## **I live in a town...**

I live in a town  
That's on the edge of another town  
Near a bend of a stream  
High on a hill

I go to a school  
That has six grades  
And kindergarten  
Near a playground and ball field

I ride my bike  
Down a road made of dirt  
Near horses that live next door  
With fields on both sides

I fish in a pond  
That's near the center of town  
Where the fish are plentiful  
Next to huge corn fields

I might not notice  
Every day  
How pretty it is  
In this place  
Called Mont Vernon  
A town on the edge of another town  
But like no other town

*Sue Leger*

**2013 TOWN WARRANT  
TOWN OF MONT VERNON  
THE STATE OF NEW HAMPSHIRE**

---

*Polls will be open from 7:00 am to 7:00 pm on Tuesday March 12<sup>th</sup> at the Village School to act on Article 1. The remaining articles will be considered at 7:30 pm at the Village School.*

***TO THE INHABITANTS OF THE TOWN OF MONT VERNON, in the County of Hillsborough in the State of New Hampshire, qualified to vote in Town affairs:***

*You are hereby notified to meet at the Village School in said Mont Vernon, on Tuesday the 12<sup>th</sup> day of March, next at 7:00 of the clock in the forenoon, to act upon the following subjects:*

***ARTICLE 1: Election***

To choose all necessary Town Officers for the year ensuing.

*Action on succeeding articles will be deferred until 7:30 pm at MVVS.*

---

***ARTICLE 2: Gifts, Legacies, and Devises***

To see if the Town will authorize the Selectmen to accept on behalf of the Town, gifts, legacies and devises made to the Town in trust for any public purpose, as permitted by RSA 31:19.

***ARTICLE 3: Borrow in Anticipation of Taxes***

To see if the Town will authorize the Selectmen and Treasurer to borrow in anticipation of taxes.

***ARTICLE 4: Reappraisal of property. (Two year Non-Lapsing)***

To see if the Town will vote to raise and appropriate the sum of Seventeen thousand, five hundred dollars, (\$17,500) for the purpose of conducting a statistical update to comply with state mandated updates required every 5 years. *(Selectmen Unanimously Support)*

***ARTICLE 5: Police Department Repeater Systems***

To see if the Town will vote to raise and appropriate the sum of Nine Thousand Three Hundred Dollars (\$9,300.00) to purchase and install a radio repeater system into each of the three police cruisers.

*(Selectmen Unanimously Support)*

***ARTICLE 6: Capital Reserve Fund to Reconstruct Carleton Pond and the Surrounding Park.***

To see if the town will vote to create a capital reserve fund under the provisions of RSA 35:1, for the purpose of reconstructing Carleton Pond and the Surrounding Park, and furthermore, to raise and appropriate Fifteen Thousand Dollars (\$15,000) toward this purpose and to name the Selectmen as agents to expend from this fund upon the recommendation of the Conservation Commission. *(Selectmen Unanimously Support)*

***ARTICLE 7: Capital Reserve Fund for the Purchase of New Fire Department Personal Protective Gear.***

To see if the town will vote to create a capital reserve fund under the provisions of RSA 35:1, for the purpose of replacing firefighter bunker gear that is at or very near its expiration date, and furthermore, to raise and appropriate Fifteen Thousand Dollars (\$15,000) toward this purpose and to name the Selectmen as agents to expend from this fund upon the unanimous recommendation of the Board of Fire Wards.

*(Selectmen Unanimously Support)*

***ARTICLE 8: Repairs to Fire Tanker #1; 2004 International.***

To see if the Town will vote to raise and appropriate the sum of Seventeen Thousand Five Hundred (**\$17,500**) to be used to replace the existing computer control system for the pump and the porta-tank storage compartment on Tanker #1, the 2004 International Tanker Truck.

*(Selectmen Unanimously Support)*

***ARTICLE 9: Install Generator at MVVS. (Two Year-Non Lapsing)***

To see if the town will vote to raise and appropriate \$60,552 for the purpose of installing a generator at MVVS to enable the school to be used as an emergency shelter. Said appropriation to be offset by a NH Homeland Security & Emergency Management Performance Grant in the amount of \$40,276, and \$20,276 to come from taxation. This article will be a two year, non-lapsing article under the provisions of RSA 32:7VI.

*(Selectmen Unanimously Support)*

***ARTICLE 10: McCollom Building Special (Two Year Non-Lapsing)***

To see if the Town will vote to raise and appropriate the sum of Forty Thousand Dollars (\$40,000) for the purpose of repair and maintenance to the McCollom Building. This article will be a two year, non-lapsing article under the provisions of RSA 32:7VI.

*(Selectmen Unanimously Support)*

***ARTICLE 11: Special Purpose, 5 Year Non-Lapsing Article***

To see if the Town will vote to raise and appropriate the sum of Eighty Thousand Dollars (\$80,000) for the reconstruction of Town roads. To be offset by the Highway Block Grant. This article will be a five year, non-lapsing article under the provisions of RSA 32:7VI.

*(Selectmen Unanimously Support)*

***ARTICLE 12: Operating Budget***

To see if the Town will vote to raise and appropriate the sum of: Two Million Twenty Thousand Seven Hundred Seventy Dollars. (\$2,020,770) for the 2013 operating and maintenance budget, exclusive of other warrant article.

*(Selectmen Unanimously Support)*

**ARTICLE 13: Reduce Planning Board from Seven to Five Members.**

To see if the Town will vote to reduce the required membership of the Planning Board established under the terms of RSA 673:1 from seven members to five. The Board shall consist of one Selectman, and four other citizens appointed by the Selectmen, as set forth in RSA 673:2 II(a).

**ARTICLE 14: Reports**

To act upon the reports of all Town Officers, Agents, Auditors, Committees, etc. and raise and appropriate any money relative thereto.

**ARTICLE 15: Other**

To transact any other business which may legally come before said meeting.

*Given under our hands and seal, this 12<sup>th</sup> day of February, in the year of our Lord Two Thousand and Thirteen:*

## MONT VERNON TOWN BUDGET COMMITTEE

---

The budget committee met with representatives from the Police Department, the Fire Department, the Town Clerk's office, the Conservation Commission, the Planning Board, and the Highway Department in preparation for this report. We were able to complete our analysis of the town budget in time to make our recommendations known to the Selectmen prior to their public presentation. Although the current budget reflects some changes that the Selectmen and the department heads have made in response to our recommendations, the Budget Committee makes the following, additional recommendations:

**Emergency Management - Line Item 429000:** The Budget Committee, by unanimous vote recommends that this line item be kept the same as last year at the \$300 level.

**Highways and Streets - Line Item 431271 Rep. & maintenance on '99 Int.:** The budget committee recommends by a vote of 3 for, 0 against, and 1 abstention, that this line item be reduced to \$0, expecting that the '99 International will be retired by the end of March.

**Public Works – General:** The budget committee unanimously recommends that the total for this subsection of the budget be reduced to below \$30,000, noting that in the previous 4 years the actual expenditures have never exceeded that amount. The committee specifically recommends that line item 431450 (Grounds maintenance/ tree work) be reduced to \$8,000, and line item 431462 (tools and equipment) be reduced to \$6,000, and 431499 (supplies) be reduced to \$5,000.

**Welfare:** The budget committee notes that in the previous 4 years, the actual expenditures for line item 444202 (Heat) has never exceeded \$2,500, and in the past 2 years the actual expenditures have been 0. We therefore unanimously recommend that this line item be reduced to \$2,500.

### **Warrant Articles:**

**Article 4: Reappraisal of Property:** The Budget Committee unanimously supports this article, noting that this is a mandated expense.

**Article 5: Police Department Repeater Systems:** The Budget Committee supports this article by a vote of 3 to 2. However, we have serious concerns about how well the systems will work and we, therefore, recommend that thorough testing be performed before any funds are committed towards their purchase.

**Article 6: Capital Reserve Fund to Reconstruct Carleton Pond and the Surrounding Park:** The Budget committee, by a vote of 3 to 2, recommends reducing the amount to \$5,000. We note that the original amount requested would not begin to pay for all of the work recommended in the engineering report. We, therefore, recommend that the fund be opened, but funded at a lower level until a more detailed plan as to how the work would be phased in and what other sources of funding would be sought could be developed.

**Article 7: Capital Reserve Fund for the Purchase of new Fire Department Personal Protective Gear**  
The Budget committee supports this article by a vote of 3 for, 2 against. Members of the committee noted that all of this gear expires in the same year and were concerned that the town would incur a large expense in that single year. It would be better if the purchase of this equipment were phased in over a period of years. That way this expense would be stable year-on-year and could be covered as a budget line item instead of a warrant article.

**Article 8: Repairs to Fire Tanker #1:** The Budget Committee supports this article by a vote of 4 for, 0 against, and 1 abstention.

**Article 9: Install Generator at MVVS:** The Budget Committee unanimously opposes this article, noting that such an installation will incur further annual expenses and such a shelter may not be necessary considering the availability of other possible shelters in the area and the fact that the town has already paid for a large generator in the firehouse.

**Article 10: McCollom Building Special:** The Budget Committee makes no recommendation on this article, noting that the energy audit came in too late for us to make an informed decision.

**Budget Committee Members:** John Arico – Chairman, Tony Immorlica, Alyson Miller - Secretary, Wesley Sonner, Chip Spalding, Jim Whipple – Selectmen's Representative, Laurie Brown – Selectmen's Secretary, Kim Roberge – School Board Representative

## Selectmen's Annual Report

---

This past year proved to be a relatively quiet one for the town. There were no major crises or weather events as we have had in the recent past. Our single significant setback was the loss of the 1995 dump truck after a rollover in bad weather. Fortunately, the town was able to replace it temporarily with its sister that had been retired and kept in reserve for just such an occurrence. We were also able to purchase a new pickup truck using the insurance proceeds from the wrecked dump truck in combination with other funds already set aside for such a purpose.

The board would like to congratulate Mike Ypya on a successful 2012 as our new road agent and DPW chief. Mike was promoted early last year when the position became empty. Both he and his crew have provided excellent service to the town in maintaining our roads despite having limited resources to do so.

No major repairs were made to the McCollom building last year. After completion of the roof and bell tower work in 2011, the select board decided that it would be best to have a detailed energy audit completed on the building before deciding on how to proceed further. That report was delivered to us at the end of the year, and shows that re-insulating and replacing the heating system are the next most cost effective upgrades needed. We, in conjunction with our building advisors, will be formulating a plan on how to proceed this spring.

The board would like to thank Hillary Sonner for accepting the position of town recreation committee director. This is a demanding job that has gone unfilled for quite some time. We applaud her efforts and pledge our complete support. We would also like to thank David Sturm for volunteering to act as town moderator in the wake of Sue Granfors' resignation. He will be on the ballot in March.

Unfortunately for us all, there are several townspeople who are leaving their seats on town committees, and we would like to thank them here; The aforementioned Sue Granfors, who is moving out of town, Wes Robertson, who has ably led the conservation commission for several years, has moved out of town, Wes Sonner, who as a relatively new member of the planning board took on the position of chair, has had to step down for professional reasons, Don Gunter and Scott Newell will be stepping down as well. Special thanks goes to Annette Immorlica, who has served ably for over ten years on the planning board in every capacity, and has decided to step down at the end of her term this March. Her great breadth of knowledge and dedication to the betterment of our town will be greatly missed.

We would like to remind everyone that Mont Vernon's government is a volunteer government. It only works if we have townspeople willing to give their time and talents on behalf of us all. We currently have several seats on a number of committees and boards that need to be filled. It has also become noticeable over the last few years that far too many elected positions in town have only a single candidate or none at all. Please consider stepping forward.

On a final sad note, the board would like to mark the loss of former town selectman Peter Savage, who died tragically this past year in a car accident. Peter served for many years on behalf of Mont Vernon, and we wish to express our appreciation for all he did, as well as our condolences to his family and friends.

Sincerely,

Your Board of Selectmen:

John F. Quinlan, Jr., Chairman  
John M. Esposito  
James W. Whipple

## Beautification Committee

---

For the past several years our committee has kept busy with a wide range of new planting projects and gardening activities. In 2012, with the expectation of a major change in membership, we scaled back our ambitions and concentrated primarily on maintaining established gardens in town. This focused effort gave seasoned committee members the opportunity of working closely with newly recruited volunteers and assured a smooth transition from one team to another.

This report therefore announces that after many rewarding years of accomplishments, Kelly Merryfield (garden designer extraordinaire), Patty Glassman (tireless, enthusiastic and talented gardener) and Susan King Ecklund (a 20 year veteran) have resigned their positions on the Beautification Committee. It has been a privilege and honor for each of us to serve our community and it is with great pride that we pass the baton to Karolin Campbell, Juli Harvey and Bethany Howe. This new team of gardeners brings many talents and fresh ideas to the committee and they are dedicated and committed to keeping Mont Vernon “our lovely village on the hill.” If interested in joining their efforts and sharing creative energy and fun, please contact the Town Hall.

Respectfully submitted,

Susan King Ecklund, Retired Chair  
Mont Vernon Beautification Committee

Karolin Campbell  
Juli Harvey  
Bethany Howe

*Changing Mont Vernon One Garden at a time.....*

## CONSERVATION COMMISSION

---

Members:

G. Wesley Robertson – Chair	Jim Bird
Jay Wilson – Vice Chair	Earle Rich
Joanne Draghetti	Garth Witty
Mary Jean MacGillivray	
Alternates: Shelley Brooks	Larry Yetter

---

The focus of 2012 has been on the management of several conservation parcels beginning in April with the completion of the acquisition of Havinga Woods, which was made possible only through the generous donation of the land by Jan and Mimi Havinga. Future goals for this parcel include small parking area, kiosk, and trail for public enjoyment.

Next was the completion of a timber harvest on the Nadeau Forest, owned by New England Forestry Foundation, with a conservation easement held by the Conservation Commission. After over a year of planning, including a pre and post harvest walk with NEFF, Amherst Land Trust, the Conservation Commission and the public, the harvest was completed in November. NEFF also provided much needed and costly trail work on conservation land owned by the town in the Purgatory Brook Watershed, Wah Lum Reserve on trails where there was significant erosion, by installing rocks for drainage, waterbars, and grading the trail.

After all the notoriety of Carleton Pond last year, our major focus and biggest undertaking is to restore the pond to a much healthier status by improving the water quality and drainage for recreation uses such as fishing and ice skating, and a fire pond to serve the residents in the Village. An engineering plan has been developed by Bill Davidson of Hoyle, Tanner & Assoc. whom we thank for all the work and time spent on this project. This is an extensive undertaking that will require funds and support. We are requesting a non-lapsing warrant article helping to spread out the cost, be in the best interest of our citizens, and enable us to apply for matching grants to assist with funding, which will be a great asset to Mont Vernon.

We welcome both Shelley Brooks who was appointed as a member in December and Larry Yetter who joins us as an alternate member. We want to thank all those who have volunteered their time this year with various projects, especially Fred Reis for mowing the view lots, Paul Sontag for building a trail kiosk, and Barry Salussolia for trail maintenance. Any one else who is interested in helping out, please contact us!

We are very sad to say goodbye to our wonderful Chair, Wes Robertson who has moved to Amherst. We cannot thank Wes enough for his outstanding leadership, commitment, and service to the Conservation Commission and Town of Mont Vernon over these past 8 years. Wes will be greatly missed, but we wish him well and the best of luck!

Respectfully submitted,  
Joanne Draghetti

## DALAND MEMORIAL LIBRARY

---

Daland Memorial Library  
PO Box 335, 5 North Main Street  
Mont Vernon, NH 03057-0335  
603-673-7888

Email: [dalandlibrary@comcast.net](mailto:dalandlibrary@comcast.net)

Website: [dalandlibrary.wordpress.com](http://dalandlibrary.wordpress.com)

On-line catalog: <https://daland.biblionix.com>

What does it cost to have a library in Mont Vernon? 18¢ per \$1000 home value supports the Daland Memorial Library. That means if your home is assessed at \$250,000, \$45 of your tax bill is used towards library expenses (250 x .18). What does \$45 buy you at a retail store or on-line? It might buy you two hardcover books or a few e-books or DVDs.

So how do we spend your \$45?

The library is staffed with 4 dedicated part-time employees. All of the buildings' expenses (utilities, furniture, computer equipment, etc.) are paid for privately by the Daland Trust. The Friends of the Library raise funds and pay for museum passes, the movie license, a monthly newsletter, gift certificates and prizes for summer reading, treats for Halloween and many other activities and programs.

We use the town appropriation for:

- Books, magazines, audiobooks, movies and other physical materials.
- Membership in the New Hampshire Downloadable Book consortium which allows our library members access to thousands of e-books and audiobooks at no additional charge. Over 700 titles were downloaded by our members in 2012.
- Classes for preschool children – lapsit for 1-36 months, storytime for 3-5 year olds. Super Saturday programs for 6-10 years olds. Book groups for children in grades 3-6.
- Summer reading activities for children ages 0-18. Last year over 200 children participated, reading more than 1,942 books. The library hosted 33 sessions of crafts, performers and activities which 1,275 people attended.
- Adult programs: monthly Lunch and a Movie program, Calvin Knickerbocker's "Your Hit Parade", a monthly adult book group, a presentation on Black Bears in New Hampshire, an Afternoon Tea and Scones get-together, and a session by the NH Astronomical Society.
- Subscription fees to our on-line catalog which allows you to search, renew and request items from home or a mobile device.

Your library was visited more than 12,500 times in 2012! The Daland Memorial Library is more than just books. Please stop by and make use of a great service that you, as a taxpayer, are already supporting.

*Karen MacDonald, Library Director*

*Lise Fleurette, Jane King & Cindy Raspiller, Library Trustees*

## OFFICE OF EMERGENCY MANAGEMENT

---

PO Box 483

Tel: (603) 673-1383 / Fax (603)673-3653

email: MVEM@comcast.net

The Mont Vernon Emergency Management team is responsible for coordinating town, state and federal resources during times of natural or man-made disasters. Mont Vernon was fortunate this year with no reported injuries and minimal damage to the town infrastructure and personal property during the two weather incidents. The ice storm in February and Hurricane Sandy produced minor damage which did not severely impact the town. The Emergency Management office in the Fire Department serves as the Emergency Operations Center (EOC) when a severe emergency event occurs, such as the December 2008 Ice Storm. The EOC is activated when a community hazard exists that would stress the town resources. The hazard may be in the form of a local weather event (ice/snow storms, hurricane, and severe thunderstorms), natural disaster (earthquake, wildland fire over a large area) or manmade incidents (hazardous materials spill, civil disturbances or national security emergencies). Local mutual aid pacts, state and federal resources are available if a severe incident occurs, however if the incident is regional or state-wide, the town will likely need to provide the initial response with the town departments coordinated by the EOC and utilize local resources. The Town Emergency Operations Plan and the Hazard Mitigation Plan will be updated this year and input from town residents is welcome. The plans identify possible hazards or incidents, preparations, mitigations, response and recovery actions.

The best preparation is for each household to follow the recommendations of the state and federal agencies. Information and resources related to emergency preparedness can be found at the following websites:

ReadyNH <http://www.nh.gov/readynh/stay/index.htm>

Federal Emergency Management Agency <http://www.fema.gov/>

National Weather Service/Taunton <http://www.erh.noaa.gov/box/>

Respectfully Submitted,

James DeWitt

Director

Kendall Hill Road during the Hurricane Sandy

## MONT VERNON FIRE DEPARTMENT

---

*Pride*

*Tradition*

*Honor*

To Report a Fire, Police, or Medical Emergency, **dial 911**.  
Fire Dispatch Frequency 33.64 Mhz

To contact the dispatch center, you can call 673-1414, for immediate but non-emergency assistance; for all other purposes, leave a message at the station business phone 673-1383 and a department official will return your call.

### **We Welcome New Members!**

The Town of Mont Vernon is serviced by a fire department comprised of individuals who, in their free time train and respond to incidents and are compensated for their hours of service. We respond and help our neighbors whenever the call for service occurs. Have you ever wanted to give back to your community? We welcome any new member who wants to answer their community's need for help.

Being a fire fighter offers a reward few other opportunities can match. Few positions offer you the opportunity to save a life. But as a fire fighter, you may be called upon to do it at a moment's notice. That's why we need people with a strong desire to help others. People with courage and dedication to the work they do. Because this position is so important, we make sure all of our volunteer fire fighters are professionally trained and properly equipped.

The Mont Vernon Fire Department operates out of its modern facility on Main St. strategically placed in the middle of town. Its current staff of 24 Members and Officers operate: 3 Fire Engines, 1 Tanker, 1 Forestry Truck and a Forestry-Utility Truck. As a member of this dedicated team, you will respond to firefighting and rescue operations, train on and operate and maintain fire apparatus and equipment, and participate in public relations and education.

The Mont Vernon Fire Department pays its members an hourly rate for their time training and responding to incidents. Members meet the first Monday of every month and train 18-20 times per year.

At an incident, every hand is vital in making sure we can leverage all of our resources to protect our community's property and lives. So if you want to do something important for your community and are willing to take on a challenging opportunity, being a Mont Vernon fire fighter may be the opportunity for you.

For more information please contact the Mont Vernon Fire Department at 673-1383 or by email at [chiefmvfd@comcast.net](mailto:chiefmvfd@comcast.net). We are regularly seeking new members. Contact us today to see what it's all about!!

**Fire Prevention:**

The members of the Fire Department volunteer their time during October as they instruct kindergarten thru third grade on fire safety in the home and at school. Department members demonstrated equipment used by the department, what to do in case of an emergency, how to report an emergency situation, how to react in a fire, pre-planning your home and escape routes, and how to assist other people. As part of insuring your family's safety you should have and practice a fire escape plan and inspect and test your smoke detectors. If you have battery equipped smoke and carbon monoxide detectors you should change the batteries at least once a year and have a working fire extinguisher. Being prepared before you have an emergency is the first step in protecting your family and property. If you have a question, please call us or send an email to: [chiefmvfd@comcast.net](mailto:chiefmvfd@comcast.net).

Use care when disposing of wood and coal ashes from your fireplaces or woodstoves. Coals can remain hot enough to start a fire for up to 72 hours after being removed. The department responded to a few outside fires, before we had a significant snow cover, that were started by wood stove ashes.

If you have a fire or suspect a problem, call 911 immediately, fires can double in size every minute.

**Permits:**

Outside Burning Permits: A written permit is required for any outside burning when there is not complete snow cover. To obtain a permit, call the fire station (please give at least 24 hours notice) or contact Forest Warden Kevin Pomeroy.

Seasonal permits require an inspection and depending on the size of the fire pit, you need to be a minimum of 25 feet away from a building, depending on the size of the fire pit. Seasonal permits are good only for the calendar year, and are usually issued in April or May.

The Department issued over 200 outside burn permits and 28 seasonal permits.

Oil Burner Permits: Installation/replacement of an oil burner/heating oil tank, requires an inspection and permit issued by the department.

## **FIRE DEPARTMENT**

**(Cont.)**

The Department responded to 108 incidents in 2012.

### **Fire Department Responses**

Brush Fires	7	
Carbon Monoxide	3	Alarms and investigations
Chimney Fire	1	
Fire Alarms	16	
Non-permitted fires	7	
Medical Assist	8	Lift assist and medical emergencies
Mutual Aid	31	23 responses were to the fire/incident
Outside Electrical	6	Transformer fire / wires down
Police Assists	2	
Search Lost Person	1	
Service Calls	8	Investigations / Outside Smoke Check
Storm Coverage	2	
Stove Fire	1	
Structure Fires	3	
Vehicle Crash	12	1 required extrication
	108	

Non-permit / Illegal fires can lead to large woods and brush fires. As a reminder, whenever there is no snow cover, a written permit is required for any outside burning. For an outside cooking or campfire, a seasonal permit can be issued.

### **Town Meeting Warrant Articles:**

We fully understand the demands made on each of us as taxpayers, but it is our duty to provide for the safety and protection of our firefighters and those we are responding to assist. We present to you for your consideration, the needs of the Fire Department. We hope that you will support these needs and those that use the equipment.

#### **⇒ Bunker Gear Replacement:**

As we presented in our report last year, we are asking for a non-lapsing warrant article for the replacement of our protective bunker gear. The cost of this project will be approximately \$40,000.00, as each set of gear will cost \$1,600.00. The gear will need to be replaced in 2015-2016.

#### **⇒ Tanker 1 Upgrade:**

We are requesting \$17,500.00 for a needed upgrade to the tanker-pumper truck. The electronic pump control system is no longer functioning properly or safely. As this is what controls the trucks ability to pump water, it is extremely important that it work correctly.

We are also looking to replace the portable tank storage compartment, with a fold down. Presently it takes 4 to 6 members to remove and put back the portable folding tank. With an automatic fold down, 2 members could perform this task. (Portable tank is a 2500 gallon folding canvas tank that tankers dump their water into, which is then pumped to a fire.)

In 2012, the town voted to fund the replacement of new vehicle rescue tools. The Department tested three different manufacturers, purchasing Holmatro Rescue Tools. We want to thank the citizens and the Board of Selectmen for their support on this very necessary equipment replacement.

Board of Fire Wards

Jay S. Wilson

Sean Mamone

Randy Wilson

Chief Jay S. Wilson, Mont Vernon Fire Department

## Green Lawn Cemetery

---

Green Lawn Cemetery has the capacity to remain an active burial place for several more years at the current rate of lot purchases. However the need to begin development of the parcel of town land behind the post office being upon us, the trustees recognized that a partitioning to define the boundaries that will contain the cemetery must be conducted. To this end an independent committee was formed, consisting of representatives of the boards of selectmen, library and cemetery to arrive at an equitable and legal administrative partitioning. The cemetery trustees wish to express our gratitude for the cooperation of those boards for their participations in the deliberations and seeing the partitioning project to a successful completion in the year 2012 allowing the new cemetery planning stage to commence.

Appreciation also goes to the DPW for overseeing the leaf raking and lawn mowing resulting in a very nice appearance of the grounds throughout the year.

Trustees concerns remain high regarding unauthorized plantings and decorations and we will be paying more vigorous attention to this matter in the coming year. We also request the public take notice of well posted signs and available brochures containing cemetery rules.

The trustees held a noticed public hearing on September 27, 2012 and adopted rules regarding plantings, decorations, burials and other cemetery activities. Rules brochures are available at the cemetery, town offices, from the trustees or on-line at <http://www.montvernonnh.us/> .

The cemetery website continues to be in the process of updating. We expect to have on-line interactive forms for purchase of lots and interments available early 2013.

Please walk through your cemetery and enjoy the peace, quiet and history of Mont Vernon that your late family members, neighbors and friends have contributed to our town as you read the etchings of their lives.

Respectfully submitted,

Richard Quintal	2013
Barbara Whipple	2014
Mary-Alyce Minor	2015

## DPW / HIGHWAY DEPARTMENT 2012

---

The 2012 year was a productive one for the highway department. A few storms this past year had us busy with washouts and additional tree work. Our regular ongoing maintenance on the town roads and buildings continue as well. We removed several dead trees around town and had stump grinding done to a few stumps that were dangerously close to the roadways. Additional work that was done in 2012 was the paving of Temple St. and Batchelder Road as well as aprons on Old New Boston Road and Blood Road. We also changed some culverts and did some roadside ditching as part of our ongoing drainage program. We will have additional culverts to replace this year as well and the cleaning of catch basins throughout town. We also had line painting done on the roadways to freshen up the yellow center lines.

The highway department acquired a 2012 Ford F-250 to use as a utility truck. The truck is equipped with a distance measuring device for the accurate measuring of our roadways for any road work to be done. It is also equipped with high powered flood lights for night work that will make those jobs a lot safer for the crew.

This year's projected projects will include the reclaiming and paving of a section of Old Wilton Road as well as continuing the widening and stump removal on the dirt section of Purgatory Road. Our ongoing maintenance will continue in town with the mowing of all the town building lawns, as well as the Cemetery, the school, and the parks.

The DPW will also continue the operation and maintenance of our transfer station.

**A big thank you from the highway department goes out to the residents of the Mont Vernon for all their support.**

Submitted by:  
DPW Director Michael Ypya

# MONT VERNON HISTORIC DISTRICT

ADOPTED MARCH 13, 1979

The Village Historic perimeter shall include the following streets and roads and all land and buildings within 300 feet of the center line of such streets and roads, unless otherwise stated:

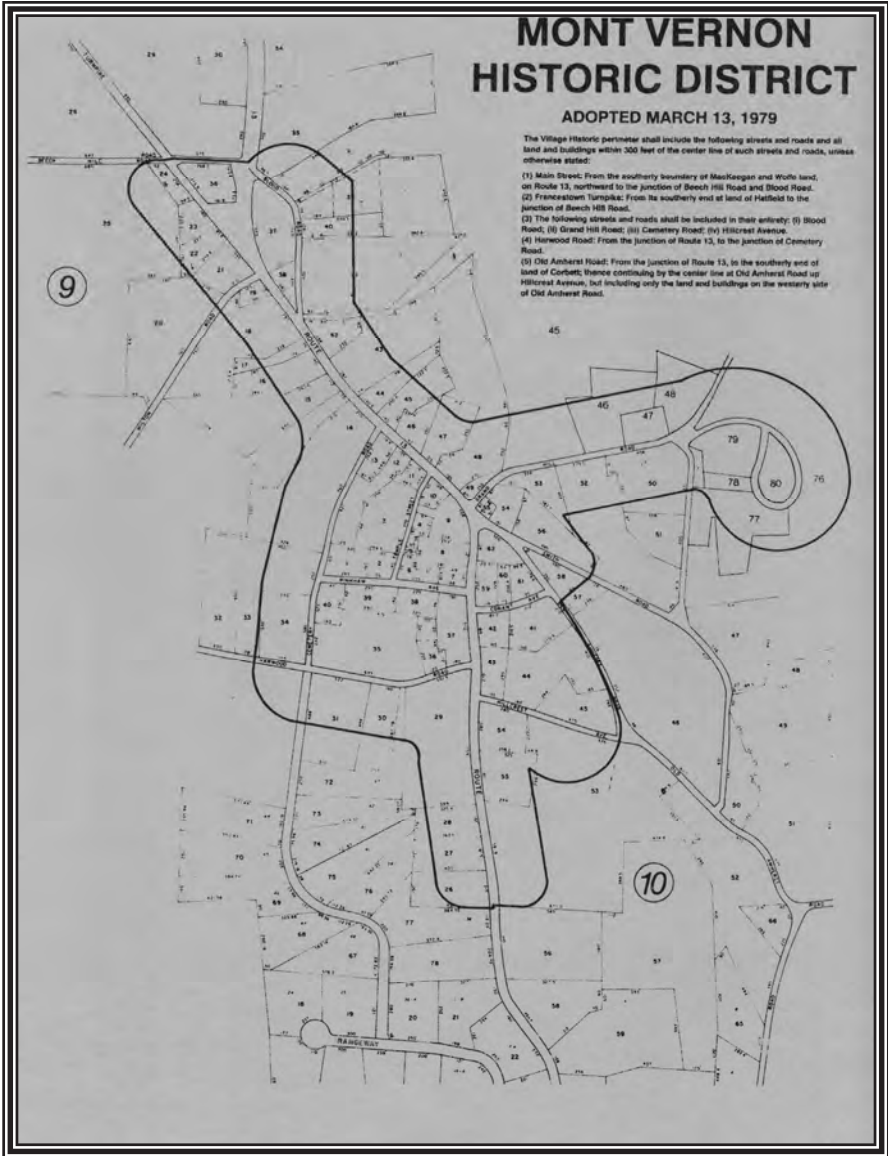

(1) Main Street: From the southerly boundary of MacKeegan and Wulfe land, on Route 13, northward to the junction of Beech Hill Road and Blood Road.

(2) Franzenham Turnpike: From its southerly end at land of Hafford to the junction of Beech Hill Road.

(3) The following streets and roads shall be included in their entirety: (i) Blood Road; (ii) Grand Hill Road; (iii) Cemetery Road; (iv) Hillcrest Avenue.

(4) Herwood Road: From the junction of Route 13, to the junction of Cemetery Road.

(5) Old Amherst Road: From the junction of Route 13, to the southerly end of land of Corbett; thence continuing by the center line at Old Amherst Road up Hillcrest Avenue, but including only the land and buildings on the westerly side of Old Amherst Road.

## **Historic District Architectural Change Guidelines**

---

- In kind repairs (residing, re-roofing, replacement of windows etc.) do not require Historic District approval for architectural change.
- All modifications to exterior architecture must be approved by the Historic District Commission prior to actual commencement of modification. New construction must require Historic District approval before construction can begin. It is suggested Historic District approval be obtained before issuance of a building permit or before financial commitment is negotiated.
- A Request for Architectural Change must be submitted to the Historic District Commission for modifications to property as defined on the Historic District map dated March 13, 1979. Application shall be obtained from the building inspector upon issuance of a building permit for property within the boundaries of the Historic District. The applicant shall fill in the appropriate information and return same to “Chairman, Historic District, PO Box 444, Mont Vernon, NH 03057” at which time the chairman shall schedule a meeting at the earliest possible convenience.
- If the Commission deems the modification to have minimal visual impact on the architectural compatibility of the Historic District or if the property is not of a historical nature, approval may be granted at the first approval meeting. If there is distinct visual impact, or if substantial construction is proposed, applicant will be requested to submit a second application where abutters will be notified and a newspaper advertisement will be inserted in the Milford Cabinet at applicant’s expense.
- In the case of disapproval, the Historic District Commission shall provide the applicant with written reasons for disapproval.
- A certificate of approval signed by the chairman of the Historic District Commission shall be forwarded to the building inspector for issuance of a building permit, to the applicant, and shall be filed in the office of the Town Clerk within 72 hours after the approval is granted.
- Any person or persons jointly or severely aggrieved by a decision of the Historic District Commission shall have the right to appeal that decision to the Zoning Board of Adjustment in accordance with the provisions of New Hampshire revised statutes annotated Chapter 677 sections 1 through 14.

## Lamson Farm Commission

---

Once again, with my continued thanks and appreciation to a group of dedicated town volunteers, the Lamson Farm Commission has had another productive year, meeting our goals and objectives for 2012.

As any homeowner knows, continuing maintenance and repairs are never ending consumers of time and money and this past year was no exception for the Lamson Farm buildings. As planned, we completed the installation of a three- zone fire alarm system in the barn. The system presently reports any alarm activations wirelessly, and we hope to install an underground, hard wire connection in 2013. Also as planned, the porch surrounding the south and west sides of the house was repaired, replacing some joists and all of the flooring, then finished in a non skid paint. Unplanned was the repair of the furnace in the farmhouse.

At this year's Lamson Farm Day we had hoped to add Hot Air Balloon rides to our list of activities but unfortunately, early morning rain showers prevented the flights from taking place. We'll try for that again next year! Because of ever increasing costs and our wish to keep the day affordable for everyone, Lamson Farm Day is rarely ever a fund raiser anymore for the commission. However it is a day we look forward to each year because so many seem to enjoy the farm and the day's activities. It's also a day that would be impossible to continue to enjoy without all of the time and the effort that so many people contribute year after year. The Lamson Farm Commission is very appreciative and grateful to all those that participated this year.

I'd like to give a "*tip of the hat and a thank you*" to Steve Workman who is leaving the commission this year after contributing twenty years of his time and effort to the preservation and care of the Lamson Farm.

He was always willing to devote however much time and energy was necessary to complete several of our building projects such as the blacksmith shop, the BBQ shelter and roofing repairs, just to name a few.

At a time when the spirit of volunteering for one's community seems to be waning at best, I'm especially proud of my fellow volunteers on the Lamson Farm Commission. In total, there is 106 years of experience amongst the group of eight, averaging a little over 15 years per member, not including our newest member, Hilary Sonner whom we welcome this year as the representative from the Recreation Commission.

Please feel free to join us to share your thoughts and ideas as we're always looking for new ones that might improve what we do as a commission. We plan to meet regularly at 7pm on the first Thursday of each month.

By design, the Lamson Farm receives no financial support from the town. We are self sustaining and depend entirely upon fundraising for the perpetual care of the property which is our local treasure.

We look forward to blue skies and a warm breeze for Lamson Farm Day 2013 which will be held on Saturday the 28th of September. Please come to enjoy the day and provide support for the continuing care of the Lamson Farm. We hope to see you there!

Respectfully submitted by:

Elliot P. Lyon, Jr. Chairman

On behalf of Lamson Farm Commission members:

Zoe Fimbel – Secretary and Historical Society Representative

Dawn Lyon – Clerk/Treasurer

Kevin Pomeroy – At Large

Earle Rich – Conservation Commission Representative

Lou Springer – At Large

Steve Workman – Vice Chairman – At Large

Hilary Sonner – Recreation Commission Representative

# PATRIOTIC COMMITTEE

---

## Annual Report 2012

Our small committee respectfully takes responsibility for the care and posting of the flags on patriotic holidays and recognized events. On those days, service flags representing all branches of the United States military are delivered to the memorial lot, and are posted along with the New Hampshire and POW-MIA flags, on each side of the monument. On the town hall lawn, historical flags are placed, from the first continental flag; Grand Union Flag, and flags of historical significance.

We extend special thanks to Deb Medici who helped post the flags on several occasions. Her son Michael (PFC UH-60 Blackhawk Helicopter Maintainer, pictured) is serving in the U. S. Army, stationed at Ft. Drum, N.Y. We also appreciate the support of Dorothy Smith and the Whipple family, for tending to the flags and geraniums at the cemetery on Memorial Day, and the Highway Department for posting the flags on the telephone poles. May we all take pause when observing the poignant presence of the flags to recognize with gratitude those from our own town who are serving, as is Capt. John McLaughlin (pictured) a USMC Infantry Officer, presently at Expeditionary Warfare School, Quantico, V.A.

Sadly, our nation spent several days in mourning throughout the year, and the American flags were lowered to half staff on numerous occasions in memory of dignitaries, tragic events, or when historically appropriate. It has come to our attention that a few townspeople took issue with our management of that detail. In the future we would much prefer hearing from them directly. We would welcome constructive comments and a donation of their time, which is much needed in carrying out these civic responsibilities. As President Ronald Reagan once expressed, *“No matter how big and powerful government gets, and the many services it provides, it can never take the place of volunteers”*.

(Capt. John P. McLaughlin, USMC)

Respectfully submitted,  
Dawn Lyon and  
Jay Wilson

(PFC Michael Hastings, US Army)

## Planning Board

---

2012 continued to be a slow business year for the Mont Vernon Planning Board. With only a couple of subdivisions and lot line adjustments, efforts continued to update the town's Master Plan. Two main sections of the plan were nearing completion by the end of the year.

While much of the focus in 2012 was on the Master Plan, some of the other major topics of investigation and discussion included the town's increasing tax burden and the potential for an overlay business district along the Main Street corridor.

During the year Scott Williams and Paul Lavertu both resigned from the board and were replaced by the appointments of Scott Newell and Andrew Brown. Annette Immorlica was appointed to be board's representative to the NRPC and was instrumental in getting their assistance in completing the Transportation section of the updated Master Plan.

Two veteran members of the board indicated their intention to resign after their regular terms expire in March and the board needs to find replacements early in 2013.

## MONT VERNON POLICE DEPARTMENT

---

With the ongoing help and continued support of the people of Mont Vernon, the police department has had a very good year. Despite a few high profile cases that required considerable time, effort and resources, overall calls-for-service are down significantly, and the most significant of these are burglaries. Much of the credit for this decline in property crimes can be attributed to the cooperation of aware and observant members of the public who call the police department as something unusual is happening. Acquiring the license plate number and description of suspect vehicles and giving officers an accurate description of the suspects are good, but nothing is more helpful to solving cases than a timely reporting of the incident. Over the course of this year the residents of Mont Vernon were extremely helpful in keeping their police department informed on what was happening in their neighborhoods. While the overall crime rate was down for the year, arrests and motor vehicle accident investigations remained about the same.

The department was the beneficiary of a few significant financial contributions that included federal and state grants. Some \$2,500 came from NH Highway Safety Agency to supplement patrol activity aimed at enforcement of DWI laws. A \$1,500 grant from the US Department of Justice allowed the department to upgrade the personal body armor for the officers, and a US Department of Homeland Security grant administered by NH Department of Safety funded three new portable radios for the department priced at roughly \$3,500 each.

In addition to the government grants obtained, the Police Department received donations from local residents. A special thank you goes to Michael Cardoza, owner of Cardoza Flooring, for the much-needed carpet and linoleum that has vastly improved the appearance and functionality of our offices. The flooring in the station was long overdue for replacement and Mr. Cardoza's generosity and professional installation has truly enhanced the working environment. Also singled out for thanks are Mr. and Mrs. George Skenderian for providing the department a new hand-held radar unit. This much-needed piece of equipment is one that is used every day by every officer, and we are all grateful for their gracious and timely generosity.

Serving as deputy emergency management director, I was able to secure a 200 Watt generator that will eventually be installed at the Village School in order to help make it fit to be a shelter. Using contacts with federal procurement agencies, I was also able to obtain a surplus Humvee all-terrain vehicle that was placed in service by the fire department as a forestry truck.

The department welcomed a new addition to its ranks; Patrolman Michael Barritt. Michael graduated with the 262<sup>nd</sup> NH Part Time Patrolman's Academy while continuing his studies at Plymouth State University. Mike also spent much of his free time doing on-the-job training here in town, reflecting the dedication he has for his profession.

Sergeant Aaron Daigneault was recognized by the NH Police Standards and Training Council with the *2012 Looking Beyond the Ticket* award. The observance of a simple traffic violation led Sgt. Daigneault to the arrest of a Massachusetts-based drug dealer.

Every member of the Mont Vernon Police Department is looking forward to another year of service to the town. Our number one priority is the safety and well-being of the people of Mont Vernon. Working with the citizens of this community, we shall endeavor to make the coming year a better one all around.

Respectfully submitted,  
Kyle A. Aspinwall, Chief

## RECREATION COMMITTEE

---

### 2012 Annual Report

2012 was a challenging year for the Mont Vernon Recreation Commission because it started the year with no members. While there may still only be a director, volunteers came forward to make sure all of the town's traditional events still took place.

Wes Sonner and Pody Hansbrough worked tirelessly to give our town a fantastic Spring Gala parade; Stephanie Lindsey offered her creative talents to create the logo and she and Stephanie Apple marketed the event; Kim and Trisha Smith, Denise Stiers, and Pody helped with set-up; Rich Masters was MC; and Earle Rich was our photographer. Many more came forward to help run the games. Mother Nature was the ultimate volunteer and gave us the perfect day.

Lamson Farm Day presented several more volunteers who ran a table with old fashion games. The children had a lot of fun playing and discovered they could be entertained without electronics.

For Halloween, the Girl Scouts once again collected and distributed candy. Superstorm Sandy tried to throw us a curve, but it didn't stop us. The lights came back on by trick-or-treating time.

The Annual Holiday Tree Lighting was headed by Fire Chief Jay Wilson and the Fire Department Auxiliary. Santa was on site for pictures, letters to Santa and cookies were available in the fire station, and Stephanie Lindsey came forward again to help with the crafts in Town Hall. This time Mother Nature did not participate as hoped, and it was a cold and wet evening. Thank you to the Girl Scouts, Brownies, and Daisies who braved the weather and still sang carols.

If you are looking for an opportunity to participate in town events even though you don't have a ton of time to offer, this is your commission. Please consider volunteering your time to the Recreation Commission, even if it is for a single event.

Sincerely,  
Hilary Sonner  
Recreation Director

# **TAX COLLECTOR**

---

## **2012**

Property taxes committed to the Tax Collector for collection in 2012 were \$ 7,314,658.00. Of this amount, 93% had been collected by December 28, 2012.

Of the \$ 2,019.00 Timber Yield Taxes committed to the Tax Collector, 100% had been collected as of December 28, 2012. Of the \$ 94,664.00 Current Use Change Taxes committed to the Tax Collector, 39% had been collected.

All property with unpaid year 2010 taxes will be subject to deeding to the Town as of April 30, 2013.

Interest on lien taxes is set by state statute at 18% per annually. Interest on delinquent property taxes is 12% and on unpaid Current Use Tax, 18%.

I would like to thank the staff at Town Hall, the Selectmen, and the residents of Mont Vernon for their continued support throughout the year.

Sincerely,

Sue Leger  
Tax Collector

## WELFARE OFFICE

---

New Hampshire RSA 165:1, I states:

“Whenever a person in any town is poor and unable to support himself, he shall be relieved and maintained by the overseers of public welfare of such town, whether or not he has residence there.”

Town Welfare exists as a much needed safety net for those applicants who meet the qualifying criteria.

In 2012, The Town of Mont Vernon Welfare Department provided 3,825.21 of aid to qualifying families or individuals. The aid included grocery and fuel vouchers, as well as rent and security deposits.

The aid dispersed was less than last year because there were fewer applicants. Also, because the Fuel Assistance Program for the state strongly promoted and encouraged early application this year, many who may have applied for emergency fuel assistance are already covered through the state program.

Several local individuals and outside agencies have been very generous in offering aid to our in need residents:

\*Mont Vernon Eagle Scout Jeff Mason started a wood bank for those in need of firewood. Rich Masters of Neighbor to Neighbor helped him with the distribution plan. Vouchers are available at the Town Office and the wood is stored at the Transfer Station.

\*Chris Jenson and Helene Belanger of SHARE provide aid and support for many residents.

\*The Skenderian Foundation provides assistance with medical expenses for residents in need.

\*Mont Vernon Congregational Church has been very helpful in offering to provide their food pantry, toiletry kits, and volunteers to aid with various needs.

\*Neighbor to Neighbor, a local charity founded by Rich Masters, aids local families in need by providing groceries and other necessary assistance.

We are very fortunate to live in a town with many supportive and generous residents. I have been privileged to witness many examples of this, not the least of which was an anonymous Christmas donation of a grocery gift card. I offer my thanks to that donor and to everyone who has assisted our neighbors in need.

Welfare Officer  
Mary Katherine McNamara

## Milford Area Communication Center

---

1 Union Square, Town Hall, 4<sup>th</sup> Floor, Milford, NH 03055

Jason R. Johnson, *Director*

Telephone (603) 673-1414

Matthew S. Bradley, *Captain*

Fax (603) 673-0131

The Milford Area Communication Center (MACC Base) had a very productive 2012. The center provides centralized emergency dispatch services for the towns of Milford, Mont Vernon, and Wilton. These services include emergency radio and telephone communications for ambulance, fire, police, public works and emergency management agencies within those towns. MACC also provides emergency ambulance dispatching services for the Wilton Ambulance Service to their additional service towns of Lyndeborough & Temple. Further, MACC serves as a backup communications center for the towns of Amherst, Brookline & Hollis.

This year, MACC Base dispatchers handled over fifty-six thousand calls for service for the various emergency agencies that it serves. Calls ranged from structure fires and multivehicle accidents, affecting many people, to police or medical calls involving a single victim. It is the emergency dispatcher's responsibility to properly assess a crisis, to insure the proper personnel and equipment are sent to handle the problem, and to monitor the situation until the emergency has passed. Contrary to a common misconception, 911 operators in Concord & Laconia are not responsible for providing emergency dispatching; the 911 operator's role is to route calls to emergency dispatchers at MACC Base. It is MACC Base personnel who ultimately dispatch the calls for service and who interact directly with both the public and the responding emergency personnel.

This year, our dispatchers participated in a variety of training offered throughout the state. Captain Matt Bradley was certified as our newest APCO Communications Training Officer. Some of the training attended this year by our Dispatchers includes: Crisis Negotiations for Telecommunicators, Disaster Operations, Active Shooter scenarios, Advanced NCIC Training for Dispatchers. Most of our staff also has skills on the other end of the radio. We presently have 5 current & 2 former firefighters, 1 retired & 2 former police officers, 2 current paramedics & 1 current EMT-I. Our experiences in public safety, on both ends of the radio, provide our communities with a staff with over 100 years of emergency services experience.

Emergency dispatchers routinely deal with callers when situations are at their worst, and at times when those citizens need competent professionals to solve their personal crisis. It takes a very special person to provide and maintain these professional standards, and MACC Base is privileged to have a dedicated group of professionals standing vigil over the communities it serves. We look forward to another year of dedicated service to the emergency services and the people of the Souhegan Valley.

Respectfully submitted,  
Jason R. Johnson, Director

Police • DPW • EMS • Fire

The Nashua Regional Planning Commission is formed by the thirteen communities of Mont Vernon, Pelham, Litchfield, Merrimack, Nashua, Amherst, Hollis, Milford, Brookline, Hudson, Lyndeborough, Wilton, and Mason. NRPC serves as a resource to support and enhance local planning, provides a forum for the communities to coordinate land use, environmental and transportation planning at the regional level, and provides a clear voice for the region at the state and federal levels. Our core planning programs are transportation, land use, environment, and mapping. NRPC is also the designated Metropolitan Planning Organization (MPO) for the region and is responsible for developing and maintaining the region's official transportation planning program for transportation projects that are funded through Federal or State sources.

In 2012, NRPC provided the assistance summarized below directly to Town Departments, land use boards and commissions, and the Board of Selectmen. Town officials, staff, and board members also have access to the many training and educational programs NRPC offers and may request customized services through NRPC programs.

### **TRANSPORTATION**

NRPC is responsible for developing the region's portion of the State's Transportation Improvement Program (STIP), maintaining the regional traffic model, and performing required air quality analyses. In addition, NRPC MPO funds are used to provide municipal technical assistance on transportation issues.

**Traffic Data Collection** – NRPC continued its robust traffic data collection program. These traffic counts are available for use by the Town and NRPC can conduct special counts upon request. The count data is available to anyone through the NRPC website using the Google Maps feature and more detailed data from each count is available upon request. In 2012, NRPC collected traffic counts within Mont Vernon to support the federal Highway Performance Monitoring System (HPMS) program; the count data is used to support a data driven decision process that defines the scope and size of the Federal-aid Highway Program.

**Transportation Improvement Program** – As the designated MPO for the region, NRPC maintains the Transportation Improvement Program (TIP). The TIP is a document required under federal transportation regulations that shows that there are sufficient resources to fund the proposed projects. All federally funded highway improvements must be included in the region's TIP in order to receive federal funding. NRPC is responsible for the development and maintenance of the TIP so that federal highway transportation dollars are available to Mont Vernon and the rest of the region.

**Master Plan - Transportation Chapter** – NRPC updated the Transportation Chapter of Mont Vernon's Master Plan and has submitted a draft to the Planning Board for their review and comments. For the update, NRPC collected traffic counts and pavement conditions, consulted with highway and police department staff, updated transportation data tables and maps to reflect current and forecasted future conditions, and summarized potential sources of federal and state transportation funding.

**Road Surface Management System (RSMS)** – RSMS gives communities the ability to perform pavement condition assessments, input data and assessments into the RSMS software, and generate a prioritized list of recommended maintenance procedures which include cost and projected pavement condition improvement. This methodology stresses performing maintenance on good roads before they deteriorate beyond maintenance and into much more costly reconstruction. NRPC performed RSMS field work and analysis in Mont Vernon in 2012 to support update of the Mont Vernon Master Plan. A final report will be completed in January-February 2013.

**Road Inventory** – During 2012, NRPC staff prepared the updated data in the town Road Inventory. This data set allows officials from the Town and NH DOT to have the most up to date information on Mont Vernon's roads and will be used for planning road improvements in the community. This data also forms the basis for the Town's allocation of Transportation Block Aid from the State.

**Metropolitan Transportation Plan (MTP)** – During 2012, NRPC began a major update to the region's Metropolitan Transportation Plan. The purpose of this document is to identify the long term transportation needs of the region. It provides a mechanism for the communities of the region to have a voice in the transportation planning process and decisions. NRPC sought input from Town of Mont Vernon staff to identify local transportation improvements that benefit the Town. Including these projects in the MTP will provide the opportunity for future funding through the states Ten Year Plan Process.

**NH Capitol Corridor Passenger Rail Project** – During the course of 2012 NRPC continued to work toward the development of the NH Capitol Corridor project. Activities this year included participation on the New Hampshire Rail Transit Authority, the operating entity for the rail project, and pursuing options to study the feasibility of passenger rail in the corridor.

**Regional Traffic Model** – NRPC is nearing completion of a large-scale update to the regional traffic model in conjunction with the release of new U.S. Census data, new regional employment data, and NRPC's updated community-by-community population projections through 2040 (see below). This update will also allow NRPC to provide morning and afternoon peak hour traffic forecasts, as well as more accurately model traffic signalization and intersection issues. NRPC can then provide more specific information to the town when assessing the impact of traffic from new development. This capability is available for town use whenever there is interest, without cost, and the town staff has utilized NRPC traffic expertise on several occasions to help study critical intersections and development issues.

**Population Projections** – In the absence of updated projections from the NH Office of Energy and Planning State Data Center, NRPC staff have developed population projections for the Town of Mont Vernon that will aid in community planning through 2040. Additionally, NRPC developed similar projections for all towns in the region as has Southern NH Planning Commission, allowing Mont Vernon to track its future in comparison with neighboring communities.

**Human Service Transit Coordination** –The NRPC has been the leader in the state in this process and was recognized as the first Regional Coordinating Council. In the coming years it is anticipated that this project will lead to increased transit service throughout the NRPC region and help meet the transportation needs of many seniors and disabled adults without transportation options.

**Safe Routes to Schools Program** - The Safe Routes to School program encourages children to bike or walk to school through education and incentives that remind children how much fun biking and walking can be. The program also addresses the safety concerns of parents by encouraging greater enforcement of traffic laws, exploring ways to create safer streets, and educating the public about safe biking, walking, and driving practices. NRPC continues to pursue Safe Routes to School funding for communities and school districts in the region.

**Congestion Mitigation Air Quality (CMAQ) Program** - The CMAQ program provides funding opportunities for communities to address transportation needs that have a direct and beneficial impact on air quality in the region. Typical projects include intersection signalization improvements and improvements to transit service.

**LAND USE AND ENVIRONMENT**

**NRPC Energy Program** – In 2012, NRPC utilized funding from the Energy Technical Assistance and Planning (ETAP) program to work with the Town of Mont Vernon along with 10 additional towns and 6 school districts to form an aggregation to procure a competitive electricity supply.

As a result of a successful bidding process, the Town saw an estimated annual savings of \$2,586 on its municipal electricity bills. Although the ETAP program ended in April 2012, NRPC was able to continue working with the aggregation to help members renew their electricity supply contracts for 2013. Consequently, Mont Vernon's anticipated electricity savings in 2013 are \$1,860.

**Resources and Training** – Through the innovative iTRaC (Integrating Transportation and Community Planning) program the NRPC provided a wide array of resources to town volunteers and staff. Fact sheets are available on our website and cover numerous topics relevant to local boards and staff. In addition, presentations were offered on Form Based Codes and Green Streets.

**Household Hazardous Waste Program** – Household Hazardous Waste (HHW) comes from everyday products used in the home, yard, or garden. By definition, they are corrosive, flammable, toxic, or reactive. Non-latex paint, solvents, oven cleaner, pool chemicals, pesticides, drain opener, and auto chemicals are just a few examples. The Nashua Regional Planning Commission organizes HHW Collections each year to allow residents to properly dispose of these products. During these events, participants can also recycle unwanted electronics.

The Nashua Regional Solid Waste Management District held six collections during the 2012 Household Hazardous Waste season. In 2012, a total of 1,280 households participated in the HHW collections District-wide; of those, 35 households came from Mont Vernon. A total of 79,819 lbs. of material was collected in 2012. Mont Vernon residents comprised 2.73% of the total participation, which equates to roughly 2179 pounds of waste removed from the Town's waste stream.

**Granite State Future** – In 2012 Nashua Regional Planning Commission was awarded a grant from the US Department of Housing and Urban Development to fund NH's regional plan updates. NRPC, acting as the program's lead and collaborating with the eight other RPCs in NH, is developing a common set of data to be made available statewide to aid municipalities in their own planning efforts. Additionally under development are a set of online public participation tools, which can be found at [www.granitestatefuture.org](http://www.granitestatefuture.org).

**Regional Plan** – The NRPC began the three-year process of updating the comprehensive regional plan for the Nashua Region, as required by state law. Much of 2012 was spent getting the word out about the plan and gathering input. In addition to meeting with municipal officials from each NRPC town, staff attended numerous public events and collected approximately 1,000 survey responses from people around the region. In Mont Vernon, we gathered public input at Lamson Farm Day. The top three things that people stated were best about Mont Vernon were: (1) rural character, (2) natural setting and agriculture, and (3) small-town feel. The top three things that people stated could make Mont Vernon better were: (1) local conveniences, (2) public transportation, and (3) limiting development.

**GEOGRAPHIC INFORMATION SYSTEMS (GIS)**

**General Mapping and Spatial Data Maintenance** - The GIS staff at NRPC continues to maintain a diverse collection of mapping information and databases including local roads, real property parcels, zoning, land use, and environmental conditions. This data is applied extensively to provide mapping and analysis for local and/or regional projects. NRPC continued its quarterly updates to the town parcels layer, using the Registry of Deeds database to update the town digital parcel map to include all changes to property data. This item is a critical component of many projects conducted in the town and is always available to the town from NRPC free of charge. NRPC also worked with the assessing department to acquire the latest set of land use and housing data to join geographically for improved mapping and data analysis.

**GIS Discovery Sessions** - The GIS group met with the Town of Mont Vernon to discuss how the Town can best take advantage of NRPC's GIS services. Meeting topics covered included a review of the overall technical investment in GIS at the local level, community need for GIS services, a discussion of NRPC's GIS capabilities, and recommendations to the Town for future options.

**New Standard Maps** – At the end of 2012, NRPC released an update to its poster-sized standard map series. These maps are available as PDFs on the NRPC website, and hard copies are being printed and delivered to every community in our region, including Mont Vernon. The standard maps are: 1) Street Index and Town Features, 2) Land Use, 3) Zoning, and 4) Environmental Features.

**Census Data** – NRPC collected and processed datasets from the ongoing US Census Bureau American Community Survey estimate program at various geographic levels, including: state, county, town, tracts, block groups and blocks. Census data is very important in planning efforts and decision making for communities. Updated estimates in categories such as population, race, language, employment, poverty and housing are used in regional and local plans, and will be the inputs to the updated travel demand model.

**Broadband Mapping** – NRPC provided data collection support to the New Hampshire Broadband Mapping and Planning Program. This year, tasks included updating the Community Anchor Institution database with new emails, and filling in contact information for new facilities. Thanks to this effort, the proper contacts at all anchor institutions, such as schools, town halls, and libraries, are now being emailed to update their broadband survey information over the web.

NRPC also continues to coordinate the rural addressing project, which is mapping every household in a rural census block throughout the state. Mont Vernon has 1 such block with 47 reported households, and it was completed by NRPC staff using on-screen methods during the summer.

**Broadband Planning** – In 2012, NRPC worked closely with the Greater Nashua Region Broadband Stakeholder Group (BSG) on a variety of Broadband Planning tasks for the region. The BSG is comprised of diverse regional stakeholders representing a variety of sectors such as health, education, economic development, public safety, local government, communications/media, etc. Specifically, NRPC, with support from the BSG, identified barriers to broadband in the region, began a draft for a regional broadband plan, conducted community outreach and education to municipalities, businesses, etc., and conducted a sector based analysis, through surveys and interviews, to help better understand the current and future broadband needs/barriers of sectors in the Region. NRPC will meet with the Mont Vernon Planning Board on January 22, 2013 to discuss broadband technology and the efforts of the New Hampshire Broadband Mapping and Planning Project.

Additionally, NRPC created a summary brochure on broadband technology and the New Hampshire Broadband Mapping and Planning Project. The brochure is available on the NRPC website at [http://www.nashuarpc.org/home\\_page/pdf/BBOverviewBrochure.pdf](http://www.nashuarpc.org/home_page/pdf/BBOverviewBrochure.pdf).

For more information contact Kerrie Diers, Executive Director at 603-424-2240, ext. 12 or via email at [kerried@nashuarpc.org](mailto:kerried@nashuarpc.org) or visit the NRPC website at [www.nashuarpc.org](http://www.nashuarpc.org).

## PLODZIK & SANDERSON

*Professional Association/Accountants & Auditors*

193 North Main Street • Concord • New Hampshire • 03301-5063 • 603-225-6996 • FAX 603-224-1380

### *INDEPENDENT AUDITOR'S REPORT*

To the Members of the Board of Selectmen  
Town of Mont Vernon  
Mont Vernon, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Mont Vernon as of and for the year ended December 31, 2011, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Mont Vernon's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 1-B to the financial statements, management has not recorded the capital assets and related accumulated depreciation in the governmental activities, and accordingly, has not recorded depreciation expense on those assets. Accounting principles generally accepted in the United States of America require that capital assets, including infrastructure, be capitalized and depreciated, which would increase the assets, net assets, and expenses of the governmental activities. The amount by which this departure would affect the assets, net assets, and expenses of the governmental activities is not reasonably determinable.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the government-wide financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the governmental activities of the Town of Mont Vernon as of December 31, 2011, or the changes in financial position thereof for the year then ended.

In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Town of Mont Vernon as of December 31, 2011, and the respective changes in financial position thereof for the year then ended and the respective budgetary comparison for the general fund, in conformity with accounting principles generally accepted in the United States of America.

The Town of Mont Vernon has not presented a Management's Discussion and Analysis that accounting principles generally accepted in the United States of America have determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Mont Vernon's basic financial statements. The individual fund financial schedules are presented for purposes of additional analysis and are not a required part of the financial statements. They are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial schedules themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

<b>Supervisor of the Checklist – 6 Years</b>	<b>Henry “Peter” Braen</b>		<b>346</b>

**End Of Official Ballot Vote**

Action on succeeding articles was deferred until 7:30 PM on Tuesday, March 13th, 2012 at the Mont Vernon Village School.

Meeting called to order at 7:30 PM.

Prior to voting on the Warrant Articles the Moderator went over the rules and procedures for this meeting.

**Note: Town Meeting Articles and Results - *the moderator requested a show of hands, instead of the traditional ay/nay voice vote. Therefore, the vote is recorded as a hands vote.***

**ARTICLE 2. Gifts, Legacies and Devises** To see if the Town will authorize the Selectmen to **accept on behalf of the Town, gifts, legacies and devises** made to the Town in trust for any public purpose, as permitted by RSA 31:19.

**PASSED BY HAND VOTE**

**ARTICLE 3. Borrow in Anticipation of Taxes** To see if the Town will authorize the Selectmen and Treasurer to **borrow in anticipation of taxes.**

**PASSED BY HAND VOTE**

**ARTICLE 4. Highway Department Pick-up Truck**

To see if the Town will vote to raise and appropriate the sum of Twenty Four Thousand Four Hundred Forty Six Dollars (\$24,446.00) to purchase a four wheel drive pickup truck for the highway department. \$14,446.00 to come from the Highway Heavy Equipment Capital Reserve Fund established March 10, 1998 for this purpose.

The remaining \$10,000 to be taken from insurance proceeds.

(This article has no tax effect) (Selectmen Unanimously Support.)

**PASSED BY HAND VOTE**

**ARTICLE 5. Discontinue the Highway Department Heavy Equipment Capital Reserve Fund.**

To see if the Town will vote to discontinue the Highway Department Heavy Equipment Reserve Fund created in 1998. Said funds, with accumulated interest to date of withdrawal, are to be transferred to the municipality's general fund.

(Majority vote required)

**PASSED BY HAND VOTE**

**ARTICLE 6. Replace Hydraulic Rescue Tools.**

To see if the Town will vote to raise and appropriate the sum of Thirty Five Thousand and Five Dollars (\$35,005) to replace Hydraulic Rescue tools.

Motion to amend by adding sentence at end to read "To be offset by an anticipated grant of \$33,065.00, the remaining balance of \$1,940 will be raised through taxation was made by Jack Esposito and seconded by John Quinlan to amended (Selectmen Unanimously Support.)

**PASSED AMENDMENT BY HAND VOTE**

**ARTICLE 7. Addition to Fire Truck Capital Reserve.** To see if the Town will vote to raise and appropriate the sum of Thirty Thousand Dollars (\$30,000) to be added to the Fire Truck Capital Reserve previously established under the provisions of RSA 35:1, for the purpose of purchasing or replacing Fire Trucks. (Selectmen Unanimously Oppose)

**FAILED BY HAND VOTE**

**ARTICLE 8. Dry Hydrant and / or Fire Pond.**

To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to repair or replace a dry hydrant on Old Milford Road at Trow’s fire pond.(Selectmen Unanimously Support).

**PASSED BY HAND VOTE**

**ARTICLE 9. McCollom Building Special (Two Year) Non Lapsing**

**Article.** To see if the Town will vote to raise and appropriate the sum of Forty Thousand Dollars (\$40,000) for the purpose of repair and maintenance of the McCollom Building. This article will be a two year, non-lapsing article under the provisions of RSA 32:7VI. (Selectmen Unanimously Support)

**PASSED BY HAND VOTE**

**ARTICLE 10. Special Purpose, 5 Year non-Lapsing Article.**

To see if the Town will vote to raise and appropriate the sum of Eighty Thousand One Hundred Ninety Six (\$80,196) for the reconstruction of Town roads. This article will be a five year, non-lapsing article under the provisions of RSA 32:7VI. (Selectmen Unanimously Support)

**PASSED BY HAND VOTE**

**ARTICLE 11. Operating Budget.**

To see if the Town will vote to raise and appropriate the sum of: One Million Nine Hundred Eighty Three Thousand Five Hundred Thirty Dollars. (\$1,983,530) for the 2012 operating and maintenance budget, exclusive of other warrant articles. (Selectmen Unanimously Support)

More discussion based on line items.

Amended Line Item:

- 415210 – AMENDED FROM \$8,000 TO \$ 5,000
- 419150 – AMENDED FROM \$3,500 TO \$ 1,500
- 422053 – AMENDED FROM \$ 200 TO \$35,205
- 422074 – AMENDED FROM \$1,865 TO \$ 2,565
- 429000 – AMENDED FROM \$ 500 TO \$ 300
- 444201 – AMENDED FROM \$6,300 TO \$ 5,040
- 444202 – AMENDED FROM \$4,500 TO \$ 3,600
- 444203 – AMENDED FROM \$1,000 TO \$ 800
- 444204 – AMENDED FROM \$3,000 TO \$ 2,400
- 444299 – AMENDED FROM \$1,000 TO \$ 800
- 454100 – AMENDED FROM \$ 500 TO \$ 0
- 452101 – AMENDED FROM \$ 40 TO \$ 0

At 9:20 pm. The fire alarm went off and all were asked to leave the building.

At 10:00 pm we were given the all clear and resumed the Town Meeting.

The amendments changed the total budget amount from \$1,983,530 to \$2,010,335

**PASSED AS AMENDED BY HAND VOTE**

**ARTICLE 12. Rename Jew Pond.**

To see if the Town will vote to petition the USGS (United States Geological Survey) to rename Jew Pond to Grand Hill Pond.

A large discussion was had.

Amended to read: To see if the Town will vote to petition the USGA to rename Jew Pond.

**PASSED AS AMENDED BY BALLOT VOTE**

**YES 104**

**NO 33**

**VOID 2**

**ARTICLE 13. Use the name of Wilton Rd.**

To see if the Town will vote to go back to using the actual name of Wilton Road for all of Old Wilton Road to unify the addresses and relieve confusion for emergency vehicles. This affects houses from the intersection of Purgatory Road, South to the Milford town line. House numbers to remain the same.

After long discussion a motion was made to withdraw the warrant article.

**PASSED BY HAND VOTE**

**ARTICLE 14. Reports.**

To act upon the reports of all Town Officers, Agents, Auditors, Committees, etc. and raise and appropriate any money relative thereto.

**PASSED BY HAND VOTE**

**ARTICLE 15. Other.**

To transact any other business which may legally come before said meeting.

A thank you was extended to Barbara Millar for her tenure as Town Moderator.

Richard Masters reminded the Town of the raffles for offer in the back of the room and also at the Spaghetti Dinner and Bingo Night to be held on Friday night.

Jack Esposito moved to adjourn the meeting. It was seconded by John Quinlan and voted.

Meeting adjourned at 11:30 pm.

Respectfully submitted,

Jeanette Vinton  
Town Clerk

**MONT VERNON SCHOOL DISTRICT  
ANNUAL MEETING WARRANT  
February 7, 2013 and March 12, 2013  
MONT VERNON, NEW HAMPSHIRE**

To the inhabitants of the Mont Vernon School District, in the Town of Mont Vernon, County of Hillsborough, and State of New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at Mont Vernon Village School in said district on Thursday, February 7, 2013, at 7:00 p.m., for Session I (Deliberation), for the transaction of all business other than voting by official ballot. This session shall consist of the explanation of all the warrant articles and the discussion and debate of warrant articles 2 through 5. Warrant articles may be amended subject to the following limitations: (a) warrant articles whose wording is prescribed by law shall not be amended, (b) warrant articles that are amended shall be placed on the official ballot for final vote on the main motion, as amended and (c) no warrant article shall be amended to eliminate the subject matter of the article.

You are hereby further notified to meet at Mont Vernon Village School on Tuesday, March 12, 2013, between the hours of 7:00 a.m. and 7:00 p.m. to vote by official ballot for the election of School District officers and other action required to be inserted on the official ballot (warrant articles 1 through 4.)

**ARTICLE 1**

To elect all necessary School District officers for the ensuing terms by official ballot vote on March 12, 2013, Mont Vernon Village School, 7:00 a.m. to 7:00 p.m.

- Election of two (2) members of the School Board for the ensuing three (3) years.
- Election of school district treasurer for the ensuing one (1) year.
- Election of school district moderator for the ensuing one (1) year.
- Election of school district clerk for the ensuing one (1) year.

## ARTICLE 2

Shall the Mont Vernon School District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amount set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein, totaling **\$4,727,114**? Should this article be defeated, the operating budget shall be **\$4,629,893**, which is the same as last year, with certain adjustments required by previous action of the Mont Vernon School District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

**Majority vote required to pass.**

**The Mont Vernon School Board unanimously recommends the passage of this article by a vote of 5 to 0.**

**The Mont Vernon School District Budget Committee unanimously opposes the passage of this article by a vote of 5 to 0.**

## ARTICLE 3

Shall the Mont Vernon School District vote to raise and appropriate up to \$15,000 to be added to the School Property Maintenance Expendable Trust Fund, (established March 2007), with such amount to be funded from the June 30 undesignated fund balance, (surplus), if available on July 1, 2013.

**Majority vote required to pass.**

**The Mont Vernon School Board unanimously recommends the passage of this article by a vote of 5 to 0.**

**The Mont Vernon School District Budget Committee unanimously recommends the passage of this article by a vote of 5 to 0.**

## ARTICLE 4

Shall the Mont Vernon School District vote to adopt the provisions of RSA 32:5, V-b to have the Mont Vernon School Board include an estimated tax impact on the budget and special warrant articles?

**Majority vote required to pass.**

The Mont Vernon School Board unanimously recommends the passage of this article by a vote of 5 to 0.  
The Mont Vernon School District Budget Committee unanimously recommends the passage of this article by a vote of 5 to 0.

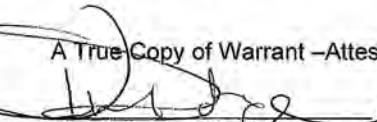

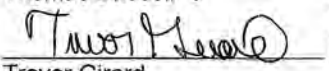

**ARTICLE 5**

To transact any other business that may legally come before the meeting.

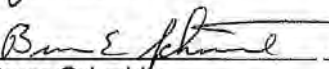

Given under our hands at said Mont Vernon this 16<sup>th</sup> day of January, 2013:

**\*\*SPECIAL WARRANT ARTICLES\*\***

Special warrant articles are defined in RSA 32:3.VI, as: 1) appropriations in petitioned warrant articles; 2) appropriations raised by bonds or notes; 3) appropriations to a separate fund created pursuant to law, such as capital reserve funds or trust funds; 4) an appropriation designated on the warrant as a special article or as a nonlapsing or nontransferable article.

1 Acct.#	2 PURPOSE OF APPROPRIATIONS (RSA 32:3.V)	3 Expenditures for Year 7/1/11 to 6/30/12	4 Appropriations Current Year As Approved by DRA	5 WARR. ART.#	6 Appropriations Ensuing FY (Recommended)	7 Appropriations Ensuing FY (Not Recommended)
5251	To Capital Reserves					
5252	To Expendable Trust			3	\$15,000	
5253	To Non-Expendable Trusts					
<b>SPECIAL ARTICLES RECOMMENDED</b>						

**\*\*INDIVIDUAL WARRANT ARTICLES\*\***

"Individual" warrant articles are not necessarily the same as "special warrant articles". Examples of individual warrant articles might be: 1) Negotiated cost items for labor agreements; 2) Leases; 3) Supplemental appropriations for the current year for which funding is already available; or 4) Deficit appropriations for the current year which must be funded through taxation.

# DEFAULT BUDGET OF THE SCHOOL

OF: Mont Vernon, NH

Fiscal Year From July 1, 2013 to June 30, 2014

RSA 40:13, IX (b) "Default budget" as used in this subdivision means the amount of the same appropriations as contained in the operating budget authorized for the previous year, reduced and increased, as the case may be, by debt service, contracts, and other obligations previously incurred or mandated by law, and reduced by one-time expenditures contained in the operating budget. For the purposes of this paragraph, one-time expenditures shall be appropriations not likely to recur in the succeeding budget, as determined by the governing body, unless the provisions of RSA 40:14-b are adopted, of the local political subdivision.

## **Report of the Mont Vernon School Board Chairman**

---

The 2011-2012 school year marked the first year with Peter Warburton as our Superintendent of Schools, and Susan Blair entering her third year as the principal at the Village School. Ms. Blair's continual focus on students first as she manages the day to day operations of the school contributes to the continued success at the Village School. We look forward to their continuing guidance as technology and teaching strategies move forward with twenty-first century learning.

We are in our first year of implementation of our new math program; Math in Focus. Implementation of this program throughout SAU #39 follows one of the Board's goals to have a seamlessly integrated Pre-K - 12 curriculum. The Board also has moved forward with review and revision of effective and consistent teacher and administrator evaluation systems.

With the taxpayers' support, the Board was able to place monies into the Facilities Expendable Trust which has allowed the School Board to hire an architectural and engineering firm, Jordan & Barker, to proceed with an analysis of the Village School. It is the intent of the Board to be able to inform the town of the efficiencies and inefficiencies of the building. This will enable us to prepare a budget that supports the investment in the Village School building. SAU #39 is moving forward with a strategic planning committee, this will also look at long range issues such as the declining birth rates, and how that will affect our school and budget.

This year is the third year that the Mont Vernon School District will not have an annual School District Meeting, and therefore the budget will be voted upon with official ballot voting. We hope the community will continue to be heard by attending the Deliberative Session, Public Hearings, and School Board Meetings, as the Board strives to maintain the balance of providing an outstanding education while being fiscally responsible in such trying financial times. The Board continues to strive to improve the overall communication with parents, staff, students, and community members in our district.

Finally, a thank you, to the teaching staff, administration, parents, residents, and children, who contribute to the continued success at the Village School. Their ongoing commitment and dedication to the success of our future leaders is something we all should be grateful for.

Sincerely,

Kim Roberge  
Chair, Mont Vernon School Board

## Superintendent's Report

*"Children are the living messages we send to a time we will not see."*

-Neil Postman

On behalf of the Mont Vernon School Board it is my pleasure to present the Mont Vernon School District Annual Report to the citizens of Mont Vernon.

The goals of this report are to review events and significant accomplishments of the past school year and to provide an update on current activities and programs in the Mont Vernon School District.

To begin, and as you may know, this is my second year as your Superintendent. I have enjoyed my role working closely with the Mont Vernon Board, Sue Blair, Principal of Mont Vernon Village School, and the MVVS students, staff and community members.

In last year's report to the town, I quoted an excerpt from the Village School's application for the New Hampshire Elementary School of Excellence, and, because it gives such a clear cultural and academic snapshot of the school, I copy it to you again this year:

*"At our collective core is the belief that modern learning is best delivered through a customized, collaborative, teaching and learning practice. We work hard to see ourselves as team members who form, disband and reform as needed in a continuous effort to provide a unique, personalized learning opportunity for every child at our school. While our structure appears traditional to the external observer, i.e. we have grades, classes, classroom teachers, specialists, etc., a closer observation of our internal practices reveals a collective practice engaged in designing and delivering increasingly customized instruction and opportunities for each child. We have accomplished considerable instructional personalization by being willing to stretch the challenge our existing practice and to synthesize and apply a wide variety of professional development learning to our planning and daily practice. Most importantly, we strive to be reflective practitioners, accepting and understanding the need to revisit, retune, recalibrate or discard solutions that do not improve a child's experience at the Village School."*

Over the past year, I have had the opportunity to visit the Village School on many occasions. Whether at 'World Jam Day,' 'Grand Parents and Special Friends Day,' to 'Magic of the Moment' and 'National Reflections Art Competition,' the real magic of my moments at MVVS have been to see a happy school population, busy in learning, and very busy in caring for one another.

I have attended band and chorus concerts, watched as alumni Rachel Meader and Tess White returned to the school, and when Disney Rockin' Recess Celebration took over the multi-purpose room.

From the play, 'Fisherman and His Wife,' to 'Pennies for Patients,' and just about everything in between, the staff and students at MVVS EXCEL!

This year, a new math program, Math in Focus, was implemented, and Response to Instruction and Differentiated Instruction continue to be hallmarks at the Village School.

State assessments have shown a considerable increase in the percent of students in the proficient and proficient with distinction categories, and Mont Vernon students continue to be at the top of their classes at Amherst Middle School and Souhegan High School. BRAVO!

MVVS has talent. No doubt.

Mont Vernon is a wonderful community for children to grow. I continue to think how honored and lucky I am to serve as your Superintendent and I look forward to even greater things to come.

Thank you for your support and the support you give to the children of Mont Vernon each day.

Peter Warburton

Superintendent of Schools

SAU #39

Amherst, Mont Vernon and the Souhegan Cooperative

**Mont Vernon Village School**  
**Report of the Principal**  
**2011-2012**

*"Intelligence plus character-that is the goal of true education."*

Martin Luther King Jr.

To the citizens of Mont Vernon, the Mont Vernon School Board and the Superintendent of Schools, I respectfully submit the 2011-2012 Report of the Principal,

It is with pleasure that I present the annual report as Principal of Mont Vernon Village School. Our village school continues to build its capacity for meeting the ever-changing needs of our students in a world that is changing with unpredictability.

In preparation for the 2011-2012 school year, the following highly qualified and certified teachers were hired to meet the educational needs of our students. They are: Mrs. Jill Camitta: Art Teacher and Ms. Kelsey Hamel: Special Education Teacher. In addition, Kim Deppen, School Nurse and Wayne Bellan, Maintenance joined our school team.

The average enrollment during the 2011-2012 school year was two hundred, thirty students with a daily average attendance of 96.4.

During the 2011-2012 school year, our focus progressed from a transformational model to Reflective Practice model. Teaching staff continued to utilize Professional Learning Communities to develop and enhance the educational expectations at MVVS and to problem solve dilemmas we encounter on a daily basis as we work to meet the growing needs of today's students. This reflective practice ultimately impacts instruction with a persistent focus on increasing student achievement and student outcomes. The goal is to improve the art of teaching, but more importantly identifying "what we will teach and how we will teach it" based on "what we know and understand about our students' learning profiles". In addition to PLC's the staff at MVVS has utilized peer mentoring. Teachers are encouraged and embrace peer observation, peer reflection.

As we learn more about the capacity of a child's brain and the science of teaching and learning, the professional responsibilities associated with the education of our students becomes more scientific and strategic. This is evidenced in the data that teachers collect and analyze daily regarding their students' growth and struggles in all academic and developmental areas.

In addition, we continued our focus on differentiated instruction, daily integration of technology into teaching and learning, developing our professional skills and improving our support for all students through Response to Instruction (RTI).

As we continue our work as collaborative partners, the evidence of our change in practice is obvious in our students' achievement, their confidence and self-esteem, as well as, their tenacity for learning and problem solving. The number and frequency of instructional gaps in learning are decreasing and our students enjoy coming to school on a daily basis.

With the implementation of Core and More at MVVS all students are provided with the opportunity to benefit from additional practice and support in a particular subject matter, as well as, participate in an activity they find engaging and challenging on a daily basis.

Mont Vernon Village School continues to be identified as a School in Need of Improvement. Unfortunately, that designation now includes both the subjects of math (Year 3) and reading (Year 1). We continue to review and assess our teaching practices to improve learning student learning and achievement.

During the 2011-12 school year, Mont Vernon staff along with our colleagues in Amherst worked to improve mathematical instruction at all grade levels. It was the third year of our program review. During this time period a representative group from all school in SAU 39 work diligently to identify the skills we believe are necessary to be productive life long learners. Once that criterion was established the team worked to identify a resource that would ultimately support curriculum, instruction and assessment of students. After several visits to school who have implemented a variety of programs and many reflective hours, the committee made the recommendation that SAU 39 adopt Math in Focus, a program that was developed from a similar program used in Singapore. Staff training and professional development continued into the summer months of the school year helping to ensure consistency in implementation, learning expectations and assessment.

We would like to thank our Community for their continued support. We thank our parents and Parent Teacher Association who have worked diligently side by side with the staff of Mont Vernon Village School to a maintain a school that strives for excellence on a daily basis.

We will continue to strive toward a safe, fun environment where all are engaged and active learners.

Sincerely,

Susan A. Blair  
Principal

**REPORT ON INTERNAL CONTROL BASED ON  
AN AUDIT OF BASIC FINANCIAL STATEMENTS**

To the School Board  
Mont Vernon, New Hampshire School District

In planning and performing our audit of the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Mont Vernon, New Hampshire School District as of and for the year ended June 30, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered the Mont Vernon, New Hampshire School District's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Mont Vernon, New Hampshire School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Mont Vernon, New Hampshire School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

This communication is intended solely for the information and use of management, the School Board, and others within the entity, and is not intended to be and should not be used by anyone other than these specified parties.

## GENERAL STATISTICS

Number of Pupils Registered for the 2012 – 2013 School Year

As of June 30, 2012: 208

Enrollment by Grade on October 1, 2012:

Grade	Students
Kindergarten	18
Grade 1	29
Grade 2	25
Grade 3	30
Grade 4	30
Grade 5	35
Grade 6	27

There were 15 students being home schooled as of October 1, 2012.

Average Daily Attendance in Grades 1 - 6 on June 30, 2012: 217.37

Total Teachers/Professional Staff:

Full-Time -- 20

Part-Time -- 7

Pupils attending Amherst Middle School as of October 2012

Grade 7 -- 47

Grade 8 -- 34

# Mont Vernon School District Deliberative Meeting

February 8, 2012

7:00 p.m.

MVVS Multipurpose Room

## Attendees:

School Board: Kim Roberge, Tom Driscoll, John Quinlan, Trevor Girard, Bruce Schmidt

Administration: Peter Warburton, Sue Blair, Elizabeth Shankel, Karen Taylor, Bruce Chakrin, Nicole Heimarck, Renea Sparks, Jim Miner

Legal Counsel: Mike Elwell; Moderator: Barbara Millar; Clerk Pro Temp: Sue Leger

School Budget Committee: Bill Archibald, Brian Bunner, Paul Liscord, Scott Williams

## Call to Order

## Pledge of Allegiance

## Invocation

## Introductions

## Reading of the Rules

## Introduction of Articles

**Warrant Article 2** Shall the Mont Vernon School District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amount set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein, totaling \$4,890,727? Should this article be defeated, the operating budget shall be \$4,792,960 which is the same as last year, with certain adjustments required by previous action of the Mont Vernon School District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

**Article Moved** by Kim Roberge; **Seconded** by Bruce Schmidt.

Trevor Girard presented the School Board slide presentation slides 1-5. Kim Roberge presented slides 6-15.

(Appendix A – Mont Vernon School Board Power Point Attached)

Barbara Millar recognized the Budget Committee to present their slides.

Bill Archibald recognized the Budget Committee and SAU for all their hard work in this process. (Appendix B – Mont Vernon School District Budget Committee Power Point Attached)

Barbara Millar opened up to the floor to comments and questions.

Bill Archibald suggested a reduction recommendation in teaching staff due to low Kindergarten enrollment. Budget Committee recommended a reduction of \$75,000.00 from the proposed budget.

Tom McKinney – Pleased to see a \$24,000 reduction from the Public Hearing presentation. Also, commended reduction of contingency line item from \$245,000 to \$100,000. Great job on student to teacher rate of 10:1 without paraprofessionals; 195 students with 19.5 teachers. Cost per student is \$18,000, which is still too high. We had the same size team in 2010 with 260 students. Other schools operate at a lot less. Yet our NECAP scores have been flat the last 3 years; 80% in Math and 85% in Reading. We are currently at top 25% in the state. With this expense, we should be in the top 10%. Amherst is at 95%. Believes our teaching staff should be reduced. Thirteen students in one Kindergarten class combined to one class. Propose to amend budget adding \$40,000 to \$75,000 School Budget Committee recommendation.

**Motion to reduce budget by \$115,000: Moved** by Tom McKinney and **seconded** by Brian Bunner.

Scott Williams said the School Budget Committee recommendation of \$75,000 actually included the Kindergarten teacher reduction, and asked if Mr. McKinney would like to amend the amount to \$75,000.

Tom McKinney proposed \$115,000 nonetheless. The economy is suffering.

Barbara Bellipanni asked if, historically, the projected number of students is the actual number of students.

Kim Roberge answered Barbara saying that on average 7 to 9 more Kindergarten students arrive in September. Because this is an unknown number the Board asked the administrators to bring a preschool proposal to the Board. This was done very successfully in Amherst. The proposal will be presented at the next Board meeting. If this is implemented, out of district costs will decrease. Kim asked Renea Sparks, Director of Special Services, SAU 39, to speak on this topic.

Renea Sparks – School districts are federally mandated to educate special education students from the age of 3. Therefore, Mont Vernon is currently sending those preschool students out of district to meet this federal obligation. If preschool can be brought in-district to Mont Vernon Village School, the projected savings will be in the order of \$41,000.

Kim expressed her belief that the Board is managing costs efficiently and is proactive in getting value for dollars spent by examining all alternatives including in-district preschool.

Bruce – Small classes allow teachers to practice “Response to Intervention” and identify learning deficiencies early.

Pody Hansborough questioned which teacher would be eliminated and how it would affect the students.

Bill Archibald – the Budget Committee is not recommending a reduction of staff in any area other than Kindergarten. The Committee is also recommending future planning to address declining enrollment.

Trevor – If we proceed with the preschool plan, then the savings will go to surplus and will offset taxes. He sees the two issues – Kindergarten with only 13 children – and decreasing staff – as a separate issue. With the preschool, there will also be a possibility of tuition revenue for typical preschool students. Refers back to Slide 5 of the School Board slides, citing enrollment and class size. We would be unable to merge Grades 1 through 6- as the class sizes would then be too large.

Bill Archibald – The Budget Committee did not recommend regular teaching staff. The only issue is Kindergarten staffing. The projected class size for Kindergarten is 13 students. Also, recommended future planning for declining enrollment.

Ann Dodd applauded people for looking at creative way to solve budget, but does not believe that the kindergarten teacher can handle special needs students. Barbara Millar – We are talking about a decrease of \$115,000.

Brain Bunner – Which budget year? Put something together before we vote. The preschool change is not reflected in the budget. Is it happening or not?

Kim – The Board is doing its due diligence and believes we can show a \$40,000 offset in 2013. We will be holding a Public Forum in order to obtain community input. If our kindergarten enrollment is low, we can implement this program and it will be a cost savings to us.

Barbara Millar reminded the room of the question being voted on: a decrease in the proposed budget of \$115,000.

Tom McKinney-how many special education students do we expect next year?

Renea Sparks – 32

Tom McKinney requested a break out from 3 years to 8<sup>th</sup> grade. If student population is reduced, we have to find a way to reduce. Proposed 1 Kindergarten session instead of 2; it reduces teacher to half-time role.

Linda Henderson – Not in support in amendment to reduce the proposed budget. Private Schools are under no obligation to accept special education students. You can't compare cost of private vs. public school unless you remove the special education costs.

**The question is to decrease the proposed budget of \$4,890,727.00 by \$115,000: Moved** by Eileen Naber and **seconded** by Bill Archibald.

**The motion failed.**

**Motion to reduce the proposed budget by \$75,000**, based on reductions of \$16,000 in technology, \$40,000 in teacher salary and benefits, and \$19,000 in supplies: **Moved** by Bill Archibald and **seconded** by Brian Bunner.

Barbara Millar asked if there is any further discussion.

Kim Roberge – The School Board is doing due diligence. If Kindergarten numbers go up, we will be stuck trying to find a way to deliver services. And with the current year default, we are unable to keep to a planned technology replacement schedule.

Tom Driscoll – Over 45 computers older than the year 2007 are in the school. The five year plan would level out costs. Instead of a big hit, we should level that spending. We need to keep up with the current technology.

Kim Roberge – Regarding the \$100,000 surplus: giving money back and still providing adequate education with a default budget. The School Board and Budget Committee provide line by line analysis. Mr. McKinney mentioned that our mathematics results should be better – that is the point of the new math texts in the budget however those are not included in the default budget.

**Motion for \$75,000 reduction withdrawn** by Bill Archibald. **Moves for a \$40,000 reduction.** Thinks we should phase in technology costs each year.

**Withdrawal of the \$75,000 motion is seconded** by Brian Bunner, but wants to make the change contingent upon needing teaching staff for preschool or increased kindergarten enrollment.

**Contingency is disallowed** by Barbara Millar.

Barbara Millar reiterated that **the motion is to reduce the budget by \$40,000. Seconded** by Brian Bunner.

Brian Bunner – Why can't we do the contingency amendment?

Mike Elwell – The Department of Revenue needs to know specific numbers that go onto the ballot in order to have a firm number as an appropriation for raising taxes.

Kim Roberge – We are voting on a bottom line number. With SB2, you vote on the bottom line. You are voting on a number, not specific line items. Before SB2, each line was looked at individually. The Board will listen and consider voters' concerns when deciding on where to make cuts, but the vote will be to reduce the bottom line.

Brian Bunner wanted to know why we can't be specific in our dollar cuts.

Bill Archibald – “You are saying the town should just give you a blank check and not know what is in the number? I don't appreciate your comment or approach.”

Bruce Schmidt – If enrollment is there, we need a full-time Kindergarten teacher.

Brian Bunner – Charts say full-time Kindergarten

Barbara – **A secret ballot is requested. The motion is to reduce the budget by \$40,000.** A “yes” vote would reduce the proposed budget by \$40,000. A “no” vote would be to leave the proposed budget as is.

**Voting by secret ballot occurs.**

**Votes are counted.** Barbara reports that there are **23 “yes”** votes and **28 “no”** votes.

**The motion fails.**

**The Moderator directed the Clerk to place the Article on the ballot.**

**Warrant Article 3** Shall the Mont Vernon School District vote to approve the cost items included in the collective bargaining agreement reached between the

Mont Vernon School Board and the Mont Vernon Education Association which calls for the following increases in salaries and benefits at current staffing levels:

<b>Year</b>	<b>Estimated Increase</b>
<b>2012 – 2013</b>	<b>\$32,777</b>
<b>2013 – 2014</b>	<b>\$29,607</b>
<b>2014 – 2015</b>	<b>\$25,974</b>

And further to raise and appropriate the sum of **\$32,777** for the **2012 – 2013** fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year?

**Article Moved** by Kim Roberge; **Seconded** by John Quinlan

Barbara Millar – Any discussion on Article 3?

Kim Roberge – I want to apologize for my earlier comment if I offended anyone in regards to voting on the bottom line. In moving to SB2, the deliberative session allows motions to reduce or increase the bottom line in the budget. Though the board appreciates and acknowledges what the taxpayers are saying, the board has an obligation to provide education to Mont Vernon students and the law allows the board the flexibility to spend the money as it needs to. The board strives to have good communication and I apologize if my earlier comment on this item was too harsh.

The School Board worked with the MVEA to put forth a responsible teachers' contract to the voters.

See Slide 18 – MVEA Collective Bargaining Agreement. The agreements shows for the next 3 years, there will be 0% cost of living increases. Step increases only. The Board strongly supports this agreement.

Barbara Millar – Any further discussion on Article 3?

Bill Archibald – The Budget Committee agrees.

**The Moderator directed the clerk to place the Article on the ballot.**

**Motion to restrict reconsideration of Articles 2 and 3** by Kim Roberge; **Seconded** by Tom Driscoll.

**The motion passes.**

Barbara Millar – Reconsideration restricted on Articles 2 and 3.

**Warrant Article 4** Shall the Mont Vernon School District, if Article 3 is defeated; authorize the governing body to call one special meeting, at its option, to address Article 3 cost items only?

**Article Moved** by Kim Roberge; **Seconded** by Trevor Girard

Brian Bunner – What happens if articles 3 and 4 are rejected?

Mike Elwell – This is the language as specified by the legislation however the Board can negotiate with a new CBA, but to vote on it, the Board would have to then petition the court which can be an expensive proposition.

**The Moderator directed the Clerk to place the Article on the ballot.**

**Warrant Article 5** Shall we rescind the provisions of RSA 40:13 (known as SB 2) as adopted by the Mont Vernon School District on March 9, 2010, so that the official ballot will no longer be used for voting on all questions, but only for the election of officers and certain other questions for which the official ballot is required by state law?

**Article Moved** by Kim Roberge; **Seconded** by John Quinlan

Tom McKinney – As one of the people who wanted SB2, I wanted to say a few words. One, it allows more transparency, and two, it allows more voter participation. I disagree with Mr. Quinlan regarding the dissemination of information.

Barbara Millar reminded Mr. McKinney that you can only state facts – not say anything personal about anyone.

Tom McKinney – SB2 allows people to say what they think. It's up to SAU and administration to communicate. In terms of more voters, 350 people voted last year. Usually the school budget meeting only pulls in 100 people at a typical meeting. Recommend people vote "no" on this article and give SB2 a chance.

Kim Roberge – Administration posts meeting dates but it would cost a lot of money to reach the community with printed information.

Tom McKinney agreed not to spend money re-publishing budget. He would like a summary statement. Pleased to see slides with what you have to give up with the default budget.

John Quinlan – Democracy is not easy. We can usually find consensus. People have to pay attention. It's difficult to vote in a booth with just a piece of paper and no background information. It's about paying attention and listening. Town meeting works and school meeting worked because people had an opportunity to be educated. The budgets are too difficult to be understood from a ballot with no discussion. Overall, SB2 is not a very good method.

Bill Archibald – Whenever there was a school budget meeting, parents out-voted the rest of the townspeople. Administration sends out notice to parents but not to all voters.

Tony Immorlica – I have lived in other places where I voted without a town meeting and I felt like an informed voter. SB2 enfranchises me because I travel and could not always get to the meetings. Gives everyone an equal opportunity to vote.

Trevor Girard – The board is split on SB2. I am in favor of SB2 although I can see arguments for both sides.

Norma McKinney –SB2 is important because no one comes to your meetings. Asked the Board Members "what was wrong" with them-she can't understand the mentality of people who won't vote for SB2.

Eileen Naber – What moves us to Article 6?

Bill Archibald – The Budget Committee does not support Article 5.

**The Moderator directed the Clerk to place the Article on the ballot.**

**Warrant Article 6** Shall the Mont Vernon School District vote to raise and appropriate up to \$15,000 to be added to the School Property Maintenance Expendable Trust Fund, (established March 2007), with such amount to be funded from the June 30 undesignated fund balance, (surplus), if available on July 1, 2012.

**Article Moved** by Kim Roberge; **Seconded** by Tom Driscoll

Kim Roberge showed School Board Slide 27 and said that the board is being pro-active.

Brian Bunner – The Budget Committee supports this article. Where is the money coming from?

Betty Shankel – The money will come out of any unreserved fund balance remaining at year end.

Eileen Naber – The \$12,000 for maintenance, plus \$15,000 – how much is this going to cost?

Betty Shankel – We can't be certain until we get an engineer and determine the scope of the job. A similar study at Souhegan cost \$50,000. They are sure to find items we want to address immediately. The \$12,000 currently in the Trust could be used for critical items.

Kim Roberge – No fluff. Keep \$12,000 cushion – not looking for any more. Use as little as possible.

**The Moderator directed the Clerk to place the Article on the ballot.**

Barbara Millar asked for volunteers for next year's Budget Committee members.

All Budget Committee members volunteer to be on the committee for another year.

Paul Liscord – Carryover on School Budget Committee- Consistency is good.

Brian Bunner volunteered for SAU 39 Budget Committee as well.

Howard Brown asked if the PA system can be fixed by the next meeting.

Bill Archibald asked for a committee to formalize communication, responsible for make-up of committees, etc.

**Motion to Adjourn**

**Moved by Eileen Naber; Seconded by Sue Granfors**

**Meeting adjourned at 9:20 p.m.**

**Respectfully Submitted,**

**Patrick Steenhoek**  
**School District Clerk**

**Sue Leger**  
**Clerk Pro Temp**
