 hrs
- * SPHI 394 - Aural Habilitation Rehabilitation 3 hrs
- SPSI 332 - Acoustic Phonetics: Speech Science 2 hrs
- SPSI 334 - Applied Phonetics 3 hrs
- SPSI 335 - Introduction to Communication Disorders 3 hrs
- SPSI 336 - Physiologic Phonetics: Anatomy and Physiology 3 hrs

- SPSI 337 - Language Acquisition 3 hrs
- SPSI 346 - Speech, Language and Phonological Disorders in Children 3 hrs
- SPSI 347 - Normal Aging and Health Issues in Speech-Language Pathology 3 hrs

Policy Change

Students combining the Liberal Arts in Elementary Education with Special Education Major who take and pass the elementary certification test but are not immediately successful in taking their disability specific test are still eligible for recommendation for the elementary certification.

Liberal Arts Major Requirements - Special Education: 42 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

Professional Elementary Education Sequence - Speech/Language Pathology

Pre-Admission Phase: The Learner and the Community: 8 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 304 - Curriculum and Methods: Elementary 3 hrs
- GEOG 348 - Teaching Social Studies in Elementary Schools 3 hrs
- PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 15 hours

Prerequisite: Completion of Phase I is required.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

Phase III: Capstone Experience: 4 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Additional Continuance Criteria (Speech and Language Impairment)

To be allowed to continue in the speech-language pathology program, the student must meet the following criteria:

1. Maintenance of a cumulative overall GPA of 2.5 or better.
2. Maintenance of a cumulative major GPA of 2.5 or better.
3. Demonstration of behaviors which indicate reasonable stability, maturity, understanding and aptitude as judged necessary for predicted success as a speech-language pathologist. Such qualitative judgments will be made by the SLP faculty.
4. Students on academic probation will not be allowed to enroll in major courses until the probation is lifted and their overall GPA is 2.5.
5. Must pass a speech and hearing screening.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

** Admission to the Initial Teacher Preparation Program required.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Speech/Language Pathology Endorsement - Secondary

The professional entry-level credential in speech-language pathology is the master's degree in the field.

Successful completion of this course of study, in the context of other program requirements, with respect to K-12 teacher licensure, satisfies the undergraduate portion of the requirements for the professional entry-level credential at the master's degree level. This program leads toward, but does not satisfy, the requirements for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Speech and Language Impairment. This program of study meets

all requirements of the Council for Exceptional Children and of the American Speech-Language-Hearing Association. The Michigan Test for Teacher Certification (MTTC) covering this field is #057, "Speech and Language Impairment."

Students selecting Secondary Certification must select a teachable minor from the approved list, and students must pass the certification test related to the minor.

Students are required to regularly meet with their program area faculty advisor to expedite their program of study.

Certificate in Speech Pathology

The American Speech-Language-Hearing Association issues Certificates of Clinical Competence to individuals who present satisfactory evidence of their ability to provide independent clinical services to persons who have disorders of communication (speech, language and/or hearing). An individual who meets these requirements may be awarded a Certificate in Speech Pathology or in Audiology, depending upon the emphasis of his or her preparation. Note: The program at Eastern Michigan prepares individuals to meet the requirements in speech pathology only. Specific requirements may be obtained from the advisors in speech pathology.

Note:

Students must have a 3.0 GPA in order to be admitted into SPSI courses.

General Education Requirements:

For specific requirements refer to the General Education Program.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.

8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

K-12 Special Education Core: 15 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

Professional Secondary Education Sequence - Speech/Language Pathology

Pre-Admission Phase: The Learner and the Community: 4 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs

Phase I: Curriculum, Assessment, and the Social Context: 6 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 305 - Curriculum and Methods: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 6 hours

Prerequisite: Completion of Phase I is required.

- Methods Teaching Course in Minor area of concentration (3 hrs)

- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 4 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Additional Continuance Criteria (Speech and Language Impairment)

To be allowed to continue in the speech-language pathology program, the student must meet the following criteria:

1. Maintenance of a cumulative overall GPA of 2.5 or better.
2. Maintenance of a cumulative major GPA of 2.5 or better.
3. Demonstration of behaviors which indicate reasonable stability, maturity, understanding and aptitude as judged necessary for predicted success as a speech-language pathologist. Such qualitative judgments will be made by the SLP faculty.
4. Students on academic probation will not be allowed to enroll in major courses until the probation is lifted and their overall GPA is 2.5.

5. Must pass a speech and hearing screening.

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

** Admission to the Initial Teacher Preparation Program required.*

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Visual Impairment Endorsement - Elementary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for K-12 as a Teacher of Students with Visual Impairment (SK). This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #061, "Visual Impairment." Students may select Secondary or Elementary Teacher Certification. Students selecting Elementary Certification must complete a second major in Liberal Arts for Elementary Education. In addition, those selecting Elementary Certification must pass the MTTC "Elementary Education" certification test, #103.

Students are required to regularly meet with their program area faculty advisor to expedite their program of study.

Special Education Department Information:

Janet Fisher, Ph.D.

Department Head

Phone: 734.487.3300

Important Note: Please see your advisor **prior** to selecting any general education courses not listed in the Liberal Arts Major below. Most students will need to add one U.S. Diversity course and one Humanities course.

General Education Requirements:

For specific requirements refer to the General Education Program.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.

3. A grade of “C” or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Major Requirements: 46 hours

* PHED 257 and SPGN 491 are considered major requirements although they are listed in the professional sequence.

K-12 Special Education Core: 26 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Teacher of Students with Visual Impairment Endorsement: 20 hours

- SPVI 365 - Braille 3 hrs
- SPVI 366 - The Eye and Vision — Anatomy and Physiology 2 hrs
- SPVI 368 - Mobility Training for Persons with Visual Impairment 2 hrs
- SPVI 369 - Community Considerations for Persons with Visual Impairment 3 hrs

- * SPVI 464 - Methods of Teaching Children who are Blind 3 hrs
- * SPVI 465 - Braille II: Nemeth Code 3 hrs
- * SPVI 467 - Education of Children with Visual Impairment 2 hrs
- * SPVI 469 - Technology for Persons with Visual Impairment 2 hrs

Policy Change

Students combining the Liberal Arts in Elementary Education with Special Education Major who take and pass the elementary certification test but are not immediately successful in taking their disability specific test are still eligible for recommendation for the elementary certification.

Liberal Arts Major Requirements - Special Education: 42 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

Professional Elementary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 8 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 304 - Curriculum and Methods: Elementary 3 hrs

- GEOG 348 - Teaching Social Studies in Elementary Schools 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

One of the following:

- PRCT 304 - Practicum I: Elementary 3 hrs
- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPPI 240 - Preclinical Experiences — POHI 3 hrs

Phase II: Content and Methods and Teaching: 15 hours

Prerequisite: Completion of Phase I is required.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

Phase III: Capstone Experience: 16 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs
- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

** Admission to the Initial Teacher Preparation Program required.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Visual Impairment Endorsement - Secondary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for a Michigan Provisional Secondary Teaching Certificate with a K-12 endorsement as a Teacher of Students with Visual Impairment, certification code SK and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #061, "Visually Impaired." Students are required to regularly meet with their program area faculty advisor to expedite their program of study.

Students selecting Secondary Certification must select a teachable minor from the approved list, and students must pass the certification test related to the minor in order to be recommended for endorsement in the minor field.

Special Education Department Information:

Janet Fisher, Ph.D.
Department Head
128 Porter Bldg
(734) 487-2716
jfisher3@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.

4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Major Requirements: 48 hours

* SPGN 491 is considered to be major a requirement although it is listed in the professional sequence.

K-12 Special Education Core: 25 hours

- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Teacher of Students with Visual Impairment Endorsement: 23 hours

- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs
- SPVI 365 - Braille 3 hrs
- SPVI 366 - The Eye and Vision — Anatomy and Physiology 2 hrs
- SPVI 368 - Mobility Training for Persons with Visual Impairment 2 hrs
- SPVI 369 - Community Considerations for Persons with Visual Impairment 3 hrs
- * SPVI 464 - Methods of Teaching Children who are Blind 3 hrs
- * SPVI 465 - Braille II: Nemeth Code 3 hrs
- * SPVI 467 - Education of Children with Visual Impairment 2 hrs
- * SPVI 469 - Technology for Persons with Visual Impairment 2 hrs

Professional Secondary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 4 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs

Phase I: Curriculum, Assessment, and the Social Context: 6 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 305 - Curriculum and Methods: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 6 hours

Prerequisite: Completion of Phase I is required.

- Methods Teaching Course in Minor area of concentration (3 hrs)
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 16 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs
- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program requires a minor. Please contact your program advisor for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

** Admission to the Initial Teacher Preparation Program required.*

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Speech/Language Pathology Major - Health Care Track

The professional entry-level credential in speech-language pathology is the master's degree in the field.

Certificate in Speech Pathology

The American Speech-Language-Hearing Association issues Certificates of Clinical Competence to individuals who present satisfactory evidence of their ability to provide independent clinical services to persons who have disorders of communication (speech, language and/or hearing). An individual who meets these requirements may be awarded a Certificate in Speech Pathology or in Audiology, depending upon the emphasis of his or her preparation. Note: The program at Eastern Michigan University prepares individuals to meet the requirements in speech pathology only. Specific requirements may be obtained from the advisors in speech pathology.

Note: *Students must have and maintain a 3.0 GPA in order to be admitted into and take SPSI courses.*

Cognitive Impairment

SPCI 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPCI 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPCI 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPCI 240 - Preclinical Experiences — Cognitive Impairment

This introductory course provides exposure to and experience with K-12 students with cognitive impairment. EMU students will be encouraged to evaluate and examine their motivation to become a teacher of students with cognitive impairment, and will be introduced to all aspects of the teaching profession. In this course students will participate in field experiences with K-12 students with cognitive impairment.

Credit Hours: 3 hrs

SPCI 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPCI 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

SPEI 401L - Programming, Methods and Curriculum for Elementary Students with Emotion Impairment (Gen Ed Area V LBC)

Teaching methods, techniques and materials for educating elementary age children with emotional impairments will be presented. In addition, types of programs serving elementary age students with emotional impairment, as well as the individualized education program and federal and state rules governing the programs will be discussed.

Credit Hours: 4 hrs

Prerequisite: SPGN 390, SPGN 461, SPEI 301, and admission to the Initial Teacher Preparation Program

Major Restrictions: Emotional Impairment Majors only

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPEI 449 - Beyond Behavior

An examination of systemic topics beyond the scope of the Individuals with Disabilities Education Act (IDEA) that impact the well-being of youth and adolescents with emotional-behavioral impairments: social, cultural and environmental factors; home disruptions; internalized disorders; externalized disorders; and pervasive disorders.

Credit Hours: 3 hrs

Prerequisite: SPEI 301; SPGN 390; SPGN 395; SPGN 461 and admission to the Initial Teacher Preparation Program

Class Restrictions: Junior standing

Major Restrictions: Emotional Impairment Majors only

Last Updated: Links 03/2011

SPEI 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

SPEI 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPEI 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPEI 488 - Curriculum, Methods and Programming for Secondary Students with Emotional Impairment

Teaching methods, techniques and materials appropriate for adolescents with emotional impairment are presented. Transition fundamentals are addressed and students are provided opportunities to observe and interact with adolescents and young adults with emotional impairment. Students participate in the development of a transition plan through a structured field experience.

Credit Hours: 2 hrs

SPEI 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 1 hr

Prerequisite: Department permission

Hearing Impairment

SPHI 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 228 - Education of Students with Hearing Impairment

Designed to cover the history of the education of persons with hearing impairments, and to provide an overview of educational programming, psychological adjustment, parent counseling, communication methods and various philosophical approaches to education of persons with hearing impairments.

Credit Hours: 3 hrs

Concurrent Prerequisite: SPGN 251

Last Updated: Links 03/2011

SPHI 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 375 - Fundamentals of Sign Communication

A study of the rationale for use of manual communication systems with persons with hearing impairments, including American Sign Language, manually-coded English Sign systems and fingerspelling. Beginning-level skills in manual communication will be developed. Observation of use of sign language in school programs will be required.

Credit Hours: 2 hrs

SPHI 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 387 - Introductory Practicum — Students with Hearing Impairment

Thirty clock hours of supervised observation and work with students with hearing impairments.

Credit Hours: 1 hr

Prerequisite: SPHI 228; admission to the Initial Teacher Preparation Program

Last Updated: Links 03/2011

SPHI 391 - Language for Students with Hearing Impairment

Language development of children with prelingual hearing impairments. Survey of various methods of teaching language, including natural and structured approaches.

Credit Hours: 3 hrs

Prerequisite: SPHI 228; admission to the Initial Teacher Preparation Program

Last Updated: Links 03/2011

SPHI 392 - Introduction to Audiology

This course provides an overview of the fundamental concepts of acoustics, anatomy and physiology. The pathologies of the auditory system, the basic audiological assessment techniques and audiometric interpretation; hearing screening and various rehabilitative measures will be discussed.

Credit Hours: 3 hrs

Prerequisite: SPSI 332, SPSI 334, SPSI 335, SPSI 336 and SPSI 337

Class Restrictions: Junior standing

Course Revisions: Department Permission added as a prerequisite 10/2013, effective Winter 2014

Last Updated: Prerequisites 04/2012; Links 03/2011

SPHI 394 - Aural Habilitation Rehabilitation

A study of the avenues of receptive language available to persons with impaired hearing; the development of auditory learning, auditory training and the training of speechreading. Includes the understanding of group and individual hearing aids, other assistive technology and surgical implants.

Credit Hours: 3 hrs

Prerequisite: SPHI 392; admission to the Initial Teacher Preparation Program

Last Updated: Links 03/2011

SPHI 435 - Phonetics and Hearing Impairment

Articulatory and acoustic phonetics. Speech reception of persons with hearing impairments: auditory cues available relative to the individual's hearing loss; visual, tactile and kinesthetic correlates. Characteristics of speech production of speakers with impaired hearing. Phonetic transcription in International Phonetic Alphabet, Northampton, and Thorndike orthographic systems. Phonological level speech assessment.

Credit Hours: 3 hrs

Prerequisite: SPSI 332 and SPSI 336

Last Updated: Links 03/2011

SPHI 436 - Speech Methods for Students with Hearing Impairment

Methods of assessment and intervention in the development of intelligible connected speech in persons with hearing impairments.

Credit Hours: 3 hrs

Prerequisite: SPHI 435; admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPHI 437 - Adaptive Curriculum for Students with Hearing Impairment

Principles and methods of teaching academic subjects to students with hearing impairments. Classroom procedures and materials especially designed for students with hearing impairments, as well as the adaptation of regular curricula and materials will be presented.

Credit Hours: 3 hrs

Prerequisite: SPHI 391; admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III)

An introductory survey course providing the historical, philosophical and organizational factors leading to the enactment of federal and state laws, rules, and regulations governing person with disabilities, including those in special education. Characteristics, educational and functional considerations, and implication of all areas of exceptionalities are addressed.

Credit Hours: 3 hrs

Previously Listed As: Education of Students with Exceptionalities

Course Revisions: Title change from "Education of Students with Exceptionalities" to "Introduction to Inclusion and Disabilities Studies in a Diverse Society," effective Summer 2013

Area III- Perspectives on a Diverse World- U.S. Diversity

SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society

This course introduces students to issues of diversity in American society, workplace, schools, and community through an examination of the historical and contemporary lived experiences of persons with disabilities in the United States. As such, it fulfills the U.S. Diversity requirement of the General Education Curriculum. The course explores how persons with disabilities have been denied the guarantees of liberty and equal protection of the laws provided for in the U.S. Constitution and traces the disabilities rights movement as its participants challenged unjust laws and fought social intolerance, prejudice, and stereotypes in order to participate more fully in the social, political, and economic life of the nation. Given that almost one-fifth of people in the United States have disability, students will likely interact with, or may become a member of, this important subgroup of American citizens. Through this course, students will acquire an understanding of the cultural complexity of disability in American society. The accumulation of readings, discussions, and activities will prepare students to apply concepts and practices of inclusion belonging, and institutional transformation in their future workplace and social experiences.

Last Updated: Gen Edu Approval 5/2013, effective Winter 2014; title and description change 2/2013, effective Summer 2013

SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs

Speech and language development in children and adolescents from birth through young adulthood. Unique patterns of speech and language development in children and adolescents with special learning needs are emphasized. Lecture and observation.

Credit Hours: 2 hrs

Notes: Required of all special education majors except speech and language impairment and hearing impaired, who must take SPSI337 Language Acquisition.

SPGN 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

SPGN 390 - Measurement and Diagnosis in Special Education

This course is required for all students majoring in special education. Students will learn about a wide variety of standardized and criterion-referenced tests and about their role in assessing intellectual capacity, academic achievement, socioemotional skills, adaptive behavior, and auditory and visual limitations of students with handicaps. The course will be taught in a lecture format. Students will look at and become familiar with a wide variety of commonly used tests. Cultural reactions, test bias, and limitations will be explored.

Credit Hours: 3 hrs

Prerequisite: SPGN 251; admission to the Initial Teacher Preparation Program

Last Updated: Links 03/2011

SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction

Knowledge of the reciprocal influences of children and adolescents with disabilities, their families, and community institutions: legal, medical, social, educational, and welfare components of social institutions. Students develop skills required to identify problem areas for the children and adolescents with disabilities, and their families, when interfacing with community institutions and to plan and implement effective intervention for positive growth.

Credit Hours: 3 hrs

Prerequisite: SPGN 251

Last Updated: Links 03/2011

SPGN 401 - International Teaching I

Students will have the opportunity to practice teaching non-English and/or English speaking children and develop an understanding of different learning styles, cultures, societies, family, language, history, and education through a semester-long teaching practicum in a foreign classroom. They will learn about characteristics of culturally and linguistically diverse students, evidence-based teaching methods, and teachers' roles and responsibilities.

Credit Hours: 6 hrs

Prerequisite: 48-credit hours and department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Notes: Students may register for both SPGN 401: International Teaching I and SPGN 402: International Teaching II for a total of

12 credits.

Last Updated: Graduate Credit Approval 09/2012, effective Winter 2013; New Course 6/2012

SPGN 402 - International Teaching II

Students will have the opportunity to practice teaching non-English and/or English speaking children and develop an understanding of different learning styles, cultures, societies, family, language, history, and education through a semester-long teaching practicum in a foreign classroom. They will learn about characteristics of culturally and linguistically diverse students, evidence-based teaching methods, and teachers' roles and responsibilities.

SPGN 481 - Assistive and Instructional Technology in Special Education

Identification and Implementation of instructional and assistive technology in the special general education curriculum. Educational software, productivity, applications, digital media, adapted microcomputers, voice input/output, switching device, alternative input methods, adaptive output methods and other adaptive and assistive devices are explored. Course provides a broad knowledge base rather than disability specific information.

Credit Hours: 3 hrs

Prerequisite: SPGN 251; admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPGN 485 - Curriculum, Programs and Services for Adolescents and Young Adults with Disabilities

Secondary and post-secondary special education curricula, programs and services are explored, with focus on the cognitive, personal, social, emotional, physical, prevocational and vocational needs of adolescents and young adults with disabilities.

Credit Hours: 2 hrs

SPGN 486 - Transition and Related Field Experiences: Adolescents and Young Adults with Disabilities

Application of transition fundamentals appropriate to the student's area of endorsement. Observation and direct work with adolescents and young adults with disabilities is required. A transition plan will be completed.

Credit Hours: 2 hrs

SPGN 491 - Special Education Student Teaching and Seminar

Culminating field-based experience and seminar in the Special Education professional preparation program. Student teaching placement is in a K-12 special education setting in the area in which the endorsement will be earned. Seminar requirements will focus on expanding field-based experiences. The placement and seminar are for one complete academic semester.

Credit Hours: 12 hrs

Prerequisite: admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

SPSI 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPSI 332 - Acoustic Phonetics: Speech Science

Basic principles of acoustic science and speech perception. Consideration of speech as an acoustical phenomenon and the analysis of speech patterns through measurements of sound and spectral analysis.

Credit Hours: 2 hrs

Class Restrictions: Junior standing or higher

Major Restrictions: Must be enrolled in one of the following majors: Special Education Major K-12 Speech/Language Pathology Endorsement (Elementary or Secondary), Speech/Language Pathology Major - Health Care Track

Last Updated: Major and Class Restriction Change 10/2012, effective Winter 2013

SPSI 334 - Applied Phonetics

An introduction to the use of the International Phonetic Alphabet Classification and production of English speech sounds. Phonemic transcription, including some analysis of deviant and variant speech. Lab experiences weekly.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or higher

Major Restrictions: Must be enrolled in one of the following majors: Special Education Major K-12 Speech/Language Pathology Endorsement (Elementary or Secondary), Speech/Language Pathology Major - Health Care Track

Last Updated: Major and Class Restriction Change 10/2012, effective Winter 2013; Credit Hour Change 02/2012

SPSI 335 - Introduction to Communication Disorders

A study of the major communication disorders as deviations from normal physical and social behavior. Etiology and symptomatology.

Credit Hours: 3 hrs

Corequisites: SPSI 334

Class Restrictions: Junior standing or higher

Last Updated: Title, Major and Class Restriction Change 10/2012, effective Winter 2013

SPSI 336 - Physiologic Phonetics: Anatomy and Physiology

Anatomy and physiology of normal speech production, consideration of speech as a motor behavior, physiological investigation of speech and voice.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or higher

Major Restrictions: Must be enrolled in one of the following majors: Special Education Major K-12 Speech/Language Pathology Endorsement (Elementary or Secondary), Speech/Language Pathology Major - Health Care Track

Last Updated: Major and Class Restriction Change 10/2012, effective Winter 2013

SPSI 337 - Language Acquisition

The development of speech, language, hearing and communication from birth. The interrelationship between cognitive development and language acquisition and usage. Developmental processes and milestones in phonology, morphology, syntax and semantics and pragmatics as a basis for understanding the effects of speech, language and hearing problems of the individual.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or higher

Major Restrictions: Must be enrolled in one of the following majors: Special Education Major K-12 Speech/Language Pathology Endorsement (Elementary or Secondary), Speech/Language Pathology Major - Health Care Track

Last Updated: Major and Class Restriction Change 10/2012, effective Winter 2013

SPSI 344 - Clinical Practice in Speech-Language Pathology

Supervised clinical experience with language, phonological and articulation disorders.

Credit Hours: 2 hrs

Prerequisite: SPSI343 and department permission

SPSI 346 - Speech, Language and Phonological Disorders in Children

Issues in the theoretical bases of speech, language and phonological disorders in children. Review of nature and diagnosis of these disorders in children.

Credit Hours: 3 hrs

Prerequisite: SPSI 332, SPSI 334, SPSI 336 and SPSI 337

Class Restrictions: Junior standing or higher

Major Restrictions: Must be enrolled in one of the following majors: Special Education Major K-12 Speech/Language Pathology Endorsement (Elementary or Secondary), Speech/Language Pathology Major - Health Care Track

Previously Listed As: (SPSI 340 and SPSI 342); SPSI 341

Last Updated: Major and Class Restriction Change 10/2012, effective Winter 2013

SPSI 347 - Normal Aging and Health Issues in Speech-Language Pathology

This course is designed to introduce students to the impact of normal aging on communication disorders. Structures and models for service delivery associated with speech pathologists serving geriatric patients will also be taught.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or higher

Major Restrictions: Must be enrolled in one of the following majors: Special Education Major K-12 Speech/Language Pathology Endorsement (Elementary or Secondary), Speech/Language Pathology Major - Health Care Track

Last Updated: Major and Class Restriction Change 10/2012, effective Winter 2013

SPSI 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPSI 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

SPVI 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPVI 365 - Braille

Developing proficiency in reading and writing error-free braille and the reading of music braille.

Credit Hours: 3 hrs

Prerequisite: Admission to the Initial Teacher Preparation Program

Concurrent Prerequisite: SPGN 251

Last Updated: Links 03/2011

SPVI 366 - The Eye and Vision — Anatomy and Physiology

Anatomy, physiology, and pathology of the organs of vision, refractive errors, and principles of correction. Educational implications of visual impairment in children, rather than strictly medical achievements. Interpretation of medical reports to parents, students and teachers.

Credit Hours: 2 hrs

Prerequisite: SPGN 251

Last Updated: Links 03/2011

SPVI 368 - Mobility Training for Persons with Visual Impairment

Sensory training, study, and development of cane techniques as they apply to mobility for persons with visual impairment. Introduction to leader dog program. Practicum included. Offered on the junior, senior and graduate level.

Credit Hours: 2 hrs

Class Restrictions: Junior standing

SPVI 369 - Community Considerations for Persons with Visual Impairment

The lifestyle and needs of persons with visual impairment; appropriate considerations the community must take for all levels of physical, emotional, and vocational development. Field trips and classroom experiences, acquaintance with a wide variety of service-oriented facilities for persons with visual impairment.

Credit Hours: 3 hrs

Prerequisite: SPGN 251; admission to the Initial Teacher Preparation Program

Last Updated: Links 03/2011

SPVI 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPVI 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPVI 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPVI 464 - Methods of Teaching Children who are Blind

A study of the various methods used in educating and assessing children who are blind, and the adaptation of these methods to the teaching of school subjects for these students. Further emphasis on Nemeth Code, Cranmer abacus and other teaching materials and devices.

Credit Hours: 3 hrs

Prerequisite: SPGN 251; admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPVI 465 - Braille II: Nemeth Code

Development of proficiency in reading and writing Nemeth Braille code for mathematics and science notation.

Credit Hours: 3 hrs

Prerequisite: SPVI 365; admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPVI 467 - Education of Children with Visual Impairment

Organization and administration of various plans for educating children with visual impairment. Adaptation of various teaching methods and materials for these children, as well as comparison of various vision testing methods and devices.

Credit Hours: 2 hrs

Prerequisite: SPGN 251; admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPVI 469 - Technology for Persons with Visual Impairment

Experience with a variety of tools available for use by persons with visual impairment. The tools and devices covered include those designed to provide assistance in reading, Braille and low-vision.

Credit Hours: 2 hrs

Prerequisite: admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

SPVI 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPVI 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Teacher Education Programs and Courses

Teacher Education

Major

Elementary Education Early Childhood Education Major (ECE)

Students seeking a major in ECE need to attend early childhood group advising sessions early in their program.

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Elementary Provisional Certificate, which is valid for teaching all subjects K-5, for teaching in self-contained classrooms in grades six to eight. In addition, the student who passes the Early Childhood Education MTTC is qualified for recommendation for endorsement in early childhood, certification code ZS. The Michigan Test for Teacher Certification (MTTC) for this field are #106, "Early Childhood Education," and Elementary Certification Test , #103, and those needed for subject area endorsements.

Elementary education and early childhood education students are required to attend a group advising session and then an open advising session before being assigned an advisor.

Teacher Education Department Information:

Interim Department Head: Martha Kinney-Sedgwick

Department Contact: mkinneys@emich.edu

Website: <http://www.emich.edu/coe/ted/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of “C” or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Liberal Arts Major Requirements: 48 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Note: Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs

- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 313 - Michigan History 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

One course from the following:

- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Content Requirements: 34 hours

- ECE 214 - The Developing Child Birth-Age Eight 3 hrs
- ECE 215 - The Developing Early Childhood Professional 3 hrs
- ECE 302 - Child Centered Teaching and Learning 3 hrs
- ECE 303 - Implementing the Curriculum 3 hrs
- ECE 307 - Diverse Children, Families and Communities 3 hrs
- ECE 314 - Infants and Toddlers: Development, Curriculum and Programs 3 hrs
- ** ECE 341 - Assessment of the Young Child 3 hrs
- ECE 342 - Intentional Teaching in the Content Areas 3 hrs
- ECE 343 - Advocacy, Leadership and Administration 3 hrs
- ECE 451 - inclusive Classroom in Early Childhood 3 hrs
- EDUC 495 - Student Teaching 4 hrs

Professional Elementary Education Sequence - ECE

Pre-Admission Phase: The Learner and the Community: 7 hours

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

Prerequisite: Completion of Phase I is required.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 495 - Student Teaching 4 hrs
- EDUC 498 - Student Teaching 5 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

** This course cannot be taken until Pre-Admission Phase is completed.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Elementary Education Integrated Science Major

Elementary Teacher Certification

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. The Michigan Test for Teacher Certification (MTTC) covering this certification is Elementary Certification test #103. The endorsement test for Integrated Science (Elementary) is MTTC#093.

Teacher Education Department Information:

Interim Department Head: Martha Kinney-Sedgwick

Department Contact: mkinneys@emich.edu

Website: <http://www.emich.edu/coe/ted/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.

3. A grade of “C” or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Liberal Arts Major Requirements: 48 hours

Professional Elementary Education Sequence

Pre-Admission Phase: The Learner and the Community: 11 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment, and the Social Context: 18 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** EDPS 340 needs to be taken with or after CURR 304.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- * PRCT 310 - Practicum II: Elementary 3 hrs
- * RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 492 - Student Teaching 9 hrs

This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

** These courses are listed as co-requisites.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Elementary Education Language Arts Group Major

Elementary Teacher Certification

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. The Michigan Test for Teacher Certification (MTTC) covering this certification is Elementary Certification test #103. The endorsement test for Language Arts is MTTC #090.

Teacher Education Department Information:

Interim Department Head: Martha Kinney-Sedgwick

Department Contact: mkinneys@emich.edu

Website: <http://www.emich.edu/coe/ted/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Liberal Arts Major Requirements: 48 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Note: Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 313 - Michigan History 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

One course from the following:

- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Content Requirements: 36 hours

Required Courses: 24 hours

- CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- CHL 208 - Multicultural Children's Literature (Gen Ed Area III) 3 hrs
- CHL 455 - Adolescent Literature 3 hrs
- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- LING 201 - An Introduction to Linguistics 3 hrs
- RDNG 220 - Instructional Uses of Trade Books 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- RDNG 350 - Integrated Language Arts Instruction 3 hrs

Restricted Elective Courses: 12 hours

One course from the following:

- CTAR 322 - Theatre for Children 3 hrs
- CTAR 324 - Oral Interpretation of Children's Literature 3 hrs

One course from the following:

- CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs

Two courses from the following:

- CHL 209 - Global Children's Literature (Gen Ed Area III) 3 hrs
- CHL 351 - World Mythology 3 hrs
- CHL 352 - Folk Literature: Ballads and Folk Tales 3 hrs
- CHL 353 - Genders and Sexualities in Literature for Young Readers 3 hrs
- CHL 450W - Children's Literature: Criticism and Response (Gen Ed Area I, W) 3 hrs
- CHL 451W - Writing about Controversy in Literature for the Young (Gen Ed Area I, W) 3 hrs
- CHL 453 - Illustrated Texts: Picture Books, Comics, and Graphic Novels 3 hrs
- CHL 456 - Jewish Children's and Adolescent Literature 3 hrs

Professional Elementary Education Sequence

Pre-Admission Phase: The Learner and the Community: 11 hours

Prerequisite: Sophomore standing or higher.

- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Elementary Education Reading Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. The Michigan Test for Teacher Certification (MTTC) covering this certification is Elementary Certification test #103. Their endorsement test for Reading (Elementary) is MTTC #005.

Teacher Education Department Information:

Interim Department Head: Martha Kinney-Sedgwick

Department Contact: mkinneys@emich.edu

Website: <http://www.emich.edu/coe/ted/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Liberal Arts Major Requirements: 48 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Note: Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 313 - Michigan History 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

One course from the following:

- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Content Requirements: 30 hours

Required Courses: 30 hours

- RDNG 220 - Instructional Uses of Trade Books 3 hrs
- RDNG 230 - Word Study in the Reading Program 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- RDNG 330 - Reading and the Culturally and Linguistically Diverse Learner 3 hrs
- RDNG 340 - Literacy Assessment in the Elementary Schools 3 hrs
- RDNG 350 - Integrated Language Arts Instruction 3 hrs
- RDNG 400 - Program Development for Struggling Readers 3 hrs
- RDNG 410 - Literacy in and Beyond the Classroom 3 hrs
- RDNG 420 - Middle School Literacy and the Early Adolescent Reader 3 hrs

Professional Elementary Education Sequence

Pre-Admission Phase: The Learner and the Community: 11 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment, and the Social Context: 18 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** EDPS 340 needs to be taken with or after CURR 304.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- * PRCT 310 - Practicum II: Elementary 3 hrs
- * RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.

institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

Elementary and Special Education-Elementary Teacher Certification

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. The Michigan Test for Teacher Certification (MTTC) covering this certification is Elementary Certification test #103. The endorsement test for Integrated Science (Elementary) is MTTC #093.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.

2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Required Courses: 15 hours

- ASTR 105 - Exploration of the Universe (Gen Ed Area IV) 3 hrs
- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- * ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs

Three courses from the following: 9-10 hours

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- CHEM 312 - Teaching Elementary Chemistry 3 hrs
- ESSC 311 - Weather and Climate for Elementary Teachers 3 hrs
- PHY 311 - Teaching Elementary Physical Science 3 hrs

Minor Total: 24-25 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

** For transfer students with ESSC 108 credit completed: ESSC 108 automatically substitutes for ESSC 202 and fulfills the requirement.*

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:

1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of “C” or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Required Courses: 18 hours

- CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- CHL 455 - Adolescent Literature 3 hrs
- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- LING 201 - An Introduction to Linguistics 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- RDNG 350 - Integrated Language Arts Instruction 3 hrs

Restricted Elective Courses: 6 hours

One course from the following:

- CHL 208 - Multicultural Children's Literature (Gen Ed Area III) 3 hrs
- CHL 209 - Global Children's Literature (Gen Ed Area III) 3 hrs

One course from the following:

- CTAR 222 - Drama and Play in the Human Experience (Gen Ed Area IV) 3 hrs
- CTAR 322 - Theatre for Children 3 hrs
- CTAR 323 - Improvising and Role-Play 3 hrs
- CTAR 324 - Oral Interpretation of Children's Literature 3 hrs

Minor Requirements: 24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and

the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

Post-Baccalaureate

Post-Baccalaureate Program in Elementary Education

Students pursuing this program will complete elementary teacher certification requirements. Students wishing to pursue an endorsement in any area of special education, in addition to their teaching certificate, should see the master's teacher certification and endorsement in special education program described under the Department of Special Education. Students wishing to be certified in any of the following areas have requirements that differ from the general programs listed below and must obtain additional information from the College of Education Office of Academic Services: art, music (vocal and instrumental), physical education, business, management, marketing and technology, and technology and design. General procedures for obtaining post-baccalaureate certification can be found under the College of Education.

Initial contact for all post-baccalaureate students should be with the College of Education Office of Academic Services.

Admission Requirements

1. Minimum cumulative undergraduate GPA of 2.5 or a 3.0 in a master's degree from an accredited college or university. Applicants with less than a 2.5 GPA should contact the Second Bachelor's Office located in the Undergraduate Advising and Career Development Center, 200 McKenny, 734.487.5497.
2. Passing scores on all three sections (reading, mathematics and writing) of the Michigan Test for Teacher Certification (MTTC) Basic Skills Test; an official score report on file at Eastern Michigan University.
3. Personal statement and letter of recommendation.
4. Freedom from civil/criminal convictions, academic probation, or administrative probation. ICHAT criminal background check and Statement of Civil/Criminal Convictions. For any civil/criminal conviction provide:
 - A copy of the Judgment of Sentence, Registrar of Actions, or Certification of Conviction.
 - A written explanation of the offense(s).

Applications of students with civil/criminal convictions will be carefully reviewed and may take longer to process.

Meet academic, social, moral, and financial obligations as a member of the EMU community. Compliance with all other admissions requirements.

Program Requirements

The student must:

1. Have a review of previous course work performed by the College of Education Office of Academic Services, to determine those requirements already completed, both for the teaching subject major/minor and for certification.

2. Successfully complete major/minor requirements for elementary education.
3. Successfully complete required hours of fieldwork experience. Presently a minimum of 100 clock hours of field experience is required, including required practicum courses.
4. Successfully complete professional elementary education course requirements.
5. Successfully complete student teaching.

Exit Criteria

1. Successful completion of all course work on program (designated minimum GPA overall, and in majors/minors).
2. Successful completion of required student teaching.
3. Successful completion of required subject area tests.
4. Recent signed civil/criminal convictions statement.
5. Current adult and child CPR and first aid certification meeting Michigan Department of Education requirements.

Curricula

Most courses required for post-baccalaureate certification are undergraduate courses (course numbers under 500). It is important to note that 600-level or higher courses may not be used on a program of study.

Teacher Education Department Information:

Interim Department Head: Martha Kinney-Sedgwick

Department Contact: mkinneys@emich.edu

Website: <http://www.emich.edu/coe/ted/>

Criteria for Admission to the Post-Baccalaureate Certification Program

- Minimum cumulative undergraduate grade point average (GPA) of 2.5 or a 3.0 in a master's degree from an accredited college or university. Applicants with less than a 2.5 GPA should contact the Second Bachelor's Office, 301 Pierce Hall, 734.487.5497
- Passing scores on all three sections (reading, mathematics and writing) of the Michigan Test for Teacher Certification (MTTC) Basic Skills Test; an official score report must be on file at Eastern Michigan University.
- Personal Statement and letter of recommendation.
- Freedom from civil/criminal convictions, academic probation, or administrative probation. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 - A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 - A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
- Meet academic, social, moral, and financial obligations as a member of the EMU community.
- Compliance with all other admissions requirements.

Undergraduate students on academic probation may not earn credit for any graduate-level on-campus or off-campus courses (500-level and above).

Once admitted, students are considered teacher candidates. Manuals, policies and procedures are available to all teacher candidates at www.emich.edu/coe/oas. Teacher candidates should print the student manual, read it and keep a copy for their records.

The teacher preparation program has a process for identifying teacher candidates with professional weaknesses. The process is called “red flagging” and is explained in student and faculty manuals. Two red flags can lead to dismissal from the teacher preparation program.

Program Requirements:

All elementary certification students must complete the requirements for the Liberal Arts Major for Elementary Education as well as the Professional Education Sequence. The elementary certification student must also choose a second major or two minors. The Michigan Test for Teacher Certification (MTTC) covering this certification is Elementary Certification test #103.

Liberal Arts Major Requirements: 48 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Note: Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 313 - Michigan History 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

One course from the following:

- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Approved Additional Majors in Elementary Education:

- Early Childhood Education

- Integrated Elementary Science
- Language Arts Group
- Mathematics for Elementary Teaching
- Reading
- Social Studies Group

Approved Additional Minors in Elementary Education:

- Integrated Elementary Science
- Language Arts Group
- Mathematics for Elementary Teaching
- Reading

The student may not combine Language Arts and Reading minors. One of the minors can be in:

- French Language
- German Language
- Spanish Language
- Teaching English as a Second Language

Professional Elementary Education Sequence

Pre-Admission Phase: The Learner and the Community: 11 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment, and the Social Context: 18 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** EDPS 340 needs to be taken with or after CURR 304.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- * PRCT 310 - Practicum II: Elementary 3 hrs
- * RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Post-Baccalaureate Program in Secondary Education

Students pursuing this program will complete secondary teacher certification requirements. Students wishing to pursue an endorsement in any area of special education, in addition to their teaching certificate, should see the master's teacher certification and endorsement in special education program described under the Department of Special Education. Students wishing to be certified in any of the following areas have requirements that differ from the general programs listed below and must obtain additional information from the College of Education Office of Academic Services: art, music (vocal and instrumental), physical education, business, management, marketing and technology, and technology and design. General procedures for obtaining post-baccalaureate certification can be found under the College of Education.

Initial contact for all post-baccalaureate students should be with the College of Education Office of Academic Services.

Admission Requirements

1. Minimum cumulative undergraduate GPA of 2.5 or a 3.0 in a master's degree from an accredited college or university. Applicants with less than a 2.5 GPA should contact the Second Bachelor's Office located in the Undergraduate Advising and Career Development Center, 200 McKenny, 734.487.5497.
2. Passing scores on all three sections (reading, mathematics and writing) of the Michigan Test for Teacher Certification (MTTC) Basic Skills Test; an official score report on file at Eastern Michigan University.

3. Personal statement and letter of recommendation.
4. Freedom from civil/criminal convictions, academic probation, or administrative probation. ICHAT criminal background check and Statement of Civil/Criminal Convictions. For any civil/criminal conviction provide:
 - A copy of the Judgment of Sentence, Registrar of Actions, or Certification of Conviction.
 - A written explanation of the offense(s).
5. Meet academic, social, moral, and financial obligations as a member of the EMU community.
6. Compliance with all other admissions requirements.

Program Requirements

The student must:

1. Have a review of previous course work performed by the College of Education Office of Academic Services, to determine those requirements already completed, both for the teaching subject major/minor and for certification.
2. Successfully complete general education requirements as needed.
3. Successfully complete major/minor requirements for secondary education.
4. Successfully complete required hours of fieldwork experience. Presently a minimum of 100 clock hours of field experience is required, including required practicum courses.
5. Successfully complete professional secondary education course requirements.
6. Successfully complete student teaching.

Exit Criteria

1. Successful completion of all course work on program (designated minimum GPA overall, and in majors/minors).
2. Successful completion of required student teaching.
3. Successful completion of required subject area tests.
4. Recent signed civil/criminal convictions statement.
5. Current adult and child CPR and first aid certification meeting Michigan Department of Education requirements.

Curricula

Most courses required for post-baccalaureate certification are undergraduate courses (course numbers under 500). It is important to note that 600-level or higher courses may not be used on a program of study.

Teacher Education Department Information:

Interim Department Head: Martha Kinney-Sedgwick

Department Contact: mkinneys@emich.edu

Website: <http://www.emich.edu/coe/ted/>

Criteria for Admission to the Post-Baccalaureate Certification Program

- Minimum cumulative undergraduate grade point average (GPA) of 2.5 or a 3.0 in a master's degree from an accredited college or university. Applicants with less than a 2.5 GPA should contact the Second Bachelor's Office, 301 Pierce Hall, 734.487.5497
- Passing scores on all three sections (reading, mathematics and writing) of the Michigan Test for Teacher Certification (MTTC) Basic Skills Test; an official score report must be on file at Eastern Michigan University.

- Personal Statement and letter of recommendation.
- Freedom from civil/criminal convictions, academic probation, or administrative probation. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 - A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 - A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
- Meet academic, social, moral, and financial obligations as a member of the EMU community.
- Compliance with all other admissions requirements.

Undergraduate students on academic probation may not earn credit for any graduate-level on-campus or off-campus courses (500-level and above).

Once admitted, students are considered teacher candidates. Manuals, policies and procedures are available to all teacher candidates at www.emich.edu/coe/oas. Teacher candidates should print the student manual, read it and keep a copy for their records.

The teacher preparation program has a process for identifying teacher candidates with professional weaknesses. The process is called “red flagging” and is explained in student and faculty manuals. Two red flags can lead to dismissal from the teacher preparation program.

Liberal Art Requirements:

Students must complete a minimum of 40 credit hours in liberal arts studies, which include the areas listed below. Many students can meet most liberal arts requirements through courses previously taken as part of a bachelor’s degree.

- a course in English writing
- a course in communication
- a course in literature
- a course in humanities/social sciences (American Government recommended)
- a course in mathematics
- a course in natural or physical sciences
- a course in arts

Major/Minor Requirements:

Students must complete one approved major and one approved minor.

Approved Majors for Secondary Education:

- Biology
- Business, Management, Marketing and Technology
- Chemistry
- Communication and Theatre Arts (speech)

- Computer Science
- Earth Science
- French Language
- Geography (requires a minor in History)
- German Language and Literature
- History (requires a minor in Geography)
- Integrated Science*
- Language, Literature and Writing (English)
- Mathematics
- Physical Science Comprehensive Major*
- Physical Science Group Major (requires a minor in Biology, Chemistry, Earth Science or Physics)
- Physics
- Social Studies (requires a minor in Economics, Geography, History or Political Science)
- Spanish Language

Approved Minors for Secondary Education:

- Biology
- Chemistry
- Communication and Theatre Arts (speech)
- Computer Science
- Earth Science
- Economics (requires a major in Social Studies)
- French Language
- Geography
- German Language
- Health
- History (requires a major in Social Studies or Geography)
- Language, Literature and Writing (English)
- Mathematics

- Physical Education
- Physics
- Political Science (requires a major in Social Studies)
- Psychology
- Spanish Language
- Teaching English as a Second Language
- Vocational Technical Education

Approved K-12 (Secondary Certificate):

- French Language
- German Language and Literature
- Japanese Language and Culture
- Music Education (Instrumental)*
- Music Education (Vocal)*
- Physical Education
- Spanish Language
- Technology and Design Education
- Visual Art Education*

* This major does not require a minor.

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Introduction to Inclusion and Disabilities Studies in a Diverse Society (Gen Edu Area III) 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9-12 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- Methods of Teaching in Subject Area (3-6 hrs)
- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs

This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Curriculum

CURR 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

CURR 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

CURR 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

CURR 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

CURR 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

CURR 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

CURR 304 - Curriculum and Methods: Elementary

The concept of curriculum and its relationship to differing philosophies of education and styles of teaching. The instructional process and multiple teaching strategies examined and applied through lesson planning and demonstration. Classroom management principles and techniques considered in the light of a curriculum and instruction perspective. This course is linked to PRCT 304, a planned practicum experience in public schools.

Credit Hours: 3 hrs

Prerequisite: EDPS 322 or EDPS 325; admission to the Initial Teacher Preparation Program

Last Updated: Links 04/2011

CURR 305 - Curriculum and Methods: Secondary

The concept of curriculum and its relationship to differing philosophies of education and styles of teaching. The instructional process and multiple teaching strategies examined and applied through lesson planning and demonstration. Classroom management principles and techniques considered in the light of a curriculum and instruction perspective. Includes a planned practicum experience in public schools in addition to the regularly scheduled hours.

Credit Hours: 3 hrs

Prerequisite: EDPS 322 or EDPS 325; admission to the Initial Teacher Preparation Program

Last Updated: Links 04/2011

CURR 308 - Integrated Elementary Social Studies Methods

Social studies is the integrated study of the social sciences and humanities to promote civic competence inherent in group life. This course explores the teaching of social studies in the elementary school. It is organized to cover a variety of teaching methods to acquire skills through lectures, discussions, activities, and presentations.

Credit Hours: 3 hrs

Prerequisite: CURR 304 and admission to the Initial Teacher Preparation Program

Class Restrictions: Junior standing or above

Major Restrictions: Elementary Education Majors only

Cross-Listed with: HIST 308

Last Updated: 03/2011; effective Spring 2011

CURR 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

CURR 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

CURR 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

CURR 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

CURR 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

CURR 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

CURR 486 - Internship in Teacher Education

Directed experience involving a field placement in curriculum.

Credit Hours: 1 hr

Prerequisite: department permission

CURR 488 - Internship in Teacher Education

Directed experience involving a field placement in curriculum.

Credit Hours: 2 hrs

Prerequisite: department permission

CURR 489 - Internship in Teacher Education

Directed experience involving a field placement in curriculum.

Credit Hours: 3 hrs

Prerequisite: department permission

CURR 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 1 hr

Prerequisite: department permission

CURR 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 2 hrs

Prerequisite: department permission

CURR 499 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 3 hrs

Prerequisite: department permission

Early Childhood Education

ECE 214 - The Developing Child Birth-Age Eight

This course explores developmental patterns of children in various settings. Physical, mental, social and emotional components of growth through the first five stages of the family life cycle with emphasis on the child from two to eight years. Impact of the family, resources, attitudes and values on young children will be explored.

Credit Hours: 3 hrs

Concurrent Prerequisite: ECE 215

Class Restrictions: Sophomore standing

Last Updated: Links 04/2011

ECE 215 - The Developing Early Childhood Professional

This course provides an orientation to early childhood education, addressing such topics as teacher-child interaction, observation, guidance, ECE content area, and health and safety requirements. Students participate in a practicum experience at EMU Children's Institute for three hours per week and attend a two hour class once a week.

Credit Hours: 3 hrs

Lecture/Lab Hours: Includes three-hours-per-week practicum experience

Corequisites: ECE 214 and practicum at the EMU Children's Institute

Class Restrictions: Sophomore standing

Last Updated: Links 04/2011

ECE 302 - Child Centered Teaching and Learning

This course teaches students to design and implement developmentally appropriate programs and curriculum for children from birth through age eight. A historical overview of early childhood programs and differentiated instruction to meet the needs of young children is the focus. An inquiry approach will be used to assist the student in broadening the scope of curriculum

Credit Hours: 3 hrs

Prerequisite: ECE 214, ECE 215, EDPS 322 or EDPS 325, ECE 307 and ECE 314; Admission to the College of Education

Corequisites: ECE 303 and practicum in EMU Children's Institute

Class Restrictions: Junior or Senior standing

Major Restrictions: Early Childhood Education Major

Last Updated: Links 04/2011

ECE 303 - Implementing the Curriculum

The content of the class will focus on implementing a developmentally appropriate curriculum in programs for young children. The students participate in a practicum experience at the EMU Children's Institute for three hours per week and attend a two hour class once a week. The faculty member supervises the students in the Children's Institute.

Credit Hours: 3 hrs

Prerequisite: ECE 214 and ECE 215, EDPS 322 or EDPS 325, ECE 307, ECE 314; Admission to the Initial Teacher Preparation Program

Corequisites: ECE 302 and a practicum at the EMU Children's Institute

Class Restrictions: Sophomore or Junior standing

Last Updated: Links 04/2011

ECE 307 - Diverse Children, Families and Communities

Course focuses on diverse families emphasizing young children in peril. Students will explore poverty and other critical conditions affecting families and apply knowledge of school and community resources to address young children's needs and build resilience. Students will learn and apply affective communication strategies to develop meaningful home-school-community partnerships.

Credit Hours: 3 hrs

Prerequisite: ECE 214 and ECE 215

Class Restrictions: Junior standing

Last Updated: Links 04/2011

ECE 314 - Infants and Toddlers: Development, Curriculum and Programs

This course examines the development of infants and toddlers (conception to 36 months), and the characteristics of high quality curriculum and child care programs for this age group. It requires 10-12 hours of observation/participation in infant-toddler programs.

Credit Hours: 3 hrs

Prerequisite: ECE 214 and ECE 215

Class Restrictions: Junior standing

Last Updated: Links 04/2011

ECE 318 - Play and Creativity in ECE

An overview of approaches to play and creative expression in the education of young children. Applications will be made to the fields of early childhood, elementary education, special education and extended day programs. Students will conduct observations and interviews on play and experiment with a variety of play materials and media with children.

Credit Hours: 3 hrs

Prerequisite: ECE 214 and ECE 215

Major Restrictions: Admission to the Initial Teacher Preparation Program

Last Updated: Links 04/2011

ECE 341 - Assessment of the Young Child

This course focuses on formal and informal procedures and practices used in the formative and summative evaluation and assessment of all aspects of a child's development from birth through the elementary years, with emphasis on children birth through age eight.

Credit Hours: 3 hrs

Prerequisite: ECE 214, ECE 215 and (EDPS 322 or EDPS 325); Admission to the Initial Teacher Preparation Program

Class Restrictions: Junior or Senior standing

Last Updated: Links 04/2011

ECE 342 - Intentional Teaching in the Content Areas

This is an advanced early childhood curriculum class that focuses on using developmentally appropriate instructional methods to address early learning standards in the areas of literacy, math, science and social studies. Integrating language development and critical thinking through all areas of the curriculum will be emphasized.

Credit Hours: 3 hrs

Prerequisite: ECE 302, ECE 303, RDNG 300 and admission to the Initial Teacher Preparation Program

Class Restrictions: Junior standing or above

Major Restrictions: Early Childhood Education Major only

Last Updated: Links 04/2011

ECE 343 - Advocacy, Leadership and Administration

This course focuses on advocacy, leadership and policy in early childhood education. Students will explore state, national and international policies impacting children, learn and apply advocacy and community organizational skills, and examine roles of leadership and the administration of programs in early childhood education.

Credit Hours: 3 hrs

Prerequisite: ECE 302, ECE 303 and admission to the Initial Teacher Preparation Program

Class Restrictions: Junior standing or above

Major Restrictions: Early Childhood Education Major only

Last Updated: Links 04/2011

ECE 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

ECE 451 - inclusive Classroom in Early Childhood

This course prepares early childhood teachers to teach young children with exceptional needs in early childhood or early childhood special education classrooms. It addresses Special Education history, theory, models and laws pertaining to young children as well as inclusive curricular, assessment, and family approaches, teaming and collaboration and managing challenging behavior.

Credit Hours: 3 hrs

Prerequisite: ECE 302, ECE 303 and SPGN 251

Class Restrictions: Junior standing or above

Major Restrictions: Early Childhood Education Major only

Cross-Listed with: SPGN 451

Last Updated: Links 04/2011

SPGN 451 - Inclusive Classroom in Early Childhood

This course prepares early childhood teachers to teach young children with exceptional needs in early childhood or early childhood special education classrooms. It addresses Special Education history, theory, models and laws pertaining to young children as well as inclusive curricular, assessment, and family approaches, teaming and collaboration and managing challenging behavior.

Credit Hours: 3 hrs

Prerequisite: ECE 302, ECE 303 and SPGN 251

Class Restrictions: Junior standing or above

Major Restrictions: Early Childhood Education Major only

Cross-Listed with: ECE 451

Last Updated: Links 03/2011

Educational Media and Technology

EDMT 330 - Instructional Applications of Media and Technology

This course guides preservice teacher educators to critically and creatively apply the concepts, principles, hardware and software associated with the infusion of technology in solving educational problems and meeting challenges in their roles as facilitators of learning.

Credit Hours: 3 hrs

Prerequisite: admission to the Initial Teacher Preparation Program

Concurrent Prerequisite: CURR 304, CURR 305, BMMT 200, PHED 317, MUSC 330, MUSC 332 or TEDU 350

Last Updated: Prerequisite and Corequisite Change 10/2011, effective Winter 2012; Links 04/2011

EDMT 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

EDMT 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

EDMT 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

EDMT 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 1 hr

Prerequisite: department permission

EDMT 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 2 hrs

Prerequisite: department permission

Educational Psychology

EDPS 106 - Strategic Learning for Academic Success

Introduction to EMU services, diagnostic testing of learning styles and learning strategies for academic success.

Credit Hours: 3 hrs

EDPS 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

EDPS 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

EDPS 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

EDPS 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hrs

Prerequisite: department permission

EDPS 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

EDPS 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

EDPS 322 - Human Development and Learning

The study of childhood psychology from birth through adolescence with a focus on intellectual and psychosocial behavior and the role of parents and teachers in fostering learning and development.

Credit Hours: 4 hrs

EDPS 325 - Life Span Human Growth and Development

An exploration of the biological, cognitive, social and affective domains of human growth and development from the prenatal period until death; the relationship of growth and development to behavior through the life span.

Credit Hours: 4 hrs

Class Restrictions: All Undergraduates

Last Updated: Class Restriction Removed 5/2013, effective Fall 2013

EDPS 340 - Introduction to Assessment and Evaluation

Basic principles in evaluation and assessment. Students will construct and interpret tests and alternative assessments; critique standardized tests; assess social, affective and behavioral factors; use computer applications; and examine assessment issues.

Credit Hours: 3 hrs

Prerequisite: EDPS 322

Concurrent Prerequisite: CURR 304 or CURR 305

Major Restrictions: Admission to the Initial Teacher Preparation Program

Last Updated: Links 04/2011

EDPS 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

EDPS 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

EDPS 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

EDPS 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

EDPS 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

EDPS 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

EDPS 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 1 hr

Prerequisite: department permission

EDPS 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 2 hrs

Prerequisite: department permission

EDPS 499 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 3 hrs

Prerequisite: department permission

EDPS 621 - Statistical Applications in Educational Research

Emphasizes the role of statistics in hypothesis testing; statistical applications in visually presenting and summarizing data; computation of central tendency, variability, relationship and prediction indices; and interpretation of results.

Credit Hours: 2 hrs

Notes: This is a graduate course in an undergraduate program.

EDPS 651 - Inferential Statistics

Inferential statistics, both parametric and nonparametric, theory of hypothesis testing.

Credit Hours: 2 hrs

Prerequisite: EDPS 621 or equivalent

Notes: This is a graduate course in an undergraduate program.

Practicum

PRCT 304 - Practicum I: Elementary

Field placement in an elementary school. Focus is on reflective teaching and assessment decisions.

Credit Hours: 3 hrs

Prerequisite: EDPS 322; admission to the Initial Teacher Preparation Program

Concurrent Prerequisite: CURR 304

Previously Listed As: FETE 301

Last Updated: Links 04/2011

PRCT 305 - Practicum I: Secondary

Field placement in a middle level or high school. Focus is on reflective teaching and assessment decisions.

Credit Hours: 3 hrs

Prerequisite: EDPS 322; admission to the Initial Teacher Preparation Program

Concurrent Prerequisite: CURR 305

Previously Listed As: FETE 302

Last Updated: Links 04/2011

PRCT 310 - Practicum II: Elementary

Field placement in an elementary school with a diverse student population. Emphasis is on developing literacy in diverse populations and adapting instruction to individual student needs.

Credit Hours: 3 hrs

Prerequisite: CURR 304; admission to the Initial Teacher Preparation Program

Concurrent Prerequisite: RDNG 310

Previously Listed As: FETE 401

Last Updated: Links 04/2011

PRCT 311 - Practicum II: Secondary

Field placement in a middle level or high school with a diverse student population. Emphasis is on developing literacy in diverse populations and adapting instruction to individual student needs.

Credit Hours: 3 hrs

Prerequisite: CURR 305; admission to the Initial Teacher Preparation Program

Concurrent Prerequisite: RDNG 311

Previously Listed As: FETE 402

Last Updated: Links 04/2011

Reading

RDNG 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 220 - Instructional Uses of Trade Books

In this course, students will acquire a knowledge of trade books and their uses in language arts instruction and in instruction across the curriculum. Students will develop strategies and methods for using trade books so that children discover the value and satisfaction of reading.

Credit Hours: 3 hrs

Prerequisite: CHL 207

Last Updated: Links 04/2011

RDNG 230 - Word Study in the Reading Program

Using language theory as a basis, students will explore the various aspects of word study: phonemic awareness, phonics, vocabulary, dictionary skills and spelling. Using literature and other texts, they will develop techniques/strategies for teaching word study in the elementary grades.

Credit Hours: 3 hrs

RDNG 240 - Reading and Writing Connections in the Elementary Grades

This course provides preservice teachers an opportunity to explore research on the relationship between the reading and writing processes, to experience writers' workshop, to determine ways to promote growth in students' written language across the content areas and to determine management and evaluation procedures within the reading/writing classroom.

Credit Hours: 3 hrs

RDNG 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 300 - Early Literacy

A concentration on the developmental aspects of literacy learning from birth to eight years old. Involves theoretical and research knowledge pertinent to child growth and development.

Credit Hours: 3 hrs

Prerequisite: EDPS 322 Human Development and admission to the College of Education

Last Updated: Links 04/2011

RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades

This course focuses on the developmental aspects of literacy processes in the intermediate grades. Emphasis will be placed on theory and research and their application to literacy instruction across all content areas. Field based experiences are included in the corequisite PRCT 310. Required of students seeking elementary certification.

Credit Hours: 3 hrs

Prerequisite: CURR 304 and RDNG 300

Last Updated: Links 06/2011

RDNG 311 - Teaching Reading in the Secondary School

The developmental sequence for reading skills at the junior and senior high school levels and methods for teaching the sequence, including teaching programs for all students. Providing reading instruction within the context of the various areas. Required for all students who seek certification to teach in secondary schools.

Credit Hours: 3 hrs

Prerequisite: CURR 305, ARTE 358, PHED 317, BMMT 200, MUSC 330, MUSC 332 or TEDU 350; admission to the Initial Teacher Preparation Program

Last Updated: Prerequisite Change 04/2011, effective Summer 2011

RDNG 330 - Reading and the Culturally and Linguistically Diverse Learner

Exploring research on second language reading and language instruction, students will develop strategies for working with elementary students from diverse cultural and linguistic backgrounds. Students will engage in action research to design instructional methods and tools which will foster reading and language learning for second language learners in particular.

Credit Hours: 3 hrs

Prerequisite: RDNG 230, RDNG 300

Last Updated: Links 04/2011

RDNG 340 - Literacy Assessment in the Elementary Schools

A course in the types of informal literacy assessments appropriate for elementary school children. Students will examine a variety of literacy assessments techniques for primary and upper elementary grades including reading level assessment, motivational, spelling and writing scales. Portfolio development and parent conferences will also be examined.

Credit Hours: 3 hrs

Prerequisite: RDNG 300; EDPS 340 or ECE 341

Last Updated: Links 04/2011

RDNG 350 - Integrated Language Arts Instruction

This course focuses on the interrelationship of speaking, listening, reading, writing, viewing, and visually representing within language arts instruction. The purpose is to acquaint preservice teachers with recent research and practice relevant to language arts instruction in the elementary classroom.

Credit Hours: 3 hrs

Prerequisite: RDNG 300

Last Updated: Links 04/2011

RDNG 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 400 - Program Development for Struggling Readers

A course in the development of an intervention program to meet the needs of struggling readers. Students will develop and implement an intervention program for a child in the local community and report the results of this program to the parents and the school.

Credit Hours: 3 hrs

Prerequisite: RDNG 340

Last Updated: Links 04/2011

RDNG 410 - Literacy in and Beyond the Classroom

This course provides an in-depth look at current literacy practices in American schools. Students will explore classroom and intervention programs, after school tutorials, parent programs, community programs and working with school personnel. Professional development opportunities including membership and attendance at professional conferences will also be examined.

Credit Hours: 3 hrs

Prerequisite: RDNG 300, RDNG 310

Class Restrictions: Senior standing only. Certificate candidates.

Major Restrictions: Reading majors only

Previously Listed As: RDNG 210

Last Updated: Links 04/2011

RDNG 420 - Middle School Literacy and the Early Adolescent Reader

This course has the following purposes: (a) Understanding early adolescent literacy development; (b) Exploring literacy practices associated with middle level disciplines; (c) Applying various instructional strategies to those practices to enhance comprehension, composition, and learning of content; (d) Developing personal understanding of the relationship between literacy and learning across disciplines.

Credit Hours: 3 hrs

Prerequisite: RDNG 300

Class Restrictions: Senior standing only. Certificate candidates.

Major Restrictions: Reading majors only

Course Revisions:

Course Revisions: This course will have a prerequisite change from "RDNG 300, RDNG 310" to "RDNG 300," effective Winter 2013.

Last Updated: Links 04/2011

RDNG 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 1 hr

Prerequisite: Department permission

School of Health Promotion and Human Performance Programs and Courses

School of Health Promotion and Human Performance

Major

Athletic Training Major

The Bachelor of Science in Athletic Training program at Eastern Michigan University is a rigorous and intense program that places specific requirements and demands on the students enrolled in the program. An objective of this program is to prepare graduates to enter a variety of employment settings and to render care to a wide spectrum of individuals engaged in physical activity. The technical standards set forth by the athletic training education program establish the qualities considered necessary for students to achieve the knowledge, skills and competencies of an entry-level athletic trainer, as well as meet the expectations of the program's accrediting agency (Commission on Accreditation of Athletic Training Education (CAATE)). The following abilities and expectations must be met by all students admitted to the athletic training educational program. In the event a student is unable to fulfill these technical standards, with or without reasonable accommodation, the student will not be admitted into the program.

Compliance with the program's technical standards does not guarantee a student's eligibility for the Board of Certification (BOC) certification exam. Students also must complete all requirements of the ATEP.

Candidates for the athletic training education program must demonstrate:

- The capacity to assimilate, analyze, synthesize, integrate concepts and solve problems to formulate assessment and therapeutic judgments and to be able to distinguish deviations from the norm.
- Sufficient postural and neuromuscular control, sensory function and coordination to perform appropriate physical examinations using accepted techniques; and to accurately, safely and efficiently use equipment and materials during the assessment and treatment of patients.
- The ability to communicate effectively with patients and colleagues, including individuals from different cultural and social backgrounds; this includes, but is not limited to, the ability to establish rapport with patients and communicate judgments and treatment information effectively. Students must be able to understand and speak the English language at a level consistent with competent professional practice.
- The ability to record the physical examination results and a treatment plan clearly and accurately.
- The capacity to maintain composure and continue to function well during periods of high stress.
- The perseverance, diligence and commitment to complete the athletic training education program as outlined and sequenced.
- Flexibility and the ability to adjust to changing situations and uncertainty in clinical situations.

Affective skills and appropriate demeanor and rapport that relate to professional education and quality patient care.

Candidates for selection to the athletic training education program will be required to verify they understand and meet these technical standards or that they believe that, with certain accommodations, they can meet the standards.

The Disability Resource Center will evaluate a student who says he/she could meet the program's technical standards with accommodation and confirm that the stated condition qualifies as a disability under applicable laws.

If a student says he/she can meet the technical standards with accommodation, the University will determine whether it agrees that the student can meet the technical standards with reasonable accommodation. This includes a review of whether the accommodations requested are reasonable, taking into account whether accommodation would jeopardize clinician/patient safety or the educational process of the student or the institution, including all course work, clinical experiences and internships deemed essential to graduation.

Students in the Athletic Training Education Program that are applying to begin their clinical Education must obtain and submit a medical physical to be reviewed by a physician. They must obtain, complete and submit an application for ATTR 225 and complete the Hepatitis B vaccination form prior to enrolling in the clinical education coursework. These forms may be printed from the Athletic Training website or picked up from the Athletic training Education Program Coordinator.

When an "intent" has successfully achieved the above, he/she must apply for "First Year Review". The application form can be obtained from the program coordinator or the clinical coordinator or online at the program's website. The "intent" will be notified of the date and time for a personal interview with the Athletic Training Education Committee.

All forms and the most up to date information about the Athletic Training Education Program can be obtained from the program website: www.emich.edu/hphp/ATRindex.html

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 7-8 hours

One option from the following:

Option I:

- CHEM 120 - Fundamentals of Organic and Biochemistry (Gen Ed Area IV) 4 hrs

Option II:

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr

One option from the following:

Option I:

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs

Option II:

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- PSY 103 - General Psychology Laboratory (Gen Ed Area IV) 1 hr

Sports Medicine - Athletic Training: 70 hours

- ATTR 201 - Human Anatomy for Sports Medicine 3 hrs
- ATTR 202 - Human Physiology for Sports Medicine 3 hrs
- ATTR 219 - Introduction to Athletic Training 3 hrs
- ATTR 225 - Practicum I 3 hrs
- ATTR 290 - Practicum II 2 hrs
- ATTR 295 - Assessment of Lower Body Injuries 3 hrs
- ATTR 296 - Assessment of Upper Body Injuries 3 hrs
- ATTR 304 - Structural Kinesiology 3 hrs
- ATTR 310 - Emergency Care in Athletic Training 2 hrs
- ATTR 321 - Therapeutic Modalities for AT. with Lab 3 hrs
- ATTR 322 - Therapeutic Exercise for Athletic Trainers with Lab 3 hrs
- ATTR 326 - Practicum III 2 hrs
- ATTR 327 - Practicum IV 2 hrs
- ATTR 384 - Ergogenic Aids and Athletic Performance 2 hrs
- ATTR 390 - Senior Practicum 3 hrs
- ATTR 419 - Medical Aspects of Athletic Training 3 hrs
- ATTR 420 - Administrative and Legal Aspects of Athletic Training 2 hrs
- ATTR 485 - Seminar in Athletic Training 3 hrs
- ATTR 490 - Internship — Athletic Training 6 hrs
- DTC 204 - Sports Nutrition 3 hrs
- SPMD 119 - Orientation to Sports Medicine 1 hr
- SPMD 280 - Pharmacology for Sports Medicine 2 hrs
- SPMD 300 - Physiology of Exercise 4 hrs
- SPMD 305 - Kinesiology-Tissue Mechanics 3 hrs
- SPMD 380W - Behavioral Aspects of Sports Medicine (Gen Ed Area I, W) 3 hrs

Electives: 13 hours

Writing Intensive Course

Each student must choose a writing intensive course as part of major completion requirements. Consult your advisor for course options.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

The above curriculum, numerous clinical competencies/proficiencies and clinical experience under the supervision of an NATA-certified athletic trainer are required for graduation and to sit for the NATABOC certification exam. In addition, completed athletic training education competencies are required by all students prior to graduation from the CAAHEP accredited program. Clinical education must be attained in no less than two academic years and not more than five years.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for

college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Exercise Science Major

Students entering the exercise science program are listed as "intents" and will be considered for candidacy when the following criteria are met:

1. Declaration of intent to major in exercise science with the Academic Advising Center in Pierce Hall and the School of Health Promotion and Human Performance.
2. An overall GPA at Eastern Michigan University of 2.80 (transfer GPA evaluated separately).
3. Completion of all pre-candidacy courses in the exercise science major with a B- or better.

When an "intent" has successfully achieved the above, he or she must complete the candidacy application, including the application form, and a biographical sketch, and turn this in to their advisor. Once accepted into candidacy, the student must maintain a minimum 2.8 GPA. The student will not be allowed to complete the internship experience (SPMD 480) if the GPA falls below 2.8. In addition, a grade of B- or better must be attained in all required and elective courses in the exercise science major. If the above are not met, the course(s) in question must be retaken. CPR certification by the American Red Cross or American Heart Association is also required as part of this program.

School of Health Promotion and Human Performance Information:

School Director: Christopher Herman
School Contact: cherman2@emich.edu
Website: <http://www.emich.edu/hphp/>

Advisor Information:

Tony Moreno
487-2821
amoreno@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 66-68 hours

Pre-candidacy Courses: 24-25 hours

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- SPMD 144 - Introduction to Exercise Science 2 hrs
- SPMD 201 - Human Anatomy for Sports Medicine 3 hrs
- SPMD 202 - Human Physiology for Sports Medicine 3 hrs
- SPMD 300 - Physiology of Exercise 4 hrs

Choose one from each group:

** For students also preparing for medical school, physical therapy school or physician assistant school, BIO 110 and CHEM 121/122 should be taken instead of BIO 105 and CHEM 120. These substitutions will meet program and general education requirements. Grade requirements will still be enforced.*

Group I:

- * BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- * BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs

Group II:

- * CHEM 120 - Fundamentals of Organic and Biochemistry (Gen Ed Area IV) 4 hrs
- OR**
- * CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- AND**
- * CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr

Required Courses: 13 hours

- DTC 204 - Sports Nutrition 3 hrs
- SPMD 280 - Pharmacology for Sports Medicine 2 hrs
- SPMD 305 - Kinesiology-Tissue Mechanics 3 hrs
- SPMD 325 - Practicum in Exercise Science 2 hrs
- SPMD 380W - Behavioral Aspects of Sports Medicine (Gen Ed Area I, W) 3 hrs

Required Courses (Postcandidacy): 24 hours

- SPMD 410 - Laboratory Techniques in Human Performance Analysis 4 hrs
- SPMD 430 - Principles of Electrocardiography 3 hrs
- SPMD 431 - Pathophysiology for Sports Medicine 3 hrs
- SPMD 432 - Introduction to Exercise Programming 3 hrs
- SPMD 433 - Principles of Strength and Conditioning 3 hrs
- SPMD 480 - Internship — Exercise Science 8 hrs

Elective Courses: 5-6 hours

- Any undergraduate or graduate 500-level SPMD course
- ATTR 295 - Assessment of Lower Body Injuries 3 hrs
- ATTR 296 - Assessment of Upper Body Injuries 3 hrs
- SPMD 407 - Fitness Center Management 3 hrs
- SPMD 434 - Introduction to Echocardiography 2 hrs
- SPMD 508 - Exercise Epidemiology 3 hrs
- SPMD 515 - Diabetes and Obesity 3 hrs
- SPMD 518 - Sports Supplements 3 hrs
- PHED 260 - Motor Development 2 hrs
- PHED 360 - Motor Learning 3 hrs

Minor Requirements:

This major does not require a minor. For students interested in fitness and wellness center management, a minor in management (21 hours) is encouraged.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

K-12 Physical Education Major

Successful completion of this course of study leads to a Bachelor of Science degree, and qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate K-12 endorsement in physical education, certification code MB and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Association for Sport and Physical Education/American Alliance for Health, Physical Education, Recreation and Dance. The Michigan Test for Teacher Certification (MTTC) covering this field is #044, "Physical Education," and is taken at the completion of all program requirements.

Students planning admission to the Physical Education major must officially enroll in the program at the Academic Advising Center and complete an application at 318/319 Porter.

Students seeking certification must meet requirements for entry into the Initial Teacher Preparation Program. The course of study requires completion of general education requirements, an approved teaching minor in a secondary subject area, the Physical Education major and professional education courses.

The course of study is uniquely designed to provide students with theoretical and practical knowledge of how to deliver physical education programming to K-12 students with and without disabilities. The Exemplary Physical Education Curriculum (EPEC) is used as a model to enable students to develop exemplary physical education programs upon graduation. The methods of teaching courses provide information on the sequencing and presenting of a wide variety of activities found within the public schools.

Fieldwork experiences are a critical component of the professional program. Extracurricular assignments enhance the practical application of knowledge learned within the classroom. Majors are required to complete a minimum of 100 hours of pre-student teaching experiences with students of all ages and abilities. Fieldwork experiences will begin in the freshman year, will include students with and without disabilities and will culminate in a one semester student teaching assignment with elementary and secondary students under the supervision of master teachers.

This program primarily serves the needs of K-12 school programs in Michigan and the United States. Faculty provide students with numerous opportunities for professional growth. Opportunities for additional certifications and endorsements such as water safety instructor (WSI), American Red Cross First Aid, coaching and certification in programs for students with disabilities are also available and strongly encouraged.

The Physical Education major program participates in the Honors College. Students wishing to enroll in the Honors Program must maintain a GPA of 3.3 and fulfill all requirements in specific honor courses. See the department honors advisor for specific information.

Physical Education Majors/Minors Academic Standards

Standard I

The following core physical education courses shall be completed by Physical Education majors prior to admission into the Initial Teacher Preparation Program in addition to other requirements currently in place.

PHED 100 - History and Foundations of Physical Education (2 hrs)

PHED 200 - Anatomy and Physiology (5 hrs)

PHED 204 - Kinesiology (Biomechanics of Physical Activity) (3 hrs)

PHED 260 - Motor Development (2 hrs)

Standard II

The following GPA requirements for Physical Education majors are required prior to being admitted to the student teaching experience.

Minimum cumulative GPA of 2.75 in the following core courses with no single grade lower than a C. (Initial Teacher Preparation Program overall GPA requirements remain in effect).

PHED 100 - History and Foundations of Physical Education (2 hrs)

HLED 210 - First Aid and CPR Certification (2 hrs)

PHED 200 - Anatomy and Physiology (5 hrs)

PHED 204 - Kinesiology (Biomechanics of Physical Activity) (3 hrs)
PHED 260 - Motor Development (2 hrs)
PHED 300 - Physiology of Exercise (4 hrs)
PHED 330 - Adapted Physical Education (3 hrs)
PHED 360 - Motor Learning (3 hrs)

Minimum grade of B in the following Methods of Teaching courses.

PHED 215 - Methods of Teaching Individual Sports (3 hrs)
PHED 217 - Methods of Teaching Team Sports (3 hrs)
PHED 219 - Methods of Teaching Rhythmic Activities, Fundamental Movement and Movement Education (3 hrs)
PHED 315 - Methods of Teaching Conditioning Activities (2 hrs)
PHED 317 - Methods of Teaching Elementary Physical Education (2 hrs)

Standard III

The following GPA requirements and minimum grade standard are required for the completion of the physical education minor and the physical education minor for special education majors.

- Overall cumulative GPA as required by the Initial Teacher Preparation Program.
- No single grade lower than C in any required class and GPA of 2.75 in minor courses.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of “C” or higher (if taken) in the following courses:
 1. Secondary: ENGL 121, CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 2 hours

- PEGN 210L - Lifetime Wellness and Fitness (Gen Ed Area V LBC) 2 hrs

Major Requirements: 37 hours

- PHED 100 - History and Foundations of Physical Education 2 hrs
- PHED 200 - Anatomy and Physiology 5 hrs
- PHED 204 - Kinesiology (Biomechanics of Physical Activity) 3 hrs
- HLED 210 - First Aid and CPR Certification 2 hrs
- PHED 215 - Methods of Teaching Individual Sports 3 hrs

- PHED 217 - Methods of Teaching Team Sports 3 hrs
- PHED 219 - Methods of Teaching Rhythmic Activities, Fundamental Movement and Movement Education 3 hrs
- PHED 260 - Motor Development 2 hrs
- PHED 300 - Physiology of Exercise 4 hrs
- PHED 315 - Methods of Teaching Conditioning Activities 2 hrs
- PHED 317 - Methods of Teaching Elementary Physical Education 2 hrs
- PHED 330 - Adapted Physical Education 3 hrs
- PHED 360 - Motor Learning 3 hrs

Professional Education Courses: 30 hours

Pre-admission: 4 hours

- EDPS 322 - Human Development and Learning 4 hrs

Phase I: 8 hours

- PHED 415 - Curriculum and Instruction in Physical Education 3 hrs
- PHED 470 - Assessment and Evaluation in Physical Education 2 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: 5 hours

- PHED 370 - Physical Education Applied Technologies 2 hrs
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: 13 hours

- EDUC 496 - Student Teaching 6 hrs
- EDUC 497 - Student Teaching 6 hrs
- PHED 495 - Senior Seminar 1 hr

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that

they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Physical Education Non-Teaching Major

The physical education non-teaching option is available for students who wish to pursue careers in health and wellness other than the teaching of physical education. Graduates have found employment in fitness centers, as coaches of sports teams and in other sport-related fields and have used the degree for entry into graduate study in athletic administration, occupational and physical therapy and related careers.

Sport Management Major

Revised Program, effective Winter 2014

Admission

Students who are interested in the sport management major will be listed as "pre-sport management" and will be considered for candidacy to "sport management" when the following criteria are met:

1. Declare intent to major in sport management with the Academic Advising Center in Pierce Hall and the School of Health Promotion and Human Performance.
2. Achieve an overall GPA at Eastern Michigan University of 2.5 (transfer GPA evaluated separately) after the sophomore year.

When a "pre-sport management" student has successfully achieved the above, he or she must complete the candidacy application, including the application form, one professional letter of recommendation, and a biographical sketch and turn this in to the assigned department advisor. Once accepted into candidacy, the student must maintain a minimum 2.5 GPA. The student will not be allowed to complete the Fieldwork experience any semester the overall average falls below 2.5. In addition, a grade of B- or better must be attained in the following courses: SMGT 255, SMGT 375, SMGT 445.

General Education Requirements:

For specific requirements refer to the General Education Program.

Required Core Courses: 36 hours

- LAW 411 - Sports Law 3 hrs
- SMGT 201 - Foundations of Sport Management 3 hrs
- SMGT 255 - Sports in Society 3 hrs
- SMGT 325 - Sport Facilities 3 hrs
- SMGT 375 - Sport and Event Planning 3 hrs
- SMGT 385W - Introduction to Research in Sport Management (Gen Ed Area I, W) 3 hrs
- SMGT 425 - Diversity in Sport Organizations 3 hrs
- SMGT 445 - Sport Economics and Finance 3 hrs
- SMGT 460 - Sports Ethics 3 hrs
- SMGT 493 - Fieldwork in Sport Management I 3 hrs
- SMGT 495 - Fieldwork in Sport Management 3 hrs
- SMGT 494 - Fieldwork in Sport Management 3 hrs

Possible Electives:

- SMGT 477 - Special Topics 1 hr
- SMGT 478 - Special Topics 2 hrs
- SMGT 479 - Special Topics 3 hrs
- SMGT 511 - NCAA Compliance 3 hrs

Minor Requirements:

This major requires a minor. Choose a minor from the following:

Communication Minor
 Entrepreneurship Minor
 Nonprofit Administration Minor
 General Business Minor - (For nonbusiness majors)
 Hotel and Restaurant Management Minor
 Management Minor - (For nonbusiness majors)
 Marketing Minor - (For nonbusiness majors)

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. *Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.*

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available in the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic advisor for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Coaching Minor

This program is intended for students planning to pursue coaching as a full- or part-time activity. The minor is not considered a teacher minor for education majors.

Minor Requirements: 23 hours

Required Courses: 13 hours

- HLED 490 - Drug Use and Abuse 3 hrs
- PHED 200 - Anatomy and Physiology 5 hrs
- PHED 421 - Legal Aspects of Sport, Physical Education, and Recreation 2 hrs

- SPMD 380W - Behavioral Aspects of Sports Medicine (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 10 hours

Four to six hours from the following:

- Other Theory Coaching Courses
- ATHL 263 - Theory of Football 2 hrs
- ATHL 265 - Theory of Baseball 2 hrs
- ATHL 267 - Theory of Basketball 2 hrs
- ATHL 268 - Theory of Coaching Swimming 2 hrs
- ATHL 269 - Theory of Track and Field 2 hrs

Four to six hours from the following:

See advisor for other approved electives.

- ATHL 261 - Techniques of Officiating I 2 hrs
- ATHL 262 - Techniques of Officiating II 2 hrs
- PHED 305 - Practical Concepts of Conditioning 2 hrs
- PHED 316 - Foundations of Coaching 2 hrs
- PHED 360 - Motor Learning 3 hrs
- PHED 389 - Sport and Activity for the Disabled 1 hr
- PHED 405 - Women in Sports 3 hrs
- PHED 477 - Special Topics 1 hr
- PHED 478 - Special Topics 2 hrs
- PHED 479 - Special Topics 3 hrs

Minor Total: 23 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

Each undergraduate student will be responsible for the fulfillment of the requirements or their equivalents of the Eastern Michigan University catalog in force at the time of their initial registration at a college or university or a subsequent catalog including the one in effect at the time of their graduation.

In the event an undergraduate student does not complete the degree requirements within seven years of the date of their original registration at a college or university, the student may be required to have their credits re-evaluated by the academic department(s) of their major/minor in keeping with catalog requirements in force during the year of their graduation.

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements.
