PREDGOVOR

Izdanje ovog decinijalnog indeksa je nastavak dosadašnje prakse redakcije časopisa *Croatica Chemica Acta*. III kumulativni indeks obuhvaća period od 1969. do 1978. godine, a sastoji se od ovih dijelova:

1. *Autorski indeks*
2. *Predmetno kazalo*
3. *Indeks po univerzalnoj decimalnoj klasifikaciji*
4. *Indeks prikaza knjiga*
5. *Indeks disertacija i magistarskih radova*
6. *Indeks nekrologa i priloga*

Pri izradi ovog indeksa korištena je kartoteka dokumentacijskih kartica na kojima su prema standardima za *Chemical Abstract* obrađeni svi članci u *Croatica Chemica Acta* kao i kolekcija separata što su od 1968. godine sređeni u okviru *Collectanea Chemica Yugoslavica*, a stoje na raspolaganju u administraciji CCA.

FOREWORD

The Editorial Board has practiced to prepare cumulative indexes to mirror the subjects published in CCA in the respective periods. *This III Cumulative Index* covers the period 1969—1978., being comprised of:

1. *Author Index*
2. *Subject Index*
3. *Universal Decimal Classification Index*
4. *Book Review Index*
5. *Dissertation and Master of Science Thesis Index*
6. *Obituary and Appendix Index*

In the preparation of this publication use was made of the basic documentation cards covering all the papers published in *Croatica Chemica Acta* classified according to the Chemical Abstracts standards. The collection of reprints set up since 1968 within *Collectanea Chemica Yugoslavica* was also of help. These are available in the Editorial Office of *Croatica Chemica Acta*.
