NOTE:

Presentations of the collaborators of the Institute for Educational Research are the results of the projects "From encouraging initiative, cooperation and creativity in education to new roles and identities in society" (No. 179034) and "Improving the quality and accessibility of education in modernization processes in Serbia" (No. 47008), which are financially supported by the Ministry of Education, Science and Technological Development of the Republic of Serbia (2011–2019).

NASTAVA RETORIKE U OSNOVNOJ ŠKOLI: DO MODERNIZACIJE DRUŠTVA KLASIČNIM TEHNIKAMA I PRAKSOM

Janja Žmavc*

Pedagoški Institut, Ljubljana, Slovenija

U radu ćemo predstaviti karakteristike nastave retorike kao obavezog izbornog predmeta u devetom razredu osnovne škole u Sloveniji. Ovaj predmet predstavlja jedinstveni obrazovni element jer u drugim evropskim obrazovnim sistemima (kao ni i drugde u svetu) nisu na osnovnoškolskom nivou upoznati s nezavisnim predmetom koji bi učenike sistematski učio principima uspešnog ubeđivanja sagovornika. Nakon kratkog predstavljanja okolnosti uvođenja predmeta retorike u školski program slovenačkih osnovnih škola, predstavice ćemo njegove pedagoške karakteristike i ukazaćemo na neke specifičnosti njegovog praktičnog sprovođenja od 1999. godine do danas. Glavni fokus u drugom delu našeg rada biće predstavljanje rezultata projekta „Razvoj teorijskih osnova i praktičnih smernica za nastavu retorike u osnovnoj i srednjoj školi“ koji se od 2018. godine realizuje u Pedagoškom institutu u Ljubljani. Prikazaćemo osnovne (sadržajne i didaktičke) pravce razvoja nove verzije nastavnog plana i programa za nastavu retorike u osnovnoj školi. Ovim nastojimo da pokažemo kako retorika, kao sastavni deo osnovnog obrazovanja, ne predstavlja dodatni balast ili teret, već da, upravo zbog svojih jedinstvenih (tj. klasičnih) karakteristika, omogućava kritički osrv na znanje i podstiče demokratske procese u školskoj sredini, što predstavlja jedan od ključnih elemenata razvoja učeničkih kompetencija za efikasno učeće u savremenim demokratskim kulturama.

Ključne reči: obrazovanje, osnovna škola, klasična retorika, demokratsko društvo.

TEACHING RHETORIC IN PRIMARY SCHOOL – TOWARDS MODERNIZATION OF SOCIETY WITH CLASSICAL TECHNIQUES AND PRACTICES

Janja Žmavc*

Educational Research Institute, Ljubljana, Slovenia

In the paper, we shall present the characteristics of teaching rhetoric as a compulsory elective subject in the ninth grade of elementary school in Slovenia. It represents a unique education feature, since in other European educational systems (as well as elsewhere in the world) at elementary level they are not familiar with an independent subject where pupils could systematically learn the principles of successful public persuasion. After a brief presentation of the circumstances surrounding the placement of the subject of rhetoric in the Slovenian elementary school curriculum, we shall outline its pedagogical characteristics and present some particularities of its practical carrying out from 1999 to the present day. The main focus in the second part of our paper shall be the presentation of the results of the project "Developing of theoretical bases and practical guidelines for teaching rhetoric in the primary and secondary school" which has been taking part at the Educational Research Institute Slovenia from 2018. We will demonstrate the main (content and didactic) directions of developing a new version of the curriculum for teaching rhetoric in the primary school, thus trying to show that rhetoric, seen as an integral part of the elementary education, does not represent an additional ballast or burden. On the contrary, precisely because of its unique (i.e. classical) features, it enables a critical reflection of knowledge and promotes democratic processes within the school environment, which represent one of the key elements in development of student competences for effective participation in modern democratic cultures.

Keywords: education, primary school, classical rhetoric, democratic citizenship.
