AIM AND SCOPE

Spanish Journal of Agricultural Research publishes original scientific articles, reviews and short communications that are not under consideration for publication elsewhere.

This peer-reviewed journal will publish contributions, in English including abstracts in Spanish, coming from all countries dealing with all aspects on production and health in plants and animals, such as genetics, breeding, organic, biological agriculture and sustainable production systems, apiculture, aquaculture, forages and pastures, plant and animal diseases, pests and weeds, epizootiology, immunology, parasitology, physiology, reproduction, management and food technology, natural and genetic resources, agricultural economics, rural engineering and mechanization, soils, fertilization, irrigation and watering, etc.

Spanish Journal of Agricultural Research is covered by: **ICYT, COMPLUDOC, AGRÍCOLA, AGRIS, BIOSIS Previews, CAB Abstracts, CAB Health, FSTA (Food Science and Technology Abstracts), GEOREF, PASCAL**. It is also included in the following automated directories: **Jake, Ulrich's Periodicals Directory, LATINDEX Directory, LATINDEX Catalogue**.

Spanish Journal of Agricultural Research is published quarterly (March, June, September and December) by the Spanish National Institute for Agricultural and Food Research and Technology (INIA). Autopista A-6, km 7.5. 28040 Madrid (Spain).

ALERT SERVICE

If you wish to receive via e-mail, whenever a new issue of **Spanish Journal of Agricultural Research** appears, the table of contents with direct links to the repetitive abstracts, take advantage of our free Alert Service. To register, simply send an e-mail with the message «Subscribe SJAR» to spjournal@vidarural.net.
