**CITY TREES ARE WELL-KEPT**

Is it a mattress for the jolly green giant? Kindling for a fire? No, this truck is collecting prunings from the

city's well-kept trees. City crews work year-round at the job of manicuring the trees, which often block telephone

wires or droop over sidewalks. The pruning process also keeps the trees healthy. Here, two workers on DeHart

Avenue collect a pile of prunings before moving on to another section of the city. —(Courier Photo)

## Meeting Fails To Solve Vancouver School Dispute

**VANCOUVER (CP)**—Striking engineer-custodians were picketing Vancouver schools today and trustees were to meet tonight to consider asking the provincial government to intervene in the dispute which closed classrooms to 75,000 students Friday.

A three-hour weekend meeting between the parties failed to resolve the difference between the school board and its 206 maintenance employees. Both sides rejected each other's proposals.

Sixteen of 17 secondary schools and 86 of the 89 elementary schools in Vancouver were closed today.

In a statement Sunday, the Vancouver School Board said only University Hill elementary and secondary schools, MacCorkindale Elementary, Nootka Elementary and the Oakridge School for the retarded plus 17 primary annexes would be open today.

Meanwhile, members of the Vancouver City Hall Employees Association voted at a special

meeting Sunday to support the engineer-custodians in their strike.

Association spokesman Ken Derby said members have been directed to perform only their own duties during the strike but they have the executive's consent to cross picket lines.

The association said its members employed as school stenographers and in school board offices can remain at work as long as inside temperatures are above 65 degrees and there are sanitary facilities.

The Provincial Mediation Commission was to hold a preliminary inquiry into the matters in dispute later today but it was not known whether the International Union of Operating Engineers, representing the custodians, would attend.

## Youths Killed In Fire

**CHICAGO (AP)**—Two 17-year-old deaf mutes died in a Sunday morning fire that routed hundreds of guests from the downtown Conrad Hilton Hotel. They "never had a chance," said Fire Commissioner Robert J. Quinn.

"The smoke got them before we opened the door."

The fire on the ninth floor of the 25-story hotel sent 19 persons to hospitals. Twenty other persons required first-aid treatment in the hotel.

The youths killed, Donald Zanger of Quincy, Ill., and Bruce Kennedy of Morton Grove, Ill., were among 41 students from the Jacksonville School for Deaf Mutes who came to Chicago to attend a basketball game.

Twelve of the youths were injured after the fire broke out near an elevator shaft close to their rooms.

Quinn said the deaf mutes apparently were unaware that hotel workers were knocking on doors and warning guests to evacuate.

He said the blaze was confined to the elevator shaft. However, heavy smoke filled the ninth floor and drifted to floors above, causing heavy smoke damage.

Quinn estimated damage to the structure at \$150,000.

## CANADA WRITTEN OFF

# Wilson Firmly Denies Report

## Drug Settlement For \$27 Million

**ALSOP (AP)**—The West German producer of the tranquilizer drug thalidomide has offered an out-of-court settlement of more than \$27,000,000 for children allegedly crippled by the drug.

The pharmaceutical company, Chemie Gruenthal of Stolberg, made the offer today in an avowed effort to end a marathon trial of seven past and present company officials and scientists and to avert lengthy civil court hearings on pending damage suits.

The company issued its statement in May, 1968, went into its 199th session at a rented dance hall in

this small mining town outside of Aache.

The firm of Chemie Gruenthal GmbH is prepared to make 100,000,000 marks available to the congenitally malformed children," the statement said.

"The only precondition is that all further risks for the firm and the dependents will thereby be excluded."

The offer, directed at the 400 co-plaintiffs in the case and more than 2,000 possible damage claimants, corresponded to unofficial, pre-trial estimates of damage claims being held in abeyance pending the outcome of the trial.

## Clarifies Published Story In Meetings With Trudeau

**OTTAWA (CP)**—Prime Minister Harold Wilson of Britain today firmly denied published reports that Britain has written Canada off as being no longer vitally concerned with British and European affairs.

He said he found no evidence of this in four hours of talks Sunday night and another 90-minute conference today with him and Canadian external affairs department officials.

The reports said to be current in London were that under Mr. Trudeau, the Canadian government has expressed so much concern with domestic affairs—inflation, regional disparity and biculturalism—that it has turned its policy inwards and away from Britain and Europe.

Mr. Wilson said such reports, attributed to "British circles," are "not true at all."

ing, and we will talk again any time there are concrete, factual developments."

There was full realization on both Britain's and Canada's part about what Britain's joining the common market would mean.

He was asked whether Britain would become more protectionist in its trading viewpoint as a member of the Common market.

Wilson said that is not the objective. Britain wanted "a wider victory for free trade in Europe."

**CAN TALK LATER**

Points of detail would be discussed as part of the timing of transition to full British membership, if Britain's application is accepted.

Mr. Wilson declined to elaborate on his statement to the British Commons last week about the situation in Nigeria and the report to him by Lord Hunt on his mission there. The British Commons was debating Nigeria today, and Mr. Wilson said he did not want to speak in detail on the subject.

He added, however, that before the news conference he had discussed Nigeria with the Canadian government and received a first-hand report from a Canadian official just back from the scene of recent fighting.

## HEADS FOR NEW YORK

"If I'm a British Circle, I can deny it totally," Mr. Wilson told a news conference before leaving Ottawa for New York.

He said the first he had heard of such reports was what he read in newspapers in Canada.

The British leader said Britain and Canada are always consulting on matters of mutual concern, such as the six-member European Economic Community.

"We talked of this this morn-

## Ten Journalists Among 19 Killed As Plane Hits Hill

**MEXICO CITY (Reuters)**—Nineteen persons, including 10 Mexican journalists following the campaign tour of presidential candidate Luis Echeverria, were killed Sunday when their plane flew into the side of a hill, usually reliable reports reaching here said.

The sole survivor, Jesus Cransky, was fighting for his life in hospital in Poza Rica operated by Petroleos Mexicanos, the government oil monopoly.

The Mexican news agency Informex had said earlier that Cransky, a reporter for the El Herald newspaper, had died.

The plane, said to be a Convair operated by the Revolutionary Institutional party, was taking the reporters and four press photographers to Mexico's oil

capital of Poza Rica close to the Caribbean port city of Vera Cruz. Poza Rica is 130 miles northeast of Mexico city.

In trying to land through low clouds, the plane apparently lost height about five minutes from Poza Rica airport and its left wing smashed into the hillside, reports said.

The crew of four including a doctor also were killed.

Echeverria, the government candidate, who is assured of victory in the July 5 election against insignificant opposition, cut short his tour and flew back to Mexico City Sunday night with the bodies.

He will join in mourning of the families of the victims before returning to his tour of the Vera Cruz area.

## At Least Three Fatalities In B.C. During The Weekend

**By THE CANADIAN PRESS**

At least three persons died accidentally in British Columbia during the weekend, two of them in one highway accident and the other in a house fire.

A survey from 6 p.m. PST Friday to midnight Sunday showed that a man and a baby boy lost their lives in a collision between two cars and an elderly woman died in a fire at her home.

Ernest George Brewer, 26, of Quilham, near Vancouver and 8-month-old Garry Neilson of Ort Moody, also near Vancouver, died in a two-car, head-on collision in the Vancouver suburb of Burnaby Friday night.

Alyna Bonstad, 86, of Vancouver died in a fire at her home Vancouver Saturday night.

five in miscellaneous accidents. Quebec and Ontario had the highest number of fatalities, each with nine. Ontario's seven traffic fatalities included a father and his two children, aged four and two, killed when their snowmobile caught fire after colliding with a car.

One man died when his snowmobile hit a parked car and another was overcome by carbon monoxide fumes as he sat in a car parked with the engine running in a garage.

Alberta had five traffic deaths while two persons died in skiing mishaps and one person was killed when struck by a train.

Traffic accidents accounted for nine deaths in Quebec, four in Saskatchewan and one in New Brunswick. The Saskatchewan fatalities resulted from a single highway accident.

British Columbia reported two deaths in traffic and one by fire.

Nova Scotia, Manitoba, Prince Edward Island and Newfoundland did not report any fatalities.

## Elevator Check By Wheat Board

**DAWSON CREEK, B.C. (CP)**—Canadian Wheat Board inspectors have started checking elevators for irregularities connected with grain delivery permits and grain deliveries, Bert Simmons, British Columbia regional director of the National Farmers' Union said today.

Mr. Simmons, in an interview, said the two inspectors were expected to take about one week to complete their audit here before moving to other areas in the Peace River country of B.C.

He estimated there were 500 persons on picket lines at grain company and railway premises at Dawson Creek, Pouce Coupe, Chetwynd, Fort St. John and other Peace River centres.

Farmers started their action five days ago in support of demands for higher prices for their feed grain and an end to what they call "bootlegging" of Alberta grain into the area.

## WORLD NEWS IN A MINUTE

**Two Rescued**  
**HOLYHEAD, Wales (CP)**—A hot-air balloon manned by two Canadians dropped 9,500 feet into the Irish Sea today during an attempted land-to-land crossing. The men were rescued apparently unhurt.

**Smythe In Court**  
**TORONTO (CP)**—Stafford Smythe and Harold Bullard, top officials of Maple Leaf Gardens, appeared briefly before Ontario's Chief Judge Arthur Klein today while charges of tax evasion and filing false and deceptive returns were adjourned to Feb. 16.

**Post For Dubcek**  
**ANKARA (Reuters)**—Alexander Dubcek, leader of the short-lived liberalization drive in Czechoslovakia, arrived here today from Istanbul to take up his new post as ambassador to Turkey.

**Appeal For Aid**  
**SAIGON (AP)**—President Nguyen Van Thieu, defending his oft-criticized South Vietnamese regime, appealed tonight for continued aid from friendly countries, but said he will go his own way if the allies' policies are not in accord with those of his government.

## Supply Depots Inside Laos Hit Hard By U.S. Bombers

**SAIGON (AP)**—U.S. B-52 bombers made their heaviest raids in nine months overnight, attacking North Vietnamese supply depots inside Laos, across the frontier in the A Shau Valley and farther south along the Cambodian border.

About 60 B-52s, four-fifths of the Strategic Air Command's bomber fleet in Asia, flew from bases in Thailand, Guam and Okinawa to drop nearly 2,000 tons of explosives on North Vietnamese supplies being moved into South Vietnam.

The raids on Laos and the A Shau Valley were ordered after trucks were sighted in the valley for the first time in more than a year.

American bombers, helicopter gunships and artillery attacked the trucks and a warehouse. The U.S. command said 14 North Vietnamese soldiers were killed.

Increased action was reported today in all four military zones of South Vietnam. The U.S. command said there were 29 rocket and mortar attacks between 8 a.m. Sunday and 8 a.m. today, about half of them in Tay Ninh province north of Saigon.

## Ground and Air Forces Claimed 161 North Vietnamese and Viet Cong Killed in a Dozen Fights During the 24 Hours. Nine Americans were Killed. South Vietnamese losses were reported as seven wounded.

Ground and air forces claimed 161 North Vietnamese and Viet Cong killed in a dozen fights during the 24 hours. Nine Americans were killed. South Vietnamese losses were reported as seven wounded.

The prime minister replied that he had seen some pretty strange comments, "but I haven't seen any as strange as that one."

It implied a degree of British control over events in Nigeria which the United Kingdom did not have.

Britain will respond to any request from the Nigerian relief authorities to help in rehabilitating victims of the war, Mr. Wilson said.

## Pretty Strange Comments

That report, he said, was based on more recent developments than Lord Hunt saw, or that foreign correspondents saw when they visited Biafra last week. The report "very much confirmed the general impression" reported by Lord Hunt, Mr. Wilson said.

Mr. Wilson was asked to comment on a report that the end of the Nigerian civil war was timed and "orchestrated" by the British government to improve the Labor party's prospects in the coming general election.

where the next conference of prime ministers would be. The British government has been reported recently to be interested in holding the meeting in New Delhi or Singapore.

**OTTAWA POSSIBLE**

Mr. Wilson assured reporters, however, that Ottawa is also in the running as far as the British government is concerned.

He denied a suggestion that Canada's importance in the Commonwealth has diminished.

"No one has ever been in any doubt as to the Canadian contribution to the Commonwealth throughout all the years."

Trade Minister Jean-Luc Pepin led the Canadian side in discussions today on Britain's proposed entry into the common market.

Mr. Pepin was reported to have told Mr. Wilson that while entry is a matter for Britain to decide, Canada is concerned about its possible effect on Canada's position in the U.K. export market.

Canada was "very anxious" to have high-level consultations with the British as the negotiations proceed, Mr. Wilson was reported to have replied that the two countries could keep in touch through diplomatic channels.

**DEFENDS COMMONWEALTH**

Mr. Wilson denied a suggestion that the Commonwealth is "no longer a viable institution."

Everyone who took part in last year's prime ministers' meeting in London felt it was "the most successful we ever had."

There was "nothing to be said" between him and Mr. Trudeau on the subject of abolishing the monarchy. It would be inconceivable for Mr. Trudeau to give him advice on abolishing the British monarchy, and equally inconceivable for Mr. Wilson to advise Mr. Trudeau on abolishing the Canadian monarchy. It was impossible to forecast

Which "If we keep talking, he may go away!"

## IN MIDDLE EAST

**From AP-Reuters**

Israeli and Arab forces battled on all fronts during the weekend, and Israel denied reports that Arab forces shot down three Israeli planes and attacked a radar station.

Israeli jets made a hour-long strike against Egyptian military positions in the central sector of the Suez canal today, the Israeli command said. Among the targets hit were army camps, anti-aircraft and anti-aircraft positions, and a radar station.

Israeli spokesmen said one target of air attacks was an Egyptian troop transport left stranded on a reef after it fired on Israeli planes near Shadwan Island, at the mouth of the Suez Gulf.

Egypt said it was a civilian transport, the 300-ton Shadwan, that six crew members were injured and that the ship was towed safely to shore. Cairo said that Egyptian guns hit one plane, seen "plunging in flames into the gulf."

Egypt also reported its commandos crossed the northern Suez canal near El Qantara and destroyed a radar station at Hod Samar. Tel Aviv said there was no such attack.

**RAID ALONG CANAL**

Israeli jets staged a 40-minute attack Sunday on Egyptian positions on the southern sector of the Suez canal. Egyptian sources said scores of Israeli jets landed Hurgada, Saga and the area near the entrance to the Suez Gulf.

On the Lebanese front, Tel Aviv said its border settlement of Zarrit suffered no casualties in a mortar barrage fired by Arab guerrillas in Lebanon Saturday night, while Beirut said two Lebanese civilians were killed and two were wounded by an Israeli artillery attack on the border village of Alta Chab.

Also in Lebanon, a spokesman for the Trans-Arabian Pipeline Co. reported saboteurs blew up a valve house on its pipeline from Saudi Arabia to the Lebanese coast but the flow of oil was not interrupted.

In Beirut, an explosion today shattered windows in the offices of the right-wing newspaper Al Hayat.

Saudi Arabia said Israeli planes made two attacks Sunday on Saudi forces stationed in Jordan south of the Dead Sea, while Jordan reported four Israeli fighters attacked Jordanian positions at the south end of the Dead Sea Saturday night with rockets and napalm.

The Saudi radio said three Saudi soldiers were killed and two Israeli Super-Mystere jets were shot down; Israel said all its planes returned safely. The Jordanians said their forces suffered no casualties.

The Israeli Knesset (parliament) cancelled celebrations today to mark its birthday to mourn a blast Saturday at the Red Sea port of Eilat which claimed the lives of 20 persons.

## Attitude By Government Scored By Union Leader

**TORONTO (CP)**—Relations between the federal government and its employees have been embittered by the government's attitude at the bargaining table, Claude Edwards, president of the Public Service Alliance of Canada, said today.

"The high hopes we had for an almost exclusive use of arbitration have begun to fade," he told delegates at the opening of the alliance convention which continues until Friday.

"This is the principal reason why we (the executives) are asking you to establish a confidence fund which could be used for strikes and extensive arbitration procedures."

Mr. Edwards said the government's attitude is leading alliance members to believe that it makes the threat of strikes to effect just settlements. If such a belief grows, he said, then "settlements will inevitably be set-

cured by the threat of illegal strikes or other unlawful disruptions."

Under federal legislation civil service bargaining groups may adopt either an arbitration or a conciliation-strike route in reaching agreements with the treasury board. Most bargaining groups in the past have opted for arbitration.

**CITES FUND NEED**

Mr. Edwards said creation of a strike fund would enable federal employees to force the government to adopt a more reasonable approach to arbitration. The alliance must seek amendments to the Public Service Staff Relations Act, limiting the discretion of the government to reclassify employees and alter their conditions.

He said the act should also be amended to permit collective bargaining for members of the Canadian Armed Forces.

## Three Found Dead Are Identified

**PRINCE GEORGE, B.C. (CP)**—Police today released the names of three persons found asphyxiated in a car last Thursday near McLeod Lake, about 70 miles north of here.

Dead are Donald Everson, 41, Hounif Mack, 31, and Orville Rundero.

First Note Of Dissidence Before Convention Begins

TORONTO (CP) — A handful of Toronto-area employees of the federal government got in the first note of dissidence Sunday before the opening today of the first national convention of the 124,000-member Public Service Alliance of Canada.

At least a dozen men, many skilled workers at Toronto International Airport, picketed the hotel where the convention was to begin today.

Among issues that have accumulated since then is the balance maintained by the Alliance constitution between the organization's central office and the 14 component groups which contain the membership.

PSAC President Claude Edwards says a strong central executive is necessary to deal with the federal treasury board in wage negotiations...

Ibos Must Return To Land Or Face Refugee Problem

LAGOS (AP) — Fallen Biafra's homeless Ibos must get back to their villages before the spring rains, or Nigeria could be faced with a refugee problem akin to that of the Palestinian Arabs...

"This is the yam planting season," he said. "Unless the seeds are put in before the rains begin in April, the people from the war zones will be dependent on relief supplies until the fall of 1971."

"If these people can get their crops in the ground now, there will be a harvest to feed themselves in September. If not, they will be refugees for another 20 months, existing on relief supplies."

"In that time a refugee psychosis could develop, saddening Nigeria with an African equivalent of the Palestine Arab tragedy. The expert refused to be quoted by name because the federal government, through its hourly radio broadcasts, tells the refugees in the bush to stay where they are until food reaches them."

Nigeria Is Ready To Defend The Conduct Of Its Troops

LAGOS (Reuters) — Nigeria today appeared determined to defend the conduct of its troops and its relief efforts in the war-ravaged former secessionist region.

A statement issued Sunday night by the federal information ministry said charges of looting, raping and indiscriminate leveling against the 3rd Marine Commando Division "are unfounded in their totality."

The 3rd Marine Commando Division, which captured the last secessionist capital of Owerri and the airstrip at Uji and Uga, has been accused of excesses by correspondents who visited the area last week.

The statement launched a fierce attack on the British Broadcasting Corp. and the Voice of America for their reporting of the final days of the war and its aftermath.

Earlier reports had indicated that the marine commandos had been withdrawn from Orlu province, and that the 1st Division, which is made up mainly of Hausa soldiers from northern Nigeria, had moved in.

Trudeau Likes Tory Advice

OTTAWA (CP) — Prime Minister Trudeau said here he will consider meeting Canadian labor leaders if the prices and incomes commission is not successful in persuading labor to support wage and prices restraint.

Mr. Trudeau was replying to a Commons question by George Hees (PC—Prince Edward-Hastings) who asked whether the prime minister intended to intervene in view of the reluctance of labor to accept government "guidelines" on wage increases.

"That is a very constructive suggestion," Mr. Trudeau said. "I will take it into consideration if it becomes apparent that a meeting would be useful."

ZAMBIA BORDER CLASHES RESUME

SALISBURY (Reuters) — Rhodesian security forces said today they had killed three more guerrillas in continuing operations on the country's northern border with Zambia.

A private of the Rhodesian African rifles regiment also was killed in a clash, a communiqué here said.

Clashes between Rhodesian security forces and African nationalist guerrillas have resumed recently after an 18-month lull.

The Rhodesian government said last week six guerrillas were killed and a number captured in a series of clashes in the Zambezi Valley frontier area.

Saigon Papers Inaccurate Says Ministry

SAIGON (Reuters) — The information ministry said today Saigon newspapers had "not reflected accurately" a speech by its minister, who said the government is prepared to offer one or two cabinet posts to the Communists.

But it stopped short of denying the wording of the speech, which was recorded by Vietnamese reporters when information Minister Ngo Khac Tinh addressed 200 hamlet information cadres Sunday in the Mekong Delta province of Bac Lieu.

The statement also hinted at secret talks between the two sides in the Vietnamese war in saying "Communists had been demanding a number of ministerial posts in addition to a coalition."

Informed sources said they had no recollection of where or how a demand for ministries was made.

"In the tape recording, Tinh told the cadres: 'If the Communists demand one or two ministries in the cabinet we are ready to give them. But on the other hand, if they demand a coalition throughout the infrastructure from village and hamlet level right up through the government, or in the military, then this we cannot accept.'

Six Saigon newspapers headlined the speech across the front pages of today's editions. The ministry then issued a statement which said the newspapers "have not reflected accurately" the statement made by the minister of information to information cadres on the coalition ambitions of the Communists.

"In fact, the minister of information only explained to the audience that the Communists not only have been demanding a few ministerial posts, but that they have also demanded a coalition from the lowest to the central level of (Vietnamese politics), and this demand has been turned down by the government of the republic of Vietnam," the ministry said.

Nixon Promises Arms To Israel

WASHINGTON (Reuters) — Against a background of charges that the United States was abandoning Israel to its enemies, President Nixon Sunday night promised Israel additional arms if needed to counter a power shift in the Middle East.

Praising Israel as a friendly government, Nixon said: "We would prefer restraint in the shipment of arms to this area, but we are maintaining a careful watch on the relative strength of the forces there and we will not hesitate to provide arms to friendly states as the need arises."

His statement of U.S. policy came in a letter to delegates at an emergency meeting on the Middle East called by Jewish friends of major American Jewish organizations.

"The United States is prepared to supply military equipment to support the effort of friendly governments, like Israel, to defend the safety of their people," he said.

Senator Hopes Son Treated Same As Others

COLLINGSWOOD, N.J. (AP) — Gov. William T. Cahill says he hopes his 19-year-old son John, arrested on charges of possessing marijuana, will be treated "the same as any other young man who would be in similar circumstances."

The governor said his son had gone to Philadelphia to visit a friend when he was stopped by a highway patrol officer Saturday night.

"As a result of a routine check," Cahill said Sunday, "he was charged with possession of one cigarette containing marijuana and a small quantity of loose marijuana."

Under Pennsylvania law the charge is a felony and carries a maximum sentence of five years' imprisonment. After arraignment, John was released on \$200 bail posted by a long-time family friend, New Jersey State Secretary Paul J. Sherwin, from funds supplied by the governor. A court hearing was set for Feb. 4.

### COMPLETION IN FEBRUARY

The finishing touches are now being put to Kelowna's newest federal building. The \$238,000 postal sub-station, located on Gaston Avenue, is expected to be finished in February. The one-storey building, 144 by 122 feet, will handle the bulk of mail that Kelowna postmaster W. J. Burgess said he hopes his department can move its operations to the sub-station on a weekend in mid-March. The move, he said, is fairly complicated. —(Courier Photo)

Minister Ralph Loffmark; MLA Pat Jordan; MLA Frank Richter and Premier W. A. C. Bennett asking that the government reassess its present policy and let us hire more public nurses, or at least replace the ones we lose," he said.

When a woman gets married or retires the position vanishes," said Dr. Clarke.

Dr. Clarke said the Kelowna Medical Society endorses the health board's move as statistics show that Kelowna is growing rapidly, in population and industry, and more health nurses are needed, not less.

A recent letter from the health department acknowledged the board's letter, but did not say any action would be taken.

### NURSE SHORTAGE

# Help Requested By Health Unit

The public health nurse situation in Kelowna is critical, reports Dr. D. A. Clarke, medical health officer for the South Okanagan Union Board of Health.

Essential public services like pre-natal classes, home care of the aged, and more, have been cut back due to lack of staff, and the situation is getting worse.

Board chairman E. R. Winter has written a letter to Health Minister Ralph Loffmark; MLA Pat Jordan; MLA Frank Richter and Premier W. A. C. Bennett asking that the government reassess its present policy and let us hire more public nurses, or at least replace the ones we lose," he said.

Mines Minister Richter, Minister Without Portfolio Jordan and Premier Bennett all represent Okanagan ridings.

The present policy of the health department does not allow replacement of public health nurses when the position becomes vacant.

### SEEN and HEARD

Who said spring isn't around the corner. An unidentified woman reported seeing two meadow larks near her home on Leathhead Road today, but she wasn't certain if they were "mama" and "papa" types.

Highway 97 near Winfield. Without thinking he had stopped his crippled car next to a large puddle on the highway. No sooner had he bent over to pry off the hubcap when another vehicle swooshed through the puddle sending out a shower of water. It must have taken the drenched man a long time to change that tire. Every time he spotted a car coming, he would duck around the other side of his auto to avoid the splash. Traffic at the time was heavy.

Clark Reifer Lines changed its plea to guilty today in provincial court and was fined. The firm had earlier pleaded not guilty, and is also contesting a charge under the Motor Carriers Act. Both charges involve allegedly improper display of emblems.

Karoly Kiss, Kelowna, was remanded to Jan. 30. He is in custody facing a charge under the Juvenile Delinquents Act.

Fined \$50 today was Ronald W. Nordvick, Kelowna, convicted of being in possession of liquor while a minor.

### Truck Firm Fined \$100

A \$100 fine has been levied against a Burnaby trucking company which violated the Motor Fuel Tax Act.

### This Safe Not Now

A safe containing \$70 and personal papers was carried away by thieves between 1 and 3 p.m., Saturday from the home of D. M. Simms, Peachland.

### Busy Evening Shaping Up For Social Planning Group

The Central Okanagan Social Planning Council will pick its new executive Thursday at an annual meeting scheduled for the music room of the Kelowna Secondary School at 7:30 p.m.

### DISASTER PLANS

Norman Barr, administrator for the Royal Inland Hospital, Kamloops, said Friday that "certain elements of the disaster plans in time of crisis may have to be put into effect" if hospital employees go on strike.

### Liens R. V. A. Kruk, son of Mr. and Mrs. Anthony Kruk, Kelowna, recently completed flying training in the Tutor and T-33 jet aircraft and was presented his wings by Major General W. K. Carr at Canadian Forces Base, Moose Jaw, Lieut. Kruk will remain at Moose Jaw for post graduate flying training while waiting for an operational posting.

### GRAFFITI FINDS ITS WAY NOT ONLY ONTO WALLS, BUT ALSO ONTO MOVING VEHICLES AS WELL.

On a gas-line delivery truck seen in the city Friday, someone had scratched in the dust, "It's a gas."

### THE OFFICIAL START OF SPRING

(March 20) may be almost two months away, but city crews already have a hint of what awaits when warmer weather arrives. Small potholes and huge breaks in pavement have already appeared throughout the city.

### A FLAT TIRE IS BAD ENOUGH.

Changing it next to a busy highway can be downright frightening. But one motorist Sunday was ready to abandon his car in a fit of anger when he attempted to change a flat on

### REGIONAL DISTRICT

# Board Displays Many Moods

By BOB CAMPBELL (Courier Staff)

Presumably, the familiar things in life are the easiest to write about. But the rule does not always apply, as per the accepted truism about the observer being too close to the trees. And sometimes the trees are more interesting than the focal point of scrutiny.

regional district deliberators who are as individual as discussion points on the increasingly ponderous agenda. They take their jobs seriously, and spice their opinions with candid flavors of common sense and down-to-earth indulgence, tempered with patience and tongue-in-cheek wit and wisdom.

transcend the normal expectations of their elected function and have a reputation for dogmatic color.

This kind of administrative "togetherness" was forcibly demonstrated in a recent motion to the water rights branch objecting to an application from a local firm for a 7,000-acre water rights application on the grounds it constituted "too much water" for one business organization. Land use and the preservation of the fundamental natural resources of the district are also subjected to this type of community-conscious decisiveness by the board.

### First Aid Goes Again

The first session of the St. John Ambulance Brigade course sponsored by the Kelowna Boy's Club was attended by 20 children at the Immaculate High School.

# Clarke Checks Water Future

While the Okanagan may soon tap the Shuswap River for its water, in future years the area may ultimately turn to the Columbia ice field or the great Okanagan north-flowing rivers for a lasting supply of water.

The long-range forecast was given Saturday by T. Everard Clarke, Vernon, a leading expert on pollution control and water conservation. He was speaking at the Rutland Chamber of Commerce annual installation meeting at the Centennial Hall.

water, however, is 20 times more numerous than all the world's lakes and rivers combined.

Formal installation of the 1970 Rutland chamber executive was performed by government agent R. E. Manson.

Fred A. Stevens replaces Alan Patterson as president. Vice-president elected was Clarence Mallach, with Mrs. Birt Showler as secretary and Ian Hadden as treasurer. Directors of the board for 1970 are Alan Patterson, Kelly Slater, Otto Graf, Earl Forney, Al Luckonovsky, Steve Korzma, M. W. Marshall, Joseph Jachinsky, Alex Jurasovich and David Zimmer.

Also on the inaugural program was a talk by Miss Rutland, Lynn Stevens (the new president's daughter) on her year as Rutland's royalty. She also mentioned visiting Rutland County in England when she was on vacation there.

The business meeting was followed by a dance.

The Okanagan, he told chamber members, is an area of deficiency in Canada's water balance and will have to turn elsewhere for its vital fluid. In the Valley itself, Oliver is the most deficient in water.

EXPORTING This plan, however, brings about the touchy question of exporting Canada's water. "We sell our coal and products of other mines to the United States and think nothing of it," Mr. Clarke said, "though these resources, once mined, are gone forever."

SHUSWAP PLAN Mr. Clarke mentioned the Shuswap diversion plan, in which water from the Thompson River system would be diverted via the Shuswap into Okanagan Lake. The plan has stirred a considerable amount of controversy and is far from being realized.

"But our water supply, which is replenishable year by year, cannot be exported. The mere suggestion raises a great outcry. Why are people so irrational about water?" the speaker asked.

Mr. Clarke also presented details of water supply and demand in the Okanagan, and some methods of balancing the situation. He mentioned the ground water supply, which is usually unavailable. Ground

### Coast Discussion On Hospital Vote

The local branch of the British Columbia Employees Union, with a membership of about 150, is holding fire on strike action, pending a meeting in Vancouver today with its business manager Kenneth McCready and Edward Sims, medication officer for the British Columbia Hospitals' Association.

ing the strike vote. Opposing votes numbered two in Vancouver, six at New Westminster and two at Surrey. At St. Joseph's Hospital, Victoria, 230 were in favor, with 14 opposed, while St. Mary's Hospital reported 69 in favor and two against strike action. The final vote was conducted at Trail Friday, with talks resuming at Vancouver today.

Bargaining talks between the union and the BCHA broke down Jan. 16 and since Oct. 1, 1969, when bargaining action began, the BCHA has been, in the eyes of the union, "unwilling to make any reasonable offers."

If agreement cannot be reached, the remaining hospitals in the province are expected to take a strike vote.

Subsequently, the union's bargaining committee rejected the proposals and proposed a strike vote some time Jan. 19 to 25.

Members of the Kamloops hospital union voted for strike action Thursday, with 137 in favor and 21 dissenting. Mr. Barr said hospital department heads met earlier this week to discuss a policy of action. "The hospital would consider it almost a disaster and one of the first steps to be taken would be to discharge as many patients as possible to better treat the acutely ill."

Strike votes since taken in five province hospitals reveal employees are strongly backing their demands, and 851 employees at Vancouver General Hospital approved strike action. Workers at the Royal Columbian Hospital in New Westminster voted 241 in favor, and a survey of Surrey Memorial Hospital shows 67 votes back-

ing the strike vote. Opposing votes numbered two in Vancouver, six at New Westminster and two at Surrey. At St. Joseph's Hospital, Victoria, 230 were in favor, with 14 opposed, while St. Mary's Hospital reported 69 in favor and two against strike action. The final vote was conducted at Trail Friday, with talks resuming at Vancouver today.

### They May Say Thank You If You'll Assist Campaign

Some people aren't so lucky. They're children born with inability to speak, to communicate. Or adults who have been deprived of speech faculties because of age, strokes or operations.

Foundation offices. As the program expanded, the unit grew original premises and the service was continued through clinics set up in public health centres throughout the province and more than 150,000 children were interviewed and assessed.

When a member of the Mothers' March knocks on your door next Monday your donation will help hundreds to "communicate" through the Kinsmen Rehabilitation Foundation, which has expended over \$800,000 in its audiology and speech program in past years and is looking for \$150,000 this year to further that vital work. Since 1957 the program has been supporting the diagnostic service for young deaf children, developed at Vancouver General Hospital's health centre for children.

A survey of services in 1965 demonstrated "without a doubt" the provincial need for audiology and speech needs, resulting acceptance by the health department of almost half the total budget of the audiology and speech program. But the Kinsmen could not abdicate their responsibilities in this field and it was only natural the solution be provided through the rehabilitation foundation with a faculty of audiology and speech science in the province.

Through your Mothers' March donation, the Kinsmen Foundation is attempting to set up a course at the University of British Columbia to train audiologists and speech pathologists. Headed by Dr. John Gilbert, the faculty is the only one of its kind west of Montreal to offer a masters degree in audiology and speech sciences.

Under Mothers' March chairman Mike Beacock, about 300 canvassers will hit city streets next Monday in an effort to raise a combined target of \$12,500 in a traditional Kinsmen appeal which last year raised \$11,400 locally for the cause. This year, the Kinsmen Club of Kelowna will join the Kinsmen Club of Rutland in the campaign, the major portion, \$9,000 hopefully to be raised in the city proper. A rural drive will be carried out from Feb. 1 to 10 under chairman Lars Pada.

EXPANDED In 1958, the speech program was further expanded with organization of a central clinic to provide a province-wide service, with diagnosis by a team of specialists in audiology, dentistry, speech pathology, pediatrics, otology, neurology, genetics, psychology, psychiatry, and social work. Treatment was then undertaken by speech pathologists at the Vancouver therapy unit, initially located in the Kinsmen Rehabilitation

voice.

### Thief Had Bright Christmas Then Returned Three Lights

Two thieves stole things during the weekend, but one put something back.

An unidentified person suffered injuries in a two-car accident Friday at St. Paul Street and Gaston Avenue. Vehicles driven by Anton Spiessel and Gerald Leverrier, both of Kelowna, collided in the intersection about 5 p.m. Damage was estimated at \$1,300, and a passenger in the Spiessel vehicle injured.

Water Swarczuk, Kelowna, and Lionel McCarthy, Winfield, were drivers in a two-car collision four hours later on Highway 97. Police estimated damage at \$700. There were no injuries.

Police said today that Ernest Wood, Kelowna, not Jessie Wood, was the driver in an accident Thursday on Lakeshore Road.

### Appeals Heard Next Tuesday

A dozen appeals to 1970 assessments have so far been received by city assessor, J. B. Markle. The total represents four more than was received last year at this time.

### Services Wednesday

RUKAVINA Funeral services will be held from the Immaculate Conception Church, Wednesday at 11 a.m. for Karl Ivan Rukavina, 71, of Kelowna who died Friday. Prayers will be recited from The Garden Chapel, Tuesday at 8 p.m.

### \$700 Bid For Probe

Residents in the Dallas Road subdivision who have a sewage and drainage problem will have their troubles scrutinized by Interior Engineering Services Ltd.

The Regional District of Central Okanagan accepted a bid of \$700 from the firm Friday at the board's regular meeting for a feasibility study of the area. About 45 homes are involved in the problem, which includes seepage from septic tanks. Losing bid of \$2,100 was from Okanagan Planning and Engineering Co. Ltd. The matter had been deferred from the previous meeting for a report on feasibility study cost estimates. Other agenda business included three readings of a zoning bylaws subject to a public hearing at the regional district offices Feb. 6 at 2 p.m.; the approval for further study of purchase of the old hospital administration building; approval of a temporary borrowing bylaw for \$137,285; and approval of a grant of \$1,500 to the Okanagan Basin Water Board.

### Black Ice Road Hazard

Most area roads are bare with icy and slippery sections. The snow has mostly cleared in the immediate area.

Highway 97 was mostly bare with slippery black ice in patches. The route has been sanded. Highway 33 is bare and slippery at lower levels with compact snow higher.

The Fraser Canyon was mostly clear with some slippy, wet, and foggy patches earlier today. A warning has been issued about rocks on the route. Cache Creek to Kamloops had low lying fog earlier. Mostly clear, the route was slippy as well. Kamloops to Revelstoke is the same.

The Rogers Pass had five inches of new snow, which has been plowed and sanded. In places there was compact snow which has made the route slippy. The Allison Pass had five inches of new snow, also being cleared and sanded. Again, compact snow on the route has made it slippy.

The Monashee had a few inches of snow, being cleared earlier.

Winter tires should be used at all times and chains are advised. Road conditions are not as bad as they have been, but there is always the possibility of an unexpected snowfall and it is always best to be prepared.

Surviving Mr. Rukavina are one son, Walter of Vancouver, three brothers Paul and Dujo of Bercroft, Alta, and a sister, Cronia as well as a Jack, Mary of Cronia.

Funeral services will be conducted by the Rev. R. D. Anderson, with interment in the Garden of Christ, Lakeview Memorial Park.

ROBERTSON Funeral services will be held from the Garden Chapel Wednesday at 2 p.m. for Amanda May Robertson, 66, of Kelowna who died Saturday.

Surviving Mrs. Robertson are one daughter, Mrs. Roy (Donna) Simkins of Kelowna, two brothers, Lloyd and James of California and a sister, Clarice of Dawson Creek. Three grandchildren also survive. Mrs. Robertson was predeceased by her husband Donald in 1960.

Funeral services will be conducted by Rev. E. S. Fleming, with interment in Kelowna cemetery.

## Take Your Boy To Arena For Minor Hockey Week

Once again it is that time of the year when we are asked to support minor hockey, and to remind our readers of that already well-known slogan "Don't send—Take your boy to the arena."

We are willing to do this because we agree there should be special recognition of the men and women who make minor hockey possible in Kelowna.

Minor Hockey Week in Canada started last Saturday and continues through to this Saturday.

The Kelowna and District Minor Hockey Association is composed of enthusiastic hard-working volunteers whose efforts on behalf of local youngsters cannot be measured in hours or dollars.

They make it possible for hundreds of our youngsters to take part in Canada's national sport. Every boy in town can have the opportunity to play, and none will be turned away. That's the kind of organization it is.

In this district there are approximately 80 people behind the scenes including referees. They have to direct the activities of 655 boys from six to 19 years of age. Fifty-nine per cent of the boys are from Kelowna, 18 per cent from Rutland, 13 per cent from Okanagan Mission and nine per cent from Westbank.

The association contributes towards the development not only of stronger bodies, but of healthier minds and better citizens. They keep the youngsters off the streets and engaged in healthy, supervised sport.

We do agree with the slogan "To keep a boy out of hot water—put him on ice." Our municipality has provided the ice, our volunteers do the work to "put him on ice."

While we pay tribute to our minor hockey workers, similar recognition of the thousands of minor hockey volunteers in Canada is taking place right across the country; every municipality in Canada is doing the same thing during Minor Hockey Week.

Saturday, as in most communities, is the big day for the boys. In Kelowna there is continuous hockey from 9 a.m. until 11 p.m., and one of the feature games will be between the

old-time Kelowna Packers and the Junior Bs.

Many of the members of the Packer team that were finalists for the Allan Cup in 1958 and then went on an exhibition tour of Europe (winning two, losing one and tying two), will be in uniforms. Their ages are between 35 to 50 years.

Minor Hockey Week in Canada is one of several worthwhile projects of the Canadian Amateur Hockey Association, and as a result of the CAHA's promotion, volunteer workers across the country are being told their work is appreciated.

Some are being made the recipients of testimonial scrolls and plaques, but all are included in the general praise heard across the nation this big week of minor hockey.

Although the recognition of the volunteer organizers, coaches, managers, car drivers, and fund-raisers is one of the most important objectives of Minor Hockey Week, it is not the only one. Another is to "focus attention on minor hockey". This we gladly do.

We do so because we agree that minor hockey is an important part of our community life. It is an integral part of the fabric of our community and a major part of the sporting activities of our municipality.

We agree it is beneficial to the youngsters, and because it is, it is beneficial to the whole community. We agree, in addition to building stronger bodies, minor hockey contributes to the development of better citizens while it is keeping them occupied in a worth-while endeavor—right at an age when many of them might easily be engaged in pursuits much less acceptable to society.

The CAHA minor hockey committee points out that minor hockey is an activity that not only works for the youngsters, but provides work for many adults and in addition turns back to the Canadian economy more than \$5,000,000 every year.

These are some of the reasons why the Courier is happy to "keep in step with Canada"—by supporting Minor Hockey Week. We urge our readers to do likewise.

## Further Inflation Seen

(Victoria Times)

Voluntary economic restraints and manipulation of the money supply may have slowed inflation slightly but there are no signs at present that the Canadian economy will avoid further inflation in 1970. The consumer price index, based on 1961 prices equalling 100 jumped from 126.8 in October to 127.4 in November, compared with 121.9 in November of 1968.

Finance Minister Benson does not think Canada will face a recession this year; he looks forward to "moderate expansion" in 1970. Unemployment rose 40,000 between October and November of last year indicating that anti-inflationary measures were having some effect. But in view of statements by the Canadian Labor Congress and the Confederation of National Trade Unions rejecting a pro-

gram of voluntary price and wage restraint, Mr. Benson's hope for moderation may be optimistic.

Prime Minister Trudeau has promised stronger measures in February if inflation continues unabated and he has not ruled out formal controls on wages and prices. Any break in Canada's inflation will depend in part, however, on the inflationary psychology in the United States. Signs are not hopeful there. The food-price index of the United States Department of Labor increased five per cent between January and October of this year. A new automobile costs on the average \$107 more. Perhaps the Nixon administration's policy of gradually cooling down the United States has backfired. If this proves true in 1970 the result will certainly be felt through the Canadian economy.

## Bygone Days

(From Courier Files)

### 10 YEARS AGO

January 1960

Arthur R. Garrish, promoter, owner fruit grower, was returned to office as president of BCFGA for the tenth consecutive year. The election was by acclamation. J. G. Campbell of Salmon Arm was named chairman of the B.C. Fruit Board for a fourth term, and A. G. Debrisky, Penticton, and R. G. Penson of Creston were re-elected members of the board.

### 20 YEARS AGO

January 1950

For over 40 years the Kelowna Hospital Women's Auxiliary has supplied the hospital with all necessary linen, and much other equipment. Since the introduction of the Hospital Insurance scheme in 1948, however, the auxiliary assisted in purchasing kitchen equipment, and in furnishing a ward. Guiding their activities this year is Mrs. Ron Fraser, president; Mrs. J. C. Taylor, vice-president; Mrs. Cameron Day, secretary and Mrs. E. C. Malie, treasurer.

### 30 YEARS AGO

January 1910

A comet became visible above the south-west horizon last evening. A number of people thought it was Halley's Comet, but it was a wanderer of the skies whose appearance was noted last week by eastern observers. It is of small size compared to Halley's, whose arrival is anticipated with keen interest.

## IN PASSING

The ancient Olympic Games were held in 1896 after 15 centuries of Olympic contests.

The first electric street railway in Canada began service in St. Catharines, Ont., in 1887.

ST. PIERRE AND THE DRAGON

## Thugs Seem To Be Rulers In Streets Of Washington

WASHINGTON (CP)—This once-sleepy little southern town near the Mason-Dixon line, now a major capital city of the world, is a city of fear. A community's local newspapers call "Dodge City on the Potomac."

It is flourishing in crime, with many of its armed and fearful citizens fleeing to the suburbs and the protection of double-locked doors, watch-dogs and security guards.

Parts of the centre of this 74-square-mile federal District of Columbia are abandoned, after the sun goes down, to the pimps, prostitutes, muggers, drug traffickers and the poor of both white and black races who can't afford to leave.

It is little better in many of the suburban areas where service stations close at night and it is not unusual to have hamburger stands and the like held up three or four times a week by bandits who flee back into the city.

High schools, 93 per cent Negro, now are patrolled by police since several gun incidents and the deaths of a student and a principal. School doors are locked, despite the fire hazard, to keep out wandering thugs.

Most whites in this city of 850,000, 70-per-cent Negro, send their children to private schools.

Rapes are almost as commonplace as muggings, including attacks on 70- and 80-year-old women, many of them fatal.

PROTECT EMBASSIES  
President Nixon has asked for a special 600-man police force to protect foreign embassies, several of which have been robbed and harassed and their female employees attacked.

Congressmen who have suffered personal attacks have said they are ashamed to admit the capital of the U.S. is unsafe and some have even warned their own constituents not to visit the capital.

Last year, homicides increased to 291 from 194, armed robberies to 7,071 from 4,640 and rape, to 326 from 280. An index of seven crime categories totalled 61,617, an increase of 600 per cent since 1958.

Merchants have armed themselves, and in some areas closed their stores, because they have been robbed

so many times no one will sell them insurance. Shootouts are commonplace, often fatal.

"I'll bet 90 per cent of the stores around here have guns in them," said one owner. "If a few of these crooks get plugged, you'll discourage them."

In one month two bandits were killed and six wounded by their intended victims. There has been talk of vigilante committees.

## REFORM NEEDED

The need for reform is evident in several areas.

More policemen, judges and prosecutors are necessary, say some officials, and more leeway is needed in rules regarding questioning, arrests and subsequent interrogations of suspects and the manner in which confessions can be taken and used in court.

Many of these needs are included in President Nixon's anti-crime bill which has already passed the Senate and is awaiting action in the House of Representatives.

Police Chief Jerry Wilson has his own proposals which he gave Nixon prior to the drafting of the bill.

"Pre-trial detention—"don't let murderers out on the streets."

"Stiffer sentences.

"Court reorganization to handle cases in three months instead of letting them go a year to 18 months as is the case now.

"Enforced hospital treatment for drug users, who are blamed for much of the crime in the district.

In the centre is Mayor Walter Washington, 53, a Negro. More an administrator than a mayor, he is limited by a Congress which keeps a tight control on district crime legislation and its budget.

He and several other local politicians stress the need for home rule, claiming nothing will be solved until those who have to live in the city have representation in passing crime legislation and have control of the purse strings.

## TALK DOESN'T HELP

Meanwhile, the various proposals and arguments have done little to ease the minds of the people of the district who are afraid to walk the streets at night.

Some examples:—A White House secretary robbed one night as she

walked on the sidewalk just outside the White House grounds.

—An 81-year-old "mother of the year" pushed down a flight of stairs after youths snatched her purse.

—Across the street from a fashionable hotel a Negro youth beats a white girl. She screams to afternoon passers-by, but no one helps.

—A prominent Washington woman, Gwen Califrit, was bound, gagged and beaten by gunmen who looted her home of \$250,000 in jewels, furs and cash.

Racial issues and the accompanying problem of unemployed Negroes are recognized as a major factor in the high crime rate. Officially introduced by the Supreme Court in 1954, before many other southern cities, Washington became a refuge for thousands of untrained Negroes and most of the victims are Negro, the people left after affluent Negroes and whites fled to the suburbs.

## LETTER TO EDITOR

### GROWERS' PLEA

Sir:

The fruit growers at their annual "parliament" have asked to be exempt from the capital gains tax on their farms. This is thoughtless selfishness. If they are not to pay their fair share then other citizens will have to pay more than their fair share. For the revenue has to be raised.

On the other hand, there is plenty they can do, namely ask (for everybody) that the car, truck and tractor licence fee (it's a tax) be consolidated with the income tax. And the same with the school, sales, and gas tax. This would afford relief to any fairly and squarely need it by shifting the burden on those fairly and squarely able to carry it.

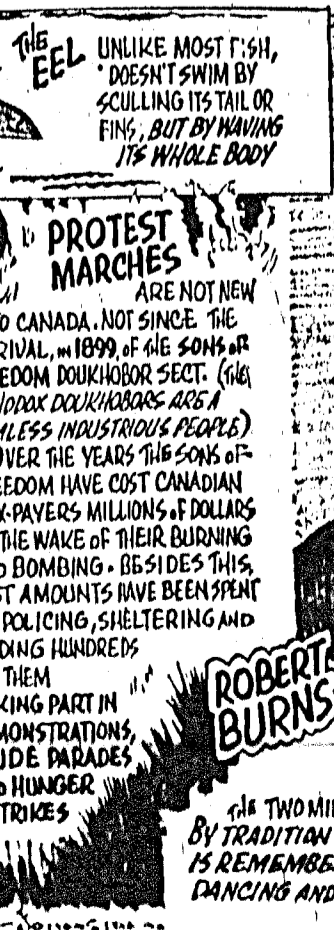

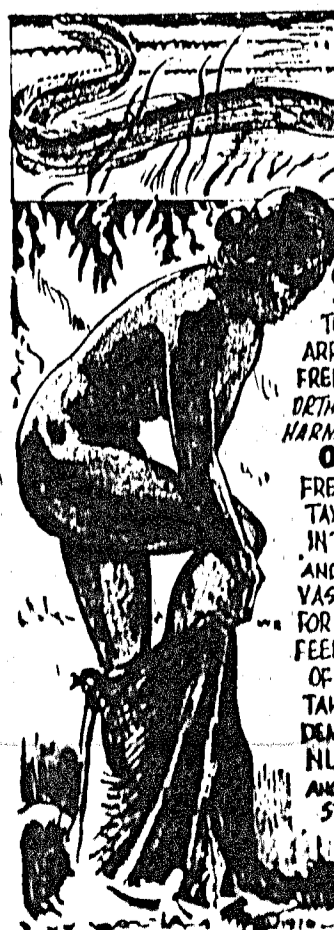

In addition, this change would lighten up the economy, decrease taxation in total through the saving from efficiency in collecting. To wit, consolidation of collection instead of infinite fragmentation. And, obviously, it would make for a freer, happier society.

Yours sincerely,

ALEC C. BEASLEY,

Winfield.

## OTTAWA REPORT

### White Man's Shame Name Of Biafra War

By PATRICK NICHOLSON

The White Man's Grave was the name given in colonial days to the underbelly of the western flange of Africa, lying along the equator. The Biafra War has entitled that area to the new name of the White Man's Shame.

For 30 months war wrecked Nigeria, once the pride of the former colonies in Africa as the most populous and best developed of the newly independent nations.

Ninety-five per cent of all conflicts since the Second World War have been fought in the under-developed areas of the world. Under-developed nations cannot produce modern sophisticated weapons of war. Who then armed the Nigerians and the Biafrans, the Cyriots, the Vietnamese, the Israelis, the Arabs, the Congolese, the Kashmiri, the Indonesians and the Koreans?

### PROFITS OF WAR

One of the outstanding Merchants of Death is the Pentagon, in Washington, D.C. Henry John Kuss has been named as the boss of the International Logistics Negotiation Section of the International Securities Affairs Division of the Department of Defence. As the chief arms salesman of the U.S., the Pentagon markets some \$2,000,000,000 worth of arms a year, to little nations which could not turn them against the seller.

As a taxpayer, you contribute towards Canada's economic aid to under-developed nations; so you will be despondent to learn that in 1964 those nations together typically paid out one half of all the financial aid they received as interest on their credit purchases of sophisticated western weapons of death.

What defeated the half-starved but courageous Ibo soldiers of Biafra? 1,000-pound bombs dropped by Russian Ilyushin-28 bombers flown by Egyptian pilots, and the bullets fired from ground-strafting Russian MiG-17s piloted by white mercenaries followed up pounding by heavy artillery including U.S. 105 mm and Soviet 122 mm guns. Finally the shell-shocked Biafran remnants were overrun by British Ferret and Saladin armored cars, against which the French 7.5 mm cal-

ibre rifles used by the Biafrans were ineffective.

Thus the Nigerian federal army, largely composed of Hausa tribesmen from the north, overcame the Biafran army largely composed of Ibo tribesmen from the east—for this was essentially a tribal scrap, which would have been a shorter and less bloody hand-to-hand brawl with clubs if the so-called civilized nations had not provided sophisticated weapons of long-range death. The defeated and decimated Ibos are mostly Christians, and are praised as the most able and intelligent among Nigerians.

### FOOD—AT A PRICE

Now the war has ended, and the black market in another weapon of survival—food—has begun. One grade D egg, small, costs \$1.30. One pound of garri root, a bulk food without sufficient nutritional value, costs \$2.50. Salt costs \$25 per cupful. A pair of socks costs \$32, so not many wear them. One live goat, perhaps a small source of milk and cheese, or perhaps more swiftly one protein meal for 15 people fetches \$350.

But to the Biafrans, most of whom now find their precarious weekly hide-and-seek, prices even one-hundredth of these would be prohibitive. That is why aid food lists are so urgent.

The attention of the world has been focussed on Biafra. Equally it might have been turned to half a dozen other places, and over much longer periods than the 30 months of Biafra's Calvary.

What about, for instance, those other Christians, included among the Palestinian Arabs, who have been corralled in refugee camps around the borders of Israel for the past 22 years? They have been subsisting on a diet generously provided by the United Nations, and consisting of a daily hand-out of raw food priced at one U.S. cent per person per day. How does your annual grocer bill compare with \$3.65, or \$3.66 in a leap year?

Canada could do good by proposing and achieving an embargo on the export of arms; then the aid you contribute would be spent on raising living standards rather than improving killing methods.

## CANADA'S STORY

### Riverbank Comedy Saved Explorers

By BOB BOWMAN

Among the colorful pioneers of Canada Biencourt Poirineau isn't as well known as his father who worked with de Monts and Champlain to found the first colony at Port Royal, now Annapolis Royal, Nova Scotia. Yet young Biencourt certainly had his share of adventures.

He was very proud of having been made a "vice admiral in the seas of New France" and sailed from Dieppe on Jan. 26, 1611, a dreadful time of year to cross the Atlantic. The ship was battered by fierce storms and it was fortunate that the "vice admiral" had some experienced seamen with him.

Biencourt not only had to fight the storms but also the first Jesuit priests to come to Canada. He did not want to bring them, but they were supported by the Marquis de Guereville who had put money into the expedition.

The arrival of the Jesuits at Port Royal caused a sensation, and there were many arguments that ended in fist fights. Poirineau senior once told Father Biard "Father, I know my duty, and I beg you will leave me to do it. With my sword, have hopes of Paradise, as well as you with your breviary. You show me the path to heaven. I will show you yours here on earth."

Biencourt got along well with the Indians and did some valu-

able exploring. One day he was walking up the Kennebec River (Maine) with a group of men when a band of Indians appeared on the opposite bank. They became hostile and began dancing and singing, working themselves into a frenzy.

Biencourt knew that they would soon cross the river and attack, but he and his men did not have enough arms to defend themselves. They were in a tight spot. So Biencourt asked his men to sing hymns. When they ran out of hymns they sang all the other songs they knew. However, the Indians kept up their war dance. Then Biencourt had a happy idea. He got his men to prance along the river bank, imitating the Indians singing and dancing.

The Indians stopped their war dance to watch and then began laughing. Their anger dissolved into friendship, and the men from Port Royal were safe.

OTHER EVENTS ON JAN. 26:  
1657—Viscount d'Argenson was made Governor of New France.  
1674—Frontenac arrested Francois Perrot, Governor of Montreal.  
1917—Biggest electric steel plant in the world opened at Toronto.  
1924—Canadian Red Ensign was approved as flag to fly over government buildings.

## TODAY in HISTORY

By THE CANADIAN PRESS

Jan. 26, 1970 . . .

General "Chinese" Gordon and an Egyptian garrison, were massacred at Khartoum 86 years ago to-day—in 1884—by Mahdi Mohammed Ahmed, trying to throw the Egyptians out of Sudan. Khartoum was besieged 317 days and relief arrived two days late. Gordon earned his nickname putting down the revolution of Tai-Ping in China and was popular in Britain where a day of national mourning was decreed.  
1788—Sydney, Australia, was founded as a penal colony.

## BIBLE BRIEF

"And always, night and day, he was in the mountains, and in the tombs, crying, and cutting himself with stones. But when he saw Jesus afar off, he ran and worshipped him." Mark 5: 5, 6.

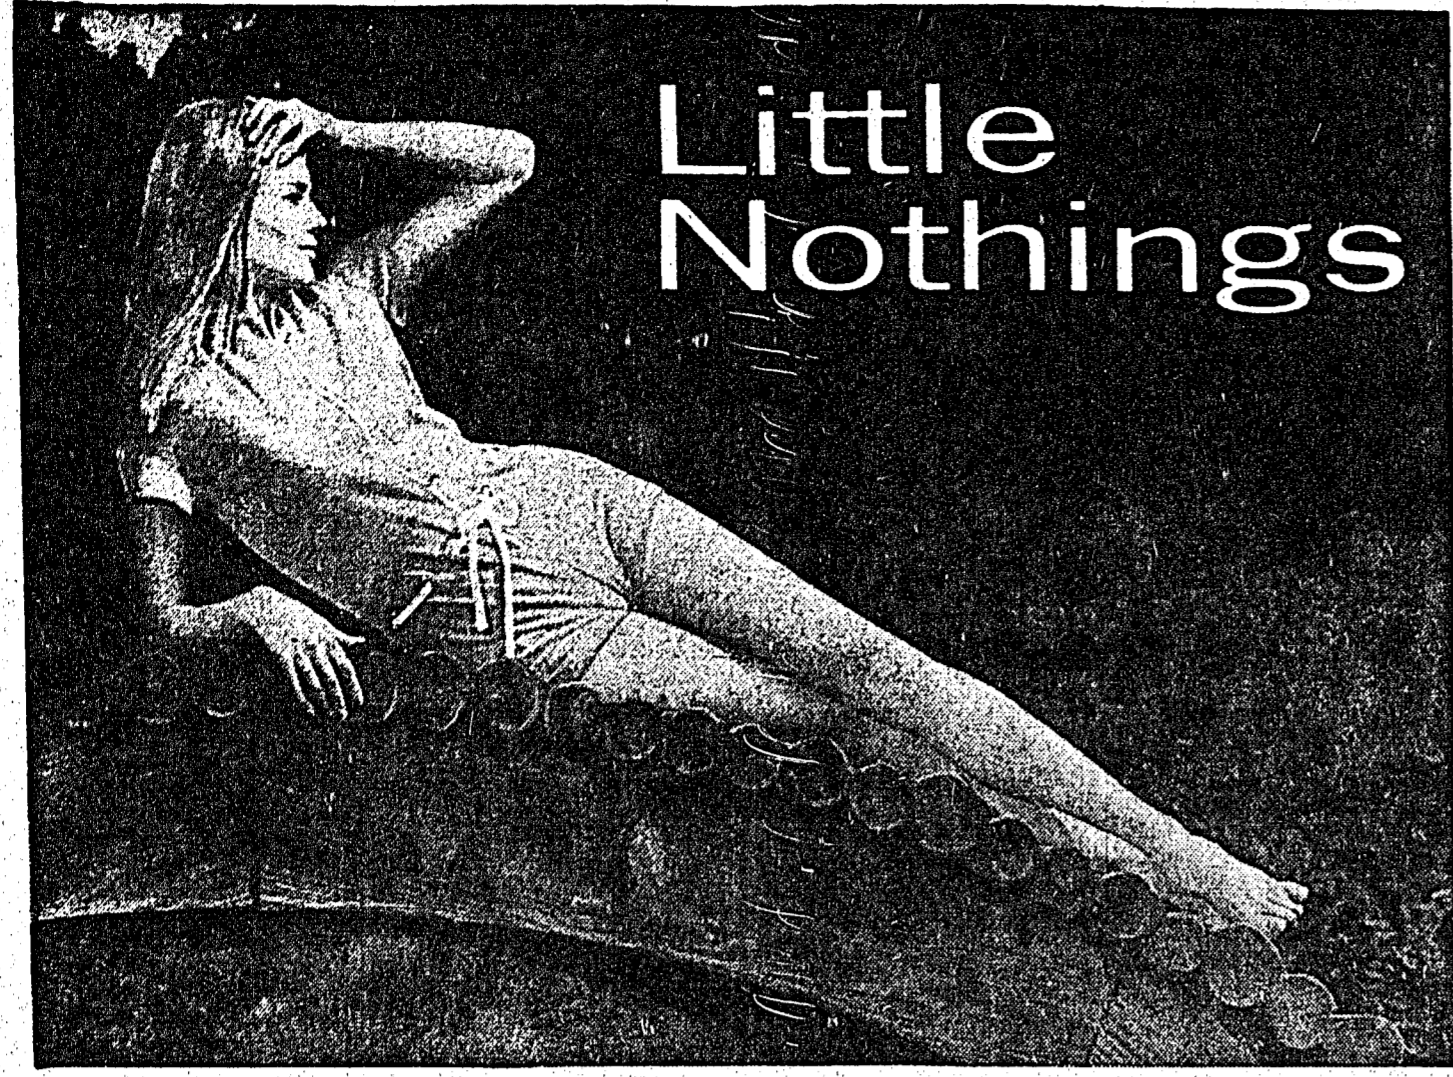

Here is the story of a man who had tired of living in the weary surroundings of the tomb, and came to the Saviour for relief. Are you living on an island in the tombs of fear and doubt? There is more to life than that. Jesus is coming your way. Receive Him.

NEW LANGUAGE TAUGHT HALIFAX (CP) — Dalhousie University here is sponsoring a series of classes for 500 students and teachers in the Halifax area to introduce them to computing and Fortran language. The first class of 80 who just completed an instructional series submitted almost 450 programs each day. The classes are held at the university's computer centre.

CONSENT NEEDED EDMONTON (CP) — In Alberta, a contract of parent under age 21 requires consent from parents, says a government booklet. Laws of Interest to Women of Alberta: Consents from both parents are needed for a person under age 18, and from one parent or guardian for those between age 18 and 21.

# Little Nothings

## SWING INTO SPRING

What does the Canadian outdoor girl want in spring and summer sportswear? Clothes that move easily when worn

where the action is, clothes that feel comfortable when the wearer is happily at ease, like this zippered up the front

short sleeve drawstring mini jumpsuit by Kirsti. In chiffon velour or textured nylon this easy-to-wear fashion comes in

red, white, blue, gold or brown. Most of them are machine washable and treated for soil resistance.

## Panty Hose Styles Stay New Shades And Smoother

NEW YORK (CP) — Every year gets a label from its biggest fashion impact, such as the year of the chemise or the year of the maxi look. In the case of hosiery this has been fairly simple up to now, with one theme or new feature dominating each season.

And for 1970 there are even more interesting hosiery ideas. For the economically minded, Hanes has introduced what they call the Panty Pair, a pair of replaceable stockings and a stretch panty that you pull on over them. The panty has a knitted-in elastic band instead of garters. It is ribbed on the outside, and the inside rubber grips over the stocking and holds it up.

Panty Pair, for Hanes' Fifth Avenue office got an order from her for a pair, to be picked up en route by the messenger from Cartier's jewellers taking that famous diamond to her, the gift from husband Richard Burton. Mae Clarke says she's sure no hosiery has ever been delivered under such glamorous auspices.

What has spring in store in hosiery? For one thing, we'll see mostly the matte finish of the stretch hosiery. But some women still like a sheen, so manufacturers will still produce some. In colors, Hanes believes the neutral shades of butterscotch, camellia, pearl and porcelain will be bought in both panty-hose and stockings, and has also added wisteria to the pastel shades. Patterns will be delicate, such as a petal effect.

Indeed so popular has the panty-hose become (some 6,000,000 dozen sold in Canada in 1969) that now, when teens-into-20s ask for stockings at a store counter, they automatically mean panty-hose.

These can also be obtained in what is called Panty Pair. Plus, with more figure control. It's practically a short panty-girdle.

Two banquets will be catered to in the next week. The hospital committee reported nine hospital visits and seven parcels sent to Shaughnessy.

Happy to be back in the Valley were Mr. and Mrs. Robert King of Skyline Street who visited with Mrs. King's brother-in-law and sister, Mr. and Mrs. R. Swanky at Prince George.

### ANN LANDERS

#### Mistaken Generosity Causes Problems

Dear Ann Landers: I am a 20-year-old girl with a big problem. I care too much about everybody. I am not a nymphomaniac, but I have this overpowering desire to be warm and affectionate. I really do love humanity. Especially men.

Dear Ann Landers: We are aware that your column appears all over the world. Those who live in Tokyo enjoy it in the Asahi Evening News. As an editor of that newspaper, I have been asked by our readers to learn what you meant when you said, "Your husband is a liar. Give him the deep six."

I am forever knocking myself out for people—doing favors, going out of my way to be kind, I feel sorry for everybody.

Dear Ann Landers: I am a 20-year-old girl with a big problem. I care too much about everybody. I am not a nymphomaniac, but I have this overpowering desire to be warm and affectionate. I really do love humanity. Especially men.

## HITHER and YON

Mrs. Edward Hanna of Green Road returned from a two week visit at Hamilton, Bermuda, where she visited with her son-in-law and daughter, Mr. and Mrs. B. G. Mottershead and her first grandchild, baby Colin Grant. Accompanying Mrs. Hanna was her mother, Mrs. E. Hetherington of The Pas, Man.

The morning they left Prince George the temperature had dropped to 42 degrees below zero. They also enjoyed a visit with another brother-in-law and sister, Mr. and Mrs. Peter Hamm at Kamloops on the way.

Herb Kraatz of Calgary was a recent visitor at the home of his son, daughter-in-law and granddaughter, Mr. and Mrs. Alton Kraatz and Rebecca of East Kelowna.

### OKANAGAN MISSION

Mr. and Mrs. Henry P. Hobson, Hobson Road, are among the many who cherish memories of a happy holiday at Napili Bay on the Island of Maui, Hawaii. During their short stay they clocked more than a 1,000 miles of driving, although the 80 degree weather experienced on most days lured them to the beaches to swim and enjoy watching the skill of the native surfers.

Back from a 42 day cruise in the South Pacific are Mr. and Mrs. M. L. Cosgrove of Lakeshore Road, who enjoyed stops at Suva in the Fiji Islands, Tahiti, New Zealand, Australia and Honolulu among other ports of call. They were joined by Mrs. Cosgrove's sister, Mrs. R. Petty who boarded the Mariposa at Los Angeles. After relaxing in summery togs such as shorts, the holidayers were busy during the weekend digging out their winter clothes.

The charming home of Mr. and Mrs. Robert C. Aitkens, Hobson Crescent, was the scene of a delightful coffee party Friday morning for some 35 lady members of the Nine Hole Golf section of the Kelowna Golf and Country Club. Acting as co-conveners were Mrs. G. Heagle, Mrs. E. K. House, Mrs. Glen Hossack. Expressions of sympathy were many, as it was made known that the absence of the president and co-conveners, Mrs. Mark C. Lowe was due to the death of her husband that morning.

A recent visitor with Mr. and Mrs. W. Ferrier of Carman Manor, Pandosy Street, was Mrs. Ferrier's sister, Mrs. Una McMurphy of Vancouver, who enjoyed a week long visit here, leaving for home on Friday.

With the proximity to Robbie Burns day in mind, Mrs. Aitkens had made use of heather and daffodils and purple tapers throughout her home. Acting as pourers at the beautifully appointed table were Mrs. E. H. Bronson and Mrs. Neil Hallisey.

Happy to be back in the Valley were Mr. and Mrs. Robert King of Skyline Street who visited with Mrs. King's brother-in-law and sister, Mr. and Mrs. R. Swanky at Prince George.

## Slides Of Bolivia Highlight Kinsmen Night For Ladies

The Kinsmen Club of Kelowna entertained their wives and girlfriends to a most interesting evening at Capri on Jan. 22. Guest speaker for the evening was Kinsmen, Lloyd Schmidt who showed slides of his recent Rotary Club sponsored trip to Bolivia.

coming Mothers' March campaign to be held Feb. 2. Thirteen Kinsmen and their wives from the Armstrong Kinsmen Club also attended the ladies' night.

Entertainment also included the Rutland Bavarian dancing group, and a preview slide presentation by the swimming pool committee, which will be shown to service and club groups soliciting support toward funding the swimming pool.

# Bucks Halt Centennials Play To A 2-2 Deadlock

Some 500 minor hockey players turned up for the Kelowna Buckaroos game with Vancouver Centennials Saturday, taking advantage of the free admittance during Minor Hockey Week, and one turned out to be the difference of picking up one point in the standings with a 2-2 tie, or not getting any.

For the first time this season, Ian MacCrimmon, a product of the Kelowna and District Minor Hockey Association, and regular goaltender for the Kelowna Junior B club, started in goal, replacing regular Buck puckstopper Ken Johnson of Fort St. John.

MacCrimmon, who has averaged 45 shots per game with the B squad, allowed two goals in the first period Saturday, the first coming at 0:12 on the first shot of the game, but stopped a total of 35 shots during the remainder of the game, including 15 in the final period, three of them breakaways.

The Centennials, who were in second place in the British Columbia Junior Hockey League, got the first goal after the Bucks failed to clear the puck out of their own end and put it on the stick of Alex Dick who calmly took a low shot into the right hand corner past the surprised MacCrimmon.

Bob Gaston gave Vancouver their second goal of the game at 12:44, when he took a pass from Fred Lawless, and from the point, let go a low blistering shot into the right corner. Vancouver pasted 10 shots at MacCrimmon in the second pe-

IAN MACCRIMMON  
... subs Johnson

ates of the Kelowna and District Minor Hockey Association, to fill in. Barr playing on defence, and Roche playing left wing on a line with Ron Andruff and junior B teammate Ross Peck.

Larry Lenarduzzi played on the blueline for most of the game, and along with another converted defenceman, Larry Scott, played a big part in getting the job done in front of MacCrimmon.

The Buckaroos next home game is Wednesday, when they play a rescheduled game from Feb. 28 against the fourth-place Kamloops Rockets.

Friday, the Bucks travel to the coast, and will play Vancouver that night, and then counter the Cougars in Victoria Saturday, finishing the road trip with a contest against the last place New Westminster Royals Sunday.

### SUMMARY

First period: 1. Vancouver, Dick 1-2; 2. Vancouver, Gaston (Lawless) 12:44. Penalties—Salo (Van) 9:27; Salo (Van) five minute major, Lenarduzzi (Kel) five minute major, minor, 14:52; Metcalfe (Van) 15:15. Second period: 3. Kelowna, Phillips (McKay) 9:42; 4. Kelowna, Phillips (Wick, McKay) 11:42. Penalties—Lenarduzzi (Kel) 2:58; Metcalfe (Van) 8:10; Negrello (Kel) 18:43; Simon (Van) 20:00.

Third period: No scoring. Penalties—Carignan (Kel) 2:29; Salo (Van) 7:58; Paiement (Kel) 8:21; Carignan (Kel) 14:10.

## SUMMER STARTS THIS WEEK

At the end of limited hydroplane driver Ron Derrickson's finger is a map of Florida and that's where the speedy water jockey is heading.

Derrickson left Kelowna last week and must be in Florida by this weekend, for the first of two and possibly three East Coast races. "Summer" this

year may last nine months for Derrickson, from the end of January in Florida, to October in California. After the Florida races Derrickson may

take his 145 cubic inch hydro to San Diego, before heading home some time in February. The boat was new last year

and has only a few races on it, as Derrickson takes a run at the 1970 national points championship.

# Lemaire Sparks Montreal To A Pair Of NHL Wins

By THE CANADIAN PRESS

Jacques Lemaire's three goals and three assists sparked Montreal Canadiens to a pair of 4-1 National Hockey League weekend wins as they continue what has become their annual second-half assault on the East Division lead.

The Canadiens trimmed Chicago Black Hawks 4-1 at home Saturday and downed Detroit Red Wings by the same score in Detroit Sunday night.

Boston Bruins blew a chance to threaten New York Rangers grip on the division lead when they were shelled 8-1 by the Rangers in New York Saturday afternoon, but they recovered to drop Pittsburgh Penguins 3-1 at Boston Sunday.

The results left the Bruins and Canadiens sharing second place with 58 points, four behind the Rangers.

In other Sunday action, Toronto Maple Leafs edged Chicago 3-2, New York Rangers edged Los Angeles Kings by the same score, Philadelphia Flyers blanked St. Louis Blues 2-0 and Oakland Seals downed Minnesota North Stars 4-1.

Saturday, Philadelphia clubbed Minnesota 6-0, Detroit topped St. Louis 5-2, and Pittsburgh beat Los Angeles 4-2.

### LEMAIRE IS STAR

Lemaire was a key figure in both Montreal wins. He produced one goal and two assists against Chicago. Bob Sheehan, the Massachusetts-born rookie, Bobby Rousseau and Mickey Redmond also scored for the winners and Bobby Hull fired his 18th goal of the season for the Black Hawks.

In Detroit, Lemaire kept going with two goals and one assist. The Red Wings grabbed the lead on Wayne Connelly's power-play goal, but Serge Savard and Yvan Cournoyer struck back for Montreal while Lemaire raised his goal total to 28.

Rookie Bill Fairbairn's 16th goal of the season Sunday for the Rangers broke a 2-2 tie with the Kings. Jean Ratelle col-

JACQUES LEMAIRE  
... six points

lected his 20th goal of the year and Walt Tkaczuk also scored for New York. Ross Lonsberry and Jimmy Peters replied for the Kings.

Dave Keon and Mike Walton scored 34 seconds apart in the third period at Chicago for the Leafs, sending the Black Hawks to their second loss in as many nights. Bobby Hull and Pit Martin struck back for the fifth-place Hawks and Bob Pulford scored the other Toronto goal.

**LAST LOSS NOV. 16**  
The home ice loss was the first for Chicago since Nov. 16, Rookie Bob Clarke and Reg Fleming scored for Philadelphia against the Blues Sunday as the Flyers recorded consecutive shutouts for the first time in their three-year history. Bernie Parent stopped 30 St. Louis shots for his shutout. The win also was only the second for Philadelphia against the Blues in the last 19 games.

Mike Laughton scored three goals and Gary Smith turned goals all but one of 43 North Stars shots in front of 11,958 Sunday, the smallest Minnesota crowd of the season. Ted Hamp-

son scored the other Seals goal and defenceman Leo Boivin replied for the losers.

Fred Stanfield's power-play goal in the third period gave Boston its Sunday home win over Pittsburgh, breaking a 1-1 tie. Bobby Orr raised his league-leading point total to 68, scoring into an empty net in the final minute when Pittsburgh coach Red Kelly removed goalie Joe Daley for a sixth attacker. Don Awrey scored the first Boston goal and Bryan Hextall scored for the Penguins.

A major penalty to forward John Bucyk at New York Saturday proved costly for the Bruins. The Rangers took advantage of the five-minute power play by scoring three times, pulling away from a 2-1 lead.

### TWO GET PAIR

Captain Bob Nevin and Ratelle both collected two goals for New York. Defenceman Rod Seiling, Fairbairn, Vic Hadfield and Dave Balon completed the rout while Bucyk gave the Bruins a 1-0 lead early in the first period with his 22nd of the year.

Doug Favell blocked 40 Minnesota shots for the Flyers Saturday, gaining his first shutout since Nov. 9, 1968. Andre La Croix, Jean-Guy Gendron, Simon Nolet, Clarke, Jiv Johnson and Terry Ball shared the Philadelphia assault with one goal each.

## Owls Pick Up Second Win Toppling Red Devils 56-40

The Kelowna Owls of the Okanagan High School AA Basketball League, picked up their second victory in two nights Saturday, as they crushed the visiting Kamloops Red Devils 56-40 in the Kelowna Secondary School Gym.

The Owls who defeated North Kamloops Saints 84-49 Friday, were led by Grant Wolfe on the scoreboard, as the big centre picked up 16 points, nine in the third quarter. Rod Walker, who netted 33 points the night before, got 13 points for the Owls, while Steve Thomson was good for 11.

Kamloops' Tom MacDonald was the top scorer in the game with 17 points, although contributing them to a losing cause.

Building up a 10 point lead in the first quarter, the black and gold never were in danger of losing that margin, scoring 12 points in the second quarter, 16 in the third, and 14 in the last. The Red Devils did come on in the final frame and outscored

DAVE LLOYD  
... big on the boards

the Owls by five points. The Owls, after dropping their first two games to Rutland, are now 2-2 for the season, and continue their schedule Saturday, when they travel to Oliver to take on the Hornets.

## B's Come Back For 4-2 Win

The Kelowna Junior B Kel-Bucks made their playoff hopes a little brighter Sunday, as they came back from a 2-0 deficit to defeat the Pentlton Combines 4-2 in Okanagan-Mainline Junior B Hockey action.

After a scoreless first period, the Combines struck early in the second period, and at 0:57 Gerry Sismey scored unassisted. Dave Hannas made it 2-0 at 5:00 of the period, on a power-play goal.

The Kel-Bucks came to within one goal before the period ended, as Ross Peck, who played with the Buckaroos Saturday, scored at 11:18.

Bill Knutson and Joe Gordon each scored powerplay goals in the third period while Bill Carignan, brought up from the mid-level all-stars, scored the fourth Kelowna goal.

Referee Harry Kanigan handed out a total of 16 penalties in the chippy contest, 10 to the Combines and six to Kelowna. A misconduct, a bench, and two fighting penalties were included in the list.

The Kel-Bucks' next game is in the Memorial Arena Feb. 4, when they play host to the Combines.

## Playoff Hopes Rest On Tony

CHICAGO (AP) — Chicago Black Hawks' hopes of gaining a playoff berth in the National Hockey League rest largely on rookie goalie Tony Esposito who has tied the club record of 10 shutouts in one season and needs four more to break the league record of 13.

"Don't blame the goalie," said Coach Billy Reay after Sunday night's 3-2 defeat by the Toronto Maple Leafs.

"It could have been 10-2 if it hadn't been for Tony. The team was just tired."

The Hawks drafted Esposito from Montreal.

Tony, younger brother of Phil Esposito, Boston's record breaking forward, won first-half honors for the Vezina trophy for the least number of goals scored against him.

With Esposito in the nets three-fourths of the time, the Hawks yielded 66 goals in the 37 games, one less than Ed Giacomin of New York Rangers.

It wasn't surprising that he was available in the draft. Montreal had Rogatien Vachon and Gump Worsley to protect and although Esposito recorded two shutouts in the 12 games he played, he isn't exactly stylish in the nets and at times was considered lucky.

"That's when we got lucky," grinned General Manager Tommy Ivan whose selection of Esposito is now being considered a stroke of genius.

Esposito has worked 2,203 minutes this season and in addition to his shutout run has given up an average of only 2.04 goals in a game. Luck can't last that long in big league competition.

"I know I'm not stylish," said Esposito. "I play the way I think. If I feel I have to come out, I do it. If I think the situation calls for me to flop, I do it. If I think I can stop it standing up, I do it."

"Every play is different and if they figure you out and you commit yourself, you're dead."

About brother Phil who set a scoring record last season, Tony says:

"He scored four goals in four games against me last season. He hasn't scored any this season. As far as I'm concerned, he's just another one of the enemy. Out there on the ice there are no relatives."

# Bert Glad Of Ignorance After Winning Pro-Am

PEBBLE BEACH, Calif. (AP) — "If I'd known Jack Nicklaus was shooting a 65," said Bert Yancey, "things might have been different. I might have taken the big apple."

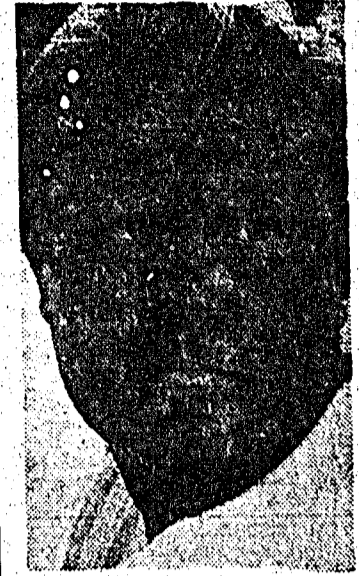

But Yancey, blissfully ignorant of the charge being mounted by the awesome Nicklaus, calmly cut out a final round 69 Sunday and won the \$25,000 first prize in the Bing Crosby national pro-am golf tournament.

Yancey finished with a 279. Nicklaus, who moved past 15 players on the final day with his sterling, seven-under-par effort, had to settle for second, one stroke back at 280.

The \$14,300 cheque for second pushed Big Jack's career earnings past the \$1,000,000 mark. He joined Arnold Palmer and Billy Casper—who had some difficulties on the final round—as the only players in the game's history on the exclusive list.

Nicklaus started birdie-eagle, toured the front nine at the oceanside Pebble Beach golf links in a six-under-par 30, moved into a share of the lead with a 26-foot birdie putt on the 15th, then parred in.

Yancey, a tour regular for seven years who had won five

JACK NICKLAUS ... joins select

Even he didn't know it. "I didn't know what Jack was doing," the 31-year-old Yancey said. "I didn't want to know. I told my caddy not to tell me."

Yancey played it on the conservative side coming home, taking parts on 13, 14 and 15.

"The 16th is playing pretty tough today, Bert," Nicklaus muttered to a television set in the clubhouse.

But Bert took his par there, too.

Then, after his tee shot on the par-3 17th, Yancey asked his caddy about Nicklaus' birdie.

"I got pretty tight when I heard that 65," Yancey said. He promptly missed his birdie putt, but tapped in to remain one ahead.

**DRIVES WELL ON FINAL**

He decided against an iron off the tee on the long, par-5 closing hole, got off a good drive, pitched on in three and two-putted from 40 feet to win it.

"It was just one of those days you hope for," said Yancey, who led or shared the lead all four days. "I woke up feeling good, smooth and I couldn't wait to get at 'em."

He birdied the first hole and was far back at 292. Casper was disqualified when his caddy, who had his clubs, failed to arrive at Billy's scheduled tee time.

George Knudson of Toronto shot a final-round 74 and finished with 286, two under par. He picked up \$2,187 for his share of 13th place.

# Spokane Jets Uphold Honor

By THE CANADIAN PRESS

In a manner befitting a league leader, Spokane Jets upheld the honor of the Western International Hockey Circuit during the weekend by whipping Calgary Stampede 5-2 in an interlocking hockey game before 4,200 Spokane fans.

It was the first time a WHL club had managed to defeat the Alberta Senior Hockey League leaders this season. The night before Stampede had humble Cranbrook Royals 6-4 in Cranbrook.

In two other WHL games Saturday, Kimberley Dynamiter arrived in Trail late after running into bus trouble and absorbed an 11-2 lacing from the impatient Smoke Eaters as Nelson Maple Leafs successfully invaded Spokane for a 3-squeaker over the Jets.

In Sunday's game in Spokane winger Dave Toner scored two goals for the Jets and assisted on a third, Gail Holden, Ken Gustafson and Don Scherza got the others. Calgary marksmen were Rick Hextall and Jim Hunt. Both Stampede goals came through penalties.

Spokane lead 2-0 at the end of the first and 3-1 after the second.

**FIRST WIN**

The night before, Maple Leaf scored their first win of the season over Jets with Pete Vipond, Terry Keeling and Corky Agar getting a goal a piece. Dave Toner and Jimmy Chow tallied for Jets, who trailed 2-1 after the first period and 3-1 after the second.

Calgary marksmen in Cranbrook Saturday evening were John Haynes and George Hill with two apiece and Jim Kryway and Ted Demchuck with singles. Cranbrook goal-getters were Ron Hutchinson, Eddie Maber, Nel Venerus and Ed Legare.

The score was tied 2-2 at the end of the first and 3-3 after the second.

Kimberley arrived in Trail more than an hour late for Saturday's contest after their bus stalled. The Dynamiters probably wished they hadn't been able to restart it.

Leading Smoke Eaters to their first win over Kimberley this season were Ron Leopold with three goals and Gary Ferra with two. Jim Mowatt, Ken Uzeloc, Howie Byers, John Thompson, Rick Beauchamp and Ken Koshey added the others. Ferra also picked up five assists.

Graham Longmuir and Bill McLelland scored for Kimberley.

# Portland Cuts Vancouver Lead

By THE CANADIAN PRESS

Second-place Portland Buckaroos downed Phoenix Roadrunners 4-2 Sunday night to cut the idle Vancouver Canucks' lead at the top of the Western Hockey League standings to 19 points. The Buckaroos have five games in hand.

In other weekend WHL activity, Denver and Phoenix tied 1-1 in Phoenix Saturday and Seattle Totems thrashed Denver 9-3 Sunday.

Portland had a final round 79 and was far back at 292. Casper was disqualified when his caddy, who had his clubs, failed to arrive at Billy's scheduled tee time.

George Knudson of Toronto shot a final-round 74 and finished with 286, two under par. He picked up \$2,187 for his share of 13th place.

# Czechoslovakians Take First Four

CORTINA D'AMPEZZO, Italy (AP) — Czechoslovak athletes led by Jiri Raska took the first four places Sunday in the Grand Prix of the Nations international ski jump event, giving their country the victory in the three-event trophy competition.

Raska, who won Sunday with jumps of 82 and 81 metres for 234 points—also had won the two previous events of the trophy held in Chamonix and St. Moritz.

Pat Morris of Ottawa was 17th among 38 entries with jumps of 75 and 75 for 195.2 points.

Ulf Kvendob of Rosemead, Que., was 20th with jumps of 71 and 71 for 180.4 points.

Jednoc Metzl of Montreal was 27th with jumps of 75 and 67 for 174.4 points and John McInnis of Revelstoke, B.C., 30th with jumps of 69.5 and 69 for 171.8 points.

Vancouver now has 68 points, Portland 49, Seattle 46, San Diego 41, Phoenix 36, Denver 33 and Salt Lake City 29.

There are no WHL games tonight. Next games are scheduled Tuesday night when Portland is at San Diego and Denver is at Vancouver.

In Phoenix, the Roadrunners, playing their second home game in as many nights, were unable to keep up with the fast-skating Buckaroos, particularly in the last two periods.

Norm Johnson, Bill Schmutz, Ken Campbell and Art Jones scored for the winners. Phoenix scorers were Harry Shaw and Bob McCord.

In the Roadrunners' game Saturday, all the scoring was concentrated in a wild 80-second portion of the third period.

Roadrunners scored on a defence-splitting drive by Morris, Stephaniw and Spurs answered on a 40-foot drive by Bill Dineen.

For Seattle Totems their 9-3 win over Denver Sunday was their biggest scoring spree of the season.

It was Seattle's eighth victory over the Spurs in nine games this season and the Totems' sixth straight win on home ice.

Art Stratton led the scoring with three goals and an assist. Bobby Schmutz, got two goals and an assist and singles came from Chuck Holmes, Gerry Meahan, Jack Mithie and Tom McVie.

Ken Byrnes, Don Grierson and Bill Dineen scored the Denver goals.

# Villemure Shuts Out Cleveland

By THE CANADIAN PRESS

Who's the hottest goaltender in professional hockey? At the moment it's Gilles Villemure, the 29-year-old native of Trois-Rivieres, Que., who registered his fourth consecutive shutout of the season for Buffalo Bisons Sunday and the eighth of the season.

Villemure, who never posted more than six shutouts in a single season, blocked 24 shots Sunday night as the Bisons downed Cleveland Barons 6-0 in American Hockey League action.

In other weekend games, Baltimore Clippers and Hershey Bears battled to a 2-2 tie Saturday while Springfield Kings downed Cleveland Barons 6-4.

Montreal Voyageurs and Baltimore deadlocked 1-1 Sunday. Providence Reds trounced Springfield 10-4 and Hershey played to a 2-2 tie with Rochester Americans.

Wayne Rivers and Don Blackburn scored two goals each for the Bisons while Gerry Ouellette and Larry Hornung added single goals.

# Kelowna Skiers Place Well At Junior Championships

PENTICTON, B.C. (CP) — Saturday and also took combined honors. The B class women's giant slalom Sunday was won by Jill Gaton of Kamloops, B.C., with Jaye Ward, Vancouver, second, and Alison Pugh, Penticton, third. On Saturday, Susanne Kechalo and Shelley Paulson, both of Vernon, finished second and third behind Miss Moynes in the slalom.

Ladd Snowsell of Kelowna won the C class men's giant slalom Sunday with Rich Coulthard, Kelowna, second, and Dyne Torgerson, Kimberley, B.C., third. Stan Gaton of Kamloops took the C class slalom Saturday.

Combined honors went to Ralph Trumppour of Penticton, who finished second behind Gaton. Doug Flemming of Vernon was third.

**MOST COMMON**

The language spoken by more people than any other in the world is Northern Chinese, or Mandarin.

Marlies Joseph of Rossland, B.C., made a clean sweep of the women's C class events at the Okanagan junior ski championships.

Miss Joseph won the giant slalom in her class Sunday, with Sarah Satow of Kelowna, B.C., finishing second and Jane Tidball of Penticton, third. The day before Miss Joseph had won the slalom event, followed by Jean Marie Anderson of Williams Lake, B.C., and Miss Tidball.

Daryl Kincaid of Vancouver captured men's B class combined honors, winning the slalom Saturday and finishing second in the giant slalom Sunday behind Greg Athans of Kelowna. John Stubbs of Vernon, B.C., and Rob Neil of Vancouver tied for third spot Sunday. Ron Joseph of Rossland took second place behind Kincaid Saturday with John Huddard, Vancouver, third.

Julie Moynes of Rossland won the women's B division slalom

# ICE ENTANGLEMENT

Boston Bruins forward Fred Stanfield (hidden) becomes entangled with New York Rangers' defenceman Rod Seiling (16) and goalie Ed Giacomin (1) in a first period scramble during a National Hockey League game at New York's Madison Square Garden Saturday afternoon. New York bombed the Bruins 8-1.

# OUTDOORS Ice Fishing Curtailed

By JIM TREADGOLD

The very good Okanagan Lake winter fishing has been curtailed by the recent cold weather, but now that the temperatures have moderated the enthusiastic, hardy fishermen will be out again this weekend. The largest trout entered for the Fish and Game Club's annual derby for 1970 and my winter derby is an 11-pounder caught by Emil Gundrum just prior to the cold snap.

The 37-pound grey trout which was taken near Okanagan Centre recently was turned over to the fishery branch for study. The scale reading aged the fish at 15 years. This age is most interesting as the game branch in 1953 proposed to stock Okanagan Lake with grey trout. This stirred up a great controversy in the Valley fish and game clubs which continued on till Sept. 1954 when the proposal to stock these trout in the lake was abandoned by the branch, with Dr. Peter Larkin then fishery officer, with the game branch in accord not to stock the lake with these fish. The general thinking at that time being that the grey trout might harm the Kamloops trout fishery in the lake.

The grey trout proposed for the lake were in the Summerland hatchery at that time and now 15 years later a 15-year-old grey was caught in Okanagan Lake. I had one other report of an eight-pound grey taken by a tourist last summer at the north end of the lake—"most interesting".

However it is doubtful if these fish will "take" in the lake as native fish. They are in the Columbia River chain so if they could propagate naturally in Okanagan Lake they would have been here.

The fish and game club is looking for a few large trout or salmon for their late February game banquet and any donations would be appreciated. The game meat has come in better than expected, moose, venison, cougar are in good supply for the banquet. Tickets will go on sale first week in February.

A group of Vernon sportsmen headed by taxidermist Earl Carlson have become very alarmed at the steadily worsening big game populations in B.C. and have set out to do something about it by way of a B.C.-wide petition to Premier Bennett asking for a closure on antlerless big game to prevent the extermination of our game in the accessible hunting areas, as the present "shoot anything you see" method is obviously doing.

I personally wish them all the success possible in their endeavors, as if some curtailment of the shooting of the female big game is not done soon, we are going to run into serious trouble with game in most areas of B.C. What has been allowed to happen to our once abundant game population is just plain stupid, and not wanted by the vast majority of hunters.

There was great agitation four years ago to have the doe deer closed in this area. It was closed for one season which did help, but that benefit has now been lost. There are great runnings in the Kootenays especially the East Kootenays about the great decline in the deer and elk, and in many areas to the north the moose are in very short supply. It's time we had an open season on our game manager—mainly the biologists. Their text books just have to be wrong.

I have a number of the Vernon petitions and welcome signatures from all sportsmen. This petition will get tremendous support from all of B.C.

Starting on Jan. 28 at the Kelowna Secondary School, under adult education is a hunter training program. The course is for 10 weeks every Wednesday evening—7:30 to 9:30 p.m. This is an excellent course, sponsored by the Kelowna and District Fish and Game Club, and contains wildlife management and legislation, care of firearms, safe gun handling, care of game meat and a number of other topics related to hunting. There will be 10 different instructors—each one specializing in a different subject. Age limits for the course are 14-17 years, and no doubt older if wanted. The fee is very minimal at \$1. This course will eventually be compulsory for a beginner to obtain their first hunting licence. Brochures on the course are available at the sports shops. I can highly recommend this course to all new hunters be they any age.

The Fish and Game Club is sponsoring the Arv. Seetrap show of north country adventure in the Community Theatre on Feb. 18. Arv. is a professional guide, sportsman, television personality and commentator and will be here in person. He produces and narrates his own films and will show Rocky Mountain big horn sheep, and Dall sheep, blue Osborn and mountain caribou for the hunting sector. For the fisherman there will be salmon fishing on the stream and ocean. The hunting is from B.C., Alberta and Mackenzie Mountains in the N.W.T. The fishing was filmed in the Kitimat area which is home to Arv. As a professional guide his clientele comes from the world over. Keep this date. There will be more on this show in my next column. I know it will be excellent entertainment.

The clubhouse at Sportsman's Field was extended last fall to allow a full indoor range and the organized shooting has got under way. The Kelowna Rifle Club under President Percy McCullum is organizing this recreation and I am sure there will soon be a big following of enthusiastic 22 target shooters. Heat is being installed in the building and the club will meet there every Tuesday evening. There has not been a proper indoor range since the old exhibition building burnt down some 15 years ago. At that time there was quite a big following in the sport. It is excellent training in learning how to shoot.

**CREATIVE OFFER**

Bowrey, 26, one of Australia's SYDNEY, Australia (Reuters) leading Davis Cup hopes, said today he would support Australia's bid to host the World Tennis Championships next year. Bowrey, a group when he announced he had accepted which includes fellow Australian ace John Newcombe and Tony turn professional.

# Broncos Tie Best And Worst Vernon Jumps Into Second

By THE CANADIAN PRESS

Penticton Broncos challenged the best and the worst of the British Columbia Junior Hockey League during the weekend and just failed to pull off victories on both occasions.

In Victoria Saturday night, the Broncos held the powerful league-leading Victoria Cougars to a 5-5 tie and then followed this up by struggling to an identical 5-5 draw with bottom-of-the-league New Westminster Royals in New Westminster.

For second-placed Vancouver Centennials it wasn't a very happy weekend. The Centennials were held to a 2-2 tie by Kelowna Buckaroos in Kelowna Saturday and then fell to a 3-2 defeat at the hands of the Kamloops Rockets Sunday.

Rounding off the weekend's play in the BCJHL, Vernon downed Kamloops 6-3 at Vernon Saturday.

**EARNIS TIE**

In New Westminster Sunday, Fred Parent earned Penticton a tie when he banged in a goal midway through the third period after the Broncos had trailed 4-3 after the first period and 5-4 at the end of the second.

Jim Dalzell was the leading New Westminster scorer with two goals. Singles came from Jon McCracken, Brian Fisher and Mike Andruff.

Penticton goals were scored by Harry Turk, Rob Udell, Ron Gurk, Ron Boyle and Parent.

In Victoria Saturday, the Broncos appeared heading for victory with a 5-4 lead midway through the final period. Then Lon Miles sealed the league leaders a tie with his second goal of the night at 12:32.

Ted Plowse scored the game's first goal for Victoria but Brian Barrett tied the game before the end of the first period.

**PENTICTON LED**

Defenceman Gerry Bond put Cougars ahead in the second period but Dwayne Pentland scored for Broncos to tie the game again three minutes later. Tom Gawryletz and Ron Gurk both scored for Penticton and Miles scored his first goal to cut the score to 4-3 for Penticton going into the third period.

World Famous Harlem Stars

Jan. 27 (Tues.) 8:00 p.m.

Kel. Sec. — West Gym

ADULTS \$1.50 STUDENTS \$1.00

"Fun for the whole family"

**HERE TUESDAY**

The famous Harlem Stars will be in the Kelowna Secondary School Gym Tuesday, with the Bill Russell of the team, Sammie "Sweet Sam" Smith. He has already taken his physical for the armed forces, so the Stars management is hoping he can make the entire season before entering the armed service. Sam is so valuable to the team that it has been hard to find a replacement to fill his shoes. During a game against the British Columbia champions, he set a record for most shots stopped in a single game (18). In his eighth season, he teamed with "Young Blood" Curtis Williams, and Britt Johnson to give the Harlem Stars the strongest trio in the history of the Harlem Stars. The Stars will be taking on the Kelowna Owls at 8 p.m.

# Outbursts Of Discontent Worry Cabinet Ministers

OTTAWA (CP) — Scattered outbursts of discontent from the Liberal backbenches during the last week are reported to be causing some concern among cabinet ministers, who don't enjoy being fired on from the rear.

# Nixon's Words Didn't Help Wall Street To Feel Better

NEW YORK (AP) — President Nixon's long-awaited State of the Union address proved no help to stock prices last week and the market fell.

The 10.56 drop in the Dow Jones industrial average Friday to 775.54 was the sharpest nose-dive of the new year and pushed it to a loss of 7.06 on the week.

There was a modest and continued rally Tuesday, Wednesday and Thursday, but investors remained hesitant in the face of economic uncertainty, and the market "fell of its own weight," said one analyst.

The decline was an "instant analysis" of the president's speech, said Shearson, Hammill and Co. "Investors apparently found nothing there of great significance to the market."

Analysts had widely attributed the early rally to anticipation of good news in Nixon's address and to a rebound of "high-flying" glamour stocks that had suffered recent losses.

DECLINES IN LEAD — The decline for the week was wide ranging. Stocks that dropped in price on the New York Exchange overwhelmed advances 1,018 to 366 among the 1,738 issues traded.

There were 232 new lows for the 1969-70 year and only 36 new highs.

Individual corporate developments were prominent in market news.

The biggest was the announcement by American Telephone and Telegraph Co. that it planned a massive \$1,570,000,000 financing program through of-

fering shareholders 30-year debentures with stock purchase rights.

Trading was halted for one day to give investors time to evaluate the plan. The next day A.T. and T. lost ground but on Friday recouped some of its losses to end the week only 3/8 off the price of 49 at which it traded before the plan was announced.

Telex was a big winner, gaining 2 1/4 on the week despite a solid loss in the last day's trading. The New York Stock Exchange said it has imposed a 100-per-cent margin requirement on the stock effective Monday.

VOLUME THE SAME — Weekly volume on the Big Board was about the same as the previous week at 52,508,900. As the Dow declined, so did the broader-based indices.

# AP NEWS SPOTLIGHT

# West Germans Make Try At Reducing Road Deaths

The World Spotlight describes West Germany's efforts to cut down its alarming rate of traffic fatalities, and takes a look at the gruelling pilgrimage of devout Turkish Muslims to the holy city of Mecca.

FRANKFURT (AP) — Patrolman Juergen Boddenbender tries to do his part in cutting down West Germany's scandalous traffic record—more than 1,000,000 accidents a year bringing twice as many deaths as on United States highways when the same number of drivers is compared.

Boddenbender cruises a 31-mile section of autobahn, four- and six-lane highways, which handles about 40,000 vehicles a day. Police must reckon with 1,000 accidents there a year, 20 persons killed and 500 injured.

"Too many vehicles and inexperienced drivers," says the patrolman. West Germany, a highly industrialized nation of 60,000,000, had 14,300,000 vehicles registered in 1968.

Canada, France and Sweden, as well as the United States, have more cars per capita than West Germany, but only the United States records more traffic deaths.

Excessive speed is a factor in more than 40 per cent of traffic fatalities. Germans cherish the long stretches of autobahn where more than 100 miles an hour is common.

Erwin Roehr, 35 years in traffic work and head of traffic inspection for the state of Hesse, blames inexperience for some of the speeding.

"We tend to drive too fast and tailgate because many drivers don't really understand what can happen to them at those speeds," he says.

"I think we should have a speed limit but the auto industry is against it because they want to build fast cars and appeal to base instincts."

Auto clubs oppose a general speed limit on autobahns on grounds that they should be "fast highways."

Signs along autobahns warn drivers against tailgating, but pileups of 50 to 60 cars are common in bad weather. At Christmas 42 persons were hurt in a 150-vehicle pileup near Ulm.

West Germany has blood alcohol tests and tall penalties for drunken driving. New regulations require motorists to post warning signs when they stop on the road and auto inspections are rigid.

But Roehr and others say driving habits must be basically improved.

Roehr helped translate into German the American Automobile Association's book Sportsmanlike Driving. He has been pushing the concept of defensive driving, but many West German drivers feel that if they are in the right nothing can happen to them.

To a man, West German experts say that drivers are improving and they place a large share of the blame for accidents on the glut of cars and trucks that threatens to overrun cities and autobahns.

Like other European countries, West Germany experienced an auto explosion after recovery from the Second World War. In 1960, there were 8,000,000 vehicles; now the estimate is 15,600,000.

Narrow city streets have become a mass of cars, trucks, street cars and pedestrians contending for space. About 7,000 pedestrians die every year.

The cities now are emphasizing public transportation. This year are building subways or extending systems to get people underground and hopefully to entice thousands to leave their cars at home.

pilgrimage to the holy city of Mecca. It will cost Turkey about \$12,000,000 in hard currency, a job for a developing country with a \$225,000,000 trade deficit.

Many Turkish intellectuals deplore this spending, but Turkey is the only parliamentary democracy in the Moslem world and the government notes that freedom to travel and freedom of religion are guaranteed in the constitution.

Even if a way could be found around that, it would be political disaster to curtail the pilgrimage since the ruling Justice party's basic support comes from rural peasants, 70 per cent of Turkey's population and virtually all devout Moslems.

Some pilgrims take the "magic carpet" route, flying to Saudi Arabia. Most climb into crowded buses which take two weeks to make the trip, more than 2,000 miles on terrible roads, through Syria, Jordan and across the blazing Arabian desert.

On arrival at Mecca, a forbidden city for non-Moslems, each pilgrim gets a haircut, shave, fingernail trim and bath and puts on a simple, stitchless white robe. The day before the chief Moslem holy day, celebrated this year on Feb. 17, pilgrims climb a hill outside Mecca and stay there praying until dusk.

Next dawn they walk toward Mecca, stopping at three huge piles of stones where each one performs a symbolic stoning of the devil.

Before reaching the Kaaba, the chief shrine of the Moslem religion, they each sacrifice an animal—tens of thousands are slain and bulldozers push the remains into pits.

ANKARA (AP) — This year at least 50,000 Turkish Moslems, more than from any other country, are expected to make the

Araba the pilgrims then march around the Kaaba seven times, stopping one to kiss a sacred black stone. The Kaaba is a block building covered with a roof cloth, which tradition says was built by the prophet Abraham.

Finally they visit the tomb of Mohammed at Medina, a holy city 300 miles north of Mecca. The Turkish pilgrims are mostly poor and old and many spend life savings to make the trip. Bewildered and raggedly dressed, they line up in Ankara and Istanbul to get passports, visas and the required \$200 in foreign exchange.

Thousands of pilgrims get sick and dozens die each year, the luckier ones after they have completed their religious obligation.

A British Navy Up For Sale — LONDON (Reuters) — Britain has a 40-ship navy for sale.

Destroyers, frigates and submarines are among the ships at anchor in four naval bases waiting for buyers at a fraction of their original £30,000,000 (\$78,000,000) cost.

The ships are operational but are the victims of defence budget cuts or have been outmoded. Friendly overseas governments have been notified that the fighting ships, with supply and support vessels, are for sale but the defence ministry is keeping the asking prices secret.

Representatives of some of the government and naval men have been inspecting the ships at the Portsmouth, Plymouth, Chatham and Rosyth bases. The ships' ages range from 10 to 25 years.

# MUSICALLY SPEAKING

# Comings, Goings Irritate Column

With BETHEL STEELE

Last week this column attended the final project of the acting class at the Kelowna Secondary School. The production was an hour-long show written by the students.

Also produced by them under the instruction of Mrs. L. Buchanan. From the symbol used a crimson flame both in the set and decor and a symbolic torch in the final scene.

I like to think that what the students achieved was their understanding and interpretation of the flame of life. There is no doubt the fire-symbol relates in some way to the sun as the symbol of life as set forth by Frazer in . . . The Golden Bough. The closest the students came to an equating of the symbol was in the last scene with its representation of the gallows in relation to human sacrifice. This scene was played by the whole cast with great power of emotional tension and communication.

My concentration in this scene was marred, sadly enough by some comings and goings at the back entrance . . . this time silently enough . . . but letting in light which marred the over-all powerful sense of darkness and light being depicted on stage.

The necessary production control of these unfortunate interruptions can come only with experience in the need for perfection in production niceties . . . in other words the need for the necessity of control of every eventuality.

The work of Mona Martinovsky as the flame bearer was outstanding. We understand Mona as a senior student of the Canadian School of Ballet did her own choreography . . . Her theme was the evolution of the flame of life from birth through growth to its fulfillment in death.

It seems our young people have a greater understanding of immortality than is evident on the surface. At least these particular teenagers are thinking.

The scene . . . Coffee House . . . showed Mona as possessing a fine singing voice, able to accompany herself on the guitar. Her folksong was poignant with the cast miming what can happen any place where young people congregate.

Just about every facet of the adult fable was satirized with an, at times, pungent wit. The drug problem was handled sensitively although I found this little vignette a bit more self-conscious than some of the others. The students also made fun of themselves . . . the first sign of an awakening maturity.

Some of the mime was broader than necessary . . . a good fault but tending to interfere with communication. But discipline will come with experience. Voices were mostly at fault in the matter of projection except for Angelina Gretzinger in the Proem scene and the teacher in the Sunday school scene. Perhaps some exercises in breath control might help.

I came away with the feeling that here was a teacher performing the greatest task of all in education . . . allowing the student to learn to think for himself. Her kind are worth all the encouragement and understanding we can give them. What she is doing belongs to the realm of the mind and I think also the realm of the spirit. We are indeed fortunate.

I think perhaps Harry Jordan's present trip from School District 23 to the Victoria general workshop on theatre for children, is timely. Mr. Jordan is vice-principal of Bankhead Elementary School. He is sponsored by district 23 school board and the Kelowna Teachers Association. It is likely workshops for Kelowna elementary teachers will come out of his attendance.

Word just received . . . Bastien Theatre . . . Victoria, will visit Bankhead elementary March 10. Pinocchio is the play. Other schools as yet unknown to this column will be visited as well.

Of great importance is the announcement by School District Music Supervisor . . . Gar McKinley of the visit here sponsored by the Kelowna Rotary Club of the Central Washington State University. Ellensburg, singers under the direction of Dr. W. Hertz. The choir will sing in the Community Theatre in the evening and at Dr. Knox and Rutland Secondary during the day. Date is Feb. 27. This choir under Dr. Hertz has visited Kelowna before. A fine choir and a wonderful experience.

March 12 the great Naden band will visit the school district. All school music students should mark that date on their calendars. Further information should be forthcoming shortly.

We are proud to announce that School District 23 music educators have been invited to host, in Kelowna, the Provincial Music Educators' Workshop, some time early in November. Just this week the local BCMTTE branch voted unanimously to accept the invitation. Former band and choir director . . . Earl Schmor . . . Central Elementary principal has accepted the chairmanship of the workshop. As clinicians are contacted and accepted we will keep the public informed. Such workshops are vital to create as well as teachers.

Do not forget W. Clauson . . . folk singer . . . for Community Concerts Saturday, Jan. 31, in the Community Theatre. Good luck for an exciting spring in entertainment.

More Transplants Likely In Russia — MOSCOW (Reuters) — Surgeon Vladimir Demikhov ported here transplant surgery could become part of Soviet clinical practice "after a year or two." Demikhov, long one of the main protagonists of heart transplant surgery in the Soviet Union, spoke in an interview with the newspaper Sovetskaya Rossiya. So far as is known, only one heart transplant operation has been carried out so far in the Soviet Union.

MAY HAVE PUB SASKATOON (CP) — A pub may be included in facilities of a \$6,000,000 community centre at a Saskatoon which should be started by mid-1971. Place (Tel.) a multi-purpose building to be paid for by the students and the university, is intended to be a meeting ground for students, employees, faculty and administration.

Buerger's Disease And What To Do

By George C. Thosteson, M.D.

Dear Dr. Thosteson: Please explain Buerger's disease and how it reacts...

Well, the disease occurs earlier than that, too—usually among men, and in the 20s, 30s and 40s.

It occurs in the extremities, most commonly in the legs, but can involve the arms.

Dear Dr. Thosteson: I have heard that women who excite themselves when young have retarded babies...

**PRETTY RIBBON CUTTER**

Pretty official Lynn Stevens, Miss Rutland, addresses a large crowd of spectators at the official opening of the expanded premises of the Bank of Nova Scotia, Friday, Miss Rutland assisted by her princess Peggy Hayashi per-

formed the ribbon cutting ceremony which opened the new wing, doubling the size of the Rutland bank. Regional representative Mel Marshall (right) spoke on behalf of the bank management at the ceremony which included

speeches by Fred Stevens, Rutland Chamber of Commerce president; Dick Gaston, B.C. market manager; Rod Dewhurst, Kelowna manager and Rod Dewhurst, Rutland manager.—(Courier photo).

# Grey Grimness Shrouds Auschwitz Death Camp

**OSWEICIM, Poland (AP)** — Fresh snow covers the ground around Auschwitz but a grey grimness hangs over the Nazi death camp, liberated 25 years ago this week.

It is a deserted, hell, made into a museum and monument to 4,000,000 victims of Adolf Hitler's inhumanity. The thick wire fences still stand. So do the wooden watchtowers, once manned by soldiers guarding the Third Reich's biggest factory for annihilation.

Inside the gate are the red-brick blockhouses in which prisoners lived. They now are filled with the remnants of mass murder found after the camp was reached Jan. 27, 1945, by the Soviet army.

**EXHIBITS GRISLY**

One display has two tons of hair cut from 40,000 gassed women in the last days. Another is filled with shoes; another with artificial legs, another with shaving and clothes brushes. One shows a great heap of suitcases bearing the names of Jews who were brought like cattle in freight cars from all over Europe to be liquidated in Auschwitz's gas chambers.

The camp was opened in June, 1940, to hold Poles arrested for resistance to the Nazi occupation of their country. Later it was expanded and designated by the Nazi hierarchy to be the centre for the "final solution of the Jewish question."

Three-quarters of Auschwitz's victims are believed to have been Jews, but in nearly five years of operation some 28 ethnic groups from 24 countries were counted among the dead.

From the main camp the visitor can go by bus to Auschwitz II, the camp known as Birkenau, 1½ miles away. Here were located four gas chambers and crematoria, destroyed by the Nazis before they fled, but preserved as ruins. Here, under a watchtower crowning a long, low barracks, came the trains bearing human cargo to the death factory.

**DOOMED SEPARATED**

Under a cover of snow, the outline of the tracks can still be seen. Here the selections were made by doctors: Those who were to go directly to the gas chambers or those deemed capable of heavy labor, which meant usually a slow death by starvation or disease.

Rudolf Hoess, the commandant of Auschwitz, stated at the Nazi war crimes trial at Nuernberg in 1946 that each Birkenau gas chamber could hold 2,000 victims at one time. Hoess was hanged at Auschwitz by the Polish government in 1947.

## Pollution Threat Explained At Rutland Kinsmen Meeting

**RUTLAND** — The fortnightly meeting of the Rutland Kinsmen's Club had as guest speaker Fred Alcock of Kelowna, who gave the meeting an insight into the threat of pollution, both of water and of air, and illustrated his informative talk with a number of slides.

The threat of pollution and the need for action to combat it were brought home to the members.

A number of the coming activities of the local Kin group were discussed.

The annual Mothers' March for the Crippled Children's fund and for the paraplegics is coming at the beginning of February. Feb. 2 is the main night for this drive, which local Kinsmen will actively support. On Feb. 5 the installation of new members will take place, at the monthly supper meeting, which in this instance will be a closed meeting.

There were a number of special guests at the supper meeting, held in the Centennial Hall Thursday evening, and they included Deputy Governor Bert Gurny of Kamloops; a Kamloops member, Emil Jurista, who had accompanied him, and Lou Tessier, also a Kamloops Kinsmen; Phil Smith and M. Corado of the Kelowna Kinsmen, and two Rutland guests, Terry Humph and Ormand Lalonde.

Deputy Governor Gurny gave a run down on some of the problems of District Five, and told of future plans.

Arrangements were made for some members to attend the Kinsmen's curling bonspiel at Summerland on Jan. 30 to Feb. 1.

A money-raising project the Kinsmen are promoting is the sale of apple wood.

## Production Of People's Car Long Way Off In Soviet Bloc

**VIENNA (Reuters)** — Although Eastern Europe plans to boost the output of its auto industry in the 1970s, the production of a people's car is still a long way off anywhere in the Communist bloc.

Most East Europeans need stern determination and almost saintly patience to get a car.

The most modest family sedan costs from two to six years' wages, and even if a customer has the money, he must wait two to seven years for delivery.

Buying on credit is not available to the East European anxious to get behind the wheel. He must deposit either the whole or half of the purchase price just to win a place on the waiting list.

The Eastern bloc, including Yugoslavia, produced an estimated 800,000 passenger cars last year and Communist planners hope to more than double the output by 1975.

But even if their plans are fulfilled, an annual output of about 2,000,000 vehicles would not go far toward satisfying the demands of a car-hungry population of almost 350,000,000 people.

**FAMINE IN HUNGARY**

In Hungary, for example, there are only 165,000 cars among a population of more than 10,000,000.

The car famine in Eastern Europe has led to a booming—and sometimes illegal—trade in used vehicles, and has turned the automobile into a prime status symbol.

In matrimonial advertisements published by newspapers, a car is usually the main inducement offered or sought by both sexes looking for marriage partners.

Second-hand cars are often more expensive than new ones, and a decrepit vehicle—given a facelift with a glossy new coat of paint—can change hands at 10 times its real value.

There is little the duped buyer can do when corrosion breaks through the new paint, and sawdust no longer quietsens the transmission.

Apart from Hungary and Albania, all Eastern European countries produce their own cars, or assemble Western models under licence.

**EGYPTIANS ON BENCH**

The newly-appointed chief of Libya's seven-member supreme court, Ali Mansour, and one of the court's other members, Mohammed Yousef el Qadi, are both Egyptians. Another Egyptian has been moved into a key position in the finance ministry, which presumably handles Libya's oil income of \$1,200,000,000 a year.

Libyans say they have spotted a number of Egyptian security police in Tripoli and Benghazi and informed diplomats report up to 2,000 informed Egyptian soldiers in the country, about half garrisoned in Tripoli and the other half in Benghazi. They are not seen in public.

The police and soldiers are reported to have been requested by Kadafi and his Revolutionary Command Council, which rules the country, after discovery of a plot against them.

Several weeks ago, posters suddenly appeared on walls in Tripoli declaring "Welcome Egyptian Conquerors." Leaflets bearing the same ironic message were distributed in some parts of the city.

Posters were quickly ripped down and leaflets collected. Some arrests were reported.

Libya's shift in policy, aligning it closer to other Arab countries, appears to have won wide popular support. Yet many Libyans express discontent over the flow of Egyptians into the country. Some doubtless fear that they will take jobs away from them, although most of the newcomers are needed to fill jobs for which not enough Libyans have been trained. This need becomes greater as other foreigners leave.

**RUSSIA BIG BUILDER**

The Soviet Union, the bloc's biggest producer, turns out a range of small and medium sedans and will soon start production of Italian Fiat's at a giant

new plant at Togliatti on the Volga.

East Germany makes the small Trabant and the compact Wartburg. Both have three-stroke engines, a type no longer built in the West because of noise and exhaust fumes.

Czechoslovakia has its Skoda auto plant, Romania and Bulgaria assemble a small number of French Renaults and Poland produces Fiats and its own Warszawa.

None of these cars—in appearance much like Western models of the 1950s—are popular, and many East Europeans would rather buy a used Western car if they can get one.

The one bright spot for motorists is Yugoslavia, where a range of Western cars is produced under licence and can be obtained at about two months' notice for a price equivalent to about 15 months' average earnings.

Western manufacturers are eager to break into a car market with the potential of Eastern Europe, but shortage of Western currency hampers imports.

## Juice Sale Record Seen

**VERNON, B.C. (CP)** — Sun-Rype Products Ltd., the processing arm of the British Columbia Interior fruit industry, expects record sales of more than \$7,000,000, general manager Ian Greenwood said.

He told the B.C. Fruit Growers' Association convention that juice and other fruit products produced by Sun-Rype are selling well, despite increased competition.

Mr. Greenwood told the convention's closing session Sun-Rype sales last year reached \$6,770,000, \$230,000 short of a record. However this was achieved from the smallest apple crop in 14 years.

He also told delegates the company will move into the production field in the Greater Vancouver market because "some of our competitors are now producing in the Lower Mainland and we felt the move was necessary because of our expansion."

He said at least six of the company's fruit juices and drinks will be produced by a custom canning firm with savings passed on to customers.

## Winfield Guides, Brownies Hold Annual Enrolment

**WINFIELD (Special)** — The Winfield Guides and Brownies held their annual enrolment and fly-up ceremony recently at the George Elliot Secondary School.

Commissioner of District No. 2, Mrs. Otto Graff heard the twenties give their pledge and enrolled the following girls: Brenda Reeves, Ann Dobson, Irene Harms, Lisa Lundquist, Susan Schwaiger, Diana Mack and Audrey Henderson in the 1st Winfield pack.

Theresa Campbell, Janine Davis, Davis, Robin Young, Maria Romei and Gail Barrett

were enrolled in the 2nd Winfield pack.

The girls who have completed all three phases of Brownies and therefore 'fly-up' to guides were Liane Teel, Roberta Stubbs, Karen McInnes and Sharon McInroy.

The girls enrolled in Guides by the commissioner were Bonny Young, Margaret Strickland, Cheryl Barr, Susan Haynes and Heather Von Hugo.

The commissioner told the girls that as this is the Diamond Jubilee for guiding around the world to make 1970 a year to be proud of their uniforms.

## Egyptians Move Into Libya And Some Take Key Positions

**TRIPOLI, Libya (AP)** — Egyptian advisers, technicians, teachers and others have been streaming into Libya to help the young officers who toppled King Idris last Sept. 1. Many of them are moving into key positions.

The influx has paralleled Libya's abrupt change in its basic foreign policy from a generally pro-Western course to one of militant pan-Arabism.

Another indication of the growing influence was the disclosure in Paris last week that several Egyptians were members of the Libyan group that went to the French capital in December to negotiate the sale of 100 Mirage jets to the new regime.

Some of the newcomers are replacing foreigners from non-

Arab countries, mostly Westerners who have been leaving either voluntarily or by invitation.

The new regime of Col. Muammer Mohammed Kadafi, who led the Sept. 1 coup and now holds all top posts in the government and army, announced last week that 582 Egyptian doctors and nurses had arrived or would soon arrive in Libya.

Already on the scene are more teachers from Egypt, increasing the number from 300 before the coup to 550 now. A number of financial experts advising the government on "Libyanization" of foreign-owned banks, also are here, as well as communications experts and engineers.

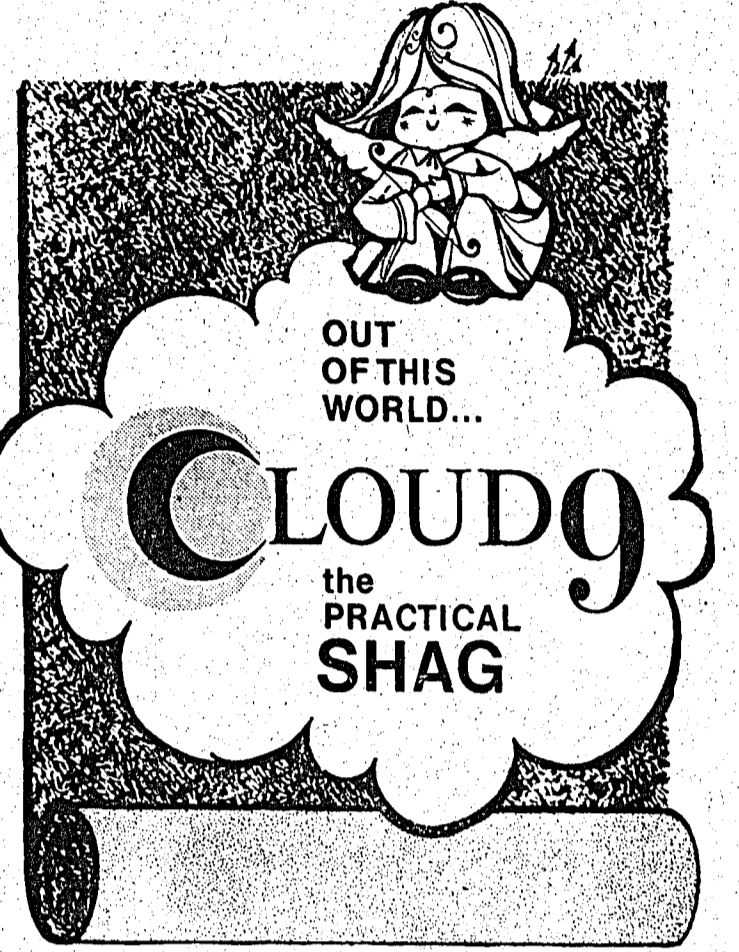

## Britain Seeks More Planes From PWA

The British Government today requested further Hercules cargo freighters from Pacific Western Airlines to add to the company's Hercules freighter now flying trucks between London and Lagos, Nigeria.

Vice-president, Cargo and Contracts, A. J. Moul, of PWA, explained that they are unable to send further air freighters to Britain because of the company's long-standing supply contracts to the far North. "We have, however," said Moul, "sent three Hercules crews overseas to keep the aircraft almost continually in the air, and this has enabled the one machine to complete more 21-hour round trips between London and Nigeria than any of the other five commercial Hercules aircraft under similar contract."

The mammoth air freighters are carrying three English Bedford trucks each trip from London to Lagos. The trucks are to be used to transport relief foods and supplies to the war-torn section of Nigeria some 700 miles distant from Lagos. Under the present contract between the British Government and Pacific Western, Alaska, Interior, and Southern Airlines, a total of six Hercules freighters are committed to carry 165 transport vehicles to Nigeria in a total of 55 trips. Three of fourteen trips have been completed to date by PWA, the only Canadian Hercules operator involved in the giant scheme.
