Geography Minor

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Website: emich.edu/geo

Adviser Information:

Program Adviser: Dr. Chris Mayda
Email: cmayda@emich.edu

Program Adviser: Dr. Bill Welsh
Email: wwelsh@emich.edu

Program Adviser: Dr. Zachary Moore
Email: zmoore@emich.edu

Phone Number for Advisers: 734.487.0218

Required Courses: 7 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs

Restricted Elective Courses: 13 hours

Thirteen hours selected in consultation with a geography adviser.

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Geology Minor

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
 Department Contact: rsambroo@emich.edu
 Website: emich.edu/geo

Required Courses: 20 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs

- ESSC 111 - The Earth System through Time 4 hrs
- * ESSC 228 - Mineralogy 4 hrs
- * ESSC 326 - Structural Geology 4 hrs

One of the following:

- ESSC 329 - Igneous and Metamorphic Petrology 4 hrs
- ESSC 330 - Sedimentology and Stratigraphy 4 hrs

Elective Courses: 3-4 hours

Three or four hours at the 300-level or above in ESSC, selected in consultation with a geology adviser.

Minor Total: 23-24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

** Students will need to take CHEM 121/122 to satisfy the prerequisites for ESSC 228; students need to take either MATH 107, MATH 112, MATH 120 or MATH 122 to satisfy the prerequisites for ESSC 326.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. Historic Preservation Minor

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook

Department Contact: rsambroo@emich.edu

Website: emich.edu/geo

Required Courses: 23 hours

- ARTH 472 - History of American Architecture 3 hrs
- GEOG 332 - Urban Geography 3 hrs
- GEOG 333 - Settlement Geography 3 hrs
- GEOG 360 - Cultural Geography 3 hrs
- GHPR 335 - Historic Preservation 3 hrs
- GHPR 475 - Architectural Nomenclature 2 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs

Restricted Elective Courses: 4-6 hours

Students, in consultation with the program advisers, may choose other elective courses not listed below.

Two courses from the following:

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 150 - Introductory Archaeology (Gen Ed Area IV) 3 hrs
- CNST 201 - Construction Systems 3 hrs
- CNST 228 - Construction Graphics 3 hrs
- GEOG 235 - Economic Geography 3 hrs
- GEOG 313 - Geography of Michigan 2 hrs
- GEOG 345 - Geography of Resorts 2 hrs
- GHPR 401 - Planning/ Preservation Graphics 3 hrs
- HIST 305 - Native American History 3 hrs
- HIST 313 - Michigan History 3 hrs
- HIST 362 - United States Urban History 3 hrs
- IDE 226 - History of Interiors from 1800 to Present 3 hrs
- PSY 350 - Environmental Psychology 3 hrs
- SOCL 306 - The Urban Community 3 hrs
- TEDU 105 - History of Industrial Technology 3 hrs
- URP 215 - Introduction to Urban and Regional Planning 3 hrs
- URP 401 - Planning/Preservation Graphics 3 hrs

Minor Requirements: 27-29 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Students, in consultation with the program advisers, may choose other elective courses not listed above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Earth Science Minor

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in earth/space science, certification code DH. The Michigan Test for Teacher Certification (MTTC) covering this field is #020, "Earth/Space Science." Consult a department adviser before you declare this minor.

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Website: emich.edu/geo

Adviser Information:

Program Adviser: Thomas Kovacs
Email: tkovacs@emich.edu
Phone: 734.487.0218

Program Adviser: Michael Kasenow
Email: mkasenow@emich.edu
Phone: 734.487.0218

Required Courses: 28-31 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- ESSC 229 - Rocks and Minerals 3 hrs
- ESSC 300 - Introduction to Hydrology 3 hrs
- ESSC 320 - Oceanography 3 hrs
- ESSC 324 - Weather 3 hrs
- * ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
- ** ESSC 406 - The Nature of Science 1 hr

Minor Total: 28-31 hours

Notes:

Catalog Correction: *All students minoring in Earth Science with secondary certification need to be majoring in a science or math teaching program. No other teaching program majors will be allowed due to the low pass rate of the MTTC test.*

All minors must have at least six hours of course work at the 300-level or above.

* This course is only required if one of the following courses has not been taken: BIOT 403, CHEM 325 or PHY 325.

** BIO 406 or CHEM 406 or PHY 406 may be substituted for ESSC 406.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the *100-level and above*. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement**. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Geography Minor

PROGRAM WILL BE PHASED OUT: EFFECTIVE FALL 2012

This minor is only available to students taking the social studies or history major, for the purposes of state teacher certification. Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in geography, certification code CB. The Michigan Test for Teacher Certification (MTTC) covering this field is #008, "Geography."

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Website: emich.edu/geo

Required Courses: 18 hours

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 313 - Geography of Michigan 2 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- HIST 481 - The Teaching of Social Studies 3 hrs

Elective Courses: 2-3 hours

Two or three additional credit hours in GEOG approved by the adviser.

Minor Total: 20-21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- **Earn a minimum total of 124 credits at the *100-level and above*. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses**

will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

Tourism Geography Minor

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook
Department Contact: rsambroo@emich.edu
Website: emich.edu/geo

Required Courses: 21 hours

- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 112 - Introduction to Travel and Tourism 3 hrs
- GEOG 113 - Foundations of Guest Service 3 hrs
- GEOG 212 - Geography of Travel and Tourism 3 hrs
- GEOG 445 - Cultural Tourism Resources 3 hrs
- GEOG 446 - Heritage Interpretation and Tourism 3 hrs

One course from the following:

- ESSC 108 - Earth Science for Nonscience Majors (Gen Ed Area IV) 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- GEOG 332 - Urban Geography 3 hrs
- GEOG 336 - Tourism and Socioeconomic Development 3 hrs
- GEOG 441 - Transportation Geography and Planning 3 hrs
- GHPR 335 - Historic Preservation 3 hrs
- URP 215 - Introduction to Urban and Regional Planning 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. - Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Urban and Regional Planning Minor

Geography and Geology Department Information:

Department Head: Richard Alan Sambrook

Department Contact: rsambroo@emich.edu

Website: emich.edu/geo

Required Courses: 11 hours

- URP 215 - Introduction to Urban and Regional Planning 3 hrs
- URP 216 - Readings in Urban Planning 2 hrs
- URP 306 - Comprehensive Planning and Zoning 3 hrs
- URP 435 - History of Urban Form and Function 3 hrs

Restricted Elective Courses: 9 hours

Nine hours from the following selected in consultation with the advising coordinator.

- ESSC 303 - Field Geography 3 hrs
- GEOG 332 - Urban Geography 3 hrs
- GEOG 376 - Spatial Analysis 3 hrs
- GEOG 441 - Transportation Geography and Planning 3 hrs
- GHPR 335 - Historic Preservation 3 hrs
- GPLN 387 - Cooperative Education 3 hrs
- GPLN 488 - Internship 4 hrs
- GPLN 489 - Internship 5 hrs
- GPLN 490 - Internship 6 hrs
- GPLN 497 - Independent Study 1 hrs
- GPLN 498 - Independent Study 2 hrs
- GPLN 499 - Independent Study 3 hrs
- PLSC 270 - Public Administration 3 hrs
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs
- URP 276 - Principles of Geographic Information Systems 3 hrs
- URP 401 - Planning/Preservation Graphics 3 hrs
- URP 409 - Professional Practice for Planners 2 hrs
- URP 410L - Site Planning Studio (Gen Ed Area V LBC) 4 hrs
- URP 495 - Environmental Assessment and Planning 3 hrs
- URP 452 - Infrastructure Planning and Policy (NEW COURSE) 3 hrs
- URP 456 - Zoning and Land Development Regulation (NEW COURSE) 2 hrs
- URP 459 - Planning/Preservation Studio (NEW COURSE) 3 hrs

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses**

will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Earth Systems Science

ESSC 101 - Introduction to Weather and Forecasting (Gen Ed Area IV)

Students learn the scientific basis for using weather observations to make predictions of the future weather, the technology used to obtain weather observations and how these observations are presented for public information. Weather forecasting will focus on real-time local and significant weather impacts.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: 3 hours per week, Lab: 1 2-hour period per week.

Area IV: Knowledge of the Disciplines

ESSC 101- Introduction to Weather and Forecasting

Students will be divided into several different groups throughout the semester to tackle a small part of each unit independently. These groups will be defined in the online discussion groups and will also determine groups within lab. Each student group will be required to discuss, through online threaded discussions, their topic with guided questions provided by the instructor. For example, in the first unit one group will discuss temperature, another group will discuss wind, etc. Once each group develops an expertise in their topic they will split up into different groups with student from other groups to teach each other about their topic and to analyze a set of problems assigned by the instructor. This activity is commonly called a jigsaw puzzle activity because each student will bring to each group a piece of the puzzle and will be required to analyze or solve problems that require multiple students' knowledge (multiple parts of the puzzle). Often these discussions will be extensions of the laboratory exercises.

During lecture students will get an introduction to topics and discussion from the instructor on more difficult topics. The instructor will also discuss the student-led on-line discussions. Lecture time will also be used to assign groups and allow groups some time to get together in class, though most work of the groups is expected to be completed in laboratories and within on-line discussions.

Last Updated: New Course 02/2012, effective Fall 2012, Gen Ed Approval, effective Winter 2013

ESSC 105 - Climate Change in Human Times (Gen Ed Area III)

An introduction to the study of climate and its' variability through time. We will discuss how the climate system works, examine past climate changes and possible causes, investigate the current global warming and its effect on the environment and human population, and analyze the predicted changes for the future and possible solutions.

Credit Hours: 3 hrs

ESSC 107 - Introduction to Environmental Science (Gen Ed Area III)

An introduction to the basic biological, physical and chemical processes that control today's environmental conditions. The global ecosystem is presented as a structure that includes human society. The understanding of local and global environmental problems and discussion of potential solutions are emphasized.

Credit Hours: 3 hrs

Cross-Listed with: BIO 107

Notes: Does not count toward the Biology major or minor

Area III: Perspectives on a Diverse World

BIO/ESSC 107 Introduction to Environmental Science

This course gives students an understanding of important challenges to the integrity of the global ecosystem and begins to explain many of the scientific and social issues that surround them. Globally, human health and economic well-being can only be sustained under amenable environmental conditions, which depend on climate, atmosphere, water, forests, agricultural soils, human population density and biodiversity. Every bit of the surface of Earth is influenced by human activities; the global

connectedness of our economic activities means that many of our everyday decisions impact far-flung corners of the planet. The goal of this class is for students to gain a better understanding of the workings of the global ecosystem and how the expanding human population interacts with it and depends on it. Learning the basics of environmental science will allow students to make informed decisions about individual and collective actions that impact the present and future state of the environment, both locally and globally.

Last Updated: Links 04/2011

ESSC 108 - Earth Science for Nonscience Majors (Gen Ed Area IV)

This class provides a basic understanding of the nature of the lithosphere, hydrosphere and atmosphere for nonscience majors. Emphasis is on understanding the dynamic processes that affect the earth and how to apply this knowledge to everyday life.

Credit Hours: 3 hrs

Corequisites: ESSC 109

Notes: Does not count towards major or minor.

Area IV: Knowledge of the Disciplines

ESSC 108 Earth Science for Non-science Majors & Lab [was GESC 108]

Earth scientists view the entire Earth as a complex system in which a number of components dynamically interact on different timescales. Because the human race is entirely dependent on the resources of the Earth System, because the dynamic nature of the Earth System has a profound impact on individual and societal well-being, and because human activities in turn influence the delicate equilibrium of this system, it is essential to produce a citizenry that has a meaningful understanding of Earth System Science. Students will learn the procedures, practices, methodologies and assumptions that are fundamental to a scientific understanding of the Earth System. The overarching goal of the course is to create scientifically literate citizens that are both willing and able to participate responsibly in a global community by: (1) carefully applying the scientific method as a tool for problem solving, in general; (2) critically evaluating the scientific merit of anything that is presented as science (is it really science?), especially in the area of Earth System Science; and (3) thoroughly incorporating Earth System Science in important decisions and issues at the personal, local, national and global levels.

Last Updated: Links 04/2011

ESSC 109 - Earth Science Laboratory for Non-Science Majors (Gen Ed Area IV)

The laboratory class to accompany ESSC 108. Applications of the scientific method of inquiry as applied to earth sciences to reinforce basic concepts as taught in ESSC 108.

Credit Hours: 1 hr

Corequisites: ESSC 108

Notes: Does not count towards major or minor

Area IV: Knowledge of the Disciplines

ESSC 109 Earth Science for Non-science Majors & Lab [was GESC 108]

Earth scientists view the entire Earth as a complex system in which a number of components dynamically interact on different timescales. Because the human race is entirely dependent on the resources of the Earth System, because the dynamic nature of the Earth System has a profound impact on individual and societal well-being, and because human activities in turn influence the delicate equilibrium of this system, it is essential to produce a citizenry that has a meaningful understanding of Earth System Science. Students will learn the procedures, practices, methodologies and assumptions that are fundamental to a scientific understanding of the Earth System. The overarching goal of the course is to create scientifically literate citizens that are both willing and able to participate responsibly in a global community by: (1) carefully applying the scientific method as a tool for problem solving, in general; (2) critically evaluating the scientific merit of anything that is presented as science (is it really

science?), especially in the area of Earth System Science; and (3) thoroughly incorporating Earth System Science in important decisions and issues at the personal, local, national and global levels.

Last Updated: Links 04/2011

ESSC 110 - The Dynamic Earth System (Gen Ed Area IV)

An introduction to the Earth System and its components. Utilizes the scientific method to address composition of the earth system, fundamental processes within the earth system and linkages between all components of the system. Includes consideration of how humans impact and are impacted by, the Earth System.

Credit Hours: 4 hrs

Area IV: Knowledge of the Disciplines

ESSC 110 The Dynamic Earth System

In this course, the Earth is viewed as a single, dynamic system, composed of four principal components: Geosphere (the solid Earth), Atmosphere (the gaseous outer envelope of the Earth), Hydrosphere (the liquid water component of the Earth), and Biosphere (the living component of the Earth). This course provides a detailed overview of how the scientific method is applied, in the context of the fundamental laws of physics and chemistry, to understand the Earth System, with particular emphasis being placed on the Geosphere component. The overarching goal of the course is to create scientifically literate citizens that are both willing and able to participate responsibly in a global community by: (1) carefully applying the scientific method as a tool for problem solving, in general (2) critically evaluating the scientific merit of anything that is presented as science (is it really science?), especially in the area of Earth System Science; and (3) thoroughly incorporating Earth System Science in important decisions and issues at the personal, local, national and global levels.

ESSC 111 - The Earth System through Time

The origin, development and succession of earth materials, surface and life forms, culminating in one present scene and organic population. Field trips and reports may be required. Required for Geology and Earth Science majors and minors.

Credit Hours: 4 hrs

Prerequisite: ESSC 110

Last Updated: Links 04/2011

ESSC 114 - Geology of the National Parks (Gen Ed Area IV)

An introduction to the geology of U.S. National Parks and Monuments. Application of the scientific method of inquiry to the basic geologic processes responsible for their formation.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: one two-hour period per week

Notes: Does not count towards major or minor

Last Updated: Credit Hour and Course Description Change 04/2012, effective Fall 2012

ESSC 120 - Dinosaurs, Mammoths and Trilobites: An Introduction to Paleontology (Gen Ed Area IV)

An introduction to Paleontology designed for students who are not majoring or minoring in science. Includes exploration of the scientific method in the context of Paleontology, with hands-on lab-based activities, plus overviews of major groups of life, key ecosystems, and mass extinction events during the history of the biosphere.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week; Laboratory: one two-hour period per week.

Area IV: Knowledge of the Disciplines

ESSC 120 Dinosaurs, Mammoths & Tilobites: An Introduction to Paleontology [was GEOL 120 The Fossil Record]

This course provides a detailed overview, including inquiry based modules, of how the scientific method is applied to understand: (1) the organic origin of fossils, (2) the key components of the process of fossilizations, (3) the Biosphere, and (5) mass extinction events in the history of the Biosphere, including their consequences and possible causes. Through these efforts the overarching goal of the course is to create scientifically literate citizens that are both willing and able to participate responsibly in a global community by: (1) carefully applying the scientific method as a tool for problem solving, in general; (2) critically evaluating the scientific merit of anything that is presented as science (is it really science?), especially in the area of Paleontology; and (3) thoroughly examining key issues pertaining to interactions between humans and their environment by employing the unique perspective that only a full and complete understanding of the history of the Biosphere, including our place in that history, can provide.

Last Updated: Credit Hour and Course Description Change 04/2012, effective Fall 2012

ESSC 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

ESSC 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

ESSC 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV)

Lectures and laboratory deal with earth science concepts and teaching methodology. Nationally used elementary science curricula acquaint the student with techniques of teaching basic earth science concepts. Emphasis on student-centered, process-oriented approaches widely used in elementary classrooms.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: one two-hour period per week.

Prerequisite: CHEM 101

Notes: Equivalent to ESSC 108.

Area IV: Knowledge of the Disciplines

ESSC 202 Earth Science for Elementary Teachers

This course is an introduction to the study of the geosphere, hydrosphere, atmosphere and exosphere or space, providing students with earth science content knowledge and a hands-on minds-on experience to understand that knowledge. The content knowledge will help the student to be able to teach the elementary Earth Science Michigan Curriculum Framework standards and benchmarks. These benchmarks are required for teaching by in-service teachers. The earth science knowledge will also help the student pass the Michigan Test for Teacher Certification (MTTC). The course supplies students with the necessary skills required to understand the scientific method of inquiry. It provides students with experience doing laboratories that they may be able to modify for their own elementary classrooms. The students work on a DLESE: Digital Library for Earth System Education project which helps the students build a portfolio of earth science activities for use later as an elementary in-service teacher.

Last Updated: Links 04/2011

ESSC 208 - Natural Environmental Hazards

Analysis of devastating earthquakes, volcanic eruptions, floods, violent storms, freezes and other environmental catastrophes, emphasizing their causes and human adjustments to these events.

Credit Hours: 3 hrs

Prerequisite: ESSC 105 or BIO 107/ESSC 107 or ESSC 108 or ESSC 110 or ESSC 114 or ESSC 202

Last Updated: Links 04/2011

ESSC 212 - Weather, Climate and the Earth System

An examination of earth-sun relationships, the nature of atmospheric processes, weather, and climate.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: two hours per week.

Prerequisite: ESSC 110

Last Updated: Links 04/2011

ESSC 215 - Aviation Weather

This course provides the student with an introduction to the properties and processes that create weather and addresses aviation specific weather topics to prepare the student for Federal Aviation Administration examinations. Topics include types of weather that adversely affect flight operation and aviation weather services.

Credit Hours: 3 hrs

Major Restrictions: Aviation Flight Technology and Aviation Management Majors and Minors only

Cross-Listed with: AVT 215

Last Updated: Links 04/2011

ESSC 227 - Topographic Maps

Interpretation of distances, slopes and terrain features as shown on topographic contour maps. Preparation of contour maps from numerical data and of topographic profiles from contour maps; the correlation of landforms and landform patterns with the geologic materials and processes responsible for them.

Credit Hours: 2 hrs

Prerequisite: ESSC 110 or ESSC 202

Last Updated: Links 04/2011

ESSC 228 - Mineralogy

A study of the crystallography, crystal chemistry and identification of the most important rock forming and economic minerals of the crust of the earth.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: one two-hour period per week

Prerequisite: ESSC 110

Concurrent Prerequisite: CHEM 121 and CHEM 122 and ESSC 111

Last Updated: Links 04/2011

ESSC 229 - Rocks and Minerals

The identification and classification of rocks and minerals with special emphasis on characteristics used in the field.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: one two-hour period per week.

Prerequisite: ESSC 110

Last Updated: Links 04/2011

ESSC 250 - Introduction to Coastal Processes

Description and analysis of the physical and biogeographical processes of ocean and lake coasts. Distribution and origins of coastal environments. Natural and human modification of beach, river valley, estuary, marsh, delta and coral reef environments by waves, currents and tides. Classroom demonstrations and field trips.

Credit Hours: 3 hrs

Prerequisite: ESSC 110 or ESSC 202

Last Updated: Links 04/2011

ESSC 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

ESSC 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hr

ESSC 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

ESSC 300 - Introduction to Hydrology

Study of physical, chemical and biological elements of rivers, lakes, wetlands and groundwater, and the economic, social, political and legal issues currently associated with these systems. Required for the hydrogeology major.

Credit Hours: 3 hrs

Prerequisite: ESSC 110

Last Updated: Links 04/2011

ESSC 303 - Field Geography

Techniques in the observation and analysis of geographic features in the field. Emphasizes individual and group problem formulation, problem solving of geographic questions by using the scientific method and combining traditional field exploration with the use of library aids.

Credit Hours: 3 hrs

Prerequisite: ESSC 110

Last Updated: Links 04/2011

ESSC 307 - Essentials of Oceanography for Elementary Teachers

A course designed to prepare Elementary Education majors to conduct classes using marine-based materials. Ocean processes including marine geology, sediments, seawater properties, currents, waves, tides, coastal environments and marine organisms will be discussed. Students will receive hands-on activities created to directly engage K-6 pupils in the scientific method of investigation.

Credit Hours: 3 hrs

Prerequisite: ESSC 202

Last Updated: Links 04/2011

ESSC 311 - Weather and Climate for Elementary Teachers

Elementary investigation of weather and climate in their geographical distributions and relationships with other components of the earth system. Earth science principles and methods applicable to an elementary classroom using simple materials are stressed. Class activity includes simple hands-on demonstrations, application of the scientific method, field trips and analyses of weather and climate maps.

Credit Hours: 3 hrs

Prerequisite: ESSC 202 or department permission

Last Updated: Links 04/2011

ESSC 312 - Essentials of the Geosphere for Elementary Teachers

Investigation of plate tectonics; the dynamic processes that causes earthquakes, volcanoes, and mountain building; including earth materials and their relationships with other components of the earth system. Earth science principles and methods applicable to an elementary classroom using simple materials are stressed. Class activity includes simple hands-on demonstrations, and the application of the scientific method.

Credit Hours: 3 hrs

Prerequisite: ESSC 202

Last Updated: Links 04/2011

ESSC 315 - Water and the Environment for Elementary Teachers

This course, designed for elementary education majors, is an introductory through intermediate-level examination of earth science, emphasizing fresh water environments, supply and demand and their relationship to the depletion of natural resources. Students will receive hands-on training designed to directly engage K-6 pupils in the scientific method of investigation.

Credit Hours: 3 hrs

Prerequisite: ESSC 202

Last Updated: Links 04/2011

ESSC 320 - Oceanography

A study of the world's oceans, including coasts, waves, currents, tides, sediments, marine geology, properties of seawater, the energy balance, oceanographic research techniques and marine resources, stressing physical oceanography.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week; Lab: one two-hour period per week.

Prerequisite: ESSC 111

Last Updated: Links 04/2011

ESSC 324 - Weather

Introduction to the properties and processes that create weather, including an analysis of conditions aloft, the formation of storms, and methods and problems of weather forecasting.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: two hours per week.

Prerequisite: ESSC 212 and (MATH 105 or MATH 112 or MATH 119 or MATH 120)

Cross-Listed with: ESSC 562

Last Updated: Prerequisite and Concurrent Prerequisite Change 02/2012, effective Fall 2012; Links 04/2011

ESSC 325 - Geomorphology

A detailed study of surface features and the degradational, aggradational and structural processes by which they are formed. Worldwide examples are used extensively.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: one three-hour period per week.

Prerequisite: ESSC 111

Last Updated: Links 04/2011

ESSC 326 - Structural Geology

Introduction to the terminology, geometry, kinematics and mechanics of rock deformation. Laboratory emphasizes geometric techniques of structural analysis.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: one two-hour period per week.

Prerequisite: ESSC 111 and either MATH 107, MATH 112, MATH 120 or MATH 122

Last Updated: Links 04/2011

ESSC 327 - Soil Science

This course will introduce methods of soil description and classification, and discuss processes and products of weathering, processes of soil formation, and factors influencing soil formation from a geologic and geographic perspective. Through classroom and laboratory/field experiences students will learn practical applications of soils in geologic and environmental studies. Lecture: 3 hours per week. Lab: one 2 hour period per week.

Credit Hours: 4 hrs

Prerequisite: ESSC 110, and any of the following ESSC 111 or BIO 310 or ANTH 150

Last Updated: 6/29/2011

ESSC 329 - Igneous and Metamorphic Petrology

A study of the texture, chemistry, classification, origin and evolution of igneous and metamorphic rocks.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: one two-hour period per week.

Prerequisite: ESSC 111 and ESSC 228

Last Updated: Links 04/2011

ESSC 330 - Sedimentology and Stratigraphy

The properties, description and classification of sedimentary rocks; processes and environments of sediment deposition; principles and techniques of stratigraphy. Field trips and reports required.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: four hours per week.

Prerequisite: ESSC 111 and ESSC 228

Last Updated: Links 04/2011

ESSC 331 - Paleontology

Origin and development of life on earth and the environments in which animal assemblages lived. Study of the principles involved in the interpretation of fossils. Systematic study of the features of the organisms most important in the fossil record.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week; laboratory: one two-hour period per week.

Prerequisite: ESSC 120, ESSC 111 or BIO 120

Last Updated: Links 04/2011

ESSC 347 - Methods for Teaching Secondary Earth Science

This class will introduce the student to the techniques of teaching laboratory-centered earth science, science content standards, hands-on activities, demos, laboratory organization and safety in the classroom, projects, assessments, writing in science, technology, and presentation skills. As a requirement for teacher certification, the preservice teacher should leave the class prepared to student teach in earth science, geology and physical geography.

Credit Hours: 3 hrs

Prerequisite: CURR 305 and ESSC 212; Admission to the College of Education and the Initial Teacher Preparation Program

Major Restrictions: Earth Science Secondary Teaching Major or Minor or Secondary Integrated Science Major students only

Notes: Not open to students on academic probation. Students majoring in Earth Science must take ESSC347;

students only have the choice of a methods class if they are an Integrated Science Major.

Last Updated: Links 04/2011

ESSC 350 - Biogeography

Analysis of the distribution, geologic setting and ecological function of inland freshwater lakes and Great Lakes coasts. Emphasis on sediment, vegetation, wildlife, waterfowl and fisheries resources.

Credit Hours: 3 hrs

Prerequisite: ESSC 110

Last Updated: Links 04/2011

ESSC 355 - Field Geology I

Theory and practice of precision mapping using tape, alidade, plane table and stadia rod in local area. With ESSC 356, satisfies the field requirement for major in geology. May include field study in a quarry.

Credit Hours: 2 hrs

Prerequisite: ESSC 326, ESSC 329 and ESSC 330

Last Updated: Links 04/2011

ESSC 356 - Field Geology II

Instruction and practice in pace-traverse mapping, measurement of stratigraphic sections and a mapping of areal geology and geologic structure. With ESSC 355, satisfies field requirement for geology major.

Credit Hours: 3 hrs

Prerequisite: ESSC 326, ESSC 329 and ESSC 330

Last Updated: Links 04/2011

ESSC 370 - Glacial and Quaternary Geology

The study of Quaternary glacial and non-glacial environments and deposits. Topics include glacial flow, melt-water production, glacial erosion and deposition, formation of landforms, causes of the ice ages, and environmental reconstructions. Weekend field trip and report required.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: one three-hour period per week.

Prerequisite: ESSC 111

Previously Listed As: ESSC 370 - Glacial Geology

Last Updated: Change in Title and Course Description 06/2012, effective Winter 2013; Links 04/2011

ESSC 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

ESSC 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

ESSC 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

ESSC 387 - Cooperative Education in Geoscience

Four to six months of full-time employment at a firm or agency, chosen for imparting a practical educational experience in geoscience. A written report is required at the end of the employment period.

Credit Hours: 3 hrs

Prerequisite: department permission

Notes: Graded on a credit/no-credit basis

ESSC 406 - The Nature of Science

This course examines the nature of scientific evidence, inquiry, hypothesis, models and laws. The development of science is put in the context of the structure and history of the scientific community. Interactions among scientists and between scientists and the rest of society are studied from an ethical perspective.

Credit Hours: 1 hr

Prerequisite: ESSC 110 and ESSC 111

Major Restrictions: Department permission required for Non-Earth Science Majors or Minors

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit in the Earth Science Education program only.

Cross-Listed with: BIO 406 and CHEM 406

Last Updated: Cross-Listed 09/2011; Graduate Credit 07/2011; Links 04/2011

ESSC 407 - Nature of Science for Elementary Teachers

This course examines the nature of scientific evidence, inquiry, hypotheses, models and laws. The development of science is put in the context of the structure of the discipline, its history, and interactions with society. Discussions of modern theories and laws will integrate scientific concepts with the processes of how science works. The class will also provide students with activities to demonstrate these concepts.

Credit Hours: 2 hrs

Prerequisite: ASTR 105, PHY 100, CHEM 101, ESSC 202, BIO 105, PHY 311, CHEM 312 and ESSC 311

Class Restrictions: Junior standing or above

Major Restrictions: Elementary Integrated Science Majors only

Cross-Listed with: BIOT 407, CHEM 407, PSCI 407

Last Updated: Links 04/2011

ESSC 414 - Teaching Science with Dinosaurs

This course provides pre- and in-service teachers with the content and skills necessary to use dinosaurs as a focus group to teach the scientific method (i.e., science) at the K-12 level. Students will receive hands-on training in numerous dinosaur-based activities designed to directly engage K-12 pupils in all aspects of the scientific method, including data collection, hypothesis formulation and hypothesis testing.

Credit Hours: 3 hrs

Prerequisite: ESSC 108, ESSC 110 or ESSC 202

Last Updated: Links 04/2011

ESSC 422 - Environmental Geochemistry

An introduction to the principles of geochemistry designed for upper-level science majors. Focus will be on interactions between the natural environment and anthropogenic activities as well as discussion of current research in various aspects of geochemistry.

Credit Hours: 3 hrs

Prerequisite: ESSC 110 and CHEM 123/CHEM 124 and (MATH 105 or MATH 107 or MATH 112 or MATH 119 or MATH 120 or MATH 122)

Class Restrictions: Junior standing or above

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; 03/2011 effective Spring 2011

ESSC 424 - Climatology

An analysis of the world's climate types, including characteristics, classification, controls and their effects on world soils and natural vegetation.

Credit Hours: 3 hrs

Prerequisite: ESSC 324

Last Updated: Links 04/2011

ESSC 425W - Severe and Unusual Weather (Gen Ed Area I, W)

Analysis of cyclones, blizzards, thunderstorms, tornadoes, hurricanes and other catastrophic weather phenomena. Their environmental impact and prediction.

Credit Hours: 3 hrs

Prerequisite: ESSC 324

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 428 - Optical Mineralogy

A study of the optical properties of minerals and the use of the petrographic microscope to identify common minerals in thin section.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: two hours per week.

Prerequisite: ESSC 228

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 430 - Petroleum Geology

A study of the origin, migration and accumulation of petroleum; reservoir analysis, exploration and development techniques.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: two hours per week.

Prerequisite: ESSC 111 and any ESSC 300-level class or above

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 439 - Economic Geology

A study of the geochemical behavior of metallic elements; the origin, processes, controls and classification of ore deposits.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: two hours per week. Laboratory: two hours per week.

Prerequisite: ESSC 329

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 448 - Hydrogeology

Subsurface water occurrence, distribution, relationships to surface water and precipitation; subsurface flow, especially as related to well water production; tests of aquifers; well drilling and installation; ground water exploration and recharge; legal problems.

Credit Hours: 3 hrs

Prerequisite: ESSC 300 and either MATH 105 or MATH 107 or MATH 112 or MATH 120 or MATH 122

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 450 - Lake and Coastal Processes

Analysis of the geological and physical processes of North American coasts including the Great Lakes. WE will discuss the origin and distribution of coastal environments; past, current, future natural and anthropogenic modifications and related environmental issues; potential energy resources like waves, tides and currents.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: one hour per week.

Prerequisite: ESSC 320 or ESSC 307

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Previously Listed As: Lake and Coastal Management

Last Updated: Graduate Credit 07/2011; 06/2010 effective winter 2011

ESSC 459 - Aquifer Analysis

Study of the analysis of aquifer parameters and groundwater flow using analytical, numerical and statistical computer methods.

Credit Hours: 3 hrs

Prerequisite: ESSC 448

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 460 - Contaminant Hydrology

Study of hydrochemistry, pollution pathways and transport of contaminants.

Credit Hours: 3 hrs

Prerequisite: CHEM 121 and CHEM 122 and ESSC 448

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 466W - Global Tectonics (Gen Ed Area I, W)

A study of the tenets of plate tectonic theory, building on material from previous classes. Included is an investigation into the plate tectonic make-up and evolution of key aspects of the North American plate. This class is designed as a capstone course for upper-level Geology and Earth Science majors and graduate students. This class meets the requirements for a Writing Intensive course in the General Education Program.

Credit Hours: 3 hrs

Prerequisite: ESSC 111 and (ESSC 228 or ESSC 229) and (ESSC 300 or ESSC 320 or ESSC 324 or ESSC 325 or ESSC 326 or ESSC 329 or ESSC 330 or ESSC 370)

Class Restrictions: Junior standing

Last Updated: Links 04/2011

ESSC 470 - Quantitative Methods in Geography and Geology

Introduction to current techniques and methods applicable to geographic and geologic problems. An applied course emphasizing statistical analyses and computer applications.

Credit Hours: 3 hrs

Prerequisite: ESSC 110 and either MATH 104, MATH 105, MATH 107, MATH 112, MATH 120 or MATH 122

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

ESSC 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

ESSC 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

ESSC 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

ESSC 485 - Introduction to Remote Sensing

Introduction to remote sensing techniques and types of imagery, including multispectral, thermal and radar images. Emphasis on image enhancement and interpretation in regard to land-use planning and resource management.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

ESSC 487 - Cooperative Education in Geoscience

Four to six months of full-time employment at a firm or agency chosen for imparting a practical educational experience in geoscience. A written report is required at the end of the employment period. Graded on a credit/no-credit basis.

Credit Hours: 3 hrs

Prerequisite: department permission

ESSC 488 - Internship

Supervised internship in some aspect of geology, earth science or land use that is of mutual interest to the qualified student and the place the student will work. This experience is designed to integrate academic training with practical application.

Credit Hours: 4 hrs

Prerequisite: department permission

Notes: May be taken only once for credit.

ESSC 489 - Internship

Supervised internship in some aspect of geology, earth science or land use that is of mutual interest to the qualified student and the place the student will work. This experience is designed to integrate academic training with practical application.

Credit Hours: 5 hrs

Prerequisite: department permission

Notes: May be taken only once for credit.

ESSC 490 - Internship

Supervised internship in some aspect of geology, earth science or land use that is of mutual interest to the qualified student and the place the student will work. This experience is designed to integrate academic training with practical application.

Credit Hours: 6 hrs

Prerequisite: department permission

Notes: May be taken only once for credit.

ESSC 495 - Environmental Assessment and Planning

An examination of the program elements of environmental impact statements. Geobased data sources are explored and analyzed. Impact statements are prepared by the class and existing impact statements are evaluated.

Credit Hours: 3 hrs

Prerequisite: ESSC 110 or URP 215

Cross-Listed with: URP 495

Last Updated: Links 04/2011

ESSC 497 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 1 hr

Prerequisite: department permission

ESSC 498 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 2 hrs

Prerequisite: department permission

ESSC 499 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 3 hrs

Prerequisite: department permission

Geography

GEOG 100 - Introduction to Geospatial Sciences and Technology

This course is an introduction to the geospatial sciences and popular geospatial technologies that are widely used for mapping and analyzing geographic patterns of human activities and natural phenomena. Students will be exposed to basic concepts, techniques and practical skills in Cartography, Global Positioning Systems (GPS), Geographic Information Systems, and Remote Sensing. No previous exposure to GIS or mapping is necessary for enrollment in this course.

Credit Hours: 3 hrs

Previously Listed As: GEOG 100 - Human Geosciences

Last Updated: Title and Course Description Change 04/2012, effective Fall 2012

GEOG 107 - Introduction to Geography (Gen Ed Area IV)

A survey of the major concepts and subfields in modern geography. Physical, cultural, economic, political and social geography are among the major areas explored.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

GEOG 107 Introduction to Geography

GEOG 107 *Introduction to Geography* addresses the five fundamental themes of geography: location, place, relationship within places, movement and regions. The course is intended as the first step in the development of lifelong geographic literacy and as an introduction to the social sciences.

GEOG 110 - World Regions (Gen Ed Area III)

Geographic evaluation of the human imprint on the world, focusing on how peoples of various societies have approached the problems of living in their natural environments and with each other. A requirement for both the major and minor in geography.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

GEOG110 World Regions

GEOG110 World Regions is designed to increase global awareness by systematically examining major world geographic regions and key places therein -- including absolute and relative locations, physical and human characteristics and interrelationships within the global community. The course explores how culture and experience influence people's perceptions and regions; encourages awareness and tolerance of other regional cultural realities; explores global patterns and networks of economic, political, and cultural interdependence; and illustrates how cooperation and conflict among people influence the division and control of Earth's surface; and illustrates balanced regional and global decision-making toward overall human development. The course emphasizes that virtually all geographic areas of the globe are increasingly interrelated in their effects upon one another. It emphasizes that to be a tolerant global citizen, one must be aware of the weak as well as the strong points of one's own cultural, political and economic realities in the context of global diversity. This course is intended as the first step in the development of lifelong geographic literacy as a requisite for global awareness.

Last Updated: Edited 02/2012

GEOG 111 - Regions and Resources

A comparative analysis of the economic resources of major regions of the world. The relationships among countries, corporations and multiple levels of technology are examined.

Credit Hours: 3 hrs

Prerequisite: GEOG 110

Last Updated: Links 04/2011

GEOG 112 - Introduction to Travel and Tourism

An introduction to the travel and tourism industry, including traditional and emerging careers; the ethical, behavioral and logistical aspects of the travel experience; traveler needs and motivations; futuristic travel directions; and travel-related organizations.

Credit Hours: 3 hrs

GEOG 113 - Foundations of Guest Service

Analysis of guest-host service concepts and interactions in the travel and tourism industry, emphasizing the requisite attitudes and role of the professional host. The course will improve student motivation and skills toward providing positive guest experiences.

Credit Hours: 3 hrs

GEOG 115 - Observing the Human Landscape

A geography course for students of any curriculum designed to enlighten travel experiences by developing observational awareness and perceptual appreciation of human landscapes and by enhancing sensitivity to the personality of places.

Credit Hours: 2 hrs

GEOG 150 - Sustainable Development (Gen Ed Area III)

This course will provide students with a comprehensive and broad-based introduction to the world of sustainability by exploring its origins, philosophy, proponents and detractors, and its wide-reaching applications according to the valuation system of the "triple bottom line", which takes into account environmental, economic, and social equity factors when providing a measure of success.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

GEOG 150 Sustainable Development

We live in a world today that shows us with ever-growing frequency that it is no longer an option for conscientious people to remain ignorant of the fact that all life on this planet is interconnected. From the heights of advanced technology to the ecosystems of underwater plant life, the actions of one entity affect many others and nowhere are these connections more evident than in the area of sustainability.

GEOG 150 - Sustainable Development satisfies the Global Awareness category of the General Education program. This course will provide students with an accessible and informative introduction to the world of sustainability as described through its philosophy and origins, its practitioners and naysayers, and through its many varied applications as both a field of study and an area for entrepreneurship. Students will be exposed to topics and themes that will form a complete introductory outline of sustainability; the study of the causes, effects, and remedies for the issues we face today as a global culture in relation to our environmental footprint and dwindling natural resources, our societal well-being and ability (and also willingness) to take care of the least among us, and our ability to prosper in the future and our failure to do so in the past as measured by the "triple bottom line" evaluation method. The "triple bottom line" benchmark for assessing the relative success of any of the decisions we make is one that takes into account not only the potential economic benefits or pitfalls, but also measures the environmental and social equity aspects of the equation. Students will also be encouraged to link sustainable principles and practices to their personal areas of interest, as sustainability can be practiced in some way in almost all disciplines.

Last Updated: General Education 03/2012, effective Fall 2012

GEOG 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

GEOG 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

GEOG 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GEOG 212 - Geography of Travel and Tourism

A review of the philosophy, historical development and geographical distribution of travel and tourism. The economic, social and environmental impacts of these activities; case studies illustrating their significance from all regions of the world.

Credit Hours: 3 hrs

GEOG 235 - Economic Geography

Systematic treatment of economic activities in select world locations. Areal factors included in the evaluation, production and distribution of goods and services.

Credit Hours: 3 hrs

GEOG 276 - Principles of Geographic Information Systems

Introduction to the concept of computer mapping. Accessing online sources of spatial data; creating digital maps and charts using online data sources; vector and raster data models, spatial data entry and editing; coordinate systems and methods of georeferencing digital maps; elementary database management and spatial analysis. (Required for GIS minors and Urban and Regional Planning majors. Also suggested for teachers who would like to incorporate digital mapping into their teaching. Appropriate for all other disciplines using spatial mapping.)

Credit Hours: 3 hrs

Prerequisite: (GEOG 107 or GEOG 110) and (ESSC 108 or ESSC 110)

Cross-Listed with: URP 276

Last Updated: Links 04/2011

GEOG 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

GEOG 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

GEOG 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GEOG 311 - History and Geography of the Modern World (NEW COURSE)

This course provides an interdisciplinary study of global history and geography from 1500 to the present. It addresses key issues in global history and geography (such as the Colombian exchange, colonialism, global war) across several different world regions.

Credit Hours: 3 hrs

Prerequisite: GEOG 110, HIST 110

Cross-Listed with: HIST 311

Course Revisions:

Course Revisions: This is a new course, effective Winter 2013.

Last Updated: New Course 10/2012, effective Winter 2013

GEOG 313 - Geography of Michigan

Detailed analysis of the natural setting, population and settlement characteristics, industry, recreation and agriculture in the state.

Credit Hours: 2 hrs

Prerequisite: GEOG 110

Last Updated: Links 04/2011

GEOG 314W - Geography of Russia and Neighboring States (Gen Ed Area I, W)

A systematic and regional study of physical, cultural and economic factors in Russia and other states of the former Soviet Union. Distribution of natural resources, population and ethnic questions, environmental problems and political evolution will be emphasized.

Credit Hours: 3 hrs

Prerequisite: GEOG 110

Previously Listed As: GEOG 314

Last Updated: Gen Ed Approval 10/2011, effective Winter 2012; Links 04/2011

GEOG 315 - Travel and Tourism: The European Scene

Consideration of Europe as the most significant continent for modern tourism. Emphasis is on the natural, cultural and historical factors that form the foundation of this industry; and on the major economic, social and environmental impacts that can be

attributed to tourism.

Credit Hours: 3 hrs

Prerequisite: GEOG 112 and GEOG 212

Last Updated: Links 04/2011

GEOG 316 - History and Geography of Modern Europe

An interdisciplinary geographical-historical study of modern Europe with the geographical component emphasizing information of an urban, demographic, occupational and environmental nature and the historical component stressing major political, social and cultural developments. Must be taken concurrently with HIST 316.

Credit Hours: 3 hrs

Prerequisite: GEOG 110 and either HIST 101, HIST 102 or HIST 103

Last Updated: Links 04/2011

GEOG 317 - History and Geography of Spanish America

An interdisciplinary presentation of the history and geography of Spanish America with emphasis on political, cultural and socioeconomic forces from the conquest to the present. Similarities and differences within and among nations are stressed as are the special relationships that exist between the nations and the United States.

Credit Hours: 3 hrs

Prerequisite: GEOG 110 and one of HIST 101/HIST 102/HIST 103

Concurrent Prerequisite: HIST 317

Last Updated: Links 04/2011

GEOG 318 - Geography of Asia

A regional treatment of natural setting, distribution of the people, important occupations and problems of future development in each of several regions.

Credit Hours: 3 hrs

Prerequisite: GEOG 110

Last Updated: Links 04/2011

GEOG 319 - Geography of Europe

Systematic treatment of the natural setting, cultural patterns, economic activities and developmental problems of the continent; selected significant regions analyzed in detail.

Credit Hours: 3 hrs

Prerequisite: GEOG 110

Last Updated: Links 04/2011

GEOG 320 - Geography of the United States and Canada

A regional treatment of natural setting, distribution of the people, important occupations and problems of future development in each of several regions.

Credit Hours: 3 hrs

Prerequisite: GEOG 110
Last Updated: Links 04/2011

GEOG 321 - Geography of Latin America

A regional treatment of natural setting, distribution of the people, important occupations and problems of future development in each of several regions.

Credit Hours: 3 hrs
Prerequisite: GEOG 110
Last Updated: Links 04/2011

GEOG 322 - Geography of Africa

A human ecological treatment of the African continent, involving resource identification and use as well as the varied nature of evolving human landscapes.

Credit Hours: 3 hrs
Prerequisite: GEOG 110
Last Updated: Links 04/2011

GEOG 332 - Urban Geography

A study of geographic principles related to distribution, function, structure and regional setting of urban centers.

Credit Hours: 3 hrs
Prerequisite: GEOG 110
Last Updated: Links 04/2011

GEOG 333 - Settlement Geography

Cultural, functional and ecological factors underlying human settlement patterns.

Credit Hours: 3 hrs
Prerequisite: GEOG 110 or GEOG 115
Last Updated: Links 04/2011

GEOG 336 - Tourism and Socioeconomic Development

Socioeconomic impacts of tourism; national and international development strategies.

Credit Hours: 3 hrs
Prerequisite: GEOG 112 or GEOG 212
Last Updated: Links 04/2011

GEOG 345 - Geography of Resorts

Historical and systematic study of resorting and the resort as a functionally specialized settlement type; major resort areas of the world.

Credit Hours: 2 hrs

Prerequisite: GEOG 110 and GEOG 212

Last Updated: Links 04/2011

GEOG 348 - Teaching Social Studies in Elementary Schools

Survey of the social studies and evaluation of methods commonly used in the teaching of social studies in the elementary grades, with special emphasis on inquiry. Types of activities most effective in the presentation of materials and the use of visual aids are featured. A study of maps and globes, controversial issues, social values, environmental education, consumer education, global education and ethnic groups is included.

Credit Hours: 3 hrs

Prerequisite: one course in geography

Notes: Not open to students on academic probation.

GEOG 360 - Cultural Geography

Human landscape patterns; emphasis upon the processes concerned with their origins, locations and persistence.

Credit Hours: 3 hrs

Prerequisite: GEOG 110

Last Updated: Links 04/2011

GEOG 361 - Geography of Population

An analytical study of population characteristics and growth, world patterns of fertility, mortality and migration. Major attention is given to human population problems, including ecology, resources depletion and impacts of urbanization.

Credit Hours: 3 hrs

Prerequisite: GEOG 110

Last Updated: Links 04/2011

GEOG 376 - Spatial Analysis

Intermediate concepts and techniques in vector and raster GIS. Topics include thematic mapping, exploratory spatial data analysis, use of inferential statistics in GIS, point pattern analysis, regression modeling in GIS, modeling environmental and human geographic processes, surface interpolation and terrain analysis, map algebra, and network analysis.

Credit Hours: 3 hrs

Prerequisite: GEOG 276 or URP 276

Previously Listed As: GEOG 376 - Geographic Information Systems Analysis

Last Updated: Title and Course Description Change 02/2012, effective Fall 2012; Links 04/2011

GEOG 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

GEOG 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

GEOG 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GEOG 387 - Cooperative Education in Geography

Four to six months of full-time employment at a firm or agency, chosen for imparting a practical educational experience in geography. The program consists of two work experiences (GEOG387/487) alternating with full-time University attendance. A written report is required at the end of each employment period.

Credit Hours: 3 hrs

Prerequisite: Admittance by application only

Class Restrictions: Completion of Sophomore year

Major Restrictions: Geography Majors only

Notes: Graded on a credit/no-credit basis.

GEOG 405 - Aerial Photo Interpretation

Analysis of black and white and color infrared photographs for land use planning, environmental assessment, geology and resource management. Weekly lab exercises. Optional field trip.

Credit Hours: 3 hrs

Prerequisite: GEOG 276 or URP 276

Notes: Not open to students with credit in ESSC 575.

Last Updated: Links 04/2011

GEOG 441 - Transportation Geography and Planning

Explores the evolution of transportation in American society, with special attention paid to the impact of railroads, the automobile and the airline industry. Topics include an introduction to techniques for modeling transportation system demand.

Credit Hours: 3 hrs

Prerequisite: GEOG 235, GEOG 212 or URP 215

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

GEOG 445 - Cultural Tourism Resources

Survey of the relationships between cultural heritage resources and tourism. The tourism potentials of cultural centers and museums, archeological sites, folk crafts and foodways, regional cultural mannerisms, ethnic landscapes, architecturally significant buildings, historic cities and towns, and other types of historic landscapes will be covered.

Credit Hours: 3 hrs

Prerequisite: GEOG 212 or GEOG 336

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

GEOG 446 - Heritage Interpretation and Tourism

Evolution of the private sector tour-guiding and the public sector heritage interpretation concepts. Practice in the application of interpretive technique to cultural and natural tourism resources. Strategies for the integrative use of interpretive methods, including tours, demonstrations, talks, person-to-person experiences, publications, exhibits, signage and audiovisuals.

Credit Hours: 3 hrs

Prerequisite: GEOG 445

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

GEOG 476 - Geodatabases and GIS Client Applications

This course introduces students to current technologies used to develop and manage geodatabases. Emphasis is on the conceptual, logical and physical design aspects of geodatabases; managing personal and enterprise geodatabases; and desktop and web mapping clients that utilize geodatabases.

Credit Hours: 3 hrs

Prerequisite: GEOG 376

Previously Listed As: GEOG 476 - Advanced Geographic Information Systems

Last Updated: Title and Course Description Change 02/2012, effective Fall 2012; Links 04/2011

GEOG 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

GEOG 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

GEOG 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

GEOG 480 - Geographic Information Systems Projects

A study of different ways in which GIS is being used to resolve problems in the public and private sectors and in academia. Emphasis is on how GIS technology is being used in areas such as facility management, natural resource management, urban planning, environmental modeling, historical preservation, geology, health planning, etc. By working on a number of small, but realistic, projects students learn how to conceptualize GIS solutions to problems and how to professionally implement GIS projects.

Credit Hours: 3 hrs

Prerequisite: GEOG 376

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

GEOG 487 - Cooperative Education in Geography

Four to six months of full-time employment at a firm or agency chosen for imparting a practical educational experience in geography. The program consists of two work experiences (GEOG 387/GEOG 487) alternating with full-time attendance at the University. A written report is required at the end of each employment period.

Credit Hours: 3 hrs

Prerequisite: GEOG 387; Admittance by application only

Class Restrictions: Completion of Junior year

Major Restrictions: Geography Major

Notes: Graded on a credit/no-credit basis

Last Updated: Links 04/2011

GEOG 488 - Internship

Supervised internship in some aspect of geography that is of mutual interest to the qualified student and the place the student will work. Designed to integrate academic training with practical application.

Credit Hours: 4 hrs

Prerequisite: department permission and placement

Notes: May be taken only once for credit.

GEOG 489 - Internship

Supervised internship in some aspect of geography that is of mutual interest to the qualified student and the place the student will work. Designed to integrate academic training with practical application

Credit Hours: 5 hrs

Prerequisite: department permission and placement

Notes: May be taken only once for credit.

GEOG 490 - Internship

Supervised internship in some aspect of geography that is of mutual interest to the qualified student and the place the student will work. Designed to integrate academic training with practical application

Credit Hours: 6 hrs

Prerequisite: department permission and placement

Notes: May be taken only once for credit.

GEOG 497 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 1 hr

Prerequisite: department permission

GEOG 498 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 2 hrs

Prerequisite: department permission

GEOG 499 - Independent Study

Advanced study on individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 3 hrs

Prerequisite: department permission

GEOG 513 - South American Lands

A regional study of the countries of South America; resources, people and national cultures are stressed.

Credit Hours: 2 hrs

Prerequisite: GEOG 321 or equivalent

Notes: This is a graduate course in an undergraduate program.

Last Updated: Links 04/2011

GEOG 518 - Problems of Sub-Saharan Africa

Individual research in selected problems in the geography of Sub-Saharan Africa.

Credit Hours: 2 hrs

Prerequisite: GEOG 322 or equivalent

Last Updated: Links 04/2011

Historic Preservation

GHPR 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

GHPR 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

GHPR 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GHPR 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

GHPR 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

GHPR 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GHPR 335 - Historic Preservation

Introduction to general concepts and goals of historic preservation. The built environment as a cultural heritage resource; objectives of cultural surveys and inventories; methods of preservation, conservation, planning and interpretation.

Credit Hours: 3 hrs

Prerequisite: GEOG 115

Last Updated: Links 04/2011

GHPR 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

GHPR 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

GHPR 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GHPR 387 - Cooperative Education in Historic Preservation

Four to six months of full-time employment at a firm or agency, chosen for imparting a practical educational experience in historic preservation, historic administration or heritage interpretation. The program consists of two work experiences (GHPR 387/GHPR 487) alternating with full-time University attendance. A written report is required at the end of each employment period.

Credit Hours: 3 hrs

Prerequisite: Admittance by application only

Class Restrictions: Completion of Sophomore year

Major Restrictions: Historic Preservation or related Minor

Notes: Graded on a credit/no-credit basis

Last Updated: Links 06/2011

GHPR 401 - Planning/ Preservation Graphics

A lecture-laboratory course in graphics techniques of mapmaking, topographic analysis, communication of data and presentation. Media explored will include pen and ink, colored pencil and markers, and digital photography.

Credit Hours: 3 hrs
Prerequisite: URP 215
Cross-Listed with: URP 401
Last Updated: Links 04/2011

GHPR 436 - Historic Preservation Field Project

Specially arranged, supervised field experiences and application of theoretical viewpoints to field problems in historic preservation.

Credit Hours: 3 hrs
Prerequisite: department permission

GHPR 437 - Historic Preservation Field Project

Specially arranged, supervised field experiences and application of theoretical viewpoints to field problems in historic preservation.

Credit Hours: 6 hrs
Prerequisite: department permission

GHPR 475 - Architectural Nomenclature

The language and terms of architecture are the focus of this course. The history and development of architectural terminology from the Old World to America will be covered in the first half and the application of same to follow.

Credit Hours: 2 hrs
Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Last Updated: Graduate Credit 07/2011

GHPR 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission

GHPR 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission

GHPR 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

GHPR 487 - Cooperative Education in Historic Preservation

Four to six months of full-time employment at a firm or agency, chosen for imparting a practical educational experience in historic preservation, historic administration or heritage interpretation. The program consists of two work experiences (GHPR 387/GHPR 487) alternating with full-time attendance at the University. A written report is required at the end of each employment period.

Credit Hours: 3 hrs

Class Restrictions: Completion of Junior year

Major Restrictions: Historic Preservation or related Minor

Notes: Graded on a credit/no-credit basis

Last Updated: Links 06/2011

GHPR 488 - Internship

Supervised internship in some aspect of historic preservation, historic administration or heritage interpretation that is of mutual interest to the qualified student and the place the student will work. This experience is designed to integrate academic training with practical application

Credit Hours: 4 hrs

Prerequisite: department permission and placement

Notes: May be taken only once for credit.

GHPR 489 - Internship

Supervised internship in some aspect of historic preservation, historic administration or heritage interpretation that is of mutual interest to the qualified student and the place the student will work. This experience is designed to integrate academic training with practical application.

Credit Hours: 5 hrs

Prerequisite: department permission and placement

Notes: May be taken only once for credit.

GHPR 490 - Internship

Supervised internship in some aspect of historic preservation, historic administration or heritage interpretation that is of mutual interest to the qualified.

Credit Hours: 6 hrs

Prerequisite: department permission and placement

Notes: May be taken only once for credit.

GHPR 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 1 hr

Prerequisite: department permission

GHPR 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 2 hrs

Prerequisite: department permission

GHPR 499 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course. Normally restricted to proficient students in the senior year under the general conditions prescribed for honors courses.

Credit Hours: 3 hrs

Prerequisite: department permission

Urban and Regional Planning

GPLN 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

GPLN 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

GPLN 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

URP 115 - The American City (Gen Ed Area IV)

This course includes a systematic study of cities as incubators of change, how cities are planned and grow, and their social and political structures. Students will gain an understanding of how cities impact their lives by studying topics such as suburbanization, transportation and land use, and urban lifestyles.

Credit Hours: 3 hrs
Previously Listed As: GPLN 115

Area IV: Knowledge of the Disciplines

URP 115 The American City [was GPLN 115]

The course provides an introduction to a variety of social science methods and ways of studying the complex relationships that exist between American cities and suburbs, and the people that inhabit them. Students in this course will explore how the urban experience has transformed the American landscape in recent years, and how our changing understandings of the issues of urban racial and ethnic identities, social class structures, and personal lifestyles have helped to reshape what the American city is in the 21st century. Students will gain an appreciation of various theoretical perspectives that have provided insights on how the city is both physically and socially structured. Sources of information about cities will also be discussed, and students will gain a fundamental understanding of how the various social sciences develop and utilize data in understanding urban phenomena.

Last Updated: Course Prefix Change 03/2012, effective Fall 2012

URP 215 - Introduction to Urban and Regional Planning

An introduction to community planning at local and regional levels, including an overview of issues and techniques for land use planning. Topics include purpose of community plans, housing and community development, environmental planning, transportation, historic preservation, economic development, and urban design. Included is discussion of planning as a career.

Credit Hours: 3 hrs

Previously Listed As: GPLN 215

Last Updated: Course Prefix and Class Restriction Change 03/2012, effective Fall 2012

URP 216 - Readings in Urban Planning

A lecture/seminar course in which students read and discuss classic readings in urban planning. This course serves as an introduction to important writers and topics in the field.

Credit Hours: 2 hrs

Class Restrictions: Sophomore standing

Previously Listed As: GPLN 216 **Course Revisions:**

Course Revisions: This course will have a class restriction change from "Sophomore standing" to "none," effective Winter 2013.

Last Updated: Course Description and Class Restriction Change 05/2012, effective Winter 2013; Course Prefix Change 03/2012

URP 276 - Principles of Geographic Information Systems

Introduction to the concept of computer mapping. Accessing online sources of spatial data; creating digital maps and charts using online data sources; vector and raster data models, spatial data entry and editing; coordinate systems and methods of georeferencing digital maps; elementary database management and spatial analysis. (Required for GIS minors and Urban and Regional Planning majors. Also suggested for teachers who would like to incorporate digital mapping into their teaching. Appropriate for all other disciplines using spatial mapping.)

Credit Hours: 3 hrs

Prerequisite: GEOG 107, GEOG 110, ESSC 108 or ESSC 110

Cross-Listed with: GEOG 276

Previously Listed As: GPLN 276

Last Updated: Course Prefix Change 03/2012, effective Fall 2012; Links 04/2011

URP 306 - Comprehensive Planning and Zoning

A course studying issues of comprehensive planning, zoning and land-use regulation. Topics include preparation of a general development plan, current and recent zoning issues, land use legislation and the drafting and use of state and local zoning ordinances. A base course for Urban and Regional Planning students as well as a valuable perspective to anyone interested in rural, urban or regional development issues.

Credit Hours: 3 hrs

Prerequisite: URP 215

Previously Listed As: GPLN 306

Last Updated: Course Prefix Change 03/2012, effective Fall 2012; Links 04/2011

URP 401 - Planning/Preservation Graphics

A lecture-laboratory course in graphics techniques of mapmaking, topographic analysis, communication of data, and presentation. Media explored will include pen and ink, colored pencil and markers, and digital photography.

Credit Hours: 3 hrs

Prerequisite: URP 215

Cross-Listed with: GHPR 401

Previously Listed As: GPLN 401

Last Updated: Course Prefix Change 03/2012, effective Fall 2012; Links 04/2011

URP 409 - Professional Practice for Planners

Presentation and discussion of topics relating to professional practice in planning and related areas. Readings, case studies, simulations, and guest speakers are used to expose students to professional activities, including public hearings, dealing with community controversies, and professional-level communication techniques. Topics also deal with issues of professional ethics, job searching, and certification.

Credit Hours: 2 hrs

Prerequisite: URP 306 and URP 415W

Previously Listed As: GPLN 409 **Course Revisions:**

Course Revisions: This course will have a prerequisite change from "URP 215" to "URP 306 and URP 415W," effective Winter 2013. The revision also includes a course description change, a corequisite change from "URP 410L" to "none," and class restriction change from "Senior standing" to "none."

Last Updated: Description, Prerequisite, Corequisite and Restriction Change 10/2012, effective Winter 2013; Course Prefix Change 03/2012; Links 04/2011

URP 410L - Site Planning Studio (Gen Ed Area V LBC)

A studio course in urban planning, gives hands-on experience in developing a site plan. Using an actual site and client, a project will be taken through the various stages of plan development. Activities include program analysis, data collection, development of alternative solutions, and selection and presentation of a final site plan.

Credit Hours: 4 hrs

Prerequisite: URP 215 and URP 306

Class Restrictions: Senior standing

Previously Listed As: GPLN 410L

Last Updated: Course Prefix Change 03/2012, effective Fall 2012

URP 415W - Methods of Planning Analysis (Gen Ed Area I, W)

This course will help students navigate through an urban planning research project from start to finish. Students learn the basics of research design, engage actively in gathering data using several data collection techniques, develop analytical skills to interpret the collected data, and learn to communicate results graphically, orally and in writing.

Credit Hours: 3 hrs

Prerequisite: URP 215, URP 276 and URP 306

Concurrent Prerequisite: URP 401

Class Restrictions: Sophomore standing

Previously Listed As: GPLN 415W

Rationale: Learning to communicate clearly and succinctly in written form and in a variety of styles is an important component of a professional planner's job. While courses in composition can provide you with the basics of writing, this class will teach you to write to a particular audience. Urban planners communicate information in a variety of ways: books, journal articles, refereed conference papers, reports, grant proposals, grant reviews, book reviews, plan reviews, plans, ordinances, memos, public announcements and flyers. While we will not be able to address these all within this course, you will be challenged with a number of these different methods of communication so that you can begin to develop an understanding of the conventions in the field. In this course, you will learn to not only formulate different types of research projects but also to present the results of your research in several ways that are accepted in the field: basic memo writing; persuasive writing; report writing, creative writing; and grant writing. In other words, this course will train you for your everyday job as a planner who creates flyers, writes professional memos, writes planning reports, and pursues grants. You will do this by accessing several data sources including city and county planning data; plans and ordinances; census data; GIS data; and academic literature. While you will also learn to present your ideas verbally, the primary emphasis will be on written communication.

Last Updated: Course Prefix Change 03/2012, effective Fall 2012

URP 435 - History of Urban Form and Function

Historically important periods of urban planning are analyzed in select cities throughout the world and in the United States. Comparisons are made between city plans from other cultures and our own.

Credit Hours: 3 hrs

Prerequisite: URP 215 and URP 216

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Notes: GEOG 332 is recommended.

Previously Listed As: GPLN 435

Last Updated: Course Prefix Change 03/2012, effective Fall 2012; Graduate Credit 07/2011; Links 04/2011

URP 452 - Infrastructure Planning and Policy (NEW COURSE)

This course gives students an understanding of the major urban and rural infrastructures systems, as well as the role capital budgeting plays in the financing of these systems. Students should be able to recognize and quantify municipal infrastructure needs and understanding the planner's role in the provision of these services.

Credit Hours: 3 hrs

Prerequisite: URP 215

Equivalent Courses: URP 552

Last Updated: New Course, 11/2012, effective Winter 2013

URP 456 - Zoning and Land Development Regulation (NEW COURSE)

A seminar course exploring zoning, subdivision, and other regulatory tools used in the planning profession to direct and control land development in urban, suburban, and rural areas. Course includes discussion of associated constitutional and legal issues surrounding property development, as well as alternatives to typical zoning regulation.

Credit Hours: 2 hrs

Prerequisite: URP 215 and URP 306, or permission of instructor

Concurrent Prerequisite: URP 306

Class Restrictions: Sophomore, Junior, and Senior

Last Updated: New Course, 11/2012, effective Winter 2013

URP 459 - Planning/Preservation Studio (NEW COURSE)

An interdisciplinary planning and preservation studio in which student teams analyze a neighborhood, development area, or street corridor in a local community. Students collect and analyze data, created future development proposals, and present their proposals at a public meeting.

Credit Hours: 3 hrs

Prerequisite: URP 215 or instructor permission

Concurrent Prerequisite: URP 306

Class Restrictions: Sophomore standing or above

Equivalent Courses: URP 559 Planning/Preservation Studio

Last Updated: New Course 11/2012; effective Winter 2013

URP 460 - Transportation Modeling Systems

This course provides skills necessary for being an effective transportation planner. It introduces students to the most common modeling software through lectures and exercises. Combined with other courses in the Undergraduate Certificate in Transportation Planning, it enhances their career choices in the field of transportation planning and engineering.

Credit Hours: 3 hrs

Prerequisite: GEOG 441 and URP 276

Equivalent Courses: URP 560

Last Updated: New Course, 11/2012, effective Winter 2013

URP 495 - Environmental Assessment and Planning

An examination of the program elements of environmental impact statements. Geo-based data sources are explored and analyzed. Impact statements are prepared by the class, and existing impact statements are evaluated.

Credit Hours: 3 hrs

Prerequisite: URP 215 or URP 276

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: ESSC 495

Previously Listed As: GPLN 495

Last Updated: Course Prefix Change 03/2012, effective Fall 2012; Graduate Credit 07/2011; Links 04/2011

URP 505 - Seminar in Methods and Research

Basic research design and techniques applicable to Geography, Planning, and Geographic Information Systems students. Course work includes location and identification of source materials, statement and analysis of problems, and preparation of results of research.

Credit Hours: 2

Class Restrictions: Senior Standing Only

Last Updated: New Course 5/2012, effective Winter 2013

History and Philosophy Programs and Courses

History and Philosophy

Major

History Major

Through the study of history, students gain an understanding of the past as well as several widely transferable skills. History majors learn how to think critically and to write clearly. Students also learn how to conduct research, interpret sources, and create compelling arguments and intriguing narratives. Students of history also bring a historical and cross-cultural perspective to discussions of current affairs and can participate in public life as an informed, thoughtful, and articulate citizen and leader.

Majors in History take a class in historical research and writing and at least one upper-level course in the history of each of the following: the United States and Canada; Europe; and Africa, Asia, and Latin America. Beyond these basic requirements, the program allows students freedom to design a course of study focused on their own interests.

History and Philosophy Department Information:

Department Head: Richard F. Nation

Department Contact: richard.nation@emich.edu

Phone Number for Advisers: 734.487.1018

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 30 hours

Required Courses: 12 hours

- HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs

One course from the following:

- HIST 101 - Western Civilization to 1648 (Gen Ed Area IV) 3 hrs
- HIST 102 - Western Civilization, 1648 to World War II (Gen Ed Area IV) 3 hrs
- HIST 103 - 20th-Century Civilization (Gen Ed Area III) 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs

One course from the following:

- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs

An additional course to complete one of the following sequences:

- HIST 101 - Western Civilization to 1648 (Gen Ed Area IV) 3 hrs
- HIST 102 - Western Civilization, 1648 to World War II (Gen Ed Area IV) 3 hrs

- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs

- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs

Restricted Elective Courses: 15 hours

Six credit hours of history courses 300-level or above in two of the following areas and three hours in the remaining area.

- A. United States and Canada
- B. Europe (includes Russia and ancient Greece and Rome)
- C. Africa, Asia, Latin America (includes Middle East and ancient Near East)

One of these courses must be designated as emphasizing "Historical Writing" (HW).

Elective Courses: 3 hours

HIST 481 - The Teaching of Social Studies may not be counted toward the major.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement**. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Philosophy Major

The Philosophy major provides basic knowledge in the general field of philosophy and strikes a balance between topical philosophical groups. The program supplements those in many other disciplines, such as teaching, literature, the performing arts and the sciences. A philosophy major also prepares students for graduate work in philosophy, law, theology, literature, political science and other related liberal arts subjects. It is a nonteaching major.

The Philosophy major consists of 33 credit hours, 24 of which must be at the 200 level or above. Majors must satisfactorily complete at least one course in each of the following five core areas, with a minimum of twelve credit hours at the 300 or 400 level.

History and Philosophy Department Information:

Department Head: Richard F. Nation
Department Contact: richard.nation@emich.edu
Website: <http://www.emich.edu/historyphilosophy/>

Adviser Information:

Program Adviser: Jill Dieterle
Email: jdieterle@emich.edu
Phone: 734.487.1018

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 33 hours

Students must select a minimum of three hours from each of the five core areas:

I. Logic and Reasoning: 3-9 hours

At least one course from the following:

- * PHIL 120 - Introduction to Critical Reasoning (Gen Ed Area IV) 3 hrs
- * PHIL 130 - Introduction to Logic 3 hrs
- PHIL 181 - Logic and Model Theory (Gen Ed Area III) 3 hrs
- PHIL 281 - Symbolic Logic 3 hrs

II. History of Philosophy: 3-9 hours

At least one course from the following:

- PHIL 330W - History of Philosophy: Ancient (Gen Ed Area I, W) 3 hrs
- PHIL 331W - History of Philosophy: Modern (Gen Ed Area I, W) 3 hrs
- PHIL 332W - History of Philosophy: 19th Century (Gen Ed Area I, W) 3 hrs

III. Values: 3-24 hours

At least one course from the following:

- PHIL 212 - Philosophy of Art (Gen Ed Area IV) 3 hrs
- PHIL 220 - Ethics (Gen Ed Area IV) 3 hrs
- PHIL 221 - Business Ethics (Gen Ed Area IV) 3 hrs
- PHIL 223 - Medical Ethics (Gen Ed Area IV) 3 hrs
- PHIL 224 - Ethics and Food (Gen Ed Area IV) 3 hrs
- PHIL 225 - Political Philosophy (Gen Ed Area IV) 3 hrs
- PHIL 229 - Environmental Ethics (Gen Ed Area IV) 3 hrs
- PHIL 260 - Existentialism (Gen Ed Area IV) 3 hrs
- PHIL 310W - Aesthetics (Gen Ed Area I, W) 3 hrs
- PHIL 355W - Philosophy of Law (Gen Ed Area I, W) 3 hrs
- PHIL 370W - Philosophy and Narrative (Gen Ed Area I, W) 3 hrs
- ** PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- PHIL 470W - Twentieth Century European Philosophy (Gen Ed Area I, W) 3 hrs

IV. Epistemology and Metaphysics: 3-27 hours

At least one course from the following:

- PHIL 215 - Philosophy of Religion (Gen Ed Area IV) 3 hrs
- PHIL 325W - Theory of Knowledge (Gen Ed Area I, W) 3 hrs
- PHIL 375W - Metaphysics (Gen Ed Area I, W) 3 hrs
- PHIL 480W - Philosophy of Science (Gen Ed Area I, W) 3 hrs
- PHIL 390W - Phenomenology (Gen Ed Area I, W) 3 hrs
- ** PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- PHIL 442W - Philosophy of Mind (Gen Ed Area I, W) 3 hrs
- PHIL 460W - Philosophy of Language (Gen Ed Area I, W) 3 hrs
- PHIL 471W - Early Analytic Philosophy (Gen Ed Area I, W) 3 hrs
- PHIL 475W - Philosophy of Mathematics (Gen Ed Area I, W) 3 hrs

V. Eastern/Global: 3-9 hours

At least one course from the following:

- PHIL 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs
- PHIL 228 - Global Ethics (Gen Ed Area III, IV) 3 hrs
- PHIL 291 - Introduction to Asian Philosophy (Gen Ed Area III) 3 hrs
- PHIL 391W - Early Chinese Philosophy (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 18 hours

Philosophy 100 - 499 if not already taken to complete the required 33 hours.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Only one of PHIL 100 - Introduction to Philosophy or PHIL 110 - Philosophies of Life may be counted toward the major.

** Only one of PHIL 120 - Introduction to Critical Reasoning or PHIL 130 - Introduction to Logic may be counted toward the major.*

*** This course satisfies either area III or IV, depending on its specific content. It may only be used to satisfy one area requirement.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Secondary Education History Major

PROGRAM WILL BE PHASED OUT: EFFECTIVE FALL 2012

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in history, certification code CC and, depending on the minor selected, endorsement in geography (CB), political science (CD) or economics (CA). This program of study meets all requirements of the National Council for the Social Studies. The Michigan Test for Teacher Certification (MTTC) covering this field is #009, "History."

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.

2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Major Requirements: 33-36 hours

Required Courses: 21-24 hours

- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs

One course from the following:

- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs

One course from the following:

See History adviser for more options.

- ECON 375 - Economic History of the United States 3 hrs
- HIST 471 - Social and Intellectual History of 19th-Century Europe 3 hrs

One option from the following:

Option I:

- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs

Option II:

- HIST 101 - Western Civilization to 1648 (Gen Ed Area IV) 3 hrs
- HIST 102 - Western Civilization, 1648 to World War II (Gen Ed Area IV) 3 hrs
- HIST 103 - 20th-Century Civilization (Gen Ed Area III) 3 hrs

Elective Courses: 12 hours

Six hours of history courses 300-level or above in one of the following areas and three hours in each of the remaining areas:

- A. United States and Canada
- B. Europe (includes Russia and ancient Greece and Rome)
- C. Africa, Asia and Latin America (includes Middle East and ancient Near East)

For a current list of classes that count for each area, consult the History Section website or a History undergraduate adviser.

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

History Majors take:

- HIST 481 - The Teaching of Social Studies 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Select from geography, political science or economics.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Required Courses: 45 hours

These courses form a single integrated program of study and cannot be taken separately in any way.

- ECON 375 - Economic History of the United States 3 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs

- GEOG 100 - Introduction to Geospatial Sciences and Technology 3 hrs
- OR**
- GEOG 276 - Principles of Geographic Information Systems 3 hrs

- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 313 - Geography of Michigan 2 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- GEOG 360 - Cultural Geography 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs

- HIST 311 - History and Geography of the Modern World (NEW COURSE) 3 hrs
- OR**

- GEOG 311 - History and Geography of the Modern World (NEW COURSE) 3 hrs
- HIST 416 - American Environmental History 3 hrs
- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- **OR**
- PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs

History/Geography Electives: 12-13 hours

- One Geography (GEOG) or Earth System Science (ESSC) course at 300-level and above.
- Three upper-level History (HIST) courses (3 credits each, 300-level and above): one in United States or Canada (Area A), one in Europe (Area B), and one in Africa, Asia or Latin America (Area C).

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

History/Geography Comprehensive Majors take:

- HIST 481 - The Teaching of Social Studies 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Social Studies /Economics Comprehensive Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in social studies, certification code RX. This program of study meets all requirements of the National Council for the Social Studies. The Michigan Test for Teacher Certification (MTTC) covering this field is #084, "Social Studies;" this course of study will also lead to an endorsement in economics (CA) MTTC #007.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:

1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 69 hours

Core Courses: 69 hours

- ECON 103L - Economics for Living (Gen Ed Area V LBC) 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ECON 340 - Money and Banking 3 hrs
- ECON 350 - Government Finance 3 hrs
- ECON 375 - Economic History of the United States 3 hrs
- ECON 385 - Economic Development 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs
- GEOG 100 - Introduction to Geospatial Sciences and Technology 3 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.

8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 63 hours

Core Courses: 54 hours

- ECON 103L - Economics for Living (Gen Ed Area V LBC) 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- GEOG 100 - Introduction to Geospatial Sciences and Technology 3 hrs
- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 320 - Geography of the United States and Canada 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs

- HIST 311 - History and Geography of the Modern World (NEW COURSE) 3 hrs
- OR**
- GEOG 311 - History and Geography of the Modern World (NEW COURSE) 3 hrs

- HIST 416 - American Environmental History 3 hrs
- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Restricted Elective Courses: 9 hours

Nine credit hours of history courses 300-level or above, three hours in each of the following areas.

- A. United States and Canada
- B. Europe (includes Russia and ancient Greece and Rome)
- C. Africa, Asia, Latin America (includes Middle East and ancient Near East)

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Social Studies/History Comprehensive Majors take:

- HIST 481 - The Teaching of Social Studies 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs

This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Social Studies /Political Science Comprehensive Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in social studies, certification code RX. This program of study meets all requirements of the National Council for the Social Studies. The Michigan Test for Teacher Certification (MTTC) covering this field is #084, "Social Studies;" this course of study will also lead to an endorsement in political science (CD) MTTC #010.

- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Restricted Elective Courses: 12 hours

Students must choose four courses from two of the three following groups:

I. American Politics, Public Law and Administration:

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 301 - American Legal System 3 hrs

- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs

- PLSC 314 - Civil Mock Trial and Legal Process 3 hrs
- **OR**
- PLSC 316 - Criminal Mock Trial and Legal Process 3 hrs

- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 335 - Labor in American Politics 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 357 - Campaigns and Elections 3 hrs
- PLSC 358 - Political Parties and Interest Groups 3 hrs
- PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 386 - U.S. Supreme Court Simulation 3 hrs
- WGST 243 - Black Women: Politics and Racism 3 hrs

II. Comparative Politics and International Relations:

- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 345 - War and Peace in the Nuclear Age 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 355 - European Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
- PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

III. Political Theory and Methods:

- PLSC 306 - Contemporary Political Thought 3 hrs
- PLSC 307 - Democracy and Power 3 hrs
- PLSC 309 - American Political Theory 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 320 - Political Science in Literature and Film 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs

- * HIST 300W - Researching and Writing History (Gen Ed Area I, W) 3 hrs

- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- **OR**
- PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs

- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Minor in Economics, Geography, History or Political Science: 20-24 Hours

Substitute Classes

Because some of the required classes in the major can also be counted towards the minor, students will be required to take anywhere from one to four substitute classes for the major. Additional substitute courses, if needed, can be taken in any of the four disciplines, at any level.

One of the classes must be taken from the following list:

Economics:

- ECON 321 - Minority Workers in the Labor Market 3 hrs
- ECON 327 - Economics of Poverty, Inequality and Discrimination 3 hrs
- ECON 328 - Economics of Women 3 hrs
- ECON 332 - Urban Economics 3 hrs
- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 385 - Economic Development 3 hrs

- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

Geography:

- GEOG 235 - Economic Geography 3 hrs
- GEOG 317 - History and Geography of Spanish America 3 hrs
- GEOG 318 - Geography of Asia 3 hrs
- GEOG 321 - Geography of Latin America 3 hrs
- GEOG 322 - Geography of Africa 3 hrs

History:

- HIST 201 - The Religions of South and East Asia 3 hrs
- HIST 202 - Religions in Conflict and Dialogue: Judaism, Christianity, and Islam (Gen Ed Area III) 3 hrs
- HIST 304 - Early Judaism 3 hrs

- PLSC 467 - Advanced International Relations 3 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Students who declared a Social Science major before Fall 2008 have until 2014 to complete their degrees under the old requirements, or they may elect to complete the new requirements.

* History advisers may substitute for HIST 300W Writing Intensive research methods courses from other programs or institutions as they judge reasonable.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and

the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

History and Philosophy Department Information:

Department Head: Richard F. Nation
 Department Contact: richard.nation@emich.edu
 Website: <http://www.emich.edu/historyphilosophy/>

Adviser Information:

Program Adviser: Robert Duke
 Email: rduke@emich.edu

Program Adviser: James Egge
 Email: jegge@emich.edu

Phone Number for Advisers: 734.487.1018

Required Area Courses: 12 hours

- GEOG 314W - Geography of Russia and Neighboring States (Gen Ed Area I, W) 3 hrs
- HIST 344 - Russia since 1855 3 hrs
- HIST 547 - 19th Century Ideological Background of the Russian Revolution 3 hrs
- PLSC 361 - Russian Politics 3 hrs

Area Elective Courses: 8 hours

Certain independent study courses and special topics courses may be counted as restricted elective courses or elective courses with the approval of the advising coordinator of area studies. No more than three of the seven courses in the minor may be chosen from a single discipline.

Eight hours from the following:

- ECON 370 - Comparative Economic Systems 3 hrs
- GEOG 316 - History and Geography of Modern Europe 3 hrs
- HIST 332 - Modern Europe 1815-1919 3 hrs
- HIST 333 - Europe since 1919 3 hrs
- HIST 343 - Russia to 1855 3 hrs
- HIST 550 - 20th Century Russia 2 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs

Minor Total: 20 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a

minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

History Minor

History and Philosophy Department Information:

Department Head: Richard F. Nation

Department Contact: richard.nation@emich.edu

Website: <http://www.emich.edu/historyphilosophy/>

Adviser Information:

Program Adviser: Robert Duke

Email: rduke@emich.edu

Program Adviser: James Egge
Email: jegge@emich.edu

Phone Number for Advisers: 734.487.1018

Required Area Courses: 6 hours

One course from the following:

- HIST 101 - Western Civilization to 1648 (Gen Ed Area IV) 3 hrs
- HIST 102 - Western Civilization, 1648 to World War II (Gen Ed Area IV) 3 hrs
- HIST 103 - 20th-Century Civilization (Gen Ed Area III) 3 hrs
- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs

One course from the following:

- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs

History Courses: 12 hours

Six hours of history courses at the 300-level or above in one of the following areas and three hours in each of the other two areas:

- A. United States and Canada
- B. Europe (includes Russia and ancient Greece and Rome)
- C. Africa, Asia, Latin America (includes Middle East and ancient Near East)

Unrestricted Elective Courses: 2 hours

Minor Total: 20 hours

Notes:

HIST 481 may not be counted toward this minor. Secondary education certification requires at least eight hours of United States history.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

University Information: Consult the online catalog at catalog.emich.edu.

Philosophy Minor

The philosophy minor consists of 24 credit hours. 15 of those hours must be at the 200-level or above. Minors must satisfactorily complete at least one course in each of the following five core areas, with a minimum of nine credit hours at the 300- or 400-level.

History and Philosophy Department Information:

Department Head: Richard F. Nation

Department Contact: richard.nation@emich.edu

Website: <http://www.emich.edu/historyphilosophy/>

Adviser Information:

Program Adviser: Jill Dieterle

Email: jdieterle@emich.edu

Phone: 734.487.1018

Minor Requirements: 24 hours

Students must select a minimum of three hours from each of the five core areas:

I. Logic and Reasoning: 3-6 hours

At least one course from the following:

- * PHIL 120 - Introduction to Critical Reasoning (Gen Ed Area IV) 3 hrs
- * PHIL 130 - Introduction to Logic 3 hrs
- PHIL 181 - Logic and Model Theory (Gen Ed Area III) 3 hrs
- PHIL 281 - Symbolic Logic 3 hrs

II. History of Philosophy: 3-9 hours

At least one course from the following:

- PHIL 330W - History of Philosophy: Ancient (Gen Ed Area I, W) 3 hrs
- PHIL 331W - History of Philosophy: Modern (Gen Ed Area I, W) 3 hrs
- PHIL 332W - History of Philosophy: 19th Century (Gen Ed Area I, W) 3 hrs

III. Values: 3-12 hours

At least one course from the following:

- PHIL 212 - Philosophy of Art (Gen Ed Area IV) 3 hrs
- PHIL 220 - Ethics (Gen Ed Area IV) 3 hrs
- PHIL 221 - Business Ethics (Gen Ed Area IV) 3 hrs
- PHIL 223 - Medical Ethics (Gen Ed Area IV) 3 hrs
- PHIL 224 - Ethics and Food (Gen Ed Area IV) 3 hrs
- PHIL 225 - Political Philosophy (Gen Ed Area IV) 3 hrs

- PHIL 229 - Environmental Ethics (Gen Ed Area IV) 3 hrs
- PHIL 260 - Existentialism (Gen Ed Area IV) 3 hrs
- PHIL 310W - Aesthetics (Gen Ed Area I, W) 3 hrs
- PHIL 355W - Philosophy of Law (Gen Ed Area I, W) 3 hrs
- PHIL 370W - Philosophy and Narrative (Gen Ed Area I, W) 3 hrs
- ** PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- PHIL 470W - Twentieth Century European Philosophy (Gen Ed Area I, W) 3 hrs

IV. Epistemology and Metaphysics: 3-12 hours

At least one course from the following:

- PHIL 215 - Philosophy of Religion (Gen Ed Area IV) 3 hrs
- PHIL 325W - Theory of Knowledge (Gen Ed Area I, W) 3 hrs
- PHIL 375W - Metaphysics (Gen Ed Area I, W) 3 hrs
- PHIL 480W - Philosophy of Science (Gen Ed Area I, W) 3 hrs
- PHIL 390W - Phenomenology (Gen Ed Area I, W) 3 hrs
- ** PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- PHIL 442W - Philosophy of Mind (Gen Ed Area I, W) 3 hrs
- PHIL 460W - Philosophy of Language (Gen Ed Area I, W) 3 hrs
- PHIL 471W - Early Analytic Philosophy (Gen Ed Area I, W) 3 hrs
- PHIL 475W - Philosophy of Mathematics (Gen Ed Area I, W) 3 hrs

V. Eastern/Global: 3-9 hours

At least one course from the following:

- PHIL 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs
- PHIL 228 - Global Ethics (Gen Ed Area III, IV) 3 hrs
- PHIL 291 - Introduction to Asian Philosophy (Gen Ed Area III) 3 hrs
- PHIL 391W - Early Chinese Philosophy (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 9 hours

Philosophy 100 - 499 if not already taken to complete the required 24 hours.

Minor Total: 24 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

Only one of PHIL 100 - Introduction to Philosophy or PHIL 110 - Philosophies of Life may be counted toward the major.

** Only one of PHIL 120 - Introduction to Critical Reasoning or PHIL 130 - Introduction to Logic may be counted toward the major.*

*** This course satisfies either area III or area IV, depending on its specific content. It may only be used to satisfy one area requirement.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement**. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education History Minor

PROGRAM WILL BE PHASED OUT: EFFECTIVE WINTER 2013

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in history, certification code CC. The certification test covering this field is #009, "History."

History and Philosophy Department Information:

Department Head: Richard F. Nation

Department Contact: richard.nation@emich.edu

Website: <http://www.emich.edu/historyphilosophy/>

Adviser Information:

Program Adviser: Robert Duke
Email: rduke@emich.edu

Program Adviser: James Egge
Email: jegge@emich.edu

Phone Number for Advisers: 734.487.1018

Required Area Courses 15-18 hours

- HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- HIST 481 - The Teaching of Social Studies 3 hrs (If not required by your major)

One option from the following:

Option I:

- HIST 101 - Western Civilization to 1648 (Gen Ed Area IV) 3 hrs
- HIST 102 - Western Civilization, 1648 to World War II (Gen Ed Area IV) 3 hrs
- HIST 103 - 20th-Century Civilization (Gen Ed Area III) 3 hrs

Option II:

- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs

Restricted Elective Courses: 9 hours

**Three hours of history courses at the 300-level or above in each of the following areas:*

- A. United States (includes HIST 303)
- B. Europe (includes Russia and ancient Greece and Roman history)
- C. Africa, Asia (includes Middle East and ancient Near East), Latin America, History of Religions

Minor Total: 21-27 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

** For a current list of classes that count for each area, consult the History Section website or a History undergraduate adviser.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement**. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

History

HIST 100 - The Comparative Study of Religion (Gen Ed Area IV)

An introduction to the systematic study of religious experience and expression; organized around representative motifs, phenomena and institutions, and illustrated with relevant examples from the various historical religious traditions.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

HIST 100 The Comparative Study of Religion

This General Education course is an introduction to the academic discipline of religious studies. Religious studies is an interdisciplinary field that draws on approaches from both the humanities and the social sciences. Because this course focuses primarily on the questions and methods of the humanities, it counts toward the Knowledge of the Disciplines requirement in the Humanities area. Students in this class will develop their ability to interpret religious texts and other religious expressions, to analyze religious ideas about human existence and the nature of the world, and to understand religions as historical traditions characterized by conflict and change.

HIST 101 - Western Civilization to 1648 (Gen Ed Area IV)

A topical survey of western civilization from its Greco-Roman origins to the 17th century. Cultural development and institutional growth are emphasized. Greco-Roman contributions, the Judeo-Christian heritage, Byzantine and Islamic cultures, European expansion and militarism, the Renaissance and the Reformation are among the major topics considered.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

HIST 101 Western Civilization to 1648

History 101 explores the cultural development of Western Europe from the classical world through the religious reformation of the sixteenth century, through the examination of literary, philosophical and religious texts. Students in this class will be given a solid grounding in the major political and social developments of the civilizations that flourished across Europe and the Mediterranean prior to 1648. This context will prepare them to explore various literary, philosophical and religious texts, to understand how they were both products of their age and powerful shapers of their cultures. Many texts will reflect how political and social power was structured and projected, and these texts will offer students ample opportunity to reflect upon issues of class, gender and race. Through an exploration of philosophical and religious writings students will gain an understanding of how men and women in various western societies viewed human nature and attempted to make sense out of good and evil, life and death. Students will leave this course having gained an appreciation for the past cultures of Western Europe and will have developed a sensitivity to the dynamic interplay between social and cultural institutions and values, and the writing and thought produced within the framework of those values and institutions.

HIST 102 - Western Civilization, 1648 to World War II (Gen Ed Area IV)

A survey of western history from the 17th century to World War II. Major themes include the rise of modern states, the emergence of science, the impact of European colonialism on the non-European world, upheavals in the arts and philosophy, and the origins and consequences of total war.

Credit Hours: 3 hrs

Previously Listed As: HIST 102 - Western Civilization, 1648 to World War I

Area IV: Knowledge of the Disciplines

HIST 102 Western Civilization 1648 to WWI

History 102 explores the development of Western Europe from the mid-seventeenth century until World War I. through the examination of literary, philosophical and religious texts. Students in this class will be given a solid grounding in the major political, social and economic developments of early modern and modern Europe. This context will prepare them to explore various literary, political, philosophical and religious texts, to understand how they were both products of their age and powerful shapers of European thought, culture and society. Many texts will reflect how political and social power was structured and projected in this formative era of European history, and these texts will offer students ample opportunity to reflect upon issues of class, gender and race. Through an exploration of philosophical and scientific writings, students will explore the tremendous paradigm shift which occurred with the scientific revolution in early modern Europe, a shift which fundamentally altered the way in which men and women viewed nature, the universe and human nature. The study of religious and philosophical texts will also allow students to examine the repercussions of this paradigm shift in religious thought and practice as well. Finally, numerous literary works and texts will offer students an understanding of the mentality and values of bourgeois society in nineteenth century Europe, and help them grasp the terrible clash of war brought about by nationalism and bourgeois values in 1914. Students will leave this course having gained an appreciation for early modern and modern Western Europe culture and society, and will have developed a sensitivity to the dynamic interplay between social and cultural institutions and values, and the writing and thought produced within the framework of those values and institutions.

Last Updated: Title and Course Description Change 02/2012, effective Fall 2012

HIST 103 - 20th-Century Civilization (Gen Ed Area III)

An examination of the international developments of the 20th century, with particular emphasis on the interactions between the West and other world cultures.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

HIST 103 Twentieth Century Civilization

HIST 103 fulfills the General Education Program's Global Awareness requirement for Perspectives on a Diverse World by providing the background necessary to understand today's chief global occurrences, especially the interactions between the Western world and other world cultures. This course examines not only the main political developments of the twentieth century, but also the era's chief trends in science and technology, economics, social changes and cultural and religious developments, and how these various trends interrelate with one another. After completing this course students should at a minimum be able to identify the most important individuals and terms of the twentieth century and know the causes and effects of the era's most important events. They should also have a better understanding of such world-wide problems as nationalism, imperialism, militarism, globalization, ideological and cultural conflict and the varying causes of wars and violence.

HIST 104 - Quest for Power: Famous Figures in History

An examination of the lives and times of selected leaders from the ancient and modern worlds. Examples of figures to be covered are Pericles, Nero, Napoleon I and Adolf Hitler. Major literary monuments of the periods will be examined as well. Team taught by a member of the History Department and a classicist.

Credit Hours: 3 hrs

Cross-Listed with: CLAS 104

Notes: This course satisfies one literature or one history requirement. See honors humanities courses

Last Updated: Links 04/2011

HIST 106 - Asian and African Civilizations

The civilizations of the Moslem world, Africa, India and East Asia in historical perspective. Philosophical outlook, cultural development and technological advances are emphasized with attention also being given to social and economic changes in the period since 1500.

Credit Hours: 3 hrs

HIST 109 - World History to 1500

A survey of world civilizations (Africa, Asia, Europe, Western Hemisphere) from prehistory to 1500. The course will emphasize the diversity and interrelationships of world cultures and civilizations.

Credit Hours: 3 hrs

HIST 110 - World History since 1500 (Gen Ed Area III)

A survey of world civilizations (Africa, Asia, Europe, Western Hemisphere) from 1500 to the present. The course will emphasize the diversity and interrelationships of world cultures and civilizations.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

HIST 110 World History since 1500

History 110 meets the Global Awareness requirement of the Perspectives on a Diverse World, because it seeks to give students knowledge and understanding of the political organization, religious beliefs, and cultural practices of the world's peoples, and their interconnections over half a millennium. They will be encouraged to think globally so that they can see how events or new ideas that developed in one area, affected another, how America's cultural practices related to those of other societies, how wars and imperialism produced radical political and economic changes and why social, cultural and racial intolerance existed in so many countries. In the process, students will work on their skills of reading and interpreting historical material, asking the questions that historians ask, and responding to questions both verbally and in writing. The most important goal of the course is to give students the knowledge and understanding of the past that they need to interpret the contemporary world.

HIST 115 - Making American Society: Race, Ethnicity and Gender in Historical Perspective (Gen Ed Area III)

Through historical perspective, students will understand the difficult questions about diversity that have confronted people of every generation and the accommodations made through law, institutions and changed social habits. By understanding past tragedies, successes, mistakes and wise choices, students will be better citizens of the present and guardians of the future.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

HIST 115 Making American Society: Race, Ethnicity & Gender in Historical Perspectives

To Understand most clearly the issues surrounding diversity in the United States, one of the key goals of the General Education program at Eastern Michigan University, historians believe that students must understand the historical development of diversity: how the categories of race, ethnicity, gender, class and sexuality, among others, have been constructed and re-constructed over time. *History 115* will explore why, throughout four centuries of the development of the United States. Americans have struggled over how (or whether) to make the words of democracy into reality in a land of diversity. Accordingly, the class will examine the conflicts presented when people of so many diverse backgrounds, values and options try to accomplish their separate and collective ambitions within a framework of democracy and capitalism. We will examine why too many men and women in each era were denied equality, and we will examine the slow but steady progress toward a "more perfect union" that gives voice, extends toleration and offers equal opportunity to all of its people regardless of color, race, creed, national origin, gender and sexuality.

Through historical perspective, students will understand the difficult questions that have confronted people of every generation and the accommodations made through law, institutions and changed social habits. By understanding past tragedies, success's, mistakes and wise choices, students will be better citizens of the present and guardians of the future. Therein is the primary goal.

HIST 116 - Intro to American Indian History (Gen Ed Area III)

This course is a study of American Indian history and culture with an emphasis on the twentieth century. This course examines how interaction between native peoples and the diverse peoples of the U.S. has over time created a complex society and raised such issues as the theft of natural resources, poverty, the use of Hollywood stereotypes, inferior health care and educational opportunities and the need to redefine traditional cultures within the mainstream America.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

HIST 115 Making American Society: Race, Ethnicity & Gender in Historical Perspectives

To Understand most clearly the issues surrounding diversity in the United States, one of the key goals of the General Education program at Eastern Michigan University, historians believe that students must understand the historical development of diversity: how the categories of race, ethnicity, gender, class and sexuality, among others, have been constructed and re-constructed over time. *History 115* will explore why, throughout four centuries of the development of the United States. Americans have struggled over how (or whether) to make the words of democracy into reality in a land of diversity. We will examine why too many men and women in each era were denied equality, and we will examine the slow but steady progress toward a "more perfect union" that gives voice, extends toleration and offers equal opportunity to all of its people regardless of color, race, creed, national origin, gender and sexuality.

Through historical perspective, students will understand the difficult questions that have confronted people of every generation and the accommodations made through law, institutions and changed social habits. By understanding past tragedies, success's, mistakes and wise choices, students will be better citizens of the present and guardians of the future. Therein is the primary goal.

HIST 123 - The United States to 1877 (Gen Ed Area IV)

A study of United States history through the Reconstruction following the Civil War.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

HIST 123 The US to 1877

This course provides an introduction to a variety of social science methodologies while emphasizing history's unique contribution to the social sciences, the notion that any period develops from the periods preceding it. In pursuit of that aim, you will gain the foundational content knowledge needed to understand and interpret the major trends, people, ideas and events that have shaped the United States before 1877. Second you will acquire and use the unique methods historians employ to critically select and evaluate evidence from the past, assess its significance and analyze the interpretive accounts that give this past meaning.

HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV)

A study of United States history from the end of Reconstruction to the present.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

HIST 124 The US 1877-Present

This course provides opportunities to acquire the procedures, practices, methodologies and fundamental assumptions of history in two ways. First, you will gain the foundational content knowledge needed to understand and interpret the major trends, people, ideas and events that have shaped the United States since 1877. Second you will acquire and use the unique methods historians employ to critically select and evaluate evidence from the past, assess its significance, and analyze the interpretive accounts that give this past meaning. In this iterative process, you will discover that the discipline of history places unique demands on those who aim to interpret and communicate a strange past- a past that is difficult to truly know and articulate. The application of historical thinking skills will help you discover much of the meaning, mystery, controversy and drama of history. This process of discovery requires that you question how historians view the relationship between evidence and historical accounts. you Will learn to create interpretive accounts of the past by framing useful historical problems, marshalling and evaluating relevant evidence, detecting authorial bias, contextualizing or "historicizing" the past, assessing significance both in primary sources and in narrative accounts, debating competing theories of causation, using counter historical examples to critique narratives and exploring how theories of hegemony and human agency influence our understanding of the past.

HIST 151 - Reason and Revolution (Gen Ed Area IV)

An examination of the transition in political history, philosophy, art, literature and music from Puritan England and Louis XIV's France to Napoleon. Team taught by members of the Art and History departments. This course satisfies one art or one history requirement. Note: see honors humanities courses.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

HIST 151 Reason and Revolution [effective Fall 2008]

This inter-disciplinary course in history and art history is intended to introduce students to the works of art, philosophy and literature associated with a major turning point in European and world history- the Enlightenment and the French Revolution. It will offer students the opportunity to study the ideas that found their first political expression in the American Constitution, from their beginnings in 17th century France and England through the turmoil of revolution and war. The course will encourage students to analyze and write about a variety of artistic, philosophical and literary works in a specific historical context, and to understand how political events influenced humanistic thought and how the humanities shaped political and social change.

HIST 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hrs

Prerequisite: department permission

HIST 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

HIST 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

HIST 201 - The Religions of South and East Asia

A comparative and historical survey of the native religious traditions of South and East Asia, showing the interaction of folk religion with the developing concepts and institutions of Hinduism, Buddhism, Confucianism, Daoism and Shinto.

Credit Hours: 3 hrs

Previously Listed As: HIST301

Last Updated: Links 04/2011

HIST 202 - Religions in Conflict and Dialogue: Judaism, Christianity, and Islam (Gen Ed Area III)

This is an historically-oriented analysis of the Semitic or Near Eastern monotheisms (Judaism, Christianity and Islam) from their common roots in the sacred stories of the patriarch Abraham to their often contentious and ecumenical relationships as global communities in the contemporary world.

Credit Hours: 3 hrs

Previously Listed As: HIST302

Last Updated: 03/2011; effective Spring 2011

HIST 204 - Introduction to the History of Judaism (NEW COURSE)

An introductory history of Judaism and the Jewish people. Surveys Judaism from archaic roots in ancient West Asia to the present, from religious ideas and practices of the Hebrew Bible (Old Testament) to the development of Jewish religious, social, and intellectual life in Christian, Islamic, medieval, and modern societies.

Credit Hours: 3 hrs

Course Revisions:

Course approved for General Education-Area IV: Knowledge of the Disciplines-Humanities, effective Winter 2013
Last Updated: New Course 06/2011, effective Fall 2011

HIST 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: one course in history or department permission

HIST 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: one course in history or department permission

HIST 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

HIST 290 - Introduction to the History of Technology

An introduction to western technology from medieval times to the present. Examines the process of technical change, the nature of technological systems, the diffusion of technological improvements and the role of technology in broader historical movements.

Credit Hours: 3 hrs

HIST 300W - Researching and Writing History (Gen Ed Area I, W)

An introduction to the historian's skills. Exercises include compiling a bibliography, writing book reviews and preparing a research paper.

Credit Hours: 3 hrs

Major Restrictions: Open only to students in the following programs: History; History for Secondary Teacher Certification; Social Studies; Social Studies for Secondary Teacher Certification; Social Science; Area Studies; SSET; SSGT; SSHT; SSPT; GHT; HGT

Notes: Required for the history major

Last Updated: Major Restrictions Added 11/2012, effective Winter 2013

HIST 303 - History of American Religion

A survey of religious institutions and ideas in relation to American culture from colonial times to the present.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

HIST 304 - Early Judaism

This course is a survey of the origin and historical development of Judaism in the Persian, Hellenistic, and Roman periods.

Credit Hours: 3 hrs

Prerequisite: HIST 100 or HIST 101 or HIST 109 or equivalent

Last Updated: Links 04/2011

HIST 305 - Native American History

An ethnohistory of America's indigenous peoples and nations from before contact to the present.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

HIST 306 - Hinduism

This course is a thematic and historical study of Hinduism and the related Indian religions of Jainism and Sikhism. The course traces the development of religion in South Asia from prehistory to the present and examines the diverse ideas, values and ways of life that make up Hinduism today.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

HIST 307 - Buddhism

This course is a thematic and historical study of the Buddhist tradition. It traces the development of Buddhism from its origins in ancient India to the present and examines the diverse ideas, values and ways of life that make up Buddhism today.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

HIST 308 - Integrated Elementary Social Studies Methods

Social studies is the integrated study of the social sciences and humanities to promote civic competence inherent in group life. This course explores the teaching of social studies in the elementary school. It is organized to cover a variety of teaching methods to acquire skills through lectures, discussions, activities, and presentations.

Credit Hours: 3 hrs

Prerequisite: CURR 304 and admission to the Initial Teacher Preparation Program

Class Restrictions: Junior standing or above

Major Restrictions: Elementary Education Majors only

Cross-Listed with: CURR 308

Last Updated: 03/2011; effective Spring 2011

HIST 309 - France to 1789

A study of the main currents in early modern times with special emphasis on the impact of the Protestant Revolt and the Renaissance on French society, the rise of absolutism and the political and intellectual background of the French Revolution.

Credit Hours: 3 hrs

HIST 310 - France since 1789

An examination of the major trends in French history since the start of the Revolution. Stresses cultural, social, economic, intellectual and political trends, and treats the ways in which France has been a seedbed for new movements in Europe.

Credit Hours: 3 hrs

Prerequisite: HIST 102 or department permission

Last Updated: Links 04/2011

HIST 311 - History and Geography of the Modern World (NEW COURSE)

This course provides an interdisciplinary study of global history and geography from 1500 to the present. It addresses key issues in global history and geography (such as the Colombian exchange, colonialism, global war) across several different world regions.

Credit Hours: 3 hrs

Prerequisite: HIST 110, GEOG 110

Cross-Listed with: GEOG 311

Course Revisions:

Course Revisions: This is a new course, effective Winter 2013.

Last Updated: New Course 10/2012, effective Winter 2013

HIST 313 - Michigan History

A survey of major economic, social and political developments in Michigan from prehistoric times to the present. Emphasizes the period prior to the 20th century.

Credit Hours: 3 hrs

Prerequisite: HIST 123 or HIST 124

Class Restrictions: Sophomore standing or higher

Last Updated: Prerequisite/ Restriction change 5/2012, effective WINTER 2013.

HIST 315 - History of Black Americans

A history of Americans of African ancestry from colonial times to the present. Emphasizes slavery, the post-Civil War South, northward migration and urban settlement, and philosophies of racial progress.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

HIST 316 - History and Geography of Modern Europe

An interdisciplinary and geographical-historical study of modern Europe with the geographical component emphasizing information of an urban, demographic, occupational and environmental nature, and with the history component stressing major political, social and cultural developments. A requirement for majors in language and international trade.

Credit Hours: 3 hrs

Prerequisite: GEOG 110 and either HIST 101, HIST 102 or HIST 103

Concurrent Prerequisite: GEOG 316

Last Updated: Links 04/2011

HIST 317 - History and Geography of Spanish America

An interdisciplinary geographical-historical study of Spanish America, emphasizing political, cultural and socioeconomic forces from the conquest to the present. Stresses similarities and differences within and between nations and the special relationships that exist between the nations and the United States. A requirement for majors in language and international trade.

Credit Hours: 3 hrs

Prerequisite: GEOG 110 and either HIST 101, HIST 102 or HIST 103

Concurrent Prerequisite: GEOG 317

Last Updated: Links 04/2011

HIST 319 - The Civil Rights Movement in the United States

Focusing on the 20th-century history of the African American struggle for equality, this course examines the rise of de jure racial segregation as a social system; the origins and early history of the Civil Rights movement; the movement's development from the 1920s through the 1950s and its historic victories over segregation in the 1950s and 1960s.

Credit Hours: 3 hrs

Prerequisite: HIST 124, HIST 315 or department permission

Last Updated: Links 04/2011

HIST 321 - Women and Gender in the Ancient World

An investigation of conditions of life for women in antiquity, focusing on the sex-gender system of Greek and Roman societies. Literary, inscriptional and other evidence will be studied to disclose the classical roots of western beliefs and attitudes about women.

Credit Hours: 3 hrs

Prerequisite: one course in history

Cross-Listed with: CLAS 321, WGST 321

Last Updated: Links 04/2011

HIST 323 - Greek History

Examines the Greeks' achievements from the Bronze Age to the Roman conquest, focusing on the period after 800 B.C.E. Emphasizes political, social and economic developments; also considers literary, intellectual and artistic accomplishments.

Credit Hours: 3 hrs

Prerequisite: one course in history

Last Updated: Links 04/2011

HIST 324 - Roman History

Examines the Romans' achievements from earliest times to the German conquest, focusing on the period 500 B.C.E.-C.E. 500. Emphasizes political, social and economic developments; also considers literary, intellectual and artistic accomplishments.

Credit Hours: 3 hrs

Prerequisite: one course in history

HIST 325 - History of Sexuality

A topical approach to the role that sex and sexuality has played in American history; topics include the family, gender, interracial relations, the birth control movement, origins of the gay community, politics of abortion, and sexually transmitted infections.

Credit Hours: 3 hrs

Cross-Listed with: WGST 325

Last Updated: Links 04/2011

HIST 326 - History and Geography of Modern Asia

An interdisciplinary geographical-historical study of modern Asia. The geography component emphasizes urban, demographic, occupational and environmental trends and developments; the history component stresses major political and social developments and international relations. A requirement for majors in the Japanese program in language and international trade.

Credit Hours: 3 hrs

Prerequisite: GEOG 110 and either HIST 103 or HIST 106

Last Updated: Links 04/2011

HIST 327 - Europe in Early Middle Ages 400-1050

Analyzes emergence of common European culture from fusion of Roman, Germanic and Christian elements. Includes examination of Merovingian and Carolingian culture, Anglo-Saxon Britain, Ottonian Germany, medieval Christianity and medieval women. Cultural institutions of Celts, Moslems and Vikings also explored.

Credit Hours: 3 hrs

HIST 328 - Europe in Late Middle Ages 1050-1400

Examines local feudalism and rise of French and English feudal monarchies. Special emphasis on crusades, medieval Christianity and heresy, women and Paris and Venice in late middle ages. Culture explored through extensive use of contemporary literature and art.

Credit Hours: 3 hrs

HIST 329 - Power, Place and Image in Florence and Rome

Students will travel to Florence and Rome where they will investigate the dynamics of political, social, and religious power, and the relationships between men and women that characterized life in these cities in the late Middle Ages and Renaissance eras. We will explore how political, social, and religious power and cultural values were expressed in monuments, palaces, city walls, churches, and works of art.

Credit Hours: 3 hrs

HIST 330 - Europe in the Renaissance and Reformation

A survey of the political, cultural, religious and economic history of Europe from the Italian Renaissance to the Peace of Westphalia.

Credit Hours: 3 hrs

HIST 332 - Modern Europe 1815-1919

A study of the development and conflicts of the national states of Europe from the Congress of Vienna to the Treaty of Versailles.

Credit Hours: 3 hrs

HIST 333 - Europe since 1919

A history of Europe since Versailles with emphasis upon the Communist, Fascist and Nazi revolutions and their impact on the world, the origins and outbreak of the Second World War, and the post-1945 era.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 335 - History of Women in Europe

A study of the history of women and views of women in western society from the 18th century to the present. Emphasizes the struggles, setbacks and achievements of the women's movements in the context of modern European history.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

Cross-Listed with: WGST 335

Last Updated: Links 04/2011

HIST 336 - History of Women in the United States and Great Britain, 1800 to the Present

A comparative study of the history of women in the United States and Great Britain. Examines the ideology of the nature and role of women, the history of women's lives, the impact of industrialization and the feminist movements of the 19th and 20th centuries.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

Cross-Listed with: WGST 335

Last Updated: Links 04/2011

HIST 338 - German History Since 1815

Considers unification and Empire, World War I, the Weimar Republic, the rise of National Socialism, World War II and postwar Germany.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 339 - Arab-Israeli Conflict

Course covers a major, ongoing issue in 19th- and 20th-century history, namely the conflicts between Arabs and Israelis in the Middle East.

Credit Hours: 3 hrs

Prerequisite: one course in history or one course in political science or department permission

HIST 341 - The Middle East, 1798 to the Present

A survey of the political, economic and social history of the Middle East, including Turkey and Iran, with emphasis on the growth of independence movements within the area.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 342 - North Africa, 1798 to the Present

A survey of the political, economic and social history of North Africa, Egypt and the Sudan, emphasizing the internal movements for independence from colonial powers.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 343 - Russia to 1855

A survey of political, economic and cultural trends in the history of Russia from Rurik to the death of Tsar Nicholas I, with special emphasis on the growth of tsarist absolutism.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 344 - Russia since 1855

A survey of the political, economic and diplomatic history of imperial Russia and the Soviet Union from the great reforms of the 1860s to the present.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 347 - Sub-Saharan Africa to 1885

The historical evolution of sub-Saharan African civilizations including their origins, interrelations and responses to European colonialism.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 348 - 20th-Century Africa

A detailed examination of black Africa's response to the historical experience of European colonialism, along with the evolution of those responses, forms and patterns applicable not only to Africa, but also to the entire non-Western world.

Credit Hours: 3 hrs

HIST 349 - South Africa, 1500-Present

Examines the evolution of a multi-racial society: the Khoisan foragers, Bantu agro-pastoralists, European colonists, mixed blood "coloreds" and Asian indentured immigrants. Explores capitalists development and race relations arising from the mineral revolution of the late 19th century. The emergence and operations of the policies of segregation and apartheid are covered completely.

Credit Hours: 3 hrs

Class Restrictions: Junior standing

HIST 350 - History of Canada

A survey of the development of Canada from prehistoric times to the present with an emphasis on social and economic topics.

Credit Hours: 3 hrs

HIST 352 - East Asia to 1800

A study of the history of China, Korea and Japan from ancient times to the beginning of the 19th century, stressing political, cultural and social developments and the dominant role of China.

Credit Hours: 3 hrs

Prerequisite: One history course

Previously Listed As: HIST 441

Last Updated: 7/7/2011

HIST 355 - Latin America: Colonial Period

Surveys the history of Spanish America and Portuguese America from the conquest to the independence era, stressing political, social and economic aspects.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 356 - Latin America: National Period

Surveys the history of Latin America from the independence era to the present, stressing political, social, intellectual and economic topics.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 360 - Civil War: Combat, Culture, and Place

A course that takes students to important Civil War sites as part of a wider exploration of the events related to the cause, conduct, and consequence of the American Civil War. This travel course emphasizes the experience of the common soldier and civilian during the Civil War, and provides the student the opportunity to conduct primary research at a major document repository.

Credit Hours: 3 hrs

Prerequisite: HIST 123 or HIST 124

Last Updated: Links 04/2011

HIST 362 - United States Urban History

The development of United States cities from the commercial town of colonial times to the industrial metropolis of today. Emphasizes urban economic activities, boss and reform politics, immigrant and racial minorities, and city and suburban expansion.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 364 - United States Military History

A study of the origins and developments of military institutions, traditions, and practices in the United States from the colonial period to the present, with attention given to the interrelationship between military history and political, social and economic conditions in the United States and the world. A requirement for cadets in ROTC programs.

Credit Hours: 3 hrs

Prerequisite: one course in history

HIST 365 - The Old South

The South from the colonial foundations to the formation of the Confederacy in 1861.

Credit Hours: 3 hrs

Prerequisite: HIST 123 or department permission

Last Updated: Links 04/2011

HIST 370 - History of American Sport

A study of American sports, recreation and leisure from the colonial period to the present day. The course discusses the role that sports has played in the development of American culture that participates in these activities. The course also examines the role of sport in defining social identities, gender roles, class distinctions, regional variations and statements of individual and collective achievement.

Credit Hours: 3 hrs

Prerequisite: HIST 123 or HIST 124

Last Updated: Links 04/2011

HIST 375 - Modern India

The development and maturing of British rule in India against the background of Indian culture. Examines the rise and development of Indian nationalism, the struggle for independence and the problems faced by India since 1947.

Credit Hours: 3 hrs

Prerequisite: one course in history

HIST 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: one course in history or department permission

HIST 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: one course in history or department permission

HIST 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

HIST 380 - American Colonies

A survey of American history from contact to the Seven Years' War; special attention will be paid to European exploration and settlement, relations between Native Americans and the colonists, gender, the origins of African American Slavery, and the maturation of American Society.

Credit Hours: 3 hrs

Prerequisite: HIST 123 or department permission

Last Updated: Links 04/2011

HIST 383 - The Age of Jackson

A study of the United States from the end of the War of 1812 through the Mexican War, with the major emphasis on the transportation revolution, sectionalism, the second American party system, "Manifest Destiny" and the social movements of the era.

Credit Hours: 3 hrs

Prerequisite: HIST 123

Last Updated: Links 04/2011

HIST 385 - Civil War and Reconstruction

A study of the United States from the Mexican War through the era of Reconstruction. Examines the sectional tensions leading to the Civil War; the political, social, military and economic aspects of the war; the problems of reconstruction and the rise of the solid South.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

HIST 387 - Cooperative Education in History

Four to six months of full-time employment in a business or industry chosen to provide practical experience in the student's major field. The program consists of one or two such work experiences alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: Admittance to program by application only; department permission

Class Restrictions: Junior standing

Major Restrictions: History and Social Studies Majors only

HIST 411 - England to 1689

The general history of England to the Revolution of 1688, with emphasis on its cultural and constitutional contributions to the modern world.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 412 - England 1689 to Present

England in the period of imperial expansion, its industrial and social revolutions and its transition into a modern socially minded nation.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Notes: A continuation of HIST411

Last Updated: Graduate Credit 07/2011

HIST 414 - The Automobile Industry and Modern America

An examination of the European and American origins of the automobile industry, the emergence of Michigan's dominant position in the industry, and the social, economic and general cultural influence that the automobile and the industry have exerted on 20th-century America.

Credit Hours: 3 hrs

HIST 415 - Sexual Communities in American History

This class addresses the history of sexuality and the development of communities based on sexual identity in the United States. Topics include the origins of scientific theories of sexuality, the development of social movements around sexual issues and social responses to sexual minorities.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Approved for Graduate Credit 04/2012, effective Fall 2012; Links 04/2011

HIST 416 - American Environmental History

The history of the United States has in dramatic ways been a history of its inhabitants' relationships with the natural world. This course will examine how Americans, from the pre-Columbian period to the present, have perceived the natural world and acted on it and how that natural world has acted on them.

Credit Hours: 3 hrs

Prerequisite: (HIST 123 or HIST 124) or (BIO 107 or ESSC 107)

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 10/2011, effective Winter 2012; 03/2011, effective Spring 2011

HIST 424 - The United States from 1917 to 1941

A study of United States history from World War I through U.S. entry into World War II. The course covers foreign affairs, national government and politics, economic developments and social trends. World War I, modernization and cultural conflict of the 1920s and the Great Depression, and New Deal of the 1930s receive special attention.

Credit Hours: 3 hrs

Prerequisite: HIST 124 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

HIST 425 - The United States from 1941 to 1963

A study of United States history from entry into World War II to the death of President John F. Kennedy. The course covers national government and politics, foreign policy and social history of the American people. World War II diplomacy and home front; Cold War; Truman, Eisenhower and Kennedy administrations; Red Scare; civil rights; suburbanization; mass culture; and other postwar social and cultural trends receive special attention.

Credit Hours: 3 hrs

Prerequisite: HIST 124 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

HIST 426 - The United States from 1963 to the Present

A study of United States history from the presidency of Lyndon B. Johnson to the present. The course covers national government and politics, foreign policy and social history of the American people. The Great Society; Vietnam War; protest movements of the 1960s; Nixon administration and Watergate; economic, social and cultural trends of the 1970s and 1980s; the conservative resurgence; and the Reagan Revolution and its aftermath are among topics that receive special attention.

Credit Hours: 3 hrs

Prerequisite: HIST 124 or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

HIST 427 - Europe from Absolutism to Revolution, 1648-1815

A political, social and cultural study of Europe from the Peace of Westphalia through the Napoleonic Era. Emphasizes the development of absolutism in France, constitutionalism in England, the Enlightenment and the French Revolution.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 435 - Italy since 1815

The political, social and economic development of Italy from the Congress of Vienna to the present. Emphasizes the unification movement, domestic and foreign problems of the 19th and 20th centuries, World War I and its effects, Mussolini and Fascism, World War II and the new liberal republic.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 442 - Modern China

China from 1800 to the present: traditional Confucian China in crisis, impact of the West, reform and revolution. Republican China, the Communist revolution, China since 1949.

Credit Hours: 3 hrs

Prerequisite: one history course

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 443 - Modern Japan

Japan from 1800 to the present: collapse of the shogunate, 19th-century reforms, rise of the empire to great power status, defeat in World War II, postwar changes. Political, economic and cultural developments are considered.

Credit Hours: 3 hrs

Prerequisite: one course in history

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 444 - China and its Nomadic Neighbors

This course traces the evolution of relations between the Chinese empire and the peoples of northern and central Asia between 100 BCE-1700 CE. It will include the economics and geographical factors that influenced the interactions between sedentary Chinese and nomadic peoples.

Credit Hours: 3 hrs

Prerequisite: one course in history

Class Restrictions: Junior standing

HIST 450 - European Military History, 1815-1945

This course will examine the European art of war from Napoleon to the end of World War II. Topics include the Boer War, Russo-Japanese War, World War I, Spanish Civil War and World War II. A key question will be the role played by new "hardware," such as rifles, machine guns and the tank.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 451 - History of the First World War 1914-1918

This course will offer a detailed look at the origins, course, and results of the so-called "Great War" from 1914-1918, a conflict better known today as the First World War. Special attention will be paid to the military campaigns of the war, with particular emphases on the role of the new industrial technology upon military tactics and operations.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 452 - Military History: Blitzkrieg to Desert Storm, 1940-2003

A study of warfare from the stunning German victory in the West in 1940 to the current U.S. War in Iraq. Topics include operational analysis of all the major armies that fought World War II; the Arab-Israeli Wars; the potentialities for a U.S. Soviet conflict in the decades after World War II; the problems encountered by the U.S. military in Vietnam; the post-Vietnam renaissance in U.S. military doctrine that culminated in Operation Desert Storm; and the U.S. reaction to 9/11 that resulted in Operation Iraqi Freedom.

Credit Hours: 3 hrs

HIST 456 - Europe since 1945

Study of the political, economic, social and diplomatic history of Europe since the end of World War II, with emphasis on the Cold War, economic recovery and decline, the European integration movement, solidarity and dissension within the communist bloc, stability and unrest within the democracies, and the impact of U.S.-Soviet detente.

Credit Hours: 3 hrs

Prerequisite: one course in history or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 457 - History of Mexico

An introduction to Mexican history from the Amerindian period through the recent past. Examines political, social, economic and cultural developments in the area comprising the present day nation as well as those areas in North America once included in Mexico.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

HIST 461 - Foreign Relations of the United States

A survey of the foreign relations of the United States emphasizing the diplomacy of the period after the Civil War.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

Philosophy

PHIL 100 - Introduction to Philosophy (Gen Ed Area IV)

An introduction to philosophy by the study of important philosophical thinkers, problems and methodologies.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 100 Introduction to Philosophy

For at least the preceding 2500 years, philosophical reflection has extended to all aspects of life, from politics, art and morality, to the very nature of knowledge and of existence itself. This course introduces students to the methods and strains of philosophical thinking that underlie the full range of human experience. Through the analysis of original philosophical texts, as well as the rich tradition of commentary on those texts, students in this course explore such fundamental questions as "What is the nature of truth?", "What is the ultimate nature of existence, e.g., is everything physical?", "How may a society best achieve justice?", and "What should be the role of art in our lives?". Introduction to Philosophy is also a skills course in that the serious investigation of issues such as those just listed enhances the analytic and critical skills required to address the intellectual and other challenges that inevitably complicate, and enrich, the lives of thoughtful human beings.

PHIL 110 - Philosophies of Life (Gen Ed Area IV)

An introduction to differing accounts of what constitutes a meaningful life and how an individual can attain it. Representative topics include the notions of pleasure, love, empathy and power as discussed by such writers as Plato, Epicurus, Nietzsche, Lao Tse and Buddha.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 110 Philosophies of Life

The traditions and methodology of philosophy can be introduced by the study of any of a number of specific fields within philosophy. This course, by probing the meaning of life, introduces students to the major methods and areas of philosophical thinking. This course permits students to study philosophical texts from around the world as well as the rich tradition of commentary on these texts. As an introduction to the discipline of philosophy, this course provides students with the opportunity to learn what the discipline of philosophy provides to one's overall intellectual development. More generally, its method is critical and analytical reasoning- habits of mind that everyone needs - and it addresses some of the most fundamental concepts in human thought- the nature of human reality, the meaning of life, and the life well-lived. Both the skills and concepts addressed in this course help students in their educations, careers and personal lives.

PHIL 120 - Introduction to Critical Reasoning (Gen Ed Area IV)

An introduction to the techniques of identifying and evaluating arguments. The emphasis will be on the enhancement of reasoning skills through the study of arguments in their natural setting in newspapers, political speeches, advertising, etc. The course also may include such related topics as fallacies, inductive reasoning and the logic of explanation in the social sciences.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 120 Introduction to Critical Reasoning

Critical reasoning is the methodology of philosophy, and philosophy is one of the central disciplines of the humanities. Critical reasoning is useful to everyone. It is the primary method used to analyze and evaluate the information we encounter daily. In this course, students learn to analyze written text from a variety of sources, to distinguish rhetoric from reason, and to distinguish good reasoning from bad. They are given opportunities to critique persuasive text from the history of philosophy to the rhetoric of talk television and to create arguments that stand up to vigorous critique. PHIL 120 *Introduction to Critical Reasoning* introduces students to philosophy by way of critical reasoning.

PHIL 130 - Introduction to Logic

An introduction to the analysis of arguments using the theory and techniques of formal logic. The theory underlies most formal systems, including computer applications. Students learn such concepts as deduction and induction and how to prove that arguments are valid or invalid.

Credit Hours: 3 hrs

PHIL 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

PHIL 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

PHIL 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

PHIL 181 - Logic and Model Theory (Gen Ed Area III)

This course is designed to teach students the methods and principles of mathematical and philosophical logic, both deductive and inductive. Students will learn model theory, natural deduction, formal methods of proof and the methods and principles of inductive logic and probability.

Credit Hours: 3 hrs

Last Updated: Gen Ed 11/2011

PHIL 212 - Philosophy of Art (Gen Ed Area IV)

Can "art" be defined? Do artists owe a responsibility to society? Should works of art be primarily analyzed as "significant form" or as an expression of the artist's personality? Can we isolate a uniquely "aesthetic" attitude? Through considering such questions, the course introduces the student to philosophical reasoning and analysis.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 212 Philosophy of Art

In this course, students are introduced to a number of "theories of art" deriving from the Western Philosophical tradition, beginning with Plato's "Imitation Theory." Questions such as, "What makes something a work of art?", "What are the proper standards for judging works of art?", and, "What is the relation of art to the rest of society?," are explored. Through the study of competing answers to these and related questions, students learn about and learn to apply, the reflective and critical methodologies of Western Philosophy, e.g., conceptual analysis, criteria for the evaluation of explanatory theories and an array of critical thinking skills.

PHIL 215 - Philosophy of Religion (Gen Ed Area IV)

A philosophical study of the nature, goals and proper function of religion. Some possible topics are traditional arguments for the existence of God, grounds for disbelief in God, immortality, religious experience, the nature of religious language, the relation of science to religion, the role of faith and revelation, the connection between religion and ethics.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 215 Philosophy of Religion

Philosophy of Religion is an introduction to philosophy through the study of various aspects of religious belief, many of which have a direct bearing on the lives we choose to live. PHIL 215 *Philosophy of Religion* fulfills the humanities requirement of the *Knowledge of the Disciplines* category of the General Education Program because it is an introduction to the discipline of philosophy which enables students to discover what and how the content and methods of philosophical inquiry contribute to ones overall intellectual development. Generally, philosophic method develops ones critical reasoning abilities- skills transferable to many areas of ones life= and the philosophy of religion, in particular, applies these skills to some of the fundamental concepts involved in religious belief: whether God exists, and what difference our answer to this question plays in decisions we make regarding how we live our life.

PHIL 220 - Ethics (Gen Ed Area IV)

An introduction to the basic ethical theories and ethical problems in the Western philosophical tradition. Such problems may include: the nature of value, the justification of ethical decisions, the idea of obligation and the concept of human rights. Applications of ethical theory to specific ethical issues may concern both personal relationships and important contemporary issues.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 220 Ethics

PHIL 220 *Ethics* is an introduction to philosophy through the study of ethics, the area of philosophy that examines morality- right and wrong, good and evil, and the good life. This course introduces basic ethical theories from the Western philosophical tradition, comparing and contrasting their positions on contemporary moral issues. PHIL 220 *Ethics* fulfills the Humanities requirement of the Knowledge of the Disciplines category of the General Education Program because it is an introduction to the discipline of philosophy provides to ones overall intellectual development. more generally, its method is critical reasoning - a habit of mind that everyone needs- and it addresses some of the most fundamental concepts in human thought- the right and the good. Both the skills and concepts addressed in this course help students in their educations, careers and personal lives.

PHIL 221 - Business Ethics (Gen Ed Area IV)

A consideration of ethical questions regarding business practices in a global environment. Students will be introduced to ethical theory and critical reasoning. They will use these tools to critically examine the market system itself, as well as practices of multinational business. Students will explore the ethical responsibilities of corporations with regard to employees, consumers and other stakeholders.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 221 Business Ethics

PHIL 221 introduces students to the practices, methodologies and fundamental assumptions of philosophy through the study of global business ethics. Ethics is the area of philosophy that examines morality, and business ethics applies ethical theory to specific problems involving businesses. Students will formulate questions about the role of business in the world and its ethical responsibilities to employees, consumers and other stakeholders. PHIL 221 is a general education course because it is an introduction to philosophy through the study of global business ethics. It gives students the opportunity to learn what the study of philosophy provides to one's intellectual development. The methodology of the course is critical reasoning- a habit of mind that everyone needs- and the course addresses some of the most fundamental concepts in human thought- the right and the good. Both the skills and concepts addressed in this course help students in their educations, careers and personal lives.

PHIL 223 - Medical Ethics (Gen Ed Area IV)

An examination of the relationships between contemporary values in the medical profession and traditional ethical values. Students will investigate various ethical theories and critically examine controversial issues in medicine.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 223 Medical Ethics

PHIL 223 introduces student to the practices, methodologies and fundamental assumptions of philosophy through the study of medical ethics. Ethics is the area of philosophy that examines morality and medical ethics applies ethical theory to specific ethical problems within the practice of medicine. PHIL 223 is a general education course because it is an introduction to philosophy through the study of medical ethics. It gives students the opportunity to learn what the study of philosophy provides to one's intellectual development. The methodology of the course is critical reasoning - a habit of mind that everyone needs- and the course addresses some of the most fundamental concepts in human thought- the right and the good. Both the skills and concepts addressed in this course help students in their educations, careers and personal lives.

PHIL 224 - Ethics and Food (Gen Ed Area IV)

This course is an introduction to ethical issues involving food, its production and its distribution. After studying several ethical theories, students will apply those theories to food related ethical issues. Students will examine the industrialization of food production, the organic movement, the push for locally grown food, and the issue of global food distribution.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 224 Ethics and Food

PHIL 224 Ethics and Food introduces students to the practices, methodologies and fundamental assumptions of philosophy through the study of ethics and the application of ethics to our food choices. Whether we know it or not, every food choice we

make has ethical implications. Ethics is the are of philosophy that examines morality, and *Ethics and Food* applies ethical theory to specific ethical problems surrounding food. PHIL 224 *Ethics and Food* is an introduction to philosophy through the study of ethics. It gives student to opportunity to learn what the study of philosophy provides to ones intellectual development. The methodology of the course is critical reasoning - a habit of mind that everyone needs - and the course addresses some of the most fundamental concepts in human thought- the right and the good. Both the skills and concepts addressed in this course help students in their educations, careers and personal lives.

Last Updated: Updated Gen Ed 03/2012

PHIL 225 - Political Philosophy (Gen Ed Area IV)

Examines the philosophical bases of political ideology and theory through analysis of a variety of political theories, their component parts, and their basic assumptions. Examples may be taken from the works of such writers as Plato, Aristotle, Hobbes, Locke, Rousseau, Mussolini, Marx and Thoreau.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 225 Political Philosophy

Political philosophy is an area within the discipline of philosophy that examines concepts such as: the nature and extent of legitimate political authority, how to define political subjects and activities, theories of human nature, freedom, justice, equality, citizenship, power and the relationship between morality and the law. This course is a general education course in the Knowledge of the Disciplines, Humanities category, because it provides an introduction to the discipline of philosophy, its methodology and its contribution to the body of human knowledge. Students will acquire skills of critical reasoning and develop skills for evaluating and creating substantive arguments to support philosophical postilions. Developing such skills is central to the process of higher-education. Moreover, such skills will serves students throughout their educations across all disciplines, in their careers or in pursuing graduate or professional degrees, and in exercising their civic duties.

PHIL 226 - Feminist Theory (Gen Ed Area III, IV)

A consideration of philosophical issues concerning the nature and status of women. Readings from both traditional and contemporary sources. Topics may include scientific and religious views, the ideal society and women's place in it, varieties of feminism, views on sexuality, family and reproduction, and work and the economy.

Credit Hours: 3 hrs

Cross-Listed with: WGST 226

Area III: Perspectives on a Diverse World

PHIL 226 Feminist Theory [was PHIL/WMST226]

Gender is one of the principal characteristics determining identity and life experience for human beings. This course takes a philosophical approach to gender, examining beliefs about women and men from a wide variety of cultural and political perspectives. We consider both traditional justifications of the differential treatment of women and men in such institutions as marriage and family, as well as theories that challenge these traditional views. *PHIL226 Feminist Theory* fulfills the Global Awareness requirement of the General Education Program because it considers a wide range of practices and beliefs about gender from across the globe, with an emphasis on the intellectual and ethical complexities of understanding and judging gendered practices in cultures other than our own. Gender is one of the principal characteristics determining identity and life experience for human beings. This course takes a philosophical approach to gender, examining beliefs about women and men from a wide variety of cultural and political perspectives. We consider both traditional justifications of the differential treatment of women and men in such institutions as marriage and family, as well as theories that challenge these traditional views. This course is a general education course in the knowledge of the disciplines because it provides an introduction to the discipline of philosophy

through the concept of gender, its methodology and its contribution to the body of human knowledge. Students will acquire skills or critical reasoning and develop skills for evaluating and creating substantive arguments to support philosophical positions. Developing such skills is central to the process of higher-education. Moreover, such skills will serve students throughout their educations across all disciplines, in their careers or in pursuing graduate or professional degrees and in exercising their civic duties.

More generally, its

method is critical reasoning- a habit of mind that everyone needs- and it addresses some of the most fundamental concepts in human thought- the right and the good. Both the skills and concepts addressed in this course help students in their educations, careers and personal lives.

PHIL 229 - Environmental Ethics (Gen Ed Area IV)

A course addressing ethical and other philosophical issues concerning the environment. The course introduces philosophical perspectives on the environment from a variety of traditions and perspectives, and applies these perspectives to such issues as climate change, animals rights, preservation, pollution, sustainability, population, energy and future generations.

Credit Hours: 3 hrs

Last Updated: Gen Ed Approval 11/2011, effective Fall 2011; New Course 03/2011, effective Spring 2011

PHIL 260 - Existentialism (Gen Ed Area IV)

An examination of contemporary existentialist thought about the nature of reality and human existence as reflected in the works of such philosophers as Marcel, Heidegger, Sartre and Camus and the sources of existentialism as found in the works of Kierkegaard and Nietzsche.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PHIL 260 Existentialism

This course is an introduction to philosophy by the study of Existentialism. Existentialism explores major topics in the field of philosophy: the nature of humanity, the possibilities of human freedom, the meaning of life and the nature of reality. Existentialism is a story of significant philosophical rebellions, united by common themes throughout the nineteenth and twentieth centuries. In the quest to redefine human nature and human freedom, existential texts challenge the authority of Judeo-Christian religion, traditional views of the laws of nature, conventional and philosophical notions of truth and the notion of objective morality. Students study the social context of these philosophical rebellions and discover the ways that existentialism continues to transform society by its persistent challenge to ideological authority and to mass social movements. The traditional method of philosophy, critical and analytical reasoning is taught in this course. Students develop habits of mind and writing skills that enable them to develop and critique philosophical arguments.

PHIL 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

PHIL 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

PHIL 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Last Updated: Removed Gen Ed 03/2012

PHIL 281 - Symbolic Logic

An introduction to the notation and proof procedures of symbolic logic with emphasis upon the clarification and development of the notion of a formal language.

Credit Hours: 3 hrs

PHIL 291 - Introduction to Asian Philosophy (Gen Ed Area III)

This course is an overview of the rich philosophical traditions of South and East Asia. The course will introduce a number of major philosophers, texts, and movements across Hindu, Buddhist and Chinese/Japanese Traditions.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

PHIL291 Introduction to Asian Philosophy

Rationale for inclusion in Global Awareness: Global awareness courses are designed to expose students to issues influencing diverse cultures around the world. In this course, we will go beneath specific issues to address the very foundations of cultures. Specific issues within a culture arise within a specific cultural milieu and this milieu stands on philosophical foundations that distinguish it from other cultures. We will isolate the philosophical presuppositions of a variety of Asian cultures, focusing on their assumptions about the make-up of the world, how human beings fit into this make-up, how knowledge is formed within this framework, what the optimal goals of the human being are, and how, based on these presuppositions, human beings should best act in the world in order to achieve their goals. It will be important to discern how these philosophical foundations can play a role when covering specific contemporary issues and the roles they play when two cultures with contrasting philosophical foundations meet. Introduction to Asian Philosophy provides students with the opportunity to study the foundational cultures of several Asian societies. These cultures are based on philosophical assumptions that differ radically and in important ways form the common assumptions that people from other cultural traditions bring to living in the world. By understanding these philosophies, students will achieve both a foundational knowledge of the cultures and a sensitivity to diverse points of view. We will directly engage the texts of these traditions, which are broadly: Hinduism, Buddhism, Confucianism and Daoism.

PHIL 310W - Aesthetics (Gen Ed Area I, W)

A study of philosophical issues relating to works of art and other aesthetic objects. Possible topics include the nature of aesthetic attitude, evaluation, aesthetic meaning and truth, expression in art, the nature of a work of art and basic value of art, the kinds of concepts used to talk about the arts.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130

Last Updated: Links 04/2011

PHIL 325W - Theory of Knowledge (Gen Ed Area I, W)

An investigation of the nature, scope and limits of knowledge. Some possible topics are the connection between belief and knowledge, knowledge of other people's minds, the reliability of memory, the possibility of certainty in knowledge, theories of truth.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130; recommended: PHIL 330W or PHIL 331W

Last Updated: Links 04/2011

PHIL 326 - Philosophy & Sexuality

This course applies philosophical methods to ethical, political, and conceptual questions related to sexual preference and identity, including: What is the ethical status of homosexuality? Should same sex marriage be legal? What groups does/should "LGBT"(etc)"seek to identify? Who is "queer"? What is the relation between feminism and the liberation of sexual minorities?

Credit Hours: 3 hrs

Prerequisite: One PHIL course excluding PHIL 120 and PHIL 130

Cross-Listed with: WGST 326

Course Revisions:

Course approved for General Education - Writing Intensive, effective Winter 2013

Last Updated: New Course, 11/2012, effective Winter 2013

PHIL 330W - History of Philosophy: Ancient (Gen Ed Area I, W)

A study of important philosophical developments in western thought from the pre-Socratics through Aristotle. Covers the pre-Socratics, Socrates, Plato and Aristotle.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130

Last Updated: Links 04/2011

PHIL 331W - History of Philosophy: Modern (Gen Ed Area I, W)

A study of important philosophical developments in Europe from the Renaissance to the early 19th century. Covers such figures as Descartes, Spinoza, Leibnitz, Hobbes, Locke, Berkeley, Hume and Kant.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130

Last Updated: Links 04/2011

PHIL 332W - History of Philosophy: 19th Century (Gen Ed Area I, W)

An introduction to the major philosophical themes of the 19th century that dominate 20th century European thought. These themes include the collapse of German Idealism and Romanticism, the death of God, the nature of historical process, evolutionary theory and the implications of these themes for the concept of human freedom.

Credit Hours: 3 hrs

Prerequisite: one course in philosophy other than PHIL 120 or PHIL 130; recommended: PHIL 330W or PHIL 331W

Last Updated: Links 04/2011

PHIL 355W - Philosophy of Law (Gen Ed Area I, W)

A consideration of philosophical questions about the law such as: What sorts of behavior should be illegal? What is punishment supposed to accomplish? When are we justified in punishing a person? How do judges arrive at decisions? Are there really legal principles that cover all the hard cases judges must deal with or do they use their own personal moral values? What is a legal system and how does it differ from a moral code?

Credit Hours: 3 hrs

Last Updated: Links 04/2011

PHIL 370W - Philosophy and Narrative (Gen Ed Area I, W)

This course will focus on philosophical issues relevant to one or more of the following topic areas: philosophical issues in literature and film, theories of drama and performance, the politics of narrative, and recent hermeneutical theory.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130; recommended: PHIL 260, PHIL 332W or PHIL 390W

Last Updated: Links 04/2011

PHIL 375W - Metaphysics (Gen Ed Area I, W)

A study of questions concerning basic structure and ultimate nature of reality. Possible topics include universals and particulars, space and time, determinism and freedom, the self, materialism, idealism, substance and process.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130

Last Updated: Links 04/2011

PHIL 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

PHIL 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PHIL 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PHIL 390W - Phenomenology (Gen Ed Area I, W)

The course attempts to trace the history and development of the phenomenological movement from its origins in the notion of the intentionality of consciousness, beginning with the work of Edmund Husserl and continuing with the later "existential" developments in the field by such thinkers as Heidegger, Sartre and Merleau-Ponty. The course also will study the impact of phenomenology on such varied fields as psychology, sociology and literature.

Credit Hours: 3 hrs

Prerequisite: One course in philosophy other than PHIL 120 or PHIL 130; recommended: PHIL 331W or PHIL 260

Last Updated: Links 04/2011

PHIL 391W - Early Chinese Philosophy (Gen Ed Area I, W)

This course is an in-depth study of the major Chinese philosophical texts, which were seminal with regard to the subsequent 2000 years of Chinese thought and culture and which are still relevant to contemporary philosophical concerns. Possible texts include: Sunzi's Art of War, the Yijing, Confucius' Analects, Laozi Daodejing, Zhuangzi, Mencius and Xunzi.

Credit Hours: 3 hrs

Previously Listed As: Philosophy of Early China

Rationale: Students will complete frequent, short writing assignments tied to daily reading assignments, and two of those short writing assignments will be expanded into longer term papers. In the writing assignments, students will pose and answer questions regarding the content of the readings. Students will have the opportunity to also present these questions and answers orally in class and will choose from among these issues for development into standard analytic expository essays, which will also be presented in summary form orally in class.

Historically, there are many kinds of philosophical writing, from analytical essays, to aphorisms, to dialogues, but only one kind is generally accepted in academic circles today: defending a thesis. There are many kinds of these, such as interpreting a concept, refuting an argument in print elsewhere, offering a new perspective on a controversy or concept, and problematizing a generally accepted viewpoint or presupposition. In this class, students will work on the process of developing and defending a thesis.

Last Updated: 2/11/11; effective Fall 2011

PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W)

An examination of gender and its relationship to other issues from a philosophical perspective. Possible topics include rationality, sexuality, aesthetics, ethics and political theory.

Credit Hours: 3 hrs

Prerequisite: Two courses in philosophy other than PHIL 120 or PHIL 130

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.
Cross-Listed with: WGST 426W

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHIL 429W - Topics in Environmental Philosophy

An advanced course that explores the philosophical aspects of topics related to nature, the environment, and/or animal life. Possible topics include: justice and the environment, ethical aspects of climate change, sustainability, conceptions of nature, the human place in nature, the philosophy of ecological restoration, and/or animals.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

PHIL 429W Topics in Environmental Philosophy

This course is a writing intensive course in the philosophy program. Students will compose at least two essay exams and write a substantial philosophical paper. The essay exams will be devoted to understanding and critiquing arguments put forward by the authors studied in class. The substantial paper is a reasoned defense of a thesis. To fulfill the requirements of the paper, students will choose an issue with clear philosophical significance relating to the content of the course, formulate a thesis with respect to the issue, and defend that thesis.

A writing intensive course in philosophy offers students a unique opportunity to hone their analytical skills and to refine their capacity for self-expression through writing. The capstone term paper for this course provides a context for students to penetrate beyond superficial analyses of philosophical problems and to sort out their own view on some interesting, and often difficult, questions and problems. Although it takes many years to achieve deep understanding of philosophical questions and problems, this course is intended to provide a supportive context for students to make meaningful progress toward that goal.

Last Updated: Gen Ed Approval 08/2012, effective Winter 2013; New Course and Graduate Credit 03/2012

PHIL 442W - Philosophy of Mind (Gen Ed Area I, W)

A philosophical study of the nature of mind. Examines the logical relations among mental concepts such as consciousness, choice, intention, emotion, feeling, the unconscious; also treats human action, and the possibility and meaning of an adequate explanation of psychological phenomena.

Credit Hours: 3 hrs

Prerequisite: Two courses in philosophy other than PHIL 120 or PHIL 130

Last Updated: Links 04/2011

PHIL 460W - Philosophy of Language (Gen Ed Area I, W)

An examination of the philosophically important aspects of language. Possible topics include theories of meaning, analysis of referring and predication, the relation between language and reality, analysis of vagueness and metaphor, the role of language in philosophical method, the relation between language and necessary truth.

Credit Hours: 3 hrs

Prerequisite: Two courses in philosophy

Last Updated: Links 04/2011

PHIL 470W - Twentieth Century European Philosophy (Gen Ed Area I, W)

An exploration of recent developments in European thought. Possible topics include post-structuralist evaluations of Western institutions and ideas, post-Marxist critical theory, the hermeneutic effort to establish interpretation as the basis of philosophical understanding, and the effect of deconstructive thought on philosophy and literature.

Credit Hours: 3 hrs

Prerequisite: two courses in philosophy other than PHIL 120 or PHIL 130; recommended: PHIL 332W, PHIL 260 or PHIL 390W

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHIL 471W - Early Analytic Philosophy (Gen Ed Area I, W)

An examination of some of the major philosophical developments in England and the United States since approximately 1900. Considers logical atomism, logical positivism, pragmatism and ordinary language philosophy as reflected in the works of such philosophers as Russell, Carnap, Ayer, James, Dewey, Ryle, Austin, Quine and Wittgenstein.

Credit Hours: 3 hrs

Prerequisite: two courses in philosophy other than PHIL 120 or PHIL 130; recommended: PHIL 331W

Last Updated: Links 04/2011

PHIL 475W - Philosophy of Mathematics (Gen Ed Area I, W)

This course focuses on philosophical issues in mathematics. What, if anything, is mathematics about? Are there mathematical truths? If so, how can we know them? What is the correct methodology of mathematics? Are the principles of mathematics independent of mind and language? Students will read both classic and contemporary works in the philosophy mathematics.

Credit Hours: 3 hrs

Prerequisite: PHIL 130, PHIL 281, or department permission

Last Updated: Links 04/2011

PHIL 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

PHIL 478 - Special Topics

Mathematics Programs and Courses

Mathematics

Major

Actuarial Science and Economics Major - Mathematics

Actuarial science and economics is a joint program of the Mathematics and Economics departments. In addition to following a prescribed series of courses, students are expected to pass the first two actuarial examinations. The examinations are sponsored by leading actuarial societies and administered in numerous U.S. locations. MATH 372 and MATH 472 are designed to prepare students for these examinations.

All majors must meet with the undergraduate advising coordinator in the Department of Mathematics to fill out a program sheet before graduation. At least 15 credit hours in the program at the 300 level or above must be taken at Eastern Michigan University.

General Education Requirements:

For specific requirements refer to the General Education Program. [Download the Gen Ed Checklist here.](#)

Major Requirements: 61 hours

Required Courses: 12 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs

One course from the following:

- COSC 111 - Introduction to Programming 3 hrs
- COSC 120 - Computational Principles for Mathematics and the Sciences 3 hrs

One course from the following:

- ECON 361 - Financial Economics 3 hrs
- FIN 350 - Principles of Finance 3 hrs

Required Mathematics Courses: 25 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 370 - Probability and Statistics I 3 hrs
- MATH 372 - Problems in Actuarial Studies I 2 hrs
- MATH 471 - Probability and Statistics II 3 hrs
- MATH 472 - Problems in Actuarial Studies II 2 hrs

Required Economics Courses: 18 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ECON 411 - Intermediate Macroeconomic Analysis 3 hrs
- ECON 412 - Intermediate Microeconomic Analysis 3 hrs
- ECON 405 - Economic Analysis for Business 3 hrs
- ECON 415 - Introduction to Econometrics 3 hrs

Restricted Elective Courses: 6 hours

Any combination of electives from:

- Courses at the 300-level or above in mathematics
- ECON 340 - Money and Banking 3 hrs
- ECON 445 - Economic Fluctuations and Forecasting 3 hrs
- ECON 455W - Cost-Benefit Analysis (Gen Ed Area I, W) 3 hrs

Minor Requirements:

This program does not require a minor.

Course Rotation Schedule

[Click here to access the Course Rotation Schedules page for the courses required for this program.](#)

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Elementary Education Mathematics Major

Elementary Teacher Certification

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. This program of study meets all requirements of the National Council of Teachers of Mathematics. At least nine hours of the major must be completed at Eastern Michigan University. The Michigan Test for Teacher Certification (MTTC) covering this Certification tests #103 and #104. The endorsement test for Mathematics Elementary is MTTC #089.

Phone Number for Advisers: 734.487.1444

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Liberal Arts Major Requirements: 48 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Note: Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs

- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 313 - Michigan History 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

One course from the following:

- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Content Requirements: 30 hours

Required Courses: 22 hours

- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 210 - Algebra for Elementary/Middle School Teachers 3 hrs
- MATH 240 - Geometry for Elementary/Middle School Teachers 3 hrs
- MATH 301 - Advanced Topics in Elementary Mathematics 3 hrs

One of the following:

- * MATH 401 - Mathematics and Its History for Elementary/Middle School Teachers 3 hrs
- * MATH 403 - Current Research in Elementary School Mathematics 3 hrs

Restricted Elective Courses: 8 hours

Eight hours from the following, with at least three hours at the 300-or 400-level:

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 118 - Linear Models and Probability (Gen Ed Area II) 3 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- MATH 382 - Technology in the Mathematics Classroom 3 hrs
- * MATH 401 - Mathematics and Its History for Elementary/Middle School Teachers 3 hrs

- * MATH 403 - Current Research in Elementary School Mathematics 3 hrs

Course Rotation Schedule

Click [here](#) to access the Course Rotation Schedules page for the courses required for this program.

Professional Elementary Education Sequence

Pre-Admission Phase: The Learner and the Community: 11 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment, and the Social Context: 18 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** EDPS 340 needs to be taken with or after CURR 304.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- * PRCT 310 - Practicum II: Elementary 3 hrs
- * RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

* MATH 401 and MATH 403 may each only be taken for credit in this major once. Each course may be taken as either a required course or a restricted elective; these courses do not double-count.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Additional Requirements: 3 hours

One course from the following:

- COSC 111 - Introduction to Programming 3 hrs
- COSC 120 - Computational Principles for Mathematics and the Sciences 3 hrs

Major Requirements: 36 hours

Required Courses: 24 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 370 - Probability and Statistics I 3 hrs

One course from the following:

- MATH 411 - Abstract Algebra 3 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs

Restricted Elective Courses: 12 hours

Twelve hours from the following:

- MATH 311W - Mathematical Problem Solving (Gen Ed Area I, W) 3 hrs
- MATH 319 - Mathematical Modeling 3 hrs
- MATH 325 - Differential Equations 3 hrs
- MATH 341 - College Geometry 3 hrs
- MATH 372 - Problems in Actuarial Studies I 2 hrs
- MATH 407 - Elementary Number Theory 3 hrs
- MATH 409 - Cryptology 3 hrs
- MATH 411 - Abstract Algebra 3 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 418 - Modeling with Linear Algebra 3 hrs
- MATH 419W - Introduction to Stochastic Mathematical Modeling (Gen Ed Area I, W) 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs
- MATH 424 - Introduction to Complex Variables 3 hrs
- MATH 425 - Mathematics for Scientists 3 hrs

- MATH 430 - Introduction to Stochastic Calculus 3 hrs
- MATH 436 - Introduction to Numerical Analysis 3 hrs
- MATH 460 - Applied Survey Sampling 3 hrs
- MATH 461 - Linear Regression Analysis 3 hrs
- MATH 462 - Design and Analysis of Experiments 3 hrs
- MATH 468 - Introduction to Biostatistics 3 hrs
- MATH 469 - Introduction to Categorical Data Analysis 3 hrs
- MATH 471 - Probability and Statistics II 3 hrs
- MATH 472 - Problems in Actuarial Studies II 2 hrs
- MATH 474W - Applied Statistics (Gen Ed Area I, W) 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Course Rotation Schedule

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Additional Requirements: 3 hours

One course from the following:

- COSC 111 - Introduction to Programming 3 hrs
- COSC 120 - Computational Principles for Mathematics and the Sciences 3 hrs

Major Requirements: 36 hours

Required Courses: 27 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 360 - Statistical Methods 3 hrs
- MATH 461 - Linear Regression Analysis 3 hrs
- MATH 462 - Design and Analysis of Experiments 3 hrs
- MATH 474W - Applied Statistics (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 9 hours

At least nine hours from the following electives, with at least six hours from the statistics electives:

Statistics Elective Courses

- MATH 370 - Probability and Statistics I 3 hrs
- MATH 468 - Introduction to Biostatistics 3 hrs
- MATH 469 - Introduction to Categorical Data Analysis 3 hrs
- MATH 471 - Probability and Statistics II 3 hrs

Mathematics Elective Courses

- MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 319 - Mathematical Modeling 3 hrs
- MATH 372 - Problems in Actuarial Studies I 2 hrs

- MATH 416 - Linear Algebra 3 hrs
- MATH 419W - Introduction to Stochastic Mathematical Modeling (Gen Ed Area I, W) 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs
- MATH 436 - Introduction to Numerical Analysis 3 hrs
- MATH 472 - Problems in Actuarial Studies II 2 hrs

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Mathematics Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in mathematics, certification code EX, and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Council of Teachers of Mathematics. The Michigan Test for Teacher Certification (MTTC) covering this field is #022, "Mathematics (Secondary)."

All majors must fill in a program sheet before graduation — see the undergraduate advising coordinator. At least nine hours in the major, at 300-level or above, must be taken at Eastern Michigan University.

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.

2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 36 hours

Required Area Courses: 30 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 305 - Technology as a Problem Solving Tool for Secondary Teachers 3 hrs
- MATH 341 - College Geometry 3 hrs
- MATH 360 - Statistical Methods 3 hrs
- MATH 411 - Abstract Algebra 3 hrs

Restricted Elective Courses: 6 hours

Six hours from the following:

- MATH 319 - Mathematical Modeling 3 hrs
- MATH 325 - Differential Equations 3 hrs
- MATH 372 - Problems in Actuarial Studies I 2 hrs
- MATH 400 - History and Development of Mathematics 3 hrs

- MATH 407 - Elementary Number Theory 3 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs
- MATH 424 - Introduction to Complex Variables 3 hrs
- MATH 425 - Mathematics for Scientists 3 hrs
- MATH 471 - Probability and Statistics II 3 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Mathematics Majors take:

- MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements: 20-24 hours

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Course Rotation Schedule

Click [here](#) to access the Course Rotation Schedules page for the courses required for this program.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Elementary Education Mathematics Minor

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. This program of study meets all requirements of the

National Council of Teachers of Mathematics. At least nine hours of the major must be completed at Eastern Michigan University. The Michigan Test for Teacher Certification (MTTC) covering this certification are Elementary Certification tests #103 and # 104. The endorsement test for Mathematics Elementary is MTTC #089.

Phone Number for Advisers: 734.487.1444

Required Courses: 15 hours

- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- MATH 210 - Algebra for Elementary/Middle School Teachers 3 hrs
- MATH 240 - Geometry for Elementary/Middle School Teachers 3 hrs
- MATH 301 - Advanced Topics in Elementary Mathematics 3 hrs

Restricted Elective Courses: 5 hours

Five hours from the following, with at least three hours at the 300-or 400-level:

- MATH 118 - Linear Models and Probability (Gen Ed Area II) 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- MATH 382 - Technology in the Mathematics Classroom 3 hrs
- MATH 401 - Mathematics and Its History for Elementary/Middle School Teachers 3 hrs
- MATH 403 - Current Research in Elementary School Mathematics 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs

Minor Total: 20 hours

Additional Requirements: 3 hours

One course from the following:

- COSC 111 - Introduction to Programming 3 hrs
- COSC 120 - Computational Principles for Mathematics and the Sciences 3 hrs

Required Courses: 14 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs

One course from the following:

- MATH 360 - Statistical Methods 3 hrs
- MATH 370 - Probability and Statistics I 3 hrs

Restricted Elective Courses: 9-10 hours

Nine hours from among the following, at least six of which must be taken from the statistics elective courses:

Statistics Elective Courses

- MATH 460 - Applied Survey Sampling 3 hrs
- MATH 461 - Linear Regression Analysis 3 hrs
- MATH 462 - Design and Analysis of Experiments 3 hrs
- MATH 468 - Introduction to Biostatistics 3 hrs

- MATH 469 - Introduction to Categorical Data Analysis 3 hrs
- MATH 471 - Probability and Statistics II 3 hrs
- MATH 474W - Applied Statistics (Gen Ed Area I, W) 3 hrs

Mathematics Elective Courses

- * MATH 205 - Mathematical Structures for Computer Science 4 hrs
- * MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs

Minor Total: 26-27 hours

Course Rotation Schedule

[Click here to access the Course Rotation Schedules page for the courses required for this program.](#)

Note:

** Students can not count both MATH 205 and MATH 211 toward the minor.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Mathematics Minor

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in mathematics, certification code EX, and, depending on the major selected, an additional endorsement. This program of study meets all requirements of the National Council of Teachers of Mathematics. The Michigan Test for Teacher Certification (MTTC) covering this field is #022, "Mathematics (Secondary)."

All minors must fill in a program sheet before graduation - see the undergraduate advising coordinator. At least six hours in the major at 300-level or above, not including MATH 306W, must be taken at Eastern Michigan University.

Program Adviser: Stephanie Casey
Email: scasey1@emich.edu

Phone Number for Advisers: 734.487.1444

Required Courses: 26 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 211 - Introduction to Mathematical Proof 3 hrs
- MATH 305 - Technology as a Problem Solving Tool for Secondary Teachers 3 hrs
- MATH 341 - College Geometry 3 hrs
- MATH 360 - Statistical Methods 3 hrs

One course from the following:

- MATH 304 - Middle School Mathematics Methods and Content 3 hrs
- MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 3 hours

Three credit hours from the following:

- MATH 223 - Multivariable Calculus 4 hrs
- MATH 319 - Mathematical Modeling 3 hrs
- MATH 325 - Differential Equations 3 hrs
- MATH 400 - History and Development of Mathematics 3 hrs
- MATH 407 - Elementary Number Theory 3 hrs
- MATH 411 - Abstract Algebra 3 hrs
- MATH 416 - Linear Algebra 3 hrs
- MATH 420 - Introduction to Real Analysis 3 hrs
- MATH 424 - Introduction to Complex Variables 3 hrs

Minor Total: 29 hours

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Course Rotation Schedule

Click [here](#) to access the Course Rotation Schedules page for the courses required for this program.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Mathematics

MATH 097 - Pre-College Mathematical Concepts

A mastery-based developmental mathematics course designed to prepare students for a developmental algebra course; covers beginning mathematical concepts and skill development in a supportive but structured setting; includes help with math study skills and reducing math anxiety.

For more information about this course, review the MATH 097 Outline

Credit Hours: 5 hrs

Prerequisite: program placement

Notes: Credit for this course will not count toward graduation

Last Updated: added course outline 10/2012

MATH 097A - Pre-College Mathematical Concepts — Part I

The first part of a mastery-based developmental mathematics course designed to prepare students for a developmental algebra course; covers beginning mathematical concepts and skill development in a supportive but structured setting; includes help with math study skills and reducing math anxiety.

Credit Hours: 3 hrs

Prerequisite: program placement

Notes: Credit for this course will not count toward graduation

MATH 097B - Pre-College Mathematical Concepts — Part II

The second part of a mastery-based developmental mathematics course designed to prepare students for a developmental algebra course; covers beginning mathematical concepts and skill development in a supportive but structured setting; includes help with math study skills and reducing math anxiety.

Credit Hours: 3 hrs

Prerequisite: grade of 'C' or better in MATH 097A or program placement

Notes: Credit for this course will not count toward graduation.

Last Updated: Links 04/2011

MATH 098 - Pre-College Introductory Algebra Concepts

A mastery-based developmental mathematics course designed to prepare students to succeed in a college-level mathematics course; covers beginning algebra concepts and skill development in a supportive but structured setting; includes help with math study skills and reducing math anxiety.

For more information about this course, review the MATH 098 Course Outline

Credit Hours: 4 hrs

Prerequisite: (at least C in either of the following courses: MATH 097 or MATH 097B) and placement score

Notes: Credit for this course will not count toward graduation.

Last Updated: added Course Outline 10/2012; Links 04/2011

MATH 098B - Pre-College Introductory Algebra Concepts — Part II

The second part of a mastery-based developmental mathematics course designed to prepare students to succeed in a college-level mathematics course; covers beginning algebra concepts and skill development in a supportive but structured setting; includes help with math study skills and reducing math anxiety.

Credit Hours: 3 hrs

Prerequisite: (at least C in MATH098A) or placement

Notes: Credit for this course will not count toward graduation

Last Updated: 2/23/11

MATH 104 - Intermediate Algebra

A review of elementary algebra and a continuation into the study of functions, graphs and quadratic equations.

For more information about this course, review the MATH 104 Course Outline.

Credit Hours: 3 hrs

Prerequisite: placement or (at least C in either of the following courses: MATH 098 or MATH 098B)

Last Updated: added Course Outline 10/2012; Links 04/2011

MATH 105 - College Algebra (Gen Ed Area II)

A study of functions and their graphs, including polynomial, rational, exponential and logarithmic functions; inverse functions; equations and inequalities; and applications.

Credit Hours: 3 hrs

Prerequisite: placement or (at least a C in MATH 104)

Area II: Quantitative Reasoning

MATH 105 College Algebra

This course will help students refine and extend fluency with algebraic skills. Additionally, the focus of this course is on the conceptual understanding of functions. The course makes the case for using functions to model physical phenomena and simultaneously teaches methods to analyze these functions in a meaningful way. The course presents a catalog of functions - linear, power, quadratic, polynomial, rational, absolute value, exponential and logarithmic functions. By the end of the course students should know the basic properties and graphs of these functions along with using them as models for real world applications. For these reasons, MATH 105 will count for the **Quantitative Reasoning** requirement in the General Education program *Education for Participation in the Global Community*.

Last Updated: Gen Ed approval 06/2011, effective Fall 2011

MATH 107 - Plane Trigonometry

An elementary course in plane trigonometry. Students who have good records in high school courses including trigonometric identities, trigonometric equations, and oblique triangles should not take the course.

Credit Hours: 2 hrs

Prerequisite: placement or (at least a C in MATH 104 (B or better strongly recommended)) or (passing grade in any of the following courses: MATH 105, MATH 119 or MATH 210)

Last Updated: Links 04/2011

MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers

The course examines topics in the elementary school mathematics curriculum from an advanced standpoint, with an emphasis on conceptual understanding and problem solving. Topics include number theory, real number systems and their properties, algebra concepts and functions. Required of all students in the elementary education program. Open only to prospective elementary teachers.

Credit Hours: 3 hrs

Prerequisite: placement or (at least a C in any of the following courses: MATH 098, MATH 098B, MATH 104, MATH 105, MATH 107, MATH 110E or MATH 118)

Last Updated: Links 04/2011

MATH 110 - Mathematical Reasoning (Gen Ed Area II)

An introduction to quantitative reasoning, with the aim of developing the capacity to comprehend and analyze the quantitative information that is prevalent in modern society. Topics include mathematical modeling, basic probability and statistics and practical applications.

Credit Hours: 3 hrs

Prerequisite: placement or (at least C in either of the following courses: MATH 098 or MATH 098B) or (passing grade in any of the following courses: MATH 104, MATH 105, MATH 107 or MATH 112)

Major Restrictions: Restricted to students who have not declared Elementary Education intent; who are not in any Elementary Education program; and who are not in the Special Education Elementary program

Area II: Quantitative Reasoning

MATH 110 Mathematical Reasoning [was MATH150]

This course will provide students with ways to approach the quantitative information that they are certain to encounter in later coursework at Eastern Michigan University, throughout their careers, and in daily life. The emphasis is on learning methods for comprehending, analyzing and using quantitative information and on techniques for using data to inform decisions about real world events and problems. For these reasons, MATH110 will count for the **Quantitative Reasoning** requirement in the General Education *Program for Participation in the Global Community*.

Last Updated: Links 04/2011

MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II)

An introduction to quantitative reasoning, with the aim of developing the capacity to comprehend and analyze the quantitative information that is prevalent in modern society. Topics include mathematical modeling, basic probability and statistics, geometry and practical applications for elementary education majors.

Credit Hours: 3 hrs

Prerequisite: Placement or (at least a C in either of the following courses: MATH 098 or MATH 098B), or (passing grade in any of the following courses: MATH 104, MATH 105, MATH 107, MATH 108, or MATH 118)

Major Restrictions: Enrollment in Elementary Education Intent or Elementary Education or Special Education for Elementary

Area II: Quantitative Reasoning

MATH 110E Mathematical Reasoning: *Applications for Elementary School Teachers (Elementary Education majors only)* [was MATH 109]

This course will provide students with ways to approach the quantitative information that they are certain to encounter in later coursework at Eastern Michigan University throughout their careers, and in daily life. The emphasis is on learning methods for comprehending, analyzing and using quantitative information and on techniques for using data to inform decisions about real world events and problems.

In addition, MATH110E is specifically designed to meet the needs of students that are looking toward becoming elementary school teachers. While the content of this class mirrors that of MATH 110, the examples, applications and projects are designed to help you make connections to the K-5 classroom and help you to begin to think about how you will teach young children to make sense of some beginning mathematical concepts.

Last Updated: Links 04/2011

MATH 112 - Topics in Precalculus Mathematics

Provides a thorough preparation for calculus for students who are insufficiently prepared in college algebra and trigonometry or who need to review these subjects. Emphasis will be on topics from college algebra and trigonometry that are used in calculus.

Credit Hours: 4 hrs

Prerequisite: placement or MATH 105

Notes: Some knowledge of trigonometry is assumed.

Last Updated: Links 04/2011

MATH 118 - Linear Models and Probability (Gen Ed Area II)

Linear models, systems of linear equations, linear regression, probability theory, probabilistic simulations, decision theory, descriptive statistics; combinatorics and/or financial models as time permits.

Credit Hours: 3 hrs

Prerequisite: placement or (at least C in either of the following courses: MATH 098 or MATH 098B) or (passing grade in any of the following courses: MATH 104, MATH 105, MATH 107, MATH 110, MATH 110E or MATH 120)

Last Updated: Links 04/2011; Gen Ed Approval 12/2006, effective Winter 2007

MATH 119 - Applied Calculus (Gen Ed Area II)

Introduction to the concepts and applications of differential and integral calculus: behavior and properties of algebraic, logarithmic and exponential functions, derivatives and rates of change, optimization and definite integral as accumulation. Emphasis on problem setup, interpretation and applications.

Credit Hours: 3 hrs

Prerequisite: placement or (at least a C in MATH 104 (B or better strongly recommended)) or (passing grade in either of the following courses: MATH 105 or MATH 210)

Last Updated: Links 04/2011; Gen Ed Approval 04/2008, effective Spring 2008

MATH 120 - Calculus I (Gen Ed Area II)

Calculus of functions of a single variable; differential calculus, including limits, derivatives, techniques of differentiation, the mean value theorem and applications of differentiation to graphing, optimization and rates. Integral calculus, including indefinite integrals, the definite integral, the fundamental theorem of integral calculus, and applications of integration to area and volume.

Credit Hours: 4 hrs

Prerequisite: placement or (at least a C in any of the following group of courses: (MATH 105 and MATH 107) or in (MATH 112) or in (MATH 210 and MATH 107))

Last Updated: Links 04/2011; Gen Ed Approval 03/2007, effective Spring 2007

MATH 121 - Calculus II

Calculus of functions of a single variable continued; additional applications of definite integration to moments, centroids, arc length, surface area and work. Transcendental functions, infinite series, methods of integration, review of conic sections.

Credit Hours: 4 hrs

Prerequisite: at least a C in MATH 120

Last Updated: Links 04/2011

MATH 122 - Elementary Linear Algebra

Vectors and matrices, operations on matrices, determinants, systems of linear equations, linear independence, linear transformations, applications.

Credit Hours: 3 hrs

Prerequisite: (at least a C in MATH 105) or (passing grade in either of the following courses: MATH 120 or MATH 112) or placement

Last Updated: Links 04/2011

MATH 140 - Applied Trigonometry and Calculus I for Technology (Gen Ed Area II)

Plane trigonometry and trigonometric functions; complex numbers; basic identities. Single-variable calculus: limits, derivatives, rate of change, applications of differentiation to optimization. Integral calculus, including indefinite and definite integrals; integrals as accumulation. Applications will focus on electronics and other engineering fields.

Credit Hours: 4 hrs

Prerequisite: MATH 105 with a C or better or math placement level 5

Equivalent Courses: MATH 119

Last Updated: Links 03/2011

MATH 141 - Applied Calculus II for Technology

Single-variable calculus continued; Transcendental functions, applications of integrals to moments and work. Methods of integration. Applications will focus on electronics and other engineering fields.

Credit Hours: 3 hrs

Prerequisite: MATH 140

Last Updated: Links 04/2011

MATH 170 - Elementary Statistics (Gen Ed Area II)

An introduction to standard methods in statistics, emphasizing the rationale behind them and their application to problems in a variety of fields. Data summary and representation, measures of center and dispersion, correlation and regression, basic probability, point and interval estimation, and hypothesis testing.

Credit Hours: 3 hrs

Prerequisite: placement or (at least a C in either of the following courses: MATH 098 or MATH 098B) or (passing grade in any of the following courses: MATH 104, MATH 105, MATH 107, MATH 110E, MATH 118, MATH 119 or MATH 120)

Last Updated: Links 04/2011; Gen Ed Approval 12/2006, effective Winter 2007

MATH 177 - Special Topics

These special topics courses will be used to teach some aspects of mathematics at an elementary level that would not be regularly offered. This course does not count on a regular major or minor in mathematics.

Credit Hours: 1 hr

Prerequisite: department permission

MATH 178 - Special Topics

These special topics courses will be used to teach some aspects of mathematics at an elementary level that would not be regularly offered. This course does not count on a regular major or minor in mathematics.

Credit Hours: 2 hrs

Prerequisite: department permission

MATH 179 - Special Topics

These special topics courses will be used to teach some aspects of mathematics at an elementary level that would not be regularly offered. This course does not count on a regular major or minor in mathematics.

Credit Hours: 3 hrs

Prerequisite: department permission

MATH 205 - Mathematical Structures for Computer Science

Propositional and predicate logic, sets and operations, discrete functions, sequences, finite summations, function growth, elementary number theory, matrices and applications, proof techniques, elementary combinatorics, discrete probability, relations.

Credit Hours: 4 hrs

Prerequisite: MATH 120

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 210 - Algebra for Elementary/Middle School Teachers

Interpreting and applying graphical and algebraic representations of functions, including linear, polynomial, rational, exponential, and logarithmic functions. Connections to teaching algebra in grades K-8 will also be examined.

Credit Hours: 3 hrs
Prerequisite: MATH 108 and MATH 110E
Major Restrictions: Prospective Elementary Teachers only
Terms Offered: Course Rotation Schedules
Last Updated: Link 5/2012; Links 04/2011

MATH 211 - Introduction to Mathematical Proof

A transition to upper-level mathematics courses. This course highlights various types of mathematical thinking including direct, indirect and inductive proofs with careful treatment of quantified statements. Topics include sets, number theory and relations. Development of ability to write a precise mathematical proof is the primary goal.

Credit Hours: 3 hrs
Prerequisite: MATH 121 and MATH 122
Terms Offered: Course Rotation Schedules
Last Updated: Link 5/2012; Links 04/2011

MATH 223 - Multivariable Calculus

Vector products, lines and planes in three-dimensional space, quadric surfaces, cylindrical and spherical coordinates. Differential calculus of vector functions of a single variable: velocity and acceleration vectors, curvature. Partial differentiation, gradient, chain rule, directional derivatives, tangent planes, application to optimization. Multiple integration, change of coordinates, applications. Taylor's Theorem for Functions of Several Variables, line and surface integrals, Stokes' Theorem, Gauss' Theorem.

Credit Hours: 4 hrs
Prerequisite: at least a C in both MATH 121 and MATH 122
Terms Offered: Course Rotation Schedules
Last Updated: Link 5/2012; Links 04/2011

MATH 240 - Geometry for Elementary/Middle School Teachers

Informal geometry of the plane and space, congruence and measurement, elementary theorems and proof, and plane coordinate geometry.

Credit Hours: 3 hrs
Prerequisite: MATH 108 and MATH 110E
Major Restrictions: Prospective Elementary Teachers only
Terms Offered: Course Rotation Schedules
Last Updated: Link 5/2012; Links 04/2011

MATH 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission

MATH 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

MATH 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

MATH 301 - Advanced Topics in Elementary Mathematics

Acquaints prospective elementary teachers with new topics in the elementary mathematics curriculum such as algebraic systems, conic sections, trigonometry, statistical procedures and topics in number theory.

Credit Hours: 3 hrs

Prerequisite: MATH 108 and MATH 110E; or MATH 210; or MATH 240

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 304 - Middle School Mathematics Methods and Content

Consideration of the mathematics program in middle school and junior high school, its organization and content, methods of teaching and learning.

Credit Hours: 3 hrs

Prerequisite: MATH 240 or MATH 120

Notes: Not open to freshmen, sophomores or students on academic probation

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 305 - Technology as a Problem Solving Tool for Secondary Teachers

Focus on how using technology can lead to new and deeper insights into mathematical concepts and problems in the high school mathematics curriculum.

Credit Hours: 3 hrs

Prerequisite: MATH 120 and MATH 122

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 306W - Teaching Mathematics in Secondary School (Gen Ed Area I, W)

Consideration of the mathematics program in the high school, its organization and content, methods of teaching and learning.

Credit Hours: 3 hrs

Prerequisite: MATH 120 and CURR 305; admission to the Initial Teacher Preparation Program

Class Restrictions: Junior standing or above
Notes: Not open to students on academic probation.
Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 03/2011

MATH 311W - Mathematical Problem Solving (Gen Ed Area I, W)

Problem solving strategies including deduction, argument by contradiction, induction, symmetry, the extreme principle, the pigeonhole principle and invariants. These strategies are exemplified by tackling open-ended problems in the areas of algebra, combinatorics, number theory and calculus.

Credit Hours: 3 hrs
Prerequisite: MATH 211
Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 319 - Mathematical Modeling

The modeling process; model building and evaluation, techniques of modeling; model fitting and models requiring optimization; empirical model construction — experimental models, dimensional analysis, simulation models, dynamic models; use of derivatives in the modeling process, single and multivariable dynamic models.

Credit Hours: 3 hrs
Prerequisite: MATH 120 and MATH 122
Terms Offered: Course Rotation Schedules
Last Updated: Link 5/2012; Links 04/2011

MATH 325 - Differential Equations

First and second order differential equations with applications, linear differential equations, power series solutions, Laplace transforms.

Credit Hours: 3 hrs
Prerequisite: MATH 121 and MATH 122
Terms Offered: Course Rotation Schedules
Last Updated: Link 5/2012; Links 04/2011

MATH 341 - College Geometry

An introduction to several geometries such as affine, projective, space-time and non-Euclidean.

Credit Hours: 3 hrs
Prerequisite: MATH 211
Terms Offered: Course Rotation Schedules
Last Updated: link 5/2005; Links 04/2011

MATH 360 - Statistical Methods

A comprehensive overview of statistical methods and analysis with applications. Topics include descriptive statistics, probability theory, random variables and probability distributions, sampling distributions, estimation and testing hypotheses, correlation and regression, introduction to computer-assisted statistical analysis.

Credit Hours: 3 hrs

Prerequisite: MATH 120

Terms Offered: Course Rotation Schedules

Last Updated: link 5/2012; Links 04/2011

MATH 370 - Probability and Statistics I

Basic concepts of probability; expectation, variance, covariance distribution functions; bivariate, marginal and conditional distributions; central limit theorem. Applications to problems in science and/or social science are emphasized.

Credit Hours: 3 hrs

Prerequisite: MATH 223

Terms Offered: Course Rotation Schedules

Course Revisions:

This course decreased in credit hours from 4 hrs to 3 hrs, effective Winter 2012.

Last Updated: Link 5/2012; Links 04/2011; Revision 07/2011

MATH 372 - Problems in Actuarial Studies I

Applications of mathematics to actuarial science. Particular attention paid to subject matter not covered in the regular mathematics curriculum and to special techniques of problem solving appropriate to actuarial science. (This course can be useful in preparing for the Society of Actuaries Exam P: Probability.)

Credit Hours: 2 hrs

Prerequisite: Department permission only; minimum GPA in mathematics of 3.4 is strongly recommended

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012

MATH 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

MATH 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

MATH 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

MATH 381 - Teaching Mathematics in Elementary School

Learning how to teach mathematics to students in the elementary grades, with an emphasis on problem solving and concept development. Attention is focused on learning/teaching situations and effective use of learning aids. Required of all prospective elementary teachers.

Credit Hours: 3 hrs

Prerequisite: MATH 108, MATH 110E and CURR 304; admission to the Initial Teacher Preparation Program

Notes: Not open to students on academic probation

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 382 - Technology in the Mathematics Classroom

An introduction to way in which calculators and computers can be used effectively to enhance instruction in the elementary and middle school mathematics classroom.

Credit Hours: 3 hrs

Prerequisite: MATH 210

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 387 - Cooperative Education in Mathematics

Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in mathematics. The program consists of two work experiences (MATH 387/MATH 487) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: MATH 223

Class Restrictions: Junior or Senior standing

Major Restrictions: Mathematics Majors only

Notes: Admittance to program by application only; department permission; Use on mathematics major subject to department permission. Graded on a credit/no-credit basis.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 400 - History and Development of Mathematics

The course presents topics in the evolution of mathematics — the historical development of algebra, geometry and calculus provides the major focus. Problems will be assigned that reflect the content and methods of this development.

Credit Hours: 3 hrs

Prerequisite: MATH 121 and MATH 122

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Graduate Credit 07/2011; Links 04/2011

MATH 401 - Mathematics and Its History for Elementary/Middle School Teachers

Topics in the evolution of mathematics from ancient times through the present, with an emphasis on connections with the elementary school curriculum. Development of numeration systems, algebra, different geometries, calculus; including the contributions of different cultures in the development of mathematics.

Credit Hours: 3 hrs

Prerequisite: MATH 240 and MATH 301

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 403 - Current Research in Elementary School Mathematics

A brief history of mathematics education, 1890 to present. Special emphasis on important recent research studies. Consideration of various textbook series, use and evaluation of supplementary materials, the place and value of teaching aids. Professional journals will be utilized throughout the course.

Credit Hours: 3 hrs

Prerequisite: MATH 301 and CURR 304

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 407 - Elementary Number Theory

Primes, Euclidean algorithm and prime factorization, congruences, multiplicative functions, quadratic residues and reciprocity, continued fractions, Diophantine equations, possible applications to cryptology and/or primality testing.

Credit Hours: 3 hrs

Prerequisite: MATH 211

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 409 - Cryptology

An introduction to cryptology, the science of making and breaking codes and ciphers. Primes, modular arithmetic, probability, Euler's phi-function, factoring algorithms, cryptographic and cryptanalytic techniques for classical and modern cryptographical systems including public key cryptography.

Credit Hours: 3 hrs

Prerequisite: MATH 205 or MATH 211

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 411 - Abstract Algebra

An introduction to the theory and concepts of abstract algebra. Topics from group theory: subgroups, cosets, Lagrange's Theorem, homomorphisms. Also selected topics from ring theory and field theory.

Credit Hours: 3 hrs

Prerequisite: MATH 211

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Graduate Credit 07/2011; Links 04/2011

MATH 416 - Linear Algebra

Theoretical aspects of linear algebra: vector spaces, linear transformations and matrices, systems of linear equations, diagonalization, inner product spaces.

Credit Hours: 3 hrs

Prerequisite: MATH 122 and MATH 211

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Graduate Credit 07/2011; Links 04/2011

MATH 418 - Modeling with Linear Algebra

Topics in linear algebra such as linear transformations, eigenvalues, eigenvectors and inner products. Applications may include rotations in space and 3-D graphics, stochastic processes, systems of linear ODEs, Fourier series, orthogonal polynomials and projection methods for solving overdetermined systems.

Credit Hours: 3 hrs

Prerequisite: MATH 121 and MATH 122

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 419W - Introduction to Stochastic Mathematical Modeling (Gen Ed Area I, W)

Models of randomness in a variety of fields: actuarial studies, economics, biology, engineering and others as appropriate for student population. Discrete time Markov chains, Poisson processes and generalizations, time series, Brownian motion, and dynamic programming. An important part of the course is an opportunity for a student to become involved in an actual modeling problem.

Credit Hours: 3 hrs

Prerequisite: (MATH 223, MATH 311W, MATH 319, MATH 360 or MATH 370) and MATH 122

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 420 - Introduction to Real Analysis

A rigorous introduction to the foundations of calculus: real numbers, elementary topology of the real line, sequences and series, limits, continuity, uniform continuity, introduction to differentiation.

Credit Hours: 3 hrs

Prerequisite: MATH 211

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 424 - Introduction to Complex Variables

Complex numbers, analytic functions, elementary functions and their mapping properties, conformal mapping and applications; contour integrals, Cauchy-Goursat Theorem and its consequences, Taylor and Laurent series, calculus of residues.

Credit Hours: 3 hrs

Prerequisite: MATH 211 and MATH 223

Last Updated: Link 5/2012; Links 04/2011

MATH 425 - Mathematics for Scientists

The scientific applications of mathematics. Topics chosen will reflect the interests of the class. Possible areas of study include Fourier series and transforms, complex variables, generalized functions, Laplace transform, Bessel functions, curve fitting, partial differential equations and the calculus of variations. A record of topics studied each semester will be kept in the mathematics files.

Credit Hours: 3 hrs

Prerequisite: MATH 223

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 430 - Introduction to Stochastic Calculus

An introduction to stochastic processes, stochastic integration and differentiation, solving stochastic differential equations, martingale calculus, and martingale measures.

Credit Hours: 3 hrs

Prerequisite: MATH 223, MATH 325, and MATH 370

Last Updated: New Course, 11/2012, effective Winter 2013

MATH 436 - Introduction to Numerical Analysis

Introduces the theory and application of numeric methods and error analysis; solution of nonlinear equations, interpolation and approximation, numerical integration, numerical solution of differential equations, numerical methods for solving large linear systems.

Credit Hours: 3 hrs

Prerequisite: MATH 121 and MATH 122; and one of the following: COSC 145, COSC 111 or COSC 245

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 448 - Differential Geometry with an Introduction to General Relativity

Curve and surface theory in three-dimensional space: introduction to special and general relativity. Not open to students with credit in MATH 548 Introduction to Differential Geometry.

Credit Hours: 3 hrs

Prerequisite: MATH 223 and MATH 325

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 460 - Applied Survey Sampling

A course in principles of sampling for assessment of data in business, social sciences or natural resource management. Sampling problem, selection of samples, designing questionnaires, estimation of means and variances, ratio, regression and difference methods, simple and stratified random sampling, systematic sampling, cluster sampling, probability proportional to size sampling. A special survey software package is used.

Credit Hours: 3 hrs

Prerequisite: MATH 360 or MATH 370

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MATH 461 - Linear Regression Analysis

Topics include modeling a response as a simple or multiple regression model, validity of assumptions, using models for estimation and prediction, multicollinearity, auto-correlation of error terms, residual analysis and stepwise regression. A statistical software package (SAS) is used extensively.

Credit Hours: 3 hrs

Prerequisite: MATH 122 and either MATH 360 or MATH 370

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 462 - Design and Analysis of Experiments

A basic course in principles of experimental designs and analysis: randomized blocks and Latin squares, nested experiments, experimental and sampling errors, fixed and random effects models, factorial and fractional designs. A statistical software package (SAS) is used extensively.

Credit Hours: 3 hrs

Prerequisite: MATH 360 or MATH 370

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 468 - Introduction to Biostatistics

This course introduces statistical concepts and analytical methods as applied to data encountered in biomedical sciences. Topics include sensitivity, specificity, ROC curve, nonparametric tests, Chi-square goodness-of-fit test, risk measures and survival analysis.

Credit Hours: 3 hrs

Prerequisite: MATH 360

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; New Course 07/2011

MATH 469 - Introduction to Categorical Data Analysis

An introduction to hypothesis testing strategies in measuring associations between a categorical response and a set of explanatory variables in a contingency table setting. Nonparametric methods and some regression analysis techniques such as logistic regression, Poisson regression and loglinear models will be considered.

Credit Hours: 3 hrs

Prerequisite: MATH 360

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; New Course 07/2011

MATH 471 - Probability and Statistics II

Nature of statistics; distributions, measure of central value and dispersion; sampling; statistical inference, estimation and tests of hypothesis. Methods of computation, applications and data analysis will be stressed. Nonparametric statistics: sequential tests, analysis of variance.

Credit Hours: 3 hrs

Prerequisite: MATH 370

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 472 - Problems in Actuarial Studies II

Applications of mathematics to actuarial science. Particular attention paid to subject matter not covered in the regular mathematics curriculum and to special techniques of problem solving appropriate to actuarial science. (This course can be useful in preparing for the Society of Actuaries Exam FM: Financial Mathematics.)

Credit Hours: 2 hrs

Prerequisite: Department permission; a minimum GPA in mathematics of 3.4 is strongly recommended

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012

MATH 474W - Applied Statistics (Gen Ed Area I, W)

This course stresses the empirical approach to statistics: Monte Carlo methods to generate samples and to model distributions; tests of fit to assumed distributions; medians vs. means and range vs. standard deviations; demonstrations of basic theorems; randomness and independence.

Credit Hours: 3 hrs

Prerequisite: MATH 360 or MATH 370

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 477 - Special Topics

A senior-level course in a specific area of mathematics. The area to be studied will be determined by the field of specialization of the staff member teaching the course and the interest of the students enrolled.

Credit Hours: 1 hr

Prerequisite: undergraduate grade point average in mathematics 3.0 or above and department permission

MATH 478 - Special Topics

A senior-level course in a specific area of mathematics. The area to be studied will be determined by the field of specialization of the staff member teaching the course and the interest of the students enrolled.

Credit Hours: 2 hrs

Prerequisite: undergraduate grade point average in mathematics 3.0 or above and department permission

MATH 479 - Special Topics

A senior-level course in a specific area of mathematics. The area to be studied will be determined by the field of specialization of the staff member teaching the course and the interest of the students enrolled.

Credit Hours: 3 hrs

Prerequisite: undergraduate grade point average in mathematics 3.0 or above and department permission

MATH 487 - Cooperative Education in Mathematics

Four to six months of full-time employment at an industrial firm specially chosen to provide practical experience in mathematics. The program consists of two work experiences (MATH 387/MATH 487) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: Admittance to program by application only; MATH 387; department permission

Class Restrictions: Junior or Senior standing

Major Restrictions: Mathematics Majors only

Notes: Use on mathematics major subject to department permission. Graded on a credit/no-credit basis.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

MATH 497 - Independent Study

A report on an approved subject in the field of mathematics under the guidance of the Mathematics Department staff.

Credit Hours: 1 hr

Prerequisite: undergraduate grade point average in mathematics 3.0 or above and department permission

MATH 498 - Independent Study

A report on an approved subject in the field of mathematics under the guidance of the Mathematics Department staff.

Credit Hours: 2 hrs

Prerequisite: undergraduate grade point average in mathematics 3.0 or above and department permission

MATH 499 - Independent Study

A report on an approved subject in the field of mathematics under the guidance of the Mathematics Department staff.

Credit Hours: 3 hrs

Prerequisite: undergraduate grade point average in mathematics 3.0 or above and department permission

MATH 571 - Mathematical Statistics I: Probability Theory

Set theory, Borel sets, Sigma field of events, probability measures on a sigma field, axioms, finite and countable spaces, random variables and distributions, functions of random vectors, derived distributions, generating and characteristic functions, limit theorems, modes of convergence, law of large numbers. Completion of courses in real analysis and calculus-based probability and statistics is assumed.

Credit Hours: 3 hrs

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012

MATH 574 - Applied Statistics

An empirical approach to statistics: generate samples and model distributions; tests of fit to specified distributions; tests of assumptions of randomness (trend); independence (association); biostatistics; product and system reliability. Not open to students with credit in MATH 474W. Completion of a calculus-based probability and statistics course is assumed.

Credit Hours: 3 hrs

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Last Updated: Link 5/2012; Links 04/2011

Music and Dance Programs and Courses

Music and Dance

Major

Dance Major

Dance Curriculum-Bachelor of Arts/Bachelor of Science

This curriculum leads to either a Bachelor of Arts or a Bachelor of Science degree. (Students who complete one year of foreign language will be awarded the Bachelor of Arts degree.) Each degree offers students a choice of three career-track options: (1) pre-dance therapy, (2) studio management and (3) performance and choreography. Students in the studio management track will also complete a minor in the College of Business.

Students planning admission to the dance major must officially enroll in the program at the Academic Advising Center and complete the following:

1. An audition into the program.
2. An application into the dance program is available at N101 Alexander or online at www.emich.edu/dance/html/dance_future.html.
3. A course of study is planned with a dance adviser upon admission into the dance program.

All students must meet the General Education Requirements and the other courses specified in each area below. Suitable adjustments can be made in consultation with a dance faculty adviser. Some of the track required courses can be used to fulfill General Education Requirements.

Dance majors and minors are encouraged to enroll in a technique class every semester while attending Eastern Michigan University. Ballet or modern technique classes may be repeated for no credit.

Music and Dance Department Information:

Department Head: Diane Winder

Department Contact: diane.winder@emich.edu

Website: <http://www.emich.edu/musicdance/>

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Major Requirements: 63-77 hours

Dance Core: 40 hours

- DANC 107 - Rhythmic Analysis and Dance Accompaniment 3 hrs
- DANC 208 - Classical Ballet Technique III 3 hrs
- DANC 209 - Classical Ballet Technique IV 3 hrs
- DANC 210 - Modern Dance Technique III 3 hrs
- DANC 211 - Modern Dance Technique IV 3 hrs
- DANC 245 - Elements of Dance Composition 3 hrs
- DANC 255 - Dance Production 3 hrs
- DANC 320 - Dance Workshop 1 hr
- DANC 350W - History of Dance: Prehistoric to Renaissance (Gen Ed Area I, W) 3 hrs
- DANC 351W - History of Dance: Romanticism to the Present (Gen Ed Area I, W) 3 hrs
- DANC 354 - Methods and Materials in Teaching of Dance 3 hrs
- DANC 422 - Dance Workshop 2 hr
- DANC 450 - Advanced Dance Composition 4 hrs
- DANC 455 - Seminar in Dance 2 hrs
- DANC 497 - Directed Study 1 hr

Select from one of the following tracks:

Track I: Pre-Dance Therapy (DANC PTHY): 32 hours

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- PHED 200 - Anatomy and Physiology 5 hrs
- PHED 204 - Kinesiology (Biomechanics of Physical Activity) 3 hrs
- PSY 309 - Social Psychology 3 hrs
- PSY 360 - Abnormal Psychology 3 hrs
- THRC 250 - Fieldwork in Recreation Therapeutic Recreation 1 hr

Choose 12 hours from the following courses:

- MUSC 103 - Introduction to Music Therapy 3 hrs
- PHED 330 - Adapted Physical Education 3 hrs
- PSY 321 - Child Psychology 3 hrs
- PSY 322 - Psychology of Adolescence 3 hrs
- PSY 323 - Psychology of Human Aging 3 hrs
- PSY 362 - The Psychology of Stress and Relaxation 3 hrs
- PSY 365 - Behavior Modification 3 hrs
- THRC 200 - Recreation for Persons with Disabilities 3 hrs

One course from the following:

- DANC 331 - Service Teaching–Ballet 1 hr
- DANC 333 - Service Teaching–Modern Dance 1 hr

Track II: Studio Management (DANC STMG): 37 hours

The studio management track must select a minor from the college of business with adviser approval (21 credit hours).

- DANC 103 - Tap I 2 hrs
- DANC 331 - Service Teaching–Ballet 1 hr
- DANC 333 - Service Teaching–Modern Dance 1 hr
- DANC 456 - Creative Dance for Children 2 hrs
- PEGN 102 - Aerobic Dance 1 hr
- PEGN 103 - Ballroom Dance 1 hr
- PHED 200 - Anatomy and Physiology 5 hrs
- PHED 204 - Kinesiology (Biomechanics of Physical Activity) 3 hrs

Track III: Performance (DANC PERF): 23 hours

- CTAR 158 - Fundamentals of Acting (Gen Ed Area IV) 3 hrs
- CTAR 370 - Audition 3 hrs
- CTAR 380 - Musical Theatre Acting 2 hrs
- DANC 103 - Tap I 2 hrs
- DANC 201 - Jazz II 2 hrs
- DANC 320 - Dance Workshop 1 hr
- DANC 422 - Dance Workshop 2 hr
- PHED 200 - Anatomy and Physiology 5 hrs
- PHED 204 - Kinesiology (Biomechanics of Physical Activity) 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.

- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

K-12 Music Education Major (Instrumental)

Successful completion of this course of study, which leads to the Bachelor of Music Education degree, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in music education (K-12), certification code JQ. The Michigan Test for Teacher Certification (MTTC) covering this field is #099, "Music."

Music and Dance Department Information:

Department Head: Diane Winder

Department Contact: diane.winder@emich.edu

Website: <http://www.emich.edu/musicdance/>

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Adviser Information:

Program Adviser: Dr. David Pierce
Email: david.pierce@emich.edu
Phone: 734.487.4380

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.

2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Music Courses: 70-75 hours

Core Courses: 41 hours

- MUSC 101 - Music Theory I 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 119 - Aural Skills I 1 hr
- MUSC 129 - Aural Skills II 1 hr
- MUSC 201 - Music Theory III 3 hrs
- MUSC 202 - Music Theory IV 3 hrs
- MUSC 211 - Basic Brass Class 1 hr
- MUSC 219 - Aural Skills III 1 hr
- MUSC 228 - Basic Music Literature 3 hrs
- MUSC 229 - Aural Skills IV 1 hr
- MUSC 232 - Voice Class 1 hr
- MUSC 241 - Percussion 1 hr
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr
- MUSC 253 - Functional Piano 1 hr
- MUSC 254 - Functional Piano 1 hr
- MUSC 261 - Basic String Class: Violin 1 hr
- MUSC 281 - Basic Woodwind Class 1 hr

- MUSC 301W - History of Music to 1750 (Gen Ed Area I, W) 4 hrs
- MUSC 302 - History of Music 3 hrs
- MUSC 326 - Conducting 2 hrs
- MUSC 327 - Instrumental Conducting 2 hrs
- MUSC 413 - Orchestration 2 hrs

Two courses from the following: 2 hours

- MUSC 212 - Brass Class 1 hr
- MUSC 262 - String Class: Viola 1 hr
- MUSC 263 - String Class: Cello and Double Bass 1 hr
- MUSC 282 - Woodwind Class 1 hr
- MUSC 283 - Woodwind Class 1 hr

Major Instrumental Ensembles: 8-11 hours

Only one hour per semester counted toward degree.

- Wind and Percussion Principals:
MUSC 249 - University Band: 8 hours
MUSC 149M - Marching Band: 3 hours
- String Principals:
MUSC 248 - University Orchestra: 8 hours

Elective Courses (string principals only): 3 hours

Applied Music Courses: 16 hours

Senior recital approval is required. Students must enroll in Applied Music during the semester the recital is performed.

Music majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.

Keyboard and guitar principals must take AMUS 115A - Secondary Applied Music/AMUS 115B - Secondary Applied Music (wind/percussion/string instrument) (total of 4 hrs).

- AMUS 116A - Principal Applied Music 2 hrs
4 semesters (minimum): 8 hours
- AMUS 416A - Principal Applied Music 2 hrs
4 semesters (minimum): 8 hours

Improvisation Requirement: 0-2 hours

Students in this degree must meet an improvisation requirement. This requirement may be met in one of the following ways:

- MUSC 244 - Jazz Ensemble 1 hr

- MUSC 250 - Jazz Combo 1 hr
- MUSC 305 - Keyboard Skills 2 hrs
- Other approved improvisation course (see an adviser for details)
- Contract in Applied Music for at least one Fall or Winter semester. An improvisation Contract must be completed by the student and approved by the applied music instructor and department head at the beginning of the semester. A written evaluation of the student's improvisation work must be provided by the applied music instructor and approved by the department head at the completion of the semester. Applied music improvisation projects can be in any style (jazz, classical, world music, etc.) and should be equivalent to one credit of independent study.

Professional Studies: 34 hours

Pre-Admission Phase: The Learner and the Community: 7 hours

The following courses may be taken before formal admission to the Initial Teacher Preparation Program:

- 100 clock hours of approved prestudent teaching field experiences (0 hrs)
- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and Social Context: 6 hours

- MUSC 332 - Instrumental Music in the Public Schools 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content Methods, Literacy and Technology: 9 hours

- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

One course from the following:

- MUSC 333 - Orchestral Methods 3 hrs
- MUSC 334 - Band Methods 3 hrs

Phase III: Capstone Experience: 12 hours

All Bachelor of Music Education students must pass a program specific screening exam before being approved for student teaching.

- EDUC 496 - Student Teaching 6 hrs
- EDUC 497 - Student Teaching 6 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Note:

Recital Attendance Requirement

Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. The number of events that transfer students and students seeking a second bachelor's degree must attend will be prorated, based on the number of semesters of work remaining at the time of their matriculation. Normally each semester the student will attend at least ten musical events, of which five are usually the Department of Music and Dance weekly student recitals. Credit will be received for attendance at any Department of Music and Dance event. Students must be present for an entire event to receive credit. The cards are collected at the end of the program. A student who is performing in an event may receive recital attendance credit for that event if the student performs in less than 50 percent of the event. Attendance at many non-departmental musical events may be credited toward the recital attendance requirement. To obtain credit, bring a ticket stub and program to the music office. The Head of the Department of Music and Dance will determine whether or not the event qualifies for recital credit.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a

minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

K-12 Music Education Major (Vocal)

Successful completion of this course of study, which leads to the bachelor of music education degree, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in music education, K-12 certification code JQ. The Michigan Test for Teacher Certification (MTTC) covering this field is #099, "Music."

At the time of admission, students with voice as a principal instrument must study keyboard and demonstrate the required level of proficiency for graduation; students with keyboard as a principal instrument must study voice and demonstrate the required level of proficiency for graduation; and students with guitar as a principal instrument must study both voice and piano, demonstrating the required level of proficiency on both for graduation.

Music and Dance Department Information:

Department Head: Diane Winder
Department Contact: diane.winder@emich.edu
Website: <http://www.emich.edu/musicdance/>

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Adviser Information:

Program Adviser: Dr. David Pierce
Email: david.pierce@emich.edu
Phone: 734.487.4380

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:

1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Music Courses: 69–77 hours

Catalog Correction: Credit Hour Total for this major is 68-76 Hours. 10/2013

Core Courses: 44 hours

- MUSC 101 - Music Theory I 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 119 - Aural Skills I 1 hr
- MUSC 129 - Aural Skills II 1 hr
- MUSC 201 - Music Theory III 3 hrs
- MUSC 202 - Music Theory IV 3 hrs
- MUSC 219 - Aural Skills III 1 hr
- MUSC 228 - Basic Music Literature 3 hrs
- MUSC 229 - Aural Skills IV 1 hr
- MUSC 241 - Percussion 1 hr
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr
- MUSC 253 - Functional Piano 1 hr
- MUSC 254 - Functional Piano 1 hr

- MUSC 274 - Functional Guitar 2 hrs
- MUSC 301W - History of Music to 1750 (Gen Ed Area I, W) 4 hrs
- MUSC 302 - History of Music 3 hrs
- MUSC 305 - Keyboard Skills 2 hrs
- MUSC 326 - Conducting 2 hrs
- MUSC 328 - Choral Conducting 2 hrs
- MUSC 413 - Orchestration 2 hrs

One course from the following:

- MUSC 211 - Basic Brass Class 1 hr
- MUSC 212 - Brass Class 1 hr

One course from the following:

- MUSC 261 - Basic String Class: Violin 1 hr
- MUSC 262 - String Class: Viola 1 hr
- MUSC 263 - String Class: Cello and Double Bass 1 hr

One course from the following:

- MUSC 281 - Basic Woodwind Class 1 hr
- MUSC 282 - Woodwind Class 1 hr
- MUSC 283 - Woodwind Class 1 hr

Major Vocal Ensemble: 8 hours

Must include at least four semesters of MUSC 131 - University Choir. Only one hour per semester counted toward degree.

Applied Music Courses: 16–24 hours

Number of credit hours is determined by audition and principal instrument of choice.

Music majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.

Principal Instrument Courses (Keyboard, Voice or Guitar): 16 hours

Senior recital approval is required. Students must enroll in applied music during the semester a degree recital is performed.

- AMUS 116A - Principal Applied Music 2 hrs
4 semesters (minimum): 8 hours
- AMUS 416A - Principal Applied Music 2 hrs
4 semesters (minimum): 8 hours

Secondary Instrument Courses (Keyboard, Voice or Guitar): 0–8 hours

One option from the following:

Option I: 0–4 hours

If voice is the principal instrument, take AMUS 115 (keyboard) until the prerequisite for AMUS 415 (keyboard) is met.

Option II: 0–4 hours

If keyboard is the principal instrument, take AMUS 115 (voice) until the prerequisite for AMUS 415 (voice) is met.

Option III: 0–8 hours

If guitar is the principal instrument, take AMUS 115 (keyboard) and AMUS 115 (voice) until the prerequisite for AMUS 415 is met in both instruments.

Improvisation Requirement: 0-2 hours

Students in this degree must meet an improvisation requirement. This requirement may be met in one of the following ways:

- MUSC 244 - Jazz Ensemble 1 hr
- MUSC 250 - Jazz Combo 1 hr
- MUSC 305 - Keyboard Skills 2 hrs
- Other approved improvisation course (see an adviser for details)
- Contract in Applied Music for at least one Fall or Winter semester. An improvisation Contract must be completed by the student and approved by the applied music instructor and department head at the beginning of the semester. A written evaluation of the student's improvisation work must be provided by the applied music instructor and approved by the department head at the completion of the semester. Applied music improvisation projects can be in any style (jazz, classical, world music, etc.) and should be equivalent to one credit of independent study.

Professional Studies: 34 hours

Pre-Admission phase: The Learner and the Community: 7 hours

The following courses may be taken before formal admission to the Initial Teacher Preparation Program:

- 100 clock hours of approved prestudent teaching field experiences (0 hrs)
- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 6 hours

- MUSC 330 - Music Education in the Elementary School 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content Methods, Literacy and Technology: 9 hours

- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- MUSC 331 - Music Education in the Secondary School 3 hrs
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 12 hours

All Bachelor of Music Education students must pass a program specific screening exam before being approved for student teaching.

- EDUC 496 - Student Teaching 6 hrs
- EDUC 497 - Student Teaching 6 hrs

Note:

Recital Attendance Requirement

Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. The number of events that transfer students and students seeking a second bachelor's degree must attend will be prorated, based on the number of semesters of work remaining at the time of their matriculation. Normally each semester the student will attend at least ten musical events, of which five are usually the Department of Music and Dance weekly student recitals. Credit will be received for attendance at any Department of Music and Dance event. Students must be present for an entire event to receive credit. The cards are collected at the end of the program. A student who is performing in an event may receive recital attendance credit for that event if the student performs in less than 50 percent of the event. Attendance at many non-departmental musical events may be credited toward the recital attendance requirement. To obtain credit, bring a ticket stub and program to the music office. The Head of the Department of Music and Dance will determine whether or not the event qualifies for recital credit.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the *100-level and above*. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Music Major

Students must complete the requirements for the Bachelor of Arts or Bachelor of Science degrees by including the academic major below and a different minor subject of 20 to 24 hours in some other department. Bachelor of Arts degrees include one year of foreign language. *Students will not earn a teaching certificate by completing this major.*

Music and Dance Department Information:

Department Head: Diane Winder
Department Contact: diane.winder@emich.edu
Website: <http://www.emich.edu/musicdance/>

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

Major Requirements: 52–53 hours

Core Courses: 30 hours

- MUSC 101 - Music Theory I 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 119 - Aural Skills I 1 hr
- MUSC 129 - Aural Skills II 1 hr
- MUSC 201 - Music Theory III 3 hrs
- MUSC 202 - Music Theory IV 3 hrs
- MUSC 219 - Aural Skills III 1 hr
- MUSC 228 - Basic Music Literature 3 hrs
- MUSC 229 - Aural Skills IV 1 hr
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr
- MUSC 253 - Functional Piano 1 hr
- MUSC 254 - Functional Piano 1 hr
- MUSC 301W - History of Music to 1750 (Gen Ed Area I, W) 4 hrs
- MUSC 302 - History of Music 3 hrs

Two courses from the following: 4–5 hours

- MUSC 315 - Introduction to Digital Music 2 hrs
- MUSC 317 - Music Composition 2 hrs
- MUSC 341 - Contrapuntal Techniques 2 hrs
- MUSC 401 - Music Theory-Literature V 2 hrs
- MUSC 402 - Music Theory-Literature VI 2 hrs
- MUSC 404 - Psychology of Music 3 hrs
- MUSC 413 - Orchestration 2 hrs

Major Ensemble: 6 hours

Only one hour per semester counted toward degree.

Applied Music (principal instrument): 12 hours

Music majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.

- AMUS 116A - Principal Applied Music 2 hrs
4 semesters (minimum): 8 hours
- AMUS 416A - Principal Applied Music 2 hrs
2 semesters (minimum): 4 hours

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Bachelor of Arts degrees include one year of foreign language.

Students must also complete University Electives to bring the total credits taken to be 124.

Recital Attendance Requirement

Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. Applied Music: 32 hours

Both a junior and a senior recital are required. Students must enroll in Applied Music during the semester each recital is performed.

Music majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.

- AMUS 116B - Principal Applied Music 4 hrs
4 semesters (minimum): 16 hours
- AMUS 416B - Principal Applied Music 4 hrs
4 semesters (minimum): 16 hours

Improvisation Requirement: 0-2 hours

Students in this degree must meet an improvisation requirement. This requirement may be met in one of the following ways:

- MUSC 244 - Jazz Ensemble 1 hr
- MUSC 250 - Jazz Combo 1 hr
- MUSC 305 - Keyboard Skills 2 hrs
- Other approved improvisation course (see an adviser for details)
- Contract in Applied Music for at least one Fall or Winter semester. An improvisation Contract must be completed by the student and approved by the applied music instructor and department head at the beginning of the semester. A written evaluation of the student's improvisation work must be provided by the applied music instructor and approved by the department head at the completion of the semester. Applied music improvisation projects can be in any style (jazz, classical, world music, etc.) and should be equivalent to one credit of independent study.

Courses Chosen According to Area of Specialization: 13-16 hours

Area I: Guitar

- Ensembles (8 hrs)
Only one hour per semester counted toward degree.
- Any elective courses in music (5-8 hrs)

Area II: Keyboard

- Ensembles (8 hrs) (may include up to two credit hours of accompanying)
Only one hour per semester counted toward degree.
- Elective courses in music (5-8 hrs)

Area III: Strings

- Elective courses in music (4–7 hrs)
- MUSC 248 - University Orchestra 1 hr
8 semesters (minimum): 8 hours Only one hour per semester counted toward degree.

One course from the following:

Violin principal:

One course from the following:

- AMUS 115A - Secondary Applied Music 1 hr
- MUSC 262 - String Class: Viola 1 hr

Viola principal:

One course from the following:

- AMUS 115A - Secondary Applied Music 1 hr
- MUSC 261 - Basic String Class: Violin 1 hr

Cello principal:

One course from the following:

- AMUS 115A - Secondary Applied Music 1 hr
- MUSC 263 - String Class: Cello and Double Bass 1 hr

String Bass principal:

One course from the following:

- AMUS 115A - Secondary Applied Music 1 hr
- MUSC 263 - String Class: Cello and Double Bass 1 hr

Area IV: Wind and Percussion

- Electives courses in music (5-8 hrs)
- MUSC 249 - University Band 1 hr
8 semesters (minimum): 8 hours

Minor Requirements:

This program does not require a minor.

Note:

Recital Attendance Requirement

Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. The number of events that transfer students and students seeking a second bachelor's degree must attend will be prorated, based on the number of semesters of work remaining at the time of their matriculation. Normally each semester the student will attend at least ten musical events, of which five are usually the Department of Music and Dance weekly student recitals. Credit will be received for attendance at any Department of Music and Dance event. Students must be present for an entire event to receive credit. The cards are collected at the end of the program. A student who is performing in an event may receive recital attendance credit for that event if the student performs in less than 50 percent of the event. Attendance at many non-departmental musical events may be credited toward the recital attendance requirement. To obtain credit, bring a ticket stub and program to the music office. The Head of the Department of Music and Dance will determine whether or not the event qualifies for recital credit.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.

- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Music Performance Major (Vocal)

The bachelor of music degree curriculum is available for students who wish to pursue a career in performance. All general education requirements must be completed, including one approved course in cross-cultural or international studies.

Music and Dance Department Information:

Department Head: Diane Winder

Department Contact: diane.winder@emich.edu

Website: <http://www.emich.edu/musicdance/>

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available [here](#). Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Adviser Information:

Program Adviser: Dr. David Pierce
Email: david.pierce@emich.edu
Phone: 734.487.4380

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 90-93 hours

Core Courses: 40-41 hours

- MUSC 101 - Music Theory I 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 119 - Aural Skills I 1 hr
- MUSC 129 - Aural Skills II 1 hr
- MUSC 201 - Music Theory III 3 hrs
- MUSC 202 - Music Theory IV 3 hrs
- MUSC 219 - Aural Skills III 1 hr
- MUSC 228 - Basic Music Literature 3 hrs
- MUSC 229 - Aural Skills IV 1 hr
- MUSC 235 - Diction in Singing 2 hrs
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr
- MUSC 253 - Functional Piano 1 hr
- MUSC 254 - Functional Piano 1 hr
- MUSC 301W - History of Music to 1750 (Gen Ed Area I, W) 4 hrs
- MUSC 302 - History of Music 3 hrs
- MUSC 305 - Keyboard Skills 2 hrs
- MUSC 326 - Conducting 2 hrs

Two courses from the following: 4-5 hours

- MUSC 315 - Introduction to Digital Music 2 hrs
- MUSC 317 - Music Composition 2 hrs
- MUSC 341 - Contrapuntal Techniques 2 hrs
- MUSC 401 - Music Theory-Literature V 2 hrs
- MUSC 402 - Music Theory-Literature VI 2 hrs
- MUSC 404 - Psychology of Music 3 hrs

- MUSC 413 - Orchestration 2 hrs

Major Vocal Ensemble: 8 hours

Only one hour per semester counted toward degree.

Applied Music: 32 hours

Both a junior and a senior recital are required. Students must enroll in Applied Music during the semester each recital is performed.

Music majors enrolled in Applied Music will also participate in a weekly studio class. Studio class times vary; please contact the Applied Music teacher for schedule.

University Information: Consult the online catalog at catalog.emich.edu.

Music Therapy Major

Successful completion of the requirements for the Bachelor of Music Therapy degree makes students eligible to sit for the Certification Examination given by the Certification Board for Music Therapists.TM

The Bachelor of Music Therapy degree is awarded on completion of this curriculum. The degree program is approved by the American Music Therapy Association.

Certification in Music Therapy

The Certification Board for Music Therapists (CBMT) mandates that candidates for board certification must have successfully completed the academic and clinical training requirements for music therapy, or their equivalent, as established by the American Music Therapy Association. Candidates who pass the CBMT examination are allowed to use the credential "Music Therapist-Board Certified" (MT-BC).

Admission

Students must submit a 3-page double-spaced essay on the topic of "Why I wish to pursue a degree in music therapy." Include personal perspectives and motivations as well as current understanding of the field of music therapy and how you see yourself within the field. All essays are to be saved as a Word (.doc or .docx) document and sent as an attachment to Dr. Theresa Merrill, Director of Music Therapy at tmerrill1@emich.edu.

At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.

- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Music Minor

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available at: emich.edu/music/apply. Applications must be submitted at least seven days in advance of the requested audition day.

Music and Dance Department Information:

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Adviser Information:

Program Adviser: Dr. David Pierce
Email: david.pierce@emich.edu
Phone: 734.487.4380

Required Area Courses: 14 hours

- Ensembles (2 hrs)
Only one hour per semester counted toward degree.
- AMUS 115A - Secondary Applied Music 1 hr
2 semesters (minimum): 2 hours
- MUSC 101 - Music Theory I 3 hrs
- MUSC 102 - Music Theory II 3 hrs
- MUSC 119 - Aural Skills I 1 hr
- MUSC 129 - Aural Skills II 1 hr
- MUSC 251 - Functional Piano 1 hr
- MUSC 252 - Functional Piano 1 hr

Electives: 6 hours

Any music courses for which the student meets the prerequisites.

Minor Total: 20 hours

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.

- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Certificate

Music Therapy Equivalency Certificate

The Music Therapy Post-Baccalaureate Certificate Program is for students with a music degree from a National Association of Schools of Music accredited institution (or an equivalent institution outside of the United States) and an interest in specialized studies that will lead to meeting the eligibility requirements to take the certification examination in music therapy administered by the Certification Board for Music Therapists. Successful passing of this examination leads to the person being credentialed as a music therapist—board certified. The courses within this equivalency certificate program are approved by the American Music Therapy Association, and accredited by the National Association of Schools of Music.

Admission

Students must satisfy admission requirements of the University, the Department of Music and Dance and the Music Therapy Program. Please note that an audition is not required unless students want to take applied music lessons on their principal instrument while completing this certificate. Applied music may be required in secondary instruments to prepare the student to pass the EMU Music Therapy Competencies. Students must be admitted into the music therapy post-baccalaureate certificate program before enrolling in required course work. Requirements for admission into this certificate program include the following:

1. Submission of the completed application, nonrefundable application fee and all official undergraduate and graduate transcripts to undergraduate admissions in the Office of Admissions.

2. The earned equivalent of a U.S. bachelor's degree in music from an accredited college or University.
3. Submission of a 3-page double-spaced essay on the topic of "Why I wish to pursue a degree in music therapy." Include personal perspectives and motivations as well as current understanding of the field of music therapy and how you see yourself within the field. All essays are to be saved as a Word (.doc or .docx) document and sent as an attachment to Dr. Theresa Merrill, Director of Music Therapy at tmerrill1@emich.edu.
4. A personal interview with the coordinator of music therapy is required. This interview will explore the applicant's (1) interest in and general knowledge of music therapy, (2) music skills and (3) personal potential for being a successful music therapist.
5. Applicants whose native language is not English must demonstrate English language proficiency.

Certificate Requirements

The Post-Baccalaureate Music Therapy Equivalency Certificate Program must consist of all music therapy courses required for the bachelor of music therapy degree.

Courses in the sciences and in other areas to meet the American Music Therapy Association's educational standards are required.

Students must successfully demonstrate the EMU music therapy competencies in guitar, piano and voice before being eligible to enter the required clinical training (internship). Copies of the criteria for the competencies can be obtained from the coordinator of music therapy.

A specific program of study will be developed by the coordinator of music therapy, in consultation with the student, once the student is admitted into the equivalency certificate program.

Critical Information regarding Certificates

Undergraduate certificates may only be offered in conjunction with or subsequent to a baccalaureate degree. They cannot be 'stand alone' certificates, offered to students who are not pursuing or do not have a bachelor's degree. For students pursuing an undergraduate certificate concurrent with a bachelor's degree, the certificate will be awarded upon graduation.

Music and Dance Department Information:

Department Head: Diane Winder
Department Contact: diane.winder@emich.edu
Website: <http://www.emich.edu/musicdance/>

All prospective students (including transfers) must apply to the Department of Music and Dance and complete an entrance audition. Admissions information and access to the department's online application are available here. Applications must be submitted at least seven days in advance of the requested audition day.

In addition to the degree requirements stated below, students must learn and abide by these departmental policies.

Adviser Information:

Program Adviser: Dr. David Pierce
Email: david.pierce@emich.edu
Phone: 734.487.4380

Music Therapy Courses: 31 hours

- MUSC 103 - Introduction to Music Therapy 3 hrs
- MUSC 109 - Music Therapy Improvisation Ensemble I 1 hr
- MUSC 209 - Music Therapy Improvisation Ensemble II 1 hr
- MUSC 225 - Voice Skills with Special Populations 1 hr
- MUSC 226 - Guitar Skills with Special Populations 2 hrs
- MUSC 236 - Pre-internship Clinical Training in Music Therapy I 1 hr
- MUSC 237 - Pre-internship Clinical Training in Music Therapy II 1 hr
- MUSC 238 - Methods and Materials in Music Therapy 3 hrs
- MUSC 303 - Music Therapy Clinical Approaches 2 hrs
- MUSC 304 - Music Therapy Professional Skills 2 hrs
- MUSC 309 - Music Therapy Improvisation Ensemble III 1 hr
- MUSC 323 - Pre-internship Clinical Training in Music Therapy III 1 hr
- MUSC 324 - Pre-internship Clinical Training in Music Therapy IV 1 hr
- MUSC 404 - Psychology of Music 3 hrs
- MUSC 405 - Music Therapy Research 3 hrs
- MUSC 409 - Music Therapy Improvisation Ensemble IV 1 hr
- MUSC 427 - Pre-internship Clinical Training in Music Therapy V 1 hr
- MUSC 428 - Pre-internship Clinical Training in Music Therapy VI 1 hr
- MUSC 488 - Clinical Training Internship in Music Therapy 2 hrs

Additional Requirements: 0–12 hours

Other courses may be required depending on the course content of the student's previous degree(s). Additional courses that are often required are:

- PEGN dance activity courses or DANC course (2 hrs)
- MUSC 326 - Conducting 2 hrs
- MUSC 413 - Orchestration 2 hrs
- PSY 360 - Abnormal Psychology 3 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

Certificate Total: 31–43 hours

The number of required hours for the certificate depend upon the student's undergraduate degree.

Note:

Recital Attendance Requirement

Each undergraduate music major must attend a total of 80 recitals/concerts (events) during their time of undergraduate study; they will receive credit for no more than 25 events per academic year. Students who fail to meet this requirement will not be permitted to graduate. The number of events that transfer students and students seeking a second bachelor's degree must attend will be prorated, based on the number of semesters of work remaining at the time of their matriculation. Normally each semester the student will attend at least ten musical events, of which five are usually the Department of Music and Dance weekly student recitals. Credit will be received for attendance at any Department of Music and Dance event. Students must be present for an entire event to receive credit. The cards are collected at the end of the program. A student who is performing in an event may receive recital attendance credit for that event if the student performs in less than 50 percent of the event. Attendance at many non-departmental musical events may be credited toward the recital attendance requirement. To obtain credit, bring a ticket stub

and program to the music office. The Head of the Department of Music and Dance will determine whether or not the event qualifies for recital credit.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

Applied Music

AMUS 115A - Secondary Applied Music

Secondary applied music. May be repeated for credit.

Credit Hours: 1 hr

AMUS 115B - Secondary Applied Music

Secondary applied music. May be repeated for credit.

Credit Hours: 2 hrs

AMUS 116A - Principal Applied Music

Lower-level principal applied music. May be repeated for credit.

Credit Hours: 2 hrs

AMUS 116B - Principal Applied Music

Lower-level principal applied music. May be repeated for credit.

Credit Hours: 4 hrs

AMUS 415A - Secondary Applied Music

Upper-level secondary applied music. May be repeated for credit.

Credit Hours: 1 hr

Prerequisite: First semester of 400-level Applied Music must be approved by applied music teacher.

AMUS 415B - Secondary Applied Music

Upper-level secondary applied music. May be repeated for credit.

Credit Hours: 2 hrs

Prerequisite: First semester of 400-level Applied Music must be approved by applied music teacher.

AMUS 416A - Principal Applied Music

Upper-level principal applied music. May be repeated for credit.

Credit Hours: 2 hrs

Prerequisite: First semester of 400-level Applied Music must be approved by applied music teacher.

AMUS 416B - Principal Applied Music

Upper-level principal applied music. May be repeated for credit.

Credit Hours: 4 hrs

Prerequisite: First semester of 400-level Applied Music must be approved by applied music teacher.

Dance

DANC 100 - Ballet I (Gen Ed Area IV)

Introduces the theory and technique of classical ballet at the beginning level for the non-major student. Develops and maintains classical ballet technique at the beginning level and fosters understanding of ballet as an historical and contemporary art form.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

DANC 100 Ballet Fundamentals

Dance is the unspoken language of the human body common to all people in the global community. It existed as a means of communication before even the development of language. Ballet is the codification of western classical dance with its structure rooted deep in history and tradition and the forerunner of the other established dance forms. The study of ballet involves all the arts including music, theatrical production and visual elements. Students in DANC 100 will actively participate by dancing in a traditional classical ballet class. Through this participation and supplemental lectures, discussions, video viewings, students will learn how to critically view their own ballet performances and those of others: learn codified ballet vocabulary and how to embody that vocabulary kinesthetically; how to creatively and critically problem-solve with ballet movement; and the history of the art form.

Last Updated: Fall 2010; effective Winter 2011

DANC 101 - Jazz I

Introduces the theory and technique of jazz dance at the beginning level for the nonmajor student. Develops and maintains jazz style and technique for the student at the beginning level and fosters a critical understanding of jazz as an historical and contemporary art form.

Credit Hours: 2 hrs

DANC 102 - Modern Dance Fundamentals (Gen Ed Area IV)

Introduces the theory and technique of modern dance at the beginning level for the non-major student. Designed to give students introductory experiences in modern dance as a contemporary performing art and fosters the critical understanding of modern dance as an historical and contemporary art form.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

DANC 102 Fundamentals of Modern Dance

Modern Dance Fundamentals for non-majors meets the general education requirements for Arts in the knowledge of the disciplines. In this course, students will be introduced to the methodologies unique to the art form of modern dance. Modern dance, a form of human movement, provides a highly organized system for experiencing, organizing, creating, interpreting and evaluating the world around us. Modern dance embodies and perpetuates cultural values and traditions in a manner that is direct, universal and different from verbal forms of communication. In its close association with the human body, movement, space and time, modern dance can convey knowledge and meaning not learned through the study of other subjects. Modern dance communicates experiences common to all, and can convey contemporary cultural values such as those associated with the environment, patriotism, war or spirituality. In modern dance, personal and cultural meanings go far beyond mere, codified technique and entertainment. Through lectures, observation and experiential modes, students will learn how modern dance conveys personal and cultural meaning through qualities that are unique to modern dance.

Last Updated: Fall 2010; effective Winter 2011

DANC 103 - Tap I

Introduces the theory and technique of tap at the beginning level for the non-major student. Will develop and maintain tap technique and foster critical understanding of tap as an historical and contemporary art form.

Credit Hours: 2 hrs

DANC 104 - Hip-Hop Dance

An introduction to the theory and technique of hip-hop dance at the beginning level for the non-dance major student. Develops hip-hop technique and fosters understanding of hip-hop as a contemporary art form. Taught as a lecture/laboratory course.

Credit Hours: 2 hrs

DANC 105 - African Dance

The theory and technique of beginning African dance for the nonmajor dance student. Introduces students to African culture through traditional dance and music. Taught as a lecture/laboratory course.

Credit Hours: 2 hrs

DANC 106 - Introduction to the Performing Arts (Gen Ed Area IV)

A survey of the arts of dance, theatre and music; developing an understanding and appreciation of representative works in the three fields. The place of these arts in contemporary society and their contribution to a richer life. Attendance required at specific on-campus performances. This is a team taught course.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

DANC 106 Introduction to Performing Arts

Introduction to the Performing Arts meets the general education requirement for Arts in the knowledge of the disciplines. The performing arts provide knowledge about the world and ways of experience it that contribute to an understanding that is both unique and different from those gained through other disciplines. The arts present insights about personal experiences common to

us all- experiences such as birth, love, conflict and death. They also convey cultural meanings and values, such as patriotism and war. In the arts, personal and cultural meanings go far beyond the enjoyment of beauty. The arts convey knowledge and meaning not learned through the study of other subjects. In this course, students will learn how the performing arts convey personal and cultural meaning in lived space and time through qualities such as movement and sound that are unique to dance, music and theatre, they will discover the rich and unique ways that meaning in the performing arts takes shape in specific mediums, genres and styles.

DANC 107 - Rhythmic Analysis and Dance Accompaniment

The study of rhythm, sound and music literature as related to the teaching and performing of dance. Assigned listening experiences and designated explorations of pertinent elements of music.

Credit Hours: 3 hrs

DANC 108 - Classical Ballet Technique I for Dance Majors/Minors

A lecture/laboratory class that introduces the theory and technique of beginning/intermediate classical ballet and fosters critical understanding of ballet as an art form at the dance major/minor level.

Credit Hours: 3 hrs

DANC 109 - Classical Ballet Technique II for Dance Majors/Minors

A lecture/laboratory class that introduces the theory and technique of intermediate classical ballet and fosters critical understanding of ballet as an art form at the dance major/minor level.

Credit Hours: 3 hrs

Prerequisite: DANC 108 or equivalent and/or permission

Major Restrictions: Dance major or minor only

Last Updated: Fall 2010; effective Winter 2011

DANC 110 - Modern Dance I for Dance Majors/Minors

A lecture/laboratory class that introduces the theory and technique of modern dance and fosters critical understanding of modern as an art form at the dance major/minor level.

Credit Hours: 3 hrs

DANC 111 - Modern Dance II for Dance Majors/Minors

A lecture/laboratory class that develops the theory and technique of modern dance and fosters critical understanding of modern as an art form at the dance major/minor level.

Credit Hours: 3 hrs

Prerequisite: DANC 110 or equivalent and/or permission

Major Restrictions: Dance major or minors only

Last Updated: Fall 2010; effective Winter 2011

DANC 112 - Pilates Mat Exercises

The theory and technique of beginning level Pilates technique for both the dance major/minor and nonmajor student. This course is designed to familiarize students with the technical, conceptual and historical foundations of Pilates, as applied to Pilates techniques.

Credit Hours: 2 hrs

Lecture/Lab Hours: Class is conducted in a lecture/laboratory format.

DANC 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: 02/2011

DANC 200 - Ballet II

The continuance of beginning/intermediate ballet technique and theory for the nonmajor student.

Credit Hours: 2 hrs

Prerequisite: DANC 100 and/or instructor permission

Last Updated: Links 04/2011

DANC 201 - Jazz II

The continuance of beginning/intermediate jazz theory and technique for the nonmajor student.

Credit Hours: 2 hrs

Prerequisite: DANC 101 and/or instructor permission

Last Updated: Fall 2010; effective Winter 2011

DANC 202 - Modern Dance II

The continuance of beginning/intermediate modern theory and technique for the nonmajor student.

Credit Hours: 2 hrs

Prerequisite: DANC 102 and/or instructor permission

Last Updated: Links 04/2011

DANC 208 - Classical Ballet Technique III

Theory and technique of intermediate classical ballet.

Credit Hours: 3 hrs

Prerequisite: DANC 109 or equivalent and/or permission

Major Restrictions: Dance major and minors only

Last Updated: Fall 2010; effective Winter 2011

DANC 209 - Classical Ballet Technique IV

A continuation of the theory and technique of advanced and intermediate classical ballet.

Credit Hours: 3 hrs

Prerequisite: DANC 208 or equivalent and/or permission

Major Restrictions: Dance majors and minors only

Last Updated: Fall 2010; effective Winter 2011

DANC 210 - Modern Dance Technique III

A continuation of DANC 111. The theory and technique of intermediate modern dance.

Credit Hours: 3 hrs

Prerequisite: DANC 111 or equivalent, and/or department permission

Major Restrictions: Dance major and minors only

Last Updated: Fall 2010; effective Winter 2011

DANC 211 - Modern Dance Technique IV

A continuation of DANC 210. The theory and technique of modern dance.

Credit Hours: 3 hrs

Prerequisite: DANC 210 or equivalent, and/or department permission

Major Restrictions: Dance major and minors only

Last Updated: Fall 2010; effective Winter 2011

DANC 214 - Pointe and Variations

A study of beginning pointe techniques in classical ballet for students with a strong technical ballet base. Classical ballet variations with appropriate technique, theory, and history will also be learned. Taught as a lecture/laboratory.

Credit Hours: 2 hrs

DANC 220 - Dance for the Elementary School Teacher

In this course students will learn both the theoretical and historical underpinnings of dance as well as the practical applications of dance and creative movement to the implementation of elementary school instruction.

Credit Hours: 3 hrs

DANC 245 - Elements of Dance Composition

An introduction to the fundamentals of choreography, including the use of improvisation and the development of compositions. Exploration and manipulation of the elements of dance.

Credit Hours: 3 hrs

Prerequisite: DANC 107, DANC 111 or department permission

Last Updated: Links 04/2011

DANC 255 - Dance Production

A study of the fundamentals of dance production including publicity, planning and organization, set design and construction, stage lighting, sound effects, recording, costuming and stage makeup. Laboratory projects coordinated with dance productions.

Credit Hours: 3 hrs

DANC 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 320 - Dance Workshop

The Dance Workshop is proposed as an integral part of the dance curriculum because it synthesizes experiences from dance theory, technique and composition in the act of performance. As a practicum in rehearsal and performance, workshops are considered essential to the balance of the total curriculum.

Credit Hours: 1 hr

DANC 331 - Service Teaching–Ballet

Service teaching is designed to provide practical experience for students to assist in dance technique classes in the dance program. This experience should be under the direction of a qualified instructor and must be approved prior to registering.

Credit Hours: 1 hr

DANC 333 - Service Teaching–Modern Dance

Service teaching is designed to provide practical experience for students to assist in dance technique classes in the dance program. This experience should be under the direction of a qualified instructor and must be approved prior to registering.

Credit Hours: 1 hr

DANC 350W - History of Dance: Prehistoric to Renaissance (Gen Ed Area I, W)

A study of the historical development of Western theatrical dance from prehistoric times to the Renaissance, as well as the aesthetic, political, social and cultural contexts associated with the dances of these periods. Satisfies the first semester of a two semester writing for dance majors.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or instructor permission

DANC 351W - History of Dance: Romanticism to the Present (Gen Ed Area I, W)

A study of the historical development of Western theatrical dance from the Romantic era to the present, as well as the political, social and cultural contexts associated with the dances of these periods.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or instructor permission

DANC 354 - Methods and Materials in Teaching of Dance

A study of the methods and the use of materials in the teaching of dance idioms K-12. Modes and models that facilitate learning, lesson planning and vertical progression. Experiences in teaching and field observations.

Credit Hours: 3 hrs

Last Updated: Fall 2010; effective Winter 2011

DANC 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 422 - Dance Workshop

The Dance Workshop is proposed as an integral part of the dance curriculum because it synthesizes experiences from dance theory, technique and composition in the act of performance. As a practicum in rehearsal and performance, workshops are considered essential to the balance of the total curriculum.

Credit Hours: 2 hr

DANC 450 - Advanced Dance Composition

An extension of the principles explored in DANC 245 with emphasis on structural development and experiences in the use of thematic materials, selected dance idioms, multimedia resources and group choreography. A choreographic work will be required of students.

Credit Hours: 4 hrs

Prerequisite: DANC 245

Last Updated: Fall 2010; effective Winter 2011

DANC 455 - Seminar in Dance

Current literature and dance research, trends in dance education and developments in contemporary concert dance. Lecture-discussion.

Credit Hours: 2 hrs

Prerequisite: DANC 245, DANC 450 or department permission

Last Updated: Links 04/2011

DANC 456 - Creative Dance for Children

Goals, concepts, materials and experiences to teach children's creative dance.

Credit Hours: 2 hrs

DANC 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

DANC 497 - Directed Study

An opportunity for directed study in areas not provided in other course offerings, or greater depth of study in areas in which the student has a continuing interest. Students will be assigned to select faculty members for direction, consultation and evaluation of the completed study or project. Open only to department majors and minors who have attained junior standing, with a GPA of 3.0 or above, and who have completed the appropriate background courses.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 498 - Directed Study

An opportunity for directed study in areas not provided in other course offerings, or greater depth of study in areas in which the student has a continuing interest. Students will be assigned to select faculty members for direction, consultation and evaluation of the completed study or project. Open only to department majors and minors who have attained junior standing, with a GPA of 3.0 or above, and who have completed the appropriate background courses.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

DANC 499 - Directed Study

An opportunity for directed study in areas not provided in other course offerings, or greater depth of study in areas in which the student has a continuing interest. Students will be assigned to select faculty members for direction, consultation and evaluation of the completed study or project. Open only to department majors and minors who have attained junior standing, with a GPA of 3.0 or above, and who have completed the appropriate background courses.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Fall 2010; effective Winter 2011

Music

MUSC 100 - Music Fundamentals (Gen Ed Area IV)

Designed for the nonmusic major, an introduction to the basic elements of music: notation of pitch and rhythm, intervals, scales, chords, tonality, and form. Includes beginning aural training. A preparatory course for the music major or minor deficient in music theory and aural skills.

Credit Hours: 3 hrs

Major Restrictions: Non-Music Majors

Area IV: Knowledge of the Disciplines

MUSC 100 Music Fundamentals

Music Fundamentals (MUSC 100) meets the Arts requirement for Knowledge of the Disciplines because students in this course learn the basic elements of music through the exploration of the underlying properties of organized sound. Enhanced critical perception is achieved through aural, verbal, and visual analysis, and accompanied by an understanding of historical, cultural, and stylistic influences. Through this course, students develop basic skills in musicianship and gain a multifaceted understanding of the musical arts.

Last Updated: Gen Ed Approval 12/2011, effective Winter 2012; Title and Course Description Change 10/2011, effective Winter 2012

MUSC 101 - Music Theory I

Integrated theory course dealing with perception, writing, analysis and performance of basic musical materials; stylistic comprehension of music of all periods.

Credit Hours: 3 hrs

Corequisites: MUSC 119

Major Restrictions: Music Majors and Minors only

Last Updated: Links 04/2011

MUSC 102 - Music Theory II

Continuation of MUSC 101.

Credit Hours: 3 hrs

Prerequisite: MUSC 101 (with a grade of C or better) and MUSC 119 (with a grade of C or better)

Corequisites: MUSC 129

Major Restrictions: Music Majors and Minors only

Last Updated: Links 04/2011

MUSC 103 - Introduction to Music Therapy

Introductory survey of the various clientele served by music therapists, current career opportunities and exploration of interventions utilized by music therapists to achieve specific music therapy goals. Observation of Board Certified Music Therapists in hospital, clinical and school settings is required.

Credit Hours: 3 hrs

MUSC 105 - Appreciating Jazz: America's Music (Gen Ed Area IV)

Starting with the American Nineteenth Century, this course will examine the ways in which jazz evolved from vernacular and folk styles into an internationally recognized form of art music. Students will learn to aurally recognize performers and compositions from all of the major stylistic periods in jazz history and to recognize common song structures.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

MUSC 105- Appreciating Jazz: America's Music

Through this course, students will achieve a deeper understanding of how jazz is uniquely an American art music, learn how it came into being, and develop the skills and knowledge to appreciate the art and its practitioners. Student will also learn the fundamentals of music through the exploration of the underlying properties of organized sound such as melody, harmony, rhythm, texture and form.

Last Updated: Gen Ed Approval 5/2012, effective Winter 2013; Course Number Change 03/2012; New Course 01/2012, effective Winter 2012

MUSC 106 - Introduction to the Performing Arts (Gen Ed Area IV)

A survey of the arts of dance, theatre and music, that seeks to develop an understanding and appreciation of representative works in the three fields and an awareness of the place of these arts in contemporary society. Attendance required at specified on-campus performances.

Credit Hours: 3 hrs

Major Restrictions: Not open to Music Majors, Dance Majors or Theater Majors

Area IV: Knowledge of the Disciplines

MUSC 106 Introduction to Performing Arts

Introduction to the Performing Arts meets the general education requirement for Arts in the knowledge of the disciplines. The performing arts provide knowledge about the world and ways of experience it that contribute to an understanding that is both unique and different from those gained through other disciplines. The arts present insights about personal experiences common to us all- experiences such as birth, love, conflict and death. They also convey cultural meanings and values, such as patriotism and war. In the arts, personal and cultural meanings go far beyond the enjoyment of beauty. The arts convey knowledge and meaning not learned through the study of other subjects. In this course, students will learn how the performing arts convey personal and

cultural meaning in lived space and time through qualities such as movement and sound that are unique to dance, music and theatre, they will discover the rich and unique ways that meaning in the performing arts takes shape in specific mediums, genres and styles.

MUSC 107 - Music Appreciation (Gen Ed Area IV)

Guides the student in listening to and understanding various types, forms and styles of instrumental and vocal music of the world. Representative works of all periods and cultures, including contemporary developments, will be studied. Attendance at some concerts and recitals required.

Credit Hours: 3 hrs

Major Restrictions: Non-Music Majors

Area IV: Knowledge of the Disciplines

MUSC 107 Music Appreciation

Music is a window into the values and identity of a culture- past and present. To understand a culture's music is to gain insight into the people who created it, who express themselves through it, and identify with it. Aesthetic education distinguishes people who have a university education. From the time of the ancient Greeks, music has been recognized as essential in the training of the mind, body and soul. Today, appreciation of music as an art form, and deeper understanding of the art of music, leads people to perceive qualities not found in the other arts.

MUSC 107 Music Appreciation guides the student in listening to and understanding various types, forms and styles of instrumental and vocal music of the world, representative works of all periods and cultures, including contemporary developments.

MUSC 108 - World Music

Designed for the non-music major, a study of the World's music. Basic musical concepts are used to explore diverse musical styles and their functions in cultures throughout the world. This course assumes no prior formal musical training.

Credit Hours: 3 hrs

Last Updated: New Course 6/2012, effective Winter 2013

MUSC 109 - Music Therapy Improvisation Ensemble I

This introductory course will explore instrumental, vocal and movement improvisations. The student will gain insight into making personal-musical decisions and begin to explore the possible uses of improvisation in music therapy clinical practice.

Credit Hours: 1 hr

Prerequisite: MUSC 103

Major Restrictions: Students in Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency program only

Last Updated: Links 04/2011

MUSC 119 - Aural Skills I

Development of fundamental sight-singing techniques as well as skills in notating performed melodic and harmonic musical examples. Objectives of the course parallel those of MUSC 101.

Credit Hours: 1 hr

Corequisites: MUSC 101

Major Restrictions: Music Majors and Minors only

Last Updated: Links 04/2011

MUSC 129 - Aural Skills II

A continuation of MUSC 119. Development of intermediate sight-singing techniques as well as skills in notating performed melodic and harmonic musical examples. Objectives of the course parallel those of MUSC 102.

Credit Hours: 1 hr

Prerequisite: MUSC 101 (with a grade of C or better) and MUSC 119 (with a grade of C or better)

Corequisites: MUSC 102

Major Restrictions: Music Majors and Minors only

Last Updated: Links and prerequisite changes 04/2011

MUSC 131 - University Choir

Open to all students by audition.

Credit Hours: 1 hr

Prerequisite: Audition

Last Updated: 03/2011

MUSC 136 - Chamber Choir

Open to all students by audition.

Credit Hours: 1 hr

Prerequisite: Audition

Last Updated: 03/2011

MUSC 149A - Athletic Band

Open to all students by audition. The Athletic Band performs for men's and women's basketball home games. Athletic Band is offered as a credit/non-credit course.

Credit Hours: 1 hr

Prerequisite: Audition

Notes: Only offered during the Winter semester.

Last Updated: 03/2011

MUSC 149M - Marching Band

Open to all students by audition. EMU Marching Band performs at home football games and other events. Marching Band is offered as a graded course.

Credit Hours: 1 hr

Prerequisite: Audition

Notes: Only offered during the Fall semester.

Previously Listed As: MUSC 149

Last Updated: 12/2010

MUSC 151 - Class Piano

Group instruction in piano for students with no previous keyboard experience.

Credit Hours: 2 hrs

Major Restrictions: Non-Music Majors only

MUSC 152 - Class Piano

Continuation of MUSC 151 with emphasis on the functional aspects of piano playing and elementary piano literature.

Credit Hours: 2 hrs

Prerequisite: MUSC 151 or by department permission

Major Restrictions: Non-Music Majors only

Last Updated: Links 04/2011

MUSC 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

MUSC 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

MUSC 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

MUSC 201 - Music Theory III

Continuation of MUSC 102 with more emphasis on harmonic, melodic, compositional and structural techniques of 16th through 20th centuries.

Credit Hours: 3 hrs

Prerequisite: MUSC 102 (with a grade of C or better) and MUSC 129 (with a grade of C or better)

Corequisites: MUSC 219

Major Restrictions: Music Majors and Minors only
Last Updated: Prerequisite change 05/2011, effective Fall 2011

MUSC 202 - Music Theory IV

Continuation of MUSC 201.

Credit Hours: 3 hrs

Prerequisite: MUSC 201 (with a grade of C or better) and MUSC 219 (with a grade of C or better)

Corequisites: MUSC 229

Major Restrictions: Music Majors and Minors only

Last Updated: Prerequisite change 05/2011, effective Fall 2011

MUSC 209 - Music Therapy Improvisation Ensemble II

This post-introductory course explores improvisatory skills on piano, guitar and in voice using the pentatonic, organum, sedative and blues styles.

Credit Hours: 1 hr

Major Restrictions: Students in Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

MUSC 211 - Basic Brass Class

The teaching and playing of trumpet and trombone.

Credit Hours: 1 hr

Major Restrictions: Music Majors and Minors only

MUSC 212 - Brass Class

The teaching and playing of French horn, euphonium and tuba.

Credit Hours: 1 hr

Major Restrictions: Music Majors and Minors only

MUSC 219 - Aural Skills III

A continuation of MUSC 129. Development of intermediate/advanced sight-singing techniques as well as skills in notating performed melodic and harmonic musical examples. Objectives of the course parallel those of MUSC 201. For music majors and minors. Taken concurrently with MUSC 201.

Credit Hours: 1 hr

Prerequisite: MUSC 102 (with a grade of C or better) and MUSC 129 (with a grade of C or better)

Corequisites: MUSC 201

Last Updated: Prerequisite change 05/2011, effective Fall 2011

MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV)

A course to prepare pre-service teachers to successfully use music as an integral and meaningful part of the elementary school curricula. In this experiential class, students will acquire the basic knowledge and skills to help young children 1) use music as a

means to express ideas, feelings and concerns 2) analyze music from both formal and contextual viewpoints and 3) develop an understanding of the unique role of music in human experiences, as well as the commonalities it shares with dance, drama and the visual arts.

Continuation of MUSC 236.

Credit Hours: 1 hr

Prerequisite: MUSC 236

Class Restrictions: Sophomore standing or above

Major Restrictions: Students in the Bachelor of Music Therapy or Bachelor of Music Therapy: Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: Links 04/2011

MUSC 238 - Methods and Materials in Music Therapy

Study of resources available in music therapy and their systematic application to meet the treatment needs of children and adults with various dysfunctions.

Credit Hours: 3 hrs

Prerequisite: MUSC 236

Class Restrictions: Sophomore standing or above

Major Restrictions: Students in the Bachelor of Music Therapy or Bachelor of Music Therapy: Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: Links 06/2011

MUSC 241 - Percussion

The teaching and playing of snare drum, tympani and keyboard percussion with an emphasis on group lesson techniques; survey of accessory instruments; introduction of methods, literature and use of the percussion ensemble.

Credit Hours: 1 hr

Major Restrictions: Music Majors and Minors only

MUSC 243 - Percussion Ensemble

For students enrolled in applied music: percussion or department permission.

Credit Hours: 1 hr

Prerequisite: Music majors and minors only

MUSC 244 - Jazz Ensemble

Large ensemble performance class dealing with the elements of ensemble techniques and improvisation with special emphasis on the function of jazz in music education.

Credit Hours: 1 hr

Prerequisite: audition

Last Updated: 04/2011; effective Spring 2011; 05/2011 description; effective 05/2011.

MUSC 246 - String Ensemble

Chamber music for strings.

Credit Hours: 1 hr

Prerequisite: department permission

MUSC 247 - Woodwind Ensemble

Chamber music for woodwinds.

Credit Hours: 1 hr

Prerequisite: department permission

MUSC 248 - University Orchestra

Open to all students by audition.

Credit Hours: 1 hr

Prerequisite: audition

MUSC 249 - University Band

Wind band performance classes. Open to all students in the University. An audition is required for placement in the Wind Symphony, and may be required for the Symphonic Band.

Credit Hours: 1 hr

Prerequisite: Audition

Last Updated: 11/2008; effective Spring 2009

MUSC 250 - Jazz Combo

Small ensemble performance class dealing with various styles of jazz, emphasizing improvisation and chord reading. Open to all students by audition.

Credit Hours: 1 hr

Last Updated: 04/2011; effective Spring 2011

MUSC 251 - Functional Piano

Teaches keyboard skills necessary both for accompaniment of simple music and for developing musical understanding basic to all course work in music.

Credit Hours: 1 hr

Major Restrictions: Music Majors and Minors only

MUSC 252 - Functional Piano

Continuation of MUSC 251. Any break in the continuity of functional piano courses will require an audition before resumption of study.

Credit Hours: 1 hr

Prerequisite: MUSC 251

Major Restrictions: Music Majors and Minors only

Last Updated: Links 04/2011

MUSC 253 - Functional Piano

Continuation of MUSC 252. Stresses keyboard harmony, accompaniment, sight-reading, piano literature and technique. Any break in the continuity of functional piano courses will require an audition before resumption of study.

Credit Hours: 1 hr

Prerequisite: MUSC 252

Major Restrictions: Music Majors and Minors only

Last Updated: Links 04/2011

MUSC 254 - Functional Piano

Continuation of MUSC 253. Additional accompaniment experience, keyboard harmony, improvisation, piano literature and techniques. Any break in the continuity of functional piano courses will require an audition before resumption of study.

Credit Hours: 1 hr

Prerequisite: MUSC 253

Major Restrictions: Music Majors and Minors only

Last Updated: Links 04/2011

MUSC 261 - Basic String Class: Violin

The teaching and playing of the violin from a pedagogical approach. Small and large group instruction and current methods including rote and Suzuki approaches. Designed primarily for music education and music therapy majors.

Credit Hours: 1 hr
Major Restrictions: Music Majors and Minors only
Last Updated: 03/2011

MUSC 262 - String Class: Viola

Continuation of MUSC 261; teaching and playing of viola.

Credit Hours: 1 hr
Prerequisite: MUSC 261
Major Restrictions: Music Majors and Minors only
Last Updated: Links 04/2011

MUSC 263 - String Class: Cello and Double Bass

The teaching and playing of cello and double bass.

Credit Hours: 1 hr
Major Restrictions: Music Majors and Minors only

MUSC 271 - Beginning Classical Guitar

Group instruction in classical guitar through the study of standard beginning methods and repertoire.

Credit Hours: 2 hrs
Major Restrictions: Music Majors and Minors only

MUSC 272 - Intermediate Classical Guitar

Continuation of MUSC 271; group instruction in classical guitar through the study of standard intermediate methods and repertoire.

Credit Hours: 2 hrs
Prerequisite: MUSC 271
Major Restrictions: Music Majors and Minors only
Last Updated: Links 04/2011

MUSC 274 - Functional Guitar

Functional skills for playing guitar. Students will learn guitar notation, chords, and various accompaniment styles.

Credit Hours: 2 hrs
Major Restrictions: Music Majors and Minors only

MUSC 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission

MUSC 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

MUSC 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

MUSC 281 - Basic Woodwind Class

The teaching and playing of clarinet.

Credit Hours: 1 hr

Major Restrictions: Music Majors and Minors only

MUSC 282 - Woodwind Class

The teaching and playing of flute and saxophone.

Credit Hours: 1 hr

Major Restrictions: Music Majors and Minors only

MUSC 283 - Woodwind Class

The teaching and playing of oboe and bassoon.

Credit Hours: 1 hr

Major Restrictions: Music Majors and Minors only

MUSC 301W - History of Music to 1750 (Gen Ed Area I, W)

Chronological study of western music in its historical and cultural setting. Recognition of idioms, changing sound, styles and forms of music in medieval, Renaissance and Baroque periods, approximately through 1750. In this course, you will accumulate music history vocabulary, concepts, and understanding as a basis for your developing musicianship and as a foundation of your professional expertise in music.

Credit Hours: 4 hrs

Prerequisite: MUSC 228

Class Restrictions: Junior standing

Major Restrictions: Students in MUSC, MUTR, MEDI, MEDV or MPRF programs only

For music majors, MUSC 301 History of Music satisfies the General Education Writing Intensive requirement. The course has been designed to use writing as a central aspect of the pedagogy, that is, you will write to learn music history. In addition, as an

upper level course for music majors, a significant goal for the course is preparation for professional writing in the field of music.
Last Updated: 03/2009; effective Fall 2010

MUSC 302 - History of Music

A continuation of MUSC 301W (History of Music from 1750 to present), but without the Writing Intensive component.

Credit Hours: 3 hrs

Prerequisite: MUSC 301W

Last Updated: Links 04/2011

MUSC 303 - Music Therapy Clinical Approaches

Provides an exploration of the music therapy literature as it relates to people who are diagnosed with various dysfunctions. Developed are music therapy leadership skills that are necessary to implement goal oriented sessions.

Credit Hours: 2 hrs

Prerequisite: PSY 101 and PSY 103 and (MUSC 238 passed with at least a C-)

Class Restrictions: Junior standing or above

Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: Prerequisites 07/2011; Links 04/2011

MUSC 304 - Music Therapy Professional Skills

Exploration of professional skills needed by music therapists in a variety of clinical settings. Includes examination of music therapy literature, development of professional presentational skills and creation of a professional portfolio.

Credit Hours: 2 hrs

Prerequisite: MUSC 303 and MUSC 323

Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: Links 04/2011

MUSC 305 - Keyboard Skills

Develops skills in sight reading, harmonization, transposition, improvisation and score reading.

Credit Hours: 2 hrs

Prerequisite: MUSC 102 and MUSC 254 or department permission

Major Restrictions: Music Majors and Minors only

Last Updated: Links 04/2011

MUSC 309 - Music Therapy Improvisation Ensemble III

This course applies previously learned improvisatory skills to various approaches used in music therapy, including Orff Music Therapy, Nordoff-Robbins Music Therapy and music therapy in conjunction with other creative arts.

Credit Hours: 1 hr

Prerequisite: MUSC 209

Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency

programs only
Last Updated: Links 04/2011

MUSC 315 - Introduction to Digital Music

An introduction to the application of music technology in the studio and classroom. Hands-on lecture demonstrations and projects using digital instruments and software. For musicians interested in gaining a basic knowledge of digital technology.

Credit Hours: 2 hrs
Prerequisite: MUSC 202
Major Restrictions: Music majors only
Last Updated: 05/2011

MUSC 317 - Music Composition

Original writing and analysis of music, beginning with the smaller forms. May be repeated for credit.

Credit Hours: 2 hrs
Prerequisite: MUSC 202 and department permission
Last Updated: Links 04/2011

MUSC 323 - Pre-internship Clinical Training in Music Therapy III

Intermediate fieldwork experience in clinical or educational settings.

Credit Hours: 1 hr
Prerequisite: MUSC 237 and MUSC 238
Class Restrictions: Junior standing or above
Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only
Last Updated: 05/11 - prerequisites; effective 05/11

MUSC 324 - Pre-internship Clinical Training in Music Therapy IV

Continuation of MUSC 323.

Credit Hours: 1 hr
Prerequisite: MUSC 323
Class Restrictions: Junior standing or above
Major Restrictions: Students in Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only
Last Updated: Links 04/2011

MUSC 326 - Conducting

Fundamentals of conducting technique, score reading and interpretation of instrumental and vocal music.

Credit Hours: 2 hrs
Class Restrictions: Junior standing or above
Major Restrictions: Music Majors and Minors only

MUSC 327 - Instrumental Conducting

A practical course in instrumental conducting: score preparation, conducting technique and technical and musical issues pertaining to conducting instrumental works.

Credit Hours: 2 hrs

Prerequisite: MUSC 326

Major Restrictions: Music Majors and Minors only

Last Updated: Links 04/2011

MUSC 328 - Choral Conducting

A practical course in choral conducting: score preparation, conducting technique and technical and musical issues pertaining to conducting choral works.

Credit Hours: 2 hrs

Prerequisite: MUSC 326

Major Restrictions: Music Majors and Minors only

Last Updated: Links 04/2011

MUSC 330 - Music Education in the Elementary School

Organization, planning and teaching of elementary music, and examination, evaluation and preparation of materials based on child growth and development principles. Concurrent placement in schools for observation and prestudent teaching experience.

Credit Hours: 3 hrs

Prerequisite: MUSC 202, MUSC 254, MUSC 326 and Applied Music: AMUS 416A or AMUS 416B status (principal) and AMUS 415A or AMUS 415B status (secondary); requires admission into the College of Education; no students on academic probation.

Class Restrictions: Junior standing or above

Major Restrictions: Music Education Majors only

Terms Offered: Course Rotation Schedule

Last Updated: Link 10/12; Links 04/2011

MUSC 331 - Music Education in the Secondary School

Classification and training of voices; song interpretation; organization and administration of choral ensembles; evaluation of materials suitable for choral organizations and other classes in the secondary school; psychology and philosophy of music education.

Credit Hours: 3 hrs

Prerequisite: MUSC 202, MUSC 254, MUSC 326, MUSC 328 and Applied Music: AMUS 416A or AMUS 416B status (principal) and AMUS 415A or AMUS 415B status (secondary); requires admission into the College of Education; no students on academic probation

Class Restrictions: Junior standing or above

Major Restrictions: Vocal Music Education Majors only

Terms Offered: Course Rotation Schedule

Last Updated: Link 10/2012; Links 04/2011

MUSC 332 - Instrumental Music in the Public Schools

Prepares students to teach instrumental music: organization of beginning classes, selection of materials, techniques of teaching, public relations, and other areas of interest. Special emphasis placed on music for grades four through nine.

Credit Hours: 3 hrs

Prerequisite: MUSC 326; require admission into the college of Education; no students on academic probation

Class Restrictions: Junior standing and above

Major Restrictions: Music Education Majors only

Terms Offered: Course Rotation Schedule

Last Updated: Link 10/2012; Links 04/2011

MUSC 333 - Orchestral Methods

Designed to assist students in their preparation as orchestra directors; special problems relevant to the string orchestra, string ensembles, and the string curriculum in the secondary schools.

Credit Hours: 3 hrs

Prerequisite: MUSC 327; requires admission into the College of Education; no students on academic probation

Class Restrictions: Junior standing or above

Major Restrictions: Instrumental Music Education Majors only

Terms Offered: Course Rotation Schedule

Last Updated: Link 10/2012; Links 04/2011

MUSC 334 - Band Methods

Designed to assist students in their preparation as band directors in secondary schools; charting and drills for marching band; rehearsal procedures and selection of suitable materials for the concert band.

Credit Hours: 3 hrs

Prerequisite: MUSC 327; requires admission into the College of Education; no students on academic probation

Class Restrictions: Junior standing or above

Major Restrictions: Instrumental Music Education Majors only

Terms Offered: Course Rotation Schedule

Last Updated: Link 10/2012; Links 04/2011

MUSC 341 - Contrapuntal Techniques

Writing in polyphonic forms with concomitant analysis.

Credit Hours: 2 hrs

Prerequisite: MUSC 202

Last Updated: Links 04/2011

MUSC 351 - Collegium Musicum

Early music ensemble. Open to all students by audition.

Credit Hours: 1 hr

Prerequisite: Audition

Last Updated: Links 04/2011

MUSC 361 - Music for Piano Instruction

Study of method books and materials suitable for use with beginning- and intermediate-level students.

Credit Hours: 2 hrs

Major Restrictions: Music Majors and Minors only

MUSC 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

MUSC 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

MUSC 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

MUSC 387 - Cooperative Education in Music

A cooperative work experience in the field of music.

Credit Hours: 3 hrs

MUSC 401 - Music Theory-Literature V

Integration of previous studies in theory-literature and music history; continued study and analysis of music from all periods; original, creative composition with special emphasis on contemporary style.

Credit Hours: 2 hrs

Prerequisite: MUSC 202 (with a grade of C or better) and MUSC 229 (with a grade of C or better)

Last Updated: Links 04/2011

MUSC 402 - Music Theory-Literature VI

Continuation of MUSC 401.

Credit Hours: 2 hrs
Prerequisite: MUSC 401
Last Updated: Links 04/2011

MUSC 404 - Psychology of Music

Exploration of physiologic, neurologic, social, affective and aesthetic influences of music on human behavior. Initial development of research ideas, topics and questions.

Credit Hours: 3 hrs

MUSC 405 - Music Therapy Research

Introduction to evaluation of empirical research in the field; examination of the continued need for investigation and documentation in the profession of music therapy. Completion of a quantitative research proposal.

Credit Hours: 3 hrs
Prerequisite: MUSC 404
Class Restrictions: Junior standing or above
Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only
Last Updated: Links 04/2011

MUSC 409 - Music Therapy Improvisation Ensemble IV

This advanced-level course develops musical accompanying and verbal processing skills used in psychodynamic music therapy approaches.

Credit Hours: 1 hr
Prerequisite: MUSC 309
Class Restrictions: Junior standing or above
Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only
Last Updated: Links 04/2011

MUSC 413 - Orchestration

Practical work in setting compositions for full orchestra and various other instrumental ensembles.

Credit Hours: 2 hrs
Prerequisite: MUSC 202 (with a grade of C or better) and MUSC 229 (with a grade of C or better)
Last Updated: Prerequisite Change 04/2012, effective Fall 2012; Links 04/2011

MUSC 427 - Pre-internship Clinical Training in Music Therapy V

Advanced fieldwork experience in clinical or educational settings.

Credit Hours: 1 hr
Prerequisite: MUSC 324
Class Restrictions: Junior standing or above
Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency

programs only
Last Updated: 03/2011

MUSC 428 - Pre-internship Clinical Training in Music Therapy VI

Advanced fieldwork experience continued.

Credit Hours: 1 hr

Prerequisite: MUSC 427

Class Restrictions: Junior standing or above

Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: Links 04/2011

MUSC 448 - Opera Workshop

A laboratory-performance course that deals with performance of opera scenes and, when feasible, complete works. Open to all students by audition.

Credit Hours: 1 hr

Prerequisite: Audition

Last Updated: Links 04/2011

MUSC 475 - Chamber Music Performance

Study and performance of literature for small chamber groups. May be repeated for credit.

Credit Hours: 1 hrs

Last Updated: Credit hour change 05/2011, effective Fall 2011

MUSC 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

MUSC 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

MUSC 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

MUSC 488 - Clinical Training Internship in Music Therapy

A minimum of 900 clock hours of supervised training in an approved hospital, clinical or educational setting.

Credit Hours: 2 hrs

Prerequisite: MUSC 428; Completion of all other music therapy curriculum requirements and successful completion of guitar, keyboard and voice competency demonstrations

Major Restrictions: Students in the Bachelor of Music Therapy or Post-Baccalaureate Certificate: Music Therapy Equivalency programs only

Last Updated: Links 04/2011

MUSC 490 - Honors Course in Music

Provides superior students with the opportunity for an intensive program of independent study, original composition, performance or research.

Credit Hours: 2 hrs

Prerequisite: Cumulative GPA of 3.5 in music courses and 3.2 in general education courses; regulations governing honors courses must be followed

Class Restrictions: Senior standing

MUSC 492 - Honors Course in Music

Provides superior students with the opportunity for an intensive program of independent study, original composition, performance or research.

Credit Hours: 4 hrs

Prerequisite: Cumulative GPA of 3.5 in music courses and 3.2 in general education courses; regulations governing honors courses must be followed

Class Restrictions: Senior standing

MUSC 497 - Independent Study

Independent study, under the supervision of a department member, in areas in which the department does not offer a course.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

MUSC 498 - Independent Study

Independent study, under the supervision of a department member, in areas in which the department does not offer a course.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

MUSC 499 - Independent Study

Independent study, under the supervision of a department member, in areas in which the department does not offer a course.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

Physics and Astronomy Programs and Courses

Physics and Astronomy

Major

Engineering Physics Major

Students following this program will earn a bachelor of science degree with a major in physics and will have a strong background in engineering mechanics. Graduates will be well qualified to fill engineering-oriented positions. No minor is required.

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes
Department Contact: aoakes@emich.edu
Website: <http://www.emich.edu/physics>

Adviser Information:

Program Adviser: Dr. Alexandria Oakes
Email: aoakes@emich.edu
Phone: 734.487.8647

Program Adviser: Dr. Weidian Shen
Email: wshen@emich.edu
Phone: 734.487.8797

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 62 hours

Required Math Courses: 18 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 325 - Differential Equations 3 hrs

Required Physics Courses: 26 hours

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs

- PHY 224 - Electricity and Light 5 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr
- PHY 420W - Capstone Project (Gen Ed Area I, W) 3 hrs
- PHY 456 - Electronics for Scientists 4 hrs

Required Engineering Mechanics Courses: 11 hours

- PHY 229 - Strength and Elasticity of Materials 4 hrs
- PHY 230 - Engineering Dynamics 4 hrs
- PHY 485 - Fluid Dynamics 3 hrs

Physics Elective Courses: 7 hours

Seven hours from the following:

- PHY 332 - Mechanics Laboratory 1 hr
- PHY 350 - Electricity and Magnetism I 3 hrs
- PHY 431 - Intermediate Mechanics II 3 hrs
- PHY 436 - Vibration and Sound 4 hrs
- PHY 442 - Optics and Optics Laboratory 4 hrs
- PHY 444 - Applied Optics 2 hrs
- PHY 458 - Electronic Devices for Scientists 4 hrs
- PHY 471 - Atomic and Nuclear Physics 3 hrs
- PHY 475 - Introduction to Quantum Mechanics 3 hrs
- PHY 481 - Mathematical Physics 3 hrs
- PHY 497 - Independent Study — Physics 1 hr
- PHY 498 - Independent Study — Physics 2 hrs
- PHY 499 - Independent Study — Physics 3 hrs

Additional Requirements: 11 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- COSC 111 - Introduction to Programming 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

Students desiring a mathematics minor must take MATH 211 - Introduction to Mathematical Proof (3 hrs) or MATH 360 - Statistical Methods (3 hrs) or MATH 370 - Probability and Statistics I (4 hrs) to complete the minor.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Group Major/Minor in General Science

This 56-hour major and minor combination encompasses five areas of study: biology, chemistry, earth science, mathematics and physics. Students must follow regular department requirements to complete a 20-hour cognate minor in one of the areas listed above and a 36-hour group major composed of courses from the other four areas.

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes

Department Contact: aoakes@emich.edu

Website: <http://www.emich.edu/physics>

Adviser Information:

Program Adviser: Dr. Bonnie Wylo

Email: bwylo@emich.edu

Phone: 734.487.8642

Program Advisor: Dr. Beth Kubitskey

Email: mkubitskel@emich.edu

Phone: 734.487.8798

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Group Major (32-36 hrs) with Cognate Minor (20-22): 52-58 hours

Cognate minor in one of the following five science areas: 20-22 hours

- Biology (22 hrs)
- Chemistry (20–21 hrs)

- Earth science (21 hrs)
- Mathematics (20 hrs)
- Physics (21 hrs)

Select courses for your minor in consultation with an adviser in the appropriate department.

Group Major: 32-36 hours

With a biology minor, take the following for a group major:

- Approved elective courses in chemistry, earth science, mathematics and physics (8 hrs)
*see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

With a chemistry minor, take the following for a group major:

- Approved elective courses in biology, earth science, mathematics and physics (4 hrs)
*see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

With an earth science minor, take the following for a group major:

- Approved elective courses in biology, chemistry, mathematics and physics (7 hrs)
*see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

- PHY 222 - Electricity and Light 4 hrs

With a mathematics minor, take the following for a group major:

- Approved elective courses in biology, chemistry, earth science and physics (5 hrs)
*see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

With a physics minor, take the following for a group major:

- Approved elective courses in biology, chemistry, earth science and mathematics (5 hrs)
*see note
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

** Approved Elective Courses:*

This list is not complete; consult with the general science adviser for other possible courses.

- ASTR 204 - Astronomical Investigations (Gen Ed Area IV) 1 hr
- BIO 205 - Field Biology 4 hrs

- BIO 130 - Biology of Plants 4 hrs
- BIO 140 - Biology of Animals 4 hrs
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- ESSC 114 - Geology of the National Parks (Gen Ed Area IV) 4 hrs
- ESSC 228 - Mineralogy 4 hrs
- ESSC 229 - Rocks and Minerals 3 hrs
- ESSC 320 - Oceanography 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
- PSCI 305 - Energy and Society 3 hrs
- PSCI 309 - Thermal Science and Heat Transfer 3 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. - For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Physics Major

This major is provided for students who desire a general cultural education with an emphasis on physics, who are preparing for work in another field such as premedicine or prelaw, or who are interested in combining physics with an allied field such as biology, chemistry, astronomy, geology or with the field of business.

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes

Department Contact: aoakes@emich.edu

Website: <http://www.emich.edu/physics>

Adviser Information:

Program Adviser: Dr. Marshall Thomsen

Email: jthomsen@emich.edu

Phone: 734.487.8794

Program: David Pawlowski

Email: dpawlows@emich.edu

Phone: 734.487.8644

Program Adviser: Diane Jacobs
Email: djacobs@emich.edu
Phone: 734.487.8646

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 33 hours

Required Courses: 29 hours

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 332 - Mechanics Laboratory 1 hr
- PHY 350 - Electricity and Magnetism I 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr
- PHY 420W - Capstone Project (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 2-4 hours

One Laboratory course from the following:

- PHY 436 - Vibration and Sound 4 hrs
- PHY 442 - Optics and Optics Laboratory 4 hrs
- PHY 444 - Applied Optics 2 hrs
- PHY 456 - Electronics for Scientists 4 hrs

Elective Courses: 0-2 hours

Only physics or astronomy undergraduate courses numbered greater than 299 can be used as electives on this major, excluding ASTR 311, PHY 311, PHY 312 and PHY 325 which cannot be used on this major.

Additional Requirements: 18 hours

- COSC 111 - Introduction to Programming 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors. A mathematics minor is highly recommended.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Physics Research Major

The physics research major provides the necessary background for those planning to become professional physicists. The requirements listed below ensure adequate depth and breadth of subject matter in both theoretical and experimental physics and in mathematics. Students successfully completing this major are prepared to enter technical positions in government or industrial research, or to undertake graduate study in physics. Further work at the graduate level is highly recommended. No minor is required.

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes
 Department Contact: aoakes@emich.edu
 Website: <http://www.emich.edu/physics>

Adviser Information:

Program Adviser: Dr. Patrick Koehn
 Email: pkoehn@emich.edu
 Phone: 734.487.8795

Program Adviser: Dr. Natthi Sharma
 Email: nsharma@emich.edu
 Phone: 734.487.8645

Program Adviser: Weidian Shen
 Email: wade.shen@emich.edu
 Phone: 734.487.8797

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 7 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- COSC 111 - Introduction to Programming 3 hrs

Major Requirements: 57 hours

Required Mathematics Courses: 18 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs
- MATH 325 - Differential Equations 3 hrs

Required Physics Courses: 32 hours

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 332 - Mechanics Laboratory 1 hr
- PHY 350 - Electricity and Magnetism I 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr
- PHY 420W - Capstone Project (Gen Ed Area I, W) 3 hrs
- PHY 475 - Introduction to Quantum Mechanics 3 hrs

Restricted Elective Courses: 2-4 hours

One of the following laboratory courses:

- PHY 436 - Vibration and Sound 4 hrs
- PHY 442 - Optics and Optics Laboratory 4 hrs
- PHY 444 - Applied Optics 2 hrs
- PHY 456 - Electronics for Scientists 4 hrs

Elective Courses: 3-5 hours

Only ASTR and PHY undergraduate courses numbered greater than 299 can be used as electives on this major, excluding ASTR 311, PHY 311, PHY 312 and PHY 325 which can never be used on this major. For those planning to pursue graduate studies in physics, PHY 450 - Electricity and Magnetism II is strongly recommended.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

Students desiring a mathematics minor must take MATH 211 - Introduction to Mathematical Proof (3 hrs) or MATH 360 - Statistical Methods (3 hrs) or MATH 370 - Probability and Statistics I (4 hrs) to complete the minor.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.

institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Integrated Science Comprehensive Group Major

The preparation of Integrated Science teachers includes courses in the three major categories of science identified in the Michigan Curriculum Framework: life, physical and Earth/space science. Candidates who apply for the secondary integrated science endorsement must pass the Michigan Test for Teacher Certification in integrated science at the secondary level. Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in integrated science, certification code DI. The Michigan Test for Teacher Certification (MTTC) covering this field is #094, "Integrated Science (Secondary)."

Physics and Astronomy Department Information:

Phone: 734.487.8798

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.

2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.

8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Comprehensive Major Requirements: 57 hours

Life Sciences Courses: 14 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- BIO 120 - Introductory Biology II 5 hrs
- BIO 226 - Global Ecology and the Environment 4 hrs

Physical Sciences Courses: 20 hours

- CHEM 120 - Fundamentals of Organic and Biochemistry (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs

Earth/Space Sciences Courses: 18 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- ASTR 315 - Observational Astronomy 3 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs

Additional Required Courses: 5-6 hours

Choose one option from the following:

Option I:

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option II:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

And one course from the following:

- BIO 406 - The Nature of Science 1 hr
- CHEM 406 - The Nature of Science 1 hr
- ESSC 406 - The Nature of Science 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs

- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Integrated Science Comprehensive Group Majors take one of:

- BIOT 403 - Methods for Teaching Secondary Biology 3 hrs
- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- ESSC 347 - Methods for Teaching Secondary Earth Science 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Notes:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

The below requirement for students to complete a minimum number of credits at the 300-level or higher is waived for this major. The requirement is met through the Initial Teacher Preparation Program (ITPP).

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Physical Science Comprehensive Major

A comprehensive Secondary Physical Science Endorsement prepares candidates to teach physical science courses as identified in the Michigan Curriculum Framework. A minor is not required in this comprehensive group major. The preparation of physical science teachers includes courses in all of the major categories of science with a strong focus on basic chemistry and physics. Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in Physical Science (DP). The Michigan Test for Teacher Certification (MTTC) covering this field is #097, "Physical Science."

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:

1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of “C” or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 54-55 hours

Required Physical Science Courses: 54-55 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs
- CHEM 351 - Foundations of Biochemistry 4 hrs

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
- PSCI 305 - Energy and Society 3 hrs
- PSCI 309 - Thermal Science and Heat Transfer 3 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one of the following:

- CHEM 406 - The Nature of Science 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

One from the following:

- ASTR 315 - Observational Astronomy 3 hrs
- ESSC 111 - The Earth System through Time 4 hrs

Additional Requirements: 8-9 hours

Life Science Course: 4 hours

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs

Mathematics Course(s): 4-5 hours

One of the following options:

Option I:

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option II:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Physical Science Comprehensive Majors take one of:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Note:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and

the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Physical Science Group Major

A Secondary Physical Science endorsement prepares candidates to teach physical science courses as identified in the Michigan Curriculum Framework. The preparation of physical science teachers includes courses in all of the major categories of science with a strong focus on basic chemistry and physics. Coupling this group major with a minor in one of the sciences (biology, chemistry, earth science or physics), as required, additionally qualifies a student to apply for certification in that subject at the secondary level. Successful completion of this course of studies, in context of other program requirements, qualifies the student for recommendation for certification for the Michigan Department of Education Secondary Provisional Certificate endorsed in Physical Science (DP). The Michigan Test for Teacher Certification (MTTC) covering this field is #097, "Physical Science."

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.

2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.

8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 44-52 hours

Option I: With a Physics teaching minor (PHYT-21 hrs), complete the following courses:

Required Physical Science Courses: 36-37 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs
- CHEM 351 - Foundations of Biochemistry 4 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one from the following:

- CHEM 406 - The Nature of Science 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

Choose one from the following:

- ASTR 315 - Observational Astronomy 3 hrs
- ESSC 111 - The Earth System through Time 4 hrs

Additional Requirements: 8-9 hours

Life Science Course: 4 hours

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs

Mathematics Course(s): 4-5 hours

One of the following options:

Option A:

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option B:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Option II: With a Chemistry teaching minor (CHMT-24 hrs), complete the following courses:

Required Physical Science Courses: 37 hours

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- ASTR 315 - Observational Astronomy 3 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- ESSC 111 - The Earth System through Time 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
- PSCI 305 - Energy and Society 3 hrs
- PSCI 309 - Thermal Science and Heat Transfer 3 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one of the following:

- CHEM 406 - The Nature of Science 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

Additional Requirements: 8-9 hours

Life Sciences Course: 4 hours

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs

Mathematics course(s): 4-5 hours

One of the following options:

Option A:

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option B:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Option III: With a Biology teaching minor (BIOT-24 hrs), complete the following courses:

Required Physical Science Courses: 39 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
- PSCI 305 - Energy and Society 3 hrs
- PSCI 309 - Thermal Science and Heat Transfer 3 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one of the following:

- CHEM 406 - The Nature of Science 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

Additional Requirements: 9-10 hours

Life Science Course: 5 hours

- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs

Mathematics Course(s): 4-5 hours

One of the following options:

Option A:

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option B:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Option IV: With an Earth Science teaching minor (ESCT-21 hrs), complete the following courses:

Required Physical Science Courses: 43 hours

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- CHEM 123 - General Chemistry II 3 hrs
- CHEM 124 - General Chemistry II Laboratory 1 hr
- CHEM 270 - Survey of Organic Chemistry 4 hrs
- CHEM 271 - Organic Chemistry Laboratory 1 hr
- CHEM 281 - Introduction to Analytical Chemistry 4 hrs
- CHEM 351 - Foundations of Biochemistry 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PHY 222 - Electricity and Light 4 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PSCI 270 - Relativity, Atomic and Nuclear Physics 3 hrs
- PSCI 305 - Energy and Society 3 hrs
- PSCI 309 - Thermal Science and Heat Transfer 3 hrs
- PSCI 340 - Milestones in Physics and Astronomy for Teachers 3 hrs

Choose one of the following:

- CHEM 406 - The Nature of Science 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

Additional Requirements: 8-9 hours

Life Science Course: 4 hours

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs

Mathematics Course(s): 4-5 hours

One of the following options:

Option A:

- MATH 107 - Plane Trigonometry 2 hrs
- MATH 119 - Applied Calculus (Gen Ed Area II) 3 hrs

Option B:

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Physical Science Group Majors take one of:

- CHEM 325 - Methodology for Secondary Chemistry Teachers 3 hrs
- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

Students must select either a physics, chemistry, earth science or biology minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Physics Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate endorsed in physics, certification code DE, and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Science Teachers Association. The Michigan Test for Teacher Certification (MTTC) covering this field is #019, "Physics."

An active articulation agreement exists between this program and a community college. To see a complete list of current colleges with program articulation agreements with EMU, please [click here](#).

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.

4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Major Requirements: 35 hours

Required Courses: 31 hours

- ASTR 204 - Astronomical Investigations (Gen Ed Area IV) 1 hr
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 332 - Mechanics Laboratory 1 hr
- PHY 350 - Electricity and Magnetism I 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr
- PHY 406 - Ethical Issues in Physics 1 hr

Restricted Elective Courses: 2-4 hours

One of the following laboratory courses:

- PHY 436 - Vibration and Sound 4 hrs
- PHY 442 - Optics and Optics Laboratory 4 hrs
- PHY 444 - Applied Optics 2 hrs
- PHY 456 - Electronics for Scientists 4 hrs

Elective Courses: 0-2 hours

Select elective courses in physics and astronomy to complete the 35 hour requirement. Only ASTR and PHY undergraduate courses numbered greater than 299 can be used as electives on this major, excluding ASTR 311, PHY 311, PHY 312 and PHY 325, which can never be used on this major.

Additional Requirements: 26 hours

- COSC 111 - Introduction to Programming 3 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs

One course from the following:

- CHEM 115 - Chemistry and Society (Gen Ed Area IV) 3 hrs
and
- CHEM 116 - Chemistry and Society Laboratory (Gen Ed Area IV) 1 hr
- CHEM 117 - Fundamentals of Chemistry-Lecture (Gen Ed Area IV) 3 hrs
and
- CHEM 118 - Fundamentals of Chemistry Laboratory (Gen Ed Area IV) 1 hr
- CHEM 120 - Fundamentals of Organic and Biochemistry (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
and
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr

One course from the following:

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- BIO 130 - Biology of Plants 4 hrs
- BIO 140 - Biology of Animals 4 hrs

Professional Secondary Education Sequence

Secondary Education Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following phases require formal admission to the Initial Teacher Preparation Program:

Secondary Education Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Secondary Education Phase II: Content and Methods and Teaching: 9 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Methods Course by Major:

Physics Majors take:

- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs

Secondary Education Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors. Mathematics is highly recommended.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Note:

Each student must choose writing intensive courses as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Astronomy Group Minor

This minor is designed to give the student a basic knowledge of astronomy and related fields. It is recommended that students wishing to undertake graduate work in astronomy complete the research major in physics with a minor in either mathematics or astronomy. Electives used to fulfill the astronomy minor cannot be used to complete any other major or minor.

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes

Department Contact: aoakes@emich.edu

Website: <http://www.emich.edu/physics>

Adviser Information:

Program Adviser: Dr. Patrick Koehn

Email: pkoehn@emich.edu

Phone: 734.487.8795

Required Courses: 11 hours

- ASTR 204 - Astronomical Investigations (Gen Ed Area IV) 1 hr
- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- ASTR 315 - Observational Astronomy 3 hrs
- ASTR 370 - Astrophysical Concepts 3 hrs

Restricted Elective Courses: 13 hours

Choose 13 credits from approved courses in physics, astronomy, mathematics or chemistry in consultation with the advising coordinator for astronomy.

Minor Total: 24 hours

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. Group Minor in General Science

A group minor in general science (24 credit hours) must be combined with an academic major in biology, chemistry, earth science, mathematics or physics.

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes

Department Contact: aoakes@emich.edu

Website: <http://www.emich.edu/physics>

Adviser Information:

Program Adviser: Dr. Bonnie Wylo

Email: bwylo@emich.edu

Phone: 734.487.8642

Program Adviser: Dr. Beth Kubitskey

Email: mkubitskel@emich.edu

Phone: 734.487.8798

With a major in biology, take the following courses:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

- Others as approved by general science adviser
- CHEM 123 - General Chemistry II 3 hrs
and

- CHEM 124 - General Chemistry II Laboratory 1 hr
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- PHY 222 - Electricity and Light 4 hrs

With a major in chemistry, take the following courses:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- MATH 105 - College Algebra (Gen Ed Area II) 3 hrs
- MATH 107 - Plane Trigonometry 2 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

- Others as approved by general science adviser
- BIO 226 - Global Ecology and the Environment 4 hrs
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- PHY 222 - Electricity and Light 4 hrs

With a major in earth science, take the following:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

- Others as approved by general science adviser
- BIO 226 - Global Ecology and the Environment 4 hrs
- CHEM 123 - General Chemistry II 3 hrs
and
- CHEM 124 - General Chemistry II Laboratory 1 hr
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- MATH 121 - Calculus II 4 hrs
- PHY 222 - Electricity and Light 4 hrs

With a major in geology, take the following courses:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

- Others as approved by general science adviser
- BIO 226 - Global Ecology and the Environment 4 hrs
- CHEM 123 - General Chemistry II 3 hrs
and
- CHEM 124 - General Chemistry II Laboratory 1 hr
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
- PHY 222 - Electricity and Light 4 hrs

With a major in mathematics, take the following courses:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr
- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs

One course from the following:

- Others as approved by general science adviser
- BIO 226 - Global Ecology and the Environment 4 hrs
- CHEM 123 - General Chemistry II 3 hrs
and
- CHEM 124 - General Chemistry II Laboratory 1 hr
- ESSC 212 - Weather, Climate and the Earth System 3 hrs
- PHY 222 - Electricity and Light 4 hrs

With a major in physics, take the following courses:

- ASTR 205 - Principles of Astronomy (Gen Ed Area IV) 4 hrs
- BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs
- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr

- ESSC 110 - The Dynamic Earth System (Gen Ed Area IV) 4 hrs
- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs

One course from the following:

- Others as approved by general science adviser
- BIO 226 - Global Ecology and the Environment 4 hrs
- CHEM 123 - General Chemistry II 3 hrs
and
- CHEM 124 - General Chemistry II Laboratory 1 hr
- COSC 145 - Introduction to FORTRAN Programming 3 hrs
- ESSC 212 - Weather, Climate and the Earth System 3 hrs

Minor Total: 24-26 hours

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.

institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

University Information: Consult the online catalog at catalog.emich.edu.

Physics Minor

The Physics Major is provided for students who plan to work in industry, business, or government in an area where physics is useful, such as medicine, law, technical analysis and financial analysis.

Physics and Astronomy Department Information:

Interim Department Head: Alexandria Oakes

Department Contact: aoakes@emich.edu

Website: <http://www.emich.edu/physics>

Adviser Information:

Program Adviser: Dr. Marshall Thomsen

Email: jthomsen@emich.edu

Phone: 734.487.8794

Program Adviser: David Pawlowski

Email: dpawlows@emich.edu

Phone: 734.487.8644

Program Adviser: Diane Jacobs

Email: djacobs@emich.edu

Phone: 734.487.8646

Required Courses: 21 hours

- PHY 223 - Mechanics and Sound (Gen Ed Area IV) 5 hrs
- PHY 224 - Electricity and Light 5 hrs
- PHY 330 - Intermediate Mechanics I 3 hrs
- PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr

Additional Requirements: 15 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs

Minor Total: 36 hours

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. - PHY 360 - Heat and Thermodynamics 4 hrs
- PHY 370 - Introduction to Modern Physics 3 hrs
- PHY 372 - Modern Physics Laboratory 1 hr

Additional Requirements: 15 hours

- MATH 120 - Calculus I (Gen Ed Area II) 4 hrs
- MATH 121 - Calculus II 4 hrs
- MATH 122 - Elementary Linear Algebra 3 hrs
- MATH 223 - Multivariable Calculus 4 hrs

Minor Total for Science Majors: 36 hours

Minor Total for Non-Science Majors: 40 hours

Students minoring in Physics with secondary certification, but not majoring in a science teaching program, must take the following courses:

- PHY 325 - Methods of Teaching the Physical Sciences 3 hrs
- * PHY 406 - Ethical Issues in Physics 1 hr

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Note:

** BIO 406, CHEM 406, or ESSC 406 may be substituted for PHY 406.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Astronomy

ASTR 105 - Exploration of the Universe (Gen Ed Area IV)

An introductory astronomy course for students in any curriculum. The solar system, stars, galaxies, cosmology and the history of astronomy are covered.

Credit Hours: 3 hrs

Major Restrictions: Cannot be applied toward a Physics Major or Minor

Previously Listed As: ASTR 203

General Education: ASTR204 must be taken concurrently with this course to meet General Education requirements. Students may not receive General Education credit for both ASTR105 and ASTR205.

Area IV: Knowledge of the Disciplines

ASTR 105 Exploration of the Universe [effective Winter 2009]

Students will obtain an understanding of basic astronomy and our place in space by studying the structure of the universe. They will learn to make astronomical observations and use them to stimulate inquiry about our local space environment and to help them understand how our ancestors viewed the sky. Students will become literate scientific citizens by reading primary source articles, producing critical responses and by writing to elected officials to express their views on the doing and funding science in the United States. As such, ASTR 105 meets the requirements of a Natural Science Course in the Knowledge of the Disciplines portion of the new General Education program when taken concurrently with ASTR 204.

Last Updated: 2/28/2011

ASTR 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

ASTR 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

ASTR 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

ASTR 204 - Astronomical Investigations (Gen Ed Area IV)

A laboratory course for the beginning astronomy student. The techniques and concepts of astronomy.

Credit Hours: 1 hr

Lecture/Lab Hours: two hours of laboratory per week.

Corequisites: ASTR 203 or ASTR 205

Area IV: Knowledge of the Disciplines

ASTR 204 Exploration of the Universe [effective Winter 2009]

Students will obtain an understanding of basic astronomy and our place in space by studying the structure of the universe. They will learn to make astronomical observations and use them to stimulate inquiry about our local space environment and to help them understand how our ancestors viewed the sky. Students will become literate scientific citizens by reading primary source articles, producing critical responses, and by writing to elected officials to express their views on the doing and funding of science in the United States. As such, ASTR 105 meets the requirements of a Natural Science Course in the Knowledge of the Disciplines portion of the new General Education program when taken concurrently with ASTR 204.

Last Updated: 2/28/2011

ASTR 205 - Principles of Astronomy (Gen Ed Area IV)

A survey of astronomy and astrophysics for Science, Integrated Science and Secondary Education majors and minors. The course covers the solar system, stars, galaxies, elementary celestial mechanics, light and cosmology. Students will solve appropriate problems and develop models that pertain to the topics.

Credit Hours: 4 hrs

Prerequisite: MATH 110 or placement

General Education: ASTR 204 must be taken concurrently with this course for General Education credit. Students may not receive General Education credit for both ASTR 105 and ASTR205.

Area IV: Knowledge of the Disciplines

ASTR 205 Principles of Astronomy [effective Winter 2009]

Students will obtain an understanding of basic astronomy and our place in space by studying the structure of the universe. They will learn to make astronomical observations and use them to stimulate inquiry about our local space environment and to help them understand how our ancestors viewed the sky. Students will become literate scientific citizens by reading primary source articles, producing critical responses and by writing to elected officials to express their views on the doing and funding of science in the United States. As such, ASTR 205 meets the requirements of a Natural Science Course in the Knowledge of the Disciplines portion of the new General Education program when taken concurrently with ASTR 204.

Last Updated: 2/28/2011

ASTR 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

ASTR 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

ASTR 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

ASTR 297 - Independent Study-Astronomy

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 1 hr

Prerequisite: approval of the faculty member and department permission

ASTR 298 - Independent Study-Astronomy

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 2 hrs

Prerequisite: approval of the faculty member and department permission

ASTR 299 - Independent Study-Astronomy

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 3 hrs

Prerequisite: approval of the faculty member and department permission

ASTR 311 - Astronomy Projects for Elementary Teachers

A hands-on course designed to provide elementary teachers with experience doing projects, in the elementary classroom, to teach astronomy. The course will integrate grade-level appropriate mathematics and writing to investigate and solve astronomical problems. Students also will study human endeavors in space exploration and their impact on societal and technological issues.

Credit Hours: 3 hrs

Prerequisite: ASTR 105 or ASTR 205

Last Updated: 2/28/2011

ASTR 315 - Observational Astronomy

The practical aspects of astronomy emphasizing advanced amateur observational practices such as identification of astronomical objects using charts and references, telescopes, imaging and darkroom techniques, and computer applications.

Credit Hours: 3 hrs

Prerequisite: ASTR 105 or ASTR 205

Last Updated: 2/28/2011

ASTR 370 - Astrophysical Concepts

The emphasis is on the theoretical understanding and analytical treatment of topics in astrophysics. These topics include celestial mechanics, astronautics, planetary atmospheres, stellar structure, stellar evolution, galaxies and cosmology.

Credit Hours: 3 hrs

Prerequisite: PHY 224; or PHY 222 and MATH 121

Last Updated: 2/28/2011

ASTR 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hrs

Prerequisite: department permission

ASTR 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

ASTR 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

ASTR 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hrs

Prerequisite: department permission

ASTR 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

ASTR 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

ASTR 497 - Independent Study-Astronomy

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 1 hr

Prerequisite: approval of the faculty member and department permission

ASTR 498 - Independent Study-Astronomy

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 2 hrs

Prerequisite: approval of the faculty member and department permission

ASTR 499 - Independent Study-Astronomy

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 3 hrs

Prerequisite: approval of the faculty member and department permission.

Physical Science

PSCI 110 - The Science of Everyday Life (Gen Ed Area IV)

This course is designed to give students a background in the principles of physics as applied to everyday living - a qualitative discussion of the key physical principles and how they relate to modern living and informed decisions about science and society. The laboratory experiments are hands-on experiences to provide evidence in support of underlying physical principles.

Credit Hours: 4 hrs

Lecture/Lab Hours: Four lecture hours and one one-hour laboratory.

Notes: Does not count toward a physics major or minor.

Area IV: Knowledge of the Disciplines

PSCI110 The Science of Everyday Life [was PHY 110]

This course is a general introduction to the physical laws that govern everyday experiences and activities. Examples include the laws of mechanics which govern how motor vehicles behave and how sound is transmitted and perceived. The laws of thermodynamics in part determine our home fuel bills and why layered clothing can keep us warmer. Knowledge of the laws governing the flow of electricity can help us to avoid home electrical fires. understanding the structure of atoms and of the atomic nucleus sheds light on the properties of a wide range of materials as well as one of the reasons for the prodigious energy released by nuclear weapons and the benefits and dangers of nuclear reactors.

PSCI 270 - Relativity, Atomic and Nuclear Physics

This course completes the introductory sequence in college-level, algebra-based physics. Topics include relativity, quantum physics, atomic structure and models, molecules, nuclear fusion and cosmology. Applications include lasers, holography, scanning tunneling microscopes and magnetic resonance imaging. Emphasis is placed on understanding and comprehension as well as the ability to solve relevant mathematical problems.

Credit Hours: 3 hrs
Prerequisite: PHY 222 or PHY 224
Last Updated: Links 04/2011

PSCI 305 - Energy and Society

This course is designed particularly for teachers in physical science as an elementary study of energy concepts and the various relationships between energy and society. The focus is on simple experimental projects, followed by class discussions. Most of the apparatus will be made from materials available in the home or at a variety store.

Credit Hours: 3 hrs
Prerequisite: PHY 222 or PHY 224
Last Updated: Links 04/2011

PSCI 309 - Thermal Science and Heat Transfer

Basic course in the fundamental principles of thermodynamics and heat transfer. Topics include temperature scales, open and closed systems, properties of pure substances, change of state, P-V diagrams, specific heat, enthalpy, entropy, heat engine cycles, heat conduction, convection and radiation. Emphasis is placed on understanding and comprehension as well as the ability to solve relevant mathematical problems.

Credit Hours: 3 hrs
Prerequisite: PHY 222 or PHY 224
Last Updated: Links 04/2011

PSCI 340 - Milestones in Physics and Astronomy for Teachers

A course designed to give students an understanding of the contributions made by selected male and female scientists, from diverse racial and ethnic backgrounds, to the development of physics and astronomy, and the relationship of their ideas to the period in which scientists lived.

Credit Hours: 3 hrs
Prerequisite: PHY 222 or PHY 224 and ASTR 205
Last Updated: Links 04/2011

PSCI 407 - Nature of Science for Elementary Teachers

This course examines the nature of scientific evidence, inquiry, hypotheses, models and law. The development of science is put in the context of the structure of the discipline, its history, and interactions with society. Discussions of modern theories and laws will integrate scientific concepts with the processes of how science works. The class will also provide students with activities to demonstrate these concepts.

Credit Hours: 2 hrs
Prerequisite: ASTR 105, BIO 105, PHY 311, CHEM 312 and ESSC 312
Class Restrictions: Junior standing
Major Restrictions: Elementary Integrated Science Majors only
Cross-Listed with: BIOT 407, CHEM 407, and ESSC 407
Last Updated: Links 06/2011

Physics

PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV)

Designed to stimulate interest in physics by the use of simple and inexpensive equipment to demonstrate scientific principles. Motion, forces, sound, light, heat, electricity and magnetism.

Credit Hours: 3 hrs

Notes: Does not count toward a physics major or minor. Open only to students pursuing any curriculum for elementary teachers.

Area IV: Knowledge of the Disciplines

PHY 100 Physics for Elementary Teachers

This course includes 3 hours of lecture and 1 hour of laboratory each week. In this course all elementary education students are introduced to the core knowledge used in physics to understand phenomenon. This knowledge is an important foundation for studying the other sciences required of the elementary teacher and shows very practically both how physics manifests in our everyday lives and how these concepts can be presented in the elementary classroom. This core knowledge is the same core knowledge used by scientists in every laboratory in the world. The appropriate terminology is introduced and students are shown how to "scale it down" to the elementary student's vocabulary. The assumptions and shortcomings of models are highlighted. Whenever possible, appropriate simple demonstrations are used. Students are asked to estimate results, mathematics and models are used to predict results, and the results are compared with the student's intuition. Modern applications are discussed to guide students to become scientifically literate citizens who are capable of making informed decisions about scientific information.

PHY 101 - Physical Science in the Arts (Gen Ed Area IV)

This course is designed to give students a general background in the basic principles of physics, as applied to art, music and dance, with an emphasis on exploring the nature of music and its production. Laboratory experiments complement the lecture by providing hands-on experiences to verify and demonstrate those principles.

Credit Hours: 4 hrs

Lecture/Lab Hours: Three lecture hours and one two-hour laboratory per week.

Notes: Does not count toward a physics major or minor.

Area IV: Knowledge of the Disciplines

PHY 101 Physical Science in the Arts

Few of us would ever suspect that underlying much of what we experience in our world can be attributed to a handful of basic physical principles. The reason why an ice skater can spin faster when drawing in his arms at the end of a routine is the same reason why the planets orbiting the sun will have different speeds along their orbital paths. This course is a general introduction to the basic physical principles that scientists use to describe the world around you. The purpose of this course is to explore, test and apply the laws, governing many practical aspects of architecture, dance, sounds and musical instruments, light and color, and even planetary motion. This course is a journey to a much fuller understanding of our world through an eclectic approach to science.

PHY 177 - Special Topics

This special topics course will be used to teach aspects of physics at an elementary level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 1 hr

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 178 - Special Topics

This special topics course will be used to teach aspects of physics at an elementary level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 2 hrs

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 179 - Special Topics

This special topics course will be used to teach aspects of physics at an elementary level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 3 hrs

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV)

The first course of an introductory two course sequence in college-level physics. Topics include particle motion, Newton's laws of motion, conservation laws, gravitation, rotation, harmonic motion, sound and thermodynamics. Laboratory: two consecutive hours, one day per week. All physics majors, minors and pre-engineers must elect PHY 223.

Credit Hours: 4 hrs

Prerequisite: (MATH 105 or MATH 119) and MATH 107, or MATH 140 with a C or better in each course; or MATH 112; or MATH 120

Area IV: Knowledge of the Disciplines

PHY 221 Mechanics, Sound and Heat

The purpose of this course is to introduce, explore, test and apply the principles of physics that predict the motion of an object. Today when we take a flight from Detroit to Los Angeles, we expect the arrival time to be within five minutes of predicted time. Such predictions are based on the principles of physics and the tools of mathematics. Other practical applications of these principles include the flight of a baseball, the putting of a golf ball, the motion of the Earth around the sun, the rotation of a bicycle wheel, the setting of bones to allow healing, the vibration of the string on a violin, the flow of air across an airplane wing, and the conduction of heat through a window. PHY 221 presents in detail the foundational principles of motion that all scientists use in their research.

Last Updated: Prereqs. 07/2011; Links 04/2011

PHY 222 - Electricity and Light

A continuation of PHY 221. Topics include electrostatics, fields, potentials, current, magnetism, DC and AC circuits, and geometrical and physical optics. Laboratory: two consecutive hours, one day per week. All physics majors, minors and pre-engineers must elect PHY 221.

Credit Hours: 4 hrs

Prerequisite: PHY 221 or PHY 223; (MATH 105 or MATH 119) and MATH 107, or MATH 140 with a C or better in each course; or MATH 112; or MATH 120

Last Updated: Prereqs. 07/2011; Links 04/2011

PHY 223 - Mechanics and Sound (Gen Ed Area IV)

A basic, calculus-based course in physics for students majoring in physical science and those on a pre-engineering curriculum. Topics include kinematics, Newton's laws, work and energy, conservation laws, rotational motion, oscillations and sound.

Credit Hours: 5 hrs

Lecture/Lab Hours: Laboratory: two consecutive hours, one day per week.

Prerequisite: MATH 120

Area IV: Knowledge of the Disciplines

PHY 223 Mechanics and Sound

The purpose of this course is to introduce, explore, test and apply the principles of physics that predict the motion of an object. Today when we take a flight from Detroit to Los Angeles, we expect the arrival time to be within five minutes of the predicted time. Such predictions are based on the principles of physics and the tools of mathematics. Other practical applications of these principles include the flight of a baseball, the putting of a golf ball, the motion of the Earth around the sun, the rotation of a bicycle wheel, the setting of bones to allow healing, the building of bridges, the vibration of the string on a violin and the flow of air across an airplane wing. PHY 223 presents in detail the foundational principles of motion that all scientists use in their research.

Last Updated: Links 04/2011

PHY 224 - Electricity and Light

A continuation of PHY 223. Static and current electricity, magnetism and light.

Credit Hours: 5 hrs

Lecture/Lab Hours: Laboratory: two consecutive hours, one day per week.

Prerequisite: PHY 223 and MATH 121

Last Updated: Links 04/2011

PHY 229 - Strength and Elasticity of Materials

Fundamental principles of mechanics applied to solids. Equilibrium, elasticity, stress and strain, generalized Hooke's Law, tension, torsion, shear, bending, deflection of beams, theory of columns and strain energy.

Credit Hours: 4 hrs

Lecture/Lab Hours: Four lecture-recitation periods per week. Laboratory required.

Prerequisite: PHY 223 and MATH 121

Last Updated: Links 04/2011

PHY 230 - Engineering Dynamics

Vector representation of physical quantities. Statics of rigid bodies. Friction, kinematics of particles and rigid bodies. Dynamics of particles and rigid bodies. Work and energy.

Credit Hours: 4 hrs

Lecture/Lab Hours: Four lecture-recitation periods per week.

Prerequisite: PHY 223; MATH 121; MATH 122

Last Updated: Links 04/2011

PHY 277 - Special Topics

This special topics course will be used to teach aspects of physics at an intermediate level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 1 hr

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 278 - Special Topics

This special topics course will be used to teach aspects of physics at an intermediate level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 2 hrs

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 279 - Special Topics

This special topics course will be used to teach aspects of physics at an intermediate level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 3 hrs

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 297 - Independent Study

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 1 hr

Prerequisite: Approval by the faculty member and department permission

Last Updated: Links 04/2011

PHY 311 - Teaching Elementary Physical Science

Designed particularly for teachers in elementary science. An elementary study of motion, forces, energy, matter, heat, sound, light, magnetism and electricity. Focus is on simple experimental projects, followed by class discussions. Most of the apparatus will be made from materials available in the home or at a variety store. Offered only to elementary education students.

Credit Hours: 3 hrs

Prerequisite: PHY 100

Last Updated: Links 04/2011

PHY 312 - Electricity Experiments for Elementary Teachers

A practical course designed to help elementary teachers learn the basics of electricity and electrical safety. Students will use grade-level appropriate mathematics, equipment and measurement devices to investigate simple circuits. Electrical energy production, use and conservation will be discussed with reference to U.S. consumers in a global context. Only open to elementary education students.

Credit Hours: 3 hrs

Prerequisite: PHY 100

Last Updated: Links 04/2011

PHY 325 - Methods of Teaching the Physical Sciences

A study of strategies and procedures used in secondary school teaching. Students will be provided with the opportunity to familiarize themselves with the newer science curricula; visit secondary school classrooms; present classroom demonstrations and conduct laboratory work; learn to use modern teaching aids, especially the computer, in classroom teaching; and develop means of evaluating cognitive and affective learning. Two recitation and two laboratory hours per week. Open to prospective teachers following the junior-senior high school curriculum who are majoring or minoring in integrated science or a physical science.

Credit Hours: 3 hrs

Prerequisite: CURR 305; or department permission

Class Restrictions: Junior standing

Major Restrictions: Admission to the Initial Teacher Preparation Program

Notes: Not open to students on academic probation. Students only have the choice of a methods class if they are an Integrated Science Major.

Last Updated: 2/16/2011

PHY 330 - Intermediate Mechanics I

The statics and dynamics of a particle, projectiles with air resistance, central forces, dynamics of a system of particles, vibrational motion and pendulums.

Credit Hours: 3 hrs

Prerequisite: PHY 224; MATH 121; MATH 122

Last Updated: Links 04/2011

PHY 332 - Mechanics Laboratory

A laboratory course providing experimental studies in intermediate mechanics.

Credit Hours: 1 hr

Lecture/Lab Hours: Three hours of laboratory per week.

Concurrent Prerequisite: PHY 330

Last Updated: Links 04/2011

PHY 350 - Electricity and Magnetism I

An introductory course dealing mainly with electrostatics and magnetostatics. The following topics will be covered: vector calculus; Coulomb's law; Gauss's and Ampere's law; electric and magnetic fields; potentials and potential energies; solution of Laplace's equation for rectangular, cylindrical and spherical geometries in the presence of conductors, dielectrics and magnetic materials; electric and magnetic susceptibilities; resistance; capacitance; inductance; electromotive force; and electromagnetic induction.

Credit Hours: 3 hrs

Prerequisite: PHY 224; MATH 223

Last Updated: Links 04/2011

PHY 360 - Heat and Thermodynamics

An intermediate course in the study of heat and thermodynamics. The course will include an introduction of the fundamental concepts followed by specific topics, including thermal expansion, specific heat, change of state, elementary kinetic theory, thermodynamics laws, entropy and other thermodynamic functions. No prior knowledge of thermodynamics is presumed.

Credit Hours: 4 hrs

Prerequisite: PHY 222 or PHY 224; MATH 223

Last Updated: Links 04/2011

PHY 370 - Introduction to Modern Physics

An introduction to modern physics and relativity. The qualitative interpretation, according to the modern quantum theory, of experimental results in atomic and nuclear physics.

Credit Hours: 3 hrs

Prerequisite: MATH 121; PHY 222 or PHY 224

Last Updated: Links 04/2011

PHY 372 - Modern Physics Laboratory

A laboratory course providing experimental studies in such areas as late classical, relativistic, quantum, and nuclear physics.

Credit Hours: 1 hr

Lecture/Lab Hours: Three hours of laboratory per week.

Concurrent Prerequisite: PHY 370

Last Updated: Links 04/2011

PHY 377 - Special Topics

This special topics course will be used to teach some aspects of physics at an advanced level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 1 hr

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 378 - Special Topics

This special topics course will be used to teach some aspects of physics at an advanced level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 2 hrs

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 379 - Special Topics

This special topics course will be used to teach some aspects of physics at an advanced level that would not be regularly offered. A new course may be taught on an experimental basis with this offering.

Credit Hours: 3 hrs

Prerequisite: See department for prerequisites

Last Updated: Links 04/2011

PHY 387 - Cooperative Education in Physics

Four to six months of full-time employment at an industrial firm specially chosen for imparting a practical educational experience in physics. The program consists of two work experiences (PHY387/487) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: Admittance by application only

Class Restrictions: Junior standing

Notes: Use toward a physics major or minor subject to department permission. Offered on a graded credit/no-credit basis

PHY 390 - Physics Project

A suitable project in physics is to be done on an individual basis. Arrangements must be made with a physics faculty member before the beginning of the semester.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PHY 391 - Physics Project

A suitable project in physics is to be done on an individual basis. Arrangements must be made with a physics faculty member before the beginning of the semester.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PHY 397 - Independent Study

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 1 hr

Prerequisite: Approval by the faculty member and department permission

Last Updated: Links 04/2011

PHY 398 - Independent Study

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 2 hrs

Prerequisite: Approval by the faculty member and department permission

Last Updated: Links 04/2011

PHY 399 - Independent Study

An intensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 3 hrs

Prerequisite: Approval by the faculty member and department permission

Last Updated: Links 04/2011

PHY 406 - Ethical Issues in Physics

Ethical issues that a career physicist may encounter are studied and discussed. Historical accounts and essays are used to illustrate potential ethical conflicts associated with interactions within the scientific community as well as interactions between the scientific community and society at large.

Credit Hours: 1 hr

Prerequisite: PHY 222 and PHY 224

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 417 - Undergraduate Research Laboratory

Laboratory work of a research nature done under the direction of a staff member working on a research problem. One problem will extend through the semester, with a comprehensive report required. Six hours are to be spent in the laboratory each week. Arrangements must be made with the department before the beginning of the semester.

Credit Hours: 2 hrs

Prerequisite: Department permission

Class Restrictions: Open to Seniors nearing completion of a Physics Major

Major Restrictions: Physics Major

Last Updated: Links 04/2011

PHY 420W - Capstone Project (Gen Ed Area I, W)

This course provides the opportunity to synthesize knowledge of a wide range of physics and engineering topics into a research or design project, from concept development, through test and analysis, to final report. Assessment and development of concept knowledge and practical skills are integral to this course.

Credit Hours: 3 hrs

Prerequisite: (PHY 230 or PHY 330), PHY 360 and PHY 370

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 431 - Intermediate Mechanics II

A continuation of PHY 330. Mechanics of a rigid body, generalized coordinates, the Lagrangian and Hamiltonian functions, relative motion.

Credit Hours: 3 hrs

Prerequisite: PHY 330, MATH 223

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 436 - Vibration and Sound

Detailed studies of vibration and wave motion with specific emphasis on acoustic waves in air and other media. Reflection, refraction and interference of sound; vibrating strings and air columns; electroacoustic transducers; architectural acoustics.

Credit Hours: 4 hrs

Lecture/Lab Hours: Laboratory required. Laboratory meets once per week for three hours.

Prerequisite: PHY 222 or PHY 224; MATH 223

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 442 - Optics and Optics Laboratory

An intermediate course with a laboratory dealing with fundamentals of geometrical, physical and quantum optics. Topics covered include: reflection, refraction, lenses and optical instruments, spectrometers and spectra, interference, diffraction and polarization.

Credit Hours: 4 hrs

Lecture/Lab Hours: Three hours of laboratory per week.

Prerequisite: PHY 222 or PHY 224; MATH 121

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 444 - Applied Optics

A combined lecture/laboratory course covering applications of optics. Applications include, but are not limited to, polarized light devices, laser operation, holography, image processing and fiber optics.

Credit Hours: 2 hrs

Lecture/Lab Hours: Lecture: one hour per week. Laboratory: three consecutive hours per week.

Prerequisite: PHY 224

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 450 - Electricity and Magnetism II

A brief review of electrostatics and magnetostatics. The following topics will be covered: Faraday's Law, displacement current, Maxwell's equations, Poynting vector, plane wave solutions, polarization, wave propagation in dielectrics and conductors, dispersion, Fresnel's equations, guided waves, dipole radiation, Lienard-Wiechert potentials, and radiation theory.

Credit Hours: 3 hrs

Prerequisite: PHY 350; MATH 325

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 452 - Electrical Measurements

An intermediate course in electricity. The fundamental principles involved in measuring electric and magnetic quantities, the use of high-grade electrical apparatus. Experiments include studies of galvanometers, Wheatstone bridges of various forms, potentiometers and standard cells, vacuum tubes, magnetic measurements and methods of measuring capacitance and inductance.

Credit Hours: 4 hrs

Lecture/Lab Hours: Laboratory: four consecutive hours, one day per week.

Prerequisite: PHY 221/PHY 223 and PHY 222 or PHY 224

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 456 - Electronics for Scientists

Theory and application of passive and semiconductor circuit elements. Analog and digital circuit analysis and design problems.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: three hours per week.

Prerequisite: PHY 222 or PHY 224; MATH 121

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 458 - Electronic Devices for Scientists

Electronic devices used in electronic instruments: transistors, logic gates, and interface circuits. Interface techniques with applications to measurements.

Credit Hours: 4 hrs

Lecture/Lab Hours: Lecture: three hours per week. Laboratory: three hours per week.

Prerequisite: PHY 456

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 462 - Kinetic Theory and Statistical Mechanics

An introduction to the kinetic theory of gases and statistical mechanics. For students concentrating in physics and those contemplating advanced study in related fields of science and engineering. Maxwell-Boltzman distribution law, entropy and probability, transport phenomena, quantum statistics, Bose-Einstein and Fermi-Dirac statistics, the connection between statistical mechanics and thermodynamics, the equation of state, the elementary electron theory of metals and statistical methods in nuclear physics.

Credit Hours: 3 hrs

Prerequisite: PHY 224; MATH 223

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 471 - Atomic and Nuclear Physics

Topics include basic nuclear structure, nuclear decay and radioactivity, nuclear reactions and particle physics.

Credit Hours: 3 hrs

Prerequisite: PHY 370, MATH 121

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 475 - Introduction to Quantum Mechanics

The fundamental ideas of the quantum theory; the dual nature of matter, wave equations and wave packets, observable and linear operators, the application of the Schroedinger and Heisenberg equations to elementary systems, Pauli's theory of electron spin.

Credit Hours: 3 hrs

Prerequisite: PHY 370 and MATH 223

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 477 - Special Topics

This special topics course will be used to teach aspects of physics at an advanced level that would not regularly be offered.

Credit Hours: 1 hr

Prerequisite: see department for prerequisites

PHY 478 - Special Topics

This special topics course will be used to teach aspects of physics at an advanced level that would not regularly be offered.

Credit Hours: 2 hrs

Prerequisite: see department for prerequisites

PHY 479 - Special Topics

This special topics course will be used to teach aspects of physics at an advanced level that would not regularly be offered.

Credit Hours: 3 hrs

Prerequisite: see department for prerequisites

PHY 481 - Mathematical Physics

Advanced mathematical topics for the physics student, with applications drawn from the field of physics. Vectors, matrices, tensors, partial differential equations, contour integration, calculus of variations, integral equations and transforms, eigenvalue functions, perturbation and group theory, special functions.

Credit Hours: 3 hrs

Prerequisite: MATH 325 and PHY 330

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 485 - Fluid Dynamics

An introduction to the statics and dynamics of real and ideal fluids: properties of fluids, mathematical models, dimensional analysis, boundary layer flow, flow in pipes, compressible, incompressible, laminar and turbulent flow.

Credit Hours: 3 hrs

Prerequisite: PHY 230 or PHY 330; PHY 360

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PHY 487 - Cooperative Education in Physics

Four to six months of full-time employment at an industrial firm specially chosen for imparting a practical educational experience in physics. The program consists of two work experiences (PHY 387 and PHY 487) alternating with full-time attendance at the

University..

Credit Hours: 3 hrs

Prerequisite: PHY 387; admittance by application only

Notes: Use toward a physics major or minor subject to department permission. Offered on a graded credit/no-credit basis

Last Updated: Links 04/2011

PHY 491 - Special Problems (Honors Courses)

An original experimental or theoretical problem in some area of physics investigated on an individual basis. Arrangements must be made with a staff member before the beginning of the semester.

Credit Hours: 2 hrs

Prerequisite: 20 hours of physics, a B average in physics and department permission

PHY 495 - Readings in Physics (Honors Course)

Designed to give individual students a planned intensive reading program in some field of physics, the subject being chosen jointly by the student and the instructor. A part of this course will be the presentation of an hour-long talk in the chosen subject at an open meeting of the Department of Physics staff and students.

Credit Hours: 1 hr

Prerequisite: 20 hours of physics and department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

PHY 497 - Independent Study — Physics

An extensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 1 hr

Prerequisite: Approval by the faculty member and department permission

Last Updated: Links 04/2011

PHY 498 - Independent Study — Physics

An extensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 2 hrs

Prerequisite: Approval by the faculty member and department permission

Last Updated: Links 04/2011

PHY 499 - Independent Study — Physics

An extensive study of a problem or group of problems under the direction of a department faculty member.

Credit Hours: 3 hrs

Prerequisite: Approval by the faculty member and department permission

Last Updated: Links 04/2011

Political Science Programs and Courses

Political Science

Major

Combined Bachelor's Degree in Political Science and Master's of Public Administration Degree

The Combined Bachelor's Degree in Political Science (PLPA) and Master's of Public Administration Degree is an accelerated five year program in which exceptional students will earn both undergraduate and graduate degrees. Students will spend their first three years engaged in undergraduate studies and their final two completing the graduate program. The total number of credits needed for the program will be 150. At the undergraduate level, students will complete their General Education requirements, a minor and an abbreviated version of the undergraduate Political Science major. Starting their fourth year, students will complete all 40-46 hours of the M.P.A. program, and a portion of the credits will double count toward the undergraduate B.S. degree.

The curriculum requires two internships, one as part of the undergraduate major, the second in the M.P.A. portion. Thus, students will have substantial field experience in public administration upon completing the full B.S./M.P.A. program.

http://www.emich.edu/polisci/Internship/undergrad_majors.html

Admission

Students will be invited to apply to the Combined Degree Program by Feb. 1 of their junior year, and will be offered admission by March 1 of their junior year. Applications will require letters of recommendation, a personal statement focusing on career goals and reasons for applying to the program, and an interview with the M.P.A. Director (or a designate). A minimum 3.3 grade-point average will be required for entry to this program.

Political Science Department Information:

Department Head: Arnold Fleischmann
Department Contact: afleisch@emich.edu
Website: <http://www.emich.edu/polisci/>

Adviser Information:

Program Adviser: Dr. Gregory Plagens
Email: gplagen1@emich.edu
Phone: 734.487.3113

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Additional Requirements: 3 hours

One of the following:

- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs

Undergraduate Requirements: 30 hours

Required Core Courses: 9 hours

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs

Restricted Electives: 6 hours

Two courses from the following:

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs

Distribution Requirements: 9 hours

Three courses from the groups listed below, including at least one course from each group:

I. Comparative Politics and International Relations

- PLSC 120 - Global Issues (Gen Ed Area III) 3 hrs
- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 345 - War and Peace in the Nuclear Age 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
- PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

II. Political Theory and Methods:

- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs
- PLSC 320 - Political Science in Literature and Film 3 hrs
- PLSC 306 - Contemporary Political Thought 3 hrs
- PLSC 307 - Democracy and Power 3 hrs
- PLSC 309 - American Political Theory 3 hrs

Graduate Courses Toward Undergraduate Major: 6 hours

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Graduate Courses Toward MPA Only: 34-40 hours

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Combined Bachelor's Degree in Public Administration and Master's of Public Administration Degree (PAPA)

The Combined Bachelor's Degree in Public Administration (PAPA) and Master's of Public Administration Degree is an accelerated five year program in which exceptional students will earn both undergraduate and graduate degrees. Students will spend their first three years engaged in undergraduate studies and their final two completing the graduate program. The total number of credits needed for the program will be 150. At the undergraduate level, students will complete their General Education requirements, a minor and an abbreviated version of the undergraduate Public Administration major. Starting their fourth year, students will complete all 40-46 hours of the M.P.A. program, and a portion of the credits will double count toward the undergraduate B.S. degree.

The curriculum requires two internships, one as part of the undergraduate major, the second in the M.P.A. portion. Thus, students will have substantial field experience in public administration upon completing the full B.S./M.P.A. program.

http://www.emich.edu/polisci/Internship/undergrad_majors.html

Admission

Students will be invited to apply to the Combined Degree Program by Feb. 1 of their junior year, and will be offered admission by March 1 of their junior year. Applications will require letters of recommendation, a personal statement focusing on career goals and reasons for applying to the program, and an interview with the M.P.A. Director (or a designate). A minimum 3.3 grade-point average will be required for entry to this program.

Additional Requirements: 3 hours

- MATH 170 - Elementary Statistics (Gen Ed Area II) 3 hrs
or
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs

Undergraduate Requirements: 30 hours

Required Core Courses: 9 hours

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs

Restricted Electives: 15 hours

Five courses from the following:

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 334 - Personnel Administration in Government 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs

- PLSC 364 - Legislative Process 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 431W - Theories of Public Organization (Gen Ed Area I, W) 3 hrs

International Affairs Major

This curriculum (which counts as a combined major and minor) provides students with an opportunity to develop an understanding of both area and global issues. It is intended to prepare students for participation in a global society, including work with government, business and non-government organizations. It is intended for students who are interested in diplomacy, international affairs and international service.

There are two tracks within this curriculum: **Cognate Option A** does not have a foreign language requirement and is directed to students who either already possess an adequate level of foreign language proficiency or who anticipate employment in which such proficiency is not expected. This curriculum requires 54 hours. **Cognate Option B** includes a foreign language requirement and is strongly recommended for individuals who are seeking work outside the United States or work in which some familiarity with foreign language may be an asset such as the foreign service. This curriculum requires 61-64 credit hours.

General Education Requirements:

For specific requirements refer to the General Education Program .

Required Courses: 12 hours

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs

Comparative Politics Courses: 9 hours

Three courses from the following:

- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 355 - European Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 405 - British Law and Politics 3 hrs

International Politics Courses: 6 hours

Two courses from the following:

- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 343L - Model United Nations (Gen Ed Area V LBC) 3 hrs
- PLSC 345 - War and Peace in the Nuclear Age 3 hrs
- PLSC 346 - International Political Economy (NEW COURSE) 3 hrs
- PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
- PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

Cognate Option A: 24 hours

Students will select courses from at least two disciplines from an approved list of courses in history, economics, anthropology, geography, african american studies and world language (formerly known as foreign language and bilingual studies, FLABS). If a foreign language is selected, students will consult with a world languages advisor to select an appropriate sequence of classes.

Cognate Option B: 19-23 hours

Students will take an appropriate sequence of courses in a foreign language - French, German, Spanish, Japanese, Chinese, Arabic or Russian - and will select four courses from two disciplines from an approved list of courses in history, economics, anthropology and geography.

Capstone: 3 hours

Students may select one of the following options:

- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs
- PLSC 499 - Independent Study 3 hrs
can be taken either as an undergraduate thesis course or study abroad.

Cognate Courses

African American Studies

- AAS 311 - The African Diaspora 3 hrs
- AAS 313 - Contemporary Africa: The Struggle and Prospects for Development (Gen Ed Area III) 3 hrs

International Economics Perspective

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ECON 411 - Intermediate Macroeconomic Analysis 3 hrs
- ECON 412 - Intermediate Microeconomic Analysis 3 hrs
- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 385 - Economic Development 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

International Geography Perspective

- GEOG 107 - Introduction to Geography (Gen Ed Area IV) 3 hrs
- GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- GEOG 111 - Regions and Resources 3 hrs
- GEOG 235 - Economic Geography 3 hrs
- GEOG 314W - Geography of Russia and Neighboring States (Gen Ed Area I, W) 3 hrs
- GEOG 316 - History and Geography of Modern Europe 3 hrs
- GEOG 318 - Geography of Asia 3 hrs
- GEOG 319 - Geography of Europe 3 hrs
- GEOG 321 - Geography of Latin America 3 hrs
- GEOG 322 - Geography of Africa 3 hrs

International Historical Perspective

- HIST 103 - 20th-Century Civilization (Gen Ed Area III) 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
After one 100-level class, students may select from the following:
- HIST 316 - History and Geography of Modern Europe 3 hrs
- HIST 333 - Europe since 1919 3 hrs
- HIST 339 - Arab-Israeli Conflict 3 hrs
- HIST 341 - The Middle East, 1798 to the Present 3 hrs
- HIST 342 - North Africa, 1798 to the Present 3 hrs
- HIST 344 - Russia since 1855 3 hrs
- HIST 347 - Sub-Saharan Africa to 1885 3 hrs
- HIST 348 - 20th-Century Africa 3 hrs
- HIST 349 - South Africa, 1500-Present 3 hrs
- HIST 350 - History of Canada 3 hrs
- HIST 356 - Latin America: National Period 3 hrs
- HIST 375 - Modern India 3 hrs
- HIST 426 - The United States from 1963 to the Present 3 hrs
- HIST 442 - Modern China 3 hrs
- HIST 443 - Modern Japan 3 hrs
- HIST 456 - Europe since 1945 3 hrs
- HIST 457 - History of Mexico 3 hrs
- HIST 461 - Foreign Relations of the United States 3 hrs

International Social/Cultural Perspective

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 233 - Cultures of Mesoamerica and the Caribbean (Gen Ed Area III) 3 hrs
- ANTH 236 - Peoples and Cultures of Africa 3 hrs
- ANTH 248 - Peoples and Cultures of the Pacific 3 hrs
- ANTH 336 - Social and Cultural Change 3 hrs
- ANTH 385 - Culture of Japan 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the *100-level and above*. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses

will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Political Science Major

For more information regarding internships visit the department site here:
http://www.emich.edu/polisci/Internship/undergrad_majors.html

To fulfill the requirements for a major in political science, students must complete at least 30 hours in the major as specified below, complete at least four courses in the major numbered 300 or above and attain at least a C average in the major. Students are further encouraged to take PLSC 112/PLSC 113, as a general education course, prior to the required core courses and to complete PLSC 112/PLSC 113 and the required core courses within the first nine hours of political science course work. A maximum of three credit hours of independent study or internship/cooperative education courses may be applied to the 30 credit hours required for the major. Finally, neither the independent study, internship/cooperative education course, nor PLSC 470 meets the group distribution requirements specified below under areas of concentration, but any may be taken as free political science electives. Students should consult a departmental adviser for guidance about applying these and special topics courses towards the major.

Political Science Department Information:

Department Head: Arnold Fleischmann
Department Contact: afleisch@emich.edu
Website: <http://www.emich.edu/polisci/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 30 hours

Required Core Courses: 9 hours

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs

Two courses from the following:

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
- PLSC 215 - Civil Rights and Liberties in a Diverse US (Gen Ed Area III) 3 hrs

Area of Concentration: 21 hours

Seven courses from the three groups listed below, including at least one course from each group.

I. American Politics, Public Law and Administration

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs

- PLSC 314 - Civil Mock Trial and Legal Process 3 hrs
or
- PLSC 316 - Criminal Mock Trial and Legal Process 3 hrs
- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 335 - Labor in American Politics 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 357 - Campaigns and Elections 3 hrs
- PLSC 358 - Political Parties and Interest Groups 3 hrs
- PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
- PLSC 360 - American Politics and the Media 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 386 - U.S. Supreme Court Simulation 3 hrs

II. Comparative Politics and International Relations:

- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 345 - War and Peace in the Nuclear Age 3 hrs
- PLSC 346 - International Political Economy (NEW COURSE) 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 355 - European Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
- PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

III. Political Theory and Methods:

- PLSC 306 - Contemporary Political Thought 3 hrs

- PLSC 307 - Democracy and Power 3 hrs
- PLSC 309 - American Political Theory 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 320 - Political Science in Literature and Film 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. University Information: Consult the online catalog at catalog.emich.edu.

Public Administration Major

Public administration is a broad-ranging discipline that combines theory and practice, and focuses on the organization of government structure, policies and programs, and the performance of officials. Public administration encourages public policies that are more responsible to human, social and economic needs and that are more efficient and effective.

The public administration major involves a core of course work in public administration and a choice of electives. It may be combined with any number of minors appropriate to the career interests of the student. Students who major in public administration enter a broad range of careers in government service (federal, state or local), nonprofit organizations or business. Some go on to graduate or professional schools in political science, public administration, public policy, business administration or law.

A minor is to be selected in consultation with a public administration adviser. Recommended choices include: computer science, economics, general business, management or writing. Other appropriate minors include: communication, conservation and resource use, criminology and criminal justice, gerontology, historic preservation, journalism, health administration, land use analysis, military science, nonprofit administration, public law and government and social work.

Students are encouraged to take PLSC 112/PLSC 113 American Government as a General Education course prior to the required core courses and to complete PLSC 112/PLSC 113 within the first nine hours of political science course work. With permission of the public administration adviser, six credit hours of internship credit (PLSC 480, PLSC 486/PLSC 488/PLSC 489) or six credit hours of cooperative education credit (PLSC 387/PLSC 487) may be applied to the major. Students should consult an adviser about including these and special topics courses as a part of their program of study.

For more information regarding internships visit the department site here: <http://www.emich.edu/polisci/internships/index.php>

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Public Law and Government Major

The Public Law and Government major focuses student attention on issues related to constitutional, criminal, comparative and international law, legal systems at the state, federal and international levels, and judicial process and behavior as well as alternative methods of dispute resolution. Students who major in public law and government may participate in the Mock Trial competitions and typically continue on to law school prior to a career practicing law. Students are encouraged to take PLSC 112/PLSC 113 as a General Education course prior to the required core courses and to complete PLSC 112/PLSC 113 within the first nine hours of political science course work. Students shall complete at EMU at least three courses in the major numbered 300 or above; and attain at least a C average in the major. A maximum of four credit hours of independent study or internship/cooperative education courses, or a combination of both, may be applied to the 30 credit hours required for the major.

For more information regarding internships visit the department website here:

http://www.emich.edu/polisci/Internship/undergrad_majors.html

Department Head: Arnold Fleischmann
Department Contact: afleisch@emich.edu
Website: <http://www.emich.edu/polisci/>

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 30 hours

Required Area Courses: 12 hours

- PLSC 385 - Judicial Process and Behavior 3 hrs

One course from each of the following three areas of public law:

Area I:

- PLSC 301 - American Legal System 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

Area II:

- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs

Area III:

- PLSC 341 - International Law 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs

Public Law Elective Courses: 9 hours

Students may not double count courses taken in the Required Area Course Requirements.

Select three courses from the following:

- ECON 407 - Economic Analysis and Law 3 hrs
- HIST 465 - United States Constitutional History 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs
- PLSC 314 - Civil Mock Trial and Legal Process 3 hrs
- PLSC 316 - Criminal Mock Trial and Legal Process 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 386 - U.S. Supreme Court Simulation 3 hrs
- PLSC 387 - Cooperative Education in Political Science 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 456 - Criminal Law I 3 hrs
- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs
- PLSC 486 - Internship in Political Science/Public Administration 3 hrs
- PLSC 487 - Cooperative Education in Political Science 3 hrs
- PLSC 488 - Internship in Political Science/Public Administration 6 hrs
- PLSC 489 - Internship in Political Science/Public Administration 9 hrs
- PLSC 497 - Independent Study 1 hrs
- PLSC 498 - Independent Study 2 hrs
- PLSC 499 - Independent Study 3 hrs

Restricted Elective Courses: 9 hours

Select one course from each of the following three groups:

I. American Politics and Administration

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 335 - Labor in American Politics 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 357 - Campaigns and Elections 3 hrs
- PLSC 358 - Political Parties and Interest Groups 3 hrs
- PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
- PLSC 360 - American Politics and the Media 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs

II: Comparative Politics and International Relations

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs

- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

III: Political Theory and Methods

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
- PLSC 306 - Contemporary Political Thought 3 hrs
- PLSC 307 - Democracy and Power 3 hrs
- PLSC 309 - American Political Theory 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 320 - Political Science in Literature and Film 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Courses may not be counted toward more than one requirement within the major.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Public Safety Administration Major

The public safety administration program is an interdisciplinary program involving course work in three departments from two colleges within the University. The curriculum is intended to meet the professional development needs of in-service and entry-level personnel in public safety organizations including those involved in law enforcement, public safety, fire protection, private security, disaster and emergency management and corrections, with a competency-based curriculum resting on a strong liberal arts foundation.

The public safety manager's focus is on leadership, public policy, politics and administration. The public safety manager is concerned with issues such as the causes of crime, the nature and impact of criminal behavior, threats to public safety arising from environmental and natural disasters and the nature and operation of correctional institutions. The administrator's responsibilities extend to addressing how the public safety organization develops a response to these problems, the nature of the response and how resources — budgets and personnel — are obtained, utilized and evaluated in responding to problems.

This program builds on the public administration major. Courses are drawn from five groups:

- An interdisciplinary, skills-focused, foundation group
- An administration group directed toward developing an understanding of public and of nonprofit organizations and related personnel, budgeting and administrative skills
- A public safety administration group that addresses conditions, strategies and practices found particularly in public safety agencies
- An area concentration
- An academy or internship component

The program combines both major and minor requirements, and graduating students will be awarded a bachelor's degree in public administration.

Transfer students from associate degree programs in related fields may matriculate into the program. Students transferring from another college must, however, complete all general education course work as required by the University for the bachelor's degree.

An active articulation agreement exists between this program and several community colleges. To see a complete list of current colleges with program articulation agreements with EMU, please [click here](#).

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 63-64 hours

Foundation Group: 12 hours

One course from the following:

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
- SOCL 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs

One course from the following:

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 330 - Urban Politics 3 hrs

One course from the following:

- CRM 300 - Criminal Justice 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs

One course from the following:

- CTAC 352 - Communication in Negotiation 3 hrs
- CTAC 354 - Organizational Communication 3 hrs

Administration Group: 12 hours

- PLSC 270 - Public Administration 3 hrs
- PLSC 334 - Personnel Administration in Government 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs

One course from the following:

- HSEM 412 - Administration of Public Safety Agencies 3 hrs
- PLSC 431W - Theories of Public Organization (Gen Ed Area I, W) 3 hrs

Public Safety Administration Group: 18 hours

- HSEM 380 - Planning and Decision-Making for Public Safety 3 hrs
- HSEM 381 - Public Relations and Public Safety 3 hrs
- HSEM 438 - Human Resource Management for Public Safety Agencies 3 hrs
- HSEM 439 - Managing Critical Incidents for Homeland Security 3 hrs

One course from the following:

- HSEM 453 - Management/Leadership for Public Safety 3 hrs
- PLSC 450 - Managing Public Safety Agencies 3 hrs

One course from the following:

- HSEM 454 - Managing Technology for Public Safety Agencies 3 hrs
- PLSC 451 - Seminar in Public Safety Administration 3 hrs

Area of Concentration: 15-16 hours

Five courses from the following:

- CRM 431 - Policing in Society 3 hrs
- ESSC 324 - Weather 3 hrs
- ESSC 325 - Geomorphology 4 hrs
- HSEM 255 - Emergency Preparedness Planning 3 hrs
- HSEM 306 - Issues in Emergency Preparedness 3 hrs
- HSEM 309 - Natural Hazard Mitigation 3 hrs
- HSEM 433 - Arson Investigation 3 hrs
- HSEM 434 - Hazardous Materials 3 hrs
- HSEM 435 - Incident Command 3 hrs

- HSEM 452 - Current Trends in Emergency Management 3 hrs
- HSEM 475 - Managing Correctional Agencies and Facilities 3 hrs

Academy or Internship/Co-op Experience: 6 hours

Preservice students must complete an internship or cooperative education placement or an accredited academy program; in-service students may substitute credits from an accredited academy program.

- PLSC 488 - Internship in Political Science/Public Administration 6 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. Minor

Nonprofit Administration Minor

The Nonprofit Administration minor provides an opportunity for students to develop the knowledge and skills related to administrative responsibilities in the nonprofit sector. It is linked to and enables a student to fulfill the Nonprofit Leadership Program's foundation and professional development competencies, and to earn a National Certification in Nonprofit Management and Leadership and the corresponding Certified Nonprofit Professional (CNP) credential. The Nonprofit Administration Minor requires that students without work experience in a nonprofit organization complete an internship for credit in a 501(c)3 organization. Upon graduation, students may go on to work in such organizations as the American Red Cross, Boysville of Michigan, United Way, ACCESS, Freedom House and any of the multitudes of nonprofit human social service, arts/cultural, health care and political nonprofit organizations.

Political Science Minor

Students are encouraged to take PLSC 112/PLSC 113 as one of their general education courses, prior to the required core courses and to complete PLSC 112/PLSC 113 and the required core courses within the first nine hours of political science course work.

Political Science Department Information:

Department Head: Arnold Fleischmann
 Department Contact: afleisch@emich.edu
 Website: <http://www.emich.edu/polisci/>

Required Core Courses: 6 hours

Two courses from the following:

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
- PLSC 215 - Civil Rights and Liberties in a Diverse US (Gen Ed Area III) 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs

Area of Concentration: 15 hours

Five courses from two of the three following groups:

I. American Politics, Public Law and Administration:

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs
- PLSC 314 - Civil Mock Trial and Legal Process 3 hrs

or

- PLSC 316 - Criminal Mock Trial and Legal Process 3 hrs
- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 335 - Labor in American Politics 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 357 - Campaigns and Elections 3 hrs
- PLSC 358 - Political Parties and Interest Groups 3 hrs
- PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 386 - U.S. Supreme Court Simulation 3 hrs
- WGST 243 - Black Women: Politics and Racism 3 hrs

II. Comparative Politics and International Relations:

- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 345 - War and Peace in the Nuclear Age 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 355 - European Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
- PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

III. Political Theory and Methods:

- PLSC 306 - Contemporary Political Thought 3 hrs
- PLSC 307 - Democracy and Power 3 hrs
- PLSC 309 - American Political Theory 3 hrs

- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 320 - Political Science in Literature and Film 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Public Administration Minor

Students are encouraged to take PLSC 112/PLSC 113 as one of their general education courses, prior to the required core courses and to complete PLSC 112/PLSC 113 and the required core courses within the first nine hours of political science course work.

Political Science Department Information:

Department Head: Arnold Fleischmann
Department Contact: afleisch@emich.edu
Website: <http://www.emich.edu/polisci/>

Required Course: 3 hours

- PLSC 270 - Public Administration 3 hrs

Restricted Elective Courses: 12 hours

Four of the following courses:

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
- PLSC 334 - Personnel Administration in Government 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 431W - Theories of Public Organization (Gen Ed Area I, W) 3 hrs
- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs

Elective Courses: 9 hours

Three courses from the following:

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs

- PLSC 301 - American Legal System 3 hrs
- PLSC 330 - Urban Politics 3 hrs
- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 470 - Seminar in Political Science 3 hrs
- PLSC 486 - Internship in Political Science/Public Administration 3 hrs

Minor Total: 24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S.

institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Public Law and Government Minor

Students must complete at Eastern Michigan University at least three courses in the public law and government minor numbered 300 or above. A maximum of four credit hours of independent study or internship/cooperative education courses may be applied to the 21 credit hours required for this minor. Students are encouraged to take PLSC 112/PLSC 113 as one of their general education courses, prior to the required core courses and to complete PLSC 112/PLSC 113, and the required core courses within the first nine hours of political science course work.

For more information regarding internships visit the department website here: http://www.emich.edu/polisci/Internship/undergrad_majors.html

Political Science Department Information:

Department Head: Arnold Fleischmann
Department Contact: afleisch@emich.edu
Website: <http://www.emich.edu/polisci/>

Core Required Courses: 9 hours

One course from each of the following three areas of public law:

Area I:

- PLSC 301 - American Legal System 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs

Area II:

- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs

Area III:

- PLSC 341 - International Law 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs

Public Law Restricted Elective Courses: 6 hours

Students may not double count courses taken in the Core Required Courses section.

Select two courses from the following:

- CRM 460 - Criminal Law II 3 hrs
- ECON 407 - Economic Analysis and Law 3 hrs
- HIST 465 - United States Constitutional History 3 hrs
- PLSC 215 - Civil Rights and Liberties in a Diverse US (Gen Ed Area III) 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 312 - Constitutional Law: Institutions and Process 3 hrs
- PLSC 313 - Constitutional Law: Civil Rights and Liberties 3 hrs
- PLSC 314 - Civil Mock Trial and Legal Process 3 hrs
- PLSC 341 - International Law 3 hrs
- PLSC 386 - U.S. Supreme Court Simulation 3 hrs
- PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W) 3 hrs
- PLSC 456 - Criminal Law I 3 hrs
- PLSC 480 - Field Seminar in Political Science/Public Administration 3 hrs
- PLSC 486 - Internship in Political Science/Public Administration 3 hrs
- PLSC 487 - Cooperative Education in Political Science 3 hrs
- PLSC 488 - Internship in Political Science/Public Administration 6 hrs
- PLSC 489 - Internship in Political Science/Public Administration 9 hrs
- PLSC 497 - Independent Study 1 hrs
- PLSC 498 - Independent Study 2 hrs
- PLSC 499 - Independent Study 3 hrs

Elective Courses: 6 hours

Select two courses from two of the three following groups:

I. American Politics, Public Law and Administration

- PLSC 202 - State and Local Government (Gen Ed Area IV) 3 hrs
- PLSC 216 - Municipal Government 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 330 - Urban Politics 3 hrs

- PLSC 332 - Intergovernmental Relations and Federalism 3 hrs
- PLSC 335 - Labor in American Politics 3 hrs
- PLSC 352 - Politics of Government Budgeting 3 hrs
- PLSC 357 - Campaigns and Elections 3 hrs
- PLSC 358 - Political Parties and Interest Groups 3 hrs
- PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W) 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PLSC 380 - American Presidency 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs

II. Comparative Politics and International Relations:

- PLSC 211 - Introduction to Comparative Government (Gen Ed Area III) 3 hrs
- PLSC 212 - Introduction to International Politics (Gen Ed Area IV) 3 hrs
- PLSC 221 - America at War: From Vietnam to Iraq 3 hrs
- PLSC 345 - War and Peace in the Nuclear Age 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 311 - Politics of the Developing World 3 hrs
- PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W) 3 hrs
- PLSC 342 - International Organizations 3 hrs
- PLSC 354 - Canadian Politics 3 hrs
- PLSC 355 - European Politics 3 hrs
- PLSC 361 - Russian Politics 3 hrs
- PLSC 367 - Latin American Politics 3 hrs
- PLSC 371 - Middle East Politics 3 hrs
- PLSC 372 - African Politics 3 hrs
- PLSC 374 - Asian Politics 3 hrs
- PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III) 3 hrs
- PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health 3 hrs
- PLSC 462 - Russian Foreign Relations 3 hrs
- PLSC 467 - Advanced International Relations 3 hrs

III. Political Theory and Methods:

- PLSC 210 - Introduction to Political Analysis (Gen Ed Area II) 3 hrs
- PLSC 213 - Introduction to Political Thought (Gen Ed Area IV) 3 hrs
- PLSC 310 - Methods of Political Research 3 hrs
- PLSC 382 - Politics and the 21st Century 3 hrs
- PLSC 320 - Political Science in Literature and Film 3 hrs
- PLSC 306 - Contemporary Political Thought 3 hrs
- PLSC 307 - Democracy and Power 3 hrs
- PLSC 309 - American Political Theory 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- PLSC 309 - American Political Theory 3 hrs

Minor Total: 24 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

**Students majoring in Social Studies will continue to be expected to take PLSC305, one of the two courses in Area I.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a

minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Political Science

PLSC 112 - American Government (Gen Ed Area IV)

An overview of the structure and function of American national government, focusing on how government is designed, how individuals form and act on their political preferences, how these preferences are transmitted to government, and how government acts (and does not act) on what its citizens want.

Credit Hours: 3 hrs

Notes: Not open to those with credit in PLSC113; offered on a credit/no-credit basis.

Area IV: Knowledge of the Disciplines

PLSC 112 American Government

This course provides students with critical exposure to the methods used by social scientists in creating knowledge. Political Science 112 provides a thorough grounding in American government. It also provides a strong introduction to the discipline of political science. In this course, students gain exposure to how knowledge is generated in the social sciences through the lens of one content area, that of American government. Through material covered in the course, students gain practice in asking important questions about the political world and answering them using the methods practiced in this social science discipline.

Last Updated: 03/2011; effective Spring 2011

PLSC 113 - American Government Honors (Gen Ed Area IV)

An enhanced overview of the structure and function of American national government, focusing on how government is designed, how individuals form and act on their political preferences, how these preferences are transmitted to government, and how government acts (and does not act) on what its citizens want.

Credit Hours: 3 hrs

Notes: Not open to those with credit in PLSC112.

Area IV: Knowledge of the Disciplines

PLSC 113 American Government Honors

This course provides students with the critical exposure to the methods used by social scientists in creating knowledge. Political Science 113 provides a thorough grounding in American government. It also provides a strong introduction to the discipline of political science. In this course, students gain exposure to how knowledge is generated in the social sciences through the lens of one content area, that of American government. Through material covered in the course, students gain practice in asking important questions about the political world and answering them using the methods practiced in this social science discipline.

PLSC 120 - Global Issues (Gen Ed Area III)

This course examines global concerns that transcend boundaries of local and national communities. It emphasizes global perspectives and approaches to analyzing and solving world problems. Each semester will focus on a particular contemporary global issue (such as terrorism, genocide, human rights, global gender issues, ethnic identity/conflict, migration, and democratization).

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

PLSC 120 Global Issues [effective Spring 2008]

People of diverse cultural and national backgrounds and experiences are relating to each other much more frequently and intensively, all around the world, than ever before. Global trade, the Internet, climate, migration, terrorism and concepts of human rights are just a few of the many types of interactions that are bringing distant people together in ways that may involve conflict or collaboration. This course will help develop awareness of the changing global context in which we live, of the importance of appreciating diverse perspectives and of the need for building bridges of communication and tolerance to address shared global challenges. Many global issues are controversial and subject to varying perspectives. Each semester, the course will focus on a particular contemporary global issue (such as terrorism, genocide, human rights, global gender issues, ethnic identity and conflict, migration and democratization), not to find a single "correct" solution, but rather to develop skills in analyzing diverse interpretations and considering our own roles and civic responsibilities on a global scale.

PLSC 177A - Topics in American Politics

An examination of a topic in American Politics not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

Credit Hours: 1 hr

Previously Listed As: PLSC 177 - Special Topics

Last Updated: Course Number and Title Change 05/2012, effective Fall 2012

PLSC 177B - Topics in Public Law

An examination of a topic in Public Law not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

Credit Hours: 1 hr

Previously Listed As: PLSC 177 - Special Topics

Last Updated: Course Number and Title Change 05/2012, effective Fall 2012

PLSC 177C - Topics in Public Administration

An examination of a topic in Public Administration not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

Credit Hours: 1 hr

Previously Listed As: PLSC 177 - Special Topics

Last Updated: Course Number and Title Change 05/2012, effective Fall 2012

PLSC 177D - Topics in Nonprofit Administration

An examination of a topic in Nonprofit Administration not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. Students may elect this course several times, provided different topics are studied, but it may be taken only twice for credit toward a major or minor in political science.

PLSC 202 - State and Local Government (Gen Ed Area IV)

A study of the forms and functions of state and local governments with special emphasis on the government of Michigan. Especially valuable for teachers of social studies in senior and junior high schools.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PLSC 202 State and Local Government [effective Winter 2009]

State and Local Government course looks at the critical exposure to the methods used by social scientists in creating knowledge. It provides a thorough grounding in sub-national governments in the American federal governmental system. It also provides a strong introduction to the discipline of political science. In this course, students gain exposure to how knowledge is generated in the social sciences through the lens of one content area, that of state and local government. Through material covered in the course, students gain practice in asking important questions about politics and government and answering them using the methods practiced in this social science discipline.

PLSC 210 - Introduction to Political Analysis (Gen Ed Area II)

An introduction to techniques for using data to test a wide range of theories regarding how the political world operates. Focus is on building skill in using quantitative and qualitative techniques to understand political phenomena ranging from individual voting behavior to international cooperation and conflict.

Credit Hours: 3 hrs

Last Updated: Gen Ed Approval 06/2006, effective Summer 2006

PLSC 211 - Introduction to Comparative Government (Gen Ed Area III)

Develops conceptual tools for comparative analysis of diverse political systems, examining selected nation-states to identify and explain similarities and differences in regime types and patterns of politics. Also examines the interaction of global forces (such as colonialism, the Cold War, and global markets) with domestic social and political change.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

PLSC 211 Comparative Politics

From the fall of the Berlin Wall to the rise of ethnic and religious nationalisms to the new challenges of a global marketplace, the world's politics are in transition. As people and events around the world become more interconnected, it is increasingly vital to understand the dramatic political changes going into the 21st century in order to gain global awareness and perspectives on the diverse world in which we live. This course offers an introduction to the study of politics and political issues in countries around the world, with particular focus on cases selected to reflect the diversity of societies and political systems. In comparing specific national responses to common problems, we will be learning not only about how governments work and how people change their form of government, but also about methods of comparative analysis (i.e., how to gain perspective through comparison) and

about how the global context shapes and interacts with diverse peoples and governments. The course materials is organized thematically' countries of diverse economic, social and cultural types will be compared regarding a variety of topics (such as democracy, authoritarianism, capitalism, socialism, nationalism, development and globalization).

Last Updated: Format 10/2012

PLSC 212 - Introduction to International Politics (Gen Ed Area IV)

An introduction to major theories and approaches in the study of international relations. The course considers the character of the international system, causes of conflict and war, foreign policy decision-making, determinants of economic development, and global environmental degradation. It also examines current issues such as terrorism, the protection of human rights, and globalization.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PLSC 212 Introduction to International Politics

Political Science 212 introduces students to the study of international relations (IR), one of the main fields of political science. This course emphasizes how political scientists acquire and share knowledge about the world. The course requires students to use the theoretical frameworks of the study of IR - realism, neo-realism, liberals, and feminism - to pose and address questions about contemporary issues and problems, including interstate disputes and wars, economic globalization, the increasing inequality among rich and poor nations, protection of human rights, threats to environmental quality and population growth. Through examination of research on such topics, students become familiar with the process of research and acquire the ability to critically evaluate the design of, and results from, research. The course also provides students with the opportunity to gather, examine and interpret data and to report the findings of their research, thus contributing to their understanding of how inquiry is conducted and knowledge is disseminated in political science. In sum, the course prepares students for citizenship in a global community by not only giving them basic factual knowledge of international relations and global processes, but also by providing them with the tools necessary to understand and explain international events and global patterns of change.

PLSC 213 - Introduction to Political Thought (Gen Ed Area IV)

Fundamental concepts, language and arguments in Western political thought from the Classical to the contemporary post 9/11 world will be analyzed focusing on the basic themes of: liberty, equality, justice, fairness, representation and authority. This course meets the GE Requirement in the Humanities as well as being one of the core courses for the major in Political Science, Public Law and Public Administration.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

PLSC 213 Political Theory

This course introduces students to the philosophical approach to the discipline of political science. Through careful and exacting readings of primary texts, students are introduced to the body of philosophical thought on politics and governing that has developed over 2500 years, learn how philosophical knowledge of politics is developed and disseminated, and learn to develop their own questions and a method for seeking answers to those questions in the discipline. Through a combination of close readings of the texts and placing the text in the historical context, students will gain a basic knowledge of selective works in political philosophy including the ideas or doctrines contained in the practices and approaches used in this long tradition of political reflection.

PLSC 215 - Civil Rights and Liberties in a Diverse US (Gen Ed Area III)

We will survey how a wide variety of groups and individuals sought and currently seek legal protection and recognition through the Constitution, judicial interpretation and legislation. Exposure to these struggles will allow the student to experience a wide range of perspectives and critique how the legal system and society has dealt with clashes between diverse elements of the U.S.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

PLSC 215 Civil Rights and Liberties

This course introduces students to issues of diversity in American society, workplace, schools and community through an examination of the historical development of civil liberties and civil rights in the United States. As such, it fulfills the I.S. Diversity requirement of the General Education curriculum. The course explores how many different groups and individuals have used the guarantees of liberty and equal protection of the laws provided for in the U.S. Constitution and its amendments to challenge unjust laws, break down social intolerance, prejudice and stereotypes, advance their socioeconomic interests and participate more fully in the political and economic life of the nation. By reading and analyzing the decisions of the federal courts, particularly the Supreme Court, in key civil liberties and civil rights cases, students will acquire an understanding of the experiences of the various groups and cultures that have struggled, and continue to struggle, for freedom equality and justice in the United States. They will also explore the social and ideological causes of the intense conflicts over civil liberties and rights that have shaped American history as well as those which shape our politics today. As a result of the study of major legal cases, students will leave the course with an understanding of the cultural complexity of American society as well as a deeper sense of their own civic and cultural identity.

PLSC 216 - Municipal Government

A study of forms and functions of municipal government.

Credit Hours: 3 hrs

PLSC 221 - America at War: From Vietnam to Iraq

Course explores the causes and effects of recent U.S. military interventions from Vietnam to the present. Particular attention will be given to the development and features of the military industrial complex as well as comparison of the geopolitical and military strategies of the Cold War and the Global War on Terror.

Credit Hours: 3 hrs

PLSC 242 - Black Women: Politics and Racism

An analysis of American politics as it relates to African American women. The course examines ways in which political issues affect Black women differently than African American men, white men and white women. Considerable attention is given to the definition of the political realm as opposed to the non-political realm when discussing groups traditionally marginalized or excluded from political life.

Credit Hours: 3 hrs

Cross-Listed with: AAS 242

Last Updated: 2/17/2011

PLSC 243 - Black Women: Politics and Racism

An analysis of American politics as it relates to African American women. The course examines ways in which political issues affect Black women differently than African American men, white men and white women. Considerable attention is given to the definition of the political realm as opposed to the nonpolitical realm when discussing groups traditionally marginalized or excluded from political life.

PLSC 297 - Independent Study

Approved studies on an individual basis in areas in which the department does not offer formal courses.

Credit Hours: 1 hr

PLSC 298 - Independent Study

Approved studies on an individual basis in areas in which the department does not offer formal courses.

Credit Hours: 2 hrs

PLSC 299 - Independent Study

Approved studies on an individual basis in areas in which the department does not offer formal courses.

Credit Hours: 3 hrs

PLSC 301 - American Legal System

A survey of various substantive components of the American system of law and its function in a democratic society. Special emphasis is placed upon problems of law enforcement, legal agencies and the processes involved in the administration of criminal justice.

Credit Hours: 3 hrs

PLSC 305 - Law and Policy in a Constitutional Democracy

This course explores the political and legal processes that shape the development and interpretation of major constitutional principles. We will discuss the sources and context for American law and examine how actors in the legal and political systems across all levels of government contribute to the laws that govern American society.

Credit Hours: 3 hrs

Class Restrictions: Open to Sophomores, Juniors, Seniors and Post-Baccalaureate students

PLSC 306 - Contemporary Political Thought

An examination of 20th and 21st century political theories and ideologies around the world including: liberal democracy and its conservative critics; varieties of fascism, socialism and communism; globalization and its critics; national and ethnic ideologies; international religious fundamentalism; and global environmentalism.

Credit Hours: 3 hrs

PLSC 307 - Democracy and Power

An analysis of citizen democracy and its relation to the power and legitimacy of governments around the world, both past and present, using classic writings, current journalistic and scholarly literature. The focus will be on: the scope and limits of governmental power; socio-economic, racial, gender and regional inequalities; and challenges to democratic politics in time of war, mass media and virtual communication.

Credit Hours: 3 hrs

PLSC 308 - Political Violence and Revolution

Examines political violence and revolution in comparative and international perspective. Considers theories and cases of structural violence rooted in social injustice; diverse forms and motives of political violence (such as war, rebellion, terrorism, ethnic conflict, national liberation); patterns and cycles of violence and non-violent alternatives; and the dynamics of revolution.

Credit Hours: 3 hrs

PLSC 309 - American Political Theory

An analysis of what makes American political thought and values both exceptional and reflective of Western political culture, from 18th century Founding to the post 9/11 21st century. Classic writings, journalism and other media, and contemporary scholarship by Americans and non-American observers, will be emphasized.

Credit Hours: 3 hrs

PLSC 310 - Methods of Political Research

Continued exploration of political analysis techniques introduced in PLSC 210. Attention is paid to data gathering and hypothesis testing, with an emphasis on applying these techniques to real-world political problems. Possible applications include doing applied research work for local municipalities or developing and implementing public opinion surveys.

Credit Hours: 3 hrs

Prerequisite: PLSC 210

Last Updated: Links 04/2011

PLSC 311 - Politics of the Developing World

An examination of politics in developing countries, highlighting the relation between economic development and social/political change. The course investigates the colonial legacy and contemporary sociopolitical conditions, focusing on themes such as race/ethnicity and religion, gender, social polarization, role of the military, nationalisms, democratization, states and markets, globalization.

Credit Hours: 3 hrs

PLSC 312 - Constitutional Law: Institutions and Process

This course focuses on the foundations, adoption and development of the US Constitution and its impact on the development and operation of American governmental institutions and economic liberty. The course introduces students to landmark cases that interpret and implement the American Constitutions.

Credit Hours: 3 hrs

PLSC 313 - Constitutional Law: Civil Rights and Liberties

This course focuses on the foundations, adoption and development of the US Constitution and its impact on the development of civil rights and liberties in American law. Special emphasis is placed on the Bill of Rights, the 14th amendment and the right to privacy. The course introduces students to landmark cases that interpret and implement the American Constitution.

Credit Hours: 3 hrs

PLSC 314 - Civil Mock Trial and Legal Process

This course covers the basics of the actual trial process, the specifics of mock trial competition and rules, and introduces the fundamental elements of the legal research process. Legal methodology will be introduced and developed throughout the course. This course is intimately connected with the University's Mock Trial Team and is used as a vehicle to train and practice for competition. Students may take the course without participating on the University's team.

Credit Hours: 3 hrs

PLSC 316 - Criminal Mock Trial and Legal Process

This course covers the basics of the actual trial process, the specifics of mock trial competition and rules, and introduces the fundamental elements of the legal research process. Legal methodology will be introduced and developed throughout the course. This course is intimately connected with the University's Mock Trial Team and is used as a vehicle to train and practice for competition. Students may take the course without participating on the University's team.

Credit Hours: 3 hrs

Last Updated: Course Number Change 01/2012, effective Winter 2012

PLSC 320 - Political Science in Literature and Film

A discussion and analysis of political theories, institutions, and practices utilizing a storehouse of insightful and articulate materials not normally tapped in traditional political science courses: the works of essayists, aphorists, dramatists, pamphleteers, poets and novelists.

Credit Hours: 3 hrs

Prerequisite: At least nine hours of political science course work completed

Class Restrictions: Junior or Senior standing or department permission

Major Restrictions: Political Science Majors or Minors only

Previously Listed As: PLSC 410

Last Updated: 01/2009; effective Fall 2009

PLSC 327W - American Foreign Policy Process (Gen Ed Area I, W)

This course explores the content and conduct of American foreign policy. It examines American foreign policy history, theories of decision making, foreign policy actors inside and outside government, as well as specific policy areas including national security, economic prosperity, the environment, and human rights.

Credit Hours: 3 hrs

Rationale: The course will not only enhance students' ability to think critically about American foreign policy, it will also help them to develop and express their ideas through the modes of writing used in the discipline of political science. By completing the writing assignments, students will become proficient in the forms and conventions of writing in the discipline and thus strengthen a variety of skills essential for research, including reading comprehension, the formulation of research questions, review of the scholarly literature, identification of appropriate sources of information and data, accurate summarization of complex arguments and information, analysis of data, and argumentation. Through conducting their own research and writing a research paper, students will strengthen their understanding of how scholars create knowledge of the world.

Last Updated: 2/11/11; effective Fall 2011

PLSC 330 - Urban Politics

An examination of the urban political environment in the United States; structure, processes, power relationships, ethnic considerations, fiscal constraints and select, specific policy areas are considered.

Credit Hours: 3 hrs

PLSC 332 - Intergovernmental Relations and Federalism

A study of intergovernmental relations in the United States focusing on recent trends in the federal system. Examines significant developments and alternatives in shared governmental responsibilities, such as metropolitan reorganization, grant programs and regionalism.

Credit Hours: 3 hrs

PLSC 334 - Personnel Administration in Government

An examination of the basic personnel management practices of public bureaucracies. Topics include the development of the merit system and the civil service; public sector requirements for hiring, promotion, pay and benefits; discipline and grievance handling; the development and impact of public-sector collective bargaining.

Credit Hours: 3 hrs

Last Updated: Links 09/2011

PLSC 335 - Labor in American Politics

An examination of the role played by American labor as a political pressure group and as an agent of voter mobilization; American labor voting patterns; the political impact of labor organization on the civil service; American role in international union affairs.

Credit Hours: 3 hrs

PLSC 336 - Foundations of the U.S. Nonprofit Sector

This course provides students with a grounding in the historical and philosophical foundations of the nonprofit sector in American Society. Using an interdisciplinary approach, this course will help students understand the evolution of the nonprofit sector, its capacities and limitations, as well as its distinctiveness.

Credit Hours: 3 hrs

PLSC 341 - International Law

A study of the development of international law and world society over time. Examinations of the effect of treaties, customary law, and equity on the role of the United Nations Security Council, international courts, human rights, the law of the sea, war crimes, and other selected topics.

Credit Hours: 3 hrs

PLSC 342 - International Organizations

The theory and practice of various types of international organizations (including intergovernmental and nongovernmental). Examines their efforts to create collective solutions to problems such as security, human rights and humanitarian issues, environmental and resource challenges, and global economic governance.

Credit Hours: 3 hrs

PLSC 343L - Model United Nations (Gen Ed Area V LBC)

Explores the structure and function of the United Nations in a changing global context. Course includes an in-depth simulation of varying countries and their positions, aims and role within the UN. Students learn about foreign policy analysis, multilateral diplomacy, international organizations, and contemporary global issues.

Credit Hours: 3 hrs

Prerequisite: PLSC 211 or PLSC 212 and department permission

Notes: This course can be taken more than once. The second enrollment is PLSC 344(L).

Last Updated: Links 03/2011

PLSC 344L - Model United Nations (Gen Ed Area V LBC)

Explores the structure and function of the United Nations in a changing global context. Course includes an in-depth simulation of varying countries and their positions, aims and role within the UN. Students learn about foreign policy analysis, multilateral diplomacy, international organizations, and contemporary global issues.

Credit Hours: 3 hrs

Prerequisite: PLSC 211 or PLSC 212 and department permission

Last Updated: Links 03/2011

PLSC 345 - War and Peace in the Nuclear Age

This course is about international security, war, and policies to foster peace under the shadow of nuclear weapons. After investigating power distributions, military strategies, deterrence, arms control and disarmament, great-power concerts, collective security, and multilateralism, as well as negotiation and mediation, the course focuses on nuclear proliferation and international peacekeeping.

Credit Hours: 3 hrs

Previously Listed As: PLSC 222

Last Updated: Course Number Change 10/2011, effective Winter 2012

PLSC 346 - International Political Economy (NEW COURSE)

This course examines the impact of politics on the global economy. This course discusses broad ideas such as capitalism, socialism and communism, and how they have shaped the global economy. The course also attempts to understand a better understanding of major global challenges (such as movements for democracy, oil diplomacy, environmental degradation, international conflict etc.) due to economic globalization.

Credit Hours: 3 hrs

Concurrent Prerequisite: PLSC 210 or PLSC 211 or PLSC 212

Last Updated: New Course 06/2012, effective Winter 2013

PLSC 352 - Politics of Government Budgeting

An analysis of the political significance and the procedures of governmental budgeting in the United States.

Credit Hours: 3 hrs

PLSC 354 - Canadian Politics

Analysis of the Canadian political system in terms of historical background; political environment; constitutional structure; legislative, executive, and judicial processes; political parties and pressure groups; public opinion and voting behavior; political problems and trends.

Credit Hours: 3 hrs

Last Updated: Title Change 05/2011, effective Fall 2011

PLSC 355 - European Politics

This course examines the development and performance of the European model of representative democracy, variations in European model, the patterns of social cleavage and resulting party systems in various European nations, and the factors that have contributed to national wealth and economic growth in the continents.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing or above

PLSC 357 - Campaigns and Elections

An analysis of presidential and congressional elections. Topics include campaign strategies, role of the media and the impact of political action committees (PACS). Attention given to how individuals decide how to participate in the process, whether election results reflect the will of the people and to elections in other democracies.

Credit Hours: 3 hrs

PLSC 358 - Political Parties and Interest Groups

This course addresses a variety of issues related to the formation, maintenance and behavior of organized political groups. Primary focus is on political parties and interest groups in the United States. However, cross-national comparisons will be included whenever possible.

Credit Hours: 3 hrs

PLSC 359W - Public Opinion and Political Learning (Gen Ed Area I, W)

Examines how individuals form their political opinions and on how these opinions are measured (primarily through public opinion polling) and transmitted to government (primarily through elections). Considers the role public opinion plays in policy-making, and grapples with questions of the role it ought to play.

Credit Hours: 3 hrs

Last Updated: Links 04/2011

PLSC 360 - American Politics and the Media

This course examines the relationship between the media and American politics. We consider the various delivery mechanisms of news and information, and the impact of that information on both citizens and policy makers. From the earliest newspapers to the most contemporary digital information flow, the dynamic role of the media and its relationship to politics provide the basis for this course.

Credit Hours: 3 hrs

Concurrent Prerequisite: PLSC 112 or PLSC 113

Last Updated: New Course 01/2012, effective Winter 2012

PLSC 361 - Russian Politics

Course explores the continuing political, economic, and social transformation of Russia, the largest and most powerful successor state of the Soviet Union. Current political patterns and trends are analyzed within the broader context of Russian and Soviet political history and compared to democratic transformations in other post-communist states.

Credit Hours: 3 hrs

Last Updated: Title change 05/2011, effective Fall 2011

PLSC 362 - Black Women: Religion and Sexism

An introduction to the social and political role of Black women in African American religious institutions. Particular attention will be placed on how African American religion has limited the power of women. Additionally, the course will examine the historical evolution of the various major black denominations in America and their political and social roles in African American communities.

Credit Hours: 3 hrs

Cross-Listed with: AAS 362/WGST 362

Last Updated: Links 04/2011

PLSC 364 - Legislative Process

A study of the agencies, procedures, and influences in the formation of public policy by Congress, state legislatures and administrative agencies.

Credit Hours: 3 hrs

PLSC 365 - Women and Politics

A study of the role of women in American politics as voters, activists, and candidates, with consideration of how the political behavior of women relates to their economic, social and religious roles. Comparisons are made with select European and Asian political systems.

Credit Hours: 3 hrs

Cross-Listed with: WGST 365

Last Updated: Links 04/2011

PLSC 367 - Latin American Politics

A study of patterns and selected cases in Latin American politics, with special attention to social movements and grassroots perspectives. Students develop a comparative framework for analyzing domestic and international forces affecting politics and regime change. Themes include neocolonialism, authoritarianism and democracy, reform and revolution, indigenous and women's movements, globalization.

Credit Hours: 3 hrs

PLSC 371 - Middle East Politics

The course focuses on the politics of several countries of the Middle East, devoting particular attention to the Arab- Israeli conflict, Iran's nuclear ambitions, the Israeli nuclear program, secularism, Al Qaeda and terrorism, and the meaning of jihad.

Credit Hours: 3 hrs

Last Updated: Title change 05/2011, effective Fall 2011

PLSC 372 - African Politics

An approach to comparative politics through the examination of patterns of politics in Africa, including colonialism and decolonization, nationalist movements, ethnic conflict, transition to multiracial politics, challenges of state formation and regime change in sub-Saharan Africa.

Credit Hours: 3 hrs

Last Updated: Title change 05/2011, effective Fall 2011

PLSC 374 - Asian Politics

A study of the politics of Asia, including various regime types (such as liberal democratic, communist, and authoritarian capitalist). Comparative analysis will include themes such as political culture and ideology, political history, and changing roles of Asian countries in global politics and international political economy.

Credit Hours: 3 hrs

PLSC 380 - American Presidency

A study of executive power, emphasizing the contemporary presidential role and how it has evolved, the politics of candidate choice, the personal qualities and political styles of recent presidents, and the array of formal and informal institutions constituting the modern presidency.

Credit Hours: 3 hrs

PLSC 381 - Public Policy Analysis

An examination of the political and administrative process of policy-making and the techniques of analyzing policy issues such as welfare, education, crime and economic development.

Credit Hours: 3 hrs

PLSC 382 - Politics and the 21st Century

A study of the political and public policy directions of the future. Consideration will be given to worldwide political developments and alternative political futures as affected by accelerating sociopolitical and technological change.

Credit Hours: 3 hrs

PLSC 385 - Judicial Process and Behavior

A study of the judicial process and behavior in the United States with emphasis on analysis of policy making by the courts. Federal judicial structures and functions, decision making procedures and political ideology, and judicial review.

Credit Hours: 3 hrs

PLSC 386 - U.S. Supreme Court Simulation

This semester long simulation affords students the opportunity to explore Supreme Court behavior. Each student will play the role of one justice and one litigation group. Justices will decide which cases they will consider, hear oral arguments and write decisions. Litigants will bring prospective cases to the Court, write legal briefs and engage in oral arguments.

Credit Hours: 3 hrs

Prerequisite: Department permission

Class Restrictions: Junior standing

Last Updated: Links 04/2011

PLSC 387 - Cooperative Education in Political Science

Four to six months of full-time employment in the public sector intended to provide practical experience in government, politics or administration. The program consists of two directed work experiences (PLSC387/487) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: Departmental recommendation required

Class Restrictions: Junior standing

Major Restrictions: Political Science Majors, Public Administration Majors and Public Law and Government Majors only

Notes: Applications of credit toward political science programs subject to department approval. Graded on a credit/no-credit basis.

PLSC 390 - Poverty, Human Rights and Health (Gen Ed Area III)

This interdisciplinary course examines international connections between poverty, human rights, and health, focusing on how social/political structures and public policies affect human well being. Prerequisite for PLSC 391/HLAD 391, experiential learning through a class trip to a developing country to meet community organizers and policy specialists working on poverty and health issues.

Credit Hours: 3 hrs

Class Restrictions: Sophomore, Junior or Senior standing

Cross-Listed with: HLAD 390

Area III: Perspectives on a Diverse World

PLSC 390 Poverty, Human Rights and Health [effective Spring 2008]

Poverty is a central, if not the central, global problem of our time: it is connected to, or underlies, multiple problems and issues such as pandemics, regime instability, civil strife, terrorism and war. This course addresses the extent and causes of global economic inequality as well as the effects of profound poverty on health, human rights, human development and the quality of individual life. It explores the patterns of social, political and economic domination that sustain poverty and limit the opportunities of the very poor. Particular attention is devoted to the role of international economic institutions, multinational corporations and the advanced industrial nations, including the United States, in shaping the politics and economic development of countries and peoples in the global South. The course will also introduce students to international standards of human rights and the institutions and organizations that seek to protect those rights.

Last Updated: Links 04/2011

PLSC 391 - Field Study: Global Experience - Poverty, Human Rights and Health

Interdisciplinary course offering experiential learning through travel abroad to a developing country to meet community organizers and policy specialists working on poverty and health issues. Examines connections between poverty, human rights, and health, focusing on how social/political structures and public policies affect human well being.

Credit Hours: 3 hrs

Prerequisite: PLSC 390/HLAD 390

Class Restrictions: Sophomore, Junior or Senior standing

Last Updated: Links 04/2011

PLSC 405 - British Law and Politics

An analysis of the British Legal and Political systems as they relate to political environment; institutional design; legislative, executive, and judicial processes; political parties and pressure groups; public opinion and voting behavior; and current political problems and trends.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

PLSC 412W - Comparative Legal Systems (Gen Ed Area I, W)

An analysis of the issues involved in comparing and contrasting legal systems around the world. Specific attention will be focused on institutional structure and sources of law examined against the historical background in which these laws and institutions were formed. Select legal systems will be compared and contrasted for illustration.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PLSC 431W - Theories of Public Organization (Gen Ed Area I, W)

An introduction to theories of organization as related to public bureaucracies in a democratic political context.

Credit Hours: 3 hrs

Prerequisite: PLSC 270

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 04/2011

PLSC 434 - Nonprofit Board Development

This course covers the best practices of nonprofit boards, board performance assessment, volunteer management and trends in board development. Board composition, recruiting, evaluation, leadership and board-staff relationships are discussed with an eye toward assembling and maintaining the most effective board possible.

Credit Hours: 3 hrs

PLSC 435 - Nonprofit Management and Leadership

This course explores major issues in the nonprofit sector including operations, board selection and development, strategic planning, marketing and governmental relations. The course emphasizes identification of critical management and leadership competencies through theory and practice, and the course has an Academic Service Learning component.

Credit Hours: 3 hrs

PLSC 436 - Fundraising for Nonprofits

This course provides the fundamentals in understanding of how nonprofits raise funds and prepare students who are interested in working in the nonprofit sector as fundraisers, and managers. It is part of the Nonprofit Administration minor and fulfills an American Humanities competency.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

Last Updated: Prerequisite change 12/2011, effective Winter 2012; Links 04/2011

PLSC 450 - Managing Public Safety Agencies

Analysis of public-sector management elements, including planning, organizing, leading, controlling, and communicating, presented in the context of, and applied to, internal police/fire and corrections administration.

Credit Hours: 3 hrs

Prerequisite: PLSC 431W

Last Updated: Links 04/2011

PLSC 451 - Seminar in Public Safety Administration

A capstone seminar in the public safety administration concentration; integrates previous course work in law, management and politics by focusing on contemporary problems and issues in public safety operations, including attention to leadership, organizational conflict and resource allocation/utilization; utilizes a case approach.

Credit Hours: 3 hrs

Class Restrictions: Senior standing

PLSC 456 - Criminal Law I

A study of criminal law currently in use in the United States with emphasis upon the way its basic concepts function; its principal components and problems central to its impact upon the political system.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

PLSC 462 - Russian Foreign Relations

An examination of Russia's international relations and foreign policy from the tsarist period to the present. Particular attention is given to how Russia's turbulent domestic politics shapes its foreign policy and international behavior, Russia's contemporary international role, its relations with other post-Soviet states, and interactions with major powers, including the U.S.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

PLSC 467 - Advanced International Relations

The course will explore, through case studies, the ways in which ideas, cultural differences and different political systems combine to produce the international politics of today. Special attention will be paid to the United States in this process as well as the role of economics and international organization. Limit: 25 students.

Credit Hours: 3 hrs

Prerequisite: PLSC 212

Last Updated: Links 04/2011

PLSC 470 - Seminar in Political Science

Examination and utilization of research techniques in the preparation of a major seminar paper in political science, public administration or public law and government.

Credit Hours: 3 hrs

PLSC 477A - Topics in American Politics

An examination of a topic in American Politics not normally covered in the curriculum, in which the distinctive concerns of political science are emphasized. PLSC 480 - Field Seminar in Political Science/Public Administration

Designed to help students relate their field experience to some aspect of political science or public administration.

Credit Hours: 3 hrs

Prerequisite: Department Permission

Last Updated: Links 04/2011

PLSC 486 - Internship in Political Science/Public Administration

Extends classroom learning through practical experience with legislative, administrative, and other public-sector agencies at all levels of government.

http://www.emich.edu/polisci/Internship/undergrad_majors.html

Credit Hours: 3 hrs

Prerequisite: Department permission

Major Restrictions: Political Science and Public Administration Majors and Minors only

Last Updated: Links 04/2011

PLSC 487 - Cooperative Education in Political Science

Four to six months of full-time employment in the public sector intended to provide practical experience in government, politics or administration. The program consists of two directed work experiences (PLSC 387/PLSC 487) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: PLSC 387 or departmental recommendation required

Class Restrictions: Senior standing

Notes: Applications of credit toward political science programs subject to department approval. Graded on a credit/no-credit basis.

Last Updated: Links 04/2011

PLSC 488 - Internship in Political Science/Public Administration

Extends classroom learning through practical experience with legislative, administrative, and other public-sector agencies at all levels of government.

http://www.emich.edu/polisci/Internship/undergrad_majors.html

Credit Hours: 6 hrs

Prerequisite: Department permission

Major Restrictions: Political Science and Public Administration Majors and Minors only

Last Updated: Links 04/2011

PLSC 489 - Internship in Political Science/Public Administration

Extends classroom learning through practical experience with legislative, administrative, and other public-sector agencies at all levels of government.

http://www.emich.edu/polisci/Internship/undergrad_majors.html

Credit Hours: 9 hrs

Prerequisite: Department permission

Major Restrictions: Political Science and Public Administration Majors and Minors only

Last Updated: Links 04/2011

PLSC 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer formal courses.

Credit Hours: 1 hrs

Prerequisite: Department permission

Class Restrictions: Senior standing

Major Restrictions: Normally restricted to Political Science Majors

Last Updated: Links 04/2011

PLSC 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer formal courses.

Credit Hours: 2 hrs

Prerequisite: Department permission

Class Restrictions: Senior standing

Major Restrictions: Normally restricted to Political Science Majors

Last Updated: Links 04/2011

Psychology Programs and Courses

Psychology

Major

Psychology Major

The major in psychology is designed to provide a general and in-depth survey of the fields in the science of psychology and to prepare students to work with people in several career areas. Further study beyond the baccalaureate is required to enter professional career work.

Psychology Department Information:

Department Head: Carol Freedman-Doan
Department Contact: cfreedman@emich.edu
Website: <http://www.emich.edu/psychology/>

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 32 hours

Required Courses: 14 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- PSY 103 - General Psychology Laboratory (Gen Ed Area IV) 1 hr
- PSY 205 - Quantitative Methods in Psychology 3 hrs
- PSY 301W - Introductory Experimental Psychology (Gen Ed Area I, W) 4 hrs
- PSY 453 - History and Systems of Psychology 3 hrs

Restricted Elective Course: 12 hours

Select one course from each of the following categories:

I. Adjustment and Personality:

- PSY 360 - Abnormal Psychology 3 hrs
- PSY 451 - Dynamics of Personality 3 hrs

II. Biological:

- PSY 357 - Sensation and Perception 3 hrs

- PSY 457 - Physiological Psychology 3 hrs
- PSY 458 - Comparative Animal Behavior 3 hrs

III. Learning and Motivation:

- PSY 304 - Learning 3 hrs
- PSY 356 - Motivation and Emotion 3 hrs

IV. Development and Social:

- PSY 309 - Social Psychology 3 hrs
- PSY 321 - Child Psychology 3 hrs

Psychology Elective Courses: 6 hours

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.

- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Human Sexuality Minor

Psychology Department Information:

University Information: Consult the online catalog at catalog.emich.edu.

Secondary Education Psychology Minor

Successful completion of this minor, in the context of other program requirements, qualifies the student for recommendation for endorsement in psychology, certification code CE. The Michigan Test for Teacher Certification (MTTC) covering this field is #011, "Psychology."

Psychology Department Information:

Department Head: Carol Freedman-Doan
 Department Contact: cfreedman@emich.edu
 Website: <http://www.emich.edu/psychology/>

Required Courses: 3-4 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
or
- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
and
- PSY 103 - General Psychology Laboratory (Gen Ed Area IV) 1 hr

Elective Courses: 16-17 hours

Sixteen to seventeen hours selected in consultation with an advising coordinator.

Minor Total: 20 hours

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.

- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Psychology

PSY 101 - General Psychology Lecture (Gen Ed Area IV*)

Principles, theories and methods evolving from the scientific analysis of behavior. *PSY 103 must be completed in addition to PSY 101 to satisfy four credits of the Knowledge of the Disciplines - Natural Science portion of the General Education program.

Credit Hours: 3 hrs

Lecture/Lab Hours: Lecture: three hours per week

Area IV: Knowledge of the Disciplines

PSY 101 General Psychology (*PSY 103 must be completed in addition to count for this General Education credit)

General Psychology Lecture and its required companion laboratory course (PSY 103) present basic principles of psychology that have been established by applications of the scientific method. They will also examine key historical developments that will help illustrate how knowledge and theories in science are dynamic. In the laboratory portion of the course, students generate data

designed to provide an introduction to scientific discovery to demonstrate particular scientific principles, and how to reach conclusions based on controlled observations.

In this course, students will study basic principles of psychology that have been established by applications of the scientific method. They will also examine key historical developments that will help illustrate how knowledge and theories in science are dynamic. Students will generate data designed to demonstrate particular principles and how to reach conclusions based on controlled observations. Because of its focus on the scientific method and on applications of scientific methodology.

Last Updated: Links 06/2011

PSY 103 - General Psychology Laboratory (Gen Ed Area IV)

Laboratory demonstrations and experiments illustrating concepts presented in PSY 101 lectures. PSY 101 must be completed in addition to PSY 103 to satisfy four credit hours of the Knowledge of the Disciplines - Natural Science portion of the General Education program.

Credit Hours: 1 hr

Lecture/Lab Hours: Laboratory: two hours per week

Concurrent Prerequisite: PSY 101

Area IV: Knowledge of the Disciplines

PSY 101 General Psychology

General Psychology Lecture and its required companion laboratory course (PSY 103) present basic principles of psychology that have been established by applications of the scientific method. They will also examine key historical developments that will help illustrate how knowledge and theories in science are dynamic. In the laboratory portion of the course, students generate data designed to provide an introduction to scientific discovery to demonstrate particular scientific principles, and how to reach conclusions based on controlled observations.

PSY 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 203 - Self-analysis and Control

Behavioral principles and techniques that can be applied to behavioral self-analysis and self-management. Student-initiated self-improvement projects encouraged.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 205 - Quantitative Methods in Psychology

Basic concepts and methods used in the analysis of psychological data. Methods of describing and drawing inferences from sets of data.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and one of: MATH 104, MATH 105, MATH 110, MATH 118, MATH 120, MATH 170 (with a grade "C" or better in these Math courses) or College-Level Math Placement (53 or higher), MATH placement Level 4.

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 207 - Psychology of Adjustment

Systematic presentation of issues, concepts, principles and theories of human adjustment.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 225 - Psychology of Religion

The application of psychological theory, principles and method to the study of religious behavior. The relationships between religion and personality, health/pathology, social behavior and intense emotional experience.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 240 - Psychology of Sex Part I

Survey of the psychological research concerned with human sexuality from a psychological point of view with an emphasis on research findings.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Title Change 06/2011, effective Fall 2011; Links 04/2011

PSY 242 - Psychology of Women

Theories and empirical research concerning personality development in females. Examination of the origins of the behavior of women.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Cross-Listed with: WGST 242

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 301W - Introductory Experimental Psychology (Gen Ed Area I, W)

Design, control and measurement techniques employed in the scientific investigation of behavior; e.g., motivation, emotion, perception and learning.

Credit Hours: 4 hrs

Prerequisite: PSY 205

Last Updated: Links 04/2011

PSY 304 - Learning

Includes learning theories and empirical research as developed by Pavlov, Thorndike, Guthrie, Tolman, Hull, Skinner, Mowrer and others, plus select contemporary topics.

Credit Hours: 3 hrs

Prerequisite: PSY 301W

Last Updated: Links 04/2011

PSY 309 - Social Psychology

The order and regularity underlying processes of human interaction. Motives and attitudes, social norms and roles, the socialization process, personality and group membership. The effect of group membership upon individual behavior.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Notes: Not open to those with credit in SOCL 308.

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 321 - Child Psychology

The development of human behavior from conception to adolescence. Analysis of developmental processes involved in cognition, socialization, emotion and personality, relying on research and theory; emphasis on developmental trends. Not open to students in early elementary education curriculum.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 322 - Psychology of Adolescence

An opportunity to formulate, examine and understand a comprehensive, balanced picture of the physical, mental, emotional, social, and ideological developments and adjustments during adolescence.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 323 - Psychology of Human Aging

Aging individuals in the context of their life span; the special problems of the aged in modern American society. Intellectual functioning, socialization and personality, environmental effects, and the problems of isolation and institutionalization.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Class Restrictions: Junior or Senior standing or Second Bachelor's students only

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 340 - Psychological Perspectives on Prejudice and Discrimination

The psychological processes underlying the phenomena of prejudice and discrimination. A review of materials on personality and development relevant to the practice of discrimination and to the experience of prejudice on the part of both minority and majority group individuals.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Class Restrictions: Sophomore standing

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 350 - Environmental Psychology

The psychological effects of various environmental settings and configurations on human behavior. Select qualities of architectural spaces, urban environments and natural settings.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 351 - Industrial Psychology

Applications of psychological methods and principles to industrial problems.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Class Restrictions: Junior or Senior standing

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 356 - Motivation and Emotion

Review and analysis of theory and research in the areas of motivation and emotion.

Credit Hours: 3 hrs

Prerequisite: PSY 301W

Last Updated: Links 04/2011

PSY 357 - Sensation and Perception

Analysis of the psychological literature relating to sensory and perceptual experience.

Credit Hours: 3 hrs

Prerequisite: PSY 301W

Last Updated: Links 04/2011

PSY 358 - Cognitive Processes

A review of the theoretical and empirical developments concerned with cognitive processes, such as concept formation, memory and retrieval from memory, language acquisition, thought, problem solving, imagination, and creativity.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 360 - Abnormal Psychology

Modern theories of the origin of mental disorders and personality disturbances, nature and mechanism of the various forms of abnormal behavior, prevention and treatment, social significance of aberrations.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 361 - Psychotherapy

Survey of therapeutic systems and research on psychotherapy.

Credit Hours: 3 hrs

Prerequisite: PSY 360

Last Updated: Links 04/2011

PSY 362 - The Psychology of Stress and Relaxation

An introduction to the theoretical aspects of stress, stress reactions, stress assessment, and stress management and prevention.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 365 - Behavior Modification

For students in psychology, special education, social work, nursing and related fields. Techniques for coping with problem behaviors. Training in practical observation and recording procedures, program evaluation designs, and behavior change principles.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 366 - Health Psychology/Behavioral Medicine

The application of behavioral-science theory, principles, and techniques to understanding of health and illness, and to prevention, diagnosis, treatment, rehabilitation and health care delivery.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 380 - Psychology of Sex II: Identity, Sex, and Gender

This course is an advanced study in the psychological aspects of human sexuality. It is intended to help students develop an increased awareness of how their various social identities (e.g., their sex, gender, sexual orientation, physical abilities, etc.) influence their understanding of sex, sexuality, and their behaviors in and attitudes about society.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and PSY 240

Last Updated: New Course 06/2011, effective Fall 2011

PSY 387 - Cooperative Education in Psychology

Four months of full-time employment at an individual employer chosen to provide practical experience in the student's major field. The program consists of two work experiences (PSY 387/PSY 487) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: two 300-level psychology courses and department permission

Last Updated: Links 06/2011

PSY 388 - Psychology in the Field Setting

A practical work experience in a supervised mental health setting that integrates scholarly and practical aspects of psychology. Approximately three hours of fieldwork each week and completion of a journal of goals and experiences.

Credit Hours: 2 hrs

Prerequisite: PSY 101

Concurrent Prerequisite: A three-hour psychology class and/or department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 397 - Individual Reading in Psychology

Supervised reading on psychological problems.

Credit Hours: 1 hr

Prerequisite: PSY 101 and prior department approval of a planned reading program

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 398 - Individual Reading in Psychology

Supervised reading on psychological problems.

Credit Hours: 2 hrs

Prerequisite: PSY 101 and prior department approval of a planned reading program

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 399 - Individual Reading in Psychology

Supervised reading on psychological problems.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and prior department approval of a planned reading program

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 445 - Consumer Psychology

A survey of psychological principles, theories and methodology relating to consumer behavior.

Credit Hours: 2 hrs

Prerequisite: PSY 101

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 448 - Seminar in Psychology

A synthesis of various approaches to the study of psychology. Development, presentation, and critical appraisal of individual student projects.

Credit Hours: 2 hrs

Class Restrictions: Senior standing

Major Restrictions: Psychology Majors or Minors only

PSY 451 - Dynamics of Personality

Physiological, psychological and cultural determinants of human personality; analysis of select theories of human personality.

Credit Hours: 3 hrs

Prerequisite: PSY 101

Class Restrictions: Junior or Senior standing or Second Bachelor's students only

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 453 - History and Systems of Psychology

Historical development of modern psychological theories; contemporary systems, including functionalism, behaviorism, phenomenology, psychoanalysis and dynamic psychologies.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and PSY 301W

Class Restrictions: Junior or Senior standing or Second Bachelor's students only

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 457 - Physiological Psychology

Analysis of the relationships among brain functions, physiological processes and behavior. Open to junior and senior science majors with department permission.

Credit Hours: 3 hrs

Prerequisite: PSY 301W; recommended: BIO 105 or BIO 140

Last Updated: Links 04/2011

PSY 458 - Comparative Animal Behavior

Modern solutions to the innate versus learned behavior controversy; species differences with respect to behavior and behavioral capacities.

Credit Hours: 3 hrs

Prerequisite: PSY 301W

Last Updated: Links 04/2011

PSY 460 - Psychology of Film

The psychology of film and audience. Viewer psychology, presentation of psychology, family, violence and sexuality in film.

Credit Hours: 3 hrs

Class Restrictions: Junior standing and/or two courses in Psychology

PSY 477 - Special Topics

An examination of topics in psychology not covered in other department offerings. May be elected more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 478 - Special Topics

An examination of topics in psychology not covered in other department offerings. May be elected more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 479 - Special Topics

An examination of topics in psychology not covered in other department offerings. May be elected more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and department permission

Last Updated: Prerequisites 07/2011; Links 04/2011

PSY 480 - Psychology of Sex III: Atypical Sexual Behavior

This course is a survey course of atypical sexual cognition and behavior, the paraphilias, and criminal sexual behaviors. This course builds on a strong foundational knowledge of psychology and explores how it applies to atypical sexual development, expression, and consequences.

Credit Hours: 3 hrs

Prerequisite: PSY 101 and PSY 240

Last Updated: New Course 06/2011, effective Fall 2011

PSY 487 - Cooperative Education in Psychology

Four months of full-time employment at an individual employer chosen to provide practical experience in the student's major field. The program consists of two work experiences (PSY 387/PSY 487) alternating with full-time attendance at the University.

Credit Hours: 3 hrs

Prerequisite: PSY 387 and department permission

Last Updated: Links 04/2011

PSY 497 - Individual Research in Psychology

Supervised investigation of psychological problems.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

PSY 498 - Individual Research in Psychology

Supervised investigation of psychological problems.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PSY 499 - Individual Research in Psychology

Supervised investigation of psychological problems.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

PSY 551 - Psychology of Death and Dying

Study of attitudes toward, theories about, and empirical data concerning human mortality and suicide and its relevance to life adjustment, aging, religion and other areas.

Credit Hours: 2 hrs

Prerequisite: PSY 101 or equivalent

Notes: This is a graduate course in an undergraduate program.

Last Updated: Prerequisites 07/2011; Links 04/2011

Sociology, Anthropology and Criminology Programs and Courses

Sociology, Anthropology and Criminology

Major

Anthropology Major

The program in anthropology advances the goals of humanistic education, prepares students for successfully operating in a multicultural society and provides majors with a foundation for graduate study. Anthropology is the comparative study of human behavior, both in terms of its development and in terms of its culture-specific expressions. The University's program in anthropology gives particular attention to the sociocultural subfield.

Sociology, Anthropology and Criminology Department Information:

Department Head: Anders Linde-Laursen
Department Contact: alindela@emich.edu
Website: <http://www.emich.edu/sac/>

Adviser Information:

Program Adviser: Liza Cerroni-Long, Ph.D.
Phone: 734.487.0012
Email: liza.cerroni-long@emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 30 hours

Required Courses: 12 hours

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 140 - Introduction to Physical Anthropology 3 hrs
- ANTH 150 - Introductory Archaeology (Gen Ed Area IV) 3 hrs
- ANTH 210 - History of Anthropological Theory 3 hrs

Restricted Elective Courses: 12 hours

Two anthropology courses at the 400-level (6 hrs) in addition to the following:

One Culture Area Course:

Three hours selected from this list.

- ANTH 233 - Cultures of Mesoamerica and the Caribbean (Gen Ed Area III) 3 hrs
- ANTH 236 - Peoples and Cultures of Africa 3 hrs
- ANTH 237 - Native North American Cultures (Gen Ed Area III) 3 hrs
- ANTH 248 - Peoples and Cultures of the Pacific 3 hrs
- ANTH 351 - Mexico: The Route of Cortez 3 hrs
- ANTH 385 - Culture of Japan 3 hrs

One Methodology Course:

Three hours selected from this list.

- ANTH 337 - Applied Anthropology 3
- ANTH 345 - Ethnographic Methods 3 hrs
- ANTH 361 - Archaeological Fieldwork 5 hrs
- ANTH 362 - Artifact Analysis 3 hrs

Elective Courses: 6 hours

Two anthropology courses, of which at least one must be at the 300-level or above (6 hrs)

Exit Interview:

Majors must register with an anthropology Faculty Mentor, who will administer their Exit Interview.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Criminology and Criminal Justice Major

The criminology and criminal justice curriculum provides students with a multidisciplinary understanding of crime and justice within the framework of broader social processes. This curriculum is a three-tiered structure composed of general education, a core curriculum and selected concentrations. The typical student will move from general education to the core of the program and then into one of four specialized concentrations, where he or she will be introduced to courses on the principles and application of the chosen specialty.

The curriculum for general education includes introductory courses in the fundamental social science disciplines of sociology and psychology. The core of the curriculum consists of a number of related courses that will build a foundation of social science education emphasizing analytical and conceptual skills. The pivotal course is CRM 301 - Criminology, a multidisciplinary perspective on the nature, extent and causes of crime. CRM 300 - Criminal Justice and CRM 301 - Criminology should be the first core courses taken by the typical student. The third and final tier of the curriculum consists of 21 hours in one of four concentrations. These concentrations contain some courses without criminological content that provide students with professionally relevant occupational knowledge and skills.

Students completing the curriculum will have satisfied all major and minor requirements for graduation. No additional minor is required.

An active articulation agreement exists between this program and a community college. To see a complete list of current colleges with program articulation agreements with EMU, please [click here](#).

Sociology, Anthropology and Criminology Department Information:

Department Head: Anders Linde-Laursen

Program Adviser: Marilyn Horace-Moore
Email: mhoracem@emich.edu
Phone: 734.487.0012

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Additional Requirements: 3 hours

One course from the following:

- PHIL 120 - Introduction to Critical Reasoning (Gen Ed Area IV) 3 hrs
- PHIL 130 - Introduction to Logic 3 hrs

Major Requirements: 70 hours

Core Requirements: 12 hours

- SOCL 105 - Introductory Sociology (Gen Ed Area IV) 3 hrs
- SOCL 202 - Social Problems 3 hrs

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs

One course from the following:

- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- PLSC 113 - American Government Honors (Gen Ed Area IV) 3 hrs

Criminology and Criminal Justice Courses: 24 hours

- CRM 300 - Criminal Justice 3 hrs
- CRM 301 - Criminology 3 hrs
- CRM 331 - Introduction to Corrections 3 hrs
- CRM 354 - Juvenile Delinquency 3 hrs
- CRM 370 - White Collar Crime 3 hrs
- CRM 431 - Policing in Society 3 hrs
- CRM 447W - Senior Seminar in Criminology (Gen Ed Area I, W) 3 hrs

One course from the following:

- CRM 333 - Violence and Society 3 hrs
- CRM 337 - Deviance and Society 3 hrs
- SOCL 333 - Violence and Society 3 hrs
- SOCL 337 - Deviance and Society 3 hrs

Research Methods: 6 hours

* see note

- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs
- SOCL 304 - Methods in Sociological Research 3 hrs

Sociology/Anthropology Courses: 12 hours

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III) 3 hrs
- SOCL 308 - Social Psychology 3 hrs
- SOCL 462 - Complex Organizations 3 hrs

Concentration Requirements: 15 hours

Select one from the following four concentrations:

I. Legal Studies (CRM LGST)

- CRM 412 - Law and Society 3 hrs

- CRM 460 - Criminal Law II 3 hrs

Nine hours from the following:

- AAS 441 - Law in the African American Experience 3 hrs
- CRM 277 - Special Topics 1 hr
- CRM 278 - Special Topics 2 hrs
- CRM 279 - Special Topics 3 hrs
- CRM 321 - Cooperation and Conflict in Society 3 hrs
- CRM 377 - Special Topics 1 hr
- CRM 378 - Special Topics 2 hrs
- CRM 379 - Special Topics 3 hrs
- CRM 488 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CRM 489 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CTAC 357 - Interviewing as Communication 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- PHIL 120 - Introduction to Critical Reasoning (Gen Ed Area IV) 3 hrs
- PHIL 130 - Introduction to Logic 3 hrs
- PHIL 355W - Philosophy of Law (Gen Ed Area I, W) 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 364 - Legislative Process 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 456 - Criminal Law I 3 hrs

II. Law Enforcement (CRM LAWE):

One course from the following:

- CRM 432 - Police Organization 3 hrs
- PLSC 450 - Managing Public Safety Agencies 3 hrs

Nine hours from the following:

- CRM 320 - Criminal Investigation 3 hrs
- CRM 321 - Cooperation and Conflict in Society 3 hrs
- CRM 460 - Criminal Law II 3 hrs
- CRM 488 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CRM 489 - Field Internship in Criminology and Criminal Justice 3 hrs each

One course from the following:

- CRM 277 - Special Topics 1 hr
- CRM 278 - Special Topics 2 hrs
- CRM 279 - Special Topics 3 hrs
- CRM 377 - Special Topics 1 hr
- CRM 378 - Special Topics 2 hrs

- CRM 379 - Special Topics 3 hrs
- HLED 490 - Drug Use and Abuse 3 hrs
- **OR**
- SWRK 431 - Substance Abuse 3 hrs
- PLSC 301 - American Legal System 3 hrs
- PLSC 308 - Political Violence and Revolution 3 hrs
- PLSC 385 - Judicial Process and Behavior 3 hrs
- PLSC 456 - Criminal Law I 3 hrs
- PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
- PSY 360 - Abnormal Psychology 3 hrs
- SOCL 306 - The Urban Community 3 hrs
- SWRK 120 - Introduction to Social Work Services and Professional Roles 3 hrs

III. Corrections (CRM CORR)

- CRM 321 - Cooperation and Conflict in Society 3 hrs
- CRM 332 - Community Corrections 3 hrs

Nine hours from the following:

- COUN 450 - An Introduction: Counseling Concepts and Skills 3 hrs
- CRM 277 - Special Topics 1 hr
- CRM 278 - Special Topics 2 hrs
- CRM 279 - Special Topics 3 hrs
- CRM 377 - Special Topics 1 hr
- CRM 378 - Special Topics 2 hrs
- CRM 379 - Special Topics 3 hrs
- CRM 488 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CRM 489 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CTAC 357 - Interviewing as Communication 3 hrs
- HLED 490 - Drug Use and Abuse 3 hrs
- PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
- PSY 360 - Abnormal Psychology 3 hrs
- PSY 365 - Behavior Modification 3 hrs
- SWRK 120 - Introduction to Social Work Services and Professional Roles 3 hrs
- SWRK 431 - Substance Abuse 3 hrs

IV. Criminal Justice Administration (CRM ADM)

- CRM 332 - Community Corrections 3 hrs

One course from the following:

- CRM 432 - Police Organization 3 hrs
- PLSC 450 - Managing Public Safety Agencies 3 hrs

Nine hours from the following:

- ANTH 345 - Ethnographic Methods 3 hrs
- CRM 277 - Special Topics 1 hr
- CRM 278 - Special Topics 2 hrs
- CRM 279 - Special Topics 3 hrs
- CRM 320 - Criminal Investigation 3 hrs
- CRM 321 - Cooperation and Conflict in Society 3 hrs
- CRM 377 - Special Topics 1 hr
- CRM 378 - Special Topics 2 hrs
- CRM 379 - Special Topics 3 hrs
- CRM 420 - Drugs, Crime and Criminal Justice 3 hrs
- CRM 488 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CRM 489 - Field Internship in Criminology and Criminal Justice 3 hrs each
- CTAC 357 - Interviewing as Communication 3 hrs
- LAW 403 - Employment Law 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- PLSC 270 - Public Administration 3 hrs
- PLSC 334 - Personnel Administration in Government 3 hrs
- PLSC 381 - Public Policy Analysis 3 hrs
- PLSC 456 - Criminal Law I 3 hrs
- PSY 301W - Introductory Experimental Psychology (Gen Ed Area I, W) 4 hrs
- PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
- SOCL 307 - Sociology of Work 3 hrs
- SOCL 321 - Cooperation and Conflict in Society 3 hrs
- SOCL 345 - Ethnographic Methods 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

** SOCL 341 - Quantitative Methods of Social Research I and SOCL 342 - Quantitative Methods of Social Research II may be substituted for SOCL 250 and SOCL 304.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Sociology Major

Sociologists are uniquely poised to contribute to a variety of productive activities in an increasingly diverse and socially and technologically complex workplace. The Sociology Program at EMU offers both major and minor degree programs in general and applied Sociology. The sociology curriculum offers a broad education that emphasizes the social and cultural basis of human lived experiences, interactions, and motivation, along with the development of flexible analytical reasoning skills and tools for data management and analysis. This major prepares students for work within non-profit, governmental, and social service agencies, as well as within medicine, law, and business.

Sociology, Anthropology and Criminology Department Information:

Department Head: Anders Linde-Laursen
Department Contact: alindela@emich.edu
Website: <http://www.emich.edu/sac/>

General Education Requirements:

For specific requirements refer to the General Education Program.

Major Requirements: 33 hours

Required Courses: 18 hours

- SOCL 105 - Introductory Sociology (Gen Ed Area IV) 3 hrs
- SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II) 3 hrs
- SOCL 304 - Methods in Sociological Research 3 hrs
- SOCL 308 - Social Psychology 3 hrs
- SOCL 403W - Modern Sociological Theory (Gen Ed Area I, W) 3 hrs
- SOCL 405 - Senior Seminar in Sociology 3 hrs

One option from the following:

Option I: General Sociology: 15 hours

Required Courses: 3 hours

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs

Restricted Elective Courses: 6 hours

Two courses from the following:

- ANTH 336 - Social and Cultural Change 3 hrs
- SOCL 307 - Sociology of Work 3 hrs
- SOCL 310 - Social Stratification 3 hrs
- SOCL 311W - Aging and the Life Course (Gen Ed Area I, W) 3 hrs
- SOCL 312 - Medical Sociology 3 hrs
- SOCL 336 - Social and Cultural Change 3 hrs

Elective Courses: 6 hours

Choose from courses in sociology, anthropology, criminology. Must be at the 300-level or above.

Option II: Applied Sociology: 15 hours

Required Courses: 9 hours

- SOCL 230 - Introduction to Applied Sociology 3 hrs
- SOCL 310 - Social Stratification 3 hrs
- SOCL 489 - Internship in Sociology 3 hrs

Restricted Electives: 6 hours

Students must take two courses from one of the following four areas:

Family/Health/Aging Concentration:

- SOCL 303 - Sociology of Childhood and Youth 3 hrs
- SOCL 311W - Aging and the Life Course (Gen Ed Area I, W) 3 hrs
- SOCL 312 - Medical Sociology 3 hrs
- SOCL 450 - The Family 3 hrs

Public/Private Sector Concentration:

- SOCL 306 - The Urban Community 3 hrs
- SOCL 307 - Sociology of Work 3 hrs
- SOCL 321 - Cooperation and Conflict in Society 3 hrs
- SOCL 334 - Population 3 hrs
- SOCL 462 - Complex Organizations 3 hrs

Deviance Concentration:

- CRM 301 - Criminology 3 hrs
- CRM 337 - Deviance and Society 3 hrs
- CRM 354 - Juvenile Delinquency 3 hrs
- CRM 370 - White Collar Crime 3 hrs
- CRM 412 - Law and Society 3 hrs
- SOCL 333 - Violence and Society 3 hrs

Media/Technology Concentration:

- CMT 425 - Communication Technology and Social Change 3 hrs
- SOCL 440 - Sociology of Technology 3 hrs
- STS 495 - Technology, Values, and the Future 3 hrs

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Health and Illness Studies Interdisciplinary Minor

This minor examines the ways in which human beings deal with health and illness in different cultural settings including American society and its subcultures. Oriented toward the student interested in social and cultural aspects of health, illness and disease, it provides a theoretical perspective on comparative medical systems.

Sociology, Anthropology and Criminology Department Information:

Department Head: Anders Linde-Laursen

Department Contact: alindela@emich.edu

Website: <http://www.emich.edu/sac/>

Required Courses: 15 hours

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- ANTH 329 - Medical Anthropology 3 hrs
- SOCL 105 - Introductory Sociology (Gen Ed Area IV) 3 hrs
- SOCL 311W - Aging and the Life Course (Gen Ed Area I, W) 3 hrs
- SOCL 312 - Medical Sociology 3 hrs

Elective Courses: 6 hours

Choose from courses in sociology, anthropology, criminology. Must be at the 300-level or above.

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

Sociocultural Perspectives on the Family Interdisciplinary Minor

This minor combines the perspectives of anthropology and sociology by examining the sociocultural determinants and consequences of the family in the United States and other cultures. Students in such diverse fields as business, law, teaching, communication, nursing and technology learn how the family is integrated into the segment of society in which they intend to work. The program is designed for students planning to work directly with families as social workers, family life professionals or clinical psychologists.

Sociology, Anthropology and Criminology Department Information:

Anthropology

ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV)

The study of human adaptations to natural and cultural environments focusing upon a variety of societies. The basic institutions of human society such as kinship, religion, law, politics and economics will be examined.

Credit Hours: 3 hrs

Area III: Global Perspectives on a Diverse World

ANTH 135 Introduction to Cultural Anthropology

Anthropology is the global comparative study of human societies, both in terms of their development and in terms of their culture-specific expressions. Students learn how an anthropological cross-cultural perspective can improve understandings of cultural diversity, especially when addressing topics and perspectives that are difficult to understand from a purely western perspective. The course covers a broad range of topics traditionally approached by anthropologists, which address each of the outcomes for the Global Awareness requirement. By better understanding the factors contributing to cross-cultural similarities, differences and interconnections, students learn to appreciate global diversity in development, ethnicity, language, subsistence,

modes of gender, kinship, sexuality, religion, forced and voluntary migration and how contemporary globalization is influencing each of these topics.

Last Updated: General Education Areas 07/2011

ANTH 140 - Introduction to Physical Anthropology

A survey of the evolution of primates and hominids and a general introduction to physical anthropological themes relating to prehistoric and living humans.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Last Updated: 2/17/2011

ANTH 150 - Introductory Archaeology (Gen Ed Area IV)

A general survey of the field of archeology; the methodologies and analyses employed in the study of prehistoric cultures.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

ANTH 150 Introductory Archaeology

The course is designed as an introduction to the anthropological subfield of archaeology. In addition to general social science methods, the student will learn about archaeological survey and excavation techniques, the kinds of quantitative and qualitative data these produce, cross-cultural analyses, and social science theories that are tested with archaeological data. The course covers a broad range of topics traditionally approached by archaeologists, which contribute to an understanding of the human past and lessons for some of today's major global issues. In the process of learning about archaeology, students also learn to appreciate how social science methods, in general, can produce knowledge and provide perspectives on social and political organization, power relationships, social change and contemporary global problems. Course assignments allow students to use general social science techniques with archaeological data to address these topics.

Last Updated: Minor Edit 1/2013

ANTH 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

ANTH 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

ANTH 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

ANTH 208 - Minority Women in the United States (TO BE DELETED)

This course surveys the situation of and the conditions that affect the lives of four groups of minority women in the United States who are from diverse cross-cultural backgrounds: African American, Asian-American, Latin American and Native American. It focuses on the contemporary situation of these women and compares the four groups in terms of demographics, economic and occupational situations, education, family lives and relationship to the feminist movement.

Credit Hours: 3 hrs

Prerequisite: SOCL 105 or ANTH 135

Cross-Listed with: SOCL 208 and WGST 208

Course Revisions:

Course Revisions: This course will be deleted, effective Winter 2013.

Last Updated: Course Deletion 05/2012, effective Winter 2013

ANTH 210 - History of Anthropological Theory

A survey of various theoretical approaches within the field of cultural anthropology. The course will span the period from the mid-19th century to the present, covering theoretical perspectives that have dominated European and American schools of anthropology.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Last Updated: 2/17/2011

ANTH 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III)

An introduction to the study of U.S. diversity with particular reference to the African American and Hispanic, and European and Asian immigrants in the United States; racial myths, doctrines and movements; conflict and accommodation of majority and minority people; and proposed solutions of ethnic problems.

Credit Hours: 3 hrs

Cross-Listed with: SOCL 214

Area III: Perspectives on a Diverse World

ANTH214 U.S. Racial and Cultural Minorities

This course is an introduction to the study of U.S. diversity in reference to majority-minority relations. Students will examine the characteristics of the racial, ethnic and subcultural factors leading to the emergence of specific minority groups in American society. The dynamics of discrimination and assimilation will be studied as they apply to major American ethnic and subcultural groups, and issues related to separatism vs. multiculturalism will be discussed in a cross-cultural, comparative framework.

This course provides students with the conceptual tools to analyze their own experience of minority-majority status, and to trace the roots of such an experience by placing it in the context of American culture. Also, by applying social-science models to the understanding of the cultural, racial, ethnic and subcultural diversity found in the U.S. students will be able to more clearly assess the complexity of in-group and out-group perspectives on identity and discrimination, particularly in reference to intercultural

competence.

Last Updated: 2/17/2011

ANTH 219 - Around the World in 80 Years: Adult Development Across Culture (TO BE DELETED)

Through the study of adult development, students will consider how the aging of the world's population is affecting diverse cultures, societies - and families - across the globe. Issues of social justice and empowerment related to population aging will be addressed, particularly the social, economic, political and policy consequences.

Credit Hours: 3 hrs

Cross-Listed with: GERT 219 and SOCL 219

Course Revisions:

Course Revisions: This course will be deleted, effective Winter 2013.

Last Updated: Course Deletion 05/2012, effective Winter 2013

ANTH 233 - Cultures of Mesoamerica and the Caribbean (Gen Ed Area III)

A regional, historical and topical survey of Mesoamerica (Mexico, Guatemala, Belize, El Salvador and Honduras) and Caribbean cultures.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

Rationale: Mesoamerica and the Caribbean have diverse nations and cultures interacting in the global community that are confronting many of the same major issues as in other world regions. Students explore and compare cultures in both macro-regions, and further compare those cultures with cultures of North America. This course also emphasizes North American political and economical interconnections with Mesoamerica and the Caribbean: how those relationships have influenced the creation and character of national governments, alliances and conflicts, and grass-roots cultural reactions. By studying Mesoamerican and Caribbean cultures, students learn the diverse ways that cultures create and classify races, classes, and genders, and how these differ from classifications in North America. Students are exposed to culture-specific and cross-cultural patterns in the causes and consequences of social, cultural, and racial intolerance. Students successfully completing this course learn how to analyze and synthesize diverse sources of information to make informed decisions on major issues confronting Mesoamerica, the Caribbean, and other world regions experiencing similar issues.

Last Updated: 2/11/11; effective Fall 2011

ANTH 236 - Peoples and Cultures of Africa

A regional, historical and topical survey of African cultures.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 237 - Native North American Cultures (Gen Ed Area III)

A regional, historical and topical survey of aboriginal North American cultures.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

ANTH 237 Native North American Cultures

This course introduces students to the diverse political economic and belief systems of indigenous North American cultures (primarily within the U.S. but also in Canada) and the historical and modern impacts of European colonial and U.S. government policies toward Native American peoples. Emphasized throughout the course are the differences among Euro-American political economies and associated ideologies and those of different Native American cultures. Students will learn and understand the historic creation and modern perpetuation of social intolerance, institutionalized racism, ethnocentrism, stereotyping and exclusion. In addition to outlining the causes and consequences of ethnic cleansing, genocide and refugee migrations in North America, the course also explores institutionalized attempts at forced "westernization" of Native Americans through reservation-allotment, missionaries, educational systems and other policies resulting in impoverishment, erosion of social organizations, and loss of culture. Students develop awareness and explanations for alternative cultural identities and values by comparing the varying social experiences and civil rights movements of Native Americans with those of other minority groups.

ANTH 248 - Peoples and Cultures of the Pacific

A regional, historical and topical survey of indigenous Pacific cultures.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 250 - World Prehistory

An overview of human prehistory, from the earliest hominids to early state societies. Course topics include data, theories, and knowledge from anthropological archaeology on hominid material culture, social organization, and dispersals; transitions from foraging societies to Neolithic farming village societies; and the development of different types of state societies.

Credit Hours: 3 hrs

Last Updated: Corrected typo in description 4/2016

ANTH 261 - Introduction to Archaeological Fieldwork

One week of training in archaeological fieldwork.

Credit Hours: 3 hrs

Prerequisite: ANTH 135, ANTH 140 and departmental permission

Last Updated: Number Change 04/2012

ANTH 277 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum. Students may elect this course several times, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 278 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum. Students may elect this course several times, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 279 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum. Students may elect this course several times, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 309 - Culture and Personality

An analysis of the manner in which group and cultural factors influence the growth and change of personality. The impact of personality types on group life.

Credit Hours: 3 hrs

Prerequisite: SOCL 105 or ANTH 135

Notes: Not open to those with credit in SOCL 309

Last Updated: 2/18/2011

ANTH 329 - Medical Anthropology

Ways in which various cultures define, explain, and treat physical and psychic illness. Different approaches to curing including witchcraft, sorcery, spiritual and psychic healing, and the use of hallucinogens compared with contemporary medical practices.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 or department permission

Last Updated: 2/18/2011

ANTH 330 - Anthropology of Law and Politics

Comparative study of political systems in various societies, local-level politics, government and law; examined from an anthropological perspective.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Class Restrictions: Sophomore standing

Last Updated: 2/18/2011

ANTH 336 - Social and Cultural Change

A survey of the theories and problems of change as they affect at the global, national and subcultural levels.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 or SOCL 105

Notes: Not open to those with credit in SOCL 336

Last Updated: 2/18/2011

ANTH 337 - Applied Anthropology

The application of anthropological knowledge and methods to address contemporary human problems.

Credit Hours: 3

Prerequisite: ANTH 135, and Sophomore standing or above.

Last Updated: Prereq Update 7/26/2011; Created 7/22/2011

ANTH 338 - Anthropology of Religion

The cross-cultural study of religious belief and ritual in various societies.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Class Restrictions: Sophomore standing

Last Updated: 2/18/2011

ANTH 340 - Language and Culture

A study of the relation of language to social behavior and modes of thought in unilingual and multilingual speech communities.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 or LING 201 or LNGE 223

Cross-Listed with: LING 340

Previously Listed As: ANT 340

Last Updated: Cross-listed Course Update 01/2012

ANTH 345 - Ethnographic Methods

A review and examination of social science research methods that entail fieldwork, participant observation, naturalistic experimentation and the analysis of cultural data.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 or SOCL 105 or department permission

Cross-Listed with: SOCL 345

Notes: Not open to those with credit in SOCL 345.

Previously Listed As: Qualitative Methods

Last Updated: 2/18/2011; effective Spring 2011

ANTH 350 - Ancient Civilizations of Mesoamerica

A chronological and regional survey of the ancient civilizations of Mexico and northern Central America, including the Olmecs, Maya, Toltecs and Aztecs. Course themes include Mesoamerican archaeology, early state development and decline, social organization, economy and ecology, and the legacy of ancient Mesoamerica.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Class Restrictions: Sophomore standing

Last Updated: 2/18/2011

ANTH 351 - Mexico: The Route of Cortez

Follow the route of Cortez through Southern and Central Mexico. The course emphasizes cultural history, globalization, and gender themes from anthropological perspectives. This is a 1-week study abroad program with educational tours in the states of Tabasco, Veracruz, and Mexico. Students must apply for registration through the EMU Academic Programs Abroad Office.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 and department permission

Last Updated: New Course 12/2011, effective Winter 2012

ANTH 355 - Anthropology of Women

This course focuses on the lives of women and theories of their positions in diverse cultural contexts. Issues of gender are also explored.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Cross-Listed with: WGST 355

Last Updated: 2/18/2011

ANTH 361 - Archaeological Fieldwork

Intermediate training in archaeological fieldwork.

Credit Hours: 5 hrs

Prerequisite: ANTH 135, ANTH 140 and departmental permission

Last Updated: Number Change 04/2012

ANTH 362 - Artifact Analysis

Principles and practical experience in archaeological laboratory recording and analysis of artifact attributes to address basic questions on chronology, site function and spatial patterns.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 and ANTH 150

Last Updated: 2/18/2011

ANTH 377 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum in which the distinctive perspective and methodology of anthropology are emphasized. Students may elect this course several times, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 378 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum in which the distinctive perspective and methodology of anthropology are emphasized. Students may elect this course several times, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 379 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum in which the distinctive perspective and methodology of anthropology are emphasized. Students may elect this course several times, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 385 - Culture of Japan

An analysis of Japanese culture from a comparative perspective. The course presents the ethnological approach to cross-cultural understanding as applied to the study of Japanese culture. By contrasting and comparing insider and outsider analyses of Japanese behavior, the dynamics of cross-cultural research are documented and discussed.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 or department permission

Cross-Listed with: JPNE 385

Last Updated: 2/18/2011

ANTH 387 - Cooperative Education in Anthropology

Practical experience in industrial, business or government settings that provides job skills..

Credit Hours: 3 hrs

Prerequisite: 12 hours of anthropology, six of which must be at the 300-level or above

Notes: Offered on a credit/no-credit basis.

ANTH 430 - Museum Anthropology

This course is a practicum in museology, aimed at clarifying the foundational role of anthropology in Museum Studies. Through this course students will acquire a fuller understanding of the theoretical and methodological issues at the core of conservation in general and cultural heritage interpretation in particular. The outcome of the course will be a capacity to apply the theoretical underpinnings of museum studies in the professional exercise of research exhibit-and-presentation practice.

Credit Hours: 3 hrs

Last Updated: New Course 07/2011, effective Fall 2011

ANTH 437 - Kinship and Social Structure

The comparative study of kinship and social structure in various societies.

Credit Hours: 3 hrs

Prerequisite: ANTH 135, ANTH 210 and one additional ANTH course at the 300-level

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011

ANTH 439W - Seminar in Anthropological Theory (Gen Ed Area I, W)

An intensive examination of theoretical approaches to the study of cultural phenomena. Emphasis will be placed upon the critical reading of primary source materials seminal to the development of various theoretical stances within the discipline of anthropology. This course will be organized around written and oral presentations by students.

Credit Hours: 3 hrs

Prerequisite: Four courses in anthropology including ANTH 210

Class Restrictions: Senior standing

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Gen Ed Approval 12/2011; Graduate Credit 07/2011

ANTH 445W - Culture Analysis Seminar (Gen Ed Area I, W)

A culminating course examining "culture" - the key subject matter of cultural anthropology - in reference to the foundational disciplinary perspectives of holism, comparativism, relativism. The course gives particular attention to the acquisition of cultural reflexivity, and to the distinction between ethnography and ethnology as it affects both research practice and its rhetorical expressions in discipline-specific writing.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Previously Listed As: ANTH 445 **Course Revisions:**

Course Revisions: This undergraduate course will be available to graduate students for graduate credit, effective Winter 2013.

Last Updated: Grad Credit approved 02/2012, effective Winter 2013; Gen Ed approved 04/2011

ANTH 461 - Advanced Archaeological Fieldwork

Intensive training in archaeological fieldwork.

Credit Hours: 6 hrs

Last Updated: Number Change 04/2012

ANTH 465 - Political Economy in Anthropology

This history of how political economy has been used in anthropological research and a survey of political economic approaches to major anthropological topics.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 and ANTH 210

Class Restrictions: Sophomore standing

Last Updated: 2/18/2011

ANTH 477 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum in which the distinctive perspective and methodology of anthropology are emphasized. Advanced students may elect this course several times, provided different topics

are studied.

Credit Hours: 1 hr

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 478 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum in which the distinctive perspective and methodology of anthropology are emphasized. Advanced students may elect this course several times, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 479 - Special Topics

An examination of topics in anthropology not normally covered in the curriculum in which the distinctive perspective and methodology of anthropology are emphasized. Advanced students may elect this course several times, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: ANTH 135

Last Updated: 2/18/2011

ANTH 487 - Cooperative Education in Anthropology

Practical experience in industrial, business or government settings that provides job skills..

Credit Hours: 3 hrs

Prerequisite: department permission

Notes: Offered on a credit/no-credit basis

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011

ANTH 497 - Individualized Reading and Research in Anthropology

Directed reading and research on problems within the field of anthropology.

Credit Hours: 1 hr

Prerequisite: ANTH 135 and department permission

Last Updated: 2/18/2011

ANTH 498 - Individualized Reading and Research in Anthropology

Directed reading and research on problems within the field of anthropology.

Credit Hours: 2 hrs

Prerequisite: ANTH 135 and department permission

Last Updated: 2/18/2011

ANTH 499 - Individualized Reading and Research in Anthropology

Directed reading and research on problems within the field of anthropology.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 and department permission

Last Updated: 2/18/2011

Criminology

CRM 200 - Introduction to Crime and Justice (Gen Ed Area IV)

An introduction to policy issues, theories and strategies regarding the fields of criminal justice and criminology.

Credit Hours: 3 hrs

CRM 222 - Pornography and Crime

The course will focus on the legal definitions of pornography, censorship versus freedom of speech, the types of pornography that are policed (e.g. violent, and child pornography), police strategies, criminal versus social action, as well as the relationship between harm, consent, criminal behavior and hate crimes.

Credit Hours: 3 hrs

CRM 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CRM 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CRM 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CRM 300 - Criminal Justice

A critical view of the entire spectrum of criminal justice. The police, courts and corrections studied as interrelated institutions in the process of defining criminals.

Credit Hours: 3 hrs

CRM 301 - Criminology

The nature, incidence and prevalence of crime. Theory of crime and delinquency causation.

Credit Hours: 3 hrs

CRM 320 - Criminal Investigation

Introduction to the science of criminal investigations, including the methodology of crime scene investigations, evidence collection, preservation and analysis. Other topics include the constitutional, legal and historical concerns relevant to procedural issues of investigation.

Credit Hours: 3 hrs

Concurrent Prerequisite: CRM 300

Last Updated: Links 04/2011

CRM 321 - Cooperation and Conflict in Society

The principles of cooperation, cooperation in our competitive-individualistic society, cooperative skills and forms of mutual aid are examined. Students learn cooperation through doing, as well as reading and writing, including a variety of group projects, exercises and discussion.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: SOCL 321

Last Updated: Links 04/2011

CRM 331 - Introduction to Corrections

An examination of corrections/punishment in contemporary society, its historical development, structural dependency, relationship to the system of justice and problems of effectiveness.

Credit Hours: 3 hrs

Prerequisite: CRM 300

Last Updated: Links 04/2011

CRM 332 - Community Corrections

An examination of the limitations of incarceration and the potential of community based alternatives.

Credit Hours: 3 hrs

Prerequisite: CRM 300

Last Updated: Links 04/2011

CRM 333 - Violence and Society

An introduction to and survey of the multi-disciplinary study of violence and society. Issues specifically examined are mass institutions of media, culture and identity formation.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: SOCL 333

Last Updated: Links 04/2011

CRM 337 - Deviance and Society

An introduction to the scientific study of deviance, society's reaction to deviance and the social strategies for managing deviance.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: SOCL 337

Last Updated: Links 04/2011

CRM 338 - Women, Crime and Justice

This course will offer a critical analysis of gender and criminal justice as it relates to women as victims, offenders and agents of the criminal justice system. Additionally, the social conditions of criminality, intervention strategies as well as social action and criminal justice policy reform will be examined.

Credit Hours: 3 hrs

Cross-Listed with: WGST 338, SOCL 338

Last Updated: Links 04/2011

CRM 362 - Ethics for Criminal Justice Professionals

This course provides the basic materials for analyzing ethical situations in criminal justice professions. Case studies of misconduct and its effects, and various policy issues, such as discretion and due process in law enforcement, the courts and corrections will be examined.

Credit Hours: 3 hrs

Last Updated: New Course 02/2012, effective Fall 2012

CRM 370 - White Collar Crime

An examination of the definitions, laws, causes and policy responses that shape crimes by corporations, government agencies, professionals and others engaged in legitimate occupations.

Credit Hours: 3 hrs

CRM 377 - Special Topics

A single topic is covered each semester, selected as the interest and/or problems change. Students may elect a special topics course several times, provided different topics are studied, but only twice for credit toward a major or minor in criminology.

Credit Hours: 1 hr

CRM 378 - Special Topics

A single topic is covered each semester, selected as the interest and/or problems change. Students may elect a special topics course several times, provided different topics are studied, but only twice for credit toward a major or minor in criminology.

Credit Hours: 2 hrs

CRM 379 - Special Topics

A single topic is covered each semester, selected as the interest and/or problems change. Students may elect a special topics course several times, provided different topics are studied, but only twice for credit toward a major or minor in criminology.

Credit Hours: 3 hrs

CRM 387 - Cooperative Education in Criminal Justice

Practical experience in agencies or government settings to provide job skills.

Credit Hours: 3 hrs

Prerequisite: department permission

Class Restrictions: Junior standing

Notes: Offered on a credit/no-credit basis

CRM 412 - Law and Society

Law as a social and cultural product; the interrelationships between law and social institutions.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: SOCL 412

Notes: Not open to those with credit in SOCL 412.

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 04/2011

CRM 420 - Drugs, Crime and Criminal Justice

Analysis of legal and illegal drugs and their relation to crime, costs associated. With drug use and abuse, methodologies to collect data on drug theories, as well as drug control policies like D.A.R.E. and the War on Drugs and regulatory strategies as are applied to legal substances.

Credit Hours: 3 hrs

Prerequisite: CRM 300 and CRM 301

Class Restrictions: Sophomore standing

Last Updated: Links 04/2011

CRM 431 - Policing in Society

The social and historical origin of the police; police culture, role and career; police in the legal system; police discretion; ethical development of police; police and the community; police organization and community control.

Credit Hours: 3 hrs

Prerequisite: CRM 300

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 04/2011

CRM 432 - Police Organization

An examination of the major theories of police organization and how these theories can enhance our understanding of policing and help solve problems facing the police in everyday life.

Credit Hours: 3 hrs

Prerequisite: CRM 300

Last Updated: Links 04/2011

CRM 447W - Senior Seminar in Criminology (Gen Ed Area I, W)

Summations and integrations of the various bodies of criminological knowledge and their applications to policies of crime prevention and control.

Credit Hours: 3 hrs

Prerequisite: CRM 300, CRM 301, SOCL 250 and SOCL 304

Class Restrictions: Senior standing

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 04/2011

CRM 460 - Criminal Law II

The social, political, and historical evolution of criminal procedure with an emphasis on its application with regard to law enforcement and the judiciary.

Credit Hours: 3 hrs

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011

CRM 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

CRM 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

CRM 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

CRM 487 - Cooperative Education in Criminal Justice

Practical experience in agencies or government settings to provide job skills.

Credit Hours: 3 hrs

Prerequisite: department permission

Notes: Offered on a credit/no-credit basis.

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011

CRM 488 - Field Internship in Criminology and Criminal Justice

A minimum of ten hours per week in a governmental or private agency dealing with the crime problem. The agency and the field instructor provide supervised learning experiences.

Credit Hours: 3 hrs each

Class Restrictions: Junior standing and department permission; second semester Juniors may be admitted by department permission

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011

CRM 489 - Field Internship in Criminology and Criminal Justice

A minimum of ten hours per week in a governmental or private agency dealing with the crime problem. The agency and the field instructor provide supervised learning experiences.

Credit Hours: 3 hrs each

Class Restrictions: Junior standing and department permission; second semester Juniors may be admitted by department permission

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011

CRM 497 - Independent Study

Independent study, under the supervision of a department member, in areas in which the department does not offer a course.

Credit Hours: 1 hr

Prerequisite: department permission

CRM 498 - Independent Study

Independent study, under the supervision of a department member, in areas in which the department does not offer a course.

Credit Hours: 2 hrs

Prerequisite: department permission

CRM 499 - Independent Study

Independent study, under the supervision of a department member, in areas in which the department does not offer a course.

Credit Hours: 3 hrs

Prerequisite: department permission

Sociology

SOCL 105 - Introductory Sociology (Gen Ed Area IV)

Basic sociological concepts are used to analyze social systems, socialization, social inequality, deviance and conformity, and the process of social change with focus on family, educational, religious, governmental and economic institutions.

Credit Hours: 3 hrs

Area IV: Knowledge of the Disciplines

SOCL 105 Introductory Sociology

This course provides a critical introduction to key concepts and ideas common to all sociological endeavor, as well as the methods by which sociologists advance social scientific knowledge. Students will be introduced to major theoretical perspectives, as well as key concepts, such as culture, socialization and social interaction, all of which guide the practice of sociology. Students will also come to understand the nature of major societal institutions, including family, education, economy and government, along with the formal and informal dimensions of race, social class and gender within the field. For each segment of the course, students will examine the challenges associated with conducting social research. *Introduction to Sociology* focuses on comparing and contrasting the potential for using various research methods to generate knowledge, with a special emphasis on comparing quantitative and qualitative methods. Students will also come to explore the benefits of employing a sociological perspective to the analysis of contemporary events and, in the process, will be socialized into becoming critical consumers of reporting in the mass media, much of which is increasingly based on social science research.

Last Updated: Minor Edit 1/2013

SOCL 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 202 - Social Problems

An analysis of problems arising in contemporary American society, such as child rearing, relations between the sexes, crime and delinquency, relations between racial and cultural subgroups, and personality disorders.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 204 - Marriage and Family

The position and significance of the family in our changing society. Courtship, mate selection and problems of marital adjustment from sociological and social-psychological perspectives.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 208 - Minority Women in the United States

This course surveys the situation of and the conditions that affect the lives of four groups of minority women in the United States who are from diverse cross-cultural backgrounds: Black, Asian-American, Latin-American and Native American. It focuses on the contemporary situation of these women and compares the four groups in terms of demographics, economic and occupational situations, education, family lives and relationship to the feminist movement.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: ANTH 208, WGST 208

Last Updated: Links 03/2011

SOCL 214 - U.S. Racial and Cultural Minorities (Gen Ed Area III)

An introduction to the study of U.S. diversity with particular reference to the black and Hispanic, and European and Asian immigrants in the United States; racial myths, doctrines and movements; conflict and accommodation of majority and minority people; and proposed solutions of ethnic problems.

Credit Hours: 3 hrs

Cross-Listed with: ANTH 214

Area III: Perspectives on a Diverse World

SOCL214 U.S. Racial and Cultural Minorities

This course is an introduction to the study of U.S. diversity in reference to majority-minority relations. Students will examine the characteristics of the racial, ethnic and subcultural factors leading to the emergence of specific minority groups in American society. The dynamics of discrimination and assimilation will be studied as they apply to major American ethnic and subcultural groups, and issues related to separatism vs. multiculturalism will be discussed in a cross-cultural, comparative framework.

This course provides students with the conceptual tools to analyze their own experience of minority-majority status, and to trace the roots of such an experience by placing it in the context of American culture. Also, by applying social-science models to the understanding of the cultural, racial, ethnic and subcultural diversity found in the U.S. students will be able to more clearly assess the complexity of in-group and out-group perspectives on identity and discrimination, particularly in reference to intercultural competence.

SOCL 219 - Around the World in 80 Years: Adult Development Across Culture

Through the study of adult development, students will consider how the aging of the world's population is affecting diverse cultures, societies - and families - across the globe. Issues of social justice and empowerment related to population aging will be addressed, particularly the social, economic, political and policy consequences.

Credit Hours: 3 hrs

Cross-Listed with: ANTH 219, GERT 219

Last Updated: Links 03/2011

SOCL 230 - Introduction to Applied Sociology

This course will be geared towards those students interested in applying the core elements of sociology to business, government and social service organizations. The tools of sociology, including theory and methods, will actively inform the study of various issues in a range of professional settings.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 250 - Quantitative Applications in Sociology (Gen Ed Area II)

Introduction to the evaluation and interpretation of numerical and categorical data using descriptive and inferential statistical techniques.

Credit Hours: 3 hrs

Last Updated: Gen Ed Approval 08/2007, effective Winter 2008

SOCL 277 - Special Topics

A single topic is covered each semester, selected as the interest and/or problems change. Students may elect this course several times, provided different topics are studied, but only twice for credit toward a major or minor in sociology.

Credit Hours: 1 hr

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 278 - Special Topics

A single topic is covered each semester, selected as the interest and/or problems change. Students may elect this course several times, provided different topics are studied, but only twice for credit toward a major or minor in sociology.

Credit Hours: 2 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 279 - Special Topics

A single topic is covered each semester, selected as the interest and/or problems change. Students may elect this course several times, provided different topics are studied, but only twice for credit toward a major or minor in sociology.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Last Updated: Links 03/2011

SOCL 303 - Sociology of Childhood and Youth

Childhood and youth as elements of social organization. The relationship between social structure and the emergent personality of the individual; normality and deviance as social processes.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Last Updated: Links 03/2011

SOCL 304 - Methods in Sociological Research

Methods used in sociological research and their various applications. Participation in conducting a survey.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Last Updated: Links 03/2011

SOCL 306 - The Urban Community

Ecological and social organization of urban life. The metropolitan trend in the United States and the social problems created by it.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Last Updated: Links 03/2011

SOCL 307 - Sociology of Work

This course addresses the dynamics of paid, unpaid, and marginalized work; managerial control and worker resistance; work and family conflicts; connections between local and global economies; and how gender, race/ethnicity, social class, age, citizenship, and sexuality shape the opportunities and rewards of work.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Previously Listed As: SOCL 307 - Sociology of the Workplace
Last Updated: Title and Description change 11/2012, effective Winter 2013; Links 03/2011

SOCL 308 - Social Psychology

Introductory study of the order and regularity underlying processes of human interaction. Motives and attitudes, social norms and roles, the socialization process, personality and group membership. The effect of group membership upon individual behavior.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Notes: Credit cannot be earned in both SOCL 308 and PSY 309.
Last Updated: Links 03/2011

SOCL 309 - Culture and Personality

An analysis of the manner in which group and cultural factors influence the growth and change of personality. The impact of personality types on group life.

Credit Hours: 3 hrs

Prerequisite: SOCL 105 or ANTH 135

Notes: Not open to those with credit in ANTH 309.

Last Updated: Links 03/2011

SOCL 310 - Social Stratification

This course focuses on the social factors of inequality, the process of status attainment, and social mobility in contemporary societies. These aspects of stratification are examined on both the national and global levels. Course materials address the differential distribution of and access to resources including issues of race, class and gender.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 311W - Aging and the Life Course (Gen Ed Area I, W)

Aging is viewed as a life course process. We focus on social and cultural aspects, noting attitudes toward aging, assessing how aging experiences are affected by social location (gender, race/ethnicity, class), and elaborate the social construction of age including implications of population aging for individual and societal well-being.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Title and Course Description Change 10/2011, effective Winter 2012; Links 03/2011

SOCL 312 - Medical Sociology

Social behavior and social organization as factors in disease distribution. The sociological analysis of medical care, organization and practitioners.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 320 - Sociology of Religion

A sociological analysis of religious organizations and the institution of religion including the interaction between religious organizations and other institutions and associations, and the role of religion in social movements and social change.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 321 - Cooperation and Conflict in Society

The principles of cooperation, cooperation in our competitive-individualistic society, cooperative skills and forms of mutual aid are examined. Students learn cooperation through doing, as well as reading and writing, including a variety of group projects, exercises and discussion.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Cross-Listed with: CRM 321
Last Updated: Links 03/2011

SOCL 333 - Violence and Society

An introduction to and survey of the multidisciplinary study of violence and society. Specifically examined are mass institutions of media, culture and identity formation.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Cross-Listed with: CRM 333
Last Updated: Links 03/2011

SOCL 334 - Population

Population size and composition, and their impact on society; determinants and consequences of natality, mortality and migration; the relationship between human numbers and resources and its politico-economic implications; population theories and policies of population control.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Last Updated: Links 03/2011

SOCL 336 - Social and Cultural Change

A survey of the theories and problems of change as they affect at the global, national and subcultural levels.

Credit Hours: 3 hrs
Prerequisite: SOCL 105 or ANTH 135
Notes: Not open to those with credit in ANTH 336.
Last Updated: Links 03/2011

SOCL 337 - Deviance and Society

An introduction to the scientific study of deviance, society's reaction to deviance and the social strategies for managing deviance.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Cross-Listed with: CRM 337
Last Updated: Links 03/2011

SOCL 338 - Women, Crime and Justice

This course will offer a critical analysis of gender and criminal justice as it relates to women as victims, offenders and agents of the criminal justice system. Additionally, the social conditions of criminality, intervention strategies, as well as, social action and

criminal justice policy reform will be examined.

Credit Hours: 3 hrs

Cross-Listed with: WGST 338, CRM 338

Last Updated: Links 03/2011

SOCL 339 - Sociology of Love

A sociological examination of love, emphasizing typologies, scientific research and cross-cultural comparisons. Special attention is given to the analysis of love in terms of feelings, thoughts, behaviors and attitudes.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Links 03/2011

SOCL 341 - Quantitative Methods of Social Research I

Examination and review of research methods in behavioral sciences and the nature of empirical data, organization of univariate and bivariate data.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Notes: Not open to those with credit in SOCL 250 or SOCL 304. Must be followed by SOCL 342.

Last Updated: Links 03/2011

SOCL 342 - Quantitative Methods of Social Research II

Further review and applications of research methods and introduction to statistical inference.

Credit Hours: 3 hrs

Prerequisite: SOCL 341

Notes: Not open to those with credit in SOCL 250 or SOCL 304.

Last Updated: Links 03/2011

SOCL 344 - Sociology of Gender

Analysis of past, present and future sex roles; the changing roles of women and men, and the conflicts and consequences of these changes on marriage and family systems in the United States.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: WGST 344

Last Updated: Links 03/2011

SOCL 345 - Ethnographic Methods

A review and examination of social-science research methods that entail fieldwork, participant observation, naturalistic experimentation and the analysis of cultural data.

Credit Hours: 3 hrs

Prerequisite: SOCL 105 or ANTH 135 or department permission

Cross-Listed with: ANTH 345

Notes: Not open to those with credit in ANTH 345.

Previously Listed As: Qualitative Methods

Last Updated: 2/16/2011; effective Spring 2011

SOCL 352 - Sociology of Education

Using the traditional lecture method combined with small-group interactive exercises, this course will systematically examine the institution of American public education by focusing on the interplay between education, its social history, gender and race, environment, social control, ideology, the school in a global economy, and social structure in the formation and procession of schooling through a variety of theoretical scopes.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Practical experience in industrial, business, or government settings to provide job skills.

Credit Hours: 3 hrs

Prerequisite: Department permission

Notes: Offered on a credit/no-credit basis

Last Updated: Links 03/2011

SOCL 402 - Group Dynamics

Structure and interaction processes of small groups. Cohesiveness, group standards, conformity and deviance, leadership, group emotion, communication, group roles and sociometrics.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 403W - Modern Sociological Theory (Gen Ed Area I, W)

The rise and development of sociological thought from Comte to the present. The works of various European and American schools analyzed and critically appraised in terms of their value in empirical research.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Area I: Effective Communication

SOCL 403W Modern Sociological Theory

This course is organized to have students develop and employ successful, flexible writing and reading strategies that support sustained inquiry in sociology. The course will culminate in a research project where students will use writing strategies designed to increase knowledge of how sociological theory has evolved to aid our understanding of pressing issues facing our contemporary world by formulating research questions, and responding to them by searching library data bases as well as incorporate assigned readings to conduct a literature review. This course will lead to the student learning to communicate, disseminate, and interpret information within sociology. Finally, this research project will be a process where student work is supported through intermediate steps with opportunities for feedback and revision.

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Gen Ed Approval 12/2011; Graduate Credit 07/2011; Links 03/2011

SOCL 405 - Senior Seminar in Sociology

The purpose of this course is to integrate sociological knowledge, theory and methods, and relate them to applications within the student's discipline and profession.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Class Restrictions: Senior standing

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 412 - Law and Society

Law as a social and cultural product; the interrelationships between law and social institutions.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Cross-Listed with: CRM 412

Notes: Not open to those with credit in CRM 412.

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 440 - Sociology of Technology

A study of social factors involved in the creation, innovation, distribution, evaluation and social effects of technology.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 448 - Collective Behavior

Spontaneous, transitory and volatile collective behavior contrasted with the relatively stable, institutionalized patterns of interaction. Analysis of rumor transmission, crowd behavior, mass behavior, and the emergence of organized social movements.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 450 - The Family

The family as a basic social institution. Various types of family systems throughout the world with special emphasis on the American family.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 451 - Sociology of Work and Occupations

Social aspects of work. Recruitment, career patterns, professionalization, sociology of the workplace and labor force.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 456 - Global Women: A Cross-Cultural Approach

An overview of how globalization processes - economic, cultural and political - impact women and gender inequalities across countries and cultures. The course examines the intersections of gender and work, race, ethnicity, family, religion, and political participation from an international comparative approach, and how the internationalization of women's rights and organizations has been redefining feminism worldwide.

Credit Hours: 3 hrs

Class Restrictions: Senior, Graduate Certificate or Masters standing

Cross-Listed with: WGST 456, WGST 556, SOCL 556

Last Updated: Links 03/2011

SOCL 462 - Complex Organizations

An examination of several types of large organizations, with emphasis on the nature of bureaucratic organizations. Theoretical and empirical studies of organizational growth, recruitment, control and relations between organizations.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 465 - Sociology of Revolution

This course surveys major theoretical perspectives that have been used by social scientists to interpret and explain revolutions. With the aid of the best available theories, the course will examine a series of historical instances, ranging from the French Revolution of the 18th century, through the Russian and Chinese Revolutions, to recent revolutions in post-colonial or dependent countries, such as the Iranian Revolution.

Credit Hours: 3 hrs

Prerequisite: SOCL 105

Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 477 - Special Topics

A single topic is covered each semester, selected as interest and/or problems change. Students may elect this course several times, provided different topics are studied, but only twice for credit toward a major or minor in sociology.

Credit Hours: 1 hr
Prerequisite: SOCL 105
Last Updated: Links 03/2011

SOCL 478 - Special Topics

A single topic is covered each semester, selected as interest and/or problems change. Students may elect this course several times, provided different topics are studied, but only twice for credit toward a major or minor in sociology.

Credit Hours: 2 hrs
Prerequisite: SOCL 105
Last Updated: Graduate Credit Removal 04/2012, effective Fall 2012; Links 03/2011

SOCL 479 - Special Topics

A single topic is covered each semester, selected as interest and/or problems change. Students may elect this course several times, provided different topics are studied, but only twice for credit toward a major or minor in sociology.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Last Updated: Links 03/2011

SOCL 487 - Cooperative Education in Sociology

Practical experience in industrial, business, or government settings to provide job skills.

Credit Hours: 3 hrs
Prerequisite: SOCL 387/CRM 387
Notes: Offered on a credit/no-credit basis.
Last Updated: Graduate Credit 04/2012, effective Fall 2012; Graduate Credit 07/2011; Links 03/2011

SOCL 489 - Internship in Sociology

Students are assigned a minimum of eight hours per week to a governmental or private organization dealing with a sociological problem, issue, service or concern. The placement, in agreement with the field instructor, provides supervised learning experiences appropriate to the objectives of the undergraduate program. A weekly seminar relates field experience to theory.

Credit Hours: 3 hrs
Prerequisite: SOCL 105 and department permission
Class Restrictions: Senior Standing
Major Restrictions: Sociology Majors
Last Updated: Links 03/2011

SOCL 497 - Independent Study

Directed reading and research on problems within the field of sociology.

Credit Hours: 1 hr
Prerequisite: Department permission
Last Updated: Links 03/2011

SOCL 498 - Independent Study

Directed reading and research on problems within the field of sociology.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SOCL 499 - Independent Study

Directed reading and research on problems within the field of sociology.

Credit Hours: 3 hrs

Prerequisite: Department permission

Women's and Gender Studies Programs and Courses

Women's and Gender Studies

Major

Women's and Gender Studies Major

Revised Program, Effective Winter 2013

Catalog Correction: Students who entered Eastern Michigan University in the Fall of 2012, are eligible to follow this program as it appeared in the 2011-2012 Undergraduate Catalog. Students may also follow the program as it appeared in the 2012-2013 Catalog and those succeeding it.

The Women's and Gender Studies Program offers an interdisciplinary academic major and minor to provide intellectual perspective and life-enriching skills for women and men. Professors have designed technology, politics and health courses that document the contributions of women to history, literature, science, education, family and work in a cultural context. Insights into the psychology of women, the impact of women on social structures and how women influence contemporary society will be valuable to students in their personal and professional lives.

Individual courses in the Women's and Gender Studies Program can be taken as electives to enrich any major.

Women's and Gender Studies Department Information:

Interim Department Head: Suzanne Gray
Department Contact: sgray17@emich.edu

Adviser Information:

Program Adviser: Dr. Deanna Mihaly
Email: dmihaly@emich.edu
Phone: 734.487.1177

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Major Requirements: 30 hours

Core Courses: 12 hours

- WGST 200 - Introduction to Women's Studies (Gen Ed Area III) 3 hrs
or
- WGST 202 - Introduction to Gender and Sexuality (Gen Ed Area III) 3 hrs

- PHIL 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs
or
- WGST 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs
- WGST 300 - Feminist Inquiry 3 hrs
- WGST 400 - Capstone Seminar 3 hrs
(substitute course as approved by adviser)

Restricted Elective Courses: 12 hours

Choose 3 hours from the courses listed under of the four groups. Special Topics/Independent Study substitutions approved by advisor.

I. Arts and Humanities

- ARTH 473 - Women in Art 3 hrs
- CASI 240 - Reel Women/Real Women 3 hrs
- CHL 353 - Genders and Sexualities in Literature for Young Readers 3 hrs
- CLAS 321 - Women and Gender in the Ancient World 3 hrs
- HIST 321 - Women and Gender in the Ancient World 3 hrs
- HIST 325 - History of Sexuality 3 hrs
- HIST 335 - History of Women in Europe 3 hrs
- HIST 336 - History of Women in the United States and Great Britain, 1800 to the Present 3 hrs
- PHIL 326 - Philosophy & Sexuality 3 hrs
- PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- LITR 443 - Women in Literature 3 hrs
- LITR 445 - Sexualities in Literature and Culture 3 hrs
- WGST 321 - Women and Gender in the Ancient World 3 hrs
- WGST 325 - History of Sexuality 3 hrs
- WGST 326 - Philosophy & Sexuality 3 hrs
- WGST 335 - History of Women in Europe 3 hrs
- WGST 336 - History of Women in the United States and Great Britain, 1800 to the Present 3 hrs
- WGST 340 - Transgenre; Genre, Gender and Sex (A Queer Poetics) 3 hrs
- WGST 353 - Genders and Sexualities in Literature for Young Readers 3 hrs
- WGST 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- WGST 436 - Women in Art 3 hrs
- WGST 443 - Women in Literature 3 hrs
- WGST 445 - Sexualities in Literature and Culture 3 hrs

II. Social and Physical Sciences

- AAS 243 - Black Women: Politics and Racism 3 hrs
- AAS 362 - Black Women: Religion and Sexism 3 hrs
- ANTH 355 - Anthropology of Women 3 hrs
- BIO 269 - Biology of Sex and Gender 3 hrs
- CRM 338 - Women, Crime and Justice 3 hrs

- ECON 328 - Economics of Women 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PSY 242 - Psychology of Women 3 hrs
- SOCL 338 - Women, Crime and Justice 3 hrs
- SOCL 344 - Sociology of Gender 3 hrs
- SOCL 450 - The Family 3 hrs
- WGST 242 - Psychology of Women 3 hrs
- WGST 243 - Black Women: Politics and Racism 3 hrs
- WGST 269 - Biology of Sex and Gender 3 hrs
- WGST 328 - Economics of Women 3 hrs
- WGST 338 - Women, Crime and Justice 3 hrs
- WGST 344 - Sociology of Gender 3 hrs
- WGST 355 - Anthropology of Women 3 hrs
- WGST 362 - Black Women: Religion and Sexism 3 hrs
- WGST 365 - Women and Politics 3 hrs

III. Multicultural and Cross-Cultural Studies

- AAS 243 - Black Women: Politics and Racism 3 hrs
- AAS 361 - The African American Family 3 hrs
- AAS 362 - Black Women: Religion and Sexism 3 hrs
- ANTH 355 - Anthropology of Women 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs
- PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
- WGST 210 - Gender in a Transnational World 3 hrs
- WGST 243 - Black Women: Politics and Racism 3 hrs
- WGST 355 - Anthropology of Women 3 hrs
- WGST 362 - Black Women: Religion and Sexism 3 hrs
- WGST 370 - Women's and Gender Studies Abroad (NEW COURSE) 3 hrs
- WGST 450 - Topics in Women's and Gender Studies (NEW COURSE) 3 hrs
- WGST 456 - Global Women: A Cross-Cultural Approach 3 hrs

IV. Communities

- BMMT 205 - Women in Business 3 hours
- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- CTAC 265 - Communicating and LGBT Community 3 hrs
- LEGL 418 - Women and Law 3
- STS 420 - Women and Technology 3 hrs
- SWRK 413 - Women and Aging 3 hrs
- SWRK 462 - Practice with Lesbian, Gay, Bisexual and Transgender Persons 3 hrs
- WGST 205 - Women in Business 3 hrs
- WGST 230L - Conversations with Girls (Gen Ed Area V LBC) 4 hrs
- WGST 260 - Gender Communication (Gen Ed Area III) 3 hrs

- WGST 265 - Communicating and LGBT Community 3 hrs
- WGST 305 - Queer Studies 3 hrs
- WGST 387 - Cooperative Education in Women's Studies 3 hrs
- WGST 413 - Women and Aging 3 hrs
- WGST 418 - Women and the Law 3 hrs
- WGST 420 - Women and Technology 3 hrs
- WGST 462 - Practice with Lesbian, Gay, Bisexual and Transgender Persons 3 hrs
- WGST 487 - Cooperative Education in Women's Studies 3 hrs

Elective Courses: 6 hours

Students may chose any WGST course for their elective requirements.

300/400 Level Course Requirement

WGST majors must complete at least 15 credit hours of course work at the 300 level or above.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Special topics courses (WGST 279/378/379/478/479) and independent study (WGST 497/498/499) offerings may be substituted for either restricted or other electives with department permission.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)

- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Queer Studies Minor

New Minor, Effective Winter 2013

The minor in Queer Studies will foster critical and creative thinking about sexual and gender norms, identities, bodies, and experiences in global, national, and local contexts. Through examining and contextualizing debates in the field, students will

develop skills that inform approaches to lesbian, gay, bisexual, transgender, and queer history and politics, enabling participation in communities and scholarship.

Women's and Gender Studies Department Information:

Interim Department Head: Suzanne Gray
Department Contact: sgray17@emich.edu
Website: <http://www.emich.edu/wgstudies/>

Required Courses: 6 hours

- WGST 202 - Introduction to Gender and Sexuality (Gen Ed Area III) 3 hrs
- WGST 305 - Queer Studies 3 hrs

Restricted Electives: 15 hours

Students must take two course from two of the lists below, and one course from the remaining list for a total of 15 credit hours.

Please note that only one course with the same non-WGST prefix will count towards the minor. (ex. You can not count two HIST courses to the Minor)

Movements, Identities and Communities

- CTAC 265 - Communicating and LGBT Community 3 hrs
- HIST 325 - History of Sexuality 3 hrs
or
- HIST 415 - Sexual Communities in American History 3 hrs
- SOCL 344 - Sociology of Gender 3 hrs
- WGST 265 - Communicating and LGBT Community 3 hrs
- WGST 325 - History of Sexuality 3 hrs
- WGST 344 - Sociology of Gender 3 hrs

Theory and Culture

- CHL 353 - Genders and Sexualities in Literature for Young Readers 3 hrs
- PHIL 326 - Philosophy & Sexuality 3 hrs
- LITR 445 - Sexualities in Literature and Culture 3 hrs
- WGST 326 - Philosophy & Sexuality 3 hrs
- WGST 340 - Transgenre; Genre, Gender and Sex (A Queer Poetics) 3 hrs
- WGST 353 - Genders and Sexualities in Literature for Young Readers 3 hrs
- WGST 445 - Sexualities in Literature and Culture 3 hrs

Application and Practice

- BIO 269 - Biology of Sex and Gender 3 hrs

- HLED 130 - Healthy Sexuality 3 hrs
- PSY 240 - Psychology of Sex Part I 3 hrs
- SWRK 462 - Practice with Lesbian, Gay, Bisexual and Transgender Persons 3 hrs
- WGST 269 - Biology of Sex and Gender 3 hrs
- WGST 462 - Practice with Lesbian, Gay, Bisexual and Transgender Persons 3 hrs

Program Total: 21 hours

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. Women's and Gender Studies Minor

Revised Minor, Effective Winter 2013

For all of the following listed courses, note the relevant department's or program's course prerequisites. For availability of any of the following courses, check the class schedule of the term for which you register. Also, consult the Women's and Gender Studies Program Director or the undergraduate adviser for other approved women's and gender studies courses offered in the term for which you register.

Women's and Gender Studies Department Information:

Interim Department Head: Suzanne Gray
 Department Contact: sgray17@emich.edu
 Website: <http://www.emich.edu/wgstudies/>

Adviser Information:

Program Adviser: Dr. Deanna Mihaly
 Email: dmihaly@emich.edu
 Phone: 734.487.1177

Required Courses: 3 hours

- WGST 200 - Introduction to Women's Studies (Gen Ed Area III) 3 hrs

Restricted Elective Courses: 12 hours

Select six hours from each of the following groups:

I. Arts and Humanities

- ARTH 473 - Women in Art 3 hrs
- CLAS 321 - Women and Gender in the Ancient World 3 hrs
- HIST 321 - Women and Gender in the Ancient World 3 hrs

- HIST 335 - History of Women in Europe 3 hrs
- HIST 336 - History of Women in the United States and Great Britain, 1800 to the Present 3 hrs
- LITR 443 - Women in Literature 3 hrs
- PHIL 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs
- PHIL 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- WGST 226 - Feminist Theory (Gen Ed Area III, IV) 3 hrs
- WGST 305 - Queer Studies 3 hrs
- WGST 321 - Women and Gender in the Ancient World 3 hrs
- WGST 335 - History of Women in Europe 3 hrs
- WGST 336 - History of Women in the United States and Great Britain, 1800 to the Present 3 hrs
- WGST 426W - Topics in Gender and Philosophy (Gen Ed Area I, W) 3 hrs
- WGST 436 - Women in Art 3 hrs
- WGST 443 - Women in Literature 3 hrs

II. Social and Physical Sciences

- AAS 243 - Black Women: Politics and Racism 3 hrs
- AAS 362 - Black Women: Religion and Sexism 3 hrs
- ANTH 355 - Anthropology of Women 3 hrs
- CRM 338 - Women, Crime and Justice 3 hrs
- CTAC 260 - Gender Communication (Gen Ed Area III) 3 hrs
- ECON 328 - Economics of Women 3 hrs
- PLSC 243 - Black Women: Politics and Racism 3 hrs
- PLSC 362 - Black Women: Religion and Sexism 3 hrs
- PLSC 365 - Women and Politics 3 hrs
- PSY 242 - Psychology of Women 3 hrs
- SOCL 338 - Women, Crime and Justice 3 hrs
- SOCL 344 - Sociology of Gender 3 hrs
- WGST 210 - Gender in a Transnational World 3 hrs
- WGST 242 - Psychology of Women 3 hrs
- WGST 243 - Black Women: Politics and Racism 3 hrs
- WGST 260 - Gender Communication (Gen Ed Area III) 3 hrs
- WGST 328 - Economics of Women 3 hrs
- WGST 338 - Women, Crime and Justice 3 hrs
- WGST 344 - Sociology of Gender 3 hrs
- WGST 355 - Anthropology of Women 3 hrs

- WGST 365 - Women and Politics 3 hrs
- WGST 456 - Global Women: A Cross-Cultural Approach 3 hrs

Elective Courses: 6 hours

Six hours from the following elective courses, Unused Group courses, Special Topics courses (WGST 279/378/379/478/479) and Independent Study (WGST 497/498/499) may be approved for Elective by Program Adviser.

- BMMT 205 - Women in Business 3 hours
- LEGL 418 - Women and Law 3

- PHED 405 - Women in Sports 3 hrs
- PSY 340 - Psychological Perspectives on Prejudice and Discrimination 3 hrs
- STS 420 - Women and Technology 3 hrs
- SWRK 413 - Women and Aging 3 hrs
- WGST 202 - Introduction to Gender and Sexuality (Gen Ed Area III) 3 hrs
- WGST 205 - Women in Business 3 hrs
- WGST 300 - Feminist Inquiry 3 hrs
- WGST 370 - Women's and Gender Studies Abroad (NEW COURSE) 3 hrs
- WGST 405 - Women in Sports 3 hrs
- WGST 413 - Women and Aging 3 hrs
- WGST 418 - Women and the Law 3 hrs
- WGST 420 - Women and Technology 3 hrs
- WGST 450 - Topics in Women's and Gender Studies (NEW COURSE) 3 hrs
- WGST 487 - Cooperative Education in Women's Studies 3 hrs
- WGST 230L - Conversations with Girls (Gen Ed Area V LBC) 4 hrs
- WGST 387 - Cooperative Education in Women's Studies 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.

- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Children's Literature

WGST 445 - Sexualities in Literature and Culture

A seminar devoted to theorizing and articulating the relationships between literature and culture, focusing on the diverse and shifting forms of sexuality manifested in the cultural imagination across several literary periods.

Credit Hours: 3 hrs

Prerequisite: Six hours of 300-level course work in one of the following prefixes-ENGL, LITR, HIST, PHIL - or Department Permission

Cross-Listed with: LITR 445

Last Updated: New Course, 11/2012, effective Winter 2013

Women and Gender Studies

WGST 177 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 1 hr

Prerequisite: department permission

WGST 178 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 2 hrs

Prerequisite: department permission

WGST 179 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 3 hrs

Prerequisite: department permission

WGST 200 - Introduction to Women's Studies (Gen Ed Area III)

This course provides an overview of the main issues confronting women in the United States today. Topics covered may include patriarchy and oppression, media images, violence, work, sexuality, feminism and commonalities and differences of women from different racial/ethnic and class backgrounds.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

WGST 200 Introduction to Women's Studies [was WMST200]

Introduction to Women's Studies introduces students to diversity in the United States by examining the lives of women from diverse racial/ethnic and class backgrounds. The course explores constructions of difference- whether based on race, ethnicity, gender, sexuality or class- and helps students understand how these constructions have been and continue to be fundamental to life in the U.S.

WGST 202 - Introduction to Gender and Sexuality (Gen Ed Area III)

This course will introduce students to the way in which society constructs gender and sexual identity, and the way in which, in turn, gender and sexuality shape our understanding of the world and ourselves. Topics will include femininity and masculinity, as well as lesbian, gay, bisexual, transgender history and experience.

Credit Hours: 3 hrs

Area III: Perspectives on a Diverse World

WGST 202 Introduction to Gender and Sexuality

Introduction to Gender and Sexuality meets the requirements of the General Education Program in the U.S. Diversity area by demonstrating the ways in which gender and sexual conditioning influence the experiences of men and women and shape their sense of identity as it intersects with different classes, racial or ethnic groups and sexualities. The course helps students to

understand and explore the ways in which these complex constructions and attitudes towards gender and sexuality lead to prejudice in the spheres of family, education, employment, health, politics and the media.

WGST 205 - Women in Business

Social and business conditions that support the entry of women to executive positions in business; career opportunities at the professional and executive levels of business.

Credit Hours: 3 hrs

Cross-Listed with: BMMT 205

Last Updated: Links 03/2011

WGST 208 - Minority Women in the United States

This course surveys the situation of and the conditions that affect the lives of four groups of minority women in the United States who are from diverse cross-cultural backgrounds: Black, Asian-American, Latin-American and Native American. It focuses on the contemporary situation of these women and compares the four groups in terms of demographics, economic and occupational situations, education, family lives and relationship to the feminist movement.

Credit Hours: 3 hrs

Cross-Listed with: ANTH 208, SOCL 208

Last Updated: Links 03/2011

WGST 210 - Gender in a Transnational World

This course introduces students to a comparative framing of gender issues through a cross-national and intersectional approach. Course topics- the social construction of gender relations, the gendered family, gendered media and popular cultures, religion and gender, the gendered body, and the violence of gender - will be taught cross-culturally and cross-nationally. An intersectional approach - the interconnections of gender with class, race, ethnicity, sexual orientation, and location - will be explored throughout course topics. Students will critically analyze gender issues by situating them in a transnational world. Globalization will be presented as both a *gendered* and a *multidimensional*- cultural, economic, and political - process.

Credit Hours: 3 hrs

Last Updated: New Course, 11/2012, effective Winter 2013

WGST 226 - Feminist Theory (Gen Ed Area III, IV)

A consideration of philosophical issues concerning the nature and status of women. Readings from both traditional and contemporary sources. Topics may include scientific and religious views, the ideal society and women's place in it, varieties of feminism, views on sexuality, family and reproduction, and work and the economy.

Credit Hours: 3 hrs

Cross-Listed with: PHIL 226

Area III: Perspectives on a Diverse World

WGST 226 Feminist Theory [was PHIL/WMST226]

Gender is one of the principal characteristics determining identity and life experience for human beings. This course takes a philosophical approach to gender, examining beliefs about women and men from a wide variety of cultural and political perspectives. We consider both traditional justifications of the differential treatment of women and men in such institutions as marriage and family, as well as theories that challenge these traditional views. *PHIL226 Feminist Theory* fulfills the Global

Awareness requirement of the General Education Program because it considers a wide range of practices and beliefs about gender from across the globe, with an emphasis on the intellectual and ethical complexities of understanding and judging gendered practices in cultures other than our own. Gender is one of the principal characteristics determining identity and life experience for human beings. This course takes a philosophical approach to gender, examining beliefs about women and men from a wide variety of cultural and political perspectives. We consider both traditional justifications of the differential treatment of women and men in such institutions as marriage and family, as well as theories that challenge these traditional views. This course is a general education course in the knowledge of the disciplines because it provides an introduction to the discipline of philosophy through the concept of gender, its methodology and its contribution to the body of human knowledge. Students will acquire skills or critical reasoning and develop skills for evaluating and creating substantive arguments to support philosophical positions. Developing such skills is central to the process of higher-education. Moreover, such skills will serve students throughout their educations across all disciplines, in their careers or in pursuing graduate or professional degrees and in exercising their civic duties.

Area IV: Knowledge of the Disciplines

WGST 226 Feminist Theory [was PHIL/WMST 226]

Gender is one of the principal characteristics determining identity and life experience for human beings. This course takes a philosophical approach to gender, examining beliefs about women and men from a wide variety of cultural and political perspectives. WGST 230L - Conversations with Girls (Gen Ed Area V LBC)

This course provides practice-based theory and methodology about educational mentoring relationships. Students are required to apply theory and methodology learned in the classroom to work with a community agency that is directly relevant to the focus of the course.

Credit Hours: 4 hrs

Last Updated: Links 03/2011

WGST 242 - Psychology of Women

Theories and empirical research concerning personality development in females. Examination of the origins of the behavior of women.

Credit Hours: 3 hrs

Prerequisite: PSY 101 or PSY 103

Cross-Listed with: PSY 242

Last Updated: Links 03/2011

WGST 243 - Black Women: Politics and Racism

This course examines American politics as it relates to African American women. The course analyzes ways in which political issues affect black women differently than African American men, white men and white women. Considerable attention is given

to the definition of the political realm as opposed to the nonpolitical realm when discussing groups traditionally marginalized or excluded from political life.

Credit Hours: 3 hrs

Cross-Listed with: AAS 243, PLSC 243

Last Updated: Links 03/2011

WGST 260 - Gender Communication (Gen Ed Area III)

Exploration of the multifaceted ways communication, culture, and gender are interconnected and the influences of each. Critical analysis of gender communications "differences" as they are influenced by culture and our everyday communication.

Credit Hours: 3 hrs

Cross-Listed with: CTAC 260

Area III: Perspectives on a Diverse World

CTAC 260 Gender Communication [was CTAC/WGST 360]

Gender Communication is communication *about* and *between* men and women. It is communication *about* men and women because gender communication is reflected in everything around us. From the time we are born important people in our life communicate our society's gender expectations to us. While individuals vary in the extent to which they accept or reject those messages, we all "do gender" by expressing our views about what we believe is normal or natural for a member of our sex. Since gender is a social construction that changes over time, it is important that we systematically study it to determine how it affects us, the people with whom we interact, and the world in which we live. Gender communication is also communication *between* men and women. In the United States interactions between women and men occur every hour of every day. The sheer number of contacts we have with the opposite sex heightens the need to study the effects of gender on the communication process.

CTAC 260 meets the U.S. diversity requirement of general education because it allows students to examine their gender identity and relate it to the gender identity of others. This ultimately leads to an understanding of the many different ways people view gender and communication in the United States. Attention is also focused on the communication-related causes and consequences of social intolerance toward individuals who deviate from normative sex and gender roles, and how that intolerance relates to racism, ethnocentrism, and exclusion in the United States. Last but not least, students explore the association between gender and income distribution, economic opportunities, political participation and the U.S. democratic process, and how those variables impact communication between and within the sexes.

Last Updated: Links 03/2011

WGST 265 - Communicating and LGBT Community

Communication and LGBT Community examines communication about and within diverse Lesbian, Gay, Bisexual, and Transgender identity communities. Patterns in social movement, issue advocacy, group identity expression, and media representation are reviewed and evaluated. The course explores questions of intolerance, stereotyping, and intersectionality, applying perspectives drawn from communication and queer theories.

Credit Hours: 3 hrs

Cross-Listed with: CTAC 265

Last Updated: New Course 09/2012, effective Winter 2012

WGST 269 - Biology of Sex and Gender

Lectures will address the biology of sex and gender from early stages of development throughout life. Anatomy and physiology of gender and behaviors in humans and other animals will be discussed. Topics include: sexual differentiation, puberty, reproductive patterns and the effects of aging on the sexual response.

Credit Hours: 3 hrs

Prerequisite: BIO 105, BIO 110 or BIO 251

Cross-Listed with: BIO 269

Last Updated: 03/2011

WGST 277 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 1 hr

Prerequisite: department permission

WGST 278 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 2 hrs

Prerequisite: department permission

WGST 279 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 3 hrs

Prerequisite: department permission

WGST 300 - Feminist Inquiry

This course examines the concept of knowledge, traditional methods for the construction of knowledge, and feminist critiques of these traditional methods. Both multidisciplinary and interdisciplinary methodologies employed in women's and gender studies and explored and applied.

Credit Hours: 3 hrs

Prerequisite: WGST 200 or WGST 202

Last Updated: New Course, 11/2012, effective Winter 2013

WGST 305 - Queer Studies

Queer Studies explores scholarship, activism, and culture production by and about lesbian, gay, bisexual, transgendered, and queer people and communities. This course examines scholarly research in the social sciences and humanities along with fiction, poetry, and film in order to address how people build knowledge about queer lives.

Credit Hours: 3 hrs

Prerequisite: WGST 202

Last Updated: New Course, 11/2012, effective Winter 2013

WGST 321 - Women and Gender in the Ancient World

An investigation of life for women in antiquity, focusing on the sex-gender system of Greek and Roman societies. Literary, inscriptional and other evidence will be studied to disclose the classical roots of western beliefs and attitudes about women.

Credit Hours: 3 hrs

Prerequisite: one 100-level course in history

Cross-Listed with: CLAS 321, HIST 321

Last Updated: Links 03/2011

WGST 325 - History of Sexuality

A topical approach to the role that sex and sexuality has played in American history; topics include the family, gender, interracial relations, the birth control movement, origins of the gay community, politics of abortion, and sexually transmitted infections.

Credit Hours: 3 hrs

Cross-Listed with: HIST 325

Last Updated: Links 03/2011

WGST 326 - Philosophy & Sexuality

This course applies philosophical methods to ethical, political, and conceptual questions related to sexual preference and identity, including: What is the ethical status of homosexuality? Should same sex marriage be legal? What groups does/should "LGBT"(etc)"seek to identify? Who is "queer"? What is the relation between feminism and the liberation of sexual minorities?

Credit Hours: 3 hrs

Prerequisite: One PHIL course excluding PHIL 120 and PHIL 130.

Cross-Listed with: PHIL 326

Course Revisions:

Course approved for General Education-Writing Intensive, Effective Winter 2013

Last Updated: New Course, 11/2012, effective Winter 2013

WGST 328 - Economics of Women

The changing economic role of women in the labor force. Analysis of policies affecting earnings, employment, and work and family issues in traditional and nontraditional occupations. Includes some international comparisons.

Credit Hours: 3 hrs

Prerequisite: one 100-, 200- or 300-level course in economics

Cross-Listed with: ECON 328

Last Updated: 03/2011

WGST 335 - History of Women in Europe

A study of the history of women and views of women in western society from the 18th century to the present. Emphasizes the struggles, setbacks and achievements of the women's movements in the context of modern European history.

Credit Hours: 3 hrs
Prerequisite: one course in history
Cross-Listed with: HIST 335
Last Updated: 03/2011

WGST 336 - History of Women in the United States and Great Britain, 1800 to the Present

A comparative study of the history of women in the United States and Great Britain. Examines the ideology of the nature and role of women, the history of women's lives, the impact of industrialization and the feminist movements of the 19th and 20th centuries.

Credit Hours: 3 hrs
Prerequisite: one course in history or department permission
Cross-Listed with: HIST 336
Last Updated: 03/2011

WGST 338 - Women, Crime and Justice

This course will offer a critical analysis of gender and criminal justice as it relates to women as victims, offenders and agents of the criminal justice system. Additionally, the social conditions of criminality, intervention strategies, as well as, social action and criminal justice policy reform will be examined.

Credit Hours: 3 hrs
Cross-Listed with: CRM 338, SOCL 338
Last Updated: 03/2011

WGST 340 - Transgenre; Genre, Gender and Sex (A Queer Poetics)

This course provides an introduction to the relation between literary genre theory and social systems of gender, sex and race through a rigorous investigation of "transgenre" literary texts (forms that transgress genre conversations) across periods and cultures. In addition, the course offers a creative writing workshop with an emphasis on the transgenre themes and forms.

Credit Hours: 3 hrs
Prerequisite: WGST 202
Class Restrictions: Undergraduates 2nd year and above
Last Updated: New Course, 11/2012, effective Winter 2013

WGST 344 - Sociology of Gender

Analysis of past, present and future sex roles; the changing roles of women and men, and the conflicts and consequences of these changes on marriage and family systems in the United States.

Credit Hours: 3 hrs
Prerequisite: SOCL 105
Cross-Listed with: SOCL 344
Last Updated: 03/2011

WGST 353 - Genders and Sexualities in Literature for Young Readers

Students in this course will read, discuss, research and write about works of literature written for children and young adults and focused on issues of sexuality and gender.

Credit Hours: 3 hrs

Cross-Listed with: CHL 353

Last Updated: New Course, 11/2012, effective Winter 2013

WGST 355 - Anthropology of Women

The role of women in diverse cultural contexts. Theories dealing with the position of women. Life histories of women constitute the basic reading in this course.

Credit Hours: 3 hrs

Prerequisite: ANTH 135 or department permission

Cross-Listed with: ANTH 355

Last Updated: 03/2011

WGST 362 - Black Women: Religion and Sexism

An introduction to the social and political role of Black women in African American religious institutions. Particular attention will be placed on how African American religion has limited the power of women. Additionally, the course will examine the historical evolution of the various major black denominations in America and their political and social roles in African American communities.

Credit Hours: 3 hrs

Cross-Listed with: AAS 362, PLSC 362

Last Updated: 03/2011

WGST 365 - Women and Politics

A study of the role of women in American politics as voters, activists and candidates, with consideration of how the political behavior of women relates to their economic, social and religious roles. Comparisons are made with select European and Asian political systems.

Credit Hours: 3 hrs

Cross-Listed with: PLSC 365

Last Updated: 03/2011

WGST 370 - Women's and Gender Studies Abroad (NEW COURSE)

This course involves short-term travel and study outside the United States. Topics in women's and gender studies will be explored in the context of transnational feminism, with examination of issues related closely to the place of study.

Credit Hours: 3 hrs

Prerequisite: program director approval

Course Revisions:

Course Revisions: This is a new course, effective Winter 2013.

Last Updated: New Course 05/2012, effective Winter 2013

WGST 377 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different, but no more than two such courses may

be counted toward the minor in women and gender studies.

Credit Hours: 1 hr

Prerequisite: department permission

WGST 378 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different, but no more than two such courses may be counted toward the minor in women and gender studies.

Credit Hours: 2 hrs

Prerequisite: department permission

WGST 379 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different, but no more than two such courses may be counted toward the minor in women and gender studies.

Credit Hours: 3 hrs

Prerequisite: department permission

WGST 387 - Cooperative Education in Women's Studies

This course provides students with an opportunity to deal directly with issues affecting women by working with agencies and local organizations.

Credit Hours: 3 hrs

Prerequisite: department permission

WGST 400 - Capstone Seminar

A culminating experience designed to enable students to understand, demonstrate and improve skills acquired as majors or minors in the program, and to facilitate the integration of interdisciplinary knowledge.

Credit Hours: 3 hrs

Prerequisite: WGST 200 and WGST 226/PHIL 226

Course Revisions:

Course approved for General Education-Writing Intensive, effective Winter 2013

Last Updated: 03/2011

WGST 405 - Women in Sports

Patterns, problems and conditions associated with women's sports involvement in selected world cultures; the sportswoman in American society.

Credit Hours: 3 hrs

Cross-Listed with: PHED 405

Last Updated: 03/2011

WGST 413 - Women and Aging

Designed to provide social work, women's studies, and gerontology students with the skills and sensitivity to understand the issues, needs, and positive attributes of women as they grow older. Students will examine the lives of women in special groups, such as older minority women, caregivers, widows and institutionalized elderly women. Students will learn skills to provide effective services to older women in a variety of human service settings.

Credit Hours: 3 hrs

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: SWRK 413

Last Updated: Graduate Credit 07/2011; 03/2011

WGST 415 - Sexual Communities in American History

This class addresses the history of sexuality and the development of communities based on sexual identity in the United States. Topics include the origins of scientific theories of sexuality, the development of social movements around sexual issues and social responses to sexual minorities.

Credit Hours: 3 hrs

Cross-Listed with: HIST 415

Last Updated: 03/2011

WGST 418 - Women and the Law

A critical analysis how gender, as an element of the American legal system, impacts the lives of women. Major U.S. cases and state and federal laws will be evaluated and challenged as appropriate.

Credit Hours: 3 hrs

Prerequisite: One of the following: LAW 293, LEGL 211, PLSC 301 or WGST 200

Cross-Listed with: LEGL 418

Last Updated: 03/2011

WGST 420 - Women and Technology

An interdisciplinary course designed to familiarize students with various concepts of technology, technological change and technological society; probe the problems and advantages women face in technological society or technology-based professions; explore women's roles in several specific technology professions.

Credit Hours: 3 hrs

Cross-Listed with: STS 420

Last Updated: 03/2011

WGST 426W - Topics in Gender and Philosophy (Gen Ed Area I, W)

An examination of gender and its relationship to other issues from a philosophical perspective. Possible topics include rationality, sexuality, aesthetics, ethics and political theory.

Credit Hours: 3 hrs

Prerequisite: two courses in philosophy or instructor permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: PHIL 426W

Last Updated: Graduate Credit 07/2011; 03/2011

WGST 436 - Women in Art

A survey of the contributions of female artists in the history of art. Discussions will include the history of women as patrons of the arts, and the uses of the female image in art.

Credit Hours: 3 hrs

Prerequisite: ARTH 263 or department permission

Cross-Listed with: ARTH 473

Last Updated: Links 06/2011

WGST 443 - Women in Literature

A study of women and their experiences as described in literature.

Credit Hours: 3 hrs

Prerequisite: two courses in literature

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Cross-Listed with: LITR 443

Last Updated: Graduate Credit 07/2011; 03/2011

WGST 450 - Topics in Women's and Gender Studies (NEW COURSE)

An examination of various topics in women's and gender studies. Possible topics include sexuality, transnational feminism, popular culture, social media and activism.

Credit Hours: 3 hrs

Prerequisite: WGST 200 or WGST 202

Course Revisions:

Course Revisions: This is a new course, effective Winter 2013.

Last Updated: New Course 05/2012, effective Winter 2013

WGST 456 - Global Women: A Cross-Cultural Approach

An overview of how globalization processes - economic, cultural and political - impact women and gender inequalities across countries and cultures. The course examines the intersections of gender and work, race, ethnicity, family, religion, and political participation from an international comparative approach, and how the internationalization of women's rights and organizations has been redefining feminism worldwide.

Credit Hours: 3 hrs

Class Restrictions: Senior, Graduate Certificate or Masters students only

Cross-Listed with: WGST 556, SOCL 456, SOCL 556

Last Updated: 02/2011

WGST 462 - Practice with Lesbian, Gay, Bisexual and Transgender Persons

This course exposes students to a wide array of life experiences of lesbian, gay, bi-attractional and transgender persons by listening to their own words — spoken, written, on film and through personal interviews. It develops a deeper contextual knowledge and understanding of life courses taken by sexual minorities.

Credit Hours: 3 hrs
Cross-Listed with: SWRK 462
Last Updated: 02/2011

WGST 477 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 1 hr
Prerequisite: department permission

WGST 478 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 2 hrs
Prerequisite: department permission

WGST 479 - Special Topics

Different subject matter will be taught each semester offered, including interdisciplinary courses in women and gender studies. Students may take these courses more than once provided the subject matter is different.

Credit Hours: 3 hrs
Prerequisite: department permission

WGST 487 - Cooperative Education in Women's Studies

This course provides students with an opportunity to deal directly with issues affecting women by working with agencies and local organizations.

Credit Hours: 3 hrs
Prerequisite: department permission

Course Revisions:

Course Revisions: This course will have a title change from WGST 487 "Cooperative Education in Women's Studies" to WGST 487 "Internship in Women's and Gender Studies," effective Winter 2013.

Last Updated: Title Change 05/2012, effective Winter 2013

WGST 497 - Independent Study

Advanced study on an individual basis in areas in which the program does not offer formal courses. These courses are restricted to juniors and seniors.

Credit Hours: 1 hr
Prerequisite: department permission

WGST 498 - Independent Study

Advanced study on an individual basis in areas in which the program does not offer formal courses. These courses are restricted to juniors and seniors.

Credit Hours: 2 hrs

Prerequisite: department permission

WGST 499 - Independent Study

Advanced study on an individual basis in areas in which the program does not offer formal courses. These courses are restricted to juniors and seniors.

Credit Hours: 3 hrs

Prerequisite: department permission

Accounting and Finance Programs and Courses

Accounting and Finance

Major

Accounting Information Systems Major

Accounting information systems is a four-year program designed to provide a bachelor's degree with a concentration in accounting and computer information systems. The program combines the course work required for a degree in accounting with several computer information systems courses.

Eastern Michigan University is one of only a few universities in the country offering this unique degree. Accounting information systems majors who obtain this degree are well prepared for careers in a dynamic and ever-changing environment, where knowledge of both accounting and computer information systems is mandatory. Possible career choices include computer systems design, computer assurance services, computer security analysis, internal auditing, public accounting, nonprofit accounting and strategic managerial accounting.

Upon graduation, accounting information systems majors who plan to become certified public accountants, certified management accountants, certified internal auditors or certified information systems auditors will qualify to sit for national certification examinations. In Michigan, CPA candidates qualify to sit for the exam upon graduation, but they need 150 hours of education for licensure in Michigan. However, many states require CPA candidates to have earned 150 hours of credit, or possibly a master's degree, before sitting for the exam. Be sure you know the requirements for your state.

The general requirements for the bachelor of business administration degree, the academic major requirements below and sufficient electives to meet the minimum of 124 hours for graduation, must be completed.

Accounting and Finance Department Information:

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs

- DS 265 - Business Statistics I 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs

Major Requirements: 69 hours

Business Core: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- * MGMT 490 - Business Policy 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

Discipline: 33 hours

- ACC 296 - The Accounting Cycle and Profession 3 hrs
- ACC 340 - Intermediate Accounting 3 hrs
- ACC 342 - Managerial Cost Accounting 3 hrs
- ACC 344 - Principles of Taxation 3 hrs
- ACC 356 - Accounting Information Systems 3 hrs
- ACC 496W - Financial Management and Controllership (Gen Ed Area I, W) 3 hrs
- ACC 548 - Information Systems Audit and Control 3 hrs
- IS 247 - Introduction to Web Application Development 3 hrs
- IS 315 - Object-Oriented Application Development 3 hrs
- IS 320 - Business Data Communications and Information Security 3 hrs

One course from the following:

Choose one course from the following, however permission is need to take IS 380.

- ACC 510 - Contemporary Accounting Information Systems 3 hrs
- IS 380 - Introduction to Databases 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options. All 200-level core courses listed above must be completed prior to admission to the College of Business.

** All 300-level core courses listed above must be completed before enrollment in MGMT 490 - Business Policy.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Accounting Major

Students majoring in accounting develop competencies necessary for professional careers in:

Controllership and Financial Management in Industry, which may lead to careers as Certified Management Accountants (CMA). Managerial accountants perform tasks within a business, such as strategic cost management, performance measurement, budget analysis and internal and operational auditing. The strategic managerial accountant generates and interprets operating and financial data that help management make decisions.

Internal Auditing, which may lead to careers as Certified Internal Auditors (CIA). Internal auditors are engaged within large corporations to provide independent objective assurance and consulting activities designed to add value and improve an organization's operations.

Public and Nonprofit Sector Accounting, which may lead to careers as Certified Government Financial Managers (CGFM). Government accountants work in federal, state and local governmental entities to provide information and accountability to taxpayers and other resource providers. Accountants in nonprofit organizations provide similar information to donors, grantors and other resource providers.

Through an optional internship program, students with good academic records have an opportunity to work in public accounting or industry. These paid (at market wages) internships provide education, exposure to professionals and opportunities to network.

Upon graduation, accounting majors who plan to become Certified Public Accountants (CPA), Certified Management Accountants (CMA) or Certified Internal Auditors (CIA) will qualify to sit for national certification examinations. In Michigan, CPA candidates qualify to sit for the exam upon graduation, but they need 150 hours of education for licensure. However, many states require CPA candidates to have earned 150 hours of credit, or possibly a master's degree, before sitting for the exam. Be sure you know the requirements for your state.

The general requirements for the bachelor of business administration degree, the academic major requirements below and sufficient electives to meet the minimum of 124 hours for graduation, must be completed.

Bachelor's-Master's Degree in Accounting Information Systems

This combined degree program prepares students for careers in public accounting, industry and governmental and nonprofit entities. CPA candidates must have completed 150 hours of education before being admitted as members of the American Institute of Certified Public Accountants and to be licensed in most states.

Admission Requirements

Following are the minimal standards for admission to the combined B.B.A and M.S.A. degree program in accounting. Generally, each item should be satisfied, though the candidate's overall record is considered. Transfer credits and grades will be evaluated in terms of Eastern Michigan University equivalency.

Initial admission is dependent on:

1. completion of 90 hours of undergraduate course work including College of Business requirements, General Education requirements and ACC340 Intermediate Accounting;
2. a cumulative GPA of 3.0 on a 4.0 scale;
3. the candidate's written statement of personal goals; and
4. an interview with the program adviser.

Admission to the graduate level requires:

1. completion of 120 hours of undergraduate course work including course content noted under initial admission above and the undergraduate components (i.e., required and restricted electives);
2. a GMAT score of 500 (must be taken during the fourth year, so that the candidate's score is received before admission to the fifth year);
3. a cumulative G.P.A. of 3.0 and a 4.0 scale; and
4. completed application and payment of fee to the Graduate School.

Candidates should apply to the graduate program at the beginning of their senior year and take the Graduate Management Admission Test (GMAT) during that same year.

Bachelor's-Master's Degree in Accounting

This combined degree program prepares students for careers in public accounting, industry and governmental and nonprofit entities. CPA candidates must have completed 150 hours of education before being admitted as members of the American Institute of Certified Public Accountants and to be licensed in most states.

Admission Requirements

Following are the minimal standards for admission to the combined B.B.A and M.S.A. degree program in accounting. Generally, each item should be satisfied, though the candidate's overall record is considered. Transfer credits and grades will be evaluated in terms of Eastern Michigan University equivalency.

Initial admission is dependent on:

1. completion of 90 hours of undergraduate course work including College of Business requirements, General Education requirements and ACC 340 - Intermediate Accounting;
2. a cumulative GPA of 3.0 on a 4.0 scale;
3. the candidate's written statement of personal goals; and
4. an interview with the program adviser.

Admission to the graduate level requires:

1. completion of 120 hours of undergraduate course work including course content noted under initial admission above and the undergraduate components (i.e., required and restricted electives);
2. a GMAT score of 500 (must be taken during the fourth year, so that the candidate's score is received before admission to the fifth year);
3. a cumulative G.P.A. of 3.0 and a 4.0 scale; and
4. completed application and payment of fee to the Graduate School.

Candidates should apply to the graduate program at the beginning of their senior year and take the Graduate Management Admission Test (GMAT) during that same year.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist here.

Additional Requirements: 6 hours

- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs

Undergraduate Program Requirements: 60 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs

- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- MGMT 490 - Business Policy 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

Accounting Core Courses: 21 hours

- ACC 296 - The Accounting Cycle and Profession 3 hrs
- ACC 340 - Intermediate Accounting 3 hrs
- ACC 342 - Managerial Cost Accounting 3 hrs
- ACC 356 - Accounting Information Systems 3 hrs
- ACC 496W - Financial Management and Controllorship (Gen Ed Area I, W) 3 hrs
- ACC 540 - Corporate Financial Reporting 3 hrs

One course from the following:

- ACC 344 - Principles of Taxation 3 hrs
- ACC 544 - Federal Income Taxation 3 hrs

Restricted Elective Course: 3 hours

Select one course from the following. If ACC 344 is selected for the accounting core course requirement, restricted elective course must be from the 500-level:

- ACC 442 - Advanced Cost Accounting 3 hrs
- ACC 450 - Internal Auditing 3 hrs
- ACC 475 - International Accounting 3 hrs
- ACC 479 - Special Topics 3 hrs
- ACC 491 - Accounting Honors Thesis 3 hrs
- ACC 499 - Directed Studies 3 hrs
- ACC 510 - Contemporary Accounting Information Systems 3 hrs
- ACC 511 - Accounting for E-Commerce 3 hrs
- ACC 541 - Advanced Financial Accounting 3 hrs
- * ACC 546 - Public and Nonprofit Sector Accounting 3 hrs
- ACC 548 - Information Systems Audit and Control 3 hrs
- ACC 560 - Fraud Examination 3 hrs
- ACC 572 - Investment and Tax Financial Planning 3 hrs
- ACC 584 - Tax Research Methods, Practice and Problems 3 hrs
- ACC 585 - Business Tax Planning 3 hrs
- ACC 592 - Special Topics 3 hrs

Graduate Program Requirements: 24 hours

Required Accounting Courses: 6 hours

- ACC 567 - Professional Auditing 3 hrs
- ACC 696 - Accounting Theory, Research and Policy 3 hrs

Restricted Elective Accounting Courses: 12 hours

Twelve credit hours from the following:

- ACC 510 - Contemporary Accounting Information Systems 3 hrs
- ACC 511 - Accounting for E-Commerce 3 hrs
- ACC 541 - Advanced Financial Accounting 3 hrs
- * ACC 546 - Public and Nonprofit Sector Accounting 3 hrs
- ACC 548 - Information Systems Audit and Control 3 hrs
- ACC 560 - Fraud Examination 3 hrs
- ACC 584 - Tax Research Methods, Practice and Problems 3 hrs
- ACC 585 - Business Tax Planning 3 hrs
- ACC 592 - Special Topics 3 hrs
- ACC 642 - Strategic Cost Management 3 hrs
- ACC 572 - Investment and Tax Financial Planning 3 hrs
- ACC 675 - International Accounting and Taxation 3 hrs
- ACC 681 - Special Topics 3 hrs
- ACC 699 - Independent Study 3 hrs

Restricted Non-Accounting Courses: 6 hours

Select nine credit hours from any combination of 500- to 600-level COB, DS, FIN, IS, POM, MGMT, MKTG, LAW or SCM courses

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must complete a writing intensive course as part of major completion requirements. Consult your adviser for course options.

All 200-level core courses listed above must be completed prior to admission to the College of Business.

Students must have a 3.0 GPA and a 500 GMAT to be admitted to the graduate portion of the program.

Students must be admitted to the graduate portion of the program before registering for courses in the graduate section of this program of study.

** Students planning on taking the CPA exam must take ACC 546.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Finance Major

Finance majors acquire the knowledge and skills to analyze financial data and use financial concepts to value financial and real assets, and to help individuals and companies make decisions about allocating scarce resources. Students can develop their expertise in a variety of areas including corporate finance, banking, investments and international finance.

The general requirements for the bachelor of business administration degree, the academic major requirements below, and sufficient electives to meet the minimum of 124 hours must be completed for graduation.

General Education Requirements:

For specific requirements refer to the General Education Program .

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs

Major Requirements: 60 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs

- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- * FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- * MGMT 386 - Organizational Behavior and Theory 3 hrs
- * MGMT 490 - Business Policy 3 hrs
- * MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

Discipline: 24 hours

Required Courses: 12 hours

- FIN 354 - Investments 3 hrs
- FIN 357 - Financial Markets and Institutions 3 hrs
- FIN 359 - Intermediate Financial Theory 3 hrs
- FIN 450W - Problems in Financial Management (Gen Ed Area I, W) 3 hrs

Restricted Elective Courses: 12 hours

Twelve hours from the following:

- ACC 358 - Analysis of Financial Statements 3 hrs
- ECON 445 - Economic Fluctuations and Forecasting 3 hrs
- FIN 352 - Financial Management for Entrepreneurs 3 hrs
- FIN 370 - International Business Finance 3 hrs
- FIN 451 - Introduction to Speculative Markets 3 hrs
- FIN 453 - Commercial Banking 3 hrs
- FIN 454 - Mortgage Banking 3 hrs
- FIN 479 - Special Topics 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options. All 200-level core courses listed above must be completed prior to admission to the College of Business.

* *FIN 350, MGMT 386 and MKTG 360 must be completed before enrollment in MGMT 490 - Business Policy.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Accounting

ACC 130 - Accounting for Nonbusiness Majors

Introduction to financial information generated by typical business organizations, with special emphasis on the use and interpretation of this information in managerial and financial decision-making processes

Credit Hours: 3 hrs

Notes: May not be substituted for ACC240. Not open to students with credit for ACC240 or ACC241.

Terms Offered: Course Rotation Schedules

Previously Listed As: ACC 230

Last Updated: Links 06/2012; 2/17/2011

ACC 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 240 - Principles of Financial Accounting

Use and development of financial information about economic organizations, with special emphasis on the use of financial statements and their creation in the business decision-making and reporting process.

Credit Hours: 3 hrs

Prerequisite: (Level 3 Math Placement) or (an Elementary Algebra placement test score of at least 83 points) or (a grade of C or better in MATH 098 or MATH 098B) or one of the following: MATH 104, MATH 105, MATH 107, MATH 110, MATH 112, MATH 119, MATH 120, or MATH 170

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; Prerequisite Change 03/2012, effective Fall 2012

ACC 241 - Principles of Managerial Accounting

Use and development of accounting information in managerial settings to achieve managerial goals. Use of managerial accounting tools such as budgets and cost analysis in typical business environments.

Credit Hours: 3 hrs

Prerequisite: (Level 3 Math Placement) or (an Elementary Algebra placement test score of at least 83 points) or (a grade of C or better in MATH 098 or MATH 098B) or one of the following: MATH 104, MATH 105, MATH 107, MATH 110, MATH 112, MATH 119, MATH 120, or MATH 170

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; Prerequisite Change 03/2012, effective Fall 2012

ACC 244 - Personal Tax Accounting

Introduction to federal and state income and social security tax problems of individuals. Practice on preparation of individual tax returns.

Credit Hours: 2 hrs

Notes: Credit toward a degree will not be permitted for both ACC244 and ACC344. (Business education majors may substitute this course for ACC344 with permission of their department head.)

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 246 - Accounting for Public Administrators

Surveys the use of accounting to manage a public organization. Basic accounting principles, program budgeting and the construction of internal control systems.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

ACC 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

ACC 286 - Cooperative Education in Accounting

Accounting employment at a business or public organization imparting a practical experience in accounting. Position may be part-time, volunteer, or less than full-semester in duration.

Credit Hours: 1 hr
Prerequisite: department permission; admittance by application only
Major Restrictions: Cannot be used on an Accounting Major or Minor
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

ACC 287 - Cooperative Education in Accounting

One term of full-time or two terms of part-time employment at a business or public organization chosen for imparting practical experience in accounting.

Credit Hours: 3 hrs
Prerequisite: department permission; admittance by application only
Major Restrictions: Cannot be used on an Accounting Major or Minor
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

ACC 296 - The Accounting Cycle and Profession

This course covers the accounting cycle process in manual and computerized environments. The course also explores various accounting occupations and other fundamental concepts, such as the time value of money.

Credit Hours: 3 hrs
Prerequisite: ACC 240
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012; 2/17/2011

ACC 340 - Intermediate Accounting

Examination of generally accepted accounting principles related to financial reporting of the assets, liabilities, equity and operating statement accounts of an organization. Concepts and theories that guide the recording, valuation and classification of transactions in an organization. Preparation and analysis of the balance sheet, income statement and statement of cash flows for

an entity.

Credit Hours: 3 hrs

Prerequisite: ACC 296, or department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 2/17/2011

ACC 342 - Managerial Cost Accounting

Accounting information for use in planning objectives and controlling operations. A framework for measuring managerial performance is developed through an analytic treatment of cost behavior under dynamic conditions by employing such devices as cost-volume-profit relationships, flexible budgeting and standards.

Credit Hours: 3 hrs

Prerequisite: (ACC 240 and ACC 241) or ACC 501

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 2/17/2011

ACC 344 - Principles of Taxation

This course is an introductory level study of taxation of individuals, corporations and some other entities. It develops a basic knowledge of tax rules useful and necessary in business management. The course also provides a foundation for the study of tax planning, research and compliance.

Credit Hours: 3 hrs

Prerequisite: (ACC 240 and ACC 241) or ACC 501

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 2/17/2011

ACC 356 - Accounting Information Systems

Concepts of a responsive information system, including principles of design, profitability and responsibility, accounting and control. Description of typical accounting systems and procedures within the business enterprise.

Credit Hours: 3 hrs

Prerequisite: (ACC 240 and ACC 241) or ACC 501 or department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 2/17/2011

ACC 358 - Analysis of Financial Statements

Analysis and interpretation of the financial statements and reports of various types of businesses and industries. Examination of the impact of using alternative accounting methods on reported profits, taxes and cash flows. Forecast of financial statements for planning purposes.

Credit Hours: 3 hrs

Prerequisite: FIN 350

Terms Offered: Course Rotation Schedules

Previously Listed As: FIN 358

Last Updated: Links 06/2012; 2/17/2011

ACC 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 442 - Advanced Cost Accounting

Cost concepts on an advanced level such as standard costs-and-variance analysis; responsibility accounting, direct costing, overhead allocation, break-even; product pricing through return-on-investment methods; divisional income measurement; forecasting with statistical models; capital budgeting; and applications of mathematics to cost accounting problems.

Credit Hours: 3 hrs

Prerequisite: ACC 342

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 2/17/2011

ACC 450 - Internal Auditing

Introduction to the profession of internal auditing. Includes professional standards, techniques, scientific methods, reporting, operational auditing and internal audit management.

Credit Hours: 3 hrs

Prerequisite: (ACC 240 and ACC 241) or ACC 501

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 2/17/2011

ACC 456 - Accounting Information Systems Implementation and Projects

A capstone course for the accounting information systems major designed to develop expertise in the implementation of an accounting information system.

Credit Hours: 3 hrs

Prerequisite: (ACC 356 and IS 380) or department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 2/17/2011

ACC 460 - Principles of Fraud Examination

This course examines the principles of fraud examination and deterrence, including the fraud triangle and characteristics of fraud perpetrators and organizations that are more likely to have frauds perpetrated against them. Students will be prepared for certain sections of the Certified Fraud Examiners (CFE) and Certified Internal Auditor (CIA) and CPA professional exams.

Credit Hours: 3 hrs

Prerequisite: (ACC 240 and ACC 241) or department permission

Notes: Not open for students with credit in ACC560 Fraud Examination.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 2/17/2011

ACC 475 - International Accounting

Introduction to accounting in an international environment. Includes the study of environmental factors, performance evaluation, financial reporting and specific accounting and auditing problems.

Credit Hours: 3 hrs

Prerequisite: ACC 340 or instructor permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; Prerequisite Change 04/2011, effective Spring 2011

ACC 477 - Special Topics

Specialized accounting topics in relation to changes in the practice of accounting and its regulation by government agencies.

Credit Hours: 1 hr

Prerequisite: ACC 340/ACC 356 and department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 2/17/2011

ACC 478 - Special Topics

Specialized accounting topics in relation to changes in the practice of accounting and its regulation by government agencies.

Credit Hours: 2 hrs

Prerequisite: ACC 340/ACC 356 and department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 2/17/2011

ACC 479 - Special Topics

Specialized accounting topics in relation to changes in the practice of accounting and its regulation by government agencies.

Credit Hours: 3 hrs

Prerequisite: ACC 340/ACC 356 and department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 2/17/2011

ACC 489 - Accounting Internship

Directed full-time work experience in the accounting phase of a business organization.

Credit Hours: 3 hrs

Prerequisite: department permission

Notes: Use on an accounting major or minor is not permitted. To be used as an elective only; does not apply on a major or minor; offered on a credit/no-credit basis.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 491 - Accounting Honors Thesis

A directed studies course for accounting honors students only. An in-depth research thesis or project under the direction of an accounting faculty member is required with an oral examination or form of presentation to the faculty and other interested parties upon completion of the thesis.

Credit Hours: 3 hrs

Prerequisite: final semester in undergraduate accounting honors program

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 496W - Financial Management and Controllership (Gen Ed Area I, W)

This course is a capstone experience for the accounting major who wants to manage the information needs of an organization from the perspective of the controller, chief financial officer, or financial manager. Topics include: accountability for performance; budgeting and costs; managing cash and the treasury function; and enterprise and information systems.

Credit Hours: 3 hrs

Prerequisite: ACC 296, ACC 340, ACC 342, ACC 356, and (ACC 344 or ACC 544)

Class Restrictions: senior standing

Major Restrictions: Open to accounting-BBA majors only

Terms Offered: Course Rotation Schedules

Previously Listed As: ACC 496

Last Updated: Links 06/2012; Prerequisite Change 07/2011, effective Fall 2011

ACC 497 - Directed Studies

Directed study of a problem or group of problems in accounting not otherwise treated in departmental courses.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 498 - Directed Studies

Directed study of a problem or group of problems in accounting not otherwise treated in departmental courses.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 499 - Directed Studies

Directed study of a problem or group of problems in accounting not otherwise treated in departmental courses.

Credit Hours: 3 hrs

Prerequisite: Department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 501 - Accounting Principles

Emphasizes analysis of the required financial statements for financial reporting purposes, including discussions of alternative accounting principles generally acceptable in their preparation. Significant emphasis also placed on the impact that business transactions have on a company's financial position. Additional topics include profit-planning techniques, such as cost-volume-profit analysis and budgeting.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 2/17/2011

ACC 510 - Contemporary Accounting Information Systems

Provides the fundamentals of re-engineering and using and analyzing enterprise systems to produce efficient and effective management information and appropriate analysis and interpretation for strategic management decision-making, with emphasis on accounting applications.

Credit Hours: 3 hrs

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Previously Listed As: ACC 610

Last Updated: Links 07/2011

ACC 511 - Accounting for E-Commerce

This course explores the e-commerce environment including valuing stock of e-commerce firms, understanding the role of accountants in assessing risk and providing assurance over the authentication of e-commerce transactions, as well as tax and privacy issues.

Credit Hours: 3 hrs

Prerequisite: ACC 501

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Previously Listed As: ACC 611

Last Updated: Links 06/2012; 2/17/2011

ACC 540 - Corporate Financial Reporting

An examination of the generally accepted accounting principles used in corporate financial reporting with particular emphasis on advanced topics such as equity, long-term assets and liabilities, revenue recognition, prior period adjustments and cash flows. Also included is the role of the SEC in financial reporting of publicly traded companies.

Credit Hours: 3 hrs

Prerequisite: ACC 340

Major Restrictions: Master of Science in Accounting students; and students admitted to the graduate side of the 150-hour BBA-Accounting/MSA and 150-hour BBA-AIS/MSA programs only.

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 12/2007, effective Spring 2008

ACC 541 - Advanced Financial Accounting

Specialized topics in accounting with major emphasis on conceptual aspects and reporting of consolidated financial statements, international accounting challenges and foreign currency reporting issues.

Credit Hours: 3 hrs

Prerequisite: ACC 340, ACC 540 or equivalent and department permission

Major Restrictions: Master of Science in Accounting students; and students admitted to the graduate side of the 150-hour BBA-Accounting/MSA and 150-hour BBA-AIS/MSA programs only.

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 12/2007, effective Spring 2008

ACC 544 - Federal Income Taxation

This course is an introductory study of the tax rules governing individuals. It provides a basic knowledge of the tax formula, property transactions and business and personal deductions that facilitates optimum decision-making in both personal and business contexts. This course also provides a foundation for the study of tax planning, research and compliance.

Credit Hours: 3 hrs

Prerequisite: ACC 240 and ACC 241; or ACC 501

Major Restrictions: Master of Science in Accounting students; and students admitted to the graduate side of the 150-hour BBA-Accounting/MSA and 150-hour BBA-AIS/MSA programs only.

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 12/2007, effective Spring 2008

ACC 546 - Public and Nonprofit Sector Accounting

Accounting issues in governmental and nonprofit entities, including financial reporting, managerial accounting, information systems, auditing and regulatory and taxation issues. Also included is the SEC's role in financial reporting.

Credit Hours: 3 hrs

Prerequisite: ACC 340 or equivalent or department permission

Major Restrictions: Master of Science in Accounting students; and students admitted to the graduate side of the 150-hour BBA-Accounting/MSA and 150-hour BBA-AIS/MSA programs only.

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Previously Listed As: ACC 540

Last Updated: Links 06/2012; 12/2007, effective Spring 2008

ACC 548 - Information Systems Audit and Control

This course covers the processing of audit in a computerized accounting information systems environment, and the evaluation of controls and risks in determining audit decisions.

Credit Hours: 3 hrs

Prerequisite: ACC 356 or ACC 605

Major Restrictions: Master of Science in Accounting students; and students admitted to the graduate side of the 150-hour BBA-Accounting/MSA and 150-hour BBA-AIS/MSA programs only.

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Previously Listed As: ACC 548

Last Updated: Links 06/2012; 12/2007, effective Spring 2008

ACC 550 - Professional Internal Auditing

This course examines the principles of internal auditing as an independent objective assurance and consulting activity designed to add value and improve an organization's operations. Topics include enterprise risk management; internal control frameworks, such as COSO and COBIT; governance; preliminary surveys; audit programs; audit ports; and operational audits.

Credit Hours: 3 hrs

Prerequisite: ACC 240 and ACC 241; or ACC 501; or department permission

Not open to students with credit in ACC 450.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; Created 11/2011

ACC 560 - Fraud Examination

This course initially provides a basis in internal audit principles, and then concentrates on the study of fraud examination. Specifics of the course focus on the theories of fraud, the "fraud tree," fraud awareness, fraud schemes especially those related to financial frauds and fraud deterrence practices. ACC 560 is appropriate for students who have already taken ACC 450 Internal Auditing or as a separate course for those who have not taken ACC 450.

Credit Hours: 3 hrs

Prerequisite: ACC 501 or department permission

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Previously Listed As: ACC 650

Last Updated: Links 06/2012

ACC 567 - Professional Auditing

A study of auditing concepts, objectives and procedures, and of the literature as it relates to current audit problems.

Credit Hours: 3 hrs

Prerequisite: ACC 340 and ACC 356

Major Restrictions: Master of Science in Accounting students; and students admitted to the graduate side of the 150-hour BBA-Accounting/MSA and 150-hour BBA-AIS/MSA programs only.

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Previously Listed As: ACC 667

Last Updated: Links 06/2012; 12/2007, effective Spring 2008

ACC 572 - Investment and Tax Financial Planning

This course focuses on the study of tax rules related to financial decisions, including investment, compensation, and business planning. The impact of these rules on employers and employees is studied as well as certain strategies affecting financial planning in both a personal and business context.

Credit Hours: 3 hrs

Prerequisite: ACC 344 or ACC 544

Major Restrictions: Master of Science in Accounting students; and students admitted to the graduate side of the 150-hour BBA-Accounting/MSA and 150-hour BBA-AIS/MSA programs only.

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Previously Listed As: ACC 672

Last Updated: Course Number/Description/Prerequisite Change 11/2011, effective Winter 2012

ACC 584 - Tax Research Methods, Practice and Problems

Introduction of tax research methods including identification of tax issues, efficient use of tax resources and effective communication of the research process.

Credit Hours: 3 hrs

Prerequisite: ACC 501 or (ACC 240 and ACC 241)

Major Restrictions: Master of Science in Accounting students; and students admitted to the graduate side of the 150-hour BBA-Accounting/MSA and 150-hour BBA-AIS/MSA programs only.

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Previously Listed As: ACC 644

Last Updated: Links 06/2012; 12/2007, effective Spring 2008

ACC 585 - Business Tax Planning

Conceptual coverage of the tax system, taxable and tax-reporting business entities, and principles of taxation for the purpose of identifying the tax planning opportunities in business decisions.

Credit Hours: 3 hrs

Prerequisite: ACC 501 or (ACC 240 and ACC 241)

Major Restrictions: Master of Science in Accounting students; and students admitted to the graduate side of the 150-hour BBA-Accounting/MSA and 150-hour BBA-AIS/MSA programs only.

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Previously Listed As: ACC 685

Last Updated: Links 06/2012; 12/2007, effective Spring 2008

ACC 592 - Special Topics

An experimental course for subject matter not provided in other departmental offerings. The content will change from semester to semester. Students may elect this course several times, provided different topics are studied. Not more than six hours of special topics may be used on a degree program.

Credit Hours: 3 hrs

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 642 - Strategic Cost Management

The role of cost management in strategic quality management. Cost accounting systems for continuous improvement; conceptual design, accounting models, performance measurement and investment performance. Topics also include advanced managerial accounting issues, such as activity based costing, profit and investment centers, project planning and control.

Credit Hours: 3 hrs

Prerequisite: DS 501 or an undergraduate statistics course; and ACC 605

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 675 - International Accounting and Taxation

Introduction to accounting in an international environment. Includes the study of environmental factors, performance evaluation, financial reporting, international taxation and specific accounting and auditing problems.

Credit Hours: 3 hrs

Prerequisite: ACC 501

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 681 - Special Topics

An experimental course for subject matter not provided in other departmental offerings. The content will change from semester to semester. Students may elect this course several times, provided different topics are studied. Not more than six hours of special topics may be used on a degree program.

Credit Hours: 3 hrs

Prerequisite: department permission

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

ACC 696 - Accounting Theory, Research and Policy

A capstone course emphasizing and developing an understanding of the many interrelated applications of accounting in organizations and in the broader setting of financial markets.

Credit Hours: 3 hrs

Prerequisite: ACC 540 and department permission

Major Restrictions: Master of Science in Accounting students; and students admitted to the graduate side of the 150-hour BBA-Accounting/MSA and 150-hour BBA-AIS/MSA programs only.

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012; 12/2007, effective Spring 2008

ACC 699 - Independent Study

Directed study or problems in accounting not otherwise treated in department courses.

Credit Hours: 3 hrs

Prerequisite: department permission

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

Decision Science

DS 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

DS 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

DS 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

DS 265 - Business Statistics I

Concepts of statistics and applications to business decisions. Elements of probability, random samples, descriptive statistics, sampling distributions, point and interval estimation, hypothesis testing, chi-square analysis and regression and correlation analysis.

Credit Hours: 3 hrs

Prerequisite: (Level 3 Math Placement) or (An Elementary Algebra placement test score of at least 83 points) or (a grade of C or better in MATH 098 or MATH 098B)

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

DS 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

DS 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

DS 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

DS 317 - System Simulation

Computer-based simulation techniques for business analysis and decision making. Random number and process generators, system simulation models and specialized computer simulation languages. Simulation of discrete time systems and the GPSS language.

Credit Hours: 3 hrs
Prerequisite: IS 215 and DS 265
Terms Offered: Course Rotation Schedules
Last Updated: Links 04/2011

DS 367 - Business Statistics II

A continuation of the statistical methodology developed in Business Statistics I. Topics include two-sample interval estimation and hypothesis tests, inference about the population variance and simple and multiple regressions.

Credit Hours: 3 hrs
Prerequisite: DS 265
Terms Offered: Course Rotation Schedules
Previously Listed As: ORI 367
Last Updated: Links 04/2011

DS 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

DS 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

DS 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

DS 387 - Cooperative Education in Decision Science

Four months of full-time employment at a business or public organization to impart practical experience in decision science disciplines.

Credit Hours: 3 hrs

Prerequisite: completion of three hours in decision science systems area and department permission

Notes: Admittance by application only. Offered on a credit/no-credit basis for general elective credit only

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

DS 465 - Applied Linear Statistical Models

An introduction to linear models with an emphasis on business applications. Topics include multiple linear regression models, analysis of variance and multivariate data analysis. Computer packages will be used.

Credit Hours: 3 hrs

Prerequisite: DS 265

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 465

Last Updated: Links 04/2011

DS 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

DS 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

DS 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

DS 487 - Cooperative Education in Decision Science

Four months of full-time employment at a business or public organization to impart practical experience in decision science disciplines.

Credit Hours: 3 hrs
Prerequisite: DS 387; department permission
Notes: Admittance by application only.
Terms Offered: Course Rotation Schedules
Last Updated: Links 04/2011

DS 497 - Independent Study

Directed study of a problem or group of problems in decision science.

Credit Hours: 1 hr
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

DS 498 - Independent Study

Directed study of a problem or group of problems in decision science.

Credit Hours: 2 hrs
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

DS 501 - Introductory Probability and Statistics for Business

The development of fundamental probability concepts and statistical techniques emphasizing their applications to business decision making. Includes the study of probability distributions, sampling, point and interval estimation, and hypothesis testing.

Credit Hours: 3 hrs
Prerequisite: Level 3 Math Placement; or an Elementary Algebra placement test score of at least 83 points; or a grade of C or better in MATH 098 or MATH 098B; or higher-level math course.

Finance

FIN 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

FIN 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 277 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 278 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 279 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 287 - Cooperative Education in Finance

Four months of full-time employment at a business or public organization in a finance position chosen for imparting practical experience in finance.

Credit Hours: 3 hrs

Prerequisite: ACC 240 and department permission

Notes: Use on a finance major or minor not permitted. Offered on a credit/no-credit basis Admittance by application only

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

FIN 350 - Principles of Finance

A survey course covering the financial operations of business corporations. It begins with a general overview, then goes into detail on several concepts and techniques used in financial decision making. Specific topics emphasized include the time value of money, asset valuation models, risk management and financial statement analysis. The course is designed for the general business student.

Credit Hours: 3 hrs

Prerequisite: ACC 240

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

FIN 352 - Financial Management for Entrepreneurs

A continuation of FIN 350, but with an emphasis on financial management for growth of the small- to medium-sized firm. Working capital management, short-term financing, equipment financing and other topics pertinent to the growth firm.

Credit Hours: 3 hrs

Prerequisite: FIN 350 or equivalent

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

FIN 354 - Investments

The purpose of the course is to introduce students to fundamentals of investment analysis. The course attempts to highlight the alternative investments available and develop a way of thinking about investments. The course is a mixture of description and theory. The descriptive material involves a discussion of available investment instruments and considers the way the capital market currently works. The theoretical portion takes into consideration ways you should evaluate current investments and future opportunities.

Credit Hours: 3 hrs

Prerequisite: FIN 350

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

FIN 357 - Financial Markets and Institutions

The operation and behavior of capital markets and financial intermediaries as sources of investment capital to the business firm. Liability management and investment portfolio behavior of financial market participants. Flow of funds through money and capital markets, and investment characteristics of securities traded. Term structure of yields, yield differentials and the valuation of debt and equity securities.

Credit Hours: 3 hrs

Prerequisite: FIN 350

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

FIN 359 - Intermediate Financial Theory

Students learn the theory behind a firm's financial management decisions. The focus is on how a firm creates value through its investment decisions. Topics include the valuation of investment decisions, cost of capital, risk and capital budgeting, real options and mergers and acquisitions.

Credit Hours: 3 hrs

Prerequisite: a grade of C or better in FIN 350

Corequisites: FIN 360

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

FIN 360 - Theory of Financial Decisions

Students learn the theory behind a firm's financial management decisions. The focus is on how a firm raises capital and whether financial decisions create value. Topics include short-term financing, capital structure, capital acquisition, dividend policy, leasing, the interaction between the firm's financial and investment decisions, and financial distress and bankruptcy.

Credit Hours: 3 hrs

Prerequisite: FIN 350

Corequisites: FIN 359

Major Restrictions: Restricted to Finance Majors only

Terms Offered: Course Rotation Schedules

Last Updated: Links 08/2011

FIN 370 - International Business Finance

This course deals with how decisions about financial management are made in modern multinational enterprises. Financial management of any firm involves acquisition of funds, investing of these funds in economically productive assets, the managing of assets so acquired and eventual reconversion of some of the productive assets into funds to return to the original investors, creditors, suppliers, employees and other interest groups. International Business Finance deals with the management of these functions for firms operating in several countries.

Credit Hours: 3 hrs

Prerequisite: FIN 350 or equivalent

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

FIN 377 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 378 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 379 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 387 - Cooperative Education in Finance

Four months of full-time employment at a business or public organization in a finance position chosen for imparting practical experience in finance.

Credit Hours: 3 hrs

Prerequisite: FIN 287 and department permission

Notes: Use on a finance major or minor not permitted. Admittance by application only.

Terms Offered: Course Rotation Schedules

Previously Listed As: FIN 487

Last Updated: Links 04/2011

FIN 450W - Problems in Financial Management (Gen Ed Area I, W)

Deals with application of financial management theory. Emphasis is placed on problem solving in differing economic and situational environments using various quantitative tools. Case analysis and class discussions are emphasized.

Credit Hours: 3 hrs

Prerequisite: FIN 359

Terms Offered: Course Rotation Schedules

Previously Listed As: FIN 450

Last Updated: Links 04/2011

FIN 451 - Introduction to Speculative Markets

This course is designed to provide a solid foundation in the principles of derivatives. It attempts to strike a balance between institutional details, theoretical foundations and practical applications. Options and futures will be the primary focus.

Credit Hours: 3 hrs

Prerequisite: FIN 350

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

FIN 453 - Commercial Banking

Practices, policies, and problems of commercial bank management and operation, capital adequacy, loan and investment policy, liquidity and profit maximization.

Credit Hours: 3 hrs

Prerequisite: FIN 350

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

FIN 454 - Mortgage Banking

The purpose of this course is to communicate and explain the fundamentals of mortgage lending in as simple and concise a manner as possible. A good portion of the course deals with real estate appraisal.

Credit Hours: 3 hrs

Prerequisite: FIN 350 or equivalent

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

FIN 477 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 478 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 479 - Special Topics

These courses deal with subject matter not provided in other department offerings. Students may elect such a course several times, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 487 - Cooperative Education in Finance

Four months of full-time employment at a business or public organization in a finance position chosen for imparting practical experience in finance.

Credit Hours: 3 hrs

Prerequisite: FIN 387 and department permission

Notes: Use on a finance major or minor not permitted. Admittance by application only. Offered on a credit/no-credit basis

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

FIN 489 - Internship

Directed full-time work experience in the finance phase of a business or public organization. Use on a finance major or minor not permitted. May be repeated once for additional credit.

Credit Hours: 3 hrs

Prerequisite: department permission

Notes: Admittance by application only.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 497 - Independent Study

Directed study of a problem or group of problems in finance.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 498 - Independent Study

Directed study of a problem or group of problems in finance.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 499 - Independent Study

Directed study of a problem or group of problems in finance.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

FIN 502 - Financial Principles

Provides beginning graduate students a solid foundation in the general principles of finance. Provides an appreciation of how businesses and households allocate scarce resources over time and when outcomes are uncertain. The primary focus is corporate finance; the course will also introduce financial markets and institutions, and investments.

Credit Hours: 3 hrs

Prerequisite: ACC 501; ECON 500 is recommended

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

Computer Information Systems Programs and Courses

Computer Information Systems

Major

Computer Information Systems Major

The CIS program provides a learning environment where the students design, develop and deploy a wide range of integrated, end-to-end business applications and services in order to enable small, medium and large organizations to become more connected with customers, employees, partners and suppliers. Students learn about interoperability and explore road maps with products and technologies such as instant messaging, live communications, workflows and portals. Students also learn how to integrate the organizations' applications and processes, how to perform business-to-business communications and how to develop comprehensive and reliable e-business solutions.

Computer Information Systems Department Information:

Interim Department Head: Hung-Lian Tang

Department Contact: htang@emich.edu

Website: www.cis.emich.edu

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs

Major Requirements: 66 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- * MGMT 490 - Business Policy 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

Discipline: 30 hours

- IS 247 - Introduction to Web Application Development 3 hrs
- IS 315 - Object-Oriented Application Development 3 hrs
- IS 320 - Business Data Communications and Information Security 3 hrs
- IS 380 - Introduction to Databases 3 hrs
- IS 413 - IT Infrastructure and Network Security 3 hrs
- IS 417 - Systems Analysis and Design 3 hrs
- IS 421 - Enterprise Database Application 3 hrs
- IS 425 - IS Project and Risk Management 3 hrs
- IS 449W - Information Systems Integration (Gen Ed Area I, W) 3 hrs

One course from the following:

- IS 350 - Enterprise Resource Planning 3 hrs
- IS 410 - Business Intelligence 3 hrs
- IS 416 - System Software Administration 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options. All 200-level core courses listed above must be completed prior to admission to the College of Business.

* All 300-level core courses listed above must be completed before enrollment in MGMT 490 - Business Policy.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General**

Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Minor

Business Information Technology Governance Minor

Computer Information Systems Department Information:

Interim Department Head: Hung-Lian Tang

Department Contact: htang@emich.edu

Website: www.cis.emich.edu

Required Courses: 15 hours

- IS 320 - Business Data Communications and Information Security 3 hrs
- IS 350 - Enterprise Resource Planning 3 hrs
- IS 413 - IT Infrastructure and Network Security 3 hrs
- IS 425 - IS Project and Risk Management 3 hrs
- IS 427 - Business Process and Identity Management 3 hrs

Two courses from the following: 6 hours

- IS 247 - Introduction to Web Application Development 3 hrs
- IS 380 - Introduction to Databases 3 hrs
- IS 416 - System Software Administration 3 hrs
- IS 437 - Introduction to Business Information Technology Audit 3 hrs

Minor Total: 21 hours

Note:

All minors must have at least six hours of course work at the 300-level or above.

Students pursuing a COB minor must have a minimum cumulative GPA of 2.0 to enroll in 300/400 Business classes.

Students must be of Junior status (completion of 56 credit hours) to enroll in 300/400.

Computer Information Systems Minor

(For nonbusiness majors)

The Department of Computer Information Systems has established articulation agreements with Macomb, Monroe and Washtenaw Community College. For more information, please contact the department head or the Office of Community College Relations at 229 Rackham Hall, 487.6577.

To see a complete list of current colleges with program articulation agreements with EMU, please [click here](#).

Information Security

IS 439 - Search Marketing Practicum (NEW COURSE)

Students will manage a Non-Profit's Adwords campaign and analyze account performance using Google Analytics. They will develop an online professional Networking presence using a personal blog, Twitter, LinkedIn and Google+ to gain direct experience using online social networking to gain search visibility. Successful students may qualify for professional certification.

Credit Hours: 3 hrs

Prerequisite: IS 239 and department permission

Class Restrictions: All Undergraduates, Second Bacc

Terms Offered: Course Rotation Schedules

Last Updated: New Course 05/2012, effective Winter 2013

Information Systems

IS 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 215 - End-User Computing

Computers are being used more extensively by managers and professionals. This revolution is known by the name "End-User Computing" or EUC. Students learn traditional information systems, and business problem-solving. In addition, a wide-range of applications including decision support systems, executive information systems, Non-clerical Office Automation, Data Communications, and local area networks, are covered. These applications cover all the functional areas of businesses. Course work includes conceptual material as well as laboratory material.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 215

Last Updated: Links 07/2011

IS 219 - File Processing and COBOL Programming

COBOL programming is an important skill for business application developers. In this class, students will learn to program in COBOL while also learning the basic algorithms for producing reports with multiple control breaks and for processing sequential and random files. All students will design, write, debug and test COBOL programs using good design techniques and software engineering principles. Intended for computer information systems majors and others.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 219

Last Updated: Links 07/2011

IS 239 - Google AdWords and Web Page Design

In this course students learn how to manage a significant search engine advertising budget. In particular, the course teaches students the fundamentals of business search visibility and web page design to capitalize on search driven traffic to web sites.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 247 - Introduction to Web Application Development

This course introduces students to the tools and techniques used for building Web-based applications. Students will gain an understanding in the fundamental workings of the Web. Students will be taught how to develop Web applications using client-side tools such as HTML and JavaScript and server-side tools such as ASP.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 247

Last Updated: Links 07/2011

IS 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 280 - Introduction to Expert Systems in Business

This course covers concepts of decision support systems and expert systems as they are applied to practical business problems. Students will learn methods of artificial intelligence and decision analysis, and gain practical experience using DSS and AI software tools for designing business solutions.

Credit Hours: 3 hrs

Prerequisite: IS 215

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 280

Last Updated: Links 04/2011

IS 315 - Object-Oriented Application Development

This course provides an introduction to object-oriented programming. The course uses an application driven and step-by-step tutorial approach to teach students the basics of programming. It enables students to create applications and components ranging from services, business objects to system-level applications. The course gives students the foundation in programming principles.

Credit Hours: 3 hrs

Prerequisite: IS 215

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 315, CSC 239, ORI 415

Last Updated: Prerequisite Change 01/2012, effective Winter 2012; Links 04/2011

IS 320 - Business Data Communications and Information Security

This course discusses the technologies and applications of data communications, computer networking, and information security. Topics include communications standards, network operating systems, planning and operation of organizational data communication networks, information security, as well as management and control of servers and wireless systems. This course also discusses information security to ensure confidentiality, integrity, availability and authorized use of the system.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

Terms Offered: Course Rotation Schedules

Previously Listed As: IS 420, ORI 420

Last Updated: Links 07/2011

IS 339 - Google Analytics and Landing Page Optimization

This course is the second of two courses in a sequence with the following goal: To help you achieve mastery of the algorithmic business models that dominate the web today, the most important of which are search and search marketing. To that end, this particular course focuses on optimizing landing pages for targeted search engine marketing campaigns using Google AdWords.

Credit Hours: 3 hrs

Prerequisite: (IS 239 or IS 279 or IS 247) or permission of the instructor

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

IS 350 - Enterprise Resource Planning

This course facilitates students to understand what an enterprise resource planning (ERP) system is and how the ERP system can be used for an organization. Students will learn how to configure ERP systems. Also, students will learn how to build an ERP system similar to those found in industry.

Credit Hours: 3 hrs

Prerequisite: IS 215

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

IS 375 - Advanced Software Design and Programming

Software development methods and tools are constantly changing, and it is imperative that developers keep up with recent trends. This course concentrates on creating real-world programs using the latest tools and techniques. Students will gain practical experience in various aspects of programming, including graphic interfaces, database manipulation, object-oriented techniques and internetworking. In this project-oriented course students will be exposed to modern development environments, and will build on the skills learned in the earlier programming classes.

Credit Hours: 3 hrs

Prerequisite: IS 315

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 375

Last Updated: Links 04/2011

IS 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 380 - Introduction to Databases

This course covers basic concepts of database design and implementation, primarily focusing on desktop database applications. This is a hands-on, practical course concentrating on use of desktop DBMS software. Topics covered include: overview of data models, introduction to SQL and QBE, practical applications of database technology.

Credit Hours: 3 hrs

Prerequisite: IS 215

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 380, ORI 419

Last Updated: Links 04/2011

IS 387 - Cooperative Education in Information Systems

Four months of full-time employment at a business or public organization to impart practical experience in computer information systems disciplines.

Credit Hours: 3 hrs

Prerequisite: Completion of three hours in computer information systems area and department permission

Notes: Admittance by application only. Offered on a credit/no-credit basis. For general elective credit only

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 410 - Business Intelligence

Business intelligence is the user-centered iterative process of accessing data (ideally stored in the data warehouse) and analyzing it to derive insights, draw conclusions and communicate finding that support an enterprise's decision-making processes. This course includes topics that discuss technologies and applications for front-end analytical tools, on-report analysis, ad hoc query and reporting, data warehouse, online analytical processing, enterprise portals, data visualization and data mining.

Credit Hours: 3 hrs

Prerequisite: IS 380 or IS 215 and department permission

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 410

Last Updated: Links 04/2011

IS 413 - IT Infrastructure and Network Security

This course examines the network infrastructure security to ensure confidentiality, integrity, availability and authorized use of network. It explores conceptual, and technological aspects of network infrastructure and security. The services and technologies presented in the course include activity directory, web application servers, messaging, and wireless services and technologies. Security issues such as security protocols, cryptographic systems, router, intrusion detection/prevention systems, and firewalls are also discussed.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 413

Last Updated: Links 07/2011

IS 416 - System Software Administration

This course introduces students to the features and capabilities of a multi-user operating system through "hands-on" exercises. Topics include: functions of an operating system, operating system commands, filters, pipes, redirection, file system structure, text editors, file processing, file security, shells, Internet communication and file transfers, shell programming and system administration.

Credit Hours: 3 hrs

Prerequisite: IS 247 and IS 320

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

IS 417 - Systems Analysis and Design

This course introduces students to processes, principles, guidelines, tools and techniques for systems analysis and design of information systems. Topics include information systems development life cycle, requirements gathering, methods and techniques for system modeling, user interface design and tools for automation of the system analysis and design. The major thrust of the course is to aid the communication process that must take place between the system developers and users. This is facilitated by the use of projects as a vehicle for effectively communicating the content of this course.

Credit Hours: 3 hrs

Prerequisite: IS 315

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 417

Last Updated: Links 04/2011

IS 421 - Enterprise Database Application

This course covers advanced SQL, normalization, detailed discussion of relational data models, hierarchical models and network models, client server databases (front-end and back-end), distributed DBMS and data warehousing. It involves intensive use of advanced DBMS tools.

Credit Hours: 3 hrs

Prerequisite: IS 247 and IS 380

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 421

Last Updated: Links 04/2011

IS 425 - IS Project and Risk Management

This course introduces concepts and practices in project management, information technology governance and risk assessment. Topics covered range from planning and selection of project, scheduling tasks, allocating resources, monitoring progress and ensuring on-time delivery, within budget, to on-target in meeting the requirements. Topics include risk management, risk assessment, risk reduction, and risk transfer, privacy and ethical issues.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 425

Last Updated: Links 07/2011

IS 426 - Advanced Structured COBOL Programming

Students work in teams developing integrated information systems in structured COBOL. Searches, reporting, subprograms, random files, indexed sequential files, various sorting routines, debugging techniques, programming style, optimization techniques, structured and modular programming concepts, transferability and portability strategies, and documentation, including writing program specifications and users' manuals.

Credit Hours: 3 hrs

Prerequisite: IS 417

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

IS 427 - Business Process and Identity Management

The purpose of this course is to discuss enterprise applications control and identity management. In particular, it discusses ABAP, Role Management, Business-Driven Identity Management, Compliance and Auditing, Password Management, Connectivity and Services for a major ERP system (i.e. SAP).

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 437 - Introduction to Business Information Technology Audit

This course introduces the basics of the information technology audit and control function. The concepts and techniques used in information technology audits will be reviewed. Students will learn the process of defining a control structure with goals and objectives, audit an information technology infrastructure against it, and establish a systematic remediation procedure for any inadequacies.

Credit Hours: 3 hrs

Class Restrictions: Sophomore standing

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 442 - Information Resource Management

Most organizations use computers for operations, control and planning, and for office automation. While computers facilitate and enhance the functioning of organizations, they also add to the responsibilities of managers. In this course, students learn how to acquire, organize, monitor and control information resources. The course also discusses problems unique to the management of information resources.

Credit Hours: 3 hrs

Prerequisite: Nine credit hours of IS courses from 219 and above

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 442

Last Updated: Links 07/2011

IS 449W - Information Systems Integration (Gen Ed Area I, W)

This is a capstone course. The course introduces concepts, technologies and methodologies currently used for building information systems through selection and integration of available components and applications. Students will also learn how to customize available components and build new components when required. The course covers enterprise application integration (EAI) and business-to-business (B2B) integration.

Credit Hours: 3 hrs

Prerequisite: IS 413, IS 417 and IS 421

Terms Offered: Course Rotation Schedules

Previously Listed As: IS 449, ORI 449

Last Updated: Links 03/2011

IS 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

IS 487 - Cooperative Education in Information Systems

Four months of full-time employment at a business or public organization to impart a practical experience in computer information systems disciplines.

Credit Hours: 3 hrs
Prerequisite: IS 387 and department permission
Notes: Admittance by application only
Terms Offered: Course Rotation Schedules
Last Updated: Links 04/2011

IS 489 - Internship

Directed full-time work experience in the business computer systems units of a business organization.

Credit Hours: 3 hrs
Prerequisite: major and department permission
Notes: This course may be repeated for a maximum of six hours.
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

IS 497 - Independent Study

Directed study of a problem or group of problems in production systems or management science.

Credit Hours: 1 hr
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

IS 498 - Independent Study

Directed study of a problem or group of problems in production systems or management science.

Credit Hours: 2 hrs
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

IS 499 - Independent Study

Directed study of a problem or group of problems in production systems or management science.

Credit Hours: 3 hrs
Prerequisite: department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

IS 510 - Introduction to Object-Oriented Programming

In this course, you gain a solid foundation in object-oriented and component-based development, positioning you to move seamlessly into the strategic application of these technologies — including tools, languages and methodologies — to meet your business needs.

Credit Hours: 3 hrs

Notes: This is a graduate course in an undergraduate program.

Terms Offered: Course Rotation Schedules

Previously Listed As: ORI 510

Last Updated: Links 07/2011

Operations Management

OM 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Management Programs and Courses

Management

Major

Entrepreneurship Major

The general requirements for the bachelor of business administration degree, the academic major requirements below and sufficient electives to meet the minimum of 124 hours for graduation must be completed.

Management Department Information:

Department Head: Fraya Wagner-Marsh
Department Contact: fwagnerm@emich.edu
Website: <http://www.mgt.emich.edu/>

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs

Major Requirements: 60 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs

- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- ** MGMT 490 - Business Policy 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- ** OM 374 - Introduction to Operations Management 3 hrs

Discipline: 24 hours

- MGMT 384 - Human Resource Management 3 hrs
- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs
- MGMT 481 - Managing the Entrepreneurial Venture 3 hrs
- MGMT 488L - Field Studies in Entrepreneurship (Gen Ed Area V LBC) 3 hrs

One course from the following:

- MKTG 363 - Retailing 3 hrs
- MKTG 374 - Business to Business Marketing 3 hrs
- MKTG 430 - Marketing of Services 3 hrs
- MKTG 473 - Marketing and Product Innovation 3 hrs
- MKTG 479 - Special Topics 3 hrs

Two courses from the following:

- ACC 342 - Managerial Cost Accounting 3 hrs
- ACC 344 - Principles of Taxation 3 hrs
- FIN 352 - Financial Management for Entrepreneurs 3 hrs
- MGMT 460 - Management Skills 3 hrs
- * MKTG 363 - Retailing 3 hrs
- * MKTG 374 - Business to Business Marketing 3 hrs
- * MKTG 430 - Marketing of Services 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options. All 200-level Core Courses listed above must be completed prior to admission to the College of Business.

** Students may select one of these courses if not previously taken to meet marketing requirement*

*** All 300-level Core Courses listed above must be completed before enrollment in MGMT 490 - Business Policy. OM 374 can be taken concurrently with MGMT 490.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

General Business Major

The major in general business has been designed for students seeking a broad business background rather than specialization in any one functional area of business. The program for the general business major includes a minimum of 124 hours for graduation as stipulated in the catalog.

Management Department Information:

Department Head: Fraya Wagner-Marsh
Department Contact: fwagnerm@emich.edu
Website: <http://www.mgt.emich.edu/>

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

College of Business Pre-Admission Requirements: 56 Credit Hours

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Management Major with Concentrations

The major in management prepares students for a variety of roles in the business world. These roles can include line and staff supervisory positions and human resource assignments. The general requirements for the bachelor of business administration degree include a minimum of 124 hours for graduation as stipulated in the catalog.

Management Department Information:

Department Head: Fraya Wagner-Marsh
Department Contact: fwagnerm@emich.edu
Website: <http://www.mgt.emich.edu/>

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs

- MGMT 479 - Special Topics 3 hrs
- MGMT 481 - Managing the Entrepreneurial Venture 3 hrs
- MGMT 482 - Compensation Administration 3 hrs
- MGMT 483 - Staffing Organizations 3 hrs
- MGMT 484 - Management-Union Relations 3 hrs
- MGMT 485 - Human Resource Development 3 hrs
- MGMT 488L - Field Studies in Entrepreneurship (Gen Ed Area V LBC) 3 hrs
- MGMT 492 - Managing World Business Communication 3 hrs
- MGMT 495 - International Management 3 hrs
- MGMT 496 - Current Issues in Human Resource Management 3 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

** All 200-level core courses listed above must be completed prior to admission to the College of Business.*

*** All 300-level core courses listed above must be completed before enrollment in MGMT 490 - Business Policy. OM 374 can be taken concurrently with MGMT 490.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

Prerequisite: MGMT 202, department permission

Notes: Admittance by application only.

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 384 - Human Resource Management

Industrial relations functions in business organization. Recruitment, selection, placement, training, motivation and appraisal of personnel; the scientific approach to the solution of practical problems of industrial manpower utilization.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Previously Listed As: MGT 384

Last Updated: Links 07/2011

MGMT 386 - Organizational Behavior and Theory

A survey of the theory and practice of Organizational Behavior to better understand and manage people at work through an interdisciplinary examination of individual, group and organizational issues. Critical topics are ethics, groups and teams, motivation, leadership, feedback, culture, diversity, organizational design and change.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Previously Listed As: MGT 386

Last Updated: Links 07/2011

MGMT 387 - Cooperative Education in Management

Four months of full-time employment at a business or public organization in a management position chosen for imparting practical experience in management.

Credit Hours: 3 hrs

Prerequisite: MGMT 202 and department permission

Major Restrictions: Use on a Management Major or Minor is not permitted

Notes: Offered on a credit/no-credit basis. Admittance by application only.

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 388 - Introduction to Entrepreneurship

This course emphasizes the role of the entrepreneur in making integrated managerial and growth decisions for a start-up enterprise. The focus will be on developing a business plan for a new venture.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Previously Listed As: MGT 388

Last Updated: Links 07/2011

MGMT 402 - Business Report Writing

Study of principles and practices of business report writing in business, industry, education and government. Concepts, their illustrations, and applications. The creative and functional aspects in understanding the problem, gathering and organizing data, and presenting reports for management, employees and the public.

Credit Hours: 3 hrs

Prerequisite: MGMT 202

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 403 - Managerial Communication: Theory and Application

A theoretical framework of key managerial communication concepts; skills used to diagnose communication problems and to communicate corporate policies.

Credit Hours: 3 hrs

Prerequisite: MGMT 202 or department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 450 - Leadership Theories and Practice

Leadership theories and practice will provide students with knowledge of the theories of leadership as well as practice in leadership and management. Several diagnostic techniques will be used to help students understand their own leadership strengths and areas to be developed.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MGMT 457 - The Merlanti Corporate Ethics Seminar

The Merlanti seminar seeks to provide future business leaders (in part through case studies and mentoring from practitioners) with the advanced knowledge and business skills needed to identify, analyze and resolve pressing contemporary issues in corporate social responsibility and ethics.

Credit Hours: 3 hrs

Prerequisite: department permission is required

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MGMT 460 - Management Skills

This course will provide students with extensive practice in critical management skills such as group facilitation, project management, supervising employees and individual career management. Multiple participative techniques will be used such as case study, exercises, group projects and student presentations.

Credit Hours: 3 hrs

Prerequisite: MGMT 384 and MGMT 386

Terms Offered: Course Rotation Schedules

Previously Listed As: MGT 360, MGT 281

Last Updated: Links 04/2011

MGMT 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MGMT 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MGMT 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W)

Social, legal and moral pressures of external and community groups on business operations; management's role of responsibility and leadership in interacting with these forces, and reducing and resolving conflicts with them.

Credit Hours: 3 hrs

Class Restrictions: Senior standing or department permission

Notes: MGMT457 can be used as a substitute for this course.

Terms Offered: Course Rotation Schedules

Previously Listed As: MGMT 480, Management Responsibility in Society, MGT 480

The Writing Intensive communication activities woven into this course's activities will give you practical experiences that apply and reinforce the written and oral communication tools you'll need as a business professional for active, ethical participation in

the global community. You'll communicate through individual written and oral presentations on business ethics and corporate social responsibility case studies. Additionally, you'll work on a case study report, a team project, and will keep a journal which lets you review and reflect on the readings, cases, and daily experiences that mirror (and occasionally) contradict what the course covers. Through staged written assignments in the project, you'll demonstrate your understanding and ability to apply and communicate what you have learned in this class as well as in other management courses in terms of human resource management and leadership.

MGMT 481 - Managing the Entrepreneurial Venture

This course focuses on managing an entrepreneurial venture in an increasingly professional manner. Topics include: management control systems, integrating short and long-range plans, financial planning, developing and implementing human resource systems, and developing a management team.

Credit Hours: 3 hrs

Prerequisite: MGMT 388 or department permission

Terms Offered: Course Rotation Schedules

Previously Listed As: MGT 481

Last Updated: Links 04/2011

MGMT 482 - Compensation Administration

Basic concepts of design and methodology for wage and salary administration in an organization. Fundamental considerations in evaluating jobs and positions. Compensation methods and wage incentive systems.

Credit Hours: 3 hrs

Prerequisite: MGMT 384

Terms Offered: Course Rotation Schedules

Previously Listed As: MGT 482

Last Updated: Links 04/2011

MGMT 483 - Staffing Organizations

The staffing of organizations; skills needed in human resource planning, recruitment, job analysis, selection techniques and evaluation.

Credit Hours: 3 hrs

Prerequisite: MGMT 384

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 484 - Management-Union Relations

Management strategy and techniques for conducting effective management-union relationships and negotiations; contract administration for both industrial and nonindustrial organizations.

Credit Hours: 3 hrs

Prerequisite: MGMT 384

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 485 - Human Resource Development

Determination of training needs; development of training objectives; selection and development of resources for appropriate training experiences; implementation of training program evaluation.

Credit Hours: 3 hrs

Prerequisite: MGMT 384 or department permission

Terms Offered: Course Rotation Schedules

Previously Listed As: MGT 485

Last Updated: Links 04/2011

MGMT 486 - Organizational Change and Team Building

A practical approach to creating the organizational changes necessary for effective team-based, continual-improvement work systems. Students learn how to manage change effectively, providing a foundation for learning how to build teams and work effectively within teams. The course provides knowledge and critical skills needed for initiating and managing change and for building effective teams.

Credit Hours: 3 hrs

Prerequisite: MGMT 386 or department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 487 - Cooperative Education in Management

Four months of full-time employment at a business or public organization in a management position chosen for imparting practical experience in management.

Credit Hours: 3 hrs

Prerequisite: MGMT 387; department permission

Major Restrictions: Use on a Management Major or Minor is not permitted

Notes: Offered on a credit/no-credit basis. Admittance by application only.

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 488L - Field Studies in Entrepreneurship (Gen Ed Area V LBC)

This course puts student teams into entrepreneurial firms to study and analyze the problems of an actual business. A comprehensive final report to the firm is required.

Credit Hours: 3 hrs

Prerequisite: MGMT 388 or department permission

Notes: This course will count as credit for Learning Beyond the Classroom.

Terms Offered: Course Rotation Schedules

Previously Listed As: MGMT 488

This is a real-world field study of an entrepreneurial venture. It presents special opportunities for learning and imposes special responsibilities since we are dealing with real organizations and real people and what we do may have real impact. Therefore, students participate in development, maintenance, and/or change of community standards and norms because they will be proposing real business solutions to the firms they are working with.

Last Updated: Links 06/2012

MGMT 489 - Management Internship

Approved on-the-job experience of students in the management internship program supplemented by seminars as appropriate.

Credit Hours: 3 hrs

Prerequisite: department permission

Major Restrictions: Open only to students formally enrolled in Management

Notes: Students can only take this course during their terms of supervised work experience. Offered on a credit/no-credit basis.

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

MGMT 490 - Business Policy

Integration and analytical application of fundamental areas of business-to-case problems. Policy issues in the identification and resolution of problem situations.

Credit Hours: 3 hrs

Concurrent Prerequisite: OM 374

Class Restrictions: Senior standing (Senior standing implies completion of the College of Business core: FIN 350, MKTG 360 and MGMT 386)

Major Restrictions: Business Administration Majors only or department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 492 - Managing World Business Communication

This course focuses on such issues as global management in a cultural context, breaking down international business barriers, motivation in a global context, management of culture shock, international conflict management, management and cultural synergy, and business communication practice and traditions in specific national settings.

Credit Hours: 3 hrs

Prerequisite: MGMT 202 or department permission

Terms Offered: Course Rotation Schedules

Previously Listed As: MGT 492

Last Updated: Links 04/2011

MGMT 495 - International Management

Comparisons of management concepts, processes, and practices in various countries with their differing educational, sociological, legal-political and cultural constraints. The evolution of management, and the transfer of managerial philosophy and practices to other countries.

Credit Hours: 3 hrs

Prerequisite: MGMT 386 or department permission

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MGMT 496 - Current Issues in Human Resource Management

A practical application of HR management techniques to current business issues; specially designed workshop-type sessions for prospective managers, supervisors and personnel specialists.

Credit Hours: 3 hrs

Prerequisite: MGMT 384

Terms Offered: Course Rotation Schedules
Previously Listed As: MGT 496
Last Updated: Links 04/2011

MGMT 497 - Independent Study

Directed study of a problem in management not otherwise treated in department courses.

Credit Hours: 1 hr
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

MGMT 498 - Independent Study

Directed study of a problem in management not otherwise treated in department courses.

Credit Hours: 2 hrs
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

MGMT 499 - Independent Study

Directed study of a problem in management not otherwise treated in department courses.

Credit Hours: 3 hrs
Prerequisite: department permission
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

Marketing Programs and Courses

Marketing

Major

International Business Major

The international business major offers a multidisciplinary focus within the College of Business that prepares students for careers in international business and related fields. The IB major is multidisciplinary, involving material from all areas of the College of Business as well as economics and foreign language required components. While the IB program is administratively housed in the Marketing Department, the IB prefix is an interdisciplinary prefix taught by professors from all business disciplines. Student advising for the IB program is handled by the Director of International Business Programs.

The IB degree is undertaken with an existing College of Business B.B.A. degree major (accounting, accounting information systems, computer information systems, economics, entrepreneurship, finance, general business, management, marketing, or supply chain management). Additionally, all IB students must fulfill a study abroad experience and prove proficiency in a second language or complete a foreign language sequence. The major varies from 124-139 hours depending on the major chosen to combine with IB.

All students must take the required courses carrying an IB prefix. Additionally, students must take the international course offering within their functional business area (e.g., an IB major in finance would require FIN 370 - International Business Finance).

The IB program of study prepares students for careers in an increasingly integrated world economy. The IB major is designed to appeal to students who favor an interdisciplinary approach to professional business studies. The major should also be appealing to international students or students who are already bilingual. The program of study emphasizes both broad-based business knowledge in international business (including a required course in international business ethics) as well as specific geographical areas of expertise (through seminars on doing business in specific nations or regions).

Marketing Department information:

Department Head: Anne L. Balazs
Department Contact: abalazs@emich.edu
Website: <http://www.mkt.emich.edu/>

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs

- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs
- ECON 202 - Principles of Microeconomics (Gen Ed Area IV) 3 hrs
- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs

Major Requirements: 60-66 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs
- MGMT 386 - Organizational Behavior and Theory 3 hrs
- *** MGMT 490 - Business Policy 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

Area Studies Requirements: 4.5 hours

- **** IB 375 - Doing Business in Countries/Regions 1.5 hrs

Required IB Courses: 4.5 hours

- IB 210 - Fundamentals of Global Business (Gen Ed Area III) 3 hrs
- IB 370 - International Business Ethics 1.5 hrs

Restricted Elective Course: 15 hours

The number of electives a student takes depends on the number of required IB restricted electives required in your major as indicated under each functional area.

- ACC 475 - International Accounting 3 hrs
- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs
- FIN 370 - International Business Finance 3 hrs

- FLAN 489 - Internship in Language and International Trade 3 hrs
- IB 475 - International Business: Study Abroad Perspective 3 hrs
- IB 479 - Special Topics 3 hrs
- LAW 350 - International Business Law 3 hrs
- MGMT 492 - Managing World Business Communication 3 hrs
- MGMT 495 - International Management 3 hrs
- MKTG 375 - International Business Transactions 3 hrs
- MKTG 460 - International Marketing 3 hrs

Language Requirements: 0-6 hours

All international business students must complete (FRNH, GERN, JPNE, SPNH) 261. Depending on the past foreign language learning experience of individual students, they may be able to enter 261 directly. Conversely, students may need to begin foreign language study at a lower level, to be determined by the placement test in the Department of World Languages.

***see note*

- FRNH 261 - Introduction to Professional Language Study 3 hrs
- GERN 261 - Introduction to Professional Language Study 3 hrs
- JPNE 261 - Introduction to Professional Language Study 3 hrs
- SPNH 261 - Introduction to Professional Language Study (TO BE DELETED) 3 hrs

Functional Areas: 24-36 hours

Choose one of the following functional areas: Accounting, Accounting Information Systems, Computer Information Systems, Economics, Entrepreneurship, Finance, General Business, Management, Marketing or Supply Chain Management.

I. Accounting: 24 hours

Required Courses:

- ACC 296 - The Accounting Cycle and Profession 3 hrs
- ACC 340 - Intermediate Accounting 3 hrs
- ACC 342 - Managerial Cost Accounting 3 hrs
- ACC 344 - Principles of Taxation 3 hrs
- ACC 356 - Accounting Information Systems 3 hrs
- ACC 475 - International Accounting 3 hrs
- ACC 496W - Financial Management and Controllorship (Gen Ed Area I, W) 3 hrs

Restricted Electives:

Choose one course from the following: (ACC 475 is required to fulfill the international business restricted electives)

- ACC 442 - Advanced Cost Accounting 3 hrs
- ACC 450 - Internal Auditing 3 hrs
- ACC 479 - Special Topics 3 hrs
- ACC 491 - Accounting Honors Thesis 3 hrs
- ACC 499 - Directed Studies 3 hrs

- ACC 540 - Corporate Financial Reporting 3 hrs
- ACC 541 - Advanced Financial Accounting 3 hrs
- ACC 546 - Public and Nonprofit Sector Accounting 3 hrs
- ACC 548 - Information Systems Audit and Control 3 hrs
- ACC 567 - Professional Auditing 3 hrs
- ACC 585 - Business Tax Planning 3 hrs

II. Accounting Information Systems: 36 hours

Required Courses:

- ACC 296 - The Accounting Cycle and Profession 3 hrs
- ACC 340 - Intermediate Accounting 3 hrs
- ACC 342 - Managerial Cost Accounting 3 hrs
- ACC 344 - Principles of Taxation 3 hrs
- ACC 356 - Accounting Information Systems 3 hrs
- ACC 456 - Accounting Information Systems Implementation and Projects 3 hrs
- ACC 496W - Financial Management and Controllership (Gen Ed Area I, W) 3 hrs
- ACC 548 - Information Systems Audit and Control 3 hrs
- IS 247 - Introduction to Web Application Development 3 hrs
- IS 315 - Object-Oriented Application Development 3 hrs
- IS 320 - Business Data Communications and Information Security 3 hrs
- IS 380 - Introduction to Databases 3 hrs

III. Computer Information Systems: 30 hours

Required Courses:

- IS 247 - Introduction to Web Application Development 3 hrs
- IS 315 - Object-Oriented Application Development 3 hrs
- IS 320 - Business Data Communications and Information Security 3 hrs
- IS 380 - Introduction to Databases 3 hrs
- IS 413 - IT Infrastructure and Network Security 3 hrs
- IS 417 - Systems Analysis and Design 3 hrs
- IS 421 - Enterprise Database Application 3 hrs
- IS 425 - IS Project and Risk Management 3 hrs
- IS 449W - Information Systems Integration (Gen Ed Area I, W) 3 hrs

Restricted Electives:

Choose one course from the following:

- IS 350 - Enterprise Resource Planning 3 hrs
- IS 410 - Business Intelligence 3 hrs
- IS 416 - System Software Administration 3 hrs

IV. Entrepreneurship: 24 hours

Required Courses:

- MGMT 384 - Human Resource Management 3 hrs
- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs
- MGMT 481 - Managing the Entrepreneurial Venture 3 hrs
- MGMT 488L - Field Studies in Entrepreneurship (Gen Ed Area V LBC) 3 hrs

Choose one course from the following:

- MKTG 363 - Retailing 3 hrs
- MKTG 374 - Business to Business Marketing 3 hrs
- MKTG 430 - Marketing of Services 3 hrs
- MKTG 479 - Special Topics 3 hrs

Choose two courses from the following: (Marketing choices selected above cannot be selected here)

- ACC 342 - Managerial Cost Accounting 3 hrs
- ACC 344 - Principles of Taxation 3 hrs
- FIN 352 - Financial Management for Entrepreneurs 3 hrs
- MKTG 363 - Retailing 3 hrs
- MKTG 374 - Business to Business Marketing 3 hrs
- MKTG 430 - Marketing of Services 3 hrs
- MKTG 460 - International Marketing 3 hrs
- MKTG 473 - Marketing and Product Innovation 3 hrs
- MGMT 460 - Management Skills 3 hrs

V. Economics: 24 hours

Required Courses:

- ECON 310 - Economic Statistics 3 hrs
- ECON 370 - Comparative Economic Systems 3 hrs
- ECON 411 - Intermediate Macroeconomic Analysis 3 hrs
- ECON 412 - Intermediate Microeconomic Analysis 3 hrs
- ECON 415 - Introduction to Econometrics 3 hrs
- ECON 480W - International Economics (Gen Ed Area I, W) 3 hrs

Restricted Electives:

Choose two courses from any 300-400 level economics course. Choose one course if you chose ECON 370 under international business restricted electives. ECON 480W is required to fulfill the international business restricted electives. (Business related topics are suggested.)

VI. Finance: 24 hours

Required Courses:

- FIN 354 - Investments 3 hrs
- FIN 357 - Financial Markets and Institutions 3 hrs
- FIN 359 - Intermediate Financial Theory 3 hrs
- FIN 370 - International Business Finance 3 hrs
- FIN 450W - Problems in Financial Management (Gen Ed Area I, W) 3 hrs

Restricted Electives:

Choose three courses from the following: (FIN 370 is required to fulfill the international business restricted electives)

- ACC 358 - Analysis of Financial Statements 3 hrs
- ECON 445 - Economic Fluctuations and Forecasting 3 hrs
- FIN 352 - Financial Management for Entrepreneurs 3 hrs
- FIN 451 - Introduction to Speculative Markets 3 hrs
- FIN 453 - Commercial Banking 3 hrs
- FIN 454 - Mortgage Banking 3 hrs
- FIN 479 - Special Topics 3 hrs

VII. General Business: 24 hours

Required Courses:

- MGMT 384 - Human Resource Management 3 hrs
- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MGMT 460 - Management Skills 3 hrs
- MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs

Restricted Electives:

Choose four courses from at least three different departments in the College of Business. At least two courses must be at the 300-400 level. (The restricted elective requirement may be fulfilled by completing the international business restricted elective requirements.)

VIII. Management: 24 hours

Required Courses:

- MGMT 384 - Human Resource Management 3 hrs
- MGMT 460 - Management Skills 3 hrs
- MGMT 480W - Management Responsibility and Ethics (Gen Ed Area I, W) 3 hrs
- MGMT 486 - Organizational Change and Team Building 3 hrs
- MGMT 492 - Managing World Business Communication 3 hrs

- MGMT 495 - International Management 3 hrs

Restricted Electives:

Choose two courses from the following:

- MGMT 388 - Introduction to Entrepreneurship 3 hrs
- MGMT 403 - Managerial Communication: Theory and Application 3 hrs
- MGMT 450 - Leadership Theories and Practice 3 hrs
- MGMT 479 - Special Topics 3 hrs
- MGMT 481 - Managing the Entrepreneurial Venture 3 hrs
- MGMT 482 - Compensation Administration 3 hrs
- MGMT 483 - Staffing Organizations 3 hrs
- MGMT 484 - Management-Union Relations 3 hrs
- MGMT 485 - Human Resource Development 3 hrs
- MGMT 496 - Current Issues in Human Resource Management 3 hrs

IX. Marketing: 24 hours

Required Courses:

- MKTG 261 - Contemporary Selling 3 hrs
- MKTG 365 - Consumer Behavior 3 hrs
- MKTG 368W - Marketing Strategy (Gen Ed Area I, W) 3 hrs
- MKTG 375 - International Business Transactions 3 hrs
- MKTG 460 - International Marketing 3 hrs
- MKTG 470 - Marketing Research 3 hrs
- MKTG 475 - Marketing Planning and Management 3 hrs

Restricted Electives:

Choose one course from the following:

- MKTG 363 - Retailing 3 hrs
- MKTG 369 - Advertising 3 hrs
- MKTG 374 - Business to Business Marketing 3 hrs
- MKTG 425 - Sports and Event Marketing 3 hrs
- MKTG 430 - Marketing of Services 3 hrs
- MKTG 461 - Sales Management 3 hrs
- MKTG 473 - Marketing and Product Innovation 3 hrs
- MKTG 474 - Promotional Strategy 3 hrs
- MKTG 479 - Special Topics 3 hrs
- MKTG 499 - Independent Study 3 hrs
- SCM 380 - Introduction to Supply Chain Management 3 hrs
- SCM 385 - Logistics 3 hrs

X. Supply Chain Management: 27 hours

Required Courses:

- IB 210 - Fundamentals of Global Business (Gen Ed Area III) 3 hrs
- SCM 380 - Introduction to Supply Chain Management 3 hrs
- SCM 385 - Logistics 3 hrs
- SCM 386 - Purchasing and Supply Management 3 hrs
- SCM 465W - Global Supply Chain Management (Gen Ed Area I, W) 3 hrs

Restricted Electives: (Choose four from the following)

- ID 346 - Industrial Climate 3 hrs
- IS 350 - Enterprise Resource Planning 3 hrs
- LAW 350 - International Business Law 3 hrs
- MKTG 363 - Retailing 3 hrs
- MKTG 368W - Marketing Strategy (Gen Ed Area I, W) 3 hrs
- MKTG 374 - Business to Business Marketing 3 hrs
- SCM 420 - Operations Planning and Scheduling in Supply Chain 3 hrs
- SCM 464 - Advanced Logistics 3 hrs
- QUAL 320 - Industrial Quality Control 3 hrs

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

** All 200-level core courses listed above must be completed prior to admission to the College of Business.*

*** Foreign language credits may be used to satisfy general education requirements I.3 and IV.1. Students who have learned English as a second language may have minimum requirements of French, German, Japanese or Spanish waived.*

**** All 300-level core courses listed above must be completed before enrollment in MGMT 490 - Business Policy.*

***** Students must take IB 375 three times to fulfill requirements as course content will change each semester to a different country or subregion within the broader area of study.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Marketing Major

The marketing major offers career preparation in sports marketing, advertising and sales promotion, international business, marketing research, purchasing and materials management, retailing, marketing channels, and sales and sales management. Students may select any nine-hour combination of eligible marketing electives, but they are encouraged to focus on their anticipated career path.

The general requirements for the bachelor of business administration degree, the academic major requirements below and sufficient electives to meet the minimum of 124 hours for graduation must be completed.

Marketing Department information:

Department Head: Anne L. Balazs
Department Contact: abalazs@emich.edu
Website: <http://www.mkt.emich.edu/>

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

College of Business Pre-Admission Requirements: 56 Credit Hours

Students seeking admission to any program in the College of Business must complete 56 credit hours of course work to include the following courses listed below. In addition, students must have completed Eastern Michigan University's General Education Quantitative Reasoning requirement. Lastly, students must have an EMU GPA of at least 2.50.

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DS 265 - Business Statistics I 3 hrs

- ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs

Major Requirements: 60 hours

Business Core Courses: 36 hours

- ACC 240 - Principles of Financial Accounting 3 hrs
- ACC 241 - Principles of Managerial Accounting 3 hrs
- COB 200L - Introduction to Business (Gen Ed Area V LBC) 3 hrs
- DS 265 - Business Statistics I 3 hrs
- FIN 350 - Principles of Finance 3 hrs
- IS 215 - End-User Computing 3 hrs
- LAW 293 - Legal Environment of Business 3 hrs
- MGMT 202 - Business Communication 3 hrs

- MGMT 386 - Organizational Behavior and Theory 3 hrs
- * MGMT 490 - Business Policy 3 hrs
- MKTG 360 - Principles of Marketing 3 hrs
- OM 374 - Introduction to Operations Management 3 hrs

Discipline: 24 hours

Required Courses: 15 hours

- MKTG 261 - Contemporary Selling 3 hrs
- MKTG 365 - Consumer Behavior 3 hrs
- MKTG 368W - Marketing Strategy (Gen Ed Area I, W) 3 hrs
- MKTG 470 - Marketing Research 3 hrs
- MKTG 475 - Marketing Planning and Management 3 hrs

Concentration Courses: 9 hours

Students may select from one of the following program areas or may select any nine-hour combination of marketing and supply chain management electives to create their own program in consultation with an adviser:

- Advertising and sales promotion
- International business
- Purchasing and materials management
- Marketing channels
- Supply chain management
- Retailing
- Sales and sales management
- Marketing management
- Sports marketing

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options. All 200-level core courses listed above must be completed prior to admission to the College of Business.

* FIN 350, MGMT 386 and MKTG 360 must be completed before enrollment in MGMT 490 - Business Policy.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

Minor

International Business Minor (NEW PROGRAM)

Most EMU Students will pursue careers that have an international dimension to them. This is true even for students choosing to stay within Southeastern Michigan. An International Business Minor will allow EMU graduates to raise their consciousness about the impact of globalization on their professions and their communities. It will promote discourse and understanding both during students' time at EMU and beyond.

- QUAL 320 - Industrial Quality Control 3 hrs
- SCM 420 - Operations Planning and Scheduling in Supply Chain 3 hrs
- SCM 464 - Advanced Logistics 3 hrs
- SCM 465W - Global Supply Chain Management (Gen Ed Area I, W) 3 hrs

Minor Total: 21 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

Students pursuing a COB minor must have a minimum cumulative GPA of 2.0 to enroll in 300/400 Business classes.

Students must be of junior status (completion of 56 credit hours) to enroll in 300/400 Business classes.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

International Business

IB 210 - Fundamentals of Global Business (Gen Ed Area III)

Focuses on the globalization phenomenon and its impact on business. Critical country factors such as economic, political, legal, social and cultural factors as well as developmental issues of technology, environment and infrastructure and their relevance in global business will be discussed. The course also looks at the integrated and interdependent nature of business relations among nations and people. It examines components of global business such as global trade and foreign direct investment.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Area III: Perspectives on a Diverse World

IB 210 Fundamentals of Global Business

IB210 introduces students to cultural, social, economic and political perspectives that influence commerce today. The focus of IB210 is placed on awareness and understanding the perspectives and assumptions required by a pluralist global community. Global awareness requires that students understand and appreciate the ways, economic, social and cultural differences and similarities structure human experiences and knowledge. To achieve this, students will read articles, discuss cases, view videos, attend lectures and complete exercises which examine the globalization of cultures, economies and political, legal, social, technological and ecological systems and their impact on businesses, organization and people worldwide. Students also discuss the integrated and interdependent nature of business relations among nations and citizens of the world. They examine components of global business such as global trade and investment as well as human exchange. As part of their general education, EMU undergraduate students should understand that the world is no longer circumscribed by the boundaries of nations and continents.

IB 370 - International Business Ethics

This course examines business ethics as applied internationally. The course focuses on compliance with laws mandating ethical standards in international business situations; business ethics as applied globally relative to different cultures and countries; and global corporate social responsibility.

Credit Hours: 1.5 hrs

Concurrent Prerequisite: IB 375

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

IB 375 - Doing Business in Countries/Regions

This seminar addresses how to conduct business in the indicated region or country, addressing its specific business environment, culture and business operations, using U.S. corporate practice as the point of comparison. The central purpose of this course is to provide a practical basis for effective business practice for the business person involved in the designated market. The subject nation or region rotates (e.g., doing business in Germany; doing business in Japan, etc.), although the structure for the course remains consistent. In this way, students approach doing business in several nations or regions using a common frame or reference.

Credit Hours: 1.5 hrs

Concurrent Prerequisite: IB 210

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MKTG 425 - Sports and Event Marketing

This course includes topics germane to marketing activities associated with sports and a variety of events. It looks at the marketing of spectator and participation sports as well as events such as the arts, local festivals and charity events. The course also examines the use of such events as marketing tools. This component will look at issues such as endorsements, licensing, naming rights and sponsorship linkages.

Credit Hours: 3 hrs

Prerequisite: MKTG 360

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MKTG 426 - Sponsorship

This course looks at sponsorship as an element of the organization's integrated marketing communications (IMC) plan. It covers traditional sponsorship and the three special forms of sponsorship: licensing, venue naming rights, and endorsements. It addresses all six primary areas for sponsorship as defined by the International Events Group (IEG): sports; cause-related marketing; festivals, fairs and annual events; the arts; entertainment, tours and attractions; and associations and membership organizations.

Credit Hours: 3 hrs

Prerequisite: MKTG 360

Terms Offered: Course Rotation Schedules

Last Updated: New Course 06/2011, effective Fall 2011

MKTG 430 - Marketing of Services

Study of marketing practices as applied to the service industry. Special emphasis is placed on the marketing concept and customer satisfaction in the service industry.

Credit Hours: 3 hrs

Prerequisite: MKTG 360

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

MKTG 444 - Direct and Interactive Marketing

This course provides a comprehensive examination of direct and interactive marketing concepts, methods, techniques, tools and applications. It covers the foundations of direct and interactive marketing, integrated and multi-channel marketing communications, and response measurement and evaluative metrics.

Credit Hours: 3 hrs

Prerequisite: MKTG 360

Terms Offered: Course Rotation Schedules

Last Updated: New Course 06/2011, effective Fall 2011

MKTG 460 - International Marketing

International marketing and its role in the multinational corporation. Appraising international opportunities; product, price, promotion and distribution policies; foreign marketing environments.

Credit Hours: 3 hrs

Prerequisite: MKTG 360

Terms Offered: Course Rotation Schedules

Last Updated: Links 04/2011

Last Updated: Links 06/2012

SCM 380 - Introduction to Supply Chain Management

This course introduces students to business processes of Supply Chain Management. It examines the managerial issues within firms and value added activities that occur when firms purchase, produce, source, and distribute goods and services to satisfy customer needs. The role of IT in SCM will be discussed.

Credit Hours: 3 hrs

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

SCM 385 - Logistics

Students will be introduced to the different components of logistics (transportation, warehousing, material handling, order-processing, inventory, packaging, customer service) and its applications to different industries including not-for-profit organizations. Operational issues, fundamental management techniques, and technological issues will be discussed.

Credit Hours: 3 hrs

Prerequisite: MKTG 360

Terms Offered: Course Rotation Schedules

Last Updated: Links 03/2011

SCM 386 - Purchasing and Supply Management

This course focuses on implementation of the entire purchasing process from evaluating purchasing need to effective supplier management. Topics will be presented in three major areas: tactical, strategic, and electronic. Particular emphasis is placed on supplier selection/evaluation, in/outsourcing decisions, supplier relationships, and ethical issues in purchasing and supply

management.

Credit Hours: 3 hrs

Class Restrictions: Junior standing

Terms Offered: Course Rotation Schedules

Last Updated: Links 06/2012

SCM 420 - Operations Planning and Scheduling in Supply Chain

This course integrates operations planning and scheduling activities for manufacturing and service operations in a supply chain management system. Topics include: ERP, demand management, production planning, master production scheduling, resource requirements planning, capacity management, inventory management and detailed scheduling. Hands on computer exercises using MS Excel and SAP/R3 are included.

Credit Hours: 3 hrs

Prerequisite: OM 374

Class Restrictions: Junior standing

Terms Offered: Course Rotation Schedules

Last Updated: Links 03/2011

SCM 464 - Advanced Logistics

This course provides an in-depth understanding of the strategic and operational challenges involved in developing and implementing a firm's logistic strategy. Particular emphasis will be placed on logistics as a value-added process in the areas of warehousing, transportation, and global logistics decisions.

Credit Hours: 3 hrs

Prerequisite: SCM 385

Class Restrictions: Junior standing

Terms Offered: Course Rotation Schedules

Last Updated: Links 03/2011

SCM 465W - Global Supply Chain Management (Gen Ed Area I, W)

This course integrates the concepts and tools of SCM approach with emphasis on issues in a global supply chain. Topics include identifying/managing risks, global supplier selection/evaluation/management, distribution and logistics management, international contracts/documents, and development/maintenance of international buyer-supplier relationships/alliances and global practices.

Credit Hours: 3 hrs

Prerequisite: SCM 380 and IB 210

Class Restrictions: Junior standing

Terms Offered: Course Rotation Schedules

Previously Listed As: SCM 465

This course is offered as a part of the General Education Program and satisfies the Writing Intensive requirement.

Last Updated: Gen Ed Approval 03/2012, effective Fall 2012; Links 03/2011

SCM 477 - Special Topics

A single topic is covered each semester, selected as interest and/or problems change. Students may elect this course several times, provided different topics are studied, but only twice for credit toward a major or minor in supply chain management.

Credit Hours: 1 hr
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

SCM 478 - Special Topics

A single topic is covered each semester, selected as interest and/or problems change. Students may elect this course several times, provided different topics are studied, but only twice for credit toward a major or minor in supply chain management.

Credit Hours: 2 hrs
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

SCM 479 - Special Topics

A single topic is covered each semester, selected as interest and/or problems change. Students may elect this course several times, provided different topics are studied, but only twice for credit toward a major or minor in supply chain management.

Credit Hours: 3 hrs
Terms Offered: Course Rotation Schedules
Last Updated: Links 06/2012

SCM 497 - Independent Study

Intensive study of a problem or theory supervised by a faculty member in social foundations of education.

Credit Hours: 1 hr
Prerequisite: Department permission and consent of instructor
Terms Offered: Course Rotation Schedules
Last Updated: Links 03/2011

SCM 498 - Independent Study

Intensive study of a problem or theory supervised by a faculty member in social foundations of education.

Credit Hours: 2 hrs
Prerequisite: Department permission and consent of instructor
Terms Offered: Course Rotation Schedules
Last Updated: Links 03/2011

SCM 499 - Independent Study

Intensive study of a problem or theory supervised by a faculty member in social foundations of education.

Credit Hours: 3 hrs
Prerequisite: Department permission and consent of instructor
Terms Offered: Course Rotation Schedules

Leadership and Counseling Programs and Courses

Leadership and Counseling

Counseling

COUN 100L - Career Exploration and Decision-Making (Gen Ed Area V LBC)

Self-exploration (values, interests, goals) as it relates to careers and the world of work. Presentation in an experimental format of career exploration and personal decision-making strategies and processes. Investigation of career planning and resources (people and materials).

Credit Hours: 2 hrs

This is an introduction course in career exploration and decision-making. The purpose is to gain an overview of the world of work and to use reflective and structured methods of self-discovery to achieve a tentative career choice. This course provides students the opportunity to consider their interests and goals in order to help in planning a rewarding career as one pursues their degree at Eastern Michigan University.

Career Exploration and Decision Making provides students with the knowledge, resources, and strategies for making career and professional decisions. Students will learn about professional opportunities connected to their academic interests (historic preservation, counseling, nursing marketing, information technology, etc.) through experiential assignments and class discussions. Various decision-making strategies and goal setting exercises also will be explored.

Last Updated: 02/2011

COUN 450 - An Introduction: Counseling Concepts and Skills

Introduction to basic concepts of counseling relationships; training in basic counseling skills; experiential learning activities which focus on self-development, interpersonal relationships and related issues; and initial exposure to counseling theory and process.

Credit Hours: 3 hrs

Class Restrictions: Junior or Senior standing or by department permission

Notes: Recommended for those planning a career in the helping professions.

COUN 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

COUN 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

COUN 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

COUN 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 1 hr

Prerequisite: department permission

COUN 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 2 hrs

Prerequisite: department permission

COUN 499 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 3 hrs

Prerequisite: department permission

Educational Leadership

EDLD 477 - Special Topics

Courses that can be offered on an experimental basis for one semester for purposes of meeting special needs, interests and/or innovations.

Credit Hours: 1 hr

Prerequisite: department permission

EDLD 478 - Special Topics

Courses that can be offered on an experimental basis for one semester for purposes of meeting special needs, interests and/or innovations.

Credit Hours: 2 hrs

Prerequisite: department permission

EDLD 479 - Special Topics

Courses that can be offered on an experimental basis for one semester for purposes of meeting special needs, interests and/or innovations.

Credit Hours: 3 hrs

Prerequisite: department permission

EDLD 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 1 hr

Prerequisite: department permission

EDLD 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 2 hrs

Prerequisite: department permission

EDLD 499 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 3 hrs

Special Education Programs and Courses

Special Education

Major

Special Education Major K-12 Cognitive Impairment Endorsement - Elementary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Cognitive Impairment. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #056, "Cognitive Impairment." Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

Students selecting Elementary Certification must complete a second major in Liberal Arts for Elementary Education. In addition, those selecting Elementary Certification must pass the "Elementary Education" certification test, #083. **Important Note: Starting October 2013 the Elementary Test #083 will be discontinued and replaced by two tests, #103 and #104.**

Special Education Department Information:

Interim Department Head: Philip Smith
Department Contact: psmith16@emich.edu
Website: <http://www.emich.edu/coe/sped/>

Adviser Information:

Program Adviser: Ann Orr
Email: aorr@emich.edu
Phone: 734.487.3300

Important Note: Please see your adviser **prior** to selecting any general education courses not listed in the Liberal Arts Major below. Most students will need to add one U.S. Diversity course and one Humanities course.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the

semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Major Requirements: 42 hours

* PHED 257 and SPGN 491 are considered to be major requirements although they are listed as part of the professional sequence.

K-12 Special Education Core: 23 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Teachers of Students with Cognitive Impairment Endorsement: 19 hours

- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPCI 350L - Introduction to Cognitive Impairment (Gen Ed Area V LBC) 3 hrs
- * SPCI 429 - Education for Teachers of Individuals with Mild Cognitive Impairment in Inclusive Settings 4 hrs
- * SPCI 483 - Education of Students in Programs for Moderate or Severe Cognitive Impairment 4 hrs
- * SPLI 468 - Education of Children with Learning Disabilities 2 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs

Liberal Arts Major Requirements - Special Education: 42 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

Professional Elementary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 8 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 304 - Curriculum and Methods: Elementary 3 hrs
- GEOG 348 - Teaching Social Studies in Elementary Schools 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

One of the following:

- PRCT 304 - Practicum I: Elementary 3 hrs
- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPPI 240 - Preclinical Experiences — POHI 3 hrs

Phase II: Content and Methods and Teaching: 15 hours

Prerequisite: Completion of Phase I is required.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

Phase III: Capstone Experience: 16 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs
- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

** Admission to the Initial Teacher Preparation Program required.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Cognitive Impairment Endorsement - Secondary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for a Michigan Provisional Secondary Teaching Certificate with a K-12 endorsement as a Teacher of Students with Cognitive Impairment, certification code SA and, depending on the minor selected,

an additional endorsement. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #056, "Cognitive Impairment." Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

Students selecting Secondary Certification must select a teachable minor from the approved list, and students must pass the certification test related to the minor in order to be recommended for endorsement in the minor field.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Note:

** Admission to the Initial Teacher Preparation Program required.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses**

will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Emotional Impairment Endorsement - Elementary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for the K-12 endorsement as a Teacher of Students with Emotional Impairment. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #059, "Emotional Impairment". Students select Secondary or Elementary Teacher Certification. Students selecting Elementary Certification must complete a second major in Liberal Arts for Elementary Education. In addition, those selecting elementary certification must pass the Elementary Education Certification Test, MTTC #083. **Important Note: Starting October 2013, the MTTC Elementary Test #083 will be discontinued and replaced by two tests, #103 and #104.**

Special Education Department Information:

Interim Department Head: Philip Smith
Department Contact: psmith16@emich.edu
Website: <http://www.emich.edu/coe/sped/>

Adviser Information:

Advisers are assigned alphabetically by the student's last name.

A-G: Karen Carney
kcarney@emich.edu

M-Q: Jennifer Desiderio
jdesider@emich.edu

H-L: Gilbert Stiefel
gstiefel@emich.edu

R-Z: Lynne Rocklage
lrocklage@emich.edu

Phone Number for Advisers: 734.487.3300

Important Note: Please see your advisor **prior** to selecting any general education courses not listed in the Liberal Arts Major below. Most students will need to add one U.S. Diversity course and one Humanities course.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of “C” or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

K-12 Special Education Core: 24 hours

*These courses require formal admission to the Initial Teacher Preparation Program.

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs

- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Emotional Impairment Endorsement: 19 hours

*These courses require admission to the Initial Teacher Preparation Program.

- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPEI 301 - Children and Adolescents with Emotional Impairment 4 hrs
- * SPEI 401L - Programming, Methods and Curriculum for Elementary Students with Emotion Impairment (Gen Ed Area V LBC) 4 hrs
- * SPEI 449 - Beyond Behavior 3 hrs
- * SPLI 468 - Education of Children with Learning Disabilities 2 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs

Liberal Arts Major Requirements - Special Education: 42 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

Professional Elementary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 8 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs

- PHED 257 - Physical Education for the Classroom Teacher 2 hrs

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 304 - Curriculum and Methods: Elementary 3 hrs
- GEOG 348 - Teaching Social Studies in Elementary Schools 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

One of the following:

- PRCT 304 - Practicum I: Elementary 3 hrs
- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPPI 240 - Preclinical Experiences — POHI 3 hrs

Phase II: Content and Methods and Teaching: 15 hours

Prerequisite: Completion of Phase I is required.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

Phase III: Capstone Experience: 16 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs
- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.

4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.

- Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
- Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Emotional Impairment Endorsement - Secondary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for the K-12 endorsement as a Teacher of Students with Emotional Impairment. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #059, "Emotional Impairment". Students selecting Secondary Certification must complete a teachable minor for the approved list, and must pass the certification test for that minor in order to be recommended for endorsement in the minor field.

Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Hearing Impairment Endorsement - Elementary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Hearing Impairment. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #062, "Hearing Impairment." Students select Secondary or Elementary Teacher Certification. Students selecting Elementary Certification must complete a second major in Liberal Arts for Elementary Education. In addition, those selecting Elementary Certification must pass the "Elementary Education" certification test, #083.

Important Note: Starting October 2013 the Elementary Test #083 will be discontinued and replaced by two tests, #103 and #104.

Registration for the first course in the hearing impaired sequence (SPHI 228) is by permission only. If there is greater demand for enrollment than availability of places in the class, program faculty will determine who receives permission. Grade point average will be the primary criterion. It is essential to see an adviser in the hearing impairment program in order to begin the program sequence.

All students are considered provisional majors until such time as they successfully complete SPHI 391.

The basic philosophy of the program is oral communication; however, students are exposed to manual communication during their course of study.

Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

Special Education Department Information:

Interim Department Head: Philip Smith
Department Contact: psmith16@emich.edu
Website: <http://www.emich.edu/coe/sped/>

Adviser Information:

Program Adviser: Linda Polter
Email: lpolter1@emich.edu
Phone: 734.487.3300

Important Note: Please see your adviser **prior** to selecting any general education courses not listed in the Liberal Arts Major below. Most students will need to add one U.S. Diversity course and one Humanities course.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.

5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Major Requirements: 51 hours

* PHED 257 and SPGN 491 are considered major requirements although they are listed in the professional sequence.

K-12 Special Education Core: 21 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Hearing Impairment Endorsement: 30 hours

- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs
- SPHI 228 - Education of Students with Hearing Impairment 3 hrs
- SPHI 375 - Fundamentals of Sign Communication 2 hrs
- SPHI 387 - Introductory Practicum — Students with Hearing Impairment 1 hr
- * SPHI 391 - Language for Students with Hearing Impairment 3 hrs
- SPHI 392 - Introduction to Audiology 3 hrs
- * SPHI 394 - Aural Habilitation Rehabilitation 3 hrs
- SPHI 435 - Phonetics and Hearing Impairment 3 hrs
- * SPHI 436 - Speech Methods for Students with Hearing Impairment 3 hrs
- * SPHI 437 - Adaptive Curriculum for Students with Hearing Impairment 3 hrs
- * SPHI 487 - Speech Practicum — Students with Hearing Impairment 1 hr

Liberal Arts Major Requirements - Special Education: 42 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

Professional Elementary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 8 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 304 - Curriculum and Methods: Elementary 3 hrs
- GEOG 348 - Teaching Social Studies in Elementary Schools 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

One of the following:

- PRCT 304 - Practicum I: Elementary 3 hrs
- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPPI 240 - Preclinical Experiences — POHI 3 hrs

Phase II: Content and Methods and Teaching: 15 hours

Prerequisite: Completion of Phase I is required.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

Phase III: Capstone Experience: 16 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs
- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

** Admission to the Initial Teacher Preparation Program required.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Hearing Impairment Endorsement - Secondary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for a Michigan Provisional Secondary Teaching Certificate with a K-12 endorsement as a Teacher of Students with Hearing Impairment, certification code SL and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #062, "Hearing Impaired." Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

Students selecting Secondary Certification must select a teachable minor from the approved list, and students must pass the certification test related to the minor.

Registration for the first course in the hearing impaired sequence (SPHI 228) is by permission only. If there is greater demand for enrollment than availability of places in the class, program faculty will determine who receives permission. Grade point average will be the primary criterion. It is essential to see an adviser in the hearing impairment program in order to begin the program sequence.

All students are considered provisional majors until such time as they successfully complete SPHI 391.

The basic philosophy of the program is oral communication; however, students are exposed to manual communication during their course of study.

Professional Secondary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 4 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs

Phase I: Curriculum, Assessment, and the Social Context: 6 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 305 - Curriculum and Methods: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 6 hours

Prerequisite: Completion of Phase I is required.

- Methods Teaching Course in Minor area of concentration (3 hrs)
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 16 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs
- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Note:

** Admission to the Initial Teacher Preparation Program required.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor

- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Physical and Other Health Impairment Endorsement - Elementary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Physical Impairment and Students with Other Health Impairment (SC). This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #058, "Physically or otherwise Health Impaired." Students selecting Elementary Certification must complete a second major in Liberal Arts for Elementary Education. In addition, those selecting Elementary Certification must pass the "Elementary Education" certification test, #083.

Important Note: Starting October 2013 the Elementary Test #083 will be discontinued and replaced by two tests, #103 and #104.

Important Note: Please see your adviser **prior** to selecting any general education courses not listed in the Liberal Arts Major below. Most students will need to add one U.S. Diversity course and one Humanities course.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.

5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Major Requirements: 47-49 hours

* PHED 257 and SPGN 491 are considered major requirements although they are listed in the professional sequence.

K-12 Special Education Core: 26 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- * SPGN 471 - Curriculum and Transitions for Secondary Special Education 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Teacher of Students with Physical and Other Health Impairment Endorsement: 21-23 hours

- An approved course in Human Anatomy and Physiology (4-5 hrs)
- An approved course in Human Disease Process (3-4 hrs)
- SPCI 350L - Introduction to Cognitive Impairment (Gen Ed Area V LBC) 3 hrs
- * SPLI 468 - Education of Children with Learning Disabilities 2 hrs
- SPPI 240 - Preclinical Experiences — POHI 3 hrs
- * SPPI 412 - Ancillary Services and Health Procedures for Teachers of Physically Impaired 2 hrs
- * SPPI 414 - Educational Strategies for Teachers of the Physically Impaired 4 hrs

Liberal Arts Major Requirements - Special Education: 42 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

Professional Elementary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 8 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 304 - Curriculum and Methods: Elementary 3 hrs
- GEOG 348 - Teaching Social Studies in Elementary Schools 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

One of the following:

- PRCT 304 - Practicum I: Elementary 3 hrs
- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPPI 240 - Preclinical Experiences — POHI 3 hrs

Phase II: Content and Methods and Teaching: 15 hours

Prerequisite: Completion of Phase I is required.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

Phase III: Capstone Experience: 16 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs
- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

* Admission to the Initial Teacher Preparation Program required.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Physical and Other Health Impairment Endorsement - Secondary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Physical Impairment and Students with Other Health Impairment (SC). This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #058, "Physically or otherwise Health Impaired." Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

Students selecting Secondary Certification must select a teachable minor from the approved list, and students must pass the certification test related to the minor in order to be recommended for endorsement in the minor field.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Speech/Language Pathology Endorsement - Elementary

The professional entry-level credential in speech-language pathology is the master's degree in the field.

Successful completion of this course of study, in the context of other program requirements, with respect to K-12 teacher licensure, satisfies the undergraduate portion of the requirements for the professional entry-level credential at the master's degree level. This program leads toward, but does not satisfy, the requirements for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Speech and Language Impairment, certification code SB, and Michigan Provisional Elementary Teaching Certificate. This program of study meets all requirements of the Council for Exceptional Children and of the American Speech-Language-Hearing Association. The Michigan Test for Teacher Certification (MTTC) covering this field are Elementary Certification tests #103 and #104 and MTTC #057, "Speech and Language Impairment. Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

Certificate in Speech Pathology

The American Speech-Language-Hearing Association issues Certificates of Clinical Competence to individuals who present satisfactory evidence of their ability to provide independent clinical services to persons who have disorders of communication (speech, language and/or hearing). An individual who meets these requirements may be awarded a Certificate in Speech Pathology or in Audiology, depending upon the emphasis of his or her preparation. Note: The program at Eastern Michigan University prepares individuals to meet the requirements in speech pathology only. Specific requirements may be obtained from the advisers in speech pathology.

Note: *Students must have and maintain a 3.0 GPA in order to be admitted into and take SPSI courses.*

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.

2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

K-12 Special Education Core: 15 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- * SPGN 481 - Assistive and Instructional Technology in Special Education 3 hrs

Teachers of Students with Speech and Language Impairment Endorsement: 31 hours

- * RDNG 300 - Early Literacy 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs
- SPHI 392 - Introduction to Audiology 3 hrs
- * SPHI 394 - Aural Habilitation Rehabilitation 3 hrs
- SPSI 332 - Acoustic Phonetics: Speech Science 2 hrs
- SPSI 334 - Applied Phonetics 3 hrs
- SPSI 335 - Introduction to Communication Disorders 3 hrs
- SPSI 336 - Physiologic Phonetics: Anatomy and Physiology 3 hrs
- SPSI 337 - Language Acquisition 3 hrs
- SPSI 346 - Speech, Language and Phonological Disorders in Children 3 hrs
- SPSI 347 - Normal Aging and Health Issues in Speech-Language Pathology 3 hrs

Liberal Arts Major Requirements - Special Education: 42 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

Professional Elementary Education Sequence - Speech/Language Pathology

Pre-Admission Phase: The Learner and the Community: 8 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 304 - Curriculum and Methods: Elementary 3 hrs
- GEOG 348 - Teaching Social Studies in Elementary Schools 3 hrs
- PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 15 hours

Prerequisite: Completion of Phase I is required.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

Phase III: Capstone Experience: 4 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Additional Continuance Criteria (Speech and Language Impairment)

To be allowed to continue in the speech-language pathology program, the student must meet the following criteria:

1. Maintenance of a cumulative overall GPA of 2.5 or better.
2. Maintenance of a cumulative major GPA of 2.5 or better.
3. Demonstration of behaviors which indicate reasonable stability, maturity, understanding and aptitude as judged necessary for predicted success as a speech-language pathologist. Such qualitative judgments will be made by the SLP faculty.
4. Students on academic probation will not be allowed to enroll in major courses until the probation is lifted and their overall GPA is 2.5.
5. Must pass a speech and hearing screening.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

* *Admission to the Initial Teacher Preparation Program required.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.

- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Speech/Language Pathology Endorsement - Secondary

The professional entry-level credential in speech-language pathology is the master's degree in the field.

Successful completion of this course of study, in the context of other program requirements, with respect to K-12 teacher licensure, satisfies the undergraduate portion of the requirements for the professional entry-level credential at the master's degree level. This program leads toward, but does not satisfy, the requirements for recommendation to the Michigan Department of Education for K-12 endorsement as a Teacher of Students with Speech and Language Impairment. This program of study meets all requirements of the Council for Exceptional Children and of the American Speech-Language-Hearing Association. The Michigan Test for Teacher Certification (MTTC) covering this field is #057, "Speech and Language Impairment."

Students selecting Secondary Certification must select a teachable minor from the approved list, and students must pass the certification test related to the minor.

Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

Certificate in Speech Pathology

The American Speech-Language-Hearing Association issues Certificates of Clinical Competence to individuals who present satisfactory evidence of their ability to provide independent clinical services to persons who have disorders of communication (speech, language and/or hearing). An individual who meets these requirements may be awarded a Certificate in Speech Pathology or in Audiology, depending upon the emphasis of his or her preparation. Note: The program at Eastern Michigan prepares individuals to meet the requirements in speech pathology only. Specific requirements may be obtained from the advisers in speech pathology.

Note:

Students must have a 3.0 GPA in order to be admitted into SPSI courses.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:

1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of “C” or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Phase III: Capstone Experience: 4 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.

4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Additional Continuance Criteria (Speech and Language Impairment)

To be allowed to continue in the speech-language pathology program, the student must meet the following criteria:

1. Maintenance of a cumulative overall GPA of 2.5 or better.
2. Maintenance of a cumulative major GPA of 2.5 or better.
3. Demonstration of behaviors which indicate reasonable stability, maturity, understanding and aptitude as judged necessary for predicted success as a speech-language pathologist. Such qualitative judgments will be made by the SLP faculty.
4. Students on academic probation will not be allowed to enroll in major courses until the probation is lifted and their overall GPA is 2.5.
5. Must pass a speech and hearing screening.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Note:

* Admission to the Initial Teacher Preparation Program required.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General**

Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Visual Impairment Endorsement - Elementary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for K-12 as a Teacher of Students with Visual Impairment (SK). This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #061, "Visual Impairment." Students may select Secondary or Elementary Teacher Certification. Students selecting Elementary Certification must complete a second major in Liberal Arts for Elementary Education. In addition, those selecting Elementary Certification must pass the "Elementary Education" certification test, #083. **Important Note: Starting October 2013 the Elementary Test #083 will be discontinued and replaced by two tests, #103 and #104.**

Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

Special Education Department Information:

Interim Department Head: Philip Smith
Department Contact: psmith16@emich.edu
Website: <http://www.emich.edu/coe/sped/>

Adviser Information:

Program Adviser: Alicia Li
Email: tli@emich.edu
Phone: 734.487.3300

Important Note: Please see your adviser **prior** to selecting any general education courses not listed in the Liberal Arts Major below. Most students will need to add one U.S. Diversity course and one Humanities course.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of

transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Major Requirements: 46 hours

* PHED 257 and SPGN 491 are considered major requirements although they are listed in the professional sequence.

K-12 Special Education Core: 26 hours

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs
- * SPGN 390 - Measurement and Diagnosis in Special Education 3 hrs
- SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction 3 hrs
- * SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities 3 hrs

Professional Elementary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 8 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 304 - Curriculum and Methods: Elementary 3 hrs
- GEOG 348 - Teaching Social Studies in Elementary Schools 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

One of the following:

- PRCT 304 - Practicum I: Elementary 3 hrs
- SPCI 240 - Preclinical Experiences — Cognitive Impairment 3 hrs
- SPEI 240 - Pre-clinical Experiences — Emotional Impairment 3 hrs
- SPPI 240 - Preclinical Experiences — POHI 3 hrs

Phase II: Content and Methods and Teaching: 15 hours

Prerequisite: Completion of Phase I is required.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

Phase III: Capstone Experience: 16 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs
- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.
4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program does not require a minor.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

** Admission to the Initial Teacher Preparation Program required.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Special Education Major K-12 Visual Impairment Endorsement - Secondary

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation to the Michigan Department of Education for a Michigan Provisional Secondary Teaching Certificate with a K-12 endorsement as a Teacher of Students with Visual Impairment, certification code SK and, depending on the minor selected, an

additional endorsement. This program of study meets all requirements of the Council for Exceptional Children. The Michigan Test for Teacher Certification (MTTC) covering this field is #061, "Visually Impaired." Students are required to regularly meet with their program area faculty adviser to expedite their program of study.

Students selecting Secondary Certification must select a teachable minor from the approved list, and students must pass the certification test related to the minor in order to be recommended for endorsement in the minor field.

Special Education Department Information:

Interim Department Head: Philip Smith
Department Contact: psmith16@emich.edu
Website: <http://www.emich.edu/coe/sped/>

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:

1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Major Requirements: 48 hours

* SPGN 491 is considered to be major a requirement although it is listed in the professional sequence.

K-12 Special Education Core: 25 hours

- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs
- SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs 2 hrs
- SPGN 323W - Writing for Professionals in Special Education (Gen Ed Area I, W) 3 hrs

Professional Secondary Education Sequence - Special Education

Pre-Admission Phase: The Learner and the Community: 4 hours

Prerequisite: Sophomore standing or higher.

- EDPS 325 - Life Span Human Growth and Development 4 hrs

Phase I: Curriculum, Assessment, and the Social Context: 6 hours

Prerequisite: Completion of Pre-Admission Phase and formal admission to the Initial Teacher Preparation Program is required.

- CURR 305 - Curriculum and Methods: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 6 hours

Prerequisite: Completion of Phase I is required.

- Methods Teaching Course in Minor area of concentration (3 hrs)
- RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 16 hours

Prerequisite: Completion of Phase II is required.

- EDUC 499 - Student Teaching 4 hrs
- SPGN 491 - Special Education Student Teaching and Seminar 12 hrs

Continuance Criteria

Continuance Criteria

Criteria for continuance in a program of study in the Department of Special Education is dependent upon

1. Maintenance of a 2.5 GPA.
2. Maintenance of a 2.5 GPA in major courses in program of study.
3. Completion of all courses in the major with a grade of C or better. Students will be required to retake any major course in which they earn a grade below C. A major course may be repeated only once.

4. Demonstration of behaviors which indicate stability, maturity, understanding and aptitude as judged necessary for predicted success in the professional field of special education. Such qualitative judgments will be made by the department faculty.

The continuance or termination decision will be made by the faculty in the program area. Students may request a meeting with the faculty of a program area to apprise faculty of any extenuating circumstances that may aid faculty in arriving at a fair and equitable decision. The faculty decision will be final and will be transmitted to the student in writing by the department head.

Nothing in this department's procedures will negate University or College of Education action for students on academic, administrative or social probation.

Termination from the Department

Students who fail to comply with the continuation criteria stated above will be notified in writing of their termination from the program. Students so notified have the right to appeal such termination through normal University channels. In some cases, a student will be required to meet with program area faculty for discussion of academic performance and continuation in the program.

Minor Requirements:

This program requires a minor. Please contact your program adviser for a list of possible minors.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

** Admission to the Initial Teacher Preparation Program required.*

MTTC Subject Area Test

Starting January 1, 2013, Students seeking licensure in a secondary or K-12 area are not required to take the MTTC subject area test in their minor area. Students who elect not to take the test in their minor will be required to sign a statement indicating that they understand that they will not be endorsed in their minor area and will not be eligible for teaching positions in their minor unless they pass the minor subject area test within five years of completing field experience and course requirements.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).

- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. University Information: Consult the online catalog at catalog.emich.edu.

Speech/Language Pathology Major - Health Care Track

The professional entry-level credential in speech-language pathology is the master's degree in the field.

Certificate in Speech Pathology

The American Speech-Language-Hearing Association issues Certificates of Clinical Competence to individuals who present satisfactory evidence of their ability to provide independent clinical services to persons who have disorders of communication

(speech, language and/or hearing). An individual who meets these requirements may be awarded a Certificate in Speech Pathology or in Audiology, depending upon the emphasis of his or her preparation. Note: The program at Eastern Michigan University prepares individuals to meet the requirements in speech pathology only. Specific requirements may be obtained from the advisers in speech pathology.

Note: *Students must have and maintain a 3.0 GPA in order to be admitted into and take SPSI courses.*

Cognitive Impairment

SPCI 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPCI 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPCI 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPCI 240 - Preclinical Experiences — Cognitive Impairment

This introductory course provides exposure to and experience with K-12 students with cognitive impairment. EMU students will be encouraged to evaluate and examine their motivation to become a teacher of students with cognitive impairment, and will be introduced to all aspects of the teaching profession. In this course students will participate in field experiences with K-12 students with cognitive impairment.

Credit Hours: 3 hrs

SPCI 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPCI 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPCI 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPCI 350L - Introduction to Cognitive Impairment (Gen Ed Area V LBC)

Introduction to the field of cognitive impairment, its history, terminology, causes, health, medical and sensorineural components. Philosophies influencing educational practice and life management approaches are presented.

Credit Hours: 3 hrs

Prerequisite: SPGN 251, PSY 101

Last Updated: Links 03/2011

SPCI 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPCI 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPCI 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPCI 427 - Education of the Elementary Student with Cognitive Impairment

Development of programs, materials and instructional techniques appropriate to meet the needs of the child with cognitive impairment from birth to age 12.

Credit Hours: 2 hrs

Prerequisite: SPCI 240, SPCI 350L and admission to the Initial Teacher Preparation Program

Last Updated: Links 03/2011

SPCI 429 - Education for Teachers of Individuals with Mild Cognitive Impairment in Inclusive Settings

Philosophy of education, curriculum, assessment, teaching methods and classroom management techniques for students with mild cognitive impairment across the K-12 spectrum. A three-hour per week field experience is an integral component of the course.

Credit Hours: 4 hrs

Prerequisite: SPCI 240, SPCI 350L and admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPCI 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPCI 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Emotional Impairment

SPEI 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPEI 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPEI 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPEI 240 - Pre-clinical Experiences — Emotional Impairment

This introductory course provides exposure to and experience with K-12 students with emotional impairment. Students are encouraged to evaluate and examine their motivation to become a teacher of students with emotional impairment, as they are introduced to all aspects of the teaching profession. In this course, students participate in field experiences with K-12 students with emotional impairment and have opportunities to visit a variety of placements serving K-12 students with emotional impairment.

Credit Hours: 3 hrs

SPEI 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPEI 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: Department permission
Last Updated: Links 03/2011

SPEI 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: Department permission
Last Updated: Links 03/2011

SPEI 301 - Children and Adolescents with Emotional Impairment

This course provides an exploration of conceptual models that explain disturbed behavior of children and adolescents. Definitive diagnostic categories will also be explored in context of their use in a variety of education settings by teachers of children and adolescents with emotional impairment.

Credit Hours: 4 hrs
Prerequisite: SPEI 240; SPGN 251; admission to the Initial Teacher Preparation Program; not open to students on academic probation
Major Restrictions: Emotional Impairment Majors only
Last Updated: Links 03/2011

SPEI 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: Department permission
Last Updated: Links 03/2011

SPEI 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: Department permission
Last Updated: Links 03/2011

SPEI 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: Department permission
Last Updated: Links 03/2011

SPEI 401L - Programming, Methods and Curriculum for Elementary Students with Emotion Impairment (Gen Ed Area V LBC)

Teaching methods, techniques and materials for educating elementary age children with emotional impairments will be presented. In addition, types of programs serving elementary age students with emotional impairment, as well as the individualized education program and federal and state rules governing the programs will be discussed.

Credit Hours: 4 hrs

Prerequisite: SPGN 390, SPGN 461, SPEI 301, and admission to the Initial Teacher Preparation Program

Major Restrictions: Emotional Impairment Majors only

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPEI 449 - Beyond Behavior

An examination of systemic topics beyond the scope of the Individuals with Disabilities Education Act (IDEA) that impact the well-being of youth and adolescents with emotional-behavioral impairments: social, cultural and environmental factors; home disruptions; internalized disorders; externalized disorders; and pervasive disorders.

Credit Hours: 3 hrs

Prerequisite: SPEI 301; SPGN 390; SPGN 395; SPGN 461 and admission to the Initial Teacher Preparation Program

Class Restrictions: Junior standing

Major Restrictions: Emotional Impairment Majors only

Last Updated: Links 03/2011

SPEI 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPEI 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPEI 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPEI 488 - Curriculum, Methods and Programming for Secondary Students with Emotional Impairment

Teaching methods, techniques and materials appropriate for adolescents with emotional impairment are presented. Transition fundamentals are addressed and students are provided opportunities to observe and interact with adolescents and young adults with emotional impairment. Students participate in the development of a transition plan through a structured field experience.

Credit Hours: 2 hrs

SPEI 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Hearing Impairment

SPHI 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 228 - Education of Students with Hearing Impairment

Designed to cover the history of the education of persons with hearing impairments, and to provide an overview of educational programming, psychological adjustment, parent counseling, communication methods and various philosophical approaches to education of persons with hearing impairments.

Credit Hours: 3 hrs

Concurrent Prerequisite: SPGN 251

Last Updated: Links 03/2011

SPHI 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 375 - Fundamentals of Sign Communication

A study of the rationale for use of manual communication systems with persons with hearing impairments, including American Sign Language, manually-coded English Sign systems and fingerspelling. Beginning-level skills in manual communication will be developed. Observation of use of sign language in school programs will be required.

Credit Hours: 2 hrs

SPHI 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPHI 387 - Introductory Practicum — Students with Hearing Impairment

Thirty clock hours of supervised observation and work with students with hearing impairments.

Credit Hours: 1 hr

Prerequisite: SPHI 228; admission to the Initial Teacher Preparation Program

Last Updated: Links 03/2011

SPHI 391 - Language for Students with Hearing Impairment

Language development of children with prelingual hearing impairments. Survey of various methods of teaching language, including natural and structured approaches.

Credit Hours: 3 hrs

Prerequisite: SPHI 228; admission to the Initial Teacher Preparation Program

Last Updated: Links 03/2011

SPHI 392 - Introduction to Audiology

This course provides an overview of the fundamental concepts of acoustics, anatomy and physiology. The pathologies of the auditory system, the basic audiological assessment techniques and audiometric interpretation; hearing screening and various rehabilitative measures will be discussed.

Credit Hours: 3 hrs

Prerequisite: SPSI 332, SPSI 334, SPSI 335, SPSI 336 and SPSI 337

Class Restrictions: Junior standing

Last Updated: Prerequisites 04/2012; Links 03/2011

SPHI 394 - Aural Habilitation Rehabilitation

A study of the avenues of receptive language available to persons with impaired hearing; the development of auditory learning, auditory training and the training of speechreading. Includes the understanding of group and individual hearing aids, other assistive technology and surgical implants.

Credit Hours: 3 hrs

Prerequisite: SPHI 392; admission to the Initial Teacher Preparation Program

Last Updated: Links 03/2011

SPHI 435 - Phonetics and Hearing Impairment

Articulatory and acoustic phonetics. Speech reception of persons with hearing impairments: auditory cues available relative to the individual's hearing loss; visual, tactile and kinesthetic correlates. Characteristics of speech production of speakers with impaired hearing. Phonetic transcription in International Phonetic Alphabet, Northampton, and Thorndike orthographic systems. Phonological level speech assessment.

Credit Hours: 3 hrs

Prerequisite: SPSI 332 and SPSI 336

Last Updated: Links 03/2011

SPHI 436 - Speech Methods for Students with Hearing Impairment

Methods of assessment and intervention in the development of intelligible connected speech in persons with hearing impairments.

Credit Hours: 3 hrs

Prerequisite: SPHI 435; admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPHI 437 - Adaptive Curriculum for Students with Hearing Impairment

Principles and methods of teaching academic subjects to students with hearing impairments. Classroom procedures and materials especially designed for students with hearing impairments, as well as the adaptation of regular curricula and materials will be presented.

Credit Hours: 3 hrs

Prerequisite: SPHI 391; admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPPI 310 - Developmental Sciences for Teachers of the Physically and Health Impaired

A study of developmental human anatomy and physiology with emphasis upon the impact of the nervous system and its integration, function and control of the other body systems and their functions. The relationship of normal development to disability is explored and infused throughout the course. Laboratory periods are required where students can investigate the principles covered in lecture using anatomical models and specimens.

Credit Hours: 4 hrs

Prerequisite: BIO 105 and SPGN 251

Last Updated: Links 03/2011

SPPI 360 - Pathology of Physical and Health Impairments

A comprehensive study of orthopedic, neurologic, health and other handicapping conditions common to children and youth comprising the population found in educational settings serviced by the POHI teacher. Medical terminology and procedures are also introduced.

Credit Hours: 3 hrs

Prerequisite: SPPI 310

Last Updated: Links 03/2011

SPPI 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPPI 412 - Ancillary Services and Health Procedures for Teachers of Physically Impaired

Information concerning the individual disciplines that provide ancillary services to physically and health impaired students. Skills involving the use of adaptive equipment, manipulation of orthotics, and implementation of health intervention and maintenance procedures will be learned.

Credit Hours: 2 hrs

Prerequisite: SPPI 310 or instructor permission; admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPPI 414 - Educational Strategies for Teachers of the Physically Impaired

This course encompasses information and develops skills needed to develop, implement, and evaluate curriculum and methods for the preschool and elementary physically and otherwise health impaired student. All aspects of cognitive, affective, and psychomotor education are explored. Emphasis is placed upon individualized instruction and programming, adaptations and modification of instructional methods and materials, remediation, communication, problem-solving, decision-making, personal adjustment, prevocational education and leisure activities. A directed classroom laboratory is required.

Credit Hours: 4 hrs

Prerequisite: SPPI 360 and CURR 304 or CURR 305; admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPGN 251 - Education of Students with Exceptionalities

This introductory survey course provides a framework for understanding how legislative and social changes in the U.S. have modified the ways in which diversity issues related to student learning characteristics have impacted equity in education. This course includes the historical, philosophical and organizational factors leading to the enactment of federal and state laws, rules, and regulations governing special education. Characteristics, educational considerations and implications of all areas of exceptionalities are addressed.

Credit Hours: 3 hrs

SPGN 271 - Speech and Language Development in Children, Adolescents and Young Adults with Exceptional Learning Needs

Speech and language development in children and adolescents from birth through young adulthood. Unique patterns of speech and language development in children and adolescents with special learning needs are emphasized. Lecture and observation.

Credit Hours: 2 hrs

Notes: Required of all special education majors except speech and language impairment and hearing impaired, who must take SPSI337 Language Acquisition.

SPGN 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

SPGN 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPGN 390 - Measurement and Diagnosis in Special Education

This course is required for all students majoring in special education. Students will learn about a wide variety of standardized and criterion-referenced tests and about their role in assessing intellectual capacity, academic achievement, socioemotional skills, adaptive behavior, and auditory and visual limitations of students with handicaps. The course will be taught in a lecture format.

Students will look at and become familiar with a wide variety of commonly used tests. Cultural reactions, test bias, and limitations will be explored.

Credit Hours: 3 hrs

Prerequisite: SPGN 251; admission to the Initial Teacher Preparation Program

Last Updated: Links 03/2011

SPGN 395 - Children, Adolescents, and Young Adults with Disabilities: School, Family and Community Interaction

Knowledge of the reciprocal influences of children and adolescents with disabilities, their families, and community institutions: legal, medical, social, educational, and welfare components of social institutions. Students develop skills required to identify problem areas for the children and adolescents with disabilities, and their families, when interfacing with community institutions and to plan and implement effective intervention for positive growth.

Credit Hours: 3 hrs

Prerequisite: SPGN 251

Last Updated: Links 03/2011

SPGN 401 - International Teaching I (NEW COURSE)

Students will have the opportunity to practice teaching non-English and/or English speaking children and develop an understanding of different learning styles, cultures, societies, family, language, history, and education through a semester-long teaching practicum in a foreign classroom. They will learn about characteristics of culturally and linguistically diverse students, evidence-based teaching methods, and teachers' roles and responsibilities.

Credit Hours: 6 hrs

Prerequisite: 48-credit hours and department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Notes: Students may register for both SPGN 401: International Teaching I and SPGN 402: International Teaching II for a total of 12 credits.

Last Updated: Graduate Credit Approval 09/2012, effective Winter 2013; New Course 6/2012

SPGN 402 - International Teaching II (NEW COURSE)

Students will have the opportunity to practice teaching non-English and/or English speaking children and develop an understanding of different learning styles, cultures, societies, family, language, history, and education through a semester-long teaching practicum in a foreign classroom. They will learn about characteristics of culturally and linguistically diverse students, evidence-based teaching methods, and teachers' roles and responsibilities.

Credit Hours: 6 hrs

Prerequisite: 48-credit hours and department permission

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Notes: Students may register for both SPGN 401: International Teaching I and SPGN 402 International Teaching II for a total of 12 credits.

Last Updated: Graduate Credit Approval 09/2012, effective Winter 2013; New Course 06/2012

SPGN 461 - Classroom Management and Intervention Strategies for Students with Disabilities

Strategies, approaches and techniques for effective classroom management for students with disabilities. Behavioral theories provide the foundation for the construction of effective strategies and techniques applicable in inclusive, resource and self-contained classroom settings. Roles and responsibilities of students, teachers, families and other school personnel are discussed.

Credit Hours: 3 hrs

Prerequisite: SPGN 251; admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPGN 471 - Curriculum and Transitions for Secondary Special Education

The role of the special educator relative to curriculum and transition planning at the secondary level is explored. Topics address all disability areas and settings. An approved field work practicum is required.

Credit Hours: 3 hrs

Prerequisite: SPGN 251, SPGN 390, SPGN 461, SPGN 395 and admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPGN 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPGN 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPGN 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 03/2011

SPGN 481 - Assistive and Instructional Technology in Special Education

Identification and Implementation of instructional and assistive technology in the special general education curriculum. Educational software, productivity, applications, digital media, adapted microcomputers, voice input/output, switching device, alternative input methods, adaptive output methods and other adaptive and assistive devices are explored. Course provides a

broad knowledge base rather than disability specific information.

Credit Hours: 3 hrs

Prerequisite: SPGN 251; admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011; Links 03/2011

SPGN 485 - Curriculum, Programs and Services for Adolescents and Young Adults with Disabilities

Secondary and post-secondary special education curricula, programs and services are explored, with focus on the cognitive, personal, social, emotional, physical, prevocational and vocational needs of adolescents and young adults with disabilities.

Credit Hours: 2 hrs

SPGN 486 - Transition and Related Field Experiences: Adolescents and Young Adults with Disabilities

Application of transition fundamentals appropriate to the student's area of endorsement. Observation and direct work with adolescents and young adults with disabilities is required. A transition plan will be completed.

Credit Hours: 2 hrs

SPGN 491 - Special Education Student Teaching and Seminar

Culminating field-based experience and seminar in the Special Education professional preparation program. Student teaching placement is in a K-12 special education setting in the area in which the endorsement will be earned. Seminar requirements will focus on expanding field-based experiences. The placement and seminar are for one complete academic semester.

Credit Hours: 12 hrs

Prerequisite: admission to the Initial Teacher Preparation Program

Graduate Credit: This is an undergraduate course available to graduate students for graduate credit.

Last Updated: Graduate Credit 07/2011

SPGN 497 - Independent Study

Directed study of a problem or group of problems in special education.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 03/2011

SPGN 498 - Independent Study

Directed study of a problem or group of problems in special education.

Credit Hours: 2 hrs

Prerequisite: Department permission

SPSI 332 - Acoustic Phonetics: Speech Science

Basic principles of acoustic science and speech perception. Consideration of speech as an acoustical phenomenon and the analysis of speech patterns through measurements of sound and spectral analysis.

Credit Hours: 2 hrs

Class Restrictions: Junior standing or higher

Major Restrictions: Must be enrolled in one of the following majors: Special Education Major K-12 Speech/Language Pathology Endorsement (Elementary or Secondary), Speech/Language Pathology Major - Health Care Track

Course Revisions:

Course Revisions: This course will have a class restriction change from "none" to "Junior standing or higher," effective Winter 2013. The course revision also includes a major restriction from "SPSI approved" to "Must be enrolled in one of the following majors: Special Education Major K-12 Speech/Language Pathology Endorsement (Elementary or Secondary), Speech/Language Pathology Major - Health Care Track."

Last Updated: Major and Class Restriction Change 10/2012, effective Winter 2013

SPSI 334 - Applied Phonetics

An introduction to the use of the International Phonetic Alphabet Classification and production of English speech sounds. Phonemic transcription, including some analysis of deviant and variant speech. Lab experiences weekly.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or higher

Major Restrictions: Must be enrolled in one of the following majors: Special Education Major K-12 Speech/Language Pathology Endorsement (Elementary or Secondary), Speech/Language Pathology Major - Health Care Track

Course Revisions:

Course Revisions: This course will have a class restriction change from "none" to "Junior standing or higher," effective Winter 2013. The course revision also includes a major restriction from "SPSI approved" to "Must be enrolled in one of the following majors: Special Education Major K-12 Speech/Language Pathology Endorsement (Elementary or Secondary), Speech/Language Pathology Major - Health Care Track."

Last Updated: Major and Class Restriction Change 10/2012, effective Winter 2013; Credit Hour Change 02/2012

SPSI 335 - Introduction to Communication Disorders

A study of the major communication disorders as deviations from normal physical and social behavior. Etiology and symptomatology.

Credit Hours: 3 hrs

Corequisites: SPSI 334

Class Restrictions: Junior standing or higher

Course Revisions:

Course Revisions: This course will have a title change from "Communication Disorders" to "Introduction to Communication Disorders," effective Winter 2013. The course revision also includes a class restriction change from "none" to "Junior standing or higher," and a major restriction change from "SPSI approved" to "none."

Last Updated: Title, Major, and Class Restriction Change 10/2012, effective Winter 2013

SPSI 336 - Physiologic Phonetics: Anatomy and Physiology

Anatomy and physiology of normal speech production, consideration of speech as a motor behavior, physiological investigation of speech and voice.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or higher

Major Restrictions: Must be enrolled in one of the following majors: Special Education Major K-12 Speech/Language Pathology Endorsement (Elementary or Secondary), Speech/Language Pathology Major - Health Care Track

Course Revisions:

Course Revisions: This course will have a class restriction change from "none" to "Junior standing or higher," effective Winter 2013. SPSI 344 - Clinical Practice in Speech-Language Pathology

Supervised clinical experience with language, phonological and articulation disorders.

Credit Hours: 2 hrs

Prerequisite: SPSI343 and department permission

SPSI 346 - Speech, Language and Phonological Disorders in Children

Issues in the theoretical bases of speech, language and phonological disorders in children. Review of nature and diagnosis of these disorders in children.

Credit Hours: 3 hrs

Prerequisite: SPSI 332, SPSI 334, SPSI 336 and SPSI 337

Class Restrictions: Junior standing or higher

Major Restrictions: Must be enrolled in one of the following majors: Special Education Major K-12 Speech/Language Pathology Endorsement (Elementary or Secondary), Speech/Language Pathology Major - Health Care Track

Previously Listed As: (SPSI 340 and SPSI 342); SPSI 341 **Course Revisions:**

Course Revisions: This course will have a class restriction change from "none" to "Junior standing or higher," effective Winter 2013. The course revision also includes a major restriction from "SPSI approved" to "Must be enrolled in one of the following majors: Special Education Major K-12 Speech/Language Pathology Endorsement (Elementary or Secondary), Speech/Language Pathology Major - Health Care Track."

Last Updated: Major and Class Restriction Change 10/2012, effective Winter 2013

SPSI 347 - Normal Aging and Health Issues in Speech-Language Pathology

This course is designed to introduce students to the impact of normal aging on communication disorders. Structures and models for service delivery associated with speech pathologists serving geriatric patients will also be taught.

Credit Hours: 3 hrs

Class Restrictions: Junior standing or higher

Major Restrictions: Must be enrolled in one of the following majors: Special Education Major K-12 Speech/Language Pathology Endorsement (Elementary or Secondary), Speech/Language Pathology Major - Health Care Track

Course Revisions:

SPVI 365 - Braille

Developing proficiency in reading and writing error-free braille and the reading of music braille.

Credit Hours: 3 hrs

Prerequisite: Admission to the Initial Teacher Preparation Program

Concurrent Prerequisite: SPGN 251

Last Updated: Links 03/2011

SPVI 366 - The Eye and Vision — Anatomy and Physiology

Anatomy, physiology, and pathology of the organs of vision, refractive errors, and principles of correction. Educational implications of visual impairment in children, rather than strictly medical achievements. Interpretation of medical reports to parents, students and teachers.

Credit Hours: 2 hrs

Prerequisite: SPGN 251

Last Updated: Links 03/2011

SPVI 368 - Mobility Training for Persons with Visual Impairment

Sensory training, study, and development of cane techniques as they apply to mobility for persons with visual impairment. Introduction to leader dog program. Practicum included. Offered on the junior, senior and graduate level.

Credit Hours: 2 hrs

Class Restrictions: Junior standing

SPVI 369 - Community Considerations for Persons with Visual Impairment

The lifestyle and needs of persons with visual impairment; appropriate considerations the community must take for all levels of physical, emotional, and vocational development. Field trips and classroom experiences, acquaintance with a wide variety of service-oriented facilities for persons with visual impairment.

Credit Hours: 3 hrs

Prerequisite: SPGN 251; admission to the Initial Teacher Preparation Program

Last Updated: Links 03/2011

SPVI 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: Department permission

Teacher Education Programs and Courses

Teacher Education

Major

Elementary Education Early Childhood Education Major (ECE)

Students seeking a major in ECE need to attend early childhood group advising sessions early in their program.

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Department of Education Elementary Provisional Certificate, which is valid for teaching all subjects K-5, for teaching in self-contained classrooms in grades six to eight. In addition, the student who passes the Early Childhood Education MTTC is qualified for endorsement in early childhood, certification code ZS. The Michigan Test for Teacher Certification (MTTC) for this field are #082, "Early Childhood," #083, "Elementary Education," and Elementary Certification Test 1, #103, and Elementary Certification Test 2, #104, and those needed for subject area endorsements.

Elementary education and early childhood education students are required to attend a group advising session and then an open advising session before being assigned an adviser.

Teacher Education Department Information:

Interim Department Head: Martha Kinney-Sedgwick
Department Contact: mkinneys@emich.edu
Website: <http://www.emich.edu/coe/ted/>

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of “C” or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Liberal Arts Major Requirements: 48 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Note: Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs

- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 313 - Michigan History 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

One course from the following:

- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Content Requirements: 34 hours

- ECE 214 - The Developing Child Birth-Age Eight 3 hrs
- ECE 215 - The Developing Early Childhood Professional 3 hrs
- ECE 302 - Child Centered Teaching and Learning 3 hrs
- ECE 303 - Implementing the Curriculum 3 hrs
- ECE 307 - Diverse Children, Families and Communities 3 hrs
- ECE 314 - Infants and Toddlers: Development, Curriculum and Programs 3 hrs
- ** ECE 341 - Assessment of the Young Child 3 hrs
- ECE 342 - Intentional Teaching in the Content Areas 3 hrs
- ECE 343 - Advocacy, Leadership and Administration 3 hrs
- ECE 451 - inclusive Classroom in Early Childhood 3 hrs
- EDUC 495 - Student Teaching 4 hrs

Professional Elementary Education Sequence - ECE

Pre-Admission Phase: The Learner and the Community: 7 hours

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment, and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

Prerequisite: Completion of Phase I is required.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- PRCT 310 - Practicum II: Elementary 3 hrs
- RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 495 - Student Teaching 4 hrs
- EDUC 498 - Student Teaching 5 hrs

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

** This course cannot be taken until Pre-Admission Phase is completed.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.

- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Elementary Education Integrated Science Major

Elementary Teacher Certification

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. The Michigan Test for Teacher Certification (MTTC)

covering this certification are Elementary Certification tests #103 and #104. The endorsement test for Integrated Science (Elementary) is MTTC#093.

Teacher Education Department Information:

Interim Department Head: Martha Kinney-Sedgwick

Department Contact: mkinneys@emich.edu

Website: <http://www.emich.edu/coe/ted/>

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.

2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Liberal Arts Major Requirements: 48 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Note: Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 313 - Michigan History 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

One course from the following:

- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Integrated Science Content Major Requirements: 36 hours

Required Course: 33 hours

- ASTR 105 - Exploration of the Universe (Gen Ed Area IV) 3 hrs
- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- CHEM 312 - Teaching Elementary Chemistry 3 hrs
- ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ESSC 311 - Weather and Climate for Elementary Teachers 3 hrs
- ESSC 312 - Essentials of the Geosphere for Elementary Teachers 3 hrs
- PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- PHY 311 - Teaching Elementary Physical Science 3 hrs

One course from the following:

- BIOT 407 - Nature of Science for Elementary Teachers 2 hrs
- CHEM 407 - Nature of Science for Elementary Teachers 2 hrs
- ESSC 407 - Nature of Science for Elementary Teachers 2 hrs

Restricted Elective: 3 hours

Three hours from the following:

- ASTR 204 - Astronomical Investigations (Gen Ed Area IV) 1 hr
- ASTR 311 - Astronomy Projects for Elementary Teachers 3 hrs
- BIO 140 - Biology of Animals 4 hrs
- BIO 205 - Field Biology 4 hrs
- BIO 215 - Plants and People (Gen Ed Area III) 3 hrs
- BIO 226 - Global Ecology and the Environment 4 hrs
- BIO 259 - Biology of Aging 2 hrs
- CHEM 315 - Green Chemistry and the Environment for Elementary Teachers 3 hrs
- ESSC 114 - Geology of the National Parks (Gen Ed Area IV) 4 hrs
- ESSC 208 - Natural Environmental Hazards 3 hrs
- ESSC 307 - Essentials of Oceanography for Elementary Teachers 3 hrs
- ESSC 315 - Water and the Environment for Elementary Teachers 3 hrs
- ESSC 414 - Teaching Science with Dinosaurs 3 hrs
- PHY 312 - Electricity Experiments for Elementary Teachers 3 hrs

Professional Elementary Education Sequence

Pre-Admission Phase: The Learner and the Community: 11 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment, and the Social Context: 18 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** EDPS 340 needs to be taken with or after CURR 304.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- * PRCT 310 - Practicum II: Elementary 3 hrs
- * RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

** These courses are listed as co-requisites.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.

- Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: [General Education](#)

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Elementary Education Program with Two Minors

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. The Michigan Test for Teacher Certification (MTTC) covering this certification are Elementary Certification tests #103 and #104.

Teacher Education Department Information:

Interim Department Head: Martha Kinney-Sedgwick

 Website: <http://www.emich.edu/coe/ted/>

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of "C" or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state "for elementary teachers," and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Liberal Arts Major Requirements: 48 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Note: Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 313 - Michigan History 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

One course from the following:

- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Content Requirements: 40-48 hours

Select two teaching minors from the following:

(Cannot combine Language Arts and Reading minors)

- Elementary Education Integrated Science Minor
- Elementary Education Language Arts Group Minor
- Elementary Education Mathematics Minor
- Elementary Education Reading Minor

One of the minors can be in French, German, Spanish, or Teaching English as a Second Language.

Professional Elementary Education Sequence

Pre-Admission Phase: The Learner and the Community: 11 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs

- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment, and the Social Context: 18 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** EDPS 340 needs to be taken with or after CURR 304.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- * PRCT 310 - Practicum II: Elementary 3 hrs
- * RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the *100-level and above*. Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement. A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement**. (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 *unique* credit hours in their major and 20 *unique* credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Elementary Education Reading Major

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. The Michigan Test for Teacher Certification (MTTC) covering this certification are Elementary Certification tests #103 and #104. The endorsement test for Reading (Elementary) is MTTC #005.

- HIST 109 - World History to 1500 3 hrs
- HIST 110 - World History since 1500 (Gen Ed Area III) 3 hrs
- HIST 124 - The United States, 1877 to the Present (Gen Ed Area IV) 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs
- PLSC 112 - American Government (Gen Ed Area IV) 3 hrs
- PLSC 305 - Law and Policy in a Constitutional Democracy 3 hrs

One course from the following:

- ANTH 135 - Introduction to Cultural Anthropology (Gen Ed Area III, IV) 3 hrs
- SOCL 105 - Introductory Sociology (Gen Ed Area IV) 3 hrs

One course from the following:

- ECON 100 - Introduction to Economic Problems and Policies (Gen Ed Area IV) 3 hrs
- ECON 200 - The American Economy 3 hrs
- ECON 201 - Principles of Macroeconomics (Gen Ed Area IV) 3 hrs

One course from the following:

- ECON 375 - Economic History of the United States 3 hrs
- ECON 385 - Economic Development 3 hrs
- WGST 328 - Economics of Women 3 hrs

One course from the following

- HIST 305 - Native American History 3 hrs
- HIST 315 - History of Black Americans 3 hrs
- HIST 336 - History of Women in the United States and Great Britain, 1800 to the Present 3 hrs
- HIST 341 - The Middle East, 1798 to the Present 3 hrs
- HIST 342 - North Africa, 1798 to the Present 3 hrs
- HIST 348 - 20th-Century Africa 3 hrs

- WGST 336 - History of Women in the United States and Great Britain, 1800 to the Present 3 hrs

Professional Elementary Education Sequence

Pre-Admission Phase: The Learner and the Community: 11 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs

- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment, and the Social Context: 18 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** EDPS 340 needs to be taken with or after CURR 304.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- * PRCT 310 - Practicum II: Elementary 3 hrs
- * RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Note:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

* These courses are listed as corequisites.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. **Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.**

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Elementary Education Integrated Science Minor

Elementary and Special Education-Elementary Teacher Certification

Successful completion of this course of study, in the context of other program requirements, qualifies the student for recommendation for the Michigan Elementary Provisional Certificate. The Michigan Test for Teacher Certification (MTTC) covering this certification are Elementary Certification tests #103 and #104. The endorsement test for Integrated Science (Elementary) is MTTC #093.

Department Contact: mkinneys@emich.edu

Website: <http://www.emich.edu/coe/ted/>

Initial Teacher Preparation Program Admission

In order to pursue the sequence of courses necessary to complete eligibility for recommendation for certification, one must apply for and be admitted to the teacher preparation program. Admission requirements are common for all teacher preparation programs, except that certain special education programs have additional requirements.

Each undergraduate student is responsible for applying to the teacher preparation program immediately after the semester in which the student has earned 56 credit hours. Transfer students with more than 56 credit hours should apply immediately after the semester in which they have earned 12 hours at EMU, including at least one course in their major. Students with 56 hours of transfer course work with a decision GPA of 3.0 may apply for admission to the teacher preparation program without 12 earned hours at EMU.

Admission to the teacher preparation program is not automatic. Only those persons who have formally applied are considered for admission. Not all persons who apply become eligible for admission.

Applications for the Initial Teacher Preparation Program at EMU **are available within your my.emich account under the "Student" tab**. Submit your completed application to the Office of Academic Services once you have earned 56 credit hours.

Teaching majors and minors are unofficial until program admission. Students pursuing teacher certification should follow the catalog that exists at the time of program admission. It is important that students apply to the teacher preparation program as soon as they have earned 56 credit hours.

Criteria

1. Completion of 56 credit hours
2. Appropriate cumulative GPA. One of:
 1. An overall EMU GPA of 2.5 or higher. At least 12 of the 56 credit hours taken at EMU with an EMU GPA of 2.5 or higher in your major (each of your majors if declaring a double major). You must complete at least one course in your major(s) in order to be eligible.
 2. Transferred 56 credits with a cumulative 3.0 GPA from all previous institutions.
3. A grade of “C” or higher (if taken) in the following courses:
 1. Secondary: ENGL 121 , CTAC 124, quantitative reasoning, one lab science, all professional education courses, and, if special education, PSY 101.
 2. Elementary: ENGL 121, CTAC 124, MATH 108, MATH 110E, PHY 100, CHEM 101, ESSC 202, all of the professional education courses, all courses that state “for elementary teachers,” and, if special education, PSY 101.
4. Passing scores on all three sections of the Michigan Test for Teacher Certification Basic Skills Test (MTTC) (reading, mathematics, and writing). Official score report must be on file at Eastern Michigan University.
5. Personal statement about your experiences with youth/children and why you are going into teaching. This statement will be read for content, grammar, and punctuation.
6. Completion of a Disposition Self Evaluation Form.
7. ICHAT criminal background check and Statement of Civil/Criminal Convictions. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 1. A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 2. A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
8. Meet academic, social, moral, and financial obligations as a member of the EMU community.

Required Courses: 15 hours

- ASTR 105 - Exploration of the Universe (Gen Ed Area IV) 3 hrs
- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- * ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs

Three courses from the following: 9-10 hours

- BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- CHEM 312 - Teaching Elementary Chemistry 3 hrs
- ESSC 311 - Weather and Climate for Elementary Teachers 3 hrs
- PHY 311 - Teaching Elementary Physical Science 3 hrs

Minor Total: 24-25 hours

Notes:

All minors must have at least six hours of course work at the 300-level or above.

** For transfer students with ESSC 108 credit completed: ESSC 108 automatically substitutes for ESSC 202 and fulfills the requirement.*

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. Post-Baccalaureate

Post-Baccalaureate Program in Elementary Education

Students pursuing this program will complete elementary teacher certification requirements. Students wishing to pursue an endorsement in any area of special education, in addition to their teaching certificate, should see the master's teacher certification and endorsement in special education program described under the Department of Special Education. Students wishing to be certified in any of the following areas have requirements that differ from the general programs listed below and must obtain additional information from the College of Education Office of Academic Services: art, music (vocal and instrumental), physical education, business, management, marketing and technology, and technology and design. General procedures for obtaining post-baccalaureate certification can be found under the College of Education.

Initial contact for all post-baccalaureate students should be with the College of Education Office of Academic Services.

Admission Requirements

1. Minimum cumulative undergraduate GPA of 2.5 or a 3.0 in a master's degree from an accredited college or university. Applicants with less than a 2.5 GPA should contact the Second Bachelor's Office located in the Undergraduate Advising and Career Development Center, 200 McKenny, 734.487.5497.
2. Passing scores on all three sections (reading, mathematics and writing) of the Michigan Test for Teacher Certification (MTTC) Basic Skills Test; an official score report on file at Eastern Michigan University.
3. Personal statement and letter of recommendation.
4. Freedom from civil/criminal convictions, academic probation, or administrative probation. ICHAT criminal background check and Statement of Civil/Criminal Convictions. For any civil/criminal conviction provide:
 - A copy of the Judgment of Sentence, Registrar of Actions, or Certification of Conviction.
 - A written explanation of the offense(s).

Applications of students with civil/criminal convictions will be carefully reviewed and may take longer to process.

Meet academic, social, moral, and financial obligations as a member of the EMU community. Compliance with all other admissions requirements.

Program Requirements

The student must:

1. Have a review of previous course work performed by the College of Education Office of Academic Services, to determine those requirements already completed, both for the teaching subject major/minor and for certification.
2. Successfully complete major/minor requirements for elementary education.
3. Successfully complete required hours of fieldwork experience. Presently a minimum of 100 clock hours of field experience is required, including required practicum courses.
4. Successfully complete professional elementary education course requirements.
5. Successfully complete student teaching.

Exit Criteria

1. Successful completion of all course work on program (designated minimum GPA overall, and in majors/minors).
2. Successful completion of required student teaching.
3. Successful completion of required subject area tests.
4. Recent signed civil/criminal convictions statement.
5. Current adult and child CPR and first aid certification.

Curricula

Most courses required for post-baccalaureate certification are undergraduate courses (course numbers under 500). It is important to note that 600-level or higher courses may not be used on a program of study.

Teacher Education Department Information:

Interim Department Head: Martha Kinney-Sedgwick

Department Contact: mkinneys@emich.edu

Website: <http://www.emich.edu/coe/ted/>

Criteria for Admission to the Post-Baccalaureate Certification Program

- Minimum cumulative undergraduate grade point average (GPA) of 2.5 or a 3.0 in a master's degree from an accredited college or university. Applicants with less than a 2.5 GPA should contact the Second Bachelor's Office, 301 Pierce Hall, 734.487.5497
- Passing scores on all three sections (reading, mathematics and writing) of the Michigan Test for Teacher Certification (MTTC) Basic Skills Test; an official score report must be on file at Eastern Michigan University.
- Personal Statement and letter of recommendation.
- Freedom from civil/criminal convictions, academic probation, or administrative probation. If you answered yes to any of the civil/criminal conviction questions on the application, you will need to provide:
 - A copy of the Judgment of Sentence, or Registrar of Actions, or Certification of Conviction.
 - A written explanation of the offense(s). Application of students with civil/criminal convictions will be carefully reviewed and may take longer to process.
- Meet academic, social, moral, and financial obligations as a member of the EMU community.
- Compliance with all other admissions requirements.

Undergraduate students on academic probation may not earn credit for any graduate-level on-campus or off-campus courses (500-level and above).

Once admitted, students are considered teacher candidates. Manuals, policies and procedures are available to all teacher candidates at www.emich.edu/coe/oas. Teacher candidates should print the student manual, read it and keep a copy for their records.

The teacher preparation program has a process for identifying teacher candidates with professional weaknesses. The process is called "red flagging" and is explained in student and faculty manuals. Two red flags can lead to dismissal from the teacher preparation program.

Program Requirements:

All elementary certification students must complete the requirements for the Liberal Arts Major for Elementary Education as well as the Professional Education Sequence. The elementary certification student must also choose a second major or two minors. The Michigan Test for Teacher Certification (MTTC) covering this certification are Elementary Certification tests #103 and #104.

Liberal Arts Major Requirements: 48 hours

✧ *Twelve of the required courses can fulfill General Education requirements*

Note: Some of the courses listed below may also be listed in other areas of the program but only need to be taken once.

- ✧ ARTE 220 - Visual Arts for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHEM 101 - Chemistry for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ CHL 207 - Introduction to Children's Literature (Gen Ed Area IV) 3 hrs
- ✧ CTAC 124 - Foundations of Speech Communication (Gen Ed Area I) 3 hrs
- DANC 220 - Dance for the Elementary School Teacher 3 hrs
- ✧ ENGL 121 - Composition II: Researching the Public Experience (Gen Ed Area I) 3 hrs
- ✧ ESSC 202 - Earth Science for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ GEOG 110 - World Regions (Gen Ed Area III) 3 hrs
- ✧ HIST 123 - The United States to 1877 (Gen Ed Area IV) 3 hrs
- HIST 313 - Michigan History 3 hrs
- MATH 108 - Problem Solving and Number Concepts for Elementary School Teachers 3 hrs
- ✧ MATH 110E - Mathematical Reasoning: Applications for Elementary School Teachers (Gen Ed Area II) 3 hrs
- ✧ MUSC 220 - Music for the Elementary Teacher (Gen Ed Area IV) 3 hrs
- ✧ PHY 100 - Physics for Elementary Teachers (Gen Ed Area IV) 3 hrs
- ✧ PLSC 112 - American Government (Gen Ed Area IV) 3 hrs

One course from the following:

- ENGL 307 - Writing Process for Elementary Teachers 3 hrs
- RDNG 240 - Reading and Writing Connections in the Elementary Grades 3 hrs

Approved Additional Majors in Elementary Education:

- Early Childhood Education
- Integrated Elementary Science
- Language Arts Group
- Mathematics for Elementary Teaching
- Reading
- Social Studies Group

Approved Additional Minors in Elementary Education:

- Integrated Elementary Science
- Language Arts Group
- Mathematics for Elementary Teaching
- Reading

The student may not combine Language Arts and Reading minors. One of the minors can be in:

- French Language
- German Language
- Spanish Language
- Teaching English as a Second Language

Professional Elementary Education Sequence

Pre-Admission Phase: The Learner and the Community: 11 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- HLED 320 - Health Education in the Elementary Grades 2 hrs
- PHED 257 - Physical Education for the Classroom Teacher 2 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment, and the Social Context: 18 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** EDPS 340 needs to be taken with or after CURR 304.

- * CURR 304 - Curriculum and Methods: Elementary 3 hrs
- EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 304 - Practicum I: Elementary 3 hrs
- RDNG 300 - Early Literacy 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 18 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- BIOT 303 - Life Science for Elementary Teachers 3 hrs
- CTAR 300 - Integrated Arts 3 hrs
- MATH 381 - Teaching Mathematics in Elementary School 3 hrs
- * PRCT 310 - Practicum II: Elementary 3 hrs
- * RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades 3 hrs

One course from the following:

- CURR 308 - Integrated Elementary Social Studies Methods 3 hrs
- HIST 308 - Integrated Elementary Social Studies Methods 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II is required.

- EDUC 492 - Student Teaching 9 hrs
This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Post-Baccalaureate Program in Secondary Education

Students pursuing this program will complete secondary teacher certification requirements. Students wishing to pursue an endorsement in any area of special education, in addition to their teaching certificate, should see the master's teacher certification and endorsement in special education program described under the Department of Special Education. Students wishing to be certified in any of the following areas have requirements that differ from the general programs listed below and must obtain additional information from the College of Education Office of Academic Services: art, music (vocal and instrumental), physical education, business, management, marketing and technology, and technology and design. General procedures for obtaining post-baccalaureate certification can be found under the College of Education.

Initial contact for all post-baccalaureate students should be with the College of Education Office of Academic Services.

Admission Requirements

1. Minimum cumulative undergraduate GPA of 2.5 or a 3.0 in a master's degree from an accredited college or university. Applicants with less than a 2.5 GPA should contact the Second Bachelor's Office located in the Undergraduate Advising and Career Development Center, 200 McKenny, 734.487.5497.
2. Passing scores on all three sections (reading, mathematics and writing) of the Michigan Test for Teacher Certification (MTTC) Basic Skills Test; an official score report on file at Eastern Michigan University.
3. Personal statement and letter of recommendation.
4. Freedom from civil/criminal convictions, academic probation, or administrative probation. ICHAT criminal background check and Statement of Civil/Criminal Convictions. For any civil/criminal conviction provide:
 - A copy of the Judgment of Sentence, Registrar of Actions, or Certification of Conviction.
 - A written explanation of the offense(s).
5. Meet academic, social, moral, and financial obligations as a member of the EMU community.
6. Compliance with all other admissions requirements.

Program Requirements

The student must:

1. Have a review of previous course work performed by the College of Education Office of Academic Services, to determine those requirements already completed, both for the teaching subject major/minor and for certification.
2. Successfully complete general education requirements as needed.
3. Successfully complete major/minor requirements for secondary education.
4. Successfully complete required hours of fieldwork experience. Presently a minimum of 100 clock hours of field experience is required, including required practicum courses.
5. Successfully complete professional secondary education course requirements.
6. Successfully complete student teaching.

Exit Criteria

1. Successful completion of all course work on program (designated minimum GPA overall, and in majors/minors).
2. Successful completion of required student teaching.
3. Successful completion of required subject area tests.
4. Recent signed civil/criminal convictions statement.
5. Current adult and child CPR and first aid certification.

Liberal Art Requirements:

Students must complete a minimum of 40 credit hours in liberal arts studies, which include the areas listed below. Many students can meet most liberal arts requirements through courses previously taken as part of a bachelor’s degree.

- a course in English writing
- a course in communication
- a course in literature
- a course in humanities/social sciences (American Government recommended)
- a course in mathematics
- a course in natural or physical sciences
- a course in arts

Major/Minor Requirements:

Students must complete one approved major and one approved minor.

Approved Majors for Secondary Education:

- Biology
- Business, Management, Marketing and Technology
- Chemistry
- Communication and Theatre Arts (speech)
- Computer Science
- Earth Science
- French Language
- Geography (requires a minor in History)
- German Language and Literature

- History (requires a minor in Geography)
- Integrated Science*
- Language, Literature and Writing (English)
- Mathematics
- Physical Science Comprehensive Major*
- Physical Science Group Major (requires a minor in Biology, Chemistry, Earth Science or Physics)
- Physics
- Social Studies (requires a minor in Economics, Geography, History or Political Science)
- Spanish Language

Approved Minors for Secondary Education:

- Biology
- Chemistry
- Communication and Theatre Arts (speech)
- Computer Science
- Earth Science
- Economics (requires a major in Social Studies)
- French Language
- Geography
- German Language
- Health
- History (requires a major in Social Studies or Geography)
- Language, Literature and Writing (English)
- Mathematics
- Physical Education
- Physics
- Political Science (requires a major in Social Studies)
- Psychology
- Spanish Language

- Teaching English as a Second Language
- Vocational Technical Education

Approved K-12 (Secondary Certificate):

- French Language
- German Language and Literature
- Japanese Language and Culture
- Music Education (Instrumental)*
- Music Education (Vocal)*
- Physical Education
- Spanish Language
- Technology and Design Education
- Visual Art Education*

* This major does not require a minor.

Professional Secondary Education Sequence

Pre-Admission Phase: The Learner and the Community: 7 hours

Prerequisite: Sophomore standing or higher.

- EDPS 322 - Human Development and Learning 4 hrs
- SPGN 251 - Education of Students with Exceptionalities 3 hrs

The following courses require formal admission to the Initial Teacher Preparation Program:

Phase I: Curriculum, Assessment and the Social Context: 15 hours

Prerequisite: Completion of Pre-Admission Phase is required.

* These two courses must be taken together.

** These courses must be taken with or after CURR 305.

- * CURR 305 - Curriculum and Methods: Secondary 3 hrs
- ** EDMT 330 - Instructional Applications of Media and Technology 3 hrs
- ** EDPS 340 - Introduction to Assessment and Evaluation 3 hrs
- * PRCT 305 - Practicum I: Secondary 3 hrs
- SOFD 328W - Schools for a Diverse and Democratic Society (Gen Ed Area I, W) 3 hrs

Phase II: Content and Methods and Teaching: 9-12 hours

Prerequisite: Completion of Phase I is required.

* These two courses must be taken together.

- Methods of Teaching in Subject Area (3-6 hrs)
- * PRCT 311 - Practicum II: Secondary 3 hrs
- * RDNG 311 - Teaching Reading in the Secondary School 3 hrs

Phase III: Capstone Experience: 9 hours

Prerequisite: Completion of Phase II and 100 pre-student teaching hours is required.

- EDUC 492 - Student Teaching 9 hrs

This course requires a formal application to be submitted 7-8 months prior to the Student Teaching semester.

Curriculum

CURR 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

CURR 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

CURR 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

CURR 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

CURR 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

CURR 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

CURR 304 - Curriculum and Methods: Elementary

The concept of curriculum and its relationship to differing philosophies of education and styles of teaching. The instructional process and multiple teaching strategies examined and applied through lesson planning and demonstration. Classroom management principles and techniques considered in the light of a curriculum and instruction perspective. This course is linked to PRCT 304, a planned practicum experience in public schools.

Credit Hours: 3 hrs

Prerequisite: EDPS 322 or EDPS 325; admission to the Initial Teacher Preparation Program

Last Updated: Links 04/2011

CURR 305 - Curriculum and Methods: Secondary

The concept of curriculum and its relationship to differing philosophies of education and styles of teaching. The instructional process and multiple teaching strategies examined and applied through lesson planning and demonstration. Classroom management principles and techniques considered in the light of a curriculum and instruction perspective. Includes a planned practicum experience in public schools in addition to the regularly scheduled hours.

Credit Hours: 3 hrs

Prerequisite: EDPS 322 or EDPS 325; admission to the Initial Teacher Preparation Program

Last Updated: Links 04/2011

CURR 308 - Integrated Elementary Social Studies Methods

Social studies is the integrated study of the social sciences and humanities to promote civic competence inherent in group life. This course explores the teaching of social studies in the elementary school. It is organized to cover a variety of teaching methods to acquire skills through lectures, discussions, activities, and presentations.

Credit Hours: 3 hrs

Prerequisite: CURR 304 and admission to the Initial Teacher Preparation Program

Class Restrictions: Junior standing or above

Major Restrictions: Elementary Education Majors only

Cross-Listed with: HIST 308
Last Updated: 03/2011; effective Spring 2011

CURR 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission

CURR 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission

CURR 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission

CURR 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr
Prerequisite: department permission

CURR 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs
Prerequisite: department permission

CURR 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs
Prerequisite: department permission

CURR 486 - Internship in Teacher Education

Directed experience involving a field placement in curriculum.

Credit Hours: 1 hr

Prerequisite: department permission

CURR 488 - Internship in Teacher Education

Directed experience involving a field placement in curriculum.

Credit Hours: 2 hrs

Prerequisite: department permission

CURR 489 - Internship in Teacher Education

Directed experience involving a field placement in curriculum.

Credit Hours: 3 hrs

Prerequisite: department permission

CURR 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 1 hr

Prerequisite: department permission

CURR 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 2 hrs

Prerequisite: department permission

CURR 499 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 3 hrs

Prerequisite: department permission

Early Childhood Education

ECE 214 - The Developing Child Birth-Age Eight

This course explores developmental patterns of children in various settings. Physical, mental, social and emotional components of growth through the first five stages of the family life cycle with emphasis on the child from two to eight years. impact of the family, resources, attitudes and values on young children will be explored.

Credit Hours: 3 hrs
Concurrent Prerequisite: ECE 215
Class Restrictions: Sophomore standing
Last Updated: Links 04/2011

ECE 215 - The Developing Early Childhood Professional

This course provides an orientation to early childhood education, addressing such topics as teacher-child interaction, observation, guidance, ECE content area, and health and safety requirements. Students participate in a practicum experience at EMU Children's Institute for three hours per week and attend a two hour class once a week.

Credit Hours: 3 hrs
Lecture/Lab Hours: Includes three-hours-per-week practicum experience
Corequisites: ECE 214 and practicum at the EMU Children's Institute
Class Restrictions: Sophomore standing
Last Updated: Links 04/2011

ECE 302 - Child Centered Teaching and Learning

This course teaches students to design and implement developmentally appropriate programs and curriculum for children from birth through age eight. A historical overview of early childhood programs and differentiated instruction to meet the needs of young children is the focus. An inquiry approach will be used to assist the student in broadening the scope of curriculum

Credit Hours: 3 hrs
Prerequisite: ECE 214, ECE 215, EDPS 322 or EDPS 325, ECE 307 and ECE 314; Admission to the College of Education
Corequisites: ECE 303 and practicum in EMU Children's Institute
Class Restrictions: Junior or Senior standing
Major Restrictions: Early Childhood Education Major
Last Updated: Links 04/2011

ECE 303 - Implementing the Curriculum

The content of the class will focus on implementing a developmentally appropriate curriculum in programs for young children. The students participate in a practicum experience at the EMU Children's Institute for three hours per week and attend a two hour class once a week. The faculty member supervises the students in the Children's Institute.

Credit Hours: 3 hrs
Prerequisite: ECE 214 and ECE 215, EDPS 322 or EDPS 325, ECE 307, ECE 314; Admission to the Initial Teacher Preparation Program
Corequisites: ECE 302 and a practicum at the EMU Children's Institute
Class Restrictions: Sophomore or Junior standing
Last Updated: Links 04/2011

ECE 307 - Diverse Children, Families and Communities

Course focuses on diverse families emphasizing young children in peril. Students will explore poverty and other critical conditions affecting families and apply knowledge of school and community resources to address young children's needs and build resilience. Students will learn and apply affective communication strategies to develop meaningful home-school-community partnerships.

Credit Hours: 3 hrs

Prerequisite: ECE 214 and ECE 215

Class Restrictions: Junior standing

Last Updated: Links 04/2011

ECE 314 - Infants and Toddlers: Development, Curriculum and Programs

This course examines the development of infants and toddlers (conception to 36 months), and the characteristics of high quality curriculum and child care programs for this age group. It requires 10-12 hours of observation/participation in infant-toddler programs.

Credit Hours: 3 hrs

Prerequisite: ECE 214 and ECE 215

Class Restrictions: Junior standing

Last Updated: Links 04/2011

ECE 318 - Play and Creativity in ECE

An overview of approaches to play and creative expression in the education of young children. Applications will be made to the fields of early childhood, elementary education, special education and extended day programs. Students will conduct observations and interviews on play and experiment with a variety of play materials and media with children.

Credit Hours: 3 hrs

Prerequisite: ECE 214 and ECE 215

Major Restrictions: Admission to the Initial Teacher Preparation Program

Last Updated: Links 04/2011

ECE 341 - Assessment of the Young Child

This course focuses on formal and informal procedures and practices used in the formative and summative evaluation and assessment of all aspects of a child's development from birth through the elementary years, with emphasis on children birth through age eight.

Credit Hours: 3 hrs

Prerequisite: ECE 214, ECE 215 and (EDPS 322 or EDPS 325); Admission to the Initial Teacher Preparation Program

Class Restrictions: Junior or Senior standing

Last Updated: Links 04/2011

ECE 342 - Intentional Teaching in the Content Areas

This is an advanced early childhood curriculum class that focuses on using developmentally appropriate instructional methods to address early learning standards in the areas of literacy, math, science and social studies. Integrating language development and critical thinking through all areas of the curriculum will be emphasized.

Credit Hours: 3 hrs

Prerequisite: ECE 302, ECE 303, RDNG 300 and admission to the Initial Teacher Preparation Program

Class Restrictions: Junior standing or above

Major Restrictions: Early Childhood Education Major only

Last Updated: Links 04/2011

ECE 343 - Advocacy, Leadership and Administration

This course focuses on advocacy, leadership and policy in early childhood education. Students will explore state, national and international policies impacting children, learn and apply advocacy and community organizational skills, and examine roles of leadership and the administration of programs in early childhood education.

Credit Hours: 3 hrs

Prerequisite: ECE 302, ECE 303 and admission to the Initial Teacher Preparation Program

Class Restrictions: Junior standing or above

Major Restrictions: Early Childhood Education Major only

Last Updated: Links 04/2011

ECE 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

ECE 451 - inclusive Classroom in Early Childhood

This course prepares early childhood teachers to teach young children with exceptional needs in early childhood or early childhood special education classrooms. It addresses Special Education history, theory, models and laws pertaining to young children as well as inclusive curricular, assessment, and family approaches, teaming and collaboration and managing challenging behavior.

Credit Hours: 3 hrs

Prerequisite: ECE 302, ECE 303 and SPGN 251

Class Restrictions: Junior standing or above

Major Restrictions: Early Childhood Education Major only

Cross-Listed with: SPGN 451

Last Updated: Links 04/2011

SPGN 451 - Inclusive Classroom in Early Childhood

This course prepares early childhood teachers to teach young children with exceptional needs in early childhood or early childhood special education classrooms. It addresses Special Education history, theory, models and laws pertaining to young children as well as inclusive curricular, assessment, and family approaches, teaming and collaboration and managing challenging behavior.

Credit Hours: 3 hrs

Prerequisite: ECE 302, ECE 303 and SPGN 251

Class Restrictions: Junior standing or above

Major Restrictions: Early Childhood Education Major only

Cross-Listed with: ECE 451

Last Updated: Links 03/2011

Educational Media and Technology

EDMT 330 - Instructional Applications of Media and Technology

This course guides preservice teacher educators to critically and creatively apply the concepts, principles, hardware and software associated with the infusion of technology in solving educational problems and meeting challenges in their roles as facilitators of

learning.

Credit Hours: 3 hrs

Prerequisite: admission to the Initial Teacher Preparation Program

Concurrent Prerequisite: CURR 304, CURR 305, BMMT 200, PHED 317, MUSC 330, MUSC 332 or TEDU 350

Last Updated: Prerequisite and Corequisite Change 10/2011, effective Winter 2012; Links 04/2011

EDMT 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

EDMT 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

EDMT 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

EDMT 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 1 hr

Prerequisite: department permission

EDMT 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 2 hrs

Prerequisite: department permission

Educational Psychology

EDPS 106 - Strategic Learning for Academic Success

Introduction to EMU services, diagnostic testing of learning styles and learning strategies for academic success.

Credit Hours: 3 hrs

EDPS 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

EDPS 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Prerequisite: department permission

EDPS 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

EDPS 322 - Human Development and Learning

The study of childhood psychology from birth through adolescence with a focus on intellectual and psychosocial behavior and the role of parents and teachers in fostering learning and development.

Credit Hours: 4 hrs

EDPS 325 - Life Span Human Growth and Development

An exploration of the biological, cognitive, social and affective domains of human growth and development from the prenatal period until death; the relationship of growth and development to behavior through the life span.

Credit Hours: 4 hrs

EDPS 340 - Introduction to Assessment and Evaluation

Basic principles in evaluation and assessment. Students will construct and interpret tests and alternative assessments; critique standardized tests; assess social, affective and behavioral factors; use computer applications; and examine assessment issues.

Credit Hours: 3 hrs

Prerequisite: EDPS 322

Concurrent Prerequisite: CURR 304 or CURR 305

Major Restrictions: Admission to the Initial Teacher Preparation Program

Last Updated: Links 04/2011

EDPS 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

EDPS 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

EDPS 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

EDPS 477 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: department permission

EDPS 478 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: department permission

EDPS 479 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: department permission

EDPS 497 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 1 hr

Prerequisite: department permission

EDPS 498 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 2 hrs

Prerequisite: department permission

EDPS 499 - Independent Study

Advanced study on an individual basis in areas in which the department does not offer a formal course.

Credit Hours: 3 hrs

Prerequisite: department permission

EDPS 621 - Statistical Applications in Educational Research

Emphasizes the role of statistics in hypothesis testing; statistical applications in visually presenting and summarizing data; computation of central tendency, variability, relationship and prediction indices; and interpretation of results.

Credit Hours: 2 hrs

Notes: This is a graduate course in an undergraduate program.

EDPS 651 - Inferential Statistics

Inferential statistics, both parametric and nonparametric, theory of hypothesis testing.

Credit Hours: 2 hrs

Prerequisite: EDPS 621 or equivalent

Notes: This is a graduate course in an undergraduate program.

Practicum

PRCT 304 - Practicum I: Elementary

Field placement in an elementary school. Focus is on reflective teaching and assessment decisions.

Credit Hours: 3 hrs

Prerequisite: EDPS 322; admission to the Initial Teacher Preparation Program

Concurrent Prerequisite: CURR 304

Previously Listed As: FETE 301

Last Updated: Links 04/2011

PRCT 305 - Practicum I: Secondary

Field placement in a middle level or high school. Focus is on reflective teaching and assessment decisions.

Credit Hours: 3 hrs

Prerequisite: EDPS 322; admission to the Initial Teacher Preparation Program

Concurrent Prerequisite: CURR 305

Previously Listed As: FETE 302

Last Updated: Links 04/2011

PRCT 310 - Practicum II: Elementary

Field placement in an elementary school with a diverse student population. Emphasis is on developing literacy in diverse populations and adapting instruction to individual student needs.

Credit Hours: 3 hrs

Prerequisite: CURR 304; admission to the Initial Teacher Preparation Program

Concurrent Prerequisite: RDNG 310

Previously Listed As: FETE 401

Last Updated: Links 04/2011

PRCT 311 - Practicum II: Secondary

Field placement in a middle level or high school with a diverse student population. Emphasis is on developing literacy in diverse populations and adapting instruction to individual student needs.

Credit Hours: 3 hrs

Prerequisite: CURR 305; admission to the Initial Teacher Preparation Program

Concurrent Prerequisite: RDNG 311

Previously Listed As: FETE 402

Last Updated: Links 04/2011

Reading

RDNG 177 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 178 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 179 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 220 - Instructional Uses of Trade Books

In this course, students will acquire a knowledge of trade books and their uses in language arts instruction and in instruction across the curriculum. Students will develop strategies and methods for using trade books so that children discover the value and satisfaction of reading.

Credit Hours: 3 hrs

Prerequisite: CHL 207

Last Updated: Links 04/2011

RDNG 230 - Word Study in the Reading Program

Using language theory as a basis, students will explore the various aspects of word study: phonemic awareness, phonics, vocabulary, dictionary skills and spelling. Using literature and other texts, they will develop techniques/strategies for teaching word study in the elementary grades.

Credit Hours: 3 hrs

RDNG 240 - Reading and Writing Connections in the Elementary Grades

This course provides preservice teachers an opportunity to explore research on the relationship between the reading and writing processes, to experience writers' workshop, to determine ways to promote growth in students' written language across the content areas and to determine management and evaluation procedures within the reading/writing classroom.

Credit Hours: 3 hrs

RDNG 277 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 278 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 279 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 300 - Early Literacy

A concentration on the developmental aspects of literacy learning from birth to eight years old. Involves theoretical and research knowledge pertinent to child growth and development.

Credit Hours: 3 hrs

Prerequisite: EDPS 322 Human Development and admission to the College of Education

Last Updated: Links 04/2011

RDNG 310 - Literacy Across the Curriculum in the Intermediate Grades

This course focuses on the developmental aspects of literacy processes in the intermediate grades. Emphasis will be placed on theory and research and their application to literacy instruction across all content areas. Field based experiences are included in the corequisite PRCT 310. Required of students seeking elementary certification.

Credit Hours: 3 hrs

Prerequisite: CURR 304 and RDNG 300

Last Updated: Links 06/2011

RDNG 311 - Teaching Reading in the Secondary School

The developmental sequence for reading skills at the junior and senior high school levels and methods for teaching the sequence, including teaching programs for all students. Providing reading instruction within the context of the various areas. Required for all students who seek certification to teach in secondary schools.

Credit Hours: 3 hrs

Prerequisite: CURR 305, ARTE 358, PHED 317, BMMT 200, MUSC 330, MUSC 332 or TEDU 350; admission to the Initial Teacher Preparation Program

Last Updated: Prerequisite Change 04/2011, effective Summer 2011

RDNG 330 - Reading and the Culturally and Linguistically Diverse Learner

Exploring research on second language reading and language instruction, students will develop strategies for working with elementary students from diverse cultural and linguistic backgrounds. Students will engage in action research to design instructional methods and tools which will foster reading and language learning for second language learners in particular.

Credit Hours: 3 hrs

Prerequisite: RDNG 230, RDNG 300

Last Updated: Links 04/2011

RDNG 340 - Literacy Assessment in the Elementary Schools

A course in the types of informal literacy assessments appropriate for elementary school children. Students will examine a variety of literacy assessments techniques for primary and upper elementary grades including reading level assessment, motivational, spelling and writing scales. Portfolio development and parent conferences will also be examined.

Credit Hours: 3 hrs

Prerequisite: RDNG 300; EDPS 340 or ECE 341

Last Updated: Links 04/2011

RDNG 350 - Integrated Language Arts Instruction

This course focuses on the interrelationship of speaking, listening, reading, writing, viewing, and visually representing within language arts instruction. The purpose is to acquaint preservice teachers with recent research and practice relevant to language arts instruction in the elementary classroom.

Credit Hours: 3 hrs

Prerequisite: RDNG 300

Last Updated: Links 04/2011

RDNG 377 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 1 hr

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 378 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 2 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 379 - Special Topics

An exploration and study of topics not covered in other departmental offerings. Students may elect more than once, provided different topics are studied.

Credit Hours: 3 hrs

Prerequisite: Department permission

Last Updated: Links 04/2011

RDNG 400 - Program Development for Struggling Readers

A course in the development of an intervention program to meet the needs of struggling readers. Students will develop and implement an intervention program for a child in the local community and report the results of this program to the parents and the school.

Credit Hours: 3 hrs

Prerequisite: RDNG 340

Last Updated: Links 04/2011

RDNG 410 - Literacy in and Beyond the Classroom

This course provides an in-depth look at current literacy practices in American schools. Students will explore classroom and intervention programs, after school tutorials, parent programs, community programs and working with school personnel. Professional development opportunities including membership and attendance at professional conferences will also be examined.

Credit Hours: 3 hrs

Prerequisite: RDNG 300, RDNG 310

Class Restrictions: Senior standing only. Certificate candidates.

Major Restrictions: Reading majors only

Previously Listed As: RDNG 210

Last Updated: Links 04/2011

RDNG 420 - Middle School Literacy and the Early Adolescent Reader

This course has the following purposes: (a) Understanding early adolescent literacy development; (b) Exploring literacy practices associated with middle level disciplines; (c) Applying various instructional strategies to those practices to enhance comprehension, composition, and learning of content; (d) Developing personal understanding of the relationship between literacy and learning across disciplines.

Credit Hours: 3 hrs

Prerequisite: RDNG 300

Class Restrictions: Senior standing only. Certificate candidates.

Major Restrictions: Reading majors only

Course Revisions:

Course Revisions: This course will have a prerequisite change from "RDNG 300, RDNG 310" to "RDNG 300," effective Winter 2013.

School of Health Promotion and Human Performance Programs and Courses

School of Health Promotion and Human Performance

Major

Athletic Training Major

The athletic training education program at Eastern Michigan University is a rigorous and intense program that places specific requirements and demands on the students enrolled in the program. An objective of this program is to prepare graduates to enter a variety of employment settings and to render care to a wide spectrum of individuals engaged in physical activity. The technical standards set forth by the athletic training education program establish the qualities considered necessary for students to achieve the knowledge, skills and competencies of an entry-level athletic trainer, as well as meet the expectations of the program's accrediting agency (Commission on Accreditation of Athletic Training Education (CAATE)). The following abilities and expectations must be met by all students admitted to the athletic training educational program. In the event a student is unable to fulfill these technical standards, with or without reasonable accommodation, the student will not be admitted into the program.

Compliance with the program's technical standards does not guarantee a student's eligibility for the Board of Certification (BOC) certification exam. Students also must complete all requirements of the ATEP.

Candidates for the athletic training education program must demonstrate:

- The capacity to assimilate, analyze, synthesize, integrate concepts and solve problems to formulate assessment and therapeutic judgments and to be able to distinguish deviations from the norm.
- Sufficient postural and neuromuscular control, sensory function and coordination to perform appropriate physical examinations using accepted techniques; and to accurately, safely and efficiently use equipment and materials during the assessment and treatment of patients.
- The ability to communicate effectively with patients and colleagues, including individuals from different cultural and social backgrounds; this includes, but is not limited to, the ability to establish rapport with patients and communicate judgments and treatment information effectively. Students must be able to understand and speak the English language at a level consistent with competent professional practice.
- The ability to record the physical examination results and a treatment plan clearly and accurately.
- The capacity to maintain composure and continue to function well during periods of high stress.
- The perseverance, diligence and commitment to complete the athletic training education program as outlined and sequenced.
- Flexibility and the ability to adjust to changing situations and uncertainty in clinical situations.

Affective skills and appropriate demeanor and rapport that relate to professional education and quality patient care.

Candidates for selection to the athletic training education program will be required to verify they understand and meet these technical standards or that they believe that, with certain accommodations, they can meet the standards.

The Disability Resource Center will evaluate a student who says he/she could meet the program's technical standards with accommodation and confirm that the stated condition qualifies as a disability under applicable laws.

If a student says he/she can meet the technical standards with accommodation, the University will determine whether it agrees that the student can meet the technical standards with reasonable accommodation. This includes a review of whether the accommodations requested are reasonable, taking into account whether accommodation would jeopardize clinician/patient safety or the educational process of the student or the institution, including all course work, clinical experiences and internships deemed essential to graduation.

Students in the Athletic Training Education Program that are applying to begin their clinical Education must obtain and submit a medical physical to be reviewed by a physician. They must obtain, complete and submit an application for ATTR 225 and complete the Hepatitis B vaccination form prior to enrolling in the clinical education coursework. These forms may be printed from the Athletic Training website or picked up from the Athletic training Education Program Coordinator.

When an "intent" has successfully achieved the above, he/she must apply for "First Year Review". The application form can be obtained from the program coordinator or the clinical coordinator or online at the program's website. The "intent" will be notified of the date and time for a personal interview with the Athletic Training Education Committee.

All forms and the most up to date information about the Athletic Training Education Program can be obtained from the program website: www.emich.edu/hphp/ATRindex.html

General Education Requirements:

For specific requirements refer to the General Education Program.

Additional Requirements: 7-8 hours

One option from the following:

Option I:

- CHEM 120 - Fundamentals of Organic and Biochemistry (Gen Ed Area IV) 4 hrs

Option II:

- CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr

One option from the following:

Option I:

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs

Option II:

- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- PSY 103 - General Psychology Laboratory (Gen Ed Area IV) 1 hr

Sports Medicine - Athletic Training: 70 hours

- ATTR 201 - Human Anatomy for Sports Medicine 3 hrs
- ATTR 202 - Human Physiology for Sports Medicine 3 hrs
- ATTR 219 - Introduction to Athletic Training 3 hrs
- ATTR 225 - Practicum I 3 hrs
- ATTR 290 - Practicum II 2 hrs
- ATTR 295 - Assessment of Lower Body Injuries 3 hrs
- ATTR 296 - Assessment of Upper Body Injuries 3 hrs
- ATTR 304 - Structural Kinesiology 3 hrs
- ATTR 310 - Emergency Care in Athletic Training 2 hrs
- ATTR 321 - Therapeutic Modalities for AT. with Lab 3 hrs
- ATTR 322 - Therapeutic Exercise for Athletic Trainers with Lab 3 hrs
- ATTR 326 - Practicum III 2 hrs
- ATTR 327 - Practicum IV 2 hrs
- ATTR 384 - Ergogenic Aids and Athletic Performance 2 hrs
- ATTR 390 - Senior Practicum 3 hrs
- ATTR 419 - Medical Aspects of Athletic Training 3 hrs
- ATTR 420 - Administrative and Legal Aspects of Athletic Training 2 hrs
- ATTR 485 - Seminar in Athletic Training 3 hrs
- ATTR 490 - Internship — Athletic Training 6 hrs
- DTC 204 - Sports Nutrition 3 hrs
- SPMD 119 - Orientation to Sports Medicine 1 hr
- SPMD 280 - Pharmacology for Sports Medicine 2 hrs
- SPMD 300 - Physiology of Exercise 4 hrs
- SPMD 305 - Kinesiology-Tissue Mechanics 3 hrs
- SPMD 380W - Behavioral Aspects of Sports Medicine (Gen Ed Area I, W) 3 hrs

Electives: 13 hours

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

The above curriculum, numerous clinical competencies/proficiencies and clinical experience under the supervision of an NATA-certified athletic trainer are required for graduation and to sit for the NATABOC certification exam. In addition, completed athletic training education competencies are required by all students prior to graduation from the CAAHEP accredited program. Clinical education must be attained in no less than two academic years and not more than five years.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.
- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.

- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

Exercise Science Major

Students entering the exercise science program are listed as “intents” and will be considered for candidacy when the following criteria are met:

1. Declaration of intent to major in exercise science with the Academic Advising Center in Pierce Hall and the School of Health Promotion and Human Performance.
2. An overall GPA at Eastern Michigan University of 2.80 (transfer GPA evaluated separately).
3. Completion of all pre-candidacy courses in the exercise science major with a B- or better.

When an “intent” has successfully achieved the above, he or she must complete the candidacy application, including the application form, three letters of recommendation (two professional and one personal) and a biographical sketch, and turn this in to their adviser. Once accepted into candidacy, the student must maintain a minimum 2.8 GPA. The student will not be allowed to complete the internship experience (SPMD 480) if the GPA falls below 2.8. In addition, a grade of B- or better must be attained in all required and elective courses in the exercise science major. If the above are not met, the course(s) in question must be retaken. CPR certification by the American Red Cross or American Heart Association is also required as part of this program.

General Education Requirements:

For specific requirements refer to the General Education Program. Download the Gen Ed Checklist [here](#).

Correction Note:

The following corrections have been made to this program:

1. PSY 101 (General Psychology Lecture) should not be listed as a pre-candidacy requirement for this program.
2. Under “Elective Courses”, the following clause has been removed, “Only two credit hours are required if the 124 credit hours program total has been met. If the 124 credit hours have not been completed, then five credit hours are required”? “5-6 hours” instead of “2-6 hours” should be listed as the credit hour total for elective courses.
3. There were numerical errors regarding the number of hours in 'Required Courses', it now correctly reads "13", not "17". Also, pre-candidacy courses should read "24-25 hours", not "19-24 hours". Major requirements should read "66-68 credits", not "62-71 credits".

These corrections apply to this catalog, will not appear until the 2013 Catalog.

Major Requirements: 62-71 hours

Pre-candidacy Courses: 19-24 hours

- PHY 221 - Mechanics, Sound and Heat (Gen Ed Area IV) 4 hrs
- PSY 101 - General Psychology Lecture (Gen Ed Area IV*) 3 hrs
- SPMD 144 - Introduction to Exercise Science 2 hrs
- SPMD 201 - Human Anatomy for Sports Medicine 3 hrs
- SPMD 202 - Human Physiology for Sports Medicine 3 hrs
- SPMD 300 - Physiology of Exercise 4 hrs

Choose one from each group:

** For students also preparing for medical school, physical therapy school or physician assistant school, BIO 110 and CHEM 121/122 should be taken instead of BIO 105 and CHEM 120. These substitutions will meet program and general education requirements. Grade requirements will still be enforced.*

Group I:

- * BIO 105 - Introductory Biology for Non-majors (Gen Ed Area IV) 4 hrs
- * BIO 110 - Introductory Biology I (Gen Ed Area IV) 5 hrs

Group II:

- * CHEM 120 - Fundamentals of Organic and Biochemistry (Gen Ed Area IV) 4 hrs
- OR**
- * CHEM 121 - General Chemistry I (Gen Ed Area IV) 3 hrs
- AND**
- * CHEM 122 - General Chemistry I Laboratory (Gen Ed Area IV) 1 hr

Required Courses: 17 hours

- DTC 204 - Sports Nutrition 3 hrs
- SPMD 280 - Pharmacology for Sports Medicine 2 hrs
- SPMD 305 - Kinesiology-Tissue Mechanics 3 hrs
- SPMD 325 - Practicum in Exercise Science 2 hrs
- SPMD 380W - Behavioral Aspects of Sports Medicine (Gen Ed Area I, W) 3 hrs

Required Courses (Postcandidacy): 24 hours

- SPMD 410 - Laboratory Techniques in Human Performance Analysis 4 hrs
- SPMD 430 - Principles of Electrocardiography 3 hrs
- SPMD 431 - Pathophysiology for Sports Medicine 3 hrs
- SPMD 432 - Introduction to Exercise Programming 3 hrs
- SPMD 433 - Principles of Strength and Conditioning 3 hrs
- SPMD 480 - Internship — Exercise Science 8 hrs

Elective Courses: 2-6 hours

Only two credit hours are required if the 124 credit hours program total has been met. If the 124 credit hours have not been completed, then five credit hours are required.

- Any undergraduate or graduate-level SPMD course
- SPMD 407 - Fitness Center Management 3 hrs
- SPMD 434 - Introduction to Echocardiography 2 hrs
- SPMD 508 - Exercise Epidemiology 3 hrs
- SPMD 515 - Diabetes and Obesity 3 hrs
- SPMD 518 - Sports Supplements 3 hrs
- PHED 260 - Motor Development 2 hrs
- PHED 360 - Motor Learning 3 hrs

Minor Requirements:

This major does not require a minor. For students interested in fitness and wellness center management, a minor in management (21 hours) is encouraged.

Program Total:

Students must earn a minimum total of 124 credits at the 100-level or above.

Notes:

Each student must choose a writing intensive course as part of major completion requirements. Consult your adviser for course options.

Critical Graduation Information:

The following are minimum requirements for all bachelor's degrees awarded by Eastern Michigan University. Some majors and minors require more than the minimum in one or more of the areas below; students are urged to consult the online catalog for the requirements of their particular programs.

- Earn a minimum total of 124 credits at the **100-level and above**. **Courses with numbers below 100 will not be counted toward this degree requirement. At most 8 credit hours of physical education (PEGN) activity courses will be counted toward this requirement.** A Bachelor of Arts degree requires completion of one year of college credit in a world language.
- Meet the requirements of the General Education program (see information below).
- Earn a minimum of 60 credits from a four-year college or university; **courses taken at community colleges cannot be used to meet this requirement.** (Some formal program-to-program articulation agreements modify this requirement. See specific agreements for details.)
- Earn a minimum of 30 credits from courses taken at EMU.
- Complete 10 of the last 30 hours for the degree from courses taken at EMU.
- Have a minimum of 30 **unique** credit hours in their major and 20 **unique** credit hours in their minor for a total of at least 50 unique credit hours between them. Some majors that require 50 or more hours themselves do not require a

minor; students should check requirements of the selected major in the undergraduate catalog to see if a minor is required.

- Not more than 60 credit hours in one subject area (prefix) may be applied towards the minimum of 124 credit hours required for a bachelor's degree.
- Earn the minimum number of credits in 300-level and above courses in each major and minor as specified below - these credits must be earned in distinct courses, that is, no course can be used to fulfill this requirement in more than one major or minor.
 - Earn a minimum of 6 credits in 300-level or higher courses at EMU in each minor
 - Earn a minimum of 9 credits in 300-level or higher courses at EMU in each major that requires a minor.
 - Earn a minimum of 15 credits in 300-level or higher courses at EMU in each major that does not require a minor
- Transfer credit will be awarded for courses taken at colleges and universities that are accredited by one of the recognized regional accrediting bodies only if the courses are college-level (equated to 100-level or above at EMU) and the student earned a "C" (or 2.0 on a 4 point scale) or better. Transfer credit may be awarded on a case-by-case basis for college-level courses in which a "C" (2.0) or better was earned at institutions outside the U.S. or at non-accredited U.S. institutions; the internal review of such courses is coordinated by the Office of Admissions, and additional documentation may be required.
- Earn a minimum cumulative GPA of 2.0 in courses taken at EMU in order to graduate. In addition, a minimum GPA of 2.0 must be earned in courses taken at EMU in each major and minor. (Note: some programs may require a higher GPA - check with your program advisor.)

General Education Requirements:

EMU's General Education Program requires students to choose from a menu of approved courses in several different areas do not assume that other courses in the same department or with similar names will fulfill these requirements. A detailed description of General Education requirements is available on the General Education section of the catalog: General Education

- For Students who began their undergraduate program at EMU in Fall 2007 or later or who have elected to follow the current ("new") General Education Program, follow the "For Students" link under the *Current Program* heading.
- For Students who began their undergraduate program at EMU before Fall 2007 and who have elected to follow the Pre-2007 General Education Requirements, follow the "General Education Program Prior to Fall 2007 (pdf file)" link under the *Program Prior to Fall 2007* heading. ***Please note that students who wish to graduate under pre-2007 General Education requirements must graduate by August 2014; those who have not completed all degree requirements by that time will need to satisfy the current (Fall 2007) General Education requirements.***

Students who transferred to EMU may have modified general education requirements based on MACRAO or articulation agreements; consult your academic adviser for additional information.

University Information: Consult the online catalog at catalog.emich.edu.

K-12 Physical Education Major

Successful completion of this course of study leads to a Bachelor of Science degree, and qualifies the student for recommendation for the Michigan Department of Education Secondary Provisional Certificate K-12 endorsement in physical education, certification code MB and, depending on the minor selected, an additional endorsement. This program of study meets all requirements of the National Association for Sport and Physical Education/American Alliance for Health, Physical Education, Recreation and Dance. The Michigan Test for Teacher Certification (MTTC) covering this field is #044, "Physical Education," and is taken at the completion of all program requirements.

Students planning admission to the Physical Education major must officially enroll in the program at the Academic Advising Center and complete an application at 318/319 Porter.
