# 1 Introduction

The Swiss National Science Foundation (SNSF) aims to track and study the career paths of applicants to postdoctoral SNSF career funding schemes by means of the SNSF Career Tracker Cohorts (CTC) study. The SNSF originally mandated the Institute of Sociology and the Interdisciplinary Centre for Gender Studies (ICFG) at the University of Bern to conduct the CTC study. Since January 2021, the study has been affiliated to the Interfaculty Centre for Educational Research (ICER) at the University of Bern. The main goals are to monitor the careers of researchers and to identify the impact on career development attributable to the SNSF's career funding schemes (Early Postdoc.Mobility<sup>1</sup>, Postdoc.Mobility, Ambizione, Eccellenza, and PRIMA). For more information about the project, consult the study design (Jann et al. 2018) and the project website at <http://careertrackercohorts.ch/>.

This documentation describes the base survey administered to members of the CTC-20 cohort, that is, to researchers who applied for Ambizione or PRIMA by November 1, 2019, for Eccellenza by February 1, 2020, for Early Postdoc.Mobility by March 1 or September 1, 2020, or for Postdoc.Mobility by February 1 or August 1, 2020 (CTC-20 Base Survey). The base survey is administered in the period between the application deadline and the notification of the funding decision. Given the biannual application deadlines of the SNSF, there is one base survey in spring among the CTC-20-A subcohort (all funding schemes) and one in fall among the CTC-20-B subcohort (Early Postdoc.Mobility and Postdoc.Mobility only). The documentation includes a detailed description of the questionnaire, the surveys, and the resulting data sets. The appendix contains screenshots of the online questionnaire, codebooks of the data sets (including frequency counts), and facsimiles of survey materials.

## 2 The questionnaire

### 2.1 Overview of content

The base questionnaire consists of six parts, covering the following topics:

**Part 1:** Current employment situation, including academic research activities.

**Part 2:** Information on the doctorate/PhD.

**Part 3:** Occupational history between the end of the doctorate/PhD and the start of the current working situation.

**Part 4:** Career prospects and aspirations.

**Part 5:** Sociodemographic information and life situation.

**Part 6:** Special module: impact of the COVID-19 measures (CTC-20-B only).

Due to the situation in 2020, we added a special module to the questionnaire (Part 6), which dealt with the effect of COVID-19 measures on the researchers' lives, work, and careers. This module was added for all cohorts surveyed in fall 2020 (CTC-18, CTC-19-B, CTC-20-B).

---

<sup>1</sup>Since 2021, Early Postdoc.Mobility has been integrated into Postdoc.Mobility.

Screenshots of the questionnaire pages are provided in Appendix A.2. In addition, paper-and-pencil proxy versions of the questionnaires, including information on filters and variable names, are provided as standalone documents (Widmer et al. 2021, Zimmermann et al. 2021).

## 2.2 Questions adopted from other studies

Several questions were adopted from previous surveys. The most important sources were the “Graduate Survey” of the Federal Statistical Office (2016a,b), the “Career Tracking of Doctorate Holders” of the European Science Foundation (2015, 2017), the questionnaires of “Monitoring European Research Council’s Implementation of Excellence” (MERCIE; Huber et al. 2015), and the “Doctoral Candidates and Doctorate Holders Study ProFile” (Institute for Research Information and Quality Assurance 2015, Tesch 2015). The detailed sources of all adapted questions can be found below the screenshots of the questionnaire pages in Appendix A.2.

## 2.3 Questionnaire development

### 2.3.1 CTC-20-A Base Survey

The base survey in spring 2020 (CTC-20-A Base Survey) used the same questionnaire as the CTC-19-B Base Survey (see Widmer et al. 2020a), with some minor modifications to resolve a number of issues that surfaced during the preparation of the CTC-19 data. These modifications are as follows:

#### *General*

The year in the instructions regarding the input format (appears only if JavaScript is not activated) has been updated.

#### *Question 3: Why not employed*

The answer category “(Further) education/training” has been changed to “(Continuing) education/training”.

#### *Question 5: Occupation*

The instructions have been adapted because the respondents often provided imprecise information (e.g., “PhD student”).

#### *Question 12: Permanent or fixed-term contract*

The following answer category has been added: “I do not have an employment contract.”

#### *Question 13: Must report working hours to employer*

This question is now only shown to respondents who indicate that they have a permanent or fixed-term contract.

#### *Question 15: Contractual work-time percentage*

The wording is now dynamic depending on whether the respondents have an employment contract or not: it is “contractual work-time percentage” if they have a contract, and “designated work-time percentage” if they do not.

*Question 17: Annual gross earnings / extra income*

There is now no placeholder text (the text “0” has been deleted because many respondents did not indicate the extra income).

*Heading before question 18: Research activities*

“Academic research activities” has been changed to “research activities” because the subsequent part now also contains a question about mandated/commercial research.

*Question 18: Academic research activities*

“Academic” has been underlined to avoid confusion. The following instruction has been added for clarification: “By academic research we mean research that is not commercial or based on a mandate.”

*Question 19: Mandated/commercial research activities*

This is a new question.

*Question 20: Type of research institution*

The following sentence has been added at the beginning if the respondent also conducts mandated/commercial research: “Please think of your academic research activities.” “Academic” has been underlined to avoid confusion.

*Question 22: Share of job financing*

This is a new question.

*Question 23: Additional tasks*

This is a new question.

*Question 24: Share of research and other activities*

This question now appears after the questions concerning the primary academic (and mandated) research jobs. The dynamic elements have been reduced to “in your current academic jobs”, “in your current academic job(s)”, and an empty field.

*Question 25: Research visits*

The question now refers to the time period of one year.

*Question 29: University/Country of PhD*

The question about the university from which the PhD was received and the question about the country in which the PhD was awarded have been combined into one question.

*Question 34: Income during PhD*

The following answer categories have been revised: The first answer category has been modified to “Individual grant/scholarship/fellowship or program to promote young researchers (e.g. funded by the SNSF, ERC, or a foundation)”; the third answer category has been modified to “Position as assistant, lecturer, or similar (without specific third-party funding) at a university or a research institute”; the answer category “Financial support by family, partner, friends, etc. (excluding loans)” has been added; and the answer category “None” has been added.

*Question 41: Non-employment between last year's and current situation*

The answer category “(Further) education/training” has been changed to “(Continuing) education/training”.

*Question 44: Position aspired to in future career*

The question has been adapted in order to differentiate between positions aspired to in academia and outside academia, and with research or without research.

### **2.3.2 CTC-20-B Base Survey**

Some further modifications were made for the base survey in fall 2020 (CTC-20-B Base Survey). As described above, we added the module “Impact of the COVID-19 measures”. In addition, one minor modification was made for the base survey in fall 2020 (CTC-20-B Base Survey):

*Question 23: Additional tasks / Question 25: Research visits*

The time reference has been updated from “April 2019” to “October 2019”.

## **2.4 Final implementation**

### **2.4.1 LimeSurvey**

As with the previous surveys, the CTC-20-A and CTC-20-B questionnaires were implemented in the online survey software LimeSurvey 3, hosted on a dedicated server at the University of Bern (LimeSurvey is an open-source product; see <http://www.limesurvey.org/>). Due to the responsive design of the questionnaire, the survey could be completed on desktop computers or on mobile devices.

Respondents were invited to complete the survey using personalized links. The links were constructed as <https://survey.careertrackercohorts.ch/<surveyid>/<code>>, where *<surveyid>* is the ID of the respective survey and *<code>* is the respondent's identification code for survey access. While completing the survey, it was possible for respondents to navigate back and view or correct the answers they gave on previous screens (including deactivating previously activated radio buttons). Furthermore, it was possible to interrupt the survey and continue on the same screen at a later point in time. All questions in the survey were non-mandatory: that is, it was always possible to move on with the survey after leaving a question unanswered.

When programming the questionnaire, we took care that the survey's functionality depended as little as possible on the technology of the respondent's device. In particular, we avoided JavaScript as much as possible. We completely abandoned JavaScript in cases where the questionnaire's content would have been affected (e.g., filtering, suppression of specific questions or answer options on a screen, dynamic wording of questions) and used it only for supporting features (e.g., autocomplete, calendar widget). If JavaScript was deactivated on a respondent's device so that these features were not working, additional instructions were displayed to support the respondent (e.g., information on the input format in the case of the calendar widget; see Widmer et al. (2021), Zimmermann et al. (2021) for details). The JavaScript-

based features in the survey were as follows: autocompletion and placeholders in text fields; adding-up of percentages in the question about time spent on research and other activities; and automatic activation/deactivation of check-boxes depending on text being entered in an “other” field (or similar); automatic activation/deactivation of check-boxes in multiple-choice questions to avoid logically inconsistent answers. On the first page (variable *JSbegin*) and on the last page (variable *JSend*) we recorded whether JavaScript was running or not<sup>2</sup>. Two participants had not activated JavaScript at the beginning of the survey but then activated it during the survey. One person had activated JavaScript at the beginning but deactivated it before reaching the end of the survey.

## 2.4.2 Predefined lists

For some open questions, we used predefined lists of possible answers, as in the previous surveys, to make dynamic suggestions to the respondents (autocomplete feature). After typing at least two letters (country lists) or three letters (all other lists), respondents could select the appropriate answer from a list of matching elements (the list was dynamically updated upon further typing); however, respondents also had the option of typing in a custom answer. We used the following lists:<sup>3</sup>

### *List of occupations*

For occupations (question 5), we used an English translation of the “Berufsdatenbank 2017” of the Federal Statistical Office 2018, which we merged with the original “Berufsdatenbank 2017” (Federal Statistical Office 2017) to obtain ISCO-08 (International Standard Classification of Occupations 2008) codes and with a list from the International Labour Organization (nd) to obtain the labels for ISCO-08. The English list of occupations contained some duplicate job titles corresponding to different ISCO-08 codes; in such cases, we selected the entry with the highest-ranking ISCO-08 code. We also removed some titles that referred to a bachelor’s or master’s degree instead of an occupation. Furthermore, we also dropped unclearly specified jobs at universities or research jobs in general, such as “Research assistant” or “University lecturer”, since we are interested in the exact occupational title, including the indication of the discipline. The final list we used contained 4,776 job titles (see file CTC-20-Base-Occupations.xlsx). This is the same list as was used for the CTC-19 Base Survey (see file CTC-19-Base-Occupations.xlsx).

### *List of countries*

For countries (questions 10 and 29), we used the English short-form country names available from the state and territory codes (“Staaten- und Gebietschlüssel”) of the Federal

---

<sup>2</sup>The variable *JSend* was placed on the same page, i.e., the page on which the variable *father* was recorded, in the surveys with the CTC-20-A and CTC-20-B subcohorts. Note that in the CTC-20-B survey, this was not the last page because of the special module.

<sup>3</sup>These lists were also used to classify administrative data and survey variables, after applying the following modifications: disciplines that were frequently mentioned in the surveys conducted in 2020 were added to the list of research domains and disciplines; and all higher education institutions reported in the surveys conducted in 2020 were added to the list of institutions.

Statistical Office (2019). We removed countries that were not recognized by Switzerland. Furthermore, we added common country abbreviations, namely UK and USA. The final list we used for the survey contained 196 countries (see file CTC-20-Base-Countries.xlsx).

#### *List of research domains and disciplines*

For research domains and disciplines (question 28), we used the “SNSF research domains and disciplines” list (Swiss National Science Foundation 2016) after deleting “other” categories, adding a superordinate category for preventive medicine, and making some minor corrections. Additionally, we expanded the list by adding disciplines that were frequently mentioned in the surveys conducted in 2018 and 2019 (see file CTC-20-Base-Disciplines.xlsx).

#### *List of institutions*

For universities and other research institutions (question 29), we used the “Times Higher Education World University Ranking 2020”, which covers 1,000 universities worldwide (University Rankings 2020). In order to include all Swiss universities, we added the University of Lucerne to the list. Since 2020, the Università della Svizzera italiana has also been part of the list under the name of University of Lugano and we renamed it to Università della Svizzera italiana. Furthermore, we also added all institutions of the “Times Higher Education World University Ranking 2018” (University Rankings 2018) that are no longer in the list of 2020 and all higher education institutions specified in the surveys conducted in 2018 and 2019. For the online survey, we rearranged the list such that Swiss universities appeared at the top (see file CTC-20-Base-Institutions.xlsx).

## **3 The survey**

### **3.1 Study population and invited applicants**

The study population of the CTC-20 cohort comprises all researchers who applied for the SNSF career funding schemes between November 2019 and September 2020 (i.e., for Ambizione or PRIMA by November 1, 2019, for Eccellenza by February 1, 2020, for Early Postdoc.Mobility by March 1 or September 1, 2020, or for Postdoc.Mobility by February 1 or August 1, 2020), whose submitted documents passed the formal examination, whose application was not a follow-up proposal for an ongoing grant, and who did not withdraw their application before a deadline shortly before the survey start (for the 2020 base surveys, the deadlines were March 25, 2020 and September 23, 2020, respectively). Part of the study population are also those applicants who are already part of the CTC-18 and/or CTC-19 cohort and who submitted an application again between November 2019 and September 2020. Applicants are included in the study irrespective of whether their applications turned out to be successful or not.

All applicants, irrespective of whether they already belonged to the CTC-18 and/or CTC-19 cohort or not, were informed by the SNSF about the study and the intended transmission of their contact information and other administrative data to the project team at the University of Bern (see Appendix A.1). People who had already submitted an application since the start of the

CTC study received a slightly adapted information email. For the CTC-20-A subcohort, the emails were sent on March 9, 2020. The contacted applicants were given the opportunity to opt out of the study until March 16, 2020 and thus prevent the transfer of their data to the project team. Five applicants made use of this possibility. As regards the CTC-20-B subcohort, the information emails were sent on September 8, 2020. The candidates were given the opportunity to opt out until September 15, 2020; two people made use of this opportunity. All applicants who opted out of the study before the deadline are not part of the study population. Facsimiles of all messages are provided in Appendix A.1.

Table 1 gives an overview of the number of applications submitted to the SNSF, the number of applications that failed the formal examination, the number of withdrawals, the number of follow-up proposals from an ongoing grant, and the number of applications that were excluded because the applicant opted out of the study.

Table 1: Overview of applications

	EPM		PM		Ambizione	Eccellenza	PRIMA	Total
	Spring	Fall	Spring	Fall				
Gross number of applications	348	358	163	145	404	242	132	1793
Number of applications not transferred due to opt out	1	1	0	1	1	2	1	7
Number of applications failing formal examination	7	3	6	2	2	1	0	23
Number of applications withdrawn before March 25, 2020 / September 23, 2020	0	0	2	0	4	0	3	9
Number of follow-up proposals for ongoing grant	0	0	1	0	0	0	0	1
Net number of applications (study population)	340	354	154	142	397	239	128	1754

Applicants who withdrew their application between the opt-out date (March 25, 2020 or September 23, 2020) and the date of the funding decision by the SNSF are included in the study population. These applications are marked in the data set (variable *withdrawal*).

Table 2 gives an overview of the applicants that we invited to participate in the base survey. We invited all people who are part of the study population and who had not (partially) com-

pleted a previous base survey. This means that in spring 2020, people who completed the base survey in 2018 or in 2019 were not invited again. In fall 2020, people who had completed the base survey in 2018, 2019, or in spring 2020 were not sent a survey invitation again.

Table 2: Study population and invited applicants for CTC-20 Base Survey

	Spring	Fall	Total
Study population (net number of applicants)	1258	496	1754
Number of applicants who completed previous base survey	228	159	387
Number of invited applicants	1030	337	1367

### 3.2 Field work

Regarding the CTC-20-A subcohort, the field phase of the data collection started on March 26, 2020. The applicants were invited by email to participate in the survey of the CTC study on Thursday, March 26, between 09:02 and 09:26<sup>4</sup>, using the mailing feature of LimeSurvey (see Section 2.4.1 for more information on LimeSurvey). These emails contained a personalized link to start the online survey. A first reminder email, again containing the personalized survey link, was sent out six days after the initial invitation, on Wednesday, April 1, to all people who had not responded by then (614 emails, sent between 13:04 and 13:05). Another six days later, on Tuesday, April 7, a thank you message and reminder email was sent out to all applicants by the SNSF (at approximately 11:20). Shortly afterwards, and as announced in the message by the SNSF, the project team at the University of Bern sent an email containing the personalized survey link to all those applicants who had not yet participated up to this point (354 emails, sent at 11:39). Eight days later, on Wednesday, April 15, a final reminder email was sent (174 emails, sent at 11:38), in which the remaining applicants were asked to complete the survey by Tuesday, April 21. The online survey was finally closed on Tuesday, June 2, 2020. A thank you email was sent to all participants on Wednesday, June 17, 2020.

Concerning the CTC-20-B subcohort, the field phase of the data collection started on September 24, 2020. The invitation email containing a personalized link to participate in the survey was sent out on Thursday, September 24, at 10:12<sup>5</sup>. The first reminder email was sent out six days after the initial invitation, on Wednesday, September 30, to all people who had not responded by then (212 emails, sent at 13:19). Another six days later, on Tuesday, October 6, a thank you message and reminder email was sent out to all applicants by the SNSF (at approximately 11:02). Shortly afterwards, and as announced in the message by the SNSF, the project team at the University of Bern sent an email containing the personalized survey link to all those applicants who had not yet participated up to this point (123 emails, sent between

<sup>4</sup>One applicant was invited to participate in the survey on March 30 because the information email from the SNSF was sent with a delay.

<sup>5</sup>One applicant was invited to participate in the survey on September 28 because the email could not be delivered on September 24.

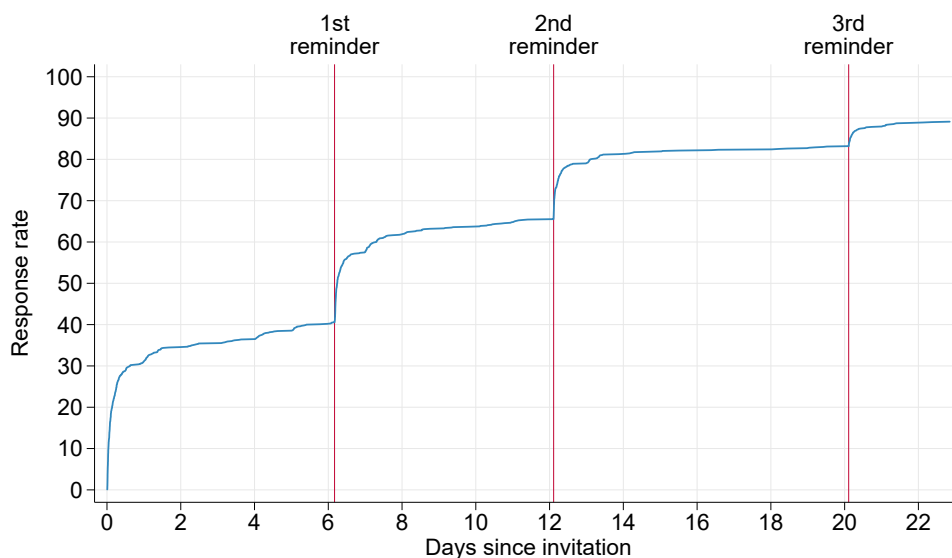

at 11:09). Again, six days later, on Monday, October 12, a final reminder email was sent (53 emails, sent at 14:13), in which the remaining applicants were asked to complete the survey by Friday, October 16. The online survey was finally closed on Monday, November 9, 2020. A thank you email was sent to all participants on Wednesday, December 16, 2020.

Facsimiles of all messages are provided in Appendix A.1.

### 3.3 Response rate

Figure 1 displays how the response rate<sup>6</sup> of the CTC-20-A subcohort developed over time. As can be seen, each reminder had a clear effect on the response rate. However, most responses occurred within one or two days after receiving the invitation or reminder message and the curve levels off afterwards.

Figure 1: Response rate over time (CTC-20-A)

Note: Only the time axis of the official survey duration is shown.

For the CTC-20-B subcohort, Figure 2 shows a similar pattern.

---

<sup>6</sup>The response rate is calculated as the number of completed interviews divided by the number of all people invited (people who could not be invited are excluded).

Figure 2: Response rate over time (CTC-20-B)

Note: Only the time axis of the official survey duration is shown.

In total, 1,229 respondents completed the CTC-20 Base Survey, which results in a response rate of 90%. In more detail, 926 people from the CTC-20-A subcohort (response rate: 90%) and 303 respondents from the CTC-20-B subcohort (response rate: 90%) completed the base survey (see Table 3). The questionnaire is considered to have been completed if at least 70% of all applicable questions were answered (see Section 4.5.1, variable *status*).

Table 3: Number of respondents and response rate per subcohort and in total

	CTC-20-A		CTC-20-B		Total	
	<i>N</i>	Percent	<i>N</i>	Percent	<i>N</i>	Percent
Net number of invited applicants	1030	100.0	337	100.0	1367	100.0
Participated before 1st reminder	416	40.4	125	37.1	541	39.6
Participated before 2nd reminder	676	65.6	214	63.5	890	65.1
Participated before 3rd reminder	855	83.0	282	83.7	1137	83.2
Total participation	926	89.9	303	89.9	1229	89.9

### 3.4 Interview duration

The distribution of the interview duration of the CTC-20-A cohort is shown in Figure 3 (including only completed questionnaires, i.e., excluding respondents who broke off the interviews). The mean interview duration was 18.2 minutes, the median was 14.8 minutes. Overall, 75% of the participants completed the questionnaire within 20.6 minutes. Note that the CTC-20-B questionnaire included more questions because of the special module “Impact of the COVID-19 measures”. However, this had no influence on the interview duration (the means and medians are equal).

Figure 3: Interview duration (completed questionnaires only)

Note: The interview duration of one person is not displayed in the figure (duration = 195 minutes).

## 4 The data

### 4.1 Provided data sets

The CTC-20 base data is split into two files: a main data file (CTC-20-Base.\*) and an auxiliary data file (CTC-20-Base-AUX.\*). The main file should be sufficient for most analyses. If a variable from the auxiliary file is needed, the two files can be merged by matching on the variable *IDperson* and the variable *IDapplication*. The auxiliary file contains original (unedited) survey responses for those variables that have been edited during data preparation (using the suffix *\_raw* for the original variables),<sup>7</sup> time stamps of the survey pages (*timepage1*, etc.), as well as a number of technical variables (e.g., *surveyduration*).

Note that if people submitted other applications and are also part of the study population of other cohorts, the corresponding administrative data (and survey data) can be found in the data sets of other cohorts. People are interviewed within the cohort of the year in which they apply for the first time and for which they meet the criteria to be part of the study population (see Section 3.1). However, in the event that they did not (partially) complete the base survey within that cohort, they are interviewed within the next cohort (i.e., the cohort of the year in which they apply later on).

### 4.2 Linkage with administrative records

Some of the variables in the final data set are based on administrative records that were provided by the SNSF (e.g., gender, birth year, discipline, and information about the application process). To protect the privacy of the respondents and to guarantee the independence of the

<sup>7</sup>Apart from the variable *comments*, which has been removed to preserve anonymity; see the detailed data preparation comments in Section 4.5.

CTC data from SNSF's administrative processes, identifying information, such as names or exact birth dates, is not included in the CTC data. Furthermore, we use a CTC person ID (variable *IDperson*) and a CTC application ID (variable *IDapplication*) that are different from the person ID and application ID maintained by the SNSF administration. The CTC person ID contains eight digits and is randomly assigned within a cohort, with the first two digits identifying the first cohort which the person is part of. The CTC application ID contains seven digits and is also randomly assigned within a cohort, with the first two digits identifying the cohort. The variables based on the SNSF administrative records are as follows:

<i>gndr</i>	Gender
<i>birthyr</i>	Birth year
<i>nationality</i>	Nationality (categorized; see below)
<i>residence</i>	Place of residence (categorized; see below)
<i>scheme</i>	Funding scheme applied for
<i>eccellenza</i>	Type of Eccellenza grant
<i>discipline</i>	Discipline of application (simplified; see below)
<i>domain</i>	Research domain of application
<i>institutionplace</i>	Place of current research institution (categorized; see below)
<i>institutionrank</i>	Ranking of current research institution (categorized; see below)
<i>resubmission</i>	Application is a resubmission
<i>withdrawal</i>	Application withdrawn
<i>commission</i>	ID of responsible research commission
<i>commissionmeet</i>	Commission meeting took place before last survey access
<i>funding</i>	Positive funding decision
<i>grade</i>	Grading of application
<i>decisiondate</i>	Date of funding decision
<i>lot</i>	Decision by drawing lots
<i>grantduration</i>	Duration of grant in months
<i>grant</i>	Amount of grant in CHF: total (rounded)
<i>grantscholarship</i>	Amount of grant in CHF: scholarship (personal salary) (rounded)
<i>grantresearchfunds</i>	Amount of grant in CHF: research funds (rounded)
<i>grantresearchcosts</i>	Amount of grant in CHF: research costs (rounded)
<i>grantcongress</i>	Amount of grant in CHF: congress costs (rounded)
<i>grantregistration</i>	Amount of grant in CHF: registration fees (rounded)
<i>grantravel</i>	Amount of grant in CHF: travel costs (rounded)
<i>grantequipment</i>	Amount of grant in CHF: equipment funds (rounded)
<i>grantsalary</i>	Amount of grant in CHF: salary costs (rounded)
<i>grantsocial</i>	Amount of grant in CHF: social benefits costs (rounded)
<i>grantchild</i>	Amount of grant in CHF: child benefits (rounded)
<i>grantthird</i>	Amount of grant in CHF: third-party funds (rounded)
<i>grantreduction</i>	Amount of grant in CHF: global reduction (rounded)

The “current research institution” is the applicant’s primary research institution as recorded in the SNSF administrative data in March 2020 (CTC-20-A subcohort) or September 2020 (CTC-20-B subcohort), respectively.

### 4.3 General data preparation steps

Data preparation was conducted in line with the following general principles (additional details on specific variables can be found in Section 4.5):

- Assign informative missing values (see Section 4.4).
- Create a variable with suffix *\_raw* containing the original information if a variable requires editing.
- Check whether filters are consistent, and correct if necessary.
- Make the data consistent for questions that have an “other” text field by ticking the “other” option if text has been provided (such inconsistencies could occur if JavaScript was not running).
- Examine all “other” text fields and, if possible, assign one of the predefined response categories. Delete the open text if assignment is possible.
- Check numerical/date answers (e.g., whether within plausible range), and correct if necessary.
- Use the first answer if a respondent provided multiple answers (in text fields where this was possible; e.g., countries, institutions, but take the second answer if this corresponds to other data, e.g., place of the second mentioned institution fits the reported country).
- Delete values of variables filled in by LimeSurvey if a respondent visited only the welcome page (*surveystart*, *surveyend*, *surveyduration*, *lastpage*).
- One respondent clicked through the survey until page 56, but did not provide any answers. All survey variables were set to missing (.b “no participation”) and the participation status (*status*) was set to “no participation”. Values of variables filled in by LimeSurvey (e.g., *surveystart*, *surveyend*, *surveyduration*, *lastpage*, and time stamp variables) were deleted.

### 4.4 Classification of missing values

Missing values have been assigned according to the following classification (exceptions are the time stamp variables, for which we did not classify the missing values):

Unit-nonresponse:

- .a No invitation
- .b No participation (invited, but did not participate)

Item-nonresponse:

- .f Technical error

- .g Break-off
- .h No answer / Not available
- .i Invalid data

Missing values due to filters:

- .z [Reason 1 for the filter of the current question]
- .y [Reason 2 for the filter of the current question]
- .x [Reason 3 for the filter of the current question]
- ...

## 4.5 Details on selected variables

### 4.5.1 Main data set

*nationality, residence, institutionplace, emplplace, phdplace*

To preserve anonymity, country names other than Switzerland were replaced by regions (e.g., Central Europe, Northern America, Africa) based on the Federal Statistical Office (2019); also see file CTC-20-Base-Countries.xlsx.

*discipline*

To preserve anonymity, *discipline* was categorized into a simplified version of the classification based on Swiss National Science Foundation (2016); also see file CTC-20-Base-Disciplines.xlsx.

*domain, phddomain*

The variables *domain* and *phddomain* contain a categorization of *discipline* and *phddiscipline* into three main research domains according to the SNSF classification; also see the file CTC-20-Base-Disciplines.xlsx.

*institutionrank, phdunirank*

The ranks of the institutions were obtained from the “Times Higher Education World University Ranking 2020” (University Rankings 2020); also see file CTC-20-Base-Institutions.xlsx. To preserve anonymity, the names of the institutions were not included in the data and the ranks were categorized.

*commission*

To preserve anonymity, a random ID was assigned to each research commission. The variable *commission* is only relevant for Early Postdoc.Mobility. Only these applications are evaluated by local research commissions at the Swiss universities, ETHZ, and EPFL. Applications for other postdoctoral career funding schemes are evaluated by SNSF evaluation commissions.

*commissionmeet*

Instead of providing the exact date of the meeting of the research commission (which could identify the commission), the variable indicates only whether the meeting took place before

or after the respondent's participation in the survey. If the research commissions had more than two meeting dates, the date of the first meeting was used.

#### *grade*

The original information on the grading of the application was recoded into numerical values (1 for grade A, 1.5 for AB, 2 for B, 2.5 for BC, 3 for C, 3.5 for CD, and 4 for D; intermediate grades were interpolated between these values). The original grading is provided in the variable *grade\_raw* in the auxiliary data set.

#### *lot*

For a small proportion of applications for Postdoc.Mobility, which were of equal quality and were at the tipping point between a positive and a negative decision, the decision was made by drawing lots.

*grant, grantscholarship, grantresearchfunds, grantresearchcosts, grantcongress, grantregistration, granttravel, grantequipment, grantsalary, grantsocial, grantchild, grantthird, grantreduction*

To preserve anonymity, all values were randomly rounded to units of 1,000 (using an algorithm that rounds up or down with a probability proportional to the remainder and that ensures that the rounded components add up to the rounded total). A value of 0 means that a nonzero value was present but was rounded down (true zeros are coded as missing). The variable *grantscholarship* is relevant only for Early Postdoc.Mobility and Postdoc.Mobility. The variables *grantresearchcosts* and *grantcongress* are relevant only for Early Postdoc.Mobility. The variable *grantresearchfunds* is relevant for all other postdoctoral funding schemes and includes research costs and congress costs. The variables *grantequipment, grantsalary, grantsocial, grantreduction* are relevant only for Ambizione, Eccellenza, and PRIMA. Variable *grant* is equal to the sum of the other variables. The values in *grantthird* (third-party funds) and *grantreduction* (global reduction, not linked to specific budget items) are negative so that the total (*grant*) is equal to the amount of money received from the SNSF.

#### *status*

The participation status was determined as follows. If *highpage* (highest questionnaire page delivered to the respondent) was missing, *status* was set to 1 ("no participation"). Based on the suggestions given in "American Association for Public Opinion Research" (AAPOR; American Association for Public Opinion Research 2016), value 3 ("complete") was assigned to all those who answered at least 70% of the applicable questions. For the remaining participants, the participation status was set to 2 ("partially complete").

#### *empl*

If the question on the current employment status (question 1) remained unanswered (two cases), an appropriate value was imputed depending on whether the answers to the subsequent questions indicated that the respondent was employed or not.

### *occup*

To preserve anonymity, only the ISCO-08 code of the occupation was included in the data, but not the original response. The occupations were classified based on the Federal Statistical Office; also see file CTC-20-Base-Occupations.xlsx.

### *budgetnum*

In the survey, respondents had the possibility of providing budget values in foreign currencies. These values were converted to CHF (and rounded to integers) based on the exchange rates obtained from finanzen.ch (2020) on the respective survey start dates (March 26, 2020 and September 24, 2020, respectively). To preserve anonymity, the original responses are not included in the data. Further, we assumed that two-digit values correspond to budgets in thousands and multiplied them by 1000 (one case).

### *workperc*

Total of *workpercmain* and *workpercoth*, if at least one of the variables was non-missing (treating missing as zero on the other variable).

### *workpercmain*

One respondent provided unrealistic values for the contractual work-time percentage, namely 10%, given the respondents' occupational situation. This value was recoded to 100%.

### *workpercoth*

One respondent provided unrealistic values for the contractual work-time percentage, namely 542%. This value was recoded to 100%.

### *workh*

Total of *workhmain* and *workhoth*, if at least one of the variables was non-missing (treating missing as zero on the other variable).

### *workhmain*

Three respondents provided unrealistic values for the weekly working hours, namely 108, 120, and 250 hours. These values were recoded to missing (.i "invalid data").

### *inc*

Total of *incmain*, *incoth*, and *incextra*, if at least one of the variables was non-missing (treating missing as zero on the other variables).

### *incmain, incoth, incextra*

In the survey, respondents had the possibility of providing income values in foreign currencies. These values were converted to CHF (and rounded to integers) based on the exchange rates obtained from finanzen.ch (2020) on the respective survey start dates (March 26, 2020 and September 24, 2020, respectively). To preserve anonymity, the original responses are not included in the data. *incmain*: Three respondents reported annual gross earnings of 479,000 CHF, 686,027 CHF, and 700,000 CHF, respectively, which appeared unrealistically high given the respondents' occupational situation; the values were recoded to missing (.i "invalid data"). Furthermore, we assumed that four-digit values correspond to

monthly earnings and multiplied them by 13 (nine cases) unless a four-digit value seemed realistic given the occupational situation; and we assumed that two-digit values (six cases) and three-digit values (two cases) correspond to yearly earnings in thousands and multiplied them by 1000. *incoth*: If the variable *incmain* was multiplied, we multiplied the variable *incoth* correspondingly. In one of these cases, we multiplied *incoth* by 13 and 1000 based on further data.

*fingrantsnsf, fingrantoth, finprojsnsf, finprojoth, finnothird, finmandate, finbusiness, finoth*

Respondents were asked to report percentages for the different financial sources of their current research job(s) that sum up to 100%. We rescaled the values if this was not the case (some respondents employed part-time provided answers summing up to their work-time percentage). Furthermore, we recoded missing values to zero if at least one value was provided. If respondents indicated only zeros and did not fill in all variables, these values were recoded to missing (.h “no answer”).

*activityres, activityteach, activityadmin, activityclin, activityoth*

Respondents were asked to report percentages for the different activities, summing up to 100%. We rescaled the values if this was not the case (some respondents employed part-time provided answers summing up to their work-time percentage). Furthermore, we recoded missing values to zero if at least one value was provided.

*phdplace*

If respondents did not indicate the country in which the PhD was awarded (Question 29), but specified the university, we added the place based on the university information.

*child1*

An implausible value (child born in the same year as the respondent) was recoded to missing (.i “invalid data”).

## 4.5.2 Auxiliary data set

*missing*

The percentage of missing values is defined as the number of valid answers divided by the number of all applicable survey items. We included all relevant numerical survey variables (excluding additional variables computed from these variables) as well as all relevant string variables (excluding “other” fields and comments) in the calculation. Missing values due to technical errors are calculated as valid answers.

*highpage*

Information on the highest survey page provided to the respondent was derived from information in *lastpage* and the *timepage#* variables. *highpage* is equal to *lastpage* if none of the time stamps indicates that a later page was viewed. Otherwise, *highpage* is set to the highest page with a non-missing time stamp.

### 4.5.3 Removed variables

As described in the detailed descriptions above, some information collected in the survey has been removed or reclassified to preserve anonymity. In addition, the open comment field on the last survey page (variable *comments* in Widmer et al. (2021), Zimmermann et al. (2021)) has been dropped.

All other open text fields in the survey have been checked manually to ensure that they do not contain identifying information. If this was the case (e.g., specification of country names, institution names), these details were replaced by placeholders (e.g., “Sweden” replaced by “[country]”).

## 4.6 Data quality

### 4.6.1 Survey break-offs

Thirty respondents started the survey but broke off. Table 4 indicates the pages on which these respondents stopped answering the survey. There is no evidence of a particular question causing these break-offs.

Table 4: First page not answered in case of break-off

Page	Topic	<i>N</i>
3	Number of jobs	1
4	Current occupation	1
5	Professional status	4
6	Supervisory function / Budget responsibility	1
8	Place of employment	4
9	Sector / Contract	2
13	Earnings	2
14	Academic research	2
16	Type of research institution	1
19	Tasks in addition to research	2
20	Time spent on research and other activities	1
21	Research visits/exchanges	3
22	End date of PhD	2
34	Non-employment between PhD and current situation	1
37	Important aspects for future career (2nd item battery)	1
38	Position aspired to	2
Total		30

#### 4.6.2 Item-nonresponse

In general, item-nonresponse was low, with a proportion of missing values below 2% for most variables. Table 5 displays a selection of variables that have a high proportion of missing values.

Table 5: Variables with a high proportion of missing values

Variable	Question	$N^a$	Missing <sup>b</sup>
<i>incextra</i>	What are your annual gross earnings? Annual extra income (from mandates, royalties, expert activities, extra teaching, etc.)	1127	705 (62.6%) <sup>c</sup>
<i>emplplace</i>	In which country {are you employed   is your business located}?	1131	74 (6.5%)
<i>histemplphdnum</i>	Where were these jobs? In the same institution where I did my doctorate/PhD. Total time in months	268	16 (6.0%)
<i>fin...</i>	What are the financial sources of your current academic {and mandated/commercial} research job(s)?	1087	51 (4.7%)
<i>incmain</i>	What are your annual gross earnings? Annual gross earnings {in primary job} (including social security, contributions, 13th month salary, paid overtime, bonuses, etc.)	1127	50 (4.4%)
<i>phdprize</i>	Have you received a scientific prize or award for your dissertation (or a single paper of your dissertation)?	935	36 (3.9%)
<i>histemplabroadnum</i>	Where were these jobs? In a country other than the one where I did my doctorate/PhD. Total time in months	372	12 (3.2%)
<i>histempl...</i>	Where were these jobs?	610	18 (3.0%)
<i>phdformatnum</i>	What was the format of your dissertation? Individual articles/papers (cumulative dissertation). Number of articles/papers	390	11 (2.8%)
<i>care...</i>	Do you have any of the following caring responsibilities?	1229	27 (2.2%)
<i>histnotemplnum</i>	Between the completion of your doctorate/PhD (<phdend>) and the start of your job   period of non-employment reported above (<emplstart>)   (<notemplstart>)   [empty], did you have any additional periods of non-employment (e.g. family obligations, transition between jobs, unemployment) of 1 month or longer? Total time in months	274	6 (2.2%)

Table 5: Variables with a high proportion of missing values (continued)

Variable	Question	$N^a$	Missing <sup>b</sup>
<i>workhmain</i>	In a typical week, about how many hours do you work (including the weekend)? Number of hours {in primary job}	1129	23 (2.0%)

<sup>a</sup> Number of respondents who were supposed to answer the question.

<sup>b</sup> Number of respondents who did not answer the question or provided invalid data.

<sup>c</sup> Most of these missing values will be due to the fact that the participants left the field empty because they had no extra income.

## 4.7 Estimation method for nonresponse weights

As the study rests on a full coverage survey without any sampling, weights accounting for unit-nonresponse should be applied, in case unbiased estimates of the study population are required. In the following, we describe the estimated nonresponse weights that can be used in cross-sectional analysis separately for each cohort.

In general, the unit-nonresponse in the CTC base surveys is rather low (approximately 10%) and participation is only slightly selective regarding survey participation (for further information see the Reports Widmer et al. 2019, pp. 13-15 and Widmer et al. 2020b, pp. 17-20). Nevertheless, we observe panel attrition in the monitoring surveys. Therefore, we estimated nonresponse weights, based on auxiliary data in the form of administrative information (sampling frame) of the study population (see Section 4.2). All weights are based on frame data only and are estimated at the person level (variable *IDperson*) rather than at the application level (variable *IDapplication*). Consequently, every person applying for funding for the first time is associated with a nonresponse weight (variable *nonrespweight*).

The nonresponse weights are based on a respondent’s probability of participating in the base survey using a logistic regression with prominent background variables (Watson and Wooden 2009; for example Kroh and Spieß 2008), which are generally related to sample selectivity and which were available from the sampling frame (frame-only weights). The inverted participation probabilities were then taken as nonresponse weights (Horvitz and Thompson 1952, pp. 663-685). The following frame data (from the base survey) was used to estimate the nonresponse model: age mean centered (based on year of base survey:  $\text{year of survey} - \text{birthyr}$ ), gender (*gndr*), funding scheme (scheme at base survey, *schemeappl*), research domain (*domain*), research institution (recoded *institutionplace* into Swiss versus foreign or unknown at the time of base survey), and interactions between gender, funding scheme, research domain of application, and research institution.

No truncation of the weights was used, as the variance of the weights was low. Furthermore, the nonresponse weight was standardized in the sense that the weights were nominated to the population size ( $[\text{weight of an element} / \text{sum of all elements weights}] \times \text{sample size}$ ; variable *nonrespweight\_std*).

Note that respondents who were not surveyed in the present cohort because they were interviewed in another cohort (see cases where the variable *status* is missing (.a “No invitation”))

where treated as if they did not apply for a funding scheme (i.e., the population was restricted to first-time study participants). Hence, in case data sets of different cohorts will be merged, new nonresponse weights might to be estimated based on the resulting population distributions. In addition, we recommend that longitudinal analysis should use multiple imputation for non-response adjustments (a multiplication of the weights from different waves would violate the assumption of independent participation, as the dropout pattern is not monotone).

In general, specification problems of the weights cannot be ruled out since the models were constructed using a pragmatic approach that only included attributes from the sampling frame. Therefore, the impact of the design weights on the estimates should be evaluated for each analysis. Depending on the analysis aim, individual weighting factors will need to be considered.

Generally, when one wants to estimate inferences, using (the standardized) weights might be considered. We recommend using the standardized weights, in case one wants to estimate (basic) inferences or (relative) distributions of survey variables. As weights are standardized by each wave, one should use the unstandardized weights in case waves are aggregated.

# A Appendix

## A.1 Mailings

The following mailings are those which were sent to the CTC-20-B subcohort in fall 2020. The mailings used for the CTC-20-A subcohort in spring 2020 differ only slightly.

### **SNSF information email sent on September 8, 2020 to applicants who are already CTC study participants**

Dear Sir or Madam

The SNSF has launched the **Career Tracker Cohorts (CTC) study** in order to improve the funding schemes and to gain an even better understanding of the career paths and the impact of its career funding activities.

The CTC is being implemented by a project team from the University of Bern. The team is headed by Professor Michèle Amacker and includes Barbara Zimmermann, Janine Widmer and Janine Lüthi. All applicants to the post-doctoral career funding schemes Early Postdoc.Mobility, Postdoc.Mobility, Ambizione, PRIMA and Eccellenza are asked by the project team to participate in the CTC study.

**If you previously applied to one of the abovementioned funding schemes and have not yet participated in the base survey**, the project team will contact you and invite you again to do so. **If you previously applied to one of the abovementioned funding schemes and have already participated** in the base survey, you do not need to do anything at this moment. The project team will contact you at a later point to participate in a follow-up survey.

To enable meaningful analyses, your survey responses must be linked over time and enriched with information from the SNSF administrative database (e.g. information on previous applications to a career funding scheme). Such linkages will be performed anonymously using a non-speaking respondent ID maintained by the project team. They will process your administrative data exclusively for the purposes of the CTC study. The results of the study will be published in such a manner that particular individuals may not be identified. If we do not hear from you, we will assume you agree with the transfer of your contact information to the project team and the use of your data for scientific purposes. **If you do not agree with the SNSF passing on your data, please reply to this email no later than 15 September 2020.** You can withdraw your participation in the CTC study at any time. In that case you will not be contacted again.

**Your participation in the CTC study is unrelated to the evaluation procedure of your recently submitted proposal and a non-participation will not result in any disadvantage.** The CTC study remains completely separate from the routine activities of the SNSF. The data will be analysed by an independent team for scientific purposes only, with the ultimate aim to improve the career funding schemes of the SNSF.

Please visit the project website at [www.careertrackercohorts.ch](http://www.careertrackercohorts.ch) for further information. News regarding the results of the CTC study will also be published on this website.

The SNSF would greatly appreciate your participation in the CTC study. Thereby **you contribute to a needs-oriented and evidence-based development of the career funding schemes.**

Yours sincerely

Matthias Egger  
President of the National Research Council

## SNSF information email sent on September 8, 2020

Dear Sir or Madam

The SNSF promotes the career development of young researchers via specific funding schemes. In order to improve the schemes, the SNSF wishes to gain an even better understanding of the career paths and the impact of its career funding activities.

We have therefore launched the **Career Tracker Cohorts (CTC) study**. It is being implemented by a project team from the University of Bern. The team is headed by Professor Michèle Amacker and includes Barbara Zimmermann, Janine Widmer and Janine Lüthi.

All applicants to the post-doctoral career funding schemes Early Postdoc.Mobility, Postdoc.Mobility, Ambizione, PRIMA and Eccellenza will be asked by the project team to participate in the CTC study.

As you recently applied to one of the abovementioned funding schemes you are part of the third cohort. The SNSF will transfer your contact information and necessary administrative data on your grant application to the project team. The project team will contact you and invite you to participate in a short online survey, which will be repeated in the coming years.

To enable meaningful analyses, your survey responses must be linked over time and enriched with information from the SNSF administrative database (e.g. information on previous applications to a career funding scheme). Such linkages will be performed anonymously using a non-speaking respondent ID maintained by the project team. They will process your administrative data exclusively for the purposes of the CTC study. The results of the study will be published in such a manner that particular individuals may not be identified. If we do not hear from you, we will assume you agree with the transfer of your contact information to the project team and the use of your data for scientific purposes. **If you do not agree with the SNSF passing on your data, please reply to this email no later than 15 September 2020.** You can withdraw your participation in the CTC study at any time. In that case you will not be contacted again.

**Your participation in the CTC study is unrelated to the evaluation procedure of your recently submitted proposal and a non-participation will not result in any disadvantage.** The CTC study remains completely separate from the routine activities of the SNSF. The data will be analysed by an independent team for scientific purposes only, with the ultimate aim to improve the career funding schemes of the SNSF.

Please visit the project website at [www.careertrackercohorts.ch](http://www.careertrackercohorts.ch) for further information. News regarding the results of the CTC study will also be published on this website.

The SNSF would greatly appreciate your participation in the CTC study. Thereby **you contribute to a needs-oriented and evidence-based development of the career funding schemes.**

Yours sincerely

Matthias Egger

## Invitation email sent on September 24, 2020

Regarding:

### Invitation to participate in the Career Tracker Cohorts (CTC) survey

Dear <title> <last name>,

You recently applied to <SNSF funding instrument> and we would like to invite you to participate in the Career Tracker Cohorts study, conducted by the University of Bern on behalf of the SNSF. This study aims to better understand the career paths of young researchers and to improve the SNSF career funding schemes.

We kindly ask you to participate in the survey. Completing the survey will take no longer than 15 minutes. It covers the following topics:

- current work situation and research activities,
- doctorate,
- post-doctorate activities,
- career prospects and aspirations,
- personal life situation.

Your data will be treated with strict confidentiality. The results of the study will be published anonymously so that the respondents cannot be identified. Your answers will not affect current or future funding decisions by the SNSF.

To participate in the survey, please click the following link:

<survey link>

Further information about the project can be found on our website [www.careertrackercohorts.ch](http://www.careertrackercohorts.ch). If you have any questions or concerns, do not hesitate to contact the project team. You can reach us by phone at +41 31 631 48 85 or by email at [info@careertrackercohorts.ch](mailto:info@careertrackercohorts.ch).

Thank you very much for your valuable contribution.

Sincerely,

Institute of Sociology and Interdisciplinary Centre for Gender Studies  
University of Bern

## First reminder email sent on September 30, 2020

Regarding:

### Reminder to participate in the Career Tracker Cohorts (CTC) survey

Dear <title> <last name>,

Recently, we invited you to participate in the Career Tracker Cohorts study, conducted by the University of Bern on behalf of the SNSF. We kindly remind you to complete the survey, which will take no longer than 15 minutes. **The SNSF strongly encourages all career funding applicants to take part in the cohort study.** It is very important for the SNSF that the results of the cohort study are representative so that the impact of post-doctoral career funding schemes can be assessed and the necessary improvements can be made.

Your data will be treated with strict confidentiality. The results of the study will be published anonymously so that the respondents cannot be identified. Your answers will not affect current or future funding decisions by the SNSF.

To participate in the survey, please click the following link:

<survey link>

Further information about the project can be found on our website [www.careertrackercohorts.ch](http://www.careertrackercohorts.ch). If you have any questions or concerns, do not hesitate to contact the project team. You can reach us by phone at +41 31 631 48 85 or by email at [info@careertrackercohorts.ch](mailto:info@careertrackercohorts.ch).

Thank you very much for your valuable contribution.

Sincerely,

Institute of Sociology and Interdisciplinary Centre for Gender Studies  
University of Bern

## Thank you and reminder email by the SNSF (second reminder) sent on October 6, 2020

Dear Sir or Madam

You have recently received an invitation to participate in the Career Tracker Cohort study, and many of you have already done so. We thank you very much for your participation!

**It is very important that all applicants take part in the survey so that the results of the study are representative and the SNSF funding schemes can be improved and adapted to the needs of the research community.**

We therefore kindly ask those of you who have not yet completed the survey to do so. Unless you have already participated, you will shortly receive another email with your personal link from the project team of the University of Bern. If you do not receive such a link, please check your spam folder or contact the project team at [info@careertrackercohorts.ch](mailto:info@careertrackercohorts.ch).

Your participation in the Career Tracker Cohort study is unrelated to the evaluation procedure of your recently submitted proposal and your data will be treated with strict confidentiality.

To keep up to date with the project, you can visit the website [www.careertrackercohorts.ch](http://www.careertrackercohorts.ch). Results of the study are published there at a regular basis.

Thank you very much for your valuable participation.

Sincerely,

Matthias Egger  
President of the National Research Council

## Third reminder email sent on October 12, 2020

Regarding:

### **Final reminder to participate in the Career Tracker Cohorts (CTC) survey**

Dear <title> <last name>,

Recently, we invited you to participate in the Career Tracker Cohorts study. We kindly remind you to complete the survey by **Friday, October 16, 2020**. It will take no longer than 15 minutes. **It is essential that all applicants take part in the study** so that the career paths of young researchers are represented accurately and the SNSF can optimize its career funding schemes.

To participate in the survey, please click the following link:

<survey link>

Your data will be treated with strict confidentiality. The results of the study will be published anonymously so that the respondents cannot be identified. Your answers will not affect current or future funding decisions by the SNSF.

Further information about the project can be found on our website [www.careertrackercohorts.ch](http://www.careertrackercohorts.ch). If you have any questions or concerns, do not hesitate to contact the project team. You can reach us by phone at +41 31 631 48 85 or by email at [info@careertrackercohorts.ch](mailto:info@careertrackercohorts.ch).

Thank you very much for your valuable contribution.

## Thank you email sent on December 16, 2020

Regarding:

### **SNSF Career Tracker Cohorts**

Dear <title> <last name>,

This fall, you participated in the base survey of the SNSF Career Tracker Cohorts study. This survey was sent out to all the applicants for Early Postdoc.Mobility and Postdoc.Mobility. It has achieved a very high response rate.

We highly appreciate your participation and would like to thank you for your valuable cooperation. We are looking forward to informing you about first results soon and to contact you for the follow-up survey in fall 2021. In case you would like us to contact you at a different email address in the future, please let us know. Further information about the study and current reporting can be found at [www.careertrackercohorts.ch](http://www.careertrackercohorts.ch).

We wish you a Merry Christmas and a Happy New Year.

Sincerely,  
Institute of Sociology and Interdisciplinary Centre for Gender Studies

## A.2 Screenshots of the questionnaire

The following screenshots display previews of the questionnaire pages under standard conditions of the CTC-20-B Base Survey in fall 2020; see the attached notes for information on filters, dynamic elements, and differences compared to the CTC-20-A Base Survey in spring 2020. The notes also list the variables in the data set corresponding to the page. Furthermore, the source is given for questions that were adapted from other studies.

### Welcome page

Dear participant, welcome to the SNSF Career Tracker Cohorts!

Thank you for taking the time to fill out this questionnaire.

Your data will be treated with strict confidentiality. The results of the study will be published anonymously so that the respondents cannot be identified. Your answers will not affect current or future funding decisions by the SNSF.

If you have any questions or concerns, you can reach the project team by phone or email:

Phone: +41 31 631 48 85

Email: [info@careertrackercohorts.ch](mailto:info@careertrackercohorts.ch)

If you want to complete the survey by keyboard, use the following keys:

<b>tab</b>	cycle among questions, answers, and navigation buttons (Safari: activate "Press Tab to highlight each item on a webpage" in the advanced preferences)
<b>shift+tab</b>	cycle backwards
<b>arrow keys</b>	navigate within a radio button group
<b>space bar</b>	activate a checkbox or radio button; trigger a navigation button
<b>return</b>	trigger a navigation button

### Page 1 (question 1)

The first set of questions is about your current work situation.

Are you currently engaged in paid employment (including self-employment, scholarships, and grants)?

Yes

No

Variables: *JSbegin*, *empl*, *empl\_raw*, *timepage1*

Source: Federal Statistical Office (2016a: 30)

## Page 2 (questions 2 and 3)

**Since when have you been non-employed (i.e. not engaged in paid employment)?**

mm/yyyy 

**Why are you currently not employed?**

**1** If there are several reasons, please choose the most important one.

(Continuing) education/training

Family obligations (household, children, etc.)

Travelling or language stay

Health problems

Transition between jobs

Unemployment

Other

→ Please specify:

Variables: *notemplstart*, *notemplreas*, *notemplreasoth*, *notemplreas\_raw*, *notemplreasoth\_raw*, *timepage2*

Filter: not working (*empl* = 0)

Source: Federal Statistical Office (2016a: 30), Federal Statistical Office (2016b: 22)

## Page 3 (question 4)

**Do you have one or several jobs?**

**1** If you have several contracts with the same employer, please count this as one job.

One job

Several jobs

Variables: *jobnum*, *timepage3*

Filter: working (*empl* ≠ 0)

Source: Federal Statistical Office (2016a: 32)

## Page 4 (question 5)

Please answer the following questions for your PRIMARY job (unless stated otherwise).

**What kind of work do you do, that is, what is your occupation?**

📌 Please type your (primary) occupation as precisely as possible (e.g. "climatologist", "neurosurgeon" **instead of** only "postdoc" or "researcher").

A list of possible occupations will be displayed depending on the text you type. If one of the entries matches your occupation, please select that entry. **If no appropriate entry is found, type your answer and continue without making a selection.**

Variables: *occup*, *timepage4*

Filter: working (*empl* ≠ 0)

Dynamic elements: header only if not one job

Source: Federal Statistical Office (2016a: 35)

## Page 5 (question 6)

**What is your current professional status?**

📌 Please answer for your **primary** job.

Trainee

Employee without leadership/managerial responsibilities

Employee with leadership/managerial responsibilities

Self-employed without employees

Self-employed with employees

➔ Number of employees:

Variables: *profstatus*, *emplnum*, *timepage5*

Filter: working (*empl* ≠ 0)

**When did you start your current job?**

📌 Please answer for your **primary** job.

Variables: *emplstart*, *timepage7*

Filter: working (*empl* ≠ 0)

Dynamic elements: "... current business" if self-employed; instruction only if not one job

Source: Federal Statistical Office (2016a: 32)

## Page 8 (question 10)

**In which country are you employed?**

● Please answer for your **primary** job.

If you have a grant or scholarship, please indicate the country in which your host institution is located.

Start typing and select an entry from the displayed list. **If no appropriate entry is found, type your answer and continue without making a selection.**

Variables: *emplplace, timepage8*

Filter: working (*empl* ≠ 0)

Dynamic elements: "... is your business located" if self-employed; primary job instruction only if not one job

Source: Federal Statistical Office (2016a: 32)

## Page 9 (questions 11 and 12)

**Do you work in the public sector or in the private sector?**

● Please answer for your **primary** job.

Public sector

Private non-profit sector

Private for-profit sector

**Are you employed on a permanent or a fixed-term contract?**

● Please answer for your **primary** job.

Permanent contract

Fixed-term contract

→ Total duration of current contract (in **months**):

I do not have an employment contract.

Variables: *sector, contract, contractnum, contractnum\_raw, timepage9*

Filter: employed (*profstatus* ≠ 4 or 5)

Dynamic elements: instruction only if not one job

Source: Federal Statistical Office (2016a: 34), Federal Statistical Office (2016a: 37)

## Page 10 (question 13)

**Do you have to report your working hours to your employer?**

● Please answer for your **primary** job.

Yes

No

Variables: *workhreport, timepage10*

Filter: employed (*contract* ≠ 3)

Dynamic elements: instruction only if have not no employment contract

## Page 11 (question 14)

**Can you compensate overtime?**

● Check all that apply. Please also answer "yes" if the number of hours you can compensate is capped.

Please answer for your **primary** job.

Yes, by taking time off

Yes, by claiming extra pay

No

Variables: *overtimetype, overtimepay, overtimeno, timepage11*

Filter: report working hours (*workhreport* = 1)

Dynamic elements: primary job instruction only if not one job

## Page 12 (questions 15 and 16)

**What is your contractual work-time percentage? (full-time = 100 percent)**

① If you are self-employed, please indicate the work-time percentage that would be appropriate if you would hire someone to do your job.

Work-time percentage:  %

**In a typical week, about how many hours do you work (including the weekend)?**

① Please indicate the average number of hours you typically work per week for your job. We are interested in your actual working time, not the contractual working time.

Number of hours:

Variables: *workperc*, *workpercmain*, *workpercoth*, *workpercmain\_raw*, *workpercoth\_raw*, *workh*, *workhmain*, *workhoth*, *workhmain\_raw*, *workhoth\_raw*, *timepage12*

Filter: working (*empl* ≠ 0)

Dynamic elements: "... designated work-time percentage" if have not an employment contract; self-employed instruction only if not employed; answer categories "Work-time percentage in primary job" and "Work-time percentage in other job(s)" if not one job

Source: Federal Statistical Office (2016a: 38)

## Page 13 (question 17)

**What are your annual gross earnings?**

① If possible, please provide the value in **Swiss francs (CHF)**. Alternatively, if you provide a value in another currency, please include the currency in the field (e.g. "80'000 EUR", "80'000 USD").

Annual gross earnings (including social security contributions, 13th month salary, paid overtime, bonuses, etc.)

Annual extra income (from mandates, royalties, expert activities, extra teaching, etc.)

Variables: *inc*, *incmain*, *incoth*, *incextra*, *incmain\_raw*, *incoth\_raw*, *timepage13*

Filter: working (*empl* ≠ 0)

Dynamic elements: answer categories "Annual gross earnings in primary job" and "Annual gross earnings in other job(s)" if not one job

Source: Federal Statistical Office (2016a: 39)

## Page 14 (question 18)

The following questions are about your research activities.

**In your current job(s), do you conduct academic research?**

By academic research we mean research that is **not commercial or based on a mandate**.

Yes

No

Variables: *research, timepage14*

Filter: working (*empl* ≠ 0)

Dynamic elements: wording depends on the number of jobs; answer categories “Yes, in both my primary job and my other job(s)”, “Yes, but only in my primary job” and “Yes, but only in my other job(s)” if not one job

Source: European Science Foundation (2015: 49)

## Page 15 (question 19)

**In your current job(s), do you conduct mandated or commercial research?**

Yes

No

Variables: *mandate, timepage15*

Filter: working (*empl* ≠ 0)

Dynamic elements: wording depends on the number of jobs

## Page 16 (question 20)

**Please think of your academic research activities. In what type of research institution do you conduct academic research?**

**1** Please answer for your **primary** academic research job.

University or (university) hospital

ETHZ, EPFL

ETH research institute (PSI, WSL, Empa, Eawag)

Other higher education institution (e.g. university of applied sciences/university of teacher education)

Other public research institute/organization

Private research institute/organization

Research division in a corporation or NGO

Filter: conducting academic research (*research* ≠ 4)

Dynamic elements: wording depends on the number and kind of jobs

Source: Federal Statistical Office (2016a: 37)

## Page 21 (question 25)

**Since October 2019, did you conduct any research visits or exchanges (1 month or longer) at another university or research institute?**

① Check all that apply.

Yes, in the same country  
→ Total time in **months**:

Yes, in another country  
→ Total time in **months**:

No

Variables: *rvisithome*, *rvisithomenum*, *rvisitabroad*, *rvisitabroadnum*, *rvisitno*, *rvisithome\_raw*, *rvisithomenum\_raw*, *rvisitabroad\_raw*, *rvisitabroadnum\_raw*, *rvisitno\_raw*, *timepage21*

Filter: conducting academic research (*research* ≠ 4)

Dynamic elements: wording depends on the number and kind of jobs

CTC-20-A: “October” instead of “April”

Source: European Science Foundation (2015: 52)

## Page 22 (question 26)

The following questions concern your doctorate/PhD.

When did you start your doctorate/PhD (including MD, MD-PhD)?

I am not doing/did not do a doctorate/PhD.

Variables: *phdstart*, *timepage22*

Source: European Science Foundation (2015: 47)

## Page 23 (question 27)

When did you finish your doctorate/PhD (date of defense/exam)?

I have not finished my doctorate/PhD yet.

Variables: *phdend*, *timepage23*

Filter: started doctorate/PhD (*phdstart* ≠ .z)

Source: European Science Foundation (2015: 47)

## Page 24 (plausibility check)

The end date of your PhD () lies before the start date ().

Please navigate back and correct the dates.

Variables: *timepage24*

Filter: end date of doctorate/PhD is before start date of doctorate/PhD (*phdend* < *phdstart*)

Dynamic elements: month and year of start date and end date of doctorate/PhD in parantheses

## Page 25 (question 28)

Please indicate the research domain/discipline that best corresponds to your doctorate/PhD.

🔍 Start typing and select an entry from the displayed list. If no appropriate entry is found, type your answer and continue without making a selection.

Variables: *phddiscipline*, *phddomain*, *phddiscipline\_raw*, *timepage25*

Filter: finished doctorate/PhD (*phdend* ≠ .y)

Source: European Science Foundation (2015: 47)

## Page 26 (question 29)

**From which university did you receive your doctorate/PhD? Please indicate the name of the university and the country in which it is located.**

🔔 If you have a joint degree, please indicate the information of your home university.

Start typing and select an entry from the displayed list. **If no appropriate entry is found, type your answer and continue without making a selection.**

University:

Country:

Variables: *phdunirank, phdplace, timepage26*

Filter: finished doctorate/PhD (*phdend ≠ .y*)

CTC-20-A: “in which country” instead of “the country in which”

Source: European Science Foundation (2015: 48)

## Page 27 (question 30)

**What type of doctoral degree did you acquire?**

PhD/Dr.

MD (medical doctor)

MD-PhD

Variables: *phdtype, timepage27*

Filter: finished doctorate/PhD (*phdend ≠ .y*)

## Page 28 (question 31)

**What was the format of your dissertation?**

Book or monograph

Individual articles/papers (cumulative dissertation)

→ Number of articles/papers:

Other

→ Please specify:

Variables: *phdformat, phdformatnum, phdformatoth, phdformat\_raw, phdformatnum\_raw, phdformatoth\_raw, timepage28*

Filter: not aquired an MD (*phdformat ≠ 2*)

## Page 29 (questions 32 and 33)

**Please indicate the qualification/grade you obtained with this doctorate/PhD.**

Passed (if no particular grading)

Summa cum laude, excellent, 6 (Switzerland), <1 (Germany), or equivalent

Insigni cum laude, very good, 5.5 (Switzerland), or equivalent

Magna cum laude, good, 5 (Switzerland), 1 (Germany), or equivalent

Cum laude, satisfactory, 4.5 (Switzerland), 2 (Germany), or equivalent

Rite, pass, 4 (Switzerland), 3 (Germany), or equivalent

**Have you received a scientific prize or award for your dissertation (or a single paper of your dissertation)?**

Yes

No

Variables: *phdgrade*, *phdprize*, *timepage29*

Filter: finished doctorate/PhD (*phdend* ≠ .y)

## Page 30 (question 34)

**Which sources of income were available to you during your doctorate/PhD?**

Check all that apply.

Individual grant/scholarship/fellowship or program to promote young researchers (e.g. funded by the SNSF, ERC, or a foundation)

Employment within a research project (e.g. funded by the SNSF, ERC, or a foundation)

Position as assistant, lecturer, or similar (without specific third-party funding) at a university or a research institute

Employment as medical resident/assistant doctor

Employment outside of university or a research institute with relation to the doctorate/PhD

Employment outside of university or a research institute without relation to the doctorate/PhD

Loan (from a bank, family, partner, friends etc.)

Financial support by family, partner, friends, etc. (excluding loans)

Other

→ Please specify

None

Variables: *phdincgrant*, *phdincproj*, *phdincassist*, *phdincmed*, *phdincemplrdoc*, *phdincemplnrdoc*, *phdincloan*, *phdincfam*, *phdincoth*, *phdincothspec*, *phdincno*, *phdincgrant\_raw*, *phdincproj\_raw*, *phdincassist\_raw*, *phdincemplrdoc\_raw*, *phdincoth\_raw*, *phdincothspec\_raw*, *timepage30*

Filter: finished doctorate/PhD (*phdend* ≠ .y)

Source: Federal Statistical Office (2016a: 14)

## Page 31 (question 35)

**During your doctorate/PhD, did you complete any research or study visits of 3 months or longer at another university or research institute?**

Check all that apply.

- Yes, in the same country
- Yes, in another country
- No

Variables: *phdvisithome, phdvisitabroad, phdvisitno, timepage31*

Filter: finished doctorate/PhD (*phdend* ≠ .y)

Source: Federal Statistical Office (2016a: 16)

## Page 32 (question 36)

**In the following, we are interested in your occupational history since you completed your doctorate/PhD.**

**Between the completion of your doctorate/PhD and the start of your current job reported above, what jobs did you have?**

- Mostly/Only jobs involving academic research
- Mostly/Only jobs **not** involving academic research
- Both about equally (jobs involving and jobs **not** involving academic research)
- None, current job started right after doctorate/PhD
- None, I was not engaged in paid employment during this period

Variables: *histempl, timepage32*

Filter: finished doctorate/PhD (*phdend* ≠ .y) and > 1 month between *phdend* and *notemplstart/emplstart*

Dynamic elements: month and year of completion of doctorate/PhD and start of current employment situation in parentheses; "... current period of non-employment" if currently non-employed

Source: Federal Statistical Office (2016b: 20 f.)

## Page 33 (question 37)

**Where were these jobs?**

● Please also include research visits and exchanges (1 month or longer) during which your contract at your home institution kept running.

Check all that apply.

In the same institution where I did my doctorate/PhD

→ Total time in **months**:

In a different institution in the same country where I did my doctorate/PhD

→ Total time in **months**:

In a country other than the one where I did my doctorate/PhD

→ Total time in **months**:

Variables: *histemplphd*, *histemplphdnum*, *histemplhome*, *histemplhomenum*, *histemplabroad*,  
*histemplabroadnum*, *histemplphd\_raw*, *histemplphdnum\_raw*, *histemplhome\_raw*, *histemplhomenum\_raw*,  
*histemplabroad\_raw*, *histemplabroadnum\_raw*, *timepage33*

Filter: having jobs between end of doctorate/PhD and current employment situation (*histempl* = 1, 2 or 3)

Source: Federal Statistical Office (2016b: 21)

## Page 34 (questions 38 and 39)

**Did you (mainly) have fixed-term or permanent contracts in these jobs?**

Mainly fixed-term

Mainly permanent

Both about equally

Not applicable, did not have an employment contract

**Were you (mainly) working full-time or part-time in these employments?**

Mainly full-time (full-time = 90 percent or more)

Mainly part-time

Both about equally

Variables: *histcontract*, *histemplrate*, *timepage34*

Filter: having jobs between end of doctorate/PhD and current employment situation (*histempl* = 1, 2 or 3)

Source: Federal Statistical Office (2016b: 21)

## Page 35 (question 40)

**Between the completion of your doctorate/PhD and the start of your current job reported above, did you have any periods of non-employment (e.g. family obligations, transition between jobs, unemployment) of 1 month or longer?**

Yes

→ Total time in months:

No

Variables: *histnotempl*, *histnotemplnum*, *histnotempl\_raw*, *histnotemplnum\_raw*, *timepage35*

Filter: having jobs between end of doctorate/PhD and current employment situation (*histempl* = 1, 2 or 3)

Dynamic elements: month and year of completion of doctorate/PhD and start of current employment situation are displayed in parantheses; "... any additional period of non-employment" if currently non-employed

Source: Federal Statistical Office (2016b: 20)

## Page 36 (question 41)

**Why were you not employed?**

Check all that apply.

(Continuing) education/training

Family obligations (household, children, etc.)

Travelling/language stay

Health problems

Transition between jobs

Unemployment

Other

→ Please specify:

Variables: *histnotempledu*, *histnotemplfam*, *histnotempltrav*, *histnotemplhealth*, *histnotempljobs*,

*histnotemplunempl*, *histnotemplloth*, *histnotemplthspec*, *histnotemplfam\_raw*, *histnotempljobs\_raw*,

*histnotemplunempl\_raw*, *histnotemplloth\_raw*, *histnotemplthspec\_raw*, *timepage36*

Filter: having periods of non-employment between end of doctorate/PhD and current employment situation (*histempl* = 5 or *histnotempl* = 1)

Source: Federal Statistical Office (2016b: 22)

## Page 37 (question 42)

The following questions are about your career prospects and aspirations.

When you think of your future career, how important are the following aspects to you?

	Not important at all	2	3	4	Very important
	1				5
To have a secure job.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To earn a high salary.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To have good career prospects.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To work at a prestigious university/institution/company.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To work together with renowned colleagues.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To be provided with good equipment and infrastructure by the employer.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To work in the same country as I work/live in now.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To be able to work part-time.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To be able to reconcile work and family life.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To be able to reconcile work with other activities (e.g. professional sport, travel).	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Variables: *impsecjob*, *impsalary*, *impcareerprosp*, *impprestige*, *impcolleg*, *impinfra*, *impcntry*, *imppart*, *impworklife*, *impothact*, *timepage37*

Source: Federal Statistical Office (2016a: 25 f.)

## Page 38 (question 43)

And how important are the following aspects for your future career?

	Not important at all	2	3	4	Very important
	1				5
To work within my area of expertise.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To be able to use my specialist qualifications at work.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To have a job where I can put my own ideas into practice.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To have work that corresponds to my own views and convictions.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To be able to develop myself further in my subject area at work.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To continue my academic career.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Variables: *impexp*, *impqualif*, *impidea*, *impview*, *impdevelop*, *impcareercont*, *timepage38*

Source: Federal Statistical Office (2016a: 25 f.)

### Page 39 (question 44)

**Concerning your future career, what do you aspire to most?**

- Full tenured professorship
- Scientific position **within** academia
- Scientific position **outside** of academia
- Management position **within** academia
- Management position **outside** of academia
- Self-employment
- Other

→ Please specify:

Variables: *aspiration*, *aspirationoth*, *aspiration\_raw*, *aspirationoth\_raw*, *timepage39*  
Source: Federal Statistical Office (2016a: 18); Lüthi et al. (2019: 122)

### Page 40 (question 45)

**Please indicate to what extent you agree with the following statements:**

	Do not agree at all				Fully agree
	1	2	3	4	5
Scientific work is a central part of my life.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I am confident that I am able to meet the demands of an academic career.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I have a strong commitment to scientific work.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The most important things that I experience are related to scientific work.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Variables: *sciecentr*, *sciedemands*, *sciecommit*, *sciemostimp*, *timepage40*  
Source: Berweger (nd: 8)

## Page 41 (question 46 and 47)

The next section contains questions about yourself and your life situation.

**Do you currently have a partner?**

Yes

No

**What is your marital status?**

Single (never married and never in a registered partnership)

Married

Married, but legally separated

Divorced

Widowed

Registered partnership

Registered partnership dissolved

Registered partner passed away

Variables: *partner*, *marital*, *timepage41*

Source: Huber et al. (2015: 29), Tesch (2015: 81), Federal Statistical Office (2016a: 49)

## Page 42 (question 48)

**Do you have children?**

Please include children who have reached the age of majority.

Yes

→ Number of children:

No

Variables: *children*, *childrennum*, *childrennum\_raw*, *timepage42*

Source: Federal Statistical Office (2016a: 49)

## Page 43 (question 49)

**When were these children born?**

🔔 Please enter the birth years.

1st child:  📅

2nd child:  📅

3rd child:  📅

4th child:  📅

5th child:  📅

6th child:  📅

7th child:  📅

8th child:  📅

9th child:  📅

Variables: *child1, child2, child3, child4, child5, child6, child7, child8, child9, child1\_raw, child2\_raw, timepage43*

Filter: having children (*children* = 1)

Dynamic elements: wording and number of input fields depend on the number of children

Source: Federal Statistical Office (2016a: 49)

## Page 44 (question 50)

**Apart from you, who else lives in your household?**

🔔 Check all that apply.

Spouse / Partner

Children

Other adults

No one, I live alone

Variables: *livsitpartner, livsitchildren, livsitadult, livsitalone, timepage44*

Source: Federal Statistical Office (2016a: 49)

## Page 45 (question 51)

**In your household, who is responsible for domestic work (cleaning, cooking, laundry, shopping, home maintenance, etc.)?**

- Mostly/Only me
- Me and other household members in equal parts
- Mostly/Only someone else from the same household
- Mostly/Only a third party (e.g. cleaning staff)

Variables: *chores, timepage45*

Dynamic elements: 2nd and 3rd answer categories only if living with other people

## Page 46 (question 52)

**Between you and the other parent, how do you share childcare responsibility?**

- I am solely responsible.
- I am mostly responsible.
- We share the responsibility in equal parts.
- The other parent is mostly responsible.
- The other parent is solely responsible.
- No childcare necessary

Variables: *childcarediv, timepage46*

Filter: having children (*children* = 1)

## Page 47 (question 53)

**On how many half-days per week (excluding the weekend and excluding evenings) do you personally look after your children?**

- 0 half-days
- 1 half-day
- 2 half-days
- 3 half-days
- 4 half-days
- 5 half-days
- 6 half-days
- 7 half-days
- 8 half-days
- 9 half-days
- 10 half-days

Variables: *childcarenum*, *timepage47*

Filter: responsible for childcare (*childcarediv* ≠ 5 or 6)

Dynamic elements: wording depends on the number of children

Source: Berweger (nd: 11)

## Page 48 (question 54)

**In a typical week, who else looks after your children?**

Check all that apply.

- Other family or household members (excluding yourself and the other parent)
- External day care / day school
- Au-pair or nanny at your own home
- Babysitter
- Other
  - Please specify:
- No one else

Variables: *childcarefam*, *childcareext*, *childcarenanny*, *childcarebabys*, *childcareoth*, *childcareothspec*, *childcareno*, *childcarefam\_raw*, *childcarenanny\_raw*, *childcareoth\_raw*, *childcareothspec\_raw*, *childcareno\_raw*, *timepage48*

Filter: childcare necessary (*childcarediv* ≠ 6)

Dynamic elements: wording depends on the number of children

Source: Berweger (nd: 11)

**Page 49 (question 55)**

**Do you have any of the following caring responsibilities?**

• Check all that apply.

Care for children

Elder care

Care for adults with disabilities

Other

    ➔ Please specify:

No, I do not have such caring responsibilities.

Variables: *carechild*, *careelder*, *caREDISab*, *careoth*, *careothspec*, *careno*, *carechild\_raw*, *caREDISab\_raw*, *careoth\_raw*, *careothspec\_raw*, *careno\_raw*, *timepage49*

Dynamic elements: “Care for children, other than the above mentioned” if having children

Source: European Science Foundation (2015: 46)

**Page 50 (question 56)**

**In general, how satisfied are you with your life?**

Not satisfied at all	2	3	4	Very satisfied
1				5
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Variables: *lifesat*, *timepage50*

Source: FORS (2017: 29)

**Page 51 (question 57)**

**And how satisfied are you with your work-life-balance?**

Not satisfied at all	2	3	4	Very satisfied
1				5
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Variables: *worklife*, *timepage51*

Source: Huber et al. (2015: 25)

## Page 52 (question 58)

### What is the highest educational degree of your mother?

- Compulsory education or less
- Secondary vocational education and training (apprenticeship) (in Switzerland: Berufslehre, Handelsmittelschule, apprentissage, école supérieure de commerce, or similar)
- Secondary general education (high school) (in Switzerland: Berufsmaturität, gymnasiale Maturität, Diplom-/Fachmittelschule, Lehrerseminar, maturité professionnelle, maturité gymnasiale, école de degré diplôme, école de culture générale, écoles normales, or similar)
- Tertiary vocational education (advanced technical and professional training) (in Switzerland: Meisterdiplom, Eidg. Fachausweis, Höhere Fachschule, diplôme de maîtrise, brevet fédéral, école professionnelle supérieure, or similar)
- Tertiary academic education (college, university, university of applied sciences) (in Switzerland: University/ETH/EPF, Fachhochschule, Pädagogische Hochschule, haute école spécialisée, haute école pédagogique, or similar)
- Doctoral degree

Variables: *mother*, *timepage52*

Source: Berweger (nd: 12), Federal Statistical Office (2016a: 51)

## Page 53 (question 59)

### And what is the highest educational degree of your father?

- Compulsory education or less
- Secondary vocational education and training (apprenticeship) (in Switzerland: Berufslehre, Handelsmittelschule, apprentissage, école supérieure de commerce, or similar)
- Secondary general education (high school) (in Switzerland: Berufsmaturität, gymnasiale Maturität, Diplom-/Fachmittelschule, Lehrerseminar, maturité professionnelle, maturité gymnasiale, école de degré diplôme, école de culture générale, écoles normales, or similar)
- Tertiary vocational education (advanced technical and professional training) (in Switzerland: Meisterdiplom, Eidg. Fachausweis, Höhere Fachschule, diplôme de maîtrise, brevet fédéral, école professionnelle supérieure, or similar)
- Tertiary academic education (college, university, university of applied sciences) (in Switzerland: University/ETH/EPF, Fachhochschule, Pädagogische Hochschule, haute école spécialisée, haute école pédagogique, or similar)
- Doctoral degree

Variables: *father*, *JSend*, *timepage53*

Source: Berweger (nd: 12), Federal Statistical Office (2016a: 51)

## Page 54 (special module question 0)

In spring 2020, far-reaching measures to prevent the spread of the COVID-19 disease have been taken in many places around the world. With the following questions, we would like to find out how you were affected by these measures.

Would you answer a few additional questions in regard to the effect of COVID-19 on your professional and personal life (approx. 3 minutes)?

- Yes
- No, I would rather end the survey here

Variables: *covid19*, *timepage54*

CTC-20-A: not asked

## Page 55 (special module question 1)

Were there extraordinary measures against COVID-19 taken in the place you currently live?

● Extraordinary COVID-19 measures include for example: closure of shops and restaurants, closure of schools, advice to stay at home whenever possible (including work from home), advice to avoid close contact with people outside your own household.

- Yes
- No

Filter: answer special module questions (*covid19* = 1)

Variables: *cmeasures*, *timepage55*

CTC-20-A: not asked

## Page 56 (special module question 2)

Were you engaged in paid employment (including self-employment, scholarships, and grants) in which the period when the COVID-19 measures were in place?

● Please check all that apply.

- I was in my regular employment
- I was on short-time / a job retention scheme
- I was not employed

Filter: measures (*cmeasures* = 1)

Variables: *cworkempl*, *cworkshort*, *cworknotempl*, *timepage56*

CTC-20-A: not asked

### Page 57 (special module question 3)

Was your work contract terminated due to the COVID-19 crisis?

Yes

No

Filter: not working during period of measures (*cworknotempl* = 1)

Variables: *ccontract*, *timepage57*

CTC-20-A: not asked

### Page 58 (special module question 4)

How often did you work from home during the period of COVID-19 measures?

(Almost) never 1 2 3 4 (Almost) always 5

Filter: working during period of measures (*cworkempl* = 1)

Variables: *cworkhomemeas*, *timepage58*

CTC-20-A: not asked

### Page 59 (special module question 5)

How often did you work from home before the period of COVID-19 measures?

(Almost) never 1 2 3 4 (Almost) always 5

Filter: measures (*cmeasures* = 1)

Variables: *cworkhomebef*, *timepage59*

CTC-20-A: not asked

### Page 60 (special module question 6)

How often do you currently work from home?

(Almost) never 1 2 3 4 (Almost) always 5

Filter: measures and working (*cmeasures* = 1 and *empl* ≠ 0)

Variables: *cworkhomecur*, *timepage60*

CTC-20-A: not asked

## Page 61 (special module question 7)

**Overall, did the COVID-19 measures have an effect on your work productivity?**

**My work productivity...**

... decreased substantially					... increased substantially
1	2	3	4	5	
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Filter: working during period of measures (*cworkempl* = 1)

Variables: *cproductivity*, *timepage61*

CTC-20-A: not asked

## Page 62 (special module question 8)

**How did your actual work time change due to the COVID-19 measures?**

**I worked...**

... much less than usual					... much more than usual
1	2	3	4	5	
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Filter: working during period of measures (*cworkempl* = 1)

Variables: *cworktime*, *timepage62*

CTC-20-A: not asked

## Page 63 (special module question 9)

**Did your work schedule change due to the COVID-19 measures?**

**Please check all that apply.**

I worked more in the early mornings and/or late evenings

I worked more during the weekend/holidays

Other

→ Please specify:

No, I did not change my work schedule

Filter: working during period of measures (*cworkempl* = 1)

Variables: *cworkschmorneve*, *cworkschwend*, *cworkschoth*, *cworkschothspec*, *cworkschno*,  
*cworkschmorneve\_raw*, *cworkschwend\_raw*, *cworkschoth\_raw*, *cworkschothspec\_raw*, *cworkschno\_raw*,  
*timepage63*

CTC-20-A: not asked

## Page 64 (special module question 10)

**Did the COVID-19 measures have an impact on your research activities?**

Please check all that apply.

- One or more conferences I would have attended were cancelled
- My lab was closed
- An existing collaboration could not be continued/a planned collaboration could not be started
- The start of a new research project was delayed/cancelled
- Current research was delayed/interrupted
- I missed deadlines for project applications
- I published less than initially planned
- I had to cancel/postpone a research visit or exchange
- Other  
→ Please specify:
- No, they had no impact

Filter: measures and conducting academic research ( $cmeasures = 1$  and  $research \neq 4$ )

Variables:  $cimpactconf$ ,  $cimpactlab$ ,  $cimpactcoll$ ,  $cimpactproj$ ,  $cimpactres$ ,  $cimpactappl$ ,  $cimpactpubli$ ,  
 $cimpactrvisit$ ,  $cimpactoth$ ,  $cimpactothspec$ ,  $cimpactno$ ,  $timepage64$

CTC-20-A: not asked

## Page 65 (special module question 11)

**Do you think the extraordinary situation caused by the outbreak of COVID-19 will have an impact on your future career, and if so, is it rather negative or positive?**

If you think it will not have an effect, please check 3.

Negative effect					Positive effect
1	2	3	4	5	
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	

Filter: answer special module questions ( $covid19 = 1$ )

Variables:  $ccareer$ ,  $timepage65$

CTC-20-A: not asked

## Page 66 (special module question 12)

**Did you conduct / Are you conducting research on COVID-19?**

Yes

No

Filter: answer special module questions and conducting academic research (*covid19* = 1 and *research* ≠ 4)

Variables: *crescov*, *timepage66*

CTC-20-A: not asked

## Page 67 (special module question 13)

**Did the COVID-19 measures affect your duties concerning domestic work?**

	Much less duties than usual 1	2	3	4	Much more duties than usual 5
Domestic work (e.g. cooking, cleaning)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Filter: measures (*cmeasures* = 1)

Variables: *cchores*, *cchildcare*, *clearning*, *timepage67*

Dynamic elements: “. . . and childcare” and 2nd and 3rd item only if having children; wording depends on the number of children

CTC-20-A: not asked

## Page 68 (special module question 14)

**Did the COVID-19 measures affect the division of domestic work between you and the other household member(s)?**

My share increased relative to the share of the other household member(s)

The share of the other household member(s) increased relative to mine

The share remained the same

Filter: measures and do not live alone (*cmeasures* = 1 and *livitalone* ≠ 1)

Variables: *cchoresdiv*, *timepage68*

CTC-20-A: not asked

## Page 69 (special module question 15)

**Did the COVID-19 measures affect the division of childcare between you and the other parent?**

My share increased relative to the share of the other parent

The share of the other parent increased relative to mine

The share remained the same

Filter: measures and childcare is necessary ( $cmeasures = 1$  and  $childcarediv \neq 6$ )

Variables:  $cchildcarediv$ ,  $timepage69$

CTC-20-A: not asked

## Page 70 (special module question 16)

**Due to the COVID-19 outbreak, did you have to take extra time off your work due to care responsibilities?**

Yes

No

Filter: answer special module questions ( $covid19 = 1$ )

Variables:  $ccare$ ,  $timepage70$

CTC-20-A: not asked

## Page 71 (question 60)

**If there is anything else you would like to say (in regard to the entire survey), please share your thoughts in the field below.**

Variables:  $timepage71$

CTC-20-A: this is page 54; no bracket comment

## Page 72 (address request)

**We are looking forward to contacting you in one year for the follow-up survey. We are aware that many participants will be working at another institution by then. Therefore, we ask you to enter your private email address in the field below for future communication. We ensure that your contact data is by no means stored together with the survey data.**

Private email address:

Variables:  $timepage72$

CTC-20-A: this is page 55

## End page

You have reached the end of the questionnaire. Many thanks for your valuable contribution!

For more information on the SNSF Career Tracker cohorts see [www.careertrackercohorts.ch](http://www.careertrackercohorts.ch).

This survey has been implemented using [limesurvey](https://limesurvey.org/), an open source product.

### A.3 List of variables in main data set

<i>IDperson</i>	CTC person ID
<i>IDapplication</i>	CTC application ID
<i>cohort</i>	Cohort
<i>subcohort</i>	Subcohort
<i>wave</i>	Panel wave
<i>gndr</i>	Gender
<i>birthyr</i>	Birth year
<i>nationality</i>	Nationality
<i>residence</i>	Place of residence
<i>schemeappl</i>	Funding scheme applied for
<i>eccellenza</i>	Type of Eccellenza grant
<i>discipline</i>	Discipline of application
<i>domain</i>	Research domain of application
<i>institutionplace</i>	Place of current research institution
<i>institutionrank</i>	Ranking of current research institution
<i>resubmission</i>	Application is a resubmission
<i>withdrawal</i>	Application withdrawn
<i>commission</i>	ID of responsible research commission
<i>commissionmeet</i>	Commission meeting took place before last survey access
<i>funding</i>	Positive funding decision
<i>grade</i>	Grading of application
<i>decisiondate</i>	Date of funding decision
<i>lot</i>	Decision by drawing lots
<i>grantduration</i>	Duration of grant in months
<i>grant</i>	Amount of grant (CHF): total
<i>grantscholarship</i>	Amount of grant in CHF: scholarship (personal salary)
<i>grantresearchfunds</i>	Amount of grant in CHF: research funds
<i>grantresearchcosts</i>	Amount of grant in CHF: research costs
<i>grantcongress</i>	Amount of grant in CHF: congress costs
<i>grantregistration</i>	Amount of grant in CHF: registration fees
<i>granttravel</i>	Amount of grant in CHF: travel costs
<i>grantequipment</i>	AmountGranted
<i>grantsalary</i>	AmountGranted
<i>grantsocial</i>	AmountGranted
<i>grantchild</i>	Amount of grant in CHF: child benefits
<i>grantthird</i>	Amount of grant in CHF: third-party funds
<i>grantreduction</i>	AmountGranted
<i>status</i>	Participation status
<i>nopartreas</i>	Reason for non-participation
<i>noinvitreas</i>	Reason why not invited

<i>empl</i>	Currently engaged in paid employment
<i>notemplstart</i>	Non-employed since
<i>notemplreas</i>	Why not employed
<i>notemplreaso</i>	Why not employed: other
<i>jobnum</i>	One or several jobs
<i>occup</i>	Occupation: ISCO-08
<i>profstatus</i>	Current professional status
<i>emplnum</i>	Number of employees
<i>supervis</i>	Supervisory function
<i>supervisnum</i>	Number of subordinates
<i>budget</i>	Budget responsibility
<i>budgetnum</i>	Current annual budget in CHF
<i>emplstart</i>	Current (primary) job: start date
<i>emplplace</i>	Place of employment
<i>sector</i>	Economic sector of current job
<i>contract</i>	Permanent or fixed-term contract
<i>contractnum</i>	Contract duration in months
<i>workhreport</i>	Must report working hours to employer
<i>overtimetime</i>	Overtime compensation: yes, by taking time off
<i>overtimepay</i>	Overtime compensation: yes, by claiming extra pay
<i>overtimeno</i>	Overtime compensation: no
<i>workperc</i>	Contractual work-time percentage (total)
<i>workpercmain</i>	Contractual work-time percentage (in primary job)
<i>workpercoth</i>	Contractual work-time percentage in other job(s)
<i>workh</i>	Typical weekly working hours (total)
<i>workhmain</i>	Typical weekly working hours (in primary job)
<i>workhcoth</i>	Typical weekly working hours in other job(s)
<i>inc</i>	Annual gross earnings and extra income in CHF (total)
<i>incmain</i>	Annual gross earnings (in primary job) in CHF
<i>incoth</i>	Annual gross earnings other job(s) in CHF
<i>incextra</i>	Annual extra income in CHF
<i>research</i>	Academic research in current job
<i>mandate</i>	Mandated or commercial research in current job
<i>instit</i>	Type of research institution
<i>instito</i>	Type of research institution: other
<i>position</i>	Position in research institution
<i>positiono</i>	Position in research institution: other
<i>fingrantsnsf</i>	Share of job financing: individual grant from SNSF
<i>fingrantoth</i>	Share of job financing: individual grant not from SNSF
<i>finprojsnsf</i>	Share of job financing: research project funded by SNSF
<i>finprojo</i>	Share of job financing: research project not funded by SNSF

<i>finnothird</i>	Share of job financing: university, (university) hospital, research institution
<i>finmandate</i>	Share of job financing: mandated/commercial research project
<i>finbusiness</i>	Share of job financing: funding by a business or industry
<i>finoth</i>	Share of job financing: other financial source
<i>taskcourse</i>	Additional task: giving/assisting courses
<i>tasksupervisbama</i>	Additional task: supervision of bachelor/master theses
<i>tasksupervisphd</i>	Additional task: supervision of doctoral/PhD theses
<i>taskboardin</i>	Additional task: duties in boards/commissions at host institution
<i>taskboardext</i>	Additional task: duties in boards/commissions outside host institution
<i>taskreviews</i>	Additional task: reviewing for journals, conferences, or funding institutions
<i>taskconf</i>	Additional task: conference organization
<i>taskno</i>	Additional task: none of these
<i>activityres</i>	Share of research in current academic job(s)
<i>activityteach</i>	Share of teaching in current academic job(s)
<i>activityadmin</i>	Share of administrative duties in current academic job(s)
<i>activityclin</i>	Share of clinical activities in current academic job(s)
<i>activityoth</i>	Share of other activities in current academic job(s)
<i>rvisithome</i>	Research visits: yes, in the same country
<i>rvisithomenum</i>	Research visits in same country: months
<i>rvisitabroad</i>	Research visits: yes, in another country
<i>rvisitabroadnum</i>	Research visits in other country: months
<i>rvisitno</i>	Research visits: no
<i>phdstart</i>	Start date of PhD
<i>phdend</i>	End date of PhD
<i>phddiscipline</i>	Discipline of PhD
<i>phddomain</i>	Research domain of PhD
<i>phdunirank</i>	Ranking of university from which PhD was received
<i>phdplace</i>	Place in which PhD was awarded
<i>phdtype</i>	Type of doctoral degree
<i>phdformat</i>	Format of dissertation
<i>phdformatnum</i>	Format of dissertation: number of papers
<i>phdformatoth</i>	Format of dissertation: other
<i>phdgrade</i>	PhD grade
<i>phdprize</i>	Received prize for dissertation
<i>phdincgrant</i>	Income during PhD: individual grant
<i>phdincproj</i>	Income during PhD: employment within project
<i>phdincassist</i>	Income during PhD: position as assistant or similar
<i>phdincmed</i>	Income during PhD: employment as medical resident
<i>phdincemplrdoc</i>	Income during PhD: external employment related to PhD

<i>phdincemplnrdoc</i>	Income during PhD: external employment unrelated to PhD
<i>phdincloan</i>	Income during PhD: loan
<i>phdincfam</i>	Income during PhD: family, partner, friends etc.
<i>phdincoth</i>	Income during PhD: other
<i>phdincothspec</i>	Income during PhD: other
<i>phdincno</i>	Income during PhD: none
<i>phdvisithome</i>	Research visits during PhD: yes, in same country
<i>phdvisitabroad</i>	Research visits during PhD: yes, in another country
<i>phdvisitno</i>	Research visits during PhD: no
<i>histempl</i>	Employment between PhD and current situation
<i>histemplphd</i>	Job(s) in same institution as PhD
<i>histemplphdnum</i>	Job(s) in same institution as PhD: months
<i>histemplhome</i>	Job(s) in same country as PhD
<i>histemplhomenum</i>	Job(s) in same country as PhD: months
<i>histemplabroad</i>	Job(s) in another country than PhD
<i>histemplabroadnum</i>	Job(s) in another country than PhD: months
<i>histcontract</i>	Fixed-term or permanent contract(s)
<i>histemplrate</i>	Working full-time or part-time
<i>histnotempl</i>	Non-employment between PhD and current situation
<i>histnotemplnum</i>	Non-employment between PhD and current situation: months
<i>histnotempledu</i>	Why not employed: education
<i>histnotemplfam</i>	Why not employed: family obligations
<i>histnotempltrav</i>	Why not employed: travelling/language stay
<i>histnotemplhealth</i>	Why not employed: health problems
<i>histnotempljobs</i>	Why not employed: transition between jobs
<i>histnotemplunempl</i>	Why not employed: unemployment
<i>histnotemplloth</i>	Why not employed: other
<i>histnotemplothspec</i>	Why not employed: other
<i>impsecjob</i>	How important: have a secure job
<i>impsalary</i>	How important: earn a high salary
<i>impcareerprosp</i>	How important: have good career prospects
<i>impprestige</i>	How important: work at a prestigious institution
<i>impcolleg</i>	How important: work together with renowned colleagues
<i>impinfra</i>	How important: good equipment and infrastructure
<i>impcntry</i>	How important: work in the same country as now
<i>imppart</i>	How important: be able to work part-time
<i>impworklife</i>	How important: reconcile work and family life
<i>impothact</i>	How important: reconcile work with other activities
<i>impexp</i>	How important: work within area of expertise
<i>impqualif</i>	How important: use specialist qualifications at work
<i>impidea</i>	How important: put own ideas into practice
<i>impview</i>	How important: have work that corresponds to own views

<i>impdevelop</i>	How important: develop myself further in my subject area at work
<i>impcareercont</i>	How important: continue my academic career
<i>aspiration</i>	Position aspired to in future career
<i>aspirationoth</i>	Aspired position in future career: other
<i>sciecentr</i>	Scientific work is a central part of my life
<i>sciedemands</i>	Confident to meet the demands of an academic career
<i>sciecommit</i>	Strong commitment to scientific work
<i>sciemostimp</i>	Most important experiences are related to scientific work
<i>partner</i>	Has a partner
<i>marital</i>	Marital status
<i>children</i>	Has children
<i>childrennum</i>	Number of children
<i>child1</i>	Birth year of 1st child
<i>child2</i>	Birth year of 2nd child
<i>child3</i>	Birth year of 3rd child
<i>child4</i>	Birth year of 4th child
<i>child5</i>	Birth year of 5th child
<i>child6</i>	Birth year of 6th child
<i>child7</i>	Birth year of 7th child
<i>child8</i>	Birth year of 8th child
<i>child9</i>	Birth year of 9th child
<i>livsitpartner</i>	Who else lives in household: spouse/partner
<i>livsitchildren</i>	Who else lives in household: children
<i>livsitadult</i>	Who else lives in household: other adults
<i>livsitalone</i>	Who else lives in household: no one
<i>chores</i>	Responsibility for domestic work in household
<i>childcarediv</i>	Division of childcare responsibility
<i>childcarenum</i>	Number of childcare half-days
<i>childcarefam</i>	Who else looks after children: other family or household members
<i>childcareext</i>	Who else looks after children: external day care/day school
<i>childcarenanny</i>	Who else looks after children: au-pair or nanny
<i>childcarebabys</i>	Who else looks after children: babysitter
<i>childcareoth</i>	Who else looks after children: other
<i>childcareothspec</i>	Who else looks after children: other
<i>childcareno</i>	Who else looks after children: no one else
<i>carechild</i>	Caring responsibilities: care for children
<i>carelder</i>	Caring responsibilities: elder care
<i>caredisab</i>	Caring responsibilities: care for adults with disabilities
<i>careoth</i>	Caring responsibilities: other
<i>careothspec</i>	Caring responsibilities: other
<i>careno</i>	Caring responsibilities: none
<i>lifesat</i>	General life satisfaction

<i>worklife</i>	Satisfaction with work-life balance
<i>mother</i>	Highest educational degree of mother
<i>father</i>	Highest educational degree of father
<i>covid19</i>	Answer questions on the effect of COVID-19 on professional and personal life
<i>cmeasures</i>	Extraordinary measures against COVID-19 in the place currently living
<i>cworkempl</i>	Engaged in paid employment during the period of COVID-19 measures: yes
<i>cworkshort</i>	Engaged in paid employment during the period of COVID-19 measures: on short-time
<i>cworknotempl</i>	Engaged in paid employment during the period of COVID-19 measures: no
<i>ccontract</i>	Work contract terminated due to COVID-19 crisis
<i>cworkhomemeas</i>	How often worked from home during period of COVID-19 measures
<i>cworkhomebef</i>	How often worked from home before period of COVID-19 measures
<i>cworkhomecur</i>	How often currently work from home
<i>cproductivity</i>	Effect of COVID-19 measures on work productivity
<i>cworktime</i>	Change of actual work time due to COVID-19 measures
<i>cworkschmorneve</i>	Changed work schedule due to COVID-19 measures: early mornings/late evenings
<i>cworkschwend</i>	Changed work schedule due to COVID-19 measures: weekend/holidays
<i>cworkschoth</i>	Changed work schedule due to COVID-19 measures: other
<i>cworkschothspec</i>	Changed work schedule due to COVID-19 measures: other
<i>cworkschno</i>	Changed work schedule due to COVID-19 measures: no
<i>cimpactconf</i>	Impact on research activities: one or more conferences were cancelled
<i>cimpactlab</i>	Impact on research activities: lab was closed
<i>cimpactcoll</i>	Impact on research activities: collaboration could not be continued/started
<i>cimpactproj</i>	Impact on research activities: new research project was delayed/cancelled
<i>cimpactres</i>	Impact on research activities: current research was delayed/interrupted
<i>cimpactappl</i>	Impact on research activities: missed deadlines for project applications
<i>cimpactpubli</i>	Impact on research activities: published less than planned
<i>cimpactrvisit</i>	Impact on research activities: had to cancel/postpone a research visit

<i>cimpactoth</i>	Impact on research activities: other
<i>cimpactothspec</i>	Impact on research activities: other
<i>cimpactno</i>	Impact on research activities: no
<i>ccareer</i>	Impact on future career
<i>crescov</i>	Conduct research on COVID-19
<i>cchores</i>	Effect on duties: domestic work
<i>cchildcare</i>	Effect on duties: childcare
<i>clearning</i>	Effect on duties: supporting child/children in (distance) learning
<i>cchoresdiv</i>	Effect on division of domestic work
<i>cchildcarediv</i>	Effect on division of childcare
<i>ccare</i>	Have to take extra time off work due to care responsibilities
<i>nonrespweight</i>	IP weight for unit nonresponse at Base Survey
<i>nonrespweight_std</i>	IP weight for unit nonresponse at Base Survey, population standardized

#### **A.4 List of variables in auxiliary data set**

<i>IDperson</i>	CTC person ID
<i>IDapplication</i>	CTC application ID
<i>grade_raw</i>	Grading of application
<i>missing</i>	Percentage of missing values
<i>invitation</i>	Date and time of invitation email
<i>reminder1</i>	Date and time of 1st reminder email
<i>reminder2</i>	Date and time of 2nd reminder email
<i>reminder3</i>	Date and time of 3rd reminder email
<i>remindernum</i>	Number of reminder emails
<i>surveystart</i>	Date and time of first survey access
<i>surveyend</i>	Date and time of last survey access
<i>lastpage</i>	Last viewed page
