

# Review day 1 and program day 2

RTB Seed System Toolbox Course:  
26, 28, 29 July 2021

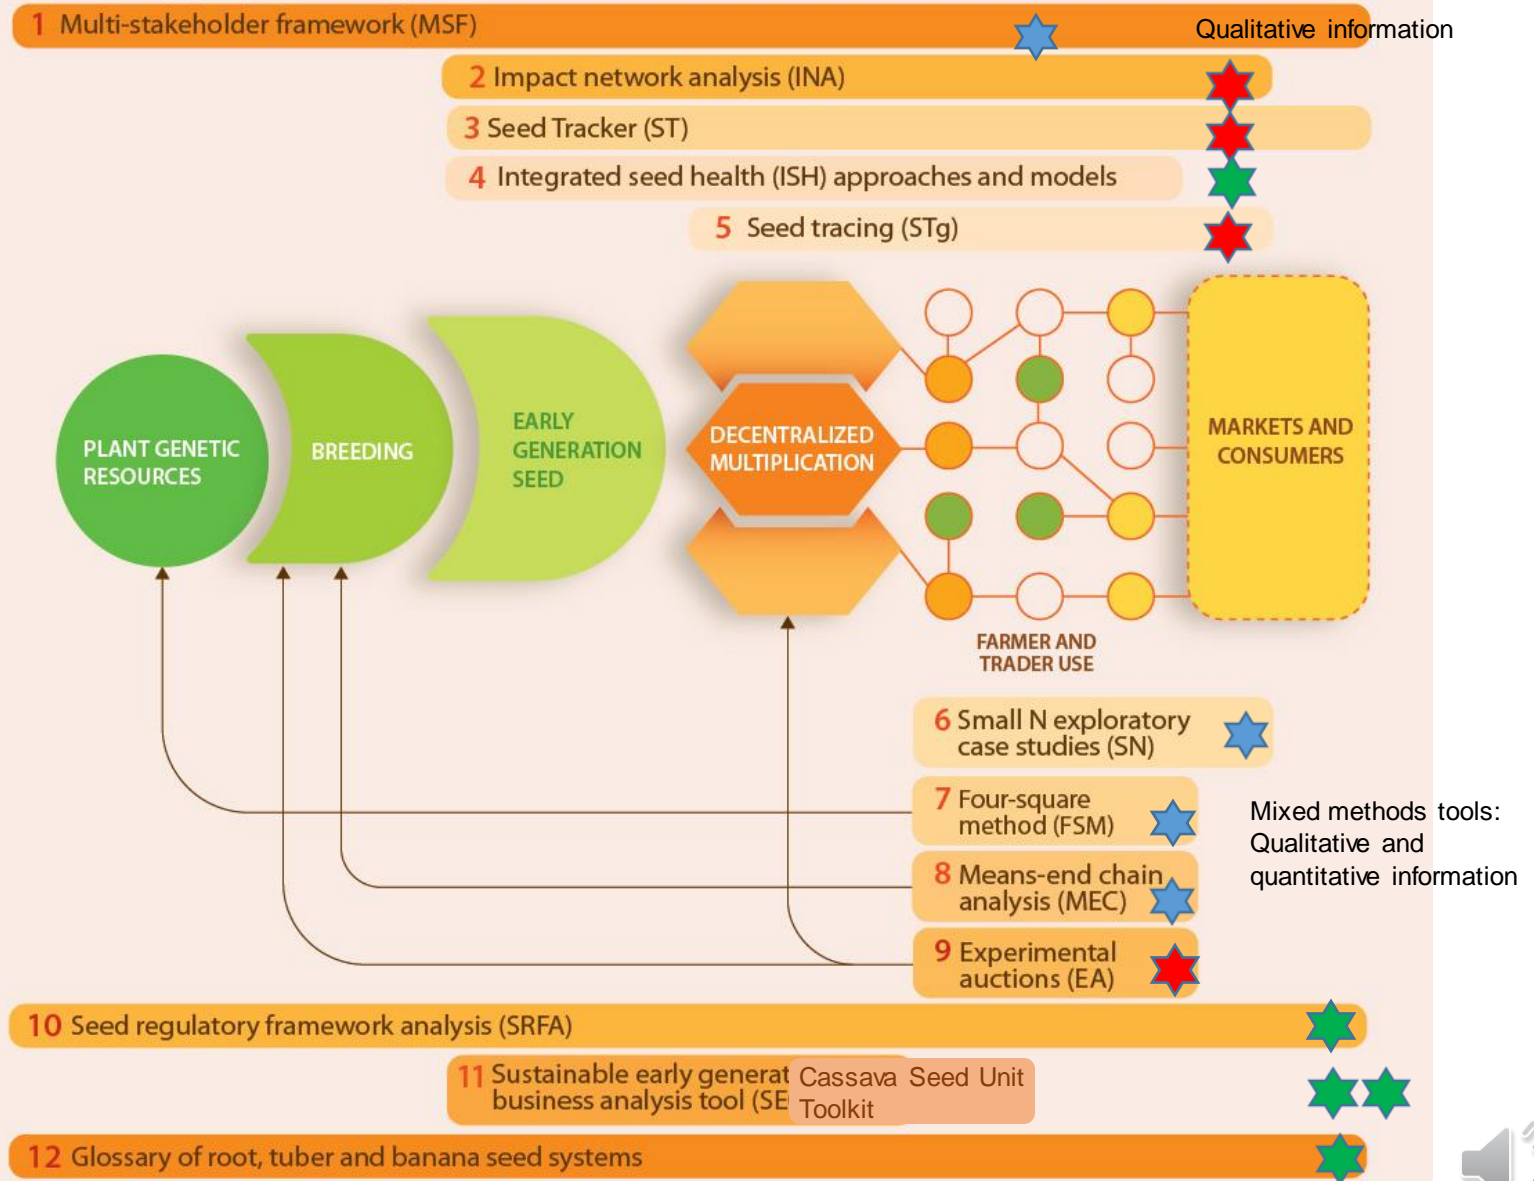

Conny J.M. Almekinders, Margaret A. McEwan, Jorge L. Andrade-Piedra

# Seed system complexity – The RTB Toolbox

# Entry point: Seed value chain

# Entry point: Seed value chain

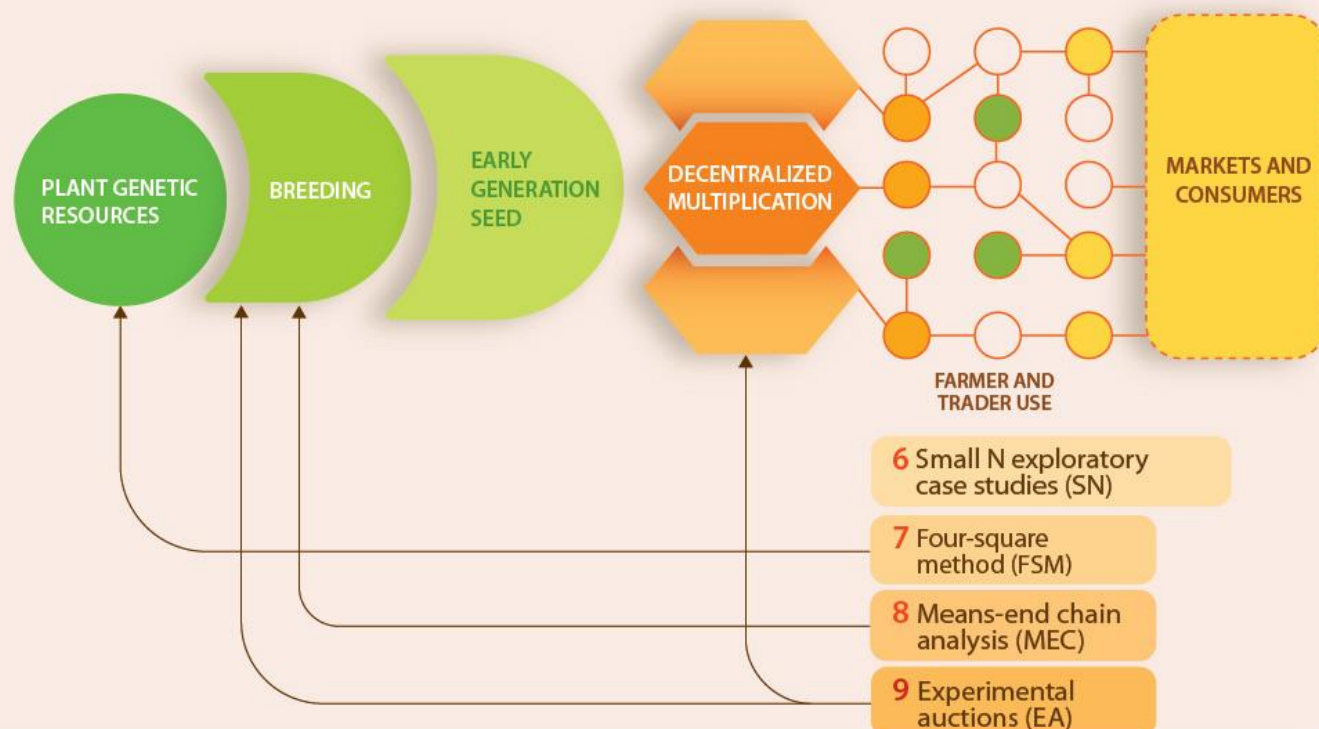

1 Multi-stakeholder framework (MSF)

2 Impact network analysis (INA)

3 Seed Tracker (ST)

4 Integrated seed health (ISH) approaches and models

5 Seed tracing (STg)

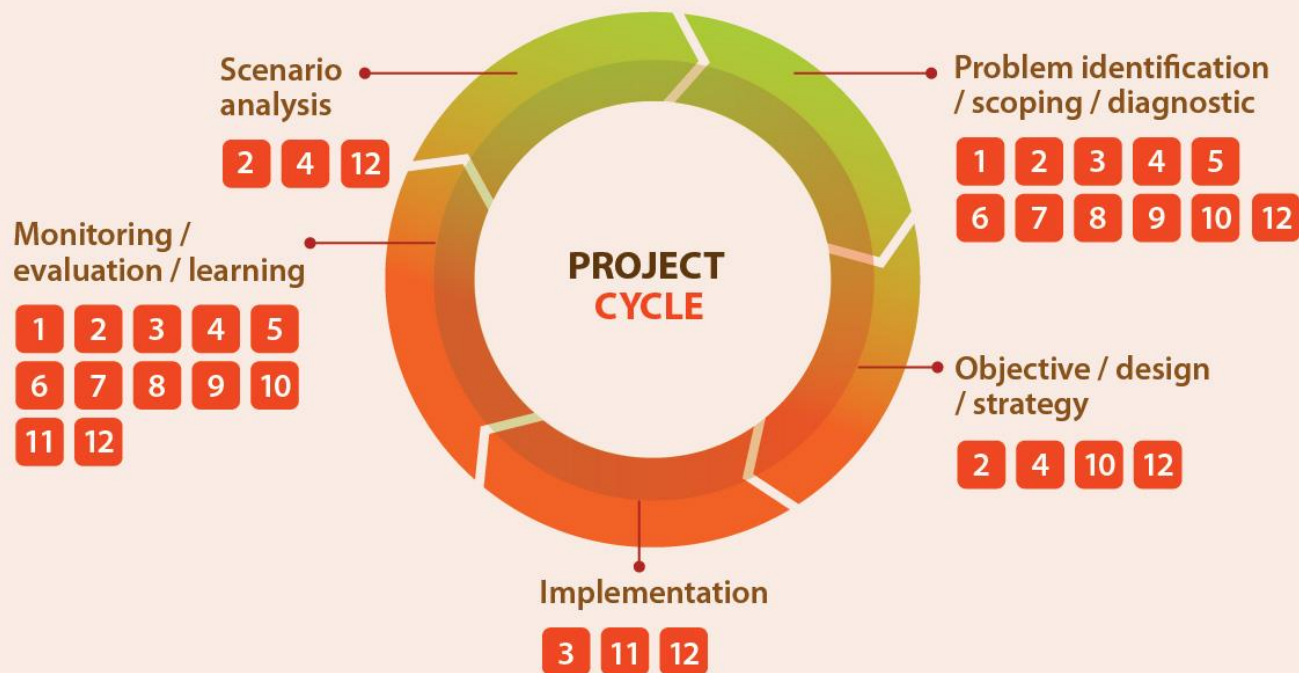

10 Seed regulatory framework analysis (SRFA)

11 Sustainable early generation business analysis tool (SE Toolkit) Cassava Seed Unit

12 Glossary of root, tuber and banana seed systems

# Entry point: Project cycle

1. Multi-stakeholder framework (MSF)
2. Impact network analysis (INA)
3. Seed Tracker (ST)
4. Integrated seed health (ISH) approaches and models
5. Seed tracing (STg)
6. Small N exploratory case study (SN)
7. Four-square method (FSM)
8. Means-end chain analysis (MEC)
9. Experimental auctions (EA)
10. Seed regulatory framework analysis (SRFA)
11. Sustainable early generation seed business analysis tool (SEGSBAT)
12. Glossary of root, tuber and banana seed systems

# Building sustained capacity for using the tools and applying new knowledge in designing seed systems

## Workshop 1: July 26, 28, 29

- Tools are presented:

## Field work: August and September

- Four national teams use at least one tool in real-life conditions

## Workshop 2: October 25, 27, 28

- Teams present and discuss the results of field work
- Teams prepare a report and a proposal

# Building sustained capacity for using the tools and applying new knowledge in designing seed systems

## Workshop 1: July 26, 28, 29

- Tools are presented:

## Field work: August and September

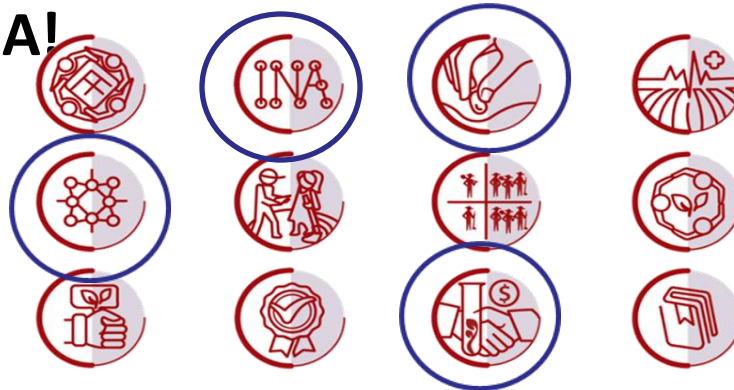

- Four national teams use at least one tool in real-life conditions

## Workshop 2: October 25, 27, 28

- Teams present and discuss the results of field work
- Teams prepare a report and a proposal

# For today

- Visit [www.toolbox4seedsystems](http://www.toolbox4seedsystems)
- Think about **seed system** aspects you like to understand
- Please share your **questions** on the tools with us in the Q& A!
