# Mission Statement

The University of Central Florida is a public multi-campus, metropolitan research university, dedicated to serving its surrounding communities with their diverse and expanding populations, technological corridors, and international partners. The mission of the university is to offer high-quality undergraduate and graduate education, student development, and continuing education; to conduct research and creative activities; and to provide services that enhance the intellectual, cultural, environmental, and economic development of the metropolitan region, address national and international issues in key areas, establish UCF as a major presence, and contribute to the global community.

---

## The UCF Creed

Integrity, scholarship, community, creativity, and excellence are the core values that guide our conduct, performance, and decisions. These values comprise the guiding principles that direct the actions of the University, its students and its employees.

### **Integrity**

I will practice and defend academic and personal honesty.

### **Scholarship**

I will cherish and honor learning as a fundamental purpose of my membership in the UCF community.

### **Community**

I will promote an open and supportive campus environment by respecting the rights and contributions of every individual.

### **Creativity**

I will use my talents to enrich the human experience.

### **Excellence**

I will strive toward the highest standards of performance in any endeavor I undertake.

UNIVERSITY OF CENTRAL FLORIDA

**Office of the President**  
**P.O. Box 160002**  
**Orlando, FL 32816-0002**

Welcome to the University of Central Florida!

UCF is an exceptional place, and many possibilities for professional and personal growth await you. Work hard in your classes and participate fully in extracurricular activities, and you will be rewarded with an excellent education along with experiences that will enrich your life.

Our classrooms, laboratories, and studios provide excellent venues for academic growth. But you will also learn important lessons when you volunteer to help others, play sports, get involved in student government, and participate in any of the numerous clubs and organizations on campus.

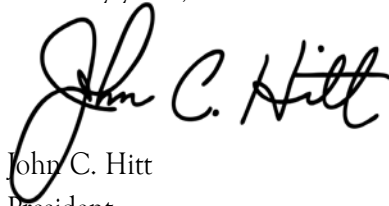

This is an exciting time to be a student at UCF. Our academic programs are setting the standard for institutions of higher education, our faculty members are nationally renowned for their teaching and research, our academic service-learning program is among the largest in the nation, and our athletic teams compete with the best in the country.

As you seize the opportunities at UCF, focus on reaching your full potential. Make the UCF Creed an integral part of your value system: practice personal honesty, cherish learning, respect the rights of every individual, enrich the human experience, and strive toward the highest standards of personal performance. In short, conduct yourself on campus and in the community to bring distinction to you and to our university.

UCF faculty members and staff members are here to help you to learn, to grow, and to excel. Upon graduation, you will join the more than 265,000 alumni whose lives have been enhanced by their UCF experience.

I wish for you much success and happiness during this coming year. Enjoy UCF, and go Knights!

Cordially yours,

John C. Hitt  
President

Pegasus is the winged horse of Greek mythology. He carried heroes on to great adventures and earned a place in the stars as a constellation. The logo was officially unveiled by President Charles Millican on April 5, 1968, from a design by Jim Shattuck and Norman Van Meter. More than 50 proposals were considered during the process. The Pegasus design was chosen for its distinctiveness—and it symbolizes the university's vision of limitless possibilities.

# UNIVERSITY NOTICES

## Undergraduate Academic Policy Statement

The University of Central Florida may change any of the announcements, information, policies, rules, regulations, or procedures set forth in the *Undergraduate Advising Guide* and the *Undergraduate Catalog*. The *Undergraduate Catalog* is published online once a year and cannot always reflect new and modified regulations. Statements in the *Undergraduate Advising Guide* and the *Undergraduate Catalog* may not be regarded in the nature of binding obligations on the institution or the State of Florida. While every effort will be made to accommodate the curricular needs of students, limited resources may prevent the University from offering all required courses in each semester or in day and evening sections.

Students will be held accountable for the requirements, policies, and procedures described in the *Undergraduate Advising Guide* and the *Undergraduate Catalog*. Additional information or clarification of any policy or procedure may be obtained from the specified office.

## Non-Discrimination Policy

The University of Central Florida does not unlawfully discriminate in any of its education or employment programs and activities on the basis of an individual's race, color, ethnicity, national origin, religion (or non-religion), age, genetic information, sex (including pregnancy and parental status), gender identity or expression, sexual orientation, marital status, physical or mental disability (including learning and intellectual disabilities), political affiliations, prior conviction of a crime, protected veteran's status or membership in any other protected classes as set forth in state or federal law. The University prohibits discrimination based on these protected classes, which includes the prohibition of discriminatory harassment, sexual assault, sexual exploitation, relationship violence, stalking, sexual or gender-based harassment, and retaliation against a person for the good faith reporting of any of these forms of conduct or participation in or party to any investigation or proceeding related to a report of these forms of conduct.

Discriminatory harassment consists of verbal, physical, electronic or other conduct based upon an individual's protected class as set forth above that interferes with that individual's educational or employment opportunities, participation in a University program or activity, or receipt of legitimately-requested services under either *Hostile Environment Harassment* or *Quid Pro Quo Harassment*. *Hostile Environment Harassment* is discriminatory harassment that is so severe, persistent or pervasive that it unreasonably interferes with, limits, deprives, or alters the conditions of education (e.g., admission, academic standing, grades, assignment); employment (e.g., hiring, advancement, assignment); or participation in a University program or activity (e.g., campus housing), when viewed from both a subjective and objective perspective. *Quid Pro Quo Harassment* is discriminatory harassment where submission to or rejection of unwelcome conduct is used, explicitly or implicitly, as the basis for decisions affecting an individual's education; employment; or participation in a University program or activity.

Sexual harassment is any unwelcome sexual advance, request for sexual favors, or other unwanted conduct of a sexual nature, whether verbal, non-verbal, graphic, physical, or otherwise, when the conditions for *Hostile Environment Harassment* or *Quid Pro Quo Harassment* are present. Gender-based harassment includes harassment based on gender, sexual orientation, gender identity, or gender expression, which may include acts of aggression, intimidation, or hostility, whether verbal or non-verbal, graphic, physical, or otherwise, even if the acts do not involve conduct of a sexual nature, when the conditions for *Hostile Environment Harassment* or *Quid Pro Quo Harassment* are present. Sexual assault consists of sexual contact and/or sexual intercourse that occurs without consent. Sexual exploitation is purposely or knowingly doing or attempting to do any of the following: recording or photographing private sexual activity and/or a person's intimate parts (including genitalia, groin, breasts or buttocks) without consent; disseminating or posting images of private sexual activity and/or a person's intimate parts (including genitalia, groin, breasts or buttocks) without consent; allowing third parties to observe private sexual activity from a hidden location (e.g., closet) or through electronic means (e.g., Skype or livestreaming of images); subjecting another person to human trafficking; or exposing another person to a sexually transmitted infection or virus without the other's knowledge. Relationship violence includes any act of violence or threatened act of violence that occurs between individuals who are involved or have been involved in a sexual, dating, spousal, domestic, or other intimate relationship. Stalking occurs when a person engages in a course of conduct directed at a specific person under circumstances that would cause a reasonable person to fear for the person's safety or the safety of others, or to experience substantial emotional distress.

A student or employee determined by the University to have committed an act of discrimination as described above is subject to disciplinary action, up to and including permanent separation from the University. Third Parties who commit these acts may have their relationships with the University terminated and/or their privileges of being on University premises withdrawn.

Most University faculty and staff (including professors, lecturers, instructors, academic advisors, trainers coaches, and resident assistants) are not confidential employees and are required to immediately report to the University's Title IX Coordinator (Dawn Welkie) all relevant details (obtained directly or indirectly) about an incident of sexual assault, relationship violence and/or stalking that involves any student. Confidential employees (including Health Services employees, Counseling and Mental Health Services employees, Ombuds Office employees, Student Legal Services employees and Victim Services employees) are not required to make these reports and will not disclose information without the permission of the student (subject to limited exceptions). More information about UCF's resources and reporting options for individuals who have experienced sexual harassment (including sexual violence) and related policies can be found at <http://shield.ucf.edu>.

Employees, students, contractors, vendors, visitors, guests or third parties may obtain further information on this policy, including grievance procedures, from the Office of Equal Opportunity and Affirmative Action Programs (EOAA). Nancy Myers (EOAA Director) is responsible for the University's response to all forms of discrimination based on a protected class, and Dawn Welkie (EOAA Assistant Director) is the Title IX Coordinator who is responsible for the University's response to reports of sex discrimination. For more information about EOAA, please visit EOAA's website at <http://www.eeo.ucf.edu> or call 407-UCF-1EE0.

## Drug-Free Workplace/Drug-Free Schools Policy Statement

Standards of conduct and disciplinary sanctions will be imposed for the unlawful possession, misuse or distribution of illicit drugs and alcohol by UCF students and employees on UCF property or as part of any of its activities. The unlawful manufacture, distribution, dispensation, possession or misuse of a controlled substance, prescription medication or the unlawful possession and use of alcohol is harmful and prohibited in and on UCF owned and controlled property or as part of any of its activities. Any UCF employee or student determined to have violated this policy shall be subject to disciplinary action for misconduct, which may include termination/expulsion and referral for prosecution. No employee/student is to report to work/class or attend any University activity while under the influence of illegal drugs or alcohol. Violation of these policies by an employee/student will be reason for evaluation/treatment for drug/alcohol disorder and/or for disciplinary action up to and including termination/expulsion and/or referral for prosecution consistent with local, state and federal law.

## Campus Alcoholic Beverages Policy

The sale, service, distribution, possession and consumption of alcoholic beverages shall comply with state and federal laws, city and county ordinances, and the licensing agreement with on-campus retailers which allows for the sale and service of alcoholic beverages. In addition the University has formulated the following policies governing the sale, service, distribution, possession and consumption of alcoholic beverages on campus. Refer to University of Central Florida Policy "Alcoholic Beverages on Campus" 3-115.1 and University of Central Florida Regulation "UCF-4.035 Alcoholic Beverages on Campus" for further information.

### Guidelines

The sale, service, and distribution of alcoholic beverages to persons younger than 21 years of age is prohibited. Possession or consumption of alcoholic beverages is prohibited by persons younger than 21 years of age.

Possession and consumption of alcoholic beverages in open or unsealed containers is prohibited except in designated areas or as approved with special events.

Individuals are responsible for their actions regardless of their mental or physical state as it may be affected by mind-altering chemicals such as alcohol and other drugs.

Student organizations may develop more stringent regulations regarding alcohol use.

## Locations

The sale of alcoholic beverages to individuals of legal age will be permitted in licensed areas by licensed on-campus retailers.

The sale or service of alcoholic beverages to individuals of legal age will be permitted at other select campus locations for catered functions by properly authorized retailers.

The possession or consumption of alcohol by individuals of legal age may be permitted in private residential rooms in the residence halls and other on-campus or affiliated housing unless otherwise prohibited by the governing organization. Consumption of alcoholic beverages in public or common areas within on-campus residential units shall follow guidelines provided by their governing organization, and local, state and federal law.

## Approval Procedures: Student Groups

Prior approval for students or student organizations to host an event where alcoholic beverages are present in non-licensed campus locations must be obtained from the Director of Student Leadership Programs.

The following information must be supplied by the student organization and approved by the appropriate university officials, no less than 15 calendar days prior to the event(s). These arrangements include but are not limited to: sponsoring organization and nature of event; date, beginning and ending times, and location of event; number in attendance and method of registering guests; method of designation of those who are 21 years or older and those who are under 21 years of age; contained area where alcohol consumption is permitted; type of alcohol along with food and alternative non-alcoholic beverages to be provided; method of security including number of campus police officers; person to be contacted at event in case of questions or problems.

## Approval Procedures: Non-Student Groups

Alcoholic beverages may be sold and/or served by an approved third party vendor. All third party vendors who sell and/or serve alcoholic beverages must be licensed by the State of Florida as an alcoholic beverage retailer. Groups or organizations who seek to sell beer or wine along with a non-alcoholic choice at other locations on campus must obtain approval to secure a beer or wine license from the Director of Business Services prior to making application for the license. With approval from the Director of Business Services, the group must apply to the Alcoholic Beverages and Tobacco Division of the Department of Business Regulations of the State of Florida for obtain a temporary permit for the sale of alcoholic beverages, for consumption on premises only, and for a period not to exceed 3 days per event. Off-campus groups or organizations who seek to serve alcoholic beverages in a location and situation which does not require a license must obtain prior approval to serve alcohol on campus from the Director of Business Services.

For the complete and definitive version of the Drug-Free Workplace/Drug-Free Schools Policy Statement, please go to:  
<http://www.goldenrule.sdes.ucf.edu>.

## Academic Behavior Standards

The University of Central Florida is committed to a policy of honesty in academic affairs. Conduct that comprises a breach of this policy may result in academic action, disciplinary action, and/or program action. Academic action affects student assignments, examinations or grades. Disciplinary action may affect student enrollment status. Program action may affect the student's status in a specific program of study. Academic Misconduct includes but is not limited to cheating, plagiarism, misuse of sources, assisting another in cheating or plagiarism, and commercial use of academic materials. The violations of student academic behavior standards on the undergraduate and graduate level are listed and defined in the Rules of Conduct in *The Golden Rule Student Handbook*.

**Note:** A student who has assisted another in any of the aforementioned breach of standards shall be considered equally culpable. In cases of cheating or plagiarism, the instructor may document the incident and choose to take appropriate academic action ranging from loss of credit for a specific assignment, examination, or project to removal from the course with a grade of "F." Additionally, disciplinary action may be taken through the Office of Student Conduct, which may result in punitive and education sanctions, as outlined in *The Golden Rule Student Handbook*. Students found in violation more than one reported Academic Misconduct violation or suspended for a reported violation, the student will receive a Z designation that would be included with the earned grade on transcripts, designating that academic dishonesty occurred. Information regarding the Z designation, its application or removal from a transcript can be found in *The Golden Rule Student Handbook*.

## Student Use of Technology

The University of Central Florida expects all students to have ready access to a personal computer and software appropriate to his or her field of study. Students can meet this expectation by purchasing or leasing a computer, sharing a computer with family or roommates, or using a UCF computer lab.

All UCF students should expect to use a personal computer in many University activities, including coursework, accessing library information, registering for classes, emailing correspondence to instructors or fellow students, or taking online classes. In addition, many UCF courses require the use of the Internet.

The University of Central Florida has developed one of the nation's most advanced campus technology environments, and all UCF students are provided free Knights Email accounts and Internet access.

Students wishing to acquire a personal computer are strongly advised to consider a laptop. Laptop and PC recommended configurations can be found at <http://cstore.ucf.edu/college.html>.

## Undeclared Policy

All students at the University of Central Florida are expected to officially declare a major prior to earning 45 college credit hours (including credits earned from CLEP, Dual Enrollment, AP, and/or IB). An administrative hold to prevent future university registration will be placed on the records of all students who have not declared a major. Students must meet with an academic advisor (within Student Development and Enrollment Services, the Colleges, or Regional Campuses) to have the hold released.

## Student Responsibility for University Communication

UCF uses email as the official means of notifying students of important information concerning registration, deadlines, financial assistance, scholarships, student accounts (including tuition and fees), academic progress and problems, and many other critical items. The university sends all business-related and academic messages to a student's Knights Email address to ensure that there is one repository for that information. Every student must register for, and maintain, a Knights Email account at <http://www.knightsemail.ucf.edu> and check it regularly to avoid missing important information from the university. Any difficulty with establishing an account or with accessing an established account can be resolved through the UCF Service Desk ([servicedesk@ucf.edu](mailto:servicedesk@ucf.edu) or 407-823-5117).

Additionally, each student must have an up-to-date emergency email address and cell phone number by which they can be reached in case of a campus emergency. This emergency contact information will be used only for emergency communication purposes. Also, both permanent and local mailing addresses must be on record, so that any physical documents that must be mailed can be delivered.

It is critical that students maintain and regularly check their Knights Email account for official announcements and notifications. Communications sent to the Knights Email address on record will be deemed adequate notice for all university communications, including issues related to academics, finances, registration, parking, and other matters. The University does not accept responsibility if official communication fails to reach a student who has not registered for, or maintained and checked their Knights Email account on a regular basis. Please ensure that this information is current and that any changes in contact information are made online through the myUCF portal at <https://my.ucf.edu/>.

## Complaint Policy

The University of Central Florida supports the right of students to file grievances, lodge complaints, and make appeals in a safe environment free of fear, retaliation, or other adverse consequence. The University has a number of offices and committees that are responsible for implementing the institution's established procedures for addressing written academic and non-academic student complaints.

In most cases, the recommended strategy for complaints of any nature is to ask the concerned individual to first contact the person or office most directly connected to the issue, unless there are compelling reasons not to do so. If the concerned individual does not want to contact a faculty or staff member directly, he or she begins with the next highest level of authority, which typically is the department chair or director. If the problem or complaint is unresolved or the individual is not satisfied with the resolution, he or she may file a written grievance or appeal in most cases. Specific procedures included are in specific sections of the Catalog and *The Golden Rule*.

## University Notices

### Accreditation

The University of Central Florida, a member institution of Florida's State University System, was formerly named Florida Technological University. The name was changed by action of the Florida Legislature on December 6, 1978.

The University of Central Florida is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award degrees at the associate, baccalaureate, master's, specialist, and doctoral levels. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of the University of Central Florida.

Please note the commission's expectation that contact occur only if there is evidence to support significant non-compliance with a requirement or standard. For other information about UCF's SACSCOC accreditation, please contact the university's SACSCOC liaison in UCF's Office of Academic Affairs.

### College/Discipline      Accrediting Body

#### Arts and Humanities

Music, Music Education

National Association of Schools of Music (NASM), 11250 Roger Bacon Drive, Suite 21, Reston, VA 20190-5248

Health Services Administration

Association of University Programs in Health Administration (AUPHA), 1730 M St, NW, Suite 407, Washington DC 20036

Social Work

Council on Social Work Education (CSWE), 1701 Duke Street, Suite 200, Alexandria, VA 22314-3457

#### College of Medicine - Burnett School of Biomedical Sciences

Medical Laboratory Sciences

National Accrediting Agency for Clinical Laboratory Sciences (NAACLS), 5600 N. River Road, Suite 720, Rosemont, IL 60018-5119

Nursing  
Nursing

Florida Board of Nursing, 4042 Bald Cypress Way, Room 120, Tallahassee, FL 32399

Commission on Collegiate Nursing Education (CCNE), One Dupont Circle, NW Suite 530, Washington, DC 20036

Sciences  
Chemistry

American Chemical Society (ACS) Committee on Professional Training, 1155 Sixteenth Street, NW, Washington, DC 20036

UCF is listed in *Transfer Credit Practices on Designated Educational Institutions* with the highest level of credit acceptability. This handbook is published by the American Association of Collegiate Registrars and Admission Officers and lists the acceptability of transfer credits based upon the reporting institutions in the states, commonwealths, territories, and selected international institutions.

# UNIVERSITY OF CENTRAL FLORIDA/CAMPUSES

## The University

407-823-2000

<http://www.ucf.edu>

The University of Central Florida is one of the nation's largest university with more than 64,000 students and is located in one of the most dynamic communities in the country – the Orlando metroplex. UCF's 1,415-acre main campus provides modern facilities, most of which have wireless capability, with about 600 acres set aside for lakes, woods and an arboretum.

Offering more than 200 degree programs, UCF is an academic and research leader in many fields, including optics and photonics, modeling and simulation, engineering, computer science, business administration, education, life sciences, hospitality management and digital media. The College of Medicine, which graduated its first M.D. students in Spring 2013, is the centerpiece of a medical city at Lake Nona bustling with future doctors learning about the latest advances in health care, patients receiving high-quality care, and scientists searching for cures for cancer and other diseases.

Students attend classes on UCF's main campus in east Orlando and 15 satellite facilities throughout Central Florida. Since President John C. Hitt's arrival in 1992, enrollment has nearly tripled, and UCF has greatly expanded access to higher education.

**Outstanding Students:** UCF attracts many of the nation's best and brightest students. The fall freshman class for the 2016-17 academic year posted an average SAT score of 1262—compared to the state average score of 956—and a high school GPA of 4.0. UCF ranked 9th and 11th among U.S. public universities for new National Merit Scholars enrolled the past two years. We confer more than 15,000 degrees annually, leading all other universities in Florida.

**Attractive Amenities:** The 45,000-seat UCF Stadium and the 10,000-seat CFE Arena opened in 2007 on the north side of UCF's campus. Anchored by CFE Arena, Knights Plaza also includes four student residence halls and various restaurants and retail shops that cater to students, employees and area residents.

UCF's Recreation and Wellness Center features a three-story climbing tower, an indoor track and myriad fitness equipment. The Student Union offers computer labs, study lounges, ballrooms and meeting rooms, popular eating establishments and a small shopping mall. A state-of-the-art Health Center supports a full-service health clinic with on-site professionals, X-ray capabilities, pharmacy, dental clinic, medical laboratory and physical-therapy services.

The Career Services and Experiential Learning building features private interview rooms, including a boardroom-style suite where cameras can record students' practice interviews.

At Technology Commons, students can test and purchase the latest computer products and produce podcasts and video presentations. A performing arts center provides music and theatre students with high-tech classrooms and rehearsal spaces and eventually will host student and professional performances.

**National University to Watch:** For the past several years, U.S. News & World Report's "America's Best Colleges" guide has lauded UCF as a top national university to watch. In the 2017 guide, 20 UCF programs were ranked among the top 100 in their fields. In 2016, The Princeton Review named UCF's Florida Interactive Entertainment Academy the No. 1 graduate game-design program. CEOWORLD Magazine ranked the Rosen College of Hospitality Management among the top five hospitality schools in the world in 2016 and the university also has been identified among the best colleges for veterans.

## Center for Distributed Learning

*Associate Vice President:* Thomas B. Cavanagh

UCF Center for Distributed Learning, 3100 Technology Parkway, Orlando, 32826; 407-823-4910

<http://online.ucf.edu/>

The Center's mission is to provide support to students, faculty and staff in the development and planning of distributed learning courses and programs. The Center serves as the central agent for online learning at UCF, providing leadership in distance learning policies, strategies, and practices. The Center also coordinates the university's standards and accreditation changes resulting from web-based instruction.

Students can enroll in credit courses and selected degree and certificate programs delivered over the Internet through Online@UCF. The instructional design of these courses maintains a high-quality learning environment for both nontraditional and campus-based students.

The degree programs listed at <http://www.ucf.edu/online/majors/> may be completed via online course work, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete a degree program exclusively via UCF online classes may enroll with a reduction in some campus-based fees.

Online courses are identified in the Class Schedule Search available at <https://my.ucf.edu/>. In the "Additional Search Criteria" section use the drop-down list next to "Mode of Instruction" to search for the values described below.

Online instruction modes are:

**WORLD WIDE WEB (W):** These are courses conducted via web-based instruction and collaboration. Some courses may require minimal campus attendance or in-person/proctored examinations.

**MIXED-MODE/REDUCED SEAT TIME (M):** These courses include both required classroom attendance and online instruction. All M classes have substantial activity conducted over the web, which substitutes for some classroom meetings.

**VIDEO STREAMING (V):** These are courses delivered over the web via streaming digital video, which may be supplemented by additional web activity, projects, or exams.

**VIDEO STREAMING/REDUCED SEAT TIME (RV):** In these courses, classroom-based content is available over the Web via streaming video and classroom attendance is not required. Other required activities that substitute for video instruction may include any of the following elements: web activity, in-person or proctored examinations, and labs. See course notes for details.

Students who plan to enroll in any course with a web or streaming video component must have access to the Internet, a Web browser such as Internet Explorer or Chrome, basic web-browsing knowledge, ability to use email, and basic computer skills such as word processing.

Due to restrictive state regulations, UCF is not permitted to provide online courses or instruction to students in some states. The list of states currently restricted is available at <http://online.ucf.edu/learn-online/prospective/state-restrictions/>. While residing in any of the states listed, students may not be permitted to enroll in or be admitted to a UCF online program.

## Regional Campuses

<http://www.regionalcampuses.ucf.edu>

The University of Central Florida offers an opportunity to complete a number of programs through UCF Regional Campuses. Strategically located within an 80-mile radius of the UCF Orlando campus, the Regional Campuses sites partner with six Florida state colleges, fostering seamless and convenient advancement from completion of an A.A. or A.S. degree to upper-level division work on a baccalaureate degree. Accessible academic programs vary by location. With close proximity to Orlando, resources are available at UCF and the UCF Regional Campuses, such as admissions, registration, financial aid, advising, student clubs and organizations, disability services, veteran's affairs, "smart classrooms," libraries, computer labs, and more.

The Central Florida Higher Education Consortium, known as DirectConnect to UCF, is a unique partnership between UCF and College of Central Florida, Daytona State College, Eastern Florida State College, Lake-Sumter State College, Seminole State College, and Valencia College. This agreement provides entry for A.A. and A.S. graduates to UCF as an enhancement to the Florida state-mandated 2 + 2 agreement. Students entering UCF as a DirectConnect to UCF student are admitted according to the UCF policies when A.A. or A.S. degrees are awarded. UCF Success Coaches are available on each of the DirectConnect to UCF campuses.

All locations provide students with an opportunity to enroll in selected courses (junior and senior level) contributing to undergraduate and graduate degrees in a variety of disciplines within the University. For the most current information on any of the UCF Regional Campus locations, check the website at <http://regionalcampuses.ucf.edu>.

## Administration

### UCF Regional Campuses (RC) Administration

Electrical Engineering (3rd year) (B.S.E.E.) *College of Engineering and Computer Science*  
Elementary Education (B.S.) *College of Education and Human Performance*

Integrated Business\* (B.S.B.A.) *College of Business Administration*  
Nursing (Concurrent) *College of Nursing*  
Political Science (B.A.) *College of Sciences*  
Psychology (B.S.) *College of Sciences*

\*Selected courses will require attendance at the UCF Orlando campus.

For online programs visit: <http://www.ucf.edu/online/>.

## Central Florida Research Park

The Central Florida Research Park, adjacent to the main UCF campus, is a University-related research park established as a result of legislation passed by the Florida Legislature in 1978. The Research Park is a cooperative effort between UCF, the Orange County Research and Development Authority, and the Orange County Board of County Commissioners (which appoints the members of the Authority). The governing body of the Research Park is the Orange County Research and Development Authority.

The objectives of the Central Florida Research Park are in keeping with the legislative action that enabled its creation "to encourage and promote the establishment of research and development activity combining the resources of institutions of higher learning, private sector enterprise involved in pure or applied research, and state or federal governmental agency research."

The ultimate goal of University-related research parks is to establish an academic/industrial community. The University and officials of the Central Florida Research Park believe that the potential for the establishment of close ties between the University and industry will create an environment conducive to the location of research-oriented industry in the Research Park. This activity will enrich and support the academic, teaching, and research programs of the University. The University, in turn, can provide the necessary expertise and human resources to enhance the research and development activities required and planned by Research Park residents.

The Central Florida Research Park consists of over 1,000 acres of land. Businesses desiring a "university relationship" can purchase or lease land in the Research Park on which to construct a facility or can lease space for office, office/lab, or light manufacturing activities.

Research Park tenants are involved with the University of Central Florida through sponsored research, using faculty as consultants, and using graduate and undergraduate students for intern programs and part-time employment. Research Park tenants can also contract with the University for use of the library, computer resources, and laboratory facilities. Cooperative projects range from technical research to developing business plans and employee training programs.

## Endowed Chairs

Endowed chairs are established under the Florida Major Gifts Trust Fund, which provides \$420,000 in state funds to match \$600,000 in contributions from private sources within a five-year period.

**Phillips-Schenck Chair in American Private Enterprise:** Created in 1980 as the focal point for a continual dialog on major economic issues, comparative economic systems, and economic decision-making in business. *Chair:* James Combs.

**Charles N. Millican Chair in Computer Science:** Created in 1983 and dedicated to probing the frontiers of computer science, with emphasis on the direction that the discipline will take over the next decade. *Chair:* Narsingh Deo.

**William S. and Alice M. Jenkins Chair in Community Arts:** Created in 1986 to enable UCF to design and oversee programs covering art administration, art therapy, and art education within the Central Florida community. *Chair:* TBA.

**Carl H. Galloway Chair for Excellence in Business:** Created in 1986 to honor Carl Galloway, a pioneer in telecommunications. The purpose is to enhance scholarly activity in teaching and research in the College of Business Administration. *Chair:* Pradeep Bhardwaj.

**The Cobb Family Eminent Chair in Optical Sciences and Engineering:** Created in 1988 to support the work of an internationally recognized scholar in laser and optical sciences. *Chair:* Demetrios Christodoulides.

**Darden Eminent Scholar Chair in Restaurant Management:** Created in 1990 to develop a program of excellence in restaurant management. This chair, the first of its kind in the country, also serves as a critical resource for the hospitality industry. *Chair:* TBA.

**SunTrust, N.A. Eminent Chair in Banking for Teaching Excellence:** Created in 1989 to attract a nationally or internationally prominent expert in banking with a strong commitment to undergraduate, graduate, and executive development. *Chair:* Ajai Singh.

**Al and Nancy Burnett Eminent Scholar Chair in Accounting:** Created in 1989 to support an exceptional faculty member in the School of Accounting. *Chair:* Robin W. Roberts.

**Bert Fish Memorial Eminent Scholar Chair:** Created in 1990, the first chair to be established at the Daytona Campus, to improve nursing education and ease the shortage of nurses. *Chair:* Angeline A. Bushy.

**Lockheed Martin Academy in Math and Science Education:** Created in 1992 to stress content enhancement and problem solving approaches in the teaching of science and mathematics. *Chair:* Lisa A. Dieker.

**CFHLA Eminent Scholar Chair in Hotel Management:** Created in 2002 to support the teaching and research of an internationally recognized scholar in hotel management. *Chair:* TBA.

**Linda Chapin Eminent Scholar Chair in Tourism Management:** Created in 2002 to support the teaching and research of an internationally recognized scholar in tourism management. *Chair:* Abraham Pizam.

**William Peeper Eminent Scholar Chair in Destination Marketing:** Created in 2002 to support the teaching and research of an internationally recognized scholar in destination marketing. *Chair:* TBA.

**Mildred W. Coyle Eminent Scholar Chair:** Created in 2000 to support the teaching and research of an internationally recognized scholar in various disciplines of professional education. *Chair:* Sandra L. Robinson.

**Robert N. Heintzelman Eminent Scholar Chair:** Created in 2002 to conduct research into the determination of the basic cause of greed in humanity and to determine the appropriate manner and methods of eliminating the cause of greed and fostering altruism. *Chair:* TBA.

**DeVos Eminent Scholar in Sport Business Management Endowed Scholar Chair:** Created in 2001 to attract a nationally or internationally prominent scholar in the field of sports, with a strong commitment to graduate sport business management programs. *Chair:* Richard E. Lapchick.

**Richard T. Crotty Orange County Endowed Scholar Chair:** Created in 2004 to attract a nationally or internationally prominent scholar to conduct research in his/her primary field and to assist in the development of research, programs, and support service as the faculty liaison to the Institute for Economic Competitiveness, College of Business Administration. *Chair:* Qinghai Wang.

**Florida Photonics Center of Excellence Eminent Scholar Chair of Nanophotonics:** Created in 2003 to strengthen and support teaching and research in the field of nanophotonics at the College of Optics and Photonics. *Chair:* Dennis Deppe.

**Agere Systems, Inc. Eminent Scholar Chair of Computer Science:** Created in 2005 in recognition of the university's leadership in the Florida High Tech Corridor and the FHTC Council's objective of attracting, retaining, and growing tech-based industry in our region and in the preparation of the workforce needed for our region. *Chair:* Mubarak A. Shah.

**Chatlos Foundation Endowed Chair in Nursing:** Created in 1996 to support a key faculty member of distinguished reputation who will engage in teaching, research, and scholarly activities relating to nursing. *Chair:* Karen Aroian.

**Kenneth G. Dixon Eminent Scholar Endowed Chair in Accounting:** Created in 2004 as a key component of the Dixon School of Accounting. *Chair:* TBA.

**Howard Phillips Eminent Scholar Chair in Real Estate:** Created in 2005, as a key component of the Dr. P. Philips School of Real Estate. *Chair:* David Harrison.

**21st Century Scholar Chair:** Created in 2006 to strengthen and support teaching and research in the field of lasers and medicine at the College of Optics and Photonics. *Chair:* Konstantin L. Vodopyanov.

**Florida 21st Century Chair:** Created in 2007 to strengthen and support teaching and research in the fields of control and signal processing in the College of Engineering and Computer Science. *Chair:* Marwan A. Simaan.

**Dr. Neil Euliano Chair in Italian Studies:** Created in 2005. This is the first Chair in Italian Studies in the State of Florida and is designed to support the teaching and research of an internationally recognized scholar of Italian and Italian American Culture. *Chair:* Paolo Giordano.

**NAIOP Eminent Scholar Chair in Real Estate:** Created in 2005 as a key component of the Dr. P. Philips School of Real Estate. *Chair:* Geoffrey K. Turnbull.

**Judith & David Albertson Eminent Scholar Endowed Chair:** Created in 2004 to attract a key faculty member of distinguished reputation who will engage in teaching, research, and scholarly activities relating to Visual Arts. *Chair:* TBA.

**Lester N. Mandell Eminent Scholar Endowed Chair:** Created in 2004 to assist in the development of an Ethics Center. *Chair:* TBA.

**Capital Campaign Engineering Endowed Chair:** Created in 1983 to provide support for a chair in Engineering. *Chair:* TBA.

**Karl H. Guenther Endowed Chair in Thin Film Optics:** Created in 1998 to support the School of Optics Education in Thin Film Optics. *Chair:* TBA.

**Jalal Talabany Endowed Chair in Kurdish Political Studies:** Created in 2007 to strengthen and support teaching and research in Kurdish Political Studies. *Chair:* Güneş Murat Tezcür.

**Florida Photonics Center of Excellence Endowed Chair in Biophotonics:** Created in 2003 to strengthen and support teaching and research in the field of biophotonics at the College of Optics and Photonics. *Chair:* TBA.

**Florida Hospital Endowed Chair in Cardiovascular Science:** Created in 2011 to build collaborative research programs with Florida Hospital and other Central Florida scientists while providing leadership to the research enterprise in the Burnett School of Biomedical Sciences, College of Medicine. *Chair:* Sampath Parthasarathy.

**Hugh F. and Jeannette G. McKean Endowed Chair in Nursing:** Created in 2011 to strengthen and support the preparation of nurse educators. *Chair:* Joellen Edwards.

**Florida Hospital Endowed Chair in Healthcare Simulation:** Created in 2011 to support a leading expert in simulation to advance simulation in nursing and healthcare disciplines. *Chair:* Gregory Welch.

**Paul N. Somerville Endowed Chair for Statistics:** Created in 2012 to strengthen and support teaching and research in the field of statistics with an emphasis on the area of Big Data. *Chair:* TBA.

**Orlando Health Endowed Chair in Nursing:** Created in 2009 to support three areas: a leading expert in teaching and research, an annual symposium related to excellence in nursing and student scholarships. *Chair:* Mary Lou Sole.

### University Ombuds Office

*Ombuds Officer:* Shreya Trivedi  
MH 247; 407-823-6440  
<http://ombuds.ucf.edu/>

The Ombuds Office is an informal, impartial, independent and confidential resource for all members of the University community. It is not an office of notice of wrongdoing and cannot participate in any formal grievance or appeal process. The office provides assistance and guidance regarding concerns related to the University. These services are available to every member of the University community: students, staff, faculty, and others. Any type of concern may be brought to the attention of this office: academic, financial, housing, consumer, work-related, or personal. The University Ombuds Officer, as a neutral facilitator, will listen to concerns and assist visitors by developing a range of options in an informal attempt to achieve resolution. Referral and direction to appropriate individuals and offices, and clarification of University policies and procedures are services of the office. All proceedings in individual cases will be held confidential by the Ombuds Office unless otherwise authorized by the complainant, or otherwise required by applicable law, including without limitation, Chapter 119, Florida Statutes. The University Ombuds Office is located in Millican Hall, Suite 243, room 247. Appointments may be made by calling 407-823-6440.

### UCF Public Safety and Police

*Chief of Police:* Richard Beary  
3610 Libra Drive, Orlando, FL 32816; Building #150; 407-823-5242  
<http://www.police.ucf.edu/>

The UCF Police Department is a full-service law enforcement agency that prides itself on providing professional services to the university community through prevention, education and enforcement. Officers are fully sworn with all of the law enforcement powers and duties of other agencies. UCF Police officers provide services 24 hours a day, seven days a week to the university community. In 2016, the department received reaccreditation by the Commission for Florida Law Enforcement Accreditation, which means it meets the highest of law enforcement practices and standards.

The Communications Center (407-823-5555) provides a mechanism for people to receive assistance in the event of an immediate threat,

danger, injury, fire, or criminal occurrence by calling 9-1-1. UCF Police are part of the county-wide "Enhanced 9-1-1" system and automatically receive calls related to campus. The system ensures that the correct emergency responder - police, medical or fire - is directed to the right place in the shortest amount of time. Since telephone numbers appear on the police computer screen, callers who are for whatever reason unable to give their number or location can still receive emergency assistance. Communications Operators are on duty 24 hours a day. Blue light emergency phones are located at more than 229 locations on campus to allow those in need of assistance to contact UCF Police, and the phones dial directly to the Communications Center to ensure a swift response if needed. Patrol officers also may view the details of each call as information is updated by the Communications Center.

The Patrol Division provides proactive police services to the campus community by means of foot patrols and marked vehicle patrols. Within the division, specialized units such as K-9, motorcycle, bicycle and all-terrain vehicle patrols are utilized to meet the unique needs of an expanding urban university.

The Investigations Division consists of detectives and a law enforcement analyst who conduct latent investigations for all criminal cases. Detectives are on-call 24 hours a day, seven days a week and respond to crime scenes as needs require.

The Community Partnerships Division (407-823-3224) offers crime prevention services and tips regarding the protection of personal property and safety. Two of the services that are recommended for all students, faculty and staff are online property registration and free engraving of items for easy identification. Officers speak to each student and parent orientation group and provide information about police programs and services at each session. A women's self-defense class is also scheduled once monthly during each semester. For students who stay on campus late, the Safe Escort Patrol Service (SEPS) is available at 407-823-2424 and provides a safe escort to vehicles and dorms on campus. Officers from Community Partnerships are also assigned as day shift officers at the College of Medicine's Health Sciences Campus at Lake Nona.

The Special Events Division is responsible for reviewing all concerts, sporting events and other functions that may require police security. During large events, such as football games, UCF Police staff may be supplemented by other law enforcement agencies, such as the Florida Highway Patrol, the Orange County Sheriff's Office, the Seminole County Sheriff's Office and the Oviedo Police Department.

Victim Services (12201 Research Parkway, Ste. 450, Orlando 32826; main number: 407-823-2425, 24/7 hotline: 407-823-1200), provides intervention and prevention services for all members of the UCF community and visitors who have been impacted by crime, violence or abuse with or without a police report. Counselors are available 24 hours a day, seven days a week. Services include crisis intervention, advocacy, support, safety planning, practical assistance, options, information and referrals. Educational programming also is provided to academic and social groups on campus.

UCF Police publishes a brochure each year titled "Annual Security and Fire Safety Guide." The guide presents an overview of all police services and offers crime prevention and fire safety tips. The guide also includes campus crime and residential fire statistics in compliance with the Federal Department of Education, Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. A copy of the Annual Security and Fire Safety Guide is available on our website. Printed copies are available at the offices of Undergraduate Admissions, Human Resources, Duke Energy UCF Welcome Center, Housing and Residence Life and the university police department. For further information, visit the UCF Police website at <http://police.ucf.edu/CrimeStats.html>.

### Information Technologies and Resources

*Vice President and CIO:* Joel L. Hartman  
MH 338K; 407-823-6778  
<http://www.itr.ucf.edu>

The Division of Information Technologies and Resources has University-wide responsibility for planning, implementation, and support of information technology and the allocation and administration of space. Units within the Division include the Library, Computer Services & Telecommunications, Instructional Resources, the Center for Distributed Learning, and Space Planning, Analysis and Administration. The services and resources of each unit are described in the following sections.

## University Libraries

*Director of University Libraries:* Barry B. Baker  
LIB 512; 407-823-2564  
<http://library.ucf.edu>

University Libraries offers a variety of information resources and services. An extensive resource collection includes 2 million volumes, 53,000 journal subscriptions, 3.3 million microforms and 65,000 media titles. The Libraries' electronic resources include 475 data-bases and 149,000 e-books.

The John C. Hitt Library on the main campus is open 105 hours per week. Operating hours are available at <http://library.ucf.edu> or by calling (407) 823-2756.

- Over 340 computer workstations are available for public use on all five floors.
- Laptop PCs can be checked out for use anywhere in the library.
- 100 iPads are available for a one week checkout.
- Wireless technology enables patrons who have portable devices to connect to the Libraries' electronic resources and to the Internet; wireless printing is also available.
- Twenty-eight group study rooms and one practice presentation room are available for students, and can be reserved in advance through <http://library.ucf.edu/StudyRooms/>.
- The John C. Hitt Library is a partial depository for United States and Florida government publications, U.S. Patents and Trademarks.

Infusion, the Libraries' cyber-cafe learning space, offers food and beverage items, 34 desktop PCs, comfortable seating areas, closed-captioned television, and a browsing collection for leisure reading.

The Knowledge Commons area offers seating for 479 students, access to 196 desktop PCs, collaborative group study areas, and rolling white boards.

- For help and advice in the use of resources and materials, the **Research and Information Desk**, <http://library.ucf.edu/about/departments/reference/>, located on the main floor, is open most library hours. Individual appointments can also be made for in-depth research consultations. These appointments provide student one-on-one time with a librarian - <http://library.ucf.edu/help/schedule-an-appointment/>.
- **Ask A Librarian** service answers questions submitted through chat, text, instant message, email or telephone at (407) 823-2562 or toll-free at (866) 271-7589 - <http://library.ucf.edu/ask/>.
- The Libraries supports the development of information literacy skills through the provision of **Information Literacy Modules**, <http://infolit.ucf.edu/>. The modules provide just-in-time instruction for students on topics such as citing resources, evaluating web-sites, and plagiarism.
- Librarians have also created **subject-specific research guides** to help students identify resources within their discipline. Students can also access instructional videos from the libraries' YouTube channel: <http://www.youtube.com/user/UCFLibraries>.
- Citation Management Programs are also available for FREE from the UCF Libraries. Workshops are offered each semester on how to use EndNote and RefWorks <http://library.ucf.edu/ScholarlyCommunication/CitationTools.php>.
- Another key service for Graduate Students is **Interlibrary Loan and Document Delivery**. The UCF Libraries will pull books and scan articles that are owned by the library, as well as borrow materials from other libraries. For more information, call (407) 823-2383 or visit the ILL website, <http://library.ucf.edu/ILL>.

In collaboration with the University's Office of Student Accessibility Services, students are eligible for Document Delivery to their place of residence, and may request assistance with retrieval of in-house materials by contacting the Circulation Desk. The John C. Hitt Library has several reading aid devices, including a workstation equipped with MAGic and JAWS software, and a Sorenson Videophone. More information is available at <http://library.ucf.edu/services/accessibility-services/>.

Primary source material from Special Collections and the University Archives supports the research, teaching, and service activities of the UCF community. These special materials include books, manuscripts, historic public records, ephemera, photographs, art, and more, <http://library.ucf.edu/SpecialCollections>.

UCF Libraries partners with other libraries and local institutions through Central Florida Memory, Florida Heritage, Digital

Library of the Caribbean, and similar web-based projects to provide digital access to special and historic images and documents <http://library.ucf.edu/Systems/DigitalInitiatives/DigitalCollections/>.

## Branch Libraries

The Curriculum Materials Center (CMC) is located in the College of Education and Human Performance Building. The CMC provides representative PK-12 curriculum materials for preview, review, analysis and circulation, as well as 26 desktop PCs. Although the CMC primarily serves education students and faculty, it is open to all campus faculty, staff, and students. For more information see the CMC web page at <http://library.ucf.edu/cmc> or call (407) 823-2791.

The Universal Orlando Foundation Library is located at the Rosen College of Hospitality Management on Universal Boulevard. The library is open to the entire UCF community as well as to hospitality industry professionals. Its unique collection covers all facets of the hospitality and tourism industries. The library provides a wide array of services and resources, including desktop PCs, wireless devices for checkout, group study rooms, research assistance, library instruction, and interlibrary loan. For more information, visit <http://library.ucf.edu/Rosen> or call (407) 903-8100.

## Regional Campus Libraries

Regional Campus libraries collections and services are available through partner libraries in Cocoa, Palm Bay, Ocala, Daytona Beach, South Lake, Sanford-Lake Mary, Leesburg, Osceola and West Orlando. The university partners with state colleges to provide complete information services. Two websites that are particularly helpful for Regional Campus needs are:

- <http://library.ucf.edu/about/libraries/>

- <http://library.ucf.edu/my-account/>

UCF librarians provide one-on-one, in-person, and virtual assistance by appointment. All locations provide electronic access to library and university resources on the web. Courier and intercampus loan services make the John C. Hitt Library's collections available to UCF students at all regional and branch campus sites.

## Office of Instructional Resources (OIR)

*Director:* Don Merritt  
CB1 203; 407-823-2571  
<http://www.oir.ucf.edu>

The mission of the Office of Instructional Resources (OIR) is to further the academic, research, and administrative goals of the University of Central Florida and its faculty and students through the design, application, and support of multimedia resources and services.

The Faculty Multimedia Center (FMC) is OIR's media production facility dedicated to faculty. Located in Classroom Building I (CB1) Room 202, the FMC hosts equipment and staff that faculty can call upon to help them create multimedia materials for their teaching and research needs. The FMC also partners with the Faculty Center for Teaching and Learning and the Center for Distributed Learning to host the Faculty Multimedia Workshop Series, a 30-minute workshop with 30-minute hands-on assistance for faculty who wish to increase their content creation skills.

OIR also supports videoconferencing and other online collaboration facilities and services for university use, including thesis and dissertation committee support. OIR can provide consultation to determine the most appropriate method of collaboration to meet your needs. For consultation services or to reserve a videoconference space, please contact OIR at 407-823-2571 and ask to speak with a collaboration specialist.

Although OIR installs and repairs classroom equipment, OIR does not schedule classroom spaces. To reserve a room, please contact Classroom Reservations in the Registrar's office. Faculty should speak with their College Scheduler to reserve a classroom or to change the meeting space for a class.

## Space Planning, Analysis, and Administration (SPAA)

*Assistant Director:* Christy Collier  
MH 329; 407-823-0982  
<http://spaa.ucf.edu>

SPAA facilitates the university's space request and allocation process, maintains an accurate space inventory for internal and external reporting purposes, and provides analyses and information that support the instructional, research, and administrative space needs of the university and its respective colleges and divisions. SPAA works closely with UCF Facilities Planning and Construction and the Registrar's Office.

## Intercollegiate Athletics

*Vice President and Director:* Daniel J. White

WD2; 407-823-2261

<http://www.UCFKnights.com>

The University of Central Florida, a member of the National Collegiate Athletic Association (NCAA), Division I, competes in 16 sports and is a member of the American Athletic Conference. UCF's intercollegiate sports for men include baseball, basketball, golf, football, soccer and tennis. Women's sports include basketball, cross-country, golf, rowing, soccer, softball, outdoor and indoor track and field, tennis and volleyball.

UCF's athletics teams are successful on the field, in the classroom and in our community.

Currently in their fourth season of membership in the American Athletic Conference, the Knights have won AAC titles in football (2013, 2014), women's golf (2015), women's soccer (2013, 2014), rowing (2015, 2016), softball (2014), indoor track and field (2017) and volleyball (2014). In addition to winning back-to-back league titles, the UCF Football program received the conference's automatic bid to a BCS Bowl game following the 2013 season and defeated then-No. 6 Baylor in the Fiesta Bowl.

UCF Athletics' 93 percent graduation success rate ranks No. 1 among all public universities nationwide. It is the sixth-best mark of any school in NCAA Division I (FBS).

During the past five years, UCF student-athletes have contributed a total of more than 400,000 hours of community service in the Central Florida region and around the world.

## Graduation Rate Disclosure

The completion or graduation rate is the rate at which full-time, certificate-seeking or degree-seeking undergraduate students who are enrolling for the first time at the institution, and who have not previously enrolled at any other institution of higher education, graduate from their programs. The 6-year graduation rate for the Summer-Fall 2010 full-time cohort is 69.0 percent. The retention rate for Summer-Fall full-time 2015 students is 88.8 percent. The information is public and available for review on the Institutional Knowledge Management website.

## CFE Arena, The Venue, and Knights Plaza

<http://www.cfearena.com>

The CFE Arena is the largest entertainment and sports facility in East Orlando. With seating for 10,000 fans, it is home to UCF Men's and Women's basketball, university and high school graduation ceremonies, and a diverse lineup of world-famous entertainers, beloved family shows and festivities rivaling any in the country.

Nestled on the north side of the CFE Arena, The Venue is a more intimate space showcasing special events and UCF Women's Volleyball.

Knights Plaza, a living-learning community on the north end of UCF's main campus is the home of the CFE Arena and The Venue, features an exciting mix of student apartments, garages, services, shops and dining. Come early and stay late. For event, retail or rental information, visit <http://www.cfearena.com> or <http://www.knightsplaza.com>. For information on apartment rental, please visit <http://www.housing.ucf.edu>.

## Campus Bookstores

UCF's main campus is home to two Barnes & Noble College bookstores.

### John T. Washington Center Location

The UCF Bookstore, a Barnes & Noble College division bookstore, located in the John T. Washington Center, is the textbook and course material destination. It also offers the largest variety of UCF clothing in the world, including logo gift items, snacks, beverages, convenience items and a full service café that proudly brews Starbucks coffee. For store hours and information, visit <http://www.ucf.bncollege.com> or call 407-823-2665.

### Knights Plaza Location

The Barnes & Noble @ UCF, located next to the CFE Arena at Knights Plaza, is the official headquarters for all of your graduation supplies and more. It offers a complete line of UCF clothing, logo gift items, general reading books, snacks, beverages, convenience items and a full service café that proudly brews Starbucks coffee. For store hours and information, visit <http://www.shopucf.com> or call 407-882-0364.

## Parking and Transportation Services

*Director:* Kris Singh

Visitor and Parking Information Center; 407-823-1371

Email: [krishna.singh@ucf.edu](mailto:krishna.singh@ucf.edu)

<http://www.parking.ucf.edu>

The Parking and Transportation Services department offers a variety of transportation options to, from, and around the campus.

The UCF Shuttle provides transit needs for students residing in 21 off-campus apartment communities, as well as numerous locations in Central Florida Research Park. Normal operating hours range from 6:30 a.m. to 10:00 p.m. UCF also has an intra-campus shuttle service on the Black and Gold Line. Two routes serve up to 9 stops on campus. On campus shuttles operate continuously from 7:00 a.m. until 7:00 p.m. during the fall and spring semesters, and from 7:00 a.m. to 4:00 p.m. during the summer terms.

An inter-campus transportation service is provided between the UCF main campus and the Rosen College of Hospitality Management. It makes 10 round-trip runs between 6:45 a.m. and 9:00 p.m., Monday through Friday, during the fall and spring semesters, and six round-trip runs between 8:00 a.m. and 7:00 p.m. during the summer semester. Our latest addition is an inter-campus transportation service between UCF main campus and the Health Sciences Campus. It makes 14 round trips between 7:20 a.m. and 10:45 p.m. Monday through Friday. Arrivals and departures can be tracked via UCF mobile application or <http://m.ucf.edu/shuttles/routes>.

These services are complimentary to all UCF students, faculty, and staff members, and operate on all class days, including exam weeks. Please refer to the webpage at <http://parking.ucf.edu/Shuttle.html> or call 407-823-2131 for detailed information.

In addition, two LYNX bus routes, Links 13, 434 and 104, serve the UCF campus from Oviedo, Downtown Orlando, Valencia College, and East campus. Commuters may connect to most anywhere in the Greater Orlando area. The LYNX buses normally operate at 30 to 60 minute intervals. Route maps may be obtained at the UCF Visitors and Parking Information Center and the information kiosk at the Student Union. Further details, including rates and information on special passes, may be obtained by calling LYNX at 407-841-8240, or from their website, <http://golynx.com>.

## Orlando Shakespeare Theater in Partnership with UCF

*Artistic Director:* Jim Helsing

812 E. Rollins St., Suite 100, Orlando FL 32803

Email: [jimh@orlandoshakes.org](mailto:jimh@orlandoshakes.org)

<http://www.orlandoshakes.org>

The Orlando Shakespeare Theater in Partnership with UCF is a professional AEA theater producing classic, contemporary and children's plays. The theater presents the Signature Series of adult plays, a children's theater series, The Playfest Festival of New Plays, and innovative educational programming that includes summer camps,

## University of Central Florida/Campuses

The Young Company (a summer high school performance group), Shakespeare with Heart (a summer program in partnership with United Cerebral Palsy and UCF), and the K-12 "Shakespeare Alive" and "Shakespeare Experience" programs. Performances are presented in Margeson, Goldman, Mandell, and Santos-Dantin Theaters at the Lowndes Shakespeare Center in Loch Haven Park.

The theater has achieved a position of national recognition, attracting artists from across the country. The theater has been featured on the Today Show, Good Morning America, and in national publications such as The Wall Street Journal, Stage Directions, American Theater, and American Theater magazine. The third year of UCF's MFA in Acting is spent in residence at Orlando Shakes. Internships and independent studies for UCF undergraduates are also available with the theater in many departments. \$15 rush tickets are available for UCF students 1/2 hour before all performances with valid student ID. To purchase tickets, contact the box office at 407-447-1700, or go on the web at <http://www.orlandoshakes.org>. For internship information and other questions, contact Artistic Director Jim Helsing at [jimh@orlandoshakes.org](mailto:jimh@orlandoshakes.org).

### UCF Alumni

UCF FAIRWINDS Alumni Center; 407-UCF-ALUM (823-2586)  
<http://www.ucfalumni.com>

UCF Alumni is committed to maintaining lifelong connections between all Knights with the university and each other through social, cultural and professional development opportunities. The organization's mission is to enhance the lives of UCF alumni, students and friends by fostering a mutually beneficial relationship with the university. Once a student graduates, he or she automatically has access to UCF Alumni's many resources and network of more than 265,000.

The 4EVER KNIGHTS (4EK) student organization connects students with alumni while creating a culture of philanthropy at UCF. 4EVER KNIGHTS is the largest student organization on campus and offers students a variety of fun and valuable events, benefits and discounts, as well as leadership, scholarship and service opportunities.

### Advancement | UCF Foundation, Inc.

*Senior Director of Communications, Marketing and Donor Relations:*  
Stephen Toth  
PVL 250; 407-823-6204  
Email: [Stephen.Toth@ucf.edu](mailto:Stephen.Toth@ucf.edu)  
<http://ucffoundation.org>

Founded in 1969 as the Florida Technological University Foundation, Inc., the UCF Foundation, Inc. is a 501(c)(3) nonprofit organization with a mission to encourage, steward and celebrate charitable contributions from alumni and friends to support the University of Central Florida. It is the official fundraising organization for the university, which is currently in a multi-year fundraising campaign called IGNITE: The Campaign for UCF, which seeks to raise \$500 million in private support for Student Success, Academic Excellence, and Growth and Opportunity by 2019.

Led by a volunteer board of directors and staffed by more than 100 professionals, including fundraising officers, information experts, accountants, communicators and more, the foundation works to inform, involve and engage current and prospective donors in strengthening UCF through private philanthropy.

# SPECIAL ACADEMIC PROGRAMS AND RESEARCH INSTITUTES

## UCF Global

*Vice Provost:* Cynthia Young

*Senior International Officer and Chief Global Strategist:* Barry Morris

*Assistant Vice President:* Nataly Chandia

GB, 407-883-2337; Fax: 407-882-0240

<http://www.global.ucf.edu/>

UCF Global is the organizational division on campus dedicated to international outreach and opportunity. Its quest is to transform lives by providing access to high impact, international experiences across the UCF and global community and to serve as a model of excellence for innovation, partnership, and services. This is accomplished in part through the administration of UCF Abroad and the English Language Institute, along with multiple compliance units offering support services to international students, faculty, and staff.

Additionally, UCF Global facilitates compliance with federal immigration regulations and provides immigration advising and assistance to the international students and scholars at the University of Central Florida. UCF Global also works with UCF departments to facilitate the hiring of international faculty and staff, process H-1B employment visas, and ensure tax compliance on payments made to international vendors.

Support is provided to the international population on campus in its adjustment to a new academic and cultural environment by providing a wide range of services and programming. Services include: admissions guidance, interpreting immigration regulations, explaining employment options, issuing travel authorization signatures, and end of year tax filing guidance. Programming includes: orientation, welcome week activities, employment and tax workshops, holiday celebrations, and International Education Week events. From orientation to graduation, UCF Global strives to enhance the overall educational experience at UCF for its international students and scholars and to increase cultural awareness and understanding on campus.

## UCF Abroad

<http://www.studyabroad.ucf.edu>

UCF Abroad provides access to high impact, international experiences for students interested in studying or interning outside the United States as a portion of their degree program. UCF Abroad participants are exposed to new environments, new customs, and in many cases new languages in an effort to broaden their perspectives and develop the skills necessary to set them apart in the global workplace. Self-discovery, self-confidence, and cultural awareness are a few of the additional benefits to studying abroad. UCF Abroad also works with external program providers to open up options for students in all disciplines and all desired destinations.

The two main types of programs administered by UCF Abroad are Short Term Programs and Reciprocal Student Exchanges.

Short Term Programs provide the maximum amount of exposure to a subject in the shortest period of time. These programs are often the most cost-effective option for students and meet all academic criteria for UCF coursework. Courses delivered as part of these short-term programs can be delivered as a complete module within themselves

or as a complement to a course delivered on campus. Often led by a UCF faculty member, examples of past short term programs include the following: Intensive language programs in Austria, France, Italy, Japan, Spain and Taiwan; Tropical Marine Biology in Honduras; International Business in France and Spain; Criminal Justice in Costa Rica, Russia and the United Kingdom; Education in the United Kingdom; International Gastronomy in France and Italy; and Art in Italy.

Reciprocal Student Exchanges (RSEs) provide UCF students with the opportunity to become a student at a university abroad for a full term or even an entire academic year. A longer term abroad allows for a more extensive experience in the host country. RSEs require greater personal commitment, maturity and organization. Therefore, they are offered to UCF students who have attained at least a junior status and who have a minimum 3.0 GPA. Past university partners for RSEs have included: Griffith University, Australia; MODUL University in Austria; Universidade Federal do Rio de Janeiro, Brazil; Hong Kong Polytechnic and Tongi University, China; Universit'e d'Angers, ICN School of Business and Paris VI in France; Meikai University in Japan; Tilburg University in the Netherlands; Jonkoping and Malardalen universities in Sweden; and University of West England and University of Surrey in the United Kingdom.

Interested participants are encouraged to reach out to UCF Abroad staff for additional questions or to begin their program enrollment. By visiting one of our qualified staff members in our offices, students can get further assistance in choosing their program, understanding their requirements, and receiving advice on the cost and/or academic credit implications of studying abroad. For up-to-date information, please visit <http://www.studyabroad.ucf.edu> or call UCF Abroad at 407-882-2300.

## English Language Institute

<http://www.international.ucf.edu/ELI>

Since 1987, the University of Central Florida's English Language Institute (ELI) has served as a home away from home for thousands of international students who want to study English in the United States. People from all over the world join the ELI because of the high-quality intensive English programs, a world-famous location, and high-impact cultural experiences. The motto of the ELI is: "Learn. Connect. Continue." Students gain the English skills necessary to communicate and operate in the United States. During their time here, they connect with a diverse community of international students in a beautiful American city. After completing their studies at the ELI, students continue onward by pursuing higher education at UCF and advancing in their careers with a strong command of the English language.

The Intensive English Program at ELI is a course of study designed to improve the English language skills of prospective undergraduate or graduate students at UCF. The English Language Institute also hosts non-academically bound individuals interested in improving their English skills for personal or professional development. This five-level program includes Grammar, Reading, Writing, Communication Skills, and English testing preparation.

ELI believes in the importance of extra-curricular activities as a method for students to apply their English language skills outside

## Special Academic Programs and Research Institutes

the classroom. These events also serve as a way for students to experience the culture of the United States. Each semester, ELI hosts weekly activities for students such as excursions to theme parks, local sporting events, business tours, beach trip, volunteer gatherings, and more.

If you or someone you know would like to get involved with the English Language Institute, please email the ELI at [contacteli@ucf.edu](mailto:contacteli@ucf.edu) or call 407-823-5515.

### Division of Continuing Education

*Director:* Todd Freece

Innovation Center, 3280 Progress Drive, Suite 700, Orlando, FL 32826; 407-882-0260; Fax: 407-882-0266  
<http://www.ce.ucf.edu>

The Division of Continuing Education serves as the unit within Academic Affairs for the centralized administration of continuing education at UCF. In partnership with the academic, business, and professional communities, the Division of Continuing Education provides local, state, national, and international clients with high quality, affordable, credit/noncredit educational programs and services. The Division also offers services to support conferences, meetings, and summer camps. Continuing Education clients include students, working professionals and job-seekers, domestic and international businesses, and local, state and federal governments.

### Special Tuition Programs

*Associate Director:* Kallie Reyes

University Towers, 12201 Research Parkway, Suite 101, Orlando, FL 32826; 407-823-3654, Fax: 407-823-1399

### Cost Recovery Programs

Cost Recovery programs are graduate and undergraduate programs offered by Colleges/Departments which are significantly different from an existing degree program offered at the institution. Programs may be offered online or off-campus. Tuition and fees are based on the actual cost of administering each program. State funds are not used to facilitate the programs. Programs receive University approval and are operated through UCF's Continuing Education Division. Support for Cost Recovery programs and students enrolled are provided by a program manager and success coaches.

### Market Rate Degree Programs

Market Rate programs are Graduate degree programs offered by Colleges/Departments which are significantly different from an existing degree program offered at the institution. These programs may be offered online or off-campus and are driven by the market needs. Tuition cost is based on the market rate of similar programs nationally and is determined by a market study of three to five similar programs. Programs receive approval from the Board of Trustees and the Florida Board of Governors. State funds are not used to facilitate these programs, funding is based on the revenues collected. The Market Rate programs are unique because they are market driven, and because of the individual support and attention students receive from a program manager and success coaches.

### Division of Teaching and Learning

In collaboration with UCF's colleges and units, the Division of Teaching and Learning enables the university to become a role model and national leader for transformative teaching and learning as well as faculty and student success. The division fosters an integrative approach to learning (Quality Enhancement Plan), offers high impact academic experiences (Undergraduate Research, pipeline programs, learning communities, Experiential and Service-learning, and Pre-Health and Pre-Law Advising), and facilitates transformative teaching and learning (Faculty Center and Operational Excellence and Assessment Support).

### Academic Advancement Programs

*Director:* Michael Aldarondo-Jeffries

407-823-1815  
<http://aap.ucf.edu>

Academic Advancement Programs (AAP) prepares UCF students – particularly underrepresented, low-income, and first-generation college students – to pursue advanced degrees. AAP works in collaboration with faculty, staff, local, and national partners to provide a range of graduate school preparation programs and services. Students have the opportunity to participate in a variety of initiatives designed to increase their awareness and knowledge of the graduate school application process, graduate funding, summer research programs, and fellowship opportunities.

AAP coordinates the McNair Scholars Program that assists participants in gaining admission to graduate programs leading to a doctorate. They also oversee the UCF Research and Mentoring Program (RAMP) that provides undergraduate students interested in pursuing advanced degrees with research experience and the opportunity to work closely with a faculty mentor.

### EXCEL

*Director:* Melissa Dagley

407- 823-6230  
<http://excel.ucf.edu>

EXCEL strives to increase the number of students receiving baccalaureate degrees in STEM disciplines from UCF. This learning community focuses on enhancing EXCEL students' experience during the first two years of college through improved student learning in math and science courses, block housing shared by STEM-focused students, a tutoring center, and early engagement in research experiences. EXCEL participants also work in cohorts, making it easy for them to team up with study partners in required courses that may have several hundred students.

### Experiential Learning

*Director:* Jason Jude Smith

407-823-2667  
<http://experlearning.ucf.edu>

Experiential Learning (EL) provides students with opportunities to apply what they are learning in the classroom to real-world settings. In collaboration with UCF's colleges and faculty, employers, and community leaders, EL prepares students for academic and career success through experiential learning courses, such as internships, co-ops, and service-learning opportunities. The team provides a full complement of services that range from vetting potential internship and co-op experiences to one-on-one guidance. Additionally, EL also supports the creation, delivery, and continued improvement of service-learning courses at UCF.

### Karen L. Smith Faculty Center for Teaching and Learning

*Associate Dean and Executive Director:* Melody Bowdon

407-823-3544  
<http://fctl.ucf.edu>

The Faculty Center staff and resources support faculty and student success at UCF. The many programs they offer are co-designed with faculty and provide opportunities to improve the effectiveness of teaching, to meet and share ideas about increasing student engagement and preparing students for their future lives and careers, to develop course and program materials, to learn about innovative pedagogies and classroom technologies, and to develop research and professional enrichment plans. Our office hosts three major faculty development conferences each year as well as a variety of semester-long programs and several one-day events. We create and distribute a number of publications and offer one-on-one consultations, department-focused trainings, and other services.

### Operational Excellence and Assessment Support

*Assistant Vice President:* Patrice Lancey

407-882-0275  
<http://oeas.ucf.edu>

Operational Excellence and Assessment Support (OEAS) supports UCF's efforts to improve the quality of student learning outcomes and the effectiveness and efficiency of university operations through assessment and analytics. OEAS contributes to data-driven decision making across all academic programs and administrative units through integrated processes that include continuous quality improvement, analytical and survey studies, technology integration, and guidance in assessment. OEAS also acts as independent external grant evaluators for various state and federal grants and works with the principal investigators to assure that the evaluation and research components of the grant are aligned to yield meaningful information.

### Pre-Health and Pre-Law Advising

*Director:* Erin Myszkowski

407-823-3033  
[phpladvising.ucf.edu](http://phpladvising.ucf.edu)

Pre-Health and Pre-Law Advising (PHPL Advising) guides and supports students interested in pursuing careers in the health and legal professions that require academic study in professional school settings beyond the baccalaureate degree. PHPL Advising's mentors guide students through the multiple aspects of their preparation and application, with the ultimate goal of helping each student become a competitive professional school applicant.

## Special Academic Programs and Research Institutes

### Undergraduate Research

*Assistant Dean and Director:* Kimberly Schneider  
407-823-3125  
<http://our.ucf.edu>

Undergraduate Research (OUR) provides students with the opportunity to work closely with faculty and to engage in academic research, scholarship, and creative work. Participating in undergraduate research prepares students for success in graduate or professional school or their career. OUR provides peer advising and a "How-To" workshop series for students interested in research, as well as those who want to make the most out of their research experience. Students also have the opportunity to present their work at an annual on-campus research showcase and UCF's Undergraduate Research Journal

### Quality Enhancement Plan

*Director:* Michael Aldarondo-Jeffries  
407-823-1815  
<http://aap.ucf.edu>

The Quality Enhancement Plan (QEP) is a component of UCF's accreditation with the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Each QEP involves developing and executing a university-wide, multi-year initiative seeking to improve student learning outcomes. The mission of UCF's current Quality Enhancement Plan (QEP), What's Next: Integrative Learning for Professional and Civic Preparation, is to prepare our graduates to successfully enter and participate in the next steps of their professional and civic lives. What's Next seeks to help students **plan** for their futures post-graduation: to not only set goals but to identify the knowledge and skills necessary to reach those goals. The initiative encourages students to **connect** their classroom knowledge and skills to real-world contexts and, thereby, to develop the ability to transfer knowledge and skills from one context to another. Finally, this initiative promotes opportunities for students to **reflect** on their experiences, to communicate their knowledge and experiences, and to develop the ability to successfully advocate for themselves in their lives beyond the university

### National Consortium for Academics and Sports (NCAS)

*Director, Special Programs and Events:* Suzi Katz-Slowinski  
BA2 113; 407-823-3555  
<http://www.ncasports.org>

**Vision:** to create worldwide social justice through the power of sport.

**Mission:** The mission of the NCAS is to use the power of sport to effect positive social change. We educate and empower individuals and organizations by inspiring values-based thinking leading to actions that promote social responsibility and equality.

#### Core Values:

##### Diversity and Inclusion

We believe diversity and inclusion serve as a catalyst to promote fairness, equity, and justice.

At the NCAS, we harness the power of diversity and inclusion to capitalize on individual and collective strengths and help teams, staffs, and organizations reach their full potential. Respect and appreciation of difference are the founding principles of diversity and inclusion. As advocates of fairness and equality, the NCAS hopes to build a global awareness and cultural competence through the power of sport. We strive to be on the cutting edge, proactively working to understand who is being excluded.

##### Education

Education has the power to transform lives and empowers people to make a difference.

The NCAS embraces the principle that everyone has a right to be educated, and has a duty to use what is learned to improve society. Since its inception, NCAS member institutions have offered opportunities for athletes to complete their degrees even after eligibility has expired. In addition to our advocacy for traditional education, the NCAS educates and empowers people by raising awareness of social justice issues and by offering strategies and solutions for overcoming them.

##### Social Justice

The NCAS is committed to peace and justice by raising awareness and developing strategies for dealing with social justice issues worldwide.

The NCAS aims to provide the education, tools and strategies for dealing with these issues and empowers individuals to take action

for those without a voice. We challenge sports leaders and athletes to embrace leadership roles by supporting everyone's basic human rights, and confronting all forms of discrimination, hate, and violence, while advocating for those who are underrepresented.

### Ethical and Moral Leadership

The NCAS' unshakeable vision for sport driven social change demands that we challenge ourselves, and others, to aspire to the highest standards of ethical and moral behavior.

Ethical and moral actions are the foundation that enables individuals, organizations, and leaders to gain leadership credibility. The beliefs and actions of leaders have significant impact on their respective organizations and, as such, effective ethical and moral leadership blends humility with determined professional will. The NCAS's ambitious goals for sport driven social change can only be accomplished through tireless commitment to ethical and moral behavior. Thus, we dedicate ourselves to advocate for ethical and moral leadership through the power of sport.

### The Power of Sport

The global impact that sport has on society reminds us that teamwork and unity transcend the fields of competition, and has the irrefutable power to positively change people's lives.

We apply the lessons of "the huddle" to illustrate how divergent interests and beliefs can unite under a shared vision and common goal. We believe sport has an immense impact on societies across the globe. Sport has been known to galvanize communities large and small. By harnessing this power and public influence, the NCAS continues to promote social change domestically and around the world. Changing lives through the power of sport.

## Institutes and Centers for Research

### Dick Pope, Sr. Institute for Tourism Studies

*Director:* Abraham Pizam  
9907 Universal Blvd., Suite 231-A Orlando, FL 32819;  
407-903-8010  
*Associate Director:* Robertico Croes  
9907 Universal Blvd., Suite 231-D, Orlando, FL 32819;  
407-903-8028  
Email: [DPI@mail.ucf.edu](mailto:DPI@mail.ucf.edu)  
<http://hospitality.ucf.edu/research/dick-pope-sr-institute-for-tourism-studies/>

The purpose of the Dick Pope Sr. Institute for Tourism Studies is to improve the quality of the tourism product while increasing the benefits of tourism for the industry, state of Florida, and local communities. The Institute involves itself in a variety of research projects and educational programs. Research includes the collection, development, and dissemination of information relevant to the tourism and hospitality industry in the areas of: marketing, consumer behavior and visitor satisfaction, feasibility studies, economics, motivation, and forecasting. Some of the Institute's patrons include tourism promotion agencies at the state and local levels; tourism development commissions; professional associations; and private enterprises such as attractions, hotels, resorts, restaurants and other food-service establishments, ground and air transportation companies, travel agencies and tour operators, and other related businesses. The Institute devotes significant efforts to educating the public about the tourism industry on state and international levels, as well as its contribution to the social and economic welfare of the community at large.

### Executive Development Center

*Executive Director:* Robert Porter  
*Associate Director of Degree Programs:* Robin Hofler  
407-235-3913; Email: [mba@ucf.edu](mailto:mba@ucf.edu)  
*Associate Director, Executive & Professional Development Programs:* Mireya Cortes  
407-235-3912; Email: [executiveeducation@bus.ucf.edu](mailto:executiveeducation@bus.ucf.edu)

The University of Central Florida College of Business Administration is proud to serve as a partner in executive education to the local, state, national, and international business communities. The Executive Development Center was established to provide quality executive education programs to both individuals and organizations.

The Center helps professionals from all industries become more dynamic leaders, more effective managers, and more valuable team members. Corporations benefit from participating in executive education programs by developing more productive and resourceful workforces that can meet the challenges of today's changing marketplace and tomorrow's opportunities.

## Special Academic Programs and Research Institutes

The Center serves as a valuable resource in executive training and development by offering graduate degrees and non-degree programs that address critical issues for managers and business leaders. These programs are offered in a variety of formats suitable for any individual or corporation through:

- Executive MBA Program
- Professional MBA Program
- Professional Master of Science in Management/  
Human Resources
- Professional Master of Science in Management/  
Business Analytics
- Professional Master of Science in Real Estate
- Open-enrollment Executive Workshops
- Custom Corporate Programs

### Florida-Canada Linkage Institute

*Director:* Mark Hartman  
407-823-3647; Fax: 407-823-2526  
Email: [fcli@ucf.edu](mailto:fcli@ucf.edu)  
<https://fcli.intl.ucf.edu/>

The Florida-Canada Linkage Institute was created by the Florida legislature to foster educational, commercial, cultural and social exchanges between Canada and the State of Florida. The Institute, administered by UCF Global, promotes international collaboration through expanded public/private dialogues on cooperative research and technical assistance, cultural exchanges, the enhancement of language training, and student/faculty exchange programs. The Institute administers the Out of State Tuition Fee Exemption Program that is available for Canadian students to study in Florida state universities and Florida College System institutions for the same tuition and fees as Florida residents. The awards are limited to 25 FTE and are competitive.

### Florida-Eastern Europe Linkage Institute

*Director:* Mark Hartman  
407-823-3647, Fax: 407-823-2526  
Email: [eeli@ucf.edu](mailto:eeli@ucf.edu)  
<https://eeli.intl.ucf.edu/>

The Florida-Eastern Europe Linkage Institute was created by the Florida legislature to foster educational, commercial, cultural and social exchanges between the countries in Eastern Europe and the State of Florida. The Institute, administered by UCF Global, promotes international collaboration through expanded public/private dialogues on cooperative research and technical assistance, cultural exchanges, the enhancement of language training, and student/faculty exchange programs. The Institute administers the Out of State Tuition Fee Exemption Program that is available for students from Eastern European countries to study in Florida state universities and Florida College System institutions for the same tuition and fees as Florida residents. The awards are limited to 25 FTE and are competitive.

### The John Scott Dailey Florida Institute of Government at the University of Central Florida

*Director:* Marilyn Crotty  
407-882-3960, Fax: 407-882-3968  
<http://www.iog.ucf.edu>

The John Scott Dailey Florida Institute of Government is part of the College of Health and Public Affairs. The institute serves as a valuable resource for local government information and provides the public sector and nonprofit entities the highest quality training, technical assis-

tance, facilitation services, conference planning and coordination and administrative services to improve Florida's communities.

### Florida Small Business Development Center (FSBDC) at UCF

*Regional Director:* Eunice Choi  
3201 E Colonial Drive, Suite A20, Orlando FL 32803 (Located in the National Entrepreneur Center); 407-420-4850  
Email: [echoi@ucf.edu](mailto:echoi@ucf.edu)  
<http://www.sbdcorlando.com>

The Florida SBDC at UCF is part of the statewide Florida SBDC Network which is designed to promote economic development by responding to the needs of the small business community. The FSBDC, as part of the Office of Research and Commercialization at the University of Central Florida, serves eight counties in the Central Florida area including the central office in Orlando and ten satellite offices located at Daytona State College, Eastern Florida State College, Seminole State College, Kissimmee Chamber of Commerce, City of Palm Coast, three Lake County Business Opportunity Centers and Sumter County's Office of Economic Development. Assistance is provided through no-cost individual consulting, training & workshops and access to market research resources. Areas of specific attention for small businesses include:

- Pre-Venture/ Start-Up
- Finance
- Operations
- Technology
- Market Expansion & Revenue Growth
- Accounting
- Management
- Business & Strategic Plan Development

Additional programs for leaders of growing businesses are also offered as follows: Advisory Board Council, CEO XChange, Export Marketing Plan Services, Growth Acceleration Services, Small Business Institute®, and Strategic Workshop Series, in addition to two special programs of Government Contracting Services [Procurement Technical Assistance Center (PTAC)] and Small Business Re-source Network (SBRN).

### Florida Solar Energy Center (FSEC)

*Director:* James Fenton  
1679 Clearlake Road, Cocoa FL 32922-5703; 321-638-1000  
Email: [info@fsec.ucf.edu](mailto:info@fsec.ucf.edu)  
<http://www.fsec.ucf.edu>

The Florida Solar Energy Center (FSEC), UCF's energy research and education institute, was established in 1975. Located on the Cocoa campus of UCF and Eastern Florida State College, FSEC has gained national and international respect for its public and private partnerships, focusing on: solar energy, energy-efficient buildings, hydrogen and fuel cells, electric vehicles, smart-grid research, and testing and certification of solar equipment. The Center conducts continuing education and training programs for professionals, government and industry leaders around the world, in addition to Science, Technology, Engineering and Mathematics (STEM) opportunities for the future energy workforce.

### Florida Space Institute (FSI)

*Director:* Ramon Lugo  
Florida Space Institute, PO Box 160650, Room 214 A, Orlando, FL 32816-0650; 407-823-6172; Fax: 407-823-6359  
Email: [ramon.lugo@ucf.edu](mailto:ramon.lugo@ucf.edu)  
<http://fsi.ucf.edu>

The Florida Space Institute provides unique, practice-based educational opportunities, combined with space science research and the

## Special Academic Programs and Research Institutes

resources to design, build, and test small satellites, instruments, and payloads. Using these resources FSI supports UCF and other member schools, as well as other educational and commercial customers. FSI provides opportunities for student involvement in real-world space programs. FSI is a State of Florida Institute headquartered at UCF, but has 10 member schools statewide. FSI is located at Research Park, Orlando, which is adjacent to the UCF main campus. Typical research areas include small satellite innovations, planetary science, instrumentation development, space weather, and space power, driving engineering solutions with science requirements.

FSI hosts one of the nine US research teams of NASA's Solar System Exploration Research Virtual Institute (SSERVI), called the Center of Lunar and Asteroidal Surface Science (CLASS). The teams participating in the Solar System Exploration Research Virtual Institute (SSERVI) will address scientific questions about the moon, near-Earth asteroids, the Martian moons Phobos and Deimos, and their near space environments, in cooperation with international partners. FSI's faculty are also leading a NASA mission called Global Observations of the Limb and Disk (GOLD). GOLD will fly an ultraviolet (UV) imaging spectrograph on a geostationary satellite to measure densities and temperatures in Earth's thermosphere and ionosphere.

FSI conducts its educational activities through the NASA Florida Space Grant Consortium (FSGC). FSI administers FSGC, a NASA sponsored state wide higher education program, led by the UCF. Through FSGC, FSI provides opportunities for students to participate in hands on space related projects like the Hybrid Rocket Competition, Florida Undergraduate Satellite Design Competition (FUNSAT), senior design projects and participation in NASA competitions. FSGC also provides fellowships, scholarships, internship and research experiences for students.

### **Institute for Simulation and Training (IST)**

*Director:* Randall Shumaker  
Partnership II & III, 3100 Technology Pkwy, Orlando, FL 32826-0544; 407-882-1300  
Email: shumaker@ist.ucf.edu  
<http://www.ist.ucf.edu>

The Institute for Simulation and Training (IST) was established to conduct research and develop technology that advances the state of the art in affordable and effective human-centered simulation capabilities and training systems. In April 1985 a State of Florida resolution recognized the institute as part of a Center of Excellence for Simulation and Training. Driven by a proven record of research achievement, IST has developed unique qualifications and is positioned to provide the enabling technologies and technical talent necessary to research new ways to model human activity, improve human-agent interaction, and educate the next generation of scientists and professionals.

IST laboratories, work space, and administrative offices occupy major portions of the Partnership II and III buildings located in the Central Florida Research Park, adjacent the UCF campus. The park also is home to major simulation and training agencies from all branches of the U.S. military. The institute is a research and academic arm of the world's largest concentration of simulation and training for industry, government, health care, and entertainment.

IST's research staff of more than 200 scientists, engineers, and students conducts basic and applied research for a broad range of training devices and programs. Research teams focus on applied research and technology, human/systems integration, and information systems technologies. Research areas include:

- Multi-resolution simulation
- Virtual, mixed, and augmented reality
- High performance computing
- Human-machine interface, robotics
- Computer-generated forces
- Mathematical foundations
- Application development
- Information management technology
- Human factors psychology
- Team training and team performance
- Cognitive science
- Augmented cognition
- Medical-related simulation
- Embedded simulation
- Advanced performance technology
- Human performance in healthcare
- Behavioral cybersecurity

IST actively assists UCF in the development of simulation-related curricula. First in the nation with a master's degree in simulation systems, the university in collaboration with IST also offers a truly multidisciplinary Ph.D. in Modeling and Simulation. Both master's and doctoral programs accept applications from graduate students in computer science, digital media, psychology, engineering, mathematics, business, and other related disciplines. Also available at the graduate level are the Modeling & Simulation Professional Science Master's degree, a two-year course of study providing a combination of technical and business courses, and the Graduate Certificate in Modeling and Simulation of Technical Systems, which requires fifteen or more credit hours beyond the bachelor's degree and is beneficial to technical professionals involved with constructing and using simulation models of dynamic systems.

The institute annually employs more than 100 graduate and undergraduate students in a variety of research and support positions. For many outstanding graduates, work experience at IST becomes a launching pad to a career in the simulation industry. A significant number of existing professionals, both in government and industry, enroll in modeling and simulation graduate and certificate programs to continue their advanced education and hone their research skills.

The institute includes in its efforts development of research projects with potential commercial applications and adaptation of military technology to civilian markets. IST communicates the results of its research through seminars, conferences, publications, and workshops. In cooperation with UCF, the University of South Florida, and University of Florida, and with considerable participation from area industry and economic development organizations, IST promotes economic growth in the modeling and simulation industry throughout the Central Florida High Tech Corridor.

### **Oak Ridge Associated Universities (ORAU)**

*President and ORAU Councilor for University of Central Florida:*  
John C. Hitt

*ORAU Corporate Secretary:* Monnie E. Champion  
865-576-3146  
<http://www.ora.u.org>

Since 1989, students and faculty of University of Central Florida have benefited from its membership in Oak Ridge Associated Universities (ORAU). ORAU is a consortium of 96 colleges and universities and a contractor for the U.S. Department of Energy (DOE) located in Oak Ridge, Tennessee. ORAU works with its member institutions to help their students and faculty gain access to federal research facilities throughout the country; to keep its members informed about opportunities for fellowship, scholarship, and research appointments; and to organize research alliances among its members.

Through the Oak Ridge Institute for Science and Education (ORISE), the DOE facility that ORAU operates, undergraduates, graduates, postgraduates, as well as faculty enjoy access to a multitude of opportunities for study and research. Students can participate in a number of programs covering a wide variety of disciplines including business, earth sciences, epidemiology, engineering, physics, geological sciences, pharmacology, ocean sciences, biomedical sciences, nuclear chemistry, and mathematics. Appointment and program length range from one month to four years. Many of these programs are specially designed to increase the numbers of underrepresented minority students pursuing degrees in science- and engineering-related disciplines. A comprehensive listing on these programs and other opportunities, their disciplines, and details on locations and benefits can be found in the ORISE Catalog of Education and Training Programs, which is available at <http://see.ora.u.org>, or by calling the number above.

ORAU's Office of Partnership Development seeks opportunities for partnerships and alliances among ORAU's members, private industry, and major federal facilities. Activities include faculty development programs, such as the Ralph E. Powe Junior Faculty Enhancement Awards, the ORAU Events Sponsorship Program, the ORAU Travel Grants Program and the Lindau Meeting of Nobel Laureates and Students.

# UNDERGRADUATE ADMISSIONS

## Undergraduate Admissions

*Associate Vice President:* Gordon D. Chavis, Jr.  
Duke Energy UCF Welcome Center; 407-823-3000  
Email: [admission@ucf.edu](mailto:admission@ucf.edu)  
<http://admissions.ucf.edu>

The Office of Undergraduate Admissions at the University of Central Florida coordinates the admission and enrollment of all undergraduate first-time-in-college, transfer, non-degree, and non-Florida public institution transient students to the Orlando campus and all regional campus sites. The office's primary mission is to identify, attract, and enroll talented, diverse, and academically qualified students who will contribute to, achieve growth and success at, and benefit from attending the University of Central Florida.

The Office of Undergraduate Admissions seeks to attract students who are motivated, creative, and committed to academic excellence. The office will accomplish this through personal contacts, strategic communication, information management, and targeted recruitment. The office is dedicated to providing quality customer service through effective teamwork and through the development of collaborative partnerships with both internal and external communities.

The office administers several programs for prospective students and parents, including daily tours and information sessions, open houses, area receptions for admitted students, and high school and Florida College System institution visits by admission representatives. It also provides the opportunity to meet one-on-one with an admission representative on campus. Please visit our website for further information. Office hours are: Monday/Thursday 9:00 a.m. to 6:00 p.m., Tuesday/Wednesday/Friday 9:00 a.m. to 5:00 p.m.

## Campus Visit Experience

Information sessions and campus tours are available through our "Campus Visit Experience". All freshmen (First-Time-In-College: FTIC) and transfer prospective students and their families are encouraged to participate. The Campus Visit Experience, which includes both an information session and tour of the campus, begins at the Duke Energy UCF Welcome Center at 10:00 a.m. and 2:00 p.m., Monday through Friday, except holidays. Reservations can be made by visiting our website at <http://admissions.ucf.edu>. "Transfer To Be A Knight" information sessions are held for prospective transfer students on select days throughout the year. Visit <http://admissions.ucf.edu/transferknights/> for more information. Group tours of up to 80 or special requests may be accommodated and can be requested by visiting our website.

Admissions representatives are available to discuss particular concerns about admission to the University. You may contact the Office of Undergraduate Admissions at 407-823-3000 or visit us at our

website. Information sessions and campus tours are also available for students interested in our Rosen College of Hospitality Management near International Drive. Please contact them at 407-903-8166 for further information.

## Application for Admission

All interested applicants should complete the University of Central Florida "Undergraduate Admissions Application" online at <http://admissions.ucf.edu> and submit the \$30 (in U.S. Currency), non-refundable application fee. First-Time-In-College (FTIC) students can also apply using the Common Application at <http://www.commonapp.org>. Students should apply **several** months in advance of an anticipated start date and provide a completed file by the published application deadline. Questions concerning admission requirements and applications can be forwarded to [admission@ucf.edu](mailto:admission@ucf.edu).

Applications for admission can be submitted up to one year prior to the start of the term desired. The application deadlines are May 1 for the Fall semester (July 1 for Transfer students), November 1 for the Spring semester, and March 1 for the Summer term. The priority deadline for most financial assistance and scholarships is December 1. Information regarding University housing can be found at <http://www.housing.ucf.edu>. Applicants can apply for housing once they are offered admission to the University. Requests for housing are subsequently reviewed according to the date of the receipt of the housing application. **The University does not discriminate based on race, color, religion, sex, national origin, age, disability, marital status, parental status, genetic information, sexual orientation, gender identity, gender expression, or veteran status.**

Applicants should understand that this *Undergraduate Catalog* outlines minimum requirements to be considered for admission and that admission to the University is competitive. The satisfaction of minimum requirements **does not** guarantee admission. Conversely, Florida Department of Education policy allows the University to admit students to any semester as exceptions to the minimum requirements. The Office of Undergraduate Admissions and the Admissions and Standards Committee are responsible for the admission of all undergraduate students under this exception policy.

Applicants must submit official transcripts from each educational institution attended to the Office of Undergraduate Admissions. Applicants must likewise submit official score reports for credit earned from each appropriate testing agency (e.g. AICE, AP, CLEP, or IB). To be considered official, supporting admissions documents must be received directly from the issuing institution or testing agency. All final supporting documents must be received by the Office of Undergraduate Admission no later than six (6) days after the first day of classes.

**Note:** Furnishing false or fraudulent statements in connection with an application for admission or residency affidavit may result in disciplin-

## Undergraduate Admissions

any action, denial of admission, loss of financial aid, and invalidation of credits or degrees earned.

Those enrolled students who have not submitted official completed records by the deadline will be placed on administrative hold. Students with these incomplete records will not be permitted to register for a future term until all official transcripts and other required documentation have been received. If, upon review of final transcripts, student records are not satisfactory, they may be placed on academic probation, have their admission status revoked, changed to non-degree or transient status, may become ineligible for financial assistance, and may, in some cases, be withdrawn from the University. In addition to the required documentation mentioned above, students must have a satisfactory conduct record at all schools attended.

Due to restrictive state regulations, UCF is not permitted to provide online courses or instruction to students in some states. The list of states currently restricted is available at <http://programs.online.ucf.edu/>. While residing in one of these states, students may not be permitted to enroll in UCF online courses.

### Reactivation

Students who have submitted an application for admission to UCF as a degree-seeking student and do not attend, may reactivate the original application **within one year** of the term for which they first applied. To update the application, students should complete the Reactivation Form by the published application deadline date. This form can be found online at <http://admissions.ucf.edu>. This process reactivates the application only; additional official credentials may be required. Admission for one term does not guarantee admission for a future term.

### Limited Access Programs

Admission to the University **does not** guarantee admission to a limited access program. Some majors at the University limit the number of students who may enroll. Limited access status occurs when student demand exceeds available resources (e.g., faculty, instructional facilities, equipment) or when specific accrediting requirements apply. Criteria for admission are selective and include: indicators of ability and indicators of performance, creativity, or talent to complete required work within the program.

### Orientation

All first-time undergraduate degree-seeking students are required to attend orientation prior to enrollment. Orientation information is mailed to all FTIC students offered admission who have submitted their enrollment deposit and to all transfer students offered admission to the University. Information regarding orientation may also be viewed on the website at <http://fye.ucf.edu/>.

### Admission Categories

Students may submit applications to the University for one of the following categories:

- A. Freshman (First-Time-In-College: FTIC)
- B. Dual Enrollment/Early Admit (includes early admission and dual enrollment, on- or off-campus)
- C. Transfer\*
- D. Second Bachelor's Degree
- E. Transient (one term enrollment only, not from a Florida public institution)\*\*
- F. Non-Degree Seeking (not including students who have already earned a bachelor degree)\*\*\*
- G. Limited Non-Degree Seeking\*\*\*\*
- H. Special Non-Degree Seeking (includes students participating in specific non-degree seeking programs including ROTC, Study Abroad only, Marching Band only, and Rosen College exchange programs)

\*Transfer students with 60 semester hours or more may also designate one of many Regional Campus sites. Please refer to the application.

\*\*Students applying as transient from a Florida public institution should apply through Florida Shines at <http://www.floridashines.org>.

\*\*\*Students who have already earned a bachelor degree and wish to attend as non-degree seeking should follow the procedure through our Graduate Admissions Office located at [http://www.admissions.graduate.ucf.edu/nondegree\\_applicants/](http://www.admissions.graduate.ucf.edu/nondegree_applicants/).

\*\*\*\*Please see the "Academic Regulations and Procedures" section of this catalog for this admission category.

### Freshman Applicants

Any FTIC student who meets minimum admission requirements as stated in Florida Board of Governors Regulation 6.002 is encouraged to submit an application. Meeting these minimum requirements does not guarantee admission. An applicant's total high school record (including grades, test scores, educational objective, quality of courses completed, counselor recommendations, essay, and personal achievements and honors) will be considered in the selection process. The University reaffirms its Equal Educational Opportunity (EEO) commitments and seeks to increase diversity among the student body.

### High School Diploma

Freshmen who are applying for admission to the University are required to have a standard high school diploma (or the equivalent) or a General Equivalency Diploma (GED).

### Entrance Examination Scores

All FTIC applicants for admission must submit test scores from the SAT Reasoning Test, redesigned SAT (rSAT), or the ACT Plus Writing (students applying for Spring 2017 or later are not required to submit an rSAT with essay or ACT writing section). In addition, any student whose native language is not English may be required to submit a Test of English as a Foreign Language (TOEFL) or an International English Language Testing System (IELTS) score.

### High School Academic Units and Grade Point Average

All applicants must have earned a minimum number of high school academic units (year-long courses that are not remedial in nature) to be considered for admission. A grade point average (GPA) will be computed only on academic courses. Plus(+) and minus(-) will not be included in the high school GPA recalculation. Grades in International Baccalaureate (IB), Advanced Placement (AP), Cambridge Advanced International Certificate of Education (AICE), honors and dual enrollment courses will be given additional weight in the computation of the academic GPA. The high school academic unit requirements are as follows:

| Academic Subjects   | Units Required |
|---|----------------|
| ■ English (three of which must have included substantial writing)   | 4              |
| ■ Mathematics (at or above the Algebra I level)   | 4              |
| ■ Natural Science (two of which must have included substantial laboratory requirements)   | 3              |
| ■ Social Science (included: history, civics, political science, economics, sociology, psychology, and geography)  | 3              |
| ■ Foreign Language (both credits must be in the same language)  | 2              |
| ■ Additional academic electives from the above five subject areas and courses recommended by the Florida Association of School Administrators, or other groups, and courses recommended by the Articulation Committee and approved by the Department of Education | 2              |
| <b>Total Units</b>  | <b>18</b>      |

### Applicant Eligibility

As stated in Florida Board of Governors Regulation 6.002, an SAT Reasoning Test, redesigned SAT (rSAT), or ACT Plus Writing (or ACT for students applying for Spring 2017 or later) is required of all State University System FTIC applicants. Students with a high school GPA of 2.5-2.99 on a 4.00 scale as calculated by the university must achieve the minimum scores for each section of the SAT (or its corresponding score on the redesigned SAT (rSAT), based upon official concordance tables which will be available from the College Board after the administration of the first rSAT) as outlined below:

Students admitted prior to Spring 2017:

- SAT Critical Reading  $\geq 460$  or ACT Reading  $\geq 19$
- SAT Mathematics  $\geq 460$  or ACT Mathematics  $\geq 19$
- SAT Writing  $\geq 440$  or ACT English/Writing  $\geq 18$

Students admitted Spring 2017 or later:

- SAT – Critical Reading or concorded score from rSAT Evidence-Based Reading and Writing  $\geq 460$  or ACT Reading  $\geq 19$
- SAT – Mathematics  $\geq 460$  or ACT – Mathematics  $\geq 19$

## Undergraduate Admissions

Each state university reserves the right under Florida BOG regulation (6C 6.002) to establish admission criteria that exceeds Florida BOG minimums.

- Admission to the University is limited by space availability. The degree of competition for space depends on the number and qualifications of those who apply for admission. To increase the chance of admission, high school students should present credentials that are stronger than the minimum requirements for consideration as listed above. If the number of qualified applicants exceeds the number that the University is able to enroll, a waiting list will be established.
- A student applying for admission who does not meet established requirements may bring to the University other important attributes or special talents and may be admitted if, upon appeal and in the judgment of the Admissions and Standards Committee, the student can be expected to do successful academic work. The University will provide appropriate advising for each student admitted under this alternative.
- Students who have been enrolled in dual enrollment courses will be required to have a minimum "C" average (2.0 GPA) for all completed dual enrollment course work.
- A student must demonstrate competency of foreign language or American Sign Language equivalent to the second high school level or higher (Spanish 2, Haitian Creole 2, etc.) or at the elementary 2 level in one foreign language or American Sign Language at an undergraduate institution to be offered admission.

### Dual Enrollment/Early Admit Applicants

High School students who have demonstrated exceptional academic ability may be permitted to enroll as university students while completing their high school programs. There are three types of dual enrollment programs:

**1. Early Admission** is for students who have completed their junior year in high school and would like to enroll at the University as full-time students for their senior year of high school to complete their high school graduation requirements. Students must submit an application for admission by the published application deadline date. In addition, the following information is required:

- official copy of high school transcript(s);
- official copy of SAT Reasoning Test, redesigned SAT (rSAT), or ACT Plus Writing (or ACT for students applying for Spring 2017 or later);
- Completed Early Admission/Dual Enrollment Authorization Form and,
- written permission from parents or legal guardian.

**2. Dual Enrollment On-Campus** is for students who desire to dual enroll on a part-time basis, taking one or two courses on campus, while completing their high school course work. Students must submit an application for admission by the published application deadline date, as well as all items listed above. Additional documentation may be required.

**3. Dual Enrollment Off-Campus** is for students whose high schools sponsor on-site courses at specific high schools. Students earn both high school and college credit for successful completion of course work. Each respective high school selects students who are eligible to participate in these programs. Contact your high school guidance office for detailed information.

### Transfer Applicants

Any Transfer student who meets minimum admission requirements as stated in Florida Board of Governors Regulation 6.004 is encouraged to submit an application. Students should apply online at <http://admissions.ucf.edu> and arrange to have official transcripts sent from all colleges attended. The Office of Undergraduate Admissions computes a grade point average (GPA) for each institution attended, as well as a cumulative GPA on all college courses attempted. This computation does recognize plus or minus grades and only recognizes grade forgiveness when it is used as part of an awarded statewide articulated Associate in Science degree or an Associate in Arts degree from a Florida public institution. Applicants must have a cumulative minimum GPA of 2.0 as well as a minimum GPA of 2.0 and be in good standing as a degree-seeking student at the last institution attended to be considered for admission to UCF. **Meeting these minimum requirements does not guarantee admission.**

Transfer students are required to complete at least 30 hours in residence at UCF to earn a bachelor's degree. In addition, students must complete 48 hours in residence at UCF to be eligible to receive baccalaureate honors recognition at the time of graduation.

### Transfer Applicants with Fewer Than 60 Credit Hours

Transfers with less than 30 transferrable semester hours: Must minimally meet freshman high school unit entrance requirements, the high school academic GPA and minimum SAT Reasoning, redesigned SAT or ACT Plus Writing (or ACT for students applying for Spring 2017 and later); have at least a 2.0 GPA on a 4.0 system for all college-level academic courses attempted; and be in good standing (minimum 2.0 GPA) and eligible to return as a degree-seeking student to the last institution attended. Meeting these minimum requirements does not guarantee admission.

Transfers with 30 or more but less than 60 transferrable semester hours: Must minimally have successfully completed (C or higher) at least one English Composition course and one college level mathematics course that consists of three (3) semester credit hours; have at least a 2.0 GPA on a 4.0 system for all college-level academic courses attempted; and be in good standing (minimum 2.0 GPA) and eligible to return as a degree-seeking student to the last institution attended. High school transcripts may be required to demonstrate completion of the foreign language admission requirement. Students not meeting these requirements must meet the requirements for transfer students with less than 30 transferrable semester hours. Meeting these minimum requirements does not guarantee admission.

### Transfer Applicants with an A.A. Degree from a Florida Public Institution

Admission of Associate in Arts (A.A.) degree graduates from Florida College System institutions and Florida state universities will be governed by the Articulation Agreement between the state universities and Florida College System institutions of Florida, as approved by the State Department of Education. The agreement states: The associate in arts degree is the basic transfer degree of the Florida College System institutions. It is the primary basis for admission of transfer students from Florida College System institutions to upper division study in a state university. Every associate in arts graduate of a Florida College System institution shall be granted admission to an upper division program consistent with Section 1007.23, F.S. Admission to the student's preferred public postsecondary institution or program is not guaranteed.

Any student admitted without demonstrated proficiency in a foreign language or American Sign Language equivalent to the second high school level or the elementary 2 level at an undergraduate institution must satisfy the admission requirement prior to graduation. Florida College System institution Associate in Arts graduates are guaranteed the following rights under the Statewide Articulation Agreement (State DOE Rule 6A-10.024):

1. Admission to one of the twelve state universities, except to "limited access" programs (programs that have additional admission requirements);
2. Acceptance of at least 60 credit hours by the state universities toward the baccalaureate degree;
3. Transfer of equivalent courses under the statewide Course Numbering System;
4. Acceptance by the state universities of credit earned in accelerated programs (e.g., CLEP, AP, PEP, Dual Enrollment, Early Admission, and International Baccalaureate);
5. No additional General Education Core requirements;
6. Advanced knowledge of selection criteria for limited access programs; and
7. Equal opportunity with native university students to enter limited programs.

Should any guarantee be denied, students have the right of appeal through the Office of Undergraduate Admissions and the Admissions and Standards Committee.

### Transfer Applicants - More Than 60 Hours, Have Not Received an A.A. Degree from a Florida Public Institution

Undergraduate transfer applicants who desire to be admitted as upper division students must have met, at least, all of the following requirements:

- A minimum of a 2.0 GPA and 60 credit hours of academic course work;
- The English and Mathematics requirements of the Gordon Rule; and,
- Demonstrated proficiency at the elementary 2 level in one foreign language or American Sign Language at an undergraduate institution. This requirement applies to those students without the required demonstrated proficiency equivalent to the second high school level.

Meeting these minimum requirements does not guarantee admission.

## Second Bachelor's Degree Applicants

Second Bachelor's Degree applications are processed by the Undergraduate Admissions Office or the Registrar's Office. Guidelines for which office students should make application to are outlined as follows:

- Students who **have never attended** the University of Central Florida as degree seeking undergraduate students must apply to the **Office of Undergraduate Admissions**. Students should complete the undergraduate admissions application online at <http://admissions.ucf.edu/>.
- Students who **have previously attended** the University of Central Florida as a degree-seeking undergraduate student should apply through the **Registrar's Office**. These students should follow the Readmission procedure located online at <http://registrar.ucf.edu/readmission-application>.

## Credits from a Previous Baccalaureate Degree

Graduates from other regionally-accredited four-year U.S. institutions who apply for admission to work toward a second undergraduate degree must meet the regular requirements of the university (as defined in the "Undergraduate Degree Requirements" section of this *Undergraduate Catalog*). Students must meet all transfer GPA requirements. A baccalaureate degree or higher from another regionally accredited four-year U.S. institution satisfies the General Education Program requirements and also provides exemption from the foreign language requirements for admission and graduation.

**Note:** A baccalaureate degree or higher from a non-US institution will not automatically satisfy the General Education Program requirements. If a baccalaureate degree from a regionally accredited four year U.S. institution includes credit from a non-regionally accredited institution, the credit from the non-regionally accredited institution may not be included as transfer credit. This would result in the transfer of less than the total number of credit hours awarded within the baccalaureate degree.

## Transient Student Applicants

A student in good standing with a minimum 2.0 GPA at the last regionally-accredited institution attended who desires to enroll for one term at UCF may be considered for admission as a transient student. Such enrollment terminates at the end of one term and does not presuppose degree-seeking admission to the University. A transient student must submit an official transcript from the last institution attended. Transient student applications must be received by the appropriate application deadline. If a student's last school of attendance is a Florida public institution, they must apply through the Florida Shines website at <http://www.floridashines.org>. Transient students are not eligible to receive financial aid. Registration is permitted on a space-available basis. Meeting minimum GPA requirements does not guarantee admission.

## Non-Degree Seeking Applicants

A student who wishes to attend UCF but not work toward a degree and has not already earned a bachelor's degree, must apply to the Office of Undergraduate Admissions as a non-degree seeking student. Non-degree seeking applicants must follow the same procedure and must meet the same admission requirements as transfer applicants. Please see the details on the previous page for transfer applicants. **Meeting minimum admission requirements does not guarantee admission.**

A student who has already earned a bachelor's degree and wishes to attend as non-degree seeking should follow the procedure through our Graduate Admissions Office located at [http://www.admissions.graduate.ucf.edu/nondegree\\_applicants](http://www.admissions.graduate.ucf.edu/nondegree_applicants).

## International Applicants

The University of Central Florida is authorized under federal law to enroll students on non-immigrant visas. All international candidates applying for admission to UCF must submit a University of Central Florida Undergraduate Admissions Application online at <http://admissions.ucf.edu>. Because of additional processing time needed for non-immigrant students joining UCF on F-1 or J-1 visas, those students should submit the application and all required academic documentation by the international application deadlines, as follows: Fall, **March 1**; Spring, **September 1**, and Summer, **January 1**.

The following items will be needed in order to review an application for admission. Specifics regarding which documents are required for freshman and transfer students can be found on our International Applicants page: <https://admissions.ucf.edu/apply/international/>.

- UCF admission application with the required \$30.00 non-refundable application fee (credit card online, check or money order

in U.S. currency). The online application is available on our website at <http://www.admissions.ucf.edu>. First-Time-In-College (FTIC) students can also apply using the Common Application at <http://www.commonapp.org>.

- **Prior to Spring 2018:** Students who attend/have attended an international secondary school that uses a grading and evaluation system different from the U.S. system will need a **document-by-document evaluation and a GPA computation** of the secondary school record in English from one of the agencies below. **A grade point average should be calculated and must appear on this evaluation.**
- **Effective Spring 2018:** Students who attend/have attended an international secondary school that uses a grading and evaluation system different from the U.S. system must submit official transcripts, graduation certificates, and/or exam results of all secondary work to UCF. All documentation submitted in a language other than English must be accompanied by a literal translation performed by a certified translator at the issuing institution, government agency, or by a translator certified by the American Translators Association [https://www.atanet.org/clients/client\\_certified\\_translation.php](https://www.atanet.org/clients/client_certified_translation.php).
- AP, IB, AICE, and CLEP score reports for exams taken.
- If the student has attended any international universities, an English translation and evaluation of work completed at each institution will be necessary. Transcripts should be sent to one of the agencies below for a course-by-course evaluation. Please note that if 60 or more transferable credit hours have been earned at a post-secondary institution, it will not be necessary to submit the secondary school records and SAT/ACT scores. In specific instances, for applicants with 30 to less than 60 transferable credit hours, it may also be unnecessary to submit these documents as well. Please go to <https://admissions.ucf.edu/30-or-more-fewer-than-60/> for more information.
- Proof of English proficiency can be evidenced by one of the following:
  - proof that the student is from a country where English is the only official language
  - establishing that a prior bachelor's, master's or doctoral degree was earned from a regionally accredited college or university in the United States
  - establishing that a prior bachelor's, master's or doctoral degree was earned from a country where English is the only official language, or a university at which English is the only official language of instruction
  - submitting a qualifying score on the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS). Qualifying scores for undergraduate applicants are: a TOEFL computer-based score of 220, a TOEFL internet-based score of 80, a TOEFL paper-based score of 550, or an IELTS score of 6.5
  - presenting a minimum 520 EBRW rSAT score or 480 Critical Reading SAT or 20 ACT (English section)
  - presenting a minimum grade of 'B' in both English Composition I and English Composition II, or the equivalent, taken at a regionally accredited post-secondary institution in the U.S.
  - completion of 4 years of English at a secondary school in the U.S.
  - completion of the English Language Institute's (ELI) level 4 with a grade of a "B" or better
  - completion of EAP 2851 with a grade of a "C" or better or placement into ENC 1101
  - an onsite assessment by UCF ELI faculty qualified to administer English proficiency assessment and determining that the student is English proficient at the university level
- Results of the SAT Reasoning Test, redesigned SAT (rSAT), or ACT will be required if the student has earned less than 30 credit hours of college credit and may be required if the student has earned at least 30 but less than 60 transferrable semester hours. Information regarding these examinations may be obtained from the College Board (SAT) at <http://www.collegeboard.org> or from ACT at <http://www.act.org>. While there are no specific minimum score requirements for these examinations for admission, they are used in conjunction with other required credentials, and students should prepare sufficiently to achieve the highest possible score on these exams.

## Undergraduate Admissions

F-1 applicants must complete and submit required financial and immigration documents with **UCF Global** by the term specific deadline, including a "Certification of Finances" form and supporting financial documents indicating financial support to cover educational and other expenses for the first year of study. These documents can be found online at <https://www.international.ucf.edu/international-students-scholars-and-professionals/international-admissions/undergraduate/> and must be on file prior to the issuance of the I-20 or DS-2019 forms by the University.

### Educational Translations and Evaluations

Foreign diplomas must meet the requirements specified in Florida Statutes, section 229.814. UCF will accept evaluations of academic credit from these agencies:

Josef Silny and Associates      World Education Services  
<http://www.jsilny.com>      <http://www.wes.org>

### Mandatory Health Insurance for International Students on F and J Visas

Each international student on an F or J visa offered admission shall, prior to registration for classes, submit proof of required health insurance coverage to UCF Student Health Services to comply with the State of Florida mandatory health insurance requirement for F and J students. Minimum coverage limits are posted on the Student Health Services website at <http://www.studenthealth.ucf.edu>. Use the link for International Students that directs you to information that is specific to the UCF-endorsed health insurance plan that meets all the State of Florida requirements. Proof of insurance coverage must be submitted to Student Health Services via the online submission system and may not be submitted via email.

The University reserves the right to refuse registration to any international student on F or J visa who fails to comply with this insurance requirement or who is unable to supply satisfactory proof of insurance. The University also reserves the right to withdraw from classes any international student who fails to maintain insurance coverage, cancels insurance coverage while still enrolled as a student, or avoids in any way the responsibility to comply with the insurance requirement. For questions, call UCF Student Health Services at 407-823-6295 or go to their website noted above.

### Non-Academic Admission Clearances

Florida Board of Governors Regulation 6.001 (7) authorizes universities to refuse admission to applicants due to past misconduct. The University further requires the Vice President For Student Development and Enrollment Services or his/her designee to review all applications disclosing information regarding any prior criminal conviction or conduct problem at another institution and to make a decision as to whether the admission of this applicant will be in the best interest of the University. This statement describes the procedure and assigns responsibility for the review of these applications for admission. Applicants who fail to disclose any prior criminal conviction or conduct problem at another institution and such fact is subsequently discovered by the University, shall be denied admission or readmission, or may receive any other academic and/or disciplinary action prescribed by the University, including but not limited to academic dismissal.

### Transfer Credit: All Applicants

All grades from a regionally-accredited college or university in transfer courses that are normally part of a baccalaureate degree program are shown on the student's permanent UCF record. Effective Fall 2001, the University recognizes a grading system of plus or minus. In addition, grade forgiveness is honored only if it has been awarded as part of an AA or a specific statewide articulated AS degree from a Florida public institution. Credit is not awarded based on job descriptions, life experience, or course work that is non-academic, or transfer course work from a non-regionally accredited institution included within a baccalaureate degree earned from a regionally accredited institution.

### Accredited Institutions

For the purposes of this *Undergraduate Catalog*, "Accredited Institutions" means those colleges and universities accredited by any of the following six regional associations:

- New England Association of Schools and Colleges;
- Middle States Association of Colleges and Secondary School, Commission on Institutions of Higher Education;
- North Central Association of Colleges and Schools, Commission on Colleges and Universities;
- Northwest Association of Secondary and Higher Schools, Commission on Higher Schools;

- Southern Association of Colleges and Schools; and
- Western Association of Schools and Colleges Accrediting Commission for Senior Colleges and Universities and Accrediting Commission for Junior Colleges.

The accreditation status of all foreign institutions **must** be evaluated through either Josef Silny and Associates, Inc. or World Education Services.

All college level credits earned for which official transcripts have been submitted will be compiled into a "Transfer Summary Report" (TSR) soon after the student is offered admission. Some credits listed on the TSR may not be applicable toward graduation course requirements. The TSR will be the basis for constructing a Degree Audit, which applies earned credits to the intended degree program. The Degree Audit provides the student with an assessment of which degree requirements have been met and what remains to be satisfied. Although all college-level course work transferred from a regionally accredited institution is shown on the TSR and the UCF transcript, applicability of the course toward a degree requirement is **determined by the college/school/department of the major**.

### General Education Transfer Credits

Transfer students from a Florida College System institution or state university may satisfy the General Education Program requirements of UCF by completing the general education program prescribed by that institution. Transfer applicants with incomplete general education programs will have their credits evaluated on a course-by-course basis.

### Credits from Private and Out-of-State Institutions

Transfer credit from private junior and senior colleges and out-of-state institutions will be evaluated on a course-by-course basis. Each student must submit the necessary petition(s) to the appropriate office(s) to determine which courses will transfer with regard to degree progress at UCF. Transfer courses that meet the requirements of the General Education Program and the Gordon Rule are determined through the process described in the "Undergraduate Degree Requirements" chapter of this *Undergraduate Catalog*. Petition procedures vary by college. Generally the petitioning of transfer courses for satisfaction of college and major requirements should be done during the second full term of the student's residency at UCF, so that the accepted transfer courses are understood clearly by the student and the faculty advisor early in the student's tenure at UCF.

### Credits from Military Service School Courses

Completed military service school courses may be evaluated on the basis of the recommendations of the American Council of Education (ACE) when official credentials have been properly presented. While credit may be granted when courses are equivalent to those offered by the University, recommendations by the ACE are not binding upon the University. Even though military records may have been evaluated by another regionally-accredited institution, it is important to have official credentials sent to UCF for evaluation. Credit is not awarded for basic training.

### Baccalaureate Honors

Transfer students should be aware that eligibility for graduation with baccalaureate honors requires the completion of a minimum of 48 credit hours at UCF and is based upon an overall grade point average (including all transfer credit). For more details, refer to 'Academic Honors' within the "Academic Regulations and Procedures" section of this *Undergraduate Catalog*.

# STUDENT FINANCIAL ASSISTANCE

## Office of Student Financial Assistance

Director: Alicia Keaton  
MH 107; Switchboard: 407-823-2827; Fax: 407-823-5241  
Email: [finaid@ucf.edu](mailto:finaid@ucf.edu)  
<http://finaid.ucf.edu>

### Office Hours:

Monday and Thursday: 9:00 a.m. - 5:30 p.m.  
Tuesday, Wednesday, Friday: 9:00 a.m. - 5:00 p.m.  
(Hours subject to change during holidays and semester breaks.)

The Office of Student Financial Assistance, a unit within Student Development and Enrollment Services, is dedicated to supporting UCF's mission and goals through the efficient delivery of student aid. The office provides UCF students with a comprehensive offering of financial assistance options to support student success and the attainment of a university degree. Financial aid counseling is available on a walk-in basis. To protect the privacy of student records, we offer limited counseling services through phone and email.

### Student Rights and Responsibilities

Students have the right to full information about the financial aid programs available at UCF, our application procedures, aid deadlines, and the criteria used to determine a financial aid package. Students have the right to appeal decisions made by the Office of Student Financial Assistance. Students also have the right to equitable treatment of their financial assistance applications. Although each student's case is analyzed individually, eligibility standards are applied uniformly without regard to race, gender, religion, creed, national origin, or disability. All students' records are confidential.

It is the student's responsibility to review and understand all information and instructions, meet all deadlines, and provide all information and documentation accurately. Errors and omissions can cause delays and prevent students from receiving assistance. Misrepresentation is a violation of federal regulations.

### Student Eligibility

To receive aid from most federal and state financial aid programs, students must meet certain requirements. All students are encouraged to complete the Free Application for Federal Student Aid (FAFSA) annually, before December 1, to determine eligibility. The FAFSA results are required for many programs. The federal processor, using a standardized formula, calculates financial need. Those results are then forwarded to the schools that were identified on the application. UCF must be listed on the FAFSA in order to receive the data. UCF's Federal School Title IV code is 003954. Regulations are subject to change at any time.

### Application Priority Date

All students must apply or reapply annually for financial aid. To be considered for the full range of financial aid available, students should complete the Free Application for Federal Student Aid (FAFSA)/Renewal FAFSA by mid-February. The processed results of the FAFSA must be received by UCF no later than December 1 to meet the university's application priority date.

- If the priority date is missed, students should apply as soon as possible after that date to be considered for the financial aid that is still available, such as the Federal Pell Grant, Federal Direct Stafford Loan, and Federal Direct PLUS Loan;
- Students should not wait to be admitted to UCF before applying for financial aid; however they cannot be offered a financial aid package until they have been admitted to the university;
- Federal Pell Grants and Federal Direct Stafford Loans are available on a year-round basis. Students may apply for financial aid in advance of any term and receive aid from these programs, if eligible;
- Students enrolling in the fall semester should submit all requested documents by the May 30th priority deadline for timely review and processing of their financial aid file. However all students should have a completed financial aid file at least 60 days prior to the beginning of any given semester. Students who apply late for aid should be prepared to cover their own living expenses, out-of-pocket, well into the term;
- A broad range of scholarships is available with diverse criteria. Please review the Scholarship page found on the website for additional information.

### Application Procedures

- The FAFSA can be filed electronically at <http://www.fafsa.ed.gov>;
- Using the IRS Data Retrieval Tool found within the FAFSA is the most accurate, and secure method of providing the required federal tax information. Applicants who use the unchanged data generated by the IRS Data Retrieval Tool will not be required to provide federal tax return transcripts from the IRS to the financial aid office. Students who are selected for verification who did not use the IRS Data Retrieval Tool, or changed data after using the tool, may be required to submit IRS tax return transcripts to verify tax information. Per federal regulations, copies of income tax returns (Form 1040, 1040EZ, etc.) are no longer acceptable. The only exceptions to this rule include those who file tax returns in Puerto Rico or foreign countries;
- Information provided on the Student Aid Report (SAR) should be reviewed thoroughly;
- Review all correspondence, follow instructions on the Student Aid Report (SAR), and follow through within 5 – 10 business days. Delays can be costly as well as frustrating;
- Federal regulations require that some students be selected for verification. If selected, students will be required to provide documents supporting the information submitted on the FAFSA. Subsequent requests for data may be necessary after initial submissions are reviewed. Prompt response to requests will expedite completion of this process;
- Students selected for verification for the 2017-18 aid year are advised to submit all requested documents by the May 30th verification priority deadline for timely processing. Students should have a completed financial aid file no later than 60 days prior to the beginning of a semester.
- Late or incomplete submission of documents can result in delayed disbursements or possible loss of eligibility for aid.
- Offered federal funds and other need-based financial aid are considered estimates until verification is complete and all necessary corrections have been made.

### Specific Eligibility Requirements and Conditions for Receiving Financial Aid

- Students must be accepted and classified as degree-seeking at UCF in an eligible program of study. Only courses toward degree requirements count for financial aid purposes;
- Students must maintain UCF's Standards for Satisfactory Academic Progress (See <http://finaid.ucf.edu/receiving/sap.html> for more information);
- Students are required to inform the Office of Student Financial Assistance of any additional sources of aid they expect to receive beyond those listed on the award notification or award information provided on the Student Center on myUCF. Any subsequent awards or income may require a revision of the financial aid package. This includes, but is not limited to, any private scholarships or third party tuition payment/waivers;
- Students may not receive aid in excess of their Cost of Attendance (See [http://finaid.ucf.edu/applying/app\\_costs.html](http://finaid.ucf.edu/applying/app_costs.html) for more information);
- Students must not be in default on any federal educational loan or owe repayment on a federal grant at this or any other institution;
- Students must provide all information requested for the completion of their file. If selected, verification must be completed within specified deadlines and prior to the receipt of all federal and most state and institutional funds;
- Students must notify the Office of Student Financial Assistance of any changes in their housing status, household size, or family members in college from that listed on their FAFSA;
- Students must reapply annually for financial aid;
- Students must accept, reduce or decline offered loan(s) on the myUCF View Financial Aid screen. First time borrowers must complete an online Entrance Counseling and Master Promissory Note (MPN) for a Federal Direct Stafford Loan at UCF;
- Students must be U.S. citizens or an eligible non-citizens, (e.g. resident aliens). Eligible non-citizens include a permanent U.S. resident with a Permanent Resident Card (I-551); a conditional permanent resident with a Conditional Green Card (I-551C); as well as some I-94 classifications;
- Students must have a high school diploma, GED certificate, or completed secondary school through homeschooling as defined by state law;

## Student Financial Assistance

- For need based programs, students must show financial need as determined by the FAFSA;
- Male applicants must be registered with Selective Service, if applicable.

### Program Eligibility Charts

To ensure enrollment in sufficient hours for the various financial aid programs, please refer to the Program Eligibility Charts on the website, under Receiving Aid (See <http://finaid.ucf.edu/receiving/pec.html> for more information).

### Helpful Hints

- Apply early to be considered for the full range of financial aid available each year by completing the Free Application for Federal Student Aid (FAFSA)/Renewal FAFSA. The processed results of the FAFSA must be received by UCF from the federal processor by March 1 to meet the university's application priority date;
- Use the IRS Data Retrieval Tool located within the FAFSA application. Applicants who use the unchanged data generated by the IRS Data Retrieval Tool will not be required to provide federal tax return transcripts from the IRS. Students who are selected for verification who did not use the IRS Data Retrieval Tool, or changed data after using the tool, will be required to submit IRS tax return transcripts to verify tax information. Per federal regulations, copies of tax returns (Form 1040, 1040EZ, etc.) are no longer acceptable. The only exceptions to this rule include those who file tax returns in Puerto Rico or foreign countries;
- Students selected for verification for the 2017-18 aid year are advised to submit all requested documents by the May 30th verification priority deadline for timely processing. Students should have a completed financial aid file no later than 60 days prior to the beginning of a semester.
- Start a folder to save financial aid information and photocopies of all documents filed and received. Include student's name and UCF ID on all documents submitted. (Do not submit originals; documents will be shredded after scanning.)
- Students should activate their Knights Email account and check it regularly to avoid missing important and critical information from the Office of Student Financial Assistance and the university;
- Complete all items necessary to apply for both a Federal Pell Grant and a Federal Direct Stafford Loan, even if it doesn't seem advantageous at the time. The law requires that students be considered for a grant before a loan is offered.
- Respond promptly to all information requests; late or incomplete submission of documents can result in delayed disbursements or possible loss of eligibility for aid.
- Students may visit the office during normal business hours to speak with a counselor;
- Comprehensive financial aid information can be found on the website: <http://finaid.ucf.edu>.

### School Costs

Estimated student budgets have been developed as a guide to help students anticipate their costs at UCF. Please refer to the website at [http://finaid.ucf.edu/applying/app\\_costs.html](http://finaid.ucf.edu/applying/app_costs.html) for the estimated Cost of Attendance. The Cost of Attendance is not a bill. It is considered estimated charges a student can expect to incur upon enrolling in classes at the university

#### Estimated Cost of Attendance for 2017-2018 Undergraduate Students

Fall/Spring based on 14 hours per term

|                    | Florida Residents |                 | Non-Florida Residents |                 |
|--------------------|-------------------|-----------------|-----------------------|-----------------|
| Living Arrangement | On/Off Campus     | Parent/Relative | On/Off Campus         | Parent/Relative |
| Tuition and Fees   | \$5,954           | \$5,954         | \$20,978              | \$20,978        |
| Books              | 1,152             | 1,152           | 1,152                 | 1,152           |
| Room & Board       | 9,764             | 5,450           | 9,764                 | 5,450           |
| Transportation     | 1,866             | 1,866           | 1,866                 | 1,866           |
| Personal Expenses  | 3,104             | 3,104           | 3,104                 | 3,104           |
| Total Costs        | <b>\$21,840</b>   | <b>\$17,526</b> | <b>\$36,864</b>       | <b>\$32,550</b> |

### Financial Aid Programs Available at UCF

Financial aid comes in many forms, such as grants, scholarships, employment, loans and waivers. The Program Eligibility Charts on the

website under "Receiving Aid" list the various programs and their specific enrollment requirements. Detailed information for each program can also be found on the website under its particular title.

Grants are considered gift aid and do not have to be repaid. Only undergraduate students who have not previously received a bachelor's degree and who demonstrate financial need may be eligible for grant programs. Awards are based on the amount of available funds and the number of eligible applicants. To be considered for grant awards, students must meet eligibility requirements and have a valid FAFSA on file at UCF.

Scholarships are awarded based on various criteria, including financial need, campus/community activities, leadership positions, academic success, and work experience. Scholarships are designed to reward, encourage, and assist students in pursuing academic excellence and leadership roles.

Federal Work Study is designed to provide students who demonstrate financial need a chance to earn money while pursuing a degree. Individual departments hire students while the Office of Student Financial Assistance determines the eligibility, award amount, and pay rate.

Loans are borrowed funds that must be repaid. They provide undergraduate students with an opportunity to invest in their future. Undergraduate students must enroll for at least six hours at UCF in UCF classes to be considered for federal loans. First time Federal Direct loan borrowers are subject to a maximum time period (measured in academic years) to receive Federal Direct Subsidized Loans. Students may not receive Federal Direct Subsidized Loans for more than 150% of the published length of their academic program. This time limit does not apply to Direct Unsubsidized Loans or Direct PLUS Loans. Visit our website for details.

### Award Notification

Award notifications are mailed to first time UCF students after March 15th, while email award notifications are sent to continuing students. Initial awards may be amended due to factors such as contingent admission status, less than half-time enrollment, lack of academic progress, changes needed due to verification, incomplete files, receipt of additional resources, etc.

Financial aid awards will be based upon the student's financial need, the amount of available funds, the number of UCF students who qualify for aid, and the date the student completes the application process. The amounts listed on the award notifications are estimates based on full-time enrollment. For purposes of financial aid, enrollment is based solely on classes that count toward degree completion.

Admission to UCF must be finalized with no contingencies. Students must be classified as degree-seeking.

Verification, if required, must be completed. Students must meet the Standards for Satisfactory Academic Progress. If all eligibility is met, financial aid funds may be disbursed.

It is the student's responsibility to be aware of minimal requirements for each program, which can be found on the Program Eligibility Charts on the website. When requirements are no longer met, awards will be adjusted as necessary and will update on myUCF. All awards are subject to change.

### Deferrals of Tuition and Fees

Deferments allow for the delay that normally occurs between the date that tuition and fees are due and the date on which financial aid disbursements are made, which is generally two weeks after the term begins. The fee invoice reflects the deferred due date for tuition and fees. Students given a deferment are advised that their tuition and fee charges must be paid by the due date noted on the student's fee invoice, which is the deferment date. The deferment process occurs automatically if the student is meeting all general eligibility requirements and has enrolled in sufficient hours for the financial aid program/s. Please refer to the Program Eligibility Charts on the website for more information. Students should use myUCF to obtain up-to-date information. In order for loans to defer tuition and fees, students must accept the offered loan on myUCF View Financial Aid screen. In order to have access to accept loans, all required items on the To Do List must be submitted. Students must drop classes prior to the end of Drop/Swap and Add in order to not be fee liable for those classes. If students do not drop their classes, a financial aid deferment may keep the classes active even if they never attended.

## Student Financial Assistance

### Confirmation of Academic Engagement and Disbursements

Timing of disbursements is contingent upon students meeting all conditions for receiving aid. Disbursement of financial aid begins the second week of the semester and continues each week thereafter. During the first week of classes students are required to confirm academic engagement in each of their courses. This is done through either the student completing an academic activity that has been established by the faculty member or by faculty physically taking attendance. Students may complete the academic activities after the first week of classes but they may receive a later disbursement of aid for those courses. At the end of the Drop/Swap and Add period, awards are adjusted based on the student's enrollment and confirmation of academic engagement. The week following, the disbursement process is initiated by moving students' awards to the student's account. Once funds are disbursed to the Office of Student Account Services, the disbursement record is posted on myUCF under "View My Account" on the Student Center. Charges appearing on the student's account will be deducted at that time. Any remaining financial aid will be processed as a refund with the exception of any Federal Direct PLUS Loan for Parents, which will be disbursed to the parent at their mailing address. If charges remain on the account after disbursements, or if subsequent charges are made to the student's account, it is the student's responsibility to ensure they are paid. Students signed up for direct deposit should allow up to four business days for funds to show in their bank account. For refund checks that are being mailed, students should allow at least a week to receive their check at their current mailing address reflected on myUCF.

Students should be aware of the disbursement process so that they are prepared to use their personal savings for anticipated expenses such as books and supplies at the beginning of the term. The Short Term Advance (STA) for Books or the Textbook Purchase Program is available for students to help with these expenses. The STA application is available for download prior to each term, so that funds may be available as early as two weeks before the first day of classes. For additional information regarding these two programs, visit: [http://finaid.ucf.edu/receiving/funds\\_for\\_books.html](http://finaid.ucf.edu/receiving/funds_for_books.html).

### Satisfactory Academic Progress (SAP)

Federal regulations require the University to establish Standards of Satisfactory Academic Progress as a general eligibility requirement for financial aid. A student must maintain satisfactory academic progress in a course of study regardless of whether the student previously received financial aid or transferred in from another institution.

To meet the standards adopted by the University of Central Florida, a student must:

- Maintain a minimum cumulative GPA of a 2.0 at the undergraduate level.
- Complete a minimum of 70% of all credit hours attempted including accepted transfer hours.
- Graduate within the number of hours allowed by the Satisfactory Academic Progress policy. Students are allowed a specific number of attempted hours based on their classification. This includes transfer hours accepted toward the degree plus all UCF hours (see chart below).

| Classification              | Maximum Hours Allowed For Completing Degree   |
|-----------------------------|---|
| <b>Undergraduate</b>        | 180 Attempted Hours   |
| <b>Second Undergraduate</b> | 70 Attempted Hours  |
| <b>Graduate Certificate</b> | 27 Attempted Hours<br>(includes all hours taken while classified as a graduate certificate student) |
| <b>Masters</b>              | 70 Attempted Hours  |
| <b>Specialist</b>           | 100 Attempted Hours<br>(including all graduate level hours)   |
| <b>Doctoral</b>             | 120 Attempted Hours<br>(including all graduate level hours)   |

Students who do not meet the above standards will be placed on financial aid warning for the next semester. At the end of that semester, students must either meet the standards or aid will be canceled for future terms until student either meets the standards or the student has an appeal approved placing them on financial aid probation with

an academic plan on file demonstrating the requirements for the student to get back on track towards graduation.

Repeated course/s, including the original attempt, will be counted towards the completion ratio and maximum time frame requirements.

For detailed SAP policy information, please refer to the Office of Student Financial Assistance website at: <http://finaid.ucf.edu>.

### Re-establishing Eligibility after Cancellation

Any student with extenuating circumstances, (i.e., death of a relative, an illness or injury of the student, etc.), who is placed on cancellation status may appeal to the Financial Aid Review Committee for reinstatement based on his/her special case.

**If the student was canceled for the failure to complete 70% of the attempted hours and since cancellation, has brought up the percentage to a minimum of 70%, the student will be reinstated during the end of the semester review process. If a student was canceled for not meeting the GPA requirement, they will be placed back on a reinstated status once their GPA has been brought up to the required level during the end of semester review process.**

To appeal, the student must:

- Complete the Satisfactory Academic Progress Appeal Form; (available at <http://finaid.ucf.edu>, under Forms).
- Include a detailed statement that explains the extenuating circumstances that prevented or resulted in the student not meeting the SAP standards.
- Attach documentation supporting specific circumstance(s) to the appeal form;
- Meet with an Academic Advisor and have the advisor complete an Academic Plan for Financial Aid;
- Submit the appeal, supporting documentation, and academic plan to the Office of Student Financial Assistance. After a thorough evaluation of the written request and all supporting documentation, the Financial Aid Review Committee will notify the student of the decision by email communication or the student may view the updated status on myUCF, under View Financial Aid Status.

For detailed SAP policy information, please refer to the Office of Student Financial Assistance website at <http://finaid.ucf.edu/receiving/sap.html>.

### Satisfactory Academic Progress Probation

Students who submit a SAP Appeal that is approved will be placed on Financial Aid Probation, and will be continued on Financial Aid Probation status as long as they successfully comply with the prescribed academic plan that is submitted as part of the SAP Appeal. Progression will be monitored during the probationary period at the beginning and end of each semester to ensure the student is following the prescribed academic plan and successfully matriculating through their program of study. Disbursements will not be made for a semester unless it is verified that the prior review (if applicable) was acceptable and student is in the proper classes for the term in question. All probation students must successfully complete a minimum of 70% of the credit hours that they attempt each semester. In addition, students on probation for GPA and/or completion ratio must make positive progression in the appropriate area(s).

### Transfer Students

Be informed. Not all financial aid programs are transferable and eligibility for some programs will be determined by UCF. The application process must be complete; pay close attention to priority filing dates. If a FAFSA for the year in question has already been filed, request that the federal processor forward the information to UCF, School Code 003954, by utilizing Part II of the Student Aid Report and adding the UCF School Code to the online FAFSA, or calling the Federal Student Aid Information Center at 1-800-4 FED AID. The To Do List on myUCF will indicate any required forms.

Transfer students expecting to receive the Florida Bright Futures Scholarship at UCF are required to contact the Florida Department of Education Office of Student Financial Assistance (OSFA) to transfer their scholarship from their previous institution to UCF. Students can call OSFA at 1-888-827-2004 or log onto the Bright Futures Scholarship website at <https://www.floridastudentfinancialaidsg.org/home/ApplyHere.asp> to transfer the scholarship to UCF.

### Independent Students

You will be classified as independent for financial aid purposes if at least one of the following applies:

- you are 24 years of age or older by December 31 of the award year;

## Student Financial Assistance

- you are married at the time the original FAFSA was filed for the year;
- you are or will be enrolled in a master's or doctorate degree program (beyond a bachelor's degree) at the beginning of the 2017-18 school year;
- you now have or will have children who receive more than half their support from you;
- you have dependents (other than your children or spouse) who live with you and who receive more than half their support from you and will continue to receive more than half their support from you through June 30, 2018;
- you are currently serving on active duty in the U.S. Armed Forces for purposes other than training;
- you are a Veteran of the U.S. Armed Forces. ("Veteran" includes students who have engaged in active duty (including basic training) in the U.S. Armed Forces, or are a National Guard or Reserves enlistee who was called to active duty for other than state or training purposes, or were a cadet or midshipman at one of the service academies, and were released under a condition other than dishonorable. You are not a veteran now but will be one by June 30, 2018.
- at any time since you turned 13, both your parents were deceased, you were in foster care or you were a dependent/ward of the court;
- you are an emancipated minor as determined by a court in your state of legal residence;
- you are in legal guardianship as determined by a court in your state of legal residence;
- your high school or school district homeless liaison determined you were an unaccompanied youth who was homeless or were self-supporting and at risk of being homeless;
- you were determined, by the director of an emergency shelter or transitional housing program funded by the U.S. Department of Housing and Urban Development, to be an unaccompanied youth who was homeless or were self-supporting and at risk of being homeless anytime on or after July 1, 2016; or,
- you were determined, by the director of a runaway or homeless youth basic center or transitional living program, that you were an unaccompanied youth who was homeless or were self-supporting and at risk of being homeless anytime one or after July 1, 2016.

### Transient Enrollment

Students who have been approved to take classes at another institution while attending UCF might have those hours counted toward meeting financial aid requirements for some programs at UCF. Courses taken elsewhere must meet some major or general education requirements to be calculated as part of student aid eligibility. Transient enrollment will not meet eligibility criteria for institutional aid programs, such as UCF Grant, UCF Scholars Award or Pegasus Scholarships. Check the Program Eligibility Chart for detailed requirements for each program. Students who expect to receive funds under any of the federal loan programs must enroll for a minimum of six undergraduate hours at UCF in UCF classes to meet eligibility requirements.

**UCF students attending a Florida public community/state college or university** must complete the Transient Student Admission Application through Florida Shines at <https://www.floridashines.org/>.

**UCF students attending any college or university other than a Florida public institution** must submit the following documents to the Office of Student Financial Assistance on or before the withdrawal deadline of the term in which aid is to be disbursed:

1. Transient Notification Form for Financial Aid for Out of State and Private Institutions.
2. A copy of the Fee Invoice and Class Schedule from the transient (host) Institution.
3. A copy of the Transient Student Approval Form with required signatures from Academic Advisor, Academic Services (if required) and UCF Registrar's Office.
4. A completed Consortium Agreement Form signed by the transient school's Financial Aid Office.

Students who are enrolled in transient hours must make arrangements to pay tuition and fees at the visited school since there is no system for deferral of those tuition and fees. In addition, it is the student's responsibility to ensure that the visited school promptly provides the UCF Registrar's Office with academic transcripts at the conclusion of the term, confirming that the attempted hours are completed. This will help avoid Satisfactory Academic Progress problems.

Students may not receive financial aid from two institutions for the same semester. Students must decide which of the two institutions is the primary school at which they are degree seeking and apply for aid there. Any inaccuracy will result in a mandatory repayment to one of the two schools for the overpayment.

### Over Awards

An over award occurs when a student's award package has exceeded either the unmet need or Cost of Attendance. To prevent over awards, students are required to notify the Office of Student Financial Assistance of any potential awards not already listed on the student's financial aid award summary on the Student Center in myUCF. In the event of an over award, the student's award package is reduced to eliminate the over award, which may result in a repayment to the institution of the over award. This includes late scholarship notifications that may occur during the academic year. Students are advised to discuss the impact of receiving scholarship funding after other financial aid funds have disbursed with the financial aid office.

### Refunds and Return of Title IV Funds

Students should be aware that if they completely withdraw (officially or unofficially) from the university after having received financial assistance, they may be required to repay a portion of that assistance. Students who received Federal Direct Stafford Loans should also know that the Registrar's Office is required to notify the National Student Loan Data System (NSLDS) of student withdrawals. This may change their loan deferment status with their loan servicer(s).

### Professional Judgment

The federal methodology used to determine eligibility for federal student aid is basically the same for all applicants. However, in some cases, special circumstances may be taken into consideration. Students with extenuating circumstances (i.e. loss of employment, divorce, death of parent/spouse, etc.) should contact the office to review their specific situation with a counselor. If a student presents extenuating circumstances, an appeal can be submitted to include support documentation for review. The appeal will be reviewed and a decision will be made through the Professional Judgment review process.

### Repeated Coursework

Federal regulations state that students may only receive federal financial aid funding for one repetition of a previously passed course. As a result, any repeated course/s that the student enrolls in (current or future terms) cannot be used in the calculation of his/her enrollment level for financial aid purposes for that particular term, regardless of whether or not financial aid was received for the course(s). The repeated course(s), including the original attempt, must be counted towards maximum time frame and hours completion ratio requirements for Satisfactory Academic Progress purposes, which can impact a student's financial aid eligibility. For detailed information, visit [http://finaid.ucf.edu/receiving/repeat\\_coursework.html](http://finaid.ucf.edu/receiving/repeat_coursework.html).

### Maximum Time Limitation on Direct Subsidized Loan Eligibility

There is a limit on the maximum period of time an undergraduate student can receive Direct Subsidized loans. First time Federal Direct loan borrowers on or after July 1, 2013, are subject to a maximum time period (measured in academic years) to receive Federal Direct Subsidized Loans. In general, students may not receive Direct Subsidized Loans for more than 150% of the published length of their program of study. This time limit does not apply to Direct Unsubsidized Loans or Direct PLUS Loans. Visit our website for more information.

### Excess Hours Surcharge

In 2009, the Florida Legislature implemented Section 1009.286, Florida Statutes to encourage students to complete their baccalaureate degree as quickly and efficiently as possible and established an excess hours surcharge. The bill requires universities to add a surcharge to each credit hour taken in excess of the total number of credit hours required to complete the degree being pursued. The amount in excess of the total hours is calculated based on a percentage defined in statute and is referred to by UCF as baseline hours limit. The amount charged per credit hour is a calculated amount referred to as the excess hour surcharge.

The financial aid office cannot increase students cost of attendance as a result of being charged the excess hour surcharge nor can federal financial aid be used to pay for this charge. State, institutional, and private funding can however pay this charge. The excess hour surcharge is a state statute and should not be confused with the federal SAP standards. Students are encouraged to meet regularly with their academic advisors to map out a timely completion of their degree. For more information, please refer to <http://registrar.ucf.edu/excess-hours>.

# STUDENT TUITION AND FEES

## Student Account Services

Senior Associate Controller: Kelly D'Agostino  
MH 109; 407-823-2433,  
Email: [stuacct@ucf.edu](mailto:stuacct@ucf.edu)  
<http://www.studentaccounts.ucf.edu/>

### General Information

Student Account Services is here to serve the students who attend the University of Central Florida by maintaining accurate financial records and communicating with students concerning their accounts.

The Student Account Services office is responsible for:

- Tuition and Fee Assessment/Refunds
- Processing Payments
- Overdue payment and institutional loans collection (Loans and Collections)

### Schedule of Fees

**Note: 2017-2018 tuition and fees had not been established at the time of this publication. Rates for the 2017-2018 academic year will be available in July 2017 at <http://tuitionfees.ikm.ucf.edu/>. Fees are subject to change without notice.**

**Tuition and Fees:** Tuition and fees are established by the State Legislature and the University Board of Trustees and are subject to change without notice. Fees are affected by residency status. Tuition and fees are charged per semester or term for main campus, regional campus, and continuing education courses. Tuition is assessed on a per credit hour basis. Students classified as zero-hour registration students are assessed one credit hour at the Florida Resident Tuition rate at the course level for which the student is registered.

**Tuition Fee Invoice:** A student's Fee Invoice will show all tuition and fee charges, payments and deferrals associated with the term, and courses in which the student is currently enrolled. The Fee Invoice will not show fees such as housing, library, parking, etc. Tuition Fee invoices are available 24/7 on the web <https://my.ucf.edu>, and from the student's college advising offices. Students should review their current Tuition Fee Invoice prior to making a payment. Tuition Fee invoices are not mailed. The Tuition Fee Invoice should be reviewed once after initial registration of courses and also after making any changes to the initial registration to ensure that the fees are adjusted accordingly.

**Fee Payment Deadlines:** All University tuition and fees must be paid by the published dates. Tuition and fees not paid or deferred by the payment deadline for each term will result in late fees and may result in the cancellation of all classes. Refer to the Academic Calendar each term for the fee payment deadlines.

**Limited Non-Degree Enrollment Classes:** Payment guidelines for Limited Non-Degree enrollment classes can be found on the "Registration Form for Non-Admitted Students." It is the student's responsibility to officially drop from courses to avoid additional financial obligations.

### Student Financial Responsibility Statement

Registration at UCF requires students to acknowledge the following financial responsibility statement:

**The following agreement includes details on your responsibilities related to, but not limited to the following:**

**You are responsible for paying for any course for which you are enrolled in at the end of UCF's drop period. If your account becomes delinquent, you agree to reimburse UCF for the fees of any collection agency, which may be based on a percentage of the delinquent account balance.**

**Fee Responsibility:** By registering for courses at UCF, I promise to pay the university the principal, and any late fees, fines or penalties, by the due dates stated on my student account and in applicable university catalogs and/or websites. I understand that withdrawal for each term begins after the drop deadline and that I remain fee liable for any class from which I withdraw. I understand that non-attendance does not constitute a drop or withdrawal. I also understand that notifying my professor, advisor, or other university representative does not constitute a drop or withdrawal. If I withdraw from courses with the intent of not returning to UCF, I must also drop courses for any future terms or I shall be fee liable and receive a grade.

**Payment of Fees:** If payment is made by check (electronic or paper) and the check is not honored by my bank, I agree that a returned check fee will be charged to my student account. If I expect financial aid to

pay all or part of my financial obligations to UCF, I understand that it is my responsibility to meet all requirements for aid disbursement to my student account. I authorize UCF to use the financial aid to pay for all education costs charged to my student account in accordance with federal guidelines. I understand that it is my responsibility to ensure that all requirements of grantors, lenders, employers, and other third party payers are met on a timely basis. I understand that despite my expectations for payment from financial aid or other sources, I am ultimately responsible for all charges incurred. I understand that my financial aid may be adjusted due to my student eligibility and/or student status (e.g., part-time, full-time). In connection with any such adjustments, I agree to repay UCF any amounts that the university pays, on my behalf, to lenders or other financial aid providers and that such amounts constitute an educational loan from the university.

**Bankruptcy:** UCF is an institution of higher education. As such, certain financial obligations are considered to be an educational loan offered for the sole purpose of financing an education and therefore is a non-dischargeable debt, pursuant to United States Bankruptcy Code section 523(a)(8).

**Official Notification:** I understand that UCF sends electronic notifications (emails) to my official Knights e-mail account to communicate important updates, and that I am responsible for taking action on correspondence sent to this address.

**Note: The Fall 2017 Financial Responsibility Statement had not been established at the time of this publication.**

### Payment Procedures

Payment must be received or postmarked no later than the fee payment deadlines as specified on the Academic Calendar. The primary form of payment of most account holders is on-line through the E-pay system via the myUCF portal. Students can pay using a check or a credit card in this system. **Payments cannot be transacted by telephone.**

#### Acceptable forms of payment:

##### Personal Checks

Credit Cards (Acceptable credit card types are American Express, MasterCard, and Discover). Please review the Student Account Services website at <http://www.studentaccounts.ucf.edu/> for current payment information.

E-Pay - <https://my.ucf.edu> – E-Check (Personal Check) or Credit Card

- A nonrefundable convenience fee will apply per credit card transaction.
- Payments made at any time on the published fee payment deadline will be considered on time.

#### E-Pay process:

- Sign in the myUCF portal as usual then click on the link for Student Self Service; this will open your Student Center page. Use the right scroll bar to scroll to the Finances section. You will find the **My Account** section.
- Click on the link for the Tuition Fee Invoice. Select the current term (i.e. Summer 2017, Fall 2017, or Spring 2018). The Fee Invoice will provide you your schedule, the charges, the Amount Due and deferrals.
- Annotate the Amount Due as you will need that amount once you are on the E-Pay system.
- Scroll down to the bottom of the page and click on the Due Charges/E-Pay link to make a payment.

Mailed payments: (Please do not send cash)

- Include student's name and PID# on personal checks or money orders (make check payable to University of Central Florida)
- Address payments to:  
University of Central Florida  
Student Account Services  
Attn: Payment Processing  
P.O. Box 160115  
Orlando, FL 32816-0115

Payment Drop – 24-Hour Depository at main campus (located on Reflecting Pond side entrance of Millican Hall) (no cash)

### Other Forms of Payment

Tuition and fees may be partially or completely paid by financial aid, Florida Prepaid, tuition waivers, or departmental grants. The student is responsible to pay any amount that is not covered by these types of payments by the due date on his or her fee invoice.

**Financial Aid – see Student Financial Assistance for rules and procedures.** All fees not deferred by financial aid are due by the due date on his or her fee invoice.

## Student Tuition and Fees

For information regarding Florida Prepaid College Plan or Tuition Waivers, please refer to the Student Account Services website at <http://www.studentaccounts.ucf.edu/>.

### UCF Payment Plan

The UCF payment plan is a 2-payment design in which the student pays \$15 upfront to be allowed to pay only 50% of the total tuition bill by the regular payment deadline, therefore avoiding a late payment fee, and being dropped for non-payment. The student is then responsible for paying the remaining 50% by the Payment Plan deadline on their Fee Invoice. Students receiving financial aid, Florida Prepaid, waivers, or third party payments already have an extended payment deadline and will not be eligible for the UCF payment plan.

### Florida Prepaid

UCF Student Account Services will automatically defer tuition and fees and bill Florida Prepaid (FPP) up to the maximum billable amount based on the number of credit hours enrolled. Students with active FPP deferrals will see the Estimated FPP showing on their Fee InVOICE for the term. Please note that no FPP Plan will cover 100% of the fees associated with the tuition assessed. Student Account Services use an automated system to identify students with active FPP accounts, which eliminates the need to turn in a FPP Card.

### Tuition and Fees for Senior Citizens

Persons 60 years of age or older who meet Florida residency requirements may register to audit classes on a space-available basis without payment of tuition and application fees. Registration is on a **space-available basis**; see the appropriate term's Academic Calendar <http://calendar.ucf.edu> for registration dates and times. The tuition fee waiver cannot be used for courses that require increased costs (such as thesis, dissertation, and directed individual study). A "Florida Residency" Affidavit is required to establish Florida residency. A completed "Student Health History" form must be filed prior to registration. Inquiries should be directed to the Registrar's Office (MH 161; Telephone: 407-823-3100).

### Refund of Fees

A refund of fees will be processed under the conditions noted below. The student must submit a written appeal for a refund or other appeal action to the University within six months of the close of the semester/term to which the refund or other appeal action is applicable. Any debts to the University will be deducted from the refund, up to the full amount.

### Full Refund Eligibility

The following conditions allow a full refund: 1) A class is dropped prior to the end of the Drop period; 2) Cancellation of a course by the University.

### Partial Refund (25%)

25% of tuition and associated fees assessed and paid, adjusted for waivers is refundable when the student withdraws **completely** from the University prior to the end of the fourth week of classes during a 16 or 17 week semester, or at the end of the first quarter of classes during a summer session.

A written appeal for a refund or other appeal action must be submitted to the University within six (6) months of the close of the semester to which the refund or other appeal action is applicable.

### Exceptional Circumstances

Refunds for exceptional circumstances may be available for certain Administrative Record Changes of courses. Up to 100% of tuition and registration fees are refundable if due to circumstances determined by the University to be exceptional, including, but not limited to, sickness, death, involuntary call to military service, or University administrative error. If approved, a Late Withdrawal does not result in a refund of tuition and fees. Please visit the Academic Services website for more information.

A written appeal for a refund or other appeal action must be submitted to the University within six (6) months of the close of the semester to which the refund or other appeal action is applicable.

### Direct Deposit

Students are strongly encouraged to establish direct deposit with the University. Direct Deposit prevents delays due to lost checks or change of address. All refunds from students' accounts can be direct deposited into the student's checking account to any U.S.A. bank in the federal system. Funds are usually available within 24-48 hours after disbursement, and enrollment only takes a few minutes. To enroll, sign in at <https://my.ucf.edu> and click on Student Self Service. Go to the Student Account Services link, then click on Direct Deposit and follow the instructions.

### Past Due Accounts

All financial obligations to the University must be met. **Failure to meet obligations can result in the withholding and denial of registration, diploma, transcripts and readmission to the University.** The services of a professional collection agency and recourse to the courts may also be invoked if deemed necessary. All costs of collection, including attorney's fees, are the responsibility of the debtor.

Do not assume your registration will be canceled if you fail to pay fees or attend classes. Tuition deferrals, for example, will prevent class cancellation for non-payment.

### Late Fees

Late Payment Fees apply to students who do not pay their fees (or obtain a full fee deferment) by the payment deadline. The Late Payment Fee is \$100 per term minimum.

Late Registration Fees are charged to students who enroll following the close of the regular registration period for the term, who re-register, or who enroll for the first time that term during Late Registration and Drop/Swap and Add period. The Late Registration Fee is \$100.00 per term minimum.

Late Payment DNP (Drop for Non-Payment) Fees are charged to students who are dropped for non-payment of courses per term minimum.\*

\*Summer term is divided into sessions, and the late fees are charged per session.

### Florida Residency for Tuition Purposes

At University of Central Florida, three offices are responsible for the review of residency for tuition purposes under Florida Statute 1009.21, F.S., State Board of Education, Rules 6A-10.044 & 6A-20.003, and Board of Governors Regulation 7.005. The offices of Undergraduate Admissions and Graduate Studies determine residency for all first-time-on-campus students; thereafter, the Registrar's Office will review student requests for changes in residency for Undergraduate Students. The College of Graduate Studies will review student requests for changes in residency for graduate students. A first-time-on-campus student will be classified according to the information he or she includes on the application for admission, providing that no other information is available that calls into question the information contained on the application.

To qualify as a Florida resident for tuition purposes in accordance with State regulations, the student must be a United States citizen, resident alien, parolee, Cuban national, Vietnamese refugee, or other refugee or asylee so designated by the United States Citizenship and Immigration Service,

### And

Have established a legal residence in this state and maintained that legal residence for 12 months immediately prior to the term in which they are seeking Florida resident classification. The student's residence in Florida **must** be as a bona fide domicile rather than for the purpose of maintaining a mere temporary residence or abode incidental to enrollment in an institution of higher education, and should be demonstrated as indicated below (for dependent students, as defined by Internal Revenue Service regulations, a parent or guardian must qualify).

## Student Tuition and Fees

### And

Submit the following documentation (or in the case of a dependent student, the parent must submit documentation) prior to the first day of classes for the term for which resident status is sought:

1. Documentation establishing legal residence in Florida (this document must be dated at least one year prior to the first day of classes of the term for which resident status is sought). The following documents will be considered in determining legal residence:
  - a. Declaration of Domicile (**Note:** the Declaration of Domicile will support a claim of residency for tuition purposes only after a period of 12 months from the date that the Clerk of the Court notes that the declaration was sworn and subscribed to them.)
  - b. Proof of purchase of a home in Florida in which the student resides;
  - c. Proof that the student has maintained residence in the state for the preceding year (e.g., leases, employment records).
2. Documentation establishing bona fide domicile in Florida which is not temporary or merely incidental to enrollment in a Florida institution of higher education. The following documents will be considered evidence of domicile even though no one of these criteria, if taken alone, will be considered as conclusive evidence of domicile:
  - a. Declaration of Domicile;
  - b. Florida voter registration;
  - c. Florida vehicle registration;
  - d. Florida driver license or Florida identification;
  - e. Proof of real property ownership in Florida (e.g., deed, tax receipts) where you reside;
  - f. Verification of permanent employment, full-time (30 hours/week x 52 weeks) in Florida by the employer, employment records, or other employment-related documentation (e.g., W-2 paycheck receipts), other than for employment normally provided on a temporary basis to students or other temporary employment. The document must show 12 consecutive months of Florida employment prior to the first day of classes of the term for which the student requests Florida residency;
  - g. Proof of membership in or affiliation with community or state organizations or significant connections to the State;
  - h. Proof of continuous presence in Florida during periods when not enrolled as a student;
  - i. Proof of former domicile in Florida and maintenance of significant connections while absent;
  - j. Proof of reliance upon Florida sources of support;
  - k. Proof of domicile in Florida of family;
  - l. Proof of admission to a licensed practicing profession in Florida;
  - m. Any other factors peculiar to the individual that tend to establish the necessary intent to make Florida a permanent home and that the individual is a bona fide Florida resident, including the age and general circumstances of the individual;
  - n. Proof of graduation from a high school located in Florida.
3. No contrary evidence establishing residence elsewhere;
4. Documentation of dependent/independent status (notarized copy of most recent IRS tax return)

Or

Be married to a person who has been a legal resident of the State of Florida for the required 12-month period and relinquish legal ties to any other state,

Or

Be a member of the Armed Forces on active duty stationed in Florida, or a spouse or dependent, or active drilling members of the Florida National Guard,

Or

Be a member of the full-time instructional or administrative staff of a state public school, Florida College System institution, or university in Florida, a spouse or dependent,

Or

Military Personnel (and spouse/dependent children) not stationed in Florida whose home of record or state of legal residence certificate is Florida,

Or

Be a dependent and have lived five years with an adult relative, who has established legal residence in Florida,

Or

Be a person who was enrolled as a Florida resident for tuition purposes at a Florida institution of higher education, but who abandoned Florida residency and then re-enrolled in Florida with 12 months of the abandonment,

Or

Be a full-time Latin American or Caribbean student who receives scholarships from the federal or state government,

Or

Be a United States citizen living on the Isthmus of Panama who has completed 12 consecutive months of college work at the Florida State University Panama Canal Branch, or a spouse or dependent,

Or

Be a graduate student of the Southern Regional Education Board's Academic Common Market attending Florida's state universities,

Or

Be a full-time employee of a state agency or political subdivision of the state when the student fees are paid by the state agency or political subdivision for the purpose of job-related law enforcement or corrections training,

Or

Be a U.S. Citizen who is a McKnight Doctoral Fellowship recipient,

Or

Be a qualified beneficiary under the Florida Pre-paid Post-secondary Expense Program per s.240.551(7)(a),

Or

Be an active duty member of the Canadian military residing or stationed in this state under the North American Air Defense (NORAD) agreement, or a spouse or dependent,

### And

Submit a statement as to the length of residence in Florida and their residency qualifications under the above criteria. Students requesting Florida residency for tuition purposes shall apply to the appropriate admissions office if they have not yet enrolled, or to the Registrar's Office if they already are enrolled.

### Residency Reclassification

The offices of Undergraduate Admissions and the College of Graduate Studies determine first term at UCF residency for tuition purposes for all newly admitted students. Thereafter, the Registrar's Office will review student requests for changes in residency for Undergraduate Students. The College of Graduate Studies will review student requests for changes in residency for graduate students. The Registrar's Office cannot review student requests for residency reclassification to be effective with the student's first term of enrollment, only subsequent terms.

To request a residency review, the student must submit a completed "Residency Reclassification Application and Affidavit" and supporting documents to the Registrar's Office (MH 161) or Graduate Studies (MH 230). This form is available either at the Registrar's Office or online at <http://registrar.ucf.edu>. This form must be accompanied by copies of all documents that support the student's Florida residency claim. Residency reclassification requests are subject to Florida Statute 1009.21, F.S., State Board of Education, Rules 6A-10.044 & 6A-20.003, and Board of Governors regulation 7.005. In addition, University policy requires students requesting residency reclassification to provide documentation establishing that they have income or personal sources to meet financial obligations of attendance and living expenses. Contact the Registrar's Office at 407-823-3100 for additional information regarding all residency reclassification requirements.

When building a case for Florida residency for tuition purposes, the student must submit documents from a variety of categories. Students may consult the Registrar's Office before submitting the reclassification request and supporting documents. The submission of documents in itself does not qualify the student for Florida residency for tuition purposes. The Registrar's Office will evaluate the submitted documents and available information and will render an eligibility determination. UCF is authorized to make discretionary judgments as to residency within the bounds of the law and in reaching this professional judgment will evaluate all documents submitted and information available. No single document shall be conclusive.

Students seeking residency reclassification should understand that living in or attending college in Florida does not automatically establish

## Student Tuition and Fees

residency in Florida for tuition purposes. The student who comes to Florida to enroll in a Florida post-secondary educational institution as an out-of-state resident and continuously enrolls in a Florida institution normally will not meet the Florida residency requirement for in-state tuition regardless of the length of time enrolled. Living or attending school in Florida merely evidences physical presence. The student must provide documentation verifying that he or she has formed significant legal ties to the State of Florida. This documentation must establish that the Florida residence constitutes a bona fide domicile rather than serving the purpose of maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education. Evidence establishing legal ties to states other than Florida may disqualify the student from Florida residency for tuition purposes. All determinative documents must be dated at least 12 months before the first day of class for the term in which residency is sought.

Students entering the second term of enrollment at UCF or later who believe that they qualify for Florida residency must submit the "Residency Reclassification Application and Affidavit" and all documents to the Registrar's Office (MH 161) or Graduate Studies (MH 230) prior to the close of "Late Registration and Add period" for the

term in which Florida residency is requested. Approved residency reclassification will not be applied retroactively to previous terms.

The Registrar's Office or Graduate Studies may require additional documentation beyond that initially submitted by the student or the claimant before it can render a reclassification eligibility determination and it will not complete its review of the residency reclassification application until both the student and the claimant have submitted all requested documents.

All readmitted students are required to submit copies of two documents (more may be requested) such as, driver's license, vehicle registration, and/or voter registration, to verify that they qualify and to update residency information on file. Requests for proof of residency for UCF students looking to transfer or become transient students at another institution must be submitted in person or in writing.

UCF is authorized to make discretionary judgments as to residency within the bounds of the law and in reaching this professional judgment will evaluate all documents submitted and information available. Students who feel an erroneous decision was made regarding their residency reclassification may request an appeal in writing to the UCF Residency Appeals Committee through the Registrar's Office.

# DIVISION OF STUDENT DEVELOPMENT AND ENROLLMENT SERVICES

## Division of Student Development and Enrollment Services

*Vice President for Student Development and Enrollment Services:*  
Maribeth Ehasz  
MH 282; 407-823-4372  
<http://www.sdes.ucf.edu>

### Introduction

The Division of Student Development and Enrollment Services (SDES) engages students in the total collegiate experience – from identification, recruitment, matriculation, and investment, to successful progression, graduation, and employment in a global workforce. This is accomplished by providing opportunities for enriched student development, leadership growth, experience-based learning, values education and civic engagement which lead to overall student success. SDES affirms that the student who comes to UCF should not be the same student who graduates from UCF. We embrace the tenets of the UCF Creed – Integrity, Scholarship, Community, Creativity, and Excellence as a framework for developing student learning outcomes to facilitate transformational learning.

Goals of the division are to:

- Promote student progression to graduation, graduate and professional school, and productive employment.
- Create opportunities for students to develop and strengthen leadership skills.
- Assist students to further develop purpose, integrity, ethical practices, and civic responsibility.
- Embrace diversity and inclusiveness.
- Foster student engagement in the Central Florida city-state and the global community.

### Academic Services for Student-Athletes (ASSA)

*Director and Senior Associate Athletic Director:* Eric A. Wood  
Wayne Densch Center for Student-Athlete Leadership;  
407-823-5896  
Email: [assa@ucf.edu](mailto:assa@ucf.edu)  
<http://assa.sdes.ucf.edu>

The Office of Academic Services for Student-Athletes, which is housed within SDES, works in collaboration with the Athletics Department to assist student-athletes in their efforts to establish and achieve their personal, professional and academic goals. In addition, ASSA ensures student-athletes understand NCAA Division I, American Athletic Conference and UCF academic eligibility rules and requirements.

ASSA services include:

- Providing transition services that promote the academic success of student-athletes.
- Guiding student-athletes in their selection of meaningful and appropriate major and minor fields of study.
- Assisting student-athletes with course registration, understanding of policies and procedures, and tracking progress towards degree completion.
- Organizing study halls, academic mentoring, and tutorial services.
- Directing students to utilize the full spectrum of other university services.
- Preparing student-athletes in their career planning and development.
- Assisting student-athletes with educational impacting disabilities including learning assessments and accommodations.
- Providing student-athletes with computer access and services.

### Activity and Service Fee Business Office (ASF)

*Director:* Richard Phillips  
SU 215; 407-823-5548  
Email: [asf@ucf.edu](mailto:asf@ucf.edu)  
<http://asf.sdes.ucf.edu>

The Activity and Service Fee Business Office services the purchasing, accounting and personnel needs of Activity and Service Fee funded departments and agencies and provides a variety of services to UCF students. ASF is also a support office for registered student organizations and UCF students that are allocated Activity and Service Fee funds by the Student Government Association. The office administers an online financial training course that must be completed by all students that are allocated Activity and Service Fee funds and by the officers of all registered student organizations. In addition, the office manages the Student Government Association Ticket Center which sells a variety of specially-priced tickets to local theme parks, movie theaters, and attractions.

### Career Services (CS)

*Executive Director:* Lynn Hansen  
CSEL; 407-823-2361  
Email: [career@ucf.edu](mailto:career@ucf.edu)  
<http://career.sdes.ucf.edu>

Career Services offers a comprehensive range of services to help UCF students of any major reach their academic and career goals with a talented staff of career professionals. These comprehensive services are designed to help first year through graduate students with all phases of career development to include:

## Division of Student Development And Enrollment Services

- Major and Career Choices.
- Academic and Career Information.
- Resumes and Cover Letters.
- Interviewing Skills.
- Job Search Strategies.
- Employment Assistance (Career Fairs, On-Campus Recruiting, and Job Postings).
- Graduate School Information.

These programs and services are available through drop-in assistance, scheduled appointments, workshops, and major events.

### Counseling and Psychological Services (CAPS)

*Director:* Karen Hofmann

Counseling and Psychological Services Center; 407-823-2811

Email: [councntr@ucf.edu](mailto:councntr@ucf.edu)

<http://caps.sdes.ucf.edu/>

Counseling and Psychological Services serves currently enrolled UCF students seeking assistance with developmental and mental-health related concerns by offering a wide variety of services and programs free of charge. CAPS is composed of professional staff including licensed (and licensed eligible) psychologists, mental health counselors, social workers, and graduate level counselors-in-training who provide a safe and confidential environment in which students can explore and resolve personal concerns and issues. CAPS is open Monday through Thursday, 8 a.m.-6 p.m. and Friday, 8 a.m.-5 p.m., during fall and spring semesters and Monday through Friday, 8 a.m.-5 p.m., during the breaks and summer semesters.

CAPS offers:

- Short-term individual therapy.
- Group therapy and workshops.
- Crisis intervention and walk-in appointments.  
\* *Crisis afterhours hotline: 407-823-2811 Press #5*
- Couples therapy (\*both need to be UCF students).
- Outreach presentations and workshops.
- Consultation to faculty, staff, parents, and students.
- Referral services to community and campus resources.

### Creative School for Children (CSC)

*Director:* Amy Hesse

CSC1; 407-823-2726

Email: [csc@ucf.edu](mailto:csc@ucf.edu)

<http://csc.sdes.ucf.edu>

The Creative School for Children is an Educational Research Center for Child Development that provides quality early learning experiences for children ages 6 weeks to 5 years old. The school is accredited by the National Association for the Education of Young Children (NAEYC) and is certified Florida Gold Seal. The learning environment in the CSC classroom is facilitated by highly skilled, degreed teachers who offer a wide variety of experiences through the implementation of the Creative Curriculum, the Project Approach and Conscious Discipline in art, music, language, motor skills, science, math, social studies, perceptual development, socialization, and self-discovery. Planned field trips and special family programs are part of the annual schedule. CSC offers the Florida State Voluntary Pre-K (VPK) program for age eligible four-year-old children and now offers an evening program for children ages 2-12 years old and Summer Camp for children 6-12 years old. Evening care runs concurrently with the UCF and CSC academic calendar. Experiences in observation, volunteerism, and training in the academic areas are available to university students and opportunities for educational research are available to university faculty, undergraduate and graduate students. The school enrolls children of university students, employees of the university, and community members. Operating hours are 7:30 a.m.-5:30 p.m., Monday through Friday. Evening program hours are 5:35-9:15 p.m., Monday through Thursday, during the fall and spring semesters.

### First Year Advising and Exploration (FYAE)

*Director:* Stephen O'Connell

HPH 116; 407-823-3789

Email: [fy@ucf.edu](mailto:fy@ucf.edu)

<http://fyae.sdes.ucf.edu/>

UCF recognizes that starting in a new learning environment can present many challenging life transitions for incoming freshman students. First Year Advising and Exploration has been established to prepare and advise first-time-in-college students not assigned to other SDES advising offices. The overriding mission of the office is to assist first-year students by providing numerous academic advising support services and other programs that will lead to their overall satisfaction, success and progression at UCF. Students who have not selected a

major (Undeclared students) are provided focused advising support services through the Major Exploration Program to assist them in the major selection process.

To fulfill this mission, each student is assigned a specific academic advisor who connects with the student through various activities such as orientation, individual appointments, outreach programs, and email and phone communication. The office focuses its efforts on providing proactive academic advising support, establishing early and regular communication, and providing outreach advising activities for first-year students. FYAE also offers academic advising at their satellite office located in Academic Village. FYAE advisors have been designated for first-year students in the EXCEL, COMPASS, freshman LEARN living learning community, STEP, Pegasus Success, SOAR, CAP and Out of State Student Mentoring (OSSM) living learning community programs. In addition, high school students admitted to UCF as part of the Early Admission or Dual Enrollment programs are advised through FYAE.

FYAE advisors assist all undeclared students in major exploration and connecting with Career Services and referrals to the appropriate Colleges Offices. FYAE collaborates with the college advising support units, and other campus student support offices, in providing information resources and academic advising services through advising appointments, and student outreach program sessions. The office also supports student engagement throughout the second year.

### Major Exploration Program (MEP)

HPH 116; 407-823-3789

<http://mep.sdes.ucf.edu>

The MEP has been developed to provide structured experiences to assist students are undecided about a major. Students are provided major exploration and career development connections as primary advising initiatives so they can make an informed decision on their future major at UCF. MEP has several components including coordinated academic advising services from a first year advising office, major and career exploration programming activities, and online assessments. The program's services are also available to first-year students who are unsure about their major choice and to those considering a change of major.

### First Year Experience (FYE)

*Interim Director:* Paige Woods

HPH 216; 407-823-5105

Email: [fye@ucf.edu](mailto:fye@ucf.edu)

<http://fye.sdes.ucf.edu>

The First Year Experience office combines orientation with extended first year transition programs including UCF's official Welcome Week, Pegasus Palooza, LINK (Learning and Interacting with New Knights), Convocation: The Knighting, Common Reading Program, Out of State Student Mentoring Program (OSSM), and the Strategies for Success course (SLS 1501). FYE assists entering freshmen and transfer students with their transition to UCF by providing information about student services, campus life, academic support, academic advising, and registration. Freshmen and transfer students are required to attend an orientation session prior to registering for classes. Students register for the program by visiting the FYE website at <http://fye.sdes.ucf.edu>. In addition, LINK assists FTIC students in their transition by creating, coordinating and promoting campus-wide, co-curricular educational programming and activities. Students also have the opportunity to serve in a variety of leadership roles with FYE including the Orientation Team (O-Team), OSSM peer mentors, Strategies for Success course peer mentors, Pegasus Palooza executive board members, and Student Orientation Coordinators. FYE also oversees the Pegasus Parent Program, which aims to provide parents and family members of UCF students with important information about UCF and its resources. Family Weekend is a part of the Pegasus Parent Program and occurs every fall semester during a home football game weekend.

### Fraternity and Sorority Life (FSL)

*Director:* Woody Joseph

4100 Greek Park Drive (Fraternity and Sorority Life Building);

407-823-2072

<http://fsl.sdes.ucf.edu>

The Fraternity and Sorority Life office is committed to providing excellence in active advising of fraternity and sorority leaders that will create lifelong bonds through the principles encompassed in fraternal values. FSL fosters an inclusive environment and commitment to student growth, academic excellence, civic engagement, leadership development, positive relationships, and risk-reduction education. It encompasses small group living and more importantly, developmental

## Division of Student Development And Enrollment Services

programming for individuals, chapters, chapter alumni boards, house corporation officers, and collegiate governing boards (*i.e.*, *Panhellenic Council (PAN)*, *Interfraternity Council (IFC)*, *National Pan-Hellenic Council (NPHC)*, *Diversified Greek Council (DGC)*, and the *Greek Council*).

FSL can offer students a "home away from home," a scholastic support system, networking opportunities, an organization for community service, transferable skills for management and leadership development, and a foundation for long-lasting friendships. You can follow what's happening within the Greek community via our Facebook page or on Twitter. Currently, there are 49 fraternities and sororities on UCF's campus with more than 4,000 active Greek students. Greek organizations give college men and women a chance to excel in any area they choose and include students of every race, religion, culture, and background. Students are encouraged to take a closer look at UCF's Greek community through participation in fraternity or sorority recruitment. It is important to be familiar with each council's specific recruitment or new member intake process. For details, visit <http://fsl.sdes.ucf.edu> and select "Councils." We encourage you to familiarize yourself with all of the councils to better understand the diversity of the Greek community and what each council has to offer.

### Housing and Residence Life (HRL)

*Executive Director:* Christi Hartzler

HAB 123; 407-823-4663

<http://www.housing.ucf.edu>

The Department of Housing and Residence Life offers housing on the Orlando campus and the Rosen College of Hospitality Management campus for regularly enrolled students paying tuition and fees for a minimum of nine credit hours. Living on campus is strongly encouraged for first-year students, and limited space is available to upper-classmen and graduate students. Eligibility information can be found on our website. Incoming first-year students may apply for housing immediately after being offered admission to the university. The online application process is available through myUCF. There is not enough on-campus housing for all students. Therefore, all students desiring to live on-campus should apply as early as possible. Application

periods include academic-year agreements (fall/spring) with a separate application for summer or 11.5 month annual agreements (fall/spring/summer). Many types of housing are available, ranging from suite-style shared-bedroom residence halls to luxury apartments with private bedrooms and bathrooms. Many first-year students who apply for academic year agreements will receive assignments in shared-bedroom suite-style residence halls. Private bedrooms in apartments are guaranteed only in the Towers at Knights Plaza located on the Orlando main campus, NorthView, located adjacent to the main campus or the Rosen College of Hospitality Management Student Apartments, located at the Rosen Campus. More information on the different housing options, rates, floor plans, etc., is available online at <http://www.housing.ucf.edu>.

Several different meal plans are available through UCF Dining Services. Information about meal plans is available online at <http://www.ucfdining.com>.

### LEAD Scholars Academy (LSA)

*Director:* Stacey Malaret

FC 165; 407-823-2223

<http://lsa.sdes.ucf.edu>

The mission of the LEAD Scholars Academy is to establish an environment that will provide comprehensive leadership education, development, and civic engagement opportunities for the UCF community. Through collaboration and partnerships, the LSA incorporates established leadership models to create professional, academic and experiential opportunities that challenge, empower, and educate students to become social change agents and encourages citizenship in a global society.

The primary vision for the area is the development of an intentional and comprehensive program that targets specific groups, as well as provides campus-wide opportunities for students regardless of their class standing and/or level of involvement experience. Leadership programs will vary in duration from an extended program that may last several weeks or years to a one-day workshop. The focus is to provide a variety of programmatic options that recognize students have different needs, time constraints, and levels of interest.

## Division of Student Development And Enrollment Services

The LSA first-year program provides academic, service and experiential opportunities for students that combine in and out of classroom challenges in both an academic and co-curricular environment. The application process for this program is open to all first time in college students prior to the beginning of their UCF career. Those accepted into the program have achieved student success.

All UCF students may participate in the LSA through various experiential tracks including civic engagement, women's leadership, multicultural leadership, undergraduate research, the virtual leadership academy, global leadership, and the Clinton Global Initiative University program.

Additional programs are developed throughout the year to provide leadership enhancement and empowerment opportunities for UCF students. Through programming, networking, mentoring, personal development or experiential training, UCF students learn the skills needed to hold various leadership positions on campus and within their chosen career.

### Multicultural Academic and Support Services (MASS)

*Director:* Wayne Jackson

SU 154; 407-823-2716

<http://mass.sdes.ucf.edu>

The Office of Multicultural Academic and Support Services provides comprehensive academic support, cultural enrichment, consultation, and referral services that promote the retention and graduation of multicultural and First Generation college students. MASS offers personalized advising and support; monitors academic progress; sponsors a six-week summer program, Seizing Opportunities for Achievement and Retention (SOAR); coordinates the Brother to Brother, Knight Alliance Network (for Foster Care alumni) and Multicultural Transfer Students Programs. MASS serves as the focal point of operations in addressing the specific needs, issues, and concerns that confront multicultural and First Generation college students at UCF.

### Neighborhood Relations and Safety Education (NRSE)

*Assistant Vice President, Student Development and Enrollment*

*Services:* A.J. Range

12424 Research Parkway, Research Pavilion, Suite 110;

407-823-6505

<http://snr.sdes.ucf.edu>; <http://offcampus.ucf.edu>

While Neighborhood Relations and Safety Education is charged with assisting and providing unbiased information and resources for students, parents, faculty, and staff with their search for off campus housing accommodations, its first mission, however, is to support and promote on campus housing for students. The NRSE office also has contact with and communicates to local off campus apartment communities regarding student housing opportunities. This office also offers neutral guidance and instructions for students wishing to sublease their off campus apartment; and offers "moving off campus" consultations and information about local services, transportation, and furniture rental.

NRSE further serves UCF students, who live off campus, with directions and information regarding a variety of on campus programs, events, activities, and services. This office fosters a supportive and developmental environment for off campus students by providing advocacy for resolving problems, "on the spot" or through campus referrals, and by exploring other available resources. Moreover, NRSE also works in the local neighborhoods, adjacent communities, and nearby subdivisions with the HOAs, local police officers, community leaders, residents, and students to create, build, and enhance good neighborhood relations and effective civic engagement and responsibility. Finally, NRSE provides alerts, awareness, and education to students in an effort to prevent, protect, respond, and recover from safety and security challenges off campus.

### Office of Student Involvement (OSI)

*Director:* Shane Juntunen

SU 208; 407-823-6471

Email: [osi@ucf.edu](mailto:osi@ucf.edu)

<http://osi.ucf.edu>

The mission of the Office of Student Involvement is to provide quality programs, services, and leadership opportunities that enrich students' academic endeavors and enhance the campus environment. Students and staff collaborate to develop programs and services which encourage student's personal growth, promote civic responsibility, embrace differences, and connect students to the campus and the community.

To fulfill our mission, OSI's staff members oversee the registration and management of more than 600 registered student organizations

(RSOs), as well as the advisement and coordination of the following student groups: Black and Gold Studios, Campus Activities Board (CAB), Graduate Outreach (GO) Homecoming, Knight-Thon, Knights of the RoundTable (KoRT), Late Knights, Regional Outreach Services (ROS), Student Government Association (SGA), Volunteer UCF (VUCF), and Knights of the Turntables, OSI's DJ service. OSI wishes to support all members of our UCF community and encourages any person in need of an accommodation to participate in our programs or services to email us at [osi@ucf.edu](mailto:osi@ucf.edu). OSI is funded by SGA.

### Office of Student Rights and Responsibilities (OSRR)

*Executive Director, Assistant Dean of Students, Deputy Title IX*

*Coordinator:* Dana Juntunen

Ferrell Commons, Building 7G, Suite 227; 407-823-4638

<http://osrr.sdes.ucf.edu>; <http://goldenrule.sdes.ucf.edu>;

<http://cares.sdes.ucf.edu>; <http://osrr.sdes.ucf.edu/titleix>

The Office of Student Rights and Responsibilities promotes a campus climate of integrity, civility, accountability and student well-being by providing a wide array of resources, education, and support services for the university community. OSRR is comprised of: Student Conduct, Integrity and Ethical Development and Student Care Services. OSRR also oversees the Golden Rule Student Handbook, The UCF Creed and Title IX reports perpetrated by a student on a student.

### Office of Integrity and Ethical Development (IED)

*Director:* Jennifer Wright

Ferrell Commons, Building 7F, Suite 138; 407-823-3477

<http://ied.sdes.ucf.edu>

The Office of Integrity and Ethical Development specializes in the promotion of individual responsibility and personal development.

Emphasis is on the promotion of academic integrity and prevention academic misconduct. Programs are designed to bring awareness to topics such as integrity, personal accountability, ethical decision making, and professionalism. Services include coaching sessions, excellence in decision making seminar, academic integrity workshops, and support services. Workshops are offered every semester designed to provide students (undergraduate/graduate) and student organizations with the college life skills necessary for academic and personal success at UCF.

### Office of Student Conduct (OSC)

*Director:* Michael Gilmer

Ferrell Commons, Building 7G, Suite 227; 407-823-4638

<http://osc.sdes.ucf.edu>

The Office of Student Conduct handles complaints against UCF students and student groups (but not faculty or staff). The complaint must indicate a possible violation of one or more of the Rules of Conduct or Conduct Regulations of Student Organizations located in the Golden Rule Student Handbook. Copies of the Golden Rule Student Handbook may be obtained at viewed on the internet at: <http://goldenrule.sdes.ucf.edu>.

### Student Care Services (SCS)

*Associate Director:* Ann Marie Palmer

Ferrell Commons, Building 7F, Suite 138; 407-823-5607

<http://scs.sdes.ucf.edu>; <http://cares.sdes.ucf.edu>

Student Care Services offers guidance, resources, and referrals to UCF students who are experiencing a distressing situation which significantly impacts academic or personal success. The SCS team coordinates referrals to campus and community resources, develops action plans for student success, oversees the Student of Concern process, and provides education and outreach to university and community members. Our goal is to intervene before a student reaches crisis level and ensure the safety of both the student and the UCF community. SCS also oversees UCF Cares, an umbrella of care-related programs, resources and staff dedicated to fostering a caring community of Knights.

### Office of Student Success (OSS)

*Director:* TBA

Barbara Ying-CMMS 101; 407-823-6239

Email: [studentsuccess@ucf.edu](mailto:studentsuccess@ucf.edu)

<http://oss.sdes.ucf.edu>

The Office of Student Success provides data and project management in support of strategic initiatives, within the division of Student Development and Enrollment Services, that impact retention, completion and student success. The Office is committed to university-wide partnerships to support the use of predictive analytics as a resource for data-driven decisions.

## Division of Student Development And Enrollment Services

### Recreation and Wellness Center (RWC)

*Executive Director:* James Wilkening  
RWC; 407-823-2408  
<http://rec.ucf.edu>

The Recreation and Wellness Center is known on campus as UCF's "Greatest Place to Play." The mission of the RWC is to foster healthy lifestyle choices and wellness through efficient services, comprehensive programs and high-quality facilities. The RWC is designed to enrich campus life and advance the university's educational mission. Benefits of participation include the application of leadership, decision-making, problem solving, conflict management, communication and social skills. We strive to provide the safest, cleanest, highest quality, most dependable and enjoyable services. The RWC aspires to create an environment in which we celebrate the differences we share across the spectrum of human diversity. The RWC strives to set and stay ahead of the national standards for university recreational programs and facilities by offering unique and innovative student development and leadership opportunities, while seeking to be inclusive and adaptable to the needs of all UCF students.

The RWC is comprised of six different programs: Athletic Training, Aquatics, Fitness (which includes Adaptive and Inclusive Recreation and Student Assisted Workout for students with disabilities), Intramural Sports, Outdoor Adventure and Sport Clubs. The RWC also includes outdoor facilities: tennis courts, sand volleyball courts, a lap and leisure pool, the RWC Park (turf and grass fields and a soft-ball/baseball field), the Challenge Course, a disc course and the William E. and Mary Jo Davis Recreation Area at Lake Claire. The indoor facilities include the main building and RWC @ Knights Plaza. The RWC facilities and programs offers are open to students of any ability with a valid UCF ID. Memberships are available to non-students. The RWC is funded by the Student Government Association.

### Wellness and Health Promotion Services (WHPS)

*Director:* Maureen Hawkins  
Recreation and Wellness Center Building, Suite 111; 407-823-5841  
<http://whps.sdes.ucf.edu>

Wellness and Health Promotion Services aims to assist every UCF student in being a "Healthy Knight" and coordinates the campus Healthy Knights 2020 initiative. WHPS recognizes the role of lifestyle in health, wellness and academic success, by offering a wide range of health promotion and risk reduction services on topics including: sexual wellness, nutrition, stress management, sleep hygiene, body acceptance, smoking cessation, and healthy relationships. A variety

of services are provided by health professionals including screening and education, along with HIV testing and counseling, wellness coaching and biofeedback assisted relaxation training. Trained Peer Health Advocates help promote healthy behaviors both by staffing Health Huts around campus and by facilitating interactive workshops.

### Registrar's Office (RO)

*University Registrar and Executive Director:* Brian C. Boyd  
MH 161; 407-823-3100, HelpLine: 407-823-3533  
Email: [registrar@ucf.edu](mailto:registrar@ucf.edu)  
<http://registrar.sdes.ucf.edu>

The Registrar's Office, with a commitment to quality service and leading edge technology, provides timely and accurate enrollment information and access for students, colleges and departments, effectively meets student administrative needs, ensures complete records management from registration through graduation and archived data stores. The office maintains the integrity of student permanent academic records and implements procedures in accordance to university policies through campus-wide communication, collaboration, and leadership. In addition, the Registrar's Office is responsible for management of efficient utilization of classroom resources, readmission, transient student admission, residency reclassifications, student veteran services, NCAA Division I initial and continuing eligibility, the Knights Graduation Grant Initiative, Commencement, and publication of course offerings, Commencement programs, the *Undergraduate Advising Guide*, and the online *Undergraduate Catalog*.

### SDES TRiO Center

*Director:* Rebekah McCloud  
HPH 208/214; 407-823-4165  
<http://trio.sdes.ucf.edu>

### PRIME STEM

PRIME STEM/Student Support Services is a federally-funded TRiO program (U.S. Department of Education). The program supports college students pursuing STEM (Science, Technology, Engineering and Mathematics) and Health Sciences majors who are first-generation, low income, and/or have a documented disability. The project offers academic support services and resources to assist PRIME STEM scholars to successfully complete a STEM or Health Sciences degree. As an advocate for access to higher education, PRIME STEM/Student Support Services is committed to providing the support necessary to empower participants in developing and achieving academic goals.

## Division of Student Development And Enrollment Services

### Project BEST

Project BEST (Building Exemplary Scholars for Tomorrow)/Student Support Services is a federally-funded TRiO program (U.S. Department of Education). The program supports 144 college students who are first-generation, low income, and/or have a documented disability. The project offers support services and resources to assist scholars in transitioning from one level of higher education to the next and to successfully completion of an undergraduate degree in any major. As an advocate for access to higher education, Student Support Services is committed to providing the support necessary to empower participants in developing and achieving academic goals.

### Project PACE

Project PACE (Pursuing Academic & Career Excellence)/Talent Search is a federally-funded TRiO program (U.S. Department of Education). The program supports and empowers first generation individuals from disadvantaged backgrounds. Talent Search provides learning resources, promotes educational persistence in secondary education and fosters a culture of success and personal motivation that helps students to successfully graduate from high school and pursue higher education. The program supports Orange County Public Schools students who attend Wekiva High School, Piedmont Lakes Middle School and Lockhart Middle Schools. The program also provides services to adult learners (19-27) who have yet earned a secondary school diploma or a GED.

### Project REACH

Project REACH (Reaching Every Academic and Career Horizon)/Talent Search is a federally-funded TRiO program (U.S. Department of Education). The program supports and empowers first generation individuals from disadvantaged backgrounds. Talent Search provides learning resources, promotes educational persistence in secondary education and fosters a culture of success and personal motivation that helps students to successfully graduate from high school and pursue higher education. The program supports Orange County Public Schools students who attend Colonial High School, Union Park Middle School, Jackson Middle School and Liberty Middle Schools. The program also provides services to adult learners (19-27) who have yet earned a secondary school diploma or a GED.

### Social Justice and Advocacy (SJA)

Director: Edwanna Andrews  
SU 207; 407-823-0401  
Email: [sja@ucf.edu](mailto:sja@ucf.edu)  
<http://www.sja.sdes.ucf.edu>

Social Justice and Advocacy is responsible for providing oversight to the Multicultural Student Center and LGBTQ+ Services. The mission of SJA is to promote an equitable campus environment where all are assured that diversity, in its many forms, is valued. We will support efforts to increase equal access to campus resources and opportunities, while cultivating inclusiveness to the least advantaged members of the campus community. SJA will advocate to decrease obstacles that prevent students from succeeding at UCF. SJA, MSC and LGBTQ+ Services provides programming and initiatives to advocate for a socially just campus community.

### Student Academic Resource Center (SARC)

Director: Rebecca Piety  
HPH 113; 407-823-5130  
Email: [sarc@ucf.edu](mailto:sarc@ucf.edu)  
<http://sarc.sdes.ucf.edu>

The Student Academic Resource Center provides high-quality programs and services that enable UCF students to achieve their academic goals. Programs include: Supplemental Instruction (SI), peer tutoring, learning skills consultations, academic coaching, and academic success workshops. The SI program focuses on providing assistance to students enrolled in historically difficult courses such as human anatomy, biology, chemistry, microbiology, engineering, computer science, and physics. By attending these peer-led study sessions, students have an opportunity to meet outside of class to compare notes, discuss important concepts, and develop strategies on how to learn the subject matter. Free peer tutoring is also available for many UCF subject areas, such as accounting, physics, engineering, statistics, and biology, to name a few. In total, SARC provides group tutoring for more than 30 different courses. Learning skills specialists are also available for students who need college-level study skills advice or those who wish to enhance their educational experience. The Academic Coaching & Engagement (ACE) Program provides free one-on-one, ongoing peer coaching to help undergraduate students

develop important academic and life skills. Each semester, SARC offers a series of academic success workshops designed to address common student issues. Among these are test-taking strategies, time management, goal setting, and classroom etiquette. SARC also offers study skills assessments and online resources to help students become successful at the college level.

### University Testing Center (UTC)

HPH 106; 407-823-5109  
Email: [utc@ucf.edu](mailto:utc@ucf.edu)  
<http://utc.sdes.ucf.edu>

The University Testing Center provides academic and professional testing services for UCF students and the community. UTC is an institutional, state, and national standardized test center. Institutional and state tests include Accuplacer; Distance Learning/Correspondence Exams; ETS Field Test in Biology, Florida Teacher Certification Examinations (FTCE); Foreign Language Proficiency Exam (FLPE); Grammar Proficiency Exam (GPE); UCF Math Placement Test; and Test of Essential Academic Skills (TEAS).

UTC administers the following national standardized examinations:

- ACT Residual Test.
- College Level Examination Program (CLEP).
- Graduate Record Examinations (GRE) – Subject Areas.
- Law School Admissions Test (LSAT).
- Test of English as a Foreign Language (TOEFL iBT and ITP).

Accommodations for students with disabilities are made available in coordination with the Office of Student Accessibility Services.

### Student Accessibility Services (SAS)

Executive Director: Adam Meyer  
FC 185; 407-823-2371  
Email: [sas@ucf.edu](mailto:sas@ucf.edu)  
<http://sas.sdes.ucf.edu>

The Office of Student Accessibility Services facilitates campus access and reasonable accommodations for students with disabilities. Such access may include, but are not limited to, classroom accommodations (including examination accommodations), alternative format text materials, captioning/interpreters, and information and referral to campus and community services. Reasonable accommodations are available to, but not limited to, students with ADHD, hearing and visual impairments, physical disability and/or health-related impairment, psychological and/or psychiatric disability, specific learning disability (such as dyslexia), speech impairment, or other disabilities. After admission to the university, students who want to explore reasonable academic accommodations should connect with SAS. Students can meet with a consultant in-person, by phone or via Skype. Students should not worry about having the “right” documentation at the time of the meeting. Any documentation needs can be discussed during the initial conversation. The most up-to-date initial contact procedures can be found at <http://www.sas.ucf.edu>. Students are encouraged to come to SAS and explore the possibilities and options without feeling a need to commit to utilizing any resources. The student determines how to proceed based on the information presented and personal preferences. All information is confidential and will be used only to coordinate accommodations with appropriate UCF personnel.

### Inclusive Education Services (IES)

Location FC 155; 407-823-2371  
Email: [ies@ucf.edu](mailto:ies@ucf.edu)  
<http://ies.sdes.ucf.edu/>

The office of Inclusive Education Services provides an innovative and distinctive post-secondary educational experience to individuals with intellectual disabilities. The office facilitates meaningful immersive UCF community experiences for college students with intellectual disabilities via diverse academic, professional, personal, and social opportunities with the goal of advancing employability, independence and life satisfaction. Students admitted to UCF through this initiative will enroll as non-matriculated students. Please contact IES directly for more information.

### Student Financial Assistance (SFA)

Director: Alicia Keaton  
MH 107; 407-823-2827  
<http://finaid.ucf.edu>

The Office of Student Financial Assistance is dedicated to supporting UCF's mission and goals through the efficient delivery of student aid. The office provides UCF students with a comprehensive offering of financial assistance options to support student success and the attain-

## Division of Student Development And Enrollment Services

ment of a university degree. Financial aid counseling is available on a walk-in basis. To protect the privacy of student records, SFA offers limited counseling services through phone and email.

### Student Government Association (SGA)

*Advisor:* Shane Juntunen  
SU 214; 407-823-2191  
<http://www.ucfsga.com>

The Student Government Association's purpose is to represent student views on issues affecting UCF and to promote progressive changes that improve campus life. In advocating better communication and understanding among the UCF family, SGA also provides numerous services that affect student life. These services include free printing in the SGA Computer labs, discount tickets to movie theaters and theme parks, legal services, recreational opportunities through the Recreation and Wellness Center and Sport Clubs Council, programming through the Campus Activities Board, Homecoming, Volunteer UCF, Late Knights, Multicultural Student Center, Knight-Thon, Knights of the RoundTable, and much more. Money allocated by SGA for these services comes from Activity and Service Fees that students pay during registration. Additionally, registered student organizations may receive funding for events, activities, and travel to conventions. SGA coordinates its efforts with the Florida Student Association in lobbying for students' rights at the local, state, and national levels. SGA's structure is modeled closely after the United States federal government system in that it contains three branches: Executive, Legislative, and Judicial. The Executive branch, comprised of the Student Body president, vice president, and cabinet, and oversees the daily administrative operation of SGA. The Legislative branch funds registered student organizations and also passes bills and resolutions benefiting the student body. The Judicial branch oversees and takes part in hearings concerning constitutional, legislative, and student rights issues. All students are encouraged to take an active role in SGA. For information about how to become involved with SGA, or how your student organization can receive funding, contact the SGA office.

### Student Health Services (SHS)

*Executive Director:* Michael Deichen, M.D., M.P.H.  
Student Health Services Building, Suite 309; 407-823-2701  
<http://www.studenthealth.ucf.edu>

Student Health Services is accredited by the Accreditation Association for Ambulatory Health Care. The mission of SHS is to provide excellent healthcare that delivers value and promotes lifelong well-being to the UCF community.

SHS provides care at four convenient locations: the main campus Health Center; Knights Plaza at the north end of campus; the College of Medicine; Rosen College of Hospitality Management. SHS is staffed by board-certified physicians, dentists, pharmacists, advanced registered nurse practitioners, physician assistants, registered nurses, licensed practical nurses, certified medical assistants and a full complement of other medical support personnel who provide laboratory and radiology services.

SHS insurance office staff will assist students with filing insurance claims. SHS physicians are contracted in-network providers with BlueCross BlueShield PPO and Blue Options, United Healthcare, Aetna, AvMed, and Cigna health insurance plans. This entitles patients to use SHS providers for their primary care needs and realize cost savings through covered services. SHS will bill any insurance company as a courtesy to patients as they may be eligible for out-of-network benefits.

SHS endorses several optional health and accident insurance plans for students. Please visit our website for additional information regarding these plans. The optional plans are separate from the health fee students are required to pay each semester. However, when purchased, the insurance may cover most of the charges incurred at SHS and also provides benefits for services that are beyond the scope of the campus SHS program, such as hospital referrals and specialty care (subject to co-pays and deductibles). Charges incurred outside the SHS are the responsibility of the student, including transport by ambulance.

The SHS Dental Center, housed within the main Health Center, provides preventive, restorative and cosmetic dental services by appointment at 407-823-1635. Prices are discounted for students. The Dental Center accepts dental insurance PPO plans and payment plans are available for various treatment plan options.

SHS also oversees an Alcohol and Other Drugs (AOD) program. The program is licensed by the State of Florida to provide substance abuse

prevention education, intervention, and outpatient treatment services. Campus outreach, substance abuse treatment and recovery services are available to UCF students.

Two convenient pharmacy locations on campus are staffed by pharmacists passionate about patient education and providing excellent customer service. Our principal pharmacy is located in the main Health Center, and a satellite pharmacy is located within the smaller clinic at Knights Plaza. The pharmacies accept over 250 prescription insurance plans and offer competitive prices for those students who do not have insurance coverage.

When SHS is closed, students may obtain information and help from the SHS telephone message at 407-823-2701 or its website that provides access to a 24-hour Nurse Line and FreeMD (the web-based interactive system to help make decisions about health needs). If the situation is urgent, students should call 911 or access one of the hospitals or walk-in clinics identified via <http://www.studenthealth.ucf.edu> (charges for services are the student's responsibility).

### Student Legal Services (SLS)

*Director and Associate General Counsel:* Patricia Dullaghan  
FC 142; 407-823-2538  
<http://sls.sdes.ucf.edu>

Student Legal Services provides students with advice and consultation, including court representation, in selected areas of law such as landlord/tenant disputes, consumer issues, wills, uncontested divorces, name changes, Chapter 7 Bankruptcies, traffic tickets, criminal cases including misdemeanors and felonies of third degree, and sealing and expunging of criminal records. Services are provided free of charge to students who are currently enrolled at UCF and paying activity and service fees; including those attending the regional campuses, Rosen College, and the College of Medicine. Students in need of legal services should contact the SLS office to schedule an appointment.

### Student Outreach Services (SOS)

*Director:* Rhonda C. Hall  
Orlando Tech Center, 12479 Research Parkway, Bldg. 600, Suite 215, Orlando 32826; 407-823-5580  
<http://www.reachout.ucf.edu>

The primary mission of the Office of Student Outreach Services is to attract, motivate, and prepare underrepresented middle and high school students from the local area to pursue and complete a college education. Students and their families are offered a variety of opportunities and programs designed to assist in the navigation of the college admissions, financial assistance, and career preparedness processes. SOS is committed to partnering with the UCF community and other external agencies and organizations vital to providing quality programming for all of participants.

### Student Union (SU)

*Director:* Rick Falco  
SU 312; 407-823-3677  
<http://www.ucfsu.com>

The Student Union is the Heart of Campus and provides the campus community with a variety of meeting rooms, offices, programs, and services. The Union is home to a great variety of restaurants including Café Bustelo, Chili's, Smoothie King, Subway, Domino's, Pita Spot, Qdoba, and Nathan's Famous. Retail stores include Knightstop Convenience Store + Sushi, and College Optical. Other services located in the Union include the SGA Ticket Office, SGA Computer Lab, ATMs from SunTrust, Bank of America, Chase Bank, and CFE Federal Credit Union. The Student Union also operates the Knights Helping Knights Food Pantry, All Knight Study at Ferrell Commons and the All Knight Study Lounge located at the UCF Arena. All Knight Study at the Arena is generally open 24/7 and Ferrell Commons location is open 24/5 (excluding holidays and semester breaks) as well as Bike N Gold (bike share and repair) program. The Union is open until midnight on Saturday, 10 p.m. on Sunday, and 1 a.m. on week days (excluding holidays and semester breaks). For information, call the Information Desk at 407-823-0001. The Student Union is funded by SGA.

### Transfer and Transition Services (TTS)

*Director:* Jason Dodge  
HPH 221; 407-823-2231  
<http://transfer.sdes.ucf.edu>

Transfer and Transition Services helps transfer students make a seamless transition for a more successful experience at UCF. The office provides the following resources and services:

## Division of Student Development And Enrollment Services

- General advising and referral for transfer students before and after they enroll at UCF.
- Referral to DirectConnect advisors at partnering colleges: Eastern Florida State College, Lake-Sumter State College, Seminole State College, Valencia College; College of Central Florida, and Daytona State College.
- Academic exploration and advising for transfer students who are undeclared majors, undecided, or changing majors.
- Current information about university programs and policies including entrance and exit requirements.
- Advocacy and assistance in resolving transfer issues.
- Transition advising services for currently enrolled juniors and seniors who are undeclared or changing majors.
- Connections to the campus community with: Peer Mentors, transfer clubs and organizations including Tau Sigma and Transfer Knights Club, and TTS sponsored events.

### Undergraduate Admissions (UA)

*Associate Vice President:* Gordon Chavis, Jr.  
Duke Energy UCF Welcome Center, 407-823-3000  
Email: [admission@ucf.edu](mailto:admission@ucf.edu)  
<http://www.admissions.ucf.edu/>

The Office of Undergraduate Admissions coordinates the admission and enrollment of all undergraduate first-time-in-college, transfer, non-degree, and non-Florida public institution transient students to UCF. The office's primary mission is to identify, recruit and enroll talented, diverse and academically qualified students who will contribute to and achieve growth and success at UCF.

Office hours are: Mondays and Thursdays, 9 a.m.-6 p.m., Tuesdays, Wednesdays, and Fridays, 9 a.m.-5 p.m.

### Veterans Academic Resource Center (VARC)

*Director:* Paul Viau  
Veterans Academic Resource Center, CFE Arena; 407-823-2707  
Email: [varc@ucf.edu](mailto:varc@ucf.edu)  
<http://varc.sdes.ucf.edu/>

Located at UCF Knights Plaza/CFE Arena, the Veterans Academic Resource Center is open 9 a.m.-5 p.m., Mondays through Fridays, and provides study, tutor, and lounge areas for student veterans, as well as programs and events designed specifically for student veterans' needs.

The VARC recognizes and supports student veterans as they transition from military to student life. The VARC, a unit of the Registrar's Office, is a collaboration among the offices of Career Services, Counseling and Psychological Services, Student Academic Resource Center, Student Accessibility Services, and Transfer and Transition Services, and provides the home for Veteran Services.

### Veteran Services

*Assistant University Registrar:* Bethany Glassbrenner  
<http://varc.sdes.ucf.edu/benefits>

Veteran Services serves all veteran students and eligible dependents who are using VA educational benefits. The office provides information concerning entitlements, filing claims to the Department of Veterans Affairs, certifying enrollment at the university each term to receive VA educational benefits, and deferring tuition and fee payments. Consult

Veteran Services early in the UCF admissions process for information (<http://varc.sdes.ucf.edu/benefits>).

To maintain eligibility for VA education benefits, students must adhere to the policies and procedures for VA educational benefits as noted on the GI Bill website (<http://www.benefits.va.gov/gibill/>).

UCF, being a member of SOC (Service Members Opportunity College), provides credit for various military training and education. Credit is awarded for regionally accredited schools and courses only. Transfer credit is awarded per the recommendations of the American Council on Education (ACE) Guide, based upon courses and/or training listed on the DD Form 214, SMARTS, ARTS, or other official military record. U.S. Air Force veterans must coordinate with the Community College of the Air Force to provide official CCAF transcripts to the Office of Undergraduate Admissions.

Students eligible for VA educational benefits may also be eligible for a VA deferral of tuition and fees. The VA Deferment due date is contained in the "Academic Calendar" (<http://calendar.ucf.edu/>). Students eligible for financial aid adequate to cover tuition and fees are not eligible for this deferment.

For fall/spring semesters, undergraduates must carry at least 12 credit hours for full-time VA benefits, 9 to 11 credit hours for three-quarter time benefits, and 6 to 8 credit hours for half-time benefits. Five credit hours or less will be reimbursed at the cost of tuition and fees or quarter-time depending on their VA Chapter. Check Veterans Services website for summer term course load and other FAQs.

Students currently enrolled at UCF and another institution may receive VA educational benefits, after completing the appropriate Transient Form and consulting with Veterans Services. Veterans and eligible dependents who desire to change their major, or pursue a dual major, dual degree, or add a minor may receive VA educational benefits, but must obtain approval from DVA before taking any of the applicable courses. This includes a minor in military science. NOTE: Some majors may have extra elective hours that can be used for courses for a minor or another major.

Benefits will be terminated for individuals who are disqualified, excluded, suspended, or expelled from the university. If reinstated by the university following disqualification or suspension, the veteran or eligible dependent must contact Veterans Services to have their VA educational benefits re-activated.

Veterans and eligible dependents also may draw VA benefits during the periods of eligibility while on Cooperative Education assignments. Payment is received during both the on-campus and off-campus work terms. Contact Veterans Services for more specific benefit information on Cooperative Education.

UCF is designated as a VA "Yellow Ribbon" institution to help defray the out-of-state tuition. Please go to: [http://varc.sdes.ucf.edu/docs/ucfyellowribbonprogram\\_rules.pdf](http://varc.sdes.ucf.edu/docs/ucfyellowribbonprogram_rules.pdf) for more information.

The C.W. Bill Young Veteran Tuition Waiver Program is available to any honorably discharged veteran of the U.S. Armed Forces, U.S. Reserve Forces, or the National Guard who is not considered a Florida resident for tuition purposes but who resides in Florida while attending UCF. Please go to <http://varc.sdes.ucf.edu/benefits> for more information and application requirements.

# TRANSFER AND TRANSITION SERVICES

## Transfer and Transition Services

Director: Jason Dodge  
HPH 221; 407-823-5959, Fax: 407-823-3955  
Email: [tservices@mail.ucf.edu](mailto:tservices@mail.ucf.edu)  
<http://transfer.sdes.ucf.edu>

Transfer and Transition Services helps students accomplish a smooth and efficient transfer to UCF. Students transferring with an A.A. or articulated A.S. from a DirectConnect partner school are guaranteed admission (upon meeting admission criteria). Partner institutions include College of Central Florida, Daytona State College, Eastern Florida State College, Lake-Sumter State College, Seminole State College, and Valencia College. Florida College System institution and university A.A. graduates are guaranteed certain rights and privileges according to the statewide Articulation Agreement.

Students transferring with an A.S. in one of the statewide articulated degree programs should refer to the "Articulated A.S. Programs" chapter of this *Undergraduate Catalog*. Any questions about these programs should be directed to the Director of Transfer and Transition Services.

## Where Can I Go For Help?

For information or assistance during the transfer process, you may contact Transfer and Transition Services, located in Howard Phillips Hall, room 221. Call the Student HOTLINE at 407-823-5959 for immediate access to staff during regular business hours. Visit the website at <http://transfer.sdes.ucf.edu>.

Transfer and Transition Services provides the following services and resources:

- Accurate and current information about university programs and policies including entrance and exit requirements, as well as information concerning:
- General academic advising for transfer students before and after they enroll at UCF
- Pre-admission academic advising for students applying to UCF
- Advising for students who are undeclared, undecided, or changing majors
- Peer Mentors provide advising and transition assistance by telephone, email, and office appointments
- Student information and advising HOTLINE 407-823-5959
- Website for transfer students (<http://transfer.sdes.ucf.edu>)
- Transfer Knights social club; Tau Sigma Transfer Honor Society
- Orientation advising and assistance

## How Can a Florida College System Institution Counselor or Advisor Help Me?

It is important that you are kept informed of all requirements for transferring to UCF. Florida College System institution counselors and advisors are provided with information and resources about the requirements to enter each program at UCF. They can help you determine which classes you need to complete before transferring. Additionally, they have access to information for limited access majors that have special requirements: application deadlines, GPA, testing, portfolios, letters of recommendation, etc.

DirectConnect to UCF provides A.A. and A.S. students and alumni of College of Central Florida, Daytona State College, Eastern Florida State College, Lake-Sumter State College, Seminole State College, and Valencia College guaranteed access to UCF. Meet with a DirectConnect advisor as soon as you earn 30 credit hours.

## Why Should I Complete My A.A. Before Transferring From a Florida Public Institution?

Receiving your A.A. from a Florida public institution ensures special benefits guaranteed under the statewide Articulation Agreement. The following are some of the advantages of receiving your A.A.:

- Priority in admission to state universities;
- Acceptance of at least 60 credit hours toward the baccalaureate degree; no additional general education core requirements;
- Acceptance of all courses taken at your institution, if the same course with the same course number is offered at UCF;
- All grade forgiveness awarded under the A.A. will be honored.

Priority admission is given to A.A. and articulated A.S. graduates from the Florida public community and state colleges and state universities.

If you do not complete an A.A. at a Florida College System institution or university, you must complete UCF's general education requirements, which may be considerably different from your previous institution's requirements. If you have met all the A.A. requirements, you should have "General Education Requirements Met" placed on your transcript to assure getting credit for meeting General Education and Gordon Rule requirements. Without this statement you must satisfy UCF's general education requirements and Gordon Rule courses. If your grade point average falls below a 2.0 (without grade forgiveness), you will not be admitted.

## What Are the Foreign Language Requirements?

**Admission Requirement: To be admitted** you should complete two years of the same foreign language or American Sign Language in high school (document by submitting an official high school transcript), or at the post-secondary elementary 2 level, or pass a CLEP or other proficiency examination. Students admitted without this requirement must satisfy it prior to graduation.

**Graduation Requirement: Some baccalaureate degrees** require students to demonstrate foreign language proficiency as a graduation requirement; this requirement may be satisfied by college-level course work or testing equivalent to two semesters of college instruction. Some majors require additional proficiency; some departments accept American Sign Language to meet the proficiency. Consult the UCF *Undergraduate Catalog* for graduation requirements for specific majors. High school courses will not satisfy graduation foreign language requirements. International students required to provide TOEFL scores for admission are considered to have satisfied the graduation requirement.

## How Will My Credits Transfer?

All college level credits earned for which official transcripts have been submitted will be compiled into a Transfer Summary Report (TSR), which is available online after your admission to UCF. The TSR is the basis for constructing a degree audit, which applies earned credits toward your intended degree program. The audit provides you with an assessment of which degree requirements have been met and which remain to be satisfied. You will use the audit to schedule courses that meet your remaining requirements.

**Common Program Prerequisites: To view** generic course substitutions for Common Program Prerequisites that may be offered at the Florida College System institutions or other state universities, please go to the Florida Virtual Campus website at <https://www.floridashines.org>. Usually these courses will be substituted automatically in your audit to fulfill the correct requirement.

Some credits listed on the TSR may not be applicable toward graduation course requirements; e.g., some departments do not accept a transfer grade of "D" (1.0). You should review the TSR carefully to ensure that all credits are included. Courses not automatically credited to your degree program must be evaluated on a course by course basis. General education courses are evaluated through Academic Services; all other courses are evaluated by the academic department offering the courses.

You must make sure that all official college transcripts, including a final transcript from the last institution you attended, are submitted to the Undergraduate Admissions Office within ten days of the start of your first term at UCF. If Admissions does not receive them, a hold is placed on your record, making it difficult for you to receive financial aid or to register for a future term.

## When Do I Pay My Bill?

For students taking courses at UCF for the first time, tuition and fee payments are due by the published deadline. Students can print a copy of their Fee Invoice online from myUCF (<https://my.ucf.edu>). A late payment fee of \$100 will be assessed on all accounts not paid or deferred by each term's payment deadline. Please note that you will not be sent a bill. It is up to you to view your Fee Invoice through myUCF. If you decide not to attend, but have registered for classes, be sure to drop all classes, or you will be fee liable.

Financial Aid deferments will automatically be reflected on your Fee Invoice. If the total amount of your tuition and fees exceeds the amount of your deferment, the difference must be paid by the due date on your Fee Invoice. The following programs are not included in the automatic deferral program: work/study programs, third party deferments, other waivers, and direct pay scholarships.

## Can Transfer Students Participate in The Burnett Honors College?

Qualified students who transfer to UCF with an honors A.A. from a Florida College System institution that has signed an articulation agreement with The Burnett Honors College will be admitted into University Honors with junior standing. Florida College System institution transfers and other students who have completed their general education requirements may participate in the Honors in the Major program through the completion of departmental honors requirements, including an original research project. Transfer students who apply for admission to departmental honors programs must have a minimum GPA of 3.5 in their major. Successful completion of either honors program will be noted on your transcripts and diploma. For more information, call 407-823-2076 or visit the honors website at <http://honors.ucf.edu>.

## Transfer Tips:

### Office Visits for Transfer Advising

- Students are encouraged to contact Transfer and Transition Services or their DirectConnect advisor with questions or to schedule an appointment to meet with an advisor. Advisors are available Monday through Friday, 8:00 a.m. to 5:00 p.m.
- Transfer students must declare a major; students undecided about their major should contact Transfer and Transition Services for advisement.
- Undeclared students with 45+ credit hours are placed on advising hold.

### Students should:

- Submit your application as soon as you have earned 45 credit hours, at least six months in advance. Do not wait until the A.A. is awarded to apply. You can be admitted "contingent upon completion of the A.A." if you meet specific admission requirements. By applying early and being admitted, you will be invited to an early Orientation.
- Keep a transfer diary. For each contact with UCF, record the name of the person with whom you spoke, the date, and the type of request. Keep a copy of all correspondence you send and receive.
- Have original transcripts from all institutions you have attended sent directly to the Undergraduate Admissions Office. If you are currently enrolled, send a transcript when applying and a final transcript when classes are completed.
- Attend the earliest Orientation session possible. You will have more course selections and registration choices. You should bring copies of all transcripts (transcripts sent in for admissions purposes are not available for advising during Orientation). You are advised (in groups) and then allowed to register. Tuition and fee payments are due by the published deadline.
- Complete the "Immunization Form." Registration is not allowed without the completion and approval of this form.
- Complete the "Free Application for Federal Student Aid" (FAFSA). To be considered for **all** aid available, your financial aid file should be complete by **March 1**.

## Transfer Checklist

### Before Completing the A.A. or Articulated A.S.

- Y\_\_\_ N\_\_\_ met with a pre-admission advisor (DirectConnect or Transfer & Transition Services)
- Y\_\_\_ N\_\_\_ met with counselor or advisor for graduation check
- Y\_\_\_ N\_\_\_ completed application for graduation

### Application for Admission

- \_\_\_/\_\_\_/\_\_\_ date submitted
- Y\_\_\_ N\_\_\_ checked admission status at <https://my.UCF.edu>
- \_\_\_/\_\_\_/\_\_\_ date of acceptance

### Transcripts

#### (original transcript from all institutions attended)

- Y\_\_\_ N\_\_\_ transcripts sent from all current and prior institutions
- Y\_\_\_ N\_\_\_ final transcript sent after term completed

### Financial Aid/Scholarship

- \_\_\_/\_\_\_/\_\_\_ date financial aid application (FAFSA) sent
- \_\_\_/\_\_\_/\_\_\_ date SCHOLARSHIP application sent
- Y\_\_\_ N\_\_\_ "to do" list checked on myUCF

### Housing

- Y\_\_\_ N\_\_\_ reviewed OCSS handbook: *Survival Guide for Living off Campus*
- \_\_\_/\_\_\_/\_\_\_ date application sent (include deposit when required)

### Immunization

- \_\_\_/\_\_\_/\_\_\_ date Student Health Form submitted
- Y\_\_\_ N\_\_\_ need immunizations

### Foreign Language Requirements (Admission)

- Y\_\_\_ N\_\_\_ 2 years/units earned in high school
- Y\_\_\_ N\_\_\_ Elementary level 2 earned in college
- Y\_\_\_ N\_\_\_ credits to be taken at the university

**Note:** Although American Sign Language may be used to satisfy the **UCF admission** requirement, it **may not** satisfy graduation requirements of the specific major.

### Program (Major) Requirements

- Y\_\_\_ N\_\_\_ selected a major
- Y\_\_\_ N\_\_\_ completed major prerequisites
- Y\_\_\_ N\_\_\_ submitted limited access application
- Y\_\_\_ N\_\_\_ met grade point average (GPA) requirements
- Y\_\_\_ N\_\_\_ met cumulative GPA for admission to program of study
- Y\_\_\_ N\_\_\_ met cumulative GPA in courses taken for program of study
- Y\_\_\_ N\_\_\_ met grade requirements for designated courses
- Y\_\_\_ N\_\_\_ met audition/portfolio/additional admission requirements

### Orientation:

- \_\_\_/\_\_\_/\_\_\_ Orientation date at UCF

# ACADEMIC ADVISING

## Responsibilities

Academic advising is a process that assists students in the clarification of life goals and the translation of these goals into educational plans. It provides assistance to students as they explore educational opportunities and develop educational plans and objectives. Academic advising connects students with the University by bringing meaning to its mission, its curriculum and to the learning environment that is the University community. Academic advising is committed to assisting and supporting students with developing their educational, career and life goals. It provides access to campus resources and coordinates the integration of all aspects of student life into learning experiences. It is an individualized avenue of communication that assists students in the planning and decision-making process.

Although academic advisors provide assistance, it is the student's responsibility to know the university policies, procedures, requirements, and seek out assistance when needed. There are a variety of academic advising systems available at UCF in each of the colleges, schools, and the Division of Student Development and Enrollment Services.

## Freshman (First Time in College - FTIC)

Every incoming freshman is assigned a professional first year academic advisor in one of the five offices listed below. These advisors also collaborate with the University's Colleges and Schools, and link students to advisors in various academic programs. The assignment of a first year advising office will be based on the specialized services of each program and the student's particular needs. Please know that although you have been assigned to an advisor in one of the offices, you are not limited to seeking help there. Academic advising is one of the most important services provided at UCF and can impact a student's successful progression to graduation.

### New FTIC Students can expect to:

1. Attend a mandatory UCF Orientation that will provide:
  - a. Initial academic advising in a group setting and preparation for the first term, including schedule planning and registration
  - b. An assessment of high school grades, entrance and placement test scores, and AP, dual enrollment and CLEP credit;
  - c. An awareness of expectations for success at UCF; and,
  - d. Information about key academic policies and important deadlines.
2. Connect with their first year advising office according to the following designated priority order:
  - a. **First Year Advising and Exploration (FYAE)** - for first year students in the EXCEL, COMPASS, LEARN Living Learning

Community, STEP, the College Achievement Program (CAP), Pegasus Success Program, SOAR program and the Out of State Student Mentoring (OSSM) Living Learning Community programs and those not in a special population listed below (HPH 116)

b. **Academic Services for Student-Athletes (ASSA)** - for student athletes (WDSC 110)

These offices provide students with general education advising, academic exploration for undeclared students, academic support, registration assistance, and on-going information about University policies and procedures throughout the first year experience. For more information about the first year advising offices and their services, please see the "Student Development and Enrollment Services" chapter of this *Undergraduate Catalog*.

3. Participate in programs and advising activities that will promote a successful transition from high school to the university.
4. Transition to an academic advising office within the college of the student's chosen major after the completion of his or her first year.

## The Burnett Honors College

### New students will:

Attend the UCF Orientation designated for The Burnett Honors College. At this time students meet with Honors staff and learn about The Burnett Honors College courses and GPA requirements, and register for Honors and non-Honors classes.

### Continuing students will:

1. Contact the department of their major and meet with their advisor in the department during the first two months of any semester to review progress and plan a program of study;
2. Meet with their advisor in the department of their major prior to registration;
3. Contact the Office of Honors Advising (BHC 109) and based on the recommendation from their academic advisor and the requirements for University Honors, an Honors Advisor will assist with Honors course selection;
4. Continue to register for classes online;
5. Check their "Fee Invoices/Schedule" to ensure accuracy of class schedule; and,
6. Attend any mandatory Honors advising appointments.

## College of Arts and Humanities

Majors within the College of Arts and Humanities should meet with their major/minor advisor concerning major/minor requirements and with an advisor in CAHSA regarding all other inquiries. CAHSA is located

## Academic Advising

in Colbourn Hall (CNH) room 201 and advisors can be reached via email at [cahsa@ucf.edu](mailto:cahsa@ucf.edu) or in person by visiting CAHSA during regular business hours. Students can also access CAHSA's website at: <http://www.cahsa.cah.ucf.edu>.

### New students will:

1. Meet with a CAHSA advisor in a group setting during Orientation to discuss college policies and procedures;
2. Meet with a major advisor to discuss major requirements, career opportunities, and plan a class schedule;
3. Register for classes at a central location; and,
4. Check their "Fee Invoices" to ensure accuracy of their class schedule.
5. Create and regularly check their Knights Email account.

### Continuing students will:

1. Meet with their major and/or minor advisor in the department to review academic progress and plan a program of study for subsequent semesters. Review this plan each term with their major/minor advisor and prior to registration;
2. Access their Degree Audit at least every term and understand all degree requirements;
3. Refer any questions pertaining to university credit hour requirements, degree audits, academic standing and college/university policies and procedures to CAHSA. All questions pertaining to major/minor requirements should be directed to the department advisor in the major/minor program; and,
4. Meet with their major/minor advisor to conduct a graduation review of major/minor requirements in the semester prior to the intended semester of graduation. After seeing the major/minor advisor and in the semester prior to the term of graduation, eligible students will receive an email from CAHSA indicating how to file their "Intent to Graduate" forms and in order to conduct a graduation review. Please refer to the academic calendar for the deadline to file your Intent to Graduate.
5. Regularly check their Knights Email account.

### Graduating students will:

1. File the online intent to graduate form by the posted deadline for the semester in which they intend to graduate. Please note that the deadline for filing is always the semester prior to the semester in which you intend to graduate.
2. Complete a webcourse after filing the online intent to graduate and prior to the deadline for filing the intent.
3. Maintain current contact information and regularly check their Knights email account, degree audit, and webcourse content.

## College of Business Administration

The College of Business Administration (CBA) strives to provide its students with the highest quality academic advising and career coaching. The Office of Professional Development (OPD) partners with departmental faculty advisors to assist prospective and current business majors develop an educational plan that meets their career goals.

### New students will:

1. Be classified as 'pre-major' until admission to the major requirements are met and a change of major request has been approved. 'Pre-major' students have enrollment access to CBA non-restricted classes and do not have enrollment access to CBA restricted classes;
2. Meet college-advising representatives in a group setting during Orientation to discuss admission to the major requirements, college policy, procedures, expectations, and degree programs;
3. Review degree requirements at Orientation using the Degree Audit and CBA literature to better understand degree requirements and a Degree Audit;
4. Submit all request to evaluate transfer courses for equivalency to UCF courses during their first term of enrollment at UCF. General Education coursework is evaluated for equivalency by Academic Services, while the Business Common Program Prerequisites and all business coursework is evaluated for equivalency by the College;
5. Meet with a Career Coach in the OPD (BA2, Room 101), to understand the career options of their major; and,
6. Be advised in the OPD if the major is "Pre Business" and the student is classified as at least Sophomore standing.

### Continuing students will:

1. Meet with a member of the OPD Advising Team to review academic progress and develop or update an academic plan. Degree requirements and course prerequisites should be reviewed prior to registration each term;
2. Meet with their Career Coach as directed by activities in the college's Career Professionalism curriculum;
3. Register for courses in myUCF at their scheduled appointment time. All changes to the student's class schedule must be completed by the end of the drop/swap and add periods;
4. Be classified as 'pre-major' until admission to the major requirements are met and a change of major request has been approved. 'Pre-major' students have enrollment access to CBA non-restricted classes and do not have enrollment access to CBA restricted classes;
5. Meet with a faculty advisor and/or member of the OPD Advising Team during the term prior to the anticipated graduation term as needed; and,
6. File the "Intent to Graduate Form" by the end of the term prior to the term in which graduation is intended.

### Students placed on 'Lack of Progress' due to Major and or College of Business Administration GPA concerns will:

1. Have a "hold" placed on their subsequent registration; and,
2. Meet with their assigned Career Coach to review the student's academic situation and develop a plan of action.

## College of Education and Human Performance

### New students will:

1. Be classified as education pending until admission requirements are met and a change of major request has been submitted.
2. Meet college advising representatives in a **group** setting during Orientation to:
  - a. Discuss College of Education and Human Performance admission requirements needed for enrollment in upper division education classes
  - b. Review degree program requirements
  - c. Understand expectations and responsibilities associated with a career in education
3. Be advised by the College of Education and Human Performance's Undergraduate Advising Office (ED 110) if their major is Elementary Education or Education Pending. Academic advising sessions may be scheduled by calling 407-823-3723;
4. Be assigned to an academic advisor in the area of their major upon completion of College of Education and Human Performance admission requirements. The advisor's name and email address appear in myUCF to assist students in making an advising appointment; and
5. Purchase and utilize LiveText software at the beginning of the first semester of enrollment in the College of Education and Human Performance based on program requirements.

### Continuing students will:

1. Set up an appointment with their academic advisor **upon acceptance to their major**, or the Undergraduate Advising Office, **if a "Pending" major**, to review academic progress and to develop an academic plan. Review this plan each term with an advisor prior to registration;
2. View their Degree Audit through myUCF;
3. Register at scheduled appointment time in myUCF. Students must complete any changes to their schedules by the end of the published Add/Drop period;
4. Utilize LiveText software based upon program requirements; and
5. File an on-line "Intent to Graduate Form" by the end of the term prior to the term in which graduation is intended.

## College of Engineering and Computer Science

### New students will:

1. Meet with the Engineering and Computer Science Academic Affairs representative in a **group** setting during Orientation to:
  - a. Review the College of Engineering and Computer Science (CECS) academic policies and procedures
  - b. Plan an appropriate first term schedule;
2. Meet with a faculty advisor in the department of their major to:
  - a. Understand the career options of the major
  - b. Discuss degree program requirements; and,

## Academic Advising

3. Be advised in the CECS Academic Affairs Office (ENG1 107) if Undecided Engineering majors. Students are encouraged to seek advisement on determining a major as soon as possible. Failure to declare a major by the end of the first year may result in a delay of graduation.

### Continuing students will:

1. Meet with an advisor in the CECS Academic Affairs Office or the department of their major during each term. Computer Science majors will be assigned a faculty advisor once they have passed the Computer Science Foundation Exam. Until that time, Computer Science majors will be advised by the CECS Academic Affairs Office or Computer Science Undergraduate Advising Office in HEC 345;
2. Set up an appointment with an advisor to review your academic progress and to develop an academic plan. Review this plan each term with the advisor prior to registration;
3. Use the flow diagram or four year plan received during Orientation to progress through the degree requirements;
4. View a Degree Audit, the registration appointment time, and search for classes (once the class schedule is available) through myUCF at <https://my.ucf.edu/>;
5. Register at the scheduled appointment time in myUCF, or in person in the CECS Academic Affairs Office (AAO). Complete all schedule changes by the end of the published Add period;
6. Participate in the college designated intervention plan if you have been placed on an engineering or computer science advisement hold. An intervention through the CECS Academic Affairs Office will be required each semester a student is on advisement hold; and,
7. File the "Intent to Graduate" through myUCF and meet with an advisor for graduation check in the CECS Academic Affairs Office, by the last day of classes of the term prior to the term in which the student intends to graduate.

## College of Health and Public Affairs

### New students will:

Meet college advising representatives in a **group** setting during Orientation to:

1. Discuss degree program requirements;
2. Understand career options of the major program of study; and
3. Plan an appropriate first semester class schedule.

### Continuing students will:

1. Meet with COHPA Undergraduate Student Services advisors (HPA2, 115) throughout each semester to check selection of program courses and progress toward graduation;
2. Review a Degree Audit through myUCF frequently to check progress toward course requirements; and
3. File the "Intent to Graduate Form" through myUCF and meet with an advisor in the COHPA Undergraduate Student Services office by the end of the term prior to the term in which graduation will occur.

## College of Medicine

### Burnett School of Biomedical Sciences

### New students will:

Meet with the Burnett School of Biomedical Sciences (BSBS) Office of Student Services and Advisement (OSSA) advisors in group settings during Orientation to:

1. Discuss degree program requirements;
2. Understand career options of the major program of study;
3. Be directed to an appropriate academic/faculty advisor for help with information and guidance for medical/health professional or graduate programs admission requirements; and
4. Plan an appropriate first semester class schedule.

### Continuing students will:

1. Meet with an advisor in the Office of Student Services and Advisement (OSSA) in HPA2, room 335 every semester to check progress toward graduation and selection of program courses;
2. See their faculty advisor each semester to check on possible career and research opportunities;
3. See an advisor in the Office of Student Services and Advisement (OSSA) if pending major for limited-access Medical Laboratory Sciences program during the first few weeks of each semester to check progress toward eligibility for application to the major;

4. View a Degree Audit, registration time, and search for classes (once the class schedule is available) through myUCF;
5. Register for courses at the scheduled appointment time. Complete all schedule changes by the end of the published add period;
6. File the "Intent to Graduate" through myUCF and meet with an advisor for graduation check in the Office of Student Services and Advisement (OSSA), by the end of the term prior to the term in which graduation will occur; and,
7. Pre-health professional students: See your OSSA and faculty and consult with the Office of Pre-Health and Pre-Law Advisement.

### Pre-Health Professional Planning

Pre-professional advisement deals primarily with understanding the requirements for successful application and admission to health professional schools.

Admission to a health professional school is highly competitive. Pre-health professions students are expected to be high achievers, and to obtain good grades with heavy loads and rigorous course combinations.

Most professional schools expect applicants to present at least a "B" average and to carry a minimum of 15 credit hours each term, with the exception of Summer term.

Each student is urged to carefully select a degree-granting major in our program. This will not only allow one to become more competitive for admission, but also to prepare for an alternate career in the event admission to a professional school is denied. Any degree-granting program may be selected as a major for pre-health students; however, the biomedical science major meets all admission requirements for health professional schools including medicine, dentistry, veterinary, pharmacy, physician assistant, etc. Our BS programs provide our students with a solid background to excel in health professional school programs. *All students seeking admission to health professional schools should enroll in SLS 2311, Overview of Selected Medical Careers, in their first year at UCF and seek additional guidance from Office of Pre-Health and Pre-Law Advisement.*

Additionally, prudent use of elective hours in the curricula will permit other appropriate pre-health professions courses to be obtained to help prepare for specific admission exams.

All pre-health professions students are strongly encouraged to participate in the activities of one or more of the student health related organizations and become involved in community service and career shadowing.

### Curricula Guidelines

All pre-health professions students are strongly encouraged to enroll in SLS 2311 (Overview of Select Medical Careers) the first semester they are enrolled. This course provides a broad exposure to the various four-year health professions. In addition, the entire pre-professional process (academic preparation, applications, admission tests, interviews, admissions, scholarships, etc.) is explained in depth.

All pre-health professions students should complete the following science courses (many of which are applicable to the GEP) to meet the variable requirements of the Florida medical schools:

|                            |  |
|----------------------------|--|
| General Biology            | BSC 2010, <b>BSC 2011C*</b>              |
| General Chemistry          | CHM 2045C, 2046, 2046L                   |
| Organic Chemistry          | CHM 2210, 2211, 2211L                    |
| Biochemistry               | BCH 4053 or BCH 4024                     |
| Biochemistry/Molecular Lab | <b>BSC 3403C</b>                         |
| Microbiology               | MCB 3020C                                |
| Calculus                   | MAC 2253 (prefer MAC 2311, 2312)         |
| Physics                    | PHY 2053C, 2054C<br>or PHY 2048, 2049    |
| Statistics                 | STA 2023                                 |
| Immunology                 | PCB 3233 and PCB 3233L                   |
| Neurobiology               | ZOO 3744                                 |
| Psychology/Sociology       | See recommended list in advising offices |

*\*Biomedical Sciences and Biotechnology majors substitute BSC 3403C (Quantitative Biological Methods) for BSC 2011C.*

### Dates of Importance

All students should be aware of registration deadlines and test dates for their specific admissions exam (DAT, MCAT, OAT, GRE, etc.). In addition, most four-year health professions schools subscribe to professional application services (AMCAS, ADDSAS, ACOMAS, etc.), thus require completion of a thorough application packet provided by the various application services.

## College of Nursing

### New students will:

Meet college advising representatives in **group** settings during UCF Orientation to:

1. Discuss degree program prerequisite requirements;
2. Understand Nursing admission requirements;
3. Understand career options of the major program of study; and,
4. Plan an appropriate first term class schedule.

### Continuing students will:

1. If **accepted into a nursing program**, attend a College of Nursing orientation and see a faculty advisor during the first few months of each semester to review program courses and check progress toward graduation.
2. If a **nursing pending major**, see an advisor in the College of Nursing, Undergraduate Student Services, during the first few weeks of each semester to check progress toward eligibility for application to the major.
3. View a myKnight Audit through myUCF each semester; and,
4. File an "Intent to Graduate" online through myUCF by the end of the term prior to the term in which graduation will occur.

## College of Optics and Photonics

### New students will:

1. Meet with the Photonic Science and Engineering Academic Affairs representative in a **group** setting during Orientation to:
  - a. Review the College of Engineering and Computer Science (CECS) and College of Optics and Photonics (COP) academic policies and procedures;
  - b. Plan an appropriate first term schedule
2. Meet with a faculty advisor in the department of their major to:
  - a. Understand the career options of the major;
  - b. Discuss degree program requirements

### Continuing students will:

1. Meet with an advisor in the COP Academic Affairs Office, CREOL 108B;
2. Set up an appointment with an advisor to review your academic progress prior to enrollment in OSE 3200 Geometric Optics and to develop an academic plan. Review this plan each term with the advisor prior to registration;
3. Submit a change of major in myUCF when pending requirements have been completed;
4. Use the flow diagram or four year plan received during Orientation to progress through the degree requirements;
5. View a Degree Audit, the registration appointment time, and search for classes (once the class schedule is available) through myUCF at <https://my.ucf.edu>;
6. Register at the scheduled appointment time in myUCF. Complete all schedule changes by the end of the published Add period;
7. Meet immediately with the advisor if you have been placed on an advisement hold. An intervention through the COP Academic Affairs Office will be required each semester a student is on advisement hold; and,
8. File the "Intent to Graduate" through myUCF and meet with an advisor for graduation check in the COP Academic Affairs Office, by the last day of classes of the term prior to the term in which the student intends to graduate.

## College of Sciences

Advising Hours: Monday through Thursday 9-5; Friday 9-12  
 CSB 250; (407) 823-6131  
 Email: [cosas@ucf.edu](mailto:cosas@ucf.edu)  
<http://sciences.ucf.edu/cosas/>

Although students may have multiple advisors, College of Sciences majors must meet with an academic advisor within their major department and/or an advisor in the College of Sciences - Advising Services (COSAS) as soon as possible.

### New students will:

1. Meet in a **group** setting during Orientation with representatives from the College of Sciences to discuss college policies and procedures;
2. Meet with representatives of the department of the major to discuss major requirements and plan what courses to take;

3. Refer to COSAS any questions pertaining to General Education requirements, AP and CLEP credit, Gordon Rule, university credit hour requirements, university policies and procedures, prerequisite enforcement process, etc.;
4. Check their "Fee Invoices" to ensure accuracy of their class schedule.

### Continuing students will:

1. Contact the department of their major and meet with a faculty or professional advisor during the first two months of any semester to review progress and plan a program of study;
2. Meet with their academic advisor in the department of their major prior to registration, and before the beginning of the term to ensure their schedule is still appropriate;
3. Access the class schedule and myKnight Audit online at <https://my.ucf.edu>;
4. Resolve any HOLDS placed on their account preventing them from registering;
5. Check to be sure you are meeting all prerequisites/corequisites of courses you plan to take. COS enforces prerequisites/corequisites of COS courses through the registration system and notifies students not meeting prerequisites at the end of each term. If necessary, COSAS administratively drops students not meeting prerequisites for COS courses and may require proof of prerequisite completion to remain enrolled if prerequisite was taken somewhere other than UCF;
6. Register for classes through <https://my.ucf.edu>. Special assisted registration (e.g., overrides, independent study, thesis) for COS courses must be handled in COSAS. All registration must be completed by the published deadlines (see Academic Calendar in the current UCF Catalog);
7. Refer to COSAS any questions pertaining to the myKnight Audit regarding GEP, CLEP, AP credit, Gordon Rule, university credit hour requirements, as well as policies and procedures. Questions about major requirements in the myKnight Audit should be directed to the department; and,
8. Check their "Fee Invoices" to ensure accuracy of their class schedules.

### Students placed on probation due to low UCF GPA will:

1. Have a "HOLD" placed on their subsequent registration;
2. Be required to attend a COSAS workshop. A COSAS Student Success Workshop schedule is available each term. More information is found at <http://sciences.ucf.edu/cosas/current-students/academic-probation/>. Regional Campus students, distance learners, and online students should contact COSAS for alternatives to attending a workshop;
3. Design a plan of study with an advisor within the department of their major for the upcoming semester; and,
4. Bring the plan of study to a COSAS advisor prior to the withdrawal deadline of the current semester and prior to registration for the subsequent semester.

### Graduating students will do the following during the term PRIOR to the graduating term:

1. Review COS graduation instructions available at <http://sciences.ucf.edu/cosas/> (click on graduation button);
2. Complete the on-line graduation application on myUCF within the dates specified at <http://calendar.ucf.edu>;
3. Complete COS graduation form at <http://sciences.ucf.edu/cosas/> (click on graduation button); and,
4. Check your Knights Email account for further instruction. Graduating students may be required to see a COSAS advisor to review status.

## College of Undergraduate Studies

### Office of Interdisciplinary Studies

All students must make an appointment to meet with a member of the Interdisciplinary Studies Advising Team prior to declaring a major in Interdisciplinary Studies or Environmental Studies.

### New students will:

1. Meet with a member of the Interdisciplinary Studies Advising Team during Orientation to discuss policies and procedures, degree program requirements and tracks, and to plan an appropriate first semester class schedule;
2. Schedule a meeting with a member of the Interdisciplinary Studies Advising Team to officially declare a major and create an individual plan of study; for IDS tracks this also includes declaring a minor;

## Academic Advising

3. For IDS-General Studies and Transnational Gender, Race, and Sexuality Studies Track: Meet with an advisor in the department of their minor to review the program's requirements;
4. Refer any questions pertaining to general education requirements, AP and CLEP credit, Gordon Rule, and other policies and procedures, as appropriate, to Academic Services;
5. Register for classes online.

### Continuing students will:

1. Meet with a member of the Interdisciplinary Studies Advising Team prior to registration and/or before the beginning of each term to review progress, select courses, and address any questions pertaining to the program;
2. Review the class schedule, myKnight Audit, and register online during their scheduled appointment time at <https://my.ucf.edu>;
3. For IDS-General Studies and Transnational Gender, Race, and Sexuality Studies Track: Meet with an advisor in the department of their minor to review progress. Prior to graduation, confirm that the minor requirements have been met;
4. File an Intent to Graduate online through myUCF by the appropriate deadline that is the end of the term before the term in which graduation will occur;
5. Check their Fee Invoices to ensure accuracy of their class schedule.

## Rosen College of Hospitality Management

### New students will:

Meet college advising representatives in **group** settings during orientation to:

1. Discuss degree program policies and curriculum requirements;
2. Understand career options and major programs of study;
3. Plan an appropriate first semester class schedule; and,
4. Review and learn how to interpret a Degree Audit through myUCF.

### Continuing students should:

1. See a Faculty Advisor for assistance with selecting a concentration of study;
2. View degree requirements according to catalog year and course prerequisites prior to schedule planning;
3. See a Program Advisor prior to registration to review degree requirements and to make sure you are on track for graduation;

4. View a Degree Audit through myUCF and contact a program advisor in the Office of Student Services regarding questions or concerns; and,
5. File an "Intent to Graduate" online through myUCF by the end of the term prior to the term in which you plan to **graduate**.

## Regional Campus System

<http://regionalcampuses.ucf.edu>

UCF Regional Campuses provides a wide variety of instruction modes and schedules, including web class availability. Admissions, Registration, Financial Assistance, and Advising and Student Services professionals are located at the following campuses: UCF Cocoa and Palm Bay, UCF Daytona Beach, UCF Sanford/Lake Mary, UCF South Lake and Leesburg, UCF Valencia West and Osceola, and UCF Ocala. These services are also extended to UCF Altamonte as needed for the College of Nursing program.

UCF Regional Campuses also administers all aspects of the Central Florida Higher Education Consortium, known as DirectConnect to UCF. It is comprised of UCF and its partner institutions, College of Central Florida, Daytona State College, Eastern Florida State College, Lake-Sumter State College, and Valencia College, through an agreement to strategically partner on creating seamless pathways for college access and success. Through collaboration, these institutions develop guaranteed pathways and systems to enhance college preparation, curriculum alignment, data sharing, academic and student services, enrollment services, resource development and regional economic and workforce needs in Central Florida.

UCF bound students at our partner institutions are encouraged to meet with a DirectConnect Coordinator or Success Coach to assist with their academic plan and pathway. Once admitted to UCF, students must have a pre-advising session prior to the required Orientation. Current students continue to receive advising on the Regional Campus of their choice for the programs that are available on that campus. For a list of the academic programs available through the Regional Campus System, check the website at <http://regionalcampuses.ucf.edu>. Orlando Campus students taking courses on a Regional Campus may receive supplemental advising, in partnership with the College of the major on the Orlando Campus, and other support services on the Regional Campus.

# ACADEMIC REGULATIONS AND PROCEDURES

## Registration Policies

During each academic term, registration is held for all new, currently enrolled, degree-seeking and non-degree seeking students for the following term. Registration sessions consist of Registration and Late Registration (held during the first week of classes for each term/session). Spring Registration begins following midterm for the Fall semester. Summer and Fall Registrations begin following the midterm of the Spring semester. Class listings are available only online through the Class Schedule and Course Catalog Search at <https://my.ucf.edu>.

Registration is available over the web using the myUCF system at <https://my.ucf.edu> and in the college advising offices. The dates and times for each registration period are included in the "Academic Calendar" online at <http://calendar.ucf.edu>.

## Terms and Credit Hours

The University of Central Florida academic schedule consists of two semesters (Fall and Spring), and the Summer term. The graduation credit value of each course of instruction is stated in terms of credit hours. A credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than:

(a) One hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks for one semester or the equivalent amount of work over a different amount of time; or

(b) At least an equivalent amount of work as required in paragraph (a) of this definition for academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

### Undergraduate Enrollment Status

|                     | Credit Hours |
|---------------------|--------------|
| Full Time           | 12 or more   |
| Three Quarter Time  | 9-11         |
| Half Time           | 6-8          |
| Less Than Half Time | less than 6  |

**Note:** Graduate and post-baccalaureate students please refer to the online *Graduate Catalog* for enrollment status policies.

## Credit Hour Limits

Undergraduate students are limited to 14 credit hours for the Summer term and to 17 credit hours for the Fall and Spring semesters. The department chair and college advising office must approve overloads. Overloads may be processed at the college advising offices.

## Excess Hours

Effective Fall 2009, pursuant to Florida Statute 1009.286, students entering a Florida College System institution or state university for the first time in Fall, 2009, and thereafter, may be subject to the excess hours surcharge for hours exceeding baccalaureate degree program completion requirements. Students should regularly review their degree audits and consult with an academic advisor to make sure they are not enrolling in excess courses. More detailed explanation of the excess hours rule can be found on the University Registrar's Office website at <http://registrar.ucf.edu/excess-hours>.

Students beginning Fall Semester 2009 through Summer 2011 will be charged 1.5 times the tuition rate for each credit hour beyond 120% of the required hours of that degree program. Students beginning Fall 2011 through Summer 2012 will be charged two times the tuition rate for each credit beyond 115% of the required hours of that degree program. Students beginning Fall 2012 and beyond will be charged two times the tuition rate for each credit beyond 110% of the required hours of the degree program.

## Holds

A hold (negative service indicator) may be placed on a student's records, transcripts, grades, diplomas or registration due to financial or other obligations to the University. Satisfaction and clearance of the hold is required before a release can be given. Students may check for holds on the myUCF system at <https://my.ucf.edu> under the Student Self Service link. To obtain a release for financial holds, payment to the Cashier's Office must be made either in cash, credit card, cashier's check, or money order.

## Drop/Swap and Add Policy

Drop/Swap and Add are the periods following initial registration when students may make class schedule adjustments (as listed in the Academic Calendar). Drop/Swap or Add may be done using the myUCF system (<https://my.ucf.edu>) or in the college advising offices.

After the Drop-Swap period, no course may be dropped without being fee liable. Courses meeting for the first time after the end of the Drop/Swap or Add period may be dropped the next business day in the Registrar's Office, Millican Hall 161. If a student drops courses for an entire term with the intent of not returning to UCF, they must also drop courses for any future terms or will be fee liable and receive a grade. For withdrawal after the Drop/Swap period, refer to the "Withdrawal Policy" of the *Undergraduate Catalog*. Please consult the Academic Calendar for Drop, Add, and Withdrawal deadlines.

**A student is not automatically dropped or withdrawn from a class for not attending, nor can an instructor drop or withdraw a student from a class.**

## Audit Registration

Audit students are those who desire to attend class(es) without receiving academic credit. Regular tuition and fees are assessed for Audit registration. See the "Fee Schedule" in the "Financial Information" section of the *Undergraduate Catalog*. Audit registration is on a space-available basis at the prescribed time of Registration or at any time during Late Registration and Drop/Swap and Add when Late Registration fees will apply. Audit requests for students who register prior to this time will be denied. Students may not change to Audit status after Late Registration and Add, but must remain in the course or withdraw through normal withdrawal procedures. New students must be accepted for admission to be eligible to audit a course. Audit forms, available on the Registrar's website (<http://www.registrar.ucf.edu>) and in the Registrar's and college advising offices, must be signed by the instructor and presented to the Registrar's Office at the time of registration.

## UCF Math Placement Test

The University believes that appropriate placement of students into certain course sequences is important to help foster an environment of success. The University administers the UCF Math Placement Test to determine placement into the mathematics course sequence. Students who do not meet prerequisites for mathematics courses are required to take the UCF Math Placement Test and are strongly recommended to complete the UCF Math Placement Test prior to attending Orientation. If the UCF Math Placement Test is not completed prior to Orientation, delays in registration for mathematics courses may result. The UCF Math Placement Test is for placement purposes only and does not award credit. More information about the UCF Math Placement Test is available at <http://utc.sdes.ucf.edu/math/>.

## Senior Citizen Audit

Senior Citizens (60 years of age or older) who have been residents of the State of Florida for at least one year as of the first day of classes may enroll tuition free as Audit students (i.e., no academic credit) on a space-available basis. Forms to be completed include the "Residency Affidavit," the "Student Health History," the "Senior Citizen Audit Application" and "Senior Citizen Audit Registration Form" These forms are available in the Registrar's Office (MH 161) or at the Registrar's website: <http://www.registrar.ucf.edu>. It is necessary to complete the required forms during the last hours of registration as noted in the "Academic Calendar" online at <http://calendar.ucf.edu>. Direct student expenses after the completion of registration include the campus ID card, vehicle registration and textbooks.

## State of Florida Employee and UCF Employee Registration

State of Florida employee and UCF employee enrollment into courses for which the employee will seek a tuition waiver will occur on a space-available only basis on the last day of Registration each term at the time specified on the "Academic Calendar" online at <http://calendar.ucf.edu>. For waiver eligibility and application information, please refer to the Student Account Services website at <http://www.studentaccounts.ucf.edu/>.

## Limited Non-Degree Seeking Applicants

This classification allows a student to enroll in selected courses when the student may have no immediate intention of pursuing a degree program. Most opportunities in this status will occur away from the Orlando campus, for courses that are taught out of the regular semester or term cycle, or for special programs mandated by the State of Florida. Successful completion of courses while in this classification **does not** provide a basis for regular admission at a later date.

Programs using the Limited Non-Degree Seeking status include:

- High school Dual Enrollment
- Continuing Education
- Off-campus credit
- Soldiers-to-Scholars
- Regional Campuses
- Teacher Certification or re-certification

## Academic Regulations and Procedures

Students registering for classes in the Limited Non-Degree Seeking status are subject to the following regulations:

1. Students are required to provide evidence of their educational qualifications for attending classes in order to meet the intent of this enrollment classification;
2. Students who have been previously denied admission or disqualified for enrollment are not eligible;
3. Non-degree-seeking students are subject to the same rules and regulations as degree-seeking students;
4. Registration is permitted on a space-available basis;
5. A maximum of 15 undergraduate credit hours or 6 graduate credit hours may be earned as a limited non-degree seeking student;
6. International students may not register as non-degree-seeking since immigration regulations prevent foreign nationals from enrolling without admission to a degree or certificate program;
7. Limited Non-degree students are not eligible to receive financial aid nor to participate in intercollegiate sports; and,
8. Students must complete a Limited Non-Degree Seeking Status Registration Form.

Applicants for limited non-degree-seeking status are subject to applicable provisions of the University's undergraduate admissions regulation. Students registering in this category should be aware of the limitations of this status and are encouraged to apply for regular admission to the University.

### State Tuition Exemption Program (STEP) (National Guard) Registration

State Tuition Exemption Program (STEP-National Guard) students register on a space-available basis only. Registration is on a space-available basis during the last hours of registration as noted in the "Academic Calendar" online at <http://www.registrar.ucf.edu/calendar>. STEP students must present a "Certification" letter to Student Account Services (MH 109) to receive waiver of eligible fees. Registration before the time specified in the "Academic Calendar" online at <http://www.registrar.ucf.edu/calendar> will result in the student being assessed regular fees. The tuition fee waiver cannot be used for courses that require increased costs, including, but not limited to courses offered through the Center for Continuing Education, independent study, supervised research, supervised teaching labs, thesis hours, dissertation, internships, co-ops, practicums, or applied, individualized instruction in music, art, or dance. Eligible members of the active Florida National Guard may receive a waiver of 50% of tuition and material and supply fees.

### State University System (SUS) Florida Transient Students

An SUS Transient Student is a student in good standing who is seeking a degree from one of the other Florida public universities (SUS) and desires to take courses with UCF. Students must complete the "SUS Transient Application Form", which is available online at <http://www.flvc.org>. No application fee is required. The "SUS Transient Application Form" must be completed each term and should be completed online or delivered/mailed to the Registrar's Office (MH 161), by the application deadline noted in the "Academic Calendar" online at <http://calendar.ucf.edu>. Students should visit the Registrar's Office website at <http://www.registrar.ucf.edu> or contact the Registrar's Office for registration information at 407-823-3100.

### UCF Students Attending Another Florida Public Institution

UCF students who desire to attend another Florida Public institution, to earn credit for transfer back into a UCF degree program, as a transient student are encouraged to complete the "Transient Student Form" online, which is available on the Florida Virtual Campus website at <http://www.flvc.org> under "College Students" > "Transferring". Students wanting to attend a Florida private institution or an institution outside the State of Florida may obtain a printed form from the UCF Registrar's Office. The prior permission of the department, school, and college advising office is required to ensure that the courses attempted at another institution will transfer and meet the UCF Degree/General Education Program requirements.

### UCF Students Attending a Non-SUS Institution

A UCF degree-seeking student desiring to earn credit at another college or university for transfer back into a UCF degree program must obtain prior transient approval for specific courses from the Dean or Department Chair of his/her respective college or school. Transient approval of courses to be applied to the UCF General Education Program must be obtained in advance from Academic Services (MH 210). Credit earned without prior transient approval may not be accepted. Plus/minus grades will be transferred for course work earned Fall 2001 and after using UCF's grade point system. Because of graduation certification, students may not take courses in transient status dur-

ing the term in which they expect to graduate. Student seeking transient status must complete the "Transient Approval Form," available from the college or school advising office or at <http://www.flvc.org> and must submit the completed, approved and signed form to the Registrar's Office (MH 161). Transient credit cannot be used to reduce the last 30 semester hour residency requirement for a baccalaureate degree, the last 20 semester hour residency requirement for an Associate of Arts degree, or any departmental residency requirements.

### Enrollment and Degree Verifications

Students may obtain their enrollment verification online through myUCF at <https://my.ucf.edu>. **Enrollment certification is free to currently enrolled students.** Parents, employers, background checking firms, and other third party agencies may request enrollment and degree verifications online at <http://www.degreeverify.org>. A fee will be assessed for all such requests. UCF has contracted with National Student Clearinghouse to provide current enrollment and degree verifications online 24 hours a day, seven days a week. National Student Clearinghouse Customer Service is available at 1-703-742-4200, Monday - Thursday, 9:00 a.m. - 7:00 p.m., & Friday, 9:00 a.m. - 5:00 p.m., ET.

### Withdrawal Policy

The Withdrawal period for each term begins after the Drop/Swap deadline. Students remain fee liable for any classes from which they withdraw. Students may withdraw from a class and receive the notation of "W" until the deadline noted in the "Academic Calendar" online at <http://calendar.ucf.edu>. A student may withdraw from courses using myUCF at <https://my.ucf.edu>, or by visiting the Registrar's Office (MH 161), certain college advising offices, or a Regional Campus records office. Students may withdraw by fax at 407-823-5652. Faxed requests must be received by 5:00 p.m. on the last day to withdraw and must include the student's identification number, the course(s) from which to be withdrawn and his or her signature. Students may also mail a written request to the Registrar's Office, P.O. Box 160114, Orlando, FL 32816-0114. This letter must be time-stamped or postmarked before the published withdrawal deadline and must include the student's identification number, the course(s) from which to be withdrawn and his or her signature. Students seeking to withdraw in person must sign the request and must provide photo identification. The official date of withdrawal is the date the University receives the withdrawal request. Requests received by mail are processed using the postmark as the official date of withdrawal. Withdrawing from classes may have financial aid, NCAA eligibility or international visa consequences. Students should seek appropriate advisement prior to withdrawing from a class. Students who withdraw from courses for an entire term with the intent of not returning to UCF must also drop courses for any future terms. A student failing to withdraw will be fee and grade liable.

**A student is not automatically dropped or withdrawn from a class for not attending, nor can an instructor drop or withdraw a student from a class.**

**Late Drop:** Following the close of the Drop/Swap period each term as published in the academic calendar, students withdrawing from courses will incur both grade and fee liability. No drop is permitted after the drop/swap deadline except in extraordinary circumstances. Unsatisfactory academic performance is not an acceptable reason for drop after the deadline. Students seeking to petition for a late drop should contact the Office of Academic Services. Exceptional circumstances include, but are not limited to, death of an immediate family member, involuntary call to military service, or administrative errors created by the University. Late drops are normally for all courses taken in the term. If approved, a late drop includes a refund of tuition and fees, and the courses will not appear on the student's academic records. Students must submit the completed petition and all supporting documentation for a late drop to Academic Services (MH 210) within six months of the end of the term for which the late drop is sought.

**Late Withdrawal:** No withdrawal is permitted after the withdrawal deadline as published in the academic calendar except in extraordinary circumstances. Unsatisfactory academic performance is not an acceptable reason for withdrawal after the deadline. Students seeking to petition for a late withdrawal should contact the Office of Academic Services. If a late withdrawal is approved, grades of Withdrawn Passing (WP) or Withdrawn Failing (WF) will be recorded as assigned by the instructor(s) of the course(s). A grade of "WF" will affect the calculation of the student's Grade Point Average. Late withdrawals normally are for all courses taken in the term. If approved, a late withdrawal does not refund tuition, and the student is still fee liable for the late withdrawn courses. Students must submit the completed petition

## Academic Regulations and Procedures

with all supporting documentation for a late withdrawal to Academic Services (MH 210) within one year of the end of the term for which the late withdrawal is sought.

**Medical Withdrawal:** Students who seek a withdrawal for the student's own medical (physical or psychological) condition must apply using the medical withdrawal procedure. Students seeking to request a medical withdrawal should contact Academic Services. A medical withdrawal is intended for a student whose own medical condition prevents the student from completing the semester. All required forms must be submitted to initiate the review process. The student's medical and/or psychological provider(s) provides the University with the appropriate medical documentation using the forms provided by Academic Services. Medical withdrawal petitions must be well-documented.

Medical withdrawals can only be approved in cases where the student is unable to finish the term because of the student's own physical and/or psychological condition as documented by the student's medical provider(s). The condition must be serious enough to substantially limit one or more major life activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, eating, sleeping, standing, lifting, bending, reading, concentrating, thinking, communicating or working. A medical withdrawal is usually for all classes in a semester ("full medical withdrawal"). If a student is requesting a medical withdrawal from fewer than all classes in which the student is enrolled during a semester ("selective medical withdrawal"), the student must document why the medical condition prevents the student from completing the requirements of certain classes but not others, including providing medical documentation that supports this explanation. For example, a student who is suffering from a leg injury may be unable to perform in a dance class but able to complete online classes. Once a determination is made for fewer classes, the student cannot amend the request at a later date or request a retroactive withdrawal.

The medical condition should have arisen during the given semester from which withdrawal is sought. If the student was aware of the medical condition prior to beginning of the semester, the student must provide medical documentation demonstrating that there was a change in the condition during the semester that resulted in the student's inability to meet course requirements.

Medical withdrawals for consecutive semesters will not be approved for the same medical condition.

After a full medical withdrawal, the university expects a student will not enroll at the University in the semester immediately following the semester from which the student has medically withdrawn but will use that time to address the medical condition. When the University is able to determine that the condition is likely to continue to prevent the student from completing course requirements in subsequent semesters, the University may place the student on medical hold. If a medical hold has not been placed, it is the student's responsibility to decide, given the medical condition, whether to enroll or maintain enrollment in semesters following the semester from which the student has medically withdrawn. Students are encouraged to contact Student Accessibility Services well before a subsequent semester begins to explore possible accommodations if necessary. If a medical hold has been placed, it is the student's responsibility to drop all courses for future semesters until the medical hold is removed or be fee and grade liable. Additional information about medical holds and the process by which medical holds may be removed is available from the Academic Services office.

Students must submit a completed petition for a medical withdrawal to Academic Services with all supporting documentation from both (if applicable) medical and psychological providers that supported a student's care within six months of the end of the semester for which the medical withdrawal is sought. If a medical withdrawal is approved, a grade of "WM" (withdrawal due to medical reason) will be recorded for each affected course. A "WM" grade will have no effect on the Grade Point Average. An approved medical withdrawal will include tuition refund only if the completed petition was submitted to Academic Services before this six-month submission deadline.

When the physical or psychological condition at issue is related to pregnancy or sexual violence, the student should contact the Title IX Coordinator at 407-823-1336 immediately and before submitting a Medical Withdrawal request. The Title IX Coordinator will explore whether other options are available to the student. Academic Services officials who receive a medical withdrawal request related to pregnancy or sexual violence must notify the Title IX Coordinator immediately.

**Appeal:** Students whose academic record change petition has been denied have the right to appeal the decision to the Admission and

Standards Committee. All documents supporting the appeal must be submitted within 30 days from the date of notification of the denial. The appeal must be based upon new or missing evidence not previously presented. Simply disagreeing with the decision is not grounds for an appeal.

### Grade System

The University uses an alphabetic system to identify student grades and other actions regarding student progress or class attendance. Beginning Fall 2001, a plus/minus grading system became effective, with a grade point equivalent per semester hour as follows:

| Grades         | Grade Points Per Semester Hour of Credit |
|----------------|--|
| A              | 4.00                                     |
| A-             | 3.75                                     |
| B+             | 3.25                                     |
| B              | 3.00                                     |
| B-             | 2.75                                     |
| C+             | 2.25                                     |
| C              | 2.00                                     |
| C-             | 1.75                                     |
| D+             | 1.25                                     |
| D              | 1.00                                     |
| D-             | 0.75                                     |
| F              | 0.00                                     |
| NC - No Credit | *  |

\*Available only in CHM 1032, CHM 2040, CHM 2041, CHM 2045C, CHS 1440, ENC 1101, ENC 1101H, ENC 1102, ENC 1102H, MAC 1105CH, MAC 1105H, MAC 1114C, MAC 1140C, MAC 1140H, MAC 2147, MAC 2233, MAC 2241, MAC 2253, MAC 2281, MAC 2281H, MAC 2311C, MAC 2311H, MAT 1033C, and STA 2014C. In these classes NC replaces the use of D+, D and D-.

| Legend | Action  | Grade Points |
|--------|---|--------------|
| G      | Repeated Course (Grade Forgiveness, multiple attempts)                            | -            |
| I      | Incomplete  | -            |
| K      | Repeated course (Latest Attempt)  | -            |
| N      | No grade reported by instructor (followed by grade)                               | -            |
| P      | Repeated Course (Not Grade Forgiveness)   | -            |
| R      | Repeated course (Grade Forgiveness)   | -            |
| S      | Satisfactory (w/credit)/Satisfactory Progress (Research, Thesis, or Dissertation) | -            |
| T      | (followed by grade) Subsequently repeated (no credit)                             | -            |
| U      | Unsatisfactory (no credit)  | -            |
| W      | Withdrawn   | -            |
| WF     | Withdrawn Failing   | 0.00         |
| WH     | Health Form Withdrawal  | -            |
| WM     | Medical Withdrawal  | -            |
| WP     | Withdrawn Passing   | -            |
| X      | Audit (no credit)   | -            |

The designation of "N" will be assigned temporarily by the Registrar's Office only in the case when a grade has not been submitted by the instructors by the grade submission deadline. The designator will be replaced by the earned letter grade at the earliest opportunity in the term that immediately follows and prior to graduation. The "N" designator may not be assigned by the instructor.

## Academic Regulations and Procedures

In the event of academic dishonesty, instructors may assign a Z in front of a final course grade on a student's academic record. For further information regarding the addition, removal and appeals process of the Z designation, see <http://z.ucf.edu/>.

The Grade Point Average (GPA) is the average number of grade points per semester hour attempted. **GPA is computed by dividing the total number of grade points assigned by the total number of credit hours attempted, less hours resulting from NC, W, WP, and I grades.** GPA is recalculated after each term; for Summer GPA is recalculated only after all Sessions and end of term. The GPA for graduation requirement is a minimum UCF 2.0 ("C").

**Example:** A student has completed 13 credit hours for a given term. To calculate the Term GPA:

1) Multiply the number of credit hours per course by the number of grade points per grade. Then add each amount to arrive at the total number of grade points earned for that term:

|             |    |                                    |   |                       |
|-------------|----|------------------------------------|---|-----------------------|
| Course #1   | B+ | 3 credit hours X 3.25 grade points | = | 9.75                  |
| + Course #2 | A- | 3 credit hours X 3.75 grade points | = | 11.25                 |
| + Course #3 | A  | 4 credit hours X 4.00 grade points | = | 16                    |
| + Course #4 | B  | 3 credit hours X 3.00 grade points | = | 9                     |
|             |    |                                    |   | <hr/>                 |
|             |    | = 13 credit hours                  | = | 46 total grade points |

2) Divide the total number of grade points by the total number of credit hours earned that term:

46.00 total grade points / 13 credit hours = 3.54 GPA for that term.

**UCF Cumulative GPA.** If prior to this term the student had earned a total of 162 grade points for a combined 54 term hours of coursework, his or her cumulative grade point average entering this term would be  $162/54 = 3.00$ . Including this term of coursework, the cumulative grade point average would be  $(162 + 46) / (54 + 13) = 3.10$ .

### Incomplete Grade

A grade of "I" (Incomplete) may be assigned by the instructor when a student is unable to complete a course due to extenuating circumstances, and when all requirements can be completed in a short time following the end of the term. It is expected that the student will have completed a majority of the course. When an instructor assigns an "I" grade for a course, the student is notified through email about the grade. The student is responsible to arrange with the instructor for the completion of the requirements of the course. Effective with Incomplete grades assigned in the Fall semester 1997 and thereafter, a student cannot graduate from the University with an "I" on the transcript. The Incomplete must be changed within one year of the last day of the term attempted or prior to graduation from the University, whichever comes first. Unresolved Incomplete grades automatically will be changed to "F" by the Registrar's Office. Unresolved "I" grades in courses graded with "S" or "U" will be converted to "U."

### Grade Change

A grade change is the change of any originally assigned grade to another grade, including grades of "I" and grades earned by administrative withdrawals. GPA is recalculated after the grade change. Grade changes other than medical withdrawals will be considered only during the term immediately following the one in which the grade was assigned, except that grades assigned during the Spring semester may be changed during either the following Summer term or Fall semester. A change in grade must be approved by the dean of the college or school.

**A grade will not be changed after a degree has been conferred.** The Registrar will change a student's academic standing if necessitated by a change of grade, except in cases of academic suspension. If a student is suspended, the Admissions and Standards Committee may review the suspension and readmit the student if the Committee decides readmission is warranted.

### Grade Reports

Grades are available from myUCF at <https://my.ucf.edu>.

### Attendance, Absences, or Unsatisfactory Work

Under University policy, students are not authorized to attend class unless they are on the class roll or have been approved to audit and have paid audit fees. Students are responsible for satisfying the entire range of academic objectives as defined by the course instructor and ensuring that their class work and attendance are satisfactory. Students should understand that attendance policies and procedures vary among instructors and academic units, and they must observe any special attendance regulations stipulated by their college, school, department, program, or instructor. Reasons for acceptable absences may include illness, serious family emergencies, special curricular

requirements (e.g., judging trips, field trips, professional conferences), military obligations, severe weather conditions, and religious holidays.

Students also should be excused for participation in official University-sponsored activities, such as music performances, athletic competition, or debate. Students chosen for such events including intercollegiate athletics, band, choir, and academically related programs shall be listed on a "Program Verification" form. Program Directors shall provide each student with a copy of this form. It is the student's responsibility to present a copy of this form to the faculty member(s) responsible for the class from which the student will be absent. This verification is to be provided prior to the class period whenever possible and no later than the first class following the event. A copy of the form listing students selected to represent the University and signed by the Program Director shall be filed with the Office of Student Rights and Responsibilities (FC 155). If further verification is needed, contact the Office of Student Rights and Responsibilities (FC 142; 407-823-6960) or, for athletic events only, Academic Services for Student-Athletes, Wayne Densch Sports Center, 103A; 407-823-5896.

Absences from classes for court-imposed legal obligations (e.g., jury duty and subpoenas) must be excused. The student may offer other sound reasons. When absences threaten a student's satisfactory completion of a course, the instructor may report the absence to the appropriate Dean of the student's college/school and may choose to call upon the college/school office to request additional information and insight into the significance of or reason for the absences.

### Classroom Responsibility

Students are responsible for maintaining classroom decorum appropriate to the educational environment. When the conduct of a student or group of students varies from acceptable standards and becomes disruptive to normal classroom procedures, the instructor has the authority to remove the offending party from the room and refer the student to the Office of Student Conduct (FC 142) for disciplinary action.

In the event of academic dishonesty, faculty members may assign a Z in front of a final course grade on a student's academic record. For further information regarding the addition, removal and appeals process of the Z designation, see <http://z.ucf.edu/>.

### Student Conduct

Students are subject to federal and state laws and local ordinances as well as regulations prescribed by the University of Central Florida and the Florida Board of Governors. The breach or violation of any of these laws or regulations may result in disciplinary action. Detailed conduct regulations and procedures are presented in *The Golden Rule*.

A person applying for admission to UCF who has declared a violation of conduct policies at a previous college or university or has been charged with a violation of the law (including traffic violations that resulted in a fine of \$200 or more) may have circumstances of the case reviewed by the Office of Student Conduct (FC 154) to consider eligibility for admission.

### Religious Observances

It is the practice of the University of Central Florida to reasonably accommodate the religious observances, practices, and beliefs of individuals in regard to admissions, class attendance, and the scheduling of examinations and work assignments. A student who desires to observe a religious holy day of his or her religious faith must notify all of his/her instructors **at the beginning of the term** to be excused from classes to observe the religious holy day.

The student will be held responsible for any material covered during the excused absence, but will be permitted a reasonable amount of time to complete any work missed. Where practicable, major examinations, major assignments, and University ceremonies will not be scheduled on a major religious holy day.

Students who are absent from academic or social activities because of religious observances will not be penalized. A student who believes that he/she has been unreasonably denied an educational benefit due to his/her religious belief or practices may seek redress in accordance with the Student Grievance Procedure, as listed in *The Golden Rule*.

### Student Classifications

Students will be classified by level, on the basis of credit hours satisfactorily earned as follows:

**Freshman:** 0-29 credit hours

**Sophomore:** 30-59 credit hours

**Junior:** 60-89 credit hours

# Academic Regulations and Procedures

**Senior:** 90 or more credit hours, prior to completion of baccalaureate requirements

## Post-Baccalaureate:

Any student enrolled in courses, regardless of course level (except one working toward another baccalaureate degree), who has a baccalaureate degree but has not been admitted to a graduate program. All post-baccalaureate students are considered as non-degree undergraduates for all University policies and procedures.

## Graduate:

Any student enrolled in graduate courses who has been admitted to a graduate program.

## Other Student Classifications:

### Auditor:

A student registered for any credit course who is not seeking credit.

### Co-op Student:

A student enrolled in the Center for Cooperative Education and Applied Learning Program remains a registered student during all off-campus assignment semesters. Furthermore, there is no lapse in continuity in the co-op academic calendar: a co-op student either is on assignment or attending class during each term.

### Special Student:

A student of demonstrated academic ability who does not meet the regular requirements for admission (Early Admission, non-degree-seeking, transient, and auditor).

### Temporary:

A student who applied before the deadline and who is permitted to register and attend class pending completion of the admission file.

### Transient:

Students temporarily registered (for one term) at UCF with the approval of another university or college where they are regularly enrolled, or a UCF student temporarily in attendance at another university or college, with the approval of UCF. A UCF student may not be enrolled as a Transient student in another institution during the term in which the baccalaureate degree or the A.A. degree is to be awarded.

### Limited Non-Degree Seeking:

A student earning credit but not enrolled in a degree program.

### Provisional:

A student entering from a regionally unaccredited high school, college, or university may be admitted on provisional status where appropriate. By obtaining a minimum 2.0 GPA ("C" average) at the end of the first term of attendance, the provisional status will be removed. Earning less than a "C" (2.0) average the first term would result in disqualification.

## Academic Honors

### President's Honor Roll Certificate (Full-Time Award)

The President's Honor Roll Certificate (Full-Time Award) is awarded in recognition of scholastic honors to degree-seeking undergraduate students who maintain a 4.0 GPA, complete 12 or more hours, excluding satisfactory/unsatisfactory course work, and did not earn any "I," "U," "N," "NC," or "WF" grades during a given term.

### President's Honor Roll Certificate (Part-Time Award)

The President's Honor Roll Certificate (Part-Time Award) is awarded in recognition of scholastic honors to degree-seeking undergraduate students who maintain a 4.0 GPA in two consecutive part-time terms. The student must complete at least 15 hours, with no more than 11 in each consecutive term, excluding satisfactory/unsatisfactory course work, and not earn any "I," "U," "N," "NC," or "WF" grades during a term. Hours utilized in the awarding of a President's Honor Roll Certificate may not be utilized in the determination of a subsequent certificate.

### Dean's List

The Dean's List is compiled in recognition of scholastic honors to degree-seeking undergraduate students who earn a minimum 3.4 GPA, complete a minimum of 12 credit hours, earn no grade less than "C" (2.0) and no "I," "U," "N," "NC," or "WF" grades during a term.

### Baccalaureate Honors and Diplomas

The University shall confer baccalaureate honors recognition on those students who have completed a minimum of 48 credit hours at UCF and who:

1. Attain an overall grade point average (this includes transfer credit) that is in the upper 10 percent of the range established by all students graduating in the same college/school during the previous two years;

2. Attain at least a 3.20 overall grade point average; and,
3. Honors awarded will be:  
**Summa Cum Laude** for those students in the upper 2.5 percent  
**Magna Cum Laude** for those students in the upper five percent, but not in the upper 2.5 percent  
**Cum Laude** for those students in the upper 10 percent, but not in the upper five percent

Records for the term of graduation are incomplete at the time the *Commencement Program* is printed. Identification of these students at graduation therefore is presumptive of honors and not conclusive, since final term grades may result in changes in relative rankings.

Consult the Academic Honors list at

<http://ikm.ucf.edu/enrollment-graduation/grad-honors-gpa-standing/> for the most up-to-date UCF Honors minimum GPA requirements.

Diplomas are mailed six to ten weeks after Commencement to the address indicated in the online "Intent to Graduate."

## Honors in the Major

Please see "Honors in the Major" in The Burnett Honors College portion of the *Undergraduate Catalog*.

## Grades in Repeating Courses

Concerning grades in repeated courses, UCF will apply the best grade of the first two attempts for the same course when grade forgiveness is not used. If a student chooses to enroll in a course for a third time, or more, he/she will be subject to paying the repeat surcharge. Regardless of whether the grade earned is better, worse, or the same as previous attempts, the grade earned in the last attempt, in a sequence of three or more attempts, will be the grade applied toward the degree and program requirements.

All attempts for the course will be recorded on the student's transcript and will be part of the GPA calculation unless there is an approved grade forgiveness. In the case of grade forgiveness, all grades will be recorded but the GPA will be calculated in accordance to the Grade Forgiveness policy. See the Grade Forgiveness policy in this catalog and information located at <http://registrar.ucf.edu/grade-forgiveness>.

Attempted courses will impact excess hours in accordance to Florida Statute 1009.286. Students are strongly encouraged to carefully review information on excess hours in this catalog or at <http://registrar.ucf.edu>.

## Grade Forgiveness

Grade Forgiveness offers a student the opportunity to retake a course and earn a second grade that will be substituted for the previous grade. You may apply for Grade Forgiveness online at <https://my.ucf.edu> > Student Self Service > Student Center. Requests must be submitted no later than the **withdrawal deadline** for the term/session in which the student has registered for the course being repeated. Consult the web calendar at <http://calendar.ucf.edu>. The following policies apply:

1. Grade Forgiveness is limited to **two** courses;
2. Grade Forgiveness **may not** be used twice for the same course;
3. Grade Forgiveness will only be awarded if the original and repeated courses both are taken at UCF;
4. All grades will remain on the student's official transcript. The original course grade will be marked with a "T" to indicate that the course subsequently has been repeated, or a note describing the initial attempt, and the repeat course grade will be marked with an "R." The original grade **will** appear on the transcript but only the repeated course grade will be calculated into the GPA or meet degree requirements;
5. If it is determined that the student is ineligible for the Grade Forgiveness policy, neither a refund of fees nor automatic withdrawal from the course will be made. In addition, if the student is ineligible, the two grades will be averaged for the calculation of the GPA;
6. If a student applies for Grade Forgiveness and later withdraws, or receives an "I" grade or "NC" grade in the course, the attempt **will** count as one of the allotted Grade Forgiveness attempts, and the GPA will calculate both grades;
7. UCF **does not** honor Grade Forgiveness granted at other institutions unless it is part of an Associate in Arts or a specific statewide articulated Associate in Science degree transferred from a Florida College System institution or State University. Grade forgiveness awarded within a bachelor's degree from a Florida State System institution is not honored at UCF. UCF's Grade Forgiveness policy

## Academic Regulations and Procedures

may not be honored by other colleges, universities, professional schools, or national testing associations;

8. Due to the two-course limit, a student who has repeated two or more courses at a Florida College System institution or State University and included those courses in the transfer of an AA or a specific statewide articulated AS degree **will not** be granted any Grade Forgiveness at UCF;
9. Grade Forgiveness awarded for repeated courses will not retroactively alter any previous academic action (i.e. academic probation or disqualification). In addition, no academic records can be altered after a student graduates;
10. Grade Forgiveness is not retroactive and, therefore, may not be used for a course repeated before Fall 1981. If a student who repeated a course at UCF before 1981 and did not use the previous forgiveness policy may repeat the course again. In this case, the lower of the previous two grades will be forgiven. This special circumstance is the only one in which a student will be allowed to repeat a course more than once; and,
11. With prior approval from the Dean's office in which the course is offered, a student can only substitute a course different from the original one if: 1) the substitute course reflects a change in prefix, number, hours, or title but not in substance; or 2) the substitute course replaces a course no longer offered by UCF. In this case, the student must submit the paper version of the Grade Forgiveness Form which can be obtained at the Registrar's Office (MH 161).

**Repeated Enrollment in Same Course:** Beginning Fall 1997, a student enrolled in the same undergraduate college credit course more than twice shall pay matriculation at 100% of the full cost of instruction (Non-Florida Resident rates).

### Academic Standing

All academic actions are shown on myUCF at <https://my.ucf.edu> and on the transcript. The action is generated due to course completion. Changing a course grade does not necessarily change academic action. An exception may be made when an error is committed and is so stated by the instructor on the "Change of Grade Request Form."

### Good Standing

Good standing indicates only that the student is meeting the minimum academic standard for retention by the University (minimum term GPA, 2.0). To meet graduation requirements, however, the student must have a minimum UCF GPA of 2.0.

### Academic Probation

Action taken when a student's UCF cumulative GPA drops below 2.0. Academic Probation will continue until the current term and UCF cumulative GPA reach 2.0 or better.

First-time-in-college students may be admitted on Academic Probation at the discretion of the Undergraduate Admissions Office or the Admissions and Standards Committee. Transfer students may be admitted on Academic Probation at the discretion of the Undergraduate Admissions Office or the Admissions and Standards Committee. Academic Probation is intended to inform students making unsatisfactory progress of their need to alter study habits and seek additional counseling. Early recognition will indicate to the student the possible jeopardy to academic goals and will also allow an opportunity to demonstrate acceptable performance.

### Disqualified (First Suspension)

A student on Academic Probation is Disqualified upon failure to achieve a minimum 2.0 GPA during the subsequent term. A student who is Disqualified **may not** enroll at the University for two semesters following disqualification. Readmission after two semesters is **not** automatic. Disqualified students are required to have completed the Florida AA degree, or have completed UCF's general education program and Gordon Rule requirements, before petitioning for readmission. A Disqualified student must submit an application for Readmission supported by a letter documenting the reasons for previous academic difficulties, clear evidence of satisfactory academic performance since leaving the university, and plans for achieving a GPA of 2.0 or better. A disqualified student is limited to petition for readmission once per year (365 days). The total record will be reviewed and action on readmission will be taken by the University Registrar. **Any Disqualified student whose UCF grade point deficiency is equal to or greater than 30 grade points is not eligible for readmission.** For readmission purposes only, "grade point deficiency" is defined as the number of UCF credit hours earned with a "B" (3.0 GPA) grade

that a student requires to raise his or her UCF grade point average to 2.0.

### Exclusion (Second Suspension or more)

A student readmitted following Disqualification who fails to achieve a minimum 2.0 Term GPA is excluded from the University. Exclusion is most serious and **students are not eligible for readmission after Exclusion**. An individual who has been Excluded will not be considered for readmission, and may not appeal any failure to be readmitted following Exclusion.

### Earning Credit While Disqualified

A student disqualified while a freshman or sophomore who subsequently receive an A.A. degree with a minimum "C" average (2.0 GPA) on all college work attempted from a Florida College System institution has the right to appeal for readmission, in accordance with standard University policies. However, readmission is not guaranteed, and the student seeking readmission will be required to follow all academic regulations and procedures associated with readmission after suspension.

### Readmission

A student must apply for readmission to the Registrar's Office (MH 161) if:

1. the student has not enrolled at UCF for two consecutive semesters (not including the Summer term);
2. the student has been academically suspended from UCF;
3. the student failed to enroll or withdrew from all classes during the readmitted term; or,
4. the student has previously attended, or is currently enrolled at UCF, as "degree-seeking" and desires to pursue a second bachelor's degree.

The application deadline for readmission is as follows: for Summer, **April 1**; for Fall, **July 1**; and for Spring, **November 1**.

### Readmission Following Non-Enrollment for Two Consecutive Semesters

The student must complete and submit the "Readmission Application Form," available on <https://my.ucf.edu>. Log on to myUCF using your student ID and password and then go to Student Self Service > Student Center. Once on the Student Center page, go to the "Other Academic..." dropdown menu and scroll down to "Readmission Application." If the student has attended another regionally accredited institution since leaving UCF, the student must request an official transcript be sent to the Registrar's Office. If the student was previously admitted to a UCF limited-access program, the student will be placed in pending status for that major and must apply to the College for readmission to the program. Plus or minus grades will transfer for course work earned Fall 2001 and after using UCF's grade point system.

Readmitting students classified as a "Florida resident" during the last term at UCF who have resided outside of the State of Florida for one year may not be eligible for readmission as a Florida resident for tuition purposes. Students approved for readmission may be classified as a non-resident for tuition purposes and must submit documentation to the Registrar's Office establishing his or her eligibility for Florida residency for tuition purposes. For eligibility requirements, refer to 'Florida Residency for Tuition Purposes' within "Financial Information" of the *Undergraduate Catalog*.

Any readmitted student whose UCF GPA is less than 2.0 at the time of the last enrollment at the University will be readmitted on "Academic Probation."

All applicants seeking readmission who have attempted course work at another regionally accredited institution since last attending the University will be required to be in "Good Standing" (minimum 2.0 GPA) at the last institution attended with no allowance for grade forgiveness and must be eligible to return to the last institution attended.

### Readmission Following Suspension: Disqualification, with a Grade Point Deficiency of Less than 30 Grade Points

A student who has been academically Disqualified by UCF (with a grade point deficiency less than 30 grade points) who has completed the two term academic suspension period may petition for readmission by submitting the "Readmission Application Form" to the Registrar's Office. For readmission purposes only, grade point deficiency is defined as the number of UCF credit hours earned with a "B" (3.0 GPA) grade that a student requires to raise his or her UCF

## Academic Regulations and Procedures

grade point average to 2.0. A student's grade point deficiency is calculated when the student applies for readmission. The petitioning student must satisfy the following requirements before a decision will be made:

1. Submit a written statement indicating the reason for the previous academic difficulties and a plan for ensuring success in future terms:
  - a. The written statement should be limited in length to one typed page; it must be signed and dated, and include the student's UCF Personal Identification Number (PID).
  - b. A "Readmission Application Form" not accompanied by the required written statement **will not** be reviewed;
2. Contact the Registrar's Office for information specific to readmission following disqualification. Please note that a plan to complete the program of study from your intended major's department/school/college may be required as part of the readmission application packet. Until removed from probationary status following readmission, a student will not be allowed to change majors unless prior approval is authorized by all departments/schools/colleges offering the student's current field of study and the field of study to which the student is seeking the change; and
3. Submit to the Registrar's Office official transcripts from all other schools attended during suspension (if applicable).

The Registrar's Office will review the readmission application **only** when it receives all of the documents listed above. A student denied readmission by the Registrar's Office has thirty (30) days from the date of the denial to appeal that decision to the Admissions and Standards Committee. See 'Right of Appeal' below for details. Disqualified students are limited to **one** readmission appeal during the disqualification period.

### Readmission Prior to Completion of the Required Suspension

A student who has been academically Disqualified by UCF who has not completed the academic suspension period **is not eligible for readmission to the University**. Students may appeal for an exception to this policy to the Admissions and Standards Committee. See 'Right of Appeal' below for details. Disqualified students are limited to **one** readmission appeal during the disqualification period and **one** appeal per 12-month period following the disqualification period.

### Readmission Following Suspension: Disqualification (with a Grade Point Deficiency of 30 or more Grade Points)

Students who are disqualified (with a grade point deficiency of 30 grade points or more) **are not eligible for readmission to the University**. The Registrar's Office will deny readmission to ineligible students. A student denied readmission by the Registrar's Office has thirty (30) days from the date of the denial to appeal that decision to the Admissions and Standards Committee. See 'Right of Appeal' below for details. For readmission purposes only, grade point deficiency is defined as the number of UCF credit hours earned with a "B" (3.0 GPA) grade that a student requires to raise his or her UCF cumulative grade point average to 2.0. A student's grade point deficiency is calculated when the student applies for readmission. A student must remain on readmission plan until removed from probationary status following readmission, a student will not be allowed to change majors unless prior approval is authorized by all departments/schools/colleges offering the student's current field of study and the field of study to which the student is seeking the change.

### Dropping or Withdrawing During Readmitted Term

Disqualified or excluded students who drop or withdraw from all courses during the readmitted term for whatever reason **must** apply for readmission.

### Limitations on the Number of Readmission Appeals

**Disqualified** students are limited to **one** appeal for an exception to University policy to the Admissions and Standards Committee during the disqualification period and **one** appeal **per 12-month period** following the disqualification period.

**Excluded** students are not eligible to appeal for an exception to University policy to the Admissions and Standards Committee.

### Non-Academic Admission Clearances

According to the Florida Board of Regents Rule 6C-6.001(2) "...If determined not to be in the best interest of the University to admit an applicant because of past misconduct the University may do so."

This authorizes universities to refuse readmission to applicants due to past misconduct. The University further requires the Vice President of Student Development and Enrollment Services or his/her designee to review all applications disclosing information regarding any prior criminal conviction or conduct problem at another institution and to make a decision as to whether the admission of this applicant will be in the best interest of the University. This statement describes the procedure and assigns responsibility for the review of these applications for admission. Applicants who fail to disclose any prior criminal conviction or conduct problem at another institution and such fact is subsequently discovered by the University shall be denied admission or readmission, or other academic and/or disciplinary action up to and including expulsion.

### Appeal

There is no appeal of the University's decision not to admit or readmit a student based on past misconduct. According to the Florida Administrative Code 6C-6.001(4): "Applicants denied admission shall be given notice of the denial within a reasonable period of time following the decision. Upon the applicant's written request, the University shall provide the reasons for the rejection in writing."

### Admissions and Standards Committee

The Admissions and Standards Committee is a reporting committee of the Faculty Senate. Its membership includes faculty and non-faculty representatives of the faculty Senate, several academic colleges, the Division of Student Development and Enrollment Services, and Student Government Association. The Admissions and Standards Committee meets regularly to consider appeals from: 1) persons denied admission; 2) students denied readmission; and 3) student appeals of University academic actions, policies or standards. All decisions rendered by the Admissions and Standards Committee are final. Decisions can only be appealed in the event new evidence or information has been determined by the Chair of the committee to be relevant and is subsequently approved for further committee review.

### Right of Appeal

A student who has been denied readmission has thirty (30) days from the date of the denial to appeal to the Admissions and Standards Committee. The appealing student must satisfy the following requirements before the Registrar's Office will forward the appeal to the Committee:

1. Complete the "Application for Readmission as an Exception to University Policy Form," available at the Registrar's Office (MH 161);
2. Prepare a written statement specifying the extenuating circumstances that led to their poor academic performance or academic dismissal.
  - a. The written statement should be limited in length to one typed page; it must be signed and dated, and include the student's UCF Personal Identification number (PID).
  - b. An "Application for Readmission as an Exception to University Policy" form not accompanied by the required written statement **will not** be forwarded to the Admissions and Standards Committee;
3. Provide documents which support and/or verify the extenuating circumstances (if applicable);
4. Supply official transcripts from all other schools attended during the suspension (if applicable);
5. Order **one** official copy of the UCF official transcript (**\$10 per copy**). The Registrar's Office will forward this transcript to the Admissions and Standards Committee;
6. Submit **one** stapled packet of appellant materials to the Registrar's Office (MH 161) by 12:00 p.m. (noon) Monday prior to the scheduled Admissions and Standards Committee meeting. The packet **must** contain the following documents, arranged in the following order:
  - a. A completed "Application for Readmission as an Exception to University Policy Form";
  - b. Written statement indicating the extenuating reasons for the previous academic difficulties and a plan for ensuring success in future terms;
  - c. Any supporting documentation as directed by the college, school or other University personnel;
  - d. Any additional supporting documentation (optional); and,

## Academic Regulations and Procedures

After a thorough evaluation of both the appeal and all required supporting documentation, the Admissions and Standards Committee will render a decision. The decision of the committee will be based upon university readmission policy and information presented in the appeal. Decisions are final, and there is no appeal beyond the committee. If a student feels there is new or missing evidence that was not available at the time of the original appeal, submitted to the Chair of the Admissions and Standards Committee for further consideration. Simply disagreeing with the committee's decision is not grounds for reconsideration.

Disqualified (with a Grade Point Deficiency of 30 or more Grade Points) and Excluded students are not eligible for readmission to the University and have no right to appeal for an exception to University policy to the Admissions and Standards Committee.

### Academic Amnesty Program

Effective Fall 2004, the Academic Amnesty Program provides undergraduate students who are not eligible for readmission for academic reasons the opportunity to readmit to UCF after five or more years of separation. This program allows the student to nullify up to two consecutive terms worth of UCF coursework from his or her UCF grade point average. Students may not select specific courses within the two identified terms. If the student satisfactorily completes the Academic Amnesty Program, the University will remove from the student's UCF GPA all UCF coursework for which the student enrolled during the selected consecutive terms. While grades nullified by satisfactory completion of the Academic Amnesty Program are not used in calculating the student's UCF GPA, all course work will remain part of the student's permanent record.

To apply for entrance into the Academic Amnesty Program, the student must:

1. Gain the written support for the Academic Amnesty Program from the student's college or school and present to the Admissions and Standards Committee an academic plan of action approved by the college advising office. This plan will include the following:
  - a. The specific terms of the student's academic history to be nullified by satisfactory completion of the Academic Amnesty Program;
  - b. Approved courses in which the student will enroll during the two terms that comprise the Academic Amnesty Program;
  - c. Any additional requirements mandated by the college advising office (i.e., academic advising or mentoring, required tutoring or academic support services, etc.); and,
  - d. Complete and submit an Academic Amnesty Agreement to the Admission and Standards Committee.
2. The UCF Admissions and Standards Committee will determine a student's eligibility for entrance into the Academic Amnesty Program.

### Athletic Eligibility and Retention Committee

The Athletic Eligibility and Retention Committee (AERC) has oversight of the athletic participation of students who engage in intercollegiate athletics. It relies on information gathered from the Office of Athletic Compliance, the Office of Academic Services for Student-Athletes, coaches and the individual student. Student-athletes who desire to continue their athletic participation while being on academic probation must have the written support of their coach, complete a written document stating their methods and dedication to improve their level of academic achievement and the approval of the AERC. The committee shall review each applicant's academic potential and current status and determine conditions for the individual's degree of continued participation in intercollegiate athletic activities.

### Name Changes

To change the legal name maintained on the student's official UCF record, the student must submit a completed "Change of Name" form and supporting documentation to the appropriate UCF office. Attach to the form a copy of a legal name change document (e.g., marriage certificate, divorce decree, etc.). Undergraduate students must submit the form to the Registrar's Office (MH 161). Graduate students must submit the form to the Graduate Studies Office (MH 230). Current UCF employees and those students who have been UCF employees within 12 months of the date the name change is requested must submit the form to the Human Resources Office (12565 Research Parkway). The "Change of Name" form is available from the Registrar's Office at MH 161 or online at <http://www.registrar.ucf.edu>.

In addition to legal name changes, the University provides students the option for a Preferred Name. Students wishing to establish a preferred name option may accomplish this by submitting the Change of Name Form to the Registrar's Office.

### Address and Email Changes

The student's address is initially obtained from the "Application for Admission or Readmission." It is the students' responsibility to make appropriate changes to the address online at myUCF **as they occur**. Address and email changes also can be made by writing the Registrar's Office, P.O. Box 160114, Orlando, FL 32816-0114 or fax to 407-823-5652. Written requests must be signed and the student identification number provided.

### Transcript Requests

Requests for official transcripts must be made online via myUCF (<https://my.ucf.edu>). Telephone and email requests are not accepted. Transcripts cannot be released if there is a hold due to a financial obligation to the University. Requests may be made for immediate delivery or the request can be held until final semester grades have been posted or a degree has been awarded. Students have the option to upload an attachment to be sent with their transcript as well..

Transcripts may be sent via email as a PDF or via postal mail or FedEx on paper. The charge is \$15 per transcript unless it is held for pick up, which carries a \$10 charge. A transcript that is requested for pick up may be obtained either from Main Campus or one of the Regional Campus locations. Transcripts not claimed within 30 days of printing will be destroyed and must be re-ordered. PDF transcripts that have not been downloaded within 30 days will expire and must be re-ordered.

For additional information, please review the website: <http://registrar.ucf.edu/transcript-request>.

### Third Attempt Course Repeat Surcharges

All students enrolled in undergraduate courses for the Fall 1997 term and beyond are subject to an additional surcharge fee when they enroll in the same undergraduate college credit course three or more times. Completed courses, withdrawals, and courses with incomplete grades are counted as attempts, including courses repeated in order to raise the GPA or to achieve a specific grade. Courses that specify they may be repeated for credit are exempt. Students seeking exemptions for extenuating circumstances or financial hardship may submit a written petition with documentation to the Fee Appeals Committee, Student Account Services (MH 109).

Exemptions to the third attempt surcharge will be considered through a Fee Appeal Process.

Exceptions to the repeat course fee requirement shall be based only on extenuating circumstances, or financial hardship.

### Extenuating Circumstances

Those circumstances determined by the University to be exceptional and beyond the control of the student. These may include, but not be limited to, the following:

1. Medical condition or serious illness preventing completion;
2. Death of an immediate family member;
3. Involuntary call to active duty; or,
4. Other emergency circumstances or extraordinary conditions.

Special Limitation: students who withdraw or fail a class due to extenuating circumstances may be granted an exemption only once for each class.

### Financial Hardship:

Should include, but not be limited to, the following:

1. Qualification for federal need-based financial aid; or,
2. Other documented financial hardship may be considered.

For details, contact Student Account Services (MH 109) at 407-823-2433.

## Major, Minor, Undergraduate Certificate Policies

### Policy for Undeclared Students

All students at the University of Central Florida are expected to officially declare a major prior to earning 45 college credit hours (this includes credits earned from college level exam placement, Dual Enrollment, advance placement and international baccalaureate). An administrative Hold to prevent future university registration will be placed on the records of all students that have not declared a major. Students must meet with an academic advisor (within Student Development and Enrollment Services, the Colleges, or Regional campuses) to have the hold released.

### Major

The University assigns the major that the student indicated on the "Application for Admission or Readmission." It is the student's responsibility to make appropriate major changes. Students who change majors between different colleges must adopt the most current Catalog. Students changing from a declared major to an "Undeclared" or "Undecided" major also must adopt the most current Catalog. For each of these students, the University automatically will update the Catalog year when processing the change in major. Students may retain their Catalog when changing tracks/concentrations within the same major (e.g., English: Literature to English: Creative Writing), or when moving from a "Pending" category to the equivalent major (e.g., "Business Pending" to "Accounting"). If the new major is a different subject from the "pending" major (e.g., "Business Pending" to "History"), the student must adopt the most current Catalog and the University automatically will update the Catalog year when processing the change in major. If they have not interrupted residency, students entering UCF in an "Undeclared" or "Undecided" category may retain their Catalog when initially selecting a major. Students can change majors online at <https://my.ucf.edu> > Student Self Service > Student Center > other academic (drop down menu) > Change Major: Request. Follow the directions on that page.

### Minors

A Minor is a complement to a bachelor's degree program/major requiring at least 18 credit hours in a field. A student may declare a minor **at any point during the first term of enrollment up to but no later than the online submission of the online "Intent to Graduate Form."** Students strongly are urged to declare a minor as early as possible. Minors are optional unless required by your specific major. All graduation requirements (i.e., the minor and major) must be from a single UCF *Undergraduate Catalog* for which a student is eligible. Minors must be certified at the same time as the student's baccalaureate degree. Unless a second degree is earned, certification will not be made at a later time even if additional courses have been completed. Students can declare, change, or drop minors online at <https://my.ucf.edu> > Student Self Service > Student Center > other academic (drop down menu) > Change Major: Request. Follow the directions on that page.

### Undergraduate Certificates

An undergraduate Certificate is a supplement to the bachelor's degree program/major. Certificates are optional. Students must be admitted in a degree seeking program to be eligible to receive an undergraduate Certificate, and a Certificate will only be granted together with completion of a UCF baccalaureate degree. All graduation requirements (i.e. the certificate and major/minor) must be from the same UCF Undergraduate Catalog for which a student is eligible. Certificates can be declared or changed online at <https://my.ucf.edu>.

### Student Records

Student records submitted become the property of the University and cannot be returned to the student or released to a third party. Copies of student records will be released only upon receipt of a written request signed by the student. Student records are stored in paper form or are digitally scanned. Once the student has been absent from the University for three academic years, all records may be transferred to optical disk storage and the paper copies destroyed.

### Family Educational Rights and Privacy Act (FERPA)

The procedures for protecting the confidentiality of student records are based on state regulations and the federal **Family Educational Rights and Privacy Act of 1974**. FERPA affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records within 30 days of the day the University receives a written request

for access. Students should submit to the University Registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they desire to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed;

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. The student may ask the University to amend a record that he or she believes is inaccurate or misleading. The student should write the University official responsible for the record, clearly identify the part of the record to be changed, and specify why the current record is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing;

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, National Student Clearinghouse, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility; and

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by a State University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington DC, 20202-4605

### Directory Information

FERPA authorizes the University to classify certain information concerning students as "directory information," which means that it may be released to anyone upon request. Directory information at UCF includes:

- name
- current mailing address
- telephone number
- date of birth
- major field of study
- dates of attendance
- enrollment status
- degrees and awards received
- participation in officially registered activities and sports
- athletes' height and weight

The University extends to students the opportunity to withhold even directory information from disclosure, by opting out of the University's directory information policy. Students can do this online at <https://my.ucf.edu> > Student Self Service > Student Center > Personal Information > FERPA/Directory Restriction or complete the Directory Disclosure/Release Authorization form available at the Registrar's Office (MH 161) or at <http://www.registrar.ucf.edu>, requesting that this information be withheld.

### Other Disclosures:

FERPA also authorizes the University to forward educational records to other agencies or institutions that have requested the records AND in which the student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

All other disclosures of education records and information will be made in accordance with FERPA. In most cases, but not all, this requires the student's prior written and signed consent. The Golden Rule outlines the University procedures for confidentiality. For additional information describing FERPA policy, enter the

# Academic Regulations and Procedures

Department of Education Family Policy Compliance Office website at <http://www.ed.gov/offices/OM/fpc/o/>.

## Higher Education Act

Lists, descriptions, and sources of information required for disclosure under the Higher Education Act may be obtained from the Registrar's Office (MH 161) or from <http://www.registrar.ucf.edu/hea/>.

## Accelerated Educational Opportunities

The University of Central Florida provides a number of options by which students may shorten the time required to complete the baccalaureate degree. These options permit the University to recognize high levels of academic achievement and acquisition of knowledge prior to or during attendance at the University. Procedures that may be used include the Advanced Placement Program (AP), the College Level Examination Program (CLEP), University Course Credit by Examination, DANTES, and the International Baccalaureate. A maximum of 45 credit hours in any combination of extension, AP, IB, correspondence, CLEP, Armed Forces Service School Credits, and University Credit by Examination will be accepted by the University for application toward an undergraduate degree. In addition, there are accelerated Undergraduate - Graduate Programs linking the bachelor's and Master's degree listed in the *Undergraduate Catalog*.

**Test credit is applied according to the published policy at the time the credit is received and posted by the University.**

## Advanced Placement Program (AP) (see table below)

Students who have participated in the Advanced Placement Program in high school and have received a score of 3, 4, or 5 on the national examinations will receive college credit in the appropriate subject areas. Students should consult their high school guidance counselor or write to the Educational Testing Service, Princeton, NJ 08540, for additional information. The table labeled "Advanced Placement Exams" provides information related to Advanced Placement examination areas and sub-test areas for which credit may be awarded.

### Advanced Placement Language (all modern languages)

A score of 3 earns a minimum of one semester (min. 3 credits - XXX 2230 or 2200) of 2000-level language. A score of 4 or 5 earns a minimum of two semesters (min. 6 credits XXX 2230 and 2231 or XXX 2200 and 2201) of 2000-level language. No literature credit will be awarded for AP foreign language exams.

### Advanced Placement Literature (all modern languages)

A score of 3 earns a minimum of one semester (min. 3 credits) of introductory literature. A score of 4 or higher earns a minimum of two semesters (min. 6 credits) of introductory literature.

## Advanced Placement Latin

The AP Latin course focuses on one or two authors. Students either study Vergil, or follow a "Latin Literature" syllabus that includes Catullus and either Horace, Ovid, or Cicero. A minimum of one semester (min. 3 credits) should be awarded for a score of 3 or higher.

AP Latin: Vergil                      LNW 2321  
AP Latin: Latin Literature           LNW 3700 (number unique to exam)

## International Baccalaureate Program (see table on previous page)

Students who have participated in the International Baccalaureate program in high school may receive a maximum of 30 hours of credit for scores of four or higher in the subsidiary and higher level program areas. The table below labeled "International Baccalaureate" provides information related to the International Baccalaureate program credit.

### International Baccalaureate (all modern languages)

International Baccalaureate offers examinations in many languages and literatures at different levels: B, A2, and A1. Most students in Florida take English as their A1 level language (literature for native or near-native speakers) and one or more foreign language B exams. Within each category, there are "standard" and "higher" level examinations. Institutions may wish to award additional credit for higher-level exams.

### Language B (most common)

Students earn a minimum of one semester (3 credits) of language credit at the Elementary Language II or equivalent level (usually 1121C) level for a score of 4. Students who score 5-7 earn a minimum of two semesters (min. 6 credits) of Elementary Language II and Intermediate Language I or their equivalents (usually 1121C/2200) level. No literature credit will be awarded for International Baccalaureate Language B exams.

### Language A2 (language and literature courses for highly proficient speakers; uncommon in Florida)

No direct equivalent. Content of Language A2 varies widely. Minimum 3 credits language or literature for score of 4, 6 credits of language or literature for a score of 5-7.

### Language A1 (literature courses for native speakers; languages other than English)

No direct equivalent. Content of Language A1 varies widely. Minimum 3 credits in literature for score of 4, 6 credits for score of 5-7.

### IB Latin

LNW 3700. This is a unique number assigned to this exam. The IB Latin course includes a reading component and a selection of two out of four authors on a list that changes periodically. Minimum 3 credits for score of 4, 6 credits for score of 5-7 (all exams for diploma holders, higher level exams only for others).

## College Level Examination Program (CLEP) (see table on previous page)

Credit is awarded for scaled scores of 50 or higher on computer-based CLEP exams taken after July 1, 2001. A percentile score of 50 or higher is required on CLEP examinations taken prior to July 1, 2001. CLEP credit may be earned by CLEP subject examinations. Successful completion of CLEP examinations means performance at or above the minimum qualifying score. CLEP credit cannot be used to reduce a grade point deficiency. For example, CLEP cannot be substituted for a grade awarded for a previously completed course. CLEP may not be used to fulfill the senior institution requirements.

Awarding of CLEP credit is subject to the conditions listed below.

- Credit may be awarded in the CLEP subject examination area, provided the student: a) is not within 60 credit hours of graduation; b) has not previously received comparable college course credit in the CLEP examination area; c) does not receive comparable college credit in the CLEP examination area in the same term the examination is taken or in a subsequent term; d) has not previously completed, failed, nor received credit by UCF (transfer or otherwise) in a more advanced course in the examination area; and e) does not complete nor receive credit by UCF (transfer or otherwise) in a more advanced course during the term in which the CLEP examination is taken.

The table labeled "College Level Examination Program" provides information related to the CLEP examination areas and subtest areas for which credit may be awarded. In addition, this table delineates the minimum qualifying score and the UCF course for which each examination can substitute.

### CLEP Language Examinations

A score of 50 on any of the language exams earns a minimum of one semester (4 credits) of Elementary Language I or equivalent level (generally numbered 1120). A score at or above the second CLEP threshold level (currently 59 for French, 60 for German, or 63 for Spanish) earns a minimum of two semesters (8 credits) of Elementary Language I and II or equivalent level (generally numbered 1120C-1121C). No literature credit should be awarded for CLEP foreign language exams.

### Credit by Examination

Regularly enrolled (excludes transient and non-degree) undergraduate students at the University of Central Florida may obtain credit for specific University courses through departmental examinations. A student who believes he or she has acquired the knowledge and/or skills of a specific University course should consult his or her advisor and the chair of the department in which the course is offered to arrange for an examination. Degree credit will be awarded for those courses successfully completed by departmental examination. Credit by examination may not be used to reduce the 30 credit hours residency requirement. Credit by examination will not be given for any course lower in content than courses in the same discipline in which students are currently enrolled or which they have already completed or failed. Permission to take an examination is approved by the chair of the department and the dean of the college in which the course is offered.

# Academic Regulations and Procedures

## Cambridge AICE Exams (see table below)

The Advanced International Certificate of Education (AICE) program is an international, advanced secondary curriculum and assessment program equivalent to the British system of "A-Levels." Information about the program, including course syllabi, can be found online at <http://www.cie.org.uk/qualifications/academic/uppersec/alevel>.

## DANTES Examination Credit (see table on next page)

The University will award credit to students presenting qualifying scores in DANTES examinations. The table labeled "DANTES Subject Standardized Tests (DSST)" provides information related to the Dantes Examination credit. For additional information: <http://www.getcollegecredit.com>.

# UNDERGRADUATE DEGREE REQUIREMENTS

## Requirements for Graduation

Students must fulfill both the requirements for a major and University requirements to receive a bachelor's degree from the University of Central Florida. The student must:

- Fulfill the requirements for the chosen major;
- Earn a minimum of 120 unduplicated credit hours with at least a "C" average (2.0 GPA) for all UCF course work attempted. Some majors require more than 120 hours;
- Earn at least 48 of these 120 credit hours in 3000-level courses or above (upper-division);
- Earn a minimum of 30 of their last 39 hours in regular courses at UCF. Credit by Examination may not be used to satisfy this requirement;
- Earn a minimum of 25% of the total hours required for the degree in residence at UCF. For programs that require the minimum of 120 total hours, residency will be 30 hours. For programs that exceed 120 hours, the specific residency requirement increases proportionally and is listed with the requirements for the specific degree program;
- Earn a minimum of 60 credit hours after CLEP credit has been awarded;
- Apply no more than 45 credit hours in any combination of extension, correspondence, CLEP, University Credit by Examination and Armed Forces credits toward an undergraduate degree;
- Fulfill the General Education Program requirements;
- Fulfill the Gordon Rule requirements;
- Fulfill the Foreign Language requirements as defined elsewhere in this section;
- Earn a minimum of nine credit hours during Summer terms, if applicable; and,
- Be registered at UCF during the semester of graduation.

## Degrees Awarded Posthumously

Students will be considered for posthumous degrees by the Commencement and Convocations Committee if they are in good academic standing at the time of their death, have a 2.0 GPA or better and are within at least 15 credit hours of completion of all requirements or are in the final term of completion of all their requirements.

## Choice of Catalog (Catalog Year) and Continuous Enrollment

A student must graduate under the degree requirements of any UCF *Undergraduate Catalog* in effect since the student began continuous enrollment at UCF. However, courses may change (for example, in credit hours or in prerequisites) or be discontinued as a result of curricular review. New Catalog policies and requirements take effect with the Summer term. A student transferring from Florida College System institutions or state universities may use the UCF *Undergraduate Catalog* in effect at the time he or she began the most recent period of continuous enrollment in academic good standing at any of the Florida public institutions.

Continuous enrollment is defined as being enrolled in classes without a break of two or more consecutive regular semesters/terms (i.e., Fall and Spring, or Spring, Summer, and Fall). Continuous enrollment is automatically broken when a student moves from one transfer institution to another following academic disqualification or exclusion.

Students who change majors between different colleges must adopt the most current Catalog. Additional information is included in the program descriptions. Students pursuing a single degree (including double majors and/or minors) must use a single catalog and cannot use a combination of catalogs for graduation. In cases when required courses are no longer taught by the University, the appropriate department, college, or Academic Services (MH 210) may designate a reasonable substitute. If a student desires to change the catalog for graduation, the student should first discuss with the advisors how such a change would affect University, college, and major requirements. If a student decides to request a change, he or she must submit a "Catalog Year Change Request Form" to the Registrar's Office (MH 161). This form is available at the Registrar's Office or online at <http://www.registrar.ucf.edu>.

## General Education Program (GEP)

The purposes of the UCF General Education Program (GEP) are to introduce students to a broad range of human knowledge and intellectual pursuits, to equip them with the analytic and expressive

skills required to engage in those pursuits, to develop their ability to think critically, and to prepare them for life-long learning. The GEP curriculum provides students with the intellectual, ethical, and aesthetic foundations necessary to make informed choices; to accept the responsibilities of working and living in a rapidly changing world; and to lead a productive and satisfying life.

Undergraduate students who have not completed requirements for the Associate of Arts degree and who desire to transfer to another Florida public university can have their transcripts indicate "General Education Requirements Met" upon written request, if they have completed UCF's GEP requirements with a GPA of 2.0 or better. UCF will accept a similar statement on transcripts received from Florida College System institutions and universities in lieu of completion of the University's General Education Program. Students enrolled in courses that use the "NC" grade must earn a grade of "C-" (1.75) or better.

## General Education Program Learning Objectives

### Communications Foundation

- Demonstrate the ability to analyze the situational characteristics of a communication act: audience, purpose, and source/author.
- Demonstrate the ability to understand communication and speaking skills.
- Demonstrate the ability to write in a clear, logical and appropriate manner.
- Demonstrate the ability to research academic topics and present the synthesis of that research: 1) in speech with appropriate citations; and 2) in texts with correct documentation.
- Demonstrate an awareness of diversity in American society.

### Cultural and Historical Foundation

- Be able to gather, synthesize, and analyze information from appropriate resources and be able to critically evaluate information and sources for accuracy and credibility.
- Identify and deepen appreciation of common human themes and the richness of diverse cultures.
- Be able to analyze and discuss meaning of an artwork, performance, or text in diverse aesthetic, historical and cultural contexts.
- Demonstrate knowledge and critical thinking of the concepts, styles, and aesthetic, theoretical, and critical principals in an art.
- Demonstrate knowledge of the chronology and significance of major events and movements in western civilization, U.S. history or world civilization.

### Mathematical Foundation

- Demonstrate the skills needed to solve quantitative problems including choosing the proper technique and/or technology.
- Be able to solve real-world quantitative problems.
- Demonstrate qualitative understanding of mathematical, statistical, and computing concepts.
- Demonstrate knowledge and understanding of essential computing concepts common to academic degrees and their related professions.
- Demonstrate essential computing skills common to academic degrees and their related professions, and in particular, skills relating to professional use of computers and application software.

### Social Foundation

- Be able to gather and synthesize information from appropriate resources, and be able to evaluate information and sources for accuracy and credibility.
- Understand how an individual's place in the world is affected by social, economic, and political institutions.
- Gain a deeper appreciation of one's role and potential impact in social, economic, and political institutions.
- Demonstrate an understanding of the interaction among social, economic, and political structures and functions.
- Understand how individuals behave and interact with other individuals in their psychological, political, economic and social environments.

### Science Foundation

- Demonstrate an understanding of science as an empirical attempt to acquire information about the real world, develop possible explanations of these phenomena, and test the explanations by predicting the outcome of future observations.
- Demonstrate an ability to assess the extent to which claims presented as "scientific" satisfy the empirical character of scientific explanations.
- Demonstrate understanding of scientific knowledge and problem solving in a physical or life science.

# Undergraduate Degree Requirements

## Substitution of Courses: General Education Program and Other Requirements

The student degree audit system is coordinated by the Office of Academic Services for the evaluation of transfer courses for the University's General Education Program and Foreign Language Proficiency requirements. When the transfer course work is entered into the UCF computer system (usually during the first semester at UCF), course descriptions and other information to provide a sufficient basis for evaluation may be requested. Courses are evaluated on the basis of equivalency with the content of the courses required by the University. The evaluation conducted is entered into a computerized Degree Audit system and then is available to the colleges and departments through the University's computer network and for the student online access through myUCF at <https://my.ucf.edu>. Appeals of transfer credit decisions should be directed to Academic Services (MH 210). Substitution requests for college or major requirements are processed within those administrative offices.

## General Education Alternate Courses:

■ **Substitutions for designated State General Education Core Courses (♦):** Courses that may be taken in substitution of State General Education Core Courses (♦) are listed below:

**Mathematical Foundation:** MAC 1114C, MAC 1140C

## Diversity Requirement

The University recognizes that communities are comprised of, and enriched by, people of diverse backgrounds. The study of diversity is encouraged to promote an understanding of the needs of individuals, the University, and society. Thus, all students completing their first bachelor's degree from UCF must complete at least one course that explores the diverse backgrounds and characteristics found among humans, including: race/ethnicity, gender, social class/caste, religion, age, sexual orientation, and level of physical ability.

Students are exempt from this requirement if they have completed an Associate of Arts degree or the General Education Program at a

## General Education Program (GEP) Courses (36 credit hours required)

(Some majors require a specific course or a higher level course in some areas.

Consult your major requirements and advisor.)

Satisfactorily complete one course in each of the twelve numbered areas..... 36 hours

At least one course completed in each Foundation area must be a designated State General Education Core Course (♦)

### A. Communication Foundation

9 hours

1. ♦ENC 1101 Composition I <sup>1, 2</sup> 3(3,0)
2. ENC 1102 Composition II PR:ENC 1101 <sup>1, 2</sup> 3(3,0)
3. SPC 1608 Fundamentals of Oral Communication 3(3,0)

\*A one credit laboratory is also available for this course.

+ Both courses must be taken in sequence and successfully completed to receive GEP credit.

<sup>1</sup>A grade of "C-" (1.75) or better is required in this course.

<sup>2</sup>A grade of "C-" (1.75) or better satisfies three hours of the Gordon Rule requirement.

## Undergraduate Degree Requirements

Florida College System institution or public state university. Students who have previously completed a baccalaureate degree also are exempt.

The requirement is satisfied by the successful completion of a diversity course selected from the following list. Additional courses may be approved subsequently by the Common Program Oversight Committee, so students should consult their departmental advisor for the most current listing.

### General Education Courses:

|          |                                    |
|----------|------------------------------------|
| ENC 1102 | Composition II                     |
| SPC 1608 | Fundamentals of Oral Communication |
| SYG 2000 | Introduction to Sociology          |
| ANT 2000 | General Anthropology               |
| POS 2041 | American National Government       |
| PSY 2012 | General Psychology                 |
| WOH 2022 | World Civilization II              |
| LIT 2120 | World Literature II                |
| MUL 2720 | Music of the World                 |

### Other Courses:

| WST 3561 | Third Wave Feminisms   |
| WST 3015 | Introduction to Women's Studies                                |

Transfer work from other colleges and universities is evaluated by the student's major department to determine if courses meet the diversity requirement. Satisfaction of this requirement remains in effect if the student changes majors.

### Exit Exams

In order to measure their effectiveness, some departments and colleges may require graduating students to participate in an exit exam designed to measure the students' understanding of the discipline.

### Foreign Language Proficiency Requirement (Bachelor of Arts Degree)

Students graduating with a Bachelor of Arts degree must demonstrate proficiency in a foreign language equivalent to one year of college instruction. This requirement may be met either by successful completion of the appropriate college-level course or by examination. Languages that may be used include those taught at UCF and any others for which the University can obtain standardized proficiency tests. Students who have previously received a baccalaureate degree are exempt from this requirement. Native speakers or students who have completed appropriate advanced foreign language education abroad will be considered to have satisfied the requirement.

# Undergraduate Degree Requirements

## Placement in Language Courses

Placement in foreign language courses is based on one year of high school language being equivalent to one semester of college work. For example, four years of one high school foreign language place the student in the first semester of the third year.

**Several departments, colleges, and schools have additional requirements. See "Special College and/or Departmental Requirements" within each listing.**

1. This requirement is for proficiency and not a requirement for a particular number of hours of course work. For example, successful completion of only SPN 1121C (Elementary Spanish Language and Civilization II) would satisfy the B.A. requirement. Appropriate scores on Advanced Placement and CLEP examinations will also satisfy the requirement.
2. This is a University-wide requirement for all B.A. majors.
3. The Testing Administrator of the University Testing Center will offer the Foreign Language Proficiency Examination throughout each term. Students must register in advance with that office to take the examination (HPH 106).
4. The foreign language proficiency requirement does not apply to students seeking a second baccalaureate degree.
5. A student who is required and furnishes a passing TOEFL (Test of English as a Foreign Language) score for admission to the University is considered to have satisfied the requirements.

## American Sign Language

Students pursuing a Bachelor of Arts Degree may substitute American Sign Language for the foreign language exit requirement, except where one or more foreign languages have been specified by a college, school, or program for a specific degree (see individual degree program listings for more information). Proficiency is met either by successful completion of ASL 4161C (previously numbered SPA 4614C) or an appropriate score on the ASL proficiency exam. Contact the Department of Communication Sciences and Disorders regarding the proficiency examination.

## SUS Foreign Language Admission Requirement

Students who have not satisfied the Foreign Language Admission Requirement (competency of foreign language or American Sign Language equivalent to the second high school level or higher [Spanish 2, Haitian Creole 2, etc.] or at the elementary 2 level in one foreign language or American Sign Language at an undergraduate institution) at the time they are admitted to the University must satisfy this requirement **prior** to graduation. This requirement applies to all undergraduates and is separate from the UCF Foreign Language proficiency requirement.

## The Gordon Rule

The "Gordon Rule" (State Rule 6A-10.30) applies to students who first enrolled in any college or university after October 1982. The rule requires students to complete four courses (twelve credit hours) of writing and to complete two courses (six credit hours) of mathematics at the level of college algebra or higher. Each course must be completed with a minimum grade of "C-" (1.75).

UCF courses that are required by the General Education Program also may be used to satisfy the Gordon Rule. "Gordon Rule" requirements may be satisfied by the General Education Program as follows:

### Gordon Rule Requirement: GEP Courses Which Satisfy:

- |   |                                    |
|---|------------------------------------|
| 1. Six hours of mathematics at the level of college algebra or higher | (1) College algebra or finite math |
|   | (2) Statistics or computer science |

Any 3000-level or above course in mathematics, statistics, or computer science also may be used toward fulfillment of the mathematics portion of the "Gordon Rule" Requirement.

- |  |  |
|--|--|
| 2. Six hours of English coursework and six hours of additional college level writing | (1) Six hours of English Composition                                   |
|  | (2) Specifically identified courses and those from the following list: |

### General Education courses that apply to the Gordon Rule Writing Requirement:

|          |                            |
|----------|----------------------------|
| ENC 1101 | Composition I              |
| ENC 1102 | Composition II             |
| LIT 2110 | World Literature I         |
| LIT 2120 | World Literature II        |
| AMH 2010 | U.S. History: 1492-1877    |
| AMH 2020 | U.S. History: 1877-Present |
| EUH 2000 | Western Civilization I     |
| EUH 2001 | Western Civilization II    |

|          |                           |
|----------|---------------------------|
| HUM 2210 | Humanistic Tradition I    |
| HUM 2230 | Humanistic Tradition II   |
| THE 2020 | Theatre Survey for Majors |
| WOH 2012 | World Civilization I      |
| WOH 2022 | World Civilization II     |

### Non-Gen Ed courses that also apply to the Gordon Rule Writing Requirement:

|           |   |
|-----------|---|
| AMH 2010H | Honors U.S. History: 1492 - 1877                  |
| AMH 3402  | History of the South to 1865                      |

### Summer Attendance Requirement

A student entering the State University System with fewer than 60 credit hours of credit is required to enroll in a minimum of nine hours of credit in the summer at a State of Florida university. Petition forms for exemption are available from the Academic Services website <http://www.academicsservices.ucf.edu/summer-waiver/>.

### Admission to the Upper Division

To be classified as an upper division student at the University of Central Florida, a student must complete the following:

1. A minimum of 60 credit hours of academic work;
2. The English and mathematics requirements of the Gordon Rule;
3. One year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

### Graduation Application Deadline

Students must complete the "Intent to Graduate" online at <https://my.ucf.edu> in the term preceding the one in which they intend to graduate (see the "Academic Calendar" for specific dates). Students who have not applied for graduation by the last day of classes in the term preceding the graduation term may not be listed in the Commencement Program. Graduating students must be enrolled at UCF during the term of graduation. Graduates may contact the Registrar's Office for Commencement ceremony and guest ticket information or refer to <http://commencement.ucf.edu>.

## Undergraduate Degree Requirements

Successful completion of the degree requirements stated in the *Undergraduate Catalog* under which the student plans to graduate shall constitute a recommendation of the respective college faculty that the degree be awarded, assuming the student is in good standing at the University. A student must complete all requirements for a baccalaureate or graduate degree no later than the date of the Commencement. A student **may not be** enrolled as a transient student in another institution during the term in which the baccalaureate degree or the Associate of Arts degree is to be awarded.

### Correspondence Courses

The University of Florida's Division of Continuing Education, Department of Independent Study by Correspondence administers all correspondence instruction for the State University System of Florida (SUS). College credit, high school credit, and continuing professional education courses are available through regular mail and Fax (several by email). Independent Study offers more than 150 courses to students who would like a flexible schedule or an opportunity to take extra classes. It is possible to enroll any time during the year.

In 1996, the State revised the General Provisions Rule 64-4.002, at the Bureau of Teacher Certification for the State of Florida. Any teacher in the state now can use credit correspondence courses, as appropriate, to apply toward the recertification of the teaching license. Moreover, there is no limit to the number of courses that may fulfill the requirements.

The current Catalog details enrollment procedures, fees, and course information. A copy may be obtained at no cost by calling or writing to: University of Florida, Independent Study, Suite D, 2209 NW 13th St., Gainesville, FL 32609; 352-392-1711, Ext. 200; Email: [learn@nervm.nerdc.ufl.edu](mailto:learn@nervm.nerdc.ufl.edu). Website: <http://www.doce.ufl.edu>.

### Double Majors

- A student may earn one degree, a BA or BS, with two majors, by completing the requirements for both majors. If both majors are within the same college and are of the same degree type (BA or BS), both majors will be indicated on the diploma; however, if the majors are from different colleges or are of different degree types, only one major will appear on the diploma. Students earning a double major must use the same Catalog year for both majors.

### Two Degrees

- A student may earn two degrees, a BA and a BS, by completing the requirements for both majors and earning a minimum of 150 credit hours.
- A student may earn two degrees, either both BA or both BS, if the degrees are earned in separate colleges and a minimum of 150 (or more) credit hours are earned.
- A student may earn two degrees, either both BA or both BS, within the same college if allowed by the particular college and a minimum of 150 (or more) credit hours are earned.
- Students earning two degrees may use different Catalog years for each degree. If different Catalog years are used, the general university requirements in the latest of the two catalogs will be applied to both degrees.

### More Than Two Majors, or More Than Two Degrees, or a Combination

Students attempting multiple majors or degrees beyond two must consult with the Registrar's Office for coordination among degree programs. Responsibility for doing so rests with the student. The stipulations for two majors and/or two degrees will apply as well as other minimum amount of hours and prohibitions about combinations.

Graduates from regionally accredited four-year U.S. institutions who apply for admission to work toward a second baccalaureate degree at UCF must meet the regular admission requirements of the major department and the UCF residency requirement of 30 additional credit hours for that degree. Students holding the baccalaureate degree from regionally accredited U.S. institutions are considered to have completed Gordon Rule, foreign languages, and General Education Program Requirements. Students who hold degrees from non-regionally accredited U.S. institutions and foreign institutions may be required by the Office of Academic Services (MH 210) to fulfill all or part of the UCF General Education Program requirements as stipulated in the *UCF Undergraduate Catalog*.

The University requirements specified in the preceding paragraphs are minimum requirements. Departments and colleges may require more than 150 credit hours for a second degree or more than 30 credit hours to be taken in residence at UCF. Students should confirm department, school, and college requirements with their academic advisors.

# ACADEMIC DEGREES, MAJORS, AND MINORS

## Associate of Arts Degree

University of Central Florida students who satisfactorily complete 60 credit hours of acceptable college work may apply for an Associate of Arts degree. University requirements include achievement of a minimum UCF GPA of 2.0, fulfillment of the General Education Program requirements, and completion of the last 20 credit hours in residence at UCF. In addition, any student who desires to receive an A.A. degree must have satisfied the Gordon Rule requirement. Students must be enrolled at UCF during the semester in which they receive the Associate of Arts degree. Students who initially enter a Florida College System institution or a State University System institution in 2014-2015 or thereafter must also demonstrate competency in a foreign language equivalent to two years of high school instruction in the same language.

The Associate of Arts degree is awarded only upon application. The application form may be obtained from <http://www.academicsservices.ucf.edu/AA-degree> and completed by the end of the first week in the term in which the Associate of Arts degree is to be awarded. Students can be transient. They must send updated transcripts. An Associate of Arts degree will not be awarded in the same term that the baccalaureate degree is to be awarded or in any term following the completion of the baccalaureate degree.

## Baccalaureate Degrees

The University offers the degrees of Bachelor of Applied Science, Bachelor of Arts, Bachelor of Design, Bachelor of Fine Arts, Bachelor of Music, Bachelor of Music Education, Bachelor of Science, Bachelor of Science in Business Administration, Bachelor of Science in Education, Bachelor of Science in Engineering, Bachelor of Science in Nursing, Bachelor of Science in Social Sciences, and Bachelor of Social Work. These degrees are available in the following Colleges with majors or areas of specialization as indicated:

### College of Arts and Humanities

Bachelor of Arts (B.A.)

*Majors:*

Art, Digital Media, English, Film, French, History, Humanities and Cultural Studies, Latin American Studies, Music, Philosophy, Religion and Cultural Studies, Spanish, Theatre Studies, Writing and Rhetoric

Bachelor of Design (B.Des.)

*Major:*

Architecture

Bachelor of Fine Arts (B.F.A.)

*Majors:*

Art, Film, Theatre

Bachelor of Music (B.M.)

Bachelor of Music Education (B.M.E.)

Bachelor of Science (B.S.)

*Majors:*

Photography

### College of Business Administration

Bachelor of Science in Business Administration (B.S.B.A.)

*Majors:*

Accounting, Business Economics, Finance, Integrated Business, Management, Marketing, Real Estate

Bachelor of Science (B.S.)

*Major:*

Economics

### College of Education and Human Performance

Bachelor of Science (B.S.)

*Majors:*

Early Childhood Development and Education, Elementary Education, Exceptional Student Education, Secondary Education, Sport and Exercise Science, Teacher Education, Technical Education and Industry Training

### College of Engineering and Computer Science

Bachelor of Science (B.S.)

*Majors:*

Aerospace Engineering (B.S.A.E.), Civil Engineering (B.S.C.E.), Computer Engineering (B.S.Cp.E.),

Computer Science (B.S.), Construction Engineering (B.S.Con.E.), Electrical Engineering (B.S.E.E.), Environmental Engineering (B.S.Env.E.), Industrial Engineering (B.S.I.E.), Information Technology (B.S.), Mechanical Engineering (B.S.M.E.)

### College of Health and Public Affairs

Bachelor of Arts (B.A.)

*Majors:*

Communication Sciences and Disorders, Criminal Justice, Legal Studies, Nonprofit Management, Public Administration

Bachelor of Science (B.S.)

*Majors:*

Athletic Training, Communication Sciences and Disorders, Criminal Justice, Health Informatics and Information Management, Health Sciences, Health Services Administration, Legal Studies, Nonprofit Management, Public Administration

Bachelor of Social Work (B.S.W.)

*Major:*

Social Work

### College of Medicine

#### Burnett School of Biomedical Sciences

Bachelor of Science (B.S.)

*Majors:*

Biomedical Sciences, Biotechnology, Medical Laboratory Sciences

### College of Nursing

Bachelor of Science in Nursing (B.S.N.)

*Major:*

Nursing

### College of Optics and Photonics

Bachelor of Science in Photonic Science and Engineering (B.S.P.S.E.)

*Major:*

Photonic Science and Engineering

### College of Sciences

Bachelor of Arts (B.A.)

*Majors:*

Actuarial Science, Advertising-Public Relations, Anthropology, Communication & Conflict, Human Communication, International and Global Studies, Journalism, Physics, Political Science, Radio - Television, Sociology

Bachelor of Science (B.S.)

*Majors:*

Biology, Chemistry, Forensic Science, Mathematics, Physics, Psychology, Social Sciences, Statistics

### Rosen College of Hospitality Management

Bachelor of Science (B.S.)

*Majors:*

Entertainment Management, Event Management, Hospitality Management, Restaurant and Foodservice Management

### College of Undergraduate Studies

Bachelor of Applied Science (B.A.S.)

(Regional campuses only)

Bachelor of Arts (B.A.)

*Major:*

Interdisciplinary Studies

Bachelor of Science (B.S.)

*Major:*

Environmental Studies, Interdisciplinary Studies

## Academic Degrees, Majors, and Minors

### Academic Minors by College

| College Awarding Minor  | Name of Minor  | College Awarding Minor  | Name of Minor  |
|---|--|---|--|
| College of Arts and Humanities                                  | Africana Studies, American Studies, Art - Studio, Art History, Asian Studies, Cognitive Sciences, Community Arts - PAVE, Dance, Digital Humanities, Digital Media, Diplomacy, English - Creative Writing, English - Linguistics, English - Literature, English - Technical Communication, Film - Cinema Studies, Florida Studies, French, History, Humanities and Cultural Studies, Italian, Judaic Studies, Latin American Area Studies, Medieval and Renaissance Studies, Middle Eastern Studies, Music, Performing Arts Administration, Philosophy, Pre-Law in the Humanities, Religion and Cultural Studies, Russian Studies, Spanish, Theatre, Women's and Gender Studies, Writing and Rhetoric | College of Sciences   | Actuarial Science, American Indian Studies, Anthropological Archaeology, Anthropology, Anthropology in Multicultural Studies, Astronomy, Biological Anthropology, Biology, Chemistry, Crime, Law, and Deviance, Cultural Anthropology, Diplomacy, Diversity and Social Inequality, European Studies, Global Peace and Security Studies, Global Sociology, Human Communication, Intelligence and National Security, International and Global Studies, Journalism Studies, Magazine Journalism, Mass Communication, Mass Culture and Collective Behavior, Mathematical Biology, Mathematics, Medical Anthropology, Medical Sociology, Nanoscale Science and Technology, Physics, Political Science, Political Science/Prelaw, Psychology, Sociology, Statistics, Terrorism Studies |
| College of Business Administration                              | Accounting, Business, Economics, Entrepreneurship, Finance, International Business, Marketing, Professional Selling, Real Estate, Sport Business Management, Technological Entrepreneurship  | Rosen College of Hospitality Management   | Event Management, Hospitality Management   |
| College of Education and Human Performance                      | Art Education, Coaching, Early Childhood Development and Education, Community Sport and Fitness, Education, English Language Arts Education, Exceptional Student Education, Fitness Training, Human Services, Mathematics Education, Science Education, Social Science Education, Technical Education and Industry Training, World Languages Education - English for Speakers of Other Languages, World Languages Education - Languages Other Than English   | College of Undergraduate Studies  | Environmental Studies, Leadership Studies, World Comparative Studies   |
| College of Engineering and Computer Science                     | Aerospace Studies, Bioengineering, Computer Science, Engineering Leadership, Information Technology, Intelligent Robotic Systems - Interdisciplinary, International Engineering, Materials Science and Engineering, Military Science, Secure Computing and Networks  | <p>Minors are authorized only for certification with baccalaureate degrees. Minors must be certified at the same time as the student's baccalaureate degree. Unless a second baccalaureate degree is earned, certification will not be made at a later time even if additional courses have been completed.</p> <p>A student may declare a minor up to but no later than the submission of the "Intent to Graduate Form." However, students are strongly urged to declare a minor as early as possible. Contact the student support office of the college offering the minor.</p> |  |

# THE BURNETT HONORS COLLEGE

## The Burnett Honors College

Dean: Alvin Wang  
407-823-3449; Fax: 407-823-6583  
<http://www.honors.ucf.edu>

Associate Dean: Martin Dupuis  
Director of Budget & Personnel: Lesanne Brunswick  
Director of Advising: Rex Roberts  
Director of Information Systems: Michael T. Callahan  
Director of Prestigious Awards: Morgan Bauer  
Director of Research and Community Engagement: Vanessa McRae  
Director of Student Services: Madi Dogariu

The Burnett Honors College combines the intimacy of a small liberal arts college with the benefits of a large, research university located in a metropolitan environment. The mission of the College is to provide UCF's most academically talented and motivated students with a challenging and unique scholarly experience, creating a strong foundation for future achievements. The College strives to create a diverse learning community that fosters the pursuit of excellence, ethical, social, and civic responsibility, personal growth, and a passion for life-long learning.

Honors classes are small, and course work crosses traditional disciplinary boundaries to encourage critical thinking. Beyond the classroom, special guest lecturers, field trips, study abroad, research opportunities, and university-related service activities expand the horizons of Honors students.

Students in TBHC are actively involved in social activities. They also have priority registration privileges and access to the Honors Reading Room, Computer Labs, Meditation Garden, and Honors Housing.

Students may pursue Honors through two distinct programs, University Honors and/or Honors in the Major.

## University Honors

Admission to University Honors is granted by TBHC to qualified incoming freshmen (FTIC) on a competitive basis. Students who seek admission to University Honors must apply directly to TBHC. It is the student's responsibility to obtain the appropriate Honors College admissions information from the TBHC Office of Student Services and follow the procedures necessary to enter the program. Prospective Honors students and their families are encouraged to contact Honors staff at [honors.admissions@ucf.edu](mailto:honors.admissions@ucf.edu) if they have questions.

Qualified students who transfer to UCF with an AA Degree with Honors from a Florida College System institution that has an Honors Articulation Agreement with TBHC will be admitted into University Honors with junior standing. Further information is available from the Honors Office of Student Services at [honors.admissions@ucf.edu](mailto:honors.admissions@ucf.edu).

Students must maintain a minimum 3.2 UCF GPA and a minimum 3.0 GPA in Honors courses to remain in University Honors. In addition to meeting the GPA requirements, to graduate with University Honors students must: 1) complete 4 Honors lower-division courses<sup>1</sup>; 2) complete the Honors Symposium<sup>2</sup>; and 3) fulfill upper-division Honors course requirements determined by college or major<sup>3</sup>.

By the end of the semester prior to the term in which a student plans to graduate with University Honors, the student must file a completed "Intent to Graduate with University Honors Form" with TBHC. Graduating seniors must complete the online "University Honors Exit Survey" by the end of the semester in which they plan to graduate. A student who completes all of the requirements for University Honors will have the designation of "University Honors" entered on the diploma and transcript. Note: No student with a "Z" designation on his/her final transcripts is eligible to graduate with University Honors.

## Summary Table of University Honors Requirements

|                        |  |
|------------------------|--|
| <b>Symposium:</b>      | IDH 1920H  |
| <b>Lower-division:</b> | 4 courses  |
| <b>Upper-division:</b> | 3 courses; Vary by College and Major (see below) |

The current upper-division<sup>3</sup> requirements are as follows:

■ **College of Arts and Humanities, College of Education and Human Performance, College of Sciences, Rosen College of Hospitality Management, College of Nursing, College of Health and Public Affairs, Medical Laboratory Sciences, Economics (B.A.) and Interdisciplinary Studies majors**

1. Complete one Honors Interdisciplinary Seminar<sup>3</sup>
2. Complete one Honors upper-division course (3000-4000 level) or Interdisciplinary Seminar<sup>3</sup>
3. Complete one Honors upper-division course, Interdisciplinary Seminar, or Undergraduate Honors Thesis (PR: Hon Directed Readings; see BHC 107 for information)

### ■ College of Business Administration (Excluding Economics B.A. majors)

1. Complete one Honors Interdisciplinary Seminar<sup>3</sup>
2. Complete two Honors upper-division Business courses  
BUL 3130H Honors Legal & Ethical Environment of Business  
MAN 3025H Honors Management of Organizations  
MAR 3023H Honors Marketing  
Undergraduate Honors Thesis (PR: Hon Directed Readings; see BHC 107 for information)

Consult with an Honors advisor to find out when these courses are being offered.

### ■ College of Medicine (excluding Medical Laboratory Sciences majors)

1. Complete one Honors Interdisciplinary Seminar<sup>3</sup>
2. Complete two of the following Honors upper-division courses  
BCH 4053H Honors Biochemistry  
BSC 3403C Honors Quantitative Biological Methods  
MCB 3020C Honors Microbiology  
MCB 4920H Honors Group Effort Applied Research  
PCB 3063H Honors Genetics  
PCB 3522H Honors Molecular Biology I  
PCB 3703C Honors Human Physiology  
PCB 4524H Honors Molecular Biology II  
ZOO 3733C Honors Human Anatomy  
ZOO 3744H Honors Neurobiology  
ZOO 4704C Honors Clinical Neuroanatomy  
ZOO 4747C Honors Clinical Neuroscience  
Undergraduate Honors Thesis (PR: Hon Directed Readings; see BHC 107 for information)

Consult with an Honors advisor to find out when these courses are being offered.

### ■ College of Engineering & Computer Science and College of Optics & Photonics

1. Complete one Honors Interdisciplinary Seminar<sup>3</sup>
2. Complete two Honors upper-division courses  
COP 3223H Honors Introduction to Programming with C  
COP 3502H Honors Computer Science I  
COP 3503C Honors Computer Science II  
COT 3100H Honors Introduction to Discrete Structures  
EEL 3004C Honors Electrical Networks  
EEL 3123C Honors Networks and Systems  
ENC 3241H Honors Writing for the Technical Professional  
EGN 3310H Honors Engineering Analysis-Statics  
EGN 3321H Honors Engineering Analysis-Dynamics  
EGN 3343H Honors Thermodynamics  
EGN 3365H Honors Structure and Properties of Materials  
MAS 3105H Honors Matrix and Linear Algebra  
PHY 3101H Honors Physics for Engineers and Scientists III  
STA 3032H Honors Probability and Statistics for Engineers  
Undergraduate Honors Thesis (PR: Hon Directed Readings; see BHC 107 for information)

Consult with an Honors advisor to find out when these courses are being offered.

<sup>1</sup> ENC 1101 and ENC 1102 must be taken in Honors sections if the student does not have alternative credit for them at the time he/she is admitted in to the University Honors Program. Extra Upper Division course(s)/seminar(s) can substitute for Lower Division courses.

<sup>2</sup> Honors Symposium is a mandatory two credit hour course offered for FTIC's in the Fall semester of each year. This course includes guest lectures and discussions. Honors Symposium also includes a Service-Learning component.

<sup>3</sup> An Honors Interdisciplinary Seminar normally is an upper-division 3 credit hour course intended for all majors. Many seminars are team-taught, and present cutting-edge topics. Enrollments are limited to 20 students.

For more information about Honors requirements and advising, visit <http://honors.ucf.edu/advising>.

### Acceptable Waivers

Please see The Burnett Honors College website at [http://honors.ucf.edu/Students/Current\\_Students/Earning\\_Opportunities](http://honors.ucf.edu/Students/Current_Students/Earning_Opportunities) for a listing of acceptable waivers. Students should

## The Burnett Honors College

obtain waivers from the Office of Honors Advising (BHC 109) prior to their participation in the listed programs.

### Notes

Students who are pursuing University Honors in two degrees must complete an additional Upper-Division course or Interdisciplinary Seminar in order to receive University Honors distinction on both diplomas.

Honors in the Major (HIM) Directed Readings courses do NOT fulfill University Honors requirements. However, the successful completion of Thesis I and submission of thesis can fulfill one University Honors course requirement. NUR 3165H can fulfill HIM Directed Readings.

### Honors in the Major

The Honors in the Major (HIM) Program is the oldest and most prestigious undergraduate research program at UCF, and is the only undergraduate research program on campus in which students undertake original and innovative research as principle investigators. The HIM program allows the students to enroll in a six credit course where they will research, defend, and publish an original Honors thesis that may serve as their capstone experience. Students who successfully complete the Honors in the Major program will be certified and graduate with Honors in the Major Distinction on the diploma and transcript. The thesis is published through the university library and is available to researchers worldwide through electronic databases.

Requirements for admission to the Honors in the Major are: completion of at least 60 credit hours of college credit including at least 12 graded upper-division hours; at least a 3.4 Overall GPA and a 3.2 or higher UCF GPA. \*Students must maintain the minimum GPA requirement in order to be certified for Honors in the Major distinction at the time of their graduation. Note: Students with a "Z" designation on his/her final transcript are not eligible to graduate with Honors in the Major distinction.

### Honors in the Major Thesis Chair and Committee Responsibilities and Eligibility Requirements

The Thesis Chair serves as a mentor for the Honors in the Major student. The Thesis Chair will aid a student in selecting the thesis committee as well as in narrowing his or her topic of study within the discipline. Students selecting a thesis chair should seek a faculty member with interests and expertise in areas compatible with the intended thesis or project topic.

#### Thesis Chair

The Honors in the Major Thesis Chair should be tenured, tenure earning, or possess a terminal degree and a multiple-year contract at UCF and is a subject matter expert in the major of which the student is applying for the Honors in the Major program.

\*Exceptions may apply to students from departments or colleges with grandfathered agreements (i.e., Legal Studies, Nursing, and Regional Campuses).

#### Thesis Committee Member

The Honors in the Major program requires that at least one additional person serve on the thesis committee. The additional member can be selected from within or outside of the major. The committee member must hold a terminal degree and/or be a subject matter expert in the field of the student's Honors in the Major thesis.

\*Exceptions may apply upon the recommendation of the Department Chair to the Dean of TBHC. The Department Chair would be required to provide a justification statement explaining why the proposed committee member should be considered to serve on the thesis committee. The recommendation and justification statement along with a copy of the proposed committee member's CV should be submitted to the Dean of TBHC for final review and approval.

#### Optional Committee Members

Students have the option of choosing up to two additional members to serve as part of the thesis committee. It is advised that students consult with their Thesis Chair prior to selecting additional members.

If you have any questions about these requirements, please contact the Director of the Office of Research and Community Engagement at 407-823-0847 or [orce@ucf.edu](mailto:orce@ucf.edu).

The Honors in the Major Handbook that details the procedures for completing this program is available online at <http://orce.ucf.edu/honors-in-the-major>.

\*Honors in the Major Designated Course numbers:

4903H Directed Readings I (Required 3 Credits)

4904H Directed Reading II (Optional 1 or 3 Credits \* repeated for course credit)

\*\*3165H Directed Reading I (Required 3 Credits)

4970H Thesis I (Required 3 Credits)

\*\*3165H Thesis I (Required 3 Credits)

4971 THESIS II (Optional 1 or 3 Credits \* repeated for course credit)

\*To ensure students received credit and recognition as participants in the Honors in the Major Program, students are required to register for Honors in the Major using only the designated course numbers as listed above.

\*\*Designated Directed Readings I course number for Nursing students only during Summer C semester

### Burnett Research Scholars

The Burnett Research Scholars Program (BRS) is designed to help students identify and work on research with a faculty mentor in an area of shared interest. The award will assist Faculty-student teams with project funding. In order to be a Burnett Research Scholar, students must submit a research proposal application and be selected as an awardee.

BRS is open to all UCF students with a minimum overall GPA of 3.2. Students will be able to enroll in a zero credit independent research \*\*IDH 4912 Course or variable credit hours in 3905 or 4905 as part of the BRS Program.

\* Based on available funds, a limited number of BRS grants will be awarded to students and faculty mentored teams during the fall, spring, and summer semesters.

\*\*Students not enrolled in other coursework when enrolled in ZERO credits for 4912 will be charged for 1 credit hour of tuition plus fees

Students seeking more information about BRS should visit <http://orce.honors.ucf.edu>.

If you have any questions about BRS or the grants program, please contact the Office of Research and Community Engagement in BHC 102A or by phone at 407-823-0847.

### Office of Prestigious Awards

The Office of Prestigious Awards (OPA) provides all UCF students with information and advising for major national and international fellowships and scholarships. OPA serves as the UCF campus representative for all awards requiring university endorsement or nomination, including the Rhodes, Marshall, Fulbright, Goldwater, and Truman scholarships. While OPA is housed within The Burnett Honors College, it serves the entire UCF community.

OPA works closely with students throughout all stages of their application process. Because of the competitive nature of these awards, preparation is both intensive and extensive, and can begin as early as a student's freshman year. Students who are applying for a prestigious scholarship or fellowship are encouraged to contact OPA for assistance with their applications, even if the award does not require institutional endorsement. Students seeking more information can visit <http://www.opa.honors.ucf.edu> or contact OPA by phone at 407-823-4019, by email at [OPA@ucf.edu](mailto:OPA@ucf.edu), or by visiting BHC 107A.

# COLLEGE OF ARTS AND HUMANITIES

## College of Arts and Humanities

*Dean:* Jeffrey Moore  
CAH 190; 407-823-2251  
<http://www.cah.ucf.edu/>

*Executive Associate Dean:* Lyman Brodie  
CAH 190; 407-823-2251

*Associate Dean:* Lynn Hepner  
CAH 190; 407-823-2251

*Associate Dean:* Nancy Stanlick  
CAH 190; 407-823-2251

*Assistant Dean:* Rudy McDaniel  
CAH 190; 407-823-2251

*Assistant Dean:* Cathy Radzai  
CAH 190; 407-823-2251

The College of Arts and Humanities includes the following departments: English, History, Modern Languages & Literatures, Philosophy, and Writing and Rhetoric. The College houses programs in Africana Studies, American Studies, Asian Studies, Florida Studies, Judaic Studies, Latin American Studies, Middle Eastern Studies, Russian Studies, and Women's and Gender Studies. The college also oversees the School of Visual Arts and Design, which offers degrees in Art, Architecture, Digital Media and Film, and the School of Performing Arts, which offers degrees in Music and Theatre. In keeping with the goals of the University of Central Florida, the College is responsible

for all programs in the areas of humanities and arts. The departments collectively offer more than 75 baccalaureate and graduate programs. For additional information concerning graduate programs, please refer to the current online Graduate Catalog. In addition to providing academically strong degree programs in the areas noted above, the College of Arts and Humanities offers a selection of courses that are designed to complement the programs of the other colleges of the University. These offerings include a number of courses necessary to satisfy the University's General Education program.

A student enrolled in the College as an undergraduate must fulfill all University degree requirements including those for general education as well as the particular requirements set forth within each area of specialization. To be certified for graduation, a student must achieve at least a "C" GPA (2.0) in the courses of his or her major and/or minor. Some departments also require a minimum grade in each major course. Students are advised to consult their departmental advisor for specific policies. For programs with a foreign language graduation requirement, American Sign Language is not considered a foreign language and will not fulfill the requirement.

A student whose written or oral communication in any course is deemed unsatisfactory may be referred to the Dean's office by the instructor. Additional coursework or an individual study program, consistent with the needs of the student, may be assigned and must be completed before the degree is granted.

## Preprofessional Programs

### Prelaw Program

There is no preferred major for pre-law. Law schools accept superior students with a good liberal arts background, regardless of major field. A Bachelor of Arts or Bachelor of Science degree with approximately three-fourths of the course work representing theory content is typically suggested. Majors such as English, History, Legal Studies, Philosophy, Political Science, Sociology, and Writing and Rhetoric meet this criterion. The College of Arts and Humanities also offers a Pre-Law in the Humanities minor. The quality of under-graduate education for the legal profession, according to the Association of American Law Schools, is grounded in three basic skills and insights: comprehension and expression in words, critical understanding of the human institutions and values with which the law deals, and the creative power of thinking. Law schools require that the Law School Admission Test (LSAT) be taken prior to consideration for admission. General information pertaining to programs of study, the LSAT, careers, and law schools can be obtained from the Pre-law Advisor.

Advisement of pre-law students will be provided in the area where a major is chosen. For example, a pre-law student who desires to emphasize the historical foundations should seek advisement in the Department of History; for emphasis in political science advisement should be sought in the Department of Political Science in the College of Sciences; emphasis in economics should be gained through advisement in Economics programs in the College of Business Administration; and emphasis in Legal Studies can be pursued in the Departments of Criminal Justice and Legal Studies in the College of Health and Public Affairs.

## Advisement

### College of Arts and Humanities Student Advising (CAHSA)

Director: Delia Garcia  
CNH 201; 407-823-3312  
Email: [cahsa@ucf.edu](mailto:cahsa@ucf.edu)  
<http://cahsa.cah.ucf.edu>

CAHSA is the primary office for undergraduate academic assistance in the College of Arts and Humanities. CAHSA assists students in the College with orientation, registration, graduation certification and with the interpretation of College/University policies and procedures. Questions concerning University and College academic policies affecting College of Arts and Humanities majors should be addressed via email to [cahsa@ucf.edu](mailto:cahsa@ucf.edu) or to the CAHSA staff by visiting CNH 201. Questions concerning the requirements within a major should be directed to the department offering the degree. The student should contact the department early in his/her academic career and meet with his/her advisor for course planning every semester.

### Program Planning

Although suggested curricula are available in most areas, students will plan their program in consultation with a faculty advisor appointed by the major department.

## Area Studies Programs

Area Studies programs are multi-disciplinary programs that focus on specific regions or cultural groups. UCF has eight area studies programs with an international focus: Africana, American, Asian, Judaic, Latin American, Middle Eastern, Russian, and Women's and Gender Studies. Although the academic home of these programs is the College of Arts and Humanities, faculty and students from across the entire university may participate in them. These programs may be elected as minors by students majoring in any discipline within the university. For more information about the programs and contact numbers of the program directors, see the list below.

Director: Lyman Brodie

## International Study Centers

### Undergraduate Inter-institutional Transient Program

The State University System operates study centers in London, England and Florence, Italy during the Fall and Spring semesters. Students with 27 or more credit hours of credit and a minimum GPA of 2.5 or above in all state universities are eligible to apply for one or both semesters as inter-institutional transient students. Faculty at the centers are drawn from the nine state universities. While credits are earned through Florida State University, which administers the program on behalf of the State University System, credits are fully transferable within the System. Students at the Centers are considered to be resident in their home institutions for attendance and degree purposes.

Classes at the Florence Center emphasize art history, Italian, social sciences, and the humanities; at the London Center, theatre, business, English, history and the social sciences are emphasized. Field trips and museum visits are common to both. For further information, consult the Office of International Studies at 407-882-2300.

## Programs, Tracks, and Degrees

| Title   | Degree                        |
|---|-------------------------------|
| Africana Studies                              | Minor                         |
| American Studies                              | Minor                         |
| Architecture                                  | BD                            |
| Art   | BA, BFA, Minor, MFA           |
| Asian Studies                                 | Minor                         |
| Cinema Studies (Film)                         | BA, Minor                     |

| Women's and Gender Studies                    | Minor                         |
| Writing and Rhetoric                          | BA, Minor, Certificate        |

## Departments and Programs

### Africana Studies: Program

Program Director: Anthony Major  
CNH 110; 407-823-0026  
<http://africana.cah.ucf.edu/>

The College of Arts and Humanities offers a minor in Africana Studies, which gives students the opportunity to explore the African Diaspora experience from a multi-disciplinary perspective. It is dedicated to developing knowledge and expertise of the African Diaspora, including Africa, North America, Central and South America, the Caribbean, Europe and beyond. The minor incorporates courses from many different disciplines including Music, Fine Arts, History, English, Latin American Studies, Political Science, Psychology, Sociology, Anthropology, Film, Theatre, and the Sciences. The program's inter-

## College of Arts and Humanities

disciplinary approach emphasizes the artistic and intellectual traditions of African Americans, and is dedicated to developing expertise and knowledge of the black experience in the African Diaspora.

**Degrees:** None  
**Tracks:** None  
**Minors:** Africana Studies

### American Studies: Program

*Contact:* Lyman Brodie  
CAH 190; 407-823-2251

The College of Arts and Humanities offers a minor in American Studies. This program requires students to select relevant electives from Literature, Humanities, Social Sciences and History.

**Degrees:** None  
**Tracks:** None  
**Minors:** American Studies

### Asian Studies: Program

*Contact:* Rita De Luca Guerriero  
CNH523; 407-823-2472

An interdisciplinary minor designed to enhance multicultural education by offering students both an overview of Asian civilization and a detailed study of its most significant features. The focus of the program is on India, China, and Japan. Course work will include upper-level classes from the curricula of participating programs (Anthropology, Art History, Economics, English, Modern Languages, History, Humanities, Philosophy, and Political Science).

**Degrees:** None  
**Tracks:** None  
**Minors:** Asian Studies

### Community Arts—PAVE: Program

*Interim Program Director:* Rudy McDaniel  
VAB 117; 407-823-3145

A minor in Community Arts—Partners in Art in Visual Education (PAVE) is offered for students who are majoring in Art, Music, Theatre, or English.

**Degrees:** None  
**Tracks:** None  
**Minors:** Community Arts

## Department of English

*Chair:* Trey Philpotts  
CNH 405; 407-823-5596  
Email: english@ucf.edu  
<http://www.english.cah.ucf.edu/>

*Faculty:* Angley, Applen, Bartkevicius, Beck, Campbell, Casmier-Paz, Cato, Dombrowski, Flammia, Glasshoff, Gleyzon, Grajeda, Hasanat, Hohenleitner, Hubbard, Jardaneh, A. Jones, D. Jones, Kamrath, Lillios, Logan, Mauer, Meehan, Moody, Morton, Murphy, Neal, Nwakanma, Philpotts, Poissant, Pugh, Rodriguez-Milanes, Roney, Rushin, Schell, Sommers, Stap, Stephens, Telep, Thaxton, Trouard, Uttich, Valentine, Young; Professors Emeriti: Adicks, Barnes, Omans, Schiffhorst

The Department of English is responsible for the effective teaching of language and literature in English, including World Literature, Linguistics, rhetoric, and creative, expository, and technical writing. Students may concentrate in creative writing, technical communication, or literature. The Department serves the broad needs of the University with course offerings in writing and literature for students from other departments. The department has a Technical Documentation Writing Lab and also publishes *The Florida Review*, *The Cypress Dome*, and *The Faulkner Journal*. An Honors in English program provides an enriched course of study for exceptional students, leading to graduation with honors. Program description follows concentration in degree plans.

**Degrees:** English (BA, MA), Creative Writing (MFA)  
**Tracks:** Literature, Creative Writing, Technical Communication  
**Minors:** Creative Writing, Digital Humanities, Florida Studies, Literature, Linguistics, Medieval/Renaissance, Pre-Law in the Humanities, Technical Communication

## Department of History

*Interim Chair:* Peter Larson  
CNH 551B; 407-823-2225  
Email: history@ucf.edu  
<http://history.cah.ucf.edu/>

*Faculty:* Adams, Barton, Beiler, Cassanello, Cheong, Clark, Dandrow, Darty, Duffy, Earley-Spadoni, Farless, Fernandez, Foster, French, Gannon, Gordon, Head, Larson, Lester, Lyons, Martinez-Fernandez, Murphree, Nair, O'Shea, Ozoglu, Pineda, Sacher, Snyder, Sohns, Solonari, Walker, Walters, Zhang; Faculty Emeriti: Colbourn, Crepeau, Leckie-Reed, Pauley, Shofner

History is the study of the past. Its objective is to understand the past, and through the past, to understand the present. The discipline of history is more than 2,500 years old and remains a vital body of knowledge in the 21st century.

Students who are interested in becoming a lawyer should seriously consider a major in history as a foundation for law school. Law is a historical phenomenon and part of the political, social, and economic processes that have contributed to the success of the United States. An understanding of history lends great insight to the function of, and motives behind, the legal system. In addition, a careful study of history will enable the student to become effective in oral and written communication while developing intellectual skills in critical thought and analysis, both of which are invaluable to the study of law.

The Department participates in the programs in Women's and Gender Studies, American Studies, Africana Studies, Asian Studies, Digital Humanities, Florida Studies, Judaic Studies, Middle Eastern Studies, and Latin American, Caribbean and Latino Studies.

**Degrees:** History (BA, MA, Accelerated MA)  
**Tracks:** None  
**Minors:** Diplomacy, Florida Studies, History, Middle Eastern Studies, Pre-Law in the Humanities, Russian Studies

## Judaic Studies: Program

*Program Director:* Kenneth Hanson  
CNH 415 E-J; 407-823-5039 or 823-5129  
Email: judaicast@ucf.edu  
<http://www.judaicstudies.cah.ucf.edu>

*Faculty:* Hanson, Pelli

The Interdisciplinary Program in Judaic Studies offers both a Minor and a Certificate. The program offers instruction, conducts research, and disseminates knowledge in the civilization of the Jewish people from Biblical times to the present day in the major dimensions of its creativity: literature, language, religion, philosophy, law, and social, political and economic organization. Because the roots of western culture and civilization and major world religions lie in ancient Jewish thought and practice as manifested in the Hebrew Bible and subsequent writings, Judaic Studies form an essential component of the university's curricula.

The program enables students to acquire a foundation of knowledge of Jewish history, the Hebrew language, Jewish philosophy, culture, religious beliefs, and political aspirations; and to understand the contribution of Judaism to western civilization. The courses highlight major aspects of Jewish civilization, focusing on its interaction with other cultures and on the bodies of human knowledge upon which it draws. The program is designed to serve students pursuing careers in general or Jewish education, in communal works and Middle-Eastern affairs, in languages, humanities, or liberal arts, in the ministry or rabbinate, and in the community at large.

**Degrees:** None  
**Tracks:** None  
**Minors:** Judaic Studies  
**Certificates:** Judaic Studies

## Latin American Studies: Program

*Program Director:* Consuelo Stebbins  
CNH 122; 407-823-1173  
Email: latinamerica@ucf.edu  
<http://las.cah.ucf.edu/>

The Latin American Studies BA and Minor provide students with an interdisciplinary knowledge of and the necessary tools to understand Latin America, the Caribbean, and Latinos in the United States. Students completing the minor will be prepared to apply their knowledge on the areas covered by the minor in a variety of careers includ-

## College of Arts and Humanities

ing, but not limited to education, government, journalism, foreign service, social and community service, international trade, and public relations.

**Degrees:** Latin American Studies (BA)

**Tracks:** None

**Minors:** Latin American Studies

### Middle Eastern Studies: Program

*Program Director:* Hakan Ozoglu

CNH 551; 407-823-2225

Email: hakan@ucf.edu

*Advisory Board Co-Chairs:* John C. Bersia; Janan Smither

<http://middleeasternstudies.cah.ucf.edu/>

An interdisciplinary minor designed to offer students both an overview of Middle Eastern civilization and a detailed study of its most important features. The focus of the program is on the religious, political, historical and social forces shaping the region. Course work will include classes from the curricula of participating programs (Modern Languages, History, Humanities, Judaic Studies, Philosophy, and Political Science).

**Degrees:** None

**Tracks:** None

**Minors:** Middle Eastern Studies

### Department of Modern Languages and Literatures

*Chair:* Geri Smith

CNH 523; 407-823-2472

Email: flfaculty@ucf.edu

<http://ml.cah.ucf.edu/>

*Faculty:* Alarcon-Negy, Barone, De Luca-Guerriero, Fabery, Farina, Fernández, Fernández-Rubiera, Folse, Garcia, Giltner, Giordano, Izquierdo, Korosy, Kourova, Ledesma, Leticee, Lopez, Ludwig, Mazzuchelli, Mihai, Montalvo, Nalbone, Pomerleau, Prucha, Purmensky, Redmon, Smith, Sousa, Spina, Stebbins, Tamaki, Tartt, Trinquet, Villegas, Vitanova-Haral; Professor Emeriti: Barsch, Del-Rio, Micarelli

The Department provides instruction in Arabic, Chinese, French, Italian, Japanese, Portuguese, Russian, and Spanish, with majors in French, and Spanish. These programs are designed to meet the needs of students who desire competency in a language and expanded understanding of a foreign culture and literature. Students desiring to major in a foreign language must meet all the requirements for graduation as set forth by the University, the College of Arts and Humanities, and by the Department of Modern Languages and Literatures.

**Degrees:** French (BA), Spanish (BA, MA), TESOL (MA)

**Tracks:** None

**Minors:** Asian Studies, French, Italian, Russian Studies, Spanish

**Certificates:** Spanish for Health Professionals, Spanish for the Legal World, TEFL, Translation

### Department of Philosophy

*Chair:* Michael Strawser

PSY 220; 407-823-2273

Email: philosophy2@ucf.edu

<http://www.philosophy.cah.ucf.edu>

*Faculty:* Beever, Cash, DiBernardo, Evans, Favela, Fiore, Flanagan-Feddon, Garbayo, Gleig, Janz, Jones, Kuang, Mundale, Park, Ravela, Schippert, Shrubsole, Stanlick, Strawser, Viau; Faculty Emeriti: Congdon, Flick, Kassim

The Department of Philosophy offers a Philosophy major, a Religion and Cultural Studies major, and a Humanities and Cultural Studies major, as well as minors in Philosophy, Humanities and Cultural Studies, Religion and Cultural Studies, and Cognitive Sciences. The Department requires all majors to receive advisement prior to registering each semester. Majors should schedule appointments with their departmental advisor. For any course used to satisfy a requirement (including electives) of the Philosophy major, the Humanities major, and Religious Studies, a grade of "C" or better must have been received.

**Degrees:** Philosophy (BA), Religion and Cultural Studies (BA), Humanities and Cultural Studies (BA)

**Tracks:** None

**Minors:** Cognitive Sciences; Humanities and Cultural Studies; Philosophy; Pre-Law in the Humanities; Religion and Cultural Studies

### Department of Writing and Rhetoric

*Interim Chair:* Stephanie Vie

CNH 3071; 407-823-2295

Email: writingandrhetoric@ucf.edu

<http://writingandrhetoric.cah.ucf.edu/>

*Faculty:* Barnickel, Bowdon, Brenckle, Bryan, Calkins, Cavanagh, Dees, Edwards, Ethridge, Galbreath, Gardiakos, Guenzel, Hall, Henken, Hepner, Holic, Ives, Jones, Kyle, Lambert, Launier, Longhany, Martin, Pinkert, Pinkerton, Pompos-Mansfield, Richardson, Ringfield, Roozen, Rounsaville, Scott, Short, Stack, Taylor, Tripp, Vie, Weaver, Wheeler, Wright, Zemliansky

The Department of Writing and Rhetoric oversees the First-Year Composition Program and offers certificate and degree programs for the focused study of writing and rhetoric, including professional digital and civic writing, the teaching of writing, and the history and theory of rhetoric, composition, and literacy. Courses in our two undergraduate and two graduate programs emphasize, in particular, writing as civic engagement and writing with technologies. The department's primary mission is to promote sustained writing opportunities across the university, the foundation for which we provide in first-year composition but which we also achieve through the efforts of the University Writing Center and Writing Across the Curriculum Program. The department celebrates student writing in Stylus, a journal for first-year writing, and the annual Knights Write Showcase.

**Degrees:** Rhetoric and Composition (MA), Writing and Rhetoric (BA)

**Tracks:** None

**Minors:** Pre-Law in the Humanities, Writing and Rhetoric,

**Certificates:** Public and Professional Writing, Professional Writing (Graduate certificate)

### School of Performing Arts

*Interim Director:* Steven Chicurel-Stein

**Music:**

PAC M203; 407-823-2869; Fax: 407-823-3378

Email: ucfmusic@ucf.edu

<http://www.music.cah.ucf.edu/>

*Faculty:* Almeida, Anderson, Brodie, Brunner, Danielsson, Garcia, Gay, Gennaro, Hoffman, Hunt, Hsu, Jenson, Kizer, Koons, Li, Marosi, Miller, Moore, Park, Potter, Ro, Rupert, Scharron, Schreier, Stephenson, Thornton, Warfield, Weremchuk, Wilkinson, Yonetani; Faculty Emeriti: Pickering, Whisler, Wolf

The Music unit offers a Bachelor of Music degree with options in performance, jazz studies, and composition; a Bachelor of Arts Degree in music; and a Bachelor of Music Education Degree with specializations in instrumental, choral and elementary school music. The Music Education programs are approved by the Florida State Department of Education. Students who desire to be certified to teach in elementary and secondary schools should major in Music Education. Courses leading to teacher certification are offered cooperatively with the College of Education and Human Performance. The Music Department is fully accredited by the National Association of Schools of Music. Music organizations on campus include Pi Kappa Lambda, Phi Mu Alpha, Sigma Alpha Iota, Tau Beta Sigma, Kappa Kappa Psi, Student Chapters of MENC and ACDA, and Music Student Advisory Council.

**Degrees:** Music (BA, MA), Music Education (BME), Music Performance (BM)

**Tracks:** Music Performance, Composition, Jazz Studies

**Minors:** Music, Performing Arts Administration

**Theatre:**

PAC T210A; 407-823-2862

Email: theatre@ucf.edu

<http://www.theatre.cah.ucf.edu/>

*Faculty:* Boyd, Boyle, Brotherton, Brown, Chicurel-Stein, Dagit, Heil, Helsing, Horn, Ingram, Lartonoix, Listengarten, Lynch, McDonald, Niess, Reed, Rusnock, Scott, Shafer, Siegfried, Snyder, St. Claire, Tan, Thomas, Tollefson, Weaver, White, Wood; Professor Emeriti: Seay, Smith

## College of Arts and Humanities

The Theatre unit seeks to develop theatre artists of the highest quality by providing a select number of students with the training, education, and experiences necessary for the successful pursuit of professional careers in theatre arts and the entertainment industries. In support of this mission and the liberal arts goals of the College of Arts and Humanities, the department seeks to provide its students with the knowledge and skills necessary to live full, rewarding and productive lives. Offering undergraduate Bachelor of Arts and the Bachelor of Fine Arts degrees, as well as graduate Masters of Arts and Master of Fine Arts degrees, the Department of Theatre undertakes to develop and graduate theatre artists who are sensitive, aware human beings. Through its public performance programs, the department endeavors to serve as a cultural resource for the University, the community and the Central Florida region. Striving to provide its students with a competitive edge, the department employs a faculty and staff of artists/teachers who work intensely with students in the classroom and in production. To supplement this education and training, professional guest artists are brought to the campus to work in production and in the classroom. Before graduation, BFA students are required to complete a professional theatre internship and MFA students are required to complete a professional residency, thus providing them with a unique and invaluable introduction to the real world of professional theatre. Internships are optional for BA students. In all its endeavors, the Department of Theatre strives to create and maintain a professional environment necessary for the continued growth and development of its students, faculty, and staff.

**Degrees:** Theatre (BA, BFA, MA, MFA)

**Tracks:** BFA, Acting, Design and Technology, Musical Theatre, Stage Management; MFA, Acting, Theatre for Young Audiences

**Minors:** Dance, Theatre

### School of Visual Arts and Design

*Interim Director:* Rudy McDaniel

VAB 117; 407-823-2676

Email: [svadadvising@ucf.edu](mailto:svadadvising@ucf.edu)

<http://svad.cah.ucf.edu/>

**Faculty:** Abbas, Abraham, Adams, Ahearn, Beckler, Briggs, Burrell, Buysens, Cameron, Clercx, Colon-Mendoza, Cooper, Croft, Danker, Davila, Dierdorff, Dombrowski, Fanfarelli, Gaudnek, Geppert, Gerstein, Gula, Hadrika, Hall, Haran, Harrington, Harris, Hughes, Ingle, Jones, Kim, Kovach, Lotz, Major, McDaniel, Mills, Mosher, Nolan, Novatnak, Peters, Peterson, Poindexter, Price, Raimundi-Ortiz, Reedy, Reilly, Rivers, Salter, Sandler, Santana, Shbeeb, Shults, E. Smith, P. Smith, Spencer, Stanfill, Starr, Stoeckl, Sullivan, Sung, Theen, Underberg-Goode, Watson, Watters, Wyatt, Zaho; Professor Emeriti: Francis, Frederick, Moshell

The School of Visual Arts and Design (SVAD) is a combination of the Art, Architecture, Digital Media, and Film programs. Topics covered by SVAD degrees include traditional studio arts, design, and art history; emerging media concepts that are the foundation of animation, game and interactive design; and film programs that develop a student's creative voice, appreciation and understanding of the medium. Art degrees offer studies in traditional forms of painting, drawing, photography, and ceramics and supply core skills necessary to pursue professional careers in both emerging media and the fine arts. Film degrees explore entrepreneurial filmmaking and the use of new production and distribution technology, as well as film theory, criticism, and history. This curriculum prepares the student for work in the industry or for graduate study. Digital Media degrees explore creative expression through digital media platforms such as video games and the World Wide Web, interactive design and programming, narrative

techniques for digital storytelling, and new media business models. Students acquire a highly marketable body of knowledge leading to solid careers in industry or in creative research.

The Art BFA – Emerging Media Track – Character Animation Specialization requires a portfolio for acceptance and is usually submitted in February each year for admission in the following fall term.

The Art BFA – Emerging Media Track – Graphic Design Specialization requires a portfolio for acceptance and is usually submitted in February each year for admission in the following fall term.

The Film BFA is a limited access program that requires an application and creative portfolio and is usually submitted in December each year for admission in the following fall term.

While the Art BA – Studio Track, Art BFA – Studio Track, and Art BFA – Emerging Media Track – Experimental Animation specialization programs are not limited access, many of the required upper-level courses require the completion of a student portfolio that is usually submitted near the beginning of a student's Junior year.

The Architecture BD program is offered at UCF at the Valencia West Campus.

The Photography BS program is offered at UCF at the Daytona Beach Campus. Photography is also available as an area of concentration at the main UCF Orlando campus as part of the Art BA – Studio Track and Art BFA – Studio Track degree programs.

Complete information about faculty, curriculum, and admission requirements is available on the School of Visual Arts and Design website (see

above). Students should pay close attention to program admission requirements and periodically check with School advisors and the SVAD website.

**Degrees:** Architecture (BD), Art (BA, BFA), Digital Media (BA, MA), Emerging Media (MFA), Film (BA, BFA, MFA), Photography (BS)

**Tracks:** Art History, Cinema Studies, Emerging Media, Game Design, Studio Art, Visual Arts and Emerging Media Management, Web Design

**Minors:** Art History, Community Arts – PAVE, Digital Media, Film-Cinema Studies, Studio Art

### Women's and Gender Studies: Program

*Program Director:* M.C. Santana

CNH 122; 407-823-6502

Email: [womenst@ucf.edu](mailto:womenst@ucf.edu)

<http://wgst.cah.ucf.edu/>

**Faculty:** Bubriski, Preston-Sidler, Santana

The Women's and Gender Studies program offers an interdisciplinary minor and a certificate in Women's and Gender Studies in cooperation with several departments, programs, and schools. The program examines women's roles in and contributions to past and pre-sent societies, and provides practical and theoretical knowledge about women's and gender issues.

**Degrees:** BA (Interdisciplinary Studies)

**Tracks:** Transnational Gender, Race, and Sexuality Studies Track in Interdisciplinary Studies

**Minors:** Women's and Gender Studies

**Certificate:** Gender Studies

*Program Academic Learning Compacts* (student learning outcomes) for undergraduate programs in the College of Arts and Humanities are located at: <http://oeas.ucf.edu/academiclearningcompacts.html>

# COLLEGE OF BUSINESS ADMINISTRATION

## College of Business Administration

*Dean:* Paul Jarley  
BA1 230; 407-823-2181  
<http://business.ucf.edu>

*Associate Dean:* Foard Jones  
BA1 230; 407-823-2181  
*Associate Dean:* E. Taylor Ellis  
BA2 302-J; 407-823-2187  
*Assistant Dean:* Darrell Johnson  
BA2 101; 407-823-3493

### Vision

#UCFBusiness will continue the transformation into a next-generation business school through the development of a unique college culture; one that promotes engagement, risk-taking, cross-disciplinary collaboration and data-driven decision making.

### Moving Forward

While core business curriculum remains unchanged, the world of business is constantly changing, as is the way students learn and receive information.

The foundation of the College of Business Administration's mission and vision are to strengthen the college, the university, and ultimately, the Central Florida community. This is achieved by focusing on critical factors in higher education: students, faculty, programs and facilities. As such, the college aspires to:

- Offer the benefits of a large, metropolitan research university while providing individual attention and maintaining a sense of community for our students and faculty.
- Create a state-of-the-art educational facility that cultivates a learning environment, promoting collaboration, engagement, risk taking and data-driven decision making.
- Provide increased opportunities for student engagement and one-on-one learning.
- Cultivate an ecosystem that develops entrepreneurs from all backgrounds and skill sets.
- Raise the academic profile of the college by recruiting research faculty in key disciplines and by incorporating top industry executives into the curriculum.

The college will elevate the career prospects of students as well as the perceptions of graduates in the community, by ensuring students

are career-ready upon graduation by providing experiential learning and developmental feedback. In addition, the college strongly encourages students to explore possible careers through mentoring, summer employment and job shadowing.

All undergraduate and graduate programs are accredited by the Association to Advance Collegiate Schools of Business International (AACSB).

## Pre-Major

Admission to the University of Central Florida does not equate to admission to the College of Business Administration (CBA). The CBA is a selective admission college. Students must qualify to be admitted into the college and therefore all students enter the university as a 'pre' business major. This applies regardless of the specific business major a student intends to pursue. As a 'pre' major, students will:

1. Complete the General Education Program
2. Complete the Gordon Rule requirements
3. Complete the Business Common Program Prerequisites (CPP) with a grade of C or better. The CPP classes are:
  - MAC 1105: College Algebra
  - ACG 2021: Financial Accounting
  - ACG 2071: Managerial Accounting
  - ECO 2013: Macroeconomics
  - ECO 2023: Microeconomics
  - ECO 3401: Quantitative Business Tools I, or STA 2023 Statistics and MAC 2233 Concepts of Calculus
  - CGS 2100: Computer Fundamentals for Business
4. Complete the Primary Business Core at UCF or an AACSB accredited institution. The Primary Business Core classes are:
  - MAN 3025: Management of Organizations
  - MAR 3023: Marketing
  - FIN 3403: Finance
  - ECO 3411: Quantitative Business Tools II
  - ACG 3173: Accounting for Decision Makers**Or if Pre-accounting** ACG 3131 Intermediate Accounting I
5. Complete GEB 3003: Career Research and Planning

The Business Common Program Prerequisites are required curriculum for all students within the Florida State University system pursuing a BSBA degree.

The Primary Business Core classes are the heart of the business world. As such they provide students with the basics to be successful

in any business endeavor. It is important that students strive to thoroughly learn the material in this coursework as academic performance in the Primary Business Core is used to meet admission to the major standards.

The GEB 3003 Career Research and Planning course is designed to help students align their major and career interest. In this course students take self-assessments to identify career-related skills and interests. Based on their results, students perform research to identify and learn about a target career, target company(ies), and target entry-level jobs.

**All of the above requirements (numbers 1-5) must be completed before beginning any Business Major.**

## How to Select Your Major

**Now you are ready to select a business major based upon your interests and skills identified in the GEB 3003 class, and your experiences in all of the Primary Business Core classes.**

Due to the highly specialized nature of the revised Accounting, Finance, Management, and Marketing majors, interested candidates must show mastery of the subject matter in all aspects of the Primary Business Core, as demonstrated by a 3.0 GPA in the five classes. Additionally, a grade of at least a B "3.0" is required in the introductory course of your desired major and a minimum grade of C "2.0" is required in all Primary Core courses. Upon admission into the Accounting, Finance, Management, and Marketing majors, students must maintain a minimum 2.75 GPA in the Major and a minimum 2.0 GPA in the College to successfully complete the degree.

Admission to the Economics, Integrated Business, and Real Estate majors requires completion of the five Primary Business Core classes with a minimum GPA of 2.0, and a minimum grade of C "2.0" in the introductory course of the desired major. Upon admission into the Economics, Integrated Business, and Real Estate majors, students must maintain a minimum 2.0 GPA in the Major and College to successfully complete the degree. For more information on these requirements, visit: <http://business.ucf.edu/undergraduate-programs/>.

After receiving admission to a major, students will complete major coursework, the Secondary Business Core and the remaining three courses in the Professional Development Sequence.

1. **The Secondary Business Core:** These courses are designed to ensure that you have a solid understanding of the various functions of business and the environment in which the enterprise operates. The Secondary Business Core culminates with our "Great Case Competition" which is part of our Strategic Management Course (MAN 4720) and has become a signature experience for all business students:
  - a. GEB 3375: Introduction to International Business (3 credit hours)
  - b. BUL 3130: The Legal and Ethical Environments of Business (3 credit hours)
  - c. MAR 3203: Supply Chain Management (3 credit hours)
  - d. MAN 4720: Strategic Management/Capstone (3 credit hours)
2. **Introduction to Career Development and Financial Planning:** The course provides the opportunity to learn and develop personal skills in career and financial management to successfully navigate on-going work and life challenges. Students are given the opportunity to apply career and financial management principles to make appropriate, timely and financially responsible choices with respect to majors/programs of study, progress through the curriculum, and post-graduation options.
  - a. GEB 3XXX (2 credit hours)
3. **The Professional Development Sequence:** Students must also complete the professional development sequence that began with GEB 3003. The goal of the Professional Development curriculum is that students will research potential career opportunities and take steps to secure employment prior to graduation.
  - a. GEB 3005 Career Search Strategies
  - b. GEB 4223 Business Interviewing Techniques
  - c. GEB 4004 Executing Your Career Plan

## Student Load

A student who is enrolled in 15 – 16 credit hours of course work is considered to be carrying a normal academic load. Per University policy, students may take a maximum of 17 credit hours in the Fall and Spring terms, and 14 credit hours in the Summer term.

## Community/Junior College Transfer Notes

1. Admission requirements can and do vary among the business and accounting programs at the ten universities comprising the State University System. To ensure that they have met all prerequisite course eligibility requirements, transfer students from Florida's community and State colleges should complete the following common program prerequisites as part of their Associate of Arts degree: ACG 2021 (or ACG 2001 and ACG 2011), ACG 2071, ECO 2013, ECO 2023, MAC 2233, STA 2023, (or QMB 2100) and CGS 2100. At UCF, students who have completed MAC 2233 and STA 2023 will be waived from ECO 3401 Business Quantitative Tools I. Students who have completed either MAC 2233 or STA 2023, but not both, must take ECO 3401. Completion of these courses with a minimum grade of C "2.0" or better will satisfy all prerequisite course requirements for all business and accounting degree programs and will ensure that a student will receive further consideration for admission to the Primary Core Classes.
2. Subject to the general grade and residency requirements, credit will be granted for transferred course work equivalent to that required in UCF's Business program. Only grades of "C" (2.0) or higher transfer into the program.
3. It is expected that all incoming transfer students, regardless of intended business major, will upon admission to the university have successfully completed the General Education Program and the Business Common Program prerequisites. Transfer students will attend an orientation session that will provide information regarding university and college policy, program requirements, and college culture.
4. Courses taken at Florida College System institutions do not substitute for upper division courses.
5. Courses transferred must be formally evaluated for equivalency credit. General Education coursework is evaluated for equivalency by Academic Services, while the Business Common Program Prerequisites and all business coursework is evaluated for equivalency by the College. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
6. The Business Primary Core courses must be taken at UCF or an AACSB accredited institution. Additionally, professional courses, in the areas of Accounting, Economics, Management, Marketing, Real Estate, or Finance, should not be taken at a community/junior college. These professional areas are third and fourth year course areas in the College of Business Administration and cannot be satisfied with community/state college courses.
7. A minimum of 12 credit hours must be completed at UCF within each individual major and a minimum of 30 hours of upper level courses within the UCF College of Business.

## Advisement

### Office of Professional Development

Assistant Dean: Darrell Johnson

BA2101; 407-823-3493

The Office of Professional Development (OPD) is the primary office for undergraduate assistance in Academic and Career Counseling in the College of Business Administration. Any questions concerning University and College academic policies affecting Business majors should be directed to the Office of Professional Development staff in BA2 101 or by calling 407-823-2185. Visit OPD's home page at: <http://business.ucf.edu/centers-institutes/office-of-professional-development/>.

## Departments and Programs Kenneth G. Dixon School of Accounting

*Director:* G. Trompeter  
BA1 325D; 407-823-2871

*Assistant Chair:* J. Reinking  
BA1 430; 407-823-4874

*Assistant to Director:* M. Hampton  
BA1 326; 407-823-5678

*Faculty:* Allen, Arnold, Baudot, Demek, Dennis, Durham, Goldwater, Guerra-Pujol, Hampton, Hornik, Johnson, Kelliher, Poziemski, Reinking, Robb, Roberts, Rosenthal, Roush, Smith, Sutton, Tian, Trompeter, Wallace, York

### Mission Statement

The mission of the Kenneth G. Dixon School of Accounting is to develop and deliver strong undergraduate and graduate programs, support and produce nationally and internationally relevant accounting research, and engage meaningfully with the academic and practitioner accounting communities.

### Distinctive Benefits

- Strong industry ties allowing for unique opportunities for placement and advancement.
- A competitive internship program that places graduate students in positions with major employers in the community.
- The opportunity to enroll in outstanding graduate programs in accounting and taxation.
- A very strong faculty known for their teaching and research excellence.
- Numerous scholarships available to advanced students.
- Active student organizations including the Student Accounting Society and Beta Alpha Psi.
- A faculty committed to the continuous improvement of our accounting programs.
- Outstanding pass rates on the CPA exam.

**Degrees:** Accounting (BSBA, MSA, Ph.D.)

**Minors:** Accounting (for Finance majors only)

## Department of Economics

*Chair:* Mark Dickie  
BA2 305-D; 407-823-3266;  
Email: [economics@ucf.edu](mailto:economics@ucf.edu)

*Faculty:* Alpanda, Aysun, Braun, Caputo, Das, Dickie, Gibbs, Guldi, Hoffer, Milon, Paarsch, Schmidbauer, Scrogin, Underwood

*Faculty Advisors:*

David Scrogin  
BA2 302U, 407-823-4129, Email: [David.Scrogin@ucf.edu](mailto:David.Scrogin@ucf.edu);

Economic issues are prominent in business and government decision-making. Inflation, employment, health care, economic growth, pollution, poverty, and international economic relations are a few important economic issues. The primary strength of Economics is that it provides a logical, ordered way of analyzing a wide variety of problems. Undergraduate education in Economics equips individuals to understand and seek solutions to problems in business, public policy, and other areas.

The Department of Economics participates in two undergraduate degree programs: a BSBA degree and a BS degree. The purpose of the BSBA Economics Program is to provide students with a professional business background that prepares them for careers in private business and government. The purpose of the economics BS Program is to provide a broad-based liberal education that can serve as a strong foundation for further graduate studies in law, social sciences, and other fields or as training for careers in politics, teaching, research, social service, and other areas. Both programs enable students to better understand the economic and non-economic issues that are confronted in their jobs and their private lives and provide the analytical skills that will allow solve problems.

### Distinctive Benefits

- Opportunity for strong quantitative and analytical training.
- Excellent preparation for law school and graduate school admission.
- Strong preparation for high-paying careers.
- Flexible Curriculum: Students tailor the program to their individual interests through a large selection of electives.

- Interdisciplinary Linkages: Economics provides a solid foundation to link with many other disciplines allowing for a double major in Finance, Real Estate, Mathematics and Political Science.
- Teaching quality: Many of the Economics faculty have received Excellence in Teaching Awards.
- Student Organizations: The Economics Club is an active student organization linking students to Alumni.

**Degrees:** Business Economics (BSBA), Economics (BS)

**Minors:** Economics

## Department of Finance and Dr. P. Phillips School of Real Estate

*Chair and Director:* A. Singh  
BA1 427; 407-823-5756

*Assistant Chair and Assistant Director:* P. Gregg  
BA1 409; 407-823-3575

*Faculty:* Ajayi, Byrd, Chen, Choi, Curcio, Frye, Gatchev, Gregg, Harris, Harrison, Kulu, Lu, Oh, Ramanlal, Resch, Singh, Sturm, Turnbull, Wang, Whyte, Zhang

The program in finance is designed to provide the student with broad knowledge in finance, including corporate finance, investments (fixed income and equity securities), financial institutions, international finance, risk management and derivatives. The real estate degree includes real estate law, commercial and residential real estate finance, and real estate development.

### Distinctive Benefits

- Finance students prepare for career opportunities in corporate finance, banking (commercial, investment and mortgage), investment management, financial planning, multinational business, insurance and government.
- Real estate students prepare for careers in commercial or residential real estate development and finance, or banking related to the real estate industry.
- Students who major in finance or real estate are sought by both financial and non-financial firms.

**Degrees:** Finance (BSBA), Real Estate (BSBA)

**Minors:** International Business, Real Estate, Finance

**Certificates:** Banking, Investments, Corporate Finance, Land Development, Commercial and Institutional Real Estate, Residential Real Estate

## Department of Management

*Interim Chair:* Ronald Piccolo  
BA 309; 407-823-5569

*Assistant Chair:* Lynn Becker  
BA1 309D; 407-823-3021

*Faculty:* Ambrose, Becker, Bennett, Blencke, Cleavenger, Combs, Crossley, De George, Folger, Ford, Goodman, Harris, Jarley, Jones, Joseph, McKenny, Nichols, O'Donnell, O'Neal, Pape, Piccolo, Porter, Quinn, Rockmore, Schminke, Taylor, Wang, Whiting

Tomorrow's managers must be prepared to meet the challenges of a highly dynamic and rapidly changing business environment. The objective of the Management program is to prepare students for the excitement and opportunities that this presents. To learn about management, students study the processes and techniques of leadership, planning, controlling and staffing of both small and large organizations.

The curriculum is designed to develop the expertise of all students in a common core of essential management skills and competencies, including human and organizational behavior, teamwork and collaboration, negotiation and conflict resolution, and leadership development. With the proper selection of restricted elective courses available for Management majors, students can gain additional concentration in the area of human resource management, or in the area of entrepreneurship. Students who do not wish to concentrate in these areas can use those restricted electives to gain additional breadth of coverage in a variety of Management topics.

The department's goal is to emphasize the expertise, knowledge, and skills necessary to be not only a team player, but ideally a team leader. Regardless of a student's focus, the curriculum will sharpen that student's skills in problem identification, analysis, and solution. This major can lead to a variety of rewarding careers in management positions throughout the organization. Possible career paths include, but are not limited to, positions in training and development, person-

## College of Business Administration

nel and employee relations, equal opportunity and labor relations, recruiting and staffing, organizational development, operations, quality assurance, project management. For students interested in starting their own business or working for smaller fast growing organizations, the department's entrepreneurship offerings will develop the skills needed for that career path.

### Distinctive Benefits

- Excellent faculty, known for their creativity and enthusiasm in the classroom, and their commitment to students in and out of the classroom.
- A broad-based training that will open up opportunities in high-growth career areas.
- Internships that provide real-world experience and enhanced job opportunities.
- A "hands-on," applied focus in our courses.

**Degrees:** Management (BSBA),  
Human Resources Management (MS)

**Minors:** Entrepreneurship, Technological Entrepreneurship

**Certificate:** Entrepreneurship

### Department of Marketing

*Chair:* Ronald E. Michaels

BA2 307; 407-823-2108

<http://www.bus.ucf.edu/marketing/>

*Faculty:* Bhardwaj, Desiraju, Hasford, He, Jami, Joshi, Keebler, Krishnamoorthy, Liu, Massiah, Mayfield-Garcias, Michaels, Steiger, Stock, Wang, Yayla-Kailu, Zemack-Rugar

The marketing major provides a superior education in foundation areas such as research, consumer behavior, professional selling, marketing management, and strategy. Our curriculum focuses on building skills in communication, teamwork, critical thinking, analysis, and strategic thinking. Among the things you will learn are how to conduct sales calls, analyze sales and profit reports, prepare marketing plans, and construct marketing strategies. Students interested in majoring in marketing have two options: the marketing management track or the professional selling track. The marketing management track provides students with the knowledge and skills necessary to excel in entry-level positions in marketing management, product/brand management, and positions in retail management, sales, market research, and advertising/promotion. The professional selling track prepares students for positions in business-to-business, with the potential to advance into either sales management or marketing management. The curriculum is delivered by highly-talented faculty members and offers you a superior educational experience while at UCF.

The department's highest visibility offering is the professional selling program (track within the major). Admission to this renowned program is competitive; application and interview are required. Scholarships for this program are available and awarded on a competitive basis. Please see our department website for more details. An 18-hour professional selling minor is available for UCF students with majors other than marketing. Again, entry into this minor is competitive.

The regular 18-hour marketing minor provides a strong basic education in marketing for UCF students with majors other than marketing. Earning a minor in marketing can add significant value and career flexibility for any UCF student with any major. Marketing internships are available (application necessary) and there are several vibrant marketing-related student organizations in which you can participate.

### Distinctive Benefits

- Innovative curriculum for marketing majors and minors.
- Renowned Professional Selling Program is offered as a track within the marketing major, and as a professional selling minor; application required.
- An 18-hour marketing minor is available for students with majors other than marketing.
- Seventeen dynamic faculty members are among the strongest teachers in the college.
- Comprehensive course offerings are available each semester and summer—you can finish!
- Strong emphasis on preparing students for careers in marketing management.
- Approximately 15 scholarships are awarded annually on a competitive basis.
- Opportunities to participate in internships and honors in the major programs.

- Opportunities to participate in student chapters of the Society for Marketing Professional Services, the Ad Club, and the Sales Club, and the student chapter of the American Marketing Association

**Degrees:** Marketing (BSBA)

**Tracks:** Marketing Management, Professional Selling

**Minor:** Marketing, Professional Selling

### Integrated Business Program

*Director:* J. Gilkeson

BA2 222; 407-823-0390

*Faculty:* Baz, Buhagiar, Connell, Craighead, Creque, Gilkeson, Henry, Leo, Morin, Tamberelli, Valdez, Viggiano, Washick

The mission of the Integrated Business degree program is to provide a high quality, hands-on business education for UCF students that emphasizes soft-skills development, has a content focus on small and medium size, privately held businesses, and develops well-rounded multi-disciplinarians who will thrive in an environment that requires them to take on multiple roles and responsibilities for their employer.

### Distinctive Benefits

- Unique program found only at UCF.
- Up-to-date source material that replaces most textbooks with free online content.
- Use of the flipped classroom approach in all course work.
- Emphasis on soft skills development, including business ethics, critical thinking, decision making, leadership, negotiations, oral presentation professionalism, teamwork, technology, and written communication.
- Taught face-to-face on main campus and four regional campuses (Valencia West, Sanford-Lake Mary, Osceola, and Brevard)—avoid expensive, time consuming commutes!
- Focus on the small and medium size, privately held firms who hire 40% of UCF's business graduates.
- Integrated Business Faculty members have decades of real world work and business ownership experience.
- Opportunities to participate in internships, student competitions, and student organizations.

**Degrees:** Integrated Business (BSBA)

*Program Academic Learning Compacts* (student learning outcomes) for undergraduate programs in the College of Business Administration are located at: <http://oeas.ucf.edu/academiclearningcompacts.html>

# COLLEGE OF EDUCATION AND HUMAN PERFORMANCE

## College of Education and Human Performance

*Dean:* Pamela S. Carroll  
ED 308; 407-823-5529  
<http://education.ucf.edu>

*Associate Dean for Academic Affairs:*  
Jesse Perez "JP" Mendez; 407-823-2046  
*Associate Dean for Research:*  
Dave Edyburn; 407-823-3296  
*Assistant Dean for Administrative and Financial Affairs:*  
Allison Jefferson; 407-823-0329

The role of the College of Education and Human Performance at the undergraduate level is to provide a high-quality education for teacher candidates in preparation for careers in early childhood, elementary, exceptional student education, secondary/K-12, technical education and industry training and students in sport and exercise science professions. The College of Education and Human Performance is dedicated to preparing professional educators as reflective practitioners who meet the needs of our schools and society. UCF's College of Education and Human Performance is the leading source of education baccalaureate degrees in the State of Florida.

Art Education  
Early Childhood Development and Education  
Elementary Education  
English Language Arts Education  
Exceptional Student Education  
Mathematics Education  
Physical Education  
Science Education  
Social Science Education  
Sport and Exercise Science  
Technical Education and Industry Training  
World Languages Education

## Success to Significance

- Among America's Best Colleges of Education
- Invited to join the Carnegie Corporation of New York – Teachers for a New Era
- State program approval and National Accreditation
- Proven and promising practices
- Partnerships with seventeen Central Florida school districts, including the Florida Virtual School
- High quality teacher education programs
- Leadership in reform efforts
- Strength of faculty and students
- Broad influence in higher education community
- Access to cutting edge educational technologies, such as TeachLivE
- Opportunities to become involved in professional education organizations

- State-of-the-art facilities
- UCF Teaching Academy
- Toni Jennings Exceptional Education Institute
- Morgridge International Reading Center
- Lockheed Martin Academy for Mathematics and Science
- Supporting Teacher Education Pre-Professionals (STEP) Programs
- Living, Learning Communities
- Teacher Education Assistance for College and Higher Education (TEACH) Grants
- Minority Teacher Recruitment and Retention Program
- Early and continuous field experiences
- Internships with highly qualified teachers
- Infusion of multicultural education, ESOL and technology throughout classes
- Florida Marriage and Family Research Institute
- ESOL Endorsement and Reading Endorsement included with selected teacher preparation programs
- Graduates from state approved initial teacher preparation programs are eligible for professional teacher certification
- Transition to Mathematics and Science Teaching Program (T-MAST)
- Institute of Exercise Performance and Wellness
- Ph.D. in Exercise Physiology ranked 6th in the nation by the National Academy of Kinesiology
- Undergraduate research opportunities

## Admission to the College of Education and Human Performance

Admission to the College will be granted when students meet the following requirements:

- Complete the University General Education requirements or an equivalent (i.e. an AA degree from an approved Florida College System institution or state university).
- Have a minimum 2.5 overall GPA; a minimum 2.75 overall GPA is required for Early Childhood Development and Education.
- Pass all four parts of the General Knowledge Test (GKT). It is highly recommended students take and pass the GKT in the Spring Semester of their Sophomore year. All teacher preparation programs require the GKT.
- Complete the Education and Human Performance Common Program Prerequisites for their major.
- Complete State University Foreign Language Admission requirement: 2 years in high school or 1 year in college of the same foreign language or American Sign Language.
- Complete Gordon Rule Requirement.
- **Complete a change of major request to move from education pending to the intended education major upon successful completion of admission requirements.**

# College of Education and Human Performance

## Transfer Notes:

Courses transferred from other institutions must be evaluated for equivalency credit. The student must provide all supporting information. Students transferring from a Florida College System institution are cautioned to pay careful attention to the General Education and Program Prerequisites sections of their intended major. Students are responsible for all ESOL assignments for UCF ESOL-infused courses that may be transferred from other institutions.

## New students will:

1. Be classified as education pending until admission requirements are met and a change of major request has been submitted.
2. Meet college advising representatives in a **group** setting during Orientation to:
  - a. Discuss College of Education and Human Performance admission requirements needed for enrollment in upper division education classes
  - b. Review degree program requirements
  - c. Understand expectations and responsibilities associated with a career in education
3. Be advised by the College of Education and Human Performance Undergraduate Advising office (ED 110) if their major is Elementary Education or Education Pending. Advising sessions may be scheduled by calling 407-823-3723.
4. Be assigned to an academic advisor in the area of their major upon completion of College of Education and Human Performance admission requirements. The advisor's name and email address appear in myUCF to assist students in making an advising appointment.
5. Purchase and utilize LiveText software at the beginning of the first semester of enrollment in the College of Education and Human Performance based on program requirements.

## Continuing students will:

1. Set up an appointment with their academic advisor **upon acceptance to their major**, or the Undergraduate Advising office if a **"Pending" major**, to review academic progress and to develop an academic plan. Review this plan each term with an advisor prior to registration;
2. View their Degree Audits through myUCF;
3. Register at scheduled appointment times in myUCF. Students must complete any changes to their schedules by the end of the published Add/Drop period;
4. Utilize LiveText software based upon program requirements; and
5. File an on-line "Intent to Graduate Form" by the end of the term prior to the term in which graduation is intended.

## Office of Undergraduate Affairs

ED 110, 407-823-3723

<http://education.ucf.edu>

Located in the Education Complex in Suite 110, the Office of Undergraduate Affairs comprises Undergraduate Affairs, Undergraduate Advising and Recruitment & Retention.

## Mission Statement

The mission of the Office of Undergraduate Affairs is to promote student development and success through collaboration with College of Education and Human Performance faculty, staff, administrators and partners.

## Clinical Experiences

Director: Elizabeth Hoffman

ED 110, 407-823-2518

<http://www.education.ucf.edu/clinicaexp/>

Clinical experiences provide students with a broad range of instructional opportunities in various school settings developed through cooperative planning with local school district administrators and teachers. Clinical experiences are an integral part of education programs and consist of early site-based experiences, as well as internships. Placement of students is the responsibility of the College of Education and Human Performance's Office of Clinical Experiences. Students must complete internship experiences in one of the College of Education and Human Performance's local partnership districts.

**Students must be aware** that criminal records may prevent placement in internship and/or employment in districts. Each school district follows state guidelines for fingerprinting and some districts have additional requirements.

All applications for internships are accessed at the Clinical Experiences website and are approved by the Office of Clinical Experiences.

Once applications are approved by the Office of Clinical Experiences, students must register themselves for the internship course and co-requisites (if applicable).

## Application deadlines for all Internships are:

February 15 for Fall semester

September 15 for Spring semester

## Internship I

Internship I is a three semester hour experience. Students are assigned to work with state-defined, qualified supervising teachers. Students are enrolled in additional courses during the experience, outlined in the program listing of the catalog. Additional courses may be taken only with the consent of the academic program coordinator and department chair. The Internship I experience is completed locally and is arranged by the Office of Clinical Experiences.

## Admission to Internship I

Admission to Internship I will be granted to students who have been admitted to the College of Education and Human Performance and who meet the following additional requirements at the time of application.

- Have on file passing scores on all 4 parts of the Florida Teacher Certification Examination General Knowledge Test before applying for Internship I.
- A minimum overall GPA of 2.5 or higher.
- Possess minimum specialization GPA of 2.5
- Possess minimum professional preparation GPA of 2.5
- Achieve a "C-" (1.75)\* or better in all prerequisite methods/specialization courses. However, a minimum overall GPA of 2.5 is required in the professional, specialization and overall for admission to Internship I.
- Complete a formal application for Internship I online by the published deadlines.
- Meet any special departmental or program requirements
- Be recommended by the faculty of the department of the student's major.

**NOTE:** Passing scores on all sections [General Knowledge Test, Professional, and Subject Area] of the Florida Teacher Certification Examination (FTCE) is required prior to entry into Internship II.

## Internship II

Internship II is considered a full-time experience. Students are permitted to enroll in other classes only with the consent of their academic program. Internship II is a 9-12 semester hour experience (depending on the program) normally completed during the student's last semester.

## Admission to Internship II

Admission to Internship II will be granted when students have met the following requirements at the time of application.

- Successful completion of Internship I
- Have on file passing scores on all sections of the Florida Teacher Certification Examination (General Knowledge Test, Professional and Subject Area)
- Possess a minimum overall GPA of 2.5
- Possess minimum professional preparation GPA of 2.5\*
- Possess minimum specialization GPA of 2.5\*
- Achieve a "C-" (1.75) or better in all professional methods/specialization courses. A minimum overall GPA of 2.5 is required in addition to a minimum 2.5 GPA in the professional preparation and specialization areas.
- A minimum GPA of 2.75 is required in the professional, specialization and overall for Early Childhood Development and Education majors.
- Complete a formal application for Internship II by the published deadline
- Be recommended by the faculty of the department of the student's major
- Meet any special departmental or program requirements

The Internship II experience is completed locally and is arranged by the Office of Clinical Experiences in schools and districts where there are available placements.

\*Some programs may specify a different GPA requirement for admission

## Recruitment and Retention Program

*Coordinator:* Caroline Pratt Marrett

ED 110; 407-823-4409

<http://education.ucf.edu/mtrrp/>

### Minority Teacher Recruitment and Retention Program (MTRRP)

The Minority Teacher Recruitment and Retention Program (MTRRP) is designed to recruit and retain diverse students as they prepare for a teaching career in education. MTRRP provides future educators with financial assistance, academic support, and professional development. Each student admitted into the program is paired with a faculty/staff mentor in the college.

#### Program Objectives

- Recruit and retain diverse students interested in joining the teaching profession
- Promote academic excellence and foster professional development
- Provide service learning opportunities
- Encourage community engagement

#### Scholarship Requirements

Students must meet the following criteria:

- Eligible groups: African-American/Black, Asian-American/Pacific Islander, Hispanic, or American Indian/Alaskan Native
- Be a Florida resident
- Be admitted into the UCF College of Education and Human Performance as a degree-seeking undergraduate student
- Minimum semester and overall grade point average of 2.5
- Must be enrolled full-time
- Submit Scholarship Application by the deadline
- Complete 20 hours of community service for each semester the scholarship is received

#### Application deadlines:

July 1 for Fall semester

November 1 for Spring semester

## Undergraduate Advising

*Director, Undergraduate Affairs:* Andrea Small

ED 110, 407-823-3723

The Undergraduate Advising office assists students with orientation, registration information, general academic advisement, college and university academic requirements and graduation certification. Students are encouraged to make an early appointment with an academic advisor. All students are encouraged to meet with an academic advisor each semester for schedule planning and to discuss progress toward degree completion. Academic advising is provided by walk-in appointments and advising sessions. Information regarding majors offered by the College of Education and Human Performance can be obtained in the Office of Undergraduate Affairs or at <http://education.ucf.edu/ugrad/>. Admission to the University of Central Florida does not imply admission to the College of Education and Human Performance. Students will be allowed to enroll in 3000/4000 level courses taught by the College of Education and Human Performance **after they have been admitted to the College**.

### Graduation Requirements

To qualify for graduation, a student must successfully complete all coursework to include a minimum overall GPA of 2.5, a minimum 2.5 GPA in all specialization courses, and a minimum 2.5 GPA in professional preparation courses. A minimum GPA of 2.75 is required in the professional, specialization and overall for Early Childhood Development and Education. In addition, students in state-approved initial teacher preparation programs must pass all applicable sections of the Florida Teacher Certification Exam (FTCE) and complete a portfolio according to program guidelines.

Note: Effective January 1, 2015, only FTCE examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBE Rule 6A-4.002).

## Professional Development School Consortium

The Professional Development School Consortium is a network of the university and local schools, and is based on the National Association for Professional Development School standards. National, award-winning PDS school efforts demonstrate impact on pre-service and in-service initiatives.

## Department of Child, Family, and Community Sciences

*Chair:* Glenn Lambie

ED 209-E; 407-823-6106

*Faculty/Academic Administrator:* Brenda Thompson

ED 206-E 407-823-6579

*Faculty:* Barden, Butler, Cintron, Cox, A. Culp, Dieker, Dillman-Taylor, Dooley, Edwards, Edyburn, Ezell, Hagedorn, Hines, Hundley, Joe, Jones, L. Jones, Kelchner, King, Kohler, Lambie, Levin, Little, Lue-Stewart, Marino, Martin, Meador, Mendez, Pearl, Pratt-Marrett, Reyes, E.H. Robinson, S. Robinson, Shillingford-Butler, Szente, Taub, Van Horn, Vasquez, Whiteman, Young

The Department of Child, Family, and Community Sciences (CFCS) offers both undergraduate and graduate programs related to careers in school settings and community agencies. The programs offered include: Career and Technical Education; Counselor Education & School Psychology; Early Childhood Development and Education; Exceptional Student Education; and Higher Education & Policy Studies.

See individual program websites and the graduate catalog for additional details. You can start by going to the department's website: <http://education.ucf.edu/cfcs>.

## Department of Educational and Human Sciences

*Chair:* Jeffrey R. Stout

ED 209-B; 407-823-2595

*Coordinator II:* Linda Alexander

[http://education.ucf.edu/academics\\_departments.cfm#Department of Educational and Human Sciences](http://education.ucf.edu/academics_departments.cfm#Department of Educational and Human Sciences)

*Faculty:* Bai, Biddle, Campbell, Clark, Duke, Fisher, Fukuda, Garcia, Gordon, Gunter, Jeanpierre, Hahs-Vaughn, Hartshorne, Hiram, Hoffman, Lanier, Sivo, Stout, Valdes, Wells, Witta, Xu

The Department of Educational and Human Sciences (EHS) offers courses and programs to prepare students in areas of Instructional Design & Technology; Research, Measurement & Evaluation; as well as Sport & Exercise Science. The EHS Department has one bachelor's level program: Sport and Exercise Science. Students majoring in Sport and Exercise Science B.S. can select one of the following areas: Coaching or Human Performance. The Department also offers a number of graduate programs and provides graduate courses in educational research, measurement and statistics, Instructional Design and Technology and Sport and Exercise Science. The Sport and Exercise Science program also offers a Ph.D. in Exercise Physiology.

## School of Teaching, Learning and Leadership

*Director:* Michael Hynes

ED 209-D; 407-823-1768

[http://education.ucf.edu/academics\\_departments.cfm#School of Teaching, Learning, and Leadership](http://education.ucf.edu/academics_departments.cfm#School of Teaching, Learning, and Leadership)

*Faculty Academic Administrator:*

Maria Cox; ED 206-D; 407-823-1763

*Academic Coordinators:*

Lindsay Archambault; ED 206-F; 407-823-2881

Melissa Feyer; ED 209-F; 407-823-0303

*Faculty:* Albers-Biddle, Allen, Andreasen, Baldwin, Becker, Blanch, Biraimah, Blessing, Boote, Brasel, Brooks, Buchoff, Butler, Carroll, Dixon, Doherty, Ergle, Eriksson, Everett, Forsythe, Frazee, Freeman, Gao, Gelfuso, Gill, Goodman, Gresham, Grissom, Haciomeroglu, Hewitt, B. Hoffman, E. Hoffman, Hopp, Hynes, Jennings-Towle, Johnson, Kay, Kelley, Kennedy, Kerness, Koger, Luke, Lynn, McGann, McLaughlin, McManus, B. Murray, K. Murray, Nickels, Nutta, Olan, Olcese, Ortiz, Regalla, Roberts, Russell, Safi, Seeley, Short, Snyder, Spalding, Stanley, Storey, Taylor, Trenta, Van De Mark, Verkler, Vitale, Walters, Waring, Wenzel, Williams, Wolford, Zygoris-Coe

The School of Teaching, Learning and Leadership prepares candidates to work in a variety of school and community settings, in the areas of Elementary Education, Secondary Education and Educational Leadership. The Elementary Education program has a track designed for prospective teachers interested in working with students in formal K-6 schools that require certification (Education Track) and another track for students interested in working outside of formal K-6 schools that do not require certification (Lifelong Learning

## College of Education and Human Performance

Track). Upon completion of the Elementary Education – Education Track, candidates are eligible for Florida teacher certification, including ESOL and Reading Endorsements. Secondary Education programs are designed for prospective teachers interested in working with students in a specific content area, either in formal 6-12 schools that require certification (Education Track) or outside formal K-12 schools that do not require certification (Lifelong Learning Track). Preparation includes special training in Biology, Chemistry, English (with ESOL Endorsement), Mathematics, Physics, or Social Science Education. Programs are available in Teacher Education K-12 areas, such as Art Education, Physical Education, Reading Education, and World

Language Education (Spanish). The Educational Leadership master's programs provide the theoretical and conceptual knowledge base required for the principalship in Florida and other states. Ed.S. and Ed.D. students have advanced academic and practical experiences preparing them for leadership roles at the school district level, including the superintendency.

*Program Academic Learning Compacts* (student learning outcomes) for undergraduate programs in the College of Education and Human Performance are located at:

## Accelerated BS/MS Degree Program

All of the Engineering and Computer Science departments except for the Department of Civil, Environmental, and Construction Engineering and the Information Technology Program are offering an Accelerated BS/MS degree program which will allow students of high academic standing to complete an MS degree at an accelerated pace. The generic rule for students in this program is that they will be allowed to use up to twelve hours of selected 5000 and 6000 level courses with a grade of "B" or higher toward fulfillment of both the BS and MS degree requirements. Interested individuals should see the program descriptions in the graduate and undergraduate catalogs. They may also contact the department Undergraduate Coordinator and/or Graduate Coordinator if they have any further questions.

## College Vision

**Our Vision** is to be recognized as one of the premier Colleges of Engineering and Computer Science locally, nationally, and internationally. While we are aware of the need to maintain our fundamental capabilities, we will pursue new opportunities in teaching, research, and outreach by leveraging UCF's strengths in innovative partnerships, effective interdisciplinary research, and a commitment to excellence, inclusiveness, and diversity.

## College Mission Statement

**Our Mission** is to provide high-quality, broad-based education and experience-based learning in engineering and computer science; to create knowledge through pioneering scholarship and impactful research; to enrich our students' development and leadership skills; and to address pressing local, state, national, and international issues in support of the global community.

Our college is able to attract students who are remarkably bright and talented. They come to our college to learn and become the technological leaders of tomorrow. Our Engineering and Computer Science faculty are some of the best and brightest that one can find anywhere. They share with our students the excitement of discovery and creative research as they teach the problem solving and leadership skills that prepare our students to be productive members of society.

## College Organization

The College of Engineering and Computer Science is organized into two major divisions: the Engineering and Computer Science Division and the Reserve Officer Training Corps (ROTC) Division. The Engineering and Computer Science Division is comprised of six engineering departments: the Civil, Environmental, and Construction Engineering (CECE) Department, the Computer Science (CS) Department, the Electrical and Computer Engineering (ECE) Department, the Industrial Engineering and Management Systems (IEMS) Department, Material Sciences and Engineering (MSE) Department, and the Mechanical and Aerospace Engineering (MAE) Department. The ROTC Division is made up of the Aerospace Studies Department (Air Force ROTC) and the Military Science Department (Army ROTC).

All departments of the Engineering and Computer Science Division offer advanced studies leading to master's degrees and the Doctor of Philosophy degree; see the Graduate catalog for further information on these graduate programs. The undergraduate engineering programs in Aerospace Engineering, Civil Engineering, Computer Engineering, Construction Engineering, Electrical Engineering, Environmental Engineering, Industrial Engineering, and Mechanical Engineering are accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org>. The Computer Science and Information Technology programs are accredited by the Computing Accreditation Commission of ABET, <http://www.abet.org>.

The College houses the ROTC Division for those students desiring to pursue military training while earning their degree. The AFROTC program offers a minor in Aerospace Studies, and the AROTC program offers a minor in Military Science.

## The Honors Program in the College of Engineering and Computer Science

The engineering and computer science leaders of tomorrow must not only have impeccable technical credentials, but must also be able to provide strong leadership within the general community in which they live. With this in mind, the Honors Program in the College of Engineering and Computer Science offers outstanding undergraduate engineering and computer science majors an enriched educational, technical, professional, and cultural experience that significantly augments the basic curricula. Honors students comprise academically superior students who commit, upon acceptance into the program, to do broad as well as advanced work in a chosen area.

The objective of the Honors Program is to provide exceptional students with an opportunity to express their creativity and problem-solving abilities through challenging coursework and participation in

research projects. In addition, the program exposes students to a wide variety of issues dealing with the role of engineers and computer scientists and the impact of the profession on society. Honors students also participate in several programmed activities, such as lectures by distinguished scholars, engineers, and public figures, as well as visits to local and regional industries and to governmental and military research facilities.

There are two programs available to eligible CECS students: 1) the University Honors Program (see the section on the University Honors Program found in The Burnett Honors College section of this catalog); and 2) the Honors in the Major Program (HIM).

### The Honors in the Major Program

The College of Engineering and Computer Science Honors in the Major program is designed for two types of students: 1) Highly qualified students who did not participate in the University Honors Program and would like to have the experience of an Honors curriculum, and 2) University Honors program students who desire to continue the Honors curriculum beyond what the University Honors Program offers. The centerpiece of the Honors in the Major program is the opportunity to undertake independent research as an undergraduate under the guidance of a faculty member in his/her major. The Honors in the Major represents a total of six credit hours of work. These credit hours are acceptable as technical electives by all programs. These six credit hours consist of an Honors in the Major Seminar titled Research Methods in Engineering (EGN 4931H) (three credit hours), plus three credit hours of Undergraduate Honors Thesis (EGN 4970H).

The latter will result in an undergraduate thesis which will describe the research done by the student. The student will defend his/her thesis before a committee of faculty in the field as part of an oral examination covering the honors work. A sponsoring faculty member is required to supervise the undergraduate thesis.

In order to be admitted to the Honors in the Major program, the student must:

1. Have at least 60 credit hours, including at least 12 graded, upper division credit hours at UCF.
2. A minimum UCF GPA of at least 3.20 in all upper division courses.
3. A minimum GPA of 3.50 or more in the Engineering option courses.
4. A recommendation by a sponsoring faculty member. Exceptions to the eligibility criteria may be made by the College Honors Committee in individual cases, upon recommendation by a sponsoring faculty member.

To successfully complete the HIM program and receive said designation, the student must successfully defend the thesis and graduate with a minimum 3.5 GPA in the option courses, and minimum 3.2 GPA at UCF. No exceptions to this policy will be made for graduation. Successful candidates will be awarded an Honors in Engineering/Computer Science mention on the diploma and transcript, representing satisfactory completion of the program.

Application for admission to the Honors in the Major Program must be obtained from the Office of Research and Civic Engagement in the Burnett Honors College. Students in the College of Engineering and Computer Science must consult Dr. Charles Reilly, Engineering 1, Room 107. For more information about The Burnett Honors College programs, please visit their homepage at <http://www.honors.ucf.edu>.

### The LEAD Scholars Program in the College of Engineering and Computer Science

Engineering and computer science students may also participate in the LEAD (Leadership Enrichment and Academic Development) Scholars Program (see the section on the LEAD Scholar Program found elsewhere in this catalog).

### Additional Information on UCF Baccalaureate Engineering and Computer Science Programs

Information on each UCF engineering, computer science, and information technology program follows, and more current information on the departments can be found on the College home page at <http://www.cecs.ucf.edu>, and on the home pages of each department. For the home page associated with a particular program, see the listing for that department on the following pages of this catalog. Information on the Photonics Science and Engineering program offered jointly with the College of Optics and Photonics may be found in the section about that college.

### Department of Civil, Environmental, and Construction Engineering

*Chair:* Mohamed Abdel-Aty

ENG2 211; 407-823-2841

<http://www.cece.ucf.edu>

*Faculty:* Abdel-Aty, Abou-Senna, Al-Deek, Catbas, Chang, Chopra, Duranceau, Eluru, Filler, Hasan, Kibler, J. Lee, W. Lee, Mackie, Makris, Mayo, Medeiros, Nam, Nnadi, Oloufa, Park, Radwan, Randall, Reinhart, Sadmani, Singh, Tatari, Wahl, Wang, Whittaker, Yun, Zaurin

The Civil, Environmental, and Construction Engineering Department (CECE) offers baccalaureate degrees in Civil Engineering (BSCE), Environmental Engineering (BSEnVE), and Construction Engineering (BSConE).

#### The Civil Engineering Program

The Civil Engineering major is concerned primarily with fundamental civil engineering design and analysis in such areas as structures, geotechnical engineering, sanitary engineering, water resources, and transportation engineering. Civil Engineering students are required to take a Project Design and Capstone Course, which synthesize various pre-requisite course offerings into a design project. These projects are usually "open-ended" and duplicate real world engineering problems. The students typically work in small design team groups. The pre-requisites needed for the various project courses vary.

#### Mission

The Civil Engineering Program Faculty strive to create a high quality learning experience for our students. The principal goals include:

1. Provide a broad engineering education to our graduates that will prepare them for both current and future professional challenges.
2. Promote a commitment to continued scholarship and service among our graduates.
3. Foster a spirit of innovation so that our graduates are positioned to take advantage of new technology in our profession.
4. Promote an environment that is inclusive and diverse.
5. To attain prominence in key areas of Civil Engineering graduate education and research.

#### Program Educational Objectives

Within the first several years following graduation, graduates should:

- Be successfully employed or employable in civil engineering practice in areas such as structural, geotechnical, transportation, construction, water resources, or related fields and/or be continuing their studies at the graduate level.
- Show a commitment to ethical practice and professional development by extending their knowledge through continuing education and self-directed life-long learning, professional licensure, and service to the profession and society.

#### Student Outcomes

- a. An ability to apply knowledge of mathematics, science, and engineering.
- b. An ability to design and conduct experiments, as well as to analyze and interpret data.
- c. An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.
- d. An ability to function on multidisciplinary teams.
- e. An ability to identify, formulate, and solve engineering problems.
- f. An understanding of professional and ethical responsibility.
- g. An ability to communicate effectively.
- h. The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context.
- i. A recognition of the need for, and an ability to engage in life-long learning.
- j. A knowledge of contemporary issues.
- k. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

#### The Environmental Engineering Program

The Environmental Engineering major is concerned primarily with the interactions with humans and their environment and the planning, design, and control of systems for environmental quality management for water, land, and air environments.

Environmental Engineering students are required to take a Project Design and Capstone Course which synthesize various pre-requisite course offerings into a design project. These projects are usually "open-ended" and duplicate real world engineering problems. The students typically work in small design team groups. The pre-requisites needed for the various project courses vary.

## Mission

The Environmental Engineering Program Faculty strive to create a high quality learning experience for our students. The principal goals include:

1. Provide a broad engineering education to our graduates that will prepare them for both current and future professional challenges.
2. Promote a commitment to continued scholarship and service among our graduates.
3. Foster a spirit of innovation so that our graduates are positioned to take advantage of new technology in our profession.
4. Promote an environment that is inclusive and diverse.
5. To attain prominence in key areas of Environmental Engineering graduate education and research.

## Program Educational Objectives

Within the first several years following graduation, graduates should:

- Be successfully employed or employable in environmental engineering practice in areas such as solid waste, air pollution, water and wastewater treatment, water resources, or related fields and/or be continuing their studies at the graduate level.
- Show a commitment to ethical practice and professional development by extending their knowledge through continuing education and self-directed life-long learning, professional licensure, and service to the profession and society.

## Student Outcomes

- a. An ability to apply knowledge of mathematics, science, and engineering.
- b. An ability to design and conduct experiments, as well as analyze and interpret data.
- c. An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.
- d. An ability to function on multidisciplinary teams.
- e. An ability to identify, formulate, and solve engineering problems.
- f. An understanding of professional and ethical responsibility.
- g. An ability to communicate effectively.
- h. The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context.
- i. A recognition of the need for, and ability to engage in life-long learning.
- j. A knowledge of contemporary issues.
- k. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

## The Construction Engineering Program

The Construction Engineering major is concerned with preparing students for the engineering management of construction projects by developing skills for the selection of construction methods and processes, construction project planning and control, and resource management. Construction Engineering students are required to take a Project Design and Capstone Course which synthesize various pre-requisite course offerings into a design project. These projects are usually "open-ended" and duplicate real world engineering problems. The students typically work in small design team groups. The pre-requisites needed for the various project courses vary.

## Mission

The Construction Engineering Program Faculty strives to create a high quality learning experience for our students. The principal goals include:

1. Provide a broad engineering education to our graduates that will prepare them for both current and future professional challenges.
2. Promote a commitment to continued scholarship and service among our graduates.
3. Foster a spirit of innovation so that our graduates are positioned to take advantage of new technology in our profession.
4. Promote an environment that is inclusive and diverse.
5. To attain prominence in key areas of Construction Engineering graduate education and research.

## Program Educational Objectives

Within the first several years following graduation, graduates should:

- Be successfully employed or employable in construction engineering practice in areas such as estimating, scheduling, program development, and construction project management, or related fields and/or be continuing their studies at the graduate level.
- Show a commitment to ethical practice and professional development by extending their knowledge through continuing education and self-directed life-long learning, professional licensure, and service to the profession and society.

## Student Outcomes

- a. An ability to apply knowledge of mathematics, science, and engineering.
- b. An ability to design and conduct experiments, as well as to analyze and interpret data.
- c. An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.
- d. An ability to function on multidisciplinary teams.
- e. An ability to identify, formulate, and solve engineering problems.
- f. An understanding of professional and ethical responsibility.
- g. An ability to communicate effectively.
- h. The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context.
- i. A recognition of the need for, and an ability to engage in life-long learning.
- j. A knowledge of contemporary issues.
- k. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

The mission statement and objectives for the Civil Engineering, Environmental Engineering, and Construction Engineering programs are electronically posted and routinely updated. More information on the Civil, Environmental, and Construction Engineering programs can be found on the CECE Department home page at <http://www.cece.ucf.edu>.

## Department Policy for Double Degree in Civil, Environmental, and Construction Engineering

The faculty of the Civil, Environmental, and Construction Engineering Department believe that a double degree from the department should reflect a significant achievement and a significant increase in knowledge and formal coursework above the requirements for a single degree. Any undergraduate in Civil, Environmental, or Construction Engineering desiring to obtain a double degree shall meet the following requirements:

- The student shall meet all individual requirements for each degree.
- The coursework must include two different design courses, one from each program, plus the capstone design course.
- Completion of requirements for both degrees must be in the same semester.
- The same catalog year must be used for both degrees.
- The student must have a minimum of 150 credit hours. Any credit hours taken beyond the degree requirements for both degrees (to satisfy the 150 credit hour minimum) must come from the approved technical electives list for the additional degree.

## Additional notes:

- The extra hours represent at least one additional semester of full time enrollment.
- All majors completed will be indicated on the student's transcript.

## Civil Engineering Major Pursuing Environmental Engineering Additional Degree

Students will need to complete a minimum of 150 credit hours which will include the 24 additional hours to earn a Bachelor of Science Environmental Engineering degree in addition to the Bachelor of Science Civil Engineering degree. The additional courses are: A Biological Science (3hrs), CHM 2046C (3hrs), CHM 2046L (1hr), ENV 4120 (3hrs), ENV 4341 (3hrs), EES 4202C (4hrs), EES 4111C (4hrs), and an Environmental Design course (3hrs). Students will have completed an Earth Science as part of the GEP requirements and CHM 2045C, EGN 3343, CWR 4120 or CWR 4124, ENV 4531, and ENV 4561 as part of Civil Engineering requirements.

## Civil Engineering Major Pursuing Construction Engineering Additional Degree

Students will need to complete a minimum of 150 credit hours which will include the 19 additional hours to earn a Bachelor of Science Construction Engineering degree in addition to the Bachelor of Science Civil Engineering degree. The additional courses are: CCE 4004 (3hrs), CCE 4034 (3hrs), CCE 4402 (3hrs), CCE 4810C (3hrs), CCE 4813 (4hrs), and ACG 2071 (3hrs).

## Environmental Engineering Major Pursuing Civil Engineering Additional Degree

Students will need to complete a minimum of 150 credit hours, which will include the 24 additional hours to earn a Bachelor of Science Civil Engineering degree in addition to the Bachelor of Science Environmental Engineering degree. The additional courses are: CGN 3405 (3hrs), CGN 3501C (3hrs), CGN 3700C (2hrs), TTE 3810 (3hrs), CES 4100C (4hrs), depth area electives as per Civil Engineering degree requirements (6hrs), and a Civil Design course (3hrs). Students will have completed EGN 3343, CWR 4120 or CWR 4124, ENV 4531, and ENV 4561 as part of the Environmental Engineering requirements.

## Department of Computer Science

*Chair:* Gary T. Leavens

HEC 437D; 407-823-5373

<http://www.cs.ucf.edu>

*Faculty:* Abdallah, Angell, Bagci, Bassiouni, Boloni, Chatterjee, da Vitoria Lobo, Dechev, Deo, Elva, Fontaine, Foroosh, Glinos, Gong, Gonzalez, A.Guha, Heinrich, Hu, Hua, Hughes, Jha, LaViola, Leavens, Liu, Llewellyn, Marinescu, Montagne, Nedorost, Orooji, Pattanaik, Qi, Shah, Stanley, Sukthankar, Szumlanski, Turgut, Wang, Whiting, Wisniewski, Wocjan, Wu, Yoosepf, Zhang, Zou

In addition to the two bachelor's degree programs, the department offers an undergraduate certificate program in cyberoperations. UCF is pleased to be a National Security Agency center of academic excellence in both research and cyber defense.

### The Computer Science Program

The Computer Science (CS) program offers courses and programs leading to Bachelor of Science, Master of Science (see online Graduate Catalog), and Doctor of Philosophy (see online Graduate Catalog) degrees in Computer Science. In addition to the bachelor's degree programs, the department offers minors in Computer Science, Information Technology, and Secure Computing and Networks.

The goal of the CS degree program is to educate students to become effective team members and leaders, to have excellent communications and technical skills, and to prepare them for successful professional careers and advanced research. The program strives to these goals by producing graduates with a broad base of formal course work. Students may use restricted elective credit to concentrate their degree in one of many research areas, including artificial intelligence, bioinformatics and systems biology, computer architecture, computer graphics, computer security, computer vision, database systems, design and analysis of algorithms, distributed and cloud computing, evolutionary computing, graph theory, human-computer interaction, image and video processing, machine learning, mixed and virtual reality, multi-agent systems, networking and mobile computing, neural networks, operating systems, parallel computation, software engineering, theory of computing, quantum computing, and virtual reality. There is a comprehensive design experience at the end of the program.

Research facilities are organized around laboratories directed by faculty members. Facilities in these laboratories change rapidly and are generally funded through external research grants, supplemented by grant matching and startup funds. To learn about the current status of research facilities and projects, visit faculty web pages. These may be found by following links from the Computer Science home page at <http://www.cs.ucf.edu/>.

### Mission

The mission of the Computer Science program is to educate majors in the principles and practices of computer science, preparing them for graduate school, for careers in software development and computing systems technology, and for a lifetime of learning.

### Program Educational Objectives

1. CS graduates participate as effective and productive team members or team leaders in the development of large computer and software systems covering a broad range of engineering and scientific applications in their chosen careers.

2. CS graduates demonstrate the knowledge and skills to do advance studies and research in computer science and related engineering and scientific disciplines.

### Student Outcomes

#### All graduating CS majors shall:

- a. Apply knowledge of computing and mathematics appropriate to the discipline; specifically to include the application of mathematics, science and engineering to solve and reason about computational problems.
- b. Analyze a problem, and identify and define the computing requirements appropriate to its solution.
- c. Design, implement and evaluate a computer-based system, process, component, or program to meet desired needs and budget, by applying best practices in software development processes, methods, and tools.
- d. Function effectively on teams to accomplish a common goal.
- e. Demonstrate an understanding of professional, ethical, legal, security, and social issues and responsibilities.
- f. Communicate effectively with a range of audiences; in particular, graduating majors shall demonstrate effective oral and written communication skills while disseminating technical information about computing technology and its applications.
- g. Analyze the local and global impact of computing on individuals, organizations and society.
- h. Recognize the need for continuing professional development and shall demonstrate the knowledge of research tools and professional resources necessary to accomplish this end.
- i. Use current techniques, skills, and tools necessary for computing practices.
- j. Apply mathematical foundations and computer science theory, in particular principles of algorithmic design and complexity analysis, in the modeling and design of computer-based systems in a way that demonstrates comprehension of the tradeoffs involved in design choices.
- k. Apply design and development principles in the construction of software systems of varying complexity.
- l. Demonstrate their knowledge of, and ability to apply, programming fundamentals in at least three programming languages.
- m. Demonstrate their knowledge and understanding of, and their ability to apply the concepts and design principles relating to: data structures, computer architecture and organization, programming languages, operating systems, and networks.

### The Information Technology Program

The Information Technology (IT) program offers courses leading to the Bachelor of Science degree in Information Technology. Information Technology encompasses computer software, hardware, peripheral devices and their use in communication networks and information systems. IT-related disciplines include database engineering, network engineering, performance planning, system security, digital media design, and web server design. The program provides students a strong conceptual core, which will prepare students to be lifelong learners, along with significant hands-on experience. The inclusion of advanced courses in programming, technical writing, ethics in science and technology, human technology interaction, IT system integration, enterprise computing, and web-based IT will prepare these students to communicate in the parlance of the industries in which they choose to work.

### Mission

The mission of the Bachelor of Science in Information Technology Degree Program is to educate students in the science and practices of information technology, preparing them for a lifetime of learning and for careers in information technology as well as in a wide variety of disciplines that integrate information technology into their respective fields of activity.

### Program Educational Objectives

The objectives of the Information Technology Program at UCF are that:

1. Graduates demonstrate the technical competence necessary for careers in information technology as well as in a wide variety of disciplines that integrate information technology into their respective fields of activity.
2. Graduates demonstrate communication skills, teamwork capabilities, and leadership abilities necessary for a successful professional career.

## College of Engineering and Computer Science

3. Graduates participate in life-long learning activities appropriate to their profession, including graduate study, professional training, and involvement in professional societies.

### Student Outcomes

By graduation each student should be able to:

- a. Apply knowledge of computing and mathematics appropriate to the discipline.
- b. Analyze a problem, and identify and define the computing requirements appropriate to its solution.
- c. Design, implement, and evaluate a computer-based system, process, component, or program to meet desired needs.
- d. Function effectively on teams to accomplish a common goal.
- e. Understand professional, ethical, legal, security and social issues and responsibilities.
- f. Communicate effectively with a range of audiences.
- g. Analyze the local and global impact of computing on individuals, organizations, and society.
- h. Recognize the need for and an ability to engage in continuing professional development.
- i. Use current techniques, skills, and tools necessary for computing practice.
- j. Use and apply current technical concepts and practices in the core information technologies.
- k. Identify and analyze user needs and take them into account in the selection, creation, evaluation and administration of computer-based systems.
- l. Integrate IT-based solutions effectively into the user environment.
- m. Understand best practices and standards and their application.
- n. Assist in the creation of an effective project plan.

### Department of Computer Science Policies and Procedures

The Department's website (<http://www.cs.ucf.edu>) is a central point from which visitors may view current policies and procedures of our programs. In particular, links from this page provide up-to-date answers to frequently asked questions (FAQ's) concerning academic advisement, student professional societies, undergraduate research opportunities, and means to effectively communicate concerns (comments, suggestions, complaints). We ask that you visit this site and follow its guidelines before you send email and letters, or make phone calls to faculty members and administrators.

## Department of Electrical and Computer Engineering

Chair: Zhihua Qu

HEC 439C; 407-823-5835

**Faculty:** Abdolvand, Abichar, Atia, Batarseh, Behal, Chan, DeMara, Dimitrovski, Elashhab, Ewetz, Fahim, Fallah, Fan, Georgiopoulos, Gong, Haralambous, Jin, Jones, Kim, Lin, Mikhael, Qu, Rahnavard, Simaan, Suboh, Sun, Sundaram, Vosoughi, Wahid, Wang, Weeks, Wei, Wu, Yuan, Yuksel, Zhou

The Electrical and Computer Engineering Department offers baccalaureate degrees in both Electrical Engineering (BSEE) and Computer Engineering (BSCpE). Graduate degrees leading to the Master of Science in Electrical Engineering (M.S.E.E.), Master of Science in Computer Engineering (M.S.CpE), and Doctor of Philosophy (Ph.D.) are also offered (see online Graduate Catalog).

The curriculum provides an integrated experience including humanities and social sciences, mathematics and basic sciences, engineering core, computing, and design experience. The laboratory experiences appropriately combine theory and practice in the Electrical and Computer Engineering programs through a logical progression of courses. Design experiences start with the first circuits course, EEL 3004C, and progress to the senior design capstone courses. This senior design experience is a two-semester sequence totaling six credit hours. Aspects of engineering economics, administration, oral presentation, professional issues such as ethics, safety and environmental impact are also covered in the design courses. The design projects required in the design course sequence address real-life problems, and the students work in a team setting. Also, several projects are developed jointly with our industrial partners.

### The Computer Engineering Program

The Computer Engineering program contains a minimum of 63 credit hours of design experience, which includes courses listed as Embedded Systems and Computer Architecture (EEL 4742C and EEL 4768), Computer Science I (COP 3502C) and Digital Systems (EEE

3342C). In addition the program has two tracks: Comprehensive and Digital VLSI Circuits. Students are only allowed to declare on track per degree program. Technical electives can give additional design experiences in specialty areas such as computer architecture, intelligent systems, networking, software engineering, and simulation systems.

### Mission

The mission of the UCF Computer Engineering Program is to develop and disseminate the theory and methods for the design, analysis, implementation, and improvement of computer hardware, software, and systems.

### Program Educational Objectives

The objectives of the CpE Program at UCF are that:

1. Graduates will establish a successful employment position with increasing responsibilities in the areas of computer engineering.
2. Graduates will pursue advanced studies in the areas of computer engineering.
3. Graduates demonstrate the pursuit of life-long learning in their areas of interest, including membership in professional societies, and participating in training opportunities.

### Student Outcomes

Graduates of the Computer Engineering program should attain:

- a. An ability to apply knowledge of mathematics, science, and engineering.
- b. An ability to design and conduct experiments, as well as to analyze and interpret data.
- c. An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.
- d. An ability to function on multidisciplinary teams.
- e. An ability to identify, formulate, and solve engineering problems.
- f. An understanding of professional and ethical responsibility.
- g. An ability to communicate effectively.
- h. The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context.
- i. A recognition of the need for, and an ability to engage in life-long learning.
- j. A knowledge of contemporary issues.
- k. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

### The Electrical Engineering Program

The Electrical Engineering program contains a minimum of 63 credit hours of design experience. This is achieved through such courses as Linear Control Systems (EEL 3657), Electronics I and II (EEE 3307C and EEE 4309C), Digital Signal Processing (EEL 4750), Analog and Digital Communication Fundamentals (EEL 3552C), Embedded Systems (EEL 4742C), Networks and Systems (EEL 3123C) and Digital Systems (EEE 3342C). In addition the program has four tracks: Comprehensive, Communications and Signal Processing, RF and Microwaves, and Power and Renewable Energy. Students are allowed to declare one track per degree program. Technical electives can give additional design experience leading to work in communications, controls, image and signal processing, microelectronics and solid state devices, microwaves and electromagnetics, and power/power electronics.

### Mission

The mission of the Electrical Engineering Program is to develop and disseminate the theory and methods for the design, analysis, and implementation of the principles and practices in Electrical Engineering

### Program Educational Objectives

The objectives of the EE Program at UCF are that:

1. Graduates will establish a successful employment position with increasing responsibilities in the areas of electrical engineering.
2. Graduates will pursue advanced studies in the areas of electrical engineering.
3. Graduates will demonstrate the pursuit of life-long learning in their areas of interest, including membership in professional societies, and participating in training opportunities.

### Student Outcomes

Graduates of the Electrical Engineering program should attain:

- a. An ability to apply knowledge of mathematics, science, and engineering.
- b. An ability to design and conduct experiments, as well as to analyze and interpret data.

## College of Engineering and Computer Science

- c. An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.
- d. An ability to function on multidisciplinary teams.
- e. An ability to identify, formulate, and solve engineering problems.
- f. An understanding of professional and ethical responsibility.
- g. An ability to communicate effectively.
- h. The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context.
- i. A recognition of the need for, and an ability to engage in life-long learning.
- j. A knowledge of contemporary issues.
- k. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

The mission statement and objectives for the Computer Engineering and Electrical Engineering programs are electronically posted and continuously updated. More information on the Computer and Electrical Engineering programs can be found on the home page at <http://www.ece.ucf.edu>.

### Department of Electrical and Computer Engineering Policies and Procedures

### Department of Industrial Engineering and Management Systems

*Chair:* Waldemar Karwowski

ENG2 312; 407-823-2204; Fax: 407-823-3413

*Faculty:* Biehl, Boginski, Calabrese, Elshennawy, Garibay, Hoekstra, Karwowski, Keathley, Kotnour, Lee, McCauley, Mollaghasemi, Proctor, Rabelo, Reilly, Vela, Zheng

Industrial Engineers work to continuously improve the design of systems, processes, or products. They design systems that translate a specific product design into a physical reality in the most productive manner and with the highest possible quality. In doing so, the industrial engineer deals with decisions regarding the utilization of people, materials, machines, and automation (including robotics). Industrial engineers are also skilled in Engineering Economic Analysis and Information Management since they are generally considered to be the natural interface between the technical specialist and management.

Industrial Engineers are generally sought in industry, service, and government organizations. In the industrial sector, the industrial engineer is concerned with improving productivity and quality of the manufacturing, distribution, and management system of organizations. In the service sector, the industrial engineer is concerned with determining the most productive manner in which to deliver high-quality service to the customer. In government organizations the industrial engineer is active in assuring that tax payers receive maximum service for their tax dollars.

The Industrial Engineering approach is characterized by a systematic evaluation of alternatives using quantitative analysis, and computer simulations. As such, quantification and measurement play a key role in the day to day activities of the industrial engineer.

Students learn advanced engineering methods in Operations Research (ESI 4312 and ESI 4313), Systems Simulation (ESI 4523), Quality Engineering (ESI 4234), and Systems Engineering (EIN 4517). Engineering design experiences are incorporated into many of the required industrial engineering core courses. For instance, students learn how to apply the principles of engineering design to production and distribution systems in EIN 4333, and to processes and facilities in EIN 4360. The design experience concludes with a re-al-world system design in the capstone course EIN 4891.

#### Mission

To produce industrial engineering leaders who design and improve operations in industry, business, and government for the global economy of the 21st century. Specifically, we seek:

1. To provide graduates with the necessary knowledge and skills to assume challenging careers in leading private and public organizations, pursue advanced studies, or start-up their own businesses.
2. To provide employers with graduates who are technically competent, have fundamental knowledge of management and interpersonal skills, and ability to professionally grow and develop their careers.
3. To provide society with graduates who conduct themselves professionally and ethically and who appreciate the impact and importance of their work on society.

#### Program Educational Objectives

Within the first several years following graduation, Graduates should:

1. Be successfully employed in challenging or satisfying positions in the public or private sector.
2. Achieve professional growth through participation in advanced studies at the graduate level and/or career development activities.
3. Show a commitment to industrial engineering as a global service profession and practice with integrity, honesty, and objectivity.

#### Student Outcomes

- a. Students will have an ability to apply knowledge of mathematics, science, and engineering.
- b. Students will have an ability to design and conduct experiments, as well as to analyze and interpret data.
- c. Students will have an ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability and sustainability.
- d. Students will have an ability to function on multidisciplinary teams.
- e. Students will have an ability to identify, formulate and solve engineering problems.
- f. Students will have an understanding of professional and ethical responsibility.
- g. Students will have an ability to communicate effectively.
- h. Students will have the broad education necessary to understand the impact of engineering solutions in a global, economic, environmental and societal context.
- i. Students will have a recognition of the need for, and an ability to engage in life-long learning.
- j. Students will have a knowledge of contemporary issues.
- k. Students will have an ability to use the techniques, skills and modern engineering tools necessary for engineering practice.

The mission statement and objectives for the Industrial Engineering programs are electronically posted and continuously updated. More information on the Industrial Engineering program can be found on the Industrial Engineering Department home page at <http://www.iems.ucf.edu>.

### Department of Materials Science and Engineering

*Interim Chair:* Sudipta Seal

ENG1 207; 407-882-1455; Fax: 407-882-1462

*Faculty:* An, Coffey, Fang, Fenton, Florczyk, Jiang, Leon, Seal, Sohn, Vaidyanathan

The Department of Materials Science and Engineering currently offers undergraduate materials science and engineering courses for students in the College of Engineering and Computer Science. In addition, the Department of Materials Science and Engineering offers an undergraduate minor in Materials Science and Engineering. The department houses interdisciplinary programs with core courses leading to the Master of Science (see online *Graduate Catalog*), and Doctor of Philosophy (see online *Graduate Catalog*) degrees in Materials Science and Engineering. Materials Science and Engineering provides a broadly-based foundation in designing, processing and manufacturing, properties and performance of soft and hard materials in different length scales for applications in all aspects of science and engineering.

The department strives to meet the requirements for professional careers and research in materials science and engineering with foundational course work and emphasis on hands-on laboratories and independent research experience. MSE seeks to convey an understanding of the fundamental principles of science and engineering, to stimulate curiosity and creativity, to provide hands-on experience in laboratories, and to prepare students to "materialize" the design process to solve modern and relevant socio-economic challenges.

Details of facilities available for teaching and research may be found by following links from the MSE home page at <http://www.mse.ucf.edu/>.

## Mission: Department of Materials Science and Engineering

The mission of the Department is to serve the industrial and academic needs of the University, the State of Florida, the nation and the international community by providing materials scientists and/or engineers with

- Ability to use fundamental and applied knowledge and the skills of the discipline to perform effectively in a broad range of industrial, governmental and academic positions.
- Clear awareness of ethics, quality, environments, economy, and safety.
- Focus as life-long learners, pursuing their personal and professional development to rise to positions of prominence in the technical society of tomorrow.

The department further will serve as the focal point and catalyst for the development of high quality, coordinated and visionary research and educational programs for the materials-oriented students and faculty throughout UCF.

## Department of Mechanical and Aerospace Engineering

*Chair:* Yoav Peles

ENG1 307; 407-823-2416; Fax: 407-823-0208

*Faculty:* Ahmed, Bai, Bhattacharya, Challapalli, Chen, Cho, Chow, Das, Dickerson, Elgohary, Ghosh, Gordon, Gou, Huang, Illegbusi, Kapat, Kassab, Kauffman, Kwok, Kumar, Lin, Mansy, Nader, Orlovskaya, Ozbay, Pal, Peles, Putnam, Raghavan, Song, Steiner, Steward, Stesau, Tian, Vasu, Xu

The Department of Mechanical and Aerospace Engineering offers undergraduate degree programs in Aerospace Engineering and Mechanical Engineering. The Aerospace Engineering program is designed to provide a broad-based foundation in aeronautics and astronautics, including topics such as aerodynamics, propulsion, aerospace structures and materials, flight dynamics, and control and performance.

The Mechanical Engineering program is designed to provide a broadly-based foundation in mechanical systems and thermos-fluids, including topics such as structures and properties of materials, solid mechanics, dynamics and controls, vibrations, CAD/CAM/FEM, fluid mechanics, and heat transfer. Both programs seek to convey an understanding of the fundamental principles of science and engineering, to stimulate curiosity and creativity, to provide hands-on experience in laboratories, and to prepare students to design systems which solve current and relevant societal problems. The design experience begins in the freshman engineering courses and grows throughout the curricula with increased emphasis on student creativity, open-ended problems, materials selection, design methodology, feasibility considerations, alternative solutions, and design optimization which culminates in the senior capstone design courses. The use of computers and written and oral communication are part of the design experiences throughout the programs.

## Mission: Aerospace Engineering

In support of the University and College, the mission of the Aerospace Engineering program is to provide the highest quality engineering education through cooperative efforts with regional aerospace industry and to propagate methods for design, analysis, and implementation of the principles and practices particular to the aerospace engineering field. Our graduates will be trained to be competitive in their role as aerospace engineers in society and will have an awareness of ethical, environmental, economic, safety, and quality issues. They will be supplied with skills necessary to achieve life-long learning and to pursue their personal and professional development upon completing the program. Through these characteristics our graduates will be able to rise to positions of prominence in the technical society of tomorrow.

## Program Educational Objectives

1. Graduates will meet the expectations of employers of aerospace engineers.
2. Graduates will undertake leadership roles in their communities and/or professions.
3. Qualified graduates will pursue advanced study, if they so desire.

## Student Outcomes

- a. An ability to apply knowledge of mathematics, science, and engineering.
- b. An ability to design and conduct experiments as well as to analyze and interpret data.
- c. An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.
- d. An ability to function on multidisciplinary teams.
- e. An ability to identify, formulate, and solve engineering problems.
- f. An understanding of professional and ethical responsibility.
- g. An ability to communicate effectively.
- h. The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context.
- i. A recognition of the need for, and an ability to engage in, life-long learning.
- j. A knowledge of contemporary issues.
- k. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

## Mission: Mechanical Engineering

In support of the University and College, the mission of the Mechanical Engineering program is to provide the highest quality engineering education through cooperative efforts with regional industry and to propagate methods for the design, analysis, and implementation of the principles and practices particular to the mechanical engineering field. Our graduates will be trained to be competitive in their role as mechanical engineers in society and will have an awareness of ethical, environmental, economic, safety, and quality issues. They will be supplied with skills necessary to achieve life-long learning and to pursue their personal and professional development upon completing the program. Through these characteristics our graduates will be able to rise to positions of prominence in the technical society of tomorrow.

## Program Educational Objectives

1. Graduates will meet the expectations of employers of mechanical engineers.
2. Graduates will undertake leadership roles in their communities and/or professions.
3. Qualified graduates will pursue advanced study, if they so desire.

## Student Outcomes

- a. An ability to apply knowledge of mathematics, science, and engineering.
- b. An ability to design and conduct experiments, as well as to analyze and interpret data.
- c. An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.
- d. An ability to function on multidisciplinary teams.
- e. An ability to identify, formulate, and solve engineering problems.
- f. An understanding of professional and ethical responsibility.
- g. An ability to communicate effectively.
- h. The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context.
- i. A recognition of the need for, and an ability to engage in life-long learning.
- j. A knowledge of contemporary issues.
- k. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

## Department Policy for Double Degree in Mechanical and Aerospace Engineering

The faculty of the Mechanical and Aerospace Engineering Department believe that a double degree from the department should reflect a significant achievement and a significant increase in knowledge and formal coursework above the requirements for a single degree. Any undergraduate in Mechanical and Aerospace Engineering desiring to obtain a double degree shall meet the following requirements.

- The student shall meet all major requirements for each degree.
- Additional 22 credit hours beyond the major courses for the double degree should be upper level engineering related course work approved by the department.

## College of Engineering and Computer Science

- The same catalog year must be used for both degrees.
- The student must have a minimum of 150 credit hours.

### Additional notes:

- The extra hours represent at least one additional semester of full time enrollment.
- All majors completed will be indicated on the student's transcript.

### Aerospace Engineering Major Pursuing Mechanical Engineering Additional Degree

Students will need to complete a minimum of 150 credit hours which will include the 22 additional hours to earn a Bachelor of Science Mechanical Engineering degree in addition to the Bachelor of Science Aerospace Engineering degree. The additional courses are: Must take EML 3500: Design and Analysis of Machine Components. Must select 2 courses from the following 5 options: EML 3101: Thermodynamics of Mechanical Systems (3hrs) or EML 4504: Design and Analysis of Machine Components II (3hrs), or EML 4313: Intermediate Dynamics and Controls (3hrs), or EML 4143: Heat Transfer II (3hrs), or EML 4703: Fluid Mechanics II (3hrs). Must select 1 course from the following 2 options: EML 4306C: Energy Systems Lab (3hrs), or EML 4301C Mechanical Systems Laboratory (3hrs) and complete 10 credit hours of Approved Departmental Technical Electives.

### Mechanical Engineering Major Pursuing Aerospace Engineering Additional Degree

Students will need to complete a minimum of 150 credit hours which will include the 22 additional hours to earn a Bachelor of Science Aerospace Engineering degree in addition to the Bachelor of Science Mechanical Engineering degree. The additional courses are: EAS 3101: Fundamentals of Aerodynamics (3hrs), EAS 3810C: Design of Aerospace Experiments (3hrs), EAS 4200: Design and Analysis of Aerospace Structures (3hrs), EAS 4105: Flight Mechanics (3hrs), EAS 4134: High-Speed Aerodynamics (3hrs), EAS 4300: Aerothermodynamics Propulsion Systems (3hrs) and 4 credit hours of Approved Departmental Technical Electives.

## Reserve Officer Training Corps

### Air Force ROTC (Aerospace Studies)

*Chair:* Colonel Heather McGee

Classroom II/ROTC, Room 221; 407-823-1247, Fax: 407-823-2265

*Faculty/Staff:* Lt. Col. David Schiffert, Lt. Col. Charles Love, Capt. Erik Mulkey, Capt. Austin Bracy, Capt. Samantha Duff, Master Sergeant Justin Tiffin, Technical Sergeant Brianna Horton, and Mrs. Ellen McDade, Office Manager

The Department of Aerospace Studies provides pre-commissioning leadership training and education for qualified students who desire to serve as commissioned officers in the Air Force. Currently, AFROTC primarily commissions officers for Active Duty with very limited Reserve commissioning opportunities. The department offers three, three and a half, and four-year programs. Students enrolled in SECAF qualified technical and non-technical majors are permitted five years to complete the AFROTC program. AFROTC students participate in mandatory classroom academics, leadership laboratory, and physical conditioning from the start of AFROTC until graduation/commissioning. The Department of Aerospace Studies also offers a "Cross-Town" program allowing local community college students to begin the Air Force ROTC program while dual enrolled in a designated college for their undergraduate degree classes and at UCF as a non-degree seeking student for their Air Force ROTC class and activities. All programs offer scholarship opportunities for qualified students. The Air Force retains sole discretion on whether or not any applicant is qualified for enrollment in pre-commissioning education through the Air Force ROTC program. Enrollment in the program does not guarantee completion or a commission. Students are invited to write or visit the Department of Aerospace Studies to obtain additional information. More information can be found on the UCF AFROTC home page at <http://airforce.ucf.edu> or at <http://www.afrotc.com>. This information is always subject to change and is based on current guidance from HQ.

### Curriculum

Students enrolled in the Air Force ROTC program may major in any academic discipline and earn a minor in Aerospace Studies. A major is not offered by this department. AFROTC courses are listed under the prefix AFR. The curriculum is divided into two phases:

#### 1. General Military Course (GMC)

The General Military Course is designed to give students their first exposure to the Reserve Officer Training Corps program

during their freshman and sophomore years. The courses deal with the mission, organization, and structure of the US Air Force, and the development of air, space, and cyber power into a prime element of American national security. Full or partial GMC credit for prior service, and other past experiences are not guaranteed and are granted on a case-by-case by the Professor of Aerospace Studies.

#### 2. Professional Officer Course (POC)

The Professional Officer Course is designed to develop and hone managerial and officer skills during a cadet's junior and senior years. All cadets who seek a commission through the Air Force ROTC must complete the 2-year POC curriculum. The curriculum involves the study of concepts of leadership and management in the Air Force and an analysis of the formulation and implementation of American defense policy.

#### Requirements for entry into the POC:

- Be at least 17 years of age at the time of entry.
- Be a U.S. citizen. Dual citizens must be willing to renounce other Non-US citizenship, if requested or if mandatory.
- If entering Flight Training, complete the POC and all degree requirements prior to reaching age 29, or
- If entering a non-flying Air Force specialty, complete the POC and all degree requirements before age 30 (waiverable to age 35).
- Pass the Air Force Officer Qualifying Test (AFOQT).
- Pass an Air Force medical examination (DoDMERB).
- Pass the Air Force Physical Fitness Assessment (PFA) and meet Air Force BMI criteria.
- Have a cumulative GPA of 2.0 or higher.
- Be selected by the Professor of Aerospace Studies.
- Successfully complete a summer Field Training course.
- Qualify to contract (enlist) in the United States Obligated Reserve. Section (ORS) to certify agreement to complete the POC and to accept an Air Force Commission, if offered. This contract (enlistment) is terminated upon acceptance of a commission.

### Leadership Laboratory

Leadership Laboratory is an AFROTC-only required lab that must be taken in conjunction with the academic class. Leadership Laboratory is only open to students who are members of the Reserve Officer Training Corps or are eligible to pursue a commission as determined by the Professor of Aerospace Studies.

### Physical Conditioning

In addition to attending Leadership Laboratory, students enrolled in the Air Force ROTC program must also participate in physical conditioning. Physical conditioning is conducted on the UCF campus at least three days each week.

### Air Force ROTC Scholarship Program

Scholarships are competitively awarded and typically vary from two to four years. Depending on state residency status and credit hour load, scholarships may provide for full tuition and fees. Air Force ROTC scholarships do not provide funds for room and board expenses, and certain grants or other college funding programs may reduce or eliminate available AFROTC scholarship payments. This information is always subject to change and is based on current guidance from HQ.

### Monetary Allowance

All scholarship and contract cadets receive a monthly, tax-free monetary allowance (stipend) and an annual textbook allowance. The stipend amount is based on the students' academic classification. See <http://www.afrotc.com> for current rates.

### Summer Training

All students must complete a summer Field Training (FT) course conducted at Maxwell Air Force Base in Montgomery, AL. FT typically occurs between a cadet's sophomore and junior years, prior to their enrollment in the POC. The course is generally 23 days in length. The curriculum at FT includes junior officer training, officer career orientation, physical conditioning, and training for operations in austere forward deployed locations.

### Officer Commissioning

Students who complete the POC are appointed as Second Lieutenants in the United States Air Force. After completing the training program and entering active duty, they serve a minimum active duty tour which varies in length depending on their particular career area. Obligations are explained by detachment officers in detail during one-on-one counseling sessions conducted with each candidate.

## Army ROTC (Military Science)

*Chair:* LTC David Jones

Classroom II/ROTC Room 321; 407-823-2430; Fax: 407-823-5324

<http://army.ucf.edu>

*Faculty/Staff:* MSG McSwain, CPT Lehman, SSG Farrell, MAJ Ramsey, SFC Mackey, MAJ McIver, MAJ Bartholomew, SFC Gomez, SFC Reyes, John Gano, Reinaldo Morales, Lisa Brown, Fernando Tubens, George Leonard, and Bettina Baca

The University of Central Florida, in cooperation with the US Army, provides students an opportunity to earn a commission as a Second Lieutenant after graduation and compete for an active duty assignment or accept a guaranteed Army Reserve or National Guard position. The program offers both a four-year and two-year option for students working on their Baccalaureate or Graduate degrees. Program now offers 4, 3, and 2 year scholarship options. The four-year option requires completion of one military science course and a leadership laboratory that must be taken in conjunction with the academic class every semester. The two-year option allows students with at least two academic years remaining to complete their degrees to meet all requirements for commissioning by receiving placement credit for the first two years (Basic Course) and completing the last two years (Advanced Course). Students may be eligible for the Army's Simultaneous Membership Program (SMP) which combines Reserve Forces Duty with Army ROTC officer training courses on campus. Note: The Army retains sole discretion - in accordance with public law and military regulation - regarding whether or not any applicant is qualified for pre-commissioning education through Army ROTC. More information on the AROTC program can be found on the AROTC Department home page: <http://army.ucf.edu>.

### Curriculum

The Military Science curriculum is designed to develop students' leadership potential and improve students' planning, organizational, and managerial skills. The on-campus curriculum is divided into two phases: Basic Military Science Course and Advanced Military Science Course.

#### 1. Basic Military Science

- A. The Basic Military Science Course consists of four semesters of classroom instruction of one hour each week and a two hours leadership lab. Students incur no military commitment by participating in the Basic Course, unless they qualify and choose to contract as a scholarship or non-scholarship student. These courses address military organizations, equipment, weapons, map reading, land navigation, management skills, grade structure, communications and leadership. There are non-contractual obligations or commitments for students in the Basic course phase. The Basic Course phase offers students the opportunity to see what Army ROTC is all about (MSL 1001C, MSL 1002C, MSL 2101C, MSL 2102C). Students will also participate in a Leadership Development Training Exercise (LDTX). These general elective courses are normally taken during the freshman and sophomore years and fulfill pre-requisite requirements for entering the Advanced Military Science phase.
- B. Requisites for admission to the Basic Course:
  - Enrollment in a Baccalaureate or Master's degree program
  - Full-time student status

#### 2. Advanced Military Science

- A. The Advanced Military Science courses (MSL 31201C, MSL 3202C, MSL 4301C, MSL 4302C) consists of four semesters of classroom instruction of two hours each week and a two hour leadership lab that are taken during the junior and senior years. These courses specialize in small unit tactics, how to prepare and conduct military training, military justice system, staff procedures, decision making and leadership. Students desiring to enroll in the Advanced Military Science courses must be willing to pursue a commission as a Second Lieutenant and must meet pre-requisite requirements to contract and must obtain permission from the department chair (Professor of Military Science) through an interview process, prior to participating in the advanced course. They must also successfully complete a 32-day Cadet Leaders Course at Fort Knox, Kentucky, normally between their junior and senior years.
- B. Requisites for Admission to the Advanced Course:
  - Successful completion of Basic Course or placement credit.
  - Must be at least 17 years of age at the time of entry but not more than 31 years of age at the time of commissioning (31-year age regulation may be waived for veterans up to age 34).

- Successful completion of an Army physical examination.
- Agreement to complete the Advanced Course requirements and serve on either Active, Reserve, or National Guard duty as a commissioned officer.
- Full-time undergraduate student status (minimum of 12 hours); full-time graduate student status (minimum six hours).
- US Citizen.
- A minimum cumulative GPA of 2.8 is required for STEMS and 3.2 for any other majors is required to contract as a non-scholarship cadet, and a minimum cumulative GPA of 3.0 is required for scholarship consideration.

#### 3. Monetary Allowance

All contracted and scholarship students enrolled in the Basic and Advanced Military Science Courses receive a tax-free monthly stipend of \$300 during the freshman year, \$350 during the sophomore year, \$450 during the Junior year and \$500 during the Senior school year.

#### 4. Scholarships

Four, three and two-year scholarships are available for all students who qualify on a competitive basis. These scholarships provide full tuition or room and board not to exceed \$10,000 and \$1,200 annually for books and fees. In addition, all contracted scholarship students also receive the monthly stipend during the school year. Contact the Enrollment Officer for additional information at 407-823-5383.

#### 5. Placement Credit

Placement credit for the Basic Course can be offered to students with prior service, 3 years of Junior ROTC, and completion of the Leaders Training Course (see below). Placement credit for prior service is extended to include Active duty, Reserve Forces and National Guard. Although prior service and Junior ROTC waives the Basic Course, a student that qualifies for placement credit may elect to enroll in the Basic Course.

#### 6. Daytona Beach Campus Students

These students should contact the Professor of Military Science at Embry-Riddle Aeronautical University, Daytona Beach, Florida, 904-239-6469. Students will participate in a Field Training Exercise (FTX) and will commission, if qualified, with Embry-Riddle.

### Summer Training Courses

#### 1. Basic Course Summer Training (Cadet Initial Entry Training)

Under the two year option a student can earn placement credit for the Basic Course by attending a 31-day course at Fort Knox, Kentucky. Students attending the summer course receive approximately \$800.00 pay. Additionally, all lodging, meals and transportation are furnished. Uniforms will be provided at no expense to the student.

#### 2. Specialized Summer Training Courses

Qualified students can be selected to attend specialized military training occurring the summer months. These areas of training include: a) Airborne Training; b) Air Assault Training; c) Northern Warfare Training; d) Cadet Troop Leadership Training; and e) Mountain Training.

#### 3. Cadet Leaders Course (CLC)

All Advanced Course students must attend and successfully pass a five week camp conducted at Fort Knox, Kentucky, prior to receiving a commission as an Army Officer. This camp evaluates a student's leadership performance and potential. CLC waives the 9 hour summer school requirement for Army ROTC Cadets. Students normally attend CLC the summer following their junior year and receive approximately \$800 pay for the training.

*Program Academic Learning Compacts* (student learning outcomes) for undergraduate programs in the College of Engineering and Computer Science are located at:

<http://oeas.ucf.edu/academiclearningcompacts.html>

# COLLEGE OF HEALTH AND PUBLIC AFFAIRS

## College of Health and Public Affairs

*Dean:* Michael L. Frumkin

HPA1 365; 407-823-0171

<http://www.cohpa.ucf.edu>

*Associate Dean, Academic Affairs and Technology:* Ross Wolf  
HPA1 365; 407-823-0171

*Associate Dean, Administration and Faculty Affairs:* Dawn Oetjen  
HPA1 365; 407-823-0171

*Associate Dean, Research:* Thomas Wan  
HPA1 219; 407-823-0171

*Associate Dean, Student/Personnel Affairs:* Melvin Rogers  
HPA1 365; 407-823-0171

The College of Health and Public Affairs houses seven departments and schools: the School of Social Work, the School of Public Administration, and the departments of Communication Sciences and Disorders, Criminal Justice, Legal Studies, Health Professions, and Health Management and Informatics.

The College fosters excellence in undergraduate and graduate education, research and community service in health, social services and justice and offers an interdisciplinary Ph.D. program in Public Affairs.

## General Requirements for the Bachelor's Degree

Some programs in the College are limited access or restricted. Acceptance by or registration at the University does not constitute admission to the following: School of Social Work, and the programs in Athletic Training and Health Informatics and Information Management. Separate application must be made to the appropriate program. Additional information regarding prerequisites and admission requirements may be found in this catalog.

## Academic Advisement

### Undergraduate Student Services

*Director:* Mariangelly Rente

HPA2 115; 407-823-0010

Email: [hpainfo@ucf.edu](mailto:hpainfo@ucf.edu)

The College of Health and Public Affairs Undergraduate Student Services assists undergraduate students in understanding college and university requirements and procedures as well as coordinating orientation, registration and graduation certification. Students interested in pursuing limited access programs are encouraged to meet with advisors in the college to stay on track by taking the appropriate prerequisite requirements. Advisors are available through the COHPA Success Program for students on probation or for those who are having academic difficulty. Questions concerning university and college academic policies should be directed through this office.

## Department of Communication Sciences and Disorders

*Chair:* Richard Zraick

HPA2 101; 407-823-4798

<http://www.cohpa.ucf.edu/csd>

*Clinic Director:* Debra Knox

3280 Progress Drive, Suite 500; 407-882-0468

*Faculty:* Carnaby, Carson, Cosby, Crary, DiNapoli, Dreiling, B. Ehren, T. Ehren, Fix, Harrington, Harvey, Hoffman-Ruddy, Hostetler, Kent-Walsh, Knox, Kong, Matura, Ratusnik, Resnick, Rivers, Rosa-Lugo, Ryalls, Schwartz, Towson, Troche, Utt, Vanryckeghem, Whiteside, Zraick

The discipline of communication sciences and disorders involves the prevention, evaluation, management, and study of human communication and its disorders. The undergraduate program is pre-professional in nature and reflects the scientific foundations of the discipline. The three primary goals of the undergraduate program are: 1) to provide students with the necessary preparation for graduate study in speech-language pathology, audiology, or related fields such as special education, social work, and health services administration; 2) to provide the necessary background for those who seek careers in health and human services; and 3) to allow those who graduate with a Bachelor's degree required coursework to obtain licensure and employment as a speech-language pathology assistant.

The graduate program prepares speech-language pathologists for work with children and adults experiencing a variety of communication disorders in schools, hospitals, rehabilitation centers, community speech, language and hearing centers, and physician's offices. The graduate program has been accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association since 1986. Students must plan their major or minor in consultation with a departmental advisor to meet their individual interests and career objectives.

In addition to course work in communication sciences and disorders, the department offers courses in American Sign Language and related topics.

**Degrees:** Communication Sciences and Disorders (BA, BS, MA)  
PhD in Education, Communication Sciences and Disorders Track

**Tracks:** None

**Minors:** Communication Sciences and Disorders

**Certificates:** Language Development and Disorders

## Department of Criminal Justice

*Chair:* Catherine Kaukinen  
HPA1 311 407-823-2603

*Faculty:* Adams, Baker, Caudy, Childs-Fisher, Craig, Flint, Gau, Henderson, Holmes, Humiston, Lucken, Mahan, Malendevych, Matusiak, Moreto, Nobles, Paoline, Peck, Potter, Prior, Randall, Ray, Rosky, Ross, D., Ross, L., Sanborn, Stewart, Surette, Viglione, Watkins, Winton, Wolf, Woodward

The Department of Criminal Justice houses the undergraduate degree program in Criminal Justice. Criminal Justice is a problem-based field of study that focuses on the nature of crime control agencies in a democratic society. The curriculum reflects the dynamic nature of the field and prepares students for challenging careers in public service and private sector organizations. The Criminal Justice Department offers diverse courses and internships, leading to careers in the field, or preparation for graduate study. The department supports Lambda Alpha Epsilon, the professional Criminal Justice fraternity, and Alpha Phi Sigma, the Criminal Justice Honor society.

**Degrees:** Criminal Justice (BA, BS, MPA/MSJC, MS, PhD)

**Tracks:** Scholars Track

**Minors:** Criminal Justice

**Program:** Senior Scholar Program

**Certificates:** Crime Analysis and Crime Mapping, Criminal Justice Leadership and Management, Criminal Profiling, Security Management, Victim Advocacy and Crime Scene Investigation

## Department of Health Management and Informatics

*Chair:* Reid Oetjen  
HPA2 210; 407-823-2359

*Faculty:* Asi, Atkins, Bush, Chandler, Chisholm, Cortelyou-Ward, Elswick, Falen, Gabriel, Billespie, Gurupur, Hou, Liu, Malvey, Nieves, Noblin, D. Oetjen, R. Oetjen, Raffenaud, Ramirez, Robertson, Rotarius, Ton, Unruh, Walden, Wan, Wessel, West, Whetstone

The Department of Health Management and Informatics in the College of Health and Public Affairs at the University of Central Florida is a global leader in the areas of health administration and informatics and is devoted to being the premier provider of: globally focused faculty research; quality education; and community commitment; all of which are enhanced by the diversity of its faculty, staff and students. In order to realize this mission, the department offers two undergraduate degree programs in Health Services Administration and Health Informatics and Information Management. Each program is designed to provide students with the skills and knowledge necessary to become a leader in the field of health care management.

### Program in Health Services Administration

The Bachelor of Science in Health Services Administration program is an upper-division professional curriculum that focuses on the managerial side of the health care industry. The program curriculum is designed to provide students with the necessary industry knowledge and job skills needed by entry-level managers in a variety of health care organizations. Program graduates are prepared for entry-level management positions in all types of health care organizations, including hospitals, ambulatory care centers, assisted living facilities, medical group practices, long-term care facilities, and home health care agencies. This program will also prepare students for study in advanced degrees in Health Services Administration or related disciplines.

The program attracts a diverse student population interested in health care management. Students without a background in the health care industry are attracted to this major and are able to build a foundation in health services administration in order to enter the industry. Some students who enter the program have clinical work experience such as respiratory therapists, emergency medical technicians, radiographers and medical laboratory technologists, while other students may hold an A.S. degree or a nationally recognized license.

The core requirements of the program have course work in areas such as health care systems, finance, administration, research, terminology, law, ethics and economics. In addition, students are encouraged to take additional elective courses that will enhance their background in the health care industry. Participation in an internship is also required. All core courses are offered as web-based as well as mixed mode format.

The Bachelor of Science in Health Services Administration program is fully certified by AUPHA-The Association of University Programs in Health Administration.

### Program in Health Informatics and Information Management

Health information managers are professional members of the modern health care team responsible for: 1) the acquisition and supervision of complete medical records on each patient, 2) the design and management of health information systems which collect, process, store, retrieve, and release health information and statistics, 3) assistance to administration, other health professionals, and medical staff in developing quality assurance programs by abstraction of medical data, preparation of statistical reports, and analysis of information, and 4) assistance in collection and analysis of data for public health services planning.

The curriculum of the Health Informatics and Information Management program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM).

The HIIM Program is a limited access program and requires a separate application to the program by March 1 for August admission and October 1 for January admission. Graduates of the Health Informatics and Information Management program are eligible to take the AHIMA Registered Health Information Administration Certification examination. Upon successfully passing the examination, the graduate will be recognized as a Registered Health Information Administrator (RHIA).

## Department of Health Professions

*Interim Chair:* Kristen Schellhase  
HPA2 118/119; 407-823-2214

*Faculty:* Beato, Brown, Dawson, Gual, Hanney, Pabian, Plant, Rothschild, Rovito, Saleh, Schellhase, Schulz, Smith, Sonne, Specogna, Stock, Tucker, Webster, Worrell

The Department of Health Professions offers a doctoral program in Physical Therapy, a baccalaureate program in Athletic Training, a baccalaureate program in Health Sciences, a minor in Health Sciences and a graduate certificate in Anatomical Sciences.

### Program in Athletic Training

This is a competitive program that requires a separate application process following acceptance into the University. The athletic training program is a six semester program where students complete full-time coursework while engaged in clinical affiliations. The core of athletic training coursework emphasizes the competencies and proficiencies necessary for successful clinical practice in a variety of settings in which certified athletic trainers are presently employed. A significant and important aspect of the educational process is the series of clinical experiences that occur in a variety of settings under the direction of a preceptor. These local affiliation sites include but are not limited to, high schools, colleges, universities, rehabilitation clinics, and professional athletic organizations. Upon successful completion of the course of study, the graduate with a Bachelor of Science degree in Athletic Training is eligible to apply to take the Board of Certification (BOC) Exam. By successfully passing the exam, the graduate will be recognized as a certified athletic trainer (ATC). The Program in Athletic Training is accredited by the Commission on Accreditation of Athletic Training Education (CAATE). The AT Program will accept its final cohort in the spring of 2018. A Master of Athletic Training (MAT) program will begin in 2019.

**Degrees:** Athletic Training (BS)

**Tracks:** None

**Minors:** None

### Program in Health Sciences

The Bachelor of Science degree in Health Sciences is designed for students with interest in human health leading to graduate study or career advancement. This degree is designed to provide students with a solid educational background in basic and health-related sciences, while providing the foundation courses required for admission to graduate level clinical programs in health professions including, but not limited to: medicine, pharmacy, physical therapy, physician assistant, athletic training and occupational therapy. The flexibility of this program allows students to prepare for multiple careers in health sciences. Students in this major who choose the Health Sciences track are required to have an overall GPA of 2.5 or better upon graduation. Students who select the Pre-Clinical track must maintain a minimum overall GPA of 3.0 to stay in this track.

## College of Health and Public Affairs

**Degrees:** Health Sciences (BS)  
**Tracks:** Health Sciences and Pre-Clinical  
**Minors:** Health Sciences

### Department of Legal Studies

*Chair:* Alisa Smith  
HPA1 343; 407-823-1670

*Faculty:* Bast, Beckman, K. Consalo, M. Consalo, Cook, Fiesta, Koblasz, Merriam, Meltzer, Milon, Pons, Ravich, Schmidt, Scott, Slaughter, Wood

The Legal Studies Program provides students with a broad understanding of basic principles of law and the role and function of the legal system. The Legal Studies program, in addition to preparing students for law-related careers, provides a foundation for law school or other graduate education. All of the full time Legal Studies faculty are attorneys who are graduates of ABA approved law schools and are available for law school advising. Satisfactory completion of program requirements leads to the degree of Bachelor of Arts or Bachelor of Sciences in Legal Studies. The department houses Phi Alpha Delta - Pre-Law Fraternity, Phi Delta Phi - Legal Honor Society, the UCF Mock Trial Team and the UCF Moot Court teams.

**Degrees:** Legal Studies (BA, BS)  
**Minor:** Legal Studies

### School of Public Administration

*Director:* Naim Kapucu  
HPA2 238; 407-823-2604

*Faculty:* Bryer, Buckingham, Emrich, Feldheim, Fennessey, Hall, Hawkins, Hu, Jurie, Kapucu, Knox, Korosec, Krick, Larson, Lawther, Liou, Mitchell, Myser, Rogers, Seigler, Smith, Stephens, Yeo, Yu, Zavattaro

The School of Public Administration offers a variety of degrees, minors and a certificate providing students with a broad understanding of public administration, nonprofit management, urban and regional planning, emergency management and homeland security and research administration in the public sector. The public sector is vast and includes over 22 million employees, and the nonprofit sector has expanded to nearly half that number as governments transition the provision of services contracting through nonprofit organizations. The School prepares students for professional careers in public service at the city, county, state and federal levels in nonprofit organizations and private organizations that provide services for government. Currently the public sector in the United States includes over 90,000 governments, of which the federal government is but one. The Bachelor of Arts or Science degree in Public Administration enables students to attain entry level positions in government nonprofit organizations, and other organizations that provide services for government. Those seeking senior management and executive positions are strongly encouraged to pursue the Master's of Public Administration (MPA), the Master's of Nonprofit Management (MNM), the Master's of Science in Urban and Regional Planning (MSURP), or the Master's of Research Administration (MRA). Students with interests that go beyond the Masters level may also pursue a Ph.D. in Public Affairs.

**Degrees:** Public Administration (BA, BS, MPA), Nonprofit Management (BA, BS, MNM), Research Administration (MRA), Urban and Regional Planning (MSURP)

**Minors:** Public Administration, Urban and Regional Planning, Emergency Management and Homeland Security, Nonprofit Management National Certification from the Nonprofit Leadership Alliance

**Undergraduate Certificates:** Nonprofit Management

**Graduate Certificates:** Public Administration, Nonprofit Management, Fundraising, Urban & Regional Planning, Research Administration, Emergency Management & Homeland Security, Public Budgeting and Finance

### School of Social Work

*Director:* Bonnie Yegidis  
HPA1 204; 407-823-2114

*Faculty:* Anderson, Brown, Burg, Chapple, Dillon, Dziegielewski, Gammonley, Gryglewicz, Hall, Harris-Jackson, Kohn, Lawrence, Leon, Mann, Mazany, McGregor, Molina, Roche, Steen, Stewart, Wharton, Withers, Yegidis

The UCF School of Social Work BSW Program (undergraduate social work program) prepares generalist social work students to become practitioners who promote optimal well-being, human rights, and social and economic justice. The school focuses on social change from a regional and global perspective with individuals, families, groups and communities in diverse practice settings. Today social workers are continuing their efforts in healthcare facilities, mental health centers, schools, substance abuse programs, neighborhood centers, nursing homes, homeless shelters, hospice programs, and many other settings. Social workers work with people from all backgrounds to help them find ways to live richer and more productive lives. The strengths perspective is central to the social work profession emphasizing resources, capabilities, resilience, and seeing obstacles as challenges.

The curriculum, nationally accredited by the Council on Social Work Education, aims to graduate social work generalists who can teach people how to create their own path and enhance their quality of life. Graduates will assist people in changing patterns of behavior, poverty, abuse, and oppression and help them to develop effective coping skills for life's challenges. The Social Work Program is a limited access program that requires a separate application to the School of Social Work.

If a student wishes to pursue their academic endeavors further, the School of Social Work also offers a Master's in Social Work.

**Degrees:** Social Work (BSW, MSW)  
**Tracks:** None  
**Minors:** Aging Studies  
**Certificates:** Aging Studies, Children's Services

*Program Academic Learning Compacts* (student learning outcomes) for undergraduate programs in the College of Health and Public Affairs are located at:  
<http://oeas.ucf.edu/academiclearningcompacts.html>

# COLLEGE OF MEDICINE

## College of Medicine

*Vice-President for Medical Affairs and Dean:* Deborah C. German  
6850 Lake Nona Blvd., Suite 313, Orlando, FL 32827-7408  
407-266-1000  
<http://www.med.ucf.edu>

*Director, Burnett School of Biomedical Sciences:* Griffith Parks  
HPA2 335C; 407-266-7011

The UCF College of Medicine through its Burnett School of Biomedical Sciences (BSBS) offers the third largest undergraduate program in the university, B.S. in Biomedical Sciences, that meets the admission requirements for medical and other health professional school programs. The Burnett school is an integral part of the College of Medicine, making it a research-intensive medical school where cutting-edge medical research spans the entire spectrum from laboratory bench to bedside. BSBS is home to quality programs in the bio-medical sciences as well as vigorous research programs focused on cancer, cardiovascular, neurological, and infectious diseases. The UCF College of Medicine is a forward-looking medical school with a culture based on partnerships and collaboration. The college's medical and biomedical programs capitalize on UCF's existing strengths in biological sciences, modeling and simulation, engineering, optics and photonics, psychology, chemistry, film and digital media, business, and nursing.

The mission of the Burnett School of Biomedical Sciences is to provide quality undergraduate and graduate programs in the biomedical sciences and build vigorous research programs. In addition to conducting cutting-edge research in biomedicine with potential application to curing major diseases, BSBS is committed to helping develop a technology-based industry in Florida. Active partnerships formed with other units such as the College of Optics and Photonics, the College of Engineering and Computer Science and the Nanoscience Technology Center will facilitate interdisciplinary research and education programs in the innovative application of photonics, bioinformatics and nanoscience to biomedical problems.

The Burnett school is educating over 2,900 undergraduate majors in the biomedical sciences including Biomedical Sciences (also including Biomedical Sciences Pre-professional concentration), Biotechnology, and Medical Laboratory Sciences. The Biomedical Sciences BS also offers two tracks within the major: Molecular Microbiology, Molecular and Cellular Biology and Neuroscience. BSBS also offers master's degrees in Biomedical Sciences and in Biotechnology, as well as an interdisciplinary doctoral degree in Biomedical Sciences. The current graduate enrollment is approximately 120 masters and doctoral students. The college also offers an M.D. program at the new facilities. The M.D. program enrolled its first class in August 2009 and has increased the number of admitted students annually to a level that will produce 120 medical graduates each year. The current enrollment is approximately 460 M.D. students.

In addition to multiple facilities on the main Orlando campus, the college has new facilities that are an integral part of the growing medical city at Lake Nona. The UCF Health Sciences Campus at Lake Nona includes the new 170,000-square-foot medical education building and the 198,000-square-foot Burnett Biomedical Sciences building. The M.D. program is offered in the medical education building, which features the latest in lab and classroom technology. The state of the art research laboratories in the Burnett Biomedical Sciences building provide expanded research opportunities for undergraduate and graduate students. Advising for undergraduate programs is located in HPA II room 335.

## College of Medicine Mission, Vision and Goals

### Mission

The University of Central Florida College of Medicine educates and inspires individuals to be exemplary physicians and scientists, leaders in medicine, scholars in discovery, and adopters of innovative technology to improve the health and well-being of all.

Our patient-centered mission is achieved by outstanding medical care and services, groundbreaking research, and leading edge medical and biomedical education in an environment enriched by diversity.

### Vision

The University of Central Florida College of Medicine aspires to be the nation's premier 21st century college of medicine.

The UCF College of Medicine will be a national leader in education, research, and patient care, recognized for supporting and empowering its students and faculty to realize their passion for discovery, healing, health, and life, and for its ability to create partnerships to transform medical education, health care, and research.

### Goals

- Excel in medical and biomedical education
- Excel in research and discovery in: biomedical sciences, medical education, and health care
- Provide outstanding, innovative, patient-centered care while transforming health care delivery
- Be America's leading partnership college of medicine
- Achieve a diversified self-sustaining infrastructure to support future operations

## Burnett School of Biomedical Sciences

*Director, Burnett School of Biomedical Sciences:* Griffith Parks  
HPA2 335C; 407-823-5932

*Associate Director of Undergraduate Affairs (Burnett School of Biomedical Sciences):* William Self  
HPA2 335; 407-823-4262

*Associate Director of Graduate Affairs (Burnett School of Biomedical Sciences):* Saleh Naser  
BMS 221; 407-823-0955

*Associate Director, Academic Support Services (Burnett School of Biomedical Sciences):* Greg Norris  
BMS 101N; 407-266-7009

The Burnett School of Biomedical Sciences in the College of Medicine offers bachelor degrees in Biomedical Sciences (including the Biomedical Sciences, Pre-professional Concentration) and Biotechnology that prepare students for admission to health professional or graduate programs. The B.S. in Medical Laboratory Sciences provides training for students to work in clinical or hospital laboratories. BSBS also offers M.S. programs in Biomedical Sciences, and Biotechnology. Also, it offers an interdisciplinary Ph.D. program in Biomedical Sciences. At this time, the Burnett School has over 2,900 undergraduate students and approximately 120 graduate students.

### Program in Biomedical Sciences

*Undergraduate Coordinator:* Dorilyn Hitchcock  
HPA2 339; 407-823-5220

*Graduate Coordinator (M.S. program):* Saleh Naser  
BMS 221; 407-823-0955

*Graduate Co-Coordinator (Ph.D. Program):* Steve Ebert  
BBS 420; 407-266-7047

The core curriculum in the baccalaureate program, with its broad and thorough background in the physical, computational, and life sciences, provides a solid foundation in concepts and applications of modern biology to contemporary and future problems. The restricted electives component of the baccalaureate program allows each student to enhance his/her academic preparation in areas of morphological, clinical, analytical or investigative applications. There are three tracks in the Biomedical Sciences B.S.: Molecular Microbiology, Molecular and Cellular Biology, and Neuroscience. Students are also encouraged to gain research experience and exposure to specialized topics not taught in formal courses through the directed research and independent study contracts with selected faculty. This thorough, but flexible, program provides an excellent preparation for industry, graduate education, and for the four-year health science professions (medicine, veterinary, pharmacy, podiatry, physician assistant, physical therapy, optometry, chiropractic and dentistry).

**Degrees:** Biomedical Sciences (B.S., M.S., Ph.D.)  
Biomedical Sciences Pre-professional Concentration (B.S.)

**Tracks:** Molecular and Cellular Biology, Molecular Microbiology, Neuroscience

**Minors:** Biomedical Sciences

### Program in Biotechnology

*Undergraduate Coordinator:* Dorilyn Hitchcock  
HPA2 339; 407-823-5220

*Graduate Coordinator:* Saleh Naser  
BMS 221; 407-823-0955

To meet the demand for highly trained scientists in the biotechnology workforce, the Burnett School of Biomedical Sciences now offers a Bachelor of Science degree in Biotechnology. This new degree program prepares students to function in the industrial biotechnology/biomedical environment, providing them with more "hands on" laboratory experiences and opportunities for research. These students will be provided an industrial perspective and an understanding of product development at the same time as they are trained in the molecular techniques required for such development.

**Degrees:** Biotechnology (B.S., M.S., M.S./M.B.A.)

**Tracks:** None

**Minors:** None

### Program in Medical Laboratory Sciences

*Director:* Dorilyn Hitchcock  
HPA2 339; 407-823-5220

Medical laboratory scientists are involved in medical diagnosis, patient treatment, health screening, laboratory management, research, and laboratory education. They use highly sophisticated analytical equipment for the examination of blood and body fluids.

The curriculum is designed to give students a thorough background in the physical and biological sciences; to develop the necessary laboratory skills and essential skills to assume leadership roles in management and education. It also prepares students in the development of a high level of proficiency in correlating clinical data.

The last two years of sequential courses constitute the upper division professional phase of the program. The Medical Laboratory Sciences class size to be selected is determined by the availability of space and equipment, as well as available spaces in the clinical facilities.

The Medical Laboratory Sciences is a limited access program that requires a separate application to the program. Preference will be given to those who apply by March 1st, but applications will be accepted until the class is filled.

The Medical Laboratory Sciences program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS, 5600 N. River Road, Suite 720, Rosemont, IL 60018-5119) and is approved as a training program by the State of Florida Board of Clinical Laboratory Personnel.

**Degrees:** Medical Laboratory Sciences (B.S.)

**Tracks:** None

**Minors:** None

### Office of Student Services and Advisement (OSSA)

*Director:* Amanda Colee

HPA2 335A; 407-823-5932;

*Academic Advisor:* Cynthia Contreras

HPA2 336; 407-823-5787;

*Academic Advisor:* Ana Maria Schwindt

HPA2 337; 407-823-1259

Email: BSBSAdvising@ucf.edu

The Office of Student Services and Advisement (OSSA) is the primary office for undergraduate academic advisement in the Burnett School of Biomedical Sciences. OSSA assists Biomedical Sciences, Biotechnology, and Medical Laboratory Sciences students in orientation, registration, university policies and procedures, major requirements, course substitutions, and graduation certification. Students interested in pursuing the Medical Laboratory Sciences limited access program, should meet with an advisor or the Program Director for more information.

*Program Academic Learning Compacts* (student learning outcomes) for undergraduate programs in the College of Medicine are located at: <http://oeas.ucf.edu/academiclearningcompacts.html>

# COLLEGE OF NURSING

## College of Nursing

Dean: Mary Lou Sole

UTWR 3RD floor; 407-823-5496

Email: [ucfnurse@ucf.edu](mailto:ucfnurse@ucf.edu)

<http://www.nursing.ucf.edu>

Associate Dean Undergraduate Affairs: Maureen M. Covelli

UTWR 3rd floor; 407-823-4941

Associate Dean Graduate Affairs Susan Chase

UTWR 3rd floor; 407-823-3079

**Faculty:** Allred, Anderson, Andrews, Aroian, Blackwell, Bourgault, Breit, Burr, Burgunder, Bushy, Chase, Conner, Covelli, D'Amato-Kubiet, Deatrick, Decker, Decker, DeGennaro, Desmarais, Dever, Diaz, Di Chiara, Duckworth, Eckhoff, Edwards, Ekwotafia, Forlaw, Gonzalez, Guido-Sanz, Heglund, Hill, Hinkle, Hoyt, Iacobellis, Kinchen, Lafferty, LaManna, Landreville, Leli, Loerzel, Lopp, Lugo, Luzincourt, Montoya, Neff, Neubauer, Quelly, Ricci, Ritten, Sole, Stockmann, Talbert, Thiamwong, Turnage, Upvall, Valenti, Weiss, Welch, Winchoba, Wink

The College of Nursing is the 11th college to be established at the University. It was established as a Department of Nursing and graduated its first class in 1981. The college has achieved prominence as an innovator in nursing education, responding to a changing population with complex health care needs. The faculty of the college values access to education and embraces opportunities to utilize advanced technology, innovation and creativity to provide graduates with the highest quality education at the baccalaureate, master's and doctoral levels.

Today's challenging health care environment provides unique opportunities for nursing. Nurses are needed more than ever to provide evidence-based patient care, serve in leadership roles, teach, engage in research, and influence policy.

The mission of the College of Nursing at the University of Central Florida is to prepare nurse leaders and patient advocates through excellence in education, research and service. The University of Central Florida College of Nursing will be a 21st century leader in innovative nursing education, research and practice that impacts the health of a global community.

The College of Nursing offers a Bachelor of Science in Nursing (BSN) degree, the basis for professional nursing practice. The program has four tracks: traditional, second degree accelerated, concurrent and RN to BSN. The traditional, accelerated second degree, and concurrent tracks prepare students for initial licensure as a registered nurse. The traditional program is also offered at the Cocoa and Daytona regional campus sites. Students with a prior baccalaureate or higher degree from a regionally accredited college or university are eligible for the Accelerated Second Degree BSN option. The Concurrent ASN to BSN program is a partnership between selected Florida College System institutions and UCF College of Nursing to allow simultaneous enrollment in both associate and baccalaureate nursing programs. The BSN graduate is prepared to provide comprehensive care in a variety of acute, community, and rehabilitative settings. The program emphasis includes clinical nursing practice, health promotion and maintenance, and preparation for assuming leadership roles. The baccalaureate curriculum provides the foundation for graduate study in nursing.

The RN to BSN track offers registered nurses with an associate degree or diploma in nursing an opportunity to earn a BSN. Each applicant is reviewed individually and guided to prevent repetition of previous coursework. Contact the College of Nursing for specifics on the RN to BSN program. Courses are primarily on line with some face to face classes offered in Orlando, Cocoa, Daytona Beach, and Melbourne campuses.

The goal of the Master of Science in Nursing (MSN) degree is to prepare advanced practice nurses to assume leadership positions in

a variety of healthcare settings. Program tracks include Family Nurse Practitioner, Adult/Gerontology Primary Care Nurse Practitioner, Nurse Educator, and Nursing Leadership and Management. Minimum hours for the degree are 36-46 hours of graduate work depending on the major. An evidence-based scholarly project is required. Students must be a licensed Registered Nurse to enter this program. A certificate in Nursing Education is available for students with a bachelor's degree in nursing or a related health field.

The Doctor of Philosophy in Nursing (PhD) program prepares nurse scientists to assume positions as nursing faculty, leaders in the application of innovative technologies to nursing education and clinical care, executive leaders in health care systems and scientists who contribute to the body of nursing knowledge through research. It is offered in a mostly online format with two intensive on campus meetings per year.

The Doctor of Nursing Practice (DNP) prepares advanced practice nurses and nurse executives for leadership roles in specialized areas of advanced practice nursing. This program prepares nurses at the highest level of practice for the current health care environment based on a strong scientific foundation for practice; flexibility and emphasis on evidence-based practice, leadership, and organizational analysis; and analysis of practice including completion of a residency project during the capstone clinical residency year.

The College of Nursing BSN, MSN, and DNP, programs are accredited by The Commission on Collegiate Nursing Education (CCNE). The BSN Program is approved by the Florida Board of Nursing. All programs are limited access and require a separate application to the College of Nursing.

## Programs and Degrees

**Degrees:** Nursing (BSN)

(MSN) (PhD) (DNP)

**Tracks:** Traditional BSN, Accelerated Second Degree BSN, RN to BSN, ASN to

BSN Concurrent, AS to BSN

**Minors:** None

## General Requirements for the Bachelor's Degree

- Programs in the College of Nursing are upper division, limited access programs.
- Acceptance by or registration at the university does not constitute admission to the College of Nursing.
- Application must be made to the appropriate program in Nursing.

Additional information regarding prerequisites and minimum grade point averages may be obtained from the college website:

<http://www.nursing.ucf.edu>

## Academic Advisement

### Office of Undergraduate Student Services

UTWR 3rd floor; 407-823-2744

Email: [ucfnurse@ucf.edu](mailto:ucfnurse@ucf.edu)

<http://www.nursing.ucf.edu>

The College of Nursing Office of Undergraduate Student Services assists undergraduate students in understanding matters relating to college and university requirements and procedures, as well as coordinating orientation, registration and graduation certification. Students interested in pursuing limited access programs are encouraged to meet with advisors in the college to take the appropriate prerequisite requirements. Questions concerning university and college academic policies should be directed through this office.

**Program Academic Learning Compacts** (student learning outcomes) for undergraduate programs in the College of Nursing are located at: <http://oeas.ucf.edu/academiclearningcompacts.html>

# COLLEGE OF OPTICS AND PHOTONICS

## **CREOL, The College of Optics and Photonics**

*Dean and Director:* Bahaa Saleh  
CROL 207; 407-823-6800  
Email: [creol@creol.ucf.edu](mailto:creol@creol.ucf.edu)

*Associate Dean for Academic Affairs:* David J. Hagan  
CROL 209; 407-823-6817

*Associate Director, Academic Affairs:* Mike McKee  
CROL 108B; 407-823-6376; [undergrad@creol.ucf.edu](mailto:undergrad@creol.ucf.edu)

*Faculty:* Abouraddy, Amezcua-Correa, Aregenti, Cerqua-Richardson, Chang, Christodoulides, Delyett, Deppe, Dogariu, Fathpour, Gelfand, Glebov, Gaume, Hagan, Han, Kar, Khajavikhan, Kik, Kuebler, Li, LiKamWa, Pang, Moharam, Renshaw, Richardson, Saleh, Schoenfeld, Schulzgen, Shah, Soileau, Van Stryland, Vodapyanov, Wu, Yu, Zeldovich

## **Undergraduate Degree**

Photonic Science and Engineering

BSPSE

## **College Vision**

Be the nation's leader in education, research, and scholarship in optical science and engineering (OS&E).

## **College Mission**

CREOL, The College of Optics & Photonics is a world-renowned graduate college for optical science and engineering education and research. Its mission is to: Provide the highest quality education in optical science and engineering, support the educational needs of undergraduate and graduate students, serve the continuing educational needs of industry, and enhance optics and photonics education at all levels; Create and disseminate new knowledge and innovations in optics and photonics by conducting, presenting, and publishing cutting-edge fundamental and applied research; Aid in the development of the State of Florida and the nation's knowledge-based and technology-based industries, and create, foster, and sustain mutually beneficial research collaborations and partnerships with industry.

## College Organization

The College of Optics and Photonics (COP) was formed in 2004, as a result of the great success of CREOL (the Center for Research and Education in Optics and Lasers), which was established in 1986 to provide the highest quality education in optics and lasers, conduct scholarly fundamental and applied research, and aid in the development of Florida's high technology-based industries. The College has offered MS and PhD degrees in Optics for many years and now offers the degree of Bachelor of Science in Photonic Science and Engineering in collaboration with the College of Engineering and Computer Science (CECS).

CREOL has become an internationally recognized institute with 35 faculty members, 52 Ph.D. level research scientists, and 120 graduate students. The faculty are recognized as being among the best in the optics/laser/photonics field, with two-thirds holding the rank of Fellow in major national and international professional societies. It is housed in a state-of-the-art 104,000-square-foot building dedicated to optics, photonics, and laser education and research on the main campus. This facility houses ninety research laboratories equipped with over \$50 million in state-of-the-art equipment. A portion of the building functions as the UCF Photonics Incubator, an extension of the award-winning UCF Business Incubation Program. The undergraduate lab is outfitted with the latest equipment and technologies in a dedicated space for undergraduate students.

The research activities, through centers such as CREOL, the Florida Photonics Center of Excellence (FPCE) and the Townes Laser Institute, span the spectrum from basic science to prototype development. The faculty and research staff pursue joint research projects with industry, academia, and government laboratories, and are always seeking new opportunities to work with industry to expose students to the industrial environment and to help in technology transfer.

The faculty engage in research and education in fields utilizing radiation at wavelengths ranging from millimeter waves and THz to UV and X-rays. This includes several photonic technologies: 1) lasers, 2) optical fibers, 3) semiconductor and integrated photonic devices, 4) nonlinear and quantum optics, and 5) imaging, sensing and display. These technologies have applications in industry, communication and information technology, biology and medicine, energy and lighting, aerospace, and homeland security and defense. Design of optical systems, which has been the core of optical engineering, remains to be a principal component of the discipline, and advanced topics such as nanophotonics, attosecond optics, metamaterials, plasmonics, and biophotonics, have been embraced as areas of strength and future growth. These programs are supported by over \$17 million of research grants and contracts annually from numerous federal and state agencies and industry.

## Bachelor of Science in Photonic Science and Engineering Description

Optics and photonics technologies are central to modern life. For example, they are needed to make and inspect the integrated circuits in nearly every electronic device we use. They are used in high-efficiency lighting, displays, and the harvesting of solar power. Optical fibers have enabled the Internet. Lasers are essential to precision manufacturing and metrology. A plethora of medical applications including clinical diagnosis, surgery, and genome mapping utilize photonics technologies. Photonics plays an important role in the US and Florida's economy, with over 270 photonics companies in Florida, employing over 5,000 engineers. B.S. degree in Photonic Science and Engineering will enable students to analyze and design optical and laser systems for a broad set of applications including manufacturing, healthcare, telecommunication, defense, security, and entertainment. PSE students are required to complete a senior design project in which students work on a small design team.

### Mission

The mission of the Bachelor of Science in Photonic Science and Engineering program is to provide students with the fundamental knowledge and the capabilities of analysis and design of engineering systems that will enable them to serve as engineers within the photonics industry in a productive and ethical manner, and pursue continued education and advanced studies in this area.

### Program Educational Objectives

1. Graduates will grow in their role as photonic scientists and engineers in society leading to leadership within the profession.
2. Graduates will make a meaningful impact on profession while behaving ethically and taking into account environmental and economic issues.

3. Graduates will pursue professional and personal development in their areas of interest, through such endeavors as graduate studies, service to the profession, or participating in training opportunities.

### Student Outcomes

Upon graduation, graduates will have:

1. The ability to apply knowledge of mathematics, science, and engineering.
2. The ability to design and conduct experiments, as well as to analyze and interpret data.
3. The ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.
4. The ability to function on multidisciplinary teams.
5. The ability to identify, formulate, and solve engineering problems.
6. An understanding of professional and ethical responsibility.
7. The ability to communicate effectively.
8. The broad education necessary to understand the impact of engineering solutions in global, economic, environmental, and societal contexts.
9. Recognition of the need for, and the ability to engage in life-long learning.
10. Knowledge of contemporary issues.
11. The ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

## Advisement

The Photonic Science and Engineering Bachelor's degree is jointly offered with CECS. General questions about the program can be directed to the Associate Director in the College of Optics and Photonics or email at [undergrad@creol.ucf.edu](mailto:undergrad@creol.ucf.edu). Questions about general engineering requirements are available through the CECS Academic Affairs Office in ENG1 107.

## Additional Information on UCF Baccalaureate Photonic Science and Engineering Program

Additional and current information on the UCF Photonic Science and Engineering can be found on the College home page at <http://www.creol.ucf.edu> and information about this joint program with the College of Engineering and Computer Science can be found at <http://www.cecs.ucf.edu>.

*Program Academic Learning Compacts* (student learning outcomes) for undergraduate programs in the College of Optics and Photonics are located at:

<http://oeas.ucf.edu/academiclearningcompacts.html>

# COLLEGE OF SCIENCES

## College of Sciences

Dean: Michael Johnson  
CSB 201; 407-823-1997  
<http://sciences.ucf.edu/>

Associate Dean: Teresa Dorman  
CSB 201; 407-823-5167  
Associate Dean: Jana Jasinski  
CSB 201; 407-823-6588  
Associate Dean: Florian Jentsch  
CSB 201; 407-823-1912

The College of Sciences, the largest academic unit at the university, educates and conducts research in physical, life, social, and behavioral sciences. The College houses the departments of Anthropology, Biology, Chemistry, Mathematics, Physics, Political Science, Psychology, Sociology, and Statistics along with the Nicholson School of Communication. In addition, the college houses several additional academic and research units, including the Arboretum, Global Perspectives, the Lou Frey Institute of Politics and Government, the National Center for Forensic Science, and iSTEM (Initiatives in Sciences, Technology, Engineering, and Mathematics).

The College is responsible for programs in the behavioral and social sciences, the communication sciences, the analytic and computational sciences, and the physical and life sciences. The departments collectively offer undergraduate baccalaureate degrees, minors, certificates, tracks, and pre-professional programs in these areas. For information concerning graduate programs, please refer to the Graduate Catalog: <http://www.graduatecatalog.ucf.edu>.

Undergraduates enrolled in the College must fulfill all University degree requirements, including those for general education, as well as the requirements of the degree program. To be certified for graduation, most programs require that a student achieve at least a "C" GPA (2.0) in the courses of his or her major and/or minor as defined by each department (see program specific requirements). Some departments also require a minimum grade in specified courses and/or in portions of the program of study. Consult the program requirements and a departmental advisor for specific policies. For programs with a foreign language graduation requirement, American Sign Language is not considered a foreign language and will not satisfy the requirement unless specifically permitted within the major (see "Foreign Language Requirements" under specific program requirements).

## Preprofessional Programs

### Prelaw Program

Prelaw Advisor: Roger Handberg  
PH 302; 407-823-2608

Office of Pre-Health and Pre-Law Advising:  
<http://www.phpladvising.ucf.edu/>

There is no preferred major for those students interested in enrolling into a law program. Law schools accept superior students with a good liberal arts or science background, regardless of major field. A Bachelor of Arts or Bachelor of Science degree with an emphasis in theory and critical thinking is typically suggested. The quality of undergraduate education for the legal profession, according to the Association of American Law Schools, is grounded in three basic skills and insights: comprehension and expression in words, critical understanding of the human institutions and values with which the law deals, and the creative power of thinking. Law schools require that applicants take the Law School Admission Test (LSAT). General information pertaining to programs of study, the LSAT, careers, and law schools can be obtained from the Pre-Law Advisor. Advisement within the major is provided by the department offering the major. Students are also encouraged to seek advisement from the university's Office of Pre-Health and Pre-Law Advising.

### Prehealth Professions

Office of Pre-Health and Pre-Law Advising:  
<http://www.phpladvising.ucf.edu/>

While there are specific courses that students need to master to enroll into a medical program, there is not a required major. The College of Sciences offers many of the courses that fulfill admission requirements for professional schools in the health sciences. Refer to the Biology Preprofessional Concentration for additional information. Students are also encouraged to seek advisement from the university's Office of Pre-Health and Pre-Law Advising.

## Advisement

### College of Sciences, Advising Services (COSAS)

Director of Undergraduate Advising Services: Lee Anne Kirkpatrick  
CSB 250; 407-823-6131  
Email: [cosas@ucf.edu](mailto:cosas@ucf.edu)  
<http://sciences.ucf.edu/cosas/>

The College of Sciences Advising Services (COSAS) is the primary office for undergraduate academic advisement for the College of Sciences. COS students will have at least two primary advisors, one within COSAS and one within the department of their major. Second year students transitioning from the "First Year" advising offices should make an appointment with their COSAS advisor by the end of the fall term of their second year at UCF. At that appointment, students will also then be referred to an advisor within the department of their major. New transfer students within COS should meet with their COSAS advisor and their department advisor by the end of their first term at UCF. COSAS assists students with degree requirements, policies, and procedures as well as coordinates orientation, registration, readmission, and graduation. COSAS advisors also work with students at risk of, and currently on, academic probation as well as students with low major GPAs. Questions concerning University and College academic policies and requirements should be directed to COSAS. Questions concerning the specific requirements within a major or minor should be directed to the department offering the program. For additional information about COSAS, please visit our website.

## Programs and Degrees

| Title                                 | Degree                                   |
|---------------------------------------|--|

### Departments, Schools, and Programs

#### Department of Anthropology

**Chair:** Tosha Dupras  
PH 309; 407-823-2227  
Email: anthro@ucf.edu  
<http://sciences.ucf.edu/anthropology>

**Assistant Chair:** John Schultz  
**Undergraduate Coordinator:** Sarah (Stacy) Barber

Please see the department website for a listing of the department's faculty and staff.

The Undergraduate Anthropology Program prepares students for graduate training in Anthropology and provides them with the skills needed to apply the concepts, methods, and theories of Anthropology in the real world. Anthropology has four sub-disciplines, consisting of language and culture, cultural anthropology, physical anthropology, and archaeology. While undergraduate students are exposed to each of the sub-fields of Anthropology, the training for advanced work in each field differs. Thus, students should consult with their departmental advisor early in their academic careers. The Department of Anthropology offers courses and programs that lead to a Bachelor of Arts in Anthropology, a number of minors or undergraduate certificate programs (see below for full list), and a Master of Arts in Anthropology with focus areas in Cultural Competency, Archaeological Investigations in Forensics and Human Adaptations, and Maya Studies.

**Degrees:** Anthropology (BA, MA)

**Minors:** Anthropological Archaeology, Anthropology, Anthropology in Multicultural Studies, Biological Anthropology, Cultural Anthropology, Medical Anthropology, North American Indian Studies

**Certificates:** Anthropology of Global Health (undergraduate), Crime Scene Investigation (undergraduate), Native American Studies (undergraduate)

#### Department of Biology

**Chair:** Graham Worthy  
BL 301; 407-823-1333  
Email: biology@ucf.edu  
<http://sciences.ucf.edu/biology>

**Associate Chair:** Laurie von Kalm  
**Undergraduate Coordinator:** Eric Hoffman

Please see the department website for a listing of the department's faculty and staff.

The core undergraduate curriculum provides a background in the chemical, mathematical, and physical sciences, as well as broad preparation in the biological sciences. This diverse background provides flexible career opportunities for graduates, including science-related employment and professional or graduate schools. Selection of electives, in consultation with a faculty advisor, permits emphasis on a subspecialty. Careful selection of restricted and unrestricted electives allows students to satisfy requirements for admission to professional or graduate school while completing their B.S. degree in Biology. Research experience and exposure to specialized topics not taught through formal courses may be gained through independent study. The Department of Biology offers a Bachelor of Science in Biology, a minor in Biology, the Master of Science in Biology, a graduate Certificate in Conservation Biology, a Ph.D. in Conservation Biology, and participates in an interdisciplinary Ph.D. program in Biomolecular Sciences.

**Degrees:** Biology (BS, MS), Conservation Biology (PhD)

**Tracks:** Ecology, Evolutionary, and Conservation; Marine and Aquatic; Plant Sciences; Pre-Health Professional; Zoology and Pre-Veterinarian Science

**Minors:** Biology

**Certificate:** Conservation Biology (graduate)

#### Department of Chemistry

**Chair:** Cherie Yestrebsky  
PS 255; 407-823-2246  
Email: chemstaff@ucf.edu  
<http://sciences.ucf.edu/chemistry/>

**Associate Chair:** Seth Elsheimer  
**Associate Chair and Undergraduate Coordinator:** Pedro Patino  
**Undergraduate Coordinator, Forensic Science:** Tamra Legron-Rodriguez

Please see the department website for a listing of the department's faculty and staff.

The undergraduate degree program in chemistry is accredited by the American Chemical Society Committee on Professional Training. It prepares the graduate for career opportunities in the chemical or related industries, or in government laboratories. The program also prepares students for further study at the graduate level in chemistry or in a related area such as materials science, pharmacology, or toxicology. With an appropriate choice of electives it also constitutes excellent preparation for the professional schools of dentistry, medicine, pharmacy, and veterinary medicine. The Department of Chemistry offers courses and programs leading to a Bachelor of Science in Chemistry, Bachelor of Science in Forensic Science, minor in Chemistry, Master of Science in Chemistry, Master of Science in Forensic Science, and Ph. D. in Chemistry. The department also participates in the Ph.D. in Biomedical Science.

**Degrees:** Chemistry (BS, MS, PhD), Forensic Science (BS, MS)

**Tracks:** Biochemistry (BS), Forensic Analysis (BS, MS), Forensic Biochemistry (BS, MS)

**Minors:** Chemistry

#### Nicholson School of Communication

**Director:** Robert Littlefield  
NSC 238; 407-823-1711  
<https://sciences.ucf.edu/communication/>

**Associate Director:** Boyd Lindsley  
**Associate Director of Strategic Partnerships:** Tim Brown  
**Assistant Director of Academic Programs:** Kim Tuorto

Nicholson Academic Student Services Center (NASSC)  
NSC 143; 407-823-2681  
Email: nassc@ucf.edu

Please see the department website for a listing of the department's faculty and staff.

The Nicholson School of Communication provides communication studies with a balance of practical skills and theoretical aspects. The school prepares students to investigate, understand and effectively enact and understand human communication and/or mass communication. Some programs focus on communication media and train students for professional careers in mediated communication fields. The school is composed of four program areas each of which offer Bachelor of Arts degrees. The degrees are:

1. Advertising-Public Relations: Provides knowledge of theory, concepts, and practical skills in both advertising and public relations for professional careers.
2. Human Communication: Provides knowledge of theory, and skills needed to understand, successfully predict and effectively interact with other human communicative behaviors in both professional and personal contexts including those necessary for interpersonal relationships, conflict management, intercultural interaction, employment in business, sales, and NPOs, and/or as background for advanced study in graduate school.
3. Communication and Conflict: Provides skills and knowledge that empower careers in mediation, arbitration, employee assistance providers, human resources and management. The major also serves as excellent preparation for graduate studies in communication, management and law. Students study the interaction of communication and conflict at all levels from the interpersonal to the intercultural, with a strong emphasis on experiential learning and real world applications.
4. Journalism: Provides knowledge of theory and skills needed for careers as a mobile and digital journalist (newspapers, magazines, broadcast, and online forms of mass communication).
5. Radio-Television: Provides knowledge of theory and skills needed for careers in the field broadly defined as radio-television, including content creation, media production, broadcast journalism,

## College of Sciences

media management and programming/promotions in a broadcast, cable online or corporate environment.

### Facilities

The Nicholson School of Communication building (NSC) provides a superior teaching/learning facility, including multi-media instructional classrooms. The Radio-Television program has fully-equipped audio and video production facility, a complete multi-camera television studio, an online radio station and laboratories for interactive multimedia. The Journalism program has a computer writing and media lab. The Advertising-Public Relations program has a computer writing and media lab. The Human Communication program has a presentational speaking classroom equipped for audio/video record/playback and computerized visual presentation. The Human Communication program also has a small group and interpersonal research laboratory equipped with research equipment and audio/video record/playback tools.

**Degrees:** Advertising-Public Relations (BA), Communication (MA), Communication and Conflict (BA), Human Communication (BA), Journalism (BA), Radio-Television (BA)

**B.A. Specializations:** (Jou) Electronic News, Digital News; (R/TV) Media Management and Operations, Production

**Minors:** Journalism Studies, Human Communication, Magazine Journalism, Mass Communication

**Certificate:** Corporate Communication (graduate), Hispanic/Latino Media (undergraduate)

## Department of Mathematics

*Chair:* Xin Li

MSB 209; 407-823-2826

Email: [math@ucf.edu](mailto:math@ucf.edu)

<http://sciences.ucf.edu/math/>

*Associate Chair:* Joseph Brennan

*Undergraduate Coordinator:* Barry Edwards

Please see the department website for a listing of the department's faculty and staff.

The programs in mathematics are designed to serve:

1. Students who desire to pursue careers in mathematics after having completed a baccalaureate degree;
2. Students who desire to continue their education in graduate and professional schools; and
3. Students who need to use mathematics as a tool in their specialty areas.

In order to serve such a wide variety of students, the courses and programs in the Department of Mathematics have developed along several lines. The Department offers service courses in pre-calculus and calculus along with strong programs in the upper division in the areas of algebra and analysis as well as the areas of applied and computational mathematics.

The Department of Mathematics offers courses and programs leading to a Bachelor of Science in Mathematics, a minor in Mathematics, a Graduate Certificate in Mathematics, a Master of Science in Mathematical Science and a Ph.D. in Mathematics.

The department does not award credit by examination for courses that are regularly taught. Students who have mastered the material in a given course are encouraged to take a more advanced class to fulfill their mathematics requirement.

**Degrees:** Mathematics (BS, MS, PhD)

**BS Tracks:** General, Mathematical Biology, Mathematical Economics, Computational, Engineering/Physics

**Certificate:** Mathematics (graduate)

**Minors:** Mathematics, Mathematical Biology

## Department of Physics

*Chair:* Eduardo Mucciolo

PS 430A; 407-823-5785

Email: [physics@ucf.edu](mailto:physics@ucf.edu)

<http://sciences.ucf.edu/physics/>

*Associate Chair:* Joshua Colwell

*Associate Chair:* Enrique Del Barco

*Undergraduate Coordinator:* Elena Flitsiyan

PS 430; 407-823-2325

Please see the department website for a listing of the department's faculty and staff.

The Department of Physics offers a multi-track program of study leading to the B.S. or B.A. degree, giving students the flexibility to choose a suitable set of courses to prepare for their career goals.

The Physics B.S. includes a common core of courses in theoretical and experimental physics that will lead to a broad understanding of the general principles of physics. The different tracks allow students to specialize, applying problem-solving techniques in a certain area of interest; this also enhances their qualifications for employment in that area after graduation. After graduation our students are prepared to enter advanced study in physics, engineering, medicine, environmental sciences, astronomy, and other related disciplines. They are also prepared to begin careers in positions are varied as engineering physics, computational physics, and physics education. Undergraduate physics majors benefit from small class sizes, and are encouraged to be involved in individually designed senior projects working with a faculty advisor.

The Physics B.A. will allow students to customize their learning trajectory for specific career interests, maximizing the relevant course-work each student can take while completing a physics degree within a four year timeline. The B.A. in Physics will provide students with a strong physics preparation, while allowing them flexibility to pursue an interdisciplinary academic program combining physics with training in an additional field, such as education, nanoscale science and technology, biophysics, business, entrepreneurship, information technology, or technical writing. The program will provide excellent preparation for middle- and high-school physics teachers and those wishing to pursue a technical career in industry or graduate study in disciplines outside physics, such as medicine or law.

The Department's research programs include optics and lasers, condensed matter physics, complex systems, biophysics, atomic and molecular physics, nanostructures, and planetary science. The Department of Physics also offers a Master of Science degree and a Doctor of Philosophy degree.

**Degrees:** Physics (BA, BS, MS, PhD)

**BS Specializations:** General, Materials Physics, Optics & Lasers, Computational, and Astronomy

**BA Specializations:** Physics Education, Nanoscale Science and Technology, Biophysics, Information Technology/Data Science, and Technical Writing

**Minors:** Astronomy, Nanoscale Science and Technology, Physics

## Department of Political Science

*Chair:* Kerstin Hamann

HPH 302; 407-823-2608

Email: [politics@ucf.edu](mailto:politics@ucf.edu)

<http://sciences.ucf.edu/politicalscience/>

*Assistant Chair:* Barbara Kinsey

*Undergraduate Coordinator:* Barry Edwards

PH 302; 407-823-2608

Please see the department website for a listing of the department's faculty and staff.

The Department of Political Science seeks to:

1. Provide students with a broad background for careers in foreign and domestic public service and in the private sector where knowledge of government and politics is necessary;
2. Provide students with a broad background in pre-law to facilitate their admission to law school;
3. Prepare students for teaching, research, and graduate study in Political Science;
4. Provide a broad background for careers in politics; and
5. Educate citizens and promote their active interest in public affairs.

Students should plan their major or minor in consultation with their departmental advisor according to their interests and career objectives. Political Science courses for the B.A. are divided into three areas of specialization or a Pre-Law Track. The specializations include American Politics and Policy, International Relations and Comparative Politics, and Political Theory. It is strongly recommended that majors planning to continue their education at the graduate level or to pursue a career in international fields acquire a working knowledge of a foreign language beyond that required for the B.A.

**Degrees:** Security Studies (PhD), Political Science (BA, MA), International and Global Studies (BA)

## College of Sciences

### **BA Track:** Prelaw

**Minors:** Political Science, Political Science/Prelaw, Diplomacy, Global Peace and Security Studies, European Studies, International and Global Studies, Civics Teaching, Intelligence and National Security

**Certificates:** Diplomacy (undergraduate)

### **Department of Psychology**

*Chair:* Clint Bowers  
PSY 301L; 407-823-2216  
Email: [psychinfo@ucf.edu](mailto:psychinfo@ucf.edu)  
<http://sciences.ucf.edu/psychology/>

*Associate Chair:* Barbara Fritzsche  
*Associate Chair for Research:* Deborah Beidel  
*Assistant Chair and Director of Undergraduate Programs:* Alisha Janowsky  
*Director of Undergraduate Advising:* Karen Cox

Please see the department website for a listing of the department's faculty and staff.

The undergraduate program of the Department of Psychology reflects the scientific nature of the field and has three primary goals. The first is to provide students graduating with a B.S. in psychology with knowledge of the basic theories and research in psychology. The second is to provide critical thinking, writing skills, and knowledge of research and statistical concepts so graduates can apply these concepts to their work, community, and lives. Finally, we prepare our graduating students with the skills necessary for success in a career or graduate programs in psychology or related fields.

**Degrees:** Psychology (BS, PhD), Clinical Psychology (MA), Industrial and Organizational Psychology (MS)

**B.S. Tracks:** General, Clinical, Industrial/Organizational, Human Factors, Cognitive Neuroscience, Experimental

**Minors:** Psychology

**Certificates:** Behavioral Forensics (undergraduate)

### **Department of Sociology**

*Chair:* Elizabeth Mustaine  
PH 403B; 407-823-3744  
Email: [sociology@ucf.edu](mailto:sociology@ucf.edu)  
<http://sciences.ucf.edu/sociology/>

*Associate Chair:* Fernando Rivera  
*Undergraduate Program Coordinator:* Amy Donley  
*Social Science Program Coordinator:* Elizabeth Grauerholz

Please see the department website for a listing of the department's faculty and staff.

Sociology includes the study of interpersonal interactions, groups, organizations, and societies through the application of theoretical approaches and the use of qualitative and quantitative methods. Students will be better prepared for careers in any field by being trained in critical thinking and analytical skills, and by being familiar with theoretical and methodological tools for the study of peoples, groups, and organizations. To this end, we provide state-of-the-art training in an array of courses.

Sociology majors master skills in quantitative and qualitative research methods, communication, and analytical thinking as well as acquiring written and oral presentational skills. These are among the top 10 abilities for which today's employers are looking and are also essential for success in graduate and professional programs. Sociology courses are directly relevant to many contemporary issues, including murder and violent crime, domestic violence, global warming, alcohol and drug abuse, popular culture, healthcare, and changes in the family.

The department offers groups of courses in several areas, including social institutions, the environment, crime and deviance, popular culture, family, and diversity and social inequalities. As such, the B.A. in Sociology provides excellent grounding for a wide range of careers such as teaching, public administration, metropolitan planning, behavioral analysis, legal/court case assessment, law enforcement, marketing research, advertising, public relations, human resources, child welfare officer, victim advocate, convention/events organizer, environmental/social activist, social assistance specialist, information management specialist, and research analyst.

For more information about our nationally acclaimed yet personable faculty and our relevant, flexible major, go to <http://sociology.ucf.edu>.

**Degrees:** Sociology (BA, MA, PhD), Social Sciences (BS)

**MA Track:** Domestic Violence

**Minors:** Crime, Law & Deviance, Diversity & Social Inequality, Global Sociology, Mass Culture & Collective Behavior, Medical Sociology, Sociology

### **Department of Statistics**

*Chair:* Shunpu Zhang  
CCII 206; 407-823-5528  
Email: [stats@ucf.edu](mailto:stats@ucf.edu)  
<http://sciences.ucf.edu/statistics/>

*Associate Chair:* James Schott  
*Undergraduate Program Coordinator:* Nizam Uddin

Please see the department website for a listing of the department's faculty and staff.

The Department of Statistics offers courses and programs leading to a Bachelor of Science in Actuarial Sciences, A Bachelor of Science in Statistics, a minor in Statistics, a minor in Actuarial Sciences, and a Master of Science in Statistical Computing with a track in Data Mining. The B.S. in Actuarial Science is designed to satisfy the Society of Actuaries (SOA) and the Casualty Actuarial Society (CAS) Validation by Educational Experience (VEE) requirements in the areas of Economics, Corporate Finance and Statistics, and the program will prepare students for the SOA exams that are part of the certification process that lead to the first level of credentials issued by the SOA and CAS.

The B.S. in Statistics is designed to serve 1) students who desire to pursue careers in statistics after having completed a baccalaureate degree; 2) students who desire to continue their education in graduate or professional schools; and 3) students who use statistics as a tool in their specialty areas.

In order to serve such a wide variety of students, the courses and programs in the Department of Statistics have been developed along several lines. There are the usual service courses in elementary statistics along with strong programs in the upper division in statistical methods, statistical theory, and statistical computing. A limited number of assistantships are available for qualified graduate and undergraduate students.

**Degrees:** Actuarial Sciences (BS), Statistics (BS, MS)

**MS Track:** Data Mining

**Minors:** Statistics, Actuarial Science

# COLLEGE OF UNDERGRADUATE STUDIES

## College of Undergraduate Studies

*Vice Provost and Dean:* Elizabeth A. Dooley

MH 210; 407-823-2373

<http://www.undergrad.ucf.edu>

*Associate Dean:* Keisha Hoerner

MH 210; 407-823-2373

The College of Undergraduate Studies provides students with a robust and individualized course of study through its Interdisciplinary Studies degree program. The college also confers academic degrees that include Bachelor of Arts and Bachelor of Science in Interdisciplinary Studies, Bachelor of Applied Science, and Bachelor of Science in Environmental Studies. It also serves as a partner to UCF's colleges and units in their curricular planning, collaborates with faculty curricular oversight, works with faculty and administrators to assure the strength of university-wide programs such as general education, and advocates for an undergraduate education that offers an outstanding learning experience to UCF students.

## Interdisciplinary Studies

*Director:* TBA

CL1 302; 407-823-0144

Email: [is@ucf.edu](mailto:is@ucf.edu)

<http://is.ucf.edu>

*Program Contact:* Interdisciplinary Studies Advising Team

*Academic Advisers:* Karen Baxley, Luisa Cintron, Amy Van Epps, Peter Wallace

Students participating in the IDS degree program have the opportunity to pursue individually planned programs of study across multiple disciplines that will prepare them for graduate or professional school or career. Students' degree programs integrate three distinct areas of study in addition to methodological framing courses. As one of UCF's largest degree programs, IDS collaborates with UCF's colleges to offer more than 1,400 majors (Fall 2016). IDS offers a B.A. or B.S. in Interdisciplinary Studies, B.S. in Environmental Studies, and B.A. IDS Transnational Gender, Race, and Sexuality Studies track. The program also offers minors in Environmental Studies, World Comparative Studies, and Leadership Studies. It also oversees certificate programs in Leadership Studies, Cultural Tourism, Service-Learning, and Geographic Information Systems.

## Academic Services

Academic Services upholds State of Florida and UCF policies and regulations regarding the academic records of undergraduate stu-

dents. It reviews academic record changes such as medical withdrawals, late adds/drops, late withdrawals, and college petitions for waivers of UCF degree requirements. Academic Services administers the myKnight Audit for undergraduate degree programs. Additionally, it reviews lower level transfer credit for satisfaction of General Education requirements, Gordon Rule writing, and foreign language proficiency requirements. The Dean of the College of Undergraduate Studies serves as the final arbiter for all undergraduate academic appeals.

Academic Services also plays an integral role in UCF's curriculum management process. Supporting the Faculty Senate's responsibility for all curriculum committees and councils, as defined by its constitution, the college works closely with the chairs of both the Undergraduate Curriculum Review Committee (UCRC) and the Undergraduate Policy and Curriculum Committee (UPCC). The Dean of the College of Undergraduate Studies chairs the Common Program Oversight Committee, the Senate body that oversees university-wide curricular requirements including the General Education Program. The College of Undergraduate Studies assists the committees throughout the review process, ensures approved courses and programs are sent to the appropriate state agencies, and facilitates the annual review of programs within the Undergraduate Catalog. Once proposals have been approved by any of the three curricular committees, the Dean is the next level of approval. Those approved by the Dean then go to the Provost for final approval.

## Bachelor of Applied Science

*Dean:* Elizabeth A. Dooley

MH 210; 407-823-2373

<http://regionalcampuses.ucf.edu/program/applied-science>

The Bachelor of Applied Science serves all Associate of Science (A.S.) graduates who desire a Bachelor of Science (B.S.) degree for career or personal advancement. The program builds upon the technical or professional skills acquired in the A.S. to develop competencies in management and communication, with emphasis on developing skills in critical thinking, problem solving, and decision making. The curriculum consists of core courses in ethics, management and communication, and a concentration chosen by the student.

*Program Academic Learning Compacts* (student learning outcomes) for undergraduate programs in the College of Undergraduate Studies are located at: <http://oeas.ucf.edu/academiclearningcompacts.html>

# ROSEN COLLEGE OF HOSPITALITY MANAGEMENT

## Rosen College of Hospitality Management

*Dean:* Abraham Pizam

9907 Universal Boulevard, Suite 231-H Orlando, FL 32819;  
407-903-8000

<http://www.hospitality.ucf.edu>

*Associate Dean:* Robertico Croes;

9907 Universal Boulevard, Suite 231-A; 407-903-8000

*Associate Dean:* Youcheng Wang;

9907 Universal Boulevard, Suite 231-A; 407-903-8000

*Orlando Campus Academic Advising:*

Classroom Building I, 302H; 407-823-1112

*Faculty:* Altin, Back, Black, Breiter, Bunn, Bufquin, Chen, Croes, Dickson, Fjelstul, Florsheim, Fridrich, Fyall, Fu, Gregory, Hagglund, Hahn, Hara, Hogg, Hua, Hutchinson, Judy, Juge, Jung, Kang, Kaufman, Kizildig, Kwun, Lavendol, Logan, Lynch, Mejia, Milman, Murphy, Nalley, Okumus B., Okumus, F., Ozturk, Park, Pizam, Richards, Rivera, Ro, Seltzer, Semrad, Severt, Singh, Tasci, Terry, Torres, Van Niekerk, Wang, Whitney, Wilson, Weinland, Wei, Weissberg, Yost

The hospitality industry is the second largest employer in the United States and represents the majority of the economy's rapidly growing service sector. Because of its unique location in the premier tourist destination in the world, the Rosen College of Hospitality Management is ideally situated to prepare students for leadership careers in the hospitality industry and beyond. Whether the student is interested in entering lodging, food service, travel and tourism, financial management and technology, theme parks, vacation ownership resorts, golf management, or event management, the Orlando and Central Florida area offers extraordinary opportunities.

Over 55 million tourists visit Orlando each year, an international destination with over 400 hotels with 120,000 rooms, 20,000 vacation ownership units, 5,300 restaurants, 176 golf courses, over 100 theme parks and attractions, 12 regional shopping malls, a top-ranked international airport, the second largest convention center in the nation, and a multitude of sport and entertainment venues. As the most visited location in the United States, Orlando's hospitality & tourism industry is the region's largest employer, supplying approximately 360,000 jobs with wages exceeding \$14 billion annually.

The educational mission of the College is to provide students with the knowledge, skills and abilities to identify opportunities and challenges in the hospitality industry and beyond, and to apply creative decision-making techniques in response to those opportunities. Hospitality is relevant to every business, so students will benefit from an education that's transferable to both private and public entities that value the customer experience.

The curriculum is designed to prepare students for a broad range of managerial roles across various industries. It provides both academic

preparation and practical experiences that students need to enter and succeed in their careers. Students also have the opportunity to experience the work world in hospitality through an internship requirement and extensive contact with leading hospitality executives in the Central Florida area. There are three undergraduate degrees offered, including Bachelor of Science degrees in Hospitality Management, Event Management, Entertainment Management and Restaurant and Food Service Management.

The college also houses the Linda Chapin Eminent Scholar Chair in Tourism Management and the Dick Pope Sr. Institute for Tourism Studies which was created and funded by the travel and tourism industry in Central Florida. The Institute conducts research and gathers information that helps the entire Orlando area hospitality industry better understand and serve its many guests from around the world.

### Distinctive Benefits

- A state-of-the-art facility located in the heart of the tourism district in Orlando, Florida with convenient on-campus housing.
- Access to global hospitality organizations that serve one of the world's premier tourist destinations.
- Extensive ties to top leaders in the Orlando area hospitality industry.
- A large number of scholarships provided through the generous support of the industry.
- Outstanding faculty from 17 different countries.
- A highly engaged faculty with vast industry knowledge and connections.
- A work requirement that provides students with practical experiences in the hospitality industry.
- Outstanding internship opportunities.
- A modern food production laboratory and beer and wine laboratory completely equipped to provide students with experience in food preparation.
- Multiple endowed chairs and professorships.

**Degrees:** Event Management (BS), Entertainment Management (BS), Hospitality Management (BS), Restaurant and Food Service Management (BS), Entertainment Management (BS)

**Tracks:** Theme Park and Attraction Management; Golf and Club Management, Lodging Operations, Professional Tennis Management

**Minor:** Hospitality Management; Event Management

# UCF DEGREE PROGRAMS

## Accounting (B.S.B.A.)

College of Business Administration

Kenneth G. Dixon School of Accounting,

Business Administration I, Room: 325

<http://business.ucf.edu/undergraduate-programs>

Phone: 407-823-2871

The purpose of the Accounting B.S.B.A. degree is to prepare students to successfully gain admittance to our Accounting M.S.A./M.S.T. graduate degree program and become Certified Public Accountants (CPAs). Not eligible for a double degree with another College of Business Administration major.

### Admission Requirements

- Completion of the UCF General Education program and Gordon Rule, or an AA degree from a Florida College System or State University System institution, and completion of each Common Program Prerequisite course with a "C" (2.0) or better.
- Completion of the following courses at UCF or at an AACSB accredited institution: ECO 3411, MAR 3023, FIN 3403, MAN 3025, and ACG 3131, with a GPA of at least 3.0, a grade of at least "B" (3.0) in ACG 3131, and no grade below a "C" (2.0). One course may be repeated one time in the next term of enrollment to meet these requirements.
- See Common Program Prerequisites.
- A student's academic catalog year guarantees their graduation requirements, but not their admission requirements. All pre-majors are held to the current admission standards. This applies to both native and transfer students.

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students wanting to major in Accounting must apply for admission to the major.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.
- For students seeking a double major within the College of Business, a maximum of 6 hours of Required Courses for the Major or Restricted Electives may count towards another business major.
- A maximum of 6 hours of Core Requirements or Restricted Electives may count towards another degree program or minor.
- Students in the Accounting major must maintain a 2.75 or higher cumulative Grade Point Average in all 3000 level or higher Accounting or Tax courses and a 2.0 or higher cumulative GPA in all College of Business courses taken at UCF. Failure to maintain the required GPAs will result in the student being placed on Lack of Progress in the major and/or College. If a student on Lack of Progress fails to achieve the minimum required GPA in the subsequent term of enrollment, the student will be dismissed as an Accounting major and/or College of Business student. A student who is dismissed may seek consideration for re-admittance into the College or major by submitting a letter indicating the reasons for academic difficulties and positive plans for achieving the required GPA. Readmission is not automatic or guaranteed and as an exception to College policy is rarely granted.
- Students must earn a "B" or higher in ACG 3131. In addition, only grades of "C" (2.0) or higher transfer into the program and students must earn a minimum of "C" (2.0) or higher in all business courses. This includes all courses under requirements 2, 3, 4, 5 and 6 below.

### 1. UCF General Education Program (GEP) (36 hrs)

#### A: Communication Foundations (9 hrs)

Prefer SPC 1608 Fundamentals of Oral Communication 3 hrs

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (6 hrs)

Required CGS 2100C Computer Fundamentals for Business 3 hrs

Required MAC 1105C College Algebra 3 hrs

#### D: Social Foundations (6 hrs)

##### Select 1:

Prefer ECO 2013 Principles of Macroeconomics or 3 hrs

Prefer ECO 2023 Principles of Microeconomics 3 hrs

##### Select 1: (3 hrs)

Suggested ANT 2000 General Anthropology or 3 hrs

Suggested PSY 2012 General Psychology or 3 hrs

Suggested SYG 2000 Introduction to Sociology 3 hrs

#### E: Science Foundations (6 hrs)

### 2. Common Program Prerequisites (CPP) (18 hrs)

- Must be completed with a "C" (2.0) or better

ACG 2021 Principles of Financial Accounting 3 hrs

ACG 2071 Principles of Managerial Accounting 3 hrs

CGS 2100C Computer Fundamentals for Business 3 hrs

ECO 2013 Principles of Macroeconomics 3 hrs

ECO 2023 Principles of Microeconomics 3 hrs

#### Select one of the following sequences of courses:

- Students who have not completed MAC 2233 and STA 2023 with a "C" (2.0) or better must take ECO 3401.

ECO 3401 Quantitative Business Tools I 3 hrs

or

<sup>1</sup> MAC 2233 Concepts of Calculus and 3 hrs

STA 2023 Statistical Methods I 3 hrs

<sup>1</sup> or MAC 2311 and MAC 2312

### 3. Core Requirements: Basic Level

- None

### 4. Core Requirements: Advanced Level (51 hrs)

#### Primary Core (15 hrs)

ACG 3131 Intermediate Financial Accounting I 3 hrs

ECO 3411 Quantitative Business Tools II 3 hrs

FIN 3403 Business Finance 3 hrs

MAN 3025 Management of Organizations 3 hrs

MAR 3023 Marketing 3 hrs

#### Secondary Core (15 hrs)

GEB 3006 Introduction to Career Development and Financial Planning 2 hrs

GEB 3003 Career Research & Planning 1 hr

GEB 3005 Career Search Strategy 1 hr

BUL 3130 Legal and Ethical Environment of Business 3 hrs

GEB 3375 Introduction to International Business 3 hrs

MAR 3203 Supply Chain and Operations Management 3 hrs

GEB 4223 Business Interviewing Techniques 1 hr

GEB 4004 Executing Your Career Plan 1 hr

#### Required courses for major: (21 hrs)

ACG 3141 Intermediate Financial Accounting II 3 hrs

ACG 3361 Cost Accounting I 3 hrs

ACG 3501 Financial Accounting for Governmental and Nonprofit Organizations 3 hrs

ACG 4401C Accounting Information Systems 3 hrs

ACG 4651 Auditing 3 hrs

ACG 4803 Advanced Issues in Financial Accounting 3 hrs

TAX 4001 Taxation of Business Entities and Transactions 3 hrs

### 5. Restricted Electives (6 hrs)

#### Business Electives (6 hrs)

- Choose any two upper level business courses

### 6. Capstone Requirements (3 hrs)

- Admitted to a Business major, senior standing, and completion of MAN 3025, MAR 3023, FIN 3403, ECO 3411, and ACG 3173 or ACG 3131 are required to register for MAN 4720.
- MAN 4720 Strategic Management 3 hrs

## UCF Degree Programs

### 7. Foreign Language Requirements

#### Admissions

■ Admission: Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

#### 8. Electives

■ Variable

#### 9. Additional Requirements

■ None

#### 10. Required Minors

■ None

#### 11. Departmental Exit Requirements

■ A minimum major GPA of 2.75 and a minimum College of Business GPA of 2.0.

#### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

■ 120

#### Honors In Major

■ Eligibility: Requirements for admission to the Honors in the Major program are: completion of at least 60 credit hours, completion of at least 12 upper division hours, at least a 3.5 GPA in the major, at least a 3.2 upper-division GPA, and at least two semesters remaining prior to graduation.

■ Admission: Application for admission to the Honors in the Major program must be approved by both the Honors in the Major Coordinator for the School of Accounting and Associate Dean of the Honors College plus the payment of \$25.00 one-time membership dues.

#### Requirements:

■ Students accepted into the Honors in the Major program must complete two honors courses (total of 6 credit hours) as follows:

#### Take all of the following sequences:

|           |                              |       |
|-----------|------------------------------|-------|
| ACG 4903H | Honors Directed Reading I or | 3 hrs |
| ACG 4904H | Honors Directed Reading II   | 3 hrs |

and

|           |                             |       |
|-----------|-----------------------------|-------|
| ACG 4970H | Undergraduate Honors Thesis | 3 hrs |
|-----------|-----------------------------|-------|

#### Related Programs

■ None

#### Certificates

■ None

#### Related Minors

■ None

#### Advising Notes

■ Florida College System students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.

■ Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

#### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.

■ Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Quantitative Business Tools I. Students who have completed either the calculus or the statistics, but not both, must take Quantitative Business Tools I.

■ Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C" (2.0) or better in each common program prerequisites class.

■ Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.

#### Acceptable Substitutes for Transfer Courses

■ None

#### Plan of Study (120 hrs)

■ General electives as required to earn 120 credit hours

#### Freshman Year - Fall 15 hrs

|                       |                              |       |

Dr. David Nickerson, 407-823-5528

### Admission Requirements

- None

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
  - Departmental Residency Requirement: at least 15 semester hours of regularly scheduled 3000-4000 level courses must be taken from the UCF Statistics Department.
  - Students must earn at least a "C" (2.0) in each course with an STA prefix.
  - Students must achieve a minimum 2.0 cumulative GPA in all computer science and mathematics courses satisfying major requirements.
  - Students must achieve a minimum cumulative GPA of 2.0 in all courses satisfying major requirements.
  - Co-op or internship credit cannot be used in this major without prior approval.
  - Students should consult with a departmental advisor.
  - All prerequisites of courses taught within the College of Sciences will be enforced.
  - Courses designated in 1 (General Education Program) are generally spread over 4 years, and those designated in 2 (Common Program Prerequisites) are usually completed in the first 60 hours.
  - All statistics courses except the following, and those protected by Florida Common Course Numbering must be taken from, or approved by the Statistics Department at UCF.
- |          |  |       |
|----------|--|-------|
| STA 2023 | Statistical Methods I                    | 3 hrs |
| STA 3032 | Probability and Statistics for Engineers | 3 hrs |

### 1. UCF General Education Program (GEP) (39 hrs)

#### A: Communication Foundations (9 hrs)

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (7 hrs)

|          |          |                                   |       |
|----------|----------|-----------------------------------|-------|
| Required | MAC 2311 | Calculus with Analytic Geometry I | 4 hrs |
| Required | STA 2023 | Statistical Methods I             | 3 hrs |

#### D: Social Foundations (6 hrs)

#### Economics (3 hrs)

|        |          |                              |       |
|--------|----------|------------------------------|-------|
| Prefer | ECO 2013 | Principles of Macroeconomics | 3 hrs |
|--------|----------|------------------------------|-------|

#### Social Sciences: Select one. (3 hrs)

|          |          |                           |       |
|----------|----------|---------------------------|-------|
| Required | ANT 2000 | General Anthropology or   | 3 hrs |
| Required | PSY 2012 | General Psychology or     | 3 hrs |
| Required | SYG 2000 | Introduction to Sociology | 3 hrs |

### E: Science Foundations (8 hrs)

#### Life Science: (4 hrs)

|          |           |           |       |
|----------|-----------|-----------|-------|
| Required | BSC 2010C | Biology I | 4 hrs |
|----------|-----------|-----------|-------|

#### Physical Science: (4 hrs)

|          |           |                             |       |
|----------|-----------|-----------------------------|-------|
| Required | CHM 2045C | Chemistry Fundamentals I or | 4 hrs |
| Required | PHY 2053C | College Physics I           | 4 hrs |

### 2. Common Program Prerequisites (CPP) (14 hrs)

- See "Common Prerequisites" in the transfer and transitions Services section for more information, including some possible substitutes.

|           |                                     |       |
|-----------|-------------------------------------|-------|
| COP 3223C | Introduction to Programming with C  | 3 hrs |
| ECO 2013  | Principles of Macroeconomics        | GEP   |
| ECO 2023  | Principles of Microeconomics        | 3 hrs |
| MAC 2311C | Calculus with Analytic Geometry I   | GEP   |
| MAC 2312  | Calculus with Analytic Geometry II  | 4 hrs |
| MAC 2313  | Calculus with Analytic Geometry III | 4 hrs |

### Complete two laboratory courses designed for science majors;

- The state of Florida requires Actuarial Science majors to take two laboratory-based science courses designed for science majors. Students must complete 8 credits of the following courses, and depending on what was taken in the GEP, this requirement may already be satisfied.

- Note: both semesters do not have to be in the same subject area.

- Note: depending on which courses were taken in the GEP, this requirement could require 0 to 8 credits to complete.

### Select two semesters within the following;

- See Basic Core for details.

Biology majors courses with labs or  
Chemistry majors courses with labs or  
Physics majors courses with labs

### 3. Core Requirements: Basic Level (3 hrs)

- All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken;

|           |                                     |       |
|-----------|-------------------------------------|-------|
| COP 3223C | Introduction to Programming with C  | CPP   |
| ECO 2013  | Principles of Macroeconomics        | GEP   |
| ECO 2023  | Principles of Microeconomics        | CPP   |
| MAC 2311C | Calculus with Analytic Geometry I   | GEP   |
| MAC 2312  | Calculus with Analytic Geometry II  | CPP   |
| MAC 2313  | Calculus with Analytic Geometry III | CPP   |
| STA 2023  | Statistical Methods I               | GEP   |
| ACG 2021  | Principles of Financial Accounting  | 3 hrs |

### 4. Core Requirements: Advanced Level (49 hrs)

|          |  |       |
|----------|--|-------|
| FIN 3403 | Business Finance                       | 3 hrs |
| STA 4163 | Statistical Methods II                 | 3 hrs |
| STA 4164 | Statistical Methods III                | 3 hrs |
| STA 4321 | Statistical Theory I                   | 3 hrs |
| STA 4322 | Statistical Theory II                  | 3 hrs |
| STA 4852 | Applied Time Series                    | 3 hrs |
| STA 4183 | Theory of Interest                     | 3 hrs |
| STA 4184 | Introduction to Derivative Markets     | 3 hrs |
| STA 4186 | Theory of Derivative Pricing           | 3 hrs |
| STA 4130 | Life Contingencies I                   | 3 hrs |
| STA 4131 | Life Contingencies II                  | 3 hrs |
| STA 4133 | Loss Models I                          | 3 hrs |
| STA 4135 | Loss Models II                         | 3 hrs |
| COT 4500 | Numerical Calculus                     | 3 hrs |
| ENC 3241 | Writing for the Technical Professional | 3 hrs |
| MAS 3105 | Matrix and Linear Algebra              | 4 hrs |

### 5. Restricted Electives (6 hrs)

- Select from upper division or graduate (5000 level) statistics, mathematics, or computer science courses.

- Selected courses in business may be used only with prior approval by the Department of Statistics.

- The following courses cannot be used to satisfy this requirement:

|                 |                        |       |
|-----------------|------------------------|-------|
| MAC 2233        | Concepts of Calculus   | 3 hrs |
| MAC 2253        | Applied Calculus       | 3 hrs |
| MAC 2254        | Applied Calculus II    | 3 hrs |
| MHF 4404        | History of Mathematics | 3 hrs |
| All MAE courses |                        |       |

## UCF Degree Programs

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

- None

### 8. Electives (9 hrs)

- Select primarily from upper level courses, with departmental advisor's approval. May be outside of the department.

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- Students must earn at least a "C" (2.0) in each course with a STA prefix.
- Students must achieve a minimum 2.0 cumulative GPA in all computer science and mathematics courses satisfying major requirements.
- Take SOA Exam P (Probability) and report the score to the department.
- Students must achieve a minimum cumulative GPA of 2.0 in all courses satisfying major requirements.
- **12. University Minimum Exit Requirements**
- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- None

### Related Programs

- Mathematics
- Mathematics Education
- Statistics

### Certificates

- None

### Related Minors

- Actuarial Science
- Statistics
- Mathematics

### Advising Notes

- It is the student's responsibility to ensure they have satisfied course prerequisites before registering for a class.

### Transfer Notes

- Lower division courses do not substitute for upper division courses.

- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

- The following substitutions are acceptable for Common Program Prerequisites if taken as part of the AA course work.
- Computer Science: any COP programming language course will satisfy the CPP. However, the listed course is a prerequisite for Computer Science courses and still may need to be taken.
- Biology: any 2 laboratory courses for majors with BSC, CHM, or PHY prefixes will satisfy the CPP. However the listed biology courses are also a core requirement and need to be taken.

- Statistics: although any STA 2XXX course will satisfy the CPP, the listed course is required in the program's core and will still need to be taken.

### Plan of Study

- This is one of numerous possible plans of study. See program description for all requirements. Consult a departmental advisor for alternate, new or more appropriate selections.

- Prior to enrolling in Chemistry, take Chemistry Placement Test ~

<http://knightsource.seds.ucf.edu/placement>

- Prior to enrolling in Math, take Math Placement Test ~ <http://utc.sdes.ucf.edu>

- Although all classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

### Freshman Year - Fall 16 hrs

|          |                                   |       |
|----------|-----------------------------------|-------|
| ECO 2013 | Principles of Macroeconomics      | 3 hrs |
| ENC 1101 | Composition I                     | 3 hrs |
| MAC 2311 | Calculus with Analytic Geometry I | 4 hrs |
| STA 2023 | Statistical Methods I             | 3 hrs |
| GEP      |                                   | 3 hrs |

### Freshman Year - Spring 16 hrs

|          |                                    |       |
|----------|------------------------------------|-------|
| ENC 1102 | Composition II                     | 3 hrs |
| ECO 2023 | Principles of Microeconomics       | 3 hrs |
| MAC 2312 | Calculus with Analytic Geometry II | 4 hrs |
| STA 4163 | Statistical Methods II             | 3 hrs |
| GEP      |                                    | 3 hrs |

### Sophomore Year - Fall 16 hrs

|           |                                     |       |
|-----------|-------------------------------------|-------|
| STA 4164  | Statistical Methods III             | 3 hrs |

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alac/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alac/academic_learning_compacts.htm)

## UCF Degree Programs

### Advertising-Public Relations (B.A.)

#### College of Sciences

**Nicholson School of Communication, NSC, Room: 143**

**<http://communication.cos.ucf.edu>**

**Email: [adpr@ucf.edu](mailto:adpr@ucf.edu)**

Joan McCain - Area Coordinator, [joan.mccain@ucf.edu](mailto:joan.mccain@ucf.edu)

Nicholson Academic Student Services, [nassc@ucf.edu](mailto:nassc@ucf.edu)

Phone: 407-823-2681

#### Admission Requirements

- The Advertising-Public Relations program is a limited access program that requires a separate application.
- Students should apply to become Advertising - Public Relations majors only after completing all requirements for admission.
- Students must satisfactorily complete a minimum of 45 credit hours of college work before applying.
- The student's GPA is a major component of the admission criteria.
- The admission GPA will be calculated using all college work attempted.
- The GPA cut-off for admission varies each semester, depending on the applicants; but for the previous 6 admission periods, the GPA averaged 3.4.
- Pass a grammar proficiency exam administered by UCF's Testing Center, unless the student has qualifying AP or IB scores, or a "B" is earned in both freshman GEP English classes.
- Contact NSC Advising for specifics of admission criteria.
- Students must receive a positive evaluation by the Nicholson School of Communication.
- For admission to the program, students must complete or be enrolled into and complete the following courses with a "C" or better (if in progress at the time of admission, students who do not earn a "C" or better will be removed from the program):

| Complete the following: |                               | 6 hrs |
|-------------------------|-------------------------------|-------|
| ADV 3008                | Principles of Advertising and | 3 hrs |
| PUR 4000                | Public Relations              | 3 hrs |

#### Application Deadlines:

- October 1 to be admitted the next spring term;
- February 1 to be admitted the next summer term;
- June 1 to be admitted the next fall term.

#### Degree Requirements

- Students who change degree programs (other than from Ad-PR Pending) and select this major must adopt the most current catalog.
- Co-op credit can be used in the major with advisor's prior approval.
- Students should consult with a school advisor.
- School residency requirement consists of at least 24 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Nicholson School of Communication.
- Of the 120 hours required for graduation, 80 hours must be taken outside of the disciplines represented within the Nicholson School of Communication.
- Of these 80 hours, 56 must be taken in the liberal arts (i.e. within the College of Arts & Humanities or the College of Sciences).
- To ensure completion within 120 hours and to comply with the 80 hour rule, no more than 40 (or 43 if a GEP speech class was taken at UCF) of the 120 hours may be taken within the Nicholson School of Communication.
- Students electing to complete a minor must select the minor from outside the Nicholson School of Communication to remain below the 40 credit hour school maximum.
- A maximum of three credit hours of internship may be earned in one semester.

- All prerequisites of courses taught within the College of Sciences will be enforced.

- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

#### 1. UCF General Education Program (GEP) (36 hrs)

##### A: Communication Foundations (9 hrs)

|          |          |                |       |
|----------|----------|----------------|-------|
| Required | ENC 1101 | Composition I  | 3 hrs |
| Required | ENC 1102 | Composition II | 3 hrs |

##### Select either (3 hrs)

|          |           |   |       |
|----------|-----------|---|-------|
| Required | SPC 1608  | Fundamentals of Oral Communication or   | 3 hrs |
| Required | SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |

##### B: Cultural & Historical Foundations (9 hrs)

|                                    |          |                         |       |
|------------------------------------|----------|-------------------------|-------|
| Prefer                             | AMH 2010 | U.S. History: 1492-1877 | 3 hrs |
| Select two courses from group B 2. |          |                         | 6 hrs |

##### C: Mathematical Foundations (6 hrs)

##### Math (3 hrs)

|           |          |                             |       |
|-----------|----------|-----------------------------|-------|
| Suggested | MGF 1106 | Finite Mathematics or       | 3 hrs |
| Suggested | MGF 1107 | Explorations in Mathematics | 3 hrs |

or  
May substitute a higher level math with appropriate scores on the Math Placement Exam. 3 hrs

##### Statistics (3 hrs)

|  |           |                             |       |
|--|-----------|-----------------------------|-------|
| Required                                   | STA 2014C | Principles of Statistics or | 3 hrs |
| May substitute a more advanced STA course. |           |                             | 3 hrs |

##### D: Social Foundations (6 hrs)

##### Economics (3 hrs)

|          |          |                                 |       |
|----------|----------|---------------------------------|-------|
| Required | ECO 2013 | Principles of Macroeconomics or | 3 hrs |
| Required | ECO 2023 | Principles of Microeconomics    | 3 hrs |

##### Social Sciences (3 hrs)

|          |          |                           |       |
|----------|----------|---------------------------|-------|
| Required | ANT 2000 | General Anthropology or   | 3 hrs |
| Required | PSY 2012 | General Psychology or     | 3 hrs |
| Required | SYG 2000 | Introduction to Sociology | 3 hrs |

##### E: Science Foundations (6 hrs)

##### 2. Common Program Prerequisites (CPP)

- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

##### Select either Economics course:

|          |                                 |     |
|----------|---------------------------------|-----|
| ECO 2013 | Principles of Macroeconomics or | GEP |
| ECO 2023 | Principles of Microeconomics    | GEP |

##### Select either Speech course:

|           |   |     |
|-----------|---|-----|
| SPC 1608  | Fundamentals of Oral Communication or   | GEP |
| SPC 1603C | Fundamentals of Technical Presentations | GEP |

##### 3. Core Requirements: Basic Level (6 hrs)

- All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken along with the following;

##### Must be in progress or completed before applying to the program:

##### Complete all of the following: (6 hrs)

- For admission to the program, students must complete or be enrolled into and complete the following courses with a "C" or better (if in process at the time of admission, students who do not earn a "C" or better will be removed from the program).

|          |                               |       |
|----------|-------------------------------|-------|
| ADV 3008 | Principles of Advertising and | 3 hrs |
| PUR 4000 | Public Relations              | 3 hrs |

##### May be completed before or after admission to the program:

##### Complete either economics class:

|          |                                 |         |
|----------|---------------------------------|---------|
| ECO 2023 | Principles of Microeconomics or | GEP/CPP |
| ECO 2013 | Principles of Macroeconomics    | GEP/CPP |

## UCF Degree Programs

### Complete either speech class

|           |   |         |
|-----------|---|---------|
| SPC 1608  | Fundamentals of Oral Communication or   | GEP/CPP |
| SPC 1603C | Fundamentals of Technical Presentations | GEP/CPP |

### Complete either statistics class:

|           |                             |     |
|-----------|-----------------------------|-----|
| STA 2014C | Principles of Statistics or | GEP |
| STA 2023  | Statistical Methods I       | GEP |

### 4. Core Requirements: Advanced Level (24 hrs)

#### Complete after admission to the program:

|          |                                    |       |
|----------|------------------------------------|-------|
| ADV 4101 | Advertising Copywriting            | 3 hrs |
| MMC 3420 | Mass Media Research Methods        | 3 hrs |
| MMC 3200 | Mass Communication Law             | 3 hrs |
| MMC 4411 | Ad-PR Campaigns                    | 3 hrs |
| MMC 3630 | Social Media as Mass Communication | 3 hrs |
| PUR 3100 | Writing for Public Relations       | 3 hrs |
| VIC 3001 | Visual Communication               | 3 hrs |

### Internship: Select one 3 hrs

|          |               |       |
|----------|---------------|-------|
| ADV 4941 | Internship or | 3 hrs |
| PUR 4941 | Internship    | 3 hrs |

### 5. Restricted Electives (9 hrs)

#### Select from the following after admission to the program:

|           |   |       |
|-----------|---|-------|
| PUR 3004  | Public Relations and Society                              | 3 hrs |
| ADV 4103  | Radio-Television Advertising                              | 3 hrs |
| ADV 4300  | Advertising Media Planning                                | 3 hrs |
| COM 3110  | Business and Professional Communication                   | 3 hrs |
| JOU 4700  | Journalism Ethics   | 3 hrs |
| PUR 3210  | Communication Approach to Corporate Social Responsibility | 3 hrs |
| PUR 4203  | PR/Advertising Ethics and Law                             | 3 hrs |
| PUR 4014  | Preparing for Public Relations Certification              | 3 hrs |
| PUR 4400  | Crisis Communication                                      | 3 hrs |
| PUR 4110C | Public Relations Publications                             | 3 hrs |
| PUR 4801  | Public Relations Case Studies                             | 3 hrs |
| VIC 4312  | Power Branding  | 3 hrs |

### You may take either internship, but not both. 3 hrs

|          |               |       |
|----------|---------------|-------|
| ADV 4941 | Internship or | 3 hrs |
| PUR 4941 | Internship    | 3 hrs |

### 6. Capstone Requirements

- The following Advanced Core course meets the

#### Capstone Requirement:

|          |                 |       |
|----------|-----------------|-------|
| MMC 4411 | Ad-PR Campaigns | 3 hrs |
|----------|-----------------|-------|

### 7. Foreign Language Requirements

#### Admissions

- Met by graduation requirement.

#### Graduation

- Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement.

- Eight credits of American Sign Language (ASL) can satisfy this requirement for students graduating under this catalog; however it will not count toward the 56 hour Liberal Arts requirement. Consult with the NSC advising staff to understand how choosing ASL impacts hours needed to graduate.

### 8. Electives

- Select primarily from upper level courses, with school advisor's approval. Must be from outside of the disciplines represented within school in order to not exceed the 40 credit hour cap. The majority of electives should be taken in the Liberal Arts to comply with the 56 hour Liberal Arts requirement.

### 9. Additional Requirements

- None

### 10. Required Minors

- None required. However if a minor is desired, it must be selected from outside the school in order to not exceed the 40 credit hour cap.

### 11. Departmental Exit Requirements

- To avoid delaying graduation, the student must request a review of requirements before registering for the last term.
- Students must achieve a minimum cumulative GPA of 2.0 in all UCF Nicholson School of Communication (NSC) courses taken in the major.
- All attempts of UCF NSC courses that could meet major requirements are included in the major GPA calculation, including those taken beyond the minimum required (e.g. additional restricted electives).

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- Eligibility: Requirements for admission to Honors in the Major are: completion of at least 60 semester hours of college credits including at least 12 graded upper-division hours at UCF; at least a 3.5 GPA within the major; and at least a 3.2 cumulative GPA including all upper-division courses regardless of institution; complete ADV 3008 and PUR 4000 with a minimum grade of A (4.0) and MMC 3420 with a minimum grade of B (3.0).

- Admission: Application to admission to Honors in the Major program must be approved by both the Honors in the Major thesis adviser and the Advertising-Public Relations Area Coordinator.

### Requirements:

- Students accepted into the Honors in the Major Program must complete the following:

|                  |                               |              |
|------------------|-------------------------------|--------------|
| <b>Select 1:</b> |                               | <b>3 hrs</b> |
| ADV 4906         | Directed Independent Study or | 1 hr         |
| PUR 4906         | Directed Independent Study    | 1 hr         |

|                  |                                |              |
|------------------|--------------------------------|--------------|
| <b>Select 1:</b> |                                | <b>3 hrs</b> |
| ADV 4970H        | Undergraduate Honors Thesis or | 1 hr         |
| PUR 4970H        | Honors Undergraduate Thesis II | 1 hr         |

### Related Programs

- Marketing

### Certificates

- None

### Related Minors

- NOTE: Minors taught within the Nicholson School of Communication are not open to Ad-PR majors.

- Business
- Digital Media
- Writing and Rhetoric
- Hospitality Management
- Marketing
- Political Science
- Psychology
- Sociology

### Advising Notes

- Students must satisfy each course's prerequisites before enrolling in the class.

### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

- None

## UCF Degree Programs

### Plan of Study

■ One of numerous possible plans of study. See program description for all requirements. Consult a school advisor for alternate, new or more appropriate selections.

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/aic/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/aic/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$15 per term
- Full-Time Student: \$30 per term

## Aerospace Engineering (B.S.A.E.)

### College of Engineering and Computer Science

#### Department of Mechanical and Aerospace Engineering, Engineering 1, Room: 381

<http://www.mae.ucf.edu>

Email: [MAEadvising@ucf.edu](mailto:MAEadvising@ucf.edu)

Dr. Hyoung Jin "Joe" Cho, [hjcho@ucf.edu](mailto:hjcho@ucf.edu), 407-823-8014

Lynn Grabenhorst, [Lynn.Grabenhorst@ucf.edu](mailto:Lynn.Grabenhorst@ucf.edu), 407-823-5448

Phone: 407-823-5448

### Admission Requirements

■ Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHM 2045C or CHS 1440.

■ Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

### Degree Requirements

■ Students in the Aerospace Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Aerospace Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Aerospace Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

■ A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Aerospace Engineering major will be subject to all probation conditions that applied at the time of exclusion.

### 1. UCF General Education Program (GEP) (38 hrs)

■ The UCF General Education Program (GEP) is described in the General Education Program section, located elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

|                                     |                |
|-------------------------------------|----------------|
| <b>A: Communication Foundations</b> | <b>(9 hrs)</b> |
| Required ENC 1101 Composition I     | 3 hrs          |
| Required ENC 1102 Composition II    | 3 hrs          |

|   |              |
|---|--------------|
| <b>Select 1:</b>  | <b>3 hrs</b> |
| Prefer SPC 1603C Fundamentals of Technical Presentations or | 3 hrs        |
| Suggested SPC 1608 Fundamentals of Oral Communication       | 3 hrs        |

## UCF Degree Programs

**B: Cultural & Historical Foundations (9 hrs)**  
 Select two classes from Historical Foundations 6 hrs  
 Select one class from Cultural Foundations 3 hrs

**C: Mathematical Foundations (7 hrs)**  
 Required MAC 2311C Calculus with Analytic Geometry I 4 hrs  
 Required STA 3032 Probability and Statistics for Engineers 3 hrs

**D: Social Foundations (6 hrs)**  
**Select 1: 3 hrs**  
 Prefer ECO 2013 Principles of Macroeconomics or 3 hrs  
 Prefer ECO 2023 Principles of Microeconomics 3 hrs  
 Select one class from Social Foundations 3 hrs

**E: Science Foundations (7 hrs)**  
 Suggested PHY 2048C General Physics Using Calculus I 4 hrs  
 Select one class from Science Foundations 3 hrs

### 2. Common Program Prerequisites (CPP) (19 hrs)

■ These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. To enroll in MMAE major courses, a 2.0 (C or better) in each course is required for those courses in section 2.

■ See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|                        |                                     |       |
|------------------------|-------------------------------------|-------|
| <sup>1</sup> MAC 2311C | Calculus with Analytic Geometry I   | GEP   |
| <sup>1</sup> MAC 2312  | Calculus with Analytic Geometry II  | 4 hrs |
| <sup>1</sup> MAC 2313  | Calculus with Analytic Geometry III | 4 hrs |
| <sup>1</sup> MAP 2302  | Ordinary Differential Equations I   | 3 hrs |
| <sup>1</sup> PHY 2048C | General Physics Using Calculus I    | GEP   |
| PHY 2049C              | General Physics Using Calculus II   | 4 hrs |

<sup>1</sup> A "C" (2.0) or better is required in this course.

**Select one of the following sequences of courses:**

#### -Preferred course

|          |                         |       |
|----------|-------------------------|-------|
| CHS 1440 | Principles of Chemistry | 4 hrs |
|----------|-------------------------|-------|

#### or- First alternative: Select all of the following: 6 hrs

|          |                               |       |
|----------|-------------------------------|-------|
| CHM 2040 | Chemistry Fundamentals IA and | 3 hrs |
| CHM 2041 | Chemistry Fundamentals IB     | 3 hrs |

#### or- Second alternative

|           |                          |       |
|-----------|--------------------------|-------|
| CHM 2045C | Chemistry Fundamentals I | 4 hrs |
|-----------|--------------------------|-------|

### 3. Core Requirements: Basic Level (2 hrs)

■ The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.250 GPA in completing these courses, together with the core requirements listed in section 4, the technical elective courses listed in section 5 below and with the senior design courses listed in section 6 below. Independent study courses generally do not satisfy major requirements.

|           |  |      |
|-----------|--|------|
| EGS 1006C | Introduction to the Engineering Profession | 1 hr |
| EGN 1007C | Engineering Concepts and Methods           | 1 hr |

### 4. Core Requirements: Advanced Level (51 hrs)

|           |  |       |
|-----------|--|-------|
| EGN 3310  | Engineering Analysis-Statics                             | 3 hrs |
| EGN 3343  | Thermodynamics   | 3 hrs |
| EMA 3706  | Structure and Properties of Aerospace Materials          | 3 hrs |
| EGN 3373  | Principles of Electrical Engineering                     | 3 hrs |
| STA 3032  | Probability and Statistics for Engineers                 | GEP   |
| EAS 3101  | Fundamentals of Aerodynamics                             | 3 hrs |
| EAS 3800C | Aerospace Engineering Measurements                       | 3 hrs |
| EAS 3810C | Design of Aerospace Experiments                          | 3 hrs |
| EAS 4105  | Flight Mechanics   | 3 hrs |
| EAS 4134  | High-Speed Aerodynamics                                  | 3 hrs |
| EAS 4300  | Aerothermodynamics of Propulsion Systems                 | 3 hrs |
| EML 3034C | Modeling Methods in Mechanical and Aerospace Engineering | 3 hrs |
| EGM 3601  | Solid Mechanics  | 3 hrs |

|          |   |       |
|----------|---|-------|
| EGN 3321 | Engineering Analysis-Dynamics             | 3 hrs |
| EML 4225 | Introduction to Vibrations and Controls   | 3 hrs |
| EML 3701 | Fluid Mechanics I                         | 3 hrs |
| EML 4142 | Heat Transfer                             | 3 hrs |
| EAS 4200 | Analysis & Design of Aerospace Structures | 3 hrs |

### 5. Restricted Electives (12 hrs)

■ Technical electives are available in the BSAE program to address specific student interests in a variety of technical areas. Students must consult with their assigned academic advisor for a list of the approved technical electives and the semesters when specific courses of this type are to be offered. <http://mmae.ucf.edu/Academics/undergraduate.html>

### 6. Capstone Requirements (6 hrs)

■ These courses are a capstone experience to your engineering program and should be completed in your last 2 major semesters of study.

■ CECS encourages all engineering students to take the Fundamentals Exam during their senior year.

|           |                     |       |
|-----------|---------------------|-------|
| EAS 4700C | Aerospace Design I  | 3 hrs |
| EAS 4710C | Aerospace Design II | 3 hrs |

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

#### 8. Electives

■ None

#### 9. Additional Requirements

■ None

#### 10. Required Minors

■ None

#### 11. Departmental Exit Requirements

■ 25% of course work must be in residency at UCF.

#### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA  
 ■ 60 semester hours earned after CLEP awarded  
 ■ 48 semester hours of upper division credit completed  
 ■ 30 of the last 39 hours of course work must be completed in residency at UCF.  
 ■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.  
 ■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

■ 128

#### Honors In Major

■ None

#### Related Programs

■ Mechanical Engineering

#### Certificates

■ None

#### Related Minors

■ Intelligent Robotic Systems (IRS) - Interdisciplinary  
 ■ Engineering Leadership

#### Advising Notes

■ Double Degree/Double Major requirements listed under college section of the catalog.

#### Career and Academic Advising

■ The department requires all students in the program to meet with a faculty member for advising on career and academic issues. These courses must be taken in sequence during the 3rd and 4th year.

|          |   |       |
|----------|---|-------|
| EAS 3933 | Aerospace Career and Academic Faculty Advising I  | 0 hrs |
| EAS 4931 | Aerospace Career and Academic Faculty Advising II | 0 hrs |

## UCF Degree Programs

### Transfer Notes

- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.
- EGS 1006C and EGN 1007C are required courses for incoming freshman students only. The two credit hours for these courses will be substituted by an approved Aerospace Engineering Elective for transfer students.

### Acceptable Substitutes for Transfer Courses

- None

### Plan of Study (128 hrs)

- The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their faculty advisor to develop and maintain an appropriate plan of study.

#### Freshman Year - Fall 12 hrs

|           |  |       |
|-----------|--|-------|
| EGS 1006C | Introduction to the Engineering Profession | 1 hr  |
| ENC 1101  | Composition I                              | 3 hrs |
| MAC 2311C | Calculus with Analytic Geometry I          | 4 hrs |

#### Select 1: 4 hrs

|                       |                              |       |
|-----------------------|------------------------------|-------|
| <sup>1</sup> CHS 1440 | Principles of Chemistry or   | 4 hrs |
| CHM 2045C             | Chemistry Fundamentals I or  | 4 hrs |
| CHM 2040              | Chemistry Fundamentals IA or | 3 hrs |
| CHM 2041              | Chemistry Fundamentals IB    | 3 hrs |

<sup>1</sup> Preferred

#### Freshman Year - Spring 15 hrs

|           |                                    |       |
|-----------|------------------------------------|-------|
| EGN 1007C | Engineering Concepts and Methods   | 1 hr  |
| ENC 1102  | Composition II                     | 3 hrs |
| MAC 2312  | Calculus with Analytic Geometry II | 4 hrs |
| PHY 2048C | General Physics Using Calculus I   | 4 hrs |

#### Select 1: 3 hrs

|           |  |       |
|-----------|--|-------|

| Upper Division Elective |  | 3 hrs |

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oeas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$45 per term
- Full-Time Student: \$90 per term

## Anthropology (B.A.)

### College of Sciences

#### Department of Anthropology, Philips Hall, Room: 309

<http://www.cos.ucf.edu/anthropology>

Sarah Barber, [sarahstacy.barber@ucf.edu](mailto:sarahstacy.barber@ucf.edu)

Phone: 407-823-2227

The Anthropology major results in broad holistic understanding of humans and the human condition, both past and present. Students study all subfields of Anthropology: Archaeology, Cultural Anthropology, Linguistics, and Physical Anthropology. Students with sufficient course background may participate in ongoing archaeological excavations in Central America, South America and the Caribbean. This degree program may be completed online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees. See <http://ucf.edu/online> for more information.

### Admission Requirements

- None

### Degree Requirements

- UCF students who change degree programs and select this major must adopt the most current catalog.
- Departmental Residency Requirement: at least 30 semester hours of regularly scheduled 3000-4000 level courses must be taken from the UCF Anthropology Department
- Students must maintain a minimum cumulative GPA of 2.0 in all major requirements.
- Co-op or internship credit cannot be used in the major without prior approval
- Students should consult with a departmental advisor
- All prerequisites of courses taught within the College of Sciences will be enforced.

- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours

#### 1. UCF General Education Program (GEP) (36 hrs)

##### A: Communication Foundations (9 hrs)

##### B: Cultural & Historical Foundations (9 hrs)

##### C: Mathematical Foundations (6 hrs)

#### Math: 3 hrs

|           |          |                                |       |

<sup>1</sup> Alternatively, seniors may select the 5000 level equivalent, but not both.

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Met by graduation requirement

#### Graduation

- Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Foreign Languages and Literatures or Judaic Studies, or two semesters equivalent of American Sign Language. Standardized examinations for foreign languages may be used to meet the requirement.

### 8. Electives

- Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

### 9. Additional Requirements

- None

## UCF Degree Programs

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

■ Students must maintain a minimum cumulative GPA of 2.0 in all major requirements. All attempts of courses taken are included in the major GPA calculation. Additional courses that could meet requirements but are taken beyond the minimum required (e.g., additional restricted electives beyond 24 hrs) and a "C" (2.0) or better is earned are also included in the GPA calculation.

- Students will be required to take a standard exit exam.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- None

### Related Programs

- Social Sciences
- Sociology

### Certificates

- Crime Scene Investigation
- Cultural Tourism
- Diplomacy
- Health Communications
- Judaic Studies
- Native American Studies
- Nonprofit Management
- Teaching English as a Foreign Language
- Women's Studies

### Related Minors

- The first four minors are not open to Anthropology majors:
- Anthropology
- Anthropology in Multicultural Studies
- Medical Anthropology
- North American Indian Studies
- Africana Studies
- American Studies
- Asian Studies
- Diplomacy
- English - Linguistics
- International and Global Studies
- Judaic Studies
- Latin American Area Studies
- Medical Sociology
- Middle Eastern Studies
- Nonprofit Management/National Certification in Nonprofit Management
- Sociology
- Women's Studies
- World Comparative Studies

### Advising Notes

- None

### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

- Although any two ANT courses satisfy the CPP, ANT 2511 is required in the core and must be taken.

### Plan of Study

- One of numerous possible plans of study. See program description for all requirements. Consult a departmental advisor for alternate, new or more appropriate selections.

- Although all classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oaas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oaas.ucf.edu/alc/academic_learning_compacts.htm)

## UCF Degree Programs

### Architecture (B.Des.)

#### College of Arts and Humanities

#### School of Visual Arts and Design

(This program is offered at UCF at the Valencia West Campus)

<http://architecture.ucf.edu/>

Email: [architecture@ucf.edu](mailto:architecture@ucf.edu)

Phone: 407-582-5500

The Bachelor of Design in Architecture was created to meet the local need in Central Florida for an architecture program. The Bachelor of Design (B.Des.) degree program is a partnership with Valencia College and the University of Florida, as part of a 2+2+2 program to enable students to complete an NAAB accredited architectural program in Central Florida. Note: Architecture (B.Des.) majors must have continual access to a computer. Contact the Architecture advising office (407-582-5500) for the minimum hardware and software specifications.

#### Admission Requirements

- Completion of an Associate of Arts (A.A.) in Architecture (or similar program) that meets the common course prerequisites of the Bachelor of Design in Architecture program.
- Submission of a completed UCF application packet.
- Participation in a competitive review prior to acceptance.
- Completion of the General Education Program (GEP) at UCF or equivalent.
- UCF admission files from other transfer students will be reviewed on an individual basis to determine if prerequisites and General Education Program requirements are met.
- Successful completion of PHY 2053 with a "C" (2.0) or better is required.

#### Degree Requirements

- Students who change degree programs and select this major must adopt the current catalog.
- Departmental Residency Requirement consists of at least 36 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF School of Visual Arts and Design.
- Students must earn at least a "C" (2.0) in each required course and maintain an overall GPA of at least 2.0.
- Co-op credit cannot be used in this major.
- Students should consult with an architecture advisor before selecting the major, and at least annually thereafter.
- Completion of at least 120 semester hours of course work, including all required courses.
- No more than 12 hours of overlap allowed in majors or minors completed in the School of Visual Arts and Design.

#### 1. UCF General Education Program (GEP) (36 hrs)

- Students who have not satisfied General Education Requirements before transferring will complete the remaining courses at UCF. The specific course will depend on the general education courses completed as part of their earlier coursework. If a student has an A.A. degree from any Florida college or university, they will have satisfied the GEP requirements.

**A: Communication Foundations (9 hrs)**

**B: Cultural & Historical Foundations (9 hrs)**

**C: Mathematical Foundations (6 hrs)**

**D: Social Foundations (6 hrs)**

**E: Science Foundations (6 hrs)**

#### 2. Common Program Prerequisites (CPP)

- None

#### 3. Core Requirements: Basic Level (33 hrs)

- A.A. Courses (completed in the A.A. in Architecture from Valencia College).
- ARC 2461 Materials and Methods of Construction and ARC 2180 Introduction to Digital Architecture are electives in Valencia College's architecture program but required for the B.Des. at UCF. See courses below.

ARC 1201 Theory of Architecture 2 hrs

|          |  |       |
|----------|--|-------|
| ARC 1301 | Architectural Design I                   | 4 hrs |
| ARC 1302 | Architectural Design II                  | 4 hrs |
| ARC 1701 | History of Architecture I or equivalent  | 3 hrs |
| ARC 2180 | Introduction to Digital Architecture     | 3 hrs |
| ARC 2303 | Architectural Design III                 | 5 hrs |
| ARC 2304 | Architectural Design IV                  | 5 hrs |
| ARC 2461 | Materials and Methods of Construction    | 4 hrs |
| ARC 2702 | History of Architecture II or equivalent | 3 hrs |

#### 4. Core Requirements: Advanced Level (45 hrs)

- Completed as part of the Bachelor of Design program at UCF.

|           |   |       |
|-----------|---|-------|
| ARC 3181  | Advanced Topics in Digital Architecture | 3 hrs |
| ARC 3320L | Architectural Design 5                  | 6 hrs |
| ARC 3321L | Architectural Design 6                  | 6 hrs |
| ARC 3463  | Materials and Methods of Construction 2 | 3 hrs |
| ARC 3503  | Architectural Structures                | 3 hrs |
| ARC 3610  | Environmental Technology 1              | 3 hrs |
| ARC 3743  | Architectural History 3                 | 3 hrs |
| ARC 4220  | Architectural Theory 2                  | 3 hrs |
| ARC 4322L | Architectural Design 7                  | 6 hrs |
| ARC 4323L | Architectural Design 8                  | 6 hrs |
| ARC 4620  | Environmental Technology 2              | 3 hrs |

#### 5. Restricted Electives

- None

#### 6. Capstone Requirements

- None

#### 7. Foreign Language Requirements

##### Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

##### Graduation

- None

##### 8. Electives

- Select primarily from upper level courses after meeting with the program advisor.

##### 9. Additional Requirements

- None

##### 10. Required Minors

- None

##### 11. Departmental Exit Requirements

- None

##### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

##### Total Semester Hours Required

- 120

##### Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at <http://research.honors.ucf.edu/honors-in-the-major>.

##### Related Programs

- None

##### Certificates

- Public and Professional Writing

##### Related Minors

- Art - Studio
- Art History
- Cognitive Sciences
- Digital Media
- Film - Cinema Studies
- Humanities
- Philosophy
- English - Technical Communication
- Writing and Rhetoric

## UCF Degree Programs

### Advising Notes

- <http://svad.cah.ucf.edu/students>
- [architecture@ucf.edu](mailto:architecture@ucf.edu)

### Transfer Notes

- Grades less than a "C" (2.0) are not accepted.
- Students transferring from any Florida public institution with an A.A. degree or with general education program (GEP) requirements of that institution met have thereby satisfied UCF GEP requirements.
- Lower division courses do not substitute for upper division courses.
- Transfer courses must be evaluated for equivalency credit and/or for use in the area by the department. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

- Acceptable substitutes for General Education and Common Program Prerequisites will be determined by the School of Visual Arts and Design and the University.

### Plan of Study

|  |               |
|--|---------------|
| <b>Freshman Year - Fall</b>                          | <b>16 hrs</b> |
| ARC 1301 Architectural Design 01 (Valencia College)  | 4 hrs         |
| ARC 1701 Architectural History 01 (Valencia College) | 3 hrs         |
| ENC 1101 Composition I                               | 3 hrs         |
| MAC 1140C Pre-Calculus Algebra                       | 3 hrs         |
| GEP  | 3 hrs         |

|   |               |
|---|---------------|
| <b>Freshman Year - Spring</b>                       | <b>15 hrs</b> |

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Full-Time Student: \$90 per term

## Art - Emerging Media Track (B.F.A.)

### College of Arts and Humanities

### School of Visual Arts and Design,

### Visual Arts Building, Room: 117

<http://svad.cah.ucf.edu/>

Email: [svadadvising@ucf.edu](mailto:svadadvising@ucf.edu)

Phone: 407-823-2676

The Emerging Media track allows students to integrate the multiple domains of art, storytelling, and technology. It is designed to: Provide a solid foundation in techniques and theory in one focused area of competence. Provide a broad understanding of related disciplines including arts, humanities, and technology. Provide extended experience in working in multidisciplinary teams on realistic problems. The program is administered through the School of Visual Arts and Design. It is recognized that there are many combinations of courses which meet the needs of individual students. Three specializations - Graphic Design, Character Animation, and Experimental Animation - lead to a Bachelor of Fine Arts degree. The School affirms that a theoretical and working understanding of the historical meanings and studio applications of the human image are critical in the education of Visual Art and Art History students. To develop such an understanding, Art courses often utilize images of clothed and unclothed human figures and, in certain studio classes, live nude models. Note: Emerging Media majors must have continual access to a computer. Contact the UCF Computer Store or see the website (<http://www.cstore.ucf.edu>) for the minimum hardware and software specifications.

### Admission Requirements

- Character Animation: students must satisfactorily complete the mandatory DIG3951 - Character Animation Portfolio Review before enrolling in any Character Animation restricted electives. The Character Animation portfolio review is only held in Spring, and typically takes place near the end of February.

- Experimental Animation: all junior level Experimental Animation students must satisfactorily complete the mandatory ART 3950-Portfolio Review before enrolling in upper division ART courses or Experimental Animation restricted electives. The Spring review takes place in the first week of March. The Fall review takes place in the first week of October.

- Graphic Design: students must satisfactorily complete the mandatory GRA3950 - Graphic Design Portfolio Application course before enrolling in any Graphic Design restricted electives. The Graphic Design portfolio review is only held in Spring, and typically takes place near the end of February.

- Students unable to satisfactorily complete ART 3950-Portfolio Review, DIG 3951 - Character Animation Portfolio Review, or GRA 3950 - Graphic Design Portfolio Application, may continue in the Art History or the Visual Art and Emerging Media Management tracks.

- "C-" (1.75) or below grades from other institutions do not meet departmental requirements.

- Note: One-on-one portfolio reviews are not possible due to the large number of received portfolios.

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog by filing a catalog year change with their degree change form.

- Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF School of Visual Arts and Design. Nine of these must be in an area of specialization.

- Students must earn at least a "C" (2.0) in each required course except DIG 2000, which requires a "B" (3.0) or better.

## UCF Degree Programs

- BFA students must achieve a 3.0 GPA in all major requirements.
- Co-op credit cannot be used in this major.
- Students should consult with a School advisor prior to selecting a specialization and at least annually thereafter.

### 1. UCF General Education Program (GEP) (37 hrs)

#### A: Communication Foundations (9 hrs)

#### B: Cultural & Historical Foundations (9 hrs)

#### Take all of the following: 9 hrs

|                                |          |                               |       |
|--------------------------------|----------|-------------------------------|-------|
| Required                       | ARH 2050 | History of Western Art I and  | 3 hrs |
| Required                       | ARH 2051 | History of Western Art II and | 3 hrs |
| Select a course from group B.1 |          |                               | 3 hrs |

#### C: Mathematical Foundations (7 hrs)

#### Take all of the following: 7 hrs

|          |           |                              |       |
|----------|-----------|------------------------------|-------|
| Required | MAC 1105C | College Algebra and          | 3 hrs |
| Required | COP 2500C | Concepts in Computer Science | 4 hrs |

#### D: Social Foundations (6 hrs)

#### E: Science Foundations (6 hrs)

### 2. Common Program Prerequisites (CPP) (18 hrs)

|  |                                       |       |
|--|---------------------------------------|-------|
| ARH 2050   | History of Western Art I              | GEP   |
| ARH 2051   | History of Western Art II             | GEP   |
| ART 2201C  | Design Fundamentals-Two Dimensional   | 3 hrs |
| ART 2203C  | Design Fundamentals-Three Dimensional | 3 hrs |
| ART 2300C  | Drawing Fundamentals I                | 3 hrs |
| ART 2301C  | Drawing Fundamentals II               | 3 hrs |
| GRA 2101C  | Introduction to Computer Art          | 3 hrs |
| Any ART prefix, studio, or media courses at the 2000-4000 levels                                 |                                       | 3 hrs |
| See "Common Prerequisites" in the Transfer and Transitions Services section for more information |                                       |       |

### 3. Core Requirements: Basic Level (12 hrs)

|           |                                    |       |
|-----------|------------------------------------|-------|
| COP 2500C | Concepts in Computer Science       | GEP   |
| MAC 1105C | College Algebra                    | GEP   |
| DIG 2000  | Introduction to Digital Media      | 3 hrs |
| DIG 2030  | Digital Video Fundamentals         | 3 hrs |
| DIG 2109  | Digital Imaging Fundamentals       | 3 hrs |
| DIG 2500  | Fundamentals of Interactive Design | 3 hrs |

### 4. Core Requirements: Advanced Level (12 hrs)

|           |                               |       |
|-----------|-------------------------------|-------|
| DIG 3024  | Digital Cultures & Narrative  | 3 hrs |
| DIG 3480  | Computer as a Medium          | 3 hrs |
| DIG 3525  | Digital Media Production I    | 3 hrs |
| DIG 4780C | Modeling for Realtime Systems | 3 hrs |

### 5. Restricted Electives (39 hrs)

#### ■ Specializations

#### Graphic Design

#### ■ Graphic Design Basic Concentration - 18 hours

|           |                                      |       |
|-----------|--------------------------------------|-------|
| GRA 3950  | Graphic Design Portfolio Application | 0 hrs |
| GRA 3102C | Intermediate Graphic Design I        | 3 hrs |
| GRA 3112C | Intermediate Graphic Design II       | 3 hrs |
| GRA 3803C | Intermediate Computer Graphic Design | 3 hrs |
| GRA 4196C | Advanced Graphic Design              | 3 hrs |
| GRA 4197C | Special Problems in Graphic Design   | 3 hrs |
| GRA 3202C | Type & Design                        | 3 hrs |

#### Graphic Design

#### ■ Graphic Design - Restricted Electives - 21 hours

Complete 21 hours of credits from the following areas: 21 hrs  
9 hours must be from 3000 or 4000 level art history courses, 12 hours from 3000 or 4000 ART, ARH, GRA, DIG courses or any 3000 or 4000 level course approved by the School.

### Character Animation 39 hrs

■ All courses in the Character Animation specialization are offered at the UCF Center for Emerging Media in Downtown Orlando

#### ■ Character Animation Core - 15 hours

|           |                                      |       |
|-----------|--------------------------------------|-------|
| DIG 3951  | Character Animation Portfolio Review | 0 hrs |
| ART 3643C | Digital Effects & Compositing        | 3 hrs |
| DIG 4325C | Look Modeling Workshop               | 3 hrs |
| DIG 4326C | Geometrical Modeling Workshop        | 3 hrs |
| FIL 3720C | Introduction to Animation            | 3 hrs |
| FIL 3734C | Intermediate Animation               | 3 hrs |

### Character Animation Basic Concentration - 24 hours

|           |   |       |
|-----------|---|-------|
| DIG 3355C | Artificial Environments and Effects                 | 3 hrs |
| DIG 3433C | Visual Storytelling and Visual Development          | 3 hrs |
| DIG 4206C | New Imagery in Motion Workshop                      | 3 hrs |
| DIG 4359C | Artificial Environments and Effects Workshop        | 3 hrs |
| DIG 4394C | Motion Graphics: Advanced Compositing               | 3 hrs |
| DIG 4434C | Narrative Techniques in the Moving Image            | 3 hrs |
| DIG 4451C | Visual Storytelling and Visual Development Workshop | 3 hrs |
| DIG 4486C | Visual Language of Moving Image II                  | 3 hrs |

### Experimental Animation 39 hrs

#### ■ Experimental Animation Core - 18 hours

|                       |                               |       |
|-----------------------|-------------------------------|-------|
| ART 3950              | Portfolio Review              | 0 hrs |
| ART 3643C             | Digital Effects & Compositing | 3 hrs |
| DIG 4325C             | Look Modeling Workshop        | 3 hrs |
| DIG 4326C             | Geometrical Modeling Workshop | 3 hrs |
| FIL 3720C             | Introduction to Animation     | 3 hrs |
| FIL 3734C             | Intermediate Animation        | 3 hrs |
| <sup>1</sup> ART 4935 | BFA Exhibit/Seminar           | 3 hrs |

<sup>1</sup> only offered in Spring semester.

#### ■ Experimental Animation Restricted Electives - 6 hours

|           |                                 |       |
|-----------|---------------------------------|-------|
| FIL 4735C | Experimental Animation          | 3 hrs |
| FIL 4750C | Experimental Animation Workshop | 3 hrs |

#### ■ Experimental Animation Restricted Electives - 15 hours

Complete 15 hours of credits from the following areas: 15 15 hrs  
hours required outside the specialization area from 3000 or 4000 ART, ARH, GRA, DIG courses or any 3000 or 4000 level courses approved by the School

### 6. Capstone Requirements

#### ■ None

### 7. Foreign Language Requirements

#### Admissions

#### ■ Met by graduation requirement

#### Graduation

■ Proficiency equivalent to one year of college instruction in a single foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement.

### 8. Electives

■ Unrestricted electives - credit hours varies with specialization. (A maximum of six hours of Independent Study, Directed Research, or Internship permitted)

■ Electives may be taken in allied programs such as Art, Music, Philosophy, English, Film, Communication, Computer Science, etc. as approved by the School.

### 9. Additional Requirements

#### ■ None

### 10. Required Minors

#### ■ None

### 11. Departmental Exit Requirements

■ Achieve at least a "B" (3.0) GPA in all major requirements.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

#### ■ 120

### Honors In Major

■ Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at <http://research.honors.ucf.edu/honors-in-the-major>.

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alac/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alac/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$31.50 per term
- Full-Time Student: \$63 per term

### Art - History Track (B.A.)

#### College of Arts and Humanities

#### School of Visual Arts and Design,

#### Visual Arts Building, Room: 117

<http://svad.cah.ucf.edu/>

Email: [svadadvising@ucf.edu](mailto:svadadvising@ucf.edu)

Phone: 407-823-2676

The School affirms that a theoretical and working understanding of the historical meanings and studio applications of the human image are critical in the education of Visual Art and Art History students. To develop such an understanding, Art courses often utilize images of clothed and unclothed human figures and, in certain studio classes, live nude models.

### Admission Requirements

- None

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF School of Visual Arts and Design. Nine of these must be in an area of ARH specialization.
- Grades below "C" (2.0) in lower level courses do not satisfy major requirements.
- Co-op credit cannot be used in the major.
- Students should consult with a School advisor at least once annually.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

### 1. UCF General Education Program (GEP) (36 hrs)

#### A: Communication Foundations (9 hrs)

#### B: Cultural & Historical Foundations (9 hrs)

|                                |          |                           |       |
|--------------------------------|----------|---------------------------|-------|
| Required                       | ARH 2050 | History of Western Art I  | 3 hrs |
| Required                       | ARH 2051 | History of Western Art II | 3 hrs |
| Select a course from group B.1 |          |                           | 3 hrs |

#### C: Mathematical Foundations (6 hrs)

#### Math: (3 hrs)

|           |          |                             |       |
|-----------|----------|-----------------------------|-------|
| Suggested | MGF 1106 | Finite Mathematics or       | 3 hrs |
| Suggested | MGF 1107 | Explorations in Mathematics | 3 hrs |
|           |          | or                          |       |

You may substitute a higher level math with appropriate scores on the Math Placement Exam.

### Statistics - Computers (3 hrs)

Select a course from GEP C.2 list 3 hrs

### D: Social Foundations (6 hrs)

### E: Science Foundations (6 hrs)

### 2. Common Program Prerequisites (CPP) (6 hrs)

- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|           |                                     |       |
|-----------|-------------------------------------|-------|
| ARH 2050  | History of Western Art I            | GEP   |
| ARH 2051  | History of Western Art II           | GEP   |
| ART 2201C | Design Fundamentals-Two Dimensional | 3 hrs |
| ART 2300C | Drawing Fundamentals I              | 3 hrs |

### 3. Core Requirements: Basic Level (3 hrs)

|          |                            |       |
|----------|----------------------------|-------|
| ARH 2500 | History of Non-Western Art | 3 hrs |
|----------|----------------------------|-------|

### 4. Core Requirements: Advanced Level (15 hrs)

|          |   |       |
|----------|---|-------|
| ARH 4310 | Italian Renaissance Art                 | 3 hrs |
| ARH 4430 | 19th Century Art                        | 3 hrs |
| ARH 4450 | 20th Century Art                        | 3 hrs |
| ARH 4800 | Theory and Criticism of the Visual Arts | 3 hrs |
| ENC 3315 | Argumentative Writing                   | 3 hrs |

### 5. Restricted Electives (24 hrs)

#### Select one Non-Western/Ancient Art History (3 hrs)

#### course from the following:

|          |                                 |       |
|----------|---------------------------------|-------|
| ARH 3670 | 20th Century Latin American Art | 3 hrs |
| ARH 4130 | Greek Art and Architecture      | 3 hrs |
| ARH 4150 | Roman Art and Architecture      | 3 hrs |
| ARH 4653 | Meso American Art               | 3 hrs |

#### One of the following courses: (3 hrs)

|          |              |       |
|----------|--------------|-------|
| ARH 4200 | Medieval Art | 3 hrs |
| ARH 4350 | Baroque Art  | 3 hrs |
| ARH 4871 | Women in Art | 3 hrs |

| ARH 3XXX-4XXX | Additional Art History course     | 3 hrs |

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Met by graduation requirement.

#### Graduation

- Proficiency equivalent to three semesters of college instruction in a single foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. German, French or Italian preferred, although other languages are acceptable with prior consent of advisor. Standardized examinations for foreign languages may be used to meet the requirement.

### 8. Electives

- Select primarily from upper level courses after meeting with a school advisor. Courses may be outside the department.

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- Achieve at least a "C" (2.0) GPA average in courses in the major.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at <http://research.honors.ucf.edu/honors-in-the-major>.

### Equipment Fees

- Part-Time Student: \$31.50 per term
- Full-Time Student: \$63 per term

## UCF Degree Programs

### Art - Studio Art Track (B.F.A.)

**College of Arts and Humanities**

**School of Visual Arts and Design, Visual Arts Building,**

**Room: 117**

**<http://svad.cah.ucf.edu/>**

**Email: [svadadvising@ucf.edu](mailto:svadadvising@ucf.edu)**

Phone: 407-823-2676

The BFA degree prepares students for professional practices and is recommended for students who plan to attend graduate school. The BFA degree provides a solid foundation in techniques and theory in focused areas of competence. The School affirms that a theoretical and working understanding of the historical meanings and studio applications of the human image are critical in the education of Visual Art and Art History students. To develop such an understanding, Art courses often utilize images of clothed and unclothed human figures and, in certain studio classes, live nude models.

#### Admission Requirements

■ All students in this program must satisfactorily complete the mandatory ART 3950-Portfolio Review before enrolling in upper division ART courses. This portfolio is typically submitted the semester prior to enrolling in upper division ART courses. The Spring review takes place in the first week of March. The Fall review takes place in the first week of October.

■ Students unable to satisfactorily complete ART 3950-Portfolio Review may continue in the Art History or the Visual Art and Emerging Media Management tracks.

■ Students may apply to the BFA Program as early as the first semester of their Junior year if they maintain a 3.0 overall average in upper level courses in the major. Students who do not meet these requirements may petition the BFA committee for acceptance.

■ "C-" (1.75) or below grades from other institutions do not meet departmental requirements.

■ Note: One-on-one portfolio reviews are not possible due to the large number of received portfolios.

#### Degree Requirements

■ Students who change degree programs and select this major must adopt the most current catalog by filing a catalog year change with their degree change form.

■ Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the School of Visual Arts and Design. Nine of these must be in an area of specialization.

■ Students must earn at least a "C" (2.0) in each required course; however a GPA of 3.0 or higher must be achieved in the major requirements.

■ BFA students must achieve a 3.0 GPA in all major requirements.

■ Co-op credit cannot be used in the major.

■ Students should consult with a School advisor, and an advisor in their studio specialization.

■ Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

#### 1. UCF General Education Program (GEP) (36 hrs)

##### A: Communication Foundations (9 hrs)

##### B: Cultural & Historical Foundations (9 hrs)

##### Take all of the following: 9 hrs

|          |          |                                |       |
|----------|----------|--------------------------------|-------|
| Required | ARH 2050 | History of Western Art I and   | 3 hrs |
| Required | ARH 2051 | History of Western Art II and  | 3 hrs |
|          |          | Select a course from group B.1 | 3 hrs |

##### C: Mathematical Foundations (6 hrs)

##### Math 3 hrs

|                     |          |                             |       |
|---------------------|----------|-----------------------------|-------|
| Prefer              | MGF 1106 | Finite Mathematics or       | 3 hrs |
| <sup>1</sup> Prefer | MGF 1107 | Explorations in Mathematics | 3 hrs |

#### Statistics-Computers

Select a course from GEP C.2 list

**3 hrs**

3 hrs

<sup>1</sup> (may substitute a higher level math)

#### D: Social Foundations (6 hrs)

#### E: Science Foundations (6 hrs)

#### 2. Common Program Prerequisites (CPP) (18 hrs)

|   |                                       |       |
|---|---------------------------------------|-------|
| ARH 2050  | History of Western Art I              | GEP   |
| ARH 2051  | History of Western Art II             | GEP   |
| ART 2201C   | Design Fundamentals-Two Dimensional   | 3 hrs |
| ART 2203C   | Design Fundamentals-Three Dimensional | 3 hrs |
| ART 2300C   | Drawing Fundamentals I                | 3 hrs |
| ART 2301C   | Drawing Fundamentals II               | 3 hrs |
| GRA 2101C   | Introduction to Computer Art          | 3 hrs |
| Any ART prefix, studio, or media courses at the 2000-4000 |                                       | 3 hrs |

levels

See "Common Prerequisites" in the Transfer and Transitions Services section for more information

#### 3. Core Requirements: Basic Level (6 hrs)

|          |                            |       |
|----------|----------------------------|-------|
| ARH 2500 | History of Non-Western Art | 3 hrs |
| ART 2823 | Art as Interface           | 3 hrs |

#### 4. Core Requirements: Advanced Level

|          |                  |       |
|----------|------------------|-------|
| ART 3950 | Portfolio Review | 0 hrs |
|----------|------------------|-------|

#### 5. Restricted Electives (42 hrs)

##### a. Specialization: 18 hrs

■ Select six upper division courses from one area:

##### Book Arts

|           |  |       |
|-----------|--|-------|
| ART 3170C | Book Binding or                              | 3 hrs |
| ART 3171C | Materials for Artist Books or                | 3 hrs |
| ART 3175C | Advanced Issues in Contemporary Book Arts or | 3 hrs |
| ART 3176C | The Illuminated Book or                      | 3 hrs |
| ART 3737C | Narrative Sculpture or                       | 3 hrs |
| ART 4172C | Book Repair and Restoration or               | 3 hrs |
| ART 4173C | The Artist Book or                           | 3 hrs |
| ART 4174C | The Printed Book or                          | 3 hrs |
| ART 4177C | Commercial Book Design and Publishing or     | 3 hrs |
| ART 4644C | Books Without Books                          | 3 hrs |

##### Ceramics/Sculpture Combination

|                        |                           |       |
|------------------------|---------------------------|-------|
| ART 3761C              | Intermediate Ceramics or  | 3 hrs |
| ART 3764C              | Ceramic Handbuilding I or | 3 hrs |
| <sup>1</sup> ART 4783C | Advanced Ceramics or      | 3 hrs |
| ART 4786C              | Ceramic Raw Material or   | 3 hrs |
| ART 3709C              | Intermediate Sculpture or | 3 hrs |
| <sup>1</sup> ART 4710C | Advanced Sculpture        | 3 hrs |

##### Drawing

|                        |                         |       |
|------------------------|-------------------------|-------|
| ART 3332C              | Intermediate Drawing or | 3 hrs |
| <sup>1</sup> ART 4320C | Advanced Drawing        | 3 hrs |

##### Drawing/Printmaking Combination

|                        |                         |       |
|------------------------|-------------------------|-------|
| ART 3332C              | Intermediate Drawing or | 3 hrs |
| <sup>1</sup> ART 4320C | Advanced Drawing or     | 3 hrs |
| ART 3433C              | Screenprinting or       | 3 hrs |
| <sup>1</sup> ART 4402C | Advanced Printmaking    | 3 hrs |

##### Drawing/Illustration Combination

|                        |                                |       |
|------------------------|--------------------------------|-------|
| ART 3332C              | Intermediate Drawing or        | 3 hrs |
| <sup>1</sup> ART 4320C | Advanced Drawing or            | 3 hrs |
| GRA 3747C              | Intermediate Illustration I or | 3 hrs |
| <sup>1</sup> GRA 4154C | Advanced Illustration          | 3 hrs |

##### Painting

|                        |                          |       |
|------------------------|--------------------------|-------|
| ART 3504C              | Intermediate Painting or | 3 hrs |
| <sup>1</sup> ART 4505C | Advanced Painting        | 3 hrs |

##### Photography

|                        |                                 |       |
|------------------------|---------------------------------|-------|
| PGY 3410C              | Intermediate Photography or     | 3 hrs |
| <sup>1</sup> PGY 4420C | Advanced Photography or         | 3 hrs |
| PGY 4440C              | Special Problems in Photography | 3 hrs |

<sup>1</sup> May be repeated for credit.

##### b. Electives in Art: 15 hrs

■ Select five Art courses; two of which may be lower division. Select from at least three of the following areas, excluding the area of specialization: Book Arts, Ceramics, Drawing, Illustration, Painting, Photography, Printmaking, Sculpture, and Special Topics Studio Courses.

## UCF Degree Programs

### c. Additional Electives 9 hrs

- Select three upper division Art History courses or
- Select one upper division course in Art History or Humanities and a maximum of six hours of Independent Study, Practicum, and Internship are permitted.

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Met by graduation requirement

#### Graduation

- Proficiency equivalent to one year of college instruction in a single foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for languages may be used to meet the requirement.

### 8. Electives

- Select primarily from upper level courses, with school advisor's approval. May be outside of the department.

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements (3 hrs)

- Achieve at least a "B" (3.0) GPA in all major requirements.
  - Each senior is required to submit a portfolio of representative work in the student's specialization, for review and approval by faculty, during their last semester of matriculation toward the degree. This requirement is met by registering in ART 4935 - BFA Exhibit/Seminar. Please note that the seminar is only offered during the Spring semester.
- ### 12. University Minimum Exit Requirements
- A 2.0 UCF GPA
  - 60 semester hours earned after CLEP awarded
  - 48 semester hours of upper division credit completed
  - 30 of the last 39 hours of course work must be completed in residency at UCF.
  - A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
  - Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at <http://research.honors.ucf.edu/honors-in-the-major>.

### Related Programs

- Art - History Track

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$31.50 per term
- Full-Time Student: \$63 per term

## UCF Degree Programs

### Art - Studio Track (B.A.)

**College of Arts and Humanities**

**School of Visual Arts and Design, Visual Arts Building,**

**Room: 117**

**<http://svad.cah.ucf.edu/>**

**Email: [svadadvising@ucf.edu](mailto:svadadvising@ucf.edu)**

Phone: 407-823-2676

Note: Although the School maintains a computer lab for student use, students must have continual access to a laptop computer. Contact the School for the minimum hardware and software specifications. The School affirms that a theoretical and working understanding of the historical meanings and studio applications of the human image are critical in the education of Visual Art and Art History students. To develop such an understanding, Art courses often utilize images of clothed and unclothed human figures and, in certain studio classes, live nude models.

#### Admission Requirements

■ All students in this program must satisfactorily complete the mandatory ART 3950 - Portfolio Review before enrolling in upper division ART courses. This portfolio is typically submitted the semester prior to enrolling in upper division ART courses. The Spring review takes place the first week of March. The Fall review takes place the first week of October.

■ Note: One-on-one portfolio reviews are not possible due to the large number of received portfolios.

#### Degree Requirements

■ Students who change degree programs and select this major must adopt the most current catalog.

■ Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the School of Visual Arts and Design. Nine of these hours must be in an area of specialization.

■ Grades below "C" (2.0) in lower level ART and ARH courses do not satisfy major requirements.

■ Co-op credit cannot be used in the major.

■ Students should consult with a School advisor at least once annually.

■ Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

#### 1. UCF General Education Program (GEP) (36 hrs)

##### A: Communication Foundations (9 hrs)

##### B: Cultural & Historical Foundations (9 hrs)

Required ARH 2050 History of Western Art I 3 hrs

Required ARH 2051 History of Western Art II 3 hrs

Select a course from group B.1 3 hrs

##### C: Mathematical Foundations (6 hrs)

##### Math: 6 hrs

Suggested MGF 1106 Finite Mathematics or 3 hrs

Suggested MGF 1107 Explorations in Mathematics 3 hrs

or

You may substitute a higher level math with appropriate scores on the Math Placement Test.

##### Statistics - Computers 3 hrs

Select a course from GEP C.2 list 3 hrs

##### D: Social Foundations (6 hrs)

##### E: Science Foundations (6 hrs)

#### 2. Common Program Prerequisites (CPP) (18 hrs)

ARH 2050 History of Western Art I GEP

ARH 2051 History of Western Art II GEP

ART 2201C Design Fundamentals-Two Dimensional 3 hrs

ART 2203C Design Fundamentals-Three Dimensional 3 hrs

ART 2300C Drawing Fundamentals I 3 hrs

ART 2301C Drawing Fundamentals II 3 hrs

GRA 2101C Introduction to Computer Art 3 hrs

Any ART 2XXX-4XXX studio or media course. 3 hrs

#### 3. Core Requirements: Basic Level (6 hrs)

ARH 2500 History of Non-Western Art 3 hrs

ART 2823 Art as Interface 3 hrs

ART 3950 Portfolio Review 0 hrs

#### 4. Core Requirements: Advanced Level

■ None

#### 5. Restricted Electives (27 hrs)

■ Select nine upper division courses representative from at least three different areas:

##### Art History

Any upper-level ARH course(s)

##### Book Arts

ART 3170C Book Binding 3 hrs

ART 3171C Materials for Artist Books 3 hrs

ART 3175C Advanced Issues in Contemporary Book Arts 3 hrs

ART 3176C The Illuminated Book 3 hrs

<sup>1</sup> ART 3737C Narrative Sculpture 3 hrs

ART 4172C Book Repair and Restoration 3 hrs

ART 4173C The Artist Book 3 hrs

ART 4174C The Printed Book 3 hrs

ART 4177C Commercial Book Design and Publishing 3 hrs

<sup>1</sup> ART 4644C Books Without Books 3 hrs

<sup>1</sup> May be repeated for credit.

##### Ceramics

ART 3761C Intermediate Ceramics 3 hrs

<sup>1</sup> ART 4783C Advanced Ceramics 3 hrs

<sup>1</sup> May be repeated for credit.

##### Drawing and Printmaking

ART 3332C Intermediate Drawing 3 hrs

ART 3433C Screenprinting 3 hrs

<sup>1</sup> ART 4320C Advanced Drawing 3 hrs

<sup>1</sup> ART 4402C Advanced Printmaking 3 hrs

<sup>1</sup> May be repeated for credit.

##### Illustration

GRA 3747C Intermediate Illustration I 3 hrs

<sup>1</sup> GRA 4154C Advanced Illustration 3 hrs

<sup>1</sup> May be repeated for credit.

##### Painting

ART 3504C Intermediate Painting 3 hrs

<sup>1</sup> ART 4505C Advanced Painting 3 hrs

<sup>1</sup> May be repeated for credit.

##### Photography

PGY 3410C Intermediate Photography 3 hrs

<sup>1</sup> PGY 4420C Advanced Photography 3 hrs

PGY 4440C Special Problems in Photography 3 hrs

<sup>1</sup> May be repeated for credit.

##### Sculpture

ART 3709C Intermediate Sculpture 3 hrs

<sup>1</sup> ART 4710C Advanced Sculpture 3 hrs

<sup>1</sup> May be repeated for credit.

##### Time Arts

ART 3161 Mixed Media 3 hrs

ART 3833C Processes and Ideas in Art 3 hrs

<sup>1</sup> FIL 4735C Experimental Animation 3 hrs

<sup>1</sup> FIL 4750C Experimental Animation Workshop 3 hrs

<sup>1</sup> May be repeated for credit.

#### 6. Capstone Requirements

■ None

#### 7. Foreign Language Requirements

##### Admissions

■ Met by graduation requirement.

##### Graduation

■ Proficiency equivalent to one year of college instruction in a single foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement.

## UCF Degree Programs

### 8. Electives

■ Select primarily from upper level courses, with school advisor's approval. May be outside of the school. (A maximum of six hours of Independent Study, Directed Research, or Internship permitted.)

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Achieve at least a GPA (2.0) overall in courses within the major.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors In Major

■ Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at <http://research.honors.ucf.edu/honors-in-the-major>.

### Related Programs

- Art Education
- Art - Emerging Media Track

### Certificates

■ None

### Related Minors

■ Digital Media

### Advising Notes

- <http://svad.cah.ucf.edu/students>
- [svadadvising@ucf.edu](mailto:svadadvising@ucf.edu)

### Transfer Notes

■ Lower division courses do not substitute for upper division courses.

■ Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

#### For common program prerequisites if taken.

GRA 2101C Introduction to Computer Art 3 hrs  
may be substituted with:

### 7. Foreign Language Requirements

#### Admissions

- Met by graduation requirement

#### Graduation

- Proficiency equivalent to one year of college instruction in a single foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement.

### 8. Electives

- (Credit hours are variable)
- Select primarily from upper level courses, with school advisor's approval. May be outside of the school. (A maximum of six hours of Independent Study, Practicum, or Internship permitted)

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- None

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at <http://research.honors.ucf.edu/honors-in-the-major>.

### Related Programs

- Art - History Track
- Art - Studio Art Track
- Art Education

### Certificates

- None

### Related Minors

- Community Arts - PAVE
- Digital Media
- Technological Entrepreneurship

## UCF Degree Programs

### Advising Notes

- <http://svad.cah.ucf.edu/students>
- [svadadvising@ucf.edu](mailto:svadadvising@ucf.edu)

### Transfer Notes

- Grades less than a "C" (2.0) are not accepted.
- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide supporting information.

### Acceptable Substitutes for Transfer Courses

- Acceptable Substitutes for common program prerequisites if taken prior to transferring to UCF:
- GRA 2101C: may substitute 3 hours of any digital art course, however, GRA 2101C is a prerequisite for subsequent art courses and will need to be taken for the major.

### Plan of Study

#### Freshman Year - Fall 12 hrs

|                       |                          |       |
|-----------------------|--------------------------|-------|
| ARH 2050              | History of Western Art I | 3 hrs |
| ENC 1101              | Composition I            | 3 hrs |
| MGF 1106              | Finite Mathematics       | 3 hrs |
| GEP Social Foundation |                          | 3 hrs |

#### Freshman Year - Spring 15 hrs

### Equipment Fees

- Part-Time Student: \$31.50 per term
- Full-Time Student: \$63 per term

## Athletic Training (B.S.)

### College of Health and Public Affairs

### Department of Health Professions,

### Health and Public Affairs II, Room: 118/119

<http://www.cohpa.ucf.edu/athletictraining>

Email: [atinfo@ucf.edu](mailto:atinfo@ucf.edu)

Dr. Kristen C. Schellhase

Phone: 407-823-2214

### Admission Requirements

- Students may only begin the Athletic Training Program in the Summer B semester.
- A separate application to this competitive restricted access program must be made to the Athletic Training Program by March 1st. Acceptance into the University for the summer semester is necessary before acceptance into the Athletic Training Program can occur. Acceptance into the University does not constitute acceptance into the Athletic Training Program.

■ The Athletic Training Program is planning to transition to a Master of Athletic Training (MAT) degree in the 2019-2020 academic year. Students must meet the requirements below, apply by March 1, 2018, and complete the Bachelor of Science degree program by the end of spring of 2020. Students who are concerned about the timeline should seek academic advising.

■ Students must meet the following requirements: a minimum of a 2.75 overall grade point average after all transfer courses are evaluated; a minimum grade of "C" (2.0) in the Common Program Prerequisites (CPP); and a minimum of 100 documented clock hours volunteering/shadowing with a certified athletic trainer (ATC) prior to application. At least 50 of these hours must be obtained within a high school, college, and/or professional setting.

■ Completion of an AA degree from a Florida College or completion of UCF's General Education Program (GEP) must occur before beginning the Athletic Training Program.

■ The Athletic Training Program is work-intensive and courses include clinical practice in a variety of settings. Due to this intensity, it is strongly recommended that students be at least one year post high school prior to applying to the program.

### Technical Standards Requirement

■ The Americans with Disabilities Act of 1990 provides comprehensive civil rights protection to people with disabilities. The ADA "prohibits all programs or activities receiving federal financial assistance from discrimination against individuals with disabilities who are 'otherwise qualified' to participate in those programs". However, there are essential requirements needed in order for a person to meet the standard of care for the athletic training profession and meet licensing/certification requirements. The Supreme Court has stated that physical qualifications could lawfully be considered as "technical standards(s) for admission".

■ The institution/program may not exclude an 'otherwise qualified' applicant due to a disability if the institution/program can reasonably modify the program or facilities to accommodate the student with the disability. The institution/program is not required to "fundamentally alter" the program nor create an "undue burden" on itself.

■ The Athletic Training Program at the University of Central Florida is a rigorous and intense program that places specific requirements and demands on students. An objective of this program is to prepare graduates to enter a variety of employment settings and to render care to a wide spectrum of individuals engaged in physical activity. The technical standards set forth by the Athletic Training Program establish the physical, cognitive, and attitudinal abilities considered necessary for an entry level athletic trainer. Further, the technical standards attempt

## UCF Degree Programs

to reflect the necessary skills and abilities needed to meet the expectations of the Program's accrediting agency (Commission on Accreditation of Athletic Training Education, or CAATE) and the Board of Certification (BOC(c)) Practice Analysis.

■ The following abilities and expectations must be met by all students admitted to and matriculating through the UCF Athletic Training Program:

■ 1. Students must possess the mental capacity (without assistance from an intermediary) to integrate, synthesize, analyze, and problem solve in order to effectively examine and treat patients with injuries and illnesses. Students must be able to perform the above quickly in an emergency situation and in a timely manner otherwise.

■ 2. Students must possess sufficient cognitive, postural and neuromuscular control, sensory function, ambulation, and coordination to perform appropriate patient examinations and interventions using accepted techniques, as well as accurately, safely, and efficiently use equipment and materials for such purposes. Students must be able to perform the above quickly in an emergency situation and in a timely manner otherwise.

■ 3. Students must annually pass examinations by external entities such as CPR for the Professional Rescuer (or similar certification) and OSHA Bloodborne Pathogens Training.

■ 4. Students must possess the ability to communicate (orally and in writing) effectively and sensitively with patients and colleagues, including individuals from different cultural and social backgrounds. This includes, but is not limited to, the ability to establish rapport with patients and communicate/document judgments and treatment information effectively. Students must be able to understand and speak the English language at a level consistent with competent professional practice. Students must be able to perform the above quickly in an emergency situation and in a timely manner otherwise.

■ 5. Students must be able to document appropriate vaccinations applicable to healthcare professionals and maintain appropriate personal hygiene conducive to the classroom and clinical setting.

■ 6. Students must have the capacity to maintain composure, exercise good judgment, and perform within the standard of care for a student of the same educational level during periods of high stress.

■ Applicants to the Athletic Training Program will be required to verify that they understand and meet the above technical standards or that they believe that, with certain accommodations, they can meet these standards.

■ The University of Central Florida's Student Disability Services will evaluate a student who states he/she could meet the Program's technical standards with accommodation(s) and confirm that the stated condition qualifies as a disability under applicable laws. A review of the following will occur: whether the accommodation(s) requested is reasonable; whether accommodation would jeopardize clinician-patient safety; and whether the accommodation will jeopardize the educational process of the student (including all coursework, clinical experiences, and internships deemed essential to graduation). Compliance with the Program's technical standards does not guarantee a student's eligibility for the BOC(c) certification exam. Students with a concern, should contact the BOC(c) for the specific technical standards needed to take the certification examination (<http://bocatc.org>).

### Degree Requirements

■ Students who are accepted into the Program in Athletic Training must adopt the most current catalog.

■ Accepted students must agree to be available for practicum requirements which may occur during times and days which are outside of the UCF Academic Calendar; once admitted into the Athletic Training Program, students must consult the Clinical Education Coordinator and/or Program Director well in advance of any potential scheduling conflict.

■ The courses designated in sections 1 and 2 below may be taken at any Florida College System or State University System institution, and should usually be completed in the first 60 hours.

■ Graduates are eligible to apply to take the Board of Certification (BOC(c)) examination. The examination application requirements include criteria related to criminal history and academic disciplinary history. Applicants to the Program in Athletic Training are encouraged to investigate these requirements before beginning the Athletic Training Program.

#### 1. UCF General Education Program (GEP) (38 hrs)

**A: Communication Foundations (9 hrs)**

**B: Cultural & Historical Foundations (9 hrs)**

**C: Mathematical Foundations (6 hrs)**

|           |           |                       |       |
|-----------|-----------|-----------------------|-------|
| Required  | STA 2023  | Statistical Methods I | 3 hrs |
| Suggested | MAC 1114C | College Trigonometry  | 3 hrs |

**D: Social Foundations (6 hrs)**

|          |          |                    |       |
|----------|----------|--------------------|-------|
| Required | PSY 2012 | General Psychology | 3 hrs |
|----------|----------|--------------------|-------|

**E: Science Foundations (8 hrs)**

|          |           |           |       |
|----------|-----------|-----------|-------|
| Required | BSC 2010C | Biology I | 4 hrs |
|----------|-----------|-----------|-------|

**Select 1: (3 hrs)**

|           |           |                          |       |
|-----------|-----------|--------------------------|-------|
| Suggested | CHM 1032  | General Chemistry or     | 3 hrs |
| Suggested | CHM 2045C | Chemistry Fundamentals I | 4 hrs |

#### 2. Common Program Prerequisites (CPP) (15 hrs)

■ The following courses are required before entering the professional phase of the Program in Athletic Training. Each of the required courses must have a grade of a "C" (2.0) or better.

■ See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|           |                                 |       |
|-----------|---------------------------------|-------|
| BSC 2010C | Biology I                       | GEP   |
| ZOO 3733C | Human Anatomy                   | 4 hrs |
| PCB 3703C | Human Physiology                | 4 hrs |
| HUN 2201  | Fundamentals of Human Nutrition | 3 hrs |
| STA 2023  | Statistical Methods I           | GEP   |
| PSY 2012  | General Psychology              | GEP   |

**Select 1: (4 hrs)**

■ One of the following courses must be taken as a prerequisite or co-requisite to core requirements:

|           |                                  |       |
|-----------|----------------------------------|-------|
| PHY 2053C | College Physics I or             | 4 hrs |
| PHY 2048C | General Physics Using Calculus I | 4 hrs |

#### 3. Core Requirements: Basic Level

■ None

#### 4. Core Requirements: Advanced Level (62 hrs)

##### Professional Phase

■ The following courses are required to complete the professional phase of the Program in Athletic Training. Each of the required courses must have a grade of "C" (2.0) or better.

|           |  |       |
|-----------|--|-------|
| ATR 4014C | Principles of Athletic Training Lab                | 3 hrs |

| ATR 4933  | Athletic Training Seminar                                     | 1 hr  |
| ATR 4112L | Acute Care in Athletic Training                               | 1 hr  |

### 5. Restricted Electives

- None

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

- None

### 8. Electives

- Suggested electives relate to Health Sciences, Business, Education, Health Services Administration, Health Informatics and Information Management, Psychology, and Sport and Exercise Science.

|          |                                       |       |
|----------|---------------------------------------|-------|
| ATR 4940 | Athletic Training Elective Internship | 0 hrs |
|----------|---------------------------------------|-------|

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- A minimum overall GPA of 2.75
- A minimum grade of "C" (2.0) in Common Program Prerequisite (CPP) and core requirement courses.
- Two years of successful clinical rotation under the direct supervision of an approved preceptor.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- Qualified students are encouraged to participate in Honors in the Major. Interested students should consult with the Program Director.

### Related Programs

- Sport and Exercise Science
- Health Services Administration
- Health Informatics and Information Management
- Health Sciences - Pre-Clinical Track

### Certificates

- None

### Related Minors

- Courses leading to a teaching certificate (education) are also appropriate. Electives in advanced scientific, clinical or quantitative subjects are also advisable.

- Business
- Aging Studies
- Biology
- Coaching
- Fitness Training

- Health Informatics and Information Management
- Health Sciences
- Health Services Administration
- Public Administration
- Education
- Sport Business Management

### Advising Notes

- Students should consult a departmental advisor regarding chemistry selection. CHM 2045 is the preferred chemistry course for students who intend to apply to graduate professional healthcare programs (e.g., physical therapy, physician assistant, medical).

### Transfer Notes

- When possible, students should complete an Associate of Arts (AA) degree and the Common Program Prerequisites (CPP) before transferring within the Florida College System or State University System.
- Students who transfer with an Associate of Arts (AA) degree and will be pursuing a Bachelor of Science degree must meet the University foreign language admission requirements for graduation.

### Acceptable Substitutes for Transfer Courses

- The Human Anatomy (ZOO 3733C) and Human Physiology (PCB 3703C) requirements can be satisfied by taking: both Human Anatomy and Physiology I and Human Anatomy and Physiology II (BSC X093 + L and X094 + L; or BSC X085 + L/C and X086 + L/C); or by taking both PET X322C and PET X323C; or by taking both APK X100C and APK X105C.
- Biology I with Lab (BSC X010 and BSC X010L; or BSC X010C)
- Physics I with Lab (PHY X053; or PHYX048 and X048L; or PHY X048C)
- For Athletic Training Program purposes, Fundamentals of Human Nutrition (HUN 2201) will be seen as equivalent to HUN X201, HUN X941, HUN X002, and HSCX577.
- For Athletic Training Program purposes, Statistical Methods I (STA 2023) will be seen as equivalent to STA X023, STA X122, and STA X201.
- General Psychology (PSY X012)

### Plan of Study

| Freshman Year - Fall   |   | 15 hrs |
|------------------------|---|--------|
| ENC 1101               | Composition I                                 | 3 hrs  |
| PSY 2012               | General Psychology                            | 3 hrs  |
| HSC 2000               | Introduction to Careers in Health Professions | 3 hrs  |
| MAC 1105C              | College Algebra                               | 3 hrs  |
| <sup>1</sup> CHM 2045C | Chemistry Fundamentals I                      | 4 hrs  |

<sup>1</sup> Other CHM courses might be acceptable as pre-requisites to PCB 3703

| Freshman Year - Spring |                      | 13 hrs |
|------------------------|----------------------|--------|
| ENC 1102               | Composition II       | 3 hrs  |
| GEP Social             |                      | 2 hrs  |
| BSC 2010C              | Biology I            | 4 hrs  |
| MAC 1114C              | College Trigonometry | 3 hrs  |

| Sophomore Year - Fall |                       | 14 hrs |
|-----------------------|-----------------------|--------|
| PHY 2053C             | College Physics I     | 4 hrs  |
| ZOO 3733C             | Human Anatomy         | 4 hrs  |
| STA 2023              | Statistical Methods I | 3 hrs  |
| GEP Historical        |                       | 3 hrs  |

| Sophomore Year - Spring |                                 | 16 hrs |
|-------------------------|---------------------------------|--------|
| HUN 2201                | Fundamentals of Human Nutrition | 3 hrs  |
| PCB 3703C               | Human Physiology                | 4 hrs  |
| GEP Communication       |                                 | 3 hrs  |
| GEP Cultural            |                                 | 3 hrs  |
| GEP Historical          |                                 | 3 hrs  |

| Sophomore Year - Summer                            |                                     | 6 hrs |
|--|-------------------------------------|-------|
| ATR 4014C  | Principles of Athletic Training Lab | 3 hrs |
| ATR 3102   | Principles of Athletic Training     | 3 hrs |
| Foreign Language (If not satisfied in high school) |                                     | 4 hrs |

## UCF Degree Programs

|  |   |               |
|--|---|---------------|
| <b>Junior Year - Fall</b>                              |   | <b>10 hrs</b> |
| ATR 3812L  | Practicum in Athletic Training I                  | 4 hrs         |
| ATR 3012C  | Clinical Skills for Athletic Trainers I           | 3 hrs         |
| ATR 3212C  | Recognition and Evaluation of Athletic Injuries I | 3 hrs         |
| Free Elective (if needed to maintain full-time status) |   | 3 hrs         |

|                             |  |               |
|-----------------------------|--|---------------|
| <b>Junior Year - Spring</b> |  | <b>13 hrs</b> |
| PET 4315C                   | Biomechanics of Sport                              | 3 hrs         |
| ATR 3822L                   | Practicum in Athletic Training II                  | 4 hrs         |
| ATR 4213C                   | Recognition and Evaluation of Athletic Injuries II | 3 hrs         |
| ATR 3013C                   | Clinical Skills for Athletic Training II           | 3 hrs         |

|                             |   |              |
|-----------------------------|---|--------------|
| <b>Junior Year - Summer</b> |   | <b>8 hrs</b> |
| ATR 4313C                   | Therapeutic Exercise in Athletic Training   | 4 hrs        |
| ATR 4302C                   | Therapeutic Modalities in Athletic Training | 4 hrs        |
| ATR 4940                    | Athletic Training Elective Internship       | 0 hrs        |

|                           |   |               |
|---------------------------|---|---------------|
| <b>Senior Year - Fall</b> |   | <b>13 hrs</b> |
| ATR 4512C                 | Organization and Administration of Athletic Training          | 3 hrs         |
| PET 3510C                 | Physiologic & Metabolic Basis of Human Movement & Performance | 3 hrs         |
| ATR 4315C                 | Advanced Rehabilitation in Athletic Training                  | 3 hrs         |
| ATR 4832L                 | Practicum in Athletic Training III                            | 4 hrs         |

|                             |                                   |               |
|-----------------------------|-----------------------------------|---------------|
| <b>Senior Year - Spring</b> |                                   | <b>12 hrs</b> |
| ATR 4933                    | Athletic Training Seminar         | 1 hr          |
| PET 4606                    | Applied Fitness in Sport          | 3 hrs         |
| ATR 4842L                   | Practicum in Athletic Training IV | 4 hrs         |
| ATR 4103                    | Case Studies in Sports Medicine   | 3 hrs         |
| ATR 4112L                   | Acute Care in Athletic Training   | 1 hr          |

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/aic/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/aic/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$19.50 per term
- Full-Time Student: \$39 per term

## Biology (B.S.)

### College of Sciences

**Department of Biology, BL, Room: 301**

<http://www.cos.ucf.edu/biology>

**Email: [biology@ucf.edu](mailto:biology@ucf.edu)**

Phone: 407-823-2141

The Biology B.S. degree allows the student to choose coursework to be awarded the general Biology B.S. degree or to select a track in one (or more) of five areas, which are:- Ecology, Evolutionary and Conservation Biology- Marine and Aquatic Biology- Plant Sciences- Pre-Health Professional Biology- Zoology and Pre-Veterinarian Science. These tracks are designed to align students with specific courses that will prepare them for the job market or more advanced study.

### Admission Requirements

- None

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- No credit by exam (TSD, Military credit) may be used for the major.
- Co-op or internship credit cannot be used in this major
- Departmental Residency Requirement consists of at least 22 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Biology.
- Students seeking a double major must satisfy the requirements for both majors and must take no fewer than 40 semester hours of upper division restricted elective course work appropriate to the combined areas of specialization in the two majors.

■ Courses designated in 2 (Common Program Prerequisites) and 3 (Core Requirements) are usually completed in the first 60 hours.

■ A "C" (2.0) or better is required in all Core Courses with a BSC or PCB prefix.

■ Students must achieve a minimum cumulative GPA of 2.0 in all UCF courses taken in the Common Program Prerequisites, the Biology Core and the Upper Division Restricted Electives.

■ All prerequisites of courses taught within the College of Sciences will be enforced.

■ No more than 4 hours of Independent Study, Directed Research, or the following similar types of credit, may be applied toward major requirements:

|           |  |       |
|-----------|--|-------|
| BSC 4422L | Biology Laboratory Techniques                      | 1 hr  |
| BSC 4937  | Instructional Experiences in Undergraduate Biology | 2 hrs |

■ Upon reaching junior standing (60 hours), Biology majors are expected to have completed the following courses and associated chemistry laboratories. These classes are prerequisites for advanced science classes and students entering the major without these classes will be unable to register for most of the advanced courses.

|           |                                   |       |
|-----------|-----------------------------------|-------|
| BSC 2010C | Biology I                         | 4 hrs |
| BSC 2011C | Biology II                        | 4 hrs |
| CHM 2045C | Chemistry Fundamentals I          | 4 hrs |
| CHM 2046  | Chemistry Fundamentals II         | 3 hrs |
| CHM 2046L | Chemistry Fundamentals Laboratory | 1 hr  |
| CHM 2210  | Organic Chemistry I               | 3 hrs |
| CHM 2211  | Organic Chemistry II              | 3 hrs |
| CHM 2211L | Organic Laboratory Techniques I   | 2 hrs |
| PHY 2053C | College Physics I                 | 4 hrs |
| PHY 2054C | College Physics II                | 4 hrs |

### 1. UCF General Education Program (GEP) (38 hrs)

■ Certain courses must be selected in the GEP for this major, bringing the total GEP hours to more than 36.

■ At least one course completed in each Foundation area must be a designated State General Education Core Course.

#### A: Communication Foundations (9 hrs)

|          |           |   |       |
|----------|-----------|---|-------|
| Required | ENC 1101  | Composition I                           | 3 hrs |
| Required | ENC 1102  | Composition II                          | 3 hrs |
| Prefer   | SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (6 hrs)

#### Mathematics: (3 hrs)

■ Prior to enrolling in Math, take Math Placement Test ~ <http://utc.sdes.ucf.edu>

|           |           |                                   |       |
|-----------|-----------|-----------------------------------|-------|
| Suggested | MAC 2233  | Concepts of Calculus or           | 3 hrs |
| Suggested | MAC 2253  | Applied Calculus or               | 3 hrs |
| Prefer    | MAC 2311C | Calculus with Analytic Geometry I | 4 hrs |

#### Statistics (3 hrs)

|          |          |                       |       |
|----------|----------|-----------------------|-------|
| Required | STA 2023 | Statistical Methods I | 3 hrs |
|----------|----------|-----------------------|-------|

#### D: Social Foundations (6 hrs)

#### E: Science Foundations (8 hrs)

■ A minimum grade of "C" (2.0) is required for this Biology course to be used as a prerequisite.

|          |           |           |       |
|----------|-----------|-----------|-------|
| Required | BSC 2010C | Biology I | 4 hrs |
|----------|-----------|-----------|-------|

### Select the sequence identified by the Chemistry Placement exam;

■ Prior to enrolling in Chemistry, take Chemistry Placement Test- <http://knightsource.sdes.ucf.edu/placement>

- For students with a strong chemistry background and a high Chemistry Placement score:

|          |           |                          |       |
|----------|-----------|--------------------------|-------|
| Required | CHM 2045C | Chemistry Fundamentals I | 4 hrs |
|----------|-----------|--------------------------|-------|

or - Students with little chemistry background should take this two semester equivalent instead.

|          |          |                           |       |
|----------|----------|---------------------------|-------|
| Required | CHM 2040 | Chemistry Fundamentals IA | 3 hrs |
|----------|----------|---------------------------|-------|

|          |          |                           |       |
|----------|----------|---------------------------|-------|
| Required | CHM 2041 | Chemistry Fundamentals IB | 3 hrs |
|----------|----------|---------------------------|-------|

## UCF Degree Programs

### 2. Common Program Prerequisites (CPP) (16 hrs)

■ Completion of the CPPs should take into account the GEP and Major requirements. Although other courses may satisfy the CPP, those identified in this section specifically satisfy the major requirements.

■ See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

■ See Transfer Notes for possible substitutes for the courses listed below.

#### Biology:

■ A minimum grade of "C" (2.0) is required in these Biology courses to allow their use as a prerequisite. While a lower grade may satisfy the CPP, it will not satisfy the major.

|           |            |       |
|-----------|------------|-------|
| BSC 2010C | Biology I  | GEP   |
| BSC 2011C | Biology II | 4 hrs |

#### Chemistry:

■ Take Placement test before starting chemistry;

<http://knightsource.sdes.ucf.edu/placement>

|           |                          |       |
|-----------|--------------------------|-------|
| CHM 2045C | Chemistry Fundamentals I | 4 hrs |
|-----------|--------------------------|-------|

or - both of the following:

|          |                               |       |
|----------|-------------------------------|-------|
| CHM 2040 | Chemistry Fundamentals IA and | 3 hrs |
| CHM 2041 | Chemistry Fundamentals IB     | 3 hrs |

#### and- both of the following:

|           |                                   |       |
|-----------|-----------------------------------|-------|
| CHM 2046  | Chemistry Fundamentals II         | 3 hrs |
| CHM 2046L | Chemistry Fundamentals Laboratory | 1 hr  |

#### Math:

■ Select one math course and this statistics course.

|          |                         |     |
|----------|-------------------------|-----|
| MAC 2233 | Concepts of Calculus or | GEP |
| MAC 2253 | Applied Calculus or     | GEP |

or

|           |                                       |       |
|-----------|---------------------------------------|-------|
| MAC 2311C | Calculus with Analytic Geometry I and | 7 hrs |
| STA 2023  | Statistical Methods I                 | 4 hrs |
|           |                                       | 3 hrs |

### Physics: Complete one entire sequence 8 hrs

|           |                       |       |
|-----------|-----------------------|-------|
| PHY 2053C | College Physics I and | 4 hrs |
| PHY 2054C | College Physics II    | 4 hrs |

- or

|           |                                      |       |
|-----------|--------------------------------------|-------|
| PHY 2048C | General Physics Using Calculus I and | 4 hrs |
| PHY 2049C | General Physics Using Calculus II    | 4 hrs |

### 3. Core Requirements: Basic Level (8 hrs)

■ All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core;

#### Biology Basic Core:

■ A minimum grade of "C" (2.0) is required in these Biology courses to satisfy the requirement, and to allow their use as a course prerequisite.

#### Take all of the following:

|           |               |         |
|-----------|---------------|---------|
| BSC 2010C | Biology I and | GEP/CPP |
| BSC 2011C | Biology II    | GEP/CPP |

#### Cognate Sciences Basic Core:

##### Chemistry Sequence

|           |                          |         |
|-----------|--------------------------|---------|
| CHM 2045C | Chemistry Fundamentals I | GEP/CPP |
|-----------|--------------------------|---------|

or

|          |                               |         |
|----------|-------------------------------|---------|
| CHM 2040 | Chemistry Fundamentals IA and | GEP/CPP |
| CHM 2041 | Chemistry Fundamentals IB     | GEP/CPP |

and

|           |                                   |     |
|-----------|-----------------------------------|-----|
| CHM 2046  | Chemistry Fundamentals II and     | CPP |
| CHM 2046L | Chemistry Fundamentals Laboratory | CPP |

### Organic or Analytic Sequence 8 hrs

|                    |                                 |       |
|--------------------|---------------------------------|-------|
| Preferred CHM 2010 | Organic Chemistry I and         | 3 hrs |
| Preferred CHM 2211 | Organic Chemistry II and        | 3 hrs |
| CHM 2211L          | Organic Laboratory Techniques I | 2 hrs |

or

|           |  |       |
|-----------|--|-------|
| CHM 2205  | Introduction to Organic and Biochemistry and | 9 hrs |
|           |  | 5 hrs |
| CHM 3120  | Analytical Chemistry and                     | 3 hrs |
| CHM 3120L | Analytical Chemistry Laboratory              | 1 hr  |

### Physics Sequence

|           |                       |         |
|-----------|-----------------------|---------|
| PHY 2053C | College Physics I and | GEP/CPP |
| PHY 2054C | College Physics II    | CPP     |

or

|           |                                      |     |
|-----------|--------------------------------------|-----|
| PHY 2048C | General Physics Using Calculus I and | CPP |
| PHY 2049C | General Physics Using Calculus II    | CPP |

### Mathematics

|                     |                                   |         |
|---------------------|-----------------------------------|---------|
| MAC 2233            | Concepts of Calculus or           | GEP/CPP |
| MAC 2253            | Applied Calculus or               | GEP/CPP |
| Preferred MAC 2311C | Calculus with Analytic Geometry I | GEP/CPP |

and

|          |                       |         |
|----------|-----------------------|---------|
| STA 2023 | Statistical Methods I | GEP/CPP |
|----------|-----------------------|---------|

### 4. Core Requirements: Advanced Level (13 hrs)

#### Biology Advanced Core:

■ Note: A minimum grade of "C" (2.0) is required in these Biology courses to satisfy the requirement, and to allow their use as a course prerequisite.

|          |                        |       |
|----------|------------------------|-------|
| PCB 3023 | Molecular Cell Biology | 3 hrs |
| PCB 3044 | Principles of Ecology  | 3 hrs |
| PCB 3063 | Genetics               | 3 hrs |
| PCB 4683 | Evolutionary Biology   | 4 hrs |

#### Biology Laboratories:

■ Students are required to take two labs from those listed below

■ One of these labs must come from section A. The second lab can come from section B or an additional lab from section A.

#### A. Laboratories

|           |                                  |      |
|-----------|----------------------------------|------|
| PCB 3044L | Principles of Ecology Laboratory | 1 hr |
| PCB 3063L | Genetics Laboratory              | 1 hr |
| PCB 4683L | Evolutionary Biology Lab         | 1 hr |

#### B. Laboratories

■ May include other laboratories as approved by an advisor

|           |   |       |
|-----------|---|-------|
| BOT 4223C | Plant Anatomy   | 4 hrs |
| BOT 4303C | Plant Kingdom   | 5 hrs |
| BOT 3018C | Culinary Botany Across the Cultures                         | 3 hrs |
| BOT 4713C | Plant Taxonomy  | 5 hrs |
| BSC 4312C | Advanced Marine Biology                                     | 4 hrs |
| BSC 4445C | Genomics Lab: Methods in Data Collection and Analysis       | 4 hrs |
| ENY 4004C | General Entomology  | 4 hrs |
| ZOO 3713C | Comparative Vertebrate Anatomy                              | 5 hrs |
| ZOO 4205C | Biology and Ecology of Metazoan Invertebrates               | 4 hrs |
| ZOO 4462C | Herpetology   | 4 hrs |
| ZOO 4480L | Mammalogy Lab   | 1 hr  |
| ZOO 4603C | Embryology/Development                                      | 5 hrs |
| ZOO 4910L | Research Experience in Animal Behavior in a Zoo Environment | 1 hr  |

### Biology Tracks

#### For each track the following apply:

■ Student must complete at least one course dealing exclusively with zoology and one course dealing exclusively with botany.

■ A minimum C (2.0) required in each course taken to meet the "Required Electives" within each track (does not apply to courses taken to meet "Restricted Electives").

■ A minimum C (2.0) overall required for the track.

■ No substitutions are allowed.

■ At least 10 hours of the Upper Division Restricted electives must be taken within the UCF Biology Department. Courses offered by the Department of Biology have been identified. Additional courses may be used to meet requirements with approval of the undergraduate program coordinator via petition.

■ Transferred courses must be at a 3000 level or higher, and be evaluated by the undergraduate program coordinator, in order to count as an Upper Division Restricted Elective.

■ Courses at the 5000 level are only open to seniors and beginning graduate students. Faculty teaching course must approve override.

## UCF Degree Programs

### 5. Restricted Electives (22 hrs)

#### Biology B.S.: General Track 22 hrs

■ A biology major who meets the GEP, core, lab, and upper division restricted electives requirements, as well as all UCF graduation requirements is eligible to receive a general B.S. in Biology.

#### Restricted Electives 22 hrs

Courses must be selected from the list below.

|                        |   |       |
|------------------------|---|-------|
| <sup>1</sup> ANT 3550C | Primateology  | 3 hrs |
| BCH 4053               | Biochemistry I  | 3 hrs |
| BCH 4054               | Biochemistry II   | 3 hrs |
| <sup>2</sup> BOT 3018C | Culinary Botany Across the Cultures                         | 3 hrs |
| <sup>2</sup> BOT 3802  | Ethnobotany   | 3 hrs |
| <sup>2</sup> BOT 4223C | Plant Anatomy   | 4 hrs |
| <sup>2</sup> BOT 4303C | Plant Kingdom   | 5 hrs |
| BOT 4434C              | General Mycology  | 4 hrs |
| <sup>2</sup> BOT 4503  | Plant Physiology  | 3 hrs |
| <sup>2</sup> BOT 4713C | Plant Taxonomy  | 5 hrs |
| <sup>2</sup> BOT 4850  | Medicinal Botany  | 3 hrs |
| <sup>3</sup> BSC 3052  | Conservation Biology  | 3 hrs |
| <sup>3</sup> BSC 3312  | Principles of Marine Biology                                | 3 hrs |
| <sup>3</sup> BSC 4312C | Advanced Marine Biology                                     | 4 hrs |
| <sup>3</sup> BSC 4330  | Invasion Biology  | 3 hrs |
| <sup>3</sup> BSC 4445C | Genomics Lab: Methods in Data Collection and Analysis       | 4 hrs |
| <sup>3</sup> BSC 4821  | Biogeography  | 4 hrs |
| <sup>3</sup> BSC 4861L | Urban Ecological Field Studies                              | 3 hrs |
| <sup>3</sup> BSC 5258L | Tropical Biology Research and Conservation                  | 3 hrs |
| <sup>1</sup> ENY 4004C | General Entomology  | 4 hrs |
| <sup>1</sup> ENY 5006C | Entomology  | 4 hrs |
| MCB 3020C              | General Microbiology  | 5 hrs |
| <sup>1</sup> PAZ 4234  | Zoo and Aquarium Management                                 | 3 hrs |
| <sup>3</sup> PCB 3044L | Principles of Ecology Laboratory                            | 1 hr  |
| <sup>3</sup> PCB 3063L | Genetics Laboratory   | 1 hr  |
| <sup>3</sup> PCB 3343L | Principles of Field Ecology                                 | 2 hrs |
| <sup>3</sup> PCB 3354  | Tropical Ecology and Conservation                           | 3 hrs |
| <sup>3</sup> PCB 3355L | Tropical Marine Biology                                     | 2 hrs |
| <sup>3</sup> PCB 3442  | Aquatic Ecology   | 3 hrs |
| <sup>3</sup> PCB 4353  | Florida Ecology, Natural History and Conservation           | 3 hrs |
| <sup>3</sup> PCB 5435C | Marine Ecology of Florida                                   | 4 hrs |
| <sup>3</sup> PCB 5485  | Models in Ecology   | 3 hrs |
| PCB 3233               | Immunology  | 3 hrs |
| PCB 3703C              | Human Physiology  | 4 hrs |
| <sup>3</sup> PCB 4402  | Disease Ecology & Ecoimmunology                             | 3 hrs |
| <sup>3</sup> PCB 4514  | Genetics II   | 3 hrs |
| PCB 4524               | Molecular Biology II  | 3 hrs |
| <sup>3</sup> PCB 4678  | Evolution and Medicine                                      | 3 hrs |
| <sup>3</sup> PCB 4683L | Evolutionary Biology Lab                                    | 1 hr  |
| <sup>3</sup> PCB 4684  | Population Genetics   | 3 hrs |
| <sup>1</sup> PCB 4723  | Animal Physiology   | 4 hrs |
| <sup>1</sup> ZOO 3713C | Comparative Vertebrate Anatomy                              | 5 hrs |
| ZOO 3733C              | Human Anatomy   | 4 hrs |
| <sup>1</sup> ZOO 4205C | Biology and Ecology of Metazoan Invertebrates               | 4 hrs |
| <sup>1</sup> ZOO 4310C | Vertebrate Evolution & Ecology                              | 4 hrs |
| <sup>1</sup> ZOO 4480  | Mammalogy   | 4 hrs |
| <sup>3</sup> ZOO 4480L | Mammalogy Lab   | 1 hr  |
| <sup>1</sup> ZOO 4513  | Animal Behavior   | 3 hrs |
| <sup>1</sup> ZOO 4603C | Embryology/Development                                      | 5 hrs |
| <sup>1</sup> ZOO 4753C | Vertebrate Histology  | 4 hrs |
| <sup>1</sup> ZOO 4462C | Herpetology   | 4 hrs |
| <sup>1</sup> ZOO 5456C | Ichthyology   | 4 hrs |
| <sup>1</sup> ZOO 5463C | Herpetology   | 4 hrs |
| <sup>1</sup> ZOO 5475L | Field Ornithology   | 3 hrs |
| <sup>3</sup> ZOO 4910L | Research Experience in Animal Behavior in a Zoo Environment | 1 hr  |

<sup>1</sup> Fulfills Zoology requirement.

<sup>2</sup> Fulfills Botany requirement.

<sup>3</sup> Taught within the Biology department

### Biology B.S.: Ecology, Evolutionary and Conservation Biology Track 22 hrs

Required Electives (choose two from the following): (6-8hrs)

|  |                                |       |
|--|--------------------------------|-------|
| ■ "C" (2.0) or better required in each course. |                                |       |
| BSC 3052                                       | Conservation Biology           | 3 hrs |
| BSC 4821                                       | Biogeography                   | 4 hrs |
| PCB 4684                                       | Population Genetics            | 3 hrs |
| ZOO 4310C                                      | Vertebrate Evolution & Ecology | 4 hrs |

Restricted Electives (choose from the following): (7-9hrs)

|           |   |       |
|-----------|---|-------|
| BOT 4303C | Plant Kingdom                                     | 5 hrs |
| BSC 4330  | Invasion Biology                                  | 3 hrs |
| BSC 4821  | Biogeography                                      | 4 hrs |
| BSC 3052  | Conservation Biology                              | 3 hrs |
| BSC 4861L | Urban Ecological Field Studies                    | 3 hrs |
| PCB 3343L | Principles of Field Ecology                       | 2 hrs |
| PCB 3044L | Principles of Ecology Laboratory                  | 1 hr  |
| PCB 3355L | Tropical Marine Biology                           | 2 hrs |
| PCB 3442  | Aquatic Ecology                                   | 3 hrs |
| PCB 4353  | Florida Ecology, Natural History and Conservation | 3 hrs |
| PCB 4514  | Genetics II                                       | 3 hrs |
| PCB 4678  | Evolution and Medicine                            | 3 hrs |
| PCB 4684  | Population Genetics                               | 3 hrs |
| PCB 5326C | Ecosystems of Florida                             | 5 hrs |
| ZOO 3713C | Comparative Vertebrate Anatomy                    | 5 hrs |
| ZOO 4310C | Vertebrate Evolution & Ecology                    | 4 hrs |
| ZOO 4480  | Mammalogy   | 4 hrs |
| ZOO 4513  | Animal Behavior                                   | 3 hrs |

Additional Biology Electives: (5-9hrs)

■ Courses must be selected from the General Biology Track restricted elective list

### Biology B.S.: Marine and Aquatic Biology Track 22 hrs

Required Elective 3 hrs

|                                 |                              |       |
|---------------------------------|------------------------------|-------|
| ■ "C" (2.0) or better required. |                              |       |
| BSC 3312                        | Principles of Marine Biology | 3 hrs |

Restricted Electives (choose from the following): 12 hrs

|           |   |       |
|-----------|---|-------|
| BSC 4312C | Advanced Marine Biology                       | 4 hrs |
| BSC 4821  | Biogeography                                  | 4 hrs |
| OCE 3008  | Oceanography                                  | 3 hrs |
| PCB 3044L | Principles of Ecology Laboratory              | 1 hr  |
| PCB 3355L | Tropical Marine Biology                       | 2 hrs |
| PCB 3442  | Aquatic Ecology                               | 3 hrs |
| PCB 4723  | Animal Physiology                             | 4 hrs |
| PAZ 4234  | Zoo and Aquarium Management                   | 3 hrs |
| ZOO 3713C | Comparative Vertebrate Anatomy                | 5 hrs |
| ZOO 4205C | Biology and Ecology of Metazoan Invertebrates | 4 hrs |
| ZOO 4310C | Vertebrate Evolution & Ecology                | 4 hrs |
| ZOO 4480  | Mammalogy                                     | 4 hrs |
| ZOO 4513  | Animal Behavior                               | 3 hrs |
| ZOO 5456C | Ichthyology                                   | 4 hrs |

Additional Biology Electives 7 hrs

■ Courses must be selected from the General Biology Track restricted elective list

### Biology B.S.: Plant Sciences Track 22 hrs

Required Elective 3 hrs

|                                 |             |       |
|---------------------------------|-------------|-------|
| ■ "C" (2.0) or better required. |             |       |
| BOT 3802                        | Ethnobotany | 3 hrs |

Restricted Electives (choose from the following): 12 hrs

|           |                                     |       |
|-----------|-------------------------------------|-------|
| BOT 3018C | Culinary Botany Across the Cultures | 3 hrs |
| BOT 4850  | Medicinal Botany                    | 3 hrs |
| BOT 4223C | Plant Anatomy                       | 4 hrs |
| BOT 4503  | Plant Physiology                    | 3 hrs |
| BOT 4713C | Plant Taxonomy                      | 5 hrs |
| BSC 4330  | Invasion Biology                    | 3 hrs |
| PCB 3354  | Tropical Ecology and Conservation   | 3 hrs |

Additional Biology Electives 7 hrs

■ Courses must be selected from the General Biology Track restricted elective list

## UCF Degree Programs

### Biology B.S.: Pre-Health Professional Biology 22 hrs Track

#### Required Electives (choose two from the following): (9-10hrs)

|  |       |
|--|-------|
| ■ "C" (2.0) or better required in each course. |       |
| PCB 4723 Animal Physiology                     | 4 hrs |
| ZOO 3713C Comparative Vertebrate Anatomy       | 5 hrs |
| ZOO 4603C Embryology/Development               | 5 hrs |

#### Restricted Electives (choose from the following): (5-6hrs)

|   |       |
|---|-------|
| BCH 4053 Biochemistry I                                 | 3 hrs |
| BCH 4054 Biochemistry II                                | 3 hrs |
| BOT 4434C General Mycology                              | 4 hrs |
| BOT 4850 Medicinal Botany                               | 3 hrs |
| MCB 3020C General Microbiology                          | 5 hrs |
| PCB 3233 Immunology                                     | 3 hrs |
| PCB 3703C Human Physiology                              | 4 hrs |
| PCB 4514 Genetics II                                    | 3 hrs |
| PCB 4678 Evolution and Medicine                         | 3 hrs |
| PCB 4723 Animal Physiology                              | 4 hrs |
| ZOO 3713C Comparative Vertebrate Anatomy                | 5 hrs |
| ZOO 3733C Human Anatomy                                 | 4 hrs |
| ZOO 4205C Biology and Ecology of Metazoan Invertebrates | 4 hrs |
| ZOO 4513 Animal Behavior                                | 3 hrs |
| ZOO 4603C Embryology/Development                        | 5 hrs |
| ZOO 4753C Vertebrate Histology                          | 4 hrs |

#### Additional Biology Electives (6-8hrs)

- Courses must be selected from the General Biology Track restricted elective list

### Biology B.S.: Zoology and Pre-Veterinarian Science Track 22 hrs

#### Required Electives (choose one from the following): (3-4hrs)

|  |       |
|--|-------|
| ■ "C" (2.0) or better required in each course. |       |
| PCB 4723 Animal Physiology                     | 4 hrs |
| ZOO 4513 Animal Behavior                       | 3 hrs |

#### Restricted Electives (choose from the following): (11-12hrs)

|   |       |
|---|-------|
| ANT 3550C Primatology                                   | 3 hrs |
| ENY 4004C General Entomology                            | 4 hrs |
| PAZ 4234 Zoo and Aquarium Management                    | 3 hrs |
| PCB 4723 Animal Physiology                              | 4 hrs |
| ZOO 3713C Comparative Vertebrate Anatomy                | 5 hrs |
| ZOO 4205C Biology and Ecology of Metazoan Invertebrates | 4 hrs |
| ZOO 4310C Vertebrate Evolution & Ecology                | 4 hrs |
| ZOO 4603C Embryology/Development                        | 5 hrs |
| ZOO 4480 Mammalogy                                      | 4 hrs |

#### Additional Biology Electives (6-8hrs)

- Courses must be selected from the General Biology Track restricted elective list

#### 6. Capstone Requirements

- None

#### 7. Foreign Language Requirements

##### Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

##### Graduation

- None

#### 8. Electives

- Select primarily from upper level courses after consulting with your departmental advisor. May be outside of the department.

#### 9. Additional Requirements

- None

#### 10. Required Minors

- None

#### 11. Departmental Exit Requirements

- A "C" (2.0) or better is required in all Core Courses with a BSC or PCB prefix.

- Students must achieve a minimum cumulative GPA of 2.0 in all UCF courses taken in the Common Program Prerequisites, the Biology Core and the Upper Division Restricted Electives.

- All attempts of UCF courses that could meet requirements are included in the major GPA calculation. All attempts of UCF courses listed for the major taken beyond the minimum required are included in the GPA calculation (e.g. additional restricted electives taken beyond the required 22 hours).

- Departmental Residency Requirement consists of at least 22 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Biology.

- Students are required to pass the comprehensive exit exam in Biology. We recommend that this exam be taken as soon as you have completed all of the Biology core courses. A passing grade is determined as a scaled score greater than the bottom 10% of nation-wide test takers.

- Students seeking a double major must satisfy the requirements for both majors and must take no fewer than 40 semester hours of upper division restricted elective course work appropriate to the combined areas of specialization in the two majors.

- Biology majors are discouraged from taking courses as a transient student at a Florida College System institution, except in situations where the first semester of a two semester sequence has already been taken at a Florida College System institution.

#### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

- 120

#### Honors In Major

- None

#### Related Programs

- Environmental Engineering
- Biomedical Sciences
- Science Education - Biology
- Interdisciplinary Studies - Environmental Studies Track

#### Certificates

- None

#### Related Minors

- Biology
- Environmental Studies
- Biomedical Sciences

#### Advising Notes

- Students are urged to contact their departmental advisor before registering for courses.
- It is the student's responsibility to ensure they have satisfied course prerequisites before registering for a class.

#### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit by the undergraduate program coordinator. The student must provide all supporting information.

#### Acceptable Substitutes for Transfer Courses

- Honors versions of courses will substitute for regular versions.
- The following substitutions are acceptable for common program prerequisites if taken as part of the AA course work. Although the CPP may be satisfied, prerequisites for subsequent Biology courses may still have to be met:

## UCF Degree Programs

- BSC 2010C: BSCX040/X040L
- BSC 2011C: BSCX041/X041L; ZOOX010/X010L; BOTX010/X010L; BOTX013/X013L
- CHM 2046/CHM 2046L: CHMX046C
- Math/Statistics and Physics: Although a number of courses will satisfy the CPP, please refer to the catalog copy for the specific courses that are required in the program.

### Plan of Study

■ This is one of numerous possible plans of study. See program description for all requirements. Consult a departmental advisor for alternate, new or more appropriate selections.

■ Prior to enrolling in CHM 2045C, take Chemistry Placement Test. Instructions are at

<http://knightsource.sdes.ucf.edu/placement>

■ Prior to enrolling in Math, take Math Placement Test ~ <http://utc.sdes.ucf.edu>

■ Although all classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$24.85 per term
- Full-Time Student: \$49.70 per term

## Biomedical Sciences (B.S.)

### College of Medicine

### Burnett School of Biomedical Sciences

### Health and Public Affairs II, Room: 335

<https://med.ucf.edu/biomed/>

**Email:** [bsbsadvising@ucf.edu](mailto:bsbsadvising@ucf.edu)

Dr. Griffith Parks, Director

Phone: 407-823-5932

### Admission Requirements

- None

### Degree Requirements

■ Students who change degree programs and select this major must adopt the most current catalog.

■ Students should complete the General Education Program before transferring within the Florida College System or State University System.

■ Grades below "C" in Common Program Prerequisites, Core Requirements and Restricted Electives will not be accepted.

■ Students should consult with a BSBS academic advisor at least once per semester.

### 1. UCF General Education Program (GEP) (39 hrs)

■ Certain courses must be selected in GEP for this major, bringing the total GEP hours to more than 36.

#### A: Communication Foundations (9 hrs)

|          |           |   |       |
|----------|-----------|---|-------|
| Required | ENC 1101  | Composition I                           | 3 hrs |
| Required | ENC 1102  | Composition II                          | 3 hrs |
| Prefer   | SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (7 hrs)

|          |          |                                   |       |
|----------|----------|-----------------------------------|-------|
| Required | STA 2023 | Statistical Methods I             | 3 hrs |
| Required | MAC 2311 | Calculus with Analytic Geometry I | 4 hrs |

#### D: Social Foundations (6 hrs)

#### E: Science Foundations (8 hrs)

|                       |           |                          |       |
|-----------------------|-----------|--------------------------|-------|
| Required              | BSC 2010C | Biology I                | 4 hrs |
| <sup>1</sup> Required | CHM 2045C | Chemistry Fundamentals I | 4 hrs |

<sup>1</sup> or CHM 2040 and CHM 2041

### 2. Common Program Prerequisites (CPP)

■ See "Common Prerequisites" in the Transfer and

Transitions Services section for more information.

|                        |                                   |       |
|------------------------|-----------------------------------|-------|
| BSC 2010C              | Biology I                         | GEP   |
| <sup>1</sup> CHM 2045C | Chemistry Fundamentals I          | GEP   |
| CHM 2046               | Chemistry Fundamentals II         | 3 hrs |
| CHM 2046L              | Chemistry Fundamentals Laboratory | 1 hr  |
| MAC 2311C              | Calculus with Analytic Geometry I | GEP   |
| STA 2023               | Statistical Methods I             | GEP   |
| CHM 2210               | Organic Chemistry I               | 3 hrs |
| CHM 2211               | Organic Chemistry II              | 3 hrs |
| CHM 2211L              | Organic Laboratory Techniques I   | 2 hrs |

### Select one of the following sequences of courses:

|           |                       |       |
|-----------|-----------------------|-------|
| PHY 2053C | College Physics I and | 4 hrs |
| PHY 2054C | College Physics II    | 4 hrs |

or

|           |                                      |       |
|-----------|--------------------------------------|-------|
| PHY 2048C | General Physics Using Calculus I and | 4 hrs |
| PHY 2049C | General Physics Using Calculus II    | 4 hrs |

<sup>1</sup> See Transfer Notes for possible substitutions.

### 3. Core Requirements: Basic Level

## UCF Degree Programs

### Math and Statistics

|          |                                   |    |
|----------|-----------------------------------|----|
| MAC 2311 | Calculus with Analytic Geometry I | GE |
| STA 2023 | Statistical Methods I             | GE |

### Chemistry

|           |                                 |       |
|-----------|---------------------------------|-------|
| CHM 2210  | Organic Chemistry I             | 3 hrs |
| CHM 2211  | Organic Chemistry II            | 3 hrs |
| CHM 2211L | Organic Laboratory Techniques I | 2 hrs |

### 4. Core Requirements: Advanced Level

#### Biomedical Sciences

**25 hrs**

■ The following core courses are for students completing the general Biomedical Science degree.

#### Life Sciences

**22 hrs**

|           |                                 |       |
|-----------|---------------------------------|-------|
| MCB 3020C | General Microbiology            | 5 hrs |
| BSC 3403C | Quantitative Biological Methods | 4 hrs |
| PCB 3522  | Molecular Biology I             | 3 hrs |
| PCB 4524  | Molecular Biology II            | 3 hrs |

#### Select 1:

**3 hrs**

|          |                         |       |
|----------|-------------------------|-------|
| MCB 4414 | Microbial Metabolism or | 3 hrs |
| MCB 4410 | Cellular Metabolism     | 3 hrs |

#### Select one of the following sequences of courses:

|           |                          |       |
|-----------|--------------------------|-------|
| PCB 4280  | Molecular Immunology and | 3 hrs |
| PCB 3233L | Immunology Laboratory    | 1 hr  |

or

|           |                       |       |
|-----------|-----------------------|-------|
| PCB 3233  | Immunology and        | 3 hrs |
| PCB 3233L | Immunology Laboratory | 1 hr  |

### Biochemistry

**3 hrs**

|          |                         |       |
|----------|-------------------------|-------|
| BCH 4024 | Medical Biochemistry or | 4 hrs |
| BCH 4053 | Biochemistry I          | 3 hrs |

### 5. Restricted Electives

#### Biomedical Sciences Restricted Electives

**23 hrs**

■ Select a minimum of seven (7) courses from the list below. At least two must have a laboratory course. No more than two may be MLS courses. Enrollment in some MLS courses is restricted. Check with advisor before enrolling. Only three hours of Honors thesis will count towards restrictive elective requirement.

■ Students can only select two (2) of the following BCH 4054, BCH 4103L, PCB 3063, PCB 4514, ZOO 4603C.

■ As an alternative to one of these listed electives, students can take part in a GEAR course, the PURE program, the PILOT course, or carry out an HIM thesis. Any one of these courses or programs will substitute for a restricted elective course, including elective laboratory courses.

|                        |   |       |
|------------------------|---|-------|
| <sup>1</sup> BCH 4054  | Biochemistry II                                   | 3 hrs |
| BCH 4103L              | Biochemical Methods                               | 2 hrs |
| BOT 4434C              | General Mycology                                  | 4 hrs |
| BSC 3424               | Nanobiotechnology                                 | 3 hrs |
| BSC 4434               | Biomedical Informatics: Sequence Analysis         | 3 hrs |
| BSC 4439               | Biomedical Informatics: Structure Analysis        | 3 hrs |
| <sup>1</sup> MCB 3202  | Principles of Infectious Disease                  | 3 hrs |
| <sup>2</sup> MCB 3203  | Pathogenic Microbiology                           | 3 hrs |
| <sup>1</sup> MCB 4404  | Bacterial Genetics and Physiology                 | 3 hrs |
| MCB 4114C              | Determinative & Systemic Microbiology             | 4 hrs |
| <sup>1</sup> MCB 4207  | Infectious Processes                              | 3 hrs |
| MCB 4204               | Cellular Microbiology: Host-Pathogen Interactions | 3 hrs |
| <sup>1</sup> MCB 4276  | Epidemiology of Infectious Diseases               | 3 hrs |
| <sup>1</sup> MCB 4312  | Molecular Biotechnology                           | 3 hrs |
| <sup>1</sup> MCB 4503C | Virology  | 3 hrs |
| MCB 4603               | Environmental Microbiology                        | 3 hrs |
| MCB 4721C              | Methods in Biotechnology                          | 4 hrs |
| MCB 4970H              | Honors Undergraduate Thesis II                    | 3 hrs |
| <sup>1</sup> MCB 4224  | Molecular Biology of Diseases                     | 3 hrs |

<sup>1</sup> Recommended for Preprofessional students

<sup>2</sup> Students must take MCB 3203L Pathogenic Microbiology Lab in order for the combination to count as 1 restricted elective.

### 6. Capstone Requirements

■ None

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

### 8. Electives

■ Variable. Students are encouraged to participate in undergraduate research if interested in pursuing graduate or professional education.

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Students must complete all coursework in the baccalaureate curriculum as shown, and, earn a GPA of at least 2.0 for all coursework in the Core and Restricted Electives.

■ Independent study, directed research, or similar credit may not be used as a Restricted Elective.

■ A minimum of 20 hours must be taken at UCF in the department of the major.

■ Students will be required to take a comprehensive test during their last semester.

### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA

■ 60 semester hours earned after CLEP awarded

■ 48 semester hours of upper division credit completed

■ 30 of the last 39 hours of course work must be completed in residency at UCF.

■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

## UCF Degree Programs

### Total Semester Hours Required

- 120

### Honors In Major

- Application and admission through the Department and the Burnett Honors College.
- Fulfill University requirements for Honors in the Major and maintain a 3.2 UCF GPA; 3.5 in the major; 3.2 cumulative average for graded upper division courses regardless of the institution.
- Complete the following course with a grade of B or better (4 credits):  
BSC 3403C Honors Quantitative Biological Methods 4 hrs
- Complete the following with a grade of B or better and successfully complete the oral defense of the Honors Thesis (3 credits):  
MCB 4970H Honors Undergraduate Thesis II 1 hr

### Related Programs

- Biology
- Biotechnology
- Chemistry
- Medical Laboratory Sciences

### Certificates

- None

### Related Minors

- Biology
- Chemistry

### Advising Notes

- None

### Transfer Notes

- Students who begin a two semester sequence course (e.g. General Chemistry) at a Florida College System institution are strongly encouraged to complete the sequence before transferring. If it will not be possible to complete the sequence before transferring, the student should postpone beginning the course until enrolling at UCF.
- Lower division courses do not substitute for upper division courses.

### Acceptable Substitutes for Transfer Courses

- BSC 2011C Biology II 4 hrs
- may be substituted with: BSC 3403C
- CHM 2045C Chemistry Fundamentals I 4 hrs
- may be substituted with: CHM 2040
- CHM 2045C Chemistry Fundamentals I 4 hrs
- may be substituted with: CHM 2041

### Plan of Study

- Freshman Year - Fall 14 hrs
- ENC 1101 Composition I 3 hrs
- CHM 2045C Chemistry Fundamentals I 4 hrs
- <sup>1</sup> MAC 2311C Calculus with Analytic Geometry I 4 hrs
- GEP 3 hrs

<sup>1</sup> or follow math sequence determined by Math Placement Exam

### Freshman Year - Spring

- ENC 1102 Composition II 3 hrs
- CHM 2046 Chemistry Fundamentals II 3 hrs
- CHM 2046L Chemistry Fundamentals Laboratory 1 hr
- BSC 2010C Biology I 4 hrs
- GEP 3 hrs

### Sophomore Year - Fall

- CHM 2210 Organic Chemistry I 3 hrs
- MCB 3020C General Microbiology 5 hrs
- GEP 3 hrs

### Select 1:

- STA 2023 Statistical Methods I 3 hrs

### Sophomore Year - Spring

- CHM 2211 Organic Chemistry II 3 hrs
- BSC 3403C Quantitative Biological Methods 4 hrs
- GEP 3 hrs
- Restricted Elective or Elective 3 hrs

### Select 1:

- CHM 2211L Organic Laboratory Techniques I or Elective 3 hrs

### Sophomore Year - Summer

- Restricted Elective or Elective 3 hrs
- Elective 3 hrs

### Select 1:

- CHM 2211L Organic Laboratory Techniques I or Elective 3 hrs

### Junior Year - Fall

- PCB 3522 Molecular Biology I 3 hrs
- GEP 3 hrs
- Restricted Elective 3 hrs

### Select 1:

- PHY 2053C College Physics I or 4 hrs
- <sup>1</sup> PHY 2048C General Physics Using Calculus I 4 hrs

<sup>1</sup> Students electing to enroll in the PHY2048/2049 sequence must plan to accommodate MAC 2311/2312 as prerequisites

### Junior Year - Spring

- PCB 4524 Molecular Biology II 3 hrs
- Restricted Elective 3 hrs

### Select 1:

- PHY 2054C College Physics II or 4 hrs
- <sup>1</sup> PHY 2049C General Physics Using Calculus II 4 hrs

### Select 1:

- PCB 3233L and PCB 4280 Molecular Immunology or 4 hrs
- PCB 3233 or Restricted Elective 3 hrs

<sup>1</sup> Students electing to enroll in the PHY2048/2049 sequence must plan to accommodate MAC 2311/2312 as prerequisites

### Senior Year - Fall

- GEP 12 hrs
- Restricted Elective 3 hrs

### Select 1:

- MCB 4414 Microbial Metabolism or 3 hrs
- BCH 4053 Biochemistry I 3 hrs

### Select 1:

- PCB 3233L and PCB 4280 Molecular Immunology or 4 hrs
- PCB 3233 or Restricted Elective 3 hrs

### Senior Year - Spring

- Restricted Elective 15 hrs
- Restricted Elective 3 hrs
- GEP 3 hrs

### Select 1:

- BCH 4053 Biochemistry I or 3 hrs
- MCB 4414 Microbial Metabolism or 3 hrs
- Elective 3 hrs

| MAC 2311 | Calculus with Analytic Geometry I | GEP |

#### Chemistry 8 hrs

|           |                                 |       |
|-----------|---------------------------------|-------|
| CHM 2210  | Organic Chemistry I             | 3 hrs |
| CHM 2211  | Organic Chemistry II            | 3 hrs |
| CHM 2211L | Organic Laboratory Techniques I | 2 hrs |

#### 4. Core Requirements: Advanced Level (35 hrs)

|           |                                 |       |
|-----------|---------------------------------|-------|
| BSC 3403C | Quantitative Biological Methods | 4 hrs |
| MCB 3020C | General Microbiology            | 5 hrs |
| PCB 3522  | Molecular Biology I             | 3 hrs |
| PCB 3233L | Immunology Laboratory           | 1 hr  |
| PCB 4280  | Molecular Immunology            | 3 hrs |
| PCB 4524  | Molecular Biology II            | 3 hrs |
| MCB 4410  | Cellular Metabolism             | 3 hrs |

#### Select 1:

|          |                         |       |
|----------|-------------------------|-------|
| BCH 4024 | Medical Biochemistry or | 4 hrs |
| BCH 4053 | Biochemistry I          | 3 hrs |

#### Track Core Requirements

|           |                                     |       |
|-----------|-------------------------------------|-------|
| PCB 4529C | Experimental Molecular Cell Biology | 4 hrs |
| PCB 4028  | Molecular and Cellular Pharmacology | 3 hrs |
| PCB 4234  | Cancer Biology                      | 3 hrs |

### 5. Restricted Electives

Students must choose three electives from the list below.

|  |   |       |
|--|---|-------|
| ■ At least one must have a laboratory component. |   |       |
| BSC 4434   | Biomedical Informatics: Sequence Analysis           | 3 hrs |
| MCB 4224   | Molecular Biology of Diseases                       | 3 hrs |
| MCB 4721C  | Methods in Biotechnology                            | 4 hrs |
| PCB 4663   | Human Genetics                                      | 3 hrs |
| PCB 4174   | Foundation of Bio-Imaging Science                   | 3 hrs |
| PCB 3703C  | Human Physiology                                    | 4 hrs |
| PCB 4521   | Tissue Engineering                                  | 3 hrs |
| PCB 4264   | Stem Cell Biology                                   | 3 hrs |
| PCB 4284   | Immunobiology                                       | 3 hrs |
| PCB 4813   | Molecular Aspects of Obesity, Diabetes & Metabolism | 3 hrs |
| PCB 5275   | Signal Transduction Mechanics                       | 3 hrs |
| ZOO 3744   | Neurobiology  | 3 hrs |

As an alternative to one of these listed electives, students can take part in a GEAR course, the PURE program, the PILOT course, or carry out an HIM thesis. Any one of these courses or programs will substitute for a restricted elective course, including elective laboratory courses.

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Two years of one foreign language in high school or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

- None

### 8. Electives

- Variable. Students are encouraged to participate in undergraduate research if interested in pursuing graduate or professional education.

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- Students must complete all coursework in the baccalaureate curriculum as shown and earn a GPA of at least 3.2 in the sciences.
- Independent study, directed research or similar credit may not be used as a restricted elective.
- A minimum of 20 hours must be taken at UCF in the department of the major.
- Students will be required to take a comprehensive test during their last semester.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors in Major

- Application and admission through the Department and the Burnett Honors College.
- Fulfill University requirements for Honors in the Major and maintain a 3.2 UCF GPA; 3.5 in the major; 3.2 cumulative average for graded upper division courses regardless of institution.

## UCF Degree Programs

- Complete the following course with a grade of B or better

<sup>1</sup> BSC 3403C Quantitative Biological Methods 4 hrs

<sup>1</sup> Honors section

- Complete the following with a grade of B or better and successfully complete the oral defense of the Honors Thesis 3 hrs

MCB 4970H Honors Undergraduate Thesis II 1 hr

Select one of the following sequences of courses:

|           |                       |       |
|-----------|-----------------------|-------|
| PHY 2053C | College Physics I and | 4 hrs |
| PHY 2054C | College Physics II    | 4 hrs |

or

|           |                                      |       |
|-----------|--------------------------------------|-------|
| PHY 2048C | General Physics Using Calculus I and | 4 hrs |
| PHY 2049C | General Physics Using Calculus II    | 4 hrs |

<sup>1</sup> or CHM 2040 and CHM 2041

### 3. Core Requirements: Basic Level

#### Math and Statistics

|          |                                   |     |
|----------|-----------------------------------|-----|
| STA 2023 | Statistical Methods I             | GEP |
| MAC 2311 | Calculus with Analytic Geometry I | GEP |

#### Chemistry

|           |                                 |       |
|-----------|---------------------------------|-------|
| CHM 2210  | Organic Chemistry I             | 3 hrs |
| CHM 2211  | Organic Chemistry II            | 3 hrs |
| CHM 2211L | Organic Laboratory Techniques I | 2 hrs |

### 4. Core Requirements: Advanced Level

|           |                                 |       |
|-----------|---------------------------------|-------|
| BSC 3403C | Quantitative Biological Methods | 4 hrs |
| MCB 3020C | General Microbiology            | 5 hrs |
| PCB 3522  | Molecular Biology I             | 3 hrs |
| PCB 3233L | Immunology Laboratory           | 1 hr  |
| PCB 4280  | Molecular Immunology            | 3 hrs |
| PCB 4524  | Molecular Biology II            | 3 hrs |
| MCB 4414  | Microbial Metabolism            | 3 hrs |

#### Select 1:

|          |                         |       |
|----------|-------------------------|-------|
| BCH 4024 | Medical Biochemistry or | 4 hrs |
| BCH 4053 | Biochemistry I          | 3 hrs |

#### Track Core Requirements

|          |   |       |
|----------|---|-------|
| MCB 4204 | Cellular Microbiology: Host-Pathogen Interactions | 3 hrs |
| MCB 4404 | Bacterial Genetics and Physiology                 | 3 hrs |
| MCB 4201 | Microbial Stress Response                         | 3 hrs |

### 5. Restricted Electives

Students must choose 3 courses from the list below:

■ At least 2 must have a laboratory component

|                       |                                     |       |
|-----------------------|-------------------------------------|-------|
| BOT 4434C             | General Mycology                    | 4 hrs |
| <sup>1</sup> MCB 3203 | Pathogenic Microbiology             | 3 hrs |
| MCB 4503C             | Virology                            | 3 hrs |
| MCB 3202              | Principles of Infectious Disease    | 3 hrs |
| MCB 4207              | Infectious Processes                | 3 hrs |
| MCB 4276              | Epidemiology of Infectious Diseases | 3 hrs |
| MCB 4603              | Environmental Microbiology          | 3 hrs |
| MCB 4721C             | Methods in Biotechnology            | 4 hrs |
| MCB 4653              | Applied Industrial Microbiology     | 3 hrs |
| PCB 4028              | Molecular and Cellular Pharmacology | 3 hrs |
| PCB 4284              | Immunobiology                       | 3 hrs |

<sup>1</sup> Must also choose MCB 3203L Pathogenic Microbiology Lab

As an alternative to one of these listed electives, students can take part in a GEAR course, the PURE program, the PILOT course, or carry out an HIM thesis. Any one of these courses or programs will substitute for a restricted elective course, including elective laboratory courses.

### 6. Capstone Requirements

■ None

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

### 8. Electives

■ Variable. Students are encouraged to participate in undergraduate research if interested in pursuing graduate or professional education.

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Students must complete all coursework in the baccalaureate curriculum as shown and earn a GPA of at least 3.20 for all coursework in the sciences.

■ Independent study, directed research or similar credit may not be used as a restricted elective.

■ A minimum of 20 hours must be taken at UCF in the department of the major.

■ Students will be required to take a comprehensive test during their last semester.

### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA

■ 60 semester hours earned after CLEP awarded

■ 48 semester hours of upper division credit completed

■ 30 of the last 39 hours of course work must be completed in residency at UCF.

■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

■ 120

#### Honors in Major

■ Application and admissions through the Department and the Burnett Honors College.

■ Fulfill University requirements for Honors in the Major and maintain a 3.2 UCF GPA; 3.5 in the major; 3.2 cumulative average for graded upper division courses regardless of the institution.

Complete the following course with a grade of

B or better

<sup>1</sup> BSC 3403C Quantitative Biological Methods 4 hrs

<sup>1</sup> Honors Section

Complete the following course with a grade of

B or better and successfully complete the oral

defense of the Honors Thesis

MCB 4970H Honors Undergraduate Thesis II 1 hr

#### Related Programs

■ Biology

■ Biotechnology

■ Medical Laboratory Sciences

■ Chemistry - Biochemistry Track

#### Certificates

■ None

## UCF Degree Programs

### Related Minors

- Biology
- Chemistry

### Advising Notes

- None

### Transfer Notes

■ Students who begin a two semester sequence course(e.g. General Chemistry) at a Florida College System institution are strongly encouraged to complete thesequence before transferring. If it will not be possible tocomplete the sequence before transferring, the studentshould postpone beginning the course until enrolling at UCF.

■ Lower division courses do not substitute for upperdivision courses.

### Acceptable Substitutes for Transfer Courses

■ the combination of CHM 2040 and CHM 2041 substitutes CHM 2045C.

### Plan of Study

| Freshman Year - Fall             |                                   | 14 hrs |
|----------------------------------|-----------------------------------|--------|
| ENC 1101                         | Composition I                     | 3 hrs  |
| CHM 2045C                        | Chemistry Fundamentals I          | 4 hrs  |
| MAC 2311                         | Calculus with Analytic Geometry I | 4 hrs  |
| General Education Program Course |                                   | 3 hrs  |

| Freshman Year - Spring           |                                   | 14 hrs |
|----------------------------------|-----------------------------------|--------|
| ENC 1102                         | Composition II                    | 3 hrs  |
| BSC 2010C                        | Biology I                         | 4 hrs  |

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

## Biomedical Sciences - Neuroscience Track (B.S.)

### College of Medicine

### Burnett School of Biomedical Sciences

### Health and Public Affairs II, Room: 335

<https://med.ucf.edu/biomed/>

Email: [bsbsadvising@ucf.edu](mailto:bsbsadvising@ucf.edu)

Dr. Griffith Parks, Director, 407-823-5932

### Admission Requirements

- None

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students should complete the General Education Program before transferring within the Florida CollegeSystem or State University System.
- Grades below "C" in Common Program Prerequisites,Core Requirements and Restricted Electives will not be accepted.
- Students in the Neuroscience track must maintain a minimumScience GPA of 3.2. Students who are unable to maintain such GPA must revert back into the non-track Biomedical Sciences B.S.
- Students should consult with a BSBS academic advisor at least once a semester.

### 1. UCF General Education Program (GEP)

| A: Communication Foundations |   | (9 hrs) |
|------------------------------|---|---------|
| Required                     | ENC 1101 Composition I                            | 3 hrs   |
| Required                     | ENC 1102 Composition II                           | 3 hrs   |
| Required                     | SPC 1603C Fundamentals of Technical Presentations | 3 hrs   |

### B: Cultural & Historical Foundations

### C: Mathematical Foundations

|          |  |       |
|----------|--|-------|
| Required | MAC 2311 Calculus with Analytic Geometry I | 4 hrs |
| Required | STA 2023 Statistical Methods I             | 3 hrs |

### D: Social Foundations

### E: Science Foundations

|                       |                                    |       |
|-----------------------|------------------------------------|-------|
| Required              | BSC 2010C Biology I                | 4 hrs |
| <sup>1</sup> Required | CHM 2045C Chemistry Fundamentals I | 4 hrs |

<sup>1</sup> or CHM 2040 and CHM 2041

### 2. Common Program Prerequisites (CPP)

■ See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|           |                          |     |
|-----------|--------------------------|-----|
| BSC 2010C | Biology I                | GEP |
| CHM 2045C | Chemistry Fundamentals I | GEP |

## UCF Degree Programs

|           |                                   |       |
|-----------|-----------------------------------|-------|
| CHM 2046  | Chemistry Fundamentals II         | 3 hrs |
| CHM 2046L | Chemistry Fundamentals Laboratory | 1 hr  |
| MAC 2311  | Calculus with Analytic Geometry I | GEP   |

**Select one of the following sequences of courses:**

|           |                       |       |
|-----------|-----------------------|-------|
| PHY 2053C | College Physics I and | 4 hrs |
| PHY 2054C | College Physics II    | 4 hrs |

or

|           |                                      |       |
|-----------|--------------------------------------|-------|
| PHY 2048C | General Physics Using Calculus I and | 4 hrs |
| PHY 2049C | General Physics Using Calculus II    | 4 hrs |

### 3. Core Requirements: Basic Level

#### Math and Statistics

|          |                                   |     |
|----------|-----------------------------------|-----|
| MAC 2311 | Calculus with Analytic Geometry I | GEP |
| STA 2023 | Statistical Methods I             | GEP |

#### Chemistry

|           |                                 |       |
|-----------|---------------------------------|-------|
| CHM 2210  | Organic Chemistry I             | 3 hrs |
| CHM 2211  | Organic Chemistry II            | 3 hrs |
| CHM 2211L | Organic Laboratory Techniques I | 2 hrs |

### 4. Core Requirements: Advanced Level

|           |                                 |       |
|-----------|---------------------------------|-------|
| BSC 3403C | Quantitative Biological Methods | 4 hrs |
| MCB 3020C | General Microbiology            | 5 hrs |
| PCB 3522  | Molecular Biology I             | 3 hrs |
| PCB 3233L | Immunology Laboratory           | 1 hr  |
| PCB 4280  | Molecular Immunology            | 3 hrs |
| PCB 4524  | Molecular Biology II            | 3 hrs |
| MCB 4410  | Cellular Metabolism             | 3 hrs |

#### Select 1:

|          |                         |       |
|----------|-------------------------|-------|
| BCH 4024 | Medical Biochemistry or | 4 hrs |
| BCH 4053 | Biochemistry I          | 3 hrs |

#### Track Core Requirements

|           |  |       |
|-----------|--|-------|
| MCB 4224  | Molecular Biology of Diseases          | 3 hrs |
| PCB 4843  | Cellular and Molecular Neuroscience    | 3 hrs |
| ZOO 3744  | Neurobiology                           | 3 hrs |
| ZOO 4743C | Clinical Neuroanatomy and Neuroscience | 4 hrs |

### 5. Restricted Electives

**Students must choose 3 courses. Two must come from the list below and the additional course can come from the broader list under the Biomedical Sciences (non-track). Two of these three courses must have a laboratory component.**

|           |   |       |
|-----------|---|-------|
| PCB 3703C | Human Physiology                                | 4 hrs |
| PCB 4028  | Molecular and Cellular Pharmacology             | 3 hrs |
| PCB 4135  | Applied Molecular Cell Biology                  | 3 hrs |
| PCB 4174  | Foundation of Bio-Imaging Science               | 3 hrs |
| PCB 4234  | Cancer Biology                                  | 3 hrs |
| PCB 4284  | Immunobiology                                   | 3 hrs |
| PCB 4832  | Cellular and Molecular Basis of Brain Functions | 3 hrs |
| ZOO 4742  | Advanced Neurobiology                           | 3 hrs |
| ZOO 4747C | Clinical Neuroscience                           | 4 hrs |

**As an alternative to one of these listed electives, students can take part in a GEAR course, the PURE program, the PILOT course, or carry out an HIM thesis. Any one of these courses or programs will substitute for a restricted elective course, including elective laboratory courses.**

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Two o years of one foreign language in high school, or one year of foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

- None

### 8. Electives

- Variable. Students are encouraged to participate in undergraduate research if interested in pursuing graduate or professional education.

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- Students must complete all coursework in the baccalaureate curriculum as shown and earn a GPA of at least 3.20 for all coursework in the sciences.
- Independent study, directed research or similar credit may not be used as a restricted elective.
- A minimum of 20 hours must be taken at UCF in the department of the major.

- 120

### Honors In Major

- Application and admissions through the Department and the Burnett Honors College.
- Fulfill University requirements for Honors in the Major and maintain a 3.2 UCF GPA; 3.5 in the major; 3.2 cumulative average for graded upper division courses regardless of the institution.

### Complete the following course with a grade of

#### B or better.

|                        |                                 |       |
|------------------------|---------------------------------|-------|
| <sup>1</sup> BSC 3403C | Quantitative Biological Methods | 4 hrs |
|------------------------|---------------------------------|-------|

<sup>1</sup> Honors section

**Complete the following with a grade of B or better and successfully complete the oral defense of the Honors Thesis.**

|           |                                |      |
|-----------|--------------------------------|------|
| MCB 4970H | Honors Undergraduate Thesis II | 1 hr |
|-----------|--------------------------------|------|

### Related Programs

- Biology
- Biotechnology
- Medical Laboratory Sciences
- Chemistry - Biochemistry Track

### Certificates

- None

### Related Minors

- Biology
- Chemistry

### Advising Notes

- None

### Transfer Notes

- Students who begin a two semester sequence course (e.g. General Chemistry) at a Florida College System institution are strongly encouraged to complete the sequence before transferring. If it will not be possible to complete the sequence before transferring, the student should postpone beginning the course until enrolling at UCF.
- Lower division courses do not substitute for upper division courses.

### Acceptable Substitutes for Transfer Courses

- CHM 2040 and CHM 2041 substitute CHM 2045C

### Plan of Study

| Freshman Year - Fall             |                                   | 14 hrs |
|----------------------------------|-----------------------------------|--------|
| ENC 1101                         | Composition I                     | 3 hrs  |
| CHM 2045C                        | Chemistry Fundamentals I          | 4 hrs  |
| MAC 2311                         | Calculus with Analytic Geometry I | 4 hrs  |
| General Education Program Course |                                   | 3 hrs  |

## UCF Degree Programs

|                                  |                                   |               |

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oaas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oaas.ucf.edu/alc/academic_learning_compacts.htm)

## Biomedical Sciences - Preprofessional Concentration (B.S.)

### College of Medicine

### Burnett School of Biomedical Sciences

### Health and Public Affairs II, Room: 335

<https://med.ucf.edu/biomed/>

Email: [bsbsadvising@ucf.edu](mailto:bsbsadvising@ucf.edu)

Dr. Griffith Parks, Director

Phone: 407-823-5932

Students seeking admission to professional schools (medical, dental, optometry, veterinary, podiatry, and pharmacy) will meet all

the admission requirements for those programs while obtaining a Biomedical Sciences degree.

### Admission Requirements

■ None

### Degree Requirements

■ Students who change degree programs and select this major must adopt the most current catalog.

■ Students should complete the General Education Program before transferring within the Florida College System or State University System.

■ Grades below "C" in Common Program Prerequisites, Core Requirements and Restricted Electives will not be accepted.

■ Students should consult with a BSBS academic advisor and the Office of Pre-Health and Pre-Law Advising at least once per semester.

### 1. UCF General Education Program (GEP) (37 hrs)

■ Note: Certain courses must be selected in GEP for this major, bringing the total GEP hours to more than 36.

#### A: Communication Foundations (9 hrs)

|          |           |   |       |
|----------|-----------|---|-------|
| Required | ENC 1101  | Composition I                           | 3 hrs |
| Required | ENC 1102  | Composition II                          | 3 hrs |
| Prefer   | SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (7 hrs)

|          |          |                                   |       |
|----------|----------|-----------------------------------|-------|
| Required | MAC 2311 | Calculus with Analytic Geometry I | 4 hrs |
| Required | STA 2023 | Statistical Methods I             | 3 hrs |

#### D: Social Foundations (6 hrs)

#### E: Science Foundations

|          |           |                          |       |
|----------|-----------|--------------------------|-------|
| Required | BSC 2010C | Biology I                | 4 hrs |
| Required | CHM 2045C | Chemistry Fundamentals I | 4 hrs |

### 2. Common Program Prerequisites (CPP) (16 hrs)

■ See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|                        |                                   |       |
|------------------------|-----------------------------------|-------|
| BSC 2010C              | Biology I                         | GEP   |
| <sup>1</sup> BSC 2011C | Biology II                        | 4 hrs |
| <sup>1</sup> CHM 2045C | Chemistry Fundamentals I          | GEP   |
| CHM 2046               | Chemistry Fundamentals II         | 3 hrs |
| CHM 2046L              | Chemistry Fundamentals Laboratory | 1 hr  |
| MAC 2311C              | Calculus with Analytic Geometry I | GEP   |

### Select one of the following sequences of courses:

|           |                       |       |
|-----------|-----------------------|-------|
| PHY 2053C | College Physics I and | 4 hrs |
| PHY 2054C | College Physics II    | 4 hrs |

or

|           |                                      |       |
|-----------|--------------------------------------|-------|
| PHY 2048C | General Physics Using Calculus I and | 4 hrs |
| PHY 2049C | General Physics Using Calculus II    | 4 hrs |

<sup>1</sup> See Transfer Notes for possible substitutions

### 3. Core Requirements: Basic Level (10 hrs)

#### Life Sciences: Basic

|           |                                    |       |
|-----------|------------------------------------|-------|
| SLS 2311C | Overview of Select Medical Careers | 2 hrs |
|-----------|------------------------------------|-------|

#### Math and Statistics

|          |                                   |     |
|----------|-----------------------------------|-----|
| STA 2023 | Statistical Methods I             | GEP |
| MAC 2311 | Calculus with Analytic Geometry I | GEP |

#### Chemistry

### Take all of the following: 8 hrs

|           |                                 |       |
|-----------|---------------------------------|-------|
| CHM 2210  | Organic Chemistry I and         | 3 hrs |
| CHM 2211  | Organic Chemistry II and        | 3 hrs |
| CHM 2211L | Organic Laboratory Techniques I | 2 hrs |

### 4. Core Requirements: Advanced Level (25 hrs)

#### Life Sciences: Advanced

|           |                                 |       |
|-----------|---------------------------------|-------|
| MCB 3020C | General Microbiology            | 5 hrs |
| PCB 3522  | Molecular Biology I             | 3 hrs |
| PCB 4524  | Molecular Biology II            | 3 hrs |
| BSC 3403C | Quantitative Biological Methods | 4 hrs |

## UCF Degree Programs

### Select one of the following sequences of courses:

|           |                          |       |
|-----------|--------------------------|-------|
| PCB 4280  | Molecular Immunology and | 3 hrs |
| PCB 3233L | Immunology Laboratory    | 1 hr  |

or

|           |                       |       |
|-----------|-----------------------|-------|
| PCB 3233  | Immunology and        | 3 hrs |
| PCB 3233L | Immunology Laboratory | 1 hr  |

### Select 1: 3 hrs

|          |                         |       |
|----------|-------------------------|-------|
| MCB 4414 | Microbial Metabolism or | 3 hrs |
| MCB 4410 | Cellular Metabolism     | 3 hrs |

### Biochemistry - Select 1

|          |                         |       |
|----------|-------------------------|-------|
| BCH 4024 | Medical Biochemistry or | 4 hrs |
| BCH 4053 | Biochemistry I          | 3 hrs |

### 5. Restricted Electives

#### 7 courses minimum

■ Seven (7) courses from below, from which at least two must be a laboratory course. No more than two may be MLS courses. Enrollment in some MLS courses is restricted. Check with advisor before enrolling. Only three hours of Honors thesis will count towards restricted elective requirement.

■ Students cannot choose more than two (2) of the following restricted electives: BCH 4054, BCH 4103L, BOT 4850, PCB 3063, PCB 4402, PCB 4514, PCB 4678, PCB 4683, ZOO 4513, ZOO 4603C.

■ As an alternative to one of these listed electives, students can take part in a GEAR course, the PURE program, the PILOT course, or carry out an HIM thesis. Any one of these courses or programs will substitute for a restricted elective course, including elective laboratory courses.

|                       |   |       |
|-----------------------|---|-------|
| BCH 4054              | Biochemistry II                                       | 3 hrs |
| BOT 4850              | Medicinal Botany                                      | 3 hrs |
| MCB 3202              | Principles of Infectious Disease                      | 3 hrs |
| <sup>1</sup> MCB 3203 | Pathogenic Microbiology                               | 3 hrs |
| MCB 4207              | Infectious Processes                                  | 3 hrs |
| MCB 4276              | Epidemiology of Infectious Diseases                   | 3 hrs |
| MCB 4312              | Molecular Biotechnology                               | 3 hrs |
| MCB 4404              | Bacterial Genetics and Physiology                     | 3 hrs |
| MCB 4503C             | Virology  | 3 hrs |
| MCB 4653              | Applied Industrial Microbiology                       | 3 hrs |
| MCB 4970H             | Honors Undergraduate Thesis II                        | 3 hrs |

| ZOO 4742              | Advanced Neurobiology                                 | 3 hrs |
| ZOO 4743C             | Clinical Neuroanatomy and Neuroscience                | 4 hrs |
| ZOO 4753C             | Vertebrate Histology                                  | 4 hrs |
| ZOO 4747C             | Clinical Neuroscience                                 | 4 hrs |

<sup>1</sup> Students must also select MCB 3203L Pathogenic Microbiology Lab in order for this combination to count as 1 restricted elective.

<sup>2</sup> Students must also take lab component, PCB 4683L

### 6. Capstone Requirements

■ None

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

### 8. Electives

■ Variable

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Student must complete all coursework in the baccalaureate curriculum as shown, and, earn a GPA of at least 2.0 for all coursework in the Prerequisites, Core and Restricted Electives.

■ Independent study, directed research, or similar credit may not be used as a Restricted Elective.

■ Minimum of 20 hours must be taken at UCF in the department of the major.

■ Students will be required to take a comprehensive test during their last semester.

### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA

■ 60 semester hours earned after CLEP awarded

■ 48 semester hours of upper division credit completed

■ 30 of the last 39 hours of course work must be completed in residency at UCF.

■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors in Major

■ Application and admission through the Department and the Burnett Honors College.

■ Fulfill University requirements for Honors in the Major and maintain a 3.2 UCF GPA; 3.5 in the major; 3.2 cumulative average for graded upper division courses regardless of the institution.

■ Complete the following with a grade of B or better (4 credits)

BSC 3403C Honors Quantitative Biological Methods 4 hrs

■ Complete the following with a grade of B or better and successfully complete the oral defense of the Honors Thesis (3 credits).

MCB 4970H Honors Undergraduate Thesis II 1 hr

### Related Programs

■ Biology

■ Biotechnology

■ Chemistry

■ Medical Laboratory Sciences

### Certificates

■ None

### Related Minors

■ Biology

■ Chemistry

### Advising Notes

■ None

## UCF Degree Programs

### Transfer Notes

- Students who begin a two semester sequence course (e.g. General Chemistry) at a Florida College System institution are strongly encouraged to complete the sequence before transferring. If it will not be possible to complete the sequence before transferring, the student should postpone beginning the course until enrolling at UCF.
- Lower division courses do not substitute for upper division courses.

### Acceptable Substitutes for Transfer Courses

|                                    |                                    |       |
|------------------------------------|------------------------------------|-------|
| BSC 2011C                          | Biology II                         | 4 hrs |
| may be substituted with: BSC 3403C |                                    |       |
| CHM 2045C                          | Chemistry Fundamentals I           | 4 hrs |
| may be substituted with: CHM 2040  |                                    |       |
| CHM 2045C                          | Chemistry Fundamentals I           | 4 hrs |
| may be substituted with: CHM 2041  |                                    |       |
| Plan of Study                      |                                    |       |
| Freshman Year - Fall               |                                    |       |
| ENC 1101                           | Composition I                      | 3 hrs |
| CHM 2045C                          | Chemistry Fundamentals I           | 4 hrs |
| <sup>1</sup> MAC 2311C             | Calculus with Analytic Geometry I  | 4 hrs |
| SLS 2311C                          | Overview of Select Medical Careers | 2 hrs |
| GEP                                |                                    | 3 hrs |

<sup>1</sup> or follow math sequence determined by Math Placement Exam

### Freshman Year - Spring 14 hrs

|           |                                   |       |
|-----------|-----------------------------------|-------|
| ENC 1102  | Composition II                    | 3 hrs |
| CHM 2046  | Chemistry Fundamentals II         | 3 hrs |
| CHM 2046L | Chemistry Fundamentals Laboratory | 1 hr  |
| BSC 2010C | Biology I                         | 4 hrs |
| GEP       |                                   | 3 hrs |

### Sophomore Year - Fall 14 hrs

|           |                       |       |
|-----------|-----------------------|-------|
| CHM 2210  | Organic Chemistry I   | 3 hrs |
| MCB 3020C | General Microbiology  | 5 hrs |
| GEP       |                       | 3 hrs |
| STA 2023  | Statistical Methods I | 3 hrs |

### Sophomore Year - Spring 16 hrs

|                                 |                                 |       |
|---------------------------------|---------------------------------|-------|
| CHM 2211                        | Organic Chemistry II            | 3 hrs |
| BSC 3403C                       | Quantitative Biological Methods | 4 hrs |
| GEP                             |                                 | 3 hrs |
| Restricted Elective or Elective |                                 | 3 hrs |

### Select 1: 3 hrs

|           |   |       |
|-----------|---|-------|
| CHM 2211L | Organic Laboratory Techniques I or Elective | 2 hrs |
|           |   | 3 hrs |

### Sophomore Year - Summer 9 hrs

|                                 |  |       |
|---------------------------------|--|-------|
| Restricted Elective or Elective |  | 3 hrs |
| Elective                        |  | 3 hrs |

### Select 1: 3 hrs

|           |   |       |
|-----------|---|-------|
| CHM 2211L | Organic Laboratory Techniques I or Elective | 2 hrs |
|           |   | 3 hrs |

### Junior Year - Fall 13 hrs

|                     |                     |       |
|---------------------|---------------------|-------|
| PCB 3522            | Molecular Biology I | 3 hrs |
| GEP                 |                     | 3 hrs |
| Restricted Elective |                     | 3 hrs |

### Select 1: 4 hrs

|                        |                                  |       |
|------------------------|----------------------------------|-------|
| PHY 2053C              | College Physics I or             | 4 hrs |
| <sup>1</sup> PHY 2048C | General Physics Using Calculus I | 4 hrs |

<sup>1</sup> Students electing to enroll in the PHY2048/2049 sequence must plan to accommodate MAC 2311/2312 as prerequisites.

### Junior Year - Spring 13 hrs

|                     |                      |       |
|---------------------|----------------------|-------|
| PCB 4524            | Molecular Biology II | 3 hrs |
| Restricted Elective |                      | 3 hrs |

### Select 1: 4 hrs

|                        |                                      |       |
|------------------------|--------------------------------------|-------|
| <sup>1</sup> PHY 2049C | General Physics Using Calculus II or | 4 hrs |
| PHY 2054C              | College Physics II                   | 4 hrs |

### Select 1: 3 hrs

|                                 |                         |       |
|---------------------------------|-------------------------|-------|
| PCB 3233L and PCB 4280          | Molecular Immunology or | 4 hrs |
| PCB 3233 or Restricted Elective |                         | 3 hrs |

<sup>1</sup> Students electing to enroll in the PHY2048/2049 sequence must plan to accommodate MAC 2311/2312 as prerequisites.

### Senior Year - Fall 12 hrs

|                     |  |       |
|---------------------|--|-------|
| GEP                 |  | 3 hrs |
| Restricted Elective |  | 3 hrs |

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$39 per term
- Full-Time Student: \$78 per term

## Biotechnology (B.S.)

### College of Medicine

### Burnett School of Biomedical Sciences

### Health and Public Affairs II, Room: 335

<https://med.ucf.edu/biomed/>

Email: [bsbsadvising@ucf.edu](mailto:bsbsadvising@ucf.edu)

Dr. Griffith Parks, Director

Phone: 407-823-5932

The Biotechnology B.S. produces highly trained workers that will meet the workforce needs of the biotechnology industry. Students seeking admission to professional schools (medical, dental, optometry, veterinary, podiatry, and pharmacy) will meet most of the admission requirements for those programs while obtaining a Biotechnology B.S. degree.

### Admission Requirements

- None

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog
- Students should complete the General Education Program before transferring within the Florida College System or State University System.
- Students should consult with a BSBS academic advisor at least once per semester.
- Courses designated in section 1 below may be taken at a Florida College System institution, and should usually be completed in the first 60 hours
- Grades below "C" in Common Program Prerequisites, Core Requirements and Restricted Electives will not be accepted.

### 1. UCF General Education Program (GEP) (36 hrs)

#### A: Communication Foundations

|          |           |   |       |
|----------|-----------|---|-------|
| Required | ENC 1101  | Composition I                           | 3 hrs |
| Required | ENC 1102  | Composition II                          | 3 hrs |
| Prefer   | SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations

|          |          |                       |       |
|----------|----------|-----------------------|-------|
| Required | STA 2023 | Statistical Methods I | 3 hrs |
|----------|----------|-----------------------|-------|

### Select 1: 4 hrs

|          |           |                                      |       |
|----------|-----------|--------------------------------------|-------|
| Required | MAC 2311C | Calculus with Analytic Geometry I or | 4 hrs |
| Required | MAC 2253  | Applied Calculus                     | 3 hrs |

## UCF Degree Programs

### D: Social Foundations (6 hrs)

#### E: Science Foundations

|          |           |                          |       |
|----------|-----------|--------------------------|-------|
| Required | CHM 2045C | Chemistry Fundamentals I | 4 hrs |
| Required | BSC 2010C | Biology I                | 4 hrs |

### 2. Common Program Prerequisites (CPP) (21 hrs)

■ See "Common Prerequisites" in the Transfer and

Transitions Services section for more information.

|                        |                                   |       |
|------------------------|-----------------------------------|-------|
| BSC 2010C              | Biology I                         | GEP   |
| <sup>1</sup> BSC 2011C | Biology II                        | 4 hrs |
| <sup>2</sup> CHM 2045C | Chemistry Fundamentals I          | GEP   |
| CHM 2046               | Chemistry Fundamentals II         | 3 hrs |
| CHM 2210               | Organic Chemistry I               | 3 hrs |
| CHM 2211               | Organic Chemistry II              | 3 hrs |
| STA 2023               | Statistical Methods I             | GEP   |
| MAC 2311C              | Calculus with Analytic Geometry I | GEP   |
| PHY 2053C              | College Physics I                 | 4 hrs |
| PHY 2054C              | College Physics II                | 4 hrs |

<sup>1</sup> This course is substituted with BSC 3403C.

<sup>2</sup> See Transfer Notes for possible substitutions.

### 3. Core Requirements: Basic Level

■ None

### 4. Core Requirements: Advanced Level (52 hrs)

#### Life Sciences

|           |                                   |       |
|-----------|-----------------------------------|-------|
| MCB 3020C | General Microbiology              | 5 hrs |
| PCB 3522  | Molecular Biology I               | 3 hrs |
| PCB 4524  | Molecular Biology II              | 3 hrs |
| BSC 3403C | Quantitative Biological Methods   | 4 hrs |
| MCB 4721C | Methods in Biotechnology          | 4 hrs |
| MCB 4720  | Industrial Perspectives Seminar   | 3 hrs |
| MCB 4312  | Molecular Biotechnology           | 3 hrs |
| PCB 4135  | Applied Molecular Cell Biology    | 3 hrs |
| PCB 4174  | Foundation of Bio-Imaging Science | 3 hrs |

Select one of the following sequences of courses:

|           |                          |       |
|-----------|--------------------------|-------|
| PCB 4280  | Molecular Immunology and | 3 hrs |
| PCB 3233L | Immunology Laboratory    | 1 hr  |

or

|           |                       |       |
|-----------|-----------------------|-------|
| PCB 3233  | Immunology and        | 3 hrs |
| PCB 3233L | Immunology Laboratory | 1 hr  |

#### Select 1:

|          |                         |       |
|----------|-------------------------|-------|
| MCB 4414 | Microbial Metabolism or | 3 hrs |
| MCB 4410 | Cellular Metabolism     | 3 hrs |

#### Chemistry

|           |                                   |       |
|-----------|-----------------------------------|-------|
| BCH 4053  | Biochemistry I                    | 3 hrs |
| CHM 2046L | Chemistry Fundamentals Laboratory | 1 hr  |
| CHM 2211L | Organic Laboratory Techniques I   | 2 hrs |

#### Physics

Select one of the following sequences of courses:

|           |                       |       |
|-----------|-----------------------|-------|
| PHY 2053C | College Physics I and | 4 hrs |
| PHY 2054C | College Physics II    | 4 hrs |

or

|           |                                      |       |
|-----------|--------------------------------------|-------|
| PHY 2048C | General Physics Using Calculus I and | 4 hrs |
| PHY 2049C | General Physics Using Calculus II    | 4 hrs |

#### Math

#### Select 1: 3 hrs

|           |                                      |     |
|-----------|--------------------------------------|-----|
| MAC 2311C | Calculus with Analytic Geometry I or | GEP |
| MAC 2253  | Applied Calculus                     | GEP |

### 5. Restricted Electives (6 hrs)

■ Two courses minimum, no more than one may be taken outside the Burnett School of Biomedical Sciences. Each graduate must complete 3 credits of MCB 4912 or MCB 4970H or serve an internship. Only three hours of Honors thesis or undergraduate research will count toward the restrictive elective requirement.

■ Those students who do not qualify for MCB 4970H may elect MCB 4912 Undergraduate Research as a substitute course, but a research report must be submitted to instructor after completion of research project.

|           |                     |       |
|-----------|---------------------|-------|
| BCH 4054  | Biochemistry II     | 3 hrs |
| BCH 4103L | Biochemical Methods | 2 hrs |

|                       |                                      |       |
|-----------------------|--------------------------------------|-------|
| <sup>1</sup> MCB 3203 | Pathogenic Microbiology              | 3 hrs |
| MCB 4404              | Bacterial Genetics and Physiology    | 3 hrs |
| MCB 4207              | Infectious Processes                 | 3 hrs |
| MCB 4204              | Cellular Microbiology: Host-Pathogen | 3 hrs |

|           |                                     |       |
|-----------|-------------------------------------|-------|
|           | Interactions                        |       |
| PCB 4284  | Immunobiology                       | 3 hrs |
| MCB 4503C | Virology                            | 3 hrs |
| MCB 4603  | Environmental Microbiology          | 3 hrs |

| PCB 5275  | Signal Transduction Mechanics       | 3 hrs |

<sup>1</sup> Students must take MCB 3203L Pathogenic Microbiology Lab in order for the combination to count as 1 restricted elective

### 6. Capstone Requirements

■ None

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

### 8. Electives

■ Variable

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ A student must complete all coursework in the baccalaureate curriculum as shown, and, earn a GPA of at least 2.0 for all coursework in the Prerequisites, Core and Restricted Electives

■ A minimum of 20 hours must be taken at UCF in the department of the major

■ Students will be required to take a comprehensive test during their last semester

### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA

■ 60 semester hours earned after CLEP awarded

■ 48 semester hours of upper division credit completed

■ 30 of the last 39 hours of course work must be

completed in residency at UCF.

■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

■ 120

#### Honors In Major

■ Application and admission through the department and the Burnett Honors College

■ Fulfill University requirements for Honors in the Major and maintain a 3.2 UCF GPA; 3.5 in the major; 3.2 cumulative average for graded upper division courses regardless of the institution

■ Complete the following with a grade of B or better:  
BSC 3403C Honors Quantitative Biological Methods 4 hrs

■ Complete the following with a grade of B or better and successfully complete the oral defense of the Honors Thesis  
MCB 4970H Honors Undergraduate Thesis II 3 hrs

#### Related Programs

- Biology
- Chemistry

## UCF Degree Programs

- Medical Laboratory Sciences
- Biomedical Sciences

### Certificates

- None

### Related Minors

- Biology
- Chemistry
- Biomedical Sciences

### Advising Notes

- None

### Transfer Notes

- Students who begin a two semester sequence course (e.g. General Chemistry) at a Florida College System institution are strongly encouraged to complete the sequence before transferring. If it will not be possible to complete the sequence before transferring, the student should postpone beginning the course until enrolling at UCF.

### Acceptable Substitutes for Transfer Courses

- Substitutes for Common Program Prerequisites
- MAC X311 or MAC X233 or MAC X353 or MAC X281
- PHY X253C & PHY X054C or PHY X048/X048L & PHY X049/X049L
- STA X023 or STA X122 or STA X014 or STA X024 or STA X321

### Acceptable Substitutes

|  |        |
|--|--------|
| CHM 2045C may be substituted with CHM 2040 and CHM 2041  | 4 hrs  |
| BSC 2011C Biology II                                     | 4 hrs  |
| may be substituted with: BSC 3403C                       |        |
| CHM 2045C Chemistry Fundamentals I                       | 4 hrs  |
| may be substituted with: CHM 2040                        |        |
| CHM 2045C Chemistry Fundamentals I                       | 4 hrs  |
| may be substituted with: CHM 2041                        |        |
| Plan of Study  |        |
| Freshman Year - Fall                                     | 14 hrs |

### Select 1: 4 hrs

|   |       |
|---|-------|
| PHY 2053C College Physics I or                          | 4 hrs |
| <sup>1</sup> PHY 2048C General Physics Using Calculus I | 4 hrs |

<sup>1</sup> \*Students electing to enroll in the PHY2048/2049 sequence must plan to accommodate MAC 2311C/2312 as prerequisites.

### Junior Year - Spring 15 hrs

|   |       |
|---|-------|
| PCB 4524 Molecular Biology II                 | 3 hrs |
| PCB 4280 Molecular Immunology                 | 3 hrs |
| PCB 3233L Immunology Laboratory               | 1 hr  |
| PCB 4529C Experimental Molecular Cell Biology | 4 hrs |

### Select 1: 4 hrs

|  |       |
|--|-------|
| PHY 2054C College Physics II or                          | 4 hrs |
| <sup>1</sup> PHY 2049C General Physics Using Calculus II | 4 hrs |

<sup>1</sup> \*Students electing to enroll in the PHY2048/2049 sequence must plan to accommodate MAC 2311/2312 as prerequisites.

### Senior Year - Fall 13 hrs

|                                    |       |
|------------------------------------|-------|
| MCB 4721C Methods in Biotechnology | 4 hrs |
| MCB 4312 Molecular Biotechnology   | 3 hrs |
| Restricted Elective or Elective    | 3 hrs |

### Select 1: 3 hrs

|                               |       |
|-------------------------------|-------|
| BCH 4053 Biochemistry I or    | 3 hrs |
| MCB 4414 Microbial Metabolism | 3 hrs |

### Senior Year - Spring 12 hrs

|  |       |
|--|-------|
| PCB 4174 Foundation of Bio-Imaging Science | 3 hrs |
| GEP  | 3 hrs |
| Restricted Elective or Elective            | 3 hrs |

### Select 1: 3 hrs

|                               |       |
|-------------------------------|-------|
| BCH 4053 Biochemistry I or    | 3 hrs |
| MCB 4414 Microbial Metabolism | 3 hrs |

- For students who transfer in their junior year from a Florida College System institution, the revised sequence of courses is provided [it is assumed that GEP and physics will be completed at an FCS institution:

### Junior Year - Fall

- Students electing to enroll in the PHY2048/2049 sequence must plan to accommodate MAC 2311/2312 as prerequisites.

|  |       |
|--|-------|
| MCB 3020C General Microbiology           | 5 hrs |
| MCB 4720 Industrial Perspectives Seminar | 3 hrs |
| Restricted Elective                      | 3 hrs |
| Free Elective                            | 3 hrs |

### Junior Year - Spring

|   |       |
|---|-------|
| PCB 3522 Molecular Biology I              | 3 hrs |
| BSC 3403C Quantitative Biological Methods | 4 hrs |
| BCH 4053 Biochemistry I                   | 3 hrs |
| Restricted Elective                       | 3 hrs |

### Senior Year - Fall

|                                    |       |
|------------------------------------|-------|
| MCB 4414 Microbial Metabolism      | 3 hrs |
| MCB 4721C Methods in Biotechnology | 4 hrs |
| MCB 4312 Molecular Biotechnology   | 3 hrs |
| Elective 3000 level                | 3 hrs |

### Senior Year - Spring

|   |       |
|---|-------|
| PCB 4524 Molecular Biology II                 | 3 hrs |
| PCB 4280 Molecular Immunology                 | 3 hrs |
| PCB 3233L Immunology Laboratory               | 1 hr  |
| PCB 4529C Experimental Molecular Cell Biology | 4 hrs |
| PCB 4174 Foundation of Bio-Imaging Science    | 3 hrs |

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$39 per term
- Full-Time Student: \$78 per term

## UCF Degree Programs

### Chemistry (B.S.)

#### College of Sciences

#### Department of Chemistry,

#### Physical Sciences, Room: 255

<http://chemistry.cos.ucf.edu/>

Email: [pedro.patino@ucf.edu](mailto:pedro.patino@ucf.edu)

Dr. Pedro Patino

Phone: 407-823-2246

#### Admission Requirements

- None

#### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Co-op or internship credit cannot be used in the major
- Students should consult with a departmental advisor
- Departmental Residency Requirement consists of at least 30 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Chemistry
- Chemistry majors are discouraged from taking courses as a transient student at a Florida College System institution, except in situations where one semester of a two semester sequence has already been taken at the Florida College System institution
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in 2 (Common Program Prerequisites) are usually completed in the first 60 hours,
- AA transfer students are expected to have completed the following courses before enrolling as a Chemistry major. These classes are prerequisites for advanced science classes and students entering without these classes will be unable to register for most of the advanced courses.

|           |                                    |       |
|-----------|------------------------------------|-------|
| CHM 2045C | Chemistry Fundamentals I           | 4 hrs |
| CHM 2046  | Chemistry Fundamentals II          | 3 hrs |
| CHM 2046L | Chemistry Fundamentals Laboratory  | 1 hr  |
| CHM 2210  | Organic Chemistry I                | 3 hrs |
| CHM 2211  | Organic Chemistry II               | 3 hrs |
| CHM 2211L | Organic Laboratory Techniques I    | 2 hrs |
| MAC 2311C | Calculus with Analytic Geometry I  | 4 hrs |
| MAC 2312  | Calculus with Analytic Geometry II | 4 hrs |
| PHY 2048C | General Physics Using Calculus I   | 4 hrs |
| PHY 2049C | General Physics Using Calculus II  | 4 hrs |

#### 1. UCF General Education Program (GEP) (39 hrs)

- Note: Certain courses must be selected in the GEP for this major, which brings the GEP hours above 36

##### A: Communication Foundations (9 hrs)

|          |           |   |       |
|----------|-----------|---|-------|
| Required | ENC 1101  | Composition I                           | 3 hrs |
| Required | ENC 1102  | Composition II                          | 3 hrs |
| Prefer   | SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |

##### B: Cultural & Historical Foundations (9 hrs)

##### C: Mathematical Foundations (7 hrs)

|          |           |                                   |       |
|----------|-----------|-----------------------------------|-------|
| Required | MAC 2311C | Calculus with Analytic Geometry I | 4 hrs |
| Prefer   | STA 2023  | Statistical Methods I             | 3 hrs |

##### D: Social Foundations (6 hrs)

##### E: Science Foundations (8 hrs)

|          |           |                                  |       |
|----------|-----------|----------------------------------|-------|
| Required | PHY 2048C | General Physics Using Calculus I | 4 hrs |
| Required | BSC 2010C | Biology I                        | 4 hrs |

#### 2. Common Program Prerequisites (CPP) (24 hrs)

- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.
- Prior to enrolling in Chemistry, you must take the Chemistry Placement Test ~

<http://knightsource.sdes.ucf.edu/placement>

#### Select either:

|           |                          |       |
|-----------|--------------------------|-------|
| CHM 2045C | Chemistry Fundamentals I | 4 hrs |
|-----------|--------------------------|-------|

#### - or

|          |                               |       |
|----------|-------------------------------|-------|
| CHM 2040 | Chemistry Fundamentals IA and | 3 hrs |
| CHM 2041 | Chemistry Fundamentals IB     | 3 hrs |

#### - and complete all the following

|           |                                    |       |
|-----------|------------------------------------|-------|
| CHM 2046  | Chemistry Fundamentals II          | 3 hrs |
| CHM 2046L | Chemistry Fundamentals Laboratory  | 1 hr  |
| CHM 2210  | Organic Chemistry I                | 3 hrs |
| CHM 2211  | Organic Chemistry II               | 3 hrs |
| CHM 2211L | Organic Laboratory Techniques I    | 2 hrs |
| MAC 2311C | Calculus with Analytic Geometry I  | GEP   |
| MAC 2312  | Calculus with Analytic Geometry II | 4 hrs |
| PHY 2048C | General Physics Using Calculus I   | GEP   |
| PHY 2049C | General Physics Using Calculus II  | 4 hrs |

#### 3. Core Requirements: Basic Level (4 hrs)

- All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken.

#### Basic Core: Required, satisfies the CPP

#### Select either:

|           |                          |     |
|-----------|--------------------------|-----|
| CHM 2045C | Chemistry Fundamentals I | CPP |
|-----------|--------------------------|-----|

#### - or

|          |                               |     |
|----------|-------------------------------|-----|
| CHM 2040 | Chemistry Fundamentals IA and | CPP |
| CHM 2041 | Chemistry Fundamentals IB     | CPP |

#### - and

|           |  |          |
|-----------|--|----------|
| CHM 2046  | Chemistry Fundamentals II and          | CPP      |
| CHM 2046L | Chemistry Fundamentals Laboratory and  | CPP      |
| CHM 2210  | Organic Chemistry I and                | CPP      |
| CHM 2211  | Organic Chemistry II and               | CPP      |
| CHM 2211L | Organic Laboratory Techniques I and    | CPP      |
| MAC 2311C | Calculus with Analytic Geometry I and  | GEP/ CPP |
| MAC 2312  | Calculus with Analytic Geometry II and | CPP      |
| PHY 2048C | General Physics Using Calculus I and   | GEP/ CPP |
| PHY 2049C | General Physics Using Calculus II      | CPP      |

#### Core: Additional requirements

|           |   |       |
|-----------|---|-------|
| BSC 2010C | Biology I and                           | 4 hrs |
| MAC 2313  | Calculus with Analytic Geometry III and | GEP   |
| STA 2023  | Statistical Methods I                   | 4 hrs |
|           |   | GEP   |

#### 4. Core Requirements: Advanced Level (34 hrs)

|           |  |       |
|-----------|--|-------|
| BCH 4053  | Biochemistry I                           | 3 hrs |
| CHM 3120  | Analytical Chemistry                     | 3 hrs |
| CHM 3120L | Analytical Chemistry Laboratory          | 1 hr  |
| CHM 3215L | Organic Laboratory Techniques II         | 2 hrs |
| CHM 3410  | Physical Chemistry I                     | 4 hrs |
| CHM 3411  | Physical Chemistry II                    | 3 hrs |
| CHM 3411L | Physical Chemistry Laboratory            | 2 hrs |
| CHM 4610  | Inorganic Chemistry                      | 3 hrs |
| CHM 4610L | Inorganic Chemistry Laboratory           | 2 hrs |
| CHM 4130  | Advanced Analytical Chemistry Laboratory | 3 hrs |
| CHM 4130L | Advanced Analytical Chemistry Laboratory | 2 hrs |
| CHM 4912  | Directed Independent Research            | 4 hrs |
| CHM 4930  | Chemistry Seminar I                      | 1 hr  |
| CHM 4931  | Chemistry Seminar II                     | 1 hr  |

#### 5. Restricted Electives

#### Select from the following courses: (6 hrs)

|           |                                |       |
|-----------|--------------------------------|-------|
| BCH 4054  | Biochemistry II                | 3 hrs |
| CHM 4220  | Organic Chemistry III          | 3 hrs |
| CHM 4427  | Electrochemistry               | 3 hrs |
| CHM 5225  | Advanced Organic Chemistry     | 3 hrs |
| CHM 5235  | Applied Molecular Spectroscopy | 3 hrs |
| CHM 5450  | Polymer Chemistry              | 3 hrs |
| CHM 5451C | Techniques in Polymer Science  | 3 hrs |
| CHM 5580  | Advanced Physical Chemistry    | 3 hrs |
| CHS 4615  | Environmental Chemistry        | 3 hrs |

#### Directed Electives

- Course will be selected with the aid of a departmental advisor and approved in advance by the department chair. Course will be selected from the physical, biological, mathematical sciences and/or related disciplines and normally will be at the 3000/4000 level. Co-op courses cannot be used in the major.

## UCF Degree Programs

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.

#### Graduation

- None

### 8. Electives

- Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

### 9. Additional Requirements

- Complete a minimum of 30 Chemistry credits from the UCF Chemistry Department.
- Students must earn at least a "C" (2.0) or better in each UCF Chemistry course used to satisfy the major.
- Students must maintain a minimum cumulative GPA of 2.0 in all UCF Chemistry courses.
- Students must maintain a minimum cumulative GPA of 2.0 in all Chemistry courses.
- For both cumulative GPA calculations, all attempts of courses that could meet requirements are included, with the exception of CHM4912, CHM4930, and CHM4931. Additional courses that could meet requirements but are taken beyond the minimum required (e.g., additional restricted electives taken beyond the required 10 hours) and a "C" (2.0) or better is earned, are also included in the major GPA calculations
- The last 30 credit hours of regularly scheduled courses that satisfy degree requirements must be taken in Residence at UCF.

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- Students are required to take a nationally normed test in chemistry during their last semester. The exam will be given in the Fall and Spring semesters. Students who plan to graduate in the Summer must take the exam in the Spring. The student must achieve a satisfactory score on the exam.
- Students are required to submit an undergraduate research report for evaluation no later than the date posted by the Department in the semester they intend to graduate. The report must meet or exceed departmental requirements established for the report.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

- 120

#### Honors In Major

- None

#### Related Programs

- Forensic Science - Analysis Track
- Forensic Science - Biochemistry Track
- Biomedical Sciences
- Science Education - Chemistry
- Chemistry - Biochemistry Track

#### Certificates

- None

#### Related Minors

- Chemistry
- Biomedical Sciences
- Biology
- Physics

### Advising Notes

- Students must satisfy each course's prerequisites before enrolling in the class.

### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

- Acceptable Substitutes for common program prerequisites if taken prior to transferring to UCF:
- CHM 2045C: may use CHM X040C plus CHM X041C.
- Physics & Lab: Although the CPP allows substitution by other physics courses, they will not satisfy the major; thus the specified physics courses will still have to be taken.
- Physics: Although the CPP allows substitution by Organic Chemistry, both the specified Physics and Organic Chemistry classes are required in the major and will still have to be taken.

### Plan of Study

- One of numerous possible plans of study. See program description for all requirements. Consult a departmental advisor for alternate, new or more appropriate selections.
- Before registering for Chemistry, you must take the Chemistry Placement Test ~ <http://knightsource.sdes.ucf.edu/placement>
- Before registering for Math, you must take Math Placement Test ~ <http://knightsource.sdes.ucf.edu/placement>
- Although all classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

#### Freshman Year - Fall

|           |                                   |       |
|-----------|-----------------------------------|-------|
| CHM 2045C | Chemistry Fundamentals I          | 4 hrs |
| MAC 2311C | Calculus with Analytic Geometry I | 4 hrs |
| BSC 2010C | Biology I                         | 4 hrs |
| ENC 1101  | Composition I                     | 3 hrs |

#### Freshman Year - Spring

|  |                                    |       |
|--|------------------------------------|-------|
| CHM 2046   | Chemistry Fundamentals II          | 3 hrs |
| CHM 2046L  | Chemistry Fundamentals Laboratory  | 1 hr  |
| Lab may be taken in a later term if seats are not available. |                                    |       |
| MAC 2312   | Calculus with Analytic Geometry II | 4 hrs |
| ENC 1102   | Composition II                     | 3 hrs |
| GEP  |                                    | 3 hrs |

#### Sophomore Year - Fall

|            |                                     |       |
|------------|-------------------------------------|-------|
| CHM 2210   | Organic Chemistry I                 | 3 hrs |
| PHY 2048C  | General Physics Using Calculus I    | 4 hrs |
| MAC 2313   | Calculus with Analytic Geometry III | 4 hrs |
| Statistics |                                     | 3 hrs |

#### Sophomore Year - Spring

|  |                                   |       |
|--|-----------------------------------|-------|
| CHM 2211   | Organic Chemistry II              | 3 hrs |
| CHM 2211L  | Organic Laboratory Techniques I   | 2 hrs |
| Lab may be taken in a later term if seats are not available. |                                   |       |
| PHY 2049C  | General Physics Using Calculus II | 4 hrs |
| GEP  |                                   | 3 hrs |
| Free Elective  |                                   | 2 hrs |

#### Junior Year - Fall

|           |                                  |       |
|-----------|----------------------------------|-------|
| BCH 4053  | Biochemistry I                   | 3 hrs |
| CHM 3120  | Analytical Chemistry             | 3 hrs |
| CHM 3120L | Analytical Chemistry Laboratory  | 1 hr  |
| CHM 3215L | Organic Laboratory Techniques II | 2 hrs |
| CHM 3410  | Physical Chemistry I             | 4 hrs |
| GEP       |                                  | 3 hrs |

#### Junior Year - Spring

|                     |  |       |
|---------------------|--|-------|
| CHM 3411            | Physical Chemistry II                    | 3 hrs |
| CHM 3411L           | Physical Chemistry Laboratory            | 2 hrs |
| CHM 4130            | Advanced Analytical Laboratory Technique | 3 hrs |
| CHM 4610            | Inorganic Chemistry                      | 3 hrs |
| CHM 4130L           | Advanced Analytical Chemistry Laboratory | 2 hrs |
| Restricted Elective |  | 3 hrs |

## UCF Degree Programs

|                           |                                |               |
|---------------------------|--------------------------------|---------------|
| <b>Senior Year - Fall</b> |                                | <b>16 hrs</b> |
| CHM 4610L                 | Inorganic Chemistry Laboratory | 2 hrs         |

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$45 per term
- Full-Time Student: \$90 per term

## Chemistry - Biochemistry Track (B.S.)

### College of Sciences

#### Department of Chemistry,

#### Physical Sciences, Room: 255

<http://www.cos.ucf.edu/chemistry>

Email: [pedro.patino@ucf.edu](mailto:pedro.patino@ucf.edu)

Dr. Pedro Patino

Phone: 407-823-2246

### Admission Requirements

- None

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Co-op or internship credit cannot be used in the major.
- Students should consult with a departmental advisor before registering.
- Departmental Residency Requirement consists of at least 30 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Chemistry.
- Chemistry majors are discouraged from taking courses as a transient student at a Florida College System institution, except in situations where one semester of a two semester sequence has already been taken at the Florida College System institution.
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in 2 (Common Program Prerequisites) are usually completed in the first 60 hours. Courses designated in 1 (General Education Program) typically are spread throughout the 120 hours.
- AA transfer students are expected to have completed all of the following courses before enrolling as a Chemistry major; these classes are prerequisites for advanced science classes and students entering without these classes will be unable to register for most of the advanced courses.

|           |                                    |       |
|-----------|------------------------------------|-------|
| CHM 2045C | Chemistry Fundamentals I           | 4 hrs |
| CHM 2046  | Chemistry Fundamentals II          | 3 hrs |
| CHM 2046L | Chemistry Fundamentals Laboratory  | 1 hr  |
| CHM 2210  | Organic Chemistry I                | 3 hrs |
| CHM 2211  | Organic Chemistry II               | 3 hrs |
| CHM 2211L | Organic Laboratory Techniques I    | 2 hrs |
| MAC 2311C | Calculus with Analytic Geometry I  | 4 hrs |
| MAC 2312  | Calculus with Analytic Geometry II | 4 hrs |
| PHY 2048C | General Physics Using Calculus I   | 4 hrs |
| PHY 2049C | General Physics Using Calculus II  | 4 hrs |

### 1. UCF General Education Program (GEP) (39 hrs)

■ Note: Certain courses must be selected in the GEP for this major, which brings the GEP hours above 36.

#### A: Communication Foundations (9 hrs)

|          |          |                                    |       |
|----------|----------|------------------------------------|-------|
| Required | ENC 1101 | Composition I                      | 3 hrs |
| Required | ENC 1102 | Composition II                     | 3 hrs |
| Prefer   | SPC 1608 | Fundamentals of Oral Communication | 3 hrs |

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (7 hrs)

|          |           |                                   |       |
|----------|-----------|-----------------------------------|-------|
| Required | MAC 2311C | Calculus with Analytic Geometry I | 4 hrs |
| Prefer   | STA 2023  | Statistical Methods I             | 3 hrs |

#### D: Social Foundations (6 hrs)

#### E: Science Foundations (8 hrs)

|          |           |                                  |       |
|----------|-----------|----------------------------------|-------|
| Required | PHY 2048C | General Physics Using Calculus I | 4 hrs |
| Required | BSC 2010C | Biology I                        | 4 hrs |

### 2. Common Program Prerequisites (CPP) (20 hrs)

#### Select either:

|           |                          |       |
|-----------|--------------------------|-------|
| CHM 2045C | Chemistry Fundamentals I | 4 hrs |
|-----------|--------------------------|-------|

#### - or

|          |                               |       |
|----------|-------------------------------|-------|
| CHM 2040 | Chemistry Fundamentals IA and | 3 hrs |
| CHM 2041 | Chemistry Fundamentals IB     | 3 hrs |

#### - and complete all the following

|           |  |       |
|-----------|--|-------|
| CHM 2046  | Chemistry Fundamentals II and          | 3 hrs |
| CHM 2046L | Chemistry Fundamentals Laboratory and  | 1 hr  |
| CHM 2210  | Organic Chemistry I and                | 3 hrs |
| CHM 2211  | Organic Chemistry II and               | 3 hrs |
| CHM 2211L | Organic Laboratory Techniques I and    | 2 hrs |
| MAC 2311C | Calculus with Analytic Geometry I and  | 4 hrs |
| MAC 2312  | Calculus with Analytic Geometry II and | 4 hrs |
| PHY 2048C | General Physics Using Calculus I and   | GEP   |
| PHY 2049C | General Physics Using Calculus II      | 4 hrs |

### 3. Core Requirements: Basic Level (10 hrs)

■ All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken.

#### Basic Core: Required, satisfies the CPP

#### Select either:

|           |                          |     |
|-----------|--------------------------|-----|
| CHM 2045C | Chemistry Fundamentals I | CPP |
|-----------|--------------------------|-----|

#### - or

|          |                               |     |
|----------|-------------------------------|-----|
| CHM 2040 | Chemistry Fundamentals IA and | CPP |
| CHM 2041 | Chemistry Fundamentals IB     | CPP |

#### - and

|           |  |         |
|-----------|--|---------|
| CHM 2046  | Chemistry Fundamentals II and          | CPP     |
| CHM 2046L | Chemistry Fundamentals Laboratory and  | CPP     |
| CHM 2210  | Organic Chemistry I and                | CPP     |
| CHM 2211  | Organic Chemistry II and               | CPP     |
| CHM 2211L | Organic Laboratory Techniques I and    | CPP     |
| MAC 2311C | Calculus with Analytic Geometry I and  | GEP/CPP |
| MAC 2312  | Calculus with Analytic Geometry II and | CPP     |
| PHY 2048C | General Physics Using Calculus I and   | GEP/CPP |
| PHY 2049C | General Physics Using Calculus II      | CPP     |

#### Basic Core: Additional Requirements

|           |   |        |
|-----------|---|--------|
| BSC 2010C | Biology I and                           | 10 hrs |
| CHM 3120  | Analytical Chemistry and                | GEP    |
| CHM 3120L | Analytical Chemistry Laboratory and     | 3 hrs  |
| CHM 3215L | Organic Laboratory Techniques II and    | 1 hr   |
| MAC 2313  | Calculus with Analytic Geometry III and | 2 hrs  |
| STA 2023  | Statistical Methods I                   | 4 hrs  |
|           |   | GEP    |

### 4. Core Requirements: Advanced Level (37 hrs)

|           |                               |       |
|-----------|-------------------------------|-------|
| BCH 4053  | Biochemistry I                | 3 hrs |
| BCH 4054  | Biochemistry II               | 3 hrs |
| BCH 4103L | Biochemical Methods           | 2 hrs |
| CHM 3410  | Physical Chemistry I          | 4 hrs |
| CHM 3411  | Physical Chemistry II         | 3 hrs |
| CHM 3411L | Physical Chemistry Laboratory | 2 hrs |
| CHM 4610  | Inorganic Chemistry           | 3 hrs |
| CHM 4912  | Directed Independent Research | 4 hrs |
| CHM 4930  | Chemistry Seminar I           | 1 hr  |

## UCF Degree Programs

|           |                        |       |
|-----------|------------------------|-------|
| CHM 4931  | Chemistry Seminar II   | 1 hr  |
| MCB 3020C | General Microbiology   | 5 hrs |
| PCB 3023  | Molecular Cell Biology | 3 hrs |
| PCB 3063  | Genetics               | 3 hrs |

### 5. Restricted Electives (10 hrs)

#### Select from the following:

|          |  |       |
|----------|--|-------|
| CHM 4130 | Advanced Analytical Laboratory Technique | 3 hrs |
| CHM 4220 | Organic Chemistry III                    | 3 hrs |
| CHM 4906 | Directed Independent Study               | 1 hr  |
| CHM 5225 | Advanced Organic Chemistry               | 3 hrs |
| PCB 3522 | Molecular Biology I                      | 3 hrs |

Additional upper level courses as approved by a departmental advisor

### Additional physical, biological, and mathematical sciences courses.

■ In addition to those listed above, course selected with the aid of a departmental advisor and approved in advance by the department chair may also be used.

■ These courses should be at least at the 3000 level.

### 6. Capstone Requirements

■ None

### 7. Foreign Language Requirements

#### Admissions

■ Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

### 8. Electives

■ Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

### 9. Additional Requirements

■ Complete a minimum of 30 Chemistry credits from the UCF Chemistry Department.

■ Students must earn at least a "C" (2.0) or better in each UCF Chemistry course used to satisfy the major.

■ Students must maintain a minimum cumulative GPA of 2.0 in all UCF Chemistry courses.

■ Students must maintain a minimum cumulative GPA of 2.0 in all Chemistry courses.

■ For both cumulative GPA calculations, all attempts of courses that could meet requirements are included, with the exception of CHM4912, CHM4930 and CHM4931. Additional courses that could meet requirements but are taken beyond the minimum required (e.g., additional restricted electives taken beyond the required 10 hours) and a "C" (2.0) or better is earned, are also included in the major GPA calculations

■ The last 30 credit hours of regularly scheduled courses that satisfy degree requirements must be taken in Residence at UCF.

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Students are required to take a nationally normed test in chemistry and biochemistry during their last semester. The exam will be given in the Fall and Spring semesters. Students who plan to graduate in the Summer must take the exam in the Spring. The student must achieve a satisfactory score on the exam.

■ Students are required to submit an undergraduate research report for evaluation no later than the date posted by the department in the semester they intend to graduate. The report must meet or exceed departmental requirements established for the report.

### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA

■ 60 semester hours earned after CLEP awarded

■ 48 semester hours of upper division credit completed

■ 30 of the last 39 hours of course work must be completed in residency at UCF.

■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors In Major

■ None

### Related Programs

■ Biology

■ Chemistry

■ Forensic Science - Analysis Track

■ Forensic Science - Biochemistry Track

■ Biomedical Sciences

### Certificates

■ None

### Related Minors

■ Chemistry

■ Biology

■ Biomedical Sciences

### Advising Notes

■ None

### Transfer Notes

■ Lower division courses do not substitute for upper division courses.

■ Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

■ The following Common Program Prerequisite courses may be satisfied by the following courses if taken prior to transferring to UCF:

■ CHM 2045C: May use CHM X040C plus CHM X041C.

■ Physics: Although the CPP allows substitution by other physics courses or Organic Chemistry, both the specified Physics and Organic Chemistry classes are required in the major and will still have to be taken.

### Plan of Study

■ This is one of numerous possible plans of study.

See program description for all requirements. Consult a departmental advisor for alternate, new or more appropriate selections.

■ Prior to enrolling in Chemistry, take Chemistry Placement Test ~ <http://knightsource.sdes.ucf.edu/placement>

■ Prior to enrolling in Math, take Math Placement Test ~ <http://knightsource.sdes.ucf.edu/placement>

■ Although all classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

| Freshman Year - Fall |                                   | 15 hrs |
|----------------------|-----------------------------------|--------|
| CHM 2045C            | Chemistry Fundamentals I          | 4 hrs  |
| MAC 2311C            | Calculus with Analytic Geometry I | 4 hrs  |
| BSC 2010C            | Biology I                         | 4 hrs  |

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$45 per term
- Full-Time Student: \$90 per term

## Civil Engineering (B.S.C.E.)

### College of Engineering and Computer Science

### Department of Civil, Environmental, and Construction Engineering, Engineering II, Room: 211

<http://www.cece.ucf.edu>

Carol Ann Pohl, carolann.pohl@ucf.edu  
 Dr. Kevin Mackie, kevin.mackie@ucf.edu  
 Phone: 407-823-2841

### Admission Requirements

■ Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHS 1440 or CHM 2045C or CHM 2040 AND CHM 2041.  
 ■ Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

### Degree Requirements (128 hrs)

■ The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.25 GPA in completing the courses from section 3 Basic Core Requirements, section 4 Advanced Core Requirements, section 5 Restricted Electives and section 6 Capstone Requirements listed below. Independent study courses generally do not satisfy major requirements.  
 ■ A "C" (2.0) or better is required in each pre-requisite course in section 2 Common Program Prerequisites, section 4 Advanced Core Requirements, and section 6 Capstone Requirements.

■ Students in the Civil Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Civil Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Civil Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

■ A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Civil Engineering major will be subject to all probation conditions that applied at the time of exclusion.

### 1. UCF General Education Program (GEP) (38 hrs)

■ The UCF General Education Program (GEP) is described in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida College Systems or State University System should complete the GEP and the Common Program Prerequisites before transferring.

#### A: Communication Foundations (9 hrs)

|           |           |   |       |
|-----------|-----------|---|-------|
| Required  | ENC 1101  | Composition I                           | 3 hrs |
| Required  | ENC 1102  | Composition II                          | 3 hrs |
| Suggested | SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |

#### B: Cultural & Historical Foundations (9 hrs)

|   |       |
|---|-------|
| Select two courses from Historical Foundations          | 6 hrs |
| Select one course from Cultural Foundations - Suggested | 3 hrs |
| MUL 2010, PHI 2010, or THE 2000                         |       |

#### C: Mathematical Foundations (7 hrs)

|          |           |  |       |
|----------|-----------|--|-------|
| Required | MAC 2311C | Calculus with Analytic Geometry I        | 4 hrs |
| Required | STA 3032  | Probability and Statistics for Engineers | 3 hrs |

#### D: Social Foundations (6 hrs)

|   |       |
|---|-------|
| Select one class from Social Foundation Group 1 | 3 hrs |
| Select one class from Social Foundation Group 2 | 3 hrs |

#### E: Science Foundations (7 hrs)

|          |           |                                  |       |
|----------|-----------|----------------------------------|-------|
| Required | PHY 2048C | General Physics Using Calculus I | 4 hrs |
|----------|-----------|----------------------------------|-------|

#### Science Foundation 2 (3 hrs)

|          |          |  |       |
|----------|----------|--|-------|
| Required | EVR 1001 | Introduction to Environmental Science or | 3 hrs |
| Required | GEO 1200 | Physical Geography or                    | 3 hrs |
| Required | GEO 2370 | Resources Geography or                   | 3 hrs |
| Required | GLY 1030 | Geology and its Applications             | 3 hrs |

### 2. Common Program Prerequisites (CPP) (19 hrs)

■ These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs.

## UCF Degree Programs

- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.
- A grade of "C" (2.0) or better is required in each course in this section.

|           |                                     |       |
|-----------|-------------------------------------|-------|
| MAC 2311C | Calculus with Analytic Geometry I   | GEP   |
| MAC 2312  | Calculus with Analytic Geometry II  | 4 hrs |
| MAC 2313  | Calculus with Analytic Geometry III | 4 hrs |
| MAP 2302  | Ordinary Differential Equations I   | 3 hrs |
| PHY 2048C | General Physics Using Calculus I    | GEP   |
| PHY 2049C | General Physics Using Calculus II   | 4 hrs |

### Select one of the following sequences of courses:

|                    |                         |       |
|--------------------|-------------------------|-------|
| - Preferred course |                         |       |
| CHS 1440           | Principles of Chemistry | 4 hrs |

or - First alternative: Select all of the following:

|          |                               |       |
|----------|-------------------------------|-------|
| CHM 2040 | Chemistry Fundamentals IA and | 3 hrs |
| CHM 2041 | Chemistry Fundamentals IB     | 3 hrs |

or - Second alternative

|           |                          |       |
|-----------|--------------------------|-------|
| CHM 2045C | Chemistry Fundamentals I | 4 hrs |
|-----------|--------------------------|-------|

### 3. Core Requirements: Basic Level (2 hrs)

|           |  |      |
|-----------|--|------|
| EGS 1006C | Introduction to the Engineering Profession | 1 hr |
| EGN 1007C | Engineering Concepts and Methods           | 1 hr |

### Basic Science

|          |  |     |
|----------|--|-----|
| EVR 1001 | Introduction to Environmental Science or | GEP |
| GEO 1200 | Physical Geography or                    | GEP |
| GEO 2370 | Resources Geography or                   | GEP |
| GLY 1030 | Geology and its Applications             | GEP |

### 4. Core Requirements: Advanced Level (60 hrs)

|                        |   |       |
|------------------------|---|-------|
| <sup>1</sup> EGN 3310  | Engineering Analysis-Statics                    | 3 hrs |
| EGN 3321               | Engineering Analysis-Dynamics                   | 3 hrs |
| <sup>1</sup> EGN 3331C | Mechanics of Materials                          | 3 hrs |
| <sup>1</sup> EGN 3613  | Engineering Economic Analysis                   | 2 hrs |
| <sup>1</sup> ENV 3001  | Environmental Engineering                       | 3 hrs |
| CCE 4003               | Introduction to the Construction Industry       | 3 hrs |
| <sup>1</sup> STA 3032  | Probability and Statistics for Engineers        | GEP   |
| CGN 3700C              | Civil Engineering Measurements                  | 2 hrs |
| CGN 3501C              | Civil Engineering Materials                     | 3 hrs |
| CEG 4011C              | Geotechnical Engineering I                      | 4 hrs |
| <sup>1</sup> CES 4100C | Structural Analysis I and Lab                   | 4 hrs |
| <sup>1</sup> CWR 3201  | Engineering Fluid Mechanics                     | 3 hrs |
| TTE 3810               | Highway Engineering                             | 3 hrs |
| CGN 3405               | Applied Numerical Methods for Civil Engineering | 3 hrs |
| CWR 4202C              | Hydraulics                                      | 3 hrs |

<sup>1</sup> A "C" (2.0) or better is required in this course.

### Civil Engineering Depth Areas 12 hrs

- Select 2 of the following 5 sequences to complete

|                            |                                 |       |
|----------------------------|---------------------------------|-------|
| <b>Geotechnical:</b> 6 hrs |                                 |       |
| CEG 4012                   | Geotechnical Engineering II and | 3 hrs |
| CWR 4124                   | Hydrogeology                    | 3 hrs |

|                               |               |       |
|-------------------------------|---------------|-------|
| <b>Water Resources:</b> 6 hrs |               |       |
| CWR 4120                      | Hydrology and | 3 hrs |
| CWR 4124                      | Hydrogeology  | 3 hrs |

|                              |  |       |
|------------------------------|--|-------|
| <b>Transportation:</b> 6 hrs |  |       |
| TTE 4274                     | Transportation Engineering Systems and | 3 hrs |
| TTE 4300                     | Transportation Analytics               | 3 hrs |

|                          |                                |       |
|--------------------------|--------------------------------|-------|
| <b>Structures:</b> 6 hrs |                                |       |
| CES 4605                 | Steel Structures and           | 3 hrs |
| CES 4702                 | Reinforced Concrete Structures | 3 hrs |

|                         |                      |       |
|-------------------------|----------------------|-------|
| <b>Mechanics:</b> 6 hrs |                      |       |
| EGN 3343                | Thermodynamics and   | 3 hrs |
| CES 4205                | Structural Mechanics | 3 hrs |

### Civil Engineering Depth Electives 6 hrs

- Take any of the courses not taken to complete required sequences above OR from the following list:

|                       |   |       |
|-----------------------|---|-------|
| <b>Environmental:</b> |   |       |
| ENV 4531              | Environmental Engineering Unit Operations & Processes or  | 3 hrs |
| ENV 4561              | Advanced Environmental Engineering Operations & Processes | 3 hrs |

|                      |   |       |
|----------------------|---|-------|
| <b>Construction:</b> |   |       |
| CCE 4034             | Construction Estimating and Scheduling or | 3 hrs |
| CCE 4004             | Construction Methods                      | 3 hrs |

### 5. Restricted Electives (3 hrs)

- Students should consult the CECE website and their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.

### 6. Capstone Requirements (6 hrs)

- Senior Design Courses

### Design Specialization 3 hrs

|                        |                                    |       |
|------------------------|------------------------------------|-------|
| <sup>1</sup> CEG 4801C | Geotechnical Engineering Design or | 3 hrs |
| <sup>1</sup> CES 4743C | Structural Design or               | 3 hrs |
| <sup>1</sup> CWR 4812C | Water Resources Design or          | 3 hrs |
| <sup>1</sup> TTE 4601C | Urban Systems Design               | 3 hrs |
| CGN 4808C              | CECE Capstone Design               | 3 hrs |

<sup>1</sup> A "C" (2.0) or better is required in this course.

### 7. Foreign Language Requirements

#### Admissions

- Two years of foreign language in high school, or one year of foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

- None

#### 8. Electives

- None

### 9. Additional Requirements

- Civil engineering students must take the Fundamentals of Engineering (FE) Exam during their Senior year. Applications must be received by the Florida Board of Professional Engineers approximately 6 months in advance of your exam date.

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- None

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 128

### Honors In Major

- None

### Related Programs

- Construction Engineering
- Environmental Engineering

### Certificates

- None

### Related Minors

- Mathematics
- Engineering Leadership

### Advising Notes

- Each engineering student is assigned a qualified engineering academic advisor in the department of his/her major. Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.
- The Civil Engineering program offers the opportunity for exceptionally well qualified undergraduates to enter directly into the PhD program after completion of an appropriate BS degree. This option allows outstanding undergraduates to begin planning a research program with a specific faculty advisor even before finishing the BS, and may allow completion of the PhD in a shorter time period than by taking a separate Masters followed by the PhD.

## UCF Degree Programs

### Transfer Notes

■ Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information (course syllabus) with his/her petition for this evaluation.

■ EGS 1006C and EGN 1007C are required courses for incoming freshmen only. The credits for these two courses (one hour for each) may, with prior approval of the department academic advisor, be moved to the Restricted Elective area.

### Acceptable Substitutes for Transfer Courses

■ None

### Plan of Study (128 hrs)

■ The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their departmental academic advisor to develop and maintain an appropriate plan of study.

#### Freshman Year - Fall 15 hrs

|           |  |       |
|-----------|--|-------|
| ENC 1101  | Composition I                              | 3 hrs |
| GEP       |  | 3 hrs |
| MAC 2311C | Calculus with Analytic Geometry I          | 4 hrs |
| EGS 1006C | Introduction to the Engineering Profession | 1 hr  |
| CHS 1440  | Principles of Chemistry                    | 4 hrs |

#### Freshman Year - Spring 14 hrs

|           |                                    |       |
|-----------|------------------------------------|-------|
| ENC 1102  | Composition II                     | 3 hrs |
| MAC 2312  | Calculus with Analytic Geometry II | 4 hrs |
| PHY 2048C | General Physics Using Calculus I   | 4 hrs |
| EGN 1007C | Engineering Concepts and Methods   | 1 hr  |
| EGN 3613  | Engineering Economic Analysis      | 2 hrs |

#### Sophomore Year - Fall 16 hrs

|          |  |       |
|----------|--|-------|
| MAC 2313 | Calculus with Analytic Geometry III      | 4 hrs |
| EGN 3310 | Engineering Analysis-Statics             | 3 hrs |
| GEP      |  | 3 hrs |
| ENV 3001 | Environmental Engineering                | 3 hrs |
| STA 3032 | Probability and Statistics for Engineers | 3 hrs |

#### Sophomore Year - Spring 16 hrs

|           |   |       |
|-----------|---|-------|
| MAP 2302  | Ordinary Differential Equations I               | 3 hrs |
| PHY 2049C | General Physics Using Calculus II               | 4 hrs |
| EGN 3331C | Mechanics of Materials                          | 3 hrs |
| GEP       |   | 3 hrs |
| CGN 3405  | Applied Numerical Methods for Civil Engineering | 3 hrs |

#### Sophomore Year - Summer 9 hrs

|          |                               |       |
|----------|-------------------------------|-------|
| GEP      |                               | 3 hrs |
| EGN 3321 | Engineering Analysis-Dynamics | 3 hrs |
| CWR 3201 | Engineering Fluid Mechanics   | 3 hrs |

#### Junior Year - Fall 16 hrs

|           |                                |       |
|-----------|--------------------------------|-------|
| CES 4100C | Structural Analysis I and Lab  | 4 hrs |
| CGN 3700C | Civil Engineering Measurements | 2 hrs |
| CEG 4011C | Geotechnical Engineering I     | 4 hrs |
| TTE 3810  | Highway Engineering            | 3 hrs |
| CWR 4202C | Hydraulics                     | 3 hrs |

#### Junior Year - Spring 15 hrs

|                        |   |       |
|------------------------|---|-------|
| GEP                    |   | 3 hrs |
| CCE 4003               | Introduction to the Construction Industry | 3 hrs |
| CGN 3501C              | Civil Engineering Materials               | 3 hrs |
| Depth Area 1, Course 1 |   | 3 hrs |
| Depth Area 2, Course 1 |   | 3 hrs |

#### Senior Year - Fall 15 hrs

|                                |  |       |
|--------------------------------|--|-------|
| Approved Project Design Course |  | 3 hrs |
| Depth Area 1, Course 2         |  | 3 hrs |
| Depth Area 2, Course 2         |  | 3 hrs |
| Depth Elective 1               |  | 3 hrs |
| GEP                            |  | 3 hrs |

#### Senior Year - Spring 12 hrs

|                    |                      |       |
|--------------------|----------------------|-------|
| GEP                |                      | 3 hrs |
| CGN 4808C          | CECE Capstone Design | 3 hrs |
| Depth Elective 2   |                      | 3 hrs |
| Technical Elective |                      | 3 hrs |

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oemas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oemas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$43 per term
- Full-Time Student: \$85 per term

## Communication & Conflict (B.A.)

### College of Sciences

### Nicholson School of Communication,

### NSC, Room 143

<http://communication.cos.ucf.edu>

Dr. James McCafferty, james.mccafferty@ucf.edu  
Nicholson Academic Student Services, nassc@ucf.edu  
Phone: 407-823-2681

This degree program may be completed online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees. See <http://ucf.edu/online> for more information.

### Admission Requirements

■ None

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Co-op or internship credit may be used in this major with prior advisor approval.
- Students cannot exceed a total of six credits of internship, co-op, and independent study credits combined.
- Students must consult with a school advisor.
- School residency requirement consists of at least 24 semester hours of regularly scheduled 3000-4000 level courses taken from the Nicholson School of Communication.
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

#### 1. UCF General Education Program (GEP) (36 hrs)

##### A: Communication Foundations (9 hrs)

|          |          |                |       |
|----------|----------|----------------|-------|
| Required | ENC 1101 | Composition I  | 3 hrs |
| Required | ENC 1102 | Composition II | 3 hrs |

##### Select 1:

|          |           |  |       |
|----------|-----------|--|-------|
| Required | SPC 1608  | Fundamentals of Oral Communication or      | 3 hrs |
| Required | SPC 1603C | Fundamentals of Technical Presentations or | 3 hrs |
| Required | COM 1000  | Introduction to Communication              | 3 hrs |

##### B: Cultural & Historical Foundations (9 hrs)

##### C: Mathematical Foundations (6 hrs)

##### Statistics: 3 hrs

|          |           |                          |       |
|----------|-----------|--------------------------|-------|
| Required | STA 2014C | Principles of Statistics | 3 hrs |
|----------|-----------|--------------------------|-------|

##### Math:

|           |          |                                |       |
|-----------|----------|--------------------------------|-------|
| Suggested | MGF 1106 | Finite Mathematics or          | 3 hrs |
| Suggested | MGF 1107 | Explorations in Mathematics or | 3 hrs |

You may substitute a higher level math with appropriate scores on the Math Placement Exam. 3 hrs

##### D: Social Foundations (6 hrs)

##### E: Science Foundations (6 hrs)

#### 2. Common Program Prerequisites (CPP)

|          |                                    |     |
|----------|------------------------------------|-----|
| SPC 1608 | Fundamentals of Oral Communication | GEP |
|----------|------------------------------------|-----|

## UCF Degree Programs

### 3. Core Requirements: Basic Level (3 hrs)

#### Speech

##### Select 1:

|           |   |          |
|-----------|---|----------|
| SPC 1608  | Fundamentals of Oral Communication or   | GEP/_CPP |
| SPC 1603C | Fundamentals of Technical Presentations | GEP      |
|           | or                                      |          |
| COM 1000  | Introduction to Communication           | GEP      |

#### Statistics

|           |                          |     |
|-----------|--------------------------|-----|
| STA 2014C | Principles of Statistics | GEP |
|-----------|--------------------------|-----|

#### Computer Science

**3 hrs**

##### Select 1:

|           |                                       |       |
|-----------|---------------------------------------|-------|
| CGS 1060C | Introduction to Computers or          | 3 hrs |
| CGS 2100C | Computer Fundamentals for Business or | 3 hrs |
| CGS 2585C | Desktop/Internet Publishing or        | 3 hrs |
| CGS 3175  | Internet Applications                 | 3 hrs |

### 4. Core Requirements: Advanced Level (12 hrs)

#### Take all of the following:

|          |  |       |
|----------|--|-------|
| COM 3801 | Communication Theories of Interpersonal Conflict | 3 hrs |
| COM 3800 | Conflict Communication Research Methods          | 3 hrs |
| COM 4804 | Conflict & Communication Context                 | 3 hrs |
| COM 3802 | Communication & Conflict                         | 3 hrs |

### 5. Restricted Electives

**(21 hrs)**

#### Internal Restricted Electives:

**15 hrs**

##### Select from the following list:

|          |   |       |
|----------|---|-------|
| COM 3120 | Organizational Communication              | 3 hrs |
| COM 4461 | Intercultural Communication               | 3 hrs |
| COM 4805 | Transformative Communication              | 3 hrs |
| COM 4803 | Third Party Processes & Intervention      | 3 hrs |
| PUR 4400 | Crisis Communication                      | 3 hrs |
| RTV 4403 | Electronic Media, Technology, and Society | 3 hrs |
| PUR 4000 | Public Relations                          | 3 hrs |
| COM 4014 | Gender Issues in Communication            | 3 hrs |
| COM 4941 | Internship                                | 1 hr  |

#### A maximum of 6 credits of any combination of the following can be used as an Internal

#### Restricted Elective:

|          |                               |       |
|----------|-------------------------------|-------|
| COM 4941 | Internship or                 | 1 hr  |
| COM 4906 | Directed Independent Study or | 1 hr  |
| SPC 4949 | Cooperative Education or      | 0 hrs |
| COM 4949 | Cooperative Education         | 0 hrs |

##### Select 1:

|  |   |       |
|--|---|-------|
| ENC 3315   | Argumentative Writing or                  | 3 hrs |
| ENC 3311   | Essay as Cultural Commentary or           | 3 hrs |
| ENC 3250   | Professional Writing or                   | 3 hrs |
| ENC 3314   | Writing and Rhetoric Foundations or       | 3 hrs |
| ENC 3241   | Writing for the Technical Professional or | 3 hrs |
| Other upper division COM or SPC courses with prior approval of department advisor. |   | 3 hrs |

#### External Restricted Electives:

**6 hrs**

■ A minimum of six upper division credit hours with NSC advisor approval selected from courses in Business, Legal Studies, Psychology, Public Administration, or other related areas, or courses within the Nicholson School of Communication but outside of the Human Communication area (i.e. Advertising-Public Relations, Journalism, or Radio-Television) not specified as restricted internal electives above.

### 6. Capstone Requirements

**(3 hrs)**

|          |                                       |       |
|----------|---------------------------------------|-------|
| COM 4806 | Communication & Conflict Case Studies | 3 hrs |
|----------|---------------------------------------|-------|

### 7. Foreign Language Requirements

#### Admissions

■ Met by graduation requirement.

#### Graduation

■ Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement.

■ Eight credits of American Sign Language (ASL) can satisfy this requirement for students graduating under this catalog. Consult with the NSC advising staff to understand how choosing ASL might impact hours needed to graduate.

### 8. Electives

■ Select primarily from upper level courses. May be taken outside of the Nicholson School of Communication.

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Students must achieve a minimum cumulative GPA of 2.0 in all UCF Nicholson School of Communication (NSC) courses taken in the major.

■ All attempts of UCF NSC courses that could meet major requirements are included in the major GPA calculation, including those taken beyond the minimum required (e.g. additional restricted electives).

■ To avoid graduation delays, meet with your advisor to review graduation requirements before registering for your last term.

### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA

■ 60 semester hours earned after CLEP awarded

■ 48 semester hours of upper division credit completed

■ 30 of the last 39 hours of course work must be completed in residency at UCF.

■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors In Major

■ None

### Related Programs

■ None

### Certificates

■ None

### Related Minors

■ Human Communication

■ Mass Communication

### Advising Notes

■ None

### Transfer Notes

■ Lower division courses do not substitute for upper division courses.

■ Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

■ None

### Plan of Study

■ One of numerous possible plans of study. See program description for all requirements. Consult a school advisor for alternate, new, or more appropriate selections.

■ Although most classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

■ Before registering for Math, take Math Placement Test ~ <http://utc.sdes.ucf.edu>

### Freshman Year - Fall

**13 hrs**

|                  |               |       |
|------------------|---------------|-------|
| ENC 1101         | Composition I | 3 hrs |
| GEP-Math         |               | 3 hrs |
| GEP              |               | 3 hrs |
| Foreign Language |               | 4 hrs |

### Freshman Year - Spring

**13 hrs**

|          |                |       |
|----------|----------------|-------|
| ENC 1102 | Composition II | 3 hrs |
|----------|----------------|-------|

##### Select 1:

|                  |                                       |       |
|------------------|---------------------------------------|-------|
| SPC 1608         | Fundamentals of Oral Communication or | 3 hrs |
| COM 1000         | Introduction to Communication         | 3 hrs |
| STA 2014C        | Principles of Statistics              | 3 hrs |
| Foreign Language |                                       | 4 hrs |

### Admission Requirements

■ None

### Degree Requirements

■ Students who change degree programs and select this major must adopt the most current catalog.

■ Students should complete the General Education Program before transferring within the Florida College System or State University System.

■ Students should consult with a departmental advisor.

■ The courses designated in section 1 below may be taken at a Florida College System institution, and usually should be completed in the first 60 hours.

■ Students must earn at least a "C-" (1.75) in each prerequisite course, core course, restricted elective, and B.A./B.S. elective.

■ Communication Sciences and Disorders is an unrestricted major, however, negative criminal background checks may result in the inability to complete coursework in this major.

### 1. UCF General Education Program (GEP) (36 hrs)

**A: Communication Foundations (9 hrs)**

**B: Cultural & Historical Foundations (9 hrs)**

**C: Mathematical Foundations (6 hrs)**

**Select 1: (3 hrs)**

Required STA 2014C Principles of Statistics 3 hrs

**D: Social Foundations (6 hrs)**

Required PSY 2012 General Psychology 3 hrs

**E: Science Foundations (6 hrs)**

Required PHY, PSC, or CHM course listed in GEP E.1 3 hrs

Required BSC 1005 Biological Principles 3 hrs

### 2. Common Program Prerequisites (CPP)

STA 2014C Principles of Statistics GEP

BSC 1005 Biological Principles GEP

PSY 2012 General Psychology GEP

PHY, PSC or CHM GEP

SPA 3011L Speech Production lab 1 hr

SPA 3104 Neural Bases of Communication 3 hrs

SPA 3123 Speech Science II: Perception 3 hrs

SPA 3123L Speech Perception Lab 1 hr

SPA 4476 Speech Disorders Across the Lifespan 3 hrs

SPA 4032 Audiology 3 hrs

SPA 4478 Multicultural Aspects of Communication Disorders & Differences 3 hrs

SPA 4400 Language Disorders Across the Life Span 3 hrs

LIN 3713 Language Science 3 hrs

SPA 4870C Capstone Course 3 hrs

SPA 4326 Hearing Disorders Across the Lifespan 3 hrs

### Select 1: (3 hrs)

EAB 3703 Principles of Behavior Modification or 3 hrs

EEX 4601 Introduction to Behavior Management or 3 hrs

EEC 4604 Classroom Management and Guidance of 3 hrs

Young Children or

EDF 3303 Learning Environments and Guidance for 3 hrs

Young Children or

SPA 3472 Guidance of Young Children with 3 hrs

Communication Disorders or

EEX 3450 Young Children With Special Needs 3 hrs

### Statistics Requirement (3 hrs)

■ Students have two options for completing this requirement:

#### Option 1: (3 hrs)

STA 2023 Statistical Methods I and GEP

STA 4163 Statistical Methods II 3 hrs

#### Option 2:

STA 2014C Principles of Statistics and GEP

SPA 4803 Research Methods in Communication 3 hrs

Sciences and Disorders

or

STA 2023 Statistical Methods I and GEP

SPA 4803 Research Methods in Communication 3 hrs

Sciences and Disorders

## UCF Degree Programs

### 5. Restricted Electives

(9 hrs)

■ An additional nine credit hours of upper division course work in Communication Sciences and Disorders selected from a list provided in the CSD Department or in consultation with a CSD undergraduate advisor.

### B.A./B.S. Option:

■ Students pursuing the B.A. degree must demonstrate proficiency in a foreign language equivalent to one year in college. ASL I, II and III can also be used to fulfill this requirement.  
 ■ Students pursuing the B.S. degree must complete two upper division health sciences courses (six credit hours) approved by the department.

### 6. Capstone Requirements

SPA 4870C Capstone Course 3 hrs

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.  
 ■ Students taking American Sign Language (ASL) to satisfy B.A. foreign language requirement must complete three semesters of ASL classes.

#### Graduation

■ Students taking American Sign Language (ASL) to satisfy B.A. foreign language requirement must complete three semesters of ASL classes.

### 8. Electives

■ Students can choose 12 hours of electives. A minor or certificate is encouraged.

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Students must achieve a minimum grade of "C-" (1.75) in all prerequisite courses, core courses, restricted electives, and B.A./B.S. electives in the department.  
 ■ Students must also earn an overall minimum of 2.0 GPA in the courses used to satisfy the major.

### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA  
 ■ 60 semester hours earned after CLEP awarded  
 ■ 48 semester hours of upper division credit completed  
 ■ 30 of the last 39 hours of course work must be completed in residency at UCF.  
 ■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.  
 ■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors In Major

■ Interested students should consult with the undergraduate program coordinator.

### Related Programs

■ Health Services Administration  
 ■ Psychology  
 ■ Social Work  
 ■ Early Childhood Education

### Certificates

### Related Minors

■ Exceptional Education  
 ■ Early Childhood Education  
 ■ Aging Studies  
 ■ Health Services Administration  
 ■ Human Communication  
 ■ Linguistics  
 ■ Psychology  
 ■ Spanish

### Advising Notes

■ Certification in speech-language pathology by the American Speech-Language-Hearing Association and licensure by the State of Florida Department of Health, Division of Medical Quality Assurance requires a master's degree in Communication Sciences and Disorders.

### Transfer Notes

■ "D" (1.0) grades are not accepted.  
 ■ Lower division courses do not substitute for upper division courses.  
 ■ Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.  
 ■ Students may take STA 2014C or STA 2023 to fulfill the first part of the statistics requirement.

### Acceptable Substitutes for Transfer Courses

■ None

### Plan of Study

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:

[http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$10 per term
- Full-Time Student: \$20 per term

## Computer Engineering - Comprehensive Track (B.S.Cp.E.)

**College of Engineering and Computer Science**  
**Department of Electrical and Computer Engineering,**  
**Harris Corp. Engineering Center, Room: 346**  
<http://www.eecs.ucf.edu>

**Email: [undergraduate@ece.ucf.edu](mailto:undergraduate@ece.ucf.edu)**

Dr. Parveen Wahid  
 Charlese Hilton-Brown  
 Diane D'Avanzo  
 Phone: 407-823-3327

### Admission Requirements

■ Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHS 1440 or CHM 2045C.

■ Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

### Degree Requirements

■ Students in the Computer Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Computer Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Computer Engineering who has accumulated 7 or more

unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

■ A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Computer Engineering major will be subject to all probation conditions that applied at the time of exclusion.

### 1. UCF General Education Program (GEP) (38 hrs)

■ The UCF General Education Program (GEP) is described in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A through E below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

|                                     |                         |                |

| Select one course from Science Foundations |  | 3 hrs          |

### 2. Common Program Prerequisites (CPP) (19 hrs)

■ These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. To enroll in CpE major courses, a 2.0 (C or better) in each course is required.

■ See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

## UCF Degree Programs

### 3. Core Requirements: Basic Level (2 hrs)

■ The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.25 GPA in completing these courses, together with the courses required for the major in section 4 below, technical elective courses listed in section 5 below and with the senior design courses listed in section 6 below. Independent study courses generally do not satisfy major requirements.

|           |  |      |
|-----------|--|------|
| EGS 1006C | Introduction to the Engineering Profession | 1 hr |
| EGN 1007C | Engineering Concepts and Methods           | 1 hr |

### 4. Core Requirements: Advanced Level (48 hrs)

| <sup>1</sup> EEL 3801C | Computer Organization                              | 4 hrs |
| EEL 4742C              | Embedded Systems                                   | 3 hrs |
| EEL 4768               | Computer Architecture                              | 3 hrs |
| EEL 4781               | Computer Communication Networks                    | 3 hrs |
| COP 4600               | Operating Systems                                  | 3 hrs |

<sup>1</sup> A "C" (2.0) or better is required in this course.

### 5. Restricted Electives

■ Technical electives are available in the BSCpE program to address specific student interests in a variety of technical areas such as Software Engineering. Students should consult with their academic advisor for the identification of courses that are approved technical electives and the terms when specific courses of this type are to be offered.

#### Technical Electives 15 hrs

■ Technical elective courses are to be selected by the student from department approved courses.

### 6. Capstone Requirements (6 hrs)

|           |                  |       |
|-----------|------------------|-------|
| EEL 4914  | Senior Design I  | 3 hrs |
| EEL 4915L | Senior Design II | 3 hrs |

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

### 8. Electives

■ None

### 9. Additional Requirements

■ Computer engineering students must earn at least 32 hours in residence at UCF.  
 ■ 24 of the 32 Residency hours must be at the 3000-5000 level courses taken from the ECE Department at UCF and applicable to the degree program.

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ CECS encourages all engineering students to take the Fundamentals Exam during their senior year.

### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA  
 ■ 60 semester hours earned after CLEP awarded  
 ■ 48 semester hours of upper division credit completed  
 ■ 30 of the last 39 hours of course work must be completed in residency at UCF.

■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

■ 128

#### Honors In Major

■ None

#### Related Programs

- Computer Science
- Electrical Engineering
- Information Technology
- Mathematics - Engineering/Physics Track
- Physics

#### Certificates

■ None

#### Related Minors

- Information Technology
- Intelligent Robotic Systems (IRS) - Interdisciplinary
- Engineering Leadership
- Mathematics
- Physics

#### Advising Notes

■ Each engineering student should meet regularly with an academic advisor in the major department.

■ The Computer Engineering program offers the Accelerated BS/MS Program to students of high academic standing. This program allows up to twelve hours to be shared between the BS and MS degrees. See your department or the Accelerated Program section in the back of this catalog for more information.

■ Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.

#### Transfer Notes

■ Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation

■ EGS 1006C and EGN 1007C are required courses for incoming freshmen only. The credits for these two courses (one hour each) may, with prior approval of the department academic advisor, be moved to the Restricted Elective area.

#### Acceptable Substitutes for Transfer Courses

■ None

#### Plan of Study

■ The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their faculty advisor to develop and maintain an appropriate plan of study.

#### Freshman Year - Fall 15 hrs

|                            |  |       |
|----------------------------|--|-------|
| EGS 1006C                  | Introduction to the Engineering Profession | 1 hr  |
| MAC 2311C                  | Calculus with Analytic Geometry I          | 4 hrs |
| GEP- Historical Foundation |  | 3 hrs |

#### Select 1 3 hrs

|                        |   |       |
|------------------------|---|-------|
| <sup>1</sup> SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |
|                        | or                                      |       |
| SPC 1608               | Fundamentals of Oral Communication      | 3 hrs |

#### Select 1: 4 hrs

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$42 per term
- Full-Time Student: \$84 per term

## Computer Engineering - Digital Circuits Track (B.S.Cp.E.)

**College of Engineering and Computer Science**  
**Department of Electrical and Computer Engineering**  
**Harris Corp. Engineering Center, Room: 346**  
<http://www.eecs.ucf.edu>

**Email: [undergraduate@ece.ucf.edu](mailto:undergraduate@ece.ucf.edu)**

Dr. Parveen Wahid  
 Charlese Hilton-Brown  
 Diane D'Avanzo

### Admission Requirements

■ Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHS 1440 or CHM 2045C.

■ Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

### Degree Requirements

■ Students in the Computer Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Computer Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Computer Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

■ A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Computer Engineering major will be subject to all probation conditions that applied at the time of exclusion.

### 1. UCF General Education Program (GEP) (38 hrs)

■ The UCF General Education Program (GEP) is described in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A through E below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

## UCF Degree Programs

### 2. Common Program Prerequisites (CPP) (19 hrs)

■ These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. To enroll in CpE major courses, a 2.0 (C or better) in each course is required.

■ See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|           |                                     |       |
|-----------|-------------------------------------|-------|

### 5. Restricted Electives

■ Technical electives are available in the BSCpE program to address specific student interests in a variety of technical areas such as Software Engineering. Students should consult with their academic advisor for the identification of courses that are approved technical electives and the terms when specific courses of this type are to be offered.

#### Technical Electives 15 hrs

■ Technical elective courses are to be selected by the student from department approved courses.

### 6. Capstone Requirements (6 hrs)

|           |                  |       |
|-----------|------------------|-------|
| EEL 4914  | Senior Design I  | 3 hrs |
| EEL 4915L | Senior Design II | 3 hrs |

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

#### 8. Electives

■ None

#### 9. Additional Requirements

■ Computer engineering students must earn at least 32 hours in residency at UCF.

■ 24 of the 32 Residency hours must be at the 3000-5000 level courses taken from the ECE Department at UCF and applicable to the degree program.

#### 10. Required Minors

■ None

#### 11. Departmental Exit Requirements

■ CECS encourages all engineering students to take the Fundamentals Exam during their senior year.

#### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA

■ 60 semester hours earned after CLEP awarded

■ 48 semester hours of upper division credit completed

■ 30 of the last 39 hours of course work must be completed in residency at UCF.

■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

■ 128

#### Honors In Major

■ None

#### Related Programs

■ Computer Science

■ Electrical Engineering

■ Information Technology

■ Mathematics - Engineering/Physics Track

■ Physics

#### Certificates

■ None

#### Related Minors

■ Intelligent Robotic Systems (IRS) - Interdisciplinary

■ Engineering Leadership

■ Mathematics

■ Physics

#### Advising Notes

■ Each engineering student should meet regularly with an academic advisor in the major department.

■ The Computer Engineering program offers the Accelerated BS/MS Program to students of high academic standing. This program allows up to twelve hours to be shared between the BS and MS degrees. See your department or the Accelerated Program section in the back of this catalog for more information.

■ Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.

#### Transfer Notes

■ Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation

■ EGS 1006C and EGN 1007C are required courses for incoming freshmen only. The credits for these two courses (one hour each) may, with prior approval of the department academic advisor, be moved to the Restricted Elective area.

#### Acceptable Substitutes for Transfer Courses

■ None

## UCF Degree Programs

### Plan of Study

■ The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their faculty advisor to develop and maintain an appropriate plan of study.

|                             |  |               |
|-----------------------------|--|---------------|
| <b>Freshman Year - Fall</b> |  | <b>15 hrs</b> |
| EGS 1006C                   | Introduction to the Engineering Profession | 1 hr          |
| MAC 2311C                   | Calculus with Analytic Geometry I          | 4 hrs         |
| GEP- Historical Foundation  |  | 3 hrs         |

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

## Computer Science (B.S.)

**College of Engineering and Computer Science**

**Department of Computer Science,**

**Harris Corp. Engineering Center, Room: 346**

**<http://www.cs.ucf.edu>**

**Email: [undergraduate@cs.ucf.edu](mailto:undergraduate@cs.ucf.edu)**

Dr. Ali Orooji

Jenny Shen

Phone: 407-823-2341

**Foundation Examination:** Prior to taking courses beyond basic core requirements, students must pass a foundation exam (COT 3960) which covers problem solving techniques, algorithms, abstraction, proofs, and programming language skills. Tests will be administered each semester. Refer to the computer science website for more information about the foundation exam.

### Admission Requirements

■ None

### Degree Requirements

■ Students are required to consult with a departmental advisor and file a plan of study after passing the foundation exam

■ Students must meet a Residency Requirement of at least 24 semester hours of regularly scheduled 3000-5000 level courses taken from the Computer Science Division at UCF

■ 18 of the 24 Residency hours must be at the 4000-5000 level

■ Students must earn at least a 2.0 in each course 2-5

■ Students in the Computer Science major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Computer Science who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Computer Science who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

■ A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Computer Science major will be subject to all probation conditions that applied at the time of exclusion.

### 1. UCF General Education Program (GEP) (39 hrs)

#### A: Communication Foundations (9 hrs)

|          |          |                |       |
|----------|----------|----------------|-------|
| Required | ENC 1101 | Composition I  | 3 hrs |
| Required | ENC 1102 | Composition II | 3 hrs |

#### Select 1: 3 hrs

|        |           |   |       |
|--------|-----------|---|-------|
| Prefer | SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |
|--------|-----------|---|-------|

### B: Cultural & Historical Foundations (9 hrs)

## UCF Degree Programs

### C: Mathematical Foundations (7 hrs)

|          |           |                                   |       |
|----------|-----------|-----------------------------------|-------|
| Required | MAC 2311C | Calculus with Analytic Geometry I | 4 hrs |
| Required | STA 2023  | Statistical Methods I             | 3 hrs |

### D: Social Foundations (6 hrs)

### E: Science Foundations (8 hrs)

|        |           |                                  |       |
|--------|-----------|----------------------------------|-------|
| Prefer | BSC 2010C | Biology I                        | 4 hrs |
| Prefer | PHY 2048C | General Physics Using Calculus I | 4 hrs |

### 2. Common Program Prerequisites (CPP) (17 hrs)

■ A "C" (2.0) or better is required in all courses in this area.

■ See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|           |                                    |       |
|-----------|------------------------------------|-------|
| COP 3223C | Introduction to Programming with C | 3 hrs |
| MAC 2311C | Calculus with Analytic Geometry I  | GEP   |
| MAC 2312  | Calculus with Analytic Geometry II | 4 hrs |
| PHY 2048C | General Physics Using Calculus I   | GEP   |
| PHY 2049C | General Physics Using Calculus II  | 4 hrs |

#### Select 2:

■ 4 hours for this requirement assumes that BSC 2010C is taken since the hours for this course are also in the GEP.

|           |                                    |       |
|-----------|------------------------------------|-------|
| BSC 2010C | Biology I or                       | GEP   |
| BSC 2011C | Biology II or                      | 4 hrs |
| CHM 2045C | Chemistry Fundamentals I or        | 4 hrs |
| CHM 2046  | Chemistry Fundamentals II or       | 3 hrs |
| PHY 3101  | General Physics Using Calculus III | 3 hrs |

### 3. Core Requirements: Basic Level (30 hrs)

■ A "C" (2.0) or better is required in all courses in this area.

|           |  |       |
|-----------|--|-------|
| STA 2023  | Statistical Methods I                              | GEP   |
| COP 3330  | Object Oriented Programming                        | 3 hrs |
| COP 3502C | Computer Science I                                 | 3 hrs |
| COP 3503C | Computer Science II                                | 3 hrs |
| CDA 3103C | Computer Logic and Organization                    | 3 hrs |
| COT 3100C | Introduction to Discrete Structures                | 3 hrs |
| CIS 3360  | Security in Computing                              | 3 hrs |
| COP 3402  | Systems Software                                   | 3 hrs |
| COT 4210  | Discrete Structures II                             | 3 hrs |
| COP 4331C | Processes for Object-Oriented Software Development | 3 hrs |
| COT 3960  | CS Foundation Exam                                 | 0 hrs |

#### Select 1: 3 hrs

|          |   |       |
|----------|---|-------|
| ENC 3241 | Writing for the Technical Professional or | 3 hrs |
| ENC 3250 | Professional Writing                      | 3 hrs |

### 4. Core Requirements: Advanced Level (18 hrs)

■ At most 3 hours of independent study or research allowed. No internship or cooperative education credits are allowed.

■ It is recommended that students take at least 3 classes from a primary area to gain an in-depth knowledge in that area of Computer Science.

■ It is recommended that students take classes from at least 2 different secondary areas to gain a broad knowledge of Computer Science. These courses may also be listed in the student's primary area.

■ A "C" (2.0) or better is required in all courses in this area.

■ Students must maintain at least a 2.5 GPA in all courses in this section.

#### Systems Area

|          |   |       |
|----------|---|-------|
| COP 4520 | Concepts of Parallel and Distributed Processing | 3 hrs |
| COP 4600 | Operating Systems                               | 3 hrs |
| COP 4710 | Database Systems                                | 3 hrs |
| EEL 4768 | Computer Architecture                           | 3 hrs |
| CDA 5106 | Advanced Computer Architecture                  | 3 hrs |
| COP 5611 | Operating Systems Design Principles             | 3 hrs |
| COP 5711 | Parallel and Distributed Database Systems       | 3 hrs |

#### AI and Machine Learning Area

|          |                          |       |
|----------|--------------------------|-------|
| CAP 4053 | AI for Game Programming  | 3 hrs |
| CAP 4453 | Robot Vision             | 3 hrs |
| CAP 4630 | Artificial Intelligence  | 3 hrs |
| CAP 5415 | Computer Vision          | 3 hrs |
| CAP 5512 | Evolutionary Computation | 3 hrs |

|          |                                  |       |
|----------|----------------------------------|-------|
| CAP 5610 | Machine Learning                 | 3 hrs |
| CAP 5636 | Advanced Artificial Intelligence | 3 hrs |

#### Graphics, Games, and HCI Area

|          |  |       |
|----------|--|-------|
| CAP 4053 | AI for Game Programming                      | 3 hrs |
| CAP 3104 | Foundations of HCI                           | 3 hrs |
| CAP 4720 | Computer Graphics                            | 3 hrs |
| CNT 5008 | Computer Communication Networks Architecture | 3 hrs |
| CAP 5725 | Computer Graphics I                          | 3 hrs |

#### Algorithms and Complexity Area

|          |                                   |       |
|----------|-----------------------------------|-------|
| COT 4500 | Numerical Calculus                | 3 hrs |

### 5. Restricted Electives

■ A "C" (2.0) or better is required in all courses in this area.

## UCF Degree Programs

### Advanced mathematics or statistics 6 hrs

■ Choose at least two courses from the following list of approved choices to satisfy this requirement:

|  |   |
|--|---|
| ■ Any 4000-5000 level courses with STA, MAP, MAA, MAD or MAS prefixes, except independent study hours, internship, or cooperative education hours. |   |
| MAC 2313   | Calculus with Analytic Geometry III 4 hrs |
| MAP 2302   | Ordinary Differential Equations I 3 hrs   |
| MAS 3105   | Matrix and Linear Algebra 4 hrs           |
| MAS 3106   | Linear Algebra 4 hrs                      |

### 6. Capstone Requirements (6 hrs)

|   |                        |
|---|------------------------|
| ■ A "C" (2.0) or better is required in the two courses. |                        |
| COP 4934  | Senior Design I 3 hrs  |
| COP 4935  | Senior Design II 3 hrs |

### 7. Foreign Language Requirements

#### Admissions

■ Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

### 8. Electives (4 hrs)

■ Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ None.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors In Major

■ None

### Related Programs

- Computer Engineering
- Information Technology

### Certificates

- Cyber Operations

### Related Minors

- Intelligent Robotic Systems (IRS) - Interdisciplinary
- Secure Computing and Networks

### Advising Notes

■ The Computer Science program offers the Accelerated BS/MS Program to students of high academic standing. This program allows up to twelve hours to be shared between the BS and MS degrees. See your department or the Accelerated program section in the back of this catalog for more information.

### Transfer Notes

■ Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

■ None

### Plan of Study

#### Freshman Year - Fall 13 hrs

|           |   |       |
|-----------|---|-------|
| ENC 1101  | Composition I                           | 3 hrs |
| SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |
| COP 3223C | Introduction to Programming with C      | 3 hrs |
| MAC 2311C | Calculus with Analytic Geometry I       | 4 hrs |

#### Freshman Year - Spring

|           |                                     |       |
|-----------|-------------------------------------|-------|
| ENC 1102  | Composition II                      | 3 hrs |
| COT 3100C | Introduction to Discrete Structures | 3 hrs |
| COP 3502C | Computer Science I                  | 3 hrs |
| CDA 3103C | Computer Logic and Organization     | 3 hrs |
| COT 3960  | CS Foundation Exam                  | 0 hrs |

#### Freshman Year - Summer

|          |                                    |       |
|----------|------------------------------------|-------|
| MAC 2312 | Calculus with Analytic Geometry II | 4 hrs |
| COP 3330 | Object Oriented Programming        | 3 hrs |

#### Sophomore Year - Fall

|           |                                  |       |
|-----------|----------------------------------|-------|
| COP 3402  | Systems Software                 | 3 hrs |
| COP 3503C | Computer Science II              | 3 hrs |
| PHY 2048C | General Physics Using Calculus I | 4 hrs |
| GEP       |                                  | 3 hrs |

#### Sophomore Year - Spring

|           |  |       |
|-----------|--|-------|
| COP 4331C | Processes for Object-Oriented Software Development | 3 hrs |
| PHY 2049C | General Physics Using Calculus II                  | 4 hrs |
| CIS 3360  | Security in Computing                              | 3 hrs |

#### Select 1:

|          |   |       |
|----------|---|-------|
| ENC 3241 | Writing for the Technical Professional or | 3 hrs |
| ENC 3250 | Professional Writing                      | 3 hrs |

#### Sophomore Year - Summer

|          |                       |       |
|----------|-----------------------|-------|
| STA 2023 | Statistical Methods I | 3 hrs |
| GEP      |                       | 3 hrs |

#### Junior Year - Fall

|             |                        |       |
|-------------|------------------------|-------|
| COT 4210    | Discrete Structures II | 3 hrs |
| BSC 2010C   | Biology I              | 4 hrs |
| GEP         |                        | 3 hrs |
| Area Course |                        | 3 hrs |

#### Junior Year - Spring

|                               |                          |       |
|-------------------------------|--------------------------|-------|
| CHM 2045C                     | Chemistry Fundamentals I | 4 hrs |
| Math/Stat Restricted Elective |                          | 3 hrs |
| Area Course                   |                          | 3 hrs |
| Area Course                   |                          | 3 hrs |

#### Junior Year - Summer

|             |  |       |
|-------------|--|-------|
| Area Course |  | 3 hrs |
|-------------|--|-------|

#### Senior Year - Fall

|               |                 |       |
|---------------|-----------------|-------|
| Area Course   |                 | 3 hrs |
| GEP           |                 | 3 hrs |
| Free Elective |                 | 4 hrs |
| COP 4934      | Senior Design I | 3 hrs |

#### Senior Year - Spring

|                               |                  |       |
|-------------------------------|------------------|-------|
| Area Course                   |                  | 3 hrs |
| GEP                           |                  | 3 hrs |
| Math/Stat Restricted Elective |                  | 3 hrs |
| COP 4935                      | Senior Design II | 3 hrs |

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$28 per term
- Full-Time Student: \$57 per term

## Construction Engineering (B.S.Con.E.)

### College of Engineering and Computer Science

### Department of Civil, Environmental, and Construction

### Engineering, Engineering II, Room: 211

<http://www.cece.ucf.edu>

Carol Ann Pohl, carolann.pohl@ucf.edu

Dr. Amr A. Oloufa, amr.oloufa@ucf.edu

Phone: 407-823-2841

### Admission Requirements

■ Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHS 1440 or CHM 2045C or CHM 2040 AND CHM 2041.

## UCF Degree Programs

■ Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

### Degree Requirements (128 hrs)

■ The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.25 GPA in completing the courses from section 3 Basic Core Requirements, section 4 Advanced Core Requirements, section 5 Restricted Electives and section 6 Capstone Requirements listed below. Independent study courses generally do not satisfy major requirements.

■ A "C" (2.0) or better is required in each pre-requisite course in section 2 Common Program Prerequisites, section 4 Advanced Core Requirements, and section 6 Capstone Requirements.

■ Students in the Construction Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Construction Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Construction Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

■ A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Construction Engineering major will be subject to all probation conditions that applied at the time of exclusion.

### 1. UCF General Education Program (GEP) (38 hrs)

■ The UCF General Education Program (GEP) is described in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University system should complete the GEP and the Common Program Prerequisites before transferring.

### A: Communication Foundations (9 hrs)

|           |           |   |       |
|-----------|-----------|---|-------|
| Required  | ENC 1101  | Composition I                           | 3 hrs |
| Required  | ENC 1102  | Composition II                          | 3 hrs |
| Suggested | SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |

### B: Cultural & Historical Foundations (9 hrs)

|  |       |
|--|-------|
| Select two courses from Historical Foundations       | 6 hrs |
| Select one class from MUL 2010, PHI 2010 or THE 2000 | 3 hrs |

### C: Mathematical Foundations (7 hrs)

|          |           |  |       |
|----------|-----------|--|-------|
| Required | MAC 2311C | Calculus with Analytic Geometry I        | 4 hrs |
| Required | STA 3032  | Probability and Statistics for Engineers | 3 hrs |

### D: Social Foundations (6 hrs)

|  |       |
|--|-------|
| Select one class from Social Foundation Group 1  | 3 hrs |
| Select one course from Social Foundation Group 2 | 3 hrs |

### E: Science Foundations (7 hrs)

|          |           |                                  |       |
|----------|-----------|----------------------------------|-------|
| Required | PHY 2048C | General Physics Using Calculus I | 4 hrs |
| Prefer   | GEO 1200  | Physical Geography               | 3 hrs |

### 2. Common Program Prerequisites (CPP) (19 hrs)

■ These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. Note: MAC 2311C and PHY 2048/48L also satisfy UCF GEP.

■ See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

■ A grade of "C" (2.0) or better is required in each course in this section.

|           |                                     |       |
|-----------|-------------------------------------|-------|
| MAC 2311C | Calculus with Analytic Geometry I   | GEP   |
| MAC 2312  | Calculus with Analytic Geometry II  | 4 hrs |
| MAC 2313  | Calculus with Analytic Geometry III | 4 hrs |
| MAP 2302  | Ordinary Differential Equations I   | 3 hrs |
| PHY 2048C | General Physics Using Calculus I    | GEP   |
| PHY 2049C | General Physics Using Calculus II   | 4 hrs |

### Select one of the following sequences of courses:

- Preferred course  
CHS 1440 Principles of Chemistry 4 hrs

or - First alternative: Select both of the following:

|          |                               |       |
|----------|-------------------------------|-------|
| CHM 2040 | Chemistry Fundamentals IA and | 3 hrs |
| CHM 2041 | Chemistry Fundamentals IB     | 3 hrs |

or - Second alternative

|           |                          |       |
|-----------|--------------------------|-------|
| CHM 2045C | Chemistry Fundamentals I | 4 hrs |
|-----------|--------------------------|-------|

### 3. Core Requirements: Basic Level (2 hrs)

|           |  |      |
|-----------|--|------|
| EGS 1006C | Introduction to the Engineering Profession | 1 hr |
| EGN 1007C | Engineering Concepts and Methods           | 1 hr |

### 4. Core Requirements: Advanced Level (55 hrs)

|                        |   |       |
|------------------------|---|-------|
| <sup>1</sup> EGN 3310  | Engineering Analysis-Statics                    | 3 hrs |
| EGN 3321               | Engineering Analysis-Dynamics                   | 3 hrs |
| <sup>1</sup> EGN 3331C | Mechanics of Materials                          | 3 hrs |
| <sup>1</sup> STA 3032  | Probability and Statistics for Engineers        | GEP   |
| <sup>1</sup> EGN 3613  | Engineering Economic Analysis                   | 2 hrs |
| <sup>1</sup> ENV 3001  | Environmental Engineering                       | 3 hrs |
| <sup>1</sup> CWR 3201  | Engineering Fluid Mechanics                     | 3 hrs |
| <sup>1</sup> CCE 4003  | Introduction to the Construction Industry       | 3 hrs |
| <sup>1</sup> CCE 4034  | Construction Estimating and Scheduling          | 3 hrs |
| <sup>1</sup> CCE 4813  | Mechanical and Electrical Systems for Buildings | 4 hrs |
| CCE 4402               | Construction Equipment and Productivity         | 3 hrs |
| <sup>1</sup> CCE 4004  | Construction Methods                            | 3 hrs |
| CEG 4011C              | Geotechnical Engineering I                      | 4 hrs |
| CGN 3501C              | Civil Engineering Materials                     | 3 hrs |
| CGN 3700C              | Civil Engineering Measurements                  | 2 hrs |
| ACG 2071               | Principles of Managerial Accounting             | 3 hrs |
| <sup>1</sup> CES 4100C | Structural Analysis I and Lab                   | 4 hrs |
| CGN 3405               | Applied Numerical Methods for Civil Engineering | 3 hrs |
| CWR 4202C              | Hydraulics                                      | 3 hrs |

<sup>1</sup> A "C" (2.0) or better is required in this course.

### 5. Restricted Electives (8 hrs)

■ Technical electives are available in the BSConE program to address specific student interests in a variety of technical areas. Students should consult the CECE website and their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.

### 6. Capstone Requirements (6 hrs)

|                                  |                             |       |
|----------------------------------|-----------------------------|-------|
| ■ Required Senior Design Courses |                             |       |
| <sup>1</sup> CCE 4810C           | Construction Design Project | 3 hrs |
| CGN 4808C                        | CECE Capstone Design        | 3 hrs |

<sup>1</sup> A "C" (2.0) or better is required in this course.

### 7. Foreign Language Requirements Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

## UCF Degree Programs

### Graduation

- None

### 8. Electives

- None

### 9. Additional Requirements

■ Construction engineering students must take the Fundamentals of Engineering (FE) Exam during their Senior year. Applications must be received by the Florida Board of Professional Engineers approximately 6 months in advance of your exam date.

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- None

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 128

### Honors In Major

- None

### Related Programs

- Civil Engineering
- Environmental Engineering

### Certificates

- None

### Related Minors

- Mathematics
- Engineering Leadership
- Business

### Advising Notes

■ Each engineering student is assigned a qualified engineering academic advisor in the department of his/her major. Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.

■ The Construction Engineering program offers the opportunity for exceptionally well qualified undergraduates to enter directly into the PhD program after completion of an appropriate BS degree. This option allows outstanding undergraduates to begin planning a research program with a specific faculty advisor even before finishing the BS, and may allow completion of the PhD in a shorter time period than by taking a separate Master's followed by the PhD.

### Transfer Notes

■ Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.

■ EGS 1006C and EGN 1007C are required courses for incoming freshmen only. The credits for these two courses (one hour for each) may, with prior approval of the department academic advisor, be moved to the Restricted Elective area.

### Acceptable Substitutes for Transfer Courses

- None

### Plan of Study (128 hrs)

■ The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their departmental academic advisor to develop and maintain an appropriate plan of study.

### Freshman Year - Fall 15 hrs

|          |               |       |
|----------|---------------|-------|
| ENC 1101 | Composition I | 3 hrs |
| GEP      |               | 3 hrs |

|           |  |       |
|-----------|--|-------|
| MAC 2311C | Calculus with Analytic Geometry I          | 4 hrs |
| EGS 1006C | Introduction to the Engineering Profession | 1 hr  |
| CHS 1440  | Principles of Chemistry                    | 4 hrs |

### Freshman Year - Spring 14 hrs

|           |                                    |       |
|-----------|------------------------------------|-------|
| ENC 1102  | Composition II                     | 3 hrs |
| MAC 2312  | Calculus with Analytic Geometry II | 4 hrs |
| PHY 2048C | General Physics Using Calculus I   | 4 hrs |
| EGN 1007C | Engineering Concepts and Methods   | 1 hr  |
| EGN 3613  | Engineering Economic Analysis      | 2 hrs |

### Sophomore Year - Fall 16 hrs

|          |  |       |
|----------|--|-------|
| MAC 2313 | Calculus with Analytic Geometry III      | 4 hrs |
| EGN 3310 | Engineering Analysis-Statics             | 3 hrs |
| GEP      |  | 3 hrs |
| ENV 3001 | Environmental Engineering                | 3 hrs |
| STA 3032 | Probability and Statistics for Engineers | 3 hrs |

### Sophomore Year - Spring 16 hrs

|           |   |       |
|-----------|---|-------|
| MAP 2302  | Ordinary Differential Equations I               | 3 hrs |
| EGN 3331C | Mechanics of Materials                          | 3 hrs |
| PHY 2049C | General Physics Using Calculus II               | 4 hrs |
| EGN 3321  | Engineering Analysis-Dynamics                   | 3 hrs |
| CGN 3405  | Applied Numerical Methods for Civil Engineering | 3 hrs |

### Sophomore Year - Summer 9 hrs

|          |   |       |
|----------|---|-------|
| CCE 4003 | Introduction to the Construction Industry | 3 hrs |
| CWR 3201 | Engineering Fluid Mechanics               | 3 hrs |
| GEP      |   | 3 hrs |

### Junior Year - Fall 16 hrs

|           |   |       |
|-----------|---|-------|
| CES 4100C | Structural Analysis I and Lab                   | 4 hrs |
| GEP       |   | 3 hrs |
| CCE 4034  | Construction Estimating and Scheduling          | 3 hrs |
| CCE 4813  | Mechanical and Electrical Systems for Buildings | 4 hrs |
| CGN 3700C | Civil Engineering Measurements                  | 2 hrs |

### Junior Year - Spring 16 hrs

|           |   |       |
|-----------|---|-------|
| CCE 4004  | Construction Methods                    | 3 hrs |
| CCE 4402  | Construction Equipment and Productivity | 3 hrs |
| CCE 4810C | Construction Design Project             | 3 hrs |
| CEG 4011C | Geotechnical Engineering I              | 4 hrs |
| GEP       |   | 3 hrs |

### Senior Year - Fall 14 hrs

|                             |                                     |       |
|-----------------------------|-------------------------------------|-------|
| CGN 3501C                   | Civil Engineering Materials         | 3 hrs |
| Approved Technical Elective |                                     | 2 hrs |
| ACG 2071                    | Principles of Managerial Accounting | 3 hrs |
| CWR 4202C                   | Hydraulics                          | 3 hrs |
| GEP                         |                                     | 3 hrs |

### Senior Year - Spring 12 hrs

|                     |                      |       |
|---------------------|----------------------|-------|
| CGN 4808C           | CECE Capstone Design | 3 hrs |
| GEP                 |                      | 3 hrs |
| Technical Electives |                      | 6 hrs |

### Admission Requirements

- None

### Degree Requirements

■ Students who change degree programs and select this major must adopt the most current catalog.

# UCF Degree Programs

■ Students should complete the General Education Program before transferring within the Florida College System or State University system.

■ The courses designated in section 1 below may be taken at a Florida College System institution, and should usually be completed in the first 60 hours.

■ Students must earn a grade of "C" (2.0) or better in each core course.

■ Students must earn a minimum 2.0 overall GPA in courses used towards the restricted electives.

## 1. UCF General Education Program (GEP) (36 hrs)

**A: Communication Foundations (9 hrs)**

**B: Cultural & Historical Foundations (9 hrs)**

**C: Mathematical Foundations (6 hrs)**

**D: Social Foundations (6 hrs)**

**E: Science Foundations (6 hrs)**

## 2. Common Program Prerequisites (CPP)

■ None

## 3. Core Requirements: Basic Level

■ None

## 4. Core Requirements: Advanced Level (30 hrs)

■ See "Common Prerequisites" in the Transfer and

Transitions Services section for more information.

|                        |                                      |       |
|------------------------|--------------------------------------|-------|
| CJE 3001               | Careers in Criminal Justice          | 4 hrs |
| CCJ 3024               | Criminal Justice System              | 3 hrs |
| CCJ 3014               | Crime in America                     | 3 hrs |
| CCJ 4701C              | Research Methods in Criminal Justice | 4 hrs |
| <sup>1</sup> CCJ 4746C | Data Analysis for Criminal Justice   | 4 hrs |
| CJE 4014               | Police and Society                   | 3 hrs |
| CJL 3510               | Prosecution and Adjudication         | 3 hrs |
| CJC 3010               | Corrections and Penology             | 3 hrs |
| CCJ 4054               | Capstone: Criminal Justice Ethics    | 3 hrs |

<sup>1</sup> PR: CCJ 4701

## 5. Restricted Electives (30 hrs)

### Criminal Justice Upper Level Electives

■ 21 hours of upper division criminal justice course work. Seniors can satisfy up to six hours of this requirement with internship and up to six hours with directed independent study; however, the combination of these non-class options shall not exceed nine hours. Program standards must be met to be eligible for either internship or independent study credit.

### Supporting Electives

■ 9 additional semester hours of supporting courses to be selected from an approved list provided by the department. These courses may vary from student to student depending upon individual needs or objectives, but include selected courses from public administration, legal studies, sociology, statistics, and psychology. The supporting course requirements may also be met by using a portion of the completed hours from a minor in another program approved by the department.

## 6. Capstone Requirements

■ CCJ 4054 Capstone: Criminal Justice Ethics is required for this major.

## 7. Foreign Language Requirements

### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

### Graduation

■ Students pursuing the B.A. degree must demonstrate proficiency in a foreign language equivalent to one year at college level. The foreign language credits may be used toward the 9 hour supporting course requirement. Students taking American Sign Language (ASL) to satisfy B.A. foreign language requirement must complete three semesters of ASL classes.

## 8. Electives

■ None

## 9. Additional Requirements

■ None

## 10. Required Minors

■ None

## 11. Departmental Exit Requirements

■ Students must take a minimum of 36 hours of upper-division CJ credit from the UCF Criminal Justice department to obtain the UCF degree in Criminal Justice.

## 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA

■ 60 semester hours earned after CLEP awarded

■ 48 semester hours of upper division credit completed

■ 30 of the last 39 hours of course work must be completed in residency at UCF.

■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

## Total Semester Hours Required

■ 120

## Honors In Major

■ Interested students should consult with a faculty advisor.

## Related Programs

■ Legal Studies

## Certificates

■ Crime Analysis and Crime Mapping

■ Criminal Profiling

■ Security Management

■ Crime Scene Investigation

■ Victim Advocacy

■ Criminal Justice Management and Leadership Certificate

## Related Minors

■ Legal Studies

■ Public Administration

■ Psychology

## Advising Notes

■ None

## Transfer Notes

■ Grades below a "C" (2.0) are not accepted in the core.

■ Lower division courses do not substitute for upper division courses.

■ Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

## Acceptable Substitutes for Transfer Courses

■ None

## Plan of Study

### Freshman Year - Fall

|                |               |        |
|----------------|---------------|--------|
| ENC 1101       | Composition I | 12 hrs |

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oetas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oetas.ucf.edu/alc/academic_learning_compacts.htm)

## Criminal Justice Scholar's Track (B.A. / B.S.)

### College of Health and Public Affairs

#### Department of Criminal Justice,

#### Health and Public Affairs 1, Room: Room 311

<http://www.cohpa.ucf.edu/crim.jus/>

Email: [cjadvice@ucf.edu](mailto:cjadvice@ucf.edu)

Cory Watkins, UG Program Director

Phone: 407-823-2603

### Admission Requirements

- An application is required. Minimum overall GPA of 3.0 for Admission.
- Applicant must declare this specific track with the aid of and advisor
- A grade of "B" (3.0) or better in ENC 1101 and ENC 1102 is required.
- Students whose overall GPA falls below 3.0 out of a possible 4.0 will not be permitted to continue in the track and will be transferred to the Criminal Justice BA/BS degree.

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students should complete the General Education Program before transferring within the Florida College System or State University System.
- The courses designated in section 1 below may be taken at a Florida College System institution, and should usually be completed in the first 60 hours.

- Students must complete four Scholar's Seminar courses (CCJ 4934), each with a grade of "B" (3.0) or better.
- Students must earn a grade of "C" (2.0) or better in each core course, and have an average overall GPA of 2.0 or better in courses used toward the restricted electives.

### 1. UCF General Education Program (GEP) (36 hrs)

A: Communication Foundations (9 hrs)

B: Cultural & Historical Foundations (9 hrs)

C: Mathematical Foundations (6 hrs)

D: Social Foundations (6 hrs)

E: Science Foundations (6 hrs)

### 2. Common Program Prerequisites (CPP)

- None

### 3. Core Requirements: Basic Level

- None

### 4. Core Requirements: Advanced Level (30 hrs)

- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|           |                                      |       |
|-----------|--------------------------------------|-------|
| CJE 3001  | Careers in Criminal Justice          | 4 hrs |
| CCJ 3014  | Crime in America                     | 3 hrs |
| CCJ 3024  | Criminal Justice System              | 3 hrs |
| CCJ 4701C | Research Methods in Criminal Justice | 4 hrs |
| CCJ 4746C | Data Analysis for Criminal Justice   | 4 hrs |
| CJL 3510  | Prosecution and Adjudication         | 3 hrs |
| CJC 3010  | Corrections and Penology             | 3 hrs |
| CJE 4014  | Police and Society                   | 3 hrs |
| CCJ 4054  | Capstone: Criminal Justice Ethics    | 3 hrs |

### Scholar's Seminar 12 hrs

- Students must complete four Scholar's Seminar courses (CCJ 4934), each with a grade of "B" (3.0) or better.

|          |                                  |       |
|----------|----------------------------------|-------|
| CCJ 4934 | Emergent Criminal Justice Issues | 3 hrs |
|----------|----------------------------------|-------|

### 5. Restricted Electives (9 hrs)

- 15 additional semester hours of upper division criminal justice course work. Interested students who meet the requirements are encouraged to participate in the Senior Scholar program. Contact the department for information about the program and course options. Seniors can satisfy up to six hours of this requirement with internship and up to six hours with directed independent study; however, the combination of Program standards must be met to be eligible for either internship or independent study credit.
- 9 additional semester hours of upper division criminal justice course work. These courses may vary from student to student depending upon individual needs or objectives, but included selected courses from public administration, legal studies, sociology, statistics, and psychology. The supporting course requirements may also be met by using 9 hours from a completed minor in another program approved by the department.

### 6. Capstone Requirements

- CCJ 4054 Capstone: Criminal Justice Ethics is required for this major.

### 7. Foreign Language Requirements

#### Admissions

- Two years of one foreign language in high school or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

- Students pursuing a B.A. degree must demonstrate proficiency in a foreign language equivalent to one year at college level. The foreign language credits may be used toward the 9 hour supporting course requirement. Students taking American Sign Language (ASL) to satisfy B.A. foreign language requirement must complete three semesters of ASL classes.

### 8. Electives

- None

### 9. Additional Requirements

- Students whose overall GPA falls below 3.0 out of a possible 4.0 will not be permitted to continue in the track and will be transferred to the Criminal Justice BA/BS degree.

## UCF Degree Programs

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- Students must take a minimum of 36 hours of upper-division CJ credit from the UCF Criminal Justice department to obtain the UCF degree in Criminal Justice.
- Students must maintain an overall GPA of 3.0 out of a possible 4.0.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- Interested students should consult with a faculty advisor.

### Related Programs

- Legal Studies
- Public Administration

### Certificates

- Crime Analysis and Crime Mapping
- Criminal Profiling
- Security Management
- Crime Scene Investigation
- Victim Advocacy
- Criminal Justice Management and Leadership Certificate

### Related Minors

- Legal Studies
- Public Administration
- Psychology

### Advising Notes

- Students are not accepted into Internship Program with grades less than a "C" in core courses.

### Transfer Notes

- "D" (1.0) grades are not accepted.
- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

- None

### Plan of Study

|                             |               |               |
|-----------------------------|---------------|---------------|

The department strongly encourage internships.

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oeads.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oeads.ucf.edu/alc/academic_learning_compacts.htm)

## Digital Media (B.A.)

### College of Arts and Humanities

### School of Visual Arts and Design,

### Visual Arts Building, Room: 117

<http://svad.cah.ucf.edu/>

**Email:** [svadadvising@ucf.edu](mailto:svadadvising@ucf.edu)

**Phone:** 407-823-2676

The B.A. in Digital Media allows students to integrate the multiple domains of art, storytelling, and technology. It is designed to provide a solid foundation in techniques and theory in one focused area of competence, provide a broad understanding of related disciplines including arts, humanities, and technology, and provide extended experience in working in multidisciplinary teams on realistic problems. The program is administered through the School of Visual Arts and Design with the College of Arts and Humanities. It recognizes that there are many combinations of courses which meet the needs of individual students. Two specializations -Game Design and Web Design - lead to a Bachelor of Arts degree. Note: Although the School of Visual Arts and Design maintains a computer lab for student use, majors must have continual access to a computer. Contact the UCF Computer Store or see the website (<http://www.cstore.ucf.edu>) for the minimum hardware and software specifications.

### Admission Requirements

- None

## UCF Degree Programs

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Departmental Residency Requirement consists of at least 24 hours of regularly scheduled 3000-4000 level courses taken from the UCF School of Visual Arts and Design.
- Students must earn at least a "C" (2.0) in each required course, except DIG 2000 and DIG 4713 as noted.
- Co-op or internship credits are not permitted in this major without prior written permission.
- Students should consult with a School advisor at least once annually.

#### 1. UCF General Education Program (GEP) (37 hrs)

##### A: Communication Foundations (9 hrs)

##### B: Cultural & Historical Foundations (9 hrs)

##### Take all of the following: 9 hrs

- |          |          |   |       |
|----------|----------|---|-------|
| Required | ARH 2050 | History of Western Art I and                    | 3 hrs |
| Required | ARH 2051 | History of Western Art II and                   | 3 hrs |
|          |          | Select one additional course from approved list | 3 hrs |

##### C: Mathematical Foundations (7 hrs)

- |                       |           |                              |       |
|-----------------------|-----------|------------------------------|-------|
| Required              | COP 2500C | Concepts in Computer Science | 4 hrs |
| <sup>1</sup> Required | MAC 1105C | College Algebra              | 3 hrs |

<sup>1</sup> (May substitute more advanced version)

##### D: Social Foundations (6 hrs)

##### E: Science Foundations (6 hrs)

#### 2. Common Program Prerequisites (CPP) (6 hrs)

- |           |                                     |       |
|-----------|-------------------------------------|-------|
| ARH 2050  | History of Western Art I            | GEP   |
| ARH 2051  | History of Western Art II           | GEP   |
| ART 2201C | Design Fundamentals-Two Dimensional | 3 hrs |
| ART 2300C | Drawing Fundamentals I              | 3 hrs |
| COP 2500C | Concepts in Computer Science        | GEP   |
| MAC 1105C | College Algebra                     | GEP   |

#### 3. Core Requirements: Basic Level (12 hrs)

- Admission to all courses after DIG 2000 is dependent on the student achieving at least a 'B' (3.0) in DIG 2000.

##### Digital Media Core: Basic

- |          |                                    |       |
|----------|------------------------------------|-------|
| DIG 2000 | Introduction to Digital Media      | 3 hrs |
| DIG 2030 | Digital Video Fundamentals         | 3 hrs |
| DIG 2109 | Digital Imaging Fundamentals       | 3 hrs |
| DIG 2500 | Fundamentals of Interactive Design | 3 hrs |

#### 4. Core Requirements: Advanced Level (12 hrs)

##### Digital Media Core: Advanced

- |           |                               |       |
|-----------|-------------------------------|-------|
| DIG 3024  | Digital Cultures & Narrative  | 3 hrs |
| DIG 3480  | Computer as a Medium          | 3 hrs |
| DIG 3525  | Digital Media Production I    | 3 hrs |
| DIG 4780C | Modeling for Realtime Systems | 3 hrs |

#### Game Design 42 hrs

- Admission to all courses after DIG 4713 is dependent on the student achieving at least a "B" (3.0) in DIG 4713.

##### Game Design: Basic Concentration 24 hrs

- |           |  |       |
|-----------|--|-------|
| COP 3223C | Introduction to Programming with C and | 3 hrs |
| COP 3330  | Object Oriented Programming and        | 3 hrs |
| DIG 4630C | Media Business Practices and           | 3 hrs |
| DIG 4713  | Game Design and                        | 3 hrs |
| DIG 4715C | Game Production and                    | 3 hrs |
| DIG 4720C | Casual Game Production and             | 3 hrs |
| FIL 3720C | Introduction to Animation and          | 3 hrs |
| GRA 2151C | Illustration                           | 3 hrs |

##### Game Design: Restricted Electives 18 hrs

- Complete 18 hours of credits from the following areas:
  - NOTE: DIG 4725C Must be taken at least two times. It is repeatable for credit.
- |  |                      |
|--|----------------------|
| 12 Additional hrs of 3000 or 4000 level courses from ART, ARH, FIL, GRA, DIG or any 3000 or 4000 level courses approved by the school. and | 12 hrs               |
| DIG 4725C  | Game Design Workshop |
|  | 6 hrs                |

#### Web Design 42 hrs

##### Web Design: Basic Concentration 24 hrs

- |           |                                       |       |
|-----------|---------------------------------------|-------|
| DIG 3134  | Media Software Design and             | 3 hrs |
| DIG 3563  | Information Management and            | 3 hrs |
|           | Entrepreneurship and                  |       |
| DIG 3716C | Internet Interaction and              | 3 hrs |
| DIG 3811  | User-Centered Design and              | 3 hrs |
| DIG 4503  | Rapid Application Web Development and | 3 hrs |
| DIG 4530C | Media for e-Commerce and              | 3 hrs |
| DIG 4630C | Media Business Practices and          | 3 hrs |
| GRA 3803C | Intermediate Computer Graphic Design  | 3 hrs |

##### Web Design: Restricted Electives 18 hrs

- Complete 18 hours of credits from the following areas:
- Note: DIG 4104C must be taken at least two times. It is repeatable for credit.

- |  |                     |
|--|---------------------|
| 12 additional hrs of 3000 or 4000 level courses from ART, ARH, FIL, GRA, DIG or any 3000 or 4000 level digital media courses approved by the school. and | 12 hrs              |
| DIG 4104C  | Web Design Workshop |
|  | 6 hrs               |

#### 5. Restricted Electives

- None

#### 6. Capstone Requirements

- None

#### 7. Foreign Language Requirements

##### Admissions

- Met by graduation requirement.

##### Graduation

- Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages. Standardized examinations for foreign languages may be used to meet the requirement.

#### 8. Electives

- Electives may be taken in allied programs such as Art, Music, Philosophy, English, Film, the Nicholson School of Communication, Computer Science, etc. as approved by the School.

#### 9. Additional Requirements

- None

#### 10. Required Minors

- None

#### 11. Departmental Exit Requirements

- None

#### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

- 120

#### Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at <http://research.honors.ucf.edu/honors-in-the-major>.

#### Related Programs

- Art
- Computer Science
- English - Creative Writing
- English - Literature
- English - Technical Communication
- Film - Cinema Studies Track
- Music

#### Certificates

- None

## UCF Degree Programs

### Related Minors

- Art - Studio
- Information Technology
- Computer Science
- English - Technical Communication
- Film - Cinema Studies
- Music

### Advising Notes

## UCF Degree Programs

**EDUCATION: PRE-KINDERGARTEN-PRIMARY (PK-3) TRACK**  
Early Childhood Development and Education majors take a variety of courses related to young children and their learning, development, and family environment. Students in the Education: Pre-Kindergarten-Primary (Pre-K-3rd) Track are working toward teacher certification in Pre-Kindergarten-Primary (PK-3) with ESOL Endorsement and Reading Endorsement. Students in this track take a series of core and specialization courses to prepare them to teach in the schools and to demonstrate mastery of the Florida Educator Accomplished Practices (FEAP). Early and continuous field experiences are provided to enhance the students in this track with an integration of theory and practice in school settings. Throughout the program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty. This degree culminates in a semester-long internship.

### Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e. an AA degree from an approved Florida College System or State University System institution.
- Have a minimum 2.75 overall GPA, with provisional acceptance for one semester if GPA is 2.5 (GPA must be 2.75 by the second semester).
- Complete all Education Common Program Prerequisite courses with a minimum grade of "C" (2.0) or better.
- Pass all four parts of the General Knowledge Test.
- Meet the Gordon Rule Requirement.
- Meet Foreign Language Admission Requirement.

### Degree Requirements

- Students must seek advising through the Early Childhood Development and Education staff in the Education Complex, Suite 122 or by email (ece@mail.ucf.edu) prior to registering for classes.
- The courses designated in 1. (General Education) and 2. (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses.
- Students must earn a "C" (2.0) or better in each required Early Childhood Development and Education course. However, a minimum overall 2.75 GPA in all courses within the major is required.
- Passing scores on ALL three sections of the Florida Teacher Certification Examination (FTCE). See <http://www.fldoe.org> for available test dates and test sites. FTCE General Knowledge Test (GKT)-passing scores on the GKT is required prior to admission to the major. FTCE Professional Education Test (PEd) and Subject Area Examination (SAE-Prekindergarten/Primary PK-3) are required prior to entry into Internship.
- FTCE General Knowledge Test (GKT) - passing scores on the GKT are strongly recommended prior to semester 1 of the junior year and required for admission into the Early Childhood Development and Education, Track 1-Education: Pre-Kindergarten-Primary (Pre-K-3rd).
- FTCE Professional Education Test (PEd) and Subject Area Examination (SAE-Prekindergarten/Primary PK-3) are required prior to entry into Internship.
- This is a state-approved, initial teacher preparation program designed in compliance with Florida Statutes and State Board of Education Rule 6A-5.066. Degree requirements are subject to change based on state mandates.

### 1. UCF General Education Program (GEP) (36 hrs)

- Students are advised to take the preferred courses.

### A: Communication Foundations (9 hrs)

|          |          |                                    |       |
|----------|----------|------------------------------------|-------|
| Required | ENC 1101 | Composition I                      | 3 hrs |
| Required | ENC 1102 | Composition II                     | 3 hrs |
| Prefer   | SPC 1608 | Fundamentals of Oral Communication | 3 hrs |

### B: Cultural & Historical Foundations (9 hrs)

#### General Education Program elective from section B2: (3 hrs)

|        |  |                               |       |
|--------|--|-------------------------------|-------|
| Prefer | MUL 2010   | Enjoyment of Music or         | 3 hrs |
| Prefer | PHI 2010   | Introduction to Philosophy or | 3 hrs |
| Prefer | THE 2000   | Theatre Survey                | 3 hrs |
|        | General Education Program elective from section B1                             |                               | 3 hrs |
|        | General Education Program elective: Prefer a second course from GEP section B1 |                               | 3 hrs |

### C: Mathematical Foundations (6 hrs)

|        |           |                          |       |
|--------|-----------|--------------------------|-------|
| Prefer | STA 2014C | Principles of Statistics | 3 hrs |
|--------|-----------|--------------------------|-------|

#### Select 1: (3 hrs)

|           |           |                             |       |
|-----------|-----------|-----------------------------|-------|
| Suggested | MGF 1106  | Finite Mathematics or       | 3 hrs |
| Suggested | MGF 1107  | Explorations in Mathematics | 3 hrs |
|           |           | or                          |       |
|           | MAC 1105C | College Algebra             | 3 hrs |

### D: Social Foundations (6 hrs)

|        |          |                              |       |
|--------|----------|------------------------------|-------|
| Prefer | POS 2041 | American National Government | 3 hrs |
| Prefer | PSY 2012 | General Psychology           | 3 hrs |

### E: Science Foundations (6 hrs)

|        |          |                  |       |
|--------|----------|------------------|-------|
| Prefer | PSC 1121 | Physical Science | 3 hrs |
|--------|----------|------------------|-------|

#### Select 1: (3 hrs)

|        |          |                       |       |
|--------|----------|-----------------------|-------|
| Prefer | ANT 2511 | The Human Species or  | 3 hrs |
| Prefer | BSC 1005 | Biological Principles | 3 hrs |

### 2. Common Program Prerequisites (CPP) (9 hrs)

- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|                       |  |       |
|-----------------------|--|-------|
| EDF 2005              | Introduction to the Teaching Profession  | 3 hrs |
| <sup>1</sup> EDF 2085 | Introduction to Diversity for Educators  | 3 hrs |
| EME 2040              | Introduction to Technology for Educators | 3 hrs |

<sup>1</sup> In addition to this course, a minimum of 6 hours with an international or diversity focus is required. The foreign language admission requirement may be used to meet this requirement.

### 3. Core Requirements: Basic Level (15 hrs)

#### Other Program Prerequisites

|                       |  |       |
|-----------------------|--|-------|
| <sup>1</sup> EDF 2130 | Child and Adolescent Development for Educators   | 3 hrs |
| EEC 2732              | Health, Safety, and Nutrition for Young Children | 3 hrs |
| MAE 3310              | Elementary Mathematics for Teaching I            | 3 hrs |
| Elective              |  | 3 hrs |

#### Select 1: (3 hrs)

|          |                                       |       |
|----------|---------------------------------------|-------|
| ARE 2000 | Early Childhood Art and Creativity or | 3 hrs |
| MUE 2211 | Early Childhood Music and Movement    | 3 hrs |

<sup>1</sup> Courses taken at Florida College System institutions may substitute for select courses in Other Program Requirements with the permission of the department.

### 4. Core Requirements: Advanced Level (60 hrs)

- All methods/specialization/foundations courses must be completed with a letter grade of "C" (2.0) or better before registering for Internship. However, a minimum GPA of 2.75 is required in the professional, specialization and overall for admission to Internship.

#### Semester I (15 hrs)

- Passing score on the General Knowledge Test portion of the Florida Teacher Certification Examination (FTCE) is required prior to application to admission to the major.

|          |  |       |
|----------|--|-------|
| EEC 3700 | Social and Emotional Development of Young Children       | 3 hrs |
| EEC 4661 | Early Childhood Education Theory and Practice            | 3 hrs |
| EEX 4751 | Parent Involvement in Education                          | 3 hrs |
| TSL 4080 | Theory and Practice of Teaching ESOL Students in Schools | 3 hrs |
| EEC 4268 | Curriculum Activities in Early Childhood                 | 3 hrs |

## UCF Degree Programs

### Semester II 15 hrs

■ Passing score on the Professional Education Test portion of the Florida Teacher Certification Examination (FTCE) is strongly recommended to be taken during Semester III.

|          |   |       |
|----------|---|-------|
| EEC 4604 | Classroom Management and Guidance of Young Children | 3 hrs |
| EEC 4207 | Assessment and Evaluation of Young Children         | 3 hrs |
| TSL 4240 | Issues in Second Language Acquisition               | 3 hrs |
| EEX 3450 | Young Children With Special Needs                   | 3 hrs |
| RED 3310 | Early Reading, Writing and Language Arts            | 3 hrs |

### Summer 6 hrs

■ Passing scores on all sections [General Knowledge, Professional, and Subject Area (Pre-kindergarten/Primary PK -3)] of the Florida Teacher Certification Examination (FTCE) are required prior to entry into Internship.

|          |   |       |
|----------|---|-------|
| EEC 4303 | Planning Creative Activities in Early Childhood Education | 3 hrs |
| RED 3012 | Basic Foundations of Reading                              | 3 hrs |

### Semester III 12 hrs

■ Based on recommendations below, the student should achieve a passing score on all applicable sections of the Florida Teacher Certification Examination prior to entry into Student Teaching (EEC 4943 Internship).

■ Students must apply and be approved for Internship. Deadline dates and applications are available through the Office of Clinical Experiences at

<http://www.clinicalexperiences.education.ucf.edu>.

|           |   |       |
|-----------|---|-------|
| MAE 4300  | Math Curriculum and Assessment in Early Childhood                     | 3 hrs |
| SCE 4304  | Teaching Science and Technology to Young Children                     | 3 hrs |
| RED 4311  | Primary Reading, Writing, and Language Arts Curriculum and Assessment | 3 hrs |
| EEC 4235C | Early Childhood Education Seminar: Bridging Theory to Practice        | 3 hrs |

### Semester IV 12 hrs

■ Satisfactory completion of Internship requires the student to demonstrate proficiency in all Florida Educator Accomplished Practices in accordance with State Board of Education Rule 6A-5.066.

|          |                  |        |
|----------|------------------|--------|
| EEC 4943 | Student Teaching | 12 hrs |
|----------|------------------|--------|

### 5. Restricted Electives

■ None

### 6. Capstone Requirements

■ None

### 7. Foreign Language Requirements

#### Admissions

■ State University System foreign language admission requirement: Two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

#### Graduation

■ None

### 8. Electives

■ None

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Achieve a minimum overall 2.75 GPA in all courses within the major.

■ In courses throughout the program, you must upload key assignments into your LiveText Dashboard. These key assignments are then assessed by faculty. The resulting data provides evidence of your demonstrated professional growth, reflection, and proficiency in all Florida Educator Accomplished Practices. Together these assignments

provide potential employers with a snapshot picture of the skills attained in your academic program.

■ All teacher education candidates, Life Long Learning majors and Early Childhood Development and Education majors (all ECDE tracks) are required to complete all LiveText requirements in order to be cleared for graduation. See <http://livetext.education.ucf.edu/>.

■ Complete ESOL standards assessment tracking requirements in LiveText for the ESOL endorsement

■ Pass all applicable sections of the Florida Teacher Certification Examination. See <http://www.fldoe.org> for test dates and test sites. Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBE Rule 6A-4.002)

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors In Major

■ None

### Sophomore Year - Summer

■ Satisfaction of the GKT is required for admission to the program and thus must be completed prior to the Junior Year. Refer to <http://www.fldoe.org> for test dates and sites.

### Junior Year - Fall

■ Highly recommend to take and pass PEd Test and PK-3 subject area exam of the FTCE - Refer to <http://www.fldoe.org> for test dates and sites.

## Early Childhood Development and Education Track 2: Early Childhood Development (B.S.)

### College of Education and Human Performance

### Department of Child, Family and Community Sciences, Education Complex

<http://education.ucf.edu/ece/>

Email: [ece@ucf.edu](mailto:ece@ucf.edu)

Dr. Judy Levin, 122L, [Judith.Levin@ucf.edu](mailto:Judith.Levin@ucf.edu)

Phone: 407-823-4615

**EARLY CHILDHOOD DEVELOPMENT TRACK** Early Childhood Development majors take a variety of courses related to young children and their learning, development, and family environment. Students take a series of core and specialization courses to prepare them to work with children, parents, and families in a variety of settings. Throughout the program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty. This degree culminates in a semester-long practicum.

### Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e. an AA degree from an approved Florida College System or State University System institution.
- Have a minimum 2.75 overall GPA, with provisional acceptance for one semester if GPA is 2.5 (GPA must be 2.75 by the second semester).
- Complete Child Development Common Program Prerequisite courses with a minimum letter grade of "C" (2.0) or better.
- Meet the Gordon Rule Requirement.
- Meet Foreign Language Admission Requirement.

### Degree Requirements

- Students must seek advising through the Early Childhood Development and Education staff in the Education Complex, Suite 122 or by e-mail ([ece@ucf.edu](mailto:ece@ucf.edu)) prior to registering for classes.
- The courses designated in 1. (General Education) and 2. (Prerequisites) should be completed prior to admission to the major and upper division education courses.
- Students must earn a "C" (2.0) or better in each required Early Childhood Development and Education course. However, a minimum overall 2.75 GPA in all courses within the major is required.

### 1. UCF General Education Program (GEP) (36 hrs)

■ Students are advised to take the preferred courses.

#### A: Communication Foundations (9 hrs)

|          |          |                                    |       |
|----------|----------|------------------------------------|-------|
| Required | ENC 1101 | Composition I                      | 3 hrs |
| Required | ENC 1102 | Composition II                     | 3 hrs |
| Prefer   | SPC 1608 | Fundamentals of Oral Communication | 3 hrs |

#### B: Cultural & Historical Foundations (9 hrs)

#### General Education Program elective from section B2:

|   |          |                               |       |
|---|----------|-------------------------------|-------|
| Prefer  | MUL 2010 | Enjoyment of Music or         | 3 hrs |
| Prefer  | PHI 2010 | Introduction to Philosophy or | 3 hrs |
| Prefer  | THE 2000 | Theatre Survey                | 3 hrs |
| General Education Program elective from section B1 to meet Gordon Rule Requirement. |          |                               |       |
| General Education Program elective: Prefer a second course from GEP section B1.     |          |                               | 3 hrs |

#### C: Mathematical Foundations (6 hrs)

|        |           |                          |       |
|--------|-----------|--------------------------|-------|
| Prefer | STA 2014C | Principles of Statistics | 3 hrs |
|--------|-----------|--------------------------|-------|

### Select 1:

|        |          |                             |       |
|--------|----------|-----------------------------|-------|
| Prefer | MGF 1106 | Finite Mathematics or       | 3 hrs |
| Prefer | MGF 1107 | Explorations in Mathematics | 3 hrs |

## UCF Degree Programs

|  |                |
|--|----------------|
| <b>D: Social Foundations</b>                 | <b>(6 hrs)</b> |
| Prefer PSY 2012 General Psychology           | 3 hrs          |
| Prefer POS 2041 American National Government | 3 hrs          |

|                                       |                |
|---------------------------------------|----------------|
| <b>E: Science Foundations</b>         | <b>(6 hrs)</b> |
| Prefer PSC 1121 Physical Science      | 3 hrs          |
| Prefer BSC 1005 Biological Principles | 3 hrs          |

### 2. Common Program Prerequisites (CPP) (6 hrs)

■ See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|  |       |
|--|-------|
| EDF 2085 Introduction to Diversity for Educators | 3 hrs |
|--|-------|

### Select 1: (3 hrs)

|   |       |
|---|-------|
| EDF 2130 Child and Adolescent Development for Educators or        | 3 hrs |
| <sup>1</sup> SOW 3104 Human Behavior and the Social Environment I | 3 hrs |

<sup>1</sup> Students interested in a career as a Child Life Specialist must select SOW 3104.

### 3. Core Requirements: Basic Level (18 hrs)

|   |       |
|---|-------|
| MUE 2211 Early Childhood Music and Movement               | 3 hrs |
| ARE 2000 Early Childhood Art and Creativity               | 3 hrs |
| SYG 2010 Social Problems                                  | 3 hrs |
| EEC 2732 Health, Safety, and Nutrition for Young Children | 3 hrs |

Select 6 hours of Restricted Electives with advisor approval.

### 4. Core Requirements: Advanced Level (60 hrs)

■ All methods/specialization/foundations courses must be completed with a letter grade of "C" (2.0) or better before registering for Practicum: Early Childhood Development. However, a minimum GPA of 2.75 is required in the professional, specialization and overall for admission to Practicum: Early Childhood Development.

#### Semester I (15 hrs)

|   |       |
|---|-------|
| EEC 3700 Social and Emotional Development of Young Children | 3 hrs |
| EEC 4661 Early Childhood Education Theory and Practice      | 3 hrs |
| EEC 3613 Observation and Assessment of Young Children       | 3 hrs |
| EEC 3214 Child Development                                  | 3 hrs |
| EEC 3008 Early Childhood Children's Literature              | 3 hrs |

#### Semester II (15 hrs)

|  |       |
|--|-------|
| EEC 4604 Classroom Management and Guidance of Young Children | 3 hrs |
| EEC 4402 Cultural and Family Systems                         | 3 hrs |
| EEX 3450 Young Children With Special Needs                   | 3 hrs |
| RED 3310 Early Reading, Writing and Language Arts            | 3 hrs |
| EEC 4414 Parent-Child Relations                              | 3 hrs |

#### Semester III (6 hrs)

|  |       |
|--|-------|
| EEC 4303 Planning Creative Activities in Early Childhood Education | 3 hrs |
| EEC 4528 Infant/Toddler Care and Education                         | 3 hrs |

#### Semester IV (12 hrs)

|  |       |
|--|-------|
| PET 4050C Motor Development and Learning | 3 hrs |
|--|-------|

### Select Three Early Childhood Development Track Electives (9 hrs)

■ Note: Students must consult with their advisor regarding approval for other elective options.

|  |       |
|--|-------|
| EEC 4268 Curriculum Activities in Early Childhood or                   | 3 hrs |
| EEC 4524 Organization and Management in Early Childhood or             | 3 hrs |
| EXP 3604 Cognitive Psychology or                                       | 4 hrs |
| PEO 3041 Games Analysis or   | 3 hrs |
| PET 3820 Teaching Sports Skills I or                                   | 3 hrs |
| PET 4710 Methods for Physical Activity for Children and Adolescents or | 3 hrs |
| TSL 4080 Theory and Practice of Teaching ESOL Students in Schools or   | 3 hrs |
| SOW 4650 Child Abuse: Treatment and Prevention or                      | 3 hrs |
| SOW 4654 Children's Services or  | 3 hrs |

|  |       |
|--|-------|
| EEC 4744 Child Life: Psychosocial Care of Children in Health Settings or | 3 hrs |
| SOW 3104 Human Behavior and the Social Environment I or                  | 3 hrs |
| EEX 4751 Parent Involvement in Education                                 | 3 hrs |

|   |               |
|---|---------------|
| <b>Semester V</b>                               | <b>12 hrs</b> |
| EEC 4940 Practicum: Early Childhood Development | 12 hrs        |

### 5. Restricted Electives

■ None

### 6. Capstone Requirements

■ None

### 7. Foreign Language Requirements

#### Admissions

■ State University System foreign language admission requirement: Two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

#### Graduation

■ None

### 8. Electives

■ None

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Achieve a minimum overall 2.75 GPA in all courses within the major.

■ In courses throughout the program, you must upload key assignments into your LiveText Dashboard. These key assignments are then assessed by faculty. The resulting data provides evidence of your demonstrated professional growth, reflection, and proficiency in all Florida Educator Accomplished Practices. Together these assignments provide potential employers with a snapshot picture of the skills attained in your academic program.

■ All teacher education candidates, Life Long Learning majors and Early Childhood Development and Education majors (all ECDE tracks) are required to complete all LiveText requirements in order to be cleared for graduation. See <http://livetext.education.ucf.edu/>.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors In Major

■ None

### Related Programs

■ None

### Certificates

■ None

### Related Minors

■ None

### Advising Notes

■ In addition to EDF 2085, a minimum of 6 hours with an international or diversity focus is required. The foreign language admission requirement may be used to meet this requirement.

■ Students interested in a Child Life Specialist Certification should seek advising from the ECDE program faculty for electives selection.

## UCF Degree Programs

■ Students interested in Child Life Specialist Certification: Select SOW 3104 Human Behavior and the Social Environment I as a prerequisite course AND take EEC 4744 Child Life: Psychosocial Care of Children in Health Settings as an elective course

### Transfer Notes

■ Courses taken at Florida College System institutions may substitute for select courses in prerequisites with the permission of the department.

### Acceptable Substitutes for Transfer Courses

■ None

### Plan of Study

■ Note: This recommended sequence may vary at selected regional campus locations. Consult with your Education advisor and review your degree audit for more recent information.

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

## Economics (B.S.)

### College of Business Administration

### Department of Economics,

### Business Administration II, Room: 305

<http://www.bus.ucf.edu/economics>

Dr. David Scroggin, BA2 302U, David.Scroggin@ucf.edu, 407-823-4129

Dr. Nora Underwood, BA2 302N, 407-823-1403

Phone: 407-823-3266

The Bachelor of Science in Economics is designed for students who wish to receive specialized training in Economics within a broad liberal arts education. Flexibility to select from a variety of courses allows students to customize their education to their personal interests and career goals. An Economics degree provides skills and training for careers in business, law, government, politics, teaching, research, and a variety of other areas. This degree also provides a strong foundation for future graduate studies in business, economics, law and public administration. Successful completion of this program leads to the Bachelor of Science degree with a major in Economics. Not eligible for a double degree with the BSBA in Economics.

### Admission Requirements

■ None

### Degree Requirements

■ Students who change degree programs and select this major must adopt the most current catalog requirements.

■ Students should consult with the major advisor for the Department.

■ General Education Program and Common Program Prerequisite courses are usually completed in the first 60 hours.

### 1. UCF General Education Program (GEP) (36 hrs)

|   |   |
|---|---|
| <b>A: Communication Foundations (9 hrs)</b> |   |
| Prefer                                      | SPC 1608 Fundamentals of Oral Communication |

### B: Cultural & Historical Foundations (9 hrs)

|  |                                |
|--|--------------------------------|
| <b>C: Mathematical Foundations (6 hrs)</b> |                                |
| Required                                   | STA 2023 Statistical Methods I |
| Required                                   | MAC 1105C College Algebra      |

### D: Social Foundations (6 hrs)

|                          |  |
|--------------------------|--|
| <b>Select 1: (3 hrs)</b> |  |
| Required                 | ECO 2013 Principles of Macroeconomics or |
| Required                 | ECO 2023 Principles of Microeconomics    |

|                          |                                    |
|--------------------------|------------------------------------|
| <b>Select 1: (3 hrs)</b> |                                    |
| Suggested                | ANT 2000 General Anthropology or   |
| Suggested                | PSY 2012 General Psychology or     |
| Suggested                | SYG 2000 Introduction to Sociology |

### E: Science Foundations (6 hrs)

## UCF Degree Programs

### 2. Common Program Prerequisites (CPP) (3 hrs)

- See "Common Prerequisites" in the Transfer and

Transitions Services section for more information.

|          |                              |       |
|----------|------------------------------|-------|
| ECO 2013 | Principles of Macroeconomics | GEP   |
| ECO 2023 | Principles of Microeconomics | 3 hrs |

### 3. Core Requirements: Basic Level

- None

### 4. Core Requirements: Advanced Level (12 hrs)

|          |                             |       |
|----------|-----------------------------|-------|
| ECO 3101 | Intermediate Microeconomics | 3 hrs |
| ECO 3203 | Intermediate Macroeconomics | 3 hrs |

### Select one of the following sequences of courses:

|          |                               |       |
|----------|-------------------------------|-------|
| ECO 3401 | Quantitative Business Tools I | 3 hrs |
|----------|-------------------------------|-------|

or

|          |                          |       |
|----------|--------------------------|-------|
| MAC 2233 | Concepts of Calculus and | 3 hrs |
| STA 2023 | Statistical Methods I    | 3 hrs |

Students must receive a "C" (2.0) or better in MAC 2233 and STA 2023 to be waived from ECO 3401

### Select one of the following sequences of courses:

|          |                                |       |
|----------|--------------------------------|-------|
| ECO 3411 | Quantitative Business Tools II | 3 hrs |
|----------|--------------------------------|-------|

or

|          |                        |       |
|----------|------------------------|-------|
| STA 4163 | Statistical Methods II | 3 hrs |
|----------|------------------------|-------|

or

|          |                      |       |
|----------|----------------------|-------|
| STA 4321 | Statistical Theory I | 3 hrs |
|----------|----------------------|-------|

### 5. Restricted Electives (27 hrs)

- All B.S. Economics majors will be required to take a minimum of nine (9) electives by choosing from the following

|          |  |       |
|----------|--|-------|
| ECO 3223 | Money and Banking                            | 3 hrs |
| ECO 3410 | Mathematical Economics                       | 3 hrs |
| ECO 3703 | International Microeconomics                 | 3 hrs |
| ECO 4412 | Econometrics I                               | 3 hrs |
| ECO 4422 | Econometrics II                              | 3 hrs |
| ECO 4504 | Public Economics                             | 3 hrs |
| ECO 4713 | International Macroeconomics                 | 3 hrs |
| ECO 4934 | Topics in Econometrics                       | 3 hrs |
| ECP 3004 | Seminar on Current Economic Topics           | 3 hrs |
| ECP 3203 | Labor Economics                              | 3 hrs |
| ECP 4303 | Environmental and Natural Resource Economics | 3 hrs |
| ECP 4403 | Industrial Organization                      | 3 hrs |
| ECS 4013 | Development Economics                        | 3 hrs |
| ECP 4530 | Health Economics                             | 3 hrs |
| ECO 4400 | Game Theory and Economics                    | 3 hrs |
| ECO 4443 | Introduction to Business Analytics           | 3 hrs |

**For those students interested in preparing for graduate school in Economics and other graduate studies, the following courses are strongly recommended**

|          |                                    |       |
|----------|------------------------------------|-------|
| ECO 3410 | Mathematical Economics             | 3 hrs |
| ECO 4412 | Econometrics I                     | 3 hrs |
| ECO 4422 | Econometrics II                    | 3 hrs |
| ECP 4403 | Industrial Organization            | 3 hrs |
| ECO 4934 | Topics in Econometrics             | 3 hrs |
| ECO 4400 | Game Theory and Economics          | 3 hrs |
| ECO 4443 | Introduction to Business Analytics | 3 hrs |

### 6. Capstone Requirements (1 hr)

|          |                       |      |
|----------|-----------------------|------|
| ECO 4902 | Capstone in Economics | 1 hr |
|----------|-----------------------|------|

### 7. Foreign Language Requirements

#### Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

- None

#### 8. Electives

- Variable

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- Students majoring in Economics must earn a grade of "C" (2.0) or better in each ECO, ECP, and ECS course and in every course applied towards the major as well as a 2.0 overall average in the major.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- None

### Related Programs

- Economics, Business

### Certificates

- None

### Related Minors

- Computer Science
- Legal Studies
- Mathematics
- Political Science
- Psychology
- Sociology
- Statistics

### Advising Notes

- None

### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
- Only grades of "C" (2.0) or better transfer into the program and students must have a "C" or better in each common program prerequisites class.

### Acceptable Substitutes for Transfer Courses

- None

### Plan of Study

#### Freshman Year - Fall 15 hrs

|           |                              |       |
|-----------|------------------------------|-------|

## Economics, Business (B.S.B.A.)

### College of Business Administration

#### Department of Economics,

#### Business Administration II, Room: 305

<http://business.ucf.edu/undergraduate-programs>

Dr. David Scrogin, [dscrogin@ucf.edu](mailto:dscrogin@ucf.edu)

Dr. Nora Underwood, [nunderwood@ucf.edu](mailto:nunderwood@ucf.edu)

Phone: 407-823-3266

The Business Economics major for the Bachelor of Science in Business Administration is designed for students who wish to receive specialized training in Economics along with core skills in business administration. Flexibility to select from a variety of courses allows students to customize their education program to their personal interests and career goals. This degree provides skills and training for careers in business and industry, law, government, politics, teaching, research, and a variety of other areas. This degree also provides a strong foundation for future graduate studies in business, economics, law and public administration. Not eligible for a double degree with another College of Business Administration major.

### Admission Requirements

■ Completion of the UCF General Education program and Gordon Rule, or an AA degree from a Florida College System or State University System institution, and completion of each Common Program Prerequisite course with a "C" (2.0) or better.

■ Completion of the following courses at UCF or at an AACSB accredited institution: ECO 3411, MAR 3023, FIN 3403, MAN 3025, and ACG 3173, with a GPA of "C" (2.0) or better. One course may be repeated one time in the next term of enrollment to meet these requirements.

■ See Common Program Prerequisites

■ A student's academic catalog year guarantees their graduation requirements, but not their admission requirements. All pre-majors are held to the current admission standards. This applies to both native and transfer students.

### Degree Requirements

■ Students who change degree programs and select this major must adopt the most current catalog.

■ Students wanting to major in Business Economics must apply for admission to the major.

■ Any student receiving a business degree must complete a minimum of 30 of the 61 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.

■ For students seeking a double major within the College of Business, a maximum of 6 hours of Required Courses for the Major or Restricted Electives may count towards another business major.

■ A maximum of 6 hours of Core Requirements or Restricted Electives may count towards another degree program or minor.

■ Students in the Economics major must maintain a 2.0 or higher cumulative Grade Point Average in all major courses taken at UCF and a 2.0 or higher cumulative GPA in all College of Business courses taken at UCF. Failure to maintain the required GPAs will result in the student being placed on Lack of Progress in the major and/or College. If a student on Lack of Progress fails to achieve the minimum required GPA in the subsequent term of enrollment, the student will be dismissed from the Economics major and/or College of Business. A student who is dismissed may seek consideration for re-admittance into the College or major by submitting a letter indicating the reasons for academic difficulties and positive plans for achieving the required GPA. Readmission is not automatic or guaranteed and as an exception to College policy is rarely granted.

■ Students majoring in Economics must earn a grade of "C" (2.0) or better in the following course and each course applied towards the major:

|          |                                |       |
|----------|--------------------------------|-------|
| ECO 3411 | Quantitative Business Tools II | 3 hrs |
|----------|--------------------------------|-------|

### 1. UCF General Education Program (GEP) (36 hrs)

#### A: Communication Foundations (9 hrs)

|        |          |                                    |       |
|--------|----------|------------------------------------|-------|
| Prefer | SPC 1608 | Fundamentals of Oral Communication | 3 hrs |
|--------|----------|------------------------------------|-------|

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (6 hrs)

|          |           |                                    |       |
|----------|-----------|------------------------------------|-------|
| Required | CGS 2100C | Computer Fundamentals for Business | 3 hrs |
| Required | MAC 1105C | College Algebra                    | 3 hrs |

#### D: Social Foundations (6 hrs)

#### Select 1: (3 hrs)

|        |          |                                 |       |
|--------|----------|---------------------------------|-------|
| Prefer | ECO 2013 | Principles of Macroeconomics or | 3 hrs |
| Prefer | ECO 2023 | Principles of Microeconomics    | 3 hrs |

#### Select 1: (3 hrs)

|           |          |                           |       |
|-----------|----------|---------------------------|-------|
| Suggested | ANT 2000 | General Anthropology or   | 3 hrs |
| Suggested | PSY 2012 | General Psychology or     | 3 hrs |
| Suggested | SYG 2000 | Introduction to Sociology | 3 hrs |

#### E: Science Foundations (6 hrs)

### 2. Common Program Prerequisites (CPP) (18 hrs)

■ Must be completed with a "C" (2.0) or better.

|           |                                     |       |
|-----------|-------------------------------------|-------|
| ACG 2021  | Principles of Financial Accounting  | 3 hrs |
| ACG 2071  | Principles of Managerial Accounting | 3 hrs |
| CGS 2100C | Computer Fundamentals for Business  | 3 hrs |
| ECO 2013  | Principles of Macroeconomics        | 3 hrs |
| ECO 2023  | Principles of Microeconomics        | 3 hrs |

### Select one of the following sequences of courses:

■ Students who have not completed MAC 2233 and STA 2023 with a "C" (2.0) or better must take ECO 3401.

|          |                               |       |
|----------|-------------------------------|-------|
| ECO 3401 | Quantitative Business Tools I | 3 hrs |

## UCF Degree Programs

### 3. Core Requirements: Basic Level

- None

### 4. Core Requirements: Advanced Level (36 hrs)

#### Primary Core 15 hrs

|          |                                |       |
|----------|--------------------------------|-------|
| ACG 3173 | Accounting for Decision-Makers | 3 hrs |
| ECO 3411 | Quantitative Business Tools II | 3 hrs |
| FIN 3403 | Business Finance               | 3 hrs |
| MAN 3025 | Management of Organizations    | 3 hrs |
| MAR 3023 | Marketing                      | 3 hrs |

#### Secondary Core 15 hrs

|          |   |       |
|----------|---|-------|
| GEB 3006 | Introduction to Career Development and Financial Planning | 2 hrs |
| GEB 3003 | Career Research & Planning                                | 1 hr  |
| GEB 3005 | Career Search Strategy                                    | 1 hr  |
| BUL 3130 | Legal and Ethical Environment of Business                 | 3 hrs |
| GEB 3375 | Introduction to International Business                    | 3 hrs |
| MAR 3203 | Supply Chain and Operations Management                    | 3 hrs |
| GEB 4223 | Business Interviewing Techniques                          | 1 hr  |
| GEB 4004 | Executing Your Career Plan                                | 1 hr  |

#### Required Major Courses 6 hrs

|          |                             |       |
|----------|-----------------------------|-------|
| ECO 3101 | Intermediate Microeconomics | 3 hrs |
| ECO 3203 | Intermediate Macroeconomics | 3 hrs |

### 5. Restricted Electives (21 hrs)

- All B.S.B.A. economics majors will be required to take six (6) electives by choosing from the following:

|          |  |       |
|----------|--|-------|
| ECO 3223 | Money and Banking                            | 3 hrs |
| ECO 3410 | Mathematical Economics                       | 3 hrs |
| ECO 3703 | International Microeconomics                 | 3 hrs |
| ECO 4412 | Econometrics I                               | 3 hrs |
| ECO 4422 | Econometrics II                              | 3 hrs |
| ECO 4504 | Public Economics                             | 3 hrs |
| ECO 4713 | International Macroeconomics                 | 3 hrs |
| ECP 3004 | Seminar on Current Economic Topics           | 3 hrs |
| ECP 3203 | Labor Economics                              | 3 hrs |
| ECP 4303 | Environmental and Natural Resource Economics | 3 hrs |
| ECP 4403 | Industrial Organization                      | 3 hrs |
| ECS 4013 | Development Economics                        | 3 hrs |
| ECO 4934 | Topics in Econometrics                       | 3 hrs |
| ECP 4530 | Health Economics                             | 3 hrs |
| ECO 4400 | Game Theory and Economics                    | 3 hrs |
| ECO 4443 | Introduction to Business Analytics           | 3 hrs |

#### Business Elective 3 hrs

- Choose any upper level business course.

**For students interested in preparing for graduate school in Economics and other graduate studies, the following courses are strongly recommended**

|          |                                    |       |
|----------|------------------------------------|-------|
| ECO 3410 | Mathematical Economics             | 3 hrs |
| ECO 4412 | Econometrics I                     | 3 hrs |
| ECO 4422 | Econometrics II                    | 3 hrs |
| ECP 4403 | Industrial Organization            | 3 hrs |
| ECO 4934 | Topics in Econometrics             | 3 hrs |
| ECO 4400 | Game Theory and Economics          | 3 hrs |
| ECO 4443 | Introduction to Business Analytics | 3 hrs |

### 6. Capstone Requirements (4 hrs)

- Admitted to a Business major, senior standing, and completion of MAN 3025, MAR 3023, FIN 3403, ECO 3411, and ACG 3173 or ACG 3131 are required to register for MAN 4720.

|          |                       |       |
|----------|-----------------------|-------|
| ECO 4902 | Capstone in Economics | 1 hr  |
| MAN 4720 | Strategic Management  | 3 hrs |

### 7. Foreign Language Requirements

#### Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

- None

### 8. Electives

- Variable

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- A minimum major GPA of 2.0 and a minimum College of Business GPA of 2.0.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

- 120

#### Honors In Major

- None

#### Related Programs

- None

#### Certificates

- None

#### Related Minors

- None

#### Advising Notes

- Florida College System students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.
- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

#### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
- Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Quantitative Business Tools I. Students who have completed either the calculus or the statistics, but not both, must take Quantitative Business Tools I.
- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C"(2.0) or better in each common program prerequisites class.
- Any student receiving a business degree must complete a minimum of 30 of the 61 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.

#### Acceptable Substitutes for Transfer Courses

- None

#### Plan of Study

- General electives as required to earn 120 credit hours.

#### Freshman Year - Fall 15 hrs

|                       |                              |       |
|-----------------------|------------------------------|-------|
| ENC 1101              | Composition I                | 3 hrs |
| MAC 1105C             | College Algebra              | 3 hrs |
| ECO 2013              | Principles of Macroeconomics | 3 hrs |
| Cultural Foundation I |                              | 3 hrs |
| Elective              |                              | 3 hrs |

## UCF Degree Programs

|                               |                              |               |

| GEB 4004                      | Executing Your Career Plan                | 1 hr          |

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$15 per term
- Full-Time Student: \$30 per term

## Electrical Engineering - Communications and Signal Processing Track (B.S.E.E.)

### College of Engineering and Computer Science

### Department of Electrical and Computer Engineering

### Harris Corp. Engineering Center, Room: 346

**Email:** [undergraduate@ece.ucf.edu](mailto:undergraduate@ece.ucf.edu)

Dr. Parveen Wahid

Charlese Hilton-Brown

Phone: 407-823-3327

### Admission Requirements

■ Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHS 1440 or CHM 2045C.

■ Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

### Degree Requirements

■ Students in the Electrical Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Electrical Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Electrical Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

■ A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Electrical Engineering major will be subject to all probation conditions that applied at the time of exclusion.

### 1. UCF General Education Program (GEP) (38 hrs)

■ The UCF General Education Program (GEP) is described in the section, General Education Program, found elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A through E below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

|                                     |                         |                |
|-------------------------------------|-------------------------|----------------|
| <b>A: Communication Foundations</b> |                         | <b>(9 hrs)</b> |
| Required                            | ENC 1101 Composition I  | 3 hrs          |
| Required                            | ENC 1102 Composition II | 3 hrs          |

| Select one course from Science Foundations |  | 3 hrs          |

## UCF Degree Programs

### 2. Common Program Prerequisites (CPP) (19 hrs)

■ These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. To enroll in EE major courses, a 2.0 (C or better) in each course is required.

|           |                                     |       |
|-----------|-------------------------------------|-------|
| MAC 2311C | Calculus with Analytic Geometry I   | GEP   |
| MAC 2312  | Calculus with Analytic Geometry II  | 4 hrs |
| MAC 2313  | Calculus with Analytic Geometry III | 4 hrs |
| PHY 2048C | General Physics Using Calculus I    | GEP   |
| PHY 2049C | General Physics Using Calculus II   | 4 hrs |
| MAP 2302  | Ordinary Differential Equations I   | 3 hrs |

|                       |                            |              |
|-----------------------|----------------------------|--------------|
| <b>Select 1:</b>      |                            | <b>4 hrs</b> |
| <sup>1</sup> CHS 1440 | Principles of Chemistry or | 4 hrs        |
| CHM 2045C             | Chemistry Fundamentals I   | 4 hrs        |

<sup>1</sup> Preferred

### 3. Core Requirements: Basic Level (2 hrs)

■ The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.250 GPA in completing these courses, together with the courses required for the major, technical elective courses, and with the senior design courses. Independent study courses generally do not satisfy major requirements.

|           |  |      |
|-----------|--|------|
| EGS 1006C | Introduction to the Engineering Profession | 1 hr |
| EGN 1007C | Engineering Concepts and Methods           | 1 hr |

### 4. Core Requirements: Advanced Level (53 hrs)

#### Courses Required for the Engineering Core 3 hrs

|          |  |       |
|----------|--|-------|
| STA 3032 | Probability and Statistics for Engineers | GEP   |
| PHY 3101 | General Physics Using Calculus III       | 3 hrs |

#### Courses Required for the Major 50 hrs

|           |  |       |
|-----------|--|-------|
| EGN 3211  | Engineering Analysis and Computation             | 3 hrs |
| EEL 3021  | Introduction to Applied Randomness for Engineers | 3 hrs |
| EEL 3004C | Electrical Networks                              | 3 hrs |
| EEL 3123C | Networks and Systems                             | 3 hrs |
| EEE 3307C | Electronics I                                    | 4 hrs |
| EEE 3342C | Digital Systems                                  | 3 hrs |
| EEL 3801C | Computer Organization                            | 4 hrs |
| EEL 3926L | Junior Design                                    | 1 hr  |
| EEL 3552C | Signal Analysis and Analog Communication         | 4 hrs |
| EEL 4750  | Digital Signal Processing Fundamentals           | 3 hrs |
| EEL 4515C | Fundamentals of Digital Communication            | 4 hrs |
| EEL 4742C | Embedded Systems                                 | 3 hrs |

#### Junior Level Electives 6 hrs

|          |                           |       |

| EEL 3470 | Electromagnetic Fields or | 3 hrs |
| EEL 3657 | Linear Control Systems or | 3 hrs |
| EEE 3350 | Semiconductor Devices I   | 3 hrs |

#### Senior Level Electives 6 hrs

|           |   |       |
|-----------|---|-------|
| EEL 4140C | Analog Filter Design or                         | 4 hrs |
| EEL 4518  | Satellite Communications or                     | 3 hrs |
| EEL 4781  | Computer Communication Networks or              | 3 hrs |
| EEE 5513  | Digital Signal Processing Applications or       | 3 hrs |
| EEE 5542  | Random Processes I or                           | 3 hrs |
| EEE 5557  | Introduction to Radar Systems or                | 3 hrs |
| EEL 5432  | Satellite Remote Sensing or                     | 3 hrs |
| EEL 5780  | Wireless Networks or                            | 3 hrs |
| EEL 5820  | Image Processing or                             | 3 hrs |
| EEL 5268  | Communications and Networking for Smart Grid or | 3 hrs |
| EEL 5582  | Fundamentals of Wireless Communications         | 3 hrs |

### 5. Restricted Electives

■ Technical electives are available in the BSEE program to address specific student interests in a variety of technical areas. Students should consult their academic advisor for the identification of courses that are approved technical electives and the terms when specific courses of this type are to be offered.

#### Technical Electives 10 hrs

■ Technical elective courses are to be selected by the student from department approved courses.

### 6. Capstone Requirements (6 hrs)

|           |                  |       |
|-----------|------------------|-------|
| EEL 4914  | Senior Design I  | 3 hrs |
| EEL 4915L | Senior Design II | 3 hrs |

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

#### 8. Electives

■ None

### 9. Additional Requirements

■ Electrical engineering students must earn at least 32 hours in residence at UCF.

■ 24 of the 32 Residency hours must be at the 3000-5000 level courses taken from the ECE Department at UCF and applicable to the degree program.

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ CECS encourages all engineering students to take the Fundamentals Exam during their senior year.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

■ 128

#### Honors In Major

■ None

#### Related Programs

- Computer Engineering
- Computer Science
- Mathematics - Engineering/Physics Track
- Physics

#### Certificates

■ None

#### Related Minors

- Engineering Leadership
- Intelligent Robotic Systems (IRS) - Interdisciplinary
- Mathematics
- Physics

#### Advising Notes

- Each engineering student should meet with their academic advisor in the department of their major regularly.
- Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.
- The Electrical Engineering program offers the Accelerated BS/MS Program to students of high academic standing. This program allows up to twelve hours to be shared between the BS and MS degrees. See your department or the Accelerated Program section in the back of this catalog for more information.

#### Transfer Notes

- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.
- EGS 1006C and EGN 1007C are required courses for incoming freshmen only. The credits for these two courses (one hour each) may, with prior approval of the department academic advisor, be moved to the Restricted Elective area.

#### Acceptable Substitutes for Transfer Courses

■ None

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:

[http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

## Electrical Engineering - Comprehensive Track (B.S.E.E.)

**College of Engineering and Computer Science**  
**Department of Electrical and Computer Engineering,**  
**Harris Corp. Engineering Center, Room: 346**

<http://www.ece.ucf.edu>

**Email: [undergraduate@ece.ucf.edu](mailto:undergraduate@ece.ucf.edu)**

Dr. Parveen Wahid

Charlese Hilton-Brown

Phone: 407-823-3327

### Admission Requirements

■ Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHS 1440 or CHM 2045C.

■ Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

### Degree Requirements

■ Students in the Electrical Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Electrical Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Electrical Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

■ A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Electrical Engineering major will be subject to all probation conditions that applied at the time of exclusion.

### 1. UCF General Education Program (GEP) (38 hrs)

■ The UCF General Education Program (GEP) is described in the section, General Education Program, found elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A through E below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

### A: Communication Foundations (9 hrs)

|          |          |                |       |
|----------|----------|----------------|-------|
| Required | ENC 1101 | Composition I  | 3 hrs |
| Required | ENC 1102 | Composition II | 3 hrs |

### Select 1: 3 hrs

|           |           |  |       |
|-----------|-----------|--|-------|
| Prefer    | SPC 1603C | Fundamentals of Technical Presentations or | 3 hrs |
| Suggested | SPC 1608  | Fundamentals of Oral Communication         | 3 hrs |

## UCF Degree Programs

**B: Cultural & Historical Foundations (9 hrs)**  
 Select two courses from Historical Foundations 6 hrs  
 Select one class from Cultural Foundations 3 hrs

**C: Mathematical Foundations (7 hrs)**  
 Required MAC 2311C Calculus with Analytic Geometry I 4 hrs  
 Required STA 3032 Probability and Statistics for Engineers 3 hrs

**D: Social Foundations (6 hrs)**  
**Select 1: 3 hrs**  
 Prefer ECO 2013 Principles of Macroeconomics or 3 hrs  
 Prefer ECO 2023 Principles of Microeconomics 3 hrs  
 Select one class from Social Foundations 3 hrs

**E: Science Foundations (7 hrs)**  
 Required PHY 2048C General Physics Using Calculus I 4 hrs  
 Select one course from Science Foundations 3 hrs

**2. Common Program Prerequisites (CPP) (19 hrs)**  
 ■ These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. To enroll in EE major courses, a 2.0 (C or better) in each course is required.

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$45 per term
- Full-Time Student: \$90 per term

## Electrical Engineering - Power and Renewable Energy Track (B.S.E.E.)

### College of Engineering and Computer Science

### Department of Electrical and Computer Engineering

### Harris Corp. Engineering Center, Room: 346

<http://www.ece.ucf.edu>

Email: [undergraduate@ece.ucf.edu](mailto:undergraduate@ece.ucf.edu)

Dr. Parveen Wahid

Charlese Hilton-Brown

Phone: 407-823-3327

### Admission Requirements

■ Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHS 1440 or CHM 2045C.

■ Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

### Degree Requirements

■ Students in the Electrical Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Electrical Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Electrical Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

■ A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Electrical Engineering major will be subject to all probation conditions that applied at the time of exclusion.

### 1. UCF General Education Program (GEP) (38 hrs)

■ The UCF General Education Program (GEP) is described in the section, General Education Program, found elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A through E below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

## UCF Degree Programs

|                                     |                |
|-------------------------------------|----------------|
| <b>A: Communication Foundations</b> | <b>(9 hrs)</b> |
| Required ENC 1101 Composition I     | 3 hrs          |
| Required ENC 1102 Composition II    | 3 hrs          |

|   |              |
|---|--------------|
| <b>Select 1:</b>  | <b>3 hrs</b> |
| Prefer SPC 1603C Fundamentals of Technical Presentations or | 3 hrs        |
| Suggested SPC 1608 Fundamentals of Oral Communication       | 3 hrs        |

|   |                |
|---|----------------|
| <b>B: Cultural &amp; Historical Foundations</b> | <b>(9 hrs)</b> |
| Select two courses from Historical Foundations  | 6 hrs          |
| Select one class from Cultural Foundations      | 3 hrs          |

|  |                |
|--|----------------|
| <b>C: Mathematical Foundations</b>                         | <b>(7 hrs)</b> |
| Required MAC 2311C Calculus with Analytic Geometry I       | 4 hrs          |
| Required STA 3032 Probability and Statistics for Engineers | 3 hrs          |

|   |                |
|---|----------------|
| <b>D: Social Foundations</b>                    | <b>(6 hrs)</b> |
| <b>Select 1:</b>                                | <b>3 hrs</b>   |
| Prefer ECO 2013 Principles of Macroeconomics or | 3 hrs          |
| Prefer ECO 2023 Principles of Microeconomics    | 3 hrs          |
| Select one class from Social Foundations        | 3 hrs          |

|   |                |
|---|----------------|
| <b>E: Science Foundations</b>                       | <b>(7 hrs)</b> |
| Required PHY 2048C General Physics Using Calculus I | 4 hrs          |
| Select one course from Science Foundations          | 3 hrs          |

**2. Common Program Prerequisites (CPP) (19 hrs)**  
 ■ These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. To enroll in EE major courses, a 2.0 (C or better) in each course is required.

|           |                                     |       |
|-----------|-------------------------------------|-------|
| MAC 2311C | Calculus with Analytic Geometry I   | GEP   |
| MAC 2312  | Calculus with Analytic Geometry II  | 4 hrs |
| MAC 2313  | Calculus with Analytic Geometry III | 4 hrs |
| PHY 2048C | General Physics Using Calculus I    | GEP   |
| PHY 2049C | General Physics Using Calculus II   | 4 hrs |
| MAP 2302  | Ordinary Differential Equations I   | 3 hrs |

|  |              |

<sup>1</sup> A "C" (2.0) or better is required in this course.

### 5. Restricted Electives

■ Technical electives are available in the BSEE program to address specific student interests in a variety of technical areas. Students should consult their academic advisor for the identification of courses that are approved technical electives and the terms when specific courses of this type are to be offered.

### Technical Electives 15 hrs

■ Technical elective courses are to be selected by the student from department approved courses.

|                                 |                |
|---------------------------------|----------------|
| <b>6. Capstone Requirements</b> | <b>(6 hrs)</b> |
| EEL 4914 Senior Design I        | 3 hrs          |
| EEL 4915L Senior Design II      | 3 hrs          |

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

#### 8. Electives

■ None

### 9. Additional Requirements

- Electrical engineering students must earn at least 32 hours in residence at UCF.
- 24 of the 32 Residency hours must be at the 3000-5000 level courses taken from the ECE Department at UCF and applicable to the degree program.

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ CECS encourages all engineering students to take the Fundamentals Exam during their senior year.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 128

### Honors in Major

■ None

### Related Programs

- Computer Engineering
- Computer Science
- Mathematics - Engineering/Physics Track
- Physics

## UCF Degree Programs

### Certificates

- None

### Related Minors

- Engineering Leadership
- Intelligent Robotic Systems (IRS) - Interdisciplinary
- Mathematics
- Physics

### Advising Notes

- Each engineering student should meet with their academic advisor in the department of their major regularly.
- Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.
- The Electrical Engineering program offers the Accelerated BS/MS Program to students of high academic standing. This program allows up to twelve hours to be shared between the BS and MS degrees. See your department or the Accelerated Program section in the back of this catalog for more information.

### Transfer Notes

- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.
- EGS 1006C and EGN 1007C are required courses for incoming freshmen only. The credits for these two courses (one hour each) may, with prior approval of the department academic advisor, be moved to the Restricted Elective area.

### Acceptable Substitutes for Transfer Courses

- None

### Plan of Study

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oeeas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oeeas.ucf.edu/alc/academic_learning_compacts.htm)

## Electrical Engineering - RF and Microwaves Track (B.S.E.E.)

### College of Engineering and Computer Science

### Department of Electrical and Computer Engineering

### Harris Corp. Engineering Center, Room: 346

<http://www.ece.ucf.edu>

Email: [undergraduate@ece.ucf.edu](mailto:undergraduate@ece.ucf.edu)

Dr. Parveen Wahid  
Charlese Hilton-Brown  
Phone: 407-823-3327

### Admission Requirements

- Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHS 1440 or CHM 2045C.

- Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

### Degree Requirements

- Students in the Electrical Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Electrical Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Electrical Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

## UCF Degree Programs

■ A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Electrical Engineering major will be subject to all probation conditions that applied at the time of exclusion.

### 1. UCF General Education Program (GEP) (38 hrs)

■ The UCF General Education Program (GEP) is described in the section, General Education Program, found elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A through E below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

#### A: Communication Foundations (9 hrs)

|          |          |                |       |
|----------|----------|----------------|-------|
| Required | ENC 1101 | Composition I  | 3 hrs |
| Required | ENC 1102 | Composition II | 3 hrs |

#### Select 1: (3 hrs)

|           |           |  |       |
|-----------|-----------|--|-------|
| Prefer    | SPC 1603C | Fundamentals of Technical Presentations or | 3 hrs |
| Suggested | SPC 1608  | Fundamentals of Oral Communication         | 3 hrs |

#### B: Cultural & Historical Foundations (9 hrs)

|  |       |
|--|-------|
| Select two courses from Historical Foundations | 6 hrs |
| Select one class from Cultural Foundations     | 3 hrs |

#### C: Mathematical Foundations (7 hrs)

|          |           |  |       |
|----------|-----------|--|-------|
| Required | MAC 2311C | Calculus with Analytic Geometry I        | 4 hrs |
| Required | STA 3032  | Probability and Statistics for Engineers | 3 hrs |

#### D: Social Foundations (6 hrs)

##### Select 1: (3 hrs)

|  |          |                                 |       |
|--|----------|---------------------------------|-------|
| Prefer                                   | ECO 2013 | Principles of Macroeconomics or | 3 hrs |
| Prefer                                   | ECO 2023 | Principles of Microeconomics    | 3 hrs |
| Select one class from Social Foundations |          |                                 | 3 hrs |

#### E: Science Foundations (7 hrs)

|  |           |                                  |       |
|--|-----------|----------------------------------|-------|
| Required                                   | PHY 2048C | General Physics Using Calculus I | 4 hrs |
| Select one course from Science Foundations |           |                                  | 3 hrs |

### 2. Common Program Prerequisites (CPP) (19 hrs)

■ These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. To enroll in EE major courses, a 2.0 (C or better) in each course is required.

|           |                                     |       |
|-----------|-------------------------------------|-------|
| MAC 2311C | Calculus with Analytic Geometry I   | GEP   |
| MAC 2312  | Calculus with Analytic Geometry II  | 4 hrs |
| MAC 2313  | Calculus with Analytic Geometry III | 4 hrs |
| PHY 2048C | General Physics Using Calculus I    | GEP   |
| PHY 2049C | General Physics Using Calculus II   | 4 hrs |
| MAP 2302  | Ordinary Differential Equations I   | 3 hrs |

#### Select 1: (4 hrs)

|           |                            |       |
|-----------|----------------------------|-------|
| CHS 1440  | Principles of Chemistry or | 4 hrs |
| CHM 2045C | Chemistry Fundamentals I   | 4 hrs |

### 3. Core Requirements: Basic Level (2 hrs)

■ The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.250 GPA in completing these courses, together with the courses required for the major, technical elective courses, and with the senior design courses. Independent study courses generally do not satisfy major requirements.

|           |  |      |
|-----------|--|------|
| EGS 1006C | Introduction to the Engineering Profession | 1 hr |
| EGN 1007C | Engineering Concepts and Methods           | 1 hr |

### 4. Core Requirements: Advanced Level (49 hrs)

#### Courses Required for the Engineering Core (3 hrs)

|          |  |       |
|----------|--|-------|
| STA 3032 | Probability and Statistics for Engineers | GEP   |
| PHY 3101 | General Physics Using Calculus III       | 3 hrs |

#### Courses Required for the Major (46 hrs)

|           |                                      |       |
|-----------|--------------------------------------|-------|
| EEL 3926L | Junior Design                        | 1 hr  |
| EGN 3211  | Engineering Analysis and Computation | 3 hrs |
| EEL 3004C | Electrical Networks                  | 3 hrs |
| EEL 3123C | Networks and Systems                 | 3 hrs |
| EEE 3307C | Electronics I                        | 4 hrs |
| EEE 3342C | Digital Systems                      | 3 hrs |
| EEL 3801C | Computer Organization                | 4 hrs |
| EEL 3470  | Electromagnetic Fields               | 3 hrs |
| EEE 4309C | Electronics II                       | 4 hrs |
| EEL 4742C | Embedded Systems                     | 3 hrs |

#### Junior Level Electives (6 hrs)

|           |  |       |
|-----------|--|-------|
| EEE 3350  | Semiconductor Devices I or               | 3 hrs |
| EEL 3552C | Signal Analysis and Analog Communication | 4 hrs |
|           | or                                       |       |
| EEL 3657  | Linear Control Systems                   | 3 hrs |

#### Senior Level Electives (9 hrs)

|           |   |       |
|-----------|---|-------|
| EEL 4436C | Microwave Engineering or                  | 4 hrs |
| EEL 4140C | Analog Filter Design or                   | 4 hrs |
| EEL 4512C | Communication Systems or                  | 4 hrs |
| EEL 4518  | Satellite Communications or               | 3 hrs |
| EEL 5437C | Microwave Engineering or                  | 4 hrs |
| EEL 5462C | Antenna Analysis and Design or            | 3 hrs |
| EEL 5439C | RF and Microwave Communications or        | 4 hrs |
| EEE 5557  | Introduction to Radar Systems or          | 3 hrs |
| EEL 5432  | Satellite Remote Sensing or               | 3 hrs |
| EEE 5356C | Fabrication of Solid-State Devices or     | 4 hrs |
| EEE 5513  | Digital Signal Processing Applications or | 3 hrs |
| EEE 5265  | Biomedical Effects and Applications of    | 3 hrs |
|           | Electromagnetic Energy or                 |       |
| EEE 5370  | Operational Amplifiers or                 | 3 hrs |
| EEE 5378  | CMOS Analog and Digital Circuit Design    | 3 hrs |

### 5. Restricted Electives

■ Technical electives are available in the BSEE program to address specific student interests in a variety of technical areas. Students should consult with their academic advisor for the identification of courses that are approved technical electives and the terms when specific courses of this type are to be offered.

#### Technical Electives (14 hrs)

■ Technical elective courses are to be selected by the student from department approved courses.

### 6. Capstone Requirements (6 hrs)

|           |                  |       |
|-----------|------------------|-------|
| EEL 4914  | Senior Design I  | 3 hrs |
| EEL 4915L | Senior Design II | 3 hrs |

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

#### 8. Electives

■ None

### 9. Additional Requirements

■ Electrical engineering students must earn at least 32 hours in residence at UCF.

■ 24 of the 32 Residency hours must be at the 3000-5000 level courses taken from the ECE Department at UCF and applicable to the degree program.

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ CECS encourages all engineering students to take the Fundamentals Exam during their senior year.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed

## UCF Degree Programs

- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 128

### Honors In Major

- None

### Related Programs

- Computer Engineering
- Computer Science
- Mathematics - Engineering/Physics Track
- Physics

### Certificates

- None

### Related Minors

- Engineering Leadership
- Intelligent Robotic Systems (IRS) - Interdisciplinary
- Mathematics
- Physics

### Advising Notes

- Each engineering student should meet with their academic advisor in the department of their major regularly.
- Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.
- The Electrical Engineering program offers the Accelerated BS/MS Program to students of high academic standing. This program allows up to twelve hours to be shared between the BS and MS degrees. See your department or the Accelerated Program section in the back of this catalog for more information.

### Transfer Notes

- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.
- EGS 1006C and EGN 1007C are required courses for incoming freshmen only. The credits for these two courses (one hour each) may, with prior approval of the department academic advisor, be moved to the Restricted Elective area.

### Acceptable Substitutes for Transfer Courses

- None

### Plan of Study

#### Freshman Year - Fall 15 hrs

|                            |  |       |
|----------------------------|--|-------|
| EGS 1006C                  | Introduction to the Engineering Profession | 1 hr  |

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alac/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alac/academic_learning_compacts.htm)

## Elementary Education (B.S.)

### College of Education and Human Performance

### School of Teaching, Learning, and Leadership,

### Education Complex, Room: 209

<http://education.ucf.edu/eledmed/>

Education Track: Dr. Michele Gill, [michele.gill@ucf.edu](mailto:michele.gill@ucf.edu), 407-823-1771

Lifelong Learning Track: Dr. Valerie A. Storey, [valerie.storey@ucf.edu](mailto:valerie.storey@ucf.edu), 407-823-1761

The Elementary Education program offers students the option of two tracks: Elementary Education - Education track (K-6 certification with ESOL and Reading Endorsements) and Elementary Education - Lifelong Learning track (non-certification). The Education track is appropriate for students interested in opportunities for employment with formal K-6 schools that require certification. The Lifelong Learning (LLL) track is appropriate for students seeking opportunities for employment outside formal, K-12 schools that do not require certification.

### Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e., an AA degree from an approved Florida College System or State University System institution.
- Have a minimum 2.5 overall GPA.
- Complete all Education Common Program Prerequisite courses with a minimum letter grade of "C-" (1.75) or better.
- Meet the Gordon Rule Requirement.
- Meet the Foreign Language Admission Requirement.

### Education Track

- Pass all four parts of the General Knowledge Test (no alternatives or waivers are accepted).

# UCF Degree Programs

## Lifelong Learning Track

- Complete all LLL Track Core Requirements: Basic Level courses with a minimum letter grade of "C-" (1.75) or better.
- The Lifelong Learning Track is a non-certification program and does not require the General Knowledge Test (GKT).

## Degree Requirements

- Students should see an advisor prior to registering for classes.
- The courses designated in 1 (UCF General Education Program) and 2 (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses.
- The Education track (K-6) is a state-approved, initial teacher preparation program designed in compliance with Florida Statutes and State Board of Education Rule 6A-5.066. Degree requirements are subject to change based on state mandates.

### 1. UCF General Education Program (GEP) (36 hrs)

- Students are advised to take the preferred courses.

#### A: Communication Foundations (9 hrs)

|          |          |                                    |       |
|----------|----------|------------------------------------|-------|
| Required | ENC 1101 | Composition I                      | 3 hrs |
| Required | ENC 1102 | Composition II                     | 3 hrs |
| Prefer   | SPC 1608 | Fundamentals of Oral Communication | 3 hrs |

#### B: Cultural & Historical Foundations (9 hrs)

|   |       |
|---|-------|
| General Education Program course from section B1                              | 3 hrs |
| chosen meet Gordon Rule requirement   |       |
| General Education Program course: Prefer a second course from GEP section B1. | 3 hrs |

#### Select 1: (3 hrs)

|        |          |                               |       |
|--------|----------|-------------------------------|-------|
| Prefer | THE 2000 | Theatre Survey or             | 3 hrs |
| Prefer | PHI 2010 | Introduction to Philosophy or | 3 hrs |
| Prefer | MUL 2010 | Enjoyment of Music            | 3 hrs |

#### C: Mathematical Foundations (6 hrs)

##### Select 1: (3 hrs)

|           |           |                             |       |
|-----------|-----------|-----------------------------|-------|
| Suggested | MAC 1105C | College Algebra or          | 3 hrs |
| Suggested | MGF 1106  | Finite Mathematics or       | 3 hrs |
| Suggested | MGF 1107  | Explorations in Mathematics | 3 hrs |

##### Select 1: (3 hrs)

|        |           |                          |       |
|--------|-----------|--------------------------|-------|
| Prefer | STA 2014C | Principles of Statistics | 3 hrs |
|--------|-----------|--------------------------|-------|

#### D: Social Foundations (6 hrs)

|        |          |                              |       |
|--------|----------|------------------------------|-------|
| Prefer | POS 2041 | American National Government | 3 hrs |
| Prefer | PSY 2012 | General Psychology           | 3 hrs |

#### E: Science Foundations (6 hrs)

|        |          |                       |       |
|--------|----------|-----------------------|-------|
| Prefer | PSC 1121 | Physical Science      | 3 hrs |
| Prefer | BSC 1005 | Biological Principles | 3 hrs |

### 2. Common Program Prerequisites (CPP) (9 hrs)

- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|                       |  |       |
|-----------------------|--|-------|
| EDF 2005              | Introduction to the Teaching Profession  | 3 hrs |
| <sup>1</sup> EDF 2085 | Introduction to Diversity for Educators  | 3 hrs |
| EME 2040              | Introduction to Technology for Educators | 3 hrs |

<sup>1</sup> In addition to this course, a minimum of 6 hours with an international or diversity focus is required. The foreign language admission requirement may be used to meet this requirement.

### 3. Core Requirements: Basic Level (12 hrs)

- Education Track requires 15 hours
- Lifelong Learning Track requires 12 hours
- Both the Education Track and Lifelong Learning Track require successful completion of EDF 2130 and EDE 2280

|                       |  |       |
|-----------------------|--|-------|
| <sup>1</sup> EDF 2130 | Child and Adolescent Development for Educators | 3 hrs |
| <sup>2</sup> EDE 2280 | Arts and Wellness in Elementary Classrooms     | 3 hrs |

<sup>1</sup> Courses taken at Florida College System institutions may substitute for select courses in Other Program Requirements with the permission of the department.

<sup>2</sup> Courses taken at a Florida College System institution may substitute for select courses in Other Program Requirements with the permission of the department.

## Education Track

|                       |   |       |
|-----------------------|---|-------|
| <sup>1</sup> EDF 2720 | Children in Schools: Legal, Ethical and Safety Concerns | 3 hrs |
|-----------------------|---|-------|

<sup>1</sup> Courses taken at a Florida College System institution may substitute for select courses in Other Program Requirements with the permission of the department.

### Education Track: Lower Division Electives 6 hrs

- Education track students may select other electives but are advised to take the following courses to improve their preparation for the Subject Area Examination portion of the Florida Teacher Certification Examination: \* MAC 1105 or MGF 1106 (if not taken for the General Education Program)
- \* A second course from the preferred courses listed in the UCF General Education Program Section B2 above (ARH 2050, ARH 2051, or MUL 2010) or an additional science course.

### Lifelong Learning Track 6 hrs

|          |                                    |       |
|----------|------------------------------------|-------|
| EDG 2949 | Experiential Learning in Education | 3 hrs |
| MHS 2330 | Career Planning                    | 3 hrs |

### 4. Core Requirements: Advanced Level (60 hrs)

- Education Track requires 60 hours
- Lifelong Learning Track requires 63 hours
- The following recommended sequence of required upper division courses may vary at regional campus locations.
- Students must complete the Advanced Level courses required for their selected track (Education Track or Lifelong Learning Track).

#### Education Track: Semester I 15 hrs

|                       |  |       |
|-----------------------|--|-------|
| <sup>1</sup> EDG 4410 | Teaching Strategies and Classroom Management             | 3 hrs |
| <sup>1</sup> MAE 3310 | Elementary Mathematics for Teaching I                    | 3 hrs |
| LAE 3414              | Literature for Children                                  | 3 hrs |
| <sup>1</sup> RED 3012 | Basic Foundations of Reading                             | 3 hrs |
| <sup>1</sup> TSL 4080 | Theory and Practice of Teaching ESOL Students in Schools | 3 hrs |

<sup>1</sup> Required prior to Internship I

#### Education Track: Semester II 15 hrs

|                       |  |       |
|-----------------------|--|-------|
| SCE 3310              | Teaching Science in Elementary School            | 3 hrs |
| SSE 3312              | Teaching Social Science in the Elementary School | 3 hrs |
| LAE 4314              | Language Arts in the Elementary School           | 3 hrs |
| <sup>1</sup> RED 4519 | Diagnostic and Corrective Reading Strategies     | 3 hrs |
| <sup>1</sup> MAE 3311 | Elementary Mathematics for Teaching II           | 3 hrs |

<sup>1</sup> Required prior to Internship I

#### Education Track: Summer 6 hrs

|          |                                       |       |
|----------|---------------------------------------|-------|
| EDF 4467 | Learning Theory and Assessment        | 3 hrs |
| TSL 4240 | Issues in Second Language Acquisition | 3 hrs |

#### Education Track: Semester III (Internship I Block) 12 hrs

- Prior to Internship I, the student must have completed each of the prerequisite courses indicated above with a letter grade of "C-" (1.75) or better. However, a minimum GPA of 2.5 is required in the professional, specialization and overall for admission to Internship I.
- Passing score on the General Knowledge Test portion of the Florida Teacher Certification Examination (FTCE) is required before application to Internship I.
- Passing score on the Professional Education Test portion of the Florida Teacher Certification Examination (FTCE) is strongly recommended as soon as possible after completing the following courses: EDG 4410 Teaching Strategies and Classroom Management, EDF 4467 Learning Theory and Assessment and TSL 4080 Theory and Practice of Teaching ESOL Students in Schools.

## UCF Degree Programs

■ Students must apply and be approved for Internship I. Deadline dates and applications are available through the Office of Clinical Experiences at <http://www.education.ucf.edu/clinicalexp/Prerequisites> for Internship I: EDG 4410, RED 3012, TSL 4080, MAE 3310, MAE 3311, RED 4519

|                       |   |       |
|-----------------------|---|-------|
| RED 4942              | Practicum for Assessment and Instruction of Reading | 3 hrs |
| MAE 4326              | How Children Learn Mathematics                      | 3 hrs |
| <sup>1</sup> EDE 3942 | Internship I  | 3 hrs |
| EEX 4070              | Teaching Exceptional Students                       | 3 hrs |

<sup>1</sup> RED 4942, MAE 4326, and EEX 4070 are taken concurrently with EDE 3942 Internship I. Students should not plan to take additional courses with Internship I block because of the intensity of the Internship I semester.

### Education Track: Semester IV (Internship II) 12 hrs (Block)

■ Passing scores on all sections [General Knowledge, Professional, and Subject Area (Elementary Education K-6)] of the Florida Teacher Certification Examination (FTCE) are required prior to entry into Internship II.

■ All methods/specialization/foundations courses must be completed with a letter grade of "C-" (1.75) or better before registering for Internship II. However, a minimum GPA of 2.5 is required in the professional, specialization and overall for admission to Internship II.

■ Students must apply and be approved for Internship II. Deadline dates and applications are available through the Office of Clinical Experiences at

<http://www.education.ucf.edu/clinicalexp/>

■ Satisfactory completion of Internship II requires the student to demonstrate proficiency in all 12 Florida Educator Accomplished Practices at the pre-professional level in accordance with State Board of Education Rule 6A-5.066.

|          |                                 |       |
|----------|---------------------------------|-------|
| EDE 4943 | Internship II (Elementary)      | 9 hrs |
| EDE 4301 | Seminar in Elementary Education | 3 hrs |

### Lifelong Learning Track: Semester I 15 hrs

|          |  |       |
|----------|--|-------|
| EDG 4410 | Teaching Strategies and Classroom Management             | 3 hrs |
| EEX 4070 | Teaching Exceptional Students                            | 3 hrs |
| LAE 3414 | Literature for Children                                  | 3 hrs |
| RED 3012 | Basic Foundations of Reading                             | 3 hrs |
| TSL 4080 | Theory and Practice of Teaching ESOL Students in Schools | 3 hrs |

### Lifelong Learning Track: Semester II 15 hrs

|          |  |       |
|----------|--|-------|
| SCE 3310 | Teaching Science in Elementary School            | 3 hrs |
| SSE 3312 | Teaching Social Science in the Elementary School | 3 hrs |
| LAE 4314 | Language Arts in the Elementary School           | 3 hrs |
| RED 4519 | Diagnostic and Corrective Reading Strategies     | 3 hrs |
| EDF 4467 | Learning Theory and Assessment                   | 3 hrs |

### Lifelong Learning Track: Summer 6 hrs

|          |  |       |
|----------|--|-------|
| EDF 4603 | Analysis and Application of Ethical, Legal, and Safety Issues in Schools | 3 hrs |
| TSL 4240 | Issues in Second Language Acquisition                                    | 3 hrs |

### Lifelong Learning Track Specialization Requirements

■ Twenty-one (21) hours of Lifelong Learning Specialization coursework should be completed during Semester III and Semester IV of your Senior Year.

■ Students pursuing the Lifelong Learning track (non-certification) must select preferred specialization courses with advisor approval. A minimum of nine (9) hours must be taken in the content area. Substitutions are allowed with advisor approval.

■ A grade of "C-" (1.75) or better is required.

■ Students must have a total of 48 or more hours of upper level courses to graduate.

### Lifelong Learning Track: Semester IV 12 hrs

Choose Lifelong Learning Specialization courses 12 hrs

### 5. Restricted Electives

■ None

### 6. Capstone Requirements

■ None

### 7. Foreign Language Requirements

#### Admissions

■ State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

#### Graduation

■ None

### 8. Electives

■ None

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Achieve a minimum overall 2.5 GPA within the major.

■ In courses throughout the program, you must upload key assignments into your LiveText Dashboard. These key assignments are then assessed by faculty. The resulting data provides evidence of your demonstrated professional growth, reflection, and proficiency in all Florida Educator Accomplished Practices. Together these assignments provide potential employers with a snapshot picture of the skills attained in your academic program. All teacher education candidates, Lifelong Learning majors, and Early Childhood Development and Education majors (all ECDE tracks) are required to complete all LiveText requirements in order to be cleared for graduation. See <http://livetext.education.ucf.edu/>.

## UCF Degree Programs

### Education Track

■ Complete ESOL standards assessment tracking requirements in LiveText for the ESOL endorsement  
 ■ Pass all applicable sections of the Florida Teacher Certification Examination. See <http://www.fldoe.org> for test dates and test sites. Effective January 1, 2015, only examination results earned by educators within 10 years prior to the date of application for a new Florida Educator's Certificate with the Florida Department of Education may be acceptable for certification eligibility requirements (SBE Rule 6A-4.002)

### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA  
 ■ 60 semester hours earned after CLEP awarded  
 ■ 48 semester hours of upper division credit completed  
 ■ 30 of the last 39 hours of course work must be completed in residency at UCF.  
 ■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.  
 ■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$6 per term
- Full-Time Student: \$12 per term

## English - Creative Writing (B.A.)

### College of Arts and Humanities

### Department of English, Colbourn Hall, Room: 405

<http://english.ucf.edu>

Email: [english@ucf.edu](mailto:english@ucf.edu)

Dr. Trey Philpotts

Phone: 407-823-5596

### Admission Requirements

- None

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog
- Students must earn at least a "C" (2.0) in each required course
- Co-op or internship credit cannot be used in the major without prior approval from the department
- Students should consult with a departmental advisor
- Departmental Residency Requirement consists of at least 15 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF English Department
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours

### 1. UCF General Education Program (GEP) (36 hrs)

#### A: Communication Foundations

|          |          |                                    |       |
|----------|----------|------------------------------------|-------|
| Required | ENC 1101 | Composition I                      | 3 hrs |
| Required | ENC 1102 | Composition II                     | 3 hrs |
| Prefer   | SPC 1608 | Fundamentals of Oral Communication | 3 hrs |

|   |          |                             |       |
|---|----------|-----------------------------|-------|
| <b>B: Cultural &amp; Historical Foundations</b> |          |                             |       |
| Prefer  | HUM 2020 | Encountering the Humanities | 3 hrs |
| Prefer  | LIT 2110 | World Literature I          | 3 hrs |
| Prefer  | LIT 2120 | World Literature II         | 3 hrs |

### C: Mathematical Foundations

|              |          |                             |  |              |
|--------------|----------|-----------------------------|--|--------------|
| <b>Math:</b> |          |                             |  | <b>3 hrs</b> |
| Suggested    | MGF 1106 | Finite Mathematics or       |  | 3 hrs        |
| Suggested    | MGF 1107 | Explorations in Mathematics |  | 3 hrs        |

or  
You may substitute a higher level math with appropriate scores on the Math Placement Exam

|                                   |  |  |              |
|-----------------------------------|--|--|--------------|
| <b>Statistics - Computers</b>     |  |  | <b>3 hrs</b> |
| Select a course from GEP C.2 list |  |  |              |

### D: Social Foundations

|           |          |                            |       |
|-----------|----------|----------------------------|-------|
| Suggested | AMH 2020 | U.S. History: 1877-Present | 3 hrs |
|-----------|----------|----------------------------|-------|

### E: Science Foundations

|           |          |                   |       |
|-----------|----------|-------------------|-------|
| Suggested | AST 2002 | Astronomy         | 3 hrs |
| Suggested | ANT 2511 | The Human Species | 3 hrs |

### 2. Common Program Prerequisites (CPP) (6 hrs)

|                       |                |     |
|-----------------------|----------------|-----|
| <sup>1</sup> ENC 1101 | Composition I  | GEP |
| ENC 1102              | Composition II | GEP |

<sup>1</sup> See Transfer Notes for possible substitutions. See "Common Prerequisites" in the Transfer and Transition Services section for more information.

### 3. Core Requirements: Basic Level (9 hrs)

|                       |   |       |
|-----------------------|---|-------|
| CRW 3013              | Creative Writing for English Majors         | 3 hrs |
| <sup>1</sup> ENG 3014 | Theories and Techniques of Literature Study | 3 hrs |
| CRW 3053              | Theory & Practice of Creative Writing       | 3 hrs |

<sup>1</sup> This is a prerequisite for all 4000 level AML, ENG, ENL, or LIT courses

### 4. Core Requirements: Advanced Level (12 hrs)

- Literary History Requirement
- Choose four courses total from these two groupings

#### Select at least one of these pre-1865 literature courses.

- Note: Each semester, additional courses may satisfy these requirements. Check with an advisor for details.

|                  |   |  |              |
|------------------|---|--|--------------|
| <b>Select 1:</b> |   |  | <b>3 hrs</b> |
| AML 3031         | American Literature I or                |  | 3 hrs        |
| AML 3613         | Narratives of Slavery or                |  | 3 hrs        |
| ENL 2012         | English Literature I or                 |  | 3 hrs        |
| ENL 3220         | English Renaissance Poetry and Prose or |  | 3 hrs        |
| ENL 4230         | Eighteenth-Century Studies or           |  | 3 hrs        |
| ENL 4240         | English Romantic Writers or             |  | 3 hrs        |
| ENL 4311         | Chaucer or                              |  | 3 hrs        |
| ENL 4333         | Shakespeare Studies or                  |  | 3 hrs        |
| ENL 4341         | Milton and His Age or                   |  | 3 hrs        |
| AML 3286         | Early American Women's Words or         |  | 3 hrs        |
| AML 3640         | Native American Literature or           |  | 3 hrs        |
| LIT 4374         | Literature of the Bible or              |  | 3 hrs        |
| ENL 3296         | Gothic Literature                       |  | 3 hrs        |

#### Select at least one of these post-1865 literature courses.

|  |  |  |              |
|--|--|--|--------------|
| <b>Select 1:</b>   |  |  | <b>3 hrs</b> |
| ■ Each semester, additional courses may satisfy this requirement. Check with an advisor for details. |  |  |              |
| AML 3041   | American Literature II or                        |  | 3 hrs        |
| AML 3283   | Contemporary American Women's Fiction or         |  | 3 hrs        |
| AML 3614   | Topics in African-American Literature or         |  | 3 hrs        |
| AML 3615   | Harlem, Haiti, and Havana or                     |  | 3 hrs        |

| LIT 4303 | Post-World War II Fiction or               | 3 hrs |
| LIT 3823 | Hispanic Women Writers                     | 3 hrs |

### 5. Restricted Electives (15 hrs)

- Please note that students must take 4 but no more than 6 of the courses listed in a. and b. below.

#### a. Choose two of the following: 6 hrs

|                  |                                |              |
|------------------|--------------------------------|--------------|
| <b>Select 2:</b> |                                | <b>6 hrs</b> |
| CRW 3120         | Fiction Writing Workshop or    | 3 hrs        |
| CRW 3211         | Creative Nonfiction Writing or | 3 hrs        |
| CRW 3310         | Poetry Writing Workshop or     | 3 hrs        |
| CRW 3610         | Writing Scripts                | 3 hrs        |

#### b. Choose two of the following: 6 hrs

|                       |                                      |              |
|-----------------------|--------------------------------------|--------------|
| <b>Select 2:</b>      |                                      | <b>6 hrs</b> |
| CRW 4122              | Advanced Fiction Writing Workshop or | 3 hrs        |
| <sup>1</sup> CRW 4224 | Advanced Nonfiction Workshop or      | 3 hrs        |
| CRW 4320              | Advanced Poetry Writing Workshop or  | 3 hrs        |
| CRW 4616              | Advanced Scriptwriting Workshop      | 3 hrs        |

<sup>1</sup> May take ENC 4360 Nature Writing instead of CRW 4224 but not both.

#### c. Choose one of the following: 3 hrs

|                  |   |              |
|------------------|---|--------------|
| <b>Select 1:</b> |   | <b>3 hrs</b> |
| CRW 3311         | Readings in Poetry for Creative Writing or      | 3 hrs        |
| CRW 3540         | Literary Magazines or                           | 3 hrs        |
| CRW 4114         | History of Prose Style or                       | 3 hrs        |
| CRW 4724         | The Florida Review or                           | 3 hrs        |
| CRW 4722         | Editing for Creative Writers or                 | 3 hrs        |
|                  | any other CRW elective or Special Topics course | 3 hrs        |

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Met by graduation requirement

#### Graduation

- Proficiency equivalent to three semesters of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement. With departmental approval, a cultural/multicultural or related course offered by the Department of English may be used to satisfy one semester of the Graduation requirement.

### 8. Electives

- Select primarily from upper level courses, with departmental advisor's approval. May be outside of the department.

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- Maintain and achieve a minimum GPA of 2.0 in all courses used towards the major.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

- 120

### Honors In Major (9 hrs)

- Application and admission through the English Honors Committee and the Honors College.
- Fulfill University requirements for Honors in the Major.
- Grade of "B" (3.0) or better in an English graduate or undergraduate course or in a graduate or undergraduate course outside the major that relates to thesis with approval (3 hrs), Directed Readings (3 hrs), and Thesis hours (3 hrs).
- Successful completion and oral defense of Honors thesis.

Email: [english@ucf.edu](mailto:english@ucf.edu)

Dr. Trey Philpotts

Phone: 407-823-5596

### Admission Requirements

■ None

### Degree Requirements

■ Students who change degree programs and select this major must adopt the most current catalog.

■ Students must earn at least a "C" (2.0) in each required course.

■ Co-op or internship credit is not accepted in the major.

■ Students should consult with a departmental advisor.

■ Departmental Residency Requirement consists of at least 15 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF English Department.

■ Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

### 1. UCF General Education Program (GEP) (36 hrs)

#### A: Communication Foundations

|          |          |                                    |       |
|----------|----------|------------------------------------|-------|
| Required | ENC 1101 | Composition I                      | 3 hrs |
| Required | ENC 1102 | Composition II                     | 3 hrs |
| Prefer   | SPC 1608 | Fundamentals of Oral Communication | 3 hrs |

#### B: Cultural & Historical Foundations

|        |          |                             |       |
|--------|----------|-----------------------------|-------|
| Prefer | HUM 2020 | Encountering the Humanities | 3 hrs |
| Prefer | LIT 2110 | World Literature I          | 3 hrs |
| Prefer | LIT 2120 | World Literature II         | 3 hrs |

#### C: Mathematical Foundations

|              |          |                             |              |
|--------------|----------|-----------------------------|--------------|
| <b>Math:</b> |          |                             | <b>3 hrs</b> |
| Suggested    | MGF 1106 | Finite Mathematics or       | 3 hrs        |
| Suggested    | MGF 1107 | Explorations in Mathematics | 3 hrs        |

You may substitute a higher level math with appropriate scores on the Math Placement Exam.

|                                   |  |              |
|-----------------------------------|--|--------------|
| <b>Statistics - Computers</b>     |  | <b>3 hrs</b> |
| Select a course from GEP C.2 list |  | 3 hrs        |

|                              |          |                            |                |
|------------------------------|----------|----------------------------|----------------|
| <b>D: Social Foundations</b> |          |                            | <b>(6 hrs)</b> |
| Suggested                    | AMH 2020 | U.S. History: 1877-Present | 3 hrs          |

|                               |          |                   |                |
|-------------------------------|----------|-------------------|----------------|
| <b>E: Science Foundations</b> |          |                   | <b>(6 hrs)</b> |
| Suggested                     | AST 2002 | Astronomy         | 3 hrs          |
| Suggested                     | ANT 2511 | The Human Species | 3 hrs          |

### 2. Common Program Prerequisites (CPP)

|                       |                |     |
|-----------------------|----------------|-----|
| <sup>1</sup> ENC 1101 | Composition I  | GEP |
| <sup>1</sup> ENC 1102 | Composition II | GEP |

<sup>1</sup> See transfer notes for possible substitutions.

### 3. Core Requirements: Basic Level (6 hrs)

|                       |   |       |
|-----------------------|---|-------|
| <sup>1</sup> ENG 3014 | Theories and Techniques of Literature Study | 3 hrs |
|-----------------------|---|-------|

### Choose one gateway course 3 hrs

|          |   |       |
|----------|---|-------|
| CRW 3013 | Creative Writing for English Majors or    | 3 hrs |
| ENC 3241 | Writing for the Technical Professional or | 3 hrs |
| CRW 3053 | Theory & Practice of Creative Writing or  | 3 hrs |
| LIT 3212 | Research & Writing About Literature       | 3 hrs |

<sup>1</sup> Prerequisite for all 4000 level AML, ENG, ENL, or LIT courses

### 4. Core Requirements: Advanced Level (15 hrs)

■ Literary History Requirement

■ Choose five courses from the two groupings

#### Select at least two pre-1865 literature courses 6 hrs

■ Note: Each semester, additional courses may satisfy this requirement. Check with advisor for details.

#### Select 2: 6 hrs

|          |   |       |
|----------|---|-------|
| AML 3031 | American Literature I or                | 3 hrs |
| AML 3613 | Narratives of Slavery or                | 3 hrs |
| ENL 2012 | English Literature I or                 | 3 hrs |
| ENL 3220 | English Renaissance Poetry and Prose or | 3 hrs |
| ENL 4230 | Eighteenth-Century Studies or           | 3 hrs |
| ENL 4240 | English Romantic Writers or             | 3 hrs |
| LIT 4374 | Literature of the Bible or              | 3 hrs |
| AML 3286 | Early American Women's Words or         | 3 hrs |
| AML 3640 | Native American Literature or           | 3 hrs |
| ENL 3296 | Gothic Literature                       | 3 hrs |

#### Select at least two post-1865 literature courses 6 hrs

■ Note: Each semester, additional courses may satisfy this requirement. Check with advisor for details.

#### Select 2: 6 hrs

|          |  |       |
|----------|--|-------|
| AML 3041 | American Literature II or                        | 3 hrs |
| AML 3283 | Contemporary American Women's Fiction or         | 3 hrs |
| AML 3614 | Topics in African-American Literature or         | 3 hrs |
| AML 3615 | Harlem, Haiti, and Havana or                     | 3 hrs |
| AML 3643 | Contemporary Native American Prose and Poetry or | 3 hrs |
| AML 4101 | American Novel or                                | 3 hrs |
| AML 4155 | Modern American Poetry or                        | 3 hrs |
| AML 4261 | Literature of the South or                       | 3 hrs |
| AML 4265 | Florida Writers or                               | 3 hrs |
| AML 4321 | Modern American Literature or                    | 3 hrs |
| AML 4630 | Latino/Latina Literature or                      | 3 hrs |
| ENL 2022 | English Literature II or                         | 3 hrs |
| ENL 4101 | English Novel or                                 | 3 hrs |
| ENL 4253 | The Victorian Age or                             | 3 hrs |
| ENL 4262 | Nineteenth Century British Prose or              | 3 hrs |
| ENL 4273 | Modern British Literature or                     | 3 hrs |
| LIT 3082 | Continental European Fiction Since 1900 or       | 3 hrs |
| LIT 3192 | Caribbean Literature or                          | 3 hrs |
| LIT 4043 | Modern Drama As Literature or                    | 3 hrs |
| LIT 4184 | Irish Literature or                              | 3 hrs |
| LIT 4303 | Post-World War II Fiction or                     | 3 hrs |
| LIT 3823 | Hispanic Women Writers                           | 3 hrs |

### 5. Restricted Electives (15 hrs)

■ Upper Division Requirements

#### Choose one single author or major author course: 3 hrs

#### Select 1: 3 hrs

|          |                           |       |
|----------|---------------------------|-------|
| AML 4300 | Major American Authors or | 3 hrs |
| ENL 4311 | Chaucer or                | 3 hrs |
| ENL 4341 | Milton and His Age or     | 3 hrs |
| ENL 4333 | Shakespeare Studies or    | 3 hrs |
| ENL 4303 | British Authors or        | 3 hrs |
| LIT 4244 | World Authors             | 3 hrs |

## UCF Degree Programs

**Choose one linguistics or theory course: 3 hrs**

**Select 1: 3 hrs**

|          |                                    |       |
|----------|------------------------------------|-------|
| ENG 3010 | Practical Criticism or             | 3 hrs |
| LIN 3010 | Principles of Linguistics or       | 3 hrs |
| LIN 4105 | History of the English Language or | 3 hrs |
| LIN 4660 | Linguistics and Literature or      | 3 hrs |
| LIN 4680 | Modern English Grammar or          | 3 hrs |
| LIT 4554 | Advanced Feminist Theories         | 3 hrs |

**Three additional upper level courses 9 hrs**

■ AML, ENL, LIT or ENG prefix

### 6. Capstone Requirements

■ None

### 7. Foreign Language Requirements

#### Admissions

■ Met by graduation requirement

#### Graduation

■ Proficiency equivalent to three semesters of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement. With departmental approval, a cultural/multicultural or related course offered by the Department of English may be used to satisfy one semester of the Graduation requirement.

### 8. Electives

■ Select primarily from upper level courses, with departmental advisor's approval. May be outside of the department. Please note that no more than 6 of the following courses may be taken: CRW 3120, CRW 3211, CRW 3310, CRW 3610, CRW 4122, CRW 4224, CRW 4320, CRW 4616, and ENC 4360.

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Maintain and achieve a minimum GPA of 2.0 in all courses used towards the major.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors In Major (9 hrs)

- Application and admission through the English Honors Committee and the Honors College.
- Fulfill University requirements for Honors in the Major.
- Grade of "B" (3.0) or better in an English graduate or undergraduate level course or in a graduate or undergraduate level course outside the major that relates to thesis with approval (3 hrs), Directed Readings (3 hrs), and Thesis hours (3 hrs).
- Successful completion and oral defense of Honors thesis.

**Email: [english@ucf.edu](mailto:english@ucf.edu)**

Dr. Trey Philpotts

Phone: 407-823-5596

#### Admission Requirements

- None

#### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must earn at least a "C" (2.0) in each required course.
- Co-op or internship credit cannot be used in this major.
- Students should consult with a departmental advisor.
- Departmental Residency Requirement consists of at least 15 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF English Department.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

#### 1. UCF General Education Program (GEP) (36 hrs)

##### A: Communication Foundations (9 hrs)

|          |          |                                    |       |
|----------|----------|------------------------------------|-------|
| Required | ENC 1101 | Composition I                      | 3 hrs |
| Required | ENC 1102 | Composition II                     | 3 hrs |
| Prefer   | SPC 1608 | Fundamentals of Oral Communication | 3 hrs |

##### B: Cultural & Historical Foundations (9 hrs)

|           |          |                             |       |
|-----------|----------|-----------------------------|-------|
| Suggested | HUM 2020 | Encountering the Humanities | 3 hrs |
| Suggested | LIT 2110 | World Literature I          | 3 hrs |
| Suggested | LIT 2120 | World Literature II         | 3 hrs |

##### C: Mathematical Foundations (6 hrs)

##### Math: (3 hrs)

|           |          |                                |       |
|-----------|----------|--------------------------------|-------|
| Suggested | MGF 1106 | Finite Mathematics or          | 3 hrs |
| Suggested | MGF 1107 | Explorations in Mathematics or | 3 hrs |

You may substitute a higher level math with appropriate scores on the Math Placement Test.

##### Statistics - Computers (3 hrs)

Select a course from GEP C.2 list 3 hrs

##### D: Social Foundations (6 hrs)

|           |          |                            |       |
|-----------|----------|----------------------------|-------|
| Suggested | AMH 2020 | U.S. History: 1877-Present | 3 hrs |
|-----------|----------|----------------------------|-------|

##### E: Science Foundations (6 hrs)

|           |          |                   |       |
|-----------|----------|-------------------|-------|
| Suggested | AST 2002 | Astronomy         | 3 hrs |
| Suggested | ANT 2511 | The Human Species | 3 hrs |

#### 2. Common Program Prerequisites (CPP)

- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|          |                |     |
|----------|----------------|-----|
| ENC 1101 | Composition I  | GEP |
| ENC 1102 | Composition II | GEP |

#### 3. Core Requirements: Basic Level (6 hrs)

##### Select 1: (3 hrs)

|          |  |       |
|----------|--|-------|
| ENC 3241 | Writing for the Technical Professional | 3 hrs |
|----------|--|-------|

##### Select 1: (3 hrs)

|          |  |       |
|----------|--|-------|
| CRW 3013 | Creative Writing for English Majors or         | 3 hrs |
| ENG 3014 | Theories and Techniques of Literature Study or | 3 hrs |
| CRW 3053 | Theory & Practice of Creative Writing          | 3 hrs |

#### 4. Core Requirements: Advanced Level (15 hrs)

|          |  |       |
|----------|--|-------|
| ENC 4280 | Technical Writing Style                      | 3 hrs |
| ENC 4293 | Documentation and the Collaborative Process  | 3 hrs |
| ENC 4294 | Documentation and Client-Based Collaboration | 3 hrs |
| LIT 4433 | Literature of Science and Technology         | 3 hrs |

#### Select 1: (3 hrs)

|          |   |       |
|----------|---|-------|
| ENC 4215 | Technical Publication and Project Management or | 3 hrs |
| ENC 4218 | The Visual in Technical Documentation           | 3 hrs |

#### Literary History Requirement (9 hrs)

- Choose three courses from these two groupings

##### Select at least one of these pre-1865 literature

|          |   |       |
|----------|---|-------|
| AML 3031 | American Literature I or                | 3 hrs |
| AML 3613 | Narratives of Slavery or                | 3 hrs |
| ENL 2012 | English Literature I or                 | 3 hrs |

| ENC 4219 | Technical Communication and Plain Language           | 3 hrs |

##### Optional course:

|          |            |      |
|----------|------------|------|
| ENC 4941 | Internship | 1 hr |
|----------|------------|------|

#### 6. Capstone Requirements

- None

#### 7. Foreign Language Requirements

##### Admissions

- Met by graduation requirement

##### Graduation

- Proficiency equivalent to three semesters of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement. With departmental approval, a cultural/multicultural or related course offered by the Department of English may be used to satisfy one semester of the Graduation requirement.

## UCF Degree Programs

### 8. Electives

■ Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department. Please note that no more than 6 of the following courses may be taken: CRW 3120, CRW 3211, CRW 3310, CRW 3610, CRW 4122, CRW 4224, CRW 4320, CRW 4616, and ENC 4360.

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Maintain and achieve a minimum GPA of 2.0 in all courses used towards the major.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors In Major

(9 hrs)

- Application and admission through the English Honors Committee and the Honors College.
- Fulfill University requirements for Honors in the Major.
- Grade of "B" (3.0) or better in an English graduate or undergraduate level course or in a graduate or undergraduate level course outside the major that relates to thesis with approval (3 hours), Directed Readings (3 hours), and Thesis hours (3 hours).
- Successful completion and oral defense of Honors thesis.

### Related Programs

- English - Creative Writing
- English - Literature

### Certificates

■ None

### Related Minors

- English - Creative Writing
- English - Literature
- English - Linguistics
- Writing and Rhetoric

### Advising Notes

■ None

### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

- ENC 1101 & 1102: may use any two lower level courses, taught in the English Department, and each having a 6,000 word requirement. However, ENC 1101 & 1102 are prerequisites for all subsequent English courses and will need to be taken for the major.

### Plan of Study

- One of the numerous possible plans of study. See program description for all requirements. Consult a departmental advisor for alternate, new or more appropriate selections.

### Freshman Year - Fall

|          |                                    |       |
|----------|------------------------------------|-------|
| ENC 1101 | Composition I                      | 3 hrs |

|--|---------------------|--|

### 6. Capstone Requirements

■ Completion of 3 specialized Entertainment Management Internships, see Faculty Internship Coordinator for guidance.

### 7. Foreign Language Requirements

#### Admissions

■ State University System foreign language admission requirement: two years in high school or one year in college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

#### Graduation

■ None

#### 8. Electives

■ None

### 9. Additional Requirements

■ Final exams will be given during Final Exam Week only.

■ Transfer students to this program must take a minimum of thirty (30) credit hours in Hospitality Management core classes or restricted electives at UCF.

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Completion of 3 hours of Specialized Entertainment Management Internship course work.

### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA

■ 60 semester hours earned after CLEP awarded

■ 48 semester hours of upper division credit completed

■ 30 of the last 39 hours of course work must be

completed in residency at UCF.

■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors In Major

■ None

### Related Programs

■ None

### Certificates

■ None

### Related Minors

■ None

### Advising Notes

■ Students must earn a "C" (2.0) or better in each course listed in the common program prerequisites, the basic and advised cores, and the restricted electives.

## UCF Degree Programs

### Transfer Notes

- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF College of Hospitality Management.
- Florida College System institution students are encouraged to complete the general education requirements prior to transferring to UCF.
- A minimum of 30 semester hours must be completed at UCF within the event major.
- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Students should take advantage of both.

### Acceptable Substitutes for Transfer Courses

- None

### Plan of Study

Phone: 407-823-2841

### Admission Requirements

- Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHM 2045C or CHM 2040 AND CHM 2041.
- Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

### Degree Requirements (128 hrs)

- The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.25 GPA in completing the courses from section 3 Basic Core Requirements, section 4 Advanced Core Requirements, section 5 Restricted Electives and section 6 Capstone Requirements listed below. Independent study courses generally do not satisfy major requirements.
- A "C" (2.0) or better is required in each pre-requisite course in section 2 Common Program Prerequisites, section 4 Advanced Core Requirements, and section 6 Capstone Requirements.
- Students in the Environmental Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Environmental Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Environmental Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

## UCF Degree Programs

■ A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Environmental Engineering major will be subject to all probation conditions that applied at the time of exclusion.

### 1. UCF General Education Program (GEP) (38 hrs)

■ The UCF General Education Program (GEP) is described in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

#### A: Communication Foundations (9 hrs)

|           |           |   |       |
|-----------|-----------|---|-------|
| Required  | ENC 1101  | Composition I                           | 3 hrs |
| Required  | ENC 1102  | Composition II                          | 3 hrs |
| Suggested | SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |

#### B: Cultural & Historical Foundations (9 hrs)

|  |       |
|--|-------|
| Select two courses from Historical Foundations       | 6 hrs |
| Select one class from MUL 2010, PHI 2010 or THE 2000 | 3 hrs |

#### C: Mathematical Foundations (7 hrs)

|          |           |  |       |
|----------|-----------|--|-------|
| Required | MAC 2311C | Calculus with Analytic Geometry I        | 4 hrs |
| Required | STA 3032  | Probability and Statistics for Engineers | 3 hrs |

#### D: Social Foundations (6 hrs)

|  |       |
|--|-------|
| Select one class from Social Foundations Group 1 | 3 hrs |
| Select one class from Social Foundations Group 2 | 3 hrs |

#### E: Science Foundations (7 hrs)

|          |           |                                  |       |
|----------|-----------|----------------------------------|-------|
| Required | PHY 2048C | General Physics Using Calculus I | 4 hrs |
| Prefer   | GEO 1200  | Physical Geography               | 3 hrs |

### 2. Common Program Prerequisites (CPP) (19 hrs)

■ These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs.

■ See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

■ A grade of "C" (2.0) or better is required in each course in this section.

|                        |                                     |       |
|------------------------|-------------------------------------|-------|
| <sup>1</sup> MAC 2311C | Calculus with Analytic Geometry I   | GEP   |
| MAC 2312               | Calculus with Analytic Geometry II  | 4 hrs |
| MAC 2313               | Calculus with Analytic Geometry III | 4 hrs |
| MAP 2302               | Ordinary Differential Equations I   | 3 hrs |
| PHY 2048C              | General Physics Using Calculus I    | GEP   |
| PHY 2049C              | General Physics Using Calculus II   | 4 hrs |

#### Select one of the following sequences of courses:

|                    |                          |       |
|--------------------|--------------------------|-------|
| - Preferred course |                          |       |
| CHM 2045C          | Chemistry Fundamentals I | 4 hrs |

or

|          |                               |       |
|----------|-------------------------------|-------|
| CHM 2040 | Chemistry Fundamentals IA and | 3 hrs |
| CHM 2041 | Chemistry Fundamentals IB     | 3 hrs |

<sup>1</sup> also satisfy UCF GEP sub-requirements

### 3. Core Requirements: Basic Level (9 hrs)

■ Environmental engineering majors must complete both Earth Science and Biological Science coursework. See assigned academic advisor for list of approved courses.

|                        |  |       |
|------------------------|--|-------|
| EGS 1006C              | Introduction to the Engineering Profession | 1 hr  |
| EGN 1007C              | Engineering Concepts and Methods           | 1 hr  |
| <sup>1</sup> CHM 2045C | Chemistry Fundamentals I                   | CPP   |
| <sup>1</sup> CHM 2046  | Chemistry Fundamentals II                  | 3 hrs |
| CHM 2046L              | Chemistry Fundamentals Laboratory          | 1 hr  |
| Earth Science          |  | GEP   |
| Biological Science     |  | 3 hrs |

<sup>1</sup> A "C" (2.0) or better is required in this course.

### 4. Core Requirements: Advanced Level (53 hrs)

|                        |   |       |
|------------------------|---|-------|
| <sup>1</sup> EGN 3310  | Engineering Analysis-Statics                              | 3 hrs |
| <sup>1</sup> EGN 3321  | Engineering Analysis-Dynamics                             | 3 hrs |
| <sup>1</sup> EGN 3331C | Mechanics of Materials                                    | 3 hrs |
| <sup>1</sup> EGN 3343  | Thermodynamics  | 3 hrs |
| <sup>1</sup> EGN 3613  | Engineering Economic Analysis                             | 2 hrs |
| <sup>1</sup> ENV 3001  | Environmental Engineering                                 | 3 hrs |
| CCE 4003               | Introduction to the Construction Industry                 | 3 hrs |
| <sup>1</sup> STA 3032  | Probability and Statistics for Engineers                  | GEP   |
| <sup>1</sup> CWR 3201  | Engineering Fluid Mechanics                               | 3 hrs |
| CEG 4011C              | Geotechnical Engineering I                                | 4 hrs |
| EES 4111C              | Biological Process Control                                | 4 hrs |
| EES 4202C              | Chemical Process Control                                  | 4 hrs |
| <sup>1</sup> ENV 4531  | Environmental Engineering Unit Operations & Processes     | 3 hrs |
| ENV 4120               | Air Pollution and Hazardous Waste Control                 | 3 hrs |
| ENV 4561               | Advanced Environmental Engineering Operations & Processes | 3 hrs |
| ENV 4341               | Sustainable Resource Management                           | 3 hrs |
| CWR 4202C              | Hydraulics  | 3 hrs |

#### Select one of the following:

|          |              |       |
|----------|--------------|-------|
| CWR 4120 | Hydrology or | 3 hrs |
| CWR 4124 | Hydrogeology | 3 hrs |

<sup>1</sup> A "C" (2.0) or better is required in this course.

### 5. Restricted Electives (3 hrs)

■ Technical electives are available in the BSEnVE program to address specific student interests in a variety of technical areas. Students should consult with their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.

### 6. Capstone Requirements (6 hrs)

■ Required Senior Design Courses

#### Environmental Engineering Design Specialization 3 hrs

■ Must be completed before registering for CGN 4808C - Capstone Design

|                        |  |       |
|------------------------|--|-------|
| ENV 4433C              | Environmental Engineering Wastewater Design or   | 3 hrs |
| <sup>1</sup> ENV 4122C | Air Pollution Control Design or                  | 3 hrs |
| <sup>1</sup> ENV 4562C | Environmental Engineering Water Treatment Design | 3 hrs |
| CGN 4808C              | CECE Capstone Design                             | 3 hrs |

<sup>1</sup> A "C" (2.0) or better is required in this course.

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

#### 8. Electives

■ None

#### 9. Additional Requirements

■ EnvE students must take the Fundamentals of Engineering (FE) Exam during their Senior year.

Applications must be received by the Florida Board of Professional Engineers approximately 6 months in advance of your exam date.

#### 10. Required Minors

■ None

#### 11. Departmental Exit Requirements

■ None

#### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

## UCF Degree Programs

### Total Semester Hours Required

- 128

### Honors In Major

- None

### Related Programs

- Chemistry
- Construction Engineering
- Civil Engineering

### Certificates

- None

### Related Minors

- Chemistry
- Environmental Studies
- Mathematics
- Engineering Leadership
- Bioengineering

### Advising Notes

■ Each engineering student is assigned a qualified engineering academic advisor in the department of his/her major. Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.

■ The Environmental Engineering program offers the opportunity for exceptionally well qualified undergraduates to enter directly into the PhD program after completion of an appropriate BS degree. This option allows outstanding undergraduates to begin planning a research program with a specific faculty advisor even before finishing the BS, and may allow completion of the PhD in a shorter time period than by taking a separate Masters followed by the PhD.

### Transfer Notes

■ Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.

■ EGS 1006C and EGN 1007C are required courses for incoming freshmen only. The credits for these two courses (one hour for each) may, with prior approval of the department academic advisor, be moved to the Restricted Elective area.

### Acceptable Substitutes for Transfer Courses

- None

### Plan of Study (128 hrs)

■ The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their departmental academic advisor to develop and maintain an appropriate plan of study.

#### Freshman Year - Fall 15 hrs

|                                |  |       |
|--------------------------------|--|-------|
| ENC 1101                       | Composition I                              | 3 hrs |
| MAC 2311C                      | Calculus with Analytic Geometry I          | 4 hrs |
| EGS 1006C                      | Introduction to the Engineering Profession | 1 hr  |
| CHM 2045C                      | Chemistry Fundamentals I                   | 4 hrs |
| Biological Science Requirement |  | 3 hrs |

#### Freshman Year - Spring 15 hrs

|           |                                    |       |
|-----------|------------------------------------|-------|
| ENC 1102  | Composition II                     | 3 hrs |
| MAC 2312  | Calculus with Analytic Geometry II | 4 hrs |
| PHY 2048C | General Physics Using Calculus I   | 4 hrs |
| EGN 1007C | Engineering Concepts and Methods   | 1 hr  |
| GEP       |                                    | 3 hrs |

#### Sophomore Year - Fall 16 hrs

|           |                                     |       |
|-----------|-------------------------------------|-------|
| MAC 2313  | Calculus with Analytic Geometry III | 4 hrs |
| CHM 2046  | Chemistry Fundamentals II           | 3 hrs |
| EGN 3310  | Engineering Analysis-Statics        | 3 hrs |
| EGN 3613  | Engineering Economic Analysis       | 2 hrs |
| CHM 2046L | Chemistry Fundamentals Laboratory   | 1 hr  |
| ENV 3001  | Environmental Engineering           | 3 hrs |

#### Sophomore Year - Spring 16 hrs

|           |                                   |       |
|-----------|-----------------------------------|-------|
| MAP 2302  | Ordinary Differential Equations I | 3 hrs |
| EGN 3343  | Thermodynamics                    | 3 hrs |
| EGN 3331C | Mechanics of Materials            | 3 hrs |
| PHY 2049C | General Physics Using Calculus II | 4 hrs |
| EGN 3321  | Engineering Analysis-Dynamics     | 3 hrs |

#### Sophomore Year - Summer 9 hrs

|          |  |       |
|----------|--|-------|
| STA 3032 | Probability and Statistics for Engineers | 3 hrs |
| CWR 3201 | Engineering Fluid Mechanics              | 3 hrs |
| gep      |  | 3 hrs |

#### Junior Year - Fall 16 hrs

|           |   |       |
|-----------|---|-------|
| ENV 4531  | Environmental Engineering Unit Operations & Processes | 3 hrs |
| EES 4202C | Chemical Process Control                              | 4 hrs |
| ENV 4120  | Air Pollution and Hazardous Waste Control             | 3 hrs |
| CWR 4202C | Hydraulics  | 3 hrs |
| GEP       |   | 3 hrs |

#### Junior Year - Spring 16 hrs

|                         |   |       |
|-------------------------|---|-------|
| EES 4111C               | Biological Process Control                                | 4 hrs |
| ENV 4561                | Advanced Environmental Engineering Operations & Processes | 3 hrs |
| GEP                     |   | 3 hrs |
| Approved Project Design |   | 3 hrs |

#### Select 1: 3 hrs

|          |              |       |
|----------|--------------|-------|
| CWR 4120 | Hydrology or | 3 hrs |
| CWR 4124 | Hydrogeology | 3 hrs |

#### Senior Year - Fall 13 hrs

|               |                                 |       |
|---------------|---------------------------------|-------|
| CEG 4011C     | Geotechnical Engineering I      | 4 hrs |
| ENV 4341      | Sustainable Resource Management | 3 hrs |
| GEP           |                                 | 3 hrs |
| Earth Science |                                 | 3 hrs |

#### Senior Year - Spring 12 hrs

|                    |   |       |
|--------------------|---|-------|
| Technical Elective |   | 3 hrs |
| GEP                |   | 3 hrs |
| CGN 4808C          | CECE Capstone Design                      | 3 hrs |
| CCE 4003           | Introduction to the Construction Industry | 3 hrs |

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$44 per term
- Full-Time Student: \$87 per term

## Environmental Studies (B.S.)

### College of Undergraduate Studies

### Office of Interdisciplinary Studies,

### Classroom I, Room: 302

<http://is.ucf.edu>

Email: [is@ucf.edu](mailto:is@ucf.edu)

407-823-0144

The Environmental Studies degree prepares students for a number of interesting and challenging careers. Its interdisciplinary nature provides students with tools that can be applied across a spectrum of science, social behavior, and humanities, using the strengths of the various areas. Students seeking journalistic or artistic careers will gain a scientific background by which to understand environmental science, while students going into the sciences will appreciate the social, political, and ethical dimensions of environmental actions and policy decisions.

### Admission Requirements

- None

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must have declared an Environmental Studies major at least one semester before graduation.
- Independent study forms must be approved by the director prior to taking an independent study or internship for use in the program; non-approved independent studies will not be counted towards the major.
- Co-op credit cannot be used in the major.

## UCF Degree Programs

- Students must earn at least a "C" (2.0) grade in each required course in the core and subject areas.
- Students must consult with an Interdisciplinary Studies adviser when entering the program.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.
- Students wishing to earn an Environmental Studies degree as a double degree, double major, or second degree, must complete all advanced level core requirements and restricted electives exclusive of credits done for the other degree(s) and/or major(s), including any minors associated with that degree.

### 1. UCF General Education Program (GEP)

**A: Communication Foundations (9 hrs)**

**B: Cultural & Historical Foundations (9 hrs)**

**C: Mathematical Foundations (6 hrs)**

<sup>1</sup> Required MAC 1105C College Algebra 3 hrs  
Required STA 2023 Statistical Methods I 3 hrs

<sup>1</sup> may take a higher level math course

**D: Social Foundations (6 hrs)**

Required SYG 2000 Introduction to Sociology 3 hrs  
Required ECO 2023 Principles of Microeconomics 3 hrs

**E: Science Foundations (8 hrs)**

Required BSC 2010C Biology I 4 hrs  
Required CHM 2045C Chemistry Fundamentals I 4 hrs

### 2. Common Program Prerequisites (CPP)

- None

### 3. Core Requirements: Basic Level (11 hrs)

#### Core for Environmental Studies

#### Physical/Mathematical Sciences

|           |                          |     |
|-----------|--------------------------|-----|
| CHM 2045C | Chemistry Fundamentals I | GEP |
| MAC 1105C | College Algebra          | GEP |
| STA 2023  | Statistical Methods I    | GEP |

**select one of the following: 3 hrs**

|          |  |       |
|----------|--|-------|
| GLY 2038 | Environmental Geoscience or              | 3 hrs |
| PHY 1038 | Physics of Energy and the Environment or | 3 hrs |
| PSC 1121 | Physical Science                         | 3 hrs |

#### Life Sciences

|           |                                  |       |
|-----------|----------------------------------|-------|
| BSC 2010C | Biology I                        | GEP   |
| BSC 2011C | Biology II                       | 4 hrs |
| PCB 3044  | Principles of Ecology            | 3 hrs |
| PCB 3044L | Principles of Ecology Laboratory | 1 hr  |

#### Social Science & Humanities

|          |                              |     |
|----------|------------------------------|-----|
| SYG 2000 | Introduction to Sociology    | GEP |
| ECO 2023 | Principles of Microeconomics | GEP |

### 4. Core Requirements: Advanced Level (19 hrs)

#### Environmental Studies Fundamentals

|           |  |       |
|-----------|--|-------|
| IDS 3150  | Foundations of Environmental Studies               | 3 hrs |
| ECP 3302  | Economics and the Environment                      | 3 hrs |
| GIS 3043C | GIS for Environmental Studies                      | 3 hrs |
| GIS 4301C | Advanced GIS Applications in Environmental Studies | 4 hrs |
| PUP 3203  | Environmental Politics                             | 3 hrs |
| SYD 4510  | Environment and Society                            | 3 hrs |

### 5. Restricted Electives (18 hrs)

- Students will complete one of the concentrations listed below. Each concentration requires a minimum of eighteen credit hours. A student completing the Environmental Studies core can reasonably expect to meet entry requirements for most electives listed.
- Select eighteen hours in one concentration.

#### Science Concentration

|           |                         |       |
|-----------|-------------------------|-------|
| BCH 4053  | Biochemistry I          | 3 hrs |
| BCH 4054  | Biochemistry II         | 3 hrs |

### 6. Capstone Requirements (3 hrs)

- The Capstone course is taken in the Senior year.
- IDS 4893 Capstone in Environmental Studies 3 hrs

### 7. Foreign Language Requirements

#### Admissions

- Two years of high school, or one year college language (or equivalent proficiency exam) prior to graduation

#### Graduation

- Proficiency equivalent to one year of college instruction in a foreign language. Standardized examinations for foreign languages may be used to meet the requirement.

#### 8. Electives

- Select primarily from upper level courses, with adviser approval.

#### 9. Additional Requirements

- None

#### 10. Required Minors

- None

#### 11. Departmental Exit Requirements

- A grade of "C" or above (2.0) is required for each course taken in the subject areas and core.
- Computer Competency is met by completing this major.

#### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

- 120

#### Honors In Major

- None

#### Related Programs

- Biology
- Chemistry
- Environmental Engineering
- Political Science
- Economics

#### Certificates

- None

#### Related Minors

- all minors

#### Advising Notes

- None

## UCF Degree Programs

### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Transfer courses must be evaluated for equivalency credit and/or for use in the degree program by the Interdisciplinary Advising Team. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

- None

### Plan of Study

- None

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

## Event Management (B.S.)

### Rosen College of Hospitality Management

### Department of Tourism Event and Attractions,

9907 Universal Boulevard, Orlando, FL 32819

## Exceptional Student Education (B.S.)

### College of Education and Human Performance

### Department of Child, Family and Community Sciences, Education Complex, Room: 209

<http://education.ucf.edu>

Dr. Rebecca Hines, [rebecca.hines@ucf.edu](mailto:rebecca.hines@ucf.edu)

The Exceptional Education B.S. provides students a community-embedded teacher preparation program that culminates in certification in Exceptional Education K-12 with Reading and ESOL endorsements. The Exceptional Education program is appropriate for students interested in employment in K-12 settings working with students with disabilities. Exceptional Education is a critical shortage area and students may be eligible for funding under the TEACH grant. Information can be found at <https://finaid.ucf.edu/grants/teachgrant.html>

### Admission Requirements

- Complete the University General Education requirements or its equivalent, i.e., an AA degree from an approved Florida College System or State University System institution.
- Have a minimum 2.5 overall GPA.
- Complete all Education Common Program Prerequisite courses with a minimum letter grade of "C" (2.00) or better.
- Meet the Gordon Rule Requirement.
- Meet the Foreign Language Admission Requirement.
- Pass all four parts of the General Knowledge Test (no alternatives or waivers are accepted).
- The Exceptional Education Program is community-based and courses include field experiences in a variety of settings during the junior and senior year of the program.
- Criminal background checks including fingerprints are required for all applicants to the Exceptional Education program. Students who do not meet approval criteria for working in local schools will not be admitted to the program.
- All applicants are required to attend an information session prior to submitting the application for admission to the program.
- Interview with faculty for final application approval required.

### Degree Requirements

- Enrollment is limited. Students should see an advisor prior to registering for classes.
- The courses designated in 1 (UCF General Education Program) and 2 (Education Common Program Prerequisites) should be completed prior to admission to the major and upper division education courses.
- This is a state-approved, initial teacher preparation program designed in compliance with Florida Statutes and State Board of Education Rule 6A-5.066. Degree requirements are subject to change based on state mandates.

## UCF Degree Programs

■ Passing scores on ALL three applicable sections of the Florida Teacher Certification Examination: General Knowledge Test (GKT), Professional Education Test (PED) and Subject Area Examination for Exceptional Student Education K-12

■ Students must earn a "C" or better in each required Exceptional Education course

■ Accepted students must agree to be available for practicum requirements which may occur during times and days which are outside of the UCF Academic Calendar.

### 1. UCF General Education Program (GEP) (36 hrs)

#### A: Communication Foundations (9 hrs)

|          |          |                                    |       |
|----------|----------|------------------------------------|-------|
| Required | ENC 1101 | Composition I                      | 3 hrs |
| Required | ENC 1102 | Composition II                     | 3 hrs |
| Prefer   | SPC 1608 | Fundamentals of Oral Communication | 3 hrs |

#### B: Cultural & Historical Foundations (9 hrs)

| Prefer | PHI 2010 | Introduction to Philosophy or | 3 hrs |
| Prefer | MUL 2010 | Enjoyment of Music            | 3 hrs |

#### C: Mathematical Foundations (6 hrs)

##### Select 1: (3 hrs)

|           |           |                    |       |
|-----------|-----------|--------------------|-------|
| Suggested | MAC 1105C | College Algebra or | 3 hrs |
| Suggested | MGF 1106  | Finite Mathematics | 3 hrs |

##### Select 1: (3 hrs)

|        |           |                          |       |
|--------|-----------|--------------------------|-------|
| Prefer | STA 2014C | Principles of Statistics | 3 hrs |
|--------|-----------|--------------------------|-------|

#### D: Social Foundations (6 hrs)

|        |          |                              |       |
|--------|----------|------------------------------|-------|
| Prefer | POS 2041 | American National Government | 3 hrs |
| Prefer | PSY 2012 | General Psychology           | 3 hrs |

#### E: Science Foundations (6 hrs)

|        |          |                  |       |
|--------|----------|------------------|-------|
| Prefer | PSC 1121 | Physical Science | 3 hrs |
|--------|----------|------------------|-------|

##### Select 1: (3 hrs)

|        |          |                       |       |
|--------|----------|-----------------------|-------|
| Prefer | ANT 2511 | The Human Species or  | 3 hrs |
| Prefer | BSC 1005 | Biological Principles | 3 hrs |

### 2. Common Program Prerequisites (CPP) (9 hrs)

■ See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|          |  |       |
|----------|--|-------|
| EDF 2005 | Introduction to the Teaching Profession  | 3 hrs |
| EDF 2085 | Introduction to Diversity for Educators  | 3 hrs |
| EME 2040 | Introduction to Technology for Educators | 3 hrs |

### 3. Core Requirements: Basic Level (12 hrs)

|                                 |   |       |
|---------------------------------|---|-------|
| <sup>1</sup> EDF 2130           | Child and Adolescent Development for Educators          | 3 hrs |
| <sup>1</sup> EDF 2720           | Children in Schools: Legal, Ethical and Safety Concerns | 3 hrs |
| Electives with advisor approval |   | 6 hrs |

<sup>1</sup> Courses taken at Florida College System institutions may substitute for select courses in Other Program Requirements with the permission of the department.

### 4. Core Requirements: Advanced Level (63 hrs)

■ Exceptional Education majors take a variety of courses related to children, adolescents, and adults with special needs, and their learning, development, and family environment. Students majoring in Exceptional Education take a series of core and specialization courses to prepare them to teach in the schools and to demonstrate the Florida Educator Accomplished Practices (FEAP). Early and continuous field experiences are provided to enhance the Exceptional Education major's program and to integrate theory and practice in actual school settings. Throughout the Exceptional Education program, students document and reflect upon their accomplishments in a Professional Portfolio, which is continuously reviewed by faculty.

■ Please note: It is strongly recommended to take the Professional Education Test (PED) portion of the FTCE during Semester II

■ Only students pursuing the Exceptional Education B.S may enroll in RED 4519 and RED 4942 during the same semester.

### Semester I 15 hrs

|                       |  |       |
|-----------------------|--|-------|
| <sup>1</sup> EDG 4410 | Teaching Strategies and Classroom Management             | 3 hrs |
| EEX 4070              | Teaching Exceptional Students                            | 3 hrs |
| <sup>1</sup> EEX 4601 | Introduction to Behavior Management                      | 3 hrs |
| <sup>1</sup> RED 3012 | Basic Foundations of Reading                             | 3 hrs |
| <sup>1</sup> TSL 4080 | Theory and Practice of Teaching ESOL Students in Schools | 3 hrs |

<sup>1</sup> Courses to be taken prior to Internship I.

### Semester II 15 hrs

|          |   |       |
|----------|---|-------|
| RED 4519 | Diagnostic and Corrective Reading Strategies        | 3 hrs |
| RED 4942 | Practicum for Assessment and Instruction of Reading | 3 hrs |
| EEX 3243 | Techniques for Exceptional Adolescents-Adults       | 3 hrs |
| LAE 4314 | Language Arts in the Elementary School              | 3 hrs |

### Methods Content Area Course I- Select one from:

- Elementary Content Area Course:  
MAE 3310 Elementary Mathematics for Teaching I 3 hrs

or - Secondary Content Area Course:  
MAE 4360 Mathematics Instructional Analysis 4 hrs

### Semester III 6 hrs

|          |                                    |       |
|----------|------------------------------------|-------|
| EEX 3221 | Assessment of Exceptional Students | 3 hrs |
| EDF 4467 | Learning Theory and Assessment     | 3 hrs |

■ Please note: It is strongly recommended to take the Professional Education Test (PED) and the Exceptional Education Subject Area Exam portions of the Florida Teacher Certification Exam (FTCE) after completion of Semester I and II, but prior to Semester III and IV.

■ Students must apply and be approved for Internship I.

■ At least 50% of all specialization courses must be completed with a letter grade of "C" (2.0) or better before registering for Internship II. However, a minimum GPA of 2.5 is required in the professional, specialization and overall for admission to Internship I.

### Semester IV 15 hrs

|                       |  |       |
|-----------------------|--|-------|
| EEX 3942              | Internship I Exceptional Education                               | 3 hrs |
| <sup>1</sup> EEX 3241 | Methods for Academic Skills for Exceptional Students             | 3 hrs |
| <sup>1</sup> EEX 4763 | Technology for Classroom Teachers of Students with Special Needs | 3 hrs |
| TSL 4240              | Issues in Second Language Acquisition                            | 3 hrs |

### Methods content area course II- Select one course from the Elementary OR Secondary Content Area:

#### Elementary Content Area Courses 3 hrs

■ MAE 3311 is a preferred Elementary Content Area course.

|          |   |       |
|----------|---|-------|
| SCE 3310 | Teaching Science in Elementary School or            | 3 hrs |
| SSE 3312 | Teaching Social Science in the Elementary School or | 3 hrs |
| LAE 3414 | Literature for Children or                          | 3 hrs |
| MAE 3311 | Elementary Mathematics for Teaching II              | 3 hrs |

#### Secondary Content Area Courses 3 hrs

|          |  |       |
|----------|--|-------|
| SCE 4360 | Science Instructional Analysis or                                  | 4 hrs |
| SSE 4361 | Social Science Instructional Analysis or                           | 3 hrs |
| LAE 4361 | Literacy Strategies in a Digital Age for Middle and High School or | 3 hrs |
| LAE 4464 | Survey of Adolescent Literature                                    | 3 hrs |

<sup>1</sup> To enroll in this course, you must be registered for EEX 3942 Internship I.

■ Students must apply and be approved for Internship II  
■ A passing score on all applicable sections of the Florida Teacher Certification Examination (General Knowledge Test, Professional Education Test, and Subject Area Examination for Exceptional Student Education K-12) is strongly recommended before entry into student teaching (EEX 4941 Internship II).

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

## Film (B.F.A.)

### College of Arts and Humanities

### School of Visual Arts and Design,

### Nicholson School of Communication, Room: 121

<http://svad.cah.ucf.edu/>

Email: [svadadvising@ucf.edu](mailto:svadadvising@ucf.edu)

Phone: 407-823-2676

### Admission Requirements

- The Film BFA major is a limited access program.
- Entrance into most Film classes is restricted to majors. Exceptions must be approved by the Department Chair.
- Applications to become a Film BFA major are required by December 15 for admission to the subsequent Fall term.
- A portfolio review is required for entry into the Film BFA major. Contact the School of Visual Arts and Design for details, or visit the website, <http://www.svad.cah.ucf.edu>.

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students are required to maintain an overall average grade of "B" (3.0) or better in Film major courses.
- A maximum of six credit hours of internship may be earned in one semester. A total of six credit hours of internship may be earned within the 120 credit hours required for graduation.
- Students must consult with a departmental advisor each semester.
- All students are required to pay a fee for equipment insurance.
- Departmental Residency Requirement consists of at least 48 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Film Department.

■ Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

### 1. UCF General Education Program (GEP) (36 hrs)

■ See Transfer Notes for possible substitutions.

#### A: Communication Foundations (9 hrs)

#### B: Cultural & Historical Foundations (9 hrs)

Prefer FIL 2030 History of Motion Pictures 3 hrs  
Prefer one course from B.1 list 3 hrs  
Prefer one course from either B.1 or B.2 list 3 hrs

#### C: Mathematical Foundations (6 hrs)

#### Math 3 hrs

Prefer MGF 1106 Finite Mathematics or 3 hrs  
MGF 1107 Explorations in Mathematics or 3 hrs  
You may substitute a higher level math with appropriate scores on the Math Placement Exam. 3 hrs

#### Statistics-Computers 3 hrs

Select a course from GEP C.2 list 3 hrs

#### D: Social Foundations (6 hrs)

#### E: Science Foundations (6 hrs)

### 2. Common Program Prerequisites (CPP) (3 hrs)

<sup>1</sup> FIL 2030 History of Motion Pictures GEP 3 hrs  
FIL 1007 Foundations of Story 3 hrs

<sup>1</sup> See transfer notes for possible substitutions.

### 3. Core Requirements: Basic Level (21 hrs)

■ Lower level core requirements

|          |                                 |       |
|----------|---------------------------------|-------|
| FIL 2107 | Script Analysis                 | 3 hrs |
| FIL 1009 | Cinematic Expression for Majors | 3 hrs |
| FIL 2552 | Editing I                       | 3 hrs |
| FIL 2480 | Directing for Film I            | 3 hrs |
| FIL 2461 | Cinematography I                | 3 hrs |
| FIL 2481 | Directing the Actor for Film I  | 3 hrs |
| DIG 2000 | Introduction to Digital Media   | 3 hrs |

### 4. Core Requirements: Advanced Level (36 hrs)

■ Upper level core requirements

|                       |                                 |       |
|-----------------------|---------------------------------|-------|
| FIL 3115              | Short Script I                  | 3 hrs |
| FIL 3132              | Short Script II                 | 3 hrs |
| FIL 3427C             | Introduction to Film Production | 3 hrs |
| FIL 3534              | Sound Design for Film I         | 3 hrs |
| FIL 3036              | Film History I                  | 3 hrs |
| FIL 3037              | Film History II                 | 3 hrs |
| FIL 3803C             | Film Theory and Criticism I     | 3 hrs |
| <sup>1</sup> FIL 3922 | Film Colloquium                 | 1 hr  |
| FIL 4486C             | Directing for Film II           | 3 hrs |
| FIL 4661              | The Film Producer               | 3 hrs |
| FIL 4647              | Film Production Management      | 3 hrs |

<sup>1</sup> Six semesters of colloquium required at 1 hour each.

### 5. Restricted Electives (12 hrs)

■ Select four courses from the following. Must complete all core requirements before taking these courses. A maximum of 6 hours of Independent Study may be substituted with advisor's prior approval.

#### Production / Direction

|           |                           |       |
|-----------|---------------------------|-------|

| MUC 3311  | MIDI Sequencing I                          | 3 hrs |

### 6. Capstone Requirements

**(6 hrs)**

|           |             |       |
|-----------|-------------|-------|
| FIL 4434C | Capstone I  | 3 hrs |
| FIL 4573C | Capstone II | 3 hrs |

### 7. Foreign Language Requirements

#### Admissions

- Met by graduation requirement

#### Graduation

- Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement.

### 8. Electives

- Select primarily from upper level courses, with departmental advisor's approval. May be outside of the department.

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- A student must maintain an overall average of a "B" (3.0) or better in major courses.

- Department of Film requires an exit interview.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at <http://research.honors.ucf.edu/honors-in-the-major>.

### Related Programs

- Art
- Film - Cinema Studies Track
- English - Creative Writing
- Digital Media
- Music
- Theatre
- Radio - Television

### Certificates

- None

### Related Minors

- Art - Studio
- Film - Cinema Studies

- English - Creative Writing
- Digital Media
- Music
- Theatre

### Advising Notes

- None

### Transfer Notes

- Lower division courses do not substitute for upper division courses.

- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

FIL 2030 may substitute for FIL 1000, but FIL 2030 is a prerequisite for subsequent Film courses and still must be taken.

FIL 1007 may use any introductory film writing course.

However, FIL 1008 is a prerequisite for all major courses and must be taken

### Plan of Study

#### Freshman Year - Fall

**12 hrs**

|          |                      |       |

# UCF Degree Programs

## Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/aic/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/aic/academic_learning_compacts.htm)

## Equipment Fees

- Part-Time Student: \$45 per term
- Full-Time Student: \$90 per term

## Film - Cinema Studies Track (B.A.)

### College of Arts and Humanities

### School of Visual Arts and Design,

### Nicholson School of Communication, Room: 121

<http://svad.cah.ucf.edu/>

Email: [svadadvising@ucf.edu](mailto:svadadvising@ucf.edu)

Phone: 407-823-2676

## Admission Requirements

- None

## Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students are required to maintain an overall average of "C" (2.0) or better in major courses.
- Film production/directing classes are not open to Cinema Studies majors.
- Cinema Studies Track is not an entrance into the BFA Film Program.
- Internship credit can be used in this major.
- Students must consult with a departmental advisor each semester.

■ Departmental Residency Requirement consists of at least 45 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Film Department.

■ Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

### 1. UCF General Education Program (GEP) (36 hrs)

#### A: Communication Foundations (9 hrs)

#### B: Cultural & Historical Foundations (9 hrs)

- Prefer FIL 2030 History of Motion Pictures 3 hrs
- Prefer one course from B.1 list 3 hrs
- Prefer one course from B.1 or B.2 list 3 hrs

#### C: Mathematical Foundations (6 hrs)

#### Math 3 hrs

- <sup>1</sup>Suggested MGF 1106 Finite Mathematics or 3 hrs
- Suggested MGF 1107 Explorations in Mathematics 3 hrs

or  
 You may substitute a higher level math with appropriate scores on the Math Placement Exam. 3 hrs

#### Statistics-Computers 3 hrs

- Select a course from GEP C.2 list 3 hrs

<sup>1</sup> May substitute a higher level math.

#### D: Social Foundations (6 hrs)

#### E: Science Foundations (6 hrs)

### 2. Common Program Prerequisites (CPP) (3 hrs)

- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

- <sup>1</sup> FIL 2030 History of Motion Pictures GEP 3 hrs
- <sup>1</sup> FIL 1007 Foundations of Story 3 hrs

<sup>1</sup> See Transfer Notes for possible substitutes

### 3. Core Requirements: Basic Level (12 hrs)

- FIL 1008 Cinematic Expression/Aesthetics 3 hrs
- FIL 2107 Script Analysis 3 hrs
- FIL 2423 Foundations of Production 3 hrs
- DIG 2000 Introduction to Digital Media 3 hrs

### 4. Core Requirements: Advanced Level (36 hrs)

- FIL 3006 Art of the Cinema 3 hrs
- FIL 3462C Cinematic Expression 3 hrs

- FIL 3363C Film Documentary 3 hrs
- FIL 3036 Film History I 3 hrs
- FIL 3037 Film History II 3 hrs
- FIL 3051 Avant-Garde Cinema 3 hrs
- FIL 3803C Film Theory and Criticism I 3 hrs
- FIL 3804C Film Theory and Criticism II 3 hrs
- FIL 3845 World Cinema Traditions 3 hrs
- FIL 3826 American Cinema 3 hrs
- FIL 4661 The Film Producer 3 hrs

### Select 1: 3 hrs

- FIL 3102 Writing for Film and TV or 3 hrs
- FIL 3115 Short Script I 3 hrs

### 5. Restricted Electives (9 hrs)

- Select three courses from the following upper level FIL courses:

- A maximum of 6 hours Independent Study and/or internship credit may be used

- FIL 3850 Cinema Directors 3 hrs
- FIL 3880C Images of Women in Film 3 hrs
- FIL 3831 Black Cinema 3 hrs
- FIL 3841 French New Wave Cinema 3 hrs
- FIL 3041 History of Animated Films I 3 hrs
- FIL 3824 Italian Neo-Realist Cinema 3 hrs
- FIL 3842 International Cinema 3 hrs
- FIL 3823 German Film 3 hrs
- FIL 3871 The American Film Artist 3 hrs
- FIL 4436 Film Theory/Film Production 3 hrs
- FIL 4906 Directed Independent Study 3 hrs
- DIG 4855 Converging Media Capstone 3 hrs
- DIG 4704 Interactive Entertainment 3 hrs
- FIL 3847 Latin American Cinema 3 hrs
- FIL 5612 Film and Internet Business 3 hrs
- FIL 3852 Cinema Criticism Writing 3 hrs

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Met by graduation requirement.

#### Graduation

- Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement.

### 8. Electives

- Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

### 9. Additional Requirements

- None

### 10. Required Minors

- Must be taken outside the Film Department. (18 hrs min)

### 11. Departmental Exit Requirements

- A student must maintain an overall average of "C" (2.0) or better in major courses.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors in Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:

[http://www.oas.ucf.edu/alac/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alac/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$45 per term
- Full-Time Student: \$90 per term

## Finance (B.S.B.A.)

### College of Business Administration

### Department of Finance,

### Business Administration I, Room: 409

<http://business.ucf.edu/undergraduate-programs>

Phone: 407-823-3575

The study of finance prepares students for careers in corporate finance, investments, banking and real estate. Not eligible for a double degree with another College of Business Administration major.

### Admission Requirements

- Completion of the UCF General Education program and Gordon Rule, or an AA degree from a Florida College System or State University System institution, and completion of each Common Program Prerequisite course with a "C" (2.0) or better.

- Completion of the following courses at UCF or at an AACSB accredited institution: ECO 3411, MAR 3023, FIN 3403, MAN 3025, and ACG 3173, with a GPA of at least 3.0, a grade of at least "B" (3.0) in FIN 3403, at least a "B" (3.0) in ACG 3173 OR at least a "C" (2.0) in ACG 3131. One course may be repeated one time in the next term of enrollment to meet these requirements.

- See Common Program Prerequisites

- A student's academic catalog year guarantees their graduation requirements, but not their admission requirements. All pre-majors are held to the current admission standards. This applies to both native and transfer students.

### Degree Requirements

- Students who change their degree programs and select this major must adopt the most current catalog.

- Students wanting to major in Finance must apply for admission to the major.

- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.

- For students seeking a double major within the College of Business, a maximum of 6 hours of Required Courses for the Major or Restricted Electives may count towards another business major.

- A maximum of 6 hours of Core Requirements or Restricted Electives may count towards another degree program or minor.

## UCF Degree Programs

■ Students in the Finance major must maintain a 2.75 or higher cumulative Grade Point Average in all 3000 level or higher Finance courses taken at UCF and a 2.0 or higher cumulative GPA in all College of Business courses taken at UCF. Failure to maintain the required GPAs will result in the student being placed on Lack of Progress in the major and/or College. If a student on Lack of Progress fails to achieve the minimum required GPA in the subsequent term of enrollment, the student will be dismissed from the Finance major and/or College of Business. A student who is dismissed may seek consideration for readmittance into the College or major by submitting a letter indicating the reasons for academic difficulties and positive plans for achieving the required GPA. Readmission is not automatic or guaranteed and as an exception to College policy is rarely granted.

■ Students must earn a "B" (3.0) or higher in FIN 3403 and ACG 3173 (or a "C" (2.0) or higher in ACG 3131). In addition, only grades of "C" (2.0) or higher transfer into the program and students must earn a minimum of "C" (2.0) or higher in all business courses. This includes all courses under requirements 2, 3, 4, 5 and 6 below.

### 1. UCF General Education Program (GEP) (36 hrs)

**A: Communication Foundations (9 hrs)**  
 Prefer SPC 1608 Fundamentals of Oral Communication 3 hrs

### B: Cultural & Historical Foundations (9 hrs)

**C: Mathematical Foundations (6 hrs)**  
 Required CGS 2100C Computer Fundamentals for Business 3 hrs  
 Required MAC 1105C College Algebra 3 hrs

### D: Social Foundations (6 hrs)

**Select 1: (3 hrs)**  
 Prefer ECO 2013 Principles of Macroeconomics or 3 hrs  
 Prefer ECO 2023 Principles of Microeconomics 3 hrs

**Select 1: (3 hrs)**  
 Suggested PSY 2012 General Psychology or 3 hrs  
 Suggested ANT 2000 General Anthropology or 3 hrs  
 Suggested SYG 2000 Introduction to Sociology 3 hrs

### E: Science Foundations (6 hrs)

### 2. Common Program Prerequisites (CPP) (18 hrs)

■ Must be completed with a "C" (2.0) or better.  
 ACG 2021 Principles of Financial Accounting 3 hrs  
 ACG 2071 Principles of Managerial Accounting 3 hrs  
 CGS 2100C Computer Fundamentals for Business 3 hrs  
 ECO 2013 Principles of Macroeconomics 3 hrs  
 ECO 2023 Principles of Microeconomics 3 hrs

### Select one of the following sequences of courses:

■ Students who have not completed MAC 2233 and STA 2023 with a "C" (2.0) or better must take ECO 3401.

ECO 3401 Quantitative Business Tools I 3 hrs

or

<sup>1</sup> MAC 2233 Concepts of Calculus and 3 hrs  
 STA 2023 Statistical Methods I 3 hrs

<sup>1</sup> or MAC 2311 and MAC 2312

### 3. Core Requirements: Basic Level

■ None

### 4. Core Requirements: Advanced Level (42 hrs)

#### Primary Core (15 hrs)

ACG 3173 Accounting for Decision-Makers 3 hrs  
 ECO 3411 Quantitative Business Tools II 3 hrs  
 FIN 3403 Business Finance 3 hrs  
 MAN 3025 Management of Organizations 3 hrs  
 MAR 3023 Marketing 3 hrs

#### Secondary Core (15 hrs)

GEB 3006 Introduction to Career Development and Financial Planning 2 hrs  
 GEB 3003 Career Research & Planning 1 hr

GEB 3005 Career Search Strategy 1 hr  
 BUL 3130 Legal and Ethical Environment of Business 3 hrs  
 GEB 3375 Introduction to International Business 3 hrs  
 MAR 3203 Supply Chain and Operations Management 3 hrs  
 GEB 4223 Business Interviewing Techniques 1 hr  
 GEB 4004 Executing Your Career Plan 1 hr

### Required Courses for Major (12 hrs)

FIN 3414 Intermediate Corporate Finance 3 hrs  
 FIN 4243 Debt and Money Markets 3 hrs  
 FIN 4504 Equity and Capital Markets 3 hrs  
 FIN 4424 Advanced Topics in Financial Management 3 hrs

### 5. Restricted Electives (15 hrs)

#### Finance Electives (12 hrs)

#### Select 2: (6 hrs)

■ Minimum of 2 courses required.

FIN 3461 Financial Statement Analysis 3 hrs  
 FIN 4324 Commercial Bank Management 3 hrs  
 FIN 4453 Financial Models 3 hrs  
 FIN 4514 Portfolio Analysis and Management 3 hrs  
 FIN 4533 Financial Derivatives 3 hrs  
 FIN 4604 International Financial Management 3 hrs

#### Finance Restricted Electives (6 hrs)

■ Select two below or an additional two courses from the Finance Electives above:

<sup>1</sup> ACG 3141 Intermediate Financial Accounting II 3 hrs  
 ECO 4412 Econometrics I 3 hrs  
 ECO 4412 Econometrics II 3 hrs  
 ECO 3101 Intermediate Microeconomics 3 hrs  
 ECO 3203 Intermediate Macroeconomics 3 hrs  
 FIN 4906 Directed Independent Study 3 hrs  
<sup>2</sup> FIN 4941 Finance Internship 3 hrs  
<sup>3</sup> FIN 4903H Honors Directed Reading I 3 hrs  
<sup>3</sup> FIN 4970H Undergraduate Honors Thesis 3 hrs  
 GEB 4374 International Negotiations and Transactions 3 hrs  
 MAR 3391 Professional Selling 3 hrs  
 REE 4203 Commercial Real Estate Finance 3 hrs  
 REE 4303 Real Estate Investment Analysis 3 hrs

<sup>1</sup> Must be an accounting major or accounting minor to register for this course

<sup>2</sup> Internship course requires an overall GPA of 2.75 and a 3.0 GPA in the major.

<sup>3</sup> Must be in the UCF Honors in the Major Program. See <http://www.honors.ucf.edu/> for details.

#### Business Elective (3 hrs)

Choose any upper level business course. 3 hrs

### 6. Capstone Requirements (3 hrs)

■ Admitted to a Business major, senior standing, and completion of MAN 3025, MAR 3023, FIN 3403, ECO 3411, and ACG 3173 or ACG 3131 are required to register for MAN 4720.

MAN 4720 Strategic Management 3 hrs

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation

#### Graduation

■ None

#### 8. Electives

■ Variable

#### 9. Additional Requirements

■ None

#### 10. Required Minors

■ None

#### 11. Departmental Exit Requirements

■ A minimum major GPA of 2.75 and a minimum College of Business GPA of 2.0.

#### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA  
 ■ 60 semester hours earned after CLEP awarded  
 ■ 48 semester hours of upper division credit completed

## UCF Degree Programs

- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- Eligibility: Requirements for admission to the Honors in the Major program are: completion of at least 60 credit hours, completion of at least 12 upper division hours, at least a 3.5 GPA in the major, at least a 3.2 upper-division GPA, and at least two semesters remaining prior to graduation.

- Admission: Application for admission to the Honors in the Major program must be approved by both the Chair of the Finance Department and Associate Dean of the Honors College plus the payment of \$25.00 one-time membership dues.

- Requirements: Students accepted into the Honors in the Major program must complete two honors courses (total of 6 credit hours) as follows:

**Honors in Major Credit Requirements** **6 hrs**

**Required Honors Reading Course** **3 hrs**

FIN 4903H Honors Directed Reading I 3 hrs

**Required Honors Thesis** **3 hrs**

FIN 4970H Undergraduate Honors Thesis 3 hrs

### Related Programs

- None

### Certificates

- Finance: Banking
- Finance: Corporate Finance
- Finance: Investments

### Related Minors

- None

### Advising Notes

- Florida College System students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.
- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
- Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Quantitative Business Tools I. Students who have completed either the calculus or the statistics, but not both, must take Quantitative Business Tools I.
- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C"(2.0) or better in each common program prerequisites class.

- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.

### Acceptable Substitutes for Transfer Courses

- None

### Plan of Study

- General electives as required to earn 120 semester hours. The department recommends completing FIN 2100 (Personal Finance) as a general elective, prior to the junior year.

### Freshman Year - Fall **15 hrs**

|                       |                              |       |

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$25 per term
- Full-Time Student: \$50 per term

## UCF Degree Programs

### Forensic Science - Biochemistry Track (B.S.)

#### College of Sciences

#### Department of Chemistry,

Physical Sciences Building, Room: 255

<http://chemistry.cos.ucf.edu/>

Email: [chemstaff@ucf.edu](mailto:chemstaff@ucf.edu)

Dr. Tamra Legron-Rodriguez, [tamra.legron-rodriguez@ucf.edu](mailto:tamra.legron-rodriguez@ucf.edu)

Phone: 407-823-1167

Students completing the Forensic Science - Biochemistry Track B.S. degree will also meet the requirements for ACS certification. This track is designed to align students with specific courses necessary for the examination of DNA and other biochemical evidence.

#### Admission Requirements

- None

#### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Departmental Residency Requirement consists of at least 30 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Chemistry.
- Co-op credit cannot be used in this major.
- Students should consult with a departmental advisor.
- Students must earn a "C" (2.0) or higher in each course and have a minimum 2.5 cumulative GPA in all courses in categories 2 (Common Program Prerequisites), 3 (Core Requirements: Basic Level), 4 (Core Requirements: Advanced Level), and 5 (Restricted Electives).

Individual course prerequisites for enrollment in courses within the College of Sciences will be enforced.

Courses designated in 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

#### 1. UCF General Education Program (GEP) (39 hrs)

- Certain courses must be selected in the GEP for this major, which brings the GEP hours above 36.

#### A: Communication Foundations (9 hrs)

|          |           |   |       |
|----------|-----------|---|-------|
| Prefer   | SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |
| Required | ENC 1101  | Composition I                           | 3 hrs |
| Required | ENC 1102  | Composition II                          | 3 hrs |

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (7 hrs)

|          |           |                                   |       |
|----------|-----------|-----------------------------------|-------|
| Required | MAC 2311C | Calculus with Analytic Geometry I | 4 hrs |
| Required | STA 2023  | Statistical Methods I             | 3 hrs |

#### D: Social Foundations (6 hrs)

#### E: Science Foundations (8 hrs)

|          |           |                                  |       |
|----------|-----------|----------------------------------|-------|
| Required | BSC 2010C | Biology I                        | 4 hrs |
| Required | PHY 2048C | General Physics Using Calculus I | 4 hrs |

#### 2. Common Program Prerequisites (CPP) (16 hrs)

- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|           |                          |       |
|-----------|--------------------------|-------|
| BSC 2010C | Biology I                | GEP   |
| CHM 2045C | Chemistry Fundamentals I | 4 hrs |

or

|          |                               |       |
|----------|-------------------------------|-------|
| CHM 2040 | Chemistry Fundamentals IA and | 3 hrs |
| CHM 2041 | Chemistry Fundamentals IB     | 3 hrs |

#### Take all of the following:

|           |                                    |       |
|-----------|------------------------------------|-------|
| CHM 2046  | Chemistry Fundamentals II          | 3 hrs |
| CHM 2046L | Chemistry Fundamentals Laboratory  | 1 hr  |
| MAC 2311C | Calculus with Analytic Geometry I  | GEP   |
| MAC 2312  | Calculus with Analytic Geometry II | 4 hrs |
| PHY 2048C | General Physics Using Calculus I   | GEP   |
| PHY 2049C | General Physics Using Calculus II  | 4 hrs |

#### 3. Core Requirements: Basic Level (16 hrs)

- All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken.

#### Basic Core: Required, satisfies the CPP

|           |                          |     |
|-----------|--------------------------|-----|
| CHM 2045C | Chemistry Fundamentals I | CPP |
|-----------|--------------------------|-----|

- or

|          |                               |     |
|----------|-------------------------------|-----|
| CHM 2040 | Chemistry Fundamentals IA and | CPP |
| CHM 2041 | Chemistry Fundamentals IB     | CPP |

- and

| PCB 3233L | Immunology Laboratory                    | 1 hr  |
| PCB 4524  | Molecular Biology II                     | 3 hrs |
| STA 4163  | Statistical Methods II                   | 3 hrs |
| ZOO 3733C | Human Anatomy                            | 4 hrs |

#### 6. Capstone Requirements

- None

#### 7. Foreign Language Requirements

##### Admissions

- Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.

##### Graduation

- None

#### 8. Electives

- Select primarily from upper level courses after consulting with a departmental advisor. Courses may be outside the department.

#### 9. Additional Requirements

- None

## UCF Degree Programs

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- Earn a grade of "C" (2.0) or better in each course used to satisfy categories 2, 3, 4, and 5 of the degree requirements.
  - Students must maintain a cumulative GPA of 2.5 in all courses taken to meet Common Program Prerequisites and Core Requirements: Basic Level, Core Requirements: Advanced Level and Restricted Electives.
  - All attempts of courses taken that could meet major requirements are included in the GPA calculation. Additional courses that could meet requirements but are taken beyond the minimum required (e.g., additional restricted electives) and a "C" (2.0) or better is earned are also included in both GPA calculations.
  - The last 30 credit hours of regularly scheduled courses that satisfy degree requirements must be taken in Residence at UCF.
- ### 12. University Minimum Exit Requirements
- A 2.0 UCF GPA
  - 60 semester hours earned after CLEP awarded
  - 48 semester hours of upper division credit completed
  - 30 of the last 39 hours of course work must be completed in residency at UCF.
  - A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
  - Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 124

### Honors In Major

- None

### Related Programs

- Forensic Science - Chemistry Track
- Chemistry
- Biomedical Sciences

### Certificates

- None

### Related Minors

- Chemistry
- Biomedical Sciences

### Advising Notes

- None

### Transfer Notes

- Lower division courses do not substitute for upper division courses.
  - Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.
- ### Acceptable Substitutes for Transfer Courses
- CHM 2045C: may use CHM X040 plus CHM X041.
  - Calculus: Although other math classes satisfy the CPP, the specified courses are required in the major and still must be taken.
  - Physics: Although CPP requirements permit substitution by Organic Chemistry, all the specified courses are required for graduation and still must be taken.

### Plan of Study

- One of numerous possible plans of study. See program description for all requirements. Consult a departmental advisor for alternate, new or more appropriate selections.
- Before registering for Chemistry, take Chemistry Placement Test ~ <http://knightsource.sdes.ucf.edu/placement>
- Before registering for Math, take Math Placement Test ~ <http://utc.sdes.ucf.edu>
- This plan assumes you need to begin with the three semester chemistry sequence and calculus. Having to start at a lower math class will increase the hours taken.

### Freshman Year - Fall

|           |                                   |       |

### Senior Year - Summer

|          |                             |       |
|----------|-----------------------------|-------|
| CHS 4591 | Forensic Science Internship | 4 hrs |
|          |                             | 4 hrs |

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$45 per term
- Full-Time Student: \$90 per term

## UCF Degree Programs

### Forensic Science - Chemistry Track (B.S.)

#### College of Sciences

#### Department of Chemistry,

Physical Sciences Building, Room: 255

<http://chemistry.cos.ucf.edu/>

Email: [chemstaff@ucf.edu](mailto:chemstaff@ucf.edu)

Dr. Tamra Legron-Rodriguez, [tamra.legron-rodriguez@ucf.edu](mailto:tamra.legron-rodriguez@ucf.edu)  
Phone: 407-823-1167

Students completing the Forensic Science - Chemistry Track B.S. degree will also meet the requirements for ACS certification. This track is designed to allow students the flexibility to prepare for multiple careers in forensics through selection of restricted elective courses.

#### Admission Requirements

- None

#### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Departmental Residency Requirement consists of at least 30 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Chemistry
- Co-op credit cannot be used in this major.
- Students should consult with a departmental advisor.
- Students must earn a "C" (2.0) or higher in each course and have a minimum 2.5 cumulative GPA in all courses in categories 2 (Common Program Prerequisites), 3 (Core Requirements: Basic Level), 4 (Core Requirements: Advanced Level), and 5 (Restricted Electives).
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

1. UCF General Education Program (GEP) (39 hrs)

- Note: Certain courses must be selected in the GEP for this major, which brings the GEP hours above 36

#### A: Communication Foundations (9 hrs)

|          |           |   |       |
|----------|-----------|---|-------|
| Prefer   | SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |
| Required | ENC 1101  | Composition I                           | 3 hrs |
| Required | ENC 1102  | Composition II                          | 3 hrs |

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (7 hrs)

|          |           |                                   |       |
|----------|-----------|-----------------------------------|-------|
| Required | MAC 2311C | Calculus with Analytic Geometry I | 4 hrs |
| Required | STA 2023  | Statistical Methods I             | 3 hrs |

#### D: Social Foundations (6 hrs)

#### E: Science Foundations (8 hrs)

|          |           |                                  |       |
|----------|-----------|----------------------------------|-------|
| Required | BSC 2010C | Biology I                        | 4 hrs |
| Required | PHY 2048C | General Physics Using Calculus I | 4 hrs |

#### 2. Common Program Prerequisites (CPP) (16 hrs)

- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

BSC 2010C Biology I GEP

#### Select one of the following sequences of courses:

|           |                               |       |
|-----------|-------------------------------|-------|
| CHM 2045C | Chemistry Fundamentals I      | 4 hrs |
| or        |                               |       |
| CHM 2040  | Chemistry Fundamentals IA and | 3 hrs |
| CHM 2041  | Chemistry Fundamentals IB     | 3 hrs |

#### Take all of the following:

|           |                                    |       |
|-----------|------------------------------------|-------|
| CHM 2046  | Chemistry Fundamentals II          | 3 hrs |
| CHM 2046L | Chemistry Fundamentals Laboratory  | 1 hr  |
| MAC 2311C | Calculus with Analytic Geometry I  | GEP   |
| MAC 2312  | Calculus with Analytic Geometry II | 4 hrs |
| PHY 2048C | General Physics Using Calculus I   | GEP   |
| PHY 2049C | General Physics Using Calculus II  | 4 hrs |

#### 3. Core Requirements: Basic Level (15 hrs)

- All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken.

#### Basic Core: Required, satisfies the CPP

|           |                          |     |
|-----------|--------------------------|-----|
| CHM 2045C | Chemistry Fundamentals I | CPP |
|-----------|--------------------------|-----|

#### - or

|          |                               |     |
|----------|-------------------------------|-----|
| CHM 2040 | Chemistry Fundamentals IA and | CPP |
| CHM 2041 | Chemistry Fundamentals IB     | CPP |

#### - and

|           |  |         |
|-----------|--|---------|
| CHM 2046  | Chemistry Fundamentals II and          | CPP     |
| CHM 2046L | Chemistry Fundamentals Laboratory and  | CPP     |
| BSC 2010C | Biology I and                          | GEP/CPP |
| MAC 2311C | Calculus with Analytic Geometry I and  | GEP/CPP |
| MAC 2312  | Calculus with Analytic Geometry II and | CPP     |
| PHY 2048C | General Physics Using Calculus I and   | CPP     |
| PHY 2049C | General Physics Using Calculus II      | CPP     |

#### Basic Core: Additional Requirements 15 hrs

|           |                                     |       |
|-----------|-------------------------------------|-------|
| CHM 2210  | Organic Chemistry I and             | 3 hrs |
| CHM 2211  | Organic Chemistry II and            | 3 hrs |
| CHM 2211L | Organic Laboratory Techniques I and | 2 hrs |
| CHM 3120  | Analytical Chemistry and            | 3 hrs |
| CHM 3120L | Analytical Chemistry Laboratory and | 1 hr  |
| STA 2023  | Statistical Methods I and           | GEP   |
| PCB 3063  | Genetics                            | 3 hrs |

#### 4. Core Requirements: Advanced Level (37 hrs)

#### A. Forensic Science Core: 32 hrs

|           |  |       |
|-----------|--|-------|
| CHS 3501  | Introduction to Forensic Science           | 3 hrs |
| CHS 3505C | Forensic Microscopy                        | 4 hrs |
| CHS 3511C | Trace Evidence                             | 4 hrs |
| CHS 3530C | Forensic Analysis of Controlled Substances | 4 hrs |
| CHS 3533  | Forensic Biochemistry I                    | 2 hrs |
| CHS 3595  | Forensic Science in the Courtroom          | 3 hrs |
| CHS 4537  | Forensic Laboratory Quality Assurance      | 2 hrs |
| CHS 4591  | Forensic Science Internship                | 4 hrs |
| CHM 3422  | Applied Physical Chemistry                 | 3 hrs |
| BCH 4053  | Biochemistry I                             | 3 hrs |

#### B. Forensic Chemistry Track: 5 hrs

|           |  |       |
|-----------|--|-------|
| CHM 4130  | Advanced Analytical Laboratory Technique | 3 hrs |
| CHM 4130L | Advanced Analytical Chemistry Laboratory | 2 hrs |

#### 5. Restricted Electives (12 hrs)

#### Select from the following: 12 hrs

- Note: Substitutions require prior approval by the Forensic Science Program advisor.

|           |                                    |       |
|-----------|------------------------------------|-------|
| ANT 4521  | Forensic Anthropology              | 3 hrs |
| BCH 4054  | Biochemistry II                    | 3 hrs |
| CHM 3215L | Organic Laboratory Techniques II   | 2 hrs |
| CHM 4912  | Directed Independent Research      | 3 hrs |
| CHS 5504  | Topics in Forensic Science         | 3 hrs |
| PCB 3063L | Genetics Laboratory                | 1 hr  |
| PCB 3233  | Immunology                         | 3 hrs |
| PCB 3233L | Immunology Laboratory              | 1 hr  |
| CHS 3533L | Forensic Biochemistry I Laboratory | 1 hr  |
| CHS 4534C | Forensic Biochemistry II           | 3 hrs |
| STA 4163  | Statistical Methods II             | 3 hrs |
| ZOO 3733C | Human Anatomy                      | 4 hrs |

#### 6. Capstone Requirements

- None

#### 7. Foreign Language Requirements

#### Admissions

- Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.

#### Graduation

- None

#### 8. Electives

- Select primarily from upper level courses after consulting with a departmental advisor. Courses may be outside the department.

#### 9. Additional Requirements

- None

#### 10. Required Minors

- None

## UCF Degree Programs

### 11. Departmental Exit Requirements

- Earn a grade of "C" (2.0) or better in each course used to satisfy categories 2, 3, 4, and 5 of the degree requirements.
- Students must maintain a cumulative GPA of 2.5 in all courses taken to meet Common Program Prerequisites and Core Requirements: Basic Level, Core Requirements: Advanced Level and Restricted Electives.
- All attempts of courses taken that could meet major requirements are included in the GPA calculation. Additional courses that could meet requirements but are taken beyond the minimum required (e.g., additional restricted electives) and a "C" (2.0) or better is earned are also included in both GPA calculations.
- The last 30 credit hours of regularly scheduled courses that satisfy degree requirements must be taken in Residence at UCF.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 124

### Honors In Major

- None

### Related Programs

- Chemistry
- Forensic Science - Biochemistry Track

### Certificates

- Behavioral Forensics
- Crime Scene Investigation

### Related Minors

- Chemistry

### Advising Notes

- None

### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

- CHM 2045C: may use CHM X040 plus CHM X041.
- Calculus: Although other math courses may satisfy the CPP, the specified courses are required in the major and still must be taken.
- Physics: Although CPP requirements permit substitution by Organic Chemistry, all the specified courses are required for graduation and still must be taken.

### Plan of Study

- One of numerous possible plans of study. See program description for all requirements. Consult a departmental advisor for alternate, new or more appropriate selections.
- Before registering for Chemistry, take Chemistry Placement Test ~  
<http://knightsource.sdes.ucf.edu/placement>
- Before registering for Math, take Math Placement Test ~  
<http://utc.sdes.ucf.edu>
- This plan assumes you need to begin with the three semester chemistry sequence and calculus. Having to start at a lower math class will increase the hours taken.

### Freshman Year - Fall 13 hrs

|           |                                   |       |
|-----------|-----------------------------------|-------|
| CHM 2040  | Chemistry Fundamentals IA         | 3 hrs |
| CHS 3501  | Introduction to Forensic Science  | 3 hrs |
| MAC 2311C | Calculus with Analytic Geometry I | 4 hrs |
| ENC 1101  | Composition I                     | 3 hrs |

### Freshman Year - Spring 13 hrs

|          |                                    |       |
|----------|------------------------------------|-------|
| CHM 2041 | Chemistry Fundamentals IB          | 3 hrs |
| MAC 2312 | Calculus with Analytic Geometry II | 4 hrs |
| ENC 1102 | Composition II                     | 3 hrs |
| STA 2023 | Statistical Methods I              | 3 hrs |

### Freshman Year - Summer 7 hrs

|  |                                   |       |
|--|-----------------------------------|-------|
| CHM 2046   | Chemistry Fundamentals II         | 3 hrs |
| CHM 2046L  | Chemistry Fundamentals Laboratory | 1 hr  |
| Lab may be taken in a later term if seats are not available. |                                   |       |
| GEP  |                                   | 3 hrs |

### Sophomore Year - Fall 14 hrs

|                     |                                  |       |
|---------------------|----------------------------------|-------|
| CHM 2210            | Organic Chemistry I              | 3 hrs |
| BSC 2010C           | Biology I                        | 4 hrs |
| PHY 2048C           | General Physics Using Calculus I | 4 hrs |
| Restricted Elective |                                  | 3 hrs |

### Sophomore Year - Spring 13 hrs

|           |   |       |
|-----------|---|-------|
| CHM 2211  | Organic Chemistry II                    | 3 hrs |
| PHY 2049C | General Physics Using Calculus II       | 4 hrs |
| PCB 3063  | Genetics                                | 3 hrs |
| SPC 1603C | Fundamentals of Technical Presentations | 3 hrs |

### Sophomore Year - Summer 5 hrs

|  |                                 |       |
|--|---------------------------------|-------|
| CHM 2211L  | Organic Laboratory Techniques I | 2 hrs |
| Lab may be taken in a later term if seats are not available. |                                 |       |
| GEP  |                                 | 3 hrs |

### Junior Year - Fall 14 hrs

|                     |                                 |       |
|---------------------|---------------------------------|-------|
| CHS 3505C           | Forensic Microscopy             | 4 hrs |
| CHM 3120            | Analytical Chemistry            | 3 hrs |
| CHM 3120L           | Analytical Chemistry Laboratory | 1 hr  |
| CHM 3422            | Applied Physical Chemistry      | 3 hrs |
| Restricted Elective |                                 | 3 hrs |

### Junior Year - Spring 13 hrs

|                     |                                   |       |
|---------------------|-----------------------------------|-------|
| CHS 3511C           | Trace Evidence                    | 4 hrs |
| CHS 3595            | Forensic Science in the Courtroom | 3 hrs |
| Restricted Elective |                                   | 3 hrs |
| GEP                 |                                   | 3 hrs |

### Senior Year - Fall 12 hrs

|                     |  |       |
|---------------------|--|-------|
| CHS 3530C           | Forensic Analysis of Controlled Substances | 4 hrs |
| CHS 3533            | Forensic Biochemistry I                    | 2 hrs |
| GEP                 |  | 3 hrs |
| Restricted Elective |  | 3 hrs |

### Senior Year - Spring 13 hrs

|           |  |       |
|-----------|--|-------|
| CHM 4130  | Advanced Analytical Laboratory Technique | 3 hrs |
| CHM 4130L | Advanced Analytical Chemistry Laboratory | 2 hrs |
| BCH 4053  | Biochemistry I                           | 3 hrs |
| CHS 4537  | Forensic Laboratory Quality Assurance    | 2 hrs |
| GEP       |  | 3 hrs |

### Senior Year - Summer 4 hrs

|          |                             |       |
|----------|-----------------------------|-------|
| CHS 4591 | Forensic Science Internship | 4 hrs |
|----------|-----------------------------|-------|

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$45 per term
- Full-Time Student: \$90 per term

## French (B.A.)

### College of Arts and Humanities

### Department of Modern Languages and Literatures,

### Colbourn Hall, Room: 521

<http://mll.cah.ucf.edu/>

Dr. Charlotte Trinquet, Charlotte.TrinquetDuLys@ucf.edu

Placement in Modern Language courses is based on one year of high school language being equivalent to one semester of college work. For example, four years of high school French may place the student in the first semester of the third year. Native speakers, or students who have received advanced education in French-speaking

## UCF Degree Programs

societies, may not take lower division French courses. They must also substitute other upper division level courses for FRE 3420, FRE 4422, FRE 3760, and FRE 4421.

### Admission Requirements

- None

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- 36 credits in French must be taken at the 3000 level or above.
- At least six of the 36 French credits must be at the 4000 level.
- At least 30 hours must be taken in Modern Language courses taught in French.
- Earn at least a "C" (2.0) in each upper division French course.
- Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Department of Modern Languages and Literatures.
- Language credit by exam will not be given in courses lower in level than those in which students are presently enrolled. Native speakers will be allowed Credit by Examination in literature courses only.
- Co-op or internship credit cannot be used in this major.
- Students must see their advisor to obtain proper counseling and have their schedule approved before registering for courses in their major.
- Courses designated in 1 (Gen Ed Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

### 1. UCF General Education Program (GEP) (36 hrs)

#### A: Communication Foundations (9 hrs)

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (6 hrs)

#### Math (6 hrs)

|           |          |                             |       |
|-----------|----------|-----------------------------|-------|
| Suggested | MGF 1106 | Finite Mathematics or       | 3 hrs |
| Suggested | MGF 1107 | Explorations in Mathematics | 3 hrs |

#### Statistics - Computers (3 hrs)

Select a course from GEP C.2 list

#### D: Social Foundations (6 hrs)

#### E: Science Foundations (6 hrs)

### 2. Common Program Prerequisites (CPP)

- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|                        |  |       |
|------------------------|--|-------|
| <sup>1</sup> FRE 1120C | Elementary French Language and Civilization I    | 4 hrs |
| <sup>1</sup> FRE 1121C | Elementary French Language and Civilization II   | 4 hrs |
| <sup>1</sup> FRE 2200  | Intermediate French Language and Civilization I  | 3 hrs |
| <sup>1</sup> FRE 2201  | Intermediate French Language and Civilization II | 3 hrs |

<sup>1</sup> \*May be met by proficiency test or completion of FRE 2201

### 3. Core Requirements: Basic Level

- None

### 4. Core Requirements: Advanced Level (21 hrs)

|                       |                                    |       |
|-----------------------|------------------------------------|-------|
| FRW 3100              | Survey of French Literature I      | 3 hrs |
| <sup>1</sup> FRE 3300 | French Grammar                     | 3 hrs |
| <sup>1</sup> FRE 3420 | French Composition                 | 3 hrs |
| <sup>1</sup> FRE 3760 | Advanced French Oral Communication | 3 hrs |
| <sup>1</sup> FRE 3780 | French Phonetics and Diction       | 3 hrs |

#### Select 1: (3 hrs)

|                       |                                 |       |
|-----------------------|---------------------------------|-------|
| <sup>1</sup> FRE 4421 | Advanced French Conversation or | 3 hrs |
| FRE 4422              | Advanced French Composition     | 3 hrs |

#### Select 1: (3 hrs)

|          |                                   |       |
|----------|-----------------------------------|-------|
| FRW 3101 | Survey of French Literature II or | 3 hrs |
| FRW 3770 | Francophone Literature            | 3 hrs |

<sup>1</sup> A native or near-native French speaker must substitute alternate upper division French courses in consultation with a departmental advisor.

### 5. Restricted Electives

- FRW course beyond the survey level (taught in French) (15 hrs)
- Select any upper level FRE, FRT, or FRW courses not already used in the major. (6 hrs / 9 hrs)

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Met by graduation requirements.

#### Graduation

- Met by Common Program Prerequisites

### 8. Electives

- Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- Earn a grade of "C" (2.0) or higher in at least 36 hours of upper division French courses
- Students are required to satisfactorily complete a departmental exit exam, entirely in French. The exam is offered at the end of each October and March and students need the approval of their advisor to take the exam. Students should discuss the optimal test date with their advisor and the French Program Director. Students may take the French Exit Exam a maximum of two times. Exceptions must be approved by the student's French advisor and by the French Program Director.
- Students must submit their portfolio (FRE 4950C) to their French Faculty Advisor. Students must earn a grade of "C" or higher.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at <http://research.honors.ucf.edu/honors-in-the-Major>.

### Related Programs

- Spanish

### Certificates

- None

### Related Minors

- French
- Italian
- Judaic Studies
- Latin American Area Studies
- Spanish

### Advising Notes

- None

### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated by the department chair for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

- None

## UCF Degree Programs

### Plan of Study

#### Freshman Year - Fall 13 hrs

|           |   |       |
|-----------|---|-------|
| ENC 1101  | Composition I                                 | 3 hrs |
| WOH 2012  | World Civilization I                          | 3 hrs |
| MGF 1107  | Explorations in Mathematics                   | 3 hrs |
| FRE 1120C | Elementary French Language and Civilization I | 4 hrs |

#### Freshman Year - Spring 13 hrs

|           |  |       |
|-----------|--|-------|
| ENC 1102  | Composition II                                 | 3 hrs |
| WOH 2022  | World Civilization II                          | 3 hrs |
| FRE 1121C | Elementary French Language and Civilization II | 4 hrs |
| Elective  |  | 3 hrs |

#### Sophomore Year - Fall 12 hrs

|                                   |   |       |
|-----------------------------------|---|-------|
| FRE 2200                          | Intermediate French Language and Civilization I | 3 hrs |

| FRE 3441            | Business French II                    | 3 hrs |
| Restricted Elective |                                       | 3 hrs |

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oeads.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oeads.ucf.edu/alc/academic_learning_compacts.htm)

## Health Informatics and Information Management (B.S.)

### College of Health and Public Affairs

### Department of Health Management and Informatics,

### Health and Public Affairs II, Room: 210

<http://www.cohpa.ucf.edu/hmi/bshim.cfm>

Dr. Alice M. Noblin, [alice.noblin@ucf.edu](mailto:alice.noblin@ucf.edu)

Phone: 407-823-2353

### Admission Requirements

■ Separate application to the limited access program must be made directly to the program prior to March 1 for fall admission of the year admission is sought or October 1 for the following year spring admission.

■ UCF application must also be submitted by the program deadline of March 1st for fall and October 1st for spring. Acceptance to UCF is necessary before acceptance to the program can occur.

■ This limited access program is work-intensive and courses include clinical practice in a variety of settings. Due to this it is strongly recommended that students be at least one year post high school prior to applying to the program. Students with concerns or questions should contact the program to schedule an appointment with an advisor.

■ Student must complete all general education, foreign language admissions, and program prerequisites prior to the start of the program.

■ All applicants must have a minimum overall GPA of 2.5 and complete all program prerequisite courses with at least a grade of "C" (2.0)

■ Acceptance to the university does not necessarily constitute admission to the upper division Health Informatics and Information Management program.

### Degree Requirements

■ Students who are pending Health Informatics and Information Management and are admitted to the program must adopt the most current catalog

■ Students should complete the General Education Program, Foreign Language Admissions and the Common Program Prerequisites Requirements before transferring within the Florida College System or State University System.

■ Students should consult with a departmental advisor

■ The courses designated in sections 1 and 2 below may be taken at a Florida College System institution, and should be completed in the first 60 hours

■ A minimum overall GPA of 2.5 and a minimum grade of "C" (2.0) in prerequisite and major courses is required for admission to, continuation in, and graduation from the Health Informatics and Information Management Program

■ UCF Residency Requirement: 30 hours

#### 1. UCF General Education Program (GEP) (36 hrs)

##### A: Communication Foundations (9 hrs)

##### B: Cultural & Historical Foundations (9 hrs)

### 5. Restricted Electives

- None

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

- None

### 8. Electives

- None

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- A minimum 2.5 overall GPA is required for graduation.
- Upon completion of the approved program, the student is eligible to submit an application for writing the national registration examination administered by the American Health Information Management Association to qualify as a Registered Health Information Administrator.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- None

### Related Programs

- Health Services Administration
- Business Administration
- Computer Science

### Certificates

- None

### Related Minors

- Health Services Administration
- Business
- Computer Science

### Advising Notes

- None

### Transfer Notes

- Florida College System Equivalents:
- Human Anatomy & Physiology I & II (BSC X085 and X086)
- Financial Accounting (ACG 2021)
- Managerial Accounting (ACG 2071)
- Statistics (STA 2014C or any other statistics course)
- Computer Science for Business (CGS 2100C)

### Acceptable Substitutes for Transfer Courses

- None

### Plan of Study

|                             |   |               |

## Health Sciences (B.S.)

### College of Health and Public Affairs

### Department of Health Professions, Health and Public Affairs I, Room: 124

<http://www.cohpa.ucf.edu/hp/hs/>

Dr. Suha Saleh, pcinfo@ucf.edu, 407-823-0946

The Bachelor of Science degree in Health Sciences is designed for students with interest in human health leading to graduate study or career advancement. This degree is designed to provide the students with a solid educational background in basic and health-related sciences, while providing the foundation courses required for admission to graduate level clinical programs in health professions including but not limited to medicine, pharmacy, physical therapy, physician assistant, and occupational therapy. The flexibility of this program allows students to prepare for multiple careers in health sciences. Students in this major who choose the Health Sciences track are required to have an overall GPA of 2.5 or better upon graduation. Students who select the Pre-Clinical track must maintain a minimum overall GPA of 3.0 to stay in this track.

### Admission Requirements

- None

### Degree Requirements

- Students who change programs and select this major must adopt the most current catalog.
- Students in the Health Sciences track must achieve at least 2.5 overall GPA for graduation.
- Students in the Pre-Clinical track must maintain a minimum overall GPA of 3.0 to stay in this track. Students who fail to maintain a minimum overall GPA of 3.0 cannot remain in the Pre-Clinical track and must change to the Health Sciences track.
- The courses designated in sections 1 and 2 below may be taken at a Florida College System institution, and should usually be completed in the first 60 hours.
- A minimum grade of "C" (2.0) in each program prerequisite course, in each core requirement course, and in each restricted elective is required (see sections 2 through 5 below). Students should note that graduate programs may require a higher level of performance for admission.
- No transfer course will be accepted with a grade lower than a "C" (2.0).

### 1. UCF General Education Program (GEP) (38 hrs)

#### A: Communication Foundations (9 hrs)

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (6 hrs)

Required STA 2023 Statistical Methods I 3 hrs

#### Select 1: 3 hrs

Prefer MAC 1114C College Trigonometry or 3 hrs  
Suggested MAC 2233 Concepts of Calculus or 3 hrs  
Suggested MAC 2253 Applied Calculus or 3 hrs  
Suggested MAC 2311C Calculus with Analytic Geometry I 4 hrs

#### D: Social Foundations (6 hrs)

Required PSY 2012 General Psychology 3 hrs

#### E: Science Foundations (8 hrs)

Required BSC 2010C Biology I 4 hrs  
CHM 2045C Chemistry Fundamentals I 4 hrs

### 2. Common Program Prerequisites (CPP) (24 hrs)

|           |                                   |       |
|-----------|-----------------------------------|-------|
| BSC 2010C | Biology I                         | GEP   |
| BSC 2011C | Biology II                        | 4 hrs |
| PSY 2012  | General Psychology                | GEP   |
| STA 2023  | Statistical Methods I             | GEP   |
| CHM 2045C | Chemistry Fundamentals I          | GEP   |
| CHM 2046  | Chemistry Fundamentals II         | 3 hrs |
| CHM 2046L | Chemistry Fundamentals Laboratory | 1 hr  |
| PCB 3703C | Human Physiology                  | 4 hrs |
| ZOO 3733C | Human Anatomy                     | 4 hrs |

#### Select 1:

|           |                                   |     |
|-----------|-----------------------------------|-----|
| MAC 1114C | College Trigonometry or           | GEP |
| MAC 2233  | Concepts of Calculus or           | GEP |
| MAC 2253  | Applied Calculus or               | GEP |
| MAC 2311C | Calculus with Analytic Geometry I | GEP |

### Complete one physics sequence

|           |                       |       |
|-----------|-----------------------|-------|
| PHY 2053C | College Physics I and | 4 hrs |
| PHY 2054C | College Physics II    | 4 hrs |

or

|           |                                      |       |
|-----------|--------------------------------------|-------|
| PHY 2048C | General Physics Using Calculus I and | 4 hrs |
| PHY 2049C | General Physics Using Calculus II    | 4 hrs |

### 3. Core Requirements: Basic Level (6 hrs)

|          |                                 |       |
|----------|---------------------------------|-------|
| HUN 2201 | Fundamentals of Human Nutrition | 3 hrs |
|----------|---------------------------------|-------|

#### Select 1:

|          |   |       |
|----------|---|-------|
| HSC 2524 | Introduction to Human Disease or              | 3 hrs |
| HSC 2000 | Introduction to Careers in Health Professions | 3 hrs |

### 4. Core Requirements: Advanced Level (24 hrs)

|          |                                     |       |
|----------|-------------------------------------|-------|
| HSC 3147 | Introduction to Pharmacology        | 3 hrs |
| HSC 3211 | Preventive Health Care              | 3 hrs |
| HSC 4555 | Pathophysiology I                   | 3 hrs |
| HSC 4558 | Pathophysiology II                  | 3 hrs |
| HSC 4501 | Epidemiology of Chronic Diseases    | 3 hrs |
| HSC 4730 | Applied Health Research Methodology | 3 hrs |
| HSC 4572 | Clinical Nutrition                  | 3 hrs |
| HSC 4930 | Senior Seminar                      | 3 hrs |

### 5. Restricted Electives (28 hrs)

- Some courses below may have additional prerequisite courses required. Course selection should be in consultation with an advisor and may vary by student depending on individual needs and objectives.
- Students must meet restricted elective credit hour requirements and UCF's 48 upper division credit hour requirements.
- Students are advised to check the Program's website for updated information and suggested electives for specific Health Professions Graduate Programs.
- It is the student's responsibility to check with graduate programs to meet prerequisites.

### Health Sciences Track 28 hrs

- Students in the Health Sciences track must achieve at least 2.5 overall GPA for graduation.

#### Select at least one course 3 hrs

|          |   |       |
|----------|---|-------|
| HSC 3110 | Medical Self Assessment or                              | 3 hrs |
| HSC 3432 | Occupational Safety for the Health Care Professional or | 3 hrs |
| HSC 4553 | Concepts in Pathophysiological Diagnosis                | 3 hrs |

### Additional electives for Health Sciences track 25 hrs

|          |  |       |
|----------|--|-------|
| CHM 2210 | Organic Chemistry I                            | 3 hrs |
| CLP 3143 | Abnormal Psychology                            | 3 hrs |
| CLP 4314 | Health Psychology                              | 3 hrs |
| COM 3022 | Health Communication                           | 3 hrs |
| COM 4550 | Health Communication Campaigns                 | 3 hrs |
| ENC 3453 | Writing About Health and Medicine              | 3 hrs |
| HSA 3111 | U.S. Health Care Systems                       | 3 hrs |
| HSA 3012 | Issues & Trends in Public Health               | 3 hrs |
| HSC 3537 | Medical Terminology                            | 3 hrs |
| HSC 3559 | Disabilities in American Society               | 3 hrs |
| HSC 4008 | Professional Development in Health Professions | 3 hrs |
| HSC 4201 | Community Health                               | 3 hrs |
| HSC 4564 | Health Care Needs of the Elderly               | 3 hrs |

## UCF Degree Programs

|           |                                     |       |
|-----------|-------------------------------------|-------|
| MCB 4276  | Epidemiology of Infectious Diseases | 3 hrs |
| MCB 3020C | General Microbiology                | 5 hrs |
| PCB 3063  | Genetics                            | 3 hrs |
| PCB 3063L | Genetics Laboratory                 | 1 hr  |
| PCB 3233  | Immunology                          | 3 hrs |
| PCB 3233L | Immunology Laboratory               | 1 hr  |
| SYO 4400  | Medical Sociology                   | 3 hrs |

### Pre-Clinical Track 28 hrs

■ Students in the Pre-Clinical track must maintain a minimum overall GPA of 3.0 to stay in this track. Students who fail to maintain a minimum overall GPA of 3.0 cannot remain in the Pre-Clinical track and must change to the Health Sciences track.

### Select at least one course 3 hrs

|          |  |       |
|----------|--|-------|
| HSC 4943 | Health Sciences Internship or            | 3 hrs |
| HSC 4553 | Concepts in Pathophysiological Diagnosis | 3 hrs |

### Additional electives for Pre-Clinical track 25 hrs

|           |   |       |
|-----------|---|-------|
| BCH 4024  | Medical Biochemistry  | 4 hrs |
| BCH 4053  | Biochemistry I  | 3 hrs |
| BCH 4054  | Biochemistry II   | 3 hrs |
| CHM 2210  | Organic Chemistry I   | 3 hrs |
| CHM 2211  | Organic Chemistry II  | 3 hrs |
| CHM 2211L | Organic Laboratory Techniques I                               | 2 hrs |
| CLP 3143  | Abnormal Psychology   | 3 hrs |
| CLP 4314  | Health Psychology   | 3 hrs |

### 6. Capstone Requirements

■ None

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

### 8. Electives

■ Students who transfer in with a Florida College System institution AA degree may need to take upper-level electives to reach the University requirement of 48 semester hours of upper division credit. Students are encouraged to choose from restricted electives list that pertain to their particular graduate program emphasis.

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Students in the Health Sciences track must achieve at least 2.5 overall GPA for graduation.

■ Students in the Pre-Clinical track must maintain a minimum overall GPA of 3.0 to stay in this track. Students who fail to maintain a minimum overall GPA of 3.0 cannot remain in the Pre-Clinical track and must change to the Health Sciences track.

■ A minimum grade of "C" (2.0) in each program prerequisite course, in each core requirement course, and in each restricted elective is required (see sections 2 through 5 above). Students should note that graduate programs may require a higher level of performance for admission.

■ Students must take a minimum of 27 hours of upper-division Health Sciences courses from the UCF Health Sciences program to obtain the UCF degree in Health Sciences.

### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA

■ 60 semester hours earned after CLEP awarded

■ 48 semester hours of upper division credit completed

■ 30 of the last 39 hours of course work must be completed in residency at UCF.

■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.

■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors In Major

■ Interested students should consult with a faculty advisor

### Related Programs

■ Biology

■ Biomedical Sciences

### Certificates

■ None

### Related Minors

■ Biomedical Sciences

■ Biology

■ Science Education

■ Business

■ Education

■ Health Informatics and Information Management

■ Health Services Administration

■ Psychology

■ Chemistry

### Advising Notes

■ Students should consult with a college advisor each semester.

■ Students should consult with the Office of Pre-Health and Pre-Law Advising before making application to a graduate program.

### Transfer Notes

■ Completion of an Associate of Arts degree from a Florida College System institution is strongly recommended.

■ Students who begin a two-semester sequence course (e.g. General Chemistry, College Physics) at a Florida College System institution are strongly encouraged to complete the sequence before transferring. If it will not be possible to complete the sequence before transferring, the student should postpone beginning the course until enrolling at UCF.

■ Students who take Anatomy and Physiology at a Florida College System institution may be required to complete additional upper division credits in order to meet University graduation requirement of 48 credit hours of upper division (3000-4000) level credits.

### Acceptable Substitutes for Transfer Courses

■ Biology I (BSC 2010C) can be substituted by Biology I with Lab (BSC 1010 and BSC 1010L).

■ Biology II (BSC 2011C) can be substituted by Biology II with Lab (BSC 1011 and BSC 1011L).

## UCF Degree Programs

- Chemistry Fundamentals I (CHM 2045C) can be substituted by CHM 1045 and Lab.
- Chemistry Fundamentals II (CHM 2046) and Chemistry Fundamentals Lab (CHM 2046L) can be substituted by CHM 1046 and Lab.
- College Physics I (PHY 2053C) can be substituted by PHY 1053 and Lab.
- College Physics II (PHY 2054C) can be substituted by PHY 1054 and Lab.
- Human Anatomy (ZOO 3733C) and Human Physiology (PCB 3703C) can be substituted by Human Anatomy and Physiology I & II (BSC X093 and X094 or BSC X085 and X086). Please note that these acceptable transfer courses do not fulfill the 48 hour upper division (3000-4000) credit required by UCF for graduation.
- Students that transfer with an AA degree and will be pursuing a BS degree must meet the University foreign language admission requirements for graduation.

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alac/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alac/academic_learning_compacts.htm)

## Health Services Administration (B.S.)

### College of Health and Public Affairs

#### Department of Health Management and Informatics, Health and Public Affairs II, Room: 210

<http://www.cohpa.ucf.edu/hmi/>

Email: [hsainfo@ucf.edu](mailto:hsainfo@ucf.edu)

Dr. Mark Bush, DHA, MBA, Undergraduate Program Director,  
[hsainfo@ucf.edu](mailto:hsainfo@ucf.edu)

Phone: 407-823-2359

This program is currently available online and in the classroom. Students who choose to take online courses are urged to complete either CGS 2100C or CGS 1060C prior to enrolling in online-based courses. After enrolling in online courses, students should visit <http://learn.ucf.edu>. Students must complete all University-wide graduation requirements (general education, foreign language, Gordon Rule, etc.), some of which are rarely online. Prerequisite courses are rarely offered online. For more information, see <http://distrib.ucf.edu/home>. Students in this major are required to have an overall GPA of 2.5 or better upon graduation. Although a minimum overall GPA of 2.5 is needed for the program, students should plan to maintain a higher GPA to be competitive for graduate programs in Health Services Administration as those programs require a GPA of at least 3.0 for admission.

### Admission Requirements

- None

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog
- Students should complete the General Education Program and the Common Program Prerequisites before transferring within the Florida College System or State University System.
- Students should consult with a departmental advisor prior to first semester of enrollment.
- The courses designated in sections 1 and 2 below may be taken at a Florida College System institution, and should usually be completed in the first 60 hours
- UCF Residency Requirement: 30 hours
- HSA Residency Requirement: Students must complete at least 42 credit hours of the core requirements at UCF in the department of Health Management and Informatics.
- Students must achieve at least 2.5 overall GPA for graduation.
- Satisfactory completion of HSA 4850 Internship

### 1. UCF General Education Program (GEP) (36 hrs)

#### A: Communication Foundations (9 hrs)

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (6 hrs)

#### Select 1: 3 hrs

|          |           |                                    |       |
|----------|-----------|------------------------------------|-------|
| Required | CGS 1060C | Introduction to Computers or       | 3 hrs |
| Required | CGS 2100C | Computer Fundamentals for Business | 3 hrs |

#### D: Social Foundations (6 hrs)

|          |          |                              |       |
|----------|----------|------------------------------|-------|
| Required | ECO 2023 | Principles of Microeconomics | 3 hrs |
|----------|----------|------------------------------|-------|

#### E: Science Foundations (6 hrs)

### 2. Common Program Prerequisites (CPP) (9 hrs)

- Students must earn a "C" (2.0) or better in each Common Program Prerequisite
- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|          |                                     |       |

| <sup>1</sup> HSA 4853 | Internship Orientation  | 0 hrs |

<sup>1</sup> Course must be completed no more than one semester prior to HSA 4850.

### 5. Restricted Electives

■ None

### 6. Capstone Requirements (3 hrs)

|          |   |       |
|----------|---|-------|
| HSA 4939 | Health Services Administration Capstone | 3 hrs |
|----------|---|-------|

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ Students who transfer with an AA degree from a Florida College System institution and will be pursuing a BS degree must meet the University foreign language admission requirements for graduation.

### 8. Electives

■ Students are encouraged to select with their advisor additional Health Service Administration courses as electives or other courses that will enhance their background in the health care industry. These may be used to build minors and certificates offered by the University. Examples include: Health Informatics and Information Management, Health Sciences, Aging Studies, Public Administration, and Business.

### 9. Additional Requirements

■ As a requirement for the Bachelor of Science in Health Services Administration major, students must complete an internship within the administrative realm of an actual health care organization. In order to participate in the HSA Internship the student must: 1) Have earned at least 90 Credit Hours prior to the start of the semester in which the internship begins; 2) Have earned at least 24 HSA Credit Hours prior to the start of the semester in which the internship begins; 3) Have a Major GPA of 2.75 prior the start of the semester in which the internship begins. Additionally, many health care organizations will require that students complete a background check, which may include, but not be limited to, law enforcement finger printing, state driving records, credit reports, and criminal records check. The cost of the background check is the student's responsibility. Background checks may take time to complete and, subsequently, could delay the student's internship placement. It is advised that, in the semester prior to the internship, the student contact the organization directly to obtain further information on the organization's background check requirements. Students who have potential background issues must contact the Director of Internships to schedule an interview in order to

discuss the impact on field placement. The Health Services Administration Program cannot guarantee internship placement or subsequent degree completion for students who do not pass background checks.

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Students must earn a "C" (2.0) or better in each Health Services Administration course.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors In Major

■ Interested students should consult with a faculty advisor.

### Related Programs

- Public Administration
- Health Informatics and Information Management

### Certificates

- Aging Studies

### Related Minors

- Aging Studies
- Health Informatics and Information Management
- Health Sciences
- Public Administration

### Advising Notes

- Students are urged to have access to a personal computer, modem, and appropriate software to interact with the University and professors.
- A variety of internship opportunities is available for HSA majors all over the country. Students do not have to reside in Central Florida to complete the internship but must meet Eligibility Requirements.
- Students will be assigned a faculty member for the purpose of career advising.

### Transfer Notes

■ None

### Acceptable Substitutes for Transfer Courses

■ None

### Plan of Study

## History (B.A.)

### College of Arts and Humanities

**Department of History, Colbourn Hall, Room: 551**

**<http://history.cah.ucf.edu/>**

**Email: [history@ucf.edu](mailto:history@ucf.edu)**

Phone: 407-823-2225

### Admission Requirements

■ None

### Degree Requirements

■ Students who change degree programs and select this major must adopt the most current catalog.  
 ■ Students must earn at least a "C" (2.0) in each history course for it to be counted toward the major.  
 ■ Co-op credit cannot be used in this major.  
 ■ Students should consult with a departmental advisor.  
 ■ Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF History Department.  
 ■ Students must compile a portfolio of 8-12 examples of graded, written work from UCF History classes.  
 ■ Students must complete 36 hours in history.  
 ■ Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

|   |                 |
|---|-----------------|
| <b>1. UCF General Education Program (GEP)</b>   | <b>(36 hrs)</b> |
| <b>A: Communication Foundations</b>             | <b>(9 hrs)</b>  |
| <b>B: Cultural &amp; Historical Foundations</b> | <b>(9 hrs)</b>  |
| Required AMH 2010 U.S. History: 1492-1877       | 3 hrs           |
| Select one course from B.1 list                 | 3 hrs           |

|-------------------------------|----------------|
| <b>E: Science Foundations</b> | <b>(6 hrs)</b> |
|-------------------------------|----------------|

### 2. Common Program Prerequisites (CPP)

■ See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

|                                     |     |
|-------------------------------------|-----|
| AMH 2010 U.S. History: 1492-1877    | GEP |
| AMH 2020 U.S. History: 1877-Present | GEP |

|  |                |
|--|----------------|
| <b>3. Core Requirements: Basic Level</b> | <b>(6 hrs)</b> |
|--|----------------|

■ Complete two courses from EUH 2000, EUH 2001, WOH 2012 and/or WOH 2022. Upper level AFH, ASH, EUH, LAH and WOH courses can be substituted for these requirements.

|                                  |       |
|----------------------------------|-------|
| EUH 2000 Western Civilization I  | 3 hrs |
| EUH 2001 Western Civilization II | 3 hrs |
| WOH 2012 World Civilization I    | 3 hrs |
| WOH 2022 World Civilization II   | 3 hrs |

|   |                |
|---|----------------|
| <b>4. Core Requirements: Advanced Level</b> | <b>(3 hrs)</b> |
|---|----------------|

|                                 |       |
|---------------------------------|-------|
| HIS 4150 History and Historians | 3 hrs |
|---------------------------------|-------|

|                                |                 |
|--------------------------------|-----------------|
| <b>5. Restricted Electives</b> | <b>(21 hrs)</b> |
|--------------------------------|-----------------|

■ (Must be taken within the History Department)

**Select six hours of approved history courses within three of four geographic regions**

|                                       |       |
|---------------------------------------|-------|
| Asian, African, and Middle Eastern or | 6 hrs |
| British and European or               | 6 hrs |
| Latin American or                     | 6 hrs |
| U.S. and Canadian                     | 6 hrs |

■ Select three hours of approved history courses

### 6. Capstone Requirements

|                            |       |
|----------------------------|-------|
| HIS 4959 History Portfolio | 0 hrs |
|----------------------------|-------|

### 7. Foreign Language Requirements

#### Admissions

■ Met by graduation requirement

#### Graduation

■ Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement. Majors who are contemplating graduate school should complete two years of a foreign language, preferably one functional in their area of historical interest.

### 8. Electives

■ Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Maintain a minimum GPA of 2.0 in upper division required courses attempted.

## UCF Degree Programs

- Submit a portfolio (HIS 4959) during the semester of graduation. The portfolio will include 8-12 examples of graded, written work from UCF History classes.
- Students must complete at least 18 of the required 36 History credit hours at UCF.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at <http://research.honors.ucf.edu/honors-in-the-Major>.

### Related Programs

- Humanities

### Certificates

- None

### Related Minors

- African - American Studies
- American Studies
- Asian Studies
- Florida Studies
- Humanities
- Judaic Studies
- Middle Eastern Studies
- Latin American Area Studies
- Women's Studies

### Advising Notes

- None

### Transfer Notes

- Grades below "C" (2.0) are not accepted.
- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

<sup>1</sup> AMH 2010 U.S. History: 1492-1877 3 hrs

may be substituted with:

<sup>2</sup> AMH 2020 U.S. History: 1877-Present 3 hrs

may be substituted with:

<sup>1</sup> AMH 2010 is a prerequisite for subsequent American History courses.

<sup>2</sup> AMH 2020 is a prerequisite for subsequent American History courses.

### Plan of Study

- One of numerous possible plans of study. See program description for all requirements.

### Freshman Year - Fall 15 hrs

|          |                         |       |

| HFT 3670 | Hospitality and Event Risk Management | 3 hrs |

### 6. Capstone Requirements

■ None

## UCF Degree Programs

### 7. Foreign Language Requirements

#### Admissions

■ State University System foreign language admission requirement: two years in high school or one year of college instruction in a single foreign language. (This requirement applies to those students admitted to the University without the required two units of foreign language in high school.)

#### Graduation

■ None

#### 8. Electives

■ 3-11 hours as necessary to result in 120 total credit hours.

#### 9. Additional Requirements

■ Final exams will be given during Exam Week only.  
 ■ Transfer students to this program must take a minimum of thirty (30) credit hours in Hospitality Management core classes or restricted electives at UCF.

#### 10. Required Minors

■ None

#### 11. Departmental Exit Requirements

■ None

#### 12. University Minimum Exit Requirements

■ A 2.0 UCF GPA  
 ■ 60 semester hours earned after CLEP awarded  
 ■ 48 semester hours of upper division credit completed  
 ■ 30 of the last 39 hours of course work must be completed in residency at UCF.  
 ■ A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.  
 ■ Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

■ 120

#### Honors In Major

■ None

#### Related Programs

■ None

#### Certificates

■ None

#### Related Minors

■ None

#### Advising Notes

■ Students must earn a "C" (2.0) or better in each course listed in the common program prerequisites, the basic and advised cores, and the restricted electives.

#### Transfer Notes

■ Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF College of Hospitality Management.  
 ■ Florida College System students are encouraged to complete the general education requirements prior to transferring to UCF.  
 ■ A minimum of 30 semester hours must be completed at UCF within the hospitality major.  
 ■ Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Students should take advantage of both.

#### Acceptable Substitutes for Transfer Courses

■ None

#### Plan of Study

■ Plan your required nine summer credit hours into your course of study.

| ENC 3241   | Writing for the Technical Professional or | 3 hrs |
| Other upper division COM or SPC courses with prior approval of department advisor. |   | 3 hrs |

### External Restricted Electives (6 hrs)

- A minimum of six upper division credit hours selected from courses in Nicholson School of Communication outside of the Human Communication area (i.e. Advertising - Public Relations, Journalism, or Radio - Television).

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Met by graduation requirement.

#### Graduation

- Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement.

- Eight credits of American Sign Language (ASL) can satisfy this requirement for students graduating under this catalog. Consult with the NSC advising staff to understand how choosing ASL might impact hours needed to graduate.

### 8. Electives

- Select primarily from upper level courses. May be taken outside of the Nicholson School of Communication.

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- Students must achieve a minimum cumulative GPA of 2.0 in all UCF Nicholson School of Communication (NSC) courses taken in the major.
- All attempts of UCF NSC courses that could meet major requirements are included in the major GPA calculation, including those taken beyond the minimum required (e.g. additional restricted electives).
- To avoid graduation delays, meet with your advisor to review graduation requirements before registering for your last term.

## UCF Degree Programs

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

- 120

#### Honors In Major

- None

#### Related Programs

- None

#### Certificates

- None

#### Related Minors

- Human Communication
- Mass Communication

#### Advising Notes

- None

#### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

#### Acceptable Substitutes for Transfer Courses

- None

#### Plan of Study

- One of numerous possible plans of study. See program description for all requirements. Consult a school advisor for alternate, new or more appropriate selections.
- Although most classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.
- Before registering for Math, take Math Placement Test ~ <http://utc.sdes.ucf.edu>

#### Freshman Year - Fall 13 hrs

|                  |               |       |

#### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oeas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oeas.ucf.edu/alc/academic_learning_compacts.htm)

## Humanities and Cultural Studies (B.A.)

### College of Arts and Humanities

#### Department of Philosophy,

#### Psychology Building, Room: 220

<http://philosophy.cah.ucf.edu/>

Email: [philosophy2@ucf.edu](mailto:philosophy2@ucf.edu)

Phone: 407-823-2273

The B.A. degree in Humanities and Cultural Studies enables students to receive solid foundations in the interdisciplinary study of cultures and meanings. Students study how human cultures have produced meaning in the past and continue to do so, reflect critically on these productions, and learn relevant perspectives and meaningful interpretations that contribute to responsible engagement with the many cultural expressions we encounter today. Students conduct relevant research in the Humanities while developing their own skills of critical evaluation and constructive engagement.

#### Admission Requirements

- None

#### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Co-op or internship credit cannot be used in this major without prior approval by the chair.
- Students must earn at least a "C" (2.0) in each required course.
- Students should consult with a departmental advisor.
- Departmental Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Philosophy Department.
- Courses designated in 1 (General Ed Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

#### 1. UCF General Education Program (GEP) (36 hrs)

##### A: Communication Foundations (9 hrs)

##### B: Cultural & Historical Foundations (9 hrs)

|          |          |                             |       |
|----------|----------|-----------------------------|-------|
| Required | HUM 2020 | Encountering the Humanities | 3 hrs |
|----------|----------|-----------------------------|-------|

#### Select 1: 3 hrs

|          |                           |       |
|----------|---------------------------|-------|
| HUM 2210 | Humanistic Tradition I or | 3 hrs |
| HUM 2230 | Humanistic Tradition II   | 3 hrs |

#### Select 1: 3 hrs

|          |                               |       |
|----------|-------------------------------|-------|
| PHI 2010 | Introduction to Philosophy or | 3 hrs |
| REL 2300 | World Religions               | 3 hrs |

## UCF Degree Programs

### C: Mathematical Foundations (6 hrs)

#### Math (6 hrs)

|           |          |                                |       |
|-----------|----------|--------------------------------|-------|
| Suggested | MGF 1106 | Finite Mathematics or          | 3 hrs |
| Suggested | MGF 1107 | Explorations in Mathematics or | 3 hrs |

You may substitute a higher level math with appropriate scores on the Math Placement Exam.

#### Statistics-Computers (3 hrs)

|                                   |       |
|-----------------------------------|-------|
| Select a course from GEP C.2 list | 3 hrs |
|-----------------------------------|-------|

### D: Social Foundations (6 hrs)

|           |          |                            |       |
|-----------|----------|----------------------------|-------|
| Suggested | AMH 2020 | U.S. History: 1877-Present | 3 hrs |
|-----------|----------|----------------------------|-------|

### E: Science Foundations (6 hrs)

#### 2. Common Program Prerequisites (CPP)

- None

#### 3. Core Requirements: Basic Level

|          |                             |     |
|----------|-----------------------------|-----|
| HUM 2020 | Encountering the Humanities | GEP |
|----------|-----------------------------|-----|

#### Select 1

|          |                               |     |
|----------|-------------------------------|-----|
| PHI 2010 | Introduction to Philosophy or | GEP |
| REL 2300 | World Religions               | GEP |

#### Select 1:

|          |                           |     |
|----------|---------------------------|-----|
| HUM 2210 | Humanistic Tradition I or | GEP |
| HUM 2230 | Humanistic Tradition II   | GEP |

### 4. Core Requirements: Advanced Level (33 hrs)

#### Core Requirements

|          |                                |       |
|----------|--------------------------------|-------|
| HUM 3800 | Research Methods in Humanities | 3 hrs |
|----------|--------------------------------|-------|

#### Humanities Foundations (6 hrs)

|          |                         |       |
|----------|-------------------------|-------|
| HUM 3431 | Ancient Humanities or   | 3 hrs |
| HUM 3435 | Medieval Humanities or  | 3 hrs |
| HUM 3255 | Modern Humanities or    | 3 hrs |
| HUM 3252 | Contemporary Humanities | 3 hrs |

#### Theories and Methods (12 hrs)

|          |   |       |
|----------|---|-------|
| HUM 3805 | Critical Theory in the Humanities or        | 3 hrs |
| HUM 3830 | Introduction to Digital Humanities or       | 3 hrs |
| HUM 3326 | Theories of Sex and Gender in Humanities or | 3 hrs |
| HUM 4330 | Performance Theory or                       | 3 hrs |
| HUM 4823 | Queer Theory in the Humanities or           | 3 hrs |
| HUM 4826 | Postcolonial Theory                         | 3 hrs |

#### Cultural Traditions (6 hrs)

|          |   |       |
|----------|---|-------|
| HUM 3401 | Asian Humanities or                     | 3 hrs |
| HUM 3423 | African Humanities or                   | 3 hrs |
| HUM 3460 | Latin American Humanities or            | 3 hrs |
| HUM 4459 | American Cultural Studies in Humanities | 3 hrs |

#### Topics in Cultural Studies (6 hrs)

|          |   |       |
|----------|---|-------|
| HUM 4931 | Key Figures in the Humanities & Cultural Studies or | 3 hrs |
| HUM 4934 | Key Concepts in Humanities & Cultural Studies       | 3 hrs |

### 5. Restricted Electives

- None

### 6. Capstone Requirements (3 hrs)

|          |                         |       |
|----------|-------------------------|-------|
| HUM 4933 | Senior Research Seminar | 3 hrs |
|----------|-------------------------|-------|

### 7. Foreign Language Requirements

#### Admissions

- Met by graduation requirement

#### Graduation

■ Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement. Majors who are contemplating graduate school should complete two years of a foreign language, preferably one functional in their area of proposed graduate interest.

#### 8. Electives

■ Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- Departmental Exit Exam in final semester. Exam may be part of HUM 4933: Humanities Senior Research Seminar
- Earn a "C" (2.0) or better in each required course.
- To avoid delaying graduation, you must request a review of requirements prior to registering for your last term.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- Students considering graduate school in humanities are strongly encouraged to take Honors in the Major. Requirements are as follows:

#### a. Core Requirements, Humanities and Cultural Studies, and Capstone (36 hrs)

- Same requirements as for regular majors

#### b. Honors Thesis (6 hrs)

|           |                             |       |
|-----------|-----------------------------|-------|
| HUM 4903H | Honors Directed Reading I   | 3 hrs |
| HUM 4970H | Undergraduate Honors Thesis | 3 hrs |

#### c. Additional Requirements of Honors in the Major

- Application and admission through the Humanities Honors Coordinator
- Fulfill University requirements for Honors in the Major
- Maintain a UCF GPA of at least 3.2 and a Humanities GPA of at least 3.5
- Successful completion and oral defense of Honors thesis
- No more than 2 courses of 3000 or 4000 level courses applied to the B.A. in Humanities and Cultural Studies may be simultaneously applied to fulfill another major.
- Earn a "B" (3.0) or better in both of the following:
 

|           |                             |       |
|-----------|-----------------------------|-------|
| HUM 4903H | Honors Directed Reading I   | 3 hrs |
| HUM 4970H | Undergraduate Honors Thesis | 3 hrs |

### Related Programs

- Philosophy
- Religion and Cultural Studies

### Certificates

- None

### Related Minors

- Digital Humanities
- Philosophy
- Religion and Cultural Studies
- Cognitive Sciences

### Advising Notes

- None

### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

- None

### Plan of Study

- None

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

## UCF Degree Programs

### Industrial Engineering (B.S.I.E.)

**College of Engineering and Computer Science**

**Department of Industrial Engineering and Management Systems, Engineering II, Room: 312**

<http://www.iems.ucf.edu/>

Jacob Lawhon, Jacob.Lawhon@ucf.edu, 407-823-5021

Dr. Luis Rabelo, Luis.Rabelo@ucf.edu

Phone: 407-823-2204

#### Admission Requirements

■ Students wanting to declare a major in an engineering discipline must be in good academic standing and must have a "C" (2.0) or better in each of the following courses or their equivalents: MAC 2311C, MAC 2312, PHY 2048C, and CHM 2045C or CHS 1440.

■ Students wanting to declare a major in an engineering discipline must complete a change of major in the term of completion of the final pending prerequisite course(s) listed above.

#### Degree Requirements

■ Each engineering student is assigned a qualified engineering academic advisor in the department of his/her major. Each student should seek academic advisement before registering for classes each semester to minimize excess hours and to ensure that satisfactory academic progress is being maintained.

■ Students in the Industrial Engineering major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Industrial Engineering who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Industrial Engineering who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

■ A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Industrial Engineering major will be subject to all probation conditions that applied at the time of exclusion.

#### 1. UCF General Education Program (GEP) (38 hrs)

■ The UCF General Education Program (GEP) is described in the section, General Education Program, found elsewhere in this catalog. Engineering students should closely study the requirements of the UCF GEP and the allowable substitutions detailed in paragraphs A. through E. below to minimize excess hours. Students transferring to UCF from within the Florida College System or State University System should complete the GEP and the Common Program Prerequisites before transferring.

| Required                                  | PHY 2048C | General Physics Using Calculus I | 4 hrs          |
| Select one class from Science Foundations |           |                                  | 3 hrs          |

#### 2. Common Program Prerequisites (CPP) (19 hrs)

■ These courses are specifically required for all engineering students of the Florida State University System. CPP courses are also available at other Florida post-secondary schools and may be transferred directly to UCF programs. A 2.0 cumulative GPA or better is required for those courses in this section.

■ See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

<sup>1</sup> A 2.0 cumulative GPA or better is required for this course.

<sup>2</sup> Preferred

#### 3. Core Requirements: Basic Level (2 hrs)

##### Engineering Core: Basic

■ The College of Engineering and Computer Science requires all engineering students to achieve a minimum 2.250 GPA in completing the core courses required for the major, together with the restricted electives and senior design courses listed below.

|           |  |      |
|-----------|--|------|
| EGS 1006C | Introduction to the Engineering Profession | 1 hr |
| EGN 1007C | Engineering Concepts and Methods           | 1 hr |

#### 4. Core Requirements: Advanced Level (60 hrs)

**Courses Required for the Major 60 hrs**  
 ■ The Industrial Engineering and Management Systems department requires all students within the major to achieve a "C" (2.0) GPA or better in all courses in this section with a prefix of EIN, EGS, ESI, STA and MAS.

|           |   |       |
|-----------|---|-------|
| EIN 2002  | Introduction to Industrial Engineering and Management Systems | 1 hr  |
| STA 3032  | Probability and Statistics for Engineers                      | GEP   |
| EIN 3351  | Engineering Economic Analysis and Cost Engineering            | 3 hrs |
| ESI 4628  | Decision Support Systems for Industrial Engineers             | 3 hrs |
| EIN 4243C | Human Engineering   | 3 hrs |
| EIN 4333  | Production and Distribution Systems                           | 3 hrs |
| EIN 4360  | Facilities Planning and Work Design                           | 4 hrs |
| EIN 4391  | Manufacturing Engineering                                     | 3 hrs |
| ESI 4221  | Empirical Methods for Industrial Engineering                  | 3 hrs |

## UCF Degree Programs

|                        |   |       |
|------------------------|---|-------|
| ESI 4234               | Quality Engineering                           | 3 hrs |
| ESI 4312               | Deterministic Methods for Operations Research | 3 hrs |
| ESI 4313               | Stochastic Methods for Operations Research    | 3 hrs |
| ESI 4523               | Systems Simulation                            | 3 hrs |
| EIN 4517               | Systems Engineering                           | 3 hrs |
| EGS 4624               | Engineering Innovation and Leadership         | 3 hrs |
| EGN 3310               | Engineering Analysis-Statics                  | 3 hrs |
| <sup>1</sup> COP 3223C | Introduction to Programming with C            | 3 hrs |
| EGN 3321               | Engineering Analysis-Dynamics                 | 3 hrs |
| EGN 3373               | Principles of Electrical Engineering          | 3 hrs |
| EGN 3343               | Thermodynamics                                | 3 hrs |
| MAS 3105               | Matrix and Linear Algebra                     | 4 hrs |

<sup>1</sup> Courses with significant programming content in C, C++ or Java may be used to satisfy this requirement but must be approved by the IEMS undergraduate coordinator.

### 5. Restricted Electives (5 hrs)

■ Technical electives are available in the BSIE program to address specific student interests in a variety of technical areas. Students should consult with their assigned academic advisor for a list of the approved technical electives and the terms when specific courses of this type are to be offered.

### 6. Capstone Requirements

■ None

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

### 8. Electives

■ None

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements (4 hrs)

|           |  |       |
|-----------|--|-------|
| EIN 4891C | Industrial Engineering Senior Design Project | 4 hrs |
|-----------|--|-------|

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 128

### Honors In Major

■ None

### Related Programs

■ Mechanical Engineering

### Certificates

■ None

### Related Minors

■ None

### Advising Notes

■ None

### Transfer Notes

- Courses transferred must be formally evaluated for equivalency credit. The student must provide all supporting information with his/her petition for this evaluation.
- EGN 1006C and EGN 1007C are required courses for incoming freshmen only. The credits for these two courses (one hour each) may, with prior approval of the department academic advisor, be moved to area 5. Restricted Electives.

### Acceptable Substitutes for Transfer Courses

■ None

### Plan of Study (128 hrs)

#### ■ Tentative Course Schedule for Entering Freshmen:

The tentative course schedule listed below is a guide for those students who plan on completing their degree in four years. All engineering students should meet with their faculty advisor to develop and maintain an appropriate plan of study.

#### Freshman Year - Fall 12 hrs

|           |  |       |
|-----------|--|-------|
| ENC 1101  | Composition I                              | 3 hrs |
| EGS 1006C | Introduction to the Engineering Profession | 1 hr  |
| MAC 2311C | Calculus with Analytic Geometry I          | 4 hrs |
| CHS 1440  | Principles of Chemistry                    | 4 hrs |

#### Freshman Year - Spring 12 hrs

|           |                                    |       |
|-----------|------------------------------------|-------|
| ENC 1102  | Composition II                     | 3 hrs |
| EGN 1007C | Engineering Concepts and Methods   | 1 hr  |
| MAC 2312  | Calculus with Analytic Geometry II | 4 hrs |
| PHY 2048C | General Physics Using Calculus I   | 4 hrs |

#### Freshman Year - Summer 9 hrs

|           |                                    |       |
|-----------|------------------------------------|-------|
| COP 3223C | Introduction to Programming with C | 3 hrs |
|-----------|------------------------------------|-------|

#### Select 1: 3 hrs

|          |                                 |       |
|----------|---------------------------------|-------|
| ECO 2013 | Principles of Macroeconomics or | 3 hrs |
| ECO 2023 | Principles of Microeconomics    | 3 hrs |

#### Select 1 3 hrs

|           |  |       |
|-----------|--|-------|
| SPC 1603C | Fundamentals of Technical Presentations or | 3 hrs |
| SPC 1608  | Fundamentals of Oral Communication         | 3 hrs |

#### Sophomore Year - Fall 14 hrs

|          |   |       |
|----------|---|-------|
| MAC 2313 | Calculus with Analytic Geometry III                           | 4 hrs |
| STA 3032 | Probability and Statistics for Engineers                      | 3 hrs |
| EIN 2002 | Introduction to Industrial Engineering and Management Systems | 1 hr  |

|          |                              |       |
|----------|------------------------------|-------|
| GEP      |                              | 3 hrs |
| EGN 3310 | Engineering Analysis-Statics | 3 hrs |

#### Sophomore Year - Spring 13 hrs

|          |  |       |
|----------|--|-------|
| MAP 2302 | Ordinary Differential Equations I                  | 3 hrs |
| EGN 3321 | Engineering Analysis-Dynamics                      | 3 hrs |
| MAS 3105 | Matrix and Linear Algebra                          | 4 hrs |
| EIN 3351 | Engineering Economic Analysis and Cost Engineering | 3 hrs |

#### Sophomore Year - Summer 10 hrs

|           |                                   |       |
|-----------|-----------------------------------|-------|
| GEP       |                                   | 6 hrs |
| PHY 2049C | General Physics Using Calculus II | 4 hrs |

#### Junior Year - Fall 13 hrs

|          |   |       |
|----------|---|-------|
| ESI 4312 | Deterministic Methods for Operations Research     | 3 hrs |
| ESI 4628 | Decision Support Systems for Industrial Engineers | 3 hrs |
| EGN 3373 | Principles of Electrical Engineering              | 3 hrs |
| EIN 4360 | Facilities Planning for Work Design               | 4 hrs |

#### Junior Year - Spring 12 hrs

|           |  |       |
|-----------|--|-------|
| ESI 4523  | Systems Simulation                         | 3 hrs |
| EIN 4333  | Production and Distribution Systems        | 3 hrs |
| EIN 4243C | Human Engineering                          | 3 hrs |
| ESI 4313  | Stochastic Methods for Operations Research | 3 hrs |

#### Junior Year - Summer 9 hrs

|          |                |       |
|----------|----------------|-------|
| GEP      |                | 3 hrs |
| GEP      |                | 3 hrs |
| EGN 3343 | Thermodynamics | 3 hrs |

#### Senior Year - Fall 12 hrs

|                             |  |       |
|-----------------------------|--|-------|
| Approved Technical Elective |  | 3 hrs |
| EIN 4391                    | Manufacturing Engineering                    | 3 hrs |
| ESI 4234                    | Quality Engineering                          | 3 hrs |
| ESI 4221                    | Empirical Methods for Industrial Engineering | 3 hrs |

#### Senior Year - Spring 12 hrs

|                             |  |       |
|-----------------------------|--|-------|
| EIN 4891C                   | Industrial Engineering Senior Design Project | 4 hrs |
| Approved Technical Elective |  | 2 hrs |
| EGS 4624                    | Engineering Innovation and Leadership        | 3 hrs |
| EIN 4517                    | Systems Engineering                          | 3 hrs |

# UCF Degree Programs

## Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alac/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alac/academic_learning_compacts.htm)

## Equipment Fees

- Part-Time Student: \$38 per term
- Full-Time Student: \$77 per term

## Information Technology (B.S.)

### College of Engineering and Computer Science

### Department of Computer Science,

### Harris Corp. Engineering Center, Room: 346

Email: [undergraduate@cs.ucf.edu](mailto:undergraduate@cs.ucf.edu)

Dr. Ali Orooji

Jenny Shen

Phone: 407-823-2341

## Admission Requirements

- None

## Degree Requirements

- "C" (2.0) or better required in all prerequisites and courses required for the major.
- Students should consult with a departmental advisor.
- A Residency Requirement consists of at least 24 semester hours of regularly scheduled 3000-5000 level courses taken from the Department of EECS at UCF.
- 12 of the 24 Residency hours must be at the 4000-5000 level.
- Students in the Information Technology major are expected to make consistent good progress toward their degrees to remain enrolled in, or eligible for, any major in the College of Engineering and Computer Science (CECS) or the College of Optics and Photonics (COP). Therefore, any student majoring in Information Technology who repeats any UCF course and does not earn a grade of "C" (2.0) or better on the second attempt will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation does not receive a grade of "C" (2.0) or better by the third attempt in the same UCF course, the student will be excluded from all CECS and COP majors. Any student majoring in Information Technology who has accumulated 7 or more unsuccessful attempts (i.e., grades below "C" (2.0) and withdrawals) over all courses taken at UCF will be placed on Lack of Progress Probation and remain on Lack of Progress Probation as long as the student is enrolled in a CECS or COP major. If a student on Lack of Progress Probation has a tenth unsuccessful attempt over all courses taken at UCF, the student will be excluded from all CECS and COP majors.

- A student who is excluded from CECS and COP majors may seek readmission to a major in CECS or COP after at least one full year has passed since exclusion. Readmission is not automatic and is dependent upon a high probability of success after readmission. Any student who is readmitted to the Information Technology major will be subject to all probation conditions that applied at the time of exclusion.

## 1. UCF General Education Program (GEP) (37 hrs)

### A: Communication Foundations (9 hrs)

|          |          |                |       |
|----------|----------|----------------|-------|
| Required | ENC 1101 | Composition I  | 3 hrs |
| Required | ENC 1102 | Composition II | 3 hrs |

### Select 1: (3 hrs)

|        |           |  |       |
|--------|-----------|--|-------|
| Prefer | SPC 1603C | Fundamentals of Technical Presentations or | 3 hrs |
| Prefer | SPC 1608  | Fundamentals of Oral Communication         | 3 hrs |

### B: Cultural & Historical Foundations (9 hrs)

## C: Mathematical Foundations (6 hrs)

|          |          |                       |       |
|----------|----------|-----------------------|-------|
| Required | STA 2023 | Statistical Methods I | 3 hrs |
|----------|----------|-----------------------|-------|

### Select 1: (3 hrs)

|           |           |                      |       |
|-----------|-----------|----------------------|-------|
| Suggested | MAC 1105C | College Algebra or   | 3 hrs |
| Suggested | MAC 1140C | Pre-Calculus Algebra | 3 hrs |

## D: Social Foundations (6 hrs)

|          |          |                              |       |
|----------|----------|------------------------------|-------|
| Required | ECO 2013 | Principles of Macroeconomics | 3 hrs |
| Required | PSY 2012 | General Psychology           | 3 hrs |

## E: Science Foundations (7 hrs)

|   |           |                   |       |
|---|-----------|-------------------|-------|
| Required                                  | PHY 2053C | College Physics I | 4 hrs |
| Select one class from Science Foundations |           |                   | 3 hrs |

## 2. Common Program Prerequisites (CPP) (15 hrs)

- A "C" (2.0) or better is required in all these courses.
- See "Common Prerequisites" in the Transfer and

Transitions Services section for more information.

|           |                                    |       |
|-----------|------------------------------------|-------|
| MAC 1114C | College Trigonometry               | 3 hrs |
| ECO 2013  | Principles of Macroeconomics       | GEP   |
| PSY 2012  | General Psychology                 | GEP   |
| PHY 2053C | College Physics I                  | GEP   |
| COP 3223C | Introduction to Programming with C | 3 hrs |
| COP 3330  | Object Oriented Programming        | 3 hrs |
| CGS 2545C | Database Concepts                  | 3 hrs |
| STA 2023  | Statistical Methods I              | GEP   |

### Select 1: (3 hrs)

|           |                                     |       |
|-----------|-------------------------------------|-------|
| MAD 2104  | Foundations of Discrete Math or     | 3 hrs |
| COT 3100C | Introduction to Discrete Structures | 3 hrs |

## 3. Core Requirements: Basic Level

- None

## 4. Core Requirements: Advanced Level (52 hrs)

- A "C" (2.0) or better is required in all these courses.

### Core Requirements (46 hrs)

|           |  |       |
|-----------|--|-------|
| COP 3502C | Computer Science I   | 3 hrs |
| CIS 3360  | Security in Computing  | 3 hrs |
| CAP 3104  | Foundations of HCI   | 3 hrs |
| CGS 3269  | Computer Architecture Concepts                               | 3 hrs |
| CNT 3004  | Computer Network Concepts                                    | 3 hrs |
| CIS 3003  | Fundamentals of Information Technology                       | 3 hrs |
| CIS 4524  | Managing IT Integration                                      | 3 hrs |
| CNT 4714  | Enterprise Computing   | 3 hrs |
| CIS 4004  | Web-Based Information Technology                             | 3 hrs |
| CNT 4703C | Design and Implementation of Computer Communication Networks | 3 hrs |
| COP 4910  | Frontiers in Information Technology                          | 3 hrs |
| PHI 3626  | Advanced Ethics in Science and Technology                    | 3 hrs |
| CGS 3763  | Operating System Concepts                                    | 3 hrs |
| CNT 4603  | System Administration and Maintenance                        | 3 hrs |
| PHY 2054C | College Physics II   | 4 hrs |

### Support Courses (6 hrs)

- A "C" (2.0) or better is required in all these courses.

### Select 1: (3 hrs)

|          |  |       |
|----------|--|-------|
| ENC 4293 | Documentation and the Collaborative Process or       | 3 hrs |
| ENC 4265 | Writing for the Computer Industry or                 | 3 hrs |
| ENC 4414 | Writing and Hypertext or                             | 3 hrs |
| ENC 4415 | Digital Rhetorics and The Modern Dialectic or        | 3 hrs |
| ENC 4298 | Technical Communication for the Virtual Workplace or | 3 hrs |
| ENC 4416 | Writing in Digital Environments or                   | 3 hrs |
| ENC 4262 | International Technical Communication or             | 3 hrs |
| ENC 4215 | Technical Publication and Project Management         | 3 hrs |

### Select 1: (3 hrs)

|          |   |       |
|----------|---|-------|
| ENC 3241 | Writing for the Technical Professional or | 3 hrs |
| ENC 3250 | Professional Writing                      | 3 hrs |

## 5. Restricted Electives (6 hrs)

- Six hours of any 3000-level (or higher) courses offered by Computer Science and Information Technology programs. CGS 4941 can be used as a restricted elective.

- A "C" (2.0) or better is required in all these courses.

## 6. Capstone Requirements

- None

## UCF Degree Programs

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

### 8. Electives

■ Remaining hours needed to meet minimum of 120 hours for graduation should be met with Free Electives.

### 9. Additional Requirements

■ An "S" grade is required in all these courses.

#### Major specific support courses

|          |                                    |       |
|----------|------------------------------------|-------|
| CIS 3990 | IT Career and Academic Advising I  | 0 hrs |
| CIS 4991 | IT Career and Academic Advising II | 0 hrs |
| CIS 3921 | Careers in IT                      | 1 hr  |

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ None

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

■ 120

#### Honors In Major

■ None

#### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

#### Equipment Fees

- Part-Time Student: \$23 per term
- Full-Time Student: \$47 per term

## Integrated Business (B.S.B.A.)

### College of Business Administration

### Integrated Business Program,

### Business Administration II, Room: 222

<http://business.ucf.edu/undergraduate-programs>

Phone: 407-823-5627

The Integrated Business (IB) degree is intended to develop a strong business "generalist" who has the ability and capacity to enter the workforce with a broad understanding of business and strong analytical, communication, and critical thinking skills. The program focuses on issues faced by small and medium size, privately held firms. Not eligible for a double degree or double major with another College of Business Administration major.

# UCF Degree Programs

## Admission Requirements

- Completion of the UCF General Education program and Gordon Rule, or an AA degree from a Florida College System or State University System institution, and completion of each Common Program Prerequisite course with a "C" (2.0) or better.
- Completion of the following courses at UCF or at an AACSB accredited institution: ECO 3411, MAR 3023, FIN 3403, MAN 3025, and ACG 3173, with a GPA of "C" (2.0) or better. One course may be repeated one time in the next term of enrollment to meet these requirements.
- See Common Program Prerequisites
- A student's academic catalog year guarantees their graduation requirements, but not their admission requirements. All pre-majors are held to the current admission standards. This applies to both native and transfer students.

## Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students wanting to major in Integrated Business must apply for admission to the major.
- A maximum of 6 credit hours of Core Requirements or Restricted Electives may count towards another degree program or minor.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.
- Students in the Integrated Business major must maintain a 2.0 or higher cumulative Grade Point Average in all major courses taken at UCF and a 2.0 or higher cumulative GPA in all College of Business courses taken at UCF. Failure to maintain the required GPAs will result in the student being placed on Lack of Progress in the major and/or College. If a student on Lack of Progress fails to achieve the minimum required GPA in the subsequent term of enrollment, the student will be dismissed from the Integrated Business major and/or College of Business. A student who is dismissed may seek consideration for re-admittance into the College or major by submitting a letter indicating the reasons for academic difficulties and positive plans for achieving the required GPA. Readmission is not automatic or guaranteed and as an exception to College policy is rarely granted.
- Students majoring in Integrated Business must earn a grade of "C" (2.0) or better in each course applied towards the major, and a 2.0 overall average in the major.

### 1. UCF General Education Program (GEP) (36 hrs)

#### A: Communication Foundations (9 hrs)

|        |          |                                    |       |
|--------|----------|------------------------------------|-------|
| Prefer | SPC 1608 | Fundamentals of Oral Communication | 3 hrs |
|--------|----------|------------------------------------|-------|

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (6 hrs)

|          |           |                                    |       |
|----------|-----------|------------------------------------|-------|
| Required | CGS 2100C | Computer Fundamentals for Business | 3 hrs |
| Required | MAC 1105C | College Algebra                    | 3 hrs |

#### D: Social Foundations (6 hrs)

##### Select 1: (3 hrs)

|          |          |                              |       |
|----------|----------|------------------------------|-------|
| Required | ECO 2013 | Principles of Macroeconomics | 3 hrs |
| or       |          |                              |       |
| Required | ECO 2023 | Principles of Microeconomics | 3 hrs |

##### Select 1: (3 hrs)

|           |          |                           |       |
|-----------|----------|---------------------------|-------|
| Suggested | ANT 2000 | General Anthropology or   | 3 hrs |
| Suggested | PSY 2012 | General Psychology or     | 3 hrs |
| Suggested | SYG 2000 | Introduction to Sociology | 3 hrs |

#### E: Science Foundations (6 hrs)

### 2. Common Program Prerequisites (CPP) (18 hrs)

|   |                                     |       |
|---|-------------------------------------|-------|
| ■ Must be completed with a "C" (2.0) or better. |                                     |       |
| ACG 2021  | Principles of Financial Accounting  | 3 hrs |
| ACG 2071  | Principles of Managerial Accounting | 3 hrs |
| CGS 2100C                                       | Computer Fundamentals for Business  | 3 hrs |
| ECO 2013  | Principles of Macroeconomics        | 3 hrs |
| ECO 2023  | Principles of Microeconomics        | 3 hrs |

### Select one of the following sequences of courses:

- Students who have not completed MAC 2233 and STA 2023 with a "C" (2.0) or better must take ECO 3401.

|          |                               |       |
|----------|-------------------------------|-------|
| ECO 3401 | Quantitative Business Tools I | 3 hrs |
|----------|-------------------------------|-------|

or

|                       |                          |       |
|-----------------------|--------------------------|-------|
| <sup>1</sup> MAC 2233 | Concepts of Calculus and | 3 hrs |
| STA 2023              | Statistical Methods I    | 3 hrs |

<sup>1</sup> Or MAC 2311 and MAC 2312

### 3. Core Requirements: Basic Level

- None

### 4. Core Requirements: Advanced Level (54 hrs)

#### Primary Core (15 hrs)

|          |                                |       |
|----------|--------------------------------|-------|
| ACG 3173 | Accounting for Decision-Makers | 3 hrs |
| ECO 3411 | Quantitative Business Tools II | 3 hrs |
| FIN 3403 | Business Finance               | 3 hrs |
| MAN 3025 | Management of Organizations    | 3 hrs |
| MAR 3023 | Marketing                      | 3 hrs |

#### Secondary Core (15 hrs)

|          |   |       |
|----------|---|-------|
| GEB 3006 | Introduction to Career Development and Financial Planning | 2 hrs |
| GEB 3003 | Career Research & Planning                                | 1 hr  |
| GEB 3005 | Career Search Strategy                                    | 1 hr  |
| BUL 3130 | Legal and Ethical Environment of Business                 | 3 hrs |
| GEB 3375 | Introduction to International Business                    | 3 hrs |
| MAR 3203 | Supply Chain and Operations Management                    | 3 hrs |
| GEB 4223 | Business Interviewing Techniques                          | 1 hr  |
| GEB 4004 | Executing Your Career Plan                                | 1 hr  |

### Required Courses for Major (24 hrs)

|          |   |       |
|----------|---|-------|
| GEB 4522 | Data Driven Decision Making                                     | 3 hrs |
| GEB 4513 | Applied Business Technologies                                   | 3 hrs |
| MAN 3302 | Essentials of Human Resource Management for Integrated Business | 3 hrs |
| GEB 3031 | Integrated Business Foundations                                 | 3 hrs |
| MAR 3407 | Contemporary Selling  | 3 hrs |
| ENT 4412 | Managing Small Business Finances                                | 3 hrs |
| ECP 4703 | Managerial Economics  | 3 hrs |
| MAN 4583 | Project Management  | 3 hrs |

### 5. Restricted Electives (3 hrs)

|                                       |                                 |       |
|---------------------------------------|---------------------------------|-------|
| ■ Take one class from the list below. |                                 |       |
| GEB 4941                              | Internship                      | 3 hrs |
| ENT 3613                              | Creativity and Entrepreneurship | 3 hrs |
| GEB 4104                              | Small Business Development      | 3 hrs |

### 6. Capstone Requirements (3 hrs)

- Admitted to a Business major, senior standing, and completion of MAN 3025, MAR 3023, FIN 3403, ECO 3411, and ACG 3173 or ACG 3131 are required to register for MAN 4720.

|          |                      |       |
|----------|----------------------|-------|
| MAN 4720 | Strategic Management | 3 hrs |
|----------|----------------------|-------|

### 7. Foreign Language Requirements

#### Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

- None

#### 8. Electives

- Variable

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements

- A minimum major GPA and a minimum College of Business GPA of 2.0.

## UCF Degree Programs

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

- 120

#### Honors In Major

- None

#### Related Programs

- None

#### Certificates

- None

#### Related Minors

- None

#### Advising Notes

- Florida College System students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.
- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

#### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
- Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Quantitative Business Tools I. Students who have completed either the calculus or the statistics, but not both, must take Quantitative Business Tools I.
- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C" (2.0) or better in each common program prerequisite class.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.

#### Acceptable Substitutes for Transfer Courses

- None

#### Plan of Study (120 hrs)

- General electives as required to earn 120 credit hours.

#### Freshman Year - Fall 15 hrs

|                       |                              |       |
|-----------------------|------------------------------|-------|
| ENC 1101              | Composition I                | 3 hrs |
| MAC 1105C             | College Algebra              | 3 hrs |
| ECO 2013              | Principles of Macroeconomics | 3 hrs |
| Cultural Foundation I |                              | 3 hrs |
| Elective              |                              | 3 hrs |

#### Freshman Year - Spring 15 hrs

|                   |                              |       |
|-------------------|------------------------------|-------|
| ENC 1102          | Composition II               | 3 hrs |
| ECO 2023          | Principles of Microeconomics | 3 hrs |
| Social Foundation |                              | 3 hrs |
| Elective          |                              | 3 hrs |
| Elective          |                              | 3 hrs |

#### Sophomore Year - Fall

|                         |                                    |       |
|-------------------------|------------------------------------|-------|
| ACG 2021                | Principles of Financial Accounting | 3 hrs |
| SPC 1608                | Fundamentals of Oral Communication | 3 hrs |
| Science                 |                                    | 3 hrs |
| Historical Foundation I |                                    | 3 hrs |
| Elective                |                                    | 3 hrs |

#### Sophomore Year - Spring

|                          |                                     |       |
|--------------------------|-------------------------------------|-------|
| ACG 2071                 | Principles of Managerial Accounting | 3 hrs |
| ECO 3401                 | Quantitative Business Tools I       | 3 hrs |
| CGS 2100C                | Computer Fundamentals for Business  | 3 hrs |

- Full-Time Student: \$30 per term

## Interdisciplinary Studies (B.A. / B.S.)

### College of Undergraduate Studies

### Office of Interdisciplinary Studies,

### Classroom I, Room: 302

<http://www.is.ucf.edu>

Email: [is@ucf.edu](mailto:is@ucf.edu)

Phone: 407-823-0144

Interdisciplinary Studies is a university-wide program leading to either the Bachelor of Arts or the Bachelor of Science in Interdisciplinary Studies, depending on the concentration of work selected in consultation with an Interdisciplinary Studies adviser. The program is administered through the Office of Interdisciplinary Studies and is designed for academic flexibility. It recognizes that there are many combinations of courses that meet the needs of individual students. This program may be taken online; however, there are limited area, course, and minor selections available. Advisement is required from a member of the Interdisciplinary Studies Advising Team. Students may not be able to complete all courses online. Students must complete all University-wide

## UCF Degree Programs

graduation requirements (general education, foreign language, Gordon Rule, etc.), some of which are not available via online courses. For more information, see <http://online.ucf.edu/>.

### Admission Requirements

- None

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must have declared an Interdisciplinary Studies major at least two semesters before graduation.
- Co-op credit cannot be used in this major.
- Independent study forms must be approved by the director prior to taking an independent study or internship for use in the Interdisciplinary Studies areas. Non-approved independent studies or internship will not be counted towards the major.
- Students must earn at least a "C" (2.0) in each core and restricted elective course.
- Students must consult with an Interdisciplinary Studies adviser to enter the program.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.
- No courses can count in more than one subject area or in a subject area and a minor.
- Students wishing to earn an Interdisciplinary Studies degree as a double degree, double major, or second major, must complete all restricted elective credits exclusive of the credits done for the other degree(s) or major(s), including any minors associated with that degree or degrees.

#### 1. UCF General Education Program (GEP) (36 hrs)

A: Communication Foundations (9 hrs)

B: Cultural & Historical Foundations (9 hrs)

C: Mathematical Foundations (6 hrs)

D: Social Foundations (6 hrs)

E: Science Foundations (6 hrs)

#### 2. Common Program Prerequisites (CPP)

- None

#### 3. Core Requirements: Basic Level (6 hrs)

IDS 3933 Cornerstone Experience 3 hrs

IDS 4934 Capstone Experience 3 hrs

#### 4. Core Requirements: Advanced Level

- None

#### 5. Restricted Electives (30 hrs)

- Students must complete two different subject area concentrations from among those specified below.
- Students must take a minimum of 15 hours of approved courses in each selected subject area (excluding GEP courses). Courses are considered approved only when they have been reviewed by an Interdisciplinary Studies adviser and not simply when they appear on a student audit.
- Students are required to take a minimum of 15 UCF hours, as well as 15 upper division hours, in the two areas combined.
- See the Interdisciplinary Studies Advising Team for details regarding each area:
- Arts
- Behavioral and Social Sciences
- Commerce
- Communication
- Computational Sciences
- Education
- Engineering
- Health
- Humanities
- Letters and Modern Languages
- Physical Sciences
- Life/Biomedical Sciences
- Public Affairs

#### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- BA: Met by graduation requirement.
- BS: Two years high school, or one year college language (or equivalent proficiency exam) prior to graduation.
- Note: Students entering without having met the admission requirements must do so in order to graduate.

#### Graduation

- BA: Proficiency equivalent to one year of college instruction in either a foreign language or proficiency equivalent to American Sign Language III. Standardized examinations may be used to meet the requirement.
- BS: Proficiency equivalent to one semester of college instruction in a foreign language or one course with a multicultural dimension. Standardized examinations for foreign languages may be used to meet the requirement.

#### 8. Electives

- Select primarily from upper level courses, with an Interdisciplinary Studies adviser's approval.

#### 9. Additional Requirements

- None

#### 10. Required Minors

- Students must complete a minor from those offered at UCF. The minor cannot overlap with the two subject areas. Minimum hours required for a minor is eighteen. The minor degree audit must be approved by, and completion of the minor certified by, the department offering the minor.

#### 11. Departmental Exit Requirements

- A grade of "C" or above (2.0) is required for each course in the core and restricted electives.
- Computer Competency met by completing this major.

#### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

- 120

#### Honors In Major

- None

#### Related Programs

- Interdisciplinary Studies - Transnational Gender, Race, and Sexuality Studies Track

#### Certificates

- None

#### Related Minors

- Most UCF minors

#### Advising Notes

- None

#### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Transfer courses must be evaluated for equivalency credit and/or for use in the degree program by the Interdisciplinary Studies Advising Team. The student must provide all supporting information.

#### Acceptable Substitutes for Transfer Courses

- None

#### Plan of Study

- None

#### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oegas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oegas.ucf.edu/alc/academic_learning_compacts.htm)

## UCF Degree Programs

### Interdisciplinary Studies - Transnational Gender, Race, and Sexuality Studies Track (B.A.)

**College of Undergraduate Studies  
Office of Interdisciplinary Studies,  
Classroom 1, Room: 302**

<http://is.ucf.edu/>

**Program in Women's Studies, Colbourn Hall, Room: 118**

<http://wgst.cah.ucf.edu/>

The Transnational Gender, Race, and Sexuality Studies Track is a broadly based interdisciplinary curriculum that leads to the Bachelor of Arts degree in Interdisciplinary Studies. Students interested in pursuing this B.A. degree should contact the IDS Advising team at [is@ucf.edu](mailto:is@ucf.edu) or 407-823-0144. For the required Minor in Women's and Gender Studies, students should contact the Women's Studies Program in the College of Arts and Humanities, Donna.Mercado@ucf.edu at 407-823-6502

#### Admission Requirements

- None

#### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students must have declared an Interdisciplinary Studies major - Transnational Gender, Race, and Sexuality Studies track at least one semester before graduation.
- Independent study forms must be approved by the director prior to taking an independent study or internship for use in the Interdisciplinary Studies areas. Non-approved independent studies will not be counted towards the major.
- Co-op credit cannot be used in this track.
- Students must earn at least a "C" (2.0) in each restricted elective course.
- Students must consult with an Interdisciplinary Studies adviser when entering the degree program and regularly thereafter.
- Courses designated in 1. (General Education Program) and 2. (Common Program Prerequisites) are usually completed in the first 60 hours.
- Students wishing to earn an Interdisciplinary Studies degree as a double degree, double major, or second degree, must complete all fifty-four credits exclusive of credits done for the other degree(s) and/or major(s), including any minors associated with that degree.

#### 1. UCF General Education Program (GEP) (36 hrs)

- A: Communication Foundations (9 hrs)**
- B: Cultural & Historical Foundations (9 hrs)**
- C: Mathematical Foundations (6 hrs)**
- D: Social Foundations (6 hrs)**
- E: Science Foundations (6 hrs)**

#### 2. Common Program Prerequisites (CPP)

- None

#### 3. Core Requirements: Basic Level (6 hrs)

- |          |                        |       |
|----------|------------------------|-------|
| IDS 3933 | Cornerstone Experience | 3 hrs |
| IDS 4934 | Capstone Experience    | 3 hrs |

#### 4. Core Requirements: Advanced Level

- None

#### 5. Restricted Electives (30 hrs)

- In addition to the required Minor in Women's and Gender Studies, students must complete 15 hours from the TransGRaS Area and 15 hours from one Interdisciplinary Studies Content Area.
- Students must take a minimum of 15 hours of approved courses in each selected subject area (excluding GEP courses).
- Students are required to take a minimum of 18 UCF hours, as well as 18 upper division hours, in the two areas combined

#### First Study Area: Transnational Gender, Race, 15 hrs and Sexuality Studies

- Note: this subject area is available only to Interdisciplinary Studies Transnational Gender, Race, and Sexuality Studies Track majors

#### Select 3 (9 hrs)

- |          |  |       |
|----------|--|-------|
| HUM 3326 | Theories of Sex and Gender in Humanities | 3 hrs |
|          | or                                       |       |
| HUM 4823 | Queer Theory in the Humanities or        | 3 hrs |
| HUM 4826 | Postcolonial Theory or                   | 3 hrs |

| LIT 4233 | Postcolonial Theory and Literature or    | 3 hrs |
| LIT 4554 | Advanced Feminist Theories or            | 3 hrs |
| PHM 3123 | Feminist Theories or                     | 3 hrs |
| SYD 3700 | Race and Ethnicity or                    | 3 hrs |
| WST 4415 | Global and Transnational Feminism or     | 3 hrs |
| HUM 3806 | Critical Race Theory                     | 3 hrs |

Other courses may be substituted with the approval of the Interdisciplinary Studies Director

#### Select 2 (6 hrs)

- any of the above courses in this area not already taken

- |          |  |       |
|----------|--|-------|
|          | , or                                   |       |
| ANT 3302 | Sex, Gender and Culture or             | 3 hrs |
| ASH 4304 | Women in China or                      | 3 hrs |
| ENC 4374 | Gendered Rhetorics or                  | 3 hrs |
| JST 3510 | Notable Women in Jewish History or     | 3 hrs |
| LIT 3823 | Hispanic Women Writers or              | 3 hrs |
| LIT 3381 | Women Writers of Color or              | 3 hrs |
| PHI 3629 | Family Values or                       | 3 hrs |
| PHM 3020 | Philosophy of Love or                  | 3 hrs |
| PUP 3314 | Minorities in American Politics or     | 3 hrs |
| SYD 3800 | Sex and Gender in Society or           | 3 hrs |
| SYO 4100 | Family Trends or                       | 3 hrs |
| THE 3272 | What a Drag: The Art of Transgender in | 3 hrs |

- |          |  |       |
|----------|--|-------|
| THE 3383 | Entertainment or                       |       |
|          | Taboo Theatre: Sex & Violence on Stage | 3 hrs |
|          | or                                     |       |
| THE 3254 | Queer Theatre or                       | 3 hrs |
| WST 3460 | Women, Race and Struggle or            | 3 hrs |

Other courses may be substituted with the approval of the Interdisciplinary Studies Director

#### Second Study Area (from those below) 15 hrs

- See the Interdisciplinary Studies Advising Teams for details regarding each area: Arts, Behavioral and Social Sciences, Commerce, Communication, Computational Sciences, Education, Engineering, Health, Humanities, Letters and Modern Languages, Life/Biomedical, Physical Sciences, Public Affairs

#### 6. Capstone Requirements

- Students take IDS 4934 in their graduating semester.

#### 7. Foreign Language Requirements

##### Admissions

- Met by graduation requirement

##### Graduation

- Proficiency equivalent to one year of college instruction in either a foreign language or proficiency equivalent to American Sign Language III. Standardized examinations may be used to meet the requirement.

- Note: Students entering without having met the admission requirement must do so in order to graduate.

#### 8. Electives

- Select primarily from upper level courses, with Interdisciplinary Studies advisor's approval.

#### 9. Additional Requirements

- None

#### 10. Required Minors

- Women's and Gender Studies

#### 11. Departmental Exit Requirements

- A grade of "C" or above (2.0) is required for each course taken in each of the subject areas.

- Computer Competency is met by departmental assessment, or the following courses:

- |           |  |       |
|-----------|--|-------|
| CGS 1060C | Introduction to Computers              | 3 hrs |
| STA 1063C | Basic Statistics Using Microsoft Excel | 3 hrs |

## UCF Degree Programs

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

## International and Global Studies (B.A.)

### College of Sciences

### Department of Political Science,

### Howard Phillips Hall, Room: 302

<http://politicalscience.cos.ucf.edu>

Email: [politics@ucf.edu](mailto:politics@ucf.edu)

Dr. Paul Vasquez

Phone: 407-823-2608

This degree program may be completed online, although not all elective options or program prerequisites may be offered online. Newly admitted students choosing to complete this program exclusively via UCF online classes may enroll with a reduction in campus-based fees. See <http://ucf.edu/online> for more information.

#### Admission Requirements

- None

#### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog
- Co-op or internship credit cannot be used in this major without prior departmental approval
- Students should consult with a departmental advisor
- Departmental Residency Requirement consists of at least 21 semester hours of regularly scheduled courses taken from the UCF Department of Political Science
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Most courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours

### Double major/dual degree policy in Political

#### Science programs and minors:

- Students who double major/degree in any Political Science track and International and Global Studies shall not count more than two courses toward both programs, with the exception of:

|          |  |       |
|----------|--|-------|
| POS 2041 | American National Government           | 3 hrs |
| POS 3703 | Scope and Methods of Political Science | 3 hrs |

- Students who major in International and Global Studies, and minor in Political Science, shall not count more than one course toward both programs, except for the following course.

|          |                              |       |
|----------|------------------------------|-------|
| POS 2041 | American National Government | 3 hrs |
|----------|------------------------------|-------|

#### 1. UCF General Education Program (GEP) (36 hrs)

##### A: Communication Foundations (9 hrs)

|          |          |                                    |       |
|----------|----------|------------------------------------|-------|
| Required | ENC 1101 | Composition I                      | 3 hrs |
| Prefer   | ENC 1102 | Composition II                     | 3 hrs |
| Prefer   | SPC 1608 | Fundamentals of Oral Communication | 3 hrs |

##### B: Cultural & Historical Foundations (9 hrs)

|          |                              |                       |       |
|----------|------------------------------|-----------------------|-------|
| Prefer   | WOH 2012                     | World Civilization I  | 3 hrs |
| Prefer   | WOH 2022                     | World Civilization II | 3 hrs |
| Required | One course from GEP B.2 list |                       | 3 hrs |

##### C: Mathematical Foundations (6 hrs)

##### Math: (3 hrs)

|  |          |                                |       |
|--|----------|--------------------------------|-------|
| Prefer   | MGF 1106 | Finite Mathematics or          | 3 hrs |
| Prefer   | MGF 1107 | Explorations in Mathematics or | 3 hrs |
| May substitute a higher level math with appropriate scores on the Math Placement Exam. |          |                                | 3 hrs |

##### Statistics: (3 hrs)

|  |           |                             |       |
|--|-----------|-----------------------------|-------|
| Prefer                                     | STA 2014C | Principles of Statistics or | 3 hrs |
| May substitute a more advanced STA course. |           |                             | 3 hrs |

##### D: Social Foundations (6 hrs)

|          |                              |                              |       |
|----------|------------------------------|------------------------------|-------|
| Prefer   | POS 2041                     | American National Government | 3 hrs |
| Required | One course from GEP D.2 list |                              | 3 hrs |

##### E: Science Foundations (6 hrs)

##### 2. Common Program Prerequisites (CPP)

- None

##### 3. Core Requirements: Basic Level (3 hrs)

|          |   |       |
|----------|---|-------|
| INR 2002 | International Relations-Theory and Practice | 3 hrs |
| POS 2041 | American National Government                | GEP   |

##### 4. Core Requirements: Advanced Level (15 hrs)

|          |  |       |
|----------|--|-------|
| CPO 3103 | Comparative Politics                   | 3 hrs |
| GEO 3471 | World Political Geography              | 3 hrs |
| INR 4008 | Global Perspectives                    | 3 hrs |
| INR 4603 | International Relations Theory         | 3 hrs |
| POS 3703 | Scope and Methods of Political Science | 3 hrs |
| POS 4961 | Exit Exam                              | 0 hrs |

##### 5. Restricted Electives (18 hrs)

- Note: Students must meet all prerequisites before taking these classes.

- Other courses may be substituted with departmental approval.

##### Regional (9 hrs)

- Select from the following listing:

|          |   |       |
|----------|---|-------|
| CPO 3034 | Politics of Developing Areas                | 3 hrs |
| CPO 3104 | Politics of Western Europe                  | 3 hrs |
| CPO 3132 | Canadian Politics                           | 3 hrs |
| CPO 3403 | Politics of the Middle East                 | 3 hrs |
| CPO 3614 | Politics of Eastern Europe                  | 3 hrs |
| CPO 4101 | Politics of the European Union              | 3 hrs |
| CPO 4123 | Government and Politics of Great Britain    | 3 hrs |
| CPO 4303 | Comparative Latin American Politics         | 3 hrs |
| CPO 4514 | Politics of East Asia                       | 3 hrs |
| CPO 4541 | Chinese Politics                            | 3 hrs |
| CPO 4553 | Politics of Japan                           | 3 hrs |
| CPO 4643 | Government and Politics of Russia           | 3 hrs |
| CPO 4710 | Women in Comparative Politics               | 3 hrs |
| INR 3250 | Politics of Pan-Africanism                  | 3 hrs |
| INR 3253 | International Politics of Africa            | 3 hrs |
| INR 4224 | Contemporary International Politics of Asia | 3 hrs |
| INR 4243 | International Politics of Latin America     | 3 hrs |
| INR 4274 | International Politics of the Middle East   | 3 hrs |

## UCF Degree Programs

### Functional 9 hrs

■ Select from the following listing:

|          |  |       |
|----------|--|-------|
| CPO 3057 | Contemporary Revolution and Political Violence               | 3 hrs |

| INR 4102 | American Foreign Policy                                      | 3 hrs |
| INR 4104 | Topics and Cases in American Foreign Policy                  | 3 hrs |
| INR 4114 | American Security Policy                                     | 3 hrs |
| INR 4115 | Strategic Weapons and Arms Control                           | 3 hrs |
| INR 4225 | The Vietnam War  | 3 hrs |
| INR 4304 | Issues in International Public Policy                        | 3 hrs |
| INR 4335 | Coercion in International Politics                           | 3 hrs |
| INR 4350 | Global Environmental Politics                                | 3 hrs |
| INR 4351 | International Environmental Law                              | 3 hrs |
| INR 4363 | Intelligence Analysis and Reporting                          | 3 hrs |
| INR 4364 | The Intelligence Community                                   | 3 hrs |
| INR 4401 | International Law  | 3 hrs |
| INR 4404 | Space Law  | 3 hrs |
| INR 4502 | International Organizations                                  | 3 hrs |
| INR 4714 | Politics of International Trade Policy                       | 3 hrs |
| INR 4744 | Militaries in World Politics                                 | 3 hrs |
| INR 4764 | Cyberwarfare Policy  | 3 hrs |
| INR 4765 | Emerging Space Powers  | 3 hrs |
| INR 4774 | Military Space Policy  | 3 hrs |
| INR 4941 | Internship   | 3 hrs |
| POS 3733 | Designing Political Science Research                         | 3 hrs |
| PUP 4503 | Government and Science                                       | 3 hrs |
| PUP 4510 | Space Policy   | 3 hrs |

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Met by graduation requirement

#### Graduation

- Proficiency equivalent to four semesters of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement.

### 8. Electives

- Select primarily from upper level courses after meeting with a departmental advisor. Courses may be outside the department.
- Internship Program: For students who excel, a limited number of internships may be available each semester.
- Credit for Honors in the Major, Independent Study, and Internship may be counted toward the major in International and Global Studies, provided that no more than 3 hours of either Area be covered by such credits.
- Students who qualify for Senior Scholars Program may enroll in graduate level courses to satisfy major requirements to take Area courses.

### 9. Additional Requirements

- None

### 10. Required Minors

- No more than one course may be used to fulfill both this major and the minor; students may not utilize the International and Global Studies minor to complete the degree requirements for the BA in International and Global Studies. The language and area studies minor requirement will be waived for students who double major in French, Latin American Studies, or Spanish.

- Note: The International Business Minor is only available to Business majors.

- Other minors may be substituted with the program coordinator's approval.

- Aerospace Studies
- Anthropology in Multicultural Studies
- Asian Studies
- Diplomacy
- Diversity and Social Inequality
- Economics
- Economic Policy
- European Studies
- French
- Global Peace and Security Studies
- Human Communication
- Intelligence and National Security
- International Business
- Italian
- Latin American Area Studies
- Middle Eastern Studies
- Military Science
- Russian Studies
- Spanish
- Terrorism Studies
- World Comparative Studies

### 11. Departmental Exit Requirements

- Students must maintain a minimum cumulative GPA of 2.0 in all courses taken in the major. If additional major courses are taken beyond the minimum required (e.g. additional restricted electives), those courses will be included in the GPA calculation.
- Complete the Educational Testing Service Field Exam in Political Science during the student's graduating semester while enrolled in the 0 credit Exit Exam course.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- Interested students who meet the requirements are encouraged to participate in the HIM program. Contact the department for information about the program and the HIM coordinator.

### Related Programs

- Anthropology
- Economics
- History

### Certificates

- Diplomacy
- Intelligence and National Security

### Related Minors

- Anthropology
- Anthropology in Multicultural Studies
- Diversity and Social Inequality
- Economics

## UCF Degree Programs

- European Studies
- Global Peace and Security Studies
- History
- Philosophy
- Psychology
- Sociology
- Terrorism Studies

### Advising Notes

- None

### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

### Acceptable Substitutes for Transfer Courses

- None

### Plan of Study (120 hrs)

- One of numerous possible plans of study. See program description for all requirements. Consult a departmental advisor for alternate, new or more appropriate selections.
- Although all classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt
- Prior to enrolling in Math, take Math Placement Test ~ <http://utc.sdes.ucf.edu>

### Program Academic Learning Compacts

- Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at: [http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$5 per term
- Full-Time Student: \$10 per term

## Journalism (B.A.)

### College of Sciences

### Nicholson School of Communication, NSC, Room: 143

<http://communication.cos.ucf.edu>

Email: [journalism@ucf.edu](mailto:journalism@ucf.edu)

Dr. Steve Collins, Area Coordinator, [steven.collins@ucf.edu](mailto:steven.collins@ucf.edu)  
Nicholson Academic Student Services, [nassc@ucf.edu](mailto:nassc@ucf.edu)  
Phone: 407-823-2681

### Admission Requirements

- The Journalism program is a limited access program that requires a separate application.
- Students should apply to become Journalism majors only after completing all requirements for admission.
- Admission is based on multiple factors, not strictly GPA.
- Attain an overall minimum 2.5 GPA based on a minimum of 30 credit hours of college work. NOTE: Meeting the minimum GPA does not guarantee admission because students are admitted on a space available basis.
- See a NSC advisor for additional admission criteria.
- Meet a grammar proficiency standard. Students must pass a grammar proficiency exam administered by UCF's Testing Center unless they have AP or IB credit in English or an "A-" or better in both of the following courses:
 

|          |                |       |
|----------|----------------|-------|
| ENC 1101 | Composition I  | 3 hrs |
| ENC 1102 | Composition II | 3 hrs |

### Application Deadlines:

- October 1 to be admitted the next spring term
- February 1 to be admitted the next summer term
- June 1 to be admitted the next fall term

### Degree Requirements

- Students who change degree programs (other than from Journalism Pending) and select this major must adopt the most current catalog.
- The Journalism faculty strongly recommend that majors work for a student news outlet.
- Journalism majors may obtain an off-campus internship with a news organization.
- To receive credit for an internship, students must have a 2.5 GPA in their required major courses. Students with less than a 2.5 GPA will not be given academic internship credit.
- Students can enroll in a maximum of three hours of internship credit. However, the internships must be with different employers. Each internship must be approved by and supervised by a Journalism faculty advisor.
- A portfolio of representative work must be submitted to, and approved by, a faculty committee at least one semester before graduation. At least 75% of the work must be produced while at UCF.
- Co-op or internship credit cannot be used in this major without prior approval.
- Students should consult with a school advisor.
- Of the 120 hours required for graduation, a minimum of 72 hours must be taken outside of the disciplines represented within the Nicholson School of Communication.

## UCF Degree Programs

- Of these 72 hours, 56 must be taken in the liberal arts (i.e. within the College of Arts & Humanities or the College of Sciences).
- To ensure completion within 120 hours and to comply with the 72 hour minimum rule, no more than 48 (or 51 if a GEP speech class was taken at UCF) of the 120 hours may be taken within the Nicholson School of Communication.
- Journalism majors must select their required minor or area of concentration from outside the Nicholson School of Communication to remain below the 48 credit hour school maximum.
- School residency requirement consists of at least 24 semester hours of regularly scheduled 3000-4000 level courses taken from the UCF Nicholson School of Communication.
- The Journalism program follows the Society of Professional Journalists Code of Ethics. Students who violate the code (plagiarizing, cheating or fabricating, for example) may be removed from the program.
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in 1 (General Education Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

### 1. UCF General Education Program (GEP) (36 hrs)

#### A: Communication Foundations (9 hrs)

|  |              |
|--|--------------|
| <b>Composition: Complete both courses.</b> | <b>6 hrs</b> |
| Required ENC 1101 Composition I and        | 3 hrs        |
| Required ENC 1102 Composition II           | 3 hrs        |

#### Speech: Select one of the following. (3 hrs)

|   |       |
|---|-------|
| Required SPC 1608 Fundamentals of Oral        | 3 hrs |
| Communication or                              |       |
| Suggested SPC 1603C Fundamentals of Technical | 3 hrs |
| Presentations                                 |       |

#### B: Cultural & Historical Foundations (9 hrs)

|   |              |
|---|--------------|
| <b>Group 1: Select a course from group 1.</b> | <b>3 hrs</b> |
| Prefer AMH 2010 U.S. History: 1492-1877       | 3 hrs        |

#### Group 2: Select a course from group 2. (3 hrs)

#### Group 3: Select a third course from either group 1 or 2. (3 hrs)

#### C: Mathematical Foundations (6 hrs)

|  |              |
|--|--------------|
| <b>Statistics-Computers:</b>                     | <b>3 hrs</b> |
| Suggested CGS 1060C Introduction to Computers or | 3 hrs        |
| Suggested STA 2014C Principles of Statistics     | 3 hrs        |

#### Math: (3 hrs)

|   |       |
|---|-------|
| Suggested MGF 1106 Finite Mathematics or                | 3 hrs |
| Suggested MGF 1107 Explorations in Mathematics          | 3 hrs |
| or  |       |
| You may substitute a higher level math with appropriate | 3 hrs |
| scores on the Math Placement Exam.                      |       |

#### D: Social Foundations (6 hrs)

|  |              |
|--|--------------|
| <b>Group 1:</b>                              | <b>3 hrs</b> |
| Prefer POS 2041 American National Government | 3 hrs        |

#### Group 2: Select a listed course (3 hrs)

#### E: Science Foundations (6 hrs)

### 2. Common Program Prerequisites (CPP)

- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.

#### Complete one of the following:

|   |     |
|---|-----|
| SPC 1608 Fundamentals of Oral Communication or    | GEP |
| SPC 1603C Fundamentals of Technical Presentations | GEP |

### 3. Core Requirements: Basic Level (15 hrs)

- Grammar Proficiency must be satisfied before enrolling in JOU 2100C.
- These courses may be completed before acceptance into the program.

- All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken along with the following:

#### Core: Required, satisfies the CPP

|   |         |
|---|---------|
| SPC 1608 Fundamentals of Oral Communication or    | GEP/CPP |
| SPC 1603C Fundamentals of Technical Presentations | GEP/CPP |

#### Core

- Must earn at least a "C" (2.0) in these courses in order to enroll in subsequent courses.

|   |       |
|---|-------|
| JOU 2100C News Reporting and                | 3 hrs |
| JOU 3004 History of American Journalism and | 3 hrs |
| MMC 3200 Mass Communication Law and         | 3 hrs |
| JOU 3015 Principles of Journalism and       | 3 hrs |
| MMC 2004 Mass Media                         | 3 hrs |

### 4. Core Requirements: Advanced Level (3 hrs)

- These courses may be completed either before or after acceptance into the program.

- Must earn at least a "C" (2.0) in these courses in order to enroll in subsequent courses.

#### Select 1:

|  |       |
|--|-------|
| MMC 4300 International Media or                      | 3 hrs |
| MMC 4303 Hispanics in Media in the US or             | 3 hrs |
| Any Nicholson School advisor approved upper-division | 3 hrs |
| Study Abroad course                                  |       |

### 5. Restricted Electives (19 hrs)

- These courses can only be completed after acceptance into the program.

- (NOTE: May NOT use courses in your core track as an elective; students must use a different course if they have already taken one listed as a requirement in their track).

- All prerequisites of courses will be enforced.

- Courses taken from Group A and Group B must total 9 hours.

#### Electronic News: Select the following: (10 hrs)

| JOU 4950             | Senior Capstone in Journalism | 4 hrs        |

### **7. Foreign Language Requirements**

#### **Admissions**

■ Met by graduation requirement

#### **Graduation**

■ Proficiency equivalent to one year of college instruction in a foreign language taught by the Department of Modern Languages and Literatures or Judaic Studies. Standardized examinations for foreign languages may be used to meet the requirement.

■ Eight credits of American Sign Language (ASL) can satisfy this requirement for students graduating under this catalog; however it will not count toward the 56 hour Liberal Arts requirement. Consult with the NSC advising staff to understand how choosing ASL impacts hours needed to graduate.

#### **8. Electives**

■ Select primarily from upper level courses, with school advisor's approval. Must be from outside of the Nicholson School of Communication in order to not exceed the 41 credit hour cap. The majority of electives should be taken in the Liberal Arts and Sciences to comply with the 56 hour Liberal Arts requirement.

#### **9. Additional Requirements**

■ None

#### **10. Required Minors**

■ Journalism majors must complete an 18 hour minor in an academic area outside of the Nicholson School of Communication. When no official minor is offered, students may complete an 18-credit-hour area of concentration approved by the Area Coordinator.

■ The minor or area of concentration must be from outside of the Nicholson School of Communication in order to not exceed the 41 credit hour cap.

#### **11. Departmental Exit Requirements**

■ Acceptance of portfolio by faculty.  
■ To avoid delaying graduation, you must request a review of requirements before registering for your last term.

■ Students must achieve a minimum cumulative GPA of 2.0 in all UCF Nicholson School of Communication (NSC) courses taken in the major.

■ All attempts of UCF NSC courses that could meet major requirements are included in the major GPA calculation, including those taken beyond the minimum required (e.g. additional restricted electives).

### **12. University Minimum Exit Requirements**

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### **Total Semester Hours Required**

■ 120

#### **Honors In Major**

■ None

#### **Related Programs**

- English - Creative Writing
- English - Technical Communication

#### **Certificates**

■ None

#### **Related Minors**

■ NOTE: Minors taught within the Nicholson School of Communication are not open to Journalism majors.

- English - Creative Writing
- English - Linguistics
- English - Literature
- English - Technical Communication
- Writing and Rhetoric
- History
- Magazine Journalism
- Political Science
- Sociology

#### **Advising Notes**

■ It is the student's responsibility to ensure that course prerequisites have been satisfied before registering for a class.

■ Students are urged to contact their school advisor before registering for courses.

#### **Transfer Notes**

■ Lower division courses do not substitute for upper division courses.

■ Courses transferred from private and out-of-state schools must be evaluated for equivalency credit. The student must provide all supporting information.

#### **Acceptable Substitutes for Transfer Courses**

■ None

#### **Plan of Study**

■ One of numerous possible plans of study. See program description for all requirements. Consult a school advisor for alternate, new or more appropriate selections.

■ Although most classes are listed as being taken during the academic year, you may be required to complete 9 hours of them during the Summer. Consult with an advisor to determine if you are exempt.

 Phone: 407-823-1173

### Admission Requirements

- None

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Co-op or internship credit cannot be used in this major without previous approval by the program director.
- Students must earn at least a "C"(2.0) in each required course.
- Students should consult with the program director or advisor.
- Program Residency Requirement consists of at least 18 semester hours of regularly scheduled 3000-4000 level courses taken at UCF.
- Courses designated in 1 (General Ed Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.

|   |                 |

| POS 4074 | Latino Politics                         | 3 hrs |
| PUP 3314 | Minorities in American Politics         | 3 hrs |

### Modern Languages and Literature

■ Students can choose from the extensive listing of 3000-4000 of upper level Spanish, French, and/or Portuguese (SPN, SPW, SPT, FRE, and/or POR, POW prefixes) courses offered by the Modern Languages Department. The student should give preference to those courses related to Latin American culture and civilization.

### Communication

|          |  |       |
|----------|--|-------|
| MMC 4303 | Hispanics in Media in the US           | 3 hrs |
| JOU 3951 | Knightly Latino: Spanish Language News | 3 hrs |

### 6. Capstone Requirements (3 hrs)

|                 |                       |              |
|-----------------|-----------------------|--------------|
| <b>Select 1</b> |                       | <b>3 hrs</b> |
| LAS 4910        | LAS Capstone          | 3 hrs        |
| LAS 4949        | Cooperative Education | 3 hrs        |
| LAS 4955        | Study Abroad          | 3 hrs        |

### 7. Foreign Language Requirements

#### Admissions

- Foreign Language Requirement: (0 -11 hrs)
- LAS majors will have a proficiency equivalent to three semesters of college instruction in a single foreign language taught by the Department of Modern Languages and Literatures. Spanish or Portuguese preferred, although other Latin American languages may be acceptable with prior written consent of the LAS program director. Standardized examinations for foreign languages may be used to meet the requirement.

#### Graduation

- None

### 8. Electives

- Variable
- Select primarily from upper level courses after meeting with the program advisor. Courses may be outside the department.

### 9. Additional Requirements

- None

### 10. Required Minors

- LAS majors cannot minor in Latin American Studies. A second major can satisfy the minor requirement with prior consent of program director or advisor. The LAS minor will continue to be available to non-LAS majors.
- Students will select a minor in consultation with the LAS program director or advisor. No more than six (6) hours can overlap between the major and the minor.

### 11. Departmental Exit Requirements

- None

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.

- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

- 120

### Honors In Major

- Students interested in completing Honors in the Major should contact their program advisor. More information about Honors in the Major can be found at <http://research.honors.ucf.edu/honors-in-the-Major>.

Dr. Marc Consalo, Internship Coordinator,  
Marc.Consalo@ucf.edu, 407-823-2970  
Phone: 407-823-1670

The Legal Studies Program provides students with a broad understanding of basic principles of law and the role and function of the legal system. While no specific major is prescribed for admission to law school, many pre-law students elect to major in legal studies. The legal studies program, in addition to preparing students for law-related careers, provides a foundation for law school or other graduate education. All of the full time Legal Studies faculty are attorneys who are graduates of ABA approved law schools and are available for law school advising. Pre-law students are encouraged to work closely with legal studies advisors in planning their programs. Satisfactory completion of program requirements leads to the degree of Bachelor of Arts or Bachelor of Science with a major in Legal Studies. Students who complete the Legal Studies degree are eligible to apply for The Florida Bar Registered Paralegal designation or to sit for the national paralegal certification exams.

### Admission Requirements

■ None

### Degree Requirements

■ Students who change degree programs and select this major must adopt the most current catalog.

■ Students should complete the General Education Program before transferring within the Florida College System or State University System.

■ Students should consult with a departmental advisor.

■ The courses designated in section 1 below may be taken at a Florida College System institution, and should usually be completed in the first 60 hours.

■ 33 hours of PLA coursework must be taken at UCF.

■ 2.0 in all PLA work at UCF and overall.

### 1. UCF General Education Program (GEP) (36 hrs)

#### A: Communication Foundations (9 hrs)

|          |          |                |       |
|----------|----------|----------------|-------|
| Required | ENC 1101 | Composition I  | 3 hrs |
| Required | ENC 1102 | Composition II | 3 hrs |

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (6 hrs)

#### D: Social Foundations (6 hrs)

#### E: Science Foundations (6 hrs)

### 2. Common Program Prerequisites (CPP)

■ None

### 3. Core Requirements: Basic Level

■ None

### 4. Core Requirements: Advanced Level (18 hrs)

■ All core requirements must be completed with a minimum grade of "C" (2.0) to satisfy the major.

|          |                                   |       |
|----------|-----------------------------------|-------|
| PLA 3014 | Law and the Legal System          | 3 hrs |
| PLA 3108 | Legal Research                    | 3 hrs |
| PLA 3155 | Legal Writing                     | 3 hrs |
| PLA 3205 | Civil Practice and Procedure      | 3 hrs |
| PLA 3615 | Property and Real Estate Law      | 3 hrs |
| PLA 4703 | Professional Ethics and Liability | 3 hrs |

### 5. Restricted Electives (30 hrs)

#### Upper Division Restricted Electives 21 hrs

■ 21 additional hours of Legal Studies coursework selected in consultation with an advisor.

#### Supporting Courses 9 hrs

■ Students pursuing the B.A. degree must complete nine semester hours of supporting courses chosen with the approval of the student's advisor. Students pursuing the B.S. degree must complete 15 hours of supporting courses chosen with the approval of the student's advisor.

### Specializations

■ Students may earn a specialization within the general program of study. The specializations do not substitute for the general legal studies degree requirements; they are earned within the general program by selecting particular courses to satisfy the legal studies restricted electives and supporting courses requirements. Students are not required to declare a specialization. The following specializations are offered:

■ Law and Society, Litigation and Advocacy, Public Law, Sports and Entertainment Law, Criminal Law and Individual Liberties, Estates and Property Law, Comparative and International Law, Commercial and Transactional Law.

■ A student may earn a maximum of two specializations. Specific course requirements are available at the department office or from the student's advisor.

### 6. Capstone Requirements (3 hrs)

■ Capstone must be completed with a minimum grade of "C" (2.0) to satisfy the major.

|          |                        |       |
|----------|------------------------|-------|
| PLA 4935 | Capstone: Legal Issues | 3 hrs |
|----------|------------------------|-------|

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

## UCF Degree Programs

### Graduation

■ Students pursuing the B.A. degree must demonstrate proficiency in a foreign language equivalent to one year at college level. Students taking American Sign Language (ASL) to satisfy B.A. foreign language requirement must complete three semesters of ASL classes (ASL I, II and III).

### 8. Electives

■ If students chose the following electives, they must complete them with a minimum grade of a "C" (2.0): PLA 4020, PLA 4240, PLA 4910.

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ Students must take a minimum of 33 hours of PLA courses at UCF. The total semester hours required is 120.

■ Second Bachelor's degree students must complete a minimum of 30 credit hours of Legal Studies (PLA) coursework after being admitted as a second degree seeking student.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors In Major

■ Interested students should consult with their faculty advisor.

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alc/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alc/academic_learning_compacts.htm)

## Management (B.S.B.A.)

### College of Business Administration

### Department of Management,

### Business Administration I, Room: 309

<http://business.ucf.edu/undergraduate-programs>

Phone: 407-823-5569

The management major combines theory and application, with a focus on problem solving, group projects, and case analysis. The curriculum prepares students for leadership roles in a variety of organizations, including: large and small, public and private, for profit and non-for-profit. The program can also accommodate students who wish to embark on their own entrepreneurial ventures. Students majoring in management should possess strong quantitative skills, enjoy problem solving, and embrace working with people. Not eligible for a double degree with another College of Business Administration major.

### Admission Requirements

■ Completion of the UCF General Education program and Gordon Rule, or an AA degree from a Florida College System or State University System institution, and completion of each Common Program Prerequisite course with a "C" (2.0) or better.

■ Completion of the following courses at UCF or at an AACSB accredited institution: ECO 3411, MAR 3023, FIN 3403, MAN 3025, and ACG 3173, with a GPA of at least 3.0, a grade of at least "B" (3.0) in MAN 3025, and no grade below a "C" (2.0). One course may be repeated one time in the next term of enrollment to meet these requirements.

# UCF Degree Programs

- See Common Program Prerequisites
- A student's academic catalog year guarantees their graduation requirements, but not their admission requirements. All pre-majors are held to the current admission standards. This applies to both native and transfer students.

## Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students wanting to major in Management must apply for admission to the major.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.
- For students seeking a double major within the College of Business, a maximum of 6 hours of Required Courses for the Major or Restricted Electives may count towards another business major.
- A maximum of 6 hours of Core Requirements or Restricted Electives may count towards another degree program or minor.
- Students in the Management major must maintain a 2.75 or higher cumulative Grade Point Average in all 3000 level or higher Management (MAN) and Entrepreneurship (ENT) courses taken at UCF. Students must also maintain a 2.0 or higher cumulative GPA in all College of Business courses taken at UCF. Failure to maintain the required GPAs will result in the student being placed on Lack of Progress in the major and/or College. If a student on Lack of Progress fails to achieve the minimum required GPA in the subsequent term of enrollment, the student will be dismissed from the Management major and/or College of Business. A student who is dismissed may seek consideration for readmittance into the College or major by submitting a letter indicating the reasons for academic difficulties and positive plans for achieving the required GPA. Readmission is not automatic or guaranteed and as an exception to College policy is rarely granted.
- Students must earn a "B" or higher in MAN 3025. In addition, only grades of "C" (2.0) or higher transfer into the program and students must earn a minimum of "C" (2.0) or higher in all business courses. This includes all courses under requirements 2, 3, 4, 5 and 6 below.

## 1. UCF General Education Program (GEP) (36 hrs)

**A: Communication Foundations (9 hrs)**  
 Prefer SPC 1608 Fundamentals of Oral Communication 3 hrs

**B: Cultural & Historical Foundations (9 hrs)**

**C: Mathematical Foundations (6 hrs)**  
 Required CGS 2100C Computer Fundamentals for Business 3 hrs  
 Required MAC 1105C College Algebra 3 hrs

**D: Social Foundations (6 hrs)**

**Select 1: (3 hrs)**  
 Prefer ECO 2013 Principles of Macroeconomics or 3 hrs  
 Prefer ECO 2023 Principles of Microeconomics 3 hrs

**Select 1: (3 hrs)**  
 Suggested ANT 2000 General Anthropology or 3 hrs  
 Suggested PSY 2012 General Psychology or 3 hrs  
 Suggested SYG 2000 Introduction to Sociology 3 hrs

**E: Science Foundations (6 hrs)**

## 2. Common Program Prerequisites (CPP) (18 hrs)

■ Must be completed with a "C" 2.0 or better  
 ACG 2021 Principles of Financial Accounting 3 hrs  
 ACG 2071 Principles of Managerial Accounting 3 hrs  
 CGS 2100C Computer Fundamentals for Business 3 hrs  
 ECO 2013 Principles of Macroeconomics 3 hrs  
 ECO 2023 Principles of Microeconomics 3 hrs

## Select one of the following sequences of courses:

- Students who have not completed MAC 2233 and STA 2023 with a "C" (2.0) or better must take ECO 3401.

ECO 3401 Quantitative Business Tools I 3 hrs

or

<sup>1</sup> MAC 2233 Concepts of Calculus and 3 hrs  
 STA 2023 Statistical Methods I 3 hrs

<sup>1</sup> or MAC 2311 and MAC 2312

## 3. Core Requirements: Basic Level

- None

## 4. Core Requirements: Advanced Level (45 hrs)

### Primary Core 15 hrs

ACG 3173 Accounting for Decision-Makers 3 hrs  
 ECO 3411 Quantitative Business Tools II 3 hrs  
 FIN 3403 Business Finance 3 hrs  
 MAN 3025 Management of Organizations 3 hrs  
 MAR 3023 Marketing 3 hrs

### Secondary Core 15 hrs

GEB 3006 Introduction to Career Development and Financial Planning 2 hrs  
 GEB 3003 Career Research & Planning 1 hr  
 GEB 3005 Career Search Strategy 1 hr  
 BUL 3130 Legal and Ethical Environment of Business 3 hrs  
 GEB 3375 Introduction to International Business 3 hrs  
 MAR 3203 Supply Chain and Operations Management 3 hrs  
 GEB 4223 Business Interviewing Techniques 1 hr  
 GEB 4004 Executing Your Career Plan 1 hr

### Required Courses for Major 15 hrs

MAN 4350 Performance Management 3 hrs  
 MAN 4143 Leadership Development 3 hrs  
 MAN 4240 Organizations: Theory and Behavior 3 hrs  
 MAN 4441 Conflict Resolution and Negotiation 3 hrs  
 MAN 4046 Teamwork, Collaboration, and Group Dynamics 3 hrs

## 5. Restricted Electives (12 hrs)

### Restricted Elective Courses 9 hrs

#### Select 3: 9 hrs

- Minimum of 3 courses required:
- GEB 4435 Moral Foundations of Business or 3 hrs  
 MAN 4209 Designing Dynamic Organizations or 3 hrs  
 MAN 3301 Strategic Human Resource Management or 3 hrs  
 MAN 4320 Human Resources Recruitment and Selection or 3 hrs  
 MAN 4329 Business Analytics in Human Resource Management or 3 hrs  
 Any MAN or ENT course 3 hrs

### Business Elective 3 hrs

Choose any upper level business course 3 hrs

## 6. Capstone Requirements (3 hrs)

- Admitted to a Business major, senior standing, and completion of MAN 3025, MAN 3023, FIN 3403, ECO 3411, and ACG 3173 or ACG 3131 are required to register for MAN 4720.
- MAN 4720 Strategic Management 3 hrs

## 7. Foreign Language Requirements

### Admissions

- Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

### Graduation

- None

## 8. Electives

- Variable

## 9. Additional Requirements

- None

## 10. Required Minors

- None

## 11. Departmental Exit Requirements

- A minimum major GPA of 2.75 and a minimum College of Business GPA of 2.0.

## UCF Degree Programs

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

#### Total Semester Hours Required

- 120

#### Honors In Major

- Eligibility: Requirements for admission to the Honors in the Major program are: completion of at least 60 credit hours, completion of at least 12 upper division hours, at least a 3.5 GPA in the major, at least a 3.2 upper-division GPA, and at least two semesters remaining prior to graduation.
- Admission: Application for admission to the Honors in the Major program must be approved by both the Chair of the Management Department and Associate Dean of the Honors College plus the payment of \$25.00 one-time membership dues.
- Requirements: Students accepted into the Honors in the Major program must complete two honors courses (total of 6 credit hours) as follows:

**Honors in Major Credit Requirements** **6 hrs**

**Required Honors Reading Course** **3 hrs**

|           |                              |       |
|-----------|------------------------------|-------|
| MAN 4903H | Honors Directed Reading I or | 3 hrs |
| MAN 4904H | Honors Directed Reading II   | 3 hrs |

**Required Honors Thesis** **3 hrs**

|           |                             |       |
|-----------|-----------------------------|-------|
| MAN 4970H | Undergraduate Honors Thesis | 3 hrs |
|-----------|-----------------------------|-------|

#### Related Programs

- None

#### Certificates

- None

#### Related Minors

- None

#### Advising Notes

- Florida College System students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.
- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

#### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
- Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF, Business students who have completed the calculus and statistics class will be waived from Quantitative Business Tools I. Students who have completed either the calculus or the statistics, but not both, must take Quantitative Business Tools I.
- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C" (2.0) or better in each common program prerequisites class.

- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.

#### Acceptable Substitutes for Transfer Courses

- None

#### Plan of Study

- General electives as required to earn 120 credit hours.

# UCF Degree Programs

## Marketing (B.S.B.A.)

### College of Business Administration

### Department of Marketing,

### Business Administration II, Room: 307S

<http://business.ucf.edu/undergraduate-programs>

Phone: 407-823-2108

Students interested in majoring in marketing have two options: the marketing management track or the professional selling track. The marketing management track provides students with the knowledge and skills necessary to excel in entry-level positions in marketing management, product/brand management, or positions in retail, sales, market research, or promotion. The professional selling track prepares students for positions in B-B selling, with the potential to advance into either sales management or marketing management. Not eligible for a double degree with another College of Business Administration major.

### Admission Requirements

- Completion of the UCF General Education program and Gordon Rule, or an AA degree from a Florida College System or State University System institution, and completion of each Common Program Prerequisite course with a "C" (2.0) or better.
- Completion of the following courses at UCF or at an AACSB accredited institution: ECO 3411, MAR 3023, FIN 3403, MAN 3025, and ACG 3173, with a GPA of at least 3.0, a grade of at least "B" (3.0) in MAR 3023, and no grade below a "C" (2.0). One course may be repeated one time in the next term of enrollment to meet these requirements.
- See Common Program Prerequisites
- A student's academic catalog year guarantees their graduation requirements, but not their admission requirements. All pre-majors are held to the current admission standards. This applies to both native and transfer students.

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Students wanting to major in Marketing must apply for admission to the major.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.
- For students seeking a double major within the College of Business, a maximum of 6 hours of Required Courses for the Major or Restricted Electives may count towards another business major.
- A maximum of 6 hours of Core Requirements or Restricted Electives may count towards another degree program or minor.
- Students in the Marketing major must maintain a 2.75 or higher cumulative Grade Point Average in all 3000 level or higher Marketing courses and a 2.0 or higher cumulative GPA in all College of Business courses taken at UCF. Failure to maintain the required GPAs will result in the student being placed on Lack of Progress in the major and/or College. If a student on Lack of Progress fails to achieve the minimum required GPA in the subsequent term, the student will be dropped as a Marketing major and/or College of Business student. A student who is dropped may seek re-admittance into the College or major by submitting a letter indicating the reasons for academic difficulties and positive plans for achieving the required GPA. Readmission is not automatic or guaranteed and as an exception to College policy is rarely granted.

- Students must earn a "B" or higher in MAR 3023. In addition, only grades of "C" (2.0) or higher transfer into the program and students must earn a minimum of "C" (2.0) or higher in all business courses. This includes all courses under requirements 2, 3, 4, 5 and 6 below.

### 1. UCF General Education Program (GEP) (36 hrs)

|          |                       |       |
|----------|-----------------------|-------|
| MAR 4841 | Services Marketing or | 3 hrs |
| MAR 4941 | Marketing Internship  | 3 hrs |

#### OR

### Professional Selling Track: Required

27 hrs

■ Admission by department approval: Applicants restricted to declared marketing majors or other business majors who meet all GPA requirements for admission to the marketing major. Requires submission of application by May 1. Department faculty committee will select professional selling track participants based on academic achievement, work experience, outside activities and leadership positions, and responses to questions on the application form and in interviews. Must have earned a grade of "B-" (2.75) or higher in the following course to apply:

|          |                      |       |
|----------|----------------------|-------|
| MAR 3391 | Professional Selling | 3 hrs |
|----------|----------------------|-------|

#### Take all of the following:

|           |                                  |       |
|-----------|----------------------------------|-------|
| MAR 3391  | Professional Selling             | 3 hrs |
| MAR 3503  | Consumer Behavior                | 3 hrs |
| MAR 3613  | Marketing Research               | 3 hrs |
| MAR 3615  | Marketing Analysis               | 3 hrs |
| MAR 3721  | Digital Media Marketing          | 3 hrs |
| MAR 4804  | Marketing Strategy               | 3 hrs |
| MAR 4413C | Strategic Issues in Sales        | 3 hrs |
| MAR 4415C | Advanced Professional Selling    | 3 hrs |
| MAR 4418  | Strategic Sales Force Management | 3 hrs |

### 5. Restricted Electives

■ None

### 6. Capstone Requirements

(3 hrs)

■ Admitted to a Business major, senior standing, and completion of MAN 3025, MAR 3023, FIN 3403, ECO 3411, and ACG 3173 or ACG 3131 are required to register for MAN 4720.

|          |                      |       |
|----------|----------------------|-------|
| MAN 4720 | Strategic Management | 3 hrs |
|----------|----------------------|-------|

### 7. Foreign Language Requirements

#### Admissions

■ Two years of one foreign language in high school, or one year of one foreign language in college (or equivalent proficiency exam) prior to graduation.

#### Graduation

■ None

### 8. Electives

■ Variable

### 9. Additional Requirements

■ None

### 10. Required Minors

■ None

### 11. Departmental Exit Requirements

■ A minimum major GPA of 2.75 and a minimum College of Business GPA of 2.0.

### 12. University Minimum Exit Requirements

- A 2.0 UCF GPA
- 60 semester hours earned after CLEP awarded
- 48 semester hours of upper division credit completed
- 30 of the last 39 hours of course work must be completed in residency at UCF.
- A maximum of 45 hours of extension, correspondence, CLEP, Credit by Exam, and Armed Forces credits permitted.
- Complete the General Education Program, the Gordon Rule, and nine hours of Summer credit.

### Total Semester Hours Required

■ 120

### Honors In Major

■ Eligibility: Requirements for admission to the Honors in the Major program are: completion of at least 60 credit hours, completion of at least 12 upper division hours, at least a 3.5 GPA in the major, at least a 3.2 upper-division GPA, and at least two semesters remaining prior to graduation.

■ Admission: Application for admission to the Honors in the Major program must be approved by both the Chair of the Marketing Department and Associate Dean of the Honors College plus the payment of \$25.00 one-time membership dues.

■ Requirements: Students accepted into the Honors in the Major program must complete two honors courses (total of 6 credit hours) as follows:

### Honors In Major Credit Requirements

#### Required Honors Reading Course

|           |                           |       |
|-----------|---------------------------|-------|
| MAR 4903H | Honors Directed Reading I | 3 hrs |
|-----------|---------------------------|-------|

#### Required Honors Thesis

|           |                             |       |
|-----------|-----------------------------|-------|
| MAR 4970H | Undergraduate Honors Thesis | 3 hrs |
|-----------|-----------------------------|-------|

### Related Programs

■ None

### Certificates

■ None

### Related Minors

- Marketing
- Professional Selling

### Advising Notes

- Florida College System students are advised to complete the Associate of Arts degree, to include the general education requirements, the common program prerequisites for the SUS system, and college algebra.
- Orientation and advising are two of the most valuable tools that a student can make use of when transferring to UCF. Be sure that you take advantage of both.

### Transfer Notes

- Lower division courses do not substitute for upper division courses.
- Courses transferred must be formally evaluated for equivalency credit. The student must provide a course syllabus and any other supporting information with his/her petition for this evaluation.
- Common Program Prerequisites for the State University System for College of Business Administration programs include Financial Accounting, Managerial Accounting, Macroeconomics, Microeconomics, Calculus, Statistics, and a relevant computer class. At UCF Business, students who have completed the calculus and statistics class will be waived from Quantitative Business Tools I. Students who have completed either the calculus or the statistics, but not both, can take Quantitative Business Tools I.
- Subject to the general grade and residence requirements, credit will be granted for transferred course work equivalent to that required in the UCF Business program. Only grades of "C" (2.0) or higher transfer into the program and students must have a "C" (2.0) or better in each common program prerequisites class, and all prerequisites to marketing courses.
- Any student receiving a business degree must complete a minimum of 30 of the 60 upper level business credit hours for their degree program in the UCF College of Business Administration. Additionally, 12 of the 30 credit hours completed at UCF must be from the department or school in which the student majors.

### Acceptable Substitutes for Transfer Courses

■ None

### Plan of Study

■ General electives as required to earn 120 credit hours.

### Freshman Year - Fall

15 hrs

### Program Academic Learning Compacts

■ Program Academic Learning Compacts (student learning outcomes) for undergraduate programs are located at:  
[http://www.oas.ucf.edu/alac/academic\\_learning\\_compacts.htm](http://www.oas.ucf.edu/alac/academic_learning_compacts.htm)

### Equipment Fees

- Part-Time Student: \$15 per term
- Full-Time Student: \$30 per term

## Mathematics (B.S.)

### College of Sciences

### Department of Mathematics,

### Mathematical Sciences Building, Room: 207

<http://math.ucf.edu>

Dr. Joseph Brennan, MSB 212, Joseph.Brennan@ucf.edu,  
 407-823-0147

### Admission Requirements

- None

### Degree Requirements

- Students who change degree programs and select this major must adopt the most current catalog.
- Departmental Residency Requirement: at least 24 semester hours of regularly scheduled 3000-4000 level courses must be taken from the UCF Mathematics Department.
- Students must earn at least a "C" (2.0) in each course used to satisfy a requirement.
- Students must achieve a minimum cumulative GPA of 2.0 in all courses satisfying major requirements.
- Co-op or internship credit cannot be used in this major.
- Students should consult with a departmental advisor.
- All prerequisites of courses taught within the College of Sciences will be enforced.
- Courses designated in 1 (General Ed Program) and 2 (Common Program Prerequisites) are usually completed in the first 60 hours.
- All mathematics courses, except the following, must be either taken from, or approved by, the Department of Mathematics at UCF:

|           |                                     |       |
|-----------|-------------------------------------|-------|
| MAC 2311C | Calculus with Analytic Geometry I   | 4 hrs |
| MAC 2312  | Calculus with Analytic Geometry II  | 4 hrs |
| MAC 2313  | Calculus with Analytic Geometry III | 4 hrs |
| MAP 2302  | Ordinary Differential Equations I   | 3 hrs |

### Note: the following courses will not satisfy any Math degree requirements:

|          |                        |       |
|----------|------------------------|-------|
| MTG 4212 | Modern Geometries      | 4 hrs |
| MHF 4404 | History of Mathematics | 3 hrs |

### 1. UCF General Education Program (GEP) (38 hrs)

- (Note: Certain courses must be selected for this major, bringing GEP hours above 36)
- Some concentrations require particular selections of courses in the GEP program. Please consult the desired concentration listed below.

#### A: Communication Foundations (9 hrs)

#### B: Cultural & Historical Foundations (9 hrs)

#### C: Mathematical Foundations (7 hrs)

|          |           |                                   |       |
|----------|-----------|-----------------------------------|-------|
| Required | MAC 2311C | Calculus with Analytic Geometry I | 4 hrs |
| Required | COP 3502C | Computer Science I                | 3 hrs |

#### D: Social Foundations (6 hrs)

|          |          |                              |       |
|----------|----------|------------------------------|-------|
| Required | ECO 2023 | Principles of Microeconomics | 3 hrs |
|----------|----------|------------------------------|-------|

### 2. Select a course listed in GEP Program 3 hrs

### E: Science Foundations (8 hrs)

#### Select one:

|           |           |                                     |       |
|-----------|-----------|-------------------------------------|-------|
| Suggested | PHY 2048C | General Physics Using Calculus I or | 4 hrs |
| Suggested | CHM 2045C | Chemistry Fundamentals I            | 4 hrs |

### AND

|           |           |           |       |
|-----------|-----------|-----------|-------|
| Suggested | BSC 2010C | Biology I | 4 hrs |
|-----------|-----------|-----------|-------|

### 2. Common Program Prerequisites (CPP) (11 hrs)

- See "Common Prerequisites" in the Transfer and Transitions Services section for more information.
  - See Transfer Notes for possible substitutions of certain courses.
- |           |                                   |     |
|-----------|-----------------------------------|-----|
| COP 3502C | Computer Science I                | GEP |
| MAC 2311C | Calculus with Analytic Geometry I | GEP |

## UCF Degree Programs

|          |                                     |       |
|----------|-------------------------------------|-------|
| MAC 2312 | Calculus with Analytic Geometry II  | 4 hrs |
| MAC 2313 | Calculus with Analytic Geometry III | 4 hrs |
| MAP 2302 | Ordinary Differential Equations I   | 3 hrs |

**Select from the courses listed in the GEP Program 4 hrs**

|                        |                                  |     |
|------------------------|----------------------------------|-----|
| <sup>1</sup> CHM 2045C | Chemistry Fundamentals I or      | GEP |
| BSC 2010C              | Biology I or                     | GEP |
| PHY 2048C              | General Physics Using Calculus I | GEP |

<sup>1</sup> or the two semester equivalent CHM 2040/2041

### 3. Core Requirements: Basic Level (22 hrs)

■ All courses specifically identified in the preceding Common Program Prerequisites section of this catalog are also required in the Basic Core, and must be taken.

■ Selection of the Science sequence may need to reflect the student's track. Consult the requirements of the track before selecting the science sequence.

■ The Mathematical Biology track requires all three of the CHM 2045C/2046/2047, the BSC 2010C/2011C, and the PHY 2048C/2049C sequences.

■ The Engineering/Physics track requires the PHY 2048C/2049C sequence.

#### Core: Basic Requirements

|           |   |         |
|-----------|---|---------|
| COP 3502C | Computer Science I and                  | GEP/CPP |
| MAC 2311C | Calculus with Analytic Geometry I and   | GEP/CPP |
| MAC 2312  | Calculus with Analytic Geometry II and  | CPP     |
| MAC 2313  | Calculus with Analytic Geometry III and | CPP     |
| MAP 2302  | Ordinary Differential Equations I       | CPP     |

#### Core: Science Sequence:

##### Select from the following

|                        |                                   |         |
|------------------------|-----------------------------------|---------|
| <sup>1</sup> CHM 2045C | Chemistry Fundamentals I and      | 4 hrs   |
| CHM 2046               | Chemistry Fundamentals II and     | GEP/CPP |
| CHM 2046L              | Chemistry Fundamentals Laboratory | 3 hrs   |
|                        |                                   | 1 hr    |

Or -

|           |               |         |
|-----------|---------------|---------|
| BSC 2010C | Biology I and | 4 hrs   |
| BSC 2011C | Biology II    | GEP/CPP |
|           |               | 4 hrs   |

Or -

|           |                                      |         |
|-----------|--------------------------------------|---------|
| PHY 2048C | General Physics Using Calculus I and | 4 hrs   |
| PHY 2049C | General Physics Using Calculus II    | GEP/CPP |
|           |                                      | 4 hrs   |

<sup>1</sup> or the two semester equivalent CHM 2040/2041

#### Core: Additional Requirements 18 hrs

■ Substitution of COT 3100 for MHF 3302 is possible with approval of Department Undergraduate Coordinator.

|          |                                |       |
|----------|--------------------------------|-------|
| MAA 4226 | Advanced Calculus I            | 4 hrs |
| MAS 3105 | Matrix and Linear Algebra      | 4 hrs |
| MAS 3106 | Linear Algebra                 | 4 hrs |
| MAS 4301 | Abstract Algebra I             | 3 hrs |
| MHF 3302 | Logic and Proof in Mathematics | 3 hrs |

### 4. Core Requirements: Advanced Level

■ None

### 5. Restricted Electives

■ Students must select one of the following tracks.

#### A. General Mathematics Track 18 hrs

|   |        |
|---|--------|
| Select 3 credit hour from 4000 or 5000 level courses with an MAP or MAT prefix offered by the Department of Mathematics                             | 3 hrs  |
| Select 3 credit hour from 4000 or 5000 level courses with an MAA, MAD, MAS or MTG prefix offered by the Department of Mathematics, except MTG 4212. | 3 hrs  |
| Select an additional 12 credits from 4000 or 5000 level courses offered by the Department of Mathematics except MTG 4212 or MHF 4404.               | 12 hrs |

#### B. Mathematical Biology Track 42 hrs

##### Track Prerequisites: 12 hrs

|           |   |       |
|-----------|---|-------|
| BSC 2010C | GEP/CPP and   |       |
| BSC 2011C | CPP and   |       |
| CHM 2045C | GEP (Notes: or the two semester equivalent CHM 2040/2041) and |       |
| CHM 2046  | Chemistry Fundamentals II and                                 | 3 hrs |
| CHM 2046L | Chemistry Fundamentals Laboratory and                         | 1 hr  |

|           |                                      |       |
|-----------|--------------------------------------|-------|
| PHY 2048C | General Physics Using Calculus I and | 4 hrs |
| PHY 2049C | General Physics Using Calculus II    | 4 hrs |

#### Take all of the following: 33 hrs

|   |                            |       |
|---|----------------------------|-------|
| CHM 2210  | Organic Chemistry I and    | 3 hrs |
| CHM 2211  | Organic Chemistry II and   | 3 hrs |
| MAP 4484  | Mathematical Biology I and | 3 hrs |
| STA 2023  | Statistical Methods I and  | 3 hrs |
| STA 4321  | Statistical Theory I and   | 3 hrs |
| STA 4322  | Statistical Theory II and  | 3 hrs |
| Any 4000 or 5000 level course with an MAP or MAT prefix offered by the Department of Mathematics and                                  |                            | 3 hrs |
| Any 4000 or 5000 level course with an MAA, MAD, MAS or MTG prefix offered by the Department of Mathematics except MTG 4212 and        |                            | 3 hrs |
| Select 9 credit hours from lecture courses listed in the restricted electives within the Biology and/or Biomedical Sciences programs. |                            | 9 hrs |

#### C. Mathematical Economics Track 36 hrs

##### Track Prerequisites:

ECO 2023 Principles of Microeconomics (GEP)

#### Take all of the following: 30 hrs

|   |                                   |       |
|---|-----------------------------------|-------|
| ECO 2013  | Principles of Macroeconomics and  | 3 hrs |
| ECO 3101  | Intermediate Microeconomics and   | 3 hrs |
| ECO 3203  | Intermediate Macroeconomics and   | 3 hrs |
| ECO 3410  | Mathematical Economics and        | 3 hrs |
| ECO 4412  | Econometrics I and                | 3 hrs |
| MAP 4113  | Probability, Random Processes and | 3 hrs |
|   | Applications and                  |       |
| MAP 4640  | Financial Mathematics and         | 3 hrs |
| STA 2023  | Statistical Methods I and         | 3 hrs |
| STA 4321  | Statistical Theory I and          | 3 hrs |
| Select 3 credit hours from 4000 or 5000 level courses with an MAA, MAD MAS or MTG prefix offered by the Department of Mathematics except MTG 4212 |                                   | 3 hrs |

#### And select 6 credit hours from the following: 6 hrs

|          |                                    |       |
|----------|------------------------------------|-------|
| ECO 3703 | International Microeconomics or    | 3 hrs |
| ECO 4504 | Public Economics or                | 3 hrs |
| ECO 4713 | International Macroeconomics or    | 3 hrs |
| ECP 4303 | Environmental and Natural Resource | 3 hrs |
|          | Economics or                       |       |
| ECP 4403 | Industrial Organization or         | 3 hrs |
| STA 4322 | Statistical Theory II              | 3 hrs |

#### D. Computational Track 39 hrs

##### Track Prerequisites:

COP 3502C Computer Science I (GEP)

#### Take all of the following: 27 hrs

|  |  |       |
|--|--|-------|
| COP 3503C  | Computer Science II and                            | 3 hrs |
| MAP 4303   | Ordinary Differential Equations II and             | 3 hrs |
| MAP 4341   | Introduction to Partial Differential Equations and | 3 hrs |
| MAP 4371   | Numerical Methods for Differential                 | 3 hrs |
|  | Equations and                                      |       |
| MAP 4384   | Numerical Methods for Computational                | 3 hrs |
|  | Sciences and                                       |       |
| STA 2023   | Statistical Methods I and                          | 3 hrs |
| STA 4321   | Statistical Theory I and                           | 3 hrs |
| Select 3 credit hours from 4000 or 5000 level courses with an MAA, MAD, MAS or MTG prefix offered by the Department of Mathematics except MTG 4212 and |  | 3 hrs |
| Select an additional 3 credits from 4000 or 5000 level courses offered by the Department of Mathematics except for MTG 4212 or MHF 4404                |  | 3 hrs |

#### And select 9 credit hours from the following: 9 hrs

|           |  |       |
|-----------|--|-------|
| COP 3402  | Systems Software or                    | 3 hrs |
| COP 4020  | Programming Languages I or             | 3 hrs |
| COT 4210  | Discrete Structures II or              | 3 hrs |
| COP 4331C | Processes for Object-Oriented Software | 3 hrs |
|           | Development or                         |       |
| COP 4600  | Operating Systems or                   | 3 hrs |
| EEL 4768  | Computer Architecture                  | 3 hrs |

## UCF Degree Programs

### E. Engineering/Physics Track 42 hrs

#### Track Prerequisites:

PHY 2048C Physics for Engineers & Scientists I (GEP/ CPP) or  
PHY 2049C Physics for Engineers and Scientists II (CPP)

#### Take all of the following courses: 18 hrs

|          |  |       |
|----------|--|-------|
| EGN 3321 | Engineering Analysis-Dynamics and              | 3 hrs |
| MAA 4402 | Introduction to Complex Variables and          | 3 hrs |
| MAP 4103 | Mathematical Modeling I and                    | 3 hrs |
| MAP 4303 | Ordinary Differential Equations II and         | 3 hrs |
| MAP 4341 | Introduction to Partial Differential Equations | 3 hrs |
|          | and  |       |
| PHY 3101 | General Physics Using Calculus III             | 3 hrs |

#### Select 1: 3 hrs

|          |                                    |       |
|----------|------------------------------------|-------|
| COT 4500 | Numerical Calculus or              | 3 hrs |
| EGN 3420 | Engineering Analysis or            | 3 hrs |
| MAP 4371 | Numerical Methods for Differential | 3 hrs |

|          |                                     |       |
|----------|-------------------------------------|-------|
|          | Equations or                        |       |
| MAP 4384 | Numerical Methods for Computational | 3 hrs |
|          | Sciences or                         |       |
| PHZ 3151 | Computer Methods in Physics         | 3 hrs |

#### Select 1: 3 hrs

|          |                                 |       |
|----------|---------------------------------|-------|
| EGN 3310 | Engineering Analysis-Statics or | 3 hrs |
| PHY 3220 | Mechanics I                     | 3 hrs |

#### Select 1: 3 hrs

|          |                                 |       |
|----------|---------------------------------|-------|
| EGN 3343 | Thermodynamics or               | 3 hrs |
| EGN 3358 | Thermo-Fluids-Heat Transfer or  | 3 hrs |
| PHY 3513 | Thermal and Statistical Physics | 3 hrs |

#### Select at least 6 hours: 6 hrs

|           |                                      |       |
|-----------|--------------------------------------|-------|
| CES 4100C | Structural Analysis I and Lab or     | 4 hrs |
| EAS 3101  | Fundamentals of Aerodynamics or      | 3 hrs |
| EEL 3004C | Electrical Networks or               | 3 hrs |
| EGM 3601  | Solid Mechanics or                   | 3 hrs |
| EGN 3331C | Mechanics of Materials or            | 3 hrs |
| ESI 4312  | Deterministic Methods for Operations | 3 hrs |
|           | Research or                          |       |
| PHY 4604  | Wave Mechanics I or                  | 3 hrs |
| PHY 4605  | Wave Mechanics II                    | 3 hrs |

#### Select at least 6 hours: 6 hrs

|           |  |       |
|-----------|--|-------|
| CWR 3201  | Engineering Fluid Mechanics or             | 3 hrs |
| EAS 4105  | Flight Mechanics or                        | 3 hrs |
| EAS 4200  | Analysis & Design of Aerospace Structures  | 3 hrs |
|           | or   |       |
| EAS 4400  | Spacecraft Attitude Dynamics or            | 3 hrs |
| EAS 4505  | Orbital Mechanics or                       | 3 hrs |
| EEE 3342C | Digital Systems or                         | 3 hrs |
| EEL 3470  | Electromagnetic Fields or                  | 3 hrs |
| EEL 3552C | Signal Analysis and Analog Communication   | 4 hrs |
|           | or   |       |
| EEL 3657  | Linear Control Systems or                  | 3 hrs |
| EEL 3801C | Computer Organization or                   | 4 hrs |
| EEL 4742C | Embedded Systems or                        | 3 hrs |
| EEL 4750  | Digital Signal Processing Fundamentals or  | 3 hrs |
| EEL 4832  | Engineering Applications of Computer       | 3 hrs |
|           | Methods or                                 |       |
| EEL 4851C | Engineering Data Structures or             | 4 hrs |
| EGN 3365  | Structure and Properties of Materials or   | 3 hrs |
| EGN 3613  | Engineering Economic Analysis or           | 2 hrs |
| EIN 4333  | Production and Distribution Systems or     | 3 hrs |
| EMA 4223  | Fundamentals of Mechanical Behavior of     | 3 hrs |
|           | Materials or                               |       |
| EML 3262  | Kinematics of Mechanisms or                | 3 hrs |
| EML 3701  | Fluid Mechanics I or                       | 3 hrs |
| EML 4142  | Heat Transfer or                           | 3 hrs |
| EML 4225  | Introduction to Vibrations and Controls or | 3 hrs |
| EML 4313  | Intermediate System Dynamics and           | 3 hrs |
|           | Controls or                                |       |
| EML 4703  | Fluid Mechanics II or                      | 3 hrs |
| ENV 4561  | Advanced Environmental Engineering         | 3 hrs |
|           | Operations & Processes or                  |       |
| ESI 4234  | Quality Engineering or                     | 3 hrs |
| ESI 4523  | Systems Simulation or                      | 3 hrs |
| PHY 3323  | Electricity and Magnetism I or             | 3 hrs |
| PHY 4324  | Electricity and Magnetism II or            | 3 hrs |

|          |                         |       |
|----------|-------------------------|-------|
| STA 4321 | Statistical Theory I or | 3 hrs |
| STA 4322 | Statistical Theory II   | 3 hrs |

#### Select 1: 3 hrs

|          |                                  |       |
|----------|----------------------------------|-------|
| MAD 4203 | Introduction to Combinatorics or | 3 hrs |
| MAD 4301 | Introduction to Graph Theory     | 3 hrs |

### 6. Capstone Requirements

- None

### 7. Foreign Language Requirements

#### Admissions

- Two years high school or one year college language (or equivalent proficiency exam) prior to graduation.

#### Graduation

- None

### 8. Electives

- Select primarily from upper level courses, with departmental advisor's approval. May be outside of the department.

### 9. Additional Requirements

- None

### 10. Required Minors

- None

### 11. Departmental Exit Requirements
