Beginning July 1, 1933, The State Relief Administration took over the administration and payment of all poor relief, both Town and County. Not being organized to pay the bills on that date, the Relief Administration instructed the town to carry on for the month of July, to be reimbursed by the State later.

The law provides that during the period the State takes over the poor relief, one fourth of the Town poor expense will be charged back to the town, and one fourth of the County poor expense will be charged back to the County, the State to stand three fourths of the expense.

LIBRARIAN'S REPORT

In May the Secretary of the New Hampshire Public Library Commission spent three days with the Trustees at the Town Library. During this time obsolete books were discarded, injured books were put aside for repair, and books in good condition were classified and arranged in alphabetical order.

Two cases of book shelves have been added to the library equipment and spaces allotted to reference books and school reading lists.

Especial attention has been devoted to developing the Juvenile Library. This effort has won recognition by the State Commission and state aid has been granted in the purchasing of new books.

The four schools of the town have given fine cooperation and traveling libraries, loaned by the State Commission and circulated through the local library, are placed in each school.

The branch library at the Flat has had an active year.

Following are the statistics:
