Hi Laura,
I confirm that I want to remove the embargo entirely.

Thank you,
Waleed Asiri

Mr. Asiri,

I can remove the embargo, but I want to make sure that is what you want.

You can access your thesis now by logging into your account.

If I remove the embargo, it will be accessible by anyone on the internet and indexed by Google and other search engines. Since you embargoed it for two years when you graduated, please confirm that you want me to remove the embargo entirely. Once you confirm, I will do so.

Laura

Subject: Respiratory Therapy Thesis

Dear,
I hope you are fine.

Regarding my thesis, " Prevalence of Burnout Syndrome Among Respiratory Therapists in Saudi Arabia," published, I noticed that I couldn't open my thesis due to the embargo.

Kindly, can you help me to remove this issue and fix it to be available to everyone?

Best,
Waleed Asiri
