Program Websites: http://www.ece.ucf.edu/	
Graduate Program Handbook	

Program Description

The Computer Engineering MSCpE degree offers programs in a number of technical (research) areas, such as Computer Networks and Computer Security (CNCS), Computer Systems and VLSI Design (CS/VLSI), Intelligent Systems and Machine Learning (ISML), and Software Systems and Algorithms (SSA).

All programs offer a thesis option and a nonthesis option, as well as an Accelerated BS to MS program. Students in the program receive a broad background in the various technical areas while specializing in a research area of their interest.

The specific research areas that each one of the EE faculty focuses on can be found at the Department of Electrical Engineering website (www.ece.ucf.edu/).

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Computer-Engineering-MS.pdf>.

Program Tracks

- Computer Engineering MSCpE, Accelerated BS to MSCpE Track

Curriculum

The master's program offers both thesis and nonthesis options in four technical specialization areas. The thesis option requires 30 credit hours of courses that includes 24 credit hours of formal coursework, exclusive of thesis and research, plus 6 credit hours of thesis. The nonthesis option requires 30 credit hours of coursework with at least 24 credit hours of formal coursework and a possibility of 6 credit hours of Independent Study (XXX 6908) based on the availability of interested faculty.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

The master's program offers both thesis and nonthesis options in four technical specialization areas. The thesis option requires 30 credit hours of courses that includes 24 credit hours of formal coursework, exclusive of thesis and research, plus 6 credit hours of thesis. The nonthesis option requires 30 credit hours of coursework with at least 24 credit hours of formal coursework and a possibility of 6 credit hours of Independent Study (XXX 6908) based on the availability of interested faculty.

Articulation Courses

Undergraduate articulation courses are required for students with bachelor's degrees in fields other than Computer Engineering. In general, all students must have completed the following undergraduate courses (or their equivalents in an accredited BSCpE program) before admission to our graduate program. Students who have taken these courses must complete the articulation courses listed below, plus all prerequisites, that they require. Grades of "B" or higher must be obtained in each articulation course. Articulation courses are not eligible for inclusion on a student's Graduate Program of Study.

- EEE 3342C: Digital Systems
- EEL 3801: Computer Organization
- COP 3502: Computer Science I
- COP 3503: Computer Science II

Plus choose ONE of the following:

- COP 4331: Processes for Object-Oriented Development
- EEL 4768C: Computer Architecture
- EEL 4781: Computer Communications Networks

Elective Courses: 24 Credit Hours

There are no required courses within a specialization area. However, all students (thesis and nonthesis) must choose at least 24 credit hours of formal courses, excluding research-related courses and independent study (XXX 6908), which emphasize their specialization area. Courses from outside specialization areas could also be chosen if the student's adviser approves such a Program of Study.

The Program of Study (POS) form must be approved by an adviser in the selected specialization area no later than the end of the second semester after admission. The program of study must meet all the university requirements specified in the graduate catalog and must also receive departmental-level and college-level approval.

Specialization Areas

The Computer Engineering Program supports a number of specialization areas. These specialization areas are (in alphabetical order): Computer Networks and Computer Security (CNCS), Computer Systems and VLSI Design (CS/VLSI), Intelligent Systems and Machine Learning (ISML), and Software Systems and Algorithms (SSA).

In each one of these areas there is a suggested list of courses. Students are also allowed to take courses from the suggested list of courses in areas other than their specialization area, but the majority of their courses should be chosen from courses in their specialization area.

Computer Networks and Computer Security (CNCS)

- CDA 5106 - Advanced Computer Architecture **3 Credit Hours**
- CDA 5110 - Parallel Architecture and Algorithms **3 Credit Hours**
- CDA 6530 - Performance Models of Computers and Networks **3 Credit Hours**
- CGS 5131 - Computer Forensics I: Seizure and Examination of Computer Systems **3 Credit Hours**
- CNT 5008 - Computer Communication Networks Architecture **3 Credit Hours**
- CNT 6418 - Computer Forensics II **3 Credit Hours**
- CNT 6519 - Wireless Security and Forensics **3 Credit Hours**
- CNT 6707 - Advanced Computer Networks **3 Credit Hours**
- COP 5537 - Network Optimization **3 Credit Hours**
- COP 5611 - Operating Systems Design Principles **3 Credit Hours**
- CAP 6133 - Advanced Topics in Computer Security and Computer Forensics **3 Credit Hours**
- CAP 6135 - Malware and Software Vulnerability Analysis **3 Credit Hours**
- COT 5405 - Design and Analysis of Algorithms **3 Credit Hours**
- EEE 5542 - Random Processes I **3 Credit Hours**
- EEL 5780 - Wireless Networks **3 Credit Hours**
- EEL 6762 - Performance Analysis of Computer and Communication Systems **3 Credit Hours**
- EEL 6785 - Computer Network Design **3 Credit Hours**
- EEL 6788 - Advanced Topics in Computer Networks **3 Credit Hours**
- EEL 6883 - Software Engineering II **3 Credit Hours**

Computer Systems and Very Large Scale Integration (CS/VLSI)

- CDA 5106 - Advanced Computer Architecture **3 Credit Hours**
- CDA 5110 - Parallel Architecture and Algorithms **3 Credit Hours**
- CDA 6107 - Parallel Computer Architecture **3 Credit Hours**
- CDA 6938 Multi-Core Architecture and Programming **3 Credit Hours**
- COP 5537 - Network Optimization **3 Credit Hours**
- EEE 5390C - Full-Custom VLSI Design **3 Credit Hours**
- EEL 5722C - Field-Programmable Gate Array (FPGA) Design **3 Credit Hours**
- EEL 6762 - Performance Analysis of Computer and Communication Systems **3 Credit Hours**
- ECM 6308 - Current Topics in Parallel Processing **3 Credit Hours**

Intelligent Systems and Machine Learning (ISML)

- CAP 5055 - AI for Game Programming **3 Credit Hours**
- CAP 5512 - Evolutionary Computation **3 Credit Hours**
- CAP 5610 - Machine Learning **3 Credit Hours**
- CAP 5636 - Advanced Artificial Intelligence **3 Credit Hours**
- CAP 6545 - Machine Learning Methods for Biomedical Data **3 Credit Hours**
- CAP 6616 - Neuroevolution and Generative and Developmental Systems **3 Credit Hours**
- CAP 6640 - Computer Understanding of Natural Language **3 Credit Hours**

- CAP 6671 - Intelligent Systems: Robots, Agents, and Humans **3 Credit Hours**
- CAP 6675 - Complex Adaptive Systems **3 Credit Hours**
- CAP 6676 - Knowledge Representation **3 Credit Hours**
- EEL 5825 - Pattern Recognition and Learning from Big Data **3 Credit Hours**
- EEL 5874 - Expert Systems and Knowledge Engineering **3 Credit Hours**
- EEL 6812 - Introduction to Neural Networks **3 Credit Hours**
- EEL 6875 - Autonomous Agents **3 Credit Hours**
- EEL 6878 - Modeling and Artificial Intelligence **3 Credit Hours**

Software Systems and Algorithms (SSA)

- CAP 6515 - Algorithms in Computational Biology **3 Credit Hours**
- CGS 5131 - Computer Forensics I: Seizure and Examination of Computer Systems **3 Credit Hours**
- CGS 5131 - Computer Forensics I: Seizure and Examination of Computer Systems **3 Credit Hours**
- CNT 6418 - Computer Forensics II **3 Credit Hours**
- CAP 5510 - Bioinformatics **3 Credit Hours**
- CAP 6133 - Advanced Topics in Computer Security and Computer Forensics **3 Credit Hours**
- CAP 6545 - Machine Learning Methods for Biomedical Data **3 Credit Hours**
- CEN 5016 - Software Engineering **3 Credit Hours**
- CEN 6075 - Formal Specification of Software Systems **3 Credit Hours**
- COP 5021 - Program Analysis **3 Credit Hours**
- COP 5711 - Parallel and Distributed Database Systems **3 Credit Hours**
- COP 6730 - Transaction Processing **3 Credit Hours**
- COP 6731 - Advanced Database Systems **3 Credit Hours**
- COT 5405 - Design and Analysis of Algorithms **3 Credit Hours**
- COT 6410 - Computational Complexity **3 Credit Hours**
- COT 6417 - Algorithms on Strings and Sequences **3 Credit Hours**
- COT 5600 - Quantum Computing **3 Credit Hours**
- COT 6602 - Introduction to Quantum Information Theory **3 Credit Hours**
- EEL 6883 - Software Engineering II **3 Credit Hours**

Thesis Option: 6 Credit Hours

- EEL 6971 Thesis **6 Credit Hours**

The thesis option requires 24 credit hours of formal coursework in one of the specialization areas and the completion of 6 credit hours of thesis. Additional requirements are as follows:

- Courses must be chosen from the suggested list of courses for the student's chosen specialization area
- No more than 6 credits of thesis (XXX 6971) will be counted toward the degree requirement
- Fifteen credit hours (including EEL 6971 Thesis) must be 6000-level courses
- Thesis students who are full time must continue to enroll in three credit hours of thesis coursework each semester until the thesis requirement is satisfied, even if they take more than the required 6 credit hours of thesis. However, only 6 credit hours of thesis will count toward the degree requirement.

The College of Engineering and Computer Science requires that all thesis defense announcements are approved by the student's adviser and posted on the college's website and on the university-wide Events Calendar at the College of Graduate Studies website at least two weeks before the defense date.

Nonthesis Option: 6 Credit Hours

The nonthesis option is especially suitable for part-time students. Nonthesis students must complete 6 credit hours of electives in addition to the 24 credit hours of formal coursework described above. If desired by the student and approved by the student's adviser a total of 6 credit hours can be Independent Study (XXX 6908).

- Electives **6 Credit Hours**

Portfolio Requirement

Students are required to complete a culminating experience. The culminating experience for nonthesis MS students is submission of their portfolio of activities by the course Withdrawal Date of the semester prior to their intended graduation. The portfolio requirements are listed on the EECS website at www.eecs.ucf.edu.

Transfer Credits

Graduate students with a bachelor's degree in Computer Engineering from UCF may transfer up to 9 credit hours of 5000-level or higher coursework, with grades of "B" or higher, toward the MSCpE degree. Alternatively, a maximum of 9 credit hours may be transferred of graduate work conducted elsewhere from an accredited institution.

Equipment Fee

Students in the Computer Engineering MSCpE program pay a \$28 equipment fee each semester that they are enrolled. Part-time students pay \$14 per semester.

Independent Learning

The independent learning requirement is met by successful completion of a master's thesis or an approved portfolio of activities for nonthesis students.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in computer engineering or a closely related discipline.
- GRE is not required for MSCpE applicants with a BS degree in EE or CpE and with a minor in any of following disciplines of EE, CpE or CS.
- Two letters of recommendation.
- Résumé.
- Statement of educational, research, and professional career objectives.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting applicants into their research program.

Additional courses may also be required to correct any course deficiencies. Students should contact the graduate program director for further information.

Application Deadlines

Computer Engineering MSCpE	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Computer Science MS

College: Engineering and Computer Science	Degree: MS
--	-------------------

Department: Computer Science	Option: Thesis, Nonthesis
Program Websites: http://www.cs.ucf.edu/	
Graduate Program Handbook	

Program Description

The Master of Science in Computer Science program produces graduates with a high level of competency in understanding, applying, and enunciating the modern concepts, principles, methods, and theories necessary for the design and implementation of computing systems.

The Master of Science in Computer Science program provides students with an in-depth education geared toward meeting the needs of business and industry in Florida and throughout the United States. The program's goal is to produce graduates with a high level of competency in understanding, applying, and enunciating the modern concepts, principles, methods, and theories necessary for the design and implementation of computing systems.

Students in the program receive a broad background in the areas of programming systems and languages, computer architecture, and computer science theory while specializing in a research area. Research interests of the computer science faculty include affective computing, applied perception, bioinformatics, computational biology, computational geometry, computer and network security, computer architecture, computer forensics, computer graphics, computer networks, image processing, computer vision, cryptography, data compression, database management systems, data mining, design and analysis of algorithms, evolutionary computation, genetic algorithms, graph theory, hardware/software co-design, machine learning, mixed and virtual reality, mobile computing, modeling and simulation, multimedia systems, natural language processing, neural networks, parallel and distributed processing, performance evaluation, programming languages, quantum computing, semantic web, software agents, software engineering, and VLSI systems. The program has a long and respected history, having conferred MS degrees since 1968.

Students successfully completing this program will have exhibited breadth as well as depth of capability involving both theoretical aspects of computer science and practical considerations of computing.

Program Tracks

- Computer Science MS, Accelerated BS to MS Track

Curriculum

The Computer Science MS program offers both a thesis and nonthesis option with each option requiring a minimum of 30 credit hours beyond the bachelor's degree. At least half of these hours must be at the 6000-level. Both options require 12 credit hours of required core courses and thesis students must take 12 credit hours of electives and a minimum of 6 credit hours of thesis. Nonthesis students must take 18 credit hours of electives and complete a culminating experience as determined by the program's graduate committee.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

An undergraduate degree in Computer Science is desirable but not required. Applicants without a strong undergraduate background in Computer Science must demonstrate an understanding of the material covered in the following upper-division undergraduate courses:

- EEL 4768C Computer Architecture
- COP 4020 Programming Languages I
- COP 4600 Operating Systems
- COT 4210 Discrete Computational Structures

Required Courses: 12 Credit Hours

- **CDA 5106 - Advanced Computer Architecture 3 Credit Hours**
Both CDA 5106 and COT 5405 must be completed with a B or better. Students earning a B- or below will have to repeat the course(s) until they earn a B or better.
- **COT 5405 - Design and Analysis of Algorithms 3 Credit Hours**
- Any approved pair of Computer Science courses from a single research area that includes at least one 6000-level course **6 Credit Hours**
Both CDA 5106 and COT 5405 must be completed with a B or better. Students earning a B- or below will have to repeat the course(s) until they earn a B or better.

Examples of approved pairs include (but not limited to):

Operating Systems (OS) area (COP 5611 and COP 6614)

Computer Graphics area (CAP 5725 and CAP 6701)

Machine Learning area (CAP 5610 or CAP 5512 and CAP 6616 or CAP 6545)

Artificial Intelligence (AI) area (CAP 5636 and CAP 6640 or CAP 6676)

Computer Vision area (CAP 5415 and CAP 6411 or CAP 6412 or CAP 6419 or CAP 6835)

Parallel Architecture area (CDA 5110 and CDA 6107)

Network area (CNT 5008 and CNT 6707)

Software Engineering area (CEN 5016 and CEN 6081)

Database area (COP 5711 and COP 6731), etc.

The above list is only meant to provide some examples and is not comprehensive.

Elective Courses: 12 Credit Hours

All students, both thesis and nonthesis, are required to complete 12 credit hours of electives that are selected after consultation with the student's adviser.

At least half of the credit hours of both thesis and nonthesis students must be at the 6000 level. Furthermore, at least two 6000-level Computer Science formal courses (6 credit hours) must be taught by EECS faculty, exclusive of independent study and directed research and a total of 24 credit hours of formal courses must be earned exclusive of thesis. Approval may be granted for no more than 6 credit hours of electives to be taken outside of Computer Science, and such approval must occur prior to taking these outside courses.

- Electives **12 Credit Hours**

Thesis Option: 6 Credit Hours

Six credits of thesis are required with the professor who directs the student's thesis. The thesis experience is expected to span two semesters. Thesis students who are full-time must continue to enroll in 3 credit hours of thesis course work until the thesis requirement is satisfied, even if it goes beyond the minimum of 6 credit hours of thesis. Students are required to prepare and defend a formal thesis in accordance with university requirements.

- XXX 6971 Thesis (6 Credit Hours; prefix determined by disciplinary area of your thesis adviser, e.g., CAP, CDA, CEN, COP or COT 6971)

Nonthesis Option: 6 Credit Hours

The nonthesis option requires at least 6 additional credit hours of electives beyond the 12 credit hours of electives described above.

In addition, nonthesis students are required to engage in a culminating experience as determined by the program's graduate committee. Students in the nonthesis option may not take more than 6 credit hours of independent study (6908) and/or directed research (XXX 6918).

- Electives **6 Credit Hours**

Equipment Fee

Students in the Computer Science MS program pay a \$34 equipment fee each semester that they are enrolled. Part-time students pay \$17 per semester.

Independent Learning

The Independent Learning Requirement is met by successful completion of a master's thesis or an approved set of research-based classes for nonthesis students.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken within the last five years.
- Resume
- Letters of recommendation (encouraged but not required)

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

Application Deadlines

All application materials must be submitted by the appropriate deadline listed below.

Computer Science MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Computer Science MS, Accelerated BS to MS Track

College: Engineering and Computer Science	Degree: MS
Department: Computer Science	Option: Thesis, Nonthesis

Track Description

The Accelerated BS to MS program in Computer Science allows highly qualified UCF undergraduate majors in Computer Science to take graduate-level courses that will count toward their MS degree while completing their BS degree program.

Curriculum

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Up to 12 credit hours of 5000- and 6000-level courses with a grade of "B" (3.0) or better may be counted toward the accelerated BS to MS program. Two additional requirements for the students in this program are:

- Students must earn at least a "B" (3.0) in each undergraduate- or graduate-level course counted for the program.
- Students must opt for this program no later than the beginning of their junior year.

Undergraduate Requirements

See the current version of the Undergraduate Catalog and the College of Engineering and Computer Science website for additional requirements for accelerated programs.

Graduate Requirements

For the thesis option, students must take at least 18 credit hours beyond the 12 credit hours counted toward the undergraduate degree and include 6 credit hours of thesis. For both the thesis and nonthesis options, the 18 credit hours need to include.

- CDA 5106 and COT 5405, both with a grade of "B" (3.0) or better (6 credit hours)
- Any approved pair of Computer Science courses (a 5000/6000 pair) in a single area of discourse, both with a grade of "B" (3.0) or better (6 credit hours)

Plan of Study

The Plan of Study is an agreement between the student, the program and the University that lists the coursework taken to satisfy the requirements for completing the degree. The Plan of Study for student is flexible and unique to each student. However, it must meet university, college and department requirements.

All graduate students must have a Plan of Study on file, approved by the adviser and graduate coordinator, by the completion of 9 credit hours after entering the program. The College of Graduate Studies automatically places a "hold" on future registration for noncompliance. The default adviser for nonthesis MS students is the Graduate Coordinator.

Equipment Fee

Students in the Computer Science MS program pay a \$34 equipment fee each semester that they are enrolled. Part-time students pay \$17 per semester.

Independent Learning

The Independent Learning Requirement is met by successful completion of a master's thesis or an approved set of research-based classes for nonthesis students.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

The Accelerated BS to MS program in Computer Science allows highly qualified University of Central Florida undergraduate majors in Computer Science to begin taking graduate-level courses that will count toward their master's degree while completing their baccalaureate degree program. Students apply for admission to the accelerated program in either their junior year or senior year. If the student has a degree in the discipline but were not previously part of this

accelerated program, then they should apply to the Computer Science Program without a track selection. Additional information about this track may be located at: <http://www.cecs.ucf.edu/current-students/bs-ms-program/>.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken within the last five years.
- Resume
- Letters of recommendation (encouraged but not required)

Application Deadlines

Accelerated BS to MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
This track is available to University of Central Florida undergraduate majors in Computer Science only.				
International Applicants				
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Computer Vision MS

College: http://www.cecs.ucf.edu/	Degree: MS
Department: http://www.crcv.ucf.edu/	Option: Thesis, Non-Thesis

Program Websites: <https://www.crcv.ucf.edu/>

Program Description

The Master of Computer Vision Program (MSCV) aims to provide technical skills and domain knowledge to the future professionals in acquiring, processing, analyzing, and understanding images, videos, 3D data, and other types of high-dimensional data of the real world. The fast-growing interests and investments in Artificial Intelligence (AI) have to be powered by a well-prepared workforce. This program meets the need created by the United States' shortage of AI personnel.

Curriculum

The curriculum for this degree program includes 6 required classes (18 credit hours) which form the backbone of graduate study for the field.

The remaining 12 credit hours can be selected from the list of elective courses. Electives outside of the provided list require approval from the student's adviser and program coordinator.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

An undergraduate degree in Computer Science is desirable but not required. Applicants without a strong undergraduate background in Computer Science must demonstrate an understanding of the material covered in the following upper-division undergraduate courses:

- EEL 4768C Computer Architecture
- COP 4020 Programming Languages I
- COP 4600 Operating Systems
- COT 4210 Discrete Computational Structures

Required Courses: 18 Credit Hours

- CAP 5415 - Computer Vision **3 Credit Hours**
- CAP 6411 - Computer Vision Systems **3 Credit Hours**
- CAP 6412 - Advanced Computer Vision **3 Credit Hours**
- CAP 6419 - 3D Computer Vision **3 Credit Hours**
- CAP 5516 - Medical Image Computing **3 Credit Hours**
- CAP 5610 - Machine Learning **3 Credit Hours**

Elective Courses: 12 Credit Hours

All students are required to complete 12 credit hours of electives that are selected after consultation with the student's adviser.

At least half of the credit hours of students must be at the 6000 level. Approval may be granted for no more than 6 credit hours of electives to be taken outside of Computer Science, and such approval must occur prior to taking any classes outside of the four listed below.

- CAP 5908 Independent Study
- CAP 6908 Independent Study
- COT 6505 - Computational Methods/Analysis I **3 Credit Hours**
- STA 6106 - Statistical Computing I **3 Credit Hours**

Equipment Fee

Students in the Computer Vision MS program pay a \$34 equipment fee each semester that they are enrolled. Part-time students pay \$17 per semester.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

The College of Engineering and Computer Science strongly encourages prospective applicants to request a free pre-screening (www.cecs.ucf.edu/prescreen) of their qualifications prior to submitting an online application for graduate admission. However, a pre-screening is not required; rather, it is offered as a courtesy to all prospective applicants before they commit to submitting a complete online application and paying an application processing fee.

Admissions decisions are made on the basis of a complete online application only, and not on the basis of any pre-screening. Prospective applicants who are encouraged to apply to their intended graduate program based on the information provided for their pre-screening are not assured of admission or financial assistance when they submit a complete online application. Although it is possible, it is not likely, that prospective applicants who are discouraged from formally applying to a graduate program at the pre-screening stage will be admitted if they elect to submit a complete online application anyway.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken within the last five years.
 - *NOTE: The GRE has been removed as an admission requirement for this graduate program for applicants applying Spring 2021 through the Fall 2021 term. This is a temporary measure in response to disruptions caused by the COVID-19 pandemic.*
- Resume
- Letters of recommendation (encouraged but not required)

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

Application Deadlines

All application materials must be submitted by the appropriate deadline listed below.

Computer Vision MS	*Fall Priority	Fall	Spring	Summer
---------------------------	-----------------------	-------------	---------------	---------------

Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Feb 23	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Counselor Education MA

College: Community Innovation and Education	Degree: MA
Department: Counselor Education and School Psychology	
Program Websites: https://ccie.ucf.edu/cesp/counselored/	
Graduate Program Handbook	

Program Description

The College of Community Innovation and Education offers CACREP accredited graduate degrees in Counselor Education (with tracks in Clinical Mental Health Counseling and School Counseling) and Marriage, Couple, and Family Therapy. The Clinical Mental Health Counseling track prepares students for licensure in mental health counseling and to practice in agencies, private practices, and other settings. The School Counseling track is prepares students for certification as a professional school counselor in Pre-K through post-secondary school settings. The Marriage, Couple, and Family Therapy program prepares students for licensure in marriage and family therapy and to practice in agencies, private practices, and other settings.

As part of the program's pragmatic approach to preparing counselors, in addition to classroom studies, all students complete clinical experiences in the UCF Community Counseling and Research Center and in field-based experiences in the community. The UCF Community Counseling and Research Center (CCRC) serves as a hub for training and research in the program, with graduate students providing counseling services to children, adolescents, and adults through the provision of individual, couples, and family therapy. The CCRC serves more than 1400 clients per year.

Because the programs in Counselor Education (Clinical Mental Health Counseling and School Counseling Tracks) and Marriage, Couple, and Family Therapy are CACREP accredited and prepare students for licensure and/or certification as professional counselors, students must be formally admitted to the program in order to take any program area courses. Applicants considering this certificate program should contact their State Licensure Board to verify the courses required. For information on how this program may prepare you for professional licensure, please visit <https://apq.ucf.edu/licensure-programs/>. There are three exceptions to this restriction: (1) non-degree seeking students interested in exploring the program prior to admission may take MHS 5005 - Introduction to the Counseling Profession, pending available space after admitted students have been placed in the course; (2) individuals who already possess a master's degree (or above) and are taking courses toward a certificate program (e.g., Play Therapy or Career Counseling) may take the necessary courses upon being accepted into the appropriate certificate program, and; (3) individuals who already possess a master's degree (or above) in counseling or a related field (i.e. psychology or social work) and are taking courses toward Florida licensure in (a) MHC, and thus may take MHS 6020 Mental Health Care Systems, MHS 6070 - Diagnosis and Treatment in Counseling, MHS 6450 - Addictions Counseling, and/or MHS 6470

- Human Sexuality and Relationships, or; (b) MFT, and thus may take MHS 6430 Family Counseling I, MHS 6431 Family Counseling II (MHS 6430 is the pre-requisite), and/or MHS 6440 Couples Counseling – enrollment in any of these courses is pending available space after admitted students have been enrolled.

The Master's of Arts in Counselor Education--School Counseling MA track is a state-approved initial teacher preparation program that is subject to any change in the Florida Administrative Code (State Board of Education Rule 6A-5.066). Students enrolled in this program should remain in close contact with their adviser to keep informed of any program changes implemented to comply with new state requirements.

Please note that Marriage, Couple, and Family Therapy MA Program is a separate degree but still part of the Counselor Education program.

Program Tracks

- Counselor Education MA, Clinical Mental Health Counseling Track
- Counselor Education MA, School Counseling Track

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants must choose a track (i.e., Clinical Mental Health Counseling or School Counseling) in this program. Applicants for the Marriage, Couple, and Family Therapy program should apply to that program by selecting the program alphabetically from the listing. Tracks may have different requirements.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Counselor Education MA, Clinical Mental Health Counseling Track

College: Community Innovation and Education	Degree: MA
--	-------------------

Department: Counselor Education and School Psychology	Option: Thesis, Nonthesis
Program Website: https://ccie.ucf.edu/cesp/counselored/	

Track Description

The CACREP accredited Clinical Mental Health Counseling track in the Counselor Education MA program prepares students for licensure in Clinical Mental Health Counseling and to practice in agencies, private practices, and other settings.

As part of the program's pragmatic approach to preparing counselors, in addition to classroom studies, all students complete clinical experiences in the UCF Community Counseling and Research Center and in field-based experiences in the community. The UCF Community Counseling and Research Center (CCRC) serves as a hub for training and research in the program, with graduate students providing counseling services to children, adolescents, and adults through the provision of individual, couples, and family therapy. The CCRC serves more than 1400 clients per year.

The CACREP accredited Clinical Mental Health Counseling track in the Counselor Education MA program prepares students for licensure in Florida as a Mental Health Counselor in order to practice in agencies, private practices, and other settings. Applicants considering this program should contact their State Licensure Board to verify the courses required. The Counselor Education MA, Clinical Mental Health Counseling track has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Counselor-Ed-Clinical-Mental-Health-MA.pdf>.

Curriculum

The Clinical Mental Health Counseling track requires a minimum of 63 credit hours beyond the bachelor's degree, including 6 credit hours of core courses, 39 credit hours of specialization (including a 3 credit hour elective), 12 credit hours of professional clinical experiences, and 6 credit hours of electives in either the nonthesis or thesis option.

Total Credit Hours Required: 63 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—45 Credit Hours

Core—6 Credit Hours

- EDF 6155 - Lifespan Human Development and Learning **3 Credit Hours**
- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**

Specialization—39 Credit Hours

- MHS 5005 - Introduction to the Counseling Profession **3 Credit Hours**
- MHS 6020 - Mental Health Care Systems **3 Credit Hours**
- MHS 6070 - Diagnosis and Treatment in Counseling **3 Credit Hours**
- MHS 6220 - Individual Psychoeducational Testing I **3 Credit Hours**
- MHS 6400 - Theories of Counseling and Personality **3 Credit Hours**
- MHS 6401 - Techniques of Counseling **3 Credit Hours**
- MHS 6420 - Foundations of Multicultural Counseling **3 Credit Hours**

- MHS 6450 - Addictions Counseling **3 Credit Hours**
- MHS 6470 - Human Sexuality and Relationships **3 Credit Hours**
- MHS 6500 - Group Procedures and Theories in Counseling **3 Credit Hours**
- MHS 6702 - Ethical and Legal Issues **3 Credit Hours**
- SDS 6347 - Career Development **3 Credit Hours**
- Elective approved by adviser **3 Credit Hours**

Thesis Option—6 Credit Hours

- EGC 6971 - Thesis **6 Credit Hours**

Nonthesis Option—6 Credit Hours

- Two approved electives **6 Credit Hours**

Professional Clinical Experience—12 Credit Hours

The clinical experiences are comprised of two sections, Practicum and Internship. Both are experiential in nature and are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program to their work with actual clients. The practicum is conducted on campus in the UCF Community Counseling and Research Center and the internship is conducted at various clinical sites around central Florida.

- MHS 6803 Practicum in Counselor Education **3 credit hours***
- MHS 6803 Practicum in Counselor Education **3 credit hours***
- MHS 6830 Counseling Internship **3 credit hours****
- MHS 6830 Counseling Internship **3 credit hours****

* Prerequisites for MHS 6803 - Practicum in Counselor Education are the following: MHS 5005, MHS 6070, MHS 6400, MHS 6401, MHS 6500, and MHS 6702. A minimum of 27 credit hours are required prior to beginning the practicum.

** The prerequisites for MHS 6830 Counseling Internship include MHS 6420 and earning a "B" or better in all sections of MHS 6803.

- MHS 6803 - Practicum in Counselor Education **3 Credit Hours ***
- SDS 6947 - Internship in Professional School Counseling **1-6 Credit Hours ****
- SDS 6947 - Internship in Professional School Counseling **1-6 Credit Hours ****

Additional Program Requirements

- Achieve at least a GPA of 3.0 throughout the degree program.
- Achieve a "B" or better in MHS 5005, MHS 6401, MHS 6803 and MHS 6830.
- Complete a total of 800 hours of clinical experiences, 200 of which will be in the UCF Community Counseling and Research Center and 600 of which are field-based experiences in the community.
- Complete a portfolio and receive approval by Counselor Education faculty.
- Complete a professional exit examination.
- Given the experiential, competency, and performance-based nature of the courses taken by Counselor Education students, students are limited to taking a maximum of three (3) courses per semester. However, if

students believe that they can verify a need to take more than three courses, they should consult with their academic adviser for additional guidelines. Students who have not received prior approval and who register for more than three courses per semester will be administratively dropped from any courses over the maximum allowed.

Independent Learning

Practica and internships are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program. The internship experience provides students with the practical experience of providing hands-on services for a variety of clients and presenting concerns. Such services may include, but are not limited to, individual, couple, family, and group counseling with children, adolescents, and adults. Client concerns range from developmental and relational concerns to more severe pathology. All clinical experiences are performed under the direct supervision of an onsite licensed clinician.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken in the last five years.
- Three letters of recommendation.
- Résumé.
- Goal statement (see the Program website for additional information about the Goal statement).

The Master's of Arts in Counselor Education- Clinical Mental Health Counseling track can accommodate only a limited number of students; therefore, there is a possibility of being denied admission even when all criteria are met.

The College of Community Innovation and Education reserves the right to refuse student entrance or terminate a student after admission to the Counselor Education Program, if in the judgment of the faculty the student demonstrates unacceptable personal fitness to work in the counseling field with children, youth, and/or adults.

A formal interview is required and will be scheduled after the program admission requirements are met. The interview dates for March and October will be posted on our Counselor Education website. Upon admittance, it is required that students attend the program orientation session that occurs on the Thursday before classes begin in the semester to which the student applied.

Application Deadlines

Clinical Mental Health Counseling	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Feb 1	Sep 1	
International Applicants	Jan 15	Jan 15	Jul 1	

*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date. The Priority date applies solely to applicants for the Doctoral program.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Counselor Education MA, School Counseling Track

College: Community Innovation and Education	Degree: MA
Department: Counselor Education and School Psychology	Option: Thesis, Nonthesis
Program Website: https://ccie.ucf.edu/cesp/counselored/	

Track Description

The CACREP Accredited School Counseling track in the Master of Arts in Counselor Education is designed for the student planning to seek certification as a professional school counselor in pre-K through postsecondary school settings.

The CACREP Accredited School Counseling track in the Counselor Education MA program is designed for students who have a bachelor's degree in a discipline other than education and plan to seek certification as a professional school counselor in pre-K through postsecondary school settings.

As part of the program's pragmatic approach to preparing counselors, in addition to classroom studies, all students complete clinical experiences in the UCF Community Counseling and Research Center and field-based experiences in the community. The UCF Community Counseling and Research Center serves as a hub for training and research in the program, with graduate students providing annual services to over 1,400 individuals, couples, and families in the central Florida community.

The Master of Arts in Counselor Education-School Counseling track is a state-approved initial teacher/educator preparation program that is subject to any change in the Florida Administrative Code (State Board of Education Rule 6A-5.066). Students enrolled in Counselor Education-School Counseling should remain in close contact with their advisor to keep informed of any programmatic changes implemented to comply with new state requirements. The Counselor Education MA, School Counseling program has potential ties to professional licensure or certification in the

field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Counselor-Ed-School-Counseling-MA.pdf>.

Curriculum

The CACREP accredited School Counseling track in the Counselor Education MA program prepares students for certification as a professional school counselor. As such, students must be formally admitted to the program in order to take any program area courses. The program requires a minimum of 60 credit hours beyond the bachelor's degree, including 6 credit hours of core courses, 30 credit hours of specialization, 9 credit hours of DOE required certification courses, 9 credit hours of professional clinical experiences, and 6 credit hours of electives in either the nonthesis or thesis option.

Total Credit Hours Required: 60 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 45 Credit Hours

Core: 6 Credit Hours

- EDF 6155 - Lifespan Human Development and Learning **3 Credit Hours**
- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**

Specialization: 30 Credit Hours

- MHS 5005 - Introduction to the Counseling Profession **3 Credit Hours**
- MHS 6220 - Individual Psychoeducational Testing I **3 Credit Hours**
- MHS 6400 - Theories of Counseling and Personality **3 Credit Hours**
- MHS 6401 - Techniques of Counseling **3 Credit Hours**
- MHS 6420 - Foundations of Multicultural Counseling **3 Credit Hours**
- MHS 6500 - Group Procedures and Theories in Counseling **3 Credit Hours**
- SDS 6347 - Career Development **3 Credit Hours**
- SDS 6411 - Counseling with Children and Adolescents **3 Credit Hours**
- SDS 6620 - Coordination of Comprehensive Professional School Counseling Programs **3 Credit Hours**
- SPS 6815 - Legal and Ethical Issues in Professional School Counseling **3 Credit Hours**

DOE Certification: 9 Credit Hours

- EDG 6415 - Principles of Instruction and Classroom Management **3 Credit Hours**
- RED 5147 - Developmental Reading **3 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours**

Thesis Option: 6 Credit Hours

- EGC 6971 - Thesis **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

- Two approved electives **6 Credit Hours**

Professional Clinical Experience: 9 Credit Hours

The clinical experiences are comprised of two sections, Practicum and Internship. Both are experiential in nature and are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program to their work with actual clients and students. The practicum is conducted either on campus in the UCF Community Counseling and Research Center or at one of the CCRC's partner schools in the community. Internship, which is usually completed in one semester (for 6-credit hours) is conducted at various schools around central Florida. The Internship can be divided into two semesters.

* Prerequisites for MHS 6803 - Practicum in Counselor Education are the following: MHS 5005, MHS 6400, MHS 6401, MHS 6500, and SPS 6815. MHS 6420 and SDS 6411 are also pre or co-requisites for MHS 6803. A minimum of 27 credit hours are required prior to beginning the practicum.

**The prerequisites for SDS 6947 - Internship in Professional School Counseling include SDS 6620 and earning a "B" or better in MHS 6803.

- MHS 6803 - Practicum in Counselor Education **3 Credit Hours** *
- SDS 6947 - Internship in Professional School Counseling **1-6 Credit Hours** **
- SDS 6947 - Internship in Professional School Counseling **1-6 Credit Hours** **

Additional Program Requirements

- Achieve at least a GPA of 3.0 throughout the degree program.
- Achieve a "B" or better in MHS 5005, MHS 6401, MHS 6803 and SDS 6947.
- Complete a total of 700 hours of clinical experiences, 100 of which will be in the UCF Community Counseling and Research Center (or an area school) and 600 of which are field-based experiences in the community.
- Complete a portfolio and receive approval by Counselor Education faculty.
- Complete a professional exit examination.
- Given the experiential, competency, and performance-based nature of the courses taken by Counselor Education students, students are typically limited to taking a maximum of three (3) courses per semester (with some variability for those in the School Counseling track). However, if students believe that they can verify a need to take more than three courses, they should consult with their advisor for additional guidance. Students who have not received prior approval and who register for more than three courses per semester will be administratively dropped from any courses over the maximum allowed.

Independent Learning

Practica and internships are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program. The internship experience provides students with the practical experience of facilitating a comprehensive, professional school counseling program in a school setting (e.g., leading classroom guidance lessons, facilitating group counseling, providing individual counseling services). All clinical experiences are performed under the direct supervision of an onsite certified school counselor.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken in the last five years.
- Three letters of recommendation.
- Résumé.
- Goal statement (see the Program website for additional information about the Goal statement).

The Master's of Arts in Counselor Education- School Counseling track can accommodate only a limited number of students; therefore, there is a possibility of being denied admission even when all criteria are met.

The College of Community Innovation and Education reserves the right to refuse student entrance or terminate a student after admission to the Counselor Education Program, if in the judgment of the faculty the student demonstrates unacceptable personal fitness to work in the counseling field with children, youth, and/or adults.

A formal interview is required and will be scheduled after the program admission requirements are met. The interview dates for March and October will be posted on our Counselor Education website. Upon admittance, it is required that students attend the program orientation session that occurs on the Thursday before classes begin in the semester to which the student applied.

In accordance with Florida Statute 1004.4 and State Board of Education Rule 6A-5.066, admission to this graduate-level, state-approved initial teacher preparation program also requires passing all four parts of the Florida Teacher Certification Examination/General Knowledge Test (FTCE/GKT). This provision applies to all applicants to the MA program, School Counseling track.

UPDATE: In order to demonstrate mastery of general knowledge, Graduate Record Exam test administrations conducted **on or after July 1, 2015**, may be used as an acceptable means of demonstrating a mastery of general knowledge. A minimum passing score on a GRE subtest in an applicable general knowledge content area, as defined in the table below, will satisfy the requirement of demonstrating a mastery of general knowledge for the applicable general knowledge content area.

FTCE GKT SUBTEST	GRE SUBTEST	MINIMUM GRE SCORE REQUIRED TO SUBSTITUTE FOR GK SUBTEST
GK Writing Subtest (Essay)	GRE Analytical Writing	A combined score of 4 out of 6
GK English Language Subtest Skills	GRE Verbal Reasoning	A scaled score of 151
GK Reading Subtest	GRE Verbal Reasoning	A scaled score of 151
GK Mathematics Subtest	GRE Quantitative Reasoning	A scaled score of 147

NOTE: Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBR 6A-4.002).

Application Deadlines

School Counseling	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Feb 1	-	-
International Applicants	Jan 15	Jan 15	-	-
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. Graduate Program Handbook	

Program Description

The Master of Education in Counselor Education program prepares students to work as professional counselors in pre-K through postsecondary school settings.

The Counselor Education Master of Education (MEd) program was created for students who have a bachelor's degree in education and have completed course work for teaching certification and plan to seek certification in school counseling.

As part of the program's real-world approach to counselor education (in addition to classroom studies) all students complete clinical experiences in the UCF Community Counseling and Research Center and on-site in local schools.

For information on how this program may prepare you for professional licensure, please visit <https://apq.ucf.edu/licensure-programs/>.

Counselor Education MEd, School Counseling Track

College: Community Innovation and Education	Degree: MEd
Department: Counselor Education and School Psychology	Option: Thesis, Nonthesis
Program Website: https://ccie.ucf.edu/cesp/counselored/	

Track Description

The CACREP accredited School Counseling track in the Counselor Education MEd program prepares students for certification as a professional school counselor in pre-K through postsecondary school settings. The Counselor

Education - School Counseling MEd track is designed for students who have a bachelor's degree in education and/or who are certified educators.

As part of the program's pragmatic approach to preparing counselors, in addition to classroom studies, all students complete clinical experiences in the UCF Community Counseling and Research Center and in field-based experiences in the community. The UCF Community Counseling and Research Center (CCRC) serves as a hub for training and research in the program, with graduate students providing counseling services to children, adolescents, and adults through the provision of individual, couples, and family therapy. The CCRC serves more than 1400 clients per year.

Students enrolled in the CACREP accredited School Counseling track should remain in close contact with their advisor to keep informed of any programmatic changes implemented to comply with new state requirements. The Counselor Education MEd, School Counseling track has potential ties to professional certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Counselor-Ed-School-Counseling-MEd.pdf>.

Curriculum

The School Counseling MEd track requires a minimum of 51 credit hours beyond the bachelor's degree, including 6 credit hours of core courses, 30 credit hours of specialization, 9 credit hours of professional clinical or practicum experience, and 6 credit hours of electives in either the nonthesis or thesis option.

Total Credit Hours Required: 51 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisite

Students must have, or be eligible for, the Florida Professional Teaching Certificate.

Required Courses: 36 Credit Hours

Core: 6 Credit Hours

- EDF 6155 - Lifespan Human Development and Learning **3 Credit Hours**
- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**

Specialization: 30 Credit Hours

- MHS 5005 - Introduction to the Counseling Profession **3 Credit Hours**
- MHS 6220 - Individual Psychoeducational Testing I **3 Credit Hours**
- MHS 6400 - Theories of Counseling and Personality **3 Credit Hours**
- MHS 6401 - Techniques of Counseling **3 Credit Hours**
- MHS 6420 - Foundations of Multicultural Counseling **3 Credit Hours**
- MHS 6500 - Group Procedures and Theories in Counseling **3 Credit Hours**
- SDS 6347 - Career Development **3 Credit Hours**
- SDS 6411 - Counseling with Children and Adolescents **3 Credit Hours**
- SDS 6620 - Coordination of Comprehensive Professional School Counseling Programs **3 Credit Hours**
- SPS 6815 - Legal and Ethical Issues in Professional School Counseling **3 Credit Hours**

Thesis Option: 6 Credit Hours

- EGC 6971 - Thesis **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

- Two approved electives **6 Credit Hours**

Professional Clinical Experience: 9 Credit Hours

The clinical experiences are comprised of two sections, Practicum and Internship. Both are experiential in nature and are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program to their work with actual clients and students. The practicum is conducted either on campus in the UCF Community Counseling and Research Center or at one of the CCRC's partner schools in the community. Internship, which is usually completed in one semester (for 6-credit hours) is conducted at various schools around central Florida. The Internship can be divided into two semesters.

*Prerequisites for MHS 6803 - Practicum in Counselor Education are the following: MHS 5005, MHS 6400, MHS 6401, MHS 6500, and SPS 6815. MHS 6420 and SDS 6411 are also pre or co-requisites for MHS 6803. A minimum of 27 credit hours are required prior to beginning the practicum.

**The prerequisites for SDS 6947 - Internship in Professional School Counseling include SDS 6620 and earning a "B" or better in MHS 6803.

- MHS 6803 - Practicum in Counselor Education **3 Credit Hours** *
- SDS 6947 - Internship in Professional School Counseling **1-6 Credit Hours** **
- SDS 6947 - Internship in Professional School Counseling **1-6 Credit Hours** **

Additional Program Requirements

- Achieve at least a GPA of 3.0 throughout the degree program.
- Achieve a "B" or better in MHS 5005, MHS 6401, MHS 6803 and SDS 6947.
- Complete a total of 700 hours of clinical experiences, 100 of which will be in the UCF Community Counseling and Research Center (or an area school) and 600 of which are field-based experiences in the community.
- Complete a portfolio and receive approval by Counselor Education faculty.
- Complete a professional exit examination.
- Given the experiential, competency, and performance-based nature of the courses taken by Counselor Education students, students are limited to taking a maximum of three (3) courses per semester (with some variability for those in the School Counseling track). However, if students believe that they can verify a need to take more than three courses, they should consult with their academic advisor for guidance on the procedure. Students who have not received prior approval and who register for more than three courses per semester will be administratively dropped from any courses over the maximum load.

Independent Learning

Practica and internships are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program. The internship experience provides students with the practical experience of facilitating a comprehensive, professional school counseling program in a school setting (e.g., leading classroom guidance lessons, facilitating group counseling, providing individual counseling services). All clinical experiences are performed under the direct supervision of an onsite certified school counselor.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken in the last five years.
- MEd applicants must be eligible for certification or hold a current Florida Professional Teaching Certificate prior to the start of their first term. All other applicants should apply to the Counselor Education MA, School Counseling Track
- Three letters of recommendation.
- Résumé.
- Goal statement (see the Program website for additional information about the Goal statement).

Applicants who have graduated from an accredited university or college teacher certification program in another state or country, in the appropriate subject and/or grade range, may also be admitted to the Counselor Education - School Counseling MEd track at the discretion of the program director.

The Master's of Education in Counselor Education- School Counseling track can accommodate only a limited number of students; therefore, there is a possibility of being denied admission even when all criteria are met.

The College of Community Innovation and Education reserves the right to refuse student entrance or terminate a student after admission to the Counselor Education Program, if in the judgment of the faculty, the student demonstrates unacceptable personal fitness to work in the counseling field with children, youth, and/or adults.

A formal interview is required and will be scheduled after the program admission requirements are met. The interview dates for March and October will be posted on our Counselor Education website. Upon admittance, it is required that students attend the program orientation session that occurs on the Thursday before classes begin in the semester to which the student applied.

Criminal Justice MS ►

College: Community Innovation and Education	Degree: MS
Department: Criminal Justice	Option: Thesis, Nonthesis
Program Website: https://ccie.ucf.edu/criminaljustice/	
Graduate Program Handbook	

Program Description

The Master of Science in Criminal Justice is designed to meet the needs of students preparing for careers in the field of criminal justice. The curriculum focuses on the traditional issues such as management, administrative and criminal justice theory, as well as basic research methods and descriptive statistics

The Master of Science in Criminal Justice core and elective courses focus on the complex and changing world in which criminal justice systems operate in this country and abroad. This plan of study is designed to equip future criminal justice leaders to be critical consumers of criminal justice research.

The benefits of an advanced graduate degree in criminal justice are self-evident and are being increasingly recognized by employers in central Florida and throughout the United States. Federal, state, and local criminal justice agencies benefit from an informed and innovative workforce that is aware of the complex issues and problems faced by the system regardless of geographic locale. Furthermore, graduates of the program are grounded in the latest theories and learn how these theories affect each individual or organization within the system.

International applicants should be aware the program may not offer sufficient on-campus courses for F or J visa holders. Please contact the program for more information before applying.

The Criminal Justice MS program currently offers limited face-to-face courses. The program is offered primarily online. Contact the program for additional information.

Please note: Criminal Justice (MS) may be completed fully online, although not all elective options may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of

enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Program Tracks

- Criminal Justice MS, Public Administration MPA Dual Degree Track ►

Curriculum

The Master of Science in Criminal Justice requires 36 credit hours, including 21 credit hours of core courses, 6 credit hours of restricted electives, 9 credit hours of general electives, and a final written examination within the Proseminar or capstone course. For students electing to complete a thesis, 6 credit hours of the general elective requirements will be thesis hours.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 21 Credit Hours

Core: 18 Credit Hours

- CCJ 5015 - The Nature of Crime **3 Credit Hours**
- CCJ 5456 - The Administration of Justice **3 Credit Hours**
- CCJ 6704 - Research Methods in Criminal Justice **3 Credit Hours**
- CCJ 6706 - Data Analysis in Criminal Justice I **3 Credit Hours**
- CCJ 6106 - Policy Analysis in Criminal Justice **3 Credit Hours**
- CCJ 6118 - Criminal Justice Organizations **3 Credit Hours**

Capstone: 3 Credit Hours

The Proseminar in Criminal Justice serves as the capstone experience for the program and the culminating learning experience.

Students must achieve a grade of "B" (3.0) or higher in every course listed under core requirements and in the capstone course (CJE 6718).

- CJE 6718 - Proseminar in Criminal Justice **3 Credit Hours**

Elective Courses: 15 Credit Hours

The combined total of Restricted and Unrestricted 5000 level electives may not exceed 12 credit hours.

Restricted: 6 Credit Hours

Select two from the following courses.

- CJC 5020 - Foundations of Corrections **3 Credit Hours**
- CJE 5021 - Foundations of Law Enforcement **3 Credit Hours**
- CJJ 6020 - The Juvenile Justice System **3 Credit Hours**
- CJL 6568 - Law and Social Control **3 Credit Hours**
- CJL 6520 - American Criminal Courts **3 Credit Hours**

Unrestricted: 9 Credit Hours

Students should consult with the Criminal Justice adviser for approval of general electives outside of the Criminal Justice program prior to enrolling. Criminal Justice courses at the 5000 or 6000 level, not used toward core or restricted electives, are pre-approved general electives.

- Electives **9 Credit Hours**

Thesis Option: 6 Credit Hours of the general elective requirements may be thesis hours

All MSCJ students are automatically placed into the nonthesis option. Students electing to complete a thesis should consult the program adviser. The thesis option will consist of 6 hours of thesis credit and a successful defense of the research. Students should select a faculty adviser, form a thesis committee, and complete core/restricted elective requirements before enrolling in thesis hours. A thesis proposal must also be submitted to an approved committee before enrolling thesis hours. Students who elect to write a thesis should become familiar with the university's requirements and deadlines for organizing and submitting the thesis.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Tangible projects such as advanced research projects, scholarly papers, internships, practicum, and presentations at professional conferences also contribute to the self development of our students. The culminating experience for students is completion of the CJE 6718 - Proseminar in Criminal Justice, which serves as the capstone for the program.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended with a GPA of at least 3.0 on a 4.0 scale overall or for the last 60 attempted semester hours of credit earned for the degree.
- Statement of career goals, one or two pages indicating how the Criminal Justice MS degree will enhance the applicant's career goals and expectations of the graduate program.
- Résumé (no longer than two pages).
- Two letters of recommendation. Letters should be from professors or professional references who can attest to the applicant's ability to succeed in graduate coursework and his or her work ethic.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Students should be aware that admission to any graduate program is granted on a competitive basis. There may be cases where students meeting minimum requirements are denied admission based on such factors as program capacity or academic discretion. Applicants not meeting the minimum 3.0 GPA standards may be considered as candidates for very limited and competitive "provisional" admissions. However, only students with complete applications (final transcript, résumé, letters of recommendation and statement of career goals) will be reviewed under this special admission category. Competitive GRE scores are encouraged for this admission category.

Application Deadlines

Criminal Justice MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Criminal Justice MS, Public Administration MPA Dual Degree Track ►

College: Community Innovation and Education	Degree: MS
--	-------------------

Department: Criminal Justice	Option: Nonthesis
Program Website: https://ccie.ucf.edu/criminaljustice/	
Graduate Program Handbook	

Track Description

The Public Administration MPA - Criminal Justice MS Dual Degree Track provides the opportunity for students to earn graduate degrees from two academic programs, the Master of Public Administration and the Master of Science in Criminal Justice, concurrently.

Students successfully completing this MPA/MS dual degree program will have the skills and analytical techniques for successful careers in both public administration and criminal justice. After successful completion of the MPA/MS dual degree program, students will receive two diplomas, one for the Public Administration MPA and one for the Criminal Justice MS.

Please note: The Public Administration / Criminal Justice (MS) may be completed fully online, although not all course options may be offered online every semester. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit www.international.ucf.edu. If you have questions, please consult International Affairs and Global Strategies at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The dual degree track (Master of Criminal Justice / Master of Public Administration) consists of 51 credit hours. Each student completes a core of 11 courses (33 credit hours), two research methods and statistics courses (6 credit hours), two electives (6 credit hours), and a capstone experience of two courses (6 credit hours).

Total Credit Hours Required: 51 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 45 Credit Hours

Core: 33 Credit Hours

- CCJ 5015 - The Nature of Crime **3 Credit Hours**
- CCJ 5456 - The Administration of Justice **3 Credit Hours**
- CCJ 6106 - Policy Analysis in Criminal Justice **3 Credit Hours**
- CCJ 6118 - Criminal Justice Organizations **3 Credit Hours**
- PAD 6035 - Public Administration in the Policy Process **3 Credit Hours**
- PAD 6037 - Public Organization Management **3 Credit Hours**
- PAD 6053 - Public Administrators in the Governance Process **3 Credit Hours**

- PAD 6207 - Public Financial Management **3 Credit Hours**
- PAD 6227 - Public Budgeting **3 Credit Hours**
- PAD 6335 - Strategic Planning and Management **3 Credit Hours**
- PAD 6417 - Human Resource Management **3 Credit Hours**

Research Methods/Statistics: 6 Credit Hours

Select one Research Methods course and one Statistics course. One from each discipline (one Criminal Justice and one Public Administration). Choose one option:

Option 1

- PAD 6700 - Research Methods in Public Administration **3 Credit Hours** and
- CCJ 6706 - Data Analysis in Criminal Justice I **3 Credit Hours**

OR

Option 2

- CCJ 6704 - Research Methods in Criminal Justice **3 Credit Hours** and
- PAD 6701 - Analytical Techniques for Public Administration **3 Credit Hours**

Capstone: 6 Credit Hours

- PAD 6062 - Advanced Concepts and Applications in Public Administration **3 Credit Hours**
- CJE 6718 - Proseminar in Criminal Justice **3 Credit Hours**

Electives: 6 Credit Hours

Select two of the following courses:

- CJC 5020 - Foundations of Corrections **3 Credit Hours**
- CJE 5021 - Foundations of Law Enforcement **3 Credit Hours**
- CJJ 6020 - The Juvenile Justice System **3 Credit Hours**
- CJL 6568 - Law and Social Control **3 Credit Hours**
- CJL 6520 - American Criminal Courts **3 Credit Hours**

Additional Program Requirements

Students must achieve a grade of "B" or higher in every CCJ/CJE course and a grade of "B-" or higher in every PAD course in the core courses, including the Capstone courses. Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

Independent Learning

Independent learning is demonstrated throughout the curriculum, through the process of inquiry and dialogue. Tangible projects, such as scholarly research, papers, internships, and the capstone experience also contribute to the self-development of students. The capstone courses, PAD 6062 and CJE 6718, provide the independent learning experience.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to meeting general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended with a GPA of at least 3.0 on a 4.0 scale overall or for the last 60 attempted semester hours of credit earned for the degree.
- Three letters of recommendation specifically for the Criminal Justice MS/MPA program evaluating scholarly and professional capacity. Letters from professors from the colleges/universities attended are preferred, but if that is not feasible, letters from current or past supervisors will be accepted. The recommender must address the applicant's work ethic and ability to succeed at graduate-level academic work.
- Current professional résumé including public service experience (paid or voluntary).
- Goal Statement: The goal statement is a key component of the admission review process and serves as an example of the applicant's ability to express himself or herself in writing. The goal statement must be no longer than two pages double spaced (500-800 words) and should address the following:
 - Personal background and career aspirations in public service.
 - Reason for pursuing graduate study in criminal justice and public administration, including future career goals and plans.
 - Specific areas of public administration and criminal justice that interests you.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- All international students must meet university minimum TOEFL score requirements regardless of language in which the undergraduate program was completed.

Admission to this degree is competitive; applicants meeting the minimum university and/or program application requirements are not guaranteed admission to the program.

All requested material must be submitted by the established deadline date. Materials received after the established deadline may not be considered.

Application Deadlines

Public Administration MPA Dual Degree	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. Curriculum and Instruction MEd

College: Community Innovation and Education	Degree: MEd
Department: Learning Sciences and Educational Research	
Program Website: https://ccie.ucf.edu/lser/curriculum-and-instruction/	
Graduate Program Handbook	

Program Description

******This program has temporarily suspended admissions effective Summer 2021******

The Master of Education (MEd) program in Curriculum and Instruction is designed for professionally certified and experienced educators who want to extend their influence beyond the walls of the classroom and improve their knowledge and skills in the area of leadership. Students also engage in the development of expertise in leading other educators in curriculum and instructional improvement across subject areas and grade levels.

This degree does not prepare students for initial, administrative, or supervisory certification.

The Curriculum and Instruction program addresses teacher empowerment and leadership in the expanded roles and responsibilities of educators in schools, including data-driven assessment for school improvement, professional learning communities, applying research to practice, improving instruction and student learning outcomes, and collaboration with families and communities.

During the admission process, students will select a track in the following content areas that do not require specific certification beyond the professional teaching certificate: Curriculum Leadership, Educational Technology*, Gifted Education*, Global, International and Comparative Education*, Intervention Specialist, and Supporting High Needs Populations.

This degree does not prepare students for initial, administrative, or supervisory certification.

***These program areas also include a certificate, which must be applied for separately.**

Program Tracks

- Curriculum and Instruction MEd, Curriculum Leadership Track
- Curriculum and Instruction MEd, Educational Technology Track
- Curriculum and Instruction MEd, Gifted Education Track
- Curriculum and Instruction MEd, Global, International and Comparative Education Track
- Curriculum and Instruction MEd, Intervention Specialist Track
- Curriculum and Instruction MEd, Supporting High Needs Populations Track

Curriculum

The Master of Education in Curriculum and Instruction program requires a minimum of 30 credit hours beyond the bachelor's degree; minimum credit hour requirements vary by track. Students from all tracks must complete the required 15-18 credit hours of core courses. The Master of Education in Curriculum and Instruction requires, depending on the track, that all students complete a Thesis (6 credit hours) or Capstone Research Project (3 credit hours). The Capstone is a course-based action research study (i.e., application and analysis of the effectiveness of research-based best practices in the classroom). Additional course requirements vary by track.

Total Credit Hours Required: 30-39 Credit Hours Minimum beyond the Bachelor's Degree

This section describes the elements of the curriculum that are in common for all of the tracks.

Required Courses

Core: 15-18 Credit Hours

All students must take the Curriculum and Instruction core, regardless of their chosen specialization.

*Should be taken in first semester of program, if possible.

**Prerequisites for the Thesis Option or Capstone course.

Students complete a Thesis (IDS 6971) or a Capstone Research Project (EDF 6635) at the end of the program. Students must complete an Intent to Graduate Form the semester prior to enrolling in EDF 6635 or IDS 6971.

- EDG 6935 - Introductory Seminar in Teacher Leadership **3 Credit Hours** *
- EDG 6223 - Curriculum Theory, Organization, and Policy **3 Credit Hours**
- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours** **
- EDF 6233 - Introduction to Action Research and Analysis of Classroom Practice **3 Credit Hours** **
- EDF 6635 - Capstone: Action Research in Teacher Leadership **3 Credit Hours**
OR
- **IDS 6971 – Thesis Option 6 Credit Hours (Gifted and Global Track Option)**

Independent Learning

The MEd requires a thesis or completion of the Capstone: Action Research Project.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants must choose a track in this program. Track(s) may have different requirements.

Application Deadlines

Curriculum and Instruction MEd	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Curriculum and Instruction MEd, Art Education Track

College: Community Innovation and Education	Degree: MEd
Department: Learning Sciences and Educational Research	Option: Thesis, Nonthesis
Program Website: https://ccie.ucf.edu/lser/curriculum-and-instruction/	

Track Description

This program has temporarily suspended admissions effective Summer 2021.

You can however, get a MAT in Art Education: please follow the link here.

The Art Education track in the Curriculum and Instruction MEd program is designed to meet the expanding needs of the art teacher.

The MEd degree is designed to meet the expanding needs of the art teacher. Students in the program examine contemporary problems in art education, review recent curriculum developments, study innovations in art education, explore interdisciplinary concepts, and become involved in research problems specific to the art teacher. This degree requires previous certification in art.

Curriculum

The Art Education track in the Curriculum and Instruction MEd program requires 15 credit hours of core courses, including completion of a capstone research project or thesis. In addition, students take 21 credit hours of specialization courses.

Total Credit Hours Required: 36-39 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 36-39 Credit Hours

Core: 15 Credit Hours

* Must be taken in first semester in the program.

**Prerequisites to the Capstone.

Student completes either a Capstone Research Project or Thesis at the end of the program. EDF 6635 is offered in spring semester only.

- EDG 6935 - Introductory Seminar in Teacher Leadership **3 Credit Hours** *
- EDG 6223 - Curriculum Theory, Organization, and Policy **3 Credit Hours**
- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours** **
- EDF 6233 - Introduction to Action Research and Analysis of Classroom Practice **3 Credit Hours** **
- EDF 6635 - Capstone: Action Research in Teacher Leadership **3 Credit Hours** or
- IDS 6971 Thesis **6 Credit Hours**

Specialization: 21 Credit Hours

Students take the following courses:

- ARE 6450 - K-12 Instructional Materials **3 Credit Hours**
- ARE 6666 - Arts Advocacy **3 Credit Hours**
- ARE 6748 - Advanced Research Seminar in Art Education **3 Credit Hours**
- ARE 6747 - Assessment Seminar in Art Education **3 Credit Hours**
- ARE 6905 - Research Trends in Art Education **3 Credit Hours**

Choose two of the following elective courses with adviser approval:

- ARE 5251 - Art for Exceptionalities **3 Credit Hours**
- ARE 5454 - Studio Experiences in Art Education **3 Credit Hours**

- ARE 6195 - Teaching Art Appreciation with Interdisciplinary Strategies **3 Credit Hours**
- ARE 6748 - Advanced Research Seminar in Art Education **3 Credit Hours**
- ARE 6905 - Research Trends in Art Education **3 Credit Hours**
- ART studio courses approved by adviser

Independent Learning

The MEd requires a course-based action research study and completion of a capstone experience (research report or thesis).

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Evidence of eligibility for a professional teaching certificate in Florida in related area and/or sustained teaching experience within schools/colleges (approved by track coordinator).
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Financials

Curriculum and Instruction MEd, Educational Technology Track

College: Community Innovation and Education	Degree: MEd
Department: Learning Sciences and Educational Research	Option: Nonthesis
Program Website: https://ccie.ucf.edu/lser/curriculum-and-instruction/	

Track Description

*****This program has temporarily suspended admissions effective Summer 2021*****

The Educational Technology track in the Curriculum and Instruction MEd program is designed for certified and experienced educators who want to increase their technological skills and become highly skilled at successfully integrating technology into the curriculum as well as develop leadership skills necessary to become site-based technology coordinators in K-12 schools, colleges and universities.

Curriculum

The Educational Technology track in the Master of Education (MEd) in Curriculum and Instruction program requires 15 credit hours of core courses, including completion of a capstone research project (3 credit hours). In addition, students take 15 credit hours of specialization courses.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 30 Credit Hours

Core: 15 Credit Hours

* Should be taken in first semester in the program, if possible.

** Prerequisites to the Capstone.

Students complete a Capstone Action Research Project (EDF 6635) at the end of the program. Students must complete an Intent to Graduate form the semester prior to enrolling in EDF 6635.

- EDG 6935 - Introductory Seminar in Teacher Leadership **3 Credit Hours** *
- EDG 6223 - Curriculum Theory, Organization, and Policy **3 Credit Hours**
- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours** **
- EDF 6233 - Introduction to Action Research and Analysis of Classroom Practice **3 Credit Hours** **
- EDF 6635 - Capstone: Action Research in Teacher Leadership **3 Credit Hours**

Specialization—15 Credit Hours

Students take the following courses:

- EME 6405 - Adapting and Integrating Innovative Technologies in Education **3 Credit Hours**
- EME 6507 - Multimedia for Education and Training **3 Credit Hours**
- EME 6602 - Integration of Technology into the Learning Environments **3 Credit Hours**
- EME 6053 - Teaching and Learning with Emerging Technologies **3 Credit Hours**

Choose one of the following courses:

- EME 6055 - Current Trends in Instructional Technology **3 Credit Hours**
- EME 6062 - Research in Instructional Technology **3 Credit Hours**
- EME 6613 - Instructional System Design **3 Credit Hours**
- EME 6417 - Interactive Online and Virtual Teaching Environments **3 Credit Hours**
- EME 6458 - Virtual Teaching and the Digital Educator **3 Credit Hours**
- EME 6457 - Distance Education: Technology Process Product **3 Credit Hours**

Independent Learning

The MEd requires a course-based action research study and completion of a capstone experience.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Evidence of eligibility for a professional teaching certificate in Florida in related area and/or sustained teaching experience within schools/colleges (approved by track coordinator).
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Educational Technology	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1

*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Curriculum and Instruction MEd, Gifted Education Track

College: Community Innovation and Education	Degree: MEd
Department: Learning Sciences and Educational Research	Option: Thesis, Nonthesis
Program Website: https://ccie.ucf.edu/lser/curriculum-and-instruction/	

Track Description

*****This program has temporarily suspended admissions effective Summer 2021*****

The Gifted Education track in the Curriculum and Instruction MEd program is designed to meet the advanced knowledge and skill needs of educators who teach diverse gifted and talented students.

This program has potential ties to state-regulated professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Curriculum-Instruction-Gifted-Ed-MEd.pdf>.

Curriculum

The Gifted Education track in the Master of Education (MEd) in Curriculum and Instruction program requires 15-18 credit hours of core courses, including completion of a capstone research project or the thesis option. In addition, students take 18 credit hours of specialization courses.

Total Credit Hours Required: 33-36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 33-36 Credit Hours

Core: 15-18 Credit Hours

* Should be taken in first semester in the program, if possible.

** Prerequisites for enrolling in the Thesis Option (IDS 6971) or Capstone (EDF 6635). Students complete a Thesis Option (6 credit hours) or a Capstone Research Project (3 credit hours) at the end of the program. Student must complete an Intent to Graduate form the semester prior to enrolling in IDS 6971 or EDF 6635.

- EDG 6935 - Introductory Seminar in Teacher Leadership **3 Credit Hours** *
- EDG 6223 - Curriculum Theory, Organization, and Policy **3 Credit Hours**
- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours** **
- EDF 6233 - Introduction to Action Research and Analysis of Classroom Practice **3 Credit Hours** **
- EDF 6635 - Capstone: Action Research in Teacher Leadership **3 Credit Hours**
OR
- **IDS 6971 - Thesis Option 6 Credit Hours**

Specialization: 18 Credit Hours

- EGI 6051 - Understanding the Gifted/Talented Student **3 Credit Hours**
- EGI 6245 - Curriculum and Instruction for Teaching Advanced, Gifted, and Talented Learners **3 Credit Hours**
- EGI 6246 - Education of Special Populations of Gifted Students **3 Credit Hours**
- EGI 6247 - Developing Advanced Programs and Services: Acceleration and Enrichment for Academically and Intellectually Gifted Learners **3 Credit Hours**
- EGI 6417 - Guidance and Counseling Strategies for Teachers of Gifted and Talented Individuals **3 Credit Hours**
- EGI 6305 - Theory and Development of Creativity **3 Credit Hours**

Independent Learning

The MEd requires a course-based action research study and completion of a capstone experience.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Curriculum and Instruction MEd, Global, International and Comparative Education Track

College: Community Innovation and Education	Degree: MEd
Department: Learning Sciences and Educational Research	Option: Thesis, Nonthesis
Program Website: https://ccie.ucf.edu/lser/curriculum-and-instruction/	

Track Description

*****This program has temporarily suspended admissions effective Summer 2021*****

The Global, International and Comparative Education track in the Curriculum and Instruction MEd is designed for educators who wish to expand their knowledge and skill in international and cross-cultural education setting.

Curriculum

The Global, International and Comparative Education track in the Master of Education (MEd) in Curriculum and Instruction program requires 15 credit hours of core courses, including completion of a capstone research project (3 credit hours). In addition, students take 21 credit hours of specialization courses.

Total Credit Hours Required: 36-39 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 36-39 Credit Hours

Core: 15-18 Credit Hours

* Should be taken in first semester in the program, if possible.

** Prerequisites for enrolling in Thesis Option (IDS 6971) or the Capstone (EDF 6635). Students complete a Thesis Option (IDS 6971) or a Capstone Research Project (EDF 6635) at the end of the program.

Curriculum and Instruction MEd, Intervention Specialist Track

College: Community Innovation and Education	Degree: MEd
Department: Learning Sciences and Educational Research	Option: Nonthesis
Program Website: https://ccie.ucf.edu/lser/curriculum-and-instruction/	

Track Description

*****This program has temporarily suspended admissions effective Summer 2021*****

The Intervention Specialist Track in the Curriculum and Instruction MEd program provides advanced coursework for educational leaders to use school-based and classroom instructional data to meet the instructional and intervention needs of all students, including at-risk and struggling students, beyond typical, initial classroom instruction within a multi-tiered system of supports.

In addition, this track will provide an advanced multi-disciplinary theoretical approach and applied knowledge base to experienced educators. Coursework focuses on knowledge, skills and competencies for working with students within an intervention framework.

The Intervention Specialist Track is multi-disciplinary and includes coursework in exceptional student education, school psychology, reading education, and math education. The graduate courses provide an opportunity for students to complete the Intervention Specialist track, as well as a graduate certificate, with separate applications required to each program.

Curriculum

The Intervention Specialist track in the Master in Education Teacher Leadership program requires 15 credit hours of core courses, including completion of a capstone research project (3 credit hours). In addition, students take 18 credit hours of specialization courses.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 33 Credit Hours

Core: 15 Credit Hours

* Should be taken in first semester in the program, if possible.

**Prerequisites to the Thesis Option or Capstone.

Students complete a Capstone Research Project (EDF 6635) at the end of the program. Students must complete an Intent to Graduate form the semester prior to enrolling in EDF 6635.

- EDG 6935 - Introductory Seminar in Teacher Leadership **3 Credit Hours**
- EDG 6223 - Curriculum Theory, Organization, and Policy **3 Credit Hours**
- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours**
- EDF 6233 - Introduction to Action Research and Analysis of Classroom Practice **3 Credit Hours**
- EDF 6635 - Capstone: Action Research in Teacher Leadership **3 Credit Hours**

Specialization: 18 Credit Hours

- EEX 6218 - Diagnostic Assessment and Intervention Planning in Exceptional Education **3 Credit Hours**
- MAE 6517 - Diagnosis/Remediation of Difficulties in Mathematics for the Classroom Teacher **3 Credit Hours**
- RED 5517 - Classroom Diagnosis and Development of Reading Proficiencies **3 Credit Hours**
- SPS 6700 - Advanced Psychoeducation and Data-Based Decision Making **3 Credit Hours**

- EGI 6246 - Education of Special Populations of Gifted Students **3 Credit Hours**
- One elective as approved by the program adviser **3 Credit Hours**

Independent Learning

The MEd requires a course-based action research study and completion of a capstone experience.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Evidence of eligibility for a professional teaching certificate in Florida in related area and/or sustained teaching experience within schools/colleges (approved by track coordinator).
- One letter of recommendation.
- Goal statement.
- Resume/vita reflecting relevant experience.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Intervention Specialist	*Fall Priority	Fall	Spring	Summer

Curriculum and Instruction MEd, Supporting High Needs Populations Track

College: Community Innovation and Education	Degree: MEd
Department: Learning Sciences and Educational Research	Option: Nonthesis
Program Website: https://ccie.ucf.edu/lser/curriculum-and-instruction/	

Track Description

*****This program has temporarily suspended admissions effective Summer 2021*****

The Supporting High Needs Populations track in the Curriculum and Instruction MEd program is designed to meet the advanced knowledge and skill needs of educators who work in urban settings.

Curriculum

The Supporting High Needs Populations track in the Master of Education Curriculum and Instruction program requires 15 credit hours of core courses, including completion of a capstone research project. In addition, students take 18 credit hours of specialization courses.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 33-36 Credit Hours

Core: 15 Credit Hours

*Should be taken in first semester of program, if possible.

**Prerequisites for the Capstone.

Students complete a Capstone Research Project (EDF 6635) at the end of the program. Students must complete an Intent to Graduate form the semester prior to enrolling in EDF 6635.

- EDG 6935 - Introductory Seminar in Teacher Leadership **3 Credit Hours** *
- EDG 6223 - Curriculum Theory, Organization, and Policy **3 Credit Hours**
- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours** **
- EDF 6233 - Introduction to Action Research and Analysis of Classroom Practice **3 Credit Hours** **

- EDF 6635 - Capstone: Action Research in Teacher Leadership **3 Credit Hours**

Specialization: 18 Credit Hours

Students take the following courses:

- EDF 6725 - Critical Issues in the Study of High Needs Populations **3 Credit Hours**
- EDF 6155 - Lifespan Human Development and Learning **3 Credit Hours**

Choose four of the following elective courses with adviser approval:

- CCJ 6485 - Issues in Justice Policy **3 Credit Hours**
- ECW 6067 - History of Career Education in the United States **3 Credit Hours**
- EDF 6206 - Challenges of Classroom Diversity **3 Credit Hours**
- EDF 6855 - Equitable Educational Opportunity and Life Chances: A Cross-National Analysis **3 Credit Hours**
- EDF 6886 - Multicultural Education **3 Credit Hours**

Data Analytics MS

College: Engineering and Computer Science	Degree: MS
Department: Computer Science	Option: Thesis, Nonthesis
Program Websites: http://www.ce.ucf.edu/credit/data/	

Program Description

The Master of Science in Data Analytics program provides students with the ability to develop algorithms and computer programs for discovery of information from large amounts of data. This includes the architecture of programs, as well as technical details of algorithm development. Students are expected to be able to write and maintain novel computer programs that make efficient use of cutting-edge computer technology.

Students in this nonthesis program receive a broad background in the areas of parallel programming, machine learning, data mining, and network science while specializing in particular areas of data analytics practice. Students successfully completing this program will have exhibited breadth as well as depth of capability involving discovery of knowledge from "big data."

Curriculum

The MS in Data Analytics requires 30 credit hours and includes a project, which is a culminating experience. Students must receive a grade of "B" or higher in all courses.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

An undergraduate degree in computer science, statistics, computer engineering or information technology is desirable but not required. Applicants without a strong undergraduate background in computer science or statistics must demonstrate an understanding of the material covered in the following upper division undergraduate courses:

- COP 3330 Object-Oriented Programming
- COP 3503C Computer Science II
- COP 4710 Database Systems
- STA 2023 Statistical Methods I
- Programming experience or STA 4164 Statistical Methods III

Required Courses: 24 Credit Hours

All students are required to take the following courses, for a total of 24 credit hours.

- CAP 5610 - Machine Learning **3 Credit Hours**
- CNT 5805 - Network Science **3 Credit Hours**
- COP 5711 - Parallel and Distributed Database Systems **3 Credit Hours**
- COP 6526 - Parallel and Cloud Computation **3 Credit Hours**
- STA 5206 - Statistical Analysis **3 Credit Hours**
- STA 5703 - Data Mining Methodology I **3 Credit Hours**
- STA 6704 - Data Mining Methodology II **3 Credit Hours**
- CAP 6942 - Project in Data Analytics **3 Credit Hours**

Restricted Elective Courses: 6 Credit Hours

All students are required to complete 6 credit hours of approved electives that are selected after consultation with the student's adviser.

- CAP 6307 - Text Mining I **3 Credit Hours**
- CAP 6315 - Social Media and Network Analysis **3 Credit Hours**
- CAP 6318 - Computational Analysis of Social Complexity **3 Credit Hours**
- CAP 6545 - Machine Learning Methods for Biomedical Data **3 Credit Hours**
- CAP 6737 - Interactive Data Visualization **3 Credit Hours**
- STA 6714 - Data Preparation **3 Credit Hours**

Independent Learning

The Independent Learning Requirement is met by successful completion of a capstone project in CAP 6942 - Project in Data Analytics.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken within the last five years.
- Resume/CV
- Letters of recommendation (encouraged but not required)

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

An undergraduate degree in Computer Science, Statistics, Information Technology, or Computer Engineering is desirable but not required. Applicants without a strong undergraduate background in Computer Science and Statistics must demonstrate an understanding of the material covered in upper-division undergraduate courses listed under the Articulation Section of the Curriculum Information. Applicants may choose to demonstrate their knowledge of these courses by taking these courses as non-degree seeking and scoring "B" or better in all of them.

Application Deadlines

Data Analytics MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Digital Forensics MS ►

College: Engineering and Computer Science	Degree: MS
Department: Computer Science	Option: Thesis, Nonthesis
Program Websites: http://msdf.ucf.edu/	
Graduate Program Handbook	

Program Description

The Digital Forensics master's degree is a collaborative effort between various UCF academic departments (Computer Science, Forensic Science of Chemistry, Criminal Justice, and Legal Studies) and the National Center for Forensic Science (NCFS), which is based in the UCF College of Sciences as a forensic science research center and is housed in Orlando's Research Park, adjacent to UCF.

The mission of the MSDF degree program is to provide a quality graduate education in science and practices of digital forensics, to prepare the students for digital forensics jobs, and to prepare the students for a lifetime of learning. The objectives of the program include the following:

- To give MSDF graduates the knowledge and skills necessary to participate as an effective team member or team leader in digital evidence investigations
- To prepare MSDF graduates for professional careers in digital forensics examination, forensic tool development, tool verification and validation, security and forensics administration
- To prepare MSDF graduates with the knowledge and skills to pursue advanced studies and research in computer technology or computer crime-related disciplines
- To equip MSDF graduates with the communication skills, both oral and written, to become an effective problem solver as well as an effective communicator as an expert forensic examiner and expert witness

Please note: Digital Forensics (MS) may be completed fully online. Most courses are either online courses or have both in-campus and online course sessions. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. It could be difficult to satisfy these requirement since many courses in this program only have online format. Please contact Program Coordinator to discuss possible admission issue.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Digital Forensics MS degree is comprised of 30 hours of study beyond the bachelor's degree with required, intensive specialization in topics related to digital forensics. The degree program prepares students, including working professionals, who will pursue the degree on a part-time basis to gain the knowledge and skills required to work as an examiner in the field. The program may also be taken by those who have an interest in scientific applications and research in the field, and who would like to continue to a doctoral degree program or law school after completion.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

The program offers both a thesis option (6 credit hours) or an opportunity to complete two additional courses (6 credit hours) selected from the Restricted Electives. At least one-half of the credit hours must be at the 6000 level.

Articulation

Undergraduate articulation courses may be required for students with BS and/or MS degrees in fields other than a computer-related field. If you are not in STEM related BS program, you need to show either you have taken some basic CS/IT courses, or have working experience in CS or IT or digital forensics field. If you want to take some prerequisite courses, you can take two to three of the following courses in UCF or equivalent courses in other places:

1. Basic CS knowledge: COP 3502: Computer Science I
2. Basic networking knowledge: CNT 3004 Computer Network Concepts, or CNT 4703C Design and Implementation of Computer Communication Networks, or CNT 4704 Analysis of Computer Communication Networks
3. Basic Computer architecture: CDA 3103: Computer Logic and Organization
4. Programming course, such as: COP 3223C Introduction to Programming with C, or COP 3330 Intro to OO Programming with Java

Courses taken to correct deficiencies cannot be used to satisfy minimum degree requirements.

Required Courses: 12 Credit Hours

- CGS 5131 - Computer Forensics I: Seizure and Examination of Computer Systems **3 Credit Hours**
- CHS 5504 - Topics in Forensic Science **3 Credit Hours**
- CIS 6207 - The Practice of Digital Forensics **3 Credit Hours**
- CNT 6418 - Computer Forensics II **3 Credit Hours**

Restricted Elective Courses: 12 Credit Hours

Computing and Technology

Select two courses.

- CAP 6133 - Advanced Topics in Computer Security and Computer Forensics **3 Credit Hours**
- CNT 6519 - Wireless Security and Forensics **3 Credit Hours**
- CAP 6135 - Malware and Software Vulnerability Analysis **3 Credit Hours**
- CIS 6386 - Operating Systems and File System Forensics **3 Credit Hours**
- CIS 6395 - Incident Response Technologies **3 Credit Hours**
- CNT 5410L - Cyber Operations Lab **3 Credit Hours**
- IDC 5602 - Cybersecurity: A Multidisciplinary Approach **3 Credit Hours**
- IDC 6600 - Emerging Cyber Issues **3 Credit Hours**
- IDC 6601 - Behavioral Aspects of Cybersecurity **3 Credit Hours**

Criminal Justice

Select one course.

- CCJ 5015 - The Nature of Crime **3 Credit Hours**
- CCJ 5456 - The Administration of Justice **3 Credit Hours**
- CCJ 6074 - Investigative and Intelligence Analysis: Theory and Methods **3 Credit Hours**
- CCJ 6704 - Research Methods in Criminal Justice **3 Credit Hours**
- CCJ 6706 - Data Analysis in Criminal Justice I **3 Credit Hours**
- CJE 6688 - Cyber Crime and Criminal Justice **3 Credit Hours**
- CJL 6568 - Law and Social Control **3 Credit Hours**

Legal Studies and Electronic Discovery

Select one course.

- CHS 5596 - The Forensic Expert in the Courtroom **3 Credit Hours**
- CHS 5518 - The Forensic Collection and Examination of Digital Evidence **3 Credit Hours**
- PLA 5587 - Current Issues in Cyberlaw **3 Credit Hours**
- CIS 6206 - Electronic Discovery for Digital Forensics Professionals **3 Credit Hours**

Thesis Option: 6 Credit Hours

The College of Engineering and Computer Science requires that all thesis defense announcements are approved by the student's adviser and posted on the college's website and on the Events Calendar at the College of Graduate Studies website at least two weeks before the defense date.

- CAP 6971 Thesis **6 Credit Hours** (6 Credit Hours, take 3 credit hours per semester for two consecutive semesters)

Nonthesis Option: 6 Credit Hours

Students not interested in a thesis can instead take one elective course and the "CDA 6946: Internship" course, or take two electives. The electives can be any courses from the list of Restricted Electives above, or the following electives.

Independent Learning

The Independent Learning Requirement is met by successful completion of a master's thesis or completing the capstone course CIS 6207.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Statement of educational, research, and professional career objectives.
- Résumé.
- One letter of recommendation.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

The GRE is not required for admission into this program.

Application Deadlines

Digital Forensics MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1

International Applicants				
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Digital Media MA

College: Sciences	Degree: MA
Department: Nicholson School of Communication and Media	Option: Thesis, Non-Thesis
Program Websites: https://communication.ucf.edu/degree/digital-media-ma/	
Graduate Program Handbook	

Description

The MA program in Digital Media engages students in theoretical frameworks, methods, and critical media practice related to computational, interactive media. Through rigorous creative and research projects, the MA prepares students for continued study in a PhD program or employment within the industry. Working closely with an innovative faculty and technology partnerships in downtown Orlando, students will employ emerging technologies to communicate interactive narratives and experiences while also producing cutting-edge research in interactive media.

Curriculum

The Digital Media MA combines theory and practice to train the next generation of interactive media scholars and practitioners. Part of the first wave of UCF's state-of-the-art downtown campus, students in this program have unique opportunities to participate in socially impactful research and artistic production. In the first year, students gain an introduction to aesthetic, theoretical, programming, and design approaches to interactive media, while gaining valuable

foundations in research and storytelling. In the second year, students either pursue a thesis or studio production path, while learning about contemporary topics and emerging Artificial Intelligence (AI) research and design. Throughout the program, students are encouraged to create portfolio-ready pieces and/or present their work at conferences, thus preparing them for future professional, artistic, and scholarly success at the forefront of interactive media.

The program focuses on the following areas:

- **Theory and Practice:** The program trains students to pair theory and practice regardless of the path they choose through the program. Students will learn to develop theoretically sophisticated creative works and to pair creativity with research. This is accomplished by providing students with a solid foundation in aesthetic, design, programming, and theoretical approaches.
- **Narrative and Experience Design:** The program also emphasizes interactive storytelling and an understanding of how to design compelling experiences specifically for interactive media. This is accomplished through coursework on these subjects, and the time allotted in the program's plan of study for students to develop in-depth creative and research projects that put the concepts learned in coursework into play.
- **Social Impact:** The MA in Digital Media also takes advantage of the creative, research, and business opportunities available through the program's downtown Orlando location to provide students with a range of real-world, socially impactful research and creative experiences. Course projects and students' own creative and research work benefit from the social, cultural, and economic context of a thriving downtown sector.
- **Professional and Scholarly Outcomes:** The MA program offers two equally in-depth and rigorous tracks—the Thesis or Studio Production paths. The required coursework provides the foundational skills and knowledge needed for students to create an exhibition or publication-ready projects.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 24 Credit Hours

- DIG 5487 - Media Aesthetics **3 Credit Hours**
- DIG 5508 - Programming for Digital Media **3 Credit Hours**
- DIG 5831 - Computational Media **3 Credit Hours**
- DIG 6136 - Design for Interactive Media **3 Credit Hours**
- DIG 6551 - Theory and Practice of Interactive Storytelling **3 Credit Hours**
- DIG 6647 - History and Theory of Dynamic Media **3 Credit Hours**
- DIG 6817 - Contemporary Topics in Interactive Media **3 Credit Hours**
- DIG 6825 - Research Methods for Interactive Media **3 Credit Hours**

Thesis Option: 6 Credit Hours of Thesis and 6 Credit Hours of Electives

Students choosing the Thesis option will take all required courses, along with two electives (one in Fall and one in Spring of their second year in a typical program of study). The electives may come from any COM, DIG, or FIL prefix or other as approved by the graduate coordinator. Many graduate-level courses in the College of Arts and Humanities can be used as electives, based on an adviser-approved plan of study. These courses must be selected to ensure that at least one-half of the courses in the student's plan of study are taken at the 6000 level. In addition, students will take 6 hours of DIG 6971: Thesis credit (3 in Fall and 3 in Spring in a typical program of study).

Each candidate for the Master of Arts submits a thesis prospectus and preliminary bibliography on a topic selected in consultation with the adviser. The formal thesis is initiated by the preparation of a proposal that meets both departmental and university requirements for the thesis. Prior to enrollment into thesis credit hours, the adviser, in consultation with the student, designates a Thesis Committee to be further approved by the College Graduate of Studies. This committee is chaired by the adviser and includes two or more additional faculty members from the Nicholson School of Communication and Media.

The members of the student's thesis committee judge the proposal as the preliminary step to beginning the thesis. This committee must approve the Thesis Proposal before academic credit can accrue.

The thesis is a formal written document. The introduction cites similar, related, and antecedent work. The body explains the purposes of the project, the method of its production, and any evaluation that was performed. The conclusion includes plans for future work. The thesis also includes an archival copy of the resulting creative product. Both the thesis and the creative product must be delivered in digital form, acceptable by the UCF library according to its standards for digital dissertations and theses.

- DIG 6971 - Thesis **6 Credit Hours**
- Electives **6 Credit Hours**

Thesis Defense

In addition to a written thesis, the final step in completing the thesis requirement is an oral defense before the thesis committee. Candidates must present their creative or research work and explain its creation in an oral defense. These presentations are made to the student's committee in a public meeting that other faculty and students may attend.

Studio Production, Non-Thesis Option: 12 Credit Hours

Students selecting the Studio Production option complete 6 required credit hours: DIG 6571: Studio 1 (3 credit hours) and DIG 6909: Research Report (3 credit hours), and an additional 6 credit hours of electives.

The electives may come from any COM, DIG, or FIL prefix or other as approved by the graduate coordinator. Many graduate-level courses in the College of Arts and Humanities can be used as electives, based on an adviser-approved plan of study. These courses must be selected to ensure that at least one-half of the courses in the student's plan of study are taken at the 6000 level.

- DIG 6524 - Studio 1 **3 Credit Hours**
- DIG 6909 Research Report (3 Credit Hours)
Electives **6 Credit Hours**

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A written statement (1 - 2 pages) describing the student's personal goals, objectives, and research interests in seeking the degree.
- Three letters of recommendation from former professors or employers who can address applicant's ability to undertake graduate-level courses.
- For students intending to pursue the studio track, a link to a web portfolio of 2 - 5 substantial creative and/or technical works. For students intending to pursue the thesis track, writing sample(s) totaling 10 - 15 pages.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Desirable background skills for this degree include familiarity with computer coding and/or digital design, but these are not required as coursework addresses these areas.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, the applicant's potential for completing the degree, and the current applicant pool.

Application Deadlines

Digital Media	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1		
International Applicants	Jan 15	Jan 15		
<p>*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.</p> <p>Applications will be reviewed at the end of each month, with the last review after the July 1st deadline.</p>

Early Childhood Development and Education MS

College: Community Innovation and Education	Degree: MS
Department: School of Teacher Education	Option: Thesis, Nonthesis
Program Website: https://ccie.ucf.edu/teachered/early-childhood-education/	
Graduate Program Handbook	

Program Description

The Master of Science program in Early Childhood Development and Education (ECDE) is designed to meet the needs of professionals who want to work with young children and their families. The ECDE program delivers relevant, rigorous course work and related academic experiences.

The program is designed for candidates with undergraduate degrees in a wide range of areas either related to early childhood development and education, such as child development, psychology, communication disorders, sociology, nursing, theatre, music or other degrees. The program of study includes advanced professional development in early child development and education for careers with direct and indirect services for young children and families. Direct early education services to young children and families can include homes, schools, and other community settings, such as child care and Head Start. Indirect services can include: child assessment, program evaluation, child care resource and referral, early learning coalitions, community college instruction, and child advocacy. Graduates of this program are encouraged to serve as a bridge among schools and community agencies and to nurture leadership skills in these areas.

In addition to fostering the professional development of previously certified early childhood teachers, this program will also serve as a connection between schools, families, and community agencies and will provide the educational experiences to nurture educational leaders who will work within and across these areas.

Curriculum

The Early Childhood Development and Education MS program requires a minimum of 36 credit hours beyond the bachelor's degree, including 6 credit hours of core courses, 18 credit hours of specialization courses, 6 credit hours of electives, and 6 credit hours of a capstone experience in the form of a thesis or nonthesis/practicum or additional graduate course credit options.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Students should initially and periodically meet with an academic adviser to plan their program of electives in relation to their desired career goals, develop a program of study and timeline for their course work completion, and plan for the capstone culminating experience.

The MS does not lead to initial teacher preparation through the state-approved program route. Students interested in certification may contact the Florida Bureau of Teacher Certification Florida Department of Education directly at www.fldoe.org/edcert/.

Required Courses: 24 Credit Hours

Core: 6 Credit Hours

- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**
- EDF 6401 - Statistics for Educational Data **3 Credit Hours**

Specialization: 18 Credit Hours

- EEC 5205 - Programs and Trends in Early Childhood Education **3 Credit Hours**
- EEC 6269 - Play Development, Intervention, and Assessment **3 Credit Hours**
- EEC 6405 - Home-School-Community Interaction in Early Childhood Education **3 Credit Hours**
- EEC 6406 - Guiding and Facilitating Social Competence **3 Credit Hours**

- EEC 6606 - Global Issues in Early Childhood **3 Credit Hours**
- EEX 6222 - Observation and Assessment of Young Children **3 Credit Hours**

Elective Courses: 6 Credit Hours

- EEC 6216 - Communicative Arts in Early Childhood Education **3 Credit Hours**
- EEX 6017 - Typical and Atypical Applied Child Development **3 Credit Hours**
- EEX 5702 - Planning Curriculum for Pre-Kindergarten Children with Disabilities **3 Credit Hours**
- EEX 5750 - Communication with Parents and Agencies **3 Credit Hours**
- MHS 6403 - Group and Family Play Therapy **3 Credit Hours**
- MHS 6421 - Foundations of Play Therapy and Expressive Arts **3 Credit Hours**
- SOW 6726 - Social Work Practice with Children from Birth to Age Five and their Families **3 Credit Hours**
- Other courses of interest with consent of faculty

Thesis Option: 6 Credit Hours

- EEC 6971 Thesis **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

- EEC 6947 - Practicum in Child, Family, and Community Sciences **6 Credit Hours** or
- 6 Credit Hours of approved electives with a written comprehensive examination

Independent Learning

A thesis, practicum, or a written comprehensive examination is required as the culminating experience for the program.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Three letters of recommendation from academic sources.
- Professional resumé.
- Essay detailing career goals.
- An interview (in person, virtual, or by phone) scheduled by the Early Childhood Graduate faculty.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Admission materials will be scored on a rubric to quantify decision criteria.

Students who do not meet published admission requirements may be admitted provisionally and will be interviewed by a faculty program committee for final admission action. Other admission factors that may be used in selecting students

for provisional admission to the program include previous teaching experience or work (i.e., social service agencies) with infants and young children, pre-kindergarten or primary age children and their families.

Application Deadlines

Early Childhood Development and Education MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1

Economics MS

College: Business Administration	Degree: MS
Department: Economics	Option: Nonthesis
Program Websites: http://business.ucf.edu/graduate-programs/	
Graduate Program Handbook	

Program Description

The Master of Science in Economics degree program prepares students as economists specializing in business analytics. The program provides students with the necessary theoretical and quantitative training to address current economic business problems in a thoughtful, rigorous manner.

Today's job market offers numerous opportunities to individuals who couple an advanced understanding of economic theory with well-developed skills in data analytics.

Curriculum

The Economics MS program requires a minimum of 30 credit hours beyond the bachelor's degree.

All candidates for the MS degree must complete the end-of-program requirement, ECO 6935 Capstone in Business Analytics I and ECO 6936 Capstone in Business Analytics II.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 24 Credit Hours

Fall Term

- ECO 6403 - Mathematical Economics **3 Credit Hours**
- ECO 6118 - Microeconomic Theory I **3 Credit Hours**
- ECO 5445 - Introduction to Business Analytics **3 Credit Hours**
- MAP 6207 - Optimization Theory **3 Credit Hours**

Spring Term

- ECO 6424 - Econometrics I **3 Credit Hours**
- ECO 7116 - Microeconomic Theory II **3 Credit Hours**
- ECO 6315 - Seminar in Contemporary Economic Issues **3 Credit Hours**
- ECO 6445 - Data Wrangling **3 Credit Hours**

End-of-Program Requirement: 6 Credit Hours

The culminating academic experience of the program consists of a two-course capstone sequence that provides students a forum in which to develop, carry out, and write up research of a well-defined problem in business analytics using the tools developed in the program.

- ECO 6935 - Capstone in Business Analytics I **3 Credit Hours**
- ECO 6936 - Capstone in Business Analytics II **3 Credit Hours**

Independent Learning

The capstone research project is required of all students in the program.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken within the last five years.
- Résumé.
- Two Letters of Reference: either two professors, if within two years of graduating, or one professor and a manager after that.
- Essay (no more than two pages; 8.5 x 11-inch stock, ten-point font, single-spaced, one-inch margins all around), explaining why candidate wants to study business analytics
- A computer-based score of 233 (or 91 internet-based score) on the Test of English as a Foreign language (TOEFL) if an applicant is from a country where English is not the official language, or if an applicant's degree is not from an accredited U.S. institution, or if an applicant did not earn a degree in a country where English is the only official language or a university where English is the only official language of instruction. Although we prefer the TOEFL, we will accept IELTS scores of 7.0.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Economics MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	May 1		
International Applicants	Jan 15	Jan 15		
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Educational Leadership MA ►

College: Community Innovation and Education	Degree: MA
Department: Educational Leadership and Higher Education	Option: Nonthesis
Program Websites: https://ccie.ucf.edu/elhe/educational-leadership/	
Graduate Program Handbook	

Program Description

The online Master of Arts in Educational Leadership program is not a state-approved program for certification in Florida. The program is designed to prepare students for administrative and leadership positions in school settings and other education-related fields that specifically do NOT require Florida certification. Some examples include administrative positions outside of Florida, around the nation and world, a private school headmaster, charter school administrator, community college or university staff administrator, or museum administrator.

The Educational Leadership MA also offers two tracks focused on higher education: Higher Education/Student Personnel and College Teaching and Leadership, both of which have different admission, enrollment, and graduation requirements.

The Higher Education/College Teaching and Leadership track is designed for individuals whose goal is to teach at the community college level. The Higher Education/Student Personnel track is designed to prepare students for leadership positions in a variety of student personnel/affairs departments on college and university campuses and education-related fields. Note, these programs have different admission, enrollment, and graduation requirements.

Please note: Educational Leadership, MA may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

Program Tracks

- Educational Leadership MA, Higher Education/College Teaching and Leadership Track
- Educational Leadership MA, Higher Education/Student Personnel Track
- Educational Leadership MA, Student Athlete Support Services Track

Curriculum

The Educational Leadership MA program requires a minimum of 30 credit hours beyond the bachelor's degree, including 9 credit hours of research and measurement courses and 21 credit hours of administration courses. The courses may be taken in any order the student wishes but the culminating Research Report (EDA 6909) must be taken last. For student convenience and planning, at least two administration courses are projected to be offered each semester and the EDF courses offered each semester.

Students enrolled in the Florida state-approved MEd, EdS, or Modified Core programs in educational leadership may not take these online courses for credit unless approved by their educational leadership faculty adviser.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

The MA program does not fulfill Florida certification requirements.

Required Courses—30 Credit Hours

Research and Measurement—9 Credit Hours

- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**
- EDF 6401 - Statistics for Educational Data **3 Credit Hours**
- **OR**
- EDF 6432 - Measurement and Evaluation in Education **3 Credit Hours**
- EDA 6909 - Research Report **3 Credit Hours**

Administration—21 Credit Hours

- EDA 6062 - Leadership in Educational Organizations **3 Credit Hours**
- EDA 6228 - Human Resource Processes in Education **3 Credit Hours**
- EDA 6234 - Personnel and Education Related Law **3 Credit Hours**
- EDA 6246 - Basic Education Funding and Management **3 Credit Hours**
- EDA 6275 - Digital Leadership and Systems Management **3 Credit Hours**
- EDA 6303 - Organizations and the Community **3 Credit Hours**
- EDA 6932 - Issues in Education **3 Credit Hours**

Independent Learning

Students are required to successfully complete the EDA 6909 Research Report. For more information, contact the graduate program coordinator.

Application Requirements

Applicants may apply to the online MA in Educational Leadership or one of the two tracks offered within the MA in Higher Education. The higher education track programs are not online programs and may have different requirements.

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.

- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Educational Leadership MA	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. Educational Leadership MA, Higher Education/College Teaching and Leadership Track

College: Community Innovation and Education	Degree: MA
Department: Educational Leadership and Higher Education	Option: Nonthesis
Program Websites: https://ccie.ucf.edu/elhe/higher-education/	

Track Description

The Higher Education/College Teaching and Leadership track in the Educational Leadership MA program is designed for individuals planning to teach at that level and neither requires state teacher certification for admission nor prepares candidates for state teacher certification.

The program considers new applicants during fall and spring semesters only; passing a comprehensive exam at the end of the program is a graduation requirement.

Curriculum

Total Credit Hours Required: 42 Credit Hours Minimum beyond the Bachelor's Degree

The Higher Education/College Teaching and Leadership track in the Educational Leadership MA program is designed for individuals whose goal is to teach at the community college level. Every attempt is made to build the minimum required 18 hours of graduate-level content area courses into the program of study. Only six hours of independent study courses may be used to satisfy degree requirements. It is important to see an adviser if courses are difficult to schedule in the content area. Students electing this track will not meet state requirements for teacher certification in grades K-12. Successfully passing a comprehensive exam at the end of the program is a final graduation requirement.

Required Courses—24 Credit Hours

Students in this track should consult with the Higher Education/College Teaching and Leadership adviser regarding core requirements prior to registering for core courses.

- EDH 6053 - The Community College in America **3 Credit Hours**
- EDH 6081 - Contemporary Issues in Colleges **3 Credit Hours**
- EDH 6204 - Leadership in College Organizations **3 Credit Hours**
- EDH 6215 - The College Curriculum **3 Credit Hours**
- EDH 6305 - Teaching and Learning in Colleges and Universities **3 Credit Hours**
- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**
- IDS 6504 - Adult Learning **3 Credit Hours**
- EDF 6401 - Statistics for Educational Data **3 Credit Hours**
- EDF 6432 - Measurement and Evaluation in Education **3 Credit Hours**

Elective Courses—18 Credit Hours

Courses must be approved by the student's adviser in one of the following disciplines:

- Art
- English
- English for Speakers of Other Languages (ESOL)
- Math
- Science
- Social Science (Select one: History, Sociology, Psychology, etc.)

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Educational Leadership MA, Higher Education/Student Personnel Track

College: Community Innovation and Education	Degree: MA
Department: Educational Leadership and Higher Education	Option: Nonthesis
Program Websites: https://ccie.ucf.edu/elhe/higher-education/	

Track Description

The Higher Education/Student Personnel Track in the Educational Leadership MA program is designed to prepare students for leadership positions in student personnel administration in higher education and education-related fields.

Higher Education Professionals work in a variety of settings on college and university campuses, from financial aid, orientation, and residence life to athletics, international services, and student activities. They provide services and develop programs that affect all aspects of students' lives inside and outside of the classroom.

Given the focus of the program, this master's degree does not lead to fulfillment of K-12 teacher certification requirements.

Curriculum

The Higher Education/Student Personnel track in the Educational Leadership MA program requires a minimum of 39 credit hours beyond the bachelor's degree, including six credit hours of core courses, 24 credit hours of specialization, three credit hours of electives, six credit hours of professional field experience, and passing a comprehensive exam at the end of studies.

Given the focus of the program, this master's degree does not lead to the fulfillment of K-12 teacher certification requirements.

Total Credit Hours Required: 39 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 30 Credit Hours

Core: 6 Credit Hours

- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**
- EDF 6432 - Measurement and Evaluation in Education **3 Credit Hours** or
- EDF 6401 - Statistics for Educational Data **3 Credit Hours**

Specialization: 24 Credit Hours

Select 8 courses from the following list.

- EDH 6635 - Organization and Administration of Higher Education **3 Credit Hours**
- EDH 6065 - History and Philosophy of Higher Education **3 Credit Hours**
- EDH 6505 - Finance in Higher Education **3 Credit Hours**
- EDH 6935 - Capstone Seminar in College Student Personnel **3 Credit Hours**
- EDH 6407 - Ethical and Legal Issues in Student Personnel **3 Credit Hours**
- EDH 6634 - Student Personnel Services in Higher Education **3 Credit Hours**
- EDH 6047 - Theories of College Student Development **3 Credit Hours**
- EDH 6105 - Retention Strategies in Colleges and Universities **3 Credit Hours**

Elective Courses: 3 Credit Hours

- Electives approved by adviser

Professional Field Experience: 6 Credit Hours

- EDH 6946 - Internship **VAR Credit Hours**
- EDH 6947 - Practicum in Student Personnel **3 Credit Hours**

Independent Learning

Both an internship and practicum are required for completing the degree, in addition to a capstone seminar.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken within the last five years.
- Three letters of recommendation, with one being from a staff, administrator, or faculty at a college or university familiar with your involvement or engagement in postsecondary education.
- Resumé.
- Personal statement explaining your past, present, and future involvement in events or activities related to your development in College Student Personnel.

An individual and group interview may be required. The Higher Education/Student Personnel track admits in fall term only.

Application Deadlines

All application materials must be submitted by the appropriate deadline listed below.

Higher Education / Student Personnel	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1		
International Applicants	Jan 15	Jan 15		
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. Educational Leadership MEd

College: Community Innovation and Education	Degree: MEd
Department: Educational Leadership and Higher Education	Option: Nonthesis
Program Website: https://ccie.ucf.edu/elhe/educational-leadership/	
Graduate Program Handbook	

Program Description

The Master of Education in Educational Leadership program is intended for those who wish to work in leadership positions and administrative careers in education. The MEd program provides a theoretical and conceptual knowledge base and practical application required for principalship and for Florida Level I Educational Leadership certification.

Courses required in the program address the Florida Educational Leadership Standards and the Florida Educational Leadership Examination (FELE) competencies and indicators.

This Educational Leadership MEd program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Educational-Leadership-MEd.pdf>.

Curriculum

The Educational Leadership MEd program requires a minimum of 36 credit hours beyond the bachelor's degree, including 30 credit hours of core courses and 6 credit hours of required administrative internship. Courses may be taken in any sequence with the exception of EDA 6946, which must be taken during the last two semesters.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

The MEd program provides the theoretical and conceptual knowledge base with practical application required for the principalship and for Florida Level I Educational Leadership certification. Courses required in the program address the Florida Educational Leadership Standards and Florida Educational Leadership Examination (FELE) competencies and indicators required by the Florida Department of Education. Students are required to pass the FELE for graduation. An MEd in Educational Leadership or its equivalent, and successful completion of the FELE are required by the state of Florida for Level 1 Educational Leadership certification (Certification is subject to Florida Department of Education approval).

The MEd program requires an administrative internship. The internship is an independent learning activity that takes place in a regular K-12 public school setting in which students must apply, reflect on, and refine knowledge and skills acquired in the program. For more information concerning the Educational Leadership internship, please refer to the Educational Leadership website at: education.ucf.edu/edleadership (click on Guide to the Administrative Internship).

MEd students in Educational Leadership will document the experience with each of the Florida Principal Leadership Standards (FPLS) and Florida Educational Leadership Exam (FELE) competencies during the EDA 6946 Administrative Internship. This documentation and successful completion of the administrative internship (grade of A or B) will serve as the culminating experience required for graduation.

Modified Leadership Core Program for Those with Graduate Degrees in Other Disciplines

If an individual holds a graduate degree with a major other than Educational Administration, Administration, Supervision or Educational Leadership, certification may be obtained through completion of an approved modified program in Educational Leadership. The UCF modified program consists of the seven core courses and Administrative Internship course of the Educational Leadership MEd degree. Request an evaluation of prior graduate course work (required for admission into the program) on the following website: education.ucf.edu/edleadership/.

Required Courses: 36 Credit Hours

Core: 30 Credit Hours

The program recommends that students take these courses in the following sequence:

- EDA 6061 - Organization and Administration of Schools **3 Credit Hours**
- EDA 6232 - Legal Aspects of School Operation **3 Credit Hours**
- EDA 6240 - Educational Financial Affairs **3 Credit Hours**
- EDA 6260 - Educational Systems Planning and Management **3 Credit Hours**
- EDA 6931 - Contemporary Issues in Educational Leadership **3 Credit Hours**
- EDA 6423 - Data-Based Decision Making for School Educational Leaders **3 Credit Hours**
- EDS 6123 - Educational Supervisory Practices I **3 Credit Hours**
- EDS 6130 - Educational Supervisory Practices II **3 Credit Hours**
- EDA 6300 - Community School Administration **3 Credit Hours**
- EDA 6502 - Organization and Administration of Instructional Programs **3 Credit Hours**

Internship: 6 Credit Hours

The internship should be completed during or after the last two semesters of coursework listed above.

- EDA 6946 - Internship **VAR Credit Hours**

Additional Program Requirements

- Complete the Administrative Graduate Internship with a minimum grade of B.
- Pass all applicable sections of the Florida Educational Leadership Examination.

Equipment Fee

Students in the Educational Leadership MEd program pay a \$32 equipment fee each semester that they are enrolled. Part-time students pay \$16 per semester.

Independent Learning

The MEd program requires an administrative internship. The administrative internship is an independent learning activity that takes place in a regular K-12 public school setting in which students must apply, reflect on, and refine knowledge and skills acquired in the program. For more information concerning the Educational Leadership internship, please refer to the Educational Leadership website at: <http://education.ucf.edu/edleadership> (click on Internship Guide).

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A letter of recommendation from a principal or other administrator addressing your potential lead and instructional expertise.
- Last 3 years of effective or highly effective teaching evaluations.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Education Leadership MEd	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF

Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Electrical Engineering MSEE

College: Engineering and Computer Science	Degree: MSEE
Department: Electrical and Computer Engineering	Option: Thesis, Nonthesis
Program Websites: http://www.ece.ucf.edu/	
Graduate Program Handbook	

Program Description

The Master of Science in Electrical Engineering students receive a broad background in areas such as electromagnetics and optics, signal processing and systems, and micro-systems and nano-systems.

The Department of Electrical Engineering (Electrical Engineering Program) supports a number of technical (research) areas in which a Master of Science student may specialize. These technical areas are: Electromagnetics and Optics (EO), Signal Processing and Systems (SPS), and Micro-Systems and Nano-Systems (MNS). The Micro-Systems and Nano-Systems area covers the typical Electrical Engineering topic areas of Electronics, Power Electronics, and Micro-Electronics, while the Signal Processing and Systems area covers the typical electrical topic areas of communications, controls, and signal processing. All MSEE programs offer a thesis and a nonthesis option, as well as an Accelerated BS to MSEE program. Students in the program receive a broad background in the various technical areas while specializing in a research area of their interest.

The specific research area that each one of the EE faculty conduct can be found at the Department of EE website (www.ece.ucf.edu/).

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Electrical-Engineering-MS.pdf>.

Program Tracks

- Electrical Engineering MSEE, Accelerated BS to MSEE Track

Curriculum

The master's program offers both a thesis option and a nonthesis option in a technical specialization area. The thesis option requires 30 credit hours of courses that includes 24 credit hours of formal coursework and 6 credit hours of thesis. The nonthesis option requires 30 credit hours of coursework with 24 credit hours of formal coursework with a possibility of 6 credit hours of Independent Study (e.g., XXX 6908) based on availability of interested faculty.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Articulation

Undergraduate articulation courses are required to be completed prior to admission for students who do not hold a Bachelor of Science degree in Electrical Engineering. In particular, the articulation courses specified below, plus all of the prerequisite string which any of them require, must be completed prior to admission. Grades of "B" or higher must be obtained in each articulation course specified below. Articulation courses are not eligible for inclusion on a graduate Program of Study.

- EEL 3123C - Network and Systems
- EEE 3307C - Electronics I
- EEL 3470 - Electromagnetic Fields
- EEL 3552 - Signal Analysis and Communications
- EEE 3350 - Semiconductor Devices I

In addition, choose one of the following:

- EEL 3657 - Linear Control Systems
- EEE 4309C - Electronics II
- EEL 4750 - Digital Signal Processing Fundamentals

Elective Courses: 24 Credit Hours

There are no required courses within a specialization area, however, all students (thesis and nonthesis) must choose at least 24 credit hours of formal courses, excluding research-related courses and Independent Study (XXX 6908) that emphasize their specialization area. Courses from outside specialization areas could also be chosen if they are approved by the student's adviser and incorporated into the Program of Study for the student.

The Program of Study (POS) form must be approved by an adviser in the selected specialization area no later than the end of the second semester after admission. The program of study must meet all the university requirements specified in the graduate catalog and must also receive departmental-level and college-level approval.

Suggested Courses for the MSEE Program

The Electrical Engineering Program supports a number of specialization areas. These technical areas are: Electromagnetics and Optics (EO), Signal Processing and Systems (SPS), and Micro-Systems and Nano-Systems (MNS). The Micro-Systems and Nano-Systems area covers the typical Electrical Engineering topic areas of Electronics, Power Electronics and Micro-Electronics, while the Signal Processing and Systems area covers the typical electrical topic areas of communications, controls, and signal processing.

For each one of these areas there is a suggested list of courses stated below. Students are also allowed to take courses from other specialization areas, but the majority of their courses should be chosen from courses in their specialization area.

Electromagnetics and Optics (EO)

- EEE 5542 - Random Processes I **3 Credit Hours**
- EEE 5557 - Introduction to Radar Systems **3 Credit Hours**
- EEL 5437C - Microwave Engineering **4 Credit Hours**
- EEL 5439C - RF and Microwave Active Circuits **4 Credit Hours**
- EEL 5462 - Antenna Analysis and Design **3 Credit Hours**
- EEL 5432 - Satellite Remote Sensing **3 Credit Hours**
- EEL 6425C - RF and Microwave Measurement Techniques **4 Credit Hours**

- EEL 6481 - Numerical Techniques in Electromagnetics **3 Credit Hours**
- EEL 6482 - Electromagnetic Theory I **3 Credit Hours**
- EEL 6489 - Advanced Topics in Electromagnetics and Microwaves **3 Credit Hours**
- EEL 6504 - Communications Systems Design **3 Credit Hours**
- EEL 6530 - Communication Theory **3 Credit Hours**
- MAP 5426 - Special Functions **3 Credit Hours**
- MAP 5435 - Advanced Mathematics for Engineers **3 Credit Hours**
- MAP 6424 - Transform Methods **3 Credit Hours**
- OSE 5041 - Introduction to Wave Optics **3 Credit Hours**
- OSE 5414 - Fundamentals of Optoelectronic Devices **3 Credit Hours**
- OSE 6111 - Optical Wave Propagation **3 Credit Hours**
- OSE 6143 - Fiber Optics Communication System **3 Credit Hours**
- OSE 6211 - Imaging and Optical Systems **3 Credit Hours**
- OSE 6421 - Integrated Photonics **3 Credit Hours**
- OSE 6432 - Guided Waves and Optoelectronics **3 Credit Hours**
- OSE 6445 - Fundamentals of Ultrafast Optics **3 Credit Hours**
- OSE 6455C - Photonics Laboratory **3 Credit Hours**
- OSE 5525 - Laser Engineering **3 Credit Hours**
- OSE 6615L - Optoelectronic Device Fabrication Laboratory **3 Credit Hours**
- OSE 5525 - Laser Engineering **3 Credit Hours**

Micro-Systems and Nano-Systems (MNS)

- BME 5572 - Biomedical Nanotechnology **3 Credit Hours**
- EEL 5245 - Power Electronics **3 Credit Hours**
- EEE 5332C - Thin Film Technology **3 Credit Hours**
- EEE 5352 - Semiconductor Material and Device Characterization **3 Credit Hours**
- EEE 5353 - Semiconductor Device Modeling and Simulation **3 Credit Hours**
- EEE 5356C - Fabrication of Solid-State Devices **4 Credit Hours**
- EEE 5370 - Operational Amplifiers **3 Credit Hours**
- EEE 5378 - CMOS Analog and Digital Circuit Design **3 Credit Hours**
- EEE 5390C - Full-Custom VLSI Design **3 Credit Hours**
- EEE 5555 - Surface Acoustic Wave Devices and Systems **3 Credit Hours**
- EEE 6317 - Power Semiconductor Devices and Integrated Circuits **3 Credit Hours**
- EEE 6358 - Advanced Semiconductor Device I **3 Credit Hours**
- EEL 6246 - Power Electronics II **3 Credit Hours**
- EEE 6326C - MEMS Fabrication Laboratory **3 Credit Hours**
- EEE 6338 - Advanced Topics in Microelectronics **3 Credit Hours**

Signal Processing and Systems (SPS)

- EEE 5513 - Digital Signal Processing Applications **3 Credit Hours**
- EEE 5542 - Random Processes I **3 Credit Hours**
- EEE 5557 - Introduction to Radar Systems **3 Credit Hours**
- EEE 6504 - Adaptive Digital Signal Processing **3 Credit Hours**
- EEL 5820 - Image Processing **3 Credit Hours**
- EEL 5825 - Pattern Recognition and Learning from Big Data **3 Credit Hours**

- EEL 5630 - Digital Control Systems **3 Credit Hours**
- EEL 5173 - Linear Systems Theory **3 Credit Hours**
- EEL 6504 - Communications Systems Design **3 Credit Hours**
- EEL 6530 - Communication Theory **3 Credit Hours**
- EEL 6590 - Advanced Topics in Communications **3 Credit Hours**
- EEL 6812 - Introduction to Neural Networks **3 Credit Hours**
- EEL 6619 - Nonlinear Robust Control and Applications **3 Credit Hours**
- EEL 6621 - Nonlinear Control Systems **3 Credit Hours**
- EEL 6662 - Advanced Robotics **3 Credit Hours**
- EEL 6667 - Mobile Robotic Systems **3 Credit Hours**
- EEL 6671 - Modern and Optimal Control Systems **3 Credit Hours**
- EEL 6674 - Optimal Estimation for Control **3 Credit Hours**
- EEL 6616 - Adaptive Control **3 Credit Hours**
- EEL 6683 - Cooperative Control of Networked Autonomous Systems **3 Credit Hours**
- EEL 5669 - Introduction to Robotics and Autonomous Vehicles **3 Credit Hours**
- EEL 6026 - Optimization of Engineering Systems **3 Credit Hours**
- CAP 5415 - Computer Vision **3 Credit Hours**
- CAP 6411 - Computer Vision Systems **3 Credit Hours**
- CAP 6412 - Advanced Computer Vision **3 Credit Hours**
- CAP 6419 - 3D Computer Vision **3 Credit Hours**

Thesis Option: 6 Credit Hours

The thesis option requires 6 credit hours of thesis work (EEL 6971) in addition to the 24 credit hours of formal elective courses.

Please note the following requirements for this option:

- 24 credit hours of courses must be taken in the student's chosen specialization area.
- No more than 6 credits of thesis (EEL 6971) will be counted toward the degree requirement.
- At least half of the coursework, including Thesis XXX 6971, must be at the 6000-level (typically at least 15 credit hours).
- Thesis students who are full time must continue to enroll in three credit hours of thesis coursework each semester until the thesis requirement is satisfied, beyond the minimum of 6 credit hours of thesis, but only 6 hours total will count toward the degree requirement.

The College of Engineering and Computer Science requires that all thesis defense announcements are approved by the student's adviser and posted on the college's website and on the university-wide Events Calendar at the College of Graduate Studies website at least **two weeks** before the defense date.

- EEL 6971 - Thesis **3 Credit Hours** (taken twice)

Nonthesis Option: 6 Credit Hours

The nonthesis option is especially suited for part-time students. Nonthesis students must complete 6 credit hours of electives in addition to the 24 credit hours of formal coursework described above.

If approved by the student's adviser, the student may include a total of 6 credit hours as an Independent Study (XXX 6908). At least half of the coursework must be at the 6000-level (typically at least 15 credit hours).

- Electives **6 Credit Hours**

Portfolio Requirement

Students are required to complete a culminating experience. The culminating experience for nonthesis MS students is submission of their portfolio of activities by the course withdrawal date of the semester prior to their intended graduation. Portfolio requirements are listed on the EECS website at <http://www.eecs.ucf.edu/>.

Transfer Credits

Graduate students with a bachelor's degree in Electrical Engineering from UCF may transfer up to 9 credit hours of 5000-level or higher coursework, with grades of B or higher, toward the MSEE degree. Alternatively, a maximum of 9 credit hours may be transferred of graduate work conducted elsewhere from an accredited institution.

Equipment Fee

Students in the Electrical Engineering MSEE program pay a \$90 equipment fee each semester that they are enrolled. Part-time students pay \$45 per semester.

Independent Learning

The independent learning requirement is met by successful completion of a master's thesis or an approved portfolio of activities for nonthesis students.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in Electrical Engineering or a related discipline.
- GRE is not required for MSEE applicants with a BS degree in EE or CpE and with a minor in any of following disciplines of EE, CpE or CS.
- Two letters of recommendation.
- Résumé.
- Statement of educational, research, and professional career objectives.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

Additional courses may also be required to correct any course deficiencies. Students should contact the graduate program director for further information.

Application Deadlines

Electrical Engineering MSEE	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Electrical Engineering MSEE, Accelerated BS to MSEE Track

College: Engineering and Computer Science	Degree: MSEE
Department: Electrical and Computer Engineering	Option: Thesis, Nonthesis
Program Websites: http://www.ece.ucf.edu/	

Track Description

The accelerated undergraduate/graduate program in Electrical Engineering allows highly qualified undergraduate majors in Electrical Engineering to begin taking graduate-level courses that will count toward their master's degree while completing their baccalaureate degree program.

Students in the Electrical Engineering degree programs receive a broad background in areas such as communications, controls/robotics, digital signal processing, electromagnetics, power electronics and electronics, electro-optics/photonics, solid state and microelectronics while specializing in a research area of their interest.

Research interests of the Electrical Engineering faculty include antennas, microwave and millimeter circuits and devices, communication systems, digital signal/image processing, power electronics, electronic circuits, IFF devices, electromagnetic theory, radar and microwave remote sensing, speech processing, VLSI design, spread spectrum

systems, SAW and ACT devices, spectral estimation, solid state device modeling and computer-aided design (CAD) techniques, communication networks, integrated services digital networks, neural networks, systems and controls, robotics, robust control, computer control, microelectronics, semiconductors, thin films, power system stability, bipolar device modeling, solid state lasers, optical propagation, fiber optics, optical signal processing, laser-induced damage, optical testing, diffractive optics, phase conjunction, infrared detectors, Fourier optics, lens design, and nonlinear optics.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Electrical-Engineering-MS.pdf>.

Curriculum

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Up to 12 credit hours of approved 5000- and 6000-level courses of grades "B" (3.0) or better may be counted toward the BS and MS degrees.

Undergraduate Requirements

Application must be made no earlier than the semester after completing 60 credit hours toward the bachelor's degree yet before completing 90 credit hours. A minimum GPA of 3.5 is required prior to admission.

Graduate Requirements

A complete application to the master's degree program must be received before admission deadlines of the semester in which the master's enrollment will commence. Students satisfy all requirements for master's admission in order to continue in the program once the bachelor's degree is awarded. At time of application for master's admission, students must specify BSMS-Accelerated as the master's degree track at time of graduate admission application to the MSEE program.

Equipment Fee

Students in the Electrical Engineering MSEE program pay a \$63 equipment fee each semester that they are enrolled. Part-time students pay \$31 per semester.

Independent Learning

The Independent Learning Requirement is met by successful completion of a master's thesis or an approved portfolio of activities for nonthesis students.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

The **Accelerated BS to MS program** in Electrical Engineering allows highly qualified University of Central Florida undergraduate majors in Electrical Engineering to begin taking graduate level courses that will count toward their

master's degree while completing their baccalaureate degree program. Students apply for admission to the accelerated program in either their junior year or senior year. If the student has a degree in the discipline, but were not previously part of this accelerated program, then they should apply to the **Electrical Engineering MS program** without a track selection. Additional information about this track may be located at: <http://www.cecs.ucf.edu/current-students/bs-ms-program>.

In addition to the general UCF graduate admission requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in Electrical Engineering or a related discipline.
- GRE is not required for MSEE applicants with a BS degree in EE or CpE and with a minor in any of following disciplines of EE, CpE or CS.
- Two letters of recommendation.
- Résumé.
- Statement of educational, research, and professional career objectives.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting applicants into their research program.

Additional courses may also be required to correct any course deficiencies. Students should contact the graduate program director for further information.

Application Deadlines

Accelerated BS to MSEE	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
This track is available to University of Central Florida undergraduate majors in Electrical Engineering only.				
International Applicants				
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. Elementary Education MA

College: Community Innovation and Education	Degree: MA
Department: School of Teacher Education	Option: Nonthesis
Program Website: https://ccie.ucf.edu/teachered/elementary-education/	
Graduate Program Handbook	

Program Description

The Master of Arts in Elementary Education program is state-approved and provides the necessary qualifications for initial teacher certification (Grades K-6) for individuals who have an undergraduate degree in a field other than Elementary Education and who wish to become certified to teach in this field. This program is committed to preparing highly qualified Elementary Education teachers with knowledge and skills aligned with research-based best practices. Additionally, graduates from this program will have the necessary requirements to apply for state-approved ESOL Endorsement (Grades K-12) and Reading Endorsement (Grades K-12) upon graduation.

The Master of Arts in Elementary Education (Grades K-6) ESOL Endorsement/Reading Endorsement (Grades K-12) is subject to any change in the Florida Administrative Code (State Board of Education Rule 6A-5.066). Students enrolled in this program should remain in close contact with their adviser to keep informed of any program changes implemented to comply with new state requirements. For more information on how this program meets certification requirements, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Elementary-Ed-MA.pdf>.

Curriculum

The Elementary Education MA requires a minimum of 48 credit hours beyond the bachelor's degree. If the MA program will be providing a student's initial certification, 80 clock hours of field experience must be completed before enrolling in the supervised internship.

Total Credit Hours Required: 48 Credit Hours Minimum beyond the Bachelor's Degree

The program requires a portfolio of both reflective practice/analysis of professional development and demonstration of attainment of the pre-professional level of performance for all of the Florida Educator Accomplished Practices. Multiple artifacts and reflective analyses are required for each of the accomplished practices. All portfolio entries are critical components of learning since they are the primary means of assessing the professional development of students as reflective practitioners. The program also requires an internship.

All teacher education candidates are required to complete Via™ by Watermark requirements before being certified for graduation. Via™ by Watermark access is required for the portfolio. See <https://ccie.ucf.edu/explore-via/>.

Students should plan to enroll in EDE 6933 during the first semester. Students should also plan to enroll in TSL 5085 early in the program to learn about infused English Speakers of Other Languages (ESOL) requirements including preparation of the TESOL notebook.

Contact the program coordinator before choosing classes for your first semester.

Co-requisite

Undergraduate courses are not counted in the 48 credit hours of graduate courses that are required for the degree.

- EEX 4070 Teaching Exceptional Students **3 Credit Hours**

Required Courses: 48 Credit Hours

Core: 18 Credit Hours

- EDE 6933 - Introductory Seminar in Elementary Education **1 Credit Hours**
(The Introductory Seminar should be taken in the first semester of the program, when possible.)
- EDG 6415 - Principles of Instruction and Classroom Management **3 Credit Hours**
- EDF 6237 - Principles of Learning and Introduction to Classroom Assessment **3 Credit Hours**
- EDF 6727 - Critical Analysis of Social, Ethical, Legal, and Safety Issues Related to Education **3 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours**
- TSL 6250 - Applied Linguistics in ESOL **3 Credit Hours**
- EDE 6935 - Capstone Seminar in Elementary Education **2 Credit Hours** (Capstone Seminar should be taken in the final semester during Graduate Internship.)

Specialization: 24 Credit Hours

Note: EDE 6933 is a prerequisite or co-requisite for the specialization courses below.

- LAE 5319 - Methods of Elementary School Language Arts **3 Credit Hours**
- LAE 5415 - Children's Literature in Elementary Education **3 Credit Hours**
- MAE 6318 - Current Methods in Elementary School Mathematics **3 Credit Hours**
- SCE 6315 - Methods in Elementary School Science **3 Credit Hours**
- RED 5147 - Developmental Reading **3 Credit Hours**
- RED 5517 - Classroom Diagnosis and Development of Reading Proficiencies **3 Credit Hours**
- RED 5948 - Practicum in Reading Assessment and Instruction **3 Credit Hours**
- SSE 6115 - Methods in Elementary School Social Science **3 Credit Hours**

Internship: 6 Credit Hours

Satisfactory completion of graduate internship requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices at the pre-professional level in accordance with State Board of Education Rule 6A-5.065.

- EDE 6946 Graduate Internship **6 Credit Hours**

Students should ensure that they meet all requirements for Graduate Internship:

- Overall graduate GPA must be 3.0 or higher.
- Passing scores on the appropriate FTCE exams (GKT, Subject Area, and Professional Area Exams) are required prior to admission to the graduate internship.
- Students must apply and be approved for graduate internship. Deadline dates and applications are available through the Office of Clinical Experiences at: <http://www.education.ucf.edu/clinicalexp/>.
- Satisfactory completion of the Graduate Internship requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices at the beginning level in accordance with State Board of Education Rule 6A-5.065.

Additional Program Requirements

- Complete a portfolio according to program guidelines. This portfolio requires demonstration of professional growth, reflection, and proficiency in all Florida Educator Accomplished Practices.
- Complete and submit all TESOL portfolio assignments to address Florida ESOL competencies.
- Pass all applicable sections of the Florida Teacher Certification Examination.

NOTE: Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a **new** Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBR 6A-4.002).

Independent Learning

A portfolio is required that demonstrates professional growth, reflection, and proficiency in all Florida Educator Accomplished Practices. An internship is also required that demonstrates proficiency in all Florida Educator Accomplished Practices.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Passing score on all four parts of the Florida Teacher Certification Examination/General Knowledge Test (FTCE/GKT) **OR** a competitive score on the Graduate Record Exam (GRE). This program does not require GRE for admission, but in accordance with Florida Statute 1004.4 and State Board of Education Rule 6A-5.066, admission to this graduate-level, state-approved initial teacher preparation program requires demonstrating mastery of general knowledge.

UPDATE: In order to demonstrate mastery of general knowledge, Graduate Record Exam test administrations conducted on or after July 1, 2015, may be used as an acceptable means of demonstrating a mastery of general knowledge. A minimum passing score on a GRE subtest in an applicable general knowledge content area, as defined in the table below, will satisfy the requirement of demonstrating a mastery of general knowledge for the applicable general knowledge content area.

FTCE GKT SUBTEST	GRE SUBTEST	MINIMUM GRE SCORE REQUIRED TO SUBSTITUTE FOR GK SUBTEST
GK Writing Subtest (Essay)	GRE Analytical Writing	A combined score of 4 out of 6
GK English Language Subtest Skills	GRE Verbal Reasoning	A scaled score of 151
GK Reading Subtest	GRE Verbal Reasoning	A scaled score of 151
GK Mathematics Subtest	GRE Quantitative Reasoning	A scaled score of 147

- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Elementary Education MA	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. Elementary Education MEd

College: Community Innovation and Education	Degree: MEd
Department: School of Teacher Education	Option: Thesis, Nonthesis
Program Websites: https://ccie.ucf.edu/teachered/elementary-education/	
Graduate Program Handbook	

Program Description

The Elementary Education M.Ed. program is designed to meet the needs of educators focused on Grades K-6. It provides experiences in the foundations of education, an update of the student's skills and understanding related to current research and instructional trends in basic subject matter areas, and elective choices in specific areas.

Teachers with a temporary teaching certificate, who have obtained a statement of eligibility, may be accepted into the program and may have the opportunity to include coursework required by the state of Florida to move to professional certification. However, the Elementary Education MA program is specifically designed for elementary education teaching certification. Therefore, contact the program advisor to determine which is appropriate for your circumstances.

Curriculum

The MEd in Elementary Education requires a minimum of 30 credit hours beyond the bachelor's degree and offers a thesis and nonthesis option. The nonthesis option requires a research study in one or more courses. The research study and final report will focus on reviewing and analyzing contemporary research in a student's particular specialization within the education profession in order to help students acquire knowledge and skills pertaining to research-based best practices in that specialization area. Both options require 6 credit hours of core courses and a minimum of 15 credit hours of elective specialization courses, in addition to the 9 credit hours required in the thesis or nonthesis options. At minimum, 50 percent of the program coursework completed for the MEd must be at the 6000 level.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Students should plan to take EDE 6933 Introductory Seminar in Elementary Education during the first semester of enrollment. Students should take EDE 6935, which includes a program culminating experience, during the final semester in the program.

Required Courses: 6 Credit Hours

Note: Courses with an asterisk (*) require an independent learning experience in the form of research studies.

These courses are offered online.

- EDE 6933 - Introductory Seminar in Elementary Education **1 Credit Hours** *
- EDE 6935 - Capstone Seminar in Elementary Education **2 Credit Hours** *
- EDF 6233 - Introduction to Action Research and Analysis of Classroom Practice **3 Credit Hours** *

Specialization and Electives: 24 Credit Hours

Consult with your advisor to determine the coursework that will best meet your professional goals. Choose from the following specializations: ESOL Endorsement, Reading Endorsement, Gifted Endorsement, Exceptional Education Certificate, General Elementary Education, Dual Language, Early Childhood Education, or K-8 Mathematics and Science. The adviser may approve courses taken as part of a UCF graduate certificate program for this area of the MEd (up to 18 credit hours).

- EDS 5356 Mentoring and Clinical Supervision of Pre- Professional Educators-highly recommended. (This course prepares you to supervise interns. For each senior intern and two junior interns you supervise, you will earn a Certificate of Participation which covers the cost of 6 credit hours of tuition.)

Reading Endorsement

Must take all 18 hours after applying for the reading endorsement certification program. These classes must be completed within 3 years.

- RED 5147 - Developmental Reading **3 Credit Hours**
- RED 5517 - Classroom Diagnosis and Development of Reading Proficiencies **3 Credit Hours**
- RED 6845 - Advanced Evaluation and Instruction in Reading **3 Credit Hours**
- RED 6846 - Reading Practicum **6 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours**

ESOL Endorsement K-12 Graduate Certificate

Must take all 15 hours after applying for the ESOL endorsement certification program. Upon successful completion, students will need to complete separate paperwork with the state of Florida for official recognition of this endorsement.

- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours**
- TSL 5525 - ESOL Cultural Diversity **3 Credit Hours**
- TSL 6142 - Critical Approaches to ESOL **3 Credit Hours**
- TSL 6250 - Applied Linguistics in ESOL **3 Credit Hours**
- TSL 6440 - Assessment Issues in TESOL **3 Credit Hours**

Professional Teaching Certificate

Refer to your statement of eligibility. Upon successful completion, students will need to pass all sections of FTCE and complete separate paperwork with the state of Florida for official recognition.

- EDF 6727 - Critical Analysis of Social, Ethical, Legal, and Safety Issues Related to Education **3 Credit Hours**
- EDG 6415 - Principles of Instruction and Classroom Management **3 Credit Hours**
- EEX 5051 - Exceptional Children in the Schools **3 Credit Hours**
- RED 5147 - Developmental Reading **3 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours**
- (ADD TSL 6250- Applied Linguistics in ESOL for ESOL Certificate. Note: This is NOT the same as the ESOL Endorsement)

General Elementary Education Specialization

- ISC 6146 - Environmental Education for Educators **3 Credit Hours**
- LAE 5295 - Writing Workshop **1-3 Credit Hours**
- LAE 5319 - Methods of Elementary School Language Arts **3 Credit Hours** (Use this course if no previous language arts methods course has been taken.)
- LAE 5415 - Children's Literature in Elementary Education **3 Credit Hours** (Use this course only if no previous children's literature course has been taken.)
- LAE 5495 - Assessing Writing **3 Credit Hours**
- LAE 6296 - Advanced Writing Workshop **1-3 Credit Hours**
- LAE 6417 - Investigation in Children's Literature **3 Credit Hours**
- LAE 6616 - Trends in Language Arts Education **3 Credit Hours**
- LAE 6936 - Seminar in Language Arts Education **3 Credit Hours**
- MAE 6318 - Current Methods in Elementary School Mathematics **3 Credit Hours**
- MAE 6517 - Diagnosis/Remediation of Difficulties in Mathematics for the Classroom Teacher **3 Credit Hours**
- MAE 6641 - Problem Solving and Critical Thinking Skills **3 Credit Hours**
- RED 5517 - Classroom Diagnosis and Development of Reading Proficiencies **3 Credit Hours** (Use this course if no previous reading diagnosis course has been taken.)
- RED 6116 - Advanced Study in Foundations of Reading **3 Credit Hours**
- SCE 5836 - Space and Physical Science for Educators **3 Credit Hours**
- TSL 5345 - Methods of ESOL Teaching **3 Credit Hours**
- TSL 6142 - Critical Approaches to ESOL **3 Credit Hours**
- TSL 6440 - Assessment Issues in TESOL **3 Credit Hours**
- EME 6053 - Teaching and Learning with Emerging Technologies **3 Credit Hours**
- EME 6507 - Multimedia for Education and Training **3 Credit Hours**

Exceptional Education Specialization

Must take all 18 hours after applying for the Special Education Graduate Certificate Program. These courses are offered online.

- EEX 5051 - Exceptional Children in the Schools **3 Credit Hours**
- EEX 6061 - Instructional Strategies Pre-K-6 **3 Credit Hours**
- EEX 6065 - Programming for Students with Disabilities at the Secondary Level **3 Credit Hours**
- EEX 6107 - Teaching Spoken and Written Language **3 Credit Hours**

- EEX 6295 - Assessment and Curriculum Prescriptions for the Exceptional Population **3 Credit Hours**
- EEX 6612 - Methods of Behavioral Management **3 Credit Hours**

Early Childhood Education

- EEC 5205 - Programs and Trends in Early Childhood Education **3 Credit Hours**
- EEC 6216 - Communicative Arts in Early Childhood Education **3 Credit Hours**
- EEC 6269 - Play Development, Intervention, and Assessment **3 Credit Hours**
- EEC 6405 - Home-School-Community Interaction in Early Childhood Education **3 Credit Hours**
- EEC 6406 - Guiding and Facilitating Social Competence **3 Credit Hours**
- EEC 6606 - Global Issues in Early Childhood **3 Credit Hours**

Gifted Education Certification

Take all 15 credits after applying for the Gifted Certification Program. These courses are offered online.

- EGI 6051 - Understanding the Gifted/Talented Student **3 Credit Hours**
- EGI 6245 - Curriculum and Instruction for Teaching Advanced, Gifted, and Talented Learners **3 Credit Hours**
- EGI 6246 - Education of Special Populations of Gifted Students **3 Credit Hours**
- EGI 6305 - Theory and Development of Creativity **3 Credit Hours**
- EGI 6417 - Guidance and Counseling Strategies for Teachers of Gifted and Talented Individuals **3 Credit Hours**

Mathematics and/or Science Specialization

- IDS 6937 - Teaching Mathematics and Science Using Reform-Based Practices **3 Credit Hours**
- MAE 6318 - Current Methods in Elementary School Mathematics **3 Credit Hours**
(Use this course if no previous mathematics education course has been taken.)
- MAE 6517 - Diagnosis/Remediation of Difficulties in Mathematics for the Classroom Teacher **3 Credit Hours**
- MAE 6641 - Problem Solving and Critical Thinking Skills **3 Credit Hours**
- MAE 6899 - Seminar in Teaching Mathematics **3 Credit Hours**
- SCE 5836 - Space and Physical Science for Educators **3 Credit Hours**

Dual Languages Graduate Certificate

Select six of the following seven courses after applying for the dual languages certificate program. Please consult with your adviser to help you choose the courses that best fit the needs for your future career.

- SPN 6940 - Teaching Methods for the Spanish Classroom **3 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours**
- TSL 6143 - Curriculum and Instruction in Dual Language Programs **3 Credit Hours**
- TSL 6250 - Applied Linguistics in ESOL **3 Credit Hours**
- TSL 6377 - Bilingualism, Multiculturalism, and Biliteracy in the Dual Language Classroom **3 Credit Hours**
- TSL 6443 - Assessment in Dual Language Programs **3 Credit Hours**

- TSL 6526 - Interdependencies of Language, Culture, and Education for Dual Language Learners **3 Credit Hours**

Thesis Option: 9 Credit Hours

- EDE 6971 Thesis **6 Credit Hours**
and
- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**

Nonthesis Option: 9 Credit Hours

A culminating experience is required in this option.

- Electives (9 credit hours) selected with the permission of the adviser

Independent Learning

The program requires a research study in both the EDE 6933 and EDE 6935 courses. The research study and final report will focus on reviewing and analyzing contemporary research in a student's particular specialization within the education profession in order to help students acquire knowledge and skills pertaining to research-based best practices in that specialization area.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
and
- A current Florida Professional Teaching Certificate in the program's subject area. Applicants who have graduated from an accredited university or college teacher certification program in another state or country, in the appropriate subject and/or grade range, may also be admitted to the MEd program at the discretion of the program director.

Or

- A Temporary Teaching Certificate, a passing score on the GKT and SAE sections of the Florida Teacher Certification Examination (FTCE), and at least 1 year of successful teaching experience.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Elementary Education MEd	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Teachers who have supervised interns in the past have earned Certificates of Participation (COPs) that qualify for free tuition waivers. For more information about this opportunity: <https://edcollege.ucf.edu/clinicalexp/> and select "Collaborating Teachers" on the page. To access this request form: <https://edcollege.ucf.edu/wp-content/uploads/sites/8/2017/09/COPGuidelinesRequestForm.pdf>

Note that you may register for 6 or more credit hours each semester. If you only use 3, the other 3 are forfeited.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Emergency and Crisis Management MECM ►

College: Community Innovation and Education	Degree: MECM
Department: School of Public Administration	Option: Nonthesis
Program Website: https://ccie.ucf.edu/public-administration/emergency-management/	
Graduate Program Handbook	

Program Description

The Master of Emergency Management and Crisis (MECM) is designed to prepare individuals to practice as highly trained practitioners in the emergency management field through the development of core competencies including: resiliency, hazard mitigation and analysis, disaster response and recovery, emergency preparedness and planning, fiscal

management, communication, intergovernmental administration, geographic information systems, legal and ethical decision making, cultural competency and diversity, and general emergency management.

The frequency of man-made and natural disasters has dramatically increased since the 1990s; emergency and disaster declarations in the U.S. reflect it. Florida is the fifth highest state with 69 major disaster declarations between 1953 and 2016 (Congressional Research Service, 2017). For communities to be prepared for, respond to, recover from, and mitigate these disasters, an educated workforce of emergency management specialists is required. Students in UCF's Master in Emergency and Crisis Management program will learn and demonstrate the competencies required to lead and manage in this dynamic and complex profession.

Please Note: The Emergency and Crisis Management MECM may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Master of Emergency and Crisis Management program requires a minimum of 36 credit hours beyond the bachelor's degree. The program is offered completely online and students have an option of taking part-time or full-time coursework.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—36 Credit Hours

Emergency and Crisis Management Core Courses—30 Credit Hours

- PAD 6399 - Foundations of Emergency Management and Homeland Security **3 Credit Hours**
- PAD 6825 - Cross-Sectoral Governance **3 Credit Hours**
- PAD 6700 - Research Methods in Public Administration **3 Credit Hours**
(PAD 6700 is a prerequisite)
- PAD 6397 - Managing Emergencies and Crises **3 Credit Hours**
- PAD 6705 - Public Sector Communications **3 Credit Hours**
- PAD 6227 - Public Budgeting **3 Credit Hours**
- PAD 6398 - Hazard Analysis and Disaster Planning **3 Credit Hours**
- PAD 6439 - Leadership in Public Service **3 Credit Hours**
- PAD 6946 - Internship **3 Credit Hours** (Required unless 3+ years of related experience)
- PAD 6086 - Advanced Concepts and Applications in Emergency and Crisis Management **3 Credit Hours**

Additional Elective Courses—6 Credit Hours

Select from the list below.

- PAD 5356 - Managing Community and Economic Development **3 Credit Hours**
- PAD 5850 - Grant and Contract Management **3 Credit Hours**
- PAD 5887 - Energy Policy **3 Credit Hours**
- PAD 6200 - International Emergency and Crisis Management **3 Credit Hours**
- PAD 6307 - Public Policy Analysis and Management **3 Credit Hours**
- PAD 6327 - Public Program Evaluation Techniques **3 Credit Hours**
- PAD 6335 - Strategic Planning and Management **3 Credit Hours**
- PAD 6353 - Environmental Planning and Policy **3 Credit Hours**
- PAD 6716 - Information Systems for Public Managers and Planners **3 Credit Hours**
- CCJ 6027 - Criminal Justice Responses to Terrorism **3 Credit Hours**
- CPO 6729 - Global Security in the Age of Migration **3 Credit Hours**
- IDC 5602 - Cybersecurity: A Multidisciplinary Approach **3 Credit Hours**
- INR 6136 - Seminar in American Security Policy **3 Credit Hours**
- PLA 5587 - Current Issues in Cyberlaw **3 Credit Hours**
- POS 6686 - National Security Law **3 Credit Hours**
- PUR 6403 - Crisis Public Relations **3 Credit Hours**

Additional Program Requirements

- Students must achieve a grade of "B-" (80%) or higher in all Emergency and Crisis concentration courses.
- Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry, dialogue, and service learning. Tangible projects such as strategic plans, grant proposals, commercialization plans and case studies along with projects, scholarly papers, internships, and presentations at professional conferences contribute to the self-development of our students.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to meeting general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Three letters of recommendation specifically for the MECM program. Letters of recommendation should be from professors, researchers, or professional administrators who can attest to the applicant's ability to succeed in graduate coursework and his or her work ethic.
- Résumé: The most current, professional resume should be provided.
- Statement of goals: The goal statement is a key component of the admission review process and serves as an example of the applicant's ability to express him or herself in writing. The goal statement must be single-spaced, one-inch margins, and no longer than two pages (500-800 words). Applicant must address the following:
 - Reason for pursuing graduate study in Emergency and Crisis Management, including future goals and plans.

- Topics or areas of special interest in Emergency and Crisis Management.
- Expectations of the graduate program.
- What the applicant will bring to the program that would make him or her a special candidate for admission to this program.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- All International students must meet university minimum TOEFL requirements regardless of the language in which the undergraduate program was completed.

Admission to this program is competitive. Applicants are encouraged to apply early to this program. All requested material must be submitted by the established deadline date. Materials received after the established deadline may not be considered.

Students are expected to be computer literate upon entry to the program. This program is completely online, so computer skills and computer internet access are necessary to take the courses.

Application Deadlines

Emergency and Crisis Management MECM	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jun 1	Nov 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Engineering Management MSEM ► ◆◆

College: Engineering and Computer Science	Degree: MSEM
Department: Industrial Engineering and Management Systems	Option: Thesis, Nonthesis
Program Websites: http://www.iems.ucf.edu/	
Graduate Program Handbook	

Program Description

The Master of Science in Engineering Management degree in Industrial Engineering focuses on effective decision-making in engineering and technological organizations.

The degree is offered on campus and can be taken entirely through the Florida Engineering Educational Delivery System (FEEDS), which provides video-streamed versions of classes over the internet.

The Professional Engineering Management (PEM) track is designated as a Professional Science Master's (PSM) degree.

Please note: Engineering Management (MS) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Engineering-Management-MS.pdf>.

Program Tracks

- Engineering Management MSEM, Professional Project and Systems Engineering Track ♦♦

Curriculum

This program can be taken entirely through the Florida Engineering Educational Delivery System (FEEDS), which provides video-streamed versions of classes over the Internet.

The Engineering Management MSEM degree requires an undergraduate degree in Engineering or a closely related discipline. Students with undergraduate degrees outside of industrial engineering may be required to take additional prerequisites. An approved program of study must be developed in consultation with the graduate program director. The total number of hours is 30 credit hours.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

- Mathematics through Calculus II (MAP 2312)

Required Courses—9 Credit Hours

- EIN 5140 - Project Engineering **3 Credit Hours**
- ESI 6551 - Systems Engineering **3 Credit Hours**
- EIN 6357 - Advanced Engineering Economic Analysis **3 Credit Hours**

Concentration Courses—9 Credit Hours

- EIN 5108 - The Environment of Technical Organizations **3 Credit Hours**
- EIN 6370 - Innovation in Engineering Design **3 Credit Hours**
- EIN 6182 - Engineering Management **3 Credit Hours**

Capstone Required Course—3 Credit Hours (For Non-Thesis Only Option)

- EIN 6950 - Industrial and Systems Engineering Capstone **3 Credit Hours**

Thesis Option—12 Credit Hours

Thesis students must complete an independent research project and then write and successfully defend their thesis. Furthermore, an additional 6 credit hours of electives are required beyond the 18 credit hours of required courses described above.

- EIN 6971 - Thesis **6 Credit Hours**
- Elective **6 Credit Hours**

Nonthesis Option—9 Credit Hours

Nonthesis students must take 9 additional credit hours of electives beyond the 21 credit hours of required courses described above.

The nonthesis option requires a capstone course. The capstone course should be completed toward the end of the student's graduate plan of study. As part of the requirements of this courses, the student will complete an independent capstone project on a topic relevant to the industrial and systems engineering field and approved by the instructor. Students are expected to use and leverage knowledge obtained in the program to complete the project. This course serves as the culminating experience for students and shows their engagement in independent learning.

Equipment Fee

Students in the Engineering Management MSEM program pay a \$90 equipment fee each semester that they are enrolled. For part-time students, the equipment fee is \$45 per semester.

Independent Learning

A research project serves as the independent learning experience for thesis students. Nonthesis students are required to complete the department's capstone course toward the end of their program.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended
- Résumé or Curriculum Vita
- Goal statement
 - The goal statement should discuss all relevant professional background and any previous research and/or teaching experience. The statement should explain the motivation behind the pursuit of a Master's degree in Industrial Engineering. Future educational and career goals after the completion of the applicant's master study should be discussed.
 - If the applicant is interested in completing a Master thesis, then the applicant must clearly describe the particular area of research interest. The applicant should identify at least one UCF faculty member who shares a similar research focus and is believed to be best suited to serve as a potential thesis advisor.
 - The goal statement should be between 500 and 1,000 words.
- Two letters of recommendation
 - The letters of recommendation should be from faculty members, university administrators, and employers with a supervisory role of the applicant. The letters, which must be current to the application and must not be for another degree program, should address the educational and career goals of the applicant. The letter writers should also know the applicant well enough to discuss the applicant's capacity to perform, excel and succeed in a graduate program. Letters for Master's thesis students must discuss the applicant's ability to perform graduate-level research.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Engineering Management MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. College: Engineering and Computer Science	Degree: MS
Department: Industrial Engineering and Management Systems	Option: Nonthesis
Program Websites: http://www.iems.ucf.edu/graduate/programs	

Track Description

The Professional Project & Systems Engineering (PP&SE) Track is a cohort-based program that offers a customized and personalized approach to learning engineering management with a curriculum developed based upon the needs of industry. The PP&SE Track is designed to be a lock-step, cohort-based program that can be completed in 18 to 24 months. For information about the start of the next cohort, please contact the PP&SE Program Director Dr. Timothy Kotnour (timothy.kotnour@ucf.edu).

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Engineering-Management-MS.pdf>.

Curriculum

The PP&SE track in the Master of Science in Engineering Management (MSEM) program focuses on effective decision-making and successful project delivery of innovative solutions in engineering and technological organizations. The program is tailored to the needs of the experienced, working early and mid-career professionals.

The MSEM program requires an undergraduate degree in engineering or a closely related discipline. Students with undergraduate degrees outside of industrial engineering may be required to take additional prerequisite courses.

Research studies are required in one or more courses. The research study and report will focus on reviewing and analyzing contemporary research in the profession in order to help students acquire knowledge and skills pertaining to research-based best practices.

Courses may be substituted or added to provide domain depth based upon the student or customer's needs.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Master Core Courses: 9 Credit Hours

- EIN 5140 - Project Engineering **3 Credit Hours**
- ESI 6551 - Systems Engineering **3 Credit Hours**
- EIN 6357 - Advanced Engineering Economic Analysis **3 Credit Hours**

Elective Courses: 27 Credit Hours

- EIN 5108 - The Environment of Technical Organizations **3 Credit Hours**
- EIN 5117 - Management Information Systems I **3 Credit Hours**
- EIN 6182 - Engineering Management **3 Credit Hours**
- EIN 6326 - Technology Strategy **3 Credit Hours**
- EIN 6370 - Innovation in Engineering Design **3 Credit Hours**
- ESI 5219 - Engineering Statistics **3 Credit Hours**
- ESI 6358 - Decision Analysis **3 Credit Hours**
- ESI 6511 - Systems Integration and Testing **3 Credit Hours**
- ESI 6552 - Systems Architecture **3 Credit Hours**

Comprehensive Examination

Students must successfully pass an oral comprehensive examination as part of a capstone exercise (usually in the form of EIN 6182 - Engineering Management) to satisfy all degree requirements. In some instances, industry might require students to participate in a capstone course to integrate the material in a specific project related to the industry sponsor's needs. Typically, this additional class is in the form of EIN 6950 - Industrial and Systems Engineering Capstone which is a 3-credit hour course. Please see the program director for cohort-specific details.

Equipment Fee

Students in the Engineering Management MSEM program pay a \$90 equipment fee each semester that they are enrolled. For part-time students, the equipment fee is \$45 per semester.

Independent Learning

The Independent Learning Requirement is met by successful completion of the research studies required in individual courses, EIN 6182 - Engineering Management, and the capstone project, which requires that students integrate material from all the courses in their program.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in Engineering or a closely related discipline.
- A letter of recommendation from the corporate sponsor.
- Résumé.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Professional Project & Systems Engineering Track, MSEM	*Fall Priority	Fall	Spring	Summer
Domestic Applicants				Apr 1
International Applicants				Nov 1
This is a Summer Cohort Program Only.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

English MA, Literary, Cultural, and Textual Studies Track

College: Arts and Humanities	Degree: MA
Department: English	Option: Thesis, Nonthesis
Program Websites: https://english.cah.ucf.edu/graduate-ict/	
Graduate Program Handbook	

Track Description

The Literary, Cultural and Textual Studies track in the Master of Arts in English program prepares students for both academic and nonacademic careers.

The program encourages students to make connections among texts (critical, theoretical, scholarly, literary, etc.), to engage in research and critical thinking at an advanced level, and to write scholarship of merit and distinction.

Curriculum

Each student must complete at least 33 credit hours, including three core courses. Near the end of the degree program, each candidate must complete a Capstone Course and choose either the thesis option or the nonthesis option, which requires 3 additional credit hours of a 6000-level Literary, Cultural and Textual Studies course.

The program teaches research methods in one or more courses and requires a research study and final report focusing on literary criticism in a student's particular specialization.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 9 Credit Hours

Core: 6 Credit Hours

- ENG 5009 - Methods of Bibliography and Research **3 Credit Hours**
- ENG 6078 - Contemporary Movements in Literary, Cultural, and Textual Theory **3 Credit Hours**

Capstone: 3 Credit Hours

Students must take a Capstone Course after completing at least 18 credit hours in the program. The Capstone Course is a systematic and comprehensive revision of previous graduate research, with special attention to the use of theory and to professionalization and with the goal of publication and/or conference presentation.

- ENG 6950 - Capstone Course **3 Credit Hours**

Foreign Language Proficiency

Students must also prove proficiency in a foreign language at the first-year level prior to completing the degree program.

Elective Courses: 21 Credit Hours

Restricted: 15 Credit Hours

Students must choose four of the following courses.

- ENG 6074 - Historical Movements in Literary, Cultural, and Textual Studies **3 Credit Hours**
- LIT 6216 - Issues in Literary Study **3 Credit Hours**
(can be taken four times for credit when course content is different)
- LIT 6936 - Studies in Literary, Cultural, and Textual Theory **3 Credit Hours**
(can be taken four times for credit when course content is different)
- LIT 6276 - Teaching College Literature **3 Credit Hours**
- LIN 5137 - Linguistics **3 Credit Hours**
- TSL 6250 - Applied Linguistics in ESOL **3 Credit Hours**

Unrestricted: 6 Credit Hours

In consultation with the graduate adviser, students will choose three graduate-level English courses.

Thesis Option: 3 Credit Hours

Students will complete a formal thesis on a topic selected in consultation with an advisory committee and will meet both departmental and university requirements for the thesis.

- LIT 6971 Thesis **3 Credit Hours**

Nonthesis Option: 3 Credit Hours

Students will complete 3 additional hours of 6000-level Literary, Cultural, and Textual Studies courses.

- Elective **3 Credit Hours**

Independent Learning

All courses in the Master's in English, Literary, Cultural and Textual Studies Track require students to complete substantial independent research projects and thus provide students the opportunity to engage in independent learning.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the Admissions , applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in English or its equivalent.
- Two letters of recommendation from faculty members or others familiar with applicant's academic potential.

- One year of a foreign language at the university level (may be taken while in graduate residence).
- A one to two-page goal statement providing a narrative of your educational progress and how a Master's degree fits into this trajectory. In other words, tell us where you have been, where you are, and where you wish to go.
- A researched literary analysis or equivalent essay of approximately ten pages, with an explanatory cover memo of no more than one page that explains why you chose to submit this particular academic essay and how you would revise if you had the opportunity. All statements and essays should be revised writing (i.e., not written under timed conditions). Writing should be "cleaned": typed, error-free, with no teacher comments. The essay should demonstrate an ability to follow a scholarly format such as MLA or APA.
- A computer-based score of 233 (or 91 internet-based score) on the Test of English as a Foreign language (TOEFL) if an applicant is from a country where English is not the official language, or if an applicant's degree is not from an accredited U.S. institution, or if an applicant did not earn a degree in a country where English is the only official language or a university where English is the only official language of instruction. Although we prefer the TOEFL, we will accept IELTS scores of 7.0.
- A résumé is required for applicants seeking assistantship positions.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from **World Education Services (WES)** or **Josef Silny and Associates, Inc.** only.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on an evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Application Deadlines

Literary, Cultural, and Textual Studies	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Apr 1	Nov 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. English MA, Technical Communication Track ►

College: Arts and Humanities	Degree: MA
Department: English	Option: Thesis, Nonthesis
Program Websites: https://english.cah.ucf.edu/graduate-tech-comm/	
Graduate Program Handbook	

Track Description

The Technical Communication track in the Master of Arts in English program is completely online and provides students with theoretical and applied skills in such areas as technical writing, visual design, usability, ethics, stylistics, computer documentation, international communication, and the rhetoric of science.

Students in this program come from a variety of educational backgrounds such as Psychology, Computer Science, and English. The program's faculty members have won prestigious awards, are well published in the field, and have considerable experience in teaching online courses.

Our graduates hold a variety of jobs in the central Florida region; they have found work as technical writers, technical editors, information designers, web designers, corporate trainers, consultants, information developers, educators, documentation specialists, or have other communication-related jobs.

Please note: English (MA) - Technical Communication may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

Each student must complete at least 33 credit hours of coursework including 15 credit hours of required courses and 15 credit hours of elective courses. Near the end of the degree program, each candidate will write a comprehensive examination and complete a thesis option, a nonthesis option with a research project approved by the faculty, or a nonthesis option consisting of an additional 6000-level three-credit-hour Technical Communication course taught by the Department of English.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—15 Credit Hours

- ENC 6297 - Production and Publication Methods **3 Credit Hours**
- ENC 6217 - Technical Editing **3 Credit Hours**
- ENC 6261 - Technical Writing, Theory and Practice **3 Credit Hours**
- ENG 5009 - Methods of Bibliography and Research **3 Credit Hours**
Choose one of the following:
- ENC 6338 - The Rhetorics of Public Debate **3 Credit Hours**
- LIT 6435 - Rhetoric of Science **3 Credit Hours**

Elective Courses—15 Credit Hours

Restricted—9 Credit Hours

- ENC 6257 - Visual Technical Communication **3 Credit Hours**
- ENC 6306 - Persuasive Writing **3 Credit Hours**
- ENC 6247 - Proposal Writing **3 Credit Hours**
- ENC 6292 - Project Management for Technical Writers. **3 Credit Hours**
- ENC 6296 - Interactive Design in Technical Communication **3 Credit Hours**
- ENC 6338 - The Rhetorics of Public Debate **3 Credit Hours**
- ENC 6425 - Hypertext Theory and Design **3 Credit Hours**
- ENC 6335 - Rhetorical Traditions **3 Credit Hours**
- LIN 5675 - English Grammar and Usage **3 Credit Hours**
- LIT 6435 - Rhetoric of Science **3 Credit Hours**

Unrestricted—6 Credit Hours

Students in consultation with the graduate adviser will choose two graduate-level English courses or approved courses from outside the department.

Thesis Option—3 Credit Hours

Students complete a formal thesis written in consultation with an advisory committee and will meet both departmental and university requirements for the thesis.

- ENC 6971 Thesis (3 credit hours)

Nonthesis Options—3 Credit Hours

Students will enroll in directed research and complete a research project approved by an advisory committee. This project will be on a topic in technical communication and in a format other than that of a traditional thesis.

- ENC 6918 Directed Research (3 credit hours)

Or, students will enroll in an additional 6000-level course in technical communication taught by the Department of English.

Comprehensive Examinations

The comprehensive examination is a written exam based on four of the core courses (excluding ENG 5009).

Independent Learning

Both the thesis and special project options of the Master's in English, Technical Communication Track require students to conduct original research and to produce a final paper detailing the subject, purpose, scope, methodology, and conclusions of the study, thus providing students the opportunity to engage in independent learning.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the Admissions , applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken within the last five years.
- Two letters of recommendation from faculty members or others familiar with applicant's academic potential.
- One year of a foreign language at the university level (may be taken while in graduate residence).
- A one to two page goal statement addressing the applicant's reasons for pursuing graduate study in English.
- A professional writing sample of approximately ten pages (or an equivalent amount of web-based work), with a cover memo of no more than one page that explains why you chose to submit this particular sample.
- A computer-based score of 233 (or 91 internet-based score) on the Test of English as a Foreign language (TOEFL) if an applicant is from a country where English is not the official language, or if an applicant's degree is not from an accredited U.S. institution, or if an applicant did not earn a degree in a country where English is the only official language or a university where English is the only official language of instruction. Although we prefer the TOEFL, we will accept IELTS scores of 7.0.

A résumé is required for applicants seeking assistantship positions.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Application Deadlines

Technical Communication	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Apr 1	Nov 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

English, Rhetoric and Composition MA

College: Arts and Humanities	Degree: MA
Department: Writing and Rhetoric	Option: Thesis, Non-thesis
Program Websites: https://writingandrhetoric.cah.ucf.edu/rhetoric-and-composition-ma/	
Graduate Program Handbook	

Program Description

The Rhetoric and Composition Master of Arts track prepares students for teaching college-level writing, for continuing to a PhD program in rhetoric and composition, and for working in public and professional situations that call for effective persuasion and communication.

The program prepares students to engage in technologically adept, theory-based writing research and pedagogy. The program emphasizes rhetorical, writing, and literacy traditions and theories, particularly as they relate to the teaching of writing. This degree is ideal preparation for teaching college-level writing, for continuing to a PhD program in rhetoric and composition, and for working in public and professional situations that call for effective persuasion and communication.

Upon completion of this program, students receive a Master of Arts in English diploma and their transcript shows both Master of Arts in English and Rhetoric and Composition track.

Curriculum

Each student must complete at least 33 credit hours, including 15 credit hours of required courses, 15 credit hours of elective courses, and 3 hours of thesis/non-thesis hours. Before beginning thesis/non-thesis hours, the student will develop and get approved an annotated bibliography related to their proposed thesis or non-thesis topic.

The program requires that students complete a thesis or non-thesis project approved by the graduate faculty that contributes to some aspect of rhetorical, writing, and/or literacy studies.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—15 Credit Hours

- ENC 5703 - Composition Histories and Theories **3 Credit Hours**
- ENC 5920 - Colloquium in Rhetoric and Composition **3 Credit Hours**
- ENC 6335 - Rhetorical Traditions **3 Credit Hours**
- ENC 6712 - Studies in Literacy and Writing **3 Credit Hours**
- ENC 6720 - Research Methods in Rhetoric and Composition **3 Credit Hours**

Elective Courses—15 Credit Hours

Restricted—9 Credit Hours

- ENC 5237 - Writing for the Business Professional **3 Credit Hours**
- ENC 5276 - Theory and Practice of Tutoring Writing **3 Credit Hours**
- ENC 5337 - Rhetorical Theory **3 Credit Hours**
- ENC 5705 - Approaches to Teaching College Composition **3 Credit Hours** ¹
¹Note: Graduate Teaching Associates are required to enroll in this course before they become instructors of record.
- ENC 6421 - Digital Rhetorics **3 Credit Hours**
- ENC 6428 - Digital Literacies **3 Credit Hours**
- ENC 6245 - Teaching Professional Writing **3 Credit Hours**
- ENC 6247 - Proposal Writing **3 Credit Hours**
- ENC 6306 - Persuasive Writing **3 Credit Hours**
- ENC 6332 - Gendered Rhetoric **3 Credit Hours**
- ENC 6333 - Contemporary Rhetoric and Composition Theory **3 Credit Hours**
- ENC 6338 - The Rhetorics of Public Debate **3 Credit Hours**
- ENC 6339 - Rhetorical Movements **3 Credit Hours**
- ENC 6701 - Professional Writing Studies **3 Credit Hours**
- ENC 6740 - Topics in Rhetoric and Composition **3 Credit Hours** ²
²Note: This course may be used in the degree program a maximum of 2 times when course content is different.
- ENC 6945 - Community Literacy Practicum **3 Credit Hours**
- LIN 5137 - Linguistics **3 Credit Hours**
- LIN 5675 - English Grammar and Usage **3 Credit Hours**
- LIT 6435 - Rhetoric of Science **3 Credit Hours**

Unrestricted—6 Credit Hours

Students will work with an adviser to choose two other graduate-level Writing and Rhetoric courses or approved courses outside the department (e.g., English, Texts & Technology, History).

Thesis—3 Credit Hours

Students complete a formal thesis on a topic selected in consultation with an advisory committee and will meet both departmental and university requirements for the thesis.

- ENC 6971 - Thesis **3 Credit Hours**

Non-thesis—3 Credit Hours

Students complete either an essay intended for publication or a portfolio representative of their work in the program.

- ENC 6918 - Directed Research **3 Credit Hours**

Annotated Bibliography

The annotated bibliography should consist of at least 15 sources relevant to the student's thesis. It must be completed before the thesis and approved by the program director in consultation with the student's planned advisory committee. Annotations should indicate how the student might use the sources in the thesis.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the Admissions, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in English, Rhetoric, and Composition, Writing Studies, Communication Studies, or related discipline. Or a completed bachelors degree with substantial coursework in one of the aforementioned areas.
- Two letters of recommendation from faculty members or others familiar with applicant's academic potential.
- One year of a foreign language at the university level (may be taken while in graduate residence).
- A one to two-page goal statement addressing the applicant's reasons for pursuing graduate study in Rhetoric and Composition.
- A writing sample that demonstrates an ability to analyze and argue, approximately ten pages. Writing should be "clean": typed, error-free, with no teacher comments. The academic essay should demonstrate an ability to follow a scholarly documentation format such as MLA or APA.
- A computer-based score of 233 (or 91 internet-based score) on the Test of English as a Foreign language (TOEFL) if an applicant is from a country where English is not the official language, or if an applicant's degree is not from an accredited U.S. institution, or if an applicant did not earn a degree in a country where English is the only official language or a university where English is the only official language of instruction. Although we prefer the TOEFL, we will accept IELTS scores of 7.0.
- A résumé or cv is required for applicants seeking assistantship positions.
- Applicants applying to this program who have attended a college/university outside the United States must provide a credential evaluation showing an equivalent bachelor's degree in the U.S. A course-by-course

evaluation must be provided, with a GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on the evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Application Deadlines

English MA, Rhetoric and Composition	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Apr 1	Dec 1	
International Applicants	Jan 15	Jan 1	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Environmental Engineering MS

College: Engineering and Computer Science	Degree: MS
Department: Civil, Environmental, and Construction Engineering	Option: Thesis
Program Websites: http://www.cece.ucf.edu/graduate/	
Graduate Program Handbook	

Program Description

The Master of Science in Environmental Engineering program is for students with science, math, or a similar background, and usually requires a number of undergraduate engineering courses as articulation to become fully prepared for graduate work in environmental engineering.

Applicants to the program are expected to be knowledgeable in topics including chemistry, process design, water resources, and air pollution. The program focuses on pollution control, pollution prevention, and the correction of pollution effects on natural and man-made environments.

The program is noted for its strong faculty research interests, and areas of study include drinking water treatment, wastewater treatment, solid and hazardous waste management, atmospheric pollution control and modeling, community noise abatement, and stormwater management. The program's overall mission is to prepare students for careers in environmental engineering with consulting firms; with industry; within federal, state, and local governments; and/or in higher education.

The program's overall mission is to prepare students for Environmental Engineering careers in federal, state, and local governments; higher education; consulting; and industry.

Other key objectives include:

- Producing graduates who have technical knowledge in critical areas of environmental engineering
- Providing a professional engineering education that challenges our graduates to think critically
- Forming and maintaining partnerships with industry, government agencies, and professional organizations
- Developing awareness of the changing environmental needs of society and the global environment.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Environmental-Engineering-MS.pdf>.

Program Tracks

- Environmental Engineering MS, Environmental Engineering Sciences Track ►

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Résumé.
- Statement of educational, research, and professional career objectives.
- Three letters of recommendation.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

The GRE is not required, however, taking the GRE is highly recommended for students wishing to pursue a thesis. In order to be considered for any fellowships, a GRE score is required.

Those applying to the programs without a directly related undergraduate degree should closely check the prerequisites. For students with nontechnical undergraduate degrees, it is recommended that a second undergraduate degree in Environmental Engineering be completed before applying to graduate school.

Final articulation requirements will be determined by the department after students have been admitted and after discussions with their advisers.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. Environmental Engineering MS, Environmental Engineering Sciences Track ►

College: Engineering and Computer Science	Degree: MS
Department: Civil, Environmental, and Construction Engineering	Option: Thesis, Nonthesis
Program Websites: http://www.cece.ucf.edu/graduate/	
Graduate Program Handbook	

Track Description

The Environmental Engineering Sciences track in the Environmental Engineering MS program is for students with science, math, or a similar background, and usually requires a number of undergraduate engineering courses as articulation to become fully prepared for graduate work in environmental engineering.

Applicants to the program are expected to be knowledgeable in topics including chemistry, process design, water resources, and air pollution. The program focuses on pollution control, pollution prevention, and the correction of pollution effects on natural and man-made environments.

The program is noted for its strong faculty research interests, and areas of study include drinking water treatment, wastewater treatment, solid and hazardous waste management, atmospheric pollution control and modeling, environmental water resources, and stormwater management. The program's overall mission is to prepare students for careers in environmental engineering with consulting firms; with industry; within federal, state, and local governments; and/or in higher education.

Other key objectives include:

- Producing graduates who have technical knowledge in critical areas of environmental engineering
- Providing a professional engineering education that challenges our graduates to think critically
- Forming and maintaining partnerships with industry, government agencies, and professional organizations
- Developing awareness of the changing environmental needs of society and the global environment.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Environmental-Engineering-MS.pdf>.

Please Note: Environmental Engineering MS may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

Curriculum

The Environmental Engineering Sciences track offers both thesis and nonthesis options with each requiring 30 credit hours of courses beyond the baccalaureate degree. Students choosing the thesis option must take 12 credit hours of required courses, 12 credit hours of electives, and 6 thesis credit hours. Students choosing the nonthesis option must take 12 credit hours of required courses, 18 credit hours of electives, and submit an end-of-program portfolio. Students develop an individualized program of study with a faculty adviser.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

At least 24 credit hours of the course work must be exclusive of thesis and research, and Directed Research (XXX 6918) is not permitted in MS program of study.

The thesis option is primarily for students who can devote a full-time effort to their research and is required for all students supported on contracts and grants, as well as any student receiving department financial support. The nonthesis option is strongly recommended for part-time students and requires an end-of-program portfolio as a requirement for graduation.

Research studies or projects are required in one or more courses. The research study or project will focus on reviewing and analyzing contemporary research or engineering issues in a student's particular specialization within the profession. They are intended to help students acquire knowledge and skills pertaining to best practices in that specialization area.

Prerequisites (Articulation)

The completion of prerequisite courses may be required before students can begin the program graduate coursework.

The following mathematics prerequisite requirement is for all students.

- Calculus through Differential Equations

The following prerequisites (or equivalent courses) may be required for students with appropriate science or math undergraduate degrees.

- ENV 3001 - Introduction to Environmental Engineering **3 Credit Hours**
- CWR 3201 - Engineering Fluid Mechanics **3 Credit Hours**
- STA 3032 - Probability and Statistics for Engineers **3 Credit Hours**
- CWR 4202 - Hydraulics **3 Credit Hours**
- CWR 4120 - Hydrology **3 Credit Hours**
- EES 4111C - Biological Process Control **4 Credit Hours**
- EES 4202C - Chemical Process Control **4 Credit Hours**
- EGN 3613 - Engineering Economic Analysis **2 Credit Hours**
- ENV 4120 - Air Pollution Control **3 Credit Hours**
- ENV 4531 - Environmental Engineering Operations and Processes I **3 Credit Hours**

Required Courses—12 Credit Hours

Students must choose one course from each group.

Biological Waste Treatment

- ENV 6016 - Biological Treatment Systems in Environmental Engineering **3 Credit Hours**

*

Chemical Waste Treatment

- ENV 6015 - Physical/Chemical Treatment Systems in Environmental Engineering **3 Credit Hours**

Environmental/Water Quality

- ENV 6519 - Aquatic Chemical Processes **3 Credit Hours**
- ENV 6616 - Ecological Engineering and Receiving Water Impacts **3 Credit Hours**
- ENV 5410 - Water Treatment **3 Credit Hours**
- EES 5318 - Industrial Ecology **3 Credit Hours**
- ENV 6558 - Industrial Waste Treatment **3 Credit Hours**

Civil Water Resources

- Any CWR course at the 5000 or 6000 level **3 Credit Hours**. See course listings in the drop-down catalog menu above.

Note: Courses with an asterisk (*) provide independent learning experiences. Nonthesis students are required to take at least one course with an asterisk. This criteria is fulfilled by taking the required ENV 6016 - Biological Treatment Systems in Environmental Engineering - 3 Credit Hours* course.

It is also met by the elective courses:

- ENV 6106 - Theory and Practice of Atmospheric Dispersion Modeling **3 Credit Hours** *
- ENV 6126 - Design of Air Pollution Controls **3 Credit Hours** *

Elective Courses—12 Credit Hours

All students, both thesis and nonthesis, must take 12 credit hours of elective courses. The electives should be chosen from courses with ENV or CWR prefixes although other appropriate graduate-level courses (5000 or 6000) may be allowed. All electives must be chosen with the consent of the student's adviser.

- Electives **12 Credit Hours**

Thesis Option—6 Credit Hours

The thesis option requires that students conduct an approved research study, write and successfully defend a thesis.

The College of Engineering and Computer Science requires that all thesis defense announcements are approved by the student's adviser and posted on the college's website and on the Events Calendar at the College of Graduate Studies website at least two weeks before the defense date.

- XXX 6971 - Thesis **6 Credit Hours**

Nonthesis Option—6 Credit Hours

The nonthesis option requires 6 more credit hours of electives in addition to the 12 credit hours of electives described above.

- Electives **6 Credit Hours**

Portfolio Requirement

Students are required to complete a culminating experience. The culminating experience for nonthesis MS students is submission of an end-of-program portfolio. The portfolio requirements are listed on the CECE website.

Equipment Fee

Students in the Environmental Engineering MS program pay a \$16 equipment fee each semester that they are enrolled. Part-time students pay \$8 per semester.

Independent Learning

A research or design project serves as the independent learning experience for thesis students. Nonthesis students are required to take at least one of the courses marked with an asterisk (*), denoting an independent learning experience, and an end-of-program portfolio.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Résumé.
- Statement of educational, research, and professional career objectives.
- Three letters of recommendation.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their graduate program.

The GRE is not required, however, taking the GRE is highly recommended for students wishing to pursue a thesis. In order to be considered for any fellowships, a GRE score is required.

Those applying to the programs without a directly related undergraduate degree should closely check the prerequisites. For students with nontechnical undergraduate degrees, it is recommended that a second undergraduate degree in Environmental Engineering be completed before applying to graduate school.

Articulation requirements will be determined by the department as part of the admission process and may be modified after discussion with the student and the advisor.

Application Deadlines

Environmental Engineering MSEnvE ►

College: Engineering and Computer Science	Degree: MSEE
Department: Civil, Environmental, and Construction Engineering	Option: Thesis, Nonthesis
Program Websites: http://www.cece.ucf.edu/graduate/	
Graduate Program Handbook	

Program Description

The Master of Science in Environmental Engineering program was created for students who have an undergraduate degree in environmental engineering or any other closely related degree in engineering. Applicants are expected to be knowledgeable in topics including chemistry, process design, water resources, and air pollution. The program focuses on pollution control, pollution prevention, and the correction of pollution effects on natural and man-made environments.

The program is noted for its strong faculty research interests, and areas of study include drinking water treatment, wastewater treatment, solid and hazardous waste management, atmospheric pollution control and modeling, environmental water resources, and stormwater management. The program's overall mission is to prepare students for careers in environmental engineering with consulting firms; with industry; within federal, state, and local governments; and/or in higher education.

The program's overall mission is to prepare students for Environmental Engineering careers in federal, state, and local governments; higher education; consulting; and industry. Other key objectives include:

- Producing graduates who have technical knowledge in critical areas of environmental engineering
- Providing a professional engineering education that challenges our graduates to think critically
- Forming and maintaining partnerships with industry, government agencies, and professional organizations
- Developing awareness of the changing environmental needs of society and the global environment.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Environmental-Engineering-MSVE.pdf>.

Please Note: Environmental Engineering MSEnvE may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

Curriculum

The Environmental Engineering MSEnvE program offers both thesis and nonthesis options with each requiring 30 credit hours of courses beyond the bachelor's degree. Prerequisites are required depending upon the discipline of a student's bachelor's degree. The thesis option is primarily for those who can devote a full-time effort to their research project and is required for all students supported by contracts and grants, as well as any student receiving department financial support. The nonthesis option is recommended strongly for part-time students and requires submission of an end-of-program portfolio as a requirement for graduation.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Students choosing the thesis option must take 12 credit hours of required credit hours of electives, and 6 thesis credit hours. Students choosing the nonthesis option must take 12 credit hours of required courses, 18 credit hours of electives, and submit a portfolio (which includes a comprehensive final examination) before graduating.

Students develop an individualized program of study with a faculty adviser. At least 24 credit hours in the program of study must be earned exclusive of thesis and research courses and Directed Research (XXX 6918) is not permitted in the MSEnvE program of study.

Research studies or projects are required in one or more courses. The research study or project will focus on reviewing and analyzing contemporary research or engineering issues in a student's particular specialization within the profession in order to help students acquire knowledge and skills pertaining to best practices in that specialization area.

Prerequisites (Articulation)

The completion of prerequisite courses may be required before students can begin program course work. Please contact the program director to review your background and determine the prerequisites that you may need to take.

The following mathematics prerequisite requirement is for all students.

- Calculus through Differential Equations

The following prerequisites may be required for students with undergraduate degrees in Civil, Mechanical, or Chemical Engineering. Equivalent courses may be acceptable.

- ENV 3001 Introduction to Environmental Engineering **3 Credit Hours**
- STA 3032 Probability and Statistics for Engineers **4 Credit Hours**
- CWR 4202 Hydraulics **3 Credit Hours**
- ENV 4120 Air Pollution Control **3 Credit Hours**
- ENV 4531 Environmental Engineering Operations and Processes I **3 Credit Hours**

The following prerequisites may be required for students with undergraduate degrees in other Engineering disciplines.

- ENV 3001 Introduction to Environmental Engineering **3 Credit Hours**
- STA 3032 Probability and Statistics for Engineers **3 Credit Hours**
- CWR 4202 Hydraulics **3 Credit Hours**
- CWR 4120 Hydrology **3 Credit Hours**
- EES 4111C Biological Process Control **3 Credit Hours**
- EES 4202C Chemical Process Control **3 Credit Hours**
- ENV 4120 Air Pollution Control **3 Credit Hours**
- ENV 4531 Environmental Engineering and Processes I **3 Credit Hours**

Required Courses: 12 Credit Hours

All students are required to take the following two courses and then choose one course from each of the two groupings below.

- ENV 6015 - Physical/Chemical Treatment Systems in Environmental Engineering **3 Credit Hours**
- ENV 6016 - Biological Treatment Systems in Environmental Engineering **3 Credit Hours** *

Waste Treatment/ Water Treatment/ Industrial Waste Treatment

- ENV 6558 - Industrial Waste Treatment **3 Credit Hours**
- ENV 5410 - Water Treatment **3 Credit Hours**
- EES 5318 - Industrial Ecology **3 Credit Hours**

Water Resources

- Any CWR course at the 5000 or 6000 level **3 Credit Hours**

Note:

Courses with an asterisk (*) provide an independent learning experience for students, consisting of a research or design project. Nonthesis students are required to take at least one of the courses with an asterisk. This requirement is fulfilled in the required course ENV 6016 above and is also fulfilled by the elective course ENV 6126 Design of Air Pollution Controls* (3 credit hours) and the elective course ENV 6106 Theory and Practice of Atmospheric Dispersion Modeling (3 credit hours).

Elective Courses: 12 Credit Hours

All students, both thesis and nonthesis, are required to take 12 credit hours of elective courses. Courses that comprise the elective part of the program are selected in accordance with the general requirements of the College of Engineering and Computer Science and often include courses taken from the following two sub-discipline areas:

- Environmental Specialization—Any of the appropriate ENV graduate-level courses (5000 or 6000) with the consent of the student's adviser
- Water Resources Specialization—Any of the appropriate CWR graduate-level courses (5000 or 6000) with the consent of the student's adviser

Thesis Option: 6 Credit Hours

Thesis students are expected to complete an independent research project and then write and successfully defend their thesis.

The College of Engineering and Computer Science requires that all thesis defense announcements be approved by the student's adviser and posted on the college's website and on the Events Calendar and on the College of Graduate Studies website at least two weeks before the defense date.

- XXX 6971 - Thesis **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

Nonthesis students must take 6 more credit hours of electives in addition to the 12 credit hours of electives described above.

- Electives **6 Credit Hours**

Portfolio Requirement

Students are required to complete a culminating experience. The culminating experience for nonthesis MS students is submission of an end-of-program portfolio. The portfolio requirements are listed on the CECE website.

Equipment Fee

Students in the Environmental Engineering MSEnvE program pay a \$16 equipment fee each semester that they are enrolled. Part-time students pay \$8 per semester.

Independent Learning

A research or design project serves as the independent learning experience for thesis students. Nonthesis students are required to take at least one of the courses marked with an asterisk (*), denoting an independent learning experience, and submit an end-of-program portfolio.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Admissions decisions are made on the basis of a complete online application only, and not on the basis of any pre-screening. Prospective applicants who are encouraged to apply to their intended graduate program based on the information provided for their pre-screening are not assured of admission or financial assistance when they submit a complete online application. Although it is possible, it is not likely, that prospective applicants who are discouraged from formally applying to a graduate program at the pre-screening stage will be admitted if they elect to submit a complete online application anyway.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Résumé.
- Statement of educational, research, and professional career objectives.
- Three letters of recommendation.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting applicants into their research programs.

The GRE is not required, however, taking the GRE is highly recommended for students wishing to pursue a thesis. In order to be considered for any fellowships, a GRE score is required.

Those applying to the programs without a directly related undergraduate degree should closely check the prerequisites. Students with nontechnical undergraduate degrees are recommended to complete a second undergraduate degree in Environmental Engineering before applying to graduate school.

Final articulation requirements will be determined by the department after students have been admitted and after discussions with their advisers.

Application Deadlines

Environmental Engineering MSEnvE	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Exceptional Student Education K-12 MA

College: Community Innovation and Education	Degree: MA
Department: School of Teacher Education	Option: Nonthesis
Program Websites: https://ccie.ucf.edu/teachered/exceptional-student-education/	
Graduate Program Handbook	

Program Description

The Master of Arts in Exceptional Student Education K-12 program is for non-education majors or previously certified teachers in another content area.

Graduates must be eligible for certification by the successful completion of the degree program in the area of exceptional student education (ESE) and must pass the Florida certification exams. Graduates will also receive Reading and ESOL endorsements upon successful completion of the program, if not currently endorsed. For additional information, contact eseegrad@ucf.edu.

This is a state-approved, initial teacher preparation program designed in compliance with Florida Statutes and State Board of Education Rule 6A-5.066. Degree requirements are subject to change based on state mandates. Students enrolled in this program should remain in close contact with their adviser to keep informed of any program changes implemented to comply with new state requirements.

Passing scores on ALL three applicable sections of the Florida Teacher Certification Examination (FTCE) are required prior to graduation. See www.fldoe.org for available test dates, test sites, and possible score conversions. The exams include:

- FTCE General Knowledge Test (GKT) (GRE *may* be used per DOE guidelines)
- FTCE Professional Education Test (P.Ed.)
- FTCE Subject Area Exam for Exceptional Student Education K-12

The Exceptional Student Education K-12 MA program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Exceptional-Student-Ed-MA.pdf>.

Curriculum

The Master of Arts (MA) in Exceptional Student Education K-12 program requires a minimum of 39 credit hours beyond the bachelor's degree including 9 credit hours of required core courses, 21 credit hours of specialization courses, and 9 credit hours of Internship and Reading Practicum. Individual learning projects, including research skills and action research, are embedded in the specialization courses and completed in authentic settings. In addition, a culminating Comprehensive Exam will be completed to demonstrate mastery of research, knowledge, skills, and dispositions of standards from accrediting educational agencies. Students entering the MA program without prior related courses and/or appropriate teacher certifications may need to complete courses in the MA Foundation Core/Co-requisite area as prescribed by Florida State Statutes for initial teacher preparation (ITP).

All teacher education candidates are required to complete Via™ by Watermark requirements before being certified for graduation. Via™ by Watermark access is required for the portfolio. See <https://ccie.ucf.edu/explore-via/>.

Total Credit Hours Required: 39 Credit Hours Minimum beyond the Bachelor's Degree

Foundation Core/Co-requisites

These foundation core/co-requisite courses are prescribed by Florida State Statutes for initial teacher preparation (ITP). Students entering the Exceptional Student Education MA program without prior related courses and/or appropriate teacher certifications may need to complete courses in the Foundation Core/Co-requisite area.

If a student has successfully completed equivalent courses in the Foundation Core/Co-requisite area, as prescribed by Florida State Statutes for initial teacher preparation, then course waivers can be requested (see adviser).

- EEX 5051 - Exceptional Children in the Schools **3 Credit Hours** Students are strongly advised to enroll in EEX 5051 early in their graduate program.
- EDF 6727 - Critical Analysis of Social, Ethical, Legal, and Safety Issues Related to Education **3 Credit Hours**
- EDG 6415 - Principles of Instruction and Classroom Management **3 Credit Hours**
- EDF 6237 - Principles of Learning and Introduction to Classroom Assessment **3 Credit Hours**
- RED 5147 - Developmental Reading **3 Credit Hours**
- RED 5517 - Classroom Diagnosis and Development of Reading Proficiencies **3 Credit Hours** Please note that RED 5517 is currently not available online.

Required Courses: 30 Credit Hours

Core: 9 Credit Hours

TSL 5085 and TSL 6250 are required courses leading to ESOL endorsement. Students should see an adviser if they hold a current ESOL endorsement.

- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours**
- TSL 6250 - Applied Linguistics in ESOL **3 Credit Hours**

Specialization: 21 Credit Hours

- EEX 6061 - Instructional Strategies Pre-K-6 **3 Credit Hours**
- EEX 6065 - Programming for Students with Disabilities at the Secondary Level **3 Credit Hours**
- EEX 6107 - Teaching Spoken and Written Language **3 Credit Hours**
- EEX 6295 - Assessment and Curriculum Prescriptions for the Exceptional Population **3 Credit Hours**
- EEX 6524 - Organization and Collaboration in Special Ed **3 Credit Hours**
- EEX 6612 - Methods of Behavioral Management **3 Credit Hours**
- EEX 6342 - Seminar-Critical Issues in Special Education **3 Credit Hours**

Internship and Practicum: 9 Credit Hours

- EEX 6946 Graduate Internship: ESE **6 Credit Hours**
- RED 5948 - Practicum in Reading Assessment and Instruction **3 Credit Hours**

Additional Graduation Requirements

- Pass all applicable sections of the Florida Teacher Certification Examination. See <http://www.fl.nesinc.com/> or www.fldoe.org for additional information about test dates and resources.
- Pass Comprehensive Exam.
- Complete a LiveText Professional Portfolio.
- Complete a TESOL Portfolio.
- Compliance with all university and graduate student policies.

NOTE: Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBR 6A-4.002).

Independent Learning

The Exceptional Student Education K-12 MA program requires the completion of an Action Research Project, Internship, and Reading Practicum. These independent learning activities take place in authentic settings where students must apply, reflect upon and refine their knowledge, skills and dispositions acquired in the program.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A copy of current ESOL endorsement, IF applicable.
- A copy of current Reading Endorsement, IF applicable.
- A copy of current professional teaching certificate, IF applicable.
- Passing score on all four parts of the Florida Teacher Certification Examination/General Knowledge Test (FTCE/GKT) **OR** a competitive score on the Graduate Record Exam (GRE) score. This program does not require GRE for admission, but in accordance with Florida Statute 1004.4 and State Board of Education Rule 6A-5.066, admission to this graduate-level, state-approved initial teacher preparation program requires demonstrating mastery of general knowledge.
- **UPDATE:** In order to demonstrate mastery of general knowledge, Graduate Record Exam test administrations conducted on or after **July 1, 2015**, may be used as an acceptable means of demonstrating a mastery of general knowledge. A minimum passing score on a GRE subtest in an applicable general knowledge content area, as defined in the table below, will satisfy the requirement of demonstrating a mastery of general knowledge for the applicable general knowledge content area.

FTCE GKT SUBTEST	GRE SUBTEST	MINIMUM GRE SCORE REQUIRED TO SUBSTITUTE FOR GK SUBTEST
GK Writing Subtest (Essay)	GRE Analytical Writing	A combined score of 4 out of 6
GK English Language Subtest Skills	GRE Verbal Reasoning	A scaled score of 151
GK Reading Subtest	GRE Verbal Reasoning	A scaled score of 151
GK Mathematics Subtest	GRE Quantitative Reasoning	A scaled score of 147

- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- Students may not switch from an MA program to an MEd program, or vice versa, without going through the university's admission process.

Application Deadlines

Exceptional Student Education K-12 MA	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1

*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Exceptional Student Education MEd ►

College: Community Innovation and Education	Degree: MEd
Department: School of Teacher Education	Option: Thesis, Nonthesis
Program Website: https://ccie.ucf.edu/teachered/exceptional-student-education/	
Graduate Program Handbook	

Program Description

The MEd in Exceptional Student Education program prepares exceptional education teachers to work in programs serving Pre-K-12 students with disabilities.

The program is designed for teachers already certified in exceptional student education (or other certification in special education) to enhance their knowledge, skills, and dispositions.

Please note: Exceptional Student Education (MEd) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Master of Education (M.Ed.) in Exceptional Student Education program is designed for teachers already certified in exceptional student education to enhance their knowledge, skills and dispositions. It requires 33 credit hours beyond the bachelor's degree including a 3-credit-hour research course, 24 credit hours of specialization courses and 6 credit hours of either a thesis or electives approved by an adviser. A Comprehensive Examination is also required and serves as the culminating experience in the program. Individual Learning Projects, including research skills and action research in authentic settings, are embedded in the specialization courses.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

Required Course: 3 Credit Hours

Students are strongly encouraged to enroll in this course early in their graduate program.

- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**

Specialization Courses: 24 Credit Hours

The following courses are specialization courses. Please see your adviser for guidance regarding the selection of the courses.

*EEX 6061 recommended to be completed successfully prior to enrollment in EEX 6107.

**EEX 6107 may be taken only AFTER 18 hours of graduate coursework in Exceptional Student Education have been completed successfully.

- EEX 6061 - Instructional Strategies Pre-K-6 **3 Credit Hours** *
- EEX 6065 - Programming for Students with Disabilities at the Secondary Level **3 Credit Hours**
- EEX 6107 - Teaching Spoken and Written Language **3 Credit Hours** **
- EEX 6295 - Assessment and Curriculum Prescriptions for the Exceptional Population **3 Credit Hours**
- EEX 6342 - Seminar-Critical Issues in Special Education **3 Credit Hours**
- EEX 6524 - Organization and Collaboration in Special Ed **3 Credit Hours**
- EEX 6612 - Methods of Behavioral Management **3 Credit Hours**
- EEX 6863 - Supervised Teaching Practicum with Exceptional Children **2-7 Credit Hours** (for completion of the Severe and Profound Endorsement ONLY) or elective approved by an adviser (3 credit hours)

Thesis Option: 6 Credit Hours

- EEX 6971 Thesis **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

Nonthesis students choose one of the following options:

- EEX 6909 Research Report **6 Credit Hours** or
- Two additional electives approved by an adviser **6 Credit Hours**

Suggested areas of concentration may be taken as approved electives within the M.Ed. program. Please see complete listings of additional courses in Certificate/Endorsement Programs in Exceptional Student Education for possible electives (Autism Spectrum Disorder, Intervention Specialist, Pre-K Disabilities, Severe and Profound, and Special Education). Electives must be approved by an adviser.

Comprehensive Examination

The culminating Comprehensive Examination must be successfully completed to demonstrate mastery of research, skills, knowledge and dispositions of standards from accrediting educational agencies prior to graduation.

Independent Learning

The MEd program may require a Supervised Teaching Practicum as an elective that is part of the Severe and Profound certificate. Practica are independent learning activities that take place in authentic settings in which students must apply, reflect on and refine knowledge and skills acquired in the program. Please see your adviser for further information.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

One official transcript (in a sealed envelope) from each college/university attended.

Current Florida Professional Teaching Certificate in Exceptional Student Education or have completed all the requirements for that Professional Teaching Certificate.

Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Applicants who have graduated from an accredited university or college teacher certification program in another state or country, in the appropriate subject and/or grade range, may also be admitted to the M.Ed. program with approvals from appropriate College and Department committees and advisors.

Students may not switch from an M.A. program to an M.Ed. program, or vice versa, without going through the university's admission process. Courses used to gain initial state certification may not be transferred into an M.Ed. program.

Forensic Science MS ►

College: Sciences	Degree: MS
Department: Chemistry	Option: Thesis, Nonthesis
Program Websites: http://chemistry.cos.ucf.edu/	
Graduate Program Handbook	

Program Description

The Master of Science in Forensic Science program is designed to service the needs of both practicing professionals and full-time students who desire an advanced program of study in forensic science. The program is comprised of three concentrations: Forensic Analysis, Forensic Biochemistry and Forensic Professional.

The Master of Science in Forensic Science program is designed to service the needs of both practicing professionals and full-time students who desire an advanced program of study in forensic science. The program is comprised of three concentrations: Forensic Analysis, Forensic Biochemistry and Forensic Professional. The Forensic Biochemistry and Forensic Analysis concentrations require the student to perform original research and defend a written thesis. The

Forensic Professional concentration is a nonthesis option comprised of course work and an independent study capstone project.

Forensic Science is a highly interdisciplinary science, as reflected in the following programs of study. The interdisciplinary nature of the program makes it imperative that students seek advising from faculty members on the appropriateness of this program towards their future career as well as the content of courses to ensure that they have the appropriate background to master the course content.

Thesis Options

The grounding in scientific research methodology provided by the thesis requirement is a central focus of the thesis-based concentrations. The Forensic Analysis and Biochemistry concentrations are comprised of 32 credit hours of study beyond the BS degree. Students will conduct research either on site or at the professional laboratories where they work. In either case, a member of the UCF Forensic Science faculty will act as research adviser and approve the research topic. This research culminates in the writing and presentation of the thesis.

The student's research adviser will select the thesis examination committee, consisting of two UCF faculty members and at least one other acknowledged forensic expert in the field. The student will present his/her thesis for examination by the committee. The thesis must be judged worthy of publication by the review committee and may not be submitted for examination until approved. For students choosing to conduct research at non-UCF sites, the thesis adviser may visit the student's laboratory where the research is to be performed, before the research begins and on a regular basis until the work is complete.

Forensic Analysis Concentration: The Forensic Analysis concentration emphasizes the application of modern chromatographic, spectroscopic and micro-analytical techniques to problems in forensic science. This specialized program option is not designed for international applicants.

Forensic Biochemistry Concentration: The Forensic Biochemistry concentration has a strong biochemistry-DNA focus to serve the needs of supervisory personnel in DNA sections of crime laboratories. National DNA standards mandate that such personnel have advanced degrees. This specialized program option is not designed for international applicants.

Nonthesis Option

The nonthesis concentration is specifically designed for the forensic analyst who currently holds employment in an operational forensic laboratory or has previously worked for a minimum of three years in an operational forensic laboratory. Applicants who do not meet these criteria must apply for one of the thesis-based concentrations. International applicants should apply for the Forensic Professional Concentration.

Forensic Professional Concentration: The Forensic Professional concentration is comprised of 34 credit hours of study beyond the bachelor of science degree but does not require an original laboratory-based research project. The Forensic Professional concentration culminates in a one-credit-hour independent study capstone project performed under the direction of one of the faculty members in the program.

Please note: Forensic Science (MS) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Forensic Science MS degree is comprised of 32 or 34 credit hours of study beyond the BS degree with an intensive specialization in one of three concentrations: Forensic Analysis, Forensic Biochemistry or Forensic Professional. Full-time students should complete the degree in two years of continuous full-time study, while part-time students will generally finish the degree in four years.

The program in Forensic Analysis and Forensic Biochemistry is research-based and requires original and independent research resulting in a written thesis to be defended before a committee consisting of two UCF graduate faculty members and at least one other acknowledged forensic expert in the field. These concentrations require 32 credit hours, including 9 credit hours of required courses, 15 credit hours of concentration courses, and 8 credit hours of Thesis.

The program in Forensic Professional requires 34 credit hours, including 9 hours of required courses and 24 hours of elective courses and one credit hour of independent study as the capstone experience. This concentration does not require an original laboratory-based research project. Students not in residence at UCF should consult the catalog for courses with online offerings.

Students with undergraduate degrees in chemistry, biochemistry, biology, forensic science, statistics and physics are encouraged to apply. Students applying to this program with a forensic science undergraduate degree, please be aware that this program is designed for students interested in pursuing a career in forensic chemistry, forensic biology, forensic biochemistry applications.

Students interested in pursuing careers in any of the following forensic disciplines should apply to a more appropriate program:

- Forensic Psychology, you should apply to a graduate Psychology program.
- Forensic Anthropology, you should apply to a graduate Anthropology program.
- Crime Scene Investigation, you should apply to a graduate Criminal Justice program.
- Forensic Pathology or Medical Examination, you should apply to a medical school.
- Forensic Engineering, you should apply to a graduate Engineering program.

Total Credit Hours Required: 32-34 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 9 Credit Hours

Students in all three concentrations take the following required courses and complete either the thesis option or the nonthesis option.

- CHS 5504 - Topics in Forensic Science **3 Credit Hours**
- CHS 5596 - The Forensic Expert in the Courtroom **3 Credit Hours**
- CHS 6513 - Quality Assurance for Forensic Scientists **3 Credit Hours**

Thesis Option: 23 Credit Hours

Forensic Analysis Concentration: 15 Credit Hours

Students in the Forensic Analysis concentration take 15 credit hours from the following courses and complete a thesis.

- STA 5206 - Statistical Analysis **3 Credit Hours** or equivalent course
- CHM 5235 - Applied Molecular Spectroscopy **3 Credit Hours**
- CHM 6492 - Atomic Spectroscopy **3 Credit Hours**
- CHS 6546 - Forensic Analysis of Ignitable Liquids **3 Credit Hours**
- CHS 6545 - Forensic Analysis of Explosives **3 Credit Hours**
- CHS 5937 Chemometric Applications in Forensic Science **3 Credit Hours**

Forensic Biochemistry Concentration: 15 Credit Hours

Students in the Forensic Biochemistry concentration take the following courses and complete a thesis.

- STA 5206 - Statistical Analysis **3 Credit Hours** or equivalent course
- CHS 6535L - Forensic Analysis of Biological Materials **3 Credit Hours**
- CHS 6535 - Forensic Molecular Biology **3 Credit Hours**
- CHS 6536 - Population Genetics and Genetic Data **3 Credit Hours**
- BCH 6740 - Advanced Biochemistry **3 Credit Hours**

Thesis: 8 Credit Hours

The Forensic Analysis and Forensic Biochemistry concentrations require the student to conduct original research and successfully defend a written thesis.

- CHS 6971 Thesis **8 Credit Hours**

Nonthesis Option: 25 Credit Hours

Forensic Professional Concentration: 24 Credit Hours

Students in the Forensic Professional concentration are required to take 24 credit hours selected from the list below with approval of their faculty adviser and complete the Capstone course.

- STA 5206 - Statistical Analysis **3 Credit Hours**
- CHM 5235 - Applied Molecular Spectroscopy **3 Credit Hours**
- CHM 6492 - Atomic Spectroscopy **3 Credit Hours**
- CHS 6546 - Forensic Analysis of Ignitable Liquids **3 Credit Hours**
- CHS 6545 - Forensic Analysis of Explosives **3 Credit Hours**
- CHS 6535L - Forensic Analysis of Biological Materials **3 Credit Hours**
- CHS 6535 - Forensic Molecular Biology **3 Credit Hours**
- CHS 6536 - Population Genetics and Genetic Data **3 Credit Hours**
- BCH 6740 - Advanced Biochemistry **3 Credit Hours**
- CGS 5131 - Computer Forensics I: Seizure and Examination of Computer Systems **3 Credit Hours**
- CNT 6418 - Computer Forensics II **3 Credit Hours**
- CHS 5518 - The Forensic Collection and Examination of Digital Evidence **3 Credit Hours**
- CIS 6207 - The Practice of Digital Forensics **3 Credit Hours**
- CAP 6133 - Advanced Topics in Computer Security and Computer Forensics **3 Credit Hours**
- CHS 5937 - Chemometric Applications in Forensic Science **3 Credit Hours**
- CHM 6710 - Applied Analytical Chemistry **3 Credit Hours**
- CHM 6440 - Kinetics and Catalysis **3 Credit Hours**

- CHS 6251 - Applied Organic Synthesis **3 Credit Hours**
- CHS 6240 - Chemical Thermodynamics **3 Credit Hours**
- BCH 6740 - Advanced Biochemistry **3 Credit Hours**
- CHM 6134 - Advanced Instrumental Analysis **3 Credit Hours**
- CHM 6938 - Special Topics **3 Credit Hours**

Capstone: 1 Credit Hour

The capstone experience in the Forensic Professional concentration requires one credit hour of Independent Study, which culminates in the submission of a required report on a pre-approved topic. This study will comprise either (1) a review of the current literature on a particular forensic science research topic area, or (2) a holistic case study dealing with a particular criminal case in which forensic evidence played a significant role.

- CHS 6908 - Independent Study **1 Credit Hour**

Equipment Fee

Full-time students in the Forensic Science MS program pay a \$90 equipment fee each semester that they are enrolled. Part-time students pay \$45 per semester.

Independent Learning

Students in the Forensic Analysis and Forensic Biochemistry concentrations are required to conduct original research and defend a written thesis. Students in the Forensic Professional concentration complete a capstone experience that requires independent research and a report.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken within the last five years.
- A bachelor's in Forensic Science or another physical science, based on at least 30 hours of college-level science subjects, that provides the background required to be successful in the proposed program. Acceptable non-Forensic Science BS degrees may include Chemistry, Molecular Biology, Physics and Statistics.
- Three letters of recommendation. If the applicant is employed in a forensic laboratory and wishes to continue working in that laboratory while a distance learner in the Forensic Science MS program, one letter should come from his/her supervisor and should express their willingness to allow the student to use the laboratory instrumentation for their thesis research. Otherwise, the student will be unable to complete the research component of the degree.
- Short (one page) statement describing why the applicant wants to pursue an advanced degree in Forensic Science.

The Forensic Science Graduate Committee will evaluate the background of potential students applying for admission into the program.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Application Deadlines

Forensic Science MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Mar 1		
International Applicants	Jan 15	Jan 15		
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Health Administration MHA

College: Community Innovation and Education	Degree: MHA
Department: Health Management and Informatics	
Program Website: https://ccie.ucf.edu/hmi/programs/health-administration-ma/	

Program Description

The Master of Health Administration offers two tracks: Health Services Administration and the Executive Health Services Administration.

The track in Health Services Administration is a traditional program with courses offered in mixed-mode format and the Executive Health Services Administration is geared towards professionals with at least three years of Health Management experience and is offered fully online.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

Program Tracks

- Health Administration MHA, Executive Health Services Administration Track
- Health Administration MHA, Health Services Administration Track

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants must choose a track in this program. Track(s) may have different requirements.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Health Administration MHA, Executive Health Services Administration Track

College: Community Innovation and Education	Degree: MHA
Department: School of Global Health Management and Informatics	Option: Nonthesis
Program Website: https://ccie.ucf.edu/hmi/programs/health-administration-ma/	

Track Description

The School of Global Health Management and Informatics offers a CAHME accredited Executive Master of Health Administration (Executive MHA). This program is 44 credit hours beyond the bachelor's degree and is designed for self-motivated, experienced health services professionals with a minimum of three years of relevant professional experience, including managers, mid-career professionals, and clinicians.

Health care is America's fastest growing service industry. The Master of Health Administration focuses on the structure of health care organizations and examines important issues that impact the health care industry. The Executive MHA (eMHA) track is attractive to working health care professionals due to the online delivery format, which allows students to earn an Executive MHA degree from any location and at times convenient to each student. Throughout the program, students enhance their leadership skills. Learn from leading experts and academics in the field of health administration.

Students admitted into this program must possess a minimum of three years of relevant health care and/or management experience. Students enroll in the program as a cohort with a maximum of 30 students. The cohort model provides faculty the opportunity to discuss issues in greater detail and allows students the ability to network among their peers. The program will be delivered in an online format.

Please note: Executive Health Services Administration may be completed fully online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Executive Master of Health Administration track requires a minimum of 44 credit hours beyond the bachelor's degree. Students must pass the capstone course at the end of their studies as part of Capstone in the Executive MHA (HSA 6188) program requirement.

This program is completely online with a course sequence that is lock-step and students must follow the required sequence of coursework.

Total Credit Hours Required: 44 Credit Hours Minimum beyond the Bachelor's Degree

The term each course is offered is indicated in the course listing below.

Required Courses: 44 Credit Hours

Core: 40 Credit Hours

- HSA 6766 - Health Care Statistics and Research **4 Credit Hours**
- HSA 6345 - Leadership for Health Care Executives **4 Credit Hours**
- HSA 6179 - Financial Accounting for Health Care Managers **4 Credit Hours**
- HSA 6346 - Health Care Organizational Behavior and Human Resource Management **4 Credit Hours**
- HSA 6505 - Health Care Quality and Risk Management **4 Credit Hours**
- HSA 6178 - Financial Management for Health Care Managers **4 Credit Hours**
- HSA 6197C - Health Care Informatics for Health Care Leaders **4 Credit Hours**
- HSA 6156 - Health Care Economics and Policy **4 Credit Hours**
- HSA 6520 - Epidemiology and Health Planning **4 Credit Hours**
- HSA 6555 - Health Care Ethics and Law **4 Credit Hours**

Capstone: 4 Credit Hours

A final written examination experience is required of all students in the program. This requirement will be met through successful completion of the capstone course (HSA 6188). To successfully pass this course, students must earn a grade of "A" or "B." There is one exception: students who earn no other "C" grades while in the Executive MHA program will be permitted to pass this course with a grade of "C."

- HSA 6188 - Health Care Capstone and Strategic Management **4 Credit Hours** *Offered second Summer and Fall*

Cost Per Credit Hour

For the Executive Master of Health Administration program, the cost per credit hour is \$772.69.*

*Fee is subject to change

Additional Program Requirements

Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

Additionally, a student may apply a maximum total of six semester credit hours of "C" grades, or the "C" grade credits associated with at most two classes, whichever is greater, to satisfy degree program requirements. Students who earn more than six credit hours or two "C" grades may be dismissed from further study in the program. A student who earns a grade of "D" or below will be dismissed from further study in the Executive MHA program. In any course repeated, a student must earn a grade of "B" or better. The Executive Master of Health Administration program generally does not use plus/minus grading.

Audio and Visual Equipment Requirement: The program is 100 percent online, however in our commitment to engage students in an online learning environment, there may be times when the professors hold webinars and virtual conferences which require students to be online. As such, students need reliable audio and visual equipment (i.e. microphone, headsets, web camera, etc.) to participate in webinars and video conferences.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Tangible research projects, scholarly papers, or our capstone experience also contribute to the self-development of our students.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Essay indicating how the Executive Master of Health Administration track will enhance your career goals (1-2 pages).
- Résumé (no longer than two pages).
- Evidence of a minimum of three (3) years or more of relevant professional experience in healthcare.
- Three recommendation letters that speak to your health care and/or management experience (1 of those recommendation letters must be from your current supervisor).
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation and TOEFL scores. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Admission to the program is competitive, based on an evaluation of the applicant's abilities, past academic performance, work experience and the match of the program with career goals. The Executive Master of Health Administration track accepts the most qualified students. Not all students who apply may be accepted, even if minimum requirements are met.

UCF employees and state employees cannot use the tuition waiver for this program.

Application Deadlines

Executive Health Services Administration	Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Sep 1	

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Health Administration MHA, Health Services Administration Track

College: Community Innovation and Education	Degree: MHA
Department: School of Global Health Management and Informatics	Option: Nonthesis
Program Website: https://ccie.ucf.edu/hmi/programs/health-administration-ma/	
Graduate Program Handbook	

Track Description

The School of Global Health Management and Informatics offers a Master of Health Administration with a track in Health Services Administration. The HSA track is 51 credit hours beyond the bachelor's degree and is accredited by the Commission on Accreditation of Healthcare Management Education (CAHME).

Healthcare is America's fastest-growing service industry, and healthcare executives are in demand to administer the acute and long-term care needs of an aging population and to serve as consultants to businesses and industrial organizations. The Master of Health Administration degree program focuses on the structure of healthcare organizations and examines important issues that impact the healthcare industry as well as examining the management and administrative aspects of health services organizations. It encompasses the business management side of health care, including human resources, marketing, sales, accounting, information systems, planning, and facility management.

The HSA track is attractive to working professionals as all course options are offered at night. Selected courses are also available during the day for students with more flexible schedules. Students can enroll in the program on a full-time or part-time basis. Courses are offered in a mixed-mode format with classroom limits capped at 30 students per section.

Working professionals with 3 or more years of healthcare management experience may wish to consider the Executive Master of Health Administration (e-MHA): www.ucf.edu/online/degree/executive-master-health-administration/.

Curriculum

The Health Services Administration track in the Health Administration MHA program requires a minimum of 51 credit hours beyond the bachelor's degree. This includes 42 credit hours of required courses, 3 credit hours of the capstone course, 3 credit hours of electives, and 3 credit hours of an internship. The degree program also requires 6 credit hours of prerequisite courses, which are taken after admission into the program. Knowledge of personal computers is also required.

Total Credit Hours Required: 51 Credit Hours Minimum beyond the Bachelor's Degree

Most required courses alternate between Fall, Spring, and Summer semesters and are not offered every term. The term each course is regularly offered is indicated in the course listing below. Students must meet with their academic adviser to develop a plan of study. A schedule of the program's curriculum can be found at the program website above.

The Master of Health Administration program offers courses in mixed-mode formats. This program cannot be completed online. Students with professional healthcare experience who are interested in an entirely online program can pursue the Executive track in the Health Administration MHA program.

Prerequisites

Students must complete prerequisite course work, including knowledge of finance and economics. Upon admission to the MHA program, students will be required to complete 2 prerequisite assessment tests. Students that receive a passing score of a 80% or higher will be exempt from taking the prerequisite in the respective area.

- HSA 5177 - Foundations of Health Care Finance **3 Credit Hours**
- HSA 5436 - Foundations of Health Care Economics **3 Credit Hours**

Required Courses: 45 Credit Hours

Core: 42 Credit Hours

- HSA 5198 - Health Care Decision Sciences and Knowledge Management **3 Credit Hours**
- HSA 6119 - Health Care Organization and Management **3 Credit Hours**
- HSA 6128 - Health Care Services Management **3 Credit Hours**
- HSA 6155 - Health Economics and Policy **3 Credit Hours**
- HSA 6195 - Management and Health Information Systems **3 Credit Hours**
- HSA 6342 - Health Care Human Resources **3 Credit Hours**
- HSA 6385 - Health Care Quality Management **3 Credit Hours**
- HSC 6636 - Issues and Trends in the Health Professions **3 Credit Hours**
- HSC 6911 - Scientific Inquiry in the Health Profession **3 Credit Hours**
- PHC 6000 - Epidemiology **3 Credit Hours**
- PHC 6146 - Health Planning and Policy **3 Credit Hours**
- PHC 6160 - Health Care Finance **3 Credit Hours**
- PHC 6164 - Health Care Finance II **3 Credit Hours**
- PHC 6420 - Case Studies in Health Law **3 Credit Hours**

Capstone: 3 Credit Hours

A final written examination experience is required of all students in the program. This requirement will be met through successful completion of the capstone course (HSA 6925). To successfully pass this course, students must earn a grade of "A" or "B." There is one exception: students who earn no other "C" grades while in the MHA program will be permitted to pass this course with a grade of "C."

- HSA 6925 - Capstone in HSA **3 Credit Hours** - *offered every semester*

Elective Courses: 3 Credit Hours

Choose one course from the following list:

- HSC 6656 - Healthcare Ethics **3 Credit Hours**
- HSA 6112 - International Health Systems **3 Credit Hours**
- HSA 6512 - Health Care Leadership **3 Credit Hours**
- HSA 6536 - Health and Medical Terminology for Health Administrators **3 Credit Hours**
- HSA 5509 - Health Care Risk Management I **3 Credit Hours** (additional fees required for this course)
- PHC 6183 - Health Care Emergency Management **3 Credit Hours**
- PUP 6607 - Politics of Health **3 Credit Hours**
- NGR 5660 - Health Disparities: Issues and Strategies **3 Credit Hours**
- GEY 5648 - Gerontology: An Interdisciplinary Approach **3 Credit Hours**
- Or an alternative graduate-level course at the discretion of the Program Director

Internship: 3 Credit Hours

As a requirement for the Master of Health Administration, students must complete an internship within the administrative realm of an actual healthcare organization. Students will work directly with the Director of Internships to select an organization of interest. Students are required to fulfill 240 contact hours within their selected organization over the course of the semester, or approximately 18-20 hours per week.

Many healthcare organizations will require that students complete a background check, which may include, but is not limited to, law enforcement fingerprinting, state driving records, credit reports, and criminal records check. The cost of the background check is the student's responsibility. Background checks may take time to complete and, subsequently, could delay the student's internship placement. It is advised that, in the semester prior to the internship, the student contact the organization directly to obtain further information on the organization's background check requirements. Students who have potential background issues must contact the Director of Internships to schedule an interview in order to discuss the impact on field placement. The Health Services Administration Program cannot guarantee internship placement or subsequent degree completion for students who do not pass background checks

Students with 3 or more years of relevant healthcare management experience may qualify for a research-based internship option and are advised to contact the Director of Internships.

- HSA 6946 Internship 3 Credit hours - *offered every semester* (Prerequisites: 24 credit hours completed in the program and completion of the internship orientation webcourse)

Additional Program Requirements

Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

Additionally, students may not earn more than six credit hours of "C" grades while in the program. Students who receive more than six credit hours of "C" will be dismissed from further study in the major. A student who earns a grade of "D" or below will be dismissed from further study in the HSA program. In any course repeated, a student must earn a grade of "B" or better. The Health Services Administration program generally does not use plus/minus grading.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Tangible research projects, scholarly papers, internships, and the capstone experience also contribute to the self-development of our students.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Goal statement indicating how the Master of Health Administration program will enhance career goals.
- Résumé (no longer than two pages).
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Admission to the program is competitive, based on evaluation of the applicant's abilities, past academic performance, work experience, and the match of the program with career goals. The Master of Health Administration program accepts only the most qualified students. Not all students who apply may be accepted, even if minimum requirements are met. Applicants who do not meet admission criteria are subject to an interview.

Students are admitted to the Master of Health Administration program in the fall and spring semesters. Full and part-time plans of study are available for both fall and spring admission cycles.

Application Deadlines

Health Services Administration	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Health Care Informatics MS, Professional Science Master's ►

College: Community Innovation and Education	Degree: MS
Department: School of Global Health Management and Informatics	Option: Nonthesis
Program Websites: https://ccie.ucf.edu/hmi/programs/hci/	
Graduate Program Handbook	

Program Description

The School of Global Health Management and Informatics offers a Professional Master of Science in Health Care Informatics, a program designed to meet the growing demand for highly trained health care informatics professionals.

The Health Care Informatics program is unique in that it focuses on providing students with a thorough grounding in the clinical, management and business aspects of the health informatics field. Credits must be taken in health care database management, systems analysis and design, privacy and security and other courses in the curriculum. Students are required to complete an internship during the last semester in the program.

The program is offered online in a distance-learning cohort format to offer access and convenience to working professionals. Applications and admissions are accepted twice per year for fall and spring terms only. Students with professional experience in health care, new graduates from bachelor's programs in health services and students seeking career changes to the health care industry are all encouraged to apply.

The Health Care Informatics program is entirely online. This program charges an enhanced tuition rate.

For state employees (including UCF employees), the tuition waiver will not cover courses in the HCI program.

The successful completion of the MSHCI degree does NOT qualify graduates to sit for the Registered Health Information Administrator (RHIA) or the Registered Health Information Technician (RHIT) certifications.

However, graduates WITH EXPERIENCE are eligible to sit for the Certified Health Data Analyst (CHDA) certification after the successful completion of your MSHCI degree.

Please note: Professional Master of Science in Health Care Informatics may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Professional Master of Science in Health Care Informatics will be awarded upon completion of 38 credits of prescribed graduate study. Courses are offered all online as a cohort program. All students must take the courses in the prescribed sequence, and during the last semester in the program students complete an internship and Capstone course.

Total Credit Hours Required: 38 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

There are no prerequisites required for the program. However, students without the necessary professional or educational experience are required to take three foundational courses in health services administration, health information management, and medical terminology. These can be completed while enrolled in the MSHCI program.

Foundational courses

- HIM 6007 - Survey of Health Information Management **1 Credit Hours**
- HIM 6267 - Foundation of Health Services Administration **1 Credit Hours**
- HIM 6477 - Medical Terminology for Informatics Professionals **1 Credit Hours**

Required Courses: 38 Credit Hours

- HIM 5118C - Health Care Informatics and Information Technology **4 Credit Hours**
- HIM 6123C - Project Management in Health Care Informatics **4 Credit Hours**
- HIM 6122C - System Analysis and Design **4 Credit Hours**
- HIM 6217C - Health Care Database Management **4 Credit Hours**
- HIM 6119C - Biostatistics and Decision Analysis **4 Credit Hours**
- HIM 6121C - Privacy and Security in Health Care Informatics **4 Credit Hours**
- HIM 6464C - Epidemiology, Analytics and Quality Management **4 Credit Hours**
- HIM 6124C - Health Care Data Architecture and Modeling **4 Credit Hours**
- HIM 6947 - MS Healthcare Informatics Internship **2 Credit Hours**
- HIM 6125 - Health Care Informatics Capstone **3 Credit Hours**

Cost Per Credit Hour

For the Health Care Informatics MS program, the cost per credit hour is \$772.69.*

*Fee is subject to change

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate admission requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.

- Goal statement indicating how the Health Care Informatics MS program will enhance career goals or why the applicant wants to pursue this degree (at least 1 page, doubled-spaced, 12 pt).
- Résumé (no longer than two pages).
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation and TOEFL scores. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Admission to the program is competitive, based on evaluation of the applicant's abilities, past academic performance, work experience, and the match of the program with career goals. The Professional Master of Science in Health Care Informatics accepts the most qualified students. Not all students who apply may be accepted, even if minimum requirements are met. Furthermore, personal phone interviews may be used as part of the evaluation process.

Application Deadlines

Health Care Informatics MS, Professional Science Master's	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

The program offers scholarships to HCI students sporadically. The scholarship will not pay the total cost of tuition. However, there are University-wide scholarships offered to eligible students who qualify. These are found on the UCF Financial Aid Website at www.finaid.ucf.edu.

History MA

College: Arts and Humanities	Degree: MA
Department: History	Option: Thesis
Program Websites: http://history.cah.ucf.edu/academics/graduate-programs/	
Graduate Program Handbook	

Program Description

The Master of Arts in History is designed to serve the needs of a variety of students, including those who plan to pursue a PhD, those wishing to improve their proficiency as secondary school teachers, and those who seek to enrich their intellectual lives. In addition to the General MA program, Public History and Accelerated Undergraduate to Graduate tracks are offered.

Students are served by departmental members whose areas of research include classical history, early Christianity, African history, American cultural and social history, local history, the South, the American Civil War, the American frontier, women and gender roles, Asian history, Middle-Eastern history, twentieth-century mass movements, Nazism and anti-Semitism in Central Europe, Latin American history, and European history, as well as other areas.

Program Tracks

- History MA, Accelerated Graduate Program Track
- History MA, Public History Track

Curriculum

The History MA program requires a minimum of 36 credit hours beyond the bachelor's degree, including 6 credit hours of core courses, 18 credit hours in an area of specialization, and 6 credit hours of electives outside of the area of specialization. At least 18 credit hours of the 36 required must be at the 6000 level. It also requires that you pass a capstone written examination in two fields, a foreign language translation examination, and complete and successfully defend a thesis or a project. No graduate credit is given for any grade lower than "B-."

Students have the option to take up to two (2) graduate courses (6 hours) in another UCF department/program at the discretion of the History MA Graduate Director. Students must meet in person with the Graduate Director prior to enrollment in the proposed course, with written information about the course and justification, before approval will be granted. Any course outside the history program will replace the student's independent study option. Only two (2) courses from any graduate certificate program (i.e. GIS, Women's Studies) can be counted toward the History MA degree.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 24 Credit Hours

Core: 6 Credit Hours

- HIS 6159 - Historiography **3 Credit Hours**

- HIS 6905 - History Capstone Class **3 Credit Hours**

Specialization: 18 Credit Hours

Students may specialize in one of the two areas below. Specialization courses must be approved by the student's adviser.

Eastern Hemisphere: African, Asian, European, or Middle Eastern

- AFH 5259 - Colloquium in African History **3 Credit Hours**
- AFH 5806 - The Historiography of Slavery in Africa **3 Credit Hours**
- ASH 5229 - History of the Middle East **3 Credit Hours**
- ASH 5408 - Colloquium in Modern China **3 Credit Hours**
- ASH 5485 - U.S. China Relations **3 Credit Hours**
- ASH 5925 - Colloquium in South Asian History **3 Credit Hours**
- ASH 6936 - Seminar in US-China Relations **3 Credit Hours**
- EUH 5419 - Colloquium in Roman History **3 Credit Hours**
- EUH 5459 - Colloquium in French History **3 Credit Hours**
- EUH 5546 - Colloquium: British History **3 Credit Hours**
- EUH 5579 - Colloquium in Soviet Russia **3 Credit Hours**
- EUH 5905 - European Imperialism **3 Credit Hours**
- EUH 5925 - Colloquium in Medieval Europe **3 Credit Hours**
- EUH 5208 - Colloquium in Early Modern History **3 Credit Hours**
- EUH 6939 - Seminar in European History **3 Credit Hours**

Western Hemisphere: Caribbean, North American, or South American

- AMH 5116 - Colloquium in Early American History **3 Credit Hours**
- AMH 5169 - Colloquium in the American Early Republic **3 Credit Hours**
- AMH 5176 - Colloquium in Civil War and Reconstruction **3 Credit Hours**
- AMH 5296 - Colloquium in 20th Century U.S. **3 Credit Hours**
- AMH 5378 - History of Technology **3 Credit Hours**
- AMH 5391 - Colloquium in U.S. Cultural History **3 Credit Hours**
- AMH 5406 - Colloquium in American South **3 Credit Hours**
- AMH 5636 - Colloquium in US Environmental History **3 Credit Hours**
- AMH 5925 - Colloquium in US Military History **3 Credit Hours**
- AMH 6346 - Seminar in the History of American Automobility **3 Credit Hours**
- AMH 5077 - Colloquium in Twentieth Century Tourism **3 Credit Hours**
- AMH 6429 - Seminar in Community and Local History **3 Credit Hours**
- AMH 6939 - Seminar in U.S. History **3 Credit Hours**
- HIS 5067 - Introduction to Public History **3 Credit Hours**
- HIS 5083 - Cultural Heritage Management **3 Credit Hours**
- HIS 5925 - History in the Digital Age **3 Credit Hours**
- HIS 6096 - Seminar in Historic Preservation **3 Credit Hours**
- HIS 6165 - Digital Tools for Historians **3 Credit Hours**
- HIS 6167 - Spatial History **3 Credit Hours**
- HIS 5088 - Readings in Curation and Public History **3 Credit Hours**

- HIS 6094 - Seminar in Curation and New Media **3 Credit Hours**
- LAH 5920 - Colloquium in Latin American History **3 Credit Hours**
- HIS 5926 - Colloquium: History of Women and Gender **3 Credit Hours**
- HIS 6592 - Seminar in Oral History **3 Credit Hours**

Elective Courses: 6 Credit Hours

Students will choose history courses outside their area of specialization.

- Electives **6 credit hours**

Thesis: 6 Credit Hours

The culminating event of the program is a minimum of six credit hours at the 6000-level developing and sustaining a historical argument in writing according to the accepted professional and ethical standards of the discipline.

- HIS 6971 - Thesis **6 credit hours minimum**

Thesis Defense

The final step in completing the thesis requirement is a one-hour oral defense before the thesis committee.

Comprehensive Examinations

Each candidate for the Master of Arts in History must pass written examinations in two fields upon conclusion of regular course work and before beginning a thesis. These examinations must be taken and passed as part of the requirements for the capstone course. Students are provided two attempts at successfully passing the examinations. Each student will also submit a thesis prospectus and preliminary bibliography, which the three members of the student's thesis committee judge acceptable as the preliminary step to beginning the thesis. An oral defense of the written exams and the thesis prospectus and bibliography is also a requirement of the capstone course.

Foreign Language

Students will also be expected to demonstrate a reading competency in one foreign language translation examination. The foreign language examination (FLE) must be completed one semester prior to the thesis defense. For detailed information on the History Foreign Language Exam requirement and process, please see the department's MA program guidebook.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in History (or an equivalent).
- A 3.25 GPA in all upper-division history courses taken as an undergraduate student.

- A Statement of Purpose (maximum of two pages) describing personal goals and objectives in seeking a graduate degree in history.
- Three letters of recommendation from former professors who can address the applicant's ability to undertake graduate-level history courses.
- A substantial academic writing sample between 2000 and 5000 words illustrating the applicant's ability to engage in historical research and analysis. Acceptable writing samples may include a chapter from an honors thesis, a conference paper, or a term paper.
- A computer-based score of 233 (or 91 internet-based score) on the Test of English as a Foreign language (TOEFL) if an applicant is from a country where English is not the official language, or if an applicant's degree is not from an accredited U.S. institution, or if an applicant did not earn a degree in a country where English is the only official language or a university where English is the only official language of instruction. Although we prefer the TOEFL, we will accept IELTS scores of 7.0.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Applicants who hold an undergraduate degree in History but do not have a GPA of 3.0 in all work attempted while registered as an undergraduate student, or while registered as an upper-division undergraduate student (normally based on the last sixty attempted semester hours), or a 3.25 GPA in their upper-division history courses may take up to 9 hours of graduate courses as non-degree-seeking students. To be admitted into the graduate program, however, they must earn a 3.3 GPA or higher in the graduate-level history courses they take under this status.

Generally, applicants who meet all of the above requirements but do not have an undergraduate degree in History must complete 12 hours of history course work at the 3000 and 4000 level, with a 3.25 GPA in these courses, before entering the graduate program. These courses will not count toward the graduate degree. The History Department Graduate Committee can waive this requirement, in whole or in part, when applicants present evidence that they are capable of successfully completing graduate history courses.

If, in addition, applicants do not meet one of the other requirements for entry, such as a GPA of 3.0 in all work attempted while registered as an undergraduate student, or while registered as an upper-division undergraduate student (normally based on the last sixty attempted semester hours), they must complete 12 hours of course work at the 3000 and 4000 level with GPA of 3.5 before they can be admitted to the graduate program.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Application Deadlines

History MA	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jun 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

History MA, Accelerated Graduate Program Track

College: Arts and Humanities	Degree: MA
Department: History	Option: Thesis
Program Websites: http://history.cah.ucf.edu/academics/graduate-programs/	
Graduate Program Handbook	

Track Description

The Accelerated Undergraduate/Graduate track in the History MA program allows highly qualified undergraduate majors in history to begin taking graduate-level courses that will count toward their master's degree while completing their baccalaureate program.

Participation will enable completion of the Bachelor of Arts and Master of Arts degrees in five instead of six years for students enrolled in full-time course work.

Curriculum

The Public History track requires a minimum of 36 credit hours beyond the bachelor's degree, including 9 credit hours of required core courses, 15 credit hours in the public history area of concentration, and; 6 credit hours of elective courses taken outside of the area of concentration. All students must pass a foreign language translation examination, pass a capstone written examination in two fields, and successfully complete and defend their thesis or project. No graduate credit is given for any grade lower than "B-."

Students have the option to take up to two (2) graduate courses (6 hours) in another UCF department/program at the discretion of the History MA Graduate Director. Students must meet in person with the Graduate Director prior to enrollment in the proposed course, with written information about the course and justification, before approval will be granted. Any course outside the history program will replace the student's independent study option. Only two (2)

courses from any graduate certificate program (i.e. GIS, Women's Studies) can be counted toward the History MA degree.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Additional Notes on the Accelerated Undergraduate and Graduate Program in History

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must earn at least a "B-" in each undergraduate and graduate history course for them to be counted toward the major.
- Students must compile a portfolio of their written work in history (completed inside and outside the classroom).
- Students admitted to the combined bachelor's/master's program may take one 5000-level course the first semester of their senior year.
- After successfully completing one 5000-level course, students will be eligible to take HIS 6159 - Historiography and another 5000-level course or the 6000-level seminar following the 5000-level colloquium they have already completed.
- Students may substitute these 9 hours of graduate-level work for 9 hours of 3000- or 4000-level undergraduate work
- Students need to pay fees at the graduate rate for the graduate courses they take.

Schedule for Students Enrolled Full-time

- Students complete 9 hours of graduate-level courses in their senior year.
- Students enroll in at least 3 credit hours of graduate-level courses the summer after they receive their bachelor's degree.
- Students enroll in 9 hours of graduate-level courses in both spring and fall semesters during their master's program.
- Students complete the Capstone course, pass their preliminary exams, and fulfill their foreign language requirement by the end of their first year in the master's program.
- Students complete and defend a master's thesis in 6 hours.

Undergraduate Requirements

Please see the current edition of the Undergraduate Catalog.

Graduate Requirements

The History MA program requires a minimum of 36 credit hours beyond the bachelor's degree, including 12 credit hours of required courses, 18 credit hours in an area of concentration, and six credit hours of electives outside of the area of concentration. Students must pass a foreign language competency test, pass a written examination in two fields, and successfully complete and defend their thesis. No graduate credit is given for any grade lower than "B- ."

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

The accelerated undergraduate/graduate program in history allows highly qualified undergraduate majors in history to begin taking graduate-level courses that will count toward their master's degree while completing their baccalaureate degree program. Students apply for admission to the combined undergraduate and graduate program toward the end of their junior year or after 12 hours of upper-level history course work.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A 3.5 GPA or higher in history courses.
- An essay indicating reasons for wishing to complete the combined bachelor's/master's program.
- Three letters of recommendation from the History Department faculty.
- A computer-based score of 233 (or 91 internet-based score) on the Test of English as a Foreign language (TOEFL) if an applicant is from a country where English is not the official language, or if an applicant's degree is not from an accredited U.S. institution, or if an applicant did not earn a degree in a country where English is the only official language or a university where English is the only official language of instruction. Although we prefer the TOEFL, we will accept IELTS scores of 7.0.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Students will be formally admitted to the master's program following receipt of the bachelor's degree.

History MA, Public History Track

College: Arts and Humanities	Degree: MA
Department: History	Option: Thesis
Program Websites: http://history.cah.ucf.edu/academics/graduate-programs/	
Graduate Program Handbook	

History MA

The Master of Arts in History is designed to serve the needs of a variety of students, including those who plan to pursue a PhD, those wishing to improve their proficiency as secondary school teachers, and those who seek to enrich their intellectual lives. In addition to the General MA program, Public History and Accelerated Undergraduate to Graduate tracks are offered.

Track Description

The Public History Track in the History MA program is designed to teach students how to preserve and interpret history while engaging a broad variety of audiences. Students who wish to pursue careers in community and local history, digital history, historic site preservation and administration, museum studies, oral history, heritage tourism, or a variety of other careers that employ applied research will find this degree valuable and rewarding.

Courses in the Public History Track allow students to learn the theories, methods, and technical skills historians use as they put history to work in the world. They build on the foundation of reading colloquia and research seminars that are firmly located in time and space to explicitly focus on the practice of history.

Curriculum

The Public History track requires a minimum of 36 credit hours beyond the bachelor's degree, including 9 credit hours of required core courses, 15 credit hours in the public history area of concentration, and; 6 credit hours of elective courses taken outside of the area of concentration. All students must pass a foreign language translation examination, pass a capstone written examination in two fields, and successfully complete and defend their thesis or project. No graduate credit is given for any grade lower than "B-."

Students have the option to take up to two (2) graduate courses (6 hours) in another UCF department/program at the discretion of the History MA Graduate Director. Students must meet in person with the Graduate Director prior to enrollment in the proposed course, with written information about the course and justification, before approval will be granted. Any course outside the history program will replace the student's independent study option. Only two (2)

courses from any graduate certificate program (i.e. GIS, Women's Studies) can be counted toward the History MA degree.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—24 Credit Hours

Core—9 Credit Hours

- HIS 5067 - Introduction to Public History **3 Credit Hours**
- HIS 6159 - Historiography **3 Credit Hours**
- HIS 6905 - History Capstone Class **3 Credit Hours**

Specialization—15 Credit Hours

Students must take 9 credit hours of Public History courses or internships from the following:

- AMH 6346 - Seminar in the History of American Automobility **3 Credit Hours**
- AMH 6429 - Seminar in Community and Local History **3 Credit Hours**
- HIS 6592 - Seminar in Oral History **3 Credit Hours**
- HIS 5083 - Cultural Heritage Management **3 Credit Hours**
- HIS 5925 - History in the Digital Age **3 Credit Hours**
- HIS 6096 - Seminar in Historic Preservation **3 Credit Hours**
- HIS 6165 - Digital Tools for Historians **3 Credit Hours**
- HIS 5088 - Readings in Curation and Public History **3 Credit Hours**
- HIS 6094 - Seminar in Curation and New Media **3 Credit Hours**
- HIS 6167 - Spatial History **3 Credit Hours**
- HIS 6942 - Internship **3 Credit Hours**

Western Hemisphere Courses: Caribbean, North American, or South American

In addition, students must take 6 credit hours from the following Western Hemisphere courses:

- AMH 5116 - Colloquium in Early American History **3 Credit Hours**
- AMH 5169 - Colloquium in the American Early Republic **3 Credit Hours**
- AMH 5176 - Colloquium in Civil War and Reconstruction **3 Credit Hours**
- AMH 5296 - Colloquium in 20th Century U.S. **3 Credit Hours**
- AMH 5378 - History of Technology **3 Credit Hours**
- AMH 5391 - Colloquium in U.S. Cultural History **3 Credit Hours**
- AMH 5406 - Colloquium in American South **3 Credit Hours**
- AMH 5077 - Colloquium in Twentieth Century Tourism **3 Credit Hours**
- AMH 6346 - Seminar in the History of American Automobility **3 Credit Hours**
- HIS 5926 - Colloquium: History of Women and Gender **3 Credit Hours**
- AMH 5636 - Colloquium in US Environmental History **3 Credit Hours**
- AMH 5925 - Colloquium in US Military History **3 Credit Hours**
- AMH 6939 - Seminar in U.S. History **3 Credit Hours**
- LAH 5920 - Colloquium in Latin American History **3 Credit Hours**

Elective Courses—6 Credit Hours

Students choose 6 hours of electives in the Eastern Hemisphere field, from the following:

Eastern Hemisphere Courses: African, Asian and Middle Eastern, or European

- AFH 5259 - Colloquium in African History **3 Credit Hours**
- AFH 5806 - The Historiography of Slavery in Africa **3 Credit Hours**
- ASH 5229 - History of the Middle East **3 Credit Hours**
- ASH 5408 - Colloquium in Modern China **3 Credit Hours**
- ASH 5485 - U.S. China Relations **3 Credit Hours**
- ASH 5925 - Colloquium in South Asian History **3 Credit Hours**
- ASH 6936 - Seminar in US-China Relations **3 Credit Hours**
- EUH 5419 - Colloquium in Roman History **3 Credit Hours**
- EUH 5459 - Colloquium in French History **3 Credit Hours**
- EUH 5546 - Colloquium: British History **3 Credit Hours**
- EUH 5579 - Colloquium in Soviet Russia **3 Credit Hours**
- EUH 5905 - European Imperialism **3 Credit Hours**
- EUH 5925 - Colloquium in Medieval Europe **3 Credit Hours**
- EUH 5208 - Colloquium in Early Modern History **3 Credit Hours**
- EUH 6939 - Seminar in European History **3 Credit Hours**

Thesis—6 Credit Hours

- HIS 6971 Thesis **6 credit hours minimum**

The culminating event of the program is a minimum of six credit hours at the 6000-level developing and sustaining a historical argument in writing according to the accepted professional and ethical standards of the discipline.

Thesis or Project Defense

The final step in completing the thesis requirement is a one-hour oral defense before the thesis committee.

Comprehensive Examination

Each candidate for the Master of Arts in History must pass written examinations in two fields upon conclusion of regular course work and before beginning a thesis. These examinations must be taken and passed as part of the requirements for the capstone course. Students are provided two attempts at successfully passing the examinations. Each student will also submit a thesis prospectus and preliminary bibliography, which the three members of the student's thesis committee judge acceptable as the preliminary step to beginning the thesis. An oral defense of the written exams and the thesis prospectus and bibliography is also a requirement of the capstone course.

Foreign Language Competency

Students will also be expected to demonstrate reading competency in a foreign language translation examination. The foreign language examination (FLE) must be completed one semester prior to the thesis defense. For detailed information on the History Foreign Language Exam requirement and process, please see the department's MA program guidebook.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants must provide:

- One official transcript from each college/university attended.
- A bachelor's degree in History (or an equivalent).
- A 3.25 GPA in all upper-division history courses taken as an undergraduate student.
- A Statement of Purpose (maximum of two pages) describing personal goals and objectives in seeking a graduate degree in history.
- Three letters of recommendation from former professors who can address the applicant's ability to undertake graduate-level history courses.
- A substantial academic writing sample between 2000 and 5000 words illustrating the applicant's ability to engage in historical research and analysis. Acceptable writing samples may include a chapter from an honors thesis, a conference paper, or a term paper.
- A computer-based score of 233 (or 91 internet-based score) on the Test of English as a Foreign language (TOEFL) if an applicant is from a country where English is not the official language, or if an applicant's degree is not from an accredited U.S. institution, or if an applicant did not earn a degree in a country where English is the only official language or a university where English is the only official language of instruction. Although we prefer the TOEFL, we will accept IELTS scores of 7.0.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Applicants who hold an undergraduate degree in History but do not have a GPA of 3.0 in all work attempted while registered as an undergraduate student, or while registered as an upper-division undergraduate student (normally based on the last sixty attempted semester hours), or a 3.25 GPA in their upper-division history courses may take up to 9 hours of graduate courses as non-degree-seeking students. Hospitality and Tourism Management MS ►

College: Hospitality Management	Degree: MS
Program Websites: http://www.hospitality.ucf.edu/	Option: Thesis, Nonthesis
Graduate Program Handbook	

Program Description

The Master of Science in Hospitality and Tourism Management enables students to build on their strengths and interests, broadens their knowledge of the industry, sharpens their management skills, and incorporates their

professional and extracurricular experiences. The Rosen College of Hospitality Management candidates are especially attractive hires for hospitality and tourism organizations around the globe.

The typical Hospitality and Tourism Management MS candidate:

- Is a professional working in a position related to hospitality, tourism, or events.
- Holds an undergraduate degree in hospitality, business management, or a related discipline.
- Understands that advanced educational training is required to be competitive in the thriving hospitality, tourism, and event industry.

The program offers thesis and non-thesis options. The thesis option is intended for students who are interested in the scientific study of the various aspects of the hospitality and tourism industry and who may anticipate pursuing a doctoral degree or a professional research position. The non-thesis option is intended for students who anticipate a managerial and leadership position in the hospitality and tourism industry. The emphasis of the non-thesis option is on coursework, practical experience, and real-world insight.

The Rosen College of Hospitality Management aims to provide students with an outstanding graduate hospitality management educational experience and serve other stakeholders with continuing education, research, and service. The College is committed to UCF goals by providing intellectual leadership through quality hospitality education, international prominence by means of educational and research programs, promotion of a global perspective, nurturing inclusiveness and diversity, and partnerships with local, national, and international hospitality and tourism constituencies.

Please note: Hospitality and Tourism Management (MS) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Program Tracks

- Hospitality and Tourism Management MS, MD Track

The MD Track is designed to accommodate UCF medical students who wish to pursue a Hospitality and Tourism MS concurrently while pursuing their medical degree.

Curriculum

The Hospitality and Tourism Management MS program requires a minimum of 33 credit hours for students who choose the thesis option or non-thesis option. For both options, 18 credit hours are required core courses. Students in the thesis option must also take nine credit hours of a restricted elective and six credit hours of thesis work. Students in the non-thesis option must take 15 credit hours of electives. You can complete your degree either fully online, face-to-face, or customize it through a mix of both to fit your schedule and budget, although the thesis option is not available to students who study fully-online.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

Candidates for the MS degree are constantly challenged with numerous requirements to engage in independent learning throughout the program of study through special projects and papers. For example, the capstone course (i.e., the last

one that you complete prior to graduation), HMG 6296 - Hospitality/Tourism Strategic Issues requires a critical strategic audit project and a reflective paper. The project demonstrates a range of cross-discipline knowledge and analytical skills to perform an executive-level analysis of an enterprise. The reflective paper has guiding questions that are subjective in nature. Successful completion requires a thorough, insightful, and well-articulated document that describes the learner's value proposition to industry and society.

Required Courses: 18 Credit Hours

- HMG 6228 - Critical Issues in Hospitality Human Resources **3 Credit Hours**
- HMG 6245 - Managing Hospitality and Guest Services Organizations **3 Credit Hours**
- HMG 6477 - Financial Analysis of Hospitality Enterprises **3 Credit Hours**
- HMG 6585 - Data Analysis in Hospitality and Tourism Research **3 Credit Hours**
- HMG 6596 - Strategic Marketing in Hospitality and Tourism **3 Credit Hours**
- HMG 6296 - Hospitality/Tourism Strategic Issues **3 Credit Hours** (Capstone course)

Thesis Option: 15 Credit Hours

An appropriate culminating academic experience is required of all master's degree candidates. For those students in the thesis option, a thesis defense is required. Thesis defenses will be approved by a majority vote of the thesis advisory committee. Further approval is required by the Dean of the Rosen College of Hospitality Management and the UCF College of Graduate Studies before final acceptance of the thesis in fulfilling degree requirements.

- HMG 6586 - Research Methods in Hospitality and Tourism **3 Credit Hours**
- HMG 6971 Thesis **6 Credit Hours** (research for thesis option only)
- Electives chosen from the list below **6 Credit Hours**

Nonthesis Option: 15 Credit Hours

An appropriate culminating academic experience is required of all master's degree candidates. For students in the non-thesis option, an appropriate culminating academic experience is the successful completion of HMG 6296 - Hospitality/Tourism Strategic Issues, a required course in the curriculum that is designated as a capstone course. This capstone course acquaints students with the principles of strategic decision-making in various sectors of the tourism and hospitality industry. Students are required to apply skills, knowledge, and understanding in order to identify areas of concern encountered by managers responsible for formulating and implementing operational strategies.

- Electives chosen from the list below **15 Credit Hours**

Elective Courses

A maximum of three credit hours of restricted elective may be taken as an independent study.

- FSS 6365 - Management of Food Service Operations **3 Credit Hours**
- HMG 6227 - Advanced Training and Development in the Hospitality Industry **3 Credit Hours**
- HMG 6251 - The Management of Lodging Operations **3 Credit Hours**
- HMG 6267 - Case Studies in Restaurant Management **3 Credit Hours**
- HMG 6291 - Hospitality Entrepreneurship: Concept Creation to Capitalization **3 Credit Hours**
- HMG 6347 - Contemporary Issues in the Resort Industry **3 Credit Hours**
- HMG 6446 - Hospitality/Tourism Information Technology **3 Credit Hours**
- HMG 6466 - Applied Revenue Management Techniques in Hospitality **3 Credit Hours**

- HMG 6476 - Feasibility Studies for the Hospitality/Tourism Enterprises **3 Credit Hours**
- HMG 6528 - Convention and Conference Sales and Services **3 Credit Hours**
- HMG 6529 - Contemporary Issues in Resort Sales Management **3 Credit Hours**
- HMG 6533 - Hospitality/Tourism Industry Brand Management **3 Credit Hours**
- HMG 6556 - Digital Marketing and Big Data Management for Hospitality and Tourism **3 Credit Hours**
- HMG 6565 - Social Media in Hospitality and Tourism **3 Credit Hours**
- HMG 6566 - Principles of Destination Marketing and Management **3 Credit Hours**
- HMG 6586 - Research Methods in Hospitality and Tourism **3 Credit Hours**
- HMG 6710 - International Tourism Management **3 Credit Hours**
- HMG 6738 - Tourism Industry Analysis **3 Credit Hours**
- HMG 6756 - Mega-Events **3 Credit Hours**
- HMG 6797 - Event Administration **3 Credit Hours**

Independent Learning

Candidates for the MS degree are constantly challenged with numerous requirements to engage in independent learning during the program of study through special projects and papers. For students in the non-thesis option, an appropriate culminating academic experience is the successful completion of HMG 6296 - Hospitality/Tourism Strategic Issues, a required course in the curriculum that is designated as a capstone course. HMG 6296 should be taken during the final term of study, and enrollment is based on approval. This capstone course acquaints students with the principles of strategic decision-making in various sectors of the tourism and hospitality industry. Students are required to apply skills, knowledge, and understanding in order to identify areas of concern encountered by managers responsible for formulating and implementing operational strategies.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Admission is restricted each semester to individuals showing high promise of success in postgraduate studies. In addition to the requirements noted below, other indicators of promise include the applicant's extracurricular activities, work experience, job responsibilities, and leadership experience, which will be considered in making admissions decisions.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Goal statement (this is your opportunity to outline in 500 words why you wish to join the program, what you think you will contribute to the program, and how you feel the program will enhance you both personally and professionally)
- Résumé.
- Three letters of recommendation.
- The GRE/GMAT is not required, however, the Admissions Committee may ask for the GRE/GMAT to strengthen a candidate's application package.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Prerequisites

For students with undergraduate majors in Hospitality Management or Business Administration, there will be no undergraduate course prerequisites, provided they have successfully completed an undergraduate course in statistics or applied quantitative analysis with a grade of "C" or higher.

For industry professionals with an undergraduate degree in a discipline other than Hospitality Management or Business Administration, the following two undergraduate courses "may" be required to be completed with a grade of "B" or higher within the first year of course work in the program (decisions are made at the discretion of the Graduate Recruitment Team).

- STA 2014 - Principles of Statistics or STA 2023 Statistical Methods or
- HFT 3930 - Applied Quantitative Analysis for the Hospitality and Tourism Industry

Students would also have to have successfully completed an undergraduate course in statistics or applied quantitative analysis with a grade of "C" or higher within the first year of course work in the program. The following undergraduate courses "may" be required to be completed with a grade of "B" or higher within the first year of course work in the program (decisions are made at the discretion of the Graduate Recruitment Team).

- STA 2401 or Stat 2023 Principles of Statistics or
- HFT 3930 Applied Quantitative Analysis for the Hospitality and Tourism Industry

Application Deadlines

Hospitality and Tourism Management MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Hospitality and Tourism Management MS, MD Track

College: Hospitality Management	Degree: MS
Program Websites: http://www.hospitality.ucf.edu/	Option: Nonthesis
Graduate Program Handbook	

Track Description

The Master of Science in Hospitality and Tourism Management enables students to build on their strengths and interests; broadens their knowledge of the industry; sharpens their management skills; and incorporates their professional and extracurricular experiences.

The MD Track is designed to accommodate UCF medical students who wish to pursue a Hospitality and Tourism MS concurrently while pursuing their medical degree. Students enrolled in the MD track will witness and experience adaptable elements to effect a cultural change in the practice of medicine vis-a-vis the concept of hospitality and service-oriented business models.

Curriculum

The Hospitality and Tourism Management MS program requires a minimum of 33 credit hours for students who choose the MD track. This restricted admission MD track has 18 credit hours of required core courses and a minimum of 15 credit hours of restricted electives.

Candidates for the MS degree are constantly challenged with numerous requirements to engage in independent learning during the program of study through special projects and papers. For example, the capstone course (i.e., the last one that you complete prior to graduation), HMG 6296 - Hospitality/Tourism Strategic Issues, requires a critical strategic audit project and a reflective paper. The project demonstrates a range of cross-discipline knowledge and analytical skills to perform an executive-level analysis of an enterprise. The reflective paper has guiding questions that are subjective in nature and successful completion requires a thorough, insightful, and well-articulated document that describes the learner's value proposition to industry and society.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 18 Credit Hours

- HMG 6228 - Critical Issues in Hospitality Human Resources **3 Credit Hours**
- HMG 6245 - Managing Hospitality and Guest Services Organizations **3 Credit Hours**

Industrial and Organizational Psychology MS

College: Sciences	Degree: MS
Department: Psychology	Option: Thesis, Nonthesis
Program Websites: http://sciences.ucf.edu/psychology/graduate/ms-io/	
Graduate Program Handbook	

Program Description

The Master of Science in Industrial and Organizational Psychology program focuses on the application of psychological principles to organizations and emphasizes the major areas of selection and training of employees, applied theories of organizational behavior including models of motivation, job satisfaction, and productivity; test theory and construction; assessment center technology; statistics and experimental design and a variety of current topics. Industrial and Organizational Psychology graduates are involved in many issues of critical importance to society including fairness in the selection and treatment of employees, the creation of work environments that maximize the satisfaction and productivity of employees, and the study of technological influences on human performance.

Curriculum

The MS degree program in Industrial and Organizational Psychology is a four-semester program for full-time students. Both thesis and nonthesis options are offered and both consist of a minimum of 38 semester hours of work.

The MS degree is conferred when students have fulfilled the requirements of either the thesis or nonthesis option. No graduate credit will be given for any grade lower than a B- (2.75), but the grade will be counted toward the GPA. Courses may be retaken to achieve a better grade; however, the unsatisfactory grade will remain on the transcript since there is no grade forgiveness at the graduate level. In order to stay in good academic standing, students must maintain a minimum Graduate Status GPA of 3.0 in all coursework taken since entering graduate status and a 3.0 in their program of study.

Total Credit Hours Required: 38 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 26 Credit Hours

- INP 6005 - Overview of Research in Industrial and Organizational Psychology **3 Credit Hours**
- INP 6058 - Job Analysis and Performance Appraisal **3 Credit Hours**
- INP 6080 - Ethical, Legal, and Professional Issues in Industrial and Organizational Psychology **3 Credit Hours**
- INP 6317 - Work Motivation and Job Attitudes **3 Credit Hours**
- INP 6318 - Recruitment, Placement and Selection **3 Credit Hours**
- PSY 6216C - Research Methodology **4 Credit Hours**
- PSY 6308C - Psychological Testing **4 Credit Hours**
- INP 6072 - Survey Research Methods and Program Evaluation in Indust. and Org. Psychology **3 Credit Hours**

Electives: Take two of the following (6 Credit Hours)

- INP 6215 - Assessment Centers and Leadership **3 Credit Hours**
- INP 6605 - Training and Team Performance **3 Credit Hours**
- SOP 5059 - Advanced Social Psychology **3 Credit Hours**

Thesis Option: 6 Credit Hours

- INP 6971 **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

Restricted Electives: 6 Credit Hours

Students will consult with their adviser to choose two of the three courses from the following list.

- INP 6933 - Seminar in Industrial and Organizational Psychology **3 Credit Hours**
- INP 6945C - Industrial Psychology Practicum **3 Credit Hours**
- INP 6091 - Industrial and Organizational Psychology Consulting Practice **3 Credit Hours**

Professional Requirement

Students electing the nonthesis option are required to produce a professional LinkedIn profile to showcase both their research and applied project work. A minimum of 3 applied projects must be included and can be generated from work completed in the Practicum, Consulting Practice, Seminar, or other applied practice classes (e.g., Assessment Centers and Leadership). Students are expected to document work from settings in private industry, federal, state, or local government, educational institutions, or consulting firms. The LinkedIn profile will be evaluated jointly by the faculty adviser and the program director.

Independent Learning

Students electing the non-thesis option are required to materially participate in the conduct of applied research. Students have 2 options: (1) participate in UCF Performance Solutions projects or (2) work one-on-one or in a group with a faculty member on a research project.

The first option is to participate in applied research and consulting activities through UCF Performance Solutions (<http://psychology.cos.ucf.edu/performancesolutions/>), under the supervision of the faculty member leading the project(s) and/or the director of Performance Solutions. Students will be expected to contribute meaningfully to their work on infrastructure teams and their work on paid projects, if applicable. Example activities students may perform include conducting literature reviews, writing white papers, data collection and analysis, preparing proposals for prospective clients, presenting results, and assisting with marketing and business development activities for Performance Solutions. The aim of these activities is to facilitate development of the top 10 competencies for "individual contributor" suggested by Zelin et al. (2015) and published by the Society for Industrial and Organizational Psychology (Division 14 of the American Psychological Association) important for the application of research to the practice of I/O psychology. Students must comply with the progress system determined by the director of Performance Solutions, which may include self-reported progress towards individual and team goals using work diaries. These and other tracking methods the director requests, such as faculty evaluations for paid projects, must be submitted to the director of Performance Solutions before finals week. Students will receive feedback on their progress from the director of Performance Solutions at the end of each semester. Only students who have been determined to make meaningful contributions to their infrastructure teams and paid client projects will pass the research requirement.

Students who elect to work one-on-one or in a group under the supervision of a faculty adviser will conduct library research, collect and analyze data, and prepare of a research report of sufficient quality to submit for publication or presentation at a professional conference. Students must provide their manuscript and documentation of submission to a journal, conference, or book editor via Webcourses@UCF. Students must also receive approval of the work from their adviser and the Program Director.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended
- Official, competitive GRE score taken within the last five years
- A bachelor's degree with a major in psychology or allied area, or a baccalaureate degree with the completion of undergraduate courses in statistics and research methods, and preference of four additional upper-division psychology courses (12 credit hours)
- Résumé
- A 1-2 page Goal Statement that includes the applicant's reasons for choosing I/O as a career, reasons for choosing this UCF program specifically, and any relevant knowledge, skills, abilities and other experiences the applicant has that might make him/her a good I/O student, practitioner, and/or researcher
- Three letters of recommendation, preferably with at least two furnished by college or university professors who are acquainted with the applicant

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Acceptance decisions are made only in the spring semester for admission in the fall of each year.

Application Deadlines

Industrial and Organizational Psychology MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Feb 1		
International Applicants	Jan 15	Jan 15		
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. Industrial Engineering MS ►

College: Engineering and Computer Science	Degree: MS
Department: Industrial Engineering and Management Systems	Option: Thesis, Nonthesis
Program Websites: http://www.iems.ucf.edu/	
Graduate Program Handbook	

Program Description

The Master of Science programs in Industrial Engineering are designed to produce highly skilled graduates who are prepared to be industrial engineers, engineering managers or technical professionals, or leaders for the global economy, as well as preparing them for further graduate work or independent research.

Industrial Engineering, in its broad nature, focuses on the design and improvement of systems, products, and processes. A total systems approach is used to optimize the various aspects of operations in both manufacturing and service industries. Industrial engineers use many analytical approaches to improve productivity, safety, and quality of working life while reducing operating costs.

The Industrial Engineering programs are structured to support the emergence of Central Florida as a national center of high technology as well as supporting the diverse service industries in the region and throughout the nation.

In the Industrial Engineering MS programs, students are able to individually craft their programs of study and select their courses to focus on one or more of the following research areas.

Human Systems Engineering/Ergonomics

As technology has become more sophisticated, the need to design for the human user has become more difficult, yet even more important. Human engineering and ergonomics assist in ensuring that as technology advances, the abilities, limitations, and needs of humans are considered in the system design. This not only supports the needs of the user, it also optimizes the efficiency and usability of the system designed. Traditionally, ergonomics has been associated with biomechanical issues and work measurement and performance issues in physical system design, as well as occupational and industrial safety. The broader focus of human engineering encompasses those issues as well as incorporating the reaction and effectiveness of human interaction with systems, both physical systems and virtual systems such as computer-based models.

Research in the Human Systems Engineering and Ergonomics area provides students with the necessary knowledge in human engineering and ergonomics to effectively design tasks, industrial systems, and work environments that maximize human performance, safety, and overall productivity.

Interactive Simulation and Training Systems

The Interactive Simulation and Training Systems research within the Industrial Engineering MS program focuses on providing a fundamental understanding of significant topics relative to simulation systems and the requirements, design, development, and use of such systems for knowledge transfer in the technical environment. Courses in this area address the evolving and multiple discipline application of interactive simulation by providing a wealth of electives to support the development of individual student interests and talents. In conjunction with UCF's Institute for Simulation and Training, industrial organizations involved in simulation in the Central Florida region, military organizations, and other governmental organizations, ISTS research in the MS program provides exposure to both military and commercial interactive simulation and training systems.

The emphasis is on the application and development of interactive simulation and training systems to meet various requirements including, but not limited to: simulators, skill trainers, organizational learning systems, computer and web-based interactive simulation systems and other novel interactive simulation efforts. Courses in the interactive simulation and training systems area prepare individuals with an undergraduate degree in engineering, science, education, psychology, mathematics or other related disciplines for careers in simulation, focusing particularly on the interactive simulation and training systems industries.

Operations Research

The Operations Research courses in the Industrial Engineering MS program uses mathematics and computer-based systems to model operational processes and decisions in order to develop and evaluate alternatives that will lead to gains in efficiency and effectiveness. Drawing on probability, statistics, simulation, optimization, and stochastic processes, Operations Research provides many of the analytic tools used by industrial engineers as well as by other analysts to improve processes, decision-making, and management by individuals and organizations. Research in this area is ideal for students who have an undergraduate degree in engineering, mathematics, or science. The knowledge in these courses builds on an undergraduate Engineering, Mathematics, or Science degree to develop a strong modeling and analytical capability to improve processes and decision-making.

Quality Systems Engineering

The Quality Systems Engineering research in the Industrial Engineering MS program focuses on providing the knowledge for improving product and process quality in manufacturing and service industries. Quality Systems Engineering provides both the quantitative tools for measuring quality and the managerial focus and organizational insight required to implement effective continuous improvement programs and incorporate the voice of the customer. The Quality Systems Engineering courses build on an undergraduate degree in industrial engineering or a closely related discipline to provide the necessary knowledge to plan, control, and improve the product assurance function in government, military, service, or manufacturing organizations.

Simulation Modeling and Analysis

The Simulation Modeling and Analysis research and studies in the Industrial Engineering MS program focus on providing a fundamental understanding of the functional and technical design requirements for simulation in manufacturing and service industries. Research in this area is based on a systems modeling paradigm and provides coding and development capability in the context of a broader systems framework. Significant exposure to design and analysis aspects is a core element of the track. The Simulation Modeling and Analysis research and coursework prepare individuals with an undergraduate degree in Engineering, Science, Mathematics, or a closely related discipline for careers in simulation, focusing particularly on using simulation as an analysis and design tool for the manufacturing and service industries.

Systems Engineering

Intelligence is being infused into everyday systems, processes and infrastructure that enable physical goods to be developed, manufactured, bought and sold. These same systems also facilitate the movement and delivery of global products and services that support worldwide markets such as finance, energy resources, and healthcare systems.

With these technological advancements, comes a new level of complexity as organizations struggle to integrate systems, processes and data feeds. As a result, the demand for systems engineering and related skills is expected to grow significantly.

Systems engineers design and implement computer systems, software, and networks, including defining complex system requirements, and determining system specifications, processes and working parameters.

The Systems Engineering studies and research in the Industrial Engineering MS program are intended for individuals of all engineering disciplines. Research and coursework focus on a systems view of engineering problems related to the management of complex industrial, military, government, and social systems.

Please note: Industrial Engineering (MS) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Industrial-Engineering-MS.pdf>.

Program Tracks

- Industrial Engineering MS, Accelerated BS to MS Track
- Industrial Engineering MS, Healthcare Systems Engineering Track ►

Curriculum

This program can be taken entirely through the Center for Online and Virtual Education (COVE), which provides video-streamed versions of classes over the Internet. More information about this program can be found at <http://www.cecs.ucf.edu/COVE/> or (407) 823-3814.

The Industrial Engineering MS program offers both thesis and nonthesis options with each requiring 30 credit hours of courses. The program is flexible to enable students to model their plan of study to suit their needs and future work or career goals. All students must develop a plan of study with the graduate program director that meets with departmental approval. At least one-half of the courses (including thesis hours) required in the master's program of study must be at the 6000 level or higher. A cumulative grade-point average of B (3.0) must be maintained in the entire program of study.

Students on assistantships must take 9 credit hours per semester (Fall, Spring) to satisfy the university's requirement for full-time status. Most students working full time take 6 credit hours per semester. At that rate, the program can be completed in 6 semesters or less. However, students with more time available and with an early start on a thesis, if applicable, can finish the program in 3 semesters.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

The Industrial Engineering MS program requires an undergraduate degree in engineering, mathematics, computer science, statistics, physics, quantitative management or similar field.

Outstanding students with degrees in other disciplines such as business, economics or computer/information sciences may also be considered on a case-by-case basis, provided they have significant work experience and/or very high academic standing.

Regardless of the undergraduate degree, all applicants must have completed the following prerequisites:

- Mathematics through Calculus II (MAC 2312 or equivalent)
- An undergraduate course in engineering probability and statistics.
- In addition, they are expected to be familiar with at least one programming language (such as C, FORTRAN, Java, Visual BASIC, C++, etc.) and common computer skills and tools such as word processors and spreadsheets.

Required Courses: 12 Credit Hours

- ESI 5219 - Engineering Statistics **3 Credit Hours**
- EIN 5140 - Project Engineering **3 Credit Hours**
- EIN 6357 - Advanced Engineering Economic Analysis **3 Credit Hours**
- ESI 6551 - Systems Engineering **3 Credit Hours**

Elective Courses: 12 Credit Hours

All students, both thesis and nonthesis, must take 12 credit hours of electives after consultation with their adviser.

Thesis Option: 6 Credit Hours

The thesis option requires 6 credit hours of thesis. Thesis students must complete an independent research study and write and successfully defend a thesis according to program guidelines.

The College of Engineering and Computer Science requires that all thesis defense announcements are approved by the student's adviser and posted on the college's website (<http://www.cecs.ucf.edu/graddefense/>) and on the College of Graduate Studies Events Calendar at least two weeks before the defense date.

- EIN 6971 Thesis **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

The nonthesis option requires a capstone course and an additional nonrestricted elective course that supports the student's area of research and study interests. The capstone course should be completed toward the end of the student's graduate plan of study. As part of the requirements of this course, students will complete an independent capstone project on a topic relevant to the industrial and systems engineering field and approved by the instructor. Students are expected to use and leverage knowledge obtained in the program to complete the project. This course serves as the culminating experience for the students and shows their engagement in independent learning.

- EIN 6950 - Industrial and Systems Engineering Capstone **3 Credit Hours**
- Elective course **3 Credit Hours**

IEMS Electives

The program requirements are flexible enough to allow the students to tailor the coursework according to their desired educational and career goals. With the approval of their adviser and/or the graduate program director, students may select from the following groups of courses to satisfy the needs of their research goals or career objectives. To assist the students in achieving these goals and objectives, courses are grouped below to suggest focus areas, only as a guide to assist in advising and course selection. They are not intended to restrict elective choices among specialization areas as the intent of the program is to help graduate students maintain an integrated approach to their studies. The listing of these courses does not guarantee that they will be offered by the department in a particular year or semester.

In addition to the courses listed below, students may be allowed to take courses from the following disciplines at UCF, with the approval of the graduate program director, as an elective in their graduate program of study:

- Other Engineering programs
- Computer Science
- Mathematics
- Statistics
- Business Administration or Management

Human Systems Engineering/Ergonomics

- EIN 5248 - Ergonomics **3 Credit Hours**
- EIN 5251 - Usability Engineering **3 Credit Hours**
- EIN 6258 - Human Computer Interaction **3 Credit Hours**
- EIN 6271 - Human Reliability **3 Credit Hours**

Quality and Production Systems

- ESI 6225 - Quality Design and Control **3 Credit Hours**
- ESI 6224 - Quality Management **3 Credit Hours**
- EIN 6336 - Production and Inventory Control **3 Credit Hours**
- EIN 5356 - Cost Engineering **3 Credit Hours**
- ESI 5227 - Total Quality Improvement **3 Credit Hours**
- ESI 6247 - Experimental Design and Taguchi Methods **3 Credit Hours**

Management Systems

- EIN 6182 - Engineering Management **3 Credit Hours**
- EIN 5117 - Management Information Systems I **3 Credit Hours**
- EIN 6370 - Innovation in Engineering Design **3 Credit Hours**
- EIN 6339 - Operations Engineering **3 Credit Hours**
- EIN 5108 - The Environment of Technical Organizations **3 Credit Hours**

Simulation, Optimization and Modeling

- ESI 6336 - Queueing Systems **3 Credit Hours**
- ESI 5306 - Operations Research **3 Credit Hours**
- ESI 6418 - Linear Programming and Extensions **3 Credit Hours**
- ESI 6532 - Object-Oriented Simulation **3 Credit Hours**
- ESI 5531 - Discrete Systems Simulation **3 Credit Hours**

- EIN 5255C - Interactive Simulation **3 Credit Hours**
- EIN 6528 - Simulation Based Life Cycle Engineering **3 Credit Hours**
- EIN 6936 - Seminar in Advanced Industrial Engineering **3 Credit Hours**
- ESI 6217 - Statistical Aspects of Digital Simulation **3 Credit Hours**

Systems Engineering

- ESI 6358 - Decision Analysis **3 Credit Hours**
- ESI 5359 - Risk Assessment and Management **3 Credit Hours**
- EIN 6215 - System Safety Engineering and Management **3 Credit Hours**
- EIN 5346 - Engineering Logistics **3 Credit Hours**
- ESI 6891 - IEMS Research Methods **3 Credit Hours**
- ESI 5236 - Reliability Engineering **3 Credit Hours**

Equipment Fee

Full-time students in the Industrial Engineering MSIE program pay a \$58 equipment fee each semester that they are enrolled. Part-time students pay \$29 each semester that they are enrolled.

Independent Learning

The Independent Learning requirement is met by successful completion of a thesis or the capstone course.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended
- Résumé or Curriculum Vita
- Goal statement
 - The goal statement should discuss all relevant professional background and any previous research and/or teaching experience. The statement should explain the motivation behind the pursuit of a Master's degree in Industrial Engineering. Future educational and career goals after the completion of the applicant's master study should be discussed.
 - If the applicant is interested in completing a Master thesis, then the applicant must clearly describe the particular area of research interest. The applicant should identify at least one UCF faculty member who shares a similar research focus and is believed to be best suited to serve as a potential thesis advisor.
 - The goal statement should be between 500 and 1,000 words.
- Two letters of recommendation
 - The letters of recommendation should be from faculty members, university administrators, and employers with a supervisory role of the applicant. The letters, which must be current to the application and must not be for another degree program, should address the educational and career goals of the applicant. The letter writers should also know the applicant well enough to discuss the

applicant's capacity to perform, excel and succeed in a graduate program. Letters for Master's thesis students must discuss the applicant's ability to perform graduate-level research.

- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Applications are accepted for the fall and spring terms only.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

Application Deadlines

Industrial Engineering MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Industrial Engineering MS, Accelerated BS to MS Track

College: Engineering and Computer Science	Degree: MS
Department: Industrial Engineering and Management Systems	Option: Thesis, Nonthesis
Program Websites: http://www.iems.ucf.edu/	

Track Description

This track will not be accepting applications or enrolling new students effective Fall 2018.

The accelerated undergraduate/graduate program in Industrial Engineering allows highly qualified undergraduate majors in Industrial Engineering to begin taking graduate-level courses that will count toward their master's degree while completing their baccalaureate program. Participation will enable completion of the Bachelor of Science and Master of Science degrees in Industrial Engineering in five instead of six years for students enrolled in full-time course work.

Industrial Engineering focuses on the design and improvement of systems, products, and processes. A total systems approach is used to optimize the various aspects of operations in both manufacturing and service industries. Industrial engineers use many analytical approaches to improve productivity, safety, and quality of working life while reducing operating costs.

The Industrial Engineering graduate programs are structured to support the emergence of Central Florida as a national center of high technology as well as supporting the diverse service industries in the region and throughout the nation.

Additional information can be found at www.iems.ucf.edu.

Curriculum

The BSIE is awarded after fulfilling all university requirements including completing 128 credit hours of course work and 71 credit hours of engineering courses. The MSIE is awarded upon completion of the master's program. Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours (see engineering major requirements in the Undergraduate Catalog).

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Up to 12 credit hours of approved 5000-level courses with grades "B" (3.0) or better may be counted toward both the BS and MS degrees. Additional notes on the Accelerated Undergraduate and Graduate Program in Industrial Engineering are as follows:

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must earn at least a "B" (3.0) in each undergraduate and graduate engineering course for them to be counted toward the major.

Undergraduate Requirements

Please see the current edition of the Undergraduate Catalog or the academics section of the College of Engineering and Computer Science website, link given above, for additional information about this program

Graduate Requirements

Please see Industrial Engineering MSIE graduate program for additional requirements.

Equipment Fee

Students in the Industrial Engineering MS program pay a \$90 equipment fee each semester that they are enrolled. For part-time students, the equipment fee is \$45 per semester.

Independent Learning

The Independent Learning Requirement is met by successful completion of a master's thesis. Nonthesis students will complete a comprehensive exam, as specified in the Industrial Engineering MS program requirements.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

The Accelerated BS to MS program in Industrial Engineering allows highly qualified University of Central Florida undergraduate majors in Industrial Engineering to begin taking graduate-level courses that will count toward their master's degree while completing their baccalaureate degree program. Students apply for admission to the accelerated program in either their junior year or senior year. If the student has a degree in the discipline but were not previously part of this accelerated program, then they should apply to MSIE. Additional information about this track may be located at: <http://www.cecs.ucf.edu/current-students/bs-ms-program>.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in Industrial Engineering or other engineering ONLY.
- Two letters of recommendation from two individual who are familiar with the applicant's capabilities to enter and succeed into his/her graduate studies and to perform graduate research.
- Curriculum Vitae/resume.
- Statement of educational, research, and professional career objectives. The statement should explain the applicant's future career and educational goals, reasons behind seeking the degree, and why he/she believes that this degree best suits their interests.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

Application Deadlines

Accelerated BS to MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Industrial Engineering MS, Healthcare Systems Engineering Track ►

College: Engineering and Computer Science	Degree: MS
Department: Industrial Engineering and Management Systems	Option: Nonthesis
Program Websites: http://www.iems.ucf.edu	

Track Description

The Healthcare Systems Engineering track is a fully online degree program designed to be completed within two years. This 30-credit-hour program trains students to implement, manage and introduce systematic changes to improve patient care and enhance utilization of organizational resources. This unique program is offered in response to the growing needs of the healthcare industry.

Students will receive a Master of Science, offered by the Department of Industrial Engineering and Management Sciences at the College of Engineering and Computer Science, in the Healthcare Systems Engineering Track.

The future of healthcare will need leaders who are passionate about implementing, managing and refining healthcare systems to improve patient care and reduce overall cost. This degree can help students realize their leadership potential, fuel their passion for healthcare innovation, and provide the necessary tools needed to make this systemic change a reality. Through the ideology and principles of systems engineering taught in this degree, individuals learn the specialized skills needed to foster operational change within healthcare organizations.

By graduation, students will be able to help healthcare organizations to:

- Conduct analyses of large-scale social and ecological systems across the healthcare sector
- Assess and mitigate risks throughout organizational processes and relationships
- Analyze risks to individual and public health impacted by issues in the healthcare system
- Bring evidence-based thinking and analysis to process and system change
- Develop and manage a quality management system across an organizational setting
- Plan and conduct change initiatives that directly impact quality and costs

- Design and build detailed computer simulations of healthcare organizations and health technology assessments
- Adapt information systems to improve management planning and control

A sampling of career opportunities include:

Healthcare Management Engineer, Operational Excellence Project Manager, Systems Redesign Consultant, Lean Specialist, Process Improvement Consultant, Continuous Improvement Specialist and Healthcare Analyst

Please note: Industrial Engineering (MS) - Healthcare Systems Engineering may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Industrial-Engineering-MS.pdf>.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Healthcare Systems Engineering (HCSE) track requires 30 credit hours of courses beyond the bachelor's degree. This program offers only the nonthesis option.

For information about the program, please contact the HSE Director Dr. Vernet Lasrado (vernet.lasrado@ucf.edu).

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

An undergraduate course in probability and statistics

Required Courses: 30 Credit Hours

All of the following courses are required for completion of the Healthcare Systems Engineering program.

- HSC 6636 - Issues and Trends in the Health Professions **3 Credit Hours**
- ESI 5219 - Engineering Statistics **3 Credit Hours**
- ESI 6551 - Systems Engineering **3 Credit Hours**
- EIN 6357 - Advanced Engineering Economic Analysis **3 Credit Hours**
- ESI 5531 - Discrete Systems Simulation **3 Credit Hours**
- ESI 5359 - Risk Assessment and Management **3 Credit Hours**
- EIN 5117 - Management Information Systems I **3 Credit Hours**
- ESI 6224 - Quality Management **3 Credit Hours**
- ESI 6609 - Industrial Engineering Analytics for Healthcare **3 Credit Hours**
- EIN 5140 - Project Engineering **3 Credit Hours**

Cost Per Credit Hour

This Master of Science, both for in-state and out-of-state, costs \$1,239.16 per credit hour totaling \$37,174.80* for the program which includes tuition and fees.

*Fee subject to change.

Independent Learning

The Independent Learning requirement is met by successful completion of the research studies required in individual courses and EIN 5140 - Project Engineering (Capstone). These research studies require that students integrate material from all the courses in their program.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended
- Résumé or Curriculum Vita
 - Goal statement
 - The goal statement should discuss all relevant professional background and any previous research and/or teaching experience. The statement should explain the motivation behind the pursuit of a Master's degree in Industrial Engineering. Future educational and career goals after the completion of the applicant's master study should be discussed. The goal statement should be between 500 and 1,000 words.
- Two letters of recommendation
 - The letters of recommendation should be from faculty members, university administrators, and employers with a supervisory role of the applicant. The letters, which must be current to the application and must not be for another degree program, should address the educational and career goals of the applicant. The letter writers should also know the applicant well enough to discuss the applicant's capacity to perform, excel and succeed in a graduate program. Letters for Master's thesis students must discuss the applicant's ability to perform graduate-level research.
- International Students
 - Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
 - Given the fully online nature of this degree program, International students will not receive an F1 visa, hence you will not take this degree program in the US. International students are free to take this degree program from their home or any country besides the US.
- Applications are accepted for the fall and spring terms only.
- Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

Application Deadlines

Healthcare Systems Engineering	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
<p>*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date. FALL DOMESTIC DEADLINE EXTENDED TO AUG. 1</p>				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. Industrial Engineering MSIE ►

College: Engineering and Computer Science	Degree: MSIE
Department: Industrial Engineering and Management Systems	Option: Thesis, Nonthesis
Program Websites: http://www.iems.ucf.edu/	
Graduate Program Handbook	

Program Description

The Department of Industrial Engineering and Management Systems offers a Master of Science in Industrial Engineering (MSIE) degree focusing on the design and improvement of systems, products, and processes. This degree is available to those applicants with a bachelor of science degree in Industrial Engineering (BSIE) or other Engineering degree ONLY.

A total systems approach is used to optimize the various aspects of operations in both manufacturing and service industries. Industrial engineers use many analytical approaches to improve productivity, safety, and quality of working life while reducing operating costs. The MSIE curriculum builds on an undergraduate engineering degree to develop a stronger systems focus and analytical capability.

The industrial engineering graduate programs are structured to support the emergence of Central Florida as a national center of high technology as well as supporting the diverse service industries in the region and throughout the nation.

Many of the graduate courses offered by the department or required in the MSIE program are offered through the Florida Engineering Educational Delivery System (FEEDS), which provides video-streamed versions of classes over the Internet.

Please note: Industrial Engineering (MSIE) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Industrial-Engineering-MSIE.pdf>.

Curriculum

This program can be taken entirely through the Center for Online and Virtual Education (COVE), which provides video-streamed versions of classes over the Internet. More information about this program can be found at <http://www.cecs.ucf.edu/COVE/> or (407) 823-3814.

The Industrial Engineering MSIE degree requires an undergraduate degree in Industrial Engineering or any other Engineering degree. Students with undergraduate degrees outside of industrial engineering may be required to take additional prerequisites. The program offers both thesis and nonthesis options with each requiring 30 credit hours of courses. At least half of the regular coursework must be at the 6000 level. A cumulative grade-point average of B must be maintained in the entire program of study.

Thesis Option: The thesis option requires 12 credit hours of required courses, 12 credit hours of electives and 6 thesis credit hours. Students must also write and successfully defend a thesis.

Nonthesis Option: The nonthesis option requires 12 credit hours of required courses and 18 credit hours of electives. Research studies are required in one or more courses. The research study and report will focus on reviewing and analyzing contemporary research in the profession in order to help students acquire knowledge and skills pertaining to research-based best practices. In addition, students may engage in directed independent studies, directed research or a research report during their studies. A program of study must be developed with the graduate program director and meet with departmental approval. At least one-half of the credit hours (including thesis hours) required in a master's program of study must be at the 6000 level or higher. Students on assistantships must take 9 credit hours per semester

to satisfy the university's requirement for full-time status. Most students working full time take 6 credit hours per semester. At that rate, the program can be completed in 6 semesters or less. However, students with more time available and with an early start on a thesis, if applicable, can finish the program in 3 semesters.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

Students with undergraduate degrees in industrial engineering or other engineering degrees are encouraged to apply for admission. Graduates from non-engineering curricula may apply to obtain the MS degree.

All applicants are expected to have completed the following prerequisites during their undergraduate engineering education:

- Computer programming capability. Proficiency with MS Office expected. C++, Visual BASIC, or Java recommended.
- Mathematics through Calculus II (MAC 2312 or equivalent)
- Undergraduate probability and statistics for engineers (STA 3032 or equivalent)

Required Courses: 12 Credit Hours

- ESI 6551 - Systems Engineering **3 Credit Hours**
- ESI 6224 - Quality Management **3 Credit Hours**
- ESI 6247 - Experimental Design and Taguchi Methods **3 Credit Hours**

Select one of the following courses:

- ESI 5306 - Operations Research **3 Credit Hours**
- ESI 6418 - Linear Programming and Extensions **3 Credit Hours**

Elective Courses: 12 Credit Hours

All students, both thesis and nonthesis, must take 12 credit hours of electives after consultation with their adviser.

Thesis Option: 6 Credit Hours

The thesis option requires an additional 6 credit hours of thesis. Thesis students must complete an independent research project and write and successfully defend a thesis describing the project. Students may not register for thesis credit hours until an advisory committee has been appointed and the committee has reviewed the program of study and the proposed thesis topic.

The College of Engineering and Computer Science requires that all thesis defense announcements are approved by the student's adviser and posted on the college's website (<http://www.cecs.ucf.edu/graddefense/>) and on the College of Graduate Studies Events Calendar at least two weeks before the defense date.

- EIN 6971 Thesis **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

The nonthesis option requires a capstone course and an additional unrestricted elective course that supports the student's area of research and study interests. The capstone course should be completed toward the end of the student's graduate plan of study. As part of the requirements of this courses, students will complete an independent capstone project on a topic relevant to the industrial and systems engineering field and approved by the instructor. Students are expected to use and leverage knowledge obtained in the program to complete the project. This course serves as the culminating experience for students and shows their engagement in independent learning.

- EIN 6950 - Industrial and Systems Engineering Capstone **3 Credit Hours**
- Elective course **3 Credit Hours**

IEMS Electives

The program requirements are flexible enough to allow the students to tailor the coursework according to their desired educational and career goals. With the approval of their adviser and/or the graduate program director, students may select from the following groups of courses to satisfy the needs of their research goals or career objectives. To assist the students in achieving these goals and objectives, courses are grouped below to suggest focus areas, only as a guide to assist in advising and course selection. They are not intended to restrict elective choices among specialization areas as the intent of the program is to help graduate students maintain an integrated approach to their studies. The listing of these courses does not guarantee that they will be offered by the department in a particular year or semester.

In addition to the courses listed below, students may be allowed to take courses from the following disciplines at UCF, with the approval of the graduate program director, as an elective in their graduate program of study:

- Other Engineering programs
- Computer Science
- Mathematics
- Statistics
- Business Administration or Management

Human System Engineering/Ergonomics

- EIN 5248 - Ergonomics **3 Credit Hours**
- EIN 5251 - Usability Engineering **3 Credit Hours**
- EIN 6258 - Human Computer Interaction **3 Credit Hours**
- EIN 6271 - Human Reliability **3 Credit Hours**

Quality and Production Systems

- ESI 6225 - Quality Design and Control **3 Credit Hours**
- EIN 6336 - Production and Inventory Control **3 Credit Hours**
- EIN 5356 - Cost Engineering **3 Credit Hours**
- ESI 5227 - Total Quality Improvement **3 Credit Hours**

Management Systems

- EIN 6182 - Engineering Management **3 Credit Hours**
- EIN 5117 - Management Information Systems I **3 Credit Hours**
- EIN 6370 - Innovation in Engineering Design **3 Credit Hours**
- EIN 6339 - Operations Engineering **3 Credit Hours**

- EIN 5108 - The Environment of Technical Organizations **3 Credit Hours**

Simulation, Optimization and Modeling

- ESI 6336 - Queueing Systems **3 Credit Hours**
- ESI 6532 - Object-Oriented Simulation **3 Credit Hours**
- ESI 5531 - Discrete Systems Simulation **3 Credit Hours**
- EIN 5255C - Interactive Simulation **3 Credit Hours**
- EIN 6528 - Simulation Based Life Cycle Engineering **3 Credit Hours**
- EIN 6936 - Seminar in Advanced Industrial Engineering **3 Credit Hours**
- ESI 6217 - Statistical Aspects of Digital Simulation **3 Credit Hours**

Systems Engineering

- ESI 6358 - Decision Analysis **3 Credit Hours**
- ESI 5359 - Risk Assessment and Management **3 Credit Hours**
- EIN 6215 - System Safety Engineering and Management **3 Credit Hours**
- ESI 5236 - Reliability Engineering **3 Credit Hours**
- EIN 5346 - Engineering Logistics **3 Credit Hours**
- ESI 6891 - IEMS Research Methods **3 Credit Hours**

Equipment Fee

Full-time students in the Industrial Engineering MSIE program pay a \$58 equipment fee each semester that they are enrolled. Part-time students pay \$29 each semester that they are enrolled.

Independent Learning

A research project serves as the independent learning experience for thesis students. Nonthesis students are required to complete the department's capstone course toward the end of their program.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended
- Résumé or Curriculum Vita
- Goal statement
 - The goal statement should discuss all relevant professional background and any previous research and/or teaching experience. The statement should explain the motivation behind the pursuit of a Master's degree in Industrial Engineering. Future educational and career goals after the completion of the applicant's master study should be discussed.
 - If the applicant is interested in completing a Master thesis, then the applicant must clearly describe the particular area of research interest. The applicant should identify at least one UCF faculty

member who shares a similar research focus and is believed to be best suited to serve as a potential thesis advisor.

- The goal statement should be between 500 and 1,000 words.
- Two letters of recommendation
 - The letters of recommendation should be from faculty members, university administrators, and employers with a supervisory role of the applicant. The letters, which must be current to the application and must not be for another degree program, should address the educational and career goals of the applicant. The letter writers should also know the applicant well enough to discuss the applicant's capacity to perform, excel and succeed in a graduate program. Letters for Master's thesis students must discuss the applicant's ability to perform graduate-level research.
 - Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Applications are accepted for the fall and spring terms only.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

Application Deadlines

Industrial Engineering MSIE	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Instructional Design and Technology MA ►

College: Community Innovation and Education	Degree: MA
Department: Learning Sciences and Educational Research	
Program Website: https://ccie.ucf.edu/lser/instructional-design-and-technology/	
Graduate Program Handbook	

Program Description

The Master of Arts in Instructional Design and Technology program is designed to meet the needs of working professionals in various settings. It enables candidates to complete courses in traditional, Web, and mixed-mode (with one face-to-face meeting every other week). The program offers tracks in educational technology, instructional systems, and e-learning, enabling candidates to pursue careers in business and industry, K-12, and higher education.

Please Note: Instructional Design and Technology, MA may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

Program Tracks

- Instructional Design and Technology MA, Educational Technology Track ►
- Instructional Design and Technology MA, e-Learning Track ►
- Instructional Design and Technology MA, Instructional Systems Track ►

Curriculum

All three tracks of the Instructional Design and Technology MA require a minimum of 36 credit hours beyond the bachelor's degree, including 12 credit hours of instructional technology core courses, 12 credit hours of professional specialization, nine credit hours of electives, and three credit hours of practicum.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants must choose a track in this program. Track(s) may have different requirements.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. Instructional Design and Technology MA, e-Learning Track ►

College: Community Innovation and Education	Degree: MA
Department: Learning Sciences and Educational Research	Option: Nonthesis
Program Websites: https://ccie.ucf.edu/lser/instructional-design-and-technology/	
Graduate Program Handbook	

Track Description

The e-Learning track in the Instructional Design and Technology MA program is designed for educators in K-12 and higher education, trainers, and instructional designers.

The program focuses on teaching the design, delivery, and evaluation of high-quality e-learning materials for in-service, preservice teachers and online trainers for both totally online and blended (hybrid) learning environments. Candidates gain employment in business and industry, K-12, and higher education as organizations across sectors work to optimize the use of telecommunication technologies to enhance individual and collaborative learning. The e-Learning program may be completed totally online or in mixed mode. For more information, visit education.ucf.edu/insttech/.

Please note: Instructional Design and Technology, e-learning (MA) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The e-Learning track in the Instructional Design and Technology MA program requires a minimum of 36 credit hours beyond the bachelor's degree. The curriculum includes 12 credit hours of instructional technology core courses, 12 credit hours of professional specialization, 9 credit hours of electives, and three credit hours of practicum.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—24 Credit Hours

Core—12 Credit Hours

- EME 6055 - Current Trends in Instructional Technology **3 Credit Hours**
- EME 6062 - Research in Instructional Technology **3 Credit Hours**

- EDF 6432 - Measurement and Evaluation in Education **3 Credit Hours** or
- EDF 6401 - Statistics for Educational Data **3 Credit Hours** or
- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours** or
- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours**

- EME 6613 - Instructional System Design **3 Credit Hours**

Specialization—12 Credit Hours

*EME 6417 (fall) must be taken before EME 6458 (spring); these courses are sequential, where the work product begins in EME 6417 and is completed during EME 6458.

- EME 6507 - Multimedia for Education and Training **3 Credit Hours**
- EME 6457 - Distance Education: Technology Process Product **3 Credit Hours**
- EME 6417 - Interactive Online and Virtual Teaching Environments **3 Credit Hours**
- EME 6458 - Virtual Teaching and the Digital Educator **3 Credit Hours**

Elective Courses—9 Credit Hours

Courses not listed below require adviser approval. All ENC courses require approval from the English Department.

- EDF 6432 - Measurement and Evaluation in Education **3 Credit Hours**
- EDF 6401 - Statistics for Educational Data **3 Credit Hours**
- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**
- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours**
- EME 6607 - Planned Change in Instructional Technology **3 Credit Hours**
- EME 6601 - Instructional Simulation Design for Training and Education **3 Credit Hours**
- EME 6614 - Instructional Game Design for Training and Education **3 Credit Hours**
- IDS 6503 - International Trends in Instructional Systems **3 Credit Hours**
- IDS 6504 - Adult Learning **3 Credit Hours**
- EIN 5251 - Usability Engineering **3 Credit Hours**
- EIN 5255C - Interactive Simulation **3 Credit Hours**
- ENC 6216 - Editing Professional Writing **3 Credit Hours**

- ENC 6261 - Technical Writing, Theory and Practice **3 Credit Hours**
- ENC 6296 - Interactive Design in Technical Communication **3 Credit Hours**
- DIG 6432 - Transmedia Story Creation **3 Credit Hours**
- EDF 6635 - Capstone: Action Research in Teacher Leadership **3 Credit Hours**
- EDF 6884 - Education as A Cultural Process **3 Credit Hours**
- EDF 6886 - Multicultural Education **3 Credit Hours**
- EGI 6051 - Understanding the Gifted/Talented Student **3 Credit Hours**
- ESE 6217 - Curriculum Design **3 Credit Hours**
- TSL 5345 - Methods of ESOL Teaching **3 Credit Hours**

Practicum—3 Credit Hours

- EME 6940 - Theory into Practice in Educational Technology **3 Credit Hours**

Independent Learning

Practica are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Two letters of recommendation.
- Résumé.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

For more information about the MA program, visit the program website at <http://insttech.education.ucf.edu>.

Application Deadlines

e-Learning	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. Instructional Design and Technology MA, Educational Technology Track ►

College: Community Innovation and Education	Degree: MA
Department: Learning Sciences and Educational Research	Option: Nonthesis
Program Websites: https://ccie.ucf.edu/lser/instructional-design-and-technology/	

Track Description

The Educational Technology track is designed for classroom teachers who want to increase their technical skills and become highly skilled at successfully integrating technology into the curriculum as well as develop leadership skills necessary to become site-based technology coordinators in K-12 schools, colleges, and universities.

The knowledge gained through the Educational Technology program allows candidates to seek new career paths in education. Graduates from this program have the skills to become computer teachers, instructors at the community and college and university level and instructional designers. The program does not lead to any current certification in Florida.

Please note: Instructional Design and Technology, Ed Tech (MA) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Educational Technology track in the Instructional Design and Technology MA program requires a minimum of 36 credit hours beyond the bachelor's degree. The curriculum includes 12 credit hours of instructional technology core courses, 12 credit hours of professional specialization, nine credit hours of electives, and three credit hours of practicum.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—24 Credit Hours

Core—12 Credit Hours

- EME 6055 - Current Trends in Instructional Technology **3 Credit Hours**
- EME 6062 - Research in Instructional Technology **3 Credit Hours**

- EDF 6432 - Measurement and Evaluation in Education **3 Credit Hours** or
- EDF 6401 - Statistics for Educational Data **3 Credit Hours** or
- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours** or
- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours**

- EME 6613 - Instructional System Design **3 Credit Hours**

Professional Specialization Courses—12 Credit Hours

- EME 6053 - Teaching and Learning with Emerging Technologies **3 Credit Hours**
- EME 6405 - Adapting and Integrating Innovative Technologies in Education **3 Credit Hours**
- EME 6507 - Multimedia for Education and Training **3 Credit Hours**
- EME 6602 - Integration of Technology into the Learning Environments **3 Credit Hours**

Elective Courses—9 Credit Hours

Students must choose at least 9 credit hours of electives. Electives in current certification area, technology, or other as approved by adviser. Courses not listed below require adviser approval. All ENC courses require approval from English Department.

- EDF 6432 - Measurement and Evaluation in Education **3 Credit Hours**
- EDF 6401 - Statistics for Educational Data **3 Credit Hours**
- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**
- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours**
- EME 6209 - Multimedia Instructional Systems II **3 Credit Hours**
- EME 6457 - Distance Education: Technology Process Product **3 Credit Hours**
- EME 6607 - Planned Change in Instructional Technology **3 Credit Hours**
- EME 6601 - Instructional Simulation Design for Training and Education **3 Credit Hours**
- EME 6614 - Instructional Game Design for Training and Education **3 Credit Hours**
- IDS 6504 - Adult Learning **3 Credit Hours**
- ENC 6216 - Editing Professional Writing **3 Credit Hours**
- ENC 6261 - Technical Writing, Theory and Practice **3 Credit Hours**

- ENC 6296 - Interactive Design in Technical Communication **3 Credit Hours**
- DIG 6432 - Transmedia Story Creation **3 Credit Hours**
- EDF 6635 - Capstone: Action Research in Teacher Leadership **3 Credit Hours**
- EDF 6884 - Education as A Cultural Process **3 Credit Hours**
- EDF 6886 - Multicultural Education **3 Credit Hours**
- EGI 6051 - Understanding the Gifted/Talented Student **3 Credit Hours**
- ESE 6217 - Curriculum Design **3 Credit Hours**
- TSL 5345 - Methods of ESOL Teaching **3 Credit Hours**

Practicum—3 Credit Hours

Practica are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program.

- EME 6940 - Theory into Practice in Educational Technology **3 Credit Hours**

Independent Learning

Practica are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Two letters of recommendation.
- Résumé.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

For more information about the MA program, visit the program website at <http://ccie.ucf.edu/lser/instructional-design-and-technology>.

Application Deadlines

Educational Technology	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1

*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Instructional Design and Technology MA, Instructional Systems Track ►

College: Community Innovation and Education	Degree: MA
Department: Learning Sciences and Educational Research	Option: Nonthesis
Program Websites: https://ccie.ucf.edu/lser/instructional-design-and-technology/	
Graduate Program Handbook	

Track Description

The Instructional Systems track in the Instructional Design and Technology MA program is designed for prospective and practicing instructional designers, training specialists and training directors/managers in business, industry, government, or other settings where training, professional development and lifelong learning takes place.

Candidates develop expertise in how and why people learn, how to stimulate and facilitate learning, and in the use of alternative instructional delivery systems. Candidates analyze training requirements and design, develop, evaluate, and manage training and educational programs using of current and emerging technologies. The Instructional Systems program may be completed totally online or in mixed mode.

Please note: Instructional Design and Technology, Instructional Systems (MA) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Instructional Systems track in the Instructional Design and Technology MA program requires a minimum of 36 credit hours beyond the bachelor's degree. The curriculum includes 12 credit hours of instructional technology core courses, 12 credit hours of professional specialization, 9 credit hours of electives, three credit hours of practicum, and a comprehensive exam taken during the last semester of coursework.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—24 Credit Hours

Core—12 Credit Hours

- EME 6055 - Current Trends in Instructional Technology **3 Credit Hours**
- EME 6062 - Research in Instructional Technology **3 Credit Hours**

- EDF 6432 - Measurement and Evaluation in Education **3 Credit Hours** or
- EDF 6401 - Statistics for Educational Data **3 Credit Hours** or
- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours** or
- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours**

- EME 6613 - Instructional System Design **3 Credit Hours**

Professional Specialization Courses—12 Credit Hours

- EME 6226 - Instructional Development and Evaluation **3 Credit Hours**
- EME 6507 - Multimedia for Education and Training **3 Credit Hours**
- EME 6607 - Planned Change in Instructional Technology **3 Credit Hours**
- EME 6705 - Administration of Instructional Systems **3 Credit Hours**

Elective Courses—9 Credit Hours

Courses not listed below require adviser approval. All ENC courses require approval from the English department.

- EDF 6432 - Measurement and Evaluation in Education **3 Credit Hours**
- EDF 6401 - Statistics for Educational Data **3 Credit Hours**
- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**
- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours**
- EME 6209 - Multimedia Instructional Systems II **3 Credit Hours**
- EME 6457 - Distance Education: Technology Process Product **3 Credit Hours**

- EME 6601 - Instructional Simulation Design for Training and Education **3 Credit Hours**
- EME 6614 - Instructional Game Design for Training and Education **3 Credit Hours**
- EME 6646 - Instructional Game Design for Training and Education **3 Credit Hours**
- IDS 6503 - International Trends in Instructional Systems **3 Credit Hours**
- IDS 6504 - Adult Learning **3 Credit Hours**
- EIN 5251 - Usability Engineering **3 Credit Hours**
- EIN 5255C - Interactive Simulation **3 Credit Hours**
- EIN 6258 - Human Computer Interaction **3 Credit Hours**
- ENC 6216 - Editing Professional Writing **3 Credit Hours**
- ENC 6261 - Technical Writing, Theory and Practice **3 Credit Hours**
- ENC 6296 - Interactive Design in Technical Communication **3 Credit Hours**
- DIG 6432 - Transmedia Story Creation **3 Credit Hours**
- DIG 6136 - Design for Interactive Media **3 Credit Hours**
- DIG 6551 - Theory and Practice of Interactive Storytelling **3 Credit Hours**

Practicum—3 Credit Hours

Practica are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program.

- EME 6940 Theory into Practice in Instructional Systems **3 Credit Hours**

Independent Learning

Practica are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Three letters of recommendation.
- Personal letter of intent stating professional and academic goals and why you want to attend our program.
- Résumé.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

For more information about the MA program, visit the program website at <http://education.ucf.edu/insttech>.

Application Deadlines

Instructional Systems	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Interactive Entertainment MS

College: Sciences	Degree: MS
Department: Nicholson School of Communication and Media	Option: Nonthesis
Program Websites: https://fiea.ucf.edu/	
Graduate Program Handbook	

Program Description

The Master's of Science in Interactive Entertainment at UCF's Florida Interactive Entertainment Academy (FIEA) teaches artists, programmers, and producers the techniques, tools, and skills to succeed in the gaming industry. The program provides specific skills in the area of game design, programming, 3-D artistry, as well as essential skills such as problem solving, teamwork, and project management.

FIEA provides a team-based, industry-oriented education in a world-class facility located at the UCF Downtown campus in Orlando. Student production teams are mentored by industry trained faculty who provide instruction in game design, level design, technical design, creative collaboration, rapid prototyping, 3-D animation and modeling, technical

art, motion capture, software engineering, legal and ethical issues, preproduction, and postmortems. Graduates have access to internship and venture opportunities and job interviews with game and media companies from across the country.

Curriculum

The Interactive Entertainment MS degree requires a minimum of 30 credit hours beyond the bachelor's degree including 12 credit hours of core courses, 9 credit hours of specialization, a practicum and a capstone experience.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 24 Credit Hours

Core: 12 Credit Hours

The foundation of the degree is the four-course core sequence that focuses on team-based learning. This sequence is designed to provide declarative, procedural, and strategic knowledge in a variety of issues related to game design. These include creative collaboration, rapid prototyping, 3-D animation and modeling, documentation, software engineering, legal and ethical issues, preproduction, and postmortems.

- DIG 5529C - Production for Media **3 Credit Hours**
- DIG 5548C - Rapid Prototype Production I **3 Credit Hours**
- DIG 5856 - Experimentation, Application and Innovation in Games **3 Credit Hours**
- DIG 6547C - Preproduction and Prototyping **3 Credit Hours**

Specialization: 9 Credit Hours

Specialization courses help prepare students in their chosen field (Art, Production or Programming) by covering the details of each discipline. Art classes help students develop aesthetic and technical skills necessary to create compelling visuals for the entertainment industry. Programming classes focus on software engineering techniques as they apply to interactive entertainment products, while production classes focus on the specifics of game design as well as project management.

Students take all three courses in their chosen specialization.

Art Specialization

- DIG 5348C - Digital Asset Creation **3 Credit Hours** Fall
- DIG 6559C - Advanced Digital Asset Creation **3 Credit Hours** Spring
- DIG 6589C - Digital Asset Portfolio Development **3 Credit Hours** Summer

Production Specialization

- DIG 5557C - Production and Design I **3 Credit Hours** Fall
- DIG 6558 - Production and Design II **3 Credit Hours** Spring
- DIG 6099C - Media Distribution **3 Credit Hours** Summer

Programming Specialization

- DIG 5637 - Game Programming Fundamentals **3 Credit Hours** Fall
- DIG 6638 - Advanced Game Programming **3 Credit Hours** Spring
- DIG 6635 - Applied Programming Mechanics **3 Credit Hours** Summer

Capstone: 3 Credit Hours

The capstone experience applies the concepts and theories learned to produce a large-scale project. The target deliverable is a playable demonstration of a game that simulates the core experience and demonstrates the key features of the project's vision. The course concludes with a special event premiering the final project to the FIEA community and invited guests.

- DIG 6718C - Interactive Entertainment Project **3 Credit Hours**

Practicum: 6 Credit Hours

The practicum is supervised training supplementing theoretical and practical experiences involving new research developments or partnerships within the gaming industry. Students may participate on a research team exploring new ideas in interactive entertainment with industry partners, working at an on-site internship with a game company, developing a start-up entity, or working with a faculty member on research in an area of interest.

- DIG 6944C - Game Design Practicum **6 Credit Hours** or
- DIG 6947C - Digital Venture Practicum **6 Credit Hours**

Independent Learning

Both the capstone course and the practicum provide independent learning experiences. The capstone experience is a project-based class that features a game demonstration. The practicum allows students to work with industry partners, in an internship, starting a new venture, or to conduct research with a faculty member.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken within the last five years.
- A portfolio of prior work as it relates to their area of specialization (art, programming, production, etc.) sent directly to the Florida Interactive Entertainment Academy.
- Applicants must submit 3 personal references. These references should be willing and able to attest to your academic, professional and personal achievements. These references need to include the following info:
 - Reference Name
 - Email address
 - Phone number
 - Relationship to applicant

This program admits students in the fall semesters into production teams. Students will be selected based on the skills they possess and contributions they can make to the production team.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Because of the high volume of portfolios received, we regret that we cannot offer individual feedback on the materials that are submitted as part of the application process.

Application Deadlines

Interactive Entertainment MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1		
International Applicants	Jan 15	Jan 15		
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Interdisciplinary Studies MA

College: Graduate Studies	Degree: MA
Department: Interdisciplinary Studies	
Program Websites: https://www.graduate.ucf.edu/IDS/	

Program Description

The Master of Arts in Interdisciplinary Studies is a unique program designed for students who want to develop their own precision degree program by combining areas of study traditionally associated with a Master of Arts (Humanities, Social Sciences, Communication, etc.). Students have the flexibility to create an individually tailored plan by choosing two concentrations that culminate in either a thesis or nonthesis experience based on their future aspirations.

The Nonthesis Track culminates in a capstone experience that prepares students for applied, non-research oriented careers.

The Thesis Track culminates in a scholarly publication that includes original research undertaken during your time as a graduate student. This provides excellent preparation for the future pursuit of a doctoral degree or research-oriented career.

Program Tracks

- Interdisciplinary Studies MA, Nonthesis Track
- Interdisciplinary Studies MA, Thesis Track

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants must choose a track in this program. Track(s) may have different requirements.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Interdisciplinary Studies MA, Nonthesis Track

College: Graduate Studies	Degree: MA
Department: Interdisciplinary Studies	Option: Nonthesis
Program Websites: https://www.graduate.ucf.edu/IDS/	
Graduate Program Handbook	

Track Description

The Nonthesis Track in the Master of Arts in Interdisciplinary Studies program allows students the flexibility to develop an individually tailored plan of study using courses traditionally associated with MA degrees. This track can combine a variety of concentrations and culminates in a capstone experience. The precision program is designed to help students prepare for applied, non-research oriented careers.

This is an excellent program for a number of endeavors appropriate for the twenty-first century. By combining the knowledge from two disciplines, supported by cross-disciplinary electives, students are able to precisely define their own area of expertise. This unique option is ideal for students who have varied interests that can be connected by a common theme or goal.

Curriculum

The Nonthesis Track in the Interdisciplinary Studies MA program requires 33 credit hours, including 9 credit hours of required courses and 24 credit hours of electives. The elective courses focus on the student's chosen concentrations and culminate in a capstone experience: a project, internship, or comprehensive examination. The choice of capstone experience depends on the student's individual needs and goals.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

The Master of Arts in Interdisciplinary Studies program is designed for students interested in an interdisciplinary precision experience who develop concentrations for their plan of study through courses traditionally associated with MA degrees.

Coursework must be selected so that at least 50 percent of credit hours in the program is taken at the 6000 level. Students must earn course grades of "B" or higher to gain credit toward their master's degree.

Required Courses: 9 Credit Hours

- IDS 6308 - Ways of Knowing **3 Credit Hours**
- A critical thinking and writing course in one of the chosen concentrations or in an area that supports the plan of study (3 credit hours)
- A research methods course in one of the chosen concentrations or in an area that supports the plan of study (3 credit hours)

Elective Courses: 24 Credit Hours

Students take a minimum of 24 credit hours of electives, including two concentrations of 9 credit hours each of restricted electives and 6 credit hours of unrestricted electives. The unrestricted electives can be from either concentration or additional areas that support the capstone project or intended use of the degree. Students who choose one of the pre-approved concentrations such as Diversity and Inclusion or Project Management can choose courses from those course listings on our website. Those students do not need to list 2 concentrations.

Course and concentration selections are done in consultation with and with approval from the program director or academic coordinator.

Restricted Elective Courses: 18 Credit Hours

- Three courses in the first concentration (9 Credit Hours)

- Three courses in the second concentration (9 Credit Hours)

Unrestricted Elective Courses: 6 Credit Hours

- Two additional elective courses (6 credit hours)

Capstone

Students choose to complete a project, an internship, or a written comprehensive examination as their capstone experience.

The capstone project should reflect a combination of the two concentrations in the degree by finding an applied policy area, special topic, or issue that crosses both areas. Some examples of project types include: writing a grant proposal for an agency, program evaluation and recommendations, or a "best practices" literature review in a particular area. Students must choose three advisers for the project, one from each concentration area and one from any supporting discipline. The project will be evaluated on a pass/fail basis.

Students who feel an internship will best support their plan of study and professional goals will enroll in IDS 5949 Co-op Interdisciplinary Study (0 credits) and IDS 6949 Co-op Interdisciplinary Study (3 credits) after locating an acceptable internship host site, with the approval of the program coordinator.

The written examination will entail the selection of an exam committee of three faculty who will formulate questions to address both concentration areas. The student will have 48 hours to complete the take-home exam and it should be completed in their final semester of enrollment. The exam will be graded on a pass/fail basis. If the student does not pass both questions with a 70% or higher, the student will have two additional chances to retake the exam with new questions. The exam can be taken only once per semester.

Independent Learning

The program is designed to provide numerous independent learning opportunities. The required methods course will introduce students to research methodology that they will apply to independent research/capstone work. IDS 6308 acquaints students with interdisciplinarity through the use of student-driven analyses, discussions, and presentations. The required critical thinking and writing course involves students in verbal and written discussions, analyses, and critiques of work they create and from the published literature.

Additionally, the completion of the capstone experience will require independent learning that will be evaluated by faculty in the specified disciplines.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Personal statement addressing the following three items: (a.) Description of the two intended concentrations, (b.) What problems or issues are addressed by combining these concentrations, and (c.) What contribution(s) can the interdisciplinary combination make to society, a field of study, etc.
- Résumé.

- Three letters of recommendation (prefer academic references).
- Proposed program of study identifying the two concentrations and potential courses the student would take if admitted.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Applicants should note the minimal requirements for admission to the program, although meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Application Deadlines

Nonthesis	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jun 1	Nov 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Interdisciplinary Studies MA, Thesis Track

College: Graduate Studies	Degree: MA
Department: Interdisciplinary Studies	Option: Thesis
Program Websites: https://www.graduate.ucf.edu/IDS/	
Graduate Program Handbook	

Track Description

The Thesis Track in the Master of Arts in Interdisciplinary Studies program allows students the flexibility to develop an individually tailored plan of study using courses traditionally associated with MA degrees. This precision track can

combine a variety of concentrations and culminates in a research thesis, which provides excellent preparation for a future doctoral degree or a research-oriented career.

The Master of Arts in Interdisciplinary Studies is an excellent program for a number of endeavors in the twenty-first century. By combining the knowledge from two disciplines, supported by cross-disciplinary electives, students are able to precisely define their own area of expertise. This unique option is ideal for students who have varied interests that can be connected by a common theme or goal.

Curriculum

The Thesis Track in the Master of Arts in Interdisciplinary Studies program requires 33 credit hours, including 6 credit hours of required courses, 18 credit hours of restricted electives, 3 credit hours of an unrestricted elective, and 6 credit hours of thesis research.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

Course work must be selected so that at least 50 percent of credit hours in the program is taken at the 6000 level. Students must earn course grades of "B" or higher to gain credit toward the master's degree.

Required Courses: 6 Credit Hours

- IDS 6308 - Ways of Knowing **3 Credit Hours**
- A research methods course in one of the chosen concentrations **3 Credit Hours**

Elective Courses: 21 Credit Hours

Course and concentration selections are done in consultation with and with approval of the program director or academic coordinator, as well as with the student's faculty adviser and thesis committee.

Restricted Elective Courses: 18 Credit Hours

Students take at least 9 credit hours of courses in each of two concentrations for a total of 18 credit hours.

- Electives in the first concentration **9 Credit Hours**
- Electives in the second concentration **9 Credit Hours**

Unrestricted Elective Course: 3 Credit Hours

- Unrestricted elective **3 Credit Hours**

Thesis: 6 Credit Hours

Students should select a faculty adviser and form a thesis committee of two additional members no later than their third semester in the program. Before officially beginning work on the thesis, the student must submit a thesis proposal to the committee for approval. This proposal must cover the thesis topic and plan of approach. By the end of their degree, students will complete 6 credit hours of thesis and successfully defend their thesis. The thesis consists of a common theme with an introduction and literature review, details of the study, and results and conclusions. The thesis must be prepared and submitted in writing as well as presented and defended orally.

- IDS 6971 Thesis **6 Credit Hours**

Independent Learning

The thesis serves as the independent learning experience. In addition, the required methods course introduces students to research methodology that they will apply to their independent research work, and IDS 6308 acquaints them with interdisciplinarity through the use of student-driven analyses, discussions, and presentations.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the Admissions, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Personal statement addressing the following three items: (a.) Description of the two intended concentrations, (b.) What problems or issues are addressed by combining these concentrations, and (c.) What contribution(s) can the interdisciplinary combination make to society, a field of study, etc.
- Résumé.
- Three letters of recommendation (prefer academic references).
- Proposed program of study identifying the two concentrations and potential courses the student would take if admitted.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Applicants should note the minimal requirements for admission to the program, although meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Application Deadlines

Thesis	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jun 1	Nov 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Interdisciplinary Studies MS

College: Graduate Studies	Degree: MS
Department: Interdisciplinary Studies	
Program Websites: https://www.graduate.ucf.edu/IDS/	
Graduate Program Handbook	

Program Description

The Master of Science in Interdisciplinary Studies is a unique program designed for students who want to develop their own precision degree program by combining areas of study traditionally associated with a Master of Science (Engineering, Life and Physical Sciences, etc.). Students have the flexibility to create an individually tailored plan by choosing two concentrations that culminate in either a thesis or nonthesis experience based on their future aspirations.

The Nonthesis Track culminates in a capstone experience that prepares students for applied, non-research oriented careers.

The Thesis Track culminates in a scholarly publication that includes original research undertaken during your time as a graduate student. This provides excellent preparation for the future pursuit of a doctoral degree or research-oriented career.

Program Tracks

- Interdisciplinary Studies MS, Nonthesis Track
- Interdisciplinary Studies MS, Thesis Track

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants must choose a track in this program. Track(s) may have different requirements.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial

assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Interdisciplinary Studies MS, Nonthesis Track

College: Graduate Studies	Degree: MS
Department: Interdisciplinary Studies	Option: Nonthesis
Program Websites: https://www.graduate.ucf.edu/IDS/	
Graduate Program Handbook	

Track Description

The Nonthesis Track in the Master of Science in Interdisciplinary Studies program allows students the flexibility to develop an individually tailored plan of study using courses traditionally associated with MS degrees. This track can combine a variety of concentrations and culminates in a capstone experience. The precision program is designed to help students prepare for applied, non-research oriented careers.

The Master of Science in Interdisciplinary Studies is an excellent program for a number of endeavors appropriate for the twenty-first century. By combining the knowledge from two disciplines, supported by cross-disciplinary electives, students are able to precisely define their own area of expertise. This unique option is ideal for students who have varied interests that can be connected by a common theme or goal.

Curriculum

The Nonthesis Track in the Interdisciplinary Studies MS program requires 33 credit hours, including 9 credit hours of required courses and 24 credit hours of electives. The elective courses focus on the student's chosen concentrations and culminate in a capstone experience of a project, internship, or comprehensive examination. The choice of capstone experience depends on the student's individual needs and goals.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

Course work must be selected so that at least 50 percent of credit hours in the program is taken at the 6000 level. Students must earn course grades of "B" or higher to gain credit toward the master's degree.

Required Courses: 9 Credit Hours

- IDS 6308 - Ways of Knowing **3 Credit Hours**
- IDS 6351 - Critical Thinking and Writing **3 Credit Hours**
- A research methods course in one of the chosen concentrations **3 Credit Hours**

Restricted Elective Courses: 24 Credit Hours

Students take a minimum of 24 credit hours of electives, including two concentrations of 9 credit hours each of restricted electives and 6 credit hours of unrestricted electives. The additional electives can be from either

concentration or additional areas that support the capstone project or intended use of the degree. Students who choose one of the pre-approved concentrations such as Diversity and Inclusion or Project Management can choose courses from those course listings on our website. Those students do not need to list 2 concentrations.

Course and concentration selections are done in consultation with and with approval from the program director or academic coordinator.

Restricted Elective Courses: 18 Credit Hours

- Three courses in the first concentration **9 Credit Hours**
- Three courses in the second concentration **9 Credit Hours**

Unrestricted Electives: 6 Credit Hours

- Two additional elective courses **6 Credit Hours**

Capstone

Students choose to complete a project, an internship, or a written comprehensive examination as their capstone experience.

The capstone project should reflect a combination of the two concentrations in the degree by finding an applied policy area, special topic, or issue that crosses both areas. Some examples of project types include: writing a grant proposal for an agency, program evaluation, and recommendations, or a "best practices" literature review in a particular area. Students must choose three advisers for the project—one from each concentration area and one from a complementary discipline. The project will be evaluated on a pass/fail basis.

The written examination will entail the selection of an exam committee of three faculty that will formulate questions to address both concentration areas. The student will have 48 hours to complete the take-home exam and it should be completed in their final semester of enrollment. The exam will be graded on a pass/fail basis. If the student does not pass both questions with a 70% or higher, the student will have two additional chances to retake the exam with new questions. The exam can be taken only once per semester.

Independent Learning

The program is designed to provide numerous independent learning opportunities. The required methods course introduces students to research methodology that they will apply to independent research/capstone work. IDS 6308 acquaints students with interdisciplinarity through the use of student-driven analyses, discussions, and presentations. IDS 6351 engages students in verbal and written discussions, analyses and critiques of work they create and from the published literature.

Additionally, the completion of the capstone experience will require independent learning that will be evaluated by the faculty in the specified disciplines.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Personal statement addressing the following three items: (a.) Description of the two intended concentrations, (b.) What problems or issues are addressed by combining these concentrations, and (c.) What contribution(s) can the interdisciplinary combination make to society, a field of study, etc.
- Résumé.
- Three letters of recommendation (prefer academic references).
- Proposed program of study identifying the two concentrations and potential courses the student would take if admitted.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Applicants should note the minimal requirements for admission to the program, although meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Application Deadlines

Nonthesis	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jun 1	Nov 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Interdisciplinary Studies MS, Thesis Track

College: Graduate Studies	Degree: MS
Department: Interdisciplinary Studies	Option: Thesis
Program Websites: https://www.graduate.ucf.edu/IDS/	
Graduate Program Handbook	

Track Description

The Thesis Track in the Master of Science in Interdisciplinary Studies program allows students the flexibility to develop an individually tailored plan of study using courses traditionally associated with MS degrees. This precision track can combine a variety of concentrations and culminates in a research thesis, which provides excellent preparation for a future doctoral degree or a research-oriented career.

The Master of Science in Interdisciplinary Studies is an excellent program for a number of endeavors in the twenty-first century. By combining the knowledge from two disciplines, supported by cross-disciplinary electives, students are able to precisely define their own area of expertise. This unique option is ideal for students who have varied interests that can be connected by a common theme or goal.

Curriculum

The Thesis Track in the Master of Science in Interdisciplinary Studies program requires 33 credit hours, including 6 credit hours of required courses, 18 credit hours of restricted electives, 3 credit hours of an unrestricted elective, and 6 credit hours of thesis research.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

Coursework must be selected so that at least 50 percent of credit hours in the program is taken at the 6000 level. Students must earn course grades of "B" or higher to gain credit toward the master's degree.

Required Courses: 6 Credit Hours

- IDS 6308 - Ways of Knowing **3 Credit Hours**
- A research methods course in one of the chosen concentrations **3 Credit Hours**

Elective Courses: 21 Credit Hours

Restricted Elective Courses: 18 Credit Hours

Students take a minimum of 18 credit hours in restricted electives, including two concentrations of 9 credit hours of courses each. Course and concentration selections are done in consultation with and with approval of the program director or academic coordinator, as well as with the student's faculty adviser and thesis committee.

- Three courses in the first concentration **9 Credit Hours**
- Three courses in the second concentration **9 Credit Hours**

Unrestricted Elective Course: 3 Credit Hours

- Unrestricted elective **3 Credit Hours**

Thesis: 6 Credit Hours

Students should select a faculty adviser and form a thesis committee of two additional members by their third semester in the program. Before officially beginning work on the thesis, the student must submit a thesis proposal to the committee for approval. This proposal must cover the thesis topic and plan of approach. By the end of their degree, students will complete 6 credit hours of thesis and successfully defend their thesis. The thesis consists of a common theme with an introduction and literature review, details of the study, and results and conclusions. The thesis must be prepared and submitted in writing as well as presented and defended orally.

- IDS 6971 Thesis **6 credit hours**

Independent Learning

The thesis serves as the independent learning experience. In addition, the required methods course introduces students to research methodology that they will apply to independent research work, and IDS 6308 acquaints students with interdisciplinarity through the use of student-driven analyses, discussions and presentations.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Personal statement addressing the following three items: (a.) Description of the two intended concentrations, (b.) What problems or issues are addressed by combining these concentrations, and (c.) What contribution(s) can the interdisciplinary combination make to society, a field of study, etc.
- Résumé.
- Three letters of recommendation (prefer academic references).
- Proposed program of study identifying the two concentrations and potential courses the student would take if admitted.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Applicants should note the minimal requirements for admission to the program, although meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

K-8 Mathematics and Science Education MEd

College: Community Innovation and Education	Degree: MEd
Department: School of Teacher Education	Option: Thesis, Nonthesis
Program Websites: https://ccie.ucf.edu/teachered/k-12/	
Graduate Program Handbook	

Program Description

The Master of Education in K-8 Mathematics and Science Education program prepares teachers to improve the quality of teaching and learning in mathematics and science in grades K-8.

Curriculum

The K-8 Mathematics and Science Education MEd program requires a minimum of 36 credit hours beyond the bachelor's degree, including 15 credit hours of core courses, 15 credit hours of specialization content pedagogical courses, and six credit hours of thesis work or the nonthesis option, which focuses on either completing and submitting findings of a research project to a refereed journal or developing a portfolio in preparation for National Board Certification for Teachers.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 30 Credit Hours

Core: 15 Credit Hours

- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours**
- EEX 6342 - Seminar-Critical Issues in Special Education **3 Credit Hours**
- IDS 6937 - Teaching Mathematics and Science Using Reform-Based Practices **3 Credit Hours**
- IDS 6939 - Reforming Curriculum in Mathematics and Science Education **3 Credit Hours**
- IDS 6516 - Leadership Development for Mathematics and Science Teachers **3 Credit Hours**

Specialization: 15 Credit Hours

The following courses provide the content pedagogical courses for the K-8 Mathematics and Science Education MEd program.

- SCE 5836 - Space and Physical Science for Educators **3 Credit Hours**
- ISC 6146 - Environmental Education for Educators **3 Credit Hours**
- MAE 6899 - Seminar in Teaching Mathematics **3 Credit Hours**
- MAE 6318 - Current Methods in Elementary School Mathematics **3 Credit Hours**
- MAE 6641 - Problem Solving and Critical Thinking Skills **3 Credit Hours**

Thesis Option: 6 Credit Hours

- IDS 6971 - Thesis

A thesis is optional for this program; the following information is intended for those choosing to complete a thesis.

The College of Graduate Studies Thesis and Dissertation page (<https://graduate.ucf.edu/thesis-and-dissertation/>) contains information on the university's requirements for dissertation formatting, format review, defenses, final submission, and more. A step-by-step completion guide is also available on the Thesis and Dissertation Services (https://apps.graduate.ucf.edu/ETD_Student_Services/) site.

The following requirements must be met by dissertation students in their final term:

- Submit a properly formatted file for initial format review by the format review deadline
- Submit the Thesis and Dissertation Release Option form well before the defense
- Defend by the defense deadline
- Receive format approval (if not granted upon initial review)
- Submit signed approval form by final submission deadline

- Submit final thesis or dissertation document by final submission deadline

Nonthesis Option: 6 Credit Hours

A non-thesis option is available for this program; the following information is intended for those choosing a non-thesis option, which involves the completion of an action research.

Non-thesis scholars will engage in an **action research** analyzing an issue or challenge in their own classroom teaching practice or school procedures in the areas of mathematics and/or science. An action research project includes the application of research methodologies, literature review, data collection, and data analysis. As part of Capstone Course, the culminating activities are final paper report and poster presentation of the action research project. A research advisor will be selected to collaborate with the scholar in the development of the action research.

In this context, **action research** refers to a wide variety of evaluative, investigative, and analytical research methods designed to diagnose problems or weaknesses (organizational, academic, or instructional) and help teachers develop practical solutions to address them quickly and efficiently. The general goal is to investigate a practical approach that leads to increasingly better results for schools, teachers, or programs.

It typically follows a predefined process; for example: 1. identify a problem to be studied, 2. collect data on the problem, 3. organize, analyze, and interpret the data, 4. develop a plan to address the problem, 5. implement the plan, 6. evaluate the results of the actions taken, 7. identify a new problem, and 8. if necessary, repeat the process.

Unlike more formal research studies, such as those conducted by universities and published in peer-reviewed scholarly journals, action research is typically conducted by the teachers working school being studied. It involves less formal, prescriptive, or theory-driven research methods, since the goal is to address practical problems in a specific school or classroom, rather than produce independently validated and reproducible findings. It is typically focused on solving or answering a specific question; for example, Why are so many of our ninth graders failing mathematics?

- IDS 6910 - Research in Mathematics and Science Education **3 Credit Hours**
- EDG 6329 - Quality Teaching Practices **3 Credit Hours**

Independent Learning

A thesis or action research project is required.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Three years of teaching experience.
- Recommendation letter by a school principal.
- A professional Florida teaching certificate in one of the following areas: elementary education, mathematics education (middle school or secondary), or science education (middle school or secondary).
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

K-8 Mathematics and Science Education program applications are accepted for admission to the summer term only. For information regarding the Lockheed Martin/UCF Academy for Mathematics and Science please visit <http://education.ucf.edu/lmacad/index.cfm>.

Application Deadlines

K-8 Mathematics and Science Education MEd	*Fall Priority	Fall	Spring	Summer
Domestic Applicants			Dec 1	Apr 1
International Applicants				Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Kinesiology MS

College: Health Professions and Sciences	Degree: MS
Department: Kinesiology and Physical Therapy	Option: Thesis, Non-Thesis, Anatomical Sciences Specialization
Program Websites: https://healthprofessions.ucf.edu/kinesiology/	
Graduate Program Handbook	

Program Description

The Master of Science in Kinesiology provides an in-depth study of applied human physiology and how it relates to exercise, athletic performance and health and wellness across the lifespan.

Curriculum

The Master of Science in Kinesiology offers Non-Thesis options, a Thesis option, and an Anatomical Sciences Specialization for students. All options require a minimum of 36 credit hours, with at least 18 credit hours of coursework at the 6000 level. All students are automatically placed in the Non-Thesis option. Students wishing to pursue the Thesis option must receive approval from the graduate program director and have a commitment from a faculty member to serve as the thesis committee chair. Due to limited enrollment, students wishing to pursue the Anatomical Sciences Specialization must also receive approval from the graduate program director.

Students in the Non-Thesis option are required to participate in a practicum (APK 6946) that will serve as their culminating graduate experience or take an independent learning experience (PET 6910 - Problem Analysis - Review of Literature) that involves a detailed literature review specific to a subject area of the student's interest under the supervision of graduate faculty.

The Anatomical Sciences Specialization provides a depth of understanding of the anatomical sciences and substantial hands-on experience in the gross anatomy laboratory. Students interested in pursuing the Anatomical Sciences Graduate Certificate (<https://healthprofessions.ucf.edu/physicaltherapy/anatomical-sciences/>) must gain admission to the certificate program and complete the specified electives, which may be substituted for elective courses listed below.

UCF undergraduates who meet departmental eligibility requirements may enroll in up to nine credit hours of graduate courses in the Kinesiology MS program as part of the Senior Scholars program. Graduate courses completed as a Senior Scholar may be used toward the undergraduate degree and the graduate program of study if admitted to the Kinesiology MS program at UCF. Permission to participate in the Senior Scholar program must be obtained from both the student's undergraduate advisor and the Kinesiology MS program director before enrolling in the graduate courses.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Core Courses: 12 Credit Hours

- APK 6713 - Research Methods in Kinesiology **3 Credit Hours**
- PET 5355 - Exercise Physiology I **3 Credit Hours**
- PET 6389 - Exercise Physiology II **3 Credit Hours**
- PET 6515 - Assessment and Evaluation in Kinesiology **3 Credit Hours**

Non-Thesis Option I: 24 Credit Hours

Non-Thesis students using Option I must take the following:

- APK 6946 - Practicum, Clinical Practice **0 - 99 Credit Hours**
- 18-21 credit hours of electives

Non-Thesis Option II: 24 Credit Hours

Non-Thesis students using Option II must take the following:

- PET 6910 - Problem Analysis - Review of Literature **3 Credit Hours**
21 credit hours of electives

Thesis Option: 24 Credit Hours

Thesis option students must take the following courses.

- APK 6971 - Thesis
- **APK 6703 - Statistical Methods in Kinesiology 3 Credit Hours**
15 credit hours of electives

Anatomical Sciences Specialization: 24 Credit Hours

Anatomical Sciences Specialization students must take the following courses.

- **PHT 6115C - Gross Anatomy/Neuroscience I 6 Credit Hours**
- **PHT 6118C - Gross Anatomy/Neuroscience II 6 Credit Hours**
- **PHT 6119L - Seminar in Anatomical Sciences Techniques 3 Credit Hours**
- **PHT 6510 - Administration of Anatomical Sciences Laboratory 3 Credit Hours**
6 credit hours of electives (see https://catalog.ucf.edu/preview_program.php?catoid=17&poid=7782 for courses relevant in obtaining the Anatomical Sciences Graduate Certificate)

Elective Courses

All electives are selected in conjunction with the student's graduate advisor or the graduate coordinator. Students can choose from the following courses.

- **APK 6703 - Statistical Methods in Kinesiology 3 Credit Hours**
- **PET 6096 - Youth Physical and Athletic Development 3 Credit Hours**
- **PET 6335 - Functional Anatomy and Kinesiology 3 Credit Hours**
- **PET 6357C - Environmental Perturbation and Human Performance 3 Credit Hours**
- **PET 6363 - Dietary and Nutritional Supplementation for Athletic Performance 3 Credit Hours**
- **PET 6366 - Exercise, Nutrition and Weight Control 3 Credit Hours**
- **PET 6372 - Physical Activity and Nutritional Epidemiology 3 Credit Hours**
- **PET 6376 - Sport Nutrition 3 Credit Hours**
- **PET 6381 - Physiology of Neuromuscular Mechanisms 3 Credit Hours**
- **PET 6388 - Cardiovascular Physiology 3 Credit Hours**
- **PET 6395 - Program Design in Strength and Conditioning 3 Credit Hours**
- **PET 6521 - Exercise Physiology Instrumentation 3 Credit Hours**
- **PET 6690 - Exercise Prescription for Special Populations 3 Credit Hours**
- **PET 7387 - Exercise Endocrinology 3 Credit Hours**

Equipment Fee

Full-time students in the Kinesiology MS program pay a \$28 equipment fee each semester that they are enrolled. Part-time students pay \$14 each semester that they are enrolled.

Independent Learning

All students are required to complete a practicum, literature review, or thesis in conjunction with their coursework.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Personal statement discussing reasons for selecting the Kinesiology degree program, career goals, and how this degree will support the stated career goals.
- Two letters of recommendation from previous faculty or supervisors who can speak to the applicant's abilities to be successful in graduate school.
- Résumé for curriculum vitae (CV).
- Video Essay
- While not required, applicants are encouraged to submit official GRE scores taken within the last five years for potential consideration for fellowships, scholarships, and assistantships.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Kinesiology MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1		Apr 1
International Applicants	Jan 15	Jan 15		Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Management MSM

College: Business Administration	Degree: MSM
Department: Management	
Program Websites: http://www.business.ucf.edu/graduate-programs	
Graduate Program Handbook	

Program Description

The Master of Science in Management offers 4 track options.

Three tracks are a Professional MS in Management: Business Analytics Track; Human Resources Track; and Entrepreneurship track. Each are taught in a 20-month, cohort format at the UCF Downtown Orlando Campus. They are designed to allow the busy professional to work full-time while earning their degree. Classes meet two times per week and class size is limited. Each of these track options provides a blend of advanced management courses combined with specialty courses.

These professional tracks charge market rate tuition and are considered part-time. The tuition is the same for Florida residents and non-residents.

The fourth track, Integrated Business, is designed for recent non-business undergraduates and emphasizes the development of applied business skills through a team-based, active learning approach, and creates well-rounded multi-disciplinarians who will thrive in environments that require them to take on multiple roles and responsibilities for their employer. This track is a 12-month, full-time daytime program held at UCF's main campus.

This track is considered full time and tuition is based on the current graduate in-state and out-of-state graduate tuition rates.

Program Tracks

- Management MSM, Business Analytics Track
- Management MSM, Human Resources Track
- Management MSM, Entrepreneurship Track
- Management MSM, Integrated Business Track

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants must select a track when applying to the MS in Management program. Tracks have different requirements and deadlines.

Financials

Management MSM, Business Analytics Track

College: Business Administration	Degree: MSM
Department: Management	Option: Nonthesis
Program Websites: http://www.business.ucf.edu/graduate-programs	
Graduate Program Handbook	

Track Description

The MS in Management/Business Analytics provides students with the specialized skills necessary to respond to challenges of the new data-intensive business world of today.

The 30-credit hour, ten-course curriculum introduces students to the main quantitative methods and software tools of business analytics, a subfield of data science; namely, those used in numerical, optimization, simulation, and statistical methods. Designed for those interested in using quantitative methods to uncover economic relationships, to construct predictive models, and to communicate business intelligence, the curriculum provides students with the knowledge necessary in making informed business decisions. Specifically, students will learn how to acquire, organize, manage, and analyze data, in addition to gaining experience with software tools commonly used in the industry (such as Python, R, and SQLite). Through a combination of case studies, hands-on lectures, and group projects, students will gain valuable experience in using quantitative methods to solve business problems. The program culminates in an applied capstone project that uses these methods and tools to solve an empirical problem.

- A 20-month program offered in Downtown Orlando
- Limited class size, cohort program
- Classes meet 2 evenings per week
- No work experience requirement
- Diagnostic testing required for admission

The MS in Management/Business Analytics program is taught at UCF's Downtown Orlando campus. Students will find a high level of personal attention from program administrators from the moment they apply. Ideal candidates for this degree are students with an understanding of statistics and quantitative methods but come from a variety of degree fields such as business, economics, finance, statistics, information systems and engineering.

Prerequisites: Minimum of college-level microeconomics, statistics or quantitative methods and calculus courses required.

This program is a professional program with a market rate tuition and is considered a part-time program. The tuition is the same for Florida residents and non-residents. Please visit www.business.ucf.edu/graduate-programs for more information.

This program is accredited by AACSB International.

Curriculum

The Business Analytics track in the Professional Master of Science in Management provides students with the specialized skills necessary to respond to challenges of the new data-intensive, decision-making business world of today. Students become business analysts skilled in the collection, management, analysis, interpretation, and application of data to aid in more informed and successful business decisions. Skills learned in this degree are applicable across industries and organizations whether they be large or small, for-profit, or nonprofit.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 30 Credit Hours

- QMB 6010 - Mathematical Tools for Business Analytics **3 Credit Hours**
- QMB 6358 - Software Tools for Business Analytics **3 Credit Hours**
- STA 6136 - Probability and Statistics for Business Analytics **3 Credit Hours**
- QMB 6357 - Microeconomic Analysis for Business Analytics **3 Credit Hours**
- QMB 6304 - Data Visualization **3 Credit Hours**
- MAN 6721 - Applied Strategy and Business Policy **3 Credit Hours**
- QMB 6912 - Capstone Project in Business Analytics **3 Credit Hours**
- STA 5104 - Advanced Computer Processing of Statistical Data **3 Credit Hours**
- STA 5735 - Fundamental Data Analytical Methodology with Business Applications **3 Credit Hours**
- STA 5736 - Advanced Data Analytical Methodology with Business Applications **3 Credit Hours**

Course Sequence

The MSM Business Analytics is a 10-course program. The courses are pre-selected and set in a lock-step sequence in the order below.

- QMB 6010 - Mathematical Tools for Business Analytics **3 Credit Hours**
- QMB 6358 - Software Tools for Business Analytics **3 Credit Hours**
- QMB 6357 - Microeconomic Analysis for Business Analytics **3 Credit Hours**
- QMB 6304 - Data Visualization **3 Credit Hours**
- STA 5104 - Advanced Computer Processing of Statistical Data **3 Credit Hours**
- STA 6136 - Probability and Statistics for Business Analytics **3 Credit Hours**
- STA 5735 - Fundamental Data Analytical Methodology with Business Applications **3 Credit Hours**
- MAN 6721 - Applied Strategy and Business Policy **3 Credit Hours**

- STA 5736 - Advanced Data Analytical Methodology with Business Applications **3 Credit Hours**
- QMB 6912 - Capstone Project in Business Analytics **3 Credit Hours**

Capstone Course

The MSM Business Analytics capstone course, QMB 6911, Capstone Project in Business Analytics is required for all students. This capstone course integrates all the tools developed in the program to solve an empirical problem and gives students practical experience.

- QMB 6912 - Capstone Project in Business Analytics **3 Credit Hours**

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide the following:

- Official transcripts from each college/university attended.
- Current Resume.
- Prepare a goal statement that answers the following questions. Please limit to 1000 words.
 - Describe what motivated you either professionally or personally to pursue a master's degree.
 - Describe the steps you took to select UCF and this program. Include how long you have been considering graduate school and how you learned about this program.
 - Describe a specific academic experience or professional business skill you hope to acquire through the program and how you plan to use it going forward.
- Three professional letters of recommendation or three e-mail addresses of recommenders. **One recommendation must be from a previous or current supervisor.**
- If your degree was not received in the U.S., you must also send one copy of each transcript to an accredited evaluation service for a course-by-course evaluation showing the equivalent of a U.S. bachelor's degree. We accept either World Education Services (WES) www.wes.org or Josef Silny www.jsilny.com/. Please request that your official transcripts be sent to UCF along with your transcript evaluation.
- If your native language is not English *and* you do not have a degree from a U.S. institution or English instruction institution, you will be required to submit a Test of English as a Foreign Language (TOEFL) score or an IELTS English Language Test score. For TOEFL a minimum score of 577 paper-based; 233 computer-based; or 91 Internet-based. For IELTS a minimum score of 7.0 is required. For more information on exams and locations, go to www.ets.org/toefl.

Review Process. Your application will be reviewed once all required documents are received. If approved by the Admissions Committee, you will then be contacted to complete diagnostic testing. Admission decisions are made after the diagnostic testing scores are received and reviewed by the Admissions Committee.

The GMAT is not required for Executive or Professional degree programs in the College of Business.

Early application tuition discounts are available for this program. For application and tuition discount details, view our Graduate Admissions page.

Application Deadlines

Management MSM, Entrepreneurship Track

College: Business Administration	Degree: MSM
Department: Management	
Program Websites: http://www.business.ucf.edu/graduate-programs	
Graduate Program Handbook	

Track Description

The Entrepreneurship Track in the Professional Master of Science in Management program is designed for students, working professionals and aspiring entrepreneurs who are interested in developing and implementing new programs, projects, or ventures within their organizations and industries. The program is organized to mirror the phases of startup processes – discovery, planning, and implementation – so that students can work on developing their own startup venture proposals while earning a valuable graduate degree.

This program is a professional program with a market rate tuition and is considered a part-time program. The tuition is the same for Florida residents and non-residents. Please visit www.business.ucf.edu/graduate-programs for more information.

This program is accredited by AACSB International.

Curriculum

This 30-hour experiential program provides an alternative to the MBA degree for students who desire specialized study in creative and entrepreneurial thinking.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Restricted Core Courses—15 Credit Hours

Students take five courses, selected by the program advisor, from the courses listed below.

- GEB 6895 - Business Intelligence **3 Credit Hours**
- MAN 6245 - Organizational Behavior and Development **3 Credit Hours**
- MAN 6915 - Applied Field Project **3-6 Credit Hours**
- MAN 6325 - Applied Research Tools **3 Credit Hours**
- QMB 6010 - Mathematical Tools for Business Analytics **3 Credit Hours**
- MAN 6305 - Human Resources Management **3 Credit Hours**
- MAN 6721 - Applied Strategy and Business Policy **3 Credit Hours**
- MAN 6311 - Advanced Topics in Human Resources Management **3 Credit Hours**

Specialization Courses—12 Credit Hours

Students take the four courses listed below.

- ENT 5619 - Creativity and Entrepreneurship **3 Credit Hours**
- ENT 5016 - New Venture Design **3 Credit Hours**
- ENT 5206 - New Venture Implementation **3 Credit Hours**
- ENT 6617 - Innovation and Entrepreneurship Strategy **3 Credit Hours**

Capstone Course—3 Credit Hours

ENT 6900, the capstone course portfolio, is required for all students. This portfolio course provides students with an opportunity to achieve new venture development milestones, demonstrate specific entrepreneurial competencies associated with those milestones, and connect with community experts tasked with assessing their efforts.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- Official transcripts from each college/university attended.
- Current Resume.
- Prepare a goal statement that answers the following questions. Please limit to 1000 words.
 - Describe what motivated you either professionally or personally to pursue a master's degree.
 - Describe the steps you took to select UCF and this program. Include how long you have been considering graduate school and how you learned about this program.
 - Describe a specific academic experience or professional business skill you hope to acquire through the program and how you plan to use it going forward.
- Three professional letters of recommendation or three e-mail addresses of recommenders. **One recommendation must be from a previous or current supervisor.**

- If your degree was not received in the U.S., you must also send one copy of each transcript to an accredited evaluation service for a course-by-course evaluation showing the equivalent of a U.S. bachelor's degree. We accept either World Education Services (WES) www.wes.org or Josef Silny www.jsilny.com/. Please request that your official transcripts be sent to UCF along with your transcript evaluation.
- If your native language is not English *and* you do not have a degree from a U.S. institution or English instruction institution, you will be required to submit a Test of English as a Foreign Language (TOEFL) score or an IELTS English Language Test score. Management MSM, Human Resources Track

College: Business Administration	Degree: MSM
Department: Management	Option: Nonthesis
Program Websites: http://www.business.ucf.edu/graduate-programs	
Graduate Program Handbook	

Track Description

The Human Resources Track in the Professional Master of Science in Management curriculum is formally aligned with the Society of Human Resources Management (SHRM). It is designed for working professionals who aspire to become leaders in human resource management or general management.

This 30-hour program provides an alternative to the MBA degree for students who desire specialized study in management and human resources and seek employment or career advancement in the areas of human resources, strategic planning, organizational effectiveness, staffing, compensation and employee relations.

- 20-month program offered in downtown Orlando
- Limited class size, cohort program
- Classes meet Monday and Wednesday evenings
- Minimum two year professional work experience requirement
- Personal interview required for admission

The innovative curriculum combines general management and strategic business classes with advanced coursework in management of human resources. It provides students with the latest business techniques and knowledge required to succeed in today's competitive marketplace. One main component of the program is a focus on developing practices and methods that align human resources activities with organizational strategies and provide students with the knowledge required to successfully anticipate, plan, and carry out changes.

Students with a wide variety of backgrounds, including those with degrees in business, education, hospitality, nursing, and psychology are encouraged to apply.

This program is a professional program with a market rate tuition, and is considered a part-time program. The tuition is the same for Florida residents and nonresidents. Please visit www.business.ucf.edu/graduate-programs for more information.

This program is accredited by AACSB International.

Curriculum

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Restricted Core Courses—15 Credit Hours

Students take five courses, selected by the program advisor, from the courses listed below.

- MAN 6325 - Applied Research Tools **3 Credit Hours**
- MAN 6305 - Human Resources Management **3 Credit Hours**
- MAN 6915 - Applied Field Project **3-6 Credit Hours**
- MAN 6245 - Organizational Behavior and Development **3 Credit Hours**
- GEB 6895 - Business Intelligence **3 Credit Hours**
- QMB 6010 - Mathematical Tools for Business Analytics **3 Credit Hours**
- MAN 6311 - Advanced Topics in Human Resources Management **3 Credit Hours**
- MAN 6721 - Applied Strategy and Business Policy **3 Credit Hours**

Restricted Specialization Courses—12 Credit Hours

Students take four courses, selected by the program advisor, from the courses listed below.

- MAN 6385 - Strategic Human Resources Management **3 Credit Hours**
- MAN 6285 - Change Management **3 Credit Hours**
- MAN 6448 - Conflict Resolution and Negotiation **3 Credit Hours**
- MAN 6066 - Ethical Leadership **3 Credit Hours**
- BUL 6444 - Law and Ethics **3 Credit Hours**

- GEB 6518 - Strategic Innovation **3 Credit Hours**
- MAN 6395 - Leadership Development and Coaching **3 Credit Hours**

Capstone Course—3 Credit Hours

The Professional Master of Science in Management/Human Resources (PMSM/HR) capstone course, MAN 6915 - Applied Field Project, is required for all students. This capstone course applies concepts, theories and methods learned earlier in the program to organizational problems in business settings.

Application Requirements

For information on general UCF graduate application requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- Official transcripts from each college/university attended.
- Current Resume.
- Prepare a goal statement that answers the following questions. Please limit to 1000 words.
 - Describe what motivated you either professionally or personally to pursue a master's degree.
 - Describe the steps you took to select UCF and this program. Include how long you have been considering graduate school and how you learned about this program.
 - Describe a specific academic experience or professional business skill you hope to acquire through the program and how you plan to use it going forward.
- Three professional letters of recommendation or three e-mail addresses of recommenders. **One recommendation must be from a previous or current supervisor.**
- If your degree was not received in the U.S., you must also send one copy of each transcript to an accredited evaluation service for a course-by-course evaluation showing the equivalent of a U.S. bachelor's degree. We accept either World Education Services (WES) www.wes.org or Josef Silny www.jsilny.com/. Please request that your official transcripts be sent to UCF along with your transcript evaluation.
- If your native language is not English *and* you do not have a degree from a U.S. institution or English instruction institution, you will be required to submit a Test of English as a Foreign Language (TOEFL) score or an IELTS English Language Test score. For TOEFL a minimum score of 577 paper-based; 233 computer-based; or 91 Internet-based. For IELTS a minimum score of 7.0 is required. For more information on exams and locations, go to www.ets.org/toefl.

Review Process. Your application will be reviewed once all required documents are received. Assuming you meet our admission requirements, you will be contacted to schedule an interview. Admission decisions are made after the interview and review process are complete.

The GMAT is not required for Executive or Professional degree programs in the College of Business.

Early application tuition discounts are available for this program. For application and tuition discount details, view our Graduate Admissions page.

Management MSM, Integrated Business Track

College: Business Administration	Degree: MSM
Department: Management	Option: Nonthesis
Program Websites: http://www.business.ucf.edu/graduate-programs	

Track Description

The Integrated Business track in the Master of Science in Management (MSM/IB) provides students who have a recent, non-business undergraduate degree and limited professional work experience with an introduction to critical, in-demand business processes and helps them develop a wide range of transferable skills that employers value highly. Skills learned in this degree program are applicable across industries and organizations whether they be large or small, for-profit or nonprofit.

This is a full-time, lock-step, one-year program offered on the main campus.

The 30-credit hour, a 10-course curriculum introduces students to business operations from a managerial perspective and to a variety of important business processes that are useful across industries and job titles, including data analysis, human resources management, project management, and sales. In addition, a wide variety of important transferable skills are emphasized, including conflict resolution, critical thinking, data-driven decision making, ethics, leadership, negotiation, oral presentation, teamwork, and written communication. The fully face-to-face program uses a unique flipped-classroom design, which involves providing access to students to online course materials prior to in-class meetings during which students engage in team-based active learning that requires integrating the activities with course materials in practical ways. In this pedagogical model, the instructor serves as a facilitator, consultant, coach, and mentor to the team, rather than a talking head who lectures at the front of the room. The program is designed for recent graduates from non-business disciplines who wish to enter into a professional business career but who do not feel workplace ready. The program culminates in a business strategy class coupled with either an internship or a team-based applied field project.

Highlights:

- A 12-month, full-time program

- 12-hour course load in each of the first two semesters, 6-hour load in the third (final) semester.
- Offered at UCF's main campus
- Cohort (lock-step) program
- Each class meets once per week
- No work experience requirement

Curriculum

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—30 Credit Hours

Students take the 10 courses listed below.

With the permission of the program director, during the third (final) semester in the program a student may substitute a professional internship of no less than 192 hours for MAN 6915 Applied Field Project.

- GEB 6037 - Business Foundations and Career Development **3 Credit Hours**
- ENT 6418 - Small Business Accounting and Finance **3 Credit Hours**
- GEB 6895 - Business Intelligence **3 Credit Hours**
- MAN 6245 - Organizational Behavior and Development **3 Credit Hours**
- MAN 6305 - Human Resources Management **3 Credit Hours**
- MAN 6448 - Conflict Resolution and Negotiation **3 Credit Hours**
- MAN 6581 - Project Management **3 Credit Hours**
- MAN 6721 - Applied Strategy and Business Policy **3 Credit Hours**
- MAR 6416 - Sales and Marketing Strategies **3 Credit Hours**
- MAN 6915 - Applied Field Project **3-6 Credit Hours**

Timeline

First Semester

- GEB 6037 – Business Foundations and Career Development. 3 credit hours. Students will study the concepts, principles, and operations of private enterprise. They will be introduced to the essential functions of modern business management, including marketing, finance, accounting, operations, economics, and human resource management. They will learn how to identify the knowledge, skills, and abilities (KSAs, also known as competencies) associated with success in various job titles and how to map their interests and past educational, work, and life experiences to those KSAs.
- GEB 6895 – Business Intelligence. 3 credit hours. Provides an introduction to a critical thinking process designed to solve business problems that incorporate careful data analysis and persuasive writing.
- MAN 6245 – Organizational Behavior. 3 credit hours. Students learn to analyze human behavior in organizations in terms of the individual, small group, and intergroup relationships, and the total organization.
- MAR 6416 – Sales and Marketing Strategies. 3 credit hours. Students will study strategic issues faced by firms when they seek to market and sell their goods and services. The course will cover the basic principles of marketing and include coverage of digital marketing. Students will also be introduced to the sales process, in both business-to-business (B2B) and business-to-consumer (B2C) markets.

Second Semester

- ENT 6418 – Small Business Accounting and Finance. 3 credit hours. Students will learn concepts of accrual accounting, the contents and uses of financial statements and how they relate to one another, ratio analysis, business structure and valuation, time value of money, cash flow management and budgeting, forecasting, funding courses for various types of businesses, the cost of capital, and capital budgeting.
- MAN 6305 – Human Resources Management. 3 credit hours. Students learn to contribute to the development and implementation of human resource policies and practices. Legal issues and relationships with other business functions are emphasized.
- MAN 6448 – Conflict Resolution and Negotiation. 3 credit hours. The student will come to recognize the pervasiveness and importance of negotiation and acquire a repertoire of negotiating skills. They will develop a systematic and positive approach to negotiating with colleagues, bosses, clients, other stakeholders, and external groups of all kinds—in ways that equip them to deal also with all kinds of conditions and circumstances.
- MAN 6581 – Project Management. 3 credit hours. Students will be introduced to key project management skills and strategies with a focus on methods needed to initiate and manage projects efficiently and effectively. They will study the project management life cycle, defining project parameters, matrix management challenges, effective project management tools and techniques, and the role of a project manager.

Third Semester

- MAN 6915 – Applied Field Project. 3 credit hours.
- MAN 6721 – Applied Strategy and Business Policy. 3 credit hours.

Capstone Course

The Master of Science in Management/Integrated Business (MSM/IB) capstone course, MAN 6915 - Applied Field Project, is required for all MSM/IB students. This capstone course applies concepts, theories and methods learned earlier in the program to organizational problems in business settings.

With the permission of the program director, during the third (final) semester in the program a student may substitute a professional internship of no less than 192 hours for MAN 6915 Applied Field Project.

Application Requirements

For information on general UCF graduate application requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- A Bachelor's degree in a non-business discipline from an accredited institution.
- One official transcript (in a sealed envelope) from each college/university attended.
- A goal statement that explains:
 - What motivated you either professionally or personally to pursue a Master's degree.
 - The steps you took to select this program (include how long you have been considering graduate school and how you learned about this program).
 - A specific academic experience or professional business skill you hope to acquire through the program and how you plan to use it going forward.
- Updated résumé.
- A computer-based score of 233 (or 91 Internet-based score) on the Test of English as a Foreign language (TOEFL) is required if an applicant is from a country where English is not the official language, or if an applicant's degree is not from an accredited U.S. institution, or if an applicant did not earn a degree in a

country where English is the official language or a university where English is the official language of instruction. Although we prefer the TOEFL, we will accept IELTS scores of 7.0.

- Applicants applying to this program whose completed Bachelor's degree is from a college/university outside the U.S. must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are only accepted from World Education Services (WES) or Josef Silny and Associates, Inc.
- GMAT is not required.

Application Deadlines

Integrated Business	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1		
International Applicants	Jan 15	Jan 15		
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded to highly qualified students based on academic merit. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what students should do to be considered for a fellowship.

Marriage, Couple, and Family Therapy MA

College: Community Innovation and Education	Degree: MA
Department: Counselor Education and School Psychology	
Program Websites: https://ccie.ucf.edu/counselored/	
Graduate Program Handbook	

Program Description

The CACREP accredited Marriage, Couple and Family Therapy Master of Arts program prepares students for licensure in marriage and family therapy and practice in agencies, private practice, and other settings. The Marriage, Couple, and Family Therapy Graduate Certificate program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Marriage-Couple-Family-Therapy-MA.pdf>.

As part of the program's pragmatic approach to preparing counselors, in addition to classroom studies, all students complete clinical experiences in the UCF Community Counseling and Research Center and field-based experiences in the community. The UCF Community Counseling and Research Center serves as a hub for training and research in the program, with graduate students providing annual services to over 1,400 individuals, couples, and families in the Central Florida community.

Curriculum

The CACREP accredited Marriage, Couple and Family Therapy MA program prepares students for Florida licensure in marriage and family therapy. The program requires a minimum of 63 credit hours beyond the bachelor's degree, including 6 credit hours of core courses, 45 credit hours of specialization courses (including 3 credit hours of an elective), and 12 credit hours of professional clinical experience.

Total Credit Hours Required: 63 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 51 Credit Hours

Core: 6 Credit Hours

- EDF 6155 - Lifespan Human Development and Learning **3 Credit Hours**
- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**

Specialization: 45 Credit Hours

- MHS 5005 - Introduction to the Counseling Profession **3 Credit Hours**
- MHS 6430 - Family Counseling I **3 Credit Hours**
- MHS 6431 - Family Counseling II **3 Credit Hours**
- MHS 6440 - Couples Counseling **3 Credit Hours**
- MHS 6070 - Diagnosis and Treatment in Counseling **3 Credit Hours**
- MHS 6220 - Individual Psychoeducational Testing I **3 Credit Hours**
- MHS 6400 - Theories of Counseling and Personality **3 Credit Hours**
- MHS 6401 - Techniques of Counseling **3 Credit Hours**
- MHS 6420 - Foundations of Multicultural Counseling **3 Credit Hours**
- MHS 6450 - Addictions Counseling **3 Credit Hours**
- MHS 6470 - Human Sexuality and Relationships **3 Credit Hours**
- MHS 6500 - Group Procedures and Theories in Counseling **3 Credit Hours**
- MHS 6702 - Ethical and Legal Issues **3 Credit Hours**
- SDS 6347 - Career Development **3 Credit Hours**
- Elective approved by adviser **3 Credit Hours**

Professional Clinical Experience: 12 Credit Hours

The clinical experiences are comprised of two sections, Practicum and Internship. Both are experiential in nature and are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program to their work with actual clients. The practicum is conducted on campus in the UCF Community Counseling and Research Center and the internship is conducted at various clinical sites around central Florida.

The clinical experiences are comprised of two sections, Practicum and Internship. Both are experiential in nature and are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program to their work with actual clients. The practicum is conducted on campus in the UCF Community Counseling and Research Center and the internship is conducted at various clinical sites around central Florida.

* Prerequisites for MHS 6803 Practicum in Counselor Education are the following: MHS 5005, MHS 6070, MHS 6400, MHS 6401, MHS 6500, and MHS 6702. A minimum of 27 credit hours are required prior to beginning the practicum.

** The prerequisite for MHS 6830 Counseling Internship is a "B" or better in all sections of MHS 6803 as well as MHS 6420.

- MHS 6803 - Practicum in Counselor Education **3 Credit Hours** *
- MHS 6803 - Practicum in Counselor Education **3 Credit Hours***
- MHS 6830 - Counseling Internship **1-6 Credit Hours** **
- MHS 6830 - Counseling Internship **3 Credit Hours****

Additional Program Requirements

- Achieve at least a GPA of 3.0 in counseling specialization courses.
- Achieve a "B" or better in MHS 5005, MHS 6401, MHS 6803, and MHS 6830.
- Complete a total of 800 hours of clinical experiences, 200 of which will be in the UCF Community Counseling and Research Center and 600 of which are field-based experiences in the community.
- Students in the Marriage, Couple and Family Therapy program must complete 180 hours of marriage and family therapy services (within the 800 total hours of clinical experiences over the course of their practica and internships) in a marriage and family therapy setting.
- Complete a portfolio and receive approval by Counselor Education faculty.
- Complete a professional exit examination.
- Given the experiential, competency, and performance-based nature of the courses taken by Marriage, Couple and Family Therapy students, students are limited to taking a maximum of three (3) courses per semester. However, if students believe they can verify a need to take more than three courses, they should consult with their academic advisor for approval guidelines. Students who have not received prior approval and who register for more than three courses per semester will be administratively dropped from any courses over the maximum load.

Independent Learning

Practica and internships are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program. The internship experience provides students with the practical experience of providing hands-on services for a variety of clients and presenting concerns. Such services may include, but are not limited to, individual, couple, family, and group counseling with children, adolescents, and adults. Client concerns range from developmental and relational concerns to more severe pathology.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken within the last five years.
- Three letters of recommendation.
- Résumé.
- Goal statement.

The Master's of Arts in Marriage, Couple and Family Therapy program can accommodate only a limited number of students; therefore, there is a possibility of being denied admission even when all criteria are met.

The College of Community Innovation and Education reserves the right to refuse student entrance or terminate a student after admission to the Counselor Education program, if in the judgement of the faculty the student demonstrates unacceptable personal fitness to work in the counseling field with children, youth, and/or adults.

A formal interview is required and will be scheduled after the program admission requirements are met. The interview dates for March and October will be posted on our Counselor Education website. Upon admittance, it is required that students attend the program orientation session that occurs on the Thursday before classes begin in the semester to which the student applied.

Application Deadlines

Materials Science and Engineering MSMSE ►

College: Engineering and Computer Science	Degree: MSMS
Department: Materials Science and Engineering	Option: Thesis, Nonthesis
Program Websites: http://mse.ucf.edu/graduate-program/	
Graduate Program Handbook	

Program Description

The Master of Science in Materials Science and Engineering program is primarily for students with bachelor's degrees in Materials Science and Engineering or a closely related discipline.

Fields of emphasis and research for materials science and engineering include crystal growth, high temperature materials and coatings, multicomponent interdiffusion, material stability and degradation, shape memory alloys, mechanical behavior, magnetic and optical and electronic materials, thin films, solar cells, sensors, ceramics, powder metallurgy, non-equilibrium processing of materials, nano synthesis and consolidation, nanomaterials including quantum dots nanowires and nanocomposites, biomaterials, and electrochemically active materials.

Please note: Materials Science and Engineering (MSMSE) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Materials-Science-Engineering-MS.pdf>.

Program Tracks

- Materials Science and Engineering MSMSE, Accelerated BS to MSMBE Track

Curriculum

The Materials Science and Engineering MSMSE program offers both thesis and nonthesis options with each requiring a minimum of 30 credit hours beyond the bachelor's degree. In general, the program includes 12-15 credit hours of required courses with the remaining courses being electives except for at least six credit hours of thesis work for students in the thesis option.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

The thesis option is primarily for those students who can devote a full-time effort to completing an independent research project that leads to a thesis. A student pursuing the thesis option may not register for thesis credit hours until an advisory committee has been appointed and the committee has reviewed the program of study and the proposed thesis topic.

The nonthesis option is primarily designed for part-time and online students and requires 30 credit hours of coursework. In addition, students pursuing the nonthesis option are required to take EML 6085 - Research Methods in Mechanical and Aerospace Engineering or EMA 6918 Directed Research as part of their 30-credit-hour course requirement to demonstrate their ability to perform independently in research conditions. See the MSE program director for specific details.

All students are expected to identify an adviser and file an official degree program of study prior to the completion of 9 credit hours of study. All programs of study must consist of at least 24 credit hours of required and elective courses, exclusive of thesis and research. At least half of the credit hours in a program of study must be at the 6000 level. The appropriate program of study form can be found at the program website listed above and students should consult with the MSE program director for assistance in filling out the program of study form and approval. Substitutions to the program of study must meet with the approval of the adviser and the MSE program director.

A student with an undergraduate degree outside of the materials science and engineering discipline is required to satisfy an articulation program and may have to take additional prerequisite courses.

Prerequisites (or equivalent)

- Mathematics through Differential Equations (MAP 2302)
- Structure and Properties of Materials (EGN 3365)
- Mechanics of Materials (EGN 3331) or Thermodynamics (EGN 3343)
- Experimental Techniques in Mechanics and Materials (EMA 3012C)

Required Courses: 15 Credit Hours

All students must take five required courses unless they hold a materials engineering undergraduate degree, in which case they may substitute an additional elective for EMA 5104.

- EMA 5104 - Intermediate Structure and Properties of Materials **3 Credit Hours**
- EMA 5106 - Metallurgical Thermodynamics **3 Credit Hours**
- EMA 5317 - Materials Kinetics **3 Credit Hours**

All students must take one of the two following pairs of required courses.

Students taking the courses in one required pair may also take the courses in the other required pair as electives.

- EMA 6126 - Physical Metallurgy **3 Credit Hours**
- EMA 6626 - Mechanical Behavior of Materials **3 Credit Hours** or
- EMA 5060 - Polymer Science and Engineering **3 Credit Hours**
- EMA 6319 - Colloids and Interface Engineering **3 Credit Hours**

Elective Courses: 9 Credit Hours

All students, both thesis and nonthesis, must take at least 9 credit hours of electives. Additional electives are listed below. Courses should be selected with faculty adviser approval.

- EMA 5108 - Surface Science **3 Credit Hours**
- EMA 5140 - Introduction to Ceramic Materials **3 Credit Hours**
- EMA 5504 - Modern Characterization of Materials **3 Credit Hours**
- EMA 6130 - Advanced Phase Transformations in Materials **3 Credit Hours**
- EMA 6136 - Diffusion in Solids **3 Credit Hours**
- EMA 5585 - Materials Science of Thin Films **3 Credit Hours**
- EMA 6516 - X-ray Diffraction and Crystallography **3 Credit Hours**
- EMA 5586 - Photovoltaic Solar Energy Materials **3 Credit Hours**
- EMA 5584 - Biomaterials **3 Credit Hours**
- EMA 6149 - Imperfections in Crystals **3 Credit Hours**
- EMA 5505 - Scanning Electron Microscopy **3 Credit Hours**
- EMA 5060 - Polymer Science and Engineering **3 Credit Hours**
- EMA 6518 - Transmission Electron Microscopy **3 Credit Hours**
- EMA 5705 - High Temperature Materials **3 Credit Hours**
- EMA 6605 - Materials Processing Techniques **3 Credit Hours**
- EMA 5610 - Laser Materials Processing **3 Credit Hours**
- EML 6085 - Research Methods in Mechanical and Aerospace Engineering **3 Credit Hours**
- EMA 6611 - Optoelectronics Materials Processing **3 Credit Hours**

Electives Outside EMA Offerings

- CHM 5450 - Polymer Chemistry **3 Credit Hours**
- CHM 5451C - Techniques in Polymer Science **3 Credit Hours**
- CHM 6711 - Chemistry of Materials **3 Credit Hours**
- EEE 5332C - Thin Film Technology **3 Credit Hours**
- EEE 5352 - Semiconductor Material and Device Characterization **3 Credit Hours**
- EEE 6326C - MEMS Fabrication Laboratory **3 Credit Hours**
- EML 5290 - Introduction to MEMS and Micromachining **3 Credit Hours**
- EML 5291 - MEMS Materials **3 Credit Hours**
- OSE 5312 - Light Matter Interaction **3 Credit Hours**
- OSE 6432 - Guided Waves and Optoelectronics **3 Credit Hours**
- PHZ 5405 - Condensed Matter Physics **3 Credit Hours**

Thesis Option: 6 Credit Hours

Thesis students must complete an independent research project, and write and successfully defend their thesis that describes the project.

The College of Engineering and Computer Science requires that all thesis defense announcements be approved by the student's adviser and posted on the college's website and on the Events Calendar at the College of Graduate Studies website at least two weeks before the defense date.

- EMA 6971 Thesis **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

Nonthesis students are required to demonstrate their ability to perform independently in research conditions by completing either EML 6085 or EMA/EML 6918. In addition, they must take another elective beyond the 9 credit hours of electives described above.

- EML 6085 - Research Methods in Mechanical and Aerospace Engineering **3 Credit Hours** or
- EMA 6918 Directed Research **3 Credit Hours**
- Elective **3 Credit Hours**

Equipment Fee

Students in the Materials Science and Engineering MSMSE program pay \$17 per semester for equipment each semester that they are enrolled. Part-time students pay \$8.50 per semester.

Independent Learning

The Independent Learning Requirement is met by successful completion of a master's thesis or EML 6085 Research Methods or EMA 6918 Directed Research for nonthesis students.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in Materials Science and Engineering or a closely related discipline.
- Résumé.
- Statement of educational, research, and professional career objectives.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

Additional courses may be required to correct deficiencies. Students should contact the MSE graduate program director for more information.

Application Deadlines

Materials Science and Engineering MSMSE, Accelerated BS to MSMBE Track

College: Engineering and Computer Science	Degree: MSMS
Department: Materials Science and Engineering	Option: Thesis, Nonthesis
Program Websites: http://mse.ucf.edu/graduate-program/	

Track Description

The accelerated undergraduate/graduate program in Materials Science and Engineering allows highly qualified UCF undergraduate majors in Mechanical Engineering to begin taking graduate-level courses that will count toward their master's degree while completing their baccalaureate degree program. Participation will enable completion of the Bachelor of Science and Master of Science degrees in five instead of six years for students enrolled in full-time course work.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Materials-Science-Engineering-MS.pdf>.

Curriculum

The BSME is awarded after completing university requirements for the degree, including 128 total credit hours and completing of 71 credit hours of engineering courses. The MSMSE is awarded upon completion of the master's

program. Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours (see engineering major requirements in the Undergraduate Catalog).

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Up to 12 credit hours of approved graduate-level courses of grades "B" (3.0) or better may be counted toward the BS and MS degrees. Additional notes on the Accelerated Undergraduate and Graduate Program in Materials Science and Engineering are as follows:

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must earn at least a "B" (3.0) in each undergraduate and graduate engineering course for them to be counted toward the major.

Undergraduate Requirements

Please see the current edition of the Undergraduate Catalog for additional information about engineering programs.

Graduate Requirements

Please see the Materials Science and Engineering MSME program in the Graduate Catalog for additional information.

Independent Learning

The Independent Learning Requirement is met by successful completion of a master's thesis or EML 6085 - Research Methods in Mechanical and Aerospace Engineering or EMA/EML 6918 Directed Research for nonthesis students.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

The Accelerated BS to MS Program in Materials Science and Engineering allows highly qualified University of Central Florida undergraduate majors in Mechanical Engineering to begin taking graduate-level courses that will count toward their master's degree while completing their baccalaureate degree program. Students apply for admission to the accelerated program in either their junior year or senior year. If the student has a degree in the discipline but were not previously part of this accelerated program, then they should apply to the Materials Science Engineering MS Program without a track selection. Additional information about this track may be located at: <http://www.cecs.ucf.edu/current-students/bs-ms-program>.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in Materials Science and Engineering or a closely related discipline.
- Résumé.
- Statement of educational, research, and professional career objectives.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

Additional courses may be required to correct deficiencies. Students should contact the Materials graduate program director for more information.

Application Deadlines

Accelerated BS to MSMSE	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
This track is available to University of Central Florida undergraduate majors in Mechanical Engineering only.				
International Applicants				
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Mathematical Science MS

College: Sciences	Degree: MS
Department: Mathematics	Option: Thesis, Nonthesis
Program Websites: https://math.cos.ucf.edu/graduate/	
Graduate Program Handbook	

Program Description

The Master of Science in Mathematical Science provides a broad base in applied, financial and industrial mathematics.

Students in the program can specialize in one of many aspects of mathematics, including Approximation Theory, Applied and Computational Harmonic Analysis, Big Data and Mathematical Statistics, Combinatorics and Graph Theory, Commutative Algebra and Algebraic Geometry, Control and Optimization, Differential and Symplectic Geometry, Fluid and Plasma Dynamics, Functional Analysis, Inverse and Ill-posed Problems, Mathematical Biology, Mathematical Finance, Nonlinear Waves and Nonlinear Dynamics, Numerical Analysis, Orthogonal Polynomials, Partial Differential Equations, Probability and Stochastic Analysis, and Tomography and Medical Imaging

Program Tracks

- Mathematical Science MS, Industrial Mathematics Track
- Mathematical Science MS, Financial Mathematics Track

Curriculum

The Mathematical Science MS program requires 30 credit hours minimum beyond the bachelor's degree. There are two options for the master's degree: thesis and nonthesis.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Thesis and nonthesis options are offered within the program. In both options, after completing the core courses, a student must establish an academic adviser for nonthesis MS option or a thesis adviser for thesis MS option. A program of study must be established by the end of the second semester and presented to the graduate program director for departmental approval. The program of study must include the completion of the core courses and two 2-semester sequence. At least one-half of the program courses in both options must be taken at the 6000 level.

Required Courses: 12 Credit Hours

For thesis or nonthesis option, the master's program requires all students to complete the following four courses.

- MAA 5210 - Topics in Advanced Calculus **3 Credit Hours**
- MAP 6385 - Applied Numerical Mathematics **3 Credit Hours**
- MAS 5145 - Advanced Linear Algebra and Matrix Theory **3 Credit Hours**
- MAT 5712 - Scientific Computing **3 Credit Hours**

Elective Courses: 12 Credit Hours

Restricted Electives: 3–6 Credit Hours

After the completion of the core courses, the program requires all students to complete one of the following two-semester sequences. The following shows examples of acceptable sequences using current courses. We expect that other sequences will be developed as our program grows. Note that some sequences consist of a core course plus one elective, while others consist of two electives. Thus, the credit hours in this requirement are variable (3 to 6 credit hours).

- MAA 6405 - Complex Variables **3 Credit Hours**
and
- MAA 6404 - Complex Analysis **3 Credit Hours**
- MAD 5205 - Graph Theory I **3 Credit Hours**

- and
- MAD 6309 - Graph Theory II **3 Credit Hours**
- MAP 5336 - Ordinary Differential Equations and Applications **3 Credit Hours**
- and
- MAP 6356 - Partial Differential Equations **3 Credit Hours**
- MAA 6306 - Real Analysis **3 Credit Hours**
- and
- MAA 6506 - Functional Analysis **3 Credit Hours**
- MAA 6238 - Measure and Probability I **3 Credit Hours**
- and
- MAA 6245 - Measure and Probability II **3 Credit Hours**
- MAP 6111 - Mathematical Statistics **3 Credit Hours**
- and
- MAA 7239 - Asymptotic Methods in Mathematical Statistics **3 Credit Hours**
- MAS 5311 - Algebra I **3 Credit Hours**
- and
- MAS 6312 - Algebra II **3 Credit Hours**
- MTG 5256 - Differential Geometry **3 Credit Hours**
- and
- MTG 6345 - Algebraic Topology **3 Credit Hours**
- MAP 6197 - Mathematical Introduction to Deep Learning **3 Credit Hours**
- and
- MAP 6195 - Mathematical Foundations for Massive Data Modeling and Analysis **3 Credit Hours**

Unrestricted Electives: 3-6 Credit Hours

Unrestricted electives should be chosen in consultation with the graduate program director or the student's thesis adviser and may be chosen from the suggested options: Approximation Theory, Applied and Computational Harmonic Analysis, Big Data and Mathematical Statistics, Combinatorics and Graph Theory, Commutative Algebra and Algebraic Geometry, Control and Optimization, Differential and Symplectic Geometry, Fluid and Plasma Dynamics, Functional Analysis, Inverse and Ill-posed Problems, Mathematical Biology, Mathematical Finance, Nonlinear Waves and Nonlinear Dynamics, Numerical Analysis, Orthogonal Polynomials, Partial Differential Equations, Probability and Stochastic Analysis, and Tomography and Medical Imaging. A list of courses for these elective options can be obtained from the graduate program director. Approved graduate courses outside the department may also be used.

Thesis Option: 6 Credit Hours

In this option, the MS degree requires a total of at least 30 credit hours comprised of at least 24 credit hours of course work and 6 credit hours of thesis. This includes the 15 credit hours of the core courses and 3-6 credit hours of a two-course sequence. No more than 6 credit hours of independent study or directed research may be credited toward the degree. It is strongly recommended that the student select a thesis adviser and establish a program of study by the completion of the core courses. With the help of a thesis adviser, the student will form a thesis committee of three members, of which at least two must be from the Department of Mathematics.

It is recommended that the thesis topic have potential for industrial applications. An oral defense of the thesis will be required.

- MAP 6971 - Thesis **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

Nonthesis students will take an additional 6 credit hours of electives. The electives should be chosen in consultation with the graduate program director.

Nonthesis students will receive independent learning experiences by taking one of the two-semester sequences, where they apply mathematical principles to independent projects. Other courses that also have substantial research projects include **MAP 5117 - Mathematical Modeling**, **MAT 5712 - Scientific Computing** and **MAP 6111 - Mathematical Statistics**, MAP 6195, MAP 6197, and may be taken as electives.

No more than 3 credit hours of independent study may be credited toward the degree. It is strongly recommended that the student select an academic adviser and establish a program of study by the completion of the core courses. In addition, the nonthesis student must pass a comprehensive written examination (by passing the qualifying/comprehensive examination at or above the MS level) based on the core courses. Two attempts at the examination are permitted.

Independent Learning

In the Mathematical Science MS program, the thesis option provides an independent learning experience through directed research, reading published research papers, and writing and defending the thesis. The nonthesis option requires students to take one of the two-semester sequences, where they apply mathematical principles to independent projects.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken within the last five years.
- A working knowledge of undergraduate calculus, differential equations, linear algebra (or matrix theory), and maturity in the language of advanced calculus (at the level of MAA 4226).

Students who find they are not adequately prepared in one or more of the required mathematical subject areas can select appropriate courses from the undergraduate curriculum to make up such deficiencies. Such courses, unless specially approved, will not count toward the graduate degree. Applicants not qualified for regular status may be admitted initially to the university in a nondegree-seeking status. Transfer of credits from other programs will be considered on a course-by-course basis.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Application Deadlines

Mathematical Science MS	*Fall Priority	Fall	Spring	Summer

Mathematical Science MS, Financial Mathematics Track

College: Sciences	Degree: MS
Department: Mathematics	Option: Nonthesis
Program Websites: https://math.cos.ucf.edu/graduate/	

Track Description

The Financial Mathematics track in the Mathematical Science MS program prepares graduate students to pursue careers in the finance industry by providing them with high quality professional training in of mathematics applicable to finance.

This track has three components: training in the necessary mathematics to pursue a career in financial mathematics, professional training in financial mathematics, and a required experiential component.

Curriculum

The Financial Mathematics program consists of 30 credit hours of courses and internship. Students will work with an adviser to design a program of study, which will be presented to the program director for approval. If a student has an industrial sponsor, the student's program of study will be developed in consultation with a representative from the student's sponsoring company. Students are expected to obtain hands-on experience. The capstone requirement for this

track is fulfilled by students completing an experiential learning requirement (3 credit hours). At least one-half of the program courses must be taken at the 6000 level.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

The following courses are required as prerequisites to this track: Calculus with Analytic Geometry I, II, and III; Differential Equations; Linear and Matrix Algebra (or a course equivalent); proficiency in a computer language; Elementary Probability and Statistics. A summer program of two courses, which cannot be used as part of the program of study for this degree, is available for students who have deficiencies in these prerequisite areas.

Required Courses: 21 Credit Hours

- MAP 5606 - Differential Equations for Financial Mathematics **3 Credit Hours**
- MAP 5612 - Computational Methods for Financial Mathematics I **3 Credit Hours**
- MAP 5641 - Financial Mathematics I **3 Credit Hours**
- MAP 5931 - Proseminar for Financial Mathematics **1 Credit Hours**
- MAP 5933 - Seminar in Financial Mathematics **2 Credit Hours**
- MAP 6616 - Computational Methods for Financial Mathematics II **3 Credit Hours**
- MAP 6642 - Financial Mathematics II **3 Credit Hours**
- MAP 6646 - Risk Management for Financial Mathematics **3 Credit Hours**

Restricted Electives: 6 Credit Hours

Students take two of the following courses:

- FIN 6406 - Strategic Financial Management **3 Credit Hours**
- FIN 6515 - Analysis of Investment Opportunities **3 Credit Hours**
- MAP 6207 - Optimization Theory **3 Credit Hours**
- STA 6857 - Applied Time Series Analysis **3 Credit Hours**
- STA 5703 - Data Mining Methodology I **3 Credit Hours**
- STA 5825 - Stochastic Processes and Applied Probability Theory **3 Credit Hours**

Experiential Requirement: 3 Credit Hours

Students will demonstrate experience in the application of mathematics to industrial problems. This demonstration can be accomplished either through the satisfactory completion of an internship in financial mathematics (MAP 6946), or through satisfactory performance at an approved external/internal workshop in financial mathematics (MAP 6946). Students are required as part of the experiential requirement to deliver an oral presentation on the experience. Students are very strongly encouraged to fulfill this requirement through an internship experience.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken within the last five years.
- Working knowledge of undergraduate calculus, differential equations, linear algebra (or matrix theory), proficiency in a modern computer language, elementary probability, and statistics.

Students who are not adequately prepared in one or more of the required prerequisite subject areas can make up such deficiencies through a summer remedial program. Such courses, unless specially approved, will not count toward the graduate degree. Applicants not qualified for regular status may be admitted initially to the university in a non-degree seeking status. Transfer of credits from other programs will be considered on a course-by-course basis.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Mathematical Science MS, Industrial Mathematics Track

College: Sciences	Degree: MS
-------------------	---------------

Department: Mathematics	Option: Nonthesis
Program Websites: https://math.cos.ucf.edu/graduate/	

Track Description

The Industrial Mathematics track in the Mathematical Science MS program prepares graduate students to pursue careers in industry by providing them with high quality professional training in branches of mathematics valuable to high-technology industries. This track has three components: training in the necessary mathematics to pursue a career in industrial mathematics, professional training to prepare for the environment of the industrial workplace, and a required experiential component.

Curriculum

The program consists of 30 credit hours of courses and internship. Students will work with an adviser to design a program of study, which will be presented to the program director for approval. If a student has an industrial sponsor, the student's program of study will be developed in consultation with a representative from his sponsoring company. Students are expected to obtain hands-on experience. The capstone requirement for this track is fulfilled by students completing an experiential learning requirement (3 credit hours). At least one-half of the program courses must be taken at the 6000 level.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

The following courses are required as prerequisites to this track: Calculus with Analytic Geometry I, II, and III; Differential Equations; Linear and Matrix Algebra (or a course equivalent); proficiency in a computer language (C or MatLab); Advanced Calculus and Statistics.

Required Courses: 12 Credit Hours

- MAA 5210 - Topics in Advanced Calculus **3 Credit Hours**
- MAS 5145 - Advanced Linear Algebra and Matrix Theory **3 Credit Hours**
- MAT 5712 - Scientific Computing **3 Credit Hours**
- MAP 6385 - Applied Numerical Mathematics **3 Credit Hours**

Mathematics Restricted Electives: 12 Credit Hours

Student take four of the following courses:

- MAA 6508 - Hilbert Spaces with Applications **3 Credit Hours**
- MAD 5205 - Graph Theory I **3 Credit Hours**
- MAP 5117 - Mathematical Modeling **3 Credit Hours**
- MAP 5336 - Ordinary Differential Equations and Applications **3 Credit Hours**
- MAP 6111 - Mathematical Statistics **3 Credit Hours**
- MAP 6197 - Mathematical Introduction to Deep Learning **3 Credit Hours**

- MAP 6195 - Mathematical Foundations for Massive Data Modeling and Analysis **3 Credit Hours**
- MAP 6207 - Optimization Theory **3 Credit Hours**
- MAP 6356 - Partial Differential Equations **3 Credit Hours**

Professional Development Restricted Electives and Internship: 6 Credit Hours

Students should take one of the following three options: 1) two graduate courses of the following four (ENT 5016, ENT 6617, ENT 5946, MAN 6245); Or 2) an industrial internship (MAP 6946) with satisfactory completion, and one graduate course from ENT 5016, ENT 6617, ENT 5946 and MAN 6245, or 3) one graduate course from ENT 5016, ENT 6617, ENT 5946 and MAN 6245, and another graduate course from the following three (MAP 5117, MAP 6197, MAP 6195).

- ENT 5016 - New Venture Design **3 Credit Hours**
- ENT 6617 - Innovation and Entrepreneurship Strategy **3 Credit Hours**
- ENT 5946 - Small Business Consulting **3 Credit Hours**
- MAN 6245 - Organizational Behavior and Development **3 Credit Hours**
- MAP 5117 - Mathematical Modeling **3 Credit Hours**
- MAP 6197 - Mathematical Introduction to Deep Learning **3 Credit Hours**
- MAP 6195 - Mathematical Foundations for Massive Data Modeling and Analysis **3 Credit Hours**

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE score taken within the last five years.
- A working knowledge of undergraduate calculus, differential equations, linear algebra (or matrix theory), and maturity in the language of advanced calculus (at the level of MAA 4226).

Students who find they are not adequately prepared in one or more of the required mathematical subject areas can select appropriate courses from the undergraduate curriculum to make up such deficiencies. Such courses, unless specially approved, will not count toward the graduate degree. Applicants not qualified for regular status may be admitted initially to the university in a nondegree-seeking status. Transfer of credits from other programs will be considered on a course-by-course basis.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Mechanical Engineering MSME ►

College: Engineering and Computer Science	Degree: MSME
Department: Mechanical and Aerospace Engineering	Option: Thesis, Nonthesis
Program Websites: http://www.mae.ucf.edu/	
Graduate Program Handbook	

Program Description

The Master of Science degree in Mechanical Engineering is primarily intended for students with a bachelor's degree in Mechanical or Aerospace engineering or a closely related discipline obtained from a recognized accredited institution. The program offers Mechanical Systems, Thermofluids and Accelerated BS to MS tracks.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Mechanical-Engineering-MSME.pdf>.

Program Tracks

- Mechanical Engineering MSME, Accelerated BS to MSME Track
- Mechanical Engineering MSME, Guidance Control and Dynamics Track ► ◆
- Mechanical Engineering MSME, Mechanical Systems Track ►
- Mechanical Engineering MSME, Thermofluids Track ►

Curriculum

The Mechanical Engineering program offers both thesis and nonthesis options in the Accelerated BS to MS, Mechanical Systems, and Thermofluids tracks. Each track requires 30 credit hours of courses, of which 24 credit hours must be formal course work, exclusive of thesis and research.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Students may choose from the following MSME tracks: Accelerated BS to MS, Mechanical Systems, and Thermofluids. Each track offers both thesis and nonthesis options with the thesis option requiring 24 credit hours of formal courses, and six credit hours of thesis. The nonthesis option requires 30 credit hours of courses.

All students must identify an adviser and file an official degree program of study prior to the completion of 9 credit hours of study. Students should consult with the MAE Graduate Program Director for assistance in filling out their program of study. The program of study must be met with departmental approval.

A student with an undergraduate degree outside of the selected departmental discipline may be required to satisfy an articulation program. Substitutions to the program of study must meet with the approval of the adviser and the department. More information is available from the MAE departmental website listed above.

For the Accelerated track, the Mechanical Engineering BS is awarded after completion of 120 university credit hours and 71 hours of engineering courses and all other university requirements, and the Mechanical Engineering MS is awarded upon completion of the master's program. Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours (see engineering major requirements in the Undergraduate Catalog).

Thesis

The thesis option requires 30 credit hours, at least half of which must be at the 6000 level and will include 6 credit hours of thesis credit. A student pursuing the thesis program may not register for thesis credit hours until an advisory committee has been appointed and the committee has reviewed the program of study and the proposed thesis topic.

The College of Engineering and Computer Science requires that all thesis defense announcements be approved by the student's adviser and posted on the college's website (www.cecs.ucf.edu) and on the Events Calendar at the College of Graduate Studies website at least two weeks before the defense date.

At least 24 credit hours of the program of study must be course work, exclusive of thesis and research.

Nonthesis

The nonthesis option is primarily designed to meet the needs of part-time students and requires 30 credit hours of course work, at least one-half of which must be at the 6000 level. In addition, students pursuing the nonthesis option are required to take EML 6085 Research Methods in MMAE or EML 6918 Directed Research as part of their 30-credit-

hour course requirement. At least 24 credit hours of these programs of study must be course work, exclusive of research and thesis credit hours.

Equipment Fee

Students in the Mechanical Engineering MSME program pay a \$90 equipment fee each semester that they are enrolled. Part-time students pay \$45 per semester.

MAE Department Graduate Seminar Requirement

The MAE Graduate seminar is a zero (0) credit hour (S/U) course that is offered each Fall and Spring academic semesters. All MAE graduate students who are pursuing the MSME are required to register, participate, and receive a satisfactory (S) grade for two (2) semesters of MAE Graduate seminar prior to graduation.

Independent Learning

The Independent Learning Requirement is met by successful completion of a master's thesis for the thesis option. The nonthesis option independent learning experience is provided by the required course, EML 6085 - Research Methods in Mechanical and Aerospace Engineering (3 credit hours). For students who are not on campus and upon prior approval from the graduate coordinator, EML 6918 Directed Research (3 credit hours) may be substituted as the student's independent learning experience. In the case substitution EML 6918 is approved, a letter must be provided by the member of the faculty supervising the directed research certifying independent learning.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants must choose a track in this program. Track(s) may have different requirements.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Mechanical Engineering MSME, Accelerated BS to MSME Track

College: Engineering and Computer Science	Degree: MSME
Department: Select Department	Option: Thesis, Nonthesis
Program Websites: http://www.mae.ucf.edu/	

Track Description

The Accelerated Undergraduate/Graduate program in Mechanical Engineering allows highly qualified undergraduate majors in Mechanical Engineering to begin taking graduate-level courses that will count toward their master's degree while completing their baccalaureate degree program. Participation will enable completion of the Bachelor of Science and Master of Science degrees in five instead of six years for students enrolled in full-time course work.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Mechanical-Engineering-MSME.pdf>.

Curriculum

The BSME is awarded after completing all university requirements, including 128 total credit hours and 71 credit hours of engineering courses. The MSME is awarded upon completion of the master's program. Courses designated in General Education Program and Common Program Prerequisites are usually completed in the first 60 hours (see engineering major requirements in the Undergraduate Catalog).

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Up to 12 credit hours of approved graduate level courses of grades "B" (3.0) or better may be counted towards the BS and MS degrees. Additional notes on the Accelerated Undergraduate and Graduate Program in Mechanical Engineering are as follows:

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must earn at least a "B" (3.0) in each undergraduate and graduate engineering course for them to be counted toward the major.

Undergraduate Requirements

Please see the current edition of the Undergraduate Catalog for additional information about this program.

Graduate Requirements

The Mechanical Engineering program requires a minimum of 30 credit hours beyond the bachelor's degree, and offers thesis and nonthesis options in two tracks, Mechanical Systems and Thermofluids. At least 24 credit hours of course work must be taken, exclusive of thesis and research. The thesis options require 24 credit hours of formal courses, and

six credit hours of thesis. Accelerated Mechanical Engineering students must declare their interest in either the Mechanical Systems Track or the Thermofluids Track by completing a Program of Study with their adviser.

Additionally, all students pursuing the thesis option must enroll in the following course:

- EML 5936 Mechanical and Aerospace Seminar (0 credit hours)

Students must register for the seminar course a minimum of two times during their graduate career in the master's program (thesis option). The students must also complete the course with a satisfactory (S) grade in both attempts. If the student does not complete the course with a satisfactory grade, the student will be asked to repeat the course to meet program requirements.

The nonthesis options require 30 credit hours of courses, including completion of EML 6085 - Research Methods in Mechanical and Aerospace Engineering. For students who are not on campus and upon prior approval from the graduate coordinator, EML 6918 Directed Research (3 credit hours) may be substituted as the student's independent learning experience. In the case substitution EML 6918 is approved, a letter must be provided by the member of the faculty supervising the directed research.

Equipment Fee

Students in the Mechanical Engineering MSME program pay a \$90 equipment fee each semester that they are enrolled. Part-time students pay \$45 per semester.

Independent Learning

The Independent Learning requirement is met by successful completion of a master's thesis for the thesis option. The nonthesis option independent learning experience is provided by the required course, EML 6085 - Research Methods in Mechanical and Aerospace Engineering (3 credit hours). For students who are not on campus and upon prior approval from the graduate coordinator, EML 6918 Directed Research (3 credit hours) may be substituted as the student's independent learning experience. In the case substitution EML 6918 is approved, a letter must be provided by the member of the faculty supervising the directed research certifying independent learning.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

The **Accelerated BS to MS** program in Mechanical Engineering allows highly qualified University of Central Florida undergraduate majors in Mechanical Engineering to begin taking graduate-level courses that will count toward their master's degree while completing their baccalaureate degree program. Students apply for admission to the accelerated program in either their junior year or senior year. If the student has a degree in the discipline but were not previously part of this accelerated program, then they should apply to either the **Mechanical Systems Track** or **Thermofluids Track**. Additional information about this track may be located at: <http://www.cecs.ucf.edu/current-students/bs-ms-program>.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in Mechanical or Aerospace Engineering, or a closely related discipline.
- Résumé.
- Statement of educational, research, and professional career objectives.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

Additional courses may be required to correct deficiencies. Applicants should contact the MMAE graduate program director for more information.

Application Deadlines

Accelerated BS to MSME	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
This track is available to University of Central Florida undergraduate majors in Mechanical Engineering only.				
International Applicants				
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Mechanical Engineering MSME, Guidance Control and Dynamics Track ► ◆

College: Engineering and Computer Science	Degree: MSAE
Department: Mechanical and Aerospace Engineering	Option: Thesis, Nonthesis
Program Websites: http://www.mae.ucf.edu/	

Track Description

The Master of Science in Guidance, Control and Dynamics (MSME) is designed to prepare students for careers as engineers in the aerospace industry. The curriculum is developed with strong emphasis in courses related to guidance control and dynamics with applications in aerospace engineering.

Please Note: Mechanical Engineering MSME, Guidance Control and Dynamics Track may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Mechanical-Engineering-MSME.pdf>.

Curriculum

The MSME is awarded upon completion of a minimum of 30 credit hours, including 9 credit hours of required courses, 15 credit hours of elective courses selected from an approved list of courses, and an additional 6 credit hours in either a thesis or nonthesis option.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

All students must identify an adviser and file an official degree program of study prior to the completion of 9 credit hours of study. The program of study must be approved by the department and therefore students should consult with the MSME Graduate Director for assistance in filling out their program of study.

A student with an undergraduate degree outside of the selected departmental discipline may also be required to satisfy an articulation program. Substitutions to the program of study must meet with the approval of the adviser and the department.

Prerequisites (or equivalent)

- MAP 2302 - Differential Equations
- EML 3034C - Modeling Methods in Mechanical and Aerospace Engineering
- EAS 4134 - High-Speed Aerodynamics

- EAS 4105 - Flight Mechanics **or**
- EAS 4400 - Spacecraft Attitude Dynamics

- EAS 4200 - Flight Structures **or**
- EAS 4210 Space Structural Dynamics

Required Courses—9 Credit Hours

- EML 5271 - Intermediate Dynamics **3 Credit Hours**

- EEL 5630 - Digital Control Systems **3 Credit Hours**

Select one of the following courses:

- EEL 5173 - Linear Systems Theory **3 Credit Hours**
- EML 5311 - System Control **3 Credit Hours**

Elective Courses—12 Credit Hours

All students, both thesis and nonthesis, must complete at least 12 credit hours of electives. The following list are suggested electives to be taken in the program of study.

- EAS 6403C - Attitude Determination and Control **3 Credit Hours**
- EAS 6415 - Guidance, Navigation and Control **3 Credit Hours**
- EEL 6616 - Adaptive Control **3 Credit Hours**
- EEL 6621 - Nonlinear Control Systems **3 Credit Hours**
- EML 5152 - Intermediate Heat Transfer **3 Credit Hours**
- EML 5713 - Intermediate Fluid Mechanics **3 Credit Hours**
- EML 6211 - Continuum Mechanics **3 Credit Hours**
- EML 6223 - Advanced Vibrational Systems **3 Credit Hours**
- EML 5237 - Intermediate Mechanics of Materials **3 Credit Hours**
- EML 6155 - Convection Heat Transfer **3 Credit Hours**
- EML 6157 - Radiation Heat Transfer **3 Credit Hours**
- EAS 6808 - Space Environment and Payload Instrumentation **3 Credit Hours**
- EEL 5432 - Satellite Remote Sensing **3 Credit Hours**
- EEE 5542 - Random Processes I **3 Credit Hours**

Thesis Option—6 Credit Hours

The thesis option requires 30 credit hours, at least half of which must be at the 6000 level and will include 6 credit hours of thesis credit. A student pursuing the thesis program may not register for thesis credit hours until an advisory committee has been appointed and the committee has reviewed the program of study and the proposed thesis topic.

Students must register for the course a minimum of two times during their graduate career in the master's program (thesis option). The students must also complete the course with a satisfactory (S) grade in both attempts. If the student does not complete the course with a satisfactory grade, the student will be asked to repeat the course to meet program requirements.

- EAS 6971 Thesis **6 Credit Hours**

Additionally, students pursuing the thesis option must enroll in the following course:

- EML 5090 - Mechanical and Aerospace Seminar **0 Credit Hours**

Nonthesis Option—6 Credit Hours

The nonthesis option is primarily designed to meet the needs of part-time students and requires 30 credit hours of course work, at least one-half of which must be at the 6000 level. Students pursuing the nonthesis option are required to take one additional elective and take either EML 6085 - Research Methods in Mechanical and Aerospace Engineering (or XXX 6918 Directed Research, with approval)* as part of their 30-credit-hour course requirement.

*For students who are not on campus and upon prior approval from the graduate coordinator, XXX 6918 Directed Research (3 credit hours) may be substituted as the student's independent learning experience. If the substitution of XXX 6918 is approved, a letter must be provided by the member of the faculty supervising the directed research certifying independent learning.

EML 6085 and XXX 6918 fulfill the independent learning requirement and either course is required for nonthesis students.

- Elective **3 Credit Hours**
- EML 6085 - Research Methods in Mechanical and Aerospace Engineering **3 Credit Hours**

Equipment Fee

Students in the Mechanical Engineering MSME program pay a \$90 equipment fee each semester that they are enrolled.

Independent Learning

The independent learning requirement is met by successful completion of a master's thesis for the thesis option. The nonthesis option independent learning experience is provided by the required course, EML 6085 - Research Methods in Mechanical and Aerospace Engineering (3 credit hours). For students who are not on campus and upon prior approval from the graduate coordinator, XXX 6918 Directed Research (3 credit hours) may be substituted as the student's independent learning experience. If the substitution of XXX 6918 is approved, a letter must be provided by the member of the faculty supervising the directed research certifying independent learning.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Bachelor's degree in Mechanical Engineering or closely related discipline.
- Résumé.
- Statement of educational, research, and professional career objectives.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

Additional courses may be required to correct deficiencies. Students should contact the MSME graduate program director for further information.

Application Deadlines

Guidance Control and Dynamics	*Fall Priority	Fall	Spring	Summer
--------------------------------------	---------------------------	-------------	---------------	---------------

Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Mechanical Engineering MSME, Mechanical Systems Track

College: Engineering and Computer Science	Degree: MSME
Department: Select Department	Option: Thesis, Nonthesis
Program Websites: http://www.mae.ucf.edu/	

Track Description

The Master of Science degree in Mechanical Engineering is primarily intended for students with a bachelor's degree in Mechanical or Aerospace engineering or a closely related discipline obtained from a recognized accredited institution.

The program offers Mechanical Systems, Thermofluids and Accelerated BS to MS tracks.

Please note: Mechanical Engineering (MSME) - Mechanical Systems may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Mechanical-Engineering-MSME.pdf>.

Curriculum

The Mechanical Systems track in the MSME program requires 30 credit hours, including 12 credit hours of required courses, 12 credit hours of elective courses selected from a list of approved courses, and 6 credit hours in a thesis or nonthesis option.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

All students must identify an adviser and file an official degree program of study prior to the completion of 9 credit hours of study. Students should consult with the MMAE Graduate Program Director for assistance in completing the program of study form. The program of study must have departmental approval and must include at least 24 credit hours of formal course work, exclusive of thesis and research. Furthermore, at least half of the credit hours must be from courses at the 6000 level. Substitutions to the program of study must meet with the approval of the adviser and the department.

A student with an undergraduate degree outside of the selected departmental discipline may be required to satisfy an articulation program and take additional prerequisites. More information is available from the MMAE departmental website listed above.

Prerequisites (or equivalent)

- Differential Equations (MAP 2302)
- Modeling Methods in Mechanical and Aerospace Engineering (EML 3034C)
- Machine Design and Analysis (EML 3500) or
- Flight and Structures (EAS 4200)
- Vibration Analysis (EML 4220) or
- Space Structural Dynamics (EAS 4210)
- Experimental Techniques in Mechanics and Materials (EMA 3012C) or
- Solid Mechanics Lab (EGM 3601L) or
- Mechanical Systems Experimental Techniques (EML 4221C)
- Feedback Control (EML 4312C)

Required Courses: 12 Credit Hours

- EML 5060 - Mathematical Methods in Mechanical and Aerospace Engineering **3 Credit Hours**
- EML 5237 - Intermediate Mechanics of Materials **3 Credit Hours**
- EML 5271 - Intermediate Dynamics **3 Credit Hours**
- EML 6211 - Continuum Mechanics **3 Credit Hours**

Elective Courses: 12 Credit Hours

All students, both thesis and nonthesis, must take 12 credit hours of electives from the following list or from courses from other tracks. Electives should be chosen in consultation with the student's adviser.

- EML 6305C - Experimental Mechanics **3 Credit Hours**
- EML 5311 - System Control **3 Credit Hours**
- EML 5546 - Engineering Design with Composite Materials **3 Credit Hours**
- EML 6068 - Finite Elements in Mechanical, Materials, and Aerospace Engineering II **3 Credit Hours**
- EML 6062 - Boundary Element Methods in Engineering **3 Credit Hours**
- EML 6227 - Nonlinear Vibration **3 Credit Hours**
- EML 5026C - Computational Engineering Analysis **3 Credit Hours**
- EML 5066 - Computational Methods in Mechanical and Aerospace Engineering **3 Credit Hours**
- EML 5228 - Modal Analysis **3 Credit Hours**
- EML 5532C - Computer-Aided Design for Manufacture **3 Credit Hours**
- EML 6572 - Probabilistic Methods in Mechanical Design **3 Credit Hours**
- EML 6808 - Analysis and Control of Robot Manipulators **3 Credit Hours**
- EML 6226 - Analytical Dynamics **3 Credit Hours**
- EML 6233 - Fundamentals of Fatigue Analysis **3 Credit Hours**
- EML 6547 - Engineering Fracture Mechanics in Design **3 Credit Hours**

Thesis Option: 6 Credit Hours

Thesis students must complete an independent research project, and write and successfully defend a thesis describing the project. Students may not register for thesis credit hours until an advisory committee has been appointed and the committee has reviewed the program of study and the proposed thesis topic.

The College of Engineering and Computer Science requires that all thesis defense announcements be approved by the student's adviser and posted on the college's website and on the Events Calendar at the College of Graduate Studies website at least two weeks before the defense date.

- EML 6971 Thesis **6 Credit Hours**

Additionally, all student pursuing the thesis option must enroll in the following course:

Students must register for the seminar course a minimum of two times during their graduate career in the master's program (thesis option). The students must also complete the course with a satisfactory (S) grade in both attempts. If the student does not complete the course with a satisfactory grade, the student will be asked to repeat the course to meet program requirements.

Nonthesis Option: 6 Credit Hours

Nonthesis students are required to take EML 6085 - Research Methods in Mechanical and Aerospace Engineering (or EML 6918 Directed Research, with approval) as part of their 30-credit-hour course requirement. In addition, nonthesis students must take another elective beyond the 12 credit hours of electives described above.

* For students who are not on campus and with prior approval from the graduate program director, EML 6918, Directed Research (3 credit hours) may be substituted as the student's independent learning experience. If the substitution of EML 6918 is approved, a letter must be provided by the faculty member agreeing to supervise the directed research and certifying that the experience includes independent learning.

- EML 6085 - Research Methods in Mechanical and Aerospace Engineering **3 Credit Hours**
- Elective **3 Credit Hours**

Equipment Fee

Students in the Mechanical Engineering MSME program pay a \$90 equipment fee each semester that they are enrolled. Part-time students pay \$45 per semester.

Independent Learning

The Independent Learning requirement is met by successful completion of a master's thesis for the thesis option. The independent learning experience in the nonthesis option is provided by the required course, EML 6085 - Research Methods in Mechanical and Aerospace Engineering (3 credit hours). For students who are not on campus and with prior approval from the graduate program director, EML 6918 Directed Research (3 credit hours) may be substituted as the student's independent learning experience. If the substitution of EML 6918 is approved, a letter must be provided by the faculty member agreeing to supervise the directed research and certifying that the experience includes independent learning.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in Mechanical or Aerospace Engineering, or a closely related discipline.
- Résumé.
- Statement of educational, research, and professional career objectives.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

Additional courses may be required to correct deficiencies. Applicants should contact the MMAE graduate program director for more information.

Application Deadlines

Mechanical Systems	*Fall Priority	Fall	Spring	Summer

Mechanical Engineering MSME, Thermofluids Track ►

College: Engineering and Computer Science	Degree: MSME
Department: Select Department	Option: Thesis, Nonthesis
Program Websites: http://www.mae.ucf.edu/	

Track Description

The Master of Science in Mechanical Engineering is primarily intended for students with a bachelor's degree in Mechanical or Aerospace engineering or a closely related discipline obtained from a recognized accredited institution.

The program offers Mechanical Systems, Thermofluids and Accelerated BS to MS tracks.

Please note: Mechanical Engineering (MSME) - Thermofluids may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Mechanical-Engineering-MSME.pdf>.

Curriculum

The Thermofluids track in the MSME program requires 30 credit hours, including 12 credit hours of required courses, 12 credit hours of elective courses selected from a list of approved courses, and 6 credit hours in a thesis or nonthesis option.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

All students must identify an adviser and file an official degree program of study prior to the completion of 9 credit hours of study. The program of study must have departmental approval and students should consult with the MMAE Graduate Program Director for assistance in completing their program of study form. At least 24 hours of the program of study must include formal course work, exclusive of thesis and research, and at least half of the credit hours must be from courses at the 6000 level. Substitutions to the program of study must meet with the approval of the adviser and the department.

A student with an undergraduate degree outside of the selected departmental discipline may be required to satisfy an articulation program and take additional prerequisites. More information is available from the MMAE departmental website listed above.

Prerequisites (or equivalent)

- Differential Equations (MAP 2302)
- Modeling Methods in Mechanical and Aerospace Engineering (EML 3034C)
- Thermodynamics of Mechanical Systems (EML 3101)
- Measurements in Thermal Systems (EML 4304C)
- Fluid Mechanics II (EML 4703) or
- Propulsion Systems (EAS 4300)
- Heat Transfer (EML 4142)

Required Courses: 12 Credit Hours

- EML 5060 - Mathematical Methods in Mechanical and Aerospace Engineering **3 Credit Hours**
- EML 5152 - Intermediate Heat Transfer **3 Credit Hours**
- EML 5713 - Intermediate Fluid Mechanics **3 Credit Hours**
- EML 6104 - Classical Thermodynamics **3 Credit Hours**

Elective Courses: 12 Credit Hours

All students, both thesis and nonthesis, must take 12 credit hours of electives from the following list or from courses from other MMAE tracks. Up to 6 credit hours of electives could also be from other graduate courses offered in the College of Engineering and Computer Science. Students should confer with their advisers when choosing electives.

- EML 5402 - Turbomachinery **3 Credit Hours**
- EML 6155 - Convection Heat Transfer **3 Credit Hours**
- EML 6157 - Radiation Heat Transfer **3 Credit Hours**
- EML 6725 - Computational Fluid Dynamics and Heat Transfer I **3 Credit Hours**
- EML 6131 - Combustion Phenomena **3 Credit Hours**
- EML 6154 - Conduction Heat Transfer **3 Credit Hours**
- EAS 6185 - Turbulent Flow **3 Credit Hours**
- EML 6712 - Mechanics of Viscous Flow **3 Credit Hours**
- EAS 6138 - Advanced Gas Dynamics **3 Credit Hours**

- EAS 5302 - Direct Energy Conversion **3 Credit Hours**
- EAS 5315 - Rocket Propulsion **3 Credit Hours**
- EML 5026C - Computational Engineering Analysis **3 Credit Hours**
- EML 5066 - Computational Methods in Mechanical and Aerospace Engineering **3 Credit Hours**
- EML 5105 - Gas Kinetics and Statistical Thermodynamics **3 Credit Hours**
- EML 6062 - Boundary Element Methods in Engineering **3 Credit Hours**
- EML 6144 - Boiling and Condensation Heat Transfer **3 Credit Hours**
- EML 6726 - Computational Fluid Dynamics and Heat Transfer II **3 Credit Hours**

Thesis Option: 6 Credit Hours

Thesis students must complete an independent research project, and write and defend a thesis describing the project. Students may not register for thesis credit hours until an advisory committee has been appointed and the committee has reviewed the program of study and the proposed thesis topic.

The College of Engineering and Computer Science requires that all thesis defense announcements be approved by the student's adviser and posted on the CECS website and on the Events Calendar at the College of Graduate Studies website at least two weeks before the defense date.

- EML 6971 Thesis **6 Credit Hours** minimum

Additionally, all students pursuing the thesis option must enroll in the following course:

Students must register for the seminar course a minimum of two times during their graduate career in the master's program (thesis option). The students must also complete the course with a satisfactory (S) grade in both attempts. If the student does not complete the course with a satisfactory grade, the student will be asked to repeat the course to meet program requirements.

- EML 5090 - Mechanical and Aerospace Seminar **0 Credit Hours**

Nonthesis Option: 6 Credit Hours

Nonthesis students must take EML 6085 - Research Methods in Mechanical and Aerospace Engineering (or EML 6918 Directed Research, with approval) as part of their 30-credit-hour course requirement. Furthermore, they must take an additional elective beyond the 12 credit hours of electives described above.

* For students who are not on campus and with prior approval from the graduate program director, EML 6918, Directed Research (3 credit hours) may be substituted as the student's independent learning experience. If the substitution of EML 6918 is approved, a letter must be provided by the faculty member agreeing to supervise the directed research and certifying that the experience contains independent learning.

- EML 6085 - Research Methods in Mechanical and Aerospace Engineering **3 Credit Hours**

Equipment Fee

Students in the Mechanical Engineering MSME program pay a \$90 equipment fee each semester that they are enrolled. Part-time students pay \$45 per semester.

Independent Learning

The Independent Learning requirement is met by successful completion of a master's thesis for the thesis option. The independent learning experience in the nonthesis option is provided by the required course, EML 6085 - Research Methods in Mechanical and Aerospace Engineering (3 credit hours). For students who are not on campus and with prior approval from the graduate program director, EML 6918 Directed Research (3 credit hours) may be substituted as the student's independent learning experience. If the substitution of EML 6918 is approved, a letter must be provided by the faculty member agreeing to supervise the directed research and certifying that the experience includes independent learning.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in Mechanical or Aerospace Engineering, or a closely related discipline.
- Résumé.
- Statement of educational, research, and professional career objectives.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting applicants into their research program.

Additional courses may be required to correct deficiencies. Applicants should contact the MMAE graduate program director for more information.

Application Deadlines

Thermofluids	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial

assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Modeling and Simulation MS

College: Graduate Studies	Degree: MS
Department: School of Modeling, Simulation, and Training	Option: Thesis, Nonthesis
Program Websites: https://msgrad.ist.ucf.edu	
Graduate Program Handbook	

Program Description

The UCF School of Modeling, Simulation, and Training (SMST) considers its degree programs as transdisciplinary, intended for those who wish to pursue a career in the fields of academia, government, military/defense, healthcare/medicine, entertainment, technology, education, or service/manufacturing. Most engineering or scientific fields use simulation as an exploration, modeling, or analysis technique. However, Modeling and Simulation is not limited to engineering and science, as it is also used in training, management, and concept exploration. These programs involve constructing human-centered, equipment-centered, and stand-alone computer-based models of existing and conceptual systems and processes.

UCF SMST sought feedback from industry practitioners to identify key competencies for students in our degree programs. This input has been critical to the development of our curriculum, which is designed to provide a broad overall perspective of the developing simulation industry and an awareness of the economic considerations. UCF SMST's objective is to provide education on evaluating the human, organization, equipment, and systems under study through the evaluation of output from the corresponding simulation construct. Alumni of SMST degree programs have both general and specialized skills in Modeling and Simulation.

Though not required, many students in the Modeling and Simulation M.S. program choose to focus their study and research efforts in an area of specialization. Students can base their specialization on their academic and professional goals, and seek feedback from their faculty adviser and the Modeling and Simulation graduate program director. Common areas of specialization are listed below (descriptions can be found at msgrad.ist.ucf.edu). This is not an exhaustive list, as the field continues to grow and evolve.

Behavioral Cybersecurity

Computer Visualization

Human Systems
Instructional and Training Simulation
Interactive Simulation and Intelligent Systems
Simulation in Government and Military
Simulation in Healthcare and Medicine
Simulation Infrastructure
Simulation Management
Simulation Modeling and Analysis

Curriculum

The Modeling and Simulation MS program requires a minimum of 30 credit hours beyond the bachelor's degree plus a culminating experience.

The Modeling and Simulation MS program offers two culminating experience options: thesis and non-thesis.

Both options require core and elective classes as well as a project:

- Thesis option:
 - 15 credits of required coursework
 - Thesis students are required to take IDS6262
 - 9 credits of unrestricted electives
 - 6 credits of thesis enrollment
 - Successful defense and submission of a thesis project
- Non-Thesis option:
 - 15 credits of required coursework
 - Non-thesis students are required to take IDS6916
 - 3 credits of restricted electives
 - 12 credits of unrestricted electives
 - Successful completion of a capstone project (details presented in IDS 6916 - Simulation Research Methods and Practicum—the current requirement is a professional portfolio)

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 15 Credit Hours

Core: 15 Credit Hours

- COT 6571 - Mathematical Foundations of Modeling and Simulation **3 Credit Hours**
- IDS 6147 - Perspectives on Modeling and Simulation **3 Credit Hours**
- IDS 6145 - Simulation Techniques **3 Credit Hours**
- IDS 6267 - Understanding Humans for Modeling and Simulation **3 Credit Hours**
- Thesis Option: IDS 6262 - Research Design for Modeling and Simulation **3 Credit Hours**
- Nonthesis Option: IDS 6916 - Simulation Research Methods and Practicum **3 Credit Hours**

Unrestricted Electives: 9 Credit Hours

All Modeling and Simulation MS students must take at least 9 credit hours of unrestricted electives that support the student's area of graduate study. Unrestricted electives must consist of at least 9 credit hours of formal courses, which may include independent study (up to 6 credit hours). The remaining credit may consist of additional thesis (for thesis option students only), directed research, and additional courses as advised appropriately by the faculty adviser and/or program director.

Thesis Option: 6 Credit Hours

Thesis students are required to take an additional 6 credit hours of thesis.

- **IDS 6971 Thesis 6 Credit Hours**

Nonthesis Option: 6 Credit Hours

Restricted Elective: 3 Credit Hours

Nonthesis students must select an elective course from the Modeling and Simulation Graduate Program. Appropriate courses include those that follow. Others may be added over time with Program Director approval.

- **IDC 5602 - Cybersecurity: A Multidisciplinary Approach 3 Credit Hours**
- **IDC 6601 - Behavioral Aspects of Cybersecurity 3 Credit Hours**
- **IDC 6700 - Interdisciplinary Approach to Data Visualization 3 Credit Hours**
- **IDS 5142 - Modeling and Simulation for Instructional Design 3 Credit Hours**
- **IDS 6146 - Modeling and Simulation Systems 3 Credit Hours**
- **IDS 6149 - Modeling and Simulation for Test and Evaluation 3 Credit Hours**
- **IDS 6916 - Simulation Research Methods and Practicum 3 Credit Hours**
- **IDS 6938 Intelligent Tutoring System (ITS) Design 3 Credit Hours**

Unrestricted Electives: 3 Credit Hours

Nonthesis students are required to take an additional 3 credit hours of unrestricted electives that support the student's area of graduate study.

Modeling and Simulation MS Electives

In addition to successfully enrolling and completing the core courses, students are required to carefully select electives with the guidance of a faculty adviser. Elective choices should be made with the intent to strengthen a research interest and/or area of focus in order to meet the individual student's educational goals and objectives.

Listed below are suggested courses in various areas of focus or specialization. These course groupings are mere guides, are not exhaustive and are only meant to assist with advising and course selection in order to meet the individual student's educational goals and objectives. They are not intended to restrict elective choices among focus areas as we strongly encourage Modeling and Simulation students to maintain an interdisciplinary approach to their graduate studies.

If a student identifies another UCF course which may be of value to his/her modeling and simulation research area, but is not already identified in a list below, he/she may request approval from the Graduate Program Director for the course to be used as an elective in the Graduate Plan of Study. All such requests must be made in advance of enrolling in the course.

Those electives categorized as "General" would be appropriate for all students regardless of focus area. The remaining categories are grouped by area of research interest.

General

- ESI 6247 - Experimental Design and Taguchi Methods **3 Credit Hours**
- ESI 6891 - IEMS Research Methods **3 Credit Hours**
- IDS 5907 Independent Study (variable)
- IDS 5917 Directed Research (variable)
- IDS 6908 Independent Study (variable)
- IDS 6918 Directed Research (variable)
- IDS 6918 Directed Research (variable)
- IDS 6946 Internship (variable)
- IDS 7919 Doctoral Research (variable)
- PHI 5340 - Research Methods in the Cognitive Sciences **3 Credit Hours**
- PSY 6216C - Research Methodology **4 Credit Hours**
- STA 5205 - Experimental Design **3 Credit Hours**

Fundamentals of Modeling and Simulation

- EIN 6258 - Human Computer Interaction **3 Credit Hours**
- ESI 5219 - Engineering Statistics **3 Credit Hours**
- ESI 5531 - Discrete Systems Simulation **3 Credit Hours**
- ESI 6217 - Statistical Aspects of Digital Simulation **3 Credit Hours**
- ESI 6247 - Experimental Design and Taguchi Methods **3 Credit Hours**
- ESI 6532 - Object-Oriented Simulation **3 Credit Hours**
- IDC 6700 - Interdisciplinary Approach to Data Visualization **3 Credit Hours**
- IDS 6145 - Simulation Techniques **3 Credit Hours**
- IDS 6146 - Modeling and Simulation Systems **3 Credit Hours**
- IDS 6147 - Perspectives on Modeling and Simulation **3 Credit Hours**
- IDS 6149 - Modeling and Simulation for Test and Evaluation **3 Credit Hours**
- IDS 6950 - Modeling and Simulation Capstone Report Planning **1 Credit Hours**

Behavioral Cybersecurity

- CAP 6133 - Advanced Topics in Computer Security and Computer Forensics **3 Credit Hours**
- CAP 6135 - Malware and Software Vulnerability Analysis **3 Credit Hours**
- CDA 6530 - Performance Models of Computers and Networks **3 Credit Hours**
- CJE 6688 - Cyber Crime and Criminal Justice **3 Credit Hours**
- CNT 5008 - Computer Communication Networks Architecture **3 Credit Hours**
- CNT 5410L - Cyber Operations Lab **3 Credit Hours**
- CNT 6519 - Wireless Security and Forensics **3 Credit Hours**
- COT 5405 - Design and Analysis of Algorithms **3 Credit Hours**
- EEL 6785 - Computer Network Design **3 Credit Hours**
- EEL 6883 - Software Engineering II **3 Credit Hours**
- ESI 5531 - Discrete Systems Simulation **3 Credit Hours**
- EXP 5256 - Human Factors I **3 Credit Hours**

- EXP 6506 - Human Cognition and Learning **3 Credit Hours**
- IDC 5602 - Cybersecurity: A Multidisciplinary Approach **3 Credit Hours**
- IDC 6600 - Emerging Cyber Issues **3 Credit Hours**
- IDC 6601 - Behavioral Aspects of Cybersecurity **3 Credit Hours**
- IDS 6916 - Simulation Research Methods and Practicum **3 Credit Hours**
- INR 6365 - Seminar on Intelligence **3 Credit Hours**
- INR 6366 - The Intelligence Community **3 Credit Hours**
- PHI 6938 - ST: Digital Ethics **3 Credit Hours**
- STA 5703 - Data Mining Methodology I **3 Credit Hours**
- STA 5825 - Stochastic Processes and Applied Probability Theory **3 Credit Hours**

Human Systems

- CAP 6515 - Algorithms in Computational Biology **3 Credit Hours**
- CAP 6671 - Intelligent Systems: Robots, Agents, and Humans **3 Credit Hours**
- CAP 6676 - Knowledge Representation **3 Credit Hours**
- DIG 6432 - Transmedia Story Creation **3 Credit Hours**
- DIG 6812 - Digital Interaction for Informal Learning **3 Credit Hours**
- EIN 5248 - Ergonomics **3 Credit Hours**
- EIN 5248 - Ergonomics **3 Credit Hours**
- EIN 6215 - System Safety Engineering and Management **3 Credit Hours**
- EIN 6258 - Human Computer Interaction **3 Credit Hours**
- EME 6458 - Virtual Teaching and the Digital Educator **3 Credit Hours**
- EME 6507 - Multimedia for Education and Training **3 Credit Hours**
- EME 6601 - Instructional Simulation Design for Training and Education **3 Credit Hours**
- EME 6614 - Instructional Game Design for Training and Education **3 Credit Hours**
- EME 6646 - Instructional Game Design for Training and Education **3 Credit Hours**
- EXP 5208 - Sensation and Perception **3 Credit Hours**
- EXP 5256 - Human Factors I **3 Credit Hours**
- EXP 6255 - Human Performance **3 Credit Hours**
- EXP 6257 - Human Factors II **3 Credit Hours**
- EXP 6258 - Human Factors III **3 Credit Hours**
- EXP 6506 - Human Cognition and Learning **3 Credit Hours**
- EXP 6541 - Advanced Human Computer Interaction **3 Credit Hours**
- IDS 6148 - Human Systems Integration for Modeling and Simulation **3 Credit Hours**
- IDS 6149 - Modeling and Simulation for Test and Evaluation **3 Credit Hours**
- PHI 5225 - Philosophy of Language **3 Credit Hours**
- PHI 5325 - Topics in Philosophy of Mind **3 Credit Hours**
- PHI 5327 - Topics in the Cognitive Sciences **3 Credit Hours**
- PHI 5329 - Philosophy of Neuroscience **3 Credit Hours**
- PSB 5005 - Physiological Psychology **3 Credit Hours**
- TTE 6270 - Intelligent Transportation Systems **3 Credit Hours**

Computer Visualization

- CAP 5725 - Computer Graphics I **3 Credit Hours**
- CAP 6411 - Computer Vision Systems **3 Credit Hours**

- CAP 6412 - Advanced Computer Vision **3 Credit Hours**
- CAP 6676 - Knowledge Representation **3 Credit Hours**
- CDA 5106 - Advanced Computer Architecture **3 Credit Hours**
- COT 5405 - Design and Analysis of Algorithms **3 Credit Hours**
- DIG 6605 - Physical Computing **3 Credit Hours**
- DIG 6647 - History and Theory of Dynamic Media **3 Credit Hours**
- EEL 5173 - Linear Systems Theory **3 Credit Hours**
- EEL 5820 - Image Processing **3 Credit Hours**
- EEL 5825 - Pattern Recognition and Learning from Big Data **3 Credit Hours**
- EEL 5874 - Expert Systems and Knowledge Engineering **3 Credit Hours**
- EEL 6843 - Machine Perception **3 Credit Hours**
- EIN 6258 - Human Computer Interaction **3 Credit Hours**
- ESI 6247 - Experimental Design and Taguchi Methods **3 Credit Hours**
- IDC 6700 - Interdisciplinary Approach to Data Visualization **3 Credit Hours**
- MAP 6118 - Introduction to Nonlinear Dynamics **3 Credit Hours**
- MAP 5117 - Mathematical Modeling **3 Credit Hours**
- MAT 5712 - Scientific Computing **3 Credit Hours**

Quantitative Methods for Simulation, Modeling and Analysis

- CAP 5512 - Evolutionary Computation **3 Credit Hours**
- CAP 6515 - Algorithms in Computational Biology **3 Credit Hours**
- CDA 6530 - Performance Models of Computers and Networks **3 Credit Hours**
- COT 5405 - Design and Analysis of Algorithms **3 Credit Hours**
- EEL 5173 - Linear Systems Theory **3 Credit Hours**
- EEL 6878 - Modeling and Artificial Intelligence **3 Credit Hours**
- EIN 6528 - Simulation Based Life Cycle Engineering **3 Credit Hours**
- ESI 5306 - Operations Research **3 Credit Hours**
- ESI 5531 - Discrete Systems Simulation **3 Credit Hours**
- ESI 6217 - Statistical Aspects of Digital Simulation **3 Credit Hours**
- ESI 6247 - Experimental Design and Taguchi Methods **3 Credit Hours**
- IDC 6700 - Interdisciplinary Approach to Data Visualization **3 Credit Hours**

- IDS 6149 - Modeling and Simulation for Test and Evaluation **3 Credit Hours**

Plan of Study

After admission to the Modeling and Simulation M.S. program and before the end of the second term of enrollment, students must submit a Graduate Plan of Study (GPS) to the Modeling and Simulation Graduate Program office. The GPS helps the student design an appropriate program of coursework to support the student's educational needs, goals, and objectives. The GPS should be developed in concert with the student's faculty adviser or (if adviser is not yet identified) program director and form a unified cohesive strategy for degree completion. All graduate program credit must be at the 5000-level or higher, with a minimum of 50% at the 6000- or 7000-level.

Students are eligible to make changes to their Graduate Plan of Study at any time, with the approval of their faculty adviser and the Modeling and Simulation Graduate Program.

Culminating Experience

Students are eligible to complete their specific culminating experience once they are within 6 credits of completing all coursework (i.e., completed at least 24 credits of coursework); have an approved up-to-date GPS on file with the graduate program; and have an advisory committee on file (thesis students, please refer to the information below; non-thesis students, the advisory committee is selected by the SMST Graduate Program).

Detailed information and protocol regarding the culminating experiences can be found at msgrad.ist.ucf.edu.

Thesis Adviser and Advisory Committee

Students are responsible for selecting an adviser from a list of faculty members authorized to direct theses to serve as the chair of their advisory committee. Then, in concert with their adviser, the student must identify and select the remaining members of the advisory committee. The advisory committee must contain a minimum of three members (chair plus two members). All committee members must hold a terminal degree and be in fields related to the student's thesis topic. At least two members, including the chair, must be classified as Modeling and Simulation graduate faculty. These faculty members should be from (or represent) at least two different colleges. At least one member must have served as a committee member on a prior SMST advisory committee. With approval from the Modeling and Simulation Graduate Program Director, a committee member may serve as a committee's co-chair.

The UCF College of Graduate Studies, as well as UCF SMST, reserve the right to review appointments to advisory committees; place a representative on any advisory committee; or appoint a co-adviser.

Thesis Defense

The thesis defense is a formal oral presentation of the written project before the student's advisory committee. All dissertation defenses are announced in advance and open to the public. Committee members vote either "Pass" or "Fail" of the written thesis and oral defense. The thesis and its defense must be approved by a majority vote, with no more than one dissenting vote. Normally, students are granted one opportunity to pass the thesis defense. In extenuating circumstances and at the discretion of the Modeling and Simulation Graduate Program Director, a student may be allowed one additional attempt to pass the thesis defense (no more than two attempts will be allowed).

Non-thesis Experience

An advisory committee comprised of 2-3 members of the UCF SMST Core Curriculum committee identifies a non-thesis capstone project. The current requirement is a professional portfolio, highlighting a student's educational and professional skills, reflecting the discipline in which the student plans to pursue their Modeling and Simulation career. The details and standards for the project will be presented in IDS6916, but the student has until their last semester to submit their final portfolio. Students who declare an intent to graduate with the non-thesis option will be enrolled in a portfolio webcourse and invited to participate in workshops to receive feedback prior to the announced deadline. Portfolios are graded "Pass" or "Fail." Normally, a student is granted one opportunity to pass the requirement. In extenuating circumstances and at the discretion of the Modeling and Simulation Graduate Program Director, a student may be allowed one additional attempt to pass the non-thesis project requirement (no more than two attempts will be allowed).

Time to Completion

Students are granted 7 years (21 semesters) from the term of admission to complete their degree program. Failure to comply with the "7-Year Rule" may result in dismissal from the program, and may require reapplication to the program as well as repeating coursework and other program requirements.

Equipment Fee

Full-time students in the Modeling and Simulation MS program pay a \$27 equipment fee each semester that they are enrolled. Part-time students pay a \$13.50 equipment fee each semester that they are enrolled.

Independent Learning

A thesis serves as the independent learning experience for thesis students.

Nonthesis students are required to take IDS 6916 where a research project is required and submit an end-of-program portfolio.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Students who enter the Master of Science in Modeling and Simulation program are expected to have an academic and/or work background that has prepared them in mathematics (introductory calculus and probability and statistics) and computer "literacy," including proficiency with word processing, spreadsheet, and database programs, and, preferably, familiarity with at least one higher order programming language (e.g., C++). Students with undergraduate degrees in Engineering, Computer Science, or Mathematics will generally have this background.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended
- Résumé or Curriculum Vitae
- Goal statement
 - The goal statement should discuss all relevant professional background and any previous research and/or teaching experience.
 - The statement should:
 - Explain the motivation behind the pursuit of a graduate degree in Modeling and Simulation.
 - Discuss future career goals after the completion of the applicant's master study.
 - *Clearly* describe the particular area(s) of research/professional interest, including the identification of at least one UCF faculty member with a similar research focus who could serve as a potential advisor.
 - The goal statement should be between 500 and 1,000 words.
- Two letters of recommendation
 - The letters of recommendation should:
 - Be from faculty members, university administrators and employers (at least one letter should be furnished by college/university faculty who are acquainted with the applicant).
 - Be current to the application.
 - Address the educational and career goals of the applicant.
 - *Clearly* address the applicant's ability to perform graduate-level study and research.
 - The letter writers should also know the applicant well enough to discuss the applicant's capacity to perform, excel and succeed in a graduate program.
 - Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Applications are accepted for the fall and spring terms only.

Readmission

The UCF SMST Graduate Programs will consider applications for readmission from students who have been dismissed and/or deactivated from its degree programs. Those interested in readmission **MUST** consult the Modeling and

Simulation Graduate Program Director prior to their application to determine their eligibility to reapply and the requirements for their application.

Prerequisites

Though UCF SMST does not have a mandated prerequisite for its graduate programs, the most successful students are those who have an academic and/or work background that has prepared them in mathematics (introductory calculus and probability and statistics) and computer literacy, preferably familiarity with at least one higher order programming language (e.g., Python, C/C++/C#, Visual Basic, Java, etc.). Students with undergraduate or graduate degrees in Engineering, Computer Science, or Mathematics will generally have this background.

Students without this background are encouraged to select the elective course IDC 5570 (Introductory Mathematics for Modeling and Simulation). This course will prepare them for the required core course COT 6571 (Mathematical Foundations of Modeling and Simulation).

Application Deadlines

Modeling and Simulation MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Music MA

College: Arts and Humanities	Degree: MA
Department: School of Performing Arts	Option: Thesis
Program Websites: http://performingarts.cah.ucf.edu/study/#musicgrad/	
Graduate Program Handbook	

Program Description

The Master of Arts in Music program is intended to provide additional study and training in music to individuals who already hold a bachelor's degree in music or the equivalent.

The Conducting Concentration is designed for those students who wish to specialize in conducting, leading to recital performances as a conductor.

The Music Studies Concentration reflects the general nature of this degree and allows students to pursue a variety of interests within music, such as performance, jazz studies, music education, and composition. The philosophy of this program is to provide graduate students with the advanced education, skills, and credentials to enhance their professional abilities and opportunities.

Curriculum

The Music MA program requires a minimum of 30-34 credit hours beyond the bachelor's degree. Students must take 11 credit hours of required music courses and 17 credit hours of elective courses. Both thesis and nonthesis options are available and students planning on pursuing a doctoral degree are encouraged to select the thesis option. Nonthesis students must take a Recital or Graduate Project course (2 credit hours) in addition to the 28 credit hours of coursework described above, and thesis students must complete a thesis project (6 credit hours).

Total Credit Hours Required: 30-34 Credit Hours Minimum beyond the Bachelor's Degree

Music Studies Concentration: 30-34 Credit Hours

Music Studies Required Courses: 11 Credit Hours

Note: The designation MUN 5XXX means that any 5000-level ensemble course will fulfill this requirement; similarly, MVX 5XXX means that any 5000-level applied music course in performance will fulfill this requirement.

- MUH 6916 - Music Bibliography and Research **3 Credit Hours**
- MUH 6935 - Music History Seminar **3 Credit Hours**
- MUT 6621 - Techniques and Concepts of Musical Analysis **3 Credit Hours**
To include a minimum of 2 credits of applied lessons (5000 or 6000-level in MVB, MVK, MVS, MVP, MVV, MVW, or MVO) or ensembles (5000 or 6000-level in MUN or MUO).

Music Studies Elective Courses: 17 Credit Hours

Music Studies Restricted Electives in Music: 9 Credit Hours

Course selections in this area will be in a cognate or area of emphasis with approval by program adviser (Performance, Conducting, Composition, Music History, Music Theory, Music Education, Jazz Studies, etc.). Students may not take non-repeatable graduate courses that are similar to courses taken at the undergraduate level.

- MUH 6935 - Music History Seminar **3 Credit Hours**
 - MUE 5348C - K-12 Music Methods **4 Credit Hours**
 - MUE 6175 - Teaching Music Performance **3 Credit Hours**
 - MUG 6106 - Advanced Conducting I **3 Credit Hours**
 - MUG 6306 - Conducting and Literature **3 Credit Hours**
 - MVX 5XXX - Performance V (audition required) **2 Credit Hours**
 - MVX 6XXX - Performance VI (audition required) **2 Credit Hours**
 - MUC 5112 - Composition V **2 Credit Hours**
 - MUC 6251 - Composition VI **2 Credit Hours**
 - MUS 5677 - Health and Wellness for the Performing Artist **3 Credit Hours**
 - MUT 5936 - Music Theory Seminar **3 Credit Hours**
 - MUH 5326 - Medieval and Renaissance Music **3 Credit Hours**
 - MUH 5345 - Music of the Baroque **3 Credit Hours**
 - MUH 5356 - Eighteenth-Century Music **3 Credit Hours**
 - MUH 5375 - Music Since 1900 **3 Credit Hours**
 - MUH 5816 - Jazz Styles and Analysis **3 Credit Hours**
 - MUH 5365 - Music of the 19th Century **3 Credit Hours**
 - MUN 5368L - Graduate Chamber Singers **1 Credit Hours**
 - MUN 5385L - Graduate University Chorus **1 Credit Hours**
 - MUN 5325 - Women's Chorus **1 Credit Hours**
 - MUN 5465L - Graduate Chamber Music **1 Credit Hours**
 - MUN 5145 - Wind Ensemble **1 Credit Hours**
 - MUN 5215 - Symphony Orchestra **1 Credit Hours**
 - MUN 5125 - Concert Band **1 Credit Hours**
 - MUN 5445 - Percussion Ensemble **1 Credit Hours**
 - MUN 5715L - Jazz Ensemble **1 Credit Hours**
 - MUN 5716L - Jazz Chamber Group **1 Credit Hours**
 - MUO 5505L - Graduate Opera Workshop **1 Credit Hours**
- * MUN 5368L, MUN 5385L, MUN 5465L, and MUO 5505L may be used in the degree program a maximum of five times.
- * MUN 5325, MUN 5145, MUN 5215, MUN 5125, MUN 5445, MUN 5715L, and MUN 5716L may be used in the degree program a maximum of four times.

Music Studies Restricted Elective Studies in Supportive Areas: 8 Credit Hours

- MVO 5250 - Advanced Secondary Instruction **1 Credit Hours**
- MUS 6908- Independent Study **1-3 Credit Hours**
- 5000- or 6000-level music courses or non-music courses with approval of advisor; may include any new or repeatable courses from the sections above. Students may not take non-repeatable graduate courses that are similar to courses taken at the undergraduate level.

Music Studies Thesis Option: 6 Credit Hours

Students planning to pursue a doctoral degree (in areas such as music theory, music education, or music history) are strongly encouraged to select the thesis option.

- MUS 6971 Thesis **6 Credit Hours**

Music Studies Nonthesis Option: 2 Credit Hours

The culminating experience may be a recital in performance, composition, or conducting (Graduate Recital); or a written project of smaller scope than a thesis; e.g., a portfolio or research paper (Graduate Project).

- MUS 6976L - Graduate Recital **2 Credit Hours** or
- MUS 6975L - Graduate Project **2 Credit Hours**

Conducting Concentration: 30 Credit Hours

Conducting Required Courses: 11 Credit Hours

- MUH 6916 - Music Bibliography and Research **3 Credit Hours**
- MUH 6935 - Music History Seminar **3 Credit Hours**
- MUS 6960 - Comprehensive Exam **0 Credit Hours**
- MUT 6621 - Techniques and Concepts of Musical Analysis **3 Credit Hours**
To include a minimum of 2 credits of applied lessons (5000 or 6000-level in MVB, MVK, MVS, MVP, MVV, MVW, or MVO) or ensembles (5000 or 6000-level in MUN or MUO).

Conducting Elective Courses: 17 Credit Hours

Conducting Area of Emphasis: 12 Credit Hours

- MUG 6306 - Conducting and Literature **3 Credit Hours**
* Course will be taken 4 times at 3 credits each.

Conducting Music Electives: 5 Credit Hours

- MUC 5112 - Composition V **2 Credit Hours**
- MUC 6251 - Composition VI **2 Credit Hours**
- MUE 5348C - K-12 Music Methods **4 Credit Hours**
- MUE 6175 - Teaching Music Performance **3 Credit Hours**
- MUG 6106 - Advanced Conducting I **3 Credit Hours**
- MUH 5326 - Medieval and Renaissance Music **3 Credit Hours**
- MUH 5345 - Music of the Baroque **3 Credit Hours**
- MUH 5356 - Eighteenth-Century Music **3 Credit Hours**
- MUH 5365 - Music of the 19th Century **3 Credit Hours**
- MUH 5375 - Music Since 1900 **3 Credit Hours**
- MUH 5816 - Jazz Styles and Analysis **3 Credit Hours**
- MUH 6935 - Music History Seminar **3 Credit Hours**
- MUN 5125 - Concert Band **1 Credit Hours**
- MUN 5145 - Wind Ensemble **1 Credit Hours**
- MUN 5215 - Symphony Orchestra **1 Credit Hours**

- MUN 5325 - Women's Chorus **1 Credit Hours**
 - MUN 5368L - Graduate Chamber Singers **1 Credit Hours**
 - MUN 5385L - Graduate University Chorus **1 Credit Hours**
 - MUN 5445 - Percussion Ensemble **1 Credit Hours**
 - MUN 5465L - Graduate Chamber Music **1 Credit Hours**
 - MUN 5715L - Jazz Ensemble **1 Credit Hours**
 - MUN 5716L - Jazz Chamber Group **1 Credit Hours**
 - MUO 5505L - Graduate Opera Workshop **1 Credit Hours**
 - MUS 5677 - Health and Wellness for the Performing Artist **3 Credit Hours**
 - MUT 5936 - Music Theory Seminar **3 Credit Hours**
- * MUN 5368L, MUN 5385L, MUN 5465L, and MUO 5505L may be used in the degree program a maximum of five times.
- * MUN 5325, MUN 5145, MUN 5215, MUN 5125, MUN 5445, MUN 5715L, and MUN 5716L may be used in the degree program a maximum of four times.

Conducting Nonthesis Option: 2 Credit Hours

- MUS 6976L - Graduate Recital **2 Credit Hours**

Additional Program Requirements

- Performance V and VI, Conducting & Literature, and ensembles all require an audition.
- Composition V and VI requires submission of a portfolio.
- No more than 6 credit hours of MUN courses may be counted toward the degree.
- A minimum of 15 credit hours applied to the degree must be at the 6000 level.

Equipment Fee

Students in the Master of Arts in Music Program pay a \$90 equipment fee each semester that they are enrolled.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in music from a NASM accredited school or the equivalent.
- Two letters of recommendation.
- A formal writing sample of at least 1000 words, which should represent the applicant's best scholarly work. The topic should be on a musical subject.
- Applicants for the Conducting Concentration will submit a conducting/rehearsal audition of approximately 20 minutes on a repertoire to be agreed upon with the UCF Director of Bands, Director of Choral Activities, or Director of Orchestras (based on an area of focus), in consultation with conducting faculty. A video or remote live conducting example may be substituted at the discretion of the faculty. Applicants will also meet in an interview with UCF conducting faculty.

- Applicants for all other areas within the Music Studies Concentration will require an Admission Examination with a faculty committee. This examination will consist of an interview or audition or portfolio review as appropriate according to the applicant's goals. The applicant will consult with the Graduate Coordinator in advance to prepare for presentation in appropriate areas of interest to the candidate, such as performance, composition, music history, etc. It is highly recommended to attend this examination in person, although the use of audio and/or video recordings is possible, with the permission of the Graduate Coordinator. The faculty committee will evaluate the candidate and make a recommendation regarding admission. The final decision will be made by either the Graduate Coordinator or Director of the School of Performing Arts.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals and the applicant's potential for completing the degree.

Applicants may be given conditional admission, conditional to the imminent completion of the bachelor's degree and submission of a final transcript.

After acceptance and at the beginning of course work, students will take a diagnostic exam in Music Theory. If remedial course work is required in the case of deficiencies, this will not count toward the total hours for the degree.

Students may transfer up to nine hours of graduate credit from another accredited institution, subject to approval of adviser.

Application Deadlines

Music MA	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. Nanotechnology MS

College: Graduate Studies	Degree: MS
Department: NanoScience Technology Center	Option: Thesis
Program Websites: nano.ucf.edu	
Graduate Program Handbook	

Program Description

The Master of Science in Nanotechnology program provides students with scientific knowledge and research training in nanoscience and nanotechnology. The program prepares students for seeking employment in industry and academia involved in nanotechnology research, product development and commercialization, or to pursue advanced PhD degrees in related areas.

The Nanotechnology MS program consists of 30 credit hours of study that covers Fall, Spring and Summer consecutive academic terms. Admissions to the program occur in both the Fall and Spring semester of each year, and students are expected to finish the degree in two years.

The program of study includes a balanced course offering including interdisciplinary scientific courses and research training in the field of nanotechnology. The curriculum of courses is delivered via face-to-face instruction. The program includes 3 credit hours of independent study and 6 credit hours of thesis research under the supervision of a faculty at the NanoScience Technology Center. This training will provide students with hands-on research experiences on nanomaterial synthesis, nanostructure fabrication and characterization, and application development in their interested areas.

Program Tracks

- Nanotechnology MS, Non-Thesis Track

Curriculum

The Nanotechnology MS program consists of 30 credit hours of graduate courses including 12 credit hours of required (core) courses in nanotechnology, 9 credit hours of elective courses in physics, engineering, chemistry, biology or other related fields, 3 credit hours of independent study, and 6 credit hours of thesis research.

From the core courses in nanotechnology and elective courses in related science/engineering areas, students will gain basic and broader understanding of the most advanced techniques, developments and applications of nanoscale materials and devices. From the independent study and thesis research training, the students will gain hands-on experiences to work on problems and product development involving nanoscience and nanotechnology.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 15 Credit Hours

Core Courses: 12 Credit Hours

Select four courses from the following list of courses.

- IDS 6250 - Introduction to Nanoscience and Nanotechnology **3 Credit Hours**
- IDS 6254 - Nanofabrication and Characterization **3 Credit Hours**
- IDS 6252 - Biomedical Nanotechnology **3 Credit Hours**
- IDS 6255 - Nanotechnology in Energy and Sustainability **3 Credit Hours**
- IDS 6253 - Bioanalytical Technology **3 Credit Hours**

Independent Study: 3 Credit Hours

Students will take 3 credit hours of independent study, resulting in a required research report of independent learning experience. Independent Study must have a formally defined core of knowledge to be learned by the student. In accordance with the policy of the College of Graduate Studies, the core of knowledge to be learned by the student must be specified in written form and approved by the student, the instructor, and the program coordinator prior to enrollment in Independent Study.

Elective Courses: 9 Credit Hours

- IDS 6257 - Principles and Techniques of Nanobiology **3 Credit Hours**
- IDS 6258 - Advanced Materials and Nanotechnology for Rechargeable Batteries **3 Credit Hours**
- IDS 6260 - Electrical and Optical Properties of Nanoscale Materials and Devices **3 Credit Hours**
- IDS 6261 - Nanotechnology for Sustainable Agriculture **3 Credit Hours**
- EMA 5586 - Photovoltaic Solar Energy Materials **3 Credit Hours**
- EMA 5060 - Polymer Science and Engineering **3 Credit Hours**
- EMA 6518 - Transmission Electron Microscopy **3 Credit Hours**
- EMA 6605 - Materials Processing Techniques **3 Credit Hours**
- PHY 5933 - Selected topics in biophysics of macromolecules **3 Credit Hours**
- OSE 5312 - Light Matter Interaction **3 Credit Hours**
- OSE 6938 - ST: Photonic Polymer Materials **3 Credit Hours**
- MCB 5225 - Molecular Biology of Disease **3 Credit Hours**
- PCB 5238 - Immunobiology **3 Credit Hours**
- PCB 5236 - Cancer Biology **3 Credit Hours**
- CHM 6710 - Applied Analytical Chemistry **3 Credit Hours**

Thesis: 6 Credit Hours

Students will conduct and complete an independent thesis research project under the supervision of a NanoScience Technology Center faculty. The student will defend the thesis at the completion of the study. Students will gain hands-on research experiences on nanomaterial synthesis, nanostructure fabrication and characterization, and application development in their interested areas.

- IDS 6971 **6 Credit Hours**

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants should have obtained an undergraduate degree in one of the following areas: physics, chemistry, biology, or engineering.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended
- Résumé or Curriculum Vitae
- Goal Statement
 - The goal statement should discuss all relevant professional background and any previous research and/or teaching experience. The statement should explain the motivation behind the pursuit of a master's degree in Nanotechnology. Future career goals after the completion of the applicant's master study should be discussed.
 - The goal statement should be between 500 and 1,000 words.
- Three letters of recommendation
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

The acceptance decision will be based on the assessment of the applicant's GPA from previous college/university, past work experience, recommendation letters and the statement of interest and objectives. Additionally, the committee will evaluate other academic indicators such as having completed a senior thesis, authorship on publications, internship, involvement in scientific research projects, and/or presentations at major scientific meetings and non-academic indicators such as evidence of leadership, extracurricular activities, work or military experience, and/or volunteer activities. For applicants that already have had working experiences in STEM (Science, Technology, Engineering, Mathematics) fields, emphasis will be placed on their past experiences and recommendation letters.

Readmission

Applicants who are applying for readmission need not resubmit transcripts if the transcripts are previously on file with UCF. However, the following application requirements do need to be current for the new readmission application:

- Résumé/Curriculum Vitae
- Goal Statement
- Letters of Recommendation

Application Deadlines

Nanotechnology MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	

*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Nanotechnology MS, Non-Thesis Track

College: Graduate Studies	Degree: MS
Department: NanoScience Technology Center	Option: Non-Thesis
Program Websites: http://nano.ucf.edu	

Program Description

The Master of Science in Nanotechnology Non-Thesis Track program provides students with knowledge and research training in nanoscience and nanotechnology. The program prepares students for seeking employment in industry and academia involved in nanotechnology research, product development, and commercialization, or to pursue advanced PhD degrees in related areas.

Curriculum

The Nanotechnology MS Non-Thesis Track program consists of 30 credit hours of graduate courses including 12 credit hours of required core courses in nanotechnology, 3 credit hours of independent study, 6 credit hours of required elective courses in physics, engineering, chemistry, biology, or biomedical-related science, and 9 credit hours of open elective courses in science, engineering, or business-related field.

From the core courses in nanotechnology and elective courses in related science/engineering areas, a student will gain basic and broader understanding of the most advanced techniques, development, and applications of nanoscale materials and devices. From the independent study training, the students will gain hands-on experiences to work on problems and product development involving nanoscience and nanotechnology.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 15 Credit Hours

- IDS 6250 - Introduction to Nanoscience and Nanotechnology **3 Credit Hours**
- IDS 6252 - Biomedical Nanotechnology **3 Credit Hours**
- IDS 6253 - Bioanalytical Technology **3 Credit Hours**
- IDS 6254 - Nanofabrication and Characterization **3 Credit Hours**
- IDS 6255 - Nanotechnology in Energy and Sustainability **3 Credit Hours**

Independent Study: 3 Credit Hours

- IDS 6908 - Independent Study **3 Credit Hours**

Students will receive basic training under the supervision of a NanoScience Technology Center faculty to conduct research, including ethical training, safety training, attending seminar presentations, conducting a literature survey, and using various instrumentation techniques for research.

Elective Courses: 6 Credit Hours

Elective courses may be chosen from the following recommended course list. Core courses taken beyond the 4-core course requirement may be used to satisfy the elective course requirement. Other courses may be taken as elective courses upon the approval of your graduate program director.

- IDS 6257 - Principles and Techniques of Nanobiology **3 Credit Hours**
- IDS 6258 - Advanced Materials and Nanotechnology for Rechargeable Batteries **3 Credit Hours**
- IDS 6260 - Electrical and Optical Properties of Nanoscale Materials and Devices **3 Credit Hours**
- IDS 6261 - Nanotechnology for Sustainable Agriculture **3 Credit Hours**
- EMA 5586 - Photovoltaic Solar Energy Materials **3 Credit Hours**
- EMA 5060 - Polymer Science and Engineering **3 Credit Hours**
- EMA 6518 - Transmission Electron Microscopy **3 Credit Hours**
- EMA 6605 - Materials Processing Techniques **3 Credit Hours**
- OSE 5312 - Light Matter Interaction **3 Credit Hours**
- MCB 5225 - Molecular Biology of Disease **3 Credit Hours**
- PCB 5238 - Immunobiology **3 Credit Hours**
- PCB 5236 - Cancer Biology **3 Credit Hours**
- CHM 6710 - Applied Analytical Chemistry **3 Credit Hours**

Open Elective Courses: 9 Credit Hours

As part of completing programmatic requirements, student must also select an additional 9 credit hours of open elective courses in the general field of science, engineering, or business. These courses must be at the graduate level and be approved by the Program Director before registration. To be noted, one of these open electives could also be another 3 credit hours of Independent Study to continue research training under the supervision of a faculty.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended
- Résumé or Curriculum Vitae
- Goal Statement
 - The goal statement should discuss all relevant professional background and any previous research and/or teaching experience. The statement should explain the motivation behind the pursuit of a master's degree in Nanotechnology. Future career goals after the completion of the applicant's master study should be discussed.
 - The goal statement should be between 500 and 1,000 words.
- Three letters of recommendation
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

The acceptance decision will be based on the assessment of the applicant's GPA from previous college/university, past work experience, recommendation letters and the statement of interest and objectives. Additionally, the committee will evaluate other academic indicators such as having completed a senior thesis, authorship on publications, internship, involvement in scientific research projects, and/or presentations at major scientific meetings and non-academic indicators such as evidence of leadership, extracurricular activities, work or military experience, and/or volunteer activities. For applicants that already have had working experiences in STEM (Science, Technology, Engineering, Mathematics) fields, emphasis will be placed on their past experiences and recommendation letters.

Application Deadlines

Non-Thesis	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowship

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF

Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Nonprofit Management MNM ►

College: Community Innovation and Education	Degree: MNM
Department: School of Public Administration	Option: Nonthesis
Program Website: https://ccie.ucf.edu/public-administration/nonprofit-management/	
Graduate Program Handbook	

Program Description

The nonprofit sector is the fastest growing area of the economy, and the completely online Master of Nonprofit Management MNM program prepares students for careers in this dynamic field. The degree program provides opportunities for students to prepare for employment or to advance their careers as administrators in nonprofit organizations. The program is intended to produce graduates equipped with the management skills and analytical skills needed for successful careers in the nonprofit sector.

An Out of State Master in Nonprofit Management Cohort Track is available for students who are not Florida residents and who reside outside the state of Florida. The admission standards and degree requirements are the same as the traditional program. Students interested in the out-of-state Master of Nonprofit Management cohort should refer to that track for more information.

Please note: Master of Nonprofit Management (MNM) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

Program Tracks

- Nonprofit Management MNM, Out of State Cohort Track ►
- Nonprofit Management MNM, Public Administration MPA Dual Degree Track ►

Curriculum

The Master of Nonprofit Management (MNM) program is offered completely online. Some elective courses may be offered face-to-face, however, students in this program are expected to have the ability to complete the coursework online. The program requires 30 credit hours of core courses, 3 credit hours of restricted electives and 3 of general electives.

The MNM program incorporates service learning in some of its courses. Service learning is hands-on learning that provides real-life experience in executing tangible projects such as strategic plans, grant proposals, and volunteer management case studies. It enhances the student's understanding of the course core concepts, helps develop leadership skills and provides networking opportunities with a community partner.

Some of the courses also involve group work intended to develop leadership abilities while providing an opportunity for the student to show his or her ability to be a team player. Group projects promote important intellectual and social skills and help to prepare students for professional work where teamwork and collaboration are necessary.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 27 Credit Hours

- PAD 5145 - Volunteerism in Nonprofit Management **3 Credit Hours**
- PAD 5146 - Nonprofit Resource Development **3 Credit Hours**
- PAD 5850 - Grant and Contract Management **3 Credit Hours**
- PAD 6142 - Nonprofit Organizations **3 Credit Hours**
- PAD 6208 - Nonprofit Financial Management **3 Credit Hours**
- PAD 6237 - Ethics and Governance in Nonprofit Management **3 Credit Hours**
- PAD 6335 - Strategic Planning and Management **3 Credit Hours**
- PAD 6417 - Human Resource Management **3 Credit Hours**
- PAD 6327 - Public Program Evaluation Techniques **3 Credit Hours**

Capstone Course: 3 Credit Hours

*This course is the capstone learning experience for the program requiring the development of a portfolio and analysis that demonstrate the student's mastery of the NASPAA Universal Competencies. The capstone course is offered only in fall and spring semesters.

- PAD 6149 - Nonprofit Administration **3 Credit Hours** *
Must be taken in the final semester, core courses are prerequisites

Restricted Elective: 3 Credit Hours

This elective must be a UCF Public Administration 6000-level course that is chosen after consultation with the student's academic adviser.

- PAD 6000-level elective course **3 Credit Hours**

Electives Option: 3 Credit Hours

Students take one elective course in addition to the restricted elective (three credit hours each) with the prior approval of the program director. The elective courses are to be in the student's area of interest, such as public administration, criminal justice, health care, social work or the arts. The MNM program does not accept 4000-level courses.

- Electives **3 Credit Hours**

Additional Program Requirements

Students must achieve a grade of "B-" (80%) or better in every course listed under required courses. Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher. The final culminating experience for those enrolled in the Master of Nonprofit Management results in students taking and satisfactorily completing the capstone course, PAD 6149 - Nonprofit Administration.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry, dialog and service learning. Students are encouraged to engage in research projects, scholarly papers, internships, and presentations at professional conferences that contribute to their self development. The final culminating experience for those enrolled in the Master of Nonprofit Management results in students taking and satisfactorily completing the Nonprofit Administration (PAD 6149).

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- An official transcript meeting the minimum GPA requirement of 3.0 (on a 4.0 scale), in a sealed envelope, from each college/university attended.
- Three letters of recommendation are required. Letters of recommendation must specifically address the prospective student's ability to succeed in graduate coursework and his or her work ethic. Recommendation letters from professors are preferred, however, letters from supervisors are also acceptable.
- Résumé: The most current, professional résumé should be provided.
- Statement of goals: This is a key component of the admission review process and serves as an example of the applicant's ability to express him or herself in writing. The goal statement must be no longer than two pages and should address the following:
 - What is your reason for pursuing graduate study in Nonprofit Management including your future goals and plans?
 - What specific areas of Nonprofit Management interest you?
 - Nonprofit sector experience is preferred, not required.
 - What makes you a special candidate for admission to this program?
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

All requested material must be submitted by the established deadline date. Material received after the established deadline may not be considered. Admission to this program is competitive; applicants meeting the minimum admission requirements are not guaranteed admission to this program.

Students are expected to be computer literate upon entry to the program. This program is completely online so computer skills and internet access are necessary for this program.

A limited number of students who do not meet these requirements may be admitted on a provisional basis. These students must demonstrate proven nonprofit sector experience, present recommendations from either academic or professional advisers, and provide a clear statement of educational goals.

Application Deadlines

Nonprofit Management MNM	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jun 1	Nov 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Nonprofit Management MNM, Out of State Cohort Track ►

College: Community Innovation and Education	Degree: MNM
Department: School of Public Administration	Option: Nonthesis
Program Website: https://ccie.ucf.edu/public-administration/nonprofit-management/	

Track Description

The nonprofit sector is the fastest growing area of the economy, and the completely online out-of-state cohort track in the Master of Nonprofit Management program prepares students for careers in this dynamic field.

The degree program provides opportunities for students to prepare for employment or to advance their careers as administrators in nonprofit organizations. The program is intended to produce graduates equipped with the management skills and analytical skills needed for successful careers in the nonprofit sector.

The Master in Nonprofit Management Cohort Track is designed specifically for students who are not Florida residents who reside outside the state of Florida. The admission standards and degree requirements are the same as the traditional program. Students interested in the out-of-state Master of Nonprofit Management cohort should contact the Nonprofit Management program director or advisor at the School of Public Administration at (407) 823-2604.

Please note: Master of Nonprofit Management (MNM) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

Curriculum

For Non-Florida Residents, Out-of-State Students

The Cohort track in the Master in Nonprofit Management is designed specifically for students who are not Florida residents. The admission standards and degree requirements are the same as the traditional program. Students interested in the out-of-state Master of Nonprofit Management cohort should contact the School of Public Administration.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

The Master of Nonprofit Management (MNM) program incorporates service learning in some of its courses. Service learning is hands-on learning that provides real-life experience in executing a tangible project such as strategic plans, grant proposals, and volunteer management case studies. It enhances the student's understanding of the course core concepts, helps develop leadership skills and provides a networking opportunity with a community partner.

Some of the courses also involve group work intended to develop leadership abilities while providing an opportunity for the student to show his or her ability to be a team player. Group projects promote important intellectual and social skills and help to prepare students for professional work where teamwork and collaboration are necessary.

Required Courses: 27 Credit Hours

- PAD 5145 - Volunteerism in Nonprofit Management **3 Credit Hours**
- PAD 5146 - Nonprofit Resource Development **3 Credit Hours**
- PAD 5850 - Grant and Contract Management **3 Credit Hours**
- PAD 6142 - Nonprofit Organizations **3 Credit Hours**
- PAD 6208 - Nonprofit Financial Management **3 Credit Hours**

- PAD 6237 - Ethics and Governance in Nonprofit Management **3 Credit Hours**
- PAD 6327 - Public Program Evaluation Techniques **3 Credit Hours**
- PAD 6335 - Strategic Planning and Management **3 Credit Hours**
- PAD 6417 - Human Resource Management **3 Credit Hours**

Capstone Course: 3 Credit Hours

*This course is the capstone learning experience for the program requiring the development of a portfolio and analysis that demonstrate the student's mastery of the NASPAA Universal Competencies. The capstone course is offered only in fall and spring semesters.

- PAD 6149 - Nonprofit Administration **3 Credit Hours** *

Restricted Elective: 3 Credit Hours

All students must take a PAD 6000-level elective after consultation with their adviser.

- PAD 6000-level elective course (coded for out of state cohort) **3 credit hours**

Electives: 3 Credit Hours

Students take one PAD 5000 or 6000 level elective course (three hours) in addition to the restricted elective. The elective courses should be selected from the online cohort courses offered by School of Public Administration.

NOTE: Students in the MNM Out of State Cohort track pursuing the Graduate Certificate in Fundraising simultaneously are restricted to PAD 6235 and PAD 6237 as two of the three electives.

- Elective (coded for out of state cohort) **3 Credit Hours**

National Nonprofit Leadership Certificate Option: 6 Credit Hours

The Nonprofit Leadership Alliance represents the achievements of national academic and experiential standards in nonprofit management. Students pursuing the Nonprofit Leadership Certification must meet the Nonprofit Leadership Alliance mandated requirements, including a 300-hour internship or documentation of employment history in the nonprofit sector. Please contact Program Director Dr. Stephanie Krick for additional requirements.

Students must achieve a grade of "B-" (80%) or better in every course listed under required courses. Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

- Internship* **3 credit hours**
- Elective **3 credit hours**

*An internship is required for students with less than 300 hours of nonprofit sector experience. Students who provide documentation of at least 300 hours of experience in the nonprofit sector may have their internship waived, but must complete an approved elective (3 credit hours) in place of the internship. Work experience does not count for credit toward the MNM program.

Cost Per Credit Hour

For students in this Master of Nonprofit Management Cohort, the cost per credit hour is \$440.62 for out-of-state students. Tuition is subject to change.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry, dialogue and service learning. Tangible projects such as strategic plans, grant proposals, and volunteer management case studies along with research projects, scholarly papers, internships, and presentations at professional conferences also contribute to the self development of our students. The final culminating experience for those enrolled in the Master of Nonprofit Management results in students taking and satisfactorily completing the Program Evaluation course (PAD 6327).

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript meeting the minimum GPA requirement of 3.0, in a sealed envelope, from each college/university attended.
- Three letters of recommendation specifically for the MNM program. Letters of recommendation must specifically address the prospective student's ability to succeed in graduate coursework and his or her work ethic. Recommendation letters from professors are preferred, however, letters from supervisors are also acceptable.
- Résumé: The most current, professional résumé should be provided.
- Statement of goals: This is a key component of the admission review process and serves as an example of the applicant's ability to express him or herself in writing. The goal statement must be no longer than two pages and should address the following:
 - Reason for pursuing graduate study in Nonprofit Management including future goals and plans.
 - Specific areas of Nonprofit Management of interest to the applicant.
 - Nonprofit sector experience is preferred, not required.
 - What makes the applicant a special candidate for admission to this program.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Admission to this degree is competitive; applicants meeting the minimum university and/or program application requirements are not guaranteed admission to the program.

All requested material must be submitted by the established deadline date. Materials received after the established deadline may not be considered.

This program is completely online. Students are expected to be computer literate upon entry to the program.

Nonprofit Management MNM, Public Administration MPA Dual Degree Track ►

College: Community Innovation and Education	Degree: MNM and MPA
Department: School of Public Administration	Option: Nonthesis
Program Website: https://ccie.ucf.edu/public-administration/nonprofit-management/	

Track Description

The Nonprofit Management MNM - Public Administration MPA Dual Degree Track provides the opportunity for students to earn graduate degrees from two academic programs, the Master of Nonprofit Management and the Master of Public Administration, concurrently.

Students successfully completing this MNM/MPA Dual Degree program will have the skills and analytical techniques for successful careers in both the public and nonprofit sectors. The program emphasizes nonprofit management and public administration research, theory, policy and organizational administration to prepare future public service organizational leaders in public, nonprofit, social service, and private organizations. After successful completion of the

MNM/MPA Dual Degree program, students will receive two diplomas - one for the Nonprofit Management MNM degree and one for the Public Administration MPA degree.

Students seeking admission to the MNM/MPA Dual Degree program should apply directly to the Dual Degree track of either the Public Administration MPA program or the Nonprofit Management MNM program. Only one application will be required. If admitted, the student will be active in the Dual Degree tracks of both the Public Administration MPA and the Nonprofit Management MNM programs.

Students previously admitted to the Public Administration MPA or the Nonprofit Management MNM program should consult with their adviser prior to completing 18 credit hours if interested in the MNM/MPA Dual Degree program.

Please note: Nonprofit Management (MNM) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The dual degree track (Master of Nonprofit Management/Master of Public Administration) consists of 54 credit hours. Each student completes all of the core courses for each program with 18 required core courses (54 credit hours), including the research methods and statistics courses (6 credit hours) and capstone courses from each program (6 credit hours).

Courses and credit hours used for undergraduate degrees cannot be counted toward the MPA/MNM track, except for Senior Scholar students who, with the permission of the MPA/MNM program director, may use up to 9 credit hours of graduate coursework in both their undergraduate degree and the dual degree program. No undergraduate-level courses will be accepted in the MPA/MNM dual degree track.

The dual degree program incorporates service learning in some of its courses. Service learning is hands-on learning that provides real-life experience in executing tangible projects such as strategic plans, grant proposals, and volunteer management case studies. It enhances the student's understanding of the course core concepts, helps develop leadership skills and provides a networking opportunity with a community partner.

Total Credit Hours Required: 54 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 54 Credit Hours

Core: 42 Credit Hours

- PAD 5145 - Volunteerism in Nonprofit Management **3 Credit Hours**
- PAD 5146 - Nonprofit Resource Development **3 Credit Hours**
- PAD 5850 - Grant and Contract Management **3 Credit Hours**
- PAD 6035 - Public Administration in the Policy Process **3 Credit Hours**
- PAD 6037 - Public Organization Management **3 Credit Hours**
- PAD 6053 - Public Administrators in the Governance Process **3 Credit Hours**

- PAD 6142 - Nonprofit Organizations **3 Credit Hours**
- PAD 6207 - Public Financial Management **3 Credit Hours**
- PAD 6208 - Nonprofit Financial Management **3 Credit Hours**
- PAD 6227 - Public Budgeting **3 Credit Hours**
- PAD 6237 - Ethics and Governance in Nonprofit Management **3 Credit Hours**
- PAD 6327 - Public Program Evaluation Techniques **3 Credit Hours**
- PAD 6335 - Strategic Planning and Management **3 Credit Hours**
- PAD 6417 - Human Resource Management **3 Credit Hours**

Research Methods/Statistics Core Requirements: 6 Credit Hours

- PAD 6700 - Research Methods in Public Administration **3 Credit Hours**
- PAD 6701 - Analytical Techniques for Public Administration **3 Credit Hours**

Capstone: 6 Credit Hours

Capstone Core Requirements: 6 Credit Hours

Students will engage in a capstone experience for both the MPA and the MNM programs that builds upon the knowledge and skills gained from completing the core courses. Students will complete this requirement through enrollment in PAD 6149 - Nonprofit Administration and PAD 6062 - Advanced Concepts and Applications in Public Administration. Capstone courses may only be taken following the completion of all core courses. Capstone courses are only offered in fall and spring semesters.

- PAD 6062 - Advanced Concepts and Applications in Public Administration **3 Credit Hours**
- PAD 6149 - Nonprofit Administration **3 Credit Hours**

Additional Program Requirements

Students must achieve a grade of "B-" (80%) or higher in every course listed under core requirements and in the Capstone courses PAD 6149 and PAD 6062. Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

Independent Learning

Independent learning is demonstrated throughout the curriculum, through the process of inquiry and dialogue. Tangible projects, such as research scholarly papers, internships, and the capstone experience also contribute to the self-development of MPA students. The research study and final report in the Capstone Experience will focus on reviewing and analyzing contemporary research in a student's particular specialization within the profession in order to help students acquire knowledge and skills pertaining to research-based best practices in that specialization area. The capstone courses, PAD 6062 and PAD 6149, provide independent learning experience.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- An official transcript meeting the minimum GPA requirement of 3.0 (on a 4.0 scale), in a sealed envelope, from each college/university attended.
- Three letters of recommendation. Letters of recommendation must specifically address the applicant's ability to succeed in graduate coursework and his or her work ethic. Recommendation letters from professors are preferred, however, letters from supervisors are also acceptable.
- Résumé: The most current, professional resume should be provided.
- Statement of goals: This is a key component of the admission review process and serves as an example of the applicant's ability to express him or herself in writing. The goal statement must be no longer than two pages and should address the following:
 - Reason for pursuing graduate study in Public Administration and Nonprofit Management, including future goals and plans.
 - Specific areas of Public Administration and Nonprofit Management of interest.
 - Relevant experience, paid or as a volunteer (required).
 - What makes the applicant a special candidate for admission to this limited access program.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- All International students must meet university minimum TOEFL score requirements regardless of the language in which the undergraduate program was completed.

Admission to this dual degree option is limited; applicants meeting the minimum university and/or program application requirements are not guaranteed admission to the program.

All requested material must be submitted by the established deadline date. Materials received after the established deadline may not be considered.

Much of the coursework for this program will be online. Students are expected to be computer literate upon entry to the program and to have access to the internet.

Application Deadlines

Nursing MSN ►

College: Nursing	Degree: MSN
Department: Nursing	
Program Websites: http://www.nursing.ucf.edu/	
Graduate Program Handbook	

Program Description

The Master of Science in Nursing (MSN) programs build upon the student's baccalaureate nursing education and professional experience. The Master of Science in Nursing program is accredited by the Commission on Collegiate Nursing Education (CCNE).

The College of Nursing also offers admission to its master's degree programs in nursing to Registered Nurses who have completed an AS in Nursing or diploma nursing program and have bachelor's degrees in fields other than nursing. These students will need to take 9 credits of undergraduate upper-division course work as the prerequisite for graduate study in nursing. Please contact gradnurse@ucf.edu for more information.

The goal of the Master of Science in Nursing program is to prepare advanced practice nurses, nurse educators, and nursing leaders and managers to assume leadership positions in a variety of healthcare settings. Graduates of these programs are eligible to sit for national certification examinations in their respective specialties.

Program Objectives

The programs prepare students to:

- Analyze social, economic, ethical, cultural, legal, and political issues influencing nursing practice and health care in a global context.
- Develop and implement leadership, management, and teaching strategies for the improvement of health and health care quality and safety.
- Develop practice models of evidence-based nursing practice incorporating nursing research.
- Influence health and public policy in collaboration with other disciplines to improve systems of care and health of communities.

- Participate in research and disseminate research findings through presentation and publication.
- Synthesize advanced knowledge from the sciences, humanities, and theory to support advanced nursing practice.
- Plan, evaluate, and implement the delivery of health care using critical thinking skills in an advanced nursing role.

You may pursue this UCF College of Nursing online program **as long as you will be physically located in a Nurse Licensure Compact (NLC) state for the duration of your education.**

UCF College of Nursing faculty are authorized to teach in NLC states. Due to nursing education restrictions imposed by non-NLC states, UCF is unable to offer courses, clinicals, or other educational services regardless of modality within non-NLC states. Should you be physically located within a non-NLC state for more than a vacation or brief visit, regardless of your legal state of residence or the type of license you have, you will be unable to apply or continue your nursing degree program at the UCF College of Nursing. This includes, but is not limited to, students accepting traveling nurse positions in a non-Nurse Licensure Compact state.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

Please Note: The Nursing MSN may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

Program Tracks

- Nursing MSN, Leadership and Management Track ►
- Nursing MSN, Nurse Educator Track ►
- Nursing MSN, Nursing and Health Care Simulation Track ►

Curriculum

Depending on the track, students must complete a minimum of 31-36 credit hours of graduate-level coursework. Details about this program are located in the Nursing MSN Handbook.

- Nursing Leadership and Management—36 Credit Hours
- Nurse Educator—35 Credit Hours
- Family Nurse and Health Care Simulation—31 Credit Hours

Total Credit Hours Required: 31-36 Credit Hours Minimum beyond the Bachelor's Degree

An independent scholarly work is a requirement for the Master of Science in Nursing degree. The scholarly work consists of an evidence-based nursing project. The scholarly project that is required in NGR 6813 - Evidence Based Nursing Practice (completed in the final semester of study) is an evidence-based scholarly clinical paper. The evidence-based project should reflect the latest evidence for the student's MSN track. This is a formal paper that must adhere to published guidelines in the syllabus and must be presented in a public forum.

Unsatisfactory Grade in MSN Courses

All MSN coursework must be completed with a B or higher to progress in the program. Students that receive a grade below B are subject to dismissal. All grades below B must be reviewed by the Master's Admissions, Progression and Graduation (APG) Committee for continuation in the MSN program.

College of Nursing Master's Program Handbook

All master's students are required to read the College of Nursing Master's Program Handbook regarding policies for each program and for academic progression. Information about each program particularly clinical placements and forms for appeals to the Master's APG Committee are located in the Nursing MSN Handbook.

Equipment Fee

Full-time students in the Master of Science in Nursing programs pay a \$90 equipment fee each semester that they are enrolled. Part-time students pay \$45 each semester.

Non-Nursing Baccalaureate Program

In addition to the MSN for students holding a baccalaureate nursing degree, the College of Nursing also offers admission to its master's degree programs in nursing to Registered Nurses who have completed an AS in Nursing or diploma nursing program and have bachelor's degrees in fields other than nursing. These students will need to take 9 credits of undergraduate upper division course work that is prerequisite for graduate study in nursing. An undergraduate statistics course will also be required if not completed in the bachelor's degree. Please contact gradnurseadvicors@ucf.edu for more information on how to apply.

The undergraduate courses required prior to graduate course work are:

- NUR 3165 - Nursing Research **3 Credit Hours**
- NUR 3805 - Dimensions of Professional Nursing Practice **3 Credit Hours**
- NUR 4637 - Public Health Nursing **3 Credit Hours**

Independent Learning

An independent scholarly work is a requirement for the Master of Science in Nursing degree. The scholarly work consists of an evidence-based nursing project. The scholarly project that is required in NGR 6813 (completed in the final semester of study) is an evidence-based scholarly clinical paper. The evidence-based project should reflect the latest evidence for the students MSN track. This is a formal paper that must adhere to published guidelines in the syllabus and must be presented in a public forum.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Students must choose a track to apply for the MSN program. All tracks contain the same base admission requirements listed below, however, please review the Catalog entry for your track of interest and additional application requirements.

The following application information is provided for applicants who have completed a bachelor's degree. (For applicants without a bachelor's degree interested in the RN to MSN Program please contact the College of Nursing

Undergraduate Office at gradnurseadvisor@ucf.edu for an advising appointment). In addition to the general UCF graduate application requirements applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- BSN degree from an accredited institution.*
- Undergraduate Statistics course.
- Florida license required for all students who will be taking clinical and practice courses in Florida health care agencies and institutions. For those students at a distance, a license is required in the state or country in which they practice.
- Address the following 3 items in a written essay. Total word count for all (not each) answers should be 500 words or less, double-spaced, 12 point Times New Roman font, and 1-inch margins:
 - Describe your future career plans and how the program to which you are applying will help you achieve your career goals.
 - Describe the changes you would make in your personal and professional life to ensure success in your graduate nursing education.
 - Identify one significant contemporary issue/ problem in U.S. health care and explore how members of the nursing profession can help address that issue or solve that problem.
- Curriculum Vitae should reflect prior education, recent clinical/practice accomplishments, any recent scholarly work (publications, presentations, grants, research participation), awards, scholarships, additional professional certifications, volunteer activities, and membership/leadership/activities with professional organizations and community service organizations. For recent graduates, this can include accomplishments as a student.
- Requires 3 professional recommendations.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Before submitting your application, it is recommended that applicants call the College of Nursing Graduate Office at 407-823-2744 to schedule an appointment with an MSN adviser to discuss your goals for graduate study. It is advantageous to discuss the program before writing the required essay because the essay must address your goals for Masters-level preparation for advanced nursing practice.

*Licensed RNs who have completed an AS in Nursing or diploma nursing program and Bachelor's degree in a discipline other than nursing, please contact the College of Nursing Graduate Office at gradnurseadvisor@ucf.edu for additional options.

Upon admission to the program students will be required to complete FDLE/FBI fingerprinting and certified background checks, and health screening. A student must be able to meet clinical partner background requirement to continue in the program.

The College of Nursing uses a student information management system, LEAP*RN (Project Concert). This database houses information regarding plans of study, clinical placements, clinical hours, logs, and evaluation data to assist in maintaining standards required for CCNE accreditation, facilitate student progression, and enhance clinical tracking. Students will need to access LEAP*RN for clinical course requirements, course evaluations, and portfolios. Upon graduation, students will continue to have no-cost access to their information. All students will be responsible for a one-time subscription of \$150 per degree program payable at <https://secure.projectconcert.com/ucf> and due prior to registering for first semester courses. If students register for courses prior to paying the subscription, a "hold" service indicator will be placed to prevent future enrollment and other progression functions.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial

assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Nursing MSN, Adult-Gerontology Acute Care Nurse Practitioner Track

College: Nursing	Degree: MSN
Department: Nursing	Option: Nonthesis
Program Websites: http://www.nursing.ucf.edu/	

Track Description

This track will not be accepting applications or enrolling new students effective Fall 2018.

The Adult-Gerontology Acute Care Nurse Practitioner (AGACNP) Track in the Master of Science in Nursing (MSN) program prepares the advanced practice nurse to care for patients with medically complex stable and unstable acute, critical and chronic illnesses across care settings ranging from hospitals to subacute, ambulatory care, clinic and home care environments. The program provides a spectrum of care from disease prevention to acute and critical care management.

The track provides a spectrum of care from disease prevention to acute and critical care management. The curriculum prepares students for both the AGACNP board certification examination administered through the American Nurses Credentialing Center and the Acute Care Nurse Practitioner--Adult-Gerontology certification examination administered through the American Association of Critical Care Nurses.

Program Objectives

The program prepares students to:

- Analyze social, economic, ethical, cultural, legal, and political issues influencing nursing practice and health care in a global context.
- Develop and implement leadership, management, and teaching strategies for the improvement of health and health care quality and safety.
- Develop practice models of evidence-based nursing practice incorporating nursing research.

- Influence health and public policy in collaboration with other disciplines to improve systems of care and health of communities.
- Participate in research and disseminate research findings through presentation and publication.
- Synthesize advanced knowledge from the sciences, humanities, and theory to support the advanced nursing practice.
- Plan, evaluate and implement the delivery of health care using critical thinking skill in an advanced nursing role.

For information on how this program may prepare you for professional licensure, please contact Dr. Christopher Blackwell, Director, Adult-Gerontology Acute Care Nurse Practitioner Program.

Curriculum

The MSN Adult-Gerontology Acute Care Nurse Practitioner Track requires a minimum of 46 credit hours beyond the baccalaureate degree with 660 clinical practice hours. The program prepares nurses at the entry-level for advanced practice for the current healthcare system based on a strong scientific foundation for practice; offers flexibility and emphasis on evidence-based practice, leadership and organizational analysis; and provides analytic, critical thinking and diagnostic reasoning skills to examine practice innovations.

Total Credit Hours Required: 46 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisite Courses—9 Credit Hours

Students with a bachelor's degree in a discipline other than nursing will be required to take the following courses prior to taking required program courses. Consistent with graduate nursing program policies, courses must be completed with a grade of 'B' or better.

- NUR 3805 - Dimensions of Professional Practice **3 Credit Hours**
- NUR 4637L - Public Health Nursing **3 Credit Hours**
- NUR 3165 - Nursing Research **3 Credit Hours**

Required Courses— 42 Credit Hours

Core Courses—24 Credit Hours

- NGR 5003 - Advanced Health Assessment and Diagnostic Reasoning **2 Credit Hours**
- NGR 5003L - Advanced Health Assessment and Diagnostic Reasoning Lab **1 Credit Hours** (60 clinical hours)
- NGR 5141 - Pathophysiological Bases for Advanced Nursing Practice **3 Credit Hours**
- NGR 5638 - Health Promotion **3 Credit Hours**
- NGR 5800 - Theory for Advanced Practice Nursing **3 Credit Hours**
- NGR 6172 - Pharmacology for Advanced Nursing Practice **3 Credit Hours**
- NGR 6801 - Research Methods **3 Credit Hours**
- NGR 6813 - Evidence Based Nursing Practice **3 Credit Hours**
- NGR 7913 - Doctoral Project **3 Credit Hours**

Specialty Courses: Adult/Gerontology Acute Care Nurse Practitioner—22 Credit Hours

- NGR 6210 - Adult-Gerontology Acute Care Nurse Practitioner I **3 Credit Hours**
- NGR 6230L - Diagnostics and Skills for the Critically Ill **2 Credit Hours** (60 clinical hours)
- NGR 6211 - Adult-Gerontology Acute Care Nurse Practitioner II **3 Credit Hours**
- NGR 6211L - Adult-Gerontology Acute Care Nurse Practitioner II Clinical **3 Credit Hours** (180 clinical hours)
- NGR 6175 - Critical Care Pharmacology **3 Credit Hours**
- NGR 6212 - Adult-Gerontology Acute Care Nurse Practitioner III **3 Credit Hours**
- NGR 6212L - Adult-Gerontology Acute Care Nurse Practitioner III Clinical **3 Credit Hours** (180 clinical hours)
- NGR 6215L - Adult-Gerontology Acute Care Nurse Practitioner Practicum **3 Credit Hours** (180 clinical hours)

Progress to Degree

Students are required to maintain a 3.0 grade point average. Students who receive a grade of below "B" in any course will be reviewed by the MSN/DNP Admissions, Progression and Graduation Committee for continuation in the program. Grades of below "B" are not acceptable in the doctoral program in the College of Nursing. Students who do not maintain a 3.0 GPA will be put on probation or dismissed from the program.

Graduation Requirements

- All course work completed with a minimum grade of "B"
- Clinical performance evaluated at a satisfactory level

College of Nursing Master's Program Handbook

All master's students are required to read the College of Nursing Master's Program Handbook regarding policies for each program and for academic progression. Information about each program, particularly clinical placements and forms for appeals to the Master's APG Committee, are located in the Nursing MSN Handbook.

Equipment Fee

Full-time students in all Master of Science in Nursing Programs pay a \$90 equipment fee each semester that they are enrolled. Part-time students pay \$45 each semester.

Independent Learning

An independent scholarly work is a requirement for the Master of Science in Nursing degree. The scholarly work consists of an evidence-based nursing project. The scholarly project that is required in NGR 6813 (completed in the final semester of study) is an evidence-based scholarly clinical paper. The evidence-based project should reflect the latest evidence for the student's MSN track. This is a formal paper that must adhere to published guidelines in the syllabus and must be presented in a public forum.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- BSN degree from an accredited institution by program start date.*
- Undergraduate Statistics course.
- Official, competitive GRE score taken within the last five years.
- Licensure as a registered nurse in the State of Florida by program start date. (Out of state applicants must be eligible for licensure in Florida and must achieve RN licensure to begin clinical courses.)
- Address the following 3 items in a written essay. Total word count for all (not each) answers should be 500 words or less, double spaced, 12 point Times New Roman font, and 1 inch margins:
 - Discuss the impact of the graduate nursing education in your desired track on the evolution of your professional role
 - Describe the path you would take to ensure success in your graduate nursing education
 - Identify one significant contemporary issue of problem in US healthcare and explore how members of the nursing profession can help address that issues or solve that problem
- Curriculum Vitae: CV should reflect prior education, recent clinical accomplishments, any recent scholarly work (publications and presentations), awards, additional certifications, and activities with professional organizations. For recent graduates, this can include accomplishments as a student
- An interview with faculty may also be required.

*For Students with an RN license and a Bachelor's degree in a discipline other than nursing, please contact the College of Nursing Graduate Office at gradnurse@ucf.edu or 407-823-2744 for additional options.

Before submitting your application, it is recommended that applicants call the College of Nursing Graduate Office at 407-823-2744 to schedule an appointment with a MSN adviser to discuss your goals for masters study. It is advantageous to discuss the program before writing the required essay because the essay must address your goals for master-level preparation for advanced nursing practice.

Admission to the program is competitive, based on evaluations of the applicant's abilities, past performance, recommendations, FDLE/FBI finger printing and certified background checks, and the match of UCF programs with the applicant's career goals. The College of Nursing accepts most qualified students. Since enrollment is limited, not all students who apply may be accepted, even if minimum requirements are met.

Effective August 2017, the College of Nursing will be implementing a database, LEAP*RN (ProjectConcert) to manage information regarding student course work and plans of study, clinical placements, and all evaluation data. This database will assist us in maintaining standards required for CCNE accreditation, facilitate student progression, and enhance clinical tracking. All students will be responsible for an annual subscription of \$77.40 payable directly to ProjectConcert. Holds will be placed on registration and enrollment if the subscription cost is not paid. Further information will be disseminated early in the summer

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF

Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Nursing MSN, Adult-Gerontology Primary Care Nurse Practitioner Track

College: Nursing	Degree: MSN
Department: Nursing	

Track Description

This track will not be accepting applications or enrolling new students effective Fall 2018.

The Master of Science in Nursing (MSN) program in the Adult/Gerontology Primary Care Nurse Practitioner Track prepares nurses for advanced primary care practice in the current healthcare environment based on a strong scientific foundation for practice; flexibility and emphasis on evidence-based practice, and leadership.

The MSN Adult/Gerontology Primary Care Nurse Practitioner Track allows students to sit for certification examinations when they have completed the list of courses required. Certification authorizes them to function in the advanced role. Enrolling in the DNP program is an option after completion of the MSN.

Program Objectives

The program prepares students to:

- Analyze social, economic, ethical, cultural, legal, and political issues influencing nursing practice and health care in a global context.
- Develop and implement leadership, management, and teaching strategies for the improvement of health and health care quality and safety.
- Develop practice models of evidence-based nursing practice incorporating nursing research.
- Influence health and public policy in collaboration with other disciplines to improve systems of care and health of communities.
- Participate in research and disseminate research findings through presentation and publication.
- Synthesize advanced knowledge from the sciences, humanities, and theory to support the advanced nursing practice.
- Plan, evaluate and implement the delivery of health care using critical thinking skill in an advanced nursing role.

The College of Nursing also offers admission to its master degree programs in nursing to Registered Nurses who have bachelor degrees in fields other than nursing. These students will need to take 8 credits of undergraduate upper division course work as the prerequisite for graduate study in nursing. Please contact gradnurse@ucf.edu for more information.

The College also offers an RN to MSN plan of study that provides an accelerated program for RNs who do not hold a baccalaureate degree but have met general education requirements. Students admitted under this plan of study will complete requirements for both the BSN and MSN programs. See RN to MSN program below for more information. A

separate application to the graduate program will be required upon completion of the BSN degree. Admission to the MSN program is competitive and not guaranteed.

For information on how this program may prepare you for professional licensure, please contact Dr. Josie Weiss, Director, Family Nurse Practitioner (FNP) and Adult-Gerontology Primary Care Nurse Practitioner (AGPCNP) Programs

Curriculum

The MSN Adult/Gerontology Primary Care Nurse Practitioner Track requires a minimum of 42 credit hours beyond the baccalaureate degree with 660 clinical practice hours. The part-time plan of study for the MSN can be completed in 8 semesters and the full-time plan of study in 5 semesters.

Total Credit Hours Required: 42 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisite Courses: 9 Credit Hours

Students with a bachelor's degree in a discipline other than nursing will be required to take the following courses prior to taking required program courses. Consistent with graduate nursing program policies, courses must be completed with a grade of 'B' or better.

- NUR 3805 - Dimensions of Professional Practice **3 Credit Hours**
- NUR 4637L - Public Health Nursing **3 Credit Hours**
- NUR 3165 - Nursing Research **3 Credit Hours**

Required Courses: 42 Credit Hours

Core Courses: 24 Credit Hours

- NGR 5003 - Advanced Health Assessment and Diagnostic Reasoning **2 Credit Hours**
- NGR 5003L - Advanced Health Assessment and Diagnostic Reasoning Lab **1 Credit Hours** (60 clinical hours)
- NGR 5141 - Pathophysiological Bases for Advanced Nursing Practice **3 Credit Hours**
- NGR 5638 - Health Promotion **3 Credit Hours**
- NGR 5800 - Theory for Advanced Practice Nursing **3 Credit Hours**
- NGR 6172 - Pharmacology for Advanced Nursing Practice **3 Credit Hours**
- NGR 6801 - Research Methods **3 Credit Hours**
- NGR 6813 - Evidence Based Nursing Practice **3 Credit Hours**
- NGR 7913 - Doctoral Project **3 Credit Hours**

Specialty Courses: Adult/Gerontology Nurse Practitioner: 18 Credit Hours

- NGR 6334 - Women's Health for APNs **2 Credit Hours**
- NGR 6201 - Adult I Primary Care **3 Credit Hours**
- NGR 6240L - Adult I Clinical for APNs **3 Credit Hours** (180 clinical hours)
- NGR 6202L - Adult II Primary Care Clinical **3 Credit Hours** (120 clinical hours)
- NGR 6263 - Gerontologic Care for APNs **3 Credit Hours**
- NGR 6263L - Gerontologic Care Clinical for NPs **2 Credit Hours** (120 clinical hours)

- **NGR 6248L - Family Nurse Practitioner/Adult-Gero Nurse Practitioner Practice Practicum 3 Credit Hours** (180 clinical hours)

Progress to Degree

Students are required to maintain a 3.0 grade point average. Students who receive a grade of below B in any course will be reviewed by the MSN/DNP Admissions, Progression and Graduation Committee for continuation in the program. Grades of below B are not acceptable in the doctoral program in the College of Nursing. Students who do not maintain a 3.0 GPA will be put on probation or dismissed from the program.

Graduation Requirements

- All course work completed with a minimum grade of "B"
- Clinical performance evaluated at a satisfactory level

College of Nursing Master's Program Handbook

All master's students are required to read the College of Nursing Master's Program Handbook regarding policies for each program and for academic progression. Information about each program, particularly clinical placements and forms for appeals to the Master's APG Committee, are located in the Nursing MSN Handbook.

Equipment Fee

Full-time students in all Master of Science in Nursing Programs pay a \$90 equipment fee each semester that they are enrolled. Part-time students pay \$45 each semester.

Independent Learning

An independent scholarly work is a requirement for the Master of Science in Nursing degree. The scholarly work consists of an evidence-based nursing project. The scholarly project that is required in NGR 6813 (completed in the final semester of study) is an evidence-based scholarly clinical paper. The evidence-based project should reflect the latest evidence for the student's MSN track. This is a formal paper that must adhere to published guidelines in the syllabus and must be presented in a public forum.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- BSN degree from an accredited institution by program start date.*
- Undergraduate Statistics course.
- Official, competitive GRE score taken within the last five years.
- Licensure as a registered nurse in the State of Florida by program start date. (Out of state applicants must be eligible for licensure in Florida and must achieve RN licensure to begin clinical courses.)

- Address the following 3 items in a written essay. Total word count for all (not each) answers should be 500 words or less, double spaced, 12 point Times New Roman font, and 1 inch margins:
 - Discuss the impact of the graduate nursing education in your desired track on the evolution of your professional role
 - Describe the path you would take to ensure success in your graduate nursing education
 - Identify one significant contemporary issue or problem in US health care and explore how members of the nursing profession can help address that issue or solve that problem.
- Curriculum Vitae which reflects prior education, recent clinical accomplishments, any recent scholarly work (publications and presentations), awards, additional certifications, and activities with professional organizations. For recent graduates this can include accomplishments as a student.
- An interview with faculty may also be required..

*For RNs with a Bachelor's degree in a discipline other than nursing, please contact the College of Nursing at gradnurse@ucf.edu or 407-823-2744 for additional options.

Before submitting your application, it is recommended that applicants call the College of Nursing Graduate Office (407-823-2744) to speak with an adviser to discuss your goals for doctoral study. It is advantageous to discuss the program before writing the required essay because the essay must address your goals for doctoral-level preparation for advanced nursing practice.

Admission to the program is competitive, based on evaluation of the applicant's abilities, past performance, recommendations, FDLE/FBI finger printing and certified background checks, and the match of UCF's master's programs with career goals. The College of Nursing accepts the most qualified students. Since enrollment is limited, not all students who apply may be accepted, even if minimum requirements are met.

Effective August 2017, the College of Nursing will be implementing a database, LEAP*RN (ProjectConcert) to manage information regarding student course work and plans of study, clinical placements, and all evaluation data. This database will assist us in maintaining standards required for CCNE accreditation, facilitate student progression, and enhance clinical tracking. All students will be responsible for an annual subscription of \$77.40 payable directly to ProjectConcert. Holds will be placed on registration and enrollment if the subscription cost is not paid. Further information will be disseminated early in the summer

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Nursing MSN, Family Nurse Practitioner Track

College: Nursing	Degree: MSN
Department: Nursing	Option: Nonthesis
Program Websites: http://www.nursing.ucf.edu/	

Track Description

This track will not be accepting applications or enrolling new students effective Fall 2018.

The Master of Science in Nursing (MSN) program in the Family Nurse Practitioner Track prepares nurses for advanced primary care practice in the current healthcare environment based on a strong scientific foundation for practice, flexibility, and emphasis on evidence-based practice and leadership.

The MSN Family Nurse Practitioner Track allows students to sit for certification examinations when they have completed the list of courses required. Certification authorizes them to function in the advanced role. Enrolling in the DNP program is an option after completion of the MSN. The program can be completed in 6 semesters as a full-time student or 8 semesters as a part-time student.

Program Objectives

The program prepares students to:

- Analyze social, economic, ethical, cultural, legal, and political issues influencing nursing practice and health care in a global context.
- Develop and implement leadership, management, and teaching strategies for the improvement of health and health care quality and safety.
- Develop practice models of evidence-based nursing practice incorporating nursing research.
- Influence health and public policy in collaboration with other disciplines to improve systems of care and health of communities.
- Participate in research and disseminate research findings through presentation and publication.
- Synthesize advanced knowledge from the sciences, humanities, and theory to support the advanced nursing practice.
- Plan, evaluate and implement the delivery of health care using critical thinking skill in an advanced nursing role.

The College of Nursing also offers admission to its master degree programs in nursing to Registered Nurses who have bachelor degrees in fields other than nursing. These students will need to take 8 credits of undergraduate upper-division coursework as a prerequisite for graduate study in nursing. Please contact gradnurse@ucf.edu for more information.

The College also offers an RN to MSN plan of study that provides an accelerated program for RNs who do not hold a baccalaureate degree but have met general education requirements. Students admitted under this plan of study will complete requirements for both the BSN and MSN programs. See RN to MSN program below for more information. A separate application to the graduate program will be required upon completion of the BSN degree. Admission to the MSN program is competitive and not guaranteed.

For information on how this program may prepare you for professional licensure, please contact Dr. Josie Weiss, Director, Family Nurse Practitioner (FNP) and Adult-Gerontology Primary Care Nurse Practitioner (AGPCNP) Programs.

Curriculum

The MSN Family Nurse Practitioner Track requires a minimum of 46 credit hours beyond the baccalaureate degree with 720 hours of clinical practicum. The part-time plan of study for the MSN can be completed in 6 semesters and the full-time plan of study in 4 semesters.

Total Credit Hours Required: 46 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisite Courses: 9 Credit Hours

Students with a bachelor's degree in a discipline other than nursing will be required to take the following courses prior to taking required program courses. Consistent with graduate nursing program policies, courses must be completed with a grade of 'B' or better.

- NUR 3805 - Dimensions of Professional Practice **3 Credit Hours**
- NUR 4637 - Public Health Nursing **3 Credit Hours**
- NUR 3165 - Nursing Research **3 Credit Hours**

Required Courses for the MSN: 46 Credit Hours

Core Courses: 24 Credit Hours

- NGR 5003 - Advanced Health Assessment and Diagnostic Reasoning **2 Credit Hours**
- NGR 5003L - Advanced Health Assessment and Diagnostic Reasoning Lab **1 Credit Hours** (60 clinical hours)
- NGR 5141 - Pathophysiological Bases for Advanced Nursing Practice **3 Credit Hours**
- NGR 5638 - Health Promotion **3 Credit Hours**
- NGR 5800 - Theory for Advanced Practice Nursing **3 Credit Hours**
- NGR 5884 - Legal and Professional Behavior in Advanced Practice Nursing **3 Credit Hours**
- NGR 6172 - Pharmacology for Advanced Nursing Practice **3 Credit Hours**
- NGR 6801 - Research Methods **3 Credit Hours**
- NGR 6813 - Evidence Based Nursing Practice **3 Credit Hours**

Specialty Courses: Family Nurse Practitioner: 22 Credit Hours

- NGR 6334 - Women's Health for APNs **2 Credit Hours**
- NGR 6201 - Adult I Primary Care **3 Credit Hours**
- NGR 6240L - Adult I Clinical for APNs **3 Credit Hours** (180 clinical hours)
- NGR 6263 - Gerontologic Care for APNs **3 Credit Hours**
- NGR 6263L - Gerontologic Care Clinical for NPs **2 Credit Hours** (120 clinical hours)
- NGR 6305 - Pediatric Primary Care **3 Credit Hours**
- NGR 6305L - Pediatric Primary Care Clinical **2 Credit Hours** (120 clinical hours)
- NGR 6342L - Women's Health for APNs Clinical **1 Credit Hours** (60 clinical hours)

- **NGR 6248L - Family Nurse Practitioner/Adult-Gero Nurse Practitioner Practice Practicum 3 Credit Hours** (180 clinical hours)

Progress to Degree

Students are required to maintain a 3.0 grade point average. Students who receive a grade of below B in any course will be reviewed by the MSN/DNP Admissions, Profession and Graduation Committee for continuation in the program. Grades of below B are not acceptable in the doctoral program in the College of Nursing. Students who do not maintain a 3.0 GPA will be put on probation or dismissed from the program.

Graduation Requirements

- All course work completed with a minimum grade of "B"
- Clinical performance evaluated at a satisfactory level

College of Nursing Master's Program Handbook

All students completing the master's along the way are required to read the College of Nursing Master's Program Handbook regarding policies for each program and for academic progression. Information about each program, particularly clinical placements and forms for appeals to the Master's APG Committee are located in the Nursing MSN Handbook.

Equipment Fee

Full-time students in all Master of Science in Nursing Programs pay a \$90 equipment fee each semester that they are enrolled. Part-time students pay \$45 each semester.

Independent Learning

An independent scholarly work is a requirement for the Master of Science in Nursing degree. The scholarly work consists of an evidence-based nursing project. The scholarly project that is required in NGR 6813 (completed in the final semester of study) is an evidence-based scholarly clinical paper. The evidence-based project should reflect the latest evidence for the students MSN track. This is a formal paper that must adhere to published guidelines in the syllabus and must be presented in a public forum.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- BSN degree from an accredited institution by program start date.*
- Undergraduate Statistics course.
- Official, competitive GRE score taken within the last five years.

- Licensure as a registered nurse in the State of Florida by program start date. (Out of state applicants must be eligible for licensure in Florida and must achieve RN licensure to begin clinical courses.)
- Address the following 3 items in a written essay. Total word count for all (not each) answers should be 500 words or less, double spaced, 12 point Times New Roman font, and 1-inch margins:
 - Discuss the impact of the graduate nursing education in your desired track on the evolution of your professional role
 - Describe the path you would take to ensure success in your graduate nursing education
 - Identify one significant contemporary issue or problem in US health care and explore how members of the nursing profession can help address that issue or solve that problem.
- Curriculum Vitae which reflects prior education, recent clinical accomplishments, any recent scholarly work (publications and presentations), awards, additional certifications, and activities with professional organizations. For recent graduates, this can include accomplishments as a student.
- An interview with faculty may also be required.

*For RNs with a Bachelor's degree in a discipline other than nursing, please contact the College of Nursing Graduate Office at gradnurse@ucf.edu for additional options.

Before submitting your application, it is recommended that applicants call the College of Nursing Graduate Office (407-823-2744) to speak with an adviser to discuss your goals for doctoral study. It is advantageous to discuss the program before writing the required essay because the essay must address your goals for doctoral-level preparation for advanced nursing practice. Students are admitted to the program in the fall for the program of study; however, spring admissions are possible for a revised plan of study.

Admission to the program is competitive, based on evaluation of the applicant's abilities, past performance, recommendations, FDLE/FBI fingerprinting and certified background checks, and the match of UCF's master's programs with career goals. The College of Nursing accepts the most qualified students. Since enrollment is limited, not all students who apply may be accepted, even if minimum requirements are met.

Effective August 2017, the College of Nursing will be implementing a database, LEAP*RN (ProjectConcert) to manage information regarding student course work and plans of study, clinical placements, and all evaluation data. This database will assist us in maintaining the standards required for CCNE accreditation, facilitate student progression, and enhance clinical tracking. All students will be responsible for an annual subscription of \$77.40 payable directly to ProjectConcert. Holds will be placed on registration and enrollment if the subscription cost is not paid. Further information will be disseminated early in the summer.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Nursing MSN, Leadership and Management Track ►

College: Nursing	Degree: MSN
Department: Nursing	Option: Nonthesis
Program Websites: http://www.nursing.ucf.edu/	
Graduate Program Handbook	

Track Description

The Master of Science in Nursing (MSN) programs build upon the student's baccalaureate nursing education and professional experience. The Master of Science in Nursing program is accredited by the Commission on Collegiate Nursing Education (CCNE).

Program Objectives

The program prepares students to:

- Analyze social, economic, ethical, cultural, legal, and political issues influencing nursing practice and health care in a global context.
- Develop and implement leadership, management, and teaching strategies for the improvement of health and health care quality and safety.
- Develop practice models of evidence-based nursing practice incorporating nursing research.
- Influence health and public policy in collaboration with other disciplines to improve systems of care and health of communities.
- Participate in research and disseminate research findings through presentation and publication.
- Synthesize advanced knowledge from the sciences, humanities, and theory to support advanced nursing practice.
- Plan, evaluate, and implement the delivery of health care using critical thinking skill in an advanced nursing role.

You may pursue this UCF College of Nursing online program **as long as you will be physically located in a Nurse Licensure Compact (NLC) state for the duration of your education.**

UCF College of Nursing faculty are authorized to teach in NLC states. Due to nursing education restrictions imposed by non-NLC states, UCF is unable to offer courses, clinicals, or other educational services regardless of modality within non-NLC states. Should you be physically located within a non-NLC state for more than a vacation or brief visit, regardless of your legal state of residence or the type of license you have, you will be unable to apply or continue your nursing degree program at the UCF College of Nursing. This includes, but is not limited to, students accepting traveling nurse positions in a non-Nurse Licensure Compact state.

This program has potential ties to state-regulated professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-Nursing-MSN-Online-Leadership-and-Management.pdf>.

NOTE FOR INTERNATIONAL STUDENTS: Please contact the College of Nursing at gradnurse@ucf.edu or 407-823-2744 prior to applying to this online program.

Please note: Nursing (MSN) - Leadership and Management may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

Curriculum

The Leadership and Management track of the MSN is designed to equip nurses with the managerial and leadership skills necessary to become administrative leaders in the health care industry. The program requires 36 credit hours of coursework and includes leadership practicum experiences.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisite Courses—9 Credit Hours

Students who are Registered Nurses and have completed an AS in Nursing or diploma nursing program and have a bachelor's degree in a discipline other than nursing will be required to take the following courses prior to taking required program courses. Consistent with graduate nursing program policies, courses must be completed with a grade of 'B' or better.

- NUR 3805 - Dimensions of Professional Practice **3 Credit Hours**
- NUR 4637 - Public Health Nursing **3 Credit Hours**
- NUR 3165 - Nursing Research **3 Credit Hours**

Required Courses—36 Credit Hours

- NGR 5800 - Theory for Advanced Practice Nursing **3 Credit Hours**
- NGR 5884 - Legal and Professional Behavior in Advanced Practice Nursing **3 Credit Hours**
- NGR 5720 - Organizational Dynamics **3 Credit Hours**
- NGR 5871 - Health Care Informatics **3 Credit Hours**
- NGR 6722 - Financial Management and Resource Development **3 Credit Hours**
- NGR 6723 - Nursing Leadership and Management **3 Credit Hours**
- NGR 6723L - Nursing Leadership Role Specialization Practicum **3 Credit Hours** (135 clinical hours)
- NGR 6801 - Research Methods **3 Credit Hours**
- NGR 6813 - Evidence Based Nursing Practice **3 Credit Hours** (Scholarly Project)
- NGR 6874 - Nursing Environment Management **3 Credit Hours**
- NGR 6772L - Nurse Leadership and Management Internship **3 Credit Hours** (180 clinical hours)
- Graduate Elective **3 Credit Hours**

College of Nursing Master's Program Handbook

All master's students are required to read the College of Nursing Master's Program Handbook regarding policies for each program and for academic progression. Information about each program, particularly clinical placements and forms for appeals to the Master's APG Committee, are located in the Nursing MSN Handbook.

Equipment Fee

Full-time students in all Master of Science in Nursing programs pay a \$90 equipment fee each semester that they are enrolled. Part-time students pay \$45 each semester.

Independent Learning

An independent scholarly work is a requirement for the Master of Science in Nursing degree. The scholarly work consists of an evidence-based nursing project. The scholarly project that is required in NGR 6813 (completed in the final semester of study) is an evidence-based scholarly clinical paper. The evidence-based project should reflect the latest evidence for the students MSN track. This is a formal paper that must adhere to published guidelines in the syllabus and must be presented in a public forum.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- BSN degree from an accredited institution.*
- Undergraduate Statistics course.
- RN license the state in which you practice.
- Address the following 3 items in a written essay. Total word count for all (not each) answers should be 500 words or less, double-spaced, 12 point Times New Roman font, and 1-inch margins:
 - Describe your future career plans and how the program to which you are applying will help you achieve your career goals.
 - Describe the changes you would make in your personal and professional life to ensure success in your graduate nursing education.
 - Identify one significant contemporary issue/ problem in U.S. health care and explore how members of the nursing profession can help address that issue or solve that problem.
- Curriculum Vitae should reflect prior education, recent clinical/practice accomplishments, any recent scholarly work (publications, presentations, grants, research participation), awards, scholarships, additional professional certifications, volunteer activities, and membership/leadership/activities with professional organizations and community service organizations. For recent graduates, this can include accomplishments as a student.
- Requires 3 professional recommendations.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Before submitting your application, it is recommended that applicants call the College of Nursing Graduate Office at 407-823-2744 to schedule an appointment with an MSN adviser to discuss your goals for graduate study. It is advantageous to discuss the program before writing the required essay because the essay must address your goals for Masters-level preparation for advanced nursing practice.

*Licensed RNs who have completed an AS in Nursing or diploma nursing program and Bachelor's degree in a discipline other than nursing, please contact the College of Nursing Graduate Office at gradnurseadvisor@ucf.edu for additional options.

Upon admission to the program, students will be required to complete FDLE/FBI fingerprinting and certified background checks, and health screening. A student must be able to meet clinical partner background requirement to continue in the program.

The College of Nursing uses a student information management system, LEAP*RN (Project Concert). This database houses information regarding plans of study, clinical placements, clinical hours, logs, and evaluation data to assist in maintaining standards required for CCNE accreditation, facilitate student progression, and enhance clinical tracking. Students will need to access LEAP*RN for clinical course requirements, course evaluations, and portfolios. Upon graduation, students will continue to have no-cost access to their information. All students will be responsible for a one-time subscription of \$150 per degree program payable at <https://secure.projectconcert.com/ucf> and due prior to registering for first semester courses. If students register for courses prior to paying the subscription, a "hold" service indicator will be placed to prevent future enrollment and other progression functions.

Application Deadlines

Leadership and Management	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Apr 1	Sept 1	
International Applicants				
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Nursing MSN, Nurse Educator Track ►

College: Nursing	Degree: MSN
------------------	----------------

Department: Nursing	Option: Nonthesis
Program Websites: http://www.nursing.ucf.edu/	
Graduate Program Handbook	

Track Description

The Master of Science in Nursing (MSN) programs build upon the student's baccalaureate nursing education and professional experience. The Master of Science in Nursing program is accredited by the Commission on Collegiate Nursing Education (CCNE). The Nurse Educator track is delivered fully online. It prepares nurse educators for teaching positions in colleges and universities, as well as practice settings.

Program Objectives

The program prepares students to:

- Analyze social, economic, ethical, cultural, legal, and political issues influencing nursing practice and health care in a global context.
- Develop and implement leadership, management, and teaching strategies for the improvement of health and health care quality and safety.
- Develop practice models of evidence-based nursing practice incorporating nursing research.
- Influence health and public policy in collaboration with other disciplines to improve systems of care and health of communities.
- Participate in research and disseminate research findings through presentation and publication.
- Synthesize advanced knowledge from the sciences, humanities, and theory to support advanced nursing practice.
- Plan, evaluate and implement the delivery of health care using critical thinking skill in an advanced nursing role.

You may pursue this UCF College of Nursing online program **as long as you will be physically located in a Nurse Licensure Compact (NLC) state for the duration of your education.**

UCF College of Nursing faculty are authorized to teach in NLC states. Due to nursing education restrictions imposed by non-NLC states, UCF is unable to offer courses, clinicals, or other educational services regardless of modality within non-NLC states. Should you be physically located within a non-NLC state for more than a vacation or brief visit, regardless of your legal state of residence or the type of license you have, you will be unable to apply or continue your nursing degree program at the UCF College of Nursing. This includes, but is not limited to, students accepting traveling nurse positions in a non-Nurse Licensure Compact state.

This program has potential ties to state-regulated professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-Online-Nurse-Educator-MSN.pdf>.

Please note: Nursing (MSN)-Nurse Educator may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

Curriculum

The Nurse Educator Track in the Nursing MSN program requires 18 credit hours of nursing courses and 17 credit hours of education courses for a total of 35 credit hours of graduate coursework.

Total Credit Hours Required: 35 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisite Courses—9 Credit Hours

Students who are licensed RNs who have completed an AS in Nursing or diploma nursing program and have a bachelor's degree in a discipline other than nursing will be required to take the following courses prior to taking required program courses. Consistent with graduate nursing program policies, courses must be completed with a grade of 'B' or better.

- NUR 3805 - Dimensions of Professional Practice **3 Credit Hours**
- NUR 4637 - Public Health Nursing **3 Credit Hours**
- NUR 3165 - Nursing Research **3 Credit Hours**

Required Nursing Courses—18 Credit Hours

- NGR 5638 - Health Promotion **3 Credit Hours**
- NGR 5141 - Pathophysiological Bases for Advanced Nursing Practice **3 Credit Hours**
- NGR 5800 - Theory for Advanced Practice Nursing **3 Credit Hours**
- NGR 5884 - Legal and Professional Behavior in Advanced Practice Nursing **3 Credit Hours**
- NGR 6801 - Research Methods **3 Credit Hours**
- NGR 6813 - Evidence Based Nursing Practice **3 Credit Hours** (Scholarly Project)

Required Education Courses—17 Credit Hours

- NGR 6713 - Curriculum Development in Nursing Education **3 Credit Hours**
- NGR 6791 - Teaching Strategies for Nurse Educators **3 Credit Hours**
- NGR 6718 - Evaluation in Nursing Education **3 Credit Hours**
- NGR 6942C - Internship in Nursing Education **4 Credit Hours** (1,3 credit hours, 180 clinical hours)
- NGR 6945L - Clinical Specialty Practicum **1 Credit Hours** (Family, Adult or Community) for Nurse Education (1 credit hour, 60 clinical hours)
- NGR 5190 - Core Clinical Concepts for Nurse Educators **3 Credit Hours**

College of Nursing Master's Program Handbook

All master's students are required to read the College of Nursing Master's Program Handbook regarding policies for each program and for academic progression. Information about each program, particularly clinical placements and forms for appeals to the Master's APG Committee, are located in the Nursing MSN Handbook.

Equipment Fee

Full-time students in all Master of Science in Nursing programs pay a \$90 equipment fee each semester that they are enrolled. part-time students pay \$45 each semester.

Independent Learning

An independent scholarly work is a requirement for the Master of Science in Nursing degree. The scholarly work consists of an evidence-based nursing project. The scholarly project that is required in NGR 6813 (completed in the last or next to last semester of study) is an evidence-based scholarly clinical paper. The evidence-based project should reflect the latest evidence for the students MSN track. This is a formal paper that must adhere to published guidelines in the syllabus and must be presented in a public forum.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- BSN degree from an accredited institution.*
- Undergraduate Statistics course.
- RN license the state in which you practice.
- Address the following 3 items in a written essay. Total word count for all (not each) answers should be 500 words or less, double-spaced, 12 point Times New Roman font, and 1-inch margins:
 - Describe your future career plans and how the program to which you are applying will help you achieve your career goals.
 - Describe the changes you would make in your personal and professional life to ensure success in your graduate nursing education.
 - Identify one significant contemporary issue/ problem in U.S. health care and explore how members of the nursing profession can help address that issue or solve that problem.
- Curriculum Vitae should reflect prior education, recent clinical/practice accomplishments, any recent scholarly work (publications, presentations, grants, research participation), awards, scholarships, additional professional certifications, volunteer activities, and membership/leadership/activities with professional organizations and community service organizations. For recent graduates, this can include accomplishments as a student.
- Requires 3 professional recommendations.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Before submitting your application, it is recommended that applicants call the College of Nursing Graduate Office at 407-823-2744 to schedule an appointment with an MSN adviser to discuss your goals for graduate study. It is advantageous to discuss the program before writing the required essay because the essay must address your goals for Masters-level preparation for advanced nursing practice.

*Licensed RNs who have completed an AS in Nursing or diploma nursing program and Bachelor's degree in a discipline other than nursing, please contact the College of Nursing Graduate Office at gradnurseadvisor@ucf.edu for additional options.

Upon admission to the program, students will be required to complete FDLE/FBI fingerprinting and certified background checks, and health screening. A student must be able to meet clinical partner background requirement to continue in the program.

The College of Nursing uses a student information management system, LEAP*RN (Project Concert). This database houses information regarding plans of study, clinical placements, clinical hours, logs, and evaluation data to assist in maintaining standards required for CCNE accreditation, facilitate student progression, and enhance clinical tracking. Students will need to access LEAP*RN for clinical course requirements, course evaluations, and portfolios. Upon graduation, students will continue to have no-cost access to their information. All students will be responsible for a one-time subscription of \$150 per degree program payable at <https://secure.projectconcert.com/ucf> and due prior to registering for first semester courses. If students register for courses prior to paying the subscription, a "hold" service indicator will be placed to prevent future enrollment and other progression functions.

Application Deadlines

Nurse Educator	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Apr 1	Sept 1	
International Applicants				
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Nursing MSN, Nursing and Health Care Simulation Track ►

College: Nursing	Degree: MSN
------------------	----------------

Department: Nursing	Option: Nonthesis
Program Websites: http://www.nursing.ucf.edu/	
Graduate Program Handbook	

Track Description

The Master of Science in Nursing (MSN) program builds upon the student's baccalaureate nursing education and professional experience.

The MSN program is accredited by the Commission on Collegiate Nursing Education (CCNE). The Nursing and Health Care Simulation Track is delivered online with some required campus activities. It prepares simulation-based educators for positions in colleges and universities, as well as in practice settings.

Program Objectives

The program prepares students to:

- Analyze social, economic, ethical, cultural, legal, and political issues influencing nursing practice and health care in a global context.
- Develop and implement leadership, management, and teaching strategies for the improvement of health and health care quality and safety.
- Develop practice models of evidence-based nursing practice incorporating nursing research.
- Influence health and public policy in collaboration with other disciplines to improve systems of care and health of communities.
- Participate in research and disseminate research findings through presentation and publication.
- Synthesize advanced knowledge from the sciences, humanities, and theory to support advanced nursing practice.
- Plan, evaluate and implement the delivery of health care using critical thinking skill in an advanced nursing role.

You may pursue this UCF College of Nursing online program **as long as you will be physically located in a Nurse Licensure Compact (NLC) state for the duration of your education.**

UCF College of Nursing faculty are authorized to teach in NLC states. Due to nursing education restrictions imposed by non-NLC states, UCF is unable to offer courses, clinicals, or other educational services regardless of modality within non-NLC states. Should you be physically located within a non-NLC state for more than a vacation or brief visit, regardless of your legal state of residence or the type of license you have, you will be unable to apply or continue your nursing degree program at the UCF College of Nursing. This includes, but is not limited to, students accepting traveling nurse positions in a non-Nurse Licensure Compact state.

This program has potential ties to state-regulated professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-Nursing-MSN-Online-Nursing-and-Health-Care-Simulation.pdf>.

Please note: Nursing (MSN) - Nursing and Health Care Simulation may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

Curriculum

The MSN Nursing and Health Care Simulation Track require a minimum of 31 credit hours beyond the baccalaureate degree, including 28 credit hours of required courses and 3 credit hours of electives.

Total Credit Hours Required: 31 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisite Courses: 9 Credit Hours

Students with a bachelor's degree in a discipline other than nursing will be required to take the following courses prior to taking required program courses. Consistent with graduate nursing program policies, courses must be completed with a grade of 'B' or better.

- NUR 3805 - Dimensions of Professional Practice **3 Credit Hours**
- NUR 4637 - Public Health Nursing **3 Credit Hours**
- NUR 3165 - Nursing Research **3 Credit Hours**

Required Courses: 28 Credit Hours

Core Courses: 19 Credit Hours

- NGR 5141 - Pathophysiological Bases for Advanced Nursing Practice **3 Credit Hours**
- NGR 5190 - Core Clinical Concepts for Nurse Educators **3 Credit Hours**
- NGR 5800 - Theory for Advanced Practice Nursing **3 Credit Hours**
- NGR 5884 - Legal and Professional Behavior in Advanced Practice Nursing **3 Credit Hours**
- NGR 6801 - Research Methods **3 Credit Hours**
- NGR 6813 - Evidence Based Nursing Practice **3 Credit Hours** (Scholarly Project)
- NGR 6945L - Clinical Specialty Practicum **1 Credit Hours** (60 clinical hours)

Required Simulation Courses: 9 Credit Hours

- NGR 6717 - Introduction to Healthcare Simulation **3 Credit Hours**
- NGR 6794 - Organizational Leadership and Operations in Healthcare Simulation **3 Credit Hours**
- NGR 6978 - Healthcare Simulation Capstone Project **3 Credit Hours**

Elective Courses: 3 Credit Hours

May be taken in other colleges with permission of adviser and faculty presenting the course.

- NGR 5003 - Advanced Health Assessment and Diagnostic Reasoning **2 Credit Hours**
- NGR 5003L - Advanced Health Assessment and Diagnostic Reasoning Lab **1 Credit Hours**
- NGR 5638 - Health Promotion **3 Credit Hours**
- NGR 5720 - Organizational Dynamics **3 Credit Hours**

- NGR 6722 - Financial Management and Resource Development **3 Credit Hours**
- NGR 6713 - Curriculum Development in Nursing Education **3 Credit Hours**
- NGR 6718 - Evaluation in Nursing Education **3 Credit Hours**
- NGR 6791 - Teaching Strategies for Nurse Educators **3 Credit Hours**
- IDS 6147 - Perspectives on Modeling and Simulation **3 Credit Hours**
- IDS 6148 - Human Systems Integration for Modeling and Simulation **3 Credit Hours**
- CAP 6671 - Intelligent Systems: Robots, Agents, and Humans **3 Credit Hours**
- NGR 6771L - Healthcare Simulation Practicum **VAR Credit Hours**

College of Nursing Master's Program Handbook

All master's students are required to read the College of Nursing Master's Program Handbook regarding policies for each program and for academic progression. Information about each program, particularly clinical placements and forms for appeals to the Master's APG Committee, are located in the Nursing MSN Handbook.

Equipment Fee

Full-time students in all Master of Science in Nursing programs pay a \$90 equipment fee each semester that they are enrolled. Part-time students pay \$45 each semester.

Independent Learning

An independent scholarly work is a requirement for the Master of Science in Nursing degree. The scholarly work consists of an evidence-based nursing project. The scholarly project that is required in NGR 6813 (completed in the final semester of study) is an evidence-based scholarly clinical paper. The evidence-based project should reflect the latest evidence for the student's MSN track. This is a formal paper that must adhere to published guidelines in the syllabus and must be presented in a public forum.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- BSN degree from an accredited institution.*
- Undergraduate Statistics course.
- RN license the state in which you practice.
- Address the following 3 items in a written essay. Total word count for all (not each) answers should be 500 words or less, double-spaced, 12 point Times New Roman font, and 1-inch margins:
 - Describe your future career plans and how the program to which you are applying will help you achieve your career goals.
 - Describe the changes you would make in your personal and professional life to ensure success in your graduate nursing education.
 - Identify one significant contemporary issue/ problem in U.S. health care and explore how members of the nursing profession can help address that issue or solve that problem.

- Curriculum Vitae should reflect prior education, recent clinical/practice accomplishments, any recent scholarly work (publications, presentations, grants, research participation), awards, scholarships, additional professional certifications, volunteer activities, and membership/leadership/activities with professional organizations and community service organizations. For recent graduates, this can include accomplishments as a student.
- Requires 3 professional recommendations.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Before submitting your application, it is recommended that applicants call the College of Nursing Graduate Office at 407-823-2744 to schedule an appointment with an MSN adviser to discuss your goals for graduate study. It is advantageous to discuss the program before writing the required essay because the essay must address your goals for Masters-level preparation for advanced nursing practice.

*Licensed RNs who have completed an AS in Nursing or diploma nursing program and Bachelor's degree in a discipline other than nursing, please contact the College of Nursing Graduate Office at gradnurseadvisor@ucf.edu for additional options.

Upon admission to the program, students will be required to complete FDLE/FBI fingerprinting and certified background checks, and health screening. A student must be able to meet clinical partner background requirement to continue in the program.

The College of Nursing uses a student information management system, LEAP*RN (Project Concert). This database houses information regarding plans of study, clinical placements, clinical hours, logs, and evaluation data to assist in maintaining standards required for CCNE accreditation, facilitate student progression, and enhance clinical tracking. Students will need to access LEAP*RN for clinical course requirements, course evaluations, and portfolios. Upon graduation, students will continue to have no-cost access to their information. All students will be responsible for a one-time subscription of \$150 per degree program payable at <https://secure.projectconcert.com/ucf> and due prior to registering for first semester courses. If students register for courses prior to paying the subscription, a "hold" service indicator will be placed to prevent future enrollment and other progression functions.

Optics and Photonics MS

College: Optics and Photonics	Degree: MS
Program Websites: http://www.creol.ucf.edu/	Option: Thesis, Nonthesis
Graduate Program Handbook	

Program Description

The Master of Science in Optics and Photonics program is intended for students with a bachelor's degree in optics, electrical engineering, physics, or closely related fields. The program is interdisciplinary and combines optical science and engineering.

The College of Optics and Photonics offers an interdisciplinary graduate program in optical science and engineering leading to a Master of Science in Optics and Photonics. The college has grown rapidly and now has 55 faculty members and faculty with joint appointments, 41 research scientists and 148 graduate students with research activities covering all aspects of optics, photonics, and lasers. Research expenditures are over \$10 million annually, with over 20 percent of the funding coming from industrial partners, illustrating the effectiveness of the commitment to partnerships that is a foundational value of the COP.

Research activities cover all aspects of optics, photonics, and lasers, and the Center for Research and Education in Optics and Lasers (CREOL), the Florida Photonics Center of Excellence (FPCE), and the Townes Laser Institute (TLI) are integral parts of the College. Current research areas include: linear and nonlinear guided-wave optics and devices, high speed photonic telecommunications, fiber optic fabrication, fiber optic communications, solid state laser development, nonlinear optics, laser-induced damage, quantum-well optoelectronics, quantum optics, photonic information processing, infrared systems, optical diagnostics, optical system design, image analysis, virtual reality, medical imaging, diffractive optics, optical crystal growth and characterization, high intensity lasers, X-ray optics, EUV sources, optical glasses, laser materials processing, free-electron lasers, and light matter interaction.

The MS program is intended for students with a bachelor's degree in optics, electrical engineering, physics, or closely related fields. The program's mission is to:

- Provide the highest-quality education in optical science and engineering
- Conduct scholarly, fundamental, and applied research
- Aid in the development of Florida's and the nation's technology-based industries

Program Tracks

- Optics and Photonics MS, International Track
- Optics and Photonics MS, Optics Track
- Optics and Photonics MS, Photonics Track

Curriculum

The Optics and Photonics MS program (No Track) requires a minimum of 30 credit hours beyond the bachelor's degree. The program offers a thesis and nonthesis option. Students are allowed considerable freedom in planning their study programs, although some foundation Optics courses are strongly recommended as core courses.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Additional notes on the curriculum:

- A minimum of 24 credit hours of formal graduate courses is required in the thesis option of which at least 12 credit hours must be formal Optics (prefix OSE) courses. A minimum of 27 credit hours of formal graduate courses is required in the nonthesis option of which at least 18 credit hours must be formal Optics (prefix OSE) courses. The remaining credit hours can be a thesis or other elective and research courses as permitted in the option.
- Up to nine credit hours of appropriate graduate courses from accredited universities may be transferred with approval from the College of Optics and Photonics. Only courses with grades of "B" or better can be transferred.

Required Courses: 9 Credit Hours

Core: 9 Credit Hours

The following foundation courses are required.

- OSE 5115 - Interference and Diffraction **3 Credit Hours**
- OSE 6111 - Optical Wave Propagation **3 Credit Hours**
- OSE 5525 - Laser Engineering **3 Credit Hours**
OSE 6536 Semiconductor Lasers may be used as a substitute for OSE 5525 Laser Engineering

Elective Courses: 15 Credit Hours

All students are required to take a minimum of 15 credit hours of electives.

Other courses with significant optics content may be accepted towards the Optics (OSE) course work requirement, upon approval by the Associate Dean.

A listing and description of courses offered by the College of Optics and Photonics is found in the "Courses" section.

Comprehensive Examination

An oral master's comprehensive examination, based on the core courses (OSE 5115 Interference, Diffraction and Coherence, OSE 6111 Optical Wave Propagation, and OSE 5525 Laser Engineering) must be passed as a graduation requirement for the MS degree in Optics and Photonics. Students will be required to take this exam within one semester after completing the core courses.

The exam may be taken twice. After failing on the second attempt, the student will be required to re-take the courses covering the areas in which the examination committee determined the student to be deficient. The retaken courses must be passed with a minimum grade of B+ in order for the student to graduate.

This Comprehensive Examination requirement may be satisfied by passing the Optics and Photonics PhD Qualifying exam.

Thesis Option: 6 Credit Hours

The thesis option requires at least 6 credit hours of thesis research.

Independent study and directed research credit hours are not allowed toward the degree requirements. The student must prepare an approved program of study and form a thesis committee upon completion of nine credit hours. The MS thesis committee consists of three members, with at least two regular graduate faculty members from the College of Optics and Photonics. Students are required to write a thesis and pass an oral exam based primarily on the topics of the thesis and course work.

- OSE 6971 - Thesis **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

The nonthesis option requires an additional 6 credit hours of electives.

Up to 3 credit hours of directed research (OSE 6918) or research report (OSE 6909) may be included as electives with prior approval of the College of Optics and Photonics although they are not counted toward the required 27 credit hours of formal coursework. Students must prepare an approved plan of study upon completion of nine credit hours.

The research report is a written report on a subject based on research completed under the guidance of a faculty advisor who is a member of the graduate faculty in the College of Optics and Photonics. The subject matter will be determined by advisor and should be on some aspect of experimental, theoretical, or literature research in the area of optics and photonics. Normally the research and report should be completed within one semester. The written report should contain between 5,000 and 10,000 words and should roughly follow the format of a scientific journal paper. The report will be evaluated by a committee consisting of the advisor and two other faculty members. The student will be expected to present a brief oral presentation of the work to the committee, not less than 5 business days after submitting the written report to the committee and prior to the last day of classes in the semester. The report will be graded on a satisfactory/unsatisfactory basis by the advisor, based on the input from the committee.

- Electives **6 Credit Hours**

Independent Learning

Nonthesis students engage in directed research or research report. Thesis students enroll in 6 hours of thesis credits during the completion of their research study.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in Optics, Electrical Engineering, Physics, or closely related fields.
- A GRE score is not required for admission to the Optics and Photonics MS program.
- Personal Statement: a brief 1 page or less statement about educational, research, and long-term professional career objectives.
- Three letters of recommendation.
- Résumé.
- Applicants applying to this program who have attended a college/university outside the United States must provide a credential evaluation showing an equivalent bachelor's degree in the U.S. A course-by-course evaluation must be provided, with a GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Students with degrees in related fields may be required to take undergraduate articulation courses determined by the program director on a case-by-case basis.

Application Deadlines

Optics and Photonics MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Optics and Photonics MS, International Track

College: Optics and Photonics	Degree: MS
Program Websites: http://www.creol.ucf.edu/	Option: Thesis, Nonthesis

Track Description

NOTE: The Optics and Photonics MS program is not currently accepting applications for the International Track. For additional information, please contact 407-823-6986 or gradprog@creol.ucf.edu.

The International track in the Optics and Photonics MS program is intended for those students involved in an international exchange program with particular programs in other countries as approved by the university and the College of Optics and Photonics. The requirements for this track are the same as the general MS program.

Curriculum

The International Track in the Optics and Photonics MS program requires a minimum of 30 credit hours beyond the bachelor's degree. The program offers a thesis and nonthesis option. Students are allowed considerable freedom in planning their study programs, although some foundation Optics courses are strongly recommended as core courses and two research methods/laboratory courses are required.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Additional notes on the curriculum:

- A minimum of 24 credit hours of formal graduate courses is required in the thesis option of which at least 12 credit hours must be formal Optics (prefix OSE) courses. A minimum of 27 credit hours of formal graduate courses is required in the nonthesis option of which at least 18 credit hours must be formal Optics (prefix OSE) courses. The remaining credit hours can be a thesis or other elective and research courses as permitted in the option.
- In addition, the following requirements must be satisfied:
 - For this track, 18 credit hours must be taken at UCF and 12 credit hours of coursework must be taken at the partner university. These hours must be taken from an approved list maintained by the college and made available on the college website. Courses other than those on the list must be approved by the College of Optics and Photonics Curriculum Committee. If the thesis option is selected, the thesis hours must be taken at UCF.
 - At least 6 credit hours of approved optics or related science and engineering research methods/laboratory courses are required in both options. At least one must be in Optics or an approved Optics substitute.
- Language requirements. Students must demonstrate competency in the primary language of the partner university or else must take at least 6 hours of appropriate undergraduate language courses prior to traveling to the partner university.

Required Courses: 15 Credit Hours

Core Courses: 9 Credit Hours

The following foundation courses are strongly recommended for all students unless they can demonstrate knowledge sufficient to waive the course in which case they will take an additional elective.

- OSE 5115 - Interference and Diffraction **3 Credit Hours**
- OSE 6111 - Optical Wave Propagation **3 Credit Hours**
- OSE 5525 - Laser Engineering **3 Credit Hours**

Research Methods/Laboratory: 6 Credit Hours

At least 6 credit hours of approved Optics and related science/engineering research methods/laboratory courses are required from the list below. At least one must be in Optics (OSE). One required laboratory may be waived if the student can demonstrate an equivalent hands-on proficiency in that laboratory specialization. These research methods/laboratory courses count toward the formal graduate course work requirement.

- OSE 6455C - Photonics Laboratory **3 Credit Hours**
- OSE 6526C - Laser Engineering Laboratory **3 Credit Hours**
- OSE 6615L - Optoelectronic Device Fabrication Laboratory **3 Credit Hours**
- Other graduate-related science and engineering methodology labs may be taken with approval by the College of Optics and Photonics.

Elective Courses: 9 Credit Hours

All students are required to take a minimum of 9 credit hours of electives.

Other courses with significant optics content may be accepted toward the Optics (OSE) course work requirement, upon approval by the Associate Dean.

A listing and description of courses offered by the College of Optics and Photonics is found in the "Courses" section.

Thesis Option: 6 Credit Hours

The thesis option requires at least 6 credit hours of thesis research.

Independent study and directed research credit hours are not allowed toward the degree requirements. The student must prepare an approved program of study and form a thesis committee upon completion of nine credit hours. The MS thesis committee consists of three members, with at least two regular graduate faculty members from the College of Optics and Photonics. Students are required to write a thesis and pass an oral exam based primarily on the topics of the thesis and course work.

- OSE 6971 - Thesis **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

The nonthesis option requires an additional 6 credit hours of electives.

Up to 3 credit hours of directed research (OSE 6918) or research report (OSE 6909) may be included with prior approval of the College of Optics and Photonics although they are not counted toward the formal course work requirement. Students must prepare an approved program of study upon completion of nine credit hours. Students are required to pass a final oral comprehensive examination based primarily on the subject matter of the courses taken. The purpose of the exam is for the student to demonstrate his or her basic knowledge of the fundamentals of optics and photonics.

The nonthesis master's requires a minimum of two methods/laboratory courses as described above. These laboratory courses involve a substantial amount of independent learning on the part of the student. For example, laboratory reports

must include sections on the theoretical and historical background behind the phenomena explored in laboratory experiments, and students are expected to obtain this background information on their own by researching the scientific literature. One required Optics laboratory may be waived if the student can demonstrate an equivalent hands-on proficiency in that laboratory specialization. These methodology/laboratory courses count toward the formal course work requirement.

- Electives **6 Credit Hours**

Independent Learning

All students must take a minimum of two graduate methodology/laboratory courses in Optics or a closely related field that include experiments, research and laboratory reports. Nonthesis students also engage in directed research or research report. Thesis students enroll in 6 hours of thesis credits during the completion of their research study.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in Optics, Electrical Engineering, Physics, or closely related fields.
- A GRE score is not required for admission to the Optics and Photonics MS, International Track program.
- Personal Statement: a brief, 1-2 page statement about educational, research, and long-term professional career objectives.
- Three letters of recommendation.
- Résumé.
- Applicants applying to this program who have attended a college/university outside the United States must provide a credential evaluation showing an equivalent bachelor's degree in the U.S. A course-by-course evaluation must be provided, with a GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Students with degrees in related fields may be required to take undergraduate articulation courses determined by the program director on a case-by-case basis.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Optics and Photonics MS, Optics Track

College: Optics and Photonics	Degree: MS
Program Websites: http://www.creol.ucf.edu/	Option: Thesis, Nonthesis

Track Description

The Optics Track in the Master of Science in Optics and Photonics program is intended for students with a bachelor's degree in optics, electrical engineering, physics, or closely related fields. The program is interdisciplinary and combines optical science and engineering.

Curriculum

The Optics Track in the Optics and Photonics MS program requires a minimum of 30 credit hours beyond the bachelor's degree. The program offers thesis and nonthesis options. Students are allowed some freedom in planning their study programs, although some foundation Optics courses are strongly recommended as core courses.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Additional notes on the curriculum:

- A minimum of 24 credit hours of formal graduate courses is required in the thesis option, of which at least 12 credit hours must be formal Optics (prefix OSE) courses. A minimum of 27 credit hours of formal graduate courses is required in the nonthesis option, of which at least 18 credit hours must be formal Optics (prefix OSE) courses. The remaining credit hours can be a thesis or other elective and research courses as permitted in the option.
- Up to 9 credit hours of appropriate graduate courses from accredited universities may be transferred with approval from the College of Optics and Photonics. Only courses with grades of "B" or better can be transferred.

Required Courses: 18 Credit Hours

Core: 18 Credit Hours

The following foundation courses are required.

- OSE 5115 - Interference and Diffraction **3 Credit Hours**
- OSE 5203 - Geometrical Optics **3 Credit Hours**
- OSE 6111 - Optical Wave Propagation **3 Credit Hours**
- OSE 6211 - Imaging and Optical Systems **3 Credit Hours**
- OSE 6265 - Optical Systems Design **3 Credit Hours**

- **OSE 5525 - Laser Engineering 3 Credit Hours**
OSE 6536 Semiconductor Lasers may be used as a substitute for OSE 5525 Laser Engineering

Elective Courses: 6 Credit Hours

All students are required to take a minimum of 6 credit hours of electives.

Other courses with significant optics content may be accepted toward the Optics (OSE) course work requirement, upon approval by the Associate Dean.

A listing and description of courses offered by the College of Optics and Photonics is found in the "Courses" section.

Thesis Option: 6 Credit Hours

The thesis option requires at least 6 credit hours of thesis research.

Independent study and directed research credit hours are not allowed toward the degree requirements. The student must prepare an approved plan of study and form a thesis committee upon completion of 9 credit hours. The MS thesis committee consists of three members, with at least two regular graduate faculty members from the College of Optics and Photonics. Students are required to write a thesis and pass an oral exam based primarily on the topics of the thesis and course work.

- **OSE 6971 - Thesis 6 Credit Hours**

Nonthesis Option: 6 Credit Hours

The nonthesis option requires an additional 6 credit hours of courses or electives.

Up to 3 credit hours of Research Report (OSE 6909) may be included.

For students in a nonthesis option, a Research Report may be completed in the last term of study. The Optics or Photonics master's tracks require a research report in the nonthesis option, but this is optional in the general MS degree.

The research report is a written report on a subject based on research completed under the guidance of a faculty adviser who is a member of the graduate faculty in the College of Optics and Photonics. The subject matter will be determined by the adviser and should be on some aspect of experimental, theoretical, or literature research in the area of optics and photonics. Normally, the research and report should be completed within one semester. The written report should contain between 5,000 and 10,000 words and should roughly follow the format of a scientific journal paper. The report will be evaluated by a committee consisting of the adviser and two other faculty members. The student will be expected to present a brief oral presentation of the work to the committee, not less than 5 business days after submitting the written report to the committee and prior to the last day of classes in the semester. The report will be graded on a satisfactory/unsatisfactory basis by the adviser, based on the input from the committee.

Students must select an adviser from the College of Optics and Photonics faculty to serve on their Research Report. Students must prepare an approved plan of study upon completion of 9 credit hours. Students are required to pass a final oral comprehensive examination based primarily on the subject matter of the courses taken. The purpose of the exam is for the student to demonstrate his or her basic knowledge of the fundamentals of optics and photonics.

- **Elective course 6 Credit Hours**

Comprehensive Examination

An oral master's comprehensive examination, based on the core courses (OSE 5115 Interference, Diffraction and Coherence, and OSE 6111 Optical Wave Propagation, and OSE 5525 Laser Engineering or OSE 6536 Semiconductor Lasers may be used as a substitute for OSE 5525 Laser Engineering) must be passed as a graduation requirement for the MS degree in Optics and Photonics. Students will be required to take this exam within one semester after completing the core courses.

The exam may be taken twice. After failing on the second attempt, the student will be required to re-take the courses covering the areas in which the examination committee determined the student to be deficient. The retaken courses must be passed with a minimum grade of B+ in order for the student to graduate.

This Comprehensive Examination requirement may be satisfied by passing the Optics and Photonics Ph.D. Qualifying exam.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in Optics, Electrical Engineering, Physics, or closely related fields.
- A GRE score is not required for admission to the Optics and Photonics MS Program (OpticsTrack).
- Personal Statement: a brief, 1 page or less statement about educational, research, and long-term professional career objectives.
- Three letters of recommendation.
- Résumé.
- Applicants applying to this program who have attended a college/university outside the United States must provide a credential evaluation showing an equivalent bachelor's degree in the U.S. A course-by-course evaluation must be provided, with a GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Students with degrees in related fields may be required to take undergraduate articulation courses determined by the program director on a case-by-case basis.

Application Deadlines

Optics	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Optics and Photonics MS, Photonics Track

College: Optics and Photonics	Degree: MS
Program Websites: http://www.creol.ucf.edu/	Option: Thesis, Nonthesis

Track Description

The Photonics Track in the Optics and Photonics MS program is intended for students with a bachelor's degree in optics, electrical engineering, physics, or closely related fields. The program is interdisciplinary and combines optical science and engineering.

Curriculum

The Photonics Track in the Optics and Photonics MS program requires a minimum of 30 credit hours beyond the bachelor's degree. The program offers thesis and nonthesis options. Students are allowed some freedom in planning their study programs, although some foundation Optics courses are strongly recommended as core courses.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Additional notes on the curriculum:

- A minimum of 24 credit hours of formal graduate courses is required in the thesis option, of which at least 12 credit hours must be formal Optics (prefix OSE) courses. A minimum of 27 credit hours of formal graduate courses is required in the nonthesis option, of which at least 18 credit hours must be formal Optics (prefix OSE) courses. The remaining credit hours can be a thesis or other elective and research courses as permitted in the option.
- Up to 9 credit hours of appropriate graduate courses from accredited universities may be transferred with approval from the College of Optics and Photonics. Only courses with grades of "B" or better can be transferred.

Required Courses: 18 Credit Hours

Core: 18 Credit Hours

- OSE 5414 - Fundamentals of Optoelectronic Devices **3 Credit Hours**
- OSE 5115 - Interference and Diffraction **3 Credit Hours**
- OSE 6111 - Optical Wave Propagation **3 Credit Hours**
- OSE 5525 - Laser Engineering **3 Credit Hours**
- OSE 6421 - Integrated Photonics **3 Credit Hours**
- OSE 6474 - Fundamentals Optical Fiber Communications **3 Credit Hours**
OSE 6536 Semiconductor Lasers maybe used as a substitute for OSE 5525 Laser Engineering

Elective Courses: 6 Credit Hours

All students are required to take a minimum of 6 credit hours of electives.

Other courses with significant optics content may be accepted toward the Optics (OSE) coursework requirement, upon approval by the Associate Dean.

A listing and description of courses offered by the College of Optics and Photonics is found in the "Courses" section.

Thesis Option: 6 Credit Hours

The thesis option requires at least 6 credit hours of thesis research.

Independent study and directed research credit hours are not allowed toward the degree requirements. The student must prepare an approved plan of study and form a thesis committee upon completion of 9 credit hours. The MS thesis committee consists of three members, with at least two regular graduate faculty members from the College of Optics and Photonics. Students are required to write a thesis and pass an oral exam based primarily on the topics of the thesis and course work.

- OSE 6971 - Thesis **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

The nonthesis option requires an additional 6 credit hours of courses or electives.

Up to 3 credit hours of Research Report (OSE 6909) may be included.

For students in a non-thesis option, a Research Report may be completed in the last term of study. The Optics or Photonics Masters tracks require a research report in the non-thesis option, but this is optional in the general MS degree.

The research report is a written report on a subject based on research completed under the guidance of a faculty advisor who is a member of the graduate faculty in the College of Optics and Photonics. The subject matter will be determined by advisor and should be on some aspect of experimental, theoretical, or literature research in the area of optics and photonics. Normally the research and report should be completed within one semester. The written report should contain between 5,000 and 10,000 words and should roughly follow the format of a scientific journal paper. The report will be evaluated by a committee consisting of the advisor and two other faculty members. The student will be expected to present a brief oral presentation of the work to the committee, not less than 5 business days after submitting the

written report to the committee and prior to the last day of classes in the semester. The report will be graded on a satisfactory/unsatisfactory basis by the advisor, based on the input from the committee.

Students must select an adviser from the College of Optics and Photonics Faculty to serve on their Research Report. Students must prepare an approved plan of study upon completion of 9 credit hours. Students are required to pass a final oral comprehensive examination based primarily on the subject matter of the courses taken. The purpose of the exam is for the student to demonstrate his or her basic knowledge of the fundamentals of optics and photonics.

- Elective course **6 Credit Hours**

Comprehensive Examination

An oral master's comprehensive examination, based on the core courses (OSE 5115 Interference, Diffraction and Coherence, OSE 6111 Optical Wave Propagation, and OSE 5525 Laser Engineering or OSE 6536 Semiconductor Lasers may be used as a substitute for OSE 5525 Laser Engineering) must be passed as a graduation requirement for the MS degree in Optics and Photonics. Students will be required to take this exam within one semester after completing the core courses.

The exam may be taken twice. After failing on the second attempt, the student will be required to re-take the courses covering the areas in which the examination committee determined the student to be deficient. The retaken courses must be passed with a minimum grade of B+ in order for the student to graduate.

This Comprehensive Examination requirement may be satisfied by passing the Optics and Photonics Ph.D. Qualifying exam.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in Optics, Electrical Engineering, Physics, or closely related fields.
- A GRE score is not required for admission to the Optics and Photonics MS Program (PhotonicsTrack).
- Personal Statement: a brief, 1 page or less statement about educational, research, and long-term professional career objectives.
- Three letters of recommendation.
- Résumé.
- Applicants applying to this program who have attended a college/university outside the United States must provide a credential evaluation showing an equivalent bachelor's degree in the U.S. A course-by-course evaluation must be provided, with a GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Students with degrees in related fields may be required to take undergraduate articulation courses determined by the program director on a case-by-case basis.

Physics MS

College: Sciences	Degree: MS
Department: Physics	Option: Thesis, Nonthesis
Program Websites: http://www.physics.ucf.edu/	
Graduate Program Handbook	

Program Description

The University of Central Florida offers a Master of Science in Physics. Research opportunities are available in condensed matter physics, nanostructure devices, surface science, optical physics, complex systems, biophysics, atomic and molecular physics, physics education and planetary/space science.

Program Tracks

- Physics MS, Planetary Sciences Track

Curriculum

The Physics MS program requires a minimum of 30 credit hours beyond the bachelor's degree and offers students a thesis and nonthesis option. All students take 12 credit hours of core courses, and then the remaining 18 credit hours consist of both electives and thesis or directed research according to the option chosen.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

The Master of Science in Physics program is flexibly designed to prepare students for the widest possible range of industrial careers or for further study at the doctoral level. Courses must be selected so that at least one-half of the required courses are taken at the 6000 level.

Students pursuing a nonthesis master's degree must take at least one directed research course as part of their elective work. In this course, students will work on a research project under the supervision of a faculty member and present a final report.

Required Courses: 12 Credit Hours

- PHY 5606 - Quantum Mechanics I **3 Credit Hours**
- PHY 5346 - Electrodynamics I **3 Credit Hours**
- PHY 5524 - Statistical Physics **3 Credit Hours**
- PHY 6246 - Classical Mechanics **3 Credit Hours**

Elective Courses: 18 Credit Hours

Both thesis and nonthesis students take electives in consultation with their advisers. Out of the 18 elective credit hours at least 12 credit hours of formal course work are required and not more than 6 credit hours of 5000-level elective courses are counted toward the degree. At least 6 credit hours of thesis or 3 credit hours of directed research for the nonthesis option are required. Otherwise, elective selection is intended to be very flexible to meet student needs and interests. Electives may be chosen following one of the suggested specializations below, or a different program of study may be followed with academic adviser approval.

Materials Physics Specialization

- PHY 6624 - Quantum Mechanics II **3 Credit Hours**
- PHY 6347 - Electrodynamics II **3 Credit Hours**
- PHZ 6426 - Condensed Matter Physics I **3 Credit Hours**
- PHZ 6428 - Condensed Matter Physics II **3 Credit Hours**
- PHZ 5505 - Plasma Physics **3 Credit Hours**
- PHZ 5432 - Introduction to Soft Condensed Matter Physics **3 Credit Hours**
- PHY 5715 - Physical Basis of Life **3 Credit Hours**
- PHY 5933 - Selected topics in biophysics of macromolecules **3 Credit Hours**
- PHZ 6420 - First Principles Computational Methods in Condensed Matter Physics **3 Credit Hours**
- PHY 6938 - Theory and Computation of Molecular Wave Functions **3 Credit Hours**

- PHY 6938 - Selected Topics in Scattering Theory **3 Credit Hours**
- EEE 5356C - Fabrication of Solid-State Devices **4 Credit Hours**

Other graduate courses from Physics, Math, Optics, Materials Science, Engineering require approval by the student's adviser and the Graduate Program Director.

Optical Physics Specialization

- PHY 6624 - Quantum Mechanics II **3 Credit Hours**
- PHY 6347 - Electrodynamics II **3 Credit Hours**
- PHY 6938 - Theory and Computation of Molecular Wave Functions **3 Credit Hours**
- OSE 6111 - Optical Wave Propagation **3 Credit Hours**
- OSE 5115 - Interference and Diffraction **3 Credit Hours**
- OSE 6526C - Laser Engineering Laboratory **3 Credit Hours**
- OSE 6455C - Photonics Laboratory **3 Credit Hours**
- OSE 6347 - Quantum Optics **3 Credit Hours**
- OSE 5312 - Light Matter Interaction **3 Credit Hours**

Other graduate courses from Physics, Math, Optics, Materials Science, Engineering require approval by the student's adviser and the Graduate Program Director.

Space Physics Specialization

- PHY 6624 - Quantum Mechanics II **3 Credit Hours**
- PHY 6347 - Electrodynamics II **3 Credit Hours**
- PHZ 5505 - Plasma Physics **3 Credit Hours**
- AST 5334 - Extrasolar Planets and Brown Dwarfs **3 Credit Hours**
- EAS 5315 - Rocket Propulsion **3 Credit Hours**
- EAS 6405 - Advanced Flight Dynamics **3 Credit Hours**
- EAS 6507 - Topics of Astrodynamics **3 Credit Hours**
- OSE 5041 - Introduction to Wave Optics **3 Credit Hours**
- EEL 5820 - Image Processing **3 Credit Hours**

Theory/Computational Physics Specialization

- PHY 6624 - Quantum Mechanics II **3 Credit Hours**
- PHY 6347 - Electrodynamics II **3 Credit Hours**
- PHZ 6420 - First Principles Computational Methods in Condensed Matter Physics **3 Credit Hours**
- PHY 6938 - Theory and Computation of Molecular Wave Functions **3 Credit Hours**
- PHY 6938 - Selected Topics in Scattering Theory **3 Credit Hours**
- PHZ 6426 - Condensed Matter Physics I **3 Credit Hours**
- PHZ 6428 - Condensed Matter Physics II **3 Credit Hours**
- PHY 6667 - Quantum Field Theory I **3 Credit Hours**
- PHY 7669 - Quantum Field Theory II **3 Credit Hours**
- PHZ 5505 - Plasma Physics **3 Credit Hours**
- OSE 6347 - Quantum Optics **3 Credit Hours**
- OSE 5312 - Light Matter Interaction **3 Credit Hours**

Other graduate courses from Physics, Math, Optics, Materials Science, Engineering require approval by the student's adviser and the Graduate Program Director.

Thesis Option: 6 Credit Hours

Students who choose the thesis option are required to conduct a program of original scientific research or some investigation involving a creative element and to submit a written thesis detailing these investigations. An oral defense and examination of the thesis is required. These six credit hours count towards the 18 hours of required electives for the degree. An exit interview conducted by the Graduate Program Director is required after passing the thesis defense.

- PHY 6971 - Thesis **6 Credit Hours**

Nonthesis Option: 3 Credit Hours

Nonthesis students are required to take 15 credit hours of electives from the list of elective specializations shown above. In addition, they must take a minimum of 3 credit hours of directed research. The three credit hours of directed research count towards the 18 hours of required electives for the degree. In the directed research course, students work on a research project under the supervision of a faculty member and are required to present a final report as well as a written comprehensive exit examination*. The Graduate Program Director will arrange this exam. The exit exam is followed by an exit interview.

- PHY 6918 - Directed Research **3 Credit Hours**

*Note: When applicable, students in the non-thesis MS degree program may request to satisfy the MS exit exam with the completion of the Physics PhD written candidacy exam.

Independent Learning

Students pursuing a nonthesis master's degree must take at least one directed research course as part of their elective work. In this course, students will work on a research project under the supervision of a faculty member and present a final report.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Financial support is not usually provided to MS students. Those who are interested in financial support may manifest it in their application or consider applying to the PhD program instead.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Résumé.
- Statement of goals. The final 1-2 paragraphs of each applicant's personal statement should make explicitly clear which research areas and faculty they have interest in working with within our program.
- Three letters of recommendation.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Note: Applicants to the MS Bridge Program that are admitted with a GPA below the minimum required may not exceed 50% of the total number of admitted MS students.

Students entering the Physics graduate program with regular status are normally expected to have completed coursework generally required for a bachelor's degree in physics, including mechanics, electricity and magnetism, thermal and statistical physics, and quantum mechanics.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on an evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Application Deadlines

Physics MS	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. Graduate Program Handbook	

Track Description

The goal of the Planetary Sciences Track in the Physics MS program is to foster a vibrant planetary science research environment that can attract top students, researchers, and faculty and contribute significantly to the exploration of space. The Planetary Sciences track is designed to prepare students to be competitive in the global planetary sciences research community.

Curriculum

The Planetary Sciences track in the Physics MS program requires a minimum of 33 hours of graduate course work as directed by the student's Supervisory Committee. This must include at least 15 credit hours of required courses, 6 hours of thesis preparation, with the remainder being elective courses and directed research chosen in consultation with the Supervisory Committee. At least half of the total credits must be at the 6000 level. No more than 6 hours of independent study may be credited toward the master's degree. The master's degree in Planetary Sciences includes a thesis and its defense. There is no nonthesis master's degree in the Planetary Sciences track.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 15 Credit Hours

The core is designed to give students a broad foundation in the planetary sciences and rapid training in the data analysis techniques that will be necessary for successful research and publications. Students choose 5 out of the 6 core courses listed below:

- AST 5151 - Physics of Planetary Processes **3 Credit Hours**
- PHY 6246 - Classical Mechanics **3 Credit Hours**
- AST 5765C - Advanced Astronomical Data Analysis **3 Credit Hours**
- AST 5263 - Advanced Observational Astronomy **3 Credit Hours**
- AST 5154 - Advanced Planetary Geophysics **3 Credit Hours**
- AST 6165 - Planetary Atmospheres **3 Credit Hours**

Elective Courses: 12 Credit Hours

Students may enroll in elective formal courses relevant to their program, as approved by their Supervisory Committees. Suggestions include:

- AST 5145 - Advanced Asteroids, Comets, and Meteorites **3 Credit Hours**
- AST 5334 - Extrasolar Planets and Brown Dwarfs **3 Credit Hours**
- PHY 5937 - Astrobiology **3 Credit Hours**

- AST 6112 - Origin and Evolution of Planetary Systems **3 Credit Hours**
- AST 6156 - Current Topics in Planetary Sciences **3 Credit Hours**

Thesis: 6 Credit Hours

- AST or PHY 6971 - Thesis **6 Credit Hours**

Supervisory Committee

Within the first half-semester of admission to the Planetary Sciences Track, each student must select, by mutual agreement, a faculty adviser and at least two other faculty members to serve on his or her Supervisory Committee. UCF graduate faculty and self-funded research scientists who are Graduate Faculty Scholars are eligible to serve on Supervisory Committees. Changes in the membership of a Supervisory Committee must be approved by the Planetary Sciences Graduate Committee. The adviser is expected to meet regularly with the student. The full committee shall meet with the student at least once per year to review and make recommendations regarding the student's academic progress.

Master's Defense

The written thesis and oral defense is the final requirement for the master's degree. The thesis is a journal-level research paper. The oral defense is in two parts: (1) A public presentation of the research contained in the paper; and (2) private questioning on the detail of the presented research as well as the topics covered in the student's preparation and coursework. The written and oral components will be administered by the student's Supervisory Committee.

Independent Learning

A thesis is required in this program.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- A bachelor's degree in a closely related science field such as physics, chemistry, geology, geophysics, geochemistry, atmospheric sciences biology, mathematics or planetary sciences.
- Three letters of recommendation.
- Statement of goals.
- CV or Résumé.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Applicants interested in being considered for assistantship and fellowship opportunities should apply directly to the Physics PhD program.

Additional courses may also be required to correct any course deficiencies for those applicants without full preparation in physics and astronomy. Students should contact the graduate program director for further information.

Current students in the existing Physics graduate program wishing to switch to the Planetary Sciences track must submit a letter to the Planetary Science Graduate Committee addressed to Dr. Dan Britt. The letter should include the request to join the planetary sciences track, the student's degree goal (Masters), the name of the student's planetary sciences adviser, and a brief description of their expected area of research. Upon departmental approval, a Graduate Status Change Form will be submitted to the College of Graduate Studies.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on the evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree. For information on the Planetary Sciences track contact the Planetary Sciences Graduate Advisor Dr. Dan Britt at 407-823-2600 or dbritt@ucf.edu.

Application Deadlines

Planetary Sciences	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Dec 15	Jul 1	Dec 1	
International Applicants	Dec 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Political Science MA

College: Sciences	Degree: MA
Department: School of Politics, Security and International Affairs	Option: Thesis, Nonthesis
Program Websites: https://sciences.ucf.edu/politics/	
Graduate Program Handbook	

Program Description

The Master of Arts in Political Science program prepares students to enter positions in government and the private sector, advance their professional careers in a variety of fields including consultation, defense, environment, and philanthropy, and pursue more advanced graduate degrees such as a PhD in which the analytical ability to comprehend, influence, and respond to policies and initiatives is critical. The program also provides a well-rounded substantive curriculum for secondary school teachers seeking higher degrees and for teachers in community colleges. As such, the Master of Arts in Political Science program is designed to accommodate a range of professional and intellectual needs.

Curriculum

A Program of Study in the Master of Arts in Political Science consists of the following coursework. Students have the option of completing a thesis with 27 hours of coursework or choosing the nonthesis option with 33 hours of coursework.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

Required Core Courses—12 Credit Hours

- POS 6736 - Conduct of Political Inquiry **3 Credit Hours**
- POS 6746 - Quantitative Methods in Political Research **3 Credit Hours**

Choose two of the following courses.

- CPO 6091 - Seminar in Comparative Politics **3 Credit Hours**
- INR 6007 - Seminar in International Politics **3 Credit Hours**
- POS 6045 - Seminar in American National Politics **3 Credit Hours**
- POT 6007 - Seminar in Political Theory **3 Credit Hours**

Elective Courses—15 Credit Hours

Students will complete 15 hours of coursework at the 5000 or 6000 level. All 5000 or 6000 level courses offered by the SPSIA can be used to meet this requirement, with the exception of those courses used to complete core course requirements. Up to 6 credit hours of 5000 and 6000 level courses coursework from other departments/schools may also be used as electives with the prior approval of the MA program coordinator. Students may use up to 6 hours of independent study and up to 6 hours of internship credit for the elective credits requirement, but no more than 6 hours total can be from coursework outside the SPSIA, independent study, or internship credit.

- CPO 6038 - Political Development **3 Credit Hours**
- CPO 6058 - Revolution and Political Violence **3 Credit Hours**
- CPO 6206 - Comparative Politics of Africa **3 Credit Hours**
- CPO 6307 - Issues in Latin American Politics **3 Credit Hours**
- CPO 6407 - Comparative Politics of the Middle East **3 Credit Hours**
- CPO 6729 - Global Security in the Age of Migration **3 Credit Hours**
- INR 6039 - International Political Economy **3 Credit Hours**
- INR 6062 - Peace Studies **3 Credit Hours**
- INR 6065 - Seminar on War **3 Credit Hours**
- INR 6067 - Human Rights and Security **3 Credit Hours**
- INR 6068 - Politics of Civil Wars **3 Credit Hours**
- INR 6108 - Seminar in American Foreign Policy **3 Credit Hours**
- INR 6136 - Seminar in American Security Policy **3 Credit Hours**
- INR 6137 - Terrorism and Politics **3 Credit Hours**
- INR 6254 - International Relations of Africa **3 Credit Hours**
- INR 6275 - International Politics of the Middle East **3 Credit Hours**
- INR 6339 - Strategic Warning Analysis **3 Credit Hours**
- INR 6346 - Politics of International Terrorism **3 Credit Hours**
- INR 6352 - Global Environmental Politics **3 Credit Hours**
- INR 6356 - Environmental Security **3 Credit Hours**
- INR 6365 - Seminar on Intelligence **3 Credit Hours**
- INR 6366 - The Intelligence Community **3 Credit Hours**
- INR 6726 - Political Behavior in International Conflict **3 Credit Hours**
- POS 6207 - Political Behavior **3 Credit Hours**
- POS 6415 - The American Presidency **3 Credit Hours**
- POS 6427 - Congress and the Legislative Process **3 Credit Hours**
- POS 6686 - National Security Law **3 Credit Hours**
- POS 6729 - Political Network Analysis **3 Credit Hours**
- POS 6743 - Geographic Tools for Political Science Research **3 Credit Hours**
- POS 6747 - Advanced Topics in Quantitative Political Analysis **3 Credit Hours**
- POS 6757 - Survey Design for Political Science Research **3 Credit Hours**
- PUP 6208 - Environmental Politics **3 Credit Hours**
- PUP 6247 - Contemporary Issues in Environmental Politics **3 Credit Hours**
- PUP 6324 - Women and Public Policy **3 Credit Hours**
- PUP 6607 - Politics of Health **3 Credit Hours**

Thesis Option—6 Credit Hours

All MA students are automatically placed in the nonthesis option. Students wishing to write a thesis must get approval to do so.

- **POS 6971 Thesis 6 Credit Hours**

After completion of the required coursework and the passing of comprehensive exams, the student must have a thesis committee approved by the School of Politics, Security, and International Affairs (SPSIA) and Graduate Studies. The thesis committee consists of a chair and two other faculty members from the SPSIA who are members of the Graduate Faculty. On the approval of the thesis chair and Graduate Program Director, one of the committee members (but not the chair) may come from outside the SPSIA.

When a thesis topic has been selected, students, in conjunction with their thesis committee, will develop a thesis proposal. Copies of the proposal will be sent to members of their thesis committee and a proposal hearing scheduled in the first semester the student enrolls for thesis hours. All students must pass a proposal hearing as well as a final oral defense of their thesis.

Once enrolled in thesis hours, students should maintain continuous enrollment (3 credit hours) each semester up to and including the semester in which they defend the thesis.

In addition to SPSIA guidelines for the thesis, students should also become familiar with the UCF's requirements and deadlines for organizing and submitting the thesis.

Nonthesis Option—6 Credit Hours

The student must complete 6 additional credit hours of course electives in their respective areas. Thesis hours, if already taken, will not count for course credit for the 6 additional credit hours of coursework.

- **Electives 6 Credit Hours**
- Complete an independent research project/paper

During the final semester of coursework, the student must have a nonthesis committee approved by the SPSIA and Graduate Studies. The nonthesis committee consists of a chair and one other faculty member from the SPSIA. On the approval of the thesis chair and Graduate Program Director, the committee member (but not the chair) may come from outside the SPSIA.

The student must complete an approved article-length independent research paper. The project/paper must have a component of original, independent research; it cannot be a literature review or research design only. The project/paper can be a product of a graduate research seminar and/or independent study paper. The student will present their research publicly at a SPSIA or UCF research colloquium or another public academic forum such as an academic conference. The project/paper must be evaluated by the nonthesis committee and receive formal confirmation of completion from the committee, and the MA program coordinator.

If the paper is to be presented at a SPSIA research colloquium, the student is responsible for scheduling the presentation in consultation with the nonthesis committee.

Comprehensive Examination

All candidates for the MA degree must take a comprehensive written examination. The examination will be administered after satisfactory completion of the required course work and must be taken prior to enrollment in thesis hours.

The exam is designed to demonstrate proficiency in research methods and will consist of two parts. Part I will involve the critique of an article from a political science journal. The article will be assigned by the SPSIA's Graduate Methods Committee in consultation with the student and where possible will be based on the student's substantive areas of interest. Part II will involve questions based on data analysis using either SPSS or STATA.

The examination will be offered once semester. Dates will be set by the SPSIA. Students must register to take the exam **at least six weeks prior** to its scheduled date and take the exam within six months after they complete POS 6736 and POS 6746.

Students not passing any part of the examination may take this part a second time within nine months on the dates that comprehensive exams are regularly scheduled. However, no student will be allowed to take the examination more than twice.

Equipment Fee

Full-time students in the Political Science MA program pay a \$39 equipment fee each semester that they are enrolled. Part-time students pay \$19.50 per semester.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Three letters of reference that evaluate the applicant's academic performance and their suitability and potential for undertaking MA level study, at least two of which were written by faculty members at the higher education institution(s) the student attended.
- A personal statement of at least 500 words identifying areas of research interest in political science, faculty with whom they would like to work, and describing the applicant's academic and professional experiences and future career goals.
- CV/Résumé.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Student wishing to enroll in graduate courses in political science must meet the SPSIA's requirements for graduate status (either regular or conditional graduate status) or must hold regular graduate status in another program at UCF. Students who have not been accepted into a degree-seeking program at UCF may not enroll in political science graduate courses.

Meeting minimum UCF or SPSIA admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, and the applicant's potential for completing the degree.

Application Deadlines

Political Science MA	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1

*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. Public Administration MPA ►

College: Community Innovation and Education	Degree: MPA
Department: School of Public Administration	Option: Nonthesis
Program Website: https://ccie.ucf.edu/public-administration/	
Graduate Program Handbook	

Program Description

The Master of Public Administration (MPA) program is accredited by the Network of Schools of Public Policy, Affairs and Administration (NASPAA) and nationally ranked by U.S. News and World Report.

The program provides exciting opportunities for students to prepare for employment or advance their careers in public and nonprofit organizations.

Please note: Public Administration (MPA) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of

enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Program Tracks

- Public Administration MPA, Criminal Justice MS Dual Degree Track ►
- Public Administration MPA, Nonprofit Management MNM Dual Degree Track ►

Curriculum

The Master of Public Administration (MPA) program consists of 42 credit hours. Each student completes a core of nine courses (27 credit hours), an advanced curriculum of four electives (12 credit hours), and a capstone experience equivalent to one course (3 credit hours).

The Master of Public Administration is offered both in a campus-based classroom setting (face-to-face) and completely online. The curriculum requirements below apply to both the campus-based and online options. Students must choose either the online option or the face-to-face option when they apply for admissions. Students in the campus-based program may enroll in a combination of online, mixed-mode and face-to-face classes. However, students in the online option may only enroll in online courses due to the difference in fees. For information on completing MPA exclusively online with a reduction in campus-based fees, please visit <http://ucf.edu/online>.

The face-to-face courses are offered in the evenings during the week at UCF Downtown campus. The MPA program incorporates group projects into every course in both the online and campus-based options. Group projects are intended to develop leadership abilities while also providing an opportunity to demonstrate how students work as part of a team. Group projects promote important intellectual and social skills and help to prepare students for work in a world in which teamwork and collaboration are increasingly the norms.

Courses and credit hours used for undergraduate degrees cannot be applied toward the MPA degree, except for Senior Scholar students. Students approved as undergraduates at UCF to participate in the Senior Scholar program may, with the permission of the MPA program director, use up to 9 credit hours of graduate coursework taken as part of the bachelor's degree toward the MPA degree. However, no undergraduate-level courses will be accepted in the MPA program.

Total Credit Hours Required: 42 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 30 Credit Hours

Core: 27 Credit Hours

- PAD 6035 - Public Administration in the Policy Process **3 Credit Hours**
- PAD 6037 - Public Organization Management **3 Credit Hours**
- PAD 6053 - Public Administrators in the Governance Process **3 Credit Hours**
- PAD 6700 - Research Methods in Public Administration **3 Credit Hours**
- PAD 6701 - Analytical Techniques for Public Administration **3 Credit Hours**
Prerequisite: PAD 6700
- PAD 6227 - Public Budgeting **3 Credit Hours**
Prerequisite PAD 6700
- PAD 6207 - Public Financial Management **3 Credit Hours**

Prerequisite PAD 6700 & PAD 6227

- PAD 6417 - Human Resource Management **3 Credit Hours**
- PAD 6335 - Strategic Planning and Management **3 Credit Hours**

Capstone: 3 Credit Hours

Students will engage in a capstone experience that builds upon the knowledge and skills gained from completing the core courses in the MPA program. Students will complete this requirement through enrollment in PAD 6062 - Advanced Concepts and Applications in Public Administration. PAD 6062 is offered in fall and spring semesters only and may be taken following the completion of all core courses.

- PAD 6062 - Advanced Concepts and Applications in Public Administration **3 Credit Hours**

Electives: 12 Credit Hours

Elective courses offered within the School of Public Administration provide an emphasis on state and local governments; however, other emphases may be developed in consultation with the Program Director and Academic Advisor. With prior approval from the MPA Program Director, up to 6 credit hours of elective course work may be taken from outside the school. Students must show that elective courses taken outside of the school directly support a career in public administration. The MPA program of study does not accept undergraduate-level courses.

Students interested in a professional management career may take elective courses from the School of Public Administration's graduate certificate programs in Public Budgeting and Finance, Public Policy Analysis, Nonprofit Management, Fundraising, Urban and Regional Planning, Research Administration, and Emergency Management and Homeland Security to enhance their managerial skills. Any course offered by the school of Public Administration, a PAD prefix course, may be used as an elective for this program. Students interested in a research career can work with the Program Director and Academic Advisor to take advanced research courses to strengthen their analytical skills.

Students without practical administrative experience in the public sector are strongly advised to complete an internship (3 credit hours) as part of their electives.

The courses listed below and other PAD courses in the catalog may be used as program electives.

- PAD 6826 - Urban Policy and Regional Governance **3 Credit Hours**
- PAD 5186 - Policy Advocacy for Social Justice **3 Credit Hours**
- PAD 5887 - Energy Policy **3 Credit Hours**
- PAD 5930 - Global Cities **3 Credit Hours**
- PAD 6439 - Leadership in Public Service **3 Credit Hours**
- PAD 6836 - Comparative Global Public Administration **3 Credit Hours**
- PAD 6934 - Special Issues in Public Administration **3 Credit Hours**
PAD 6934 deals with a different topic, a prevailing public administration issue, each time it is offered. Please check the title when registering.
- PAD 6946 - Internship **3 Credit Hours**
- PAD 6825 - Cross-Sectoral Governance **3 Credit Hours**
- PAD 6705 - Public Sector Communications **3 Credit Hours**

Additional Program Requirements

Students must achieve a grade of "B-" (80%) or higher in every course listed under core requirements and in the Capstone Experience (PAD 6062).

Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

Students are expected to be computer literate and have computer internet access upon entry to the program.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry, dialogue and service learning. Tangible projects such as scholarly research, papers, internships and the capstone experience also contribute to the self-development of MPA students. The research paper and Learning and Professional Development Portfolio in the Capstone Experience focus on reviewing and analyzing contemporary issues in the context of real-world applications.

Application Requirements

For information on general UCF graduate admission requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

The MPA program is offered as either a campus-based classroom (face-to-face) program or a completely online program. Applicants must select one option at the time of admission. Admission requirements and the admission process is the same regardless of which option the applicant chooses.

Admission is open to those with a bachelor's degree from a regionally accredited institution with a minimum overall undergraduate GPA of 3.0 or better (on a 4.0 scale) or in the last 60 hours. Students must submit all required materials by the established deadline. Materials received after the established deadline may not be considered. Admission to this graduate program is competitive; applicants meeting the minimum application requirements are not guaranteed admission to the program.

In addition to meeting general UCF graduate application requirements, applicants to this program must provide:

- An official transcript meeting the minimum GPA requirement of 3.0 (on a 4.0 scale), in a sealed envelope, from each college/university attended.
- Three letters of recommendation specifically for the MPA program evaluating scholarly and professional capacity. Letters from professors from the colleges/universities attended are preferred, but if that is not feasible, letters from current or past supervisors will be accepted. The recommender must address the applicant's work ethic and ability to succeed at graduate-level academic work.
- Current professional résumé including public service experience (paid or voluntary).
- Goal Statement: The goal statement is a key component of the admission review process and serves as an example of the applicant's ability to express himself or herself in writing. The goal statement must be no longer than two pages double-spaced (500-800 words) and should address the following:
 - Personal background and career aspirations in public service.
 - Reason for pursuing graduate study in public administration, including future career goals and plans.
 - Specific areas of public administration that interests you.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- All international students must meet the university's minimum TOEFL score requirements regardless of the language in which the undergraduate program was completed.

A limited number of students who do not meet the GPA requirements may be admitted on a provisional basis. These students must demonstrate Public Administration experience and provide a clear statement of educational goals.

Application Deadlines

Public Administration MPA	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jun 1	Nov 1	
International Applicants	Jan 15	Jan 15	July 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. Public Administration MPA, Criminal Justice MS Dual Degree Track ►

College: Community Innovation and Education	Degree: MPA
Department: School of Public Administration	Option: Nonthesis
Program Website: https://ccie.ucf.edu/public-administration/	

Track Description

The Public Administration MPA, Criminal Justice MS Dual Degree Track provides the opportunity for students to earn graduate degrees from two academic programs, the Master of Public Administration and Master of Science in Criminal Justice, concurrently.

Students successfully completing this MPA/MSJ dual degree program will have the skills and analytical techniques for successful careers in both public administration and criminal justice. After successful completion of the MPA/MSJ dual degree program, students will receive two diplomas, one for Public Administration MPA and the other for Criminal Justice MS.

Please note: Public Administration (MPA) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The dual degree track (Master of Public Administration / Master of Criminal Justice) consists of 51 credit hours. Each student completes a core of 11 courses (33 credit hours), two research methods and statistics courses (6 credit hours), two electives (6 credit hours), and a capstone experience of two courses (6 credit hours).

Total Credit Hours Required: 51 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 45 Credit Hours

Core: 33 Credit Hours

- CCJ 5015 - The Nature of Crime **3 Credit Hours**
- CCJ 5456 - The Administration of Justice **3 Credit Hours**
- CCJ 6106 - Policy Analysis in Criminal Justice **3 Credit Hours**
- CCJ 6118 - Criminal Justice Organizations **3 Credit Hours**
- PAD 6035 - Public Administration in the Policy Process **3 Credit Hours**
- PAD 6037 - Public Organization Management **3 Credit Hours**
- PAD 6053 - Public Administrators in the Governance Process **3 Credit Hours**
- PAD 6207 - Public Financial Management **3 Credit Hours**
- PAD 6227 - Public Budgeting **3 Credit Hours**
- PAD 6335 - Strategic Planning and Management **3 Credit Hours**

- PAD 6417 - Human Resource Management **3 Credit Hours**

Research Methods/Statistics: 6 Credit Hours

Students must select one PAD course and one CCJ course:

- PAD 6700 - Research Methods in Public Administration **3 Credit Hours** or
- CCJ 6704 - Research Methods in Criminal Justice **3 Credit Hours**
- PAD 6701 - Analytical Techniques for Public Administration **3 Credit Hours** or
- CCJ 6706 - Data Analysis in Criminal Justice I **3 Credit Hours**

Capstone: 6 Credit Hours

MPA Capstone course, PAD 6062, is offered in fall and spring semesters only.

- PAD 6062 - Advanced Concepts and Applications in Public Administration **3 Credit Hours**
(MPA Capstone is offered fall and spring semesters only and may be completed after all MPA core courses.)
- CJE 6718 - Proseminar in Criminal Justice **3 Credit Hours**

Electives: 6 Credit Hours

Select **two** of the following courses:

- CJC 5020 - Foundations of Corrections **3 Credit Hours**
- CJE 5021 - Foundations of Law Enforcement **3 Credit Hours**
- CJJ 6020 - The Juvenile Justice System **3 Credit Hours**
- CJL 6568 - Law and Social Control **3 Credit Hours**
- CJL 6520 - American Criminal Courts **3 Credit Hours**

Additional Program Requirements

Students must achieve a grade of "B" or higher in every CCJ course and a grade of "B- (80%)" or higher in every PAD course in the required courses, including the Capstone courses. Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

Independent Learning

Independent learning is demonstrated throughout the curriculum, through the process of inquiry and dialogue. Tangible projects such as scholarly research, papers, internships, and the capstone experience also contribute to the self-development of students. The capstone courses, PAD 6062 and CJE 6718, provide the independent learning experience.

Application Requirements

For information on general UCF graduate admission requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to meeting general UCF graduate application requirements, applicants to this program must provide:

- An official transcript meeting the minimum GPA requirement of 3.0 (on a 4.0 scale), in a sealed envelope, from each college/university attended.
- Three letters of recommendation specifically for the MPA/Criminal Justice MS program evaluating scholarly and professional capacity. Letters from professors from the colleges/universities attended are preferred, but if that is not feasible, letters from current or past supervisors will be accepted. The recommender must address the applicant's work ethic and ability to succeed at graduate-level academic work.
- Current professional résumé including public service experience (paid or voluntary).
- Goal Statement: The goal statement is a key component of the admission review process and serves as an example of the applicant's ability to express himself or herself in writing. The goal statement must be no longer than two pages double-spaced (500-800 words) and should address the following:
 - Personal background and career aspirations in public service.
 - Reason for pursuing graduate study in public administration, including future career goals and plans.
 - Specific areas of public administration that interests you.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- All international students must meet university minimum TOEFL score requirements regardless of the language in which the undergraduate program was completed.

Admission to this degree is competitive; applicants meeting the minimum university and/or program application requirements are not guaranteed admission to the program.

All requested material must be submitted by the established deadline date. Materials received after the established deadline may not be considered.

Application Deadlines

Criminal Justice MS Dual Degree	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jun 1	Nov 1	
International Applicants	Jan 15	Jan 15	Jul 1	
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Public Administration MPA, Nonprofit Management MNM Dual Degree Track ►

College: Community Innovation and Education	Degree: MPA
Department: School of Public Administration	Option: Nonthesis
Program Website: https://ccie.ucf.edu/public-administration/	

Track Description

The Public Administration MPA – Nonprofit Management MNM Dual Degree Track provides the opportunity for students to earn graduate degrees from two academic programs, the Master of Public Administration and the Master of Nonprofit Management, concurrently. The program emphasizes nonprofit management and public administration research, theory, policy and organizational administration to prepare future public service organizational leaders in public, nonprofit, social service, and private organizations. After successful completion of the Dual Degree program, students will receive two diplomas - one for the Public Administration MPA and one for the Nonprofit Management MNM degree.

Students seeking admission to the MNM/MPA Dual Degree program should apply directly to the Dual Degree track of either the Public Administration MPA program or the Nonprofit Management MNM program. Only one application will be required. If admitted, a student will be active in the Dual Degree tracks of both the Public Administration MPA and the Nonprofit Management MNM programs.

Students previously admitted to the Public Administration MPA or the Nonprofit Management MNM program should consult with their adviser prior to completing 18 credit hours if interested in the MNM/MPA Dual Degree program.

Please note: Public Administration (MPA) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The dual degree track (Master of Public Administration / Master of Nonprofit Management) consists of 54 credit hours. Each student completes all the core courses for each program including 42 credit hours of core courses, 6 credit hours of research methods and statistics core courses and 6 credit hours of capstone courses.

Courses and credit hours used for undergraduate degrees cannot be counted toward the MPA/MNM track, except for Senior Scholar students who, with the permission of the MPA and MNM program directors, may use up to 9 credit hours of graduate coursework that was used in their undergraduate degree toward credit in the dual degree program.

Total Credit Hours Required: 54 Credit Hours Minimum beyond the Bachelor's Degree

Required Core Courses: 42 Credit Hours

- PAD 5145 - Volunteerism in Nonprofit Management **3 Credit Hours**
- PAD 5146 - Nonprofit Resource Development **3 Credit Hours**
- PAD 5850 - Grant and Contract Management **3 Credit Hours**
- PAD 6035 - Public Administration in the Policy Process **3 Credit Hours**
- PAD 6037 - Public Organization Management **3 Credit Hours**
- PAD 6053 - Public Administrators in the Governance Process **3 Credit Hours**
- PAD 6142 - Nonprofit Organizations **3 Credit Hours**
- PAD 6207 - Public Financial Management **3 Credit Hours**
- PAD 6208 - Nonprofit Financial Management **3 Credit Hours**
- PAD 6227 - Public Budgeting **3 Credit Hours**
- PAD 6237 - Ethics and Governance in Nonprofit Management **3 Credit Hours**
- PAD 6335 - Strategic Planning and Management **3 Credit Hours**
- PAD 6327 - Public Program Evaluation Techniques **3 Credit Hours**
- PAD 6417 - Human Resource Management **3 Credit Hours**

Research Methods/Statistics Core Requirements: 6 Credit Hours

- PAD 6700 - Research Methods in Public Administration **3 Credit Hours**
- PAD 6701 - Analytical Techniques for Public Administration **3 Credit Hours**

Capstone Core Requirements: 6 Credit Hours

Students will engage in a capstone experience for both the MPA and the MNM programs that builds upon the knowledge and skills gained from completing the core courses. Students will complete this requirement through enrollment in PAD 6149 - Nonprofit Administration and PAD 6062 - Advanced Concepts and Applications in Public Administration. Capstone courses may only be taken following the completion of all core courses; they may not be combined with core courses in the same semester. Capstone courses are offered fall and spring semesters only.

- PAD 6149 - Nonprofit Administration **3 Credit Hours**
- PAD 6062 - Advanced Concepts and Applications in Public Administration **3 Credit Hours**

Additional Program Requirements

Students must achieve a grade of "B-" (80%) or higher in every course listed under core requirements. Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

Independent Learning

Independent learning is demonstrated throughout the curriculum, through the process of inquiry and dialogue. Tangible projects such as scholarly research, papers, internships, and the capstone experience also contribute to the self-development of students. The research paper and Learning and Professional Development portfolio in the Capstone Experience focus on reviewing and analyzing contemporary issues in order to help students acquire knowledge and skills pertaining to research-based best practices. The capstone courses, PAD 6062 and PAD 6149, provide the independent learning experience.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- An official transcript meeting the minimum GPA requirement of 3.0 (on a 4.0 scale), in a sealed envelope, from each college/university attended.
- Three letters of recommendation. Letters of recommendation must specifically address the applicant's ability to succeed in graduate coursework and his or her work ethic. Recommendation letters from professors are preferred, however, letters from supervisors are also acceptable.
- Résumé: The most current, professional resume should be provided.
- Statement of goals: This is a key component of the admission review process and serves as an example of the applicant's ability to express him or herself in writing. The goal statement must be no longer than two pages and should address the following:
 - Reason for pursuing graduate study in Public Administration and Nonprofit Management, including future goals and plans.
 - Specific areas of Nonprofit Management and Public Administration of interest.
 - Relevant experience, paid or as a volunteer
 - What makes the applicant a special candidate for admission to this limited access program.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from Josef Silny and Associates, Inc. only.
- All International students must meet university minimum TOEFL score requirements regardless of the language in which the undergraduate program was completed.

Admission to this dual degree track is competitive; applicants meeting the minimum university and/or program application requirements are not guaranteed admission to the program.

All requested material must be submitted by the established deadline date. Material received after the established deadline may not be considered.

Students are expected to be computer literate upon entry to the program or are expected to obtain these skills immediately upon admission to the program.

Public Policy MPP

College: Community Innovation and Education	Degree: MPP
Department: School of Public Administration	Option: Nonthesis
Program Website: https://ccie.ucf.edu/public-administration/public-policy/	

Program Description

The Master of Public Policy (MPP) is primarily a face-to-face, campus-based program, designed to prepare students for professional careers as policy analysts, policy evaluators, and leaders in the public sector. Students will learn and apply evidence-based public policy formulation, implementation, and evaluation framework in a range of policy domains including urban policy, environmental policy, educational policy, health policy, transportation policy, economic

development policy, immigration policy, disaster policy, homeland security policy, science and technology policy, criminal justice policy, and international/global policy. The MPP will serve as a platform to adequately prepare students for doctoral studies in public administration.

Students will enhance and practice their knowledge and skills through the development of various core competencies including public policy and governance, law and economic principles, research methods and tools, program analysis and evaluation, organization management and network analysis, public leadership and decision-making process and specific courses dedicated to unique topics within public policy.

Curriculum

The Master of Public Policy (MPP) consists of 36 credit hours. Each student completes a core of six courses (18 credit hours), one Capstone Experience course (3 credit hours) and an advanced curriculum of electives (15 credit hours).

The face-to-face courses are offered in the evenings during the week at the UCF Downtown campus. The MPP program incorporates group projects in courses intended to develop leadership abilities while also providing an opportunity to demonstrate how students work as part of a team in most courses. These projects promote important intellectual and social skills and help to prepare students for work in a world in which teamwork and collaboration are increasingly the norms.

Courses and credit hours used for undergraduate degrees cannot also be applied toward the MPP degree, except for Senior Scholar students. Students approved as undergraduates at UCF to participate in the Senior Scholar program may, with the permission of the MPP Program Director, use up to 9 credit hours of graduate coursework taken as part of the bachelor's degree toward the MPP degree. However, no undergraduate-level courses will be accepted in the MPP program.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Core Courses: 18 Credit Hours

- PAD 6700 - Research Methods in Public Administration **3 Credit Hours**
- PAD 6701 - Analytical Techniques for Public Administration **3 Credit Hours**
Prerequisite PAD 6700
- PAD 6035 - Public Administration in the Policy Process **3 Credit Hours**
- PAD 6307 - Public Policy Analysis and Management **3 Credit Hours**
- PAD 6327 - Public Program Evaluation Techniques **3 Credit Hours**
- PAD 6616 - Economic Principles for Public Policy and Management **3 Credit Hours**

Capstone: 3 Credit Hours

Students will engage in a capstone experience that builds upon the knowledge and skills gained from completing the core courses in the MPP program. Students will complete this requirement through enrollment in PAD 6848 - Policy Analysis Capstone. The Capstone Experience course is offered in fall and spring semesters only and may be taken following the completion of all core courses. It may not be combined with a core course in the same semester.

- PAD 6848 - Policy Analysis Capstone **3 Credit Hours**

Electives: 15 Credit Hours

Select three courses from the following (3 Credit Hours each).

- PAD 5337 - Urban Design **3 Credit Hours**
- PAD 6234 - Public Capital and Debt **3 Credit Hours**
- PAD 6037 - Public Organization Management **3 Credit Hours**
- PAD 6036 - Change Management in Public Organizations **3 Credit Hours**
- PAD 6053 - Public Administrators in the Governance Process **3 Credit Hours**
- PAD 6227 - Public Budgeting **3 Credit Hours**
- PAD 6238 - Revenue Policy and Administration **3 Credit Hours**
- PAD 6260 - Fundamentals of Public Sector Accounting **3 Credit Hours**
- PAD 6335 - Strategic Planning and Management **3 Credit Hours**
- PAD 6439 - Leadership in Public Service **3 Credit Hours**

Policy Specialization Electives: 6 Credit Hours

Select from the following courses or courses otherwise approved by the Program Director (3 Credit Hours each).

Students take two policy specialization courses to focus on a specific policy domain, including but not limited to Urban Policy, Economic Development Policy, Environmental and Energy Policy, Transportation Policy, Education Policy, Health Policy, Science and Technology Policy, Disaster Policy, and Criminal Justice Policy.

- PAD 5337 - Urban Design **3 Credit Hours**
- PAD 5356 - Managing Community and Economic Development **3 Credit Hours**
- CCJ 6106 - Policy Analysis in Criminal Justice **3 Credit Hours**
- CCJ 6485 - Issues in Justice Policy **3 Credit Hours**
- PAD 6339 - Housing Development and Planning **3 Credit Hours**
- PAD 6353 - Environmental Planning and Policy **3 Credit Hours**
- PAD 6387 - Transportation Policy **3 Credit Hours**
- PAD 6398 - Hazard Analysis and Disaster Planning **3 Credit Hours**
- PAD 6399 - Foundations of Emergency Management and Homeland Security **3 Credit Hours**
- PHC 6146 - Health Planning and Policy **3 Credit Hours**
- PAD 6357 - Urban Resilience **3 Credit Hours**
- PAD 5930 - Global Cities **3 Credit Hours**
- PAD 6036 - Change Management in Public Organizations **3 Credit Hours**
- PAD 6826 - Urban Policy and Regional Governance **3 Credit Hours**

Additional Program Requirements

Students must achieve a grade of "B-" (80%) or higher in every course listed under core requirements and in the Capstone Experience course.

Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

The School of Public Administration incorporates service-learning into some courses. Service-learning is a teaching method that provides a means for every student to enhance his or her academic program with experiential learning opportunities. Service-learning provides an opportunity for students to work with community partners by collecting and compiling data and producing quality products that will be beneficial to both students and organizations.

Students are expected to be computer literate and have computer internet access upon entry to the program.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry, dialogue, and service-learning. Tangible projects, such as scholarly research, papers, internships, and the capstone experience also contribute to the self-development of MPP students. The research paper and Learning and Professional Development Portfolio in the Capstone Experience focus on creating, reviewing and analyzing contemporary issues with Public Policy and its applications.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. All requested materials must be submitted by the established deadline. The MPP program is offered as a campus-based classroom (face-to-face) program. Admission is open to those with a bachelor's degree from a regionally accredited institution with a minimum overall undergraduate GPA of 3.0 or better (on a 4.0 scale) or in the last 60 hours. Applicants must apply online. Students must submit all required materials by the established deadline. Materials received after the established deadline may not be considered. Admission to this graduate program is competitive; applicants meeting the minimum application requirements are not guaranteed admission to the program.

In addition to meeting general UCF graduate application requirements, applicants to this program must provide:

- An official transcript meeting the minimum GPA requirement of 3.0 (on a 4.0 scale), in a sealed envelope, from each college/university attended.
- Graduate Record Examination (GRE) score from examination taken within the last 5 years.
- Three letters of recommendation specifically for the MPP program evaluating scholarly and professional capacity. Letters from professors from the colleges/universities attended are preferred, but if that is not feasible, letters from current or past supervisors will be accepted. The recommender must address the applicant's work ethic and ability to succeed at graduate-level academic work.
- Current professional résumé including public service experience (paid or voluntary).
- Goal Statement: The goal statement is a key component of the admission review process and serves as an example of the applicant's ability to express himself or herself in writing. The goal statement must be no longer than two pages double-spaced (500-800 words) and should address the following:
 - Personal background and career aspirations in public policy or public service.
 - Reason for pursuing graduate study in public policy, including future career goals and plans.
 - Specific areas of public policy that interests you.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- All international students must meet university minimum TOEFL score requirements regardless of the language in which the undergraduate program was completed.

A limited number of students who do not meet the GPA requirements may be admitted on a provisional basis. These students must demonstrate public policy or public administration experience and provide a clear goal statement.

Application Deadlines

Reading Education MEd

College: Community Innovation and Education	Degree: MEd
Department: School of Teacher Education	Option: Nonthesis
Program Websites: https://ccie.ucf.edu/teachered/k-12/reading-education/	
Graduate Program Handbook	

Program Description

The Master of Education in Reading Education program prepares teachers for certification as reading specialists (e.g., reading coach, reading expert, reading resource teacher, reading/language arts supervisor) in grades K-12 in public schools and private reading clinics.

The Master of Education in Reading Education is a state-approved initial teacher preparation program that is subject to any change in the Florida Administrative Code (State Board of Education Rule 6A-5.066). Students

enrolled in this program should remain in close contact with their adviser to keep informed of any program changes implemented to comply with new state requirements.

The College of Education and Human Performance offers a Master of Education degree in Reading Education. The program prepares teachers for certification as reading specialists (e.g., reading coach, reading expert, reading resource teacher, reading/language arts supervisor) in grades K-12 in public schools and private reading clinics. Assessment (screening, diagnosis, monitoring), instruction and intervention, reading in the content fields, management of reading programs, reading trends and research, and dimensions of the language arts other than reading are included among the curriculum. There is considerable emphasis on practice with diverse readers from early childhood to adult levels. Professionals currently certified as Florida teachers are eligible to pursue a degree in the program. The Reading Education MEd program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Reading-Ed-MEd.pdf>.

Curriculum

The Master of Education in Reading Education program requires a minimum of 30 credit hours beyond the bachelor's degree, including 9 credit hours of core courses, 15 credit hours of specialization courses, and 6 credit hours of a practicum. Students who do not currently hold a Florida ESOL Endorsement must select the specified Teaching English to Speakers of Other Languages course, TSL 5085, as a corequisite. All students must pass a final comprehensive exam, complete a portfolio according to program guidelines, and pass the Reading K-12 Subject Area Exam of the Florida Teacher Certification Examination.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

The following courses meet state certification requirements or as support for the degree program. Choose one of the following:

- LAE 5415 - Children's Literature in Elementary Education **3 Credit Hours**
 - LAE 5465 - Literature for Adolescents **3 Credit Hours**
 - LAE 5319 - Methods of Elementary School Language Arts **3 Credit Hours**
 - LAE 5346 - Methods of Teaching English Language Arts **3 Credit Hours**
- LAE 5465 Literature for Adolescents
LAE 5346 Methods of Teaching English Language Arts
LAE 5415 Children's Literature in Elementary Education
LAE 5319 Methods of Elementary School Language Arts

Corequisite

Students who are not ESOL Endorsed must complete the following course:

- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours**

Required Courses: 24 Credit Hours

Core: 9 Credit Hours

- EDF 6432 - Measurement and Evaluation in Education **3 Credit Hours**

- RED 5147 - Developmental Reading **3 Credit Hours**
- RED 5517 - Classroom Diagnosis and Development of Reading Proficiencies **3 Credit Hours**

Specialization: 15 Credit Hours

- RED 6116 - Advanced Study in Foundations of Reading **3 Credit Hours**
- RED 6336 - Teaching Content Area and Disciplinary Literacy **3 Credit Hours**
- RED 6337 - Reading in the Secondary School **3 Credit Hours**
- RED 6746 - Literacy Leadership and Coaching **3 Credit Hours**
- RED 6845 - Advanced Evaluation and Instruction in Reading **3 Credit Hours**

Practicum: 6 Credit Hours

The MEd program requires a practicum experience. Practica are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program.

- RED 6846 - Reading Practicum **6 Credit Hours**

Additional Graduation Requirements

- All students must complete a comprehensive examination.
- Complete a portfolio according to program guidelines. This portfolio requires demonstration of professional growth, reflection, and proficiency in the Florida Educator Accomplished Practices.
- Pass Reading K-12 Subject Area Exam of the Florida Teacher Certification Examination.

Independent Learning

The MEd program also requires a practicum experience. Practica are independent learning activities that take place in authentic settings in which students must apply, reflect on, and refine knowledge and skills acquired in the program.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Possess or be fully eligible for a professional teaching certificate in one or more other teacher certification specializations in Florida.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Reading Education MEd	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Real Estate MSRE

College: Business Administration	Degree: MSRE
Department: Dr. P. Phillips School of Real Estate	Option: Nonthesis
Program Websites: http://www.business.ucf.edu/graduate-programs	
Graduate Program Handbook	

Program Description

The Professional Master of Science in Real Estate (PMRE) program was designed by the Dr. P. Phillips School of Real Estate as a flagship graduate program that prepares students to pursue careers in commercial real estate brokerage and appraisal, real estate development, mortgage brokerage, institutional real estate investment management, capital markets, and asset management. Students earn Argus Software Certification and are eligible for the fast track to CCIM designation upon graduation. Graduates are also well prepared to sit for the Florida real estate brokerage and appraisal licenses.

- 20-month program offered in Downtown Orlando
- Limited class size, cohort program

- Classes meet 2 evenings per week

Students advance through all courses together as a cohort using their professional experience as an important addition to the learning process. The program's 30-credit-hour curriculum combines a professional business core with courses in finance, accounting and advanced coursework in real state.

This program is a professional program with a market rate tuition and is considered a part-time program. The tuition is the same for Florida residents and non-residents. Please visit www.business.ucf.edu/graduate-programs for more information.

This program is accredited by AACSB International.

Curriculum

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—30 Credit Hours

Finance Core—12 Credit Hours

- ACG 6425 - Managerial Accounting Analysis **3 Credit Hours**
- FIN 6406 - Strategic Financial Management **3 Credit Hours**
- PAD 5336 - Introduction to Urban Planning **3 Credit Hours**
- REE 6380 - Financial Analysis of Real Estate Firms **3 Credit Hours**

Real Estate Core—18 Credit Hours

- REE 6006 - Real Estate Markets and Institutions **3 Credit Hours**
- REE 6147 - Real Estate Market Analysis and Appraisal **3 Credit Hours**
- REE 6209 - Real Estate Finance and Investment Analysis **3 Credit Hours**
- REE 6418 - Real Estate Contracts and Negotiations **3 Credit Hours**
- REE 6455 - Real Estate Law **3 Credit Hours**
- REE 6737 - Real Estate Development **3 Credit Hours**

Capstone Course

The UCF PMRE capstone course, REE 6737 - Real Estate Development, is required by all students. Students will create a comprehensive development project that covers the real estate development process, regulatory considerations, financial and market feasibility, management and control, and environmental aspects of real estate development.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- Official transcripts from each college/university attended.

- Current Résumé.
- Prepare a goal statement that answers the following questions. Please limit to 1000 words.
 - Describe what motivated you either professionally or personally to pursue a master's degree.
 - Describe the steps you took to select UCF and this program. Include how long you have been considering graduate school and how you learned about our program.
 - Describe a specific academic experience or professional business skill you hope to acquire through the program and how you plan to use it going forward.
- Recommendations. Provide three email addresses of recommenders in your application from professional sources. **One recommendation must be from a current or previous supervisor.**
- If your degree was not received in the U.S., you must also send one copy of each transcript to an accredited evaluation service for a course-by-course evaluation showing the equivalent of a U.S. bachelor's degree. We accept either World Education Services (WES) www.wes.org or Josef Silny www.jsilny.com/. Please request that your official transcripts be sent to UCF along with your transcript evaluation.

Review Process. Your application will be reviewed once all required documents are received. Admission decisions are made after the review process is complete.

The GMAT is not required for Executive or Professional Degree programs.

Early application tuition discounts are available for this program. For application and tuition discount details, view our Graduate Admissions page.

Application Deadlines

Real Estate MSRE	Fall Priority	Fall	Spring	Summer
Domestic Applicants		Jul 1		
The MS in Real Estate program is taught at the UCF Downtown Campus in downtown Orlando and the next available term for this program is Fall 2022.				
International Applicants				
This program is part-time only and therefore cannot accept international applicants.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. Research Administration MRA ►

College: Community Innovation and Education	Degree: MRA
Department: School of Public Administration	Option: Nonthesis

Program Website: https://ccie.ucf.edu/public-administration/research-administration/
Graduate Program Handbook

Program Description

The Master in Research Administration provides the professional skills and management theories and techniques to prepare individuals to practice as highly trained and ethical research administrators. The completely online program builds a solid foundation in research administration and leadership that enables graduates to work in a variety of research organizations such as universities, hospitals and medical centers, industry, and research institutes and centers.

This program is a professional program and is considered a part-time program. For more information, please visit www.ce.ucf.edu/Program-Search/1381/Master-Of-Research-Administration/.

Graduates of the program will be able to: integrate the history and values of the profession into a professional identity; apply organizational development theories in leadership and human resource management; demonstrate knowledge of and compliance with the legal, ethical and regulatory framework that governs research; apply sound financial management concepts in proposal development and funded sponsored projects; negotiate and monitor sponsored contracts and subcontracts; write and evaluate grant proposals; apply the law in regards to intellectual property, technology transfer and commercialization; identify new areas for collaborative grant opportunities; and respond to financial and non-financial audits of research grants and contracts.

Please note: Master of Research Administration (MRA) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Master in Research Administration program requires a minimum of 36 credit hours beyond the bachelor's degree. The program is offered completely online in a lock-step and cohort-based model. Students take two courses each semester and complete the degree program in two years (six semesters). In the final course students complete an evaluation project as a culminating activity that engages them in the application of theory, research policy, regulatory frameworks, ethics, and professional standards and practices within their area of focus.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 36 Credit Hours

Research Administration Concentration Core Courses: 27 Credit Hours

- PAD 6742 - Introduction to Research Administration **3 Credit Hours**
- PAD 6748 - Governance and Regulatory Issues for Sponsored Programs **3 Credit Hours**

- PAD 6743 - Leadership and Organization Models in Research Administration **3 Credit Hours**
- PAD 6744 - Financial Management in Research Administration **3 Credit Hours**
- PAD 6745 - Contracting for Sponsored Programs **3 Credit Hours**
- PAD 6746 - Intellectual Property, Technology Transfer and Commercialization **3 Credit Hours**
- PAD 6747 - Audits in Research Administration **3 Credit Hours**
- PAD 6741 - Research Integrity for Research Administrators **3 Credit Hours**
- PAD 6327 - Public Program Evaluation Techniques **3 Credit Hours**

Additional Required Courses: 9 Credit Hours

- PAD 5850 - Grant and Contract Management **3 Credit Hours**
- PAD 6417 - Human Resource Management **3 Credit Hours**
- PAD 6335 - Strategic Planning and Management **3 Credit Hours**

Additional Program Requirements

- Students must achieve a grade of "B-" (80%) or higher in all Research Administration concentration courses (PAD 67XX level and PAD 6327).
- Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

Cost Per Credit Hour

For the Master of Research Administration program, the cost per credit hour is \$655.62.*

*Fee is subject to change

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry, dialogue and service learning. Tangible projects such as strategic plans, grant proposals, commercialization plans and case studies along with research projects, scholarly papers, internships, and presentations at professional conferences also contribute to the self development of our students.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- An official transcript meeting the minimum GPA requirement of 3.0 (on a 4.0 scale) from each college/university attended.
- Three letters of recommendation specifically for the MRA program. Letters of recommendation should be from professors, researchers, or professional research administrators who can attest to the applicant's ability to succeed in graduate coursework and his or her work ethic.
- Résumé: The most current, professional resume should be provided.

- Statement of goals: The goal statement is a key component of the admission review process and serves as an example of the applicant's ability to express him or herself in writing. The goal statement must be single-spaced, one-inch margins, and no longer than two pages (500-800 words). Applicant must address each item listed below when completing the goal statement:
 - Reason for pursuing graduate study in research administration, including future goals and plans.
 - Topics or areas of special interest in research administration.
 - Expectations of the graduate program.
 - What the applicant will bring to the program that would make him or her a special candidate for admission to this limited access program.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- All International students must meet university minimum TOEFL requirements regardless of the language in which the undergraduate program was completed.

This program does not accept State Employee Waivers.

Admission to this program is limited. The Master in Research Administration is a highly competitive program that admits one cohort annually in the fall semester and one cohort in the spring semester. Applicants are encouraged to apply early to this program because once the cohort reaches capacity for an entering class, admissions will be closed for that academic year.

All requested material must be submitted by the established deadline date. Materials received after the established deadline may not be considered.

Students are expected to be computer literate upon entry to the program. This program is completely online, so computer skills and computer internet access are necessary to take the courses.

Application Deadlines

Research Administration MRA	*Fall Priority	Fall	Spring	Summer
Domestic Applicants		Jul 1	Dec 1	Apr 1
International Applicants		Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Secondary Education MEd

College: Community Innovation and Education	Degree: MEd
--	--------------------

Department: School of Teacher Education	Option: Nonthesis
Program Website: https://ccie.ucf.edu/teachered/secondaryed/	

Program Description

The Master of Education (MEd) program in Secondary Education is designed for professionally certified and experienced educators who want to improve their knowledge and skills in teaching students and colleagues in their content area. Students engage in action research within the walls of their classroom.

Coursework includes secondary education courses as well as content-specific courses in each track.

This degree does not prepare students for initial, administrative, or supervisory certification.

Program Tracks

- Secondary Education MEd, English Language Arts Education Track
- Secondary Education MEd, Mathematics Education Track
- Secondary Education MEd, Science Education Track
- Secondary Education MEd, Social Science Education Track
- Secondary Education MEd, World Languages Education Track

Curriculum

The Master of Education in Secondary Education program requires a minimum of 33 credit hours beyond the bachelor's degree. Students from all tracks must complete the required 21 credit hours of core courses and culminating experiences. All students complete a capstone research project or thesis, which are course-based action research studies (i.e., application and analysis of the effectiveness of research-based best practices in the classroom). Additional course requirements vary by the student's chosen track.

Total Credit Hours Required: 33 Credit Hours Minimum beyond the Bachelor's Degree

This section describes the elements of the curriculum that are in common for all of the tracks.

Required Courses

Core: 15 Credit Hours

All students take the Secondary Education core, regardless of their chosen specialization.

*Must be taken in first semester of the program.

- EDS 5356 - Mentoring and Clinical Supervision of Pre-professional Educators **3 Credit Hours** *
- ESE 5344 - Managing the Secondary Classroom **3 Credit Hours**
- ESE 6036 - Contemporary Issues in Secondary Education **3 Credit Hours**
- LAE 5496 - Disciplinary Literacy in the Content Areas **3 Credit Hours**
- EME 6053 - Teaching and Learning with Emerging Technologies **3 Credit Hours**

Culminating Experience: 6-9 Credit Hours

Students complete either an action research project or a thesis.

- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours**
- ESE 6427 - Capstone: Action Research in Secondary Education **3 Credit Hours** or
- LAE, MAE, SCE, or SSE 6971 - Thesis **6 Credit Hours**

Independent Learning

The MEd requires a course-based action research study and completion of a culminating experience.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants must choose a track in this program. Track(s) may have different requirements.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Students take the following courses:

- MAE 6337 - Teaching Algebra in the Secondary School **3 Credit Hours**
- MAE 6338 - Teaching Geometry in the Secondary School **3 Credit Hours**

Select two of the following courses:

- MAE 6517 - Diagnosis/Remediation of Difficulties in Mathematics for the Classroom Teacher **3 Credit Hours**
- MAE 6641 - Problem Solving and Critical Thinking Skills **3 Credit Hours**
- MAE 6656 - Using Technology in the Instruction of K-12 Mathematics **3 Credit Hours**
- MAE 6899 - Seminar in Teaching Mathematics **3 Credit Hours**
- IDS 6516 - Leadership Development for Mathematics and Science Teachers **3 Credit Hours**
- IDS 6910 - Research in Mathematics and Science Education **3 Credit Hours**
- IDS 6937 - Teaching Mathematics and Science Using Reform-Based Practices **3 Credit Hours**
- IDS 6939 - Reforming Curriculum in Mathematics and Science Education **3 Credit Hours**

Independent Learning

The MEd requires a course-based action research study and completion of a capstone experience (research report or thesis).

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

One official transcript (in a sealed envelope) from each college/university attended.

Evidence of eligibility for a professional teaching certificate in Florida in related area and/or sustained teaching experience within schools/colleges (approved by track coordinator).

Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Mathematics Education	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1	Dec 1	Apr 1
International Applicants	Jan 15	Jan 15	Jul 1	Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial

assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Secondary Education MEd, Science Education Track

College: Community Innovation and Education	Degree: MEd
Department: School of Teacher Education	Option: Thesis, Nonthesis
Program Website: https://ccie.ucf.edu/teachered/secondaryed/	

Track Description

The Science Education track in the Secondary Education MEd program is designed to meet the advanced knowledge and skill needs of certified secondary science teachers, enabling them to expand their subject matter knowledge and professional teaching skills.

Curriculum

The Science Education track in the Secondary Education MEd program requires 21 credit hours of core courses, including completion of a capstone research project or thesis. In addition, students take 12 credit hours of specialization courses.

Total Credit Hours Required: 33-36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 33-36 Credit Hours

Core: 15 Credit Hours

All students take the Secondary Education core, regardless of their chosen specialization.

*Must be taken in first semester of the program.

- EDS 5356 - Mentoring and Clinical Supervision of Pre-professional Educators **3 Credit Hours** *
- ESE 5344 - Managing the Secondary Classroom **3 Credit Hours**
- ESE 6036 - Contemporary Issues in Secondary Education **3 Credit Hours**
- EME 6053 - Teaching and Learning with Emerging Technologies **3 Credit Hours**
- LAE 5496 - Disciplinary Literacy in the Content Areas **3 Credit Hours**

Culminating Experience: 6-9 Credit Hours

Students complete either an action research project or a thesis.

- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours**
- ESE 6427 - Capstone: Action Research in Secondary Education **3 Credit Hours** or LAE, MAE, SCE, or SSE 6971 Thesis **6 Credit Hours**

Specialization: 12 Credit Hours

Select two of the following courses:

- SCE 5836 - Space and Physical Science for Educators **3 Credit Hours**
- ISC 6146 - Environmental Education for Educators **3 Credit Hours**
- IDS 6516 - Leadership Development for Mathematics and Science Teachers **3 Credit Hours**
- IDS 6937 - Teaching Mathematics and Science Using Reform-Based Practices **3 Credit Hours**
- IDS 6939 - Reforming Curriculum in Mathematics and Science Education **3 Credit Hours**

Select two courses in one of the following graduate science content areas:

Biology Focus

- HUN 5247 - Principles of Human Nutrition **3 Credit Hours**
- IDS 5127 - Foundation of Bio-Imaging Science **3 Credit Hours**
- BCH 6740 - Advanced Biochemistry **3 Credit Hours**
- Any graduate-level course with prefix BSC, HSC, MCB, PCB, or ZOO

Chemistry Focus

- BCH 6740 - Advanced Biochemistry **3 Credit Hours**
- HUN 5247 - Principles of Human Nutrition **3 Credit Hours**
- Any graduate-level course with prefix CHM or CHS

Physics Focus

- Any graduate-level course with prefixes AST, OSE, PHY, or PHZ

Independent Learning

The MEd requires a course-based action research study and completion of a capstone experience (research report or thesis).

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Evidence of eligibility for a professional teaching certificate in Florida in related area and/or sustained teaching experience within schools/colleges (approved by track coordinator).
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Secondary Education MEd, Social Science Education Track

College: Community Innovation and Education	Degree: MEd
Department: School of Teacher Education	Option: Thesis, Nonthesis
Program Website: https://ccie.ucf.edu/teachered/secondaryed/	

Track Description

The Social Science Education track in the Secondary Education MEd program is designed to meet the advanced knowledge and skill needs of the Social Science classroom teacher.

Curriculum

The Social Science Education track in the Secondary Education MEd program requires 21 credit hours of core courses, including completion of a capstone research project or thesis. In addition, students take 12 credit hours of specialization courses.

Total Credit Hours Required: 33-36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 33-36 Credit Hours

Core: 15 Credit Hours

All students take the Secondary Education core, regardless of their chosen specialization.

*Must be taken in first semester of the program.

- EDS 5356 - Mentoring and Clinical Supervision of Pre-professional Educators **3 Credit Hours** *
- ESE 5344 - Managing the Secondary Classroom **3 Credit Hours**
- ESE 6036 - Contemporary Issues in Secondary Education **3 Credit Hours**
- EME 6053 - Teaching and Learning with Emerging Technologies **3 Credit Hours**
- LAE 5496 - Disciplinary Literacy in the Content Areas **3 Credit Hours**

Culminating Experience: 6-9 Credit Hours

Students complete either an action research project or a thesis.

- EDF 6472 - Data-Driven Decision-Making for Instruction **3 Credit Hours**
- ESE 6427 - Capstone: Action Research in Secondary Education **3 Credit Hours** or
- LAE, MAE, SCE, or SSE 6971 Thesis **6 Credit Hours**

Specialization: 12 Credit Hours

Students take four of the following courses:

- SSE 5391 - Global Education: Theory and Practice **3 Credit Hours**
- SSE 5776 - Democracy and Education **3 Credit Hours**
- SSE 6348 - Foundations and Fundamentals of Teaching History in the K-12 Classroom **3 Credit Hours**
- SSE 6388 - Digital History in the K-12 Classroom **3 Credit Hours**
- SSE 6387 - Teaching with Film **3 Credit Hours**
- SSE 6396 - Teaching with Primary Sources in the History Classroom **3 Credit Hours**
- SSE 6636 - Contemporary Social Science Education **3 Credit Hours**

Independent Learning

The MEd requires a course-based action research study and completion of a capstone experience (research report or thesis).

Social Work MSW ►

College: Health Professions and Sciences	Degree: MSW
Department: School of Social Work	
Program Website: https://healthprofessions.ucf.edu/socialwork/	
Graduate Program Handbook	

Program Description

The Master of Social Work (MSW) program prepares students for advanced social work practice. The program educates students for community-based clinical social work practice with individuals, families, and groups. The MSW program is accredited by the Council on Social Work Education (CSWE).

The program offers multiple tracks to allow students to progress through the required MSW curriculum on either a full-time or part-time plan of study. The Full-Time Traditional Track and Part-Time Traditional Track are available for students who do not have a BSW degree. The Full-Time Advanced Standing Track and the Part-Time Advanced Standing Track are available for students who have completed a BSW degree from a CSWE-accredited program within the last six years. More information on the plans of study and requirements for each track is given in the individual track descriptions.

Social Work (MSW) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees. Students who apply for admission to the online part-time tracks will not be permitted to switch to the on-campus, traditional tracks and students who apply for admission to the on-campus, traditional tracks will not be permitted to switch to the online part-time tracks.

The curriculum draws from a generalist perspective and emphasizes critical thinking skills, empirically based accountable practice, and ethical services for clients experiencing a wide range of problems. Students learn preventive and therapeutic interventions aimed at enhancing human functioning and quality of life. Graduates of the program will have the ability to work with diverse clients in a variety of agency settings.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare students in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CHPS-Social-Work-MSW.pdf>.

The MSW program strives to educate students to become successful practitioners in the field of clinical social work. To that end, the National Association of Social Workers (NASW) Code of Ethics is re-enforced throughout the academic curriculum. Students who violate the NASW Code of Ethics may be subject to academic sanctions or dismissed from the program.

Program Tracks

- Social Work MSW, Online Part-Time Track ►
- Social Work MSW, Online Part-Time Advanced Standing Track ►
- Social Work MSW, Full-Time Advanced Standing Track
- Social Work MSW, Full-Time Traditional Track
- Social Work MSW, Part-Time Advanced Standing Track
- Social Work MSW, Part-Time Traditional Track

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

The Master of Social Work Program offers several options to students including full-time study, advanced standing admission, as well as the mixed mode and online classes to support the part-time study. Applicants must choose a track in this program. Track(s) may have different requirements.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Social Work MSW, Full-Time Advanced Standing Track

College: Health Professions and Sciences	Degree: MSW
Department: School of Social Work	Option: Nonthesis
Program Websites: https://healthprofessions.ucf.edu/socialwork/	
Graduate Program Handbook	

Track Description

The Master of Social Work (MSW) Program, Full-Time Advanced Standing Track allows students with baccalaureate degrees in Social Work from a CSWE-accredited school/program who demonstrate academic potential and professional maturity to complete the MSW in three semesters of graduate study.

To be considered for advanced standing admission, the bachelor's degree must have been completed within six years of the time of initial enrollment in the master's program. The Full-Time Advanced Standing Track is offered at the main campus and may be completed in three semesters (summer, fall, and spring).

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare students in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CHPS-Social-Work-MSW.pdf>.

The MSW program strives to provide students with the education needed to become successful practitioners in the field of clinical social work. The National Association of Social Workers (NASW) Code of Ethics is enforced throughout the academic curriculum. Students who violate the NASW Code of Ethics may be subject to academic sanctions or dismissed from the program.

Curriculum

The 32-hour MSW program is composed of 18 credit hours of required core and advanced clinical specialization courses. In addition, students complete 6 credit hours of electives and 8 credit hours of field experience. Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Projects such as research studies, clinical assessments and treatment plans, papers and internships also contribute to the self-development of our students.

The MSW Advanced Standing track allows no more than one C grade or 3 credit hours (whichever is greater) to be used toward the degree requirements. Exceeding three credit hours or one C grade is grounds for dismissal from the MSW Advanced Standing track.

Previous baccalaureate coursework that received at least a "B-" will be reviewed to ensure content equivalency. In advanced standing admission, a maximum of 30 foundation-level credits may be waived based on the content equivalency to meet foundation year MSW requirements, which consist of courses in human behavior and the social environment, policy, research, social work practice, and social work field placement.

Total Credit Hours Required: 32 Credit Hours Minimum beyond the Bachelor's Degree

Educational standards for all social work programs are established by the Council on Social Work Education (CSWE), the national accreditation body for professional social work education. Curriculum direction and content is regulated by the CSWE through its accreditation standards. The MSW program at UCF is fully accredited through CSWE.

Prerequisites

The Council on Social Work Education (CSWE) require that all applicants have an undergraduate degree from an accredited institution. The School of Social Work requires that applicants have successfully completed (with a grade of C or higher) at least one course in each of the following categories:

- **Humanities** (examples: fine arts, history, languages, literature, philosophy, or religion);
- **Physical and Biological Sciences** (examples: biology, chemistry, anatomy, or physiology)
- **Mathematics** (examples: calculus, college algebra, computer science, or statistics);
- **Social Sciences** (examples: anthropology, economics, ethnic studies, gender studies, human development, international relations, political science, psychology, social work, or sociology)

Required Courses: 18 Credit Hours

Clinical Specialization: 18 Credit Hours

- SOW 6123 - Psychosocial Pathology **3 Credit Hours**
- SOW 6433 - Clinical Evaluation in Social Work Practice **3 Credit Hours**
- SOW 6324 - Clinical Practice with Groups **3 Credit Hours**
- SOW 6348 - Clinical Practice with Individuals **3 Credit Hours**
- SOW 6612 - Clinical Practice with Families **3 Credit Hours**
- SOW 6424 - Theories for Evidence-Based Clinical Practice in Social Work **3 Credit Hours**

Electives: 6 Credit Hours

Two clinical electives are required as components of the clinical specialization:

- Clinical elective **3 Credit Hours**
- Clinical elective **3 Credit Hours**

Approved clinical electives:

- SOW 6149 - Military Culture and Social Work Practice **3 Credit Hours** (Clinical)
- SOW 6109 - Violence Against Women: A Global Perspective **3 Credit Hours** (Clinical)
- SOW 6155 - Human Sexuality in Social Work Practice **3 Credit Hours** (Clinical)
- SOW 6603 - Social Work in Health Settings **3 Credit Hours** (Clinical)
- SOW 6604 - Medications in Social Work Practice **3 Credit Hours** (Advanced Clinical)
- SOW 6608 - Understanding and Managing Combat Related Behavioral and Mental Health Disorders **3 Credit Hours** (Clinical)
- SOW 6610 - Clinical Practice with Military and Veteran Families or Groups **3 Credit Hours** (Clinical)
- SOW 6635 - Social Work Practice in Schools **3 Credit Hours** (Clinical)
- SOW 6644 - Interventions with Older Adults and Their Families **3 Credit Hours** (Clinical)
- SOW 6652 - Child Welfare Services **3 Credit Hours** (Clinical)
- SOW 6655 - Child Abuse: Treatment and Prevention **3 Credit Hours** (Clinical)
- SOW 6670 - Clinical Social Work Practice with LGBTQ+ **3 Credit Hours** (Clinical)
- SOW 6712 - Clinical Social Work Practice with Substance Addictions **3 Credit Hours** (Clinical)
- SOW 6713 - Prevention and Treatment of Adolescent Substance Use and Misuse **3 Credit Hours** (Clinical)
- SOW 6726 - Social Work Practice with Children from Birth to Age Five and their Families **3 Credit Hours** (Clinical)
- SOW 6727 - Core Concepts of Child and Adolescent Trauma **3 Credit Hours** (Clinical)
- SOW 6735 - Documentation Skills for Helping Professionals **3 Credit Hours** (Clinical)
- SOW 6756 - Forensic Social Work **3 Credit Hours** (Clinical)
- SOW 6846 - Spirituality in Clinical Social Work Practice **3 Credit Hours** (Clinical)
- SOW 6806 - Behavioral Health Skills for Clinical Social Workers **3 Credit Hours** (Advanced Clinical)

Field Experience: 8 Credit Hours

- Clinical Field Education and Integrative Seminars **8 Credit Hours**

Field instruction is an integral part of graduate social work education. It provides the student with an opportunity to test classroom knowledge; to develop and refine both foundation and advanced practice skills. Decisions regarding field assignment are determined by the Field Director. Only agency sites approved by the School of Social Work may be used for field instruction. Clinical MSW students complete a minimum of 600 clock hours in the field. Field education includes a field seminar.

Students must complete at least 50% of their field hours during the agency's normal business hours. Evening (after 5 p.m.) and weekend placements are extremely limited. The School of Social Work is under no obligation to provide such placements. Consequently, field placements cannot be guaranteed to students who require evening and weekend placements.

Many social work agencies have students complete background checks, including formal background checks, law enforcement finger printing, driving records, and criminal record checks. In most instances, the expense for the background check is the responsibility of the student. We urge students to seek this information prior to entering the field experience if there is sensitive information that may prevent being accepted at an agency. Students must also report any background issues on field application so that an appropriate placement can be made.

The UCF School of Social Work cannot guarantee a field placement or subsequent degree completion for students who do not pass background checks.

Required Sequence of Curriculum

First Semester (Summer)

- SOW 6123 - Psychosocial Pathology **3 Credit Hours**
- SOW 6424 - Theories for Evidence-Based Clinical Practice in Social Work **3 Credit Hours**

Second Semester (Fall)

- SOW 6324 - Clinical Practice with Groups **3 Credit Hours**
- SOW 6348 - Clinical Practice with Individuals **3 Credit Hours**
- SOW 6612 - Clinical Practice with Families **3 Credit Hours**
- SOW 6531 - Full Time MSW Clinical Field Integrative Seminar I **2 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
Take 2 credit hours

Third Semester (Spring)

- SOW 6433 - Clinical Evaluation in Social Work Practice **3 Credit Hours**
- SOW Clinical elective
- SOW Clinical elective
- SOW 6536 - Full Time MSW Clinical Field Education and Seminar II **4 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
Take 2 credit hours

Transfer Credit

Academic credit for life experience and previous work experience shall not be given, in whole or in part, in lieu of Social Work courses required to fulfill degree requirements.

Students who have completed course work in an accredited MSW program may transfer up to 9 credit hours **non-field courses** toward the 32 credit hours of the degree. Students must have received a grade of "B-" or higher in these courses. Courses will be evaluated on a course-by-course basis by the MSW Director. Field classes are not eligible for transfer.

Students seeking to transfer to the School of Social Work from another CSWE accredited social work program are required to meet the criteria for admission and follow the application procedures.

Additionally, one of the academic references must be from the MSW Program Coordinator or academic adviser in the program from which the applicant is transferring and must address the academic standing in that program. If not currently enrolled, the reference must be from the former MSW Program Coordinator or academic adviser. Syllabi are required for any social work classes being considered for transfer credit.

As per university policy, transfer credits will not be considered for the market based fully online part time tracks.

Equipment Fee

Full-time students in the MSW program pay a \$35 equipment fee each semester that they are enrolled.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Projects such as research studies, clinical assessments and treatment plans, papers and internships also contribute to the self-development of our students.

The field experiences and practice electives provide substantial opportunities for students to learn independently and practically about social work practice.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants will be granted admission to the MSW program based on a majority approval from the Admissions Review Sub-committee.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- **One official transcript** (in a sealed envelope) from each college/university attended.
- **Successful completion** (with a grade of C or higher) at least one course in each of the following categories:
- **Humanities** (examples: fine arts, history, languages, literature, philosophy, or religion);
- **Physical and Biological Sciences** (examples: biology, chemistry, anatomy, or physiology)
- **Mathematics** (examples: calculus, college algebra, computer science, or statistics);
- **Social Sciences** (examples: anthropology, economics, ethnic studies, gender studies, human development, international relations, political science, psychology, social work, or sociology)
- **Up-to-date résumé**
- **Video Essay**
- **Three letters of recommendation** that must have been written within the last academic year. Letters from co-workers, colleagues, mentors, friends, family members, clergy, etc. WILL NOT be considered. Please submit your application even if you do not have your letters of recommendation. These letters can be attached to your application once they have been received, but they still must be submitted by the application deadline.

Applicants must provide a letter of recommendation from each of the following:

- **Academic:** A professor from a previously attended college/university who taught you in a course. Letters from Field Seminar Instructors are NOT accepted as an academic letter. Recommendations from full-time faculty are strongly encouraged. For applicants who have been out of college for five or more years, the applicant may substitute an

employment-based recommendation. Letters from advisors will not be considered unless indicated that they also taught you as a student. Letters from Teacher Assistants are NOT accepted.

- **Field:** An agency field task supervisor who has directly supervised the applicant in a social work field internship setting.
 - **Employment:** Either volunteer or paid employment immediate supervisor.
 - **A Professional Statement:** Applicants must answer the following questions within 3-6 pages. **Please use headings for each question.**
 - Without disclosing personal information, what are the reasons and experiences that led you to choose social work as a profession?
 - What are your social work career interests?
 - What are your personal strengths that you can bring to this profession? How have these strengths been demonstrated in the past?
 - Where do you see yourself 10 years from now in the field of social work?
 - What major social issue do you think that professional social workers should be concerned with? What is the role of social work in relation to this issue?
 - As a social worker, you will be expected to practice ethically according to the National Association of Social Workers (NASW) Code of Ethics. This includes working with diverse populations and clients whose values and beliefs may differ from your own. How will you incorporate and uphold the NASW Code of Ethics into your work with diverse populations?
 - The MSW program requires students to complete a clinical (600 hours) internship concurrent with their coursework. Evening (after 5 p.m.) and weekend placements are extremely limited. The School of Social Work is under no obligation to provide such placements. Given the above considerations, please tell us how you plan to balance your internship hours with your coursework and personal obligations. Tell us about any challenges you may have and how you plan to overcome them.
 - **Writing Sample:** Applicants must submit an individually-authored research paper or literature review written for any class in their undergraduate studies, preferably one that is related to social work. **Group papers will not be accepted. The paper should be 5-10 pages in length, contain citations, and a reference list in APA format,** and will be used to evaluate the applicant's ability to write professionally. The applicant must be the sole author of this paper. Submissions of papers where the applicant is co-author will not be considered. Interviews, book reviews, movie reviews, case notes, client assessments, policy analysis papers, and case studies will NOT be considered. If the applicant does not have an academic paper, then he/she must write a 5-10 page paper in APA format that addresses any social issue related to social work.
 - Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- Please note:** The MSW program only accepts one application from each prospective student per academic year. Applicants must choose to apply to one track and one semester only.

The Master of Social Work program can accommodate only a limited number of students; therefore, there is a possibility of being denied admission even when all criteria are met.

Students are admitted and will begin coursework in summer semesters only.

To be retained in the program, students must attend the mandatory MSW Program Orientation that takes place the week before summer classes start. Students who fail to attend this orientation will have their offer of admission rescinded.

Students are also expected to demonstrate: initiative, dependability, social concern, self-awareness, appreciation for diversity in others, the ability to problem-solve, ease in relating with others, skill in writing and speaking, and professional ethics.

Students enrolled must perform certain essential functions in order to participate in and complete program requirements. These essential functions can be found in the MSW Handbook, and define the minimal professional, cognitive, and behavioral abilities required for successful program completion as well as entry-level social work practice.

Students admitted into the MSW Program will sign an acknowledgment that they understand they must adhere to these functions in order to be in good standing and remain in the MSW Program.

Students unable to meet the Essential Functions requirement will have their offer of admission rescinded.

The School of Social Work reserves the right to refuse student entrance or dismiss a student after admission to the MSW program if-- in the judgment of the faculty-- the student demonstrates behavior incompatible with working in the field of social work and/or violates the National Association of Social Workers (NASW) Code of Ethics.

Advanced Standing

To be considered for advanced standing admission, applicants must have a baccalaureate degree in Social Work from a CSWE-accredited program and demonstrate the academic potential and professional maturity to meet the demands of the program with a 3.3 GPA in their last 60 credits. Previous baccalaureate coursework that received at least a "B-" will be reviewed to ensure content equivalency. In advanced standing admission, a maximum of 30 foundation level credits may be waived based on the content equivalency to meet foundation year MSW requirements, which consist of courses in human behavior and the social environment, policy, research, social work practice, and social work field placement.

To be considered for advanced standing admission, the bachelor's degree must have been completed within six years of the time of initial enrollment in the master's program.

Application Deadlines

Full-Time Advanced Standing	*Fall Priority	Fall	Spring	Summer
Domestic Applicants				Apr 1
International Applicants				Nov 1
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Social Work MSW, Full-Time Traditional Track

College: Health Professions and Sciences	Degree: MSW
Department: School of Social Work	Option: Nonthesis
Graduate Program Handbook	

Track Description

The Master of Social Work (MSW), Full-Time Traditional Track allows students who do not have a BSW degree to complete the MSW required curriculum in two years of full-time study at the main campus.

The first year of study in the Master of Social Work (MSW), Full-Time Traditional Track includes 24 credit hours in class work and 6 credit hours in field education. The second year of study includes 24 credit hours in class work and 8 credit hours in the field.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare students in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CHPS-Social-Work-MSW.pdf>.

The MSW program strives to provide students with the education needed to become successful practitioners in the field of clinical social work. The National Association of Social Workers (NASW) Code of Ethics is enforced throughout the academic curriculum. Students who violate the NASW Code of Ethics may be subject to academic sanctions or dismissed from the program.

Curriculum

The 62-hour MSW program is composed of 39 credit hours of required core and advanced clinical specialization courses. In addition, students complete 9 credit hours of electives and 14 credit hours of field experience. Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Projects such as research studies, clinical assessments and treatment plans, papers, and internships also contribute to the self-development of our students. Students in the 62-hour program must include at least 31 hours of course work at the 6000 level in their program of study.

Total Credit Hours Required: 62 Credit Hours Minimum beyond the Bachelor's Degree

Educational standards for all social work programs are established by the Council on Social Work Education (CSWE), the national accreditation body for professional social work education. Curriculum direction and content is regulated by the CSWE through its accreditation standards. The MSW program at UCF is fully accredited through CSWE.

Prerequisites

The Council on Social Work Education (CSWE) require that all applicants have an undergraduate degree from an accredited institution. The School of Social Work requires that applicants have successfully completed (with a grade of C or higher) at least one course in each of the following categories:

- **Humanities** (examples: fine arts, history, languages, literature, philosophy, or religion);
- **Physical and Biological sciences** (examples: biology, chemistry, anatomy, or physiology)
- **Mathematics** (examples: calculus, college algebra, computer science, or statistics);
- **Social Sciences** (examples: anthropology, economics, ethnic studies, gender studies, human development, international relations, political science, psychology, social work, or sociology)

Required Courses: 39 Credit Hours

Core: 21 Credit Hours

The core provides the foundation curriculum for the generalist Social Work practice.

- SOW 5107 - Human Behavior in the Social Environment **3 Credit Hours**
- SOW 5217 - Foundations of Behavioral Health Policy and Social Work Practice **3 Credit Hours**
- SOW 5132 - Diverse Client Populations **3 Credit Hours**
- SOW 5235 - Social Welfare Policies and Services **3 Credit Hours**
- SOW 5305 - Social Work Practice I: Generalist Practice **3 Credit Hours**
- SOW 5306 - Social Work Practice II: Intervention Approaches **3 Credit Hours**
- SOW 5404 - Social Work Research **3 Credit Hours**

Clinical Specialization: 18 Credit Hours

- SOW 6123 - Psychosocial Pathology **3 Credit Hours**
- SOW 6324 - Clinical Practice with Groups **3 Credit Hours**
- SOW 6348 - Clinical Practice with Individuals **3 Credit Hours**
- SOW 6612 - Clinical Practice with Families **3 Credit Hours**
- SOW 6424 - Theories for Evidence-Based Clinical Practice in Social Work **3 Credit Hours**
- SOW 6433 - Clinical Evaluation in Social Work Practice **3 Credit Hours**

Electives: 9 Credit Hours

One elective is required as a component of the foundation curriculum and two clinical electives are required as components of the clinical specialization. Students may choose to take clinical electives for all three required MSW electives.

- Practice/ Non-Clinical or Clinical elective **3 Credit Hours**
- Clinical elective **3 Credit Hours**
- Clinical elective **3 Credit Hours**

Approved electives:

- SOW 6149 - Military Culture and Social Work Practice **3 Credit Hours** (Clinical)
- SOW 6109 - Violence Against Women: A Global Perspective **3 Credit Hours** (Clinical)
- SOW 6155 - Human Sexuality in Social Work Practice **3 Credit Hours** (Clinical)
- SOW 6383 - Social Work Administration **3 Credit Hours** (Practice/Non-clinical)
- SOW 6603 - Social Work in Health Settings **3 Credit Hours** (Clinical)
- SOW 6604 - Medications in Social Work Practice **3 Credit Hours** (Advanced Clinical)

- SOW 6608 - Understanding and Managing Combat Related Behavioral and Mental Health Disorders **3 Credit Hours** (Clinical)
- SOW 6610 - Clinical Practice with Military and Veteran Families or Groups **3 Credit Hours** (Clinical)
- SOW 6635 - Social Work Practice in Schools **3 Credit Hours** (Clinical)
- SOW 6644 - Interventions with Older Adults and Their Families **3 Credit Hours** (Clinical)
- SOW 6652 - Child Welfare Services **3 Credit Hours** (Clinical)
- SOW 6655 - Child Abuse: Treatment and Prevention **3 Credit Hours** (Clinical)
- SOW 6670 - Clinical Social Work Practice with LGBTQ+ **3 Credit Hours** (Clinical)
- SOW 6712 - Clinical Social Work Practice with Substance Addictions **3 Credit Hours** (Clinical)
- SOW 6713 - Prevention and Treatment of Adolescent Substance Use and Misuse **3 Credit Hours** (Clinical)
- SOW 6726 - Social Work Practice with Children from Birth to Age Five and their Families **3 Credit Hours** (Clinical)
- SOW 6727 - Core Concepts of Child and Adolescent Trauma **3 Credit Hours** (Clinical)
- SOW 6735 - Documentation Skills for Helping Professionals **3 Credit Hours** (Clinical)
- SOW 6756 - Forensic Social Work **3 Credit Hours** (Clinical)
- SOW 6806 - Behavioral Health Skills for Clinical Social Workers **3 Credit Hours** (Advanced Clinical)
- SOW 6846 - Spirituality in Clinical Social Work Practice **3 Credit Hours** (Clinical)

Field Experience: 14 Credit Hours

- Generalist Field Education and Integrative Seminars **6 Credit Hours**
- Clinical Field Education and Integrative Seminars **8 Credit Hours**

Field instruction is an integral part of graduate social work education. It provides the student with an opportunity to test classroom knowledge as well as to develop and refine foundation and advanced practice skills. Decisions regarding field assignment are determined by the Field Director. Only agency sites approved by the School of Social Work may be used for field instruction. Generalist MSW students complete a minimum of 400 hours in the field; clinical MSW students complete a minimum of 600 clock hours in the field. Field education includes a field seminar.

Students must complete at least 50% of their field hours during the agency's normal business hours. Evening (after 5 p.m.) and weekend placements are extremely limited. The School of Social Work is under no obligation to provide such placements. Consequently, field placements cannot be guaranteed to students who require evening and weekend placements.

Many social work agencies have students complete background checks, including formal background checks, law enforcement fingerprinting, driving records, and criminal record checks. In most instances, the expense for the background check is the responsibility of the student. We urge students to seek this information prior to entering the field experience if there is sensitive information that may prevent being accepted at an agency. Students must also report any background issues on field application so that an appropriate placement can be made.

The UCF School of Social Work cannot guarantee a field placement or subsequent degree completion for students who do not pass background checks.

Required Sequence of Curriculum

First Semester (Fall)

- SOW 5107 - Human Behavior in the Social Environment **3 Credit Hours**
- SOW 5132 - Diverse Client Populations **3 Credit Hours**
- SOW 5235 - Social Welfare Policies and Services **3 Credit Hours**
- SOW 5305 - Social Work Practice I: Generalist Practice **3 Credit Hours**

- SOW 5538 - Full-Time MSW Generalist Field Integrative Seminar I **1 Credit Hours**
- SOW 5940 - Generalist Field Education **VAR Credit Hours**
Take 2 credit hours

Second Semester (Spring)

- SOW 5306 - Social Work Practice II: Intervention Approaches **3 Credit Hours**
- SOW 5404 - Social Work Research **3 Credit Hours**
- SOW 5217 - Foundations of Behavioral Health Policy and Social Work Practice **3 Credit Hours**
- SOW Elective (Clinical or Non-Clinical)
- SOW 5539 - Full-Time MSW Generalist Field Integrative Seminar II **1 Credit Hours**
- SOW 5940 - Generalist Field Education **VAR Credit Hours**
Take 2 credit hours

Third Semester (Summer)

- SOW 6123 - Psychosocial Pathology **3 Credit Hours**
- SOW 6424 - Theories for Evidence-Based Clinical Practice in Social Work **3 Credit Hours**

Fourth Semester (Fall)

- SOW 6348 - Clinical Practice with Individuals **3 Credit Hours**
- SOW 6612 - Clinical Practice with Families **3 Credit Hours**
- SOW 6324 - Clinical Practice with Groups **3 Credit Hours**
- SOW 6531 - Full Time MSW Clinical Field Integrative Seminar I **2 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
Take 2 credit hours

Fifth Semester (Spring)

- SOW 6433 - Clinical Evaluation in Social Work Practice **3 Credit Hours**
- SOW Clinical elective
- SOW Clinical elective
- SOW 6536 - Full Time MSW Clinical Field Education and Seminar II **4 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
Take 2 credit hours

Transfer Credit

Academic credit for life experience and previous work experience shall not be given, in whole or in part, in lieu of Social Work courses required to fulfill degree requirements.

Transfer credits will be evaluated on a case by case basis by the MSW Program Director. Students must submit syllabi and have earned a grade of "B-" or better in these courses in order for them to be evaluated for transfer credit.

Field courses taken elsewhere cannot be transferred toward satisfying the field component of the degree.

Students seeking to transfer to the School of Social Work from another CSWE accredited social work program are required to meet the criteria for admission and follow the application procedures. Additionally, one of the academic references must be from the MSW Program Coordinator or academic adviser in the program from which the applicant

is transferring and must address the academic standing in that program. If not currently enrolled, the reference must be from the former MSW Program Coordinator or academic adviser.

As per university policy, transfer credits will not be considered for the market based fully online part time tracks.

Equipment Fee

Full-time students in the MSW program pay a \$35 equipment fee each semester that they are enrolled.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Projects such as research studies, clinical assessments and treatment plans, papers and internships also contribute to the self-development of our students.

The field experiences and practice electives provide substantial opportunities for students to learn independently and practically about social work practice.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants will be granted admission to the MSW program based on a majority approval from the Admissions Review Sub-committee.

In addition, to the general UCF graduate application requirements, applicants to this program must provide:

- **One official transcript** (in a sealed envelope) from each college/university attended.
- **Successful completion** (with a grade of C or higher) at least one course in each of the following categories:
- **Humanities** (examples: fine arts, history, languages, literature, philosophy, or religion);
- **Physical and Biological Sciences** (examples: biology, chemistry, anatomy, or physiology)
- **Mathematics** (examples: calculus, college algebra, computer science, or statistics);
- **Social Sciences** (examples: anthropology, economics, ethnic studies, gender studies, human development, international relations, political science, psychology, social work, or sociology)
- **Up-to-date résumé.**
- **Video Essay**
- **Three current letters of recommendation** that have been written within the last academic year. Letters from co-workers, colleagues, mentors, friends, family members, clergy, etc. WILL NOT be considered. Please submit your application even if you do not have your letters of recommendation. These letters can be attached to your application once they have been received. Letters still must be submitted by the application deadline.

Applicants must provide a letter of recommendation from each of the following:

- **Academic:** A professor from a previously attended college/university who taught you in a course. Recommendations from full-time faculty are strongly encouraged. For applicants who have been out of college for five or more years, the applicant may substitute an employment-based recommendation. Letters from advisors will not be considered unless indicated that they also taught you as a student. Letters from Teacher Assistants are NOT accepted.
- **Employment:** Either volunteer or paid employment immediate supervisor.
- **Third Recommendation:** A second academic or employment-based recommendation should be submitted for the third recommendation.

- **A Professional Statement:** Applicants must answer the following questions within 3-6 pages. **Please use heading for each question.**
 - Without disclosing personal information, what are the reasons and experiences that led you to choose social work as a profession?
 - What are your social work career interests?
 - What are your personal strengths that you can bring to this profession? How have these strengths been demonstrated in the past?
 - Where do you see yourself 10 years from now in the field of social work?
 - What major social issue do you think that professional social workers should be concerned with? What is the role of social work in relation to this issue?
 - As a social worker, you will be expected to practice ethically according to the National Association of Social Workers (NASW) Code of Ethics. This includes working with diverse populations and clients whose values and beliefs may differ from your own. How will you incorporate and uphold the NASW Code of Ethics into your work with diverse populations?
 - The MSW program requires students to complete a generalist (400 hours) internship and a clinical (600 hours) internship concurrent with their coursework. Evening (after 5 p.m.) and weekend placements are extremely limited. The School of Social Work is under no obligation to provide such placements. Given the above considerations, please tell us how you plan to balance your internship hours with your coursework and personal obligations. Tell us about any challenges you may have and how you plan to overcome them.
 - **Writing Sample:** Applicants must submit an individually-authored research paper or literature review written for any class in their undergraduate studies, preferably one that is related to social work. **Group papers will not be accepted. The paper should be 5-10 pages in length, contain citations, and a reference list in APA format,** and will be used to evaluate the applicant's ability to write professionally. The applicant must be the sole author of this paper. Submissions of papers where the applicant is co-author will not be considered. Interviews, book reviews, movie reviews, case notes, client assessments, policy analysis papers, and case studies will NOT be considered. If the applicant does not have an academic paper, then he/she must write a 5-10 page paper in APA format that addresses any social issue related to social work.
 - Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- Please note:** The MSW program only accepts one application from each prospective student per academic year. Applicants must choose to apply to one track and one semester only

The Master of Social Work program can accommodate only a limited number of students; therefore, there is a possibility of being denied admission even when all criteria are met.

Students admitted will begin coursework in the fall semester only.

To be retained in the program, students must attend the mandatory MSW Program Orientation that takes place the week before fall classes start. Students who fail to attend this orientation will have their offer of admission rescinded.

To be accepted into and retained in the program, students are expected to demonstrate: initiative, dependability, social concern, self-awareness, appreciation for diversity in others, the ability to problem-solve, ease in relating with others, skill in writing and speaking, and professional ethics.

Students enrolled must perform certain essential functions in order to participate in and complete program requirements. These essential functions can be found in the MSW Handbook--which students must read prior to beginning their plan of study. These essential functions define the minimal professional, cognitive, and behavioral abilities required for successful program completion along as well as entry-level clinical social work practice. Students admitted into the MSW Program will sign an acknowledgment that they understand that they must adhere to these essential functions in order to be in good standing and remain in the MSW Program.

Students unable to meet the Essential Functions requirement will have their offer of admission rescinded.

The School of Social Work reserves the right to refuse student entrance or dismiss a student after admission to the MSW program if, in the judgment of the faculty, the student demonstrates behavior incompatible with working in the field of social work and/or violates the National Association of Social Workers (NASW) Code of Ethics.

MSW graduates from CSWE accredited programs outside of UCF who need to complete a field placement for Florida licensure (LCSW) must apply to the MSW program as a full-time or part-time second-year clinical student.

Application Deadlines

Full-Time Traditional	*Fall Priority	Fall	Spring	Summer
Domestic Applicants	Jan 15	Jul 1		
International Applicants	Jan 15	Jan 15		
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Social Work MSW, Online Part-Time Advanced Standing Track ►

College: Health and Public Affairs	Degree: MSW
------------------------------------	-------------

Department: Social Work	Option: Nonthesis
Graduate Program Handbook	

Track Description

The Online Master of Social Work (MSW) Part-Time Advanced Standing Track **is offered completely online** and allows students with baccalaureate degrees in Social Work from a CSWE-accredited school/program who demonstrate academic potential and professional maturity to complete the MSW degree in four semesters of graduate study.

To be considered for advanced standing admission, the bachelor's degree must have been completed within six years of the time of initial enrollment in the master's program.

The MSW program strives to educate students to become successful practitioners in the field of clinical social work. To that end, the National Association of Social Workers (NASW) Code of Ethics is reinforced throughout the academic curriculum. Students who violate the NASW Code of Ethics may be subject to academic sanctions or dismissed from the program.

Students who apply for admission to the Online Part-time Advanced Standing track will not be permitted to switch to the on-campus, face-to-face track due to the strict cohort model followed by the online program.

This track is completed entirely online and charges an enhanced tuition rate. As such, Online MSW students are not permitted to simultaneously enroll in any graduate or certificate programs through UCF. Please visit UCF Online for additional information about tuition and fees.

Please note: Social Work (MSW) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare students in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CHPS-Social-Work-MSW.pdf>.

Curriculum

The 32-hour MSW program is composed of 18 credit hours of required core and advanced clinical specialization courses. In addition, students complete 6 credit hours of electives and 8 credit hours of field experience. Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Projects such as research studies, clinical assessments and treatment plans, papers and internships also contribute to the self-development of our students.

The MSW Advanced Standing track allows no more than one C grade or 3 credit hours (whichever is greater) to be used toward the degree requirements. Exceeding three credit hours or one C grade is grounds for dismissal from the MSW Advanced Standing track.

Total Credit Hours Required: 32 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

The Council on Social Work Education (CSWE) requires that all applicants have an undergraduate degree from an accredited institution. The School of Social Work requires that applicants have successfully completed (with a grade of C or higher) at least one course in each of the following areas:

Humanities (examples: fine arts, history, languages, literature, philosophy, or religion)

Physical and Biological Sciences (examples: biology, chemistry, anatomy, or physiology)

Mathematics (examples: calculus, college algebra, computer science, or statistics)

Social Sciences (examples: anthropology, economics, ethnic studies, gender studies, human development, international relations, political science, psychology, social work, or sociology)

Required Courses: 18 Credit Hours

Clinical Specialization: 18 Credit Hours

- SOW 6123 - Psychosocial Pathology **3 Credit Hours**
- SOW 6433 - Clinical Evaluation in Social Work Practice **3 Credit Hours**
- SOW 6324 - Clinical Practice with Groups **3 Credit Hours**
- SOW 6348 - Clinical Practice with Individuals **3 Credit Hours**
- SOW 6612 - Clinical Practice with Families **3 Credit Hours**
- SOW 6424 - Theories for Evidence-Based Clinical Practice in Social Work **3 Credit Hours**

Electives: 6 Credit Hours

Two clinical electives are required as components of the clinical specialization. They are selected in consultation with adviser and Online MSW coordinator.

- Clinical elective **3 credit hours**
- Clinical elective **3 credit hours**

Approved Clinical Electives

- SOW 6644 - Interventions with Older Adults and Their Families **3 Credit Hours**
- SOW 6806 - Behavioral Health Skills for Clinical Social Workers **3 Credit Hours**
- SOW 6604 - Medications in Social Work Practice **3 Credit Hours**
- SOW 6670 - Clinical Social Work Practice with LGBTQ+ **3 Credit Hours**

Field Experience: 8 Credit Hours

Field instruction is an integral part of graduate social work education. It provides the student with an opportunity to test classroom knowledge as well as to develop and refine foundation and advanced practice skills. Decisions regarding field assignment are determined by the Field Director. Only agency sites approved by the School of Social Work may be used for field instruction. Clinical MSW students complete a minimum of 600 clock hours in the field. Field education includes a field seminar.

Students must complete at least 50 percent of their field hours during the agency's normal business hours.

Evening (after 5:00 p.m.) and weekend placements are extremely limited. The School of Social Work is under no obligation to provide such placements. Consequently, field placements cannot be guaranteed to students who require evening and weekend placements.

Many social work agencies have students complete background checks, including formal background checks, law enforcement fingerprinting, driving records, and criminal record checks. In most instances, the expense for the background check is the responsibility of the student. We urge students to seek this information prior to entering the field experience if there is sensitive information that may prevent you from being accepted at an agency. Students must also report any background issues on field application so that an appropriate placement can be made.

The UCF School of Social Work cannot guarantee a field placement or subsequent degree completion for students who do not pass background checks.

Required Sequence of Curriculum

*The Online MSW is primarily an asynchronous program, which means that our courses are generally not held during a fixed meeting time. However, there are some courses where synchronous, or "live" sessions are a required component of the course assignments. Because an MSW is a professional degree that allows students to engage directly with clients, synchronous sessions are put in place to support student's skills and evaluation in this area.

Some of the courses that may have required live components as a part of an assignment include, but are not limited to SOW 6324 Clinical Social Work Practice with Groups and SOW 6433 Clinical Evaluation in Social Work Practice. Dates and times of live sessions will be announced before the course begins, or in some courses, multiple options are provided.

First Semester (Fall)

- SOW 6123 - Psychosocial Pathology **3 Credit Hours**
- SOW 6424 - Theories for Evidence-Based Clinical Practice in Social Work **3 Credit Hours**

Second Semester (Spring)

- SOW 6348 - Clinical Practice with Individuals **3 Credit Hours**
- SOW 6612 - Clinical Practice with Families **3 Credit Hours**
- SOW 6561 - Part-Time MSW Clinical Field Integrative Seminar I **2 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
(2 credit hours)

Third Semester (Summer)

- SOW 6324 - Clinical Practice with Groups **3 Credit Hours**
- Clinical Elective
- SOW 6562 - Part Time MSW Clinical Field Integrative Seminar II **1 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
(1 credit hour)

Fourth Semester (Fall)

- SOW 6433 - Clinical Evaluation in Social Work Practice **3 Credit Hours**

- Clinical Elective
- SOW 6563 - Part-Time MSW Clinical Field Integrative Seminar III **1 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
(1 credit hour)

Transfer Credit

Academic credit for life experience and previous work experience shall not be given, in whole or in part, in lieu of Social Work courses required to fulfill degree requirements.

Due to the cohort nature of the track and university policy, transfer credits will not be considered for the market-based, fully online part-time Advanced Standing track.

Cost Per Credit Hour

For the Online Part-Time Social Work track in the Social Work MSW program, the cost per credit hour is \$487.45.*

*Includes all university fees, which may be subject to change.

Tuition waivers are not accepted for the Online MSW.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Projects such as research studies, clinical assessments and treatment plans, papers and internships also contribute to the self-development of our students. The field experiences and practice electives provide substantial opportunities for students to learn independently and practically about social work practice.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online.

All requested materials must be submitted by the established deadline.

Applicants will be granted admission to the MSW program based on a majority approval from the Admissions Review Sub-committee.

In addition, to the general UCF graduate application requirements, applicants to this program must provide:

- **Official transcripts** from all colleges/universities attended
- Successful completion (with a grade of C or higher) of at least one course in each of the following areas:
 - Humanities** (examples: fine arts, history, languages, literature, philosophy, or religion)
 - Physical and Biological Sciences** (examples: biology, chemistry, anatomy, or physiology)
 - Mathematics** (examples: calculus, college algebra, computer science, or statistics)
 - Social Sciences** (examples: anthropology, economics, ethnic studies, gender studies, human development, international relations, political science, psychology, social work, or sociology)
- **Up to date résumé**
- **Three current letters of recommendation** that have been written within the last academic year. Letters from co-workers, colleagues, mentors, friends, family members, clergy, etc. will not be considered. Please submit your

application even if you do not have your letters of recommendation. These letters can be attached to your application once they have been received, but they still must be submitted by the application deadline.

- **Academic:** A professor from a previously attended college/university who taught you in a course. Letters from Field Seminar Instructors will not be accepted as academic letters. Recommendations from full-time faculty are strongly encouraged. Letters from advisors will not be considered unless indicated that they also taught you as a student.
 - **Employment:** Letter from immediate supervisor of either volunteer or paid work experience.
 - **Field:** An agency field instructor or an agency field task supervisor who has directly supervised the applicant in a social work field internship setting.
 - **Professional statement.** Applicants must answer the following questions within 3-6 pages. Please use headings for each question.
 - Without disclosing personal information, what are the reasons and experiences that led you to choose social work as a profession?
 - What are your social work career interests?
 - What are your personal strengths that you can bring to this profession? How have these strengths been demonstrated in the past?
 - Where do you see yourself 10 years from now in the field of social work?
 - What major social issue do you think that professional social workers should be concerned with? What is the role of social work in relation to this issue?
 - As a social worker, you will be expected to practice ethically according to the National Association of Social Workers (NASW) Code of Ethics. This includes working with diverse populations and clients whose values and beliefs may differ from your own. How will you incorporate and uphold the NASW Code of Ethics into your work with diverse populations?
 - The MSW program requires students to complete a clinical (600 hours) internship concurrent with their coursework. Evening (after 5:00 p.m.) and weekend placements are extremely limited. The School of Social Work is under no obligation to provide such placements. Given the above considerations, please tell us how you plan to balance your internship hours with your coursework and personal obligations. Tell us about any challenges you may have and how you plan to overcome them.
 - **Writing sample.** Applicants must submit an individually authored research paper or literature review written for any class in their undergraduate studies, preferably one that is related to social work. Group papers will not be accepted. **The paper should be 5-10 pages in length, contain citations, and a reference list in APA format**, and will be used to evaluate the applicant's ability to write professionally. The applicant must be the sole author of this paper. Submissions of papers where the applicant is co-author will not be considered. Interviews, book reviews, movie reviews, case notes, client assessments, and case studies will not be considered. If the applicant does not have an academic paper, then they must write a 5-10 page paper in APA format that addresses any social issue related to social work.
 - Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- Please note:** *The MSW program only accepts one application from each prospective student per academic year (Fall, Spring, Summer). Applicants must choose to apply to one track and one semester only.*

The Master of Social Work program can accommodate only a limited number of students; therefore, there is a possibility of being denied admission even when all criteria are met.

Students are admitted and can begin coursework in fall semesters **only**. To be accepted into and retained in the program, students are expected to demonstrate initiative, dependability, social concern, self-awareness, appreciation for diversity in others, problem-solving ability, ease in relating with others, skill in writing and speaking, and professional ethics.

Students enrolled must perform certain essential functions in order to participate in and complete program requirements. These essential functions can be found in the MSW Student Handbook and define the minimal professional, cognitive, and behavioral abilities required for successful program completion as well as entry-level clinical social work practice. Students admitted into the MSW Program will sign an acknowledgment that they understand they must adhere to these functions in order to be in good standing and remain in the MSW Program.

Students unable to meet the Essential Functions requirement will have their offer of admission rescinded.

The School of Social Work reserves the right to refuse student entrance or dismiss a student after admission to the MSW program if, in the judgment of the faculty, the student demonstrates behaviors incongruent to working in the field of social work and/or violates the National Association of Social Workers (NASW) Code of Ethics.

Advanced Standing

To be considered for advanced standing admission, applicants must have a baccalaureate degree in Social Work from a CSWE-accredited program and demonstrate the academic potential and professional maturity to meet the demands of the program with a 3.3 GPA in their last 60 credits. Previous baccalaureate course work that received at least a "B-" will be reviewed to ensure content equivalency. In advanced standing admission, a maximum of 30 foundation level credits may be waived based on the content equivalency to meet foundation year MSW requirements, which consist of courses in human behavior and the social environment, policy, research, social work practice, and social work field placement.

To be considered for advanced standing admission, the bachelor's degree must have been completed within six years of the time of initial enrollment in the master's program.

Application Deadlines

Online Part-Time Advanced Standing	*Fall Priority	Fall	Spring	Summer
Domestic Applicants		June 1		
International Applicants				
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Social Work MSW, Online Part-Time Track ►

College: Health Professions and Sciences	Degree: MSW
Department: School of Social Work	Option: Nonthesis
Program Websites: https://healthprofessions.ucf.edu/socialwork/	
Graduate Program Handbook	

Track Description

The Online Master of Social Work (MSW) Part-Time Track is **offered completely online** and allows students who do not have a BSW degree to complete the MSW required curriculum online over the course of three years.

The first year of study in the Online Master of Social Work (MSW) Part-Time Track includes 18 credit hours in class work. The second year of study includes 18 credit hours in class work and 6 credit hours in the field. The third year of study includes 12 credit hours in class work and 8 credit hours in the field.

The MSW program strives to provide students with the education needed to become successful practitioners in the field of clinical social work. The National Association of Social Workers (NASW) Code of Ethics is enforced throughout the academic curriculum. Students who violate the NASW Code of Ethics may be subject to academic sanctions or dismissed from the program.

Students who apply for admission into the Online Part-Time Track will not be permitted to switch to the on-campus, face-to-face track due to the strict cohort model the track follows.

This track is completed entirely online and charges an enhanced tuition rate. As such, Online MSW students are not permitted to simultaneously enroll in any graduate or certificate programs through UCF. Please visit UCF Online for additional information about tuition and fees.

Please note: Social Work (MSW) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online

format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare students in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CHPS-Social-Work-MSW.pdf>.

Curriculum

The 62-hour MSW program is composed of 39 credit hours of required core and advanced clinical specialization courses. In addition, students complete 9 credit hours of electives and 14 credit hours of field experience. Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Projects such as research studies, clinical assessments and treatment plans, papers, and internships also contribute to the self-development of our students. Students in the 62-hour program must include at least 31 hours of course work at the 6000 level in their program of study.

Educational standards for all social work programs are established by the Council on Social Work Education (CSWE), the national accreditation body for professional social work education. Curriculum direction and content is regulated by the CSWE through its accreditation standards. The MSW program at UCF is fully accredited through CSWE.

Total Credit Hours Required: 62 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

The Council on Social Work Education (CSWE) requires that all applicants have an undergraduate degree from an accredited institution. The School of Social Work requires that applicants have successfully completed (with a grade of C or higher) at least one course in each of the following areas:

- Humanities** (examples: fine arts, history, languages, literature, philosophy, or religion)
- Physical and Biological Sciences** (examples: biology, chemistry, anatomy, or physiology)
- Mathematics** (examples: calculus, college algebra, computer science, or statistics)
- Social Sciences** (examples: anthropology, economics, ethnic studies, gender studies, human development, international relations, political science, psychology, social work, or sociology)

Required Courses: 39 Credit Hours

Core: 21 Credit Hours

The core provides the foundation curriculum for the generalist Social Work practice.

- SOW 5107 - Human Behavior in the Social Environment **3 Credit Hours**
- SOW 5132 - Diverse Client Populations **3 Credit Hours**
- SOW 5217 - Foundations of Behavioral Health Policy and Social Work Practice **3 Credit Hours**
- SOW 5235 - Social Welfare Policies and Services **3 Credit Hours**
- SOW 5305 - Social Work Practice I: Generalist Practice **3 Credit Hours**
- SOW 5306 - Social Work Practice II: Intervention Approaches **3 Credit Hours**
- SOW 5404 - Social Work Research **3 Credit Hours**

Clinical Specialization: 18 Credit Hours

- SOW 6123 - Psychosocial Pathology **3 Credit Hours**
- SOW 6324 - Clinical Practice with Groups **3 Credit Hours**
- SOW 6348 - Clinical Practice with Individuals **3 Credit Hours**
- SOW 6612 - Clinical Practice with Families **3 Credit Hours**
- SOW 6424 - Theories for Evidence-Based Clinical Practice in Social Work **3 Credit Hours**
- SOW 6433 - Clinical Evaluation in Social Work Practice **3 Credit Hours**

Electives: 9 Credit Hours

One elective is required as a component of the foundation curriculum and two clinical electives are required as components of the clinical specialization. Students in the online track will take clinical electives for all three required MSW electives.

- Clinical Elective
- Clinical Elective
- Clinical Elective

Approved Electives

- SOW 6155 - Human Sexuality in Social Work Practice **3 Credit Hours**
- SOW 6652 - Child Welfare Services **3 Credit Hours**
- SOW 6603 - Social Work in Health Settings **3 Credit Hours**
- SOW 6604 - Medications in Social Work Practice **3 Credit Hours**
- SOW 6610 - Clinical Practice with Military and Veteran Families or Groups **3 Credit Hours**
- SOW 6644 - Interventions with Older Adults and Their Families **3 Credit Hours**
- SOW 6670 - Clinical Social Work Practice with LGBTQ+ **3 Credit Hours**
- SOW 6712 - Clinical Social Work Practice with Substance Addictions **3 Credit Hours**
- SOW 6735 - Documentation Skills for Helping Professionals **3 Credit Hours**
- SOW 6806 - Behavioral Health Skills for Clinical Social Workers **3 Credit Hours**

Field Experience: 14 Credit Hours

Field instruction is an integral part of graduate social work education. It provides the student with an opportunity to test classroom knowledge as well as to develop and refine foundation and advanced practice skills. Decisions regarding field assignment are determined by the Field Director. Only agency sites approved by the School of Social Work may be used for field instruction. Generalist MSW students complete a minimum of 400 hours in the field; clinical MSW students complete a minimum of 600 clock hours in the field. Field education includes a field seminar.

Students must complete at least 50% of their field hours during the agency's normal business hours. **Evening (after 5 p.m.) and weekend placements are extremely limited.** The School of Social Work is under no obligation to provide such placements. Consequently, field placements cannot be guaranteed to students who require evening and weekend placements.

Many social work agencies have students complete background checks, including formal background checks, law enforcement fingerprinting, driving records, and criminal record checks. In most instances, the expense for the background check is the responsibility of the student. We urge students to seek this information prior to entering the field experience if there is sensitive information that may

prevent you from being accepted at an agency. Students must also report any background issues on field application so that an appropriate placement can be made.

The UCF School of Social Work cannot guarantee a field placement or subsequent degree completion for students who do not pass background checks.

- Generalist Field Education and Seminars (6 credit hours)
- Clinical field Education and Seminars (8 credit hours)

Required Sequence of Curriculum

*The Online MSW is primarily an asynchronous program, which means that our courses are generally not held during a fixed meeting time. However, there are some courses where synchronous, or "live" sessions are a required component of the course assignments. Because an MSW is a professional degree that allows students to engage directly with clients, synchronous sessions are put in place to support student's skills and evaluation in this area.

Some of the courses that may have required live components as a part of an assignment include, but are not limited to SOW 5306 Social Work Practice II, SOW 6324 Clinical Social Work Practice with Groups, and SOW 6433 Clinical Evaluation in Social Work Practice. Dates and times of live sessions will be announced before the course begins, or in some courses, multiple options are provided.

+Depending on the term in which you enter the Online MSW, your final year of the program may show classes in a different sequence. A Plan of Study will be provided to you prior to the beginning of classes with the correct sequence for your cohort.

First Semester

- Term 1.1 - SOW 5107 - Human Behavior in the Social Environment **3 Credit Hours**
- Term 1.2 - SOW 5132 - Diverse Client Populations **3 Credit Hours**

Second Semester

- Term 2.1 - SOW 5235 - Social Welfare Policies and Services **3 Credit Hours**
- Term 2.2 - SOW 5404 - Social Work Research **3 Credit Hours**

Third Semester

- Term 3.1 - SOW 5305 - Social Work Practice I: Generalist Practice **3 Credit Hours**
- Clinical Elective - Term 3.2

Fourth Semester

- Term 4.1 - SOW 5306 - Social Work Practice II: Intervention Approaches **3 Credit Hours** *
- Term 4.2 - SOW 6433 - Clinical Evaluation in Social Work Practice **3 Credit Hours** *
- SOW 5565 - Part-Time MSW Generalist Field Integrative Seminar I **1 Credit Hours**
- SOW 5940 - Generalist Field Education **VAR Credit Hours**
Take 1 credit hour

Fifth Semester

- Term 5.1 Clinical Elective
- SOW 5217 - Foundations of Behavioral Health Policy and Social Work Practice **3 Credit Hours** Term 5.2 -
- SOW 5566 - Part-Time MSW Generalist Field Integrative Seminar II **1 Credit Hours**
- SOW 5940 - Generalist Field Education **VAR Credit Hours**
Take 1 credit hour

Sixth Semester

- Term 6.1 - SOW 6123 - Psychosocial Pathology **3 Credit Hours**
- Term 6.2 - SOW 6424 - Theories for Evidence-Based Clinical Practice in Social Work **3 Credit Hours** *
- SOW 5567 - Part-Time MSW Generalist Field Integrative Seminar III **1 Credit Hours**
- SOW 5940 - Generalist Field Education **VAR Credit Hours**
Take 1 credit hour

Seventh Semester+

- Term 7.1 - SOW 6348 - Clinical Practice with Individuals **3 Credit Hours**
- Term 7.2 - SOW 6612 - Clinical Practice with Families **3 Credit Hours**
- SOW 6561 - Part-Time MSW Clinical Field Integrative Seminar I **2 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
Take 2 credit hours

Eighth Semester+

- Term 8.1 - SOW 6324 - Clinical Practice with Groups **3 Credit Hours**
- Term 8.2 Clinical Elective
- SOW 6562 - Part Time MSW Clinical Field Integrative Seminar II **1 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
Take 1 credit hour

Ninth Semester+

- SOW 6563 - Part-Time MSW Clinical Field Integrative Seminar III **1 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
Take 1 credit hour

Transfer Credit

Academic credit for life experience and previous work experience shall not be given, in whole or in part, in lieu of Social Work courses required to fulfill degree requirements.

Due to the cohort nature of the track and university policy, transfer credits will not be considered for the market-based, fully online part-time MSW track.

Cost Per Credit Hour

For the Online Part-Time Social Work track in the Social Work MSW program, the cost per credit hour is \$487.45.*

*Includes all university fees, which may be subject to change.

Tuition waivers are not accepted for the Online MSW.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Projects such as research studies, clinical assessments and treatment plans, papers and internships also contribute to the self-development of our students. The field experiences and practice electives provide substantial opportunities for students to learn independently and practically about social work practice.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online.

Applicants will be granted admission to the MSW program based on a majority approval from the Admissions Review Sub-committee.

In addition, to the general UCF graduate application requirements, applicants to this program must provide:

- **Official transcripts** from all colleges/universities attended
- Successful completion (with a grade of C or higher) of at least one course in each of the following areas:
 - Humanities** (examples: fine arts, history, languages, literature, philosophy, or religion)
 - Physical and Biological Sciences** (examples: biology, chemistry, anatomy, or physiology)
 - Mathematics** (examples: calculus, college algebra, computer science, or statistics)
 - Social Sciences** (examples: anthropology, economics, ethnic studies, gender studies, human development, international relations, political science, psychology, social work, or sociology)
- **Up to date résumé**
- **Three current letters of recommendation** that have been written within the last academic year. Letters from co-workers, colleagues, mentors, friends, family members, clergy, etc. will not be considered. Please submit your application even if you do not have your letters of recommendation. These letters can be attached to your application once they have been received, but they still must be submitted by the application deadline.
 - **Academic:** A professor from a previously attended college/university who taught you in a course. Letters from Field Seminar Instructors will not be accepted as academic letters. Recommendations from full-time faculty are strongly encouraged. For applicants who have been out of college for five or more years, the applicant may substitute an employment-based recommendation. Letters from advisors will not be considered unless indicated that they also taught you as a student.
 - **Employment:** Letter from an immediate supervisor of either volunteer or paid work experience.
 - **Third recommendation:** A second academic or employment-based recommendation should be submitted for the third recommendation.
 - **Professional statement.** Applicants must answer the following questions within 3-6 pages. **Please use headings for each question.**

- Without disclosing personal information, what are the reasons and experiences that led you to choose social work as a profession?
 - What are your social work career interests?
 - What are your personal strengths that you can bring to this profession? How have these strengths been demonstrated in the past?
 - Where do you see yourself 10 years from now in the field of social work?
 - What major social issue do you think that professional social workers should be concerned with? What is the role of social work in relation to this issue?
 - As a social worker, you will be expected to practice ethically according to the National Association of Social Workers (NASW) Code of Ethics. This includes working with diverse populations and clients whose values and beliefs may differ from your own. How will you incorporate and uphold the NASW Code of Ethics into your work with diverse populations?
 - The MSW program requires students to complete a generalist (400 hours) internship and a clinical (600 hours) internship concurrent with their coursework. Evening (after 5 p.m.) and weekend placements are extremely limited. The School of Social Work is under no obligation to provide such placements. Given the above considerations, please tell us how you plan to balance your internship hours with your coursework and personal obligations. Tell us about any challenges you may have and how you plan to overcome them.
 - **Writing sample.** Applicants must submit an individually authored research paper or literature review written for any class in their undergraduate studies, preferably one that is related to social work. Group papers will not be accepted. **The paper should be 5-10 pages in length, contain citations, and a reference list in APA format,** and will be used to evaluate the applicant's ability to write professionally. The applicant must be the sole author of this paper. Submissions of papers where the applicant is co-author will not be considered. Interviews, book reviews, movie reviews, case notes, client assessments, and case studies will not be considered. If the applicant does not have an academic paper, then they must write a 5-10 page paper in APA format that addresses any social issue related to social work.
 - Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- Please note:** The MSW program only accepts one application from each prospective student per academic year (Fall, Spring, Summer). Applicants must choose to apply to one track and one semester only.

The Master of Social Work program can accommodate only a limited number of students; therefore, there is a possibility of being denied admission even when all criteria are met.

To be accepted into and retained in the program, students are expected to demonstrate initiative, dependability, social concern, self-awareness, appreciation for diversity in others, problem-solving ability, ease in relating with others, skill in writing and speaking, and professional ethics.

Students enrolled must perform certain essential functions in order to participate in and complete program requirements. These essential functions can be found in the MSW Student Handbook and define the minimal professional, cognitive, and behavioral abilities required for successful program completion as well as entry-level clinical social work practice. Students admitted into the MSW Program will sign an acknowledgment that they understand they must adhere to these functions in order to be in good standing and remain in the MSW Program.

Students unable to meet the Essential Functions requirement will have their offer of admission rescinded.

The School of Social Work reserves the right to refuse student entrance or dismiss a student after admission to the MSW program if, in the judgment of the faculty, the student demonstrates behaviors incongruent to working in the field of social work and/or violates the National Association of Social Workers (NASW) Code of Ethics.

Application Deadlines

Online Part-Time	*Fall Priority	Fall	Spring	Su
Domestic Applicants		Jun 1	Nov 1	M
International Applicants				
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.				

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Social Work MSW, Part-Time Advanced Standing Track

College: Health Professions and Sciences	De MS
Department: School of Social Work	Op No
Program Websites: https://healthprofessions.ucf.edu/socialwork/	
Graduate Program Handbook	

Track Description

The Master of Social Work (MSW) Program, Part-Time Advanced Standing Track allows students with baccalaureate degrees in Social Work from a CSWE-accredited school/program who demonstrate academic potential and professional maturity to complete the MSW degree at the main campus in four semesters of graduate study.

To be considered for advanced standing admission, the bachelor's degree must have been completed within six years of the time of initial enrollment in the master's program. The Part-Time Advanced Standing Track is offered at the main campus and may be completed in four semesters (summer, fall, spring, and summer).

The MSW program strives to provide students with the education needed to become successful practitioners in the field of clinical social work. The National Association of Social Workers (NASW) Code of Ethics is enforced throughout the academic curriculum. Students who violate the NASW Code of Ethics may be subject to academic sanctions or dismissed from the program.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare students in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CHPS-Social-Work-MSW.pdf>.

Please note: Social Work (MSW) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Curriculum

The 32-hour MSW program is composed of 18 credit hours of required core and advanced clinical specialization courses. In addition, students complete 6 credit hours of electives and 8 credit hours of field experience. Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Projects such as research studies, clinical assessments and treatment plans, papers and internships also contribute to the self-development of our students.

The MSW Advanced Standing track allows no more than one C grade or 3 credit hours (whichever is greater) to be used toward the degree requirements. Exceeding

three credit hours or one C grade is grounds for dismissal from the MSW Advanced Standing track.

Previous baccalaureate coursework that received at least a "B-" will be reviewed to ensure content equivalency. In advanced standing admission, a maximum of 30 foundation-level credits may be waived based on the content equivalency to meet foundation year MSW requirements, which consist of courses in human behavior and the social environment, policy, research, social work practice, and social work field placement.

Total Credit Hours Required: 32 Credit Hours Minimum beyond the Bachelor's Degree

Educational standards for all social work programs are established by the Council on Social Work Education (CSWE), the national accreditation body for professional social work education. Curriculum direction and content is regulated by the CSWE through its accreditation standards. The MSW program at UCF is fully accredited through CSWE.

Prerequisites

The Council on Social Work Education (CSWE) require that all applicants have an undergraduate degree from an accredited institution. The School of Social Work requires that applicants have successfully completed (with a grade of C or higher) at least one course in each of the following categories:

- **Humanities** (examples: fine arts, history, languages, literature, philosophy, or religion);
- **Physical and Biological sciences** (examples: biology, chemistry, anatomy, or physiology)
- **Mathematics** (examples: calculus, college algebra, computer science, or statistics);
- **Social Sciences** (examples: anthropology, economics, ethnic studies, gender studies, human development, international relations, political science, psychology, social work, or sociology)

Required Courses: 18 Credit Hours

Clinical Specialization: 18 Credit Hours

- SOW 6123 - Psychosocial Pathology **3 Credit Hours**
- SOW 6433 - Clinical Evaluation in Social Work Practice **3 Credit Hours**
- SOW 6324 - Clinical Practice with Groups **3 Credit Hours**
- SOW 6348 - Clinical Practice with Individuals **3 Credit Hours**
- SOW 6612 - Clinical Practice with Families **3 Credit Hours**
- SOW 6424 - Theories for Evidence-Based Clinical Practice in Social Work **3 Credit Hours**

Electives: 6 Credit Hours

Two clinical electives are required as components of the clinical specialization:

- Clinical elective **3 Credit Hours**
- Clinical elective **3 Credit Hours**

Approved clinical electives:

- SOW 6149 - Military Culture and Social Work Practice **3 Credit Hours** (Clinical)
- SOW 6109 - Violence Against Women: A Global Perspective **3 Credit Hours** (Clinical)
- SOW 6155 - Human Sexuality in Social Work Practice **3 Credit Hours** (Clinical)
- SOW 6383 - Social Work Administration **3 Credit Hours** (Practice/Non-clinical)
- SOW 6603 - Social Work in Health Settings **3 Credit Hours** (Clinical)
- SOW 6604 - Medications in Social Work Practice **3 Credit Hours** (Advanced Clinical)
- SOW 6608 - Understanding and Managing Combat Related Behavioral and Mental Health Disorders **3 Credit Hours** (Clinical)
- SOW 6610 - Clinical Practice with Military and Veteran Families or Groups **3 Credit Hours** (Clinical)
- SOW 6635 - Social Work Practice in Schools **3 Credit Hours** (Clinical)
- SOW 6644 - Interventions with Older Adults and Their Families **3 Credit Hours** (Clinical)
- SOW 6652 - Child Welfare Services **3 Credit Hours** (Clinical)
- SOW 6655 - Child Abuse: Treatment and Prevention **3 Credit Hours** (Clinical)
- SOW 6670 - Clinical Social Work Practice with LGBTQ+ **3 Credit Hours** (Clinical)
- SOW 6712 - Clinical Social Work Practice with Substance Addictions **3 Credit Hours** (Clinical)
- SOW 6713 - Prevention and Treatment of Adolescent Substance Use and Misuse **3 Credit Hours** (Clinical)
- SOW 6726 - Social Work Practice with Children from Birth to Age Five and their Families **3 Credit Hours** (Clinical)
- SOW 6727 - Core Concepts of Child and Adolescent Trauma **3 Credit Hours** (Clinical)
- SOW 6735 - Documentation Skills for Helping Professionals **3 Credit Hours** (Clinical)
- SOW 6756 - Forensic Social Work **3 Credit Hours** (Clinical)
- SOW 6806 - Behavioral Health Skills for Clinical Social Workers **3 Credit Hours** (Advanced Clinical)
- SOW 6846 - Spirituality in Clinical Social Work Practice **3 Credit Hours** (Clinical)

Field Experience: 8 Credit Hours

- Clinical Field Education and Integrative Seminars **8 Credit Hours**

Field instruction is an integral part of graduate social work education. It provides the student with an opportunity to test classroom knowledge as well as to develop and refine foundation and advanced practice skills. Decisions regarding field assignment are determined by the Field Director. Only agency sites approved by the School of Social Work may be used for field instruction. Clinical MSW students complete a minimum of 600 clock hours in the field. Field education includes a field seminar.

Students must complete at least 50% of their field hours during the agency's normal business hours. Evening (after 5 p.m.) and weekend placements are extremely limited. The School of Social Work is under no obligation to provide such placements. Consequently, field placements cannot be guaranteed to students who require evening and weekend placements.

Many social work agencies have students complete background checks, including formal background checks, law enforcement finger printing, driving records, and criminal record checks. In most instances, the expense for the background check is the responsibility of the student. We urge students to seek this information prior to entering the field experience if there is sensitive information that may prevent you from being accepted at an agency. Students must also report any background issues on field application so that an appropriate placement can be made.

The UCF School of Social Work cannot guarantee a field placement or subsequent degree completion for students who do not pass background checks.

Required Sequence of Curriculum

*The Online MSW is primarily an asynchronous program, which means that our courses are generally not held during a fixed meeting time. However, there are some courses where synchronous, or "live" sessions are a required component of the course assignments. Because an MSW is a professional degree that allows students to engage directly with clients, synchronous sessions are put in place to support student's skills and evaluation in this area.

Some of the courses that may have required live components as a part of an assignment include, but are not limited to **SOW 6324 Clinical Social Work Practice with Groups** and **SOW 6433 Clinical Evaluation in Social Work Practice**. Dates and times of live sessions will be announced before the course begins, or in some courses, multiple options are provided.

First Semester (Summer)

- SOW 6123 - Psychosocial Pathology **3 Credit Hours**
- SOW 6424 - Theories for Evidence-Based Clinical Practice in Social Work **3 Credit Hours**

Second Semester (Fall)

- SOW 6348 - Clinical Practice with Individuals **3 Credit Hours**
- SOW 6612 - Clinical Practice with Families **3 Credit Hours**
- SOW 6561 - Part-Time MSW Clinical Field Integrative Seminar I **2 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
Take 1 credit hour

Third Semester (Spring)

- SOW 6433 - Clinical Evaluation in Social Work Practice **3 Credit Hours**

- SOW 6562 - Part Time MSW Clinical Field Integrative Seminar II **1 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
- SOW 6XXX Clinical Elective
Take 1 credit hour

Fourth Semester (Summer)

- SOW 6324 - Clinical Practice with Groups **3 Credit Hours**
- SOW 6563 - Part-Time MSW Clinical Field Integrative Seminar III **1 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
Take 1 credit hour
- SOW 6XXX Clinical Elective

Transfer Credit

Academic credit for life experience and previous work experience shall not be given, in whole or in part, in lieu of Social Work courses required to fulfill degree requirements.

Students who have completed coursework in an accredited MSW program may transfer up to 9 credit hours of non-field coursework toward the 32 credit hours of the degree. Students must have received a grade of "B-" or higher in these courses. Courses will be evaluated on a course-by-course basis by the MSW Director. Field classes are not eligible for transfer. Students seeking to transfer to the School of Social Work from another CSWE accredited social work program are required to meet the criteria for admission and follow the application procedures. Additionally, one of the academic references must be from the MSW Program Coordinator or academic adviser in the program from which the applicant is transferring and must address the academic standing in that program. If not currently enrolled, the reference must be from the former MSW Program Director or academic adviser. Syllabi are required for any social work classes being considered for transfer credit.

As per university policy, transfer credits will not be considered for the market based fully online part time track.

Equipment Fee

Full-time students in the MSW program pay a \$35 equipment fee each semester that they are enrolled.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Projects such as research studies, clinical assessments and treatment plans, papers and internships also contribute to the self-development of our students. The field experiences and practice electives provide substantial opportunities for students to learn independently and practically about social work practice.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants will be granted admission to the MSW program based on a majority approval from the Admissions Review Sub-committee.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- **One official transcript** (in a sealed envelope) from each college/university attended.
- **Successful completion** (with a grade of C or higher) at least one course in each of the following categories:
 - **Humanities** (examples: fine arts, history, languages, literature, philosophy, or religion);
 - **Physical and Biological Sciences** (examples: biology, chemistry, anatomy, or physiology)
 - **Mathematics** (examples: calculus, college algebra, computer science, or statistics);
 - **Social Sciences** (examples: anthropology, economics, ethnic studies, gender studies, human development, international relations, political science, psychology, social work, or sociology)
- **Up-to-date résumé.**
- **Video Essay**
- **Three current letters of recommendation** that must have been written within the last academic year. Letters from co-workers, colleagues, mentors, friends, family members, clergy etc. WILL NOT be considered. Please submit your application even if you do not have your letters of recommendation. These letters can be attached to your application once they have been received, but they still must be submitted by the application deadline.
- **Academic:** A professor from a previously attended college/university who taught you in a course. Letters from Field Seminar Instructors are NOT accepted as an academic letter. Recommendations from full-time faculty are strongly encouraged. For applicants who have been out of college for five or more years, the applicant may substitute an employment-based recommendation. Letters from advisors will not be considered unless indicated that they also taught you as a student. Letters from Teacher Assistants are NOT accepted.
- **Employment:** Either volunteer or paid employment immediate supervisor.
- **Field:** An agency field task supervisor who has directly supervised the applicant in a social work field internship setting.
- **A Professional Statement:** Applicants must answer the following questions within 3-6 pages. **Please use headings for each question.**
 - Without disclosing personal information, what are the reasons and experiences that led you to choose social work as a profession?
 - What are your social work career interests?
 - What are your personal strengths that you can bring to this profession? How have these strengths been demonstrated in the past?
 - Where do you see yourself 10 years from now in the field of social work?

- What major social issue do you think that professional social workers should be concerned with? What is the role of social work in relation to this issue?
- As a social worker, you will be expected to practice ethically according to the National Association of Social Workers (NASW) Code of Ethics. This includes working with diverse populations and clients whose values and beliefs may differ from your own. How will you incorporate and uphold the NASW Code of Ethics into your work with diverse populations?
- The MSW program requires students to complete a generalist (400 hours) internship and a clinical (600 hours) internship concurrent with their coursework. Evening (after 5 p.m.) and weekend placements are extremely limited. The School of Social Work is under no obligation to provide such placements. Given the above considerations, please tell us how you plan to balance your internship hours with your coursework and personal obligations. Tell us about any challenges you may have and how you plan to overcome them.
- **Writing Sample:** Applicants must submit an individually authored research paper or literature review written for any class in their undergraduate studies, preferably one that is related to social work. **Group papers will not be accepted. The paper should be 5-10 pages in length, contain citations, and a reference list in APA format,** and will be used to evaluate the applicant's ability to write professionally. The applicant must be the sole author of this paper. Submissions of papers where the applicant is co-author will not be considered. Interviews, book reviews, movie reviews, case notes, client assessments, policy analysis papers, and case studies will NOT be considered. If the applicant does not have an academic paper, then they must write a 5-10 page paper in APA format that addresses any social issue related to social work.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Please note: The MSW program only accepts one application from each prospective student per academic year (Fall, Spring, Summer). Applicants must choose to apply to one track and one semester only.

The Master of Social Work program can accommodate only a limited number of students; therefore, there is a possibility of being denied admission even when all criteria are met.

Students are admitted and can begin coursework in summer semesters only.

To be retained in the program, a student must attend the mandatory MSW Program Orientation that takes place the week before summer classes start. Students who fail to attend this orientation will have their offer of admission rescinded.

To be accepted into and retained in the program, students are expected to demonstrate: initiative, dependability, social concern, self-awareness, appreciation for diversity in others, the ability to problem-solve, ease in relating with others, skill in writing and speaking, and professional ethics.

Students enrolled must perform certain essential functions in order to participate in and complete program requirements. These essential functions

can be found in the MSW Handbook and define the minimal professional, cognitive, and behavioral abilities required for successful program completion as well as entry-level clinical social work practice. Students admitted into the MSW Program will sign an acknowledgment that they understand they must adhere to these functions in order to be in good standing and remain in the MSW Program.

Students unable to meet the Essential Functions requirement will have their offer of admission rescinded.

The School of Social Work reserves the right to refuse student entrance or dismiss a student after admission to the MSW program if, in the judgment of the faculty, the student demonstrates behavior incompatible with working in the field of social work and/or violates the National Association of Social Workers (NASW) Code of Ethics.

Advanced Standing

To be considered for advanced standing admission, applicants must have a baccalaureate degree in Social Work from a CSWE-accredited program and demonstrate the academic potential and professional maturity to meet the demands of the program with a 3.3 GPA in their last 60 credits. Previous baccalaureate coursework that received at least a "B-" will be reviewed to ensure content equivalency. In advanced standing admission, a maximum of 30 foundation level credits may be waived based on the content equivalency to meet foundation year MSW requirements, which consist of courses in human behavior and the social environment, policy, research, social work practice, and social work field placement.

To be considered for advanced standing admission, the bachelor's degree must have been completed within six years of the time of initial enrollment in the master's program.

Social Work MSW, Part-Time Traditional Track

College: Health Professions and Sciences

Department: School of Social Work

Program Websites: <https://healthprofessions.ucf.edu/socialwork/>

Track Description

The Master of Social Work (MSW) Program, Part-Time Traditional Track allows students who do not have a BSW degree to complete the MSW required curriculum at the main campus.

The first year of study in the Master of Social Work (MSW) Program, Part-Time Traditional Track includes 18 credit hours in classwork. The second year of study includes 18 credit hours in classwork and 6 credit hours in the field. The third year of study includes 12 credit hours in classwork and 8 credit hours in the field.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare students in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CHPS-Social-Work-MSW.pdf>.

The MSW program strives to provide students with the education needed to become successful practitioners in the field of clinical social work. The National Association of Social Workers (NASW) Code of Ethics is enforced throughout the academic curriculum. Students who violate the NASW Code of Ethics may be subject to academic sanctions or dismissed from the program.

Please note: Social Work (MSW) may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

Curriculum

The 62-hour MSW program is composed of 39 credit hours of required core and advanced clinical specialization courses. In addition, students complete 9 credit hours of electives and 14 credit hours of field experience. Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Projects such as research studies, clinical assessments and treatment plans, papers and internships also contribute to the self-development of our students. Students in the 62-hour program must include at least 31 hours of course work at the 6000 level in their program of study.

Educational standards for all social work programs are established by the Council on Social Work Education (CSWE), the national accreditation body for professional social work education. Curriculum direction and content is regulated by the CSWE through its accreditation standards. The MSW program at UCF is fully accredited through CSWE.

Total Credit Hours Required: 62 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

The Council on Social Work Education (CSWE) require that all applicants have an undergraduate degree from an accredited institution. The School of Social Work requires that applicants have successfully completed (with a grade of C or higher) at least one course in each of the following categories:

- **Humanities** (examples: fine arts, history, languages, literature, philosophy, or religion);
- **Physical and Biological sciences** (examples: biology, chemistry, anatomy, or physiology)
- **Mathematics** (examples: calculus, college algebra, computer science, or statistics);
- **Social Sciences** (examples: anthropology, economics, ethnic studies, gender studies, human development, international relations, political science, psychology, social work, or sociology)

Required Courses: 39 Credit Hours

Core: 21 Credit Hours

The core provides the foundation curriculum for the generalist Social Work practice.

- SOW 5107 - Human Behavior in the Social Environment **3 Credit Hours**
- SOW 5217 - Foundations of Behavioral Health Policy and Social Work Practice **3 Credit Hours**
- SOW 5132 - Diverse Client Populations **3 Credit Hours**
- SOW 5235 - Social Welfare Policies and Services **3 Credit Hours**
- SOW 5305 - Social Work Practice I: Generalist Practice **3 Credit Hours**
- SOW 5306 - Social Work Practice II: Intervention Approaches **3 Credit Hours**
- SOW 5404 - Social Work Research **3 Credit Hours**

Clinical Specialization: 18 Credit Hours

- SOW 6123 - Psychosocial Pathology **3 Credit Hours**
- SOW 6324 - Clinical Practice with Groups **3 Credit Hours**
- SOW 6348 - Clinical Practice with Individuals **3 Credit Hours**
- SOW 6612 - Clinical Practice with Families **3 Credit Hours**
- SOW 6424 - Theories for Evidence-Based Clinical Practice in Social Work **3 Credit Hours**
- SOW 6433 - Clinical Evaluation in Social Work Practice **3 Credit Hours**

Electives: 9 Credit Hours

One elective is required as a component of the foundation curriculum and two clinical electives are required as components of the clinical specialization. Students may choose to take clinical electives for all three required MSW electives.

- Practice/Non-clinical or Clinical Elective **3 Credit Hours**
- Clinical elective **3 Credit Hours**
- Clinical elective **3 Credit Hours**

Approved electives:

- SOW 6149 - Military Culture and Social Work Practice **3 Credit Hours** (Clinical)
- SOW 6109 - Violence Against Women: A Global Perspective **3 Credit Hours** (Clinical)
- SOW 6155 - Human Sexuality in Social Work Practice **3 Credit Hours** (Clinical)
- SOW 6383 - Social Work Administration **3 Credit Hours** (Practice/Non-clinical)
- SOW 6603 - Social Work in Health Settings **3 Credit Hours** (Clinical)
- SOW 6604 - Medications in Social Work Practice **3 Credit Hours** (Advanced Clinical)
- SOW 6608 - Understanding and Managing Combat Related Behavioral and Mental Health Disorders **3 Credit Hours** (Clinical)
- SOW 6610 - Clinical Practice with Military and Veteran Families or Groups **3 Credit Hours** (Clinical)
- SOW 6635 - Social Work Practice in Schools **3 Credit Hours** (Clinical)
- SOW 6644 - Interventions with Older Adults and Their Families **3 Credit Hours** (Clinical)
- SOW 6652 - Child Welfare Services **3 Credit Hours** (Clinical)
- SOW 6655 - Child Abuse: Treatment and Prevention **3 Credit Hours** (Clinical)
- SOW 6670 - Clinical Social Work Practice with LGBTQ+ **3 Credit Hours** (Clinical)
- SOW 6712 - Clinical Social Work Practice with Substance Addictions **3 Credit Hours** (Clinical)
- SOW 6713 - Prevention and Treatment of Adolescent Substance Use and Misuse **3 Credit Hours** (Clinical)
- SOW 6726 - Social Work Practice with Children from Birth to Age Five and their Families **3 Credit Hours** (Clinical)
- SOW 6727 - Core Concepts of Child and Adolescent Trauma **3 Credit Hours** (Clinical)
- SOW 6735 - Documentation Skills for Helping Professionals **3 Credit Hours** (Clinical)
- SOW 6756 - Forensic Social Work **3 Credit Hours** (Clinical)
- SOW 6806 - Behavioral Health Skills for Clinical Social Workers **3 Credit Hours** (Advanced Clinical)
- SOW 6846 - Spirituality in Clinical Social Work Practice **3 Credit Hours** (Clinical)

Field Experience: 14 Credit Hours

- Generalist Field Education and Integrative Seminars **6 Credit Hours**
- Clinical Field Education and Integrative Seminars **8 Credit Hours**

Field instruction is an integral part of graduate social work education. It provides the student with an opportunity to test classroom knowledge as well as to develop and refine foundation and advanced practice skills. Decisions regarding field assignment are determined by the Field Director. Only agency sites approved by the School of Social Work may be used for field instruction. Generalist MSW students complete a minimum of 400 hours in the field; clinical MSW students complete a minimum of 600 clock hours in the field. Field education includes a field seminar.

Students must complete at least 50% of their field hours during the agency's normal business hours. Evening (after 5 p.m.) and weekend placements are extremely limited. The School of Social Work is under no obligation to provide such placements. Consequently, field placements cannot be guaranteed to students who require evening and weekend placements.

Many social work agencies have students complete background checks, including formal background checks, law enforcement fingerprinting, driving records, and criminal record checks. In most instances, the expense for the background check is the responsibility of the student. We urge students to seek this information prior to entering the field experience if there is sensitive information that may prevent you from being accepted at an agency. Students must also report any background issues on field application so that an appropriate placement can be made.

The UCF School of Social Work cannot guarantee a field placement or subsequent degree completion for students who do not pass background checks.

Required Sequence of Curriculum

First Semester (Fall)

- SOW 5107 - Human Behavior in the Social Environment **3 Credit Hours**
- SOW 5132 - Diverse Client Populations **3 Credit Hours**

Second Semester (Spring)

- SOW 5404 - Social Work Research **3 Credit Hours**
- SOW 5217 - Foundations of Behavioral Health Policy and Social Work Practice **3 Credit Hours**

Third Semester (Summer)

- SOW 5305 - Social Work Practice I: Generalist Practice **3 Credit Hours**
- SOW Elective (Clinical or Non-Clinical)

Fourth Semester (Fall)

- SOW 5306 - Social Work Practice II: Intervention Approaches **3 Credit Hours**
- SOW 5235 - Social Welfare Policies and Services **3 Credit Hours**
- SOW 5565 - Part-Time MSW Generalist Field Integrative Seminar I **1 Credit Hours**
- SOW 5940 - Generalist Field Education **VAR Credit Hours**
Take 1 credit hour

Fifth Semester (Spring)

- SOW 5940 - Generalist Field Education **VAR Credit Hours**
Take 1 credit hour
- SOW 5566 - Part-Time MSW Generalist Field Integrative Seminar II **1 Credit Hours**
- SOW Clinical Elective

Sixth Semester (Summer)

- SOW 5567 - Part-Time MSW Generalist Field Integrative Seminar III **1 Credit Hours**
- SOW 5940 - Generalist Field Education **VAR Credit Hours**
Take 1 credit hour
- SOW 6424 - Theories for Evidence-Based Clinical Practice in Social Work **3 Credit Hours**
- SOW 6123 - Psychosocial Pathology **3 Credit Hours**

Seventh Semester (Fall)

- SOW 6348 - Clinical Practice with Individuals **3 Credit Hours**
- SOW 6612 - Clinical Practice with Families **3 Credit Hours**
- SOW 6561 - Part-Time MSW Clinical Field Integrative Seminar I **2 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
Take 2 credit hours

Eighth Semester (Spring)

- SOW Clinical Elective
- SOW 6433 - Clinical Evaluation in Social Work Practice **3 Credit Hours**
- SOW 6562 - Part Time MSW Clinical Field Integrative Seminar II **1 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
Take 1 credit hour

Ninth Semester (Summer)

- SOW 6324 - Clinical Practice with Groups **3 Credit Hours**

- SOW 6563 - Part-Time MSW Clinical Field Integrative Seminar III 1
Credit Hours
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
Take 1 credit hour

Transfer Credit

Academic credit for life experience and previous work experience shall not be given, in whole or in part, in lieu of Social Work courses required to fulfill degree requirements.

Transfer credits will be evaluated on a case by case basis by the MSW Program Director. Students must submit syllabi and have earned a grade of "B-" or better in these courses in order for them to be evaluated for transfer credit.

Field courses taken elsewhere cannot be transferred toward satisfying the field component of the degree.

Students seeking to transfer to the School of Social Work from another CSWE accredited social work program are required to meet the criteria for admission and follow the application procedures. Additionally, one of the academic references must be from the MSW Program Coordinator or academic adviser in the program from which the applicant is transferring and must address the academic standing in that program. If not currently enrolled, the reference must be from the former MSW Program Director or academic adviser.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Projects such as research studies, clinical assessments and treatment plans, papers and internships also contribute to the self-development of our students.

The field experiences and practice electives provide substantial opportunities for students to learn independently and practically about social work practice.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants will be granted admission to the MSW program based on a majority approval from the Admissions Review Sub-committee.

In addition, to the general UCF graduate application requirements, applicants to this program must provide:

- **One official transcript** (in a sealed envelope) from each college/university attended.
- **Successful completion** (with a grade of C or higher) at least one course in each of the following categories:
 - **Humanities** (examples: fine arts, history, languages, literature, philosophy, or religion);
 - **Physical and Biological Sciences** (examples: biology, chemistry, anatomy, or physiology)
 - **Mathematics** (examples: calculus, college algebra, computer science, or statistics);
 - **Social Sciences** (examples: anthropology, economics, ethnic studies, gender studies, human development, international relations, political science, psychology, social work, or sociology)
- **Up-to-date résumé.**
- **Video Essay**
- **Three current letters of recommendation** that have been written within the last academic year. Letters from co-workers, colleagues, mentors, friends, family members, clergy, etc. WILL NOT be considered. Please submit your application even if you do not have your letters of recommendation. These letters can be attached to your application once they have been received, but they still must be submitted by the application deadline. Applicants must provide a letter of recommendation from each of the following:

- **Academic:** A professor from a previously attended college/university who taught you in a course. Recommendations from full-time faculty are strongly encouraged. For applicants who have been out of college for five or more years, the applicant may substitute an employment-based recommendation. Letters from advisors will not be considered unless indicated that they also taught you as a student. Letters from Teacher Assistants are NOT accepted.
- **Employment:** Either volunteer or paid employment immediate supervisor.
- **Third recommendation:** A second academic or employment-based recommendation should be submitted for the third recommendation.
- **A Professional Statement:** Applicants must answer the following questions within 3-6 pages. **Please use headings for each question.**
 - Without disclosing personal information, what are the reasons and experiences that led you to choose social work as a profession?
 - What are your social work career interests?
 - What are your personal strengths that you can bring to this profession? How have these strengths been demonstrated in the past?
 - Where do you see yourself 10 years from now in the field of social work?
 - What major social issue do you think that professional social workers should be concerned with? What is the role of social work in relation to this issue?
 - As a social worker, you will be expected to practice ethically according to the National Association of Social Workers (NASW) Code of Ethics. This includes working with diverse populations and clients whose values and beliefs may differ from your own. How will you incorporate and uphold the NASW Code of Ethics into your work with diverse populations?
 - The MSW program requires students to complete a generalist (400 hours) internship and a clinical (600 hours) internship concurrent

with their coursework. Evening (after 5 p.m.) and weekend placements are extremely limited. The School of Social Work is under no obligation to provide such placements. Given the above considerations, please tell us how you plan to balance your internship hours with your coursework and personal obligations. Tell us about any challenges you may have and how you plan to overcome them.

- **Writing Sample:** Applicants must submit an individually-authored research paper or literature review written for any class in their undergraduate studies, preferably one that is related to social work. Group papers will not be accepted. The paper should be 5-10 pages in length, contain citations, and a reference list in APA format, and will be used to evaluate the applicant's ability to write professionally. The applicant must be the sole author of this paper. Submissions of papers where the applicant is co-author will not be considered. Interviews, book reviews, movie reviews, case notes, client assessments, policy analysis papers, and case studies will NOT be considered. If the applicant does not have an academic paper, then he/she must write a 5-10 page paper in APA format that addresses any social issue related to social work.

- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Please note: The MSW program only accepts one application from each prospective student per academic year. Applicants must choose to apply to one track and one semester only.

The Master of Social Work program can accommodate only a limited number of students; therefore, there is a possibility of being denied admission even when all criteria are met.

Students admitted will begin coursework in the fall semester only.

To be retained in the program, students must attend the mandatory MSW Program Orientation that takes place the week before fall classes start. Students who fail to attend this orientation will have their offer of admission rescinded.

To be accepted into and retained in the program, students are expected to demonstrate: initiative, dependability, social concern, self-awareness, appreciation for diversity in others, the ability to problem-solve, ease in relating with others, skill in writing and speaking, and professional ethics.

Students enrolled must perform certain essential functions in order to participate in and complete program requirements. These essential functions can be found in the MSW Handbook-which students must read prior to beginning their plan of study. These essential functions define the minimal professional, cognitive, and behavioral abilities required for successful program completion, as well as entry-level clinical social work practice. Students admitted into the MSW Program will sign an acknowledgment that they understand they must adhere to these functions in order to be in good standing and remain in the MSW Program.

Students unable to meet the Essential Functions requirement will have their offer of admission rescinded.

The School of Social Work reserves the right to refuse student entrance or dismiss a student after admission to the MSW program if, in the judgment of the faculty, the student demonstrates behavior incompatible with working in the field of social work and/or violates the National Association of Social Workers (NASW) Code of Ethics.

MSW graduates from CSWE accredited programs outside of UCF who need to complete a field placement for Florida licensure (LCSW) must apply to the MSW program as a full-time or part-time second-year clinical student.

Application Deadlines

Part-Time Traditional	*Fall Priority	Fall
Domestic Applicants	Jan 15	Jul 1
International Applicants	Jan 15	Jan 15

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Sociology, Applied MA

College: Sciences

Department: Sociology

Program Websites: <https://sciences.ucf.edu/sociology/>

Graduate Program Handbook

Program Description

The Department of Sociology offers a graduate program leading to a Master of Arts degree in Applied Sociology. Beyond a curriculum appropriate for general applied sociology, the program includes a graduate track in Domestic Violence and a graduate track in Medical Sociology as well as instruction and opportunities pertaining to the study of crime and deviance; domestic violence; medical sociology; and social inequalities.

A primary focus of the program is the variety of social problems in society. Toward this objective, the program promotes the application of sociological and social psychological knowledge, principles, and research skills in a variety of organizational, community, and institutional settings. Examples of competencies in applied sociology include effective skills in program design and evaluation research; planning, feasibility and needs assessment studies; data management, analysis and presentation; and the application of general systems and social conflict theories to organizational problems, community development and planned change.

Program Tracks

- Sociology, Applied MA, Domestic Violence Track
- Sociology, Applied MA, Medical Sociology Track

Curriculum

Degree seeking students in the Applied Sociology Program may elect to follow either a thesis or a non-thesis course of study. The thesis option is typically designed for students who plan to enter doctoral

programs. The non-thesis option is more appropriate for students entering or continuing professional careers following the MA degree.

The degree of Master of Arts is conferred when students have fulfilled the requirements for either the thesis or non-thesis option. Both options require 30 hours of course work.

Students must earn a grade of "B" (3.0) or better in the program's core courses. Courses may be retaken to achieve a better grade; however, students must maintain a minimum GPA of 3.0 in their program of study.

By the end of their first year of course work in the program, students should select a permanent faculty advisor and determine their preliminary program of study, either in the thesis or nonthesis track. Students should maintain close contact with their faculty advisor in order to develop a viable program of study and avoid graduation delays.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

Students receive an independent learning experience in the core by completing a research study in each of the 12 hours of required courses.

- SYA 5625 - ProSeminar **3 Credit Hours** Should be taken as early as possible in the program.
- SYA 6126 - Social Theory **3 Credit Hours**
- SYA 6305 - Social Research **3 Credit Hours**
- SYA 6455 - Research Analysis **3 Credit Hours**

Elective Courses: 12 Credit Hours

Students will select a minimum of 12 credit hours of unrestricted electives in consultation with their faculty advisor. No more than 3 hours may be taken in UCF graduate programs outside the department. The department's graduate director must approve all courses taken outside the department prior to enrollment.

A listing and description of courses offered by the Department of Sociology is found in the "Courses" section.

Under special circumstances, students may enroll in a graduate-level Directed Independent Study course or a Directed Independent Research course to fulfill their nonrestricted elective course requirements. These courses, like most graduate seminars, require written research deliverables. Enrollment in these courses requires written approval from the student's advisor and graduate director. No more than 6 hours of graduate-level courses in Directed Independent

Study or Directed Independent Research may be included in a student's program of study.

Nonthesis students may substitute up to 6 hours of their elective course work by completing a graduate practicum/internship (SYA 6946). The practicum must be approved by the student's permanent adviser and the department's graduate program director.

Thesis Option: 6 Credit Hours

The thesis option requires a minimum of 6 hours of thesis credit and a successful defense of a thesis. Students may enroll in thesis hours after they have successfully completed the four required courses and their thesis committee has been approved by the department, college, and Graduate Studies.

The students' permanent faculty adviser will chair their committee, which also will include two additional graduate sociology faculty members in the department. The additional members of the thesis committee are selected in consultation with the student's permanent faculty adviser.

When a topic has been selected, students, in conjunction with their permanent adviser, will develop a thesis proposal. Copies of the proposal will be routed to members of their thesis committee and a proposal hearing scheduled. All students must pass a proposal hearing as well as a final oral defense of their thesis. Students who elect to write a thesis should become familiar with the university's requirements and deadlines for organizing and submitting the thesis.

- Thesis **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

The nonthesis option requires that students complete SYA 6657 - Program Design and Evaluation and 3 additional hours of SYA 6918 - Directed Research, SYA 6946 - Internship or Practicum, SYA 6909 - Research Report, or SYA 6908 - Directed Independent Studies. Both the Program Design and Evaluation course (SYA 6657) and "directed research or internship" courses require community-oriented research projects to develop research skills in sociology.

- SYA 6657 - Program Design and Evaluation **3 Credit Hours**
- SYA 6918 Directed Research **3 Credit Hours** or
- SYA 6946 Internship or Practicum **3 Credit Hours** or
- SYA 6909 Research Report **3 Credit Hours** or
- SYA 6908 Directed Independent Studies **3 Credit Hours**

Applied Project

Nonthesis students must complete an applied project. The nature and implementation of each project will be determined by the student and their advisor.

Before students may begin the applied project, they must earn a grade of "B" (3.0) or better in each of the five core courses.

An Applied Project evaluated by a three-person committee consists of:

- A 1-2 page proposal describing what the project and the final product will entail.
- A final product approved and evaluated by the committee.
- A brief statement submitted with the final product indicating how the project is sociologically grounded.

The grading system for the project is Pass/No Pass. Students who receive a grade of Pass will be allowed to graduate assuming all other requirements are met.

Equipment Fee

Full-time students in the Applied Sociology MA program pay a \$39 equipment fee each semester that they are enrolled. Part-time students pay \$19.50 per semester.

Independent Learning

As with all graduate programs, independent learning is an important component in the Applied Sociology master's program. Students will demonstrate independent learning through research seminars and the thesis (thesis students only).

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE scores taken within the last five years.
- Three letters of recommendation, including at least two from academic sources familiar with the applicant's academic abilities.
- A personal statement of 250-500 words identifying areas of research interest as it connected to thematic areas of UCF Sociology, faculty with whom they would like to work, and describing the applicant's academic and professional experience and goals.

The applicant's records will be reviewed on an individual basis for academic deficiencies and evaluated to assess their potential for success in the program. Supplemental course work may be recommended.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program to the applicant's career/academic goals, and the applicant's potential for completing the degree. Note also that there is no automatic connection between acceptance as a non-degree-seeking student and acceptance into this degree-granting program. Consult the graduate program director whenever questions arise.

Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from **World Education Services (WES)** or **Josef Silny and Associates, Inc.** only.

Application Deadlines

Sociology MA, Applied	*Fall Priority	Fall

Sociology, Applied MA, Domestic Violence Track

College: Sciences
Department: Sociology
Program Websites: https://sciences.ucf.edu/sociology/
Graduate Program Handbook

Track Description

The Department of Sociology offers a graduate program leading to a Master of Arts degree in Applied Sociology. Beyond a curriculum appropriate for general applied sociology, the program includes a graduate track in Domestic Violence as well as instruction and opportunities pertaining to the study of crime and deviance; social inequalities; and health, families and communities. A primary focus of the program is the variety of social problems in society. Toward this objective, the program promotes the application of sociological and social psychological knowledge, principles, and research skills in a variety of organizational, community, and institutional settings. Examples of competencies in applied sociology include effective skills in program design and evaluation research; planning, feasibility and needs assessment studies; data management, analysis and presentation; and the application of general systems and social conflict theories to organizational problems, community development and planned change.

Curriculum

Degree-seeking students in the Applied Sociology program may choose either the thesis or a nonthesis course of study. Both options

require 30 hours of course work, at least half of which must be at the 6000 level or above.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Degree seeking students in the Applied Sociology Program may elect to follow either a thesis or a non-thesis course of study. The thesis option is typically designed for students who plan to enter doctoral programs. The non-thesis option is more appropriate for students entering or continuing professional careers following the MA degree.

The degree of Master of Arts is conferred when students have fulfilled the requirements for either the thesis or non-thesis option. Both options require 30 hours of course work.

Students must earn a grade of "B" (3.0) or better in the program's core courses. Courses may be retaken to achieve a better grade; however, students must maintain a minimum GPA of 3.0 in their program of study.

By the end of their first year of course work in the program, students should select a permanent faculty advisor and determine their preliminary program of study, either in the thesis or nonthesis track. Students should maintain close contact with their faculty advisor in order to develop a viable program of study and avoid graduation delays.

Required Courses: 18 Credit Hours

Core: 12 Credit Hours

Please note that students in the nonthesis option are required to complete a research study in each of the 12 hours of required courses to provide an independent learning experience.

- SYA 5625 - ProSeminar **3 Credit Hours** Should be taken as early as possible in your program.
- SYA 6126 - Social Theory **3 Credit Hours**
- SYA 6305 - Social Research **3 Credit Hours**
- SYA 6455 - Research Analysis **3 Credit Hours**

Specialization: 6 Credit Hours

- SYP 5566 - Seminar on Domestic Violence: Theory, Research and Social Policy **3 Credit Hours**
- SYP 6563 - Reactions to Domestic Violence **3 Credit Hours**

Elective Courses: 6 Credit Hours

Choose two of the following restricted electives.

- SYA 6128 - Theoretical Criminology **3 Credit Hours**
- SYA 6657 - Program Design and Evaluation **3 Credit Hours**
- SYP 6561 - Child Abuse in Society **3 Credit Hours**
- SYP 6515 - Deviant Behavior Issues **3 Credit Hours**
- SYP 6522 - Sociological Perspectives on Victims **3 Credit Hours**
- SYP 6546 - Crime, Law, Inequality **3 Credit Hours**
- SYD 6809 - Seminar in Gender Issues **3 Credit Hours**

Thesis Option: 6 Credit Hours

The thesis option requires a minimum of 6 hours of thesis credit and a successful defense of a thesis. Students may enroll in thesis hours after they have successfully completed the four required courses and their thesis committee has been approved by the department and college.

The student's permanent faculty adviser will chair their committee, which also will include two additional graduate sociology faculty members in the department. The additional members of the thesis committee are selected in consultation with the student's permanent faculty adviser.

When a topic has been selected, students, in conjunction with their permanent adviser, will develop a thesis proposal. Copies of the proposal will be routed to members of their thesis committee and a proposal hearing scheduled. All students must pass a proposal hearing as well as a final oral defense of their thesis. Students who elect to write a thesis should become familiar with the university's requirements and deadlines for organizing and submitting the thesis.

- Thesis **6 Credit Hours**

Nonthesis Option: 6 Credit Hours

The nonthesis option requires that students complete SYA 6657 - Program Design and Evaluation and 3 additional hours of elective course work in their area of specialization. The Program Design and Evaluation course (SYA 6657) requires community-oriented research projects to develop research skills in sociology.

- SYA 6657 - Program Design and Evaluation **3 Credit Hours**
- Directed Study for Applied Project **3 Credit Hours**

Applied Project

Nonthesis students must complete an applied project. The nature and implementation of each project will be determined by the student and her/his adviser.

Before students may begin the applied project, they must earn a grade of "B" (3.0) or better in each of the five core courses.

The grading system for the project is Pass/No Pass. Students who receive a grade of Pass will be allowed to graduate assuming all other requirements are met.

An Applied Project evaluated by a three-person committee consists of:

- A 1-2 page proposal describing what the project and the final product will entail.
- A final product approved and evaluated by the committee.
- A brief statement submitted with the final product indicating how the project is sociologically grounded.

Equipment Fee

Full-time students in the Applied Sociology MA program pay a \$39 equipment fee each semester that they are enrolled. Part-time students pay \$19.50 per semester.

Independent Learning

As with all graduate programs, independent learning is an important component in the Applied Sociology master's program. Students will demonstrate independent learning through research seminars and the thesis (thesis students only).

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE scores taken within the last five years.
- Three letters of recommendation, including at least two from academic sources familiar with the applicant's academic abilities.
- A personal statement of 250-500 words identifying areas of research interest, faculty with whom they would like to work, and describing the applicant's academic and professional experiences and goals.
- The applicant's records will be reviewed on an individual basis for academic deficiencies and evaluated to assess their potential for success in the program. Supplemental course work may be recommended.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the

applicant's abilities, past performance, recommendations, match of this program to the applicant's career/academic goals, and the applicant's potential for completing the degree. Note also that there is no automatic connection between acceptance as a non-degree-seeking student and acceptance into this degree-granting program. Consult the graduate program director whenever questions arise.

Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from **World Education Services (WES)** or **Josef Silny and Associates, Inc.** only.

Sociology, Applied MA, Medical Sociology Track

College: Sciences

Department: Sociology

Program Websites: <https://sciences.ucf.edu/sociology/>

Graduate Program Handbook

Track Description

The Department of Sociology offers a graduate program leading to a Master of Arts degree in Applied Sociology. Beyond a curriculum appropriate for general applied sociology, the program includes a graduate track in Medical Sociology as well as instruction and opportunities pertaining to the study of crime and deviance; domestic violence; and social inequalities.

Medical Sociology is an important subfield of Sociology that was developed and recognized in 1959 by the American Sociological Association (ASA). Medical sociology identifies the processes of health, illness, and medical care as social phenomena. The American Sociological Association identifies the following research topics under the field of medical sociology: the subjective experience of health and illness, the political, economic and environmental circumstances surrounding health and illness, the societal structures and forces that constrain the medical care system, individual responses to illness, and social movements related to health and healthcare. Having a deep understanding of how social processes work to affect an individual's health allows for many different careers. Medical sociologists use their knowledge to work for governmental and non-governmental organizations centered on health. They work for federal, state, and private health insurance plans. Medical sociologists conduct research and make policy that addresses public health problems. Many students who study medical sociology enter medical school to become clinicians and teachers of medical education. Still others enter dental school, physical therapy school, or other professional programs in the allied fields of health

and apply knowledge gained from Medical Sociology to improve their patients' lives.

Curriculum

Degree-seeking students in the Applied Sociology program may choose either the thesis or a nonthesis course of study. Both options require 30 hours of course work, at least half of which must be at the 6000 level or above.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Degree seeking students in the Applied Sociology Program may elect to follow either a thesis or a non-thesis course of study. The thesis option is typically designed for students who plan to enter doctoral programs. The non-thesis option is more appropriate for students entering or continuing professional careers following the MA degree.

The degree of Master of Arts is conferred when students have fulfilled the requirements for either the thesis or non-thesis option. Both options require 30 hours of course work.

Students must earn a grade of "B" (3.0) or better in the program's core courses. Courses may be retaken to achieve a better grade; however, students must maintain a minimum GPA of 3.0 in their program of study.

By the end of their first year of course work in the program, students should select a permanent faculty advisor and determine their preliminary program of study, either in the thesis or nonthesis track. Students should maintain close contact with their faculty advisor in order to develop a viable program of study and avoid graduation delays.

Required Courses: 18 Credit Hours

Core: 12 Credit Hours

Please note that students in the nonthesis option are required to complete a research study in each of the 12 hours of required courses to provide an independent learning experience.

- SYA 5625 - ProSeminar **3 Credit Hours**
- SYA 6126 - Social Theory **3 Credit Hours**
- SYA 6305 - Social Research **3 Credit Hours**
- SYA 6455 - Research Analysis **3 Credit Hours**

Specialization: 6 Credit Hours

- SYO 6406 - Medical Sociology **3 Credit Hours**
- SYO 6405 - Sociology of Health and Illness **3 Credit Hours**

Elective Courses: 6 Credit Hours

Choose two of the following restricted electives.

- SYD 6363 - Social Inequalities and Reproductive Health **3 Credit Hours**
- SYP 6555 - Sociology of Alcohol and Drugs **3 Credit Hours**
- SYP 6735 - Sociology of Health and Aging **3 Credit Hours**
- SYO 6404 - Food Insecurity and Health **3 Credit Hours**
- SYO 6409 - Social Inequalities in Health **3 Credit Hours**

Thesis Option: 6 Credit Hours

The thesis option requires a thesis proposal and defense, a minimum of 6 hours of thesis credit, and a written thesis along with a successful defense of a thesis. Students may enroll in thesis hours after they have successfully completed their core required courses, they have passed their thesis proposal defense, and their thesis committee has been approved by the department and college.

The student's permanent faculty advisor will chair their committee, which also will include two additional graduate faculty members. The additional members of the thesis committee are selected in consultation with the student's permanent faculty advisor, and may include faculty from related disciplines in consultation with the faculty advisor.

When a topic has been selected, students, in conjunction with their permanent advisor, will develop a thesis proposal. Copies of the proposal will be routed to members of their thesis committee and a proposal defense will be scheduled. All students must pass a proposal defense as well as a final oral defense of their thesis. Students who elect to write a thesis should become familiar with the university's requirements and deadlines for organizing and submitting the thesis.

Thesis: 6 Credit Hours

Nonthesis Option: 6 Credit Hours

The nonthesis option requires that students complete SYA 6657 - Program Design and Evaluation and 3 additional hours of elective course work in their area of specialization. The Program Design and Evaluation course (SYA 6657) requires community-oriented research projects to develop research skills in sociology.

Directed Study for Applied Project (3 Credit Hours)

- SYA 6657 - Program Design and Evaluation **3 Credit Hours**

Applied Project

Nonthesis students must complete an applied project. The nature and implementation of each project will be determined by the student and her/his adviser.

Before students may begin the applied project, they must earn a grade of "B" (3.0) or better in each of the five core courses.

An Applied Project evaluated by a three-person committee consists of:

- A 1-2 page proposal describing what the project and the final product will entail.
- A final product approved and evaluated by the committee.
- A brief statement submitted with the final product indicating how the project is sociologically grounded.

The grading system for the project is Pass/No Pass. Students who receive a grade of Pass will be allowed to graduate assuming all other requirements are met.

Equipment Fee

Full-time students in the Applied Sociology MA program pay a \$39 equipment fee each semester that they are enrolled. Part-time students pay \$19.50 per semester.

Independent Learning

As with all graduate programs, independent learning is an important component in the Applied Sociology master's program. Students will demonstrate independent learning through research seminars and the thesis (thesis students only).

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE scores taken within the last five years.
- Three letters of recommendation, including at least two (where possible) from academic sources familiar with the applicant's academic abilities.
- A personal statement of 250-500 words identifying areas of research interest connecting to thematic areas within the UCF Department of Sociology, faculty with whom they would like to

work, and describing the applicant's academic and professional experiences and goals.

- The applicant's records will be reviewed on an individual basis for academic deficiencies and evaluated to assess their potential for success in the program. Supplemental course work may be recommended.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program to the applicant's career/academic goals, and the applicant's potential for completing the degree. Note also that there is no automatic connection between acceptance as a non-degree-seeking student and acceptance into this degree-granting program. Consult the graduate program director whenever questions arise.

Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from **World Education Services (WES)** or **Josef Silny and Associates, Inc.** only.

Application Deadlines

Medical Sociology	*Fall Priority	Fall
Domestic Applicants	Jan 15	Jul 1
International Applicants	Jan 15	Jan 15

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Spanish MA

College: Arts and Humanities	Degree: MA
Department: Modern Languages and Literatures	Option: Thesis, Nonthesis
Program Websites: http://mll.cah.ucf.edu/graduate/spanish.php	
Graduate Program Handbook	

Program Description

The master's program in Spanish is intended for those who wish to continue their study of the literature, linguistics and culture of the Spanish-speaking world at the graduate level.

The Spanish program focuses on the literature, linguistics, culture and civilization of Spain, Latin America, and Hispanics in the United States. Students in the program learn research methods, enhance language skills, and acquire a scholarly view of culture, literature, and linguistics of the Spanish-speaking world.

Curriculum

The master's degree program in Spanish has both thesis and nonthesis options. A total of 36 credit hours of coursework for the nonthesis option or 30 credit hours of coursework plus 6 credit hours of thesis (3 credit hours minimum) are required of students seeking the master's degree in Spanish. After 9-18 credit hours in the program, students are expected to select either Literature or Spanish Linguistics as their specialization.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

A minimum grade of "B" must be earned in each required course. Students will be allowed a maximum total of 6 semester hours of "C" grades in elective courses. Students are allowed to transfer up to 6 credit hours of corresponding graduate courses with the grade of "A" or "B" from an accredited university. University policies and procedures will be followed for all degree requirements. Courses are to be chosen from the following categories in accordance with the number of hours designated in each, based on the student's specialization.

Literature Specialization

- Research Methods: **3 Credit Hours**
- Spanish Linguistics: **3 Credit Hours**
- Culture and Civilization: **6 Credit Hours**
- Literature: **12 Credit Hours**
- Electives: **6 Credit Hours**
- Nonthesis Option Electives, **6 Credit Hours** OR Thesis Option, **6 Credit Hours**

Linguistics Specialization

- Research Methods: **3 Credit Hours**
- Spanish Linguistics: **12 Credit Hours**
- Culture and Civilization: **6 Credit Hours**
- Literature: **3 Credit Hours**
- Electives: **6 Credit Hours**
- Nonthesis Option Electives, **6 Credit Hours** OR Thesis Option, **6 Credit Hours**

Students must choose electives from the additional, available courses listed below in conjunction with their faculty adviser. The aim of the selections should be to complement the acquisition of knowledge in the particular area of Hispanic studies chosen. Courses must be selected so that at least one-half of the required courses are taken at the 6000 level.

All students are required to take SPW 6919 - Advanced Spanish Graduate Research, which results in a research paper that organizes and summarizes knowledge in a chosen area of study. All classes require a research paper that allows students to engage in independent learning.

Courses are delivered face to face, hybrid or online, and are conducted entirely in Spanish.

Required Courses—24 Credit Hours

Spanish Linguistics—3 Credit Hours for Literature Specialization or 12 Credit Hours for Linguistics Specialization

- SPN 5705 - Bilingualism in the US **3 Credit Hours**
- SPN 5825 - Spanish Dialectology **3 Credit Hours**
- SPN 5845 - History of the Spanish Language **3 Credit Hours**
- SPN 6805 - Spanish Morphosyntax **3 Credit Hours**

Culture and Civilization—6 Credit Hours for Literature Specialization or Linguistics Specialization

- SPN 5502 - Hispanic Culture of the United States **3 Credit Hours**
- SPN 5505 - Spanish Peninsular Culture and Civilization **3 Credit Hours**
- SPN 5506 - Spanish American Culture and Civilization **3 Credit Hours**

Literature—12 Credit Hours for Literature Specialization or 3 Credit Hours for Linguistics Specialization

* Examples of Seminar Series Topics: Don Quixote, Spanish American Literature Written by Women, Gabriel García Márquez, Memory and Identity in Modern Spanish Literature, Semantics and Pragmatics, Special Study in Spanish Linguistics

- SPW 5741 - Contemporary Spanish American Southern Cone Literature **3 Credit Hours**
- SPW 6825 - Colloquium in Don Quixote & Cervantes in the 21st Century **3 Credit Hours** * (May be repeated for credit with different topics)
- SPW 6405 - Medieval Spanish Literature **3 Credit Hours**
- SPW 6217 - Spanish American Prose I **3 Credit Hours**
- SPW 6218 - Spanish American Prose II **3 Credit Hours**
- SPW 6269 - Nineteenth Century Spanish Novel **3 Credit Hours**
- SPW 6306 - Spanish American Drama **3 Credit Hours**
- SPW 6315 - Early Modern Spanish Theatre **3 Credit Hours**
- SPW 6356 - Spanish American Poetry **3 Credit Hours**
- SPW 6485 - Contemporary Peninsular Literature **3 Credit Hours**
- SPW 6725 - The Generation of 1898 **3 Credit Hours**
- SPW 6216 - Spanish Golden Age Prose and Poetry **3 Credit Hours**
- SPW 6775 - Spanish Caribbean Prose **3 Credit Hours**

Research Methods—3 Credit Hours for Literature Specialization or Linguistics Specialization

- SPW 6919 - Advanced Spanish Graduate Research **3 Credit Hours**

Elective Courses—6 Credit Hours for Literature Specialization or Linguistics Specialization

All students in both the thesis and nonthesis options are required to take at least 6 credit hours of electives. These must be approved by your adviser.

- Electives **6 Credit Hours**

Thesis Option—6 Credit Hours for Literature Specialization or Linguistics Specialization

- SPW 6971 - Thesis Research and Thesis **6 Credit Hours**

Nonthesis Option—6 Credit Hours for Literature Specialization or Linguistics Specialization

Students in the nonthesis option must take an additional 6 credit hours of electives as approved by your adviser.

- Electives **6 Credit Hours**

Comprehensive Examination Requirements and Reading List for Literature Specialization or Linguistics Specialization

Students must pass a comprehensive examination in order to qualify for the master's degree in Spanish. This examination is based on knowledge of the literature and culture of Spain and Hispanic America and/or on concepts of linguistic theory and analysis.

Since this examination will be given toward the end of the coursework (only during fall and spring semesters), it is expected that the student will have developed an ability to analyze literature, culture, and linguistics at the graduate level. It is also expected that the responses, both written and oral, will show an excellent command of the Spanish language. The oral examination will follow the written examination and will allow students to expand more readily on particular points of culture, literature, and linguistics, and to show ability in the use of the spoken language.

If a student does not successfully pass both the written and oral comprehensive examinations, he or she may be able to retake the exams in the following semester (fall or spring). Thereafter, if the

student does not pass the examinations the second time, he/she will be removed from the program.

The Graduate Committee has developed a reading list of major Peninsular, Latin American, and Linguistics works and works by Hispanics in the U.S., with which the student must be familiar. The comprehensive examination is based on the entirety of the respective reading lists (primary and secondary areas) and the courses that the student has taken.

Independent Learning

All classes require a research paper or research project that allows students to engage in independent learning. The program also offers a thesis option.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide following:

- One official transcript (in a sealed envelope) from each college/university attended.
 - A bachelor's degree in Spanish or a related field.
 - Three letters of recommendation.
 - Writing sample written in Spanish **on a topic of literature or linguistics of the Spanish-speaking world, including Hispanics in the USA**
 - Interview with the Spanish MA Program Director.
 - Approval by the Graduate Committee of the Department of Modern Languages and Literatures.
 - Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- Application information is also available at mll.cah.ucf.edu/graduate/spanish.php.

Prospective students are expected to have read widely in Hispanic literature/linguistics and to be competent in understanding, reading, and writing Spanish. They should also be familiar with the vocabularies of literary criticism and grammar.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on the evaluation of the applicant's abilities, past performance, recommendations, match of

this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Application Deadlines

Spanish MA	*Fall Priority	Fall

Sport Business Management MSBM

College: Business Administration	Degree: MSBM
Department: DeVos Sport Business Management	Option: Nonthesis
Program Websites: http://business.ucf.edu/devos/	

Program Description

This program is the only sport business management program emphasizing diversity, moral, ethical, and social issues in sports, as well as focusing on sports leadership while giving the students a rigorous business education. The DeVos Sport Business Management Program is ranked as one of the top five programs in America by the *Wall Street Journal*, *New York Times*, and *ESPN the Magazine*. In 2015, the Program was named the number two program in the world by *SportsBusiness International*. Students are required to perform 21 hours of service per semester for a Central Florida organization that works with underserved youth. Students will also spend a minimum of two weeks helping to rebuild homes in post-Katrina New Orleans. A major emphasis of the DeVos Program is to have our students leave understanding the power of sport to build communities in addition to learning strong business skills for a successful career in sports management.

Students in the DeVos Sport Business Management master's program gain hands-on experience in the business of sports management, work in teams with fellow students on sports business projects from conception through implementation and develop a network in the sports industry.

Graduates of the program will understand the relationship between sport and social issues, the business of sport both nationally and internationally, and how the legal system impacts sports business. They will understand and embrace the strengths and complexities of a diverse workforce and the importance of multicultural marketing as an actual component of overall business strategy and will be prepared to lead organizations to be corporate good citizens in the community. Graduates will also be able to develop and implement integrated business and marketing plans, optimize the use of the technology, and design and carry out research necessary to make successful management and business decisions.

Job opportunities for graduates in sport management include areas such as intercollegiate and professional sport, event and facilities management, corporate and international sport, and marketing. The DeVos Sport Business Management Program develops professionals who have critical sports business management knowledge and skills, a commitment to using sport to improve life in society, well-developed leadership abilities, and uncompromising ethical standards. Students in the Sport Business Management program have the opportunity to be admitted to the MBA program and receive an MBA as an additional degree. Please note that a student admitted to the MSBM program with provisional admission to the MBA program will take 13.5 hours of coursework in the first semester, 12 of which are coursework hours that count toward both the MSBM and MBA degrees. The student must earn a grade of B (3.0) or higher

in all MBA courses taken, otherwise, the student's provisional admission to the MBA program will be revoked.

Curriculum

The DeVos Sport Business Management MSBM program requires a minimum of 45 credit hours beyond the bachelor's degree. The program includes 18 credit hours of professional core courses, 24 credit hours of sport business management core courses, and 3 credit hours of an internship. This is a nonthesis program in which the internship serves as a capstone experience.

Total Credit Hours Required: 45 Credit Hours Minimum beyond the Bachelor's Degree

The two-year full-time curriculum includes the College of Business Administration's foundation core; selected required courses from the college's professional core for solid business skills and knowledge; and required sport business management courses that will create a unique knowledge base for our students.

Required Courses: 45 Credit Hours

Professional Core: 18 Credit Hours

The professional core consists of 18 credit hours of advanced course work.

- MAN 6245 - Organizational Behavior and Development **3 Credit Hours**
- MAR 6466 - Strategic Supply Chain and Operations Management **3 Credit Hours**
- ACG 6425 - Managerial Accounting Analysis **3 Credit Hours**
- FIN 6406 - Strategic Financial Management **3 Credit Hours**
- ECO 6416 - Applied Business Research Tools **3 Credit Hours**
- ECO 6115 - Economic Analysis of the Firm **3 Credit Hours**

Sport Business Management Core: 24 Credit Hours

The sport business management core consists of 24 credit hours of course work in the related areas of sport.

- SPB 6506 - Moral and Ethical Issues in Sport **1.5 Credit Hours**
- SPB 6606 - Diversity and Social Issues in Sport Business Management **1.5 Credit Hours**
- SPB 6725 - Leadership in Sport **1.5 Credit Hours**
- SPB 6716C - Strategic Sport Marketing **3 Credit Hours**
- SPB 6406 - Sport Law **3 Credit Hours**

- SPB 6806 - Business of Sport Media **3 Credit Hours**
- SPB 6735 - The Global Environment of Sport **3 Credit Hours**
- SPB 6715C - Professional Selling in Sport **1.5 Credit Hours**
- SPB 6706 - Sport Analytics **3 Credit Hours**
- GEB 6156 - The Business of Hip-Hop Innovation and Entrepreneurship **3 Credit Hours**

Internship: 3 Credit Hours

An internship equivalent to three credit hours with a designated sport organization is required. It would normally be a full-time, 15-week internship taken after the completion of all academic courses. The internship is an independent learning activity that takes place in authentic settings (settings are professional sports, collegiate sports, etc.) in which students must apply, reflect upon, and refine knowledge and skills acquired in the program.

Additional Program Requirements

Any student enrolled in a College of Business Administration master's degree program who earns more than two final course grades below a B- will be dismissed from the program and retention plans will not be supported by the College of Business Administration.

MBA Option: 51 Total Credit Hours Required

If accepted into the MBA program, students must complete MAN 6721 - Applied Strategy and Business Policy 3 (3 credit hours) (**grade of B- or better is required for MAN 6721**) and MAR 6816 - Strategic Marketing Management (3 credit hours). Please note that a student admitted to the MSBM program with provisional admission to the MBA program will take 13 credit hours of coursework in the first semester, 12 of which are courses that count toward both the MSBM and MBA degrees. The student must earn a grade of B (3.0) or higher in all MBA courses taken, otherwise, the student's provisional admission to the MBA program will be revoked.

Independent Learning

All students are required to participate in an internship in professional sport settings in which students must apply, reflect upon, and refine knowledge and skills acquired throughout the curriculum.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants

must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GMAT or GRE score taken within the last five years.
- Three professional letters of recommendation.
- Essay (for details, see <https://business.ucf.edu/degree/masters-sports-business-management-msbm/>)
- Résumé.
- Video Essay
- All finalists will be required to have an in-person interview; the only exception shall be for prospective international students who will be permitted to have a Skype interview.
- A computer-based score of 233 (or 91 internet-based score) on the Test of English as a Foreign language (TOEFL) if an applicant is from a country where English is not the official language, or if an applicant's degree is not from an accredited U.S. institution, or if an applicant did not earn a degree in a country where English is the only official language or a university where English is the only official language of instruction. Although we prefer the TOEFL, we will accept IELTS scores of 7.0.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

We admit students based on their total package of academic success, professional and community service experience, commitment to teamwork, and other factors that show the admissions committee if the applicant is a good fit for the DeVos program.

Graduate Program Handbook

Program Description

The Master of Science in Statistics and Data Science provides a sound foundation in statistical theory, statistical methods, numerical methods in statistics, and the application of computer methodology to statistical analyses. The MS is particularly suited for individuals who have completed an undergraduate program in mathematics, statistics, or computer science, but is also available to those from other disciplines who wish to develop an expertise in statistics and data science.

Program Tracks

- Statistics and Data Science MS, Data Science Track ♦♦

Curriculum

The Statistics and Data Science MS program requires a minimum of 36 credit hours beyond the bachelor's degree. The degree in Statistics and Data Science includes 21 credit hours of required courses, 15 credit hours of restricted electives, and passing a comprehensive examination.

Students must have the following background and courses completed before applying to the Statistics & Data Science MS program. These courses are: MAC 2311C: Calculus with Analytic Geometry I, MAC 2312: Calculus with Analytic Geometry II, MAC 2313: Calculus with Analytic Geometry III, MAS 3105: Matrix and Linear Algebra or MAS 3106: Linear Algebra. These pre-required courses are basic undergraduate courses from the Math department.

All MS students must have an approved **Plan of Study (POS)** developed by the student and advisor that lists the specific courses to be taken as part of the degree. Students must maintain a minimum GPA of 3.0 in their POS, as well as a "B" (3.0) in all courses completed toward the degree and since admission to the program.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 21 Credit Hours

Note: STA 6106 provides an independent learning experience for the program. It requires a research project that results in a written report or oral presentation.

- STA 5205 - Experimental Design **3 Credit Hours**
- STA 6106 - Statistical Computing I **3 Credit Hours**
- STA 6236 - Regression Analysis **3 Credit Hours**
- STA 6326 - Theoretical Statistics I **3 Credit Hours**
- STA 6327 - Theoretical Statistics II **3 Credit Hours**
- STA 6329 - Statistical Applications of Matrix Algebra **3 Credit Hours**

Select one of the following courses.

- STA 6246 - Linear Models **3 Credit Hours**
- STA 6707 - Multivariate Statistical Methods **3 Credit Hours**

Comprehensive Examination

All students must take a comprehensive written examination covering the courses STA 5205, STA 6236, STA 6326, and STA 6327. For full-time students, this examination normally will be taken just prior to the start of the second year of graduate work. Students are allowed two attempts to pass the exam. Failure to pass after the second attempt will result in removal from the program.

Independent Learning

STA 6106 provides the independent learning experience for the program. It requires a research project that results in a written report or oral presentation.

Elective Courses: 15 Credit Hours

Elective statistics courses will be selected by the student in consultation with the adviser. Certain graduate courses in computer science, mathematics, and engineering may also be selected if approved by the graduate program director.

A listing and description of graduate courses offered by the Department of Statistics and Data Science is found in the "Courses" section.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate admission requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE or GMAT score taken within the last five years.
- Résumé.

Applicants not qualified for regular graduate status may be initially admitted to the university in non-degree-seeking status and later admitted to regular status once all deficiencies have been eliminated, although only nine hours of graduate course work taken as a non-degree-seeking student can count toward a graduate degree.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Application Deadlines

Statistics and Data Science MS	*Fall Priority	Fall
Domestic Applicants	Jan 15	Jul 1
International Applicants	Jan 15	Jan 15

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Statistics and Data Science MS, Data Science Track ♦♦

College: Sciences**Department:** Statistics**Program Websites:** <http://statistics.cos.ucf.edu/>

Track Description

The Master of Science in Statistics and Data Science, Data Science track focuses on data analytics and its application to business, social, and health problems.

The Data Science track in the Statistics and Data Science MS program focuses on data analytics and its application to business, social, and health problems.

The program is particularly suited for individuals who have completed an undergraduate program in mathematics, statistics, economics, business, or other related fields, and wish to pursue a career in data science. Data scientists analyze massive data sets to uncover trends and associations, and make theoretically sound decisions on, for example, business, social, and health subjects. Data scientists have one of the most coveted jobs, as the demand for them far exceeds the existing number of qualified persons in the area. Currently, the work force in the data science industry consists mainly of individuals trained with post college education. To date, very few university degree programs exist for training students for such a large and growing industry in the United States.

Curriculum

The Data Science track in the Statistics and Data Science MS program is composed of 24 credit hours of required courses and 12 credit hours of restricted electives. Students must also pass a comprehensive written examination.

Students must have the following background and courses completed before applying to the Statistics & Data Science, Data Science track MS program. These courses are: MAC 2311C: Calculus with Analytic Geometry I, MAC 2312: Calculus with Analytic Geometry II, MAC 2313: Calculus with Analytic Geometry III, MAS 3105: Matrix and Linear Algebra or MAS 3106: Linear Algebra. These pre-required courses are basic undergraduate courses from the Math department.

All MS students must have an approved **Plan of Study (POS)** developed by the student and advisor that lists the specific courses to be taken as part of the degree. Students must maintain a minimum GPA of 3.0 in their POS, as well as a "B" (3.0) in all courses completed toward the degree and since admission to the program.

Total Credit Hours Required: 36 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 24 Credit Hours

Note: STA 5703 and STA 6704 both require research projects that fulfill the independent learning requirement for the program.

- STA 5104 - Advanced Computer Processing of Statistical Data **3 Credit Hours**
- STA 6714 - Data Preparation **3 Credit Hours**
- STA 6238 - Logistic Regression **3 Credit Hours**
- STA 6326 - Theoretical Statistics I **3 Credit Hours**
- STA 6327 - Theoretical Statistics II **3 Credit Hours**
- STA 6236 - Regression Analysis **3 Credit Hours**
- STA 5703 - Data Mining Methodology I **3 Credit Hours**
- STA 6704 - Data Mining Methodology II **3 Credit Hours**

Elective Courses: 12 Credit Hours

Select electives from the following courses. No more than one COP course can be selected.

- COP 4710 - Database Systems **3 Credit Hours**
- COP 5711 - Parallel and Distributed Database Systems **3 Credit Hours**
- COP 6730 - Transaction Processing **3 Credit Hours**
- COP 6731 - Advanced Database Systems **3 Credit Hours**
- STA 5205 - Experimental Design **3 Credit Hours**
- STA 5505 - Categorical Data Methods **3 Credit Hours**

- STA 5825 - Stochastic Processes and Applied Probability Theory **3 Credit Hours**
- STA 6106 - Statistical Computing I **3 Credit Hours**
- STA 6226 - Sampling Theory and Applications **3 Credit Hours**
- STA 6237 - Nonlinear Regression **3 Credit Hours**
- STA 6507 - Nonparametric Statistics **3 Credit Hours**
- STA 6707 - Multivariate Statistical Methods **3 Credit Hours**
- STA 6857 - Applied Time Series Analysis **3 Credit Hours**
- STA 6705 - Data Mining Methodology III **3 Credit Hours**
- FIN 6406 - Strategic Financial Management **3 Credit Hours**

Comprehensive Examination

All students must take a comprehensive written examination covering the five courses STA 6326, STA 6327, STA 5104, STA 6714 and STA 6238. For full-time students, this examination will normally be taken just prior to the start of the second year of their graduate work. Students are allowed two attempts to pass the exam. Failure to pass after the second attempt will result in dismissal from the program.

Independent Learning

STA 5703 and STA 6704 both require research projects that fulfill the independent learning requirement for the program. Both courses require students to build models for target variables of projects with very large sets of data, write a report, and then give an oral presentation on their independent learning experiences.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate admission requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Official, competitive GRE or GMAT score taken within the last five years.
- Résumé.

Applicants not qualified for regular graduate status may be initially admitted to the university in non-degree-seeking status and later admitted to regular status once all deficiencies have been eliminated, although only nine hours of graduate course work taken as a non-degree-seeking student can count toward a graduate degree.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree.

Application Deadlines

Data Science	*Fall Priority	Fall
Domestic Applicants	Jan 15	Jul 1
International Applicants	Jan 15	Jan 15
*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Systems Engineering, MSSE ►

College: Engineering and Computer Science	De
Department: Industrial Engineering and Management Systems	Op
Program Websites: http://www.iems.ucf.edu/	

Program Description

The Master of Science in Systems Engineering (MSSE) is a fully online program that focuses on applications of systems engineering in designing, developing, integrating, and evaluating complex systems through their life cycle. This unique program is offered in response to the growing needs of the industry where systems thinking, complexity, globalization, quality, and productivity are the key business drivers.

Please note: Systems Engineering MSSE may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CECS-Systems-Engineering-MSSE.pdf>.

Curriculum

The MSSE requires 30 credit hours of courses beyond the bachelor's degree. This program offers only the non-thesis option.

This web-based online MSSE is designed to attract students with a variety of educational backgrounds and a keen interest in working as systems engineers, program/project managers, chief engineers, etc. The traditional engineer and scientist often lack preparation in the human, financial, software, and systems integration skills necessary to make project teams more productive, improve system and service quality, and promote the advancement of high technology for complex systems. Systems engineering is a practice-based discipline that focuses on developing these attributes with elements of engineering, systems, and management.

For information about the program, please contact IEMS Graduate Director Dr. Mansooreh Mollaghasemi Elshennawy (mollagha@ucf.edu).

Translating a specific design into an organizational or physical reality in the most effective manner, and with the highest quality, is the focus of the Industrial Engineering and Management Systems field. This program is tailored to meet the needs of a broad range of working professionals interested in leading systems engineering and management activities. This program was designed by industry to provide the skills needed to be successful in the defense, government, healthcare, etc., sectors that require engineers who can collect requirements, architect, and integrate human, software, and hardware elements of modern systems.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

Students with undergraduate degrees in industrial or systems engineering or other engineering degrees are encouraged to apply for admission. Graduates from science or technology curricula may apply to obtain the MS degree.

All applicants are expected to have completed the following prerequisites during their undergraduate engineering education:

- Computer programming capability. Proficiency with MS Office expected. C++, Visual BASIC, or Java recommended.
- Mathematics through Calculus II (MAC 2312 or equivalent)

- Undergraduate probability and statistics for engineers (STA 3032 or equivalent)

Required Courses—30 Credit Hours

All of the following courses are required for completion of the MSSE program.

Master's Core Courses—12 Credit Hours

- ESI 6551 - Systems Engineering **3 Credit Hours**
- ESI 6552 - Systems Architecture **3 Credit Hours**
- EIN 5140 - Project Engineering **3 Credit Hours**
- ESI 6511 - Systems Integration and Testing **3 Credit Hours**

Concentration Courses—9 Credit Hours

- ESI 6224 - Quality Management **3 Credit Hours**
- EIN 6357 - Advanced Engineering Economic Analysis **3 Credit Hours**
- ESI 6550 - Systems Thinking in Engineering **3 Credit Hours**

Elective Courses—9 Credit Hours

Simulation, Optimization and Modeling

- EIN 5255C - Interactive Simulation **3 Credit Hours**
- EIN 6528 - Simulation Based Life Cycle Engineering **3 Credit Hours**
- EIN 6936 - Seminar in Advanced Industrial Engineering **3 Credit Hours**
- ESI 5531 - Discrete Systems Simulation **3 Credit Hours**
- ESI 6217 - Statistical Aspects of Digital Simulation **3 Credit Hours**
- ESI 6336 - Queueing Systems **3 Credit Hours**
- ESI 6532 - Object-Oriented Simulation **3 Credit Hours**

Management Systems

- EIN 5108 - The Environment of Technical Organizations **3 Credit Hours**
- EIN 5117 - Management Information Systems I **3 Credit Hours**
- EIN 6182 - Engineering Management **3 Credit Hours**
- EIN 5356 - Cost Engineering **3 Credit Hours**
- ESI 5227 - Total Quality Improvement **3 Credit Hours**

Quality and Production Systems

- ESI 6225 - Quality Design and Control **3 Credit Hours**
- EIN 6336 - Production and Inventory Control **3 Credit Hours**
- EIN 5356 - Cost Engineering **3 Credit Hours**
- ESI 5227 - Total Quality Improvement **3 Credit Hours**

Human System Integration

- EIN 5248 - Ergonomics **3 Credit Hours**
- EIN 5251 - Usability Engineering **3 Credit Hours**
- EIN 6258 - Human Computer Interaction **3 Credit Hours**
- EIN 6271 - Human Reliability **3 Credit Hours**

Independent Learning

The Independent Learning requirement is met by successful completion of the research studies required in the individual courses. Systems engineering by definition is an interdisciplinary major requiring independent learning across a wide spectrum of management, technology, and traditional engineering. These research studies require that students integrate material from all the courses in their program. The Systems Integration class, which is the fourth course in the core sequence, builds prior classes and requires independent research to describe, architecture, model, and ultimately integrate and test complex products and services.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must [apply online](#). All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended
- Resume or Curriculum Vita
- Goal statement
- The goal statement should discuss all relevant professional background and any previous research and/or teaching experience. The statement should explain the motivation behind the pursuit of an MSSE. Future educational and career goals after the completion of the applicant's master study should be discussed.
- If the applicant is interested in completing a Master thesis, then the applicant must clearly describe the particular area of research interest. The applicant should identify at least one UCF faculty member who shares a similar research focus and is believed to be best suited to serve as a potential thesis advisor.
- The goal statement should be between 500 and 1,000 words.

- Two letters of recommendation
- The letters of recommendation should be from faculty members, university administrators, and employers with a supervisory role of the applicant. The letters, which must be current to the application and must not be for another degree program, should address the educational and career goals of the applicant. The letter writers should also know the applicant well enough to discuss the applicant's capacity to perform, excel and succeed in a graduate program. Letters for Master's thesis students must discuss the applicant's ability to perform graduate-level research.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only. Applications are accepted for the fall and spring terms only.

Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

Application Requirements

Systems Engineering MSSE	*Fall Priority	Fall	Spring
Domestic Applicants	Jan 15	Jul 1	Dec 1
International Applicants	Jan 15	Jan 15	Jul 1

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more

information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Taxation MST

College: Business Administration	Degree: MST
Department: Kenneth G. Dixon School of Accounting	Option: Nonthesis
Program Websites: https://business.ucf.edu/	

Program Description

NOTE: This program has been suspended and is not accepting applications effective with the Fall 2014 term.

The Master of Science in Taxation program is designed to prepare students for careers as tax professionals and tax consultants in public practice, government, and industry. The MST degree, along with appropriate prerequisite work from an undergraduate degree in accounting, satisfies the education requirements to become a licensed CPA in the state of Florida.

Faculty members in the Kenneth G. Dixon School of Accounting emphasize independent learning in various ways in all courses in the MST program. Cases and research projects that involve independent work outside the classroom are incorporated into all course work. The cases and projects are both individual and team prepared. Students are asked to do research that requires they utilize library, internet and resources other than the material provided by the professor. The results of independent research activity are presented in a written report, a case analysis, or an oral presentation. Students work to develop and enhance skills and competencies that will support them professionally throughout their careers. The approaches used in our courses encourage life-long learning.

Curriculum

The Master of Science in Taxation (MST) degree is awarded upon completion of a minimum 30 credit hours, and a final written exit exam. In the total program of study a minimum of 21 credit hours of the coursework must be completed in accounting/tax courses. Students, with the assistance and approval of the program adviser, may select other courses that reflect their interests and career objectives.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Bachelor's Degree

Faculty members in the Kenneth G. Dixon School of Accounting emphasize independent learning in various ways in all courses in the MST program. Cases and research projects that involve independent work outside the classroom are incorporated into all coursework. The cases and projects are both individual and team prepared. Students are asked to do research that requires they utilize the library, internet, and resources other than the material provided by the professor. The results of independent research activity are presented in either a written report or case analysis or oral presentation. Students work to develop and enhance skills and competencies that will support them professionally throughout their careers. The approaches used in our courses encourage students toward life-long learning.

Foundation Prerequisite Courses

The courses included in the business and accounting foundation core are listed below. An applicant with a recent undergraduate accounting degree should satisfy most of the core foundation requirements. Other recent related business coursework may partially satisfy these core requirements. The business foundation core is designed for students with a nonbusiness undergraduate degree (e.g., psychology, education, or engineering). The accounting foundation core is designed for students with an undergraduate business degree (e.g., finance, marketing, or management). All business and accounting foundation core deficiencies must be satisfied before graduate MSA coursework can be taken. Before taking any foundation courses, please have your undergraduate transcripts reviewed by the MSA/MST Program Advisor.

Business Foundation Core: 21 Credit Hours

- ACG 2021 - Financial Accounting **3 Credit Hours**
- ACG 2071 - Managerial Accounting **3 Credit Hours**
- ECO 2013 - Macroeconomics **3 Credit Hours**
- ECO 2023 - Microeconomics **3 Credit Hours**
- ECO 3401 - Quantitative Business Tools I **3 Credit Hours**
- ECO 3411 - Quantitative Business Tools II **3 Credit Hours**
- FIN 3403 - Business Finance **3 Credit Hours**

Accounting Foundation Core: 22 Credit Hours

- ACG 3131 - Intermediate Financial Accounting I **3 Credit Hours**
- ACG 3141 - Intermediate Financial Accounting II **3 Credit Hours**
- ACG 3361 - Cost Accounting I **3 Credit Hours**
- ACG 4401 - Accounting Information Systems **3 Credit Hours**
- ACG 4651 - Auditing **3 Credit Hours**
- BUL 3130 - Legal and Ethical Environment of Business **4 Credit Hours**
- TAX 4001 - Taxation of Business Entities and Transactions **3 Credit Hours**

Required Courses: 15 Credit Hours

- ACG 6636 - Advanced Auditing **3 Credit Hours**
- ACG 6805 - Accounting Theory **3 Credit Hours**
- TAX 5015 - Advanced Tax Topics **3 Credit Hours**
- TAX 6065 - Tax Research **3 Credit Hours**
- TAX 6845 - Tax Planning and Consulting **3 Credit Hours**

Elective Courses: 15 Credit Hours

Restricted Tax Elective Courses: 6 Credit Hours

- TAX 6317 - Taxation of Flow-thru Entities **3 Credit Hours**
- TAX 6527 - Multi-jurisdictional Taxation **3 Credit Hours**

Restricted Elective Courses: 9 Credit Hours

MSA students can take additional TAX courses or ACG courses as restricted electives. Most MBA courses other than ACG 6425 and BUL 6444 may be taken as restricted electives. BUL 5332 - Advanced Business Law Topics is required for UCF students with an undergraduate degree in accounting who plan to take the CPA exam. Please note that some of the MBA courses may be restricted to only those students enrolled within a specific MBA track. Up to six hours may be selected from outside the College of Business Administration. Courses outside the College of Business Administration must be selected with the student's area of interest and/or career objectives in mind and with the approval of the program adviser.

Other Requirements

The satisfactory completion of an end-of-program comprehensive written examination is required. The MST program does not require a thesis.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program need the following:

- One official transcript (in a sealed envelope) from each college/university attended.
- 3.0 GPA in upper division accounting and tax courses.
- Official, competitive GMAT score taken within the last five years.
- Résumé.
- A computer-based score of 233 (or 91 internet-based score) on the Test of English as a Foreign language (TOEFL) if an applicant is from a country where English is not the official language, or if an applicant's degree is not from an accredited U.S. institution, or if an applicant did not earn a degree in a country where English is the only official language or a university where English is the only official language of instruction. Although we prefer the TOEFL, we will accept IELTS scores of 7.0.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Teacher Education MAT

College: Community Innovation and Education

Degree: MAT

Department: School of Teacher Education

Program Website: <https://ccie.ucf.edu/teachered/>

Graduate Program Handbook

Program Description

The Master of Arts in Teaching graduate program was created to allow individuals who are not certified to teach to become effective, certified teachers of secondary content areas.

The MAT program offers tracks in 10 secondary content areas: Art Education, English Education, Mathematics Education, Middle School Mathematics Education, Science Education-Biology, Science Education-Chemistry, Science Education-Physics, Science Education-Middle School, Social Science Education, and World Languages Education. Graduation from this state-approved MAT includes the successful completion of a 6-hour internship, submission of a comprehensive portfolio, and passing scores on all sections of the Florida Teacher Certification Examination. The Master of Arts in Teaching admits in summer and fall terms only.

This program has potential ties to state-regulated professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/licensure-programs/>.

Students in the Mathematics Education and Science Education tracks may be eligible for Teacher Education Assistance for College and Higher Education (TEACH) grant. Please see education.ucf.edu/teach_grad.cfm for more information.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants

must apply online. All requested materials must be submitted by the established deadline.

Applicants must choose a track in this program. Track(s) may have different requirements.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Teacher Education MAT, Art Education Track ►

College: Community Innovation and Education	Degree: MAT
Department: School of Teacher Education	Option: Nonthesis
Program Website: https://ccie.ucf.edu/teachered/k-12/art-education/	

Track Description

The Teacher Education MAT, Art Education program is a state-approved initial teacher preparation program for students seeking certification to teach Art in grades K-12, including students previously certified to teach in another field.

The Master of Arts in Teaching is subject to any change in the Florida Administrative Code (State Board of Education Rule 6A-5.066). Students enrolled in this program should remain in close contact with their adviser to keep informed of any program changes implemented to comply with new state requirements.

Please note: The Teacher Education MAT, Art Education may be completed fully online, although not all elective options, corequisites, or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

The Teacher Education MAT, Art Education Track has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard,

please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Teacher-Ed-Art-MAT.pdf>.

Curriculum

The Teacher Education MAT, Art Education requires a minimum of 37 credit hours beyond the bachelor's degree. The program is a K-12 program for noneducation majors at the undergraduate level or teachers previously certified in another field.

The MAT requires an online portfolio of both reflective practice/analysis of professional development and demonstration of attainment of the beginning level of performance for all Florida Educator Accomplished Practices (FEAPs). Multiple artifacts and reflective analysis are required for each of the accomplished practices. All portfolio entries are critical components of learning since they are the primary means of accessing the professional development of students as reflective practitioners. In addition, an internship is required.

All teacher education candidates are required to complete Via™ by Watermark requirements before being certified for graduation. Via™ by Watermark access is required for the portfolio. See <http://ccie.ucf.edu/explore-via/>

Total Credit Hours Required: 37 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 28 Credit Hours

Core: 12 Credit Hours

*Must be taken prior to internship.

- EDG 6415 - Principles of Instruction and Classroom Management **3 Credit Hours** *
- EDF 6237 - Principles of Learning and Introduction to Classroom Assessment **3 Credit Hours**
- EDF 6727 - Critical Analysis of Social, Ethical, Legal, and Safety Issues Related to Education **3 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours** *

Specialization: 16 Credit Hours

- RED 5147 - Developmental Reading **3 Credit Hours**
- ARE 5359 - Teaching Art K-12 **4 Credit Hours**
- ARE 6905 - Research Trends in Art Education **3 Credit Hours**
- ARE 5251 - Art for Exceptionalities **3 Credit Hours**

- ARE 6195 - Teaching Art Appreciation with Interdisciplinary Strategies **3 Credit Hours**

Internship: 6 Credit Hours

- ARE 6946 - Graduate Internship (**6 Credit Hours** taken over two semesters**)

**The two semester requirement applies to on-the-job internships and most traditional internships. Traditional internships may be completed in one semester with advisor approval. The two-semester internship must be completed over one academic year. One-semester traditional internships must be completed in spring.

Students should ensure that they meet all requirements for Graduate Internship.

- Complete EDG 6415 and TSL 5085.
- Overall graduate GPA must be 3.0 or higher.
- Passing scores on the appropriate Subject Area Examination and Professional Education Examination are required prior to admission to the second semester of graduate internship.
- Students must apply and be approved for graduate internship. Deadline dates and applications are available through the Office of Clinical Experiences at <http://www.education.ucf.edu/clinicalexp/>
- Satisfactory completion of the Graduate Internship requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices at the beginning level in accordance with State Board of Education Rule 6A-5.065.

Culminating Experience: 3 Credit Hours

- ESE 6256 - Critical Issues in Secondary Education **1-3 Credit Hours**

Additional Program Requirements

- Complete all key assignments in Via according to program guidelines. This requires demonstration of professional growth, reflection, and proficiency in the Florida Educator Accomplished Practices.
- Pass all required sections of the Florida Teacher Certification Examination.
- Students are recommended to have 30 credit hours of art course work to be prepared to take the subject area exam in Art for grades K-12. If students have difficulty passing the subject area examination, content-based coursework will be recommended. It is important to see an adviser if courses are difficult to schedule in content areas.

Equipment Fee

Students in the Master of Arts in Teacher Education program pay a \$64 equipment each semester that they are enrolled. Part-time students pay \$32 per semester.

Independent Learning

The MAT requires an online portfolio of both reflective practice/analysis of professional development and demonstration of attainment of the beginning level of performance for all Florida Educator Accomplished Practices (FEAPs). Multiple artifacts and reflective analysis are required for each of the accomplished practices. All portfolio entries are critical components of learning since they are the primary means of accessing the professional development of students as reflective practitioners. Via™ by Watermark is required for the portfolio. In addition, an internship is required.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Passing score on all four parts of the Florida Teacher Certification Examination/General Knowledge Test (FTCE/GKT) OR a competitive score on the Graduate Record Exam (GRE) score. This program does not require GRE for admission, but in accordance with Florida Statute 1004.4 and State Board of Education Rule 6A-5.066, admission to this graduate-level, state-approved initial teacher preparation program requires demonstrating mastery of general knowledge.
- UPDATE: In order to demonstrate mastery of general knowledge, Graduate Record Exam test administrations conducted on or after July 1, 2015, may be used as an acceptable means of demonstrating a mastery of general knowledge. A minimum passing score on a GRE subtest in an applicable general knowledge content area, as defined in the table below, will satisfy the requirement of demonstrating a mastery of general knowledge for the applicable general knowledge content area.

**FTCE GKT SUBTEST GRE SUBTEST MINIMUM GRE SCORE
REQUIRED TO SUBSTITUTE FOR GK SUBTEST**

GK Writing Subtest (Essay) GRE Analytical Writing A combined score of 4 out of 6

GK English Language Subtest Skills GRE Verbal Reasoning A scaled score of 151

GK Reading Subtest GRE Verbal Reasoning A scaled score of 151

GK Mathematics Subtest GRE Quantitative Reasoning A scaled score of 147

- NOTE: Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBR 6A-4.002).

- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

- To align with current student standards and, therefore, be acceptable to satisfy educator requirements, a passing score on an examination identified in state board rule must have been earned during the ten (10) years immediately preceding application and qualification for a certificate, unless otherwise stipulated in relevant statute or rule.

Students may not switch from an MAT program to an MEd program, or vice versa, without going through the university's application process. Courses used to gain initial state certification may not be transferred into an MEd program.

Application Deadlines

Art Education	*Fall Priority	Fall
Domestic Applicants	Jan 15	Jul 1
International Applicants	Jan 15	Jan 15

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. Teacher Education MAT, English Language Arts Education with ESOL Endorsement Track

College: Community Innovation and Education	Degree: MAT
Department: School of Teacher Education	Option: Nonthesis
Program Website: https://ccie.ucf.edu/teachered/english-language-arts-education/	

Track Description

The Teacher Education MAT, English Language Arts Education with ESOL Endorsement program is a state-approved initial teacher preparation program for students seeking certification to teach English in grades 6-12, including students previously certified to teach in another field. The Teacher Education MAT, English Language Arts Education with ESOL Endorsement Track has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Teacher-Ed-English-Language-w-ESOL-MAT.pdf>.

The Master of Arts in Teaching is a state-approved initial teacher preparation program that is subject to any change in the Florida Administrative Code (State Board of Education Rule 6A-5.066). Students enrolled in this program should remain in close contact with their adviser to keep informed of any program changes implemented to comply with new state requirements.

Curriculum

The Teacher Education MAT, English Language Arts Education with ESOL Endorsement program requires a minimum of 42 credit hours beyond the bachelor's degree that includes ESOL endorsement and the option of adding Reading K-12 endorsement. The program is a

secondary (grades 6-12) program for noneducation majors at the undergraduate level or teachers previously certified in another field.

The MAT requires an online portfolio of both reflective practice/analysis of professional development and demonstration of attainment of the beginning level of performance for all Florida Educator Accomplished Practices (FEAPs). Multiple artifacts and reflective analysis are required for each of the accomplished practices. All key assignments are critical components of learning since they are the primary means of assessing the professional development of students as reflective practitioners. In addition, an internship is required.

All teacher education candidates are required to complete Via™ by Watermark requirements before being certified for graduation. Via™ by Watermark access is required for the portfolio. See <http://ccie.ucf.edu/explore-via/>

Total Credit Hours Required: 42 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 33 Credit Hours

Core: 12 Credit Hours

*Must be taken in the first semester in the program.

**Must be taken prior to internship.

- ESE 6001 Orientation for Teacher Education*
- EDG 6415 - Principles of Instruction and Classroom Management **3 Credit Hours** **
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours** **
- EDF 6727 - Critical Analysis of Social, Ethical, Legal, and Safety Issues Related to Education **3 Credit Hours**
- EDF 6237 - Principles of Learning and Introduction to Classroom Assessment **3 Credit Hours**

Specialization: 21 Credit Hours

- LAE 6637 - Research in Teaching English **3 Credit Hours**
- LAE 5338 - Teaching Writing in Middle and High School **3 Credit Hours**
- LAE 5346 - Methods of Teaching English Language Arts **3 Credit Hours**
- LAE 5465 - Literature for Adolescents **3 Credit Hours**
- TSL 6250 - Applied Linguistics in ESOL **3 Credit Hours**
Choose One:
- LAE 5369 - Literacy Strategies in a Digital Age for Middle and High School **3 Credit Hours** or
- RED 5147 - Developmental Reading **3 Credit Hours**

Teacher Education MAT, Mathematics Education Track

College: Community Innovation and Education	Degree: MAT
Department: School of Teacher Education	Option: Nonthesis
Program Website: https://ccie.ucf.edu/teachered/secondaryed/math-education/	

Track Description

The Teacher Education MAT, Mathematics Education program is a state-approved initial teacher preparation program for students seeking certification to teach Mathematics in grades 6-12, including students previously certified to teach in another field. The Teacher Education MAT, Mathematics Education Track has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Teacher-Ed-Mathematics-MAT.pdf>.

A track is also available for Middle School Mathematics (grades 5-9).

The Master of Arts in Teaching is a state-approved initial teacher preparation program that is subject to any change in the Florida Administrative Code (State Board of Education Rule 6A-5.066). Students enrolled in this program should remain in close contact with their adviser to keep informed of any program changes implemented to comply with new state requirements.

Students in the Mathematics Education and Science Education tracks may be eligible for Teacher Education Assistance for College and Higher Education (TEACH) grant. Please see education.ucf.edu/teach_grad.cfm for more information.

Curriculum

The Teacher Education MAT, Mathematics Education program requires a minimum of 39 credit hours beyond the bachelor's degree. The program is a secondary (grades 6-12) program for noneducation majors at the undergraduate level or teachers previously certified in another field.

The MAT requires an online portfolio of both reflective practice/analysis of professional development and demonstration of attainment of the beginning level of performance for all Florida Educator Accomplished Practices (FEAPs). Multiple artifacts and reflective analysis are required for each of the accomplished practices. All portfolio entries are critical components of learning since they are the primary means of accessing the professional development of students as reflective practitioners. In addition, an internship is required.

All teacher education candidates are required to complete Via™ by Watermark requirements before being certified for graduation. Via™ by Watermark access is required for the portfolio. See <http://ccie.ucf.edu/explore-via/>

Total Credit Hours Required: 39 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 18 Credit Hours

Core: 12 Credit Hours

**Must be taken prior to internship

- EDG 6415 - Principles of Instruction and Classroom Management **3 Credit Hours** **
- EDF 6727 - Critical Analysis of Social, Ethical, Legal, and Safety Issues Related to Education **3 Credit Hours**
- EDF 6237 - Principles of Learning and Introduction to Classroom Assessment **3 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours** **

Methods: 6 Credit Hours

- LAE 5496 - Disciplinary Literacy in the Content Areas **3 Credit Hours**

- MAE 5336 - Current Methods in Secondary School Mathematics **3 Credit Hours**

Elective Courses: 12 Credit Hours

Students should take each of the following specialization courses. Course substitutions can be made with approval of adviser.

- ESE 5344 - Managing the Secondary Classroom **3 Credit Hours**
- ESE 6036 - Contemporary Issues in Secondary Education **3 Credit Hours**

Choose Two:

- MAE 6337 - Teaching Algebra in the Secondary School **3 Credit Hours**
- MAE 6338 - Teaching Geometry in the Secondary School **3 Credit Hours**
- MAE 6656 - Using Technology in the Instruction of K-12 Mathematics **3 Credit Hours**
- MAE 6641 - Problem Solving and Critical Thinking Skills **3 Credit Hours**

Internship: 6 Credit Hours

- MAE 6946 - Graduate Internship (**6 Credit Hours** taken over two semesters***)

***The two semester requirement applies to on-the-job internships and most traditional internships. Traditional internships may be completed in one semester with advisor approval. On the job internships must be completed over one academic year. Traditional 6-credit internships are completed in spring semester only.

Students should ensure that they meet all requirements for Graduate Internship.

- Complete EDG 6415 and TSL 5085 prior to first semester of internship.
- Overall graduate GPA must be 3.0 or higher.
- Passing scores on the appropriate Subject Area Examination and Professional Education Examination are required prior to admission to the second semester of graduate internship.
- Students must apply and be approved for graduate internship. Deadline dates and applications are available through the Office of Clinical and Field Experiences at <http://www.education.ucf.edu/clinicalexp/>
- Satisfactory completion of the Graduate Internship requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices at the beginning level in accordance with State Board of Education Rule 6A-5.065.

Culminating Experience: 3 Credit Hours

- ESE 6256 - Critical Issues in Secondary Education 1-3

Credit Hours

Taken with final internship semester.

Additional Program Requirements

- Complete all key assignments in Via according to program guidelines. This requires demonstration of professional growth, reflection, and proficiency in the Florida Educator Accomplished Practices.
- Pass all required sections of the Florida Teacher Certification Examination.
- Students are recommended to have 30 credit hours of mathematics course work to be prepared to take the subject area examination in mathematics grades 6-12. If students have difficulty passing the subject area examination, content-based coursework will be recommended. It is important to see an adviser if courses are difficult to schedule in content areas.

Equipment Fee

Students in the Master of Arts in Teacher Education program pay a \$64 equipment each semester that they are enrolled. Part-time students pay \$32 per semester.

Independent Learning

The MAT requires an online portfolio of both reflective practice/analysis of professional development and demonstration of attainment of the beginning level of performance for all Florida Educator Accomplished Practices (FEAPs). Multiple artifacts and reflective analysis are required for each of the accomplished practices. All portfolio entries are critical components of learning since they are the primary means of accessing the professional development of students as reflective practitioners. Via by Watermark is required for the portfolio. In addition, an internship is required.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

One official transcript (in a sealed envelope) from each college/university attended.

Passing score on all four parts of the Florida Teacher Certification Examination/General Knowledge Test (FTCE/GKT) OR a competitive score on the Graduate Record Exam (GRE) score. This program does not require GRE for admission, but in accordance with Florida Statute 1004.4 and State Board of Education Rule 6A-5.066, admission to this graduate-level, state-approved initial teacher preparation program requires demonstrating mastery of general knowledge.

UPDATE: In order to demonstrate mastery of general knowledge, Graduate Record Exam test administrations conducted **on or after July 1, 2015**, may be used as an acceptable means of demonstrating a mastery of general knowledge. A minimum passing score on a GRE subtest in an applicable general knowledge content area, as defined in the table below, will satisfy the requirement of demonstrating a mastery of general knowledge for the applicable general knowledge content area.

FTCE GKT SUBTEST	GRE SUBTEST	MINIMUM GRE SCORE R SUBSTITUTE FOR GK
GK Writing Subtest (Essay)	GRE Analytical Writing	A combined score of 4 out of 6
GK English Language Subtest Skills	GRE Verbal Reasoning	A scaled score of 151
GK Reading Subtest	GRE Verbal Reasoning	A scaled score of 151
GK Mathematics Subtest	GRE Quantitative Reasoning	A scaled score of 147

- NOTE: Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBR 6A-4.002).

- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

- To align with current student standards and, therefore, be acceptable to satisfy educator requirements, a passing score on an examination identified in state board rule must have been earned during the ten (10) years immediately preceding application and qualification for a certificate, unless otherwise stipulated in relevant statute or rule.

Students may not switch from an MAT program to an MEd program, or vice versa, without going through the university's admission process.

Application Deadlines

Mathematics Education	*Fall Priority	Fall
Domestic Applicants	Jan 15	Jul 1
International Applicants	Jan 15	Jan 15

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Teacher Education MAT, Middle School Mathematics Education Track

College: Community Innovation and Education	Degree: MAT
Department: School of Teacher Education	Option: Nonthesis
Program Website: https://ccie.ucf.edu/teachered/secondaryed/math-education/	

Track Description

The Teacher Education MAT, Middle School Mathematics Education program is a state-approved initial teacher preparation program for students seeking certification to teach mathematics in grades 5-9, including students previously certified to teach in another field. The Teacher Education MAT, Middle School Mathematics Education Track has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Teacher-Ed-Middle-School-Mathematics-MAT.pdf>.

The Master of Arts in Teaching is a state-approved initial teacher preparation program that is subject to any change in the Florida Administrative Code (State Board of Education Rule 6A-5.066). Students enrolled in this program should remain in close contact with their adviser to keep informed of any program changes implemented to comply with new state requirements.

The Teacher Education MAT, Middle School Mathematics Education is a state-approved initial teacher preparation program for students seeking certification to teach mathematics in grades 5-9, including students previously certified to teach in another field.

Students in the Mathematics Education and Science Education tracks may be eligible for Teacher Education Assistance for College and Higher Education (TEACH) grant. Please see <https://ccie.ucf.edu/teachered/teach-grad/> for more information.

Curriculum

The Teacher Education MAT, Middle School Mathematics Education program requires a minimum of 39 credit hours beyond the bachelor's degree. The program is a secondary (grades 5-9) program for noneducation majors at the undergraduate level or teachers previously certified in another field.

The MAT requires an online portfolio of both reflective practice/analysis of professional development and demonstration of attainment of the beginning level of performance for all Florida Educator Accomplished Practices (FEAPs). Multiple artifacts and reflective analysis are required for each of the accomplished practices. All portfolio entries are critical components of learning since they are the primary means of accessing the professional development of students as reflective practitioners. In addition, an internship is required.

All teacher education candidates are required to complete Via™ by Watermark requirements before being certified for graduation. Via™ by Watermark access is required for the portfolio. See <https://ccie.ucf.edu/explore-via/>.

Total Credit Hours Required: 39 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 18 Credit Hours

Core: 12 Credit Hours

*Must be taken in the first semester in the program.

**Must be taken prior to internship.

- EDG 6415 - Principles of Instruction and Classroom Management **3 Credit Hours** **
- EDF 6727 - Critical Analysis of Social, Ethical, Legal, and Safety Issues Related to Education **3 Credit Hours**
- EDF 6237 - Principles of Learning and Introduction to Classroom Assessment **3 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours** **

Methods: 6 Credit Hours

- LAE 5496 - Disciplinary Literacy in the Content Areas **3 Credit Hours**
- MAE 5327 - Teaching Middle School Mathematics **3 Credit Hours**

Elective Courses: 12 Credit Hours

Students should select three of the following specialization courses. Course substitutions can be made with approval of adviser.

- ESE 6036 - Contemporary Issues in Secondary Education **3 Credit Hours**
- ESE 5344 - Managing the Secondary Classroom **3 Credit Hours**

Choose two:

- MAE 6337 - Teaching Algebra in the Secondary School **3 Credit Hours**
- MAE 6338 - Teaching Geometry in the Secondary School **3 Credit Hours**
- MAE 6641 - Problem Solving and Critical Thinking Skills **3 Credit Hours**
- MAE 6656 - Using Technology in the Instruction of K-12 Mathematics **3 Credit Hours**

Internship: 6 Credit Hours

- MAE 6946 - Graduate Internship (**6 Credit Hours** taken over two semesters***)

***The two semester requirement applies to on-the-job internships and most traditional internships. Traditional internships may be completed in one semester with advisor approval. The two-semester

internship must be completed over one academic year. One-semester traditional internships must be completed in spring.

Students should ensure that they meet all requirements for Graduate Internship.

- Complete EDG 6415 and TSL 5085 before first semester of internship.
- Overall graduate GPA must be 3.0 or higher.
- Passing scores on the appropriate Subject Area Examination and Professional Education Examination are required prior to admission to the second semester of graduate internship.
- Students must apply and be approved for graduate internship. Deadline dates and applications are available through the Office of Clinical Experiences at <http://www.education.ucf.edu/clinicaexp/>
- Satisfactory completion of the Graduate Internship requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices at the beginning level in accordance with State Board of Education Rule 6A-5.065.

Culminating Experience: 3 Credit Hours

- ESE 6256 - Critical Issues in Secondary Education **1-3 Credit Hours**

Additional Program Requirements

- Complete all key assignments in Via according to program guidelines. This requires demonstration of professional growth, reflection, and proficiency in the Florida Educator Accomplished Practices.
- Pass all required sections of the Florida Teacher Certification Examination.
- Students are recommended to have 18 credit hours of mathematics course work to be prepared to take the subject area exam in Middle Grades Mathematics for grades 5-9. If students have difficulty passing the subject area examination, content-based coursework will be recommended. It is important to see an adviser if courses are difficult to schedule in content areas.

Equipment Fee

Students in the Master of Arts in Teacher Education program pay a \$64 equipment each semester that they are enrolled. Part-time students pay \$32 per semester.

Independent Learning

The MAT requires a portfolio of both reflective practice/analysis of professional development and demonstration of attainment for all of the Florida Educator Accomplished Practices (FEAPs). Multiple artifacts and reflective analysis are required for each of the accomplished practices. All portfolio entries are critical components of learning since they are the primary means of accessing the professional development of students as reflective practitioners. Via by Watermark is required for the portfolio. In addition, an internship is required.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Passing score on all four parts of the Florida Teacher Certification Examination/General Knowledge Test (FTCE/GKT) OR a competitive score on the Graduate Record Exam (GRE) score. This program does not require GRE for admission, but in accordance with Florida Statute 1004.4 and State Board of Education Rule 6A-5.066, admission to this graduate-level, state-approved initial teacher preparation program requires demonstrating mastery of general knowledge.
- **UPDATE:** In order to demonstrate mastery of general knowledge, Graduate Record Exam test administrations conducted **on or after July 1, 2015**, may be used as an acceptable means of demonstrating a mastery of general knowledge. A minimum passing score on a GRE subtest in an applicable general knowledge content area, as defined in the table below, will satisfy the requirement of demonstrating a mastery of general knowledge for the applicable general knowledge content area.

FTCE GKT SUBTEST	GRE SUBTEST	MINIMUM GRE SCORE R SUBSTITUTE FOR GK
GK Writing Subtest (Essay)	GRE Analytical Writing	A combined score of 4 out of 6
GK English Language Subtest Skills	GRE Verbal Reasoning	A scaled score of 151
GK Reading Subtest	GRE Verbal Reasoning	A scaled score of 151

GK Mathematics Subtest	GRE Quantitative Reasoning	A scaled score of 147
------------------------	----------------------------	-----------------------

- **NOTE:** Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBR 6A-4.002).

- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

- To align with current student standards and, therefore, be acceptable to satisfy educator requirements, a passing score on an examination identified in state board rule must have been earned during the ten (10) years immediately preceding application and qualification for a certificate, unless otherwise stipulated in relevant statute or rule.

Students may not switch from an MAT program to an MEd program, or vice versa, without going through the university's application process.

For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Teacher Education MAT, Science Education-Chemistry Track

College: Community Innovation and Education	Degree: MAT
Department: School of Teacher Education	Option: Nonthesis
Program Website: https://ccie.ucf.edu/teachered/secondaryed/science-education/	

Track Description

The Teacher Education MAT, Science Education - Chemistry program is a state-approved initial teacher preparation program for students seeking certification to teach Chemistry in grades 6-12, including students previously certified to teach in another field. This Teacher Education MAT, Science Education-Chemistry Track has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Teacher-Ed-Science-Ed-Chemistry-MAT.pdf>.

The Master of Arts in Teaching is a state-approved initial teacher preparation program that is subject to any change in the Florida Administrative Code (State Board of Education Rule 6A-5.066). Students enrolled in this program should remain in close contact with their adviser to keep informed of any program changes implemented to comply with new state requirements.

Students in the Mathematics Education and Science Education tracks may be eligible for Teacher Education Assistance for College and

Higher Education (TEACH) grant. Please see education.ucf.edu/teach_grad.cfm for more information.

Curriculum

The Teacher Education MAT, Science Education - Chemistry program requires a minimum of 39 credit hours beyond the bachelor's degree. The program is a secondary (grades 6-12) program for noneducation majors at the undergraduate level or teachers previously certified in another field.

The MAT requires an online portfolio of both reflective practice/analysis of professional development and demonstration of attainment of the beginning level of performance for all Florida Educator Accomplished Practices (FEAPs). Multiple artifacts and reflective analysis are required for each of the accomplished practices. All portfolio entries are critical components of learning since they are the primary means of accessing the professional development of students as reflective practitioners. In addition, an internship is required.

All teacher education candidates are required to complete Via™ by Watermark requirements before being certified for graduation. Via™ by Watermark access is required for the portfolio. See <http://ccie.ucf.edu/explore-via/>

Total Credit Hours Required: 39 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 18 Credit Hours

Core: 12 Credit Hours

*Must be taken in the first semester in the program.

**Must be taken prior to internship.

- EDG 6415 - Principles of Instruction and Classroom Management **3 Credit Hours** **
- EDF 6727 - Critical Analysis of Social, Ethical, Legal, and Safety Issues Related to Education **3 Credit Hours**
- EDF 6237 - Principles of Learning and Introduction to Classroom Assessment **3 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours** **

Methods: 6 Credit Hours

- LAE 5496 - Disciplinary Literacy in the Content Areas **3 Credit Hours**
- SCE 5337 - Issues and Methods in Secondary School Science **3 Credit Hours**

Elective Courses: 12 Credit Hours

- ESE 5344 - Managing the Secondary Classroom **3 Credit Hours**
- ESE 6036 - Contemporary Issues in Secondary Education **3 Credit Hours**

Electives approved by advisor: 6 credits

Internship: 6 Credit Hours

- SCE 6946 - Graduate Internship (**6 Credit Hours**, taken over two semesters *******)

*******The two semester requirement applies to on-the-job internships and most traditional internships. Traditional internships may be completed in one semester with advisor approval. The two-semester internship must be completed over one academic year. One-semester traditional internships must be completed in spring.

Students should ensure that they meet all requirements for Graduate Internship.

- Complete EDG 6415 and TSL 5085 before first semester of internship.
- Overall graduate GPA must be 3.0 or higher.
- Passing scores on the appropriate Subject Area Examination and Professional Education Examination are required prior to admission to the second semester of graduate internship.
- Students must apply and be approved for graduate internship. Deadline dates and applications are available through the Office of Clinical Experiences at <http://www.education.ucf.edu/clinicalexp/>
- Satisfactory completion of the Graduate Internship requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices at the beginning level in accordance with State Board of Education Rule 6A-5.065.

Culminating Experience: 3 Credit Hours

- ESE 6256 - Critical Issues in Secondary Education **1-3 Credit Hours**

Additional Program Requirements

- Complete all key assignments in Via according to program guidelines. This requires demonstration of professional growth, reflection, and proficiency in the Florida Educator Accomplished Practices.
- Pass all required sections of the Florida Teacher Certification Examination.
- Students are recommended to have 30 credit hours science course work to be prepared to take the subject area exam in Chemistry for grades 6-12. If students have difficulty passing the subject area

examination, content-based coursework will be recommended. It is important to see an adviser if courses are difficult to schedule in content areas.

Equipment Fee

Students in the Master of Arts in Teacher Education program pay a \$64 equipment each semester that they are enrolled. Part-time students pay \$32 per semester.

Independent Learning

The MAT requires a portfolio of both reflective practice/analysis of professional development and demonstration of attainment of the beginning level of performance for all Florida Educator Accomplished Practices (FEAPs). Multiple artifacts and reflective analysis are required for each of the accomplished practices. All portfolio entries are critical components of learning since they are the primary means of accessing the professional development of students as reflective practitioners. Via by Watermark is required for the portfolio. In addition, an internship is required.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Passing score on all four parts of the Florida Teacher Certification Examination/General Knowledge Test (FTCE/GKT) OR a competitive score on the Graduate Record Exam (GRE) score. This program does not require GRE for admission, but in accordance with Florida Statute 1004.4 and State Board of Education Rule 6A-5.066, admission to this graduate-level, state-approved initial teacher preparation program requires demonstrating mastery of general knowledge.
- **UPDATE:** In order to demonstrate mastery of general knowledge, Graduate Record Exam test administrations conducted **on or after July 1, 2015**, may be used as an acceptable means of demonstrating a mastery of general knowledge. A minimum passing score on a GRE subtest in an applicable general knowledge content area, as defined in the table below, will satisfy the requirement of demonstrating a mastery of general knowledge for the applicable general knowledge content area.

FTCE GKT SUBTEST	GRE SUBTEST	MINIMUM GRE SCORE R SUBSTITUTE FOR GK
GK Writing Subtest (Essay)	GRE Analytical Writing	A combined score of 4 out of 6
GK English Language Subtest Skills	GRE Verbal Reasoning	A scaled score of 151
GK Reading Subtest	GRE Verbal Reasoning	A scaled score of 151
GK Mathematics Subtest	GRE Quantitative Reasoning	A scaled score of 147

• NOTE: Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBR 6A-4.002).

• Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

• To align with current student standards and, therefore, be acceptable to satisfy educator requirements, a passing score on an examination identified in state board rule must have been earned during the ten (10) years immediately preceding application and qualification for a certificate, unless otherwise stipulated in relevant statute or rule.

Students may not switch from an MAT program to an MEd program without going through the university's application process.

Application Deadlines

Science Education-Chemistry	*Fall Priority	Fall
Domestic Applicants	Jan 15	Jul 1
International Applicants	Jan 15	Jan 15

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Program Website: https://ccie.ucf.edu/teachered/k-12/world-languages-education/	

Track Description

The Teacher Education MAT, World Languages Education program is an initial teacher preparation program for students seeking

certification to teach World Languages in grades K-12, including students previously certified to teach in another field. The new World Languages Education Track in the Teacher Education MAT is currently seeking Florida Department of Education state-approval to offer the degree with multiple languages options, as is already state-approved at the undergraduate level.

The Master of Arts in Teaching is subject to any change in the Florida Administrative Code (State Board of Education Rule 6A-5.066). Students enrolled in this program should remain in close contact with their adviser to keep informed of any program changes implemented to comply with new state requirements.

The Teacher Education MAT, World Languages Education Track has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Teacher-Ed-Art-MAT-June2020.pdf>.

Curriculum

The Teacher Education MAT, World Languages Education requires a minimum of 39 credit hours beyond the bachelor's degree. The program is a K-12 program for noneducation majors at the undergraduate level or teachers previously certified in another field.

The MAT requires an online portfolio of both reflective practice/analysis of professional development and demonstration of attainment of the beginning level of performance for all Florida Educator Accomplished Practices (FEAPs). Multiple artifacts and reflective analysis are required for each of the accomplished practices. All portfolio entries are critical components of learning since they are the primary means of accessing the professional development of students as reflective practitioners. In addition, an internship is required.

All teacher education candidates are required to complete Via™ by Watermark requirements before being certified for graduation. Via™ by Watermark access is required for the portfolio. See <http://ccie.ucf.edu/explore-via/>

Total Credit Hours Required: 39 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 39 Credit Hours

Core: 12 Credit Hours

*Must be taken in the first fall semester in the program.

**Must be taken prior to internship.

- EDG 6415 - Principles of Instruction and Classroom Management **3 Credit Hours** **
- EDF 6237 - Principles of Learning and Introduction to Classroom Assessment **3 Credit Hours**
- EDF 6727 - Critical Analysis of Social, Ethical, Legal, and Safety Issues Related to Education **3 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours** **

Specialization: 18 Credit Hours

- FLE 5345 - Teaching World Languages in K-12 Schools **3 Credit Hours**
- RED 5147 - Developmental Reading **3 Credit Hours**
- TSL 5525 - ESOL Cultural Diversity **3 Credit Hours**
- TSL 6143 - Curriculum and Instruction in Dual Language Programs **3 Credit Hours**
- TSL 6250 - Applied Linguistics in ESOL **3 Credit Hours**
- TSL 6440 - Assessment Issues in TESOL **3 Credit Hours**

Internship: 6 Credit Hours

- FLE 6946 - Graduate Internship (**6 Credit Hours** taken over two semesters***)
 ***The two semester requirement applies to on-the-job internships and most traditional internships. Traditional internships may be completed in one semester with advisor approval. The two-semester internship must be completed over one academic year. One-semester traditional internships must be completed in spring.

Students should ensure that they meet all requirements for Graduate Internship.

- Complete EDG 6415 and TSL 5085 before first semester of internship.
- Overall graduate GPA must be 3.0 or higher.
- Passing scores on the appropriate Subject Area Examination and Professional Education Examination are required prior to admission to the second semester of graduate internship.
- Students must apply and be approved for graduate internship. Deadline dates and applications are available through the Office of Clinical Experiences at <http://www.education.ucf.edu/clinicalexp/>
- Satisfactory completion of the Graduate Internship requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices at the beginning level in accordance with State Board of Education Rule 6A-5.065.

Culminating Experience: 3 Credit Hours

- ESE 6256 - Critical Issues in Secondary Education 1-3
Credit Hours

Additional Program Requirements

- Complete all key assignments in Via according to program guidelines. This requires demonstration of professional growth, reflection, and proficiency in the Florida Educator Accomplished Practices.
- Pass all required sections of the Florida Teacher Certification Examination. Choose Spanish K-12 or French K-12.
- Students are recommended to have 30 credit hours of language course work (Spanish or French) to be prepared to take the subject area exam in Spanish or French for grades K-12. If students have difficulty passing the subject area examination, content-based coursework will be recommended. It is important to see an adviser if courses are difficult to schedule in content areas.

Equipment Fee

Students in the Master of Arts in Teacher Education program pay a \$64 equipment fee each semester that they are enrolled. Part-time students pay \$32 per semester.

Independent Learning

The MAT requires an online portfolio of both reflective practice/analysis of professional development and demonstration of attainment of the beginning level of performance for all Florida Educator Accomplished Practices (FEAPs). Multiple artifacts and reflective analysis are required for each of the accomplished practices. All portfolio entries are critical components of learning since they are the primary means of accessing the professional development of students as reflective practitioners. Via™ by Watermark is required for the portfolio. In addition, an internship is required.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.

- Passing score on all four parts of the Florida Teacher Certification Examination/General Knowledge Test (FTCE/GKT) OR a competitive score on the Graduate Record Exam (GRE) score. This program does not require GRE for admission, but in accordance with Florida Statute 1004.4 and State Board of Education Rule 6A-5.066, admission to this graduate-level, state-approved initial teacher preparation program requires demonstrating mastery of general knowledge.
- UPDATE: In order to demonstrate mastery of general knowledge, Graduate Record Exam test administrations conducted on or after July 1, 2015, may be used as an acceptable means of demonstrating a mastery of general knowledge. A minimum passing score on a GRE subtest in an applicable general knowledge content area, as defined in the table below, will satisfy the requirement of demonstrating a mastery of general knowledge for the applicable general knowledge content area.

**FTCE GKT SUBTEST GRE SUBTEST MINIMUM GRE SCORE
REQUIRED TO SUBSTITUTE FOR GK SUBTEST**

GK Writing Subtest (Essay) GRE Analytical Writing A combined score of 4 out of 6

GK English Language Subtest Skills GRE Verbal Reasoning A scaled score of 151

GK Reading Subtest GRE Verbal Reasoning A scaled score of 151

GK Mathematics Subtest GRE Quantitative Reasoning A scaled score of 147

- NOTE: Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBR 6A-4.002).

- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

- To align with current student standards and, therefore, be acceptable to satisfy educator requirements, a passing score on an examination identified in state board rule must have been earned during the ten (10) years immediately preceding application and qualification for a certificate, unless otherwise stipulated in relevant statute or rule.

Students may not switch from an MAT program to an MEd program, or vice versa, without going through the university's application process. Courses used to gain initial state certification may not be transferred into an MEd program.

Application Deadlines

World Languages Education with ESOL Endorsement	*Fall Priority	Fall
Domestic Applicants	Jan 15	Jul 1
International Applicants	Jan 15	Jan 15

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Teaching English to Speakers of Other Languages (TESOL) MA

College: Arts and Humanities	Degree: MA
Department: Modern Languages and Literatures	Option: Thesis, Nonthesis
Program Websites: https://mll.cah.ucf.edu/languages/english/	
Graduate Program Handbook	

Program Description

The Master of Arts in Teaching English to Speakers of Other Languages (TESOL) provides students a strong foundation in language acquisition, use, and pedagogy.

We offer our students a strong foundation in theory with numerous opportunities for gaining practical teaching experience and developing individual research agendas.

Our program supports study abroad opportunities with a focus on service learning in numerous countries, including Spain, Mexico, and China.

Our successful graduates have received Fulbright English Teaching Assistant scholarships, English Language Fellowships, and obtained positions teaching overseas and here in the United States. Our faculty work hard to support our students as they develop their scholarship and teaching skills in preparation for a successful career in TESOL.

Because UCF offers a PhD in Education with a specialty in TESOL, students can begin their TESOL career at the undergraduate level and continue to a terminal degree at the doctoral level here on campus. We also offer an undergraduate TEFL Certificate, a graduate TEFL Certificate, and the Florida ESOL Endorsement.

Our professors have diverse research interests and thrive on working with students to develop their professionalism in the field. Current research trends in the department include vocabulary, assessment, community engagement, Russian ESOL, and sociolinguistics.

This graduate program is proud to partner with the Peace Corps Paul D. Coverdell Fellows Program to provide returning volunteers an opportunity to expand their education.

Curriculum

The Teaching English to Speakers of Other Languages MA program requires 30-36 credit hours beyond the bachelor's degree dependent on whether students select a thesis or nonthesis option. The thesis option consists of 30 credit hours that includes 24 credit hours of core courses, 3 credit hours of electives, and 3 credit hours of TSL 6971 - Thesis. The nonthesis option requires 36 semester hours and includes 24 semester hours of core courses and 12 semester hours of electives. All students, both thesis and nonthesis, must take a written final comprehensive examination covering the core TSL courses.

Total Credit Hours Required: 30-36 Credit Hours Minimum beyond the Bachelor's Degree

Most students complete the nonthesis option so that they can focus more on coursework related to specific aspects of TESOL, pedagogy, or education. The thesis option is appropriate for those students wishing to research current issues in the discipline or eventually pursue a doctoral program in TESOL or related language field. By

the end of the second semester, students wishing to pursue the thesis option should speak with the program director to seek approval and a recommendation for a thesis committee chairperson.

Our courses are focused on theory into practice and, therefore, often have a service-learning, practical, or applied project as an integral part of the curriculum. The TSL 6640 Research in Second Language is required and should be taken in the first semester of study. A final cumulative course, TSL 6642 - Issues in Second Language Acquisition, is also required. TSL 5325 will help students prepare for their comprehensive exam.

All students must take a comprehensive written examination covering the core TSL courses. This examination is normally taken in the last semester of graduate work and will be reviewed by members of the TESOL Graduate Committee. A student may take the comprehensive examination only twice, and a second examination will not be given in the same semester in which the first attempt occurred.

Required Courses—24 Credit Hours

Eight required core courses provide a strong foundation in the content of the discipline.

- TSL 5525 - ESOL Cultural Diversity **3 Credit Hours**
- TSL 6142 - Critical Approaches to ESOL **3 Credit Hours**
- TSL 6250 - Applied Linguistics in ESOL **3 Credit Hours**
- TSL 6350 - Grammar for ESOL Teachers **3 Credit Hours**
- TSL 6440 - Assessment Issues in TESOL **3 Credit Hours**
- TSL 6642 - Issues in Second Language Acquisition **3 Credit Hours**
- TSL 6640 - Research in Second Language **3 Credit Hours**

- TSL 5345 - Methods of ESOL Teaching **3 Credit Hours**
or
- TSL 6940 - ESOL Practicum **3 Credit Hours**

Elective Courses—3 Credit Hours

All students must take at least 3 credit hours of electives. Electives provide for three distinct areas of interest: TESOL, linguistics, and multicultural education. Students take their elective credit in one of these areas depending on their interests.

TESOL

- TSL 5325 - ESOL Strategies **3 Credit Hours**
- TSL 5380 - Computers and Technology for ESOL **3 Credit Hours**
- TSL 5376 - Reading and Writing in a Second Language **3 Credit Hours**

- TSL 5940 - Issues in TEFL **3 Credit Hours**
- TSL 6252 - Sociolinguistics for ESOL **3 Credit Hours**
- TSL 5601 - Second Language Vocabulary Learning **3 Credit Hours**
- TSL 5907 - Directed Independent Study **3 credit hours**
- TSL 6374 - TESOL Listening, Speaking and Pronunciation **3 Credit Hours**

Linguistics

- LIN 5137 - Linguistics **3 Credit Hours**

Multicultural Education and Pedagogy

- EDF 6886 - Multicultural Education **3 Credit Hours**
- TSL 6940 - ESOL Practicum **3 Credit Hours**
- EDH 6305 - Teaching and Learning in Colleges and Universities **3 Credit Hours**
- SPA 6474 - Assessment and Management of Culturally and Linguistically Diverse Populations **3 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours**
- ENC 5276 - Theory and Practice of Tutoring Writing **3 Credit Hours**
- ENC 5705 - Approaches to Teaching College Composition **3 Credit Hours**

Research

- EDF 6401 - Statistics for Educational Data **3 Credit Hours**

Thesis Option—3 Credit Hours

- TSL 6971 - Thesis **VAR Credit Hours**

Nonthesis Option—9 Credit Hours

Nonthesis students must take an additional 9 credit hours of electives from the list of electives above.

Independent Learning

All students in the program are required to take TSL 6640 - Research in Second Language and TSL 6642 - Issues in Second Language Acquisition. Both classes have as a final project a research paper that organizes and summarizes knowledge in a chosen area of study. All classes in the program require a research paper/project allowing students to engage in independent learning.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended. Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from **World Education Services (WES)** or **Josef Silny and Associates, Inc.** only.
- Two letters of recommendation
- Resume
- Background questionnaire
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from **World Education Services (WES)** or **Josef Silny and Associates, Inc.** only. For international students, the GPA calculation must equal a minimum 3.0/4.0 to be considered for admission to UCF.

Admission to the UCF MATESOL program is competitive, and meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/academic goals, and the applicant's potential for completing the degree. We strongly recommend that applicants submit their applications and all materials well before the published due dates.

Application Deadlines

Teaching English to Speakers of Other Languages MA	*Fall Priority	Fall
Domestic Applicants	Jan 15	Jul 1
International Applicants	Jan 15	Jan 15

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. Theatre MA

College: Arts and Humanities	Degree: MA
Department: School of Performing Arts	Option: Thesis
Program Websites: http://performingarts.cah.ucf.edu/study/#theatregrad/	
Graduate Program Handbook	

Program Description

The Master of Arts in Theatre provides developing theatre scholars, high school teachers and community college teachers the opportunity to strengthen skills and knowledge of theatre beyond the undergraduate level.

MA students will graduate with a deeper knowledge of theatre theory, history and practice and be able to apply critical thinking through research and creative work. MA students will develop dramaturgical skills through their work on productions while also understanding how to apply theoretical frames to their own creative practice.

MA students typically pursue a variety of goals: increasing specific theatrical skills, extending theatre skills into new areas, preparing for entrance into doctoral Theatre programs, or in the case of educators, expanding their expertise and credentials. Students may be admitted on either a full-time or part-time basis.

Curriculum

The Master of Arts in Theatre program offers a rigorous course of study of 39 credit hours minimum, culminating in the writing of a scholarly thesis. Of the 39 credit hours required for the degree, 30 credit hours are required core courses with the other 9 credit hours chosen from a specified list of elective Theatre courses offered by the School.

Total Credit Hours Required: 39 Credit Hours Minimum beyond the Bachelor's Degree

Candidates must demonstrate the ability to understand the conceptual basis of their art and to be able to articulate that understanding to others. In addition to their theoretical studies, MA students are also required to demonstrate proficiency in theatrical production. **Students are expected to select either Theatre Studies or Musical Theatre as their concentration when applying for the program. Please note that the Theatre MA, Musical Theatre concentration may be completed fully online/remotely, although not all elective options or program prerequisites may be offered online.**

Students must maintain a minimum "B" (3.00) overall Theatre GPA to continue in the major. Fifty percent of graduate course work must be at the 6000 level. Theatre courses with grades of less than "C" will not be counted toward degree requirements. Continuation in the MA program requires a positive annual evaluation. All graduate students must consult with an area adviser. All MA students must successfully complete a written thesis. The thesis proposal must be approved in advance.

Required Courses—21 Credit Hours

Core—6 Credit Hours

- THE 5910 - Research Methods in Theatre **3 Credit Hours**
- THE 5945L - Theatre Practicum I **1 Credit Hours**
- THE 5946L - Theatre Practicum II **1 Credit Hours**
- THE 6947L - Theatre Practicum III **1 Credit Hours**

Theatre Studies Concentration—15 Credit Hours

- THE 6507 - Dramatic Theory and Criticism **3 Credit Hours**

- THE 5205 - American Theatre **3 Credit Hours**
- TPA 5405 - Theatre Management **3 Credit Hours**
- THE 6086C - Careers in Professional Theatre **3 Credit Hours**
- THE 5307 - Contemporary Theatre Practice **3 Credit Hours**

Musical Theatre Concentration—15 Credit Hours

- THE 6308 - Script and Score Analysis **3 Credit Hours**
- TPP 6344 - Musical Theatre Directing **3 Credit Hours**
- TPP 5754 - Musical Theatre Voice I **2 Credit Hours**
- TPP 6755 - Musical Theatre Voice II **2 Credit Hours**
- THE 6756 - Methods of Teaching Drama **3 Credit Hours**
- TPP 5554C - Musical Theatre Dance I **2 Credit Hours**
- THE 6918 Directed Research **1 Credit Hour**
- TPP 6933 - Acting Studio V **2 Credit Hours**

Elective Courses - 9 Credit Hours

Other graduate-level courses may be permitted with school approval.

Theatre Studies Concentration

Other graduate-level courses may be permitted with school approval.

- TPA 5345C - 2D Computer Assisted Design for Theatre **2 Credit Hours**
- TPA 5346C - 3D Modeling for Theatre **2 Credit Hours**
- THE 5288 - Period Costumes, Architecture and Decor I **3 Credit Hours**
- THE 5289 - Period Costumes, Architecture and Decor II **3 Credit Hours**
- TPA 5885C - Puppetry **2 Credit Hours**
- TPP 5248C - Storytelling as a Theatrical Art Form **2 Credit Hours**
- THE 6756 - Methods of Teaching Drama **3 Credit Hours**
- THE 5385 - Dramatic Literature for Children **3 Credit Hours**
- TPA 5085C - Design Seminar for Theatre **2 Credit Hours**
- TPP 6247 - Theatre for Social Change **3 Credit Hours**

Musical Theatre Concentration

Other graduate-level courses may be permitted with school approval.

- THE 5237 - Cultural Diversity in Theatre **3 Credit Hours**
- THE 5425 - Women in Theatre **3 Credit Hours**
- THE 5215 - Global Theatre **3 Credit Hours**
- THE 6908 Independent Study **3-6 Credit Hours**
- THE 5205 - American Theatre **3 Credit Hours**

- THE 5288 - Period Costumes, Architecture and Decor I **3 Credit Hours**
- THE 5289 - Period Costumes, Architecture and Decor II **3 Credit Hours**
- THE 5307 - Contemporary Theatre Practice **3 Credit Hours**
- THE 5385 - Dramatic Literature for Children **3 Credit Hours**
- THE 6507 - Dramatic Theory and Criticism **3 Credit Hours**
- TPA 5085C - Design Seminar for Theatre **2 Credit Hours**
- TPA 5345C - 2D Computer Assisted Design for Theatre **2 Credit Hours**
- TPA 5346C - 3D Modeling for Theatre **2 Credit Hours**
- TPA 5405 - Theatre Management **3 Credit Hours**
- TPA 5885C - Puppetry **2 Credit Hours**

- TPP 6247 - Theatre for Social Change **3 Credit Hours**

Examination

A comprehensive Theatre exam is administered to MA majors at the end of their course work. The department allows two attempts at a comprehensive exam.

Transfer and Residency

Students without an earned master's degree can usually transfer up to 9 semester hours of credit into this program. A minimum of 30 credits must be taken at the University of Central Florida. Students must complete a residency requirement of at least two full-time consecutive semesters. A summer session may be counted toward the two consecutive semester requirement.

Independent Learning

A thesis is required.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- BA or BFA in Theatre or equivalent.
- A 3.0 Theatre GPA.
- An interview is required.
- 5-10 page academic paper.
- Goals statement.
- An 8 X 10 headshot.
- Three letters of recommendation.
- Complete the general entrance prerequisites.

General Entrance Prerequisites—Students applying for entrance into the MA program must have successfully completed the

following undergraduate courses or their equivalent: Script Analysis or Play Analysis, Theatre History or Dramatic Literature, Directing I.

Each student entering the program must be approved by the Graduate Committee of the Department of Theatre in the School of Performing Arts.

Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Theatre MA	*Fall Priority	Fall
Domestic Applicants	Jan 15	Mar 1
International Applicants	Jan 15	Jan 15
*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.		

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Travel Technology and Analytics MS ►

Colleges: Engineering and Computer Science and Hospitality Management
Department: Civil, Environmental, and Construction Engineering
Program Website:

Program Description

The interdisciplinary Master of Science in Travel Technology and Analytics, offered jointly by the College of Engineering and Computer Science (Departments of Computer Science; Industrial Engineering and Management Systems; Civil, Environmental, and Construction Engineering) and the Rosen College of Hospitality Management (Departments of Tourism, Events, and Attractions; Hospitality Services), introduces graduate students to the technical aspects of big data analytics, including predictive analytics, algorithm design and models for SMART-cities, SMART-technologies and travel systems, and service systems quality engineering, in the specific context of global travel and tourism. The value and importance of such a program is demonstrated by travel and tourism and is the number one industry globally with immense economic, social, cultural and environmental impacts. Locally, the program promises to deliver significant value for the industry benefitting from a large number of visitors to the state and especially central Florida.

This powerful industry with \$8.3 trillion in economic benefits globally, which functions at the intersection of engineering and management, is being transformed by rapidly increasing technological innovations and advances and is adapting to these changes by creating new employment opportunities to match. The dynamic nature of the industry and technological advances reveal the need for a workforce with advanced skills: fluency in data science and analytics, understanding of complex travel systems, strategic problem solving, big-picture thinking, technical knowledge, and practical skills aligned with technological advances. The changing nature of travel and tourism employment reveals emerging positions in areas of online travel agencies [OTA], global distribution systems [GDS], data analytics, data architecture, predictive analytics, mobile devices, travel apps, geolocation, data visualization, data translation, programming, interface design, virtual reality [VR], augmented reality [AR], hologram technology, travel click technology, business

intelligence [BI], social media management, SMART-city design and development, and SMART-technologies and travel systems. The broader travel industry and its subsectors (transportation, lodging, and attractions) are experiencing the disruptive effects of direct and indirect distribution impacted by mobile devices, e-commerce, role of IT in distribution and dynamic pricing, and a highly perishable inventory (e.g., hotel rooms, airline seats) as well as those of artificial intelligence (AI) and machine learning and becoming increasingly more dependent on analytics as a key facet of business strategy.

Highlights:

- Academically-rich, industry-relevant interdisciplinary program
- Flexible course offerings in face-to-face, mixed and online modalities
- Offered at UCF's main campus and UCF's Rosen College of Hospitality Management campus
- Exponential industry growth locally, regionally, nationally and globally
- Cutting edge curriculum with a strong STEM foundation
- Research opportunities in both colleges
- Skills found highly desirable by industry leaders ranging from the local to the international level

Please note: Travel Technology and Analytics MS may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The program will be 30 credits (18 core/required and 12 electives). There will be no thesis requirement, however, a semester-long applied capstone project (involving industry and approved by the program director) will be required. The program will provide employable technical skills including the development of algorithms, discrete choice models, service systems quality engineering, machine learning, digital marketing, and big data management, and computer systems to extract insight from big data. The foregoing will be appropriately contextualized within the global travel industry and its trajectory toward increasing technological innovations that continue to drive the industry. The curriculum includes six (6) required

courses that ensure that students have skills in algorithms and statistical techniques for extracting information in addition to awareness of the global travel and tourism industry including. Although courses can generally be taken in any order, the first two (2) required (co-requisite) courses serve as pre-requisites for all remaining courses in the program.

Total Credit Hours Required: 30 Credit Hours Minimum beyond the Master's Degree

Required Courses—18 Credit Hours

Co-requisite Courses - HMG 6710 and HMG 6449

- HMG 6449 - Smart Travel and Tourism **3 Credit Hours**
- HMG 6710 - International Tourism Management **3 Credit Hours**
- ESI 6261 - Service System Quality Engineering **3 Credit Hours**
- TTE 6667 - Discrete Choice Modeling in Transportation **3 Credit Hours**
- TTE 6608 - Algorithms and Models for Smart Cities **3 Credit Hours**
- TTE 6910 - Travel Technology and Analytics Capstone Course **3 Credit Hours**

Electives—12 Credit Hours

Students completing the required courses will take four electives from a set of 16 courses that provide more depth and specialization.

Tourism and Hospitality Courses

Choose two courses from the list below:

- HMG 6291 - Hospitality Entrepreneurship: Concept Creation to Capitalization **3 Credit Hours**
- HMG 6446 - Hospitality/Tourism Information Technology **3 Credit Hours**
- HMG 6466 - Applied Revenue Management Techniques in Hospitality **3 Credit Hours**
- HMG 6556 - Digital Marketing and Big Data Management for Hospitality and Tourism **3 Credit Hours**
- HMG 6565 - Social Media in Hospitality and Tourism **3 Credit Hours**
- HMG 6566 - Principles of Destination Marketing and Management **3 Credit Hours**
- HMG 6585 - Data Analysis in Hospitality and Tourism Research **3 Credit Hours**
- HMG 6738 - Tourism Industry Analysis **3 Credit Hours**

- HMG 6251 - The Management of Lodging Operations 3
Credit Hours
- HMG 6347 - Contemporary Issues in the Resort Industry 3
Credit Hours

Technology Courses

Choose two courses from the list below.

- CAP 5610 - Machine Learning 3 **Credit Hours**
- CNT 5008 - Computer Communication Networks
Architecture 3 **Credit Hours**
- COP 5711 - Parallel and Distributed Database Systems 3
Credit Hours
- COP 6526 - Parallel and Cloud Computation 3 **Credit Hours**
- CGN 6655 - Regional Planning, Design, and Development 3
Credit Hours
- EIN 5117 - Management Information Systems I 3 **Credit
Hours**
- ESI 6224 - Quality Management 3 **Credit Hours**
- ESI 6225 - Quality Design and Control 3 **Credit Hours**

Optional Elective Courses

- STA 5703 - Data Mining Methodology I 3 **Credit Hours**
- STA 6704 - Data Mining Methodology II 3 **Credit Hours**
- STA 5206 - Statistical Analysis 3 **Credit Hours**
- STA 6714 - Data Preparation 3 **Credit Hours**

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

A Bachelor's degree in a STEM-related discipline from an accredited institution. Depending on the degree completed, one or more prerequisite courses may be required, namely: STA 2023 (Statistical methods) and STA 3032 (Probability and Statistics for Engineers) or CAP 4630 (Artificial Intelligence).

- One official transcript (in a sealed envelope) from each college/university attended.
- A goal statement. This is your opportunity to outline in 500 words why you wish to join the program, what you think you will contribute

to the program, and how you feel the program will enhance you both personally and professionally in the future.

- Updated résumé.
- Three letters of recommendation.
- The GRE/GMAT is not required, however, the Admissions Committee may ask for the GRE/GMAT to strengthen a candidate's application package.
- Applicants applying to this program whose completed Bachelor's degree is from a college/university outside the U.S. must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are only accepted from World Education Services (WES) or Josef Silny & Associates, Inc.
- A computer-based TOEFL score of 220 or 80 on the internet-based TOEFL is required if an applicant is from a country where English is not the official language, or if an applicant's degree is not from an accredited U.S. institution, or if an applicant did not earn a degree in a country where English is the official language or a university where English is the official language of instruction. Although we prefer the TOEFL, we will accept IELTS scores of 6.5.

Application Deadlines

Travel Technology and Analytics MS	*Fall Priority	Fall
Domestic Applicants	Jan 15	Jul 1
International Applicants	Jan 15	Jan 15

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded to highly qualified students based on academic merit. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more

information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what students should do to be considered for a fellowship.

Urban and Regional Planning MS

College: Community Innovation and Education

Department: School of Public Administration

Program Website: <https://ccie.ucf.edu/public-administration/urban-regional-planning/>

Graduate Program Handbook

Program Description

The Master of Science in Urban and Regional Planning program is designed to produce graduates with the analytical skills and managerial knowledge to pursue successful careers in urban, metropolitan, and regional planning and closely related fields.

Students will receive an interdisciplinary, holistic educational experience emphasizing sustainability and socially responsible planning.

Curriculum

The Master of Science in Urban and Regional Planning consists of 42 credit hours. Each student completes a core of nine courses (27 credit hours), restricted elective courses (9 credit hours), and a Capstone project (6 credit hours).

The Master of Science in Urban and Regional Planning (MSURP) program is a face-to-face program. While some courses are offered online, students admitted to the MSURP program are expected to attend face-to-face classes offered weeknights on the downtown campus. The MSURP also incorporates community-based projects into most courses. Group projects are intended to develop leadership abilities while also providing an opportunity to show students are capable of working as part of a team. Group projects promote important intellectual and social skills and help to prepare students for work in a world in which teamwork and collaboration are increasingly the norms.

Courses and credit hours used for undergraduate degrees cannot be applied toward the MSURP degree, except for Senior Scholar students. UCF undergraduate students approved to participate in

the Senior Scholar program may, with the permission of the MSURP program director, use up to 9 credit hours of graduate coursework from their bachelor's degree toward the MSURP degree. However, no undergraduate-level courses will be accepted in the MSURP program.

Total Credit Hours Required: 42 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 42 Credit Hours

Core: 27 Credit Hours

- PAD 5336 - Introduction to Urban Planning **3 Credit Hours**
- PAD 5337 - Urban Design **3 Credit Hours**
- PAD 5338 - Land Use and Planning Law **3 Credit Hours**
- PAD 5356 - Managing Community and Economic Development **3 Credit Hours**
- PAD 6316 - Planning Methods **3 Credit Hours**
- PAD 6353 - Environmental Planning and Policy **3 Credit Hours**
- PAD 6387 - Transportation Policy **3 Credit Hours**
- PAD 6716 - Information Systems for Public Managers and Planners **3 Credit Hours**
- PAD 5930 - Global Cities **3 Credit Hours**

Capstone or Final Product: 6 Credit Hours

The final product will be a studio experience for six credit hours.

Students work in teams for the final product in the planning degree program under the supervision of a faculty adviser. Students work closely with community partners in conducting an applied planning project. Part of the capstone experience is a presentation of their final project.

- IDS 6953 - Urban and Regional Planning Capstone I **3 Credit Hours**
- IDS 6954 - Urban and Regional Planning Capstone II **3 Credit Hours**

Planning Electives: 9 Credit Hours

- PAD 6847 - Planning Healthy Communities **3 Credit Hours**
- PAD 6920 - Visualization and Presentation Workshop for Urban Planners **3 Credit Hours**
- PAD 6397 - Managing Emergencies and Crises **3 Credit Hours**
- PAD 6254 - Economics of Land Use Planning and Development **3 Credit Hours**

- PAD 6339 - Housing Development and Planning **3 Credit Hours**
- PAD 6357 - Urban Resilience **3 Credit Hours**
- PAD 6946 - Internship **3 Credit Hours**
- URP 6711 - Sustainable Transportation Planning **3 Credit Hours**
- PAD 6826 - Urban Policy and Regional Governance **3 Credit Hours**

Internship

Students without practical administrative experience in the public sector are strongly advised to complete an internship (3 credit hours).

- PAD 6946 - Internship **3 Credit Hours**

Additional Program Requirements

Students must achieve a grade of "B-" (80%) or higher in every course listed under core requirements and in the Capstone Experience courses.

Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

The School of Public Administration incorporates service learning into some courses. Service learning is a teaching method that provides a means for every student to enhance his or her academic program with experiential learning opportunities. Service learning provides an opportunity for students to work with community partners by collecting and compiling data and producing quality products that will be beneficial to both students and organizations.

Students are expected to be computer literate and have computer internet access upon entry to the program.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Tangible projects, such as research scholarly papers, internships, and the Capstone/Final Project also contribute to the self-development of students. The planning study in the Capstone/Final Project will focus on reviewing and analyzing contemporary planning issues in order to help students acquire knowledge and skills pertaining to best practices in a variety of planning subfields. The Capstone/Final Project provides opportunities for independent learning experience.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to meeting general UCF graduate application requirements, applicants to this program must provide:

- An official transcript meeting the minimum GPA requirement of 3.0 (on a 4.0 scale), in a sealed envelope, from each college/university attended.
- Two letters of recommendation evaluating scholarly and professional capacity. Letters from professors from the colleges/universities attended are preferred, but if that is not feasible, letters from current or past supervisors will be accepted. The recommender must address your work ethic and ability to succeed at graduate-level academic work.
- Current professional résumé including experience in the field (paid or voluntary).
- Goal Statement: The goal statement is a key component of the admission review process and serves as an example of the applicant's ability to express himself or herself in writing. The goal statement must be no longer than two pages double-spaced (500-800 words) and should address the following: Personal background and career aspirations in urban and regional planning. Reason for pursuing graduate study in urban and regional planning, including future career goals and plans. Specific areas of the urban and regional planning of interest to the applicant.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- All International students must meet university minimum TOEFL score requirements regardless of the language in which the undergraduate program was completed.

A limited number of students who do not meet the GPA requirements may be admitted on a provisional basis. These students must demonstrate planning experience and provide a clear statement of education goals.

Application Deadlines

Urban and Regional Planning MS	*Fall Priority	Fall	Spring
Domestic Applicants	Jan 15	Jun 1	Nov 1
International Applicants	Jan 15	Jan 15	Jul 1

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date. **Spring Domestic deadline**

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Certificate

Academic Advising Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: Educational Leadership and Higher Education	
Program Website: https://ccie.ucf.edu/elhe/higher-education/	

Program Description

The academic advising graduate certificate prepares professionals entering the field of academic advising to expand their knowledge of topics relevant to academic advising. Topics include learning theory, student development theory, retention theories,

diversity issues, career development, and leadership in higher education. All students will complete a practical internship. The program also provides a benefit to practicing academic advisors, administrators and faculty interested in becoming more knowledgeable in these areas.

Curriculum

To receive the certificate, students must complete the 16 credit hours of graduate course work.

Total Credit Hours Required: 16 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—6 Credit Hours

Students will complete two required courses:

- EDH 6047 - Theories of College Student Development **3 Credit Hours**
- EDH 6105 - Retention Strategies in Colleges and Universities **3 Credit Hours**

Elective Courses—9 Credit Hours

Students will complete their choice of three electives:

- EDH 6081 - Contemporary Issues in Colleges **3 Credit Hours**
- EDH 6204 - Leadership in College Organizations **3 Credit Hours**
- EDH 6305 - Teaching and Learning in Colleges and Universities **3 Credit Hours**
- SDS 6347 - Career Development **3 Credit Hours**

Internship

Students will complete a 1 credit hour internship (15-20 hours) in an advising office or position approved by the faculty advisor.

EDH 6946 - Internship

The literature on the subject of advising and retention concludes that college student success improves when college students make progress toward educational and career goals and when they are satisfied with the quality of educational programs, services, and environment. The changing structure of the university, the addition of faculty and the growing number of program and degree offerings demand more academic advisors.

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Application Deadlines

Academic Advising Graduate Certificate	*Fall Priority	Fall	Spring	S
Domestic Applicants		Jul 1	Dec 1	A
International Applicants				

*Applicants who plan to enroll full time in a degree program and who wish to be considered for assistantships should apply by the Fall Priority date.

Adult-Gerontology Acute Care Nurse Practitioner Graduate Certificate

College: Nursing

Department: Nursing

Program Websites: <http://www.nursing.ucf.edu>

Graduate Program Handbook

Program Description

The Adult-Gerontology Acute Care Nurse Practitioner post-master's certificate prepares the advanced practice nurse to care for patients with medically complex stable and unstable acute, critical and chronic illnesses across care settings ranging from hospitals to subacute, ambulatory care, clinic and home care environments. The certificate provides a spectrum of care from disease prevention to acute and critical care management.

The curriculum prepares students for both the AGACNP board certification examination administered through the American Nurses Credentialing Center and the Acute Care Nurse Practitioner-Adult-Gerontology certification examination administered through the American Association of Critical Care Nurses. For more information on how this program may prepare you in that regard, please visit <https://nursing.ucf.edu/academics/graduate-certificates/agacnp/#faqs> and <https://apq.ucf.edu/files/Licensure-Disclosure-Adult-Gerontology-Acute-Care-GC.pdf>.

Curriculum

The Adult-Gerontology Acute Care Nurse Practitioner graduate certificate prepares nurses who have already completed their graduate education for entry-level advanced practice in acute care. The program prepares graduates to enter the current healthcare system based on a strong scientific foundation for practice. The curriculum offers flexibility and emphasis on evidence-based practice, leadership and organizational analysis, and provides analytic, critical thinking, and diagnostic reasoning skills to examine practice innovations. The certificate requires 23 credit hours beyond the master's degree.

Total Credit Hours Required: 23 Credit Hours Minimum beyond the Master's Degree

Prerequisites

- NGR 5003 - Advanced Health Assessment and Diagnostic Reasoning **2 Credit Hours**
- NGR 5003L - Advanced Health Assessment and Diagnostic Reasoning Lab **1 Credit Hours**
- NGR 5141 - Pathophysiological Bases for Advanced Nursing Practice **3 Credit Hours**
- NGR 6172 - Pharmacology for Advanced Nursing Practice **3 Credit Hours**
- NGR 5638 - Health Promotion **3 Credit Hours**

Required Courses—23 Credit Hours

- NGR 6210 - Adult-Gerontology Acute Care Nurse Practitioner I **3 Credit Hours**
- NGR 6230L - Diagnostics and Skills for the Critically Ill **2 Credit Hours** (120 clinical hours)
- NGR 6211 - Adult-Gerontology Acute Care Nurse Practitioner II **3 Credit Hours**
- NGR 6211L - Adult-Gerontology Acute Care Nurse Practitioner II Clinical **3 Credit Hours** (180 clinical hours)
- NGR 6175 - Critical Care Pharmacology **3 Credit Hours**
- NGR 6212 - Adult-Gerontology Acute Care Nurse Practitioner III **3 Credit Hours**
- NGR 6212L - Adult-Gerontology Acute Care Nurse Practitioner III Clinical **3 Credit Hours** (180 clinical hours)
- NGR 6215L - Adult-Gerontology Acute Care Nurse Practitioner Practicum **3 Credit Hours** (180 clinical hours)

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Admission is open to those with MSN Degrees and are licensed as an advanced practice registered nurse, but who are not prepared as Adult-Gerontology Acute Care Nurse Practitioners. In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- BSN and MSN degree from an accredited institution.
- Undergraduate Statistics course.
- Licensure as an advanced registered nurse practitioner in the State of Florida. (Out of state applicants must be eligible for licensure in Florida and must achieve licensure to begin clinical courses.)

- Current certification as an advanced cardiac life support (ACLS) and basic life support (BLS) provider.
- Address the following 3 items in a written essay. Responses to questions should not exceed 500 words, double-spaced, 12 point Times New Roman font, and 1-inch margins:
 - Describe your future career plans and how the program to which you are applying will help you achieve your career goals.
 - Describe the changes you would make in your personal and professional life to ensure success in your graduate nursing education.
 - Identify one significant contemporary issue or problem in U.S. healthcare and explore how members of the nursing profession can help address that issue or solve that problem
 - Curriculum Vitae which reflects prior education, clinical accomplishments, any recent scholarly work (publications and presentations), awards, additional certifications, and activities with professional organizations.
 - Requires 3 professional recommendations.
 - An interview with faculty may also be required.

Before submitting your application, it is recommended that applicants call the College of Nursing Graduate Office at 407-823-2744 to schedule an appointment with an adviser to discuss your goals for graduate study. It is advantageous to discuss the program before writing the required essay because the essay must address your goals for post-master's preparation for advanced nursing practice.

Upon admission to the program, the student will be required to complete FDLE/FBI fingerprinting and certified background checks, and health screening. Students must be able to meet clinical partner background requirements to continue in the program.

The College of Nursing uses a student information management system, LEAP*RN (Project Concert). This database houses information regarding plans of study, clinical placements, clinical hours, logs, and evaluation data to assist in maintaining standards required for CCNE accreditation, facilitate student progression, and enhance clinical tracking. Students will need to access LEAP*RN for clinical course requirements, course evaluations, and portfolios. Upon graduation, students will continue to have no-cost access to their information. All students will be responsible for a one-time subscription of \$150 per degree program payable at <https://secure.projectconcert.com/ucf> and due prior to registering for first semester courses. If students register for courses prior to paying the subscription, a "hold" service indicator will be placed to prevent future enrollment and other progression functions.

Adult-Gerontology Clinical Nurse Specialist Graduate Certificate

College: Nursing

Department: Nursing

Program Websites: <http://www.nursing.ucf.edu>

Program Description

This program has been temporarily suspended effective Spring 2014.

The post-master's Clinical Nurse Specialist Adult-Gerontology Certificate prepares nurses who already have received a master's degree in nursing for positions as Clinical Nurse Specialists.

Curriculum

The program is 18 credit hours and includes up to 540 hours of clinical practice. There are 15 credit hours of prerequisite/co-requisite requirements.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Master's Degree

Prerequisites or Co-requisites—15 Credit Hours

Students must demonstrate successful completion of the following courses:

- NGR 5003 - Advanced Health Assessment and Diagnostic Reasoning **2 Credit Hours**
- NGR 5003L - Advanced Health Assessment and Diagnostic Reasoning Lab **1 Credit Hours**
- NGR 5141 - Pathophysiological Bases for Advanced Nursing Practice **3 Credit Hours**
- NGR 5720 - Organizational Dynamics **3 Credit Hours**
- NGR 6172 - Pharmacology for Advanced Nursing Practice **3 Credit Hours**
- NGR 6874 - Nursing Environment Management **3 Credit Hours**

Required Courses—18 Credit Hours

In addition, students must successfully complete all of the following Clinical Nurse Specialist Adult-Gerontology Track courses:

- NGR 6265 - Adult/Gerontology CNS I **3 Credit Hours**
- NGR 6265L - Adult/Gerontology CNS I Clinical **3 Credit Hours** (180 clinical hours)
- NGR 6266 - Adult/Gerontology CNS II **3 Credit Hours**
- NGR 6266L - Adult/Gerontology CNS II Clinical **3 Credit Hours** (180 clinical hours)
- NGR 6267 - Adult/Gerontology CNS III **3 Credit Hours**
- NGR 6267L - Adult/Gerontology CNS III Clinical **3 Credit Hours** (180 clinical hours)

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- BSN and MSN degree from an accredited institution.
- Undergraduate Statistics course.
- Licensure as a registered nurse in the State of Florida. (Out of state applicants must be eligible for licensure in Florida and must achieve RN licensure to begin clinical courses.)
- Address the following 3 items in a written essay. Total word count for all (not each) answers should be 500 words or less, double spaced, 12 point Times New Roman font, and 1 inch margins:
 - Describe how your professional experiences have prepared you for future education in the role which is the focus of your desired track.
 - Describe your plans to alter your work, professional and/ or personal obligations in order to have the time needed for graduate course and clinical practice work.
 - Identify one significant contemporary issue/ problem in the US Health care system and explore how members of the nursing profession can help address that issue or solve that problem.
- Curriculum Vitae which reflects prior education, recent clinical accomplishments, any recent scholarly work (publications and presentations), awards, additional certifications, and activities with professional organizations. For recent graduates this can include accomplishments as a student.
- An interview with faculty may also be required.

Adult-Gerontology Primary Care Nurse Practitioner Graduate Certificate

College: Nursing

Department: Nursing

Program Websites: <http://www.nursing.ucf.edu>

Graduate Program Handbook

Program Description

The post-master's Adult/Gerontology Primary Care Nurse Practitioner Graduate Certificate prepares nurses who already have received a master's degree in nursing for positions as Adult/Gerontology Primary Care Nurse Practitioners. Graduates of

this program are eligible to sit for the Adult-Gerontology Primary Care Nurse Practitioner (AGPCNP) National Board Certification Examination offered by the American Academy of Nurse Practitioners Certification Board or the American Nurses Credentialing Center.

Program Objectives

- Analyze social, economic, ethical, cultural, legal and political issues influencing nursing practice and health care in a global context.
- Collaborate with leaders in nursing and other disciplines to improve the quality of professional nursing practice and the healthcare system.
- Develop and implement leadership, management and teaching strategies for the improvement of health and healthcare.
- Develop practice models of evidence-based nursing practice incorporating nursing research.
- Influence health and public policy to improve the health of communities.
- Participate in lifelong learning activities.
- Participate in research and disseminate research findings through presentation and publication.
- Synthesize advanced knowledge from the sciences, humanities and nursing theories to support advanced nursing practice.
- Plan, evaluate and implement the delivery of health care using critical thinking skills.
- Practice in an advanced nursing role.

For information on how this program may prepare you for professional licensure, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-Adult-Gerontology-Primary-Care-GC.pdf>.

Curriculum

The program is 18 credit hours and includes up to 660 hours of clinical practice. There are 12 credit hours of prerequisite requirements.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Master's Degree

Prerequisite Courses—12 Credit Hours

Students must demonstrate successful completion of the following courses:

- NGR 5003 - Advanced Health Assessment and Diagnostic Reasoning **2 Credit Hours**
- NGR 5003L - Advanced Health Assessment and Diagnostic Reasoning Lab **1 Credit Hours** (60 clinical hours)

- NGR 5141 - Pathophysiological Bases for Advanced Nursing Practice **3 Credit Hours**
- NGR 6172 - Pharmacology for Advanced Nursing Practice **3 Credit Hours**
- NGR 5638 - Health Promotion **3 Credit Hours**

Required Courses—19 Credit Hours

In addition, students must successfully complete all of the following DNP Adult-Gerontology Primary Care Nurse Practitioner Track courses:

- NGR 6334 - Women's Health for APNs **2 Credit Hours**
- NGR 6201 - Adult I Primary Care **3 Credit Hours**
- NGR 6240L - Adult I Clinical for APNs **3 Credit Hours** (180 clinical hours)
- NGR 6263 - Gerontologic Care for APNs **3 Credit Hours**
- NGR 6263L - Gerontologic Care Clinical for NPs **2 Credit Hours** (120 clinical hours)
- NGR 6202L - Adult II Primary Care Clinical **3 Credit Hours**
- NGR 6248L - Family Nurse Practitioner/Adult-Gero Nurse Practitioner Practice Practicum **3 Credit Hours** (180 clinical hours)

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Admission is open to those with MSN Degrees and are licensed as an advanced practice registered nurse, but who are not prepared as Adult-Gerontology Primary Care Nurse Practitioners. In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- BSN and MSN degree from an accredited institution.
- Undergraduate Statistics course.
- Licensure as an advanced practice registered nurse (APRN) in the State of Florida. (Out of state applicants must be eligible for licensure in Florida and must achieve licensure to begin clinical courses.)
- Address the following 3 items in a written essay. Responses to questions should not exceed 500 words, double-spaced, 12 point Times New Roman font, and 1-inch margins:
- Describe your future career plans and how the program to which you are applying will help you achieve your career goals.

- Describe the changes you would make in your personal and professional life to ensure success in your graduate nursing education.
- Identify one significant contemporary issue or problem in U.S. healthcare and explore how members of the nursing profession can help address that issue or solve that problem
- Curriculum Vitae which reflects prior education, clinical accomplishments, any recent scholarly work (publications and presentations), awards, additional certifications, and activities with professional organizations.
- Requires 3 professional recommendations.
- An interview with faculty may also be required.

Before submitting your application, it is recommended that applicants call the College of Nursing Graduate Office at 407-823-2744 to schedule an appointment with an adviser to discuss your goals for graduate study. It is advantageous to discuss the program before writing the required essay because the essay must address your goals for post-master's preparation for advanced nursing practice.

Upon admission to the program, the student will be required to complete FDLE/FBI fingerprinting and certified background checks, and health screening. Students must be able to meet clinical partner background requirements to continue in the program.

The College of Nursing uses a student information management system, LEAP*RN (Project Concert). This database houses information regarding plans of study, clinical placements, clinical hours, logs, and evaluation data to assist in maintaining standards required for CCNE accreditation, facilitate student progression, and enhance clinical tracking. Students will need to access LEAP*RN for clinical course requirements, course evaluations, and portfolios. Upon graduation, students will continue to have no-cost access to their information. All students will be responsible for a one-time subscription of \$150 per degree program payable at <https://secure.projectconcert.com/ucf> and due prior to registering for first semester courses. If students register for courses prior to paying the subscription, a "hold" service indicator will be placed to prevent future enrollment and other progression functions.

Advanced Quantitative Methodologies in Educational and Human Sciences Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: Learning Sciences and Educational Research	
Program Website: https://ccie.ucf.edu/methodology-measurement-and-analysis/	

Program Description

The Advanced Quantitative Methodologies in Educational and Human Sciences graduate certificate provides advanced coursework for admitted UCF doctoral students and post-docs from any discipline to use quantitative data to answer complex research problems with sophisticated statistical procedures.

The coursework for the Advanced Quantitative Methodologies in Educational and Human Sciences certificate is broad-based enough to be useful for anyone interested in advancing their research and quantitative statistical skills, including students in other UCF colleges and local community service providers (e.g., evaluators, data analysts).

Curriculum

The graduate certificate in Advanced Quantitative Methodologies in Educational and Human Sciences requires 12 credit hours of courses selected from a list of approved courses.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Master's Degree

Required Courses—12 Credit Hours

Select four of the following courses.

- EDF 7405 - Quantitative Methods II **3 Credit Hours**
- EDF 7406 - Multivariate Statistics in Education **3 Credit Hours**
- EDF 7410 - Application of Nonparametric and Categorical Data Analysis in Education **3 Credit Hours**
- EDF 7415 - Latent Variable Modeling In Education **3 Credit Hours**
- EDF 7427 - Psychometrics **3 Credit Hours**
- EDF 7474 - Multilevel Data Analysis In Education **3 Credit Hours**
- EDF 7488 - Monte Carlo Simulation Research in Education **3 Credit Hours**

Application Requirements

Admission is open to those with a master's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Aging Studies Graduate Certificate

College: Health Professions and Sciences	Degree: CRT
---	--------------------

Department: School of Social Work

Program Websites: <https://healthprofessions.ucf.edu/socialwork/>

Program Description

This program will not be accepting applications or enrolling new students effective Fall 2010.

The Graduate Certificate in Aging Studies is designed to prepare individuals presently employed in the aging field to increase their knowledge of the special needs of our elderly citizens.

Graduate students who are enrolled in health sciences, psychology, social work, nursing, communication sciences and disorders, or sociology, as well as in other areas, such as liberal arts, music education, physical education, or art education, will find the certificate valuable. The mission of the aging studies certificate is to prepare individuals from diverse disciplines to address the physiological, psychological, sociological, environmental, cultural, legal-ethical, and public policy dynamics inherent in the lives of older adults.

Curriculum

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Required Course—3 Credit Hours

- GEY 5648 - Gerontology: An Interdisciplinary Approach **3 Credit Hours**

Elective Courses—12 Credit Hours

* Physical Therapy majors only

Select four courses from the following.

- GEY 5600 - Physiology of Aging **3 Credit Hours**
- GEY 5007 - Women and Healthy Aging **3 Credit Hours**
- NGR 5690 - Interdisciplinary Care at End-of-Life **3 Credit Hours**
- PHT 6374C - Geriatric Physical Therapy **2 Credit Hours** *
- SOW 6938 - Interventions with the Elderly and Their Families **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Anatomical Sciences Graduate Certificate

College: Health Professions and Sciences	Degree: CRT
Department: Kinesiology and Physical Therapy	
Program Websites: https://healthprofessions.ucf.edu/graduate/	

Program Description

The Anatomical Sciences Graduate Certificate provides students with coursework to become an effective anatomist in higher education fields related to health and medical sciences. The program provides a depth of understanding of the anatomical sciences and substantial hands-on experience in the gross anatomy laboratory. The amount and level of coursework offers students the rigorous training to develop distinct expertise in anatomy knowledge, dissection technique, and instruction requisite for careers as an anatomist in health or medical science education.

Curriculum

The graduate certificate in Anatomical Sciences requires a minimum of 20 credit hours of courses. This consists of four core courses (18 credit hours) plus one elective course (2-4 credit hours).

Total Credit Hours Required: 20 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 18 credit hours

All four courses must be completed.

- PHT 6115C - Gross Anatomy/Neuroscience I **6 Credit Hours**
- PHT 6118C - Gross Anatomy/Neuroscience II **6 Credit Hours**
- PHT 6510 - Administration of Anatomical Sciences Laboratory **3 Credit Hours**
- PHT 6119L - Seminar in Anatomical Sciences Techniques **3 Credit Hours**

Elective Courses: 2-4 credit hours

Students must choose at least one of the following courses (minimum 2 credits).

- BSC 5665 - Clinical Embryology and Congenital Malformations **3 Credit Hours**
- PET 6335 - Functional Anatomy and Kinesiology **3 Credit Hours**
- PET 6388 - Cardiovascular Physiology **3 Credit Hours**
- PHT 5125 - Clinical Kinesiology **2 Credit Hours**
- PHT 6306 - Pathology in Rehabilitation **2 Credit Hours**
- ZOO 5758C - Vertebrate Histology **4 Credit Hours**
- ANG 5525C - Human Osteology **4 Credit Hours**
- ANG 6520C - Advanced Human Osteology **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution recognized by UCF. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Admission is open to those who have completed a graduate program in Physical Therapy, Occupational Therapy, or other related health or medical science-related discipline. Alternatively, those with a Bachelor's degree from a regionally accredited institution and have earned a GPA of at least 3.5 in the following pre-requisite coursework will be considered:

Pre-requisites

- Anatomy or Anatomy and Physiology (8 credits total with labs)
- Physics (8 credits total with labs)
- Biology (6 credits minimum)
- Chemistry (6 credits minimum)

Application Deadlines

Applied Behavior Analysis Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: School of Teacher Education	
Program Website: https://ccie.ucf.edu/teachered/exceptional-student-education/	

Program Description

The Graduate Certificate in Applied Behavior Analysis (ABA) is housed within the Special Education program in the School of Teacher Education. The ABA graduate certificate program is designed to provide specialized coursework for students in Education, Psychology, Communication Disorders, and related fields. The program fulfills the coursework requirements of the Behavior Analyst Certification Board®, fourth edition task list.

The ABA Certificate does not directly certify individuals in Applied Behavior Analysis; however, it can be listed as a Graduate Certificate in ABA as part of one's credentials. Completion of the certificate meets the coursework requirements for eligibility for National Board Certification as a Behavior Analyst.

This program has potential ties to state-regulated professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Applied-Behavior-Analysis-GC.pdf>.

Curriculum

The Graduate Certificate in Applied Behavior Analysis requires 18 credit hours.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Master's Degree.

Prerequisite or Corequisite—3 Credit Hours

- EEX 6612 - Methods of Behavioral Management **3 Credit Hours**

Required Courses—18 Credit Hours

- EEX 6608 - Concepts and Principles in Applied Behavior Analysis **3 Credit Hours**
- EEX 6619 - Advanced Behavior Analysis **3 Credit Hours**
- EEX 6618 - Single Case Research Methodology **3 Credit Hours**
- EEX 6668 - Radical Behaviorism **3 Credit Hours**
- EEX 6669 - Supervision and Personnel Management in Applied Behavior Analysis **3 Credit Hours**
- EEX 6747 - Ethics and Legal Issues in Applied Behavior Analysis **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution or those currently enrolled in or possessing a master's degree in education, psychology, or a related field. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline. The Applied Behavior Analysis Graduate Certificate program admits twice per year in the fall and summer terms only.

This program can only accommodate a limited number of students; therefore, there is a possibility of being denied admission even when all criteria are met.

Individuals seeking national certification through the Behavior Analysis Certification Board (BACB) must obtain a master's degree in applied behavior analysis, education, psychology, or a related field; complete acceptable graduate coursework, complete a defined period of supervised practical experience and apply for the national board certification exam. For more information please visit the following website: <https://www.bacb.com/bcba/bcba-requirements/>.

Applied Operations Research Graduate Certificate ►

College: Engineering and Computer Science	Degree: CRT
Department: Industrial Engineering and Management Systems	
Program Websites: http://iems.ucf.edu/	

Program Description

This program has suspended admissions effective Fall 2020 including online.

The Graduate Certificate in Applied Operations Research prepares individuals with an overview and hands-on experience of Operations Research (OR) tools.

The Graduate Certificate in Applied Operations Research is designed to prepare individuals with an overview of Operations Research (OR) tools, develop competence in modeling programs and provide practice and hands-on experience. OR models and solution techniques provide a powerful arsenal for solving complex resource allocation and management problems. OR has been used to solve many of the scheduling, distribution, staffing and design problems in the industry. As more powerful desktop computers and software become available, the potential to apply OR models and methods to such problems will grow.

Please note: Applied Operations Research Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

For the Applied Operations Research certificate, students complete three required courses and one elective course, for a total of 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—9 Credit Hours

- ESI 5219 - Engineering Statistics **3 Credit Hours**
- ESI 5306 - Operations Research **3 Credit Hours**
- ESI 5531 - Discrete Systems Simulation **3 Credit Hours**

Elective Course—3 Credit Hours

Choose one of the following three courses.

- ESI 6336 - Queueing Systems **3 Credit Hours**
- ESI 6358 - Decision Analysis **3 Credit Hours**
- ESI 6418 - Linear Programming and Extensions **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree in industrial engineering or a closely related discipline from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc only.

Applications are accepted for the fall and spring terms only.

Application Deadlines

Applied Operations Research Graduate Certificate	*Fall Priority	Fall	S

Applied Photonics Graduate Certificate ► ◆

College: Optics and Photonics	Degree: CRT
Department: Optics and Photonics	
Program	
Websites: https://www.creol.ucf.edu/academics/graduate/	

Program Description

The Applied Photonics Graduate Certificate is designed to provide working professionals with knowledge and training in applied photonics to enhance their career opportunities and meet their current responsibilities.

The certificate program compliments their technical backgrounds in science and engineering with the basic principles and applications of photonics engineering in fiber communication systems, lasers, medicine, and aerospace and defense photonics.

Please note: Applied Photonics Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/licensure-programs/>.

Curriculum

For the Applied Photonics certificate, students complete two required courses and two elective courses, for a total of 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 6 Credit Hours

- OSE 5414 - Fundamentals of Optoelectronic Devices **3 Credit Hours**
- OSE 6111 - Optical Wave Propagation **3 Credit Hours**

Elective Courses: 6 Credit Hours

Choose two of the following five courses.

- OSE 5525 - Laser Engineering **3 Credit Hours**
- OSE 6143 - Fiber Optics Communication System **3 Credit Hours**
- OSE 6421 - Integrated Photonics **3 Credit Hours**
- OSE 6474 - Fundamentals Optical Fiber Communications **3 Credit Hours**
- OSE 6536 - Semiconductor Lasers **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree in electrical engineering, physics, or a closely related discipline from an accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must **apply online**. All requested materials must be submitted by the established deadline.

In addition, applicants to this certificate must provide:

Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from **World Education Services (WES)** or **Josef Silny and Associates, Inc** only.

Applications are accepted for the fall and spring terms only.

Autism Spectrum Disorders Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: School of Teacher Education	
Program Website: https://ccie.ucf.edu/teachered/exceptional-student-education/	

Program Description

The Graduate Certificate in Autism Spectrum Disorders (ASD) provides additional training for professionals with a specific focus on knowledge, skills, and competencies for working with students with ASD.

The program is composed of four graduate courses that can be incorporated into a master's program of study in Exceptional Student Education or taken as an add-on to an undergraduate or graduate degree. Each course includes a field-based component. Students may complete field-based assignments in their own classrooms or schools if they serve students with ASD. There are also opportunities to complete these assignments at Project ASD demonstration sites.

The Autism Spectrum Disorders (ASD) graduate certificate program is state-approved by the Florida Department of Education as meeting requirements for adding an ASD endorsement to existing teacher certification (Administrative Rule 6A-4.01796). The Autism Spectrum Disorders Graduate Certificate has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Autism-Spectrum-GC.pdf>.

Please note: Autism Spectrum Disorders Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted

students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

For the Autism Spectrum Disorders graduate certificate, students complete 12 credit hours of required courses.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—12 Credit Hours

*As per Graduate Certificate Program Policies, students may substitute electives as approved by the program director if they have already taken EEX 6297 and EEX 6246 in the Severe or Profound Disabilities Certificate.

- EEX 6246 - Nature of Autism: Theory and Educational Practice **3 Credit Hours**
- SPA 6437 - Communication Foundations and Assistive/Instruct Technology for Communication **3 Credit Hours**
- EEX 6297 - Assessment, Diagnosis, and Curriculum Prescriptions for Students with Autism **3 Credit Hours**
- EEX 6612 - Methods of Behavioral Management **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Application Deadlines

Autism Spectrum Disorders Graduate Certificate	*Fall Priority	Fall	S
Domestic Applicants		Jul 1	D
International Applicants			
*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Career Counseling Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: Counselor Education and School Psychology	
Program Website: https://ccie.ucf.edu/cesp/counseled/	

Program Description

The Graduate Certificate in Career Counseling is housed within the Counselor Education Program in the College of Community Innovation and Education. The certificate program is designed to provide advanced training to students in the Counselor Education program and for practicing counselors, therapists, student advisors and career coaches who want to provide career counseling or consultation services.

The certificate requires the completion of three graduate courses addressing foundations, theories, assessment, techniques, and applications of career counseling and development. SDS 6347 - Career Development and SDS 6622 - Career and College Readiness in Schools PK-12 are both prerequisites for the final capstone course, SDS 6308 - Applied Practice in Career Services. The fourth course is a graduate-level specialization elective in a specific academic discipline that can be taken at any point within the career certificate program.

Curriculum

The Graduate Certificate in Career Counseling requires 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 9 Credit Hours

- SDS 6347 - Career Development **3 Credit Hours**
- SDS 6622 - Career and College Readiness in Schools PK-12 **3 Credit Hours**
- SDS 6308 - Applied Practice in Career Services **3 Credit Hours**

Elective Course: 3 Credit Hours

Students may choose to specialize in a specific academic discipline or tailor their own areas of concentration.

- EDH 6635 - Organization and Administration of Higher Education **3 Credit Hours**
- MHS 6020 - Mental Health Care Systems **3 Credit Hours**
- MAN 6305 - Human Resources Management **3 Credit Hours**
- SDS 6620 - Coordination of Comprehensive Professional School Counseling Programs **3 Credit Hours**
- SOW 5305 - Social Work Practice I: Generalist Practice **3 Credit Hours**
- EDH 6081 - Contemporary Issues in Colleges **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Admission to the program is competitive on a space-available basis.

Clinical Nurse Leader Graduate Certificate

College: Nursing

Department: Nursing

Program Websites: <http://www.nursing.ucf.edu/>

Program Description

This program has been temporarily suspended effective Fall 2013.

The Clinical Nurse Leader Graduate Certificate prepares nurses who have a master's degree in nursing for positions as Clinical Nurse Leaders. Clinical Nurse Leaders are advanced educated nurses who function as clinical experts at the unit-based level.

Curriculum

The Clinical Nurse Leader certificate curriculum consists of advanced clinical courses as well as advanced clinical nursing leadership. The program requires 12 credit hours. There are 18 credit hours of prerequisite/corequisite requirements. Students gain 480 hours of clinical practice. Each 1 credit hour clinical course requires 60 hours of supervised clinical experience. The Internship/Residency requires 300 clinical hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Master's Degree

Prerequisite/Corequisite Courses: 18 Credit Hours

- NGR 5003 - Advanced Health Assessment and Diagnostic Reasoning **2 Credit Hours**
- NGR 5003L - Advanced Health Assessment and Diagnostic Reasoning Lab **1 Credit Hours**
- NGR 5141 - Pathophysiological Bases for Advanced Nursing Practice **3 Credit Hours**
- NGR 5638 - Health Promotion **3 Credit Hours**
- NGR 5720 - Organizational Dynamics **3 Credit Hours**
- NGR 6172 - Pharmacology for Advanced Nursing Practice **3 Credit Hours**
- NGR 6722 - Financial Management and Resource Development **3 Credit Hours**

Required Courses: 12 Credit Hours

- NGR 6105 - Management of Symptoms and Outcomes of Disease **3 Credit Hours**
- NGR 6773L - CNL Residency **3 Credit Hours** (300 clinical hours)
- NGR 6775L - CNL Resources and Outcomes **1 Credit Hours** (60 clinical hours)
- NGR 6777L - CNL Quality and Safety **1 Credit Hours** (60 clinical hours)
- NGR 6776L - CNL Advocacy and Education **1 Credit Hours** (60 clinical hours)
- NGR 6874 - Nursing Environment Management **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Cognitive Sciences Graduate Certificate

College: Arts and Humanities	Degree: CRT
Department: Philosophy	
Program Websites: https://philosophy.cah.ucf.edu/program/cognitive-sciences-grad-certifica	

Program Description

The Cognitive Sciences Graduate Certificate program focuses on the interdisciplinary study of cognitive systems. It integrates a diverse range of approaches to examining cognitive processes, investigating the structures that support and scaffold cognition, attempting to understand, model and construct cognitive systems, and philosophically examining the foundations and applications of the cognitive sciences. It also includes applications of these investigations to many areas of human endeavor, including technology design, communication, training, education and clinical settings.

The interdisciplinary program is founded on the belief that cognition is a complex range of phenomena that cannot be well understood from any single disciplinary perspective. Thus, the program includes core interdisciplinary courses on the Cognitive Sciences, as well as drawing from related courses from many areas including Communication Sciences and Disorders, Education, Engineering and Computer Science, Linguistics, Neuroscience, Philosophy and Psychology.

The Graduate Certificate in Cognitive Sciences is designed for students from diverse backgrounds who wish to: (i) deepen and broaden knowledge gained in a related bachelor's degree, (ii) prepare for master's or PhD programs in the cognitive sciences, or (iii) complement current study in UCF graduate programs related to the cognitive sciences.

Curriculum

The Cognitive Sciences Graduate Certificate requires 18 credit hours of courses, including 6 credit hours of required courses and 12 credit hours of elective courses selected from the approved list.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 6 Credit Hours

The program recommends that students complete these courses in the first year of the certificate.

- PHI 5327 - Topics in the Cognitive Sciences **3 Credit Hours**
- PHI 5340 - Research Methods in the Cognitive Sciences **3 Credit Hours**

Elective Courses: 12 Credit Hours

Core Courses: 9 Credit Hours

Choose at least 9 credit hours of elective courses from at least three of the following four Core Areas.

Language and Communication

- COM 6046 - Interpersonal Communication **3 Credit Hours**
- LIN 5137 - Linguistics **3 Credit Hours**
- SPA 6410 - Aphasia and Related Disorders **3 Credit Hours**
- SPA 6417 - Cognitive/Communicative Disorders **3 Credit Hours**
- TSL 6252 - Sociolinguistics for ESOL **3 Credit Hours**
- TSL 6250 - Applied Linguistics in ESOL **3 Credit Hours**

Artificial Intelligence and Modeling Cognition

- CAP 5636 - Advanced Artificial Intelligence **3 Credit Hours**
- CAP 6640 - Computer Understanding of Natural Language **3 Credit Hours**
- CAP 6671 - Intelligent Systems: Robots, Agents, and Humans **3 Credit Hours**
- EEL 6878 - Modeling and Artificial Intelligence **3 Credit Hours**
- EEL 6812 - Introduction to Neural Networks **3 Credit Hours**
- EEL 6875 - Autonomous Agents **3 Credit Hours**

Philosophy

- PHI 5225 - Philosophy of Language **3 Credit Hours**
- PHI 5325 - Topics in Philosophy of Mind **3 Credit Hours**
- PHI 5328 - Philosophies of Embodiment **3 Credit Hours**
- PHI 5329 - Philosophy of Neuroscience **3 Credit Hours**

Psychology and Neuroscience

- DEP 5057 - Developmental Psychology **3 Credit Hours**
- EXP 5208 - Sensation and Perception **3 Credit Hours**
- EXP 5256 - Human Factors I **3 Credit Hours**
- EXP 6255 - Human Performance **3 Credit Hours**
- EXP 6506 - Human Cognition and Learning **3 Credit Hours**
- PSB 5005 - Physiological Psychology **3 Credit Hours**
- ZOO 5745C - Neuroanatomical Pathways and their Neurotransmitters **4 Credit Hours**
- ZOO 5748C - Clinical Neuroanatomy **5 Credit Hours**
- ZOO 5749C - Clinical Neuroscience **5 Credit Hours**

Restricted Elective Courses: 3 Credit Hours

Choose up to one elective course either from the above Core Areas or from the following list:

- CAP 5415 - Computer Vision **3 Credit Hours**
- CAP 5610 - Machine Learning **3 Credit Hours**
- CAP 6676 - Knowledge Representation **3 Credit Hours**
- COM 6467 - Studies in Persuasion **3 Credit Hours**
- EDF 6141 - Human Intelligence **3 Credit Hours**
- EEL 5874 - Expert Systems and Knowledge Engineering **3 Credit Hours**
- EGI 6305 - Theory and Development of Creativity **3 Credit Hours**
- EIN 6258 - Human Computer Interaction **3 Credit Hours**
- EME 6601 - Instructional Simulation Design for Training and Education **3 Credit Hours**

- EME 6614 - Instructional Game Design for Training and Education **3 Credit Hours**
- EME 6646 - Instructional Game Design for Training and Education **3 Credit Hours**
- ENC 6740 - Topics in Rhetoric and Composition **3 Credit Hours** NOTE: Where topic is appropriate; topic should be cleared in advance with the Cognitive Sciences Certificate program director.
- EXP 6257 - Human Factors II **3 Credit Hours**
- EXP 6541 - Advanced Human Computer Interaction **3 Credit Hours**
- IDS 6504 - Adult Learning **3 Credit Hours**
- IDS 7657 - Professional Collaboration Around Language Issues **3 Credit Hours**
- SOP 5059 - Advanced Social Psychology **3 Credit Hours**
- SPA 6437 - Communication Foundations and Assistive/Instruct Technology for Communication **3 Credit Hours**

Note:

It is the policy of the College of Graduate Studies not to allow course substitutions for graduate certificate programs. All elective courses listed above have been approved for inclusion by the chair or director of the relevant program. However, it is the student's responsibility to ensure that all course prerequisites are met. Students without the appropriate prerequisites to courses will need to contact the instructor to inquire about the possibility of registration.

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Admission to the program is competitive on a space-available basis. Final admission is based on evaluation of the applicant's abilities, past performance and the applicant's potential for completing the certificate.

Application Deadlines

Cognitive Sciences Graduate Certificate	*Fall Priority	Fall
Domestic Applicants		Jul 1
International Applicants		

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

The U.S. Department of Education requires colleges to disclose a variety of information for any financial aid eligible program that "prepares students for gainful employment in a recognized occupation". The information provided in the link below is the best that is available to us. This information represents one year's data only, however, we hope that this information is helpful to current and prospective students, as you make your career and educational choices.

Collaborative Intervention Specialist Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: School of Teacher Education	
Program Website: https://ccie.ucf.edu/exceptional-student-education/	

Program Description

The Collaborative Intervention Specialist graduate certificate provides advanced coursework for educational leaders to use school-based and classroom instructional data to meet the instructional and intervention needs of all students, including at-risk and struggling students, beyond the typical, initial classroom instruction within a multi-tiered system of supports.

This certificate will provide an advanced, multi-disciplinary theoretical approach and applied knowledge base to experienced educators.

Coursework focuses on knowledge, skills and competencies for working with students within an intervention framework. The Collaborative Intervention Specialist certificate is multi-disciplinary and includes coursework in exceptional student education, school psychology, reading education, and math education. The graduate courses provide an opportunity for students to complete the Intervention Specialist certificate beyond the undergraduate degree. Should a student wish to earn a master's degree, the courses in the certificate could be applied to one of several Master of Education degree programs in the College of Community Innovation and Education.

Curriculum

The Intervention Specialist certificate requires four courses (12 credit hours total).

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

- EEX 6218 - Diagnostic Assessment and Intervention Planning in Exceptional Education **3 Credit Hours**
- SPS 6700 - Advanced Psychoeducation and Data-Based Decision Making **3 Credit Hours**
- SPS 5605 - Building and Improving Relationship and Emotional Intelligence **3 Credit Hours**
- EEX 6061 - Instructional Strategies Pre-K-6 **3 Credit Hours**

OR the following TWO courses in reading and mathematics interventions with the consent of advisor in lieu of SPS 5605 and EEX 6061.

- MAE 6517 - Diagnosis/Remediation of Difficulties in Mathematics for the Classroom Teacher **3 Credit Hours**
- RED 5517 - Classroom Diagnosis and Development of Reading Proficiencies **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Application Deadlines

Collaborative Intervention Specialist Graduate Certificate	*Fall Priority	Fall

College Teaching and Leadership Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: Education Leadership and Higher Education	
Program Website: https://www.ucf.edu/degree/college-teaching-and-leadership-certificate/	

Program Description

The College Teaching and Leadership Graduate Certificate prepares students to become campus leaders at all organizational levels of colleges, state colleges, and universities, as well as the college-level classroom.

The certificate consists of five graduate courses that cover all facets of community college education. The courses are available completely online in a web-based format.

Please note: College Teaching and Leadership Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

For the College Teaching and Leadership graduate certificate, students take 15 credit hours of required courses.

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—15 Credit Hours

- EDH 6053 - The Community College in America **3 Credit Hours**
- EDH 6081 - Contemporary Issues in Colleges **3 Credit Hours**
- EDH 6204 - Leadership in College Organizations **3 Credit Hours**
- EDH 6215 - The College Curriculum **3 Credit Hours**
- EDH 6305 - Teaching and Learning in Colleges and Universities **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Computer Forensics Graduate Certificate

College: Engineering and Computer Science	Degree: CRT
Department: Computer Science	
Program Websites: http://gccf.ucf.edu/	

Program Description

The Graduate Certificate in Computer Forensics provides a unique graduate training opportunity for those who deal directly or indirectly with digital evidence.

The National Center for Forensic Science (NCFS), the School of Electrical Engineering and Computer Science, and the Department of Chemistry jointly sponsor an interdisciplinary Graduate Certificate in Computer Forensics. This web-assisted certificate program provides a unique opportunity for graduate training to professionals and paraprofessionals who deal directly or indirectly with digital evidence, including law enforcement investigators, forensic laboratory analysts, lawyers and judges, and corporate computer security specialists. In addition, the Interdisciplinary Studies Program offers a Master of Science degree in Interdisciplinary Studies with a concentration in Computer Forensics, and the recently approved

Master of Science degree in Digital Forensics provides further graduate work in digital forensics.

Program Tracks

- Computer Forensics, Out of State Cohort Track Graduate Certificate

Curriculum

The Computer Forensics certificate requires four graduate courses (12 credit hours) in forensics study.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

- CHS 5504 - Topics in Forensic Science **3 Credit Hours**
- CHS 5518 - The Forensic Collection and Examination of Digital Evidence **3 Credit Hours** or
- CHS 5596 - The Forensic Expert in the Courtroom **3 Credit Hours**
- CGS 5131 - Computer Forensics I: Seizure and Examination of Computer Systems **3 Credit Hours**
- CNT 6418 - Computer Forensics II **3 Credit Hours**

Note:

A graduate-level digital evidence course approved by the graduate program director may be used to substitute for CGS 5131 or CNT 6418.

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Admission to the program is competitive on a space-available basis. Final admission is based on evaluation of the applicant's abilities, past performance and the applicant's potential for completing the certificate. Students interested in the Out of State Cohort/Track, must contact the program director, Sheau-Dong Lang, PhD, prior to applying.

Computer Forensics, Out of State Cohort Track Graduate Certificate

College: Engineering and Computer Science	Degree: CRT
Department: Computer Science	
Program Websites: http://gccf.ucf.edu/	

Track Description

This program track has been temporarily suspended effective Fall 2016.

The Graduate Certificate in Computer Forensics provides a unique graduate training opportunity for those who deal directly or indirectly with digital evidence.

The National Center for Forensic Science (NCFS), the School of Electrical Engineering and Computer Science, and the Department of Chemistry jointly sponsor an interdisciplinary Graduate Certificate in Computer Forensics. This out-of-state cohort track provides online training to professionals and paraprofessionals who deal directly or indirectly with digital evidence, including law enforcement investigators, forensic laboratory analysts, lawyers and judges, and corporate computer security specialists. Students in the out-of-state cohort program pay less than half of the regular out-of-state tuition.

Curriculum

The Computer Forensics certificate requires four graduate courses (12 credit hours) in forensics study.

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

- CHS 5504 - Topics in Forensic Science **3 Credit Hours**
- CHS 5518 - The Forensic Collection and Examination of Digital Evidence **3 Credit Hours** or
- CHS 5596 - The Forensic Expert in the Courtroom **3 Credit Hours**
- CGS 5131 - Computer Forensics I: Seizure and Examination of Computer Systems **3 Credit Hours**
- CNT 6418 - Computer Forensics II **3 Credit Hours**

Elective Courses: 3 Credit Hours

Choose one course from the following list:

- CIS 6207 - The Practice of Digital Forensics **3 Credit Hours**

- CAP 6133 - Advanced Topics in Computer Security and Computer Forensics **3 Credit Hours**

Cost Per Credit Hour

For the Computer Forensics Cohort Certificate, the cost per credit hour is \$333.*

*Fee is subject to change.

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Admission to the program is competitive on a space-available basis. Final admission is based on evaluation of the applicant's abilities, past performance and the applicant's potential for completing the certificate. Students interested in the Out of State Cohort/Track, must contact the program director, Sheau-Dong Lang, PhD, prior to applying.

Conflict Resolution and Analysis Graduate Certificate ► ◆

College: Community Innovation and Education	Degree: CRT
Department: https://ccie.ucf.edu/legalstudies/	
Program Website: https://ccie.ucf.edu/legalstudies/programs/	

Program Description

The graduate certificate in Conflict Resolution and Analysis provides a deeper understanding of the origins and root causes of conflict. Conflict is rampant in society, ranging from personal and workplace conflicts to global conflicts. Students will learn strategies for managing and resolving interpersonal and community conflicts, which are essential in the community and workplace. This certificate will be attractive to students planning to attend law school, legal professionals, social workers, law enforcement, business professionals, and those in education, to name a few.

Please note: Conflict Resolution and Analysis Graduate Certificate may be completed online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

This program is not open to international students. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The graduate certificate in Conflict Resolution and Analysis consists of three required courses and two elective courses for a total of 15 credit hours.

Total Credit Hours Required: 15 Credit Hours

Required Courses—6 Credit Hours

Students must satisfy the prerequisites for each course before enrolling in the class.

- PLA 6247 - Conflict Resolution Theory **3 Credit Hours**
and
- PLA 6515 - Understanding Human Behavior and Conflict **3 Credit Hours**

Electives—6 Credit Hours

Students must satisfy the prerequisites, if any, for each course before enrolling in the class. Choose two of the following courses.

- COM 6046 - Interpersonal Communication **3 Credit Hours**
or
- COM 6047 - Interpersonal Support in the Workplace **3 Credit Hours**
or
- COM 6145 - Organizational Communication **3 Credit Hours**
or
- COM 6425 - Symbolism in Terrorism **3 Credit Hours**
or
- COM 6463 - Studies in Intercultural Communication **3 Credit Hours**
or
- COM 6467 - Studies in Persuasion **3 Credit Hours**
or
- COM 6468 - Communication and Conflict **3 Credit Hours**
or
- MAN 6448 - Conflict Resolution and Negotiation **3 Credit Hours**
or
- PAD 6397 - Managing Emergencies and Crises **3 Credit Hours**
or
- PAD 6439 - Leadership in Public Service **3 Credit Hours**
or
- PAD 6705 - Public Sector Communications **3 Credit Hours**
or
- PLA 6245 - Advanced Applied Negotiation and Conflict Resolution **3 Credit Hours**
or
- PLA 6486 - Administrative Law **3 Credit Hours**

Required Practicum Experience—3 Credit Hours

Students must complete the two required courses (listed above) before enrolling in the practicum experience. In addition, practicum must be taken in the last semester.

- PLA 6246 - Advanced Mediation and Conflict Resolution Practicum **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Conservation Biology Graduate Certificate

College: Sciences

Department: Biology

Program Websites: http://biology.cos.ucf.edu/graduate_index.php

Program Description

This certificate is no longer accepting applications effective Fall 2016.

The Graduate Certificate in Conservation Biology provides students with an excellent opportunity for cross-discipline training in conservation theory in a classroom setting with fieldwork in the laboratory portions of Biology.

The Graduate Certificate in Conservation Biology emphasizes basic and applied conservation biology. The certificate offers an excellent opportunity for cross-discipline training that provides conservation theory in a classroom setting and valuable field work in the laboratory portions of the Biology courses. The Department of Biology provides basic courses on campus, while scientists at Walt Disney World's Animal Kingdom offer applied courses on Disney property. Practical experience dealing with small animal populations is provided within Disney's unique zoological setting.

Curriculum

The Conservation Biology certificate requires four graduate courses (12 credit hours) in conservation study.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

Students should take two courses from Group A, one course from Group B, and the course from Group C.

Group A

- PCB 5935 - Population Genetics **3 Credit Hours**
- PCB 6053C - Restoration Ecology **4 Credit Hours**
- PCB 6328C - Landscape Ecology **4 Credit Hours**
- PCB 6480C - Quantitative Conservation Biology **4 Credit Hours**
- PCB 6556 - Conservation Genetics **3 Credit Hours**

Group B

- BOT 6623C - Plant Ecology **4 Credit Hours**
- BSC 5824 - Biogeography **4 Credit Hours**
- ENY 5006C - Entomology **4 Credit Hours**
- PCB 5326C - Ecosystems of Florida **5 Credit Hours**
- PCB 5435C - Marine Ecology of Florida **4 Credit Hours**
- ZOO 5456C - Ichthyology **4 Credit Hours**
- ZOO 5463C - Herpetology **4 Credit Hours**
- ZOO 5475L - Field Ornithology **3 Credit Hours**
- ZOO 5486 - Mammalogy **4 Credit Hours**

Group C

- PAZ 5235 - Zoo and Aquarium Biology Management **3 Credit Hours**

Independent Learning

Graduate students enrolled in the Graduate Certificate in Conservation Biology are expected to engage in independent learning throughout their enrollment. Independent learning is a key component of all of the courses approved for inclusion in this certificate, where emphasis is placed on the development of analytical skills and critical thinking. In addition, depending upon their career goals, other experiences such as directed readings, additional research projects, or internships may be undertaken by the students.

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Corporate Communication Graduate Certificate

College: Sciences

Department: Nicholson School of Communication and Media

Program Websites: <https://communication.ucf.edu/degree/corporate-communication/>

Program Description

The Graduate Certificate in Corporate Communication offers industry-relevant training in creating, managing, and communicating corporate reputation. Coursework focuses on theory, research, and practical applications of principles related to corporate communication. The program is composed of three core graduate courses and three elective courses, totaling 18 credit hours, suitable for professionals working in the industry.

Housed in the Nicholson School of Communication and Media, the graduate Corporate Communication Certificate is part of UCF Downtown, a 21st-century campus with access to arts, culture, nightlife, and business. While some courses are offered online, required core courses and most electives are offered in a face-to-face or mixed-mode formats, typically Mon-Thu evenings at UCF Downtown.

Curriculum

The program is composed of three required graduate courses and three elective courses that can be incorporated into a master's program of study in Communication or taken as an add-on to another graduate degree. The required and elective courses are drawn from a limited list of courses that reflect current professional development needs for corporate communication. Students must enroll in COM 6008 in their first fall semester.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—9 Credit Hours

- COM 6008 - Proseminar in Communication **3 Credit Hours**
- PUR 6005 - Theories of Public Relations **3 Credit Hours**
- PUR 6403 - Crisis Public Relations **3 Credit Hours**

Electives—9 Credit Hours

- ADV 6209 - Advertising and Society **3 Credit Hours**
- COM 5312 - Introduction of Communication Research **3 Credit Hours**
- COM 5932 - Topics in Communication Theory and Research **3 Credit Hours**
- COM 6047 - Interpersonal Support in the Workplace **3 Credit Hours**
- COM 6121 - Communication Management **3 Credit Hours**
- COM 6145 - Organizational Communication **3 Credit Hours**
- COM 6467 - Studies in Persuasion **3 Credit Hours**
- COM 6468 - Communication and Conflict **3 Credit Hours**

- COM 6525 - Communication Strategy and Planning **3 Credit Hours**
- MMC 6202 - Legal and Ethical Issues for Communication **3 Credit Hours**
- MMC 6307 - International Communication **3 Credit Hours**
- MMC 6567 - New Media **3 Credit Hours**
- MMC 6600 - Media Effects and Audience Analysis **3 Credit Hours**
- MMC 6735 - Social Media as Mass Communication **3 Credit Hours**
- PUR 6215 - Communicating Corporate Social Responsibility **3 Credit Hours**
- PUR 6405 - Communication and Public Relations in Politics and Government **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution recognized by UCF. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants to this program must provide:

- Official Transcripts
- Statement of Purpose
- CV or Resume

The Corporate Communication Certificate Program does not admit students in the summer semester. Admission to and successful completion of the Corporate Communication Certificate Program does not guarantee admission to the Communication MA program as additional requirements exist for the master's program.

Corrections Leadership Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: Criminal Justice	
Program Website: https://ccie.ucf.edu/criminaljustice/	

Program Description

The Graduate Certificate in Corrections Leadership is designed to provide a theoretical and practical knowledge base for correctional

practitioners in the areas of criminal justice, public administration, and social work.

Corrections Leadership is a rapidly growing area of criminal justice. Private, state, and federal agencies are seeking qualified managers and leaders to meet the changing needs of the twenty-first century. Leaders of correctional facilities and programs should be prepared to meet the challenges of changing policies and effectively deal with the management of budgets, grants, cooperative agreements, and other inter-governmental projects.

Please note: Corrections Leadership Graduate Certificate may be completed fully online, although not all elective options may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters and be part of another degree seeking program. Only 3 of the 9 credit hours may be taken in a completely online format. International applicants should be aware the program may not offer sufficient on-campus courses for F or J visa holders. Please contact the program for more information before applying. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Corrections Leadership certificate program consists of two required courses and two elective courses for a total of 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—12 Credit Hours

- CJC 5020 - Foundations of Corrections **3 Credit Hours**
- CCJ 5456 - The Administration of Justice **3 Credit Hours**

Elective Courses—6 Credit Hours

Select two of the following courses.

- CCJ 6051 - Community Justice **3 Credit Hours**

- CCJ 6106 - Policy Analysis in Criminal Justice **3 Credit Hours**
- CCJ 6335 - Criminal Justice Sentencing and Punishment Policy **3 Credit Hours**
- CCJ 6431 - Leadership and Ethics in Criminal Justice **3 Credit Hours**
- CCJ 6118 - Criminal Justice Organizations **3 Credit Hours**
- CCJ 5015 - The Nature of Crime **3 Credit Hours**
- CJL 6568 - Law and Social Control **3 Credit Hours**
- PAD 6417 - Human Resource Management **3 Credit Hours**
This course has a prerequisite of PAD 6700. Contact the School of Public Administration for a possible override.
- SOW 6712 - Clinical Social Work Practice with Substance Addictions **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution recognized by UCF. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Crime Analysis Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: Criminal Justice	
Program Website: https://ccie.ucf.edu/criminaljustice/	

Program Description

The Graduate Certificate in Crime Analysis provides students with the essential skills needed by law enforcement agencies to meet the new demands for sophisticated crime analysis and mapping products.

The Graduate Certificate in Crime Analysis provides information for data-driven management, investigative support, and general crime analysis. The certificate addresses the needs of traditional criminal justice graduate students and non-traditional criminal justice practitioners. Theoretical aspects of crime pattern analysis are combined with practical applications to understand the development of data-driven crime prevention strategies. Crime pattern recognition and examination are emphasized.

Students learn to synthesize theory and application in order to produce the knowledge base necessary to fully utilize available technologies to develop and perform complex crime analysis and mapping; perform advanced spatial analyses of crime and understand the essentials of creating customized crime analysis and mapping applications that are agency-specific.

Please note: Crime Analysis Graduate Certificate may be completed fully online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters and be part of another degree seeking program. Only 3 of the 9 credit hours may be taken in a completely online format. International applicants should be aware the program may not offer sufficient on-campus courses for F or J visa holders. Please contact the program for more information before applying. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Crime Analysis Graduate Certificate consists of four required courses.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

This sequence of courses can only be started in the Fall semester. Contact department for details on semester offerings

- CCJ 6073 - Data Management Systems for Crime Analysis **3 Credit Hours**
- CCJ 6079 - Crime Mapping and Analysis in Criminal Justice **3 Credit Hours** (PR: CCJ 6073)
- CCJ 6077 - Advanced Crime Mapping and Analysis in Criminal Justice **3 Credit Hours** (PR: CCJ 6073 and CCJ 6079)
- CCJ 6717 - CJ Theories of Crime Analysis and Prevention **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution recognized by UCF. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Criminal Justice Executive Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: Criminal Justice	
Program Website: https://ccie.ucf.edu/criminaljustice/	

Program Description

The Graduate Certificate in Criminal Justice Executive prepares criminal justice professionals for contemporary executive roles within their organizations in the areas of self-awareness, operations, logistics, human capital, vision and current industry trends.

This certificate is designed to develop innovative executives who care about people and results and who are preparing themselves and their agencies for the challenges of tomorrow. This certificate assists executives in developing the competencies and skills to successfully adapt to new and unforeseen realities.

This certificate program is only available to students in the Valencia College Public Safety Leadership Development Certification Program (PSLDCP).

Curriculum

The Criminal Justice Executive certificate program consists of three required courses and one elective course for a total of 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 9 Credit Hours

- CJE 6120 - Personnel Management in Criminal Justice Organizations **3 Credit Hours**
- CCJ 6489 - Professionalism in Criminal Justice Organizations **3 Credit Hours**
- CCJ 5931 - Contemporary Criminal Justice Strategies **3 Credit Hours**

Elective Course: 3 Credit Hours

*CCJ 5931 can be taken twice in this certificate program as the content of the course changes for each offering.

Students select one of the following courses.

- CCJ 5456 - The Administration of Justice **3 Credit Hours**
- CCJ 5931 - Contemporary Criminal Justice Strategies **3 Credit Hours** *
- CCJ 6118 - Criminal Justice Organizations **3 Credit Hours**

Application Requirements

Admission is only open to those with a bachelor's degree from a regionally accredited institution who are enrolled in the Public Safety Leadership Development Certification Program (PSLDPC) at the Valencia Criminal Justice Institute. An application to the graduate certificate program, official transcripts, and a letter of acceptance to the Valencia College Public Safety Leadership Development Certification Program must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Application Deadlines

Cyber Risk Management Graduate Certificate ► ◆

College: Business Administration	Degree: CRT
Department: Management	
Program Websites:	

Program Description

The certificate in Cyber Risk Management introduces students from various academic backgrounds to current cybersecurity and privacy matters affecting organizations and emphasizes managerial and risk-based approaches to help organizations effectively prepare for and respond to these concerns.

Please Note: The Cyber Risk Management Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

Total Credit Hours Required: 9 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 9 Credit Hours

Students are required to take each of the courses listed below. The courses are sequential and must be taken in the following order: 1. ISM 6327, 2. ISM 6328, 3. ISM 6375

- ISM 6327 - Foundations of Cybersecurity and Privacy **3 Credit Hours**
- ISM 6328 - Cyber Risk Assessment **3 Credit Hours**
- ISM 6375 - Cyber Management and Leadership **3 Credit Hours**

Application Requirements

Admission is open to those with documentation of a Bachelors degree from an accredited institution or participation in a UCF graduate degree program. Students who maintain graduate standing in a UCF graduate degree program during the time required to complete a graduate certificate are eligible for this certificate. An application to the graduate certificate program, a current resume, and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Those applying who are NOT currently enrolled in a UCF graduate program must have a minimum of 2 years of full-time work experience after completion of the bachelor's degree.

In addition to the Admissions, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Resume/CV

Data Analytics Graduate Certificate

College: Engineering and Computer Science	Degree: CRT
Department: Computer Science	
Program Websites: http://www.ce.ucf.edu/credit/data/	

Program Description

The Graduate Certificate in Data Analytics, which is part of the Master of Science in Data Analytics program, aims to provide students with the new ability to develop algorithms and computer programs for discovery of information from large amounts of data. This includes the architecture of programs, as well as technical details of algorithm development. Students are expected to be able to write and maintain novel computer programs that make efficient use of cutting-edge computer technology.

Students in this certificate option will receive a broad background in the areas of parallel database programming, machine learning, data mining, and network science while specializing in particular areas of data analytics practice. Students successfully completing this certificate program will have exhibited an advanced ability to lead in the discovery of actionable knowledge from "big data."

Please note: Data Analytics Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Graduate Certificate in Data Analytics requires 15 credit hours. Students must receive a grade of "B" or higher in all courses.

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

An undergraduate degree in computer science, statistics, computer engineering or information technology is desirable but not required. Applicants without a strong undergraduate background in computer science or statistics must demonstrate an understanding of the field. This can occur through a display of training in various programming languages, other computer science certificates, through an interview with program faculty in the application process, and/or

having taken these or similar courses in the following upper division undergraduate courses:

- COP 3330 Object-Oriented Programming
- COP 3503C Computer Science II
- COP 4710 Database Systems
- STA 2023 Statistical Methods I
- Programming experience or STA 4164 Statistical Methods III

Required Courses: 15 Credit Hours

All students are required to take the following courses, for a total of 15 credit hours.

- CAP 5610 - Machine Learning **3 Credit Hours**
- CNT 5805 - Network Science **3 Credit Hours**
- COP 5711 - Parallel and Distributed Database Systems **3 Credit Hours**
- STA 5206 - Statistical Analysis **3 Credit Hours**
- STA 5703 - Data Mining Methodology I **3 Credit Hours**

Application Requirements

For information on general UCF graduate certificate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
 - Resume/CV
 - Letters of recommendation (encouraged but not required)
- Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

An undergraduate degree in Computer Science, Statistics, Information Technology, or Computer Engineering is desirable but not required. Applicants without a strong undergraduate background in Computer Science and Statistics must demonstrate an understanding of the material covered in upper-division undergraduate courses listed under the Articulation Section of the Curriculum Information. Applicants may choose to demonstrate their knowledge of these courses by taking these courses as non-degree seeking and scoring "B" or better in all of them.

Application Deadlines

Data Analytics	*Fall Priority	Fall
Domestic Applicants		Jul 1
International Applicants		
*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.		

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Fellowships

Fellowships are awarded based on academic merit to highly qualified students. They are paid to students through the Office of Student Financial Assistance, based on instructions provided by the College of Graduate Studies. Fellowships are given to support a student's graduate study and do not have a work obligation. For more information, see UCF Graduate Fellowships, which includes descriptions of university fellowships and what you should do to be considered for a fellowship.

Design for Usability Graduate Certificate ►

College: Engineering and Computer Science	Degree: CRT
Department: Industrial Engineering and Management Systems	
Program Websites: http://www.iems.ucf.edu/	

Program Description

This program has suspended admissions effective Fall 2020 including online.

The Graduate Certificate in Design for Usability introduces students to the methods of user-centered design and usability engineering tools that can be used to assess and assure usability throughout a product, service or system development cycle. Students in the certificate program learn how to design products that are both ergonomically sound and user-friendly, how to plan and conduct usability tests, analyze related data, and how to use the results to improve the design of a product, service or system.

Please note: Design for Usability Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

For the Design for Usability certificate, students complete four required courses, for a total of 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

- EIN 5248 - Ergonomics **3 Credit Hours**
- EIN 5251 - Usability Engineering **3 Credit Hours** or
- EIN 6370 - Innovation in Engineering Design **3 Credit Hours**
- EIN 6258 - Human Computer Interaction **3 Credit Hours** or
- EIN 5255C - Interactive Simulation **3 Credit Hours**
- ESI 6247 - Experimental Design and Taguchi Methods **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree in industrial engineering or a closely related discipline from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition, applicants to this certificate must provide:

- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc only. Applications are accepted for the fall and spring terms only.

Destination Marketing and Management Graduate Certificate

College: Hospitality Management

Program Websites: <http://www.hospitality.ucf.edu/>

Program Description

The Graduate Certificate in Destination Marketing and Management provides knowledge and information that facilitates the effective marketing and management of tourist destinations. The certificate covers the strategies for creating integrated destination marketing and

management systems, critically reviews those issues and techniques of international tourism management with a particular focus on the economic, socio-cultural and environmental impacts of tourist development at destinations, and analyzes the quantitative impact of tourism as an industry both within and beyond tourist destinations.

Students learn to synthesize theory and application at the graduate level in order to produce the knowledge base necessary to fully utilize available techniques and strategies for the effective marketing and management of tourist destinations. Students successfully completing this certificate may already be in destination marketing or management positions or seeking such roles in this exciting and growing field.

Please note: Destination Marketing and Management Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Destination Marketing and Management Graduate Certificate is comprised of three required three-credit courses, nine credits in total.

Total Credit Hours Required: 9 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—9 Credit Hours

There is no specific course sequence in that a number of sections of each course are available throughout the year with students able to commence in the Fall, Spring or Summer semester. One course, and sometimes more, are offered each term.

- HMG 6710 - International Tourism Management **3 Credit Hours**
- HMG 6566 - Principles of Destination Marketing and Management **3 Credit Hours**
- HMG 6738 - Tourism Industry Analysis **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Materials received after the established deadline may not be considered. Admission to this certificate is competitive; applicants meeting the minimum application requirements are not guaranteed admission to the program.

In addition to the above application requirements, all applicants to this certificate program will be required to submit:

- One official transcript (in a sealed envelope) from each college/university attended.
- Goal statement (this is your opportunity to outline in 500 words why you wish to join the program, what you think you will contribute to the program, and how you feel the program will enhance you both personally and professionally)
- Résumé.
- The GRE/GMAT is not required, however, the Admissions Committee may ask for the GRE/GMAT to strengthen a candidate's application package.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

These documents must be attached to the application. The goal statement should address the applicant's interest in pursuing the certificate program and fully discuss any experience that he or she has had in the field. A minimum of 2 years of full-time post-undergraduate work experience is required for admission.

Dual Language Graduate Certificate

College: Community Innovation and Education	Degree: CRT
--	--------------------

Department: School of Teacher Education

Program Website: <https://ccie.ucf.edu/teachered/k-12/world-languages-education/>

Program Description

The Dual Language Graduate Certificate in Teaching and Leadership prepares students with specialized knowledge and skills to teach in a dual language setting. The purpose of this certificate is to provide K-12 teacher and other education professionals with specialized coursework in Dual Language programming. This construct is aimed for students to develop competencies in bilingualism, biliteracy, and multiculturalism. The design of this program is to develop leadership among teachers working or planning to work in a dual language or two-way immersion programs in a K-12 setting. The coursework in this certificate program will allow teachers and administrators to develop expertise in philosophical/ideological principles, pedagogy, and curriculum and program processes for effective biliteracy program development.

Curriculum

The Dual Language Graduate Certificate can be completed in one or more semesters, depending on the semester of entrance. It can also be completed fully online.

Students must consult with their adviser or the program director prior to selecting the six courses for their program. No course substitutions are allowed.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—18 Credit Hours

Select six of the following seven courses. Please consult with your adviser to help you choose the courses that best fit the needs for your future career.

- SPN 6940 - Teaching Methods for the Spanish Classroom **3 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours**
- TSL 6143 - Curriculum and Instruction in Dual Language Programs **3 Credit Hours**
- TSL 6250 - Applied Linguistics in ESOL **3 Credit Hours**
- TSL 6377 - Bilingualism, Multiculturalism, and Biliteracy in the Dual Language Classroom **3 Credit Hours**

- TSL 6443 - Assessment in Dual Language Programs **3 Credit Hours**
- TSL 6526 - Interdependencies of Language, Culture, and Education for Dual Language Learners **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on the evaluation of the applicant's abilities, past performance and the applicant's potential for completing the certificate.

e-Learning Design, Development, and Delivery Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: Learning Sciences and Educational Research	
Program Website: https://ccie.ucf.edu/	

Program Description

The Graduate Certificate in e-Learning Design, Development and Delivery is designed for educators in K-12 and higher education, trainers, and instructional designers.

The e-Learning Design, Development and Delivery certificate focuses on teaching the design, delivery, and evaluation of high-quality e-learning materials for in-service, preservice teacher and online trainers.

Please Note: The e-Learning Design, Development and Delivery Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit www.international.ucf.edu. If you have questions, please consult International Affairs and Global Strategies at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

For the Graduate Certificate in e-Learning Professional Development, students complete 15 credit hours of required courses. For the recommended plan of study, noting when each course is offered, refer to the Instructional Technology program website under **Plans of Study** for graduate certificates.

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 15 Credit Hours

*EME 6417 (fall) must be taken before EME 6458 (spring).

- EME 6613 - Instructional System Design **3 Credit Hours**
- EME 6507 - Multimedia for Education and Training **3 Credit Hours**
- EME 6457 - Distance Education: Technology Process Product **3 Credit Hours**
- EME 6417 - Interactive Online and Virtual Teaching Environments **3 Credit Hours**

Educational Program Evaluation Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: Learning Sciences and Educational Research	
Program Website: https://ccie.ucf.edu/lser/methodology-measurement-and-analysis/	

Program Description

The Educational Program Evaluation graduate certificate focuses on program evaluation related to the field of education but will be broad-based enough to be useful for students from all disciplines. This program will help learners enhance their positions in the evaluation community, help them pursue careers in evaluation, and improve the general state of knowledge in program evaluation.

Curriculum

The graduate certificate in Educational Program Evaluation requires 15 credit hours of courses selected from a list of approved courses.

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—9 Credit Hours

- EDG 6285 - Evaluation of School Programs **3 Credit Hours**
- EDF 6464 - Mixed Methods for Evaluation in Educational Settings **3 Credit Hours**
- EDF 6931 - Seminar in Program Evaluation **3 Credit Hours**

Elective Courses—6 Credit Hours

Select 2 of the following courses. **All 7000 level courses must be approved by program coordinator prior to selection.**

Data Analysis Methods

- EDF 6401 - Statistics for Educational Data **3 Credit Hours**
- EDF 7479 - Applications of Technology in Qualitative Research: Data, Organization, and Analysis **3 Credit Hours**

Evaluation/Research Methods/Grants

- EDF 6481 - Fundamentals of Graduate Research in Education **3 Credit Hours**
- SCE 7935 - Seminar—Professional Writing/Grants in Science Education **3 Credit Hours**

Measurement and Surveys

- EDF 6432 - Measurement and Evaluation in Education **3 Credit Hours**
- EDF 7463 - Analysis of Survey, Record, and Other Qualitative Data **3 Credit Hours**

Application Requirements

Admission is open to those with a master's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Emergency Management and Homeland Security Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: School of Public Administration	
Program Websites: https://ccie.ucf.edu/public-administration/emergency-management/certif	

Program Description

This graduate certificate in Emergency Management and Homeland Security provides intensive interdisciplinary graduate education for working professionals engaged in or seeking professional careers in emergency management and homeland security.

The curriculum focuses on managing security threats and crises, natural and man-made treats, disasters, or emergencies through the coordination of public, private and nonprofit sectors. In addition to covering the National Planning Frameworks and recent trends in policy and practice in this field, the program will focus on the Florida emergency management and public safety systems. Courses are held in the evenings and taught by experienced faculty members and professionals.

Curriculum

The certificate in Emergency Management and Homeland Security consists of 18 credit hours at the graduate level, including four required core courses and two electives (one from a planning emphasis and one from management/policy). The EMHS graduate certificate program is a face-to-face program; some courses are offered on-line, however, students admitted to the EMHS program are expected to attend each course in person face-to-face. Each face-to-face course is offered one night a week for three hours, on the main campus.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

Students must achieve a grade of "B-" (80%) or better in every course. Grades 'C' or lower cannot be used to fulfill certificate requirements. Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

All students must take the following courses.

- PAD 6399 - Foundations of Emergency Management and Homeland Security **3 Credit Hours**
- PAD 6397 - Managing Emergencies and Crises **3 Credit Hours**
- PAD 6716 - Information Systems for Public Managers and Planners **3 Credit Hours**
- PAD 6825 - Cross-Sectoral Governance **3 Credit Hours**

Elective Courses: 6 Credit Hours

Restricted: 6 Credit Hours

- Select one course from Group 1
- Select one course from Group 2

Group 1—Planning Emphasis

- PAD 5336 - Introduction to Urban Planning **3 Credit Hours**
- PAD 5338 - Land Use and Planning Law **3 Credit Hours**
- PAD 5356 - Managing Community and Economic Development **3 Credit Hours**
- PAD 6353 - Environmental Planning and Policy **3 Credit Hours**
- CGN 6655 - Regional Planning, Design, and Development **3 Credit Hours**
- PUR 6403 - Crisis Public Relations **3 Credit Hours**
- PAD 6946 - Internship **3 Credit Hours** (Internship must show a management and policy emphasis. If an internship is completed as a group 2 elective, a second internship cannot be completed as a group 1 elective. Current or previous employment cannot be applied toward the internship.)

Group 2—Management and Policy Emphasis

- PAD 5850 - Grant and Contract Management **3 Credit Hours**
- PAD 6142 - Nonprofit Organizations **3 Credit Hours**
- PAD 6037 - Public Organization Management **3 Credit Hours**
- PAD 6387 - Transportation Policy **3 Credit Hours**
- CCJ 6027 - Criminal Justice Responses to Terrorism **3 Credit Hours**
- HSA 5198 - Health Care Decision Sciences and Knowledge Management **3 Credit Hours**
- INR 6136 - Seminar in American Security Policy **3 Credit Hours**
- PAD 6946 - Internship **3 Credit Hours** (Internship must show a management and policy emphasis. If an internship is completed as a group 2 elective, a second internship cannot be completed as a group 1 elective. Current or previous employment cannot be applied toward the internship.)

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

All applicants to this certificate program will be required to submit:

- One official transcript meeting the minimum GPA requirement of 2.5, in a sealed envelope, from each college/university attended.
- Current professional résumé including experience in the field (paid or voluntary).
- Goal Statement: The goal statement is a key component of the admission review process and serves as an example of the applicant's ability to express himself or herself in writing. The goal statement must be no longer than two pages double-spaced (500-800 words) and should address the following:
 - Personal background and career aspirations in emergency management.
 - Reason for pursuing graduate study in emergency management, including your future career goals and plans.
 - Specific areas of emergency management that interests you.

These documents must be attached to the application. All applications must be submitted by the established deadline date. Applications received after the established deadline may not be considered. Students are expected to be computer literate and have computer internet access upon entry to the program. Admission to this program is competitive; applicants meeting the minimum admission requirements are not guaranteed admission to this program.

Application Deadlines

Entrepreneurship Graduate Certificate

College: Business Administration	Degree: CRT
Department: Management	
Program Websites: http://www.bus.ucf.edu/students/graduate/?page=1842	

Program Description

The Graduate Certificate in Entrepreneurship helps students develop entrepreneurial mindsets and skillsets needed to solve novel problems and create value for others. Participants will learn how to recognize opportunities, formulate solutions, design business models, deliver results, and sustain success. These capabilities will empower

graduates to help others by providing them with access to innovations that solve important problems.

These skills are essential to starting and leading new projects, initiatives, and startup ventures, and are valued by established organizations as well as startups. This certificate is a valuable complement to those transitioning career paths, and to graduate students who would benefit from learning how to commercialize innovations or champion innovations in corporate, government, or entrepreneurial settings.

Curriculum

Total Credit Hours Required: 9 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 9 Credit Hours

- ENT 5016 - New Venture Design **3 Credit Hours**
- ENT 5206 - New Venture Implementation **3 Credit Hours**

- ENT 6617 - Innovation and Entrepreneurship Strategy **3 Credit Hours** or
- ENT 5185 - Technological Entrepreneurship **3 Credit Hours**

Application Requirements

Admission is open to those with documentation of a bachelors degree from an accrediting body accepted by UCF or participation in a UCF graduate degree program. Students who maintain graduate standing in a UCF graduate degree program during the time required to complete a graduate certificate are eligible for this certificate. An application to the graduate certificate program, a current resume, and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Those applying who are NOT currently enrolled in a UCF graduate program must have a minimum of 2 years of full-time work experience after completion of the bachelor's degree.

In addition to the Admissions, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Resume/CV

ESOL Endorsement K-12 Graduate Certificate

College: Community Innovation and Education	Deg
Department: School of Teacher Education	
Program Website: https://ccie.ucf.edu/teachered/k-12/world-languages-education/	

Program Description

The Graduate Certificate in English for Speakers of Other Languages Endorsement K-12 is designed to prepare certified teachers with specialized knowledge and training in the five areas required by the state of Florida to teach in a K-12 setting: applied linguistics, curriculum, testing, methodology and cross-cultural awareness.

Teaching K-12 requires a primary teaching certification. The ESOL K-12 is an endorsement that is added to an existing teaching certification. This endorsement, therefore, is for certified teachers or students currently seeking certification with the State of Florida only.

The number of non-native students in the K-12 setting in the state of Florida as well as in most states is rapidly increasing. These students represent an array of different languages and cultural backgrounds. With these changes in K-12 schools comes more demand for qualified teachers who have the necessary knowledge and skills to work with English for Speakers of Other Languages (ESOL) students.

The ESOL Endorsement K-12 Graduate Certificate provides students with specialized knowledge and training in the five endorsement areas required for teachers in the state of Florida. The certificate focuses on the five areas required by the state of Florida to teach in a K-12 setting: applied linguistics, curriculum, testing, methodology, and cross-cultural awareness. Successful completion of the certificate meets the requirements for the state of Florida add-on endorsement for ESOL K-12.

The ESOL Endorsement K-12 Graduate Certificate has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-ESOL-Endorsement-GC.pdf>.

Curriculum

No course substitutions are allowed. Upon successful completion, students will need to complete separate paperwork with the state of Florida for official recognition of this endorsement.

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 15 Credit Hours

- TSL 5345 - Methods of ESOL Teaching **3 Credit Hours** or
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours** for students admitted to the Speech and Language Pathology program
- TSL 5525 - ESOL Cultural Diversity **3 Credit Hours** or
- EDF 6886 - Multicultural Education **3 Credit Hours**
- TSL 6142 - Critical Approaches to ESOL **3 Credit Hours**
- TSL 6250 - Applied Linguistics in ESOL **3 Credit Hours**
- TSL 6440 - Assessment Issues in TESOL **3 Credit Hours** or
- SPA 6474 - Assessment and Management of Culturally and Linguistically Diverse Populations **3 Credit Hours** for students admitted to the Speech and Language Pathology program

Independent Learning

TSL 5525, TSL 5345, and TSL 6250 require students to work with one or more nonnative speakers. TSL 6250 requires students to transcribe data elicited from a nonnative speaker.

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance and the applicant's potential for completing the certificate.

Application Deadlines

ESOL Endorsement K-12 Graduate Certificate	*Fall Priority	Fall
Domestic Applicants		Jul 1
International Applicants		

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Ethics, Theoretical and Applied Graduate Certificate ►

College: Arts and Humanities	Degree: CRT
Department: Philosophy	
Program Websites: http://philosophy.cah.ucf.edu/program/ethics-grad-certificate/	

Program Description

Students in the Graduate Certificate in Theoretical and Applied Ethics program specialize in applying ethical theories and principles to complex contemporary situations.

This interdisciplinary graduate certificate focuses on specific topics of ethical inquiry in philosophy, humanities, the arts, sciences, health care, business, education, criminal justice, public administration, public relations, journalism, politics and other areas.

Please note: Theoretical and Applied Ethics Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

Curriculum

Students may choose to specialize in some specific academic discipline or tailor their own areas of concentration.

All elective courses have been approved for inclusion by the chair or director of the relevant program. However, students without the appropriate prerequisites to courses will need to obtain the consent of the instructor to enroll.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—6 Credit Hours

- PHI 5627 - Theoretical and Applied Ethics **3 Credit Hours**
- PHI 5665 - Knowledge, Responsibility, and Society **3 Credit Hours**

Elective Courses—6 Credit Hours

Students choose two from the following list. Availability contingent on department annual offerings and instructor approval.

- ACG 6835 - Ethics and Professionalism in Accounting and Auditing **3 Credit Hours**
- ADV 6209 - Advertising and Society **3 Credit Hours**
- ANG 6003 - Ethics in Anthropology **3 Credit Hours**
- BUL 6444 - Law and Ethics **3 Credit Hours**
- CCJ 5456 - The Administration of Justice **3 Credit Hours**

- CCJ 6431 - Leadership and Ethics in Criminal Justice **3 Credit Hours**
- CCJ 6485 - Issues in Justice Policy **3 Credit Hours**
- CJC 5020 - Foundations of Corrections **3 Credit Hours**
- CJE 5021 - Foundations of Law Enforcement **3 Credit Hours**
- CJL 6568 - Law and Social Control **3 Credit Hours**
- CLP 6932 - Ethical and Professional Issues in Mental Health Practices **3 Credit Hours**
- CLP 7623 - Ethical and Professional Issues in Clinical Psychology **3 Credit Hours**
- EDF 6727 - Critical Analysis of Social, Ethical, Legal, and Safety Issues Related to Education **3 Credit Hours**
- EDH 6407 - Ethical and Legal Issues in Student Personnel **3 Credit Hours**
- HSA 6555 - Health Care Ethics and Law **4 Credit Hours**
- IDC 6600 - Emerging Cyber Issues **3 Credit Hours**
- MAN 6066 - Ethical Leadership **3 Credit Hours**
- MHS 6702 - Ethical and Legal Issues **3 Credit Hours**
- MMC 6202 - Legal and Ethical Issues for Communication **3 Credit Hours**
- PAD 5041 - Ethics and Values in Public Administration **3 Credit Hours**
- PET 5495 - Critical Issues: Ethics in Coaching and Sport **3 Credit Hours**
- PHI 5634 - Medical Ethics **3 Credit Hours**
- PHI 5687 - Ethics in Science and Technology **3 Credit Hours**
- PHI 5697 - Neuroethics **3 Credit Hours**
- PHI 6679 - Digital Ethics **3 Credit Hours**
- PHM 5035 - Environmental Philosophy **3 Credit Hours**
- POT 6007 - Seminar in Political Theory **3 Credit Hours**
- SPB 6506 - Moral and Ethical Issues in Sport **1.5 Credit Hours**
- WST 5347 - Research in Women and Gender Studies **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Relevant experience with theoretical and applied ethics through course work at the undergraduate or graduate level or through professional experience working with ethical issues will be evaluated by the graduate program director together with the certificate committee comprised of faculty from the participating departments. Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance and the applicant's potential for completing the certificate.

Application Deadlines

Ethics Graduate Certificate, Theoretical and Applied	*Fall Priority	Fall
Domestic Applicants		Jul1
International Applicants		

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Event Management Graduate Certificate ►

College: Hospitality Management

Department: Dean's Office

Program Websites: <http://www.hospitality.ucf.edu/>

Program Description

The Graduate Certificate in Event Management provides knowledge and information that facilitates the effective organization and management of events in the public, private and third sector contexts.

The certificate covers the administration of events (e.g. promotion, budgeting, marketing, production, legal issues, customer service, ticketing and concession), the selling and marketing of conventions and conferences, and the organization and administration of mega-events. Events are such an integral component of many industries today that although with a strong focus on tourism and hospitality, the certificate incorporates a number of perspectives with event legacies being a particularly pertinent issue for all coursework.

Students learn to synthesize theory and application at the graduate level in order to produce the knowledge base necessary to fully utilize available techniques and strategies for the effective organization, marketing, and management of events, conventions, and conferences. Students successfully completing this certificate may already be in event management positions or seeking such roles in the public, private or third sectors.

Please note: Event Management Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Event Management Graduate Certificate is comprised of three required three-credit courses, nine credits in total.

Total Credit Hours Required: 9 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 9 Credit Hours

There is no specific course sequence in that a number of sections of each course are offered every year with students able to commence in the Fall, Spring or Summer semester. One course, and sometimes more, are offered each term.

- HMG 6797 - Event Administration **3 Credit Hours**
- HMG 6528 - Convention and Conference Sales and Services **3 Credit Hours**
- HMG 6756 - Mega-Events **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Materials received after the established deadline may not be considered. Admission to this certificate is competitive; applicants meeting the minimum application requirements are not guaranteed admission to the program.

In addition to the above application requirements, all applicants to this certificate program will be required to submit:

- One official transcript (in a sealed envelope) from each college/university attended.
- Goal statement (this is your opportunity to outline in 500 words why you wish to join the program, what you think you will contribute to the program, and how you feel the program will enhance you both personally and professionally)
- Résumé.
- The GRE/GMAT is not required, however, the Admissions Committee may ask for the GRE/GMAT to strengthen a candidate's application package.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

These documents must be attached to the application. The goal statement should address the applicant's interest in pursuing the certificate program and fully discuss any experience that he or she has had in the field. A minimum of 2 years of full-time post-undergraduate work experience is required for admission.

Application Deadlines

Family Nurse Practitioner Graduate Certificate

College: Nursing
Department: Nursing
Program Websites: http://www.nursing.ucf.edu
Graduate Program Handbook

Program Description

The post-master's Family Nurse Practitioner Graduate Certificate prepares nurses who already have received a master's degree in nursing for positions as Family Nurse Practitioners. Graduates of this program are eligible to site for the Family Nurse Practitioner (FNP) National Board Certification Examination offered by the American Academy of Nurse Practitioners Certification Board or the American Nurses Credentialing Center.

Program Objectives

- Analyze social, economic, ethical, cultural, legal and political issues influencing nursing practice and health care in a global context.
- Collaborate with leaders in nursing and other disciplines to improve the quality of professional nursing practice and the healthcare system.
- Develop and implement leadership, management and teaching strategies for the improvement of health and healthcare.
- Develop practice models of evidence-based nursing practice incorporating nursing research.

- Influence health and public policy to improve the health of communities.
- Participate in lifelong learning activities.
- Participate in research and disseminate research findings through presentation and publication.
- Synthesize advanced knowledge from the sciences, humanities and nursing theories to support advanced nursing practice.
- Plan, evaluate and implement the delivery of health care using critical thinking skills.
- Practice in an advanced nursing role.

For information on how this program may prepare you for professional licensure, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-Family-Nurse-Practitioner-GC.pdf>.

Curriculum

The certificate program is 22 credit hours and includes up to 720 hours of clinical practice. There are 12 credit hours of prerequisite requirements.

Total Credit Hours Required: 22 Credit Hours Minimum beyond the Master's Degree

Prerequisites—12 Credit Hours

Students must demonstrate successful completion of the following courses:

- NGR 5003 - Advanced Health Assessment and Diagnostic Reasoning **2 Credit Hours**
- NGR 5003L - Advanced Health Assessment and Diagnostic Reasoning Lab **1 Credit Hours** (60 clinical hours)
- NGR 5141 - Pathophysiological Bases for Advanced Nursing Practice **3 Credit Hours**
- NGR 5638 - Health Promotion **3 Credit Hours**
- NGR 6172 - Pharmacology for Advanced Nursing Practice **3 Credit Hours**

Required Courses—22 Credit Hours

In addition, students must successfully complete all of the following DNP Family Nurse Practitioner Track courses:

- NGR 6334 - Women's Health for APNs **2 Credit Hours**
- NGR 6201 - Adult I Primary Care **3 Credit Hours**
- NGR 6240L - Adult I Clinical for APNs **3 Credit Hours** (180 clinical hours)
- NGR 6263 - Gerontologic Care for APNs **3 Credit Hours**
- NGR 6263L - Gerontologic Care Clinical for NPs **2 Credit Hours** (120 clinical hours)
- NGR 6305 - Pediatric Primary Care **3 Credit Hours**

- NGR 6305L - Pediatric Primary Care Clinical **2 Credit Hours** (120 clinical hours)
- NGR 6342L - Women's Health for APNs Clinical **1 Credit Hours** (60 clinical hours)
- NGR 6248L - Family Nurse Practitioner/Adult-Gero Nurse Practitioner Practice Practicum **3 Credit Hours** (180 clinical hours)

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Admission is open to those with MSN Degrees and is licensed as an advanced practice registered nurse, but who are not prepared as Family Nurse Practitioners. In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- BSN and MSN degree from an accredited institution.
- Undergraduate Statistics course.
- Licensure as an advanced practice registered nurse (APRN) in the State of Florida. (Out of state applicants must be eligible for licensure in Florida and must achieve licensure to begin clinical courses.)
- Address the following 3 items in a written essay. Responses to questions should not exceed 500 words, double-spaced, 12 point Times New Roman font, and 1-inch margins:
 - Describe your future career plans and how the program to which you are applying will help you achieve your career goals.
 - Describe the changes you would make in your personal and professional life to ensure success in your graduate nursing education.
 - Identify one significant contemporary issue or problem in U.S. healthcare and explore how members of the nursing profession can help address that issue or solve that problem
- Curriculum Vitae which reflects prior education, recent clinical accomplishments, any recent scholarly work (publications and presentations), awards, additional certifications, and activities with professional organizations.
- Requires 3 professional recommendations.
- An interview with faculty may also be required.

Before submitting your application, it is recommended that applicants call the College of Nursing Graduate Office at 407-823-2744 to schedule an appointment with an adviser to discuss your goals for graduate study. It is advantageous to discuss the program before writing the required essay because the essay must address your goals for post-master's preparation for advanced nursing practice.

Upon admission to the program, the student will be required to complete FDLE/FBI fingerprinting and certified background checks, and health screening. Students must be able to meet clinical partner background requirements to continue in the program.

The College of Nursing uses a student information management system, LEAP*RN (Project Concert). This database houses information regarding plans of study, clinical placements, clinical hours, logs, and evaluation data to assist in maintaining standards required for CCNE accreditation, facilitate student progression, and enhance clinical tracking. Students will need to access LEAP*RN for clinical course requirements, course evaluations, and portfolios. Upon graduation, students will continue to have no-cost access to their information. All students will be responsible for a one-time subscription of \$150 per degree program payable at <https://secure.projectconcert.com/ucf> and due prior to registering for first semester courses. If students register for courses prior to paying the subscription, a "hold" service indicator will be placed to prevent future enrollment and other progression functions.

FinTech Graduate Certificate ► ◆

College: Business Administration and College of Engineering and Computer Science	Degree: CRT
Department: Finance (College of Business) and Computer Science (College of Engineering and Computer Science)	
Program Websites:	

Program Description

Program suspended admission beginning Fall 2021.

FinTech is the use of technology to innovate, improve and facilitate the delivery of traditional financial services. The objective of the FinTech Certificate is to introduce students to the foundations of FinTech and employable technical skills including artificial intelligence and the development of algorithms.

Please Note: The FinTech Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

- CAP 5636 - Advanced Artificial Intelligence **3 Credit Hours**
- COT 5405 - Design and Analysis of Algorithms **3 Credit Hours**
- FIN 6515 - Analysis of Investment Opportunities **3 Credit Hours**

- FIN 6779 - FinTech in Decision Making **3 Credit Hours** Fall only
- or
- FIN 6778 - Foundations of FinTech **3 Credit Hours** Spring only

Application Requirements

Admission is open to those with documentation of a bachelors degree from an accredited institution or participation in a UCF graduate degree program. Students who maintain graduate standing in a UCF graduate degree program during the time required to complete a graduate certificate are eligible for this certificate. An application to the graduate certificate program, a current resume, and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Those applying who are NOT currently enrolled in a UCF graduate program must have a minimum of 2 years of full-time work experience after completion of the bachelor's degree.

In addition to the Admissions, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Resume/CV

Fundraising Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: School of Public Administration	Option: Nonthesis
Program Websites: https://ccie.ucf.edu/public-administration/nonprofit-management/	

Program Description

The Graduate Certificate in Fundraising is an 18-credit completely **online certificate** that provides an overview of the core concepts in fundraising and development for those interested in a career as a professional fundraiser. The Certificate is intended to meet the needs of individuals seeking a focused experience in order to prepare for or advance their careers in fundraising and development. It is appropriate for students who seek to expand their knowledge, but who do not wish to commit to a master's degree program.

Credits earned in the certificate program may be applied toward the Master of Nonprofit Management (MNM) degree. However, admission to the MNM degree program has separate requirements from those of the certificate program and students considering continuing into the master's degree should familiarize themselves with credit transfer policy and should consult with a faculty adviser early in their certificate program. The Graduate Certificate in Fundraising requires that students complete 18 credit hours. Students

must maintain at least a 3.0-grade point average in order to be awarded the Graduate Certificate. The Certificate must be completed within 7 years.

Please note: Fundraising Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Graduate Certificate in Fundraising program is a completely online; some courses may be offered face-to-face, however, students in this program are expected to have the ability to complete the coursework online. The program requires a minimum of 18 credit hours beyond the bachelor's degree; consisting of 15 credit hours of core courses and 3 credit hours of a restricted elective.

The Certificate program incorporates service learning in some of its courses. Service learning involves students partnering with a local nonprofit organization of their choice to offer technical assistance in a specific area of operation that is covered in their coursework. Service Learning enhances the students' academic experience and presents opportunities for networking. The process is supervised by the instructor and provides benefits to both the organization and the student.

Some of the courses may also involve group work intended to develop leadership abilities while providing an opportunity for the student to show his or her ability to be a team player. Group projects promote important intellectual and social skills and help to prepare students for professional work where teamwork and collaboration are necessary.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

Students must achieve a grade of "B-" (80%) or better in every course. Students must maintain a program of study and graduate

status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

- PAD 5146 - Nonprofit Resource Development **3 Credit Hours**
- PAD 6142 - Nonprofit Organizations **3 Credit Hours**
- PAD 6237 - Ethics and Governance in Nonprofit Management **3 Credit Hours**
- PAD 6235 - Fundraising as a Profession **3 Credit Hours**

Elective Courses: 6 Credit Hours

Select two courses from the following lists.

Online Electives

- PAD 5850 - Grant and Contract Management **3 Credit Hours**
- PAD 6208 - Nonprofit Financial Management **3 Credit Hours**
- PAD 6335 - Strategic Planning and Management **3 Credit Hours**

Face-to-Face Electives

- PAD 6236 - Philanthropy and Society **3 Credit Hours**
- PAD 6946 - Internship **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution recognized by UCF. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript meeting the minimum GPA requirement of 2.5 from each college/university attended.
- A current, professional résumé.
- Statement of Goals: This is a key component of the admission review process and serves as an example of the applicant's ability to express him or herself in writing. The goal statement must be no longer than two pages and should address the following:
 - What is your reason for pursuing graduate study in Fundraising, including your future goals and plans?
 - What specific areas of Fundraising interest you?
 - Work and/or Voluntary experience (fundraising or nonprofit experience is preferred, not required)
 - Applicants who have attended a college/university outside the United States must provide a course-by-course credential evaluation

with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Gender Studies Graduate Certificate

College: Arts and Humanities	Degree: CRT
Department: Women's and Gender Studies	
Program Websites: http://wgst.cah.ucf.edu	

Program Description

The Graduate Certificate in Gender Studies provides skills for practical application of gender theories and research in the workforce to advance leadership and participation, economic empowerment, policy and planning, multi-modal digital literacies, and cross-cultural communication in order to promote gender equality.

The Gender Studies certificate includes courses from both the humanities and the social sciences. The program is open to both degree-seeking and nondegree-seeking graduate students. Most courses are offered at times that will accommodate part-time and working students. Students should consult with the instructor since entry to some graduate courses is restricted by registration codes from the department.

Please note: Gender Studies Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

Curriculum

The Graduate Certificate in Gender Studies includes courses from both the humanities and the social sciences. Entry to CLP 6459C,

ENG 6814 - Gender in Texts and Technology and SOW 5625 may be restricted. Consult with the instructor.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 6 Credit Hours

- WST 5601 - Theories in Gender Studies **3 Credit Hours**
- WST 5347 - Research in Women and Gender Studies **3 Credit Hours**

Elective Courses: 6 Credit Hours

* Students may include only one of these courses (marked with an asterisk) toward meeting the certificate requirements.

** Students must seek the approval of the Director of Women's and Gender Studies, which is based on the review of course syllabi, for these courses (marked with a double asterisk).

- ARH 5897 - Advanced Seminar in Art History **3 Credit Hours**
- CLP 6459C - Human Sexuality, Marriage, and Sex Therapies **3 Credit Hours**
- ENC 6332 - Gendered Rhetoric **3 Credit Hours**
- ENG 6078 - Contemporary Movements in Literary, Cultural, and Textual Theory **3 Credit Hours** **

Geographic Information Systems Graduate Certificate

College: Graduate Studies	Degree: CRT
----------------------------------	--------------------

Program Description

The Geographic Information Systems (GIS) Graduate Certificate provides students with the interdisciplinary background in geography and the technical skills in the application of GIS. The certificate will enhance the student's ability to understand, visual and analyze geospatial data to address questions related to place and spatial interactions.

GIS and geospatial analyses allow students and researchers to see old problems in new ways making connections by overlaying digital maps and examining spatial networks and processes.

Curriculum

The Geographic Information Systems (GIS) Graduate Certificate requires a total of 12 credit hours of courses in the required competency areas of design, modeling, analysis and visualization. To a certain extent, students may tailor their courses to focus on their broad disciplinary area of study.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

Students should take one course from Group A, one course from Group B, and two courses from Group C. It is recommended that students take Group C courses after taking Group A and B courses. Other courses related to Geospatial Science can be used to satisfy the Group C requirement, if the specific course is approved by the Graduate Certificate faculty.

Group A - First Core Course

- ANG 5852 - GIS Methods in Anthropology **3 Credit Hours**
- ANG 6181C - GIS Applications in Anthropology **3 Credit Hours**
- CCJ 6079 - Crime Mapping and Analysis in Criminal Justice **3 Credit Hours**
- PAD 6716 - Information Systems for Public Managers and Planners **3 Credit Hours**
- POS 6743 - Geographic Tools for Political Science Research **3 Credit Hours**
- SYA 6356 - Geographic Information Systems in Society **3 Credit Hours**

Group B - Second Core Course

- ANG 5853 - Advanced GIS Methods in Anthropology **3 Credit Hours**
- CCJ 6077 - Advanced Crime Mapping and Analysis in Criminal Justice **3 Credit Hours**
- SYA 6452 - GIS Applications **3 Credit Hours**

Group C - Electives

- BSC 5824 - Biogeography **4 Credit Hours**
- CAP 6121 - 3D User Interfaces for Games and Virtual Reality **3 Credit Hours**
- CCJ 6073 - Data Management Systems for Crime Analysis **3 Credit Hours**
- CCJ 7725 - The Geography of Crime: Theory and Methods **3 Credit Hours**
- CWR 5634 - Water Resources in a Changing Environment **3 Credit Hours**
- CWR 6126 - Groundwater Modeling **3 Credit Hours**
- CWR 6535 - Modeling Water Resources Systems **3 Credit Hours**
- EEL 5432 - Satellite Remote Sensing **3 Credit Hours**
- EEL 5820 - Image Processing **3 Credit Hours**
- ENG 6808 - Narrative Information Visualization **3 Credit Hours**

- ENV 6047 - Environmental Informatics and Remote Sensing **3 Credit Hours**
- HIS 5925 - History in the Digital Age **3 Credit Hours**
- HIS 6165 - Digital Tools for Historians **3 Credit Hours**
- HIS 6167 - Spatial History **3 Credit Hours**
- HUM 5396 - Place and Space **3 Credit Hours**
- PCB 6328C - Landscape Ecology **4 Credit Hours**
- TTE 6938 - ST: Geographic Information Systems Applications for Transportation **3 Credit Hours**
- SYA 6458 - Advanced Topics in Geographic Information Systems in Society **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants must submit an essay that describes their background and interests in relation to their desire to obtain the GIS certificate.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on an evaluation of the applicant's abilities, past performance, recommendations, match of this program and faculty expertise to the applicant's career/ academic goals, the applicant's potential for completing the certificate and openings in the program.

Application Deadlines

Geographic Information Systems Graduate Certificate	*Fall Priority	Fall
Domestic Applicants		July 1
International Applicants		

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Gifted Education Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: Learning Sciences and Educational Research	
Program Website: https://ccie.ucf.edu/lser/gifted-education/	

Program Description

The Graduate Certificate in Gifted Education prepares educators and classroom teachers to meet the learning needs of diverse advanced, gifted and talented learners in a range of services while providing an accelerated and enriched curriculum.

Completion of the Gifted Education Certificate program meets the Florida Department of Education requirements to add Gifted Education Endorsement certification to a Florida Teaching Certificate. The coursework presents research-based best practices that examine a broadened conception of giftedness, a comprehensive system of identification and a continuum of services for meeting the differential learning and developmental needs of diverse populations

of gifted students. The Gifted Education Graduate Certificate program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Gifted-Ed-GC.pdf>.

The coursework for the graduate certificate is based on the Teacher Preparation Standards in Gifted Education set by NAGC/CEC (National Association for Gifted Children and the Council for Exceptional Children). There are two levels possible within the coursework: the regular certificate level applicable to all teachers and professionals seeking specialist knowledge in gifted education; and the Advanced level that includes the Advanced Standards in Gifted Education Teacher Training applicable to those seeking higher levels of research who may already have wide experience in working with advanced, gifted and talented learners. Strategies that model best practices of pre-assessment, curriculum compacting, differentiated and independent learning, extended curriculum, and creative productivity are infused in this program.

Please note: Gifted Education Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

For the Graduate Certificate in Gifted Education, students complete 15 credit hours of required courses.

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 15 Credit Hours

- EGI 6051 - Understanding the Gifted/Talented Student **3 Credit Hours**
- EGI 6245 - Curriculum and Instruction for Teaching Advanced, Gifted, and Talented Learners **3 Credit Hours**
- EGI 6246 - Education of Special Populations of Gifted Students **3 Credit Hours**

- EGI 6417 - Guidance and Counseling Strategies for Teachers of Gifted and Talented Individuals **3 Credit Hours**
- EGI 6305 - Theory and Development of Creativity **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Global, International and Comparative Education Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: Learning Sciences and Educational Research	
Program Website: https://ccie.ucf.edu/lser/curriculum-and-instruction/	

Program Description

The Graduate Certificate in Global, International and Comparative Education prepares teachers for PK-12 classrooms and other professionals who wish to work in international and cross-cultural settings, NGOs, bilateral and multilateral organizations, and/or state and federal government departments.

The certificate is comprised of five graduate courses addressing the theoretical, methodological, critical and practical issues associated with global education, through both macro and micro cultural perspectives.

Curriculum

Students in the Graduate Certificate in Global, International and Comparative Education program must complete five courses (15 credit hours total), four required courses and one elective. Courses may be taken out of sequence.

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

- EDF 6809 - Introduction to Comparative and International Education **3 Credit Hours**
- SSE 5391 - Global Education: Theory and Practice **3 Credit Hours**
- EDF 6855 - Equitable Educational Opportunity and Life Chances: A Cross-National Analysis **3 Credit Hours**
- EDS 6365 - Education and National Development **3 Credit Hours**

Elective Courses: 3 Credit Hours

Choose one elective course from the list below.

- EDG 6775 - Exploring Global Educational Issues in International Contexts **1-3 Credit Hours**
- EEC 6606 - Global Issues in Early Childhood **3 Credit Hours**
- Other graduate courses with Program Coordinator's approval

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution recognized by UCF. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Health Care Simulation Graduate Certificate ►

College: Nursing

Department: Nursing

Program Websites: <http://www.nursing.ucf.edu/>

Graduate Program Handbook

Program Description

The Graduate Certificate in Health Care Simulation prepares nurses, members of other healthcare disciplines, administrators and simulation and technology professionals to design, manage and evaluate healthcare simulations for basic education and improvement of team healthcare delivery.

Program Objectives

- Analyze social, economic, ethical cultural legal and political issues influence nursing and health practice in a global context
- Collaborate with leaders in nursing and other disciplines to improve the quality of professional healthcare practice and the outcomes of care
- Develop and implement innovative applications for simulation experiences in health care
- Evaluate models of delivery of simulation in education and healthcare settings in terms of effectiveness
- Evaluate the cost-benefit of the use of simulation in healthcare and education

Please note: Health Care Simulation Graduate Certificate may be completed fully online with some required campus activities. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

You may pursue this UCF College of Nursing online program **as long as you will be physically located in a Nurse Licensure Compact (NLC) state for the duration of your education.**

UCF College of Nursing faculty are authorized to teach in NLC states. Due to nursing education restrictions imposed by non-NLC states, UCF is unable to offer courses, clinicals, or other educational services regardless of modality within non-NLC states. Should you be physically located within a non-NLC state for more than a vacation or brief visit, regardless of your legal state of residence or the type of license you have, you will be unable to apply or continue your nursing degree program at the UCF College of Nursing. This includes, but is not limited to, students accepting traveling nurse positions in a non-Nurse Licensure Compact state.

This program has potential ties to state-regulated professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-Health-Care-Simulation-Online-GC.pdf>.

Curriculum

The certificate program requires three courses, for a total of 9 credit hours.

Total Credit Hours Required: 9 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—9 Credit Hours

- NGR 6717 - Introduction to Healthcare Simulation **3 Credit Hours**
- NGR 6794 - Organizational Leadership and Operations in Healthcare Simulation **3 Credit Hours**

- NGR 6978 - Healthcare Simulation Capstone Project 3
Credit Hours

Optional Courses

Students may take the following course as an additional, optional course:

- NGR 6771L - Healthcare Simulation Practicum **VAR Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Admission to the program is competitive on a space-available basis. In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- Baccalaureate degree from an accredited institution.
- Undergraduate Statistics course.
- Address the following 3 items in a written essay. Total word count for all (not each) answers should be 500 words or less, double-spaced, 12 point Times New Roman font, and 1-inch margins:
 - Describe your future career plans and how the program to which you are applying will help you achieve your career goals.
 - Describe the changes you would make in your personal and professional life to ensure success in your graduate nursing education.
 - Identify one significant contemporary issue/ problem in U.S. health care and explore how members of the nursing profession can help address that issue or solve that problem.
- Curriculum Vitae should reflect prior education, recent clinical/practice accomplishments, any recent scholarly work (publications, presentations, grants, research participation), awards, scholarships, additional professional certifications, volunteer activities, and membership/leadership/activities with professional organizations and community service organizations. For recent graduates, this can include accomplishments as a student.
- Requires 3 professional recommendations.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Before submitting your application, it is recommended that applicants call the College of Nursing Graduate Office at 407-823-2744 to schedule an appointment with a graduate adviser to discuss your academic goals. It is advantageous to discuss the program before writing the required essay because the essay must address your goals for Masters-level preparation for advanced nursing practice.

The College of Nursing uses a student information management system, LEAP*RN (Project Concert). This database houses information regarding plans of study, clinical placements, clinical hours, logs, and evaluation data to assist in maintaining standards required for CCNE accreditation, facilitate student progression, and enhance clinical tracking. Students will need to access LEAP*RN for clinical course requirements, course evaluations, and portfolios. Upon graduation, students will continue to have no-cost access to their information. All students will be responsible for a one-time subscription of \$100 per certificate program payable at <https://secure.projectconcert.com/ucf> and due prior to registering for first semester courses. If students register for courses prior to paying the subscription, a "hold" service indicator will be placed to prevent future enrollment and other progression functions.

Health Information Administration Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: Health Management and Informatics	
Program Website: https://ccie.ucf.edu/health-information-administration/	

Program Description

Applications to this certificate program are currently suspended for the Spring 2018 semester.

The Department of Health Management and Informatics offers a Health Information Administration Graduate Certificate program that requires 20 credit hours of graduate coursework. This program is designed to meet the growing demand for highly trained health care information management professionals. Admission is only open to those in the UCF MS in Health Care Informatics program.

Admission is only open to graduates of the UCF MS in Health Care Informatics or students currently admitted to the UCF MS in Health Care Informatics program. Prerequisites in Anatomy and Physiology I and II are required for current students and graduates of the MS-HCI degree program before enrolling in the graduate certificate program.

The Health Information Administration graduate certificate program is offered online in a distance-learning cohort format for easy access

and convenience by working professionals. Applications and admissions are accepted twice per year for fall and spring terms, beginning no earlier than the second year of the student's Healthcare Informatics MS program (that is, fall of the student's second year of MS study).

The successful completion of the Health Care Informatics MS and Health Information Administration Graduate Certificate programs enables students to sit for the RHIA (Registered Healthcare Information Administrator) certification examination.

Please note: This program may be completed online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees. See <http://ucf.edu/online> for more information.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Graduate Certificate in Health Information Administration requires 20 credit hours of graduate study in addition to enrollment in the MS in Health Care Informatics program. Courses are offered online as a cohort program with all students completing two courses per semester. All students must take the courses in the prescribed sequence. Visit the program website (see above) for the program cohort schedule.

Total Credit Hours Required: 20 Credit Hours Minimum beyond the Master's Degree

Prerequisites

The following prerequisites are required for consideration of admission to the graduate certificate program:

- Anatomy and Physiology I and II

Required Courses: 20 Credit Hours

- HIM 6293 - Health Care Coding and Diagnosis **4 Credit Hours**

- HSA 6189 - Health Care Procedural Coding and Reimbursement **4 Credit Hours**
- HSA 6752 - Health Care Analytics **4 Credit Hours**
- HSA 6759 - Health Care Outcomes Management **4 Credit Hours**
- HSA 6179 - Financial Accounting for Health Care Managers **4 Credit Hours**

Cost Per Credit Hour

For the Graduate Certificate in Health Information Administration program, the cost per credit hour is \$772.69.*

*Fee is subject to change

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
 - Goal statement indicating how the RHIA Graduate Certificate will enhance career goals or why the applicant wants to pursue this certification (at least 1 page, doubled-spaced, 12 pt).
 - Résumé (no longer than two pages).
 - Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation and TOEFL scores. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- Admission to the program is competitive, based on evaluation of the applicant's abilities, past academic performance, work experience, and the match of the program with career goals. The RHIA Graduate Certificate program accepts the most qualified Masters in HCI students. Not all students who apply may be accepted, even if minimum requirements are met. Furthermore, personal phone interviews may be used as part of the evaluation process.

Healthcare Systems Engineering Graduate Certificate ►

College: Engineering and Computer Science	Degree: Certificate
Department: Industrial Engineering and Management System	
Program Website: https://www.ucf.edu/online/degree/healthcare-systems-engineering/	

Program Description

The Healthcare Systems Engineering Graduate Certificate is a fully online degree program designed to be completed within one year. This 15-credit-hour program trains students to implement, manage and introduce systematic changes to improve patient care and enhance utilization of organizational resources. This unique program is offered in response to the growing needs of the healthcare industry.

Students will receive a Certificate, offered by the Department of Industrial Engineering and Management Sciences at the College of

Engineering and Computer Science, in the Healthcare Systems Engineering Track.

This degree can help students realize their leadership potential, fuel their passion for healthcare innovation, and provide the necessary tools needed to make this systemic change a reality. Through the ideology and principles of systems engineering taught in this degree, individuals learn the specialized skills needed to foster operational change within healthcare organizations.

By completion, students will be able to help healthcare organizations to:

- Conduct analyses of large-scale social and ecological systems across the healthcare sector
- Assess and mitigate risks throughout organizational processes and relationships
- Analyze risks to individual and public health impacted by issues in the healthcare system
- Bring evidence-based thinking and analysis to process and system change
- Develop and manage a quality management system across an organizational setting
- Adapt information systems to improve management planning and control

Sampling of career opportunities include:

- Healthcare Management Engineer
- Operational Excellence Project Manager
- Systems Redesign Consultant
- Lean Specialist
- Process Improvement Consultant
- Continuous Improvement Specialist
- Healthcare Analyst

Please note: Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Healthcare Systems Engineering Graduate Certificate requires 15 credit hours of courses beyond the bachelor's degree.

For information about the program, please contact the HSE Director Dr. Vernet Lasrado (vernet.lasrado@ucf.edu).

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Prerequisites

An undergraduate course in probability and statistics

Required Courses: 9 Credit Hours

All of the following courses are required for completion of the Healthcare Systems Engineering Graduate Certificate.

- EIN 5115 - Engineering MIS Control Systems in Healthcare **3 Credit Hours**
- ESI 6551 - Systems Engineering **3 Credit Hours**
- HSC 6636 - Issues and Trends in the Health Professions **3 Credit Hours**

Elective Course 1: 3 Credit Hours

One of the two of the following courses is required for completion of the Healthcare Systems Engineering Graduate Certificate.

- ESI 6609 - Industrial Engineering Analytics for Healthcare **3 Credit Hours**
- EIN 6358 - Engineering Economic Analysis in Health Systems **3 Credit Hours**

Elective Course 2: 3 Credit hours

One of the two of the following courses is required for completion of the Healthcare Systems Engineering Graduate Certificate.

- ESI 6251C - Engineering Quality in Health Systems **3 Credit Hours**
- ESI 6252C - Managing Engineering Risk in Health Systems **3 Credit Hours**

Cost Per Credit Hour

For both in-state and out-of-state students, the cost is \$1,239.16 per credit hour which includes tuition and fees.

*Fee subject to change.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirement, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended
- Résumé or Curriculum Vita
- Goal statement
- The goal statement should discuss all relevant professional background and any previous research and/or teaching experience. The statement should explain the motivation behind the pursuit of a graduate certificate in Industrial Engineering. Future educational and career goals after the completion of the applicant's certificate study should be discussed. The goal statement should be between 500 and 1,000 words.
- International Students
 - Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
 - Given the fully online nature of this degree program, International students will not receive an F1 visa, hence you will not take this degree program in the US. International students are free to take this degree program from their home or any country besides the US.
 - Applications are accepted for the fall and spring terms only.
 - Faculty members may choose to conduct face-to-face or telephone interviews before accepting an applicant into their research program.

Application Deadlines

Healthcare Systems Engineering	*Fall Priority	Fall
Domestic Applicants		Jul 1
International Applicants		

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Hospitality and Tourism Technologies Graduate Certificate

College: Hospitality Management

Program Websites: <http://www.hospitality.ucf.edu/>

Graduate Program Handbook

Program Description

The Graduate Certificate in Hospitality and Tourism Technologies provides knowledge and information that facilitates the effective use of existing and emerging technologies in the marketing and management of hospitality and tourism products, services, experiences and electronic channels of distribution. The certificate covers the development, use, and future of hospitality and tourism technologies, the critical role played by social media as a strategy for differentiation, business development and new product/experience development, and the major perspectives and concepts associated with digital marketing and big data management.

Students learn to synthesize theory and application at the graduate level in order to produce the knowledge base necessary to fully utilize available technological and social media techniques and strategies in the hospitality and tourism industries. Students successfully completing this certificate are likely to be employed in any area of hospitality and tourism that incorporates online booking and reservation systems, e-intermediaries, online travel agencies, digital marketing agencies, social media organizations, destination marketing, hospitality marketing etc.

Please note: This program may be completed online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees. See <http://ucf.edu/online> for more information.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters.

Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

Curriculum

The Graduate Certificate in Hospitality and Tourism Technologies is comprised of three required three-credit courses, nine credits in total.

Total Credit Hours Required: 9 Credit Hours Minimum Beyond the Bachelor's Degree

Required Courses—9 Credit Hours

Although HMG 6446 - Hospitality/Tourism Information Technology may serve as a prerequisite for the two remaining courses that comprise the certificate, the order of courses taken is at the discretion of the Graduate Programs' Director and will be determined by the students' previous professional and academic experience. A number of sections of each course are available throughout the year with students able to commence in the Fall, Spring or Summer semester. One course, and sometimes more, are offered each term.

- HMG 6446 - Hospitality/Tourism Information Technology **3 Credit Hours**
- HMG 6556 - Digital Marketing and Big Data Management for Hospitality and Tourism **3 Credit Hours**
- HMG 6565 - Social Media in Hospitality and Tourism **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Materials received after the established deadline may not be considered. Admission to this certificate is competitive; applicants meeting the minimum application requirements are not guaranteed admission to the program.

In addition to the above application requirements, all applicants to this certificate program will be required to submit:

- One official transcript (in a sealed envelope) from each college/university attended.
 - Goal statement (this is your opportunity to outline in 500 words why you wish to join the program, what you think you will contribute to the program, and how you feel the program will enhance you both personally and professionally)
 - Résumé.
 - The GRE/GMAT is not required, however, the Admissions Committee may ask for the GRE/GMAT to strengthen a candidate's application package.
 - Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- These documents must be attached to the application. The goal statement should address the applicant's interest in pursuing the certificate program and fully discuss any experience that he or she has had in the field. A minimum of 2 years of full-time post-undergraduate work experience is required for admission.

Housing and Residence Life Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: Educational Leadership and Higher Education	
Program Website: https://ccie.ucf.edu/elhe/	

Program Description

The housing and residence life leadership graduate certificate is designed to prepare individuals to become leaders and professionals in the residence life profession. It will expand their knowledge of topics relevant to residence life including student development theory, student personnel services, the first-year college experience, diversity issues, and legal and ethical issues in student services. Additionally, individuals will develop their own leadership skills as well as curriculum development for programs involving students in

residence at colleges and universities. A practical internship is required to allow hands on field experience in housing and residence life.

Curriculum

The Graduate Certificate in Housing and Residence Life requires 16 credit hours.

Total Credit Hours Required: 16 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—6 Credit Hours

Students will complete two (2) required courses:

- EDH 6047 - Theories of College Student Development **3 Credit Hours**
- EDH 6634 - Student Personnel Services in Higher Education **3 Credit Hours**

Elective Courses—9 Credit Hours

Students will complete their choice of three (3) electives:

- EDH 6045 - First Year College Experience **3 Credit Hours**
- EDH 6046 - Diversity in Higher Education **3 Credit Hours**
- EDH 6204 - Leadership in College Organizations **3 Credit Hours**
- EDH 6215 - The College Curriculum **3 Credit Hours**
- EDH 6407 - Ethical and Legal Issues in Student Personnel **3 Credit Hours**

Internship

Internship -Students will complete a 1 credit hour internship (15-20 hours) in a residence life position or a closely related position approved by the faculty advisor.

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Application Deadlines

Housing and Residence Life Graduate Certificate	*Fall Priority	Fall	Spring	Summer
Domestic Applicants		Jul 1	Dec 1	Apr 1
International Applicants				
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Initial Teacher Professional Preparation Graduate Certificate ►

College: Community Innovation and Education

Degree: CRT

Department: School of Teacher Education

Program Websites: <https://ccie.ucf.edu/teachered/secondaryed/initial-teacher-professional-pr>

Program Description

The Graduate Certificate in Initial Teacher Professional Preparation is designed for students who have secured a teaching position, plan to obtain a teaching position, or have a temporary teaching certificate. The certificate prepares candidates to meet the State of Florida Department of Education requirements through a sequence of professional core courses. These courses include uploading key assignments using the Via™ by Watermark platform and are assessed by faculty to provide evidence of candidate proficiency in all Florida Educator Accomplished Practices (FEAPs). The goal of the certificate is to enable educators to have successful teaching experiences in grades 6-12 classrooms. Students may enroll in the Initial Teacher Professional Preparation certificate and apply to be accepted to the Teacher Education MAT program either concurrently or after earning the certificate.

The Initial Teacher Professional Preparation Graduate Certificate program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Initial-Teacher-Prep-GC.pdf>.

Please note: Initial Teacher Preparation Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

For the Initial Teacher Professional Preparation graduate certificate, students complete six courses (18 credit hours total), including five required courses (15 credit hours) and at least one special methods course (3 credit hours).

All teacher education candidates are required to complete Via™ by Watermark requirements before being certified for graduation. Via™ by Watermark access is required for the portfolio. See <https://ccie.ucf.edu/explore-via/>.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—15 Credit Hours

All of the required courses are available online and must be taken at UCF.

- EDF 6727 - Critical Analysis of Social, Ethical, Legal, and Safety Issues Related to Education **3 Credit Hours**
- EDF 6237 - Principles of Learning and Introduction to Classroom Assessment **3 Credit Hours**
- EDG 6415 - Principles of Instruction and Classroom Management **3 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours**
- RED 5147 - Developmental Reading **3 Credit Hours** or
- LAE 5496 - Disciplinary Literacy in the Content Areas **3 Credit Hours**

Co-requisite—3 Credit Hours Minimum

Option 1:

- EEX 5051 - Exceptional Children in the Schools **3 Credit Hours** (This is not a certification course.)
- Other elective as approved by advisor.

Option 2:

Special Methods Course selection depends on the student's intended certification area. Equivalent courses from other accredited Florida State Institutions may be used to satisfy this requirement at the discretion of the Program Director.

Students are advised to obtain permission in advance of registering for these courses.

- ARE 5359 - Teaching Art K-12 **4 Credit Hours**
- FLE 5345 - Teaching World Languages in K-12 Schools **3 Credit Hours**
- LAE 5346 - Methods of Teaching English Language Arts **3 Credit Hours**
- MAE 5327 - Teaching Middle School Mathematics **3 Credit Hours**
- MAE 5336 - Current Methods in Secondary School Mathematics **3 Credit Hours**
- MUE 5348C - K-12 Music Methods **4 Credit Hours**
- SCE 5325 - Teaching Middle School Science **3 Credit Hours**
- SCE 5337 - Issues and Methods in Secondary School Science **3 Credit Hours**

- SSE 5790 - Inquiry and Instructional Analysis in Social Science Education **3 Credit Hours**
- BTE 6935 - Seminar in Business Education **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Instructional Design for Simulations Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: Learning Sciences and Educational Research	
Program Websites: https://ccie.ucf.edu/lser/instructional-design-and-technology/	

Program Description

The Graduate Certificate in Instructional Design for Simulations prepares educators, instructional designers, and human resource and training specialists in corporate, industry and educational settings to work with engineers, graphic artists, computer programmers, and game developers to design training and instructional systems.

Training and educational programs are now incorporating stand-alone and PC-based simulations and instructional (video) games to enhance human motivation and performance. The result has been a growing demand for simulation and game-based training and instructional systems in corporate, government and education sectors. The Graduate Certificate in Instructional Design for Simulations provides an interdisciplinary approach to prepare educators, instructional designers, and human resource and training specialists in corporate, industry and educational settings to work with engineers, graphic artists, computer programmers, and game developers to design training and instructional systems, focusing on the pedagogical aspects of stand-alone and PC-based desktop training and educational simulations and games.

Please note: Instructional Design for Simulations Graduate Certificate may be completed fully online, although not all program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for

international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

For the Instructional Design for Simulations certificate, students complete five required courses (15 credit hours total). The recommended plan of study, noting when each course is offered, is provided on the Instructional Technology program website under **Plans of Study** for professional certificates.

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 15 Credit Hours

- EME 6613 - Instructional System Design **3 Credit Hours**
- DIG 6432 - Transmedia Story Creation **3 Credit Hours**
- EME 6938 - Story Design for Instruction
- IDS 5142 - Modeling and Simulation for Instructional Design **3 Credit Hours** or
- IDS 6147 - Perspectives on Modeling and Simulation **3 Credit Hours**
- EME 6601 - Instructional Simulation Design for Training and Education **3 Credit Hours**
- EME 6614 - Instructional Game Design for Training and Education **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Instructional Design Graduate Certificate ►

College: Community Innovation and Education

Degree: CRT

Department: Learning Sciences and Educational Research

Program Websites: <https://ccie.ucf.edu/lser/instructional-design-and-technology/>

Program Description

The Graduate Certificate in Instructional Design prepares educators, instructional designers, and human resource and training specialists in corporate, industry, and educational settings to design training, professional development, or other instructional materials.

The certificate provides an opportunity for study and professional training and development of the design and development skills necessary to become an instructional designer in varied fields. The certificate requires substantial independent thinking and emphasis is placed on the cultivation of scholarly attitudes and methods.

Please note: Instructional Design Graduate Certificate may be completed fully online, although not all program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

All courses are taught online and many will also be offered on a flexible schedule at the Orlando campus. The Instructional Design graduate certificate requires five courses (15 credit hours total).

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 15 Credit Hours

- EME 6613 - Instructional System Design **3 Credit Hours**
- EME 6226 - Instructional Development and Evaluation **3 Credit Hours**
- EME 6607 - Planned Change in Instructional Technology **3 Credit Hours**
- EME 6507 - Multimedia for Education and Training **3 Credit Hours**
- EME 6705 - Administration of Instructional Systems **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Instructional/Educational Technology Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: Learning Sciences and Educational Research	
Program Website: https://ccie.ucf.edu/lser/instructional-design-and-technology	

Program Description

The Graduate Certificate in Instructional/Educational Technology provides teachers with the knowledge and training to apply technological tools to the learning process.

The Graduate Certificate in Instructional/Educational Technology provides an opportunity for study and professional training and development of the leadership skills necessary to become educational technology specialists in K-12 schools. The certificate requires substantial independent thinking and emphasis is placed on the cultivation of scholarly attitudes and methods while assisting students in meeting the requirements for the State of Florida Teacher Certification. In addition, students will learn the subject matter needed to meet the National Educational Technology Standards for Teachers developed by the International Society for Technology in Education (ISTE).

Please note: Instructional/Educational Technology Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

Several courses are taught online and other courses will be offered on a flexible schedule at the Orlando campus. The Instructional/

Educational Technology certificate requires five courses (15 credit hours total).

Intelligence and National Security Graduate Certificate

College: Sciences

Department: School of Politics, Security and International Affairs

Program Description

The Graduate Certificate in Intelligence and National Security provides an interdisciplinary graduate education for people engaged in or seeking professional careers in intelligence policy with a focus on analysis of security threats or crises, both domestic and international, through use of human, electronic and public domain intelligence sources.

In addition, students will be introduced to various analytic approaches including game theory, network analysis, nonintrusive measurement, geospatial approaches and quantitative analysis.

Graduates are prepared to perform "key functions including conducting research and gathering information, identifying intelligence gaps, interpreting and evaluating information from multiple (and sometimes contradictory) sources, monitoring trends and events related to a particular country or issue, and preparing written and oral assessments." This expectation comes from the job

description for an intelligence analyst established by the federal government at www.intelligence.gov/careers-in-intelligence/analysis.html.

Curriculum

The certificate in Intelligence and National Security consists of 18 credit hours at the graduate level, including two required core courses and four electives.

Course substitutions, with the exception of approved geographic area courses, are not allowed and a course may not apply toward more than one certificate program. Students must earn course grades of "B-" or better to get credit toward the certificate. For further Graduate Certificate Policies visit <https://graduate.ucf.edu/graduate-certificate-policy/>.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—6 Credit Hours

All students must take the following courses.

Take one of these five courses:

- POS 6736 - Conduct of Political Inquiry **3 Credit Hours**
- POS 6746 - Quantitative Methods in Political Research **3 Credit Hours**
- POS 7745 - Advanced Quantitative Methods in Political Research **3 Credit Hours**
- CCJ 6704 - Research Methods in Criminal Justice **3 Credit Hours**
- CCJ 7708 - Advanced Quantitative Methods for Criminal Justice Research **3 Credit Hours**

Take one of these two courses:

- INR 6365 - Seminar on Intelligence **3 Credit Hours**
- INR 6366 - The Intelligence Community **3 Credit Hours**

Restricted Electives—12 Credit Hours

All students take **four** of the following courses. Students can substitute up to two geographic area courses as part of their four-course elective area with approval of the certificate program director.

- POS 6686 - National Security Law **3 Credit Hours**
- POS 6743 - Geographic Tools for Political Science Research **3 Credit Hours**

- CPO 6058 - Revolution and Political Violence **3 Credit Hours**
- CPO 6206 - Comparative Politics of Africa **3 Credit Hours**
- CPO 6307 - Issues in Latin American Politics **3 Credit Hours**
- CPO 6407 - Comparative Politics of the Middle East **3 Credit Hours**
- CPO 6729 - Global Security in the Age of Migration **3 Credit Hours**
- INR 6062 - Peace Studies **3 Credit Hours**
- INR 6065 - Seminar on War **3 Credit Hours**
- INR 6068 - Politics of Civil Wars **3 Credit Hours**
- INR 6108 - Seminar in American Foreign Policy **3 Credit Hours**
- INR 6136 - Seminar in American Security Policy **3 Credit Hours**
- INR 6137 - Terrorism and Politics **3 Credit Hours**
- INR 6254 - International Relations of Africa **3 Credit Hours**
- INR 6275 - International Politics of the Middle East **3 Credit Hours**
- INR 6339 - Strategic Warning Analysis **3 Credit Hours**
- INR 6346 - Politics of International Terrorism **3 Credit Hours**
- INR 6356 - Environmental Security **3 Credit Hours**
- INR 6726 - Political Behavior in International Conflict **3 Credit Hours**
- CCJ 6027 - Criminal Justice Responses to Terrorism **3 Credit Hours**
- CCJ 6067 - Perspectives on Genocide **3 Credit Hours**
- CCJ 6074 - Investigative and Intelligence Analysis: Theory and Methods **3 Credit Hours**
- CJE 6688 - Cyber Crime and Criminal Justice **3 Credit Hours**

Application Requirements

A bachelor's degree from a regionally-accredited institution is required for admission into the graduate certificate program.

Applicants who have been admitted to a degree-seeking graduate program at UCF may apply for admission to the certificate program through the UCF graduate school online portal.

Other interested applicants must contact the Certificate Advisor to inquire about admission to the certificate program prior to applying.

Applicants must **apply online**. All requested material must be submitted prior to the deadline; materials received after the deadline may not be considered. Admission to this certificate program is competitive; applicants are not guaranteed admission.

All applicants to this certificate program will be required to submit:

- A current professional resume

- An academic goal statement addressing the applicant's interest in pursuing the certificate program, career goals, and any experience that he or she has had in the field.
- An official transcript from each college/university attended.

Interdisciplinary Language and Literacy Intervention Graduate Certificate ♦

College: Community Innovation and Education	Degree: CRT
Department: School of Teacher Education	
Program Websites: https://ccie.ucf.edu/teachered/exceptional-student-education/	

Program Description

The Interdisciplinary Language and Literacy Intervention graduate certificate provides advanced coursework focused on evidence-based knowledge, skills, and resources for individuals who work with students who have high-intensity needs. This collaborative and inter-professional graduate certificate address competencies for an intervention specialist from the Council for Exceptional Students (CEC) and from the American Speech-Language-Hearing Association (ASHA). This certificate is designed to meet the needs of educators and speech-language pathologists who use school-based and classroom instructional data to meet the instructional and intervention needs of all students, including students with high-intensity needs, beyond the typical, initial classroom instruction within a multi-tiered system of supports.

This certificate will provide an advanced, multi-disciplinary theoretical approach and applied knowledge base to experienced educators and speech-language pathologists.

Coursework focuses on knowledge, skills and competencies for professionals working with students within an intervention framework. The Interdisciplinary Language and Literacy Intervention certificate is a multi-disciplinary approach and includes competencies from exceptional student education, communication disorders, reading education, and English as a Second Language (ESOL) education. The graduate courses provide an opportunity for students to complete the Interdisciplinary Language and Literacy Intervention graduate certificate beyond the undergraduate degree. Should a student wish to earn a master's degree, education specialist degree, or doctoral degree, the courses in the certificate could be applied to one of several degree programs in the College of Community Innovation and Education or in the School of Communication Sciences and Disorders (housed in the College of Health Professions and Sciences) with the permission of their advisor.

Curriculum

The Interdisciplinary Language and Literacy Intervention certificate requires four courses (12 credit hours total).

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

- EEX 6218 - Diagnostic Assessment and Intervention Planning in Exceptional Education **3 Credit Hours**
- IDS 6657 - Professional Collaboration in Language and Literacy **3 Credit Hours**
- RED 5517 - Classroom Diagnosis and Development of Reading Proficiencies **3 Credit Hours**
- SPA 6843 - Severe Language-Based Reading and Writing Disabilities **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

The U.S. Department of Education requires colleges to disclose a variety of information for any financial aid eligible program that "prepares students for gainful employment in a recognized occupation". The information provided in the link below is the best that is available to us. This information represents one year's data only, however, we hope that this information is helpful to current and prospective students, as you make your career and educational choices.

Juvenile Justice Leadership

Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: Criminal Justice	
Program Website: https://ccie.ucf.edu/criminaljustice/	

Program Description

The Graduate Certificate in Juvenile Justice Leadership is designed to provide students with theoretical and practical knowledge in the areas of criminal justice, public administration, and social work.

The juvenile justice system, long understaffed, is facing the continuing problem of increased juvenile crime, high levels of juvenile drug and substance abuse, and debatable programs to rehabilitate delinquent children. Juvenile Justice Leadership is one of the fastest growing career fields in Criminal Justice.

Please note: Juvenile Justice Leadership Graduate Certificate may be completed fully online, although not all elective options may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters and be part of another degree seeking program. Only 3 of the 9 credit hours may be taken in a completely online format. International applicants should be aware the program may not offer sufficient on-campus courses for F or J visa holders. Please contact the program for more information before applying. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The curriculum for the Juvenile Justice Leadership certificate program consists of two required courses and two elective courses for a total of 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 6 Credit Hours

- CJJ 6020 - The Juvenile Justice System **3 Credit Hours**
- CCJ 6118 - Criminal Justice Organizations **3 Credit Hours**

Elective Course: 6 Credit Hours

Choose two of the following courses.

- CCJ 5015 - The Nature of Crime **3 Credit Hours**
- CCJ 6073 - Data Management Systems for Crime Analysis **3 Credit Hours** (offered fall term only)

- CCJ 5456 - The Administration of Justice **3 Credit Hours**
- CJL 6568 - Law and Social Control **3 Credit Hours**
- CCJ 6106 - Policy Analysis in Criminal Justice **3 Credit Hours**
- PAD 6327 - Public Program Evaluation Techniques **3 Credit Hours**
- SOW 6712 - Clinical Social Work Practice with Substance Addictions **3 Credit Hours**
- SOW 6655 - Child Abuse: Treatment and Prevention **3 Credit Hours**
- SYP 6561 - Child Abuse in Society **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution recognized by UCF. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Application Deadlines

Local Director of Career and Technical Education Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: Educational Leadership and Higher Education	
Program Website: https://ccie.ucf.edu/elhe/career-and-technical-education/	

Program Description

The **Local Director of Career and Technical Education Graduate Certificate** is an online, flexible, short term program of study that focuses on career and technical education and workforce training administration, supervision, and management competencies. The Certificate is designed for career and technical education (CTE) teachers or corporate trainers with a bachelor's degree who wish to advance their career as a:

- CTE/workforce program director
- CTE/workforce program coordinator
- CTE/workforce manager
- education development, talent development, organizational development, technical/workforce training
- CTE/workforce education consultant

- CTE/workforce learning and development specialist
- CTE/workforce supervisor
- or other CTE/workforce administrator-type position.

It is also for students interested in advancing their knowledge in CTE professional education coursework.

This certificate may also, in part, prepare candidates to meet a portion of the State of Florida Department of Education Certification in Local Director of Career and Technical Education coursework requirements. Other requirements for the Florida DOE certification are noted on the FL DOE website.

Please note: Local Director of Career and Technical Education may be completed fully online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is authorized to provide online courses or instruction to students in all states. Refer to State Authorizations for current information.

*This graduate certificate is not an initial professional education certificate program.

Curriculum

For the Local Director of Career and Technical Education Graduate Certificate, students must complete all five courses (15 credit hours total) as listed below.

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—15 Credit Hours

All of the required courses are available online and must be taken at UCF.

- ECW 5207 - Management of Career Education Programs **3 Credit Hours**
- ECW 6105 - Career Education Curriculum Planning and Implementation **3 Credit Hours**
- ECW 6205 - Administration of Local Career Education Programs **3 Credit Hours**
- ECW 6206 - Supervision in Local Career and Technical Education Programs **3 Credit Hours**

- ECW 6695 - School/Community Relations for Career and Technical Education Programs **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline. Review the Graduate Certificate Admission Requirements for more information.

Marriage, Couple, and Family Therapy Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: Counselor Education and School Psychology	
Program Websites: https://ccie.ucf.edu/counselored/	

Program Description

This program has temporarily suspended admissions effective Spring 2020

The Graduate Certificate in Marriage, Couple and Family Therapy is housed within the Counselor Education Program in the College of Community Innovation and Education. The certificate program is designed to provide advanced training to students in the Counselor Education and Social Work programs and for practicing counselors and therapists working with families, couples, and children.

The certificate requires the completion of five graduate courses addressing family systems, working with couples and family therapy theory, and counseling techniques. For many counselors, this certificate will fulfill the academic requirements in order to apply to the Florida Department of Medical Quality Assurance for licensure as a Marriage and Family Therapist. Applicants considering this certificate program should contact their State Licensure Board to verify the courses required. The Marriage, Couple, and Family Therapy Graduate Certificate program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Marriage-Couple-Family-Therapy-GC.pdf>.

As part of the program's pragmatic approach to preparing counselors, in addition to classroom studies, all students complete clinical experiences in the UCF Community Counseling and Research Center and field-based experiences in the community. The UCF

Community Counseling and Research Center serves as a hub for training and research in the program, with graduate students providing annual services to over 1,400 individuals, couples, and families in the central Florida community.

Master's students in the School of Social Work can also obtain the Graduate Certificate in Marriage, Couple and Family Therapy by taking the required courses for Social Work students, which include content about family theory and assessment and counseling with families as well as a field component. Information about Social Work courses and field courses can be obtained through the School of Social Work.

Curriculum

The Graduate Certificate in Marriage, Couple and Family Therapy requires 15 credit hours. The Practicum in Counselor Education (MHS 6803) and the Counseling Internship (MHS 6830) must be taken in separate semesters. Among the total hours accumulated in these clinical experiences, at least 180 hours of direct client contact must be dedicated to working with couples, families, and unmarried dyads. For Social Work students, the certificate requires 17 credit hours, enrollment in either the part-time or full-time Clinical Field Seminar is acceptable, and all coursework is specific to Social Work.

Total Credit Hours Required: 15-17 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 15 Credit Hours

- MHS 6430 - Family Counseling I **3 Credit Hours**
- MHS 6431 - Family Counseling II **3 Credit Hours**
- MHS 6440 - Couples Counseling **3 Credit Hours**
- MHS 6803 - Practicum in Counselor Education **3 Credit Hours**
- MHS 6830 - Counseling Internship **1-6 Credit Hours**

Required Courses for Social Work Students: 17 Credit Hours

- SOW 5107 - Human Behavior in the Social Environment **3 Credit Hours**
- SOW 6612 - Clinical Practice with Families **3 Credit Hours**
- SOW 6531 - Full Time MSW Clinical Field Integrative Seminar I **2 Credit Hours** **
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
- SOW 6536 - Full Time MSW Clinical Field Education and Seminar II **4 Credit Hours** **
- MHS 6440 - Couples Counseling **3 Credit Hours**

Part-time clinical courses

**For this certificate program, the following part-time clinical courses meet the 8 hour field seminar sequence:

- SOW 6561 - Part-Time MSW Clinical Field Integrative Seminar I **2 Credit Hours**
- SOW 6562 - Part Time MSW Clinical Field Integrative Seminar II **1 Credit Hours**
- SOW 6563 - Part-Time MSW Clinical Field Integrative Seminar III **1 Credit Hours**
- SOW 6940 - Clinical Field Education **VAR Credit Hours**
- 1st Semester **2 Credit Hours**
- 2nd Semester **1 Credit Hour**
- 3rd Semester **1 Credit Hour**

Application Requirements

Admission is open to students currently enrolled in graduate Counseling, Psychology or Social Work programs at UCF. Applicants must apply online to the graduate certificate program and official transcripts must be submitted. All requested materials must be submitted by the established deadline.

Mathematical Science Graduate Certificate ►

College: Sciences

Department: Mathematics

Program Websites: <http://math.ucf.edu>

Program Description

The Graduate Certificate in Mathematical Science is designed to prepare students to teach college-level mathematics in high schools or colleges.

All required courses will be offered to accommodate distance learning by posting recorded lectures and offering scheduled online problem sessions and office hours.

Please note: Mathematical Science Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters.

Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Mathematical Science certificate requires six graduate courses (18 credit hours), including 9 credit hours of required courses and 9 credit hours of elective courses.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 9 Credit Hours

Students choose three of the following courses.

- MAA 5210 - Topics in Advanced Calculus **3 Credit Hours**
- MAS 5145 - Advanced Linear Algebra and Matrix Theory **3 Credit Hours**
- MTG 5253 - Introduction to Differential Geometry **3 Credit Hours**
- MAA 6405 - Complex Variables **3 Credit Hours**
- MAT 5712 - Scientific Computing **3 Credit Hours**
- MAP 5426 - Special Functions **3 Credit Hours**

Elective Courses: 9 Credit Hours

Students should take three graduate-level courses offered by the Department of Mathematics and/or the Department of Statistics at UCF, with at most two elective courses from the Department of Statistics.

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Medical Speech-Language Pathology Graduate Certificate

College: Health Professions and Sciences	Degree: CRT
Department: Communication Sciences and Disorders	
Program Websites: https://healthprofessions.ucf.edu/csd/	

Program Description

This certificate program has been temporarily suspended effective Summer 2016.

The UCF School of Communication Sciences and Disorders (CSD) Graduate Certificate in Medical Speech-Language Pathology is designed to prepare speech language pathologists and students currently enrolled in the CSD program with the knowledge and skills necessary to evaluate and treat individuals with medically-related communication disorders.

Curriculum

Current UCF CSD graduate students: 12 credit hours total (3 courses selected from the list below). Students currently enrolled in the UCF Communication Sciences and Disorders MA program are required to take 9 credit hours in addition to SPA 6565 - Feeding and Swallowing Disorders, which is required to fulfill the regular degree requirements.

Certificate only, for speech language pathologists (professionals): 12 credit hours (4 courses to be selected from the list below). SPA 6565 - Feeding and Swallowing Disorders is a required course toward this certificate if the student has not previously taken a course in Feeding and Swallowing Disorders at the graduate level. All courses toward the Medical Speech-Language Pathology Certificate program should be selected in consultation with the Master's Program Coordinator and medical certificate faculty adviser, Dr. Bari Ruddy.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Master's Degree

Required Courses: 12 Credit Hours

Complete four of the following six courses:

- SPA 6245 - Communication Disorders in Cleft Palate-Velopharyngeal Dysfunction **3 Credit Hours**
- SPA 6417 - Cognitive/Communicative Disorders **3 Credit Hours**
- SPA 6565 - Feeding and Swallowing Disorders **3 Credit Hours**

- SPA 6453 - Management of Cognitive-Communication Disorders in Traumatic Brain Injury **3 Credit Hours**
- SPA 6432 - Issues in Autism **3 Credit Hours**
- SPA 6569 - Management of Upper Airway and Aerodigestive Disorders **3 Credit Hours**

Note:

- Courses from a previous graduate degree program or certificate program cannot be applied toward the completion of the Certificate in Medical Speech-Language Pathology.
- Current students in UCF's Communication Sciences and Disorders MA program may only apply SPA 6565 - Feeding and Swallowing Disorders toward both the Medical Speech-Language Pathology Certificate and the master's degree in communication sciences and disorders. Nine credit hours will need to be taken in addition to the regular master's program course requirements.

Application Requirements

Admission is open to those with a master's degree in speech-language pathology from a regionally accredited institution and UCF graduate students currently enrolled in the Communication Sciences and Disorders MA program. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Military Social Work Graduate Certificate

College: Health Professions and Sciences	Degree: CRT
Department: School of Social Work	
Program Websites: https://healthprofessions.ucf.edu/socialwork/	

Program Description

Students pursuing a Master of Social Work degree may choose a specialization in military social work.

The Graduate Certificate in Military Social Work will prepare students to provide behavioral health services, including mental health counseling aimed at building psychological resilience; treatment of post-traumatic stress disorder, depression, anxiety, suicide risk assessment and prevention techniques; and family therapy for strengthening military, veterans and their families during and after deployment.

Due to the specialized tuition rate for the Online MSW track, online-only students are not permitted to enroll in any certificate programs at UCF.

Curriculum

The Military Social Work certificate is open to current UCF MSW Traditional and Advanced Standing students and a limited number of Counselor Education students only. Educational standards for all social work programs are established by the Council on Social Work Education (CSWE), the national accreditation body for professional social work education. Curriculum direction and content is regulated by the CSWE through its accreditation standards. The MSW program at UCF is fully accredited through CSWE.

The following courses are required for the certificate but may also be used as electives in the MSW program.

Total Credit Hours Required: 9 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—9 Credit Hours

- SOW 6149 - Military Culture and Social Work Practice 3 **Credit Hours**
- SOW 6608 - Understanding and Managing Combat Related Behavioral and Mental Health Disorders 3 **Credit Hours**
- SOW 6610 - Clinical Practice with Military and Veteran Families or Groups 3 **Credit Hours**

Application Requirements

Admission is open to current students in the UCF Master of Social Work program and a limited number of students in the UCF Counselor Education master's program. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. Please submit all requested material by the established deadline(s):

- One official transcript from each college/university attended (Graduate Studies should already have on file from your MSW application).
- Personal statement for Military Social Work. Applicants should write a personal autobiographical statement that is no more than two double spaced pages. Questions to answer include: What reasons or experiences led you to decide to apply for the military social work certificate? In completing the certificate, why is working with this population of interest to you?
- Up to date résumé

Students admitted to one of the Advanced Standing Tracks—either full-time or part-time—MUST take all three courses in order to be eligible for this certificate—this means completing one additional elective as a part of their plan of study.

Students interested in admission to this certificate program should contact the MSW Admissions Specialist or by calling 407-823-3474 for more information.

Application Deadlines

Military Social Work Graduate Certificate	*Fall Priority	Fall
Domestic Applicants		Jul 1
International Applicants		

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Admission to the Certificate Program is rolling--applying before the deadline is encouraged.

Mixed Reality Engineering Graduate Certificate ♦

College: Engineering and Computer Science

Degree: CRT

Department: Computer Science

Program Websites:

Program Description

The Graduate Certificate in Mixed Reality Engineering aims to provide students with a comprehensive overview of virtual and augmented reality technologies culminating in the development of a mixed reality software application or system.

Curriculum

The Mixed Reality Engineering certificate requires three graduate courses (9 credit hours).

Total Credit Hours Required: 9 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 9 Credit Hours

- CAP 5115 - Virtual Reality Engineering **3 Credit Hours**
- CAP 6110 - Augmented Reality Engineering **3 Credit Hours**
- CAP 6117 - Mixed Reality Project **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree in computer science or a closely related discipline with a minimum GPA of 3.0. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition, applicants to this certificate must provide:

Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation.

Applications are accepted for the fall and spring terms only.

Application Deadlines

Mixed Reality Engineering Graduate Certificate	*Fall Priority	Fall
Domestic Applicants		Jul 1
International Applicants		

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Modeling and Simulation of Behavioral Cybersecurity Graduate Certificate

College: Graduate Studies	Degree: CRT
Department: School of Modeling, Simulation, and Training	
Program Websites: https://msgrad.ist.ucf.edu	

Program Description

The Graduate Certificate in Modeling and Simulation of Behavioral Cybersecurity provides students with an interdisciplinary modeling and simulation approach to cybersecurity with a particular emphasis on the behavioral aspects of cybersecurity and cyber operations.

This graduate certificate is beneficial to individuals who have an interest in interdisciplinary studies and problem-solving for modeling, simulation, and behavioral aspects of cybersecurity.

UCF Partnerships

The Modeling and Simulation of Behavioral Cybersecurity certificate partners with several UCF master's programs. If students complete the certificate and are accepted into a partnering program, all certificate coursework can be used toward that master's degree. Here is a list of our partnering UCF master's programs:

- Computer Engineering MSCpE
- Industrial Engineering MS ►
- Modeling and Simulation MS
- Cyber Security and Privacy MS

Curriculum

The Graduate Certificate in Modeling and Simulation of Behavioral Cybersecurity requires a total of 15 credit hours in courses in the required competency areas of Modeling and Simulation Fundamentals, Testing and Evaluation, and Modeling Techniques and Applications.

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—15 Credit Hours

- IDC 5602 - Cybersecurity: A Multidisciplinary Approach **3 Credit Hours** (Fall)
- CNT 5410L - Cyber Operations Lab **3 Credit Hours** (Spring)
- IDC 6600 - Emerging Cyber Issues **3 Credit Hours** (Summer)
- IDC 6601 - Behavioral Aspects of Cybersecurity **3 Credit Hours** (Summer)
- IDC 6941 - Capstone in Modeling and Simulation of Behavioral Cybersecurity **3 Credit Hours** (Fall)

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended
- Résumé or Curriculum Vitae

Application Deadlines

Modeling and Simulation of Technical Systems Graduate Certificate

College: Graduate Studies	Degree: CRT
Department: School of Modeling, Simulation, and Training	
Program Websites: http://www.ist.ucf.edu/grad	

PROGRAM DISCONTINUED EFFECTIVE FALL 2019

Program Description

The Graduate Certificate in Modeling and Simulation of Technical Systems provides students with the necessary knowledge in modeling and simulation fundamentals, including modeling techniques and applications, with special emphasis on modeling and simulation in testing and evaluation.

This graduate certificate is beneficial to technical professionals involved with constructing and using simulation models of dynamic systems. All courses of the certificate program will be delivered electronically via distance education. Students are required to apply to the Out-of-State Cohort Track or the In-State Cohort Track.

Program Tracks

- Modeling and Simulation of Technical Systems, In State Cohort Track Graduate Certificate
- Modeling and Simulation of Technical Systems, Out of State Cohort Track Graduate Certificate

Application Requirements

Applicants must choose a track in this program. Track(s) may have different requirements.

Nonprofit Management Graduate Certificate ►

College: Community Innovation and Education

Degree: CRT

Department: School of Public Administration

Program Website: <https://ccie.ucf.edu/public-administration/nonprofit-management/>

Program Description

The Graduate Certificate in Nonprofit Management is delivered completely online and offers specialized, graduate-level knowledge in nonprofit management, resources development, strategic planning, volunteerism, and program evaluation. The certificate supports those currently working in the nonprofit sector or those looking for advancement in the nonprofit sector or in organizations that partner with the nonprofit sector.

Credits earned in the certificate program may be applied toward the Master of Nonprofit Management (MNM) degree. However, admission to the MNM degree program has separate requirements from those of the certificate program and students considering continuing into the master's degree should familiarize themselves with admissions requirements, the credit transfer policy and should consult with a faculty adviser early in their certificate program. The Graduate Certificate in Nonprofit Management requires that students complete 18 credit hours. Students must maintain at least a 3.0-grade point average in order to be awarded the Graduate Certificate. The Certificate must be completed within 7 years.

An Out-of-State Graduate Certificate in Nonprofit Management Cohort Track is also offered specifically for students who are not Florida residents and who reside outside of the state of Florida. The Out-of-State Cohort is also delivered completely online, and the curriculum is identical to the Florida resident program. Students in the cohort program pay less than half of the regular out-of-state tuition. Students interested in the Out-of-State cohort should refer to the Out-of-State Graduate Certificate in Nonprofit Management program track.

Please note: Nonprofit Management Graduate Certificate may be completed fully online, and newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Program Tracks

- Nonprofit Management Graduate Certificate, Out of State Cohort Track ►

Curriculum

The Graduate Certificate in Nonprofit Management program is a completely online; students in this program are expected to have the ability to complete the coursework online. The program requires a minimum of 18 credit hours beyond the bachelor's degree; consisting of 15 credit hours of core courses and 3 credit hours of a restricted elective.

The Certificate program incorporates service learning in some of its courses. Service learning involves students partnering with a local nonprofit organization of their choice to offer technical assistance in a specific area of operation that is covered in their coursework. Service Learning enhances the students' academic experience and presents opportunities for networking. The process is supervised by the instructor and provides benefits to both the organization and the student.

Some of the courses may also involve group work intended to develop leadership abilities while providing an opportunity for the student to show his or her ability to be a team player. Group projects promote important intellectual and social skills and help to prepare students for professional work where teamwork and collaboration are necessary.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 15 Credit Hours

Students must achieve a grade of "B-" (80%) or better in every course. Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

- PAD 5145 - Volunteerism in Nonprofit Management **3 Credit Hours**
- PAD 5146 - Nonprofit Resource Development **3 Credit Hours**
- PAD 6142 - Nonprofit Organizations **3 Credit Hours**
- PAD 6327 - Public Program Evaluation Techniques **3 Credit Hours**
- PAD 6335 - Strategic Planning and Management **3 Credit Hours**

Elective Course: 3 Credit Hours

Choose one course below.

An internship is required for students pursuing the National Nonprofit Leadership Certification. Students who provide documentation of at least 300 hours of nonprofit sector experience may have the internship waived.

National Nonprofit Leadership Certificate: The Nonprofit Leadership Alliance represents the achievements of national academic and experiential standards in nonprofit management. Students pursuing the Nonprofit Leadership Certification must meet the Nonprofit Leadership Alliance mandated requirements.

- PAD 5850 - Grant and Contract Management **3 Credit Hours**
- PAD 6237 - Ethics and Governance in Nonprofit Management **3 Credit Hours**

- PAD 6208 - Nonprofit Financial Management **3 Credit Hours**
- SOW 6383 - Social Work Administration **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution recognized by UCF. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

All applicants to this certificate program will also be required to submit:

- One official transcript meeting the minimum GPA requirement of 2.5 from each college/university attended.
- A current, professional résumé.
- Statement of Goals: This is a key component of the admission review process and serves as an example of the applicant's ability to express him or herself in writing. The goal statement must be no longer than two pages and should address the following:
 - What is your reason for pursuing graduate study in Nonprofit Management, including your future goals and plans?
 - What specific areas of Nonprofit Management interest you?
 - Work and/or Voluntary experience (nonprofit experience is preferred, not required)
- Applicants who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

The U.S. Department of Education requires colleges to disclose a variety of information for any financial aid eligible program that "prepares students for gainful employment in a recognized occupation". The information provided in the link below is the best that is available to us. This information represents one year's data only, however, we hope that this information is helpful to current and prospective students, as you make your career and educational choices.

Nursing Education Graduate Certificate ►

College: Nursing

Department: Nursing

Program Websites: <http://www.nursing.ucf.edu/>

Graduate Program Handbook

Program Description

The Graduate Certificate in Nursing Education is designed to prepare nurses and other healthcare professionals to teach in professional health care education programs, health care agencies, and the community. The certificate program can be completed entirely online.

Program Objectives

- Analyze social, economic, ethical, cultural, legal and political issues influencing nursing practice and health care in a global context.
- Collaborate with leaders in nursing and other disciplines to improve the quality of professional nursing practice and the healthcare system.
- Develop and implement leadership, management and teaching strategies for the improvement of health and healthcare.
- Develop practice models of evidence-based nursing practice incorporating nursing research.
- Influence health and public policy to improve the health of communities.

- Participate in lifelong learning activities.
- Participate in research and disseminate research findings through presentation and publication.
- Synthesize advanced knowledge from the sciences, humanities and nursing theories to support an advanced nursing practice.
- Plan, evaluate and implement the delivery of health care using critical thinking skills.
- Practice in an advanced nursing role.

For information on how this program may prepare you for professional licensure, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-Online-Nursing-Education-GC.pdf>.

Please note: Nursing Education Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

You may pursue this UCF College of Nursing online program **as long as you will be physically located in a Nurse Licensure Compact (NLC) state for the duration of your education.**

UCF College of Nursing faculty are authorized to teach in NLC states. Due to nursing education restrictions imposed by non-NLC states, UCF is unable to offer courses, clinicals, or other educational services regardless of modality within non-NLC states. Should you be physically located within a non-NLC state for more than a vacation or brief visit, regardless of your legal state of residence or the type of license you have, you will be unable to apply or continue your nursing degree program at the UCF College of Nursing. This includes, but is not limited to, students accepting traveling nurse positions in a non-Nurse Licensure Compact state.

UCF is also an approved institution of the National Council for State Authorization Reciprocity Agreement (NC-SARA). Membership in NC-SARA requires the university to disclose information regarding state licensing and certification requirements for the selected program of study when licensing and/or certification are a requirement to practice in the profession after graduation.

While licensure or certification may be available in this field of study, this program does not lead to such licensure or certification upon graduation. The professional preparation you receive in our program may still assist you in such pursuits; however, we are unable to confirm the specific licensure and certification requirements of each state, territory, or foreign entity in which professional credentialing may be possible. If you intend to pursue such credentialing in your state or elsewhere, we advise you to contact the applicable state credentialing authority to familiarize yourself with its specific requirements and determine if our program meets its academic criteria.

You are welcome to contact the College of Nursing's Assistant Dean of Students with questions in this regard, and we will do our best to assist you in your career planning.

Curriculum

The certificate program requires three courses, for a total of 9 credit hours.

Total Credit Hours Required: 9 Credit Hours Minimum beyond the Master's Degree

Optional courses cannot be substituted for the required courses and do not count toward the certificate.

Required Courses: 9 Credit Hours

- NGR 6718 - Evaluation in Nursing Education **3 Credit Hours**
- NGR 6791 - Teaching Strategies for Nurse Educators **3 Credit Hours**
- NGR 6713 - Curriculum Development in Nursing Education **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Admission to the program is competitive on a space-available basis. In addition to the general UCF graduate application requirements, applicants to this program must provide:

- One official transcript (in a sealed envelope) from each college/university attended.
- MSN degree earned or in progress from an accredited institution.
- Address the following 3 items in a written essay. Total word count for all (not each) answers should be 500 words or less, double-spaced, 12 point Times New Roman font, and 1-inch margins:
 - Describe your future career plans and how the program to which you are applying will help you achieve your career goals.
 - Describe the changes you would make in your personal and professional life to ensure success in your graduate nursing education.
 - Identify one significant contemporary issue/ problem in U.S. health care and explore how members of the nursing profession can help address that issue or solve that problem.
- Curriculum Vitae should reflect prior education, recent clinical/practice accomplishments, any recent scholarly work (publications, presentations, grants, research participation), awards, scholarships, additional professional certifications, volunteer activities, and membership/leadership/activities with professional organizations and community service organizations. For recent graduates, this can include accomplishments as a student.

- Requires 3 professional recommendations.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Before submitting your application, it is recommended that applicants call the College of Nursing Graduate Office at 407-823-2744 to schedule an appointment with a graduate adviser to discuss your academic goals. It is advantageous to discuss the program before writing the required essay because the essay must address your goals for Masters-level preparation for advanced nursing practice.

The College of Nursing uses a student information management system, LEAP*RN (Project Concert). This database houses information regarding plans of study, clinical placements, clinical hours, logs, and evaluation data to assist in maintaining standards required for CCNE accreditation, facilitate student progression, and enhance clinical tracking. Students will need to access LEAP*RN for clinical course requirements, course evaluations, and portfolios. Upon graduation, students will continue to have no-cost access to their information. All students will be responsible for a one-time subscription of \$100 per certificate program payable at <https://secure.projectconcert.com/ucf> and due prior to registering for first semester courses. If students register for courses prior to paying the subscription, a "hold" service indicator will be placed to prevent future enrollment and other progression functions.

Optical Imaging Systems Graduate Certificate ► ◆

College: Optics and Photonics	Degree: CRT
Department: Optics and Photonics	
Program Websites: https://www.creol.ucf.edu/academics/graduate/	

Program Description

The Optical Imaging Systems Graduate Certificate is designed to provide working professionals with knowledge and training in optical imaging systems to enhance their career opportunities and meet their current responsibilities.

The certificate program compliments their technical backgrounds in science and engineering with the basic principles and applications of optical engineering in imaging, electro-optic systems, radiometry, and optical system design.

Please note: Optical Imaging Systems Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

This program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/licensure-programs/>.

Curriculum

For the Optical Imaging System certificate, students complete two required courses and two elective courses, for a total of 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 6 Credit Hours

- OSE 5115 - Interference and Diffraction **3 Credit Hours**
- OSE 6211 - Imaging and Optical Systems **3 Credit Hours**

Elective Courses: 6 Credit Hours

Choose two of the following four courses.

- OSE 5203 - Geometrical Optics **3 Credit Hours**
- OSE 5525 - Laser Engineering **3 Credit Hours**
- OSE 6242 - Infrared Systems **1 Credit Hours**
- OSE 6265 - Optical Systems Design **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree in electrical engineering, physics, or a closely related discipline from an accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must **apply online**. All requested materials must be submitted by the established deadline.

In addition, applicants to this certificate must provide:

Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from **World Education Services (WES)** or **Josef Silny and Associates, Inc** only.

Applications are accepted for the fall and spring terms only.

Play Therapy Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: Counselor Education and School Psychology	
Program Websites: https://ccie.ucf.edu/cesp/counselored/	

Program Description

The Graduate Certificate in Play Therapy is housed within the Counselor Education program in the College of Community Innovation and Education. The certificate program is designed to provide advanced training to students in the Counselor Education program and for practicing counselors and therapists working with children and adolescents.

The Play Therapy Graduate Certificate does not directly certify individuals in Play Therapy; however, it can be listed as a Graduate Certificate in Play Therapy as part of one's credentials. The educational courses are designed toward credentials to be registered as a play therapist. Applicants should also contact the Association for Play Therapy to verify the courses needed to be registered as a play therapist.

The Play Therapy Graduate Certificate program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Play-Therapy-GC.pdf>.

Curriculum

The Graduate Certificate in Play Therapy requires 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Master's Degree

Required Courses: 12 Credit Hours

- MHS 6421 - Foundations of Play Therapy and Expressive Arts **3 Credit Hours**
- MHS 6422 - Advanced Theories and Techniques of Play Therapy **3 Credit Hours**
- MHS 6403 - Group and Family Play Therapy **3 Credit Hours**

- MHS 6424 - Filial Therapy 3 Credit Hours

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution recognized by UCF or those currently enrolled in or possessing a master's degree in counseling or a related field. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline. The Play Therapy Certificate program admits twice per year in the spring and summer terms only.

Individuals seeking national certification through the Association of Play Therapy Incorporated (APT) must obtain a master's degree in counseling or a related field and possess a state license in Mental Health Counseling, Marriage and Family Therapy, or Social Work. For additional play therapy certification requirements, please consult the APT website at www.a4pt.org.

Police Leadership Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: Criminal Justice	
Program Website: https://ccie.ucf.edu/criminaljustice/	

Program Description

The Graduate Certificate in Police Leadership provides a theoretical and practical knowledge base for law enforcement executives in criminal justice, public administration or social work.

The Graduate Certificate in Police Leadership is designed to provide a theoretical and practical knowledge base for the law enforcement executive in criminal justice, public administration or social work.

Municipalities, county governments, and state agencies have been working to develop new technologies, cooperative business and government relationships, and new ways of fighting and deterring criminal behavior. The police manager, who previously had been concerned only with issues involving statutes, policies, and local jurisdictional issues, must now be concerned with human resource and management issues, employee assistance programs, ethical issues, and local, state, federal, and international government relations.

Please note: Police Leadership Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students

choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

Students in the Police Leadership certificate must complete two required courses, one restricted elective and one course from the list of approved unrestricted electives, for a total of 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 6 Credit Hours

- CJE 5021 - Foundations of Law Enforcement **3 Credit Hours**
- CCJ 6106 - Policy Analysis in Criminal Justice **3 Credit Hours**

Elective Courses: 6 Credit Hours

Choose one of the following courses (3 credit hours):

- CCJ 6118 - Criminal Justice Organizations **3 Credit Hours**
- CJL 6568 - Law and Social Control **3 Credit Hours**
- PAD 5807 - Local Government Operations **3 Credit Hours**
- PAD 6037 - Public Organization Management **3 Credit Hours**
- PAD 6327 - Public Program Evaluation Techniques **3 Credit Hours** *This course is an advanced program evaluation course. Those without a background in Public Administration are discouraged from enrolling in this course.*

And, choose one of the following courses: 3 Credit Hours

- CCJ 5015 - The Nature of Crime **3 Credit Hours**
- CCJ 5456 - The Administration of Justice **3 Credit Hours**
- CCJ 6431 - Leadership and Ethics in Criminal Justice **3 Credit Hours**

- PAD 5041 - Ethics and Values in Public Administration **3 Credit Hours**
- PAD 6035 - Public Administration in the Policy Process **3 Credit Hours**
- PAD 6417 - Human Resource Management **3 Credit Hours**
This course has a prerequisite of PAD 6700. Contact the Public Administration department for an override.

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution recognized by UCF. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Prekindergarten Disabilities Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: School of Teacher Education	
Program Website: https://ccie.ucf.edu/teachered/exceptional-student-education/	

Program Description

The Graduate Certificate in Prekindergarten (Pre-K) Disabilities prepares graduate students to teach pre-kindergarten students with disabilities.

The Graduate Certificate in Prekindergarten (Pre-K) Disabilities is designed to provide additional knowledge and skills for professionals to meet the requirements for the Pre-K Disabilities ESE Endorsement. The four graduate courses focus on knowledge, skills, and competencies for working with children birth to age 5 with disabilities, developmental delays and/or at-risk conditions. They can be added to current teaching certification in any exceptional education field, primary education, elementary education (K-6), and/or early childhood education. Pending state approval, persons holding any of the Florida teaching certifications listed may apply the four certificate courses toward the State Prekindergarten (Pre-K) Endorsement (Administrative Rule 6A-4.01792). The Prekindergarten Disabilities Graduate Certificate program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that

regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Prekindergarten-Disabilities-GC.pdf>.

Tuition support for these courses is available for eligible candidates through the Pre-K Disabilities Endorsement Tuition Support Program from the Florida Department of Education, Bureau of Exceptional Education and Student Support Services. More information is available at <https://florida-ese.org/tuition-support>.

Please note: Prekindergarten Disabilities Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

For the Prekindergarten Disabilities certificate, students complete four required courses (12 Credit Hours total).

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

- EEX 5702 - Planning Curriculum for Pre-Kindergarten Children with Disabilities **3 Credit Hours**
- EEX 5750 - Communication with Parents and Agencies **3 Credit Hours**
- EEX 6017 - Typical and Atypical Applied Child Development **3 Credit Hours**
- EEX 6222 - Observation and Assessment of Young Children **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree in exceptional education or primary education from a regionally accredited institution, a master's degree in varying exceptionalities or primary education from a regionally accredited institution, or if an individual has shown evidence of graduate course work in one of these areas:

exceptional student education, preschool education (0-4), primary education (K-3), pre-kindergarten/primary education (PK-3), or early childhood education.

An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Application Deadlines

Prekindergarten Disabilities Graduate Certificate	*Fall Priority	Fall
Domestic Applicants		Jul 1
International Applicants		
*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Professional Writing Graduate Certificate ►

College: Arts and Humanities

Department: Writing and Rhetoric

Program Websites: <http://writingandrhetoric.cah.ucf.edu/prowriting.php>

Program Description

The Graduate Certificate in Professional Writing offers professionals opportunities to develop and improve communication skills vital to advancing in the workplace.

The certificate is designed for busy professionals, all courses are offered via the web, and the program can be completed in as few as three consecutive semesters.

Please Note: The Professional Writing Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees. See <http://ucf.edu/online> for more information.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to **State Restrictions** for current information.

Curriculum

This flexible five-course sequence of graduate study includes two required core courses and allows students to choose three electives from the list below. Students will also complete an electronic writing portfolio before graduation.

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—6 Credit Hours

- ENC 5337 - Rhetorical Theory **3 Credit Hours**
- ENC 6701 - Professional Writing Studies **3 Credit Hours**

Elective Courses—9 Credit Hours

Choose three courses from the following list.

- ENC 5237 - Writing for the Business Professional **3 Credit Hours**
- ENC 5276 - Theory and Practice of Tutoring Writing **3 Credit Hours**
- ENC 5705 - Approaches to Teaching College Composition **3 Credit Hours**
- ENC 5930 - Current Topics in Professional Writing **3 Credit Hours**
- ENC 6216 - Editing Professional Writing **3 Credit Hours** *
- ENC 6217 - Technical Editing **3 Credit Hours** *
- ENC 6247 - Proposal Writing **3 Credit Hours**
- ENC 6257 - Visual Technical Communication **3 Credit Hours**
- ENC 6261 - Technical Writing, Theory and Practice **3 Credit Hours**
- ENC 6292 - Project Management for Technical Writers. **3 Credit Hours**
- ENC 6296 - Interactive Design in Technical Communication **3 Credit Hours**
- ENC 6297 - Production and Publication Methods **3 Credit Hours**
- ENC 6306 - Persuasive Writing **3 Credit Hours**
- ENC 6332 - Gendered Rhetoric **3 Credit Hours**
- ENC 6333 - Contemporary Rhetoric and Composition Theory **3 Credit Hours**
- ENC 6335 - Rhetorical Traditions **3 Credit Hours**
- ENC 6338 - The Rhetorics of Public Debate **3 Credit Hours**
- ENC 6339 - Rhetorical Movements **3 Credit Hours**
- ENC 6421 - Digital Rhetorics **3 Credit Hours**
- ENC 6425 - Hypertext Theory and Design **3 Credit Hours**
- ENC 6428 - Digital Literacies **3 Credit Hours**
- ENC 6429 - Teaching Writing With Computers **3 Credit Hours**
- ENC 6945 - Community Literacy Practicum **3 Credit Hours**
- ENC 6712 - Studies in Literacy and Writing **3 Credit Hours**
- ENC 6245 - Teaching Professional Writing **3 Credit Hours**
- ENC 6740 - Topics in Rhetoric and Composition **3 Credit Hours**
- ENG 5009 - Methods of Bibliography and Research **3 Credit Hours**

- LIN 5137 - Linguistics 3 Credit Hours
- LIN 5675 - English Grammar and Usage 3 Credit Hours

Note:

Due to their similarity, students can apply either ENC 6216 or ENC 6217 to this program of study. Students cannot use both for elective credit for this program.

Electronic Writing Portfolio

Students will complete a web-based professional portfolio before filing for graduation. This portfolio must be approved by the program director and must include three exemplary projects, each from a different course. A page analyzing the rhetorical situation should accompany each project.

Exit Survey

Students should complete the Exit Survey at the end of their program if they would like to receive a certificate of program completion in addition to their grade audit.

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Successful applicants will have received a grade of "A" or "B" in an upper-division writing intensive course. All applications require the following in order to be reviewed:

- An application to the graduate certificate program
- Official transcripts
- A statement of academic intent

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance and the applicant's potential for completing the certificate.

Application Deadlines

Professional Writing Graduate Certificate	*Fall Priority	Fall
---	---------------------------	-------------

Domestic Applicants		Jul 1
International Applicants		
*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Project Engineering Graduate Certificate ►

College: Engineering and Computer Science	Degree: CRT
Department: Industrial Engineering and Management Systems	

Program Description

The Graduate Certificate in Project Engineering is designed to meet the needs of engineers moving into management and other leadership roles.

The certificate program compliments their technical backgrounds with the human aspects, organizational and financial issues, project considerations, and analytical tools for effective decision making.

Please note: Project Engineering Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

For the Project Engineering certificate, students complete three required courses and one elective course, for a total of 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 9 Credit Hours

- EIN 5108 - The Environment of Technical Organizations **3 Credit Hours**
- EIN 5117 - Management Information Systems I **3 Credit Hours**
- EIN 5140 - Project Engineering **3 Credit Hours**

Elective Courses: 3 Credit Hours

Choose one of the following two courses.

- EIN 6357 - Advanced Engineering Economic Analysis 3 **Credit Hours**
- ESI 6358 - Decision Analysis 3 **Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree in industrial engineering or a closely related discipline from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applications are accepted for the fall and spring terms only.

Public Administration Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: School of Public Administration	
Program Websites: https://ccie.ucf.edu/public-administration/public-administration/graduate/public-administration/	

Program Description

The Graduate Certificate in Public Administration is designed to provide students with enhanced knowledge and skills in public service. This program is offered completely online.

The Graduate Certificate in Public Administration provides graduate-level continuing education for both in-service and pre-career students. The program emphasizes the managerial skills essential for local government programs in an evolving metropolitan environment. The knowledge gained can strengthen the student's professional standing and help open doors to managerial and support positions.

Credits earned in the certificate program may be applied toward the Master of Public Administration (MPA) degree. However, admission to the MPA degree program has separate requirements from those of the certificate program and students considering continuing into the master's degree should familiarize themselves with credit transfer policy and should consult with the academic advisor early in their certificate program. The Graduate Certificate in Public Administration requires that students complete 18 credit hours. Students must maintain at least a 3.0 grade point average in order to be awarded the Graduate Certificate. The certificate must be completed within seven years.

Please note: Public Administration Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students

choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Public Administration graduate certificate requires 18 credit hours of core courses.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 18 Credit Hours

Students must achieve a grade of "B-" (80%) or better in every course. Grades 'C' or lower cannot be used to fulfill certificate requirements. Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

- PAD 6700 - Research Methods in Public Administration **3 Credit Hours**
- PAD 6035 - Public Administration in the Policy Process **3 Credit Hours**
- PAD 6037 - Public Organization Management **3 Credit Hours**
- PAD 6053 - Public Administrators in the Governance Process **3 Credit Hours**
- PAD 6227 - Public Budgeting **3 Credit Hours** (Requires PAD 6700 as a prerequisite)
- PAD 6417 - Human Resource Management **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

All applicants to this certificate program will be required to submit:

- One official transcript meeting the minimum GPA requirement of 2.5, in a sealed envelope, from each college/university attended.
- A current, professional résumé.
- Statement of Goals: This is a key component of the admission review process and serves as an example of the applicant's ability to express him or herself in writing. The goal statement must be no longer than two pages double-spaced (500-800 words) and should address the following:
 - Personal background and career aspirations in public service.
 - Reason for pursuing graduate study in public administration, including future career goals and plans.
 - Specific areas of public administration that interest you.
 - Applicants who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Materials received after the established deadline may not be considered. Admission to this certificate is competitive; applicants meeting the minimum application requirements are not guaranteed admission to the program.

Application Deadlines

Public Budgeting and Finance Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: School of Public Administration	
Program Website: https://ccie.ucf.edu/public-administration/	

Program Description

The Graduate Certificate in Public Budgeting and Finance is designed to meet the growing needs in our governments to understand and apply varied and complex budgeting and financial practices. The program is primarily aimed at students who wish to specialize in budgeting and finance careers in the public sector. The certificate curriculum prepares students to pursue the Certified Government Finance Officer designation from the Florida Government Finance Officers Association. This Certificate may be completed online.

This program has potential ties to state-regulated professional licensure or certification in the field. For more information on how

this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Public-Budgeting-and-Finance-GC.pdf>.

Curriculum

The Graduate Certificate in Public Budgeting and Finance is comprised of 18 credit hours of graduate courses, including four required courses and two electives. This certificate prepares students for budgeting and financial careers in government.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

Students must achieve a grade of "B-" (80%) or better in every course. Grades 'C' or lower cannot be used to fulfill certificate requirements. Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

- PAD 6207 - Public Financial Management **3 Credit Hours**
- PAD 6227 - Public Budgeting **3 Credit Hours**
- PAD 6238 - Revenue Policy and Administration **3 Credit Hours**
- PAD 6616 - Economic Principles for Public Policy and Management **3 Credit Hours**

Electives: 6 Credit Hours

Choose two courses from the following list.

- PAD 5356 - Managing Community and Economic Development **3 Credit Hours**
- PAD 5850 - Grant and Contract Management **3 Credit Hours**
- PAD 5855 - Introduction to Public Procurement **3 Credit Hours**
- PAD 6208 - Nonprofit Financial Management **3 Credit Hours**
- PAD 6234 - Public Capital and Debt **3 Credit Hours**
- PAD 6254 - Economics of Land Use Planning and Development **3 Credit Hours**
- PAD 6260 - Fundamentals of Public Sector Accounting **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution recognized by UCF. An application to the graduate certificate program and official transcripts must be

submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

All applicants to this certificate program will be required to submit:

- An official transcript from each college/university attended, showing a GPA of 2.5 or better on a 4.0 scale.
 - A current, professional resume.
 - Statement of Goals: This is a key component of the admission review process and serves as an example of the applicant's ability to express him or herself in writing. The goal statement must be no longer than two pages and should address the following:
 - What is your reason for pursuing graduate study in Public Budgeting and Finance, including your future goals and plans?
 - What specific areas of Public Budgeting and Finance interest you?
 - Any previous work experience in the field.
 - Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.
- Materials received after the established deadline may not be considered. Admission to this certificate is competitive; applicants meeting the minimum application requirements are not guaranteed admission to the program.

Public Policy Analysis Graduate Certificate ►

College: Community Innovation and Education	De
Department: School of Public Administration	
Program Websites: https://ccie.ucf.edu/public-administration/	

Program Description

The Public Policy Analysis Graduate Certificate is primarily designed to complement the Master of Public Administration (MPA) program by providing a formalized path for students to specialize in public policy analysis. This certificate is designed for students interested in a range of policy domains such as urban, environmental, transportation, economic development, emergency management, disaster, homeland security, and health. The program will prepare graduate students for professional careers as policy analysts and leaders in public service at all levels of government and in the

private and nonprofit sectors, with a particular focus on public policy formulation, implementation, and evaluation. This Certificate may be completed entirely online.

Curriculum

The Graduate Certificate in Public Policy Analysis is comprised of 18 credit hours of graduate courses, including four required courses and two electives. This certificate prepares students for professional careers in Public Policy Analysis.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—12 Credit Hours

Students must achieve a grade of "B-" (80%) or better in every course. Grades 'C' or lower cannot be used to fulfill certificate requirements. Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

- PAD 6035 - Public Administration in the Policy Process **3 Credit Hours**
- PAD 6307 - Public Policy Analysis and Management **3 Credit Hours**
- PAD 6616 - Economic Principles for Public Policy and Management **3 Credit Hours**
- PAD 6327 - Public Program Evaluation Techniques **3 Credit Hours**

Electives—6 Credit Hours

Choose two courses from the following list.

- PAD 6238 - Revenue Policy and Administration **3 Credit Hours**
- PAD 6701 - Analytical Techniques for Public Administration **3 Credit Hours**
- PAD 6829 - Network Analysis in Public Policy and Management **3 Credit Hours**
- PAD 5356 - Managing Community and Economic Development **3 Credit Hours**
- PAD 6387 - Transportation Policy **3 Credit Hours**
- PAD 6353 - Environmental Planning and Policy **3 Credit Hours**
- CCJ 6106 - Policy Analysis in Criminal Justice **3 Credit Hours**
- PHC 6146 - Health Planning and Policy **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution recognized by UCF. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

All applicants to this certificate program will be required to submit:

- One official transcript meeting the minimum GPA requirement of 2.5 on a 4.0 scale, in a sealed envelope, from each college/university attended.
 - A current, professional resume.
 - Statement of Goals: This is a key component of the admission review process and serves as an example of the applicant's ability to express him or herself in writing. The goal statement must be no longer than two pages and should address the following:

Quality Assurance Graduate Certificate ►

College: Engineering and Computer Science	Degree: CRT
Department: Industrial Engineering and Management Systems	
Program Websites: http://www.iems.ucf.edu/	

Program Description

The Graduate Certificate in Quality Assurance is designed to provide students with the knowledge and tools they need to help them understand how to increase process and product performance and

to improve the quality and reliability of goods and services in any manufacturing, healthcare, and other service organizations.

Much of the resurgence of U.S. companies and service organizations in the global marketplace has been due to an increased emphasis on quality. Today's consumers are offered many alternatives to meet their needs, and they have consequently become very discriminating in their purchases. In addition, companies seek to be known as a quality organization, not merely the producer of quality products. The Graduate Certificate in Quality Assurance provides students with the knowledge they need to increase process and product performance, to improve the quality and reliability of goods and services and to institute steps to make their organizations more competitive through an overall commitment to quality.

Please note: Quality Assurance Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

For the Quality Assurance certificate, students complete three required courses and one elective course, for a total of 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 9 Credit Hours

- ESI 5219 - Engineering Statistics **3 Credit Hours**
- ESI 5236 - Reliability Engineering **3 Credit Hours**
- ESI 6225 - Quality Design and Control **3 Credit Hours**

Elective Courses: 3 Credit Hours

Choose one of the following two courses.

- ESI 5227 - Total Quality Improvement **3 Credit Hours**

- ESI 6224 - Quality Management 3 Credit Hours

Application Requirements

Admission is open to those with a bachelor's degree in industrial engineering or a closely related discipline from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applications are accepted for the fall and spring terms only.

Application Deadlines

Reading Education Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: School of Teacher Education	
Program Website: https://ccie.ucf.edu/teachered/k-12/reading-education/	

Program Description

The Graduate Certificate in Reading Education provides teachers with research-based strategies for teaching reading.

The Graduate Certificate in Reading Education meets the Florida Department of Education Reading Endorsement requirements and prepares classroom teachers with an emphasis on evidence-based strategies for assessment and instruction of K-12 reading. The Reading Education Graduate Certificate program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Reading-Education-GC.pdf>.

Curriculum

For the Reading Education certificate, students complete six required courses (18 credit hours total). Although there are no program course prerequisites, candidates who have had no previous children's or adolescent literature courses are strongly encouraged to take one course prior to enrolling in the certificate program or at least prior to enrolling in RED 6846 Reading Practicum.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Suggested courses for those candidates who have not had previous children's or adolescent literature courses include: LAE 5415 - Children's Literature in Elementary Education (3 Credit Hours) or LAE 5465 - Literature for Adolescents (3 Credit Hours).

Required Courses: 18 Credit Hours

*Online delivery course.

- RED 5147 - Developmental Reading **3 Credit Hours** *
- RED 5517 - Classroom Diagnosis and Development of Reading Proficiencies **3 Credit Hours**
- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours** *
- RED 6845 - Advanced Evaluation and Instruction in Reading **3 Credit Hours**
- RED 6846 - Reading Practicum **6 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Applicants must show proof of one of the following: Florida professional teaching certificate, Florida Department of Education Statement of Eligibility indicating that all requirements for professional (not temporary) certification have been met, completion of a state-approved initial teacher preparation program (undergraduate or graduate), or admission to a graduate-level state-approved preparation program.

The U.S. Department of Education requires colleges to disclose a variety of information for any financial aid eligible program that "prepares students for gainful employment in a recognized occupation". The information provided in the link below is the best that is available to us. This information represents one year's data only, however, we hope that this information is helpful to current and prospective students, as you make your career and educational choices.

Application Deadlines

Research Administration Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: School of Public Administration	
Program Website: https://ccie.ucf.edu/public-administration/	

Program Description

The Graduate Certificate in Research Administration is an 18-credit online certificate that provides an overview of the core concepts in research administration for those interested in management within research organizations. The Certificate is intended to meet the needs

of individuals seeking a focused experience in order to prepare for or advance their careers in research management and leadership. It is appropriate for students who seek to expand their knowledge, but who do not wish to commit to a master's degree program.

Credit earned in the certificate program may be applied toward the Master of Research Administration (MRA) degree. However, admission to the MRA degree program has separate requirements from those of the certificate program. Students considering continuing into the master's degree should familiarize themselves with the credit transfer policy and consult with a faculty adviser early in their certificate program. The Graduate Certificate in Research Administration requires that students complete 18 credit hours of courses. Students must maintain at least a 3.0-grade point average in order to be awarded the Graduate Certificate. The certificate must be completed within three years.

Please note: Research Administration Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Graduate Certificate in Research Administration requires 18 credit hours of online courses that provide an overview of the core concepts in research administration. Students take 12 credit hours of required courses and choose 6 credit hours of elective courses.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

Students must achieve a grade of "B-" (80%) or better in every course. Grades 'C' or lower cannot be used to fulfill certificate requirements. Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

- PAD 6742 - Introduction to Research Administration **3 Credit Hours**
- PAD 6743 - Leadership and Organization Models in Research Administration **3 Credit Hours**
- PAD 6747 - Audits in Research Administration **3 Credit Hours**
- PAD 6741 - Research Integrity for Research Administrators **3 Credit Hours**

Elective Courses: 6 Credit Hours

Select two courses from the following list:

- PAD 6748 - Governance and Regulatory Issues for Sponsored Programs **3 Credit Hours**
- PAD 6745 - Contracting for Sponsored Programs **3 Credit Hours**
- PAD 6744 - Financial Management in Research Administration **3 Credit Hours**
- PAD 6746 - Intellectual Property, Technology Transfer and Commercialization **3 Credit Hours**

Cost Per Credit Hour

For the Graduate Certificate in Research Administration, the cost per credit hour is \$655.62.*

*Fee is subject to change

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution recognized by UCF. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

All applicants to this certificate program will be required to submit:

- One official transcript meeting the minimum GPA requirement of 2.5, in a sealed envelope, from each college/university attended.
- A current, professional résumé.
- Statement of Goals: This is a key component of the admission review process and serves as an example of the applicant's ability to express him or herself in writing. The goal statement must be no longer than two pages and should address the following:
 - What is your reason for pursuing graduate study in Research Administration, including your future goals and plans?
 - What specific areas of Research Administration interest you?
 - Working in Research Administration is preferred, not required.

- Applicants who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Materials received after the established deadline may not be considered. Admission to this certificate is competitive; applicants meeting the minimum application requirements are not guaranteed admission to the program.

Admission to this certificate program is limited. Please refer to the specific MRA program website for tuition rates. The University of Central Florida does not accept State Employee Waivers for this certificate program.

Research Smarts Graduate Certificate ► ◆

College: https://sciences.ucf.edu/	Degree: Certificate
Department: https://sciences.ucf.edu/sociology/	
Program Website: https://www.ucf.edu/degree/research-smarts-certificate https://sciences.ucf.edu/sociology/graduate	

Program Description

The Graduate Certificate in Research Smarts provides students with the essential skills and critical thinking needed by today's consumers of news and information.

Increasing one's Research Smarts will provide students with the practical skills and critical thinking necessary to produce and to consume findings, facts, and information with the assurance that it was arrived at systematically. These skills are not only useful in daily life, as we wade through the mass of news and information that comes our way, but also in private business, nonprofit organizations, government agencies, and other employment opportunities. Students seeking employment, those with jobs currently, or those working toward advancement can benefit from a critical examination of how knowledge is gained and which sources of information can be trusted. This is because nearly all employers value employees who are confident in their understanding and use of scientific research skills.

Students earning the Graduate Certificate in Research Smarts will acquire the following skills:

- Be able to define knowledge, social science research, and research methods.
- Summarize why understanding research methods is important.
- Evaluate and describe each of the major steps taken to conduct research as well as the importance of each step.
- Develop research questions and compare the different types of research questions.
- Understand why ethics are an important consideration during research.
- Understand a variety of ways to analyze data.
- Understand the relationship between research methods and data analysis.
- Be able to design a sound research project from developing the research question to collecting the data, to selecting the best analysis strategy to making strategic conclusions.
- Use the above skills to critically assess news and information as well as evaluate the claims and assertions of others.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 (if available) of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

The Research Smarts Graduate Certificate consists of three required courses.

Total Credit Hours Required: 9 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 9 Credit Hours

Students may select 9 hours (3 courses) from the following list:

- SYA 6305 - Social Research **3 Credit Hours**
- SYA 6315 - Qualitative Research Methods **3 Credit Hours**
- SYA 6356 - Geographic Information Systems in Society **3 Credit Hours**
- SYA 6425 - Design and Conduct of Social Surveys **3 Credit Hours**
- SYA 6452 - GIS Applications **3 Credit Hours**
- SYA 6455 - Research Analysis **3 Credit Hours**
- SYA 6458 - Advanced Topics in Geographic Information Systems in Society **3 Credit Hours**
- SYA 6657 - Program Design and Evaluation **3 Credit Hours**

- SYA 7309 - Advanced Sociological Research Methods **3 Credit Hours**
- SYA 7407 - Advanced Data Analysis **3 Credit Hours**
- SYA 7457 - Topics in Data Analysis **3 Credit Hours**
- SYA 7658 - Social Policy and Research Analysis **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution and at least one statistics course or math course. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

SAS Data Mining Graduate Certificate

College: Sciences

Department: Statistics

Program Websites: <http://statistics.cos.ucf.edu/>

Program Description

The Graduate Certificate in SAS Data Mining is designed to provide students with the knowledge of using statistical, data presentation and data visualization tools needed for data mining with SAS/Enterprise Miner and SAS/Warehouse Administrator software.

The Graduate Certificate in SAS Data Mining provides students the knowledge to use statistical, data presentation, and data visualization tools needed for data mining with SAS/Enterprise Miner and SAS/Warehouse Administrator software. The program welcomes interested UCF students and those already employed full-time but wishing to advance their careers. Basic familiarity with the web and computer programming is required.

Curriculum

The program requires five courses and is set up so that students begin the program in the fall semester. Applicants contemplating applying

for spring and summer terms should first contact the program coordinator for advisement.

All courses that are offered as part of a certificate program must be graduate-level courses. Students must earn course grades of "B" or better to get credit toward the certificate. Courses may be retaken to achieve a better grade. However, the certificate will only be awarded if the graduate status GPA in the certificate program of study is 3.0 or higher and each course used towards the certificate have a grade of at least a "B".

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Two courses can be taken during the initial fall semester. The remaining courses will be taken once per semester during the spring (year 1), fall (year 2) and spring (year 2) semesters. All courses are scheduled in the late afternoon or evening hours.

Required Courses: 15 Credit Hours

Students who have a sufficient background in statistics, subject to the approval of the graduate program director, can take a higher-level course such as STA 6236 - Regression Analysis instead of STA 5206 - Statistical Analysis.

- STA 5104 - Advanced Computer Processing of Statistical Data **3 Credit Hours**
- STA 5206 - Statistical Analysis **3 Credit Hours**
- STA 6714 - Data Preparation **3 Credit Hours**
- STA 5703 - Data Mining Methodology I **3 Credit Hours**
- STA 6704 - Data Mining Methodology II **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Application Deadlines

Social Justice in Public Service Graduate Certificate ♦

College: <https://ccie.ucf.edu/>

Degree: CRT

Department: <https://ccie.ucf.edu/public-administration/>

Program Websites: <https://ccie.ucf.edu/public-administration/socialjustice>

Program Description

The Social Justice in Public Service graduate certificate seeks to develop leaders who can influence policy to create social justice. Students will obtain a background in social justice, exploring topics such as human rights, income distribution and the role of markets. Students will understand factors that contribute to inequity among various groups, with a focus on providing theories and methods to analyze social justice issues in public service. They will understand principles of social justice as they apply to government and nonprofit sector in various policy domains.

Curriculum

Graduate Certificate in Social Justice in Public Administration consists of 15 credit hours. Each student will complete 6 credit hours of core courses and 9 credit hours of restricted electives.

This certificate is primarily a face-to-face program but students will be able to select electives from the list of restricted electives that may be offered on-line. Classes are offered at UCF Downtown campus in the evenings.

Courses from an undergraduate degree may not be applied to this Certificate.

Total Credit Hours Required: 15 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 15 Credit Hours Total

Core: 6 Credit Hours

- PAD 5185 - Foundations of Social Justice for Public Service **3 Credit Hours**
- PAD 5186 - Policy Advocacy for Social Justice **3 Credit Hours**

Restricted Electives: 9 Credit Hours

Select three elective courses from the list below (9 Credit Hours):

- EDF 6886 - Multicultural Education **3 Credit Hours**
- EDF 6855 - Equitable Educational Opportunity and Life Chances: A Cross-National Analysis **3 Credit Hours**
- INR 6067 - Human Rights and Security **3 Credit Hours**
- INR 6062 - Peace Studies **3 Credit Hours**
- INR 6356 - Environmental Security **3 Credit Hours**
- PAD 5356 - Managing Community and Economic Development **3 Credit Hours**
- PAD 5930 - Global Cities **3 Credit Hours**
- PAD 6357 - Urban Resilience **3 Credit Hours**
- PAD 6825 - Cross-Sectoral Governance **3 Credit Hours**
- PUP 6324 - Women and Public Policy **3 Credit Hours**
- SYO 6409 - Social Inequalities in Health **3 Credit Hours**
- SYO 6404 - Food Insecurity and Health **3 Credit Hours**
- PAD 6938 - Special Topics **Credit Hours**

Additional Program Requirements

Students must achieve a grade of "B-" (80%) or higher in every course listed under core requirements.

Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

The School of Public Administration incorporates service learning into some courses. Service learning is a teaching method that provides a means for every student to enhance his or her academic program with experiential learning opportunities. Service learning provides an opportunity for students to work with community partners by collecting and compiling data and producing quality products that will be beneficial to both students and organizations.

Students are expected to be computer literate and have computer internet access upon entry to the program.

Independent Learning

Independent learning is demonstrated throughout the curriculum through the process of inquiry and dialogue. Tangible projects, such as research scholarly papers and internships also contribute to the self-development of students.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to meeting general UCF graduate application requirements, applicants to this program must provide:

- An official transcript meeting the minimum GPA requirement of 2.5 in a sealed envelope, from each college/university, attended.
- Current professional résumé including experience in the field (paid or voluntary).
- Goal Statement: The goal statement is a key component of the admission review process and serves as an example of the applicant's ability to express himself or herself in writing. The goal statement must be no longer than two pages double-spaced (500-800 words) and should address the reason for pursuing graduate study in Social Justice related to Public Administration.
- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc. only.

Application Deadlines

Social Justice in Public Service Graduate Certificate	*Fall Priority	Fall	Spring
Domestic Applicants		Jun 1	Dec 1
International Applicants			
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.			

Financials

Graduate students may receive financial assistance through fellowships, assistantships, tuition support, or loans. For more information, see the College of Graduate Studies Funding website, which describes the types of financial assistance available at UCF and provides general guidance in planning your graduate finances. The Financial Information section of the Graduate Catalog is another key resource.

Social Science Education Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: School of Teacher Education	
Program Websites: https://ccie.ucf.edu/teachered/secondaryed/	

Program Description

The Social Science Education Graduate Certificate is for teachers who instruct students in social science content in grade levels K-12.

The program is designed to improve the quality of teaching and learning in social science classrooms. Graduates of the K-12 Social Science program form a strong infrastructure of teachers focusing on long-term impact in schools while helping students succeed in learning social science content. The focus of the K-12 Social Science Education Graduate Certificate is to provide all graduates with exceptional pedagogical and subject matter knowledge and skills by focusing on research-based, state-of-the-art best practices in social science education.

Other K-12 Social Science Education Programs

A Master of Education in K-12 Social Science Education is available. Students who successfully complete the graduate certificate may transfer credits from the Social Science Education Graduate Certificate into the MEd program, if they meet the acceptance criteria and are admitted into the MEd in Social Science Education program. In addition, the K-12 Social Science Education master's program is closely allied with the Education PhD, Social Science Education Track. Graduates of the Social Science Education master's program have been very successful in completing advanced graduate degrees.

Curriculum

The graduate certificate in Social Science Education includes four required courses chosen from the list of approved courses.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

- EDS 5356 - Mentoring and Clinical Supervision of Pre-professional Educators **3 Credit Hours**
- SSE 5391 - Global Education: Theory and Practice **3 Credit Hours**
- SSE 5776 - Democracy and Education **3 Credit Hours**
- SSE 5790 - Inquiry and Instructional Analysis in Social Science Education **3 Credit Hours**
- SSE 6115 - Methods in Elementary School Social Science **3 Credit Hours**
- SSE 6348 - Foundations and Fundamentals of Teaching History in the K-12 Classroom **3 Credit Hours**
- SSE 6387 - Teaching with Film **3 Credit Hours**
- SSE 6388 - Digital History in the K-12 Classroom **3 Credit Hours**
- SSE 6396 - Teaching with Primary Sources in the History Classroom **3 Credit Hours**
- SSE 6636 - Contemporary Social Science Education **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Special Education Graduate Certificate ►

College: Community Innovation and Education	Degree: CRT
Department: School of Teacher Education	
Program Websites: https://ccie.ucf.edu/exceptional-student-education/	

Program Description

The Graduate Certificate in Special Education provides out-of-field teachers and students with some of the coursework needed to meet state certification requirements in special education.

The Special Education certificate will help out-of-field teachers become more effective in their classrooms and will enhance the delivery of education to children and youth with disabilities.

Please note: Special Education Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

The Special Education Graduate Certificate program has potential ties to professional licensure or certification in the field. For more information on how this program may prepare you in that regard, please visit <https://apq.ucf.edu/files/Licensure-Disclosure-CCIE-Special-Education-GC.pdf>.

Curriculum

The Special Education certificate requires six courses (18 credit hours total).

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 18 Credit Hours

- EEX 5051 - Exceptional Children in the Schools **3 Credit Hours**
- EEX 6061 - Instructional Strategies Pre-K-6 **3 Credit Hours**
- EEX 6065 - Programming for Students with Disabilities at the Secondary Level **3 Credit Hours**
- EEX 6107 - Teaching Spoken and Written Language **3 Credit Hours**
- EEX 6295 - Assessment and Curriculum Prescriptions for the Exceptional Population **3 Credit Hours**
- EEX 6612 - Methods of Behavioral Management **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

The U.S. Department of Education requires colleges to disclose a variety of information for any financial aid eligible program that "prepares students for gainful employment in a recognized occupation". The information provided in the link below is the best that is available to us. This information represents one year's data only, however, we hope that this information is helpful to current and prospective students, as you make your career and educational choices.

Structural Engineering Graduate Certificate

College: Engineering and Computer Science

Degree: CRT

Department: Civil, Environmental, and Construction Engineering

Program Websites: <http://www.cece.ucf.edu/graduate/>

Program Description

The Graduate Certificate in Structural Engineering provides qualified engineers and students with the knowledge to analyze and design structures that will perform safely.

Structural engineering plays a significant role in the ongoing infrastructure developments in the central Florida area. Engineers continually need to update their knowledge of the state-of-the-art in research and practice in order to ensure the safety of constructed facilities. The Graduate Certificate in Structural Engineering is designed to advance the knowledge of civil and structural engineers. The Graduate Certificate is a good way for qualified students to sample the graduate programs in this area. However, because these are graduate level classes, students must have an undergraduate degree in Civil Engineering or closely related discipline in order to be admitted.

Curriculum

For the Structural Engineering certificate, students have the flexibility to choose four courses from a list of approved engineering courses, for a total of 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

Choose four of the following courses.

- CEG 6115 - Foundation Engineering **3 Credit Hours**
- CES 5144 - Matrix Methods for Structural Analysis **3 Credit Hours**
- CES 5325 - Bridge Engineering **3 Credit Hours**
- CES 5606 - Advanced Steel Structures **3 Credit Hours**
- CES 5706 - Advanced Reinforced Concrete **3 Credit Hours**
- CES 6010 - Structural Reliability **3 Credit Hours**
- CES 6116 - Finite Element Structural Analysis **3 Credit Hours**
- CES 6209 - Dynamics of Structures **3 Credit Hours**
- CES 6220 - Wind and Earthquake Engineering **3 Credit Hours**

- CES 6230 - Advanced Structural Mechanics **3 Credit Hours**
- CES 6527 - Nonlinear Structural Analysis **3 Credit Hours**
- CES 6715 - Prestressed Concrete Structures **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree in Civil or Mechanical Engineering from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Application Deadlines

Structural Engineering Graduate Certificate	*Fall Priority	Fall
Domestic Applicants		Jul 1
International Applicants		
*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Student Athlete Support Services Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: Educational Leadership and Higher Education	
Program Website: https://ccie.ucf.edu/elhe/	

Program Description

This certificate is designed to assist entry level and current professionals to better perform associated duties in the various athletic academic content areas. Emphasis is on the development and expansion of student-athlete services to enhance academic success, leadership skills, administration of athletics in universities, and student development as an integral part of the student-athlete experience. Additionally, it is designed to expand their knowledge of topics relevant to student athletics including student development theory, organization and administration, athletics in American universities, and academic success in the student athlete. Those enrolled in the program must complete a practical internship. The program also provides a benefit to practicing athletic advisors and administrators and faculty interested in becoming more knowledgeable in these areas.

Curriculum

The Graduate Certificate in Student Athletic Support Services requires 16 credit hours.

Total Credit Hours Required: 16 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—15 Credit Hours

Students will complete five (5) required courses:

- EDH 6047 - Theories of College Student Development **3 Credit Hours**
- EDH 6407 - Ethical and Legal Issues in Student Personnel **3 Credit Hours**
- EDH 6635 - Organization and Administration of Higher Education **3 Credit Hours**
- EDH 6655 - Athletics in the American University **3 Credit Hours**
- EDH 6656 - Academic Success and the Student Athlete **3 Credit Hours**

Internship

Students will complete a 1 credit hour internship (15-20 hours) in an athlete services office or position approved by the faculty advisor.

- **EDH 6946 - Internship**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Supporting High Needs Populations Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: Learning Sciences and Educational Research	
Program Website: https://ccie.ucf.edu/lser/	

Program Description

The Graduate Certificate in Supporting High Needs Populations offers additional education and training to the educational professional who works in urban settings.

The program is comprised of two graduate courses that address critical issues associated with life in urban schools and two graduate-level specialization electives tailored to personal areas of concentration.

Curriculum

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 6 Credit Hours

- EDF 6725 - Critical Issues in the Study of High Needs Populations **3 Credit Hours**
- EDG 6636 - Impact of Social Contexts on Teaching and Learning **3 Credit Hours**

Elective Courses: 6 Credit Hours

Select two courses from the following electives.

- EDF 6155 - Lifespan Human Development and Learning **3 Credit Hours**
- EDF 6886 - Multicultural Education **3 Credit Hours**
- EEX 5051 - Exceptional Children in the Schools **3 Credit Hours**
- EEX 6065 - Programming for Students with Disabilities at the Secondary Level **3 Credit Hours**
- EEX 6342 - Seminar-Critical Issues in Special Education **3 Credit Hours**
- EGI 6246 - Education of Special Populations of Gifted Students **3 Credit Hours**
- RED 5147 - Developmental Reading **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Survey Research Graduate Certificate

College: Sciences
n/a

Program Description

The Survey Research Certificate will prepare students for work as a professional or academic survey researcher. Course requirements ensure that students are well-trained as designers and analysts for surveys, and that they have an understanding of the use and application of survey methods.

Curriculum

In order to complete the certificate, students must complete one course in survey research methodology (Group 1), one course in research design (Group 2), an eligible advanced research methods course (Group 3), and an eligible course in which survey research is the principal mode of empirical inquiry (Group 4).

Because survey research training is available in different departments, students may choose to fulfill these requirements using courses offered by a single department or by using courses offered by multiple departments (subject to availability). Certificate-only students will consult with the certificate program advisor in selecting their courses.

Students must earn course grades of "B-" or better to get credit toward the certificate. For further Graduate Certificate Policies visit <https://graduate.ucf.edu/graduate-certificate-policy/>.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Group 1: Survey Research Methods Course

Students must take one Survey Research Methods course from the list below.

- INP 6072 - Survey Research Methods and Program Evaluation in Indust. and Org. Psychology **3 Credit Hours**
- POS 6757 - Survey Design for Political Science Research **3 Credit Hours**
- STA 6223 - Conventional Survey Methods **3 Credit Hours**
- SYA 6425 - Design and Conduct of Social Surveys **3 Credit Hours**

Group 2: Quantitative Research Course

Students must take one quantitative research methods course from the list below.

- CCJ 6706 - Data Analysis in Criminal Justice I **3 Credit Hours**
- COM 6304 - Quantitative Research Methods in Communication **3 Credit Hours**
- POS 6746 - Quantitative Methods in Political Research **3 Credit Hours**
- POS 7745 - Advanced Quantitative Methods in Political Research **3 Credit Hours**
- PSY 6216C - Research Methodology **4 Credit Hours**
- STA 5206 - Statistical Analysis **3 Credit Hours**

- SYA 6305 - Social Research **3 Credit Hours**

Group 3: Advanced Methodological Course

Students must take an advanced quantitative methods course from the list below.

- POS 6729 - Political Network Analysis **3 Credit Hours**
- POS 6743 - Geographic Tools for Political Science Research **3 Credit Hours**
- POS 6747 - Advanced Topics in Quantitative Political Analysis **3 Credit Hours**
- STA 6224 - Bayesian Survey Methods **3 Credit Hours**
- STA 6226 - Sampling Theory and Applications **3 Credit Hours**
- SYA 6452 - GIS Applications **3 Credit Hours**
- SYA 7309 - Advanced Sociological Research Methods **3 Credit Hours**
- SYA 7407 - Advanced Data Analysis **3 Credit Hours**

Survey Research in Context

Students must take one of the following courses. These courses use surveys extensively in their investigations of the topics that they focus on.

- MMC 6567 - New Media **3 Credit Hours**
- MMC 6600 - Media Effects and Audience Analysis **3 Credit Hours**
- MMC 6735 - Social Media as Mass Communication **3 Credit Hours**
- POS 6045 - Seminar in American National Politics **3 Credit Hours**
- POS 6079 - The Politics of Race, Ethnicity, Gender, and Class in the United States **3 Credit Hours**
- POS 6207 - Political Behavior **3 Credit Hours**
- SYD 6705 - Seminar in Race and Ethnicity **3 Credit Hours**
- SYD 6809 - Seminar in Gender Issues **3 Credit Hours**
- SYP 5566 - Seminar on Domestic Violence: Theory, Research and Social Policy **3 Credit Hours**

Application Requirements

Admission is available to applicants with a bachelor's degree from an accredited institution recognized by UCF. Applicants must **apply online**. All requested materials must be submitted by established deadlines.

Applicants to this program must provide:

- Official Transcripts

- Statement of Purpose of 500 words or fewer
- Current CV or Resume

Admission to this certificate program is competitive; applicants are not guaranteed admission. While the program does not have specific pre-requisite courses that need to be completed prior to enrollment in the program, applicants should demonstrate their preparedness to succeed in quantitative methods courses in their application materials.

Application Deadlines

Systems Engineering Graduate Certificate ►

College: Engineering and Computer Science	Degree: CRT
Department: Industrial Engineering and Management Systems	
Program Websites: http://www.iems.ucf.edu/	

Program Description

The Graduate Certificate in Systems Engineering focuses on introducing students to the fundamentals of systems requirements, architecture, and integration and testing. Systems Engineering is an interdisciplinary approach and means to enable the realization of successful systems. Systems Engineering integrates all the disciplines and specialty groups into a team effort forming a structured development process that proceeds from concept to production to operation. Systems Engineering considers both the business and the technical needs of all customers with the goal of providing a quality product that meets the user needs.

Please note: Systems Engineering Graduate Certificate may be completed fully online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees.

International students (F or J visa) are required to enroll in a full-time course load of 9 credit hours during the fall and spring semesters. Only 3 of the 9 credit hours may be taken in a completely online format. For a detailed listing of enrollment requirements for international students, please visit <http://global.ucf.edu/>. If you have questions, please consult UCF Global at 407-823-2337.

UCF is not authorized to provide online courses or instruction to students in some states. Refer to State Restrictions for current information.

Curriculum

For the Systems Engineering certificate, students complete four required courses, for a total of 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses—12 Credit Hours

- EIN 5140 - Project Engineering **3 Credit Hours**
- ESI 6511 - Systems Integration and Testing **3 Credit Hours**
- ESI 6551 - Systems Engineering **3 Credit Hours**
- ESI 6552 - Systems Architecture **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree in engineering or a closely related discipline from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition, applicants to this certificate must provide:

- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc only. Applications are accepted for the fall and spring terms only.

Application Deadlines

Systems Engineering Graduate Certificate	*Fall Priority	Fall
Domestic Applicants		Jul 1
International Applicants		

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Teaching English as a Foreign Language Graduate Certificate

College: Arts and Humanities	Degree: CRT
Department: Modern Languages and Literatures	
Program Websites: https://mll.cah.ucf.edu/programs/	

Program Description

The Graduate Certificate in Teaching English as a Foreign Language prepares students with specialized knowledge and skills to teach English as a Foreign Language in overseas settings.

The program focuses on the fundamentals of EFL teaching principles and methodology, linguistics, materials/curriculum development, and assessment.

English has become the gateway to many international and technical jobs, as well as the key to entrance into institutions of higher education. The number of people interested in learning English as a second or third language is increasing steadily. With the rising demand for English instructors comes an increasing need for individuals qualified to teach English as a Foreign Language. The majority of overseas English language schools require their teachers to be certified in Teaching English as a Foreign Language. Our flexible, four-course program is taught by qualified instructors with experience in language pedagogy and overseas teaching. (Note: The TEFL Certificate Program is not designed for teachers seeking K-12 ESOL endorsement in Florida.)

If you are looking to teach English overseas, the TEFL Certificate at UCF is your gateway to a new career. Your courses will not only prepare you for teaching in another country, they are accredited courses that will count toward your graduate degree.

Curriculum

The TEFL Graduate Certificate can be completed in one or more semesters, depending on the semester of entrance. Students must consult with their adviser or the program director prior to selecting the four courses for their program. No course substitutions are allowed.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

Select any four from the following basket of courses. Please consult with your adviser to help you choose the courses that best fit the needs for your future career.

- TSL 5345 - Methods of ESOL Teaching **3 Credit Hours**
- TSL 6940 - ESOL Practicum **3 Credit Hours**
- TSL 5940 - Issues in TEFL **3 Credit Hours**
- TSL 6142 - Critical Approaches to ESOL **3 Credit Hours**
- TSL 6250 - Applied Linguistics in ESOL **3 Credit Hours**
- TSL 6350 - Grammar for ESOL Teachers **3 Credit Hours**
- TSL 6440 - Assessment Issues in TESOL **3 Credit Hours**
- TSL 6640 - Research in Second Language **3 Credit Hours**
- TSL 6252 - Sociolinguistics for ESOL **3 Credit Hours**
- TSL 5380 - Computers and Technology for ESOL **3 Credit Hours**
- TSL 5601 - Second Language Vocabulary Learning **3 Credit Hours**
- TSL 6642 - Issues in Second Language Acquisition **3 Credit Hours**
- TSL 6374 - TESOL Listening, Speaking and Pronunciation **3 Credit Hours**
- TSL 6442 - Fundamentals of Standardized Assessment in TESOL **3 Credit Hours**
- TSL 5376 - Reading and Writing in a Second Language **3 Credit Hours**

Note:

Though the courses may be taken in any order, it is recommended that TSL 6940 - ESOL Practicum be taken near the end of a program of study (if that course is included).

Independent Learning

Many of the courses have service-learning or practical experience components. This is to ensure that at the end of your TEFL Graduate

Certificate you have the education, experience, and expertise to teach EFL in any setting.

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Meeting minimum UCF admission criteria does not guarantee program admission. Final admission is based on evaluation of the applicant's abilities, past performance and the applicant's potential for completing the certificate.

Application Deadlines

Teaching English as a Foreign Language Graduate Certificate	*Fall Priority	Fall
Domestic Applicants		Jul 1
International Applicants		
*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Technology Ventures Graduate Certificate

College: Business Administration	Degree: CRT
Department: Management	
Program Websites: business.ucf.edu/graduate-programs/	

Program Description

This program has been temporarily suspended and is no longer accepting applications effective Summer 2017.

The Graduate Certificate in Technology Ventures is designed for those interested in creating and growing technology-based business ventures, including startups, corporate ventures and spin outs.

The associated courses offer insight into opportunity assessment, innovation diffusion, intellectual property issues, university-industry collaboration, technology business strategies, and business plan formulation.

Curriculum

Total Credit Hours Required: 9 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 9 Credit Hours

- GEB 6518 - Strategic Innovation **3 Credit Hours**
- GEB 5516 - Technological Entrepreneurship **3 Credit Hours**
- GEB 6116 - Business Plan Formation **3 Credit Hours**

Application Requirements

Admission is open to those with documentation of a bachelors degree from a regionally accredited institution or participation in a UCF graduate degree program. Students who maintain graduate standing in a UCF graduate degree program during the time required to complete a graduate certificate are eligible for this certificate. An application to the graduate certificate program, a current resume, and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Those applying who are NOT currently enrolled in a UCF graduate program must have a minimum of 2 years of full-time work experience after completion of the bachelor's degree.

Training Simulation Graduate Certificate

College: Engineering and Computer Science	Degree: CRT
Department: Industrial Engineering and Management Systems	
Program Websites: http://www.iems.ucf.edu/	

Program Description

This program has suspended admissions effective Fall 2020

The Graduate Certificate in Training Simulation provides a fundamental understanding of the significant topics regarding systems, requirements, design, development and use of training simulations.

Due to the tremendous growth in military and commercial training simulation, many people in this industry are facing the need for additional education.

Curriculum

For the Training Simulation certificate, students complete three required courses, for a total of 9 credit hours.

Total Credit Hours Required: 9 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 9 Credit Hours

- EIN 5255C - Interactive Simulation **3 Credit Hours**
- EME 6613 - Instructional System Design **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree in industrial engineering or a closely related discipline from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition, applicants to this certificate must provide:

- Applicants applying to this program who have attended a college/university outside the United States must provide a course-by-course credential evaluation with GPA calculation. Credential evaluations are accepted from World Education Services (WES) or Josef Silny and Associates, Inc only. Applications are accepted for the fall and spring terms only.

Transportation Engineering Graduate Certificate

College: Engineering and Computer Science	Degree: CRT
Department: Civil, Environmental, and Construction Engineering	
Program Websites: http://www.cece.ucf.edu/graduate/	

Program Description

The Graduate Certificate in Transportation Engineering is designed for professionals who are faced with solving transportation needs. Transportation engineering is crucial for the Orlando area.

As gridlock becomes more evident, more skilled professionals will be needed.

Curriculum

For the Transportation Engineering certificate, students have the flexibility to choose four courses from a list of approved engineering courses, for a total of 12 credit hours.

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

Choose four courses from the following list.

- CGN 6655 - Regional Planning, Design, and Development **3 Credit Hours**
- TTE 5204 - Traffic Engineering **3 Credit Hours**
- TTE 6256 - Traffic Operations **3 Credit Hours**
- TTE 5805 - Geometric Design of Transportation Systems **3 Credit Hours**
- TTE 6205 - Highway Capacity **3 Credit Hours**
- TTE 6270 - Intelligent Transportation Systems **3 Credit Hours**
- TTE 6315 - Traffic Safety Analysis **3 Credit Hours**
- TTE 6526 - Planning and Design of Airports **3 Credit Hours**
- TTE 6625 - Mass Transportation Systems **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

Students must have completed an undergraduate Transportation course (such as TTE 4004) or an equivalent.

Urban and Regional Planning Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: School of Public Administration	
Program Website: https://ccie.ucf.edu/public-administration/	

Program Description

The Graduate Certificate in Urban and Regional Planning is designed to enhance knowledge, skills, and career development in the field of community, urban and regional planning.

Planning has been identified as one of the key policy issues in central Florida, which is a major growth area in the state.

Curriculum

The Urban and Regional Planning graduate certificate requires 18 credit hours of courses, including 12 credit hours of required courses and 6 credit hours of elective courses.

Total Credit Hours Required: 18 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

Students must achieve a grade of "B-" (80%) or better in every course. Grades 'C' or lower cannot be used to fulfill certificate requirements. Students must maintain a program of study and graduate status GPA of 3.0 or higher and can only graduate with a graduate status GPA of 3.0 or higher.

- PAD 5336 - Introduction to Urban Planning **3 Credit Hours**
- PAD 5337 - Urban Design **3 Credit Hours**
- PAD 5338 - Land Use and Planning Law **3 Credit Hours**
- PAD 6716 - Information Systems for Public Managers and Planners **3 Credit Hours**

Restricted Electives: 6 Credit Hours

Choose two courses from the following list.

- PAD 5356 - Managing Community and Economic Development **3 Credit Hours**
- PAD 6316 - Planning Methods **3 Credit Hours**
- PAD 6387 - Transportation Policy **3 Credit Hours**
- PAD 6397 - Managing Emergencies and Crises **3 Credit Hours**

- PAD 6353 - Environmental Planning and Policy **3 Credit Hours**
- PAD 6825 - Cross-Sectoral Governance **3 Credit Hours**
- PAD 6847 - Planning Healthy Communities **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from an accredited institution recognized by UCF. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

All applicants to this certificate program will be required to submit:

- One official transcript meeting the minimum GPA requirement of 2.5, in a sealed envelope, from each college/university attended. Current professional résumé including experience in the field (paid or voluntary).
 - Goal Statement: The goal statement is a key component of the admission review process and serves as an example of the applicant's ability to express himself or herself in writing. The goal statement must be no longer than two pages double-spaced (500-800 words) and should address the following:
 - Personal background and career aspirations in urban and regional planning.
 - Reason for pursuing graduate study in urban and regional planning, including your future career goals and plans.
 - Specific areas of urban and regional planning that interests you.
- These documents must be attached to the application. Applications must be submitted by the established deadline date. Applications received after the established deadline may not be considered. Students are expected to be computer literate and have computer internet access upon entry to the program. Admission to this program is competitive; applicants meeting the minimum admission requirements are not guaranteed admission to this program.

Application Deadlines

Urban and Regional Planning Graduate Certificate	*Fall Priority	Fall
Domestic Applicants		Jul 1
International Applicants		

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

World Languages Education - English for Speakers of Other Languages (ESOL) Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: School of Teacher Education	
Program Website: https://ccie.ucf.edu/teachered/k-12/world-languages-education/	

Program Description

The World Languages Education - English for Speakers of Other Languages (ESOL) graduate certificate builds knowledge and skills in teaching and assessing academic subjects and supporting second language acquisition and literacy for teaching English learners in PreK-12 schools.

The graduate certificate is designed for College of Community Innovation and Education students pursuing graduate initial certification degrees in secondary content areas, school leadership, or student support fields. Students who successfully complete this graduate certificate can expect to increase their marketability in educational professions that serve English learners in PreK-12 settings. This graduate certificate is designed to promote student success in PreK-12 schools but does not directly qualify students for teacher certification. Courses used to earn this certificate may not also be used to earn the World Languages Education - Languages Other Than English (LOTE) graduate certificate.

Curriculum

The World Languages Education, English for Speakers of Other Languages (ESOL) graduate certificate builds knowledge and skills in teaching and assessing academic subjects and supporting second language acquisition and literacy for teaching English learners in PreK-12 schools. The graduate certificate is designed for College of Community Innovation and Education students pursuing graduate initial certification degrees in secondary content areas, school leadership, or student support fields. To earn the certificate, students complete four required courses (12 credit hours total).

Total Credit Hours Required: 12 Credit Hours Minimum beyond the Bachelor's Degree

Required Courses: 12 Credit Hours

- TSL 5085 - Teaching Language Minority Students in K-12 Classrooms **3 Credit Hours**
- TSL 6379 - Second Language Literacy **3 Credit Hours** or
- TSL 6250 - Applied Linguistics in ESOL **3 Credit Hours**
- TSL 5345 - Methods of ESOL Teaching **3 Credit Hours**
- TSL 5525 - ESOL Cultural Diversity **3 Credit Hours**

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

World Languages Education - Languages Other Than English (LOTE) Graduate Certificate

College: Community Innovation and Education	Degree: CRT
Department: School of Teacher Education	
Program Website: https://ccie.ucf.edu/teachered/k-12/world-languages-education/	

Program Description

The World Languages Education - Languages Other Than English (LOTE) graduate certificate builds knowledge and skills in teaching and assessing academic subjects and supporting second language acquisition and literacy for teaching languages other than English. The graduate certificate is well suited for students pursuing a graduate degree in a language other than English or for students with graduate standing who are proficient in a LOTE that they would like to teach.

Students who successfully complete this graduate certificate can expect to increase their marketability in careers that include educational components such as instructing, training and lecturing. This graduate certificate is designed to promote student success in instructional settings, particularly in the PreK-12 school setting, but does not directly qualify students for teacher certification. Courses used to earn this certificate may not also be used to earn the World Languages Education - English for Speakers of Other Languages (ESOL) graduate certificate.

Curriculum

Nondegree**Education Undecided or
Certification**

College: Community Innovation and Education

Program Description

The Education Undecided/Certification program is for students who have completed at least a baccalaureate degree from a regionally accredited university in the United States and are not seeking a graduate degree. Students in this status may be interested in taking graduate courses for personal or professional enhancement or to prepare for possible admission to a graduate degree-seeking or certificate program in the College of Community Innovation and Education at UCF.

Not all graduate degree programs in the UCF College of Community Innovation and Education allow students in this status to enroll in their courses. It is best to contact the program director for the graduate program that offers the course prior to applying. If eligible, students in this status may take only 5000- or 6000-level courses (unless seeking certification).

Admission into Education Undecided/Certification status does not guarantee admission to a graduate degree-seeking or certificate program at UCF. International students are not eligible for this status unless they hold an eligible visa. International students taking online courses from their home country are eligible to be nondegree seeking since they do not require a visa.

Please Note: In general, Education Undecided/Certification students are not eligible for financial aid, assistantships, or fellowships, although it is best to check with the Office of Student Financial Assistance for specific details. Nondegree-seeking students must be enrolled in 12 credit hours or more to be considered in full-time status.

Application Requirements

Admission is open to those with a bachelor's degree from a regionally accredited institution. An application to the graduate certificate program and official transcripts must be submitted. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to completing the online application, Education Undecided/Certification applicants will need to submit official, final transcripts from a regionally accredited institution showing a conferred bachelor's degree.

Education Undecided/Certification students will also be required to submit an Immunization Form prior to enrollment. Although this form is not used in the admission process, students will not be allowed to enroll at UCF without submitting the required Immunization Form.

Application Deadlines

Education Undecided or Certification	*Fall Priority	Fall
Domestic Applicants		Jul 1
International Applicants		

*Applicants who plan to enroll full time in a degree program and who wish to be considered for fellowships or assistantships should apply by the Fall Priority date.

Nondegree or Transient

College: Nondegree

Program Websites : http://www.graduate.ucf.edu/
--

Program Description

The Nondegree program is for students who have completed at least a baccalaureate degree from an accredited institution recognized by UCF in the United States and are not seeking a graduate degree. Students in this status may be interested in taking graduate courses at UCF for personal or professional enhancement, to prepare for possible admission to a graduate degree-seeking or certificate program, or to complete enrollment requirements at another university. Students who are enrolled in a graduate program at another university and want to take courses at UCF and transfer it to their home institution are considered transient students and nondegree-seeking at UCF.

Not all graduate degree programs at UCF allow students in Nondegree status to enroll in their courses. It is best to contact the program director for the graduate program that offers the course prior to applying.

Admission into Nondegree status does not guarantee admission to a graduate degree-seeking or certificate program at UCF. International students are not eligible for Nondegree status unless they hold an

eligible visa. International students taking online courses from their home country are eligible to be nondegree seeking since they do not require a visa.

Please Note: In general, nondegree-seeking students are not eligible for financial aid, assistantships, or fellowships, although it is best to check with the Office of Student Financial Assistance for specific details. Nondegree-seeking students must be enrolled in 12 credit hours or more to be considered in full-time status.

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to completing the online application, Nondegree applicants will need to submit an official, final transcripts from an accredited institution recognized by UCF showing a conferred bachelor's degree.

Nondegree-seeking students will also be required to submit an Immunization Form prior to enrollment. Although this form is not used in the admission process, students will not be allowed to enroll at UCF without submitting the required Immunization Form.

Application Deadlines

Nondegree or Transient	*Fall Priority	Fall	Spring	Summer
Domestic Applicants		Jul 1	Dec 1	Apr 1
International Applicants				
*Applicants who plan to enroll full time in a degree program and who wish to be considered for university fellowships or assistantships should apply by the Fall Priority date.

Nursing Nondegree

College: Nursing

Department: Nursing

Program Websites: <http://www.nursing.ucf.edu/>

Program Description

Nursing Nondegree students may take nursing graduate courses as a nondegree-seeking post-baccalaureate student on a space-available basis. See the Policies section of this Catalog for details on the possible use of these courses toward a degree. Completion of post-baccalaureate courses does not guarantee admission to the graduate program or their use in a degree program.

Students should choose the Nursing Nondegree option on the application to facilitate processing of files. Students may take nursing graduate classes as a nondegree-seeking post-baccalaureate student on a space-available basis. It is possible that no courses will have space available in a given semester as students in the graduate nursing programs receive priority for enrollment. Please contact the College of Nursing Graduate Office for registration assistance at gradnurseadvisor@ucf.edu.

International students are not eligible for this status unless they hold an eligible visa. International students taking online courses from their home country are eligible to be nondegree seeking since they do not require a visa.

Please Note: In general, Nursing Nondegree students are not eligible for financial aid, assistantships, or fellowships, although it is best to check with the Office of Student Financial Assistance for specific details. Nondegree-seeking students must be enrolled in 9 credit hours or more to be considered in full-time status.

Curriculum

Students with a BSN can enroll in graduate nursing courses as nondegree on a space-available basis. Students will be required to complete and submit a Non-degree Student Registration Request Form to be registered. Students can only transfer courses taken in nondegree status with a "B" grade or better into a graduate nursing program. Transfer credit limitations apply to nondegree students and will vary depending on the program. Please refer to the Graduate Catalog for Policies related to nondegree-seeking students and transfer of credit.

Nursing nondegree enrollment will be limited to the following courses:

- NGR 5800 - Theory for Advanced Practice Nursing **3 Credit Hours**
- NGR 5141 - Pathophysiological Bases for Advanced Nursing Practice **3 Credit Hours**
- NGR 5638 - Health Promotion **3 Credit Hours**
- NGR 5720 - Organizational Dynamics **3 Credit Hours**
- NGR 5871 - Health Care Informatics **3 Credit Hours**
- NGR 6899 - The Practice of Global Health Care **3 Credit Hours**

Application Requirements

For information on general UCF graduate admissions requirements that apply to all prospective students, please visit the Admissions section of the Graduate Catalog. Applicants must apply online. All requested materials must be submitted by the established deadline.

In addition to completing the online application, Nursing Nondegree applicants will need to submit official, final transcripts from a regionally accredited institution showing a conferred bachelor's degree and evidence of completion of a professional nurse education program (RN).

Nursing Nondegree students will also be required to submit an Immunization Form prior to enrollment. Although this form is not used in the admission process, students will not be allowed to enroll at UCF without submitting the required Immunization Form.

Application Deadlines

Understanding Course Info

Classification of Courses

- **3000-4999. Junior- and senior-level courses (Upper-division).** These courses contain advanced undergraduate level material and are designed primarily for undergraduate juniors and senior. When approved for inclusion in an individual program of graduate study by a supervisory committee approved by UCF College of Graduate Studies, selected 4000-4999 courses may serve the needs of individual graduate students.
- **5000-5999. Courses designed for graduate students.** Courses at the 5000 level are taken to satisfy graduate degree requirements. However, nondegree-seeking students and seniors may enroll in 5000-level courses with permission from the program.
- **6000-6999. Advanced graduate level courses.** These courses are designed to build upon the beginning graduate level courses and to deliver more advanced content and experiences. They are open only to graduate students. (Seniors, within nine hours of graduation that have a minimum 3.0 GPA and do not register for more than twelve hours may request college permission to take a 6000-level class.) Students in 3+2 programs (combined bachelor's and master's programs) should check with their adviser before registering for 6000-level courses.
- **7000-7999. Doctoral-level courses.** These courses provide material at the most advanced graduate level. They are restricted to admitted doctoral students only.
- **8000-8999. Medical School courses.** These courses provide material for the Medical School curriculum. They are restricted to students in the Medical School.

Florida's Statewide Course Numbering System

Courses in this catalog are identified by prefixes and numbers that were assigned by Florida's Statewide Course Numbering System (SCNS). This numbering system is used by all public postsecondary institutions in Florida and 25 participating non-public institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions. Students and administrators can use the online Statewide Course Numbering System to obtain course descriptions and specific information about course transfer between participating Florida institutions. The information is at the SCNS website at <http://scns.fldoe.org>.

Each participating institution controls the title, credit, and content of its own courses and recommends the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of faculty discipline committees appointed for that purpose by the Florida Department of Education in Tallahassee. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have meaning in the Statewide Course Numbering System (SCNS). The list of course prefixes and numbers, along with their generic titles, is referred to as the "SCNS taxonomy." Descriptions of the content of courses are referred to as "statewide course profiles."

Example of Course Identifier

Prefix	Level Code (first digit)	Century Digit (second digit)	Decade Digit (third digit)	Unit Digit (fourth digit)	Lab Code
ENC	1	1	0	1	

English Composition	Lower (Freshman) level at this institution	Freshman Composition	Freshman Composition Skills	Freshman Composition Skills I	No laboratory component in this course
------------------------	--	-------------------------	--------------------------------	-------------------------------------	--

General Rule for Course Equivalencies

Equivalent courses at different institutions are identified by the same prefixes and same last three digits of the course number and are guaranteed to be transferable between participating institutions that offer the course, with few exceptions. (Exceptions are listed below.)

For example, a freshman composition skills course is offered by 84 different public and non-public postsecondary institutions. Each institution uses "ENC 101" to identify its freshman composition skills course. The level code is the first digit and represents the year in which students normally take this course at a specific institution. In the SCNS taxonomy, "ENC" means "English Composition," the century digit "1" represents "Freshmen Composition," the decade digit "0" represents "Freshman composition Skills," and the unit digit "1" represents "Freshman Composition Skills I."

In the sciences and other areas, a "C" or "L" after the course number is known as a lab indicator. The "C" represents a combined lecture and laboratory course that meets in the same place at the same time. The "L" represents a laboratory course or the laboratory part of a course, having the same prefix and course number without a lab indicator, which meets at a different time or place.

Transfer of any successfully completed course from one institution to another is guaranteed in cases where the course to be transferred is equivalent to one offered by the receiving institution. Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, ENC 1101 is offered at a community college. The same course is offered at a state university as ENC 2101. A student who has successfully completed ENC 1101 at the community college is guaranteed to receive transfer credit for ENC 2101 at the state university if the student transfers. The student cannot be required to take ENC 2101 again since ENC 1101 is equivalent to ENC 2101. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine the satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed which have not been designated as equivalent. Note: Credit generated at institutions on the quarter-term system may not transfer the equivalent number of credits to institutions on the semester-term systems. For example, 4.0 quarter hours often transfers as 2.67 semester hours.

The Course Prefix

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or subcategory of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix used to identify the course.

Authority for Acceptance of Equivalent Courses

Section 1007.24(7), Florida Statutes, states:

"Any student who transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the statewide course numbering system shall be awarded credit by the receiving institution for courses satisfactorily completed by the student at the previous institutions. Credit shall be awarded if the courses are judged by the appropriate statewide course numbering system faculty committees representing school districts, public postsecondary educational institutions, and participating nonpublic postsecondary educational institutions to be academically equivalent to courses

offered at the receiving institution, including equivalency of faculty credentials, regardless of the public or nonpublic control of the previous institution. The Department of Education shall ensure that credits to be accepted by a receiving institution are generated in courses for which the faculty possesses credentials that are comparable to those required by the accrediting association of the receiving institution. The award of credit may be limited to courses that are entered in the statewide course numbering system. Credits awarded pursuant to this subsection shall satisfy institutional requirements on the same basis as credits awarded to native students."

Exceptions to the General Rule for Equivalency

Since the initial implementation of the SCNS, specific disciplines or types of courses have been accepted from the guarantee of transfer for equivalent courses. These include varying topics courses that must be evaluated individually or applied courses in which the student must be evaluated for mastery of skill and technique. The following courses are exceptions to the general rule for course equivalencies and may not transfer. Transferability is at the discretion of the receiving institution:

- A. Courses not offered by receiving institution
- B. For courses completed at non-accredited institutions or at accredited institutions not recognized by UCF, or courses offered prior to the established transfer date of the course in question.
- C. Courses in the 900-999 series are not automatically transferable and must be evaluated individually. These include such courses as Special Topics, Internships, Practica, Study Abroad, Thesis, and Dissertations.
- D. Applied academics for adult education courses
- E. Graduate courses
- F. Internships, practica, clinical experiences, and study abroad courses with numbers other than those ranging from 900-999.
- G. Applied courses in the performing arts (Art, Dance, Interior Design, Music, and Theater) and skills courses in Criminal Justice (academy certificate courses) are not guaranteed as transferable. These courses need evidence of achievement (e.g., portfolio, audition, interview, etc.).

Courses Earned at Accredited Institutions Not Recognized by UCF

The Statewide Course Numbering System makes available on its home page (<http://scns.fldoe.org>) a report entitled "Courses at Nonregionally Accredited Institutions" that contains a comprehensive listing of all nonpublic institution courses in the SCNS inventory, as well as each course's transfer level and transfer effective date. This report is updated monthly.

Questions about the Statewide Course Numbering System and appeals regarding course credit transfer decisions should be directed to Associate Dean, in Undergraduate Studies, Millican Hall 210, University of Central Florida, 4000 Central Florida Parkway, Orlando, FL 32816, Phone (407) 823-2691, or the Florida Department of Education, Office of Articulation, 1401 Turlington Building, Tallahassee, Florida 32399-0400. Special reports and technical information may be requested by calling the Statewide Course Numbering System office at (850) 245-0427 or via the internet at <http://scns.fldoe.org>.

Special Courses

In addition to the regular courses listed in this catalog, special courses may be available. Consult an academic adviser for details. Only admitted graduate students may take special courses except for the Special Topics/Seminars (5937 and 6938), which are open to eligible students with instructor permission.

In order to register for any of the special numbers below, a student must present a signed Registration Agreement form obtained from the Department or College.

	Special Grad	Grad and Prof
Directed Independent Studies	5907	6908
Directed Research	5917	6918
Special Topics/Seminars	5937	6939
Internships, Practica, Clinical Practice	5944	6946
Cooperative Education	5949	
Study Abroad	5957	6958
Research Report		6909
Thesis—Master's		6971
Thesis—Specialist		6973
Doctoral Research		7919
Doctoral Special Topics/Seminars		7939
Doctoral Dissertation		7980

These courses may be assigned variable credit. Some may be repeated upon approval.

Abbreviations in Course Descriptions

- **PR** - Prerequisite, a course that must be taken and passed prior to enrollment in the listed course.
- **CR** - Corequisite, a course that must be taken concurrently with or prior to the listed course.
- **C.I.** - Registration is contingent upon the Consent of the Instructor.

Hours Code

Each course listed is followed by a code that shows hours of credit and contact hours.

Example

ECI 5215C ECS-CEE 3(2,3)

ECI 5215C is offered by the College of Engineering and Computer Science (ECS) in the Civil and Environmental Engineering (CEE) Department, carries 3 hours of credit but requires 5 contact hours, which consist of 2 hours in class and 3 hours laboratory or fieldwork.

EGN	Engineering: General
EIN	Industrial Engineering
ELD	Education: Specific Learning Disabilities
EMA	Materials Engineering
EME	Education: Technology and Media
EML	Engineering: Mechanical
EMR	Education: Mental Retardation
ENC	English Composition
ENG	English: General
ENL	English Literature
ENT	Entrepreneurship
ENV	Engineering: Environmental
ENY	Entomology
EPD	Education: Physical and Multiple Disabilities
EPH	Education: Physical and Multiple Handicapped
ESE	Education: Secondary
ESI	Industrial/Systems Engineering
ETE	Education: Technology Education
ETG	Engineering Technology: General
ETI	Engineering Technology: Industrial
ETP	Engineering Technology: Power
EUH	European History
EVR	Environmental Studies
EVT	Education: Vocational/Technical
EXP	Experimental Psychology
FIL	Film

FIN	Finance
FLE	Foreign Language Education
FSS	Food Service Systems
GEB	General Business
GEO	Geography: Systematic
GEY	Gerontology
HFT	Hospitality Management
HIM	Health Information Management
HIS	General History and Historiography
HMG	Hospitality Management Graduate
HSA	Health Services Administration
HSC	Health Sciences
HUM	Humanities
HUN	Human Nutrition
IDS	Interdisciplinary Studies
IFS	Interdisciplinary Florida State University Courses
INP	Industrial and Applied Psychology
INR	International Relations
ISC	Interdisciplinary Sciences
ISM	Information Systems Management
JOU	Journalism
LAE	Language Arts and English Education
LAH	Latin American History
LEI	Leisure
LIN	Linguistics
LIT	Literature
MAA	Mathematics: Analysis
MAD	Mathematics: Discrete
MAE	Mathematics Education

MAN	Management
MAP	Mathematics Applied
MAR	Marketing
MAS	Mathematics: Algebraic Structures
MAT	Mathematics
MCB	Microbiology
MDC	Medicine Clinical Clerkships
MDE	Medical Electives
MDI	Medical Internships
MDR	Medical Research
MDS	Medical Selectives
MDX	Medical Externships
MEL	Medical Science Electives
MHS	Mental Health Services
MLS	Medical Laboratory Science
MMC	Mass Media Communication
MTG	Mathematics: Topology and Geometry
MUC	Music: Composition
MUE	Music Education
MUG	Music: Conducting
MUH	Music: History/Musicology
MUL	Music Literature
MUM	Music: Commercial/Management/Administration
MUN	Music Ensembles
MUO	Music: Opera/Musical Theatre
MUS	Music
MUT	Music: Theory
MVB	Applied Music: Brasses
MVJ	Applied Music: Jazz

MVK	Applied Music: Keyboard
MVO	Applied Music: Other
MVP	Applied Music: Percussion
MVS	Applied Music: Strings
MVV	Applied Music: Voice
MVW	Applied Music: Woodwinds
NGR	Nursing: Graduate
NSP	Nursing: Special
OSE	Optical Science and Engineering
PAD	Public Administration
PAF	Public Affairs
PAZ	Parks and Zoos
PCB	Process Biology (Cell/Molecular/etc.)
PEM	Phys. Edu. Acts. (Gen): Perform. Centered, Land
PEO	Phys. Edu. Acts. (Prof.): Object Centered, Land
PET	Physical Education Theory
PGY	Photography
PHC	Public Health Concentration
PHI	Philosophy
PHM	Philosophy of Man and Society
PHT	Physical Therapy
PHY	Physics
PHZ	Physics (Continued)
PLA	Paralegal/Legal Assistant/Legal Administration
POS	Political Science
POT	Political Theory
PPE	Personality
PSB	Psychobiology
PSY	Psychology

PUP	Public Policy
PUR	Public Relations
QMB	Quantitative Methods in Business
RED	Reading Education
REE	Real Estate
RET	Respiratory Care
RLG	Religion - Graduate
SCE	Science Education
SDS	Student Development Services
SOP	Social Psychology
SOW	Social Work
SPA	Speech Pathology and Audiology
SPB	Sport Business
SPC	Speech Communication
SPM	Sports Management
SPN	Spanish Language
SPS	School Psychology
SPW	Spanish Literature (Writings)
SSE	Social Studies Education
STA	Statistics
SYA	Sociological Analysis
SYD	Sociology: Demography/Area Studies/Minorities
SYG	Sociology, General
SYO	Social Organization
SYP	Social Processes
TAX	Taxation
THE	Theatre Studies and General Resources
TPA	Theatre Production and Administration
TPP	Theatre Performance and Performance Training

TSL	Teaching English as a Second Language
TTE	Transportation Engineering
URP	Urban and Regional Planning
URS	Urban and Regional Studies
WST	Women's Studies
ZOO	Zoology

College/Department Indicator

Following the course number for each course is an indicator denoting the college and department responsible for the course. The college designators are BA = Business Administration, CAH = Arts and Humanities, COM = College of Medicine, CON = College of Nursing, COS = Sciences, CREOL = Optics and Photonics, ED = Education, ECS = Engineering and Computer Science, and HPA = Health and Public Affairs.

College	Abbreviation	Department
BA	ACCT	Accounting
CAH	AAS	African American Studies
COS	ANTHRO	Anthropology
COS	BIOL	Biology
COS	CHEM	Chemistry
ED	CFCS	Child, Family & Comm Sci
ECS	CECE	Civil, Envir & Const Eng
BA	BUS	College-BA
CAH	CAH	College-CAH
ECS	ECS	College-ECS
ED	EDU	College-ED
HPA	HPA	College-HPA
HPA	COM SC&DIS	Commun Sci & Disorders
COS	COMM	Communication
ECS	CS	Computer Science

HPA	CJ	Criminal Justice
BA	ECON	Economics
ED	E&HS	Educational & Human Sci
ECS	ECE	Electrical & Computer Eng
CAH	ENG	English
CAH	FILM	Film Program
BA	FIN	Finance
RCHM	FOOD&LODG	Foodservice & Lodging Mgm
HPA	HMI	Health Mangt & Informati
HPA	HP	Health Professions
CAH	HIST	History
RCHM	HSP SERV	Hospitality Services
ECS	IEMS	Industrial & Management
GRDST	INTERDIS	Interdisciplinary Grad
HPA	LS	Legal Studies
BA	MAN	Management
BA	MIS	Management Inform. System
BA	MAR	Marketing
ECS	MSE	Materials Sci & Engineer
COS	MATH	Mathematics
ECS	MECH/AERO	Mechanical & Aerospace
COM	MED	Medicine
CAH	LANG	Modern Languages
COM	M&M	Molecular and Microbiology
CAH	MUSIC	Music
CON	NURS	Nursing

OPT	OPT	Optics
CAH	PHIL	Philosophy
COS	PHYS	Physics
COS	POLS	Political Science
COS	PSYCH	Psychology
HPA	PUB	Public Administration
HPA	PUB AFF	Public Affairs
CAH	SVAD	Schl Visual Arts & Design
HPA	SOWK	Social Work
COS	SOC	Sociology
COS	STAT	Statistics
ED	TL&L	Teach, Learn & Leadership
CAH	THEA	Theatre
RCHM	TEA	Tourism, Events & Attract
CAH	WOM	Women's Studies
CAH	WRITE	Writing and Rhetoric

Courses

Courses listed here include all approved UCF graduate courses as of the date this Graduate Catalog was published (May 2019).

Availability of Courses. The university does not offer all of the courses listed in this Graduate Catalog each academic year, academic semester, or term. Consult the "Course Catalog Search" or "Class Schedule Search" at myUCF (<https://my.ucf.edu>) for those courses offered each term.

Understanding Course Info

Accounting: General

ACG 5917 - Directed Research

College of Business Administration - Kenneth G. Dixon School of Accounting

ACG 5937 - Special Topics

College of Business Administration - Kenneth G. Dixon School of Accounting

ACG 6185 - Financial Statement Analysis

3 Credit Hours

Class Hours: 3

Lab and Field Work Hours: 0

Contact Hours: 3
