There are errors in the Data Availability statement. The correct statement is: The expression array data are freely available in the GEO website (The accession number is GSE65986 in GEO website (<http://www.ncbi.nlm.nih.gov/geo/query/acc.cgi?acc=GSE65986>)). The SNP array data are available from NBDC (National Bioscience Database Center) website under controlled access (<http://biosciencedbc.jp/en/>). The NBDC number is hum0030, and the JGA (Japanese Genotype-phenotype Archive) accession number is JGA00000000022.
