

# A Descriptive Review of Sexual Dysfunction Treatments

MaRSS Lab

Methodology and Relationship / Sexual Science

Student: Yuemei Wu  
Supervisor: Dr. John Sakaluk

## 01 Introduction

- Definition of sexual dysfunction
  - The four major categories of sexual dysfunctions include disorders of sexual desire/interest, arousal, orgasm, and sexual pain (Hatzimouratidis & Hatzichristou, 2007).
- Why is it important?
  - prevalence
    - around 33% in men and 46% in women (Briken et al., 2020)
  - meaningful part of life
  - trustworthiness (Fanelli, 2011)
- Plans for the program
  - credibility problems on treatments

## 02 Objectives

- A descriptive review of sexual dysfunction treatment literature
- Explore topics for honor thesis

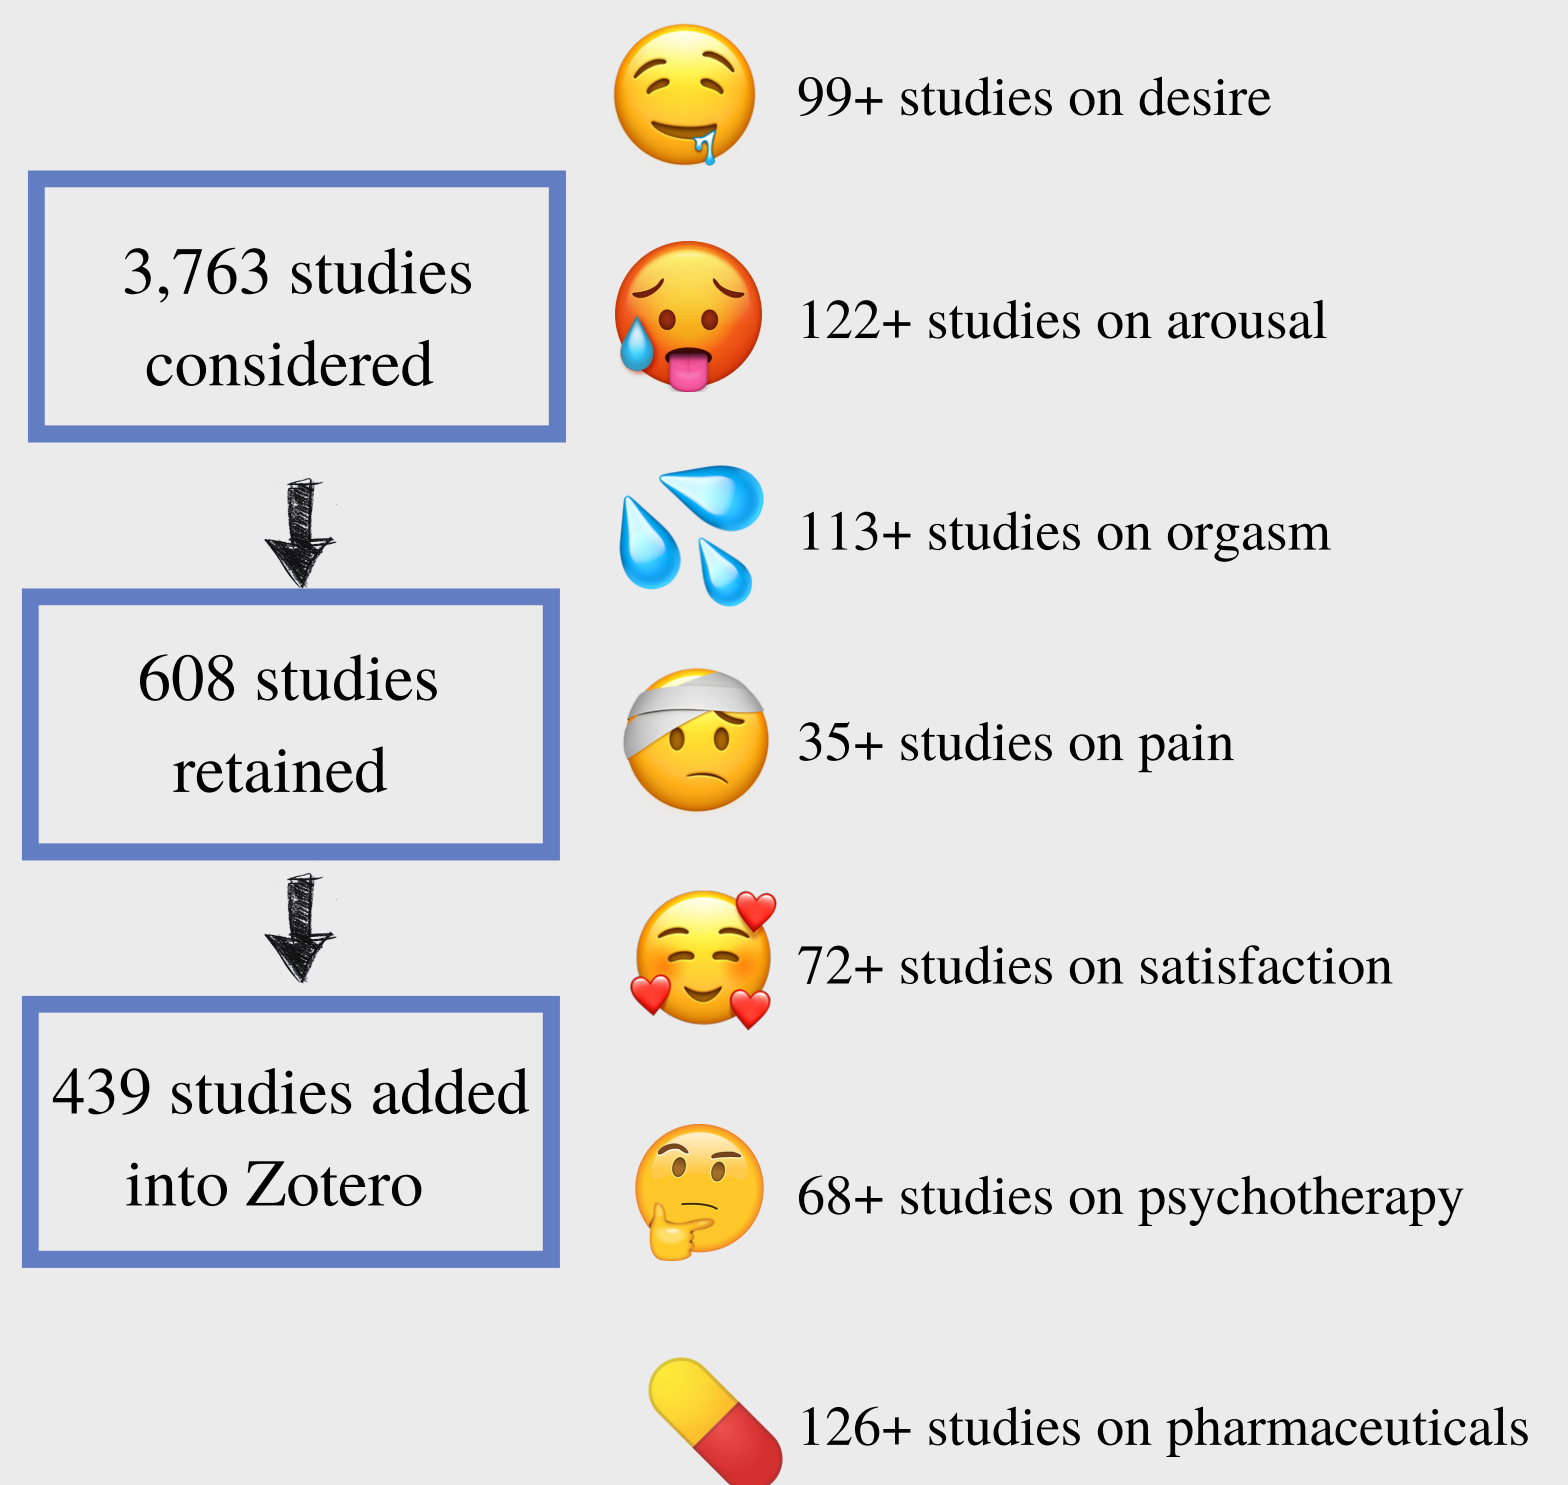

## 03 Methodology

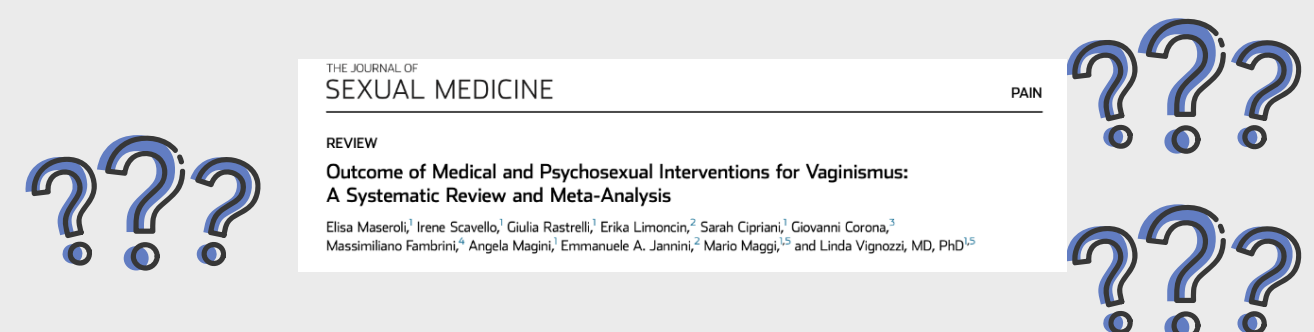

## 04 Coding

- The people, the treatments, the methodology and the analysis

## 05 Review Progress

## 06 Future Plans
