ACADEMIC CALENDAR

Summer Quarter 2017

Enrollment for graduate students, seniors, and veterans	May 22 - 28
Open enrollment	May 30 - June 23
New student orientation, 6 p.m.	June 23
Clusters begin, 6 p.m.	July 3 - 6
Independence Day-no classes held	July 4
Individual, science lab, and 3-credit hour classes begin, 6 p.m.	July 10 - 14
Last day to choose an audit	July 21
Midterm grades due, 5 p.m.	August 18
Last day to withdraw from a class with "W"	August 25
Labor Day holiday-no classes held	September 4
Deadline for making up Incomplete grades from previous term	September 23
Quarter ends	September 23
Final grades due, 5 p.m.	September 25

Fall Quarter 2017

Enrollment for graduate students, seniors, and veterans	August 14 – 20
Open enrollment	August 21 – September 22
New student orientation, 6 p.m.	September 22
Clusters begin, 6 p.m.	September 25 – 28
Individual, science lab, and 3-credit hour classes begin, 6 p.m.	October 2 – 6
Last day to choose an audit	October 13
Midterm grades due, 5 p.m.	November 10
Last day to withdraw from a class with "W"	November 17
Thanksgiving holiday—no classes held	November 22 – 24
St. Charles commencement ceremony, noon	December 16
Quarter ends	December 16
Deadline for making up Incomplete grades from previous term	December 16
Final grades due, 5 p.m.	December 18
Lindenwood residential quarter/graduate housing closes, 6 p.m.	December 22
Deadline to apply for March, May, June graduation	December 30

Winter Quarter 2018

Enrollment for graduate students, seniors, and veterans	November 13 – 26
Open enrollment	November 27 – December 21
New student orientation, 6 p.m.	December 8
Clusters begin, 6 p.m.	January 2 – 4
Individual, science lab, and 3-credit hour classes begin, 6 p.m.	January 8 – 12
Martin Luther King Day—no classes held	January 15
Last day to choose an audit	January 19
Midterm grades due, 5 p.m.	February 16
Last day to withdraw with "W"	February 23
Deadline for making up Incomplete grades from previous term	March 24
Quarter ends	March 24
Final grades due, 5 p.m.	March 26
Spring Break	March 26 – 30
Deadline to apply for September graduation	March 30

Spring Quarter 2018

Enrollment for graduate students, seniors, and veterans	February 19 – 25
Open enrollment	February 26 – March 29
New student orientation, 6 p.m.	March 23
Good Friday—no classes held	March 30
Clusters begin, 6 p.m.	April 2 – 5
Individual, science lab, and 3-credit hour classes begin, 6 p.m.	April 9 – 13
Last day to choose an audit	April 20
Graduate student commencement, 7 p.m.	May 4
Undergraduate commencement, 10 a.m.	May 5
Midterm grades due, 5 p.m.	May 18
Last day to withdraw with “W”	May 25
Memorial Day—no classes held	May 28
Deadline to apply for December graduation	May 30
Deadline for making up Incomplete grades from previous term	June 23
Quarter ends	June 23
Final grades due, 5 p.m.	June 25

INTRODUCTION

The School of Accelerated Degree Programs was founded in 1975 under the name Lindenwood College for Individualized Education (LCIE). Our school has a rich history focused on helping adult students attain their educational goals while managing jobs, families, and community service obligations. Our goal is, and always has been, enhancing the educational experience we provide for our students. To this end, we continually work to update our curriculum in all academic disciplines, improve our instructional methods, and enhance our student services.

This catalog contains descriptions of the undergraduate and graduate programs offered by the School of Accelerated Degree Programs. All statements in this publication concerning policies, program requirements, fees, and other matters are subject to change without notice. The statements in this catalog are for informational purposes only and should not be viewed as the basis of a contract between a student and the university.

History

Lindenwood University was founded in 1827 by pioneering educators Mary Easton Sibley and George Sibley. The Sibleys sought to establish an institution that educated students across disciplinary fields, provided a solid core curriculum, and promoted the desire to serve the community. The Sibleys envisioned a college that would educate the “whole person” by encouraging students to pursue the liberal arts as well as focused studies. Their vision survives to this day.

Mission Statement

Lindenwood University offers values-centered programs leading to the development of the whole person—an educated, responsible citizen of a global community. Lindenwood is committed to

- Providing an integrative liberal arts curriculum.
- Offering professional and pre-professional degree programs.
- Focusing on the talents, interests, and future of the student.
- Supporting academic freedom and the unrestricted search for truth.
- Affording cultural enrichment to the surrounding community.
- Promoting ethical lifestyles.
- Developing adaptive thinking and problem-solving skills.
- Furthering lifelong learning.

Lindenwood is an independent, public-serving liberal arts university that has a historical relationship with the

Presbyterian Church and is firmly rooted in Judeo-Christian values. These values include belief in an ordered, purposeful universe, the dignity of work, the worth and integrity of the individual, the obligations and privileges of citizenship, and the primacy of the truth.

Institutional Learning Outcomes

Lindenwood University is committed to preparing its graduates for a world of increasing complexity, innovation, and change. Accordingly, developing and demonstrating the following Institutional Learning Outcomes (ILOs) is central to the educational spectrum at Lindenwood.

ILO-1 Lindenwood graduates have broad, integrative, and specialized knowledge.

- 1.1 Human Cultures and the Physical and Natural World: Lindenwood students understand human cultures and the physical and natural world.
- For undergraduate students, ILO 1.1 includes the following components:
 - 1.1.1 Natural Sciences: Lindenwood graduates understand scientific concepts and/or methods of scientific inquiry.
 - 1.1.2 Mathematics/Numeracy: Lindenwood graduates understand mathematical concepts, problem-solving, and/or connections.
 - 1.1.3 Social Sciences: Lindenwood graduates understand accepted theories and/or concepts in the designated field.
 - 1.1.4 Literature: Lindenwood graduates understand literary elements, including style, tone, genre, mode, plot, character, and theme.
 - 1.1.5 Philosophy: Lindenwood graduates understand philosophical works, perspectives, questions, and/or traditions.
 - 1.1.6 Religion: Lindenwood graduates understand religious perspectives and/or traditions.
 - 1.1.7 US History and Government: Lindenwood graduates understand historical and/or political perspectives about the United States.
 - 1.1.8 World History: Lindenwood graduates understand world history, including change over time, causation, context, and/or the roles of contingency and complexity.
 - 1.1.9 Foreign Language: Lindenwood graduates understand language, traditions, histories, and/or literary texts specific to the culture being studied.
 - 1.1.10 Foreign Culture: Lindenwood graduates understand aesthetic, political, economic, religious, social, and/or historical traditions of non-United States cultures.

- 1.1.11 Arts: Lindenwood graduates understand artistic techniques, processes, principles, forms, structures, functions, traditions, histories, and/or relationships.
- 1.1.12 Communication: Lindenwood graduates understand communications methodology, theory, and technology including compositional strategies and rhetorical structures appropriate to various contexts and media.
- 1.2 Integrated Perspectives: Lindenwood graduates have integrated perspectives.
- 1.3 Specialized Knowledge: Lindenwood graduates have specialized knowledge.

ILO-2 Lindenwood graduates have essential habits of mind.

- 2.1 Ethical Reasoning: Lindenwood graduates can reason ethically.
- 2.2 Adaptive Thinking: Lindenwood graduates can think adaptively.
- 2.3 Critical Thinking: Lindenwood graduates can think critically.
- 2.4 Innovative Thinking: Lindenwood graduates can think innovatively.
- 2.5 Diverse Perspectives: Lindenwood graduates can apply diverse perspectives.
- 2.6 Civic Responsibility: Lindenwood graduates can apply principles of responsible citizenship.

ILO-3 Lindenwood graduates have communicative fluency.

- 3.1 Written Communications: Lindenwood graduates are effective writers.
- 3.2 Spoken Communications: Lindenwood graduates are effective speakers.
- 3.3 Digital Communications: Lindenwood graduates can communicate effectively and ethically in a digitally connected world.
- 3.4 Quantitative Representations: Lindenwood graduates can support communications with quantitative evidence.

ILO-4 Lindenwood graduates have effective problem-solving skills.

- 4.1 Strategy: Lindenwood graduates can solve problems strategically.
- 4.2 Collaboration: Lindenwood graduates can solve problems collaboratively.

Commitments

Assessment

The faculty, administration, and staff of Lindenwood University are dedicated to sustaining excellent educational programs and learning environments. Therefore, we are also committed to mission-based, comprehensive, and data-driven assessment for the purpose of continuous institutional improvement and effectiveness.

Given the above commitment, the Culture of Continuous Improvement statement below serves as a compass in guiding our assessment and continuous improvement efforts. The statement describes the type of institutional culture that is needed to live out that commitment.

A Culture of Continuous Improvement: Defining Characteristics

1. The institution publicly affirms its commitment to effectiveness and continuous improvement and, in so doing, recognizes the need for accountability to its stakeholders.
2. The institution values effectiveness and continuous improvement in all facets and levels of its operations (e.g., individual professional development, classroom teaching and learning, program review, measurement of graduate success, student and employee satisfaction, governance).
3. Comprehensive and integrative assessment is conducted for the purpose of continuous improvement.
4. The leadership of the institution understands, values, and provides strong support for efforts related to assessment and continuous improvement.
5. Assessment *for* learning and *of* learning are valued, supported, and recognized.
6. Efforts to improve teaching are valued, supported, and recognized.
7. All aspects of the assessment process are conducted with a spirit of collaboration among colleagues within all programs and departments. There is collective investment in the commitment to effective teaching and learning and to overall institutional effectiveness.
8. Both faculty and staff value inquiry and the important role of evidence in the decision-making processes associated with continuous improvement. Multiple

forms of direct and indirect evidence are used to make decisions annually.

9. Assessment processes and results are integrated within the institution's planning and budgeting processes – the institution commits the necessary resources to support its assessment program, and assessment results inform both planning and budgeting.
10. The institution understands the critical importance of sustainable and transparent assessment practices, including documenting and sharing intended outcomes and objectives, appropriate methods of assessment, the results of assessment, and initiatives to “close the loop” wherein the results are used for continuous improvement.

Notice of Non-discrimination

Lindenwood University does not discriminate on the basis of race, color, national origin, age, sex, sexual orientation, pregnancy, religion, disability, veteran status, or other protected status protected under applicable federal or state law. This policy extends to its admissions, employment, activities, treatment, educational programs, and services.

Lindenwood University is committed to a policy of non-discrimination. Any kind of discrimination, harassment, intimidation, or retaliation is unacceptable. For the purpose of this policy, discrimination, harassment, intimidation, or retaliation may be defined as any attempt on the part of individuals, groups, or recognized campus organizations to deny an individual or group those rights, freedoms, or opportunities available to all members of the Lindenwood University community.

The following persons have been designated to handle inquiries regarding Lindenwood University's non-discrimination policies: Kelly Moyich, Title IX coordinator, kmoyich@lindenwood.edu, 636-255-2275, 209 S. Kingshighway, Spellmann Center 3175, St. Charles, MO 63301; Annie Reis, deputy Title IX coordinator, areis@lindenwood.edu, 618-239-6037, 2600 W. Main St., Lynx Arena 12, Belleville, IL 62226; Dr. Shane Williamson, associate vice president and dean of students, swilliamson@lindenwood.edu, 636-949-4728, 209 S. Kingshighway, Evans Commons 3010, St. Charles, MO 63301; Dr. Thomas Trice, dean of students, ttrice@lindenwood.edu, (618) 671-6130, 200 W. Main St., Old Main Hall 208, Belleville, IL 62226; and Dr. Deb Ayres, vice president for human resources, dayres@lindenwood.edu; 636-949-4405, 209 S. Kingshighway, Stumberg Hall 9, St. Charles, MO 63301. Jeremy Keye, student support and accessibility coordinator, jkeye@lindenwood.edu, 636-949-4510, 209 S. Kingshighway, Memorial Arts Building 10, St. Charles, MO 63301, and S. Veronica Spates, testing center and ADA compliance coordinator, svspates@lindenwood.edu, 618-239-6095, 2600 W. Main St., Alan J. Dixon Center D100, Belleville, IL 62226, have been designated to handle inquiries regarding Lindenwood University's disability services. Any person may also direct inquiries to the U.S. Department of Education's Office for Civil Rights. Lindenwood University is an Equal Opportunity Employer.

Lindenwood University complies with the Civil Rights Act of 1964, as amended; the Equal Pay Act of 1963; the Age Discrimination in Employment Act of 1967; the Americans with Disabilities Act of 1990; Drug Free Schools and Communities Act of 1989 (Public Law 101-226) as amended; the Drug-Free Workplace Act of 1988 (Public Law 101-690); the Student Right-to-Know and Campus Security Acts of 1990 (final regulations published 1995, as revised 1999); and the Campus Securities Disclosures Section 485 of the Higher Education Amendments of 1992 (final regulations published 1994, with technical corrections published 1995, as revised 1999); the Equity in Athletics Disclosure Act (the Higher Education Amendments of 1992, as revised in the Amendments of 1998); and the Family Educational Rights and Privacy Act of 1974 (the Buckley Amendment), as amended, including Section 507 of the Patriot Act of 2001 and seeks to provide a healthy, safe, and secure environment for students and employees.

Diversity, Equity, and Inclusion

Lindenwood University is proud of its diverse population, which includes faculty and staff from all corners of the world and students from six continents and over 100 countries. We believe that our diversity and commitment to valuing diversity, both in and out of the classroom, places us on the cutting edge of scholastic and pedagogical innovations, preparing our students to be educated, responsible citizens of a global community. Intentionally, we design our policies and engage in practices such that all stakeholders (whether students, employees, or visitors) will be treated respectfully, fairly, equitably, and with dignity and inclusiveness in the pursuit and achievement of the objectives of their relationship with the university.

Additionally, we strive to ensure the opportunities afforded by the university for learning, personal advancement, and employment are offered to all without discrimination, and that we always provide a safe, supportive, and welcoming environment for all students, employees, and visitors. Upholding a culture of diversity, equity, and inclusion means that we fully understand and accept the fact that people of different cultures, races, colors, genders, ages, qualifications, skills, experiences, religions, orientations, affiliations, sexual orientations, socio-economic backgrounds, abilities, disabilities, or countries of origin are simply fellow human beings who are different and have the right to be different without being mistreated or discriminated against on the basis of their differences. Therefore, all Lindenwood policies, facilities, resources, activities, and privileges, irrespective of individual differences, are made available and accessible to everyone in our community.

At Lindenwood University, we will strive to

- Offer collaborative and integrated academic and sporting programs that provide mutually beneficial experiences (locally and internationally) to our diverse body of students.
- Pursue and promote mutual understanding, respect, and cooperation among our teaching and non-teaching

staff, contractors, suppliers, and visitors to our community who represent the aforementioned differences.

- Respect the knowledge, skills, and experiences that every person in our community brings to the University.
- Design and operate flexible and easily accessible services, facilities, and activities whose procedures appropriately recognize the needs of both the able and disabled.
- Make every effort to ensure that no discrimination occurs among individuals or groups in the daily discharge of the university's work.
- Protect every member of our community against all forms of discrimination.
- Encourage and promote the empowerment and advancement of ethnic and gender minority groups within our community through academic and social activities, offering activities of special interest to them, and affording them equal-opportunity integration within our community.
- Make every effort to ensure that our current and future contractual agreements and obligations fully reflect and embrace our commitment to the philosophy and culture of diversity, equity, and inclusion as delineated in this statement.
- Encourage all faculty and staff members to promote diversity, equity, and inclusion in all locations within our community.

Lindenwood University System

Lindenwood University-St. Charles

The St. Charles, Missouri, campus, located at 209 South Kingshighway in the heart of St. Charles, is a 500-acre site and is the original campus founded by George and Mary Sibley in 1827. Historic buildings grace the tree-lined walks and house classrooms, administrative offices, and student residences.

Lindenwood University-Belleville

The Belleville, Illinois, campus of the Lindenwood University system is a full-service campus offering a wide range of traditional undergraduate degrees, as well as evening undergraduate and graduate programs. Within 15 miles of Downtown St. Louis, Lindenwood-Belleville offers on-campus housing, intercollegiate athletics, campus dining, student activities, as well as modern educational facilities. Complete information on all academic programs at Lindenwood-Belleville may be found at <http://belleville.lindenwood.edu/>.

Note: Students who are admitted at either full-service campus may enroll in classes at the other campus. However, full-time undergraduate students in the day program must always be enrolled in a minimum of 12 credit hours at their home campus.

Program Format

The School of Accelerated Degree Programs provides an accelerated program of study that enables students to make progress toward an undergraduate or graduate degree without relinquishing career, family, and community obligations. Classes are held on a quarterly basis so that students may take up to 36 credit hours per year. Many adults who might not pursue higher education in a traditional setting find that the school's educational philosophy and flexible program provide an ideal learning environment in which to earn a degree or to pursue studies appropriate to personal learning goals. Since its inception, the evening format has maintained a deep commitment to meeting the intellectual and professional needs of adult learners with employment experience.

Extracurricular Life

Students enrolled in the School of Accelerated Degree Programs and commuter students are encouraged to participate in the Lindenwood community beyond the classroom. A well-rounded education includes participation in a variety of experiences that can broaden the student's self-knowledge and knowledge of the community. All students and their families can enjoy a variety of activities sponsored by the university. Students are eligible to receive two free tickets to many of the fine arts student productions, sporting events, and special speakers hosted by the university.

Athletics

Intercollegiate, intramural, and recreational sports are an important part of the Lindenwood extracurricular life. Intramural and recreational sports offer exercise and healthy competition to all students in the community, while intercollegiate athletics provide competitive opportunities within national organizations.

Lindenwood University is a member of NCAA Division II. The university sponsors baseball, basketball, cross country, field hockey, football, golf, women's gymnastics, women's ice hockey, indoor and outdoor track and field, lacrosse, soccer, softball, swimming and diving, tennis, volleyball, and men's wrestling in NCAA Division II.

Intercollegiate athletics programs not associated with the NCAA compete under the Student Life Sports (SLS) umbrella. These programs include billiards, bowling, cheerleading (competitive and sideline), chess, cycling (road, mountain, downhill, Cyclo-cross, and BMX), dance (Lion Line, Lionettes, and Golden Line), ice hockey (men's), roller hockey, rugby, shotgun sports (American and International Trap and Skeet, and Sporting Clays), synchronized skating, synchronized swimming, table tennis, water polo, weightlifting (Olympic), and wrestling (women's).

Lindenwood Student Government

All undergraduate and graduate students are encouraged to participate in Lindenwood Student Government. Lindenwood Student Government works to provide a structure for student expression and self-governance.

Members of student government play a strong role in the academic and administrative decision-making process of the university through representation in various planning committees. For more information about Lindenwood Student Government, visit its office, located in the Student Organization Resource Center on the third floor of Evans Commons or call (636) 627-2538. Students may access the Lindenwood Student Government website by visiting the Student Life page of the Lindenwood website at <http://www.lindenwood.edu/student-life/>. Students can also email questions to LSGPresident@Lindenwood.edu.

LUTV All-Digital Television Channel

Qualified students may conduct practicums in the context of St. Charles County's only higher education television venue. The purpose of the station is to offer learning opportunities for Lindenwood's broadcast students, who operate the station under the supervision of the School of Arts, Media, and Communications faculty. The channel offers original programming designed to provide educational experiences and cultural enrichment. LUTV is available on Charter Cable, AT&T U-Verse and online through the Lindenwood website.

Radio KCLC FM 89.1 (HD-1 and HD-2)

Students may also participate in the operation of the Lindenwood all-digital radio station, KCLC-FM (HD-1), through the School of Communications. A 50,000-watt stereo facility, KCLC is the principal local radio station in St. Charles County and plays a major role in community affairs, providing entertainment programming, local news gathering, and sports broadcasting. KCLC-FM (HD-2) is the secondary digital signal, which provides another format for the community and additional student opportunities. Both stations are available on the Internet.

Religious Life

Lindenwood has a historical relationship with the Presbyterian Church and is firmly rooted in Judeo-Christian values. The university provides an ecumenical environment that respects all religious traditions. The Lindenwood University Newman Center is located at 304 N. Kingshighway. Muslim prayer rooms are located in the Spellmann Center, and the Sibley Chapel often hosts religious services.

Student Resources

Library and Academic Resources Center

Opening in fall 2017, this new state-of-the-art, 100,000-square-foot building offers a wealth of amenities. In addition to a variety of academic support services, the new space offers students community spaces, a multi-media lab, gaming spaces with access to all gaming platforms, a theater, group study rooms, classroom spaces, a vastly expanded archives, Help Desk staff, a Starbucks location, quiet study spaces, and tutoring, all supported by Wi-Fi throughout.

In addition to the services mentioned above, over 23 million book titles are available through the library in conjunction with its membership in Missouri's statewide academic library consortium, MOBIUS. MOBIUS gives enrolled students physical and electronic access to public

and academic library collections in Missouri, as well as access to the collections of the Colorado Alliance of Research Libraries (CARL). In order to take advantage of these resources, students must obtain a valid Lindenwood student ID.

The library subscribes to more than 90 online databases that are accessible through the library's website. A number of the databases provide full-text access to research materials. In addition to the databases, the library has purchased supplementary electronic tools that easily facilitate navigation of these online resources. A valid student ID is also required to access the library's databases.

Additional services available through the Library and Academic Resources Center include

- Access to reference librarians in person, via email, by telephone, or chat.
- Computer lab.
- Laptop checkout for up to 24 hours.
- Hardcopy journal collections.
- An interlibrary loan service for any items not available at the Library and Academic Resources Center or through MOBIUS.

For current hours, students may contact the library at library@lindenwood.edu or by visiting www.lindenwood.edu/library or calling 636-949-4820.

The Writing Center

Located within the Office of Student and Academic Support Services (SASS) in the Library and Academic Resources Center, the Lindenwood University Writing Center, offers tutorial assistance to students working on written assignments. Students are highly encouraged to make appointments on the Writing Center website. By scheduling an appointment through the Writing Center website, students can meet with tutors who are prepared to help students from all disciplines create and revise assigned work. Common issues tutors address include organization, sentence clarity, development, grammar, and usage.

Tutoring Services

Peer tutoring from many academic areas is available to help students who need help understanding course material. Peer tutors are student workers available in SASS within the Library and Academic Resources Center. Tutoring for course topics requiring special equipment or models will take place in the appropriate academic buildings outside of SASS. An available tutor list identified by topic and location can be found on PC Common, an internal drive accessible to all Lindenwood students and faculty, in the Tutor Lists folder. Students may also contact SASS at sass@lindenwood.edu or call (636) 627-2543 with additional tutoring services questions. Students are also encouraged to ask their classroom professors about possible tutoring assistance.

Lindenwood also offers online tutoring from Smarthinking, which is available to any Lindenwood student. Online tutors are available to work with students 24 hours a day, depending upon the subject area. Tutors are available in many subjects including writing, math, accounting, statistics, finance, economics, biology, anatomy and physiology, physics, chemistry, and Spanish. Completed drafts of writing assignments may also be submitted to Smarthinking's Essay Center for detailed, personalized feedback, typically within 24 hours. Students may access online tutoring through Canvas and the student portal.

Student and Academic Support Services (SASS) and Student Ombudsman

Students who experience problems of any type are encouraged to visit the Office of Student and Academic Support Services (SASS). SASS assists students in the resolution of obstacles that impede academic progress. SASS staff can assist with inter-office facilitation, institutional guidance, academic mentoring, and dispute resolution. The associate vice president for student and academic support services also works as a liaison between students and other university offices and serves as the official university-student ombudsman. SASS is located in the Library and Academic Resources Center and can be contacted at sass@lindenwood.edu or at (636) 627-2543.

Student Success Center in the School of Accelerated Degree Programs

The mission of the Student Success Center (SSC) is to work with students to help define, clarify, and achieve student academic goals and persistence through student advising and retention management. The SSC

- Provides academic advising to current undergraduate students, while empowering them to make informed choices regarding academic programs and cluster/course selections.
- Assists student in developing dynamic learning strategies to fulfill educational goals.
- Is the central point of contact to guides students to appropriate campus and community resources.

Services include

- Academic advising.
- Student success coaching.
- Retention and academic progress monitoring.
- College survival/study skills sessions.
- Link to resources.

Contact the student success specialists at (636) 627-4503 or SSC_ADP@lindenwood.edu.

Wellness Center

The Wellness Center offers students a number of useful services free of charge. Medical conditions, from flu-like symptoms and minor injuries to physical examinations and immunizations, can be treated by the onsite SSM nurse practitioners on duty. The Wellness Center also

offers confidential individual and group counseling, along with some career counseling services and limited attention deficit evaluation services. Counseling is provided by Jessica Morris, staff therapist, and by full- and part-time graduate-level counseling interns, supervised by Dr. Joseph Cusumano, a licensed professional counselor, who also provides limited counseling services. Walk-ins are welcome for the purpose of making appointments. Appointments may also be made by calling 636-949-4525 or 636-949-4522. Counseling offices are located in The Wellness Center, on the third floor of Evans Commons.

Campus Accessibility for Students with Disabilities

The guiding philosophy of Lindenwood University is to make programs and facilities as accessible as possible to students with disabilities. The coordinator for campus accessibility services acts to ensure the accessibility of programs and assists and supports students with disabilities. Students who need assistance or accommodations for certified disabilities should contact the student support and accessibility coordinator at (636) 949-4510.

Students are encouraged to serve as their own advocates and to be responsible for obtaining special services offered by the university. If the coordinator is unable to satisfy a reasonable request, that request may then be directed to the office of the associate vice president for student and academic support services, located in the Library and Academic Resources Center.

Office 365

Important messages including information about academic standing and financial aid are sent via the university's internal email system. Students will be held accountable for any information or due dates sent via the campus email system. Office 365 accounts are provided for all students and may be accessed from the Lindenwood homepage.

On-Campus Printing

Students are entitled to print an allotted number of pages per term at no cost from any on-campus computer. Resident students may print up to 500 pages per term; commuter students may print up to 300 pages per term. Once the total number of allotted pages has been reached, students may opt to purchase additional printing capabilities through the student portal for \$3 per 100 pages.

The School of Accelerated Degree Programs Policies

Individualized Study

The School of Accelerated Degree Programs (ADP) is committed to the idea that people learn more effectively when their experience and goals converge. To this end, the university actively fosters the participation of students in the planning of their educational programs. Students are also expected to individualize their cluster group work through directed independent research. Upon enrolling in the school, each student is assigned a faculty advisor who

helps the student plan and coordinate a program of study from entry through degree completion.

In addition to assisting students in the design of their programs of study, the faculty advisor acts as a mentor, provides a source of continuity to students' ongoing academic experience, and evaluates the overall quality of their work. In regularly scheduled conferences, the faculty advisor monitors student progress by reviewing course work and by providing feedback on projects.

Full-Time Accelerated Pace

The School of Accelerated Degree Programs academic year consists of four 12-week terms with 13 cluster meetings per term. Students normally enroll in one cluster per quarter, earning nine credit hours in most degree programs. ADP also offers six credit hour clusters, single classroom and online courses. New students may be admitted at the beginning of each term, and they may pursue a full-time academic program by attending all four terms during the year.

In this manner, students make rapid progress toward degree completion while still fulfilling professional and personal responsibilities.

Cluster Limit Policy

Students are not permitted to take more than one nine-credit-hour cluster per quarter. The accelerated format employing clusters is based on the assumption that highly motivated students are entirely focused on the content of their clusters during the quarter.

The one-cluster limit maximizes the likelihood of a quality effort resulting in a quality learning experience. Limiting a student's course load is intended to protect the academic integrity of the program and its degree offerings. Students are permitted to take one three-credit-hour course in the same quarter in which they are enrolled in a cluster. Normally, a maximum of 13 credit hours per quarter is allowed. In rare situations, a student is permitted to take additional coursework in the day semester program. In such an instance, a student is permitted to take a combined (day semester and evening quarter) total of twenty-four hours. Students wishing to take hours in excess of 13 semester hours are required to complete a Petition for Policy Exemption.

Cluster Attendance Policy

The School of Accelerated Degree Programs is an accelerated program designed for motivated learners who take responsibility for their education. It is assumed that a student will not miss any classes. However, recognizing that students are working adults, instructors may accommodate a single absence by assigning additional work at their discretion. Two absences will result in a grade drop in one, two, or all three of the cluster courses, depending on the class format and the instructor's judgment. Three absences are unacceptable as that represents one-fourth of the class periods. A student who has missed or will miss three cluster meetings and who does not withdraw from the cluster before the withdrawal deadline will receive failing grades in the cluster. The first class and the thirteenth class (arranged by the instructor)

are both considered part of the scheduled coursework and attendance will be counted accordingly.

In addition, the attendance policy is structured so that it incorporates tardiness and early departure from class as part of overall attendance reporting. Students are expected to arrive for the beginning of class periods and remain until the instructor terminates the class meeting. Instructors will monitor and record the names of students who arrive late for class meetings or who leave class early. Tardy or early departure absences are cumulative and counted according to the school's absence reporting policy. Students who accumulate four hours of tardy or early departure penalties will be assessed one evening's absence. This policy shall be strictly enforced and in no cases shall exceptions be allowed.

Cluster Textbook Policy

All students must have their textbooks by the first cluster meeting. Students also have the responsibility of making sure they purchase the correct textbooks for each cluster or class. This is especially true when students choose to purchase textbooks from sources other than Barnes and Noble, Lindenwood's affiliated bookstore. It is the responsibility of the student to purchase or rent the correct textbooks for the cluster in which the student is enrolled. Lindenwood University will not accept responsibility for any textbooks that were not purchased from Barnes and Noble.

Textbook Ordering

Textbooks for all clusters and courses are available through Barnes and Noble, Lindenwood's affiliated bookstore. To order texts, students should go to the Lindenwood University website and access Barnes and Noble through a direct link to the company's Lindenwood University account. Students will need to know the number of each course within the cluster and be prepared to use a credit card to order books. Students are strongly encouraged to order books at least two weeks before the beginning of the quarter and have them shipped directly to their home addresses if they do not live in close proximity to the St. Charles campus.

The Capstone Course

The capstone course is required for students majoring in business administration, communications, criminal justice, health management, human resource management, and information technology. Students who take the capstone course must have completed all of their required core clusters in their areas of emphasis or enroll in the capstone course concurrently with the final core cluster. The course will emphasize the theories and concepts of the major from an academic viewpoint as well as their practical applications in the professional setting. The course requires a mastery of the concepts within the major and integrates academic studies with issues faced by practicing professionals in their areas of employment. Consequently, students should expect midterm and final examinations, case analyses, and at least one major research paper during the term of enrollment. Undergraduate students are required to earn a grade of "C" or above to pass this course. Graduate students are

required to earn a grade of "B" or above to pass this course.

University Policies

Abuse of Student Portals

Any student who gains unauthorized entrance to another student's portal, makes changes to another student's schedule via the student portal, or otherwise tampers with or compromises private or privileged communications will be expelled from Lindenwood University. Additionally, such actions will be brought to the attention of law enforcement officials and may be prosecuted through the legal system.

Campus Tobacco Use

Tobacco use is prohibited on campus and in all campus buildings. Tobacco includes but is not limited to cigarettes, cigars, pipes, water pipes (hookah), electronic cigarettes, smokeless tobacco, snuff, chewing tobacco and any non-FDA approved nicotine delivery device.

Cancellations Due to Inclement Weather

Only the president (or, in the president's absence, the provost or associate provost) has the authority to cancel classes in the event of severe weather. Should weather conditions create potentially hazardous conditions, Lindenwood University will evaluate the situation and take into consideration the safety of faculty, staff, and students as well as the services that must be provided despite the inclement weather. After this careful evaluation and depending on the hazardous weather conditions (e.g., tornado, snow/ice, etc.), an alert will be sent to students, faculty, and staff via a Rave system text message and email message, as necessary. This alert will detail the appropriate action required of faculty, staff, and students and will also specify the essential services that must be provided despite the inclement weather. Instructors are expected to schedule a make-up class meeting when evening classes are cancelled due to inclement weather.

In the unlikely event that the normal work and/or class schedule are to be altered, an announcement will be posted on the university's website homepage (<http://lindenwood.edu> and <http://belleville.lindenwood.edu>). An announcement will also be distributed via email and the Rave system. Separate announcements may be made regarding evening classes (those classes starting at or after 4 p.m.).

The university strives to maintain its teaching, research, and service activities in accordance with established schedules and operational demands. To this end, suspension or cancellation of classes due to inclement weather will be avoided whenever possible. Because certain essential functions of the university must be provided at all times, campus operations will not be suspended in the event of severe weather even though classes may be cancelled.

Filing a Grievance

The university has established a number of appeal and grievance procedures (such as the process for appealing

the suspension of financial aid). If students should have a grievance that falls outside of the established policies, students may submit a formal complaint to the student ombudsman at complaints@lindenwood.edu. More information about the current complaint procedures can be found at www.lindenwood.edu/about/consumer-information/student-right-to-know/student-complaint-procedure/.

Lindenwood University shares information from students' formal written complaints with the Higher Learning Commission as part of its normal accrediting process. This information is shared in such a manner as to shield the individual identities of all complainants. No letters or documents revealing the identities of individual complaints will be shared without the express written permission of the complainants.

Firearms Policy

No person is permitted to carry firearms or other weapons, either concealed or visible, on Lindenwood property or to any Lindenwood class. The only exception to this policy applies to duly sworn, on-duty law enforcement officers. Off-duty police officers may carry concealed weapons to their Lindenwood classes only if authorized to do so by their employer and the states of Missouri or Illinois.

Recording and Electronic Devices

During classroom instruction and testing, the use of cameras, video, audio taping devices, or any other kinds of electronic devices (including telephones, Google glasses, and Bluetooth devices) is allowed only after obtaining written permission from the instructor; otherwise, the use of such devices is prohibited.

Electronic devices used for prosthetic or accessibility purposes may be used only after the faculty member has received a signed accommodation letter from the accessibility officer. Any recordings made during class may not be redistributed to anyone not a member of the class without the express written permission of the instructor and all student subjects of the recording.

Recorded video sessions of a class may be used within that class as long as the videos are password-protected. Recordings that involve students cannot be used in future classes. Video sessions of lectures recorded outside of the classroom by the instructor that do not involve students may be used by the instructor in future classes. Students may download electronic course materials for personal use only.

Student Code of Conduct

The School of Accelerated Degree Programs is designed for the working adult. As such, it is assumed that classroom and campus behavior will reflect the professional demeanor that adults demonstrate in a work environment. The following guidelines are designed to remind students of appropriate behaviors expected in the classroom.

1. Students are expected to give proper respect to faculty, staff members, and fellow students. Exchange

of ideas is an integral component of learning, and participants must feel free to share ideas within the classroom setting.

2. Appropriate language is expected. Language chosen to belittle another person or group or that could be considered hate speech will not be tolerated.
3. In order to respect students' privacy, individual grades will only be discussed before class, during breaks, or after class, at the discretion of the professor.
4. All students are to be in the class on time and to stay for the entire class period.
5. Cell phones and pagers should be set to silent mode during class except for emergency services personnel on call. Text messaging distracts from learning and therefore is not permitted during class.
6. Smoking is prohibited in all campus buildings and is restricted to specific smoking areas outside of the buildings.
7. With the exception of computer lab courses, food in the classroom is allowed only with permission of the instructor. Students are expected to dispose of any trash that they generate during class.
8. A hostile environment is not conducive to learning, and students who violate this code of conduct will be referred to the dean of the School of Accelerated Degree Programs and/or the provost and may be removed from the cluster and possibly from the university.

ADMISSION AND APPLICATION

Admission Standards

The standards of admission to Lindenwood University are selective, yet flexible. Applicants should possess sound academic preparation for college, and each applicant's record is carefully examined to determine whether the student has the potential to be successful at Lindenwood. Lindenwood University consciously seeks a diverse student body and welcomes applicants from all socioeconomic, religious, and ethnic backgrounds. We also value geographical diversity and welcome international students to the Lindenwood campus.

Non-Degree Seeking Applicants

A student who is not seeking certification or any degree with Lindenwood University may be accepted under the designation "Non-Degree, Special Status." A student accepted with special status designation will not take more than 12 credit hours of regular, graduate credit coursework without being admitted as a degree seeking student.

Undergraduate Application Procedures

Undergraduate U.S. Citizen Application

To be considered for admission to the university, an applicant's file must include each of the following documents. Please note, individual programs may have additional application procedures. Please review your program of interest in detail. When the application and application fee are received, an admissions counselor will contact the applicant to answer any questions and assist in the admissions process.

To be considered for admission to the university, an applicant's file must include each of the following documents:

1. Online application sent with the non-refundable \$30 application fee.
2. A current résumé.
3. A personal essay including why the applicant wishes further education, any long-term goals, or a specific experience in the applicant's life.
4. Official transcript indicating graduation from the last high school attended or home school program. A copy of the student's General Education Development (GED) certificate may be provided in lieu of the high school transcript. Students who earned college credits from another college or university must also submit official transcripts from all previously attended post-secondary institutions.
5. Some programs may require additional application materials. Students should review the program descriptions for more information.

Transfer students who have successfully completed a two-year program that is acceptable for full credit toward a bachelor's degree may not be required to submit their

high school transcripts. Students wishing to transfer credit from a regionally accredited institution should request official university transcripts at the time they apply for admission to Lindenwood University.

The application and application materials should be mailed to the Office of Evening and Graduate Admissions Lindenwood University, 209 South Kingshighway, St. Charles, MO, 63301. The applicant may email eveningadmissions@lindenwood.edu or call (636) 949-4933 with any questions.

Undergraduate International Application

International citizens wishing to apply to the School of Accelerated Degree Programs should visit the university website and select International Admissions. Visit the Admissions Process, Required Documents, and Admissions links.

Note: Applicants should complete the International Application.

To be considered for admissions to the university, an international applicant's file must include the following documents:

1. International student application, submitted along with a non-refundable \$100 application fee.
2. A current résumé.
3. An affidavit of support in the form of an official document or statement from a bank verifying the amount of personal/family funds, in U.S. dollars, available for tuition (personal cost) and educational expenses (books, insurance.) All documents must be in English.
4. Official transcripts presented in their original language and accompanied by a certified English translation. These documents will not be returned to the student. They will become part of the student's official file at Lindenwood University. The cost for the evaluation of the transcript will be incurred by the applicant. However, once the applicant obtains a visa and arrives at Lindenwood University, the cost of the evaluation will be refunded, provided that the applicant brings in the receipt for the evaluation service to the Business Office. Provisional admission to the university may be granted by the director of international admission on the basis of facsimile copies of high school transcripts or diploma equivalents, ACT/SAT scores, GED scores, and/or other university transcripts.
5. An official TOEFL or IELTS score. The required minimum score for an undergraduate applicant must satisfy one of the following criteria: TOEFL score 550 (paper-based exam, 213 (computer-based exam), or 80 (internet-based exam); or an IELTS score of 6.0. For score reporting, the Lindenwood University code is 6367.
6. If transfer credit is requested from an international institution, students should submit their transcripts and

translations to World Evaluation Services (WES) for evaluation. Applicants should contact WES at wes.org for more information about how to get transcripts evaluated. Students should list Lindenwood University as the recipient. WES will also provide a copy of the evaluation directly to the applicant. The applicant should keep this copy for verification. (For questions regarding the transfer of international credit to a specific graduate program, please refer to the section of this catalog that describes that program.)

7. If an international student applicant is transferring from another university within the United States, the student should forward the Lindenwood University transfer paperwork (found in the application) to their schools' officials for processing.
8. Housing application submitted along with a \$200 housing deposit made payable to Lindenwood University. Campus housing will be assigned upon receipt of the housing application and deposit. Students should include an email address on their housing form.
9. A clear, readable copy of the identification page of the applicant's passport.

The International Student Application and all required application materials may be mailed to

The International Student Office
Lindenwood University
209 South Kingshighway, Saint Charles, MO
63301 USA.

Please email international@lindenwood.edu or call (636) 949-4982 with any questions. To fax any information, send to (636) 949-4108.

Graduate Application Procedures

Application

Prospective students wishing to apply to graduate degree programs in the School of Accelerated Degree Programs should visit the Office of Evening and Graduate Admissions at the Welcome Center on the Lindenwood-St. Charles campus, the Office of Evening and Graduate Admissions in the Alan J. Dixon Center on the Lindenwood-Belleville campus, one of our regional extension locations, or online at www.lindenwood.edu/admissions (select Evening and Graduate Admissions). When the application and application fee are received, an admissions counselor will contact the applicant to answer any questions and assist in the admissions process. Once all documents are obtained, the counselor will submit them for review by the program director who will contact the student to schedule an interview.

Admission and Program Requirements

Admission to all graduate degree programs in the School of Accelerated Degree Programs is granted to students who have an undergraduate grade point average of 3.0 or better (on a 4.0 scale). Students who earned a 3.0 or better GPA (on a 4.0 scale) in a previously earned a graduate

degree are also granted admission to the school for a second master's degree. Students who do not meet that grade point or other admissions standards will be given individual consideration and, possibly, be conditionally admitted. Conditional degree candidacy may be granted to students who have grade point averages between 2.5 and 2.99 or whose program overviews have not yet been approved. Once accepted for full degree candidacy, graduate students must maintain a cumulative grade point average of at least 3.0. Students who do not maintain a 3.0 grade point average may face academic probation and/or suspension from the university.

Degree programs typically consist of five core clusters, and either a capstone course or directed thesis. Students are assigned a faculty advisor to guide them through their specific degree program. Each degree program is designed to meet both student needs and accreditation requirements. Consequently, students may not deviate from any cluster requirements.

Graduate U.S. Citizen Application

To be considered for admission to the university, an applicant's file must include each of the following documents. Please note, individual programs may have additional application procedures. Please review your program of interest in detail.

To be considered for admission to the university, an applicant's file must include the following documents:

1. Electronic application, along with a non-refundable \$30 application fee.
 2. Official transcript with a conferred bachelor's degree.
 3. Current résumé.
 4. Submit a personal statement describing the applicant's professional experience or philosophy and a description of the applicant's decision to attend a graduate program that includes his/her personal or professional goals upon completion of the program. The MFA in Writing program also requires approval of a creative writing sample and a statement of purpose submitted to the MFA program director.
 5. Provide three professional references who will need to respond to a recommendation survey if the applicant's undergraduate or graduate GPA is below 3.0.
- Note: Applicants with an undergraduate degree or a previously earned graduate degree who earned a 3.0 or better GPA (on a 4.0 scale) are not subject to this requirement.*
6. Interview with the program director.
 7. Additional requirements, such as a portfolio, or a writing sample, as required by various programs.

Once the application is submitted, an admissions counselor will contact the applicant to answer any questions and assist in the admissions process. The program director will contact the applicant to schedule an interview. If the applicant is accepted in the program, the

program director will enroll him/her in the upcoming quarter.

The application and application materials should be mailed to

Lindenwood University Office of Evening and Graduate Admissions
209 South Kingshighway
St. Charles, MO 63301 USA

Applications may also be submitted by email to eveningadmissions@lindenwood.edu.

Please call (636) 949-4933 with any questions.

Note: Applicants to the online MFA in Writing program who do not already possess a Lindenwood transcript must submit a color photo and either a color copy of a photo ID or an official GRE score. For score reporting, the Lindenwood University code is 6367. Applicants should also submit a color photo for a student ID.

Conditional Admittance and Grade Requirements

Applicants to the graduate degree programs in business, communications, criminal justice, gerontology, healthcare administration, human resource management, information technology, and writing, who do not meet the required 3.0 GPA for admission may be granted conditional acceptance. In this case, the submission of a GRE or GMAT score may be considered in support of an application for admission. Applicants should also provide three letters of recommendation, except if applying for the writing program. Conditionally admitted students may remain in conditional status for no more than 18 credit hours. Before advancing to degree candidacy, conditionally accepted candidates' academic performances will be reviewed twice—once upon completion of the first nine credit hours and again upon completion of 18 credit hours. Failure to meet the required 3.0 cumulative GPA upon the completion of 18 credit hours will result in dismissal from the degree program. In addition, any conditionally accepted student receiving one course grade of "F" or two course grades of "C" during the first nine credit hours will be academically suspended.

Graduate International Application

International citizens wishing to apply to the graduate programs in the School of Accelerate Degree Programs should visit the university website and select International Admissions. Visit the Admissions Process, Required Documents, and Admissions links.

Note: Applicants should complete the International Application.

To be considered for admission to the university, an international applicant's file must include the following documents:

1. International student application submitted along with a non-refundable \$100 application fee.
2. A current résumé.
3. Three letters of recommendation.
4. An affidavit of support in the form of an official document or statement from a bank verifying the amount of personal/family funds, in U.S. dollars, available for tuition (personal cost) and educational expenses (books, insurance). All documents must be in English.
5. Official transcripts presented in their original language and accompanied by a certified English translation. These documents will not be returned to the student. They will become part of the student's official file at Lindenwood University. The cost for the evaluation of the transcript will be incurred by the applicant. However, once the applicant obtains a visa and arrives at Lindenwood University, the cost of the evaluation will be refunded, provided that the applicant brings the receipt for the evaluation service. Provisional admission to the university may be granted by the Director of International Admission on the basis of facsimile copies of diploma equivalents and/or other university transcripts.
6. An official TOEFL or IELTS score. Required minimum TOEFL scores: 577 (paper-based exam), 233 (computer based exam), 91 (Internet-based exam). Required minimum IELTS score: 6.5. For score reporting, the Lindenwood code is 6367.
7. If transfer credit is requested from an international institution, students should submit, along with all documentation required for admission, a certified translation of course descriptions of foreign credits earned from their previous institution.

Note: Students must request a course-by-course evaluation (not a document-by-document evaluation) in order to transfer credit to Lindenwood for particular coursework.
8. If an international student applicant is transferring from another university within the United States, the student must forward the SEVIS transfer eligibility form (found on the university website on the international homepage) along with the letter of acceptance from Lindenwood University to the appropriate official at the school previously attended, where it will be processed and returned to the Lindenwood University Office of International Students and Scholars. The SEVIS transfer eligibility form should be sent to the Office of International Students and Scholars' direct email account, international@lindenwood.edu.
9. Housing application, submitted along with a \$200 housing deposit made payable to Lindenwood University. Campus housing will be assigned upon receipt of the housing application and deposit. Students should include an email address on their housing form.
10. Personal statement describing the applicant's professional experience or philosophy and a description of the applicant's decision to attend a graduate program that includes his/her personal or professional goals upon completion of the program. The MFA in Writing program also requires approval

of a creative writing sample and a statement of purpose submitted to the MFA Program Director.

11. A clear, readable copy of the identification page of the applicant's passport.
12. Interview with the program director.
13. Additional requirements, such as a portfolio or a writing sample, as required by various programs.

The International Student Application and all required application materials may be mailed to

Lindenwood University
Office of International Students and Scholars
209 South Kingshighway
St. Charles, MO 63301 USA

Admission documents will also be accepted via email and can be sent to international@lindenwood.edu.

For questions or inquiries, call (636) 949- 4982.

Health Requirements for Incoming Students

In accordance with the Missouri Senate Bill 197, all applicants and students who took a term off and are now returning (except students born before 1956 and any student who is enrolled in an online degree program) must provide proof of the following immunizations prior to enrolling in the subsequent term:

- Meningococcal Vaccination or waiver
- Tuberculosis (TB) Screening Questionnaire

Health Insurance for International Students

Students are encouraged to be insured while studying in the United States. Lindenwood University does not provide insurance for students. Students may carry any health insurance policies they choose.

FEES AND FINANCIAL ASSISTANCE

Financial Assistance

Financial aid is available to all qualified students. Financial need may be met through a combination of state, federal, and institutional aid. Institutional awards and grants are offered in the areas of academics, leadership, athletics, and the fine arts.

The financial aid program provides assistance to students with financial need who would otherwise be unable to receive an undergraduate education. Financial need is calculated as the difference between the cost of attendance and the expected family contribution from the student and student's parent(s). The primary responsibility for paying the student's education expenses rests with the student's family, and the university expects both to make a realistic contribution to meet these costs; financial aid is a supplement for those students and families who cannot afford the entire cost of a university education.

Financial aid is provided in the form of an award, grant, or loan and/or work funds that will help meet this need. What the student is expected to pay is determined by a standard analysis of the financial statement the student and his/her family must file. Lindenwood University uses the Free Application for Federal Student Aid (FAFSA) to determine eligibility for all Title IV and institutional assistance. Upon completion of all documentation necessary to establish eligibility, financial assistance will be posted to students' accounts at least once each term.

To be considered for financial assistance, a student applying for need-based aid must complete a FAFSA (Free Application for Federal Student Aid) online at www.fafsa.ed.gov. The LU school code is 002480. (Students should be sure to press "print," which submits the application.) Students should then FAX submission results to the attention of their admissions counselors at (636) 949-4989. If students have any questions about their SAR (Student Aid Report), they are encouraged to call 1-800-433-3243. Lindenwood does not require students to fill out supplementary fee-based forms to determine eligibility for institutional financial aid.

All students wishing to receive Title IV aid must submit a valid set of Student Aid Reports or a valid ISIR (Institutional Student Information Record), which results from the processing of the FAFSA, and must complete any required verification.

Institutional Scholarships and Grants

Lindenwood offers a 50 percent scholarship to all persons age 60 and over. The university also offers partial institutional grants for employees of selected companies, municipalities, and school systems. These grants may only be applied toward courses taken for credit and do not apply to courses that are audited. Any other funding may first replace the funding. It is the responsibility of the student to notify the admissions counselor of eligibility for Lindenwood grants.

Taxability of Scholarships and Grants Disclosure

Lindenwood University currently applies institution-granted scholarships/grants to student accounts in the following order: 1) tuition, 2) fees, 3) books, 4) room, and 5) board. If a student receives scholarships during the calendar year that exceed the cost of tuition, fees, books, supplies, and equipment, the amount that exceeds those costs should be reported by the student as taxable income. The university is required to send information to students and the Internal Revenue Service (IRS) about the student's tuition charges, grants, and scholarships on Form 1098T. Students are responsible for using this information as well as their own records to complete their tax returns.

Non-U.S. citizens and non-permanent resident aliens may be subject to U.S. taxation. The university uses the GLACIER Online Nonresident Alien Tax Compliance System to gather required information about international students in order to facilitate the tax-withholding determination. Any portion of institution-granted scholarships/grants that exceed the cost of tuition, fees, books, supplies, and equipment may be subject to a taxation rate of up to 14 percent for students who have an F, M, J, or Q visa, while all other visa types may be subject to a taxation rate of up to 30 percent. Non-U.S. citizens and non-permanent resident aliens may contact the non-resident employee compliance specialist at (636) 219-1273 to discuss questions about GLACIER or taxation.

Federal Financial Aid

Federal Pell Grant Program

Eligibility is determined by the Pell Grant processor and is based on a student's Estimated Family Contribution (EFC). The student must submit the Free Application for Federal Student Aid (FAFSA) and request that pertinent financial data be sent to the Pell Grant processing agency for determination of eligibility. The results are forwarded to the student in the form of a Student Aid Report (SAR). Electronic filing results will be sent directly to the institution in the form of an Institutional Student Information Record (ISIR). Pell Grant eligibility is limited to six full-time years.

Federal Supplemental Equal Opportunity Grant (FSEOG)

Eligibility for this grant depends on the extent of a family's inability to pay the educational costs, which is determined by an analysis of the family's financial situation, as reflected on the Student Aid Reports.

Federal Work-Study Program (FWS)

This program provides work opportunity for needy students. Eligibility is dependent on the extent of financial need, as determined by an analysis of the FAFSA. If a student is awarded work-study funds as part of the financial aid package, that student may seek employment

on campus. Ordinarily, a student will work 10 hours per week while attending school. Wages are \$8 per hour.

Federal Loan Programs/Direct Subsidized Federal Stafford Loan

The federal government guarantees loans from \$3,500 to \$5,500 for eligible undergraduates. These loans are made by the Department of Education and interest is subsidized. Interest rates for federally guaranteed student loans are set annually. Please consult the Department of Education website for the current interest rate:
<https://studentaid.ed.gov/types/loans/interest-rates>.

Eligible Stafford Borrower Limits

Undergraduate Study

1st year of study	\$3,500/academic year
2nd year of study	\$4,500/academic/year
3rd, 4th and 5th years of study	\$5,500/academic year
Cumulative limit	\$23,000

Interest rates for federally guaranteed student loans are set annually. Please consult the Department of Education website for the current interest rate:
<https://studentaid.ed.gov/types/loans/interest-rates>. Students must file the FAFSA to determine eligibility for a Stafford Loan. Subsidized loan eligibility is limited for first-time borrowers to 150 percent of the length of the borrower's educational program.

Unsubsidized Federal Stafford Loan

Students who meet the eligibility requirements under section 484 of the Higher Education Amendments and who do not qualify for interest subsidies under the Stafford Loan program may borrow under the Unsubsidized Stafford Loan program. Like the Federal Subsidized Stafford Loan program, the Unsubsidized Stafford Loan is available to all eligible students, and students must complete a valid need analysis.

Unsubsidized Stafford Loans are not need-based; interest accruing on the loan is not subsidized (or paid) by the federal government while the student is in school. Students must therefore make interest payments while in school or allow the interest to capitalize. Interest rates for federally guaranteed student loans are set annually. Please consult the Department of Education website for the current interest rate:
<https://studentaid.ed.gov/types/loans/interest-rates>.

Federal Parent Loans (FPLUS)

Parents may borrow for dependent undergraduate or dependent graduate and professional students. The maximum amount a parent may borrow on behalf of each eligible student is limited to the cost of education, less financial aid. These loan limits do not include amounts borrowed by a student under the FSL programs. FPLUS loans do not qualify for interest subsidy. Interest rates for federally guaranteed student loans are set annually. Please consult the Department of Education website for the current interest rate:
<https://studentaid.ed.gov/types/loans/interest-rates>.

Unsubsidized Loan (Formerly SLS)

Unsubsidized loans to dependent students provide a maximum of \$2,000 per year for undergraduate study, with an aggregate loan limit of \$8,000. Independent students can borrow \$6,000 per year for the first two years of study and \$7,000 per year for the third or subsequent years, with an aggregate loan limit of \$31,000. Graduate students can borrow up to \$20,500 per year with an aggregate loan limit of \$138,500.

Loans made under the unsubsidized loan program are not eligible for interest subsidy. Students must therefore make this interest payment while in school, or allow the interest to capitalize. Interest rates for federally guaranteed student loans are set annually. Please consult the Department of Education website for the current interest rate: <https://studentaid.ed.gov/types/loans/interest-rates>.

Limiting Loan Borrowing

Pursuant to section 479A(c) of the Higher Education Act, Lindenwood University reserves the right to refuse to certify a loan application or to reduce the amount of the loan in individual cases where the institution determines that the portion of the student's costs covered by the loan could more appropriately be met directly by the student. In addition, requested loan amounts will be reviewed to ensure compliance with educational purpose regulations.

Loan Repayment

Student loans are funds borrowed by students to pay educational expenses. Student loans must be repaid, as outlined in university literature. A sample loan repayment schedule may be obtained by contacting the Financial Aid Office.

Student loan entrance and exit interviews are required for the Federal Stafford Loan Program (required by 34 CFR 685.304). The terms and conditions under which borrowers under the Direct Loan Program may defer payments of their loan principal and interest are reviewed during the exit interview. Additional information regarding deferment of loan repayment may be obtained by contacting the student loan guarantor or the Financial Aid Office.

Veterans' Benefits

Veterans and service members who believe they may be eligible for benefits can receive information and applications through the Veterans Affairs Center at the St. Charles location or the VA school certifying official at the Belleville location. Educational assistance may be provided to widows or children of veterans who have fallen in service or who are disabled as a result of service-related injuries. Spouses and children of disabled veterans may also be eligible for assistance as determined by the United States Department of Veteran Affairs.

It is the responsibility of the students to notify the VA certifying officials of any changes in their class schedules, degree, or major. The VA school certifying officials promptly report changes to the Department of Veterans Affairs when notified that a veteran is making unsatisfactory progress or has withdrawn from a class or from studies.

The Department of Veterans Affairs requires specific information that schools must report, and as a condition of being certified to receive benefits from the VA, the student receiving such benefits acknowledges the following policies, which may differ from those required of other students at Lindenwood:

- The university will notify the VA of all terminations, interruptions, or changes in semester-hour load within 30 days. This may change the benefits available to the student.
- The student accepts the responsibility of notifying the registrar, the VA certifying official at the university, and the student’s advisor immediately in case of withdrawal from any course.
- The student accepts the responsibility of notifying instructors of any expected absence from class. A student may be withdrawn by the university for excessive absence.
- The school certifying officials shall inform the Department of Veterans Affairs that progress is no longer satisfactory with the accumulation of 12 or more hours of F grades.
- Students receiving benefits through the Department of Veterans Affairs must comply with the university’s general policies regarding withdrawal, attendance, and satisfactory progress.

If you have any questions regarding veterans’ education benefits including federal and state tuition assistance for the reserves and National Guard components, please call the Lindenwood Veterans Affairs Center-St. Charles campus at (636) 627-2920, or the VA school certifying official at the Belleville campus at (618) 239-6208.

Fees and Payments

When students have accepted an offer of admission to Lindenwood, students and their parents and/or guardians likewise accept all conditions of payment as well as all terms and regulations of the university. By making the non-refundable \$200 housing deposit (described below), the student and the parent or guardian acknowledge these terms and signify acceptance of these obligations. No promise or contract that differs from these terms shall bind the university unless it has been signed by the president or his designated agent. The university reserves the right to increase or reduce fees each year according to changes in fiscal conditions.

Student Expenses

Undergraduate Quarter Tuition

Full-time (nine-credit-hour cluster)	\$3,555/quarter
Less than full-time	\$395/credit hour
Overload fee	\$395/credit hour

Graduate Quarter Tuition

Full-time (nine-credit-hour cluster)	\$4,320/quarter
Less than full-time	\$480/credit hour
Overload fee	\$480/credit hour

Housing and Meals

Undergraduate Quarter	\$3,242/quarter
Single room upcharge per quarter	\$125

Other Fees (Not all fees may apply)

Housing deposit (non-refundable)	\$200
Resident student health and activity fee	\$90/term
Communications fee (Residence halls)	\$300/year
Technology fee	\$75/term
Lab fee (in specified courses)	\$5-\$525
Studio course fee (general)	\$30-\$75
Studio course fee*	\$85/course
Student teaching fee	\$250
Applied music course fee**	\$200/credit hour
Experiential learning/Portfolio fee	\$300
Experiential learning credit	\$90/credit hour
Promissory note origination fee	\$25
Late payment fee (per month)	\$50
Culminating project extension fee, undergraduate	\$50
Culminating project extension fee, graduate	\$150
Graduation processing/diploma fee, undergraduate	\$100
Graduation processing/diploma fee, graduate	\$125

*Studio course fees are applied to courses such as ceramics, color theory, photography, and figure drawing.

** Applied music fees are applied to individual lessons in piano, voice, orchestral instruments, and organ.

Notes: (1) The undergraduate or graduate contract degree rate will be determined at the time of admission into the program.

(2) Provisions for “extended stay” housing and meals, degree programs, and tutoring and additional services are available upon request.

(3) The communications fee covers telephone service, voicemail, and cable TV services. The university provides complimentary internet service to resident students living in the dormitories and some living in other campus housing.

(4) Students are expected to pay tuition charges prior to the beginning of each term. Students may use financial aid (grants and loans) as payment. Student Aid Reports and loan applications should be submitted to the Financial Aid Office prior to the beginning of each term.

Housing Deposit

An initial \$200 housing deposit is required to reserve campus housing for residential students. By making the housing deposit, the student and the student’s parent or guardian indicate acceptance of the terms and conditions of the university. No refund of this housing deposit will

be granted to any student who withdraws from the university after making this deposit but prior to the start of an academic term.

The housing deposit becomes a refundable room-damage deposit once the student has attended classes and the semester charges have been paid. This deposit remains on account at the university as long as the student resides in university housing. The cost for any damages to the student's university housing will be deducted from the deposit.

Students are eligible for the refund of their deposit upon departure from campus housing (coinciding with graduation or any move from university housing). In order to qualify for this refund, students must meet all financial obligations to the university, satisfy all outstanding debts, and complete the residential check-out process. Any student wishing to move off campus and receive a refund of the housing deposit must also personally notify the Office of Residential Life in writing of plans to move out of university housing. Failure to do so by the date of the last class or exam of the semester or prior to vacating campus housing will result in forfeiture of the deposit.

Application materials for the refund of the room-damage deposit are available in the Business Office; materials for the residential check out process are available through the Office of Student and Academic Support Services (Library and Academic Resources Center).

Payment Options

All tuition charges and fees are due prior to the beginning of the term. Students should consult their student account representatives in the Business Office regarding due dates or to make other payment arrangements prior to the beginning of the term. Alternatively, students may also use their student portals to remit payment. Payment options include the following items:

- **Corporate Promissory Note:** The Corporate Promissory Note is available to students who work for companies that have tuition reimbursement plans. Proof of employment and a copy of the company's reimbursement policy must be on file in the Business Office. The amount of the promissory note cannot exceed the amount the employer pays for tuition for each term. The due date for all promissory notes is 30 days following the conclusion of the term for which the note applies. A monthly late charge will be assessed after this date. By signing a promissory note, students give Lindenwood University permission to contact their employers if the note is not paid by the date due. Any payment or financial aid received prior to the promissory note due date will be applied to the balance appearing on the student's account.
- **Direct Debit Payment Note (DDP):** Lindenwood University offers a direct debit payment plan for the convenience of students. Payments can be made directly (electronically) from a checking or savings account; there are no fees associated with this method of payment.

Delinquent Accounts

Students must meet all financial obligations to the university in order to qualify for continued enrollment or graduation. Each semester or term, students must pay all money due to the university, including tuition, fees, parking fines, library fines, and any other financial obligation. A student with a delinquent account can expect the following:

- Enrollment for the subsequent term will not be allowed.
- Final grades for the current term will be withheld.
- A transcript will not be issued.
- A diploma will not be issued.

The university reserves the right to withdraw any student who fails to meet his/her financial obligations to the university. Students who are withdrawn for nonpayment are liable for all charges on their student accounts at the time of withdrawal.

St. Charles City-County Library District Fines

The university, in cooperation with the St. Charles City-County Library District, will collect any fines or assessments due the library and bill them to the student's account. Any sums due will be treated as any other student fee.

Withdrawal and Refund Calculation

In the event that a student wishes to withdraw from a course or courses or from the university altogether, the following conditions apply with respect to the refund of tuition charges.

1. Any student who withdraws from the university prior to the beginning of a term is eligible for a refund of all payments for that term except the initial \$200 housing deposit.
2. Any student who withdraws from all of his or her courses after a term has begun is eligible for a refund of the tuition charges (including course-overload charges) for the courses he or she attended upon the start of the term. Refunds are granted according to the schedule below:

<i>Time of Withdrawal from University</i>	<i>Tuition Refund</i>
Before first class meets	100 percent
Before second class meets	75 percent
Before third class meets	50 percent
Before fourth class meets	25 percent
After fourth class meets	No refund

3. Any part-time quarter student (enrolled in fewer than nine credit hours) who withdraws from one or more courses once a term has begun is eligible for a refund of the tuition charges for those courses according to the schedule in the table above.

Any student wishing to withdraw from Lindenwood University should submit a completed withdrawal form (with the signatures of the instructors for each of the

courses the student attended and the signature of the student's advisor) to the Office of Academic Services, located in the lower level of Roemer Hall, between the hours of 8 a.m. - 6 p.m. Monday through Thursday and 8 a.m. - 5 p.m. Fridays.

Notes: (1) Calculations of the return of Title IV aid for withdrawals occurring during the first two weeks of a term will be based on the last date of attendance for the term in which the student withdraws. Students who initiate a withdrawal from the university after the first two weeks of the term will be eligible for a refund of Title IV aid based on the date that the withdrawal form was submitted to Academic Services.

(2) Any student who earns the grade of AF in all coursework within a term will be considered unofficially withdrawn for that and will be subject to a Title IV refund calculation. Based on this calculation a portion of Title IV aid may be unearned and required to be returned to the appropriate agency.

(3) No refund for residential charges will be made for a term after the student signs either a New Student Housing Application or a Returning Student Housing Application. Application, activity, lab, miscellaneous fees, and room reservation deposits are nonrefundable, except as indicated under the Housing Deposit (p. 21) section of this catalog.

Appeals of Refund Calculation

Appeals of withdrawal and refund calculations or other institutional charges from students and parents who feel that individual circumstances warrant exceptions from published policy should be addressed to the assistant vice president for the business office, located in Roemer Hall. In order to appeal a decision, the student must submit a written request including any evidence that would substantiate the appeal.

Refund Distribution of Financial Aid

After the amount of the refund has been calculated, the Financial Aid Office will determine the Title IV refund amounts according to the calculation schedule approved by the U.S. Department of Education. Refunds to specific Title IV programs will be made to the following programs in the order outlined:

1. Outstanding balances on FFEL Program Loans (Unsubsidized Stafford, Subsidized Stafford)
2. PLUS
3. Federal Pell Grant awards
4. Federal SEOG awards
5. Other Title IV student assistance
6. Other federal, state, private, or institutional aid
7. The student

No Title IV program may receive a portion of the federal refund amount if that program was not part of the student's original package.

Cash Disbursements

When a student officially or unofficially withdraws from school and has received a cash disbursement for educational expenses that exceeds non-institutional costs

of education up to that time, the student owes the excess amount to the Title IV program(s) that helped meet the student's educational costs. Lindenwood University will follow the same procedures used in the refund policy to determine which Title IV program(s) will receive the student-owed repayment. The university will notify, bill, and collect the amount owed the Title IV program(s) from the student.

Maintaining Financial Aid Eligibility

Undergraduate Satisfactory Academic Progress for Financial Aid

To be considered a full-time student at the undergraduate level, a quarter student must be enrolled in nine credit hours of coursework. At the end of each term of enrollment, students must successfully complete a minimum number of credit hours toward graduation. The table below indicates the minimum number of credit hours that must be completed for a student to demonstrate satisfactory progress.

Full-time Undergraduate Satisfactory Academic Progress

Academic Terms Completed	Minimum Credit Hours Earned	Cumulative GPA
1	6	1.5
2	12	1.6
3	18	1.7
4	24	1.8
5	30	1.9
6	36	2.0
7	42	2.0
8	48	2.0

For each full-time quarter term after eight, a student must complete a minimum of six credit hours each term and maintain a cumulative GPA of 2.0 not to exceed a maximum of 20 full-time terms. Before each payment period, the student's academic record will be checked for satisfactory academic progress. Failure to maintain minimum academic progress will result in a student being ineligible to receive Title IV financial assistance following one term of Financial Aid Warning.

Part-time Undergraduate Satisfactory Academic Progress

Part-time undergraduate students must successfully complete at least 50 percent of their attempted credit hours and be in good academic standing at the point in the program that is consistent with the requirement for graduation outlined above.

Graduate Student Satisfactory Academic Progress for Financial Aid

Full-time Graduate Student Satisfactory Academic Progress

Academic Terms Completed	Minimum Credit Hours Earned	Cumulative GPA
1	6	2.66
2	12	2.66
3	20	2.75
4	27	2.75
5	33	2.80
6	39	3.0
7	44	3.0
8	48	3.0

Financial Aid Warning/Suspension

If a student fails to meet the minimum requirements outlined in the Satisfactory Academic Progress Minimum Requirements table, the student will be placed on financial aid warning for the subsequent term of enrollment. If, by the end of the financial aid warning term, the student does not meet the minimum requirements for satisfactory academic progress, the student will be placed on financial aid suspension and will not be eligible for financial aid reinstatement until the minimum cumulative requirements of the policy are attained. Institutional grants awarded to students later placed on financial warning or suspension will also be reevaluated. Financial aid warning and suspension are calculated and applied independently from academic warning or academic suspension.

Notes: (1) Transfer credit hours accepted by Lindenwood University will be included in the calculation of satisfactory academic progress and will count as both "attempted" and "completed" hours.

(2) Students wishing to apply for and receive Title IV assistance must meet specific academic progress requirements in order to maintain Title IV financial aid eligibility. Failure to maintain minimum academic progress will result in a student being ineligible to receive Title IV financial assistance following one financial aid warning term (semester or quarter).

Reinstatement of Aid After Financial Aid Suspension

Financial aid will be reinstated only after the student achieves the minimum cumulative requirements for satisfactory academic progress outlined in the table.

Note: Withdrawal from the university has no effect on the student's satisfactory progress upon readmission.

Appeals of Financial Aid Suspension

A student has the right to appeal the suspension of financial aid if the student feels that the requirements of the satisfactory academic progress were met and that the suspension of aid is inappropriate, or if the student believes that undue hardship (death of a relative, injury or illness, or similar special circumstances) directly affected academic performance.

To appeal the suspension of financial aid, the student must submit a letter of appeal, along with any relevant supporting documentation, to the director of financial aid. If the appeal is granted, the student will be placed on financial aid probation and will be given one subsequent term of enrollment to meet the minimum satisfactory academic progress requirements. If the appeal is denied, the student will be ineligible to receive Title IV aid until the academic requirements are met.

Combining Terms of Enrollment

In some cases, students can combine enrollments in two or more concurrent terms to attain the minimum enrollment for financial aid eligibility. Terms may be combined as follows:

Fall Semester	and/or	Fall Quarter	and/or	Fall MBA I	Fall Trimester A
Fall Semester	and/or	Fall Quarter	and/or	Fall MBA II	
Spring Semester	and/or	Winter Quarter	and/or	Spring MBA I	Spring Trimester A
Spring Semester	and/or	Winter Quarter	and/or	Spring MBA II	
Summer Semester		and		Summer MBA	Summer Trimester A

Note: Spring quarter and summer quarter may not be combined with any other term.

State Financial Aid

Several grants are available to Missouri residents who attend eligible institutions in the state of Missouri. Lindenwood University is an eligible institution.

Access Missouri Financial Assistance Program

The Access Missouri Financial Assistance program is a need-based grant available to eligible full-time Missouri resident undergraduate students. Please visit the Missouri Department of Education website at <http://www.dhe.mo.gov/accessmo.shtml> for a list of eligibility criteria.

Missouri Higher Education Academic Scholarship Program

The Missouri Higher Education Academic Scholarship program is available to Missouri residents who have a composite score on either the ACT or SAT tests that places them in the top three percent of all Missouri students taking those tests. The scholarship is renewable for up to four years for Missouri residents who enroll as full-time undergraduate students and maintain a 2.5 cumulative GPA at an approved institution for the period of the scholarship. Lindenwood University is an approved

eligible institution. Students will be notified by the Missouri Department of Higher Education as to their eligibility.

Marguerite Ross Barnett Memorial Scholarship Program

This program is available to eligible students who are enrolled part-time and who are employed for at least 20 hours a week. Students interested in this program should visit the Missouri Department of Education website at <http://www.dhe.mo.gov> for eligibility criteria.

Vocational Rehabilitation

Vocational rehabilitation assistance may be available for students with disabilities. Students should contact their regional office of vocational rehabilitation in regard to benefits.

Montgomery G.I. Bill, MOGUARD, and ROTC

Lindenwood assists qualified students in obtaining financial assistance for their education through the various military funding sources. Missouri National Guard, Reservists, and Reserve Officer Training Corps members may be eligible for special financial incentives and entitlements such as Lindenwood ROTC GRANT, ARNG Federal Tuition Assistance, MOARNG State Tuition, Monthly Drill Pay, ROTC Stipend, Montgomery G.I. Bill, and Kicker. Information is available from the V.A. school certifying official.

ACADEMIC POLICIES AND PROCEDURES/ACADEMIC SERVICES

Academic Policies

Academic Load

All academic credit is stated in semester credit hours. Student enrollment status is determined by the number of credit hours in which a student is enrolled during a given term. In credit hours, the academic load for quarter students is as follows:

Undergraduate Quarter Students

- Nine credit hours: full-time
- Eight credit hours: three quarter-time
- Six to seven credit hours: half-time
- One to five credit hours: less than half-time

Graduate Quarter Students

- Nine credit hours: full-time
- Six to eight credit hours: half-time
- One to five credit hours: less than half-time

Course extensions (including culminating project extensions and thesis extensions) are not considered a part of “hours enrolled” for purposes of this policy and are therefore less than half time.

For purposes of a Missouri Student Grant, students must be enrolled in nine hours in the quarter system both at the time the funds are requested and at the time the funds are received.

Grading System

Lindenwood operates under the 4.0 grading system. The grade point average is computed by dividing the total number of quality points earned by the total number of semester hours attempted. An A carries four quality points; thus, a course worth three semester hours in which a student earned an A would merit a total of 12 quality points. A grade of B carries three quality points; a grade of C carries two quality points; and a grade of D carries one quality point. A grade of F carries no quality points and no credit. A grade of AF (attendance failure) carries no quality points and no credit. Only grades earned at Lindenwood are used in computing the GPA.

Undergraduate students may receive grades of A, B, C, D, F, W, AF, N, I and Audit (AU). A grade of A represents work of outstanding quality; it indicates that the student has shown initiative, skill, and thoroughness and has displayed originality in thinking. A grade of B is awarded for work of high quality, well above average. The grade of C indicates average work and satisfactory completion of course requirements. The grade of D indicates minimally satisfactory completion of course requirements. The grade of D is not awarded at the graduate level. A grade of F or AF indicates that one’s coursework is unsatisfactory, and no credit is given.

Repeating a Course or Cluster

An undergraduate student who earned a grade of C or lower in any part(s) of a cluster may repeat the entire cluster. Only the highest grade(s) earned will be used in the calculation of the grade point average. Repeating a course does not remove the previous grade from the transcript. Additional credit hours are not earned when a student repeats a course or cluster. A student’s eligibility for federal financial aid may be affected if they choose to repeat a course. The university is under no obligation to offer a course aside for its usual schedule to accommodate a student repeating a course.

If a graduate student fails and retakes a course, the second grade does not replace the first grade; the two grades are averaged. For instance, if a student earns an F for a class and retakes the class, earning an A, the two grades would be the equivalent of two Cs and would affect the overall grade-point average as two Cs.

Incomplete (I)

A grade of I (incomplete) is given at the end of a quarter only for failure to complete the coursework because of exceptional circumstances beyond the student’s control. An incomplete is not an alternative for the student who is failing the course or who has excessive absences. An incomplete is not an option for the student who has consistently missed or been tardy with assignments. A student should have attended all cluster meetings to date and should be relatively current with the assignments in order to qualify for the extension afforded through an incomplete grade. Students must contact their faculty advisors for additional information about requesting an incomplete grade in a cluster. Any incomplete grades not made up by the end of the next term automatically becomes an F.

Audit (AU)

A student may register in any lecture course as an auditor. Students are not permitted to audit skill courses such as studio or laboratory courses involving extensive supervision by an instructor. Auditors will be expected to attend all classes. No credit may be earned or later claimed by a student who audits a course. A student has one week into a regular term and two class meetings into a quarter or summer session to make a change in registration to audit a class or to take it for credit. The audit fee is 50 percent of the regular tuition for a course.

Attendance Failure (AF)

This grade is given when a student stops attending a particular class prior to the published deadline to receive a grade of W but does not withdraw from the course. The grade of AF is treated as a grade of F in the calculation of the student’s grade point average.

No Grade (N)

An administrative grade of N is assigned by the registrar when final course grades have not been submitted prior to making grades accessible to students. Under normal

circumstances, the N grade will be cleared within two weeks after the end of the term. Faculty members are not authorized to submit a grade of N.

Catalog of Entry

Students are required to satisfy the degree requirements of the catalog in effect at the time of matriculation. A continuing student who desires to pursue a course of study added to the curriculum in a subsequent catalog year or who wishes to fulfill general education or major requirements that have changed since the student's matriculation must submit a catalog change request to the Office of Academic Services. If the request is granted, the student will be bound by all policies and requirements in the new catalog. Students who discontinue study at Lindenwood University may be required to adopt the requirements of the catalog in effect at the time of readmission depending upon the length of the absence. See the Academic Policies and Procedures section of this catalog for further information regarding catalog requirements after a leave of absence from the university.

Note: The university reserves the right to modify its policies (other than degree requirements) at any time. Students must adhere to all university policies that are in effect during each term of enrollment.

Classification of Students

Academic progress is calculated in credit hours.

- To be classified as a sophomore, a student must have successfully completed at least 24 credit hours.
- To be classified as a junior, a student must have successfully completed at least 54 credit hours.
- To be classified as a senior, the student must have successfully completed at least 84 credit hours.

The classification of a student is changed only at the end of a semester or term. A minimum of 120 credit hours (not including courses completed at the preparatory or pre-college level, numbered 01000-09999) is necessary to complete a bachelor's degree.

Non-Degree Seeking Students

A student who is not seeking certification or any degree with Lindenwood University may be accepted as a Non-Degree, "Special Status" student. Students accepted under this status must meet university admissions standards and may not take more than 12 credit hours of regular, undergraduate, or graduate credit without being fully admitted. This policy does not apply to cooperative (workshop) credit. Students accepted with special status are not eligible for financial aid or student loans as they are not fully admitted to the university. Payment arrangements must be made with the Business Office prior to attending class.

Academic Standards

In addition to making satisfactory academic progress required to maintain financial aid eligibility, students must also meet an additional set of academic expectations in order to remain in good academic standing with the University. Failure to meet these standards will result in

academic warning, academic probation, academic suspension, or dismissal from the University.

Maintaining Good Academic Standing

Undergraduate Students

To remain in good academic standing, undergraduate students who are enrolled in six or more credit hours in a given term must maintain a minimum cumulative GPA of 2.0. Students whose cumulative GPA falls below 2.0 will be placed on probation. Students whose cumulative GPA remains below 2.0 after the subsequent term will be permitted to continue on probation as long as the term GPA is 2.0 or higher. Students are removed from probation when the cumulative GPA reaches 2.0. A student on probation who earns a term GPA below 2.0 will be placed on suspension.

Academic Probation

Academic probation indicates that a student is not in good academic standing and is subject to suspension if his or her work does not reach a satisfactory level. Students remain on academic probation until the cumulative GPA reaches the minimum level of 2.0, as long as each term GPA is 2.0 or higher.

Academic Suspension

Academic suspension indicates that a student is not in good academic standing and has been dismissed because his or her work has not reached a satisfactory level. Academic suspension must be appealed in writing before a student may continue in a subsequent term.

Graduate Students

To remain in good academic standing, graduate students must maintain a minimum cumulative GPA of 3.0. Students whose cumulative GPA falls below 3.0 will be placed on probation. Students whose cumulative GPA remains below 3.0 after the subsequent term will be permitted to continue on probation as long as the term GPA is 3.0 or higher. Students are removed from probation when the cumulative GPA reaches 3.0. A student on probation who earns a term GPA below 3.0 will be placed on suspension.

Academic Probation

Academic probation indicates that a student is not in good academic standing and is subject to suspension if his or her work does not reach a satisfactory level. Students remain on academic probation until the cumulative GPA reaches the minimum level of 3.0, as long as each term GPA is 3.0 or higher.

Academic Suspension

Academic suspension indicates that a student is not in good academic standing and has been dismissed because his or her work has not reached a satisfactory level. Academic suspension must be appealed in writing before a student may continue in a subsequent term.

Academic Integrity

Lindenwood University students belong to an educational community invested in the exploration and advancement

of knowledge. Academic integrity is a critical part of that investment: all students have a fair opportunity to succeed, and, as such, all students owe their classmates, instructors, administrators, and themselves the duty of scholarly and creative work untainted by plagiarism, dishonesty, cheating, or other infringements of academic integrity. In turn, instructors, staff, and administrators will also uphold these policies in order to promote student intellectual development and preserve the integrity of a Lindenwood degree.

As members of this academic community, students are expected to familiarize themselves with the university's policies in the Lindenwood University Student Handbook and to adhere to these policies at all times. Students are also encouraged to consult the resources of the university library and the Writing Center/Academic Success Center for assistance in upholding the university honesty policy.

The penalty for the first reported offense of academic dishonesty will be determined by the instructor and may result in a reduced or failing grade on the work, a failing grade for the course, or any other appropriate penalty. Upon a first report of academic dishonesty, the student is also required to complete an online Academic Integrity Tutorial. A charge for the tutorial will be applied to the student's Business Office account. For undergraduates, a second offense will result in a failing grade for the course, and a third offense will lead to expulsion from the university. Graduate students will be expelled after a second offense is reported.

The associate provost maintains confidential records of academic dishonesty reports. These reports are accessible only to the provost and associate provost and are not linked to students' academic or financial records at the university. However, students remain accountable for any acts of dishonesty for as long as they pursue studies at Lindenwood, regardless of progression from undergraduate to graduate programs. Any question regarding the academic honesty policy should be directed to the associate provost.

Appealing Academic Suspension

Upon academic suspension, a student who wishes to resume his or her studies must first appeal the suspension in writing. The appeal must be received and reviewed prior to the beginning of the term following the student's suspension. The dean of academic services will review the student's letter of appeal, along with the student's academic history and overall academic performance.

Continuously enrolled students whose appeals of academic suspension are granted will resume their studies on probation.

A student who has discontinued his or her studies for more than one year and who departed the university under academic suspension must appeal his or her suspension before being readmitted. Upon readmission, such students will be subject to the requirements in the catalog in effect at the time of their return.

Academic Honors

General Honors

The Lindenwood faculty awards general honors to those undergraduate students who have completed all degree requirements with academic distinction. In order to be eligible for general honors, a student must have completed a minimum of 60 credit hours in residence at Lindenwood University. (Transferred credits and experiential learning credits do not count toward in-residence credit hours.) Students whose Lindenwood cumulative grade point averages fall within certain ranges are eligible for honors as follows:

- The student who achieves a cumulative grade point average between 3.70 and 3.85 receives the degree cum laude.
- The student who achieves a cumulative grade point average between 3.86 and 3.93 receives the degree magna cum laude.
- The student who achieves a cumulative grade point average of 3.94 or above receives the degree summa cum laude.

Alpha Sigma Lambda Honor Society

Alpha Sigma Lambda is a premier national honor society that recognizes those senior undergraduate students who have achieved academic excellence while handling other life responsibilities, including family, employment, and community service. Nominees must have completed eighty-four (84) hours at Lindenwood and maintained a 3.8 cumulative grade point average.

Dismissal

The university reserves the right at any time to dismiss a student who is (1) unable to meet academic standards or (2) whose continuance in the university is considered to endanger the student's own health or well-being or that of others or (3) who does not observe the social regulations and standards of conduct of the university.

Academic Procedures

Withdrawal (W)

Withdrawing with a Grade of W

To withdraw from a course with a grade of W, students must complete, sign, and submit a withdrawal form before the last day to withdraw with a W, with the signature of his/her academic advisor, and, if he/she has attended the course at least once, the signature of the instructor of the course. Students wishing to withdraw from the university altogether must obtain the signatures of the instructors for each course they wish to drop. The deadline to withdraw is set at the two thirds mark of the quarter.

Late Withdrawals

Late withdrawals will be approved only under extreme, documented circumstances. Requesting a late withdrawal due to a low grade in the class, lack of interest in the subject matter, a different learning style from that of the classroom professor, or a change of major/requirements are not reasons that will be honored.

If a student believes that extraordinary circumstances require withdrawing from a class after the deadline, the student must complete the following steps:

- Write a letter fully specifying the reasons for the withdrawal.
- Gather supporting documentation (physical report, court documents, hospital documents, etc.)
- Meet with the academic advisor who will complete and sign a Late Withdrawal request form.
- Meet with the dean of the school for a signature on the request form.
- Submit the signed form, along with the letter and documentation, to the associate provost.
- If approved for a late withdrawal, the student will receive a W.

Notes: (1) In addition, students are not permitted to withdraw from a cluster to attend another cluster if that cluster has already had two class meetings.

(2) A student who is a first responder may elect to withdraw from a cluster with a grade of W at any time during the term if documentation is provided verifying that the student's first responder duties were the cause of absences exceeding the number of allowable excused absences. This policy applies to academic withdrawal only.

(3) Calculation of the return of Title IV aid will be based on the last date of attendance for the term. This may result in a balance due to the university for which the student will be responsible.

Appealing Grades

Students who wish to appeal a final grade must first contact the course instructor. If the matter cannot be resolved through the instructor, the student may appeal in writing to the appropriate school dean. If resolution is not reached at that time, the student may appeal in writing to the associate provost. An Academic Grievance Committee may be convened to review a grade appeal before a recommendation is made to the provost for review.

Information concerning these procedures is available through the associate provost's Office. Notice of intent to file a grade appeal must be made in writing to the appropriate school dean or associate provost within six weeks of receipt of the grade. Changes under this procedure will be made only during the term immediately following the term in which the disputed grade was given.

Lindenwood University shares information from students' formal written complaints with the Higher Learning Commission as part of its normal accrediting process. This information is shared in such a manner as to shield all individual identities of complainants. No letters or documents revealing the identities of individual complainants will be shared without the express written permission of the complainants.

Stopping Out and Readmission

Stopping Out for One to Three Successive Quarters

A quarter student may take a leave of absence (or stop out) from a quarter program for up to three successive quarters. During such a leave, the student is not enrolled in courses at Lindenwood; however, the student remains in contact with a Lindenwood faculty advisor or Student Success Center staff. A student who stops out for up to three successive quarters will not be required to complete the readmission process (described below) and may contact his or her academic advisor directly to re-enroll in courses.

Note: (1) Quarter students who re-enroll in courses after three or fewer successive terms of absence will be subject to the degree requirements outlined in the catalog that was current at the time of the student's original admission to the university.

(2) Lindenwood grants will be reinstated at the time of the student's return to the university only if the student's leave does not exceed three successive quarters.

(3) Quarter students who stop out for four or more successive quarters must be readmitted to the university as described below.

Stopping Out for Four or More Successive Quarters

A quarter student who stops out for one year (four successive quarters) or more must reapply and be readmitted to the university in order to continue a degree program. Such students must submit an application for admission to the Office of Evening and Graduate Admissions, as described below.

Note: (1) Students who stop out for four or more successive quarters will be subject to the degree requirements outlined in the academic catalog current at the time of the student's readmission to the university.

(2) Upon the return of any student after an absence of five or more years, a review of the student's previously earned credits toward the degree will be reviewed for approval by the program director.

Academic Renewal

Academic Renewal allows returning students to remove previous course work from calculation of their GPA after an extended absence. A returning student seeking to resume a program of study or begin a new program of study after a prolonged absence is eligible for Academic Renewal under the following conditions:

- The student must have been absent from the Lindenwood University system for at least three consecutive academic years.
- The student must not have obtained a degree at Lindenwood or any other institution of higher education in the years between taking leave from Lindenwood and applying for academic renewal.
- The student must declare a major or program of study.
- The student must be enrolled in and complete at least one academic term (semester, quarter, trimester, or five-term) at full-time status, earning a minimum

undergraduate GPA of 2.5 or graduate GPA of 3.5 before applying for Academic Renewal.

In addition to the conditions outlined above regarding student eligibility, Academic Renewal is subject to the following conditions:

- Academic Renewal can only be applied once.
- Academic Renewal can only be applied to academic terms completed prior to the student's leave of absence.
- Academic Renewal can only be applied to courses taken at Lindenwood University.
- For undergraduate students, up to three terms can be selected for Academic Renewal; for graduate students, up to two terms can be selected.
- Once implemented, the Academic Renewal cannot be removed.
- Students approved for Academic Renewal are subject to the degree requirements listed in the catalog that is active at the time they are reinstated.
- No course from a term selected to be removed from GPA calculation can be used to satisfy an academic requirement (e.g., toward graduation, prerequisites, or certifications).
- All courses from terms will be removed from calculation of the student's GPA regardless of the grades earned. However, these courses will not be entirely erased. All courses taken by the student will still appear on their transcript. A note will appear on the student's transcript for each redacted term.
- A student may not apply for Academic Renewal in their final semester.

Students considering applying for Academic Renewal must inform an academic advisor of their intent to do so. The advisor will consult with the student regarding which academic terms to remove from calculation of the student's GPA. The student should submit a petition for Academic Renewal to the Office of Academic Services signed by the student's academic advisor and school dean. The student will be notified of a decision within 30 days of submission of the petition.

Notes: (1) Applying for Academic Renewal can affect a student's eligibility for financial aid. Students are encouraged to contact the Office of Financial Aid (financialaid@lindenwood.edu) before applying for Academic Renewal.

(2) Students on the GI Bill should contact the Veterans Affairs Center (ksieve@lindenwood.edu) before applying for Academic Renewal.

Readmission

Any quarter student who has not been enrolled at Lindenwood University for one year (four successive quarters) or more and who wishes to resume his or her coursework must be readmitted to the university. The student must complete a new application for admission and submit it to the Office of Evening and Graduate

Admissions. Students who were suspended at the time of departure from the university must also submit a letter of appeal to the Lindenwood associate provost.

After review of the application (and a successful appeal of suspension, if necessary) the admissions office will update the student's profile in preparation for his or her return to the university. The student will then be directed to an academic advisor to enroll in course.

Note: Readmitted students will be subject to the degree requirements outlined in the academic catalog that is current at the time of readmission.

Thesis/Culminating Project Extensions

Registrations for extensions on undergraduate thesis/ culminating projects must be completed by the student each succeeding term after the initial enrollment for his/her thesis/ culminating project. The fee charged will be \$50 for each extension. The fee charged for the MFA in writing thesis extension is \$150.

If the student fails to register for a term, he/she will no longer be considered a degree candidate. Should the student wish to resume the thesis/culminating project, he/she must pay the full tuition rate for the thesis/culminating project at the time of re-enrollment. In order to appeal that charge, the student must submit a written request to the assistant vice president of the business office including any evidence that would substantiate the appeal.

Transferring Credit

Transferring Credit from U.S. Institutions

Students wishing to transfer credit from a regionally accredited university should submit official transcripts from each university attended to the Office of Admissions. Evaluation of transfer credit will be made by the registrar. For the evaluation of credit, official transcripts must be sent directly from the U.S. institution to Lindenwood University.

There is no limit on the number of credit hours that may be transferred to Lindenwood. All credit hours accepted in transfer must be from regionally accredited colleges and universities, except in rare cases. (Students may contact the Lindenwood dean of academic services for a list of non-accredited institutions from which credit is accepted.)

Please note the following terms, condition, and requirements regarding the transfer or credit to Lindenwood University:

- In order to count toward graduation, all transferred credits must be earned at the 10000-level or above. (Remedial courses will not be accepted for transfer by the university.)
- Courses taken between the 10000- and 40000-level for which a passing grade has been earned and that contain content and credit that is similar to or like that of a Lindenwood course will be transferred onto the student's transcript as equivalents of Lindenwood courses and credits. Note that only credit hours will be

transferred; grades earned at other colleges will be made available on the student's transcript for advising purposes but not computed into the Lindenwood University GPA.

- Lindenwood deans determine the equivalency of each transferred course relative to the department's respective degree requirements. If the content of a transferred course is unlike any course offered at Lindenwood but within the university's programmatic range of studies, elective course credit may be granted.
- If the transfer credit is unrelated to any Lindenwood program, a maximum of 12 hours of technical credit may be granted. The appropriate department will determine whether and how the evaluated transfer credit may be used to meet major and minor requirements.
- Credits accepted from another institution that correspond to 30000-level or higher Lindenwood courses will be recognized as fulfilling the university requirement that students complete 42-credit hours at or above the 30000-level. Such courses will also count toward the 120 credit hours required for graduation.
- A student transferring to Lindenwood University with a D in a major course or a major course prerequisite may be required to retake the course at Lindenwood University, as dictated by the policies of the department in which the student is completing his or her major. Decisions concerning requirements to retake courses will be left up to the program director or dean who has authority over the major. If a transferred course in which a D is earned is retaken, the transferred course credit will be removed from the transcript.
- Grades of P (pass) will be accepted in transfer and may count for either general education or elective credit.
- If a major or minor course requirement is transferred to Lindenwood with a P (pass) grade, the program director and dean will determine whether the course will meet the major or minor course requirement or whether the course must be retaken or replaced.

In addition to the terms outlined above, the following criteria must be met in order for students to qualify for graduation:

- A transfer student must successfully complete a total of 30 credit hours in residence at Lindenwood University, with the successful completion of the last 24 credits leading to a degree being taken within the Lindenwood University system.
- A transfer student must complete a minimum of 50 percent of his or her major at Lindenwood University, but a department or school may require a higher minimum number of hours to be taken at Lindenwood University in the major, minor, concentration, or emphasis area to earn a degree.

Appeals of transfer credit evaluations should be submitted in writing to the dean of academic services. For information about transferring credit for experiential learning or proficiency exam credit, please see the Earning Credits through Experiential Learning, Professional Experience, or Examination (p. 32) section of this catalog.

Transferring Credit from International Institutions

Students with transfer credit from an international institution must submit official transcripts from the international university attended to the Office of International Students and Scholars. The transcripts must be in their original language and must be accompanied by a certified English translation, provided by the student. Applicants should contact WES at www.wes.org for more information about how to have transcripts evaluated. Students should list Lindenwood University as the recipient of the transcript evaluation. WES will also provide a copy of the evaluation directly to the applicant. The applicant should keep this copy for his/her records.

Note: Transfer evaluation companies other than WES are not accepted by the university, and the use of such companies will result in non-acceptance of transfer credit.

The transcript translation documents will not be returned to the student. The transcript and the translation will become part of the student's official file at Lindenwood. If the applicant intends to transfer credits into an undergraduate program, the initial cost for the evaluation will be incurred by the applicant. However, once the applicant obtains a visa and arrives at Lindenwood, the cost of the evaluation will be refunded (up to \$160 if the applicant provides the WES payment receipt to the International Student and Scholars Center). For further information regarding the transfer of international credit, please contact the university Office of International Students and Scholars at international@lindenwood.edu.

Transferring Credit While a Lindenwood Student

A student at Lindenwood who wishes to take courses at another college or university while pursuing a degree at Lindenwood must first obtain permission for the transfer of these courses from the student's academic advisor, the dean of the school in which that course resides, and the registrar. A Prior Approval form may be obtained from the Office of Academic Services or the Student Success Center. Credits accepted in transfer do not affect the student's grade point average at Lindenwood University.

Note: In the School of Accelerated Degree Programs (ADP), a student who has satisfied three semester hours of a cluster with transfer credit, CLEP-type testing, or Experiential Learning may opt to take the cluster or may opt for the following: 1) take the remaining classes as individual classes either at ADP or in the Lindenwood University Day Program, as may be available; 2) take the classes at another college or university with prior approval (as noted above) of Lindenwood University; or, 3) take only six of the nine hours in a cluster, paying only for the six hours taken. If option #3 is selected the student will be responsible for attending the entire class period at all class meetings. The student will also be responsible for all assessments, tests, and assignments whose scores count towards

the final grade in either or both of the included courses within the cluster. Further, the student will not be responsible for assessments, tests, or assignments whose scores count only towards the final grade in the excluded course within the cluster.

Graduate Students

Graduate Transfer Credit from another University

Students transferring credit hours from a regionally accredited university must submit official transcripts from each university attended to the Office of Evening and Graduate Admissions along with the application for admission. All hours accepted in transfer must be from regionally accredited colleges and universities. In order to count towards graduation, all graduate credit hours must be 50000 level or above and must be in the same subject area. If courses have the same title, contain similar or like content and have a grade of "B" or above, they may transfer in as equivalents of Lindenwood course credit. Grades of "C" or below will not transfer into any graduate program. A maximum of nine credit hours of graduate credit will transfer to a graduate program. All transfer credit is subject to approval by the program director and the dean.

Transferring To/From Graduate Programs between Schools at Lindenwood University

Some quarter-term students, after taking one or more clusters, may decide to transfer into another School within Lindenwood University to earn their graduate degree. When this occurs, students may be able to transfer nine credit hours from their first graduate degree program toward their new graduate degree program. Approval of transfer credit is at the discretion of the program director or department chair of the receiving School. The same nine credit hour rule applies to graduate credit transferred into the School of Accelerated Degree Programs from another School within Lindenwood University.

Earning Credit by Examination

External Examination (CLEP or DANTES)

Students may earn up to 27 hours of undergraduate credit by successfully completing a College Level Examination Program (CLEP) exam or a DANTES standardized test. Credit is granted for these exams based on the scoring recommendations set by the College Board Assessment Program.

Students with CLEP or DANTES credit should consult the Lindenwood registrar to determine whether their achievement on the exam(s) qualify them to earn university credit.

Notes: (1) Students may not use CLEP or DANTES credit in the place of the following requirements or courses: student teaching, internships, studio courses, laboratory courses, or private music lessons.

(2) Students may not receive credit for courses they have previously audited or attended unofficially.

(3) CLEP credit will not be awarded to non-native English speaking students who complete a CLEP exam in their native language.

(4) Lindenwood University does not currently administer College Board Examinations; the student must arrange to have test results sent directly to Lindenwood for evaluation.

Students who pass a CLEP/DANTES proficiency examination have two options when applying for credit. The student may request that the test score be used to waive an equivalent course at the university. In this case, no credit is awarded to the student, and no credit is posted on the student's transcript. A waived course applies no credit toward graduation. For advising purposes, a note will appear on the student's transcript for advising purposes, indicating that a course has been waived. There is no additional cost for a course to be waived.

Alternatively, the student may request that the exam score be posted to the transcript as university credit for a fee of \$90 per credit hour. In this case, the credit applies toward the total number of credit hours required for graduation and becomes equivalent to a course taken at Lindenwood.

Notes: (1) This fee is subject to change. Please consult the fee schedule for current rates.

(2) The charge for the posting of credit for a proficiency examination is a flat rate. It may not be included in the student's full-time tuition or any other enrollment charge nor will the student be charged an overload fee.

Internal Examination

In addition to the standardized CLEP/DANTES exams described above, students may seek credit for (or waiver of) university coursework by means of taking and passing internally administered proficiency exams. Students should approach their respective departments to learn more about the proficiency exams that have been created for this purpose within their schools. As in the case of CLEP/DANTES credit, a student who passes an internally administered proficiency exam may (1) request to have the course waived, in which case no credit will be granted or (2) request credit for the exam and have the appropriate credit posted to the transcript for a fee of \$90 per credit hour. In this case, the student's cumulative grade point average is not affected because only credit (no grade) is recorded for a course completed in this manner.

Earning Credits through Experiential Learning or Professional Experience

Experiential Learning

For some students, professional experience or life experience may be accepted as university credit and be recorded as such onto the student's Lindenwood transcript. Credit earned in this fashion is referred to as credit for experiential learning.

The following skills or experiences may be considered equivalent to university credit for purposes of receiving experiential learning credit:

- Professional skills acquired on the job.
- Participation in business seminars.
- Experience in community affairs.
- Professional training in particular fields.

- Non-credit-bearing coursework that contain academic content.

Notes: (1) Credit is awarded only for university-level knowledge and the learning gained from the experience. Experiential learning credit is not granted for non-university level learning, having completed routine professional tasks, having acquired outdated or forgotten knowledge, or for private experiences.

(2) Limits for experiential credits earned may be imposed on the acquisition of such credit for certain technical skills and specialties.

(3) Credit is not given for learning that duplicates a university course the student has already taken.

Students may request to receive up to 27 hours of credit for experiential learning, depending on the requirements of their degree programs. The total number of credit hours awarded for experiential learning may vary according to the time spent on particular activities and the nature of the learning experience.

Students may satisfy some of the requirements for their majors through experiential learning credit; however, at least 50 percent of all coursework toward the major must be taken at Lindenwood University.

Note: Lindenwood cannot guarantee how any other university might interpret transfer credit earned from the Experiential Learning Credit program.

Experiential Learning Not Requiring a Portfolio

Students having the experience or credentials below may apply for experiential learning credit without submitting an additional portfolio of supporting documentation. (Any documentation that is required for the final approval of credit is listed along with each item below.) The application for university credit for the following credentials will be evaluated upon presentation of proof of the required certification or transcripts.

The American Council on Education (ACE): Lindenwood University accepts the recommendations for credit as set by (ACE). To earn experiential learning credit, the student must provide the ACE transcript or certificate verifying that the experience or training is or has been recognized by ACE.

- Information Technology Certifications: Up to 27 credit hours may be awarded for current certifications from Cisco, Microsoft, CompTia, EC Council or AccessData, copy of certification or official transcript required.
- Medical Laboratory Technician (MLT) or Radiologic Technician: Official transcript from accredited school of MLT or school of radiology and completion of an accredited course of medical laboratory science required.
- Emergency Medical Technician (EMT-B): Up to nine credit hours may be awarded for the completion of training and certification for EMT. Student must present official current license.

- Paramedic (EMT-P): Up to 39 credit hours may be awarded for the completion of the training and certification for the EMT-P paramedic. Student must present official current license.
- Respiratory Therapist (RT): Up to 12 hours of credit may be awarded for the completion of training and certification in respiratory therapy. Official transcript from accredited school of RT required.
- St. Louis Police Academy, St. Charles Police Academy, or other police academies: Up to 15 hours of credit may be awarded to graduates of the St. Louis or St. Charles Police Academies. Credits from other police academies will be evaluated. Copy of certification or official transcript required.
- Real estate sales license: Up to three hours of credit may be awarded. Copy of license required.
- Real estate broker's license: Up to three hours of credit may be awarded. Copy of license required.
- Life insurance license (completion or training) and certification for life insurance licensure: Up to three hours of credit may be awarded. Students may be eligible for an additional three credit hours in an area of specialization. Copy of license required.
- Stockbroker's license completion of training and certification for a stockbroker's license (series 6 or 7): Up to six hours of credit may be awarded. Copy of completion certificate required.
- Certified legal assistant: Up to 24 hours of credit may be awarded. Copy of certificate required.
- Certified professional secretary in selected business and economic areas: Up to 14 hours of credit may be awarded. Copy of completion certificate required.
- YMCA leadership development courses: Up to five credit hours may be awarded. Submission of YMCA transcript required.

Training courses offered by specific companies or corporations may also be awarded credit for experiential learning. For a list of these companies and eligible courses, check with the registrar or the experiential learning coordinator.

Students who wish to have experiential learning credit posted to their Lindenwood transcript must pay a fee of \$90 per credit hour. Credit will not be applied to the transcript until the fees are paid.

The following organizations have agreements with the university that permit the application of experiential learning credit as follows:

- Boeing: Boeing employees who have completed Boeing's V.I.P. or Learning Together Program courses may be eligible to have such experience posted to a Lindenwood transcript for credit for a fee of \$25. A maximum of 12 credit hours may be transcribed onto the student's Lindenwood transcript for these experiences. A copy of a certificate of

completion of either of the Boeing programs is required.

- **Center for Financial Training:** Lindenwood University agrees to provide direct transfer credit for designated college-level coursework offered by the Center for Financial Training (CFT) at no charge. A complete listing of CFT course equivalences and acceptable transfer credit may be obtained from the registrar or the experiential learning coordinator. CFT credits are treated like transfer credits from any accredited college or university.
- **Military Service:** Students seeking an experiential learning award for military experience, formal courses taken in the military, or for proficiency in a military occupational specialty (MOS) must provide official military records. Military credits are posted to a student's transcript at no charge, based on the recommendations of the American Council of Education. For credit derived from military experience or from formal courses taken through the military, veterans should submit a DD Form 95, DD Form 214, Joint Services Transcripts, depending on the branch of the military, or a transcript of in-service training.

Experiential Learning Requiring a Portfolio

If the student does not have one of the professional credentials listed on these pages or does not have credit from a course that is specifically listed as being accepted for experiential learning credit, that student may be required to create a portfolio in order to earn university credit for the experience before that credit is posted to the student's Lindenwood transcript.

The portfolio must validate the student's experience by providing proof (by certificate, diploma, syllabi, letters of testimony, and/or samples of work accomplished) that such experience led to university-level knowledge. An essay describing the knowledge gained in the learning experience must accompany all other documentation provided.

The experiential learning coordinator will help the student develop a portfolio. The coordinator will identify potential experiences that may be posted to the student's transcript as university credit and discuss the organization of the portfolio with the student.

Students wishing to receive experiential learning credit in their majors must apply for this credit before taking courses in their majors. Once the portfolio has been approved, the student will be charged a portfolio fee of \$300 plus \$90 per credit hour. Credit will not be applied to the transcript until payment is received. Financial aid may be applied to experiential learning, but the student must be enrolled in classes at the time the request for funding is made.

Double Major/Second Bachelor's Degree/Second Bachelor's Major

It is possible for a student to earn more than one undergraduate baccalaureate degree type from Lindenwood University. These degrees may be pursued either simultaneously or sequentially. They may be earned

in the same school or in two or more schools of the university.

Degree types offered at Lindenwood include BA, BFA, BS, and BSW. A student may earn a given degree type, only once. For example, a student may not earn more than one (BA) or (BS), etc. if he or she pursues majors leading towards the same degree type. (See information on double major) A student may earn degrees of different types. For example, a student may earn a BA and a BS or a BA and a BFA if he or she pursues different majors leading toward each degree type. Students may earn any combination of degree types.

Pursuing Two Bachelor's Degrees or a Double Major Simultaneously with No break in Attendance

Double Major

If a student simultaneously completes the requirements of two majors leading towards the same degree type, the student will earn one degree, and both majors will be noted on the student's transcript. The student must complete the core requirements for both majors in addition to the general education requirements for the degree earned. (Refer to General Education Requirements by degree.)

Second Bachelor's Degree

If a student simultaneously completes the requirements of majors leading towards degrees of different type, the student will earn two degrees with each major noted under the appropriate degree on the student's transcript. The student must complete the core requirements of each major in addition to the general education requirements of the combined degrees. (Refer to General Education Requirements by degree.)

Pursuing a Second Bachelor's Degree or Second Bachelor's Major Sequentially after a Break in Attendance

Second Bachelor's Degree

A student who has previously earned a baccalaureate degree from Lindenwood University may return to earn a second bachelor's degree if he or she is seeking a major leading to a degree type not previously earned at Lindenwood University. The student must complete the core requirements of the major. Such students, will be required to take only those specific General Education classes that are degree requirements for their major. Upon completion of all requirements, the second degree and major will be added to the student's transcript. The student will receive a new diploma listing the degree and major earned.

Students seeking a BA, BS, BFA, BSN, or BSW who have previously earned a bachelor's degree from another regionally accredited university may waive the Lindenwood University General Education requirements.

Second Bachelor's Major

A student who has previously earned a baccalaureate degree from Lindenwood University may return to earn a second bachelor's degree if he or she is seeking a major leading to the same degree type previously earned at

Lindenwood University. The student must complete the core requirements of the second major. Upon completion of all requirements, the second major will be added to the student's transcript with the notation "Second Bachelor's Major." The student will not receive a new diploma as no new degree type has been earned.

Academic Services

Grade Reports

Grade reports are issued to all students at the end of each term and may be accessed through the student portal. Deficient (D) and Failing (F) warning notices are sent to undergraduate students, their advisors, and the appropriate academic dean at the midterm period. Cumulative records are maintained for each student on individual transcripts. Lindenwood University employs an integrated database system called CAMS. Grade cards are available through the student portals, as are transcripts, class schedules, and information about the business office statements and financial aid. Because grade reports are available online to all students, Lindenwood University no longer mails reports to students. If a student needs a copy of his/her grades for work reimbursement, a copy of his/her grades can be printed by the student from his/her portal and submitted for reimbursement. If the student's employer will not accept the printed copy, the student should submit a written request to the dean of academic services (academicsservices2@lindenwood.edu) and a copy will be sent to the employer. The request must include the mailing address to which the report should be sent, student ID, term for which grades are requested, signature of the student making the request, and a call back number. The request can be faxed to (636) 949-4776. If students have any questions about their email accounts or their student portals, they can contact CAMSSupport@lindenwood.edu.

Requesting Transcripts

A request for a transcript should be made either on a Transcript Request Form or by letter to the Office of Academic Services, including name, student ID number, dates of attendance, and current address. Normal processing time after receiving the request for transcripts is three days. Students may also request a transcript online by accessing the Lindenwood University website and completing the Transcript Request Form located under *Academics; Support & Resources; Transcript Request*. A fee of \$5 is charged for each transcript requested, \$6.75 for electronic transcripts via the National Student Clearinghouse.

Requests for official transcripts of the academic record will not be filled until authorization has been received in writing from the individual student.

A transcript will not be issued when the student is delinquent in payment of tuition or fees, has not returned library books, or when there are other unfulfilled obligations to the university. Students will be given 30 days after a transcript request has been made to clear any outstanding balance with the Business Office. After 30

days, it will be the student's responsibility to submit a new request for transcript.

Note: All information in each student's university record is considered confidential and is issued only to authorized individuals.

The Family Educational Rights and Privacy Act

In conformance with the Family Educational Rights and Privacy Act of 1974 (the Buckley Amendment), Lindenwood University has established a system to ensure that students have complete access to their educational records and the right to challenge information they believe to be inaccurate or misleading. Information about these procedures can be obtained from the Office of Academic Services. Unless specifically prohibited by the student, Lindenwood University may release "directory information" at its discretion for government-mandated reporting, news releases, and other purposes that it believes serve the student's interest. This includes

- Full name
- Local and home addresses
- Local and home telephone numbers
- Email address
- Date and place of birth
- Most recent educational institution attended
- Enrollment status
- Class level
- Dates of attendance
- Degrees, awards, and honors received
- Participation in officially recognized activities and sports
- Weight and height of athletic team members
- Photographs

Students may withhold information from some of these disclosure requests by notifying the Office of Academic Services in writing the first week of each term. All written requests for non-disclosure will be honored by the university for only one term; therefore, authorization to withhold student information must be filed during each term of attendance. Students have a right to voice any concerns to the U.S. Department of Education.

FERPA permits the disclosure of Personally Identifiable Information (PII) from students' education records, without consent of the student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, § 99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary

institution may disclose PII from the education records without obtaining prior written consent of the student

- To other school officials, including teachers, within Lindenwood University system whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in § 99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(3) are met. (§ 99.31(a)(1))
- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of § 99.34. (§ 99.31(a)(2))
- To authorized representatives of the U. S. comptroller general, the U.S. attorney general, the U.S. secretary of education, or state and local educational authorities, such as a state post-secondary authority that is responsible for supervising the university's state-supported education programs. Disclosures under this provision may be made, subject to the requirements of § 99.35, in connection with an audit or evaluation of federal- or state-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§ 99.31(a)(3) and § 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§ 99.31(a)(4))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§ 99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§ 99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§ 99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§ 99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to § 99.36. (§ 99.31(a)(10))
- If it is information the school has designated as "directory information" under § 99.37. (§ 99.31(a)(11))
- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of § 99.39. The disclosure may only include the final results of the disciplinary proceeding

with respect to that alleged crime or offense, regardless of the finding. (§ 99.31(a)(13))

- To the general public, the final results of a disciplinary proceeding, subject to the requirements of § 99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school's rules or policies with respect to the allegation made against him or her. (§ 99.31(a)(14))
- To parents of a student regarding the student's violation of any federal, state, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§ 99.31(a)(15))

Definitions:

- A "school official" is not defined in the statute or regulations, Lindenwood University interprets the term to include parties such as: professors; instructors; administrators; health staff; counselors; attorneys; clerical staff; board members; members of committees and disciplinary boards; and a contractor, volunteer or other party to whom the school has outsourced institutional services or functions.
- A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill a professional responsibility.

COURSES AND PROGRAMS

Course Numbering

Courses at Lindenwood are numbered sequentially.

- 01000-09999: Preparatory coursework, with credit hours not counting toward the cumulative total number of credit hours required to earn a bachelor's degree
- 10000-19999: Introductory courses open to all students, normally not having prerequisites
- 20000-29999: Specialized courses open to all students
- 30000-39999: Advanced courses having prerequisites
- 40000-49999: Senior level courses having prerequisites
- 50000-79999: Master's, Thesis, EdS, or EdD courses
- 80000-99999: Doctoral level courses and graduate workshops

Course Offering Frequency

The schedule of course offerings is dependent on student enrollment and availability of qualified instructors. The university reserves the right to cancel any course when enrollment is below minimum requirements or a qualified instructor is not available.

Course Types

Special Topics Courses

Special topics courses, listed alphabetically according to department prefix (indicated here by "XXX"), are followed by a course number, as follows: XXX 09000-09999, XXX 19000-19999, XXX 29000-29999, XXX 39000-39999, XXX 49000-49999, XXX 59000-59999, XXX 69000-69999. These courses are offered to cover special topics within a school or department. Special topics courses may be worth one to six credit hours and may be repeated, in some cases. Departments may designate specific course numbers for special topics courses if the courses meet general education or major requirements.

Distance Learning Courses

A distance learning course is one in which 100 percent of the course instruction is provided through video conferencing. Class meets at a regularly scheduled day and time each week with the professor and classmates through a video conference classroom.

Independent Study

An independent study is an innovative, nonstandard class involving independent research/study on the part of the student under the guidance of an instructor. The contact time requirement for an independent study is one documented contact hour every two weeks. It is strongly recommended that undergraduate students who are granted independent studies have at least a 2.5 cumulative GPA. Graduate students should have at least a 3.0

cumulative GPA to qualify for an independent study course. Independent study courses cannot be used to meet an undergraduate general education requirement.

To enroll in an independent study course, the Independent Study Proposal form must be completed, signed, and returned to the Office of Academic Services no later than the third week of the term in which the work is to be done. An Add/Drop/Enrollment form and a one- to two-page course outline prepared by the student after consultation with the instructor must be attached.

Tutorial

A tutorial is a class listed in the catalog taught to a student on an individual basis. The content of the course is the same as the material taught in the regular class. The contact time requirement for a tutorial is one documented contact hour per week during which the subject matter will be discussed and student progress evaluated. Only instructors who have previously taught the class in the regular session will be approved to teach a tutorial unless permission is granted by the dean (St. Charles campus) or campus provost (Belleville). Only students with a true need will be considered for a tutorial, and it is up to the academic school/division, instructor, and campus provost (Belleville only) whether to grant a tutorial. It is strongly recommended that undergraduate students who are granted tutorials have at least a 2.5 cumulative GPA. Graduate students should have at least a 3.0 cumulative GPA to qualify for a tutorial course.

To enroll in a tutorial course, the tutorial proposal form must be completed, signed, and returned to the Office of Academic Services no later than the third week of the term in which the work is to be done. An add/drop/enrollment form and a syllabus must be attached.

Hybrid Courses

A hybrid course is a method of instruction in which the predominance (more than 50 percent) of the course is taught using a learning management system platform. Time in the classroom is reduced but not eliminated.

Semi-Hybrid Courses

A semi-hybrid course is a method of instruction in which 50 percent or less of the course is taught using a learning management system platform. Time in the classroom is reduced but not eliminated.

Online Courses

In an online course, 100 percent of course instruction is delivered using an online learning management system platform. No time spent in a physical classroom. In some cases, students may meet for an introductory and/or summary meeting; however, these meetings are not mandatory.

Students enrolled in online classes will be expected to participate in the class academically. Attendance for this method of instruction is defined as submitting an

academic assignment, taking an exam, participating in an online discussion about academic matters, or initiating contact with a faculty member to ask a question about the academic subject studied in the course. Simply logging into an online class without active participation does not constitute academic attendance.

Semester undergraduate students are limited to taking two online classes per semester, except for those students enrolled in the Early Access MBA program or any program offered entirely online.

Student Requirements for Online and Hybrid Courses

Minimum Hardware

- Computer with 2.58 GHZ or higher processor speed and at least 2 GB RAM.
- High-speed Internet connection (Six Mbps or higher).
- Webcam or camera on a mobile device.

Minimum Software

- Microsoft Office 2010 or higher.
- The latest version of Adobe Acrobat Reader or Preview to open and view .pdf documents.
- The latest version of Java.

Attendance

Student attendance in an online or hybrid course must be confirmed via submission of the Course Ethics Agreement & Attendance Confirmation Survey—a required component of Lindenwood’s comprehensive student authentication policy.

Student Authentication and Video Content

Lindenwood takes academic integrity very seriously; therefore, compliance with Lindenwood’s Student Authentication Policy is a condition of enrollment in all online and hybrid courses. As per the Higher Education Opportunity Act (Public Law 110–315), student authentication is defined as “processes to establish that the student who registers for a distance education course or program is the same student who participates in and completes the program and receives the academic credit.”

An overview of Lindenwood’s Authentication Policy is provided below. The specific methods of student authentication incorporated into a particular course can be found in its syllabus.

1. Administration of all courses through Lindenwood’s official learning management system (Canvas), which requires secure login and pass code information.
2. Confirmation of attendance and agreement to follow the institutional Ethics Agreement.
3. Submission of an introductory video at the onset of the course.
4. Incorporation of authentication measures in conjunction with all final exams or other significant evaluative activities. Instructors also incorporate authentic measures throughout online and hybrid courses, including but not limited to live or video

proctoring, keystroke biometric technology, video assignments, video conferencing, or extensive writing assignments.

5. Completion of the institutional student authentication survey at the conclusion of the course.

Using a webcam or camera on a mobile device to record and submit video content within the secure Canvas Learning Management System is required in all online and hybrid courses at Lindenwood. Instructors may also ask students enrolled in online or hybrid courses to record and post video content in a class discussion board or participate in a recorded class videoconference. Students with a reasonable need or hardship that prevents or prohibits them from any of these video requirements may appeal, in writing, to their instructor, who will submit appeals for review and resolution to the Office of Student and Academic Support Services (SC) or the Academic Success Center (BV).

Students who enroll in online or hybrid courses must also have a current photo, confirmed by a valid form of identification, within Lindenwood’s student information system. Students who refuse to complete initial authentication requirements by the end of the add period or who reject or refuse to complete the Ethics Agreement will be dropped from the course. Students who refuse to complete subsequent authentication requirements will be withdrawn from and charged for the course and subject to other financial consequences if the change moves them from full-time to part-time status. Authentication costs are disclosed prior to enrollment via fees included in course schedules.

Internships

Internships are available in many areas of study and provide the opportunity for students to obtain academic credit through an out-of-classroom work experience. Academic schools’/divisions’ standards vary by program. Students interested in applying for internships should contact their faculty advisor for additional information. Internships are billed at the current tuition rate per credit hour. Internships are graded on a pass/fail basis.

Standards vary by program. Internships earn between one and three credit hours. Some degree programs may necessitate additional field work and written documentation. Students, however, must meet the minimum standards set forth in this policy to be awarded credit for the internship.

Consortium Programs

Lindenwood University belongs to a consortium of colleges and universities in the Greater St. Louis area. The consortium includes Fontbonne University, Maryville University, Missouri Baptist University, and Webster University. Full-time traditional undergraduate Lindenwood students may enroll in courses offered at colleges and universities in the consortium and count those hours as part of their Lindenwood degree programs. Students must be enrolled full-time at Lindenwood University during the same term of enrollment at colleges and universities in the consortium. No additional tuition

cost is involved for combined enrollments between 12 and 18 hours. Lab fees will be charged at the host university.

Study Abroad

Lindenwood University recognizes the value that studying abroad brings to a student's education and encourages students to take advantage of study abroad opportunities. The student has the following study abroad options:

- Faculty-led courses for short-term study abroad, such as courses offered during Spring Break or the summer sessions.
- One of the established Lindenwood semester abroad programs.
- An established program supervised by another American college or university, with academic credits being transferred back to Lindenwood.
- Independent study (either under the direction of a member of the Lindenwood faculty or by a host institution) that has been recognized by the sponsoring member of the Lindenwood faculty. A student who embarks on such study must send his or her transcript through World Education Services (WES) for evaluation before the credits can be accepted by Lindenwood.

The student must meet the following requirements to be eligible for a study abroad program:

- Be in good academic, social, and financial standing with Lindenwood University.
- Either have facility in the spoken language of the host country or be planning to study the language as a part of the approved study abroad coursework, if this is required for the program.
- Meet course- or program-specific prerequisites.

All responsibility for travel, finances, application for admission to a foreign institution (where applicable), and the making of any other necessary arrangements rests with the student. For some programs, a student's enrollment in a program of study abroad is considered enrollment at the home institution for the purposes of applying for assistance under the Title IV programs. Students should consult the director of financial aid for additional information. Any student planning to take a course from any institution other than Lindenwood should complete a Prior Approval form before leaving. This will guarantee that the credit will be accepted by Lindenwood.

Any study abroad coursework must be approved by the department at Lindenwood that will recommend credit. The academic advisor will help the student make appropriate course choices. Final approval of the program and the credit to be granted after completion of the study abroad period rests with the dean of academic services, who acts on the recommendation of the director of the program. Questions about student study abroad opportunities may be directed to the director of study abroad.

Note: In order to participate in study abroad programs, students must be degree-seeking students at Lindenwood University. Specific programs may have additional requirements. Deadlines for application vary according to the program, and it is the responsibility of the student to be informed as to those deadlines.

ROTC Cross-Enrollment

For information regarding ROTC cross-enrollment and simultaneous membership, see U.S. Air Force ROTC, (AES) Aerospace Studies in the course descriptions section of this catalog.

UNDERGRADUATE PROGRAMS

Introduction to the School of Accelerated Degree Programs: Undergraduate Students

The School of Accelerated Degree Programs is an accelerated program in which most students combine extensive self-directed study with a once-per-week class meeting earning 9 to 10 semester hours of university credit in 12 weeks. Six credit hour clusters are also offered in some subjects, which also meet once-per-week in 12 weeks. Single courses are offered in classroom and online formats so students enrolled in a six-credit hour cluster can take an additional course to meet degree requirements and maintain full time status for financial aid purposes. Because of the accelerated format, students can expect a minimum of twenty hours of out-of-class work per week. The program serves to merge academic goals with practical knowledge applicable to the student's workplace.

The goal of the adult-centered program is to establish the habit of lifelong learning beyond degree completion. Upon entry, each student is assigned an academic advisor to guide the student to graduation. The student-advisor link remains critical throughout a student's academic career. Therefore, students are required to contact their faculty advisors on a quarterly basis.

The Cluster

Central to the theory and practice of adult education is the ideal of the synthesis of knowledge. The School of Accelerated Degree Programs seeks to achieve this goal through the construct of the cluster following a quarter schedule. Clusters are comprised of a faculty member and approximately 12 to 17 students who meet for four hours weekly during an evening or weekend for 12 weeks. Nine credit hour clusters schedule a 13th class meeting within the quarter. Each student is enrolled in a group of two or three related subject area courses, called a cluster, that are, in many cases, integrated into one seminar. Three semester hours of credit are awarded for successful completion of each course in the cluster for a total of six to ten semester hours per cluster. The cluster provides students with an opportunity to explore basic subject areas beyond the confines of a single discipline.

These cluster group meetings provide a collegial environment in which students present their work and share their learning. A major objective of this format is the development of knowledge synthesis, so students can expect their learning to be measured in a variety of ways: written and oral presentation, class discussion, research papers, group projects, and traditional testing. However, as is true of most higher-education programs, each professor determines how students are to be assessed and graded; therefore, tests and quizzes may be used to supplement papers and presentations as assessments of student mastery.

The cluster begins with a first assignment, given to the student when he or she enrolls in the cluster. This

assignment is due during the first class meeting. Subsequent homework assignments are delineated in the syllabus, and, due to the accelerated nature of the program, it is expected that a student will spend, at a minimum, twenty hours per week working on these out-of-class homework assignments. This time commitment may vary, however, depending upon the student's level of expertise in a given cluster. A student in a management cluster, for example, who has worked several years in a middle management position, and who has completed a variety of corporate sponsored management courses, may, in fact, spend less time working on assignments for this cluster.

Due to the accelerated nature of the cluster (program), the rewriting of papers or the assigning of extra credit homework to improve a grade, or grades, is not permitted.

Student Enrollment Process

Once students enroll in the School of Accelerated Degree Programs through the admissions office, an academic advisor is assigned. Students are required to meet in person with their advisor for enrollment in their second cluster in the program, as well as for enrollment in their final cluster in the program, which serves as their exit interview. During the remainder of their time in the program, students have the option to either (1) meet in person with their advisor for enrollment, or (2) contact their advisor by email or by telephone for enrollment. This contact must occur each quarter during the student's appropriate registration week according to academic rank. During this advisor contact time, the advisor discusses degree and enrollment options and opens the student's portal for online registration. The advisor may register the student or students may register themselves for classes through their student portal. Once the initial enrollment is completed, the academic advisor closes the student portal. If a student decides after the initial enrollment to make a schedule change or withdraw from classes, the student must contact the advisor again, who will open the student's portal for the enrollment change. It is the responsibility of the student to schedule this contact time with the advisor and to complete the enrollment process each quarter.

Earning a Bachelor's Degree

Requisite Study in the Major

Requirements vary, but at least 54 semester hours in the major area are necessary for most degree programs, at least 50 percent of which (three clusters) must be taken at Lindenwood University. Some majors require prescribed areas of study to be covered. In other majors, requirements are more flexible and the program of study is developed by the student in consultation with the faculty advisor.

Special Topics Courses/Numbers

In cases in which the student needs one or two more credit hours to graduate, the academic advisor may

approve a student to enroll in a one or two credit hour special topics independent study along with a course or cluster. A special topics syllabus will outline the course requirements that will include advanced level coursework. Special topics courses/numbers are listed in the catalog for each academic discipline.

Graduation Requirements

In addition to completing the work necessary to qualify for a baccalaureate degree, the student must meet the School of Accelerated Degree Programs, graduation requirements within the scope of the specific degree program designed with the help of the faculty advisor. The following are the overall requirements for graduation with a baccalaureate degree:

1. Successful completion of at least 120 semester hours.
2. Successful completion of the general education requirements.
3. Completion and approval of the capstone course.
4. Successful completion of a total of 30 credit hours in residence at Lindenwood University, with the successful completion of the last 24 credits leading to a degree being taken within the Lindenwood University system.
5. Forty-two (42) semester hours of upper division courses, numbered 30000 or above.
6. Completion of at least 50 percent of the courses required for the major within the Lindenwood University system.
7. A minimum cumulative grade point average of 2.0 in all courses taken within the Lindenwood University system, as well as in the student’s major.

Preparing for Graduation

Students are responsible for tracking their own academic progress and eligibility for graduation. Specifically, in order to track the progress through a degree, each student must maintain a checklist of all requirements, including major and minor requirements, general education requirements, free electives, number of courses completed at or above the 30000 level, and total number of credit hours completed. The academic advisor will confirm that all degree requirements have been met; however, ultimate responsibility for tracking the student’s progress through a program and assuring that all degree requirements for graduation are met lies with the student. Only the provost and the registrar have the authority to certify that all requirements for graduation have been fulfilled and post a notification of degree completion on a student’s transcript.

In addition to tracking their own progress through academic programs, students must submit an Application for Degree. The application must be signed by the student and the student’s academic advisor and be submitted to the Office of Academic Services. Failure to submit an application by the appropriate deadline may postpone the posting of the student’s degree.

The application deadlines are as follows:

<i>Graduation</i>	<i>Application Deadline</i>
March	December 30 of previous year
May	December 30 of previous year
June	December 30 of previous year
August	February 28 of the same year
September	March 30 of the same year
October	May 30 of the same year
December	May 30 of the same year

Undergraduate Degree Programs

Undergraduate Degrees

The School of Accelerated Degree Programs awards 12 undergraduate degrees, including

Bachelor of Arts

- Communications
- Communications, Corporate Communications Emphasis
- Communications, Mass Communications Emphasis
- Interdisciplinary Studies

Bachelor of Science

- Business Administration
- Business Systems Development
- Criminal Justice
- Cyber Security
- Health Management
- Human Resource Management
- Information Technology

GENERAL EDUCATION REQUIREMENTS

The purpose of the general education program is to initiate, develop, demonstrate, and integrate Lindenwood’s Institutional Learning Outcomes (ILOs), with emphasis on ILOs 1, 2, and 3. (Emphasis on ILO 4 occurs primarily within the major and minor programs.) The Lindenwood ILOs are fully aligned with leading frameworks of essential 21st-century qualifications and serve to prepare the graduate, regardless of major, for personal success in a world of increasing complexity, innovation, and change.

Institutional Learning Objectives (ILOs): The knowledge, skills, abilities, and attitudes that students are expected to develop as a result of their overall experiences with any aspect of the college, including courses, programs, and student services. See link for a complete list of ILOs. Institutional Learning Outcomes.

ILO-1 Lindenwood graduates have broad, integrative, and specialized knowledge.

ILO-2 Lindenwood graduates have essential habits of mind.

ILO-3 Lindenwood graduates have communicative fluency.

ILO-4 Lindenwood graduates have effective problem-solving skills.

The following table summarizes the general education course and credit hour requirements for bachelor's degrees completed at Lindenwood. The requirements have been approved by the university. The School of Accelerated Degree Programs (ADP) offers both Bachelor of Arts (BA) and Bachelor of Science (BS) degrees, depending on the major selected. The BA and the BS differ in mathematics and statistics requirements. The notes following the course descriptions explain that difference. All other general education requirements and clusters remain the same for both the BA and the BS degrees. Clusters, transfer credits, or CLEP (College Level Examination Program) credit may be used to fulfill general education requirements.

GE COURSE REQUIREMENTS

The table below summarizes the general education course and credit hour requirements for bachelor's degrees completed at Lindenwood. The requirements have been approved by the university. However, students should compare the requirements listed below against the particular GE requirements of their respective majors. Some programs require a particular course for the completion of the general education requirements, and other schools or departments have narrowed the list of courses required for GE credit within specific majors. Before selecting courses, students should consult with their advisor and the catalog for major-specific direction regarding general education requirements.

Courses Designated		Required Hours
Core		
Composition	GE-English (3.1)	3
Composition	GE-English (3.1)	3
Math	GE-Math (1.1.2)	3
U.S. Government or History	GE-Human Culture: U.S. History/Government (1.1.7)	3
Natural & Social Science/Math		
Social Science	GE-Social Science (1.1.3)	3
Natural Science with Lab	GE-Natural Science Lab (1.1.1)	3
Social or Natural Science Elective	GE-Social Science or GE-Natural Science (1.1.1 or 1.1.3)	3

Social Science, Natural Science, or Math Elective	GE-Math, GE-Social Science, GE-Natural Science, or GE-Natural Science Lab (1.1.1 or 1.1.3 or 1.1.7)	3
Human Culture		
Arts	GE-Human Culture: Arts (1.1.11)	3
Literature	GE-Human Culture: Literature (1.1.4)	3
Elective (non-literature, non-arts)	GE-Human Culture: U.S. History/Government, World History, Foreign Language, Foreign Culture, Religion, Philosophy (1.1.5, 1.1.6, 1.1.7, 1.1.8, 1.1.9, or 1.1.10)	3
Elective	GE-Human Culture (any) 1.1.4, 1.1.5, 1.1.6, 1.1.7, 1.1.8, 1.1.9, 1.1.10, 1.1.11	3
Electives		
GE Elective	GE (any)	3
GE Elective	GE (any)	3
Human Diversity		
<i>Note: The GE-Human Diversity requirement may be met in one of two ways. Students may (1) complete six credit hours of GE coursework that fulfills both the GE-Human Diversity requirement and another GE requirement simultaneously or (2) select six credit hours of coursework that counts for only GE-Human Diversity.</i>		
Human Diversity	GE-Human Diversity (2.5)	
Human Diversity	GE-Human Diversity (2.5)	

ADP GENERAL EDUCATION COURSES

Before selecting courses each quarter, students should consult with their advisor and the catalog for major-specific direction regarding general education requirements. Special consideration is needed for students with transfer credits from other universities and colleges.

ADP General Education (GE) courses are offered in a variety of configurations to best fit individual student's needs and interests. GE courses are offered in nine credit hour clusters, in six credit hour clusters, and as single classroom and online courses.

Composition (3.1)

The Communications Cluster (ICM 10100/ICM 10200/ICM 20000) or equivalent is required for all students who enroll in the Accelerated Degree Program with the following exceptions:

1. Any student who successfully completed ENGL 15000/ENG 15000/EPP 15000 and ENGL 17000/ENG 17000 with grade of C or above at Lindenwood University.
2. Transfer students will be required to take a writing placement exam. Based on the results of that exam, transfer students with credit for English Composition I and English Composition II from another regionally accredited institution may be eligible to have the ICM 10100 Communications I and ICM 10200 Communications II requirements waived.

In order to advance beyond the Communications Cluster (ICM 10100 Communications I, ICM 10200 Communications II, ICM 20000 Introduction to Literature), a student must meet the criteria set by the University by earning a C or above in Communications I and Communications II. Students who do not meet these standards must repeat the cluster. Grades earned when repeating the cluster will replace previously earned grades.

Based on the writing placement exam, students may be required to take the co-requisite Communications Cluster (ICM 10000 Foundations of Effective Writing, ICM 10100 Communications I, ICM 10200 Communications II) in lieu of the Communications Cluster. Students must earn a C or better in each class to advance in the program.

ICM 10000	Foundations of Effective Writing
ICM 10100	Communications I
ICM 10200	Communications II
ICM 20000	Introduction to Literature

Mathematics/Numeracy (1.1.2)

IMH 12100	Introduction to Contemporary Mathematics
IMH 13200	Quantitative Management Applications
IMH 14200	Basic Statistics
IMH 22000	Research Design and Methodology

**IMH 10200 is required for students who do not pass, or do not choose to take, the Math Placement Test. It does not fulfill any GE requirements, but the credit hours are counted as electives.*

***IMH 12100 is one of three options that fulfills the GE mathematics requirement for all BA degrees and BS in Business Systems Development, BS in Criminal Justice, BS in Cyber Security, and BS in Information Technology.*

**** IMH 13200 is one of three options to fulfill the GE mathematics requirement for all BA degrees and BS in Business Systems Development, BS in Criminal Justice, BS in Cyber Security, and BS in Information Technology. IMH 13200 or College Algebra or higher is required for the BS in Business Administration, BS in Health Management, and BS in Human Resources Management.*

***** IMH 14200 is required for all Bachelor of Science (BS) degrees, but it is not required for Bachelor of Arts degrees.*

****** IMH 22000 is one of three options that fulfills the GE mathematics requirement for all BA degrees and BS in Business Systems Development, BS in Criminal Justice, BS in Cyber Security, and BS in Information Technology. The course may also fulfill a GE elective for all majors.*

US History & Government (1.1.7)

IHS 10600	American History

Human Diversity Definition (ILO 2.5):

We define diverse perspectives as exposure and exploration or examination of ethnic, religious, and cultural perspectives, or of class, race, gender, age, sexual orientation, or ability. Within this context, diverse perspectives courses will

1. Have a majority of the material address the experiences of historically marginalized communities within the United States.
or
2. Have a majority of the course material cover peoples and cultures outside of the United States.
or
3. Have the course material comprise a combination of those groups mentioned in the first two criteria.

BUSINESS ADMINISTRATION, BS

The Bachelor of Science in Business Administration prepares students to become managers of business and nonprofit organizations and enhances their knowledge of business topics if already employed in a management capacity. The intent of the program is to expand business skills and to provide students with a strong liberal arts and professional business background. All undergraduate degree programs contain core requirements in the liberal arts. This is particularly important to the manager because it provides the opportunity to develop cultural, human, and theoretical understandings essential for successful business interactions and effective community leadership.

Throughout their studies, students gain practice in management techniques as they learn to write concise papers, make small group presentations, practice effective time management, and communicate with fellow student professionals. The business administration major requires 57 semester hours in the area of business administration as listed in the core curriculum.

The Bachelor of Science in Business Administration requires IMH 13200 Quantitative Management Applications, college algebra, or an approved quantitative methods for business course that will fulfill the general education mathematics requirement. IMH 14200 Basic Statistics is also required for the major, which may be used to fulfill a general education elective requirement.

Core Curriculum Clusters

Clusters are listed in the recommended sequence.

Accounting/Finance Cluster (6) BA20

IBA 21010	Principles of Financial Accounting
IBA 21011	Principles of Managerial Accounting

Prerequisites: IMH 13200, IMH 14200.

IBA 32000 Principles of Finance (3) is offered as a single course.

Economics Cluster (9) BA2

IBA 23011	Principles of Microeconomics
IBA 23012	Principles of Macroeconomics
IBA 48040	International Economics

Prerequisites: IMH 13200, IMH 14200.

Management Information Systems Cluster (9) BA13

IBA 24000	Introduction to Information Systems
IBA 36043	Introduction to Operations Management
IBA 36500	Microcomputer Applications in Business

Prerequisites: IMH 13200, IMH 14200.

Management Cluster (9) BA3

IBA 36032	Principles of Management
IBA 36510	Human Resource Management
IBA 46050	Managerial Ethics

Marketing Cluster (9) BA4

IBA 35010	Principles of Marketing
IBA 45080	Marketing Management
IBA 48010	International Marketing

Consumer Finance/Investments Cluster (6) BA19

IBA 32020	Investments
IBA 32030	Consumer Finance

Prerequisites: IMH 13200, IMH 14200.

IBA 36061 Business Law (3) is offered as a single course.

Core Curriculum Courses

IBA 32000	Principles of Finance
IBA 36061	Business Law

Capstone

IBA 48900	Business Administration Capstone
-----------	----------------------------------

Students may choose to complete the optional Business Administration Internship for elective credit:

IBA 45000	Business Administration Internship
-----------	------------------------------------

BUSINESS SYSTEMS DEVELOPMENT, BS

57 credit hours

The School of Accelerated Degree Programs Bachelor of Science in Business Systems Development provides a wide range of courses for students interested in careers as computer systems analysts. Computer systems analysts study an organization's current computer systems and procedures and design information systems solutions to help the organization operate more efficiently and effectively. They bring business and information technology (IT) together by understanding the needs and limitations of both. Classes are taught by experienced professionals in the various areas.

The School of Accelerated Degree Programs general education requirements of the university must be met by each student. The Bachelor of Science in Business Systems Development requires 57-semester hours of credit in the major beyond the general education requirements. IMH 14200 Basic Statistics is required for the major, which may be used to fulfill a general education elective requirement. The student will work with a faculty advisor to determine an appropriate sequence of courses from the following lists of nine credit hour clusters and individual three semester hour courses.

Core Curriculum**Introduction to Programming Cluster (9) IT23**

IIT 21500	Programming Logic and Design
IIT 21600	Introduction to Game Programming
IIT 21700	Introduction to Business Programming

Web Design Cluster (9) IT5

IIT 37700	Fundamentals of HTML
IIT 37800	Applications in Web Development
IIT 37900	Applications in Website Publishing

Prerequisite: IIT 21500, IIT 21600, IIT 21700.

Advanced Web Design Cluster (9) IT6

IIT 47700	Fundamentals of User Interface Design
IIT 47800	Applications in Object-Oriented Web Development
IIT 47900	Applications in Multi-Tiered Web Programming

Prerequisites: IIT 37700, IIT 37800, IIT 37900, or equivalent experience.

Database Analysis and Design Cluster (9) IT7

IIT 35100	Database Analysis and Design Concepts
IIT 45200	Database Application Implementation
IIT 45300	Database Project Implementation

Project Management Cluster (9) IT24

IIT 48100	Introduction to the Project Management Body of Knowledge
IIT 48200	Introduction to the Business Analysis Body of Knowledge
IIT 48900	Information Technology Capstone

Prerequisites: Must be taken as last cluster.

Elective Semester Courses (Choose 4)

The following courses are taught as individual courses but are offered in the quarter term.

IIT 34020	Mobile Applications Programming
IIT 34030	Java Programming
IIT 34040	C++ Programming
IIT 34050	C# Programming
IIT 34400	Introduction to Linux Programming

Prerequisite: IIT 21500, IIT 21600, IIT 21700. Recommended to be taken with a cluster.

COMMUNICATIONS, BA

The Bachelor of Arts in Communications provides students with broad-based knowledge and pragmatic skills. Classes are taught by experienced communications professionals and include a wide range of offerings in both the corporate and mass communication fields. All degree programs must include at least 45 credit hours of course work in the major plus a three-credit Capstone course.

All majors are required to take Foundation Studies in Communications (ICM 40000, ICM 40500, ICM 40600). This cluster introduces students to the areas of study within the communication discipline, ranging from interpersonal, organizational, public relations, intercultural to mass media. The Foundations cluster is recommended as the first cluster in the major.

In their final term of study, communications majors are required to take the capstone course (ICM 48900). ICM

48900 Communications Capstone is offered as a traditional classroom course. The capstone project is developed, presented, and assessed within the course.

A communications major may apply for a degree in communications with an emphasis in mass communication or corporate communications if he or she has at least 27 semester hours of coursework in the declared emphasis. Pursuing an emphasis is an option, not a requirement.

Mass Communications Emphasis

Foundation Studies in Communication Cluster (9) CO6

ICM 40000	Historical Development and Trends in Communication
ICM 40500	Media and Society (Ethics and the Media)
ICM 40600	Theories of Communication

Desktop Publishing Cluster (9) CO4

ICM 30900	Desktop Publishing in the Workplace
ICM 44500	Information Systems Projects
ICM 46300	Computer Based Graphics

Television Production Cluster (9) CO10

ICM 25600	Production for Television
ICM 35800	Writing for Television
ICM 35900	Production Management

Elective Category A

(Select one of the following clusters)

Documentary Expression Cluster (9) CO5

ICM 37200	Documentary Film and Video
ICM 37300	Photojournalism
ICM 37500	Documentary Journalism

Visual Communications Cluster (9) CO12

ICM 43100	Design-Visual Communication
ICM 43200	Color Theory and Applications
ICM 43300	20th Century Art Applications

Elective Category B

(Select one of the following clusters)

Advanced Television Production Cluster (9) CO11

ICM 47400	Advanced Television Production
ICM 47600	Advanced Television Directing
ICM 47700	Advanced Television Editing

Creative Non-Fiction Cluster (9) CO1

ICM 45500	Literary Feature Writing
ICM 45600	Memoir and the Personal Essay
ICM 45700	Studies in Creative Non-Fiction

Or another cluster from Elective Category A or B.

Capstone

ICM 48900	Communications Capstone
-----------	-------------------------

Corporate Communications Emphasis

Foundation Studies in Communication Cluster (9) CO6

ICM 40000	Historical Development and Trends
-----------	-----------------------------------

ICM 40500	in Communication Media and Society (Ethics and the Media)
ICM 40600	Theories of Communication

Promotional Mix Cluster (9) CO8

ICM 35000	Principles of Advertising
ICM 38900	Public Relations and Promotions
ICM 39000	Promotion Management

Public Relations Cluster (9) CO9

ICM 44100	Group Communications
ICM 44200	PR Ethics
ICM 44300	PR Research and Planning

Elective Category A

(Select one of the following clusters)

Desktop Publishing Cluster (9) CO4

ICM 30900	Desktop Publishing in the Workplace
ICM 44500	Information Systems Projects
ICM 46300	Computer Based Graphics

Organizational Communication Cluster (9) CO7

ICM 46000	Organizational Communication Theory
ICM 46100	Communications Process Analysis
ICM 46200	Practical Applications of Communication Processes

Elective Category B

(Select one of the following clusters.)

Managerial Issues Cluster (9) HR2

IHR 33400	Gender Issues in Management
IHR 33600	Implementing and Managing Diversity
IHR 36000	Adult Learning Processes

Staff Development/Information Systems Cluster (9) HR1

IHR 36081	Career/Staff Development
IHR 36300	Human Resource Information Systems
IHR 36530	Employee Training and Development

Marketing Cluster (9) BA4

IBA 35010	Principles of Marketing
IBA 45080	Marketing Management
IBA 48010	International Marketing

Capstone

ICM 48900	Communications Capstone
-----------	-------------------------

Note: In special circumstances and with the permission of the program director, ICM 49500-49599 (1-3) may substitute in one of the above clusters.

CRIMINAL JUSTICE, BS

The Bachelor of Science in Criminal Justice provide students with interdisciplinary views of the criminal justice system. Students in this major will be required to complete 48-semester hours of credit beyond the general education requirements. The curriculum explores theories related to the causation of crime and criminal behavior as well as the meaning and application of legal principles directly impacting law enforcement, court systems, and the correctional environments. This program nurtures a realistic understanding of the study of crime and its impact on society. Students in this program will be introduced to instructors whose professional experience enhances understanding of the criminal justice field. The combination of theoretical and practical knowledge will help better prepare students for criminal justice careers as well as advanced academic study. IMH 14200 Basic Statistics is required for the major, which may be used to fulfill a general education elective requirement.

Core Curriculum

Criminology Cluster (9) CJ2

ICJ 10100	Criminology
ICJ 21000	Criminal Justice Systems
ICJ 34500	Survey of International Criminal Justice Systems

Criminal Procedure Cluster (9) CJ4

ICJ 30100	Criminal Procedure
ICJ 31000	Criminal Law
ICJ 33100	Criminal Investigation

Prerequisite: ICJ 10100, ICJ 21000, ICJ 34500.

The Juvenile System Cluster (9) CJ3

ICJ 31100	The Juvenile Justice System
ICJ 31200	Juvenile Law
ICJ 31300	Delinquency in Society

Prerequisite: ICJ 10100, ICJ 21000, ICJ 34500.

Criminal Justice Communications Cluster (9) CJ2

ICJ 34100	Criminal Justice Communications
ICJ 34200	The Media and Criminal Justice
ICJ 34300	Criminal Justice Alternatives

Prerequisite: ICJ 10100, ICJ 21000, ICJ 34500.

Law Enforcement and Corrections Cluster (9) CJ5

ICJ 30000	Policing in America
ICJ 30500	Corrections
ICJ 31500	Victimology

Prerequisite: ICJ 10100, ICJ 21000, ICJ 34500.

Elective cluster in Criminal Justice (9) CJ10

ICJ 35100	Investigating Cybercrime
ICJ 35200	Digital Evidence
ICJ 35300	Case Studies in Cybercrime

Prerequisite: ICJ 10100, ICJ 21000, ICJ 34500.

Note: In special circumstances and with the permission of faculty advisor, ICJ 49200-49699 (1 -3) may substitute in one of the above clusters.

Capstone

ICJ 48900	Criminal Justice Capstone
-----------	---------------------------

CYBER SECURITY, BS

57 credit hours

The School of Accelerated Degree Programs Bachelor of Science in Cyber Security provides a wide range of courses for students interested in a career as an information security analyst. Information security analysts plan and carry out security measures to protect an organization's computer networks and systems. Their responsibilities are continually expanding as the number of cyber-attacks increase. Classes are taught by experienced professionals in the various areas.

The School of Accelerated Degree Programs general education requirements of the university must be met by each student. The Bachelor of Science in Cyber Security requires 57-semester hours of credit in the major beyond the general education requirements. IMH 14200 Basic Statistics is required for the major, which may be used to fulfill a general education elective requirement. The student will work with a faculty advisor to determine an appropriate sequence of courses from the following lists of nine credit hour clusters and individual three semester hour courses.

Network Technician Cluster (10) IC1

ICS 11100	Cisco I-Introduction to Networks
ICS 11200	Cisco II-Routing and Switching Essentials

Network Administrator Cluster (10) IC2

ICS 21100	Cisco III-Scaling Networks
ICS 21200	Cisco IV-Connecting Networks

Prerequisites: ICS 11100, ICS 11200.

Network Security and Design Cluster (10) IC3

ICS 31100	Cisco V-Implementing Cisco Security
ICS 31200	Cisco VI-Network Infrastructure Design

Prerequisites: ICS 21100, ICS 21200.

Network Operating System Cluster (9) IC4

ICS 41100	Microsoft Windows Server Installation & Configuration
ICS 41200	Linux Server Installation & Configuration
ICS 41300	Linux Network Installation & Configuration

Prerequisites: ICS 31100, ICS 31200.

Digital Forensics Cluster (9) IC5

ICS 42100	Certified Ethical Hacker
ICS 42200	AccessData Certified Examiner

ICS 42300 Computer Hacking Forensics Investigator

Prerequisites: ICS 41100, ICS 41200, ICS 41300.

Project Management/Capstone Cluster

IIT 48100 Introduction to the Project Management Body of Knowledge
 IIT 48200 Introduction to the Business Analysis Body of Knowledge
 IIT 48900 Information Technology Capstone

Prerequisite: Last cluster in IIT or ICS.

HEALTH MANAGEMENT, BS

The Bachelor of Science in Health Management prepares students for management positions in a variety of healthcare environments, including but not limited to, hospitals, ambulatory care, long-term care, health promotion/wellness, or community care organizations. The program is based upon curriculum content recommended by the Accrediting Commission on Education for Health Services Administration. The intent of the program is to expand upon existing skills and to give the student a strong liberal arts and professional health and business background. Students majoring in health management will complete the general education requirements, 54-semester hours of core requirements (listed below), and a capstone course.

The Bachelor of Science in Health Management major requires IMH 13200 Quantitative Management Applications, college algebra, or an approved quantitative methods for business course that will fulfill the general education mathematics requirement. IMH 14200 Basic Statistics is also required for the major, which may be used to fulfill a general education elective requirement.

As enrollment permits, courses will be taught both face-to-face as nine credit hour clusters and online as three credit hour classes. Please note that the curriculum is being updated effective July 1, 2017. Students enrolled in the program prior to July 1 (unless they have elected to switch) will be responsible for those courses designated "Previous Curriculum." Those students who have either elected to switch to the new curriculum or those who enroll after July 1, 2017 will be responsible for the "New Curriculum." Students with questions are encouraged to speak with either the program director or his/her academic advisor.

Previous Curriculum (Prior to July 1, 2017)

Accounting Cluster (9) BA1

IBA 21010 Principles of Financial Accounting
 IBA 21011 Principles of Managerial Accounting
 IBA 32000 Principles of Finance

Prerequisites: IMH 13200, IMH 14200.

Management Information Systems Cluster (9) BA13

IBA 24000 Introduction to Information Systems

IBA 33400 Introduction to Operations Management

IBA 36500 Microcomputer Applications in Business

Foundation of Management Cluster (9) HM1

IHM 30100 Ethical Issues in Healthcare Management
 IHM 30200 Healthcare Management
 IHM 35100 Healthcare Marketing

Health Law Cluster (9) HM3

IHM 33300 Legal Issues in Healthcare
 IHM 33400 Government Organization and the Healthcare Industry
 IHM 33500 Cases in Healthcare Administration

Health Policy Cluster (9) HM4

IHM 46000 Healthcare Delivery in the USA
 IHM 46100 Healthcare Policy and Research
 IHM 46200 Global Healthcare Reform

Healthcare Finance Cluster (9) HM2

IHM 47600 Essentials of Healthcare Finance
 IHM 47700 Healthcare Finance
 IHM 47800 Economics of Health and Medical Care

Prerequisites: IMH 13200, IMH 14200.

Capstone

IHM 48900 Health Management Capstone

Elective course in Health Management

IHM 40100 Introduction to Public Health

New Curriculum (Beginning July 1, 2017)

Healthcare Finance Cluster (9) HM13

IHM 21010 Principles of Healthcare Financial Accounting
 IHM 21011 Principles of Healthcare Managerial Accounting
 IHM 32000 Healthcare Finance and Economics

Prerequisites: IMH 13200, IMH 14200.

Foundation of Management Cluster (9) HM1

IHM 30100 Ethical Issues in Healthcare Management
 IHM 30200 Healthcare Management
 IHM 35100 Healthcare Marketing

Health Law Cluster (9) HM3

IHM 33300 Legal Issues in Healthcare
 IHM 33600 Human Resources in Healthcare
 IHM 33700 Legal Compliance in Healthcare

Gerontology Cluster (9) HM14

IHM 44000 Long Term Care and Ethics
 IHM 44100 Social Policy in Gerontology
 IHM 44200 Multidisciplinary Perspectives in Gerontology

Health Policy Cluster (9) HM4

IHM 46000	Healthcare Delivery in the USA
IHM 46100	Healthcare Policy and Research
IHM 46200	Global Healthcare Reform

Students must also complete:

IHM 48700	Contemporary and Critical Issues in Healthcare Management
IHM 48900	Health Management Capstone

Elective course in Health Management

IHM 40100	Introduction to Public Health
-----------	-------------------------------

HUMAN RESOURCE MANAGEMENT, BS

The Bachelor of Science in Human Resource Management (HRM) program focuses on organizational design, structure, theory, and the behavior and performance of people within organizations. Planning, implementation, and evaluation skills are stressed with an emphasis on the alignment of HRM practices with the strategic and tactical goals of the business. Classes focus on contemporary topics that include employee training and organizational development, staffing, compensation, and benefits management, performance management, and the most current and applicable state and federal laws.

Students earning a degree in HRM will complete the university general education requirements, the 54-semester hour core curriculum and the undergraduate HRM capstone course. The HRM major also requires IMH 13200 Quantitative Management Applications, college algebra, or an approved quantitative methods for business course that will fulfill the general education mathematics requirement. IMH 14200 Basic Statistics is also required for the major, which may be used to fulfill a general education elective requirement.

Core Curriculum Clusters**Accounting Cluster (6) BA20**

IBA 21010	Principles of Financial Accounting
IBA 21011	Principles of Managerial Accounting

Prerequisites: IMH 13200, IMH 14200.

IBA 32000 Principles of Finance (3) is offered as a single course.

Economics/Marketing Cluster (9) BA2

IHR 23021	Survey of Economics
IHR 35010	Principles of Marketing
IHR 38000	Global Business and Society

Management Cluster (9) BA3

IBA 36032	Principles of Management
IBA 36510	Human Resource Management
IBA 46050	Managerial Ethics

Supervision Cluster (9) HR2

IHR 35700	Employee Supervision
IHR 35800	Legal Issues for Human Resource Management

IHR 35900	Performance Management/ Performance Appraisal Systems
-----------	--

Staff Development/Information Systems Cluster (9) HR1

IHR 36081	Career/Staff Development
IHR 36300	Human Resource Information Systems
IHR 36530	Employee Training and Development

Group Dynamics Cluster (9) HR4

IHR 37000	Group Dynamics
IHR 37100	Conflict Resolution
IHR 41000	Labor Economics and Industrial Relations

Note: In special circumstances and with the permission of faculty advisor, IHR 49200 (1-3) may substitute in one of the above clusters.

Capstone

IHR 48900	Human Resources Capstone
-----------	--------------------------

Elective Cluster in HRM (9) HR3

IHR 33400	Gender Issues in Management
IHR 33600	Implementing and Managing Diversity
IHR 36000	Adult Learning Processes

Elective Course in HRM

IHR 35700	Employee Supervision
-----------	----------------------

Core Curriculum Courses

Additional required course:

IBA 32000	Principles of Finance
-----------	-----------------------

INFORMATION TECHNOLOGY, BS

57 or 60 credit hours

The School of Accelerated Degree Programs Bachelor of Science in Information Technology provides a wide range of courses for students interested in the information age. Classes are taught by experienced professionals in the various areas.

The School of Accelerated Degree Programs general education requirements of the university must be met by each student. The Bachelor of Science in Information Technology requires 57 or 60 semester hours of credit in the major beyond the general education requirements. IMH 14200 Basic Statistics is also required for the major, which may be used to fulfill a general education elective requirement. The student will work with a faculty advisor to determine an appropriate sequence of courses from the following lists of nine credit hour clusters and individual three semester hour courses.

Core Curriculum

9 or 12 credit hours

Students complete either the Project Management Cluster and the capstone course (Belleville) **or** the Project Management/Capstone Cluster (St. Charles).

Project Management Cluster (9) IT8 and Capstone (3)

IIT 33100	Project Cost and Schedule Estimating
IIT 43200	Project Management Process
IIT 43300	Cost and Scheduling Applications and
IIT 48900	Information Technology Capstone

*Project Management Cluster is recommended as last cluster.***Project Management/Capstone Cluster (9) IT24**

IIT 48100	Introduction to the Project Management Body of Knowledge
IIT 48200	Introduction to the Business Analysis Body of Knowledge
IIT 48900	Information Technology Capstone

*Prerequisite: Must be taken as last cluster.***Elective Clusters**

Choose one of the options listed below to reach 57 or 60 credit hours:

Option One: Five 10-credit-hour clusters and two nine-credit hour clusters.

Option Two: Four nine-credit hour clusters and four three-credit hour courses.

Option Three: Five nine-credit hour clusters and one three-credit hour course.

Ten-credit-hour clusters

Network Technician Cluster (10) IC1

ICS 11100	Cisco I-Introduction to Networks
ICS 11200	Cisco II-Routing and Switching Essentials

Network Administrator Cluster (10) IC2

ICS 21100	Cisco III-Scaling Networks
ICS 21200	Cisco IV-Connecting Networks

Prerequisites: ICS 11100, ICS 11200.

Network Security and Design Cluster (10) IC3

ICS 31100	Cisco V-Implementing Cisco Security
ICS 31200	Cisco VI-Network Infrastructure Design

*Prerequisites: ICS 21100, ICS 21200.***Nine-credit-hour clusters**

Introduction to Programming Cluster (9) IT23

IIT 21500	Programming Logic and Design
IIT 21600	Introduction to Game Programming

IIT 21700	Introduction to Business Programming
-----------	--------------------------------------

Network Operating System Cluster (9) IC4

ICS 41100	Microsoft Windows Server Installation & Configuration
ICS 41200	Linux Server Installation & Configuration
ICS 41300	Linux Network Installation & Configuration

*Prerequisites: ICS 31100, ICS 31200.***Virtualization Fundamentals Cluster (9) IT18**

IIT 36600	Fundamentals of Data Center Virtualization
IIT 36700	Fundamentals of Cloud Computing
IIT 36800	Fundamentals of Desktop and Mobility Virtualization

*Prerequisites: ICS 31100, ICS 31200.***Virtualization Administration Cluster (9) IT19**

IIT 42400	Data Center Virtualization Administration
IIT 42500	Cloud Computing Administration
IIT 42600	Desktop and Mobility Virtualization Administration

*Prerequisites: IIT 36600, IIT 36700, IIT 36800.***Digital Forensic Cluster (9) IC5**

ICS 42100	Certified Ethical Hacker
ICS 42200	AccessData Certified Examiner
ICS 42300	Computer Hacking Forensics Investigator

*Prerequisites: ICS 41100, ICS 41200, ICS 41300.***Web Design Cluster (9) IT5**

IIT 37700	Fundamentals of HTML
IIT 37800	Applications in Web Development
IIT 37900	Applications in Website Publishing

*Prerequisites: IIT 21500, IIT 21600, IIT 21700.***Advanced Web Design Cluster (9) IT6**

IIT 47700	Fundamentals of User Interface Design
IIT 47800	Applications in Object-Oriented Web Development
IIT 47900	Applications in Multi-Tiered Web Programming

*Prerequisites: IIT 37700, IIT 37800, IIT 37900, or equivalent experience.***Database Analysis and Design Cluster (9) IT7**

IIT 35100	Database Analysis and Design Concepts
IIT 45200	Database Application Implementation
IIT 45300	Database Project Implementation

Cybercrime Cluster (9) CJ10

ICJ 35100	Investigating Cybercrime
ICJ 35200	Digital Evidence
ICJ 35300	Case Studies in Cybercrime

Prerequisites: IIT 32100, IIT 32200, IIT 32300 or equivalent experience.

Cyber Security Cluster (9) IT16

Offered at Belleville.

IIT 33200	Fundamentals of Cyber Security
IIT 33400	Ethical Issues in Cyber Security
IIT 33300	Secure Social Interaction in a Digital World

Prerequisites: IIT 32100, IIT 32200, IIT 32300 or equivalent experience.

Networking Cluster (9) IT3

Offered at Belleville.

IIT 32100	Networking Essentials
IIT 32200	Network Applications
IIT 32300	Network Implementation-A Case Study and Simulation

Individual Elective Courses (3 credit hours each)

The following courses may be incorporated into the undergraduate information technology degree. They are taught as individual courses but are offered in the quarter term.

IIT 34020	Mobile Applications Programming
IIT 34030	Java Programming
IIT 34040	C++ Programming
IIT 34050	C# Programming
IIT 34400	Introduction to Linux Programming
IIT 49200-49699	Special Topics in Information Technology

Prerequisites: IIT 21500, IIT 21600, and IIT 21700.

INTERDISCIPLINARY STUDIES, BA

The Bachelor of Arts in Interdisciplinary Studies is designed to meet the needs of students who want to create an individualized program of study that fulfills their personal learning goals and career aspirations. The degree is also well-suited to students seeking opportunities to blend large numbers of otherwise unfocused transfer credits into a single, purposeful academic direction. Furthermore, the program allows students to tailor their degree towards a specific or unique graduate program.

Students complete the university's general education requirements (42 credit hours), major requirements with a C or better (36 credit hours), and free electives (42 credit hours). Students are required to complete 50 percent of the core curriculum (18 credit hours) and their last 30 credit hours at Lindenwood University.

Core Curriculum

27 credit hours from Concentration I, II, and III

Concentration I

Nine credit hours from any program (same course prefix); concentrations cannot be duplicated; at least one course must be at 30000-40000 level; courses may not be used to satisfy GE requirement.

Concentration II

Nine credit hours from any program (same course prefix); concentrations cannot be duplicated; at least one course must be at 30000-40000 level; courses may not be used to satisfy GE requirement.

Concentration III

Nine credit hours from any program (same course prefix); concentrations cannot be duplicated; at least one course must be at 30000-40000 level; courses may not be used to satisfy GE requirement.

Interdisciplinary Studies Research and Capstone Cluster

Nine or more credit hours in the following:

IS 40100	Interdisciplinary Research
IS 40500	Interdisciplinary Problem-Solving
IS 41000	Applied Interdisciplinary Studies

Note: Students may choose to take IS 40100, IS 40500, and IS 41000 as semester online courses in lieu of the Interdisciplinary Studies Capstone Cluster.

UNDERGRADUATE COURSE DESCRIPTIONS

IBA-Business Administration

IBA 21010 - Principles of Financial Accounting (3)

This course introduces students to the accounting information framework used by organizations to collect, maintain, and report financial information. Special emphasis will be given to transaction analysis and the resulting effect on the accounting equation. Considerable time is spent on financial statement analysis and use by its outside users. Offered: All locations intermittently.

IBA 21011 - Principles of Managerial Accounting (3)

This course focuses on the development, analysis, interpretation, and communication of financial information designed to assist managers in achieving the goals of an organization. Topics include discussions about different cost accumulation systems, cost management systems, activity-based costing and management, and planning and control. Offered: All locations intermittently.

IBA 23011 - Principles of Microeconomics (3)

GE-Social Science [GE-SocSci] This course introduces students to economic concepts, relationships, and institutions related to individual and firm decision-making. Supply, demand, and opportunity cost are used to analyze the actions of individuals and firms in a market framework. Economic decision-making and policy will be grounded within the broader ethical context so as to stimulate students' critical thinking. Topics to be covered include marginal analysis, production possibilities, demand and supply, elasticity, household and consumer choice, firm production and costs, profit maximization, and market structures. By the end of this course, students will be prepared to describe and evaluate the determinants of price, apply economic decision-making skills to everyday decisions, and apply the economic tools discussed to the broader world around them. Offered: All locations intermittently.

IBA 23012 - Principles of Macroeconomics (3)

GE-Social Science [GE-SocSci] This course introduces students to economic concepts, relationships, and institutions related to the aggregate economy. Keynesian analysis is used to analyze the effect of fiscal and monetary policy actions on employment, output, and prices. Economic decision-making and policy will be grounded within the broader ethical context so as to stimulate students' critical thinking. Topics to be covered include national income accounting, business cycles, economic growth, unemployment, inflation, aggregate demand/supply, fiscal policy, monetary policy, and international trade. By the end of this course, students will be prepared to define the macroeconomic aggregates such as GDP, inflation, and unemployment; explain the relationship between the major macroeconomics aggregates and the policy actions and other events which cause them to fluctuate; compare and contrast Classical and Keynesian economics; and appraise how closely the macroeconomic tools discussed in this course parallel

developments in the real economy. Offered: All locations intermittently.

IBA 24000 - Introduction to Information Systems (3)

This course covers the introduction to information systems, the Internet, the World Wide Web, software, hardware, communications, personal technology, databases, ethics, information security, and provides an update on the challenges and promises of the digital age. Prerequisite: IMH 13200; IMH 14200. Offered: St. Charles and Belleville each term.

IBA 32000 - Principles of Finance (3)

This course introduces the student to the fundamental concepts of financial management, including basic financial analysis, working capital management, planning and forecasting, security valuation, capital budgeting, cost of capital, leverage and capital structure, and international financial management. Prerequisite: IMH 13200; IMH 14200. Offered: All locations intermittently.

IBA 32020 - Investments (3)

This course is a survey of the basic concepts of investing with an emphasis on common stocks. Students will be required to prepare a report on an investment in an assigned company based on economic, industry, and company specific factors. Offered: All locations intermittently.

IBA 32030 - Consumer Finance (3)

This course surveys the economic factors and personal decisions that affect financial wellbeing: cash and credit management, taxes, major expenditures, insurance, investments, and retirement and estate planning. Emphasis is on practical knowledge for personal financial management and serving customers of the banking, brokerage, insurance, and other consumer finance industries. Offered: All locations intermittently.

IBA 35010 - Principles of Marketing (3)

This course offers an in-depth introduction to the functional business area of marketing. It examines how goods and services are presented to target customers through the use of the marketing-mix variables: product, price, place, and promotion. Emphasis in this course is on the student developing a working knowledge of the vocabulary, principles, concepts, and theories of contemporary marketing as used in various organizational settings. Offered: All locations intermittently.

IBA 36032 - Principles of Management (3)

This survey course explores the development of the understanding of organizations and of the decision-making skills required in management positions. The purpose of this course is to examine how management concepts have developed and continue to change. A detailed examination will be conducted of the four basic functions of management: planning, organizing, motivating, and controlling. Particular emphasis will be given to goal planning, managing change, career

progression, and the managerial value system. Offered: All locations intermittently.

IBA 36043 - Introduction to Operations Management (3)

This course is an introduction to operations management. It covers the concepts of value chains, operations strategy, facility and work design, supply chain design, forecasting and demand planning, managing inventories and resources, scheduling, quality management, quality control, and project management. Lab fee required. Prerequisite: IMH 13200; IMH 14200. Offered: St. Charles and Belleville each term.

IBA 36061 - Business Law (3)

This introductory course is designed to familiarize the student with the subject matter of the legal environment of business. Particular emphasis will be given to the sources of law; the role of society; the judicial function; and selected areas such as governmental regulation and agencies, crimes and torts, contracts, business organizations, personal property, agency, and employment law. Various approaches to understanding legal issues will be used, including case law analysis and the examination of current legal issues affecting business. Prerequisite: IMH 13200, IMH 14200. Offered: All locations and online intermittently.

IBA 36500 - Microcomputer Applications in Business (3)

Students learn to integrate software applications to solve business problems. Database cases using Access, decision support cases using MS Excel, and integration cases using both MS Excel and MS Access, and presentation skills are included. Prerequisite: IMH 13200; IMH 14200. Offered: St. Charles and Belleville each term. Lab fee required.

IBA 36510 - Human Resource Management (3)

This course examines human resource functions related to business organizations, including techniques of recruitment, training, development, compensation, placement, safety, labor management relations, team formation, and employee security. Students will develop an understanding of the relationship between human resources and legal matters. The course will also address relevant research pertinent to human resource evaluation and the relationship of human resources to other departments within an organization. Offered: All locations intermittently.

IBA 41090-41099 - Special Topics in Accounting (1-3)
IBA 42090-42099 - Special Topics in Finance (1-3)

IBA 43090-43099 - Special Topics in Economics (1-3)

IBA 45000 - Business Administration Internship (1-3)

While not a requirement of the business program, credit for an internship in business is available to the student who has this opportunity prearranged with his/her current employer.

IBA 45080 - Marketing Management (3)

This course focuses on defining marketing problems and opportunities, evaluating alternative solutions, and developing strategies to address these issues. Students

will be required to actively participate in discussion of outside readings and case studies that address a variety of marketing related issues. Offered: All locations intermittently.

IBA 45090-45099 - Special Topics in Marketing (1-3)

IBA 46050 - Managerial Ethics (3)

This course is designed to help students understand the nature of the changing role of management with respect to ethics and public policy in the workplace. Current issues in ethics will be examined, including the position of business enterprises and their perceived value in society. The course will also explore the roles of managers, the public, and government in providing an atmosphere conducive to ethical business operations. This course will also address the business responsibilities of being a "good neighbor" at the local, national, and international levels. Offered: All locations intermittently.

IBA 46090-46099 - Special Topics in Management (1-3)

IBA 46900-46999 - Cases in Business/Law (1-3)

IBA 47900-47999 - Special Topics in Investments (1-3)

IBA 48010 - International Marketing (3)

This course is designed to provide an extensive analysis of the marketing mix and how it can be standardized for transnational markets. The course will present techniques used to identify potential markets of products and/or services in the global marketplace. Offered: All locations intermittently.

IBA 48040 - International Economics (3)

This course focuses on the causes and composition of international trade and policies used to control or promote it, the balance of payments as an accounting framework and as a framework for macroeconomics adjustments, and foreign exchange markets and institutions. Prerequisite: IMH 13200; IMH 14200. Offered: All locations intermittently.

IBA 48900 - Business Administration Capstone (3)

This course examines the decisions required of middle management with respect to problem solving within an organization. Emphasis is given to the contributions of several business disciplines of study, such as marketing, finance, and management to understanding both the internal operations of the organization and the influences of the external environment. Subject matter stressed includes but is not limited to (1) development of organizational planning and strategy, (2) decision-making within the framework of a strategy, (3) the planning process, (4) formulation of objectives and policies, and (5) the management of change. A grade of B or better is necessary to pass this course. Testing fee required. Offered: All locations intermittently.

IBS-Biological-Sciences

IBS 10700 - Human Biology (3)

GE-Natural Science [GE-BioSci] This course studies human physiological and anatomical systems as they apply to health, disease, and social interactions.

ICJ-Criminal Justice

ICJ 10100 - Criminology (3)

GE-Social Science [GE-SocSci] This course will examine crime as a social phenomenon through an interdisciplinary investigation of the causes and patterns of criminal behavior. Offered: Every term at various locations.

ICJ 21000 - Criminal Justice Systems (3)

This course is a survey of various institutions by which the criminal justice system is administered - police, the legal profession, the courts, and penal institutions - including an examination of the problems that the criminal justice system faces and an evaluation of the adequacy of the existing system. Offered: Every term at various locations.

ICJ 30000 - Policing in America (3)

This course is an analysis of the contemporary role of the police relative to such areas as the police subculture and community relations, police accountability and civil liability, police stress, and unique problem situations and groups encountered by the police. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Every term at various locations.

ICJ 30100 - Criminal Procedure (3)

This course is a study of the law as it relates to arrest, search, and seizure with emphasis on present controlling legal decisions and historical development, philosophy, and problems underlying these decisions. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Every term at various locations.

ICJ 30500 - Corrections (3)

This course is a contemporary analysis of the operation of and problems encountered by jails and prisons. This course will also examine probation, parole, community service and restitution, electronic monitoring, and other innovative community correctional programs. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Every term at various locations.

ICJ 31000 - Criminal Law (3)

This course is an analysis of the purposes and sources of criminal law. The course includes an examination of the preliminary crimes of solicitation, conspiracy, and attempt. The specific elements of crimes against the person and crimes against property are addressed. A consideration of defenses to criminal liability is also undertaken. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Every term at various locations.

ICJ 31100 - The Juvenile Justice System (3)

This course is an examination of the origin, philosophy, and objectives of the juvenile justice system. Emphasis will be placed on the decision-making process of police,

court, and probation officials relative to the apprehension, processing, and treatment of juveniles. The ideology, politics, and controversies of the juvenile justice system are also addressed. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Every term at various locations.

ICJ 31200 - Juvenile Law (3)

This course is a study of the law as it is related to the arrest, search, and seizure of juvenile offenders. The rights of juveniles in the criminal justice and educational system will be examined and supported with a review of Supreme Court decisions. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Every term at various locations.

ICJ 31300 - Delinquency in Society (3)

This course is the study of juvenile delinquency as a complex phenomenon. Causal theories and societal perspectives will be examined, and the myriad issues surrounding juvenile delinquency will be studied. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Every term at various locations.

ICJ 31500 - Victimology (3)

This course will examine the crime victim as a social phenomenon. It will explore the role of the victim in criminal acts and delve into the treatment of victims by the police and the courts. Victims' rights will be examined in relationship to new offender treatment programs such as Restorative Justice and Victim's Compensation Funding. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Every term at various locations.

ICJ 33100 - Criminal Investigation (3)

This course is an introduction to the techniques, methodologies, and science of criminal investigation. The role of thorough and accurate investigative report writing will be explored in depth. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Every term at various locations.

ICJ 34000-34099 - Independent Study in Criminal Justice (1-3)

ICJ 34100 - Criminal Justice Communications (3)

This course is the study of the major communications processes and theories applied to criminal justice structures and situations. Simulated situations utilizing appropriate writing, interpersonal, and group skills will be employed throughout the class. The focus will be on multicultural group communication issues. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Every term at various locations.

ICJ 34200 - The Media and Criminal Justice (3)

This course is the study of the utilization of media and technology by criminal justice agencies and institutions as well as an examination of the portrayal of the criminal justice system by the popular media. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Every term at various locations.

ICJ 34300 - Criminal Justice Alternatives (3)

This course is an examination of contemporary alternative programs and processes being implemented domestically

and internationally. The course may consider the effectiveness and consequences of programs such as community-based justice, community policing, restorative justice, and mediation centers. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Every term at various locations.

ICJ 34500 - Survey of International Criminal Justice Systems (3)

This course allows students to study the criminal justice systems of six model nations. Common aspects of criminal justice systems, which includes policing, courts, corrections, and juvenile justice, will be compared and contrasted. Issues such as transnational crime, supranational crime, terrorism, and their impact on criminal justice systems worldwide will be explored. Offered: Every term at various locations.

ICJ 35100 - Investigating Cybercrime (3)

This course focuses on the principles of computer crime investigation processes. Topics include crime scene/incident processing, information gathering techniques, data retrieval, collection and preservation of evidence, and preparation of reports and court presentations. Upon completion, students should be able to identify cybercrime activity and demonstrate proper investigative techniques to process the scene and assist in case prosecution. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Intermittently at select locations.

ICJ 35200 - Digital Evidence (3)

This course will examine digital forensics as it relates to criminal investigations. Course content includes best practices in securing, processing, acquiring, examining, and reporting on digital evidence. Students will be exposed to current technologies and methods as well as leading edge techniques with practical based projects and research opportunities. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Intermittently at select locations.

ICJ 35300 - Case Studies in Cybercrime (3)

This course will use Appellate and U.S. Supreme Court decisions to illustrate the effectiveness of current law and investigative procedures in the area of cybercrime. Students will study judicial thought in case analysis to gain a wider understanding of the law. The focal point for this class is the application of ethical decision-making in judicial interpretation of current cyber law. Prerequisite: ICJ 10100; ICJ 21000; ICJ 34500. Offered: Intermittently at select locations.

ICJ 48900 - Criminal Justice Capstone (3)

This course will tie together the various components of the criminal justice system and allow students to critically examine the justice system as it exists in American society. A substantial research paper and class presentation of the research paper topic is a major component of the course. Additionally, criminal justice practitioners in the areas of policing, corrections, juvenile justice, and the courts will be frequent guest lecturers who will provide students with relevant information on differing roles within the justice system and enlighten the

class on trends within their fields. Offered: St. Charles and Belleville locations twice a year.

ICJ 49200-49699 - Special Topics in Criminal Justice (1-3)

ICL-Culture

ICL 21000 - Native American Indians (3)

GE-Human Culture: Human Diversity [GE-CrsClt]

This course offers a survey of the origins, traditional cultures, and current conditions of Native North American Indian populations. Offered: Certain locations, intermittently.

ICL 25000 - Myth and Civilization (3)

GE-Human Culture: Literature/Human

Diversity [GE-CrsClt] This course is an introduction to the myths that have been understood as origins of civilization and culture. Readings include tales of creation and myths concerning the origins of organized society. The readings provide information and understanding about the functioning of myth as it survives in the present. Offered: Certain locations, intermittently.

ICL 29400-29499 - Special Topics in Cross Cultural Studies (1-3)

ICL 31200 - History of Russia II (3)

GE-Human Culture: Foreign Culture/Human

Diversity [GE-CrsClt] This course consists of an historical and cultural study of the USSR and a survey of Russian history focusing upon the twentieth century. John Reed, Gorbachev, and standard text of Russian history will be read in this course. Cultural studies included. Offered: Certain locations, intermittently.

ICL 32000 - Chinese Art and Culture (3)

GE-Human Culture: Foreign Culture/Human

Diversity [GE-CrsClt] This course is an exploration of Chinese cultural traditions, attitudes, and values through a study of Chinese art and related concepts and ideas. Offered: Certain locations, intermittently.

ICL 32100 - Issues in Modern China (3)

GE-Human Culture: Foreign Culture/Human

Diversity [GE-CrsClt] This course is a survey of major trends of thought, culture, politics, philosophy, and religion in China during the modern period. Emphasis will be on how these trends have affected the historical development of China and its current policies. Offered: All locations each term, intermittently.

ICL 33000 - Japanese Art and Culture (3)

GE-Human Culture: Foreign Culture/Human

Diversity [GE-CrsClt] This course is an exploration of Japanese cultural traditions, attitudes, and values through the study of Japanese art and related concepts and ideas. Offered: Certain locations, intermittently.

ICL 33100 - Issues in Modern Japan (3)

GE-Human Culture: Foreign Culture/Human

Diversity [GE-CrsClt] This course is a study of significant current issues in Japan regarding business and

government policies. Offered: Certain locations, intermittently.

ICL 33700 - Russian Authors (3)

GE-Human Culture: Foreign Culture/Human

Diversity [GE-CrsClc] This course consists of readings in Russian cultural life and Russian literature and is a survey of the literary traditions of Russia with comparisons and contrasts to the Soviet literature of the Twentieth century. Literary themes and their relationship to issues in Russian life will be of special interest. Offered: Certain locations, intermittently.

ICL 36100 - Art and Culture of Latin America (3)

GE-Human Culture: Foreign Culture/Human

Diversity [GE-CrsClc] This course is an exploration of the rich multicultural heritage of the Spanish and Portuguese speaking countries of Latin America through a study of their art, music, festivals, and related topics. Offered: Certain locations, intermittently.

ICL 36200 - Issues in Modern Latin America (3)

GE-Human Culture: Foreign Culture/Human

Diversity [GE-CrsClc] This course is a survey of major trends in current thought, politics, economics, societal relations, and religion as they pertain to problems now confronting the region. Offered: Certain locations, intermittently.

ICM-Communications

ICM 10000 - Foundations of Effective Writing (3)

The course contains two components. The first component introduces the student to basic writing concepts such as basic grammar, sentence structure, spelling, and punctuation. The second component introduces the basic guidelines of MLA and provides the student with practical applications of basic writing skills to increase the student's self-confidence in his or her writing abilities. Journal writing, reader response, drafting, peer response, and revision will be employed to focus on strengthening competence and confidence in writing ability. Students are required to earn a minimum grade of C in this course. Offered: All locations each term, intermittently.

ICM 10100 - Communications I (3)

GE-English [GE-Eng] This course is an intensive review of the English language and its use in college-level writing. Concepts include the mechanics of written discourse, sentence structure, paragraph development, and essay organizations. Students use models from English prose and poetry for discussion and composition topics. Testing fee required. Students are required to earn a minimum grade of C in this course. Offered: All locations each term, intermittently.

ICM 10200 - Communications II (3)

GE-English [GE-Eng] This course is a continuation of Communications I with special attention to skills involved in writing a major analytical research project, including how to gather and organize viable data. In addition, students learn how to communicate in small group settings. These concepts include problem-solving,

leadership styles, and roles of a group member. Testing fee required. Students are required to earn a minimum grade of C in this course. Offered: All locations each term.

ICM 11000 - Fundamentals of Oral Communication (3)

This course is an introduction of theories and techniques of non-written communication in business and society. Topics include the nature of human communication, listening skills, interpersonal communication, non-verbal communication, small group communication, and public speaking. Students will participate in communication activities, as well as research, organize, and present formal speeches.

ICM 20000 - Introduction to Literature (3)

GE-Human Culture: Literature [GE-Lit] This course is an introduction to the reading and analysis of literature; the quarter's work will involve extensive reading in one of the following genres: poetry, short fiction, novel, drama, or essay. Testing fee required. Offered: All locations each term.

ICM 25600 - Production for Television (3)

In this course, a laboratory environment is used to develop planning, scripting, shooting, directing, editing, budgeting, and studio skills to produce a program for television or cable broadcast. Lab fee required.

ICM 30300 - Written Communications for Business (3)

The study and practice of effective business writing, topics in the class will include writing memoranda, letters, and reports as well as writing for various publics. Special focus will be on persuasive communication, international business communication, and writing style for corporate publications.

ICM 30900 - Desktop Publishing in the Workplace (3)

This course is a hands-on exploration of computer assisted applications in which students learn to design projects that meet personal and professional needs. Students become familiar with desktop publishing and graphics programs.

ICM 31000 - Creative Writing Lab (3)

This course will examine the development of creative writing techniques through writing exercises and projects. Students select an emphasis in poetry, fiction, or feature writing. Workshop format with a process approach.

ICM 31100 - Advanced Creative Writing (3)

This class is an advanced workshop course that will concentrate on one or more of the following forms: poetry, short fiction, playwriting, or non-fiction.

ICM 31200 - The Art of Fiction (3)

This course consists of readings in short fiction by major authors with special attention to character, theme, and style and introduces aesthetic concepts and strategies ranging from realistic to abstract modes.

ICM 32700 - Media Literacy (3)

In this course, students will focus on the cognitive, emotional, moral, and aesthetic influences of the media. (Radio, Film, TV, Multimedia, and the Internet). Higher levels of media literacy can give students more options and controls over their beliefs and behaviors.

ICM 35000 - Principles of Advertising (3)

Advertising practices, techniques, and strategies, including copywriting, media attributes and selection, media and marketing plans, advertising distribution, and budgeting are examined in this course.

ICM 35100 - Modern Poetry (3)

This course is a study of poetry from 1900 to the present, principally English and American, but may include selections in translation from other cultures. Readings include poetry representing the growing importance of women and other writers who have not previously been in the mainstream of poetic tradition.

ICM 35800 - Writing for Television (3)

In this course, students will practice the techniques used in writing for television. This includes creating storyboards, scripting commercials of varying lengths and subjects, PSAs, and writing and editing news leads.

ICM 35900 - Production Management (3)

Conceptualization, organization, research, budgeting, and management for video production will be discussed in this course. Demonstration of video switching and post-production assembly and insert editing will be included.

ICM 37200 - Documentary Film and Video (3)

This course defines documentary and traces its development, exploring subject, techniques, and impacts.

ICM 37300 - Photojournalism (3)

This course is the history of photojournalism from its inception in the 19th Century to the present. It features the study of important developments, techniques, and styles in the field from magazines to newspapers and the individual photographers responsible for those developments.

ICM 37500 - Documentary Journalism (3)

This course traces the development of documentary and investigative journalism from its origins to the present with concentration on various styles, methods, and subject matters of recent documentary books, distinguishing between informational journalism, propaganda, and new journalism.

ICM 38000 - Advanced Topics in Literature (3)

This course is a concentrated study and analysis of specific authors, genres, or topics in English, American, and World Literatures. This course may be repeated as the topics vary.

ICM 38900 - Public Relations and Promotions (3)

The course looks at public relations practices that contribute to promotions, including press releases, media relations, event planning, etc.

ICM 39000 - Promotion Management (3)

Promotional concepts and practices including integration of various elements, strategic scheduling and planning, and promotions use in development are examined in this course.

ICM 40000 - Historical Development and Trends in Communication (3)

This course is an overview of the communication fields, including identification of its varied elements, history, and trends.

ICM 40500 - Media and Society (Ethics and the Media) (3)

This course includes readings and discussions of major issues involving media's impact on society. Significant ethical and legal issues are included. Content ranges over a variety of media.

ICM 40600 - Theories of Communication (3)

This course introduces the works of major theorists and theories within the areas of interpersonal, organizational, public relations, intercultural, and mass media.

ICM 43100 - Design-Visual Communication (3)

This course examines two- and three-dimensional design concepts: space, form, balance, rhythm, psychological, and emotional impacts, and historical applications in art and design.

ICM 43200 - Color Theory and Applications (3)

This course examines the physiology of color perception, emotional, and psychological impacts, and historical applications in art and design.

ICM 43300 - 20th Century Art Applications (3)

This course is an individualized study of application of visual communications concepts in art, advertising, or design approaches of the 20th Century. Each student will select his or her own area of concentration.

ICM 44100 - Group Communications (3)

This course is the examination of elements of effective oral and written communication skills that facilitate group dynamics and develop positive interpersonal relationships in the work setting.

ICM 44200 - PR Ethics (3)

This course is an assessment of professional conduct on issues facing public relations practitioners relative to the expanding role of PR in American society. Students will examine ethical issues in the context of exploring PR's role in corporate, nonprofit, institutional, government, and political arenas.

ICM 44300 - PR Research and Planning (3)

This course is the study of the basic practices of Public Relations on a day-to-day basis and includes contingency planning and crisis management, strategizing, elements of a PR campaign, client and media relations, case studies, and public perceptions.

ICM 44500 - Information Systems Projects (3)

This course acquaints the student with the gathering and displaying of information from various sources: e.g., databases, desktop office presentations, teleconferencing,

and in-house video training. Students develop projects in business communications.

ICM 45000 - Communications Internship (1-3)

Onsite learning experience in a professional communications setting that focuses upon organizational, human resources, or public relations. Internships require 50 hours of fieldwork per one semester hour of credit. Students must receive a recommendation of the faculty advisor and be accepted by the internship organization. Work performance will be assessed by the internship supervisor. A portfolio and examples of work performed must be submitted to the faculty advisor at the end of the internship. See faculty advisor for portfolio criteria.

ICM 45100 - Media Internship (1-3)

Onsite learning experience in a professional media production setting that produces media program and content for radio, television, film, websites and advertising. Internships require 50 hours of fieldwork per one semester hour of credit. Students must receive a recommendation of the faculty advisor and be accepted by the internship organization. Work performance will be assessed by the internship supervisor. A portfolio and examples of work performed must be submitted to the faculty advisor at the end of the internship. See faculty advisor for portfolio criteria.

ICM 45500 - Literary Feature Writing (3)

This course will consist of writing fully developed articles with an emphasis on creative language in reporting everyday life, personality profiles, travel, entertainment, and documentary narrative for magazines and newspapers; study includes fundamentals of journalism, interviewing, reporting, research, and how to gauge the needs of publications and sell freelance stories.

ICM 45600 - Memoir and the Personal Essay (3)

Students will use memory and reflection as a creative source and storytelling techniques to enhance non-fictional presentations. Students will also examine the use of voice, style, character development, plot, and sense of place.

ICM 45700 - Studies in Creative Non-Fiction (3)

This course consists of selected readings and analysis of exemplary and experimental writings in literary journalism, memoir, and related fields.

ICM 46000 - Organizational Communication Theory (3)

This course is the study of major communication theories as they apply to organizational structures.

ICM 46100 - Communications Process Analysis (3)

This course is the study of both formal and informal communication flow within the structure of organizations. Analysis and design of communication models and identification of various publics served by the organization will be investigated.

ICM 46200 - Practical Applications of Communication Processes (3)

This course consists of practical application of communication theory in simulated and actual organizational settings.

ICM 46300 - Computer Based Graphics (3)

This course is a survey of hardware components, software, varieties of systems applications, particularly for large organizations and serves to introduce students to current issues in computer technology: Office automation, artificial intelligence, etc. Individualized study in a selected issue is a part of this course.

ICM 47400 - Advanced Television Production (3)

This course focuses on hands-on and remote video production, culminating in an individual or class project produced entirely by the student(s.) Lab fee required.

ICM 47600 - Advanced Television Directing (3)

This course is the study of directing television commercials, and documentary programming. Students work closely with talent and technical personnel. Lab fee required.

ICM 47700 - Advanced Television Editing (3)

This course is an advanced study of post-production techniques in lab and seminar setting. Lab fee required.

ICM 48900 - Communications Capstone (3)

This course develops advanced presentation skills and business etiquette as it applies in a variety of communications settings that occur in all phases of career and project development. Students are expected to select a project that is important to their intellectual and professional development in the communication field. The course will provide students with experiences to refine and demonstrate competent communications skills and apply appropriate assessment criteria to various presentation styles and formats through all phases of the capstone project.

ICM 49500-49599 - Special Topics in Communications (1-3)

ICS-Cyber Security

ICS 11100 - Cisco I-Introduction to Networks (5)

This course is the first of two courses which covers the knowledge and skills required to successfully install, operate, and troubleshoot a small branch office network. The course includes topics on the Operation of IP Data Networks; LAN Switching Technologies; IP Addressing (IPv4 & IPv6); IP Routing Technologies; IP Services (DHCP, NAT, ACLs); Network Device Security; Basic Troubleshooting. In addition, the student will learn the real-world implications of the technologies as they are actually used in the current technological climate. This course prepares the student to be a practitioner in the network field of Information Technology. Extra study and experience may be required outside of the course work to prepare the student to pass the Cisco examination. Taking this course alone does not guarantee the student will pass the Cisco examination. This course is part of cluster; however, it will be taught in sequence.

ICS 11200 - Cisco II-Routing and Switching Essentials (5)

This course is the second of two courses which covers the knowledge and skills required to successfully install, operate, and troubleshoot a small branch office network. The course includes topics on the Operation of IP Data Networks; LAN Switching Technologies; IP Addressing (IPv4 & IPv6); IP Routing Technologies; IP Services (DHCP, NAT, ACLs); Network Device Security; Basic Troubleshooting. In addition, the student will learn the real-world implications of the technologies as they are actually used in the current technological climate. This course prepares the student to be a practitioner in the network field of Information Technology. Extra study and experience may be required outside of the course work to prepare the student to pass the Cisco examination. Taking this course alone does not guarantee the student will pass the Cisco examination. This course is part of cluster; however, it will be taught in sequence.

ICS 21100 - Cisco III-Scaling Networks (5)

This course is the first of two courses which covers the knowledge and skills required to successfully install, operate, and troubleshoot a small to medium-size enterprise branch network. The course includes topics on LAN switching technologies, IP routing technologies, IP services (FHRP, syslog, SNMP v2 and v3), troubleshooting, and WAN technologies. Extra study and experience may be required outside of the course work to prepare the student to pass the examination. In addition, the student will learn the real-world implications of the technologies as they are actually used in the current technological climate. This course prepares the student to be a practitioner in the network field of Information Technology. Extra study and experience may be required outside of the course work to prepare the student to pass the Cisco examination. Taking this course alone does not guarantee the student will pass the Cisco examination. This course is part of cluster; however, it will be taught in sequence. Prerequisite: ICS 11100, ICS 11200.

ICS 21200 - Cisco IV-Connecting Networks (5)

This course is the first of two courses which covers the knowledge and skills required to successfully install, operate, and troubleshoot a small to medium-size enterprise branch network. The course includes topics on LAN switching technologies, IP routing technologies, IP services (FHRP, syslog, SNMP v2 and v3), troubleshooting, and WAN technologies. Extra study and experience may be required outside of the course work to prepare the student to pass the examination. In addition, the student will learn the real-world implications of the technologies as they are actually used in the current technological climate. This course prepares the student to be a practitioner in the network field of Information Technology. Extra study and experience may be required outside of the course work to prepare the student to pass the Cisco examination. Taking this course alone does not guarantee the student will pass the Cisco examination. This course is part of cluster; however, it will be taught in sequence. Prerequisite: ICS 11100, ICS 11200.

ICS 31100 - Cisco V-Implementing Cisco Security (5)

This course covers the knowledge of secure Cisco network infrastructure, understanding core security concepts, managing secure access, VPN encryption, firewalls, intrusion prevention, web and email content security, and endpoint security. This exam validates skills for installation, troubleshooting, and monitoring of a secure network to maintain integrity, confidentiality, and availability of data and devices. In addition, the student will learn the real-world implications of the technologies as they are actually used in the current technological climate. This course prepares the student to be a practitioner in the network field of Information Technology. Extra study and experience may be required outside of the course work to prepare the student to pass the Cisco examination. Taking this course alone does not guarantee the student will pass the Cisco examination. This course is part of cluster; however, it will be taught in sequence. Prerequisite: ICS 21100, ICS 21200.

ICS 31200 - Cisco VI-Network Infrastructure Design (5)

This course requires a foundation or apprentice knowledge of network design for enterprise network architectures. Students will design routed and switched network infrastructures and services involving LAN/WAN technologies for SMB or basic enterprise campus and branch networks. In addition, the student will learn the real-world implications of the technologies as they are actually used in the current technological climate. This course prepares the student to be a practitioner in the network field of Information Technology. Extra study and experience may be required outside of the course work to prepare the student to pass the Cisco examination. Taking this course alone does not guarantee the student will pass the Cisco examination. This course is part of cluster; however, it will be taught in sequence. Prerequisite: ICS 21100, ICS 21200.

ICS 41100 - Microsoft Windows Server Installation & Configuration (3)

This class will focus on the "day-to-day" task faced by a Network Administrator. It will include communication issues (including protocols), event tracking, network function performance and monitoring, security monitoring, disk management, scheduled tasks, and other topics. In addition, the student will learn the real-world implications of the technologies as they are actually used in the current technological climate. This course prepares the student to be a practitioner in the network field of Information Technology. Extra study and experience may be required outside of the course work to prepare the student to pass the certification examination. Taking this course alone does not guarantee the student will pass the certification examination. This course is part of cluster; however, it will be taught in sequence. Lab fee may be required. Prerequisite: ICS 31100, ICS 31200.

ICS 41200 - Linux Server Installation & Configuration (3)

This course prepares students to perform maintenance tasks with the command line, install & configure a computer running Linux and be able to configure basic

networking. In addition, the student will learn the real-world implications of the technologies as they are actually used in the current technological climate. This course prepares the student to be a practitioner in the network field of Information Technology. Extra study and experience may be required outside of the course work to prepare the student to pass the certification examination. Taking this course alone does not guarantee the student will pass the certification examination. This course is part of cluster; however, it will be taught in sequence. Lab fee may be required. Prerequisite: ICS 31100, ICS 31200.

ICS 41300 - Linux Network Installation & Configuration (3)

This course prepares students to administer small to medium-sized mixed networks. In addition, the student will learn the real-world implications of the technologies as they are actually used in the current technological climate. This course prepares the student to be a practitioner in the network field of Information Technology. Extra study and experience may be required outside of the course work to prepare the student to pass the certification examination. Taking this course alone does not guarantee the student will pass the certification examination. This course is part of cluster; however, it will be taught in sequence. Lab fee may be required. Prerequisite: ICS 31100, ICS 31200.

ICS 42100 - Certified Ethical Hacker (3)

This course will introduce students to computer incident response and computer forensics. Specific attention will be given to recovery of evidence from desktop computers, mobile devices, and network resources. In addition, the student will learn the real-world implications of the technologies as they are actually used in the current technological climate. This course prepares the student to be a practitioner in the network field of Information Technology. Extra study and experience may be required outside of the course work to prepare the student to pass the certification examination. Taking this course alone does not guarantee the student will pass the certification examination. This course is part of cluster; however, it will be taught in sequence. Prerequisite: ICS 41100, ICS 41200, ICS 41300.

ICS 42200 - AccessData Certified Examiner (3)

This course demonstrates Forensic Toolkit technology. Students will test their knowledge of the skills acquired in the AccessData course by reviewing their course manuals and working hands-on with the FTK tools. In addition, the student will learn the real-world implications of the technologies as they are actually used in the current technological climate. This course prepares the student to be a practitioner in the network field of Information Technology. Extra study and experience may be required outside of the course work to prepare the student to pass the certification examination. Taking this course alone does not guarantee the student will pass the certification examination. This course is part of cluster; however, it will be taught in sequence. Lab fee required. Prerequisite: ICS 41100, ICS 41200, ICS 41300.

ICS 42300 - Computer Hacking Forensics Investigator (3)

This course educates individuals in the specific security discipline of computer forensics from a vendor-neutral perspective. This course will fortify the application knowledge of law enforcement personnel, system administrators, security officers, defense and military personal, legal professionals, bankers, security professionals, and anyone who is concerned about the integrity of the network infrastructure. In addition, the student will learn the real-world implications of the technologies as they are actually used in the current technological climate. This course prepares the student to be a practitioner in the network field of Information Technology. Extra study and experience may be required outside of the course work to prepare the student to pass the certification examination. Taking this course alone does not guarantee the student will pass the certification examination. This course is part of cluster; however, it will be taught in sequence. Prerequisite: ICS 41100, ICS 41200, ICS 41300.

ICS 49200-49699 - Special Topics and Independent Study Courses in Cyber Security (1-3)

IDA-Dance

IDA 10100 - Introduction to Dance (3)

GE-Human Culture: Arts [GE-FineArt] This course is the beginning movement course in dance techniques and styles including elements of modern dance, jazz dance, and ballet. It will help students develop body awareness, flexibility, and creativity. Includes beginning instruction in theory and technique.

IDA 17100 - Dance as an Art (3)

GE-Human Culture: Arts/Human Diversity [GE-FineArt/CrsClT] This course is an introductory course designed to develop the student's ability to enjoy and analyze dance performance through a consideration of dance style, technique, choreography, and the role of dance in culture. Lecture course, no dance training necessary.

IDA 37100 - Dance in the 21st Century (3)

GE-Human Culture: Arts/Human Diversity [GE-FineArt/CrsClT] This course explores the history and role of dance in different cultures around the world. Through video observations, readings and class discussions, students will be exposed to the multicultural influences on dance in today's society. Lecture course, no dance experience necessary.

IEN-English

IEN 20100 - World Literature I (3)

GE-Human Culture: Literature/Human Diversity [GE-Lit/CrsClT] This course is a study of ideas that have shaped civilizations, with emphasis on the literature of various cultures and periods. Works will be read in English translation. Lectures and discussions interpret literature and consider religious and philosophical thought in terms of contrasting as well as

universal themes and values. Offered: All locations each term, intermittently.

IEN 20200 - World Literature II (3)

GE-Human Culture: Literature/Human Diversity [GE-Lit/CrsClI] This course is a study of ideas that have shaped our cultures, beliefs, and understanding from the Renaissance to the present. Students will examine the cultural contexts of the works and will consider the universal doctrines and themes these works suggest. Prerequisite: ICM 10100 and ICM 10200. Offered: All locations each term, intermittently.

IEN 20600 - British Literature II (3)

GE-Human Culture: Literature [GE-Lit] This course covers the early Romantic period through the 19th and 20th centuries. The works of major writers are studied in terms of each writer's own critical statements or in terms of the particular school or movement to which the works belong. Offered: Intermittently.

IEN 23500 - American Literature I (3)

GE-Human Culture: Literature [GE-Lit] This course is a survey of American writing from the colonial frontier to 1890 with emphasis on the struggle of New World writers to develop distinctive American themes and characters arising from the conquest of a virgin continent. Offered: All locations each term, intermittently.

IEN 23600 - American Literature II (3)

GE-Human Culture: Literature [GE-Lit] This course is a survey of late 19th- and 20th-century American novels, poetry, prose, and drama; it explores distinctive American themes as reflected through an ever-changing society. Offered: Intermittently.

IEN 27600 - African-American Literature (3)

GE-Human Culture: Literature/Human Diversity [GE-Lit] This course introduces students to pre- and post-emancipation literature written by African-Americans in the United States. Offered: Intermittently.

IEN 29300-29399 - Special Topics in Humanities (1-3)

IEN 30000 - Introduction to Literary Theory and Criticism (3)

GE-Human Culture: Literature (GE-HC:Lit) This course is an introduction to the history of literary theory and criticism from antiquity to the present day. Students will examine various methods of literary analysis and judgment, including philosophical, cultural, and formalist approaches. For example, students will be introduced to the fundamental principles of structuralist, psychoanalytic, feminist, Marxist, poststructuralist, and non-Western critical schools. This course is intended for beginners and non-majors.

IES-Earth Sciences

IES 10500 - Survey of Geology (3)

GE-Natural Science [GE-EarthSci] This is a lecture course that focuses on the study of the earth to include the materials it is made of, the physical and chemical changes that take place both internally and superficially, and the historical background. Offered: Intermittently.

IES 11000 - Introductory Meteorology (3)

GE-Natural Science [GE-EarthSci] This course acquaints the student with the physical and thermal dynamics of the lower atmosphere. It deals with the role the sun plays as the source of energy for all phenomena. Topics include thermal energy; atmospheric temperature, humidity, pressure, and wind; cloud formation; frontal systems; severe weather phenomena and air pollution. Offered: Online, intermittently.

IES 11100 - Meteorology Lab (1)

GE-Natural Science with Lab [GE-EarthSciLab] This lab course is designed to complement Introductory Meteorology. Students will decode raw data, plot maps, analyze the data, and make forecasts. Time permitting; a field trip will be included to the local National Weather Service Station. Concurrent enrollment in IES 11000. Offered: Online, intermittently.

IES 13200 - Introductory Astronomy with Lab (4)

GE-Natural Science with Lab [GE-EarthSciLab] This is a survey course that addresses the historical background of astronomy; measuring methods for celestial objects; the electromagnetic spectrum and spectroscopy of celestial objects; telescopes; formation and scale of the solar system; characteristics of planets, moons, and space debris; birth and death of stars; galaxies, dark matter, and dark energy; and the formation of the universe. Weekly laboratory activities reinforce classroom concepts. Lab fee required. Offered: Online, intermittently.

IHM-Health Management

IHM 21010 - Principles of Healthcare Financial Accounting (3)

This course introduces health management students to the accounting information framework used by healthcare organizations to collect, maintain, and report financial information. Special emphasis will be given to transaction analysis and the resulting effect on the accounting equation. Financial statement analysis and the differences between for-profit and not-for-profit healthcare organizations will be stressed. Offered: Intermittently on-ground at select locations and online.

IHM 21011 - Principles of Healthcare Managerial Accounting (3)

This course focuses on the development, analysis, interpretation and communication of financial information designed to assist healthcare managers in achieving the goals of an organization. Special consideration will be given to the differences between for-profit and not-for-profit healthcare organizations. Offered: Intermittently on-ground at select locations and online.

IHM 30100 - Ethical Issues in Healthcare Management (3)

Issues and problems that arise within the healthcare field will be reviewed and discussed. Offered: Intermittently on-ground at select locations and online.

IHM 30200 - Healthcare Management (3)

This course examines the development of the understanding of healthcare organizations and the

decision-making skills required in management positions. The origins and functions of various health systems in the U.S. are reviewed and discussed. Offered: Intermittently on-ground at select locations and online.

IHM 32000 - Healthcare Finance and Economics (3)

This course examines the economics of healthcare, the differences between the healthcare marketplace and other industries, and the various financing mechanisms/organizing principles and their histories in the healthcare marketplace like Medicare, Medicaid, and the Affordable Care Act. Offered: Intermittently on-ground at select locations and online.

IHM 33300 - Legal Issues in Healthcare (3)

This course begins with an extensive overview of the major issues in health law and continues with a broad discussion of the legal system and the sources of its statutory laws, rules, regulations, and guidelines. This course will include a basic review of tort law, criminal law, contract law, civil procedure, and trial practice. Offered: Intermittently on-ground at select locations and online.

IHM 33400 - Government Organization and the Healthcare Industry (3)

This course will discuss the organization of our government and the various federal, state, and local administrative departments relevant to the healthcare industry. A variety of issues confronting professionals working in healthcare will be explored. Offered: Intermittently on-ground at select locations and online.

IHM 33500 - Cases in Healthcare Administration (3)

This course is a discussion and analysis of case law presentations. Because of their effect on the healthcare system, the student should be able to apply appropriate political, social, and economic factors in said analysis. Offered: Intermittently on-ground at select locations and online.

IHM 33600 - Human Resources in Healthcare (3)

This course examines the various laws relating to the employer/employee relationship in the healthcare marketplace. Emphasis will be placed on equal employment opportunity, grievance handling hiring/termination of both employees and contractors, the special considerations of hiring physicians and other professional personnel, and the unique requirements of unionization in the healthcare environment. Offered: Intermittently on-ground at select locations and online.

IHM 33700 - Legal Compliance in Healthcare (3)

This course will introduce health management students to the development and use of internal controls to monitor adherence to statutes, regulations, and program requirements from various state and federal governmental as well as nongovernmental agencies. Offered: Intermittently on-ground at select locations and online.

IHM 35100 - Healthcare Marketing (3)

This course introduces the student to various marketing concepts as they relate to healthcare organizations. Students will discuss marketing fundamentals, research, strategy, and the strategic marketing process. Students

will attain a foundational application of the principles of marketing and their application to healthcare. Offered: Intermittently on-ground at select locations and online.

IHM 40100 - Introduction to Public Health (3)

This is an overview of current topics in public health and will center on discussions regarding U.S. healthcare reform and the effect of globalization of national economies on the health of populations. Analysis of public health efforts in light of natural disasters coupled with practical application of the best practices in the field and discussion centered on the social and ethical challenges of devising public policy will also be focal points for this course. Offered: Intermittently on-ground at select locations and online.

IHM 44000 - Long Term Care and Ethics (3)

This course focuses on the various institutions and financing mechanisms of long term care at the state and federal levels. Topics will also include ethical issues that arise in the provision of long term care such as end-of-life care and assisted suicide. Offered: Intermittently on-ground at select locations and online.

IHM 44100 - Social Policy in Gerontology (3)

This course focuses on the political forces that shape official policies toward aging in America at all levels of government, with emphasis on federal policies. Through the use of selected examples, the students will examine the impact of political-vested interested in shaping the enactment and implementation of legislation for the elderly. Topics include retirement income, housing subsidies, age discrimination, the Older Americans Act, and state and local programs. Offered: Intermittently on-ground at select locations and online.

IHM 44200 - Multidisciplinary Perspectives in Gerontology (3)

This course will explore various "hot button" ethical practice issues that professionals and caregivers encounter in providing long term care (LTC). Topics explored will include, but are not limited to, end-of-life preferences and preparation, intimacy and sexuality, autonomy, safety, cross cultural issues, and access to spiritual and religious practices. Offered: Intermittently on-ground at select locations and online.

IHM 46000 - Healthcare Delivery in the USA (3)

Students are challenged to understand the dynamics of the healthcare industry and the impact that it has on the nation's and world's economy. Offered: Intermittently on-ground at select locations and online.

IHM 46100 - Healthcare Policy and Research (3)

Students will identify the health policies that have impacted healthcare delivery past and present and the current state of the health environment. Students will be required to identify and define policies that are currently under consideration in Congress and what the future impact will be on the healthcare organizations. Offered: Intermittently on-ground at select locations and online.

IHM 46200 - Global Healthcare Reform (3)

Students will discuss key diseases that cause death and disability throughout the world and will also discuss

general concepts of population health. Potential solutions to global health issues will be discussed, and students will develop a general understanding of the biological and social aspects of major global health issues as they relate to ways to reduce global health inequalities. Offered: Intermittently on-ground at select locations and online.

IHM 47600 - Essentials of Healthcare Finance (3)

This course provides students with material that will assist them in understanding the conceptual basis and mechanics of financial analysis and decision-making as it pertains to daily decisions in their organization and in the healthcare industry. Offered: Intermittently on-ground at select locations and online.

IHM 47800 - Economics of Health and Medical Care (3)

This course provides the student the fundamental tools necessary to apply basic economic principles to the healthcare field. This course will deliver a balance of population-based health economics and consumer-driven, managed healthcare economics. Prerequisite: IMH 13200; IMH 14200. Offered: Intermittently on-ground at select locations and online.

IHM 48500-48599 - Independent Study in Health Management (1-3)

IHM 48700 - Contemporary and Critical Issues in Healthcare Management (3)

This course represents an expansion of the current 3-hour capstone course and will address extant issues in the healthcare industry that may affect healthcare management. Topics to be covered include the Affordable Care Act (and periodic updates/roll-outs), Medicaid expansion, Medicare rule changes, physician/hospital relationships, and the provision of care to those without any insurance. Topics will be added according to changes in healthcare. For in-class instruction this will be offered with IHM 48900 as a 6-hour cluster. It will be taught as a separate class for online instruction. Offered: Intermittently on-ground at select locations and online.

IHM 48900 - Health Management Capstone (3)

This course culminates the undergraduate student's educational experience in becoming a highly effective healthcare supervisor or manager and serves to synthesize and integrate the student's educational experience while analyzing the practices and problems confronting today's healthcare managers. Testing fee required. Offered: Intermittently on-ground at select locations and online.

IHM 49200-49499 - Special Topics in Health Management (1-3)

IHR-Human Resource Management

IHR 23021 - Survey of Economics (3)

GE-Social Science [GE-SocSci] This course introduces basic economics, concepts, relationships, and institutions. The course provides a foundation for applying economics to individual decision-making and for critically analyzing aggregate economic behavior and policy. Topics to be covered include supply and demand, consumer choice,

competition, monopoly, the labor market, government intervention, business cycles, fiscal policy, money and banks, monetary policy, and international trade. Offered: St. Charles, Westport, and Belleville locations, intermittently.

IHR 33400 - Gender Issues in Management (3)

This course focuses on the role of women in management. Areas of study include the function of management, gender differences, barriers to career development, strategies for advancement, the difficult employee, effective communication, motivation, leadership, and problem solving. Offered: St. Charles and Westport locations every term and intermittently at Wentzville and Belleville locations.

IHR 33600 - Implementing and Managing Diversity (3)

This course aims to increase the awareness and dimension of diversity in the work place. Areas of study will include the value of diversity and communicating its importance in the work place, the changing organization, strategies for implementing diversity, and managing a diverse organization. Offered: St. Charles and Westport locations every term and intermittently at Wentzville and Belleville locations.

IHR 35010 - Principles of Marketing (3)

This course offers an in-depth introduction to the functional business area of marketing. It examines how goods and services are presented to target customers through the use of the marketing-mix variables: product, price, place, and promotion. Emphasis in this course is on the student developing a working knowledge of the vocabulary, principles, concepts, and theories of contemporary marketing as used in various organizational settings. Offered: St. Charles, Westport, and Belleville locations, intermittently.

IHR 35700 - Employee Supervision (3)

This course examines the industrial environment and the role of the supervisor. It is directed toward the enhancement of managerial skills and includes a survey of current literature on the subject of leadership. Offered: St. Charles, Westport, North County, and Belleville locations every term. All other locations intermittently.

IHR 35800 - Legal Issues for Human Resource Management (3)

This course examines the various laws relating to the employer/ employee relationship. Special emphasis will be placed on topics such as equal employment opportunity, affirmative action, grievance handling, hiring and termination, training, questions of equity, labor relations, and other issues associated with the management of human resources. Offered: St. Charles, Westport, North County, and Belleville locations every term. All other locations intermittently.

IHR 35900 - Performance Management/ Performance Appraisal Systems (3)

Performance appraisal is mandated by the Civil Service Reform Act. This course examines its basic elements, including goal setting, writing behavioral objectives,

individual and organizational performance measurement, coaching and counseling, and productivity improvement among both unionized and non-unionized employees. Specific emphasis will be placed on reward systems and methods of positive discipline. Offered: St. Charles, Westport, North County, and Belleville locations every term. All other locations intermittently.

IHR 36000 - Adult Learning Processes (3)

This course is a study of selected methods and instructional techniques appropriate for the teaching of adults with a focus on the training and development area. Applications of adult development theory will be applied to the design, development, and evaluation of training programs and staff development. Offered: St. Charles and Westport locations every term and intermittently at Wentzville and Belleville locations.

IHR 36081 - Career/Staff Development (3)

Students are introduced to career development programs in organizations and how they relate to the productivity of individuals. Focus is on the skills and concepts that will enable the student to design and implement staff development programs. Students also work on their personal career development and life planning. Offered: St. Charles, Westport, O'Fallon, and Belleville locations intermittently.

IHR 36300 - Human Resource Information Systems (3)

Topics covered in this course include the evolution of Human Resources and Information Systems, needs and types of HR information systems, the functionality of the HRIS manager, database management concepts, system planning, and integration. Additional topics include organizational needs assessment, system design, and cost management. An emphasis on project management themes based upon needs assessment will include real-world case studies and problem-solving exercises. The course will conclude with specific HRIS applications to the HR business competencies in staffing, applicant tracking, performance management, compensation and benefits, and employee self-service. Offered: St. Charles, Westport, O'Fallon, and Belleville locations intermittently.

IHR 36530 - Employee Training and Development (3)

This course is a specialized study of training in organizations, including needs analysis, learning theory, management development, and development of training objectives and programs. Methods of field-based research techniques and evaluation of training programs are included. Projects and exercises supplement readings. Offered: St. Charles, Westport, O'Fallon, and Belleville locations intermittently.

IHR 37000 - Group Dynamics (3)

This course is the study of motivation, leadership, communication, morale, and intra- and inter-group dynamics, and decision-making in organizations. Offered: St. Charles, Westport, Wentzville, and Belleville locations intermittently.

IHR 37100 - Conflict Resolution (3)

This course is an examination of causes of conflict in human interactions, including principles and techniques to diagnose conflict and to differentiate among types of conflict. Students will develop skills in leadership, group facilitation, team building, and handling group conflict. Offered: St. Charles, Westport, Wentzville, and Belleville locations intermittently.

IHR 38000 - Global Business and Society (3)

This course provides students with an overview of global business and trade within the framework of today's dynamic business environment. The course also looks at how historical perspectives influence and shape current events. Topics to be covered include globalization, trade theories, governmental influence on trade, cross national trade agreements, and an introduction to capital markets and foreign exchange. The course also examines how business interacts with the cultural, political, ethical, legal, and economic environments of multiple nations. An overview of international business strategies is also provided. Offered: St. Charles, Westport, and Belleville locations intermittently.

IHR 41000 - Labor Economics and Industrial Relations (3)

This course is a study of the labor force employment, wages, hours, and industrial conflict. Unions, collective bargaining, and labor laws will be given important consideration. Offered: St. Charles, Westport, Wentzville, and Belleville locations intermittently.

IHR 48900 - Human Resources Capstone (3)

This course provides students with both a foundational review of key human resources management concepts and an emphasis on their alignment with the short- and long-term goals of the business. The link between strategy and employee performance will be emphasized through case study analysis, group projects, and class presentations and discussion. The HR Capstone will take a strategic perspective that frames human resources interventions with the context of organizational policies and processes that will sustain long term results. Subject matter will include the organizational assessment of business needs, planning and strategy, decision-making, and sound implementation methods. Offered: St. Charles location and intermittently at Belleville campus. Testing fee required.

IHR 49200-49299 - Special Topics in Human Resource Management (1-3)

IHS-Historical Studies

IHS 10000 - World History Since 1500 (3)

GE-Human Culture: World History/Human Diversity [GE-WHis] This course is a study of the growth and interactions of world cultures and concentrates on the history of the world since 1500. The emphasis is on the interaction of the West with other civilizations after the industrial and scientific revolutions. Colonialism, imperialism, and non-Western nationalist movements will be considered, along with the development of the current world situation. All sections may be taken for Honors

Program credit. Not open to students with credit in HIS 22100 or HIST 26200. Prerequisite: ICM 10100 and ICM 10200. Offered: All locations each term, intermittently.

IHS 10100 - 20th Century World History (3)

GE-Human Culture: World History/Human Diversity [GE-WHis] This course is a study of the growth and interactions of world cultures, including the interaction of the West with other civilizations. There will be an emphasis on the development of the current world situation. Offered: All locations each term, intermittently.

IHS 10600 - American History (3)

GE-Human Culture: US History/Government [GE-AmGovHis] This survey of American history traces the development of the United States from the Civil War to its present status as a world power. Political, economic, and social foundations of American development are stressed. Offered: Online each term.

IIT-Information Technology

IIT 10000 - Computer Literacy (3)

This course will introduce students to basic computer terminology and computer usage. Topics will include discussion of computer hardware and software components, user functions, file storage and organization, application usage, the Internet, and information security. This course requires lab time outside of class meeting times.

IIT 21500 - Programming Logic and Design (3)

This course will introduce students to computer programming concepts and approaches to computer logic. A popular programming language will be used to demonstrate these concepts.

IIT 21600 - Introduction to Game Programming (3)

This course will introduce students to the framework for designing games for computers and mobile devices for entertainment.

IIT 21700 - Introduction to Business Programming (3)

This course will introduce students to the framework for designing games for computers and mobile devices for business productivity.

IIT 32100 - Networking Essentials (3)

This class will introduce the student to the basics of designing and implementing a modern computer network. It will include an introduction to the elements of the OSI model, protocols, basic network architectures, and requisite basic hardware.

IIT 32200 - Network Applications (3)

This course is an introduction to computer networks and network operating systems. In series of short, practical problems, students will evaluate, troubleshoot, research, and resolve real-world networking situations. These problems will include operational difficulties, disaster recovery policies and procedures, network maintenance, and end-user training issues.

IIT 32300 - Network Implementation-A Case Study and Simulation (3)

In this class, the students (working in small groups) will design (or modify) a network for a small business or home office. Working within an assigned budget, the group will research requisite equipment, define the network architecture, and present a proposal for implementation that includes a time line, labor costs, and guidelines for training and ongoing support.

IIT 33100 - Project Cost and Schedule Estimating (3)

This course is an introduction to the theory and applications of Project Cost and Schedule Estimating including life cycle cost, staffing profiles, GUI and object metrics, cost by phase and activity, lines of code, and project risks.

IIT 33200 - Fundamentals of Cyber Security (3)

This course will introduce students to the fundamentals of network security, compliance and operational security, threats and vulnerabilities, application data and host security, access control and identity management, and cryptography.

IIT 33300 - Secure Social Interaction in a Digital World (3)

This course will explore social media and implications for personal and corporate security. Students will develop policy and procedure for the secure use of social media in enterprise.

IIT 33400 - Ethical Issues in Cyber Security (3)

This course will discuss information technology law and ethics. Students will investigate real-world cases through a law and ethics filter. Students will develop a personal code of ethics for use as information technology professionals.

IIT 34020 - Mobile Applications Programming (3)

This is an introductory hands-on course focused on the creation of web applications for deployment on multiple platforms such as personal computers, tablets, and smartphones. Topics will include connectivity, interface design, application architectures, and programming. Students will gain skills necessary to develop applications that utilize the unique hardware and communication capabilities of a variety of devices. This course is project based and will likely require extensive time commitment outside of class time. Prerequisite: IIT 21500, IIT 21600, IIT 21700. Offered: Intermittently.

IIT 34030 - Java Programming (3)

This course is designed to give the student advanced knowledge of the Java programming language. Emphasis will be placed on the fundamental syntax and semantics of Java for applications. Other topics covered will include variables; data types and expressions; control structures including branching and looping; programmer defined classes; arrays; Graphical User Interfaces; and database access. Lab fee required. Prerequisite: IIT 21500, IIT 21600, IIT 21700. Offered: Intermittently.

IIT 34040 - C++ Programming (3)

This course is designed to provide working knowledge of object oriented programming using C++. Students will learn the basic concepts of object-oriented programming (OOP) and object-oriented software design. The fundamental control structures of C and C++ will be presented. Students will also learn to build objects using classes, define operations on objects, and use predefined classes in C++. Prerequisite: IIT 21500, IIT 21600, IIT 21700.

IIT 34050 - C# Programming (3)

This course provides an introduction to programming using the C# language. Emphasis is placed upon the development of correct, efficient programs that are easy to maintain. Topics include problem analysis, program design, documentation, testing, and debugging. Basic features of the C# programming language are covered. Prerequisite: IIT 21500, IIT 21600, IIT 21700. Offered: Intermittently.

IIT 34400 - Introduction to Linux Programming (3)

This course will introduce students to the Linux Operating System, with concentrations in security and automation. Topics include Linux Shell Programming, Perl Programming, Kernels, File Systems, System Administration, TCP/IP Networking, Web Environments, TCP/IP Socket Programming, and other business applications for Linux Systems. Prerequisite: IIT 21500, IIT 21600, IIT 21700. Offered: Intermittently.

IIT 35100 - Database Analysis and Design Concepts (3)

This course explains the components of a database system. It stresses data modeling, data normalization, and database design. Offered: St. Charles location alternating terms.

IIT 36600 - Fundamentals of Data Center Virtualization (3)

This course will cover the concepts of Data Center Virtualization, including virtual machines, storage, operations, and networking. Availability, scalability, optimization, and management challenges will be addressed. A common virtualization product will be used to demonstrate these challenges and their solutions. Prerequisite: ICS 31100, ICS 31200.

IIT 36700 - Fundamentals of Cloud Computing (3)

This course will provide students with a fundamental understanding of the business challenges can be resolved by cloud computing. Elasticity, efficiency, availability, and management challenges will be addressed. A common virtualization product will be used to demonstrate these challenges and their solutions. Prerequisite: ICS 31100, ICS 31200.

IIT 36800 - Fundamentals of Desktop and Mobility Virtualization (3)

This course will provide students with an understanding of the challenges in End User Computing and mobile device management. Areas of discussion will include virtual desktops, clones, pools, application virtualization, mobile device management solutions and device access

will be discussed. A common virtualization product will be used to demonstrate these challenges and their solutions. Prerequisite: ICS 31100, ICS 31200.

IIT 37700 - Fundamentals of HTML (3)

This course will introduce development concepts as well as HTML/DHTML tags used to create Web pages. Interface design standards, e-Commerce trends, and Web security issues will be discussed. Prerequisite: IIT 21500, IIT 21600, IIT 21700. Offered: St. Charles location intermittently.

IIT 37800 - Applications in Web Development (3)

This course will introduce procedures for developing and testing Web pages using the Microsoft Visual Studio. Other development environments will be explored and reasons for choosing one development environment over another will be discussed. Prerequisite: IIT 21500, IIT 21600, IIT 21700. Offered: St. Charles location intermittently.

IIT 37900 - Applications in Website Publishing (3)

This course covers the techniques used to implement a website design and will examine the architecture, security, Web-hosting, and usability issues with developing Web-based applications for the World Wide Web. Prerequisite: IIT 21500, IIT 21600, IIT 21700. Offered: St. Charles location intermittently.

IIT 42400 - Data Center Virtualization Administration (3)

This course explores the administrative functions (installation, configuration, and management) of data center virtualization technologies. Areas around security, scalability, supportability, and configuration best practices will be discussed using a variety of business-driven scenarios based on the size of the organization (i.e. small, medium, large enterprises). Prerequisite: IIT 36600, IIT 36700, IIT 36800.

IIT 42500 - Cloud Computing Administration (3)

This course explores the administrative functions (installation, configuration, support, and management) of cloud computing technologies. Areas around tenancy, security, scalability, supportability and cloud hosting best practices will be discussed using a variety of business-driven scenarios based on the size of the organization (i.e. small, medium, large enterprises). Prerequisite: IIT 36600, IIT 36700, IIT 36800.

IIT 42600 - Desktop and Mobility Virtualization Administration (3)

This course explores the administrative functions (installation, configuration, support, and management) of desktop and mobile management technologies. Areas around device access, security, supportability, and mobility management best practices will be discussed using a variety of business-driven scenarios based on the size of the organization (i.e. small, medium, large enterprises). Prerequisite: IIT 36600, IIT 36700, IIT 36800.

IIT 43200 - Project Management Process (3)

A course in the theory of project management involving planning, organizing, staffing, tracking, measurement, and evaluation. Topics include defining projects, developing networks, managing risk, scheduling resources; inter organizational relations, and international projects.

IIT 43300 - Cost and Scheduling Applications (3)

This course emphasizes problem solving skills needed in project management. The student will be exposed to multiple cost and scheduling systems. Training and problem specific assignments will be given using Microsoft Project.

IIT 45200 - Database Application Implementation (3)

Students will develop a database in this course using Microsoft Office DBMS. The course will cover application design, object based implementation, and foundations of relational implementation. Offered: St. Charles location alternating terms.

IIT 45300 - Database Project Implementation (3)

Students will become familiar with Structured Query Language and SQL Server, embedding SQL in host languages, client server and related applications and distributed processing. Offered: St. Charles location alternating terms.

IIT 47700 - Fundamentals of User Interface Design (3)

This course will introduce the steps involved with analysis and design of web based solutions. Project life cycle concepts will be presented and used as a guideline for the Web project. This course will also cover procedures for testing and debugging Web-based applications. Offered: St. Charles location intermittently.

IIT 47800 - Applications in Object-Oriented Web Development (3)

This course will introduce object-based programming terminology and concepts. Programming principles will be presented in JavaScript, VBScript, and ASP.NET. Offered: St. Charles location intermittently.

IIT 47900 - Applications in Multi-Tiered Web Programming (3)

This course will cover the techniques used to implement a multi-tiered Website design. This course will also examine the architecture and programming issues involved with developing distributed client/server applications for the World Wide Web. Prerequisite: IIT 37700; IIT 37800; IIT 37900. Offered: St. Charles location intermittently.

IIT 48100 - Introduction to the Project Management Body of Knowledge (3)

This course prepares students to implement the project management body of knowledge and prepare to perform project management functions. It is an introduction to the theory and applications of project cost and schedule estimating including life cycle cost, staffing profiles, GUI, and objects metrics, and cost by phase and activity, lines of code, and project risks. It is a course in the theory of project management involving planning, organizing, staffing, tracking, measurement, and evaluation. Topics

include defining projects, developing networks, managing risk, scheduling resources; inter organizational relations, Agile methods and international projects. In addition, the student will learn the real-world implications of the technologies as they are actually used in the current technological climate. This course prepares the student to be a practitioner in the network field of Information Technology. This course is part of cluster; however, it will be taught in sequence. Prerequisite: Last cluster in IIT or ICS.

IIT 48200 - Introduction to the Business Analysis Body of Knowledge (3)

This course provides an opportunity for anyone considering a career in business analysis and who has no prior BA experience to gain a comprehensive understanding of the business analyst role. Students will have the knowledge to perform effectively as an entry level business analyst. In addition, the student will learn the real-world implications of the technologies as they are actually used in the current technological climate. This course prepares the student to be a practitioner in the network field of Information Technology. This course is part of cluster; however, it will be taught in sequence. Prerequisite: Last cluster in IIT or ICS.

IIT 48900 - Information Technology Capstone (3)

This course will be culminating project course for the student's degree program. The instructor will act as a mentor to guide the students through the completion of a portfolio or other project document that will demonstrate their successful completion of the goals of the degree. Prerequisite: Must be taken upon completion of all IIT coursework or concurrent with last cluster. Offered: St. Charles location every term.

IIT 49200-49699 - Special Topics in Information Technology (1-3)**IMH-Mathematics**

Note: Undergraduate students must either pass the Math Placement Exam or pass IMH 10200 Foundations of Mathematics before taking IMH 12100 Introduction to Contemporary Mathematics, IMH 13200 Quantitative Management Applications, IMH 14200 Basic Statistics, or IMH 22000 Research Design and Methodology.

IMH 10200 - Foundations of Mathematics (3)

This course is a collection of quantitative skills needed to be successful in college and in life. It focuses on ensuring students' conceptual understanding and ability to apply their mathematical knowledge. Providing conceptual and application exercises for discovery, study skills, group and chapter projects, and more, it is a standalone course. It can also be a co-requisite course using a software mastery approach to problem-solving skills in IMH 12100, IMH 13200, or IMH 14200. Offered: All locations each term and online, intermittently.

**IMH 10200 is required for students who do not pass, or do not chose to take, the Math Placement Test. It does not fill any GE requirements, but the credit hours are counted as electives.*

IMH 12100 - Introduction to Contemporary Mathematics (3)

GE-Math [GE-Math] This course is an introductory course on how mathematics is used today. Students will study consumer mathematics plus additional topics selected from apportionment, fair divisions, geometry, growth and decay, numbers systems for encoding information, probability and counting techniques, routes and network, scheduling, statistics, voting systems. Prerequisite: C or better in IMH 10200 or passing the placement test.

(1) IMH 12100 is one of three options that fulfills the GE mathematics requirement for all BA degrees and BS in Business Systems Development, BS in Criminal Justice, BS in Cyber Security, and BS in Information Technology.

IMH 13200 - Quantitative Management Applications (3)

GE-Math [GE-Math] This course emphasizes problem solving skills in management and finance. Topics include simple and compound interest, annuities, discounts, installment buying, amortization, reading and interpreting financial reports, depreciation, taxes, insurance, and investments. Mathematical tools include solving linear equations, linear regression, and basic statistical models. The uses of tables, calculators, and Excel are stressed. Offered: St. Charles, Westport, and North County locations and the Belleville campus each term, intermittently at other locations.

(1) Requires either passing the Math Placement exam with a score of 70 percent or better, or completion of IMH 10200 with a grade of "C" or better.

(2) IMH 13200 or College Algebra or higher is required for the BS in Business Administration, BS in Health Management, and BS in Human Resources Management.

(3) IMH 132000 is one of three options to fulfill the GE mathematics requirement for all BA degrees and BS in Business Systems Development, BS in Criminal Justice, BS in Cyber Security, and BS in Information Technology.

(4) The Math/Statistics Cluster satisfies the mathematics general education and mathematics requirement for all majors.

IMH 14200 - Basic Statistics (3)

GE-Math [GE-Math] This course is an introduction to the theory and applications of descriptive and inferential statistics including probability, random variables, expected values, probability distribution functions, and hypothesis testing. Offered: St. Charles, Westport, North County locations, and the Belleville campus in each term, intermittently at other locations.

(1) IMH 14200 is required for all Bachelor of Science (BS) degrees, but it is not required for Bachelor of Arts (BA) degrees.

IMH 22000 - Research Design and Methodology (3)

GE-Math [GE-Math] This is the first course in collecting, organizing, and drawing conclusions from data. Topics include sampling, first steps in statistical design of experiments, ethical problems, correlation, association and causation, and prediction. Offered: St. Charles, Westport, and North County locations and the

Belleville campus each term, intermittently at other locations.

IMH 29300-29399 - Special Topics in Mathematics (1-3)**IMU-Music****IMU 16500 - Introduction to Music Literature (3)**

GE-Human Culture: Arts [GE-FineArt] This course serves as an historical survey of masterworks from diverse genres. Emphasis on listening to, analyzing, and describing music; understanding relationships between music, the arts, and disciplines outside the arts; and understanding music in relation to history and culture.

IMU 35600 - History of Music II (3)

GE-Human Culture: Arts/Human Diversity [GE-FineArt/CrsClt] This course serves as a study of Western art music (1750 to the present) in historical, stylistic, and cultural contexts.

IMU 35700 - World Music (3)

GE-Human Culture: Arts/Human Diversity [GE-FineArt/CrsClt] This course serves as a study of non-western musical cultures. Emphasis on the characteristics of the world's major musical traditions in historical, stylistic, and cultural, contexts, and vocabulary for effective analysis and description.

INS-Natural Sciences**INS 10500 - Chemistry in Society (3)**

GE-Natural Science [GE-PhysSci] This course provides a basis for understanding problems of global proportion facing societies in the coming millennium. Fundamental chemical concepts will provide an understanding of the role chemistry plays in the problems considered, and in their potential resolution of solution. Issues include environmental concerns, energy, hunger and food production, health, pollution, and population considerations. Prerequisite: The mathematics general education requirement must be satisfied as a prerequisite for taking the natural science cluster. Offered: St. Charles, Westport, and North County locations and the Belleville campus each term, intermittently at other locations.

INS 11400 - Principles in Environmental Biology (3)

GE-Natural Science [GE-BioSci] This course is a study of the biological systems comprising the biosphere and those perturbations which would threaten homeostasis of the systems. This course must be taken concurrently with INS 10500. Prerequisite: The mathematics general education requirement must be satisfied as a prerequisite for taking the natural science cluster. Offered: St. Charles, Westport, and North County locations and the Belleville campus each term, intermittently at other locations.

INS 11500 - Environmental Biology Laboratory (1)

GE-Natural Science Lab [GE-BioSciLab] This course includes hands-on activities in both field and classroom settings that complement the topics covered in INS 11400. This course is taught on a different night of the week than the cluster and requires a lab fee. It must be taken concurrently with INS 11400. Prerequisite: The

mathematics general education requirement must be satisfied as a prerequisite for taking the natural science cluster. Offered: St. Charles and Belleville campuses every term.

INS 21400 - Ethical Problems in Science (3)

GE-Natural Science [GE-BioSci] This course considers how advances in human technological capabilities pose problems for human societies. The course will focus primarily on threats to human and ecosystem health. Students will evaluate scientific data, the sometimes conflicting interpretations of those data, and their implications for public policy. This course must be taken concurrently with INS 10500 and INS 11400.

Prerequisite: The mathematics general education requirement must be satisfied as a prerequisite for taking the natural science cluster. Offered: St. Charles, Westport, and North County locations and the Belleville campus each term, intermittently at other locations.

INS 29300-29399 - Special Topics in Natural Sciences (1-3)

IPH-Philosophy

IPH 10000 - Survey of Philosophy (3)

GE-Human Culture: Philosophy [GE-Phl-Rel] This course is designed to introduce the student to the activity of philosophy by studying the ways in which a number of important philosophical schools have attempted to deal with such major concerns as proof the existence of God, the challenges of science and materialism to free will, the basis for human knowledge, and the justification of moral beliefs. Offered: All locations each term, intermittently.

IPH 15000 - Foundations of Philosophy (3)

GE-Human Culture: Philosophy (GE-HumCul:Phl) This course is an introduction to philosophy. Topics will include questions about the nature of reality, knowledge, ethics, and social and political philosophy. This course is intended for beginners and non-majors and cannot be applied as credit for the philosophy major requirements. Offered: Intermittently.

IPH 21200 - Aesthetics: The Philosophy of Art (3)

GE-Human Culture: Philosophy (GE-HumCul:Phl) This course is an introduction to the branch of philosophy that is concerned with sensibility, taste, and the concept of beauty. Students will examine how philosophers from antiquity to the present day have grappled with such fundamental questions as: What is beauty? What counts as art? What is at stake in the distinction between high art and low art? Does art bear responsibility? And, what is the place and function of art within society? This course is intended for beginners and non-majors and cannot be applied as credit for the philosophy major requirements. Offered: Intermittently.

IPH 21400 - Ethics (3)

GE-Human Culture: Philosophy [GE-Phl-Rel] This course provides students with a general understanding of the development and status of ethics as a theoretical discipline and its relation to social and political

philosophy. Offered: All locations each term; intermittently.

IPH 30500 - Political Philosophy (3)

GE-Human Culture: Philosophy [GE-Phl-Rel] This course introduces students to the writings of well-known classical and modern political philosophers and theorists. Instead of secondary accounts or summaries of these writers, students read original thoughts of political thinkers.

IPH 31100 - Ancient Philosophy (3)

GE-Human Culture: Philosophy [GE-Phl-Rel] This course investigates key ideas of the major philosophers from 600 B.C. to 40 B.C. The course proceeds by reading from the translated works of the Pre-Socratics, Socrates, Sophists, Plato, Aristotle, Epicurus, Greek and Roman Stoics, and Cicero. Topics include ethics, politics, metaphysics, epistemology, logic, and the nature of God and man. Only original sources are used. Offered: All locations each term, intermittently.

IPS-Political Science

IPS 15500 - American Government: The Nation (3)

GE-Human Culture: US History/Government [GE-AmGovHis] This course focuses on introducing students to the skills involved in political analysis. Attention is focused on examining key terms such as "democracy" and "politics" as well as providing students with an overview of American national government. Offered: Online each quarter.

IPS 30000 - Comparative Analysis (3)

GE-Human Culture: Foreign Culture/Human Diversity [GE-CrsClt] This course focuses on providing students with different methods and approaches used in making political comparisons. Furthermore, students are shown how they can use these methods and approaches in the study of individual countries. Offered: Certain locations, intermittently.

IPY-Psychology

IPY 10000 - Principles of Psychology (3)

GE-Social Science [GE-SocSci] Students will explore basic psychological concepts, methods, and findings leading to a better understanding of human behavior. Offered: Certain locations, intermittently.

IPY 10500 - Family Psychology (3)

GE-Social Science (GE-SocSci) This course will examine psychological concepts concerning relationships among family members including changing family structures and roles therein, communication skills, parenting, stress, conflict resolution, and managing work-family responsibilities to support healthy family dynamics.

IPY 10700 - Psychology for Living Today (3)

GE-Social Science (GE-SocSci) This course presents psychological principles that will help students understand and cope with the demands faced by themselves and others in a rapidly changing world. An emphasis is placed on coping processes, psychology and

physical health, social influence, gender and behavior, and positive psychology.

IRC-Recreation

IRC 20600 - Leisure in Contemporary Society (3)

GE-Social Science [GE-SocSci] This course will focus on conceptual foundations for understanding the role of leisure in the quality of life in America. The history of and expanding role of recreation and leisure in the United States will be explored with emphasis on factors influencing leisure, analysis of leisure values as related to individuals and society, and the study of historical significance of key events and individual contributions from cultural, psychological, individual, political, social, and economic points of view.

IRL-Religion

IRL 15000 - World Religions (3)

GE-Human Culture: Religion/Human Diversity [GE-PhlRel] This course aims at familiarizing the student with the great religious traditions of the world. Specific attention is given to Hinduism, Buddhism, Daoism, Confucianism, Judaism, Christianity, and Islam. Offered: Certain locations, intermittently.

IRL 20200 - Religion in America (3)

GE-Human Culture: Religion [GE-PhlRel] This course is an overview of the history and development of the major religious traditions in the United States, beginning with the Puritans and concluding with contemporary religious movements. Included are the beliefs, programs, and organizations of the major Protestant denominations, the Roman Catholic Church, and Judaism, along with ethno-religious groupings, ecumenical movements, and church/state relations.

IRT-Art

IRT 21000 - Concepts of Visual Arts (3)

GE-Human Culture: Arts [GE-FineArt] A course for non-art majors, this class presents a study of selected works in the visual arts by exploring the role of art in society with an emphasis on the creation and interpretation of works of art in media by examining style, aesthetics, social function, and the expression of cultural values. Students will explore the creative process via relevant art projects. Offered: All locations each term, intermittently.

IRT 35700 - Ancient Art (3)

GE-Human Culture: Arts/Human Diversity [GE-CrsClc] This course is a study of the developments in art and architecture from the dawn of civilization to the early Middle Ages. Major monuments and works shall be covered in the Ancient Near East, Egypt, the Aegean, Greece, and Rome, including the great Ziggurats of Mesopotamia, the Pyramids at Giza, the Parthenon, Pantheon and Colosseum. Emphasis shall be placed on the interrelationship of art, culture, religion and politics. Offered: All locations each term, intermittently.

IRT 35800 - Medieval Art (3)

GE-Human Culture: Arts/Human Diversity [GE-CrsClc] This course is a study of European art from the fall of the Roman Empire in the fifth century through the end of the Middle Ages in 1400. Beginning with Early Christian and Byzantine art, the major periods, works, and monuments shall be discussed including those in the Early Medieval era—Hiberno-Saxon, Carolingian, and Ottonian—as well as the later Middle Ages and Romanesque and Gothic art, focusing on the relationship between art, society, culture, religion and politics. Offered: All locations each term, intermittently.

IRT 35900 - American Art (3)

GE-Human Culture: Arts [GE-FineArt] This course is the study of American painting, sculpture, and architecture from the colonial period to 1900.

IRT 38300 - Renaissance Art (3)

GE-Human Culture: Arts/Human Diversity [GE-CrsClc] This course is a study of painting, sculpture, and architecture of the Renaissance in Italy from 1300 to 1600. Beginning with late Medieval Art, the major periods, works, and monuments shall be discussed including those of the Early Renaissance, High Renaissance and Late Renaissance, focusing on the relationship between art, society, culture, religion and politics. Offered: All locations each term, intermittently.

IRT 38900 - Art Theory and Criticism (3)

GE-Human Culture: Arts/Human Diversity [GE-CrsClc] This course is a study of the major theoretical and critical lines of thought that have shaped understanding of the arts, their role in society, and their reception, use, and appreciation from antiquity to the present. Offered: All locations each term, intermittently.

IS-Interdisciplinary Studies

These courses are offered through the traditional day program.

IS 40100 - Interdisciplinary Research (3)

Introduction to interdisciplinary research. Includes identifying disciplines relevant to research questions, gathering information, and developing interdisciplinary methods.

IS 40500 - Interdisciplinary Problem-Solving (3)

Application of interdisciplinary research methods through directed individual and group projects.

IS 41000 - Applied Interdisciplinary Studies (1-6)

Application of interdisciplinary problem-solving skills through internship(s), service-learning, research, or directed studies. This is a variable credit course and may be repeated for credit.

IS 49000-49999 - Special Topics (1-6)

Special topics in interdisciplinary research. May be repeated as topics vary. Offered: Intermittently.

ISC-Sociology**ISC 10200 - Basic Concepts of Sociology (3)**

GE-Social Science [GE-SocSci] Students are introduced to the basic concepts and theories of sociology as the scientific study of human society. The course includes such topics as collective behavior, socialization, culture, stratification, social institutions, and deviant behavior. Offered: Certain locations, intermittently.

ISC 21400 - The Family (3)

GE-Social Science [GE-SocSci] This course is an exploration of the interpersonal dynamics of the family life, the variation in family structure and function in different social classes and cultures. Offered: All locations each term, intermittently.

ISC 22000 - Social Problems (3)

GE-Social Science [GE-SocSci] This course is a survey of a number of problems often common to the modern world. The relation of these problems to such sociological variables as values, social class, gender, race, and ethnicity is explored. Offered: All locations each term, intermittently.

ISS-Social Science

ISS 29300-29399 - Special Topics in Social Science (1-3)

GRADUATE PROGRAMS

Introduction to the School of Accelerated Degree Programs: Graduate Students

Graduate Programs offered by the School of Accelerated Degree Programs are specifically designed for the student with significant employment experience. Students are challenged to expand their knowledge with exercises, techniques, and instruments to update and reinforce learning and enhance understanding of difficult concepts. In addition, students continue to develop their analytical and conceptual skills by enlarging their perspectives and identifying a balance between theory and practice with regard to their particular areas of study. At the completion of the program, students will be prepared to contribute to their organizations' goals by effectively administering and developing resources.

Throughout their programs of study, students will have opportunities to develop their communication skills, demonstrate workplace responsibility, use interpersonal skills, practice working within a team, and develop an appreciation of the importance of continuing growth and education with an emphasis on values-centered thinking. Students are encouraged to engage in speculative thinking and to develop original work and/or research in their major areas of interest. This work should be analytical rather than descriptive, demonstrating a distinct, defensible, methodological, and theoretical perspective.

The Cluster

Central to the theory and practice of adult education is the ideal of the synthesis of knowledge. The School of Accelerated Degree Programs seeks to achieve this goal through the construct of the cluster following a quarter schedule. Clusters are comprised of a faculty member and approximately 12 to 14 students who meet for four hours weekly during an evening or weekend for 12 weeks. Nine credit hour clusters schedule a 13th class meeting within the quarter. Each student is enrolled in a group of two or three related subject area courses, called a cluster, that are, in many cases, integrated into one seminar. Three semester hours of credit are awarded for successful completion of each course in the cluster for a total of six or nine semester hours per cluster. The cluster provides students with an opportunity to explore basic subject areas beyond the confines of a single discipline.

These cluster group meetings provide a collegial environment in which students present their work and share their learning. A major objective of this format is the development of knowledge synthesis, so students can expect their learning to be measured in a variety of ways: written and oral presentation, class discussion, research papers, group projects, and traditional testing. However, as is true of most higher-education programs, each professor determines how students are to be assessed and graded; therefore, tests and quizzes may be used to supplement papers and presentations as assessments of student mastery. Each cluster is limited in size to approximately 14 students.

The cluster begins with a first assignment, given to the student when he or she enrolls in the cluster. This assignment is due during the first class meeting. Subsequent homework assignments are delineated in the syllabus, and, due to the accelerated nature of the program, it is expected that a student will spend, at a minimum, twenty hours per week working on these out-of-class homework assignments. This time commitment may vary, however, depending upon the student's level of expertise in a given cluster. A student in a management cluster, for example, who has worked several years in a middle management position, and who has completed a variety of corporate sponsored management courses, may, in fact, spend less time working on assignments for this cluster.

Due to the accelerated nature of the cluster (program), the rewriting of papers or the assigning of extra credit homework to improve a grade, or grades, is not permitted.

Student Enrollment Process

An academic advisor is assigned during the graduate admission process. Students are required to meet in person with their academic advisor prior to enrollment in their first cluster, as well as for enrollment in their final cluster in the program, which serves as their exit interview. During the remainder of their time in the program, students have the option to either (1) meet in person with their academic advisor for enrollment advising, or (2) contact their advisor by email or by telephone for enrollment advising. During this advisor contact time, the academic advisor discusses degree and enrollment options and opens the student's portal for online registration. Graduate students may enroll prior to the start of each quarter, or they may simultaneously enroll in both summer and fall quarters during the summer quarter enrollment period. They may enroll in both winter and spring quarters during the winter quarter enrollment period.

Students may register themselves for classes through their student portal after it is opened by their academic advisor. Once the initial enrollment is completed, the academic advisor closes the student portal. If a student decides after the initial enrollment to make a schedule change or withdraw from classes, the student must contact the advisor again, who will open the student's portal for the enrollment change. It is the responsibility of the student to schedule this contact time with the advisor and to complete the enrollment process each quarter.

Earning a Master's Degree

To receive a master's degree from the School of Accelerated Degree Programs, students must complete a 48-hour degree program that typically includes five, nine-credit-hour clusters, or six-credit-hour clusters along with a single course, and a three-credit-hour capstone course, thesis, or culminating project, depending on the degree program.

In addition, all students must meet the following requirements:

1. Have a cumulative grade point average of at least 3.0 overall and in the courses required for the degree.
2. Complete the objectives set forth in the program overview.
3. Complete all practicum, apprenticeship, and residency requirements connected with the degree program, as specified by the program overview.

Graduate Degree Time Limit

A graduate student is expected to complete a graduate program within five years of the date of entry.

Additional Graduate Degrees/Majors in the School of Accelerated Degree Programs

Second Master's Degree

A student who has previously earned a master's degree from Lindenwood and desires another master's degree type may transfer a maximum of nine hours of credit from the first degree into the second degree if the credit is applicable. All other requirements for the second degree, including the culminating project or thesis, must be completed. If the student is seeking a major leading to a degree type not previously earned at Lindenwood University, the major will be added to the student's transcript and a new diploma will be received listing the degree and major earned.

Second Master's Major

If the student previously earned a degree at Lindenwood University and is seeking a major leading to the same degree type the second major will be added to the student's transcript with the notation "Second Master's Major," but they will not receive a new diploma as no new degree type has been earned.

Additional Master's Degrees

A student who has earned a master's degree from Lindenwood and desires another master's degree type may transfer a maximum of nine hours of credit from the first degree into the second degree if the credit is applicable. All other requirements for the second degree, including the culminating project or thesis, must be completed. A student who would like to pursue any additional master's degree type beyond completing a second master's degree will have to complete all degree requirements including the total earned hours for the degree program.

Preparing for Graduation

Students are responsible for tracking their own academic progress and eligibility for graduation. Specifically, in order to track the progress through a degree, each student must maintain a checklist of all requirements, including major and minor requirements, general education requirements, free electives, number of courses completed at or above the 30000 level, and total number of credit hours completed. The academic advisor will confirm that all degree requirements have been met; however, ultimate responsibility for tracking the student's progress

through a program and assuring that all degree requirements for graduation are met lies with the student. Only the provost and the registrar have the authority to certify that all requirements for graduation have been fulfilled and post a notification of degree completion on a student's transcript.

In addition to tracking their own progress through academic programs, students must submit an Application for Degree. The application must be signed by the student and the student's academic advisor and be submitted to the Office of Academic Services. Failure to submit an application by the appropriate deadline may postpone the posting of the student's degree.

The application deadlines are as follows:

<i>Graduation</i>	<i>Application Deadline</i>
March	December 30 of previous year
May	December 30 of previous year
June	December 30 of previous year
August	February 28 of the same year
September	March 30 of the same year
October	May 30 of the same year
December	May 30 of the same year

Graduate Degree Programs

Graduate Degrees

The School of Accelerated Degree Programs awards 14 graduate degrees, including:

Master of Arts (MA)

- Master of Arts in Communications, Digital and Multimedia Emphasis
- Master of Arts in Communications, Promotions Emphasis
- Master of Arts in Communications, Training and Development Emphasis

Master of Business Administration (MBA)

- Master of Business Administration

Master of Fine Arts (MFA)

- Master of Fine Arts in Writing

Master of Science (MS)

- Master of Science in Criminal Justice Administration
- Master of Science in Healthcare Administration
- Master of Science in Human Resource Management
- Master of Science in Managing Information Security
- Master of Science in Managing Information Technology
- Managing Virtualization and Cloud Computing

Master of Science in Administration (MSA)

- Master of Science in Administration, Management Emphasis

- Master of Science in Administration, Marketing Emphasis
- Master of Science in Administration, Project Management Emphasis

Business Programs

The School of Accelerated Degree Programs offers two graduate programs in Business Administration. The programs offered are

1. The Master of Business Administration (MBA), a general degree.
2. The Master of Science in Administration (MSA), a specialized degree with emphasis areas in management, marketing, and project management.

MASTER OF BUSINESS ADMINISTRATION, MBA

48 credit hours

The MBA program offers a broad-based education in advanced administrative and managerial topics. The program features a curriculum that prepares students for the information economy while emphasizing applications of the latest concepts, practices, and skills through case study analysis and examination of current issues and trends in the rapidly-changing global business environment. It is designed for working professionals from a wide range of backgrounds who wish to advance or enhance their business careers.

The clustered learning format of the School of Accelerated Degree Programs is ideally suited to the new, experienced, or aspiring manager. In weekly seminars, three related subject areas are combined in one interdisciplinary unit of nine semester hours. This synthesis and the small class size provide a unique atmosphere for full-time study.

Prerequisite Cluster for Students with Non-Business Undergraduate Degree

Graduate Marketing/Finance Cluster (9) HR10

IHR 56100	Essentials of Marketing
IHR 56200	Survey of Accounting
IHR 56300	Introduction to Finance

Core Curriculum Clusters

Graduate Economics and Information Science Cluster (6) BA21

IBA 50100	Economic Issues
IBA 50500	Quantitative Methods

IBA 50300 Business Driven Information Systems (3) is offered as a single course.

Graduate Accounting Cluster (9) BA7

IBA 51010	Financial Accounting Concepts
IBA 51011	Managerial Accounting
IBA 51200	Case Studies in Accounting

Graduate Management Cluster (9) BA9

IBA 54000	Management and Administrative Theory
IBA 54100	Organizational Behavior
IBA 54675	Employment Law and Management

Graduate Marketing Cluster (9) BA10

IBA 55020	Marketing Information and Research
IBA 55100	Marketing Strategy and Management
IBA 55200	Issues in Marketing

Graduate Finance Cluster (9) BA8

IBA 53000	Financial Concepts
IBA 53100	Financial Policy
IBA 53200	Managerial Finance

Prerequisite: Graduate Accounting Cluster or permission of Business Program director.

In addition to the five required clusters, students must complete:

IBA 60100	Business Policies and Strategies
-----------	----------------------------------

Core Curriculum Courses

Additional Required Course

IBA 50300	Business Driven Information Systems
-----------	-------------------------------------

MASTER OF SCIENCE IN ADMINISTRATION, MSA

48 credit hours

The MSA program is designed to meet the needs of students who may wish to specialize in marketing, management, or project management. Following are recommended interdisciplinary cluster units of nine semester hours for each of the major areas.

Core Curriculum Clusters

Graduate Economics and Information Science Cluster (6) BA21

IBA 50100	Economic Issues
IBA 50500	Quantitative Methods

IBA 50300 Business Driven Information Systems (3) is offered as a single course.

Graduate Marketing/Finance Cluster (9) HR10

IHR 56100	Essentials of Marketing
IHR 56200	Survey of Accounting
IHR 56300	Introduction to Finance

Core Curriculum Courses

Additional Required Course

IBA 50300	Business Driven Information Systems
-----------	-------------------------------------

Management Emphasis

Students pursuing an emphasis in Management take the following required clusters for 27 semester hours in their area of emphasis:

Graduate Management Cluster (9) BA9

IBA 54000	Management and Administrative Theory
IBA 54100	Organizational Behavior
IBA 54675	Employment Law and Management

Students must take these six courses by completing one option from Graduate Leadership and Change Management Cluster (BA17) and one option from Graduate Leadership and Ethics Cluster (BA18.)

IBA 54320	Leadership Theory
IBA 54420	Organizational Change Management
IBA 54550	Leading Transformational Change

IBA 54720	Business Ethics and Leadership
IBA 54850	Managing in a Global Environment
IBA 54875	Designing Organizations

Graduate Leadership and Change Management Cluster (9) BA17

Availability per quarter listed below.

Option 1: Summer 2017

IBA 54320	Leadership Theory
IBA 54420	Organizational Change Management
IBA 54550	Leading Transformational Change

Option 2: Fall 2017, Winter 2018, & Spring 2018

IBA 54320	Leadership Theory
IBA 54550	Leading Transformational Change
IBA 54720	Business Ethics and Leadership

Option 3: Winter 2018 & Spring 2018

IBA 54420	Organizational Change Management
IBA 54850	Managing Global Environment
IBA 54875	Designing Organizations

Graduate Leadership and Ethics Cluster (9) BA18

Availability per quarter listed below.

Option 1: Fall 2017

IBA 54720	Business Ethics and Leadership
IBA 54850	Managing in a Global Environment
IBA 54875	Designing Organizations

Option 2: Winter 2018 & Spring 2018

IBA 54320	Leadership Theory
IBA 54550	Leading Transformational Change

IBA 54720	Business Ethics and Leadership
-----------	--------------------------------

In addition to the five required clusters, students must complete:

IBA 60100	Business Policies and Strategies
-----------	----------------------------------

Marketing Emphasis

Students pursuing an emphasis in marketing take the following required cluster (Graduate Marketing) and either the Graduate Integrated Promotional Communications cluster, Graduate Management, or the Graduate Product Management cluster for 27 semester hours in their area of emphasis.

Graduate Marketing Cluster (Required) (9) BA10

IBA 55020	Marketing Information and Research
IBA 55100	Marketing Strategy and Management
IBA 55200	Issues in Marketing

Prerequisite: MSA Core Clusters

Choose two of the following clusters.

Graduate Integrated Promotional Communications Cluster (9) CO24

ICM 50600	Promotion Strategies and Tactics
ICM 50800	Advertising for Sales Efficiency
ICM 51000	Public Relations Strategies for Business

Prerequisite: MSA Core Clusters

Graduate Management Cluster (9) BA9

IBA 54000	Management and Administrative Theory
IBA 54100	Organizational Behavior
IBA 54675	Employment Law and Management

Graduate Product Management Cluster (9) BA11

IBA 55500	Product Management and Product Development
IBA 56000	Brand Management
IBA 56500	Product Positioning Strategy

Prerequisites: IBA 55020, IBA 55100, IBA 55200

In addition to the five required clusters, students must complete:

IBA 60100	Business Policies and Strategies
-----------	----------------------------------

Project Management Emphasis

Students pursuing an emphasis in Project Management take the following required clusters for 27 semester hours in their area of emphasis:

Graduate Management Cluster (9) BA9

IBA 54000	Management and Administrative Theory
IBA 54100	Organizational Behavior
IBA 54675	Employment Law and Management

Graduate Project Management in Business Cluster (9) BA15

IBA 56070	Project Management in Business
IBA 56071	Project Selection and Initiation
IBA 56072	Project Planning and Scheduling

Prerequisite: MSA Core Clusters.

Graduate Managing Project Execution Cluster (9) BA16

IBA 56075	Managing Project Execution
IBA 56076	Project Leadership and Communication
IBA 56077	Issues and Cases in Global Project Management

Prerequisites: IBA 56070, IBA 56071, IBA 56072.

In addition to the five required clusters, students must complete:

IBA 56079	Project Management Capstone
-----------	-----------------------------

COMMUNICATIONS, MA

48 credit hours

The MA in Communications offers three emphasis areas:

1. Digital and Multimedia Studies
2. Promotions
3. Training and Development

The digital and multimedia studies emphasis offers a broad-based curriculum in digital media production with courses in video production, graphic design, web-site construction, documentary, and media history and theory.

The promotions emphasis focuses upon advertising, marketing, promotional and corporate communication skills, principles and theories.

The training and development emphasis focuses on an interdisciplinary approach drawing off organizational communication, human resources and business management disciplines.

All emphasis areas are required to take the three-credit ICM 60100 Communications Capstone in their final quarter. The capstone course highlights the skills and knowledge acquired in previous courses by applying them to a final project in the student's emphasis area.

With permission of the communications program director students can earn up to nine hours of independent study coursework (ICM 59500 Special Topics I, ICM 59600 Special Topics II, ICM 59700 Special Topics III). These three credit hour courses involve applied individualized studies, under the supervision of Lindenwood faculty, in support of developing programming and operations at LUTV, the Lindenwood television station.

Digital and Multimedia Studies Emphasis

The MA in Communications in Digital and Multimedia Studies combines coursework that involves both hands-on experiences with current technologies and conceptual

studies relating to their applications. The MA in Communications with a digital and multimedia emphasis requires completion of five clusters and one three-semester-hour capstone course for a total of 48 credit hours.

Core Curriculum**Graduate Documentary Storytelling and Research Cluster (9) CO27**

ICM 53500	Documentary Storytelling: Theory and Narrative Structure
ICM 54000	Media Preservation and Archives
ICM 54400	Documentary Research and Writing

Graduate Television Production Cluster (9) CO22

ICM 55600	Production for Television
ICM 55800	Writing for Television
ICM 55900	Production Management

Graduate Imaging and Design Cluster (9) CO18

ICM 52600	Design Concepts
ICM 52700	Design in Media I
ICM 52800	Design in Media II

Graduate Web Page Design Cluster (9) CO23

ICM 56400	Web Imaging
ICM 56700	Web Page Building
ICM 57000	Web Site Management

Elective Cluster

(Select one of the following clusters)

Graduate Scriptwriting Cluster (9) WR7

IMF 57500	Scriptwriting Workshop
IMF 57600	The Narrative Arc in Film
IMF 57700	Script Analysis

Prerequisite: Submit writing sample to MFA program director.

Graduate Advanced Television Production Cluster (9) CO13

ICM 57400	Advanced Television Production
ICM 57600	Advanced Television Directing
ICM 57700	Advanced Television Editing

Prerequisites: ICM 55600, ICM 55800, ICM 55900 or equivalent experience.

Graduate Media Design Applications Cluster (9) CO26

ICM 52400	Media Design Applications: Adobe Illustrator
ICM 52500	Media Design Applications: Adobe Photoshop
ICM 52900	Graphic Design Management and Workflow

Prerequisites: ICM 52600, ICM 52700, ICM 52800, or equivalent experience.

Independent Study Courses

ICM 58850	Media Internship
ICM 58855	Communications Internship
ICM 59500-	Special Topics I

59599	
ICM 59600-59699	Special Topics II
ICM 59700-59799	Special Topics III
<i>Capstone</i>	
ICM 60100	Communications Capstone

Promotions Emphasis

The MA in Communications with a promotions emphasis requires completion of the following clusters.

Core Curriculum

Graduate Public Relations Cluster (9) CO21

ICM 54600	Public Relations and Social Media
ICM 55200	Public Relations Ethics: Case Studies
ICM 55300	Strategic Research and Planning

Graduate Marketing Cluster (9) BA10

IBA 55020	Marketing Information and Research
IBA 55100	Marketing Strategy and Management
IBA 55200	Issues in Marketing

Graduate Integrated Promotional Communications Cluster (9) CO24

ICM 50600	Promotion Strategies and Tactics
ICM 50800	Advertising for Sales Efficiency
ICM 51000	Public Relations Strategies for Business

Elective Category A

(Select one of the following clusters):

Graduate Corporate Communications Cluster (9) CO14

ICM 50000	Communications in the Corporate Environment
ICM 50100	Using Media for Presentations
ICM 50300	Copywriting

Graduate Organizational Communications Cluster (9) CO25

ICM 51500	Organizational Communications Theories
ICM 51600	Leadership in Organizations
ICM 51800	Communication Process and Motivation

Elective Category B

(Select one of the following clusters):

Graduate Imaging and Design Cluster (9) CO18

ICM 52600	Design Concepts
ICM 52700	Design in Media I
ICM 52800	Design in Media II

Graduate Web Page Design Cluster (9) CO23

ICM 56400	Web Imaging
ICM 56700	Web Page Building
ICM 57000	Web Site Management

<i>Capstone</i>	
ICM 60100	Communications Capstone

Training and Development Emphasis

The MA in Communications with a training and development emphasis requires completion of the following clusters:

Core Curriculum

Graduate Corporate Communications Cluster (9) CO14

ICM 50000	Communications in the Corporate Environment
ICM 50100	Using Media for Presentations
ICM 50300	Copywriting

Graduate Organizational Communications Cluster (9) CO25

ICM 51500	Organizational Communications Theories
ICM 51600	Leadership in Organizations
ICM 51800	Communication Process and Motivation

Graduate Organizational Assessment Cluster (9) HR7

IHR 57700	Organizational Assessment
IHR 57900	Training Design, Evaluation, and Facilitation
IHR 58000	Contemporary Issues

Graduate Managerial Issues Cluster (9) HR3

IHR 53400	Gender Issues in Management
IHR 53600	Implementing and Managing Diversity
IHR 56000	Adult Learning Processes

Graduate Management Cluster (9) BA9

IBA 54000	Management and Administrative Theory
IBA 54100	Organizational Behavior
IBA 54675	Employment Law and Management

Capstone

ICM 60100	Communications Capstone
-----------	-------------------------

CRIMINAL JUSTICE ADMINISTRATION, MS

The Master of Science in Criminal Justice Administration is designed for practicing professionals in the fields of police, courts, and corrections within local, state, and federal jurisdictions. The degree is designed to include all aspects of the criminal justice discipline which includes study of the law, sociology and psychology of crime and criminals, forensics, evidence and judicial administration and procedure. It is designed for both the younger professionals who intend to pursue a career in the field and seasoned professionals who wish to expand their knowledge and skills in criminal justice administration.

Core Curriculum

Graduate Management Cluster (9) BA9

IBA 54000	Management and Administrative Theory
IBA 54100	Organizational Behavior
IBA 54675	Employment Law and Management

Graduate Homeland Security Cluster (9) CJ8

ICJ 52000	Terrorism and Counter Terrorism
ICJ 52100	Homeland Security
ICJ 52200	Homeland Security and American Policing

Graduate Constitutional Law Cluster (9) CJ7

ICJ 51000	Constitutional Law
ICJ 51100	Rules of Evidence
ICJ 51200	Courtroom Testimony and Presentation

Graduate Administration of Justice Cluster (9) CJ9

ICJ 50300	Ethics in Criminal Justice
ICJ 50400	Public Policy and Criminal Justice
ICJ 52500	Administration of Justice

Graduate Critical Issues in Policing Cluster (9) CJ6

ICJ 50200	Critical Issues in Police Civil Liability
ICJ 52600	Police in Society
ICJ 52700	Police Leadership

Capstone

ICJ 60100	Criminal Justice Administration
-----------	---------------------------------

HEALTHCARE ADMINISTRATION, MS

48 credit hours

The MS in Healthcare Administration is designed for practicing professionals in the health and human service professions. Curriculum content is based upon recommendations of the Accrediting Commission on Education for Health Service Administration.

Core Curriculum

Graduate Quantitative Methods and Analysis Cluster (9) HM12

IHM 52200	Public Health Perspectives
IHM 52300	Quantitative Methods in Healthcare Management
IHM 52400	Statistical Analysis and Research Methods in Healthcare

Graduate Legal Issues Cluster (9) HM10

IHM 53300	Administration of Healthcare Law
IHM 53500	Case Study and Analysis in Healthcare Administration
IHM 53700	Medical Records and the Law

Graduate Healthcare Strategies Cluster (9) HM8

IHM 55000	Strategic Management in Healthcare Organizations
IHM 55100	Healthcare Marketing

IHM 55300	Quality and Strategy in Healthcare Organizations
-----------	--

Graduate Healthcare Finance, Economics and Accounting Cluster (9) HM7

IHM 57700	Healthcare Finance
IHM 57800	Economic Analysis of Health and Medical Care
IHM 57900	Accounting for Healthcare Organizations

Graduate Healthcare Information Systems and Management Ethics Cluster (9) HM9

IHM 58050	Digital Medicine and Healthcare Information Systems
IHM 58055	Ethical Challenges in the Management of Health Information
IHM 58060	Organizational Behavior in Healthcare

Capstone

IHM 60100	Healthcare Administration Capstone
-----------	------------------------------------

Healthcare Administration Internship (optional)

IHM 50000	Healthcare Administration Internship
-----------	--------------------------------------

HUMAN RESOURCE MANAGEMENT, MS

48 credit hours

The MS in Human Resource Management (HRM) provides a forum for applied and experiential learning for students with career ambitions within the fields of human resources management and organizational development. The program encourages the development of business partners with a working understanding of basic business skills in such critically important areas as accounting, finance, and information systems. It further develops their HRM experience with an emphasis on organizational assessment, problem identification and resolution, HR planning, and the application of tested and proven HR solutions to the tactical and strategic needs of the business.

Core Curriculum

Graduate Management Cluster (9) BA9

IBA 54000	Management and Administrative Theory
IBA 54100	Organizational Behavior
IBA 54675	Employment Law and Management

Graduate Marketing/Finance Cluster (9) HR10

IHR 56100	Essentials of Marketing
IHR 56200	Survey of Accounting
IHR 56300	Introduction to Finance

Graduate Organizational Assessment Cluster (9) HR7

IHR 57700	Organizational Assessment
IHR 57900	Training Design, Evaluation, and Facilitation
IHR 58000	Contemporary Issues

Graduate HR Strategies Cluster (9) HR5

IHR 58070	Employee Selection and Retention
IHR 58075	Employee Benefits and Compensation
IHR 58080	Employment Law for the Human Resource Professional

Graduate Economic Issues Cluster (9) HR11

IHR 50100	Human Resource Economics
IHR 50300	Human Resource Information Systems
IHR 50500	Quantitative Methods for the HR Professional

Capstone

IHR 60100	Human Resource Management Capstone
-----------	------------------------------------

In addition to the five required clusters, students may also select an elective cluster to further enhance their degree program:

Graduate Management Issues Elective Cluster (9) HR6

IHR 53400	Gender Issues in Management
IHR 53600	Implementing and Managing Diversity
IHR 56000	Adult Learning Processes

MANAGING INFORMATION SECURITY, MS

The Master of Science in Managing Information Security will accept students who have undergraduate degrees in information technology, computer science, computer information systems, management information systems, the post-bachelor's certificate in information technology, or equivalent work experience or professional certifications to be determined by Lindenwood University. The degree serves students by providing them with the background necessary to become effective IT security managers. Computer and information systems managers, often called information technology (IT) managers or IT project managers, plan, coordinate, and direct computer-related activities in an organization. They help determine the information technology goals of an organization and are responsible for implementing computer systems to meet those goals.

Degree Requirements**Graduate Project Management Cluster (9) IT12**

IIT 53100	Scheduling, Cost Control, and Estimating Models
IIT 53200	Implementing a Management Control System
IIT 53300	System Approach to Software Management

Graduate Data Forensics and the Law Cluster (9) IT21

IIT 52100	Information Technology Law and Ethics
IIT 52200	Data Forensics and Evidence Collection

IIT 52300	Courtroom Testimony and Presentation for IT Managers
-----------	--

Graduate Information Security Management Cluster (9) IT11

IIT 52500	Network Security
IIT 52600	Current Issues in Network Technology
IIT 52700	Security Project

Graduate Managerial System Integration Cluster (9) IT10

IIT 54100	Database Integration and Management
IIT 54200	New Technology Integration
IIT 54300	Enterprise Resource Planning (ERP)

Graduate Management Cluster (9) BA9

IBA 54000	Management and Administrative Theory
IBA 54100	Organizational Behavior

WRITING, MFA

48 credit hours

The MFA in Writing at Lindenwood University focuses on the study and practice of the craft of creative writing. We offer craft classes, literature classes, and writing workshops in small class settings. Coursework can be taken fully online, or through on-campus clusters, or through a combination of both delivery methods.

Admission to the MFA in Writing program is based on a creative writing sample and a statement of purpose. Both items should be emailed to the MFA program director by the following deadlines: May 1 for summer quarter, August 1 for fall quarter, November 1 for winter quarter, and February 1 for spring quarter. The writing sample should be 7-10 pages of creative writing (fiction, poetry, or creative nonfiction). The statement of purpose should describe why the applicant would like to pursue the MFA degree and the role writing has played in his or her life. The program seeks students who clearly demonstrate strong writing skills, an understanding of the craft of literary creative writing, and a willingness to continue growing as a writer. Students must also meet all University admissions requirements. For identification purposes, fully online students must submit a color copy of a photo ID or an official GRE score. For score reporting, the Lindenwood University code is 6367.

MANAGING VIRTUALIZATION AND CLOUD COMPUTING, MS

The MS in Managing Virtualization and Cloud Computing will accept students who have undergraduate degrees in information technology, computer science, computer information systems, management information systems, the post-bachelor's certificate in information technology, or equivalent work experience or professional certifications to be determined by Lindenwood University. The degree serves students by providing them with the background necessary to become effective IT managers. Computer and information systems managers, often called information technology (IT) managers or IT project managers, plan, coordinate, and direct computer-related activities in an organization. They help determine the information technology goals of an organization and are responsible for implementing computer systems to meet those goals.

Degree Requirements**Graduate Project Management Cluster (9) IT12**

IIT 53100	Scheduling, Cost Control, and Estimating Models
IIT 53200	Implementing a Management Control System

The MFA in Writing is a 48-credit-hour degree program. The graduate thesis, in which students produce a creative thesis of 70-100 pages in the student's genre(s) of choice, is required for the final three credit hours of the program. Students select the remainder of their coursework (nine credit clusters and/or three credit online classes) from the MFA in Writing curriculum. There are no prerequisite classes; the classes may be taken in any order and from any genre. Students have the option to declare an emphasis in one of three areas: fiction, poetry, or creative nonfiction. An emphasis requires a minimum of 27 credit hours of coursework in the emphasis area, including at least one foundational course from the list below for the chosen genre. Students work with an advisor to ensure proper emphasis coursework is completed.

Foundational Courses

Students pursuing an emphasis must select at least one class from the list below for the chosen genre:

Fiction

IMF 55100	Fiction Craft Foundations
IMF 56100	Classic Foundational Literature: Fiction
IMF 58100	Contemporary Foundational Literature: Fiction

Poetry

IMF 55300	Poetry Craft Foundations
IMF 56300	Classic Foundational Literature: Poetry
IMF 58300	Contemporary Foundational Literature: Poetry

Creative Nonfiction

IMF 55200	Creative Nonfiction Craft Foundations
IMF 56200	Classic Foundational Literature: Creative Nonfiction
IMF 58200	Contemporary Foundational Literature: Creative Nonfiction

WRITING, MFA – ONLINE*48 credit hours*

The online option for the MFA in Writing focuses on the study and practice of the craft of creative writing. We offer craft classes, literature classes, and writing workshops in small class settings. Coursework can be taken fully online, or through on-campus clusters, or through a combination of both delivery methods.

An online MFA student may take up to three online three-credit courses per quarter. Depending on a student's coursework load, the MFA degree can be completed in anywhere from one and a half years up to five years.

Admission to the MFA in Writing program is based on a creative writing sample and a statement of purpose. Both items should be emailed to the MFA program director by the following deadlines: May 1 for summer quarter, August 1 for fall quarter, November 1 for winter quarter, and February 1 for spring quarter. The writing sample should be 7-10 pages of creative writing (fiction, poetry, or creative nonfiction). The statement of purpose should describe why the applicant would like to pursue the MFA degree and the role writing has played in his or her life. The program seeks students who clearly demonstrate strong writing skills, an understanding of the craft of literary creative writing, and a willingness to continue growing as a writer. Students must also meet all University admissions requirements. For identification purposes, fully online students must submit a color copy of a photo ID or an official GRE score. For score reporting, the Lindenwood University code is 6367.

The MFA in Writing is a 48-credit-hour degree program. The Graduate Thesis, in which students produce a creative thesis of 70-100 pages in the student's genre(s) of choice, is required for the final three credit hours of the program. Students select the remainder of their coursework (nine credit clusters and/or three credit online classes) from the MFA in Writing curriculum. There are no prerequisite classes; the classes may be taken in any order and from any genre. Students have the option to declare an emphasis in one of three areas: fiction, poetry, or creative nonfiction. An emphasis requires a minimum of 27 credit hours of coursework in the emphasis area, including at least one foundational course from the list of genre courses. Students work with an advisor to ensure proper emphasis coursework is completed.

The degree requirements for the MFA in Writing – Online are the same as those of the traditional program.

GRADUATE COURSE DESCRIPTIONS

EMF-Writing

EMF 58999 - Extension of Graduate Thesis (0)

IBA-Business Administration

IBA 50100 - Economic Issues (3)

This course applies economic concepts to today's business environment. Topics include markets and market processes, applications of demand and supply, profit maximization, and discussions of how the business environment is affected by national and international economic conditions, monetary policy, banking, and related issues in macroeconomics, international trade, and finance. Offered: All locations intermittently.

IBA 50300 - Business Driven Information Systems (3)

This course examines the role of management information systems in the business environment. Topics include decision-support systems, information security, enterprise architectures, databases, networks, enterprise resource planning, and systems development. Offered: All locations intermittently.

IBA 50500 - Quantitative Methods (3)

This course applies statistics and probability concepts to managerial decision-making in the business environment, with emphasis on Production and Operations Management applications. Topics include descriptive statistics, probability concepts, confidence intervals, sampling designs, data analysis methods, correlation and regression analysis, and forecasting. Offered: All locations intermittently.

IBA 51010 - Financial Accounting Concepts (3)

Students examine generally accepted accounting concepts and their influences upon the preparation, analysis, and use of financial statements and reports. Offered: All locations intermittently.

IBA 51011 - Managerial Accounting (3)

This course applies generally accepted accounting practices to the internal use of accounting data by managers for planning, control, and decision-making purposes. Offered: All locations intermittently.

IBA 51200 - Case Studies in Accounting (3)

This course will use case analysis to illustrate and describe what accountants do and provide a basis for discussion about alternatives and implications of accounting standards, procedures and reports. The focus will be on the manager as a decision maker, using accounting as a strategic tool. Offered: All locations intermittently.

IBA 51900-51999 - Special Topics in Accounting (1-3)

IBA 53000 - Financial Concepts (3)

Students examine the managerial functions of finance with emphasis on financial statement analysis, working capital management, capital budgeting, and long-term financing. Prerequisite: IBA 51000; IBA 51100; IBA

51200 or permission of dean. Offered: All locations intermittently.

IBA 53100 - Financial Policy (3)

This course is an advanced study of corporate financial analysis with focus on mergers, acquisitions, management/ shareholder relations, dividend policy, long-term financing, money and capital marketing institutions, and using a case study and problem-solving approach. Prerequisite: IBA 51000; IBA 51100; IBA 51200 or permission of dean. Offered: All locations intermittently.

IBA 53200 - Managerial Finance (3)

Analysis of major financial decisions is the focus of this course. The traditional financial problems normally reserved for executive decision-making are covered in depth. Prerequisite: IBA 51000; IBA 51100; IBA 51200 or permission of dean. Offered: All locations intermittently.

IBA 53900-53999 - Special Topics in Finance (1-3)

IBA 54000 - Management and Administrative Theory (3)

This course integrates theory, research, and applications that provide the cornerstones for the study of managing within organizations. The functions of management, human behavioral studies, and leadership styles are examined. Offered: All locations intermittently.

IBA 54100 - Organizational Behavior (3)

This course will provide students with an understanding of the field of organizational behavior and a comprehensive analysis of individual and group behavior in organizations. Students will examine how organizations can be managed more effectively and at the same time enhance the quality of employees work life. Topics include define organizational behavior, individual and group behavior, motivation, performance management, managing conflict and negotiations, managing organizational change and stress, conflict, power, influence and politics, leadership effectiveness, job design, organizational structure, decision-making, communication and organizational development. Offered: All locations intermittently.

IBA 54320 - Leadership Theory (3)

This course will examine the various leadership paradigms, theories, and approaches. Other course content will focus on culture and diversity, including national and global dynamics. Emphasis is placed on how leaders emerge, including the nature of a leader's skills, behaviors, and the role of leadership changing. Leadership of individuals, small teams, organizations, as well as leadership in a virtual world are discussed. Assignments include case analyses, individual and group projects and presentations. Offered: All locations intermittently.

IBA 54420 - Organizational Change Management (3)

The course will discuss the framework for managing the effect of new business processes, changes in organizational structure or cultural changes within an organization. This course will focus on learning how to improve the organizational effectiveness and leading the change processes. Using current approaches improve individual, team and organizational performance through the design, implementation and evaluation of system-wide changes. Offered: All locations intermittently.

IBA 54550 - Leading Transformational Change (3)

The course will focus on role of a transformational leader impact on creating an organizational culture adapting to and managing change. Transformational leaders play an integral part in creating a culture of change, a compelling shared vision, and effectively communicate the vision to all stakeholders. Students will also examine how transformational leader's behavioral approach inspires, motivates, and empowers employees to build a culture that embraces change. The course will use case studies, TED Talks, and real-life scenarios to understand how leaders can anticipate and overcome challenges to create a culture of change. Offered: All locations intermittently.

IBA 54675 - Employment Law and Management (3)

This course examines basic law as it applies to personnel situations. Students study equal employment, affirmative action, employment-at-will, constructive and unlawful discharge, wage and hours issues, mandatory benefits, workers compensation, protected classes, disability issues, workplace accommodation, and record-keeping requirements. Offered: All locations intermittently.

IBA 54720 - Business Ethics and Leadership (3)

This course will examine the roles of managers and leaders in understanding current issues in ethical situations and providing an atmosphere that is conducive to ethical business operations. The conduct of leadership will consider the legal, ethical and social responsibilities leaders have on all stakeholders. Also, explore the influence of external and internal forces on the organizational environment. Offered: All locations intermittently.

IBA 54850 - Managing in a Global Environment (3)

This course will examine multi-national business operations impact on globalization, in-depth analysis international management, and the importance of national and cultural differences, i.e., The GLOBE Project and Geert Hofstede Cultural Dimensions. The course will include presentations, discussions, case studies and team activities. Offered: All locations intermittently.

IBA 54875 - Designing Organizations (3)

This course offers a guide to the process of creating and managing an organization (no matter how complex), in order to be positioned to respond effectively and rapidly to customer demands and have the ability to achieve unique competitive advantage. In the examples, well-known companies, including Disney, Nike, IBM, and Rovio (Angry Birds) provide the process for how various kinds of organization designs operate differently. The students will gain a comprehensive explanation of the

basics of organization design, review a strategic approach to design that is based on the Star Model, a holistic framework for combining strategy, structure, processes, rewards, and people, explore the different types of single-business, functional organizations and focuses on the functional structure and the cross-functional lateral processes that characterize most single-business organizations, and discuss the social technologies used to coordinate work flows, products, and services across organizations. Offered: All locations intermittently.

IBA 54900-54999 - Special Topics in Management (1-3)**IBA 55020 - Marketing Information and Research (3)**

This course examines issues in conducting marketing research and the variety of research techniques available to the researcher. Students will also analyze the sources of information that guide decision-making in business settings. Although some topics will be explored through lecture, particular emphasis will be given to case analysis, situational vignettes, and discussion of current events. A project at the end of the course will tie together course concepts and allow students to present a comprehensive marketing research plan. Offered: All locations intermittently.

IBA 55100 - Marketing Strategy and Management (3)

This course is an analysis of the dynamics of developing a marketing program: establishing a strategy model for entry, maintenance/ survival, proliferation/ segmentation, exit and re-entry of products and service. Students will study the development of a marketing plan for an organization, budgeting, and interfacing with other areas of the organization. Offered: All locations intermittently.

IBA 55200 - Issues in Marketing (3)

Current and significant issues in marketing (electronic marketing, direct marketing, interactive services marketing, Internet marketing, green marketing, international marketing, and social media) are examined. The course applies the existing theories and practices in the marketing discipline, and emphasis is given to new and emerging topics in the field. Offered: All locations intermittently.

IBA 55500 - Product Management and Product Development (3)

Students analyze the product management function, the role of the product manager in the firm, and the interfaces required with other areas of the organization. The application of strategy models to product management, monitoring, tracking, and updating, will be conducted. Development of new products will then be analyzed with methods of evaluation, new venture teams, the pre-entry planning phase, budgeting, and decision trains. Students will develop a new product concept. Offered: St. Charles location, winter term.

IBA 55900-55999 - Special Topics in Marketing (1-3)**IBA 56000 - Brand Management (3)**

Product and brand management decisions needed to build, measure, and manage brand equity will be discussed and

evaluated. Areas of focus will include important issues in planning and evaluating brand strategies, applying appropriate theories, concepts, and models to make better branding decisions. Offered: St. Charles location, winter quarter.

IBA 56070 - Project Management in Business (3)

Students will analyze project management roles and responsibilities in the business organization and apply project management concepts. Organizational structures and their effect on project management are studied using a case analysis approach. Other topics include organizing and staffing the project team, project office functions, time management, and conflict management. Prerequisite: MSA core clusters. Offered: St. Charles intermittently.

IBA 56071 - Project Selection and Initiation (3)

Managing the portfolio of projects in the business organization is the main focus of this course with emphasis on best practices and models for the strategic selection of projects. Students will prepare a project proposal as one of the main deliverables of this course. Prerequisite: MSA core clusters. Offered: St. Charles intermittently.

IBA 56072 - Project Planning and Scheduling (3)

In this course, students will define the scope of a project, and develop a project charter, a work breakdown structure, a project schedule using MS Project and a project budget. Other topics include an analysis of project lifecycle, canceled and failed projects, network scheduling techniques, and estimating time and cost. Students will prepare a comprehensive project plan and schedule as the main deliverables of this course. Prerequisite: MSA core clusters. Offered: St. Charles intermittently.

IBA 56075 - Managing Project Execution (3)

Using a case study analysis approach, students will examine issues that arise during project execution with emphasis on risk management, quality management, contract management, scope management, and change control. Other topics include managing troubled projects, implementation planning, and project closedown. Prerequisite: IBA 56070, IBA 56071, IBA 56072. Offered: St. Charles intermittently.

IBA 56076 - Project Leadership and Communication (3)

The focus of this course is building and leading an effective project team whether it is domestic, global, or virtual. Emphasis will be placed on managing the high-performance project team, communications planning, team communications, performance reporting, and stakeholder management. Prerequisite: IBA 56070, IBA 56071, IBA 56072. Offered: St. Charles intermittently.

IBA 56077 - Issues and Cases in Global Project Management (3)

Through a case study analysis approach, students will examine cultural, ethical, and legal issues associated with managing global projects. Students will analyze the project management code of ethics and apply best practices in project management as they develop

approaches to these issues. Prerequisite: IBA 56070, IBA 56071, IBA 56072. Offered: St. Charles intermittently.

IBA 56079 - Project Management Capstone (3)

This course is an in-depth study of the five process groups and 10 knowledge areas encompassed by the Product Management Body of Knowledge (PMBOK®), to consolidate learning in each area and place it within the framework of the Project Management Institutes (PMI) Project Management certification examinations (CAPM® and PMP®). Each week during the course, students will focus on the processes, terminology, and techniques within a chosen knowledge area. Also, students will apply their learning by working on assigned sample exam questions, and they will create a personal project plan to guide their preparation for taking the certification exam.

IBA 56500 - Product Positioning Strategy (3)

Students will investigate marketing strategies related to the image of a product or service in the customer's thoughts. Methods of achieving a position, selection of a positioning strategy, and writing a plan to implement that strategy as well as how the positioning plan fits with the total written marketing plan will be examined. Offered: St. Charles location, winter term.

IBA 60100 - Business Policies and Strategies (3)

This course explores the practices and problems confronting the modern business organization through an analysis of cases or through business simulation studies. Special emphasis is given to strategic management, assessment, analysis, implementation, evaluation, and control. A grade of B or better is required in order to pass this course. Testing fee required. Offered: All locations intermittently.

ICJ-Criminal Justice Administration

ICJ 50200 - Critical Issues in Police Civil Liability (3)

This course consists of an analysis of the scope and impact of police civil liabilities as they pertain to such matters as use of excessive force, police vehicle pursuits, high risk drug enforcement operations, and failure to arrest intoxicated drivers. Offered: Intermittently at select locations.

ICJ 50300 - Ethics in Criminal Justice (3)

This course places an emphasis on the concepts, principles and theories that comprise ethical practice for administrators in the field of criminal justice. The course is designed to inform students how these concepts are used to examine ethical issues and mandates the use of critical thinking and reasoning skills, as it reviews metaethics and moral psychology. The course provides sound coverage of theory and emphasizes how the ethics field can inform our understanding of moral issues in criminal justice. Offered: Intermittently at select locations.

ICJ 50400 - Public Policy and Criminal Justice (3)

This course advises students on the public policy process in the United States and examines the basis for policy development within the criminal justice system. Critical issues that have shaped and formed the criminal justice

system to what it is today are reviewed and students are exposed to literature that challenge current policies, their creation, and reviews their results both positive and negative. Offered: Intermittently at select locations.

ICJ 51000 - Constitutional Law (3)

This course examines the history and traditions of the United States Constitution and its impact on American Criminal Justice. The spirit and philosophy of Constitutional Law will be explored through the study of important criminal and civil case law and their impact on American Society. Offered: Intermittently at select locations.

ICJ 51100 - Rules of Evidence (3)

The rules of evidence, as statutory and constitutional law prescribes them, are examined in this course. The long-standing history of proper evidentiary procedure is explored in depth and is made relevant through examination of related Supreme Court Cases. Offered: Intermittently at select locations.

ICJ 51200 - Courtroom Testimony and Presentation (3)

The role of courtroom testimony and procedure is examined in this course. The importance of proper case preparation and presentation is carefully examined in this course along with constitutional restrictions on testimony and evidence. Offered: Intermittently at select locations.

ICJ 52000 - Terrorism and Counter Terrorism (3)

This course examines the history and development of international and domestic terrorism as political tools. It will focus on cultural, religious, and philosophical elements that together have provided terrorist organizations with a fundamental basis for using terrorism to promote their causes. Various terrorist organizations and their philosophies will be studied by examining case histories of terror organization development. Offered: Intermittently at select locations.

ICJ 52100 - Homeland Security (3)

This course will explore the emergence of homeland security and America's historical approach to defending its homeland and the evolution of the terrorist threat that led to September 11, 2001. Special focus will be given to threat assessment and mitigation, critical infrastructure protection, emergency response, incident management, and continuity of operations. Critical policy issues shaping the future of homeland security and the roles, responsibilities, and methods of major federal, state, and local government agencies along with key private sector organizations will be examined. Offered: Intermittently at select locations.

ICJ 52200 - Homeland Security and American Policing (3)

This course will address the needs of state and local law enforcement to work practically and effectively with the communities they serve in light of the terrorist threat facing the nation. Issues such as preparedness, mitigation, recovery, and response will be studied. Special attention will be given to balancing the rights of the citizen against the need for public safety during times when terrorist

threats are highest. Offered: Intermittently at select locations.

ICJ 52500 - Administration of Justice (3)

The course identifies management theories, techniques, and challenges unique to the operation and management of criminal justice agencies. The course reviews organizational principles, models, and typologies, and analyzes organizational effectiveness within the police, court, and corrections arena. Offered: Intermittently at select locations.

ICJ 52600 - Police in Society (3)

This course is an analysis of selected readings and research on the police role, selection and training, discretion, use of force, corruption, and future trends. Offered: Intermittently at select locations.

ICJ 52700 - Police Leadership (3)

This course will explore leadership theories to provide a template for current or potential police leaders. The course will provide students with directives on how to examine situations, adopt an informed perspective, and make ethical leadership decisions. Offered: Intermittently at select locations.

ICJ 59300-59399 - Special Topics in Criminal Justice (3)

ICJ 60100 - Criminal Justice Administration (3)

The capstone ICJ course addresses administrative strategies in policing, corrections, juvenile justice, and the court system. All of these areas are currently experiencing an intense period of examination, reflection, and experimentation. The course will analyze past and present practices and problems in an effort to propose practical solutions to dilemmas encountered by various criminal justice administrators. Offered: St. Charles and Belleville locations.

ICM-Communications

ICM 50000 - Communications in the Corporate Environment (3)

This class is the study and practice of effective business communication, with emphasis on writing, speaking, and group communication. Topics will include principles of verbal and nonverbal communication in the work place; writing, social networking, memorandums, letters, reports, and proposals; interviewing and oral presentation. Work will focus on persuasive communication for both internal and external business audiences.

ICM 50100 - Using Media for Presentations (3)

This course is the practical application of oral presentation enhancements through the use of audio-visual and computer-aid materials and includes design and use of newsletters for internal and external audiences.

ICM 50300 - Copywriting (3)

Students will learn to write and edit copy for business projects, such as reports, newsletters, brochures, proposals, news releases, blogs, video scripts, and/or speeches.

ICM 50600 - Promotion Strategies and Tactics (3)

This course identifies cost-effective multi-media promotional activities that deliver desired business results. Emphasis is placed on clearly understanding business objective then developing the most appropriate promotional program to achieve desired results.

ICM 50800 - Advertising for Sales Efficiency (3)

This course examines how business use advertising aimed at targeted groups to achieve specific business goals. Students are exposed to the sub-categories within advertising and emphasis is placed on selecting the media that is best suited to achieve specific business goals.

ICM 51000 - Public Relations Strategies for Business (3)

This course identifies a variety of PR tactics that can be used to provide direct support for product/services sales and how other tactics are used to achieve longer term business objectives that can build a positive future freedom-to-operate atmosphere.

ICM 51500 - Organizational Communications Theories (3)

This course involves analysis of the communication theories that apply to organizational applications. Using in class discussions, journals, and written assignments, students will expand on life experiences and previous learning by situational analysis of theories, including applying the ABC model to identify communication effectiveness in workplace settings.

ICM 51600 - Leadership in Organizations (3)

This course examines leadership roles in the communication structure and offers a deeper analysis of organizations and "systems" of internal and external communication flow. Special attention to problems of specialization and departmentalization complements the study of styles emphasized in the undergraduate cluster. Using in class discussions, journals, and written assignments, students will identify communication effectiveness, power strategies, and decision-making in the organization at the team and/or individual level.

ICM 51800 - Communication Process and Motivation (3)

This course introduces motivation and motivating and persuasive techniques. Reviewing motivations behind communication and leadership extends to case studies of problems and issues in communication systems within organizational frameworks. Students will develop a final project and a research paper designed to enhance organizational communications, leadership, and performance. Included should be methods to effectively support the organizational mission and maximize potential. Students should also discuss specific strategies for improving their own skills in self-motivation, leadership, communication, strategic thinking, and performance. A discussion of gender and cultural differences will also be included.

ICM 52400 - Media Design Applications: Adobe Illustrator (3)

This course is a study of intermediate and advanced concepts and techniques needed to be proficient in vector graphic production for the graphic design workplace using Adobe Illustrator.

ICM 52500 - Media Design Applications: Adobe Photoshop (3)

This course is a study of intermediate and advanced concepts and techniques needed to be proficient in bitmap/raster graphic production for the graphic design workplace using Adobe Photoshop.

ICM 52600 - Design Concepts (3)

This course is a study of basic art and design concepts that enable students to produce visually and aesthetically pleasing work in current and emerging software applications.

ICM 52700 - Design in Media I (3)

This course is a study of basic and intermediate concepts and applications of color theory and graphic design within the context of visual media. Students will explore current design trends and strategies and develop a body of work through practical application exercise assignments.

ICM 52800 - Design in Media II (3)

This course is an in-depth examination and analysis of historical, cultural, and psychological effects of color and symbolism on the field of vision within design media. This course includes individual research and composition of custom artwork using a practical design platform.

ICM 52900 - Graphic Design Management and Workflow (3)

This course is a study of intermediate and advanced concepts and techniques needed to be proficient in using design applications and processes to manage the design workflow from conception to product delivery.

ICM 53400 - Principles of Business Graphics (3)

Students will explore some of the uses of graphics in the business community. Discussions will center on the impact of emerging technologies and how graphics can be used as a communications tool.

ICM 53500 - Documentary Storytelling: Theory and Narrative Structure (3)

Through a variety of documentary film screenings and readings, students will analyze the epistemologies, ideologies, aesthetic elements, narrative structures, and strategies that filmmakers employ in their storytelling. The course will examine new trends and conventions in the documentary genre.

ICM 54000 - Media Preservation and Archives (3)

Students will focus on how documentary filmmakers use archival media materials (photographs, motion pictures, and audio recordings) in their films. Students will become familiar with several media archive holdings, learn about various media formats and how to use archives for media productions, and related activities such as the process of requesting footage and licensing fees. Students will learn

about career opportunity in media preservation and contemporary trends in the profession.

ICM 54400 - Documentary Research and Writing (3)

This course will teach students how to research a topic, find media source materials, conduct interviews, and select appropriate consults and on-camera talent. Students will learn how to write a proposal, a short documentary script that incorporates a well-crafted narrative structure, and grant applications.

ICM 54600 - Public Relations and Social Media (3)

The analysis of shifting media environment and application of new media technologies as it affects the public relations industry. Students will develop a multi-platform campaign based on organizational goals and audience characteristics that include web analytics.

ICM 55200 - Public Relations Ethics: Case Studies (3)

Close examinations of the ethical choices organizations make and communicate to the public when responding to specific events and crises. Students will apply and assess PR professional codes of conduct to specific organizational messages to ascertain the impact on society and the environment. Students will compare humanistic ethics to professional codes of conduct in developing their own ethical leadership.

ICM 55300 - Strategic Research and Planning (3)

Students master strategic PR principles in the development, design, and execution of a campaign plan that includes measurable objectives and evaluations, with heavy emphasis on problem solving and the role of research, sampling, data analysis, and interpretations of qualitative findings that inform the planning and management process. Students will work with a client to create and conduct a professional PR campaign and presentation.

ICM 55600 - Production for Television (3)

In this course, a laboratory environment will be used to develop planning, scripting, shooting, directing, editing, budgeting, and studio skills to produce a program for television or cable broadcast. Lab fee required.

ICM 55800 - Writing for Television (3)

This course is a study and experience in appropriate techniques and layout for writing copy for use in television advertisement, news, and feature presentations. Attention is given to connecting words and actions for effective communication in commercial television and for industrial training efforts.

ICM 55900 - Production Management (3)

This course serves as a demonstration and experience in setting up lighting, set arrangements, and camera positions for effective video production. Demonstration of video switching, audio adjustments, post-production assembly, and insert editing for both live and pre-recorded video production is included. Lab fee required.

ICM 56400 - Web Imaging (3)

This course covers creation and editing of imagery for electronic delivery. Students will discuss topics include resolution, sizing, and compression. Coursework includes

both raster (Photoshop) and vector (Illustrator, Flash) formats and their application.

ICM 56500 - Electronic Resources (3)

In this course, students will discuss and review examples of the various electronic means to provide electronic graphics resources to the end user. This class will explore and discuss, via examples, distribution means for various graphics, video, photography, digital images, and electronic resources.

ICM 56700 - Web Page Building (3)

This course looks at several approaches to constructing web pages, including text based and visual editors. Skills taught in the imaging course are applied to create visuals for import into pages with text elements. Lab fee required.

ICM 57000 - Web Site Management (3)

Students take groups of web page and gather them into a web site. The class will consider site/page usability, interface philosophy, and how software tools can help in the construction, management, and maintenance of a web site as well as consider different ways to deliver electronic content, i.e., inter/ intra networks and CD. Lab fee required.

ICM 57400 - Advanced Television Production (3)

This course demonstrates the use of camera, lighting, writing, casting, and other pre-production activities in the production of a taped video documentary or feature. Lab fee required.

ICM 57600 - Advanced Television Directing (3)

This course concentrates on the position and responsibilities of the director in commercial and industrial/training video productions. Students will serve as director in the creation of an original feature project. Lab fee required.

ICM 57700 - Advanced Television Editing (3)

This course consists of direction and experience in the use of editing, assembly, and insert, as well as switching and audio mixing and other postproduction video techniques in the creation of an original project. Lab fee required.

ICM 58800 - Media Project Planning (3)

This course is intended to evaluate and sharpen the students' knowledge in planning a large media project. Examples may include, but are not to be limited to, organizing press conferences and major announcement or news events. This section will take into account the utilization of both advanced business graphics and electronic resources to deliver the message to the targeted audience.

ICM 58850 - Media Internship (3)

Onsite learning experience in a professional media production setting that produces media program and content for radio, television, film, websites and advertising. Internships require 50 hours of fieldwork for one semester hour of credit. Students must receive a recommendation of the faculty advisor and be accepted by the internship organization. Work performance will be assessed by the internship supervisor. A portfolio and examples of work performed must be submitted to the

faculty advisor at the end of the internship. See faculty advisor for portfolio criteria.

ICM 58855 - Communications Internship (3)

Onsite learning experience in a professional communications setting that focuses upon organizational, human resources, or public relations. Internships require 50 hour of fieldwork for one semester hour of credit. Students must receive a recommendation of the faculty advisor and be accepted by the internship organization. Work performance will be assessed by the internship supervisor. A portfolio and examples of work performed must be submitted to the faculty advisor at the end of the internship. See faculty advisor for portfolio criteria.

ICM 59500-59599 - Special Topics I (1-3)

ICM 59600-59699 - Special Topics II (1-3)

ICM 59700-59799 - Special Topics III (1-3)

ICM 60100 - Communications Capstone (3)

This course develops advanced presentation skills and business etiquette as it applies in a variety of communications settings that occur in all phases of career and project development. Students are expected to select a project that is important to their intellectual and professional development in the communications field. The course will provide students with experiences to refine and demonstrate competent communications skills and apply appropriate assessment criteria to various presentation styles and formats through all phases of the capstone project. Required for promotions, media management, and training and development.

IGE-Gerontology

IGE 50000 - Gerontology Internship (3)

Students are placed in a practice setting from a variety of gerontology services. Students earn one semester hour of credit for 50 hours of internship service. This is designed for students who have little or no experience in gerontology, or who are in search of a career change or exposure to other services.

IGE 51400 - Psychosocial Aspects of Aging (3)

Attention is directed toward eradicating major stereotypes about older persons and the aging process. Emphasis is on socio-cultural theories of aging and the role of the older individual in society today. Topics include living arrangements, social supports, retirement, intergenerational relationships, ethnicity, gender issues, and end of life concerns. This course discusses current psychological theories of aging. Various behavioral functions in late life are examined including intelligence, memory, and personality development. The major functional and organic psychopathologies are discussed.

IGE 51500 - Global Perspectives and Issues in Aging (3)

This course will examine significant changes in the field of social gerontology, such as the paradigms of aging and the life course, the baby boomer cohorts as they approach retirement and later life, the growing interest in global aging, and civic engagement. Students will examine

emerging issues aging, health, developmental disabilities, LGBT, and minorities.

IGE 51600 - Physical Change and Aging Across the Lifespan (3)

This course examines the biological changes associated with the aging process, both normal and pathological, as well as methods of diagnosis, risk factors, and health promotion. Mobility changes in aging, nutrition, and medication concerns are discussed. Students investigate and critique several biological theories of aging.

IGE 53500 - Cultural Change in Long-Term Care Regulation and Management (3)

As "boomers" age across America, changes are being implemented that will affect the way long-term care (LTC) is delivered. LTC environments are variable and adaptable, while still being highly regulated. Current strategies will be reviewed that will help individuals meet changing health and personal needs across the LTC continuum. Knowledge of LTC services will be provided from roots to requirements and from regulations to innovations. Students will discuss diverse perspectives on the transitions of aging from the caregivers' and care recipients' vantage as they confront complex LTC issues. This course will focus on culture change in long-term care and topics of special interest and relevance to care for persons with dementia and developmental disabilities.

IGE 53600 - Ethical Issues in Long-Term Care (3)

This course will explore various "hot button" ethical practice issues that professionals and caregivers encounter in providing long term care (LTC). Topics explored will include, but are not limited to, end-of-life preferences and preparation, intimacy and sexuality, autonomy, safety, cross cultural issues, and access to spiritual and religious practices.

IGE 53700 - Legal Issues of Abuse, Neglect, and Aging (3)

This course focuses on case studies, literature, legal issues, reporting issues, and community resources pertaining to the abuse/neglect and exploitation of older adults in today's society.

IGE 54000 - Multidisciplinary Geriatric Assessment (3)

This course presents an overview of assessment, instruments, and techniques, related to measuring problems, needs, strengths, and changes of older adults. Offered: Westport or St. Charles locations in spring and winter terms.

IGE 54100 - Counseling Older Adults (3)

This course focuses on specific mental health needs of older adults and training in basic interactive helping skills. Group work and individual counseling methods are discussed. Offered: Westport or St. Charles locations in spring and winter terms.

IGE 54300 - Mental Health Issues in the Elderly (3)

This course includes an overview of mental health disorders faced by older adults with intense focus on dementia, depression, and Alzheimer's disease.

Symptoms, assessment, treatment, and coping methods are discussed. Offered: Westport or St. Charles locations in spring and winter terms.

IGE 54400 - Research Methods in Gerontology (3)

This course introduces the student to basic methods of research in gerontology. Topics include reliability and validity, qualitative methods, and data analysis. The focus is on the different research methods, survey techniques, the field study, and program evaluation. Offered: North County location in winter term and St. Charles location in fall term.

IGE 54500 - Literature Review in Aging (3)

Students will review the current literature pertaining to relevant and current issues in the field of aging. Topics covered include demographic trends, the aging process, social attitudes toward old age, problems and potential of aging, retirement, death, and social policies and programs for older adults. Offered: North County location in winter term and St. Charles location in fall term.

IGE 54600 - Basic Statistics Use in Gerontology (3)

This course is an introduction to the use of basic statistics to support Gerontology Research and Assessment. Sampling methods and sample validity will be discussed. Offered: North County location in winter term and St. Charles location in fall term.

IGE 56000 - Community Org and Economics of Aging (3)

This course consists of the application of community organization concepts and techniques of administration to the planning, organization, financing, and management of social services, health services, informal education, and volunteer generated programs for older adults. This course focuses on the economic issues faced by older adults. Retirement planning, housing, and issues, and legal concerns are address. Students will explore operations of health, housing, social and nutrition programs in light of economic and political restraints.

IGE 56100 - Social Policy and Aging (3)

This course focuses on the political forces that shape official policies toward aging in America at all levels of government, with emphasis on federal policies. Through the use of selected examples, the students will examine the impact of political vested interests in shaping the enactment and implementation of legislation for the elderly. Topics include retirement income, housing subsidies, age discrimination, the Older Americans Act, and state and local programs.

IGE 56200 - Service Provision to the Elderly, Grant Writing and Volunteer Services (3)

This course focuses on specific programs designed to provide psycho-social and health services to the elderly. Programs under review include those designed to aid human services practitioners, managers, and policy makers in understanding basic objectives, approaches, and options in delivering services to the elderly in the most cost effective manner. This course serves as an introduction to the theory and practice of the full range of volunteer management from recruiting prospective

volunteers to issues surrounding the departure of a volunteer from the organization. This course introduces students to the grant writing process and provides them with experience writing actual grant applications on behalf of local nonprofit organizations.

IGE 59300-59399 - Special Topics in Gerontology (3)

IGE 60100 - Gerontology Capstone (3)

The capstone experience provides a structured opportunity for students pursuing a master's degree in gerontology to integrate knowledge and experiences from coursework and internships. Students explore a variety of theoretical, methodological, and professional issues in gerontology and conduct gerontological research. Course content includes fundamental knowledge about care of the older adult. It also reviews the financial, social, political, and cultural issues that affect the overall care of the elderly. Students must take the capstone concurrently with their final cluster or as a single class after completing the required core clusters.

IHM-Healthcare Administration

IHM 50000 - Healthcare Administration Internship (1-6)

Students will secure a place in a practice setting from a variety of healthcare services. All internships must be approved by the program director for the Healthcare Administration Program. Students earn one semester hour of credit for 50 hours of internship service. This is designed for students who have little or no experience in healthcare, or who are in search of a career change or exposure to other services. An internship does not replace the Capstone Course requirement for degree completion. Internship requirements should be completed within one term; however, if the need arises, an internship may be extended one additional term with approval of the program director for healthcare administration or gerontology. In order to receive credit for the Internship, students must complete the portfolio requirements, as specified by the program director.

IHM 52200 - Public Health Perspectives (3)

Public health is concerned with threats to the overall health of a community based on population health analysis. Students will learn about public health from both a global and national viewpoint as well as additional topics of disaster preparedness, public policy and research. Disease prevention via behavior and environmental modification along with the cost effectiveness and benefits of public health interventions and technology use will also be reviewed. Offered: St. Charles and Westport locations each term and intermittently at select locations.

IHM 52300 - Quantitative Methods in Healthcare Management (3)

This course offers a comprehensive introduction to quantitative methods and techniques. Discussions will center on practical methods and analysis of operational, tactical and strategic decisions. Techniques for forecasting, decision-making, facility location and layout, and many other practical applications will be addressed as

they relate to healthcare businesses. Offered: St. Charles and Westport locations each term and intermittently at select locations.

IHM 52400 - Statistical Analysis and Research Methods in Healthcare (3)

Students will learn how to become critical and intelligent consumers of research literature in healthcare. Guidelines to determine if research is valuable will be presented based upon the appropriateness of research design, methodology, and statistics. Students will learn how to apply knowledge obtained through research to everyday practices in healthcare organizations. Offered: St. Charles and Westport locations each term and intermittently at select locations.

IHM 53300 - Administration of Healthcare Law (3)

This course will be an in-depth discussion of case setting precedents in healthcare Law. The scope and perspective of the intricacies of healthcare law will be discussed from a management perspective, as well as liabilities of healthcare institutions as they relate to legal issues. Offered: St. Charles and Westport locations each term and intermittently at select locations.

IHM 53500 - Case Study and Analysis in Healthcare Administration (3)

Students will learn to analyze, synthesize, and apply current and previously established political, social, economic, and legal indications in the analysis of legal cases as they relate to predominant healthcare issues. Current precedent setting cases and established cases will be fully explored as they relate to and contrast the evolution of healthcare law. Offered: St. Charles and Westport locations each term and intermittently at select locations.

IHM 53700 - Medical Records and the Law (3)

The nature and use of health information has changed dramatically over the past decade. With the evolution of the way we create, use and store health information, there is increased accountability for the protection and dissemination of this information. This course is designed to address the substantial changes brought to the industry by HIPAA and the growth in utilization of electronic record systems. Offered: St. Charles and Westport locations each term and intermittently at select locations.

IHM 55000 - Strategic Management in Healthcare Organizations (3)

This course enhances the student's ability to look closely at a healthcare organization and develop a strategic plan. Healthcare organizations, both nonprofit and for-profits, must be concerned with the changing environment and consumer demands. The healthcare organization, similar to other businesses, must be able to respond quickly to demands including but not limited to, health promotion, and wellness programs as well as alternative medicine breakthroughs. Therefore, strategic planning is more important in today's changing healthcare environment. Offered: St. Charles and Westport locations each term and intermittently at select locations.

IHM 55100 - Healthcare Marketing (3)

This course provides the healthcare administration student with a thorough understanding of the principles and concepts of marketing as they apply to healthcare organizations. The class will discuss marketing applications from both a traditional fee-for-service approach and a managed care framework, identifying the strengths and weaknesses of both. Offered: St. Charles and Westport locations each term and intermittently at select locations.

IHM 55300 - Quality and Strategy in Healthcare Organizations (3)

This course reviews the current healthcare system, history of quality, and quality issues specific to health care industry. Health care organizations are under regulatory and financial pressures to improve the quality of care they deliver. Students will discuss the integration of quality into the strategic planning process. Students will understand the strategic role quality in the American health care system. Students will learn domains and dimensions of quality and their integration into operational activities into the healthcare organization. Learn a structured approach for reporting quality performance at multiple levels of the organization. Students will learn that there are parallels between financial performance and quality performance management.

IHM 57700 - Healthcare Finance (3)

This course will cover a broad range of topics to include an overview of the healthcare system and evolving reimbursement methodologies; healthcare accounting and financial statements; managing cash, and billing and collections; and an analysis of financing major capital investments. Budgeting and performance measurement and pricing will also be reviewed. Offered: St. Charles and Westport locations each term and intermittently at select locations.

IHM 57800 - Economic Analysis of Health and Medical Care (3)

This course will explain the fundamental failures in the market for healthcare and discusses the concepts of equity and fairness when applied to health and healthcare. Students will also address a range of universal health policy issues through the application of health economic analyses. Offered: St. Charles and Westport locations each term and intermittently at select locations.

IHM 57900 - Accounting for Healthcare Organizations (3)

This course will address the current problems specific to resource management in healthcare delivery and will also emphasize the need for a mix of financial and nonfinancial measurements in reports to support management control. Students will discuss production analysis, cost measurement, and internal reporting concepts that are imperative to making informed management decisions. Offered: St. Charles and Westport locations each term and intermittently at select locations.

IHM 58050 - Digital Medicine and Healthcare Information Systems (3)

This course is designed to assist today's healthcare professionals and managers with understanding how to deploy and utilize the powerful resources that are available from today's IT industry. Project Management from an IM/IT perspective will be discussed as well as the importance of system integration and a general understanding of system functions. Government Initiatives with Healthcare Technologies and comprehensive IM/ IT governance strategies will also be reviewed. Offered: St. Charles and Westport locations each term and intermittently at select locations.

IHM 58055 - Ethical Challenges in the Management of Health Information (3)

This course will discuss standards for conduct and ethical uniformity of practice for the Health Information profession. Healthcare managers will learn how to resolve and address ethical issues in a proactive and effective manner. Ethical decision-making matrices will be discussed as a guide to understanding the complexity of solving ethical problems. Offered: St. Charles and Westport locations each term and intermittently at select locations.

IHM 58060 - Organizational Behavior in Healthcare (3)

Students will attain a clear understanding of individual and group behavior in healthcare organizational settings. Critical insight will be provided so students can understand workplace problems and dynamics as they relate to healthcare organizations. Conflict management, team building and managing organizational change will be reviewed along with leadership philosophies and behaviors. Offered: St. Charles and Westport locations each term and intermittently at select locations.

IHM 59400-59499 - Special Topics in Healthcare Administration (1-3)**IHM 59500-59599 - Special Topics in Healthcare Administration (1-3)****IHM 60100 - Healthcare Administration Capstone (3)**

This course examines leadership skills in the context of managing in healthcare organizations. Course content includes strategic thinking, effective communications, team building, and leading in various contexts. While learning about leadership issues, students are required to synthesize the information and skills learned in previous clusters through activities such as group projects, case studies, presentations, and research papers. Testing fee required.

IHR-Human Resource Management**IHR 50100 - Human Resource Economics (3)**

HR economics is a methodology that has been applied to many areas of human behavior and has had enormous influence on the study of organizations and human resources. Developed from the founding research of Edward Lazear, this economic approach adds rigor, structure, and clarifies many important issues.

The goal of this class is to provide the aspiring HR professional a rigorous framework for understanding how organizational design and the management of employees directly impact the economics of the organization. Not only will students learn and apply ideas from microeconomics, but they will also learn principles that will be valuable in their future careers. Prerequisite: For students without an undergraduate degree or sufficient work experience, the business administration management cluster (currently, a required cluster for the MS in human resource management degree) will serve as the prerequisite.

IHR 50300 - Human Resource Information Systems (3)

This course provides a comprehensive presentation on global Human Resource Information System (HRIS) implementations and the associated challenges faced in global projects. It begins with the basic HR and IT concepts and guides the student through the complete life cycle of HRIS applications, spanning from planning to execution. Both HR and IT play an equal role in the development of HRIS applications. This class will help students from both HR and IT streams in assimilating the intricacies of implementation of HRIS projects.

This class will offer real-life case studies that guide students through the challenges in the implementation of HR specific applications in today's global economy to include outsourcing, mergers, and acquisitions (MandA), employee performance management and compensation, and benefits data tools that provide a sound understanding of the integration and data aspects of HRIS systems. Prerequisite: For students without an undergraduate degree or sufficient work experience, the business administration management cluster (currently a required cluster for the MS in human resource management degree) will serve as the prerequisite.

IHR 50500 - Quantitative Methods for the HR Professional (3)

This class will improve the effectiveness of human resource management professionals through the use of quantitative tools that will enable them to apply people management systems to improve productivity, quality, safety, lower costs, and improve business results with long-term reliable methods. Prerequisite: For students without an undergraduate degree or sufficient work experience, the business administration management cluster (currently a required cluster for the MS in human resource management degree) will serve as the prerequisite.

IHR 53400 - Gender Issues in Management (3)

This course will focus on the role of women in management. Areas of study include, but are not limited to, the function of management, gender differences, barriers to career development, strategies for advancement, the difficult employee, effective communication, motivation, leadership, and problem solving. Offered: St. Charles and Westport locations every term, intermittently at Wentzville and Belleville locations.

IHR 53600 - Implementing and Managing Diversity (3)

This course will increase the awareness and dimension of diversity in the work place. Areas of study will include the value of diversity and communicating its importance in the workplace, the changing organization, strategies for implementing diversity, and managing a diverse organization. Offered: St. Charles and Westport locations every term, intermittently at Wentzville and Belleville locations.

IHR 56000 - Adult Learning Processes (3)

This course is a study of selected methods and instructional techniques appropriate for the teaching of adults with a focus on the training and development area. Applications of adult development theory will be applied to the design, development, and evaluation of training programs and staff development. Offered: St. Charles and Westport locations every term, intermittently at Wentzville and Belleville locations.

IHR 56100 - Essentials of Marketing (3)

This course will examine how goods and services are offered to a targeted market through the application of the marketing mix variables, product, price, promotion, and place. There will be an emphasis on concepts, vocabulary, and theories of contemporary marketing within the organization. Offered: St. Charles location every term and intermittently at Belleville location.

IHR 56200 - Survey of Accounting (3)

This course will provide an overview of the basic topics in financial and managerial accounting. The non-procedural approach will offer simple, straightforward methods to learn accounting with an emphasis on how accounting reports are used by managers, investors, and other stakeholders of the business. Offered: St. Charles location every term and intermittently at Belleville location.

IHR 56300 - Introduction to Finance (3)

This course will emphasize financial institutions and markets, investment, and financial management. Students will learn the role and functions of the financial system in the nation's economy, the relationships between the Federal Reserve, the banking system, and financial intermediaries, the savings-investment process, the time value of money, securities investments, and the control of risk. Offered: St. Charles location every term and intermittently at Belleville location.

IHR 57700 - Organizational Assessment (3)

This course will examine the process of organizational change from a systems perspective. Students will focus on techniques for organizational diagnosis including organizational analysis, quality of work life analysis, technical system analysis, and environmental analysis. Offered: St. Charles, Westport, South County, and Belleville locations intermittently.

IHR 57900 - Training Design, Evaluation, and Facilitation (3)

This course will develop students' skills as trainers and their understanding of the basic theories. Students will

diagnose their own needs and skills for learning; explore their training style and its effectiveness; develop their design skill; examine various training evaluation designs; and gain a better understanding of the philosophy and ethics of adult and laboratory education. Offered: St. Charles, Westport, South County, and Belleville locations intermittently.

IHR 58000 - Contemporary Issues (3)

Selected issues and methods in human resource management will be reviewed, critically examined, and discussed. Offered: St. Charles, Westport, South County, and Belleville locations intermittently.

IHR 58070 - Employee Selection and Retention (3)

This course covers phases of the selection and placement process and includes the interview as a multistage process, cognitive structures brought to the selection task by applicants and interviewers, and means of improving the interview as an effective selection and recruiting technique. The course will also deal with concerns of designing and conduct of employee reviews. Offered: St. Charles, Westport, North County, South County, and Belleville locations intermittently.

IHR 58075 - Employee Benefits and Compensation (3)

This course is a study of the conceptual frameworks that serve to guide the design of strategic reward systems. Other areas of coverage include employee benefits systems, pay discrimination, and compensation administration. Offered: St. Charles, Westport, North County, South County, and Belleville locations intermittently.

IHR 58080 - Employment Law for the Human Resource Professional (3)

The emphasis is on federal employment laws and case studies that reach widely across U.S. organizations. Employment laws are a dynamic state of continuous change and legal definition. This course provides a solid grasp of employment law principles with an applied orientation that allow for informed interpretations for practical analysis and prudent case management. Offered: St. Charles, Westport, North County, South County, and Belleville locations intermittently.

IHR 59300-59399 - Special Topics in Human Resource Management (1-3)**IHR 59400-59499 - Special Topics in Human Resource Management (1-3)****IHR 59500-59599 - Special Topics in Human Resource Management (1-3)****IHR 60100 - Human Resource Management Capstone (3)**

The capstone is your final core requirement and offers an intensive exploration of the applied aspect of human resource strategy, concepts, and methodologies. Working as a team with other students, you will apply human resources management solutions to management simulations based upon a real-world organizational setting. You will apply what you've learned from your classes through lecture, discussion, case studies, and

examples that emphasize the strategic role that human resource management plays in an organization. Students will experience the role of the HR leader as change agent including the organizational development tools of action research, strategic leadership, consensus building, and core competencies needed to lead effectively in diverse organizations. Testing fee required.

IIT-Managing Information Technology

IIT 52100 - Information Technology Law and Ethics (3)

This course examines the federal and state law surrounding telecommunications and technology usage. Also examined is the impact of these laws on corporation and individuals both criminally and civilly. A discussion of ethics in information security will occur around these laws and their results.

IIT 52200 - Data Forensics and Evidence Collection (3)

The rules of digital evidence, as statutory and constitutional law prescribes them, are examined in this course. The long – standing history of proper evidentiary procedure is explored in depth and is made relevant through examination of related Supreme Court cases.

IIT 52300 - Courtroom Testimony and Presentation for IT Managers (3)

The role of courtroom testimony and procedure is examined in this course. The importance of proper case preparation and presentation is carefully examined in this course along with constitutional restrictions on testimony and evidence. Examples from security breached and privacy issues will be used as examples.

IIT 52500 - Network Security (3)

This class will focus on the overarching responsibility of securing a network. It will include both physical security, data security, and a detailed evaluation of managing security in a corporate environment. Offered: St. Charles location intermittently.

IIT 52600 - Current Issues in Network Technology (3)

In this course, the student will research current topics surrounding security by consulting relevant trade journals and the World Wide Web. Developing an awareness of and the ability to effectively communicate a solution to senior management regarding current security risks will be a key component of this class. Some current risks include phishing, identity theft, user awareness, man in the middle attacks, and distributed denial of service attacks. Offered: St. Charles location intermittently.

IIT 52700 - Security Project (3)

Students will study the composition of an effective corporate security policy and will design a security policy for a fictional corporation based on parameters provided by the instructor, which will be provided as a formal written document to be evaluated for course credit. Offered: St. Charles location intermittently.

IIT 53100 - Scheduling, Cost Control, and Estimating Models (3)

This course is an introduction to scheduling, cost control, and estimating techniques and the software available to

assure successful project implementation. Such products as Microsoft Project and Excel, COCOMO II, Management Scientist, and others will be used.

Understanding work breakdown structures, network diagrams, chart graphics, budget spreadsheets, change control methods, and organizational structures will be paramount. Offered: St. Charles location intermittently.

IIT 53200 - Implementing a Management Control System (3)

The course will cover management functions such as project planning, scope statements, defining networks, cost analysis, risk, critical chain scheduling, product quality, and resource usage. Lifecycle activities including project charters, initial planning, priority, sponsorship, requirements definition, effort decomposition, development, test and integration, close out, and monitoring will be addressed. Offered: St. Charles location intermittently.

IIT 53300 - System Approach to Software Management (3)

This course will address modeling applications with the use of learning curves, financial consideration and cash flow, tradeoff analysis, applied probability and statistics, PERT/CPM under conditions of uncertainty, and decision science modeling. Effective process definition, priority tasking, variance analysis, metric establishment, historical record retention, and modern estimation techniques will provide methods of providing future project success. Offered: St. Charles location intermittently.

IIT 54100 - Database Integration and Management (3)

This course will explore the management of database integration in the business environment. Database integration is an iterative and ongoing process. An emphasis will be placed on the following areas: treatment of existing data and the standards used with this data, exploration of data standards that are consistent with wider national and international standards, and the role that web access has with integrating and managing database access. Offered: St. Charles location intermittently.

IIT 54200 - New Technology Integration (3)

This course will introduce procedures for integrating new technologies into existing organizational systems. It will focus on the benefits as well as the downfalls of incorporating these technologies in the corporate environment. Offered: St. Charles location intermittently.

IIT 54300 - Enterprise Resource Planning (ERP) (3)

This course will discuss the concepts and practices used to integrate all departments and functions across an organization onto a single computer system that can serve all departments of the organization effectively. ERP combines multiple software systems used throughout the organization into a single, integrated software system running off a single database allowing various departments to more readily share information and communicate. Offered: St. Charles location intermittently.

IIT 55100 - Elements of Data Warehousing and Mining (3)

This course focuses on business intelligence. It gives a perspective to the major steps in developing and using a data warehouse. The student will create a project plan and business justification for a data warehouse, develop a dimensional data model, develop a data transfer and staging process, and develop a data access process. Offered: St. Charles location intermittently.

IIT 55200 - Data Warehousing Systems (3)

This course teaches that a good dimensional model and its physical database form the hub of a business intelligence data warehouse. This course provides both introductory and advanced concepts and techniques for developing effective dimensional models to support data warehousing and mining. Offered: St. Charles location intermittently.

IIT 55300 - Export, Translation, and Load (ETL) (3)

The basic theme of this course will be how to set up Export/Translation/and Load(ETL) processes to fill a data warehouse from a variety of different existing sources. The student will learn that the ETL process is typically the most time-consuming and misunderstood task in data warehousing and other data integrations. Microsoft SQL Server Integration Service will be used as the ETL tool for workshops and homework assignments. Offered: St. Charles location intermittently.

IIT 55500 - Data Center and Cloud Architecture (3)

This course covers the pros and cons of each service model from the viewpoint of a consumer of cloud services. It will discuss vendor selection and development process for cloud computing initiatives. It will highlight major design considerations in areas such as security, data storage, monitoring, APIs, and more.

IIT 55600 - Applications and Services Best Practices (3)

Using cases and real-world examples, this course discusses the concepts of “everything as a service.” A discussion of common applications and services using cloud computing will take place in relation to common business models.

IIT 55700 - Virtualization Project (3)

Students will study the composition of effective virtualization architecture and will design a cloud infrastructure for a fictional corporation based on parameters provided by the instructor, which will be provided as a formal written document to be evaluated for course credit.

IIT 60100 - Information Technology Capstone (3)

This course will be the culminating project for the degree program. The instructor will mentor students and guide them to completion of a portfolio or other project, demonstrating successful completion of the degree. Offered: St. Charles location alternating terms.

IMF-Writing**IMF 51400 - Fundamentals of Writing for the MFA (3)**

This course requires intensive study and practice of fundamental writing skills, including the mechanics of writing, grammar basics, and sentence-level editing, as well as foundational literary writing techniques. Students will also study the guidelines and process of workshopping creative writing; students will practice these response techniques through the analysis of published work. Offered: Online, intermittently.

IMF 51500 - Creative Writing for the MFA (3)

This course offers structured practice in poetry and fiction writing for MFA students. The course concerns the development of original work through workshop, writing exercises, and assigned projects. Offered: St. Charles location, intermittently.

IMF 51600-51699 - Fiction Genres (3)

This course includes readings in short fiction by major authors working in modes ranging from realistic to abstract. Introduces aesthetic and strategic concepts with a focus on narrative, theme, character, and style. Offered: Online, intermittently.

IMF 51700-51799 - Poetry Genres (3)

Readings in poetry ranging from antiquity to present, with attention to changing forms, styles, and subjects as connected to the cultural experience. Offered: Online, intermittently.

IMF 51800 - Advanced Creative Writing (3)

This course offers advanced practice in poetry and fiction writing for MFA students. The course concerns the development of original work through workshop, writing exercises, and assigned projects. Offered: St. Charles location, intermittently.

IMF 52000 - Advanced Poetry Genres (3)

This course offers further readings in poetry ranging from antiquity to present, with attention to changing forms, styles, and subjects as connected to the cultural experience. Offered: St. Charles location, intermittently.

IMF 52100-52199 - Focused Poetry Workshop (3)

This course is an intensive poetry writing workshop in which each student will produce several pieces of original work and submit them to the class for analysis, close reading, line editing, discussion of theme and content, and suggestions for revision. Offered: Online, intermittently.

IMF 52200-52299 - Focused Fiction Workshop (3)

This course is an intensive fiction writing workshop in which each student will produce several pieces of original work and submit them to the class for analysis, close reading, line editing, discussion of theme and content, and suggestions for revision. Workshop pieces will be submitted in professional format for literary short fiction. Offered: St. Charles location, online, and intermittently.

IMF 52300-52399 - Focused Nonfiction Workshop (3)

This course is an intensive nonfiction writing workshop in which each student will produce several pieces of original

work and submit them to the class for analysis, close reading, line editing, discussion of theme and content, and suggestions for revision. Workshop pieces will be submitted in professional format for creative nonfiction and journalistic pieces. Offered: St. Charles location, online, and intermittently.

IMF 52400 - Focused Scriptwriting Workshop (3)

This course is an intensive scriptwriting workshop in which each student will produce several pieces of original work and submit them to the class for analysis, close reading, line editing, discussion of theme and content, and suggestions for revision. Workshop pieces will be submitted in professional format for film and television scripts. Offered: St. Charles location, online, and intermittently.

IMF 52500 - Poetry Writing Workshop (3)

This course serves as a discussion of original poetry with a focus on technique, purpose, and the creative process. Through submission of individual work and development of critical response, students address the question: how does one create and enhance the poem? Offered: St. Charles location, online, and intermittently.

IMF 52600 - The Craft of Poetry: Prosody and Language (3)

This course serves as an overview of the machinery of the poem, including imagery, language, rhythm, syntax, form, accessibility, and mood. Focus is given to ways in which these parts produce the overall experience of the poem. Offered: St. Charles location, online, and intermittently.

IMF 52700-52799 - Selected Emphases in Poetry (3)

This course is a study of major poets and poetry schools, with attention to evolution of craft and the influence of historical and cultural experience. Emphases may vary from term to term. Offered: St. Charles location, online, and intermittently.

IMF 52900 - Advanced Studies Craft of Poetry (3)

This course is an advanced overview of the machinery of the poem, including imagery, language, rhythm, syntax, form, accessibility, and mood. Focus is given to ways in which these parts produce the overall experience of the poem. Offered: Online, intermittently.

IMF 53000 - Advanced Studies in Poetry (3)

This course offers further study of major poets and poetry schools, with attention to evolution of craft and the influence of historical and cultural experience. Emphases may vary from term to term. Offered: St. Charles location, intermittently.

IMF 53200 - Advanced Focused Fiction Workshop (3)

This course is intended for students who are at an advanced stage in their writing development; it is an intensive fiction writing workshop in which each student will produce several pieces of original work and submit them to the class for analysis, close reading, line editing, discussion of theme and content, and suggestions for revision. Offered: St. Charles location, online, and intermittently.

IMF 53300 - Advanced Focused Nonfiction Workshop (3)

This course is intended for students who are at an advanced stage in their writing development; it is an intensive nonfiction writing workshop in which each student will produce several pieces of original work and submit them to the class for analysis, close reading, line editing, discussion of theme and content, and suggestions for revision. Offered: Online, intermittently.

IMF 53400 - Advanced Focused Scriptwriting Workshop (3)

This course is intended for students who have already successfully completed IMF 52400, the Focused Scriptwriting Workshop, and are at an advanced stage in their writing development; it is an intensive scriptwriting workshop in which each student will produce several pieces of original work and submit them to the class for analysis, close reading, line editing, discussion of theme and content, and suggestions for revision. Offered: St. Charles location, intermittently.

IMF 53500 - Fiction Writing Workshop (3)

This course will serve as a discussion of original short fiction with a focus on thematic purpose and the creative process. Students simultaneously increase their proficiency as fiction writers and deepen their critical responses to the work of peers. Offered: St. Charles location, online, and intermittently.

IMF 53600 - Fundamentals of Contemporary Fiction (3)

This course is an exploration of the machinery of the short story and the novel, including narrative arc, theme, character, style, and point of view. Readings and discussions focus on the way each component is employed in both short and long fiction. Offered: St. Charles location, online, and intermittently.

IMF 53700-53799 - Selected Emphases in Fiction (3)

This course is a study of major fiction writers and their historical and cultural connection to literature. Emphases may vary from term to term. Offered: St. Charles location, online, and intermittently.

IMF 53900 - Advanced Studies Contemporary Fiction (3)

This course is an advanced exploration of the machinery of the short story and the novel, including narrative arc, theme, character, style, and point of view. Readings and discussions focus on the way each component is employed in both short and long fiction. Offered: St. Charles location, online, and intermittently.

IMF 54100-54199 - Special Topics Focused Workshop (3)

This course is an intensive writing workshop in a specific genre of writing. Each student will produce several pieces of original work and submit them to the class for analysis, close reading, line editing, discussion of theme and content, and suggestions for revision. Offered: St. Charles location, online, and intermittently.

IMF 54300-54399 - Genre Fiction as Literature (3)

This literature course focuses on the study and analysis of genre fiction. Emphases studied may include Children's Literature, Young Adult Literature, Romance, Mystery, and Science Fiction/Fantasy. Study will include novels by authors using literary writing techniques and working in modes ranging from realistic to abstract. Introduces aesthetic and strategic concepts with a focus on narrative, theme, character, and style. Offered: Online, intermittently.

IMF 54400-54499 - Genre Fiction Workshop (3)

This craft and workshop course focuses on creation and discussion of original genre fiction with a focus on thematic purpose and the creative process. Workshop pieces may include Children's Literature, Young Adult Literature, Romance, Mystery, and Science Fiction/Fantasy. Students simultaneously increase their proficiency as fiction writers and deepen their critical responses to the work of peers. Offered: Online, intermittently.

IMF 54500 - Creative Nonfiction Workshop (3)

This course is a discussion of original nonfiction pieces, including personal essays, lyric essays, and memoir chapters. Students will focus on incorporating personal experience and both narrative and lyrical elements into a nonfiction piece. Offered: St. Charles location, online, and intermittently.

IMF 54600 - The Personal Essay and Memoir (3)

This course will focus on the wellspring of memory and reflection and the employment of narrative in creative nonfiction. Students will discuss a variety of personal essays and at least one memoir, noting the use of voice, character development, sense of place and time, and narrative arc. Offered: St. Charles location, online, and intermittently.

IMF 54700 - The Lyric Essay (3)

This course is a study of the intersection of creative nonfiction and poetry, in which poetic devices such as fragment, imaginative language, and line breaks are used to create the nonfiction piece. Students will read and discuss numerous examples of lyric essays. Offered: St. Charles location, online, and intermittently.

IMF 55100 - Fiction Craft Foundations (3)

This course is an in-depth study of foundational craft elements for writing literary short fiction. Elements include short story structure and plot arc; use of first, second, and third person in fiction; techniques for character development and effective description; use of dialogue; use of flashback scenes; and study of experimental fiction techniques. Includes theory and application through writing exercises. This course is highly recommended for students declaring a Fiction emphasis for the MFA in Writing degree. Offered: Online, intermittently.

IMF 55200 - Creative Nonfiction Craft Foundations (3)

This course is an in-depth study of foundational craft elements for writing literary creative nonfiction. Elements

include essay structure for traditional narrative and lyric essays; techniques for development of self as character and effective description; use of dialogue and summary; and inclusion of light learning and research. Includes theory and application through writing exercises. This course is highly recommended for students declaring a Creative Nonfiction emphasis for the MFA in Writing degree. Offered: Online, intermittently.

IMF 55300 - Poetry Craft Foundations (3)

This course is an in-depth study of foundational craft elements for writing literary poetry. Elements include classic poetic forms and contemporary poetic style; use of enjambment and stanza breaks for effect; techniques for creative language usage and effective description; development of the poet's voice; and use of thematic references and literary allusions. Includes theory and application through writing exercises. This course is highly recommended for students declaring a Poetry emphasis for the MFA in Writing degree. Offered: Online, intermittently.

IMF 55500 - Prose Workshop (3)

This course serves as a discussion of original prose, in which students concentrate on a chosen specialty (fiction or creative nonfiction.) Students pay particular attention to elements that exist in both genres, as well as the application of factual and fictional information in prose. Offered: St. Charles location, intermittently.

IMF 55600-55699 - The Prose Collection (3)

This course is a study and analysis of single author collections in fiction and/or creative nonfiction. Emphasis is given to the ways in which individual stories and essays make up a body of work. Offered: St. Charles location, online, and intermittently.

IMF 55700-55799 - The Literary Journal (3)

This course is an overview of literary journal publication, from the submission process as a writer to the production of a journal as an editor. Students examine a variety of literary journals, and some focus is given to evaluation of what makes a poem, story, or essay "publishable." Offered: St. Charles location, online, and intermittently.

IMF 55800 - Advanced Studies in Prose (3)

This course offers further discussion of original prose, in which students concentrate on a chosen specialty (fiction or creative nonfiction). Students pay particular attention to elements that exist in both genres, as well as the application of factual and fictional information in prose. Offered: St. Charles location, intermittently.

IMF 56000 - Advanced Studies in Literary Journal (3)

This course is an advanced overview of literary journal publication, from the submission process as a writer to the production of a journal as an editor. Students examine a variety of literary journals, and some focus is given to evaluation of what makes a poem, story, or essay "publishable." Offered: St. Charles location, intermittently.

IMF 56100 - Classic Foundational Literature: Fiction (3)

This course is an intensive survey and analysis of foundational classic literary fiction and its authors, including study of the schools of literary criticism. Authors studied will include masters of the literary novel and the literary short story form who have contributed important work to the literary canon, such as Austen, Conrad, Joyce, Wharton, and Orwell. This course is highly recommended for students declaring a Fiction emphasis for the MFA in Writing degree. Offered: Online, intermittently.

IMF 56200 - Classic Foundational Literature: Creative Nonfiction (3)

This course is an intensive survey and analysis of foundational classic literary creative nonfiction and its authors, including study of literary criticism. Authors studied will include masters of memoir and the literary personal essay who have contributed important work to the history of the form, such as McCarthy, Hemingway, Conroy, and Thurber. This course is highly recommended for students declaring a Creative Nonfiction emphasis for the MFA in Writing degree. Offered: Online, intermittently.

IMF 56300 - Classic Foundational Literature: Poetry (3)

This course is an intensive survey and analysis of foundational classic literary poetry and its authors, including study of poetic literary criticism. Authors studied will include masters in the field of poetry who have contributed important work to the literary canon, such as Donne, Shakespeare, Blake, Keats, Woodsworth, Eliot, and Yeats. This course is highly recommended for students declaring a Poetry emphasis for the MFA in Writing degree. Offered: Online, intermittently.

IMF 56500 - Writing for Publications (3)

Researching and writing short news accounts, brights, and traditional features for newspapers and magazines are the goals of this course. Offered: St. Charles location, intermittently.

IMF 56600 - Narrative Journalism (3)

In this course, students will gain practice in the art of literary feature writing, and the use of fiction and storytelling techniques to write nonfiction articles, profiles, and documentary narrative. Offered: St. Charles location, online, and intermittently.

IMF 56700 - Readings in Narrative Journalism (3)

This course is a survey of the evolution of journalism traditions, ethics, history, and technology. Offered: St. Charles location, intermittently.

IMF 57300-57399 - The Literary Novel (3)

This literature course explores the machinery of the literary novel, including narrative arc, theme, character, style, and point of view. Critical discussion and study will include focus on the way each component is employed in long fiction. Students will analyze works from both a literary analysis perspective and a writer's perspective. Offered: Online, intermittently.

IMF 57400-57499 - Literary Novel Workshop (3)

This craft and workshop course focuses on creation and discussion of original long fiction with a focus on thematic purpose and the creative process. Students simultaneously increase their proficiency as fiction writers and deepen their critical responses to the work of peers. Workshop sessions will focus on individual novel chapters, as students work toward completing and polishing a full literary novel. Offered: Online, intermittently.

IMF 57500 - Scriptwriting Workshop (3)

This course serves as a discussion of original film and television scripts and their essential elements. Students learn to develop a script in a professional format. Offered: St. Charles location, intermittently.

IMF 57600 - The Narrative Arc in Film (3)

This course includes a focus on dramatic development in scriptwriting and film, including important narrative elements such as suspense, confrontation, and resolution. Offered: St. Charles location, intermittently.

IMF 57700 - Script Analysis (3)

This course is an exploration of the three-act film and two-act television sitcom structure. Students will analyze well-known examples of exposition, script beats, dialogue, conflict, character, and scene creation. Offered: St. Charles location, intermittently.

IMF 57800 - Advanced Scriptwriting (3)

This course is an advanced discussion of original film and television scripts and their essential elements. Students learn to develop a script in a professional format. Offered: St. Charles location, intermittently.

IMF 58000 - Advanced Script Analysis (3)

This course offers further study of the three-act film and two-act television sitcom structure. Students will analyze well-known examples of exposition, script beats, dialogue, conflict, character, and scene creation. Offered: St. Charles location, intermittently.

IMF 58100 - Contemporary Foundational Literature: Fiction (3)

This course is an intensive survey and analysis of foundational contemporary literary fiction and its authors, including the study and practice of close-reading techniques. Authors studied will include emerging fiction writers currently publishing important works, as well as contemporary masters in the field of literary short fiction and the novel, such as Tobias Wolff, Alice Munro, Joyce Carol Oates, John Updike, and Toni Morrison. This course is highly recommended for students declaring a Fiction emphasis for the MFA in Writing degree. Offered: Online, intermittently.

IMF 58200 - Contemporary Foundational Literature: Creative Nonfiction (3)

This course is an intensive survey and analysis of foundational contemporary memoir and literary personal essay and its authors, including the study and practice of close-reading techniques. Authors studied will include emerging creative nonfiction writers currently publishing

important works, as well as contemporary masters in the field of literary creative nonfiction, such as Karr, Didion, Wolff, and Angelou. This course is highly recommended for students declaring a Creative Nonfiction emphasis for the MFA in Writing degree. Offered: Online, intermittently.

IMF 58300 - Contemporary Foundational Literature: Poetry (3)

This course is an intensive survey and analysis of foundational contemporary literary poetry and its authors, including the study and practice of close-reading techniques. Authors studied will include emerging poets currently publishing important works, as well as contemporary masters in the field of poetry, such as Gluck, Shihab Nye, Forche, Simic, Laurentiis, and Shaughnessy. This course is highly recommended for students declaring a Poetry emphasis for the MFA in Writing degree. Offered: Online, intermittently.

IMF 58999 - Graduate Thesis (3)

The graduate thesis is required for the final three credit hours of the program. Students work with a faculty mentor to produce a thesis of approximately 70-100 pages in their chosen genre (poetry, fiction, or nonfiction).

IMF 59500-59599 - Special Topics I (3)

IMF 59600-59699 - Special Topics II (3)

IMF 59700-59799 - Special Topics III (3)

ADMINISTRATION

Michael Shonrock (2015)

System President

BS, Western Illinois University; MS, EdS, Pittsburg State University; PhD, University of Kansas

Marilyn S. Abbott (1997)

Provost and Vice President for Academic and Student Affairs

AB, Indiana University; PhD, Purdue University

Deb Ayres (2008)

Vice President for Human Resources

BS, Missouri State University; MS, University of Missouri-St. Louis; EdD, University of Missouri-Columbia

Dan Grigg (2016)

Vice President for Development and Alumni Relations

BS, University of Denver

Greg Phelps (2013)

Vice President and Chief Financial Officer

BA, MBA, Washington University

TJ Rains (2015)

Vice President for Information Technology and Chief Information Officer

BS, Emporia State University; MS, Capella University

Grant Shostak (2012)

Vice President, General Counsel

BGS, JD, University of Missouri-Columbia

Brad Wachler (2016)

Vice President for Intercollegiate Athletics

BA, University of Michigan; MA, Indiana University; JD, Wayne State University

Barry Finnegan (2002)

Associate Vice President of Academic Affairs

BA, MBA, Lindenwood University

Ryan Guffey (2003)

Associate Vice President for Global Education BS, MBA, Lindenwood University; MA, the Queen's University of Belfast; PhD, Saint Louis University

Chanda Jackson (1995)

Assistant Vice President, Procurement and Payables

BS, Washington University; MPA, Lindenwood University

Terry Kapeller (1993)

Assistant Vice President for Business Office

BA, Tarkio College; MBA, Lindenwood University

Erin I. Mann (2012)

Associate Provost

BA, Rice University; MA, PhD, University of Iowa

Diane Moore (2016)

Associate Vice President for Operations

BA, Oklahoma Baptist University; MA, University of Missouri-Columbia; EdD, Lindenwood University

Kate O'Neal (2001)

Assistant Vice President for Development and Alumni Relations

BA, MA, Lindenwood University

John Plunkett (2013)

Assistant Vice President for Finance

BS, Oakland City University; MBA, Lindenwood University

Christie Rodgers (2009)

Associate Vice President for Student and Academic Support Services and Student Ombudsman

BA, MS, EdD, Lindenwood University

Sara Wiedman (2008)

Assistant Vice President for Enrollment Management

BA, University of Missouri-St. Louis

Shane Williamson (2007)

Associate Vice President for Student Life and Dean of Students

BSBA, MS, Shippensburg University; MBA, Lindenwood University; EdD, Rutgers University

David W. Wilson (2014)

Chief Assessment Officer and Associate Vice President for Institutional Effectiveness

BS, Kansas State University; MS, PhD, Iowa State University

FACULTY

Acker, Lawrence E. (2013)

Professor of Health Management and Program Director, Undergraduate Health Management
BA, Saint Louis University; MHA, Washington University; PhD, University of Missouri-St. Louis

Afful, Stephanie (2014)

Associate Professor of Psychology
BA, Drury University; MS, PhD, Saint Louis University

Alameda, Annie (2007)

Associate Professor of Physical Education and Health
BS, Illinois State University; MS, Saint Louis University; EdD, Lindenwood University

Albee, Alison J. (2013)

Assistant Professor of Biology
BS, Purdue University; PhD, University of Wisconsin-Madison

Aldridge, Amanda (2012)

Assistant Professor and Coordinator of Charter Schools and Secondary Student Teaching
BS, University of Missouri-Columbia; MEd, University of Missouri-St. Louis; EdD, Lindenwood University

Allen, Robert (2008)

Associate Professor of Business and Division Chair, Plaster School of Business and Entrepreneurship
BS, Missouri Valley College; MBA, University of Missouri-Columbia; DBA, Nova Southeastern University

Alsobrook, Joseph A. (2004)

Associate Professor of Education and Dean, School of Arts, Media, and Communications
BA, Southwestern Oklahoma State University; MA, EdD, Lindenwood University

Anderson, C. Gregory (2010)

Associate Professor of Biology
BA, University of Missouri-Columbia; PhD, University of Tennessee

Arendt, Brian (2012)

Assistant Professor of International Relations
BA, University of Missouri-St. Louis; MA, SUNY-Stony Brook; PhD, Georgetown University

Arns, David H. (1999)

Associate Professor of Marketing; Department Chair, Marketing; and Faculty Athletics Representative, NCAA Sports
BS, Southern Illinois University-Carbondale; MS, Southern Illinois University-Edwardsville

Aubuchon, Gregory P. (2015)

Assistant Professor of Economics and Program Director, Undergraduate Economics and Finance
MA, University of Missouri-St. Louis; JD, Vanderbilt University

Badra, Mazen (2015)

Assistant Professor of Marketing and Program Director, Marketing Clusters and MSA in Marketing
BA, Birzeit University in the Holy Land; MBA, Amberton University; DMgt, Colorado Technical University

Bagley, Sara (2015)

Assistant Professor of Psychology
BA, Westminster College; MSR, PhD, Saint Louis University

Balogh, Alexander (2005)

Associate Professor of English
BA, University of Oregon; MA, Southern Illinois University-Carbondale; MFA, Lindenwood University

Banerjee, Gaurango (2013)

Professor of Finance and Graduate Department Chair, Finance
BS, MSc, Birla Institute of Technology and Science, India; PhD, University of Alabama

Barr, John (2016)

Assistant Professor of Physics
BS, MS, University of Missouri-Rolla; PhD, University of Missouri-Rolla

Barudin, Jeffrey (2012)

Assistant Professor of Music
BS, Pennsylvania State University; MM, DMA, University of Michigan

Beane, Robbie (2010)

Associate Professor of Mathematics and Division Chair, Mathematics and Computer Science
BS, MS, University of Missouri-Rolla; PhD, Missouri University of Science and Technology

Beckerle, John R. (2001)

Professor of Nonprofit Administration
BA, MA, MBA, EdD, Lindenwood University

Binz, Sara (2013)

Assistant Professor of Chemistry
BS, Loras College; MS, PhD, University of Iowa

Biri, Colleen (2003)

Professor of Psychology
BA, Southwest Missouri State University; MA, PsyD, Georgia School of Professional Psychology

Blum, Erica (2008)

Assistant Professor of Interactive Media and Web Design
BFA, Ohio University; MA, Lindenwood University

Blythe, Stephen A. (2009)

Associate Professor of Computer Science
BS, University of Delaware; MS, PhD, Rensselaer Polytechnic Institute

Bosnick, James A. III (2017)

Assistant Professor of Accounting and Finance; Program Director of Undergraduate and Graduate Accounting Courses

BS, JD, West Virginia University; MBA, LLM, MSBA, Washington University

Brickler-Ulrich, Kimberly K. (2003)

Associate Professor of Accounting

BS, Truman State University; MBA, Saint Louis University; CPA

Boamah, Dominic (2016)

Assistant Professor of Information Technology; Assistant Dean, Trimester IT Graduate Programs

AS, Kwame Nkrumah University of Science and Technology; MS, Jyväskylä University; PhD, Capella University

Brown, David (2000)

Professor of Philosophy and Department Chair, Philosophy

BA, Gordon College; MA, University of Houston; PhD, University of Toronto

Brown-Hudson, Heather (2010)

Associate Professor of French, English and Gender Studies; Program Chair, Gender Studies

BA, Temple University; MA, Middlebury College; PhD, The Graduate Center, City University of New York

Carlos, Peter (2004)

Associate Professor of Digital Media and LUTV Station Manager

BA, University of Missouri-St. Louis; MA, Middlebury College; MFA, Lindenwood University

Carnes, Jeremy (2013)

Assistant Professor of English

BA, University of Notre Dame; PhD, University of Michigan

Carper, Michael (2006)

Assistant Professor of Philosophy

BA, MA, University of Nebraska-Kearney; MTS, Boston University; PhD, Saint Louis University

Cawly, John (2008)

Assistant Professor of Biology

BS, MS, Southern Illinois University-Edwardsville; PhD, University of Missouri-Columbia

Cernik, Joseph A. (1990)

Professor of Political Science and Public Administration and Department Chair, Public Affairs and Administration

BA, Adelphi University; MBA, Lindenwood University; MA, PhD, New York University

Cintel, David (2014)

Instructor of ESL

BA, Truman State University; MA, University of Northern Iowa

Coble, Kyle (2012)

Assistant Professor of Marketing

BS, MIAA, Southwest Missouri State University; PhD, Saint Louis University

Cohen, Theodore W. (2014)

Assistant Professor of History

BA, Yale University; PhD, University of Maryland, College Park

Coker, Stanley, (2008)

Associate Professor of Management and Department Chair, Management

BS, United States Air Force Academy; MA, MBA, DMgt, Webster University

Coleman, Steven (2011)

Associate Professor of Accounting

BA, Saint Louis University; JD, Seton Hall University

Collier, Darren (2003)

Assistant Professor of Graphic Design

BA, MFA, Lindenwood University

Cooper, Benjamin (2014)

Assistant Professor of English

BA, Davidson College; MA, Northwestern University; MA Washington University; PhD, Washington University

Cooper, Dennis (2015)

Assistant Professor of Educational Leadership

BA, Southwest Baptist University; MA, Missouri State University; EdD, University of Kansas

Cote, Robert (2015)

Assistant Professor of Management and Program

Director, Management Clusters and MSA in Management
BA, Western Michigan University; MBA, Baker College of Corporate Services; PhD, Capella University

Crow, Lori (2016)

Instructor of Exercise Science

BA, MS, Pittsburg State University

Cupples, Tom (2013)

Professor of Information Technology and Program

Director, Undergraduate Cyber Security and Graduate Information Technology Degrees

BA, Union University; BS, Missouri Baptist University; MS, Washington University; EdD, NOVA Southeastern University

Curtis, Ryan (2008)

Associate Professor of Music and Director of Bands

BS, Missouri State University; MA, University of Missouri-St. Louis; EdD, Lindenwood University

Cusumano, Joseph (2013)

Associate Professor of Counseling and Director, Student Counseling and Resource Center

BS, MEd, University of Missouri-St. Louis; PhD, Saint Louis University

Cypret-Mahach, Ronda (2016)

Assistant Professor of Teacher Education

BS, University of Missouri-St. Louis; MA, EdD, Lindenwood University

Daly, Shelly (2011)

Associate Professor of International Business
BS, University of Missouri-Columbia; MBA, PhD, Saint Louis University

Dasovich, Steve J. (2010)

Assistant Professor of Anthropology and Archeology and Division Chair, Social Sciences
BA, University of South Dakota; MS, Florida State University; PhD, University of Missouri-Columbia

Delgado, Ricardo A. (2006)

Associate Professor of Chemistry and Dean, School of Sciences
BS, Texas A and I University; MS, PhD, University of Missouri-St. Louis

DeVore, Sherry (2008)

Assistant Professor of Teacher Education
BS, MA, EdS, Missouri State University; EdD University of Missouri-Columbia

Dey, Sajalendu (2004)

Professor of Physics and Pre-Engineering
BSc, MSc, Dhaka University, Bangladesh; MSc, Brock University, Ontario; PhD, Iowa State University; MSc, University of Missouri-St. Louis; MBA, Lindenwood University

Dill, William (2010)

Instructor of Athletic Training
BS, McKendree University; MS, Ohio University

Douchant, Rachel (2005)

Professor of Management and Director, Liberty and Ethics Center
BA, Lindenwood University; PhD, Saint Louis University

Durbin, Nancy (2001)

Professor of Foreign Languages and Department Chair, Foreign Languages
BA, University of Missouri-Columbia; MA, PhD, Washington University

Edele, Susan (2007)

Instructor of English and Writing Center Coordinator
BSE, Truman State University; MA, University of Missouri-St. Louis

Elder, Robyne (2016)

Assistant Professor, Educational Leadership
BA, University of Missouri; MA, EdD, Lindenwood University

Ellis, Peggy (2012)

Professor of Nursing and Program Director, Nursing, Fire and Paramedic, and Public Health
BSN, Southeast Missouri State University; MSN, University of Central Arkansas; PhD, Southern Illinois University-Carbondale

Ellis, Roger (1997)

Professor of Business and Dean, Plaster School of Business and Entrepreneurship
BS, University of Missouri-Rolla; JD, University of Arkansas

Elmes, Melissa (2016)

Assistant Professor of English
BA, College of William and Mary; MA, Longwood University; PhD, University of North Carolina at Greensboro

Engleking, Charlene (1995)

Professor of Writing and Program Director, BIS and General Education Communications and Humanities Courses, and Assistant Dean, School of Accelerated Degree Programs
BA, Southwestern College; MEd, University of Missouri-Columbia; MFA, Lindenwood University; EdD, Lindenwood University

Ezvan, Mira (1984)

Professor of Management and Management Information Systems and Department Chair, Information Systems
MS, Technical University of Wroclaw, Poland; PhD, Southern Illinois University

Farooqi, Javeria (2015)

Assistant Professor of Finance
BA, MBA, PhD, University of Texas Pan-American

Firestine-Scanlon, Jennifer (2003)

Professor of Chemistry and Division Chair, Physical Sciences
BS, Eastern Oregon State College; PhD, Arizona State University

Fleitz, Elizabeth (2013)

Assistant Professor of English
BS, MA, PhD, Bowling Green State University

Flicek, Tracy (2013)

Instructor of EPP and ESL
BA, MA, Lindenwood University

Flippin Wynn, Monica (2016)

Associate Professor of Communications and Program Director, Undergraduate Communications
BA, Southern University; MS, University of Wisconsin-Whitewater; PhD, University of Oklahoma

Ford, Yvonna L. (2012)

Associate Professor of Business and Program Director, Graduate Healthcare Administration
BS, MS, JD, Saint Louis University

Foushee, Rebecca (2016)

Associate Professor of Psychology
BS, MS, PhD, Virginia Polytechnic Institute and State University

Ganahl, Gina (2014)

Assistant Professor of Education and Dean, School of Accelerated Degree Programs
BS, University of Illinois-Urbana; MEd, PhD, University of Missouri-Columbia

Gietschier, Steven P. (2009)

Associate Professor of History and Faculty Athletics Representative, SLS Sports
BSFS, Georgetown University; MA, PhD, The Ohio State University

Gismegian, Mary (2001)

Assistant Professor of Teacher Education and Program Chair, Teacher Education
BS, Southern Illinois University; MA, Lindenwood University

Glover, Kyle S. (1998)

Professor of English and Division Chair, English Language and Literature and Assistant Dean, Humanities
BA, Oklahoma Baptist University; MA, Baylor University; PhD, University of Missouri-Columbia

Godar, Tom (2003)

Assistant Professor of Athletic Training; Program Director, Athletic Training; Assistant Dean, Health Sciences; Clinical Coordinator and Head Trainer, Football
BS, Southern Illinois University-Carbondale; MS, Lindenwood University

Golik, Wojciech L. (2001)

Professor of Mathematics and Associate Dean, Natural Science and Mathematics
BS, MS Poznan University of Technology, Poznan, Poland; MS, PhD, New Mexico State University

Gossett, Rachael (2013)

Assistant Professor of Criminal Justice
BA, MA, PhD, The Ohio State University

Green, Christina Marie (1999)

Associate Professor of English
BA, Regis University; MAT, Webster University; MA, University of Missouri-St. Louis

Grooms, Pamela (2007)

Associate Professor of Music and Department Chair, Music
BA, Central Missouri State University; MA, University of Missouri-St. Louis

Grosso, Tina (2010)

Assistant Professor of Gerontology and Program Director, Social Sciences
BS, MS, EdD Lindenwood University

Guffey, Ryan (2003)

Associate Professor of International Relations and Associate Vice President for Global Education BS, MBA, Lindenwood University; MA, The Queen's University of Belfast; PhD, Saint Louis University

Gupta, Nikhil (2016)

Assistant Professor of Mathematics
BS, Princeton; PhD, Indiana University

Gustafson, Susan (2017)

Instructor of Health Sciences
BS, Fontbonne University; MS, Southern Illinois University-Edwardsville

Hafer, Rik (2016)

Assistant Professor of Economics
BA, University of Nebraska-Lincoln; PhD, Virginia Polytechnic Institute and State University

Hamra, Teresa (2015)

Assistant Professor of Nursing
BSN, University of Missouri-St. Louis; MSN, University of Missouri-St. Louis

Hantak, Kelly (2015)

Assistant Professor of Teacher Education
BS, Southwest Missouri State University; MEd, University of Missouri-St. Louis; EdD, Lindenwood University

Hargate, Jon Grant (1983)

Professor of Art
AA, Meramec Community College; BFA, Southern Illinois University-Edwardsville; MFA, University of Cincinnati

Harris, Shenika (2014)

Assistant Professor of Spanish
BA, University of Missouri-St. Louis; MA, Saint Louis University; PhD, University of Wisconsin-Madison

Hasty, Scott (2014)

Assistant Professor of Chemistry
BS, MS, PhD, University of Missouri-St. Louis

Hauck, John (2004)

Assistant Professor of Physics
BS, Parks College of Saint Louis University; MS, Georgia Institute of Technology; PhD, University of Missouri-Columbia

Hayes, Latrell (2017)

Instructor of Human Resource Management
BS, Columbia College; MA, Lindenwood University

Heidenreich Jr., Donald (2000)

Professor of History
BA, San Francisco State University; MA, University of Arizona; PhD, University of Missouri-Columbia

Heinen, Rebecca (2017)

Instructor of Mathematics
BA, North Central College; MS, University of Missouri-Columbia

Heinle, Jeff (2011)

Associate Professor of Communications and Program Director, Undergraduate and Graduate Communications
BA, University of Wisconsin; MA, City University of New York; PhD, University of Wisconsin

Hendrix, Evelyn K. (2007)

Associate Professor of Human Resource Management
BS, University of Wisconsin-Milwaukee; MBA, Lindenwood University; MA, PsyD, George Mason University

Herrell, Katherine (2012)

Assistant Professor of Music and Assistant Dean, Undergraduate Programs
BA, Truman State University; MBA, Maryville University; MA, EdD, Lindenwood University

Heyn, Hollis Carolyn (1996)*Associate Professor of English*

BA, Lindenwood University; MA, Southern Illinois University

Holden, Angela D. (2009)*Associate Professor of Management and Associate Dean, School of Accelerated Degree Programs*

BA, National-Louis University; MBA, Lindenwood University; DMgt, Webster University

Hollis, Stuart (2014)*Assistant Professor of Theatre and Technical Director*

BFA, Shenandoah College and Conservatory of Music; MFA, Southern Methodist University

Hoormann, Matthew (2014)*Assistant Professor of Music*

BM, MM, Southern Illinois University Edwardsville; DMA, University of California Los Angeles

Hudgins, Molly (2003)*Associate Professor of Sports Management and Associate Dean, Plaster School of Business and Entrepreneurship*

BA, Southern Illinois University-Carbondale; MS, Florida State University; JD, University of Tennessee College of Law

Hurst, Spencer (1999)*Associate Professor of English*

BA, Westminster College; MBA, Southern Illinois University-Edwardsville; MFA, University of Missouri-St. Louis

Hutcheson, Jill (2013)*Associate Professor of Teacher Education and Assistant Dean, Teacher Education*

BS, University of Missouri-Columbia; EdS, EdD, Lindenwood University

Hutson Jr., James Lee (2010)*Associate Professor of Art History; Assistant Dean, Graduate and Online Degrees*

BA, MA, Southern Methodist University; PhD, University of Maryland

Ibele, Michael E. (2011)*Assistant Professor of Chemistry*

BS, University of North Carolina; PhD, Pennsylvania State University

Inman, Jaime (2015)*Assistant Professor of Information Technology and Program Director, Undergraduate Information Technology and Business Systems Development*

BS, Maryville University; MA, Webster University; MEd, EdD, University of Missouri-St. Louis

Jagim, Andrew (2017)*Assistant Professor of Exercise Science*

BS, University of North Dakota; MS, University of Wisconsin-La Crosse; PhD, Texas A&M University

Johnson, Debra L. (2003)*Associate Professor of Social Work*

BSW, Southeast Missouri State University; MSW, Washington University

Johnson, Emilie Wright (1999)*Professor of Teacher Education*

BS, MS, Missouri State University; PhD, Saint Louis University

Johnston, Christopher (2006)*Professor of Mathematics*

BS, University of Missouri-Columbia, MA, Michigan State University; PhD, Northeastern University

Johnston, Gail (2003)*Professor of Biology*

BS, MS, Mississippi State University; PhD, Southern Illinois University-Carbondale

Jones, Emily (2010)*Associate Professor of Theatre and Department Chair, Theatre*

BFA, Midwestern State University; MFA, University of Arkansas

Kamm, Judy K. (1996)*Associate Professor of Economics*

BS, MA, University of Missouri-St. Louis

Kania-Gosche, Beth (2009)*Associate Professor of Teacher Education and Associate Dean, School of Education*

BS, Southeast Missouri State University; MEd, University of Missouri-Columbia; PhD, Saint Louis University

Karraker, Holly Beth (2007)*Associate Professor of Counseling*

BA, MA, PhD, Saint Louis University

Kelly, Nicholas (2009)*Assistant Professor of Theatre*

MA, MFA, Lindenwood University

Kerksick, Chad (2015)*Assistant Professor of Exercise Science and Program Chair, Human Performance*

BS, Truman State University; MS, University of Memphis; PhD, Baylor University

Kerksick, Jo Ellen (1997)*Professor of History and Director, Study Abroad*

BS, MA, Northwest Missouri State University; PhD, University of Kansas

Kichkha, Areerat (2013)*Assistant Professor of Economics and Finance; Program Director, Graduate Economics and Finance Clusters; Department Chair, Business Administration*

BBA, Rhamkhamhaeng University, Thailand, MBA, Webster University; MS, Southern Illinois University-Edwardsville; PhD, Southern Illinois University-Carbondale

Killingbeck, Elizabeth (2014)*Instructor of EPP*

BA, MA, Southern Illinois University-Edwardsville

King, Denise (2013)*Assistant Professor of Social Work*

BS, Tennessee State University; MSW, Howard University; PhD, University of Maryland, Baltimore

Kussman, Justin (2015)

Instructor of Interactive Media and Web Design
AAS, East Central College; BA, MA, Webster University

Leavitt, Lynda (2009)

Associate Professor of Educational Leadership
BS, Central Missouri State University; BS, University of Missouri; MEd, National Louis University; EdD, Saint Louis University

Lerman, Mark D. (2008)

Associate Professor of Human Resource Management; Program Director, Graduate Human Resources Management and Assistant Dean, School of Accelerated Degree Programs
BA, University of Missouri-Columbia; MA, Southern Illinois University-Edwardsville; PhD, Illinois Institute of Technology

Lively, Jason Dude (2007)

Professor of Interactive Media and Web Design and Assistant Dean, School of Arts, Media, and Communications
BS, Howard Payne University; MBA, Tarleton State University; PhD, Nova Southeastern University

Londono, Ana (2015)

Assistant Professor of Earth Sciences
BEng, Universidad Nacional de Colombia; MS, PhD, University of Cincinnati

Long, John (2012)

Assistant Professor of Educational Leadership and Department Chair, Educational Leadership Program
BA, Columbia College; MEd, University of Missouri-Columbia; EdS, Central Missouri State University; PhD, Georgia State University

Longo, Patrick (2016)

Instructor of Advertising and Public Relations
BA, MA, Lindenwood University

Loughlin, John (2010)

Associate Professor of Finance and Assistant Dean, Plaster School of Business and Entrepreneurship
BS, BA, University of Missouri-St. Louis; MBA, PhD, Saint Louis University

Mack, Jennifer (2010)

Associate Professor of Accounting and Department Chair, Accounting
BS, MGE, University of Central Oklahoma; PhD, Walden University

Marhanka, Darren (2004)

Associate Professor of Criminal Justice
AAS, Florissant Valley Community College; BA, MBA, Lindenwood University

Marsh, Meredith (2009)

Associate Professor of Geography and Department Chair, History and Geography
BA, Calvin College; MA, PhD, University of California-Santa Barbara

Martin, Erin Haller (2017)

Associate Professor of Mathematics and Program Director, Mathematics and Natural Sciences
BS, Missouri University of Science and Technology; MA, PhD, University of Arkansas

Marzano, Michael P. (2009)

Associate Professor of Management and Assistant Dean, Plaster School of Business and Entrepreneurship
BS, Southern Illinois University-Edwardsville; MBA, Saint Louis University; MIM, Washington University; DMgt, Webster University; CPIM, CSCP

Mason, Michael M. (1991)

Professor of Religion and Butler Chair of Religion
BS, Iowa State University; MA, Loras College; MDiv, University of Dubuque Theological Seminary; DMin, San Francisco Theological Seminary

Mathea, Michael (2010)

Assistant Professor of Economics and Department Chair, Economics
BS, St. Norbert College; MA, University of Houston

McCoy, Lauren (2016)

Assistant Professor of English
MA, University of St. Andrews; MA, PhD, Washington University

McKinney, Brandon (2012)

Assistant Professor of Digital Media
BA, MFA, Lindenwood University

McMaken, W. Travis (2011)

Associate Professor of Religion; Chair, Interdisciplinary Studies Program; and Assistant Dean, Humanities
BA, Wheaton College; MDiv, PhD, Princeton Theological Seminary

Mead, Beth (2004)

Professor of Writing and Program Director, MFA in Writing
BA, MFA, University of Missouri-St. Louis

Miller, Lawrence K. (2011)

Associate Professor of Computer Science
BA, University of Texas-Austin; MS, Southwest Texas State University; PhD, University of Houston

Miller, Nicholas (2016)

Assistant Professor of Paramedicine
BS, University of Minnesota-Twin Cities; MS, Eastern Kentucky University

Millians, Andrew (2014)

Assistant Professor of Digital Media
BA, University of Georgia; MFA, Florida State University

Morris, Edward L. (2002)

Professor of Finance and Assistant Dean, Graduate Admissions Interviews
BA, Washington University; MBA, University of Pennsylvania; PhD, Saint Louis University

Mueller, Carla (1998)*Professor of Social Work*

BS, Southern Illinois University-Carbondale; MSW, University of Illinois at Champaign-Urbana; EdD, Lindenwood University

Najjar, Annette Juliana (2001)*Professor of Economics*

Nasser, Jr. Roger "Mitch" (2016)*Assistant Professor of Educational Leadership*

BA, Saint Louis University; MS, Western Illinois University; PhD, Saint Louis University

Neely, Joshua (2016)*Assistant Professor of Biology*

BS, Humboldt State University; MS, University of Illinois; PhD, Washington State University

Nicolai, Deborah (1993)*Associate Professor of Mass Communications*

BA, MA, Lindenwood University

Nohara-LeClair, Michiko (2002)*Professor of Psychology*

BS, University of Toronto; MAsc, University of Waterloo; PhD, University of Connecticut

Northcott, Donna (2007)*Associate Professor of Theatre*

BA, Saint Louis University; MA, Northwestern University

Nunez-Betelu, Maite (2008)*Professor of Spanish*

BA, University of Basque Country, Spain; MA, West Virginia University; PhD, University of Missouri-Columbia

O'Banion, Patrick John (2010)*Associate Professor of History*

BA, University of California-San Diego; MA, Northwestern University; MA, Westminster Seminary in California; PhD, Saint Louis University

Panagos, Rebecca Jean (1996)*Professor of Teacher Education*

BA, MA, Louisiana Tech University; PhD, University of Missouri-Columbia

Parrish, Gillian (2017)*Assistant Professor of Writing*

BA, George Mason University; MFA, Washington University

Pas, Justine (2010)*Associate Professor of English and Associate Dean, Humanities*

BA, MA, California State University-Fullerton; PhD, University of Michigan

Patterson, Marilyn Miller (1992)*Professor of Psychology*

BA, Florida State University; MS, EdD, University of Memphis

Patterson-Mills, Sarah (2010)*Associate Professor of Counseling and Program Chair, School Counseling*

BA, University of Missouri; MA, PhD, Saint Louis University

Patzius, Billi J. (2007)*Associate Professor of Criminal Justice and Associate Dean, Social Sciences*

BA, MA, University of Missouri-St. Louis; PhD, Saint Louis University

Peach, Amy (2016)*Assistant Professor of Educational Technology*

BA, University of Missouri-Columbia; MA, Georgia State University; PhD, University of Missouri-St. Louis

Peluchette, Joy V. (2013)*Professor of Management*

BS, MS, West Virginia University; DBA, Southern Illinois University-Carbondale

Pennington, Heather (2010)*Assistant Professor of Physical Education and Health Sciences*

BA, Samford University; MA, University of Alabama

Plate, Daniel (2004)*Associate Professor of English*

BA, Taylor University; MFA, University of Arkansas; MA, Washington University; PhD, Washington University

Poertner, Tim (2008)*Professor of Theatre and Theatre Lighting Director*

BA, University of Missouri-Columbia; MFA, University of Texas-Austin

Pomianek, Christina (2012)*Assistant Professor of Anthropology and Sociology*

BA, Truman State University; MA, PhD, University of Missouri-Columbia

Powell-Jia, Darla (2010)*Associate Professor of Chemistry*

BS, North Dakota State University; PhD, University of California-Irvine

Qualls, Melissa (2002)*Assistant Professor of English*

BA, MA, Truman State University

Quiggins, Larry (2002)*Associate Professor of Theatre*

BA, MFA, Lindenwood University

Ralston, Janette (2015)*Instructor of Teacher Education and Director, Field and Clinical Experiences*

BM, University of Missouri; MA, Truman State University; PhD, University of Missouri

Ralston, Neil (2013)

Professor of Journalism and Lindenlink Advisor
BA, BS, Northeast Missouri State University; MA, The Ohio State University; PhD, University of Missouri

Randolph, Jessica (2009)

Instructor of Exercise Science and Assistant Dean, Health Sciences
BA, Carthage College; MS, Logan University

Rankins, Michael (2008)

Associate Professor of Counseling and Assistant Dean, Counseling
BPsy, MEd, PhD, University of Missouri-St. Louis

Ratican, Jeremiah (2014)

Assistant Professor of Interactive Media and Web Design
AA, East Central College; BA, Webster University; MS, University of Advancing Technology

Reighard, Richard (1987)

Associate Professor of Mass Communications and KCLC Operations Director
BA, MA, Lindenwood University

Rice, Saint (2015)

Assistant Professor of Criminal Justice and Program Director, Undergraduate Criminal Justice Degrees and Assistant Dean, School of Accelerated Degree Programs
BA, MS, Lindenwood University; EdD, Maryville University

Richmond, Scott (2016)

Assistant Professor of Exercise Science
BS, Truman State University; MS, PhD, University of Kansas

Rodermund, Robert (2009)

Assistant Professor of Finance and Department Chair, Undergraduate Finance
BSBA, Washington University; MSCFE, University of Missouri-Columbia

Rodriguez, Robin (2014)

Assistant Professor of Earth Sciences
BS, MS, Utah State University; MS, University of Missouri; PhD, Oklahoma State University

Rogers, William (2016)

Associate Professor of Economics and Research Fellow, Center for Economics and the Environment
BA, Hastings College; MA, PhD, Colorado State University

Romero-Ghiretti, Gabriela (2012)

Associate Professor of Spanish
BA, Universidad Nacional de Cuyo, Mendoza, Argentina; MA, PhD, Washington University

Rosenwasser, David (2011)

Associate Professor of Marketing
BA, University of Maryland; MBA, University of Wisconsin; JD, Texas Southern University

Ruettgers, Mary (2014)

Assistant Professor of Teacher Education and Department Chair, Initial Teacher Education Program
BS, McKendree University; MA, University of Missouri-St. Louis; MA, EdD, Lindenwood University

Schneider, Karolina (2011)

Associate Professor of Marketing
BA, BS, MBA, EdD, Lindenwood University

Schneider, Nancy (1999)

Associate Professor of Teacher Education and Coordinator, Early Childhood and Elementary Student Teaching
BS, MS, EdS, Southwest Missouri State University; EdD, University of Missouri-Columbia

Schnellmann, Ana (1995)

Professor of English
BA, The College of St. Benedict; Graduate Certificate, MA, Ohio University; PhD, Saint Louis University

Scholle, Benjamin A. (2002)

Professor of Digital Media and Program Manager, Cinema and Television
BA, Washington University; MFA, American University

Schroeder, Cynthia A. (2010)

Associate Professor of Exercise Sciences and Dean, School of Health Sciences
BS, Southern Illinois University-Carbondale; MS, Northeastern Illinois University-Chicago; PhD, University of Kansas-Lawrence

Scribner, Christopher (1995)

Professor of Psychology
BA, Earlham College; MFA, Lindenwood University; PhD, University of Tennessee

Sharp, Chryssa (2008)

Associate Professor of International Business
BS, University of Illinois-Urbana-Champaign; MBA, Thunderbird School of Global Management; PhD, University of Calgary, Alberta, Canada

Sherblom, Stephen (2008)

Associate Professor of Educational Leadership and Assistant Supervisor, Quantitative Research
BA, University of Massachusetts; EdM, EdD, Harvard University

Shoff, Catherine (2016)

Assistant Professor of Public Health
BS, Santa Clara University; MPH, PhD, Saint Louis University

Singer, Robert A. (2009)

Associate Professor of Accounting
BS, MBA, PhD, Saint Louis University; CPA

Smith, Andrew (2011)

Assistant Professor of Mass Communications
BA, MA, Webster University

Smith, Jeffrey (1996)*Professor of History*

BA, Mount Union College; MFA, Syracuse University; PhD, University of Akron

Smith, Kris Runberg (2002)*Professor of History*

BA, University of Idaho; MA, Washington State University; PhD, Saint Louis University

Stanley, Jacob (2012)*Assistant Professor of Art*

BA, DePauw University; MFA, The University of Tennessee

Steffes, Bob (2016)*Assistant Professor of Educational Leadership*

BA, Truman State University; MA, EdS, PhD, University of Missouri-Columbia

Steiniger, Joseph (2014)*Assistant Professor of Philosophy*

BA, MA, University of Kansas, MA, PhD, University of Chicago

Stewart, Terrance A. (2007)*Assistant Professor of Educational Leadership and Assistant Dean, Educational Leadership*

BS, University of Missouri-Columbia; MS, Central Missouri State University; EdD, University of Missouri-Columbia

Stoelting, Suzanne (2015)*Assistant Professor of Sociology*

BA, MA, PhD, Southern Illinois University-Carbondale

Strzelec, Janet (1998)*Associate Professor of Dance and Department Chair, Dance*

BS, Southern Illinois University-Edwardsville; MFA, Lindenwood University

Stuhler, Eric (2006)*Professor of Management*

BA, Lindenwood University; JD, University of Missouri-Kansas City

Sweeney, Daniel (2014)*Associate Professor of Sport Management*

BEd, McGill University; MHK, University of Windsor, Ontario Canada; PhD, Florida State University

Talbott, F. Robert (2007)*Assistant Professor of Information Systems*

BS, Southern Illinois University-Edwardsville; MBA, Lindenwood University

Tessmer, Kathryn (2012)*Associate Professor of Exercise Science and Associate Dean, School of Health Sciences*

BA, Blackburn College; MEd, Southern Illinois University-Carbondale; PhD, University of Pittsburgh

Thies, Jeanie (2007)*Professor of Political Science*

BA, University of Missouri-Columbia; MA, PhD, University of Missouri-St. Louis

Thomason, Andrew (2004)*Associate Professor of English*

BA, Lindenwood University; MA, MLA, Washington University

Torbitzky, Nichole (2016)*Assistant Professor of Religion*

BA, Truman State University; MDiv, Pittsburgh Theological Seminary; PhD, Claremont Graduate University

Townsend, Maryann (1995)*Associate Professor of Information Systems*

BA, MS, MBA, EdD, Lindenwood University

Trawick, Chajuana (2012)*Assistant Professor of Fashion Design and Department Chair, Fashion Design*

BS, MBA, MFACS, Fontbonne University; PhD, University of Missouri-Columbia

Troy, John (2002)*Professor of Art and Program Chair, Art and Design*

Vahle, William B. (2004)*Associate Professor of Management and Head Coach, NCAA Tennis*

BS, Purdue University; MBA, University of Michigan

Van der Graaf, Vanessa (2008)*Associate Professor of Teacher Education*

BS, University of Missouri-St. Louis; MEd, EdS, EdD, Lindenwood University

Van Dyke, C. Renee (2001)*Associate Professor of Computer Science and Department Chair, Computer Science*

BS, Towson State University; MS, Midwestern State University

Voss, Edward (2006)*Assistant Professor of Mass Communications and LUTV Operations Manager*

BA, University of Missouri; MA, Webster University

Wagener, Donna (2014)*Assistant Professor of Teacher Education*

BA, MA, University of Missouri-St. Louis; EdD, Maryville University

Wall, Howard (2011)

Professor of Economics and Director, Hammond Institute
BA, State University of New York at Binghamton; MA,
PhD, State University of New York at Buffalo

Wall, Mike (2001)

*Associate Professor of Communications; Associate Dean,
School of Arts, Media, and Communications; and General
Manager, KCLC Radio*
BA, MA, Lindenwood University

Walton, C. Dale (2012)

Associate Professor of International Relations
BA, University of New Mexico; MS, Missouri State
University; PhD, University of Hull, United Kingdom

Weber, Abigail (2008)

*Instructor, Sports Management and Head Coach, NCAA
Women's Golf*
BA, MBA, Lindenwood University

Wehmer-Callahan, Laura (2012)

*Instructor of EPP and Coordinator, English
Preparedness for Business*
BS, MA, Southern Illinois University-Edwardsville

Weich, Susan (2015)

*Assistant Professor of Journalism and Advisor, The
Legacy*
BA, Benedictine College; MFA, Lindenwood University

Weir, Graham (2009)

*Associate Professor of Educational Leadership;
Department Chair, Educational Specialist Program; and
Coordinator, Administrative Internships*
BA, Principia College; MA, Truman State University;
EdS, PhD, Saint Louis University

Welsh, Chad T. (2010)

*Assistant Professor of Biology; Division Chair, Biology
and Earth Sciences; and Department Chair, Biology*
BS, MS, Middle Tennessee State University; PhD,
University of Louisville

Whaley, Michael J. (2002)

Professor of History and Dean, School of Humanities
BA, University of Missouri-Columbia; MA, University of
Missouri-St. Louis; PhD, Southern Illinois University-
Carbondale

Whitacre, Michelle (2016)

Assistant Professor of Teacher Education
BA, University of Notre Dame; MA, University of Notre
Dame Australia, MAT, Webster University; EdD,
University of Missouri-St. Louis

Willbrand, Kim (2017)

Instructor of Accounting
BS, University of Missouri; MBA, Lindenwood
University

Williamson, Shane Y. (2007)

*Associate Professor of Education; Associate Vice
President, Student Life and Diversity; and Dean of
Students*
BSBA, MS, Shippensburg University; MBA, Lindenwood
University; EdD, Rutgers University

Winslow, Kevin D. (2011)
